CBHS Program Name / Code: Other Non Medi-Cai Client Support Services / 38H101

3. GOAL STATEMENT

The primary goal of the Benefits Counseling Program of Positive Resource Center through this contract is to represent eligible clients who are uninsured, underingured, or at risk of losing insurance to pursue or maintain SSI/SSDI/CAPI and corresponding Medi-Cal/Medicare, thus providing them with improved access to healthcare and the financial means to stabilize their living situation.

4. TARGET POPULATION

Through this contract the program will serve clients of pre-assigned County DPH Mental Health Centers and people living with HIV/AIDS in San Francisco. For clients of DPH mental health sites, emphasis will be on reaching those with open episodes in the mental health system. For people living with HIV/AIDS in San Francisco, priority will be given to those. eligible for disability benefits that are unable to work. For both populations, targeted clients will include those that have no income, low or very low incomes as defined by federal poverty standards, people who have time-limited income, and people receiving County Assistance, CalWORKs or State Disability Insurance. Clients will be either uninsured, underinsured or at risk of losing public or private health insurance. These populations may include multiple diagnosed people, people who have been incarcerated, people with documented substance use, people who are homeless, single parents, people of color, immigrants, women, and the LGBT community.

5. MODALITIES/INTERVENTIONS

Client Populations	UOS	UDC
Clients of DPH Mental Health Sites	7,317	475
People Living with HIV/AIDS (PLWHA)	3,507	400
Total	10,824	875

6. METHODOLOGY

Outreach, Recruitment, Promotion, and Advertisement

Mental Health referrals are made directly to the Benefits Counseling Program by DPH mental health programs that are preapproved by DPH and PRC. People living with HIV/AIDS are most often referred by DPH funded public health clinics and

1 | Page March 14, 2017 CMS#7383

hospitals, community-based organizations, county agencies and emergency service providers, as well as by individuals from San Francisco communities. The Managing Legal Director and Supervising Attorneys, in addition to benefits staff who have specific language proficiency, will provide training and technical assistance to staff of identified DPH County Mental Health sites and service providers who work with people living with HIV/AIDS on the mode of referral to the program and the disability process. PRC has a history of conducting outreach and trainings to physicians, public health staff, multi-disciplinary teams and other community-based organizations and clinics, and presents at state-wide and national conferences on effective SSI advocacy.

Admission, Enrollment and Intake

Clients of DPH Mental Health Sites: DPH staff may identify and refer appropriate clients within the target population. After receiving a designated referral/release form in Spanish, English or Chinese, a PRC benefits staff member may schedule the client with an intake appointment.

People Living with HIV/AIDS: New clients seeking public disability benefits are screened by the benefits staff for program eligibility, and if eligible, are scheduled for an intake appointment after being prioritized for the following issues:

- clients who have no income or will have no income within the next month:
- clients who are currently on County Adult Assistance Program (GA) and are uninsured / underinsured.

Clients of the Benefits Counseling Program will be asked to sign relevant paperwork that may include an Appointment of Representative form, a HIPAA compliant Release of Information form, a copy of PRC's grievance procedure and other documents necessary within the scope of legal representation.

A case is considered opened once the following criteria are met:

- A client has signed an Appointment of Representative form and steps are being taken toward submission of an
 application for SSI/SSDI/CAPI benefits or work is being done on the case at the Reconsideration or ALJ level of
 appeal, or
- Representation is being provided to mitigate barriers that impede qualifying for SSI/SSDI benefits or to mitigate barriers that cause SSI/SSDI eligibility to be terminated. Those barriers include Continuing Disability Reviews.

If clients are screened as ineligible for SSI, but eligible for Social Security Disability Insurance or Cash Assistance Program for Immigrants, the Benefits Counseling Program will represent on these issues, as well as facilitate the Medi-Cal application process with clients who meet non-medical eligibility and who have not already filed.

To maximize Medi-Cal coverage for clients and gain up to 3 months coverage prior to the SSI application's protected filing date – or to secure the earliest possible Medi-Cal application dates for clients who are determined eligible for coverage under Medi-Cal Expansion or SSDI, but not SSI – Benefits Counseling Program staff will follow the Medi-Cal Expansion policies and procedures set forth by DPH after a client files an initial SSI application if the client does not already have a protective filing date for Medi-Cal.

Monthly, Benefits Counseling Program staff will submit a New Client Intake Spreadsheet to the State representative at the Medi-Cal Office housed within the SF Human Services Agency. This will occur after a claimant has had an intake appointment and has signed an Appointment of Representative Form. The State representative will inform Benefits Counseling Program staff if Medi-Cal Expansion forms are required for any client. Medi-Cal Expansion forms will be sent to the Medi-Cal Office on a monthly basis for all applicable clients that received an intake during that month.

