City budget decisions are subject to the discretion of the Mayor and the Board of Supervisors. Contractor's assumption of risk of possible non-appropriation is part of the consideration for this Agreement.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

## 2. Term of the Agreement

Subject to Section 1, the term of this Agreement shall be from July 1, 2018 to June 30, 2022.

## 3. Effective Date of Agreement

Payments shall become due to Contractor pursuant to the payment provisions set forth in the statement of work when reports are received, services are rendered, or both, as required under and in accordance with this Agreement. City may withhold payment to Contractor in any instance in which Contractor has failed or refused to satisfy any material obligation provided for under this Agreement. Prior to the withholding of payment to Contractor for those services which City believes Contractor has failed or refused to satisfy pertaining to any material obligation under this Agreement, the parties agree that they will meet and discuss in good faith the alleged failure or refusal as soon as practicable after it becomes known to the City.

In no event shall City be liable for interest or late charges for any late payments.

#### 6. Guaranteed Maximum Costs

- a. The City's obligation hereunder shall not at any time exceed the amount certified by the Controller for the purpose and period stated in such certification.
- b. Except as may be provided by laws governing emergency procedures, officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for, Commodities or Services beyond the agreed upon contract scope unless the changed scope is authorized by amendment and approved as required by law.
- c. Officers and employees of the City are not authorized to offer or promise, nor is the City required to honor, any offered or promised additional funding in excess of the maximum amount of funding for which the contract is certified without certification of the additional amount by the Controller.
- d. The Controller is not authorized to make payments on any contract for which funds have not been certified as available in the budget or by supplemental appropriation.

A contractor, subcontractor or consultant will be deemed to have submitted a false claim to the City if the contractor, subcontractor or consultant: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

#### 9. Disallowance

If Contractor claims or receives payment from City for a service, reimbursement for which is later disallowed by the State of California or United States Government, Contractor shall promptly refund the disallowed amount to City upon City's request. At its option, City may offset the amount disallowed from any payment due or to become due to Contractor under this Agreement.

By executing this Agreement, Contractor certifies that Contractor is not suspended, debarred or otherwise excluded from participation in federal assistance programs. Contractor acknowledges that this certification of eligibility to receive federal funds is a material term of the Agreement.

#### 10. Taxes

- a. Payment, as applicable, of any taxes, including possessory interest taxes and California sales and use taxes, levied upon or as a result of this Agreement, or the services delivered pursuant hereto, shall be the obligation of Contractor. Nothing in that paragraph shall be interpreted as a waiver of any immunities or defenses that Contractor may otherwise have.
- b. Without waiving its rights afforded to it as a California Constitutional Corporation, Contractor states as follows: Contractor recognizes and understands that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:
- (1) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.
- (2) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.
- (3) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (See, e.g., Rev. & Tax. Code Section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.
- (4) Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

## 11. Payment Does Not Imply Acceptance of Work

The payment by City for Services under this Agreement, or the receipt of payment thereof by Contractor, shall in no way affect the obligation of Contractor to perform the Services set forth in **Appendix A** of this Agreement, nor does it preclude City from seeking any available legal remedy should Contractor fail to perform such Services.

## 12. Qualified Personnel

Work under this Agreement shall be performed only by competent personnel under the supervision of and in the employment of Contractor. To the extent possible, Contractor will comply with City's reasonable requests regarding assignment of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. Contractor shall commit adequate resources to complete the project within the project schedule specified in this Agreement.

## 13. Responsibility for Equipment

- a. City shall not be responsible for any damage to persons or property to the extent it is a result of the use, misuse or failure of any equipment used by Contractor, or by any of its employees, even though such equipment be furnished, rented or loaned to Contractor by City, while such equipment is in the sole care, custody, and control of Contractor.
- b. Any equipment purchased by Contractor with funds provided under the terms of this Agreement shall be deemed to be the property of the City and title to such equipment shall vest in the City. Contractor shall notify the Contract Administrator of any purchase of equipment in writing and shall provide an inventory of such equipment to the Contract Administrator within thirty (30) calendar days of the expiration or termination of this Agreement. If payment under this Agreement is based on a fee for service, equipment purchased using funds from this Agreement shall be referenced in Appendix B.

