EXECUTIVE SUMMARY

Legislative Objectives

 The proposed resolution retroactively approves a new contract for mental health treatment and training services, mental health outpatient treatment, and Continuum of Care Reform Services between DPH and Seneca Center in the not to exceed amount of \$40,538,404 for a total contract term of July 1, 2018 through June 30, 2022, with one six year option to extend.

Key Points

• Seneca Center had a prior contract with DPH for some of the services that expire on September 30, 2018. Because DPH and Seneca Center would not be able to complete negotiations on the new contract prior to the expiration of the existing contract, DPH entered into an interim contract with Seneca Center to continue providing services from July 1, 2017 through September 30, 2018 in the amount of \$9,999,071. According to the contract, the City's Office of Contract Administration approved the interim contract as a sole source contract per Administrative Code Section 21.42 in order to ensure continuity of services. The term of the interim contract and the term of the proposed new contract overlap for the three-month period of July 1, 2018 through September 30, 2018. According to the proposed resolution, the interim contract will terminate and be replaced by the new contract.

Fiscal Impact

- Under the proposed contract, Seneca Center will support ten programs for an estimated annual budget of approximately \$9,046,751. The four year budget, including a 12 percent contingency, is \$40,529,444. The total budget in the contract and in the resolution is \$40,538,404 due to a clerical error. Therefore the proposed resolution should be amended to state the actual contract budget of \$40,529,444.
- FY 2018-19 funding for the proposed contract comes from federal, state and General Fund monies.

Recommendations

- Amend the proposed resolution to state the actual contract budget is not-to-exceed \$40,529,444.
- Approve the proposed resolution as amended.

MANDATE STATEMENT

City Charter Section 9.118(b) states that any contract entered into by a department, board or commission that (1) has a term of more than ten years, (2) requires expenditures of \$10 million or more, or (3) requires a modification of more than \$500,000 is subject to Board of Supervisors approval.

BACKGROUND

The Department of Public Health (DPH) solicited for new behavioral health providers between November 2016 and September 2017 for the following services:

- 1. Mental Health Outpatient Treatment Services (Children, Youth and Families)
- 2. Continuum of Care Reform Services (Behavioral Health Network for Foster Care Youth)

Interim Contract

Seneca Center had a prior contract with DPH for these services that expired on December 31, 2017. Because DPH and Seneca would not be able to complete negotiations on the new contract prior to the expiration of the existing contract, DPH entered into an interim contract to continue providing services from July 1, 2017, through September 30, 2018, in the amount of \$9,999,071. According to the contract, the City's Office of Contract Administration approved the interim contract as a sole source contract per Administrative Code Section 21.42 in order to ensure continuity of services.

The term of the interim contract and the term of the proposed new contract overlap for the three-month period of July 1, 2018 through September 30, 2018. According to the proposed resolution, the interim contract will terminate and be replaced by the new contract.

Scope of Work under Proposed Contract

The scope of work under the proposed contract, Seneca Center will provide a variety of programs including:

- 1. (CYF) Mental Health Treatment Support & Training Services: Services to support individuals involved in the juvenile justice system through connecting youth with community based mental health services.
- 2. - 3.3.2 Payment Limited to Satisfactory Services. Contractor is not entitled to any payments from City until Department of Public Health approves Services, including any furnished Deliverables, as satisfying all of the requirements of this Agreement. Payments to Contractor by City shall not excuse Contractor from its obligation to replace unsatisfactory Deliverables, including equipment, components, materials, or Services even if the unsatisfactory character of such Deliverables, equipment, components, materials, or Services may not have been apparent or detected at the time such payment was made. - (a) Disallowance. If Contractor requests or receives payment from City for Services, reimbursement for which is later disallowed by the State of California or United States Government, Contractor shall promptly refund the disallowed amount to City upon City's request. At its option, City may offset the amount disallowed from any payment due or to become due to Contractor under this Agreement or any other Agreement between Contractor and City.
 - 3.4 Audit and Inspection of Records. Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its Services. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Contractor shall maintain such data and records in an accessible location and condition for a period of not fewer than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. If Contractor expends less than \$750,000 a year in Federal awards, Contractor is exempt from the single audit requirements for that year, but records must be available for review or audit by appropriate officials of the Federal Agency, pass-through entity and General Accounting Office. Contractor agrees to reimburse the City any cost adjustments necessitated by this audit report. Any audit report which addresses all or part of the period covered by this Agreement shall treat the service components identified in the detailed descriptions attached to Appendix A and referred to in the Program Budgets of Appendix B as discrete program entities of the Contractor.