Service Delivery Model

The principal site of service will be at 785 Market Street, 10th Floor in San Francisco. The program site is ADA compliant, centrally located and easily accessible from MUNI and BART. Office hours are maintained Monday through Friday, from 9:00 AM - 5:00 PM.

The Benefits Counseling Program will represent clients that:

- are at the initial stage of filing for SSI/SSDI/CAPI benefits,
- are filing requests for reconsideration of a previous denial of benefits,
- are filing requests for hearings in front of an Administrative Law Judge.
- have filed a request for review with the Appeals Council, and/or
- have, or are facing benefits cessation at the initial level or above three levels of appeal due to Continuing Disability Reviews.

Exit Criteria and Process

A client's case is considered active as long as Benefits Counseling Program staff is working to gain or maintain benefits for the client. Once a client case is won and all benefits are in effect, Benefits Counseling Program staff advises clients on future issues that may affect benefits. After this final review, the client's file is closed and the client's record is marked as closed in the benefits status database.

A client's case will be closed when the SSI/SSDI/CAPI application is awarded, or client becomes ineligible as follows:

- Client notifies PRC that they have moved out of SF County and the claim is closed.
- Claim is denied and all levels of administrative appeal are exhausted.
- Client has not worked enough to qualify for Social Security Disability Insurance, but their assets disqualify them for Supplemental Security Income or CAPI.
- Client returns to work earning above substantial gainful activity for more than six consecutive months during the first
 year of alleged disability.

Benefits Counseling Program staff will notify DPH when a case is closed, in accordance with the Closure Sheet. SSA Notice of Award documents will be submitted minimally to DPH on a bi-weekly basis.

Program Staffing

The Benefits Counseling Program has a Managing Legal Director leading the project, with a team of Supervising Attorneys and Staff Attorneys representing clients. The Managing Legal Director and Supervising Attorneys hire, train, supervise and evaluate the work of the staff, conduct file reviews, research changes in disability benefits laws and regulations, help develop community linkages for the program, present at national conferences and continuing education symposiums, and prepare written materials for both clients and providers. They also act as benefits advocates and hearings representatives when needed. Other Benefits Counseling Program staff includes a Quality Assurance Manager and Legal Assistants.

The Benefits Counseling staff has developed particular expertise working with dual, triple and quadruple diagnosed clients. Staff has extensive expertise in obtaining benefits for disabled clients who also have substance use and/or mental health issues and practices client-centered and harm reduction SSI advocacy. PRC has made it a priority for the agency to remain culturally and linguistically competent in order to ensure that monolingual clients have full access to services. In-house legal services are provided in Spanish, Cantonese, Mandarin and Tagalog.

7. OBJECTIVES AND MEASUREMENTS

All objectives, and descriptions of how objectives will be measured, are contained in the document entitled Behavioral Health Services - Adult and Older Adult Performance Objectives FY 17-18.

8. CONTINUOUS QUALITY IMPROVEMENT

The Benefits Counseling Program abides by the standards of care for services as described in Making the Connection: Standards of Care for Client-Centered Services. The Managing Legal Director trains all new staff at hire using the Benefits Counseling Policy and Procedures Manual which is available on the shared network for ongoing review. Any changes are discussed at Team Meetings. The Managing Legal Director and Supervising Attorneys ensure that staff follows policies and procedures during weekly Supervision Meetings to assure the provision of service delivery.

In order to document progress of client cases, files are created for new clients after an Intake with an advocate is completed. File contents are organized into four sections to ensure uniformity: contact logs, administrative paperwork, correspondence, and medical records. The Managing Legal Director and/or Supervising Attorneys review client files as part of weekly supervision meetings when cases are discussed to ensure uniformity, proper organization of data, completion of required forms, progress toward achievement of the benefits plan and evidence of proper follow-up. Indicators for reviewing files include the completion of relevant administrative forms, including an initial or current registration on ARIES, a copy of the Grievance, ADA and Language Access Policies and Procedures, current and up-to-date contact logs, HIPAA compliant releases of information, DPH Notice of HIPAA Privacy Policy, a review of all eligible benefits, a plan to achieve benefits, a Representative form for Social Security, an attorney retainer agreement, relevant correspondence and medical records. During weekly Team Meetings and Case Conferences, advocates bring new intake files, give a brief case synopsis and pass the file around to the team. This further ensures that new client files are in order and appropriate action plans are created.

