[Mills Act Historical Property Contract - 353 Kearny Street]

Resolution approving an historical property contract between Pine Kearny LLC, the owner of 353 Kearny Street, and the City and County of San Francisco, under Administrative Code, Chapter 71; authorizing the Planning Director and the Assessor-Recorder to execute and record the historical property contract.

WHEREAS, The California Mills Act (Government Code, Section 50280 et seq.) authorizes local governments to enter into a contract with the owners of a qualified historical property who agree to rehabilitate, restore, preserve, and maintain the property in return for property tax reductions under the California Revenue and Taxation Code; and

WHEREAS, The Planning Department has determined that the actions contemplated in this Resolution comply with the California Environmental Quality Act (California Public Resources Code, Sections 21000 et seq.), and

WHEREAS, Said determination is on file with the Clerk of the Board of Supervisors in File No. 180984, is incorporated herein by reference, and the Board herein affirms it; and

WHEREAS, San Francisco contains many historic buildings that add to its character and international reputation and that have not been adequately maintained, may be structurally deficient, or may need rehabilitation, and the costs of properly rehabilitating, restoring, and preserving these historic buildings may be prohibitive for property owners; and

WHEREAS, Administrative Code, Chapter 71 was adopted to implement the provisions of the Mills Act and to preserve these historic buildings; and

WHEREAS, 353 Kearny Street is designated as a Category IV—Contributory Building to Kearny-Market-Mason-Sutter Conservation District under Article 11 of the Planning Code and thus qualifies as an historical property as defined in Administrative Code, Section 71.2; and

WHEREAS, A Mills Act application for an historical property contract has been submitted by Pine Kearny LLC, the owners of 353 Kearny Street, detailing rehabilitation work and proposing a maintenance plan for the property; and

WHEREAS, As required by Administrative Code, Section 71.4(a), the application for the historical property contract for 353 Kearny Street was reviewed by the Assessor's Office and the Historic Preservation Commission; and

WHEREAS, The Assessor-Recorder has reviewed the historical property contract and has provided the Board of Supervisors with an estimate of the property tax calculations and the difference in property tax assessments under the different valuation methods permitted by the Mills Act in its report transmitted to the Board of Supervisors on October 10, 2018, which report is on file with the Clerk of the Board of Supervisors in File No. 180984 and is hereby declared to be a part of this Resolution as if set forth fully herein; and

WHEREAS, The Historic Preservation Commission recommended approval of the historical property contract in its Resolution No. 990, including approval of the Rehabilitation Program and Maintenance Plan, attached to said Resolution, which is on file with the Clerk of the Board of Supervisors in File No. 180984 and is hereby declared to be a part of this Resolution as if set forth fully herein; and

WHEREAS, The draft historical property contract between Pine Kearny LLC, the owner of 353 Kearny Street, and the City and County of San Francisco is on file with the Clerk of the Board of Supervisors in File No. 180984 and is hereby declared to be a part of this Resolution as if set forth fully herein; and

WHEREAS, The Board of Supervisors has conducted a public hearing pursuant to Administrative Code, Section 71.4(d) to review the Historic Preservation Commission's recommendation and the information provided by the Assessor's Office in order to determine whether the City should execute the historical property contract for 353 Kearny Street; and

WHEREAS, The Board of Supervisors has balanced the benefits of the Mills Act to the owner of 353 Kearny Street with the cost to the City of providing the property tax reductions authorized by the Mills Act, as well as the historical value of 353 Kearny Street and the resultant property tax reductions, and has determined that it is in the public interest to enter into a historical property contract with the applicants; now, therefore, be it

RESOLVED, That the Board of Supervisors hereby approves the historical property contract between Pine Kearny LLC, the owners of 353 Kearny Street, and the City and County of San Francisco; and, be it

FURTHER RESOLVED, That the Board of Supervisors hereby authorizes the Planning Director and the Assessor-Recorder to execute the historical property contract and record the historical property contract.

Recording Requested by, and when recorded, send notice to: City and County of San Francisco Planning Department Attn: Shannon Ferguson 1650 Mission Street, Suite 400 San Francisco, CA 94103-2414

CALIFORNIA MILLS ACT HISTORIC PROPERTY AGREEMENT 353 KEARNY STREET SAN FRANCISCO, CALIFORNIA

THIS AGREEMENT is entered into by and between the City and County of San Francisco, a California municipal corporation ("City") and Pine Kearny LLC ("Owners").

RECITALS

Owners are the owners of the property located at 353 Kearny Street, in San Francisco, California (Block 0270, Lot 001). The building located at 353 Kearny Street is designated as a Category IV—Contributory Building to Kearny-Market-Mason-Sutter Conservation District (the "<u>Historic Property</u>"). The Historic Property is a Qualified Historic Property, as defined under California Government Code Section 50280.1.

Owners desire to execute a rehabilitation and ongoing maintenance project for the Historic Property. Owners' application calls for the rehabilitation and restoration of the Historic Property according to established preservation standards, which it estimates will cost one million, ninety-one thousand, and seventy-seven dollars (\$1,091,077.00). (See Rehabilitation Plan, Exhibit A.) Owners' application calls for the maintenance of the Historic Property according to established preservation standards, which is estimated will cost approximately twenty-three thousand, six hundred ninety-four dollars (\$23,694.00) annually (See Maintenance Plan, Exhibit B).

The State of California has adopted the "Mills Act" (California Government Code Sections 50280–50290, and California Revenue & Taxation Code, Article 1.9 [Section 439 et seq.]) authorizing local governments to enter into agreements with property Owners to reduce their property taxes, or to prevent increases in their property taxes, in return for improvement to and maintenance of historic properties. City has adopted enabling legislation, San Francisco Administrative Code Chapter 71, authorizing it to participate in the Mills Act program.

Owners desire to enter into this Agreement (also referred to as a Mills Act Agreement or a Historic Property Agreement) with City to help mitigate anticipated expenditures to restore and maintain the Historic Property. City is willing to enter into this Agreement to mitigate these expenditures and to induce Owners to restore and maintain the Historic Property in excellent condition in the future.

NOW, THEREFORE, in consideration of the mutual obligations, covenants, and conditions contained in this Agreement, the parties hereto do agree as follows:

1. <u>Application of Mills Act.</u> The benefits, privileges, restrictions, and obligations provided for in the Mills Act will be applied to the Historic Property during the Term (as defined in Paragraph 7 below), commencing on the date that this Agreement is recorded.

- Rehabilitation of the Historic Property. Owners will undertake and complete the work set forth in Exhibit A ("Rehabilitation Plan") according to certain standards and requirements. Those standards and requirements include, but are not limited to: the Secretary of the Interior's Standards for the Treatment of Historic Properties ("Secretary's Standards"); the rules and regulations of the Office of Historic Preservation of the California Department of Parks and Recreation ("OHP Rules and Regulations"); the State Historical Building Code as determined applicable by City; all applicable building safety standards; and the requirements of the Historic Preservation Commission, the Planning Commission, and the Board of Supervisors, including but not limited to any Certificates of Appropriateness approved under Planning Code Article 10. Owners will (a) apply for any necessary permits no more than six (6) months after the date this Agreement is recorded, (b) commence the work within six (6) months of receipt of necessary permits, and (c) complete the work within three (3) years from the date of receipt of permits. Upon written request by Owners, the Zoning Administrator, at his or her discretion, may grant an extension of the time periods set forth in this paragraph. Owners may apply for an extension by a letter to the Zoning Administrator, and the Zoning Administrator may grant the extension by letter without a hearing. The work will be deemed complete when the Director of Planning determines that the Historic Property has been rehabilitated in accordance with the standards set forth in this Paragraph. Failure to timely complete the work may result in cancellation of this Agreement as set forth in Paragraphs 11 and 12 below.
- 3. <u>Maintenance</u>. Owners will maintain the Historic Property during the time this Agreement is in effect in accordance with the standards for maintenance set forth in <u>Exhibit B</u> ("<u>Maintenance Plan</u>"), the Secretary's Standards; the OHP Rules and Regulations; the State Historical Building Code as determined applicable by City; all applicable building safety standards; and the requirements of the Historic Preservation Commission, the Planning Commission, and the Board of Supervisors, including but not limited to any Certificates of Appropriateness approved under Planning Code Article 10.
- Damage. If fifty percent (50%) or less of the Historic Property is damaged by any cause whatsoever, Owners will replace and repair the damaged area(s) of the Historic Property. For repairs that do not require a permit, Owners will commence the repair work within thirty (30) days after the date of the damage and will diligently perform and complete the repair work within a reasonable time, as determined by City. Where specialized services are required due to the nature of the work and the historic character of the features damaged, "commence the repair work" within the meaning of this paragraph may include contracting for repair services. For repairs that require a permit(s), Owners will apply for any necessary permits for the work within sixty (60) days after the date of the damage, commence the repair work within one hundred twenty (120) days of receipt of the required permit(s), and diligently perform and complete the repair work within a reasonable period of time, as determined by City. Upon written request by Owners, the Zoning Administrator, at his or her discretion, may grant an extension of the time periods set forth in this paragraph. Owners may apply for an extension by a letter to the Zoning Administrator, and the Zoning Administrator may grant the extension by letter without a hearing. All repair work must comply with the design and standards established for the Historic Property in Exhibits A and B attached hereto and Paragraph 3 above. If twenty percent (20%) or more of the Historic Property is damaged due to a catastrophic event, such as an earthquake, or if more than fifty percent (50%) of the Historic Property is destroyed from any cause whatsoever, then City and Owners may mutually agree to terminate this Agreement and Owners will not be obligated to pay the cancellation fee set forth in Paragraph 12 below. Upon the termination, City will assess the full value of the Historic Property without regard to any restriction imposed upon the Historic Property by this Agreement and Owners will pay property taxes to City based upon that valuation as of the date of termination.

- 5. <u>Insurance</u>. Owners will obtain and maintain adequate property insurance to meet Owners' repair and replacement obligations under this Agreement and will submit evidence of that insurance to City upon request.
- 6. <u>Inspections and Compliance Monitoring.</u> Before entering into this Agreement Owners have allowed, and every five years during the Term (defined in Paragraph 7 below) upon seventy-two (72) hours advance notice Owners will allow any representative of City, the Office of Historic Preservation of the California Department of Parks and Recreation, or the State Board of Equalization, to inspect of the interior and exterior of the Historic Property, to determine Owners' compliance with this Agreement. Throughout the term of this Agreement, Owners will provide all reasonable information and documentation about the Historic Property demonstrating compliance with this Agreement, as requested by any of the above-referenced representatives.
- 7. Term. This Agreement will be effective on the recording date for a term of ten years from that date ("Term"), as it may be extended. As provided in Government Code section 50282, one year will be added automatically to the Term on each anniversary date of this Agreement, unless notice of nonrenewal is given as set forth in Paragraph 9 below.
 - 8. <u>Valuation</u>. Pursuant to Section 439.4 of the California Revenue and Taxation Code, as amended from time to time, this Agreement must have been signed, accepted and recorded on or before the lien date (January 1) for a fiscal year (the following July 1-June 30) for the Historic Property to be valued under the taxation provisions of the Mills Act for that fiscal year.
 - Notice of Nonrenewal. If in any year of this Agreement either Owners or City desire not to renew this Agreement, then that party will serve written notice on the other party before the annual renewal date. Owners must serve the written notice of nonrenewal to City at least ninety (90) days before the date of renewal. City must serve the written notice of non-renewal to Owners at least sixty (60) days before the date of renewal. If City elects not to renew the Agreement, then the Board of Supervisors must make City's determination that this Agreement will not be renewed and send a notice of nonrenewal to Owners. Upon receipt by Owners of a notice of nonrenewal from City, Owners may make a written protest. At any time before the renewal date, the City's Board of Supervisors may withdraw its notice of nonrenewal. If either party serves a notice of nonrenewal of this Agreement, this Agreement will remain in effect for the remaining balance of the Term. If either party elects not to renew this Agreement, then the electing party may cause a notice of nonrenewal in the form attached as Exhibit C to this Agreement to be completed and recorded. Upon the expiration of this Agreement, City will assess the full value of the Historic Property without regard to any restriction imposed upon the Historic Property by this Agreement and Owners will pay property taxes to City based upon that valuation as of the date of expiration.
 - 10. Payment of Fees. As provided for in Government Code Section 50281.1 and San Francisco Administrative Code Section 71.6, upon filing an application to enter into a Mills Act Agreement with City, Owners will pay City the reasonable costs related to the preparation and approval of the Agreement. In addition, Owners will pay City for the actual costs of inspecting the Historic Property, as set forth in Paragraph 6 above.
 - 11. <u>Default.</u> If City determine that any of the following have occurred, City will give Owners written notice by registered or certified mail specifying the failure:
 - (a) Owners' failure to timely complete the rehabilitation work set forth in Exhibit A, in accordance with Paragraph 2 above;
 - (b) Owners' failure to maintain the Historic Property as set forth in <u>Exhibit B</u>, in accordance with Paragraph 3 above;

(c) Owners' failure to repair any damage to the Historic Property in a timely manner, as provided in Paragraph 4 above;

(d) Owners' failure to allow any inspections or requests for information, as provided in

Paragraph 6 above;

(e) Owners' failure to pay any fees requested by City as provided in Paragraph 10 above;

(f) Owners' failure to maintain adequate insurance for the replacement cost of the Historic Property, as required by Paragraph 5 above; or

(g) Owners' failure to comply with any other provision of this Agreement.

If Owners do not undertake and diligently pursue corrective action to the reasonable satisfaction of City within thirty (30) days after the date of the notice, then the Board of Supervisors will conduct a public hearing to determine whether an event of default has occurred. Notice of the public hearing will be mailed to the last known address of each owner of property in the Hayes Valley Residential Historic District and published under Government Code section 6061. If the Board of Supervisors determines that an event of default has occurred, City will either cancel this Agreement as set forth in Paragraph 12 below or bring an action to enforce this contract, including, but not limited to, an action for specific performance or injunction.

- 12. <u>Cancellation.</u> If the Board of Supervisors determines that an event of default has occurred and elects to cancel the contract, then Owners will pay a cancellation fee of twelve and one-half percent (12.5%) of the fair market value of the Historic Property at the time of cancellation. The City Assessor will determine fair market value of the Historic Property without regard to any restriction imposed on the Historic Property by this Agreement. The Cancellation Fee will be paid to the City Tax Collector at such time and in such manner as City may prescribe. As of the date of cancellation, Owners will pay property taxes to City without regard to any restriction imposed on the Historic Property by this Agreement and based upon the Assessor's determination of the fair market value of the Historic Property as of the date of cancellation.
- 13. <u>Enforcement of Agreement.</u> No failure by City to cancel this Agreement or file an action will be deemed to be a waiver of this Agreement or any claim for an event of default under this Agreement.
- Indemnification. Owners will indemnify, defend, and hold harmless City and all of its boards, commissions, departments, agencies, agents, and employees (individually and collectively, the "Indemnitees") from and against any and all liabilities, losses, costs, claims, judgments, settlements, damages, liens, fines, penalties, and expenses incurred in connection with or arising in whole or in part from: (a) any accident, injury to or death of a person, loss of or damage to property occurring in or about the Historic Property; (b) the use or occupancy of the Historic Property; (c) the condition of the Historic Property; (d) any construction or other work undertaken on the Historic Property; or (e) any claims by unit or interval Owners for property tax reductions in excess those provided for under this Agreement. This indemnification will include, without limitation, reasonable fees for attorneys, consultants, and experts and related costs that may be incurred by the Indemnitees and the Indemnitees' cost of investigating any claim. In addition to Owners' obligation to indemnify the Indemnitees, Owners specifically acknowledge and agree that they have an immediate and independent obligation to defend the Indemnitees from any claim that actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false, or fraudulent, which obligation arises at the time such claim is tendered to Owners, and continues at all times thereafter. Owners' obligations under this Paragraph survive termination of this Agreement.
- 15. <u>Eminent Domain.</u> In the event that a the Historic Property is acquired in whole or part by eminent domain or other similar action, this Agreement will be cancelled and no cancellation fee will be imposed, as provided by Government Code Section 50288.