- 3.4.2 The Director of Public Health or his / her designee may approve a waiver of the audit requirement in Section 3.4.1 above, if the contractual Services are of a consulting or personal services nature, these Services are paid for through fee for service terms which limit the City's risk with such contracts, and it is determined that the work associated with the audit would produce undue burdens or costs and would provide minimal benefits. A written request for a waiver must be submitted to the DIRECTOR ninety (90) calendar days before the end of the Agreement term or Contractor's fiscal year, whichever comes first.
- 3.4.3 Any financial adjustments necessitated by this audit report shall be made by Contractor to the City. If Contractor is under contract to the City, the adjustment may be made in the next subsequent billing by Contractor to the City, or may be made by another written schedule determined solely by the City. 3.6 Reserved. (Payment of Prevailing Wages)

Article 4 Services and Resources

- 4.1 Services Contractor Agrees to Perform. Contractor agrees to perform the Services provided for in Appendix A, "Scope of Services." Officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for, Services beyond the Scope of Services listed in Appendix A, unless Appendix A is modified as provided in Section 11.5, "Modification of this Agreement."
- 4.2 Qualified Personnel. Contractor shall utilize only competent personnel under the supervision of, and in the employment of, Contractor (or Contractor's authorized subcontractors) to perform the Services. Contractor will comply with City's reasonable requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. Contractor shall commit adequate resources to allow timely completion within the project schedule specified in this Agreement.
- 4.3 Subcontracting. Contractor may subcontract portions of the Services only upon prior written approval of City. Contractor is responsible for its subcontractors throughout the course of the

work required to perform the Services. All Subcontracts must incorporate the terms of Article 10 "Additional Requirements Incorporated by Reference" of this Agreement, unless inapplicable. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void.

4.4 Independent Contractor; Payment of Employment Taxes and Other Expenses.

4.4.1 Independent Contractor. For the purposes of this Article 4, "Contractor" shall be deemed to include not only Contractor, but also any agent or employee of Contractor. Contractor acknowledges and agrees that at all times, Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this section. Should City determine that Contractor, or any agent or employee of Contractor, is not performing in accordance with the requirements of this Agreement, City shall provide Contractor with written notice of such failure. Within five (5) business days of Contractor's receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

4.4.2 Payment of Employment Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding

two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this section.

- Assignment. The Services to be performed by Contractor are personal in character and neither this Agreement nor any duties or obligations hereunder may be assigned or delegated by Contractor unless first approved by City by written instrument executed and approved in the same manner as this Agreement. Any purported assignment made in violation of this provision shall be null and void.
- 4.6 Warranty. Contractor warrants to City that the Services will be performed with the degree of skill and care that is required by current, good and sound professional procedures and practices, and in conformance with generally accepted professional standards prevailing at the time the Services are performed so as to ensure that all Services performed are correct and appropriate for the purposes contemplated in this Agreement.

Article 5 Insurance and Indemnity

5.1 Insurance.

- 5.1.1 Required Coverages. Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

- 5.1.2 Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to provide:

- 5.1.4 Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.
- 5.1.5 Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.
- 5.1.6 Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.
- 5.1.7 Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A., VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Contractor's liability hereunder.
- 5.1.8 The Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.
- 5.1.9 If Contractor will use any subcontractor(s) to provide Services, Contractor shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and the Contractor as additional insureds.

 NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT
- 6.2 **Liability for Use of Equipment.** City shall not be liable for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or any of its subcontractors, or by any of their employees, even though such equipment is furnished, rented or loaned by City.

this Agreement, or the Services delivered pursuant hereto. Contractor shall remit to the State of California any sales or use taxes paid by City to Contractor under this Agreement. Contractor agrees to promptly provide information requested by the City to verify Contractor's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

- 7.2 Contractor acknowledges that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.
- 7.2.3 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.
- 7.2.4 Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

6. METHODOLOGY

Treatment services are designed to stabilize placements or increase the likelihood of a successful transition to a lower level of care. Services will supplement those mental health services already in place, and be provided in the most appropriate setting. Services

Program: Therapeutic Behavioral Services (TBS)

Based on Fiscal Year: 18-19

Appendix A-1 Contract Term: 7/1/18- 6/30/22 FSP#: 1000009939

will be individualized and designed to meet the unique needs of each child referred for services.

Services will:

• be provided as needed,

- reflect treatment planning that includes measurable objectives for each client;
- be culturally appropriate.

