17 Section 1. Environmental and Land Use Findings.

18 (a) The Planning Department has determined that the actions contemplated in this  
19 ordinance comply with the California Environmental Quality Act (California Public Resources  
20 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of  
21 Supervisors in File No. 180364 and is incorporated herein by reference. The Board affirms  
22 this determination.

23 (b) On July 12, 2018, the Planning Commission, in Resolution No. 20229, adopted  
24 findings that the actions contemplated in this ordinance are consistent, on balance, with the  
25 City’s General Plan and eight priority policies of Planning Code Section 101.1. The Board

1 adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the  
2 Board of Supervisors in File No. 180364, and is incorporated herein by reference.

3 (c) Pursuant to Planning Code, Section 302, the Board of Supervisors finds that these  
4 Planning Code amendments will serve the public necessity, convenience, and welfare for the  
5 reasons set forth in Planning Commission Resolution No. 20229, and the Board incorporates  
6 such reasons herein by reference. A copy of said Resolution is on file with the Clerk of the  
7 Board of Supervisors in File No. 180364, and is incorporated herein by reference.

8  
9 Section 2. Additional Findings.

10 (a) Former Mayor Edwin Lee’s Executive Directive No. 17-02, issued on September 27,  
11 2017, states that “Years of failing to build homes has resulted in families and long-term  
12 residents leaving San Francisco in search of more affordable places to live . . . . We must  
13 continue to prioritize the production of housing in a smart, thoughtful manner that adds homes  
14 for residents of all economic levels.”

15 (b) Parcels that were rezoned to Service Arts Light Industrial (SALI) with the adoption  
16 of the Western SoMa Plan in 2013 were previously within the Service Light Industrial (SLI)  
17 District, where affordable housing was permitted. The SALI controls eliminated the allowance  
18 for affordable housing, diminishing the limited supply of land available for construction of new  
19 affordable housing.

20 (c) The amended zoning controls in this ordinance strike a balance between preserving  
21 light industrial and arts uses and meeting the need for new affordable housing. They will  
22 permit new affordable housing on parcels in the SALI District that are presently undeveloped,  
23 but leave in place the general prohibition on new housing construction on developed sites,  
24 thus ensuring that no uses existing as of the effective date of this ordinance are displaced by  
25 new affordable housing construction.