- 16. <u>Binding on Successors and Assigns.</u> The covenants, benefits, restrictions, and obligations contained in this Agreement will run with the land and be binding upon and inure to the benefit of all successors in interest and assigns of Owners. Successors in interest and assigns have the same rights and obligations under this Agreement as the original Owners who entered into the Agreement.
- 17. <u>Legal Fees.</u> If either City or Owners fail to perform any of their obligations under this Agreement or if a dispute arises concerning the meaning or interpretation of any provision of this Agreement, the prevailing party may recover all costs and expenses incurred in enforcing or establishing its rights under this Agreement, including reasonable attorneys' fees, in addition to court costs and any other relief ordered by a court of competent jurisdiction. Reasonable attorneys' fees of the City's Office of the City Attorney will be based on the fees regularly charged by private attorneys with the equivalent number of years of experience who practice in the City of San Francisco in law firms with approximately the same number of attorneys as employed by the Office of the City Attorney.
- 18. <u>Governing Law.</u> This Agreement will be construed and enforced in accordance with the laws of the State of California.
- 19. <u>Recordation</u>. Within 20 days after the date of execution of this Agreement, the parties will cause this Agreement to be recorded with the Office of the Recorder of the City and County of San Francisco.
- 20. <u>Amendments.</u> This Agreement may be amended in whole or in part only by a written recorded instrument executed by the parties hereto in the same manner as this Agreement.
- 21. <u>No Implied Waiver.</u> No failure by City to insist on the strict performance of any obligation of Owners under this Agreement or to exercise any right, power, or remedy arising out of an event of default or breach of this Agreement will constitute a waiver of the event of default or breach or of City's right to demand strict compliance with any terms of this Agreement.
- 22. <u>Authority.</u> If Owners sign as a corporation or a partnership, each of the persons executing this Agreement on behalf of Owners covenants and warrants that the entity is a duly authorized and existing entity, that the entity has and is qualified to do business in California, that Owners have full right and authority to enter into this Agreement, and that each and all of the persons signing on behalf of Owners are authorized to do so.
- 23. <u>Severability</u>. If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of this Agreement will not be affected thereby, and each other provision of this Agreement will be valid and enforceable to the fullest extent permitted by law, except to the extent that enforcement of this Agreement without the invalidated provision would be unreasonable or inequitable under all the circumstances or would frustrate a fundamental purpose of this Agreement.
- 24. <u>Tropical Hardwood Ban.</u> City urges companies not to import, purchase, obtain, or use for any purpose, any tropical hardwood or tropical hardwood product.
- 25. <u>MacBride Principles</u>. City urges companies doing business in Northern Ireland to move toward resolving employment inequities and encourages them to abide by the MacBride Principles as expressed in San Francisco Administrative Code Section 12F.1 et seq. City also urges San Francisco companies to do business with corporations that abide by the MacBride Principles. Owners acknowledge that it has read and understands the above statement of City concerning doing business in Northern Ireland.

- 26. <u>Sunshine</u>. Owners understand and agree that under the San Francisco Sunshine Ordinance (San Francisco Administrative Code, Chapter 67) and the State Public Records Law (Gov't Code Section 6250 et seq.), this Agreement and any and all records, information, and materials submitted to City under this Agreement or the Mills Act are public records subject to public disclosure.
- 27. <u>Conflict of Interest</u>. Through its execution of this Agreement, Owners acknowledge that it is familiar with the provisions of Section 15.103 of the City's Charter, Article III, Chapter 2 of the San Francisco Campaign and Governmental Conduct Code, and California Government Code section 87100 et seq. and section 1090 et seq., and certifies that it does not know of any facts that constitute a violation of those provisions and agrees that it will immediately notify City if it becomes aware of any such fact during the Term.
- 28. Notification of Limitations on Contributions. Through execution of this Agreement, Owners acknowledge that it is familiar with Section 1.126 of City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with City, whenever such transaction would require approval by a City elective officer or the board on which that City elective officer serves, from making any campaign contribution to the officer at any time from the commencement of negotiations for the contract until three (3) months after the date the contract is approved by City elective officer or the board on which that City elective officer serves. San Francisco Ethics Commission Regulation 1.126-1 provides that negotiations are commenced when a prospective contractor first communicates with a City officer or employee about the possibility of obtaining a specific contract. This communication may occur in person, by telephone or in writing, and may be initiated by the prospective contractor or a City officer or employee. Negotiations are completed when a contract is finalized and signed by City and the contractor. Negotiations are terminated when City and/or the prospective contractor end the negotiation process before a final decision is made to award the contract.
- 29. <u>Nondiscrimination</u>. In the performance of this Agreement, Owners agree not to discriminate on the basis of the fact or perception of a person's, race, color, creed, religion, national origin, ancestry, age, height, weight, sex, sexual orientation, gender identity, domestic partner status, marital status, disability or Acquired Immune Deficiency Syndrome or HIV status (AIDS/HIV status), or association with members of such protected classes, or in retaliation for opposition to discrimination against such classes, against any City employee, employee of or applicant for employment with Owners, or against any bidder or contractor for public works or improvements, or for a franchise, concession or lease of property, or for goods or services or supplies to be purchased by Owners. A similar provision must be included in all subordinate agreements let, awarded, negotiated, or entered into by Owners for the purpose of implementing this Agreement.
- 30. <u>Exhibits</u>. <u>Exhibits A, B, and C attached to this Agreement are incorporated and made a part of this Agreement by reference.</u>
- 31. <u>Charter Provisions.</u> This Agreement is governed by and subject to the provisions of the City Charter.
- 32. <u>Signatures.</u> This Agreement may be signed and dated in counterparts, and when all counterparts are assembled, will be considered one document.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as follows:

REHABILITATION/RESTORATION & MAINTENANCE PLAN

All pricing below has been prepared by J.R. Conkey & Associates.

Rehabilitation/Restoration Plan

Scope: # 1 Building Feature: Roofing Membrane/Membrane Flashing/Sheet: Metal FlashingRoof & Parapet
Rehab/Restoration X Maintenance Completed Proposed X
Contract year work completion: 2019 and every 20 years thereafter
Total Cost: \$111,269.00
Description of work:
Replace roofing membrane and associated sheet metal flashing at roof surfaces and parapet. Confirm proper roof
slope and drainage for new roof. Repair/replace through-wall scupper as needed. Provide for additional roof
drains/overflows to meet code if needed. Follow recommendations of waterproofing consultant.
Scope: # 2 Building Feature: Existing Steel Seismic Roof Bracing = Roof & Parapet
Rehab/Restoration X Maintenance Completed Proposed X
Contract year work completion: 2019
Total Cost: \$10,686.00
Description of work:
Inspect to ensure all ties are secure at parapets. Repair as needed. Prepare, prime, and paint.
Scope: # 3 Building Feature: Elevator Penthouse = Roof,
Rehab/Restoration X Maintenance Completed Proposed X
Contract year work completion: 2019
Total Cost: \$78,481.00
Description of work:
Repair elevator penthouse cladding where removed or damaged. Replace exposed plywood substrate as needed
and provide new similar sheet metal paneling to meet new roofing system. Repair existing where feasible.
Replace missing door to elevator penthouse for weather resistance, safety, and security. Clean out debris and
bird guano, etc. from open/exposed penthouse as needed for proper operation and maintenance of historic
elevator. Repair/replace glazing putty/sealant at rooftop skylight as needed. Replace broken/cracked glass as
needed. Prepare, prime, and paint glazing putty, metal skylight, and sheet metal at elevator penthouse.
Scope: # 4 Building Feature: Brick/Masonry – 4th and 5th Floors South Wall and Southwest Corner (Interior of brick wall)
Rehab/Restoration X Maintenance Completed Proposed X
Contract year work completion: 2019
Total Cost: \$6,576.00
Description of work:
Remove efflorescence and soft/deteriorated mortar caused by moisture infiltration. Spot repoint as needed with
compatible/appropriate mortar that matches original in color, texture, and appearance where mortar is
deteriorated, loose, unsound, or missing. (Although this area is interior, moisture infiltration is coming from the
roof and exterior side of the wall).

2018 Mills Act Contracts

Government Audit and Oversight Committee Review

November 7, 2018

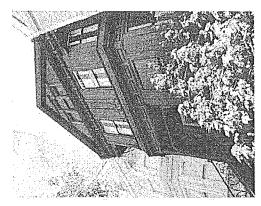

SAN FRANCISCO
PLANNING DEPARTMENT

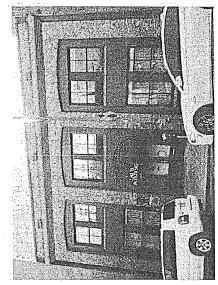

What is the Mills Act?

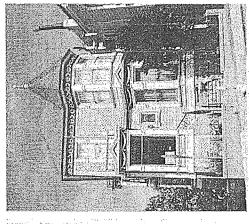

- California's leading financial incentive program for historic preservation since 1972.
- Contract between the City and property owner that allows for a potential reduction in property taxes.
- Tax savings will be used to offset cost of rehabilitation, restoration, and maintenance work in conformance with the Secretary's Standards.
- Only local financial incentive program for restoring, rehabilitating, and maintaining eligible properties to promote appreciation of the City's architecture, history, and culture.

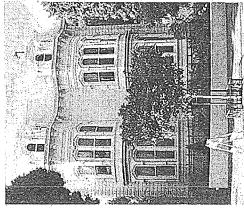

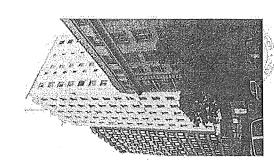

Active Wills Act Contracts

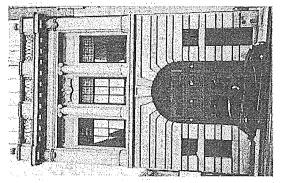

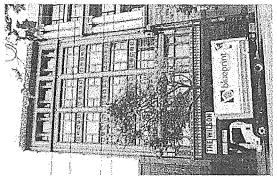

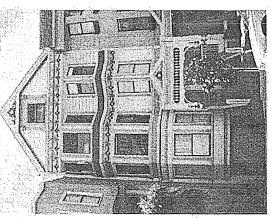

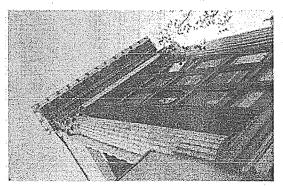

2019 Mills Act Application Changes

- 1. Qualified historic properties must also meet <u>Priority</u> <u>Consideration Criteria</u> in order to be considered for a Mills Act Contract:
 - (a) Necessity
 - (b) Investment
 - (c) Distinctiveness
 - (d) Legacy Business
 - (e) Recently Designated City Landmarks (requires amendment to Administrative code)
- 2. Properties with <u>outstanding violations are not eligible to apply</u> for the Mills Act.
- 3. Mills Act Contracts must include minimum scopes of work, such as seismic work, accessibility, and life safety improvements.

- 4. Scopes of work <u>may be completed in the calendar year</u> the Mills Act application is made.
- 5. All proposed scopes of **completed during the first ten years** of the contract.
- 6. A Certificate of Appropriateness (COA) for scopes of work must be <u>filed and approved during the Mills Act application process</u>.

Most of these policy changes may be made at the staff level. **

PROPERTY DESCRIPTIONS

a. <u>2253 Webster Street:</u> The subject property is located on the west side of Webster Street between Washington and Clay streets, Assessor's Block 0612, Lot 001. The subject property is located within a RH-2 (Residential-House, Two-Family District) zoning district and a 40-X Height and Bulk district. The subject property is a contributing building to the Webster Street Historic District. It is a two-story, plus basement, wood-frame, single-family dwelling designed in the Italianate style and built in circa 1900.

- b. 353 Kearny Street: The subject property is located on the southwest corner of Kearny and Pine streets, Assessor's Block 0270, Lot 001. The subject property is located within the C-3-O Downtown-Office zoning district and a 80-130-F Height and Bulk district. The subject property is a Category IV Contributory Building to Kearny-Market-Mason-Sutter Conservation District. It is a five-story over basement, brick masonry, commercial building designed in the Renaissance-Revival style by San Francisco architectural firm Salfield & K\u00f6hlberg and was built in 1907.
- c. 465 Oak Street: The subject property is located on the south side of Oak Street between Buchanan and Laguna streets, Assessor's Block 0840, Lot 017. The subject property is located within a RTO (Residential Transit Oriented District) zoning district and a 40-X Height and Bulk district. The subject property is a contributing building to the California Register of Historical Places-listed Hayes Valley Residential Historic District. It is a two-story plus basement, wood-frame, two-family dwelling designed in the flat-front Italiante style and built in circa 1900.
- d. <u>587 Waller Street:</u> The subject property is located on the south side of Waller Street between Pierce and Potomac streets, Assessor's Block 0865 Lot 021. The subject property is located within a RTO (Residential Transit Oriented District) zoning district and a 40-X Height and Bulk district. The subject property is a contributing building to the Duboce Park Historic District. It is a two-and-half-story plus basement, wood-frame, single-family dwelling designed in the Queen Anne style and built in circa 1900.
- e. <u>354-356 San Carlos Street:</u> The subject property is located on the west side of San Carlos Street between 20th and 21st streets, Assessor's Block 3609, Lot 093. The subject property is located within the RTO-M Residential Transit Oriented Mission zoning district and 40X Height and Bulk district. The subject property is a potential contributor to Liberty Hill Historic District. It is a three-story wood-frame, two-family residential building originally designed in the Italianate style and was built in 1877 by The Real Estate Associates (T.R.E.A.). The front façade was altered with stucco cladding, stuccoed front steps, and vinyl windows at an unknown date. Rehabilitation work was completed in 2015-2016.
- f. 811 Treat Avenue: The subject property is located on the east side of San Carlos Street between 21st and 22nd streets, Assessor's Block 3613, Lot 053. The subject property is located within the RH-3 Residential-House, Three Family zoning district and 40X Height and Bulk district. The subject property is individually listed on the National Register of Historic Places. Known as the Henry Geilfuss House, the property comprises an Italianate main residence designed by local master architect Henry Geilfuss circa 1882 as his personal residence; a raised room (c. 1882, altered c. 1900); a workshop (c. 1920) and a garage (c. 1940). The main residence and raised room are contributing features; the workshop and garage are non-contributing features that were added after Geilfuss moved from the property.

PROJECT DESCRIPTION

This project is a Mills Act Historical Property Contract application.

2018-006629MLS (2253 Webster Street); 2018-006717MLS (353 Kearny Street); 2018006796MLS (465-467 Oak Street); 2018-006690MLS (587 Waller Street); 2018-006794MLS (354-356 San Carlos Street); 2018-007338MLS (811 Treat Avenue)

MILLS ACT REVIEW PROCESS

Once a Mills Act application is received, the matter is referred to the Historic Preservation Commission (HPC) for review. The HPC shall conduct a public hearing on the Mills Act application, historical property contract, and proposed rehabilitation and maintenance plan, and make a recommendation for approval or disapproval to the Board of Supervisors.

The Board of Supervisors will hold a public hearing to review and approve or disapprove the Mills Act application and contract. The Board of Supervisors shall conduct a public hearing to review the Historic Preservation Commission recommendation, information provided by the Assessor's Office, and any other information the Board requires in order to determine whether the City should execute a historical property contract for the subject property.