## 14. Independent Contractor; Payment of Taxes and Other Expenses

## a. Independent Contractor

Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement, Contractor, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this section. Should City determine that Contractor, or any agent or employee of Contractor, is not performing in accordance with the requirements of this Agreement, City shall provide Contractor with written notice of such failure. Within five (5) business days of Contractor's receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

## b. Payment of Taxes and Other Expenses.

Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorney's fees, arising from this section, but only in proportion and to the extent such claims, losses, costs, damages, and expenses, including attorney's fees, are caused by or result from the negligent or intentional acts or omissions of Contractor, its officers, agents or employees.

#### 15. Insurance

Contractor and City agree that each party will maintain in force, throughout the term of this Agreement, a program of insurance and/or self-insurance of sufficient scope and amount to permit each party to discharge promptly any obligations each incurs by operation of this Agreement. A certificate of insurance is not required from either party. In the event an insurance waiver is required or approved, it shall be attached hereto as Appendix C.

#### 16. Indemnification

- a. Contractor shall defend, indemnify, and hold City, its officers, employees and agents, harmless from and against any and all liability, loss, expense, attorneys' fees, or claims for injury or damages, arising out of the performance of this Agreement, but only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of Contractor, its officers, agents or employees.
- b. City shall defend, indemnify, and hold Contractor, its officers, employees and agents, harmless from and against any and all liability, loss, expense, attorneys' fees, or claims for injury or damages, arising out of the performance of this Agreement, but only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of City, its officers, agents or employees.
- 17. Incidental and Consequential Damages Deleted by agreement of the parties.
- 18. Liability of City Deleted by agreement of the parties.

- (2) Either party fails or refuses to perform or observe any other material term, covenant or condition contained in this Agreement, and such default continues for a period of ten days without cure after written notice thereof from the nonbreaching party to the breaching party. - (3) Either party (a) is generally not paying its debts as they become due, (b) files, or consents by answer or otherwise to the filing against it of, a petition for relief or reorganization or arrangement or any other petition in bankruptcy or for liquidation or to take advantage of any bankruptcy, insolvency or other debtors' relief law of any jurisdiction, (c) makes an assignment for the benefit of its creditors, (d) consents to the appointment of a custodian, receiver, trustee or other officer with similar powers of such party or of any substantial part of such party's property or (e) takes action for the purpose of any of the foregoing.

- b. On and after any Event of Default, the nonbreaching party shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement.
- c. All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy.

#### 21. Termination for Convenience

- a. Either party may terminate this Agreement by giving thirty (30) calendar days advance written notice to the other party of the intention to terminate this Agreement, including the date upon which it will become effective. Upon issuance and receipt of a notice to terminate, both parties shall mitigate any outstanding financial commitments. In the event of termination of this Agreement before expiration, the Contractor agrees to file with the City all outstanding claims, cost reports and program reports within sixty (60) calendar days of such termination. Contractor shall be paid for those services performed pursuant to this Agreement to the satisfaction of City up to the date of termination and after said date for any services mutually agreed to by the parties as necessary for continuity of care, in which case the following sentence shall not apply. Costs which City shall not pay include, but are not limited to, anticipated profits on this Agreement, post-termination employee salaries and/or benefits, post-termination administrative expenses, or any other cost which is not reasonable and authorized under this Agreement. Agreement on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions shall include, without limitation:

Each Party understands and agrees that, in the performance of the work or services under this Agreement or in contemplation thereof, one party may have access to private or confidential information which may be owned or controlled by the other party ("Providing Party") and that such information may contain proprietary or confidential details, the disclosure of which to third parties may be damaging to Providing Party. ## 28. Audit and Inspection of Records

- a. Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its work under this Agreement. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Contractor shall maintain such data and records in an accessible location and condition for a period of not less than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. ## Goal Statement:

The program helps consumers recover emotional stability and functioning outside of institutional care, while linking to primary care, entitlements, housing, legal advocacy, payee services, and other resources to craft a stable support system. Finally, consumers are transitioned to ongoing mental health and/or substance abuse services within 60 to 90 days.

## 3. Target Population:

CLT treats San Francisco transitional-aged youth, adult, and older adult residents who, facing discharge from Inpatient Units or PES, are identified as being at risk of failure to link with necessary support service in the community. Consumers are about 56% male, 43% female, 40% white, 25% African American, 19% Asian, and 16% Latino. 90% are homeless and 80% are trauma survivors.

