The City and County of San Francisco uses the following methodology to determine compliance: Compliance is pre-trade and calculated on both a par and market value basis, using the result with the lowest percentage of the overall portfolio value. Cash balances are included in the City's compliance calculations.

Please note the information in this report does not include cash balances. Due to fluctuations in the market value of the securities held in the Pooled Fund and changes in the City's cash position, the allocation limits may be exceeded on a post-trade compliance basis. In these instances, no compliance violation has occurred, as the policy limits were not exceeded prior to trade execution.

The full Investment Policy can be found at http://www.sftreasurer.org/, in the Reports & Plans section of the About menu.

Totals may not add due to rounding.

Subject: : ADUs

Date: Monday, July 09, 2018 1:51:13 PM

Ladies and Gentlemen.

I have been away for about two months and haven't been following land use matters. In the few days since my return, I have come to understand that the proposed ADU legislation sponsored by Supervisor Tang, which originally contemplated new construction ADUs, has been amended in a number of respects, apparently one of which was to remove the provisions for new construction ADUs. In addition, there has been a flurry of other very recent amendments by Supervisors. I understand that at the Land Use and Transportation Committee meeting today, the Tang ADU legislation will be on considered, but it is unclear what amendments, if any, will be considered, including any relating to new construction ADUs.

I urge that the ADU legislation be returned to Planning to create and vet the amendments, include provisions for new construction ADUs AND provide that ALL units created under the under the legislation by rented only as below market rate housing, to a protected class all as more fully described below.

STATE LAW AUTHORIZES NEW CONSTRUCTION FOR ADUS BY LOCAL AGENCIES, WHICH MUST COMPLY

Recent amendments to the State ADU law (Gov.Code Section 65852.2) new construction ADUs are authorized so long as there is a single family dwelling which will either remain or will be created in the project to which an ADU can either be attached (or detached).

The State legislative history, I believe, makes clear that the public policy to be served by encouraging any and all ADU units is to mitigate high area housing costs and pricing people out of the market. In other words, everything produced is in fulfillment of that policy. The policy is NOT the same as requiring a few units of affordable housing as part of a market rate construction project, where the density bonus increase in market-rate housing is the "carrot" for a modest number of affordable units. Rather the entire ADU category should be subject to limits,

I would include in the protected class, tenants of low, moderate and "middle" income, as well as SF first responders, teachers and seniors. Of course, there could be exclusions for owner occupied, "grannies", and other family members of "high nexus consanguinity." Perhaps the ADU units could also be subject to rent control, assuming that would not run afoul of the Accountability Act.

So there you have it. My goal is to develop the dialogue about the public purpose behind the proposed ADU legislation. (I am assuming that it is not intended to provide housing stock for interim short rentals.) I hope that you will please consider these suggestions.

Dear Board Members,

We have provided SEIU a comprehensive response to the union's request for demographic information about its membership, including information on negative separations from employment. As these topics will be discussed at the upcoming GAO hearing on African Americans in City employment, I am providing them to you as well. We will also be preparing a report for the hearing once we learn more about what questions the committee would like us to address, and will provide that to you.

Feel free to contact me or EEO Director Linda Simon if you should have any questions or concerns.

Re: SEIU 1021 Request for Information

Dear David:

The City received your Request for Information for various demographic data breakdowns of your Citywide membership via email on March 19, 2018. This request stemmed from an agenda item being discussed at the monthly Citywide JLMC meeting. As part of a framework for a more detailed response, the City provided the 2013 Equal Employment Opportunity – Workforce Utilization Report to the Committee on April 30, 2018 and the Individual Employee Data Privacy Policy on May 16, 2018. Contained here is the City's detailed response within the limits of our data confidentiality policy:

 Race / Ethnic and Gender breakdown of all citywide disciplines by department/ work location including, written warnings, suspensions, terminations, probationary releases, probationary extensions, PIP's and medical separations of SEIU 1021 represented employees

It is the City's policy that we do not provide information regarding race / ethnicity or gender that would allow individual employees to be identified. As there are so few dismissals for cause, probationary releases and medical separations citywide, we cannot provide this information by department and work location without risking identifying individual employees. Accordingly, we can only provide this information in aggregate form citywide.