The Board of Supervisors shall have full discretion to determine whether it is in the public interest to enter into a Mills Act contract and may approve, disapprove, or modify and approve the terms of the contract. Upon approval, the Board of Supervisors shall authorize the Director of Planning and the Assessor-Recorder's Office to execute the historical property contract.

MILLS ACT REVIEW PROCEDURES

The Historic Preservation Commission is requested to review and make recommendations on the following:

- The draft Mills Act Historical Property Contract between the property owner and the City and County of San Francisco.
- The proposed rehabilitation and maintenance plan.

The Historic Preservation Commission may also comment in making a determination as to whether the public benefit gained through restoration, continued maintenance and preservation of the property is sufficient to outweigh the subsequent loss of property taxes to the City.

APPLICABLE PRESERVATION STANDARDS

Ordinance No. 191-96 amended the San Francisco Administrative Code by adding Chapter 71 to implement the California Mills Act, California Government Code Sections 50280 *et seq*. The Mills Act authorizes local governments to enter into contracts with private property owners who will rehabilitate, restore, preserve, and maintain a "qualified historical property." In return, the property owner enjoys a reduction in property taxes for a given period. The property tax reductions must be made in accordance with Article 1.9 (commencing with Section 439) of Chapter 3 of Part 2 of Division 1 of the California Revenue and Taxation Code.

TERM

Mills Act contracts must be made for a minimum term of ten years. The ten-year period is automatically renewed by one year annually to create a rolling ten-year term. One year is added automatically to the initial term of the contract on the anniversary date of the contract, unless notice of nonrenewal is given or

SAN FRANCISCO
PLANNING DEPARTMENT

the contract is terminated. If the City issues a notice of nonrenewal, then one year will no longer be added to the term of the contract on its anniversary date and the contract will only remain in effect for the remainder of its term. The City must monitor the provisions of the contract until its expiration and may terminate the Mills Act contract at any time if it determines that the owner is not complying with the terms of the contract or the legislation. Termination due to default immediately ends the contract term. Mills Act contracts remain in force when a property is sold.

ELIGIBILITY

San Francisco Administrative Code Chapter 71, Section 71.2, defines a "qualified historic property" as one that is not exempt from property taxation and that is one of the following:

- (a) Individually listed in the National Register of Historic Places;
- (b) Listed as a contributor to an historic district included on the National Register of Historic Places;
- (c) Designated as a City landmark pursuant to San Francisco Planning Code Article 10;
- (d) Designated as contributory to a landmark district designated pursuant to San Francisco Planning Code Article 10; or
- (e) Designated as significant (Categories I or II) or contributory (Categories III or IV) to a conservation district designated pursuant to San Francisco Planning Code Article 11.

All properties that are eligible under the criteria listed above must also meet a tax assessment value to be eligible for a Mills Act Contract. The tax assessment limits are listed below:

Residential Buildings

Eligibility is limited to a property tax assessment value of not more than \$3,000,000.

Commercial, Industrial or Mixed Use Buildings

Eligibility is limited to a property tax assessment value of not more than \$5,000,000.

Properties may be exempt from the tax assessment values if it meets any one of the following criteria:

- The qualified historic property is an exceptional example of architectural style or represents a work of a master architect or is associated with the lives of persons important to local or national history; or
- Granting the exemption will assist in the preservation and rehabilitation of a historic structure (including unusual and/or excessive maintenance requirements) that would otherwise be in danger of demolition, deterioration, or abandonment;

Properties applying for a valuation exemption must provide evidence that it meets the exemption criteria, including a historic structure report to substantiate the exceptional circumstances for granting the exemption. The Historic Preservation Commission shall make specific findings in determining whether to recommend to the Board of Supervisors that the valuation exemption should be approved. Final approval of this exemption is under the purview of the Board of Supervisors.

PUBLIC/NEIGHBORHOOD INPUT

The Department has not received any public comment regarding the Mills Act Historical Property Contract.

STAFF ANAYLSIS

The Department received six Mills Act applications by the May 1, 2018 filing date. The Project Sponsors, Planning Department Staff, and the Office of the City Attorney have negotiated the six attached draft historical property contracts, which include a draft rehabilitation and maintenance plan for the historic building. Department Staff believes the draft historical property contracts and plans are adequate. Please see below for complete analysis.

a. <u>2253 Webster Street</u>: As detailed in the Mills Act application, the applicant proposes to rehabilitate and maintain the historic property. Staff determined that the proposed work, detailed in the attachments, is consistent with the Secretary of Interior's Standards for Rehabilitation.

The subject property is currently valued by the Assessor's Office as under \$3,000,000 (see attached Market Analysis and Income Approach reports) and did not require a Historic Structure Report.

The applicant completed some rehabilitation of the building in 2017, including dry rot repair and painting with an estimated cost of \$75,270. The proposed Rehabilitation Plan includes flashing replacement, roof repair and replacement, additional dry rot repair, installing new compatible handrail, replacing the front door in-kind. Rehabilitation work is estimated to cost \$87,364.31 over ten years.

The proposed Maintenance Plan includes annual inspection of the wood siding, windows, roof, front porch and door. Maintenance work is estimated to cost \$3,500 annually. Any needed repairs will be made in kind and will avoid altering, removing or obscuring character-defining features of the building.

No changes to the use of the property are proposed. Please refer to the attached Rehabilitation and Maintenance Plan for a full description of the proposed work. The attached draft historical property contract will help the applicant mitigate these expenditures and will induce the applicant to maintain the property in excellent condition in the future.

b. 353 Kearny Street: As detailed in the Mills Act application, the applicant proposes to rehabilitate and maintain the historic property. Staff determined that the proposed work, detailed in the attachments, is consistent with the Secretary of Interior's Standards for Rehabilitation.

The subject property is currently valued by the Assessor's Office at over \$3,000,000 (see attached Market Analysis and Income Approach reports). The subject property qualifies for an exemption as it is designated as a Category IV – Contributory Building to Kearny-Market-Mason-Sutter Conservation District under Article 11 of the Planning Code. A Historic Structure Report was

required in order to demonstrate that granting the exemption would assist in the preservation of a property that might otherwise be in danger of demolition or substantial alterations

The proposed Rehabilitation Plan includes roof replacement, parapet bracing, elevator penthouse repair, brick repair and repointing at the façade and basement under sidewalk, repair and in-kind replacement of wood windows, plaster repair at rear façade, sheet metal cornice repair or in-kind replacement, fire escape repair, historic elevator and stair repair, storefront repair and replacement. Rehabilitation work is estimated to cost \$1,091,077 over ten years.

The proposed Maintenance Plan includes annual inspection of roof, parapet bracing, elevator penthouse, basement, wood windows, brick and plaster facades, storefronts, sheet metal cornice, and fire escape with in-kind repair of any deteriorated elements as necessary. Maintenance work is estimated to cost \$23,694 annually. Any needed repairs will be made in kind and will avoid altering, removing or obscuring character-defining features of the building.

No changes to the use of the property are proposed. Please refer to the attached Rehabilitation and Maintenance Plan for a full description of the proposed work. The attached draft historical property contract will help the applicant mitigate these expenditures and will induce the applicant to maintain the property in excellent condition in the future.

c. 465-467 Oak Street: As detailed in the Mills Act application, the applicant proposes to rehabilitate and maintain the historic property. Staff determined that the proposed work, detailed in the attachments, is consistent with the Secretary of Interior's Standards for Rehabilitation.

The subject property is currently valued by the Assessor's Office as under \$3,000,000 (see attached Market Analysis and Income Approach reports) and did not require a Historic Structure Report.

The applicant completed rehabilitation work to the building in 2017, including wood window repair, exterior painting, brick chimney repair at an estimated cost of \$6963.28. The proposed Rehabilitation Plan includes seismic upgrade, roof replacement, rear stair and balcony replacement, and exterior repainting. Rehabilitation work is estimated to cost \$369,600 over ten years.

The proposed Maintenance Plan includes annual inspection of roof, gutters and downspouts, windows, doors, front steps and porch, and wood siding a trim. Any needed repairs will be made in kind and will avoid altering, removing or obscuring character-defining features of the building. Maintenance work is estimated to cost approximately \$2,000 annually.

No changes to the use of the property are proposed. Please refer to the attached Rehabilitation and Maintenance Plan for a full description of the proposed work. The attached draft historical property contract will help the applicant mitigate these expenditures and will induce the applicant to maintain the property in excellent condition in the future.

d. <u>587 Waller Street</u>: As detailed in the Mills Act application, the applicant proposes to rehabilitate and maintain the historic property. Staff determined that the proposed work, detailed in the attachments, is consistent with the Secretary of Interior's Standards for Rehabilitation.

The subject property is currently valued by the Assessor's Office as under \$3,000,000 (see attached Market Analysis and Income Approach reports) and did not require a Historic Structure Report.

The proposed Rehabilitation Plan includes seismic and foundation work, roof replacement, front façade restoration, window replacement, and front steps and porch restoration. Rehabilitation work is estimated to cost \$337,400 over ten years.

The proposed Maintenance Plan includes annual inspection of gutters and downspouts, windows, front steps and porch, front façade, and roof. Any needed repairs resulting from inspection will be made in kind and will avoid altering, removing or obscuring character-defining features of the building. Maintenance work is estimated to cost approximately \$1,300 annually.

No changes to the use of the property are proposed. Please refer to the attached Rehabilitation and Maintenance Plan for a full description of the proposed work. The attached draft historical property contract will help the applicant mitigate these expenditures and will induce the applicant to maintain the property in excellent condition in the future.

e. <u>354-356 San Carlos Street</u>: As detailed in the Mills Act application, the applicant proposes to rehabilitate and maintain the historic property. Staff determined that the proposed work, detailed in the attachments, is consistent with the Secretary of Interior's Standards for Rehabilitation and Preservation.

The subject property is currently valued by the Assessor's Office as under \$3,000,000 (see attached Market Analysis and Income Approach reports) and did not require a Historic Structure Report.

The applicant completed substantial rehabilitation work to the property in 2016, including front façade restoration, window replacement, exterior painting, front stair replacement, and foundation and structural work at an estimated cost of \$317,000. The proposed Rehabilitation Plan includes roof replacement. Rehabilitation work is estimated to cost \$50,000 over ten years.

The proposed Maintenance Plan includes annual inspection of the roof, gutters and drains, windows, foundation and structure, stairs. Annual inspection of the siding and trim will occur every five years. Any needed repairs resulting from inspection will be made in kind and will avoid altering, removing or obscuring character-defining features of the building. Maintenance work is estimated to cost approximately \$1,600 annually.

No changes to the use of the property are proposed. Please refer to the attached Rehabilitation and Maintenance Plan for a full description of the proposed work. The attached draft historical

property contract will help the applicant mitigate these expenditures and will induce the applicant to maintain the property in excellent condition in the future.

f. 811 Treat Avenue: As detailed in the Mills Act application, the applicant proposes to rehabilitate and maintain the historic property. Staff determined that the proposed work, detailed in the attachments, is consistent with the Secretary of Interior's Standards for Rehabilitation and Preservation.

The subject property is currently valued by the Assessor's Office as under \$3,000,000 (see attached Market Analysis and Income Approach reports) and did not require a Historic Structure Report.

The proposed Rehabilitation Plan includes siding and trim repair and repainting, incompatible garage door replacement, door repair and decorative glass replacement, and roof replacement. Rehabilitation work is estimated to cost \$67,000 over ten years.

The proposed Maintenance Plan includes annual inspection of the foundation, roof, gutters, drains, windows, doors, and stairs and porch. Inspection of the siding and trim will occur every five years. Any needed repairs resulting from inspection will be made in kind and will avoid altering, removing or obscuring character-defining features of the building. Maintenance work is estimated to cost approximately \$2,100 annually.

No changes to the use of the property are proposed. Please refer to the attached Rehabilitation and Maintenance Plan for a full description of the proposed work. The attached draft historical property contract will help the applicant mitigate these expenditures and will induce the applicant to maintain the property in excellent condition in the future.

ASSESSOR-RECORDER INFORMATION

Based on information received from the Assessor-Recorder, the following properties will receive an estimated first year reduction as a result of the Mills Act Contract. Please refer to the attached Preliminary Valuation spreadsheet prepared by the Assessor for detailed information about each property.

- a) <u>2253 Webster Street:</u> Estimated Property Tax Savings of <u>\$13,750</u> (a 54.73% reduction from factored base year value)
- b) <u>353 Kearny Street:</u> Estimated Property Tax Savings of <u>\$26,963</u> (a 33.82% reduction from factored base year value)
- c) <u>465 Oak Street:</u> Estimated Property Tax Savings of <u>\$16,250</u> (a 52.98% reduction from factored base year value)
- d) <u>587 Waller Street:</u> Estimated Property Tax Savings of <u>\$16,412</u> (a 58.33% reduction from factored base year value)

- e) <u>354-356 San Carlos Street:</u> Estimated Property Tax Savings: <u>\$4,532</u> (a 25.05% reduction from factored base year value).
- f) <u>811 Treat Avenue</u>: Estimated Property Tax Savings: <u>\$368</u> (a 2.20% reduction from factored base year value).

PLANNING DEPARTMENT RECOMMENDATION

- The Planning Department recommends that the Historic Preservation Commission adopt a resolution recommending approval of the Mills Act Historical Property Contracts and Rehabilitation and Maintenance Plans to the Board of Supervisors for the following properties:
 - a. 2253 Webster Street
 - b. 353 Kearny Street
 - c. 465 Oak Street
 - d. 587 Waller Street
 - e. 354-356 San Carlos Street
 - f. 811 Treat Avenue

ISSUES AND OTHER CONSIDERATIONS

Mills Act Contract property owners are required to submit an annual affidavit demonstrating compliance with Rehabilitation and Maintenance Plans.

HISTORIC PRESERVATION COMMISSION ACTIONS

Review and adopt a resolution for each property:

- 1. Recommending to the Board of Supervisors approval of the proposed Mills Act Historical Property Contract between the property owner(s) and the City and County of San Francisco;
- 2. Approving the proposed Mills Act Rehabilitation and Maintenance Plan for each property.

ADOPTING FINDINGS RECOMMENDING TO THE BOARD OF SUPERVISORS APPROVAL OF THE MILLS ACT HISTORICAL PROPERTY CONTRACT, REHABILITATION PROGRAM, AND MAINTENANCE PLAN FOR 353 KEARNY STREET:

WHEREAS, The Mills Act, California Government Code Sections 50280 et seq. ("the Mills Act") authorizes local governments to enter into contracts with owners of private historical property who assure the rehabilitation, restoration, preservation and maintenance of a qualified historical property; and

WHEREAS, In accordance with Article 1.9 (commencing with Section 439) of Chapter 3 of Part 2 of Division 1 of the California Revenue and Taxation Code, the City and County of San Francisco may provide certain property tax reductions, such as those provided for in the Mills Act; and

WHEREAS, Ordinance No. 191-96 amended the San Francisco Administrative Code by adding Chapter 71, to implement Mills Act locally; and

WHEREAS, The Planning Department has determined that the actions contemplated in this Resolution are categorically exempt from with the California Environmental Quality Act (California Public Resources Code Sections 21000 et seq.) under section 15331; and

WHEREAS, The existing building located at 353 Kearny Street is listed under Article 11 of the San Francisco Planning Code Planning Code as a Category IV–Contributory Building to the Kearny-Market-Mason-Sutter Conservation District and thus qualifies as a historic property; and

WHEREAS, The Planning Department has reviewed the Mills Act Application, Historical Property Contract, Historical Property Contract, Rehabilitation Program, and Maintenance Plan for 353 Kearny

www.sfplanning.org

Street, which are located in Case Docket No. 2018-006717MLS. The Planning Department recommends approval of the Mills Act historical property contract, rehabilitation program, and maintenance plan; and

WHEREAS, The Historic Preservation Commission (HPC) recognizes the historic building at 353 Kearny Street as an historical resource and believes the Rehabilitation Program and Maintenance Plan are appropriate for the property; and

WHEREAS, At a duly noticed public hearing held on October 3, 2018, the Historic Preservation Commission reviewed documents, correspondence and heard oral testimony on the Mills Act Application, Historical Property Contract, Rehabilitation Program, and Maintenance Plan for 353 Kearny Street, which are located in Case Docket No. 2018-006717MLS.

