Leading the Evolution of the Tenderloin into a Vibrant Community for ALL

3502

30 Blocks

Founded in 2005, the Tenderloin Community Benefit District (TLCBD) believes that a clean and safe environment, strong community partnerships and supportive collaboration with city agencies will create positive change in the Tenderloin neighborhood. Services are focused on enhanced cleaning, safety and beautification initiatives.

A year of capacity building and adding programs to move TLCBD forward.

The TLCBD and its Board worked to implement the objectives of the management plan.

An ongoing contract with Urban Place Consulting meant that TLCBD had administrative stability while it engaged in capacity building.

Many initiatives supported this effort: strategic planning; a substantial fundraising program; new interim leadership and approval of several new neighborhood improvement projects.

3504

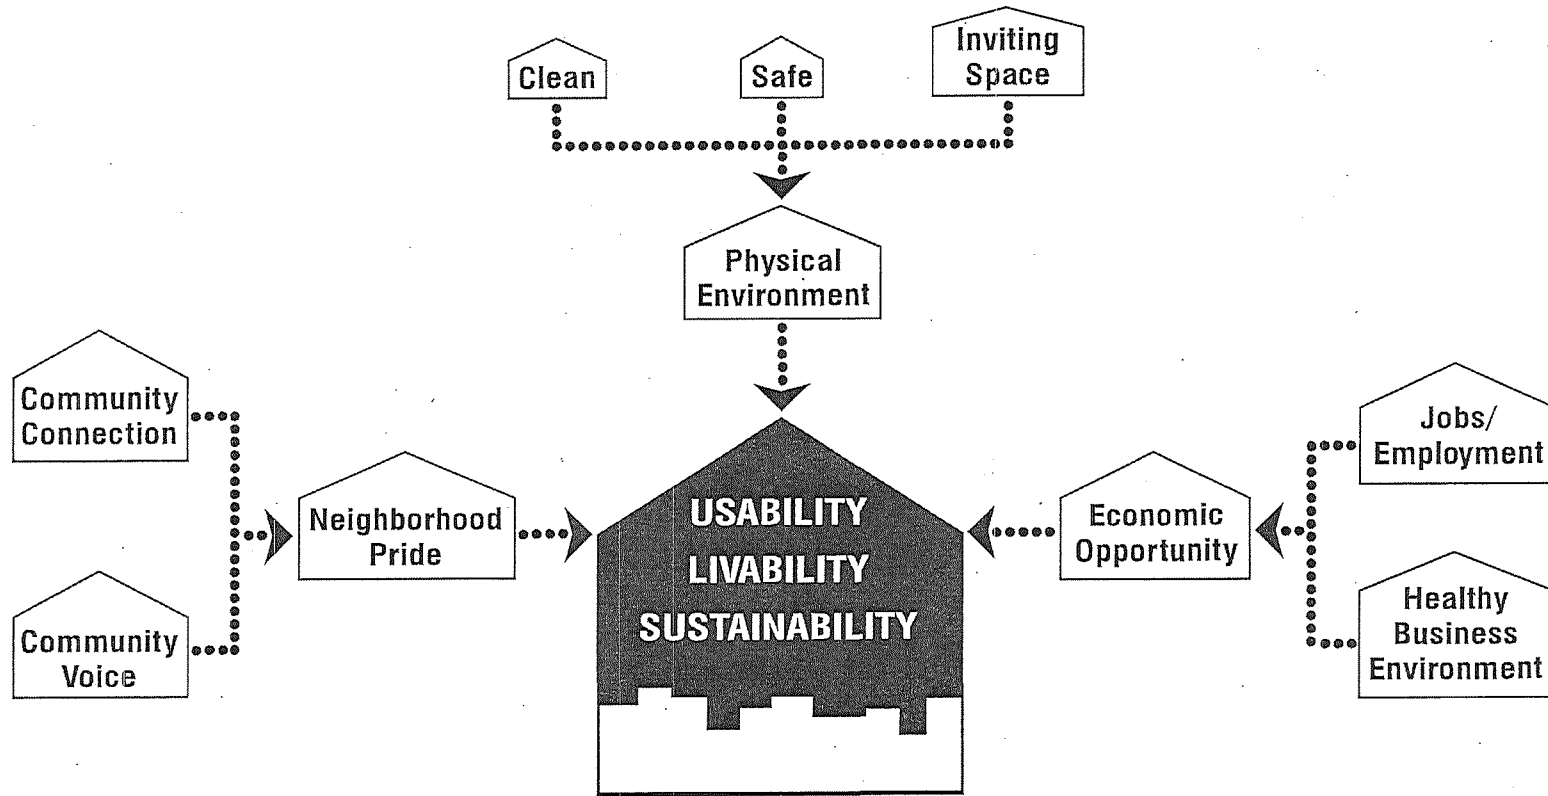

Operation Leadership: A total of \$561,685 was raised from non-assessment sources in FY 16/17. TLCBD Board and staff development continued.