Further, this information can only be provided to the extent it is centrally collected in our Human Resources Management System (HRMS). Written warnings, suspensions, probationary extensions and performance plans are not in our HRMS system so they cannot be centrally provided.

For calendar year 2017, there were the following citywide separations based on dismissal for cause, probationary release and medical separations for PCS, FT SEIU, Local 1021 employees covering Miscellaneous, Nurses and H-1 MOUs by race / ethnicity and gender.

Please note that the City only started actively collecting data for the multiracial category in 2013.

 Breakdown of the City's workforce by department, work location, classification, hourly rate, race/ ethnicity, gender, age

The City already provides the Union a breakdown of its workforce by department, work location, classification and hourly rate every pay period. Regarding race / ethnicity, gender and age, the City shall provide this information in aggregate citywide for PCS, FT SEIU, Local 1021 employees covering Miscellaneous, Nurses and H-1 MOUs as of June 27, 2018. For age, this information will be categorized by those under age 40 and those 40 and over.

Additionally, these numbers have been broken down by class and department to the extent the data can be provided in a manner that does not risk identifying individuals. In those instances, the data for those classes or departments is provided in aggregate at the bottom of the worksheet.

This data can be accessed from the attached excel document that contains the following worksheets:

- Classes list of all SEIU classes and number of incumbents in those classes
- Dept. list of all departments and number of SEIU incumbents in those departments
- Race and Class list of incumbents by race and class for SEIU represented classes; de-identified provided at the bottom
- Gender and Class list of incumbents by gender and class for SEIU represented classes; deidentified provided at the bottom
- Age and Class list of incumbents by age and class for SEIU represented classes; de-identified provided at the bottom

- Gender and Dept. list of incumbents by gender and dept. for SEIU represented classes; deidentified provided at the bottom
- Age and Dept. list of incumbents by age and dept. for SEIU represented classes; de-identified provided at the bottom

We will be available to discuss this information at our next JLMC meeting scheduled for July 18, 2018 at 1:30 at the SEIU office.

Sincerely,

Victoria Carson

Hi there, Supervisors,

I expect each of you to be on the front lines of opposing ICE and obstructing Trump's agenda of putting children in cages. I want you to get LOUD and PUBLIC about this issue and put pressure on London Breed - A LOT of pressure on London Breed.

This is not the time for photo ops. This is the time for action. This is the time for you to do what we elected you to do: lead.

Thank you,

Subject: Initial Human Safety Report incident #1_Biohazard_9Jul2018

Date: Tuesday, July 10, 2018 4:32:23 PM

To the Board of SF District Supervisors,

On 7/9/2018 at approximately 9:15 AM I came to a complete stop at a traffic light on Hyde Street in San Francisco with my car windows open. I took notice of a worker preparing to powerwash something unidentified from the sidewalk. No sooner did the power washer kick on did I realize that I was heavily blasted in the face, eyes and mouth with the most vial smelling substance, only to conclude it had to be a byproduct of bio hazardous human waste. Seconds after the incident I felt the need to vomit and I could taste the bile in my mouth. I immediately pulled over to a safe spot around the block to gain my composure. It is unknown whether the biohazard that I was now wearing and just inhaled was blood, feces, urine, vomit, other human excrement or a combination of all. My car and I smelled so terrible that I had to immediately drive home to decontaminate myself, to clean my car and to throw out the clothes I was wearing.

I would like to know who to report this incident to (as nobody knows at the SF Department of Health) and what can be done to prevent this same thing from happening again to someone else in the future. I am a clinical scientist by training at a global biotech company and know that what I ingested and inhaled during this incident is definitely not good for me or anyone else for that matter! I just hope that I did not pick up any contagious or transmittable human diseases. Can someone help me to properly report this incident? I look forward to your response.