A Benefits Counseling Database is maintained which documents all clients enrolled and served, including relevant statistical information. When a benefits claim is initiated, information is entered into the Database in order to efficiently track the progress of the claim and create an additional level of quality assurance. The Database tracks filing dates, appeal deadlines, level of appeal, onset date of disability and relevant notes. All active claims/issues are marked as "Active" on the database. When cases are resolved, the award information is entered into the database, including the date of the award, amount obtained and retroactive amount. The Quality Assurance Manager is responsible for monitoring the Database, tracking claims, procuring and submitting documentation, reporting outcomes through spreadsheet development, ensuring that files are properly closed out and maintaining efficient and effective protocol to ensure compliance with contract objectives and legal duties.

Applicable DPH Privacy Policies are integrated into the program's adopted, approved and implemented policies and procedures. All required documentation for auditing is maintained and up-to-date, and all record-keeping complies with the timeline required by DPH and is submitted as follows:

Тур	e of Documentation / Information	Timelines / Due Dates
1.	SSI/SSDI Medi-Cel Expansion Forms and/or SSI/SSDI Cover Letters to Medi-Cal Office as requested by State representative	By the end of each month for all applicable clients that received an intake during that month

VI.	DPH Contract Performance Tracking Report: A. Monitoring Protocol Response B. Client Demographics	VI. Will comply with SFDPH System of Care and BOCC requirements for reporting as requested

HIV Health Services Database

PRC collects and submits unduplicated client and services data through the DPH HIV Client and Services Database for the Ryan White eligible HIV/AIDS clients served through DPH funds. PRC complies with HIV Health Services (HHS) policies and procedures for collecting and maintaining timely, complete and accurate unduplicated client and service information in the Database. New client registration data is entered within 48 hours or two working days after data is collected. Service data for the preceding month, including units of service, is entered by the 15th working day of each month. The deliverables are consistent with the information that is submitted to the appropriate DPH Budget and Finance section on the "Monthly Statements of Deliverables and Invoice."

Client Satisfaction Surveys

Client Satisfaction Surveys are mechanisms used for identifying areas for quality improvement. Clients receive a Client Satisfaction Survey by mall four months after intake. In addition, surveys are displayed in each staff's office for clients to pick up, complete and anonymously drop in a box in the lobby. The survey tracks satisfaction with overall services, courtesy, accuracy and helpfulness of information, confidentiality, and cultural competency, and also gives clients an opportunity to submit written comments and suggest changes they would like to see. We particularly invite clients to give us feedback on areas where they feel we could improve. The Front Office Coordinator collects and tailies all completed surveys on a monthly basis for submission to the Managing Legal Director. Results of the surveys are analyzed by the Managing Legal Director and discussed with the Executive Director. The Managing Legal Director shares pertinent information gathered from the client satisfaction surveys as needed at weekly team meetings in order to continue to deliver state-of-the-art benefits advocacy.

Staff Training and Development

Continuous staff training through continuing legal education, in-services and attendance at community workshops ensures program staff is aware of the latest information and tools for effectively advocating on behalf of clients. The Agency's cultural and linguistic competency will continue to improve through sending staff to trainings covering cultural competency issues relevant to underserved communities, hosting in-service presentations by agencies serving specific populations, providing outreach to agencies that serve targeted clients, and attending City sponsored cultural competency trainings whenever available. Benefits Counseling Program staff conduct cross training during weekly team meetings in areas which individuals have developed particular expertise.

The Managing Legal Director or Supervisors evaluate the performance of Program staff that they supervise after the completion of an Initial 90-day probationary period and annually thereafter and record the findings of these evaluations in confidential personnel folders maintained for each staff member. The Executive Director reviews all performance evaluations before they are finalized.

Results of all quality improvement activities are discussed with Benefits Counseling Program staff at team meetings and case conferences to determine any program changes that could improve client services. The Executive Director and Managing Legal Director meet on a twice monthly basis to discuss program protocols, the need for any changes based upon client and provider feedback or staff recommendations, or possible program design or methodology changes needed to meet program objectives. The Managing Legal Director submits a written report to the Board of Directors prior to Board meetings summarizing advocacy results, programmatic changes and progress towards outcome and process objectives.