Urban Place Consulting led a major fundraising program that supported the merger of an expanded Safe Passage Program into the TLCBD, implemented a security camera project and generally supported organizational capacity.

The Board was expanded from 13 to 15 members. At an Annual Retreat, the new Board developed a 12-month work plan, including plans for an expanded staff:

- Director of Communication
- Director of Administration and Finance
- Project Manager Activation
- Safe Passage Senior Program Director

New May 2017 contract with Block By Block allowed expansion of sidewalk cleaning services from 5 days to 7 days a week and added a second pressure washing truck.

New May 2017 partnership with Downtown Streets Team created additional cleaning resources and a pathway out of homelessness for Tenderloin residents.

- **Removed 1,923 graffiti tags**
- **Collected 408,500 pounds of litter**
- **Steam cleaned 675,000 linear feet of sidewalk**

NORTH OF MARKET/TENDERLOIN COMMUNITY BENEFIT CORPORATION

Notes to the Financial Statements
For the Year Ended June 30, 2017
(With Comparative Totals for the Year Ended June 30, 2016)

NOTE 1: NATURE OF ACTIVITIES

The North of Market/Tenderloin Community Benefit Corporation (the Organization) is a California nonprofit public benefit corporation, which was established in 2005. The ultimate goal of the North of Market/Tenderloin Community Benefit Corporation is to provide systematic cleaning and beautification services to all of the parcels in the historic Tenderloin district. The North of Market/Tenderloin Community Benefit Corporation is funded entirely by special assessments levied on properties within the district. The annual assessment rate for properties is equal to \$0.12500 per square foot of lot size, plus \$8.25 per linear foot of lot frontage, plus \$0.03 per square foot of non-exempted building area. The North of Market/Tenderloin Community Benefit Corporation executes its mandate to provide cleaning and beautification services with a committee-based structure made up of the following committees:

Organization and or Executive Committee oversees staff and contracts, corporate finances, insurance, grants, budget development, bylaws and policies, generation of Board agendas and meetings, etc.

Public Rights of Way and Sidewalk Operations Committee oversees cleaning services in the public right of way such as sidewalk sweeping, steam cleaning, tree planting and maintenance, and relations with the San Francisco Department of Public Works.

District Identity and Streetscape Improvement Committee oversees projects that promote the district and positive aspects of District Identity.

Community Advisory Board Committee oversees outreach, relations with community organizations and community partners, and assistance with resident needs. It also identifies and promotes positive land use in the district.

Development Committee oversees the development of fundraising strategies and supplemental support for the Organization and its activities.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis of Presentation

The Organization presents information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The three classes are differentiated by donor restrictions.

Unrestricted net assets – consist of resources which have not been specifically restricted by a donor. Unrestricted net assets may be designated for specific purposes by the Organization or may be limited by contractual agreements with outside parties.

NORTH OF MARKET/TENDERLOIN COMMUNITY BENEFIT CORPORATION

Notes to the Financial Statements
For the Year Ended June 30, 2017
(With Comparative Totals for the Year Ended June 30, 2016)

Temporarily restricted net assets – represent contributions and other inflows of assets whose use is limited by donor-imposed stipulations that expire by the passage of time or can be fulfilled and removed by actions of the Organization pursuant to those stipulations. There were no temporarily restricted net assets as of June 30, 2017.

Permanently restricted net assets – represent contributions and other inflows of assets whose use is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization, other asset enhancements and diminishments subject to the same kinds of stipulations or reclassifications from or to other classes of net assets as a consequence of donor-imposed stipulations. There were no permanently restricted net assets as of June 30, 2017.

Contributions

Contributions, including unconditional promises to give, are recognized as revenues in the period the promise is received. Conditional promises to give are not recognized until they become unconditional; that is when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value at the date of contribution. Contributions to be received after one year are discounted at an appropriate rate commensurate with the risks involved. Amortization of the discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions.

Unrestricted contributions and grants are recorded as unrestricted revenue when received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

All donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Income Taxes

The Internal Revenue Service and the California Franchise Tax Board have determined that the Organization is exempt from federal and state income taxes under Internal Revenue Code Section 501 (c) (3) and the California Revenue and Taxation Code Section 23701(d). The Organization has evaluated its current tax positions as of June 30, 2017 and is not aware of any significant uncertain tax positions for which a reserve would be necessary. The Organization's tax returns are generally subject to examination by federal and state taxing authorities for three and four years, respectively after they are filed.

Contributed Services

Contributed services are reflected in the financial statements at the fair value of the services received only if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. There were no contributed services that met the criteria for recognition for the year ended June 30, 2017.

For the Year Ended June 30, 2017
(With Comparative Totals for the Year Ended June 30, 2016)**

Assessments Receivable

Assessments receivable primarily consists of delinquent tax assessments owed by property owners. Since the taxpayers will be subject to City enforcement procedures, all assessments are considered to be fully collectible at June 30, 2017.

