(a) **General.** If, at any time during the Term, there is any Condemnation of all or any part of the Premises, including any of the Improvements, the rights and obligations of the Parties will be determined pursuant to this *Article 15* (Condemnation).

(b) **Notice.** In case of the commencement of any proceedings or negotiations which might result in a Condemnation of all or any portion of the Premises during the Term, the Party learning of such proceedings will promptly give written notice of such proceedings or negotiations to the other Party. Such notice will describe with as much specificity as is reasonable, the nature and extent of such Condemnation or the nature of such proceedings or negotiations and of the Condemnation which might result therefrom, as the case may be.

(c) **Waiver.** Except as otherwise provided in this *Article 15* (Condemnation), the Parties intend that the provisions of this Lease will govern their respective rights and obligations in the event of a Condemnation. Accordingly, but without limiting any right to terminate this Lease given Tenant in this *Article 15* (Condemnation), Tenant waives any right to terminate this Lease upon the occurrence of a Partial Condemnation under California Code of Civil Procedure Sections 1265.120 and 1265.130, as such section may from time to time be amended, replaced or restated.

15.2. Total Condemnation. If there is a Condemnation of the entire Premises or the Leasehold Estate (a "Total Condemnation"), this Lease will terminate as of the Condemnation Date. Upon such termination, except as otherwise set forth in this Lease, the Parties will be released without further obligations to the other Party as of the Condemnation Date, subject to the payment to Port of accrued and unpaid Rent up to the Condemnation Date and the provisions that explicitly survive the expiration or earlier termination of this Lease.

15.3. Substantial Condemnation, Partial Condemnation. If there is a Condemnation of any portion but less than all of the Premises or the Leasehold Estate, the rights and obligations of the Parties will be as follows:

(a) **Substantial Condemnation.** If there is a Substantial Condemnation of a portion of the Premises or the Leasehold Estate, this Lease will terminate, at Tenant's option (which must be exercised, if at all, at any time within ninety (90) days after the Condemnation Date by delivering written notice of termination to Port), as of the Condemnation Date, as further provided below. For purposes of this *Article 15* (Condemnation), "Substantial Condemnation" means a Condemnation of (i) less than the entire Premises or Leasehold Estate which renders the Project untenable, unsuitable, or economically infeasible for the Permitted Uses as reasonably determined by Tenant, or (ii) of property located outside the Premises that, in any case, substantially and materially eliminates access to the Premises where no alternative access can be constructed or made available. Notwithstanding the foregoing, Tenant will have no right to terminate this Lease under this Section if the Substantial Condemnation, as the case may be: (x) can be cured by the performance of Restoration (unless such Substantial Condemnation occurs during the last ten (10) years of the Term or if Tenant reasonably anticipates, based upon a schedule of performance for such Restoration prepared with due diligence by Tenant in consultation with Port that at the time of completion of the Restoration, less than ten (10) years would remain in the Term), and (y) the cost of such Restoration does not exceed by at least One Million Dollars (\$1,000,000.00), which amount will be increased by an additional Five Hundred Thousand Dollars (\$500,000.00) on the tenth (10th) anniversary of the Commencement Date and every ten (10) years thereafter, the portion of the Award fairly allocable to severance damages suffered by Tenant. In such case, this Lease will not terminate, and, upon a determination that

the Lease will continue based upon the availability and amount of Award, Tenant will commence and complete such Restoration as promptly as reasonably practicable by using commercially reasonable diligence and pursuant to the provisions of *Article 12* (Construction) and *Section 15.4* (Awards), subject to events of Force Majeure.

(b) **Partial Condemnation.** If there is a Condemnation of any portion of the Premises or the Leasehold Estate which does not result in a termination of this Lease under *Section 15.2* (Total Condemnation) or *Section 15.3(a)* (Substantial Condemnation) (a "Partial Condemnation"), this Lease will terminate only as to the portion of the Premises (or of the Leasehold Estate) taken in such Partial Condemnation, effective as of the Condemnation Date. In the case of a Partial Condemnation, this Lease will remain in full force and effect as to the portion of the Premises (or of the Leasehold Estate) remaining immediately after such Condemnation, and Tenant will promptly commence and complete, subject to events of Force Majeure, any necessary Restoration of the remaining portion of the Premises, at no cost to Port. Any such Restoration will be performed in accordance with the provisions of *Article 12* (Construction).

15.4. Awards. Except as provided in *Sections 15.5* (Temporary Condemnation) and *15.6* (Relocation Benefits; Personal Property), Awards and other payments to either Port or Tenant on account of a Condemnation, less costs, fees and expenses of either Port or Tenant (including, without limitation, reasonable Attorneys' Fees and Costs) incurred in the collection thereof ("Net Awards and Payments") will be allocated between Port and Tenant as follows:

- (a) First, to Port for the payment of all unpaid Rent.
- (b) Second, in the event of a Partial Condemnation, to pay costs of Restoration incurred by Tenant, in which case, the portion of the Net Awards and Payments allocable to Restoration will be payable to Tenant, or a Lender, in accordance with the requirements governing payment of insurance proceeds set forth in *Section 14.3(b)(vi)*;
- (c) Third, to Port for the value of the condemned land only, subject to the particular uses of the Premises existing immediately prior to the Condemnation Date, and without reference to, or inclusion of, Port's reversionary interest in the value of the Improvements (the "Condemned Land Value");
- (d) Fourth, to any non-affiliate Lender pursuant to a non-affiliate Mortgage as and to the extent provided therein, for payment of all sums secured by its non-affiliate Mortgage that remain outstanding, together with its reasonable out of pocket expenses and charges in collecting the Net Award and Payment, including without limitation, its reasonable attorneys' fees incurred in the Condemnation;
- (e) Fifth, to Tenant to the extent that the Net Awards and Payments are attributable to Tenant's Leasehold Estate, not including the value of the Improvements for the remaining unexpired portion of the Term to the original scheduled Expiration Date; and
- (f) Sixth, the balance of the Net Awards and Payment will be divided proportionately between Port, for the value of Port's reversionary interest in the Improvements (based on the date the Term would have expired but for the event of Condemnation), and Tenant, for the value of the Improvements for the remaining unexpired portion of the Term to the original scheduled Expiration Date.

Notwithstanding anything to the contrary set forth above, any portion of the Net Awards and Payments which has been specifically designated by the condemning authority or in the judgment of any court to be payable to Port or Tenant on account of any interest in the Premises or the Improvements separate and apart from the value of Port's reversionary interest in the land and Improvements, the Leasehold Estate, or the value of the Improvements on the Premises for the remaining unexpired portion of the Term, will be paid to Port or Tenant, as applicable, as so designated by the condemning authority or judgment.

15.5. Temporary Condemnation. If there is a Condemnation of all or any portion of the Premises for a temporary period lasting less than the remaining Term, other than in connection with a Substantial Condemnation or a Partial Condemnation of a portion of the Premises for the remainder of the Term, this Lease will remain in full force and effect, there will be no abatement of Rent, and the entire Award will be payable to Tenant.

15.6. Relocation Benefits, Personal Property. Notwithstanding *Section 15.4* (Awards), Port will not be entitled to any portion of any Net Awards and Payments payable in connection with the Condemnation of the Personal Property of Tenant or any of its Subtenants.

16. LIENS.

16.1. Liens. Tenant will not create or permit the attachment of, and will promptly discharge at no cost to Port, any lien, security interest, or encumbrance on the Premises or the Leasehold Estate, other than (i) this Lease, permitted Subleases, and Permitted Title Exceptions, (ii) liens for non-delinquent Impositions (excluding Impositions which may be separately assessed against the interests of Subtenants or are being contested in accordance with *Article 6* (Contests)), and (iii) Mortgages.

16.2. Mechanics' Liens. Tenant will keep the Premises and the Leasehold Estate free from any liens arising out of any work performed, materials or services furnished, or obligations incurred by Tenant or any of its Agents. Tenant will provide thirty (30) days' advance written notice to Port of any Subsequent Construction to allow Port to post a notice of non-responsibility on the Premises. Subject to *Article 6* (Contests), if Tenant does not, within sixty (60) days following the imposition of any such lien, cause the same to be released of record or post a bond or take such other action reasonably acceptable to Port, it will constitute an Event of Default, and Port will have, in addition to all other remedies provided by this Lease or by Law, the right but not the obligation to cause the same to be released by such means as it deems proper, including payment of the claim giving rise to such lien. All sums paid by Port (including interest at the Default Rate computed from the date of payment) for such purpose and all expenses incurred by Port in connection therewith must be reimbursed to Port by Tenant within ten (10) days following demand by Port. Port will include with its demand, supporting documentation.

17. DEPOSITS.

17.1. Base Rent Deposit. [Note: Applicable only for Hybrid Leases]

(a) On or before the Commencement Date, Tenant will pay to Port in addition to Base Rent, a security deposit (as adjusted from time to time, the "Base Rent Deposit") for the Premises in an amount equal to [insert an amount equal to two times the monthly base rent (\$XXX)]. The Base Rent Deposit will be increased on each Adjustment Date so that the Base Rent Deposit held by Port always equals no less than twice the monthly installment of Base Rent. Tenant will deliver to Port within five (5) days following each Adjustment Date, the difference between the Base Rent Deposit currently held by Port and increased Base Rent Deposit.

(b) Tenant agrees that Port may, but will not be required to, apply the Base Rent Deposit in whole or in part to (i) remedy any failure by Tenant to pay Rent as and when due, (ii) cure, or attempt to cure, any Event of Default by Tenant in the performance of the terms, covenants and conditions of this Lease, (iii) repair, or attempt to repair, any damage to the Premises caused by Tenant, its Subtenants, Agents or Invitees, or (iv) compensate Port for any expense incurred or damage caused by Tenant, its Subtenants, Agents, or Invitees.

17.2. Environmental Financial Performance Deposit. [Note: Parties may explore additional provisions, with corresponding required mitigations, for particular subtenant uses that increase environmental liability/risk.] On or prior to the commencement of any Sublease with a Subtenant that will engage in activities on the Premises involving the use of Hazardous Materials (other than (a) standard building materials and equipment that do not contain asbestos

or asbestos-containing materials, lead or polychlorinated biphenyl (PCBs), and (b) janitorial or office supplies or materials in such amounts as are customarily used for general office, residential, or commercial purposes so long as such Handling is at all times in compliance with all Environmental Laws), Tenant will deliver to Port an amount determined by Port to be reasonable security for increased environmental liabilities to Port arising out of the Subtenant's specific use of non-Excepted Hazardous Materials at the Premises (the "Environmental Financial Performance Deposit") as additional collateral for the full and faithful performance by Tenant of its obligations under *Article 21* (Hazardous Materials). Port's determination of the amount of the Environmental Financial Performance Deposit will be consistent with the Port Commission's adoption of the Environmental Risk Policy and Financial Assurance Requirements for Real Property Agreements on [Note: update as necessary: November 13, 2007, pursuant to Resolution No. 07-81, as may be amended or updated from time to time] (the "Port Environmental Risk Policy"). In the event Port determines in its sole but reasonable discretion that any proposed change(s) to Tenant's (or its Subtenants') use and operation of Hazardous Materials (other than Excepted Hazardous Materials) on the Premises increase Port's risk of Loss, then prior to commencement of such Sublease, Port may require Tenant to increase the Environmental Financial Performance Deposit in a manner consistent with the Port Environmental Risk Policy. Port also has the right to increase every five (5) years the amount of the Environmental Financial Performance Deposit in a manner consistent with the Port Environmental Risk Policy if Port reasonably believes after review of Tenant's and Subtenants' use and operation of Hazardous Materials (other than Excepted Hazardous Materials) that the then current amount is insufficient.

17.3. Environmental Oversight Deposit.

(a) If Tenant is required to provide an Environmental Financial Performance Deposit in accordance with *Section 17.2*, (Environmental Financial Performance Deposit) then prior to commencement of the Sublease necessitating such deposit, Tenant will also deliver to Port an environmental oversight deposit ("Environmental Oversight Deposit") in cash, in an amount equaling [Note: Adjust if Port Commission increases this amount for all new leases: Ten Thousand Dollars (\$10,000)], as security for Port's recovery of costs of inspection, monitoring, enforcement, and administration of Tenant's performance of its obligations under *Article 21* (Hazardous Materials); provided, however, the Environmental Oversight Deposit will not be deemed an advance of Rent, an advance of any other payment due to Port under this Lease, a security deposit subject to the California Civil Code, or a measure of Port's damages upon an Event of Default concerning Tenant's obligations under *Article 21* (Hazardous Materials).

(b) Port at its option may demand reimbursement from Tenant within five (5) business days following demand, or may use, apply, or retain the Environmental Oversight Deposit in whole or in part to reimburse Port, for Port's costs incurred if an Environmental Regulatory Agency delivers a notice of violation or order regarding a Hazardous Material Condition ("Environmental Notice") to Tenant and either: (i) the actions required to cure or comply with the Environmental Notice cannot be completed within fourteen (14) days after its delivery; or (ii) Tenant has not begun to cure or comply with the Environmental Notice or is not working actively to cure or comply with the Environmental Notice within fourteen (14) days after its delivery. Under these circumstances, Port's costs may include staff time corresponding with and responding to Regulatory Agencies, Attorneys' Fees and Costs, and inspection, collection, and laboratory analysis of environmental samples and monitoring the Hazardous Material Condition.

(c) If an Environmental Notice is delivered to Tenant, and Tenant has cured or complied with the Environmental Notice within fourteen (14) days after its delivery, Port at its option may demand payment from Tenant within five (5) days following demand, or apply the sum of [Note: amount to increase by \$50 every 5 years after DDA execution: Five Hundred Dollars (\$500)] (which amount will be increased by one hundred dollars on the tenth (10th))

anniversary of the Commencement Date and every ten years thereafter) from the Environmental Oversight Deposit, as Additional Rent for each Environmental Notice delivered to Tenant to reimburse Port for its administrative costs.

17.4. Generally.

(a) The Base Rent Deposit, Environmental Financial Performance Deposit (if any) and the Environmental Oversight Deposit (if any), are collectively referred to as the "Security Deposit." Tenant will not be entitled to any interest on the Security Deposit.

(b) The amount of the Security Deposit will not be deemed to limit Tenant's liability for the performance of any of its obligations under this Lease nor be a measure of Port's damages upon an Event of Default. Port may apply the Security Deposit as provided herein without waiving any of Port's other rights and remedies hereunder or at Law or in equity.

(c) The Security Deposit will not be deemed an advance of Rent, an advance of any other payment due to Port under this Lease, or a security deposit subject to the California Civil Code.

(d) Should Port use any portion of the Security Deposit, Tenant must replenish the Security Deposit to the full extent of the required amount within five (5) business days following Port's demand.

(e) Port's obligations with respect to the Security Deposit are those of a debtor and not a trustee. Port will not be required to keep the Security Deposit separate from its general funds.

(f) Upon the expiration or earlier termination of this Lease, Port will return the unused balance of the Security Deposit to Tenant (less any amounts then due and payable from Tenant to Port under this Lease) within thirty (30) days after Tenant surrenders possession of the Premises to Port.

18. ASSIGNMENT AND SUBLETTING.

18.1. Transfer.

(a) Additional Definitions.

"Assignment" means an assignment, conveyance, hypothecation, pledge (other than a pledge in connection with any mezzanine financing which will not require prior Port approval), or otherwise transfer all or any of Tenant's interest in this Lease or Leasehold Estate.

"Control" means, with respect to any Person, any of the following: (i) the possession, directly or indirectly, of the power to direct or cause the direction of the day to day management, policies or activities of such Person whether through ownership of voting securities, by contract or otherwise (excluding customary limited partner or non-managing member approval rights); (ii) the ownership (direct or indirect) of more than fifty percent (50%) of the profits or capital of another Person; or (iii) the ownership (direct or indirect) of more than fifty percent (50%) of the ownership interest of such Person (whether shares, partnership interests, membership interest or other equity, and whether one or more classes thereof). "Controlled", "Controlling" and "Common Control" have correlative meanings.

"Excluded Transfer" means any of the following: (i) the exercise of customary remedies under mezzanine financing of Tenant or any constituent owner thereof; (ii) the exercise of customary limited partner or non-managing member remedies under a partnership or limited liability company operating agreement, as applicable; (iii) a change resulting from death or legal incapacity of a natural person; or (iv) the sale, transfer or issuance of less than the Controlling interest of stock listed on a nationally or internationally recognized stock exchange in a single transaction or a related series of transactions.

"Managing Party" means, with respect to any Person, both (a) the possession, directly or indirectly, of the power to direct or cause the direction of the day-to-day management, policies or activities of Tenant (excluding customary limited partner or non-managing member approval rights) and (b) the ownership (direct or indirect) of more than ten percent (10%) of the profits or capital of Tenant.

"Minimum Net Worth Amount" means Twenty-Seven Million Five Hundred Thousand Dollars (\$27,500,000.00), which amount will increase by ten percent (10%) on the tenth (10th) anniversary of the Commencement Date and every ten (10) years thereafter. **[NOTE: \$27.5 million to increase by 5% every 5 years after DDA execution]**

"Net Worth Guarantor" means a Person, in combination with Tenant or the proposed transferee, as applicable, satisfying the Net Worth Requirement that is the guarantor under the Net Worth Guaranty.

"Net Worth Guaranty" means a guaranty of performance of all the obligations under this Lease, in an amount not to exceed the Net Worth Requirement (less the net worth of Tenant or the proposed transferee, as applicable), and otherwise in form and substance reasonably satisfactory to Port, delivered to Port by the Net Worth Guarantor.

"Net Worth Requirement" means, with respect to a proposed transferee, the proposed transferee has (i) prior to issuance of a Certificate of Completion, a net worth (inclusive of its equity in the Property) equal to at least the Minimum Net Worth Amount, less any debt to be secured by (A) the proposed transferee's interest in the Premises or Leasehold Estate, or (B) a pledge of the proposed transferee's ownership interest, or (ii) following the issuance of a Certificate of Completion, a net worth (inclusive of its equity in the Property) equal to or at least the lesser of (A) Minimum Net Worth Amount and (B) thirty percent (30%) of the fair market value of the Premises.

"Qualified Transferee" means any transferee that satisfies each of the following criterion: (i) has, or has engaged a property manager with at least ten (10) years' experience operating **[use for commercial leases: major commercial projects] [use for residential leases: residential projects]**; (ii) satisfies the Net Worth Requirement; and (iii) is subject to jurisdiction of the courts of the State.

"Significant Change" means any change in the direct or indirect ownership of Tenant that results in a change in Control of Tenant provided, however, in no event will any Excluded Transfer be deemed a Significant Change.

"Transfer" means an Assignment and Significant Change.

(b) Conditions to Transfer Before Certificate of Completion. Subject to *Sections 18.1(e)*, (Mortgaging of Leasehold), **if applicable: 18.1(h)** (Assignment to Accommodate Sale of Historic Tax Credits of Low-Income Housing Tax Credits)] and *18.1(i)* (Transfers Not Requiring Port Consent Before Certificate of Completion), before Port's issuance of a Certificate of Completion, Tenant will not (A) suffer or permit any Significant Change to occur, or (B) consummate an Assignment, in each case without the prior written consent of Port, which consent may not be unreasonably withheld by Port if each of the following conditions is satisfied:

(i) In the case of an Assignment only, the proposed transferee executes and delivers an Assignment and Assumption Agreement in substantially the form attached hereto as *Exhibit N* (an "Assignment and Assumption Agreement"), which Assignment and Assumption Agreement must contain:

(1) an express assumption by the proposed transferee, for itself and its successors and assigns, and expressly for the benefit of Port, of all of the obligations of Tenant arising from or after the effective date of the Transfer under this Lease, the Vertical DDA if in effect, and any other agreements or documents entered into by and between Port and Tenant

pursuant to this Lease directly relating to the Project, and an express agreement by the proposed transferee to be subject to all of the conditions and restrictions to which Tenant is subject;

(2) a representation by the proposed transferee that it has conducted a thorough investigation and due diligence of the Improvements, including the condition of the real property, of all Material Systems, the roof and structural integrity of the Improvements, and if the Transfer occurs after the twentieth (20th) anniversary of the Commencement Date, has reviewed the most recent Facilities Condition Report prepared by Tenant; and

(3) a release by the proposed transferee of the Indemnified Parties and the State Lands Indemnified Parties and waiver of any and all Losses against the Indemnified Parties and the State Lands Indemnified Parties for the condition of the Improvements or the real property or any claims assignor may have against the Indemnified Parties arising prior to the effective date of the Transfer.

(ii) In the case of a Significant Change only, Tenant delivers to Port, a certificate setting forth the purchaser or purchasers of the ownership interest resulting in the Significant Change, purchase price of such interest, any Net Sale Proceeds owed to Port, and a reaffirmation from Tenant that it will continue to be obligated under all the terms and conditions of this Lease, all certified by Tenant's chief financial officer as true, accurate, and complete, the form of which is attached hereto as *Exhibit O* ("Significant Change Certificate").

(iii) All instruments and other legal documents involved in effectuating the Transfer reasonably requested by Port, including all documentation necessary for Port to confirm the amount of Port's share of Net Sale Proceeds, has been submitted to Port for its review and reasonable approval, or at the request of Tenant, such documents are made available for Port's review at Tenant's office in San Francisco.

(iv) There is no Event of Default or Unmatured Event of Default on the part of Tenant under this Lease or any of the other documents or obligations to be assigned to the proposed transferee where Tenant or proposed transferee have not made provisions to cure the applicable default, which provisions are satisfactory to Port in its sole discretion.

(v) If the effective date of the Transfer is prior to Port's issuance of a Certificate of Completion, there is no Developer Event of Default or an Unmatured Developer Event of Default (as such terms are defined in the Vertical DDA) on the part of Developer under the Vertical DDA, where Tenant or the proposed transferee has not made provisions to cure the default, which provisions are satisfactory to Port.

(vi) Subject to *Section 18.1(b)(vii)*, (1) in the case of a Significant Change, Tenant is a Qualified Transferee immediately following the consummation of such Significant Change and (2) in the case of an Assignment, the proposed transferee is a Qualified Transferee.

(vii) If Tenant (in the case of a Significant Change) or proposed transferee (in the case of an Assignment) does not satisfy the Net Worth Requirement, Tenant or the proposed transferee, as applicable, will have the right to deliver a Net Worth Guaranty in lieu of satisfying the Net Worth Requirement. Under the Net Worth Guaranty, the Net Worth Guarantor, among other things, will:

(1) guaranty performance of all of Tenant's obligations under this Lease in an amount not to exceed the Net Worth Requirement;

(2) covenant that it will throughout the term of the Net Worth Guaranty, maintain the Net Worth Requirement; and

(3) provide Port as of the first day of each calendar year, a statement certified by its chief financial officer, or if the Net Worth Guarantor is an individual, a

certified public accountant, that the Net Worth Guarantor continues to meet the Net Worth Requirement and that to his/her actual knowledge, he/she is not aware of any facts that would cause the Net Worth Guarantor to not meet the Net Worth Requirement.

The Net Worth Guaranty will otherwise be in form and substance reasonably satisfactory to Port. The Net Worth Guaranty will terminate when the Tenant benefiting from the Net Worth Guaranty meets the Net Worth Requirement. Tenant and the Net Worth Guarantor will provide Port with its financial statements and other information necessary to substantiate its position that it meets the Net Worth Requirement and that the Net Worth Guaranty should terminate.

(viii) Tenant provides to Port an estoppel certificate substantially in the form attached hereto as **Exhibit P** (Form of Tenant Estoppel Certificate), which estoppel certificate will be effective as of the effective date of Transfer.

(ix) Port receives on or prior to the effective date of Transfer (A) Port's share of Net Sale Proceeds, as described in Section 3.6 of Exhibit D (Port Participation in Sale Proceeds) and (B) a settlement statement relating to the Transfer or other evidence, reasonably satisfactory to Port, of Port's share of Net Sale Proceeds.

(x) Port receives on or prior to the effective date of Transfer sufficient funds to reimburse Port for its Attorneys' Fees and Costs to review the proposed Transfer provided, however, if Port has not delivered to Tenant an invoice for Attorney's Fees and Costs prior to the effective date of Transfer, Tenant will reimburse Port for same within ten (10) business days of receipt of such invoice.

(c) **Transfer After Certificate of Completion.** From and after Port's issuance of a Certificate of Completion, Tenant may Transfer without the prior consent of Port so long as:

(i) in the case of a Significant Change, Tenant is a Qualified Transferee immediately following the consummation of such Significant Change as certified in the Significant Change Certificate delivered pursuant to clause (v) below; or

(ii) in the case of an Assignment, the proposed transferee is a Qualified Transferee; provided, however, if Tenant (in the case of a Significant Change pursuant to **Section 18.1(c)(i)** above) or proposed transferee (in the case of an Assignment pursuant to this **Section 18.1(c)(ii)**) does not satisfy the Net Worth Requirement, Tenant or the proposed transferee, as applicable, will have the right to deliver a Net Worth Guaranty in lieu of satisfying the Net Worth Requirement in accordance with **Section 18.1(b)(vii)**;

(iii) Tenant provides Port prior notice before the effective date of the Transfer;

(iv) in the case of an Assignment, within thirty (30) days after such Assignment, Tenant delivers an Assignment and Assumption Agreement to Port, executed by transferor and the transferee; and

(v) in the case of a Significant Change, within thirty (30) days after such Significant Change, Tenant delivers a Significant Change Certificate to Port.

(d) **No Limitation.** It is the intent of this Lease, to the fullest extent permitted by Law and equity, that no Transfer of this Lease, or any interest therein, however consummated or occurring, and whether voluntary or involuntary, may operate, legally or practically, to deprive or limit Port of the benefits under this Lease or any rights or remedies or controls provided in or resulting from this Lease with respect to the Premises that Port would have had, had there been no such Transfer

(e) **Mortgaging of Leasehold.** Notwithstanding anything herein to the contrary, at any time during the Term, Tenant has the right, without Port's consent, to sell, assign, encumber or transfer its interest in this Lease to a Lender or other purchaser in

connection with the exercise of remedies under the provisions of a Mortgage, subject to the limitations, rights and conditions set forth in **Article 40** (Mortgages) hereof.

(f) **Limitation on Liability.** From and after an Assignment of all of the transferor's interest in this Lease or Leasehold Estate, the transferor will be released from all obligations and liability under this Lease to the extent first arising after the date of such Assignment. In no event will the transferor be liable for a new default first arising after the date of such Assignment. The effectiveness of any Assignment hereunder is not in any way to be construed to relieve the transferor tenant of any liability arising out of or with regard to the performance of any covenants or obligations to be performed by the transferor tenant hereunder before the date of such Assignment. In connection with any such Assignment, upon request from the transferor, Port will promptly execute documentation evidencing the foregoing release of obligations and liabilities; provided, failure to do so will not invalidate or limit the effect of the release set forth in this **Section 18.1(f)**.

(g) **Notice of Significant Changes; Reports to Port.** Tenant will promptly notify Port of any and all Significant Changes. At such time or times as Port may reasonably request, Tenant must furnish Port with a statement, certified as true and correct by an officer of Tenant, setting forth all of the constituent members of Tenant and the extent of their respective holdings, and in the event any other Persons have a beneficial interest in Tenant, their names and the extent of such interest substantially in the form set forth in the attached **Exhibit O** (Significant Change Certificate).

(h) **Assignment to Accommodate Sale of Historic Tax Credits or Low-Income Housing Tax Credits.** Notwithstanding anything to the contrary set forth herein, Port's consent will not be required in the event of a Transfer to an entity solely for the purpose of taking advantage of the Historic Preservation Tax Credit or Low Income Housing Tax Credit, as applicable, subject to all of the following conditions: (i) at least thirty (30) days prior to such Transfer, Tenant furnishes Port with the name of the proposed assignee, together with evidence reasonably satisfactory to Port indicating that the proposed Transfer is solely for the purpose of taking advantage of the Historic Preservation Tax Credit or Low Income Housing Tax Credit, as applicable; and (ii) the conditions set forth in **Sections 18.1(b)(i)—18.1(b)(viii) and 18.1(b)(x)** have all been met.

(i) **Transfers Not Requiring Port Consent Before Certificate of Completion.** Notwithstanding anything to the contrary set forth herein, Port's consent will not be required in the event of a Transfer to a Tenant Affiliate or a Significant Change in which there is no change of the Managing Party of Tenant, subject to all of the following conditions: (i) at least five (5) business days prior to such Transfer, Tenant provides notice thereof to Port; and (ii) the conditions set forth in **Section 18.1(b)(i)—18.1(b)(viii) and 18.1(b)(x)** have all been met.

18.2. Assignment of Rents. Tenant hereby assigns to Port all rents and other payments of any kind, due or to become due from any present or future Subtenant as security for Tenant's obligations hereunder prior to actual receipt thereof by Tenant; provided, however, the foregoing assignment will be subject and subordinate to any assignment made to a Lender under **Article 40** (Mortgages) until such time as Port has terminated this Lease (subject to the Port's agreement to enter into a New Lease with Lender and all other provisions of this Lease protecting Lender's interests in this Lease), at which time the rights of Port in all rents and other payments assigned pursuant to this **Section 18.2** will become prior and superior in right; provided, further, any rents collected by any Lender from any Subtenants pursuant to any assignment of rents or subleases made in its favor will promptly remit to Port the rents so collected (less the actual cost of collection) to the extent necessary to pay Port any Rent, including any and all Additional Rent, through the date of termination of this Lease.

18.3. *Subletting by Tenant.*

(a) **Qualifying Subleases.** Tenant has the right to sublet all or any portion of the Improvements to one or more Subtenants by written Subleases from time to time without the necessity of obtaining the prior written consent of Port for each applicable Sublease upon satisfaction of all the conditions set forth in this *Section 18.3(a)*

(i) The Sublease (and any further sub-subleases of the Sublease Space) are all subject to the terms and conditions of this Lease and the terms and conditions of the Sublease and further sub-subleases are consistent with the provisions of this Lease, provided that Subtenants need not be obligated for Restoration, and, provided further that the Subtenant need not be obligated to undertake any obligations with respect to the Subleased Space that is Tenant's obligation under such Sublease;

(ii) The term of the Sublease does not extend beyond the Term;

(iii) The Sublease rental rates reflect an arms-length transaction at fair market rents for subleases as reasonably determined by Tenant, taking into account, among other things, market conditions, vacancy rates, tenant mix, preferred amenities, creditworthiness of the subtenant and other factors that prudent institutional landlords of buildings of comparable age, size, type and use located in San Francisco would use to determine Sublease rental rates;

(iv) If the sublease is for property management services at the Premises, then the size of the Sublease space is comparable to the size of property management offices for buildings of prudent institutional landlords that are of comparable age, size, type and use located in San Francisco, and the Sublease rental rates reflect an arms-length transaction at fair market rents as reasonably determined by Tenant;

(v) The Sublease contains an Indemnification and waiver of claims provision benefitting Port that is substantially and materially the same as *Article 19* (Indemnification of Port) except that the term "Tenant" in such provision means "Subtenant;"

(vi) The Sublease requires that under all liability and other insurance policies "**THE CITY AND COUNTY OF SAN FRANCISCO, THE SAN FRANCISCO PORT COMMISSION AND THEIR OFFICERS, AGENTS, EMPLOYEES AND REPRESENTATIVES**" are additional insureds by written endorsement and acknowledging Port's rights to demand increased coverage to normal amounts consistent with the Subtenant's business activities on the Premises;

(vii) Subject to the rights of any Lender, the Sublease requires Subtenant to pay the Sublease rent and other sums due under the Sublease directly to Port upon receiving written notice from Port that an Event of Default has occurred;

(viii) The Sublease requires the Subtenant to expressly waive entitlement to any and all relocation assistance and benefits in connection with this Lease;

(ix) The Sublease contains a provision similar to *Article 39* (Right to Enter) requiring Subtenant to permit Port to enter its Subleased Space for the purposes specified in *Article 39* (Right to Enter);

(x) The Sublease contains a provision similar to *Article 31* (Tenant Estoppel) requiring Subtenant, from time to time, to provide Port an estoppel certificate substantially similar to the form attached hereto as *Exhibit Q* (Form of Subtenant Estoppel Certificate) in accordance with the requirements of *Section 31(d)*;

(xi) The Sublease requires Subtenant to comply with the City and Port Requirements set forth in *Article 45* (Port and City Special Provisions);

(xii) The Sublease contains a provision that if for any reason whatsoever this Lease is terminated, unless Port has agreed otherwise in a Non-Disturbance

Agreement between Port and the Subtenant, such termination will result in the automatic termination of the Sublease and any existing subleases for the Subleased Space; and

(xiii) Entering into the applicable Sublease would not cause Tenant to fall below the Minimum Public Benefit Area or prevent the use of the Premises for the Required Use.

(b) **Sublease with Tenant Affiliate Requires Port Approval.** All Subleases (i) with a Tenant Affiliate; (ii) Controlled by Tenant or a Tenant Affiliate; or (iii) owned either directly or indirectly by Tenant or a Tenant Affiliate, require the prior written consent of Port, which consent may not be unreasonably withheld if the Sublease is on rental rates that reflect an arms' length transaction at fair market rents, as reasonably determined by Port.

(c) **Required Sublease Information.** Within fifteen (15) days of executing any Sublease, Tenant must provide Port with all information related to such Sublease necessary for Port to comply with Administrative Code Sections 23.38 and 23.39 (or any successor statute).

18.4. *Non-Disturbance of Subtenants and Attornment.*

(a) **Generally.** Subject to the provisions of this *Section 18.4*, from time to time upon the request of Tenant, Port will enter into agreements with Subtenants providing generally, with regard to a given Sublease, that in the event of any termination of this Lease resulting from an Event of Default, Port will not terminate or otherwise disturb the rights of the Subtenant under such Sublease, but will instead honor such Sublease as if such agreement had been entered into directly between Port and such Subtenant ("**Non-Disturbance Agreements**").

(b) **Conditions for Issuance of Non-Disturbance Agreements.** Port will enter into a Non-Disturbance Agreement with a particular Subtenant if all of the following conditions are satisfied:

(i) The applicable Sublease is for a term of at least five (5) years (not including any renewal terms);

(ii) The applicable Sublease Space is comprised of at least 10,000 rentable square feet;

(iii) The performance by Tenant of its obligations under such Sublease will not cause an Event of Default to occur under this Lease;

(iv) The applicable Sublease term, including options, does not extend beyond the scheduled Term;

(v) The applicable Sublease complies with all the conditions of *Section 18.3(a)* (Qualifying Subleases);

(vi) The Subtenant agrees that in the event this Lease expires, terminates or is canceled during the term of the Sublease, the Subtenant will attorn to Port (provided Port agrees not to disturb the occupancy or other rights of the Subtenant and to be bound by the terms of the Sublease, except as otherwise set forth in the Non-Disturbance Agreement), and the Sublease will be deemed a direct lease between the Subtenant and Port, except that (x) any subleases entered into by Subtenant (or its subtenants) for the Sublease Space will be terminated and (y) Port will not be:

(1) liable to the Subtenant for any security deposit or prepaid rent or other charges previously paid by such Subtenant to Tenant unless such deposits, rent or charges are transferred to Port;

(2) bound by any indemnification obligations or any waivers and releases made by the sublandlord in the Sublease for the benefit of Subtenant or any other party;

(3) bound by any requirement or obligation of the sublandlord under the Sublease to pay any (A) unpaid or unreimbursed tenant improvement allowance (provided, however, if the Subtenant incurs costs after termination of this Lease that are reimbursable from any remaining and unpaid tenant allowance ("Reimbursable Subtenant Costs"), then so long as Subtenant is not in default under the Sublease, provides Port with all the information required in the Sublease for the Sublandlord to confirm or validate the Reimbursable Subtenant Costs and Port has validated such costs, then Subtenant may receive a rent credit of up to fifty percent (50%) of the monthly base rent then payable until the Reimbursable Subtenant Costs are fully reimbursed, as further refined and agreed to between the parties in the Non-Disturbance Agreement), or (B) liquidated damages;

(4) bound by any Subtenant right of first offer to purchase, first negotiation to purchase or first refusal to purchase Tenant's interest in the Subleased Premises;

(5) bound by any Sublease term, including options to renew, that extend beyond the Expiration Date;

(6) liable to Subtenant for any indirect, consequential, incidental, punitive or special damages;

(7) bound by any limitation on Subtenant's obligation to indemnify any sublandlord parties based on Subtenant's insurance coverage;

(8) bound by any limitation on sublandlord's ability to transfer its interest in the Sublease (including any requirement to deliver prior notice to Subtenant or obtain Subtenant's prior approval);

(9) bound by any requirement or obligation to keep records or documents confidential that violates the Public Records Act or the City's Sunshine Ordinance; and

(10) bound by any amendment or modification of the Sublease that increase Tenant's obligations under the Sublease or decrease the Subtenant's obligations under the Sublease unless such amendment or modification has previously been approved by Port in writing:

(vii) During the continuance of any Event of Default, Port may, in its sole discretion, withhold or condition its agreement to provide a Non-Disturbance Agreement on the cure of such default as Port may specify either in a notice of default given under *Section 24.1* (Events of Default) or in a notice withholding or conditioning its agreement to provide a Non-Disturbance Agreement;

(viii) Concurrently with its request for a Non-Disturbance Agreement from Port, Tenant will submit to Port:

(1) an electronic copy of the Sublease in the form to be executed in Microsoft Word format (or other comparable format);

(2) a summary of basic terms of the Sublease, in all material respects, certified by an officer of Tenant's as true and correct;

(3) an electronic draft of a Non-Disturbance Agreement in Microsoft Word format (or other comparable format), redlined against the form required by *Section 18.4(d)* (Form of Non-Disturbance Agreement);

(4) a statement certifying that the Sublease satisfies all the conditions and requirements set forth in *Section 18.3(a)* (Qualifying Subleases) including that the Sublease rental rates reflect an arms-length transaction at fair market rents as reasonably determined by Tenant, and the proposed Non-Disturbance Agreement complies with all the conditions and requirements set forth in this *Section 18.4(b)*;

(5) an executed Tenant estoppel certificate substantially in the form attached hereto as *Exhibit P*, and Tenant will certify as of the effective date of the Non-Disturbance Agreement that the certifications made by Tenant in the estoppel certificate remains unchanged; and

(6) all relevant information requested by Port including reasonable financial information establishing the ability of the proposed Subtenant to perform its contemplated obligations under such Sublease, and relevant information concerning the business character and operating history of the proposed Subtenant; provided, however, in lieu of submitting the Subtenant's financial information to Port, Tenant may make such information available for review (but not duplication) at Port's office or at Tenant's office in the City of San Francisco (and, if at Tenant's office, Tenant shall pay to Port Port's additional costs of reviewing such information at Tenant's office (including travel time) of the Port representative reviewing such Subtenant financial information).

(ix) Tenant deposits sufficient funds to reimburse Port for its Attorneys' Fees and Costs to review the proposed Non-Disturbance Agreement (which, for avoidance of doubt, includes any additional administrative fees, or outside counsel or contractors engaged by Port to review such request for a Non-Disturbance Agreement);

(x) Subtenant agrees that notwithstanding any Non-Disturbance Agreement, the Sublease will terminate as of the Lease termination date (1) if the Lease terminates (A) as a result of Tenant exercising its Termination Option due to change in Laws, as further described in *Section 7.3*, (Right to Terminate Lease) or (B) in the event of Casualty or Condemnation, as further described in *Articles 14* (Damage or Destruction) and *15* (Condemnation); or (2) if there is an uncured Subtenant event of default, giving effect to any notice and cure period provided therein (which agreement will be evidenced by acceptance of a Non-Disturbance Agreement reflecting the matters described in this clause (x));

(xi) If a guarantor guaranties any Subtenant obligation under the Sublease, Port will be named as an additional beneficiary to such guaranty; provided, however, Port's rights under such guaranty will not be effective until termination of this Lease;

(xii) The applicable Sublease will provide that the Subtenant will deliver to Port as of the Lease termination date or promptly following request by Port an executed estoppel certificate, substantially in the form attached hereto as *Exhibit Q* (Form of Subtenant Estoppel Certificate) certifying as of the Lease termination date, among other things: (A) that the Sublease, including all amendments, is attached thereto and is unmodified, except for such attached amendments, and is in full force and effect, as so amended, or if such Sublease is not in full force and effect, so stating, (B) which amendments, if any, to the Sublease have been previously approved by Port in writing, including the dates of approval, (C) the dates, if any, to which any rent and other sums payable thereunder have been paid, (D) that the Subtenant is not aware of any Tenant defaults under the Sublease which have not been cured, except as to defaults specified in said certificate, and (E) that the Subtenant is not aware of any Subtenant defaults which have not been cured; and

(xiii) In connection with any Sublease pursuant to which Tenant, as sublandlord, is obligated to perform tenant improvement work for the benefit of the applicable Subtenant ("Sublandlord Work") and for which Tenant requests a Non-Disturbance Agreement from Port, (A) concurrently with such request, Tenant will submit to Port the estimated cost to complete the Sublandlord Work, and (B) Tenant hereby agrees that, from and after the effective date of such Sublease until such time as the Sublandlord Work is complete, Tenant will deliver to Port on a quarterly basis (or, if a notice of default has been delivered by Port to Tenant hereunder, on a monthly basis) a written summary of the progress of such Sublandlord Work including the estimated cost to complete the Sublandlord Work as of such date.

(c) **Copy of Sublease.** To the extent a Sublease has been provided to Port in connection with a request for a Non-Disturbance Agreement, Tenant will provide Port a true and complete copy of the executed Sublease and summary of the Sublease basic terms attached to the Tenant estoppel certificate, in accordance with ***Section 18.4(b)(viii)(5)*** within five (5) business days after the execution thereof, which Sublease will contain substantially the same (or more favorable to the landlord) business terms as in the form of Sublease, statement, and other information previously provided to Port.

(d) **Form of Non-Disturbance Agreement.** Each Non-Disturbance Agreement will be substantially in the form of ***Exhibit R*** (Form of Non-Disturbance Agreement) and, if not in such form, will be in form and substance agreed upon by Tenant and Port, not to be unreasonably withheld by either Party. With each request for a Non-Disturbance Agreement, Tenant will submit a copy of the form, showing any requested interlineations or deletions.

(e) **Response Period.**

(i) Port will respond to any request for a Non-Disturbance Agreement within fifteen (15) business days after receipt of all the materials described in ***Section 18.4(b)(viii)***; provided, however, if Tenant requests three (3) or more Non-Disturbance Agreements whose response time overlaps at any given time, (1) Port will have an additional five (5) business days to respond for each Non-Disturbance Agreement, and (2) Tenant will pay to Port an additional administrative processing fee of One Thousand Dollars (\$1,000) for every overlapping Non-Disturbance Agreement request above two (2), which amount will be increased by Five Hundred Dollars (\$500) on the tenth (10th) anniversary of the Commencement Date and every ten (10) years thereafter.

(ii) If Port fails to respond to such request within such fifteen (15) business day period (or twenty (20) business days if so extended), then Tenant will deliver to Port a second notice requesting Port's response ("Second NDA Notice"). The Second NDA Notice must display prominently on the envelope enclosing such notice and the first page of such notice, substantially the following: **"APPROVAL REQUEST FOR [INSERT ADDRESS OF LEASED PREMISES]/PIER 70 SUBLEASE MATTERS. IMMEDIATE ATTENTION REQUIRED; FAILURE TO RESPOND WITHIN FIVE (5) BUSINESS DAYS WILL RESULT IN THE REQUEST BEING DEEMED APPROVED."** If Port fails to respond within five (5) business days after Port's receipt of the Second NDA Notice, then such non-response will be deemed to be approval of such Non-Disturbance Agreement and the applicable Subtenant will be entitled to rely on the terms of the applicable Non-Disturbance Agreement, provided, however, if there are any conflicts between the provisions in the Sublease and the deemed approved Non-Disturbance Agreement, on the one hand, and ***Sections 18.3*** (Subletting by Tenant) and ***18.4(b)*** (Conditions for Issuance of Non-Disturbance Agreement) on the other hand, ***Sections 18.3*** (Subletting by Tenant) and ***18.4(b)*** (Conditions for Issuance of Non-Disturbance Agreement) will control.

18.5. No Further Amendment or Consent Implied. No material amendment of the terms of a Sublease after Port's execution of a Non-Disturbance Agreement will be binding upon Port unless Port has granted its written consent thereto, which consent shall not be withheld if the amendment conforms to the requirements of ***Section 18.3*** (Subletting by Tenant) and ***Section 18.4(b)*** (Conditions for Issuance of Non-Disturbance Agreement). Consent to one Sublease or amendment, as applicable, will not be construed as consent to a subsequent Sublease or amendment, as applicable.

18.6. No Release of Tenant. The acceptance by Port of Rent or other payment from any other person will not be deemed to be a waiver by Port of any provision of this Lease or to be a release of Tenant from any obligation under this Lease. Except as set forth in ***Section 18.2*** (Limitation on Liability), no Transfer or Sublease will in any way diminish, impair or release any of the liabilities and obligations of Tenant, any guarantor or any other person liable for all or any portion of Tenant's obligations under this Lease.

18.7. Acknowledgement. Tenant acknowledges and agrees that each of the rights of Port set forth in this *Article 18* (Assignments and Subletting) is a reasonable limitation on Tenant's right to assign or sublet for purposes of California Civil Code Section 1951.4.

19. INDEMNIFICATION OF PORT.

19.1. General Indemnification of the Indemnified Parties. Subject to *Section 19.4* (Exclusions from Indemnifications, Waivers and Releases), Tenant agrees to and will Indemnify the Indemnified Parties from and against any and all Losses imposed upon or incurred by or asserted against any such Indemnified Parties in connection with the occurrence or existence of any of the following:

(a) any accident, injury to or death of Persons or loss or destruction of or damage to property occurring in, on, under, around, or about the Premises or any part thereof and which may be directly or indirectly caused by any acts done in, on, under, or about the Premises, or any acts or omissions of Tenant, its Agents, Subtenants, or Invitees, or their respective Agents and Invitees;

(b) any use, non-use, possession, occupation, operation, maintenance, management, or condition of the Premises or any part thereof by Tenant, its Agents, Subtenants, or Invitees, or their respective Agents and Invitees;

(c) any latent, design, construction or structural defect relating to the Improvements, any other Subsequent Construction, or any other matters relating to the condition of the Premises caused directly or indirectly by Tenant or any of its Agents, Invitees, or Subtenants;

(d) any failure on the part of Tenant or its Agents, Invitees, or Subtenants, as applicable, to perform or comply with any of the terms, covenants, or conditions of this Lease or with applicable Laws;

(e) performance of any labor or services or the furnishing of any materials or other property in respect of the Premises or any part thereof by Tenant or any of its Agents or Subtenants;

(f) any acts, omissions, or negligence of Tenant, its Agents, Invitees, or Subtenants; and

(g) any civil rights actions or other legal actions or suits initiated by any user or occupant of the Premises to the extent it relates to such use or occupancy.

19.2. Hazardous Materials Indemnification.

(a) In addition to its obligations under *Section 19.1* (General Indemnity) and subject to *Section 19.4* (Exclusions from Indemnifications, Waivers and Releases), Tenant, for itself and on behalf of the Related Third Parties and their respective Invitees, agrees to Indemnify the Indemnified Parties and the State Lands Indemnified Parties from any and all Losses and Hazardous Materials Claims that arise as a result of any of the following:

(i) any Hazardous Material Condition during the Term;

(ii) any Handling or Release of Hazardous Materials in, on, under, around or about the Premises;

(iii) [Add if Tenant responsible for Deferred Infrastructure: without limiting Tenant's Indemnification obligations in this *Section 19.2(a)*, any Handling or Release of Hazardous Materials in, on, under, around or about any area outside the Premises boundary used by Tenant or its Agents to perform the Deferred Infrastructure ("Deferred Infrastructure Area") at any time prior to Acceptance of such Deferred Infrastructure; or

(iv) without limiting Tenant's Indemnification obligations in *Sections 19.2(a)(ii)* [if applicable: or 19.2(a)(iii)], any Handling or Release of Hazardous Materials outside of the Premises, but in, on, under, around or about the 28-Acre Site, by Tenant or any Related Third Party during the Term; or

(v) any Exacerbation of any Hazardous Material Condition during the Term; or

(vi) failure by Tenant or its Agent, Subtenant, or any of their respective Agents (individually "Related Third Party" and collectively "Related Third Parties") to comply with the Pier 70 Risk Management Plan during the Term or failure by Tenant's Invitees or any Related Third Party's Invitees to comply with the Pier 70 Risk Management Plan within the Premises during the Term; or

(vii) claims by Tenant or any Related Third Party for exposure from and after [for leases with third parties: the Commencement Date.] [for leases with Vertical Developer Affiliates: the effective date of the Master Lease] to Pre-Existing Hazardous Materials or New Hazardous Materials in, on, under, around, or about the 28-Acre Site during the Term.

(b) Losses under *Section 19.2(a)* includes: (i) actual costs incurred in connection with any Investigation or Remediation requested by Port or required by any Environmental Regulatory Agency and to restore the affected area to its condition before the Release; (ii) actual damages for diminution in the value of the Premises or the Facility; (iii) actual damages for the loss or restriction on use of rentable or usable space or of any amenity of the Premises; (iv) actual damages arising from any adverse impact on marketing the space; (v) sums actually paid in settlement of Claims, Hazardous Materials Claims, Environmental Regulatory Actions, including fines and penalties; (vi) actual natural resource damages; and (vii) Attorneys' Fees and Costs, consultant fees, expert fees, court costs, and all other actual litigation, administrative or other judicial or quasi-judicial proceeding expenses. If Port actually incurs any damage and/or pays any costs within the scope of this *Section 19.2*, Tenant must reimburse Port for Port's costs, plus interest at the Default Rate from the date Port incurs each cost until paid, within five (5) business days after receipt of Port's payment demand and reasonable supporting evidence of the cost or damage actually incurred.

(c) Tenant understands and agrees that its liability to the Indemnified Parties and the State Lands Indemnified Parties under this *Section 19.2* subject to *Section 19.4* (Exclusions from Indemnifications, Waivers and Releases), arises upon the earlier to occur of:

(i) discovery of any such Hazardous Materials (other than Pre-Existing Hazardous Materials) in, on, under, around, or about the Premises, [Add if Tenant responsible for Deferred Infrastructure: and the Deferred Infrastructure Area;]

(ii) the Handling or Release of Hazardous Materials in, on, under, around or about the Premises [Add if Tenant responsible for Deferred Infrastructure: the Deferred Infrastructure Area;]

(iii) the Exacerbation of any Hazardous Material Condition, or

(iv) the institution of any Hazardous Materials Claim with respect to such Hazardous Materials, and not upon the realization of loss or damage.

19.3. Scope of Indemnities; Obligation to Defend. Except as otherwise provided in *Section 19.4* (Exclusions from Indemnifications, Waivers and Releases), Tenant's Indemnification obligations under this Lease are enforceable regardless of the active or passive negligence of the Indemnified Parties, and regardless of whether liability without fault is imposed or sought to be imposed on the Indemnified Parties. Tenant specifically acknowledges that it has an immediate and independent obligation to defend the Indemnified Parties from any Loss that actually or potentially falls within the Indemnification obligations of Tenant, even if such allegations are or may be groundless, false, or fraudulent, which arises at the time such

claim is tendered to Tenant and continues at all times thereafter until finally resolved. Tenant's Indemnification obligations under this Lease are in addition to, and in no way will be construed to limit or replace, any other obligations or liabilities which Tenant may have to Port in this Lease, at common law or otherwise. All Losses incurred by the Indemnified Parties subject to Indemnification by Tenant constitute Additional Rent owing from Tenant to Port hereunder and are due and payable from time to time immediately upon Port's request, as incurred.

19.4. Exclusions from Indemnifications, Waivers and Releases.

(a) Nothing in this *Article 19* (Indemnities) relieves the Indemnified Parties or the State Lands Indemnified Parties from liability, nor will the Indemnities set forth in *Section 19.1* (General Indemnification of Indemnified Parties), *19.2* (Hazardous Materials Indemnification), or the defense obligations set forth in *Sections 19.3* (Scope of Indemnities) and *Section 19.6*, (Defense), extend to Losses:

(i) to the extent caused by the gross negligence or willful misconduct of the Indemnified Parties; or

(ii) from third parties' claims for exposure to Hazardous Materials prior to [for leases with third parties: the Commencement Date] [for leases with Vertical Developer Affiliates: the effective date of the Master Lease]; or

(iii) without limiting Tenant's Indemnification obligations under *Sections* [if applicable: 19.2(a)(iii)], 19.2(a)(iv), 19.2(a)(vi), or 19.2(a)(vii)], and to the extent the applicable Loss was not caused by the failure of Tenant or any of its Related Third Parties to comply with the Pier 70 Risk Management Plan or the failure of the Invitees of Tenant or the Invitees of the Related Third Parties to comply with the Pier 70 Risk Management Plan within the Premises, claims from third parties (who are not Related Third Parties) arising from exposure to Pre-Existing Hazardous Materials on, about or under the Deferred Infrastructure Area after the Acceptance Date for the Deferred Infrastructure Area (or exposure after the Acceptance Date to a New Hazardous Material discovered after the Acceptance Date, the presence of which is limited to the Deferred Infrastructure Area and is not also present in, on or around the Premises); provided, however, the foregoing limitation on Tenant's Indemnification obligations does not extend to claims arising from the Handling, Release or Exacerbation of Hazardous Materials by the acts or omissions of Tenant or any of its Related Third Parties.

(b) If it is reasonable for an Indemnified Party or a State Lands Indemnified Party to assert that a claim for Indemnification under *Section 19.2* (Hazardous Materials Indemnification) is covered by a pollution liability insurance policy, pursuant to which such Indemnified Party or State Lands Indemnified Party is an insured party or a potential claimant, then Port will reasonably cooperate with Tenant in asserting a claim or claims under such insurance policy but without waiving any of its rights under *Section 19.2* (Hazardous Materials Indemnification). Notwithstanding the foregoing, if an Indemnified Party or State Lands Indemnified Party is a named insured on a pollution liability insurance policy obtained by Tenant, the Indemnification from Tenant under *Section 19.2* (Hazardous Materials Indemnification) will not be effective unless such Indemnified Party or State Lands Indemnified Party has asserted and diligently pursued a claim for insurance under such policy and until any limits from the policy are exhausted, on condition that (i) Tenant pays any self-insured retention amount required under the policy, and (ii) nothing in this sentence requires any Indemnified Party or State Lands Indemnified Party to pursue a claim for insurance through litigation prior to seeking indemnification from Tenant.

19.5. Survival. Tenant's Indemnification obligations under this Lease and the provisions of this *Article 19* (Indemnification of Port) survive the expiration or earlier termination of this Lease.

19.6. Defense. Tenant will, at its option but subject to Approval by Port, be entitled to control the defense, compromise or settlement of any such matter through counsel of Tenant's

choice; provided, that in all cases Port will be entitled to participate in such defense, compromise or settlement at its own expense. If Tenant fails, however, in Port's reasonable judgment, within a reasonable time following notice from the Port alleging such failure, to take reasonable and appropriate action to defend, compromise or settle such suit or claim, Port has the right promptly to use the City Attorney or hire outside counsel, at Tenant's sole expense, to carry out such defense, compromise or settlement, which expense is due and payable to Port within fifteen (15) days after receipt by Tenant of a detailed invoice for such expense.

19.7. Waiver. As a material part of the consideration of this Lease, Tenant hereby assumes the risk of, and waives, discharges, and releases and will include in any contract with Related Third Parties an assumption of the risk of, and waiver, discharge and release of, any and all claims against the Indemnified Parties and the State Lands Indemnified Parties from any Losses, including: (a) damages by death of or injury to any Person, or to property of any kind whatsoever and to whomever belonging; (b) goodwill; (c) business opportunities; (d) any act or omission of persons occupying adjoining premises; (e) theft; (f) explosion, fire, steam, oil, electricity, water, gas or rain, pollution or contamination; (g) Building defects (including stopped, leaking or defective Material Systems); (h) inability to use all or any portion of the Premises due to sea level rise or flooding or seismic events; (i) arising from the interference with the comfortable enjoyment of life or property arising out of the existence of the Pier 70 Shipyard; [and] (j) any other acts, omissions or causes arising at any time and from any cause, in, on, under, or about the Premises [Add if Tenant responsible for Deferred Infrastructure: and the Deferred Infrastructure Area.], including all claims arising from the joint, concurrent, active or passive negligence of any of Indemnified Parties, [Add for any parcel fronting a raised street: and (k) any damage to the Premises resulting or arising from the design of raised streets within the 28-Acre Site]. The foregoing waiver, discharge and release does not include Losses arising from the Indemnified Parties' willful misconduct or gross negligence.

Tenant expressly acknowledges and agrees that the amount payable by Tenant hereunder does not take into account any potential liability of the Indemnified Parties or the State Lands Indemnified Parties for any consequential, incidental or punitive damages. Port would not be willing to enter into this Lease in the absence of a complete waiver of liability for consequential, incidental or punitive damages due to the acts or omissions of the Indemnified Parties or the State Lands Indemnified Parties, and Tenant expressly assumes the risk with respect thereto. Accordingly, without limiting any Indemnification obligations of Tenant or other waivers or releases contained in this Lease and as a material part of the consideration of this Lease, Tenant fully RELEASES, WAIVES AND DISCHARGES forever any and all claims, demands, rights, and causes of action against the Indemnified Parties or the State Lands Indemnified Parties for consequential, incidental and punitive damages (including, without limitation, lost profits) and covenants not to sue or to pay the Attorneys' Fees and Costs of any party to sue for such damages, the Indemnified Parties or the State Lands Indemnified Parties arising out of this Lease or the uses authorized hereunder, including, any interference with uses conducted by Tenant pursuant to this Lease regardless of the cause, and whether or not due to the negligence of the Indemnified Parties.

Tenant understands and expressly accepts and assumes the risk that any facts concerning the claims released in this Lease might be found later to be other than or different from the facts now believed to be true, and agrees that the waivers and releases in this Lease will remain effective. Therefore, with respect to the claims released in this Lease, Tenant waives any rights or benefits provided by California Civil Code, Section 1542, which reads as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

By placing its initials below, Tenant specifically acknowledges and confirms the validity of the waivers and releases made above and the fact that Tenant was represented by counsel who explained the consequences of the waivers and releases at the time this Lease was made, or that Tenant had the opportunity to consult with counsel, but declined to do so.

Tenant's Initials: _____

Tenant acknowledges that the waivers and releases contained herein include all known and unknown, disclosed and undisclosed, and anticipated and unanticipated claims for consequential, incidental or punitive damages. Tenant realizes and acknowledges that it has agreed upon this Lease in light of this realization and, being fully aware of this situation, it nevertheless intends to waive the benefit of Civil Code Section 1542, or any other statute or other similar law now or later in effect.

20. INSURANCE.

Tenant will comply with the insurance requirements set forth in *Exhibit S* (Insurance Requirements) attached hereto throughout the Term.

21. HAZARDOUS MATERIALS.

21.1. Compliance with Environmental Laws. Tenant will comply and cause its Agents, Invitees and all Persons under any Sublease, to comply with all Environmental Laws, operations plans (if any), the Pier 70 Risk Management Plan, and prudent business practices, including, without limitation, any deed restrictions, regulatory agreements, deed notices, soils management plans or certification reports required in connection with the approvals of any regulatory agencies in connection with the Project. Without limiting the generality of the foregoing, Tenant covenants and agrees that it will not, without the prior written consent of Port, which consent will not be unreasonably delayed or withheld, Handle, nor permit the Handling of Hazardous Materials on, under or about the Premises, except for (a) standard building materials and equipment that do not contain asbestos or asbestos-containing materials, lead or polychlorinated biphenyl (PCBs), (b) any Hazardous Materials which do not require a permit or license from, or that need not be reported to, a governmental agency and are used in compliance with all applicable laws and any reasonable conditions or limitations required by Port, (c) janitorial or office supplies or materials in such amounts as are customarily used for general office, residential, or commercial purposes so long as such Handling is at all times in compliance with all Environmental Laws, and (d) Pre-Existing Hazardous Materials that are Handled for Remediation purposes under the jurisdiction of an Environmental Regulatory Agency (collectively, "Excepted Hazardous Material.")

21.2. Tenant Responsibility. Tenant agrees to protect its Agents and Invitees in its operations on the Premises from hazards associated with Hazardous Materials by complying with all Environmental Laws and occupational health and safety Laws and also agrees, for itself and on behalf of its Agents and Invitees, that during its use and occupancy of the Premises:

(a) Other than the Pre-Existing Hazardous Materials, will not permit any Hazardous Materials to be present in, on, under or about the Premises except as permitted under *Section 21.1* (Compliance with Environmental Laws);

(b) Will not cause or permit any Hazardous Material Condition; and

(c) Will comply with all Environmental Laws relating to the Premises and any Hazardous Material Condition and any investigation, construction, operations, use or any other activities conducted in, on, or under the Premises, and will not engage in or permit any activity at the Premises, or in the operation of any vehicles used in connection with the Premises in violation of any Environmental Laws;

(d) Tenant will be the "Generator" of any waste, including hazardous waste, resulting from investigation, construction, operations, use or any other activities conducted in, on, or under the Premises;

(e) Will comply with all provisions of the Pier 70 Risk Management Plan with respect to its Premises, at its sole cost and expense, including requirements to notify site users, comply with risk management measures during construction, and inspect, document and report site conditions to Port annually; and

(f) Will comply, and will cause all of its Subtenants that are subject to an operations plan, to comply with the operations plan applicable to Tenant or such Subtenant.

21.3. Tenant's Environmental Condition Notification Requirements. The following requirements are in addition to the notification requirements specified in the (i) operations plan(s), if any, (ii) the Pier 70 Risk Management Plan, and (iii) Environmental Laws:

(a) Tenant must notify Port as soon as practicable, orally or by other means that will transmit the earliest possible notice to Port staff, of and when Tenant learns or has reason to believe Hazardous Materials were Released or, except as allowed under *Section 21.1* (Compliance with Environmental Laws), Handled, in, on, under, or about the Premises or the environment, or from any vehicles Tenant, or its Agents and Invitees use during the Term or Tenant's occupancy of the Premises, whether or not the Release or Handling is in quantities that would be required under Environmental Laws to be reported to an Environmental Regulatory Agency. In addition to Tenant's notice to Port by oral or other means, Tenant must provide Port written notice of any such Release or Handling within twenty-four (24) hours following such Release or Handling.

(b) Tenant must notify Port as soon as practicable, orally or by other means that will transmit the earliest possible notice to Port staff of Tenant's receipt or knowledge of any of the following, and contemporaneously provide Port with an electronic copy within twenty-four (24) hours following Tenant's receipt of any of the following, of:

(i) Any notice of the Release or Handling of Hazardous Materials, in, on, under, or about the Premises or the environment, or from any vehicles Tenant, or its Agents and Invitees use during Tenant's occupancy of the Premises, that Tenant or its Agents or Invitees provide to an Environmental Regulatory Agency;

(ii) Any notice of a violation, or a potential or alleged violation, of any Environmental Law that Tenant or its Agents or Invitees receive from any Environmental Regulatory Agency;

(iii) Any other Environmental Regulatory Action that is instituted or threatened by any Environmental Regulatory Agency against Tenant or its Agents or Invitees and that relates to the Release or Handling of Hazardous Materials, in, on, under, or about the Premises or the environment, or from any vehicles Tenant, or its Agents and Invitees use during the Term or Tenant's occupancy of the Premises;

(iv) Any Hazardous Materials Claim that is instituted or threatened by any third party against Tenant or its Agents or Invitees and that relates to the Release or Handling of Hazardous Materials, in, on, under, or about the Premises or the environment, or from any vehicles Tenant or its Agents and Invitees use in, on, under, or about the Premises during the Term or Tenant's occupancy of the Premises; and

(v) Other than any Environmental Regulatory Approvals issued by the Department of Public Health and the Hazardous Materials Unified Program Agency, any notice of the termination, expiration, or substantial amendment of any Environmental Regulatory Approval needed by Tenant or its Agents or Invitees for their operations at the Premises.

(c) Tenant must notify Port of any meeting, whether conducted face-to-face or telephonically, between Tenant and any Environmental Regulatory Agency regarding an Environmental Regulatory Action concerning the Premises or Tenant's or its Agents' or Invitees' operations at the Premises. Port will be entitled to participate in any such meetings at its sole election.

(d) Tenant must notify Port of any Environmental Regulatory Agency's issuance of an Environmental Regulatory Approval concerning the Premises or Tenant's or its Agents' or Invitees' operations at the Premises. Tenant's notice to Port must state the name of the issuing entity, the Environmental Regulatory Approval identification number, and the dates of issuance and expiration of the Environmental Regulatory Approval. In addition, Tenant must provide Port with a list of any plan or procedure required to be prepared and/or filed with any Environmental Regulatory Agency for operations on the Premises. Tenant must provide Port with copies of any of the documents within the scope of this **Section 21.3(d)** upon Port's request.

(e) Tenant must provide Port with copies of all non-privileged communications with Environmental Regulatory Agencies, copies of investigation reports conducted by Environmental Regulatory Agencies, and all non-privileged communications with other persons regarding actual Hazardous Materials Claims arising from Tenant's or its Agents' or Invitees' operations at the Premises; provided, however, at Tenant's request, in lieu of providing Port with copies of non-privileged communications with other persons that are not Environmental Regulatory Agencies, Tenant will (i) make available for Port's review such non-privileged communications at Tenant's San Francisco office or at Port's office, and (ii) reimburse Port for additional costs related to review at Tenant's San Francisco office (including but not limited to additional time related to travel to and from Tenant's office).

(f) Port may from time to time request, and Tenant will be obligated to provide, available information reasonably adequate for Port to determine whether any and all Hazardous Materials are being Handled in a manner that complies with all Environmental Laws.

21.4. Remediation Requirement.

(a) After notifying Port in accordance with **Section 21.3** (Tenant's Environmental Condition Notification Requirements) and subject to **Section 21.4(d)**, Tenant must Remediate, at its sole cost and in compliance with all Environmental Laws and this Lease, any Hazardous Material Condition occurring during the Term or while Tenant or its Agents or Invitees otherwise occupy any part of the Premises; provided Tenant must take all necessary immediate actions to the extent practicable to address an emergent Release of Hazardous Materials to confine or limit the extent or impact of such Release, and will then provide such notice to Port in accordance with **Section 21.3** (Tenant's Environmental Condition Notification Requirements). Except as provided in the previous sentence, Tenant must obtain Port's approval, which approval will not be unreasonably withheld, conditioned or delayed, of a Remediation work plan whether or not such plan is required under Environmental Laws, then begin Remediation actions immediately following Port's approval of the work plan and continue diligently until Remediation is complete.

(b) In addition to its obligations under **Section 21.4(a)**, before this Lease terminates for any reason, Tenant must Remediate, at its sole cost and in compliance with all Environmental Laws and this Lease: (i) any Hazardous Material Condition caused by Tenant's or its Agents' or Invitees' Handling of Hazardous Materials during the Term; and (ii) any Hazardous Material Condition discovered during Tenant's occupancy that is required to be Remediated by any Regulatory Agency if Remediation would not have been required but for Tenant's use of the Premises, or due to Subsequent Construction or construction of the Initial Improvements.

(c) In all situations relating to Handling or Remediating Hazardous Materials, Tenant must take actions that are reasonably necessary in Port's reasonable judgment to protect

the value of the Premises, such as obtaining Environmental Regulatory Approvals related to Hazardous Materials and taking measures to remedy any deterioration in the condition or diminution of the value of any portion of the Premises.

(d) Unless Tenant or its Agents or Invitees Exacerbate the Hazardous Material Condition or Handle or Release Pre-Existing Hazardous Materials in, on, under, around or about the Premises, Tenant will not be obligated to Remediate any Hazardous Material Condition existing before the Commencement Date or the date of Tenant's first use of the Premises, whichever is earlier.

21.5. Pesticide Prohibition. Tenant will comply with the provisions of Chapter 3 of the San Francisco Environment Code (the "Pesticide Ordinance") which (i) prohibit the use of certain pesticides on City property and (ii) require the posting of certain notices and the maintenance of certain records regarding pesticide usage, as further described in [Section XX [(IPM Plan)]] of Exhibit T (Port and City Special Provisions).

21.6. Additional Definitions.

"Environmental Laws" means all present and future federal, State and local Laws, statutes, rules, regulations, ordinances, standards, directives, and conditions of approval, all administrative or judicial orders or decrees and all permits, licenses, approvals or other entitlements, or rules of common law pertaining to Hazardous Materials (including the Handling, Release, or Remediation thereof), industrial hygiene or environmental conditions in the environment, including structures, soil, air, air quality, water, water quality and groundwater conditions, any environmental mitigation measure adopted under Environmental Laws affecting any portion of the Premises, the protection of the environment, natural resources, wildlife, human health or safety, or employee safety or community right-to-know requirements related to the work being performed under this Lease. "Environmental Laws" include the City's Pesticide Ordinance (Chapter 39 of the San Francisco Administrative Code), Section 20 of the San Francisco Public Works Code (Analyzing Soils for Hazardous Waste), the FOG Ordinance, the Pier 70 Risk Management Plan and that certain Covenant and Environmental Restrictions on Property made as of August 11, 2016, by the City, acting by and through the Port, for the benefit of the California Regional Water Quality Control Board for the San Francisco Bay Region and recorded in the Official Records as document number 2016-K308328-00.

"Environmental Regulatory Action" when used with respect to Hazardous Materials means any inquiry, investigation, enforcement, Remediation, agreement, order, consent decree, compromise, or other action that is threatened, instituted, filed, or completed by an Environmental Regulatory Agency in relation to a Release of Hazardous Materials, including both administrative and judicial proceedings.

"Environmental Regulatory Agency" means the United States Environmental Protection Agency, OSHA, any California Environmental Protection Agency board, department, or office, including the Department of Toxic Substances Control and the RWQCB, Cal-OSHA, the Bay Area Air Quality Management District, the San Francisco Department of Public Health, the San Francisco Fire Department, the SFPUC, Port, or any other Regulatory Agency now or later authorized to regulate Hazardous Materials.

"Environmental Regulatory Approval" means any approval, license, registration, permit, or other authorization required or issued by any Environmental Regulatory Agency, including any hazardous waste generator identification numbers relating to operations on the Premises and any closure permit.

"Exacerbate" or "Exacerbating" when used with respect to Hazardous Materials means any act or omission that increases the quantity or concentration or potential for human exposure of Hazardous Materials in the affected area, causes the increased migration of a plume of Hazardous Materials in soil, groundwater, or bay water, causes a Release of Hazardous Materials that had been contained until the act or omission, or otherwise requires Investigation or

Remediation that would not have been required but for the act or omission, it being understood that the mere discovery of Hazardous Materials does not cause "Exacerbation". "Exacerbate" also includes the disturbance, removal or generation of Hazardous Materials in the course of Tenant's operations, Investigations, maintenance, repair, construction of Improvements and Alterations under this Lease. "Exacerbate" also means failure to comply with the Pier 70 Risk Management Plan. "Exacerbation" has a correlative meaning.

"Handle" when used with reference to Hazardous Materials means to use, generate, move, handle, manufacture, process, produce, package, treat, transport, store, emit, discharge or dispose of any Hazardous Material. "Handling" has a correlative meaning.

"Hazardous Material" means any material, waste, chemical, compound, substance, mixture, or byproduct that is identified, defined, designated, listed, restricted or otherwise regulated under Environmental Laws as a "hazardous constituent", "hazardous substance", "hazardous waste constituent", "infectious waste", "medical waste", "biohazardous waste", "extremely hazardous waste", "pollutant", "toxic pollutant", or "contaminant", or any other designation intended to classify substances by reason of properties that are deleterious to the environment, natural resources, wildlife, or human health or safety, including, without limitation, ignitability, infectiousness, corrosiveness, radioactivity, carcinogenicity, toxicity, and reproductive toxicity. Hazardous Material includes, without limitation, any form of natural gas, petroleum products or any fraction thereof, asbestos, asbestos-containing materials, polychlorinated biphenyls ("PCBs"), PCB-containing materials, and any substance that, due to its characteristics or interaction with one or more other materials, wastes, chemicals, compounds, substances, mixtures or byproducts, damages or threatens to damage the environment, natural resources, wildlife or human health or safety. "Hazardous Materials" also includes any chemical identified in the Pier 70 Environmental Site Investigation Report, Pier 70 Remedial Action Plan, or Pier 70 Risk Management Plan.

"Hazardous Material Claim" means any Environmental Regulatory Action or any claim made or threatened by any third party against the Indemnified Parties or the Premises relating to damage, contribution, cost recovery compensation, loss or injury resulting from the Release or Exacerbation of any Hazardous Materials, including Losses based in common law. Hazardous Materials Claims include Investigation and Remediation costs, fines, natural resource damages, damages for decrease in value of the Premises or other Port property, the loss or restriction of the use or any amenity of the Premises or other Port property, Attorneys' Fees and Costs and fees and costs of consultants and experts.

"Hazardous Material Condition" means the Release or Exacerbation, or threatened Release or Exacerbation of Hazardous Materials in, on, under, or about the Premises or the environment, or from any vehicles Tenant or its Agents and Invitees use in, on, under, or about the Premises during the Term or Tenant's occupancy of the Premises.

"Investigate" or "Investigation" when used with reference to Hazardous Material means any activity undertaken to determine the nature and extent of Hazardous Material that may be located in, on, under or about the Premises, any Improvements or any portion of the site or the Improvements or which have been, are being, or threaten to be Released into the environment. Investigation will include preparation of site history reports and sampling and analysis of environmental conditions in, on, under or about the Premises or any Improvements.

"New Hazardous Material" means a Hazardous Material that is not a Pre-Existing Hazardous Material.

"Pier 70 Risk Management Plan" means the Pier 70 Risk Management Plan, Pier 70 Master Plan Area, prepared for the Port of San Francisco by Treadwell & Rolo and dated July 25, 2013, and approved by the RWQCB on January 24, 2014, including any amendments and revisions thereto that are approved by the RWQCB, and as interpreted by Regulatory Agencies with jurisdiction.

"Release" means when used with respect to Hazardous Materials, any accidental, actual, imminent, or intentional spilling, introduction, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the air, soil, gas, land, surface water, groundwater or environment (including the abandonment or discarding of barrels, containers, and other closed receptacles containing any Hazardous Material).

"Remediate" or "Remediation" when used with reference to Hazardous Materials means any activities undertaken to clean up, abate, remove, transport, dispose, contain, treat, stabilize, monitor, remediate, or otherwise control Hazardous Materials located in, on, under or about the Premises or which have been, are being, or threaten to be Released into the environment or to restore the affected area to the standard required by the applicable Environmental Regulatory Agency in accordance with applicable Environmental Laws and any additional Port requirements. Remediation includes, without limitation, those actions included within the definition of "remedy" or "remedial action" in California Health and Safety Code Section 25322 and "remove" or "removal" in California Health and Safety Code Section 25323.

22. DELAY DUE TO FORCE MAJEURE.

For all purposes of this Lease, a Party whose performance of its obligations hereunder is hindered or affected by events of Force Majeure will not be considered in breach of or in default in its obligations hereunder to the extent of any delay resulting from Force Majeure, provided, however, that the provisions of this *Article 22* (Delay Due to Force Majeure) will not apply to Tenant's obligation to pay Rent. A Party seeking an extension of time pursuant to the provisions of this section will give notice to the other Party describing with reasonable particularity (to the extent known) the facts and circumstances constituting Force Majeure within (a) a reasonable time (but not more than fifteen (15) days) after knowledge of the beginning of such enforced delay or (b) promptly after the other Party's demand for performance.

23. PORT'S RIGHT TO PAY SUMS OWED BY TENANT.

23.1. *Port May Pay Sums Owed by Tenant Following Tenant's Failure to Pay.*

Without limiting any other provision of this Lease, and in addition to any other rights or remedies available to Port for any Event of Default, if at any time Tenant fails to pay any sum required to be paid by Tenant pursuant to this Lease to any Person other than Port (other than any Imposition, mechanics' lien or encumbrance with respect to which the provisions of *Article 6* (Contests) apply, or any other sum required to be paid by Tenant which Tenant is contesting in good faith and with due diligence, and which would not become a lien on the Property). Port may, at its sole option, but will not be obligated to, upon ten (10) days prior notice to Tenant, pay such sum for and on behalf of Tenant.

23.2. *Tenant's Obligation to Reimburse Port.* If pursuant to *Section 23.1* (Port May Pay Sums Owed by Tenant Following Tenant's Failure to Pay), Port pays any sum required to be paid by Tenant hereunder, Tenant will reimburse Port as Additional Rent, the sum so paid. All such sums paid by Port are due from Tenant to Port at the time the sum is paid, and if paid by Tenant at a later date, will bear interest at the lesser of the Default Rate or the maximum non-usurious rate Port is permitted by Law to charge from the date such sum is paid by Port until Port is reimbursed in full by Tenant. Port's rights under this *Article 23* (Port's Right to Pay Sums Owed by Tenant) are in addition to its rights under any other provision of this Lease or under applicable Laws. The provisions of this *Section 23.2* will survive the expiration or earlier termination of this Lease.

24. EVENTS OF DEFAULT.

24.1. *Events of Default.* Subject to the provisions of *Section 24.2* (Special Provisions Concerning Lenders and Events of Default) the occurrence of any one or more of the following events which remain uncured after the passage of time set forth pursuant to this *Article 24* (Events of Default) will constitute an "Event of Default" under the terms of this Lease:

(a) Tenant fails to pay any Rent or Imposition when due, which failure continues for five (5) business days following written notice from Port; provided, however, Port will not be required to give such notice on more than two (2) occasions during any calendar year, and failure to pay any Rent or Imposition thereafter when due will be deemed an Event of Default without need for further notice;

(b) Tenant fails to maintain any insurance required to be maintained by Tenant under this Lease, which failure continues without cure for five (5) business days after written notice from Port;

(c) [Intentionally blank];

(d) Prior to the issuance of a Certificate of Completion, a Developer Event of Default (as such term is defined in the Vertical DDA) occurs under the Vertical DDA and remains uncured but such Event of Default under this Lease will be deemed cured if the Developer Event of Default is cured pursuant thereto;

(e) Tenant abandons the Premises, within the meaning of California Civil Code Section 1951.2, which abandonment is not cured within thirty (30) days after notice from Port of Port's belief of abandonment;

(f) The Premises are used for Prohibited Uses, as determined by Port in its reasonable discretion, and such Prohibited Use(s) continues for a period of one (1) business day following written notice from Port; provided, however, if such default cannot reasonably be cured within such one (1) business day, Tenant will not be in default of this Lease if Tenant commences to cure the default within such one (1) business day and diligently and in good faith continues to cure the default;

(g) [Note: Include only if applicable:] Tenant uses the Minimum Public Benefit Area for a use other than the Required Uses, except as otherwise set forth in *Section 3.7* (Required Public Benefits);

(h) Tenant fails to comply with the provisions of *Section 10.1* (Covenants to Repair and Maintain the Premises) within five (5) days following written notice from Port; provided, however, if such default cannot reasonably be cured within such five (5) day period, Tenant will not be in default of this Lease if Tenant commences to cure the default within such five (5) day period and diligently and in good faith continues to cure the default provided, further, without limitation of the foregoing, the Parties agree that Tenant's internal meetings to determine the path to cure such default will be deemed to be a commencement of cure;

(i) Tenant fails to restore the Improvements after an event of Casualty in accordance with and within the time frame set forth in *Section 14.2* (Restoration Obligation) and such failure continues for a period of fifteen (15) days following written notice from Port; provided, however, if such default cannot reasonably be cured within such fifteen (15) days period, Tenant will not be in default of this Lease if Tenant commences to cure the default within such fifteen (15) day period and diligently and in good faith continues to cure the default;

(j) Tenant fails to comply with the provisions of *Article 21.1* (Hazardous Materials) and such failure continues for a period of one (1) business day following written notice from Port; provided, however, if such default cannot reasonably be cured within such one (1) business day period, Tenant will not be in default of this Lease if Tenant commences to cure the default within such one (1) business day period and diligently and in good faith continues to cure the default; provided, further without limitation of the foregoing, the Parties agree that Tenant's internal meetings to determine the path to cure such default will be deemed to be a commencement of cure;

(k) Tenant files a petition for relief, or an order for relief is entered against Tenant, in any case under applicable bankruptcy or insolvency Law, or any comparable Law that is now or hereafter may be in effect, whether for liquidation or reorganization, which

proceedings if filed against Tenant are not dismissed or stayed within one hundred eighty (180) days;

(l) A writ of execution is levied on the Leasehold Estate which is not released within one hundred eighty (180) days, or a receiver, trustee or custodian is appointed to take custody of all or any material part of the property of Tenant, which appointment is not dismissed within one hundred eighty (180) days; provided, however, that the exercise by a Lender of any of its remedies under its Mortgage will not, in and of itself, constitute a default under this *Section 24.1(l)*;

(m) Tenant makes a general assignment for the benefit of its creditors; [or]

(n) [Note: Include only where Deferred Infrastructure assigned to and assumed by Tenant in the VCA.] Tenant fails to complete construction of the Deferred Infrastructure within the timeframe required in the VCA, but such default under this Lease will be deemed cured if such default is cured pursuant to the VCA; or

(o) Tenant violates any other covenant, or fails to perform any other obligation to be performed by Tenant under this Lease (including, but not limited to, any Mitigation and Improvement Measures that Tenant is required to comply with) at the time such performance is due, and such violation or failure continues without cure for more than thirty (30) days after written notice from Port specifying the nature of such violation or failure, or, if such cure cannot reasonably be completed within such thirty (30) day period, if Tenant does not within such thirty (30) day period commence such cure, or having so commenced, does not prosecute such cure with diligence and dispatch to completion within a reasonable time thereafter.

24.2. *Special Provisions Concerning Lenders and Events of Default.*

Notwithstanding anything in this Lease to the contrary, the exercise by a Lender of any of its remedies under its Mortgage will not, in and of itself, constitute a default under this Lease. Port will also accept a cure of an Event of Default by any Tenant investor or mezzanine lender; provided, however, such parties will not have any additional time to cure any Event of Default.

25. REMEDIES.

25.1. *Port's Remedies Generally.* Upon the occurrence and during the continuance of an Event of Default under this Lease, Port has all rights and remedies provided in this Lease or available at Law or in equity (including the right to seek injunctive relief or an order for specific performance, where appropriate), including the right to self-help to the extent provided for herein; provided, however, notwithstanding anything to the contrary in this Lease, any right to cure and any remedy available to Port regarding any Event of Default under the Workforce Development Plan, is limited to those rights and remedies provided in the applicable Law for such Workforce Development Plan; provided, further, Port's right to terminate this Lease for an Event of Default will be limited to Events of Default described in *Sections 24.1(a) and 24.1(d)—24.1(m)*.

All of Port's rights and remedies are cumulative, and except as may be otherwise provided by applicable Law, the exercise of any one or more rights will not preclude the exercise of any other.

25.2. *Right to Keep Lease in Effect.*

(a) **Continuation of Lease.** Port has the remedy described in California Civil Code Section 1951.4 (lessor may continue lease in effect after lessee's breach and abandonment and recover rent as it becomes due, if lessee has right to sublet or assign, subject only to reasonable limitations) under which Port may continue this Lease in full force and effect following the occurrence of an Event of Default. In the event Port elects this remedy, Port has the right to enforce by suit or otherwise, all covenants and conditions hereof to be performed or complied with by Tenant and exercise all of Port's rights, including the right to collect Rent

when due. Upon the occurrence of an Event of Default, Port may, following written notice to Tenant, enter the Premises without terminating this Lease and relet them, or any part of them, to third parties for Tenant's account. Tenant will be liable immediately to Port for all reasonable costs Port incurs in reletting the Premises, including Attorneys' Fees and Costs, brokers' fees or commissions, expenses of remodeling the Premises required by the reletting and similar costs. Reletting can be for a period shorter or longer than the remaining Term, at such rents and on such other terms and conditions as Port determines in its sole discretion.

(b) **No Termination Without Notice.** No act by Port allowed by this *Section 25.2*, nor any appointment of a receiver upon Port's initiative to protect its interest under this Lease, will terminate this Lease, unless and until Port notifies Tenant in writing that Port elects to terminate this Lease.

(c) **Application of Proceeds of Reletting.** If Port elects to relet the Premises as provided in *Section 25.2(a)* (Continuation of Lease) the rent that Port receives from reletting will be applied to the payment of:

(i) First, all costs incurred by Port in enforcing this Lease, whether or not any action or proceeding is commenced, including Attorneys' Fees and Costs, brokers' fees or commissions, the costs of removing and storing Personal Property, costs in connection with reletting the Premises, or any portion thereof, altering, installing, modifying and constructing tenant improvements required for a new tenant, and costs of repairing, securing and maintaining the Premises to the standards set forth in this Lease or any portion thereof;

(ii) Second, the payments of any Imposition or any other indebtedness other than Rent due and unpaid hereunder from Tenant to Port;

(iii) Third, Rent due and unpaid under this Lease;

(iv) After deducting the payments referred to in this *Section 25.2(c)*, any sum remaining from the rent Port receives from reletting will be held by Port and applied to monthly installments of future Rent as such amounts become due under this Lease. In no event will Tenant be entitled to any excess rent received by Port. If on a date Rent or other amount is due under the Lease, the rent received by Port as of such date from any reletting is less than the Rent or other amount due on that date, or if any costs incurred by Port in reletting, remain after applying the rent received from such reletting, Tenant will pay to Port such deficiency. Such deficiency will be calculated and paid monthly.

(d) **Payment of Rent.** Tenant will pay to Port Rent on the dates the Rent is due, less the rent Port has received from any reletting which exceeds all costs and expenses described in *Section 25.2(c)* (Application of Proceeds of Reletting).