9. REQUIRED LANGUAGE

- A. All agencies will assure that Ryan White CARE Act funds will be used to fund only services that are not reimbursed by any other funding source.
- B. The client enrollment priority is reserved for San Francisco residents who have low-income and are uninsured. Secondary enrollment is reserved for San Francisco residents who have low-income and are underinsured. Low income status is defined as 400% of Federal Poverty Level as defined by Health and Human Services Department. A client's HIV diagnosis must be confirmed at intake. Client eligibility determination for residency, low-income, and insurance

5 | Page March 14, 2017 CMS#7383

status must be confirmed at intake and at 12-month intervals thereafter. Six-month, interim eligibility confirmation may be by a client's self-attestation, but must be documented in the client's file or in ARIES.

- C. All agencies must abide by the standards of care for the services specified in this appendix as described in "Making the Connection: Standards of Care for Client-Centered Services."
- All agencies receiving funding through HHS must collect and submit all required data through the AIDS Regional Information & Evaluation System (ARIES).

ARIES is a client management system designed for Ryan White CARE Act providers. ARIES enhances care provided to clients with HIV by helping agencies automate, plan, manage, and report on client data and services. ARIES is applicable for all Ryan White-eligible clients receiving services paid with any HHS source of funding. ARIES protects client records by ensuring only authorized agencies have access. ARIES data are safely encrypted and are kept confidential.

A client's information relating to mental health, substance abuse, and legal issues are only available to a limited group of an agency's personnel. Authorized, ARIES-trained personnel are given certificate-dependent and password-protected access to only the information for which that person's level of permission allows. Each HHS-funded agency participates in the planning and implementation of their respective agency into ARIES. All agencies must comply with HHS policies and procedures for collecting and maintaining timely, complete, and accurate unduplicated client and service information in ARIES. Registration data must be entered into ARIES within 48 hours or two working days after the data are collected. Service data, including units of service, for the preceding month must be entered by the 15th working day of each month. Service data deliverables must match the information submitted on the "Monthly Statements of Deliverables and Invoice" form. Not adhering to HHS standards for quality and timeliness of service data will risk having payments delayed.

- E. Agencies that receive vouchers from HHS must have a written protocol that describes how vouchers are secured, distributed, tracked, and managed. In addition, this voucher protocol must be described in the Methodology section of this Program Narrative.
- F. In order to meet the requirements of "Vigorous Pursuit" all agencies must use the "Covered California Client Information and Acknowledgement and Documentation Form." This form details the information to be communicated to the client including the federal requirement to have health insurance, the potential tax penalty for not having health insurance coverage, and includes the client's signature to document receipt of this information. Once completed and signed, this form must be stored in the client's chart and/or noted and uploaded into ARIES.
- G. All agencies must achieve the program's objectives within the agreed-upon timeframe. All objectives, and descriptions of how objectives will be measured and reported, are in the SFDPH document entitled "Ambulatory Care Primary Care (HIV Health Services) Performance Objectives FY17-18."

The goal of the Equal Access to Healthcare Program is to address the incomplete information and systemic barriers clients living with HIV/AIDS experience in accessing healthcare through the Affordable Care Act.

4. TARGET POPULATION

The primary target populations will be DPH clients living with HIV/AIDS in San Francisco and the DPH Eligibility Workers who provide enrollment advice to these clients. Secondarily, the contract may also serve CARE eligible clients living in San Francisco who are not connected to DPH systems of care. Positive Resource Center (PRC) will assure that Ryan White CARE Act funds will be used to fund only services that are not reimbursed by any other funding source. The client enrollment priority is reserved for San Francisco residents who have low-income and are underinsured. Secondary enrollment is reserved for San Francisco residents who have low-income and are underinsured. Low Income status is defined as 400% of Federal Poverty Level as defined by Health and Human Services Department. PRC must confirmed a client's HIV diagnosis at intake. Client eligibility determination for residency, low-income, and insurance status must be confirmed at intake and at 12-month intervals thereafter. Six-month, interim eligibility confirmation may be by a client's self-attestation, but must be documented in the client's file or in ARIES.

6. METHODOLOGY

Outreach, Recruitment, Promotion, and Advertisement

PRC will place advertisements in local media announcing ACA Open Enrollment and PRC's EAHP services. In order to maintain close working relationships and increase referrals, the Managing Legal Director and Supervising Attorney, in addition to benefits staff who have specific language proficiency, will provide outreach, educational training and technical

1 | Page March 14, 2017 CMS#7383

assistance to DPH clinics and hospitals and community-based organizations serving people living with HIV/AIDS. PRC will also continue to build on a network of referral agencies that work with underserved communities.

Admission, Enrollment and Intake

New clients seeking EAHP services will be screened by the benefits staff for program eligibility, and if eligible, will be scheduled for either a consultation or an Intake appointment. Intake clients will be asked to sign relevant paperwork that may include an Appointment of Representative form, a HIPAA compliant Release of Information form, a copy of PRC's grievance procedure, an Attorney Retainer Agreement including a written scope of service, and other documents necessary within the scope of legal representation. All clients will be entered into the Benefits Counseling database.