Although delinquent assessments are subject to penalties and fines, the Organization believes that these amounts will be offset by delays in collections. Accordingly, no receivable has been recognized for penalties and fines and the Organization has not calculated the present value of this receivable.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Organization determines the fair values of its assets and liabilities based on a fair value hierarchy that includes three levels of inputs that may be used to measure fair value.

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access at the measurement date.

Level 2 - Inputs other than quoted market prices that are observable for the asset or liability, either directly or indirectly.

Level 3 - Unobservable inputs for the assets or liability.

The Organization had no assets or liabilities recorded at fair value on June 30, 2017.

Concentration of Credit Risk

At times, the Organization may have deposits in excess of federally insured limits. The risk is managed by maintaining all deposits in high quality financial institutions.

Property and Equipment

All acquisitions of property and equipment in excess of \$5,000 and all expenditures for repairs and maintenance, renewals, and betterments that materially prolong the useful lives of assets are capitalized. Property and equipment are stated at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives on the property and equipment. The Organization had no property and equipment that met this capitalization policy at June 30, 2017.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Prior Year Summarized Information

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2016, from which the summarized information was derived.

Reclassifications

Certain accounts in the prior year's summarized information have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

Subsequent Events

The Organization has evaluated subsequent events and has concluded that as of May 2, 2018 the date that the financial statements were available to be issued, there were no significant subsequent events to disclose.

NOTE 3: COMMITMENT

Operating Leases

The Organization is party to a lease for office space in San Francisco that expires on January 31, 2020. Future minimum lease payments were as follows for the years ended June 30:

2018	\$ 43,740
2019	45,051
2020	<u>26,733</u>
Total	<u>\$ 115,524</u>

NOTE 4: CONTINGENCIES

Community benefit district assessments are received under agreement with the City and County of San Francisco and assessments have been currently authorized through June 2020. The assessments and related revenue to the organization may be terminated at an earlier date if the community benefit district which funds the Organizations operations is disestablished by a vote of the assessed property owners or in certain other circumstances.

Grant awards require the fulfillment of certain conditions as set forth in the instrument of grant. Failure to fulfill the conditions could result in the return of the funds to the grantors. The Organization deems this contingency remote since by accepting the grants and their terms, it has accommodated the objectives of the Organization to the provisions of the

NORTH OF MARKET/TENDERLOIN COMMUNITY BENEFIT CORPORATION

(With Comparative Totals for the Year Ended June 30, 2016)**

grants. The Organization's management is of the opinion that the Organization has complied with the terms of all grants.

NOTE 5: CONCENTRATIONS

Revenue

For the year ended June 30, 2017, the Organization received 58% of its revenue from community benefit district assessments on property owners in the North of Market/Tenderloin Community Benefit District. A significant reduction in the level of this support, if this were to occur, may have an effect on the Organization's program and activities.

NOTE 6: RETIREMENT PLAN

The Organization has a defined contribution retirement plan (the Plan) under section 403(b) of the Internal Revenue Code. The Plan covers all employees who meet age and length of service requirements. The Organization may make a matching contribution of up to 3% of the employee's salary. The contribution rate is determined annually. All contributions to an employee's account vest immediately.

The Organization made no contributions for the years ended June 30, 2017 and 2016.

Findings and Recommendations

Within the review periods of FY 2016-2017, the North of Market Tenderloin CBD met the expectations and requirements as set by the California Street and Highways Code Section 36650-36651; the Agreement for the Administration of the “North of Market Tenderloin Community Benefit District; and the Agreement for the Administration of the “North of Market Tenderloin Community Benefit District” - as found on page 5 of this memo.

Under Steve Gibson’s leadership, North of Market/Tenderloin CBD continued to improve in all aspects, especially service delivery. For example, the CBD increased cleaning services from 5 to 7 days per week. Additionally, the CBD increased staff capacity which led to increased coordination between itself, City departments, and other stakeholders which directly led to a positive improvement in efficiency and effectiveness of the organization as well as improved relationships with various community stakeholders.

The CBD was extremely successful in securing non-assessment dollars, which contributed to approximately 42% of the total budget, far exceeding its required 5%.

Overall, FY 16-17 was a year of capacity building, strategic planning, substantial funding procurement, and recruiting long-term leadership for the CBD.

Conclusion

North of Market Tenderloin CBD has performed well in implementing their service plan. North of Market Tenderloin CBD has continued to successfully market and produce events and projects such as the Security Camera Project, Community Banner Campaign, "Four-Corner Friday," and worked to activate several corners in the neighborhood. North of Market Tenderloin CBD has increased opportunities in partnering with community stakeholders and municipal agencies for the implementation of their management plan. NOM/TL CBD has an active board of directors and committee members; and OEWD believes the CBD will continue to successfully carry out their mission and service plans.