THEREFORE BE IT RESOLVED that the Historic Preservation Commission hereby recommends that the Board of Supervisors approve the Mills Act Historical Property Contract, including the Rehabilitation Program, and Maintenance Plan for the historic building located at 353 Kearny, attached herein as Exhibits A and B, and fully incorporated by this reference.

BE IT FURTHER RESOLVED That the Historic Preservation Commission hereby directs its Commission Secretary to transmit this Resolution, the Mills Act Historical Property Contract, including the Rehabilitation Program, and Maintenance Plan for 353 Kearny, and other pertinent materials in the case file 2018-006717MLS to the Board of Supervisors.

I hereby certify that the foregoing Resolution was ADOPTED by the Historic Preservation Commission on October 3, 2018.

II. Comment(s):

The subject is a mixed use building that has approximately 9,729 square feet of net rentable area. The property was recently purchased in March 2018 for \$6.8M. As of the current event date, the ground floor commercial space is fully leased to two restaurant tenants and the upper floor office space has a signed leased which hasn't commenced yet. The lease will commence 18 months following the delivery date by the landlord who will reportedly spend approximately \$1.1M in renovation costs on the building. After which, the office tenant has an improvement allowance of approximately \$1.6M from the landlord to build-out the four floors of office area to coworking style office space.

Property Summary

Address:

353-359 Kearny St

AAB:

0270-001

Sub-Market:

Financial District North

Property Description:

The subject property is a five-story plus basement, reinforced masonry building constructed in 1907. The property is situated at the southwest corner of Kearny and Pine Streets. It contains four floors of office space above two ground floor commercial units. The property is currently in average condition and is proposed for a significant renovation by both the current owner and office tenant. The landlord work reportedly includes new windows, roof repair, new elevator, and exterior repairs at a reported cost of approximately \$1.1M. The tenant work includes a full renovation of the upper levels including flooring, ceiling treatments, lighting, HVAC, restrooms, kitchens, and other finishes. The owner is providing a tenant improvement allowance of up to approximately \$1.6M with the tenant reportedly incurring additional costs above the TI allowance for the office build-out. Together, a total over \$2.7M is planned to be incurred on the proposed renovation

Tenant Profile:

The ground floor retail units are both occupied by restaurant tenants: Harrow Fresh Roll and Pasilla, Inc. The office portion of the subject, including a lobby area. was recently leased to Canopy Space, Inc. who provides shared coworking space and will renovate then occupy the lobby through 4th floor.

NOTES

353 Kearny Street (District 3) is located on the southwest corner of Kearny and Pine streets, Assessor's Block 0270, Lot 001. The subject property is located within the C-3-O – Downtown-Office zoning district and a 80-130-F Height and Bulk district. The subject property is a Category IV – Contributory Building to Kearny-Market-Mason-Sutter Conservation District. It is a five-story over basement, brick masonry, commercial building designed in the Renaissance-Revival style by San Francisco architectural firm Salfield & Kohlberg and was built in 1907.

The subject property is currently valued by the Assessor's Office at over \$5,000,000. Therefore, an exemption from the tax assessment value is required. The application includes a Historic Structure Report prepared by Page & Turnbull, Inc. that provides evidence that the property meets the exemption criteria for tax assessment value.

The rehabilitation plan proposes roof replacement, parapet bracing repair, elevator penthouse repair, repair and painting of brick at primary facades, repair and painting of cement plaster at rear façade, repair of historic windows at primary facades, compatible replacement of missing windows at rear façade, fire escape repair, storefront and ground floor rehabilitation, and repair of sheet meal banding and cornice. On the interior, work includes repair of the historic stair and enclosed elevator, as well as brick repair and waterproofing due to moisture infiltration at the 4th and 5th floors and in basement under the sidewalk. The estimated cost of rehabilitation work is \$958,752

The maintenance plan proposes annual inspections and any necessary repairs of the roof, parapet bracing, elevator penthouse, brick masonry and cement plaster elevations, storefronts, windows, fire escape, and sheet metal banding and cornice. On the interior, the stair and elevator will be inspected annually and any necessary repairs made, and basement will be inspected annually for signs of moisture. Annual maintenance costs are estimated at \$23,754.

- Seismic work is not addressed. The building was upgraded in 2004 to comply with UMB ordinance.
- Proposed rehabilitation work to storefronts includes building entry and southern-most storefront
 only. Does not include the two northern storefronts with active tenants.

CONDITIONS FOR APPROVAL

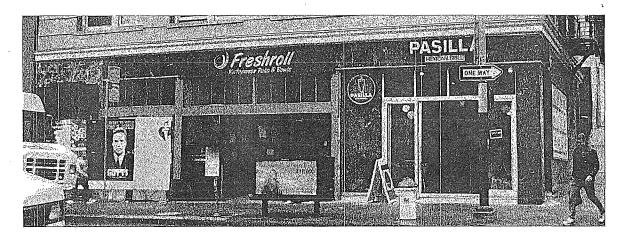

Open DBI Complaint must be resolved.

APPLICATION GUIDE FOR

Mills Act Historical Property Contract

Planning Department 1650 Mission Street Suite 400 San Francisco, CA 94103-9425

P: 415.558.6378 F: 415.558.6409

Office of the Assessor-Recorder Clty Hall, Room 190 San Francisco, CA 94102

P: 415,554,5596 Recording Hours 8:00a.m. – 4:00p.m. Chapter 71 of the San Francisco Administrative Code allows the City and County of San Francisco to enter into a preservation contract with local property owners who restore and preserve qualified historic properties. In exchange for maintaining and preserving a historic property, the owner receives a property tax reduction.

Planning staff are available to advise you in the preparation of this application. Call (415) 558-6377 for further information.

WHAT IS A MILLS ACT PROPERTY CONTRACT?

The Mills Act Contract is an agreement between the City and County of San Francisco and the owner of a qualified property based on California Government Code, Article 12, Sections 50280-50290 (Mills Act). This state law, established in 1976, provides for a property tax reduction for owners of qualifying historic properties who agree to comply with certain preservation restrictions and use the property tax savings to help offset the costs to restore, rehabilitate, and maintain their historic resource according to the Secretary of the Interior's Standards and the California Historical Building Code. The Mills Act allows historic property owners to restore their historic buildings; obligate future owners to the maintenance and care of the property; and may provide significant property tax savings to the property owner, particularly to smaller, single-family homeowners. The San Francisco Board of Supervisors approves all final contracts. Once executed, the contract is recorded on the property and leads to reassessment of the property the following year.

WHO MAY APPLY FOR A MILLS ACT PROPERTY CONTRACT?

The Mills Act is for qualified historic property owners who are actively rehabilitating their properties or have recently completed a rehabilitation project compliant with the *Secretary of the Interior's Treatment of Historic Properties*, in particular the Standards for Rehabilitation, and the California Historical Building Code. Recently completed projects shall mean completed in the year prior to the application. Qualified historic properties are those that have been designated as a City Landmark or those listed on the National Register of Historic Places. Eligibility for Historical Property Contracts shall be limited to residential buildings or structures with a pre-contract assessed valuation of \$3,000,000 or less and commercial and industrial buildings with a pre-contract assessed valuation of \$5,000,000 or less, unless the individual property is granted an exemption from those limits by the Board of Supervisors.

If a property has multiple owners, all property owners of the subject property must enter into the contract simultaneously.

THE APPLICATION PACKET

This Application Packet is a summary of the Mills Act Historical Property Contract ("Mills Act Contract") Program's features. The complete details are described in the legal texts of the San Francisco Administrative Code, Chapter 71, California Government Code Sections 50280-50290 (Appendix A to this packet.) and California Taxation Code Article 1.9, Sections 439-4394. (Appendix B to this packet.)

IMPORTANT: Please read the entire application packet before getting started. Applicants are responsible for all of the information contained in the Application Guide. Be sure to review the Application Checklist to ensure that you are submitting all of the required documents. A Mills Act Historical Property Contract application provides the potential for property tax reduction. It is not a guarantee: Each property varies according to its income-generating potential and current assessed value. Mills Act properties are reassessed annually and periodically inspected for contract compliance. Incomplete applications may not meet the schedule outlined in this application.

ROLE OF THE PLANNING DEPARTMENT

The Planning Department oversees all Mills Act applications, presents applications before the appropriate hearing bodies and monitors the City's existing Mills Act properties. Preservation Planners work with property owners to complete their applications and develop rehabilitation and maintenance plans that are specific to each property. Planners keep the applicants informed throughout the year, as the application moves forward through the Office of the Assessor-Recorder, the Historic Preservation Commission, and the Board of Supervisors. The Planning Department also serves as the main point of contact for annual monitoring.

ROLE OF THE OFFICE OF ASSESSOR-RECORDER

The role of the Office of the Assessor-Recorder is to locate and accurately assess all taxable property in San Francisco and also serve as the county's official record-keeper of documents such as deeds, liens, maps and property contracts. In a Mills Act Historical Property contract, the Office of the Assessor-Recorder assesses qualified properties based on a state prescribed approach and records the fully executed contract. All Mills Act properties will receive an initial valuation during the application process and will be assessed annually by the January 1st lien date and in subsequent years, as required by state law.

ROLE OF THE HISTORIC PRESERVATION COMMISSION

The Historic Preservation Commission will hold a hearing to make a recommendation to the Board of Supervisors whether to approve, modify or deny the application. The HPC may include recommendations regarding the proposed rehabilitation, restoration, and maintenance work, the historic value of the qualified property and any proposed restrictions or maintenance requirements to be included in the final Historical Property Contract. The HPC's recommendation will be forwarded to the Board of Supervisors.

If the Historic Preservation Commission recommends disapproval of the contract, such decision shall be final unless the property owner files an appeal with the Clerk of the Board of Supervisors within 10 days of final action of the Historic Preservation Commission.

ROLE OF THE BOARD OF SUPERVISORS

The Mills Act Application is referred by the Planning Department to the Board of Supervisors. Every contract must be scheduled in a Committee of the Board of Supervisors. A report prepared by the Board of Supervisors Budget & Legislative Analysts Office will detail the property tax savings and the potential impact this may have on the City's finances. The Committee may recommend, not recommend or forward the application without recommendation to the full Board of Supervisors.

The Board of Supervisors has complete discretion whether to approve, disapprove, or approve with modifications the Mills Act Historical Property Contract. The final decision rests with the Board of Supervisors. The legislative process may take a minimum of five weeks.

WHICH PROPERTIES ARE ELIGIBLE TO APPLY?

In order to participate in the Mills Act Contract Program, properties must meet the following criteria:

- 1. Qualified Historic Property
- Individually Designated Pursuant to Article 10 of the Planning Code. Properties that have been designated as an individual city landmark are eligible.
- Buildings in Landmark Districts Designated Pursuant to Article 10 of the Planning Code. Properties that have been listed as a contributor to a city landmark district are eligible.
- Properties Designated as Significant (Category I or II) Pursuant to Article 11 of the Planning Code. Properties located in the C-3 Zoning District that have been determined to be a Category I or II, Significant Building are eligible.
- Properties Designated as Contributory (Category IV) to a Conservation District Pursuant to Article 11 of the Planning Code. Properties located in the C-3 Zoning District that have been determined to be Category IV are eligible.
- Properties Designated as Contributory (Category III) Pursuant to Article 11 of the Planning Code. Properties in the C-3 Zoning District that have been listed as a Contributory Structure (Category III) which are located <u>outside</u> of a Conservation District are eligible for the Mills Act program.
- Individual Landmarks under the California Register of Historical Resources.
 Properties that have been officially designated as a California Register individual landmark are eligible for the Mills Act program.
- Contributory Buildings in California Register of Historical Resources Historic
 Districts. Properties that have been identified as a contributory building in a National
 Register Historic District are eligible for the Mills Act program.
- Individual Landmarks listed in the National Register of Historic Places. Properties
 that have been individually listed in the National Register are eligible for the Mills Act
 program.
- Contributory Buildings listed in the National Register of Historic Places as a Historic District. Properties that have been identified as a contributory building to a National Register Historic District are eligible for the Mills Act program.

Mills Act Application Guide

If there are any questions about whether your property is eligible please contact the Planning Department at (415) 558-6377.

2. Tax Assessment Value

Qualified historic properties must also meet a tax assessment value to be eligible for a Mills. Act Contract. All owners of the property must enter into the Mills Act contract with the City.

For Residential Buildings:

Eligibility is limited to a property tax assessment value of less than \$3,000,000.

For Commercial, Industrial or Mixed-Use Buildings:

Eligibility is limited to a property tax assessment value of less than \$5,000,000.

Exceptions To Property Value Limits:

A property may be exempt from the tax assessment value if it meets the following criteria:

- The qualified historic property is an exceptional example of architectural style or represents a work of a master architect or is associated with the lives of persons important to local or national history; or
- Granting the exemption will assist in the preservation and rehabilitation of a historic structure (including unusual and/or excessive maintenance requirements) that would otherwise be in danger of demolition, deterioration, or abandonment.

Properties applying for a valuation exemption must provide evidence that the property meets the exemption criteria. This evidence must be documented by a qualified historic preservation consultant in a Historic Structures Report or Conditions Assessment to substantiate the circumstances for granting the exemption. Please contact Planning Department Preservation Staff to determine which report your property requires.

The Historic Preservation Commission shall make specific findings to the Board of Supervisors recommending approval or denial of the exemption. Final approval of this exemption is under the purview of the Board of Supervisors.

NOTE: Owners of properties with comparatively low property taxes due to Proposition 13 will likely not see a benefit with a Mills Act Contract. The assessed value under the Mills Act will likely be higher than the existing base-year value of the property. Generally, an owner who has purchased their property within the last ten years is most likely to benefit from entering into a Mills Act contract.

TERMS OF THE MILLS ACT HISTORICAL PROPERTY CONTRACT

Duration of Contract

The Mills Act contract is for a minimum term of ten years. It automatically renews each year on its anniversary date and a new ten-year term becomes effective. The contract runs (essentially in perpetuity) with the land.

Termination of the Contract

The owner may terminate the contract by notifying the Planning Department at least ninety days prior to the annual renewal date. The City may terminate the contact by notifying the owner at least sixty days prior to the renewal date. The City could terminate contract if the owner is not conforming with the plans and timelines established in the Contract. The owner may make a written protest about termination by the City. The contract remains in effect for the balance of the 10-year term of the contract beyond the notice of non-renewal.

Alterations or Additions

Any work performed to the property must conform to the Secretary of the Interior's Standards for the Treatment of Historic Properties, specifically, the Standards for Rehabilitation and the California Historical Building Code. If components of the Mills Act Rehabilitation/Restoration or Maintenance Plan requires approvals by the Historic Preservation Commission, Planning Commission, Zoning Administrator, or any other government body, those approvals must be secured prior to applying for a Mills Act Historical Property Contract.