Service Delivery Model

The program site, 785 Market Street in San Francisco, is ADA compliant and easily accessible from MUNI and BART. Office hours are maintained from 9:00 AM - 5:00 PM.

Client Intake Services

PRC Attorneys will provide counseling, advocacy and direct legal assistance and representation on issues related to access to healthcare, such as disability based Medicare, traditional disability based Medi-Cal programs, Medi-Cal managed care plans and their medical exemption, MAGI Medi-Cal, State's Office of AIDS programs such as OA HIPP and ADAP, and HIV Continuity of Care protection. A complete case file will be maintained, and relevant information entered into the Benefits Counseling database and ARIES for all clients that have completed the intake process.

Clients seeking access to MAGI Medi-Cal, Covered California, State's Office of AIDS programs such as OA HIPP and ADAP, disability based healthcare programs such as Medicare, certain types of Medi-cal programs, e.g. Aged and Disabled Medi-Cal, the Medicarly Needy Medi-Cal program, SSI linked Medi-Cal, and the Working Disabled Medi-Cal program, are screened by the benefits staff for program eligibility, and if eligible, are scheduled for an intake appointment after being prioritized for the following issues:

- clients who have no income or will have no income within the next month, and do not have health insurance
- clients who are currently on County Adult Assistance Program (GA) and are uninsured / underinsured for health insurance.

Clients of the Benefits Counseling Program will be asked to sign relevant paperwork that may include an Appointment of Representative form, a HIPAA compliant Release of Information form, a copy of PRC's grievance procedure and other documents necessary within the scope of legal representation.

A case is considered opened once the following criteria are met:

- A client has signed an Appointment of Representative form and steps are being taken toward submission of an application for disability based healthcare benefits or work is being done on the case at the administrative appeal level, or
- Representation is being provided to mitigate barriers that impede qualifying for disability based healthcare benefits or to mitigate barriers that cause eligibility for said benefits to be terminated. Those barriers include Continuing Disability Reviews.

If clients are screened as ineligible for disability based healthcare programs, but eligible for non-disability based programs such as MAGI Medi-Cal, the Benefits Counseling Program will represent on these issues, as well as facilitate the Medi-Cal application process with clients who meet non-medical eligibility and who have not already filed.

To maximize Medi-Cal coverage for clients and gain up to 3 months coverage prior to the application's protected filing date – or to secure the earliest possible Medi-Cal application dates for clients who are determined eligible for coverage under Medi-Cal Expansion or SSDI, but not SSI – Benefits Counseling Program staff will follow the Medi-Cal Expansion policies and procedures set forth by DPH after a client files an initial SSI application if the client does not already have a protective filing date for Medi-Cal.

Monthly, Benefits Counseling Program staff will submit a New Client Intake Spreadsheet to the State representative at the Medi-Cal Office housed within the SF Human Services Agency. This will occur after a claimant has had an intake appointment and has signed an Appointment of Representative Form and/or an Attorney Retainer Agreement. The State representative will inform Benefits Counseling Program staff if Medi-Cai Expansion forms are required for any client. Medi-Cai Expansion forms will be sent to the Medi-Cai Office on a monthly basis for all applicable clients that received an intake during that month.

Exit Criteria and Process

A client's case will be considered active as long as Benefits Counseling Program staff is working to resolve issues relating to access to healthcare. The specific scope of service for each intake client will be outlined in the Attorney Retainer Agreement Addendum, if needed. Once services defined in the addendum have been completed, Benefits Counseling Program staff will notify the client in writing that their case will be closed. The client's file will then be closed and the client's record marked as closed in the Benefits Counseling database.

Training Services

PRC staff will provide group and one-on-one outreach, educational trainings and community information sessions to San Francisco clinics, community based organizations, and low-income San Franciscans living with HIV/AIDS.

Training content will include:

PRC staff will also provide an expertise line to answer questions from DPH Eligibility Workers who provide enrollment advice to clients living with HIV/AIDS. PRC will monitor and analyze emerging issues that SF clients living with HIV/AIDS may be having with ACA enrollment and transitions and report to DPH.

Trainings will consist of:

285 hours individual sessions

112.5 hours planning, research, curriculum development, event logistics, program evaluation

70.5 hours group sessions

Sign-in sheets will be maintained and evaluation questionnaires will be distributed to all group training participants. The results of these qualitative and quantitative written evaluations will be compiled by PRC's Senior Legal Assistant who will

report outcomes to the Supervising Attorney, Managing Legal Director and Executive Director. Time spent and issues covered on one-on-one outreach, training and consultations will be tracked in the Benefits Counseling database.