25.3. Port's Right to Cure Tenant's Default. Port, at any time after Tenant commits an Event of Default, may, at Port's sole option, cure the default at Tenant's cost. If Port at any time following an Event of Default, by reason of Tenant's default, undertakes any act to cure or attempt to cure such default that requires the payment of any sums, or otherwise incurs any costs, damages, or liabilities (including without limitation, Attorneys' Fees and Costs), all such sums, costs, damages or liabilities paid by Port will be due immediately from Tenant to Port at the time the sum is paid, and if paid by Tenant at a later date will bear interest at the lesser of the Default Rate or the maximum non-usurious rate Port is permitted by Law to charge from the date such sum is paid by Port until Port is reimbursed by Tenant.

25.4. Termination of Tenant's Right to Possession.

(a) Before exercising any right to terminate this Lease and Tenant's right to possession of the Premises for the following Events of Default, Port will provide Tenant with a second written notice ("Second Default Notice") and the additional cure period set forth below:

(i) For an Event of Default under *Section 24.1(a)*, Tenant will have five (5) business days following delivery of the Second Default Notice to cure;

(ii) For an Event of Default under *Sections 24.1(d), 24.1(e), 24.1(h), or 24.1(i)*, Tenant will have ten (10) days following delivery of the Second Default Notice to cure; provided, however, if such default cannot reasonably be cured within such ten (10) day period, then Port will not exercise its termination right if Tenant diligently and in good faith continues to cure the default to completion;

(iii) For an Event of Default under *Sections 24.1(f), 24.1(g), or 24.1(j)*, Tenant will have one (1) business day following delivery of the Second Default Notice to cure; provided, however, if such default cannot reasonably be cured within such one (1) business day period, then Port will not exercise its termination right if Tenant diligently and in good faith continues to cure the default to completion;

(iv) For an Event of Default under *Sections 24.1(k), 24.1(l), or 24.1(m)*, Tenant will have thirty (30) days following delivery of the Second Default Notice to cure, which may include a dismissal or stay, as applicable;

(b) Port may terminate this Lease and Tenant's right to possession of the Premises for the Events of Default described in *Section 25.4(a)* at any time following expiration of the cure periods set forth in *Section 25.4(a)* for the applicable Event of Default by providing Tenant with a written notice of termination.

(c) Acts of maintenance, efforts to relet the Premises, or the appointment of a receiver on Port's initiative to protect Port's interest under this Lease will not constitute a termination of Tenant's right to possession.

(d) If Port elects to terminate this Lease, Port has the rights and remedies provided by California Civil Code Section 1951.2, including the right to recover from Tenant the following:

(i) The worth at the time of award of the unpaid Rent which had been earned at the time of termination; plus

(ii) The worth at the time of award of the amount by which the unpaid Rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; plus

(iii) The worth at the time of award of the amount by which the unpaid Rent for the balance of the Term after the time of award exceeds the amount of the loss of Rent that Tenant proves could be reasonably avoided; plus

(iv) Any other amounts necessary to compensate Port for the detriment proximately caused by Tenant's default, or which, in the ordinary course of events, would likely result therefrom. Efforts by Port to mitigate the damages caused by Tenant's breach of this Lease do not waive Port's rights to recover damages upon termination.

The "worth at the time of award" of the amounts referred to in *Sections 25.4(d)(i)* and *25.4(d)(ii)* above will be computed by allowing interest at an annual rate equal to the lesser of the Default Rate or the maximum non-usurious rate Port is permitted by Law to charge. The "worth at the time of award" of the amount referred to in *Section 25.4(d)(iii)* (Termination of Tenant's Right to Possession) above will be computed by discounting the amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award, plus one percent (1%).

25.5. Continuation of Subleases and Other Agreements. Port has the right, at its sole option, to assume any and all Subleases and agreements by Tenant for the maintenance or operation of the Premises (to the extent assignable) following an Event of Default and termination of Tenant's interest in this Lease. Tenant hereby further covenants that, upon request of Port following an Event of Default and termination of Tenant's interest in this Lease,

Tenant will execute, acknowledge and deliver to Port such further instruments as may be necessary or desirable to vest or confirm or ratify vesting in Port the then existing Subleases and other agreements then in force, as above specified.

25.6. Appointment of Receiver. During the continuance of an Event of Default, Port has the right to have a receiver appointed to collect Rent and conduct Tenant's business. Neither the filing of a petition for the appointment of a receiver nor the appointment itself will constitute an election by Port to terminate this Lease.

25.7. Waiver of Redemption. Tenant hereby waives, for itself and all Persons claiming by and under Tenant, redemption or relief from forfeiture under California Code of Civil Procedure Sections 1174 and 1179, or under any other pertinent present or future Law, in the event Tenant is evicted or Port takes possession of the Premises by reason of any Event of Default.

25.8. Liquidated Damages for Repeat Prohibited Uses. In addition to the other remedies available to Port under this Lease for an Event of Default under *Section 24.1(f)*, if Tenant uses the Premises for the same type of Prohibited Use more than two (2) times within a twenty-four (24) month period, then Tenant will pay Port the Prohibited Use Charge, as further described in *Section 3.3* (Liquidated Damages for Repeat Prohibited Uses).

25.9. Horizontal Developer Right to Perform Deferred Infrastructure. If Tenant fails to complete the Deferred Infrastructure within the time frame set forth in the VCA, then Tenant will grant, and hereby does grant, Horizontal Developer and its Agents a right of access to the Premises for purposes of constructing, completing and maintaining (prior to acceptance by the applicable governmental agency) the Deferred Infrastructure. [Note: Provision applicable only in leases where Tenant has obligation to complete Deferred Infrastructure.]

25.10. Remedies Not Exclusive. The remedies set forth in this *Article 25* (Remedies) are not exclusive; they are cumulative and in addition to any and all other rights or remedies of Port now or later allowed by other terms and provisions of this Lease, Law or in equity. Tenant's obligations hereunder will survive any termination of this Lease.

26. EQUITABLE RELIEF.

In addition to the other remedies provided in this Lease, either Party is entitled at any time after a default or threatened default by the other Party to seek injunctive relief or an order for specific performance, where appropriate to the circumstances of such default. In addition, after the occurrence of an event of default by the other Party, the non-defaulting Party is entitled to any other equitable relief which may be appropriate to the circumstances of such event of default.

27. NO WAIVER.

27.1. No Waiver by Port or Tenant. No failure by Port or Tenant to insist upon the strict performance of any term of this Lease or to exercise any right, power or remedy consequent upon a breach of any such term, will be deemed to imply any waiver of any such breach or of any such term unless clearly expressed in writing by the Party against which waiver is being asserted. No waiver of any breach will affect or alter this Lease, which will continue in full force and effect, or the respective rights of Port or Tenant with respect to any other then existing or subsequent breach.

27.2. No Accord or Satisfaction. No submission by Tenant or acceptance by Port of full or partial Rent or other sums during the continuance of any failure by Tenant to perform its obligations hereunder will waive any of Port's rights or remedies hereunder or constitute an accord or satisfaction, whether or not Port had knowledge of any such failure except with respect to the Rent so paid. No endorsement or statement on any check or remittance by or for Tenant or in any communication accompanying or relating to such payment will operate as a compromise or accord or satisfaction unless the same is approved as such in writing by Port. Port may accept

such check, remittance or payment and retain the proceeds thereof, without prejudice to its rights to recover the balance of any Rent, including any and all Additional Rent, due from Tenant and to pursue any right or remedy provided for or permitted under this Lease or in law or at equity. No payment by Tenant of any amount claimed by Port to be due as Rent hereunder (including any amount claimed to be due as Additional Rent) will be deemed to waive any claim which Tenant may be entitled to assert with regard to the making of such payment or the amount thereof, and all such payments will be without prejudice to any rights Tenant may have with respect thereto, whether or not such payment is identified as having been made "under protest" (or words of similar import).

28. DEFAULT BY PORT; TENANT'S REMEDIES.

28.1. *Default by Port.* Port will be deemed to be in default hereunder only if Port fails to perform or comply with any obligation on its part hereunder, and (a) such failure continues for more than the time of any cure period provided herein, or (b) if no cure period is provided herein, for more than sixty (60) days after written notice thereof from Tenant (provided that, Port will use reasonable efforts to cure such default within a thirty (30) day period) after receipt of such written notice from Tenant, or (c) if such default cannot reasonably be cured within such sixty (60) day period, Port does not within such period commence with due diligence and dispatch the curing of such default, or, having so commenced, thereafter fails or neglects to prosecute or complete with diligence and dispatch the curing of such default.

28.2. *Tenant's Exclusive Remedies.* Upon the occurrence of default by Port described above, which default substantially and materially interferes with the ability of Tenant to conduct the use on the Premises provided for hereunder or materially obstructs the realization of the Project, Tenant has the exclusive right (a) to offset or deduct only from the Rent becoming due hereunder, or if no Rent is due hereunder, then the amount of the damage award will be amortized over a ten (10) year period and payable by Port on a monthly basis, but in either event only after obtaining a final, unappealable judgment in a court of competent jurisdiction for such damages in accordance with applicable Law and the provisions of this Lease, or (b) to seek equitable relief in accordance with applicable Laws and the provisions of this Lease where appropriate and where such relief does not impose personal liability on Port or its Agents; provided, however, (x) in no event will Tenant be entitled to offset from all or any portion of the Rent becoming due hereunder or to otherwise recover or obtain from Port or its Agents any damages (including, without limitation, any indirect or consequential, incidental, punitive or special damages proximately arising out of a default by Port hereunder) or Losses other than Tenant's actual damages as described in the foregoing clause (a), (y) Tenant agrees that, notwithstanding anything to the contrary herein or pursuant to any applicable Laws, Tenant's remedies hereunder constitutes Tenant's sole and absolute right and remedy for a default by Port hereunder, and (z) Tenant has no remedy of self-help.

29. TENANT'S RECOURSE AGAINST PORT.

29.1. *No Recourse Beyond Value of Property Except as Specified.* Tenant agrees that notwithstanding any other term or provision of this Lease, (a) Tenant will have no recourse with respect to, and Port will not be liable for, any obligation of Port under this Lease, or for any claim based upon this Lease, except to the extent of the fair market value of Port's fee interest in the Premises (as encumbered by this Lease) and (b) neither Port nor the Indemnified Parties will be liable under any circumstances for injury or damage to, or interference with Tenant's business, including loss or profits, loss of rents or other revenues, loss of business opportunity, loss of goodwill or loss of use, in each case, however occurring. By Tenant's execution and delivery hereof and as part of the consideration for Port's obligations hereunder Tenant expressly waives all such liability.

29.2. *No Recourse Against Specified Persons.* No commissioner, officer or employee of Port or City will be personally liable to Tenant, or any successor in interest, for any event of default by Port, and Tenant agrees that it will have no recourse with respect to any obligation of

Port under this Lease, or for any amount which may become due Tenant or any successor or for any obligation or claim based upon this Lease, against any such Person.

29.3. Nonliability of Tenant's Members, Partners, Shareholders, Directors, Officers and Employees. No member, officer, partner, shareholder, director, board member, agent, or employee of Tenant will be personally liable to Port, and Port will have no recourse against any of the foregoing, in an Event of Default by Tenant or for any amount which may become due to Port or on any obligations under the terms of this Lease or any claim based upon this Lease.

30. LIMITATIONS ON LIABILITY.

30.1. Waiver of Indirect or Consequential, Incidental, Punitive or Special Damages. As a material part of the consideration for this Lease, neither Party (including the Indemnified Parties) will be liable for, and each Party hereby waives any claims against the other Party for any indirect or consequential; incidental, punitive, special damages.

30.2. Limitation on Port's Liability Upon Transfer. In the event of any transfer of Port's interest in and to the Premises, Port (and in case of any subsequent transfers, the then transferor) will automatically be relieved from and after the date of such transfer of all liability with regard to the performance of any covenants or obligations contained in this Lease thereafter to be performed on the part of Port (or such transferor, as the case may be), but not from liability incurred by Port (or such transferor, as the case may be) on account of covenants or obligations to be performed by Port (or such transferor, as the case may be) hereunder before the date of such transfer; provided, however, that Port (or such subsequent transferor) has transferred to the transferee any funds in Port's possession (or in the possession of such subsequent transferor) in which Port (or such subsequent transferor) has an interest, in trust, for application pursuant to the provisions hereof, and such transferee has assumed all liability for all such funds so received by such transferee from Port (or such subsequent transferor).

31. ESTOPPEL CERTIFICATES BY TENANT AND SUBTENANT.

(a) Tenant will execute, acknowledge and deliver to Port (or at Port's request, to a prospective purchaser or mortgagee of Port's interest in the Premises), within fifteen (15) business days after a request, a certificate substantially in the form attached hereto as *Exhibit P* (Form of Tenant Estoppel Certificate) stating to the best of Tenant's knowledge after diligent inquiry (i) that this Lease is unmodified and in full force and effect (or, if there have been modifications, that this Lease is in full force and effect, as modified, and stating the modifications or, if this Lease is not in full force and effect, so stating), (ii) the dates, if any, to which any Rent and other sums payable hereunder have been paid, (iii) that no notice has been received by Tenant of any default hereunder which has not been cured, except as to defaults specified in such certificate, and (iv) any other matter actually known to Tenant, directly related to this Lease and reasonably requested by Port.

(b) Unless otherwise requested, Tenant will attach to such certificate a copy of this Lease, and any amendments thereto, and include in such certificate a statement by Tenant that, to the best of Tenant's knowledge, such attachment is a true, correct and complete copy of this Lease, as applicable, including all modifications thereto.

(c) Any such certificate may be relied upon by any Port, any successor agency, and any prospective purchaser or mortgagee of the Premises or any part of Port's interest therein.

(d) Tenant will insert a provision similar to this *Article 31* into each Sublease, requiring Subtenants under Subleases to execute, acknowledge and deliver to Port, within twenty (20) business days after request, an estoppel certificate substantially in the form attached hereto as *Exhibit Q*, (Form of Subtenant Estoppel Certificate) covering, among other things, the matters described in clauses (a), (b), and (c) above with respect to such Sublease, along with a true and correct copy of the applicable Sublease and all amendments thereto.

32. ESTOPPEL CERTIFICATES BY PORT.

Port will execute, acknowledge and deliver to Tenant (or at Tenant's request, to any prospective Subtenant that is entitled to obtain a Non-Disturbance Agreement from Port in accordance with *Section 18.4(b)* (Conditions for Issuance of Non-Disturbance Agreements), prospective Lender meeting the requirements of *Article 40* (Mortgages) prospective purchaser, or other prospective transferee of Tenant's interest under this Lease), within fifteen (15) business days after a request, a certificate substantially in the form attached hereto as *Exhibit U* (Form of Port Estoppel Certificate) stating to Port's actual knowledge after diligent inquiry (a) that this Lease is unmodified and in full force and effect (or, if there have been modifications, that this Lease is in full force and effect as modified, and stating the modifications or if this Lease is not in full force and effect, so stating), (b) the dates, if any, to which Rent and other sums payable hereunder have been paid, (c) whether or not, to the knowledge of Port, there are then existing any defaults under this Lease (and if so, specifying the same) and (d) any other matter actually known to Port, directly related to this Lease and reasonably requested by the requesting Party. In addition, if requested, Port will attach to such certificate a copy of this Lease and any amendments thereto, and include in such certificate a statement by Port that, to the best of its knowledge, such attachment is a true, correct and complete copy of this Lease, including all modifications thereto. Any such certificate may be relied upon by Tenant or any prospective Subtenant, Lender, prospective Lender, prospective purchaser, or other prospective transferee of Tenant's interest under this Lease.

33. APPROVALS BY PORT; STANDARD OF REVIEW; FEES FOR REVIEW.

33.1. *Approvals by Port.* The Port's Executive Director or his or her designee, is authorized to execute on behalf of Port any closing or similar documents and any contracts, agreements, memoranda or similar documents with State, regional or local authorities or other Persons that are necessary or proper to achieve the purposes and objectives of this Lease and do not materially increase the obligations of Port hereunder, if the Executive Director reasonably determines, after consultation with, and approval as to form by, the City Attorney, that the document is necessary or proper and in Port's best interests. The Port Executive Director's signature of any such documents will conclusively evidence such a determination by him or her. Wherever this Lease requires or permits the giving by Port of its consent or approval, or whenever an amendment, waiver, notice, or other instrument or document is to be executed by or on behalf of Port, the Executive Director, or his or her designee, is authorized to execute such instrument on behalf of Port, except as otherwise provided by applicable Law, including the City's Charter to the extent applicable, or if the Executive Director determines, in his or her sole discretion, that Port Commission action approving execution of such instrument is necessary.

33.2. *Standard of Review.* Except as expressly provided otherwise or when Port is acting in its regulatory capacity, the following standards will apply to the Parties' conduct under this Lease.

(a) **Advance Writings Required.** Whenever a Party's approval or waiver is required: (i) the approval or waiver must be obtained in advance and in writing; and (ii) the Party whose approval or waiver is sought may not unreasonably withhold, condition, or delay its approval or waiver, as applicable.

(b) **Commercial Reasonableness.** Whenever a Party is permitted to make a judgment, form an opinion, judge the sufficiency of the other Party's performance, exercise discretion in taking (or refraining from taking) any action or making any determination, or grant or withhold its approval or consent, unless otherwise stated in this Lease, that Party must employ commercially reasonable standards in doing so. In general, the Parties' conduct in implementing this Lease, including construction of Improvements, disapprovals, demands for performance, requests for additional information, and any exercise of an election or option, must be commercially reasonable.

33.3. Fees for Review. Unless a different time period is required in this Lease, within thirty (30) days after Port's written request, Tenant will pay Port, as Additional Rent, Port's reasonable costs, including, without limitation, Attorneys' Fees and Costs and costs for Port staff time incurred in connection with the review, investigation, processing, documentation and/or approval of any proposed Transfer, Sale, Mortgage, estoppel certificate, Non-Disturbance Agreement, Refinancing, other certificate, or Subsequent Construction (excluding any such costs incurred by Port's regulatory capacity, which costs will be paid separately by Tenant to the extent required in connection with the review or processing of such regulatory request). Tenant will pay such costs regardless of whether or not Port consents to such proposal.

34. NO MERGER OF TITLE.

There will be no merger of the Leasehold Estate with the fee estate in the Premises by reason of the fact that the same Person may own or hold (a) the Leasehold Estate or any interest in such Leasehold Estate, and (b) any interest in such fee estate. No such merger will occur unless and until all Persons having any interest in the Leasehold Estate and the fee estate in the Premises join in and record a written instrument effecting such merger.

35. QUIET ENJOYMENT.

Subject to the Permitted Title Exceptions, the terms and conditions of this Lease, the Vertical DDA (while in effect), and applicable Laws, Port agrees that Tenant, upon paying the Rent and observing and keeping all of the covenants under this Lease on its part to be kept, will lawfully and quietly hold, occupy and enjoy the Premises during the Term without hindrance or molestation by Port. Notwithstanding the foregoing, Port has no liability to Tenant in the event any defect exists in the title of Port as of the Commencement Date, whether or not such defect affects Tenant's rights of quiet enjoyment (unless such defect is due to City's willful misconduct). Tenant's sole remedy with respect to any such existing title defect is to obtain compensation by pursuing its rights against any title insurance company or companies issuing title insurance policies to Tenant.

36. SURRENDER OF PREMISES.

36.1. Condition of Premises. Except as set forth in *Section 36.2* (Demolition of Improvements), upon the expiration or earlier termination of this Lease, Tenant will quit and surrender to Port the Premises (i) in good order and condition consistent with the requirements of *Section 10.1* (Covenants to Repair and Maintain the Premises), reasonable wear and tear excepted to the extent the same is consistent with maintenance of the Premises in the condition required hereunder [Add if applicable: and the requirements hereunder with respect to historic preservation standards]; (ii) clean, free of debris, waste, and Hazardous Materials (other than any Pre-Existing Hazardous Materials that have not been Handled, Released, or Exacerbated), and (iii) free and clear of all liens and encumbrances other than the Permitted Title Exceptions and other licenses, easements or access rights approved or consented to by Port in accordance with *Section 3.5* (Restrictions on Encumbering Port's Reversionary Interest). If it is determined by Port that the condition of all or any portion of the Premises is not in compliance with the provisions of this Lease with respect to Hazardous Materials at the expiration or earlier termination of this Lease, then at Port's sole option, Port may require Tenant to hold over possession of the Premises until Tenant can surrender the Premises to Port in the condition required herein. Except as set forth in *Section 36.2* (Demolition of Improvements), the Premises will be surrendered with all Improvements, repairs, alterations, additions, substitutions and replacements thereto. Tenant hereby agrees to execute all documents as Port may deem necessary to evidence or confirm any such other termination.

36.2. Demolition of Improvements.

(a) **Notice.** At the expiration or earlier termination of this Lease, at Port's sole election ("Demolition Option"), Port may require Tenant, at Tenant's sole cost, to Demolish and Remove the Improvements and surrender the Premises as a vacant parcel of unimproved real

property. Port will notify Tenant of Port's election to exercise the Demolition Option (i) no later than twenty-four (24) months prior to the expiration of this Lease, (ii) within ninety (90) days following Tenant's election to terminate this Lease in accordance with *Section 7.3* (Termination for Cost Associated with Change in Laws), *Section 14.3(b)* (Termination for Major or Uninsured Casualty), or *Article 15* (Condemnation), or (iii) upon termination of this Lease due to an Event of Default described in *Section 25.4* (Termination of Tenant's Right to Possession).

(b) **Access After Termination.** If Port exercises the Demolition Option in accordance with *Section 36.2(a)* (Notice), then if Port agrees that Tenant will complete the Demolition and Removal after the expiration or earlier termination of this Lease (or promptly thereafter if the Lease is terminated due to an Event of Default described in *Section 25.4*) (Termination of Tenant's Right to Possession), Port and Tenant will enter into Port's standard license granting Tenant non-possessory access to the Premises in order for Tenant to perform the Demolition and Repair following the expiration or earlier termination of this Lease; provided, however, Tenant will perform the Demolition and Removal in compliance with *Article 12* (Construction) and Port may require insurance, bond, guaranty, Indemnification, and other requirements that exceed the coverage amounts or licensee obligations set forth in Port's standard license, that Port determines are reasonably appropriate to protect its interest in light of the risks and liabilities associated with the Demolition and Removal.

(c) **Period to Complete.** Tenant must commence and complete the Demolition and Removal in a timely manner, with due diligence and care, and complete the same within the time period agreed to between the Parties, but in no event longer than six (6) months following the expiration or earlier termination of this Lease. The provisions of this *Section 36.2* will survive the expiration or earlier termination of this Lease.

36.3. Personal Property. On or before expiration or earlier termination of this Lease, Tenant will remove, and will cause all Subtenants to remove (other than any Subtenants that are permitted to remain on the Premises beyond the termination of this Lease in accordance with a Non-Disturbance Agreement previously entered into between the applicable Subtenant and Port), all of their respective Personal Property and Signs within the Premises. If the removal of such Personal Property causes damage to the Premises, Tenant must promptly repair such damage, at no cost to Port. Any items not removed by Tenant as required herein will be deemed abandoned and may be stored, removed, and disposed of by Port at Tenant's sole cost and expense, and Tenant waives all claims against Port for any Losses resulting from Port's retention, removal or disposition of such Personal Property; provided, however, that Tenant will be liable to Port for all costs incurred in storing, removing and disposing of such abandoned property or repairing any damage to the Premises resulting from such removal.

36.4. Quitclaim. Upon the expiration or earlier termination of this Lease, the Premises will automatically, and without further act or conveyance on the part of Tenant or Port, become the property of Port, free and clear of all liens and without payment therefore by Port and will be surrendered to Port upon such date. Upon or at any time after the expiration or earlier termination of this Lease, if requested by Port, Tenant will promptly deliver to Port, without charge, a quitclaim deed to the Premises and any other instrument reasonably requested by Port to evidence or otherwise effectuate the termination of the Leasehold Estate and to effectuate such transfer or vesting of title to the Premises, the Improvements and Personal Property that Port agrees are to remain within the Premises.

37. HOLD OVER.

Any holding over by Tenant after the expiration or termination of this Lease will not constitute a renewal hereof but will be deemed a month-to-month tenancy and will be upon each and every one of the other terms, conditions and covenants of this Lease, except that Minimum Rent payable for the applicable month will be equal to the higher of: (i) twenty percent (20%) of the average Modified Gross Income for the three (3) Lease Years immediately prior to the Expiration Date, or (ii) eight hundred percent (800%) of the monthly Minimum Rent payable for

the month immediately preceding the Expiration Date. Either Party may cancel said month-to-month tenancy upon thirty (30) days written notice to the other Party.

38. NOTICES.

38.1. Notices. All notices, demands, consents, and requests which may or are to be given by any Party to the other must be in writing, except as otherwise provided herein. All notices, demands, consents and requests to be provided hereunder will be deemed to have been properly given on the date of receipt if served personally on a day that is a business day (or on the next business day if served personally on a day that is not a business day), or, if mailed, on the date that is two (2) days after the date when deposited with the U.S. Postal Service for delivery by United States registered or certified mail, postage prepaid, in either case, addressed as follows:

To Port:	Port of San Francisco Pier 1 San Francisco, CA 94111 Attention: Deputy Director of Real Estate and Development (Reference: [Insert Address of Premises/Pier 70]) Telephone: (415) 274-0400
With a copy to:	Port of San Francisco Pier 1 San Francisco, CA 94111 Attention: Port General Counsel (Reference: [Insert Address of Premises/Pier 70]) Telephone: (415) 274-0400
To Tenant:	
With a copy to:	

or at such other place or places in the United States as each such Party may from time to time designate by written notice to the other in accordance with the provisions hereof. For convenience of the Parties, copies of notices may also be given by electronic-mail to the electronic-mail address set forth above (or such other number or address as may be provided from time to time by notice given in the manner required hereunder); however, neither Party may give official or binding notice by electronic-mail.

38.2. Form and Effect of Notice. Every notice given to a Party or other Person under this *Article 38* must state (or be accompanied by a cover letter that states):

(a) the Section of this Lease pursuant to which the notice is given and the action or response required, if any; and

(b) if applicable, the period of time within which the recipient of the notice must respond thereto.

In no event will a recipient's approval of or consent to the subject matter of a notice be deemed to have been given by its failure to object thereto if such notice (or the accompanying cover letter) does not comply with the requirements of this *Section 38.2*.

39. ACCESS TO THE PREMISES BY PORT.

39.1. Entry by Port. Port and its authorized Agents have the right to enter the Premises without notice at any time during normal business hours of generally recognized business days, provided that Tenant or Tenant's Agents are present on the Premises (except in the event of an emergency), for the purpose of inspecting the Premises to determine whether the Premises is in good condition and whether Tenant is complying with its obligations under this Lease.

39.2. General Entry. In addition to its rights pursuant to *Section 39.3* (Emergency Entry) subject to the rights of any Subtenants, Port and its authorized Agents will have the right to enter the Premises at all reasonable times and upon reasonable notice as stated below for any of the following purposes:

(a) To perform any necessary maintenance, repairs or restoration to the Premises or to perform any services which Port has the right or obligation to perform in accordance with *Section 10.1* (Covenants to Repair and Maintain the Premises) or *25.2* (Right to Keep Lease in Effect)

(b) To serve, post, or keep posted any notices required or allowed under the provisions of this Lease;

(c) To post "For Sale" signs at any time during the Term; to post "For Lease" signs during the last six (6) months of the Term or during any period in which an Event of Default is continuing;

(d) On an occasional basis, at all reasonable times after giving Tenant reasonable advance written or oral notice, to show the Premises to prospective tenants or other interested parties during the last eighteen (18) months of the Term; and

(e) To obtain environmental samples and perform equipment and facility testing.

Port agrees to give Tenant reasonable prior notice of Port's entering on the Premises except in an emergency for the purposes set forth above. Such notice will be not less than three (3) business days' prior notice. Tenant will have the right to have a representative of Tenant accompany Port or its Agents on any entry into the Premises. Notwithstanding the foregoing, no notice will be required for Port's entry onto public areas of the Premises during regular business hours unless such entry is for the purposes set forth in *Section 39.2* (General Entry).

39.3. Emergency Entry. Port may enter the Premises at any time, without notice, in the event of an emergency. Port will have the right to use any and all means which Port may deem proper in such an emergency in order to obtain entry to the Premises. Entry to the Premises by any of these means, or otherwise, will not under any circumstances be construed or deemed to be a forcible or unlawful entry into, or a detainer of, the Premises, or an eviction of Tenant from the Premises or any portion of the Premises.

39.4. No Liability. Port will not be liable in any manner, and Tenant hereby waives any claim for damages, for any inconvenience, disturbance, loss of business, nuisance, or other damage, including without limitation any abatement or reduction in Rent, arising out of Port's entry onto the Premises as provided in this *Article 39* (Access to the Premises by Port) or performance of any necessary or required work on the Premises, or on account of bringing necessary materials, supplies and equipment into or through the Premises during the course thereof, except damage resulting solely from the willful misconduct or gross negligence of Port or its authorized representatives.

39.5. Non-Disturbance. Port will use its commercially reasonable efforts to conduct its activities on the Premises as allowed in this *Article 39* (Access to the Premises by Port) in a

manner which, to the extent reasonably practicable, will minimize annoyance or disturbance to Tenant.

39.6. Subtenant Agreement. Tenant will require each Subtenant to permit Port to enter its premises for the purposes specified in *Section 39.1* (Entry by Port) through *Section 39.3* (Emergency Entry).

40. MORTGAGES.

40.1. Mortgages.

(a) **Right to Grant Mortgages.** Tenant has the right during the Term, to grant a mortgage, deed of trust or other security instrument (each a "Mortgage") encumbering (i) all or a portion of the Leasehold Estate in all or a portion of the Premises, (ii) Tenant's interest in any permitted Subleases thereon, (iii) any Personal Property of Tenant, (iv) products and proceeds of the foregoing, and (v) any other rights and interests of Tenant arising under or in connection with this Lease for the benefit of a Bona Fide Institutional Lender (together with its successors and assigns, a "Lender") as security for one or more loans related solely to the Project or the Property, the proceeds from which are used in whole or in part to pay or reimburse costs incurred in connection with the Project and/or the Property, subject to the terms and conditions contained in this *Article 40* (Mortgages)

"Bona Fide Institutional Lender" means any one or more of the following, whether acting in its own interest and capacity or in an agency or a fiduciary capacity for one or more Persons none of which need be Bona Fide Institutional Lenders: (i) a savings bank, a savings and loan association, a commercial bank or trust company or branch thereof, an insurance company, a licensed California finance lender, any agency or instrumentality of the United States government or any state or City governmental authority, a pension fund, an investment banking or merchant banking firm, or any entity directly or indirectly sponsored or managed by any of the foregoing, or other lender, all of which, at the time a Mortgage is recorded in favor of such entity, owns or manages assets of at least Five Hundred Million Dollars (\$500,000,000) in the aggregate (or the equivalent in foreign currency), or (ii) any Affiliate of any of the foregoing, or (iii) an Historic Preservation Tax Credit or Low Income Housing Credit investor or Affiliate thereof that has given a loan to Tenant to optimize or utilize effectively the Historic Preservation Tax Credits or Low Income Housing Tax Credits, as applicable.

(b) **Restrictions on Financing.** No Mortgage will be granted to secure obligations unrelated to the Project and/or the Property or to provide compensation or rights to a Lender in return for matters unrelated to the Project and/or the Property.

(c) **Leasehold Mortgages Subject to this Lease.** With the exception of the rights expressly granted to Lenders in this *Article 40* (Mortgages) the execution and delivery of a Mortgage will not give or be deemed to give a Lender any greater rights than those granted to Tenant hereunder.

(d) **Transfer by Lenders.** A Lender may transfer or assign all or any part of or interest in any Mortgage to a Bona Fide Institutional Lender without the consent of or notice to any Party; provided, however, that Port will have no obligations under this Agreement to a Lender unless Port is notified of such Lender. Furthermore, Port's receipt of notice of a Lender following Port's delivery of a notice or demand to Tenant or to one or more Lenders under *Section 40.4* (Lender's Obligations with Respect to the Property) will not result in an extension of any of the time periods in this *Article 40* (Mortgages) including the cure periods specified in *Section 40.5* (Provisions of Any Mortgage).

(e) **No Subordination of Fee Interest or Rent.** Under no circumstance whatsoever will a Lender place or suffer to be placed any lien or encumbrance on Port's fee interest in the Land in connection with any financing permitted hereunder, or otherwise. Port will not subordinate its interest in the Premises, nor its right to receive Rent, to any Lender.

(f) **Violation of Covenant.** Any Mortgage not permitted by this *Article 40* (Mortgages) will be deemed to be a violation of this covenant on the date of its execution or filing of record regardless of whether or when it is foreclosed or otherwise enforced.

40.2. Copy of Notice of Default to Lender.

(a) **Copy to Lender.** Whenever Port delivers any notice or demand to Tenant for any breach or default by Tenant in its obligations or covenants under this Lease, Port will at the same time forward a copy of such notice or demand to each Lender that has previously made a written request to Port for a copy of any such notices in accordance with *Section 40.2(b)* (Notice from Lender to Port). A delay or failure by Port to provide such notice or demand to any Lender that has previously made a written request therefor will extend, by the number of days until notice is given, the time allowed to such Lender to cure.

(b) **Notice From Lender to Port.** Each Lender is entitled to receive notices in accordance with *Section 40.2(a)* (Copy to Lender) provided such Lender has delivered a notice to Port in substantially the following form:

"The undersigned does hereby certify that it is a Lender, as such term is defined in that certain lease entered into by and between the City and County of San Francisco, operating by and through the San Francisco Port Commission, as landlord, and [insert name of Tenant], as tenant (the "Lease"), of tenant's interest in the Lease demising the property, a legal description of which is attached hereto as *Exhibit A* and made a part hereof by this reference. The undersigned hereby requests that copies of any and all notices from time to time given under the Lease to tenant by Port be sent to the undersigned at the following address:

_____."

If Lender desires to have Port acknowledge receipt of Lender's name and address delivered to Port pursuant to this *Section 40.2(b)*, then such request must be made in bold, underlined and in capitalized letters.

40.3. Lender's Option to Cure Defaults.

(a) Before or after receiving any notice of failure to cure referred to in *Section 40.2* (Copy of Notice of Default to Lender), each Lender will have the right (but not the obligation), at its option, to commence to cure or cause to be cured any Event of Default, within the same period afforded to Tenant hereunder plus an additional period of (i) fifteen (15) days with respect to a monetary Event of Default and (ii) forty-five (45) days with respect to a non-monetary Event of Default that is susceptible of cure by such Lender without obtaining title to the applicable property subject to the applicable Mortgage or acquiring the ownership interests in Tenant, as applicable.

(b) If a non-monetary Event of Default cannot be cured by Lender without obtaining title to the Leasehold Estate, or applicable portion thereof, Port will refrain from exercising its right to terminate this Lease and will permit the cure by a Lender of such Event of Default if, within the cure period set forth in *Section 40.3(a)*: (i) such Lender notifies Port in writing that such Lender intends to proceed with due diligence to foreclose the Mortgage or otherwise obtain title to the subject property or ownership interests, as applicable; (ii) such Lender commences foreclosure proceedings whether by non-judicial foreclosure, judicial foreclosure, by appointment of a receiver, or deed (or assignment) in lieu of foreclosure, within sixty (60) days after giving such notice, and diligently pursues such proceedings to completion; and (iii) after obtaining title, such Lender, subject to *Section 40.4* (Lender's Obligations with Respect to the Property), diligently proceeds to cure those Events of Default that are susceptible of cure by such Lender. The period from the date Lender so notifies Port until a Lender acquires and succeeds to the interest of Tenant under this Lease or some other party acquires such interest through Foreclosure is herein called the "Foreclosure Period."

(c) Nothing in this *Article 40* (Mortgages) will preclude Port from exercising any rights or remedies under this Lease against Tenant (other than a termination of this Lease) with respect to any other Events of Default during the Foreclosure Period.

(d) Notwithstanding the foregoing, no Lender will be required to cure any non-monetary Event of Default that is specific or personal to Tenant which cannot be cured by Lender (by way of example and not limitation, Tenant bankruptcy, or the failure to submit required information in the possession of Tenant). Lender's acquisition of title to the Leasehold Estate, or the completion of a foreclosure (or assignment in lieu thereof), as applicable, will be deemed to be a cure of such Events of Default specific or personal to Tenant. The foregoing will not excuse a Lender's failure to cure any continuing default that is curable by Lender.

(e) If a Lender is prohibited by any law, injunction, or any bankruptcy, insolvency or other judicial proceeding from commencing or prosecuting a foreclosure action, then the times specified for commencing or prosecuting such foreclosure action, as applicable, will be extended by each day of such prohibition.

40.4. Lender's Obligations with Respect to the Property.

(a) **Rights and Obligations upon Lender Acquisition.** Except as set forth in this *Article 40* (Mortgages), no Lender will have any obligations or other liabilities under this Lease unless and until it acquires title by any method to the Leasehold Estate (referred to as "Foreclosed Property"). Except as otherwise provided herein (including, without limitation, *Sections 40.4(b)–(d)*, a Lender (or its designee, successor or assign) or other winning bidder at a foreclosure sale (collectively, a "Successor Owner") that acquires title to any Foreclosed Property (a "Lender Acquisition") will take title subject to all of the terms and conditions of this Lease to the extent applicable to the Foreclosed Property. Upon completion of a Lender Acquisition, Port will recognize the Successor Owner as Tenant under this Agreement. Such recognition will be effective and self-operative without the execution of any further instruments; provided, upon request, at no cost to Port, Port will execute a written agreement recognizing Successor Owner. A Successor Owner, upon a Lender Acquisition, will be required promptly to cure all monetary defaults and all other ongoing defaults then reasonably susceptible of being cured by such Successor Owner to the extent not cured prior to completion of the Lender Acquisition. The foregoing obligation includes any obligation to Restore, except as set forth in *Section 40.4(c)* (No Obligation to Restore).

(b) **Obligations of Lender Prior to Lender Acquisition.** Prior to a Lender Acquisition, Port will have no right to enforce any obligation under this Lease against any Lender unless such Lender expressly assumes and agrees to be bound by this Lease in a form reasonably approved in writing by Lender and Port, which form will be consistent with the terms of this Lease (for the avoidance of doubt, the foregoing will not limit Port's rights and remedies against Tenant notwithstanding any interest Lender may have in Tenant or any right against any successor owner of the Property for a continuing default, as set forth in and subject to the limitations of this *Article 40* (Mortgages). However, Lender agrees to comply during a Foreclosure Period with the terms, conditions and covenants of this Lease that are reasonably susceptible of being complied with by Lender prior to acquiring possession of the Lease, including the payment of all Impositions and any other sums due and owing hereunder.

(c) **No Obligation to Restore.** Subject to *Sections 40.4(d)* (Obligation to Sell If Not Restore) and (e) (Lender Agreement to Complete or Restore), Lender, including any Lender who obtains title to Foreclosed Property through a Lender Acquisition will not be obligated by the provisions of this Lease to Restore any damage or destruction to the Improvements beyond the extent necessary to preserve or protect the Improvements already made, to remove any debris and to perform other reasonable measures to protect the public; provided, however, any other Person who thereafter obtains title to the Leasehold Estate, or any interest therein from or through such Lender (or its designee), or any other Successor Owner (other than such Lender) will be obligated to Restore any damage or destruction to the

Improvements in accordance with this Lease, except that any time period for such Restoration shall be reset as if the applicable casualty or condemnation occurred as of the date of the Lender Acquisition.

(d) **Obligation to Sell If Not Restore.** In the event that Lender acquires the Foreclosed Property through a Lender Acquisition and Lender chooses not to complete or Restore the Improvements following a casualty event, it will notify Port in writing of its election within one hundred twenty (120) days following the later of the Lender Acquisition or the casualty, and will therefore use good faith efforts to sell its interest with reasonable diligence to a purchaser that will be obligated to Restore the Improvements, but in any event Lender will use good faith efforts to cause such sale to occur within nine (9) months following Lender's written notice to Port of its election not to Restore (the "Sale Period").

(e) **Lender Agreement to Restore.** If Lender fails to sell its interest in the Leasehold Estate within the Sale Period, such failure will not constitute a default hereunder but Lender will be obligated to Restore the Improvements to the extent this Lease obligates Tenant to so Restore (except that, if the applicable casualty or condemnation occurred prior to the Lender Acquisition, any time period for such Restoration shall be reset as if the applicable casualty or condemnation occurred as of the date of the Lender Acquisition). In the event Lender agrees, or is deemed to have agreed, to Restore the Improvements, (i) all such work will be performed in accordance with all the requirements set forth in this Lease, (ii) Lender shall engage a qualified construction manager with at least ten (10) years' experience managing construction projects of a similar nature, and (iii) Lender shall confirm to Port in writing that its construction manager satisfies the foregoing requirement.

40.5. Provisions of Any Mortgage. Each Mortgage must provide that Lender will during the Term, (i) promptly provide Port by registered or certified mail a copy of any notice delivered by Lender to Tenant of a borrower event of default (i.e., following the expiration of all notice and cure periods) under the Mortgage, and (ii) give Port prior notice before Lender initiates any Mortgage foreclosure action with respect to the Property or the Project.

40.6. No Impairment of Mortgage. No default by Tenant under this Lease will invalidate or defeat the lien of any Lender. Neither a breach of any obligation in a Mortgage, nor a foreclosure under any Mortgage will defeat, diminish, render invalid or unenforceable or otherwise impair Tenant's rights or obligations under this Lease or constitute, by itself, a default under this Lease.

40.7. Multiple Mortgages.

(a) If at any time there is more than one Mortgage constituting a lien on a single portion of the Property or any interest therein, the lien of Lender prior in time to all others (the "Senior Lender") will be vested with the rights under *Sections 40.3* (Lender's Option to Cure Defaults), *40.10* (New Lease), *40.13* (Consent of Lender), and *40.14* (Cooperation) to the exclusion of the holder of any other Mortgage except if the Senior Lender fails to exercise the rights set forth in *Sections 40.3* (Lender's Option to Cure Defaults) and *40.10* (New Lease) as applicable, then the holder of a junior Mortgage that has provided notice to Port in accordance with *Section 40.2* (Copy of Notice of Default to Lender) will succeed to the rights set forth in *Sections 40.3* (Lender's Option to Cure Defaults) and *40.10* (New Lease) as applicable, only if the holders of all Mortgages senior to it have failed to exercise the rights set forth in *Sections 40.3* (Lender's Option to Cure Defaults) and *40.10* (New Lease) as applicable.

(b) A Senior Lender's failure to exercise its rights under *Sections 40.3* (Lender's Option to Cure Defaults), *40.10* (New Lease), *40.13* (Consent of Lender) or *40.14* (Cooperation) as applicable, or any delay in the response of any Lender to any notice by Port will not extend (i) any cure period, (ii) period to enter into a New Lease, or (iii) Tenant's or any Lender's rights under this *Article 40* (Mortgages). For purposes of this *Section 40.7*, in the absence of an order of a court of competent jurisdiction that is served on Port, a title report

prepared by a reputable title company licensed to do business in the State of California and having an office in the City, setting forth the order of priorities of the liens of Mortgages on real property, may be relied upon by Port as conclusive evidence of priority.

40.8. Cured Defaults. Port will accept performance by a Lender with the same force and effect as it performed by Tenant. No such performance on behalf of Tenant in and of itself will cause Lender to become a "mortgagee in possession" or otherwise cause it to be bound by or liable under this Lease.

40.9. Limitation on Liability of Lender. Notwithstanding anything herein to the contrary, no Lender will become liable under the provisions of this Lease unless and until such time as it becomes the owner of the Leasehold Estate and then only for so long as it remains the owner of the Leasehold Estate and only with respect to the obligations arising during such period of ownership.

If a Lender becomes the owner of the Leasehold Estate under this Lease or under a New Lease, (i) except as set forth in *Sections 40.4(c)* (No Obligation to Restore) and *40.4(d)* (Obligation to Sell if Not Restore), such Lender will be liable to Port for the obligations of Tenant hereunder only to the extent such obligations arise during the period that such Lender remains the owner of the Leasehold Estate, and (ii) in no event will Lender have personal liability under this Lease or New Lease, as applicable, greater than Lender's interest in this Lease or such New Lease, and Port will have no recourse against Lender's assets other than its interest herein or therein.

40.10. New Lease. In the event of the termination of this Lease before the expiration of the Term, including, without limitation, the rejection of this Lease by a trustee of Tenant in bankruptcy or by Tenant as a debtor-in-possession, except (i) by Total Condemnation, (ii) as the result of damage or destruction as provided in *Article 14* (Damage or Destruction), or (iii) as a result of Tenant exercising its option to terminate this Lease due to change in Laws as provided in *Section 7.3* (Right to Terminate Lease), Port will serve upon Lender written notice that this Lease has been terminated, together with a statement of any and all sums which would at that time be due under this Lease but for such termination, and of all other defaults, if any, under this Lease then known to Port. The Senior Lender will thereupon have the option to obtain a new lease in accordance with and upon the following terms and conditions ("New Lease"):

(i) Upon the written request of Lender, within thirty (30) days after service of such notice that this Lease has been terminated ("New Lease Execution Period"), Port will enter into a New Lease of the Premises with the most senior Lender giving notice within such period or its designee, provided that Lender assumes Tenant's obligations as Sublandlord under any Subleases then in effect; and

(ii) Such New Lease will be entered into at the Lender's cost, will be effective as of the date of termination of this Lease, and will be for the remainder of the Term and at the Rent and upon all the agreements, terms, covenants and conditions hereof, including any applicable rights of renewal and in substantially the same form as this Lease (except for any requirements or conditions which Tenant has satisfied prior to the termination). The New Lease will have the same priority as this Lease, including priority over any mortgage or other lien, charge or encumbrance on the title to the Premises. The New Lease will require Lender to perform any unfulfilled monetary obligation of Tenant under this Lease that would, at the time of the execution of the New Lease, be due under this Lease if this Lease had not been terminated and to perform as soon as reasonably practicable any unfulfilled non-monetary obligation which is continuing and is reasonably susceptible of being performed by such Lender, including any obligation to Restore subject to *Sections 40.4(d)* (Obligation to Sell If Not Restore) and *40.4(e)* (Lender Agreement to Restore). Upon the execution of the New Lease, Lender will pay any and all sums which would at the time of the execution thereof be due under this Lease but for such termination, and will pay all expenses, including reasonable Attorneys' Fees and Costs incurred by Port in connection with such defaults and termination, the recovery of possession of the

Premises, and the preparation, execution and delivery of such New Lease. The provisions of this **Section 40.10(ii)** will survive any termination of this Lease (except as otherwise expressly set out in the first sentence of **40.10** (New Lease)), and will constitute a separate agreement by Port for the benefit of and enforceable by Lender.

40.11. Nominee. Any rights of a Lender under this **Article 40** (Mortgages), as amended hereby, may be exercised by or through its nominee or designee (other than Tenant) which is an Affiliate of Lender; provided, however, no Lender will acquire title to the Lease through a nominee or designee which is not a Person otherwise permitted to become Tenant hereunder; provided, further that a Lender may acquire title to the Lease through a wholly owned (directly or indirectly) subsidiary of Lender.

40.12. Subleases and Other Property Agreements. Effective upon the commencement of the term of any New Lease executed pursuant to **Subsection 40.10** (New Lease), any Sublease then in effect will be assigned and transferred without recourse by Port to Lender. Between the date of termination of this Lease and expiration of the New Lease Execution Period, Port will not (1) enter into any new management agreements or agreements for the maintenance of the Premises or the supplies therefor (collectively, "Other Property Agreements") or Subleases which would be binding upon Lender if Lender enters into a New Lease, (2) cancel or materially modify any of the existing Subleases, management agreements or agreements for the maintenance of the Premises or the supplies therefor or any other agreements affecting the Premises, or (3) accept any cancellation, termination or surrender of any Subleases subject to a Non-Disturbance Agreement with the Subtenant of such Sublease or Other Property Agreement without the written consent of Lender, which consent will not be unreasonably withheld or delayed; provided, however Lender's prior approval will not be required for any Other Property Agreement entered into, cancelled, or modified by Port due to an emergency. Effective upon the commencement of the term of the New Lease, Port will also quitclaim to Lender, its designee or nominee (other than Tenant), without recourse, all of Tenant's Personal Property remaining on the Premises.

40.13. Consent of Lender. Port will not (i) modify this Lease in a manner that increases base rent or percentage rent owed to Port, decreases the Term, amends any provision of this **Article 40**, or otherwise amends the terms of this Lease in a manner that creates a material adverse effect upon Senior Lender, or (ii) terminate or cancel this Lease without Senior Lender's prior written consent, which consent will not be unreasonably withheld, conditioned or delayed. Any such modification, termination or cancellation of this Lease without Senior Lender's consent will be effective against Senior Lender.

No merger of this Lease and the fee estate in the Premises will occur on account of the acquisition by the same or related parties of the leasehold estate created by this Lease and the fee estate in the Premises without the prior written consent of Lender.

40.14. Cooperation. Port, through its Executive Director, and Tenant will cooperate in including in this Lease by suitable written amendment or agreement from time to time any provision which may be reasonably requested by the Senior Lender and customarily included in such amendment or agreement to implement the provisions and intent of this **Article 40** (Mortgages) provided, however, that any such amendment or agreement will not adversely affect in any material respect any of Port's rights and remedies under this Lease. Port's execution of any such amendment or agreement is conditioned on Port's receipt of its share of Net Refinancing Proceeds (if any), and Attorneys' Fees and Costs incurred in connection with the review and negotiation of such document.

40.15. Reliance. The provisions of this **Article 40** are for the benefit of the Lender and may be relied upon and shall be enforceable by the Lender.

40.16. Priority of Lender Protections In the event of a conflict between a provision in **Section 18.1(e)** (Mortgaging of Leasehold) and/or this **Article 40**, on the one hand, and any other

provision of this Lease, on the other hand, the provision set forth in *Section 18.1(e)* (Mortgaging of Leasehold) and or this *Article 40* will control.

41. NO JOINT VENTURE.

Nothing contained in this Lease will be deemed or construed as creating a partnership or joint venture between Port and Tenant or between Port and any other Person, or cause Port to be responsible in any way for the debts or obligations of Tenant. The subject of this Lease is a lease with neither Party acting as the Agent of the other Party in any respect.

42. ECONOMIC ACCESS.

Tenant will comply with the Workforce Development Plan attached hereto as *Exhibit M* (collectively, the "Workforce Development Plan"). The Workforce Development Plan is designed to afford opportunities for San Francisco residents to participate in the construction and operation of the Initial Improvements. Tenant will comply with the Workforce Development Plan with respect to the operation and leasing of the Premises, and will include in its Subleases, applicable provisions of the Workforce Development Plan in accordance with the same.

43. REPRESENTATIONS AND WARRANTIES.

Tenant represents, warrants and covenants to Port as follows, as of the date hereof and as of the Commencement Date:

(a) **Valid Existence; Good Standing.** Tenant is a [] duly organized and validly existing under the laws of the State of []. Tenant has the requisite power and authority to own its property and conduct its business as presently conducted. Tenant is in good standing in the State of California.

(b) **Port.** Tenant has the requisite power and authority to execute and deliver this Lease and the agreements contemplated hereby and to carry out and perform all of the terms and covenants of this Lease and the agreements contemplated hereby to be performed by Tenant.

(c) **No Limitation on Ability to Perform.** Neither Tenant's articles of organization or operating agreement, nor any applicable Law, prohibits Tenant's entry into this Lease or its performance hereunder. No consent, authorization or approval of, and no notice to or filing with, any governmental authority, regulatory body or other Person is required for the due execution and delivery of this Lease by Tenant and Tenant's performance hereunder, except for consents, authorizations and approvals which have already been obtained, notices which have already been given and filings which have already been made. Except as may otherwise have been disclosed to Port in writing, there are no undischarged judgments pending against Tenant, and Tenant has not received notice of the filing of any pending suit or proceedings against Tenant before any court, governmental agency, or arbitrator, which might materially adversely affect the enforceability of this Lease or the business, operations, assets or condition of Tenant.

(d) **Valid Execution.** The execution and delivery of this Lease and the performance by Tenant hereunder have been duly and validly authorized. When executed and delivered by Port and Tenant, this Lease will be a legal, valid and binding obligation of Tenant.

(e) **Defaults.** The execution, delivery and performance of this Lease (i) do not and will not violate or result in a violation of, contravene or conflict with, or constitute a default by Tenant under (A) any agreement, document or instrument to which Tenant is a party or by which Tenant is bound, (B) any law, statute, ordinance, or regulation applicable to Tenant or its business, or (C) the articles of organization or the operating agreement of Tenant, and (ii) do not result in the creation or imposition of any lien or other encumbrance upon the assets of Tenant, except as contemplated hereby.

(f) **Financial Matters.** Except to the extent disclosed to Port in writing, (i) Tenant is not in default under, and has not received notice asserting that it is in default under,

any agreement for borrowed money, (ii) Tenant has not filed a petition for relief under any chapter of the U.S. Bankruptcy Code, (iii) there has been no event that has materially adversely affected Tenant's ability to meet its Lease obligations hereunder, and (iv) to Tenant's knowledge, no involuntary petition naming Tenant as debtor has been filed under any chapter of the U.S. Bankruptcy Code.

The representations and warranties herein will survive any termination of this Lease to the extent specified in this Lease.

44. MITIGATION AND IMPROVEMENTS MEASURES.

In order to mitigate the significant environmental impacts of this Lease and operation of the Premises, Tenant agrees that the operation of the Project will be in accordance with the Mitigation and Improvement Measures attached to this Lease as *Exhibit J* (Mitigation and Improvement Measures) applicable to the Premises and the Project. As appropriate, Tenant will incorporate such Mitigation and Improvement Measures into any contract (including any Sublease) for the operation of the Improvements.

45. PORT AND CITY SPECIAL PROVISIONS.

Tenant will comply with the Port and City Special Provisions attached hereto as *Exhibit T* (Port and City Special Provisions).

46. GENERAL

46.1. *Time of Performance.*

(a) **Expiration.** All performance dates (including cure dates) expire at 5:00 p.m., San Francisco, California time, on the performance or cure date.

(b) **Weekend or Holiday.** A performance date which falls on a Saturday, Sunday or City holiday is deemed extended to 5:00 p.m. the next working day.

(c) **Days for Performance.** All periods for performance or notices specified herein in terms of days will be calendar days, and not business days, unless otherwise provided herein.

(d) **Time of the Essence.** Time is of the essence with respect to each provision of this Lease, including, but not limited, the provisions for the exercise of any option on the part of Tenant hereunder and the provisions for the payment of Rent and any other sums due hereunder, subject to the provisions of *Article 22* relating to Force Majeure.

46.2. *Interpretation of Agreement.*

(a) - **Exhibits and Schedule.** Whenever an "Exhibit" or "Schedule" is referenced, it means an attachment to this Lease unless otherwise specifically identified. All such exhibits and schedules are incorporated herein by reference.

(b) **Captions.** Whenever a section, article or paragraph is referenced, it refers to this Lease unless otherwise specifically identified. The captions preceding the articles and sections of this Lease and in the table of contents have been inserted for convenience of reference only. Such captions will not define or limit the scope or intent of any provision of this Lease.

(c) **Words of Inclusion.** The use of the term "include", "including", "such as", or words of similar import, when following any general term, statement or matter will not be construed to limit such term, statement or matter to the specific items or matters, whether or not language of non-limitation is used with reference thereto. Rather, such terms will be deemed to refer to all other items or matters that could reasonably fall within the broadest possible scope of such statement, term or matter.

(d) **No Presumption Against Drafter.** This Lease has been negotiated at arm's length and between Persons sophisticated and knowledgeable in the matters dealt with herein. In addition, experienced and knowledgeable legal counsel has represented each Party. Accordingly, this Lease will be interpreted to achieve the intents and purposes of the Parties, without any presumption against the Party responsible for drafting any part of this Lease (including California Civil Code Section 1654).

(e) **Fees and Costs.** The Party on which any obligation is imposed in this Lease will be solely responsible for paying all costs and expenses incurred in the performance thereof, unless the provision imposing such obligation specifically provides to the contrary.

(f) **Lease References.** Wherever reference is made to any provision, term or matter "in this Lease," "herein" or "hereof," or words of similar import, the reference will be deemed to refer to any and all provisions of this Lease reasonably related thereto in the context of such reference, unless such reference refers solely to a specific numbered or lettered article, section or paragraph of this Lease or any specific subdivision thereof.

(g) **Legal References.** Wherever reference is made to a specific code or section of a specific Law, the reference will be deemed to include any amendment, restatement or replacement.

46.3. Successors and Assigns. This Lease is binding upon and will inure to the benefit of the successors and assigns of Port, Tenant, and any Lender. Where the term "Tenant," "Port," "Lender" is used in this Lease, it means and includes their respective successors and assigns, including, as to any Lender, any transferee and any successor or assign of such transferee. Whenever this Lease specifies or implies Port as a Party or the holder of the right or obligation to give approvals or consents, if Port or a the entity which has succeeded to Port's rights and obligations no longer exists, then the City will be deemed to be the successor and assign of Port for purposes of this Lease.

46.4. No Third-Party Beneficiaries. This Lease is for the exclusive benefit of the Parties hereto and not for the benefit of any other Person and will not be deemed to have conferred any rights, express or implied, upon any other Person, except as provided in *Article 40* (Mortgages) with regard to Lenders and *Section 25.9* (Horizontal Developer Right to Perform Deferred Infrastructure) with regard to Horizontal Developer's ability to complete the Deferred Infrastructure under certain limited circumstances.

46.5. Real Estate Commissions. Port is not liable for any real estate commissions, brokerage fees or finder's fees which may arise from this Lease (except as provided in the DDA with respect to Public Offerings (DDA Section 7.5)) or any Sublease. In the event any broker, agent or finder makes a claim through Tenant or Subtenant (except with respect to a Public Offering managed by a Qualified Broker selected jointly by Port and Horizontal Developer under the DDA), Tenant will indemnify Port from any Losses arising out of such claim.

46.6. Counterparts. This Lease may be executed in counterparts, each of which is deemed to be an original, and all such counterparts constitute one and the same instrument.

46.7. Entire Agreement. This Lease (including the Exhibits) constitute the entire agreement between the Parties with respect to the subject matter set forth therein, and supersede all negotiations or previous agreements between the Parties with respect to all or any part of the terms and conditions mentioned herein or incidental hereto. No parol evidence of any prior or other agreement will be permitted to contradict or vary the terms of this Lease.

46.8. Amendment. Neither this Lease nor any of the terms hereof may be terminated, amended or modified except by a written instrument executed by the Parties.

46.9. Governing Law; Selection of Forum. This Lease will be governed by, and interpreted in accordance with, the laws of the State of California. As part of the consideration for Port's entering into this Lease, Tenant agrees that all actions or proceedings arising directly

or indirectly under this Lease may, at the sole option of Port, be litigated in courts having situs within the State of California, and Tenant consents to the jurisdiction of any such local, state or federal court, and consents that any service of process in such action or proceeding may be made by personal service upon Tenant wherever Tenant may then be located, or by certified or registered mail directed to Tenant at the address set forth herein for the delivery of notices.

46.10. Recordation. This Lease will not be recorded by either Party. The Parties agree to execute and record in the Official Records a Memorandum of Lease in the form attached hereto as *Exhibit V* (Form of Memorandum Lease). Promptly upon Port's request following the expiration of the Term or any other termination of this Lease, Tenant will deliver to Port a duly executed and acknowledged quitclaim deed suitable for recordation in the Official Records and in form and content satisfactory to Port and the City Attorney, for the purpose of evidencing in the public records the termination of Tenant's interest under this Lease. Port may record such quitclaim deed at any time on or after the termination of this Lease, without the need for any approval or further act of Tenant.

46.11. Attorneys' Fees. The Prevailing Party in any action or proceeding (including any cross-complaint, counterclaim, or bankruptcy proceeding) against the other party by reason of a claimed default, or otherwise arising out of a party's performance or alleged non-performance under this Lease, will be entitled to recover from the other party its costs and expenses of suit, including but not limited to Attorneys' Fees and Costs, which will be payable whether or not such action is prosecuted to judgment. "Prevailing party" within the meaning of this Section includes, without limitation, a party who substantially obtains or defeats, as the case may be, the relief sought in the action, whether by compromise, settlement, judgment or the abandonment by the other party of its claim or defense. Attorneys' Fees and Costs under this Section includes attorneys' fees and all other reasonable costs and expenses incurred in connection with any appeal.

For purposes of this Lease, reasonable fees of attorneys of the City's Office of the City Attorney will be based on the fees regularly charged by private attorneys with an equivalent number of years of professional experience (calculated by reference to earliest year of admission to the Bar of any State) who practice in San Francisco in law firms with approximately the same number of attorneys as employed by the Office of the City Attorney.

46.12. Effective Date. This Lease will become effective on the date (the "Effective Date") the Parties duly execute and deliver this Lease. The Effective Date will be inserted by Port on the cover page and on page 1 hereof, provided, however, that either Party's failure to insert the Effective Date will not invalidate this Lease. Where used in this Lease or in any of its exhibits, references to "the date of this Lease," the "reference date of this Lease," "Lease Date" or "Effective Date" will mean the Effective Date determined as set forth above and shown on the first page hereof.

46.13. Severability. If any provision of this Lease, or its application to any Person or circumstance, is held invalid by any court, the invalidity or inapplicability of such provision will not affect any other provision of this Lease or the application of such provision to any other Person or circumstance, and the remaining portions of this Lease will continue in full force and effect, unless enforcement of this Lease as so modified by and in response to such invalidation would be grossly inequitable under all of the circumstances, or would frustrate the fundamental purposes of this Lease.

47. DEFINITIONS OF CERTAIN TERMS.

For purposes of this Lease, initially capitalized terms will have the meanings ascribed to them in this *Article 47*.

"28-Acre Site" is defined in *Recital C*.

"Additional Rent" means any and all sums (other than Base Rent and Percentage Rent) that may become due or be payable by Tenant under this Lease.

"Affiliate" means any Person directly or indirectly Controlling, Controlled by or under Common Control with the other Person in question.

"Agents" means, when used with reference to either Party to this Lease, the members, officers, directors, commissioners, employees, agents and contractors of such Party, and their respective heirs, legal representatives, successors and assigns.

"Assessment Shortfall" means the positive difference between: (i) the amount of property taxes that would have been levied on a Taxable Parcel by application of the ad valorem tax on its Baseline Assessed Value, as escalated to the date of determination by annual increases and reassessment following a transfer; and (ii) the amount of property taxes actually levied on the Taxable Parcel after Reassessment.

"Assessor Information" is defined in *Section 5.1(a)(ii)*.

"Assessor's Office" means the Office of the Assessor-Recorder in the City and County of San Francisco, or any successor agency responsible for assessing real property in the City and County of San Francisco.

"Assignment" is defined in *Section 18.1(a)*.

"Assignment and Assumption Agreement" is defined in *Section 18.1(b)(i)*.

"Attorneys' Fees and Costs" means reasonable attorneys' fees, costs, expenses and disbursements, including, but not limited to, expert witness fees and costs, travel time and associated costs, transcript preparation fees and costs, document copying, exhibit preparation, courier, postage, facsimile, long-distance and communications expenses, court costs and other reasonable costs and fees associated with any other legal, administrative or alternative dispute resolution proceeding, including such fees and costs associated with execution upon any judgment or order, and costs on appeal.

"Award" means all compensation, sums or value paid, awarded or received for a Condemnation, whether pursuant to judgment, agreement, settlement or otherwise.

"Baseline Assessed Value" means the assessed value of a Taxable Parcel in the SUD in the City Fiscal Year in which the Chief Harbor Engineer issues the related Final Certificate of Occupancy.

"Base Rent" is defined in *Section 3.3 of Exhibit D*.

"Base Rent Deposit" is defined in *Section 17.1(a)*.

"Bona Fide Institutional Lender" is defined in *Section 40.1(a)*.

"Bonds" means any bonds or other forms of indebtedness secured and payable by one or more of Housing Tax Increment, Mello-Roos Taxes, or Tax Increment issued on behalf of any financing district, to implement the Financing Documents.

"Books and Records" is defined in *Section 3.8 of Exhibit D*.

"Capital Items" is defined in *Section 10.2(a)*.

"Capital Reserves" is defined in *Section 10.2(a)*.

"Capital Reserve Deposits" is defined in *Section 10.2(a)*.

"CASp" is defined in *Section 1.1(c)*.

"Casualty" is defined in *Section 14.1*.

"Casualty Notice" is defined in *Section 14.1(a)*.

“Certificate of Completion” is defined in the Vertical DDA”

“City” means the City and County of San Francisco, a municipal corporation.

“City Fiscal Year” means the period beginning on July 1 of any year and ending on the following June 30.

“Commencement Date” is defined in the Basic Lease Information.

“Common Control” means that two Persons are both Controlled by the same other Person.

“Completion” means completion of construction of all or any applicable portion of the Initial Improvements [Note: Use if Deferred Infrastructure included in VCA: including the Deferred Infrastructure], in accordance with the terms hereof, as conclusively evidenced by the issuance of a temporary certificate of occupancy. “Complete” has a correlative meaning.

“Condemnation” means the taking or damaging, including severance damage, of all or any part of any property, or the right of possession thereof, by eminent domain, inverse condemnation, or for any public or quasi-public use under the law. Condemnation may occur pursuant to the recording of a final order of condemnation, or by a voluntary sale of all or any part of any property to any Person having the power of eminent domain (or to a designee of any such Person), provided that the property or such part thereof is then under the threat of condemnation or such sale occurs by way of settlement of a condemnation action.

“Condemnation Date” means the earlier of: (a) the date when the right of possession of the condemned property is taken by the condemning authority; or (b) the date when title to the condemned property (or any part thereof) vests in the condemning authority.

“Condemned Land Value” is defined in *Section 15.4(c)*.

“Construction” is defined in *Section 12.1(a)*.

“Construction Impacts” is defined in *Section 4.1*.

“Control” is defined in *Section 18.1(a)*. “Controlled” and “Controlling” have correlative meanings.

“Current Assessed Value” means a Taxable Parcel’s Baseline Assessed Value as escalated or reassessed on the date of determination.

“DDA” is defined in *Recital C*.

“Default Rate” is defined in *Section 3.11 of Exhibit D*.

[Insert if Tenant has obligation to perform Deferred Infrastructure.] “Deferred Infrastructure” has the meaning ascribed to such term in the Vertical DDA.

“Deferred Infrastructure Area” is defined in *Section 19.2(a)(iii)*.

“Demolish and Remove” means the demolition of the Improvements and the removal and disposal of all debris in accordance with all Laws. “Demolition and Removal” has a correlative meaning.

“Demolition Option” is defined in *Section 36.2(a)*.

“Design for Development” means the Pier 70 Design for Development that the Port Commission and the Planning Commission approved.

“Development Agreement” means that certain Development Agreement between the City and Horizontal Developer dated as of _____, 2018, as may be amended from time to time.

“Development Projects” is defined in *Section 4.1*.

"Disabled Access Laws" means all Laws related to access for persons with disabilities including, without limitation, the Americans with Disabilities Act, 42 U.S.C. Section 12101 et seq. and disabled access laws under the Port's building code.

"Effective Date" is defined in *Section 46.12*.

"Encroachment Area" is defined in *Section 1.1(e)(i)*.

"Encroachment Area Charge" is defined in *Section 1.1(e)(i)*.

"Environmental Financial Performance Deposit" is defined in *Section 17.2*.

"Environmental Laws" is defined in *Section 21.6*.

"Environmental Notice" is defined in *Section 17.3(b)*.

"Environmental Oversight Deposit" is defined in *Section 17.3(a)*.

"Environmental Regulatory Action" is defined in *Section 21.6*.

"Environmental Regulatory Agency" is defined in *Section 21.6*.

"Event of Default" is defined in *Section 24.1*.

"Exacerbate" or "Exacerbating" is defined in *Section 21.6*.

"Excepted Hazardous Material" is defined in *Section 21.1*.

"Excluded Transfer" is defined in *Section 18.1(a)*.

"Executive Director" means the Executive Director of the Port or his or her designee.

"Exempt Parcel" means any assessor's parcel that is exempt from taxation, including any levy of Mello-Roos Taxes under an RMA (as defined in the Financing Plan), or under any state or federal tax exempt determination.

"Facilities Condition Report" is defined in *Section 10.2(b)*.

"FCR Date" is defined in *Section 10.2(a)*.

"Final Construction Documents" means plans and specifications sufficient for the processing of an application for a building permit in accordance with applicable Laws.

"Flagpoles" is defined in *Section 9.5*.

"FOG Ordinance" means Sections 140-140.7 of Article 4.1 of the San Francisco Public Works Code, or any subsequent amendment or replacement of the same that sets forth prohibitions, limitations and requirements for the discharge of fats, oils and grease into the City's sewer system by food service establishments.

"Force Majeure" means events which result in delays in a Party's performance of its obligations hereunder due to causes beyond such Party's control and not caused by the acts or omissions of such Party, including, but not restricted to, acts of nature or of the public enemy, fires, floods, earthquakes, tidal waves, strikes, freight embargoes, and unusually severe weather. Force Majeure does not include (i) failure to obtain financing or failure to have adequate funds, (ii) sea level rise, or (iii) any event that does not cause an actual delay. The delay caused by Force Majeure includes not only the period of time during which performance of an act is hindered, but also such additional time thereafter as may reasonably be required to make additional repairs or obtain additional Regulatory Approvals that would not have otherwise been required but for the Force Majeure Event.

"Foreclosed Property" is defined in *Section 40.4(a)*.

"Foreclosure" means a foreclosure of a Mortgage or other proceedings in the nature of foreclosure (whether conducted pursuant to court order or pursuant to a power of sale contained in the Mortgage), deed or voluntary assignment or other conveyance in lieu thereof.

"Foreclosure Period" is defined in *Section 40.3(b)*.

"Forest City Agreements" is defined in *Section 4.2(a)(vi)*

"graffiti" is defined in *Section 9.6*.

"Gross Income" is defined in *Section 3.5(a)(iii)* of *Exhibit D*.

"Handle" is defined in *Section 21.6*.

"Hard costs" is defined in *Section 10.5*.

"Hazardous Material" is defined in *Section 21.6*.

"Hazardous Material Claim" is defined in *Section 21.6*.

"Hazardous Material Condition" is defined in *Section 21.6*.

"Historic Core" is described in *Section 4.2(a)(vi)*.

"Horizontal Developer" is defined in *Recital C*.

"IFD" is an acronym for Infrastructure Financing District No. 2 (Port of San Francisco), formed by Ordinance No. 27-16.

"IFD Termination Date" means the respective dates on which all allocations to the IFD of Tax Increment from each Sub-Project Area and the IFD's authority to repay indebtedness with Tax Increment from each Sub-Project Area end under Appendix G-2.

"Impositions" is defined in *Section 5.1(b)*.

"Improvements" means all buildings, structures, fixtures and other improvements erected, built, placed, installed, constructed, renovated, Restored, or Rehabilitated, located upon or within the Premises on or after the Commencement Date, including, but not limited to, the Initial Improvements and any Subsequent Construction.

"Indemnified Parties" means City, including, but not limited to, all of its boards, commissions, departments, agencies and other subdivisions, including, without limitation, the Port; all of the Agents of the City, including its Port, and all of their respective heirs, legal representatives, successors and assigns, all other Person acting on their behalf, and each of them.

"Indemnify" means indemnify, protect and hold harmless.

"Index" is defined in *Section 3.4(a)(iv)* of *Exhibit D*.

"Infrastructure CFD" means the City and County of San Francisco Community Facilities District No. [] (Pier 70 Public Improvements).

"Initial Improvements" means all Improvements to be built on the Premises or portion(s) thereof **[Note: add if included in VCA: including the Deferred Infrastructure]** in accordance with the Vertical DDA, Scope of Development, and SUD, **[Note: include for historic buildings: including, without limitation, all renovation and Rehabilitation work on the existing building(s)]**.

"Investigate" or **"Investigation"** is defined in *Section 21.6*.

"Invitees" when used with respect to Tenant means the customers, patrons, invitees, guests, members, licensees, assignees and Subtenants of Tenant and the customers, patrons, invitees, guests, members, licensees, assignees and sub-tenants of Subtenants.

"Land" is defined in Basic Lease Information.

"Late Charge" is defined in *Section 3.12* of *Exhibit D*.

"Law" or "Laws" means any one or more present and future laws, (including Environmental Laws) ordinances, rules, regulations, permits, authorizations, orders and requirements, to the extent applicable to the Parties or to the Premises or any portion thereof, whether or not in the present contemplation of the Parties, including, without limitation, all consents or approvals (including Regulatory Approvals) required to be obtained from, and all rules and regulations of, and all building and zoning laws of, all federal, state, county and municipal governments, the departments, bureaus, agencies or commissions thereof, authorities, boards of officers, any national or local board of fire underwriters, or any other body or bodies exercising similar functions, having or acquiring jurisdiction of, or which may affect or be applicable to, the Premises or any part thereof, including, without limitation, any subsurface area, the use thereof and of the buildings and Improvements thereon.

"Lease" means this lease, as it may be amended from time to time.

"Leasehold" or "Leasehold Estate" means Tenant's leasehold estate created by this Lease.

"Leasing Activity Report" is defined in *Section 9.3*.

"Lease Year" means each calendar year during the Term.

"Lender Acquisition" is defined in *Section 40.4(a)*.

"Lender" means the holder or holders of a Mortgage in compliance with *Article 40* (Mortgages) and, if the Mortgage is held by or for the benefit of a trustee, agent or representative of one or more financial institutions, the financial institutions on whose behalf the Mortgage is being held. Multiple financial institutions participating in a single financing secured by a single Mortgage will be deemed a single Lender for purposes of this Lease.

"Loss" or "Losses" when used with reference to any Indemnity means any and all claims, demands, losses, liabilities (including direct or vicarious liabilities), damages (including foreseeable and unforeseeable, incidental and consequential damages), liens, obligations, interest, injuries, penalties, fines, lawsuits and other proceedings, judgments and awards and costs and expenses, (including, without limitation, reasonable Attorneys' Fees and Costs and consultants' fees and costs) of whatever kind or nature, known or unknown, contingent or otherwise.

"Low Income Housing Tax Credit" means a tax credit obtained in accordance with 26 U.S. Code §42 (as amended from time to time), or an equivalent federal or state tax credit program for affordable housing.

"Maintenance Notice" is defined in *Section 10.5*.

"Major Casualty" means damage to or destruction of all or any portion of the Premises to the extent that the hard costs of Restoration will exceed thirty percent (30%) of the hard costs to replace the Premises in their entirety. The calculation of such percentage will be based upon replacement costs and requirements of applicable Laws in effect as of the date of the event causing such Major Casualty.

"Managing Party" is defined in *Section 18.1(a)*.

"Master Lease" is defined in *Recital C*.

"Material Systems" is defined in *Section 10.5*.

"Memorandum of Lease" means the Memorandum of this Lease, between Port and Tenant, recorded in the Official Records, in the form of *Exhibit V* attached hereto.

"Minimum Net Worth Amount" is defined in *Section 18.1(a)*.

"Minimum Public Benefit Area" is defined in the Basic Lease Information.

"Mitigation and Improvement Measures" means the Mitigation and Monitoring Program described in *Exhibit J*.

"Mortgage" means a mortgage, deed of trust, assignment of rents, fixture filing, security agreement or similar security instrument or assignment of the Leasehold Estate recorded in the Official Records.

"Net Awards and Payments" is defined in *Section 15.4*.

"Net Sale Proceeds" is defined in *Section 3.6(c)(i)* of *Exhibit D*.

"Net Worth Guarantor" is defined in *Section 18.1(a)*.

"Net Worth Guaranty" is defined in *Section 18.1(a)*.

"Net Worth Requirement" is defined in *Section 18.1(a)*.

"New Hazardous Material" is defined in *Section 21.6*.

"New Lease" is defined in *Section 40.10*.

"New Lease Execution Period" is defined in *Section 40.10(i)*.

"Non-Disturbance Agreements" is defined in *Section 18.4(a)*.

"Notice of Special Tax" is defined in *Section 5.2(a)*.

"Notice to Vacate" is defined in *Section 1.1(e)(i)*.

"Official Records" means, with respect to the recordation of Mortgages and other documents and instruments, the Official Records of the City and County of San Francisco.

"Other Property Agreements" is defined in *Section 40.12*.

"Partial Condemnation" is defined in *Section 15.3(b)*.

"Party" means Port or Tenant, as a party to this Lease; **"Parties"** means both Port and Tenant, as Parties to this Lease.

"PCBs" is defined in *Section 21.6*.

"Percentage Rent" is defined in *Section 3.5(b)(i)* *Exhibit D*.

"Percentage Rent Commencement Date" is defined in *Section 3.5(b)(i)* of *Exhibit D*.

"Percentage Rent Statement" is defined in *Section 3.5(c)(i)* of *Exhibit D*.

"Permitted Title Exceptions" is defined in *Section 1.1(b)*.

"Permitted Uses" means, as applicable, the Permitted Uses Before Commencement of Construction of the Project or the Permitted Uses After Construction of the Project, in each case as defined in the Basic Lease Information.

"Person" means any individual, partnership, corporation (including, but not limited to, any business trust), limited liability company, joint stock company, trust, unincorporated association, joint venture or any other entity or association, the United States, or a federal, state or political subdivision thereof.

"Personal Property" means all fixtures, furniture, furnishings, equipment, machinery, supplies, software and other tangible personal property that is incident to the ownership, development or operation of the Improvements and/or the Premises, whether now or hereafter located in, upon or about the Premises, belonging to Tenant and/or in which Tenant has or may hereafter acquire an ownership interest, together with all present and future attachments, accessions, replacements, substitutions and additions thereto or therefor.

"Pesticide Ordinance" is defined in *Section 21.5*.

"Pier 70 Building Signage Plan" means a Signage Plan for buildings within the Pier 70 SUD adopted by the Port in accordance with DDA Section 13.7(c) Building Signage).

"Pier 70 Parties" is defined in *Section 4.2(b)*.

"Pier 70 Risk Management Plan" is defined in *Section 21.6*

"Pier 70 Shipyard" is defined in *Section 4.2(a)(x)*.

"Port" means the San Francisco Port Commission.

"Port Environmental Risk Policy" is defined in *Section 17.2*.

"Port Representative" is defined in *Section 3.9 of Exhibit D*.

"Port's Repair Notice" is defined in *Section 10.5*.

"Pre-Existing Hazardous Materials" means any Hazardous Material existing on the Premises as of the Effective Date and identified in the Pier 70 Environmental Site Investigation Report, Pier 70 Remedial Action Plan, or Pier 70 Risk Management Plan.

"Premises" is defined in the Basic Lease Information.

"Prevailing party" is defined in *Section 46.11*.

"Prime Rate" means the base rate on corporate loans posted by at least 75% of the nation's 30 largest banks, as published by the Wall Street Journal, or if the Wall Street Journal has ceased to publish the Prime Rate, then such other equivalent recognized source.

"Prohibited Use" is defined in *Section 3.2*.

"Prohibited Use Charge" is defined in *Section 3.3*.

"Project" means the project described in the Scope of Development attached hereto as *Exhibit C-1*, including all Improvements.

"Project Approvals" are the project approvals for the 28-Acre Site listed in *Exhibit E* (Project Approvals) attached hereto and made a part hereof, as may be amended from time to time.

"Property" is defined in Basic Lease Information.

"public work" is defined in *Section 12.4(g)*.

"Qualified Transferee" is defined in *Section 18.1(a)*.

"Qualifying Refinancing" is defined in *Exhibit D*.

"reasonable wear and tear" is defined in *Section 10.1*.

"Reassessment" means a reduction in ad valorem taxes assessed against a Taxable Parcel through a proceeding under the California Revenue & Taxation Code.

"Record Drawings" is defined in *Section 12.6(a)*.

"Refinancing Proceeds" is defined in *Section 3.7(e) of Exhibit D*.

"Refinancing" is defined in *Section 3.7(e) of Exhibit D*.

"Regulatory Approval" means any authorization, approval or permit required by any governmental agency having jurisdiction over the Premises, including, but not limited to, the City, RWQCB, SFPW, the Army Corps of Engineers, and any Environmental Regulatory Agency.

["Rehabilitation" means the repair or alteration of an historic building that does not damage or destroy materials, features, or finishes considered important in defining the building's historic character.] [Note: Applicable for leases with historic buildings]

"Reimbursable Subtenant Costs" is defined in *Section 18.4(b)(vi)(3)*.

"Related Third Party" and "Related Third Parties" are defined in *Section 19.2(a)(vi)*.

"Release" is defined in *Section 21.6*.

"Remediate" or "Remediation" is defined in *Section 21.6*.

"Rent" means the sum of Prepaid Rent, Base Rent (including all adjustments), Percentage Rent, Sale Proceeds, Refinancing Proceeds, Additional Rent and all other sums payable by Tenant to Port hereunder, including any Late Charges and interest assessed at the Default Rate.

"Replacement Notice" is defined in *Section 9.5*.

"Requested Information" is defined in *Section 5.1(a)(ii)*.

"Required Uses" is defined in the Basic Lease Information.

"Restoration" means the restoration, replacement, or rebuilding of the Improvements (or the relevant portion thereof) in accordance with all Laws then applicable. All Restoration will be conducted in accordance with the provisions of *Section 12*. "Restore" and "Restored" have correlative meanings.

"RWQCB" will mean the San Francisco Bay Regional Water Quality Control Board of Cal/EPA, a state agency.

"Sale" is defined in *Section 3.6(f)* of *Exhibit D*.

"Sale Period" is defined in *Section 40.4(d)*.

"Sale Proceeds" is defined in *Section 3.6(f)* of *Exhibit D*.

"Second Default Notice" is defined in *Section 25.4(a)*.

"Second NDA Notice" is defined in *Section 18.4(e)(ii)*.

"Secretary's Standards" means the Standards for Rehabilitation of Historic Properties and related Guidelines published in the Secretary of the Interior's Standards for the Treatment of Historic Properties.

"Security Deposit" is defined in *Section 17.4(a)*.

"Senior Lender" is defined in *Section 40.7(a)*.

"SFPUC" means the San Francisco Public Utilities Commission.

"SFPW" means San Francisco Public Works.

"Sign" is defined in *Section 3.4*.

"Significant Change" is defined in *Section 18.1(a)*.

"Significant Change Certificate" is defined in *Section 18.1(b)(ii)*.

"Special Taxes" means the special taxes to be levied on the Land (and other property in the Pier 70 area) in accordance with the terms and conditions of the "Rate and Method of Apportionment of Special Tax" applicable to the Infrastructure CFD and other applicable CFDs, as more particularly disclosed in *Exhibit H-3* (CFD Matters) attached hereto.

"State" means the State of California.

"State Lands Indemnified Parties" means the State of California, the California State Lands Commission, all of its heirs, legal representatives, successors and assigns, and all other Persons acting on its behalf.

"Sublease" means any lease, sublease, license, concession or other agreement (including, without limitation, a Sublease to Port) by which Tenant leases, subleases, demises, licenses or

otherwise grants to any Person in conformity with the provisions of this Lease, the right to occupy or use any portion of the Premises (whether in common with or to the exclusion of other Persons), and any amendment, modification or supplement thereto.

"Subleased Space" means the portion of the Premises subject to a Sublease.

"Sub-Project Area" means, individually or collectively, Sub-Project Area G 2, Sub-Project Area G 3, and Sub-Project Area G 4.

"Sub-Project Area G 1" means the sub-project area of IFD Project Area G consisting of the 20th Street Historic Core.

"Sub-Project Area G 2" means the sub-project area of IFD Project Area G described in Appendix G-2.

"Sub-Project Area G 3" means the sub-project area of IFD Project Area G described in Appendix G-3.

"Sub-Project Area G 4" means the sub-project area of IFD Project Area G described in Appendix G-4.

"Subsequent Construction" means all repairs to and reconstruction, replacement, addition, expansion, Restoration, [if applicable Rehabilitation,] alteration or modification of any Improvements, or any construction of additional Improvements, following completion of the Initial Improvements.

"Substantial Condemnation" is defined in *Section 15.3(a)*.

"Subtenant" means any Person leasing, using, occupying or having the right to occupy any portion of the Premises under and by virtue of a Sublease.

"Successor Owner" is defined in *Section 40.4(a)*.

"SUD" means Planning Code Section 249.79 establishing the Pier 70 Special Use District, as it may be amended from time to time.

"Tax Increment" refers to one or more of Allocated Tax Increment, Housing Tax Increment, the City Share of Tax Increment, ERAF Tax Increment, Gross Tax Increment, Port Tax Increment, and Project Tax Increment, as appropriate in the context (as such terms are defined in the Appendix to the DDA).

"Taxable Commercial Parcels" means a Taxable Parcel that is a Commercial Parcel.

"Taxable Parcel" means an assessor's parcel of real property or other real estate interest that is not exempt from taxation and assessments, including Taxable Commercial Parcels, Taxable Residential Units, and leased space occupied for private use in an Exempt Parcel.

"Taxable Residential Unit" means a Taxable Parcel that is a residential unit.

"Tenant" is defined in the Basic Lease Information, and its permitted successors and assigns.

"Term" is defined in *Section 1.2*.

"Termination Notice for Change in Laws" is defined in *Section 7.3(a)(i)*.

"Termination Option" is defined in *Section 7.3(a)*.

"Total Condemnation" is defined in *Section 15.2*.

"Transfer" is defined in *Section 18.1(a)*.

"Transportation Program" means the Transportation Program (including the Transportation Demand Management Program) attached hereto as *Exhibit K* as the same may be amended from time to time in accordance with the terms thereof.

"Triggering Event" is defined in *Section 3.6(d)* of *Exhibit D*.