Engagement and assessment of referrals from the Inpatient Units usually occurs on the day of the referral. Each CLT consumer's Plan of Care is based on his/her stated goal, with the consumer dictating the goal CLT's services will help him/her achieve. CLT staff are imaginative and persistent in their determination to tailor services to meet consumer's immediate goals and most basic needs, using the Stages of Change model to tailor interventions appropriate for "where the client is at." With the consumer's expressed consent, his/her natural supports are also engaged in support of the consumer's recovery process: friends, loved ones, hotel managers, store clerks, payee services, etc. These natural supports serve as a way to re-link with consumers, who have fallen out of treatment, or to reinforce and support the relationship with the case manager.

The Citywide Linkage Team provides a full range of services to its enrolled consumers:

- Assessment and diagnosis with a focus on the development of a specific, measureable, time-limited, client-centered treatment plan.
- Psychoeducation with consumers and family members about diagnoses, symptoms, medications, stress reduction, and treatment options.
- Crisis intervention for consumers and family members, in the community they live. PSCs use natural and agency resources to shore up a consumer's support system, and also provide on-site consultation with PES and hospital staff. On-call access to our clinical staff is available 24 hours/7 days a week to all consumers, family members and collaborating programs.
- Short-term, solution-focused therapy including CBT, DBT, Harm Reduction/Relapse Prevention, Motivational Interviewing, and supportive counseling.
- Medication assessment, prescription, and monitoring.
- Assistance with finding appropriate long-term housing options.
- Placement of the client in residential treatment programs or short-term housing options, with assistance and coaching to maintain stability in placement.
- Routine and frequent outreach to clients in the community providing individualized support and engagement as needed.
- Linkage and advocacy to needed services including: primary health care, SSI advocacy, GA, support groups, self-help organizations, vocational services, payee services, socialization options, and basic needs.
- Staff to client ratio is 1:13, with services available in English, Spanish, and Cantonese, (provided by bi-cultural staff) and with expertise in services for transitional age youth and geriatric consumers. Clinical staff at 982 Mission Street can additionally provide services or translation in Russian, Tagalong, Mandarin, Toisanese, Fukinese, and Vietnamese.
- Linkage to the appropriate level of ongoing mental health, substance abuse, and/or primary care providers, including accompanying consumers to initial appointments to ensure secure linkage to ongoing services.

Within 60 to 90 days, CLT works to securely link clients to long-term clinic based services, ICM services, substance abuse services, and/or primary care providers for mental health care. By accurately accessing what the lowest appropriate level of care is for a client, we are able to support clients' highest levels of functioning, while dramatically reducing clients' long-term cost to the system. With staff

at Mission Mental Health, Chinatown North Beach, and South of Market Mental Health, we can provide a clinical assessment and intake, open the chart in the outpatient modality and expedite a medication evaluation. When clients are referred to long-term ICM services we overlap our services with the new provider for a brief time, to insure that the client is securely linked before being closed with CLT.

## 7. Objectives and Measurements:

"All objectives, and descriptions of how objectives will be measured, are contained in the CBHS document entitled CBHS Performance Objectives FY18-19."

## 8. Continuous Quality Improvement:

- A. Productivity is reviewed on a monthly basis. The Division Administrator and Division Director distribute data from AVATAR to all supervisors. Line-staff are expected to monitor their own productivity through Avatar and it is reviewed at least monthly in their weekly individual supervision. Once CBHS generates reports tracking Program Objectives they will be brought monthly to the Divisions' bi-weekly Leadership meeting for review as well as team meetings within each program.
- B. The Division PURQ meets weekly to review Treatment Authorization Requests, and Treatment Plans. All supervisors review two charts per supervisee, as part of quality control. Monthly Staff Meetings are a forum to identify program functioning strengths and limitations. Additionally there is a weekly Community Meeting in which clients are encouraged to identify concerns or improvements needed.