Thanks in advance for your help,

Subject: Dr. Joe Marshall

Date: Tuesday, July 10, 2018 9:48:52 AM

Hello,

Please vote against the re-appointment of Dr. Joe Marshall to the Police Commission. Dr. Marshall is simply too cozy with the Police Officers Association (POA) to implement the police reforms San Francisco needs.

We are especially troubled by his dishonest statements at the Rules Committee yesterday. He tried to deny that his organization, Alive and Free receives funding from the POA, but their annual reports show POA donations of between \$1,000 and \$10,000 every year for the last six years! Dr. Marshall also tried to deny that he had initially voted to allow police to use the dangerous carotid restraint. And maybe most disturbingly, he said he didn't think the POA had delayed any of our police reforms! We've seen over and over how the POA has tried to stall or block Use of Force reform, body cameras, taser policy, etc.

The Board's recent hearing on applicants for the Police Commission demonstrated that there are many well-qualified community members who are interested in serving on the Commission. Please reject this appointment to create the opportunity for new leadership on police reform.

Thank you,

Amy

Hey Supes,

I'm DSA SF member and I live in Hillary Ronen's district but I'm emailing all of you in solidarity with http://www.theleaguesf.org/reject_joe_marshall because I don't have time to show up during the working day with Alex Post and others who are making these requests in person. I live a few blocks from the Valencia and 17th st. police station where activists have had to resort hunger strikes to draw attention to fundamental and obviously necessary reforms. Enough is enough.

Please vote against the re-appointment of Dr. Joe Marshall to the Police Commission. Dr. Marhsall is simply too cozy with the Police Officers Association (POA) to implement the police reforms San Francisco needs.

We are especially troubled by his dishonest statements at the Rules Committee yesterday. He tried to deny that his organization, Alive and Free receives funding from the POA, but their annual reports show POA donations of between \$1,000 and \$10,000 every year for the last six years! Dr. Marshall also tried to deny that he had initially voted to allow police to use the dangerous carotid restraint. And maybe most disturbingly, he said he didn't think the POA had delayed any of our police reforms! We've seen over and over how the POA has tried to stall or block Use of Force reform, body cameras, taser policy, etc.

The Board's recent hearing on applicants for the Police Commission demonstrated that there are many well-qualified community members who are interested in serving on the Commission. Please reject this appointment to create the opportunity for new leadership on police reform.

Supervisor Fewer and Bos,

Please vote against the re-appointment of Dr. Joe Marshall to the Police Commission. A ally of the POA is NOT the person best suited to implement reforms that the Department of Justice and San Franciscans have called for. It's like electing Scott Pruit to run the EPA. This is not who we are in San Francisco and in order to restore trust between SFPD and residents we need an honest, independent voice who can recommend tough measures when needed.

Thanks in advance for your consideration. The choice ahead is more of the same corrupt POA appointees or a new direction all parties can look to for leadership.

Best,

Charles Hurbert, D1

Subject: Please Vote NO re: Re-appointment of Joe Marshall

Date: Tuesday, July 10, 2018 11:45:36 AM

Hello SF Supervisors,

My name is Melissa Gonzalez Hernandez and I am a San Francisco resident, attorney, and former core member of the No on H Campaign.

I am emailing to ask each of you to please vote against the re-appointment of Dr. Joe Marshall to the Police Commission. Dr. Marhsall is too keen to please the Police Officers Association (POA), which remains as anti-reform as ever despite Marty Halloran's departure, to be tasked with representing San Franciscans against the San Francisco Police Department and hold the POA accountable.

Like many of my former No on H cohorts, I believe Dr. Marshall will stand in the way of common sense police reforms. I was especially troubled by his dishonest statements at the Rules Committee hearing yesterday when he tried to deny that his organization, Alive and Free, receives funding from the POA. Alive and Free's annual reports show POA donations of between \$1,000 and \$10,000 every year for the last six years. Dr. Marshall also tried to deny he initially voted to allow police to use the dangerous carotid restraint.