"Uninsured Casualty" is defined in *Section 14.3(a)*.

"Unmatured Event of Default" means any default that, with the giving of notice or the passage of time, or both, would constitute an Event of Default.

"VCA" means the Vertical Cooperation Agreement dated [] between Tenant and Horizontal Developer as the same may be amended from time to time in accordance with its terms.

"Vertical DDA" means the Vertical Disposition and Development Agreement between Port and Tenant, as developer, dated as of [], as the same may be amended from time to time in accordance with its terms.

"Work" is defined in *Section 12.5*.

"Workforce Development Plan" is defined in *Article 42*.

"worth at the time of award" is defined in *Section 25.4*.

EXHIBIT D

ARTICLE 3

RENT

3.1 Prepaid Rent.

The Parties acknowledge that this Lease is a [Prepaid][Hybrid] Lease, as that term is defined in the Financing Plan attached as Exhibit C-1 to the DDA. On or before the Commencement Date, Tenant will pay to Port the Prepaid Rent as set forth in the Basic Lease Information.

3.2 Tenant's Covenant to Pay Rent.

During the Term, Tenant will pay Rent for the Premises to Port at the times and in the manner provided in this Article 3.

3.3 [Note: include this section for Hybrid Leases only] Base Rent.

From and after the Commencement Date and continuing thereafter throughout the Term, Tenant will pay to Port, in advance on the first day of each calendar month during the Term, without further notice or demand and, except as expressly set forth in Section 28.2 without abatement, offset, rebate, credit or deduction for any reason whatsoever, monthly installments of rent equal to _____ Dollars (\$_____.00) (the "Base Rent"). Base Rent will be further adjusted after the Commencement Date in accordance with Section 3.4.

3.4 [Note: include this section for Hybrid Leases only] Adjustments to Base Rent.

(a) Definitions

(i) "Adjustment Date" means the fifth (5th) anniversary of the Commencement Date and each five (5)-year anniversary thereafter; provided, however, that if the Commencement Date is other than the first day of a month, then the first Adjustment Date will be the first day of the sixty-first (61st) month thereafter.

(ii) "Adjustment Period" means each five-year period during the Term commencing on each Adjustment Date.

(iii) "Current Index" means the Index for the calendar month immediately preceding the applicable Adjustment Date.

(iv) "Index" means the [Note: Use following for commercial leases: Consumer Price Index for All Urban Consumers (base years 1982-1984 = 100) for the San Francisco-Oakland-San Jose area] [Note: Use the following for residential leases: Consumer Price Index for All Urban Consumers: Housing (base years 1982-1984=100) for the San Francisco-Oakland-San Jose area], published by the United States Department of Labor, Bureau

of Labor Statistics. If the Index is changed so that the base year differs from that used as of the date most immediately preceding the prior Adjustment Date, the Index will be converted in accordance with the conversion factor published by the United States Department of Labor, Bureau of Labor Statistics. If the Index is discontinued during the Term, such other government index or computation with which it is replaced will be used in order to obtain substantially the same result as would be obtained if the Index had not been discontinued; provided, however, if there is no replacement government index or computation, then Port will select another similar published index, generally reflective of increases in the cost of living, in order to obtain substantially the same result as would be obtained if the Index had not been discontinued.

(v) **"Initial Published Index"** means the Index published October 2012.

[Note: Update to reflect 5 years prior to Effective Date]

(vi) **"Prior Index"** means the Index published closest (but prior) to the month five (5) years prior to the applicable Adjustment Date, provided however, for the first Adjustment Date, the Index used will be the Initial Published Index.

(b) **Adjustment to Base Rent.** On each Adjustment Date, the Base Rent payable under this Lease will be adjusted to equal the greater of (i) one hundred ten percent (110%) of the Base Rent in effect immediately prior to such Adjustment Date, or (ii) one hundred percent (100%) of the amount determined by multiplying the Base Rent in effect immediately prior to such Adjustment Date by a fraction, the numerator of which is the Current Index and the denominator of which is the Prior Index as shown below:

$$\text{Current Index/Prior Index} \times \text{Base Rent} = \text{Adjusted Base Rent}.$$

In no event will any adjustments to Base Rent in accordance with this Section 3.4(b) (being the increase from the amount of the Base Rent payable for the Adjustment Period immediately prior to such Adjustment Date) exceed twenty percent (20%) of the Base Rent payable for the immediately preceding Adjustment Period.

3.5 Participation of Gross Rent from and after Year 30. [Note: does not apply to Buildings 12 and 21, and Parcel E-4]

(a) **Definitions.**

(i) **"Adjustments"** means the following items (without duplication):

(1) all Impositions paid by Tenant and allocated on a straight-line basis during the Lease Year in which the applicable Imposition was paid;

(2) all taxes, assessments, charges, and bills for utilities, including, without limitation, charges for water, gas, oil, sanitary and storm sewer, and electricity paid by Tenant;

(3) insurance premiums for insuring the Improvements in compliance with *Article 20* (Insurance) and allocated on a straight-line basis during the Lease Year in which the applicable insurance premium was paid; and

(4) all costs (not including cost of capital, debt service or other financing costs) paid by Tenant for Capital Items and allocated on a straight-line basis during the Lease Years over which the applicable Capital Item is amortized in accordance with this *clause (4)*. In any Lease Year, the amount of cost for Capital Items will be limited to the portion of the amortized costs of the Capital Items attributable to such Lease Year. For purposes hereof, the amortized costs of the Capital Items will be determined by dividing the original direct costs of such Capital Items by the number of years of useful life of the applicable Capital Items, based on generally accepted accounting principles consistently applied, irrespective of Tenant's actual method of accounting. The minimum amortization period will be five (5) years. Capital Items must have been unanticipated on the Commencement Date of this Lease (*i.e.*, specifically excluding any costs related to the development and construction of the Initial Improvements).

(ii) "**Capital Items**" means replacements, repairs, and/or improvements to the Premises, the foundation and structural integrity of the Buildings, and all Material Systems serving the Improvements within the Premises that would be deemed capital assets under generally accepted accounting principles consistently applied.

(iii) "**Gross Income**" means for any reporting period or portion thereof during the Term, the following: all payments, revenues, fees or amounts received by Tenant or by any other party for the account of Tenant from any Person for any Person's use or occupancy of any portion of the Premises (excluding security or other deposits to be returned to such Person upon the termination of such use or occupancy), or from any other sales, advertising, concessions, licensing or programming generated from the Premises, including, without limitation, all base rent, percentage rent, payments made to Tenant from any Subtenant to reimburse Tenant for operating expenses, common area maintenance expenses, insurance expenses, Impositions, or, in the case of tenant improvements and finishes to prepare portions of the Premises for occupancy or use by such Subtenant, license fees, parking charges, advertising revenues, event or promotional fees, charges and permit fees. Without limiting the foregoing, "Gross Income" does not include payments of insurance proceeds to or for the benefit of Tenant that are used to restore the Premises except any and all payments made to Tenant from the Business Interruption or delayed opening insurance proceeds, which shall be included as "Gross Income".

(iv) "**Modified Gross Income**" means Gross Income less Adjustments.

(b) Payment of Percentage Rent.

(i) Tenant will pay to Port percentage rent ("**Percentage Rent**") in accordance with this Section 3.5. From and after the thirtieth (30th) anniversary of the Commencement Date ("**Percentage Rent Commencement Date**") and continuing thereafter throughout the Term until the sixtieth (60th) anniversary of the Commencement Date, Tenant will pay to Port Percentage Rent equal to one and one-half percent (1.5%) of Modified Gross Income generated at or from the Premises for each month. From and after the sixtieth (60th) anniversary of the Commencement Date and continuing thereafter throughout the remainder of the Term, Tenant will pay to Port Percentage Rent equal to two and one-half percent (2.5%) of Modified Gross Income generated at or from the Premises for each month. Tenant will in good faith, estimate the monthly Percentage Rent due Port on a quarterly basis and pay such estimate in advance, on a quarterly

basis, by the first (1st) day of each calendar quarter (i.e., January 1, April 1, July 1, and October 1);

(ii) In the event this Lease expires or terminates on a day other than the last day of a calendar quarter, Percentage Rent for such fractional part of the calendar quarter preceding such expiration or termination date will be prorated to account for the partial calendar quarter and paid within twenty (20) days after such expiration or termination date, but if this Lease terminates as a result of a Tenant Event of Default, any amounts due hereunder will be payable immediately upon termination.

(c) Reporting and Reconciliation of Percentage Rent.

(i) Tenant will deliver to Port a complete statement setting forth in reasonable detail its Modified Gross Income for each calendar month in each calendar quarter, including an itemized list of all Adjustments from Gross Income that Tenant claims and which are expressly permitted under this Lease, and a computation of the Percentage Rent for each calendar month in a calendar quarter (the "Quarterly Percentage Rent Statement") by the twentieth (20th) day of the immediately following calendar quarter. A financial officer or other accountant employed by Tenant who is authorized and competent to prepare such Quarterly Percentage Rent Statement must certify each Quarterly Percentage Rent Statement as accurate, complete and current. Tenant will provide Port within ninety (90) days after the end of each calendar year, a complete statement, showing the actual Percentage Rent for the immediately preceding calendar year ("Annual Percentage Rent Statement;" together with the Quarterly Percentage Rent Statement, "Percentage Rent Statement") substantially in the form of *Exhibit XX*. Each Annual Percentage Rent Statement will be certified as accurate, complete and current by Deloitte & Touche, Ernst & Young, KPMG, PwC, or an independent certified public accounting firm reasonably acceptable to Port. Tenant must submit payment of the balance owing together with any Annual Percentage Rent Statement showing that Tenant has underpaid Percentage Rent. At Port's option, overpayments may be refunded to Tenant, applied to any other amount then due under the Lease and unpaid, or applied to Rent due at the first opportunity following Tenant's delivery of any Annual Percentage Rent Statement showing an overpayment. The Annual Percentage Rent Statement is for verification and certification of Quarterly Percentage Rent Statements only and will not result in any averaging of monthly Percentage Rent. Each Quarterly Statement and Annual Percentage Rent Statement will set forth in reasonable detail Gross Income for such immediately preceding calendar quarter or year, as applicable, including an itemized list of any and all Adjustments that Tenant may claim at that time and which are expressly permitted under this Lease.

(ii) If Port receives the Percentage Rent payment but does not receive the applicable Quarterly Percentage Rent Statement by the twentieth (20th) day of the immediately following calendar quarter or expiration or earlier termination of this Lease, or the Annual Percentage Rent Statement by sixtieth (60) day following the end of each calendar year or the expiration or earlier termination date, such failure, until cured, will be treated as a late payment of Percentage Rent, subject to a Late Charge.

(iii) If Tenant fails to deliver any Percentage Rent Statement within the time period set forth in this Section 3.5(c) (irrespective of whether any Percentage Rent is actually

paid or payable by Tenant to Port) and such failure continues for thirty (30) days after the date Port delivers to Tenant written notice of such failure, Port will have the right, among its other remedies under this Lease, to have a Port Representative examine Tenant's Books and Records (and, to the extent permitted by the applicable Sublease, the Books and Records of any other occupant of the Premises) as may be necessary to determine the amount of Percentage Rent due to Port for the period in question. The determination made by Port Representative will be binding upon Tenant, absent manifest error, and Tenant will promptly pay to Port the total cost of the examination, together with the full amount of Percentage Rent due and payable for the period in question, including any Late Charge and interest at the Default Rate.

(iv) If the Percentage Rent Statement reflects that the estimated monthly Percentage Rent paid by Tenant during the applicable calendar quarter is greater or less than the Percentage Rent actually due for such period, the same shall be reconciled through an adjustment to the Percentage Rent amount that is due for the month following delivery of the Percentage Rent Statement.

3.6 Port Participation in Sale Proceeds.

(a) [Note: Applicable only for Horizontal Developer Affiliates] Distribution of, and Port's Participation in, Sale Proceeds of Qualifying Early Sale. One Hundred Percent (100%) of the Qualifying Early Sale Proceeds from a Qualifying Early Sale by Initial Tenant occurring at any time prior to the Early Transfer Date, less the following deductions in this Section 3.6(a), will be treated as Land Proceeds in accordance with Section 3.2 of the Financing Plan (Exhibit C-1 to the DDA):

- (i) Tenant's Purchase Price;
- (ii) Port's Attorneys' Fees and Costs associated with Port's review of the Qualifying Early Sale;
- (iii) Costs of Sale;
- (iv) Tenant's Certified Entitlement Costs; and
- (v) A 12% annual return on the Certified Entitlement Costs.

(b) Distribution of, and Port's Participation in, Sale Proceeds from a Recapitalization Prior to Early Transfer Date. Unless a Recapitalization is a Qualifying Early Sale subject to the terms of Section 3.6(a), Tenant will pay Port from each Recapitalization occurring before the Early Transfer Date, one and one-half percent (1.5%) of the Sale Proceeds less the following deductions: (i) Tenant's Purchase Price multiplied by the ownership interests in Tenant transferred in connection with the Recapitalization (expressed as a percentage of total ownership interests in Tenant); and (ii) Costs of Sale.

(c) Distribution of, and Port's Participation in, Net Sale Proceeds.

(i) *Sales on or after the Early Transfer Date.* Tenant will pay Port one and one-half percent (1.5%) of the "Net Sale Proceeds" (as defined below) from each Sale occurring on or after the Early Transfer Date.

(ii) *Reappraisal Event Prior to Early Transfer Date.* If (A) a Reappraisal Event occurs prior to the Early Transfer Date and (B) the Reappraisal Event does not qualify as a Qualifying Early Sale subject to the terms of *Section 3.6(a)*, then Tenant will pay Port one and one-half percent (1.5%) of the Net Sale Proceeds from the Reappraisal Event.

(iii) *Special Rules for Calculating Sale Proceeds for a Reappraisal Event.* For purposes of calculating Net Sale Proceeds on a Reappraisal Event, Tenant's Sale Proceeds from such Reappraisal Event will be deemed to be an amount equal to (1) the total ownership interests in Tenant after the Reappraisal Event held by the Person causing the Reappraisal Event (expressed as a percentage of total ownership interests in Tenant), multiplied by (2) the value assigned to the Leasehold Estate, as evidenced by (A) the estimated fair market value of the Leasehold Estate provided to the Assessor's Office in connection with the Reappraisal Event, or (B) if no such estimate is provided to the Assessor's Office, the appraised value of the Leasehold Estate established in an Appraisal Report reasonably approved by Port and Tenant.

(d) Manner of Payment. The estimated closing statement will be updated as of the date of closing of the Qualifying Early Sale, Sale, or Recapitalization prior to the Early Transfer Date, as applicable (each a "Triggering Event"), to show the actual (i) proceeds from such event, and (ii) line item description of the deductions and exclusions from such proceeds to arrive at Port's share of such proceeds. If escrow is opened for a Triggering Event, then Port's share of the proceeds from such Triggering Event must be distributed through escrow. If no escrow is opened for a Triggering Event, Port's share of proceeds from such Triggering Event must be paid upon the closing of any such Triggering Event.

This provision constitutes notice to Tenant that Port is to be paid in full its share of proceeds through the close of escrow or the closing of the applicable Triggering Event. If Port is not paid full by such closing date, the amount due Port will be subject to a Late Charge and will accrue interest at the Default Rate from and after the closing until paid in full to Port. Port may reference in any estoppel certificate or other representation requested from Port that payment to Port of Port's share of proceeds from a Triggering Event is a material obligation under the Lease, due and owing upon the closing of any Triggering Event, provided, however, failure to reference such obligation will in no way negate Tenant's obligation to pay, and Port's right to receive, Port's share of such proceeds.

Within forty-five (45) days after any Triggering Event, transferor Tenant will submit to Port a statement prepared in accordance with sound accounting principles consistently applied, and certified by transferor Tenant's chief executive officer or chief financial officer (or equivalent position), as current, complete and correct, confirming the actual amount of proceeds received and line item description of the deductions and exclusions from proceeds to arrive at Port's share of such proceeds. At Port's option, any overpayments may be either refunded to transferor Tenant or applied to any other amount due and unpaid under the Lease as of the

closing date. Tenant will accompany the statement of Triggering Event proceeds with the amount of any underpayments. The statements delivered to Port under this Section 3.7(c) are subject to the audit provisions of Section 3.9 (Audit) for determination of the accuracy of Tenant's reporting of Port's share of proceeds from a Triggering Event.

(e) Survival. The provisions of this Section 3.6 will survive the earlier termination or expiration of this Lease. Additionally, any release by Port of Tenant's obligations under this Lease in connection with any Sale is conditioned on Port's receipt of Port's share of Sale Proceeds.

(f) Additional Definitions. The following definitions apply for purposes of this Section 3.6:

"**Appraisal Report**" means a third-party appraisal report prepared by a Qualified Appraiser in compliance with the then current version of the Uniform Standards of Professional Appraisal Practice and based on joint appraisal instructions provided by Port and Tenant, and Port and Tenant will have reasonable review and approval rights over the final appraisal report.

"**Building Permit Date**" means the date Tenant obtains all entitlements necessary to pull the building permit to commence construction of the Initial Improvements.

"**Cash Consideration**" means (i) cash, or (ii) cash equivalents.

"**Certified Entitlement Costs**" means Entitlement Costs, as certified in accordance with *Attachment 1 to this Exhibit D*.

"**Certified Total Development Costs**" means the Total Development Costs, as certified in accordance with *Attachment 1 to this Exhibit D*.

"**CofO Issuance Date**" means the date Port, in its regulatory capacity, issues a certificate of occupancy for the Initial Improvements.

"**Costs of Sale**" means only the following costs incurred by Tenant in connection with a Transfer: (i) brokerage commissions paid to licensed real estate brokers (provided, however, that in the case of brokerage commissions paid to Affiliate brokers, such commissions must be commercially reasonable), (ii) finder's fees (provided that in the case of finder's fees to Affiliates, such finder's fees must be commercially reasonable), (iii) reasonable and customary closing fees and costs including recording fees and transfer taxes, title insurance premiums and survey fees, (iv) reasonable advertising and marketing costs, (v) reasonable Attorneys' Fees and Costs, and (vi) amounts needed to pay Port's Attorneys' Fees and Costs associated with Port's review of the Transfer. "Costs of Sale" excludes adjustments to reflect prorations of rents, taxes or other items of income or expense customarily prorated in connection with sales of real property.

"**Early Transfer Date**" means the earlier of: (1) three years after the Commencement Date of this Lease; or (2) the date that Port issues a site permit and first building permit addendum to allow commencement of construction of the Initial Improvements.

"**Entitlement Costs**" means Tenant's reasonable out-of-pocket costs actually incurred from and after the effective date of the Vertical DDA until the Building Permit Date and attributable to the following only: designing the Initial Improvements; costs related to all land use approvals and entitlements, including preparation and processing of design review applications under the SUD and the Design for Development, subdivision maps, and costs of compliance with all conditions of approval and CEQA mitigation measures legally required by the City, Port or any other Regulatory Authority as a condition to obtaining the entitlements; and architectural, engineering, consultants, community outreach, attorney and other professional fees reasonably necessary to obtain the entitlements.

"Hard Costs" means reasonable out-of-pocket costs actually incurred by Tenant attributable solely to the cost of labor, materials and construction of the Initial Improvements described in the Scope of Development. **"Hard Costs"** do not include the cost of any improvements for any specific or speculative Subtenant or any costs incurred after the CofO Issuance Date.

"Initial Tenant" means [insert name of initial tenant entity].

"Net Sale Proceeds" means Sale Proceeds less:

- (i) Costs of Sale; and
- (ii) for the transferor Tenant that constructed the Initial Improvements and each subsequent Tenant, Capital Items, except to the extent previously deducted from Modified Gross Income pursuant to *Section 3.5* (Participation of Gross Rent from and after Year 30); and
- (iii) either:

(A) if the transferor Tenant constructed the Initial Improvements, the greater of:

- (1) Tenant's Purchase Price (but only if such amount is not included in Certified Total Development Costs) plus the Certified Total Development Costs; or
- (2) the indebtedness secured by a Mortgage on the Premises in accordance with *Article 40* (Mortgages); or

(B) if transferor Tenant did not construct the Initial Improvements, the greater of:

- (1) Tenant's Purchase Price, or
- (2) the indebtedness secured by a Mortgage on the Premises in accordance with *Article 40* (Mortgages).

"Non-Cash Consideration" means consideration received by Tenant in connection with a Sale that is not Cash Consideration.

"Qualified Appraiser" means an appraiser that meets the following qualifications:

- (i) is licensed in the State of California as a Certified General Appraiser;
- (ii) is a member of the Appraisal Institute;
- (iii) has at least 10 years' experience in the San Francisco Bay Area valuing commercial-office or multiple occupancy residential properties or both, depending on the Permitted Uses of the Leasehold Estate being appraised; and
- (iv) is a principal in either a national or regional firm based in California that:
 - (1) is not a Tenant Affiliate; (2) does not have an equity investment in Tenant, any Tenant Affiliate, or any Person Controlling Tenant; and (3) does not have a conflict of interest by virtue of a contractual relationship with Tenant either then existing or in the 24 months immediately preceding the engagement, unless the Port in its sole discretion waives the conflict.

"Qualifying Early Sale" means (i) an Assignment of the Leasehold Estate to any Person that is not an Affiliate of Tenant, or (ii) a Recapitalization that results in a change in the Managing Party of Tenant or of the Managing Party owning ten percent (10%) or less of the profits or capital of Tenant.

"Qualifying Early Sale Proceeds" means the Sale Proceeds from a Qualifying Early Sale.

"Reappraisal Event" means a change in ownership of real property as described in [Cal. Revenue and Taxation Code, [Chapter 2 (Change in Ownership and Purchase), Section 64], as that law is in effect as of [_____, 2017] and attached hereto as *Schedule 2 to Exhibit D*. For

the avoidance of doubt, neither an Assignment nor a Recapitalization will be deemed to be a Reappraisal Event.

"Recapitalization" means a transfer, in a single transaction or a related series of transactions that results in a change in the Person that had more than fifty percent (50%) of the ownership interest in Tenant (whether shares, partnership interests, membership interest or other equity, and whether one or more classes thereof, and whether direct or indirect).

"Sale" means either (i) an Assignment of the entirety of the Leasehold Estate, other than an Assignment of the Leasehold Estate to a Tenant Affiliate, or (ii) a Reappraisal Event, or (iii) a Recapitalization.

"Sale Proceeds" means all consideration received by or for the account of Tenant in connection with a Sale, including Cash Consideration, the principal amount of any loan made by Tenant to a purchaser as part of the purchase price, or any other Non-Cash Consideration representing a portion of the purchase price. **"Sale Proceeds"** do not include a commitment by an owner (whether direct or indirect) of Tenant to fund its share of future capital calls to construct the Initial Improvements or Capital Items, which, in and of itself, will not be considered or deemed to be Sale Proceeds.

"Soft Costs" means reasonable out-of-pocket costs actually incurred by the Tenant that actually constructs the Initial Improvements and attributable solely to architectural, engineering, consultant, attorney, and other professional fees, regulatory fees, CEQA mitigation measures, community benefits, Impact Fees (as defined in the DDA), Port Costs and Other City Costs (as defined in the Vertical DDA), builder's risk insurance, performance and payment bonds, safety and security measures, and third party costs to prepare Certified Total Development Costs, in each case in connection with the Initial Improvements described in the Scope of Development. **"Soft Costs"** do not include costs already included in Certified Entitlement Costs, costs associated with the design or construction any specific or speculative Subtenant improvements or any costs incurred after the CofO Issuance Date.

"Tenant's Purchase Price" means (i) in the case of the Initial Tenant, the **"Acquisition Price"** under the Vertical DDA and (ii) in the case of each subsequent tenant following the Initial Tenant, the Sale Proceeds paid by such Tenant to the immediately prior tenant for the Leasehold Estate.

"Total Development Costs" means Certified Entitlement Costs, Soft Costs, and Hard Costs. **"Total Development Costs"** do not include the cost of any improvements for any specific or speculative Subtenant.

3.7 Port Participation in Refinancing Proceeds.

(a) **Port's Participation.** In connection with any Qualifying Refinancing, Tenant will pay to Port an amount equal to one and one-half percent (1.5%) of Net Refinancing Proceeds.

(b) **Reporting of Refinancing Proceeds.** No less than fifteen (15) days prior to the close of escrow for each Refinancing, Tenant will deliver to Port, an estimated closing statement that includes the best estimate of the following items:

(i) Refinancing Proceeds;

(ii) The estimated Net Refinancing Proceeds including a separate line item for each of the costs permitted to be deducted from the gross proceeds from the Refinancing, as applicable, to arrive at Net Refinancing Proceeds; and

(iii) The estimated Net Refinancing Proceeds allocated to Port and Tenant.

(c) Manner of Payment. The estimated closing statement will be updated as of the date for close of escrow under the Refinancing to show the actual (i) gross Refinancing Proceeds, (ii) Net Refinancing Proceeds and Port's share thereof, as applicable, and (iii) line item description of the deductions and exclusions from Refinancing Proceeds to arrive at Net Refinancing Proceeds. Tenant must pay Port from the close of escrow of any Refinancing, Port's share of the Net Refinancing Proceeds. Port may reference in any estoppel certificate or other representation requested from Port by a Lender, that payment to Port of Port's share of Net Refinancing Proceeds is a material obligation under the Lease, due and owing at close of escrow of any Refinancing hereunder, provided, however, failure to reference such obligation will in no way negate Tenant's obligation to pay, and Port's right to receive, Port's share of Net Refinancing Proceeds. This provision constitutes notice to Tenant that Port is to be paid in full its share of Refinancing Proceeds through the close of escrow. If Port is not paid full by such closing date, the amount due Port will be subject to a Late Charge and will accrue interest at the Default Rate from and after the closing until paid in full to Port. Within forty-five days (45) after any Refinancing, Tenant will submit to Port a statement, prepared in accordance with sound accounting principles consistently applied, and certified by Tenant's chief executive officer or chief financial officer (or equivalent position) as current, complete and correct, confirming the actual amount of Refinancing Proceeds, disbursed, permitted deductions made from such proceeds, and the amount of Net Refinancing Proceeds due to Port and actually paid to Port. At Port's option, any overpayments will be either refunded to Tenant, applied to any other amount then due and unpaid, under the Lease, or credited against Rent due under the Lease. Tenant will accompany the statement of Net Refinancing Proceeds with the amount of any underpayments. The statements delivered to Port under this Section 3.7(c) will be subject to the audit provisions of Section 3.9 (Audit) for determination of the accuracy of Tenant's reporting of Net Refinancing Proceeds.

(d) Survival. The provisions of this Section 3.7 will survive the earlier termination or expiration of this Lease.

(e) Additional Definitions. The following additional definitions will apply for purposes of this Section.

A "First Permanent Loan" means the first permanent financing following Completion of the Initial Improvements.

B "Net Refinancing Proceeds" means all Refinancing Proceeds of any Refinancing occurring after the First Permanent Loan, after subtracting the following:

(1) (x) in the case of the first (1st) Refinancing following the First Permanent Loan, the greater of (i) the outstanding indebtedness secured by a Mortgage to be paid off by the Refinancing and (ii) 65% of the appraised, as-built value as of the date of the First Permanent Loan and (y) in the case of any subsequent Refinancing, the outstanding indebtedness secured by a Mortgage to be paid off by the Refinancing;

(2) amounts needed to pay the lenders' actual costs of such Refinancing paid by Tenant including application fees, closing costs, points and other customary lenders' fees such as lenders' Attorneys' Fees and Costs and title insurance costs paid at close of escrow for such Refinancing;

(3) amounts needed to pay Port's Attorneys' Fees and Costs associated with Port's review of the Refinancing; and

(4) amounts needed to pay Tenant's Attorneys' Fees and Costs associated with the Refinancing;

(5) brokerage commissions paid to licensed real estate brokers and/or finder's fees (provided, however, that in the case of brokerage commissions or finder's fees paid to Affiliate brokers, such commissions and fees must be commercially reasonable); and

(6) any portion of the Refinancing Proceeds that will be used for Capital Items in accordance with *Section 10.2(d)* (Maintenance and Repair of Identified Items) and *Article 12* (Construction).

C "Qualifying Refinancing" means a Refinancing occurring at any time there has been an increase in the as-built value of the Premises since the date on which the named Tenant acquired the Leasehold Estate. The as-built value of the Premises as of such date and as of the date of the Refinancing will be based upon an appraisal prepared by a third-party appraiser for the benefit of the Lender providing the Refinancing or if there is no Lender requirement for an appraisal or, if Tenant is not in possession of such appraisal, Port will have reasonably approved the appraisal instructions for such appraisal.

D "Refinancing" means any secured debt financing or refinancing incurred by Tenant and secured by any Mortgage, which may include secured financing from an Affiliate of Tenant and any refinancing or replacement of existing debt secured by a Mortgage (including any permanent take-out financing for financing the construction of the Initial Improvements), other than (1) Mortgages placed upon the Premises prior to Completion of the Initial Improvements, (2) the First Permanent Loan, and (3) Mortgages placed upon the Premises concurrently with any Sale.

E "Refinancing Proceeds" means all sums actually disbursed by a lender in connection with a Refinancing.

3.8 Books and Records. Tenant will keep books and records according to generally accepted accounting principles consistently applied or such other method as is reasonably acceptable to Port. "Books and Records" means all of Tenant's books, records, and accounting reports or statements relating to this Lease and the operation and maintenance of the Premises, including, without limitation, cash journals, rent rolls, general ledgers, income statements, bank statements, income tax schedules relating to the Property, and any other bookkeeping documents Tenant utilizes in its business operations for the Premises or in connection with any Sale or Refinancing. Tenant will maintain a separate set of accounts, including bank accounts, to allow a determination of expenses incurred and revenues generated directly from the Premises, including proceeds and costs incurred from any Sales and Refinancings. If Tenant operates all or

any portion of the Premises through a Subtenant or Agent (other than Port), Tenant will cause such Subtenant or Agent to adhere to the foregoing requirements regarding books, records, accounting principles and the like.

3.9 Audit. Tenant agrees to make its Books and Records (and, to the extent within Tenant's control, the Books and Records of any other person relating to the matters identified in Section 3.6(b)) available in the City and County of San Francisco to Port, or to any accountant employed or retained by Port or the City who is competent to examine and audit the Books and Records (hereinafter collectively referred to as "**Port Representative**"), for the purpose of examining said Books and Records to determine the accuracy of Tenant's reporting of Gross Income, Modified Gross Income, Recapitalization Proceeds, Qualifying Early Sale Proceeds, Sale Proceeds, Refinancing Proceeds and Port's share of the foregoing, for a period of five (5) years after the applicable Percentage Rent Statement (or closing statement with respect to a Sale or Refinancing) was delivered to Port. Tenant will reasonably cooperate with Port Representative during the course of any audit; provided however, once commenced, such audit will be diligently pursued to completion by Port within a reasonable time after its commencement. If an audit has commenced and Port claims that errors or omissions have occurred, Tenant will retain the Books and Records and make them available until those matters are resolved.

If an audit reveals that Tenant has understated its Gross Income, Modified Gross Income, Recapitalization Proceeds, Qualifying Early Sale Proceeds, Sale Proceeds, Net Sale Proceeds, Refinancing Proceeds, or Net Refinancing Proceeds for said audit period, Tenant will pay Port, within fifteen (15) days after receipt of such audit results, the difference between the amount Tenant has paid and the amount it should have paid to Port, plus interest at the Default Rate from and after the date of understatement. If Tenant understates its Gross Income, Recapitalization Proceeds, Qualifying Early Sale Proceeds, Sale Proceeds, Refinancing Proceeds, or Port's share of the foregoing proceeds for any audit period by five percent (5%) or more of Tenant's understated amount, Tenant will pay Port's cost of the audit. Any overpayments revealed by an audit will be credited towards Rent payments due subsequent to the audit until credited in full.

3.10 Manner of Payment. Tenant will pay all Rent to Port in lawful money of the United States of America at the address for notices to Port specified in this Lease, or to such other Person or at such other place as Port may from time to time designate by notice to Tenant. Minimum Rent, Participation Rent, and Port's share of Sale Proceeds and Refinancing Proceeds are payable without prior notice or demand. Rent is due and payable at the times provided in this Lease, provided that if no date for payment is otherwise specified, or if payment is stated to be due "upon demand," "promptly following notice," "upon receipt of invoice," or the like, then such Additional Rent is due thirty (30) days following the giving by Port and the receipt by Tenant of such demand, notice, invoice or the like to Tenant specifying that such sum is presently due and payable.

3.11 Interest on Delinquent Rent. Rent not paid when due will bear interest from the date due until paid at an annual interest rate equal to the greater of (i) ten percent (10%) or (ii) five percent (5%) in excess of the Prime Rate that is in effect as of the date payment is due (the "**Default Rate**"). However, interest will not be payable on Late Charges incurred by Tenant or to the extent such payment would violate any applicable usury or similar law. Payment of interest will not excuse or cure any default by Tenant.

3.12 Late Charge. Tenant acknowledges and agrees that late payment by Tenant to Port of Rent, or Tenant's failure to provide the Percentage Rent Statement to Port, will cause Port increased costs not contemplated by this Lease. The exact amount of such costs is extremely difficult to ascertain. Such costs include processing and accounting charges. Accordingly, without limiting any of Port's rights or remedies hereunder and regardless of whether such late payment results in an Event of Default, Tenant will pay a late charge (the "Late Charge") equal to the higher of (a) five percent (5%) of all Rent or any portion thereof which remains unpaid more than five (5) days following the date it is due (or with respect to a failure by Tenant to deliver the Percentage Rent Statement to Port within five (5) days following the date it is due, five percent (5%) of Participation Rent due for the subject period of the Percentage Rent Statement), or (b) [Note: Increase following amount by \$500 every 5 years after execution of the DDA: One Thousand Dollars (\$1,000)], which amount will be increased by an additional One Thousand Dollars (\$1,000) on the tenth (10th) anniversary of the Commencement Date and every ten (10) years thereafter; provided, however, Tenant will not be subject to a Late Charge more than once every calendar year if Tenant pays the unpaid Rent or delivers the Monthly Statement to Port, as applicable, within five (5) days of written notice from Port of such failure. The Parties agree that the Late Charge represents a fair and reasonable estimate of the cost that Port will incur by reason of a late payment by Tenant.

3.13 No Abatement or Setoff. Tenant will pay all Rent at the times and in the manner provided in this Lease without any abatement, setoff, credit, deduction, or counterclaim, except as expressly set forth in *Section 28.2* (Tenant's Exclusive Remedies).

3.14 Net Lease. It is the purpose of this Lease and intent of Port and Tenant that all Rent is absolutely net to Port, so that this Lease yields to Port the full amount of Rent at all times during the Term, without deduction, abatement or offset. Under no circumstances, whether now existing or hereafter arising, and whether or not beyond the present contemplation of the Parties is Port expected or required to incur any expense or make any payment of any kind with respect to this Lease or Tenant's use or occupancy of the Premises. Without limiting the foregoing, Tenant is solely responsible for paying each item of cost or expense of every kind and nature whatsoever, the payment of which Port would otherwise be or become liable by reason of Port's estate or interests in the Premises, any rights or interests of Port in or under this Lease, or the ownership, leasing, operation, management, maintenance, repair, rebuilding, remodeling, use or occupancy of the Premises, or any portion thereof. No occurrence or situation arising during the Term, or any Law, whether foreseen or unforeseen, and however extraordinary, relieves Tenant from its liability to pay all of the sums required by any of the provisions of this Lease, or otherwise relieves Tenant from any of its obligations under this Lease, or except as set forth in this Lease, gives Tenant any right to terminate this Lease in whole or in part. Tenant waives any rights now or hereafter conferred upon it by any Law to terminate this Lease or to receive any abatement, diminution, reduction or suspension of payment of such sums, on account of any such occurrence or situation, provided that such waiver will not affect or impair any right or remedy expressly provided Tenant under this Lease.

3.15 Survival. Tenant's obligation to pay any unpaid Rent due and payable will survive the expiration or earlier termination of this Lease.

ATTACHMENT 1 TO EXHIBIT D

PROCEDURES TO CERTIFY ENTITLEMENT COSTS AND DEVELOPMENT COSTS

1. CERTIFIED COST STATEMENT.

(a) Certified Entitlement Cost Statement. [Note – Include bracketed language for Vertical Developer Affiliates only] Within thirty (30) days prior to a Qualifying Early Sale (for the Initial Tenant only) or sixty (60) days following the Building Permit Date for the Tenant that constructs the Initial Improvements, as applicable, Tenant will furnish Port with an itemized statement setting forth in detail the Entitlement Cost incurred by Tenant to the Building Permit Date or thirty (30) days prior to a Qualifying Early Sale, as applicable, certified as true, accurate and complete by an independent certified public accountant (the "Certified Entitlement Cost Statement").

(b) Certified Total Development Cost Statement. Within the earlier of one hundred twenty (120) days following the CofO Issuance Date and thirty (30) days prior to a Sale, the Tenant that constructed the Initial Improvements will furnish Port with an itemized statement setting forth in detail the Total Development Cost incurred by such Tenant to the CofO Issuance Date, certified as true, accurate and complete by an independent certified public accountant (the "Certified Total Development Cost Statement").

(c) Port Review. Port will notify the Tenant within sixty (60) days following Port's receipt of the Certified Entitlement Cost Statement or the Certified Total Development Cost Statement, as applicable, of Port's agreement or disagreement with such statement. If Port disagrees with any such statement, the Parties will meet to resolve the disagreement. If the Parties are unable to resolve their disagreement, either may Party exercise its rights under Section 3 (Audit Rights) of this Attachment 1 to Exhibit D. For the avoidance of doubt, no such disagreement or audit shall delay any Sale or the issuance of any building permit, certificate of completion or certificate of occupancy.

2. Port Representative.

If Tenant fails to deliver either the Certified Entitlement Cost Statement or Certified Total Development Cost Statement as applicable, within the time periods set forth herein, and such failure continues for thirty (30) days after the date Port delivers to Tenant written notice of such failure, Port has the right, among its other remedies under this Lease, to have a Port Representative examine Tenant's books and records as may be necessary to determine all the information required in the Certified Entitlement Cost Statement or Certified Total Development Cost Statement, as applicable. The determination made by Port Representative will be binding upon Tenant, absent manifest error, and Tenant must promptly pay to Port the total cost of the examination.

3. AUDIT RIGHTS.

If Port disagrees with either the Certified Entitlement Cost Statement or the Certified Total Development Cost Statement, Port may request that such records be audited by an independent certified public accounting firm mutually acceptable to Port and Tenant, or if the Parties are unable to agree, either Party may apply to the Superior Court of the State of California in and for the County of San Francisco for appointment of an auditor meeting the foregoing qualifications. If the court denies or otherwise refuses to act upon such application, either Party may apply to the American Arbitration Association, or any similar provider of professional commercial arbitration services, for appointment in accordance with the rules and procedures of such organization of an independent auditor. Such audit will be binding on the Parties, except in the case of fraud, corruption or undue influence. Port will pay the entire cost

of the audit unless the audit discovers that Tenant has overstated the Entitlement Cost or the Total Development Cost, as applicable, by more than three percent (3%) of the lower amount, in which case Tenant will pay the entire cost of the audit.

4. BOOKS AND RECORDS RELATED TO TOTAL DEVELOPMENT COSTS.

Tenant must keep accurate books and records of the Entitlement Costs and Total Development Costs incurred to date, funds expended by Tenant, outstanding Tenant capital, Tenant capital return accrued, and debt or other third-party proceeds received by or on behalf of Initial Tenant in connection with the development of the Initial Improvements, all in accordance with accounting principles generally accepted in the construction industry. Port, including its Agents, has the right to inspect Tenant's books and records regarding the development of the Initial Improvements, the costs incurred in connection therewith, and all other Entitlement Costs and Total Development Costs, including funds expended by Tenant, return accrued on such funds, and debt or other third party proceeds received by or on behalf of Tenant in connection with the development of the Initial Improvements in a location within San Francisco during regular business hours and upon reasonable advance notice.

West's Annotated California Codes
Revenue and Taxation Code (Refs & Annos)
Division 1. Property Taxation (Refs & Annos)
Part 0.5. Implementation of Article XIII a of the California Constitution (Refs & Annos)
Chapter 2. Change in Ownership and Purchase (Refs & Annos)

West's Ann. Cal. Rev. & T. Code § 64

§ 64. Purchase or transfer of ownership interests in legal entities; transfer of real property of legal entity; corporate reorganizations by merger or consolidation within affiliated group; control of corporation through purchase or transfer of stock

Effective: January 1, 2000

Currentness

(a) Except as provided in subdivision (i) of Section 61 and subdivisions (c) and (d) of this section, the purchase or transfer of ownership interests in legal entities, such as corporate stock or partnership or limited liability company interests, shall not be deemed to constitute a transfer of the real property of the legal entity. This subdivision is applicable to the purchase or transfer of ownership interests in a partnership without regard to whether it is a continuing or a dissolved partnership.

(b) Any corporate reorganization, where all of the corporations involved are members of an affiliated group, and that qualifies as a reorganization under Section 368 of the United States Internal Revenue Code and that is accepted as a nontaxable event by similar California statutes, or any transfer of real property among members of an affiliated group, or any reorganization of farm credit institutions pursuant to the federal Farm Credit Act of 1971 (Public Law 92-181), as amended, shall not be a change of ownership. The taxpayer shall furnish proof, under penalty of perjury, to the assessor that the transfer meets the requirements of this subdivision.

For purposes of this subdivision, "affiliated group" means one or more chains of corporations connected through stock ownership with a common parent corporation if both of the following conditions are met:

(1) One hundred percent of the voting stock, exclusive of any share owned by directors, of each of the corporations, except the parent corporation, is owned by one or more of the other corporations.

(2) The common parent corporation owns, directly, 100 percent of the voting stock, exclusive of any shares owned by directors, of at least one of the other corporations.

(c)(1) When a corporation, partnership, limited liability company, other legal entity, or any other person obtains control through direct or indirect ownership or control of more than 50 percent of the voting stock of any corporation, or obtains a majority ownership interest in any partnership, limited liability company, or other legal entity through the purchase or transfer of corporate stock, partnership, or limited liability company interest, or ownership interests in other legal entities, including any purchase or transfer of 50 percent or less of the ownership interest through which control or a majority ownership interest is obtained, the purchase or transfer of that stock or other interest shall be a change of ownership of the real property owned by the corporation, partnership, limited liability company, or other legal entity in which the controlling interest is obtained.

(2) On or after January 1, 1996, when an owner of a majority ownership interest in any partnership obtains all of the remaining ownership interests in that partnership or otherwise becomes the sole partner, the purchase or transfer of

the minority interests, subject to the appropriate application of the step-transaction doctrine, shall not be a change in ownership of the real property owned by the partnership.

(d) If property is transferred on or after March 1, 1975, to a legal entity in a transaction excluded from change in ownership by paragraph (2) of subdivision (a) of Section 62, then the persons holding ownership interests in that legal entity immediately after the transfer shall be considered the "original coowners." Whenever shares or other ownership interests representing cumulatively more than 50 percent of the total interests in the entity are transferred by any of the original coowners in one or more transactions, a change in ownership of that real property owned by the legal entity shall have occurred, and the property that was previously excluded from change in ownership under the provisions of paragraph (2) of subdivision (a) of Section 62 shall be reappraised.

The date of reappraisal shall be the date of the transfer of the ownership interest representing individually or cumulatively more than 50 percent of the interests in the entity.

A transfer of shares or other ownership interests that results in a change in control of a corporation, partnership, limited liability company, or any other legal entity is subject to reappraisal as provided in subdivision (c) rather than this subdivision.

(e) To assist in the determination of whether a change of ownership has occurred under subdivisions (c) and (d), the Franchise Tax Board shall include a question in substantially the following form on returns for partnerships, banks, and corporations (except tax-exempt organizations):

If the corporation (or partnership or limited liability company) owns real property in California, has cumulatively more than 50 percent of the voting stock (or more than 50 percent of total interest in both partnership or limited liability company capital and partnership or limited liability company profits)(1) been transferred by the corporation (or partnership or limited liability company) since March 1, 1975, or (2) been acquired by another legal entity or person during the year? (See instructions.)

If the entity answers "yes" to (1) or (2) in the above question, then the Franchise Tax Board shall furnish the names and addresses of that entity and of the stock or partnership or limited liability company ownership interest transferees to the State Board of Equalization.

PARCEL LEASE EXHIBIT E

List of Project Approvals

Final approval actions by the City and County of San Francisco Board of Supervisors for the Pier 70 Mixed-Use District Project:

1. **Ordinance 224-17 (File No. 170863):** (1) Approving a Development Agreement between the City and County of San Francisco and FC Pier 70, LLC; (2) waiving certain provisions of the Administrative Code, Planning Code, and Subdivision Code; and (3) adopting findings under the California Environmental Quality Act; public trust findings, and findings of consistency with the General Plan and Planning Code priority policies.
2. **Ordinance 225-17 (File No. 170864):** Amending the Planning Code and the Zoning Map to add the Pier 70 Special Use District.
3. **Ordinance 227-17 (File No. 170930):** Amending the General Plan to refer to the Pier 70 Mixed Use Project Special Use District.
4. **Resolution 401-17 (File No. 170986):** Approving a Disposition and Development Agreement between the Port and FC Pier 70, LLC.
5. **Resolution 402-17 (File No. 170987):** Approving the Compromise Title Settlement and Land Exchange Agreement for Pier 70 between the City and the California State Lands Commission in furtherance of the Pier 70 Mixed Use Project.
6. **Resolution 403-17 (File No. 170988):** Approving the Memorandum of Understanding regarding Interagency Cooperation between the Port and other City Agencies.

Final and Related Approval Actions of City and County of San Francisco Port Commission (referenced by Resolution number "R No.")

1. **R No. 17-43:** (1) Adopting Findings, Statement of Overriding Considerations, and Mitigation Monitoring and Reporting Program under the California Environmental Quality Act; and (2) approving a Disposition and Development Agreement with FC Pier 70, LLC, and the attached forms of Master Lease, Vertical Disposition and Development Agreement, and Parcel Lease.
2. **R No. 17-44:** Approving a Compromise Title Settlement and Land Exchange Agreement for Pier 70 with the State Lands Commission.
3. **R No. 17-45:** (1) Consenting to zoning amendments to establish the Pier 70 Special Use District and related amendments to the City's General Plan; and (2) approving the Pier 70 Design for Development.
4. **R No. 17-46:** Approving amendments to the Waterfront Land Use Plan and its Design and Access Element.
5. **R No. 17-47:** Consenting to a Development Agreement between the City and FC Pier 70, LLC.
6. **R No. 17-48:** Approving a Memorandum of Understanding regarding Interagency Cooperation between the City and the Port.

7. **R No. 17-49:** Recommending that the Board of Supervisors establish proposed Sub-Project Areas within Project Area G (Pier 70) of Infrastructure Financing District No. 2 and an Infrastructure and Revitalization Financing District.
8. **R No. 17-50:** (1) Approving a Memorandum of Understanding between the Port and City's Controller, Treasurer and Tax Collector, and Assessor-Recorder to implement the DDA Financing Plan; (2) recommending that the Board of Supervisors appoint the Port Commission as the agent of the Infrastructure Financing District and one or more Special Tax Districts; and (3) approving and recommending to the Board of Supervisors a Form of Special Fund Administration Agreement between the Port, Infrastructure Financing District, Infrastructure and Revitalization Financing District, Special Tax Districts, and a corporate trustee.
9. **R No. 17-51:** Recommending to the Board of Supervisors proposed amendments to the Special Tax Financing Law, Article X of Chapter 43 of the San Francisco Administrative Code.
10. **R No. 17-52:** Approving the terms of the Port's sale of Parcel K North and a form of Vertical Disposition and Development Agreement.

Final and Related Approval Actions of City and County of San Francisco Planning Commission (referenced by Motion Number "M No." or Resolution Number "R No.")

1. **M No. 19976:** Certifying the Final Environmental Impact Report for the Pier 70 Mixed-Use District Project.
2. **M No. 19977:** Adopting Findings and Statement of Overriding Considerations under the California Environmental Quality Act.
3. **R No. 19978:** Recommending to the Board of Supervisors approval of the General Plan Amendments.
4. **R No. 19979:** Recommending to the Board of Supervisors approval of amendments to the Planning Code and a Zoning Map amendment to establish the Pier 70 Special Use District.
5. **M No. 19980:** Approving the Pier 70 Special Use District Design for Development.
6. **R No. 19981:** Recommending to the Board of Supervisors approval of a Development Agreement between the City and FC Pier 70, LLC.

Final and Related Approval Actions of Other City and County of San Francisco Boards, Commissions, and Departments:

1. San Francisco Municipal Transportation Agency **Resolution Number 170905-112** consenting to the Pier 70 Development Agreement, including the Transportation Plan, and consenting to the Interagency Cooperation Agreement.
2. San Francisco Public Utilities Commission **Resolution Number 17-0209** consenting to the Development Agreement; consenting to the Pier 70 Interagency Cooperation Agreement; and authorizing the General Manager to negotiate and execute a Memorandum of Understanding with the Port regarding the relocation of the SFPUC's 20th Street Pump Station.

ASSESSOR INFORMATION

Document Outline

Assessable/actionable events for Assessor ("ASR")

1. Initial land sale/ transfer of title
2. Mapping
3. Tax certificates
4. Lien date new construction
5. Completed new construction
6. Final ownership changes/sales to users

Assessable/Actionable Event information

1. **Initial land sale / transfer of title [Include if event is applicable.]**
 - a. Assessable: any recorded change in ownership or ground lease/changes to existing ground lease
 - b. Information needed:
 - i. Deeds (transfer maps do not convey title for ASR purposes)
 - ii. Subdivision maps and how they correspond to recorded deeds
 - iii. Appraisal for transfers from government entities or non-arm's length transactions
 - c. Timing: at the time of recording for a basis of calculating transfer tax [or include applicable timeline from Assessor]
2. **Mapping [Include if event is applicable.]**
 - a. Justification/Purpose: ASR needs this information to reserve new block and lot numbers for the project.
 - b. Information needed:

- i. Tentative maps that overlay future parcel changes and project phases (with current APNs and future reserved APNs)
 - ii. Federal/state maps if applicable
 - iii. Timeline of subdivision activity and how the current parcels will be divided/combined/adjusted in each phase of the subdivision
 - iv. Initial subdivision maps and what deeds they correspond to
 - c. Timing:
 - i. Upon request to reserve APNs for new project [~~or include applicable timeline from Assessor~~]
- 3. Tax certificates (Treasurer & Tax Collector's Office provides to ASR) [~~Include if event is applicable.~~]**
- a. Justification: ASR needs this information to (1) ensure that any outstanding changes in ownership have been recorded and any completed or anticipated new construction has been valued and (2) to generate a new assessed value for TTX to use for tax pre-payment purposes.
 - b. Information needed:
 - i. Pre-final map
 - ii. TTX Form A and B (depending on how complicated the development is)
 - c. Timing: whenever requested by the taxpayer, ASR has four weeks to review and determine new value [~~or include applicable timeline from Assessor~~]
- 4. Lien date new construction**
- a. Justification/Purpose: ASR needs this information to accurately assess the value of new construction in progress as of January 1st as required by the Revenue & Taxation Code.
 - b. Information needed:
 - i. The date construction started and the estimated completion date. If construction was in progress on January 1st, the percentage of construction completed.
 - ii. A complete list of all the construction and/or demolition cost incurred as of this date, including direct and indirect costs and entrepreneurial profit. (sample provided for reference See Attachment 1)

- iii. Copies of any leases signed.
 - iv. A detailed description of all work to be completed or any changes to the work description:
 - v. A copy of the pro forma, feasibility study or appraisal used to support the building of this project.
 - vi. Copies of all application for building permits.
 - vii. Certified copy of the lender's disbursement of funds.
 - viii. Cost not funded by construction loan.
 - ix. Details on any current or anticipated efforts to sell the property, if applicable.
 - x. Any additional information, if not referenced above, that would influence the market value of the property.
 - xi. Name, mailing address, phone number and e-mail of person(s) to contact regarding additional questions and inspection of property.
- c. Timing:
- i. By January 31st of each year the construction is in progress ~~for include applicable timeline from Assessor.~~

5. Completed new construction

- a. Justification: ASR needs this information to accurately assess the value of completed new construction as of the date of completion as required by the Revenue & Taxation Code.
- b. Information needed:
 - i. All property types
 - A. The date construction started and completion date.
 - B. A detailed description of all work completed (attach referenced floor plans, etc.)
 - C. Copies of all applications for building permits.

- D. A complete list of all construction costs (*see Attachment 1*) including direct, indirect costs and anticipated or actual entrepreneurial profit.
 - E. Detailed information on costs not funded by construction loans.
 - F. A copy of the pro forma, feasibility study or appraisal used to support the building of this project.
 - G. Details on any current or anticipated efforts to sell the property, if applicable.
 - H. Copies of any leases signed or currently in negotiation. Please include asking rents for spaces not leased.
 - I. A copy of the land lease or other document that indicates the value of the land, if applicable.
 - J. Projected or actual income and expense statement and a schedule of asking rent, if applicable. For actual statements, please provide the source document.
 - K. Certified copy of the lender's disbursement of funds.
 - L. Details on parking stall rents and any miscellaneous income.
 - M. Any appraisal completed.
 - N. Any additional information, if not referenced above, that would influence the market value of the property.
 - O. Name, address, phone number and email of person to contact for questions/arrange for a site inspection.
- ii. Office
- A. Rent roll showing net rentable areas by floor and area leased by each tenant; the type of lease (FSG, NNN or IG); the date and terms of each lease; the move in date; options to renew; escalation clauses; tax clauses; free rent or any lease concessions, landlord tenant improvement allowances.
 - B. The gross and net rentable areas of the building.
 - C. Projected or actual sales volume of the property.
 - D. A copy of any existing operating agreements, if applicable.

- E. A copy of the feasibility study.
- F. A copy of the stacking plan, if applicable.
- G. XFactor or BOMA recalculation of square footage, if applicable.
- H. If the construction project includes a parking garage:
 - a. How will it be operated (i.e. leased to a second party for contract rent or net income to the owner)?
 - b. What is the anticipated number of spaces and vehicle capacity (with valet services if applicable)?
 - c. What will be the monthly fee for parking?

iii. Retail

- A. Rent roll showing net rentable areas by floor and area leased by each tenant; the type of lease (FSG, NNN or IG); the date and terms of each lease; the move in date; options to renew; escalation clauses; tax clauses; free rent or any lease concessions, landlord tenant improvement allowances.
- B. The gross and net rentable areas of the building.
- C. Details on parking stall rents and any miscellaneous income.
- D. Projected or actual sales volume of the property.
- E. A copy of the operating agreement signed with the mall owner, if applicable.

iv. Apartments

- A. Tenant Rent Roll for residential and commercial units that includes the unit number, unit type (number of beds/baths), number of rooms, market rate or BMR unit, occupancy, square footage, contract rental rate, date lease signed, market rental rate, other fees collected – parking, storage, pet. Overall parking spaces, any upgrades, floor and view premiums (if applicable). Please provide a rent roll as of the certificate of occupancy and/or when stabilized occupancy is achieved.
- B. A finish schedule.

- C. Total square footage of improvements allocated by use (residential, retail, common area, parking, etc.). Area (sq. ft.) of each floor including basement, mezzanine, penthouse, etc.

v. Condos

- A. The Parcel Split/Condo Conversion Questionnaire (See Attachment 2, Excel is strongly preferred.)
- B. For any units retained by the developer (i.e. parking, storage, retail, etc.), please provide copies of any signed leases, details on any leases in negotiation or proposed, or a summary of asking rents. Include a tenant rent roll, projected or actual income and expense statements, and net rentable area of each retained unit.
- C. Condo map/plan (if applicable) – required for us to split a new condo project or condo conversion.

vi. Hotel

- A. A list of the number of hotel rooms, the average daily rates, and projected occupancy levels.
- B. Percentage of guest segmentation.
- C. A copy of the Management Agreement.
- D. A copy of the Franchise Fee Agreement, specifically identifying the franchise fees and how they are determined.
- E. Breakdown of real property and personal property.
- F. Current or projected rent roll showing any net rentable areas of the building by floor and area leased by each retail tenant (if any); the type of lease (FSG, NNN, or IG); the date and terms of each lease, the move in date; options to renew, escalation clauses, tax clauses, free rent or any lease concessions, or landlord/tenant improvement allowances. If there are no leasable office or retail areas on the property, so state.

- c. Timing: within 60 days upon completion of construction for each project phase [or include applicable timeline from Assessor.]

6. Final ownership changes/sales to users

- a. Event: any recorded change in ownership or new lease/changes to existing lease

b. Information needed:

i. All property types

A. Information about the sale:

- a. The purchase agreement and closing statement
- b. Identify the broker or agent on the sale
- c. Original list price
- d. Days on market

B. Details and terms of financing the property.

C. Details on any anticipated deferred maintenance costs or capital expenditures anticipated by buyer at the time of the sale (i.e. renovations, major repairs, seismic retrofitting, and asbestos abatement) and a detailed schedule of when the work is to be completed.

D. If the purchase price was not considered market value for the property, an explanation of why.

E. Detailed anticipated income and expense operating statements of the new owner at time of purchase and/or acquisition and the prior two (2) years.

F. Copies of any leases or lease abstracts, amendments or renewals, including free rent and tenant improvement allowances agreed to.

G. Marketing materials and/or asking rents to lease vacant space as of the transfer date

H. Any anticipated changes in use.

ii. Office

A. A copy of the Offering Memorandum distributed by selling agent.

B. Copies of any appraisal prepared for purchase financing.

C. The investor's pro-forma and market rent assumptions generated by Argus investment analysis or other format (Excel preferred).

- D. A rent roll as of the change in ownership date showing; all tenants with corresponding suite numbers, suite sizes (sf), monthly or annual rent, date and terms of leases, scheduled rent escalations and any vacant rentable space (Excel format preferred).
- E. Indicate if any lease expense agreements are other than full-service gross with a base year (FSG).
- F. If vacancy is above 10%, provide historical vacancy or occupancy ratios (on an annual or bi-annual basis) over the previous three (3) years.
- G. A detailed annual income and expense summary for the year of sale and the prior two (2) years. If historical income and operating statements were not provided by the seller, please substitute your operating budget as of the purchase date (Excel format preferred).

iii. Retail

- A. Any cash flow analysis, pro forma worksheets or investment analysis in the acquisition of the property.
- B. Any appraisal prepared for the acquisition or financing of the subject property.
- C. Details on the financing involved for the purchase and/or acquisition of the subject property.
- D. Current rent roll showing net rentable areas by floor and area leased by each tenant; the type of lease (FSG, NNN or IG); the date and terms of each lease; the move in date; options to renew; escalation clauses; tax clauses; free rent or any lease concessions, landlord tenant improvement allowances.
- E. The gross and net rentable areas of the building.
- F. At the time of transfer, indicate the amount of net rentable vacant space, identify its location within the building and indicate the asking rental rates.
- G. The anticipated sales volume of the property.

iv. Apartments

- A. Rent roll as of the change in ownership date, showing the list of all tenants with monthly rent and move-in date. For retail tenants, please provide copies of the lease(s), including any amendments or renewals (Excel format preferred).
- B. The anticipated rental rates for any vacant units.
- C. The anticipated operating income and expenses at the time of purchase/change in ownership. If available, provide the operating income and expenses statements for the two (2) years preceding change in ownership (Excel format preferred).
- D. Details on any miscellaneous income (parking, laundry, storage, etc.)
- E. A copy of any appraisal prepared for any purpose (financing, insurance, investment) within two (2) years of the event date.
- F. A description of each unit; number of rooms, bedrooms, bathrooms, furnished or unfurnished.

v. Hotel

- A. Any appraisal, pro forma or feasibility study made to assist in the acquisition of the subject property, or for any other purpose (i.e. insurance, investment, financing) prepared within two (2) years of the event date.
- B. List of the number of hotel rooms, the average daily rates and occupancy levels as of the change in ownership date and for the previous two (2) years.
- C. The guest segmentation, by percentage.
- D. Detailed, historic income and expense statement for the two (2) years prior to the event date, and the budgeted or anticipated income and expense statement for the first year following the change in ownership date.
- E. Copy of the Management Agreement.
- F. Copy of the Franchise Agreement, specifically identifying the franchise fees and how they are determined.
- G. Copy of the Smith Travel Report for the property, as of the same year as the change in ownership.

- H. The current rent roll showing net rentable areas by floor and area leased by each retail tenant (if any); the type of lease (FSG, NNN or IG); the date and terms of each lease; the move in date; options to renew; escalation clauses; tax clauses; free rent or any lease concessions, landlord tenant improvement allowances. If there are no leasable areas of the property, so state.
 - I. Copy of the sale agreement with detailed itemizations of all real property and business personal property components included in the sale.
- vi. Single Family Homes/Condos
- A. No additional information needed, recorded deed is sufficient
- c. Timing: within 60 days of a change to the fee owner of the property **[or include applicable timeline from Assessor:]**

Parcel Lease Exhibit H-3: CFD Matters

All matters addressed in this Exhibit relate to the following actions, all of which the City has undertaken in accordance with the San Francisco Special Tax Financing Law (San Francisco Administration Code ch. 43, art. X), which incorporates the Mello-Roos Community Facilities Act of 1982 (Cal. Gov't Code §§ 53311-53368) (collectively, the "**CFD Law**"), by Board of Supervisors Resolution No. XX-XX (the "**Formation Resolution**") to implement the Financing Plan in the DDA between the Master Developer and the Port (collectively, the "**CFD Provisions**"). Unless specified otherwise, all statutory references in this Exhibit are to the California Government Code.

1. Formation of a Special Tax District. The City's actions in relation to the CFD Provisions include:

(a) formation of a community facilities district designated as "*City and County of San Francisco Special Tax District No. 2018-3 (Pier 70 Leased Properties)*" (the "**Special Tax District**") that includes the Premises within its boundaries;

(b) designation of property for potential future annexation to the Special Tax District (the "**Future Annexation Area**");

(c) approval of a rate and method of apportionment (the "**Rate and Method**"), a copy of which is attached to the Formation Resolution, for the calculation and levy of the Facilities Special Tax, the Shoreline Special Tax, the Arts Building Special Tax, and the Services Special Tax (as each term is defined in the Rate and Method) against all taxable property in the Special Tax District (collectively, the "**Special Taxes**");

(d) recordation of the "**Notice of Special Tax Lien**" against the real property in the Special Tax District in the Official Records of the City and County of San Francisco, as document number _____ pursuant to California Government Code Section 53328.3;

(e) authorization to issue bonds secured by one or more of the Special Taxes ("**Bonds**");

(f) authorization to use Bond proceeds and Special Taxes to finance the construction, completion, and acquisition of improvements described in the Formation Resolution (the "**CFD Improvements**"); and

(g) authorization to levy and use Special Taxes in perpetuity to finance services described in the Formation Resolution such as capital maintenance and repair of the CFD Improvements (the "**Services**").

2. Leasehold Subject to CFD Provisions. The Tenant acknowledges and agrees as follows.

(a) Its leasehold interest in the Premises is subject to the levy of Special Taxes and the Tenant will not have any right to amend the CFD Provisions.

(b) It is critical to each of the City, the Port, the Master Developer, and Tenant that the construction and completion of the CFD Improvements required to develop the

Premises be coordinated in all respects (including cost, timing, capacity, function, and type) with the construction and completion of the CFD Improvements for other property in the Special Tax District.

(c) If the Premises were excluded from the Special Tax District, or the Special Taxes to be levied on the Premises were reduced or eliminated, coordination of CFD Improvements required to develop the Premises with CFD Improvements for other property in the Special Tax District would be materially adversely affected.

3. Cooperation with CFD Matters. The Tenant agrees to the following with respect to the Special Tax District, the levy of the Special Taxes, and the issuance of any Bonds, at the Tenant's sole expense.

(a) The Tenant will:

i. if determined necessary by the City, and at the request of the City, cooperate with the City if the City decides to enter into a joint community facilities agreement or any other agreement necessary to finance CFD Improvements and Services (collectively, the "JCFA") that will be owned or operated by government agencies other than the City or its agencies.

(b) The Tenant will not, at any time or in any manner, contest, protest, or otherwise challenge any of the following:

- i. the formation of the Special Tax District;
- ii. the designation of the Future Annexation Area;
- iii. the authorization, levy, or amount of the Special Taxes on the Premises;
- iv. the authorization to issue the Bonds;
- v. the CFD Improvements and Services to be financed by the Special Tax District; and
- vi. the establishment of an appropriations limit for the Special Tax District.

(c) If required for the Special Tax District to levy Special Taxes or issue Bonds, the Tenant will acknowledge that the Premises are subject to the lien of the Special Tax District and the levy of Special Taxes and that the Special Tax District is authorized to issue Bonds.

(d) The Tenant will not bring any action, suit, or proceeding against the Special Tax District or the City; provided, however, that after exhausting its appeal rights under the Rate and Method, the Tenant may bring an action, suit, or proceeding against the Special Tax District or the City if it relates solely to an allegation that the Special Taxes have not been levied in accordance with the Rate and Method.

(e) The Tenant will not take any action that would in any way interfere with the operation of the Special Tax District or decisions made or actions taken with respect to the Special Tax District's formation or the issuance of Bonds, including when Special

Taxes are first levied, the amount of Special Taxes, the apportionment of Special Taxes, and the use of the Special Taxes collected by the Special Tax District.

4. The following definitions apply to this Exhibit.

(a) **"Actual Knowledge"** means the knowledge that the person signing this Lease has on the date of execution of this Lease or has obtained from:

- i. interviews with current officers and responsible employees of the Tenant and its Affiliates that the person has determined are likely, in the ordinary course of their respective duties, to have knowledge of the matters set forth in this Lease;
- ii. a review of documents that the person determined were reasonably necessary to obtain knowledge of the matters set forth in this Lease; or
- iii. both, in any case without conducting any extraordinary inspection or inquiry except as prudent and customary in connection with the ordinary course of the Tenant's current business and operations or contacting individuals who are no longer employees of the Tenant or its Affiliates.

(b) **"Affiliate"** means any person that directly or indirectly, through one or more intermediaries:

- i. exercises managerial control over the Tenant; or
- ii. is under managerial control of the Tenant; and
- iii. in each case, about whom information could be material to potential investors deciding whether to invest in future Bonds.

(c) **"Related Property"** means any real property interest owned or held by the Tenant or any of its Affiliates.

5. **Compliance.** The Tenant represents and warrants as follows and agrees that if its representations and warranties are discovered to be untrue after the Effective Date of this Lease, the Port may, in its discretion, elect to terminate this Lease.

(a) With respect to Related Property located within the boundaries of a development project in California, except as set forth in **Attachment 1**, to Tenant's Actual Knowledge, neither Tenant nor Tenant's Affiliates within the last five years have:

- i. intentionally failed to pay when due any property taxes, special taxes, or assessments levied or assessed against the Related Property; or
- ii. owned any interest in Related Property that became either tax-deeded to California or the subject of foreclosure proceedings for failure to pay property taxes, special taxes, or assessments levied or assessed against the Related Property.

(b) With respect to Related Property located within the boundaries of a development project outside of California, except as set forth in **Attachment 1**, to Tenant's Actual Knowledge, neither Tenant nor Tenant's Affiliates within the last five years have owned any interest in Related Property that became either tax-deeded to a governmental agency or the subject of foreclosure proceedings for failure to pay special

taxes or assessments that secure the payment of bonds and that were levied or assessed against the Related Property.

(c) Except as set forth in **Attachment 1**, neither the Tenant nor its Affiliates have failed to comply in the last five years under any continuing disclosure agreement relating to Related Property in projects in California.

6. **Acknowledgment of the Rate and Method.** The Rate and Method has been provided to the Tenant prior to the Effective Date of this Lease. The Tenant has read and, if deemed necessary, consulted with counsel, regarding the provisions of the Rate and Method.

7. **Issuance of Bonds.** This Section will apply to the Special Tax District's issuance of Bonds at any time.

(a) The Tenant will provide, at the request of the City or any Financing Participant (as defined in subsection (c) below), certificates or other documents executed by each secured lender that provided funds for the Tenant's development of the Premises signifying the lender's acknowledgment of:

- i. the imposition of the Special Taxes on the Premises;
- ii. the issuance of Bonds; and
- iii. the Special Tax District's foreclosure rights if the Tenant is delinquent in the payment of Special Taxes.

(b) The Tenant acknowledges that Bonds may be issued in one or more series over time, that the issuance of each series of Bonds may require information and documents to be provided by the Tenant, and that the timely provision of that information and documents for each series of Bonds is critical for the Master Developer and the Port to achieve their respective financial goals. The Tenant's obligations will arise with the issuance of each series of Bonds and continue as provided in any related continuing disclosure agreement.

(c) The Tenant will not interfere with or impede the issuance of any series of Bonds issued by or in connection with the Special Tax District and will, at the Tenant's expense, provide information in connection with each series of Bonds as requested by any of the following (collectively, the "**Financing Participants**"):

- i. the City, the Port, and any other JCFA Party, or any of their agents, including bond counsel and disclosure counsel;
- ii. appraisers engaged to appraise the Leasehold;
- iii. market absorption consultants;
- iv. underwriters and underwriters' counsel;
- v. financial advisors associated with the Bonds or the Special Tax District; and
- vi. persons providing credit enhancement for the Bonds or the Special Tax District.

(d) The Tenant will provide, at Tenant's expense, required information, which may include:

- i. a description of the Tenant's financing sources to develop the Premises;
- ii. a description of the proposed development project and the ownership structure of the Tenant;
- iii. the status of the Premises, including the rent roll and vacancy history;
- iv. any history of delinquencies and defaults by the Tenant and its Affiliates, including the information disclosed in **Attachment 1**;
- v. the Tenant's financial statements, which may be consolidated with its parent company and, for publicly traded companies where the Tenant's financial statements are consolidated with the publicly traded company, may be limited to those financial statements required by SEC Regulations;
- vi. other financial and operating information, including a development pro forma, with respect to the Tenant and the Premises;
- vii. certificates requested by the Financing Participants, which may include representations on:
 1. the due formation of the Tenant;
 2. the due execution of documents executed by the Tenant in connection with the Special Tax District or any Bonds;
 3. no material litigation or investigation by or against the Tenant or its Affiliates that seeks to prohibit, restrain, or enjoin the development of the Premises; or in which the Tenant or its Affiliates may be adjudicated as bankrupt or discharged from any or all debts or obligations or granted an extension of time to pay or a reorganization or readjustment of its debts, or which, if determined adversely to the Tenant or its Affiliates, could adversely affect the development of the Premises and the payment of the Special Taxes; and
 4. the accuracy of the information provided in connection with the issuance of any series of Bonds, including the information in all disclosure documents; and
- viii. opinions of counsel to the Tenant requested by any of the Financing Participants, which may include any matter listed in **clause (vii)** of this Subsection and a 10b-5 opinion regarding any disclosure about the Tenant and its Affiliates in the offering statement used to market the Bonds.

(e) The City will decide on the amount and application of any capitalized interest in consultation with the Master Developer, and the Tenant will not contest the amount and application of capitalized interest.

(f) This Subsection will apply if any of the Financing Participants requires a renewable letter of credit, cash, or other form of credit enhancement ("**Special Tax Security**") in connection with the issuance of the Bonds.

i. The Tenant will provide Special Tax Security that is acceptable to the Financing Participants in an amount no greater than two years' levy of Special Taxes against the Premises by the Special Tax District, as reasonably determined by any of the Financing Participants,

ii. In addition, if the Master Developer (or any current owner of the Premises) posted Special Tax Security with respect to the Premises before the Close of Escrow, the Tenant will provide replacement Special Tax Security with respect to the Premises acceptable to the Financing Participants. The Tenant's posting of replacement Special Tax Security will be a condition precedent to the Effective Date of this Lease.

iii. The Tenant acknowledges that the Special Tax Security is intended to secure the Special Tax payments by the Tenant and its successors and assigns, but not any sub-tenants of less than the whole of the Premises or apartment dwellers.

iv. Any letter of credit must be provided by an issuer acceptable to the Financing Participants and have a minimum "A" long-term debt rating (or the equivalent "A" designation) from both Standard & Poor's and Moody's Investors Service, unless the Financing Participants agree to a lower rating.

(g) Any reimbursements from the proceeds of any Bonds or directly from any Special Taxes (or prepayments of Special Taxes) for the costs of authorized CFD Improvements, returns of deposits, or payments of the costs of issuance will be the property of the Master Developer (as between the Master Developer and the Tenant), regardless of the time of the original payment or the identity of the party that made the payment. Should the Tenant receive any such reimbursements, or should the Tenant receive the return or reimbursement of any deposits with any governmental entity or utility related to authorized CFD Improvements, the Tenant will endorse and tender the payment to the Master Developer immediately.

(h) The Tenant will execute and perform under any continuing disclosure agreement as requested by any of the Financing Participants. In addition, if, prior to the Effective Date, the Master Developer has entered into a continuing disclosure agreement, the Tenant will assume the obligations under the continuing disclosure agreement with respect to the Premises, in the form and manner required by the Financing Participants and the continuing disclosure agreement. The assumption of any continuing disclosure agreement will be a condition precedent to the Effective Date of this Lease.

8. Cooperation to Amend the Special Tax District.

(a) The Tenant acknowledges that the Port, the Master Developer, or the City may request proceedings to amend any CFD Provisions ("**Change Proceedings**"). **Subsection 8(b)** will apply so long as the changes contemplated by the Change Proceedings:

i. do not increase the Special Tax rates to be levied on the Premises above Special Tax rates for the Premises, escalated to the date of calculation, under the Rate and Method;

- ii. do not change the Rate and Method so that the Tenant is taxed sooner than under the current version of the Rate and Method; and
- iii. do not result in more favorable treatment of one or more other tenants or property owners in the Special Tax District compared to the treatment of the Tenant and the Premises.

(b) Subject to **Subsection 8(a)**, the Tenant shall not contest, protest, or otherwise challenge Change Proceedings to the Special Tax District.

9. Annexation of Property to the Special Tax District.

- (a) The Tenant acknowledges that in accordance with the CFD Law:
 - i. the City has designated certain property as a Future Annexation Area to the Special Tax District;
 - ii. from time to time, parcels of the Future Annexation Area may be annexed to the Special Tax District by execution of a unanimous written consent of the owners of the parcels of Future Annexation Area to be annexed without a public hearing or election; and
 - iii. the Master Developer, City, and Port may also request annexation of additional property to the Special Tax District.
- (b) The Tenant will not:
 - i. contest, protest, or otherwise challenge the annexation of any additional property to the Special Tax District as described in **Section 9(a)** above, or the imposition of the levy of Special Taxes on the annexed property; or
 - ii. take any action that would in any way interfere with the operation of the Special Tax District or decisions made or actions taken by the Master Developer or the owners of property (including the owners of the Future Annexation Area) with respect to the annexation of additional property to the Special Tax District.

10. Activity in Other Special Tax Districts. The Tenant acknowledges that other parcels in the SUD are included in a separate special tax district formed by the City (the "**Other STD**") and agrees not to:

- (a) contest, protest, or otherwise challenge the formation, implementation, levy of special taxes in, or issuance of bonds by the Other STD, or the annexation of additional property to, or any Change Proceedings conducted with respect to, the Other STD; or
- (b) take any other action that would in any way interfere with the operation of the Other STD or decisions made or actions taken by the City, the Port, and the Master Developer with respect to the Other STD.

11. Shortfall Provisions.

- (a) All capitalized terms used in this Section 11 that are not otherwise defined herein shall have the meaning given such terms in the Appendix to the DDA (the "**Appendix**").

(b) The Tenant agrees to refrain from initiating a Reassessment to reduce the Baseline Assessed Value or later Current Assessed Value of the Premises until the IFD Termination Date.

(c) If the Tenant initiates a Reassessment on the Premises in violation of Section 11(b) above, then the following shall occur:

- a. Tenant will pay the Port the Assessment Shortfall within 20 days after the Port delivers its payment demand. Amounts not paid when due will bear interest at the rate of 10%, compounded annually, until paid.
- b. The obligation to pay the Assessment Shortfall will begin in the City Fiscal Year following the Reassessment and continue until the earlier to occur of the following dates: (A) the applicable IFD Termination Date; and (B) when the Assessment Shortfall is reduced to zero.

12. Acquisition Agreement.

The Tenant acknowledges that the Tenant is not and will not become either a party, a third-party beneficiary, or an assignee to the Acquisition and Reimbursement Agreement between the Master Developer and the Port (the "Acquisition Agreement"), and that any reimbursements from the proceeds of Bonds or Special Taxes for the costs of authorized CFD Improvements under the Acquisition Agreement will be the property of the Master Developer, regardless of the time of the original payment or the identity of the party that made the payment. Should the Tenant receive any reimbursements, or should the Tenant receive the return or reimbursement of any deposits that were intended to be financed with Special Taxes or Bonds, the Tenant shall endorse and tender the payment to the Master Developer promptly. The Tenant further agrees not to contest, protest or otherwise challenge the rights or obligations of the Master Developer or the Port under the Acquisition Agreement.

13. General Provisions.

(a) The Tenant will pay prior to delinquency all Special Taxes levied on the Premises while the Tenant or any Affiliate has a leasehold interest in the Premises.

(b) The Tenant will not petition, support, encourage, consent to, or implement any action seeking to reduce or repeal the levying of all or any part of the Special Taxes in the Special Tax District, except at the written request of the Port, the Master Developer, and the City.

(c) The Tenant will disclose the requirements of this Exhibit to any Subtenant of the entirety of the Premises and require each such Subtenant to enter into an agreement with the Tenant, the Port, and the Master Developer assuming the Tenant's obligations under this Exhibit. This paragraph will not apply to any rentals to apartment dwellers or Subtenants of less than all of the Premises. If required, the Tenant will comply with disclosures required by Section 53341.5.

(d) The Master Developer is an express third-party beneficiary of the covenants and agreements of this Exhibit and may enforce each provision against the Tenant as if the Master Developer were a party to this Lease.

(e) The Port is required to provide to the Tenant a notice of special tax pursuant to Section 53341.5 regarding the Special Taxes in the Rate and Method (the

"Notice of Special Tax"). The Notice of Special Tax is attached as **Exhibit XXXX** and the Tenant shall execute and return to the Port a copy of the Notice of Special Tax within three business days after executing this Lease.

(f) The covenants and provisions contained in this Exhibit remain in effect for the term of this Lease.

Form of Leasing Activity Report**

LEASING ACTIVITY REPORT

Parcel []

Date: []

This Leasing Activity Report is being delivered to Port pursuant to Section 9.3(a) of that certain Lease dated _____ by and between _____ ("Tenant") and the Port. Initially capitalized terms used herein are defined in the Lease.

	As of the Above-Listed Date
Total square footage available for Sublease at the Premises	
Total square footage of Subleased Space	
Number of Subtenants	
Average rental rate for Subleased Space (expressed as monthly rate of dollars per square foot of Subleased Space)	
Gross revenues from the Premises [Note: If gross revenues have not been made available in other public forums, such as government filings, then Tenant is not required to disclose the same in this Leasing Activity Report and may write "N/A" in the column at right]	

The contents of this Leasing Activity Report were prepared by the undersigned, who, as an officer of Tenant, certifies that to the best of his/her knowledge this Leasing Activity Report is a true and correct copy. The undersigned has executed this Leasing Activity Report in his/her capacity as an officer of Tenant, and shall incur no personal liability in connection herewith.

MITIGATION MEASURES FOR THE PIER 70 MIXED-USE DISTRICT PROJECT					
<i>Cultural Resources (Archaeological Resources) Mitigation Measures</i>					
<p>M-CR-1a: Archeological Testing, Monitoring, Data Recovery and Reporting</p> <p>Based on a reasonable presumption that archeological resources may be present within the project site, the following measures shall be undertaken to avoid any potentially significant adverse effect from the Proposed Project on buried or submerged historical resources. The project sponsors shall retain the services of an archeological consultant from rotational Department Qualified Archeological Consultants List (QACL) maintained by the Planning Department archeologist. The project sponsors shall contact the Department archeologist to obtain the names and contact information for the next three archeological consultants on the QACL. The archeological consultant shall undertake an archeological testing program as specified herein. In addition, the consultant shall be available to conduct an archeological monitoring and/or data recovery program if required pursuant to this measure. The archeological consultant's work shall be conducted in accordance with this measure at the direction of the Environmental Review Officer (ERO). All plans and reports prepared by the consultant as specified herein shall be submitted first and directly to the ERO for review and comment, and shall be considered draft reports subject to revision until final approval by the ERO. Archeological monitoring and/or data recovery programs required by this measure could suspend construction of the project for up to a maximum of four weeks. At the direction of the ERO, the</p>	<p>Project sponsors² to retain qualified professional archaeologist from the pool of archaeological consultants maintained by the Planning Department.</p> <p>The archaeological consultant shall undertake an archaeological testing program as specified herein.</p> <p>Project sponsors,</p>	<p>Prior to the issuance of site permits, submittal of all plans and reports for approval by the ERO.</p>	<p>Archaeological consultant's work shall be conducted in accordance with this measure at the direction of the ERO.</p>	<p>Considered complete when project sponsor retains a qualified professional archaeological consultant and archeological consultant has approved scope by the ERO for the archeological testing program</p>	<p>Planning Department</p>

¹ Both the City and the Port have jurisdiction over portions of the Project Site. This column identifies the agency or agencies with monitoring responsibility for each mitigation and improvement measure. The 28-Acre Site and 20th Illinois Parcels are located within the Port's building permit jurisdiction. The Hoedown Yard parcel is located within the San Francisco Department of Building Inspection (DBI).

² Note: For purposes of this MMKP, unless otherwise indicated, the term "project sponsor" shall mean the party (i.e., the Developer under the DDA, a Vertical Developer (as defined in the DDA) or Port, as applicable, and their respective contractors and agents) that is responsible under the Project documents for construction of the improvements to which the Mitigation Measure applies, or otherwise assuming responsibility for implementation of the mitigation measure.

<p>the route to exceed its utilization. Forecasts of travel behavior of future phases could be based on trip generation rates forecast in the EIR or based on subsequent surveys of occupants of the project, possibly including surveys conducted as part of ongoing TDM monitoring efforts required as part of Air Quality Mitigation Measure M-AQ-1E: Transportation Demand Management.</p> <p>If trip generation calculations or monitoring surveys demonstrate that a specific phase of the Proposed Project will cause capacity on the 48 Quintara/24th Street route to exceed 85 percent, the project sponsors shall provide capital costs for increased capacity on the route in a manner deemed acceptable by SFMTA through the following means:</p> <ul style="list-style-type: none"> At SFMTA's request, the project sponsors shall pay the capital costs for additional buses (up to a maximum of four in the Maximum Residential Scenario and six in the Maximum Commercial Scenario). If the SFMTA requests the project sponsor to pay the capital costs of the buses, the SFMTA would need to find funding to pay for the added operating cost associated with operating increased service made possible by the increased vehicle fleet. The source of that funding has not been established. <p>Alternatively, if SFMTA determines that other measures to increase capacity along the route would be more desirable than adding buses, the project sponsors shall pay an amount equivalent to the cost of the required number of buses toward completion of one or more of the following, as determined by SFMTA:</p> <ul style="list-style-type: none"> Convert to using higher-capacity vehicles on the 48 Quintara/24th Street route. In this case, the project sponsors shall pay a portion of the capital costs to convert the route to articulated buses. Some bus stops along the route may not currently be configured to accommodate the longer articulated buses. Some bus zones could likely be extended by removing one or more parking spaces; in some locations, appropriate space may not be available. The 	<p>bus route shall be prepared by a consultant from the Planning Department's Transportation Consultant Pool, using a methodology approved by SFMTA and Planning. If documentation of capacity is based on monitoring surveys, the transportation consultant shall submit raw data from such surveys concurrently to SFMTA, the Planning Department, and project sponsors.</p>	<p>If project sponsors demonstrate to the SFMTA that the phase would not generate a number of transit trips on the 48 Quintara/24th Street bus route that would exceed the significance thresholds outlined in the EIR, further monitoring is not required during that phase.</p> <p><u>Capital Costs:</u> Payment required after SFMTA affirms via letter to the project sponsors that mitigation funds will be</p>	<p>requested would not generate a number of transit trips on the 48 Quintara/24th Street bus route that would exceed the significance thresholds outlined in the EIR.</p> <p>If the project demonstrates (using trip generation rates forecasted in the EIR or through surveys of existing travel behavior at the site) that a specific building would cause capacity to exceed 85 percent based on the Baseline scenario in the EIR or would contribute more than 5 percent of capacity on the line if it was already projected to exceed 85 percent capacity utilization in the Baseline</p>

<p>project sponsors' contribution may not be adequate to facilitate the full conversion of the route to articulated buses; therefore, a source of funding would need to be established to complete the remainder, including improvements to bus stop capacity at all of the bus stops along the route that do not currently accommodate articulated buses.</p> <ul style="list-style-type: none"> SFMTA may determine that instead of adding more buses to a congested route, it would be more desirable to increase travel speeds along the route. In this case, the project sponsors' contribution would be used to fund a study to identify appropriate and feasible improvements and/or implement a portion of the improvements that would increase travel speeds sufficiently to increase capacity along the bus route such that the project's impacts along the route would be determined to be less than significant. Increased speeds could be accomplished by funding a portion of the planned bus rapid transit system along 16th Street for the 22 Fillmore between Church and Third streets. Adding signals on Pennsylvania Street and 22nd Street may serve to provide increased travel speeds on this relatively short segment of the bus routes. The project sponsors' contribution may not be adequate to fully achieve the capacity increases needed to reduce the project's impacts and SFMTA may need to secure additional sources of funding. <p>Another option to increase capacity along the corridor is to add new a Muni service route in this area. If this option is selected, project sponsors shall fund purchase of the same number of new vehicles outlined in the first option (four for the Maximum Residential Alternative and six for the Maximum Commercial Alternative) to be operated along the new route. By providing an additional service route, a percentage of the current transit riders on the 48 Quintara/24th Street would likely shift to the new route, lowering the capacity utilization below the 85 percent utilization threshold. As for the first option, funding would need to be secured to pay for operating the new route.</p>		<p>spent on implementation of M-TR-5 through purchase of additional buses or alternative measure in accordance with M-TR-5. Capital costs for more than four buses, up to a maximum of six buses, shall only be required if the total gsf of commercial use exceeds the Maximum Residential Scenario total gsf of commercial use, identified in Table 2.3 of the EIR, and if project sponsors demonstrate that the</p>	<p>scenario without the Proposed Project, and the SFMTA has committed to implement M-TR-5, the project sponsors shall provide capital costs for increased capacity on the route in a manner deemed acceptable by SFMTA.</p>

<p>contractors for all construction projects on the Illinois Parcels and 28-Acre Site will be subject to construction-related time-of-day and noise limits specified in Section 2907(a) of the Police Code, as outlined above. Therefore, prior to construction, a Construction Noise Control Plan shall be prepared by the project sponsors and submitted to the Port. The construction noise control plan shall demonstrate compliance with the Noise Ordinance limits. Noise reduction strategies that could be incorporated into this plan to ensure compliance with ordinance limits may include, but are not limited to, the following:</p> <ul style="list-style-type: none"> Require the general contractor to ensure that equipment and trucks used for project construction utilize the best available noise control techniques (e.g., improved mufflers, equipment redesign, use of intake silencers, ducts, engine enclosures, and acoustically-attenuating shields or shrouds). Require the general contractor to locate stationary noise sources (such as the rock/concrete crusher or compressors) as far from adjacent or nearby sensitive receptors as possible, to muffle such noise sources, and to construct barriers around such sources and/or the construction site, which could reduce construction noise by as much as 5 dBA. To further reduce noise, the contractor shall locate stationary equipment in pit areas or excavated areas, to the maximum extent practicable. Require the general contractor to use impact tools (e.g., jack hammers, pavement breakers, and rock drills) that are hydraulically or electrically powered wherever possible to avoid noise associated with compressed air exhaust from pneumatically powered tools. Where use of pneumatic tools is unavoidable, an exhaust muffler on the compressed air exhaust shall be used, along with external noise jackets on the tools, which would reduce noise levels by as much as 10 dBA. 		implementation ongoing during construction.	Control Plan to the Port. A single Noise Control Plan or multiple Noise Control Plans may be produced to address project phasing.	Construction Noise Control Plan to the Port.