7. OBJECTIVES AND MEASUREMENTS

All objectives, and descriptions of how objectives will be measured, are contained in the BHS document entitled Performance Objectives FY 18-19.

8. <u>CONTINUOUS QUALITY IMPROVEMENT</u> (CQI):

Seneca Family of Agencies (SFA) has a robust continuous quality improvement (CQI) program that serves to ensure compliance with local, state and federal requirements. Additionally, CQI activities are used to monitor and improve the quality of services provided by SFA. SFA's Quality Assurance (QA) department works closely with agency/program leaders to identify areas of program improvement through clinical discussion, electronic health record reports and/or review of incident reports.

A. Achievement of Contract Performance Objectives

Contract performance objectives are monitored closely by both the QA director and program leadership to ensure that all objectives are achieved. The method for tracking progress in performance objectives varies based on the objective, but include close consultation with SFDPH staff, utilization of Avatar and Seneca electronic health record reports and data analysis by SFA's performance improvement and quality assurance staff.

Specifically, service units are monitored on a monthly basis by QA and program staff to ensure timely and adequate billing as a reflection of quantity of service provided. Reports are provided weekly to program managers regarding the number of minutes billed and the timeliness in which notes are written. Service units are also monitored on a monthly basis by QA and accounting to ensure timely claiming in Avatar. Additionally, all clinical staff members receive CANS training annually. This training is tracked closely in Seneca's electronic learning management system and monitored by program supervisors and QA staff to ensure compliance. Also, SFA's QA Director, Division Director or their designee attend all CANS superuser calls and county provider meetings.

Lastly, timely CANS and Plan of Care documentation is monitored closely through SFA's internal audit process (see below) and also via Avatar reports.

B. Documentation Quality, including internal audits

Program leaders work with the QA department to ensure compliance with all documentation standards. The QA department facilitates monthly Utilization Review meetings in each program that includes a review of charts to monitor the clinical utility of

services as well as the thorough completion of clinical documentation. A UR checklist was developed to ensure that all items required by the county are present in the chart. If charts are found to be in need of improvement, they return to UR meetings monthly until the corrections are made. All charts in a program are reviewed between 30-60 days of entry into the program and every 6 months thereafter, in a timeline that coincides with the due dates for updated clinical documentation. A final review occurs within 30 days after discharge to ensure that all final documentation is completed as required.

C. Cultural competency of staff and services

All staff members working in our programs are required to obtain cultural competency training annually. These trainings can reflect a number of topics and are carefully monitored by SFA's training department to ensure relevance to ensuring the cultural competency of staff. Reports on staff attendance are monitored through Seneca's learning management software by program leadership and reported during compliance audit visits annually.

Additionally, due to the size of the SFA San Francisco contract, program managers participate in county cultural competence training and write an annual cultural competence report. This report documents staff cultural make-up, recruitment efforts to ensure diversity and language capacities available to clients and families.

D. Client Satisfaction

Client and caregiver satisfaction surveys are distributed annually at the direction of SFDPH. Distribution of surveys is managed by QA staff to ensure that all eligible clients and families are provided with the opportunity to provide feedback to the programs and county. Staff members are available to provide assistance to any clients or caregivers who request help completing their surveys. Once all surveys are returned, they are provided en masse to staff at SFDPH to ensure a 100% completion rate.

E. Measurement, analysis, and use of CANS or ANSA data

For situations where formal assessments are required for Seneca charts but are not completed by private practitioners, a CANS Initial Assessment is conducted to inform the treatment planning process. CANS Assessments are updated every six or twelve months to track client progress over time. Depending on County reporting requirements, CANS data are analyzed by Seneca's Department of Performance Improvement to show change in CANS items at a program level.

Seneca Family of Agencies (SFA) has a robust continuous quality improvement (CQI) program that serves to ensure compliance with local, state and federal requirements. Additionally, CQI activities are used to monitor and improve the quality of services provided by SFA. SFA's Quality Assurance (QA) department works closely with agency/program leaders to identify areas of program improvement through clinical discussion, electronic health record reports and/or review of incident reports.

A. Achievement of Contract Performance Objectives

Contract performance objectives are monitored closely by both the QA director and program leadership to ensure that all objectives are achieved. The method for tracking progress in performance objectives varies based on the objective, but include close consultation with SFDPH staff, utilization of Avatar and Seneca electronic health record reports and data analysis by SFA's performance improvement and quality assurance staff.