I am deeply concerned about Dr. Marshall's disingenuousness when he said he didn't think the POA had delayed any SF police reforms. Anecdotally, every single criminal defense lawyer in town, and even most prosecutors, understand that the POA is a Trump-like organization that has consistently stood in the way of proposed police reforms. But we've also seen over and over how the POA has tried to stall or block Use of Force reform, body cameras, taser policy, etc. Put simply, Dr. Marshall's statement shows either a deep ignorance over police reform issues or an outright lack of candor, and both are more than salient reasons to vote against his re-appointment.

The Board's recent hearing on applicants for the Police Commission demonstrated that there are many well-qualified community members who are interested in serving on the Commission. Please reject this appointment to create the opportunity for new leadership on police reform.

Subject: Need your support for the 88 Broadway Project Case 2016-0078

Date: Monday, July 16, 2018 10:45:34 AM

Good morning honorable members of the San Francisco Board of Supervisors and all. I'm back, Dennis Hong here. I'm a retired Construction Project Manager and a Native San Franciscan for seventy plus years. Grew up in Chinatown and North Beach District 3 for 35 plus of those years. **So in my not too humble opinion** and again simply put, we need all of your support/approval with this win win Project. Besides that I believe this project dove-tails with our late Mayor Edwin Lee's vision for the City.

This week ends 7/15/2018, page 5 of the SF Examiner, by Joshua Sabatini-SF Examiner-Staff Writer - 'Mother of all mixed-incomes' indicated that this project will soon be up for your approval.

On March 7, 2018 I sent in my comments in full support of this project and objecting to the "Appeal". At that time most of you (BoS) were 'CC' on my comments. My email was included as part of the Projects file. Since we have a new Administration - if needed (please get back to me) I can forward this email to you.

In closing, since this appeal I was not sure if there was any additional overlap of this appeal, however, I would still like your support and look forward to this item to soon be on your agenda. Could anyone please get back to me as to when this may be on the agenda?

As I promised our late Mayor Edwin Lee I will continue to do my civic duty with reviewing and commenting on these DEIR/s. Incidentally, I just sent you all another email in full support of the Central SOMA Project.

This is a real unique Project and deserves your support. I'm not sure how to support these projects. At times I will focus on the design, use of materials and colors used, all too often it gets a nick to my comments / where the CEQA does not allow for this kind of comment, however, this project does a great job with this existing historical area and is well designed. Either way, we are in need of projects like this. I did not see this on any of the Boards agenda and may had missed it.

Too much time has been lost with this process. Everyone has worked real hard in a wonderful collaboration with this project. Please we can't let this Project fail.

Finally, as I see it, lets not delay these projects any longer. The construction costs keep rising. The developers/sponsors are leaving the city for other more feasible options. In my opinion, we have already lost too many wonderful projects. Understood, you can't make everyone happy, but this one is a win win for all. But, after all these years of reviewing and commenting on these DEIR's I feel more than ever in justifying your approval for this unique Project and it's a wonderful PROJECT!

With all that said, can I have it too- (your support)? If anyone has any question/s please feel free to get back to me and let's discuss it.

Thanks for listening to my rambling comments and input / and thanks for your continued support of these ongoing projects. Once again, I look forward to your approval.

All the Best,

Subject: Why do teachers not have a certificate of preference for San Francisco Housing?

Date: Thursday, July 12, 2018 1:24:16 PM

I keep looking at the DAHLIA housing for affordable rental opportunities. I have been teaching in San Francisco since 2008. Teachers who work in Bay Area distircts outside of San Francisco make a lot more money, than teachers in San Francisco proper do. Why is that? I understand that there is a plan to build teacher housing (all the way in the outskirts of the city), but what about giving teachers a certificate of preference for these housing lotteries? It seems like the city provides good benefits for low income, and higher income residents, but the middle class is really screwed over. I will be looking fro an apartment next year. I am essentially without an an apartment in San Francisco. What resources will you guys provide to help teachers find a home, besides the teacher building? (Could youimagine the lack of freedom and privacy of living in a building with coworkers)?