<p>order to clearly identify those differences that would be due to the proposed new building(s). In the event the wind tunnel testing determines that design of the building(s) would increase the hours of wind hazard or extent of area subject to hazardous winds beyond those identified in prior wind testing conducted for this EIR and in subsequent wind tunnel analysis required by this mitigation measure, the wind consultant shall notify Port Staff and the building applicant. The building applicant may then propose changes or supplements to the design of the proposed building(s) to eliminate wind hazards. These changes or supplements may include, but are not limited to, changes in design, building orientation, sculpting building(s) to include podiums and roof terraces, adding architectural canopies or screens, or street furniture. All feasible means (changes in design, relocating or reorienting certain building(s), sculpting to include podiums and roof terraces, the addition of architectural canopies or screens, or street furniture) to eliminate wind hazards, if predicted, shall be implemented to the extent necessary to mitigate the impact. After such design changes and features have been considered, the additional effectiveness of landscaping at the size it is proposed to be installed may also be considered. The wind consultant shall then reevaluate the building design(s) with specified changes or supplements. If the wind consultant demonstrates to the satisfaction of Port Staff that the modified design would not create a new wind hazard or contribute to a wind hazard identified in prior wind tunnel testing conducted for this EIR and in subsequent wind analysis required by this mitigation measure, no further review would be required.</p> <p>If the proposed building(s) would result in a wind hazard exceedance, and the only way to eliminate the hazard is to redesign a proposed building, then the building shall be redesigned.</p>

MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency
<p>Mitigation Measure M-HZ-6: Additional Risk Evaluations and Vapor Control Measures for Residential Land Uses</p> <p>The notification submittals required under Mitigation Measure M-HZ-3a shall describe site conditions at the time of development. If residential land uses are proposed at or near locations where soil vapor or groundwater concentrations exceed residential cleanup standards for vapor intrusion (based on information provided in the Pier 70 RMP), this information shall be included in the notification submittal and the RWQCB and DPH determine whether a risk evaluation is required. If required, the project sponsors or future developer(s) shall conduct a risk evaluation in accordance with the Pier 70 RMP. The risk evaluation shall be based on the soil vapor and groundwater quality presented in the Pier 70 RMP and the proposed building design. The project sponsors shall conduct additional soil vapor or groundwater sampling as needed to support the risk evaluation, subject to the approval of the RWQCB and DPH.</p> <p>If the risk evaluation demonstrates that there would be unacceptable health risks to residential users (i.e., greater than 1×10^{-6} incremental cancer risk or a non-cancer hazard index greater than 1), the project sponsors shall incorporate measures into the building design to minimize or eliminate exposure to soil vapor through the vapor intrusion pathway, subject to review and approval by the RWQCB and DPH. Appropriate vapor intrusion measures include, but are not limited to design of a safe building configuration that would preclude vapor intrusion; installation of a vapor barrier; and/or design and installation of an active vapor monitoring and extraction system.</p> <p>If the risk evaluation demonstrates that vapor intrusion risks would be within acceptable levels (less than 1×10^{-6} incremental cancer risk or a non-cancer hazard index less than 1) under a project-specific development scenario, no additional action shall be required. (For instance, the project sponsors could locate all residential uses above the first floor which, in some cases, could eliminate the potential for residential exposure to organic compounds in soil</p>	Project sponsors	Prior to ground-disturbing activities of residential land uses if near locations where soil vapor or groundwater concentrations exceed residential cleanup standard for vapor intrusion.	restriction. Site conditions shall be recorded by the project sponsors and included in the notification submittal to the RWQCB and DPH. If required, the project sponsors shall conduct a risk evaluation in accordance with the Pier 70 RMP and incorporate measures to minimize or eliminate exposure to soil vapor.	Considered complete upon a notification submittal to the RWQCB and DPH. If a risk evaluation and further measures are required, they would be reviewed and approved by the RWQCB and DPH.	Port

MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency
IMPROVEMENT MEASURES FOR THE PIER 70 MIXED-USE DISTRICT PROJECT					
<p>Improvement Measure I-CR-4a: Documentation</p> <p>Before any demolition, rehabilitation, or relocation activities within the UIW Historic District, the project sponsors should retain a professional who meets the Secretary of the Interior's Professional Qualifications Standards for Architectural History to prepare written and photographic documentation of all contributing buildings proposed for demolition within the UIW Historic District. The documentation for the property should be prepared based on the National Park Service's Historic American Building Survey (HABS)/Historic American Engineering Record (HAER) Historical Report Guidelines. This type of documentation is based on a combination of both HABS/HAER standards and National Park Service's policy for photographic documentation, as outlined in the NRHP and National Historic Landmarks Survey Photo Policy Expansion.</p> <p>The written historical data for this documentation should follow HABS/HAER standards. The written data should be accompanied by a sketch plan of the property. Efforts should also be made to locate original construction drawings or plans of the property during the period of significance. If located, these drawings should be photographed, reproduced, and included in the dataset. If construction drawings or plans cannot be located, as-built drawings should be produced.</p> <p>Either HABS/HAER-standard large format or digital photography should be used. If digital photography is used, the ink and paper combinations for printing photographs must be in compliance with NR-NHL Photo Policy Expansion and have a permanency rating of approximately 115 years. Digital photographs should be taken as uncompressed, TIFF file format. The size of each image should be 1,600 by 1,200 pixels at 330 pixels per inch or larger, color format, and printed in black and white. The file name for each electronic image should correspond with the index of photographs and photograph label. Photograph views for the dataset should include (a)</p>	Project sponsors and qualified preservation architect, historic preservation expert, or other qualified individual.	<u>Project Sponsor Documentation</u> Before any demolition, rehabilitation, or relocation activities within the UIW Historic District.	Project sponsors and qualified preservation architect, historic preservation expert, or other qualified individual to complete historic resources documentation, and transmit such documentation to the History Room of the San Francisco Public Library, and to the Northwest Information Center of the California Historical Information Resource System.	Considered complete when documentation is reviewed and approved by Port Preservation Staff, and the documentation is provided to the San Francisco Public Library, and to the Northwest Information Center of the California Historical Information Resource System. contextual views; (b) views of each side of each building and interior views, where possible; (c) oblique views of buildings; and (d) detail views of character-defining features, including features on the interiors of some buildings. All views should be referenced on a photographic key. This photographic key should be on a map of the property and should show the photograph number with an arrow to indicate the direction of the view. Historic photographs should also be collected, reproduced, and included in the dataset. The project sponsors should transmit such documentation to the History Room of the San Francisco Public Library, and to the Northwest Information Center of the California Historical Information Resource System. The project sponsors should scope the documentation measures with Port Preservation staff.					
Improvement Measure I-CR-4b: Public Interpretation Following any demolition, rehabilitation, or relocation activities within the project site, the project sponsors should provide within publicly accessible areas of the project site a permanent display(s) of interpretive materials concerning the history and architectural features of the District's three historical eras (Nineteenth Century, Early Twentieth Century, and World War II), including World War II-era Slipways 5 through 8 and associated crane ways. The display(s) should also document the history of the Irish Hill Remnant, including, for example, the original 70- to 100-foot tall Irish Hill landform and neighborhood of lodging, houses, restaurants, and saloons that occupied the once much larger hill until the earlier twentieth century. The content of the interpretive display(s) should be coordinated and consistent with the sitewide interpretive plan prepared for the 28-Acre Site in coordination with the Port. The specific location, media, and other characteristics of such interpretive display(s) should be presented to Port preservation staff for approval prior to any demolition or removal activities.	Project sponsors should provide a permanent display(s) of interpretive materials concerning the history and architectural features of the District within publicly accessible areas of the project site.	<u>Project sponsors provide permanent display.</u> Following any demolition, rehabilitation, or relocation activities within the project site.	Project sponsors submit documentation of permanent display(s) of interpretive materials.	Considered complete when interpretive materials are presented to Port preservation staff for approval. The materials would then be presented in the publicly accessible area of the project site.	Port

<p>construction activities and pedestrians, bicyclists, transit, and autos during construction activities, the project sponsors should require construction contractor(s) to prepare a traffic control plan for major phases of construction (e.g., demolition and grading, construction, or renovation of individual buildings). The project sponsors and their construction contractor(s) will meet with relevant City agencies to coordinate feasible measures to reduce traffic congestion, including temporary transit stop relocations and other measures to reduce potential traffic and transit disruption and pedestrian circulation effects during major phases of construction. For any work within the public right-of-way, the contractor would be required to comply with San Francisco's Regulations for Working in San Francisco Streets (i.e., the "Blue Book"), which establish rules and permit requirements so that construction activities can be done safely and with the least possible interference with pedestrians, bicyclists, transit, and vehicular traffic. Additionally, non-construction-related truck movements and deliveries should be restricted as feasible during peak hours (generally 7:00 a.m. to 9:00 a.m. and 4:00 p.m. to 6:00 p.m., or other times, as determined by SFMTA and the Transportation Advisory Staff Committee (TASC)).</p> <p>In the event that the construction timeframes of the major phases and other development projects adjacent to the project site overlap, the project sponsors should coordinate with City Agencies through the TASC and the adjacent developers to minimize the severity of any disruption to adjacent land uses and transportation facilities from overlapping construction transportation impacts. The project sponsors, in conjunction with the adjacent developer(s), should propose a construction traffic control plan that includes measures to reduce potential construction traffic conflicts, such as coordinated material drop offs, collective worker parking, and transit to job site and other measures.</p> <p><u>Reduce Single Occupant Vehicle Mode Share for Construction Workers</u> – To minimize parking demand and vehicle trips associated with construction workers, the project sponsors should require the construction contractor to include in the Traffic Control Plan for Construction methods to encourage</p>	construction contractor(s).	building permit. Project construction updates for adjacent residents and businesses within 150 feet would occur throughout the construction phase.	<p>prepare a Traffic Control Plan and meet with relevant City agencies (i.e., SFMTA, Port Staff, and Planning Department) to coordinate feasible measures to reduce traffic congestion.</p> <p>A single traffic control plan or multiple traffic control plans may be produced to address project phasing.</p>	<p>submission of the Traffic Control Plan to the SFMTA and the Port. MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency
walking, bicycling, carpooling, and transit access to the project construction sites and to minimize parking in public rights-of-way by construction workers in the coordinated plan. <u>Project Construction Updates for Adjacent Residents and Businesses</u> – To minimize construction impacts on access for nearby residences, institutions, and businesses, the project sponsors should provide nearby residences and adjacent businesses with regularly-updated information regarding construction, including construction activities, peak construction vehicle activities (e.g., concrete pours), travel lane closures, and lane closures via a newsletter and/or website.					
Improvement Measure I-TR-B: Queue Abatement It should be the responsibility of the owner/operator of any off-street parking facility with more than 20 parking spaces (excluding loading and car-share spaces) to ensure that vehicle queues do not occur regularly on the public right-of-way. A vehicle queue is defined as one or more vehicles (destined to the parking facility) blocking any portion of any public street, alley, or sidewalk for a consecutive period of 3 minutes or longer on a daily or weekly basis. If a recurring queue occurs, the owner/operator of the parking facility should employ abatement methods as needed to abate the queue. Appropriate abatement methods will vary depending on the characteristics and causes of the recurring queue, as well as the characteristics of the parking facility, the street(s) to which the facility connects, and the associated land uses (if applicable). Suggested abatement methods include but are not limited to the following: redesign of facility to improve vehicle circulation and/or on-site queue capacity; employment of parking attendants; installation of LOT FULL signs with active management by parking attendants; use of valet parking or other space-efficient parking techniques; use of off-site parking facilities or shared parking with nearby uses; use of parking occupancy sensors and signage	Project sponsors, owner/operator of any off-street parking facility, and transportation consultant.	On-going during operations of any off-street parking facilities.	The owner/operator of the parking facility should monitor vehicle queues in the public right-of-way, and would employ abatement measures as needed. If the Port Director, or his or her designee, suspects that a recurring queue is present, the Port should notify the property owner in writing. The owner/operator should hire a transportation consultant to	Monitoring of the public right-of-way would be on-going by the owner/operator of off-street parking operations.	Port, Planning Department

directing drivers to available spaces; TDM strategies such as additional bicycle parking, customer shuttles, delivery services; and/or parking demand management strategies such as parking time limits, paid parking, time-of-day parking surcharge, or validated parking. If the Port Director, or his or her designee, suspects that a recurring queue is present, Port Staff should notify the property owner in writing. Upon request, the owner/operator should hire a qualified transportation consultant to evaluate the conditions at the site for no less than 7 days. The consultant should prepare a monitoring report to be submitted to the Port for review. If the Port determines that a recurring queue does exist, the facility owner/operator should have 90 days from the date of the written determination to abate the queue.			prepare a monitoring report and if a recurring queue does exist, the owner/operator would abate the queue.		
Improvement Measure I-TR-C: Strategies to Enhance Transportation Conditions During Events. The project's Transportation Coordinator should participate as a member of the Mission Bay Ballpark Transportation Coordination Committee (MBBTCC) and provide at least 1-month notification to the MBBTCC where feasible prior to the start of any then known event that would overlap with an event at AT&T Park. The City and the project sponsors should meet to discuss transportation and scheduling logistics for occasions with multiple events in the area.	Project sponsors, TMA, parks maintenance entity, parks programming entity, and/or Transportation Coordinator.	Prior to the start of any known event that would overlap with an event at AT&T Park.	Project sponsors and Transportation Coordinator to meet with MBBTCC and City to discuss transportation and scheduling logistics for occasions with multiple events in the area.	Include in MMRP Annual Report: On-going during project lifespan.	Port, Planning Department, SFMTA
Improvement Measure I-WS-3a: Wind Reduction for Public Open Spaces and Pedestrian and Bicycle Areas For each development phase, a qualified wind consultant should prepare a wind impact and mitigation analysis regarding the proposed design of public open spaces and the surrounding proposed buildings. Feasible means should be considered to improve wind comfort conditions for each public open space, particularly for any public seating areas. These feasible means include horizontal and vertical, partially-porous wind screens (including canopies,	Project sponsors and qualified wind consultant. PARCEL LEASE EXHIBIT K

TRANSPORTATION PROGRAM

I. Transportation Fee.

A. **Payment by Vertical Developers.** Each Vertical Developer shall pay to SFMTA a "Transportation Fee" that SFMTA will use and allocate in accordance with Section I.B below. The Transportation Fee must meet all requirements of and will be payable on all vertical development in the 28-Acre Site in accordance with Planning Code sections 411A.1-411A.8. Under the Development Agreement and this Transportation Program:

- The Transportation Fee will be payable on any development project on the 28-Acre Site, except Affordable Housing Projects pursuant to Planning Code section 406(b), and Historic Building 21, Historic Building 12, and Parcel E4.
- The Transportation Fee will be calculated at 100% of the applicable TSF rate without a discount under Section 411A.3(d). The 28-Acre Site Project shall be subject to 100% of the applicable TSF rate as if it were a project submitted under 411A.3(d)(3). The amount of the Transportation Fee for each applicable land use category will be identical to the amount for the same land use category in the Fee Schedule in Planning Code section 411A.5 as in effect when the Port issues the first Construction Permit for each building.

B. **Accounting and Use of Transportation Fee by SFMTA.** Section 411A.7 will apply except as follows. The Treasurer will account for all Transportation Fees paid for each development project on the 28-Acre Site (the "Total Fee Amount"). SFMTA will use an amount equal to or greater than the Total Fee Amount to pay for uses permitted by the TSF Fund under Planning Code section 411A.7, including SFMTA and other agencies' costs to design, permit, construct, and install a series of transportation improvements in the area surrounding the SUD. SFMTA and other implementing agencies will be responsible for all costs associated with the design, permitting, construction, installation, maintenance, and operation of these improvements above the Total Fee Amount. SFMTA will report to the Planning Director on any use of the Total Fee Amount in any reporting period for the Annual Review under the Development Agreement. Examples of projects that SFMTA may fund with the Total Fee Amount include:

- 16th Street Ferry Landing. Construction of a new ferry terminal at Mission Bay and support of other water transit, including a network of water taxi/small water ferry docks along the waterfront.
- T-Third Enhancements. Reliability and capacity enhancements, including flashing "Train Coming" signs, in-ground detectors at to-be-identified intersections, and additional light rail vehicles (LRV) as needed to serve the growing population along the line.
- 10, 11, 12, and other MUNI lines that are planned to serve 28-Acre Site Project neighborhood.¹ Capital improvements, including buses, associated with newly proposed MUNI routes, and re-routing of existing MUNI lines to better serve transit riders in the Dogpatch, Mission Bay, and Potrero Hill neighborhoods. Operation plans for all Muni service is contingent on the SFMTA Board of Directors adoption of an operating budget.
 - Consulting in good faith with the neighborhood stakeholders, SFMTA will design and implement, in a timely manner, new MUNI routes, alignments, and/or other service enhancements in the Pier 70 area to improve service for residents, visitors, and workers, to the extent technically feasible. Emphasis will be placed on connecting existing and developing population and job centers, neighborhood destinations and regional transit, including, but not limited to, connections to 16th Street BART and the 22nd Street Caltrain Station.

¹ Project payment for Mitigation Measure M-TR-5 will not be requested by the SFMTA until after Project's contribution to the 10, 11, 12, and other Muni lines planned to serve the 28-Acre Site Project neighborhood are expended, provided relevant impacts still exist.

- Muni Metro East. Capital costs associated with an expanded facility for on-site rebuilds, capacity for expanded bus and LRV fleet, and tracks for storage.
- Mission Bay E-W Bike Connector. Implementation of a connection across tracks, likely between 17th Street and Owens Street, to connect the 4th Street bikeway on east side and the 17th Street bikeway on west side.
- Terry A. Francois Boulevard Cycletrack. Implementation of bicycle access on Terry A. Francois Boulevard, including multi-use (peds/bikes) access on the 3rd Street Bridge and associated signal modifications.
- North-south bike connection on Indiana Street. Implementation of bicycle connection along Indiana Street from Cesar Chavez Boulevard to Mariposa Street.
- Upgraded bicycle access on Cesar Chavez Boulevard. Implementation of a lane along Cesar Chavez Boulevard from US 1-280/Pennsylvania to Illinois Street, including elements such as bulbs, islands, and restriping.
- Pedestrian improvements. Implement improved sidewalks and crosswalks as needed at various gap locations throughout the adjacent Dogpatch neighborhood, as identified in partnership with community and City partners.

Nothing in this Transportation Program will prevent or limit the City's absolute discretion to: (i) conduct environmental review in connection with any future proposal for improvements; (ii) make any modifications or select feasible alternatives to future proposals that the City deems necessary to conform to any applicable laws, including CEQA; (iii) balance benefits against unavoidable significant impacts before taking final action; (iv) determine not to proceed with such future proposals; or (v) obtain any required approvals for the improvements.

II. TDM Plan.

Developer shall implement the Transportation Demand Management ("TDM") Plan attached as **TP Schedule 1** and otherwise comply with EIR Mitigation Measure M-AQ-1f, attached as **TP Schedule 2**. Under Planning Code section 169.4(e), the Zoning Administrator shall approve and order the recordation of the TDM Plan against the 28-Acre Site, and it shall be enforceable though the Notice of Violation procedures in the Planning Code, or any other applicable provision of law. The Zoning Administrator shall retain the discretion to determine what constitutes a separate violation in this context. The Planning Code procedures shall apply, except that the Zoning Administrator shall have discretion to impose a penalty of up to \$250 per violation. Developer agrees to a TDM Plan that vehicle trips associated with the 28-Acre Site will not exceed 80% of the vehicle trips calculated for 28-Acre Site Project in the Transportation Impact Study. The TDM measures (the "**TDM Measures**") outlined in the TDM Plan, or made in consultation with the relevant agencies, must achieve the TDM Plan.

In accordance with the Pier 70 TDM Plan, Pier 70 shall operate a free public shuttle to riders, funded by the Pier 70 TMA, providing direct connections between Pier 70 and regional transit. The Pier 70 shuttle routes will be designed to provide an attractive alternative to using private vehicles to access Pier 70, and shall take into account area congestion and neighborhood input. In compliance with mitigation measure M-AQ-1f, Pier 70 will provide the SFMTA with shuttle ridership data. The SFMTA will use the resulting data to monitor on-going demand for new or modified MUNI service and to inform further MUNI service planning in the Pier 70 area.

Developer's TDM Plan and related obligations under this Transportation Program will begin when the Port or DBI issues a Temporary Certificate of Occupancy for the first building at the 28-Acre Site and remain in effect for the life of the 28-Acre Site Project.

III. SFMTA Contact

SFMTA commits to designating a staff person to follow up on the transportation related components of the 28-Acre Site Project, including this Exhibit, the DA, and the FEIR. This staff person will be a point person for the Developer and the community.

IV. RPP Permits

The 28-Acre Site Project will not be eligible for Residential Parking Permits under Transportation Code Section 405. Developer has agreed that such restriction will be included in the Conditions, Covenants and Restrictions (CC&Rs) of the Project.

AECOM

Pier 70 Special Use District TDM Program

July 24, 2017

TRANSPORTATION DEMAND MANAGEMENT

The Project (defined as the area within the Pier 70 Special Use District) will implement TDM measures designed to produce 20% fewer driving trips than identified by the project's Transportation Impact Study ("Reduction Target") for project build out, as identified in Table 1, below.

Table 1: Trip Reduction Target from EIR Trip Estimates

Period	EIR Auto Trip Estimate at Project Build-Out	Auto Trips Reflecting 20% Reduction ("Reduction Target")
Daily	34,790	27,832

To do this, the TDM Plan creates a TDM Program that will support and promote sustainable modes and disincentivize the use of private automobiles, particularly single-occupancy vehicles, among residents, employees, and visitors. This chapter outlines the different strategies that Project, initially, will employ to meet those goals, including the formation of a Transportation Management Association (TMA). The TMA will be responsible for the administration, monitoring, and adjustment of the TDM Plan and program over time. In addition to meeting the Reduction Target, the following overall TDM goals are proposed to ensure that the Project creates an enjoyable, safe, and inviting place for residents, workers, and visitors.

1.1 TDM Goals

In addition to meeting the Reduction Target described above, the TDM program will include measures that contribute to the following goals:

- Encourage residents, workers, and visitors to the Project site to use sustainable transportation modes and provide resources and incentives to do so.
- Make the Project site an appealing place to live, work and recreate by reducing the number of cars on the roadways and creating an active public realm.
- Integrate the Project into the existing community by maintaining the surrounding neighborhood character and seamlessly integrating the Project into the established street and transportation network.
- Provide high quality and convenient access to open space and the waterfront.
- Promote pedestrian and bike safety by integrating bicycle and pedestrian-friendly streetscaping throughout the Project site.
- Improve access to high quality transit, including Caltrain, BART, and Muni light rail.
- Reduce the impact of the Project on neighboring communities, including reducing traffic congestion and parking impacts.

1.2 TDM Approach

The fundamental principle behind the TDM program is that travel habits can be influenced through incentives and disincentives, investment in sustainable transportation options, and educational and marketing efforts. Recognizing this principle, the following section describes the TDM program, including its basic structure, as well as logistical issues, such as administration and maintenance of the program.

The Project's land use and site design principles, including creating a dense, mixed-use area that provides neighborhood and office services within walking distance from residential and commercial buildings and the creation of walkable and bicycle-friendly streets, will work synergistically with the TDM program to achieve the Project's transportation goals.

Planning Code Section 169 (TDM) requires that master planned projects such as Pier 70 meet the spirit of the TDM Ordinance, and acknowledges that there may be unique opportunities and strategies presented by master planned projects to do so. If, in the future, the Port establishes its own TDM program across its various properties, the Project will have the right, but not the obligation, to consolidate TDM efforts with this larger plan. In all cases, the Project will coordinate with a Port-wide TDM program, should it exist. In the absence of such a Port-wide program now, the Project is proposing the site-specific TDM program structure outlined below.

As previously mentioned, in order to meet the Project goals to reduce Project-related one-way vehicular traffic by 20%¹—and to create a sustainable development, the Project's TDM program will be administered and maintained by a TMA. Existing examples of TMAs include the Mission Bay TMA and TMA SF Connects.

The TMA will provide services available to all residents and workers at the Project site. The TMA will be funded by an annual assessment of all buildings in the Pier 70 Special Use District area (excluding Buildings 12, 21 and E4). The TMA will be responsible for working with future subtenants of the site (e.g., employers, HOAs, property managers, residents) to ensure that they are actively engaging with the TDM program and that the Program meets their needs as it achieves or exceeds the driving trip reduction targets. Upon agreeing to lease property at the Project, these subtenants will become "members" of the TMA and able to take advantage of the TDM program services provided through the TMA. The TMA will be led by a board of directors which will be composed of representatives from diverse stakeholders that will include the Port (as the current property owner), the SFMTA (as the public agency responsible for oversight of transportation in the City), and representatives of various buildings that have been constructed at the site. The board of directors may also include representatives from commercial office tenants or homeowners' associations.

Day-to-day operations of the TMA will be handled by a staff that would work under the high-level direction provided by the board of directors. The lead staff position will serve as the onsite Transportation Coordinator (TC) (also referred to as the "TDM Coordinator"), functioning as the TMA's liaison with subtenants in the implementation of the TDM program and as the TMA's representative in discussions with the City.

The TC will perform a variety of duties to support the implementation of the TDM program, including educating residents, employers, employees, and visitors of the Project site about the range of

¹ Reduction in trips is in comparison to trip generation expectations from the EIR.

transportation options available to them. The TC would also assist with event-specific TDM planning and monitoring, and reporting on the success and effectiveness of the TDM program overall. The TC may be implemented as a full-time position, or as a part-time position shared with other development projects. The TMA will have the ability to adjust TDM program to respond to success or failure of certain components.

1.2.1 The TMA Website

The TMA, through the onsite TC, would be responsible for the creation, operation, and maintenance of a frequently updated website that provides information related to the Project's TDM program. The TMA's website would include information on the following (and other relevant transportation information):

- Connecting shuttle service (e.g., routes and timetables);
- General information on transit access (e.g., route maps and real-time arrival data for Muni, Caltrain, and BART);
- Bikesharing stations on site and in the vicinity;
- On- and off-street parking facilities pricing (e.g., pricing, location/maps and real-time occupancy);
- Carsharing pods on site and in the vicinity,
- Ridematching services; and
- Emergency Ride Home (ERH) program.

1.3 Summary of TDM Measures

Table 2 provides a summary of the TDM measures to be implemented at the Project by the TMA. The following sections provide more detail on the measures as organized by measures that are applicable site-wide, those that target residents only, and those that target non-residents (workers and visitors) only. The applicable measures will be ready to be implemented upon issuance of each certificate of occupancy.

Table 2: Summary of Pier 70 TDM Measures

Measure ²	Description	Applicability		
		Site-wide	Residential	Non-Residential
Improve Walking Conditions	Provide streetscape improvements to encourage walking	✓		
Bicycle Parking	Provide secure bicycle parking	✓		
Showers and Lockers	Provide on-site showers and lockers so commuters can travel by active modes			✓
Bike Share Membership	Property Manager/HOA to offer contribution of 100% toward first year membership; one per dwelling unit		✓	

² Where applicable, measure names attempt to be consistent with names of measures in San Francisco's TDM Program

Measure ²	Description	Applicability		
		Site-wide	Residential	Non-Residential
Bicycle Repair Station	Each market-rate buildings shall provide one bicycle repair station		✓	
Fleet of Bicycles	Sponsor at least one bikeshare station at Pier 70 for residents, employees, and/or guests to use	✓		
Bicycle Valet Parking	For large events (over 2,000), provide monitored bicycle parking for 20% of guests	✓		
Car Share Parking & Membership	Provide car share parking per code. Property Manager/HOA to offer contribution of 100% toward first year membership; one per dwelling unit		✓	
Delivery Supportive Amenities	Facilitate deliveries with a staffed reception desk, lockers, or other accommodations, where appropriate.	✓		
Family TDM Amenities	Encourage storage for car seats near car share parking, cargo bikes and shopping carts	✓		
On-site Childcare	Provide on-site childcare services	✓		
Family TDM Package	Require minimum number of cargo or trailer bike parking spaces		✓	
Contributions or Incentives for Sustainable Transportation	Property Manager/HOA to offer one subsidy (40% cost of MUNI "M" pass) per month for each dwelling unit		✓	
Shuttle Bus Service	Provide shuttle bus services	✓		
Multimodal Wayfinding Signage	Provide directional signage for locating transportation services (shuttle stop) and amenities (bicycle parking)	✓		
Real Time Transportation Information Displays	Provide large screen or monitor that displays transit arrival and departure information	✓		
Tailored Transportation Marketing Services	Provide residents and employees with information about travel options	✓		
On-site Affordable Housing	Provide on-site affordable housing as part of a residential project		✓	
Unbundle Parking	Separate the cost of parking from the cost of rent, lease or ownership	✓		
Prohibition of Residential Parking Permits (RPP)	No RPP area may be established at or expanded into the Project site		✓	
Parking Supply	Provide less accessory parking than the neighborhood parking rate	✓		
Emergency Ride Home Program	Ensure that every employer is registered for the program and that employees are aware of the program			✓

1.4 Site-wide Transportation Demand Management Strategies

The following are site-wide TDM strategies that will be provided to support driving trip reductions by all users of the Project.

1.4.1 Improve Walking Conditions

The Project will significantly improve walking conditions at the site by providing logical, accessible, lighted, and attractive sidewalks and pathways. Sidewalks will be provided along most new streets and existing streets will be improved with curbs and sidewalks as necessary. The street design includes improvements to streets and sidewalks to enhance the pedestrian experience and promote the safety of pedestrians as a top priority. In addition, ground floor retail will create an active ground plan that promotes comfortable and interesting streetscapes for pedestrians.

1.4.2 Encourage Bicycling

Bicycling will be encouraged for all users of the site by providing well-designed and well-lit bike parking in residential and commercial buildings, in district parking, and also in key open space and activity nodes. Bicycle parking will be provided in at least the amounts required by the Planning Code at the time a building secures building permits. Furthermore, valet bicycle parking will be provided for large events (over 2,000) to accommodate 20% of guests. In addition to bicycle parking, the Project will fund at least one bikeshare station on site, including the cost of installation and operation for three years, for residents, employees, and or guests to use. This will help reduce the cost-burden of purchasing a bike and increase convenience. Bicycle facilities provided at the Project site will help improve connectivity to existing bike facilities on Illinois Street and the Bay Trail.

1.4.3 Tailored Transportation Marketing Services and Commuter Benefits

Tailored marketing services will provide information to the different users of the site about travel options and aid in modal decision making. For example, the TMA will be responsible for notifying employers about the San Francisco Commuter Benefits Ordinance, the Bay Area Commuter Benefits Program, and California's Parking Cash-Out law when they sign property leases at the site and disseminating general information about the ordinances on the TMA's website. The TMA will provide information and resources to support on-site employers in enrolling in pre-tax commuter benefits, and in establishing flex time policies.

Employers will be encouraged to consider enrolling in programs or enlisting services to assist in tracking employee commutes, such as Luum and Rideamigos. The services offered by these platforms include the development of incentive programs to encourage employees to use transit, customized commute assistance resources, tracking the environmental impact of employee commutes, and assessing program effectiveness. As the TMA works with on-site employers, other useful resources that support sustainable commute modes may be identified and provided by the TMA.

1.4.4 Car Share Parking

The Project will provide car share parking in the amounts specified by Planning Code Section 166 for applicable new construction buildings.

1.4.5 Shuttle Service

A shuttle will be operated at Pier 70 serving to connect site users (residents, employees, and visitors) with local and regional transit hubs. The shuttle service will aim to augment any existing transit services and it is not intended to compete with or replicate Muni service. Shuttle routes, frequencies, and service standards will be planned in cooperation with SFMTA staff. In addition, coordination and integration of the shuttle program with other developments in the area will be considered, including with Mission Bay and future development at the former Potrero Power Plant. The necessity of the shuttle service will continue to be assessed as transit service improves in the Pier 70 area over time.

Any shuttles operated by the Project will secure safe and legal loading zones for passenger boarding and alighting, both in the site and off-site. Shuttles will be free and open to the public and be accessible per ADA standards. Shuttles will comply with any applicable laws and regulations.

1.4.6 Parking

The Project is subject to an aggregate, site-wide parking maximum based on the following ratios:

- Residential parking maximums are set to 0.60 spaces per residential unit; and
- Commercial Office parking maximums are set to 1 space per 1,500 gross square feet; and
- Retail shall have 0 parking spaces.

The cost of parking will be unbundled, or separate from the cost of rent, lease, or ownership at the Project. Complying with San Francisco Planning Code, residential parking will not be sold or rented with residential units in either for-sale or rental buildings. Residents or workers who wish to have a car onsite will have to pay separately for use of a parking space. Residential and non-residential parking spaces will be leased at market rate.

Non-residential parking rates shall maintain a rate or fee structure such that:

- Base hourly and daily parking rates are established and offered.
- Base daily rates shall not reflect a discount compared to base hourly parking rates; calculation of base daily rates shall assume a ten-hour day.
- Weekly, monthly, or similar-time specific periods shall not reflect a discount compared to base daily parking rates, and rate shall assume a five-day week.
- Daily or hourly rates may be raised above base rate level to address increased demand, for instance during special events.

1.4.7 Displays and Wayfinding Signage

Real time transportation information displays (e.g., large television screens or computer monitors) will be provided in prominent locations (e.g., entry/exit areas, lobbies, elevator bays) on the project site highlighting sustainable transportation options. The displays shall be provided at each office building larger than 200,000 SF and each residential building of more than 150 units, and include arrival and departure information, such as NextBus information, as well as the availability of car share vehicles and shared bicycles as such information is available. In addition, multimodal wayfinding signage will be provided to help site users locate transportation services (such as shuttle stops) and amenities (such as bicycle parking). Highly visible information and signage will encourage and facilitate the use of these resources.

AECOM

1.4.8 Family Amenities

Five percent of residential Class 1 bicycle parking will be designated for cargo and trailer bicycles. In addition, services and amenities will be encouraged to support the transportation needs of families, including storage for strollers and car seats near car share parking. On-site child care services will also be provided to further support families with children and reduce commuting distances between households, places of employment, and childcare.

1.5 Residential Transportation Demand Management Strategies

Strategies for reducing automobile use for residents of Pier 70 are discussed in the following sections.

1.5.1 Encourage Transit

All homeowners' associations and property managers will offer one subsidy (equivalent to 40% cost of Muni M pass or future equivalent Muni monthly pass) per month for each dwelling unit. These would likely consist of Clipper Cards that work for Muni, BART, and Caltrain and are auto-loaded with a certain cash value each month. In addition, tailored marketing services will provide information to residents about travel options and aid in modal decision making.

1.5.2 Bicycles

Indoor secure bicycle parking will be provided for residents in at least the amounts required by the Planning Code at the time the building secures building permits. Property Managers and HOA's will offer a contribution of 100% towards the first year's membership cost in a bikeshare program at a rate of one membership per dwelling unit. In addition, each market-rate residential building shall provide a bicycle repair station in a secure area of the building.

1.5.3 Car Share Membership

Property managers and HOA's will offer a contribution of 100% towards the first year's membership cost in a car share program at a rate of one membership per dwelling unit. Any user fees will be the responsibility of the resident member.

1.5.4 Family TDM Package

Amenities for families residing at the Project will be encouraged, such as car share memberships and other family amenities, including stroller and car seat storage and cargo bicycle parking.

1.5.5 Prohibition of Residential Parking Permits

Residential permit parking (RPP) will be prohibited at the Project site, and residents of Pier 70 will not be eligible for the neighboring Dogpatch RPP. This restriction is recorded within the Project's Master Covenants, Codes and Restrictions (CC&R) documents. This approach to RPP is intended to complement the Project's unbundled parking policy by ensuring that residents pay market rate for parking and that residential parking does not spill over onto neighborhood RPP streets.

1.6 Non-residential Transportation Management Strategies

As with residents, there are several ways to encourage public transit and other sustainable modes of travel for employees and visitors to the Project site.

1.6.1 Emergency Ride Home Program

San Francisco provides an emergency ride home (ERH) program that reimburses the cost of a taxi ride home for an employee who commutes to work by a sustainable mode (transit, bicycling, walking, or carpool/vanpool) and has an unexpected emergency such as personal or family related illness or unscheduled overtime. Any employee in San Francisco is eligible as long as the employer has registered. Registration is free for employers. The ERH program is a safety net that may remove a barrier to sustainable commute choices. The TMA will ensure that every employer tenant on-site is registered for the Emergency Ride Home program and that employees are aware of the program.

1.6.2 Bicycles

Indoor secure bicycle parking will be provided for employees at least in the amount required by the Planning Code at the time the building secures building permits. Showers and lockers for employee use will also be provided at least in the amount required by the Planning Code in order to support active travel modes for commuting. Employees will be encouraged to participate in Bike to Work Day events by the TMA. As previously mentioned, the Project will provide at least one bikeshare station that would be available to residents, employees, and visitors.

1.7 Special Event Transportation Management Strategies

The Project's open spaces will host a variety of public events, including evening happy hours, outdoor film screenings, music concerts, fairs and markets, food events, street festivals art exhibitions and theatre performances. Typical events may occur several times a month, with an attendance from 500 to 750 people. Larger-scale events would occur approximately four times a year, with an attendance up to 5,000 people. All events in parks or open spaces require permitting approval by the Port.

The TMA will work with the open space management team and any building managers or retailers to establish and implement transportation management plans for specific events. Transportation management plans will consider best practices and lessons learned from other San Francisco events and event venues. Event scheduling will attempt to minimize overlapping of events with AT&T Park and the Chase Event Center as required by the Environmental Impact Report. Event transportation management plans can include the following mechanisms:

- Directional signage for vehicles accessing the site
- Charging event pricing for parking associated with special events;
- Dedicated passenger loading zones in the site;
- Staffed and secure bicycle valet parking;
- Identifying and rewarding guests who ride their bicycles, walk, or transit to events (i.e., free giveaways);
- Encouraging customers at the time of ticket sales to take public transportation, walk, or bicycle to the events, and providing reminders and trip planning tools to support them in doing so;
- Disseminating the recommended transportation options on different marketing outlets (with ticket receipt, online channels, Pier 70 website, TMA website, etc.);

AECOM

- Identifying offsite parking and using shuttles to transport visitors between the event venues, offsite parking, and transit hubs, as needed; and,
- Encouraging guests to arrive early and stay onsite longer by promoting local vendors, restaurants, etc., to spread and reduce pre- and post-event peaking effects.

Successful special event transportation management plans will minimize driving trips and promote sustainable modes of access to events. The TMA will monitor the effectiveness of these event management strategies, and at SFMTA's request, meet with SFMTA to consider revised approaches to event management.

1.7.1 Street Closures

During larger events and temporary programming, Maryland Street between 21st and 22nd Streets is expected to seek permits to be closed to motor vehicle traffic through the City's Interdepartmental Staff Committee of Traffic and Transportation (ISCOTT) process. Street closures would be in effect anywhere from a few hours to an entire day. In advance and during any street closure, event organizers must provide sufficient street signage to discourage driving to the site during the event and to route motor vehicles through the site and minimize queuing and impacts to circulation in and around the Project site. The recommended vehicular loop will be through 22nd Street (west of Louisiana Street), Louisiana Street (south of 21st Street), and 21st Street (west of Louisiana Street), with drop-off zones located on Louisiana Street. 21st Street (east of Louisiana Street) would serve as a loading/service alley for events.

1.8 Monitoring, Evaluation, and Refinement

The Pier 70 TMA, through an on-site Transportation Coordinator, shall collect data and make monitoring reports available for review and approval by the Planning Department staff. Monitoring data shall be collected and reports shall be submitted to Planning Department staff every year (referred to as "reporting periods"), until five consecutive reporting periods display the project has met the reduction goal, at which point monitoring data shall be submitted to Planning Department staff once every three years. The first monitoring report is required 18 months after issuance of the First Certificate of Occupancy for buildings that include off-street parking or the establishment of surface parking lots or garages that bring the project's total number of off-street parking spaces to greater than or equal to 500. Each trip count and survey (see below for description) shall be completed within 30 days following the end of the applicable reporting period. Each monitoring report shall be completed within 90 days following the applicable reporting period. The timing shall be modified such that a new monitoring report shall be required 12 months after adjustments are made to the TDM Plan in order to meet the reduction goal, as may be required in the "TDM Plan Adjustments" heading below. In addition, the timing may be modified by the Planning Department as needed to consolidate this requirement with other monitoring and/or reporting requirements for the project.

Table 3 below provides the EIR trip estimates for each phase identified in the EIR, as well as the number of trips for each phase reflecting a 20 percent reduction. Annual monitoring reports will compare progress against the trip estimates in Table 3 to assess progress, however the Project will not be considered out of compliance with either this Plan or Project mitigation measure M-AQ-1f unless the Reduction Target calculated for the fully built out project (see Table 1) has been exceeded.

The findings will be reported out to the Planning Department, as described in the Mitigation Monitoring and Reporting Program (MMRP). The monitoring reports are intended to satisfy the requirements of Project mitigation measure M-AQ-1f, M-TR-5, M-C-TR-4A, and M-C-TR-4B. If, however, separate reporting is preferred by the TMA, separate reports are acceptable.

Based on findings from the evaluation and with input from SFMTA and the Planning Department, the Project will refine the TDM Plan by improving existing measures (e.g., additional incentives, changes to shuttle schedule), including new measures (e.g., a new technology), or removing existing measures, in order to achieve the Project's Reduction Target, as well as monitor progress against the trip estimates for each phase outlined below. It will be especially important to refine strategies as new transportation options are put into place in the area and as the TMA learns which strategies are most effective in shaping the transportation behaviors of the site users.

Table 3: Auto Trip Estimates by Phase

Phase	Residential			Commercial			Phase Trip Estimates	
	Units	Cum. Units	%	GSF	Cum. GSF	%	EIR Auto Trip Estimates (by phase)	Auto Trip Target ¹
Phase 1	300	300	18%	6,600	6,600	0%	1,072	858
Phase 2	690	990	60%	348,200	354,800	16%	9,970	8,834
Phase 3	375	1,365	83%	673,900	1,028,700	45%	7,662	14,963
Phase 4	280	1,645	100%	747,450	1,776,150	79%	12,241	24,756
Phase 5	0	1,645	100%	486,200	2,262,350	100%	3,845	27,832

Notes:

1. Represents 20 percent reduction target.

1.8.1 Purpose

The Plan has a commitment to reduce daily one-way vehicle trips by 20 percent compared to the total number of one-way vehicle trips identified in the project's Transportation Impact Study at project build-out ("Reduction Target"). To ensure that this reduction goal could be reasonably achieved, the TDM Plan will have a monitoring goal of reducing by 20 percent the one-way vehicle trips calculated for each building that has received a Certificate of Occupancy and is at least 75% occupied compared to the one-way vehicle trips anticipated for that building based on anticipated development on that parcel, using the trip generation rates contained within the project's Transportation Impact Study. The Plan must be adjusted if three consecutive monitoring results demonstrate that the TDM program is not achieving the TDM objectives. TDM adjustments will be made in consultation with the SFMTA and the Planning Department until three consecutive reporting periods' monitoring results demonstrate that the reduction goal is achieved.

If the TDM Plan does not achieve the Reduction Target for three consecutive monitoring results, the Plan must also be adjusted as described above. If, following the three consecutive monitoring periods, the TDM Plan still does not achieve the Reduction Target, the Planning Department may impose additional measures on the Project including capital or operational improvements intended to reduce

VMT, or other measures that support sustainable trip making, until the Plan achieves the Reduction Target.

1.8.2 Monitoring Methods

The Transportation Coordinator shall collect data (or work with a third party consultant to collect this data) and prepare annual monitoring reports for review and approval by the Planning Department and the SFMTA. The monitoring report, including trip counts and surveys, shall include the following components or comparable alternative methodology and components as approved or provided by Planning Department staff:

- **Trip Count and Intercept Survey:** Trip count and intercept survey of persons and vehicles arriving and leaving the project site for no less than two days of the reporting period between 6:00 a.m. and 8:00 p.m. One day shall be a Tuesday, Wednesday, or Thursday during one week without federally recognized holidays, and another day shall be a Tuesday, Wednesday, or Thursday during another week without federally recognized holidays. The trip count and intercept survey shall be prepared by a qualified transportation or qualified survey consultant and the methodology shall be approved by the Planning Department prior to conducting the components of the trip count and intercept survey. It is anticipated that the Planning Department will have a standard trip count and intercept survey methodology developed and available to project sponsors at the time of data collection.
- **Travel Demand Information:** The above trip count and survey information shall be able to provide travel demand analysis characteristics (work and non-work trip counts, origins and destinations of trips to/from the project site, and modal split information) as outlined in the Planning Department's Transportation Impact Analysis Guidelines for Environmental Review, October 2002, or subsequent updates in effect at the time of the survey.
- **Documentation of Plan Implementation:** The TDM Coordinator shall work in conjunction with the Planning Department to develop a survey (online or paper) that can be reasonably completed by the TDM Coordinator and/or TMA staff to document the implementation of TDM program elements and other basic information during the reporting period. This survey shall be included in the monitoring report submitted to Planning Department staff.
- **Degree of Implementation:** The monitoring report shall include descriptions of the degree of implementation (e.g., how many tenants or visitors the TDM Plan will benefit, and on which locations within the site measures will be/have been placed, etc.)
- **Assistance and Confidentiality:** Planning Department staff will assist the TDM Coordinator on questions regarding the components of the monitoring report and shall ensure that the identity of individual survey responders is protected.

Additional methods (described below) may be used to identify opportunities to make the TDM program more effective and to identify challenges that the program is facing.

1.8.3 Monitoring Documentation

Monitoring data and efforts will be documented in an Annual TMA Report. Monitoring data shall be collected and reports shall be submitted to Planning Department staff every year (referred to as "reporting periods"), until five consecutive reporting periods display the project has met the reduction goal, at which point monitoring data shall be submitted to Planning Department staff once every three years. The first monitoring report is required 18 months after issuance of the First Certificate of Occupancy for buildings that include off-street parking or the establishment of surface parking lots or

garages that bring the project's total number of off-street parking spaces to greater than or equal to 500. Each trip count and survey (see section 1.8.2 for description) shall be completed within 30 days following the end of the applicable reporting period. Each monitoring report shall be completed within 90 days following the applicable reporting period. The timing shall be modified such that a new monitoring report shall be required 12 months after adjustments are made to the TDM Plan in order to meet the reduction goal, as may be required in the "Compliance and TDM Plan Adjustments" heading below. In addition, the timing may be modified by the Planning Department as needed to consolidate this requirement with other monitoring and/or reporting requirements for the project.

1.8.4 Compliance and TDM Plan Adjustments

The Project has a compliance commitment of achieving a 20 percent daily one-way vehicle trip reduction from the EIR's analysis of full build out, as described in Table 1. To ensure that this reduction could be reasonably achieved, the project will employ TDM measures to ensure that each phase's auto trips generated are no more than 80% of the trips estimated for the development within that phase, as shown in Table 3.

Monitoring data will be submitted to Planning Department staff every year, starting 18 months after the certificate of occupancy of the first building, until five consecutive reporting periods indicate that the fully-built Project has met the Reduction Target. Following the initial compliance period, monitoring data will be submitted to the Planning Department staff once every three years.

If three consecutive reporting periods demonstrate that the TDM Plan is not achieving the Reduction Target, or the interim target estimates identified in Table 3 above, TDM adjustments will be made in consultation with the SFMTA and the Planning Department and may require refinements to existing measures (e.g., change to subsidies, increased bicycle parking), inclusion of new measures (e.g., a new technology), or removal of existing measures (e.g., measures shown to be ineffective or induce vehicle trips).

If three consecutive reporting periods' monitoring results demonstrate that measures within the TDM Plan are not achieving the Reduction Target, or the interim target estimates identified in Table 3 above, the TDM Plan adjustments shall occur within 270 days following the last consecutive reporting period. The TDM Plan adjustments shall occur until three consecutive reporting periods' monitoring results demonstrate that the reduction goal is achieved. If the TDM Plan does not achieve the Reduction Target then the Planning Department shall impose additional measures to reduce vehicle trips as prescribed under the development agreement, which may include restriction of additional off-street parking spaces beyond those previously established on the site, capital or operational improvements intended to reduce vehicle trips from the project, or other measures that support sustainable trip making, until three consecutive reporting periods' monitoring results demonstrate that the reduction goal is achieved.

TP SCHEDULE 2

EIR Mitigation Measure M-AQ-1f

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency
<i>Air Quality Mitigation Measures</i>					
<p>Mitigation Measure M-AQ-1f: Transportation Demand Management.</p> <p>The project sponsors shall prepare and implement a Transportation Demand Management (TDM) Plan with a goal of reducing estimated daily one-way vehicle trips by 20 percent compared to the total number of daily one-way vehicle trips identified in the project's Transportation Impact Study at project build-out. To ensure that this reduction goal could be reasonably achieved, the TDM Plan will have a monitoring goal of reducing by 20 percent the daily one-way vehicle trips calculated for each building that has received a Certificate of Occupancy and is at least 75% occupied compared to the daily one-way vehicle trips anticipated for that building based on anticipated development on that parcel, using the trip generation rates contained within the project's Transportation Impact Study. There shall be a Transportation Management Association that would be responsible for the administration, monitoring, and adjustment of the TDM Plan. The project sponsor is responsible for identifying the components of the TDM Plan that could reasonably be expected to achieve the reduction goal for each new building associated with the project, and for making good faith efforts to implement them. The TDM Plan may include, but is not limited to, the types of measures summarized below for explanatory example purposes. Actual TDM measures selected should include those from the TDM Program Standards, which describe the scope and applicability of candidate measures in detail and include:</p> <ul style="list-style-type: none"> • Active Transportation: Provision of streetscape improvements to encourage walking, secure bicycle parking, shower and locker facilities for cyclists, subsidized bike share memberships for project occupants, bicycle repair and maintenance services, and other bicycle-related services; • Car-Share: Provision of car-share parking spaces and subsidized 	Developer to prepare and implement the TDM Plan, which will be implemented by the Transportation Management Association and will be binding on all development parcels.	Developer to prepare TDM Plan and submit to <u>Planning Staff</u> prior to approval of the project	<p>Project sponsors to submit the TDM Plan to <u>Planning Staff</u> for review.</p> <p>Transportation Demand Management Association to submit monitoring report annually to <u>Planning Staff</u> and implement TDM Plan Adjustments (if required).</p>	<p>The TDM Plan is considered complete upon approval by the <u>Planning Staff</u>.</p> <p>Annual monitoring reports would be on-going during project buildout, or until five consecutive reporting periods show that the project has met its reduction goals, at which point reports would be submitted every three years.</p>	Planning Department

The TDM Plan adjustments shall occur until three consecutive reporting periods' monitoring results demonstrate that the reduction goal is achieved. If the TDM Plan does not achieve the reduction goal then the City shall impose additional measures to reduce vehicle trips as prescribed under the development agreement, which may include restriction of additional off-street parking spaces beyond those previously established on the site, capital or operational improvements intended to reduce vehicle trips from the project, or other measures that support sustainable trip making, until three consecutive reporting periods' monitoring results demonstrate that the reduction goal is achieved.</p>					

Parcel Lease Exhibit L
Form of Facilities Condition Report

FACILITIES CONDITION REPORT

Parcel []

Date: []

This Facilities Condition Report is being delivered to Port pursuant to Section 10.2 of that certain Lease dated _____ by and between _____ ("Tenant") and the Port with respect to the property commonly known as _____ (the "Property"). The purpose of this Facilities Condition Report is to document the condition of the Property and to assist Tenant in developing cost estimates needed for capital planning, deferred maintenance and life-cycle replacement costs.

This Facilities Condition Report was prepared by _____ following a visual inspection of the Property and review of written notices of Building Code violations, if any, received by the Property owner (a "Code Violation Notice").

<u>Building System or Component</u>	<u>Narrative Summary of Condition</u>	<u>Immediate Repair Recommended to Address any Code Violation Notice</u> (If none, write "None")	<u>Short Term Repair and Renewal Recommendations¹</u> (If none, write "None")	<u>Long Term Repair and Renewal Recommendations²</u> (If none, write "None")	<u>Estimated Cost of Recommended Repair</u>	<u>Estimated Remaining Useful Life</u>
1. Building Site (Topography, drainage, retaining walls, paving, curbing, lighting)						

¹ Short term repairs will include any repair recommended to occur prior to the next regularly scheduled Facilities Condition Report.

² Long term repairs will include any repair recommended to occur following the next regularly scheduled Facilities Condition Report.

PIER 70 28-ACRE SITE WORKFORCE DEVELOPMENT PLAN

I. Project Background. The development plan for the 28-Acre Site under the Transaction Documents provides for the development of a new mixed-use neighborhood composed of office, retail, market rate and affordable residential uses, as well as entirely new infrastructure, utilities, parks and open space. This Workforce Development Plan sets forth the activities Developer and Vertical Developer shall undertake, and require their Construction Contractors, Consultants, Subcontractors, Subconsultants, and Commercial Tenants, as applicable, to undertake, to support workforce development in both the construction and end use phases of the 28-Acre Site Project, as set forth in this Workforce Development Plan.

The Port and Developer have entered into the DDA that provides for the development of the 28-Acre Site Project in a series of Phases. In connection with the DDA, the Port and the Developer will enter into a Master Lease providing Developer the right to construct Horizontal Improvements within the 28-Acre Site Project after Port approval of Phase Submittals and issuance of necessary Regulatory Approvals. Developer will enter into contracts with Contractors and Consultants to construct all Horizontal Improvements allowed under the Master Lease.

The DDA also sets forth a process for the conveyance of Option Parcels by Parcel Leases to Vertical Developers. When a Vertical Developer is selected, the Port and the Vertical Developer will enter into a Vertical DDA that provides the procedures for the Port's delivery of a Parcel Lease to the Vertical Developer and sets forth the rights and obligations for the Vertical Developer's construction of Vertical Improvements and Deferred Infrastructure. Vertical Developers will enter into contracts with Construction Contractors and Consultants to construct the Vertical Improvements allowed in the Vertical DDAs. Upon completion of the Vertical Improvements, the applicable Parcel Lease, between the Port and the Vertical Developer, shall govern the operation and use of the Vertical Improvements.

II. Purpose of the Workforce Development Plan. This Workforce Development Plan sets forth the employment and contracting requirements for the construction and operation of the 28-Acre Site Project. This Workforce Development Plan has been jointly prepared by the Port and Developer (on behalf of itself and each Vertical Developer), in consultation with others including OEWD and other relevant City Agencies.

The purpose of this Workforce Development Plan is to ensure training, employment and economic development opportunities are part of the development and operation of the 28-Acre Site Project. This Workforce Development Plan creates a mechanism to provide employment and economic development opportunities for economically disadvantaged persons and San Francisco residents. The Port and Developer agree that job creation and equal opportunity contracting opportunities in all areas of employment are an essential part of the redevelopment of Pier 70. The Port and Developer agree that it is in the best interests of the 28-Acre Site Project and the City for a portion of the jobs and contracting opportunities to be directed, to the extent possible based on the type of work required, and subject to collective bargaining agreements, to local, small and economically disadvantaged companies and individuals whenever there is a qualified candidate.

This Workforce Development Plan identifies goals for achieving this objective and outlines certain measures that will be undertaken in order to help ensure that these goals and objectives are successfully met. In recognition of the unique circumstances and requirements surrounding the 28-Acre Site Project, the Port, OEWD and Developer have agreed that this Workforce Development Plan will constitute the exclusive workforce requirements for the 28-Acre Site Project.

This Workforce Development Plan requires:

- Developer or Vertical Developers to fund certain OEWD job readiness and training programs run by CityBuild and TechSF.
- Developer or Vertical Developer shall include in all leases, subleases or other occupancy contracts provisions that require all Permanent Employers that occupy more than 25,000 gsf to enter into a First Source Hiring Agreement (in the forms attached hereto as Attachment A-1 and Attachment A-2) that will require participation in the City's Workforce System towards the hiring goals of Chapter 83 hiring goals applicable to Covered Operations for First Source referrals and, where applicable, partnership with TechSF. Developer shall also include in such leases, subleases or other occupancy contracts provisions that require Lessees and service providers to identify a single point of contact and contact OEWD's Business Services team to discuss its obligations under the First Source Hiring Agreement.
- On an annual basis, Developer shall provide First Source program and contact information to Permanent Employers that occupy less than 25,000 gsf, so they may avail themselves of referral services offered by OEWD.
- Developer and Vertical Developers of projects that are not otherwise covered by local hire requirements to enter into a First Source Hiring Agreement for Construction (in the form of Attachment A-3 attached hereto).
- Developer and Vertical Developers to meet the hiring and apprenticeship goals applicable to certain construction work for Local Residents and Disadvantaged Workers for Covered Projects as set forth in Attachment B (Local Hiring Requirements).
- Developer and Vertical Developers to meet the utilization and outreach goals applicable to certain construction work for Local Business Enterprises in accordance with the requirements set forth in Attachment C (LBE Utilization Plan).
- Developer to meet the outreach goals applicable to the initial leasing of retail space suitable for use by local diverse small businesses.

The foregoing summary is provided for convenience and for informational purposes only. In case of any conflict between this Workforce Development Plan and the **DDA**, the provisions of this Workforce Development Plan shall control.

III. Workforce Development Plan.

A. DEFINITIONS

The following terms specific to this Workforce Development Plan have the meanings given to them below or are defined where indicated. Other initially capitalized terms are defined in the **Appendix Part B** or in other Transaction Documents. This Workforce Development Plan and all Workforce-Development Plan-specific definitions will prevail over any other Transaction Document in relation to the rights and obligations of Developer's and Vertical Developers with respect to workforce development. All references to the DDA or Vertical DDA, as applicable, include this Workforce Development Plan unless explicitly stated otherwise.¹

"Chapter 83" is defined in Section III.D.2 hereof.

"Commercial Activity" means retail sales and services, restaurant, hotel, education and office uses, technology and biotechnology business, and any other non-profit or for-profit commercial uses permitted under the SUD that are conducted within a Vertical Improvement.

"Commercial Lease" is defined in Section III.D.2 hereof.

"Commercial Tenant" means a tenant, subtenant or other occupant that enters into a lease, sublease or other occupancy contract for a Covered Operation.

"Construction Contractor" means a construction contractor hired by or on behalf of Developer or a Vertical Developer who performs Construction Work on the 28-Acre Site or other construction work otherwise covered under the LBE Utilization Plan or First Source Hiring Agreement for Construction (in the form of Attachment A-3 attached hereto).

"Construction Work" means, as applicable, (a) the initial construction of all Horizontal Improvements required or permitted to be made to the 28-Acre Site to be carried out by Developer under the DDA, (b) the initial construction of all Vertical Improvements to be carried out by a Vertical Developer under a Vertical DDA, and (c) initial tenant improvement work for all Vertical Improvements other than light industrial, arts activities or standalone affordable buildings. For the avoidance of doubt, Construction Work for Vertical Improvements shall not include any repairs, maintenance, renovations or other construction work performed after issuance of the first certificate of occupancy for a Vertical Improvement.

"Construction Workforce Requirements" is defined in Section III.C.1 hereof.

"Consultant" is defined in Attachment C attached hereto.

"Covered Operations" means (i) Commercial Activity which results in the expansion of entry and apprentice level positions that are located within a newly constructed Vertical Improvement or an addition, or alteration thereto, where the Vertical Improvement (or addition or alteration thereto) contains more than 25,000 gross square feet in floor area, and (ii) the operation of a Residential Project containing more than 25,000 square feet or more than 10 Residential Units. Covered Operations do not include (a) any operations or activities conducted by tenants, subtenants or owners of Residential Units, (b) Residential Projects containing less than 25,000 square feet or fewer than 10 dwelling units, (c) Vertical Improvements containing less than 25,000 square feet and (d) activities or operations conducted by tenants, subtenants and other occupants of less than 25,000 gross square feet of sublease space within a Vertical Improvement.

"Disadvantaged Worker(s)" is defined in Attachment B attached hereto.

"Final, Binding and Non-Appealable" means 90-days after the subject approval, or if a third party files an action challenging the approval during such 90-day period, thirty days after the final judgment or other resolution of the action or issue.

"FSHA" means the City's First Source Hiring Administration..

"FSHA Operations Agreement" means a First Source Hiring Agreement for Business, Commercial, Operation and Lease Occupancy of the Building, for Permanent Employers or for Permanent Tech Employers, as more particularly described in Section III.D.2. hereof.

"Internship" shall mean a learning and career preparation method that occurs within the context of a course or program. Internships include career exploration and direct experience and include guidance by staff, mentors, employers, and peers. An intern obtains a good understanding of the requirements of the occupation and an overview of all aspects of their chosen industry, and develops college and career readiness and success skills, such as critical thinking, problem-solving, collaboration and communication.

"Job Readiness and Training Funds" is defined in Section III.B.1 hereof.

"Lessee" shall mean a Tenant, business operator and any other occupant of a commercial office building. Lessee shall include every person, tenant, subtenant, or any other entity occupying the building for the intent of doing business in the City and County of San Francisco and possessing a Business Registration Certificate with the Office of Treasurer.

"Local Business Enterprise(s)" or **"LBE"** means a firm that has been certified as an LBE as set forth in Administrative Code Chapter 14B (Local Business Enterprise Utilization and Non-Discrimination in Contracting Ordinance).

"Local Resident(s)" is defined on Attachment C attached hereto.

"NEDO" is a neighborhood economic development organization.

"OEWD" means the City's Office of Economic & Workforce Development.

"Operations Workforce Requirements" is defined in Section D.1 hereof.

"Permanent Employer" shall mean each employer in a Covered Operation.

"Permanent Tech Employer" shall mean a Permanent Employer that both (i) employs primarily Technology Occupations and Technology-Enabled Occupations, and (ii) occupies more than 25,000 gsf within the 28-Acre Site Project.

"Prevailing Rate of Wages". The Prevailing Rate of Wages as defined in Section 6.1, and established under subsections 6.22(e)(3) and 6.22(f), of the Administrative Code.

"Prevailing Wage Covered Project" means Construction Work within the 28-Acre Site with an estimated cost in excess of the Threshold Amount.

"Referral" shall mean a member of the Workforce System who has participated in an OEWD workforce training program.

"Registered Apprenticeship" shall mean a work experience that combines formal job-related technical instruction with structured on-the-job learning experiences. Apprentices are hired by employer at the outset of a training program, and the training program is pre-approved by the US Department of Labor (USDOL) or California Division of Apprenticeship Standards (DAS). Registered apprentices receive progressive wages commensurate with their skill attainment throughout an apprenticeship training program. Upon successful completion of all phases of on-the-job learning and related instruction components, registered apprentices receive nationally recognized certificates of completion issued by the USDOL or DAS.

"Subconsultant" is defined in Attachment C attached hereto.

"Subcontractor" is defined in Attachment A3 attached hereto.

"TechSF" shall mean a program which has been established by the City and County of San Francisco and managed by the OEWD, to provide training, education and job placement assistance services to jobseekers, and connects local employers to a qualified workforce in order to help all involved benefit from the growth of the local technology industry, Technology-Enabled Occupations and Technology Occupations across all sectors. For the purposes of this document, this term will refer to any successor programs, which provide similar services.

"Technology-Enabled Occupations" shall mean occupations that require skills related to Information, Media and ICT Literacy as highlighted in California's Digital Literacy definition, "[one's capacity] for using digital technology, communications tools, and/or networks in creating, accessing, analyzing, managing, integrating, evaluating, and communicating information in order to function in a knowledge based economy and society." Technology-Enabled Occupations require the ability to analyze, access and work with common computing and communications devices, operating systems, networking systems and applications. These occupations require the ability to understand and use ICT computing, communications and information technologies; use technologies for advance research, analysis and administrative operations. These occupations also require the ability to create, interpret and work with an increasing variety of digital media.

“Technology Occupations” shall mean positions that require core competencies in information and communication technology (ICT) systems and solutions. These occupations develop and deploy technologies and infrastructures to both support their enterprise and product users. Additionally, technology occupations require skills in research, design, development and analysis of custom technological products: including but not limited to software, web, application, and cloud-based products. Technology occupations also include positions that are related to the sales, marketing and engineering of these technology-based products. Technology occupations typically occur in the major industry clusters as defined by the North American Industry Classification System (NAICS): Software Publishers; Wired Telecommunications; Wireless Telecommunications; Satellite Communications; Data Processing, Hosting and Related Services; Internet Publishing and Broadcasting and Web Search Portals; and Computer Systems Design. Major technology occupation clusters as identified by the Bureau of Labor Statistics include but are not limited to: information support and services; network systems; program and software development; and web and digital communications.

“Threshold Amount” as defined in Section 6.1 of the San Francisco Administrative Code.

“Work Experience” shall mean any experience which combine an on-the-job learning component with related classroom instruction designed to maximize the value of on-the-job experiences. Work Experience Education is classified in the California Education Code as General, Exploratory, or Vocational. General work experience exposes students to the world of work; exploratory work experience also allows students to experience a variety of careers; and vocational work experience allows students to explore a career interest in greater depth.

“Workforce System” is defined in Attachment A1 attached hereto.

B. WORKFORCE JOB READINESS AND TRAINING FUNDS.

1. **Application.** Developer will provide OEWD with \$1 Million in funding to support the job training and readiness programs run by CityBuild and TechSF as more particularly set forth in this Section III.B.1 (all funds required under this Section III.B.1, the **“Job Readiness and Training Funds”**). The funding requirements under Sections III.B.2 and III.B.3 will be binding on Developer and its successors and assigns under the DDA. The funding requirements under Section III.B.4 will be binding on Developer or may be assigned to the applicable Vertical Developer under the terms of their Vertical DDA and/or Parcel Lease.
2. **CityBuild Program.** The 28-Acre Site Project will pay a total of \$250,000 across the three Phases of development in accordance with this Section III.B.2 that the City will use to fund CityBuild programs.
 - a. **Purpose and Amount.** The 28-Acre Site Project will pay the City a total of \$250,000 that the City will use to fund CityBuild programs run by OEWD’s Workforce Development Division. Funds will be allocated by amount and program in OEWD’s discretion, but such programs may include the CityBuild Academy, an 18-week pre-apprenticeship training

program that prepares citywide residents for entry into the trades; the Construction Administration & Professional Service Academy, an 18-week program offered at City College of San Francisco that prepares San Francisco residents for entry-level careers as professional construction office administrators; or the CityBuild Women's Mentorship Program, a volunteer program that connects women construction leaders with experienced professional and mentors.

- b. Manner and Timing of Payment. Developer will pay the CityBuild program funds in accordance with the following schedule:

- i. Phase 1: Developer will pay the City \$83,333 within fifteen days after the Phase 1 Approval becomes Final, Binding and Non-Appealable.
- ii. Phase 2: Developer will pay the City \$83,333 within fifteen days after the Phase 2 Approval becomes Final, Binding and Non-Appealable.
- iii. Phase 3: Developer will pay the City \$83,334 within fifteen days after the Phase 3 Approval becomes Final, Binding and Non-Appealable.

3. **CityBuild Services.** The 28-Acre Site Project will pay a total of \$100,000 that will be used to remove barriers to permanent employment.

- a. Purpose and Amount. The 28-Acre Site Project will pay \$100,000 to fund the delivery of services to assist individuals, interested in entering CityBuild or the trades, with addressing barriers to employment. The services will offer case management and supportive services (driver license, housing, union dues, tools, uniform/boots). The resources will be primarily for Bayview Hunter's Point neighborhood residents and surrounding areas. The participants will be assessed for their appropriateness to work in construction and will be provided services to assist them with entering a career in construction. These funds will be distributed directly to Young Community Developers. The participants will be assessed for their appropriateness to work in construction and will be provided services to assist them with entering a career in construction.

- b. Manner and Timing of Payment. Developer will make the payment directly to Young Community Developers within fifteen days after the Phase 1 Approval become Final, Binding and Non-Appealable.

4. **TechSF Bridge Training for BVHP/Dogpatch Communities & Targeted End Use Jobs.** The 28-Acre Site Project will pay \$650,000 associated with commercial-office development in Phase 1 and in future Phases, in accordance with this Section.

- a. Purpose and Amount. The Vertical Developers of the first commercial-office project in Phase 1 and the Vertical Developer of the first commercial-office project to be developed in any subsequent Phase will be required to pay funds to the City that will be used by OEWD to support moderate-skilled job training and education programs that prepare individuals in the Bayview Hunter's Point neighborhood residents and surrounding areas in zip codes 94124, 94107, 94103, 94102, 94110, 94134, 94115, and 94112 and other disadvantaged citywide residents for technology (e.g., IT administrator, data scientist, etc.) and technology-enabled (e.g., office administration) office skills positions for Lessee's new employee hiring and incumbent employee advancement offered through the TechSF initiative or OEWD-identified partners. Tech SF will customize technology training based on the types of Lessee leasing space within the Phase, which may include office skills, advanced manufacturing or biotech technology training.
- b. Manner and Timing of Payment.
- i. Phase 1: The Vertical DDA for the first office-commercial project in Phase 1 will require the Vertical Developer to pay to the City \$325,000 as a condition to issuance of the first Construction Document for the Vertical Improvements.
- ii. Phase 2 or 3: The Vertical DDA for the first office-commercial project to be proposed in Phase 2 (or the first office-commercial project to be proposed in Phase 3 if no office commercial project is proposed for Phase 2) will require the Vertical Developer to pay to the City \$325,000 as a condition to issuance of the first Construction Document for the Vertical Improvements.
- c. Accounting. Developer and Vertical Developers will have no right to challenge the appropriateness of or the amount of any expenditure, so long as it is used in accordance with the provisions of this Section III.B.4. The Job Readiness and Training Funds may be commingled with other funds of the City for purposes of investment and safekeeping, but the City shall maintain records as part of the City's accounting system to account for all the expenditures for a period of four (4) years following the date of the expenditure, and make such records available upon Developer's request.
- d. Board Authorization. By approving the DDA and form of Vertical DDA, including this Workforce Development Plan, the Board of Supervisors authorizes the City (including OEWD) to accept and expend the Job Readiness and Training Funds paid by the Developer as set forth herein. The Board of Supervisors also agrees that any interest earned on any the Job Readiness and Training Funds shall remain in designated accounts for use by OEWD for workforce readiness and training consistent with this Exhibit O and shall not be transferred to the City's general fund.

C. CONSTRUCTION WORK

1. **Application.** Developers, Vertical Developers and Construction Contractors shall comply with the applicable provisions of this Section III.C.1 (the "Construction Workforce Requirements") that are requirements of the DDA with respect to Developer; and of the Vertical DDA with respect to Vertical Developers.
2. **Local Hiring Requirements.** Developer, all Vertical Developers and Construction Contractors (and their subcontractors regardless of tier) must comply with the Local Hiring Requirements set forth on Attachment B attached hereto with respect to Covered Projects (as defined therein).
3. **First Source Hiring Program for Construction Work.** Developer, with respect to any Horizontal Improvements that are not subject to the Local Hiring Requirements, and each Vertical Developer with respect to each Vertical Improvement that is not subject to the Local Hiring Requirements, will enter into a Memorandum of Understanding with the City's First Source Hiring Administration in the form attached hereto as Attachment A-3 under which each Developer and Vertical Developer must include in their contracts with Construction Contractors for Construction Work that is not subject to the Local Hiring Requirements, a requirement that the applicable Construction Contractor enter into a First Source Hiring Agreement in the form attached thereto as Exhibit A, and to provide a signed copy of the relevant Form exhibits to the FSHA.
4. **Local Business Enterprise Requirements.** Developer, all Vertical Developers and their respective Contractors and Consultants (as defined in Attachment C) must comply with the Local Business Enterprise Utilization Program set forth in Attachment C hereto.
5. **Obligations; Limitations on Liability.** Developer and each Vertical Developer shall use good faith efforts, working with the OEWD or its designee, to enforce the applicable Construction Workforce Requirements with respect to its Construction Contractors (as defined above), Contractors and Consultants (as defined in Attachment C), and each Construction Contractor, Contractor and Consultant, as applicable, shall use good faith efforts, working with OEWD or its designee, to enforce the Construction Workforce Requirements with respect to its Subcontractors and Subconsultants (regardless of tier). However, Developer and Vertical Developers shall not be liable for the failure of their respective Construction Contractors, Contractors and Consultants, and Construction Contractors, Contractors and Consultants shall not be liable for the failure of their respective Subcontractors and Subconsultants.
6. **Prevailing Wages.**
 - a. **Prevailing Wages.** Subject to any collective bargaining agreements in the building trades, Developer, all Vertical Developers and Construction Contractors (and their subcontractors regardless of tier) must (A) pay, and

shall require its respective Construction Contractors (and subcontractors regardless of tier) to pay, all persons performing work on a Prevailing Wage Covered Project no less than the applicable Prevailing Rate of Wages, and (B) comply with, and require its Contractors and Subcontractors to comply with, the provisions of Administrative Code 23.61, which requires Contractors and Subcontractors to comply with Administrative Code subsections 6.22(e)(5), (6), (7) and subsection 6.22(f) for any Prevailing Wage Covered Project.

- b. Enforcement. City's Office of Labor Standards Enforcement ("OLSE") enforces labor laws adopted by San Francisco voters and the San Francisco Board of Supervisors. The Port designates OLSE as the agency responsible for ensuring that prevailing wages are paid and other payroll requirements are met in connection with the Work.

D. PROJECT OPERATIONS

1. Application. Covered Operations within the 28-Acre Site Project will be subject to the applicable First Source Hiring Requirements (including TechSF) and Retail Marketing Requirements set forth in this **Section III.D.1** (collectively, the "**Operations Workforce Requirements**"). The Operations Workforce Requirements will be binding on Vertical Developers entering into Parcel Leases.

2. **First Source Hiring Program for Operations.**

- a. First Source Hiring Agreements. Port and Developer will ensure that the Parcel Lease for each Option Parcel will require the Vertical Developer as tenant thereunder to comply with the operational requirements of the then-current Administrative Code Chapter 83 ("**Chapter 83**") in accordance with this Workforce Development Plan (subject to limitations on Changes to Existing City Laws as provided in Section 5.3 of the Development Agreement). Compliance with Chapter 83 will be achieved by the following:

- i. Vertical Developer will include in all leases, subleases or other occupancy contracts for Covered Operations (each, a "**Commercial Lease**"), a requirement that the Commercial Tenant enter into a FSHA Operations Agreement in the form attached hereto as Attachment A-1.
- ii. Vertical Developer will require the applicable party to provide a signed copy of each FSHA Operations Agreement within 10 business days of execution of the Commercial Lease.
- iii. With the execution of each applicable Commercial Lease, Vertical Developer will provide information and require Lessee to notify OEWD Business Services.

b. First Source Hiring Agreements for Permanent Tech Employers. The purpose of the FSHA Tech Operations Agreement is to facilitate job training and education opportunities for participants in the TechSF Program. In addition to the First Source Hiring Agreements above, Port and Developer will ensure that the Parcel Lease for each Option Parcel will require the Vertical Developer as tenant thereunder to :

- i. If Vertical Developer is a Permanent Tech Employer, provide hiring executive(s) contact information to OEWD Business Services for itself, and enter into a FSHA Tech Operations Agreement in the form of Attachment A-2;
- ii. Vertical Developer will include in all lease, subleases or other occupancy contracts for Covered Operations (each, a "**Commercial Lease**"), a requirement that the Commercial Tenant to enter into the FSHA Tech Operations Agreement in the form in Attachment A-2; and
- iii. Provide contact information for any Commercial Tenant that is a Permanent Tech Employer. Vertical Developer will provide the executive(s) contact information within 10 days of execution of, or, if available, prior to execution of the applicable Commercial Lease, and will provide updated contact information annually thereafter.
- iv. With the execution of each applicable Commercial Lease with a Permanent Tech Employer, Vertical Developer will provide information related to TechSF and require Lessee to notify OEWD Business Services staff. Vertical Developer will only be required to provide information as supplied to it by OEWD Business Services staff. If no information is supplied by OEWD Business Services staff, then this subsection will be deemed complete.

3. **Local Diverse Small Business Retail Marketing Program.**

- a. Application. Developer, working with its Vertical Developer Affiliates, the Port of San Francisco and OEWD will implement a program that provides opportunities for diverse and local small businesses to become part of the future revitalization of Pier 70 in accordance with this Section III.D.3.
- b. Program Goals. Developer, working with its Vertical Developer Affiliates, the Port of San Francisco and OEWD will implement a program that provides opportunities for diverse and local small businesses to become part of the future revitalization of Pier 70 designed to (i) attract and support diverse small businesses in retail, PDR, arts and commercial spaces within the 28-Acre Site, with a specific focus on District 10

entrepreneurs and businesses, and to (ii) leverage resources available through existing local, state and federal programs delivered through local partner organizations (e.g., OEWD, NEDOs, *etc.*). Developer, working with its Vertical Developer Affiliates, will seek to incorporate 5% local small diverse businesses within traditional retail and PDR spaces in the 28-Acre Site Project, excluding Parcel E4.

c. Marketing Program.

i. Using its best available information, Developer will provide in each Phase Submittal, the projected commercial space available in the Phase and a general overview of retail, PDR, arts and commercial spaces that could be available for sublease within the applicable Phase to local diverse small businesses. To the extent feasible, the information will include the items described below, at a conceptual level, with the understanding that the description will be based on Developer's best projections at the time, but will be subject to change as the Phase is developed:

- (1) Potential type of use: retail, services, PDR, restaurant, *etc.*;
- (2) Type of space: new construction, rehabilitated space, floor to ceiling heights, likely mechanical systems, loading access, parking availability;
- (3) Approximate size of spaces;
- (4) Location: building parcels and street/park frontage locations;
- (5) Projected timing: timing for delivery of core and shell space availability and anticipated lease sign target date prior to the delivery of core and shell; and
- (6) Contact: name of broker or Developer contact for any follow up questions.

ii. Developer will provide Port and OEWD with an update to the information described above within six to eight months after the initial Phase Submittal if the information provided with the Phase Submittal has changed materially.

iii. During each Phase, Developer will coordinate with OEWD and real estate brokers with the goal of identifying small businesses that might lease space within Vertical Improvements in the Phase by complying with the following process:

- (1) From and after the applicable Phase Approval, Developer provide information on the potential leasing opportunities to OEWD. OEWD to coordinate businesses, entrepreneurs, and NEDOs about potential opportunities.
- (2) OEWD/Small Business Services will provide support through during lease negotiations with local diverse small businesses identified through this marketing program and engage 1-2 NEDOs that serve small businesses with specific focus on those based in District 10. It is anticipated that OEWD will require each NEDO to provide the following services:
 - (a) Initial consultation to determine potential businesses and entrepreneurs to conduct outreach about potential opportunities at the 28-Acre Site.
 - (b) Consultation with entrepreneurs and businesses necessary to successfully locate their business at the 28-Acre Site. This could include services typically provided by NEDOs such as business plan support, small business financing, loan applications, understanding bank underwriting criteria, and training in basic financial management concepts, including, building equity, maintaining adequate working capital, managing growth and other issues critical to the growth and financial stability of the businesses.
 - (c) NEDOs will identify businesses/entrepreneurs that are eligible and interested in leasing space at Pier 70.
 - (d) NEDOs will share information on outreach events and conversations with OEWD and Developer.
 - (e) Provide support during lease negotiations with local diverse small businesses identified through this marketing program.

iv. Subject to restrictions on visitor-serving Priority Retail Frontages on Parcels E1, E2 and E3 set forth in Section 7.20 of the DDA, Developer, working through its Vertical Developer Affiliates, will specifically consider neighborhood-serving retail and services that could potentially sublease space subject to Parcel Leases between Port and Vertical Developer Affiliates, including grocery stores, dry cleaners, hardware, after-school programs, recreation and activity spaces, and similar neighborhood-serving businesses.

v. Developer, through its Vertical Developer Affiliates, will engage brokers to manage the overall marketing and outreach strategy for leasing of commercial, retail, and neighborhood spaces within

Option Parcels taken down by Vertical Developer Affiliates, including the Building 12 market hall. When entering into such contracts with brokers, Developer will emphasize the goals of the small business program and the marketing information prepared by Developer at the beginning of each Phase and will require the applicable broker(s) to engage with the businesses that OEWD/NEDOs have identified in clause (iii) above for the potential spaces available.

- d. Sublease Commitments. Developer, working through its Vertical Developer Affiliates, will use good faith efforts to market new sublease space coming on the market with the initial opening of each Vertical Improvement to diverse local small businesses that it identifies through the marketing program described in **Subsection III.D.3.c** above, at fair market rents and subject to then-existing market conditions. In order to provide time for the small business to develop, Developer will provide a mutual option to extend after the initial lease term. The initial term and option to extend would be a minimum of 8 years. In its evaluation of potential subtenants hereunder, Developer, acting through its Vertical Developer Affiliates, will consider the history and past success of the proposed retail subtenant and its business, as well as the type of business, its ability to enhance the overall 28-Acre Site Project, and its long term viability. Each such potential subtenant must meet standard experience and financial qualifications associated with investment reporting, including (i) the proposed programmatic layout; (ii) its long term proforma and business model; and (iii) financial qualifications, which may include reasonable guarantees of performance.

E. GENERAL PROVISIONS

1. **Enforcement.** OEWD shall have the authority to enforce the Construction Workforce Requirements and the Operations Workforce Requirements. The Port and OEWD staff agree to work cooperatively to create efficiencies and avoid redundancies and to implement this Workforce Development Plan in good faith, and to work with all of the 28-Acre Site Project's stakeholders, including Developer and Vertical Developers, Construction Contractors (and Subcontractors) and Permanent Employers, in a fair, nondiscriminatory and consistent manner.
2. **Third Party Beneficiaries.** Each contract for Construction Work and Covered Operations shall provide that OEWD shall have third party beneficiary rights thereunder for the limited purpose of enforcing the requirements of this Workforce Development Plan applicable to such party directly against such party.
3. **Flexibility.** Some jobs will be better suited to meeting or exceeding the hiring goals than others, hence all workforce hiring goals under a Construction Contract will be cumulative, not individual, goals for that Construction Contract or

Permanent Employer. In addition, Developer and Vertical Developers shall have the right to reasonably spread the workforce goals, in different percentages, among separate Construction Contracts or Permanent Employers so long as the cumulative goals among all of the Construction Contracts or Permanent Employers at any given time meet the requirements of this Workforce Development Plan. The parties shall make such modifications to the applicable First Source Hiring Agreements consistent with Developer and Vertical Developers' allocation. This acknowledgement does not alter in any way the requirement that Developer, Vertical Developers, Construction Contractors and Permanent Employers comply with good faith effort obligations to meet their respective participation goals for the Construction Work and Covered Operations.

4. **Exclusivity.** In recognition of the unique circumstances and requirements surrounding the 28-Acre Site Project, the Port, OEWD and Developer have agreed that this Workforce Development Plan will constitute the exclusive workforce requirements for the 28-Acre Site Project. Without limiting the generality of the foregoing, if the City implements or modifies any workforce development policy or requirements after the date of this Workforce Development Plan, whether relating to construction or operations, that would otherwise apply to the 28-Acre Site Project and Developer asserts that such change as applied to the 28-Acre Site Project would be prohibited by the Development Agreement (including an increase in the obligations of Developer, any Vertical Developer, or their contractors under any provisions of the DDA or any Vertical DDA), then the parties shall resolve the issue through the Dispute Resolution procedures of Section III.F below.