Referral/Assessment and Engagement: Upon referral, a clinical case manager assesses the client incustody, explains the program services, and allows the client to voluntarily enroll in the program. Every former inmate faces obstacles in finding work, re-establishing family relationships, developing a social network and avoiding further criminal activity, but the challenges faced by individuals with psychiatric disabilities — who require specialized services and supports — can be even greater and more complex. In addition to grappling with their illness, they are more likely than other inmates to have been unemployed or homeless when incarcerated. The therapist works closely with the CWCM-NOVA case manager regarding the clients' needs, barriers, and course of mental illness. The therapist conducts a comprehensive biopsychosocial assessment, short-term therapy and referrals to community mental health programs as needed.

Supported Employment: The CWCM-NOVA Supported Employment Team was created to address the discrimination and stigma our clients face for their mental health issues and criminal justice histories by promoting recovery through employment. CWCM-NOVA clients are eligible for referral to our Support Employment Team through the Department of Rehabilitation.

Integrated Mental Health and Substance Abuse Treatment: It is estimated that 90% of enrolled participants will have substance abuse disorders in addition to his or her mental illness. SAMHSA identifies integrated mental health and substance abuse treatment as the best practice in working with clients with Co-Occurring Disorders. Simply put, it is "the application of knowledge, skills, and techniques by providers to comprehensively address both mental health and substance abuse issues in persons with cooccurring disorders."

Gender Focused and Trauma Informed Treatment: SFSD internal studies among female inmates one housing unit (SISTER) conducted in 2003 and 2004 found that 7% of women identified themselves as having a mental disability. In 2004, 57% of these women reported their mental health as poor or fair. In 2003, 84% indicated their mental health was poor or fair.

CWCM-NOVA has developed an array of specialized services addressing the ever-increasing needs of an ever-increasing female mentally ill offender population. Specifically, the program has developed a women-only Grief and Loss Group and Seeking Safety Group located at the Women's Resource Center.

The unduplicated number of individuals serves: 30 clients are served at any one time. Current client retention averages 6 months.

Program hours are Monday through Friday 8:30 am to 5:00 pm. Clients are referrred by their CWCM-NOVA Case Manager for therapy services. CWCM-NOVA staff also visits clients in jails to introduce available therapy services.

# A. Outreach, recruitment, promotion, and advertisement

Information about STOP services is posted throughout the UC Citywide facility, including the main client activities room, the client library, etc. With assistance of their case managers, clients may sign up for STOP orientation/intake times available several days a week.

# B. Admission, enrollment and/or intake criteria and process where applicable

#### Admission Criteria

Clients must be enrolled in a UC Citywide intensive case management program. They must have a substance use disorder (including in remission if at risk for relapse), and have the cognitive capacity to participate in and benefit from counseling.

Potential clients whose substance use related, mental health, or medical problems are of sufficient severity as to need a higher level of care than outpatient treatment are referred to a program providing an appropriate level of care.

Clients who are in imminent danger of harming themselves or others, or who need emergency medical evaluation, are admitted following stabilization of their acute conditions.

#### Readmission Criteria

Any person previously admitted to and discharged from the program may be readmitted if they have a substance use disorder at that time. Staff assess whether the conditions that resulted in their previous discharge have changed sufficiently to warrant readmission to this program.

#### **Admission Process**

1. <u>Orientation</u>: The counselor provides information about the program and helps the client select among group and individual counseling options.

Clients needing other services (e.g. medical detox or methadone maintenance) are given information or assisted with phone calls as appropriate.

- 2. Intake Assessment: Intake assessment includes
- a) Assessment of substance use problems (incl. assessment of DSM criteria for substance use disorder, CalOMS, ASAM level of care determination, ASI areas not assessed in the other assessments, health questionnaire, obtaining documentation of physical exam in the past 12 months)
- b) Consent forms, release of information forms, payor information, and client rights forms
- c) Development of treatment plan with client
- 3. Start of Group and/or Individual Counseling:

Most clients will receive group counseling, supplemented with as needed individual counseling for reassessment, treatment planning, etc.

If medically authorized as appropriate, clients who are unable to participate in group receive only individual counseling for a specified period of time.