Peace and Love,

Sergio

> Re: Reversal of CPE: 2918-2924 Mission Street July 10, 2018 Meeting, Agenda Item 26 File No. 180718

Dear President Breed and Supervisors:

On behalf of RRTI, Inc., the owner of the above-referenced property, we submit this correspondence with regard to the above-referenced Agenda Item. On June 19, 2018, this Board heard the appeal of the Planning Department's issuance of a Community Plan Evaluation (CPE) for RRTI's multifamily residential project (Item 35), and reversed the Planning Department's determination subject to the adoption of written findings in support of the reversal (Item 37). The July 10 Agenda Item is the Board's adoption of those findings. Although RRTI, Inc. exhausted its administrative remedies before and during the June 19 Board meeting, it submits this letter in response to the proposed findings. Because the July 10 Board action is related to the June 19 Board action, this correspondence incorporates by reference all oral and written communications to the Planning Commission and this Board relating to the subject appeal.

As set forth in our June 18 correspondence to the Board, Code of Civil Procedure section 1094.5(b) requires a local agency decision to be set aside upon a showing of a prejudicial abuse of discretion. *Cobb v. San Francisco Residential Rent Stabilization & Arbitration Bd.* (2002) 98 Cal. App. 4th 345, 351. "Abuse of discretion is established if the respondent has not proceeded in the manner required by law, the order or decision is not supported by the findings, or the findings are not supported by the evidence." Code of Civ. Proc., § 1094.5(b.).

The June 19 reversal of the CPE constituted an abuse of discretion. Both RRTI and City Staff provided substantial evidence supporting the City's reliance on the CPE under the Eastern Neighborhoods PEIR. No substantial evidence provided evidence to the contrary, and it was apparent that the decision was based purely on a political calculation instead of the law or the facts.

Allen Matkins Leck Gamble Mallory & Natsis LLP Attorneys at Law

Board of Supervisors July 9, 2018 Page 2

With regard to the proposed findings, they do not provide support for the Board's reversal of the CPE, and the evidence in the record does not support the findings. As explained by the California Supreme Court:

implicit in section 1094.5 is a requirement that the agency which renders the challenged decision must set forth findings to bridge the analytic gap between the raw evidence and ultimate decision or order. If the Legislature had desired otherwise, it could have declared as a possible basis for issuing mandamus the absence of substantial evidence to support the administrative agency's action. By focusing, instead, upon the relationships between evidence and findings and between findings and ultimate action, the Legislature sought to direct the reviewing court's attention to the analytic route the administrative agency traveled from evidence to action. In so doing, we believe that the Legislature must have contemplated that the agency would reveal this route.

Topanga Assn. for a Scenic Community v. County of Los Angeles (1974) 11 Cal. 3d 506, 515.

Here, the Board fails to reveal an analytic route from the evidence in the record to its decision to reverse the CPE. This is not the fault of Staff – they clearly articulated during the June 19 hearing why claims about shadow impacts did not warrant reversal of the CPE. The Board, however, was determined to appease appellants despite the lack of evidence supporting a claim of shadow impacts. As such, the findings are legally inadequate. For example, although one of the findings claims that "there are environmental effects that are peculiar to the Project" that were not previously analyzed, there is no reference to any evidence in the record demonstrating a peculiar environmental effect relating to shadows. In fact, the evidence clearly demonstrates that the schoolyard does not qualify as space to which the City's shadow regulations apply. It is undisputed that the school is *not* part of the Shared Schoolyard Project and therefore does not allow public access to the subject schoolyard. As a result, the schoolyard clearly does not qualify as a public open space with regard to the City's shadow requirements.

The inadequacy of the findings is further evident by the following finding on page 4, lines 21-23: "Even if the School is not party of the Shared Schoolyard Project currently or does not become part of the Project in the near future, the shadow impacts on a public school site are important impacts to be considered as part of the CEQA analysis." This statement is unsupported by the law and the facts. Casting a shadow is not an environmental impact identified in the CEQA statute or Guidelines; the Eastern Neighborhoods PEIR does not consider shadows on non-open space areas to be significant impacts; and the evidence in the record demonstrates that the project would not result in significant shadow impacts that were not identified in the Eastern Neighborhoods PEIR.