Program Staffing

The Managing Legal Director will oversee the overall project. A PRC Supervising Attorney will supervise program staff, perform legal research and monitor and analyze data. Staff Attorneys and Benefits Advocates will provide consultations, advocacy and counseling to clients and DPH Eligibility Workers. Legal Assistants will provide support to project staff. Trainings will be performed by the Managing Legal Director and Staff Attorneys supported by the Senior Legal Assistant/Training Coordinator, with subcontractor AIDS Legal Referral Panel participating in some trainings.

HIV Health Services Database

All agencies receiving funding through HHS must collect and submit all required data through the AIDS Regional Information & Evaluation System (ARIES).

ARIES is a client management system designed for Ryan White CARE Act providers. ARIES enhances care provided to clients with HIV by helping agencies automate, plan, manage, and report on client data and services. ARIES is applicable for all Ryan White-eligible clients receiving services paid with any HHS source of funding. ARIES protects client records by ensuring only authorized agencies have access. ARIES data are safely encrypted and are kept confidential.

A client's information relating to mental health, substance abuse, and legal issues are only available to a limited group of an agency's personnel. Authorized, ARIES-trained personnel are given certificate-dependent and password-protected access to only the information for which that person's level of permission allows. Each HHS-funded agency participates in the planning and implementation of their respective agency into ARIES.

PRC must comply with HHS policies and procedures for collecting and maintaining timely, complete, and accurate unduplicated client and service information in ARIES. Registration data must be entered into ARIES within 48 hours or two working days after the data are collected. Service data, including units of service, for the preceding month must be entered by the 15th working day of each month. Service data deliverables must match the information submitted on the "Monthly Statements of Deliverables and Invoice" form. Not adhering to HHS standards for quality and timeliness of service data will risk having payments delayed.

7. OBJECTIVES AND MEASUREMENTS

Process Objectives

 Provide counseling, advocacy and direct legal assistance and representation to five hundred and twenty five (525) clients living with HIV/AIDS.

Measurement and Evaluation: Attorneys and Advocates will complete intake paperwork and case files for all clients, and enter relevant statistical information into the Benefits Counseling database and ARIES. The Supervising Attorney will query the database monthly to analyze progress towards the objective and report to the Managing Legal Director.

2. Provide twenty five (25) group outreach & training sessions for San Francisco HIV clinics, community based organizations and consumers.

Measurement and Evaluation: A Supervising Legal Assistant will maintain a spreadsheet tracking each training session, including date, topics covered, hours performed, and number and affiliation of attendees. After each session, participants will complete qualitative and quantitative written evaluations. The results will be compiled by the Supervising Legal Assistant and reported to the Supervising Attorney and Managing Legal Director.

 Provide two hundred and eighty five (285) hours of individual outreach and training on issues related to healthcare access to clients living with HIV/AIDS and DPH Eligibility Workers who provide enrollment advice to these clients.

Measurement and Evaluation: Attorneys and Advocates will enter time spent and issues covered into the Benefits Counseling database. The Supervising Attorney will query the database monthly to analyze progress towards the objective and report to the Managing Legal Director.

4. Submit a year-end report analyzing emerging and longstanding healthcare access issues for people living with HIV/AIDS in light of the Affordable Care Act, and annual outcomes of the Equal Access to Healthcare Program, by July 31, 2017.

Measurement and Evaluation: Attorneys and Advocates will track clients' healthcare issues and resolutions in the Benefits Counseling database. The Supervising Attorney will query the database at the end of the contract term to analyze the outcome of the program, and submit a year-end report to PRC's Executive Director, Board of Directors and DPH.

8. CONTINUOUS QUALITY IMPROVEMENT

The Benefits Counseling Program abides by the standards of care for services as described in Making the Connection: Standards of Care for Client-Centered Services. The Managing Legal Director trains all new staff at hire using the Benefits Counseling Policy and Procedures Manual which is available on the shared network for ongoing review. Any changes are discussed at Team Meetings. The Managing Legal Director and Supervising Attorney ensure that staff follows policies and procedures during weekly Supervision Meetings to assure the provision of service delivery.