#### C. Service delivery model

#### Substance abuse treatment integrated in a mental health agency

STOP provides outpatient substance abuse counseling in coordination with mental health services provided by UC Citywide staff who provide intensive case management, psychiatric medication management, outreach and home visits, socialization activities, independent living skills training, and vocational services. This integration allows STOP to provide substance use disorders treatment to clients who also have severe and persisting mental illness. In addition, via the combined substance use and mental health services, clients can obtain a level of care similar to intensive outpatient treatment. For clients who use substances for which medication assisted treatment is effective (e.g. alcohol, opioids), counselors discuss these options with the clients and Citywide mental health staff (psychiatrist who may prescribe medications, case manager who may refer out for these services). For clients for whom urine drug testing is clinically indicated, it is conducted by the UC Citywide case manager, and shared with STOP staff. Clients must consent to exchange of information between STOP and UC Citywide staff in order to participate in STOP.

Contractor Name: UC Citywide	Appendix A-5
Program Name: UCSF Citywide STOP	Contract Term: 07/01 - 06/30

# Support of both harm reduction and abstinence goals

STOP respects the different treatment needs of individuals who want to stop using drugs as well as the treatment needs of individuals who want to reduce the harm resulting from use. Abstinence focused treatment helps clients work toward a drug free life style by developing the motivation, coping skills, and support systems needed to put together longer and longer drug free periods. Harm reduction treatment helps clients identify what is needed to reduce the harmful effects of drug use in their lives, assess what options are realistic for them at this time in their drug use history, and develop the skills and support systems needed to reduce the harmful effects of drug use.

## Types and locations of services

STOP groups are provided at UC Citywide 11-12:30 on weekday mornings (except Wednesday mornings), prior to lunch being served in the center milieu. STOP provides primarily group counseling, supplemented as needed by individual counseling. Counseling focuses on clients' drug use and relates this to other important issues in clients' lives, such as mental health, health, legal, economic, identity, sexual orientation, sexual, relationship, cultural, or spiritual issues.

Consistent with best practice recommendations for the severe dual diagnosis population served, groups are small (3-6 clients) (SAMHSA Dual Disorders TIP) and have a co-facilitator (to be able to leave the group when a client needs containment or evaluation for danger to self/others). In addition, frequent brief discussions between counseling sessions are required to stabilize and engage participants and coordinate with their mental health case managers.

Case management (communications with other providers, including Citywide mental health staff) helps to assess client needs, obtain physical exam findings collected elsewhere, identify clients who may need a higher level of care, discuss medication assisted treatment (incl. withdrawal management) with clinicians at Citywide or elsewhere, re-engage non-attending clients, coordinate with clients' Citywide mental health and/or vocational services, and report attendance for Behavioral Health Court. All communication occurs after obtaining 42 CFR Part 2 compliant consent to exchange information.

Clients who complete or are otherwise discharged from STOP may continue to participate in mental health services at UC Citywide. Prior to discharge from STOP, a discharge support plan is developed with the client, including which community resources to connect with for continued recovery support.

# E. Program staffing

Please see Appendix B of this contract.

#### F. Vouchers

Vouchers are purchased from program funds and provided as motivational incentives for activities that are known to improve and maintain substance use treatment outcomes. STOP implements this evidence-based practice within federal and Drug Medi-Cal limits for incentive amounts.

- 1) STOP clients are eligible for fishbowl prize draws for documented attendance at outside recovery activities that they select (e.g. 12-step, Lifering, Smart Recovery, Wellness Centers, church); prizes they may draw include numerous small prizes (e.g. hygiene supplies, socks), fewer medium prizes (\$5 Target cards), and one large prize (\$20 Target card).
- 2) STOP clients for whom STOP group attendance of twice a week or more is indicated on their treatment plan are eligible for an incentive for consistent STOP group participation. If they attend 2 STOP groups every week of the month, and are in group the first week of the subsequent month, they receive the consistent participation incentive (\$5 Target card).

# 7. Objectives and Measurements:

All objectives, and descriptions of how objectives will be measured, are contained in the BHS document entitled BHS <u>Performance Objectives FY18-19</u>.

All standardized objectives for outpatient ODS programs apply to STOP, except D6. Timely Access Log (not applicable to Citywide programs).

# 8. Continuous Quality Improvement:

The UC Board of Regents does not approve individual program management decisions, but delegates these down through campuses (e.g. UCSF, UCLA) and departments (e.g. Dept. of Psychiatry), to divisions.