Inspections and Monitoring

The City may conduct periodic inspections of the property in addition to issuing an annual affidavit of compliance. These inspections are to confirm work has been completed in conformance with the approved Mills Act Contract. The City also encourages the property owner to self-inspect and apprise the Planning Department of the progress of rehabilitating and maintaining their property. In compliance with state law, onsite inspections of the property by the Planning Department and the Office of the Assessor-Recorder will occur every five years. All site visits will be scheduled in advance with the property owner.

Breach of Contact

If the property owner is found to be in breach of contract, the City may cancel the contract whereupon the Assessor-Recorder will collect a cancellation fee of 12 1/2 percent of the fair market value of the property as determined by the Assessor-Recorder. Applicants who enter into a Mills Act Contract with the City of San Francisco and fail to rehabilitate or maintain the property are subject to the City cancelling the contract.

Transfer of Ownership

A Mills Act Contract is attached to the property. Subsequent owners are bound by the terms and conditions of the contract, and obligated to complete any work identified in the contract and perform required maintenance. It is incumbent upon the seller of a Mills Act property to disclose this fact to potential buyers. For example, if an owner completes some of the contract mandated work in the first five years and then sells the property, the new buyer would have five years to complete the rehabilitation/restoration of the property.

Recordation

A complete Mills Act contract must be recorded with the Office of the Assessor-Recorder. In order to record the contract, all approvals, signatures, recordation attachments must be included and all applicable recording fees must be paid. A contract may be considered incomplete if all components are not adequately satisfied. To see the current recording fee schedule, go to www.sfassessor.org.

Mills Act Process & Timeline

Phase 1:

Planning Department Reviews Application

Property owner submits completed application to Planning.

Send applications to: 1650 Mission Street, Suite 400. San Francisco, CA 94103

Visit wwwsfplanning.org for application fee information.

APPLICATION DEADLINE: MAY 1:

- 2. Review of applications. Planning Department reviews the applications for completeness. Planner works with the Owner if issues are found.
- 3. Property Inspection.
 Planning Department and
 Assessor-Recorder schedule
 site visits with Owner.

Phase 7: Mills Act Monitoring

18. Affidavit of compliance is issued. Onsite Property inspections occur every five years with Planning and the Assessor Recorder's Office.

Owner returns affidavit to Planning.

DEADLINE: APRIL 30

Recordation and Distribution

6 Office of the Assessor-Recorder records contract.

DEADLINE: DECEMBER 30

 Office of the Assessor-Recorder mails confirmed copy of contract to property owner.

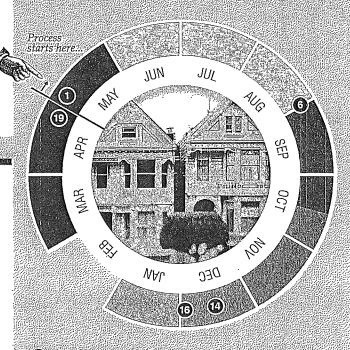

Phase 2:

Assessor-Recorder Calculates Valuations

- 4. Planning Department submits complete applications to Assessor-Recorder by June 1.
- 5. Initial valuation completed by Assessor-Recorder's office and submitted to Planning Department for transmittal to property owner by Aug. 31.

6 Property owner reviews valuations.
Owner has until Sept. 15 to review the valuation.

DEADLINE: SEPTEMBER 15

Property Owner Action/Deadline

Phase 5:

Final Contracts Issued, Recorded & Distributed

- 12. City Attorney's Office finalizes contracts. City Attorney verifies prints and signs final contracts then returns to Planning for signature.
- 13. Planning Department notifies property owner to pick up contracts from Planning Department. Owners sign and notarize contracts.

Owners deliver signed and notarized contracts to Planning Department. Planning Department delivers all contracts to the Assessor-Recorder, City Hall, Room 190.

DEADLINE: DECEMBER 13

15. Assessor-Recorder reviews and signs contracts.

Phase 3:

Historic Preservation Commission Hearing

7. HPC Hearing. The Historic Preservation Commission (HPC) meets the first and third Wednesday of each month. The HPC Hearing will be the third Wednesday in September or the first Wednesday in October. Planning Staff will present the application, rehabilitation and maintenance plans to the HPC.

ACTION TAKEN

The HPC may recommend, modify, or deny approval to the Board of Supervisors.

Phase 4:

Board of Supervisors Committee and Board of Supervisors Final Hearing

- 8. Planning Department transmits application to the Board of Supervisors. The Clerk of the Board is responsible for scheduling the item in the appropriate Board of Supervisors committee.
- 9. Budget & Legislative Analyst's Office prepares report for committee hearing.
- 10. Planning Department, Assessor-Recorder's Office, and Owner present.

APTIONTAKEN

Board of Supervisors Committee may Recommend, Not Recommend, or forward without Recommendation to the Full Board.

11. Item scheduled at a full Board of Supervisors meeting for consideration. Visit www.sfbos.org for more information.

7 (400) 57 (31)

The BOS may approve, modify, or deny the Mills Act Application.

MILLS ACT HISTORICAL PROPERTY CONTRACT Application Checklist:

Applicant should complete this checklist and submit along with the application to ensure that all necessary materials have been provided. Saying "No" to any of the following questions may nullify the timelines established in this application.

1	Mills Act Application	YES 🗌	NO 🗌
	Has each property owner signed? Has each signature been notarized?		
2	High Property Value Exemption Form & Historic Structure Report	YES 🗌	№ 🗌
*	Required for Residential properties with an assessed value over \$3,000,000 and Commercial/Industrial properties with an assessed value over \$5,000,000. Have you included a copy of the Historic Structures Report completed by a qualified consultant?		N/A □
3	Draft Mills Act Historical Property Contract	YES 🗌	NO 🗌
	Are you using the Planning Department's standard "Historical Property Contract?" Have all owners signed and dated the contract? Have all signatures been notarized?		
4	Notary Acknowledgement Form	YES 🗌	NO 🗌
	Is the Acknowledgement Form complete? Do the signatures match the names and capacities of signers?		
5	Draft Rehabilitation/Restoration/Maintenance Plan	YES 🗌	ИО □

6. Draft Mills Act Historical Property Agreement

Please complete the following Draft Mills Act Historical Property Agreement and submit with your application. A final Mills Act Historical Property Agreement will be issued by the City Attorney once the Board of Supervisors approves the contract. The contract is not in effect until it is fully executed and recorded with the Office of the Assessor-Recorder.

Any modifications made to this standard City contract by the applicant or if an independently-prepared contract is used, it shall be subject to approval by the City Attorney prior to consideration by the Historic Preservation Commission and the Board of Supervisors. This will result in additional application processing time and the timeline provided in the application will be nullified.

1. Application of Mills Act.

The benefits, privileges, restrictions and obligations provided for in the Mills Act shall be applied to the Historic Property during the time that this Agreement is in effect commencing from the date of recordation of this Agreement.

2. Rehabilitation of the Historic Property.

Owners shall undertake and complete the work set forth in Exhibit A ("Rehabilitation Plan") attached hereto according to certain standards and requirements. Such standards and requirements shall include, but not be limited to: the Secretary of the Interior's Standards for the Treatment of Historic Properties ("Secretary's Standards"); the rules and regulations of the Office of Historic Preservation of the California Department of Parks and Recreation ("OHP Rules and Regulations"); the State Historical Building Code as determined applicable by the City; all applicable building safety standards; and the requirements of the Historic Preservation Commission, the Planning Commission, and the Board of Supervisors, including but not limited to any Certificates of Appropriateness approved under Planning Code Article 10. The Owners shall proceed diligently in applying for any necessary permits for the work and shall apply for such permits not less than six (6) months after recordation of this Agreement, shall commence the work within six (6) months of receipt of necessary permits, and shall complete the work within three (3) years from the date of receipt of permits. Upon written request by the Owners, the Zoning Administrator, at his or her discretion, may grant an extension of the time periods set forth in this paragraph. Owners may apply for an extension by a letter to the Zoning Administrator, and the Zoning Administrator may grant the extension by letter without a hearing. Work shall be deemed complete when the Director of Planning determines that the Historic Property has been rehabilitated in accordance with the standards set forth in this Paragraph. Failure to timely complete the work shall result in cancellation of this Agreement as set forth in Paragraphs 13 and 14 herein.

3. Maintenance.

Owners shall maintain the Historic Property during the time this Agreement is in effect in accordance with the standards for maintenance set forth in Exhibit B ("Maintenance Plan"), the Secretary's Standards; the OHP Rules and Regulations; the State Historical Building Code as determined applicable by the City; all applicable building safety standards; and the requirements of the Historic Preservation Commission, the Planning Commission, and the Board of Supervisors, including but not limited to any Certificates of Appropriateness approved under Planning Code Article 10.

4. Damage.

Should the Historic Property incur damage from any cause whatsoever, which damages fifty percent (50%) or less of the Historic Property, Owners shall replace and repair the damaged area(s) of the Historic Property. For repairs that do not require a permit, Owners shall commence the repair work within thirty (30) days of incurring the damage and shall diligently prosecute the repair to completion within a reasonable period of time, as determined by the City. Where specialized services are required due to the nature of the work and the historic character of the features damaged, "commence the repair work" within the meaning of this paragraph may include contracting for repair services. For repairs that require a permit(s), Owners shall proceed diligently in applying for any necessary permits for the work and shall apply for such permits not less than sixty (60) days after the damage has been incurred, commence the repair work within one hundred twenty (120) days of receipt of the required permit(s), and shall diligently prosecute the repair to completion within a reasonable period of time, as determined by the City. Upon written request by the Owners, the Zoning Administrator, at his or her discretion, may grant an extension of the time periods set forth in this paragraph. Owners may apply for an extension by a letter to the Zoning Administrator, and the Zoning Administrator may grant the extension by letter without a hearing. All repair work shall comply with the design and standards established for the Historic Property in Exhibits A and B attached hereto and Paragraph 3 herein. In the case of damage to twenty percent (20%) or more of the Historic Property due to a catastrophic event, such as an earthquake, or in the case of damage from any cause whatsoever that destroys more than fifty percent (50%) of the Historic Property, the City and Owners may mutually agree to terminate this Agreement. Upon such termination, Owners shall not be obligated to pay the cancellation fee set forth in Paragraph 14 of this Agreement. Upon such termination, the City shall assess the full value of the Historic Property without regard to any restriction imposed upon the Historic Property by this Agreement and Owners shall pay property taxes to the City based upon the valuation of the Historic Property as of the date of termination.

5. Insurance.

Owners shall secure adequate property insurance to meet Owners' repair and replacement obligations under this Agreement and shall submit evidence of such insurance to the City upon request.

6. Inspections.

Owners shall permit periodic examination of the exterior and interior of the Historic Property by representatives of the Historic Preservation Commission, the City's Assessor, the Department of Building Inspection, the Planning Department, the Office of Historic Preservation of the California Department of Parks and Recreation, and the State Board of Equalization, upon seventy-two (72) hours advance notice, to monitor Owners' compliance with the terms of this Agreement. Owners shall provide all reasonable information and documentation about the Historic Property demonstrating compliance with this Agreement as requested by any of the above-referenced representatives.

7. Term.

This Agreement shall be effective upon the date of its recordation and shall be in effect for a term of ten years from such date ("Initial Term"). As provided in Government Code section 50282, one year shall be added automatically to the Initial Term, on each anniversary date of this Agreement, unless notice of nonrenewal is given as set forth in Paragraph 10 herein.

8. Valuation.

Pursuant to Section 439.4 of the California Revenue and Taxation Code, as amended from time to time, this Agreement must have been signed, accepted and recorded on or before the lien date (January 1) for a fiscal year (the following July 1-June 30) for the Historic Property to be valued under the taxation provisions of the Mills Act for that fiscal year.

9. Termination.

In the event Owners terminates this Agreement during the Initial Term, Owners shall pay the Cancellation Fee as set forth in Paragraph 15 herein. In addition, the City Assessor-Recorder shall determine the fair market value of the Historic Property without regard to any restriction imposed on the Historic Property by this Agreement and shall reassess the property taxes payable for the fair market value of the Historic Property as of the date of Termination without regard to any restrictions imposed on the Historic Property by this Agreement. Such reassessment of the property taxes for the Historic Property shall be effective and payable six (6) months from the date of Termination.

10. Notice of Nonrenewal.

If in any year after the Initial Term of this Agreement has expired either the Owners or the City desires not to renew this Agreement that party shall serve written notice on the other party in advance of the annual renewal date. Unless the Owners serves written notice to the City at least ninety (90) days prior to the date of renewal or the City serves written notice to the Owners sixty (60) days prior to the date of renewal, one year shall be automatically added to the term of the Agreement. The Board of Supervisors shall make the City's determination that this Agreement shall not be renewed and shall send a notice of nonrenewal to the Owners. Upon receipt by the Owners of a notice of nonrenewal from the City, Owners may make a written protest. At any time prior to the renewal date, City may withdraw its notice of nonrenewal. If in any year after the expiration of the Initial Term of the Agreement, either party serves notice of nonrenewal of this Agreement, this Agreement shall remain in effect for the balance of the period remaining since the execution of the last renewal of the Agreement.

11. Payment of Fees.

Within one month of the execution of this Agreement, City shall tender to Owners a written accounting of its reasonable costs related to the preparation and approval of the Agreement as provided for in Government Code Section 50281.1 and San Francisco Administrative Code Section 71.6. Owners shall promptly pay the requested amount within forty-five (45) days of receipt.

12. Default.

An event of default under this Agreement may be any one of the following:

- (a) Owners' failure to timely complete the rehabilitation work set forth in Exhibit A in accordance with the standards set forth in Paragraph 2 herein;
- (b) Owners' failure to maintain the Historic Property in accordance with the requirements of Paragraph 3 herein;
- (c) Owners' failure to repair any damage to the Historic Property in a timely manner as provided in Paragraph 4 herein;
- (d) Owners' failure to allow any inspections as provided in Paragraph 6 herein;
- (e) Owners' termination of this Agreement during the Initial Term;
- (f) Owners' failure to pay any fees requested by the City as provided in Paragraph 11 herein;
- (g) Owners' failure to maintain adequate insurance for the replacement cost of the Historic Property; or
- (h) Owners' failure to comply with any other provision of this Agreement.

An event of default shall result in cancellation of this Agreement as set forth in Paragraphs 13 and 14 herein and payment of the cancellation fee and all property taxes due upon the Assessor's determination of the full value of the Historic Property as set forth in Paragraph 14 herein. In order to determine whether an event of default has occurred, the Board of Supervisors shall conduct a public hearing as set forth in Paragraph 13 herein prior to cancellation of this Agreement.

13. Cancellation.

As provided for in Government Code Section 50284, City may initiate proceedings to cancel this Agreement if it makes a reasonable determination that Owners have breached any condition or covenant contained in this Agreement, has defaulted as provided in Paragraph 12 herein, or has allowed the Historic Property to deteriorate such that the safety and integrity of the Historic Property is threatened or it would no longer meet the standards for a Qualified Historic Property. In order to cancel this Agreement, City shall provide notice to the Owners and to the public and conduct a public hearing before the Board of Supervisors as provided for in Government Code Section 50285. The Board of Supervisors shall determine whether this Agreement should be cancelled. The cancellation must be provided to the Office of the Assessor-Recorder for recordation.

14. Cancellation Fee.

If the City cancels this Agreement as set forth in Paragraph 13 above, Owners shall pay a cancellation fee of twelve and one-half percent (12.5%) of the fair market value of the Historic Property at the time of cancellation. The City Assessor shall determine fair market value of the Historic Property without regard to any restriction imposed on the Historic Property by this Agreement. The cancellation fee shall be paid to the City Tax Collector at such time and in such manner as the City shall prescribe. As of the date of cancellation, the Owners shall pay property taxes to the City without regard to any restriction imposed on the Historic Property by this Agreement and based upon the Assessor's determination of the fair market value of the Historic Property as of the date of cancellation.