F. DISPUTE RESOLUTION.

1. **Meet and Confer.** In the event of any dispute under this Workforce Development Plan (including, without limitation, as to compliance with this Workforce Development Plan), the parties to such dispute shall meet and confer in an attempt to resolve the dispute. The parties shall negotiate in good faith for a period of 10 business days in an attempt to resolve the dispute; provided that the complaining party may proceed immediately to the Arbitration Provisions of Attachment D (Dispute Resolution) attached hereto, without engaging in such a conference or negotiations, if the facts could reasonably be construed to support the issuance of a temporary restraining order or a preliminary injunction.
2. **Arbitration.** Disputes arising under this Workforce Development Plan may be submitted to the provisions of Attachment D (Dispute Resolution) hereof if the meet and confer provision of Section III.F.1 above does not result in resolution of the dispute.

Attachment A-1

Form of First Source Hiring Agreement for Operations

City and County of San Francisco First Source Hiring Program

Office of Economic and Workforce
Development Workforce
Development Division

Attachment A-1: First Source Hiring Agreement

For Business, Commercial, Operation and Lease Occupancy of a Vertical Improvement

This First Source Hiring Agreement (this "FSHA Operations Agreement"), is made as of _____, by and between _____ (the "Lessee"), and the First Source Hiring Administration, (the "FSHA"), collectively the "Parties":

RECITALS

WHEREAS, Lessee has plans to occupy a portion of the building at [Address] (the "Premises") which required a First Source Hiring Agreement between the contractor and FSHA because the Premises is subject to a property contract between [Developer/Vertical Developer] and the City acting through the San Francisco Port Commission;

WHEREAS, the [Developer/Vertical Developer] was required to provide notice in leases, subleases and other occupancy contracts for use of the Premises ("Contract"); and

WHEREAS, as a material part of the consideration given by Lessee under the Contract, Lessee has agreed to execute this FSHA Operations Agreement and participate in the Workforce System managed by the Office of Economic and Workforce Development ("OEWD") as established by the City and County of San Francisco pursuant to Chapter 83 of the San Francisco Administrative Code ("Chapter 83");

[Use the following WHEREAS for Vertical Developer operations of Vertical Improvements]

WHEREAS, Lessee has plans to operate the building at [Address] (the "Premises") which required a First Source Hiring Agreement between the contractor and FSHA because the Premises is subject to a property contract between Lessee and the City acting through the San Francisco Port Commission; and

[Use the following WHEREAS for subtenants of Vertical Improvements]

WHEREAS, as a material part of the consideration given by Lessee under the property contract, Lessee has agreed to execute this FSHA Operations Agreement and participate in the Workforce System managed by the Office of Economic and Workforce Development ("OEWD") as established by the City and County of San Francisco pursuant to Chapter 83 of the San Francisco Administrative Code ("Chapter 83");

NOW, THEREFORE, in consideration of the mutual covenants set forth herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Parties covenant and agree as follows:

1. DEFINITIONS

For purposes of this FSHA Operations Agreement, initially capitalized terms shall be defined as follows:

- a. "Entry Level Position" shall mean any non-managerial position that requires no education above a high school diploma or certified equivalency, and less than two (2) years training or specific preparation, and shall include temporary, permanent, trainee and intern positions.
- b. "Developer" shall mean FC Pier 70, LLC, a Delaware limited liability company, including any successor during the term of this FSHA Operations Agreement.
- c. "Lessee" shall mean every commercial tenant, subtenant, or any other entity occupying a Workforce Improvement for the intent of doing business in the City and County of San Francisco and possessing a Business Registration Certificate with the Office of Treasurer required to enter into a First Source Hiring Agreement as defined in Chapter 83.
- d. "Project Site" shall mean the area consisting of an approximately 28-acre site located in the Pier 70 area bounded by Illinois Street on the west, 22nd Street on the south, and San Francisco Bay on the north and east.
- e. "Referral" shall mean a member of the Workforce System who has been identified by OEWD as having the appropriate training, background and skill sets for a Lessee specified Entry Level Position.
- f. "Vertical Developer" shall mean [*insert name of applicable Vertical Developer*], including any successor during the term of a FSHA Operations Agreement.
- g. "Vertical Improvement" shall mean a new building that is built at the Project Site.
- h. "Workforce Improvement" shall mean Vertical Improvements that are subject to Chapter 83.
- i. Workforce System: The First Source Hiring Administration established by the City and County of San Francisco and managed by OEWD.

2. OEWD WORKFORCE SYSTEM PARTICIPATION

- a. Lessee shall notify OEWD's Business Team of every available Entry Level Position and provide OEWD 10 business days to recruit and refer qualified candidates prior to advertising such position to the general public. Lessee shall provide feedback including but not limited to job seekers interviewed, including name, position title, starting salary and employment start date of those individuals hired by the Lessee no later than 10 business days after date of interview or hire.

Lessee will also provide feedback on reasons as to why referrals were not hired. Lessee shall have the sole discretion to interview any Referral by OEWD and will inform OEWD's Business Team why specific persons referred were not interviewed. Hiring decisions shall be entirely at the discretion of Lessee.

- b. Notwithstanding anything to the contrary herein, nothing in this FSHA Operations Agreement precludes Lessee from immediately advertising and filling an Entry Level Position that performs essential functions of its operation prior to notifying OEWD provided, however, the obligations of this FSHA Operation Agreement to make good faith efforts to fill such vacancies permanently with Referrals remains in effect. For these purposes, "essential functions" means those functions absolutely necessary to remain open for business. If Lessee has an immediate need to fill an Entry Level Position that performs essential functions, Lessee shall provide OEWD notice of such position, and the fact that there is an immediate need to fill such position, on or before the date such position is advertised to the general public.
- c. This FSHA Operations Agreement shall be in full force and effect as to each Workforce Improvement until ten (10) years following the date Lessee opens for business at the Premises, and all subsequent leases within 10 years of that date. After that date, this FSHA Operations Agreement shall terminate and be of no further force and effect on the parties hereto, but the requirements of Chapter 83 shall continue to apply.
- d. Unless otherwise agreed to by the Parties, compliance with this FSHA Operations Agreement shall be determined on an individual Workforce Improvement basis and will be measured by dividing the number of new Entry Level Positions occupied by Referrals by the total number of new Entry Level Positions within the Workforce Improvement. Notwithstanding anything to the contrary, new Entry Level Positions occupied by Referrals within the Project Site, but not within the Vertical Improvement, may, at the election of Developer, be counted towards compliance of the Workforce Improvement for this Agreement.

3. GOOD FAITH EFFORT TO COMPLY WITH ITS OBLIGATIONS HEREUNDER

Lessee will make good faith efforts to comply with its obligations under this FSHA Operations Agreement. Determination of good faith efforts shall be based on all of the following:

- a. Lessee will execute this FSHA Operations Agreement and Exhibit B-1 attached hereto upon entering into leases for the commercial space of the Workforce Improvement. Lessee will also accurately complete and submit Exhibit B-1 annually to reflect employment conditions.
- b. Lessee agrees to register with OEWD's Referral Tracking System; upon execution of this FSHA Operations Agreement.

- c. Lessee shall notify OEWD's Business Services Team of all available Entry Level Positions 10 business days prior to posting with the general public, subject to the provisions of Section 2 above. The Lessee must identify a single point of contact responsible for communicating Entry Level Positions and take active steps to ensure continuous communication with OEWD's Business Services Team.
- d. Lessee attempts to fill at least 50% of open Entry Level Positions with Referrals. Specific hiring decisions shall be the sole discretion of the Lessee.
- e. Nothing in this FSHA Operations Agreement shall be interpreted to prohibit the continuation of existing workforce training agreements or to interfere with consent decrees, collective bargaining agreements, or existing employment contracts. In the event of a conflict between this FSHA Operations Agreement and an existing agreement, the terms of the existing agreement shall supersede this FSHA Operations Agreement.

Lessee's failure to meet the criteria set forth in this Section 3 does not impute "bad faith", but shall trigger a review of the referral process and compliance with this FSHA Operations Agreement. Failure and noncompliance with this FSHA Operations Agreement will result in penalties as defined in SF Administrative Code Chapter 83. Lessee agrees to review SF Administrative Code Chapter 83; and execution of the FSHA Operations Agreement denotes that Lessee agrees to its terms and conditions.

4. NOTICE

All notices to be given under this FSHA Operations Agreement shall be in writing and sent via mail or email as follows:

If to OEWD:

ATTN:

If to Lessee:

ATTN:

5. ENTIRE AGREEMENT

This FSHA Operations Agreement and the Transaction Documents contain the entire agreement between the parties and shall not be modified in any manner except by an

instrument in writing executed by the parties or their respective successors. If any term or provision of this FSHA Operations Agreement shall be held invalid or unenforceable, the remainder of this FSHA Operations Agreement shall not be affected. If this FSHA Operations Agreement is executed in one or more counterparts, each shall be deemed an original and all, taken together, shall constitute one and the same instrument. This FSHA Operations Agreement shall inure to the benefit of and be binding on the parties and their respective successors and assigns. If there is more than one party comprising Lessee, their obligations shall be joint and several.

Section titles and captions contained in this FSHA Operations Agreement are inserted as a matter of convenience and for reference and in no way define, limit, extend or describe the scope of this Agreement or the intent of any of its provisions. This FSHA Operations Agreement shall be governed and construed by laws of the State of California.

Attachment A-2

Form of First Source Hiring Agreement for Tech Operations

[see attached]

City and County of San Francisco First Source Hiring Program

Office of Economic and Workforce Development
Workforce Development Division

Attachment A-2: Form of First Source Hiring Agreement For Commercial Office Lease Occupancy by Permanent Tech Employers

This First Source Hiring Agreement (this "**Agreement**") for Permanent Tech Employers, is made as of _____, 20XX by and between _____ (the "**Lessee**"), and the First Source Hiring Administration, (the "**FSHA**"), collectively the "**Parties**":

RECITALS

WHEREAS, the San Francisco Port Commission and [insert name of master tenant under a Parcel Lease] (the "**Port Tenant**") are parties to that certain Parcel Lease dated as of _____, 20XX (the "**Parcel Lease**") for the building at [Address] (the "**Premises**"); and

WHEREAS, the Workforce Development Plan attached as Exhibit [XX] to the Parcel Lease (the "**Workforce Development Plan**") requires all Covered Operations that are also Permanent Tech Employers (as those terms are defined in the Workforce Development Plan) to enter into a First Source Hiring Agreement for operations in the form of this Agreement, in satisfaction of the requirements of the City's First Source Hiring Program under Chapter 83 of the San Francisco Administrative Code ("**Chapter 83**"); and

WHEREAS, Lessee is a Permanent Tech Employer and is [the Port Tenant under the Parcel Lease][a "**Covered Subtenant**" under that certain Sublease with the Port Tenant dated as of _____, 20XX (the "**Covered Sublease**")]; and

WHEREAS, as a material part of the consideration given by Lessee under the [Parcel Lease][Covered Sublease], Lessee, as a Permanent Tech Employer, has agreed to enter into this Agreement that sets forth participation and reporting requirements to participate in the Tech SF Initiative managed by the Office of Economic and Workforce Development (OEWD); and

WHEREAS, the form of this Agreement may be subject to change upon mutual agreement of the Port Tenant or Covered Subtenant, as applicable, and OEWD subject to provisions of the Workforce Development Plan.

NOW, THEREFORE, in consideration of the mutual covenants set forth herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged,

Parties covenant and agree as follows:

1. DEFINITIONS

For purposes of this Agreement, initially capitalized terms shall be defined as follows:

- a. "AMI" means unadjusted median income levels derived from the Department of Housing and Urban Development on an annual basis for the San Francisco area, adjusted solely for household size, but not high housing cost area.
- b. "Disadvantaged Worker" as defined in Administrative Code Section 82.3 (as that Code Section is amended from time to time, except to the extent that future changes to the definition are prohibited under the terms of Section 5.3(b)(xi) of the Development Agreement):
- c. Internship: A learning and career preparation method that occurs within the context of a course or program. Internships include careers exploration and direct experience and include guidance by staff, mentors, employers, and peers. An intern obtains a good understanding of the requirements of the occupation and an overview of all aspects of their chosen industry, and develops college and career readiness and success skills, such as critical thinking, problem-solving, collaboration and communication.
- d. Local Resident: An individual who is domiciled, as defined by Section 349(b) of the California Election Code, within the City at least seven (7) days prior to commencing work on the project.
- e. Permanent Tech Employer shall mean an employer that both (i) employs primarily Technology Occupations and Technology-Enabled Occupations, and (ii) occupies more than 25,000 gsf within the Project.
- f. Referral: A member of the Workforce System who has participated in an OEWD workforce training program.
- g. Registered Apprenticeship combines formal job-related technical instruction with structured on-the-job learning experiences. Apprentices are hired by employer at outset of training program, and the training program is pre-approved by the US Department of Labor (USDOL) or California Division of Apprenticeship Standards (DAS). Registered Apprentices receive progressive wages commensurate with their skill attainment throughout an apprenticeship training program. Upon successful completion of all phases of on-the-job learning and related instruction components, Registered Apprentices receive nationally recognized certificates of completion issued by the USDOL or DAS.
- h. Technology-Enabled Occupations: occupations that require skills related to Information, Media and ICT Literacy as highlighted in California's Digital Literacy

definition, "[one's capacity] for using digital technology, communications tools, and/or networks in creating, accessing, analyzing, managing, integrating, evaluating, and communicating information in order to function in a knowledge based economy and society." Technology-Enabled Occupations require the ability to analyze, access and work with common computing and communications devices, operating systems, networking systems and applications. These occupations require the ability to understand and use ICT computing, communications and information technologies; use technologies for advance research, analysis and administrative operations. These occupations also require the ability to create, interpret and work with an increasing variety of digital media.

- i. Technology Occupations: defined as positions that require core competencies in information and communication technology (ICT) systems and solutions. These occupations develop and deploy technologies and infrastructures to both support their enterprise and product users. Additionally, technology occupations require skills in research, design, development and analysis of custom technological products; including but not limited to software, web, application, and cloud-based products. Technology occupations also include positions that are related to the sales, marketing and engineering of these technology-based products. Technology occupations typically occur in the major industry clusters as defined by the North American Industry Classification System (NAICS): Software Publishers; Wired Telecommunications; Wireless Telecommunications; Satellite Communications; Data Processing, Hosting and Related Services; Internet Publishing and Broadcasting and Web Search Portals; and Computer Systems Design. Major technology occupation clusters as identified by the Bureau of Labor Statistics include but are not limited to: information support and services; network systems; program and software development; and web and digital communications.
- j. TechSF: A program which has been established by the City and County of San Francisco and managed by the Office of Economic and Workforce Development, to provide training, education and job placement assistance services to jobseekers, and connect local employers to a qualified workforce in order to help all involved benefit from the growth of the local technology industry, and technology-based and technology-enabled occupations across all sectors. For the purposes of this document, this term will refer to any successor programs which provide similar services.
- k. TechSF Community Benefits Program: defined in Section 3 hereof.
- l. Work Experience: Experience which combine an on-the-job learning component with related classroom instruction designed to maximize the value of on-the-job experiences. Work Experience Education is classified in the California Education Code as General, Exploratory, or Vocational. General work experience exposes students to the world of work; exploratory work experience also allows students to experience a variety of careers; and vocational work experience allows students to explore a career interest in greater depth.

- m. Workforce System: The First Source Hiring Administrator established by the City and County of San Francisco and managed by OEWD.

2. OEWD WORKFORCE SYSTEM PARTICIPATION

- a. Lessee is required to hold one meeting with OEWD's Business Services Team regarding the hiring of individuals through TechSF for any available positions in Technology Occupations or Technology-Enabled Occupations. Provided Lessee utilizes nondiscriminatory screening criteria, Lessee shall have the sole discretion to interview and hire any Referrals.
- b. Hiring decisions shall be entirely at the discretion of Lessee. Lessee will notify OEWD's Business Services Team of every hire who is a Referral from Tech SF.
- c. Lessee will report to OEWD Business Services annually (beginning with the one-year anniversary date of its [Parcel Lease][Covered Sublease] on activities conducted by Lessee under this Agreement related to the compliance of good faith effort obligations enumerated in Section 3 hereof, which may include number of Referrals, hires, or other metrics covered by the TechSF Community Benefits Program.
- d. This Agreement will be in full force and effect as to the [Parcel Lease][Covered Sublease] until the earlier of [for Parcel Lease: *insert the date that is 10 years from the execution of the Parcel Lease*][for Covered Subleases and subsequent Subleases within 10-year period: *insert the date that is 10 years from the date of execution*].

3. GOOD FAITH EFFORT TO COMPLY WITH ITS OBLIGATIONS HEREUNDER

Within forty-five days after the commencement of the applicable [Parcel Lease][Covered Sublease], Lessee will contact OEWD as required by the Workforce Development Agreement. Within six months after the commencement of the applicable [Parcel Lease][Covered Sublease], or at a later date if agreed to by OEWD, Lessee will prepare and submit to OEWD its community benefits program designed to facilitate job training and education opportunities for participants in the TechSF program or (or successor program designated by OEWD) (the "**TechSF Community Benefits Program**") and will implement the TechSF Community Benefits Program for the term of this Agreement. The TechSF Community Benefits Program shall either consist of the measures in subsections (a) through (c) of this Section 3, or the Lessee will have discretion in designing its own unique TechSF Community Benefits Program to an equal or higher-qualitative standard as the measures described below. If a Lessee elects to design its own unique TechSF Community Benefits Program, such program will require approval from OEWD, not to be unreasonably withheld. The TechSF Community Benefits Program may be revised annually with the consent of OEWD. The following measures (which may be in addition to other measures reasonably implemented by Lessee) will qualify as compliance with this requirement:

- a. Provide indoor space to host temporary jobseeker networking, career panel and other OEWD-identified job placement assistance events related to technology or technology-

enabled occupations through the Workforce System. OEWD/Tech SF would manage the planning, coordination and marketing for events. Programming may include one of the following:

- i. hosting one event per year at site location for up to 150 individuals, if requested by OEWD/Tech SF. If no such request is made, then this subsection will be deemed to have been satisfied for the year.
 - ii. participating in two additional TechSF activities per year.
- b. Host at least 5 Work Experience and/or Internship opportunities for every 100 permanent employees per year, targeting OEWD Referrals and Bayview Hunter's Point and surrounding area neighborhood residents, and other Disadvantaged Workers.
- c. Volunteer employee time for on-site training opportunities, which could include workplace tours, job shadowing, classroom lectures, mock interviews, career panels, resume workshops, mentoring, student showcases or other supportive activities.
 - i. Lessee shall provide 100 employee hours per year (e.g. 25 employees at 4 hours each or other combination to be determined by the Lessee), through company's Community Social Responsibility (CSR) agenda or other policies.
- d. Target creating up to five (5) Registered Apprenticeship positions (as that term is defined in the Workforce Development Plan) for every 100 permanent employees, per year, to the extent a USDOL or DAS approved training program exists within the City of San Francisco for occupations which the Lessee is currently hiring for, and interview qualified Referrals through the TechSF Initiative.

Lessee's failure to prepare and implement the TechSF Community Benefits Program set forth in this Section 3 does not impute "bad faith" but shall trigger a review of the referral process and compliance with this Agreement. Violations of this Agreement will be subject to penalties outlined in Chapter 83.

4. COLLECTIVE BARGAINING AGREEMENTS

Nothing in this Agreement shall be interpreted to prohibit the continuation of existing workforce training agreements or to interfere with consent decrees, collective bargaining agreements, project labor agreements or existing employment contracts ("**Collective Bargaining Agreements**"). In the event of a conflict between this Agreement and a Collective Bargaining Agreement, the terms of the Collective Bargaining Agreement shall supersede this Agreement.

5. NOTICE

All notices to be given under this Agreement shall be in writing and sent via mail or email as follows:

ATTN: Business Services, Office of Economic and Workforce Development
1 South Van Ness Avenue, 5th Floor, San Francisco, CA 94103
Email: Business.Services@sfgov.org

6. ENTIRE AGREEMENT; MISC.

This Agreement contains the entire agreement between the parties with respect to the subject matter thereunder and shall not be modified in any manner except by an instrument in writing executed by the parties or their respective successors. If any term or provision of this Agreement shall be held invalid or unenforceable, the remainder of this Agreement shall not be affected. If this Agreement is executed in one or more counterparts, each shall be deemed an original and all, taken together, shall constitute one and the same instrument. This Agreement shall inure to the benefit of and shall be binding upon the parties to this Agreement and their respective heirs, successors and assigns. If there is more than one person comprising Lessee, their obligations shall be joint and several. Section titles and captions contained in this Agreement are inserted as a matter of convenience and for reference and in no way define, limit, extend or describe the scope of this Agreement or the intent of any of its provisions. This Agreement shall be governed and construed by laws of the State of California.

IN WITNESS WHEREOF, the following have executed this Agreement as of the date set forth above.

City and County of San Francisco First Source Hiring Program

Office of Economic and Workforce Development
Workforce Development Division

Attachment A3: First Source Hiring Agreement For Construction

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding ("MOU") is entered into as of _____, by and between the City and County of San Francisco (the "City") through its First Source Hiring Administration ("FSHA") and _____ ("Project Sponsor").

WHEREAS, Project Sponsor, as developer, proposes to construct _____ new dwelling units, with up to _____ square feet of commercial space and _____ accessory, off-street parking spaces ("Project") at _____, Lots _____ in Assessor's Block _____, San Francisco California ("Site"); and

WHEREAS, the Administrative Code of the City provides at Chapter 83 for a "First Source Hiring Program" which has as its purpose the creation of employment opportunities for qualified Economically Disadvantaged Individuals (as defined in Exhibit A); and

WHEREAS, the Project requires a building permit for a commercial activity of greater than 25,000 square feet and/or is a residential project greater than ten (10) units and therefore falls within the scope of the Chapter 83 of the Administrative Code; and

WHEREAS, Project Sponsor wishes to make a good faith effort to comply with the City's First Source Hiring Program.

Therefore, the parties to this Memorandum of Understanding agree as follows:

- A. Project Sponsor, upon entering into a contract for the construction of the Project with Contractor after the date of this MOU, will include in that contract a provision requiring the Contractor to enter into a First Source Hiring Agreement in the form attached hereto as Exhibit A. It is the Project Sponsor's responsibility to provide a signed copy of Exhibit A to First Source Hiring program and CityBuild within 10 business days of execution.
- B. CityBuild shall represent the First Source Hiring Administration and will provide referrals of Qualified (as defined in Exhibit A) Economically Disadvantaged Individuals for employment on the construction phase of the Project as required under

Chapter 83. The First Source Hiring Program will provide referrals of Qualified Economically Disadvantaged Individuals for the permanent jobs located within the commercial space of the Project.

- C. The owners or residents of the residential units within the Project shall have no obligations under this MOU, or the attached First Source Hiring Agreement.
- D. FSHA shall advise Project Sponsor, in writing, of any alleged breach on the part of the Project's contractor and/or tenant(s) with regard to participation in the First Source Hiring Program at the Project prior to seeking an assessment of liquidated damages pursuant to Section 83.12 of the Administrative Code.
- E. As stated in Section 83.10(d) of the Administrative Code, if Project Sponsor fulfills its obligations as set forth in Chapter 83, it shall not be held responsible for the failure of a contractor or commercial tenant to comply with the requirements of Chapter 83.
- F. This MOU is an approved "First Source Hiring Agreement" as referenced in Section 83.11 of the Administrative Code. The parties agree that this MOU shall be recorded and that it may be executed in counterparts, each of which shall be considered an original and all of which taken together shall constitute one and the same instrument.
- G. Except as set forth in Section E, above: (1) this MOU shall be binding on and inure to the benefit of all successors and assigns of Project Sponsor having an interest in the Project and (2) Project Sponsor shall require that its obligations under this MOU shall be assumed in writing by its successors and assigns. Upon Project Sponsor's sale, assignment or transfer of title to the Project, it shall be relieved of all further obligations or liabilities under this MOU.

First Source Hiring Administration

OEWD, 1 South Van Ness 5th Fl. San Francisco, CA 94103

Attn: Ken Nim, Compliance Manager, ken.nim@sfgov.org

**Exhibit A:
First Source Hiring Agreement**

This First Source Hiring Agreement (this "Agreement"), is made as of _____, by and between _____, the First Source Hiring Administration, (the "FSHA"), and the undersigned contractor _____ ("Contractor"):

RECITALS

WHEREAS, Contractor has executed or will execute an agreement (the "Contract") to construct or oversee a portion of the project to construct _____ new dwelling units, with up to _____ square feet of commercial space and _____ accessory, off-street parking spaces ("Project") at _____, Lots _____ in Assessor's Block _____, San Francisco California ("Site"), and a copy of this Agreement is attached as an exhibit to, and incorporated in, the Contract; and

WHEREAS, as a material part of the consideration given by Contractor under the Contract, Contractor has agreed to execute this Agreement and participate in the San Francisco Workforce Development System established by the City and County of San Francisco, pursuant to Chapter 83 of the San Francisco Administrative Code;

WHEREAS, as a material part of the consideration given by Contractor under the Contract, Contractor has agreed to execute this Agreement and participate in the San Francisco Workforce Development System established by the City and County of San Francisco, pursuant to Chapter 83 of the San Francisco Administrative Code;

NOW, THEREFORE, in consideration of the mutual covenants set forth herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties covenant and agree as follows:

1. DEFINITIONS

For purposes of this Agreement, initially capitalized terms shall be defined as follows:

- a. "Core" or "Existing" workforce. Contractor's "core" or "existing" workforce shall consist of any worker who appears on the Contractor's active payroll for at least 60 days of the 100 working days prior to the award of this Contract.
- b. "Economically Disadvantaged Individual". An individual who is either (a) eligible for services under the Workforce Investment Act of 1998 (29 U.S.C.A. 2801, *et seq.*), as may be amended from time to time, or (b) designated as "economically disadvantaged" by the OEWD/First Source Hiring Administration as an individual who is at risk of relying upon, or returning to, public assistance.
- c. "Hiring opportunity". When a Contractor adds workers to its existing workforce for the purpose of performing the work under this Contract, a "hiring opportunity" is created. For example, if the carpentry subcontractor has an existing crew of five carpenters and needs seven carpenters to perform the work, then there are two hiring opportunities for carpentry on the Project.

- d. "Job Notification". Written notice of job request from Contractor to CITYBUILD for any hiring opportunities. Contract shall provide Job Notifications to CITYBUILD with a minimum of 3 business days' notice.
- e. "New hire". A "new hire" is any worker who is not a member of Contractor's core or existing workforce.
- f. "Referral". A referral is an individual member of the CITYBUILD Referral Program who has received training appropriate to entering the construction industry workforce.
- g. "Workforce participation goal". The workforce participation goal is expressed as a percentage of the Contractor's and its Subcontractors' new hires for the Project.
- h. "Entry Level Position". A non-managerial position that requires no education above a high school diploma or certified equivalency, and less than two (2) years training or specific preparation, and shall include temporary and permanent jobs, and construction jobs related to the development of a commercial activity.
- i. "First Opportunity". Consideration by Contractor of System Referrals for filling Entry Level Positions prior to recruitment and hiring of non-System Referral job applicants.
- j. "Job Classification". Categorization of employment opportunity or position by craft, occupational title, skills, and experience required, if any.
- k. "Job Notification". Written notice, in accordance with Section 2(b) below, from Contractor to FSHA for any available Entry Level Position during the term of the Contract.
- l. "Publicize". Advertise or post available employment information, including participation in job fairs or other forums.
- m. "Qualified". An Economically Disadvantaged Individual who meets the minimum bona fide occupational qualifications provided by Contractor to the System in the job availability notices required this Agreement.
- n. "System". The San Francisco Workforce Development System established by the City and County of San Francisco, and managed by the Office of Economic and Workforce Development (OEWD), for maintaining (1) a pool of Qualified individuals, and (2) the mechanism by which such individuals are certified and referred to prospective employers covered by the First Source Hiring requirements under Chapter 83 of the San Francisco Administrative Code. Under this agreement, CityBuild will act as the representative of the San Francisco Workforce Development System.
- o. "System Referrals". Referrals by CityBuild of Qualified applicants for Entry Level Positions with Contractor.

- p. "Subcontractor". A person or entity who has a direct contract with Contractor to perform a portion of the work under the Contract.

2. PARTICIPATION OF CONTRACTOR IN THE SYSTEM

- a. The Contractor agrees to work in Good Faith with the Office of Economic and Workforce Development (OEWD)'s CityBuild Program to achieve the goal of 50% of new hires for employment opportunities in the construction trades and Entry-level Position related to providing support to the construction industry.

The Contractor shall provide CityBuild the following information about the Contractor's employment needs under the Contract:

- i. On Exhibit A-1, the CityBuild Workforce Projection Form 1, Contractor will provide a detailed numerical estimate of journey and apprentice level positions to be employed on the project for each trade.
- ii. Contractor is required to ensure that a CityBuild Workforce Projection Form 1 is also completed by each of its Subcontractors.
- iii. Contractor will collaborate with CityBuild staff to identify, by trade, the number of Core workers at project start and the number of workers at project peak; and the number of positions that will be required to fulfill the First Source local hiring expectation.
- iv. Contractor and Subcontractors will provide documented verification that its "core" employees for this contract meet the definition listed in Section 1.a.

- b.

- i. Contractor must (A) give good faith consideration to all CityBuild Referrals, (B) review the resumes of all such referrals, (C) conduct interviews for posted Entry Level Positions in accordance with the non-discrimination provisions of this contract, and (D) affirmative obligation to notify CityBuild of any new entry-level positions throughout the life of the project.
- ii. Contractor must provide constructive feedback to CityBuild on all System Referrals in accordance with the following:

- (A) If Contractor meets the criteria in Section 5(a) below that establishes "good faith efforts" of Contractor, Contractor must only respond orally to follow-up questions asked by the CityBuild account executive regarding each System Referral; and
 - (B) After Contractor has filled at least 5 Entry Level Positions under this Agreement; if Contractor is unable to meet the criteria in Section 5(b) below that establishes "good faith efforts" of Contractor, Contractor will be required to provide written comments on all CityBuild Referrals.
- c. Contractor must provide timely notification to CityBuild as soon as the job is filled, and identify by whom.

3. CONTRACTOR RETAINS DISCRETION REGARDING HIRING DECISIONS

Contractor agrees to offer the System the first opportunity to provide qualified applicants for employment consideration in Entry Level Positions, subject to any enforceable collective bargaining agreements. Contractor shall consider all applications of Qualified System Referrals for employment. Provided Contractor utilizes nondiscriminatory screening criteria, Contractor shall have the sole discretion to interview and hire any System Referrals.

4. COMPLIANCE WITH COLLECTIVE BARGAINING AGREEMENTS

Notwithstanding any other provision hereunder, if Contractor is subject to any collective bargaining agreement(s) requiring compliance with a pre-established applicant referral process, Contractor's only obligations with regards to any available Entry Level Positions subject to such collective bargaining agreement(s) during the term of the Contract shall be the following:

- a. Contractor shall notify the appropriate union(s) of the Contractor's obligations under this Agreement and request assistance from the union(s) in referring Qualified applicants for the available Entry Level Position(s), to the extent such referral can conform to the requirements of the collective bargaining agreement(s).
- b. Contractor shall use "name call" privileges, in accordance with the terms of the applicable collective bargaining agreement(s), to seek Qualified applicants from the System for the available Entry Level Position(s).

- c. Contractor shall sponsor Qualified apprenticeship applicants, referred through the System, for applicable union membership.

5. CONTRACTOR'S GOOD FAITH EFFORT TO COMPLY WITH ITS OBLIGATIONS HEREUNDER

Contractor will make good faith efforts to comply with its obligations to participate in the System under this Agreement. Determinations of Contractor's good faith efforts shall be in accordance with the following:

- a. Contractor shall be deemed to have used good faith efforts if Contractor accurately completes and submits prior to the start of demolition and/or construction Exhibit A-1: CityBuild Workforce Projection Form 1; and
- b. Contractor's failure to meet the criteria set forth from Section 5(c) to 5(m) does not impute "bad faith." Failure to meet the criteria set forth in Section 5(c) to 5(m) shall trigger a review of the referral process and the Contractor's efforts to comply with this Agreement. Such review shall be conducted by FSHA in accordance with Section 11(c) below.
- c. Meet with the Project's owner, developer, general contractor, or CityBuild representative to review and discuss your plan to meet your local hiring obligations under San Francisco's First Source Hiring Ordinance (Municipal Code- Chapter 83) or the City and County of San Francisco Administrative Code Chapter 6.
- d. Contact a CityBuild representative to review your hiring projections and goals for the Project. The Project developer and/or Contractor must take active steps to advise all of its Subcontractors of the local hiring obligations on the Project, including, but not limited to providing CityBuild access and presentation time at each pre-bid, each pre-construction, and if necessary, any progress meeting held throughout the life of the project
- e. Submit to CityBuild a "Projection of Entry Level Positions" form or other formal written notification specifying your expected hiring needs during the Project's duration.
- f. Notify your respective union(s) regarding your local hiring obligations and request their assistance in referring qualified San Francisco residents for any available position(s). This step applies to the extent that such referral would not violate your union's collective bargaining agreement(s).
- g. Be sure to reserve your "name call" privileges for qualified applicants referred through the CityBuild system. This should be done within the terms of applicable collective bargaining agreement(s).

- h. Provide CityBuild with up-to-date list of all trade unions affiliated with any work on the Project in a timely matter in order to facilitate CityBuild's notification to these unions of the Project's workforce requirements.
- i. Submit a "Job Request" in the form attached hereto as Attachment A-1, Form 3, to CityBuild for each apprentice level position that becomes available. Please allow a minimum of 3 Business Days for CityBuild to provide appropriate candidate(s). You should simultaneously contact your union about the position as well, and let them know that you have contacted CityBuild as part of your local hiring obligations.
- j. Developer has an ongoing, affirmative obligation and must advise each of its Subcontractors of their ongoing obligation to notify CityBuild of any/all apprentice level openings that arise throughout the duration of the project, including openings that arise from layoffs of original crew. Developer/contractor shall not exercise discretion in informing CityBuild of any given position; rather, CityBuild is to be universally notified, and a discussion between the developer/contractor and CityBuild can determine whether a CityBuild graduate would be an appropriate placement for any given apprentice level position.
- k. Hire qualified candidate(s) referred through the CityBuild system. In the event of the firing/layoff of any CityBuild graduate, Project developer and/or Contractor must notify CityBuild staff within two days of the decision and provide justification for the layoff; ideally, Project developer and/or Contractor will request a meeting with the Project's employment liaison as soon as any issue arises with a CityBuild placement in order to remedy the situation before termination becomes necessary.
- l. Provide a monthly report and/or any relevant workforce records or data from contractors to identify workers employed on the Project, source of hire, and any other pertinent information as pertain to compliance with this Agreement.
- m. Maintain accurate records of your efforts to meet the steps and requirements listed above. Such records must include the maintenance of an on-site First Source Hiring Compliance binder, as well as records of any new hire made by the Contractor and/or Project developer through a San Francisco community-based organization whom the Contractor believes meets the First Source Hiring criteria. Any further efforts or actions agreed upon by CityBuild staff and the Project developer and/or Contractor on a project-by-project basis.

6. COMPLIANCE WITH THIS AGREEMENT OF SUBCONTRACTORS

In the event that Contractor subcontracts a portion of the work under the Contract, Contractor shall determine how many, if any, of the Entry Level Positions are to be employed by its Subcontractor(s) using Form 1: the CityBuild Workforce Projection Form and the City's online project reporting system (currently Elation), provided, however, that Contractor shall retain the primary responsibility for meeting the

requirements imposed under this Agreement. Contractor shall ensure that this Agreement is incorporated into and made applicable to such Subcontract.

7. EXCEPTION FOR ESSENTIAL FUNCTIONS

Nothing in this Agreement precludes Contractor from using temporary or reassigned existing employees to perform essential functions of its operation; provided, however, the obligations of this Agreement to make good faith efforts to fill such vacancies permanently with System Referrals remains in effect. For these purposes, "essential functions" means those functions absolutely necessary to remain open for business.

8. CONTRACTOR'S COMPLIANCE WITH EXISTING EMPLOYMENT AGREEMENTS

Nothing in this Agreement shall be interpreted to prohibit the continuation of existing workforce training agreements or to interfere with consent decrees, collective bargaining agreements, or existing employment contracts. In the event of a conflict between this Agreement and an existing agreement, the terms of the existing agreement shall supersede this Agreement.

9. HIRING GOALS EXCEEDING OBLIGATIONS OF THIS AGREEMENT

Nothing in this Agreement shall be interpreted to prohibit the adoption of hiring and retention goals, first source hiring and interviewing requirements, notice and job availability requirements, monitoring, record keeping, and enforcement requirements and procedures which exceed the requirements of this Agreement.

10. OBLIGATIONS OF CITYBUILD

Under this Agreement, CityBuild shall:

- a. Upon signing the CityBuild Workforce Hiring Plan, immediately initiate recruitment and pre-screening activities.
- b. Recruit Qualified individuals to create a pool of applicants for jobs who match Contractor's Job Notification and to the extent appropriate train applicants for jobs that will become available through the First Source Program;
- c. Screen and refer applicants according to qualifications and specific selection criteria submitted by Contractor;
- d. Provide funding for City-sponsored pre-employment, employment training, and support services programs;
- e. Follow up with Contractor on outcomes of System Referrals and initiate corrective action as necessary to maintain an effective employment/training delivery system;

- f. Provide Contractor with reporting forms for monitoring the requirements of this Agreement; and
- g. Monitor the performance of the Agreement by examination of records of Contractor as submitted in accordance with the requirements of this Agreement.

11. CONTRACTOR'S REPORTING AND RECORD KEEPING OBLIGATIONS

Contractor shall:

- a. Maintain accurate records demonstrating Contractor's compliance with the First Source Hiring requirements of Chapter 83 of the San Francisco Administrative Code including, but not limited to, the following:
 - (1) Applicants
 - (2) Job offers
 - (3) Hires
 - (4) Rejections of applicants
- b. Submit completed reporting forms based on Contractor's records to CityBuild quarterly, unless more frequent submittals are reasonably required by FSHA. In this regard, Contractor agrees that if a significant number of positions are to be filled during a given period or other circumstances warrant, CityBuild may require daily, weekly, or monthly reports containing all or some of the above information.
- c. If based on complaint, failure to report, or other cause, the FSHA has reason to question Contractor's good faith effort, Contractor shall demonstrate to the reasonable satisfaction of the City that it has exercised good faith to satisfy its obligations under this Agreement.

12. DURATION OF THIS AGREEMENT

This Agreement shall be in full force and effect throughout the term of the Contract. Upon expiration of the Contract, or its earlier termination, this Agreement shall terminate and it shall be of no further force and effect on the parties hereto.

13. NOTICE

All notices to be given under this Agreement shall be in writing and sent by: certified mail, return receipt requested, in which case notice shall be deemed delivered three (3) business days after deposit, postage prepaid in the United States Mail, a nationally recognized overnight courier, in which case notice shall be deemed delivered one (1) business day after deposit with that courier, or hand delivery, in which case notice shall be deemed delivered on the date received, all as follows:

If to FSHA:

- a. Any party may change its address for notice purposes by giving the other parties notice of its new address as provided herein. A "business day" is any day other than a Saturday, Sunday or a day in which banks in San Francisco, California are authorized to close.
- b. Notwithstanding the foregoing, any Job Notification or any other reports required of Contractor under this Agreement (collectively, "Contractor Reports") shall be delivered to the address of FSHA pursuant to this Section via first class mail, postage paid, and such Contractor Reports shall be deemed delivered two (2) business days after deposit in the mail in accordance with this Subsection.

14. ENTIRE AGREEMENT

This Agreement contains the entire agreement between the parties to this Agreement and shall not be modified in any manner except by an instrument in writing executed by the parties or their respective successors in interest.

15. SEVERABILITY

If any term or provision of this Agreement shall, to any extent, be held invalid or unenforceable, the remainder of this Agreement shall not be affected.

16. COUNTERPARTS

This Agreement may be executed in one or more counterparts. Each shall be deemed an original and all, taken together, shall constitute one and the same instrument.

17. SUCCESSORS

This Agreement shall inure to the benefit of and shall be binding upon the parties to this Agreement and their respective heirs, successors and assigns. If there is more than one person comprising Seller, their obligations shall be joint and several.

18. HEADINGS

Section titles and captions contained in this Agreement are inserted as a matter of convenience and for reference and in no way define, limit, extend or describe the scope of this Agreement or the intent of any of its provisions

19. GOVERNING LAW

This Agreement shall be governed and construed by the laws of the State of California.

IN WITNESS WHEREOF, the following have executed this Agreement as of the date set forth above.

CONSTRUCTION CONTRACTS

FORM 1: CITYBUILD WORKFORCE PROJECTION

Instructions

- The Prime Contractor must complete and submit Form 1 within 30 days of award of contract.
- All subcontractors with contracts in excess of \$100,000 must complete Form 1 and submit to the Prime Contractor within 30 days of award of contract.
- The Prime Contractor is responsible for collecting all completed Form 1's from all subcontractors.
- It is the Prime Contractor's responsibility to ensure the CityBuild Program receives completed Form 1's from all subcontractors in the specified time and keep a record of these forms in a compliance binder at the project jobsite.
- All contractors and subcontractors are required to attend a preconstruction meeting with CityBuild staff.

*By signing this form, the company agrees to participate in the CityBuild Program and comply with the provisions of the First Source Hiring Agreement pursuant to San Francisco Administrative Code Chapter 83.

Table 1: Briefly summarize your contracted or subcontracted scope of work

--

Table 2: Complete on the following page

- List the construction trade crafts that are projected to perform work. Do not list Project Managers, Engineers, Administrative, and any other non-construction trade employees.
- Total Number of Workers on the Project. The total number of workers projected to work on the project per construction trade. This number will include existing workers and new hires. For union contractors this total will also include union dispatches.
- Total Number of New Hires: List the projected number of New Hires that will be employed on the project. For union contractors, New Hires will also include union dispatches.

[illegible]

- Please provide information on your projected core or existing employees that will perform work on the jobsite.
- "Core" or "Existing" workers are defined as any worker appearing on the Contractor's active payroll for at least 60 out of the 100 working days prior to the award of this Contract. If necessary, continue on a separate sheet

FORM 3: CITYBUILD JOB NOTICE FORM

INSTRUCTIONS: To meet the requirements of the First Source Hiring Program (San Francisco Administrative Code Chapter 83), the Contractor shall notify CityBuild, the First Source Hiring Administrator, of all new hiring opportunities with a minimum of 3 business days prior to the start date.

1. Complete the form and fax to CityBuild 415-701-4896 or EMAIL: workforce.development@sfgov.org
2. Contact Workforce Development at 415-701-4848 or by email: local.hire.ordinance@sfgov.org

OR call the main line of the Office of Economic and Workforce Development (OEWD) at 415-701-4848 to confirm receipt of fax or email.

ATTENTION: Please also submit this form to your union or hiring hall if you are required to do so under your collective bargaining agreement or contract. CityBuild is not a Dispatching Hall, nor does this form act as a Request for Dispatch. All formal Requests for Dispatch will be conducted through your union or hiring hall.

WORKFORCE DEVELOPMENT PLAN – ATTACHMENT B

LOCAL HIRING PLAN FOR CONSTRUCTION

1.1 SUMMARY

- A. This Attachment B to the Pier 70 28-Acre Site Workforce Development Plan (“**Local Hiring Plan**”) governs the obligations of the Project to comply with the City’s Local Hiring Policy for Construction pursuant to Chapter 82 of the San Francisco Administrative Code (the “**Policy**”). In the event of any conflict between Administrative Code Chapter 82 and this Attachment, this Attachment shall govern.
- B. The provisions of this Local Hiring Plan are hereby incorporated as a material term of the DDA and each Vertical DDA. Under the DDA and each Vertical DDA, the Developer or Vertical Developer thereunder, as applicable, shall require any Contractor performing Construction Work to agree that (i) the Contractor shall comply with all applicable requirements of this Local Hiring Plan; (ii) the provisions of this Local Hiring Plan and the Policy are reasonable and achievable by Contractor and its Subcontractors; and (iii) they have had a full and fair opportunity to review and understand the terms of the Local Hiring Plan.
- C. The Office of Economic and Workforce Development (OEWD) is responsible for administering the Local Hiring Plan and will be administering its applicable requirements. For more information on the Policy and its implementation, please visit the OEWD website at: www.workforcedevelopmentsf.org.
- D. Capitalized terms not defined herein shall have the meanings ascribed to them in the DDA or the Policy, as applicable.

1.2 DEFINITIONS

- A. “Apprentice” means any worker who is indentured in a construction apprenticeship program that maintains current registration with the State of California’s Division of Apprenticeship Standards.
- B. “Area Median Income (AMI)” means unadjusted median income levels derived from the Department of Housing and Urban Development (“HUD”) on an annual basis for the San Francisco area, adjusted solely for household size, but not high housing cost area.
- C. “Construction Work” means, as applicable, (a) the initial construction of all Horizontal Improvements required or permitted to be made to the 28-Acre Site to be carried out by Developer under the DDA, (b) the initial construction of all Vertical Improvements to be carried out by a Vertical Developer under a Vertical DDA or Parcel Lease, and (c) initial tenant improvement work for all Vertical Improvements other than light industrial, arts activities or standalone affordable residential buildings. For the avoidance of doubt, Construction Work for Vertical Improvements shall not include any repairs, maintenance, renovations or other construction work performed after issuance of the first certificate of occupancy for a Vertical Improvement. Work occurring prior to execution of the DDA is not subject to Local Hire.

- D. "Covered Project" means Construction Work within the 28-Acre Site with an estimated cost in excess of the Threshold Amount.
- E. "Contractor" means a prime contractor, general contractor, or construction manager contracted by a Developer or Vertical Developer who performs Construction Work on the 28-Acre Site
- F. "Disadvantaged Worker" as defined in Administrative Code Section 82.3 (as that Code Section is amended from time to time, except to the extent that future changes to the definition are prohibited under the terms of Section 5.3(b)(xi) of the Development Agreement).
- G. "Job Notification" means the written notice of any Hiring Opportunities from Contractor to CityBuild. Contractor shall provide Job Notifications to CityBuild with a minimum of 3 business days' notice.
- H. "Local Resident" means an individual who is domiciled, as defined by Section 349(b) of the California Election Code, within the City at least seven (7) days prior to commencing work on the project.
- I. "Non-Covered Project" means any construction projects not covered by the San Francisco Local Hiring Policy.
- J. "Project Work". Construction Work performed as part of a Covered Project.
- K. "Project Work Hours" means the total onsite work hours worked on a construction contract for a Covered Project by all Apprentices and journey-level workers, whether those workers are employed by the Contractor or any Subcontractor.
- L. "Subcontractor" means any person, firm, partnership, owner operator, limited liability company, corporation, joint venture, proprietorship, trust, association, or other entity that contracts with a Contractor or another subcontractor to provide services to a Contractor or another subcontractor in fulfillment of the Contractor's or that other subcontractor's obligations arising from a contract for construction work on a Covered Project who performs Construction Work on the 28 Acre site.
- M. "Targeted Worker" means any Local Resident or Disadvantaged Worker.
- N. "Threshold Amount" as defined in Section 6.1 of the San Francisco Administrative Code.

1.3 LOCAL HIRING REQUIREMENTS

- A. Total Project Work Hours By Trade. For all construction contracts for Covered Projects, the mandatory participation level in terms of Project Work Hours within each trade to be performed by Local Residents is 30%, with a goal of no less than 15% of Project Work Hours within each trade to be performed by Disadvantaged Workers. The mandatory participation levels required under this Local Hire Program will be determined by OEWD for each Phase under the DDA, and in no event shall be greater than 30%; however, the Parties acknowledge that Developer intends to require each construction contract for

Covered Projects to meet the mandatory participation levels on an individual contract level.

- B. Apprentices: For all construction contracts for Covered Projects, at least 30% of the Project Work Hours performed by Apprentices within each trade is required to be performed by Local Residents, with an aspirational goal of achieving 50%. Hiring preferences shall be given to Apprentices who are referred by the CityBuild program. This document also establishes a goal of no less than 25% of Project Work Hours performed by Apprentices within each trade to be performed by Disadvantaged Workers.
- C. Out-of-State Workers. For all Covered Projects, Project Work Hours performed by residents of states other than California will not be considered in calculation of the number of Project Work Hours to which the local hiring requirements apply. Contractors and Subcontractors shall report to OEWD the number of Project Work Hours performed by residents of states other than California.
- D. Pre-construction or other Local Hire Meeting. Prior to commencement of Construction Work on Covered Projects, Contractor and its Subcontractors whom have been engaged by contract and identified in the Local Hiring Forms as contributing toward the mandatory local hiring requirement shall attend a preconstruction or other Local Hire meeting(s) convened by Developer or Vertical Developer or OEWD staff. Representatives from Contractor and the Subcontractor(s) who attend the pre-construction or other Local Hire meeting must have hiring authority. Contractor and its Subcontractors who are engaged after the commencement of Construction Work on a Covered Project shall attend a future preconstruction meeting or meetings as mutually agreed by Contractor and OEWD staff.
- E. This Local Hiring Plan does not limit Contractor's or its Subcontractors' ability to assess qualifications of prospective workers, and to make final hiring and retention decisions. No provision of this Local Hiring Plan shall be interpreted so as to require a Contractor or Subcontractor to employ a worker not qualified for the position in question, or to employ any particular worker.
- F. Construction Work for Non-Covered Projects will be subject to the First Source Hiring Program for Construction Work in accordance with Section III.C.3 of the Workforce Development Plan.

1.4 CITYBUILD WORKFORCE DEVELOPMENT PROGRAM: EMPLOYMENT NETWORKING SERVICES

- A. OEWD administers the CityBuild Program. Subject to any collective bargaining agreements in the building trades and applicable law, CityBuild shall be a primary resource available for Contractor and Subcontractors to meet Contractors' local hiring requirements under this Local Hiring Plan. CityBuild has two main goals:
 - 1. Assist with local hiring requirements under this Local Hiring Plan by connecting Contractor and Subcontractors with qualified journey-level, Apprentice, and pre-Apprentice Local Residents.

2. Promote training and employment opportunities for disadvantaged workers of all ethnic backgrounds and genders in the construction work force.
- B. Where a Contractor's or its Subcontractors' preferred or preexisting hiring or staffing procedures for a Covered Project do not enable Contractor to satisfy the local hiring requirements of this Local Hiring Plan, the Contractor or Subcontractor shall use other procedures to identify and retain Targeted Workers, including the following:
1. Requesting to connect with workers through CityBuild, with qualifications described in the request limited to skills directly related to performance of job duties.
 2. Considering Targeted Workers networked through CityBuild within three business days of the request and who meet the qualifications described in the request. Such consideration may include in-person interviews. All workers networked through CityBuild will qualify as Disadvantaged Workers under this Local Hiring Plan. Neither Contractor nor its Subcontractors are required to make an independent determination of whether any worker is a "Disadvantaged Worker" as defined above.
- C. **CONDITIONAL WAIVER FROM LOCAL HIRING REQUIREMENTS**
- A. Contractor or the Subcontractor may use one or more of the following pipeline and retention compliance mechanisms to receive a conditional waiver from the Local Hiring Requirements of Section 1.3 on a project-specific basis. All requests for conditional waivers must be submitted to OEWD for approval.
1. Specialized Trades: OEWD has published a list of trades designated as "Specialized Trades" for which the local hiring requirements of this Local Hiring Plan will not apply. The list is available on the OEWD website. Contractor and its Subcontractors shall report to OEWD the Project Work Hours utilized in each designated Specialized Trade and in each OEWD-approved project-specific Specialized Trade.
 2. Credit for Hiring on Non-Covered Projects: Contractor and its Subcontractors may accumulate credit hours for hiring Targeted Workers on Non-Covered Projects in the nine-county San Francisco Bay Area and apply those credit hours to contracts for Covered Projects to meet the mandatory local hiring requirement. For hours performed by Targeted Workers on Non-Covered Projects, the hours shall be credited toward the local hiring requirement for this Contract provided that:
 - a. the Targeted Workers are paid the prevailing wages or union scale for work on the Non-Covered Projects; and
 - b. such credit hours shall be committed to by the Contractor on future projects to satisfy any short fall the Contractor may have on a Covered Project. Such commitment shall be in writing by the Contractor, shall extend for a period of time negotiated between the contractor and OEWD, and shall commit to satisfying any assessed penalties should Contractor fail to achieve the required credit hours.
 3. Sponsoring Apprentices: Contractor or a Subcontractor may agree to sponsor an OEWD-specified number of new Apprentices in trades in which noncompliance is likely and retaining those Apprentices for the period of Contractor's or a Subcontractor's work on the project. OEWD will verify with the California

Department of Industrial Relations that the new Apprentices are registered and active Apprentices. Contractor will be required to write a sponsorship letter on behalf of the identified candidate to the appropriate Local Union and will make the necessary arrangements with the Union to hire the candidate as soon as s/he is indentured.

4. Direct Entry Agreements: OEWD is authorized to negotiate and enter into direct entry agreements with apprenticeship programs that are registered with the California Department of Industrial Relations' Division of Apprenticeship Standards. Contractor may avoid assessment of penalties for non-compliance with this Local Hiring Plan by Contractor or its Subcontractors hiring and retaining Apprentices who are enrolled through such direct entry agreements. Contractor may also utilize OEWD-approved organizations with direct entry agreements with Local Unions, including District 10 based organizations to hire and retain Targeted Workers. To the extent that Contractor or its Subcontractors have hired Apprentices or Targeted Workers under a direct entry agreement entered into by OEWD or reasonably approved by OEWD, OEWD will not assess penalties for non-compliance with this Local Hiring Plan.
5. Corrective Actions: Should local employment conditions be such that adequate Targeted Workers for a craft, or crafts, are not available to meet the requirements and Contractor can document their efforts to achieve the requirements through the mechanisms and processes in this document, a corrective action plan must be negotiated between Contractor and OEWD.

1.5 LOCAL HIRING FORMS

- A. Utilizing the City's online Project Reporting System, Contractors for Covered Projects shall submit the following forms, as applicable, to the Contracting City Agency and OEWD:
 1. Form 1: Local Hiring Workforce Projection: OEWD Form 1 (Local Hiring Workforce Projection), a copy of which is attached hereto, shall be initially submitted prior to the start of construction and updated quarterly by the Contractor until all subcontracting is completed.
 2. Form 2: Local Hiring Plan: For Covered Projects estimated to cost more than \$1,000,000, Contractor shall prepare and submit to Contracting City Agency and OEWD for approval a Local Hiring Plan for the project using OEWD Form 2, a copy of which is attached hereto. This Form 2 shall be initially submitted prior to the start of construction and updated quarterly by the Contractor until all subcontracting is completed.
 3. Job Notifications: Upon commencement of work, Contractor and its Subcontractors may submit Job Notifications to CityBuild to connect with local trades workers.
 4. Form 4: Conditional Waivers: If a Contractor or a Subcontractor believes the local hiring requirements cannot be met, it will submit OEWD Form 4 (Conditional Waiver), a copy of which is attached hereto, as more particularly described in Articles 1.4 and 1.5 above.

1.6 ENFORCEMENT, RECORD KEEPING, NONCOMPLIANCE AND PENALTIES

- A. Subcontractor Compliance. Each Contractor and Subcontractor shall ensure that all Subcontractors agree to comply with applicable requirements of this document. All Subcontractors agree as a term of participation on the Project that the City shall have third party beneficiary rights under all contracts under which Subcontractors are performing Project Work. Such third party beneficiary rights shall be limited to the right to enforce the requirements of this Local Hiring Plan directly against the Subcontractors. All Subcontractors on the Project shall be responsible for complying with the recordkeeping and reporting requirements set forth in this Local Hiring Plan. Subcontractors with work in excess of the of \$600,000 shall be responsible for ensuring compliance with the Local Hiring Requirements set forth in Section 1.3 of this Local Hiring Plan based on Project Work Hours performed under their Subcontracts, including Project Work Hours performed by lower tier Subcontractors with work less than the Threshold Amount.
- B. Reporting. Contractor shall submit certified payrolls to the City electronically using the Project Reporting System. OEWD and will monitor compliance with this Local Hiring Plan electronically.
- C. Recordkeeping. Contractor and each Subcontractor shall keep, or cause to be kept, for a period of four years from the date of Substantial Completion of Construction Work, certified payroll and basic records, including time cards, tax forms, and superintendent and foreman daily logs, for all workers within each trade performing work on a Covered Project.
1. Such records shall include the name, address and social security number of each worker who worked on the covered project, his or her classification, a general description of the work each worker performed each day, the Apprentice or journey-level status of each worker, daily and weekly number of hours worked, the self-identified race, gender, and ethnicity of each worker, whether or not the worker was a Local Resident, and the referral source or method through which the contractor or subcontractor hired or retained that worker for work on the Covered Project (e.g., core workforce, name call, union hiring hall, City-designated referral source, or recruitment or hiring method) as allowed by law.
 2. Contractor and Subcontractors may verify that a worker is a Local Resident by following OEWD's domicile policy.
 3. All records described in this subsection shall at all times be open to inspection and examination by the duly authorized officers and agents of the City, including representatives of the OEWD.
- D. Monitoring. From time to time and in its sole discretion, OEWD may monitor and investigate compliance of Contractor and Subcontractors working on a Covered Project with requirements of this Local Hiring Plan. Contractor shall allow representatives of OEWD, in the performance of their duties, to engage in random inspections of Covered Projects. Contractor and all Subcontractors shall also allow representatives of OEWD to have access to employees of the Contractor and Subcontractors and the records required to be maintained under this document.
- E. Noncompliance and Penalties. Failure of Contractor and/or its Subcontractors to comply with the requirements of this document and the obligations set forth in this Local Hiring Plan may subject Contractor to the consequences of noncompliance, including but not

limited to the assessment of penalties, but only if City determines that the failure to comply results from willful actions of Contractor and/or its Subcontractors, and not by reason of unavailability of sufficient qualified Local Residents and Disadvantaged Workers to meet the goals required hereunder. The assessment of penalties for noncompliance shall not preclude the City from exercising any other rights or remedies to which it is entitled.

1. **Penalties Amount.** If any Contractor or Subcontractor fails to satisfy the Local Hiring Requirements of this Local Hiring Plan applicable to Project Work Hours performed by Local Residents, and the applicable Contractor or Subcontractor is unable to provide evidence reasonably satisfactory to the City that such failure arose solely due to unavailability of qualified Local Residents despite Contractors or Subcontractors good faith efforts in accordance with this Local Hiring Program, then the Contractor, and in the case of any Subcontractor so failing, and Subcontractor shall jointly and severally forfeit to the City, an amount equal to the Journeyman or Apprentice prevailing wage rate, as applicable, with such wage as established by the Board of Supervisors or the California Department of Industrial Relations under subsection 6.22(e)(3) of the Administrative Code, for the primary trade used by the Contractor or Subcontractor on the Covered Project for each hour by which the Contractor or Subcontractor fell short of the Local Hiring Requirement. The assessment of penalties under this subsection shall not preclude the City from exercising any other rights or remedies to which it is entitled.
2. **Assessment of Penalties.** OEWD shall determine whether a Contractor and/or any Subcontractor has failed to comply with the Local Hire Requirement. If after conducting an investigation, OEWD determines that a violation has occurred, it shall issue and serve an assessment of penalties to the Contractor and/or any Subcontractor that sets forth the basis of the assessment and orders payment of penalties in the amounts equal to the Journeyman or Apprentice prevailing wage rates, as applicable, for the primary trade used by the Contractor or Subcontractor on the Project for each hour by which the Contractor or Subcontractor fell short of the Local Hiring Requirement. Assessment of penalties under this subsection shall be made only upon an investigation by OEWD and upon written notice to the Contractor or Subcontractor identifying the grounds for the penalty and providing the Contractor or Subcontractor with the opportunity to respond pursuant to the recourse procedures prescribed in this Local Hiring Plan.
3. **Recourse Procedure.** If the Contractor or Subcontractor disagrees with the assessment of penalties, then the following procedure applies:
 - a. The Contractor or Subcontractor may request a hearing in writing within 15 days of the date of the final notification of assessment. The request shall be directed to the City Controller. Failure by the Contractor or Subcontractor to submit a timely, written request for a hearing shall constitute concession to the assessment and the forfeiture shall be deemed final upon expiration of the 15-day period. The Contractor or Subcontractor must exhaust this administrative remedy prior to commencing further legal action.
 - b. Within 15 days of receiving a proper request, the Controller shall appoint a hearing officer with knowledge and not less than five years' experience in

labor law, and shall so advise the enforcing official and the Contractor or Subcontractor, and/or their respective counsel or authorized representative.

- c. The hearing officer shall promptly set a date for a hearing. The hearing must commence within 45 days of the notification of the appointment of the hearing officer and conclude within 75 days of such notification unless all parties agree to an extended period.
- d. Within 30 days of the conclusion of the hearing, the hearing officer shall issue a written decision affirming, modifying, or dismissing the assessment. The decision of the hearing officer shall consist of findings and a determination. The hearing officer's findings and determination shall be final.
- e. The Contractor or Subcontractor may appeal a final determination under this by filing in the San Francisco Superior Court a petition for a writ of mandate under California Code of Civil Procedure Section 1084 *et seq.*, as applicable and as may be amended from time to time.

1.8 COLLECTIVE BARGAINING AGREEMENT

Nothing in this Local Hiring Plan shall be interpreted to prohibit the continuation of existing workforce training agreements or to interfere with consent decrees, collective bargaining agreements, project labor agreements or existing employment contracts (Collective Bargaining Agreements"). In the event of a conflict between this Local Hiring Plan and a Collective Bargaining Agreement, the terms of the Collective Bargaining Agreement shall supersede this Local Hiring Plan.

OEWD FORM 1
CONSTRUCTION CONTRACTS

FORM 1: LOCAL HIRING WORKFORCE PROJECTION

Contractor: _____ Project Name: _____ Contract #: _____

The Contractor must complete and submit this Local Hiring Workforce Projection (Form 1) prior to the start of construction and quarterly until all subcontracting is complete. The Contractor must include information regarding all of its Subcontractors who will perform construction work on the project regardless of Tier and Value Amount.

Will you be able to meet the mandatory Local Hiring Requirements?

- ☐ YES (Please provide information for all contractors performing construction work in Table 1 below.)
☐ NO (Please complete Table 1 below and Form 4: Conditional Waivers.)

INSTRUCTIONS FOR COMPLETING TABLE 1:

1. Please organize the contractors' information based on their Trade Craft work.
2. For contractors performing work in various Trade Craft, please list contractor name in each Trade Craft (i.e. if Contractor X will perform two trades, list Contractor X under two Trade categories.)
3. If you anticipate utilizing Apprentices on this project, please note the requirement that 30% of Apprentice hours must be performed by San Francisco residents.
4. Additional blank form is available at our Website: www.workforcedevelopsf.org. For assistance or questions in completing this form, contact (415) 701-4894 or Email @ Local.hire.ordinance@sfgov.org.

TABLE 1: WORKFORCE PROJECTION

Trade Craft	Contractor <i>List contractors by Trade Craft</i>		Est. Total Work Hours	Est. Total Local Work Hours	Est. Total Local Work Hours %
<i>Example:</i> Laborer	Contractor X	Journey	800	250	31%
		Apprentice	200	100	50%
<i>Example:</i> Laborer	Contractor Y	Journey	500	100	20%
		Apprentice	0	0	0
<i>Example:</i>	TOTAL LABORER	Journey	1300	350	27%
		Apprentice	200	100	50%
<i>Example:</i>	TOTAL		1500	450	30%
		Journey			
		Apprentice			
		Journey			
		Apprentice			
		Journey			
		Apprentice			

DISCLAIMER: If the Total Work Hours for a Trade Craft are less than 5% of the Total Project Work Hours, the Trade Craft is exempt from the Mandatory Requirement. Subsequently, if the Trade Craft exceeds 5% of the Total Project Work Hours at any time during the project, the Trade Craft is subject to the Mandatory Requirement.

OEWD FORM 2
CONSTRUCTION CONTRACTS

FORM 2: LOCAL HIRING PLAN

Contractor: _____ Project Name: _____ Contract #: _____

If the Estimate for this Project exceeds \$1 million, then Contractor must submit a Local Hiring Plan using this Form 2 through the City's Project Reporting System. Form 2 shall be initially submitted prior to the start of construction and include all known subcontractors. Contractor shall update this Form 2 quarterly as subcontractors are identified and shall continue with updates until all subcontracting is complete. The OEWD-approved Local Hiring Plan will be a Contract Document and will be the basis for determining Contractor's and its Subcontractors' compliance with the local hiring requirements. Any OEWD-approved Conditional Waivers (Form 4) will be incorporated into the OEWD-approved Local Hiring Plan.

COMPLETE AND SUBMIT A SEPARATE FORM 2 FOR EACH TRADE THAT WILL BE UTILIZED ON THIS PROJECT.

INSTRUCTIONS:

1. Please complete tables below for Contractor and all Subcontractors that will be contributing Project Work Hours to meet the Local Hiring Requirement.
2. Please note that a Form 2 will need to be developed and approved separately for each trade craft that will be utilized on this project.
3. If you anticipate utilizing apprentices on this project, please note the requirement that 30% of apprentice hours must be performed by San Francisco residents.
4. The Contractor and each Subcontractor identified in the Local Hiring Plan must sign this form before it will be considered for approval by OEWD.
5. If applicable, please attach all OEWD-approved Form 4 Conditional Waivers.
6. Additional blank form is available at our Website: www.workforcedevelopsf.org. For assistance or questions in completing this form, contact (415) 701-4894 or Email @ Local.hire.ordinance@sfgov.org.

List Trade Craft. Add numerical values from Form 1: Local Hiring Workforce Projection and input in the table below.

Trade Craft	Total Work Hours	Total Local Work Hours	Local Work Hours %	Total Apprentice Work Hours	Total Local Apprentice Work Hours	Local Apprentice Work Hours %
<i>Example: Laborer</i>	1500	450	30%	200	100	50%

List all contractors contributing to the project work hours to meet the Local Hiring Requirements for the above Trade Craft

Contractor and Authorized Representative	Local Journey Hours	Local Apprentice Hours	Total Local Work Hours	Start Date	Number of Working Days	Contractor Signature
Contractor X Joe Smith	250	100	350	3/25/13	60	Joe Smith
Contractor Y Michael Lee	100	0	100	5/25/13	30	Michael Lee

***We the undersigned, have reviewed Form 2 and agree to deliver the hours set forth in this document.**

FORM 4: CONDITIONAL WAIVERS

Contractor: _____ Project Name: _____ Contract #: _____

Upon approval from OEWD, Contractors and Subcontractors may use one or more of the following pipeline and retention compliance mechanisms to receive a Conditional Waiver from the Local Hiring Requirements on a project-specific basis. Conditional Waivers must be approved by OEWD. If applicable, each subcontractor must submit their individual Waiver request to OEWD and copy their Prime Contractor. This form can be submitted at any time.

TRADE WAIVER INFORMATION: Please provide information on the Trades you are requesting Waivers for:

Laborer Trade Craft	Est. Total Work Hours	Projected Deficient Local Work Hours	Laborer Trade Craft	Est. Total Work Hours	Projected Deficient Local Work Hours
1.			3.		
2.			4.		

Please check any of the following Conditional Waivers and complete the appropriate boxes for approval:

☐ 1. SPECIALIZED TRADES ☐ 2. SPONSORING APPRENTICES ☐ 3. CREDIT FOR NON-COVERED PROJECTS

WORKFORCE DEVELOPMENT PLAN

ATTACHMENT C - LBE UTILIZATION PLAN

1. Purpose and Scope. This Attachment C ("LBE Utilization Plan") governs the Local Business Enterprise obligations of the Project pursuant to San Francisco Administrative Code Section 14B.20 and satisfies the obligations of each Project Sponsor and its Contractors and Consultants for a LBE Utilization Plan as set forth therein. Capitalized terms not defined herein shall have the meanings ascribed to them in the Workforce Plan or Section 14B.20 as applicable. The Port and Developer will seek to, whenever practicable, conduct outreach to contracting teams that reflect the diversity of the City and include participation of both businesses and residents from the City's most disadvantaged communities such as the 94107, 94124, and 94134 zip codes. In the event of any conflict between Administrative Code Chapter 14B and this Attachment, this Attachment shall govern.
2. Roles of Parties. In connection with the design and construction phases of all Construction Work (as defined in the Workforce Plan), the Project will provide community benefits designed to foster employment opportunities for disadvantaged individuals by offering contracting and consulting opportunities to local business enterprises ("LBEs"). Developer and each Vertical Developer shall participate in a local business enterprise program, and the City's Contract Monitoring Division will serve the roles as set forth below.
3. Definitions. For purposes of this Attachment, the definitions shall be as follows:
 - a. "CMD" shall mean the Contract Monitoring Division of the City Administrator's Office.
 - b. "Commercially Useful Function" shall mean that the business is directly responsible for providing the materials, equipment, supplies or services to the Contracting Party as required by the solicitation or request for quotes, bids or proposals. Businesses that engage in the business of providing brokerage, referral or temporary employment services shall not be deemed to perform a "commercially useful function" unless the brokerage, referral or temporary employment services are those required and sought by the Contracting Party.
 - c. "Consultant" shall mean a person or company that has entered into a professional services contract for monetary consideration with a Project Sponsor to provide advice or services to the Project Sponsor directly related to the architectural or landscape design, physical planning, and/or civil, structural or environmental engineering of an LBE Improvement.
 - d. "Contract(s)" shall mean an agreement, whether a direct contract or subcontract, for Consultant or Contractor services for all or a portion of an LBE Improvement.
 - e. "Contracting Party" means a Project Sponsor, Contractor or Consultant retained to work on LBE Improvements, as the case may be.
 - f. "Contractor" shall mean a prime contractor, general contractor, or construction manager contracted by a Developer or Vertical Developer who performs construction work on an LBE Improvement.⁴

- g. "Follow-on Tenant Improvements" means tenant improvements within commercial spaces in residential or commercial buildings (office, retail) that are constructed pursuant to an approved building permit or site permit/addenda issued after the building permit or site permit/addenda for the Initial Tenant Improvements.
- h. "Good Faith Efforts" shall mean procedural steps taken by the Project Sponsor, Contractor or Consultant with respect to the attainment of the LBE participation goals, as set forth in Section 7 below.
- i. "Initial Tenant Improvements" means tenant improvements within commercial spaces in residential or commercial buildings (office, retail) that are constructed pursuant to the first building permit or site permit/addenda issued for such spaces after completion of building core and shell.
- j. "Local Business Enterprise" or "LBE" means a business that is certified as an LBE under Chapter 14B.3.
- k. "LBE Liaison" shall mean the Project Sponsor's primary point of contact with CMD regarding the obligations of this LBE Utilization Plan. Each prime Contractor(s) shall likewise have a LBE Liaison.
- l. "LBE Improvements" means, as applicable, (a) all Horizontal Improvements required or permitted to be made to the 28-Acre Site to be carried out by Developer under the DDA and (b) Workforce Buildings.
- m. "Project Sponsor" shall mean the Developer of Horizontal Improvements or the Vertical Developer under a Vertical DDA.
- n. "Subconsultant" shall mean a person or entity that has a direct Contract with a Consultant to perform a portion of the work under a Contract for an LBE Improvement.
- o. "Subcontractor" shall mean a person or entity that has a direct Contract with a Contractor to perform a portion of the work under a Contract for Construction Work.
- p. "Workforce Buildings" means the following: (i) residential buildings, including associated residential units, common space, amenities, parking and back of house construction; (ii) commercial office, retail, parking buildings core & shell; (iii) tenant improvement for all commercial spaces in residential or commercial buildings (office, retail) which are 15,000 square feet (per square footage on building permit application) and above; and (iv) all construction related to standalone affordable housing buildings. Workforce Buildings shall expressly exclude: (i) residential owner-contracted improvements in for-sale residential units; (ii) tenant improvements for the Arts Building (E4), including core and shell and tenant improvements; and (iii) tenant improvements related to PDR spaces. Developer will use good faith efforts to hire LBEs for ongoing service contracts (e.g. maintenance, janitorial, landscaping, security etc.) within Workforce Buildings and advertise such contracting opportunities with CMD except to the extent impractical or infeasible. If a master association is responsible for the operation and maintenance of publicly owned improvements within the Project Site, CMD shall refer LBEs to such association for consideration with regard to contracting opportunities for such

improvements. Such association will consider, in good faith such LBE referrals, but hiring decisions shall be entirely at the discretion of such association.

4. LBE Participation Goal. Project Sponsor agrees to participate in this LBE Utilization Plan and CMD agrees to work with Project Sponsor in this effort, as set forth in this Attachment C. As long as this Attachment C remains in full force and effect, each Project Sponsor shall make good faith efforts as defined below to achieve an overall LBE participation goal of 17% of the total cost of all Contracts for an LBE Improvement awarded to LBE Contractors, Subcontractors, Consultants or Subconsultants that are Small and Micro-LBEs, as set forth in Administrative Code Section 14B.8(A); Follow-on Tenant Improvements and services are not included in the numerical goal. Notwithstanding the foregoing, CMD's Director may, in his or her discretion, provide for a downward adjustment of the LBE participation requirement, depending on LBE participation data presented by the Project Sponsor and its team in quarterly and annual reports and meetings. Where, based on reasonable evidence presented to the Director by a party attempting to achieve the LBE Participation goals, that there are not sufficient qualified Small and Micro-LBEs available, the Director may authorize the applicable party to satisfy the LBE participation goal through the use of Small, Micro or SBA-LBEs (as each such term is defined is employed in Chapter 14B of the Administrative Code), or may set separate subcontractor participation requirements for Small and Micro- LBEs, and for SBA-LBEs.

6. Project Sponsor Obligations. For each LBE Improvement, the Project Sponsor shall comply with the requirements of this Attachment C as follows: Upon entering into a Contract with a Contractor or Consultant, each Project Sponsor will include each such Contract a provision requiring the Contractor or Consultant to comply with the terms of this Attachment C, and setting forth the applicable percentage goal for such Contract, and provide a signed copy thereof to CMD within 10 business days of execution. Such Contract shall specify the notice information for the Contractor or Consultant to receive notice pursuant to Section 17. Each Project Sponsor shall identify a "LBE Liaison" as its main point of contact for outreach/compliance concerns. The LBE Liaison shall be a LBE Consultant with the experience in and responsible for making recommendations on how to maximize engagement of local small businesses/LBEs from disadvantaged communities including the 94124, 94134 and 94107 zip codes.

The LBE Liaison shall be available to meet with CMD staff on a regular basis or as necessary regarding the implementation of this Attachment C. For the term of the DDA or VDDA as applicable, at least once per year, each Project Sponsor and the Port shall hold a public workshop for applicable contractor communities to publicize anticipated contracting opportunities for LBE Improvements for the succeeding year, which workshops may be held independently or in conjunction with each other; provided, that the Port's obligations hereunder shall be limited to contracting opportunities relating to operations and maintenance of publicly-owned improvements within the 28-Acre Site. Each Project Sponsor will use good faith efforts to hire Small, Micro or SBA-LBEs for ongoing service contracts including janitorial, security and parking management contracts and advertise these contracting opportunities with the CMD except to the extent impractical or infeasible (e.g., a parking management contract cannot be broken down to allow two parking operators). Each project sponsor agrees to utilize a "subguard" policy or other means (i.e., OCIP or CCIP) to provide bonding capacity or assistance for LBEs working on the Project at the developer or contractor's option, should the firm be required to bond.

If a Project Sponsor fulfills its obligations as set forth in this Section 6 and otherwise cooperates in good faith at CMD's request with respect to any meet and confer process or enforcement action against a non-compliant Contractor, Consultant, Subcontractor or Subconsultant, then it shall not be held responsible for the failure of a Contractor, Consultant, Subcontractor or Subconsultant or any other person or party to comply with the requirements of this Attachment C.

7. Good Faith Efforts. City acknowledges and agrees that each Project Sponsor, Contractor, Subcontractor, Consultant and Subconsultant shall have the sole discretion to qualify, hire or not hire LBEs. If a Contractor or Consultant does not meet the LBE hiring goal set forth above, it will nonetheless be deemed to satisfy the good faith effort obligation of this Section 7 and thereby satisfy the requirements and obligations of this Attachment C if the Contractor, Consultants and their Subcontractors and Subconsultants, as applicable, perform the good faith efforts set forth in this Section 7 as follows:

- a. Advance Notice. Notify CMD in writing of all upcoming solicitations of proposals for work under a Contract at least 15 business days before issuing such solicitations to allow opportunity for CMD to identify and outreach to any LBEs that it reasonably deems may be qualified for the Contract scope of work.
- b. Contract Size. Where practicable, the Project Sponsor, Contractor, Consultant, Subcontractor or Subconsultant, in their sole discretion, may divide the work in order to encourage maximum LBE participation or, encourage joint venturing. The Contracting Party will identify specific items of each Contract that may be performed by Subcontractors.
- c. Advertise. The Project Sponsor, Contractor, Consultant, Subcontractor or Subconsultant may advertise for professional services and contracting opportunities in media focused on small businesses including the Bid and Contract Opportunities website through the City's Office of Contract Administration (<http://mission.sfgov.org/OCABidPublication>) and other local and trade publications, and allowing subcontractors to attend outreach events, pre-bid meetings, and inviting LBEs to submit bids to Project Sponsor or its prime Contractor or Consultant, as applicable. As Contractor deems necessary, convene pre-bid or pre-solicitation meetings no less than 15 days prior to the opening of bids and proposals for LBEs to ask questions about the selection process and technical specifications/requirements.
- d. CMD Invitation. If a pre-bid meeting or other similar meeting is held with proposed Contractors, Subcontractors, Consultants or Subconsultants, invite CMD to the meeting to allow CMD to explain proper LBE utilization.
- e. Public Solicitation. The Project Sponsor or its prime Contractor(s) and/or Consultants, as applicable, will work with CMD to follow up on initial solicitations of interest by contacting LBEs to determine with certainty whether they are interested in performing specific items in a project.
- f. Outreach and Other Assistance. The Project Sponsor or its prime Contractor (s) and/or Consultants, as applicable, will a) provide LBEs with plans, specifications and requirements for all or part of the project; b) notify LBE trade associations that disseminate bid and contract

information and provide technical assistance to LBEs. The designated LBE Liaison(s) will work with CMD to conduct outreach to LBEs for all consulting/contracting opportunities in the applicable trades and services in order to encourage them to participate on the project.

g. Contacts. Make contacts with LBEs, associations or development centers, or any agencies, which disseminate bid and contract information to LBEs and document any other efforts undertaken to encourage participation by LBEs.

h. Good Faith/Nondiscrimination. Make good faith efforts to enter into Contracts with LBEs and give good faith consideration to bids and proposals submitted by LBEs. Use nondiscriminatory selection criteria (for the purpose of clarity, exercise of subjective aesthetic taste in selection decisions for architect and other design professionals shall not be deemed discriminatory and the exercise of its commercially reasonable judgment in all hiring decisions shall not be deemed discriminatory).

i. Incorporation into contract provisions. Project Sponsor shall include in Contracts provisions that require prospective Contractors and Consultants that will be utilizing Subcontractors or Subconsultants to follow the above good faith efforts to subcontract to LBEs, including the overall LBE participation goal and any LBE percentage that may be required under such Contract (Note: Developer/applicable tenants shall follow this programs Good Faith Efforts for Follow-on Tenant Improvements and services, but such work is not subject to the numerical LBE goal).

j. Monitoring. Allow CMD Contract Compliance unit to monitor Consultant/Contractor selection processes and, when necessary give suggestions as to how best to maximize LBEs ability to complete and win procurement opportunities.

k. Maintain Records and Cooperation. Maintain records of LBEs that are awarded Contracts, not discriminate against any LBEs, and, if requested, meet and confer with CMD as reasonably required in addition to the meet and confer sessions described in Section 10 below to identify a strategy to meet the LBE goal;

l. Quarterly and Annual Reports. During construction, the LBE Liaison(s) shall prepare a quarterly and annual report of LBE participation goal attainment and submit to CMD as required by Section 10 herein; and

m. Meet and Confer. Attend the meet and confer process described in Section 10.

8. Good Faith Outreach: Good faith efforts shall be deemed satisfied solely by compliance with Section 7. Contractors and Consultants, and Subcontractors and Subconsultants as applicable shall also work with CMD to identify from CMD's database of LBEs those LBEs who are most likely to be qualified for each identified opportunity under Section 7.a, and following CMD's notice under Section 9.a, shall undertake reasonable efforts at CMD's request to support CMD's outreach identified LBEs as mutually agreed upon by CMD and each Contractor or Consultant and its Subcontractors and Subconsultants, as applicable.

9. CMD Obligations. The following are obligations of CMD to implement this LBE Utilization Plan:

a. During the fifteen (15) business day notification period for upcoming Contracts required by Section 7.a, CMD will work with the Project Sponsor and its Contractor and/or Consultant as applicable to send such notification to qualified LBEs to alert them to upcoming Contracts.

b. Provide assistance to Contractors, Subcontractors, Consultants and Subconsultants on good faith outreach to LBEs.

c. Review quarterly reports of LBE participation goals; when necessary give suggestions as to how best to maximize LBEs ability to compete and win procurement opportunities.

d. Perform other tasks as reasonably required to assist the Project Sponsor and its Contractors, Subcontractors, Consultants and Subconsultants in meeting LBE participation goals and/or satisfying good faith efforts requirements.

e. Insurance and Bonding. Recognizing that lines of credit, insurance and bonding are problems common to local businesses, CMD staff will be available to explain the applicable insurance and bonding requirements, answer questions about them, and, if possible, suggest governmental or third party avenues of assistance.

10. Meet and Confer Process. Commencing with the first Contract that is executed for an LBE Improvement, and every six (6) months thereafter, or more frequently if requested by either CMD, Project Sponsor or a Contractor or Consultant and the CMD shall engage in an informal meet and confer to assess compliance of such Contractor and Consultants and its Subcontractors and Subconsultants as applicable with this Attachment C. When deficiencies are noted, meet and confer with CMD to ascertain and execute plans to increase LBE participation.

11. Prohibition on Discrimination. Project Sponsors shall not discriminate in its selection of Contractors and Consultants, and such Contractors and Consultants shall not discriminate in their selection of Subcontractors and Subconsultants against any person on the basis of race, gender, or any other basis prohibited by law. As part of its efforts to avoid unlawful discrimination in the selection of Subconsultants and Subcontractors, Contractors and Consultants will undertake the Good Faith Efforts and participate in the meet and confer processes as set forth in Sections 7 and 10 above.

12. Collective Bargaining Agreements. Nothing in this Attachment C shall be interpreted to prohibit the continuation of existing workforce training agreements or to interfere with consent decrees, collective bargaining agreements, project labor agreement, project stabilization agreement, existing employment contract or other labor agreement or labor contract ("Collective Bargaining Agreements"). In the event of a conflict between this Attachment C and a Collective Bargaining Agreement, the terms of the Collective Bargaining Agreement shall supersede this Attachment C.

13. Reporting and Monitoring. Each Contractor, Consultant, and its Subcontractors and Subconsultants as applicable shall maintain accurate records demonstrating compliance with the LBE participation goals, including keeping track of the date that each response, proposal or bid that was received from LBEs, including the amount bid by and the amount to be paid (if different) to the non-LBE contractor that was selected, documentation of any efforts regarding

good faith efforts as set forth in Section 7. Project Sponsors shall create a reporting method for tracking LBE participation. Data tracked shall include the following (at a minimum):

- a. Name/Type of Contract(s) let (e.g. civil engineering contract, environmental consulting, etc.)
- b. Name of Contractors (including identifying which are LBEs and non-LBEs)
- c. Name of Subcontractors (including identifying which are LBEs and non-LBEs)
- d. Scope of work performed by LBEs (e.g. under an architect, an LBE could be procured to provide renderings)
- e. Dollar amounts associated with both LBE and non-LBE Contractors at both prime and Subcontractor levels.
- f. Total LBE participation is defined as a percentage of total Contract dollars.
- g. Outcomes with respect to Developer's efforts to engage (hire) local small businesses/LBEs from disadvantaged communities including the 94124, 94134 and 94107 zip codes.

14. Written Notice of Deficiencies. If based on complaint, failure to report, or other cause, the CMD has reason to question the good faith efforts of a Project Sponsor, Contractor, Subcontractor, Consultant or Subconsultant, then CMD shall provide written notice to the Project Sponsor, each affected Contractor or Consultant and, if applicable, also to its Subcontractor or Subconsultant. The Contractor or Consultant and, if applicable, the Subcontractor or Subconsultant, shall have a reasonable period, based on the facts and circumstances of each case, to demonstrate to the reasonable satisfaction of the CMD that it has exercised good faith to satisfy its obligations under this Attachment C. When deficiencies are noted CMD staff will work with the appropriate LBE Liaison(s) to remedy such deficiencies.

15. Remedies. Notwithstanding anything to the contrary in the Development Agreement, the following process and remedies shall apply with respect to any alleged violation of this Attachment C:

Mediation and conciliation shall be the administrative procedure of first resort for any and all compliance disputes arising under this Attachment C. The Director of CMD shall have power to oversee and to conduct the mediation and conciliation.

Non-binding arbitration shall be the administrative procedure of second resort utilized by CMD for resolving the issue of whether a Project Sponsor, Contractor, Consultant, Subcontractor or Subconsultant discriminated in the award of one or more LBE Contracts to the extent that such issue is not resolved through the mediation and conciliation procedure described above. Obtaining a final judgment through arbitration on LBE contract related disputes shall be a condition precedent to the ability of the City or the Project Sponsor, Contractor, Consultant, Subcontractor or Subconsultant to file a request for judicial relief.