The following CQI policies have been developed by the STOP program director, and reviewed and approved by the Citywide Division Director:

**Indirect Services** (programs that do not provide direct client services)

SCCM program administration and development for Drug Medi-Cal Organized Delivery System: Includes but not limited to data entry, error identification and corrections in Avatar, other databases, and hard copy files as required for process and outcome monitoring for clients and program. Plan-do-study-act cycles with constituent input for quality improvement and program development.

We coordinate with the SF HOT Team, Benefit District outreach guides (or Ambassadors), police officers, and ambulance services (DPH EMS-6 and others), so that they know to call our social workers and patient navigator to call our case manager when they see Sobering Center clients in the community, so that we can locate and approach them. The more points of contact, the more likely we find moments when the client is willing and able to engage. In addition, we collaborate with Joe Healy Medical Detox, Healthright360, Salvation Army Harbor Light, Treatment Access Program, Direct Access to Housing, Everyday Connect, and primary care clinics (incl. the San Francisco Health Network and UCSF Health).

## **Direct Client Services:**

# A. Outreach, Recruitment

A large amount of our initial work is on the streets of the Central Market/Tenderloin neighborhoods, repeatedly offering services, and providing hands-on linkage to desired

resources. Meeting with clients at the Sobering Center, or residential programs (when they are awake and coherent) is also critical. The expected outcome is the creation of an ongoing, productive relationship between the case manager and the client, creating a common history of accomplishing tasks that the client would not/could not accomplish on his/her own Admission criteria and process

## **Admission Criteria**

The client must have a substance use disorder (in addition to intoxication). Individuals needing emergency medical or psychiatric care are referred to those services first, then engaged in case management. If a client can be better served by another ICM program, such as a mental health ICM program or ED Case Management, they are referred and linked there.

#### Readmission Criteria

Any person previously admitted to and discharged from the program may be readmitted when they resume contact with the case manager or the Sobering Center.

#### Admission Process

- 1. <u>Orientation</u>: The case manager provides information about the program, assesses their case management needs, and starts to develop case management goals with them.
- 2. <u>Intake Assessment</u>: Intake assessment occurs over numerous brief sessions over several months, and is combined with initial case management to help clients meet their basic needs. Components include:
  - a) Assessment of substance use problems (incl. assessment of DSM criteria for substance use disorder, CalOMS, ASAM level of care determination, ASI areas not assessed in the other assessments, health questionnaire, advanced directives information, and obtaining documentation of physical exam in the past 12 months)
  - b) Consent forms, release of information forms, payor information, and client rights forms
  - c) Development of treatment plan with client.

#### B. Service delivery model

The service modality is long-term intensive clinical case management. The social workers and patient navigator provide community resource building, street outreach, needs assessment, collaborative goal setting, motivational interviewing. The nurse practitioner provides patient education, medical case management, interim medical care, and interim psychiatric and alcohol use disorder treatment medications.

# Support of both harm reduction and abstinence goals

4 | Page

Contractor Name: UC Citywide	Appendix A-6
Program Name: UCSF Citywide STOP Sobering Center Case Management	Contract Term: 07/01 - 06/30

The program respects the differing treatment needs of individuals who want to stop using substances and individuals who want to reduce the harm resulting from use. Given their severe alcohol use disorders, abstinence can reduce the most harm. However, most clients are not open to quitting alcohol, but are interested in harm reduction goals such as obtaining housing, resolving or reducing their health problems and reducing psychiatric symptoms, which in turn may reduce need for acute services.

# Types and locations of services

A large amount of the initial work is on the streets of the Central Market/Tenderloin neighborhoods, repeatedly offering services, and providing hands-on linkage to desired resources. Meeting with clients at the Sobering Center, or residential or hospital settings (when they are awake and coherent) is also critical.

## Length of stav

12 months average

## C. Completion, discharge planning, linkages

## Criteria for Successful Completion

Successful completion is when the client has met mutually agreed upon treatment plan goals, in one or more of the following areas:

- 1. Stopped or reduced harmful patterns of substance use (for 3 months or more)
- 2. Engaged in primary medical care and if needed mental health care (for 3 months or more)
- 3. Other mutually agreed upon treatment plan goals if any (e.g. obtained housing)
- 4. Linked to lower-intensity case management services (e.g. primary care clinic medical social worker).