15. Enforcement of Agreement.

In lieu of the above provision to cancel the Agreement, the City may bring an action to specifically enforce or to enjoin any breach of any condition or covenant of this Agreement. Should the City determine that the Owners has breached this Agreement, the City shall give the Owners written notice by registered or certified mail setting forth the grounds for the breach. If the Owners do not correct the breach, or if it does not undertake and diligently pursue corrective action, to the reasonable satisfaction of the City within thirty (30) days from the date of receipt of the notice, then the City may, without further notice, initiate default procedures under this Agreement as set forth in Paragraph 13 and bring any action necessary to enforce the obligations of the Owners set forth in this Agreement. The City does not waive any claim of default by the Owners if it does not enforce or cancel this Agreement.

16. Indemnification.

The Owners shall indemnify, defend, and hold harmless the City and all of its boards, commissions, departments, agencies, agents and employees (individually and collectively, the "City") from and against any and all liabilities, losses, costs, claims, judgments, settlements, damages, liens, fines, penalties and expenses incurred in connection with or arising in whole or in part from: (a) any accident, injury to or death of a person, loss of or damage to property occurring in or about the Historic Property; (b) the use or occupancy of the Historic Property by the Owners, their Agents or Invitees; (c) the condition of the Historic Property; (d) any construction or other work undertaken by Owners on the Historic Property; or (e) any claims by unit or interval Owners for property tax reductions in excess those provided for under this Agreement. This indemnification shall include, without limitation, reasonable fees for attorneys, consultants, and experts and related costs that may be incurred by the City and all indemnified parties specified in this Paragraph and the City's cost of investigating any claim. In addition to Owners' obligation to indemnify City, Owners specifically acknowledge and agree that they have an immediate and independent obligation to defend City from any claim that actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false, or fraudulent, which obligation arises at the time such claim is tendered to Owners by City, and continues at all times thereafter. The Owners' obligations under this Paragraph shall survive termination of this Agreement.

Eminent Domain.

In the event that a public agency acquires the Historic Property in whole or part by eminent domain or other similar action, this Agreement shall be cancelled and no cancellation fee imposed as provided by Government Code Section 50288.

18. Binding on Successors and Assigns.

The covenants, benefits, restrictions, and obligations contained in this Agreement shall be deemed to run with the land and shall be binding upon and inure to the benefit of all successors and assigns in interest of the Owners.

19. Legal Fees.

In the event that either the City or the Owners fail to perform any of their obligations under this Agreement or in the event a dispute arises concerning the meaning or interpretation of any provision of this Agreement, the prevailing party may recover all costs and expenses incurred in enforcing or establishing its rights hereunder, including reasonable attorneys' fees, in addition to court costs and any other relief ordered by a court of competent jurisdiction. Reasonable attorneys fees of the City's Office of the City Attorney shall be based on the fees regularly charged by private attorneys with the equivalent number of years of experience who practice in the City of San Francisco in law firms with approximately the same number of attorneys as employed by the Office of the City Attorney.

20. Governing Law.

This Agreement shall be construed and enforced in accordance with the laws of the State of California.

21. Recordation.

The contract will not be considered final until this agreement has been recorded with the Office of the Assessor-Recorder of the City and County of San Francisco.

22. Amendments.

This Agreement may be amended in whole or in part only by a written recorded instrument executed by the parties hereto in the same manner as this Agreement.

23. No Implied Waiver.

No failure by the City to insist on the strict performance of any obligation of the Owners under this Agreement or to exercise any right, power, or remedy arising out of a breach hereof shall constitute a waiver of such breach or of the City's right to demand strict compliance with any terms of this Agreement.

24. Authority.

If the Owners sign as a corporation or a partnership, each of the persons executing this Agreement on behalf of the Owners does hereby covenant and warrant that such entity is a duly authorized and existing entity, that such entity has and is qualified to do business in California, that the Owner has full right and authority to enter into this Agreement, and that each and all of the persons signing on behalf of the Owners are authorized to do so.

25. Severability.

If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of this Agreement shall not be affected thereby, and each other provision of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

26. Tropical Hardwood Ban.

The City urges companies not to import, purchase, obtain or use for any purpose, any tropical hardwood or tropical hardwood product.

27. Charter Provisions.

This Agreement is governed by and subject to the provisions of the Charter of the City.

28. Signatures.

ADDITIONAL INFORMATION

Please answer all questions in each section, and sign and complete the certification before filing. This form may be used in all 58 California counties. If a document evidencing a change in ownership is presented to the Recorder for recordation without the concurrent filing of a *Preliminary Change of Ownership Report*, the Recorder may charge an additional recording fee of twenty dollars (\$20).

NOTICE: The property which you acquired may be subject to a supplemental assessment in an amount to be determined by the County Assessor. Supplemental assessments are not paid by the title or escrow company at close of escrow, and are not included in lender impound accounts. You may be responsible for the current or upcoming property taxes even if you do not receive the tax bill.

NAME AND MAILING ADDRESS OF BUYER: Please make necessary corrections to the printed name and mailing address. Enter Assessor's Parcel Number, name of seller, buyer's daytime telephone number, buyer's email address, and street address or physical location of the real property.

NOTE: Your telephone number and/or email address is <u>very important</u>. If there is a question of a problem, the Assessor needs to be able to contact you.

MAIL PROPERTY TAX INFORMATION TO: Enter the name, address, city, state, and zip code where property tax information should be mailed. This must be a valid mailing address.

PRINCIPAL RESIDENCE: To help you determine your principal residence, consider (1) where you are registered to vote, (2) the home address on your automobile registration, and (3) where you normally return after work. If after considering these criteria you are still uncertain, choose the place at which you have spent the major portion of your time this year. Check YES if the property is intended as your principal residence, and indicate the date of occupancy or intended occupancy.

PART 1: TRANSFER INFORMATION

If you check YES to any of these statements, the Assessor may ask for supporting documentation.

C,D,E, F: If you checked YES to any of these statements, you may qualify for a property tax reassessment exclusion, which may allow you to maintain your property's previous tax base. A claim form must be filed and all requirements met in order to obtain any of these exclusions. Contact the Assessor for claim forms. NOTE: If you give someone money or property during your life, you may be subject to federal gift tax. You make a gift if you give property (including money), the use of property, or the right to receive income from property without expecting to receive something of at least equal value in jetum. The transferor (donor) may be required to file Form 709, Federal Gift Tax Return, with the Internal Revenue Service if they make gifts in excess of the annual exclusion amount.

G: Check YES if the reason for recording is to correct a name alleady on title [e.g., Mary Jones, who acquired title as Mary J. Smith, is granting to Mary Jones]. This is not for use when a name is being removed from title.

H: Check YES if the change involves a lender, who holds title for security purposes on a loan, and who has no other beneficial interest in the property.

"Beneficial interest" is the right to enjoy all the benefits of property ownership. Those benefits include the right to use, sell, mortgage, or lease the property to another. A beneficial interest can be held by the beneficiary of a trust, while legal control of the trust is held by the trustee.

I: A "cosigner" is a third party to a mortgage/loan who provides a guarantee that a loan will be repaid. The cosigner signs an agreement with the lender stating that if the borrower fails to repay the loan, the cosigner will assume legal liability for it.

M: This is primarily for use when the transfer is into, out of, or between legal entities such as partnerships, corporations, or limited liability companies. Check YES only if the interest held in each and every parcel being transferred remains exactly the same.

N: Check YES only if property is subject to subsidized low-income housing requirements with governmentally imposed restrictions; property may qualify for a restricted valuation method (i.e., may result in lower taxes).

O: If you checked YES, you may qualify for a new construction property tax exclusion. A claim form must be filed and all requirements met in order to obtain the exclusion. Contact the Assessor for a claim form.

PART 2: OTHER TRANSFER INFORMATION

A: The date of recording is rebuttably presumed to be the date of transfer. If you believe the date of transfer was a different date (e.g., the transfer was by an unrecorded contract, or a lease identifies a specific start date), put the date you believe is the correct transfer date. If it is not the date of recording, the Assessor may ask you for supporting documentation.

B: Check the box that corresponds to the type of transfer. If OTHER is checked, please provide a detailed description. Attach a separate sheet if necessary.

PART 3: PURCHASE PRICE AND TERMS OF SALE

It is important to complete this section completely and accurately. The reported purchase price and terms of sale are important factors in etermining the assessed value of the property, which is used to calculate your property tax bill. Your failure to provide any required or requested information may result in an inaccurate assessment of the property and in an overpayment or underpayment of taxes.

- A. Enter the total purchase price, not including closing costs or mortgage insurance.
 - "Mortgage insurance" is insurance protecting a lender against loss from a mortgagor's default, issued by the FHA or a private mortgage insurer.
- B. Enter the amount of the down payment, whether paid in cash or by an exchange. If through an exchange, exclude the closing costs.
 - "Closing costs" are fees and expenses, over and above the price of the property, incurred by the buyer and/or seller, which include title searches, lawyer's fees, survey charges, and document recording fees.
- C. Enter the amount of the First Deed of Trust, if any. Check all the applicable boxes, and complete the information requested.
 - A "balloon payment" is the final installment of a loan to be paid in an amount that is disproportionately larger than the regular installment.
- D. Enter the amount of the Second Deed of Trust, if any. Check all the applicable boxes, and complete the information requested.
- E. If there was an assumption of an improvement bond or other public financing with a remaining balance enter the outstanding balance, and mark the applicable box.
 - An "improvement bond or other public financing" is a lien against real property due to property-specific improvement financing, such as green or solar construction financing, assessment district bonds, Mello-Roos (a form of financing that can be used by cities, counties and special districts to finance major improvements and services within the particular district) or general improvement bonds, etc. Amounts for repayment of contractual assessments are included with the annual property tax bill.
- F. Enter the amount of any real estate commission fees paid by the buyer which are not included in the purchase price.
- G. If the property was purchased through a real estate broker, check that box and enter the broker's name and phone number. If the roperty was purchased directly from the seller (who is not a family member of one of the parties purchasing the property), check the 'Direct from seller' box. If the property was purchased directly from a member of your family, or a family member of one of the parties who is purchasing the property, check the "From a family member" box and indicate the relationship of the family member (e.g., father, aunt, cousin, etc.). If the property was purchased by some other means (e.g., over the Internet, at auction, etc.), check the "OTHER" box and provide a detailed description (attach a separate sheet if necessary).
- H. Describe any special terms (e.g., seller retains an unrecorded life estate in a portion of the property, etc.), seller concessions (e.g., seller agrees to replace roof, seller agrees to certain interior finish work, etc.), broker/agent fees waived (e.g., fees waived by the broker/agent for either the buyer or seller), financing, buyer paid commissions, and any other information that will assist the Assessor in determining the value of the property.

PART 4: PROPERTY INFORMATION

- A. Indicate the property type or property right transferred Property rights may include water, timber, mineral rights, etc.
- B. Check YES if personal, business property or incentives are included in the purchase price in Part 3. Examples of personal or business property are furniture, farm equipment, machinery, etc. Examples of incentives are club memberships (golf, health, etc.), ski lift tickets, homeowners' dues, etc. Attach a list of items and their purchase price allocation. An adjustment will not be made if a detailed list is not provided.
- C. Check YES if a manufactured home or homes are included in the purchase price. Indicate the purchase price directly attributable to each of the manufactured homes. If the manufactured home is registered through the Department of Motor Vehicles in lieu of being subject to property taxes, check NO and enter the decal number.
- D. Check YES if the property was purchased or acquired with the intent to rent or lease it out to generate income, and indicate the source of that anticipated income. Check NO if the property will not generate income, or was purchased with the intent of being owner-occupied.
- E. Provide your opinion of the condition of the property at the time of purchase. If the property is in "fair" or "poor" condition, include a brief description of repair needed.

Total Cost: \$114,58	3.00						
Description of work							
Consider removing paint from brick pending testing and feasibility, and clean masonry. Remove and clean roofing material from face of parapet. Inspect and repair masonry, and repoint where needed with compatible/appropriate mortar that matches original in color, texture, and appearance where mortar is deteriorated, loose, unsound, or missing. Treat ferrous corrosion where occurs, and prepare, prime, & paint where metal is exposed. Inspect and repair/replace deteriorated parge coat at window sills as needed with appropriate compatible parge. If testing and feasibility of paint removal prove to be inappropriate or prohibitive, prepare, prime, and repaint brick with appropriate breathable coating and every 10 years thereafter or as needed. All work to comply with the NPS Preservation Briefs #1, #2 and #47.

II. EXEMPTION STATEMENT AND SIGNIFICANCE EVALUATION

EXEMPTION STATEMENT

The Mills Act Historical Property Contract requires all commercial properties that are assessed at a value of more than \$5M to include a Historic Structure Report (HSR) as part of the application. Representatives of the San Francisco Planning Department have indicated that the HSR could be limited in scope and should include, at minimum, a brief history of the building, a description of the building's historic condition, a summary of its existing condition, and an outline of short-term and long-term recommendations for rehabilitation.

This limited Historic Structure Report, together with the Rehabilitation/Restoration & Maintenance Plan, serves to fulfill the requirements of the Mills Act and primarily focuses on conditions and treatment recommendations for the exterior of the building.

III. HISTORIC STRUCTURE REPORT

BRIEF HISTORY OF 353 KEARNY STREET

353 Kearny Street was built in 1907 during the early stages of post-earthquake recovery in San Francisco's commercial-retail district north of Market Street. During the decade leading up to the 1906 earthquake, Kearny Street became well-known as the city's hotel and retail core. Following the earthquake and subsequent fires, Kearny Street was envisioned to become a commercial corridor lined with some of the city's marquis retail stores and renowned hotels. Street was designed in the Renaissance Revival style by the prominent San Francisco-based architectural firm of (David) Salfield & (Hermann) Kohlberg, and was built by American Hawaiian Construction Co. for owner Rosenbaum Estate Co. Although original plans by Salfield & Kohlberg depict a four-story-over-basement structure, the building was completed as a five-story-over-basement structure. The building, along with the neighboring MacDonough Building to its immediate south, joined numerous post-earthquake commercial buildings in reshaping Kearny Street's architectural character during the early 20th century. According to newspaper articles published between 1906 and 1910, 353 Kearny Street was among the earliest buildings to have been constructed following the earthquake and fires and neared completion in September 1907.

Between 1907 and 1910, the building was utilized by commercial and retail tenants as originally designed, with three ground-floor units for retail use, and upper floors with office spaces featuring "all conveniences, light, heat, and elevator service," as marketed in the San Francisco Call newspaper. Beginning in 1910, hotelier Antoine Vayssie leased the entire building from the Rosenbaum Estate Co. for six years. Vayssie, well-known for his success in the hotel industry, renovated the interior of the building, resulting in the conversion of upper-stories from office units to hotel rooms and the introduction of a saloon within the ground floor. Between 1910 and 1930, the building was listed as the Hotel Bronx in city directories. Between 1930 and the early 1940s, the building was known as the Hotel Kearny. Following the Second World War, the building's use transitioned from hotel back to a commercial-office building. Since the mid-1950s, the subject building has been known as the Kearny-Pine Building. In 1953, the building's ground floor was utilized by businesses including a barber shop and adjacent coffee shop, while upper stories included offices for commercial artists and a jeweler. In 1960, the building was shown to be roughly half-occupied by tenants but reached full occupancy by the 1970s, during which time office units were rented out primarily to commercial artists. Since the 1970s, 353 Kearny has continued to serve primarily as an office building with retail or restaurant uses on its ground floor.