If a Project Sponsor, Contractor, Consultant, Subcontractor or Subconsultant is found to be in willful breach of the obligations set forth in this Attachment C, assess against the noncompliant Project Sponsor, Contractor, Consultant, Subcontractor or Subconsultant liquidated damages not to exceed \$25,000 or 5% of the Contract, whichever is less, for each such willful breach. In determining the amount of any liquidated damages to be assessed within the limits described above, the arbitrator or court of competent jurisdiction shall consider the financial capacity of the Project Sponsor, Contractor, Consultant, Subcontractor or Subconsultant. For purposes of this paragraph, "willful breach" means a knowing and intentional breach.

For all other violations of this Attachment C, the sole remedy for violation shall be specific performance, without the limits with respect thereto in Section 9.3 of the Development Agreement.

16. Duration of this Agreement. This Attachment C shall terminate (i) as to each work of Horizontal Improvement where work has commenced under the DDA, upon issuance of a SOP Compliance Determination for the applicable Horizontal Improvement; and (ii) as to each Workforce Building where work has commenced under the applicable Vertical DDA, upon issuance of a SOP Compliance Determination for the applicable Vertical Improvements thereunder; (iii) as to all Initial Tenant Improvements and Follow-on Tenant Improvements, ten (10) years after issuance of the first Temporary Certificate of Occupancy for the Vertical Improvements in which the Initial Tenant Improvements or Follow-on Tenant Improvements are located; and (v) for any Horizontal Improvements or Workforce Building that has not commenced before the termination of the Development Agreement, upon the termination of the Development Agreement. Upon such termination, this Attachment C shall be of no further force and effect.

17. Notice. All notices to be given under this Attachment C shall be in writing and sent by: certified mail, return receipt requested, in which case notice shall be deemed delivered three (3) business days after deposit, postage prepaid in the United States Mail, a nationally recognized overnight courier, in which case notice shall be deemed delivered one (1) business day after deposit with that courier, or hand delivery, in which case notice shall be deemed delivered on the date received, all as follows:

If to CMD:

Attn: _____

If to Project Sponsor:

Attn: _____

If to Contractor:

Attn: _____

If to Consultant:

Attn: _____

Any party may change its address for notice purposes by giving the other parties notice of its new address as provided herein. A "business day" is any day other than a Saturday, Sunday or a day in which banks in San Francisco, California are authorized to close.

102332121.9

Attachment D

Dispute Resolution

1. *Arbitration*

Any dispute involving the alleged breach or enforcement of this Workforce Development Plan (excluding disputes relating to the First Source Hiring Agreement and the applicable City ordinances, which shall be resolved in accordance with their respective terms) shall be submitted to arbitration in accordance with this **Attachment D**.

The arbitration shall be submitted to the American Arbitration Association, San Francisco, California office ("AAA") which will use the Commercial Rules of the AAA then applicable, but subject to the further revisions thereof. If there is a conflict between the Commercial Rules of the AAA and the arbitration provisions in this Attachment D, the arbitration provisions of this Attachment D shall govern. The arbitration shall take place in the City and County of San Francisco.

2. *Demand for Arbitration*

The party seeking arbitration shall make a written demand for arbitration ("***Demand for Arbitration***") in accordance with the notice procedures of Appendix Pt. A, Section 5 (Notices). The Demand for Arbitration shall contain at a minimum: (1) a cover letter demanding arbitration under this provision and identifying the entities believed to be involved in the dispute; (2) a copy of the notice of default, if any, sent from one party to the other; (3) any written response to the notice of default; and (4) a brief statement of the nature of the alleged default.

3. *Parties' Participation*

All persons or entities affected by the dispute (including, as applicable, OEWD, the Port, Developer, Vertical Developers, Construction Contractor (and subcontractor) and Permanent Employer) and shall be made Arbitration Parties. Any such person or entity not made an Arbitration Party in the Demand for Arbitration may intervene as an Arbitration Party and in turn may name any other such affected person or entity as an Arbitration Party; provided that, upon request by any party, the arbiter may dismiss such party if it is not reasonably affected by the dispute.

4. *OEWD Request to AAA*

Within seven (7) business days after service or receipt of a Demand for Arbitration, OEWD shall transmit to AAA a copy of the Demand for Arbitration and any written response thereto from an Arbitration Party. Such material shall be made part of the arbitration record.

5. *Selection of Arbitrator*

One arbitrator shall arbitrate the dispute. The arbitrator shall be selected from the panel of arbitrators from AAA by the Arbitration Parties in accordance with the AAA rules. The parties shall act diligently in this regard. If the Arbitration Parties fail to agree on an arbitrator

within seven (7) business days from the receipt of the panel, AAA shall appoint the arbitrator. A condition to the selection of any arbitrator shall be the arbitrator's agreement to: (i) submit to all Arbitration Parties the disclosure statement required under California Code of Civil Procedure Section 1281.9; and (ii) render a decision within thirty (30) days from the date of the conclusion of the arbitration hearing.

6. *Setting of Arbitration Hearing*

A hearing shall be held within ninety (90) days of the date of the filing of the Demand for Arbitration with AAA, unless otherwise agreed by the Arbitration Parties. The arbitrator shall set the date, time and place for the arbitration hearing(s) within the prescribed time periods by giving notice by hand delivery or first class mail to each Arbitration Party.

7. *Discovery*

In arbitration proceedings hereunder, discovery shall be permitted in accordance with Code of Civil Procedure §1283.05 as it may be amended from time to time.

8. *California Law Applies*

California law, including the California Arbitration Act, Code of Civil Procedure Part 3, Title 9, §§ 1280 through 1294.2, shall govern all arbitration proceedings in any Employment and Contracting Agreement.

9. *Arbitration Remedies and Sanctions*

The arbitrator may impose only the remedies and sanctions set forth below:

a. Order specific, reasonable actions and procedures to mitigate the effects of the non-compliance and/or to bring any non-compliant Arbitration Party into compliance with the Workforce Development Plan.

b. Require any Arbitration Party to refrain from entering into new contracts related to work covered by the applicable sections of the Workforce Development Plan, or from granting extensions or modifications to existing contracts related to services covered by the applicable sections of the Workforce Development Plan, other than those minor modifications or extensions necessary to enable completion of the work covered by the existing contract.

c. Direct any Arbitration Party to cancel, terminate, suspend or cause to be cancelled, terminated or suspended, any contract or portion(s) thereof for failure of any Arbitration Party to comply with any of the requirements in this Workforce Development Plan. Contracts may be continued upon the condition that a program for future compliance is approved by OEWD. If any Arbitration Party is found to be in willful breach of its obligations hereunder, the arbitrator may impose a monetary sanction not to exceed Fifty Thousand Dollars (\$50,000.00) or ten percent (10%) of the base amount of the breaching party's contract, whichever is less, provided that, in determining the amount of any monetary sanction to be assessed, the arbitrator shall consider the financial capacity of the breaching party. No monetary sanction shall be imposed pursuant to this paragraph for the first willful breach of the Workforce

Development Plan unless the breaching party has failed to cure after being provided written notice and a reasonable opportunity to cure. Monetary sanctions may be imposed for subsequent uncured willful breaches by any Arbitration Party whether or not the breach is subsequently cured. For purposes of this paragraph, "*willful breach*" means a knowing and intentional breach.

d. Direct any Arbitration Party to produce and provide to OEWD any records, data or reports which are necessary to determine if a violation has occurred and/or to monitor the performance of any Arbitration Party.

10. *Arbitrator's Decision*

The arbitrator will normally make his or her award within twenty (20) days after the date that the hearing is completed but in no event past thirty (30) days from the conclusion of the arbitration hearing; provided that where a temporary restraining order is sought, the arbitrator shall make his or her award not later than twenty-four (24) hours after the hearing on the motion. The arbitrator shall send the decision by certified or registered mail to each Arbitration Party and shall also copy all Arbitration Parties by email (if email addresses are provided).

11. *Default Award; No Requirement to Seek an Order Compelling Arbitration*

The arbitrator may enter a default award against any person or entity who fails to appear at the hearing, provided that: (1) the person or entity received actual written notice of the hearing; and (2) the complaining party has a proof of service for the absent person or entity. In order to obtain a default award, the complaining party need not first seek or obtain an order to arbitrate the controversy pursuant to Code of Civil Procedure §1281.2.

12. *Arbitrator Lacks Power to Modify*

Except as expressly provided above in this Attachment D, the arbitrator shall have no power to add to, subtract from, disregard, modify or otherwise alter the terms of the Workforce Development Plan or to negotiate new agreements or provisions between the parties.

13. *Jurisdiction/Entry of Judgment*

The inquiry of the arbitrator shall be restricted to the particular controversy which gave rise to the Demand for Arbitration. A decision of the arbitrator issued hereunder shall be final and binding upon all Arbitration Parties. The prevailing Arbitration Party(ies) shall be entitled to reimbursement for the arbitrator's fees and related costs of arbitration. If a subcontractor is the losing party and fails to pay the fees within 30 days, then the applicable Construction Contractor (for whom that subcontractor worked) shall pay the fees. Each Arbitration Party shall pay its own attorneys' fees, provided, however, those attorneys' fees may be awarded to the prevailing party if the arbitrator finds that the arbitration action was instituted, litigated, or defended in bad faith. Judgment upon the arbitrator's decision may be entered in any court of competent jurisdiction.

14. Exculpation

Except as set forth in **Section 13** of this Attachment D, each Arbitration Party shall expressly waive any and all claims against OEWD, the Port and the City for costs or damages, direct or indirect, relating to this Workforce Development Plan or the arbitration process in this Attachment D, including but not limited to claims relating to the start, continuation and completion of construction.

ASSIGNMENT AND ASSUMPTION AGREEMENT
(Lease No. L-[XXXX])

This ASSIGNMENT AND ASSUMPTION AGREEMENT (this "Agreement"), effective as of [_____] (the "Effective Date"), is entered into by and among [_____] a [_____] ("Tenant"), and [_____] a [_____] ("Transferee").

RECITALS:

A. The City and County of San Francisco (the "City"), operating by and through the San Francisco Port Commission (together with any successor public agency designated by or pursuant to law, the "Port"), and Tenant are parties to that certain Lease No. L-[_____] dated as of [_____] 20[_____] a memorandum which was recorded in the Office of the Recorder of the City and County of San Francisco, State of California (the "Official Records") on [_____] 20[_____] as Instrument No. 20[_____] [(the "Lease")], for certain property located in the City and County of San Francisco, California, as more particularly described in Exhibit A attached hereto and made a part hereof (the "Property"), [Note: add if applicable any intervening amendment and/or assignments] (as [amended] [and] [assigned]), the "Lease") Terms used herein but not defined here shall have the meanings ascribed to such terms in the Lease.

B. Tenant and Transferee have entered into an agreement (the "Purchase Agreement") pursuant to which Tenant has agreed to assign all of its right, title and interest in and to the Lease to Transferee, and Transferee has agreed to assume all of Tenant's right title and interest in and to the Lease from Tenant.

C. In order to consummate the transactions contemplated by the Purchase Agreement, Tenant desires to assign and Transferee desires to assume the Lease on the terms and conditions set forth in this Agreement. In addition, in connection with the foregoing assignment and assumption, Tenant desires to be released by the Port from Tenant's obligations under the Lease, and the Port is willing to release Tenant from such obligations, on the terms and conditions set forth in this Agreement.

AGREEMENT

EXHIBIT N

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Tenant and Transferee agree as follows:

1. Assignment By Tenant. Tenant hereby assigns to Transferee as of the Effective Date each and all of the right, title, interest and obligations of Tenant under the Lease (including, without limitation, all of Tenant's right, title and interest in and to the Improvements).

2. Assumption By Transferee. Transferee hereby assumes from Transferee as of the Effective Date each and all of the right, title, interest and obligations of Tenant under the Lease (including, without limitation, all of Tenant's right, title and interest in and to the Improvements). Transferee hereby acknowledges that Transferee has reviewed the Lease and agrees to be bound by the Lease and all conditions and restrictions applicable to the Property pursuant to the Lease.

3. Representations and Warranties of Tenant. Tenant hereby makes the following representations and warranties to Transferee and to the Port as of the Effective Date:

3.1 Status. Tenant is a [] duly organized, validly existing and in good standing under the laws of the State of [] and is authorized to do business in the State of California and is in good standing therein.

3.2 No Conflicts. This Agreement is duly authorized, executed and delivered and shall be the legal, valid and binding obligation of Tenant. The person signing this Agreement on behalf of Tenant has full power and authority to sign this Agreement on Tenant's behalf.

4. Representations and Warranties of Transferee. Transferee hereby makes the following representations and warranties to Tenant and to the Port as of the Effective Date:

4.1 Status. Transferee is a [] duly organized, validly existing and in good standing under the laws of the State of [] and is authorized to do business in the State of California and is in good standing therein.

4.2 Authority. This Agreement is duly authorized, executed and delivered and shall be the legal, valid and binding obligation of Transferee. The person signing this Agreement on behalf of Transferee has full power and authority to sign this Agreement on Transferee's behalf.

4.3 Qualified Transferee. Transferee (i) has, or has engaged a property manager with, experience operating major commercial or residential projects, (ii) has a net worth (inclusive of its interests in the Property) equal to at least Twenty-Five Million Dollars (\$25,000,000) and (iii) is subject to jurisdiction of the courts of the State of California.

4.4 Investigation and Due Diligence; No Port Representations. Transferee has conducted a thorough investigation and due diligence of the Property and the Improvements, including all Material Systems, the roof and the structural integrity of the Improvements [if transfer occurs after 20th Anniversary of the Commencement Date only; and has received and reviewed the Facilities Condition Report dated _____ prepared by or on behalf of Tenant]. Transferee has reviewed and is familiar with the terms and conditions of the Lease. Transferee recognizes and acknowledges that the Port makes no representation or warranty hereby, express

or implied, regarding the Property, the Improvements, [the Facilities Condition Report] or the amount, nature, or extent of any obligation, liability, or duty under the Lease.

5. Release of Indemnified Parties and the State Lands Indemnified Parties. Transferee, on behalf of itself and its successors and assigns, waives or will be deemed to waive, any right to recover from, and forever releases, acquits, and discharges Indemnified Parties and the State Lands Indemnified Parties under the Lease of all Losses against the Indemnified Parties and the State Lands Indemnified Parties for the condition of the Improvements or the real property or any claims assignor may have against the Indemnified Parties arising prior to the Effective Date.

Transferee understands and expressly accepts and assumes the risk that any facts concerning the Losses released, waived, and discharged in this Agreement includes known and unknown claims, disclosed and undisclosed, and anticipated and unanticipated claims pertaining to the subject matter of the releases, waivers, and discharges, and might be found later to be other than or different from the facts now believed to be true, and agrees that the releases, waivers, and discharges in this Agreement will remain effective. Accordingly, with respect to the claims released, waived, and discharged in this Agreement, Transferee expressly waives the benefits of Section 1542 of the California Civil Code, which provides as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

BY PLACING ITS INITIALS BELOW, TRANSFEE SPECIFICALLY ACKNOWLEDGES AND CONFIRMS THE VALIDITY OF THE RELEASES, WAIVERS, AND DISCHARGES MADE ABOVE AND THE FACT THAT VERTICAL DEVELOPER WAS REPRESENTED BY COUNSEL WHO EXPLAINED, AT THE TIME THIS AGREEMENT WAS MADE, THE CONSEQUENCES OF THE ABOVE RELEASES, WAIVERS AND DISCHARGES.

TRANSFEE INITIALS: _____

6. General Provisions.

6.1 Attorneys' Fees. The provisions of Section 46.11 of the Lease are hereby incorporated by reference with the same effect as if set forth herein.

6.2 Notices. The provisions of Section 38 of the Lease are incorporated by reference with the same effect as if set forth herein; provided, however, the address for Transferee is as follows:

6.3 Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of each of the parties hereto and their respective executors, administrators, successors, and assigns.

6.4 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall constitute an original and all of which shall constitute one instrument. It shall not be necessary in making proof of this Agreement to account for more than one counterpart.

6.5 Captions. Any captions to, or headings of, the Articles, Paragraphs, or subparagraphs of this Agreement are solely for the convenience of the parties hereto, are not a part of this Agreement, and shall not be used for the interpretation or determination of the validity of this Agreement or any provision hereof.

6.6 Amendment To Agreement. The terms of this Agreement may not be modified or amended except by an instrument in writing executed by each of the parties hereto.

6.7 Exhibits. The Exhibits attached hereto are hereby incorporated herein by this reference for all purposes.

6.8 Waiver. The waiver or failure to enforce any provision of this Agreement shall not operate as a waiver of any future breach of any such provision or any other provision hereof.

6.9 Applicable Law. This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of California.

6.10 Fees and Other Expenses. Except as otherwise provided herein, each of the parties shall pay its own fees and expenses in connection with this Agreement.

6.11 Partial Invalidity. If any portion of this Agreement as applied to any party or to any circumstances shall be adjudged by a court to be void or unenforceable, such portion shall be deemed severed from this Agreement and shall in no way affect the validity or enforceability of the remaining portions of this Agreement.

6.12 Independent Counsel. Each party hereto acknowledges that: (a) it has been represented by independent counsel in connection with this Agreement; (b) it has executed this Agreement with the advice of such counsel; and (c) this Agreement is the result of negotiations between the parties hereto and the advice and assistance of their respective counsel. The fact that this Agreement was prepared by Tenant's counsel as a matter of convenience shall have no import or significance. Any uncertainty or ambiguity in this Agreement shall not be construed against Tenant because Tenant's counsel prepared this Agreement in its final form.

EXHIBIT N

6.13 Defined Terms. All capitalized terms not defined herein are set forth in the Lease.

FORM OF SIGNIFICANT CHANGE CERTIFICATE

To:

Port of San Francisco
Pier 1
San Francisco, CA 94111
Attn: Executive Director
Re: Pier 70 -- Lease No. L-[_____]

Re: Significant Change Certificate for Parcel [XX]

This Significant Change Certificate (the "**Certificate**") is delivered to Port, pursuant to [Use before Certificate of Completion is issued: Section 18.1(b)(ii)] [Use after Certificate of Completion is issued: Section 18.1(g)] of that certain Lease No. L-[_____] between the CITY AND COUNTY OF SAN FRANCISCO, operating by and through the SAN FRANCISCO PORT COMMISSION ("**Port**") and _____ ("**Tenant**"), and dated _____, _____ (as may be amended, the "**Parcel Lease**").

[Use before Certificate of Completion issued: Tenant has requested Port's consent to a Significant Change (as that term is defined in the Parcel Lease), which consent is governed by Section 18.1 of the Parcel Lease. In satisfaction of Section 18.1(b)(ii) of the Parcel Lease, the chief financial officer of Tenant hereby certifies to Port the following information regarding the proposed Significant Change

List (each) Purchaser: _____

List Ownership Interest of (each) Purchaser: _____% _____%

Purchase price for (each)
Purchaser: _____

Net Sale Proceeds
(as defined in the Parcel Lease)
owed to Port (if applicable): _____

In connection with the Significant Change described in this Certificate, Port [is/is not] owed a share of Sale Proceeds in accordance with Section 3.6 of Exhibit D of the Parcel

Lease. [Add if Port is owed a share of Sale Proceeds: A calculation to get to Port's share of Sale Proceeds is attached as Exhibit A to this Certificate.]

[Use after Certificate of Completion issued: Pursuant to Section 18.1(g) of the Parcel Lease, the chief financial officer of Tenant hereby certifies to Port the following information regarding the Significant Change:

List (each) Purchaser: _____

List Ownership Interest of (each) Purchaser: _____% _____%

Net Sale Proceeds
(as defined in the Parcel Lease)
owed to Port (if applicable): _____

In connection with the Significant Change described in this Certificate, Port [is/is not] owed a share of Sale Proceeds in accordance with Section 3.6 of Exhibit D of the Parcel Lease. [Add if Port is owed a share of Sale Proceeds: A calculation to get to Port's share of Sale Proceeds is attached as Exhibit A to this Certificate.]

Furthermore, Tenant hereby reaffirms that it will continue to be obligated under all the terms and conditions of the Parcel Lease and Tenant will be, if not already, a Qualified Transferee immediately following the Significant Change. As the chief financial officer of Tenant, the undersigned certifies that this Certificate is true, accurate and complete.

This Certificate is made as of _____, 20 [] and is for the benefit and protection of Port, with the understanding that the Port shall have the right to rely upon this Certificate.

PARCEL LEASE EXHIBIT P

FORM OF TENANT ESTOPPEL CERTIFICATE

The undersigned, [_____] a [_____] ("Tenant"), is the tenant of the real property having an address at [_____] [_____] within the 28-Acre Site at Pier 70 located in San Francisco, California (the "Property"), and hereby certifies to the City and County of San Francisco, a municipal corporation, operating by and through the San Francisco Port Commission ("Port") [and to _____] the following as of the date set forth below:

1. That there is presently in full force and effect Lease No. L-[_____] dated as of [____], 201[____], (as may be modified, assigned, supplemented and/or amended as set forth in *paragraph 2* below, the "Lease"), between Tenant, as tenant, and Port, as landlord, covering the Property and other improvements, as further described in the Lease (the "Premises").

2. That the Lease has not been modified, assigned, supplemented or amended except as follows: _____.

3. That the Lease represents the entire agreement between Port and Tenant with respect to the Premises.

4. That the commencement date under the Lease was [____], 201[____], and the expiration date of the Lease is [____], 20[____].

5. That the present minimum monthly base rent which Tenant is paying under the Lease is \$_____.

6. [add if applicable:] That the Percentage Rent (as defined in the Lease) paid by Tenant for the most recent full calendar month prior to the date set forth below was \$_____.

7. That the security deposits held by Port under the terms of the Lease are as follows: \$_____.

8. That Tenant has accepted possession of the Premises and that, to the best of Tenant's knowledge, all conditions of the Lease to be satisfied by Port have been completed or satisfied to the satisfaction of Tenant.

9. That, to the best of Tenant's knowledge, Tenant, as of the date set forth below, has no right or claim of deduction, charge, lien or offset against Port under the Lease or otherwise against the rents or other charges due or to become due pursuant to the terms of the Lease other than _____.

10. That, to Tenant's actual knowledge, Port is not in default or breach of the Lease, nor has Port committed an act or failed to act in such a manner, which, with the passage of time or notice or both, would result in a default or breach of the Lease by Port.

11. That, to the best of Tenant's knowledge, Tenant is not in default or in breach of the Lease, nor has Tenant committed an act or failed to act in such a manner which, with the passage of time or notice or both, would result in a default or breach of the Lease by Tenant.

12. Tenant is not the subject of any pending bankruptcy, insolvency, debtor's relief, reorganization, receivership, or similar proceedings, nor the subject of a ruling with respect to any of the foregoing.

13. The Initial Improvements have [been Completed and a Certificate of Completion under the Vertical DDA has been issued by the Port and recorded in the Official Records] [not been completed but approximately XX% has been completed to date] [has not yet commenced].

14. [Note: Use only where Initial Improvements have been completed]
Attached as *Schedule 1* is the most recent Leasing Activities Report delivered by Tenant to Port pursuant to *Section 9.3*.

This Certificate shall be binding upon Tenant and inure to the benefit of Port, [_____] and [its/their respective] successors and assigns.

PARCEL LEASE EXHIBIT Q

FORM OF SUBTENANT ESTOPPEL CERTIFICATE

The undersigned, _____ ("Subtenant"), is the subtenant of a portion of the real property located at _____, commonly known as _____, within the 28-Acre Site at Pier 70 in San Francisco, California, pursuant to that certain Sublease (as defined below) between Subtenant and _____ ("Sublandlord"), and hereby certifies to the City and County of San Francisco, a municipal corporation, operating through the San Francisco Port Commission ("Port"), Sublandlord, [and to _____] the following to the best of Subtenant's knowledge after diligent inquiry: [Note: Standard is same as set forth in the parcel lease]

1. That there is presently in full force and effect a sublease (as modified, assigned, supplemented and/or amended as set forth in paragraph 2 below, the "Sublease") dated as of _____, 20____, between Subtenant and Sublandlord, covering property located at _____, as further described in the Sublease (the "Subleased Premises"). A true, correct and complete copy of the Sublease is attached hereto as *Schedule 1*.

2. That the Sublease has not been modified, assigned, supplemented or amended except as follows:

3. That the Sublease is subject to the terms and conditions of that certain Lease No. L-[XXXXXX] between Port and _____ ("Master Tenant"), as may have been amended from time to time (as amended, the "Master Lease") [Insert if applicable] and to the terms and conditions of that certain Master Sublease between Master Tenant and [entity in which tax credit investor has an interest], as may have been amended from time to time (as amended, the "Master Sublease").

4. That the Sublease represents the entire agreement between Sublandlord and Subtenant with respect to the Subleased Premises.

5. That the commencement date under the Sublease was _____, 20____, and the expiration date of the Sublease is _____, 20____. Subtenant has no options to lease additional space, no rights of refusal with respect to leasing additional space, and no renewal options [except as follows:

_____]

6. That the present minimum monthly rent which Subtenant is paying under the Sublease is \$ _____. All rent, charges and other payments due Sublandlord under the Sublease have been paid to and including _____, 20____.

PARCEL LEASE EXHIBIT Q

7. That, if applicable, the present percentage rent payable by Subtenant on a [monthly/quarterly/annual] basis is _____ percent of _____.

8. That the security deposit held by Sublandlord under the terms of the Sublease is \$ _____, and Sublandlord (or any other party) holds no other deposit from Subtenant for security or otherwise.

9. That Subtenant has accepted possession of the Subleased Premises and that all conditions of the Sublease to be satisfied by Sublandlord have been completed or satisfied to the satisfaction of Subtenant (including completion of any landlord work and payment in full of any tenant allowance) [except as follows: _____].

10. That Subtenant, as of the date set forth below, has no right or claim of deduction, charge, lien or offset against Sublandlord under the Sublease or otherwise against the rents or other charges due or to become due pursuant to the terms of the Sublease [other than _____].

11. That, to Subtenant's actual knowledge, Sublandlord is not in default or breach of the Sublease or the Master Lease, [or Master Sublease], nor, to Subtenant's actual knowledge, has Sublandlord committed an act or failed to act in such a manner, which, with the passage of time or notice or both, would result in a default or breach of the Sublease or the Master Lease [or Master Sublease] by Sublandlord [other than _____].

12. That Subtenant is not in default or in breach of the Sublease, nor has Subtenant committed an act or failed to act in such a manner which, with the passage of time or notice or both, would result in a default or breach of the Sublease by Subtenant [other than _____].

13. That Subtenant is not the subject of any pending bankruptcy, insolvency, debtor's relief, reorganization, receivership, or similar proceedings, nor the subject of a ruling with respect to any of the foregoing.

14. The undersigned hereby certifies that he or she is duly authorized to sign and deliver this Certificate on behalf of Subtenant.

15. "Subtenant's actual knowledge" means the actual knowledge of _____, Subtenant's _____, after investigation of Subtenant's appropriate records of, and operations at, the Subleased Premises. [Note: insert name of person who would be best able to make the applicable statements.]

This Certificate shall be binding upon Subtenant and inure to the benefit of Port, Sublandlord, _____ and their respective successors and assigns.

PARCEL LEASE EXHIBIT R

FORM OF NON-DISTURBANCE AND ATTORNMENT AGREEMENT

This NON-DISTURBANCE AND ATTORNMENT AGREEMENT (this "Agreement") is made as of [_____, 20XXX] (the "Effective Date"), by and among the CITY AND COUNTY OF SAN FRANCISCO ("City"), operating by and through the SAN FRANCISCO PORT COMMISSION ("Port"), [_____] a [_____] ("Sublandlord"), and [_____] a [_____] ("Subtenant"). The exhibits and the recitals and this Agreement are construed as a single instrument and are referred herein as this "Agreement."

RECITALS

A. Port and Sublandlord entered into that certain Lease No. L-XXXX as may be amended from time to time dated [_____, 20XXX], ("Master Lease") pursuant to which Port leased to Sublandlord that certain premises having an address at [_____] (the "Master Premises"), located in the City and County of San Francisco, California.

B. Subtenant desires to sublease from Sublandlord [insert description of premises; i.e. suite or floor numbers] within the Master Premises (the "Subleased Premises") pursuant to the terms of the Sublease Agreement between Sublandlord and Subtenant, dated as of [_____] (the "Sublease"). A summary in all material respects of the material terms of the Sublease certified by Sublandlord's officer as true, correct, and complete, is attached hereto as *Exhibit A* ("Sublease Summary"). A true, correct, and complete copy of the Sublease is attached hereto as *Exhibit B*.

NOW, THEREFORE, in consideration of the mutual covenants and conditions contained herein, Port, Sublandlord and Subtenant agree as follows:

1. SUBLEASE SUBJECT TO MASTER LEASE.

The Sublease is subject and subordinate at all times to the Master Lease and all of its provisions, covenants and conditions.

2. PRE-CONDITIONS TO RECOGNITION.

Port has no obligation to comply with *Section 4* if the Master Lease is terminated as a result of Sublandlord exercising its termination option due to change in Laws in accordance with [*Section 7.3* of the Master Lease], or due to casualty or condemnation in accordance with [*Articles 14 and 15* of the Master Lease], or unless all of the following conditions are satisfied as of the effective date the Master Lease terminates ("Master Lease Termination Date"):

(a) Subtenant is not then in default under the Sublease (after expiration of any applicable notice and cure periods);

(b) Subtenant delivers to Port, promptly following Port's notice to Subtenant that the Master Lease has terminated, an executed estoppel certificate, substantially in the form attached hereto as *Exhibit C* certifying as of the Master Lease Termination Date, among other things: (i) that the attached Sublease and Sublease Summary are true, correct, and complete copies, and that the Sublease is in full force and effect, or if such Sublease is not in full force and effect, so stating, (ii) which amendments, if any, to the Sublease have been previously approved by Port in writing, including the dates of approval; (iii) the dates, if any, to which any rent and other sums payable thereunder have been paid, (iv) that Sublandlord is not in default, nor is it aware of any events which, with the passage of time or notice or both, would result in a default, except as to those specified in said certificate, and (v) that Subtenant is not in default, nor is it aware of any events which, with the passage of time or notice or both, would result in a default, except as to those specified in said certificate.

(c) Without limiting *Section 1*, from and after the Master Lease Termination Date, Subtenant hereby agrees that the provisions of [*Article 45* (Port and City Special Provisions)] of the Master Lease (collectively, the "Special Provisions") are deemed to be incorporated by reference and made a part of the Sublease as if set forth in full in the Sublease, except that the term "Tenant" in such sections will mean the Subtenant; and

(d) [Note: Insert if Master Lease includes section related to Port's reservation of rights.] As described in Section 1.1(l) of the Master Lease, Subtenant hereby agrees that Port will have the continuing rights described in such section (without being in default under the Sublease) and in the event of any conflict with the Sublease, the terms of such section of the Master Lease will control.

3. NO OBLIGATION TO RECOGNIZE CERTAIN SUBLEASE PROVISIONS.

Notwithstanding *Section 4*, Subtenant agrees and acknowledges that Port's recognition of the Sublease from and after the Master Lease Termination Date, does not include, and in no event will Port be subject to, liable for, or bound by, any term or condition in the Sublease for any of the following:

(a) Any security deposit, prepaid rent or other charges previously paid by Subtenant to Sublandlord, unless such deposits, prepaid rents, or other charges are transferred to Port;

(b) Any sublandlord indemnity obligation or sublandlord waiver or release of claims under the Sublease for the benefit of Subtenant or any other party;

(c) Any requirement or obligation of the Sublandlord to pay (i) any unpaid or unreimbursed tenant improvement allowance (provided, however, if Subtenant incurs costs after the Master Lease Termination Date that are reimbursable from any remaining and unpaid tenant allowance ("Reimbursable Subtenant Costs"), then so long as Subtenant is not in default under the Sublease and Subtenant provides Port with all the information required in the Sublease for Sublandlord to confirm or validate the amount of the tenant improvement allowance payable to Subtenant, and Port has validated such costs, then Subtenant may receive a rent credit of up to fifty percent (50%) of the monthly base rent then payable until the Reimbursable Subtenant Costs are fully reimbursed, or (ii) any liquidated damages;

(d) Any requirement or obligation of the Sublandlord to perform tenant improvement work; provided, however, if any such tenant improvement work has not been completed by the Master Lease Termination Date (the "Incomplete TI Work"), then so long as Subtenant is not in default under the Sublease, Subtenant will have the right to perform the Incomplete TI Work and will receive a rent credit of up to fifty percent (50%) of the monthly base rent then payable until Subtenant has received a rent credit equal to the Remaining TI Cost. "Remaining TI Cost" means (i) the estimated cost set forth in Sublandlord's last monthly progress report for the month immediately prior to the Master Lease Termination Date, or (ii) if Port did not receive the monthly progress report for the month immediately prior to the Master Lease Termination Date, then Port's determination of the estimated cost to complete the Sublandlord Work will be based on the progress reports received (including the estimated cost to complete the remaining Sublandlord Work) and the work completed to date. In no event will the Remaining TI Cost exceed the Sublandlord's estimated cost to complete the Sublandlord Work set forth in the most recent progress report.

(e) Any Subtenant right of first offer to purchase, first negotiation to purchase or first refusal to purchase Sublandlord's interest in the Subleased Premises;

(f) Any Sublease term, including options to renew, that extend beyond the scheduled expiration date of the Master Lease;

(g) Any sublandlord obligation to pay or be liable for any indirect, consequential, incidental, punitive or special damages;

(h) Any limitation on Subtenant's obligation to indemnify any sublandlord parties based on Subtenant's insurance coverage;

(i) Any limitation on sublandlord's ability to transfer its interest in the Sublease (including any requirement to deliver prior notice to Subtenant or obtain Subtenant's prior approval); and

(j) Any confidentiality obligations set forth in the Sublease, whether as the landlord under the Master Lease or the Sublease, to the extent that such obligations conflict with Port's obligations under the Public Records Act or the City's Sunshine Ordinance;

(k) Any modification or amendment of the Sublease made without Port's written consent that increase Sublandlord's obligations under the Sublease or decrease the Subtenant's obligations under the Sublease unless such amendment or modification has previously been approved by Port in writing.

(l) Any sublease provision that conflicts with *Section 18.3(a)* (Qualifying Subleases) of the Master Lease.

4. RECOGNITION OF SUBTENANT RIGHTS.

Provided all the conditions set forth in *Section 2* are fully satisfied, and further subject to the limitations set forth in *Sections 3 and 5*, if the Master Lease terminates for any reason other than Sublandlord terminating the Master Lease due to change in laws, casualty or condemnation as described in *Section 2*, Port agrees that from and after the Master Lease Termination Date: Port will (i) not disturb Subtenant's tenancy under the Sublease; (ii) perform the obligations of sublandlord under the Sublease arising after the Master Lease Termination Date until such obligations are assumed by another sublandlord or other transferee of Port's interest in the Sublease, and (iii) recognize Subtenant's rights under the Sublease with respect to the Subleased Premises.

5. ATTORNMENMENT.

Following the Master Lease Termination Date, Subtenant will attorn to Port and continue to perform all of Subtenant's obligations under the Sublease for the benefit of Port or any future sublandlord or other assignee of Port's rights under the Sublease. For such purposes, as between Port and Subtenant, notwithstanding the termination of the Master Lease as between Port and Sublandlord, the provisions of the Master Lease will be deemed to continue to apply to, and will continue to be incorporated by reference into, the Sublease, and Subtenant will continue to comply with such provisions, to the same extent that such provisions were incorporated into and Subtenant was required to comply with such provisions pursuant to the terms of the Sublease prior to the Master Lease Termination Date; provided, however, if there is any conflict between Subtenant's obligation to comply with such provisions in the Sublease and the Special Provisions, the Special Provisions will control.

6. SELF-OPERATIVE PROVISIONS.

The provisions contained in *Sections 2(c)*, */Note: insert as applicable: 2(d)/*, *3, 4, 5* are to be effective and self-operative without the necessity of the execution or delivery of any other documents on the part of either Port or Subtenant.

7. NOTICE AND OPPORTUNITY TO CURE UNDER SUBLEASE.

Port will be entitled to notice and the opportunity to cure any default by Sublandlord under the Sublease as follows:

(a) Subtenant will give Port a copy of any and all notices of an event of default (*i.e.*, following the expiration of any notice and cure period) from time to time given to Sublandlord as sublandlord under the Sublease, by Subtenant at the same time as and whenever

any such notice will thereafter be given by Subtenant to Sublandlord. Such notice will be addressed to Port in the manner for delivery of notices provided in the Master Lease.

(b) In the case of any notice of default given by Subtenant to Sublandlord and Port in accordance with *Section 7(a)*, Port will have the same right (and time period) to cure Sublandlord's default as given to any mortgagee under the Sublease, and Subtenant will accept such performance by or at the instance of Port as if the same had been made by Sublandlord.

8. BROKERAGE FEES.

Sublandlord and Subtenant each acknowledge that Port's execution hereof does not operate to impose on Port any liability or obligation whatsoever in connection with the payment of any brokerage or finder's fees or commissions in connection with or relating to the Sublease. In the event any broker, agent or finder makes a claim against Port for payment of any such fees or commission, Sublandlord will indemnify, defend, and hold harmless Port from any losses arising out of such claim.

9. NO ASSUMPTION OF SUBLEASE.

Except to the extent specifically provided under *Section 4*, Port will have no liability or obligation to Subtenant relating to Subtenant's occupation of the Subleased Premises under the Sublease, and Port does not assume any of the obligations of Sublandlord set forth therein.

10. REPRESENTATIONS AND WARRANTIES.

10.1. *Summary of Material Terms.* Sublandlord and Subtenant represent and warrant to Port that the Sublease Summary is true and correct, and includes all of the Sublease material terms.

10.2. *Copy of Sublease.* Sublandlord and Subtenant represent and warrant to Port that attached as *Exhibit B* is a true, correct, and complete copy of the Sublease and that the Sublease complies with *Sections 18.3* (Subletting by Tenant) and *18.4(b)* (Conditions for Issuance of Non-Disturbance Agreements) of the Master Lease.

10.3. *Sublandlord Representations and Warranties.* Sublandlord represents and warrants to Port that as of the Effective Date:

(a) to the best of Sublandlord's knowledge, Sublandlord is not in default or in breach of the Master Lease, nor has Sublandlord committed an act or failed to act in such a manner which, with the passage of time or notice or both, would result in a default or breach of the Master Lease;

(b) to the best of Sublandlord's knowledge, Sublandlord has no right or claim of deduction, charge, lien or offset against Port under the Master Lease or otherwise against the rents or other charges due or to become due pursuant to the terms of the Lease;

(c) to Sublandlord's actual knowledge, Port is not in default or breach of the Master Lease, nor has Port committed an act or failed to act in such a manner, which, with the passage of time or notice or both, would result in a default or breach of the Master Lease by Port; and

(d) Sublandlord is not the subject of any pending bankruptcy, insolvency, debtor's relief, reorganization, receivership, or similar proceedings, nor the subject of a ruling with respect to any of the foregoing.

11. EXCULPATION.

Sublandlord and Subtenant each covenant and agree that Port and City will not be responsible for or liable for, and, to the fullest extent allowed by law, each waives all rights against City, Port and their agents and release City, Port and their agents from any and all losses

or liabilities relating to any disputes that may exist between Sublandlord and Subtenant relating to the Sublease or the Subleased Premises.

12. GENERAL.

12.1. Successors and Assigns. This Agreement will be binding upon, and inure to the benefit of, the parties hereto and their respective successors, heirs, administrators and assigns.

12.2. Counterparts. This Agreement may be executed in two or more counterparts, each of which will be deemed an original, but all of which taken together will constitute one and the same instrument.

12.3. Amendment. Neither this Agreement nor any of its terms may be terminated, amended, or modified except by a written instrument executed by the parties.

12.4. Governing Law; Selection of Forum. This Agreement will be governed by, and interpreted in accordance with, the laws of the State of California and the City Charter. As part of the consideration for Port's entering into this Agreement, Sublandlord and Subtenant agree that all actions or proceedings arising directly or indirectly under this Agreement may, at the sole option of Port, be litigated in courts within the State of California, and Sublandlord and Subtenant consents to the jurisdiction of any such state or federal court, and consents that any service of process in such action or proceeding may be made by personal service upon Sublandlord or Subtenant wherever Sublandlord or Subtenant, as applicable, may then be located, or by certified or registered mail directed to Sublandlord at the address set forth in the Master Lease for the delivery of notices and Subtenant at the address set forth below (or at such other address as may from time to time be specified by written notice to all parties to this Agreement):

<i>To Subtenant:</i>	
<i>With a copy to:</i>	

12.5. Attorneys' Fees. If any party brings an action or proceeding (including any cross-complaint or counterclaim) against any other party by reason of a default, or otherwise arising out of this Agreement, the prevailing party in such action or proceeding will be entitled to recover from the other party its costs and expenses of suit, including but not limited to reasonable attorneys' fees, which will be payable whether or not such action is prosecuted to judgment. "Prevailing party" will include a party who substantially obtains or defeats, as the case may be, the relief sought in the action, whether by compromise, settlement, judgment or the abandonment by the other party of its claim or defense. Attorneys' fees under this **Section 12.5** will include reasonable attorneys' fees and all other reasonable costs and expenses incurred in connection with any appeal. For purposes of this Agreement, reasonable fees of attorneys of the Office of the City Attorney will be based on the fees regularly charged by private attorneys with an equivalent number of years of professional experience (calculated by reference to earliest year of admission to the Bar of any State) who practice in San Francisco in law firms with approximately the same number of attorneys as employed by the Office of the City Attorney.

IN WITNESS WHEREOF the parties have executed this Agreement as of the date first above written.

EXHIBIT S

INSURANCE REQUIREMENTS

[Note: Insurance requirements for Form of Parcel Lease to be reviewed by City's Risk Manager for adequacy every 5 years from approval of DDA.]

20.1 Property and Liability Coverage.

(a) Required Types and Amounts of Insurance. Except as more specifically provided in this Exhibit S, Tenant will, at no cost to Port, obtain and maintain, and cause to be in effect at all times the types and amounts of insurance detailed below. Such insurance shall remain in place from the Commencement Date to the later of (i) the last day of the Term, or (ii) the last day Tenant (A) is in possession of the Premises or (B) has the right of possession of the Premises (except as otherwise specified in this Exhibit S).

(i) Builders Risk Insurance. At all times during construction prior to Completion of the Initial Improvements [and Deferred Infrastructure], and during any period of Subsequent Construction, Tenant will maintain, or require to be maintained, on a form reasonably approved by Port, builders risk insurance (or its equivalent for any Subsequent Construction, which may include coverage under a property insurance program as referenced under Section 20.1(a)(ii)) in the amount equal to the 100% replacement cost value of any existing structures being rehabilitated or restored, and 100% of all new construction, including all materials and equipment to be used/incorporated on or about the Premises, and in transit or storage off-site, against all risk or "special form" hazards, and earthquake and flood insurance (subject to Section 20.1(a)(ii)) including risks from any and all testing of any equipment, including Tenant as named insureds, with any deductible not to exceed One Hundred Thousand Dollars (\$100,000) (except as to earthquake and flood insurance for which the deductible will be in accordance with the requirements of Section 20.1 (a)(ii)), provided however that Tenant may request approval from the Port, which shall not be unreasonably withheld, of a higher deductible. If available at commercially reasonable rates, such builders risk insurance will also extend to cover the peril of terrorism.

(ii) Property Insurance; Earthquake and Flood Insurance.

(1) Property Insurance. Upon Completion of the Initial Improvements, and upon completion of Subsequent Construction of any additional Improvements, Tenant will maintain, or require to be maintained, property insurance policies with coverage at least as broad as Insurance Services Office form CP 10 30 06 95 ("Causes of Loss Special Form" (or its replacement)), in an amount not less than 100% of the then-current full replacement cost of the Improvements including any foundations, pilings, excavations and footings, including increased cost of construction and demolition of damaged and undamaged structures due to the enforcement of Laws, (with any deductible not to exceed not to exceed One Hundred Thousand Dollars (\$100,000) (except as to earthquake and flood insurance). If available at commercially reasonable rates, such insurance will extend to cover the peril of terrorism. In addition to the foregoing, Tenant may insure its Personal Property in such amounts as Tenant deems appropriate; and Port will have no interest in the proceeds of such Personal Property insurance.

(2) Earthquake Insurance.

(A) During Construction of the Initial Improvements, earthquake insurance will be in an amount equal to at least the lesser of (i) the Probable Maximum Loss to the Initial Improvements or, (ii) the maximum amount that is available at commercially reasonable rates from recognized insurance carriers (with a deductible of up to but not to exceed ten percent (10%)) of the then-current, full replacement cost of the Initial Improvements without sublimits for excavations and footings; provided that earthquake

coverage is available at commercially reasonable rates), except that a greater deductible will be permitted to the extent that such coverage is not available from recognized insurance carriers or at commercially reasonable rates). "Probable Maximum Loss" means the scenario upper loss (SUL) estimate of damage that may occur to the structures with a ninety percent (90%) confidence of non-exceedance as a result of an earthquake with a return period of 224 years as determined prior to Completion of the Initial Improvements and thereafter not less frequently than every ten (10) years by a consultant chosen and paid for by Tenant who is reasonably satisfactory to Port; and

(B) From and after Completion of the Initial Improvements, earthquake insurance will be in an amount equal to at least the lesser of (i) the Probable Maximum Loss to the Improvements, or (ii) the amount that is available at commercially reasonable rates from recognized insurance carriers, in each case, with a deductible of up to but not to exceed an amount that is necessary to make such earthquake insurance available at a commercially reasonable rate.

(3) Flood Insurance.

(A) If the Premises is in a designated flood zone as depicted on current Flood Insurance Rate Maps ("FIRMs") issued by the U.S. Department of Homeland Security's Federal Emergency Management Agency ("FEMA") or its successor, then Tenant will, during construction of the Initial Improvements or any Subsequent Construction, obtain flood insurance from recognized insurance carriers (or through the National Flood Insurance Program ("NFIP")) equal to the maximum amount of the then current, full replacement cost of the Initial Improvements or Subsequent Construction, as applicable, (including building code upgrade coverage and without any deduction being made for depreciation), with a deductible of up to but not to exceed ten percent (10%). Such insurance will remain in full force and effect from and after the Completion of the Initial Improvements in amount equal to the maximum amount of the then-current, full replacement cost of the Improvements (including the value of any and all Subsequent Construction).

(B) If the subject parcel is not in a designated flood zone as depicted on current FIRMs issued by the FEMA or its successor, Tenant will, during construction of the Initial Improvements, obtain flood insurance, to the extent available at commercially reasonable rates from recognized insurance carriers (or through the NFIP), in an amount equal to the maximum amount of the then-current, full replacement cost of the Initial Improvements (including building code upgrade coverage and without any deduction being made for depreciation), with a deductible of up to but not to exceed ten percent (10%), except that a greater deductible will be permitted to the extent that flood coverage is not available from recognized insurance carriers (or through the NFIP) at commercially reasonable rates; and

From and after Completion of the Initial Improvements, flood insurance will be in an amount equal to at least the amount available at commercially reasonable rates from recognized insurance carriers or through the NFIP, with a deductible of up to but not to exceed an amount that is necessary to make flood insurance available at commercially reasonable rates.

(4) Exceptions for Earthquake and Flood Insurance. If Tenant determines that earthquake or flood insurance should not be carried on the Improvements because it is not (or no longer) available at commercially reasonable rates (or through the NFIP for flood insurance) or, in Tenant's reasonable business judgment, is imprudent, then Tenant will request in writing Port's consent to the absence or deletion thereof. However, with respect to earthquake or flood insurance during the construction of the Initial Improvements, a request for Port's consent to such determination by Tenant need not be submitted and Tenant may make such determination in its sole discretion. Any request for Port's consent required hereunder will include with such request evidence supporting Tenant's determination of

commercial unreasonableness or imprudence as to the applicable coverage. Such evidence may include quotes, declinations, and notices of cancellation or non-renewal from leading insurance companies for the required coverage, percentage of overall operating expenses attributable thereto, and then current industry practice for comparable mixed-use/retail/office projects in San Francisco. Port will approve or disapprove the absence or deletion of earthquake or flood insurance within forty-five (45) days after Tenant's request. If Tenant elects not to carry or to discontinue such coverage with Port's approval, and Port later determines that due to changes in the industry or other changed circumstances, earthquake insurance or flood insurance, as applicable, has become commercially available at reasonable rates, then Port may notify Tenant thereof, and Tenant will add such coverage to its policy as soon as reasonably practicable thereafter.

(iii) Commercial General Liability Insurance. Tenant will maintain, or require to be maintained "Commercial General Liability" insurance with coverage at least as broad as Insurance Services Office form CG 00 01 10 93 (or its replacement) insuring against claims for bodily injury (including death), property damage, personal injury and advertising injury, including coverage for premises operations, blanket contractual liability (to the extent possible under the above-referenced policy form or under a separate policy form) which includes coverage extending to the Indemnity in Section 19, broad form property damage, explosion, collapse and underground hazards, independent contractors, products and completed operations, with such insurance to afford protection in an amount not less than Fifteen Million Dollars (\$15,000,000) per occurrence and annual aggregate, and Fifteen Million Dollars (\$15,000,000) products and completed operations aggregate, and deleting any exclusions for care, custody and control of real property. Such policy will have a self-insured retention not to exceed \$500,000 per occurrence with Tenant solely responsible for such self-insured retention. Within thirty (30) days after the Substantial Completion of the Initial Improvements, or completion of any Subsequent Construction requiring Port's approval under Article __ and annually for ten years thereafter, Tenant, or its successors and assigns, will provide Port with evidence that Tenant's Commercial General Liability insurance includes completed operations coverage for the Initial Improvements or Subsequent Construction, as applicable.

In addition, if Tenant has (or is required under Laws to have) a liquor license and is selling or distributing alcoholic beverages on the Premises, then Tenant will maintain or require to be maintained liquor liability coverage with limits not less than Three Million Dollars (\$3,000,000) and Tenant will require any Subtenant or operator who has (or is required under Laws to have) a liquor license and who is selling or distributing alcoholic beverages on the Premises, to maintain such coverage. All liability insurance may be provided under a combination of primary and umbrella excess policies (including blanket policies) and may be provided under policies with a "claims made" trigger as provided in Section 20.1 (b)(viii).

(iv) Workers' Compensation Insurance. During any period in which Tenant has employees, as defined in the California Labor Code, Tenant will maintain, or require to be maintained, policies of workers' compensation insurance providing statutory limits, including employer's liability coverage with limits not less than One Million Dollars (\$1,000,000) each accident and policy limit by disease (except that such insurance in excess of One Hundred Thousand (\$100,000) each accident may be covered by a so-called "umbrella" or "excess coverage" policy) covering liability for all persons directly employed by Tenant in connection with the use, operation and maintenance of the Premises and the Improvements:

(v) Boiler and Machinery Insurance. If any of the following exposures are not covered by the insurance required by Section 20.1(a)(ii)(1), Tenant will maintain, or require to be maintained, boiler and machinery insurance covering damage to or loss or destruction of machinery and equipment located in, on, under, around, or about the Premises that is used by Tenant for heating, ventilating, air-conditioning, power generation and similar purposes, in an

amount not less than one hundred percent (100%) of the actual replacement value of such machinery and equipment.

(vi) Business Automobile Insurance. Tenant will maintain, or require to be maintained, policies of business automobile liability insurance covering all owned, non-owned or hired motor vehicles (including electric carts) to be used by Tenant or their Agents, affording protection for bodily injury (including death) and property damage in the form of Combined Single Limit Bodily Injury and Property Damage policy with limits of not less than Five Million Dollars (\$5,000,000) per accident and annual aggregate.

(vii) Business Income Insurance. From and after Completion of the Initial Improvements, Tenant will maintain business income insurance, including loss of rents and extra expense caused by any of the perils or hazards set forth in and required to be insured pursuant to Section 20.1(a)(ii) covering an interruption period of not less than two (2) years, with a limit of not less than twenty-four (24) months' of Gross Income

(viii) Contractor's Pollution Legal Liability Insurance. Tenant will cause to be maintained during the period of construction of the Initial Improvements [and Deferred Infrastructure] and during any periods of Subsequent Construction that could reasonably be anticipated to involve a Release of Hazardous Materials on or about the Premises, Contractor's Pollution Legal Liability Insurance for any and all Losses caused by pollution conditions, that are sudden, accidental or gradual, resulting from the Contractor's operations, or for which Contractor is legally liable, in connection with the construction of the Initial Improvements [or Deferred Infrastructure] or Subsequent Construction; whether such operations be by the Contractor or subcontractors, consultants or suppliers of the Contractor. The foregoing policy will contain minimum liability limits of 5 Million Dollars (\$5,000,000) per occurrence and 5 Million Dollars (\$5,000,000) in the aggregate with a deductible not to exceed One Hundred Thousand Dollars (\$100,000). The foregoing policy will at a minimum contain coverage for or be specifically endorsed to include coverage for pollution conditions resulting in, arising from or in connection with: (i) bodily injury (including death), property damage and environmental cleanup costs (on-site and off-site) resulting from construction of the Initial Improvements [and Deferred Infrastructure]; or any Subsequent Construction; (ii) the use or operation of motor vehicles (whether owned, non-owned or leased) in connection with construction of the Initial Improvements [and Deferred Infrastructure], or any Subsequent Construction, including transportation of any Hazardous Materials to or from the project site, including any interim or temporary storage or transfer sites (such transportation coverage will also include loading/unloading of materials); (iii) claims by third parties (other than a disposal site owner) for bodily injury or property damage arising from any disposal location or facility, both final and temporary, to which any waste that is generated in connection with the construction of the Improvements under the Vertical DDA (if in effect) or any Subsequent Construction under this Lease or in connection with any remediation obligation of Tenant pursuant to Section 21 is delivered; all such disposal locations/facilities, both final and temporary, will be scheduled to the foregoing policy as Non-Owned Disposal Sites for coverage under such policy. The foregoing policy will be written on an occurrence form and be in effect during the construction periods described above, or, if not available on an occurrence form, then on a claims-made form. If the foregoing policy is written on a claims made form, then the foregoing policy will be maintained for, or contain an extended reporting period of, at least five (5) years. The foregoing policy definition of "Covered Operations" or any other such designation of services or operations performed by the Contractor must include all work or services performed by such Contractor and its subcontractors, consultants, or suppliers.

(ix) Professional Liability. Tenant will maintain or require to be maintained, project-specific professional liability (errors and omissions) insurance, with limits not less than 2 Million Dollars (\$2,000,000) [5 Million Dollars (\$5,000,000 for Historic Building Parcels and Parcel E4] each claim and annual aggregate, with respect to all professional services, including

architectural, engineering, geotechnical, and environmental, reasonably necessary or incidental to the construction of the Initial Improvements, [and Deferred Infrastructure] and any Subsequent Construction with any deductible not to exceed One Hundred Thousand Dollars (\$100,000) each claim (the "lead policy"). Notwithstanding the foregoing, however, Tenant may elect, instead of obtaining the foregoing coverages in this Section 20.1(a)(ix), to require that any architects, contractors and sub-contractors performing professional services in connection with the Initial Improvements or any Subsequent Construction carry professional liability insurance (errors and omissions) in an amount not less than 2 Million Dollars (\$2,000,000) [5 Million Dollars (\$5,000,000 for Historic Building Parcels and Parcel E4] each claim and annual aggregate with any deductible not to exceed Fifty Thousand Dollars (\$50,000), and any operators carry professional liability insurance as required by contract; provided, however, such coverage may be provided with a lower limit for subcontractors that are local business enterprises (LBEs) or are performing work under subcontracts of \$100,000 or less. Such insurance will provide coverage during the period when such professional services are performed and for a period of (a) three (3) years after Completion of the Initial Improvements [and Deferred Infrastructure], and (b) three (3) years for any Subsequent Construction. With respect to Subsequent Construction, Tenant will require that any architect, contractor or subcontractor performing professional services in connection with such Subsequent Construction, carry professional liability insurance (errors and omissions) in an amount not less than One Million Dollars (\$1,000,000) each claim and annual aggregate with any deductible not to exceed Twenty Five Thousand Dollars (\$25,000). Tenant will have the right to request a waiver of the requirements of this clause (ix) by delivering written request to Port and Port shall respond within a reasonable period of time to any such request; provided, with respect to waiver requests for LBEs and subcontracts only, so long as the waiver request was sent by electronic mail, addressed to one or more line staff responsible for administration of this Lease stating in the subject line "Immediate Action Required to Avoid Deemed Consent" or words to the same effect. Port will be deemed to have approved such waiver if Port does not respond to the waiver request within five (5) business days.

(x) Other Insurance. If Tenant permits activities on Tenant's premises after construction is completed that are not covered by any of the policies listed in this agreement, or, alternatively not adequately covered given the insurance limits in place, the amount and type of insurance required for these activities will be evaluated the Port and the Tenant. Following consultation with Tenant, the Port may require that Tenant secure such other insurance or increase the insurance limits for any of Tenant's policies than in effect, if in the reasonable judgement of the City's Risk Manager it is the general commercial practice in San Francisco to carry such insurance and/or in the requested insurance limits for the subject activities taking into consideration the risks associated with such uses of the Premises, so long as any insurance required is available from recognized carriers at commercially reasonable rates. If Tenant determines that such other insurance or coverage amount should not be required because it is not available from recognized carries at commercially reasonable rates, then Tenant will provide to Port evidence supporting Tenant's determination of commercial unreasonableness as to the applicable coverage. Such evidence may include quotes, declinations, and notices of cancellation or non-renewal from leading insurance companies for the required coverage, percentage of overall operating expenses attributable thereto, and then current industry practice for comparable mixed-use/retail/office projects in San Francisco.

(b) General Requirements.

(i) As to all insurance required hereunder, such insurance will be carried under a valid and enforceable policy or policies issued by insurers of recognized responsibility that are rated Best A—:VIII or better by the latest edition of Best's Key Rating Guide (or a comparable successor rating) and legally authorized to sell such insurance within the State of California;

(ii) As to property insurance required hereunder, such insurance will name the Tenant as the first named insured, and will name the Port as an insured as its interest may appear. As to general liability, automobile liability, and umbrella or excess liability insurance (including blanket policies), such insurance will name as additional insureds by written endorsement: "THE CITY AND COUNTY OF SAN FRANCISCO AND THE SAN FRANCISCO PORT COMMISSION AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS." In addition, as to pollution legal liability insurance, if any, such insurance will name as additional insureds by written endorsement: "THE STATE LANDS INDEMNIFIED PARTIES."

(iii) As to all insurance required hereunder, such insurance will be evaluated by Port and Tenant for adequacy not less frequently than every five (5) years from the date of Completion of Improvements. Following consultation with Tenant, Port may require, upon not less than ninety (90) days prior written notice, that Tenant increase the insurance limits for all or any of its general liability policies if in the reasonable judgment of the City's Risk Manager it is the general commercial practice in San Francisco to carry insurance for facilities of comparable size and use to the Premises in amounts substantially greater than the amounts being carried by Tenant with respect to risks comparable to those associated with the uses of the Premises. If the City's Risk Manager determines that the insurance limits required under this Section 20.1 may be decreased in light of such commercial practice and the risks associated with the uses of the Premises, Port will notify Tenant of such determination, and Tenant will have the right to decrease the insurance coverage required under this Lease accordingly. In such event, Tenant will promptly deliver to Port a certificate evidencing such new insurance amounts and additional insured endorsements in form satisfactory to Port. If Tenant determines that such other insurance or coverage amount should not be required because it is not available from recognized carriers at commercially reasonable rates, then Tenant will provide to Port evidence supporting Tenant's determination of commercial unreasonableness as to the applicable coverage. Such evidence may include quotes, declinations, and notices of cancellation or non-renewal from leading insurance companies for the required coverage, percentage of overall operating expenses attributable thereto, and then current industry practice for comparable mixed-use/retail/office projects in San Francisco.

(iv) As to all insurance required hereunder, such insurance will provide that no cancellation, material modification or termination of such insurance will be effective until at least thirty (30) days after mailing or otherwise sending written notice of such cancellation, modification or termination to Port;

(v) As to commercial general liability and automobile liability insurance, such insurance will provide that it constitutes primary insurance with respect to claims insured by such policy, and, except with respect to limits, that insurance applies separately to each insured against whom claim is made or suit is brought. An ISO endorsement CG20 10 11 85 or its equivalent must be added naming the CITY AND COUNTY OF SAN FRANCISCO AND THE SAN FRANCISCO PORT COMMISSION AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS AS ADDITIONAL INSURED;

(vi) As to liability, automobile, worker's compensation and property insurance required hereunder, such insurance will provide for waivers of any right of subrogation that the insurer of such party may acquire against each Party hereto with respect to any losses of the type covered under the policies required by Section 20.1(a); and

(vii) All insurance will be subject to the approval of Port, which approval will be limited to whether or not such insurance meets the terms of this Lease.

(c) Certificates of Insurance; Right of Port to Maintain Insurance. Tenant will furnish Port certificates and additional insured endorsements in form satisfactory to Port with respect to the policies required under this Section within thirty (30) days, (i) on or prior to the Commencement Date (to the extent such policy is required to be carried as of the

Commencement Date), (ii) for such policies required to be carried after the Commencement Date, on or prior to the date such policies are required, and (iii) with respect to renewal policies, within thirty (30) days after the policy renewal date of each such policy. Within thirty (30) days after Port's request, Tenant also will provide Port with copies of each such policy, or will otherwise make such policy available to Port for its review. If Tenant has determined that obtaining earthquake or flood insurance prior to commencement of construction of the Initial Improvements pursuant to Section 20.1(a)(ii)(4) is not commercially reasonable, then Tenant will provide Port with such documents evidencing such determination. If at any time Tenant fails to maintain the insurance required pursuant to this Section 20.1, or fails to deliver certificates and/or endorsements as required pursuant to this Section 20.1(c) then, upon thirty (30) business days' written notice to Tenant, Port may obtain and cause to be maintained in effect such insurance by taking out policies with companies satisfactory to Port. Within thirty (30) business days following demand, Tenant will reimburse Port for all amounts so paid by Port, together with all costs and expenses in connection therewith and interest thereon at the Default Rate.

(d) **Insurance of Others.** To the extent Tenant requires liability insurance policies to be maintained by Subtenants, contractors, subcontractors or others in connection with their use or occupancy of, or their activities in, on, under, around, or about the Premises, Tenant will require that such policies be endorsed to include the CITY AND COUNTY OF SAN FRANCISCO AND THE SAN FRANCISCO PORT COMMISSION AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS as additional insureds. Notwithstanding the foregoing, Tenant will require all contractors and sub-contractors performing work in, on, under, around, or about the Premises and all operators and Subtenants of any portion of the Premises to carry the following coverages: (i) commercial general liability with limits of no less than One Million Dollars (\$1,000,000) per occurrence and Two Million Dollars (\$2,000,000) annual general aggregate, (ii) workers' compensation in amounts required by law, (iii) employer's liability coverage in an amount not less than One Million Dollars (\$1,000,000) per accident, per employee and policy limit for injury by disease, covering all employees employed at the Premises, (iv) automobile insurance in an amount not less than \$1,000,000 combined single limit covering use of owned, non-owned or hired vehicles utilized in the performance of work in, on, under, around, or about the Premises.

(e) **Excess Coverage.** All requirements may be satisfied by any combination of umbrella and excess liability policies (including blanket policies).

20.2 Release and Waiver.

Each Party hereby waives all rights of recovery and causes of action, and releases each other Party from any liability, losses occasioned to the property of each such Party, which losses are of the type covered under the property policies required by Sections 20.1(a)(i), 20.1(a)(ii), or 20.1(a)(vi) to the extent that such loss is reimbursed by an insurer.

20.3 No Limitation.

The Indemnification requirements under this Lease will not be limited by the insurance requirements of this agreement.

PARCEL LEASE EXHIBIT T

City and Port Special Provisions

The Municipal Code (available at www.sfgov.org) and City and Port policies described in this Exhibit are incorporated by reference as though fully set forth in the Lease (collectively, the "City and Port Special Provisions"). Tenant is charged with full knowledge of and compliance with each applicable requirement, whether or not summarized below. All statutory references in this Exhibit are to the Municipal Code as in effect on the Reference Date of the DDA unless specified otherwise. Initially capitalized or highlighted terms used in this Exhibit and not defined in the DDA have the meanings ascribed to them in the cited ordinance.

The application to the 28-Acre Site Project of the specified provisions of the City and Port Special Provisions is subject to DA § 5.3 (Changes to Existing City Laws and Standards) and waivers under Sections 6, 7, 8 and 9 of Ordinance No. 224-17, which is attached to and incorporated into the City and Port Special Provisions (collectively, the "DA Waivers").

The descriptions below are not comprehensive but are provided for notice purposes only. Tenant understands that its failure to comply with any applicable provision of the City and Port Special Provisions will give rise to the specific remedies under the applicable City and Port Special Provisions and in certain cases give rise to a default under the Lease, which could result in a default under the DA as well. References to "Developer" in the City and Port Special Provisions will apply to Tenant Parties and their successors under the Lease and DA Successors under the DA.

Contracting, Hiring, and Construction

1. Nondiscrimination in Contracts and Property Contracts.

(Admin. Code ch. 12B, ch. 12C)

(a) Covered Contracts. All provisions in this Section regarding the Nondiscrimination in Contracts and Property Contracts ordinance apply to "subcontracts to contracts" and "property contracts" as defined in Administrative Code sections 12B.2 and 12C.2.

(b) Covenant Not to Discriminate. In its development of the FC Project Area, Developer covenants and agrees not to discriminate against or segregate any person or group of persons on any basis listed in section 12955 of the California Fair Employment and Housing Act (Cal. Gov. Code §§ 12900-12996), or on the basis of the fact or perception of a person's race, color, creed, religion, national origin, ancestry, age, sex, sexual orientation, gender identity, domestic partner status, marital status, disability, AIDS/HIV status, weight, height, association with members of protected classes, or in retaliation for opposition to any forbidden practices against any employee of, any City employee working with, or applicant for employment with Developer, or against any person seeking accommodations, advantages, facilities, privileges, services, or membership in the business, social, or other establishment or organization operated by Developer.

(c) Requirement to Include. Developer must: (i) include a nondiscrimination clause in substantially the form of Subsection (a) (Covenant Not to Discriminate); and (ii) incorporate by reference Administrative Code sections 12B.2(a), 12B.2(c)-(k), and 12C.3(a) in all applicable contracts, subcontracts, and subleases and require all contractors, subcontractors, and subtenants to comply with those provisions.

(d) Nondiscrimination in Benefits. Developer agrees not to discriminate between employees with domestic partners and employees with spouses, or between the domestic partners and spouses of employees, where the domestic partnership has been registered with any governmental entity under state or local law authorizing registration, subject to the conditions set forth in Administrative Code section 12B.2. Developer's agreement relates to bereavement leave, family medical leave, health benefits, membership or membership discounts, moving expenses, pension and retirement benefits, and travel benefits (collectively "**Core Benefits**"), as well as other employee benefits described in section 12B.1(b), during the term of each applicable contract, subcontract, and sublease.

(e) Form. On or before the Reference Date, Developer must complete, execute, deliver to, and obtain approval of its completed *Nondiscrimination in Contracts and Benefits* form CMD-12B-101 from CMD. The form is available on CMD's website.

(f) Penalties. Developer understands that under Administrative Code section 12B.2(h), the City may assess against Developer or deduct from any payments due Developer a penalty of \$50 for each person for each calendar day during which Developer or its subcontractor, property contractor, or other contractor discriminated against a protected person in violation of this Section. Violation of this Section, if not cured after notice and opportunity to

cure, also will be an Event of Default under the DDA and the DA and a material breach of any applicable contract, subcontract, or sublease.

2. Health Care Accountability Ordinance.

(Admin. Code ch. 12Q)

(a) Developer agrees to comply fully with and be bound by the Health Care Accountability Ordinance ("HCAO"), as set forth in Administrative Code chapter 12Q, unless exempt.

(b) Covered Employees. For each Covered Employee, Developer must provide the appropriate health benefit set forth in HCAO section 12Q.3, unless it is exempt as a small business under HCAO section 12Q.3(c).

(c) Notice and Opportunity to Cure. If Developer fails to cure a violation of the HCAO after receiving notice of a violation and an opportunity to cure the violation, the City will have the remedies set forth in HCAO section 12Q.5(f), subject to the DA Waivers, which the City may exercise individually or in combination with any of its other rights and remedies.

(d) Covered Contracts. Any Contract, Subcontract, or Sublease, as defined in Chapter 12Q, that Developer enters into for public works, public improvements, or for services must require the Contractor, Subtenant, or Subcontractor, as applicable, to comply with the applicable provisions of the HCAO and must contain contractual obligations substantially the same as those set forth in the HCAO. Developer agrees to notify the Contracting Department promptly of any Subcontractors performing services covered by Chapter 12Q and certify to the Contracting Department that Developer has notified the Subcontractors of their HCAO obligations under this Chapter.

(e) Noncompliance. Developer will be responsible for monitoring compliance with the HCAO by each Subcontractor, Subtenant, and Contractor performing services on the FC Project Area. But the City agrees that Developer will not be liable for the noncompliance of its Subcontractors, Subtenants, or Contractors. The City's remedies for Developer's noncompliance with the HCAO are subject to the DA Waivers.

(f) Retaliation Prohibited. Developer must not discharge, reduce in compensation, or otherwise discriminate against any Employee for notifying the City of any issue regarding noncompliance or anticipated noncompliance with the HCAO, for opposing any practice proscribed by the HCAO, for participating in any proceedings related to the HCAO, or for seeking to assert or enforce any rights under the HCAO by any lawful means.

(g) Representation and Warranty. Developer represents and warrants that it is not an entity that was set up, or is being used, for the purpose of evading the intent of the HCAO.

(h) Reporting. Upon request, Developer must provide reports to the City in accordance with any reporting standards promulgated by the City under the HCAO.

(i) Records. After receiving a written request from the City to inspect pertinent payroll records and after at least 10 days to respond have elapsed, Developer agrees to provide the City with access to pertinent payroll records relating to the number of employees employed and terms of medical coverage. In addition, the City and its Agents, in consultation with the Department of Public Health, may conduct audits of Contracting Parties, although such audits

shall be conducted through an examination of records at a mutually agreed upon time and location within 10 days after written notice. Developer agrees to cooperate with the City in connection with these audits.

(j) Threshold. If a Subcontractor, Subtenant, or Contractor is exempt from the HCAO because the amount payable to the Subcontractor, Subtenant, or Contractor under all of its contracts with the City or relating to City-owned property is less than \$25,000 (or \$50,000 for nonprofits) in that City Fiscal Year, but the Subcontractor, Subtenant, or Contractor later enters into one or more agreements with the City or relating to City-owned property that cause the payments to the Subcontractor, Subtenant, or Contractor to equal or exceed \$75,000 in that City Fiscal Year, then all of the Contractor's, Subtenant's, or Subcontractor's contracts with the City and relating to City-owned property will become subject to the HCAO from the date on which the later agreement is executed.

3. **Prevailing Wages and Working Conditions in Construction Contracts.**

(Calif. Labor Code §§ 1720 *et seq.*; Admin. Code § 6.22(e))

(a) Labor Code Provisions. Certain contracts for work at the FC Project Area may be public works contracts if paid for in whole or part out of public funds, as the terms "public work" and "paid for in whole or part out of public funds" are defined in and subject to exclusions and further conditions under California Labor Code sections 1720-1720.6.

(b) Requirement. Developer must comply with the prevailing wage requirements in WDP § III.C.6 (*Prevailing Wages*) that apply to construction work on all Prevailing Wage Covered Projects by Developer, all Vertical Developers and Construction Contractors (and their subcontractors regardless of tier) (as defined in the WDP).

(c) Penalties. The Port has designated OLSE as the agency responsible for ensuring that prevailing wages are paid and other payroll requirements are met in accordance with the WDP, subject to the DA Waivers.

4. **Other Prevailing Wage Rate Requirements.**

(Admin. Code ch. 21C)

(a) Under Administrative Code ch. 21C, individuals employed in certain activities at the FC Project Area are entitled to be paid not less than either the highest general prevailing rate of wages (including fringe benefits or their matching equivalents) paid in private employment for similar work in the area in which the contract is being performed, as determined by the Civil Service Commission or the "Prevailing Rate of Wages" (including fringe benefits or matching equivalents) fixed by the Board of Supervisors, unless the activities meet any of the specified exemptions. Covered activities are:

- (i) motor bus services provided to the general public (§ 21C.1);
- (ii) "Janitorial Services" (§ 21C.2);
- (iii) operation of a "Public Off-Street Parking Lot, Garage, or Automobile Storage Facility" (§ 21C.3);

(iv) theatrical or technical services related to the presentation of a show, including workers engaged in rigging, sound, projection, theatrical lighting, videos, computers, draping, carpentry, special effects, and motion picture services (§ 21C.4);

(v) operation of a "Special Event" (§ 21C.8);

(vi) "Broadcast Services" (§ 21C.9); and

(vii) driving a "Commercial Vehicle" or loading or unloading materials, goods, or products into or from a Commercial Vehicle in connection with the presentation of a "Show" or for a Special Event (§ 21C.10).

(b) Agreement. Developer agrees to comply with the obligations in Administrative Code chapter 21C and to require its tenants, contractors, and any subcontractors to comply with the obligations in chapter 21C. In addition, if Developer or its tenant, contractor, or any subcontractor fails to comply with these obligations, the City will have all available remedies against Developer to secure compliance and seek redress for workers who provided the services.

(c) OLSE. For current Prevailing Wage rates, see the OLSE website or call the OLSE at 415-554-6235.

5. **First Source Hiring Program.**

(Admin. Code ch. 83)

Developer's obligations to comply with the First Source Hiring Program are set forth in *WDP §§ II.C.3 (First Source Hiring Program for Construction Work)* and *II.D2 (First Source Hiring Program for Operations)*.

6. **Criminal History In Hiring And Employment Decisions.**

(Admin. Code ch. 12T)

(a) Agreement to Comply. Administrative Code Chapter 12T ("**Chapter 12T**") will only apply to a Contractor's, Subcontractor's, or subtenant's operations to the extent those operations are in furtherance of performing a Contract or Property Contract with the City subject to Chapter 12T. If applicable, Developer will comply with and be bound by Chapter 12T, including the remedies and implementing regulations, with respect to applicants to and employees of Developer who would be or are performing work at the FC Project Area under the DDA.

(b) Breach. Developer must incorporate Chapter 12T by reference in all contracts related to be performed in furtherance of a Contract or Property Contract with the City, as defined in Administrative Code section 12T.1. Developer will be responsible for monitoring compliance by its Subcontractors, Contractors, and subtenants, but the City agrees that Developer will not be liable for their noncompliance.

(c) Prohibited Activities. Developer and its Subcontractors, Contractors, and subtenants must not inquire about, require disclosure of, or if the information is received, base an Adverse Action on an applicant's or potential applicant's or employee's: (i) Arrest not leading to a Conviction, except under circumstances identified in Chapter 12T as an Unresolved Arrest; (ii) participation in or completion of a diversion or a deferral of judgment program; (iii) a Conviction that has been judicially dismissed, expunged, voided, invalidated, or otherwise

rendered inoperative; (iv) a Conviction or any other adjudication in the juvenile justice system, or information regarding a matter considered in or processed through the juvenile justice system; (v) a Conviction that is more than seven years old; based on the date of sentencing; or (vi) information pertaining to an offense other than a felony or misdemeanor, such as an infraction, except that a Contractor, Subcontractor, or subtenant may inquire about, require disclosure of, base an Adverse Action on, or otherwise consider an infraction or infractions contained in an applicant or employee's driving record if driving is more than a de minimis element of the employment in question.

(d) Employment Applications. Developer and its Subcontractors, Contractors, and subtenants must not inquire about or require applicants, potential applicants for employment, or employees to disclose on any employment application the facts or details of any Conviction History or unresolved arrest until either after the first live interview with the person, or after a conditional offer of employment in accordance with section 12T.4(c).

(e) Disclosure. Developer and its Subcontractors, Contractors, and subtenants must state in all solicitations or advertisements for employees that are reasonably likely to reach persons who are reasonably likely to seek employment with Developer or its Subcontractors, Contractors, and subtenants at the FC Project Area that the DDA and all Contracts and Property Contracts will consider for employment qualified applicants with criminal histories in a manner consistent with the requirements of Chapter 12T.

(f) Posting. Developer and its Subcontractors, Contractors, and subtenants must post the notice prepared by the OLSE, available on OLSE's website, in a conspicuous place at the FC Project Area and at other workplaces, job sites, or other locations under the Subcontractor's, Contractor's, or subtenant's control at which work is being done or will be done in furtherance of performing a Contract or Property Contract under the DDA with the City. The notice will be posted in English, Spanish, Chinese, and any language spoken by at least 5% of the employees at the FC Project Area or other workplace at which it is posted.

(g) Penalties. Developer and its Subcontractors, Contractors, and subtenants understand and agree that upon any failure to comply with Chapter 12T, the City will have the right to pursue any rights or remedies available under Chapter 12T, subject to Subsection (b) (Breach) and the DA Waivers, including a penalty of \$50 for each employee, applicant or other person as to whom the violation occurred or continued, and thereafter, for subsequent violations, the penalty may increase to no more than \$100, for each employee or applicant whose rights were, or continue to be, violated.

(h) Inquiries. If Developer has any questions about the applicability of Chapter 12T, it may contact the Port for additional information. The Port will consult with the Director of the City's Office of Contract Administration, who has authority to grant a waiver under the circumstances set forth in section 12T.8 of Chapter 12T.

7. Employee Signature Authorization Ordinance.

(S.F. Admin Code §§ 23.50-23.56)

The City has adopted an Employee Signature Authorization Ordinance, which requires employers of employees in hotel or restaurant projects on public property with 50 or more full-time or part-time employees to enter into a "card check" agreement with a labor union regarding

the preference of employees to be represented by a labor union to act as their exclusive bargaining representative. Developer agrees to comply with the requirements of the ordinance, if applicable, including any requirements applicable to its successors, as specified in Administrative Code section 23.54.

Use Of City Property

8. Tobacco Products and Alcoholic Beverages. (Admin. Code § 4.20; Health Code art. 19K)

(a) Definitions. For purposes of this Section: (i) “**alcoholic beverage**” is defined in California Business and Professions Code section 23004 and excludes cleaning solutions, medical supplies, and other products and substances not intended for drinking; and (ii) “**tobacco product**” is defined in Health Code section 1010(b).

(b) Advertising Ban. New general advertising signs that are visible to the public are prohibited on the exterior of any City-owned building under Administrative Code section 4.20-1.

(c) Tobacco Sales Ban. No person may sell tobacco products on property owned by or under the control of the City under Health Code article 19K.

(d) Alcoholic Beverage Advertising. Port property used for operation of a restaurant, concert or sports venue, or other facility or event where the sale, production, or consumption of alcoholic beverages is permitted, will be exempt from the alcoholic beverage advertising prohibition in Administrative Code section 4.20(a)-(c).

9. Integrated Pest Management Program. (Env. Code ch. 3)

(a) IPM Plan. Chapter 3 of the Environment Code (the “**IPM Ordinance**”) describes an integrated pest management policy (“**IPM Policy**”) to be implemented by all City departments. Except for the permitted uses of pesticides provided in IPM Ordinance section 303, Developer must not use or apply during the DDA term, and must not contract with any party to provide pest abatement or control services to the FC Project Area, except in compliance with the Port’s integrated pest management plan (“**IPM Plan**”).

(b) Application. Although not a City Department, Developer agrees to comply, and must require all of Developer’s contractors to comply, with the Port’s approved IPM Plan and IPM Ordinance sections 300(d), 302, 304, 305(f), 305(g), and 306, as if Developer were a City department. Among other matters, the IPM Ordinance: (i) provides for the use of pesticides only as a last resort; (ii) prohibits the use or application of pesticides on City-owned property except for pesticides granted exemptions under IPM Ordinance section 303 (including pesticides included on the most current Reduced Risk Pesticide List compiled by the Department of the Environment); (iii) imposes certain notice requirements; and (iv) requires Developer to keep certain records and to report to the City all pesticide use by Developer’s staff or contractors.

(c) Prior Review. Before Developer or Developer’s contractor applies pesticides to outdoor areas, Developer must obtain a written recommendation from a person holding a valid Agricultural Pest Control Advisor license issued by the California Department of Pesticide Regulation and any such pesticide application must be made only by or under the supervision of

a person holding a valid Qualified Applicator certificate or Qualified Applicator license under California law. The City's current Reduced Risk Pesticide List and additional details about pest management on City property can be found at the Department of the Environment website, <http://sfenvironment.org/ipm>.

10. Resource-Efficient Facilities and Green Building Requirements.

(Env. Code ch. 7)

Developer agrees to comply with all applicable provisions of the Environment Code relating to resource-efficiency and green building design requirements.

11. Tropical Hardwood and Virgin Redwood Ban.

(Env. Code ch. 8)

The City urges companies not to import, purchase, obtain or use for any purpose, any tropical hardwood, tropical hardwood wood product, virgin redwood, or virgin redwood wood product, except as expressly permitted by the application of Environment Code sections 802(b) and 803(b). Developer agrees that, except as permitted by the application of Environment Code sections 802(b) and 803(b), Developer will not use or incorporate any tropical hardwood or virgin redwood in the construction of the Improvements or provide any items to the construction of the Project, or otherwise in the performance of the DDA that are tropical hardwoods, tropical hardwood wood products, virgin redwood, or virgin redwood wood products. If Developer fails to comply in good faith with any of Environment Code chapter 8, Developer will be liable for liquidated damages for each violation in any amount equal to the contractor's net profit on the contract, or 5% of the total amount of the contract dollars, whichever is greater.

12. Diesel Fuel Measures.

(Env. Code ch. 9)

Consistent with the City's Greenhouse Gas Emissions Reduction Plan (Env. Code § 903) to reduce greenhouse gas emissions in the City, Developer must minimize exhaust emissions from operating equipment and trucks during construction. Developer's compliance with MMRP Mitigation Measure M-AQ-1a will satisfy this requirement.

13. Arsenic-Treated Wood.

(Env. Code ch. 13)

Developer must not purchase preservative-treated wood products containing arsenic on behalf of the City in the performance of the DDA without obtaining an exemption under Environment Code section 1304 from the Department of Environment. Developer may purchase preservative-treated wood products on the list of environmentally preferable alternatives prepared and adopted by the Department of Environment. This provision does not preclude Developer from purchasing preservative-treated wood containing arsenic for saltwater immersion. In this Section: (a) "**preservative-treated wood containing arsenic**" means wood treated with a preservative that contains arsenic, elemental arsenic, or an arsenic copper combination, including chromated copper arsenate preservative, ammoniac copper zinc arsenate preservative, or ammoniacal copper arsenate preservative; and (b) "**saltwater immersion**" means a pressure-treated wood that is used for construction purposes or facilities that are partially or totally immersed in saltwater.

14. Food Service and Packaging Waste Reduction Ordinance.

(Env. Code ch. 16)

Developer agrees to comply fully with and be bound by section 1604(d) of the Food Service and Packaging Waste Reduction Ordinance (Env. Code ch. 16), including the remedies provided in section 1607 and implementing guidelines and rules. By entering into the DDA and the Development Agreement, Developer agrees that if it breaches this provision, and fails to cure within the cure periods provided herein, the City will suffer actual damages that will be impractical or extremely difficult to determine and that the following amounts of liquidated damage are reasonable estimates of the damage that the City will incur based on any violation, established in light of the circumstances existing on the Reference Date: (a) \$100 for the first breach; (b) \$200 for the second breach in the same year; and (c) \$500 for subsequent breaches in the same year. These liquidated damages will not be considered penalties, but agreed monetary damages sustained by the City because of Developer's noncompliance.

15. Bottled Drinking Water.

(Env. Code ch. 24; Port Reso. No. 12-11)

Developer is subject to all applicable provisions of Environment Code chapter 24 prohibiting the sale or distribution of drinking water in plastic bottles with a capacity of 21 fluid ounces or less at Events held on City Property with attendance of more than 100 people during the DDA Term. Also, Developer must comply with the Port's *Zero Waste Policy for Events and Activities* (Port Reso. No. 12-11) for applicable Events at the FC Project Area during the DDA Term.

16. Graffiti Removal and Abatement.

(Pub. Works Code Sec. 23)

(a) Requirement. Developer agrees to remove all graffiti from the FC Project Area, including from the exterior of any structures within the FC Project Area, consistent with the notice and cure provisions of Public Works Code section 23. If the Director of Public Works determines that any property contains graffiti in violation of section 2303, the Director may issue a notice of violation to Developer and any Offending Party. At the time the notice of violation is issued, the Director will take one or more photographs of the alleged graffiti and make copies of the photographs available to Developer and any Offending Party upon request. The photographs will be dated and retained as a part of the file for the violation. The notice will give Developer and any Offending Party 30 days after the date of the notice to either remove the graffiti or request a hearing on the notice of violation and set forth the procedure for requesting the hearing. This Section is not intended to require a tenant to breach any lease or other agreement that it may have concerning its use of the real property.

(b) Application. In this Section, "graffiti" means any inscription, word, figure, marking, or design that is affixed, marked, etched, scratched, drawn, or painted on any building, structure, fixture, or other improvement, whether permanent or temporary, including signs, banners, billboards, and fencing surrounding construction sites, whether public or private, without the consent of the owner of the property or the owner's authorized agent, and that is visible from the public right-of-way, but does not include: (i) any sign or banner that is authorized by, and in compliance with, the applicable requirements of the DDA or the Port

Building Code; (ii) any mural or other painting or marking on the property that is protected as a work of fine art under the California Art Preservation Act (Calif. Civil Code §§ 987 *et seq.*) or as a work of visual art under the Federal Visual Artists Rights Act of 1990 (17 U.S.C. §§ 101 *et seq.*); (iii) any painting or marking that a City department makes in the course of its official duties or as part of a public education campaign; or (iv) any painting or marking required for compliance with any local, state, or federal law.