# Discharge planning

Prior to discharge, a discharge support plan is developed with the client, including which community resources to connect with for continued harm reduction or recovery support. Clients may be readmitted to case management if needed and interested if they have a substance use disorder at the time.

# D. Program staffing

#### E. Vouchers

Vouchers are purchased from program funds and provided to help clients meet basic needs. These include bus tokens for clients able to take the bus to appointments, taxi vouchers for transportation to residential detox or medical appointments, and fast food gift cards.

# 7. Objectives and Measurements:

## a. Standardized Objectives

All objectives, and descriptions of how objectives will be measured, are contained in the BHS document entitled <u>BHS Performance Objectives FY18-19</u>.

The following standardized objectives for outpatient ODS programs apply to clients open in Avatar, throughout 2018-19:

**A1a.** No more than 15% of psychiatric hospital discharges will be followed by a readmission within 30 days.

The following standardized objectives for outpatient ODS programs will apply to clients open in Avatar, starting when the CalOMS containing these data are accepted from Sobering Center Case Management (TBD 2018):

- **B1.** At least 60% of client will have successfully completed treatment or will have left with satisfactory progress as measured by discharge codes.
- D11a. 100% of open clients will have zero errors on their CalOMS admission form.
- **D12.** 100% of clients discharged will have the CalOMS discharge status field compleed no later than 30 days after episode closing.
- **D16.** No more than 40% of clients will be coded as CalOMS administrative discharge.
- **D18.** At least 40% of clients will have CalOMS data fields for frequency of use completed at admission and discharge.

The following standardized objectives for outpatient ODS programs do not apply to Sobering Center Case Management:

- **B2.** At least 60% of clients will maintain abstinence or show a reduction of alcohol or other drug use.
- **D6.** Timely Access Log (not applicable to Citywide programs).

Services will be consistent with legal requirements outlined in the Welfare and Institutions Code §5348(a) and will include outreach, crisis intervention, medication assessment and management, individual, group and family therapy, as well as case management. Staff to client ratios will be 1:10

# 4. Target Population:

# 6. Methodology:

- Consumers are assertively engaged and followed throughout the system as they transition through hospitals, jail, IMDs, shelters, or residential facilities. High-risk consumers in Board & Care are seen at their home regardless of the facility's location. Over 50% of services are delivered in the community. Medication services can be delivered in the community. Case managers accompany consumers on public transportation or use the Division van to access the community.
- The programs engage family and informal resources in the community to support consumers: for example, restaurant owners to provide prepaid meal plans, hotel owners to help monitor consumer functioning, store owners to support grocery budgeting, etc.
- Hands-on, case management activities to address both the immediate support system issue and the acquisition of problem-solving skills, building independence.
- Treatment team members are quick to intervene in the community when a consumer is headed toward a crisis. Daily medications, supportive counseling, and on-call phone support can help consumers avoid a hospitalization or arrest.
  - A. Program outreach, recruitment, promotion, and advertisement.

Contractor Name: UC Regents	Appendix A-7
Program Name: UC Citywide Assisted Outpatient Treatment	Contract Term: 07/01 - 06/30

Our referrals come from Department of Public Health (DPH). Director of Assisted Outpatient Treatment with Department of Public Health provides outreach, recruitment, promotion and advertisement.

B. Program's admission, enrollment and/or intake criteria and process where applicable. Department of Public Health refers individuals to Citywide Assisted Outpatient Treatment that are court ordered or enter into a Settlement Agreement to Assisted Outpatient Treatment. The program adheres to the guidelines, definitions and services as described in the intensive case management guidelines.

# C. Program's service delivery

Citywide Assistant Outpatient treatment model provides comprehensive case management, crisis, family, individual therapy, and linkage to medication services for consumers that are either court ordered or in a settlement agreement to Assisted Outpatient Treatment. The court order or settlement agreement is for 6 months but the court could extend the court order or settlement agreement for 6 more months. Providers provide intensive case management for as long as they are part of the Assisted Outpatient Treatment court process and provide linkage to the appropriate level of care in the community. Medical staff work closely with case managers to provide psychotropic medications including drop-in, at consumer's home, or daily medications if needed. Treatment is provided continuously, wherever the consumer is located. Thus outreach to the consumers home, outreaches to community agencies and businesses, visits in custody or in the hospital, are all routine modes of delivery of services. The program incorporates the principles of the "Wellness and Recovery" model of services. Consumers work with case managers to develop a Wellness and Recovery Action Plan, specifying goals for increased skills, increased functioning, increased personal resources and illness management. We maintain a special emphasis on helping consumers locate and maintain productive activity including education, prevocational training, volunteer work and paid employment. Involving consumers in group therapy, dual diagnosis groups, pre-vocational training and stipend jobs, as well as social activities is a central aspect of Division programs. We also provide support in obtaining and maintaining housing. Consumers are seen as often as is clinically indicated. Program hours are 8:30 am to 5:00 pm, Monday through Friday. After hours and weekends are covered by on-call staff who provide phone consultation and support to consumers, support members or other agencies.