HISTORIC SIGNIFICANCE

353 Kearny Street is currently designated as a Category IV building by the San Francisco Planning Department. As a Category IV building, 353 Kearny Street is a contributor to the Kearny-Market-Mason-Sutter Conservation District as defined in Article 11, Appendix E of the San Francisco Municipal Code. As a contributing building to the Conservation District, 353 Kearny embodies the architectural features and cohesion of early 20th century commercial buildings within the district. In 353 Kearny Street's case, the building provides a good example of a commercial building designed in the Renaissance Revival style. The building's massing, scale, architectural features and ornamentation are highly reflective of the architectural characteristics of the Kearny-Market-Mason-Sutter Conservation District's architectural characteristics.

Kearny-Market-Mason-Sutter Conservation District

The Kearny-Market-Mason-Sutter Conservation District covers an area of the downtown that has historically been related to the emergence of retail development in San Francisco. As outlined in Appendix E of Article II, the Kearny-Market-Mason-Sutter Conservation District is characterized by small-scale, light-colored buildings, predominantly four- to eight-stories in height, that are designed by architects trained in the Beaux-Arts Classical tradition. The majority of the buildings have ornamentation derived from Classical, Renaissance, Gothic, Romanesque, and in some cases Spanish Colonial. Of the 324 buildings located in this Conservation District, 114 buildings are rated as Significant Buildings and 140 buildings are rated as Contributory Buildings, while 98 are Non-Contributing. For the majority of the buildings in the Conservation District boundaries, the facades are composed of a three-part vertical composition consisting of a base, shaft and capital completed in a variety of compatible materials including terracotta, brick, stone, and stucco.

The period of significance of the Kearny-Market-Sutter Conservation District is not expressly stated in Article 11, Appendix E. Review of district features and characteristics described in Article 11, Appendix E suggests a likely period of significance for the district of ca. 1906-ca. 1930.

Character-Defining Features 10

The exterior architectural features of the Kearny-Market-Mason-Sutter Conservation District are as follows:

(a) Massing and Composition. The compositions of the building facades reflect the different architectural functions of the building. For the most part, building facades in the district are two- or three-part vertical compositions consisting either of a base and a shaft, or a base, a shaft and a capital. In more elaborate designs, transitional stories create a stacked composition, but the design effect is similar.

In addition, the facade of a building is often divided into bays expressing the structure (commonly steel and reinforced concrete) beneath the facade. This was accomplished through fenestration, structural articulation or other detailing which serves to break the facade

June 1, 2018 38 Page & Turnbull, Inc.

⁸ San Francisco Planning Depart, City and County of San Francisco Municipal Code, Article 11, Appendix E: the Kearny-Market-Mason-Sutter Conservation District.

⁹ San Francisco Planning Depart, *City and County of San Francisco Municipal Code*, Article 11, Appendix E: the Kearny-Market-Mason-Sutter Conservation District.

¹⁰ Page & Turnbull has compiled these character-defining features from discussion of the district's "Features" as discussed in Features of Article 11, Appendix E, Sec. 6.

into discrete segments. A common compositional device in the District is an emphasis placed upon either the end bays or the central bay.

The massing of the structures is usually a simple vertically oriented rectangle with a ratio of width to height generally from 1:2 to 1:4. This vertically oriented massing is an important characteristic of the District. In addition, continuous street wall heights are a characteristic of most blockfronts.

Almost without exception, the buildings in the Kearny-Market-Mason-Sutter Conservation District are built to the front property line and occupy the entire site. Where buildings have not followed this rule, they do not adequately enclose the street. The massing of structures often reflects unique or prominent site characteristics. Corner buildings often have rounded corner bays to express the special requirements of the site and to tie its two blockfronts together.

- (b) Scale. The buildings are of small to medium scale. The bay width is generally from 20 feet to 30 feet. Heights generally range from four to eight stories on lots 40 feet to 80 feet wide, although a number of taller buildings exist. The wider frontages are often broken up by articulation of the facade, making the buildings appear narrower. The base is generally delineated from the rest of the building giving the District an intimate scale at the street.
- (c) Materials and Colors. Buildings are usually clad in masonry materials over a supporting structure. The cladding materials include terra cotta, brick, stone and stucco. Wood, metal and metal panels are not facade materials, although painted wood and metal are sometimes used for window sash and ornament.

The materials are generally colored light or medium earth tones, including white, cream, buff, yellow, and brown. Individual buildings generally use a few different tones of one color.

To express the mass and weight of the structure, masonry materials are used on multidimensional wall surfaces with texture and depth, which simulates the qualities necessary to support the weight of a load-bearing wall.

(d) Detailing and Ornamentation. This area has been the heart of the retail district since it was reconstructed after the 1906 Earthquake and Fire. Buildings use the expression of texture and depth on masonry material (e.g., rustication, deeply recessed windows) to simulate the appearance of load-bearing walls. The buildings are not constructed in a single style, but with ornament drawn from a variety of historical sources, primarily Classical and Renaissance. Gothic detailing is also well represented. Popular details include, arches, columns, pilasters, projecting bracketed cornices, multiple belt-courses, elaborate lintels and pediments, and decorated spandrels. Details were used to relate buildings to their neighbors by repeating and varying the ornament used in the surrounding structures.

353 Kearny Street is representative of the characteristic massing and composition, scale, and architectural details of contributing buildings within the Kearny-Market-Mason-Sutter Conservation District. The building's rectangular massing and plan, masonry construction and exterior cladding, and Renaissance Revival style detailing are indicative of the early 20th century commercial-office building's constructed within the district and enable the building to remain contributory.

ARCHITECTURAL DESCRIPTION, EXISTING CONDITIONS, AND TREATMENT RECOMMENDATIONS

Exterior

353 Kearny Street is a five-story-over-basement, brick-masonry, commercial office building designed in the Renaissance Revival style. As described in the building's original construction permit, 353 Kearny Street's foundation was salvaged from that of the building which occupied the same site prior to the 1906 Earthquake. The building consists of a single rectangular block volume and is situated at the southwest corner of Kearny and Pine Streets. The exterior is clad with painted, American bond brick except for the non-original marble tile cladding which was installed at the first story of the primary façade and at the easternmost part of the north façade (northwest corner of the building). The building's second story features rusticated brickwork at the primary (east) and north façades. Classically-derived architectural details including sheet metal watertables that wrap around the primary (east) and north façades at the base of the second and third stories. These string courses frame the rusticated second story and differentiate the building's base from its shaft. The building features a galvanized sheet metal cornice with modillion detail that extends along the roofline at the primary (east) and north façades and terminates at the northwest corner of the building.

The building's fenestration is defined by punched rectangular openings which contain paired, one-over-one, double-hung windows along the primary (east) and north façades at the second through fifth stories. The west (secondary and rear) façade also has a regular fenestration pattern though the windows were removed and are currently boarded up. Non-original storefront glazing systems have been introduced at the northeast corner of building at the ground level, while an original divided-lite transom—a component of the building's original first story storefront glazing—is partially extant. The building features a flat roof with parapet and is covered in composition roofing material.

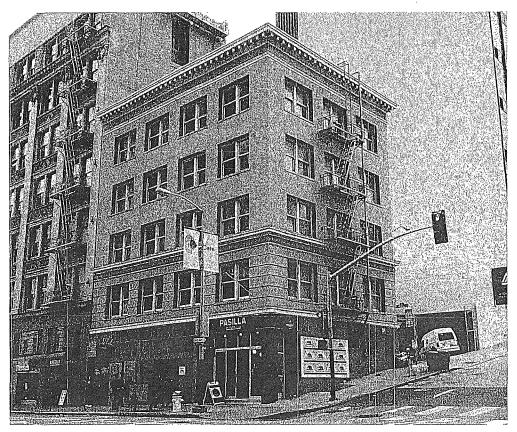

Figure 9: 353 Kearny Street viewed from intersection of Kearny and Pine Streets. Primary (east) facade and north facade (with fire escape) pictured. Looking southwest.

Primary (East) Façade

The primary (east) façade fronts Kearny Street and is divided into four bays. At the first story, the building's original recessed stairwell entrance at the southeast corner has been closed off by plywood. The entrance retains wood double-doors with single-lite glazing. To the immediate north, the second bay is also closed off by plywood. This bay retains an original wood lintel, divided-lite transom, and a portion of a wood wrapped column shared with the adjacent bay. The third bay from the southwest corner features an angled storefront glazing system comprised of one-over-one anodized-aluminum windows with a centered, recessed entrance with paneled wood door. This bay also retains its original transom and wood-clad columns. The first story's northernmost bay has been altered with an aluminum-frame storefront system, while columns have been reclad with marble tile. Further investigation is required to determine if any of the marble is original. The upper stories of the primary façade appear to retain original materials at all bays. The upper stories feature a grid of rectangular punched window openings divided vertically by brick piers.

North Façade (Pine Street)

The north façade fronts Pine Street and is three bays wide. Along the first story, the easternmost bay has been altered to contain aluminum-frame storefront glazing and non-original marble cladding. As with the east façade, further investigation is required to determine if any of the marble is original. The rest of the first level is largely unaltered and features painted brick and three openings, two windows and a door. The middle bay has a small

punched opening with a single-lite window. The westernmost bay has a similar punched opening that has been infilled with a louvered vent and a flush-wood door at the northwest corner of the building.

Rear (West) Facade

The rear façade (west) is the rear of the building and has little architectural detail relative to the primary (east) and north façades. Its primary feature consists of multiple punched window openings within a regular pattern at the second through fifth stories. The windows were originally double-hung windows. Originally the second column of openings from the north were doors that led out to a fire escape. The fire escape was relocated to the north façade, but the full height openings remain. Windows have been removed from each opening and each opening has been closed off from the interior by plywood. The first story contains three small, punched openings similar to those found along the north façade at the first story. Ventilation ducts project out of several windows at the first and second stories and extend upward over the roofline.

EXISTING CONDITIONS

Primary (East) Façade and North Façade (Pine Street)

The brick at the upper levels of the primary (east) façade and the north façade have been painted, and it appears the brick substrate exhibits some erosion/texture beneath the paint, consistent with that of masonry that has been sandblasted or overly-cleaned with an acidic cleaner. The brick otherwise appears to be in relatively good condition, and the paint appears to be generally sound. The brick sills are coated with a cementitious parge, which also appears to be relatively sound but exhibits localized delamination/debonding and minor cracking. The head of the punched window openings is spanned by steel lintels. The brick parapet above the sheet metal cornice is completely coated in roofing material.

The paint coating at the steel lintels appears to be in good-to-fair condition with minor localized spot corrosion bleeding through. The building's cornice is comprised of a thin sheet metal band above the 5th (top) floor windows, a brick frieze, and a more substantial sheet denticulated sheet metal upper portion. Similar to the window lintels, the sheet metal cornice at the top of the building and water table banding at the second floor and third floor are in good condition with minor localized spot corrosion bleeding through the paint. Some minor dents were noted at the third-floor water table. The metal fire escape at the center window bay on the north façade is in fair condition and exhibits more substantial paint loss than the other metal elements, especially at the sky-facing rails and walking platforms. A wet pipe fire riser is located along the west side of the fire escape and extends from the ground level to the roof.

The wood double-hung windows at the north façade are in good condition and exhibit minor flaking paint, particularly at the wood sills. The wood double-hung windows at the primary (east) façade are in good-to-fair condition and show wear consistent with a harsher exposure than the north side. While the paint coating is relatively sound and in fair condition, spot probing found minor localized dry rot at the lower portion of the frames. Also consistent with the exposure, wood sills and lower sash rails exhibit more checking/splitting.

Storefronts and Entry Vestibule

The building's storefronts extend the full length of Kearny Street and turn the corner for half a bay onto Pine Street. Green marble cladding comprises the top band above the transom windows as well as the cladding at the end piers and the majority of the intermediate piers. Further investigation will be required to determine if any of the green marble is original. The southernmost bay exhibits a terrazzo step up to a recessed vestibule clad in the same green

marble and containing an original wood and glass door. The wood and glass door is in fair to poor condition and has been damaged. The adjacent two storefront bays to the north exhibit a wood and glass transom with wood trim at the vertical piers that appear to be original. One of these bays has a wood panel ceiling over the recessed doorway that also appears to be original though the glazed portion of the bay is not original. The northernmost storefront bay (and the half bay turning on to Pine Street) has a contemporary glazing and door system. The storefront is in fair condition and exhibits some graffiti.

Rear (West) façade

The west façade facing St. George Alley in fair to poor condition. The north façade's materials turn the corner and continue into the alley façade for a few feet. The majority of the façade is comprised of brick masonry walls covered by painted cement plaster. Cracking of the cement plaster is common, especially between the heads of window lintels. Mechanical equipment, vents, flues, and conduits are attached to the cement plaster at nearly every vertical masonry pier. All of the wood double hung windows and their frames have been removed from the second through the fifth floors. The openings are covered by plywood sheathing to protect the building until windows can be reinstalled. The second stack of openings from Pine Street is set lower than the adjacent window openings and appears to have been a door at each level that led to an earlier fire escape. As previously noted, the fire escape was relocated to the north façade. Some wood frames remain at the interior of these door openings.

Roof

The roof is a flat roof accessed through a hatch along the southern side of the building and has built-up roofing that exhibits several patched areas. The perimeter of the roof is bounded by a parapet on all sides. The built-up roofing continues up the sides of the parapets and over the top of the north and east parapets onto the top of the cornice. The parapets have diagonal seismic bracing that tie the parapet back to the roof. Through-wall scuppers drain the cornice from both Kearny and Pine Streets back to the roof, and the roof slopes to a single through-wall scupper at the southwest corner of the building. The scupper location does not contain an overflow drain, and there is evidence of leaking at the roof and wall in this location at the interior. Overall, the roof appears to be in fair-to-poor condition.

An elevator penthouse is located approximately in the center bay of the southern wall (just north of the roof access hatch) and is clad with metal panels over wood sheathing. The penthouse has a metal skylight with a sheet metal vent at the ridge. The metal paneling exhibits surface corrosion. The lower portion of the metal panels and wood sheathing have been removed and infilled with sheets of plywood. The plywood is exposed with no protection or cladding. An access door opening to the elevator mechanical equipment is centered on the north elevation of the penthouse. The door is missing, leaving the equipment and elevator shaft open to the weather and bird roosting. Some of the wire glass in the skylight are notably cracked.

Three open flues are noted at the southern parapet wall (adjacent to the neighboring building).

INTERIOR

Floors I through 5

The walls at the interior are exposed brick and are in relatively good condition. Minor efflorescence was noted at the fifth floor's south end of the west wall. The mortar in this area and at the adjacent upper portion of the south wall exhibits some deterioration, likely due to water ingress. Aside from this localized condition, the walls are in relatively good condition.

Various pieces of wood window casing and trim are mismatched or are missing/broken at each level. No casing remains at the west wall where both the windows and frames are missing.

The stairs and elevator to the upper floors are centered on the southern wall of the building. The stairs wrap the elevator shaft, and the stairs and elevator are an integral circulation system with the stairs attached to/partially supported by the elevator shaft. The elevator has an ornamental metal cage and is a character-defining interior element. The elevator and stair system have settled differentially from the remainder of the building, resulting in elevator and stair landing areas situated below the remainder of the floor at each level. A metal bullnose at one landing was noted to be loose.