Specifically, service units are monitored on a monthly basis by QA and program staff to ensure timely and adequate billing as a reflection of quantity of service provided. Reports are provided weekly to program managers regarding the number of minutes billed and the timeliness in which notes are written. Service units are also monitored on a monthly basis by QA and accounting to ensure timely claiming in Avatar. Additionally, all clinical staff members receive CANS training annually. This training is tracked closely in Seneca's electronic learning management system and monitored by program supervisors and QA staff to ensure compliance. Also, SFA's QA Director, Division Director or their designee attend all CANS superuser calls and county provider meetings. Lastly, timely CANS and Plan of Care documentation is monitored closely through SFA's internal audit process (see below) and also via Avatar reports.

B. Documentation Quality, including internal audits

Program leaders work with the QA department to ensure compliance with all documentation standards. The QA department facilitates monthly Utilization Review meetings in each program that includes a review of charts to monitor the clinical utility of services as well as the thorough completion of clinical documentation. A UR checklist was developed to ensure that all items required by the county are present in the chart. If charts are found to be in need of improvement, they return to UR meetings monthly until the corrections are made. All charts in a program are reviewed between 30-60 days of entry into the program and every 6 months thereafter, in a timeline that coincides with the

due dates for updated clinical documentation. A final review occurs within 30 days after discharge to ensure that all final documentation is completed as required.

C. Cultural competency of staff and services

All staff members working in our programs are required to obtain cultural competency training annually. These trainings can reflect a number of topics and are carefully monitored by SFA's training department to ensure relevance to ensuring the cultural competency of staff. Reports on staff attendance are monitored through Seneca's learning management software by program leadership and reported during compliance audit visits annually.

Additionally, due to the size of the SFA San Francisco contract, program managers participate in county cultural competence training and write an annual cultural competence report. This report documents staff cultural make-up, recruitment efforts to ensure diversity and language capacities available to clients and families.

D. Client Satisfaction

Client and caregiver satisfaction surveys are distributed annually at the direction of SFDPH. Distribution of surveys is managed by QA staff to ensure that all eligible clients and families are provided with the opportunity to provide feedback to the programs and county. Staff members are available to provide assistance to any clients or caregivers who request help completing their surveys. Once all surveys are returned, they are provided en masse to staff at SFDPH to ensure a 100% completion rate.

E. Measurement, analysis, and use of CANS or ANSA data

For situations where formal assessments are required for Seneca charts but are not completed by private practitioners, a CANS Initial Assessment is conducted to inform the treatment planning process. CANS Assessments are updated every six or twelve months to track client progress over time. Depending on County reporting requirements, CANS data are analyzed by Seneca's Department of Performance Improvement to show change in CANS items at a program level.

3 GOAL STATEMENT

The goal of School Based Services is to help clients achieve a level of success that may enable them to mainstream to a public program, or be referred to a lower level, less restrictive educational program.

The goal of School Based Services located at public district school partner sites is to help build inclusive school environments capable of increasing the achievement of all students, particularly students facing academic, behavioral, and/or social-emotional challenges that place them at risk of referral for more restrictive education settings.

4. TARGET POPULATION

In each of these programs, Seneca Center is committed to serving those seriously emotionally disturbed children who have not succeeded in less restrictive learning or residential environments, or who attend public schools and are at-risk of being referred to more restrictive placements because of their behavioral and mental health challenges. Children are accepted unconditionally into our programs, and are not discharged for exhibiting the behaviors for which they were referred. Children in our school based programs cannot be served in a public school setting, and children in our residential programs have histories of multiple placement failures in less restrictive settings.

Regarding the mental health treatment needs of these children, most have received a DSM-IV diagnosis, often prior to placement at Seneca Center. The most common diagnoses include post-traumatic stress, conduct disorder, attention deficit, oppositional defiant, depressive disorders, and pervasive developmental disorders. Although few of the children at Seneca Center can be classified as actively psychotic, many have great

difficulty in modulating and controlling their behavior. They can quickly escalate to a highly aggressive, often self-destructive state with very little environmental stress.

Typically, the children attending Seneca Center's programs are seriously deficient in the life and social skills needed to function in a home, school, or community setting. These children exhibit behaviors that are destructive to self, others, or property and therefore require a highly structured, individualized course of treatment closely monitored by educational and mental health staff.