# D. Program's exit criteria and process

Citywide Assisted Outpatient Treatment provides intensive case management to consumers that are either court ordered or in a settlement agreement to Assisted Outpatient Treatment. When the Assisted Outpatient Treatment Court order or Settlement Agreement ends, providers connect consumers to the appropriate level of care. This can include linkage to an intensive case management program or regular outpatient treatment in the community.

E. Program's staffing - See Appendix B

## 7. Objectives and Measurements:

## **Outcome Objectives**

- By the end of Fiscal Year 18-19, participants enrolled in the Assisted Outpatient Treatment Program will have a 10% reduction in psychiatric crisis contacts compared to the previous fiscal year, as measured by Psychiatric Emergency Services (PES) contacts and documented in Avatar as well as a joint data collection effort between UCSF and DPH's AOT Care Team.
- By the end of Fiscal Year 18-19, participants enrolled in the Assisted Outpatient Treatment Program will have a 10% reduction in total number of incarcerations compared to the previous fiscal year, as measured by number of jail contacts with the San Francisco County Jail and documented in Jail Information Management (JIM) as well as a joint data collection effort between UCSF and DPH's AOT Care Team.
- By the end of Fiscal Year 18-19, participants enrolled in the Assisted Outpatient Treatment Program will have a 5% reduction in total admissions to an inpatient psychiatric unit compared to the previous fiscal year, as measured by number of admissions and documented in Avatar as well as a joint data collection effort between UCSF and DPH's AOT Care Team.

## **Process Objectives**

By the end of Fiscal Year 18-19, 50% of participants enrolled in the Assisted Outpatient
Treatment Program will be connected to another Behavioral Health provider within the System
of Care, as measured by an open episode and documented in Avatar as well as a joint data
collection effort between UCSF and DPH's AOT Care Team.

Contractor Name: UC Regents	Appendix A-7
Program Name: UC Citywide Assisted Outpatient Treatment	Contract Term: 07/01 - 06/30
•	

- On any date, 100% of participants enrolled in the Citywide Assisted Outpatient Treatment Program will have a current finalized Treatment Plan of Care in AVATAR within 60 days of opening.
- Objectives will need to be reported to BOCC by 9/1/18

# 8. Continuous Quality Improvement:

- A. Productivity is reviewed on a monthly basis. The Division Administrator and Division Director distribute data from AVATAR to all supervisors. Line-staff are expected to monitor their own productivity through Avatar and it is reviewed at least monthly in their weekly individual supervision. Once CBHS generates reports tracking Program Objectives they will be brought monthly to the Divisions' bi-weekly Leadership meeting for review as well as team meetings within each program.
- B. The Division PURQ meets weekly to review Treatment Authorization Requests, and Treatment Plans. All supervisors review two charts per supervisee, as part of quality control. Monthly Staff Meetings are a forum to identify program functioning strengths and limitations. Additionally there is a weekly Community Meeting in which clients are encouraged to identify concerns or improvements needed.
- C. Every year staff language and cultural skills are identified as part of our Cultural Competency program. As part of the hiring process specific language and cultural skills are identified in the Job Description. The Division fully complies with CBHS Cultural Competency goals and standards.
- D. The Division fully participates in the annual CBHS Measurement of client satisfaction.
- E. As CBHS is able to generate reports from AVATAR data, the division reviews and integrates the data into operational reviews and/or opportunities from program enhancement. For example, we are currently working to submit a NIMH grant to implement Smoking Reduction with seriously mentally ill adults. We are hoping to generate baseline data from AVATAR data with help from CBHS.