In order to document progress of client cases, files are created for new clients after an intake with an advocate is completed. File contents are organized into four sections to ensure uniformity: contact logs, administrative paperwork, correspondence, and medical records. The Managing Legal Director and/or Supervising Attorneys review client files as part of weekly supervision meetings when cases are discussed to ensure uniformity, proper organization of data, completion of required forms, progress toward achievement of the benefits plan and evidence of proper follow-up. Indicators for reviewing files include the completion of relevant administrative forms, including an initial or current registration on ARIES, a copy of the Grievance, ADA and Language Access Policies and Procadures, current and up-to-date contact logs, HIPAA compliant releases of information, DPH Notice of HIPAA Privacy Policy, a review of all eligible benefits, a plan to achieve benefits, a Representative form for various agencies responsible for adjudicating healthcare benefits, an attorney retainer agreement, relevant correspondence and medical records, as necessary. During weekly Team Meetings and Case Conferences, advocates bring new intake files, give a brief case synopsis and pass the file around to the team. This further ensures that new client files are in order and appropriate action plans are created.

A Benefits Counseling Database is maintained which documents all clients enrolled and served, including relevant statistical information. When a benefits claim is initiated, information is entered into the Database in order to efficiently track the progress of the claim and create an additional level of quality assurance. The Database tracks filling dates, appeal deadlines, level of appeal, onset date of disability, date of entitlement for Medi-Cal, Medicare, and relevant notes. All active claims/issues are marked as "Active" on the database. When cases are resolved, the award information is entered into the database, including the date of the award and types of healthcare benefits. The Quality Assurance Manager is responsible for monitoring the Database, tracking claims, procuring and submitting documentation, reporting outcomes through spreadsheet development, ensuring that files are properly closed out and maintaining efficient and effective protocol to ensure compliance with contract objectives and legal duties.

The Managing Legal Director and Supervising Attorney will meet on a weekly basis to ensure that the project is on track and discuss project design, protocols or methodology changes needed to meet outcome objectives. The Managing Legal Director will submit a written report to the Board of Directors prior to Board meetings summarizing project results and progress towards outcome objectives.

B. COMPENSATION

Compensation shall be made in monthly payments on or before the 30th day after the DIRECTOR, in his or her sole discretion, has approved the invoice submitted by CONTRACTOR. The breakdown of costs and sources of revenue associated with this Agreement appears in Appendix B, Cost Reporting/Data Collection (CR/DC) and Program Budget, attached hereto and incorporated by reference as though fully set forth herein. The maximum dollar obligation of the CITY under the terms of this Agreement shall not exceed Ten Million Seven Hundred Forty Four Thousand Four Hundred Forty Seven Dollars (\$10.744,447) for the period of October 1, 2013 through June 30, 2018.

CONTRACTOR understands that, of this maximum dollar obligation, \$283,877 is included as a contingency amount and is neither to be used in Appendix B, Budget, or available to CONTRACTOR without a modification to this Agreement executed in the same manner as this Agreement or a revision to Appendix B, Budget, which has been approved by the Director of Health. CONTRACTOR further understands that no payment of any portion of this contingency amount will be made unless and until such modification or budget revision has been fully approved and executed in accordance with applicable CITY and Department of Public Health laws, regulations and policies/procedures and certification as to the availability of funds by the Controller. CONTRACTOR agrees to fully comply with these laws, regulations, and policies/procedures.

- (1) For each fiscal year of the term of this Agreement, CONTRACTOR shall submit for approval of the CITY's Department of Public Health a revised Appendix A, Description of Services, and a revised Appendix B, Program Budget and Cost Reporting Data Collection form, based on the CITY's allocation of funding for SERVICES for the appropriate fiscal year. CONTRACTOR shall create these Appendices in compliance with the instructions of the Department of Public Health. These Appendices shall apply only to the fiscal year for which they were created. These Appendices shall become part of this Agreement only upon approval by the CITY.
- (2) CONTRACTOR understands that, of the maximum dollar obligation stated above, the total amount to be used in Appendix B, Budget and available to CONTRACTOR for the entire term of the contract is as follows, not withstanding that for each fiscal year, the amount to be used in Appendix B, Budget and available to CONTRACTOR for that fiscal year shall conform with the Appendix A, Description of Services, and a Appendix B, Program Budget and Cost Reporting Data Collection form, as approved by the CITY's Department of Public Health based on the CITY's allocation of funding for SERVICES for that fiscal year.

(3) CONTRACTOR understands that the CITY may need to adjust sources of revenue and agrees that these needed adjustments will become part of this Agreement by written modification to CONTRACTOR. In event that such reimbursement is terminated or reduced, this Agreement shall be terminated or proportionately reduced accordingly. In no event will CONTRACTOR be entitled to compensation in excess of these amounts for these periods without there first being a modification of the Agreement or a revision to Appendix B, Budget, as provided for in this section of this Agreement.