Seneca's School Based Services support students referred by San Francisco County's Community Behavioral Health Section as defined by the California State Department of Mental Health. For services provided on at our district public school partnership sites, students are referred by teachers or identified through universal screeners as experiencing behavioral and/or social emotional challenges that interfere with their learning and place them at risk of placement at a more restrictive education setting. The School Based Program offer a structured, therapeutic milieu designed to treat each student's individual needs to promote the opportunity for that child to benefit from the educational program while building self-esteem and developing socio-emotional maturation. Staff members are apprised of the treatment goals during regular staff meetings, and are prepared to assist the student enhance self esteem, develop successful strategies for coping, increase socialization skills and reach the therapeutic goals established in the child's treatment plan. Services are delivered through a series of group and individualized activities.

Services at our district public school partnership sites are provided by behavioral support staff and mental health clinicians who collaborate with general education staff to create individualized plans that support students' treatment goals and ensure that students are able to build the social and behavioral skills necessary to succeed in an inclusive education setting. In addition to push-in classroom support, services are delivered through a series of group and individualized activities.

7. OBJECTIVES AND MEASUREMENTS

All objectives, and descriptions of how objectives will be measured, are contained in the BHS document entitled Performance Objectives FY 18-19.

8. CONTINUOUS QUALITY IMPROVEMENT (CQI):

Seneca Family of Agencies (SFA) has a robust continuous quality improvement (CQI) program that serves to ensure compliance with local, state and federal requirements. Additionally, CQI activities are used to monitor and improve the quality of services provided by SFA. SFA's Quality Assurance (QA) department works closely with agency/program leaders to identify areas of program improvement through clinical discussion, electronic health record reports and/or review of incident reports.

A. Achievement of Contract Performance Objectives

Contract performance objectives are monitored closely by both the QA director and program leadership to ensure that all objectives are achieved. The method for tracking progress in performance objectives varies based on the objective, but include close consultation with SFDPH staff, utilization of Avatar and Seneca electronic health record reports and data analysis by SFA's performance improvement and quality assurance staff.

Specifically, service units are monitored on a monthly basis by QA and program staff to ensure timely and adequate billing as a reflection of quantity of service provided. Reports are provided weekly to program managers regarding the number of minutes billed and the timeliness in which notes are written. Service units are also monitored on a monthly basis by QA and accounting to ensure timely claiming in Avatar. Additionally, all clinical staff members receive CANS training annually. This training is tracked closely in Seneca's electronic learning management system and monitored by program supervisors and QA staff to ensure compliance. Also, SFA's QA Director, Division Director or their designee attend all CANS superuser calls and county provider meetings.

Lastly, timely CANS and Plan of Care documentation is monitored closely through SFA's internal audit process (see below) and also via Avatar reports.

B. Documentation Quality, including internal audits

Program leaders work with the QA department to ensure compliance with all documentation standards. The QA department facilitates monthly Utilization Review meetings in each program that includes a review of charts to monitor the clinical utility of services as well as the thorough completion of clinical documentation. A UR checklist was developed to ensure that all items required by the county are present in the chart. If charts are found to be in need of improvement, they return to UR meetings monthly until the corrections are made. All charts in a program are reviewed between 30-60 days of entry into the program and every 6 months thereafter, in a timeline that coincides with the due dates for updated clinical documentation. A final review occurs within 30 days after discharge to ensure that all final documentation is completed as required.

C. Cultural competency of staff and services

All staff members working in our programs are required to obtain cultural competency training annually. These trainings can reflect a number of topics and are carefully monitored by SFA's training department to ensure relevance to ensuring the cultural

competency of staff. Reports on staff attendance are monitored through Seneca's learning management software by program leadership and reported during compliance audit visits annually.

Additionally, due to the size of the SFA San Francisco contract, program managers participate in county cultural competence training and write an annual cultural competence report. This report documents staff cultural make-up, recruitment efforts to ensure diversity and language capacities available to clients and families.

D. Client satisfaction

Client and caregiver satisfaction surveys are distributed annually at the direction of SFDPH. Distribution of surveys is managed by QA staff to ensure that all eligible clients and families are provided with the opportunity to provide feedback to the programs and county. Staff members are available to provide assistance to any clients or caregivers who request help completing their surveys. Once all surveys are returned, they are provided en masse to staff at SFDPH to ensure a 100% completion rate.

E. Measurement, analysis, and use of CANS or ANSA data

For situations where formal assessments are required for Seneca charts but are not completed by private practitioners, a CANS Initial Assessment is conducted to inform the treatment planning process. CANS Assessments are updated every six or twelve months to track client progress over time. Depending on County reporting requirements, CANS data are analyzed by Seneca's Department of Performance Improvement to show change in CANS items at a program level.