Basement

The northern portion of the basement is accessed through the northernmost tenant's space, which also has a door that connects the access stairway at the north sidewalk from the exterior. The tenant space beneath at the northern end of the building is occupied by the kitchen for the ground floor restaurant, and historic building materials were not visible. However, the tenant's portion of the basement space extends under the sidewalk and has exposed brick and concrete walls at the portion below the north (Pine Street) sidewalk. Some ceilings below the sidewalk are brick scallop vaults separated by/resting on steel beams, while other areas are concrete slab construction. The basement is very damp, and excess moisture has resulted in deteriorated/eroded mortar and efflorescence at some portions of the brick. Some steel beneath the sidewalk also appears to be corroding.

Access to the southern portion of the basement is accessed through the ground floor's southernmost tenant space. This basement space has not been accessed nor observed.

TREATMENT RECOMMENDATIONS

Primary (East) Façade and North Façade (Pine Street)

The brick at the north and east walls should be regularly maintained. The maintenance should include masonry repairs, repointing, and repainting as needed. The owner may also consider paint removal to expose the brick substrate which would depend on the ability/cost to remove the paint and the condition of the underlying reexposed brick. Parge at the window sills should be repaired where cracked, delaminated, or missing. The feasibility of removing the roofing material from the street faces of the parapet should be explored and undertaken if possible.

The metal lintels, sheet metal cornice, and sheet metal watertable banding should also be treated at areas of corrosion. Open joints, holes, and areas that exhibit rust-through should be patched and repaired prior to preparation and painting. The metal fire escape at the north elevation should be inspected and repaired, primed, and painted as needed to maintain its function and maintain code compliance.

The historic wood double-hung windows should be rehabilitated and should include repair at areas of minor deterioration and splitting as well as replacement of cracked/missing glass and maintenance of sash cords and other miscellaneous hardware. Wood frames and sash should be prepared and painted regularly.

Storefronts and Entry Vestibule

The storefronts should be further documented and investigated to determine which elements are historic and which are non-historic. Historic materials should be repaired and retained. Non-historic materials should be maintained or removed and replaced with more compatible storefront systems pending further investigation. The

historic wood doors at the vestibule and the historic wood and glass transoms with wood trim should be retained, maintained, and rehabilitated unless further investigation determines them not to be historic. Graffiti should be sensitively removed where extant without damaging substrates. Treatments and alternations should consider access that complies with ADA to the extent possible. The building is eligible to use the California Historical Building Code and equivalent facilitation may be appropriate where strict adherence to code would diminish the historic character of the building.

Rear (West) Facade

The cement plaster at the west façade should be surveyed and sounded for cracks, spalls, and delaminated areas and repaired with similar appropriate cement plaster patches that match the original texture and appearance. Prior to cement plaster repair, corrosion or other underlying issues at window lintels should be addressed where occurs. Following repairs, the cement plaster should be prepared, primed, and painted. Miscellaneous flues, vents, equipment, and other attachments should be removed if no longer needed and locations of attachment patched. New double-hung wood windows similar to the original windows should be installed.

Roof

The roofing membrane and other related waterproofing have reached the end of their useful lives. The roofing system and flashing should be replaced per the recommendations of the owner's waterproofing consultant and should include proper waterproofing of parapet bracing, penetrations, and other roof elements. Special attention should be paid to the through-wall scupper location where leaking has previously been a problem, and scupper overflow as well as other drainage considerations should be upgraded to meet code. The parapet bracing should be treated for corrosion as needed and prepared, primed, and painted. The elevator penthouse cladding should be replaced and replaced where removed or damaged beyond repair. The exposed plywood substrate should be replaced as needed prior to recladding with metal paneling. A new penthouse door should be installed to replace the missing one for weather resistance, safety, and security. Debris and bird guano should be cleaned out of the elevator penthouse, and the sheet metal vent should be repaired and painted. Additionally, the skylight should be maintained, including repair of deteriorated putty, replacement of damaged glass, and painting of the metal skylight structure to ensure maintenance and longevity.

Interior

Minor efflorescence should be brushed or vacuumed where it occurs at the interior walls of the top floor's southwest corner. Localized areas of deteriorated mortar due to water ingress should also be repointed as needed at this area and at the south wall of the top two floors. The windows have various portions of interior trim that are missing/damaged/broken and should also be repaired. The historic elevator and stair should be retained, maintained, and repaired as needed. Loose pieces, such as the metal bullnose at one landing should be re-secured. Further investigation should be undertaken to sensitively resolve the issues of differential settlement of the elevator core relative to the remainder of the building.

Basement

Investigate basement walls, floors, and overhead sidewalk at the building's perimeter to locate source(s) of moisture. Brush or vacuum to remove efflorescence from brick masonry, and repair/repoint the brick as needed with compatible/appropriate mortar (especially where deeply eroded or recessed). Repair sidewalk cracking with epoxy or other repairs as required if it is related to moisture ingress to prevent future moisture penetration into basement area below. Treat exposed steel where it is corroded, and prepare, prime, and paint the steel to prevent any further degradation to structural steel in this area.

At the southern portion of the building, investigate for similar modes of deterioration and treat once access is gained.

If you disagree with the assessed value as shown on your tax bill, you have the right to an informal assessment review by the Assessor-Recorder's Office. Visit www.sfassessor.org for more information. You also have the right to file an application for reduction in assessment for the following year with the Assessment Appeals Board. The filling period is July 2 to September 15. Visit <a href="https://www.sfgov.org/aab">www.sfgov.org/aab</a> or call (415) 554-6778 for more information. If an informal or formal assessment review is requested, relief from penalties shall apply only to the difference between the Assessor-Recorder's final determination of value and the value on the assessment roll for the fiscal year covered.

If a "Tax-Defaulted" message is shown on the front of this bill, it indicates that prior year taxes are unpaid.

New owners and current owners with new construction may be required to pay a supplemental tax bill. Supplemental tax bills are issued in addition to this annual tax bill.

Applications for Property Tax Postponement for Senior Citizens, Blind, or Disabled Persons are now available at the State Controller's Office (SCO) website at sco.ca.gov/ardtax_prop_tax_postponement.html.

#### Did you...?

- Submit payment for the exact installment amount?
- Confirm that you have sufficient funds in your account? If your payment is not honored by the bank, tise
  payment is null and void and a \$50.00 "Non-Sufficient Funds Fee" will be charged in addition to any late
  payment penalties.
- Pay your first installment before your second installment? Or both at the same time?

If the delinquent date falls on a Saturday, Sunday or legal holiday, no penality is charged if payment is made by 5 PM on the next business day.

If any portion of the total amount due is unpaid after 5 PM on June 30, 2018, it will be necessary to pay (a) definquent penalties, lb) costs, (c) redemption penalties, and id) a redemption fee. After 5 years of tax delinquency, the Tax Collector has the power to sell tax-defaulted property that is not redeemed.

#### Did you...?

- Submit payment for the exact installment amount?
- Confirm that you have sufficient funds in your account? If your payment is not honored by the bank, the
  payment is null and void and a \$\$0.00 "Non-Sufficient Funds Fee" will be charged in addition to any late
  payment penalties.
- Pay your first installment before your second installment? Or both at the same time?

lf the desinquent date बिल्ड on a Saturday, Sunday or legal holiday, no penalty is charged if payment is made by 5 PM on the next business day.

If any portion of the total amount due is unpoid after S PM on June 30, 2018, it will be necessary to pay (a) definquent penalties, (b) costs, (c) redemption penalties, and (d) a redemption fee. After 5 years of tax delinquency, the Tax Collector has the power to sell tax-defaulted property that is not redeemed.

### Tier 1 Seismic Evaluation

# 353 Kearny Street

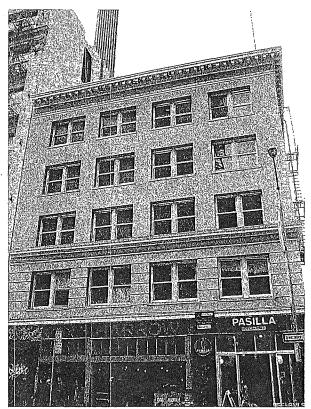

Constructed in 1907, the building located at 353 Kearny Street in San Francisco, California is a five-story structure with a basement. The plan dimensions are approximately 58 feet by 38 feet with a roof height of 61.5 feet above street level. In 2004, the building was upgraded to comply with the San Francisco Unreinforced Masonry Building Ordinance. A steel moment frame was added in 2012 at the ground floor on the Kearny Street side of the building.

<u>Gravity Load System:</u> The primary structural system for the building consists of unreinforced masonry walls supporting wood framed floors and roof. At each floor level contains plywood floor sheathing supported by 2x or 3x wood joists spaced at 16 inches on center. Steel beams and columns on the interior and the URM walls on the exterior support the ends of the joists.

<u>Lateral Force Resisting System:</u> Lateral loads, due to seismic and wind, are resisted by the floor and roof diaphragms, the perimeter unreinforced masonry walls and the first floor steel moment frame. The sheathing at the roof and floor levels provide diaphragms to transfer the seismic/wind loads from the floors and walls to the perimeter URM walls. The URM walls then act as shear walls to transmit the seismic loads to the building foundations. At the first floor, a steel moment frame provides lateral stiffness and strength for the open storefront along Kearny Street.

Evaluation Summary: The ASCE 41-13 Tier 1 seismic evaluation indicates that there are a number of seismic deficiencies in the building. The deficiencies include overstressed masonry walls, slender masonry walls at the upper floor, large lateral drift ratio for the steel moment frame, and overstressed out-of-plane wall anchors. Attached is a summary of the findings and deficiencies.

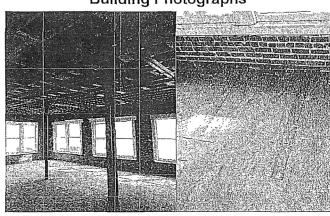

It should be noted that the building underwent a seismic upgrade to meet the San Francisco UMB ordinance. Drawings were issued and permitted with SFDBI; therefore, it can be assumed that the upgrade was in general compliance with the UMB ordinance. Per the ordinance, the provisions are intended as "minimum standards for structural seismic resistance for earthquake ground shaking and are established primarily to reduce the risk of life loss or injury". Furthermore, it states that compliance with the provisions "will not necessarily prevent loss of life or injury, or prevent earthquake damage to rehabilitated structures..." The seismic demand used for retrofit under the UMB ordinance is much lower than that used as part of an ASCE 41 evaluation.

### Structural Seismic Deficiencies

### Basic Configuration:

o Adjacent Buildings: Along the south side of the building there is no visible gap between the adjacent. As a result, the buildings may impact each other (pound) during seismic shaking.

### Unreinforced Masonry Walls:

- Shear Stress Check: Using the ASCE 41-13 quick check procedures, the URM walls do not have adequate shear capacity to resist the seismic demands. This limits the ability of the walls to support seismic loads during earthquake shaking and can lead to significant cracking and damage to the walls.
- Wall Anchorage: The out-of-place wall anchors are slightly overstressed at the floor levels.
- URM Wall Slenderness: The top story of 13 inch URM wall has a height-to-thickness ratio (11.5) exceeding the ASCE 41 limit of 9. Slender walls have the potential for damage caused by out-of-plane forces.
- o Diaphragm Cross Ties: Continuous cross ties are not present in the floor diaphragms. Cross ties are used to develop the out-of-place wall anchor loads into the floor diaphragm.
- Roof Diaphragm Span: The roof diaphragm appears to be straight sheathing with a span greater than 24 feet.

### Steel Moment Frame:

- Seismic Drift: The drift calculated using the quick check procedure is higher than the ASCE 41 drift limit of 2.5 percent.
- Moment Resisting Connections: The beam to column connections are deemed not compliant in the Tier 1
  procedure since they are full penetration welds. A more detailed analysis is required to determine
  adequacy.

				LOW SEISMICITY				
				BUILDING SYSTEM				
$\boxtimes$				LOAD PATH: The structure shall contain a complete, well-defined load path, including structural elements and connections, that serves to transfer the inertial forces associated with the mass of all elements of the building to the foundation. (Commentary: Sec. A.2.1.1. Tier 2: Sec. 5.4.1.1)			÷	
				ADJACENT BUILDINGS: The clear distance between the building being evaluated and any adjacent building is greater than 4 percent of the height of the shorter building. This statement shall not apply to the following building types: W1, W1A, and W2. (Commentary: Sec. A.2.1.2. Tier 2: Sec. 5.4.1.2)	No ga south		een buildings t	o the
				MEZZANINES: Interior mezzanine levels are braced independently from the main structure, or are anchored to the seismic-force-resisting elements of the main structure. (Commentary: Sec. A.2.1.3. Tier 2: Sec. 5.4.1.3)				
				BUILDING CONFIGURATION				
$\boxtimes$				WEAK STORY: The sum of the shear strengths of the seismic-force-resisting system in any story in each direction is not less than 80% of the strength in the adjacent story above. (Commentary: Sec. A.2.2.2. Tier 2: Sec. 5.4.2.1)			·	
⊠				SOFT STORY: The stiffness of the seismic-force-resisting system in any story is not less than 70% of the seismic-force-resisting system stiffness in an adjacent story above or less than 80% of the average seismic-force-resisting system stiffness of the three stories above.  (Commentary: Sec. A.2.2.3. Tier 2: Sec. 5.4.2.2)			·	
				VERTICAL IRREGULARITIES: All vertical elements in the seismic-force- resisting system are continuous to the foundation. (Commentary: Sec. A.2.2.4. Tier 2: Sec. 5.4.2.3)				,
Ø				GEOMETRY: There are no changes in the net horizontal dimension of the seismic-force-resisting system of more than 30% in a story relative to adjacent stories, excluding one-story penthouses and mezzanines. (Commentary: Sec. A.2.2.5. Tier 2: Sec. 5.4.2.4)				
$\boxtimes$				MASS: There is no change in effective mass more than 50% from one story to the next. Light roofs, penthouses and mezzanines need not be considered. (Commentary: Sec. A.2.2.6. Tier 2: Sec. 5.4.2.5)		•		
$\boxtimes$				TORSION: The estimated distance between the story center of mass and the story center of rigidity is less than 20% of the building width in either plan dimension. (Commentary: Sec. A.2.2.7. Tier 2: Sec. 5.4.2.6)	•			
				MODERATE SEISMICITY (Complete the following items in addition to t	he items fo	r Low S	Seismicity)	
				GEOLOGIC SITE HAZARDS				
				LIQUEFACTION: Liquefaction-susceptible, saturated, loose granular soils that could jeopardize the building's seismic performance shall not exist in the foundation soils at depths within 50 feet under the building. (Commentary: Sec. A.6.1.1)

Historic Preservation Commission Recommendation: Approval

Dear Ms. Calvillo,

On October 3, 2018 the San Francisco Historic Preservation Commission (hereinafter "Commission") conducted a duly noticed public hearing at a regularly scheduled meeting to consider the proposed Mills Act Historical Property Contract Applications. At the October 3, 2018 hearing, the Commission voted to *approve the proposed Resolutions*.

The Resolutions recommend the Board of Supervisors approve the Mills Act Historical Property Contracts as each property is a historical resource and the proposed Rehabilitation and Maintenance plans are appropriate and conform to the Secretary of the Interior's Standard for the Treatment of Historic Properties. Please refer to the attached exhibits for specific work to be completed for each property.

The Project Sponsors submitted the Mills Act applications on May 1, 2018. As detailed in the Mills Act application, the Project Sponsors have committed to Rehabilitation and Maintenance plans that will include both annual and cyclical scopes of work. The Mills Act Historical Property Contract will help the Project Sponsors mitigate these expenditures and will enable the Project Sponsors to maintain the properties in excellent condition in the future.

The Planning Department will administer an inspection program to monitor the provisions of the contract. This program will involve a yearly affidavit issued by the property owner verifying compliance with the approved Maintenance and Rehabilitation plans as well as a cyclical 5-year site inspection.