17. Drug-Free Workplace.

(41 U.S.C. ch. 81; Police Code art. 40)

To the extent applied by a federal grant or contract for the Project, the Drug-Free Workplace Act of 1988 (41 U.S.C. ch. 81) will apply to Developer. Developer agrees to adopt a Drug-Free Workplace Policy and comply with all other applicable requirements of the drug-free workplace laws under Police Code article 40.

18. Nutritional Standards and Guidelines.

(Admin. Code § 4.9-1)

(a) Definitions. For the purpose of this Section: (i) “meal” means “prepared food” as defined in Environment Code section 1602(I), which means food or beverages prepared within San Francisco for individual customers or consumers in a form commonly understood to be a breakfast, lunch, or dinner; (ii) “Nutritional Standards Requirements” means the food and beverage nutritional standards and calorie labeling requirements set forth in Administrative Code section 4.9-1(c); (iii) “restaurant” is defined in Health Code section 451(s) and includes any coffee shop, cocktail lounge, sandwich stand, public school cafeteria, in-plant or employee eating establishment; and any other eating establishment that gives or offers for sale food that requires no further preparation to the public, guests, patrons, or employees for consumption on or off the premises; (iv) “vending machine” is defined in Administrative Code section 4.2(a) and means an automated machine dispensing products or services, including food, beverages, tobacco products, newspapers, and periodicals.

(b) Vending Machines. Any permitted vending machine must comply with the Nutritional Standards Requirements in section 4.9-1(c). Developer must incorporate the Nutritional Standards Requirements into any contract for the installation of a vending machine on the FC Project Area or for the supply of food and beverages to that vending machine.

(c) Restaurants. Any restaurant on City property is encouraged to ensure that at least 25% of meals offered on the menu meet the Nutritional Standards Requirements set forth in Administrative Code section 4.9-1(e).

(d) Penalties. Developer’s failure to comply with the Nutritional Standards Requirements in section 4.9-1(c) will be considered an Event of Default under the DDA and in addition to its other remedies, which will be subject to the DA Waivers, the City may require the removal of any vending machine on the FC Project Area that is not permitted or that violates the Nutritional Standards Requirements. Developer will be responsible for monitoring compliance with the Nutritional Standards Requirements by each subcontractor, subtenant, and contractor performing services or occupying premises on the FC Project Area. But the City agrees that Developer will not be liable for the noncompliance of its subcontractors, subtenants, or contractors.

19. All-Gender Toilet Facilities.

(Admin. Code § 4.1-3)

Developer must include at least one all-gender toilet facility on each floor of any new building on City-owned land or that is constructed by or for the City where toilet facilities are required or provided. Unless not allowed by an existing lease, whenever extensive renovations are made on one or more floors in any building on land that the City owns or in a building that is leased to or by the City, Developer will provide at least one all-gender toilet facility on each floor where the renovations take place and toilet facilities are required or provided. An "all-gender toilet facility" means a toilet that is not restricted to use by persons of a specific sex or gender identity by means of signage, design, or the installation of fixtures. "Extensive renovations" means any renovation where the construction cost exceeds 50% of the cost of providing the required toilet facilities.

20. Indoor Air Quality.

(Env. Code § 711(g))

Developer agrees to comply with section 711(g) of the Environment Code and regulations adopted under Environment Code section 703(b) relating to construction and maintenance protocols to address indoor air quality.

Use Of Port Property

21. Southern Waterfront Community Benefits and Beautification Policy.

(Port Reso. No. 07-77)

(a) Policy Goals. The Port's *Policy for Southern Waterfront Community Benefits and Beautification* identifies beautification and related projects in the Southern Waterfront (from Mariposa Street in the north to India Basin) that require funding. Under this policy, Developer must provide community benefits and beautification measures in consideration for the use of the Project Site. Examples of desired benefits include: (i) beautification, greening, and maintenance of any outer edges of and entrances to the FC Project Area; (ii) creation and implementation of a Community Outreach and Good Neighbor Policy to guide Developer's interaction with the Port, neighbors, visitors, and users; (iii) use or support of job training and placement organizations serving southeast San Francisco; (iv) commitment to engage in operational practices that are sensitive to the environment and the neighboring community by reducing engine emissions consistent with the City's Clean Air Program, and use of machines at the FC Project Area that are low-emission diesel equipment and use biodiesel or other reduced particulate emission fuels; (v) commitment to use low-impact design and other "green" strategies when installing or replacing stormwater infrastructure; (vi) employment at the FC Project Area of a large percentage of managers and other staff who live in the local neighborhood or community; (vii) use of truckers that are certified as LBEs under Administrative Code chapter 14B; and (viii) use of businesses that are located within the Potrero Hill and Bayview Hunters Point neighborhoods. Developer's performance of the Project Requirements under the DDA will satisfy the requirements under this policy. Developer agrees to provide the Port with documents and records regarding these activities at the Port's request.

(b) Agreement to Use Local Truckers. Except to the extent inconsistent with any pertinent collective bargaining agreement, Developer agrees that, for all directly contracted or

service agreement trucking opportunities associated with Developer's operations at the FC Project Area, including hauling materials on, off, and within the Project Site, Developer will make good faith efforts to use Local Truckers first. For purposes of this Section, "truckers" means a business that provides trucking services for a profit, and "Local Truckers" means truckers that CMD has certified as LBEs.

To the extent that Developer in its sole discretion directly contracts or enters into a service agreement with truckers for trucking opportunities as described in this Section, Developer must use Local Truckers for a minimum of 60% of all contracted or service agreement trucking. Only the actual dollar amount paid to truckers will be counted towards meeting the 60% requirement; equipment rental and disposal fees will not be counted. Developer will not be in default of this provision for not meeting the 60% minimum if Developer offered trucking opportunities to Local Truckers, but the Local Truckers were unavailable or unwilling to perform the work.

During all periods of construction activities at the Project Site, Developer must submit a monthly report to the Port and CMD stating the total cost to Developer of trucking through a contract or service agreement during the preceding month and identifying the total amount paid to Local Truckers. The monthly report must document all truckers who conducted contract or service agreement work for Developer, and identify truckers that are Local Truckers. If Developer fails to meet the 60% minimum in any month, the report must document Developer's good faith outreach efforts to contact Local Truckers and the reasons that the work could not be conducted by Local Truckers. At the Port's or CMD's request, Developer must provide additional documentation required to ensure Developer's compliance with this provision. Developer's failure to comply with this Section will be a Material Breach under the DDA.

Other Public Policies

22. Conflicts of Interest.

(Calif. Gov. Code §§ 87100 *et seq.* & §§ 1090 *et seq.*; Charter § 15.103; Campaign and Gov't Conduct Code art. III, ch. 2)

Through its execution of the DDA, Developer acknowledges that it is familiar with Charter section 15.103, Campaign and Governmental Conduct Code article III, chapter 2, and California Government Code sections 87100 *et seq.* and sections 1090 *et seq.*, certifies that it does not know of any facts that would violate these provisions and agrees to notify the Port if Developer becomes aware of any such fact during the DDA Term.

23. Sunshine.

(Calif. Gov. Code §§ 6250 *et seq.*; Admin. Code ch. 67)

Developer understands and agrees that under the California Public Records Act (Calif. Gov. Code §§ 6250 *et seq.*) and the City's Sunshine Ordinance (Admin. Code ch. 67), the Transaction Documents and all records, information, and materials that Developer submits to the City may be public records subject to public disclosure upon request. Developer may mark materials it submits to the City that Developer in good faith believes are or contain trade secrets or confidential proprietary information protected from disclosure under public disclosure laws, and the City will attempt to maintain the confidentiality of these materials to the extent provided

by law. Developer acknowledges that this provision does not require the City to incur legal costs in any action by a person seeking disclosure of materials that the City received from Developer.

24. Contribution Limits-Contractors Doing Business with the City.
(Campaign and Gov't Conduct Code § 1.126)

(a) Application. Campaign and Governmental Conduct Code section 1.126 ("Section 1.126") applies only to agreements subject to approval by the Board of Supervisors, the Mayor, any other elected officer, or any board on which an elected officer serves. Section 1.126 prohibits a person who contracts with the City for the sale or lease of any land or building to or from the City from making any campaign contribution to: (i) any City elective officer if the officer or the board on which that individual serves or a state agency on whose board an appointee of that individual serves must approve the contract; (ii) a candidate for the office held by the individual; or (iii) a committee controlled by the individual or candidate, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for the contract or six months after the date the contract is approved.

(b) Acknowledgment. Through its execution of the DDA, Developer acknowledges the following.

(i) Developer is familiar with Section 1.126.

(ii) Section 1.126 applies only if the contract or a combination or series of contracts approved by the same individual or board in a fiscal year have a total anticipated or actual value of \$50,000 or more.

(iii) If applicable, the prohibition on contributions applies to: (1) Developer; (2) each member of Developer's board of directors; (3) Developer's chairperson, chief executive officer, chief financial officer, and chief operating officer; (4) any person with an ownership interest of more than 20% in Developer; (5) any subcontractor listed in the contract; and (6) any committee, as defined in Campaign and Governmental Conduct Code section 1.104, that is sponsored or controlled by Developer.

25. Implementing the MacBride Principles – Northern Ireland.
(Admin. Code ch. 12F)

The Port and the City urge companies doing business in Northern Ireland to move towards resolving employment inequities and encourage them to abide by the MacBride Principles. The Port and the City urge San Francisco companies to do business with corporations that abide by the MacBride Principles.

AMENDED IN COMMITTEE

10/26/17

FILE NO. 170863

ORDINANCE NO. 224-17

[Development Agreement - FC Pier 70, LLC - Pier 70 Development Project]

Ordinance approving a Development Agreement between the City and County of San Francisco and FC Pier 70, LLC, for 28 acres of real property located in the southeast portion of the larger area known as Seawall Lot 349 or Pier 70; and bounded generally by Illinois Street on the west, 22nd Street on the south, and San Francisco Bay on the north and east; waiving certain provisions of the Administrative Code, Planning Code, and Subdivision Code; and adopting findings under the California Environmental Quality Act, public trust findings, and findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1(b).

NOTE: Unchanged Code text and uncodified text are in plain Arial font.
Additions to Codes are in single-underline italics Times New Roman font.
Deletions to Codes are in ~~strikethrough italics Times New Roman font~~.
Board amendment additions are in double-underlined Arial font.
Board amendment deletions are in ~~strikethrough Arial font~~.
Asterisks (* * *) indicate the omission of unchanged Code subsections or parts of tables.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Background and Findings.

(a) California Government Code Sections 65864 et seq. ("Development Agreement Law") authorize any city, county, or city and county to enter into an agreement for the development of real property within its jurisdiction.

(b) Chapter 56 of the Administrative Code sets forth certain procedures for processing and approving development agreements in the City and County of San Francisco (the "City").

(c) In April 2011, the Port Commission (the "Port") selected Forest City Development California, Inc., a California corporation, through a competitive process to

1 negotiate exclusively for the mixed-use development (the "Project") of approximately 28 acres
2 (the "28-Acre Site") of Seawall Lot 349, a land parcel under Port jurisdiction that is bounded
3 generally by Illinois Street on the west, 22nd Street on the south, and San Francisco Bay on
4 the north and east commonly known as Pier 70. Forest City Development California, Inc. is
5 now wholly owned by Forest City Realty Trust, Inc., a New York Stock Exchange-listed real
6 estate company. FC Pier 70, LLC ("Developer"), a wholly-owned an affiliate of Forest City
7 Realty Trust, Inc., Development California, Inc., will act as the master developer for the
8 Project. ("Developer").

9 (d) In conjunction with this ordinance, the Board of Supervisors has taken or intends
10 to take a number of other actions in furtherance of the Project, including approval of: (1) a
11 trust exchange agreement between the Port and the California State Lands Commission; (2) a
12 disposition and development agreement ("DDA") between Developer and the Port;
13 (3) amendments to the General Plan; (4) amendments to the Planning Code that create the
14 Pier 70 Special Use District (the "SUD amendments") over the 28-Acre Site and two adjacent
15 parcels known as the "Illinois Street Parcels" and incorporate more detailed land use controls
16 of the Pier 70 SUD Design for Development; (5) amendments to the Zoning Maps;
17 (6) approval of a development plan for the 28-Acre Site in accordance with Charter
18 Section B7.310 (adopted as part of Proposition D, November 2008) and Section 4 of the
19 Union Iron Works Historic District Housing, Waterfront Parks, Jobs and Preservation Initiative
20 (Proposition F, November 2014); (7) a memorandum of understanding for interagency
21 cooperation among the Port, the City, and other City agencies (the "ICA") with respect to the
22 subdivision of the 28-Acre Site and construction of infrastructure and other public facilities;
23 (8) formation proceedings for financing districts and a memorandum of understanding
24 between the Port and the Assessor, the Treasurer-Tax Collector, and the Controller regarding
25 the assessment, collection, and allocation of ad valorem and special taxes to the financing

1 districts; and (9) a number of related transaction documents and entitlements to govern the
2 Project.

3 (e) At full build-out, the Project will include: (1) 1,100 to 2,150 new residential units,
4 at least 30% of which, in the Affordable Housing Area that includes the 28-Acre Site and a
5 portion of the 20th/Illinois Parcel, will be on-site housing affordable to a range of low- to
6 moderate-income households as described in the Affordable Housing Plan in the DDA;
7 (2) between 1 million and 2 million gross square feet of new commercial and office space;
8 (3) rehabilitation of three significant contributing resources to the historic district; (4) space for
9 small-scale manufacturing, retail, and neighborhood services; (5) transportation demand
10 management on-site, a shuttle service, and payment of impact fees to the Municipal
11 Transportation Agency that it will use to improve transportation connections through the
12 neighborhood; (6) 9 acres of new open space, potentially including active recreation on
13 rooftops, a playground, a market square, a central commons, and waterfront parks along the
14 shoreline; (7) on-site strategies to protect against sea level rise; and (8) replacement studio
15 space for artists leasing space in Building 11 in Pier 70 and a new arts space.

16 (f) While the DDA binds the Port and Developer, other City agencies retain a role in
17 reviewing and issuing certain later approvals for the Project. Later approvals include approval
18 of subdivision maps and plans for horizontal improvements and public facilities, design review
19 and approval of new buildings under the SUD amendments, and acceptance of Developer's
20 dedications of horizontal improvements and public facilities for maintenance and liability under
21 the Subdivision Code. Accordingly, the City and Developer negotiated a development
22 agreement for the Project (the "Development Agreement"), a copy of which is in Board File
23 No. 170863 and incorporated in this ordinance by reference. The DDA, the Development
24 Agreement, the ICA, the Tax MOU, and all leases and vertical disposition development
25

1 agreements that the Port enters into in accordance with the DDA are referred to collectively as
2 the "Transaction Documents."

3 (g) Development of the 28-Acre Site in accordance with the DDA and the
4 Development Agreement will help realize and further the City's goals to restore and revitalize
5 the Union Iron Works Historic District, increase public access to the waterfront, increase
6 public open space and community facilities within the neighborhood, increase affordable and
7 market-rate housing, and create a significant number of construction and permanent jobs
8 along the southeastern waterfront. In addition, the Project will provide additional benefits to
9 the public that could not be obtained through application of existing City ordinances,
10 regulations, and policies.

11 Section 2. Environmental Findings.

12 (a) The Planning Department has determined that the actions contemplated in this
13 ordinance comply with the California Environmental Quality Act (Cal. Public Resources Code
14 §§ 21000 et seq.) ("CEQA"). A copy of this determination is in Board File No. 170863 and
15 incorporated in this ordinance by reference.

16 (b) The Board of Supervisors previously adopted Resolution No. 402-17, a
17 copy of which is in Board File No. 170987, making CEQA findings for the Project. The Board
18 of Supervisors adopts and incorporates in this ordinance by reference the Planning
19 Commission's findings under CEQA.

20 Section 3. Consistency Findings.

21 The Planning Commission recommended that the Board of Supervisors approve the
22 Development Agreement and amendments to the General Plan, the Planning Code, and the
23 Zoning Maps at a public hearing on August 24, 2017, by Resolution Nos. 19978 and 19979, a
24 copy of which is in Board File No. 170863. The Board of Supervisors adopts and
25 incorporates by reference in this ordinance the Planning Commission's findings of consistency

1 with the General Plan, as amended, and the eight priority policies of Planning Code
2 Section 101.1.

3 Section 4. Public Trust Findings.

4 At a public hearing on September 4²²⁶, 2017, the Port Commission consented to the
5 Development Agreement and approved the trust exchange agreement and the DDA, subject
6 to Board of Supervisors' approval, finding that the Project would be consistent with and further
7 the purposes of the common law public trust and statutory trust under the Burton Act (Stats.
8 1968, ch. 1333) by Resolution Nos. 17-44 and 17-47, a ~~copy~~ copies of which ~~is~~ are in Board
9 File No. 170863. The Board of Supervisors adopts and incorporates in this ordinance by
10 reference the Port Commission's public trust findings.

11 Section 5. Approval of Development Agreement.

12 The Board of Supervisors:

13 (a) approves all of the terms and conditions of the Development Agreement in
14 substantially the form in Board File No. 170863;

15 (b) finds that the Development Agreement substantially complies with the
16 requirements of Administrative Code Chapter 56;

17 (c) finds that the Project is a large multi-phase and mixed-use development that
18 satisfies Administrative Code Section 56.3(g); and

19 (d) approves the Workforce Development Plan attached to the DDA in lieu of
20 requirements under Administrative Code Chapter 14B, Article VII of Chapter 23,
21 and Section 56.7(c), and Chapter 83 to the extent that Chapter 83 applies to construction work
22 that is subject to the Local Hiring Requirements of the Workforce Development Plan.

1 Section 6. Administrative Code Chapter 56 Waivers.

2 The Board of Supervisors waives the application to the Project of the following
3 provisions of Administrative Code Chapter 56 to the extent inconsistent with the Development
4 Agreement, the DDA, or the ICA, specifically:

5 (a) Section 56.4 (Application, Forms, Initial Notice, Hearing); Section 56.7(c)
6 (Nondiscrimination/Affirmative Action Requirements); Section 56.8 (Notice); Section 56.10
7 (Negotiation Report and Documents); Section 56.15 (Amendment and Termination);
8 Section 56.17(a) (Annual Review); Section 56.18 (Modification or Termination); and
9 Section 56.20 (Fee); and

10 (b) any other procedural or other requirements if and to the extent that they are not
11 strictly followed.

12 Section 7. Other Administrative Code Waivers.

13 The Board of Supervisors waives the application to the Project of these provisions of
14 the Administrative Code: (a) Chapter 6 (Public Works Contracting Policies and Procedures)
15 other than the payment of prevailing wages as required in Chapter 6; (b) Chapter 14B (Local
16 Business Enterprise Utilization and Non-Discrimination in Contracting); (c) Competitive
17 Bidding Procedures appraisal effective date, and Additional Appraisal Review as defined in
18 Section 23.3 (Chapter Definitions) and required by Section 23.3 (Conveyance and Acquisition
19 of Real Property); (d) Section 23.2623.31 (Year-to-Year and Shorter
20 Leases); (e) Section 23.30-23.42 (Lease of Real Property When City is Landlord);
21 (f) Sections 23.33 (Competitive Bidding Procedures); (fg) Section 23A.7 (Transfer of
22 Jurisdiction Over Surplus Properties to the Mayor's Office of Housing and Community
23 Development); and (gh) Subsection (c)(2) of Section 61.5(e)(2) (Listing of Unacceptable Non-
24 Maritime Land Uses); and (i) remedies and penalties for noncompliance with Section 4.9-1(c)
25 (Nutritional Standards and Guidelines), Section 12Q.5(f) (Health Care Accountability), or

1 Section 12T (Criminal History in Hiring and Employment) that would result in termination of
2 any Transaction Document, impairment of Developer's or any vertical developer's
3 development rights at the 28-Acre Site, or debarment of Developer or any vertical developer
4 from future contract opportunities with the City.

5 Section 8. Planning Code Waivers.

6 The Board of Supervisors:

7 (a) finds that the impact fees and exactions payable under the Development
8 Agreement will provide greater benefits to the City than the impact fees and exactions under
9 Planning Code Article 4 and waives the application of, and to the extent applicable exempts
10 the Project from, impact fees and exactions under Planning Code Article 4 on the condition
11 that Developer and all building developers comply with impact fees and exactions established
12 in the Development Agreement; and

13 (b) finds that the Transportation Plan attached to the Development
14 Agreement includes a Transportation Demand Management Plan ("TDM Plan") and other
15 provisions that meet the goals of the City's Transportation Demand Management Program in
16 Planning Code Section 169 and waives the application of Section 169 to the Project on the
17 condition that Developer implements and complies with the TDM Plan for the required
18 compliance period.

19 Section 9. Subdivision Code Waivers.

20 (a) The Board of Supervisors waives the application to the Project of time
21 limits under Subdivision Code Section 1333.3(b) (Rights Conveyed), Section 1346(e)
22 (Improvement Plans) and Section 1355 (Time Limit for Submittal) to the extent that they
23 conflict with the ICA or the Development Agreement.

24 (b) The Board of Supervisors also waives the application to the Project of
25 Subdivision Code Section 1348 (Failure To Complete Improvements Within Agreed Time).

1 and the following terms shall apply in lieu thereof: The Public Improvement Agreement, as
2 defined in the ICA, shall include provisions consistent with the Transaction Documents and
3 the applicable requirements of the Municipal Code and the Subdivision Regulations regarding
4 extensions of time and remedies that apply when improvements are not completed within the
5 agreed time.

6 Section 10. Authorization.

7 (a) The Board of Supervisors affirms that the waivers in this ordinance do not waive
8 requirements under the Development Agreement Law and authorizes the City to execute,
9 deliver, and perform the Development Agreement as follows:

10 (1) the Director of Planning, the City Administrator, and the Director of Public
11 Works are authorized to execute and deliver the Development Agreement with signed
12 consents of the Port Commission, the Municipal Transportation Agency, and the San
13 Francisco Public Utilities Commission; and

14 (2) the Director of Planning and other appropriate City officials are authorized
15 to take all actions reasonably necessary or prudent to perform the City's obligations under the
16 Development Agreement in accordance with its terms.

17 (b) The Director of Planning is authorized to exercise discretion, in consultation with
18 the City Attorney, to enter into any additions, amendments, or other modifications to the
19 Development Agreement that the Director of Planning determines are in the best interests of
20 the City and that do not materially increase the obligations or liabilities of the City or materially
21 decrease the benefits to the City as provided in the Development Agreement. Final versions
22 of any additions, amendments, or other modifications to the Development Agreement shall be
23 provided to the Clerk of the Board of Supervisors for inclusion in Board File No. 170863 within
24 30 days after execution by all parties.

1 Section 11. Ratification of Past Actions; Authorization of Future Actions.

2 All actions taken by City officials in preparing and submitting the Development
3 Agreement to the Board of Supervisors for review and consideration are hereby ratified and
4 confirmed, and the Board of Supervisors hereby authorizes all subsequent action to be taken
5 by City officials consistent with this ordinance.

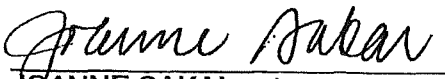

6 Section 12. Effective and Operative Dates.

7 (a) This ordinance shall become effective 30 days after enactment. Enactment
8 occurs when the Mayor signs the ordinance, the Mayor returns the ordinance unsigned, or the
9 Mayor does not sign the ordinance within ten days after receiving it, or the Board of
10 Supervisors overrides the Mayor's veto of the ordinance.

11 (b) This ordinance shall become operative only on the effective date of the DDA. No
12 rights or duties are created under the Development Agreement until the operative date of this
13 ordinance.

PARCEL LEASE EXHIBIT U

FORM OF PORT ESTOPPEL CERTIFICATE

The undersigned, the City and County of San Francisco, a municipal corporation, operating by and through the San Francisco Port Commission ("Port"), is the owner of the fee simple estate in the real property having an address at [____], within Pier 70 in San Francisco, California (the "Property"), and hereby certifies to [____]; a [____] ("Tenant") [and to _____] the following as of the date set forth below:

1. That there is presently in full force and effect Lease No. L-[____] dated as of [____], 20[____] (as modified, assigned, supplemented and/or amended as set forth in *paragraph 2* below, the "Lease"), between Port, as landlord, and Tenant, as tenant, for the Property located within a portion of that certain real property known as [Pier 70/insert building address], as further described in the Lease (the "Premises").

2. That the Lease has not been modified, assigned, supplemented or amended except as follows [_____].

3. That the Lease represents the entire agreement between Port and Tenant with respect to the Premises except as follows:

4. That the commencement date under the Lease was [____], 20[____], and the expiration date of the Lease is [____], 20[____]. Tenant does not have any right to renew the lease term. ~~[modify for Lease for Parcel E4: except for one 15 year term to extend]~~

5. That the present monthly minimum rent under the Lease is \$[_____].

6. That the Percentage Rent (as defined in the Lease) paid by Tenant for the most recent full calendar month prior to the date set forth below was \$[____](mark N/A if not applicable).

7. That the security deposits held by Port under the terms of the Lease are as follows: \$[_____].

8. ~~[That Port has not yet issued a certificate of completion]~~ or ~~[That Port has issued a certificate of completion on ____ 20__]~~, evidencing completion of all obligations under that certain Vertical Disposition and Development Agreement between Port and ~~[insert name of Vertical Developer party]~~, dated [____], 20[____].

9. That, to the actual knowledge of Port, Port is not in default or in breach of the Lease, nor has Port committed an act or failed to act in such a manner which, with the passage of time or notice or both, would result in a default or breach of the Lease by Port except as follows:

For purposes of this Estoppel Certificate, the term "actual knowledge" shall mean the actual knowledge of [_____]. Port's property manager for the Premises after inquiry.

10. That, to the actual knowledge of Port, Tenant is not in default or in breach of the Lease, nor has Tenant committed an act or failed to act in such a manner which, with the passage of time or notice or both, would result in a default or breach of the Lease by Tenant except as follows: [_____].

11. That, to the actual knowledge of Port, Tenant, as of the date set forth below, has no right or claim of deduction, charge, lien or offset against Port under the Lease or otherwise against the rents or other charges due or to become due pursuant to the terms of the Lease other than [_____].

12. That Port has not assigned, conveyed, transferred, or mortgaged its interest in the Lease or the Premises except as follows: [_____].

13. That Port has not received written notice of any threatened eminent domain proceedings from a governmental entity having eminent domain powers against Port's interest in the Premises.

14. The undersigned hereby certifies that he or she is duly authorized to sign and deliver this Certificate on behalf of Port.

This Certificate shall be binding upon and inure to the benefit of Tenant, Port, [] and their respective successors and assigns.

Dated: [], 20[].

MEMORANDUM OF LEASE

This Memorandum of Lease ("Memorandum"), dated for reference purposes as of ____, ____, is by and between the **CITY AND COUNTY OF SAN FRANCISCO**, a municipal corporation ("City"), operating by and through the **SAN FRANCISCO PORT COMMISSION** ("Landlord" or "Port") and [_____] ("Tenant").

RECITALS

A. Concurrently herewith, Landlord and Tenant have entered into that certain Lease No. L-[_____] (the "Lease"), dated as of ____, ____, pursuant to which Landlord leased to Tenant and Tenant leased from Landlord certain real property (the "Premises") more particularly described in the attached **EXHIBIT A**, which is incorporated by this reference.

B. Port and Tenant have also entered into that certain Vertical Disposition and Development Agreement, dated ____, ____ (the "VDDA"), with respect to the development of the Premises.

C. Landlord and Tenant desire to execute this Memorandum to provide constructive notice of Tenant's rights under the Lease to all third parties.

For good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the parties agree as follows:

1. Term. Landlord leases (i) the Premises to Tenant for a term commencing on _____, _____ (the "**Commencement Date**"). The Term of the Lease shall expire on the date that is [ninety-nine (99) years] after the Commencement Date, unless earlier terminated in accordance with the terms of the Lease. [revise as applicable for Parcel E4 (an initial 50-years with an option to extend by an additional 16 years)][Building 12 and 21: 66-year term]

2. Lease Terms. The lease of the Premises to Tenant is pursuant to the Lease, which is incorporated in this Memorandum by reference. In the event of any conflict or inconsistency between this Memorandum and the Lease, the terms and conditions of the Lease shall be controlling in all respects. Except as otherwise defined in this Memorandum, capitalized terms shall have the meanings given them in the Lease.

3. Successors and Assigns. This Memorandum and the Lease shall bind and inure to the benefit of the parties and their respective heirs, successors, and assigns, subject, however, to the provisions of the Lease on assignment.

4. Counterparts. This Memorandum may be executed in two or more counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument.

[The remainder of this page intentionally left blank]

IN WITNESS WHEREOF, Landlord and Tenant have executed this Memorandum as of the day and year first above written.

SCHEDULE 13.2
ENERGY DISCLOSURE SUMMARY SHEET
[if applicable]

[To be prepared and inserted prior to execution]

Appendix of 28-Acre Site Parcel Lease Provisions for Historic Buildings 2, 12 and 21

This 28-Acre Site Parcel Lease Appendix for Historic Buildings 2, 12 and 21 (this "Appendix") sets forth special terms and obligations that apply specifically and exclusively to the lease of Historic Building 2, 12 or 21, as applicable, each located within the 28-Acre Site (Historic Buildings 2, 12 and 21 each a "Historic Building" and collectively "Historic Buildings"). At the time of execution, the approved form of Parcel Lease for Historic Buildings 2, 12 and 21 will be revised to reflect the specific terms set forth in this Appendix, but except as expressly modified herein, the terms set forth in the approved form of Parcel Lease will apply. For the purposes of this Appendix, any capitalized term not defined herein shall have the meaning ascribed to them in the Lease.

A. The Basic Lease Information for Buildings 12 and 21 will be modified such that the listed Expiration Date shall be "_____, ____ (66 years after the Commencement Date)."

B. The Basic Lease Information for Historic Building 12 and 21 will be modified as follows:

Prepaid Rent: [Fully Prepaid]: \$66 (\$1/per year, fully prepaid).

C. Section 1.2 will be deleted in its entirety and replaced with the following provision for Historic Buildings 12 and 21 only [*i.e.*, the Term for Historic Building 2 will be 99-years, consistent with the Parcel Lease]:

1.2. Term.

(a) **Term.** The effectiveness of this Lease will commence on the Commencement Date as shown in the Basic Lease Information. The Lease will expire at 11:59 p.m. on the date that is sixty-six (66) years thereafter, unless earlier terminated or extended in accordance with the terms of this Lease. The period from the Commencement Date until the final expiration of the Lease is referred to as the "Term".

D. ***Tenant's Obligation to Comply (Section 7.1).*** The list in the first sentence of Section 7.1 will include the following additional item:

"(v) all applicable requirements for qualification of the Project for Historic Preservation Tax Credits, including compliance with the Secretary's Standards,"

E. ***Tenant's Obligation to Construct the Initial Improvements (Section 11.1).*** Romanette (iv) and (v) will be revised as follows:

"and (iv) the Transportation Demand Management Plan, and (v) if the National Park Service approves the Part 2 application for Historic Preservation Tax Credits, then all applicable requirements for qualification of the Project for Historic Preservation Tax Credits, and in any event, compliance with the Secretary's Standards."

F. ***Covenants to Repair and Maintain the Premises (Section 10.1)*** in the Parcel Lease for Historic Buildings 2, 12 and 21 will be replaced in its entirety with the following provision:

10.1 Covenants to Repair and Maintain the Premises. Throughout the Term, Tenant will maintain and repair, at no cost to Port, the Premises and all Improvements thereon substantially in the condition the Improvements were Completed (as defined in the Vertical DDA) pursuant to the terms and conditions of the Vertical DDA, less reasonable wear and tear (including the aging of Improvements over the course of the Lease, such as a Class A building over time may become a Class B building), and in compliance with all applicable Laws and the requirements of this Lease. Tenant will with reasonable promptness make (or cause others to make) all necessary or appropriate repairs, renewals and replacements, whether structural or non-structural, interior or exterior, ordinary or extraordinary, foreseen or unforeseen, except as set forth in *Articles 14 or 15*. Tenant will make such repairs with materials, and quality of workmanship, comparable to that as originally installed under the Vertical DDA or this Lease, or, if not commercially available, with materials at least equal in quality, appearance and durability to the materials repaired, replaced or maintained. All such repairs and replacements made by Tenant will be at least equivalent in quality, appearance, public safety, and durability to and in all respects consistent with the Improvements installed at the time of issuance of the Certificate of Completion. For purposes of this Lease, the term "reasonable wear and tear" will not include any deterioration in the condition or diminution of the value of any portion of the Premises in any manner whatsoever related directly or indirectly to Tenant's failure to comply with the terms and conditions of this Lease.

G. Capital Reserves (Section 10.3) and Port Right to Repair (Section 10.5) in the Parcel Lease for Historic Buildings 2, 12 and 21 will be replaced in its entirety with the following provisions:

10.3 Capital Reserve Account.

(a) Additional Definitions.

"Capital Deposit Commencement Date" means the date that is the earlier of the second (2nd) anniversary of the Permanent Financing Date or the sixth (6th) Anniversary Date.

"Capital Reserve Account" means a bank account where funds in such account will be used solely to replace, repair, and improve Capital Items within the Premises.

"Permanent Financing Date" means the date that Tenant's permanent financing to replace the construction financing for the Initial Improvements closes.

"Take-Out Lender" is the Bona Fide Institutional Lender that provides the permanent financing to replace the construction financing for the Initial Improvements and any subsequent permanent lender that refinances such permanent financing.

(b) Take-Out Lender Reserve Requirements. Tenant will establish and maintain Capital Reserves and make Capital Reserve Deposits to the extent and on the terms and conditions required by Tenant's Take-Out Lender to pay for replacements, repairs, and improvements of Capital Items within the Premises. Notwithstanding the foregoing, if Tenant's Take-Out Lender does not require the establishment of such capital reserves, then Tenant will establish and maintain a Capital Reserve Account and make Capital Reserve Deposits pursuant to *Section 10.3(c)*.

(c) No Take-Out Lender Reserve Requirements. If Tenant's Take-Out Lender does not require Capital Reserve Deposits into a Capital Reserve Account for Capital Items. Tenant will establish and maintain a Capital Reserve Account with a depository for institution reasonably acceptable to Port from and after the Capital Deposit Commencement Date until the

expiration of this Lease. Within sixty (60) days following the Capital Deposit Commencement Date and each Anniversary Date thereafter, Tenant will make a Capital Reserve Deposit. The amount of each Capital Reserve Deposit will be determined as follows: (i) from and after the second (2nd) Anniversary Date and on each Anniversary Date thereafter until and including the sixth (6th) Anniversary Date. Tenant will make a deposit equaling no less than *[insert: for Building 2: \$9,500 per year; Building 12: \$14,500 per year; Building 21: \$1,000 per year]* into the Capital Reserve Account such that as of the first FCR Date, the balance in the Capital Reserve Account will equal no less than *[insert: for Building 2: \$47,500; Building 12: \$72,500; Building 21: \$5,000]*; and (ii) from and after ninety (90) days after each FCR Date, the amount of each annual Capital Reserve Deposit will be adjusted to reflect the agreed upon schedule, budget, and anticipated financing, if any, for the maintenance repair, or replacement of Capital Items called for in the applicable Facilities Condition Report and shall take into account the existing balance, if any, in the Capital Reserve Account; provided, however, if the Parties have not reached agreement on the adjustment amount of Capital Reserve Deposit or if the required Facilities Condition Report has not been prepared and approved in accordance with *Section 10.2(b)*, then the Capital Reserve Deposit will be adjusted to equal the greater of (i) the Capital Reserve Deposit in effect immediately prior to such Reserve Re-Set Date, or (ii) one hundred percent (100%) of the amount determined by multiplying the Capital Reserve Deposit in effect immediately prior to such Reserve Re-Set Date by a fraction, the numerator of which is the Current Index and the denominator of which is the Prior Index as shown below:

Current Index
Prior Index _____ x _____ Capital Reserve Deposit = Adjusted
Capital Reserve Deposit

until the adjustment amount of Capital Reserve Deposit is agreed to between the Parties following approval of the required Facilities Condition Report. Any interest accruing on funds in the Capital Reserves will be added to the Capital Reserves. Tenant will use its Capital Reserves only for the necessary repair and/or replacement of the Capital Items identified in the Facilities Condition Report. If a Take-Out Lender subsequently requires Tenant to establish and maintain new Capital Reserves, the then-existing Capital Reserves established pursuant to this *Section 10.3(c)* will be terminated, the balance in such existing Capital Reserves will be transferred to the new Capital Reserve Account. *[add for Building 2 only]*; and any amounts in excess of that required by the Take-Out Lender that are claimed by Tenant from and after Year 30 of the Lease will be considered Gross Income and distributed in accordance with *Section 3.5*.

(d) **Capital Reserve Account Statements.** On the first anniversary after the first Capital Reserve Deposit has been made, Tenant shall submit to the Port an annual statement from the depository institution where the Capital Deposit Account is held, showing the then current balance in the Capital Reserve Account and any activity on the Capital Reserve Account that occurred during the immediately prior twelve-month period. If Tenant has withdrawn funds from the Capital Reserve Account during the prior twelve-month period, Tenant will include with the delivery of such statement, an explanation for such withdrawal(s), along with detailed statements (marked paid) relating to the expenditure of such funds. In connection with any such expenditure, Tenant will provide Port with any other documentation related thereto reasonably.

10.4 Port Right to Repair. In the event Tenant fails to maintain and repair the Premises, the foundation, the structural integrity of the Improvements, the roofs, and building systems (including plumbing, sewer, mechanical, electrical and other utility systems) (collectively, "Material Systems") in accordance with Section 10.1 and such failure is likely to result in deterioration to or damage of a Material System, Port may repair the same at Tenant's cost and expense and Tenant will reimburse Port therefor as provided in this Section 10.4. Except in the event of an emergency, Port will first provide no less than fifteen (15) days prior

notice to Tenant before commencing any maintenance to or repair of a Material System ("Port's Repair Notice"). If Tenant does not commence maintenance or repair of the affected Material System or provide assurances reasonably satisfactory to Port that Tenant will commence maintenance or repair of the same within such fifteen (15) day period, then Port may proceed to take the required action. If Port elects to proceed with such repair or maintenance, then promptly following completion of any work taken by Port pursuant to this Section 10.4, Port will deliver a detailed invoice of the work completed, the materials used and the costs relating thereto. Tenant also will pay to Port an administrative fee equal to ten percent (10%) of the total "hard" costs of the work. "Hard" costs include the cost of materials and installation, but exclude any costs associated with design, such as architectural fees. Tenant will pay to Port the amount set forth in the invoice within thirty (30) days after delivery of Port's invoice.

In the event Port notifies Tenant of a failure to maintain and repair the Premises ("Maintenance Notice"), Tenant will pay to Port, as Additional Rent, an amount equaling [Note: ~~amount to increase by \$50 every 5 years after DDA execution: Three Hundred Dollars (\$300)~~], which amount will be increased by one hundred dollars on the tenth (10th) anniversary of the Commencement Date and every ten (10) years thereafter, upon delivery of the Maintenance Notice. In the event Port determines during subsequent inspection(s) that Tenant has failed to so maintain the Premises in accordance with this *Article 10* (Repair and Maintenance; Facilities Condition Report; Capital Reserves) then Tenant will pay to Port, as Additional Rent, an amount equaling [Note: ~~amount to increase by \$50 every 5 years after DDA execution: Four Hundred Dollars (\$400)~~], which amount will be increased by one hundred dollars on the tenth (10th) anniversary of the Commencement Date and every ten (10) years thereafter, for each additional Maintenance Notice, if applicable, delivered by Port to Tenant following each inspection. The Parties agree that the charges associated with each inspection of the Premises and delivery of each Maintenance Notice represent a fair and reasonable estimate of the administrative cost and expense which Port will incur by reason of Port's inspection of the Premises and issuance of each Maintenance Notice. Tenant's failure to comply with the applicable Maintenance Notice and Port's right to impose the foregoing charges is in addition to and not in lieu of any and all other rights and remedies of Port under this Lease. The amounts set forth in this *Section 10.5* are due within five (5) days following delivery of the applicable Maintenance Notice.

Tenant Initials: _____

H. *Subsequent Construction (Section 12)* in the Parcel Lease for Historic Buildings 2, 12 and 21 will be replaced in its entirety with the following provision:

12. SUBSEQUENT CONSTRUCTION

12.1 *Port's Right to Approve Subsequent Construction.*

(a) Generally, Tenant will have the right, from time to time during the Term, to construct the Initial Improvements, [Deferred Infrastructure] and perform Subsequent Construction (collectively, "Construction") in accordance with the provisions of this Article 12.

(b) Construction Requiring Port's Prior Approval. Tenant has the right during the Term to perform Subsequent Construction in accordance with the provisions of this [Article 12], provided that Tenant cannot do any of the following without Port's prior approval, which approval may be withheld by Port in its sole discretion:

(i) Any Subsequent Construction that may materially alter the exterior architectural design of any Improvements (other than changes reasonably required to conform to changes in applicable Law);

PL Hist.
Bldg. App.

(ii) Materially alter the Historic Fabric unless pursuant to the requirements of an approved Regulatory Approval;

(iii) Perform Subsequent Construction that would, cause a decertification of all or a portion of the Premises for Historic Preservation Tax Credits, or that does not comply with the Secretary's Standards;

(iv) Perform Subsequent Construction to the Public Access Areas that would adversely affect (other than temporarily during the period of such Subsequent Construction) the public access to, or the use or appearance of such Public Access Areas;

(v) Construct additional buildings or other additional structures; and

(vi) Change the colors or materials of the exterior façades of the buildings and the Exterior Improvements approved by Port, unless materials originally installed are not reasonably available or do not meet current code requirements, and Tenant uses materials of equal quality, durability, design standards, and appearance to the materials originally installed, as determined by Port;

(c) Construction Requiring Port's Reasonable Approval. For any Subsequent Construction (other than a Minor Alteration) that is not described in *[Section 12.1(b)]*, Port's prior approval is required, which approval will not be unreasonably withheld.

(d) No Port Approval Required for Minor Alterations. Unless otherwise required under *Section 12.1 (b) or 12.1 (c)*, Port's approval will not be required for (a) the installation, repair or replacement of furnishings, fixtures, equipment or decorative improvements within the interior of any of the Buildings which do not materially affect the structural integrity or the Historic Fabric of the Improvements and otherwise complies with the Secretary's Standards, and (b) recarpeting, repainting, altering the wall coverings or window treatments, or similar alterations within the interior of the Improvements which do not materially affect the structural integrity or the Historic Fabric of the Improvements and otherwise complies with the Secretary's Standards; or (d) any other Subsequent Construction which does not affect the structural integrity or the Historic Fabric of the Improvements and otherwise complies with the Secretary's Standards not materially costing Two Hundred Fifty Thousand Dollars (\$250,000) or less, which amount will be increased by One Hundred Thousand Dollars (\$100,000.00) on the tenth (10th) Anniversary Date and every ten (10) years thereafter (collectively, "Minor Alterations").

12.2 *Permits/Design Review/Tenant Improvements.*

Tenant must obtain all Regulatory Approvals and all permits required by applicable Law to be obtained from governmental agencies having jurisdiction, including, where applicable, from the Port itself, and to obtain any signed asbestos notification acknowledgement form from Tenant's employees, contractors or Subtenants. Without limiting anything else in this *Article 12*, Port's approval, in its proprietary capacity, will not be required for the installation or alteration of tenant improvements and finishes to prepare portions of the Premises for occupancy or use by Subtenants, provided that the foregoing does not alter Tenant's obligation to obtain any required Regulatory Approvals and permits, including, as applicable, a building permit from Port, in its regulatory capacity.

PL Hist.
Bldg. App.

12.3 Notice by Tenant and Schematic Drawings.

Before commencing any Subsequent Construction that requires Port's approval under *Section 12.1(b) and 12.1(c)*, Tenant will notify Port of such planned Subsequent Construction. Schematic Drawings must accompany such notice. Port may waive the submittal requirement of Schematic Drawings if it determines in its sole discretion that the scope of the Subsequent Construction does not warrant such initial review. With respect to any Subsequent Construction not requiring a building permit or a Minor Alteration, Tenant has no obligation to prepare or provide Port with any Construction Documents related to such work. Within ten (10) business days after receipt of such notice from Tenant related to interior space and within thirty (30) days after receipt of such notice from Tenant related to all other work requiring Port's approval, Port will approve or disapprove any such Subsequent Construction. If Port fails to approve or disapprove the Schematic Drawings which have been revised or supplemented and resubmitted within the times specified in this *Section 12.3*, Tenant will provide Port with notice requesting Port's approval or disapproval of the submitted Schematic Drawings within the following five (5) business days (the "**Second Schematics Approval Notice**"). The Second Schematics Approval Notice shall display prominently on the envelope enclosing such request and the first page of such request, substantially the following: "**APPROVAL REQUEST FOR PIER 70 HISTORIC BUILDINGS REGULATORY MATTERS. IMMEDIATE ATTENTION REQUIRED; FAILURE TO RESPOND WITHIN FIVE (5) BUSINESS DAYS WILL RESULT IN THE REQUEST BEING DEEMED APPROVED.**" If Port fails to approve or disapprove within five (5) business days following receipt of the Second Schematics Approval Notice, Port's failure to respond shall be deemed approval.

12.4 Construction Documents in Connection with Subsequent Construction.

(a). Preparation of Construction Documents. Following Port's approval of the Schematic Drawings (unless such requirement has been waived by Port), Tenant will prepare and submit for Port's approval, Preliminary Construction Documents that are consistent with the approved Schematic Drawings and Final Construction Documents that are consistent with the approved Preliminary Construction Documents (collectively, Preliminary Construction Documents and Final Construction Documents are referred to as "**Construction Documents**"). Construction Documents will be prepared by a qualified architect duly licensed in the State or Qualified Engineer, as applicable.

(b). Progress Meetings; Coordination. From time to time at the request of either Party during the preparation of Construction Documents, Port and Tenant will hold regular progress meetings to coordinate the preparation, review and approval of the Construction Documents. Port and Tenant will communicate and consult informally as frequently as is necessary to ensure that the formal submittal of any Construction Documents to Port can receive prompt and speedy consideration.

12.5 Port Approval of Construction Documents. Port will approve or disapprove Construction Documents submitted to it for approval within thirty (30) days after submission. Any disapproval will state in writing the reasons for disapproval. If Port notifies Tenant that the Construction Documents are incomplete, such notification will constitute a disapproval of such Construction Documents. If Port disapproves the Construction Documents and Tenant revises or supplements, as the case may be, and resubmits such Construction Documents for Port's approval, Port will review the revised or supplemented Construction Documents to determine

PL Hist.
Bldg. App.

whether the revisions or supplements satisfy the objections or deficiencies cited in Port's previous notice of rejection, and Port will approve or disapprove the revisions or supplements to the Construction Documents within thirty (30) days after resubmission. If Port fails to approve or disapprove Construction Documents (including Construction Documents which have been revised or supplemented and resubmitted) within the times specified within this Section 13.4, Tenant will provide Port with a second notice requesting Port's approval or disapproval of the submitted Construction Documents within the following five (5) business days ("Second Construction Documents Approval Notice"). The Second Construction Documents Approval Notice shall display prominently on the envelope enclosing such request and the first page of such request, substantially the following: **"APPROVAL REQUEST FOR PIER 70 HISTORIC BUILDINGS REGULATORY MATTERS. IMMEDIATE ATTENTION REQUIRED; FAILURE TO RESPOND WITHIN FIVE (5) BUSINESS DAYS WILL RESULT IN THE REQUEST BEING DEEMED APPROVED."** If Port fails to approve or disapprove within three (3) business days following receipt of the Second Construction Documents Approval Notice, Port's failure to respond shall be deemed approval. If Tenant desires to make any change to the Final Construction Documents after Port's approval, then Tenant will submit the proposed change to Port for its reasonable approval. Port will notify Tenant of its approval or disapproval of the requested change within twenty-one (21) days after submission to Port. Any disapproval will state, in writing, the reasons therefor, and will be made within such twenty-one (21) day period. Notwithstanding any of the foregoing to the contrary, if Port determines that the proposed Subsequent Construction must be approved by the City's Environmental Review Officer, the California State Historic Preservation Officer ("SHPO"), or the National Park Service ("NPS"), any approval provided by Port will be subject to obtaining approval from the City's Environmental Review Officer, SHPO, or NPS, as applicable, and the time periods set forth above for Port to reject, approve or conditionally approve the submissions will be extended as reasonably necessary to obtain said approval or disapproval.

12.6 Construction.

(a) Commencement of Construction. Tenant will not commence any Subsequent Construction until the following conditions have been satisfied or waived by Port:

(i) Port has approved the Final Construction Documents (other than for Minor Alterations);

(ii) Tenant has obtained and paid for all Regulatory Approvals necessary to commence such construction in accordance with *[Article 7]*; and

(iii) Tenant will provide to Port, at Tenant's sole cost and expense, security ("Construction Security") for the estimated costs of any Subsequent Construction (as identified by Tenant in its building permit application, the "Subsequent Construction Costs") that in the aggregate, exceeds one million dollars (\$1,000,000.00) as subsequently adjusted in accordance with this subsection (iii) (the \$1,000,000.00 amount, as adjusted, the "Base Construction Cost"), unless the Port, through its Executive Director, has waived or partially waived such requirement. The Base Construction Cost will be adjusted on the fifth (5th) anniversary of the Commencement Date of this Lease and every five (5) years thereafter (each, a "Construction Cost Adjustment Date") by multiplying the Base Construction Cost in effect immediately prior to each Construction Cost Adjustment Date by a fraction, the numerator of which is the Index for the

calendar month immediately preceding the Construction Cost Adjustment Date and the denominator of which is the Index published closest (but prior) to the date that is the immediately prior Construction Cost Adjustment Date.

(iv) Tenant, at its election, may provide the Construction Security in the form of any of the following: (A) a completion guaranty in such form as is reasonably satisfactory to the Port from a Net Worth Guarantor meeting the Minimum Net Worth Amount guaranteeing completion of the Subsequent Construction, (B) a payment and performance bond in form reasonably acceptable to Port from Tenant's contractor naming Port as co-obligee, in a principal amount equal to no less than fifty percent (50%) and no more than one hundred percent (100%), such percentage to be reasonably determined by Port, or (C) a letter of credit in a principal amount equal to no less than fifty percent (50%) and no more than one hundred percent (100%), such percentage to be reasonably determined by Port.

(b) Construction Standards. All Subsequent Construction will be performed by duly licensed and bonded contractors or mechanics and will be accomplished expeditiously, diligently to completion and in accordance with good construction and engineering practices and applicable Laws and will be consistent with the Secretary's Standards and the National Register of Historic Places contributing resource status of the Premises.

(c) Compliance with Secretary's Standards. Tenant expressly acknowledges that the Buildings within the Premises are each individually a contributing resource to the Port of San Francisco Union Iron Works Historic District at Pier 70 which is listed on the National Register of Historic Places. Accordingly, all Construction affecting the interior or exterior of the Premises (including but not limited to, any repair, alteration, improvement, or construction to the interior or exterior of any of the Buildings) is subject to review by Port for consistency with the design policies and criteria set forth in the Waterfront Plan, Secretary's Standards, and the Mitigation Monitoring and Reporting Program. Tenant expressly agrees to comply with the Secretary's Standards to Port's satisfaction for all Construction affecting the interior and exterior of the Premises.

(d) Safety Matters. Tenant, while performing any Construction or maintenance or repair of the Improvements (for purposes of this Section only, "Work"), will undertake commercially reasonable measures in accordance with good construction practices to minimize the risk of injury or disruption or damage to adjoining portions of the Premises and Improvements and the surrounding property, or the risk of injury to members of the public, caused by or resulting from the performance of its Work. Tenant will erect appropriate construction barricades to enclose the areas of such construction and maintain them until the Construction has been substantially completed, to the extent reasonably necessary to minimize the risk of hazardous construction conditions.

(e) Reports and Information. During periods of construction, Tenant will submit to Port written progress reports or other reports for the benefit of or requested by the County Assessor when and as reasonably requested by Port or the County Assessor.

(f) Costs of Construction. Port will have no responsibility for costs of any Subsequent Construction and Tenant shall pay (or cause to be paid) all such costs.

(g) Construction Rights of Access. During any period of Subsequent Construction, Port and its Agents will have the right to enter areas in which Subsequent Construction is being performed, upon reasonable prior written notice during customary construction hours, subject to the rights of Subtenants, to inspect the progress of Subsequent Construction; provided, however, that Port and its Agents will conduct their activities in such a way as to minimize interference with Tenant and its operations to the extent feasible. Nothing in this Lease, however, will be interpreted to impose an obligation upon Port to conduct such inspections or impose any liability in connection therewith.

(h) Prevailing Wages. Any construction, alteration, demolition, installation, maintenance, repair, or laying of carpet at, or hauling of refuse from, the Premises comprise a public work if paid for in whole or part out of public funds. The terms "public work" and "paid for in whole or part out of public funds" as used in this Section are defined in California Labor Code Section 1720 et seq., as amended. Tenant agrees that any person performing labor for Tenant on any public work at the Premises shall be paid not less than the highest prevailing rate of wages consistent with the requirements of Section 6.22(E) of the San Francisco Administrative Code, and shall be subject to the same hours and working conditions, and shall receive the same benefits as in each case are provided for similar work performed in San Francisco County. Tenant shall include in any contract for such labor a requirement that all persons performing labor under such contract shall be paid not less than the highest prevailing rate of wages for the labor so performed. Tenant shall require any contractor to provide, and shall deliver to City upon request, certified payroll reports with respect to all persons performing such labor at the Premises.

(i) Compliance with Workforce Development Plan. Tenant agrees that it will comply with the applicable provisions of the Workforce Development Plan regarding prevailing wages, which provisions are attached hereto as Exhibit XX.

12.7 *Record Drawings.*

(a) Record Drawings. With respect to any Subsequent Construction requiring a building permit, Tenant shall furnish to Port one set of design/permit drawings in their finalized form and Record Drawings with respect to such Subsequent Construction within ninety (90) days following completion of the applicable Subsequent Construction. Such cost shall be deemed an Operating Expense. Record Drawings must in the form of full-size, hard paper copies and converted into electronic format (1) as full-size scanned TIF files, and (2) AutoCad files of the completed and updated Construction Documents, as further described below and in such format as is reasonably required by Port's building department at the time of submittal. As used in this Section "Record Drawings" means drawings, plans and surveys showing the Subsequent Construction as built on the Premises and prepared during the course of construction (including all requests for information, responses, field orders, change orders and other corrections to the documents made during the course of construction). If Tenant fails to provide such Record Drawings to Port within the time period specified herein, and such failure continues for an additional ninety (90) days following written request from Port, Port will thereafter have the right to cause an architect or surveyor selected by Port to prepare Record Drawings showing such Subsequent Construction, and the cost of preparing such Record Drawings must be reimbursed by Tenant to Port as Additional Rent. Nothing in this Section shall limit Tenant's obligations, if any, to provide plans and specifications in connection with

Subsequent Construction under applicable regulations adopted by Port in its regulatory capacity. Tenant will be permitted to disclaim any representations or warranties with respect to the design/permit drawings, Record Drawings or other plans and specifications provided hereunder, and, at Tenant's request, Port will provide Tenant with a release from liability for future use of the applicable materials, in a form acceptable to Tenant and Port.

(b) Record Drawing Requirements. Record Drawings must be no less than (24" x 36"), with mark-ups neatly drafted to indicate modifications from the original design drawings, scanned at 400 dpi. Each drawing will have a Port-assigned number placed onto the title block prior to scanning. An index of drawings must be prepared correlating drawing titles to the numbers. A minimum of ten (10) drawings will be scanned as a test, prior to execution of this requirement in full.

(c) AutoCad Requirements. The AutoCad files must be contained in Release 2006 or a later version, and drawings must be transcribed onto a compact disc(s) or DVD(s), as requested by Port. All X-REF, block and other referenced files must be coherently addressed within the environment of the compact disc or DVD, at Port's election. Discs containing files that do not open automatically without searching or reassigning X-REF addresses will be returned for reformatting. A minimum of ten (10) complete drawing files, including all referenced files, is required to be transmitted to Port as a test, prior to execution of this requirement in full.

(d) Changes in Technology. Port reserves the right to revise the format of the required submittals set forth in this *Section 13.6* as technology changes and new engineering/architectural software is developed.

I. For Buildings 12 and 21 Only, the *Conditions to Transfer Before Certificate of Completion (Section 18.1(b))* and *Transfer After Certificate of Completion (Section 18.1(c))* will be revised to read as follows:

(a) **Conditions to Transfer Before Certificate of Completion.** Subject to *Section 18.1(e)* (Mortgaging of Leasehold), *18.1(h)* (Assignment to Accommodate Sale of Historic Tax Credits of Low-Income Housing Tax Credits) and *18.1(i)* (Transfers Not Requiring Port Consent Before Certificate of Completion), before Port's issuance of a Certificate of Completion, Tenant will not (A) suffer or permit any Significant Change to occur, or (B) consummate an Assignment, in each case without the prior written consent of Port in its sole discretion.

(b) **Transfer After Certificate of Completion.** From and after Port's issuance of a Certificate of Completion, Tenant may Transfer with the prior consent of Port, which consent may not be unreasonably withheld, if each of the following conditions is satisfied:

(i) In the case of an Assignment only, the proposed transferee executes and delivers an Assignment and Assumption Agreement in substantially the form attached hereto as *Exhibit N*) an "Assignment and Assumption Agreement"), which Assignment and Assumption Agreement must contain:

(1) an express assumption by the proposed transferee, for itself and its successors and assigns, and expressly for the benefit of Port, of all of the obligations of Tenant arising from or after the effective date of the Transfer under this Lease, the Vertical DDA if in

effect, and any other agreements or documents entered into by and between Port and Tenant pursuant to this Lease directly relating to the Project, and an express agreement by the proposed transferee to be subject to all of the conditions and restrictions to which Tenant is subject;

(2) a representation by the proposed transferee that it has conducted a thorough investigation and due diligence of the Improvements, including the condition of the real property, of all Material Systems, the roof and structural integrity of the Improvements, and if the Transfer occurs after the twentieth (20th) anniversary of the Commencement Date, has reviewed the most recent Facilities Condition Report prepared by Tenant; and

(3) a release by the proposed transferee of the Indemnified Parties and the State Lands Indemnified Parties and waiver of any and all Losses against the Indemnified Parties and the State Lands Indemnified Parties for the condition of the Improvements or the real property or any claims assignor may have against the Indemnified Parties arising prior to the effective date of the Transfer.

(ii) In the case of a Significant Change only, Tenant is a Qualified Transferee and delivers to Port, a certificate setting forth the purchaser or purchasers of the ownership interest resulting in the Significant Change, purchase price of such interest, any Sale Proceeds owed to Port, Tenant is a Qualified Transferee and a reaffirmation from Tenant that it will continue to be obligated under all the terms and conditions of this Lease, all certified by Tenant's chief financial officer as true, accurate, and complete, the form of which is attached hereto as ***Exhibit O*** ("Significant Change Certificate").

(iii) All instruments and other legal documents involved in effectuating the Transfer reasonably requested by Port, including all documentation necessary for Port to confirm the amount of Port's share of Sale Proceeds, has been submitted to Port for its review and reasonable approval, or at the request of Tenant, such documents are made available for Port's review at Tenant's office in San Francisco.

(iv) There is no Event of Default or Unmatured Event of Default on the part of Tenant under this Lease or any of the other documents or obligations to be assigned to the proposed transferee where Tenant or proposed transferee have not made provisions to cure the applicable default, which provisions are satisfactory to Port in its sole discretion.

(v) If the effective date of the Transfer is prior to Port's issuance of a Certificate of Completion, there is no Developer Event of Default or an Unmatured Developer Event of Default (as such terms are defined in the Vertical DDA) on the part of Developer under the Vertical DDA, where Tenant or the proposed transferee has not made provisions to cure the default, which provisions are satisfactory to Port.

(vi) Subject to ***Section 18.1(b)(vii)***, (1) in the case of a Significant Change, Tenant is a Qualified Transferee immediately following the consummation of such Significant Change and (2) in the case of an Assignment, the proposed transferee is a Qualified Transferee.

(vii) If Tenant (in the case of a Significant Change) or proposed transferee (in the case of an Assignment) does not satisfy the Net Worth Requirement, Tenant or the proposed transferee, as applicable, will have the right to deliver a Net Worth Guaranty in lieu of satisfying the Net Worth Requirement. Under the Net Worth Guaranty, the Net Worth Guarantor, among other things, will:

(1) guaranty performance of all of Tenant's obligations under this Lease in an amount not to exceed the Net Worth Requirement;

(2) covenant that it will throughout the term of the Net Worth Guaranty, maintain the Net Worth Requirement; and

(3) provide Port as of the first day of each calendar year, a statement certified by its chief financial officer, or if the Net Worth Guarantor is an individual, a certified public accountant, that the Net Worth Guarantor continues to meet the Net Worth Requirement and that to his/her actual knowledge, he/she is not aware of any facts that would cause the Net Worth Guarantor to not meet the Net Worth Requirement.

The Net Worth Guaranty will otherwise be in form and substance reasonably satisfactory to Port. The Net Worth Guaranty will terminate when the Tenant benefiting from the Net Worth Guaranty meets the Net Worth Requirement. Tenant and the Net Worth Guarantor will provide Port with its financial statements and other information necessary to substantiate its position that it meets the Net Worth Requirement and that the Net Worth Guaranty should terminate.

(viii) Tenant provides to Port an estoppel certificate substantially in the form attached hereto as *Exhibit P* (Form of Tenant-Estoppel Certificate), which estoppel certificate will be effective as of the effective date of Transfer.

(ix) Port receives on or prior to the effective date of Transfer (A) Port's share of Sale Proceeds, as described in *Section 3.6* of *Exhibit D* (Port Participation in Sale Proceeds) and (B) a settlement statement relating to the Transfer or other evidence, reasonably satisfactory to Port, of Port's share of Sale Proceeds.

(x) Port receives on or prior to the effective date of Transfer sufficient funds to reimburse Port for its Attorneys' Fees and Costs to review the proposed Transfer provided, however, if Port has not delivered to Tenant an invoice for Attorney's Fees and Costs prior to the effective date of Transfer, Tenant will reimburse Port for same within ten (10) business days of receipt of such invoice.

J. Condition of Premises (Section 36.1). Romanette (i) will be revised to read as follows by removing "[Add if applicable]":

Except as set forth in Section 36.2, upon the expiration or earlier termination of this Lease, Tenant will quit and surrender to Port the Premises (i) in good order and condition consistent with the requirements of *Section 10.1*, reasonable wear and tear excepted to the extent the same is consistent with maintenance of the Premises in the condition required hereunder, including the obligation to comply with the Secretary's Standards;

K. Article 47 (Definitions of Certain Terms) will be revised to include the following new definitions or revised definition, as applicable.]

"FCR Date" means the fifth (5th) anniversary of the Commencement Date and every five (5) years thereafter until the expiration of the Term.

"Historic Fabric" means the architectural design of any materials, features, or finishes considered important in defining a building's historical character.

"Initial Improvements" means all Improvements to be built on the Premises or portion(s) thereof in accordance with the Vertical DDA, Scope of Development, and

PL Hist.
Bldg. App.

SUD, including, without limitation, all renovation and Rehabilitation work on the existing building(s).

"Law" or "Laws" means any one or more present and future laws, (including Environmental Laws) ordinances, rules, regulations, permits, authorizations, orders and requirements, to the extent applicable to the Parties or to the Premises or any portion thereof, whether or not in the present contemplation of the Parties, including, without limitation, all consents or approvals (including Regulatory Approvals) required to be obtained from, and all rules and regulations of, and all building and zoning laws of, all federal, state, county and municipal governments, the departments, bureaus, agencies or commissions thereof, authorities, boards of officers, any national or local board of fire underwriters, or any other body or bodies exercising similar functions, having or acquiring jurisdiction of, or which may affect or be applicable to, the Premises or any part thereof, including, without limitation, any subsurface area, the use thereof and of the buildings and Improvements thereon. **"Law"** includes the Secretary's Standards.

"Réhabilitation" means the repair or alteration of an historic building that does not damage or destroy materials, features, or finishes considered important in defining the building's historic character.

I. Exhibit D (Rent) will be revised as follows for Historic Buildings 12 and 21 Only:

3.1 Prepaid Rent.

The Parties acknowledge that this Lease is a Fully Pre-paid Lease, as that term is defined in the Financing Plan attached as Exhibit C1 to the DDA. On or before the Commencement Date, Tenant will pay to Port the Pre-Paid Rent, as set forth in the Basic Lease Information.

3.2 Tenant's Covenant to Pay Rent.

During the Term, Tenant will pay Rent for the Premises to Port at the times and in the manner provided in this Article 3.

3.3 Participation of Gross Rent from and after the 31st Anniversary of the issuance of TCO.

(a) Definitions

(i) "Adjustments" means the following items (without duplication):

(1) all Impositions paid by Tenant and allocated on a straight line basis during the Lease Year in which the applicable Imposition was paid;

(2) all taxes, assessments, charges, and bills for utilities, including, without limitation, charges for water, gas, oil, sanitary and storm sewer, and electricity paid by Tenant;

(3) insurance premiums for insuring the Improvements in compliance with *Article 20* and allocated on a straight line basis during the Lease Year in which the applicable insurance premium was paid;

(4) Capital Reserves; and

(5) all costs (not including cost of capital, debt service or other financing costs) paid by Tenant for Capital Items and allocated on a straight line basis during the Lease Years over which the applicable Capital Item is amortized in accordance with this *clause (4)* except to the extent paid from Capital Reserves previously deducted in item (4) above. In any Lease Year, the amount of cost for Capital Items will be limited to the portion of the amortized costs of the Capital Items attributable to such Lease Year. For purposes hereof, the amortized costs of the Capital Items will be determined by dividing the original direct costs of such Capital Items by the number of years of useful life of the applicable Capital Items, based on generally accepted accounting principles consistently applied, irrespective of Tenant's actual method of accounting. The minimum amortization period will be five (5) years. Capital Items must have been unanticipated on the Commencement Date of this Lease (i.e., specifically excluding any costs related to the development and construction of the Initial Improvements.

(ii) "Capital Items" means replacements, repairs, and/or improvements to the Premises, the foundation and structural integrity of the Buildings, and all

Material Systems serving the Improvements within the Premises that would be deemed capital assets under generally accepted accounting principles consistently applied.

(iii) **"Capital Reserves"** means funds reserved by Tenant in a reserve account to be used solely to replace, repair, and improve Capital Items within the Premises. Amounts in the Capital Reserve must be commercially reasonable, consistent with the requirements of *Section 10.3*, or consistent with the prudent business practice of landlords of comparable historic buildings in San Francisco and may not be used to subvert or reduce the Percentage Rent owed to Port.

(iv) **"Gross Income"** means for any reporting period or portion thereof during the Term, the following: all payments, revenues, fees or amounts received by Tenant or by any other party for the account of Tenant from any Person for any Person's use or occupancy of any portion of the Premises (excluding security or other deposits to be returned to such Person upon the termination of such use or occupancy), or from any other sales, advertising, concessions, licensing or programming generated from the Premises, including, without limitation, all base rent, percentage rent, payments made to Tenant from any Subtenant to reimburse Tenant for operating expenses, common area maintenance expenses, insurance expenses, Impositions, or, in the case of tenant improvements and finishes to prepare portions of the Premises for occupancy or use by such Subtenant, license fees, parking charges, advertising revenues, event or promotional fees, charges and permit fees. Without limiting the foregoing, "Gross Income" does not include payments of insurance proceeds to or for the benefit of Tenant, that are used to Restore the Premises, except any and all payments made to Tenant from the Business Interruption or delayed opening insurance proceeds which shall be included as "Gross Income".

(v) **"Modified Gross Income"** means Gross Income less
Adjustments.

(b) General. Tenant will pay to Port percentage rent (**"Percentage Rent"**) in accordance with *Sections 3.3 and 3.4*. From and after the thirty-first (31st) Anniversary Date of the issuance of a TCO (**"Percentage Rent Commencement Date"**) and continuing thereafter throughout the Term, Tenant will pay to Port Percentage Rent on a monthly basis equal to three and one-half percent (3.5%) of Modified Gross Income generated at or from the Premises for the applicable month.

3.4 Manner of Payment and Reporting of Percentage Rent

(a) Generally. From and after the Percentage Rent Commencement Date, Tenant will determine the Percentage Rent payable for each calendar quarter during the Term by the twentieth (20th) day of the immediately following calendar quarter. In the event this Lease expires or terminates on a day other than the last day of a calendar quarter, Percentage Rent for such fractional part of the calendar quarter preceding such expiration or termination date will be prorated to account for the partial calendar quarter and paid within twenty (20) days after such expiration or termination date, but if this Lease terminates as a result of a Tenant Event of Default, any amounts due hereunder will be payable immediately upon termination.

(b) **Reporting and Reconciliation of Percentage Rent.** Tenant will deliver to Port a complete statement setting forth in reasonable detail its Modified Gross Income for each calendar month in each calendar quarter, including an itemized list of all Adjustments from Gross Income that Tenant claims and which are expressly permitted under this Lease, and a computation of the Percentage Rent for each calendar month in a calendar quarter (the "**Quarterly Percentage Rent Statement**") by the twentieth (20th) day of the immediately following calendar quarter. A financial officer or other accountant employed by Tenant who is authorized and competent to prepare such Quarterly Percentage Rent Statement must certify each Quarterly Percentage Rent Statement as accurate, complete and current. Tenant will provide Port within ninety (90) days after the end of each calendar year, a complete statement, showing the actual Percentage Rent for the immediately preceding calendar year ("**Annual Percentage Rent Statement**," together with the Quarterly Percentage Rent Statement, "**Percentage Rent Statement**") substantially in the form of *Exhibit XX*. Each Annual Percentage Rent Statement will be certified as accurate, complete and current by Deloitte & Touche, Ernst & Young, KPMG, PwC, or an independent certified public accounting firm reasonably acceptable to Port. Tenant must submit payment of the balance owing together with any Annual Percentage Rent Statement showing that Tenant has underpaid Percentage Rent. At Port's option, overpayments may be refunded to Tenant, applied to any other amount then due under the Lease and unpaid, or applied to Rent due at the first opportunity following Tenant's delivery of any Annual Percentage Rent Statement showing an overpayment. The Annual Percentage Rent Statement is for verification and certification of Quarterly Percentage Rent Statements only and will not result in any averaging of monthly Percentage Rent. Each Quarterly Statement and Annual Percentage Rent Statement will set forth in reasonable detail Gross Income for such immediately preceding calendar quarter or year, as applicable, including an itemized list of any and all Adjustments that Tenant may claim at that time and which are expressly permitted under this Lease.

If Port receives the Percentage Rent payment but does not receive the applicable Quarterly Percentage Rent Statement by the twentieth (20th) day of the immediately following calendar quarter or expiration or earlier termination of this Lease, or the Annual Percentage Rent Statement by the ninetieth (90th) day following the end of each calendar year or the expiration or earlier termination date, such failure, until cured, will be treated as a late payment of Percentage Rent, subject to a Late Charge.

If Tenant fails to deliver any Percentage Rent Statement within the time period set forth in this Section 3.4(b) (irrespective of whether any Percentage Rent is actually paid or payable by Tenant to Port) and such failure continues for thirty (30) days after the date Port delivers to Tenant written notice of such failure, Port will have the right, among its other remedies under this Lease, to have a Port Representative examine Tenant's Books and Records (and, to the extent permitted by the applicable Sublease, the Books and Records of any other occupant of the Premises) as may be necessary to determine the amount of Percentage Rent due to Port for the period in question. The determination made by Port Representative will be binding upon Tenant, absent manifest error, and Tenant will promptly pay to Port the total cost of the examination, together with the full amount of Percentage Rent due and payable for the period in question, including any Late Charge and interest at the Default Rate.

If the Percentage Rent Statement reflects that the estimated monthly Percentage Rent paid by Tenant during the applicable calendar quarter is greater or less than the Percentage Rent actually due for such period, the same shall be reconciled through an adjustment to the Percentage Rent amount that is due for the month following delivery of the Percentage Rent Statement.

3.5 Distribution of Sale Proceeds.

(a) Distribution of Sale Proceeds from the first Sale after Completion of the Initial Improvements. Sale Proceeds from the first Sale after Completion of the Initial Improvements will be distributed in the following order:

- (i) First to pay the Costs of Sale;
- (ii) Second to Tenant, in an amount equal to the greater of: (1) Tenant Development Cost; or (2) the indebtedness secured by a Mortgage on the Premises in accordance with Article 40 (Mortgages);
- (iii) Third to Tenant for the cost of Capital Items incurred, except to the extent previously deducted from Modified Gross Income pursuant to **Section 3.5** (Participation of Gross Rent from and after Year 30);
- (iv) Fourth to Port, an amount up to the Port Contribution; but in no event will the amount paid to Port exceed the result of the following calculation: Sale Proceeds less distribution made pursuant to Sections 3.5(a)(i)-(iii) multiplied by thirty percent (30%), if any;
- (v) Fifth to Port, an amount equal to Sale Proceeds less distributions made pursuant to Sections 3.5(a)(i)-(iv) multiplied by one and one-half percent (1.5%), if any;
- (vi) Sixth, any remaining amount to Tenant.

(b) Distribution of Sale Proceeds from the second Sale after Completion of the Rehabilitation and each Sale thereafter. Sale Proceeds from the second Sale after Completion of the Rehabilitation and each Sale thereafter, will be distributed in the following order:

- (i) First to pay the Costs of Sale;
- (ii) Second to Tenant, in an amount equal to the greater of:
 - (a) Tenant's Purchase Price; or
 - (b) the indebtedness secured by a Mortgage on the Premises in accordance with Article 40 (Mortgages);
- (iii) Third to Tenant for the cost of Capital Items incurred, except to the extent previously deducted from Modified Gross Income pursuant to **Section 3.5** (Participation of Gross Rent from and after Year 30);
- (iv) Fourth, if the aggregate of the Reimbursed Port Contribution from each of the prior Transfers was insufficient to pay off in full the Port Contribution, then Sale Proceeds less distributions made pursuant to Sections 3.5(b)(i)-(iii) multiplied by thirty percent (30%), if any, will be distributed to Port up to the amount of any Outstanding Port Contribution;
- (v) Fifth to Port, an amount equal to Sale Proceeds less distributions made pursuant to Sections 3.5(b)(i)-(iv) multiplied by one and one-half percent (1.5%), if any; and
- (vi) Sixth to Tenant, any remaining proceeds, if any.

(c) Special Rules for Calculating Sale Proceeds for a Reappraisal Event. For purposes of calculating Sale Proceeds on a Reappraisal Event, Tenant's Sale Proceeds from such

Reappraisal Event will be deemed to be an amount equal to (1) the total ownership interests in Tenant after the Reappraisal Event held by the Person causing the Reappraisal Event (expressed as a percentage of total ownership interests in Tenant), multiplied by (2) the value assigned to the Leasehold Estate, as evidenced by (A) the estimated fair market value of the Leasehold Estate provided to the Assessor's Office in connection with the Reappraisal Event, or (B) if no such estimate is provided to the Assessor's Office, the appraised value of the Leasehold Estate established in an Appraisal Report reasonably approved by Port and Tenant.

(d) Manner of Payment. The estimated closing statement will be updated as of the date of closing of the Sale (a "**Triggering Event**") to show the actual (i) proceeds from such event, and (ii) line item description of the deductions and exclusions from such proceeds to arrive at Port's share of such proceeds. If escrow is opened for a Triggering Event, then Port's share of the proceeds from such Triggering Event must be distributed through escrow. If no escrow is opened for a Triggering Event, Port's share of proceeds from such Triggering Event must be paid upon the closing of any such Triggering Event.

This provision constitutes notice to Tenant that Port is to be paid in full its share of proceeds through the close of escrow or the closing of the applicable Triggering Event. If Port is not paid full by such closing date, the amount due Port will be subject to a Late Charge and will accrue interest at the Default Rate from and after the closing until paid in full to Port. Port may reference in any estoppel certificate or other representation requested from Port that payment to Port of Port's share of proceeds from a Triggering Event is a material obligation under the Lease, due and owing upon the closing of any Triggering Event, provided, however, failure to reference such obligation will in no way negate Tenant's obligation to pay, and Port's right to receive, Port's share of such proceeds.

Within forty-five (45) days after any Triggering Event, transferor Tenant will submit to Port a statement prepared in accordance with sound accounting principles consistently applied, and certified by transferor Tenant's chief executive officer or chief financial officer (or equivalent position), as current, complete and correct, confirming the actual amount of proceeds received and line item description of the deductions and exclusions from proceeds to arrive at Port's share of such proceeds. At Port's option, any overpayments may be either refunded to transferor Tenant or applied to any other amount due and unpaid under the Lease as of the closing date. Tenant will accompany the statement of Triggering Event proceeds with the amount of any underpayments. The statements delivered to Port under this *Section 3.7(c)* are subject to the audit provisions of *Section 3.9* (Audit) for determination of the accuracy of Tenant's reporting of Port's share of proceeds from a Triggering Event.

(e) Survival. The provisions of this *Section 3.6* will survive the earlier termination or expiration of this Lease. Additionally, any release by Port of Tenant's obligations under this Lease in connection with any Sale is conditioned on Port's receipt of Port's share of Sale Proceeds.

(f) Additional Definitions. The following definitions apply for purposes of this *Section 3.6*:

"**Appraisal Report**" means a third-party appraisal report prepared by a Qualified Appraiser in compliance with the then current version of the Uniform Standards of Professional Appraisal Practice and based on joint appraisal instructions provided by Port and Tenant, and Port and Tenant will have reasonable review and approval rights over the final appraisal report.

"**Cash Consideration**" means (i) cash, or (ii) cash equivalents.

"Certified Historic Building Cost" means the Historic Building Cost, as certified in accordance with Attachment 1 to this *Exhibit D*.

"Costs of Sale" means only the following costs incurred by Tenant in connection with a Transfer: (i) brokerage commissions paid to licensed real estate brokers (provided, however, that in the case of brokerage commissions paid to Affiliate brokers, such commissions must be commercially reasonable), (ii) finder's fees (provided that in the case of finder's fees to Affiliates, such finder's fees must be commercially reasonable), (iii) reasonable and customary closing fees and costs including recording fees and transfer taxes, title insurance premiums and survey fees, (iv) reasonable advertising and marketing costs, (v) reasonable Attorneys' Fees and Costs, and (vi) amounts needed to pay Port's Attorneys' Fees and Costs associated with Port's review of the Transfer. "Costs of Sale" excludes adjustments to reflect prorations of rents, taxes or other items of income or expense customarily prorated in connection with sales of real property.

"Hard Costs" means reasonable out-of-pocket costs of Rehabilitation (including costs of signage and tenant improvements constructed by Tenant and not otherwise included in Soft Costs or reimbursed by any Subtenant or user of the Premises) actually incurred by Tenant through the Historic Building Cost Trigger Date attributable solely to the cost of labor, materials and construction. "Hard Costs" do not include any cost reimbursed by any Subtenant or user of the Premises, (ii) any Hard Costs that are included as Soft Costs or are included in other costs reimbursable to Tenant or Master Developer under the DDA or Financing Plan, as applicable, or (iii) any costs incurred from and after the Historic Building Cost Trigger Date..

"Historic Building Cost" means the (a) sum of the following amounts, calculated separately for Historic Building 12 and Historic Building 21, determined at the earlier of the Historic Building Cost Trigger Date, or if a Sale or Qualifying Refinancing will occur prior to such date, forty-five (45) days prior to the applicable Sale or Qualifying Refinancing: (i) all reasonable and customary Hard Costs and Soft Costs of Rehabilitation, plus (ii) Tenant Return, less (b)(i) Gross Income from the Premises until and including the Historic Building Cost Trigger Date, minus (ii) operating expenses for the applicable Historic Building to the extent not otherwise included in Hard Costs or Soft Costs.

"Historic Building Cost Trigger Date" means the earlier to occur of the date that is one year after receipt of a TCO or 90% occupancy of space in the applicable Historic Building.

"Historic Building Feasibility Gap" means, calculated separately for Historic Building 12 and Historic Building 21, the dollar amount calculated pursuant to FP § 11.1 (Subsidy for Historic Buildings 12 and 21).

"Non-Cash Consideration" means consideration received by Tenant in connection with a Sale that is not Cash Consideration.

"Outstanding Port Contribution" means an amount equal to the Port Contribution less the Reimbursed Port Contribution.

"Permissible Financing Costs" means debt service and other customary financing costs incurred in connection with obtaining, negotiating and closing any financing for the development and construction of the Initial Improvements, including financing from an Affiliate of Tenant or another lender that is not a Bona Fide Institutional Lender (provided the terms of any such financing are market when compared with other debt financing provided by Bona Fide Institutional Lenders), a Bona Fide Institutional Lender (including, but not limited to any mezzanine financing), or from the sale of Historic Preservation Tax Credits, and all interest costs and other customary payments made by Tenant pursuant to the terms thereof, including all application fees, transaction costs, due diligence expenses, professional fees if the services of such professionals are customary in the type of financing obtained by Tenant, reasonable legal

fees, and title, appraisal and survey costs actually incurred in connection with such financing and paid or reimbursed by Tenant.

"Port Costs" means costs that the Port incurs to perform its obligations under this Lease, including staff costs on a time and materials basis, and third-party costs. **"Port Costs"** excludes Other City Costs, Advances of Land Proceeds, and Port Capital Advances.

"Port Contribution" means the amount of the Historic Building Feasibility Gap paid to Developer from all available sources in accordance with Financing Plan §11.1.

"Qualified Appraiser" means an appraiser that meets the following qualifications:

- (i) is licensed in the State of California as a Certified General Appraiser;
- (ii) is a member of the Appraisal Institute;
- (iii) has at least 10 years' experience in the San Francisco Bay Area valuing commercial-office or multiple occupancy residential properties or both, depending on the Permitted Uses of the Leasehold Estate being appraised; and
- (iv) is a principal in either a national or regional firm based in California that:
 - (1) is not a Tenant Affiliate; (2) does not have an equity investment in Tenant, any Tenant Affiliate, or any Person Controlling Tenant; and (3) does not have a conflict of interest by virtue of a contractual relationship with Tenant either then existing or in the 24 months immediately preceding the engagement, unless the Port in its sole discretion waives the conflict.

"Reappraisal Event" means a change in ownership of real property as described in [Cal. Revenue and Taxation Code, [Chapter 2 (Change in Ownership and Purchase), *Section 64*], as that law is in effect as of October 31, 2017 and attached hereto as *Schedule 2 to Exhibit D*. For the avoidance of doubt, neither an Assignment nor a Recapitalization will be deemed to be a Reappraisal Event.

"Recapitalization" means a transfer, in a single transaction or a related series of transactions that results in a change in the Person that had more than fifty percent (50%) of the ownership interest in Tenant (whether shares, partnership interests, membership interest or other equity, and whether one or more classes thereof, and whether direct or indirect).

"Reimbursed Port Contribution" means the amount of Port Contribution reimbursed to Port from any Transfer or Refinancing.

"Sale" means either (i) an Assignment of the entirety of the Leasehold Estate, other than an Assignment of the Leasehold Estate to a Tenant Affiliate, or (ii) a Reappraisal Event, or (iii) a Recapitalization.

"Sale Proceeds" means all consideration received by or for the account of Tenant in connection with a Sale, including Cash Consideration, the principal amount of any loan made by Tenant to a purchaser as part of the purchase price, or any other Non-Cash Consideration representing a portion of the purchase price. **"Sale Proceeds"** do not include a commitment by an owner (whether direct or indirect) of Tenant to fund its share of future capital calls to construct the Initial Improvements or Capital Items, which, in and of itself, will not be considered or deemed to be Sale Proceeds.

"Soft Costs" means reasonable out-of-pocket costs actually incurred by the Tenant that actually constructs the Initial Improvements except to the extent excluded under this Lease or the Vertical DDA, that are directly attributable to the following only: designing the Initial Improvements (including mock-ups and signage design); negotiation of the Transaction Documents; pursuing Historic Tax Credits; architectural, engineering, consultant, attorney, and other professional fees and printing costs; regulatory fees; CEQA mitigation measures; community benefits; Impact Fees (as defined in the DDA); Permissible Financing Costs; Port

Costs and Other City Costs (as defined in the Vertical DDA); builder's risk insurance and other insurance expenses directly related to construction of the Initial Improvements, including environmental insurance; performance and payment bonds; a development fee, not to exceed 4% of Historic Building Costs (excluding the Tenant Return); costs for a construction office and construction-related signage, to the extent a construction office and construction related signage separate from Master Developer is required; Impositions to the extent attributable to the Leasehold Estate; premiums for the title insurance; safety and security measures; costs of purchasing and installing telecommunications and data infrastructure for the Premises; utilities during construction; leasing and marketing expenses (including standard brokerage commissions; provided, however, that in the case of brokerage commissions paid to Affiliate brokers, such commissions must be commercially reasonable); third party costs to prepare the Certified Historic Building Costs; tenant improvement allowances; and any other reasonable and customary costs necessary to the Rehabilitation and tenancing of the Initial Improvements through the Historic Building Cost Trigger Date, as reasonably approved by Port. "Soft Costs" do not include (i) distributions, dividends, preferred return or other capital return to the members or shareholders of Tenant, Tenant, or any of their respective Affiliates, (ii) any cost reimbursed by any Subtenant or user of the Premises, (iii) any Soft Costs that are included as Hard Costs or are included in other costs reimbursable to Tenant or Master Developer under the DDA or Financing Plan, as applicable, or (iv) any Soft Costs incurred from and after the Historic Building Cost Trigger Date.