6. METHODOLOGY

Upon intake. Clinicians will work with clients and their families to understand the particular behavior(s) causing difficulty for the client, as well as the constellation of challenges contributing to or maintaining those behaviors. Over a four week engagement period, clinicians will assess the client and family's readiness to change and willingness to engage in intensive treatment, and orient them to the various elements of this treatment. If clients and families decide that treatment is right for them after these introductory sessions, they are asked to commit to a 6-month treatment period, which ensures they receive skills training in 4 modules: mindfulness skills, interpersonal effectiveness skills, emotion regulation skills, and distress tolerance skills. These modules will be taught to clients and their families in weekly skills groups. Clients also receive weekly individual therapy and as-needed family therapy to apply the skills learned in their groups, troubleshoot any barriers, and assess progress. Clients are expected to maintain a diary card to track behaviors, emotions, and skills so that this information may be utilized in individual therapy. Throughout treatment, clients will also have access to after-hours skills coaching phone calls, Monday through Friday. When a client completes all modules of skills training, they will have the option to re-enroll for an additional treatment period if clinically indicated which may involve a less intensive service structure (many of these clients may attend group only). When clients graduate from services or if clients and families determine that the service structure and modality is not right for them after the four week introductory period, referrals for alternative therapeutic services may be made.

3 GOAL STATEMENT

The goal of School Based Services located at public district school partner sites is to help build inclusive school environments capable of increasing the achievement of all students, particularly students facing academic, behavioral, and/or social-emotional challenges that place them at risk of referral for more restrictive education settings. The goal in this instance is to deliver the SOAR (Strength, Opportunity, Achievement, Resilience) model through the provision of individual, group, and family mental health interventions to students, as outlined in their Individualized Education Plan (IEP), in concert with the educational curriculum of the SOAR classroom so that they may have future success in a mainstream school setting.

4. TARGET POPULATION

Children are accepted into the Tenderloin Community Elementary SOAR classroom through the Educationally Related Mental Health Services (ERMHS) evaluation process, conducted by the San Francisco Department of Public Health in partnership with the San Francisco Unified School District. The services must be designated in the students IEP. A majority of students placed in a SOAR classroom at SFUSD are classified as experiencing emotional disturbance through the IEP evaluation process. These students have experienced pervasive, long term, behavioral and emotional issues that impede their ability to learn, cannot be otherwise explained by an intellectual or sensory disorder or other health factors, and that have been observed in two or more settings including school.

In the SOAR classroom, the Seneca mental health therapist works in collaboration with the SFUSD SOAR classroom team, which includes a special education teacher, paraprofessionals, and a board certified behavior analyst, all of whom are employed by SFUSD. The team implements the SOAR model in the classroom, which combines a structured behavioral framework, educational instruction, and mental health services, including individual, group, and family interventions in order to support the children in meeting their educational and social emotional IEP goals

- (3) CONTRACTOR understands that the CITY may need to adjust sources of revenue and agrees that these needed adjustments will become part of this Agreement by written modification to CONTRACTOR. In event that such reimbursement is terminated or reduced, this Agreement shall be terminated or proportionately reduced accordingly. In no event will CONTRACTOR be entitled to compensation in excess of these amounts for these periods without there first being a modification of the Agreement or a revision to Appendix B, Budget, as provided for in this section of this Agreement.
- (4) SERVICES OF ATTORNEYS No invoices for Services provided by law firms or attorneys, including, without limitation, as subcontractors of Contractor, will be paid unless the provider received advance written approval from the City Attorney.
 - (5) STATE OR FEDERAL MEDI-CAL REVENUES
 - CONTRACTOR understands and agrees that should the CITY'S maximum dollar obligation under this Agreement include State or Federal Medi-Cal revenues, CONTRACTOR shall expend such revenues in the provision of SERVICES to Medi-Cal eligible clients in accordance with CITY, State, and Federal Medi-Cal regulations. Should CONTRACTOR fail to expend budgeted Medi-Cal revenues herein, the CITY'S maximum dollar obligation to CONTRACTOR shall be proportionally reduced in the amount of such unexpended revenues. In no event shall State/Federal Medi-Cal revenues be used for clients who do not qualify for Medi-Cal reimbursement.
 - CONTRACTOR further understands and agrees that any State or Federal Medi-Cal funding in this Agreement
 subject to authorized Federal Financial Participation (FFP) is an estimate, and actual amounts will be determined
 based on actual services and actual costs, subject to the total compensation amount shown in this Agreement."
- C. CONTRACTOR agrees to comply with its Budget as shown in Appendix B in the provision of SERVICES. Changes to the budget that do not increase or reduce the maximum dollar obligation of the CITY are subject to the provisions of the Department of Public Health Policy/Procedure Regarding Contract Budget Changes. CONTRACTOR agrees to comply fully with that policy/procedure.
- D. No costs or charges shall be incurred under this Agreement nor shall any payments become due to CONTRACTOR until reports, SERVICES, or both, required under this Agreement are received from CONTRACTOR and approved by the DIRECTOR as being in accordance with this Agreement. CITY may withhold payment to CONTRACTOR in any instance in which CONTRACTOR has failed or refused to satisfy any material obligation provided for under this Agreement.
 - E. In no event shall the CITY be liable for interest or late charges for any late payments.