Allen Matkins Leck Gamble Mallory & Natsis LLP Attorneys at Law

Board of Supervisors July 9, 2018 Page 3

In sum, the findings are legally inadequate, and the decision to reverse the Planning Department's CPE determination constitutes an abuse of discretion.

Very truly yours,

Ms. Angela Calvillo Clerk of the Board City Hall, Room 244 1 Dr. Carlton B. Goodlett Place San Francisco, California 94102-4689

Dear Ms. Calvillo:

Please find attached the Recreation and Park Department's report for the 4th quarter of FY17-18 in response to the requirements of Resolution 157-99 Lead Poisoning Prevention. To date, the Department has completed assessment and clean-up at **188** sites since program inception in 1999.

Since the last report, a survey was completed at Dorothy Erskine Park, and at Sue Bierman Park/Embarcadero Plaza. No clean up was required. Our next planned site is Seward Mini Park. We also continue to assess water fixtures at our sites, and are currently revising our site prioritization list to ensure correct site information.

I hope that you and interested members of the public find that the Department's performance demonstrates our commitment to the health and well being of the children we serve.

Thank you for your support of this important program. Please do not hesitate to contact me with any questions, comments or suggestions you have.

Sites are listed in order in which they were prioritized for survey. Prioritization is done using an algorithm which takes into account attributes of a site that would likely mean the presence of children from 0-12 years old (e.g. programming serving children, or the presence of a playground).

Sites are surveyed on a rolling basis. "Rolling" means that when one site finishes, the next site on the list will begin. Current sites are listed at the top. Sites not be completed in exact order of priority due to re-tests and other extenuating circumstances.

Re-tests of previous sites are completed every 10 surveys to ensure that past work has sustained an acceptable level of protection.

San Francisco Board of Supervisors 1 Dr. Carlton B. Goodlett Place City Hall, Room 244 San Francisco, CA 94102-4689

RE: Housing Sustainability District Ordinance

Dear Members of the Board of Supervisors:

Thank you for submitting the City and County of San Francisco's ("San Francisco") proposed ordinance establishing a housing sustainability district in central south of Market ("HSD-Central SOMA"). This letter serves as the preliminary determination by the Department of Housing and Community Development (HCD) required pursuant to Government Code (Gov. Code) section 66202.

HCD has preliminarily determined that the proposed HSD-Central SOMA ordinance addresses the requirements of housing sustainability districts, pursuant to Gov. Code, §§ 66200 through 66210. Please note that HCD's determination is only preliminary and may be subject to change for reasons including, but not limited to, the preparation of guidelines, new information in an adopted ordinance, certification of compliance, or other subsequent submittals (Gov. Code, § 66209). In addition, HCD has not conducted a full review of any design review standards for consistency with Gov. Code § 66207. Finally, please be aware that the Legislature has not appropriated funds for a zoning incentive payment and as a result, San Francisco is not entitled to a zoning incentive payment pursuant to Gov. Code, § 66202, subdivision (a)(2) or § 66204, subdivision (b) at this time.

Once the proposed HSD-Central SOMA ordinance takes effect, please submit an acknowledgement of such to HCD. Additionally, in the event the Legislature appropriates funds for zoning inventive payments, San Francisco should submit an application for a zoning incentive payment, including all of the information required by Gov. Code, §§ 66202, subdivisions (a) and (b), and 66204, subdivision (b).

HCD commends San Francisco for its leadership in advancing the state's housing goals, including with this implementation of AB 73 (Chiu) to streamline and incentivize housing production. Streamlining and production incentives such as housing sustainability districts are critical tools to increase housing supply and affordability, while conserving existing housing stock affordable to lower income households. HCD applauds San Francisco's long-standing commitment, innovation and success in promoting the development, conservation and preservation of affordable housing.

Subject: Taxi medallion system for the future: continue with a fixed-price sales model, or revert to the prior "Prop. K of

1978" model?