2 | P a g e March 14, 2017 Appendix B: CMS#7383

- C. CONTRACTOR agrees to comply with its Budget as shown in Appendix B in the provision of SERVICES. Changes to the budget that do not increase or reduce the maximum dollar obligation of the CITY are subject to the provisions of the Department of Public Health Policy/Procedure Regarding Contract Budget Changes. CONTRACTOR agrees to comply fully with that policy/procedure.
- D. No costs or charges shall be incurred under this Agreement nor shall any payments become due to CONTRACTOR until reports, SERVICES, or both, required under this Agreement are received from CONTRACTOR and approved by the DIRECTOR as being in accordance with this Agreement. CITY may withhold payment to CONTRACTOR in any instance in which CONTRACTOR has failed or refused to satisfy any material obligation provided for under this Agreement.
- E. In no event shall the CITY be liable for interest or late charges for any late payments.
- F. CONTRACTOR understands and agrees that should the CITY'S maximum dollar obligation under this Agreement include State or Federal Medi-Cal revenues, CONTRACTOR shall expend such revenues in the provision of SERVICES to Medi-Cal eligible clients in accordance with CITY, State, and Federal Medi-Cal regulations. Should CONTRACTOR fail to expend budgeted Medi-Cal revenues herein, the CITY'S maximum dollar obligation to CONTRACTOR shall be proportionally reduced in the amount of such unexpended revenues. In no event shall State/Federal Medi-Cal revenues be used for clients who do not qualify for Medi-Cal reimbursement.

ADDITIONAL INSURED PRIMARY AND NON-CONTRIBUTORY ENDORSEMENT FOR PUBLIC ENTITIES

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

- A. SECTION II WHO IS AN INSURED is amended to include any public entity as an additional insured for whom you are performing operations when you and such person or organization have agreed in a written contract or written agreement that such public entity be added as an additional insured(s) on your policy, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:
 - 1. Your negligent acts or omissions; or
 - 2. The negligent acts or omissions of those acting on your behalf; in the performance of your ongoing operations.

No such public entity is an additional Insured for liability arising out of the "products-completed operations hazard" or for liability arising out of the sole negligence of that public entity.

B. With respect to the insurance afforded to these additional insured(s), the following additional exclusions apply.

This insurance does not apply to "bodily injury" or "property damage" occurring after:

- All work, including materials, parts or equipment furnished in connection with such work, on the
 project (other than service, maintenance or repairs) to be performed by or on behalf of the additional
 insured(s) at the location of the covered operations has been completed; or
- That portion of "your work" out of which injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.
- C. The following is added to SECTION III LIMITS OF INSURANCE:

The limits of insurance applicable to the additional insured(s) are those specified in the written contract between you and the additional insured(s), or the limits available under this policy, whichever are less. These limits are part of and not in addition to the limits of insurance under this policy.

- D. With respect to the insurance provided to the additional insured(s), Condition 4. Other Insurance of SECTION IV COMMERCIAL GENERAL LIABILITY CONDITIONS is replaced by the following:
 - 4. Other Insurance
 - a. Primary Insurance

This insurance is primary if you have agreed in a written contract or written agreement:

(1) That this insurance be primary. If other insurance is also primary, we will share with all that other insurance as described in c. below; or

(2) The coverage afforded by this insurance is primary and non-contributory with the additional insured(s)' own insurance.

Paragraphs (1) and (2) do not apply to other insurance to which the additional insured(s) has been added as an additional insured or to other insurance described in paragraph b. below.

b. Excess insurance

This insurance is excess over:

- 1. Any of the other insurance, whether primary, excess, contingent or on any other basis:
 - (a) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
 - (b) That is fire, lightning, or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;
 - (c) That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises temporarily occupied by you with permission of the owner; or
 - (d) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion g. of SECTION I – COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE.
 - (e) That is any other insurance available to an additional insured(s) under this Endorsement covering liability for damages arising out of the premises or operations, or productscompleted operations, for which the additional insured(s) has been added as an additional insured by that other insurance.
- (1) When this insurance is excess, we will have no duty under Coverages A or B to defend the additional insured(s) against any "suit" if any other insurer has a duty to defend the additional insured(s) against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the additional insured(s)' rights against all those other insurers.
- (2) When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:
 - (a) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
 - (b) The total of all deductible and self-insured amounts under all that other insurance.
- (3) We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Methods of Sharing

If all of the other insurance available to the additional insured(s) permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any other the other insurance available to the additional insured(s) does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.