Contractors sometimes want to limit the Section 3, Termination, to breaches of "material provisions," or include an opportunity to cure. A breach of PHI is very different than a breach of a contract, so we may not want to allow the cure period or we may want to require that the "cure" is satisfactory to the City. If so, please contact the City Attorney's Office.

3. Termination.

- a. Material Breach. A breach by BA of any provision of this BAA, as determined by CE, shall constitute a material breach of the Agreement and this BAA and shall provide grounds for immediate termination of the Agreement and this BAA, any provision in the AGREEMENT to the contrary notwithstanding. BA is solely responsible for all decisions made by BA regarding the safeguard of PHI.

Contractors sometimes want to make section 4 a mutual ability to terminate. If so, please contact the City Attorney Office.

4. Amendment to Comply with Law.

The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or this BAA may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standar and requirements of HIPAA, the HITECH Act, the HIPAA regulations and other applicable state or federal laws 7 | P a g e OCPA & CAT v4/12/2018

relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this BAA embodying written assurances consistent with the updated standards and requirements of HIPAA, the HITECH Act, the HIPAA regulations or other applicable state or federal laws. CE may terminate the Agreement upon thirty (30) days written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or this BAA when requested by CE pursuant to this section or (ii) BA does not enter into an amendment to the Agreement or this BAA providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

Contractors sometimes want to delete section 5 because they claim the indemnification and liability sections in the main agreement cover this issue. If so, please contact the City Attorney's Office.

5. Reimbursement for Fines or Penalties.

In the event that CE pays a fine to a state or federal regulatory agency, and/or is assessed civil penalties or damages through private rights of action, based on an impermissible access, use or disclosure of PHI by BA or its subcontractors or agents, then BA shall reimburse CE in the amount of such fine or penalties or damages within thirty (30) calendar days from City's written notice to BA of such fines, penalties or damages.

Dispute Resolution Procedure For Health and Human Services Nonprofit Contractors 9-06

Introduction

The City Nonprofit Contracting Task Force submitted its final report to the Board of Supervisors in June 2003. The report contains thirteen recommendations to streamline the City's contracting and monitoring process with health and human services nonprofits. These recommendations include: (1) consolidate contracts, (2) streamline contract approvals, (3) make timely payment, (4) create review/appellate process, (5) eliminate unnecessary requirements, (6) develop electronic processing, (7) create standardized and simplified forms, (8) establish accounting standards, (9) coordinate joint program monitoring, (10) develop standard monitoring protocols, (11) provide training for personnel, (12) conduct tiered assessments, and (13) fund cost of living increases. The report is available on the Task Force's website at http://www.sfgov.org/site/npcontractingtf index asp?id=1270. The Board adopted the recommendations in February 2004. The Office of Contract Administration created a Review/Appellate Panel ("Panel") to oversee implementation of the report recommendations in January 2005.

The Board of Supervisors strongly recommends that departments establish a Dispute Resolution Procedure to address issues that have not been resolved administratively by other departmental remedies. The Panel has adopted the following procedure for City departments that have professional service grants and contracts with nonprofit health and human service providers. The Panel recommends that departments adopt this procedure as written (modified if necessary to reflect each department's structure and titles) and include it or make a reference to it in the contract. The Panel also recommends that departments distribute the finalized procedure to their nonprofit contractors. Any questions for concerns about this Dispute Resolution Procedure should be addressed to purchasing@sfgov.org.

Dispute Resolution Procedure

The following Dispute Resolution Procedure provides a process to resolve any disputes or concerns relating to the administration of an awarded professional services grant or contract between the City and County of San Francisco and nonprofit health and human services contractors.

Contractors and City staff should first attempt to come to resolution informally through discussion and negotiation with the designated contact person in the department.