Date: Tuesday, July 10, 2018 4:08:20 AM Attachments: Trans. Code sec. 1116(d)(3).pdf

Dear Supervisors:

The city needs to decide very soon whether to continue with a buy-sell taxi medallion system, or instead revert to the prior Proposition K of 1978 model wherein a limited number of senior drivers acquire a valuable medallion (city permit) free of charge. The pending lawsuit by the credit union (San Francisco Federal Credit Union = SFFCU) against SFMTA presses the issue. Plaintiff's attorneys argue that on November 15, 2016, SFMTA constructively terminated the Medallion Sales Program by withdrawing its proposed Transportation Code amendment to allow outside corporations each to purchase up to fifty medallions. The lawsuit alleges breach of contract, bad faith, and malicious misrepresentation by SFMTA. Instead of facilitating medallion sales, SFMTA contracted for consultant Bruce Schaller's recently-issued recommendations, which avoid core issues and are generally ill-advised and unworkable anyway.

A few recent medallion purchasers have pleaded with your Board to have the city buy back their medallions. Underscoring the need for action are six recent suicides in New York City of similarly situated taxi medallion buyers. Thanks to Board President Malia Cohen for arranging a hearing on July 30 to discuss the situation.

How the City Attorney deals with the lawsuit will have a major impact on the taxi industry. Should Dennis Herrera agree SFFCU's allegations are factual, the city is contractually bound to repurchase the 130 medallions already forfeited, plus the other 600 or so on which buyers continue to make payments. The city apparently must also issue free-of-charge Prop. K medallions to all 730 or so purchasers, per above-attached Transportation Code section 1116(d)(3). Other affected stakeholder groups may surface with damage claims under this scenario.

Alternatively, were the city to go forward now with the long-delayed Transportation Code amendment(s), its liability might be limited to making the credit union whole for losses incurred so far due to loan payment forfeitures. This presumed liability, which relates to SFMTA's failure to date to actively promote medallion sales, likely is about \$50 million. The city will need to market its sales effort and also use tools within its jurisdictional powers to reduce the number of Transportation Network Company (TNC = Uber X and Lyft = privately owned cars) operating on city streets. Even though the state CPUC established the TNC category under its own jurisdiction while allowing for unlimited TNC numbers, the city can assess fees on TNC rides and / or require proof-of-commercial-insurance for TNC drivers operating on city streets. Upon information and belief, more than 80% of TNC drivers cut their overhead by committing insurance fraud via not disclosing to carriers the commercial usage of their vehicle. Regardless, the city needs to reduce vehicular congestion and create better

conditions for all drivers to earn a decent living.

Were the city able to sell 1,000 existing medallions to corporations such as Ford, General Motors, Google, etc. at the \$250,000 fixed price, it will generate \$250 million --- more than enough to make the credit union whole and also accommodate the hundreds of current medallion holders on waiting lists to either resell (a term applying to recent purchasers) or surrender-for-compensation (a term applying to medallion holders who acquired their permits under prior rules and whose lump-sum payment is less than that for the resellers.)

TNCs sell rides below cost, while the TNC companies report annual losses in the billions. The drivers and passengers are being subsidized by well-heeled venture capitalist investors. This business model is unsustainable.

If TNC numbers are reduced, or if the TNC business model eventually implodes altogether, the city will be positioned to generate billions of dollars for itself over time via new medallion sales and transfer fees. Absent a huge number of TNCs operating in San Francisco --- estimated now at 45,000 by the Tax Collector --- the current number of approximately 1,600 authorized taxicabs will need to be increased significantly in order to provide adequate public service.

I urge Mayor-elect London Breed to meet with Dennis Herrera very soon specifically to discuss the connection between how he plans to resolve the credit union lawsuit, and the city's ability and need to choose what taxi medallion model it wants to have going forward. Other city budget and transportation planners can provide valuable input.

Later today, Robert Cesana and I plan to speak at your Board meeting on the above topic. We have been board members of the San Francisco taxi Medallion Holders Association (MHA) for the past fifteen years or so.

Thank you for considering these comments.