If informal discussion has failed to resolve the problem, contractors and departments should employ the following steps:

- Step 1 The contractor will submit a written statement of the concern or dispute addressed to the Contract/Program Manager who oversees the agreement in question. The writing should describe the nature of the concern or dispute, i.e., program, reporting, monitoring, budget, compliance or other concern. The Contract/Program Manager will investigate the concern with the appropriate department staff that are involved with the nonprofit agency's program, and will either convene a meeting with the contractor or provide a written response to the contractor within 10 working days.
- Step 2 Should the dispute or concern remain unresolved after the completion of Step 1, the contractor may request review by the Division or Department Head who supervises the Contract/Program Manager. This request shall be in writing and should describe why the concern is still unresolved and propose a solution that is satisfactory to the contractor. The Division or Department Head will consult with other Department and City staff as appropriate, and will provide a written determination of the resolution to the dispute or concern within 10 working days.
- Step 3 Should Steps 1 and 2 above not result in a determination of mutual agreement, the contractor may forward the dispute to the Executive Director of the Department or their designee. This dispute shall be in writing and describe both the nature of the dispute or concern and why the steps taken to date are not satisfactory to the contractor. The Department will respond in writing within 10 working days.

In addition to the above process, contractors have an additional forum available only for <u>disputes</u> that concern implementation of the thirteen policies and procedures recommended by the <u>Nonprofit Contracting Task Force and adopted by the Board of Supervisors</u>. These recommendations are designed to improve and streamline contracting, invoicing and monitoring procedures. For more information about the Task Force's recommendations, see the June 2003 report at http://www.sfgov.org/site/npcontractingtf index.asp?id=1270.

The Review/Appellate Panel oversees the implementation of the Task Force report. The Panel is composed of both City and nonprofit representatives. The Panel invites contractors to submit concerns about a department's implementation of the policies and procedures. Contractors can notify the Panel after Step 2. However, the Panel will not review the request until all three steps are exhausted. This review is limited to a concern regarding a department's implementation of the policies and procedures in a manner which does not improve and streamline the contracting process. This review is not intended to resolve substantive disputes under the contract such as change orders, scope, term, etc. The contractor must submit the request in writing to purchasing@sfgov.org. This request shall describe both the nature of the concern and why the process to date is not satisfactory to the contractor. Once all steps are exhausted and upon

receipt of the written request, the Panel will review and make recommendations regarding any necessary changes to the policies and procedures or to a department's administration of policies and procedures.

San Francisco Department of Public Health Privacy Policy Compliance Standards

As part of this Agreement, Contractor acknowledges and agrees to comply with the following:

In City's Fiscal Year 2003/04, a DPH Privacy Policy was developed and contractors advised that they would need to comply with this policy as of July 1, 2005.

As of July 1, 2004, contractors were subject to audits to determine their compliance with the DPH Privacy Policy using the six compliance standards listed below. Audit findings and corrective actions identified in City's Fiscal year 2004/05 were to be considered informational, to establish a baseline for the following year.

Beginning in City's Fiscal Year 2005/06, findings of compliance or non-compliance and corrective actions were to be integrated into the contractor's monitoring report.

Item #1: DPH Privacy Policy is integrated in the program's governing policies and procedures regarding patient privacy and confidentiality.

As Measured by: Existence of adopted/approved policy and procedure that abides by the rules outlined in the DPH Privacy Policy

Item #2: All staff who handle patient health information are oriented (new hires) and trained in the program's privacy/confidentiality policies and procedures.

As Measured by: Documentation showing individual was trained exists.

Item #3: A Privacy Notice that meets the requirements of the Federal Privacy Rule (HIPAA) is written and provided to all patients/clients served in their threshold and other languages. If document is not available in the patient's/client's relevant language, verbal translation is provided.

As Measured by: Evidence in patient's/client's chart or electronic file that patient was "noticed." (Examples in English, Cantonese, Vietnamese, Tagalog, Spanish, Russian will be provided.)

Item #4: A Summary of the above Privacy Notice is posted and visible in registration and common areas of treatment facility.

As Measured by: Presence and visibility of posting in said areas. (Examples in English, Cantonese, Vietnamese, Tagalog, Spanish, Russian will be provided.)

Item #5: Each disclosure of a patient's/client's health information for purposes other than treatment, payment, or operations is documented.

As Measured by: Documentation exists.

Item #6: Authorization for disclosure of a patient's/client's health information is obtained prior to release (1) to non-treatment providers or (2) from a substance abuse program.