"TCO" is an acronym for a Temporary Certificate of Occupancy.

"Tenant Development Cost" means Certified Historic Building Cost less Port Contribution.

"Tenant's Purchase Price" means for each tenant following the first Transfer, the Sale Proceeds paid by such Tenant to the immediately prior tenant for the Leasehold Estate.

"Tenant Return" means an amount equal to 10% of the Hard Costs and Soft Costs actually incurred by Tenant for the Rehabilitation.

3.6 Distribution of Refinancing Proceeds.

(a) Distribution of Refinancing Proceeds. In connection with any Qualifying Refinancing, Refinancing Proceeds will first be distributed as follows in the following order:

(i) (1) In the case of the first (1st) Refinancing following the First Permanent Loan,, the greater of (A) the outstanding indebtedness secured by a Mortgage to be paid off by the Refinancing and (B) 65% of the appraised, as-built value as of the date of the First Permanent Loan and (2) in the case of any subsequent Refinancing, the outstanding indebtedness secured by a Mortgage to be paid off by the Refinancing;

(ii) Second, any amounts needed to pay the Lenders' actual costs of such Refinancing paid by Tenant including application fees, closing costs, points and other customary lenders' fees such as lenders' Attorneys' Fees and Costs and title insurance costs paid at close of escrow for such Refinancing;

(iii) Third, amounts needed to pay Port's Attorneys' Fees and Costs associated with Port's review of the Refinancing;

(iv) Fourth, amounts needed to pay Tenant's Attorneys' Fees and Costs associated with the Refinancing; and

(v) Fifth, brokerage commissions paid to debt or mortgage brokers and/or finder's fees (provided, however, that in the case of brokerage commissions or finder's fees paid to Affiliate brokers, such commissions and fees must be commercially reasonable); and

(vi) Sixth, any portion, if any, of the Refinancing Proceeds that will be used for Capital Items in accordance with Section 10.2(d) (Maintenance and Repair of Identified Items) and Article 12 (Construction).

"Net Refinancing Proceeds" means Refinancing Proceeds less the amounts set forth in Sections 3.6(a)(i)—(vi).

(b) Port Participation in Net Refinancing Proceeds. In connection with any Qualifying Refinancing, Tenant will pay to Port the following amounts from Net Refinancing Proceeds in the following order:

(i) First, from the first Qualifying Refinancing, an amount up to the Port Contribution, not to exceed thirty percent (30%) of Net Refinancing Proceeds, and from any subsequent Qualifying Refinancing, an amount up to the Outstanding Port Contribution, if any, and not to exceed thirty percent (30%) of Net Refinancing Proceeds;

(ii) Second, Net Refinancing Proceeds after subtracting the amount set forth Section 3.6(b)(i), multiplied by one and one-half percent (1.5%), if any;

(iii) Third, any remaining amounts to Tenant, if any.

(c) Reporting of Refinancing Proceeds. No less than fifteen (15) days prior to the close of escrow for each Refinancing, Tenant will deliver to Port, an estimated closing statement that includes the best estimate of the following items:

(i) Refinancing Proceeds;

(ii) The estimated Net Refinancing Proceeds including a separate line item for each of the costs permitted to be deducted from the gross proceeds from the Refinancing, as applicable, to arrive at Net Refinancing Proceeds;

(iii) The amount of the Reimbursed Port Contribution and any Outstanding Port Contribution as of such date; and

(iv) The estimated Net Refinancing Proceeds allocated to Port and Tenant.

(d) Manner of Payment. The estimated closing statement will be updated as of the date for close of escrow under the Refinancing to show the actual (i) gross Refinancing Proceeds, (ii) Net Refinancing Proceeds and Port's share thereof, as applicable, and (iii) line item description of the deductions and exclusions from Refinancing Proceeds to arrive at Net Refinancing Proceeds. Tenant must pay Port from the close of escrow of any Refinancing, Port's share of the Net Refinancing Proceeds. Port may reference in any estoppel certificate or other representation requested from Port by a Lender, that payment to Port of Port's share of Net Refinancing Proceeds is a material obligation under the Lease, due and owing at close of escrow of any Refinancing hereunder, provided, however, failure to reference such obligation will in no way negate Tenant's obligation to pay, and Port's right to receive, Port's share of Net Refinancing Proceeds. This provision constitutes notice to Tenant that Port is to be paid in full its share of Refinancing Proceeds through the close of escrow. If Port is not paid full by such closing date, the amount due Port will be subject to a Late Charge and will accrue interest at the

PL Hist.
Bldg. App.

-22

Default Rate from and after the closing until paid in full to Port. Within forty-five days (45) after any Refinancing, Tenant will submit to Port a statement, prepared in accordance with sound accounting principles consistently applied, and certified by Tenant's chief executive officer or chief financial officer (or equivalent position) as current, complete and correct, confirming the actual amount of Refinancing Proceeds, disbursed, permitted deductions made from such proceeds, and the amount of Net Refinancing Proceeds due to Port and actually paid to Port. At Port's option, any overpayments will be either refunded to Tenant, applied to any other amount then due and unpaid, under the Lease, or credited against Rent due under the Lease. Tenant will accompany the statement of Net Refinancing Proceeds with the amount of any underpayments. The statements delivered to Port under this **Section 3.7(c)** will be subject to the audit provisions of **Section 3.9** (Audit) for determination of the accuracy of Tenant's reporting of Net Refinancing Proceeds.

(e) **Survival.** The provisions of this **Section 3.7** will survive the earlier termination or expiration of this Lease.

(f) **Additional Definitions.** The following additional definitions will apply for purposes of this Section.

"**First Permanent Loan**" means the first permanent financing following Completion of the Initial Improvements.

"**Qualifying Refinancing**" means a Refinancing occurring at any time there has been an increase in the as-built value of the Premises since the date on which the named Tenant acquired the Leasehold Estate. The as-built value of the Premises as of such date and as of the date of the Refinancing will be based upon an appraisal prepared by a third-party appraiser for the benefit of the Lender providing the Refinancing or if there is no Lender requirement for an appraisal or, if Tenant is not in possession of such appraisal, Port will have reasonably approved the appraisal instructions for such appraisal.

"**Refinancing**" means any secured debt financing or refinancing incurred by Tenant and secured by any Mortgage, which may include secured financing from an Affiliate of Tenant and any refinancing or replacement of existing debt secured by a Mortgage (including any permanent take-out financing for financing the construction of the Initial Improvements), other than (1) Mortgages placed upon the Premises prior to Completion of the Initial Improvements, (2) the First Permanent Loan, and (3) Mortgages placed upon the Premises concurrently with any Sale.

"**Refinancing Proceeds**" means all sums actually disbursed by a lender in connection with a Refinancing.

3.7 Books and Records. Tenant will keep books and records according to generally accepted accounting principles consistently applied or such other method as is reasonably acceptable to Port. "**Books and Records**" means all of Tenant's books, records, and accounting reports or statements relating to this Lease and the operation and maintenance of the Premises, including, without limitation, cash journals, rent rolls, general ledgers, income statements, bank statements, income tax schedules relating to the Property, and any other bookkeeping documents Tenant utilizes in its business operations for the Premises or in connection with any Sale or Refinancing. Tenant will maintain a separate set of accounts, including bank accounts, to allow a determination of expenses incurred and revenues generated directly from the Premises, including proceeds and costs incurred from any Sales and Refinancings. If Tenant operates all or

PL Hist.
Bldg. App.
-23

any portion of the Premises through a Subtenant or Agent (other than Port), Tenant will cause such Subtenant or Agent to adhere to the foregoing requirements regarding books, records, accounting principles and the like.

3.8 Audit. Tenant agrees to make its Books and Records (and, to the extent within Tenant's control, the Books and Records of any other person relating to the matters identified in *Section 3.6(b)*) available in the City and County of San Francisco to Port, or to any accountant employed or retained by Port or the City who is competent to examine and audit the Books and Records (hereinafter collectively referred to as "**Port Representative**"), for the purpose of examining said Books and Records to determine the accuracy of Tenant's reporting of Gross Income, Modified Gross Income, Recapitalization Proceeds, Sale Proceeds, Refinancing Proceeds and Port's share of the foregoing, for a period of five (5) years after the applicable Percentage Rent Statement (or closing statement with respect to a Sale or Refinancing) was delivered to Port. Tenant will reasonably cooperate with Port Representative during the course of any audit; provided however, once commenced, such audit will be diligently pursued to completion by Port within a reasonable time after its commencement. If an audit has commenced and Port claims that errors or omissions have occurred, Tenant will retain the Books and Records and make them available until those matters are resolved.

If an audit reveals that Tenant has understated its Gross Income, Modified Gross Income, Recapitalization Proceeds, Sale Proceeds, Refinancing Proceeds, or Net Refinancing Proceeds for said audit period, Tenant will pay Port, within fifteen (15) days after receipt of such audit results, the difference between the amount Tenant has paid and the amount it should have paid to Port, plus interest at the Default Rate from and after the date of understatement. If Tenant understates its Gross Income, Recapitalization Proceeds, Sale Proceeds, Refinancing Proceeds, or Port's share of the foregoing proceeds for any audit period by five percent (5%) or more of Tenant's understated amount, Tenant will pay Port's cost of the audit. Any overpayments revealed by an audit will be credited towards Rent payments due subsequent to the audit until credited in full.

3.9 Manner of Payment. Tenant will pay all Rent to Port in lawful money of the United States of America at the address for notices to Port specified in this Lease, or to such other Person or at such other place as Port may from time to time designate by notice to Tenant. Minimum Rent, Participation Rent, and Port's share of Sale Proceeds and Refinancing Proceeds are payable without prior notice or demand. Rent is due and payable at the times provided in this Lease, provided that if no date for payment is otherwise specified, or if payment is stated to be due "upon demand," "promptly following notice," "upon receipt of invoice," or the like, then such Additional Rent is due thirty (30) days following the giving by Port and the receipt by Tenant of such demand, notice, invoice or the like to Tenant specifying that such sum is presently due and payable.

3.10 Interest on Delinquent Rent. Rent not paid when due will bear interest from the date due until paid at an annual interest rate equal to the greater of (i) ten percent (10%) or (ii) five percent (5%) in excess of the Prime Rate that is in effect as of the date payment is due (the "**Default Rate**"). However, interest will not be payable on Late Charges incurred by Tenant or to the extent such payment would violate any applicable usury or similar law. Payment of interest will not excuse or cure any default by Tenant.

3.11 Late Charge. Tenant acknowledges and agrees that late payment by Tenant to Port of Rent, or Tenant's failure to provide the Percentage Rent Statement to Port, will cause Port increased costs not contemplated by this Lease. The exact amount of such costs is extremely difficult to ascertain. Such costs include processing and accounting charges. Accordingly, without limiting any of Port's rights or remedies hereunder and regardless of whether such late

payment results in an Event of Default, Tenant will pay a late charge (the "Late Charge") equal to the higher of (a) five percent (5%) of all Rent or any portion thereof which remains unpaid more than five (5) days following the date it is due (or with respect to a failure by Tenant to deliver the Percentage Rent Statement to Port within five (5) days following the date it is due, five percent (5%) of Participation Rent due for the subject period of the Percentage Rent Statement), or (b) [Note: Increase following amount by \$500 every 5 years after execution of the DDA: One Thousand Dollars (\$1,000)], which amount will be increased by an additional One Thousand Dollars (\$1,000) on the tenth (10th) anniversary of the Commencement Date and every ten (10) years thereafter; provided, however, Tenant will not be subject to a Late Charge more than once every calendar year if Tenant pays the unpaid Rent or delivers the Monthly Statement to Port, as applicable, within five (5) days of written notice from Port of such failure. The Parties agree that the Late Charge represents a fair and reasonable estimate of the cost that Port will incur by reason of a late payment by Tenant

3.12 No Abatement or Setoff. Tenant will pay all Rent at the times and in the manner provided in this Lease without any abatement, setoff, credit, deduction, or counterclaim, except as expressly set forth in Section 28.2 (Tenant's Exclusive Remedies).

3.13 Net Lease. It is the purpose of this Lease and intent of Port and Tenant that all Rent is absolutely net to Port, so that this Lease yields to Port the full amount of Rent at all times during the Term, without deduction, abatement or offset. Under no circumstances, whether now existing or hereafter arising, and whether or not beyond the present contemplation of the Parties is Port expected or required to incur any expense or make any payment of any kind with respect to this Lease or Tenant's use or occupancy of the Premises. Without limiting the foregoing, Tenant is solely responsible for paying each item of cost or expense of every kind and nature whatsoever, the payment of which Port would otherwise be or become liable by reason of Port's estate or interests in the Premises, any rights or interests of Port in or under this Lease, or the ownership, leasing, operation, management, maintenance, repair, rebuilding, remodeling, use or occupancy of the Premises, or any portion thereof. No occurrence or situation arising during the Term, or any Law, whether foreseen or unforeseen, and however extraordinary, relieves Tenant from its liability to pay all of the sums required by any of the provisions of this Lease, or otherwise relieves Tenant from any of its obligations under this Lease, or except as set forth in this Lease, gives Tenant any right to terminate this Lease in whole or in part. Tenant waives any rights now or hereafter conferred upon it by any Law to terminate this Lease or to receive any abatement, diminution, reduction or suspension of payment of such sums, on account of any such occurrence or situation, provided that such waiver will not affect or impair any right or remedy expressly provided Tenant under this Lease.

3.14 Survival. Tenant's obligation to pay any unpaid Rent due and payable will survive the expiration or earlier termination of this Lease.

ATTACHMENT 1 TO EXHIBIT D
PROCEDURES TO CERTIFY ENTITLEMENT COSTS AND DEVELOPMENT COSTS

1. CERTIFIED HISTORIC BUILDING COST STATEMENT.

(a) Certified Historic Building Cost Statement. Within the earlier of one hundred twenty (120) days following the date that is one year after the Historic Building Cost Trigger Date, and (ii) forty-five (45) days prior to a Sale or Qualifying Refinancing, Tenant that constructed the Initial Improvements will furnish Port with an itemized statement setting forth in detail the Historic Building Cost incurred by such Tenant to the date the certificate of occupancy was issued, certified as true, accurate and complete by an independent certified public accountant (the "Certified Historic Building Cost Statement").

(b) Port Review. Port will notify the Tenant within sixty (60) days following Port's receipt of the Certified Historic Building Cost Statement (or in the case of a Sale or Qualifying Refinancing, within thirty (30) days) of Port's agreement or disagreement with such statement. If Port disagrees with any such statement, the Parties will meet to resolve the disagreement. If the Parties are unable to resolve their disagreement, either may Party exercise its rights under Section 3 (Audit Rights) of this Attachment 1 to Exhibit D. For the avoidance of doubt, no such disagreement or audit shall delay any Sale or the issuance of any building permit, certificate of completion or certificate of occupancy.

2. Port Representative.

If Tenant fails to deliver the Certified Historic Building Cost Statement within the time periods set forth herein, and such failure continues for thirty (30) days after the date Port delivers to Tenant written notice of such failure, Port has the right, among its other remedies under this Lease, to have a Port Representative examine Tenant's books and records as may be necessary to determine all the information required in the Certified Historic Building Cost Statement. The determination made by Port Representative will be binding upon Tenant, absent manifest error, and Tenant must promptly pay to Port the total cost of the examination.

3. AUDIT RIGHTS.

If Port disagrees with the Certified Historic Building Cost Statement, Port may request that such records be audited by an independent certified public accounting firm mutually acceptable to Port and Tenant, or if the Parties are unable to agree, either Party may apply to the Superior Court of the State of California in and for the County of San Francisco for appointment of an auditor meeting the foregoing qualifications. If the court denies or otherwise refuses to act upon such application, either Party may apply to the American Arbitration Association, or any similar provider of professional commercial arbitration services, for appointment in accordance with the rules and procedures of such organization of an independent auditor. Such audit will be binding on the Parties, except in the case of fraud, corruption or undue influence. Port will pay the entire cost of the audit unless the audit discovers that Tenant has overstated the Historic Building Cost by more than three percent (3%) of the lower amount, in which case Tenant will pay the entire cost of the audit.

4. BOOKS AND RECORDS RELATED TO HISTORIC BUILDING COSTS.

Tenant must keep accurate books and records of the Historic Building Cost incurred to date, funds expended by Tenant, outstanding Tenant capital, Tenant capital return accrued, and debt or other third-party proceeds received by or on behalf of Initial Tenant in connection with the development of the Initial Improvements, all in accordance with accounting principles generally accepted in the construction industry. Port, including its Agents, has the right to inspect Tenant's books and records regarding the development of the Initial Improvements, the costs incurred in connection therewith, and all other Historic Building Cost, including funds

PL Hist.
Bldg. App.

expended by Tenant, return accrued on such funds, and debt or other third party proceeds received by or on behalf of Tenant in connection with the development of the Initial Improvements in a location within San Francisco during regular business hours and upon reasonable advance notice.

**PARCEL LEASE
APPENDIX FOR ARTS BUILDING PARCEL E4**

[To be prepared and inserted prior to execution of Parcel Lease of Arts Building E4]

DDA EXHIBIT D4

Form of Joint Appraisal Instructions

I. Introduction

These Appraisal Instructions (these “**Instructions**”) constitute a part of that certain Disposition and Development Agreement (the “**DDA**”), dated as of [____], by and between the City and County of San Francisco, a municipal corporation and charter city (the “**City**”) acting by and through the San Francisco Port Commission (the “**Port**” or the “**Port Commission**”), and EC Pier 70, LLC, a Delaware limited liability company (“**Developer**”). All capitalized terms used herein but not otherwise defined herein will have the meaning ascribed to such terms in the DDA.

These Instructions will govern preparation and delivery of each appraisal report (each, an “**Appraisal**”) setting forth the Appraiser’s opinion of the Fair Market Value of the Subject Property for purposes of determining the price of conveyance of the Subject Property (as defined below) as an Option Parcel, in accordance with Article 7 of the DDA.

These Instructions, along with Section 7.3 of the DDA, will constitute the scope of work and sole instructions to be utilized by the Appraiser in preparing an Appraisal.

II. Subject Property. The Option Parcel that is the subject of these Appraisal Instructions is identified as Parcel [] as more particularly described in Attachment 1 attached hereto (the “**Subject Property**”).

III. Appraisal Standards.

Each opinion of value will be stated in a self-contained appraisal report based on a comprehensive study and analysis and setting forth, in detail, all data, analysis, and conclusions, as necessary and typical of a complete, self-contained¹ appraisal report in compliance with the current version of the Uniform Standards of Professional Appraisal Practice (“**USPAP**”).

The Appraisal Report will include the Appraiser’s final opinion of the Fair Market Value for the Subject Property stated as a specific dollar figure.

IV. Documents to be Reviewed and Considered by the Appraiser

A. Project Documents

¹ As of 2014, USPAP replaced the terminology of “Restricted Use, Summary and Self Contained”, and replaced the report content types with two types, “Appraisal Report” and “Restricted Appraisal Report.” The reference to “Self Contained” in Section III (Appraisal Standards) refers to the meaning it had prior to 2014. Also, the reference to “Complete” appraisal has the meaning that it did prior to this term being removed officially from USPAP, i.e., essentially that no relevant and applicable valuation approaches or methodologies may be excluded (and the rationale for any approach excluded be provided).

The Subject Property shall be appraised assuming that the following documents are applicable to the property and property interests being appraised (collectively, the "Project Documents"):

1. The SUD and Design for Development, attached hereto as Attachment 2;
2. The Interagency Cooperation Agreement, attached hereto as Attachment 3;
3. The Vertical DDA for the Subject Property, substantially in the form attached hereto as Attachment 4 which includes (a) the Scope of Development which provides the permitted uses and certain standards for development of the Subject Property, (b) the inclusionary requirement applicable to the Subject Property *[include clause (b) for residential uses only; inclusionary requirement will be an in-lieu fee for condo parcels or on-site inclusionary for rental parcels]*, (c) Jobs Program, and (d) measures under the MMRP applicable to the Subject Property as identified therein;
4. The *[Parcel Lease][Quitclaim Deed and Restrictive Covenants]* for the Subject Property, substantially in the form attached to the Vertical DDA;
5. The rights and obligations under the Development Agreement as established by a Development Agreement Assignment, Assumption and Release substantially in the form attached hereto as Attachment 5;
6. The Master CC&Rs, substantially in the form attached hereto as Attachment 6;
7. The Vertical Coordination Agreement, substantially in the form attached hereto as Attachment 7;
8. Lien of Special Taxes for Community Facilities District as summarized in Attachment 8;
9. Rate and Method of Apportionment as attached as Attachment 9;
10. Final Subdivision Map No. [] that establishes the Subject Property as a legal parcel subdivided in accordance with the Subdivision Map Act and all applicable laws shown in Attachment 10.

[Add reference to any additional entitlement or regulatory approvals and any other documents not listed above to which the Subject Property will be subject, including matters affecting title to the Subject Property.]

B. Other Information

[Describe here any other documents that the Port and Developer mutually agree to present to the Appraiser for its consideration during the appraisal process, which may include, without limitation: (i) information regarding the then-current condition of the Subject Property, (ii) additional information regarding the status of all required horizontal

improvements, (iii) cost estimates or other information relevant to the cost or value of the vertical development, and (iv) data from recent transactions at the site or nearby sites.]

V. Appraisal Purpose and Report Requirements.

A. Purpose.

[For fee transfers:] The appraisal assignment is to determine, subject to the Special Instructions and Extraordinary Assumptions set forth in Section V(C), the Fair Market Value as defined by California Code of Civil Procedure section 1263.320 of the fee interest in the Subject Property (the "**Fee Value**"), which will be the purchase price of the fee simple interest in the Subject Property pursuant to the Vertical DDA.

[For transfers pursuant to Fully Pre-paid Leases:] The appraisal assignment is to determine, subject to the Special Instructions and Extraordinary Assumptions set forth in Section V(C), (1) the Fair Market Value as defined by California Code of Civil Procedure section 1263.320 of the fee interest in the Subject Property (the "**Fee Value**"), (2) the Fair Market value of the "**Leased Fee Interest**," meaning the ownership interest where the possessory interest has been granted to another party; and (3) the Fair Market Value of the Leasehold Interest, as a 99-year lease, prepaid (the "**Prepaid Lease Value**").

[For transfers pursuant to Hybrid Leases:] The appraisal assignment is to determine, subject to the Special Instructions and Extraordinary Assumptions set forth in Section V(C), (1) the Fair Market Value as defined by California Code of Civil Procedure section 1263.320 of the fee interest in the Subject Property (the "**Fee Value**"), (2) the Fair Market value of the "**Leased Fee Interest**," meaning the ownership interest where the possessory interest has been granted to another party; and (3) the Fair Market Value of the Leasehold Interest, as a 99-year lease, prepaid (the "**Prepaid Lease Value**"). In addition, as further described in Section V(C)(2), consult with at least 2 firms from the Qualified Investment Advisor pool established by the Port and Developer and determine factors that, when multiplied by the Fee Value or the Prepaid Lease Value, would be equal to annual ground rent ("**Annual Rent**"), if no rent is prepaid.

The Port intends to use the Appraisal to support its findings that the proposed *[Parcel Lease][sale]* is consistent with the conditions in the State statute (AB 418) allowing for the Port's sale of a fee or leasehold interest in the 28-Acre Site free from public trust restrictions, subject to the Port receiving fair market value for the lease or sale of any trust termination lands or interest in the lands.

B. Appraisal and Report Requirements.

1. **General Principles.** Each Appraisal will be prepared in accordance with USPAP and the following requirements:

a. The Appraiser shall take into account the terms and conditions of the Project Documents applicable to the Subject Property, including, without limitation, the Lien

of Special Taxes, and the terms of the Vertical DDA, *[the Parcel Lease][Quitclaim Deed and Restrictive Covenants]* and Development Agreement Assignment, Assumption and Release. Without limiting the generality of the foregoing, it is specifically recognized that, in accordance with the provisions of the Parcel Lease, in addition to the *[Prepaid Lease Value] [Annual Rent]*, the holder of the leasehold interest will be responsible to make certain Percentage Rent and participation payments thereunder.

b. The Appraiser shall take into account any other covenants, conditions, and restrictions or easements benefitting or burdening the Subject Property and any unusual characteristics of the Subject Property, including without limitation, zoning, land use and other regulatory restrictions applicable to the Subject Property as of the date of value of the Appraisal.

c. The Appraiser shall explain the reasoning applied to arrive at the final opinion of value and how the results of each approach to value were weighed in that opinion, and the reliability of each approach to value for solving the particular appraisal problem.

d. The Appraiser shall state as a single amount (*i.e.*, not a range of values) his or her final opinion of *[each of]* the Fee Value*[, the Prepaid Lease Value, and the Annual Rent]*.

e. Comparable market data ("**comparables**") shall be presented in individual write-up sheets and include the following data:

- Physical address and legal description (if possible)
- Parties to the transaction
- Date of Transaction
- Sales price
- Financing terms and conditions (if known)
- Property rights conveyed
- Transaction conditions (buyer motivation, arm's length, distressed, etc.) (if discoverable)
- Description of improvements, including utilities available
- Size and shape of property
- Unit counts (if applicable)
- Current Use
- Zoning and proposed zoning change (if applicable)
- Development of capitalization rate (if sale comparable is income producing)
- Verification of the transaction data (including names and contact information of with whom the transaction was verified/confirmed and date verified)

f. Comparable lease data shall additionally include:

- Date of lease or most recent transaction
- Lease rates and terms
- TI allowances, expense allocations, and rental concessions, if any and known
- Square feet of leased space (and basis of calculation, if known)
- Date and source of verification

g. The Appraiser shall physically inspect all comparables relied upon if located within a sixty (60) mile radius of the Subject Property. As to any comparables relied upon outside of this radius, the Appraiser shall take other reasonable steps to evaluate the location and condition of the comparable.

h. Discount and capitalization rates must be supported by market data and discussed in the narrative as to how they were derived.

i. The actual adjustments shall be set forth in an adjustment grid(s) and discussed in sufficient detail to lead the reader to the Appraiser's conclusions.

j. Photographs of all comparables utilized by the Appraiser shall be provided within the appraisal, including original photographs of all comparables physically inspected.

k. Maps displaying the location of all comparables as compared to the Subject Property shall be included.

l. Consistent with USPAP direction, the Appraiser shall avoid use of, or justify inclusion of comparable sales requiring extraordinary verification and weighting considerations, such as sales to governmental agencies, sales to non-profit organizations, sales to environmental organizations, sales to parties desiring to exchange the land to the government, distressed sales, and other atypical or non-arm's length sales.

m. The Appraiser must provide a line-item discussion reflecting the development of each income, expense, vacancy, infrastructure, cost-to-cure, or demolition item cited in the Appraisal.

n. Property operating expenses, development costs, delay costs may be supported by comparables, construction contracts, building contractors, cost-estimators, cost-estimating services to industry recognized income/expense manuals such as Marshall & Swift, BOMA, IREM, etc.

o. If the Appraiser chooses to use self-made or commercial appraisal software, such as Argus Enterprise, Microsoft Excel etc., he/she must provide all supporting printouts, spreadsheets, and electronic versions of the files, which support the Operating Income Statement or Discounted Cash Flow (DCF) analyses provided within the Appraisal.

C. Extraordinary Assumptions and Special Instructions

1. Extraordinary Assumptions

a. Upon conveyance, the Subject Property will be a valid legal parcel in accordance with the requirements of the Subdivision Map Act and will be fully entitled subject only to design review approval by the Planning Department in accordance with the requirements of the SUD and Design for Development and approval of building permits by the Port for Vertical Improvements and approvals necessary to commence Deferred Infrastructure.

b. *[add if commercial parcel]*: An Office Development Authorization from the Planning Commission (per Planning Code Sections 321 and 322), and approval from the Planning Department is not required for new office development under the jurisdiction of the Port.

c. The Subject Property has access to public streets and all required utilities necessary to serve the development as further described in the Project Documents. *[If horizontal improvements are not yet complete, substitute the following: The Subject Property will be provided with access to public streets and required utilities necessary to serve the development as and when provided in the Vertical DDA and Vertical Coordination Agreement.]*

d. The Subject Property is graded and soil compacted in accordance with the certification of Developer's geotechnical engineer *[NTD: This may not be the case for all parcels at Pier 70 (e.g., parcels with basement excavation), and special instructions will be provided].*

e. The Subject Property was remediated in accordance with the *[insert standard of remediation to be provided]* and no further remediation is required. *[NTD: This may not be the case for Pier 70, and special instructions will be provided.]*

f. The permitted uses are set forth in the Vertical DDA's Scope of Development of the Subject Property (residential (rental or for-sale) or commercial), including maximum density and maximum off-street parking.

g. *[applies to residential uses only]* The affordable housing requirements applicable to the Subject Property (in-lieu fee for condo parcels, on-site inclusionary for rental) are set forth in the Development Agreement.

2. Special Instructions

a. In evaluating the estimated revenue to be derived from the anticipated development of the Subject Property, the Appraiser shall (1) consider data provided by the Port and Developer, (2) consult with a real estate broker or brokerage firm with at least 5 years' experience in the San Francisco real estate market, and (3) review proprietary rent roll and sublease information from the following operating buildings at Pier 70 , after signing a non-disclosure agreement (Attachment 11).

b. In evaluating the estimated construction period and development costs of the anticipated development of the Subject Property for the purposes of a residual land

value analysis, the Appraiser shall consult with a general contractor or construction cost estimator with at least 5 years' experience in estimating construction costs of similar developments in San Francisco and may consider construction cost estimates provided by the Port and Developer.

c. The Appraiser shall provide a detailed analysis of the method(s), data and information relied upon in determining each capitalization rate used in the Appraisal. In making this determination, the Appraiser shall conduct and document (name, title, company and opinion summary) market participant interviews regarding market capitalization rates for fee simple *[and leasehold]* transactions and for transactions involving completed buildings and development sites, and consult with at least 2 Qualified Investment Advisors. "Qualified Investment Advisor" means a firm providing real estate investment banking or real estate investment advisory services, including real estate investment brokerage services, with at least 10 years' experience in the San Francisco real estate market, selected from the list of firms set forth on Schedule 5, or another comparable firm approved by Port and Developer.

d. Based on the comparables set, market participant interviews and consultation with at least 2 Qualified Investment Advisors, the Appraiser shall quantify the capitalization rate differential between fee simple and the subject leasehold transactions. The Port and Developer understand that the capitalization rate differential between fee simple and leasehold transactions has historically been greater than 5 basis points. The Appraisal shall include a reasoned narrative to support the conclusion set forth in the Appraisal regarding the capitalization rate differential, including any deviation from the historic differential.

e. *[For lease transfers:]* The Appraiser shall select approaches to value that are applicable to the assignment, but shall include a residual land value analysis as one approach.

f. *[For transfers by Hybrid Lease]* In order to determine Annual Rent, the Appraiser shall quantify, based on consultation with at least 2 Qualified Investment Advisors, a factor which when multiplied by either the Fee Simple Value or the Prepaid Lease Value, yields the Annual Rent (the "Annual Rent Conversion Factor") i.e., Fee Value or Prepaid Lease Value (\$X) x Annual Rent Conversion Factor (Y%) = Annual Rent. The Appraiser and Qualified Investment Advisors may determine the Annual Rent Conversion Factor as a factor to be applied against either the Prepaid Lease Value or the Fee Value, and the Appraisal shall state whether the Annual Rent Conversion Factor specified is to be applied against Fee Value or Prepaid Lease Value. The Port and Developer understand that an Annual Rent Conversion Factor applied to Prepaid Lease Value would be different and higher than an Annual Rent Conversion Factor applied to Fee Value, but in either case the Annual Rent Conversion Factor should be determined so as to yield the same result when multiplied by the appropriate value, i.e., the Fair Market Value Annual Rent. The Annual Rent Conversion Factor shall be within the range recommended by the Qualified Investment Advisors, and the Appraisal shall include a reasoned narrative to support the conclusion set forth in the Appraisal regarding the determination of the Annual Rent Conversion Factor within that range.

VI. Appraisal Procedures.

The following sets forth the procedures for the preparation of each Appraisal; these procedures may be modified or waived by mutual agreement of Port and Developer, each agreeing to such modification or waiver in its sole discretion.

A. **Contracting Parties.** The Appraiser will be engaged jointly by Developer and Port (collectively, the "**Contracting Parties**") and will be provided with points of contact for each to assist in completing the assignment. For questions regarding the appraisal and subject documents, please contact both of the following:

Port Contact:

Name, Address, Phone #, Email address

Developer Contact:

Name, Address, Phone #, Email address

B. **Pre-Work Conference:** At the request of the Contracting Parties, the Appraiser will attend a pre-work conference for discussion and understanding of these Instructions, including a timing update. The pre-work conference may be held in conjunction with an inspection of the Subject Property.

C. **Inspection:** Inspection of the Subject Property is to be coordinated with the property contacts who will both have the option of having representatives attend the inspection with the Appraiser.

D. **Draft Report:** The Appraiser will submit to the Contracting Parties an initial draft appraisal report (the "**Draft Report**"), consisting of an unprotected PDF copy of such report, within the period specified within the fully executed contract for appraisal services. The Appraiser shall maintain a well-documented workfile, available on request for review by the Contracting Parties, containing supporting documents, meeting and interview notes, and other materials relied upon but not included in the Appraisal.

E. **Review and Comment Period:** Following its receipt of the Draft Report, the Contracting Parties will review such Draft Report and, within 15 calendar days thereafter, provide any comments or feedback to the Appraiser.

F. **Final Appraisal:** Following receipt of any comments, the Appraiser will, within a reasonable time (not to exceed 15 calendar days without the Contracting Parties' written consent), revise the Draft Report as appropriate after considering any such comments or feedback and deliver to the Contracting Parties a final Appraisal, by emailing a PDF report and delivering by overnight delivery service two (2) signed hard copies of the final Appraisal.

VII. Confidentiality.

The Contracting Parties and the Appraiser acknowledge and agree that, in the course of preparing an Appraisal pursuant to these Instructions, the Contracting Parties may disclose

confidential information, which has been approved and authorized by Contracting Parties for release, to the Appraiser.

The Appraiser agrees not to disclose such confidential information to any third party and to treat it with the same degree of care as it would its own confidential information. It is understood, however, that the Appraiser may disclose such confidential information on a "need to know" basis to the Appraiser's employees and subcontractors. As a condition precedent to any such disclosure, each and all of such employees and subcontractors will have executed a written confidentiality agreement with the Contracting Parties in the form of Attachment 11, which obligates such employees and subcontractors to maintain the confidentiality of such confidential information.

Each Appraisal, the Fair Market Value determination included therein, and the supporting documentation, also constitute confidential information, and the Appraiser will strictly abide by the confidentiality and ethics provisions of the Appraisal Institute and USPAP.

The Appraiser must obtain written authorization from the Contracting Parties before disclosure of any confidential information. The passage of time in and of itself will not extinguish either the Appraiser's responsibility for confidentiality or the appraiser/client relationship. The appraiser/client relationship is extinguished only upon written release from the Contracting Parties. Even though the appraiser/client relationship may terminate, the Appraiser will at all times remain subject to the confidentiality and ethics provisions of Appraisal Institute and USPAP.

VIII. ATTACHMENTS AND SCHEDULES

The following Attachments and Schedules attached to these Joint Appraisal Instructions are incorporated herein by this reference:

Attachment 1: Subject Property

Schedule 5: List of Qualified Investment Advisors

SCHEDULE 1: SUBJECT PROPERTY SPECIAL INSTRUCTIONS

[Special Instructions to include, without limitation:

Description of the grading, excavation and geotechnical condition of the site (as certified by Developer's geotechnical engineer), and the applicable standard of remediation.

If the Subject Property includes a basement level, description of the condition of the site, which may be left as-is, or partially pre-excavate.

Separate Special Instructions for Residential and Commercial-Office if the Subject Property is Flex and a dual appraisal is requested by Developer.]

SCHEDULE 3: BACKGROUND

A. Entitlement and Legal Framework. The applicable zoning for the 28-Acre Site is set forth in the Pier 70 Special Use District (the "SUD") and Design for Development that govern the development standards and guidelines for Vertical Development. The DDA is the principal agreement governing development of the 28-Acre Site, including both "horizontal" and "vertical" development of the Project, delivery of public benefits and the financial structure for the transaction. The City has entered into a Development Agreement with Developer that provides vested rights to both horizontal and vertical development to proceed in accordance with the Project Approvals and Transaction Documents.

B. Horizontal Development and Deferred Infrastructure.

1. Developer is responsible under the DDA for horizontal development of the Project, including entitlement, site preparation (including grading and environmental remediation), subdivision and construction work related to streets and sidewalks, public realm amenities (e.g., parks and open space), public utilities and shoreline improvements to create development parcels and support and protect buildings (including affordable housing). Standards for horizontal development are set forth in the Infrastructure Plan attached to the DDA and the Streetscape Master Plan subsequently approved by the Port. Under the Interagency Cooperation Agreement, the City and Port agree to process applications for Horizontal Improvements and subdivision maps consistent with the DDA (including the Infrastructure Plan and Streetscape Master Plan) and in accordance with the streamlined review and approval procedures set forth therein.

2. The DDA establishes the scope and timing of Project phasing through a Phasing Plan and Schedule of Performance that establishes deadlines by which Developer must submit development applications for each Phase, commence and complete the Phase Improvements within each Phase, and deliver Associated Public Benefits, subject to Excusable Delay. The DDA also allows Developer to identify Deferred Infrastructure Zones associated with Option Parcels within which items of Deferred Infrastructure may be assigned to Vertical Developers. Each Deferred Infrastructure Zone may consist of the following: (i) the area between back-of-curb and the adjacent Development Parcel boundary (or if none, the adjacent Public Spaces); (ii) up to 40 feet of Public Spaces and mid-block passages adjacent to Development Parcels; and the entire portion of Market Square (OS-2) that will be built in the air parcel above Parcel D; and (iii) the area adjacent to Development Parcels for the installation of service infrastructure, including laterals, traps, air vents, clean-outs, meter boxes, backflow preventers, irrigation facilities and associated pedestals, pull boxes, and secondary conduits. Developer or the applicable Vertical Developer as assigned will be obligated to construct the Deferred Infrastructure, subject to the Schedule of Performance attached as DDA Exhibit B2 and as outlined in the Vertical Coordination Agreement.

C. Phase Submittals. The Subject Property is included within the Phase Submittal for Phase [XX] of the Project, a copy of which is attached hereto as Attachment 12. The Phase Submittal sets forth all applicable obligations and timing for completion of Phase Improvements within the applicable Phase, the range of residential density and maximum off-street parking that can be allocated to each Option Parcel and the public benefits that will be provided with the

delivery of Vertical Improvements within the applicable Phase, including child-care facilities, community facilities and affordable housing.

D. Conveyance of Subject Property and Vertical Development. Pursuant to Section 7.3(a) of the DDA, Developer has triggered the appraisal process for the Subject Property by delivering to the Port the Appraisal Notice attached hereto as Schedule 4. In the Appraisal Notice, Developer has identified the Subject Property, provided a detailed program of uses planned for the parcel, including the area programmed for each type of use, the location, and amount of office development on the Subject Property that would be counted against the maximum annual limit under Planning Code Section 321 and identified the inclusionary housing, fee and program requirements that will be binding on the Subject Property consistent with the Affordable Housing Plan.

SCHEDULE 4: APPRAISAL NOTICE

EXHIBIT D5
BIDDER SELECTION CRITERIA

I. RESIDENTIAL PARCELS

Non-Affiliation Requirement

- Bidder is an Unrelated Vertical Developer, as that term is defined in the DDA
- Bidder does not have any financial arrangements with Developer.

Financial Requirements

-Bidder is able to demonstrate the financial ability to perform the obligations it is assuming in association with the development of the Option Parcel. For purposes of this section, this includes meeting the Minimum Net Worth Requirement as defined in the Vertical DDA, evidence of access to adequate equity and debt capital along with commitment letters from those financing sources, and the ability to post the required security associated with the development of the Option Parcel.

Experience Requirements

-One or more principals of the bidder has at least five (5) years of experience in developing the type of residential product to be developed on the Option Parcel the bidder is seeking to purchase or lease.

-The principals of the bidder have collectively completed at least three (3) development projects containing at least 75% of the number of units proposed for the Option Parcel.

Entity in Good Standing Requirements

-Documentation evidencing that the bidder and its constituent members, if any, have been duly formed, made all filings and are in good standing in the State of California and in the state of their respective incorporation. If the bidder is a joint venture, then the bidder shall provide evidence demonstrating the existence of a duly executed contractual relationship between the applicable parties.

-Bidder has not defaulted on its obligations on another lot or project within the Pier 70 SUD or any other agreement on Port- or City-owned property.

No Unfair Advantage Requirement

Bidder has not received an unfair advantage by receiving any bid information that is different from or in advance of such information being made available to other interested bidders.

Compliance with Transaction Documents and Port/City Requirements

Bidder has indicated its willingness to enter into the Vertical DDA [and form of Ground Lease] in the form included in the bid package, and its ability to comply with applicable Port and City requirements thereunder, including the Workforce Development Plan.

II. COMMERCIAL PARCELS

Non-Affiliation Requirement

- Bidder is an Unrelated Vertical Developer, as that term is defined in the DDA
- Bidder does not have any financial arrangements with Developer in submitting its bid

Financial Requirements

-Bidder is able to demonstrate the financial ability to perform the obligations it is assuming in association with the development of the Option Parcel. For purposes of this section, this includes meeting the Minimum Net Worth Requirement as defined in the Vertical DDA, evidence of access to adequate equity and debt capital along with commitment letters from those financing sources, and the ability to post the required security associated with the development of the Option Parcel.

Experience Requirements

-The managing principal of the bidder has at least five (5) years of experience in developing the type of commercial product to be developed on the Option Parcel the bidder is seeking to purchase or lease.

-The principals of the bidder have collectively completed at least three (3) development projects containing at least 75% of the commercial square footage proposed for the Option Parcel.

Entity in Good Standing Requirements

-Documentation evidencing that the bidder and its constituent members, if any, have been duly formed, made all filings and are in good standing in the State of California and in the state of their respective incorporation. If the bidder is a joint venture, then the bidder shall provide evidence demonstrating the existence of a duly executed contractual relationship between the applicable parties.

-Bidder has not defaulted on its obligations on another lot or project within the Pier 70 SUD or any other agreement on Port- or City-owned property.

Compliance with Transaction Documents and Port/City Requirements

Bidder has indicated its willingness to enter into the Vertical DDA and form of Ground Lease in the form included in the bid package, and its ability to comply with applicable Port and City requirements thereunder, including the Workforce Development Plan.

EXHIBIT D5

No Unfair Advantage Requirement

Bidder has not received an unfair advantage by receiving any bid information that is different from or in advance of such information being made available to other interested bidders

EXHIBIT D5

**DDA EXHIBIT D6
LAND VALUE INDICATORS BY PARCEL**

[to be appended to the DDA after the Reference Date in accordance with DDA § 4.5(b) (Land Value Indicator)]

DDA EXHIBIT D7
Outline of Master Association Conditions, Covenants, and Restrictions

Defined terms used but not defined in this Exhibit D7 shall have the meanings set forth in the DDA. Prior to delivery of the first Appraisal Notice for a Development Parcel under Section 7.3(a) of the DDA, Port and Developer shall agree upon the form of Master CC&Rs in accordance with Section 8.6 of the DDA. The Master CC&Rs shall contain at a minimum the provisions set forth in this Exhibit D7.

Legal Framework: City and Port will consent to recordation of the Master CC&Rs that are consistent with these minimum requirements. The Master CC&Rs will be recorded against each Development Parcel within the Covered Property (described below) prior to termination or release of the Master Lease and before conveyance of the applicable Development Parcel to a Vertical Developer. Upon recordation, the Master CC&Rs will constitute covenants running with the land and an encumbrance and restriction on Developer's leasehold interest under the Master Lease with respect to the applicable Covered Property, but will not constitute a lien, encumbrance or restriction on Port's fee interest in any property within the 28-Acre Site. Port will consent to the survival of the Master CC&Rs upon termination or release of the Master Lease as to any and all of the Covered Property, and the Master CC&Rs will thereupon run with the land upon conveyance by Port to each Vertical Developer of the Covered Property.

Declarant: FC Pier 70, LLC, or its successor and assigns as Developer under the DDA ("Developer").

Covered Property: The property within the 28-Acre Site that will be subject to the Master CC&Rs (the "Covered Property") will consist of all Development Parcels other than (i) the Affordable Housing Parcels; (ii) Parcel E4; and (iii) Historic Buildings 12 and 21.

Master Owners' Association and Condominium Owners' Associations: The Master CC&Rs will designate a master owners' association (the "Master Owners' Association") comprised of the ground lessees and fee owners of each covered Development Parcel. Each Development Parcel that is further subdivided for residential or commercial condominium purposes will also be subject to a Condominium Declaration of Covenants and Restrictions ("Condominium CC&Rs") that will designate a condominium association (each, a "Condominium Owners' Association") comprised of the owner of each individual condominium unit (but not including the City or Port) within the applicable Development Parcel covered by the Condominium CC&Rs. The Condominium Owners' Association will also be a member of the Master Owners' Association.

Governing Documents: Developer shall record one overall set of Master CC&Rs and such other annexations, declarations, public use easements and/or other instruments governing the common use, maintenance and obligations associated with the Covered Property (collectively, the "Governing Documents") and may record one or more separate sets of Governing Documents against the commercial portions of the Covered Property and the residential portions of the Covered Property. Port will cooperate and approve the recordation of the Governing Documents in such form as is reasonably approved by the Executive Director in consultation

with the City Attorney. The Master CC&Rs will specify that the Master CC&Rs will survive the termination of the Master Lease so as to constitute covenants, conditions and encumbrances on any Development Parcel conveyed to a Vertical Developer through a Parcel Lease.

Term. The Master CC&Rs will provide for a term of ninety-nine (99) years with ten (10) year automatic renewals, subject to customary termination provisions by the parcel owners after the sale or lease of all parcels within the Covered Property. Notwithstanding the foregoing, Port, at its option, may elect to release a Development Parcel that is the subject of a Parcel Lease from the Master CC&Rs upon termination of applicable Parcel Lease subject to taking reasonable measures to accommodate reciprocal or joint use easements provided in the Master CC&Rs for parcels remaining subject to the Master CC&Rs to the extent reasonably necessary for their continued operation.

Easements, Operating Covenants and Use Restrictions. The Governing Documents may include the following elements: descriptions of the separately-held interests in the Covered Property; descriptions of the reciprocal, joint use, non-exclusive, and exclusive easements between and among the holders of interests in the Covered Property; covenants for collective management, administration, operation, maintenance, repair, replacement and reconstruction of the common areas; the formation and operation of the Master Owners' Association; certain covenants and restrictions relative to the use of the easement areas, the Development Parcels and condominium projects and units located therein (including, without limitation, permitted and prohibited uses, signage and parking, consistent with the terms of the SUD and Design for Development); and provisions regarding insurance, damage and destruction and other matters pertaining to the Project.

Design Review: The Master CC&Rs will require the owner or lessee of each Development Parcel to obtain approval by the Master Association Design Review Committee for consistency with the SUD and Design for Development before the applicable owner or lessee may submit a design review application to Port/Planning to the extent required by the SUD, the DDA and/or the VDDA. Design review applications will reflect changes required by the Master Owner's Association as necessary to achieve consistency with the SUD and Design for Development.

Transportation Management Association: The Master CC&Rs and/or the applicable Condominium CC&Rs will include the obligation to establish and maintain at all times during the Term of the Master CC&Rs a Transportation Management Association ("TMA") that shall operate in accordance with the requirements of MMRP Mitigation Measure M-AQ-1f: Transportation Demand Management.

Transportation Demand Management: The Master CC&Rs will require each member of the Master Association to comply with and implement Transportation Demand Management ("TDM") measures imposed by the TMA that are selected from the TDM Program Standards set forth therein to achieve the TDM Commitment that vehicle trips associated with the 28-Acre Site will not exceed 80% of the vehicle trips calculated for 28-Acre Site Project in the Transportation Impact Study. The CC&Rs may include requirements for individual monitoring of building trips and enforcement by the Master Association of buildings that fail to meet the TDM Commitments associated with their individual building.

Residential Parking Permits: Each property owner or ground lessee will be prohibited from applying for residential permit parking (RPP) at the Project site, and residents of Pier 70 will not be eligible for or seek to obtain permits under the neighboring Dogpatch RPP.

Project Development and Maintenance Responsibilities for Private Streets and Open Space. The Master CC&Rs will set forth the obligations of the Master Owners' Association for the funding and/or responsibility for ongoing maintenance, repair and replacement of any private streets and private open spaces that are established in accordance with the Transaction Documents. The Master CC&Rs will provide for the ownership of the privately maintained infrastructure, or "common area," if any, by the Master Owners' Association, the applicable Condominium Owners' Association or the owners of each individual lot or condominium unit as tenants in common, as appropriate in each case.

Funding and Other Responsibilities: The Governing Documents will describe the various relationships between the Port, Developer and its successors, including the Master Owners' Association, the Condominium Owners' Associations and individual property owners regarding payments for funding the Master Owners' Association obligations. If the Master Owners' Association selects a Business Improvement District (or similar financing structure) (a "BID") to fund any improvements to the public realm, each owner/lessee will be required to be a member of the BID.

Budget: The Governing Documents will require that Master Owners' Association and each Condominium Owners' Association distribute to its constituent property owners on an annual basis (i) an annual budget of the applicable Master Owners' Association or Condominium Owners' Association, and (ii) a reserve study performed by the applicable Master Owners' Association and/or Condominium Owners' Association. The Governing Documents will include procedures reasonably necessary to assure that the annual budget (including reserves) will be adequately funded. Such measures will include providing the Master Owners' Association with the right and obligation to assess its members for the reasonable cost of the Associations' maintenance, repair and public services obligations, the right to lien the property of any member who defaults in the payment of an assessment and the obligation to diligently pursue all reasonable actions permitted by law as necessary to collect delinquencies.

Participation in master marketing program. Each Covered Property owner/lessee will be required to participate in a master marketing program for the 28-Acre Site if established by the Master Owners' Association.

District-Wide Requirements. The Master CC&Rs will require each owner/lessee of a Covered Property to provide designated energy, utility and telecommunications facilities within each building and/or participate in various district-wide programs established by the Master Association to comply with its targets under the Sustainability Plan. Such requirements may include participation in district recycled water and district energy systems, installation of rooftop solar facilities, mobile telecom sites (macro or DAS), implementation of district-wide security systems (such as exterior mounted security cameras) and compliance with exclusive marketing agreements for telecommunications providers.

Sitewide Air Monitoring. To comply with regulatory requirements, each owner/lessee of a Covered Property must pay its fair share cost for compliance by the Master Association with the Asbestos Dust Mitigation Program for the 28-Acre Site.

Environmental Covenant. The Master CC&Rs shall provide that the use and maintenance of the Covered Property shall be in compliance with the restrictions and terms of the Environmental Covenants and any later amendments in accordance with applicable laws.

City and Port as Third-Party Beneficiaries. The City and Port shall be third party beneficiaries to all Governing Documents and shall have the right, but not the duty, to enforce the Governing Documents against the Developer and its successors, including the Master Owners' Association, the Condominium Owners' Associations and individual property owners, as applicable, and to receive copies of all material information and documentation that are sent to all of the owners of lots and units pursuant to the requirements of the Governing Documents or required by law related to the ongoing operation, maintenance and repair (including necessary replacements) of the "common area" as provided therein (such as budgets and reserve studies). The Port will have the right to reasonably approve amendments to the Master CC&Rs to the extent that the proposed amendment would affect the rights or obligations of the City or Port thereunder.

**DDA EXHIBIT D8
FORM OF ASSIGNMENT AND ASSUMPTION AGREEMENT**

**RECORDING REQUESTED BY
AND WHEN RECORDED MAIL TO:**

[APN: _____]

1

Recorder's Stamp

**ASSIGNMENT AND ASSUMPTION AGREEMENT
(Pier 70 Mixed-Use District Project)**

This **ASSIGNMENT AND ASSUMPTION AGREEMENT** (this "Agreement") (the "Effective Date") between **FC PIER 70, LLC**, a Delaware limited liability company ("Developer"), and _____, a _____ ("Transferee"), is effective as of the date on which is it fully executed by Developer and Transferee.

1. Background.

- a. DDA. Developer has entered into a Disposition and Development Agreement dated as of _____, 2018 (the "DDA"), with the City and County of San Francisco (the "City"), acting through the San Francisco Port Commission (the "Port"), which is recorded in the official records administered by the Recorder of the City and County of San Francisco (the "Official Records") as Document No. _____. The DDA governs Developer's and the Port's respective rights and obligations with respect to Developer's master development of approximately 28 acres of Port property commonly known as the "28-Acre Site" in Pier 70 (the "28-Acre Site Project") and is incorporated into this Agreement by reference. Unless otherwise defined in this Agreement, all initially capitalized defined terms used but not defined in this Agreement have the meanings ascribed to them in the Appendix attached to the DDA, and all standard provisions and rules of interpretation in Appendix Part A apply to this Agreement.
- b. DA. Developer has entered into a Development Agreement dated as of _____, 2018 (the "DA"), with the City, acting by and through the Planning Commission, vesting certain entitlements for the 28-Acre Site in Developer and imposing specified Impact Fees and Exactions on development of the 28-Acre Site Project. The DA is recorded in the Official Records as Document No. _____ and is incorporated into this Agreement by reference.
- c. Transferred Phase. Developer has agreed to Transfer to Transferee as of the Effective Date certain rights and obligations of Developer under the DDA, DA

DDA EXHIBIT D8
FORM OF ASSIGNMENT AND ASSUMPTION AGREEMENT

and Development Entitlements applicable to Phase(s) [*insert Phase #s being assigned*] (the “**Transferred Phase(s)**”) and Transferee is willing to accept the transferred rights and to assume the transferred obligations, on the terms and conditions set forth in this Agreement. The land covered in the Transferred Phase(s) comprises the portion of the 28-Acre Site Project described in the legal description and illustrative map attached as **Exhibit A**.

- d. Permitted Transfer. The Transfer to which this Agreement pertains satisfies the requirements of *DDA § 6.4 (Assignment and Assumption Agreement)*. This Agreement is also a DA Assignment as to Transferee and the Transferred Area and satisfies the requirements of *DA § 10.1 (Successors' Rights)*. [*Insert information relevant to transfer, e.g., Transfer to an Unrelated Transferee; Affiliate, conditions to transfer required, applicability and satisfaction of Net Worth and Experience Requirement, and facts supporting the satisfaction of the conditions.*]

2. **Assignment by Developer**. Developer hereby assigns to Transferee as of the Effective Date each and all of the rights (collectively, the “**Transferred Rights**”) and future obligations (collectively, the “**Transferred Obligations**”) of Developer described in this **Section 2** to the extent applicable to the Transferred Phase, excluding the “**Excluded Obligations**” specified in **Section 2(b)** and the “**Excluded Rights**” specified in **Section 2(d)**, [*add if applicable to an approved Phase: subject to all applicable conditions of the Port's Phase Approval*].

- a. Transferred Obligations. The Transferred Obligations include:
- i. all future obligations to indemnify and release the City Parties;
 - ii. the obligation to comply with all pertinent Project Requirements and Regulatory Requirements;
 - iii. the Developer Construction Obligations for all Horizontal Improvements and associated Developer Mitigation Measures for the Transferred Phase;
 - iv. the Developer Reimbursement Obligation to the extent arising from the Transferred Obligations and the Transferred Phase;
 - v. the obligation to provide Loss Security for each Transferred Phase [*insert or delete as appropriate, which will continue to be satisfied by the Guaranty previously provided by name of the parent that provided security*];
 - vi. [*Delete this paragraph if the Transferred Phase does not include any obligations requiring Phase Security (i.e., development of Parks Parcels, delivery of Affordable Housing Parcels or relocation of the Noonan Tenants)*] the obligation to provide Phase Security for the Transferred Obligations;

DDA EXHIBIT D8
FORM OF ASSIGNMENT AND ASSUMPTION AGREEMENT

- vii. obligations under the Transportation Program to the extent arising from the Transferred Obligations and the Transferred Phase;
 - viii. obligations under the Workforce Development Plan to the extent arising from the Transferred Obligations and the Transferred Area; and
 - ix. obligations under the Affordable Housing Plan with respect to [list each Residential Parcel and Flex/residential Parcel in the Transferred Phases].
- b. Excluded Obligations. The Excluded Obligations are:
- i. the Developer Construction Obligation for the following Associated Public Benefits: [list];
 - ii. the following obligations under the Transportation Exhibit: [list];
 - iii. the following obligations under the Workforce Development Plan, expressly excluding: [list];
 - iv. the following obligations under the Affordable Housing Plan with respect to the Transferred Phase: [list];
 - v. obligations that expressly survive the DDA or the DA, specifically including indemnification obligations that arise from actions or omissions occurring before the Effective Date; and
 - vi. [list any other Developer obligations that will not be assigned to the Transferee or that are conditions to the Port's consent].
- c. Transferred Rights. The Transferred Rights include:
- i. all Vested Elements relating to the Transferred Obligations;
 - ii. the right to reimbursement of Horizontal Development Costs and Developer Return by the Port in accordance with the Financing Plan;
 - iii. the right to seek Phase Approvals and changes to the Phasing Plan, Schedule of Performance and previously-approved Phase Approvals for the Transferred Phase under *DDA art. 3 (Phase Approvals)*;
 - iv. the right to seek changes to the project after Phase 1 under *DDA § 3.4 (Changes to Project After Phase 1)*.
- d. Excluded Rights. The Excluded Rights are:
- i. [list]
- e. Developer's Retained Rights and Obligations. Developer is retaining all Excluded Obligations listed in **Subsection 2(b)** and all Excluded Rights in listed

DDA EXHIBIT D8
FORM OF ASSIGNMENT AND ASSUMPTION AGREEMENT

in Subsection 2(d). Transferee agrees to grant Developer access to the land in the Transferred Phase that Developer reasonably requires to perform the Excluded Obligations or to exercise the Excluded Rights.

3. **Assumption By Transferee.** Transferee expressly assumes as of the Effective Date all of the Transferred Rights and the Transferred Obligations and agrees to be bound by and perform, as a direct obligation of Transferee to the Port and the City, as applicable, all of the Transferred Obligations.

4. **Representations, Acknowledgments, and Waivers.**

a. **By Transferee as to Transferred Phase.** Transferee acknowledges as follows with respect to the Transferred Rights and Transferred Obligations for the Transferred Phase.

- i. Transferee had the opportunity to consult with counsel of its own choice before agreeing to assume the Transferred Rights and Transferred Obligations, including all conditions and restrictions in the Vested Elements.
- ii. Transferee covenants not to challenge the enforceability of any provision of the Transaction Documents.
- iii. Transferee expressly acknowledges that it is aware of and consents to the City's enforcement of its remedies if Transferee fails to comply with obligations that it has assumed under the Affordable Housing Plan. Transferee covenants not to challenge and expressly waives any right to challenge its Transferred Obligations under the Affordable Housing Plan as unenforceable under the Costa-Hawkins Act. Developer acknowledges that the City would not have entered into the DA, and the Port would not have entered into the DDA, without Developer's agreement and waiver regarding the Costa-Hawkins Act. Transferee agrees to include language in substantially the following form in any further Assignment and Assumption Agreement with respect to the Transferred Phases and consents to its inclusion in all Vertical DDAs and in recorded restrictions for any Development Parcel in the Transferred Phases on which residential use is permitted.

The DA and the DDA, which includes the Affordable Housing Plan, provide regulatory concessions and significant public investment to the 28-Acre Site and Parcel K South that directly reduce development costs at the 28-Acre Site. The regulatory concessions and public investment include a direct financial contribution of net tax increment and other forms of public assistance specified in California Government Code section 65915. These public contributions result in identifiable, financially sufficient, and actual cost reductions for the benefit of Developer, Transferee, and Vertical Developers under California

DDA EXHIBIT D8
FORM OF ASSIGNMENT AND ASSUMPTION AGREEMENT

Government Code section 65915. In consideration of the City's direct financial contribution and other forms of public assistance, the parties understand and agree that the Costa-Hawkins Act does not apply to any BMR Unit or Inclusionary Unit developed under the Affordable Housing Plan for the 28-Acre Site.

- b. By Transferee as to Developer. Transferee acknowledges as follows.
- i. Developer retains the Excluded Rights and the Excluded Obligations for property in the Transferred Phase and the obligation to complete Phase Improvements for all property in the 28-Acre Site outside of the Transferred Phase, including Phase Improvements that may adjoin the Transferred Phase.
 - ii. Due to Developer's retained obligations, including its obligation to complete Horizontal Improvements for portions of the 28-Acre Site adjacent to the Transferred Phase, Transferee assumes all risk of Developer's failure to perform its retained obligations and waives and releases the Port and the City from any Losses relating to or arising from Developer's failure to perform its obligations.
 - iii. Transferee agrees to provide information timely and in the manner reasonably required by Developer to permit Developer to meet its obligations under *FP art. 9 (Reporting)* to submit Developer Quarterly Report, Phase Audits, and the Final Audit.
- c. By Developer as to Transferee. Developer expressly assumes the risk of Transferee's failure to perform any of the Transferred Obligations and waives and releases the Port and the City from any Losses relating to or arising from Transferee's failure to perform the Transferred Obligations.
- d. Developer's Representations and Warranties. Developer represents and warrants to Transferee as follows, as of the Effective Date.
- i. The Transaction Documents are in full force and effect and have not been modified except as follows: [Specify any amendments].
 - ii. To the actual knowledge of the person signing on behalf of Developer, no circumstance exists that with notice or passage of time, or both, would be an Event of Default or Material Breach by Developer, the City, or the Port under the Transaction Documents.
 - iii. To the actual knowledge of the person signing on behalf of Developer, there are no set-offs or defenses against the enforcement of any right or remedy, or any duty or obligation, of the Port, the City, or Developer under the Transaction Documents.

DDA EXHIBIT D8
FORM OF ASSIGNMENT AND ASSUMPTION AGREEMENT

- iv. Developer has obtained all consents to this Agreement that are required under any agreement to which it is a party or by which it is bound. Other than the consents so obtained, no consent to this Agreement is required under any agreement to which Developer is a party or by which it is bound.
- v. Developer's execution, delivery, and performance of this Agreement will not contravene any legal requirements applicable to Developer or conflict with, breach, or contravene any agreement binding on Developer.
- e. Transferee's Representations and Warranties. Transferee represents and warrants to Developer as of the Effective Date:
 - i. Transferee has obtained all consents to this Agreement that are required under any agreement to which it is a party or by which it is bound, and no other consent is required under any agreement to which Transferee is a party or by which it is bound.
 - ii. Transferee's execution, delivery, and performance of this Agreement will not contravene any legal requirements applicable to Transferee or conflict with, breach, or contravene any agreement binding on Transferee.

5. General Provisions.

- a. Attorney's Fees.
 - i. Prevailing Party. Should Developer or Transferee institute any action or proceeding in court or other dispute resolution mechanism to enforce any provision of this Agreement or for damages by reason of an alleged breach of this Agreement, the prevailing party will be entitled to receive from the losing party costs and expenses incurred by the prevailing party, including expert witness fees, document copying expenses, exhibit preparation costs, carrier expenses, postage and communication expenses, and reasonable attorneys' fees and costs for the services rendered the prevailing party(ies) in such action or proceeding. Attorneys' fees under this clause include attorneys' fees on any appeal.
 - ii. Reasonable Fees. For purposes of this Agreement, reasonable fees of attorneys and any in-house counsel for Developer or Transferee will be based on the average fees regularly charged by private attorneys with an equivalent number of years of professional experience in the subject matter area of the law for which the party's in-house counsel's services were rendered who practice in San Francisco in law firms with approximately the same number of attorneys as employed by the applicable party.
- b. Notices. Any notice or other communication required or permitted to be given under this Agreement by any party to any other party will be in writing and will

DDA EXHIBIT D8
FORM OF ASSIGNMENT AND ASSUMPTION AGREEMENT

be sufficiently given or delivered if dispatched by hand, by registered or certified mail; postage prepaid, or overnight delivery, addressed as follows:

Developer: _____

With copies to: _____

Gibson Dunn & Crutcher
555 Mission Street, Suite 3000
San Francisco, CA 94105-0921
Attention: Neil Sekhri, Esq.

Telephone: (415) 393-8334
Email: nsekhri@gibsondunn.com

Transferee: _____

With a copy to: _____

- c. Effective Date of Notice. Any mailing address or facsimile number may be changed at any time by giving notice of in the manner provided above at least 10 days before the effective date of the change. All notices under this Agreement will be deemed given, received, made, or communicated on the date personal receipt actually occurs or, if mailed, on the delivery date or attempted delivery date shown on the return receipt. No party may give official or binding notice by facsimile, although courtesy copies of notices may be given by facsimile. The effective time of a notice will not be affected by the receipt, prior to receipt of the original, of a facsimile copy of the notice.
- d. Successors and Assigns. This Agreement will be binding upon and inure to the benefit of each of the parties and their respective successors and assigns. Developer may assign its rights or obligations under this Agreement to any permitted transferee of any of its rights or obligations under the DDA and the DA, subject to and in accordance with their terms.

DDA EXHIBIT D8
FORM OF ASSIGNMENT AND ASSUMPTION AGREEMENT

- e. Counterparts. This Agreement may be executed in multiple counterparts, each of which will be deemed to be an original. Counterparts may be delivered by facsimile, electronic mail or other similar means of transmission.
- f. Captions. Any captions to, or headings of, the articles, sections, or subsections of this Agreement are solely for the convenience of the parties, are not a part of this Agreement, and will not be used to interpret or determine the validity of this Agreement or any of its provisions.
- g. Amendment to Agreement. The terms of this Agreement may not be modified or amended except by an instrument in writing executed by each of the parties.
- h. Waiver. The waiver or failure to enforce any provision of this Agreement will not operate as a waiver of any future breach of the same or any other provision of this Agreement.
- i. Applicable Law. This Agreement will be governed by and construed in accordance with the laws of the State of California.
- j. Counsel. Each party acknowledges that: (i) it was represented by counsel in connection with this Agreement; (ii) it executed this Agreement with the advice of counsel; and (iii) this Agreement is the result of negotiations between the parties and the advice and assistance of their respective counsel.
- k. Severability. The invalidation of any provision of this Agreement, or of its application to any person, by judgment or court order will not affect any other provision of this Agreement or its application to any other person or circumstance, and the remaining portions of this Agreement will continue in full force and effect, except to the extent that enforcement of this Agreement is invalidated would be unreasonable or grossly inequitable under all the circumstances or would frustrate a fundamental purpose of this Agreement.
- l. Entire Agreement. This Agreement contains all of the representations and warranties and the entire agreement between the parties with respect to the subject matter of this Agreement. Any prior correspondence, memoranda, agreements, warranties, or representations between the parties relating to this Agreement are incorporated into and superseded by this Agreement. Nothing in this Agreement changes or supersedes any provision of the DDA or the DA. No prior drafts of this Agreement or changes from those drafts to the executed version of this Agreement may be introduced as evidence in any litigation or other dispute resolution proceeding, and no court or other body will consider those drafts in interpreting this Agreement.
- m. Recordation. The parties will record this Agreement in the Official Records with respect to the Transferred Area.

DDA SCHEDULE 5

Illinois Street Additional Measures for PKN/PKS and HDY Parcel Offerings

Measure 1: Conduct Long-Term Site Noise Measurements

Prior to designing buildings that front Illinois Street, the developers of the Illinois Parcels ("Illinois Parcel building developers") will conduct long-term noise measurements. These measurements will be conducted for at least 48 hours (as compared to the typical 24 hour period) and should include normal operation of the AIC loading docks. Future Illinois Parcel building developers will consult with AIC to determine appropriate monitoring locations and the most representative 48-hour window within a two week period, during a time of year of typical, representative operations. Provided, however, that if it is not feasible to conduct the long-term noise measurements during a time of year of typical, representative operation at AIC, the consultant conducting noise measurements may provide adjusted noise levels that have been modified as appropriate in the consultant's professional opinion to reflect typical, representative operation at AIC. In addition to measuring the site LDN, the measurements will also capture maximum noise levels ("LMAX") associated with AIC operations during nighttime hours (10 p.m. to 7 a.m.). The Illinois Parcel building developers may capture LMAX noise levels by performing the noise measurements using sound level meters with the ability to record audio when a certain trigger level is exceeded. Therefore, loud events could be recorded and determined if they are AIC loading dock activity or not.

Measure 2: Residential Building Design at Illinois Parcels

Based on the long-term measurement data collected in Measure 1 and the predicted Project + Future site noise levels, the Illinois Parcel building developers will design the buildings' exterior facades (including windows) to reduce exterior noise levels to a maximum of 45 dBA LDN at the interiors of dwelling units, and to 50 dBA L_{eq} at the interiors of any other space where the principal use is non-residential. This measure would satisfy the State of California Title 24 requirement.

In addition, the Illinois Parcel building developers will design the exterior façade of the Illinois Parcels to reduce maximum interior noise levels (LMAX) from AIC activities during nighttime hours (10 p.m. to 7 a.m.) to the maximum extent feasible with the goal of ensuring maximum interior noise levels of 50 dBA LMAX, where feasible as determined by the noise consultant conducting noise measurements in accordance with Measure 1. Mitigation of LMAX levels is not required by Title 24 and would be an additive measure.

Measure 3: Development of Outdoor Use at Illinois Parcels

Based on the findings in the EIR that future traffic noise levels along Illinois Street would exceed 65 dBA LDN, as well as the potential for impact from AIC operations such as hoods, mechanical venting, etc., the DDA will require that the Port include in Illinois Parcel conveyance documents a requirement that unprotected outdoor use areas associated with residential development along Illinois Street shall be avoided where feasible – this would include playgrounds and patio areas but would exclude balconies and any pedestrian and/or service

passageways. The DDA will require the Port to include in conveyance documents for the Illinois Parcels a requirement that whenever feasible, the Illinois Parcel building developers will locate outdoor use areas associated with residential development along Illinois Street at the east side or interior of any residential buildings, which will shield the spaces from noise along and across Illinois Street. In addition, where outdoor use areas associated with residential development along Illinois Street are built, they must incorporate mitigation to reduce noise levels to up to 70 dBA LDN.

Measure 4: Land Use Restriction at Ground Floor at Illinois Parcels

The Pier 70 SUD Design for Development document will prohibit any residential uses on the ground floor of any building on the Illinois Parcels. Instead, the Design for Development document will authorize retail, institutional, office, arts, and PDR-1 uses on the ground floor of buildings at the Illinois Parcels, which are more compatible with the current activities at AIC and would present fewer potential land use conflicts with ground-floor AIC operations, such as the AIC loading docks located on the western side of Illinois Street. Additionally, buildings at the Illinois Parcels are required to have a minimum ground floor height of 14 feet, with the exception of parcel PKN, putting the first residential level generally above the level of AIC loading docks.

Measure 5: Required Disclosure to Future Owners/Lessees of Residential Units Located within the Illinois Parcels

Prior to conveyance of each Illinois Parcel, a notice of special restrictions must be recorded against the applicable Illinois Parcels containing the following disclosure to lessees/purchasers in all buildings fronting Illinois Street:

“DISCLOSURE OF NEIGHBORING LIGHT INDUSTRIAL USE(S): You are purchasing or leasing property that is adjacent to or nearby to the existing American Industrial Center (AIC). As of [DATE], the AIC is located in a PDR-1-G (Production, Distribution and Repair – General) zoning district and contains light industrial, as well as office, retail, and other uses. Consistent with such zoning, the AIC operations generate noise associated with truck traffic and loading activities at the AIC and other impacts at all hours of the day, seven days per week, even if operating in conformance with existing laws and regulations and locally accepted customs and standards for operations of such uses. California law provides: “Nothing which is done or maintained under the express authority of a statute can be deemed a nuisance.” (Cal. Civil Code Section 3482). You should be prepared to accept such inconveniences or discomforts as a normal and necessary aspect of living near the AIC, and understand that the AIC is not required to alter its current or future activities undertaken in compliance with applicable laws and zoning regulations after construction of your building.”

The notice will require the applicable property owners to provide the disclosure to lessees prior to signing a lease, and to purchasers at the time required by California Civil Code Section 1102.3.

Measure 6: Condominium Governing Documents/Property Management Agreement for Residential Development on Illinois Parcels to Include Meet and Confer Process, Designated Liaison

Conveyance documents for the Illinois Parcels will require the applicable developer to include the following provisions in the recorded covenants, conditions and restrictions ("CC&Rs") (or other applicable governing documents) for any future residential condominium development governing documents for any future residential condominium development and/or the property management agreement for any future rental residential development the following:

Establishment of a point of contact within the homeowners association and/or property manager to receive any resident complaints regarding noise or other issues related to AIC operations prior to any such complaints being submitted to the AIC. Such point of contact shall be responsible for providing to complainant a copy of the DISCLOSURE OF NEIGHBORING LIGHT INDUSTRIAL USE(S).

- Establishment of a "meet and confer" process to (a) receive any resident complaints regarding noise or other issues related to AIC operations, and (b) consistent with the DISCLOSURE OF NEIGHBORING LIGHT INDUSTRIAL USE(S), resolve directly with AIC such complaints, with the goal of resolving informally between the residential project and AIC any resident complaints prior to the complainant's filing of a formal complaint with the City or other regulatory agency.
- Designation of a representative of the condominium association (in the case of a residential condominium development) and/or property owner/management company (in case of a residential rental development) to act as a liaison with the AIC. The liaison shall promote open and regular communication between the residential project and AIC. The liaison shall work with appropriate AIC representatives to ensure that both the occupants of the Illinois Street project and AIC (and their respective residents/tenants) receive advance notice of events that may affect residents or AIC tenants, and to minimize the disruption associated with such events.

SAN FRANCISCO PLANNING DEPARTMENT

Planning Commission Motion No. 19977

HEARING DATE: AUGUST 24, 2017

P (Public) Zoning District
40-X and 65-X Height and Bulk Districts
Block/Lot: 4052/001, 4110/001 and 008A, 4111/004, and 4120/002
Project Sponsor: Port of San Francisco and FC Pier 70, LLC
Staff Contact: Richard Sucre - (415) 575-9108
richard.sucre@sfgov.org

ADOPTING ENVIRONMENTAL FINDINGS PURSUANT TO THE CALIFORNIA ENVIRONMENTAL QUALITY ACT, INCLUDING FINDINGS OF FACT, FINDINGS REGARDING SIGNIFICANT IMPACTS AND SIGNIFICANT AND UNAVOIDABLE IMPACTS, EVALUATION OF MITIGATION MEASURES AND ALTERNATIVES, AND A STATEMENT OF OVERRIDING CONSIDERATIONS RELATED TO APPROVALS FOR THE PIER 70 MIXED-USE PROJECT ("PROJECT"), LOCATED ON ASSESSOR'S BLOCK 4052 LOT 001, BLOCK 4110 LOTS 001 and 008A, BLOCK 4111 LOT 004 and BLOCK 4120 LOT 002.

PREAMBLE

The Pier 70 Mixed-Use Project ("Project") comprises a project site of approximately 35-acres, bounded by Illinois Street to the west, 20th Street to the north, San Francisco Bay to the east, and 22nd Street to the south. Together, the Port of San Francisco ("Port") and FC Pier 70, LLC ("Forest City") are project sponsors for the Project. The Project is a mixed-use development containing two development areas—the "28-Acre Site" and the "Illinois Parcels"—that will include substantial residential uses (including affordable housing), office, retail, light industrial, arts, parks and open space areas.

The "28-Acre Site" is an approximately 28-acre area located between 20th, Michigan, and 22nd streets, and San Francisco Bay. This site includes Assessor's Block 4052/Lot 001 and Lot 002 and Block 4111/Lot 003 and Lot 004. The "Illinois Parcels" form an approximately 7-acre site that consists of an approximately 3.4-acre Port-owned parcel, called the "20th/Illinois Parcel," along Illinois Street at 20th Street (Assessor's Block 4110/Lot 001) and the approximately 3.6-acre "Hoedown Yard," at Illinois and 22nd streets (Assessor's Block 4120/Lot 002 and Block 4110/Lot 008A), which is owned by PG&E. The Hoedown Yard includes a City-owned 0.2-acre portion of street right-of-way that bisects the site.

The Project would rezone the entire 35-acre project site (including the 28-Acre Site and the Illinois Parcels) and establish land use controls for the project site through adoption of the Pier 70 Special Use District (SUD), and incorporation of design standards and guidelines in a proposed *Pier 70 Design for Development* document. The Project would include the rehabilitation and adaptive reuse of three of the 12

on-site contributing resources in the Union Iron Works Historic District, and retention of the majority of one on-site contributing resource (Irish Hill). The Project would demolish eight remaining on-site contributing resources and partially demolish the single, non-contributing structure, Slipways 5 through 8, which are currently covered by fill and asphalt. As envisioned, the Project would include market-rate and affordable residential uses, commercial use, RALI uses,¹ parking, shoreline improvements, infrastructure development and street improvements, and public open space. The Project involves a flexible land use program under which certain parcels on the project site could be designated for either commercial-office or residential uses, depending on future market demand. Depending on the uses proposed, the Project would include between 1,645 to 3,025 residential units, a maximum of 1,102,250 to 2,262,350 gross square feet (gsf) of commercial-office use, and a maximum of 494,100 to 518,700 gsf of retail-light industrial-arts use. The Project also includes construction of transportation and circulation improvements, new and upgraded utilities and infrastructure, geotechnical and shoreline improvements, between 3,215 to 3,345 off-street parking spaces in proposed buildings and district parking structures, and nine acres of publicly-owned open space. New buildings would range in height from 50 to 90 feet, consistent with Proposition F, which was passed by San Francisco voters in November 2014. Under the Project, development of the 28-Acre Site would include up to approximately 3,422,265 gsf of construction in new buildings and improvements to existing structures (excluding square footage allocated to accessory and structured parking). Development of the Illinois Parcels would include up to approximately 801,400 gsf of construction in new buildings (excluding square footage allocated to accessory parking). New buildings on the Illinois Parcels would not exceed a height of 65 feet. The Project is more particularly described in Attachment A (See Below).

The Project Sponsors filed an Environmental Evaluation Application for the Project with the Department on November 10, 2014.

Pursuant to and in accordance with the requirements of Section 21094 of CEQA and Sections 15063 and 15082 of the CEQA Guidelines, the San Francisco Planning Department ("Department"), as lead agency, published and circulated a Notice of Preparation ("NOP") on May 6, 2015, which notice solicited comments regarding the scope of the environmental impact report ("EIR") for the proposed project. The NOP and its 30-day public review comment period were advertised in a newspaper of general circulation in San Francisco and mailed to governmental agencies, organizations and persons interested in the potential impacts of the proposed project. The Department held a public scoping meeting on May 28, 2015, at the Port of San Francisco, Pier 1.

During the approximately 30-day public scoping period that ended on June 5, 2015, the Department accepted comments from agencies and interested parties that identified environmental issues that should be addressed in the EIR. Comments received during the scoping process were considered in preparation of the Draft EIR.

¹ The Project Sponsors describe the RALI use as including neighborhood-serving retail, arts activity, eating and drinking places, production distribution and repair, light manufacturing, and entertainment establishments.

The Department prepared the Draft EIR, which describes the Draft EIR Project and the environmental setting, analyzes potential impacts, identifies mitigation measures for impacts found to be significant or potentially significant, and evaluates alternatives to the Draft EIR Project. The Draft EIR assesses the potential construction and operational impacts of the Draft EIR Project on the environment, and the potential cumulative impacts associated with the Draft EIR Project in combination with other past, present, and future actions with potential for impacts on the same resources. The analysis of potential environmental impacts in the Draft EIR utilizes significance criteria that are based on the San Francisco Planning Department Environmental Planning Division guidance regarding the environmental effects to be considered significant. The Environmental Planning Division's guidance is, in turn, based on CEQA Guidelines Appendix G, with some modifications.

The Department published a Draft EIR for the project on December 21, 2016, and circulated the Draft EIR to local, state, and federal agencies and to interested organizations and individuals for public review. On December 21, 2016, the Department also distributed notices of availability of the Draft EIR; published notification of its availability in a newspaper of general circulation in San Francisco; posted the notice of availability at the San Francisco County Clerk's office; and posted notices at locations within the project area. The Planning Commission held a public hearing on February 9, 2017, to solicit testimony on the Draft EIR during the public review period. A court reporter, present at the public hearing, transcribed the oral comments verbatim, and prepared written transcripts. The Department also received written comments on the Draft EIR, which were sent through mail, fax, hand delivery, or email. The Department accepted public comment on the Draft EIR until February 21, 2017.

The San Francisco Planning Department then prepared the Comments and Responses to Comments on Draft EIR document ("RTC"). The RTC document was published on August 9, 2017, and includes copies of all of the comments received on the Draft EIR and written responses to each comment.

During the period between publication of the Draft EIR and the RTC document, the Project Sponsor has requested to adopt three variants into the Project, including the Reduced Off-Haul Variant, the Wastewater Treatment and Reuse System Variant, and the Irish Hill Passageway Variant. Thus, these three variants are added to the Project Description as part of the Project. The Reduced Off-Haul Variant would minimize the overall volume of excavated soils and the number of off-haul truck trips required for the transport and disposal of excavated soils. Under the Wastewater Treatment and Reuse System Variant, blackwater, graywater, and rainwater would be collected from all newly constructed buildings, treated, and reused for toilet and urinal flushing, irrigation, and cooling tower makeup. This variant differs from the project without the variant, because it assumes blackwater is treated and recycled and that all newly constructed buildings would form a district system. Finally, the Irish Hill Passageway Variant would realign the proposed pedestrian passageway between Illinois Street and the proposed Irish Hill Playground in order to create a view corridor through the proposed infill construction, from Illinois Street to the Irish Hill landscape feature. Under this Variant, the 40-foot-wide pedestrian passageway connecting Illinois Street and the proposed Irish Hill Playground would separate construction within Parcel PKS and Parcel HDY2 at the southwest corner of the project site. The pedestrian passageway would be shifted northward by approximately 165 feet, to bisect Parcel PKS

(which would become PKS1 and HDY3 with this variant), to allow views of the western face of the Irish Hill remnant from Illinois Street. These variants were fully studied in the Draft EIR.

In addition to describing and analyzing the physical, environmental impacts of the revisions to the Project, the RTC document provided additional, updated information, clarification and modifications on issues raised by commenters, as well as Planning Department staff-initiated text changes to the Draft EIR. The Final EIR, which includes the Draft EIR, the RTC document, the Appendices to the Draft EIR and RTC document, and all of the supporting information, has been reviewed and considered. The RTC documents and appendices and all supporting information do not add significant new information to the Draft EIR that would individually or collectively constitute significant new information within the meaning of Public Resources Code Section 21092.1 or CEQA Guidelines Section 15088.5 so as to require recirculation of the Final EIR (or any portion thereof) under CEQA. The RTC documents and appendices and all supporting information contain no information revealing (1) any new significant environmental impact that would result from the Project or from a new mitigation measure proposed to be implemented, (2) any substantial increase in the severity of a previously identified environmental impact, (3) any feasible project alternative or mitigation measure considerably different from others previously analyzed that would clearly lessen the environmental impacts of the Project, but that was rejected by the project sponsor, or (4) that the Draft EIR was so fundamentally and basically inadequate and conclusory in nature that meaningful public review and comment were precluded.

The Commission reviewed and considered the Final Environmental Impact Report (FEIR) for the Project and found the contents of said report and the procedures through which the FEIR was prepared, publicized and reviewed complied with the California Environmental Quality Act (Public Resources Code section 21000 *et seq.*) ("CEQA"), the CEQA Guidelines (14 Cal. Code Reg. section 15000 *et seq.*), and Chapter 31 of the San Francisco Administrative Code.

The Commission found the FEIR was adequate, accurate and objective, reflected the independent analysis and judgment of the Department and the Planning Commission, and that the summary of comments and responses contained no significant revisions to the Draft EIR, and certified the Final EIR for the Project in compliance with CEQA, the CEQA Guidelines and Chapter 31 by its Motion No. 19976.

The Commission, in certifying the FEIR, found that the Project described in the FEIR will have the following significant and unavoidable environmental impacts:

- Cause one individual Muni route (48 Quintara/24th Street bus routes) to exceed 85 percent capacity utilization in the a.m. and p.m. peak hours in both the inbound and outbound directions;
- Cause loading demand during the peak loading hour to not be adequately accommodated by proposed on-site/off-street loading supply or in proposed on-street loading zones, which may create hazardous conditions or significant delays for transit, bicycles, or pedestrians;
- Contribute considerably to significant cumulative transit impacts on the 48 Quintara/24th Street and 22 Fillmore bus routes;
- Cause a substantial temporary or periodic increase in ambient noise levels during construction in the project vicinity above levels existing without the project;

- Cause substantial permanent increases in ambient noise levels in the project vicinity (22nd Street [east of Tennessee Street to east of Illinois Street]; and Illinois Street [20th Street to south of 22nd Street]);
- Combine with cumulative development to cause a substantial permanent increase in ambient noise levels in the project vicinity (22nd Street [east of Tennessee Street to east of Illinois Street] and Illinois Street [20th Street to south of 22nd Street]);
- Generate fugitive dust and criteria air pollutants during construction, which would violate an air quality standard, contribute substantially to an existing or projected air quality violation, and result in a cumulatively considerable net increase in criteria air pollutants;
- Result in operational emissions of criteria air pollutants at levels that would violate an air quality standard, contribute to an existing or projected air quality violation, and result in a cumulatively considerable net increase in criteria air pollutants; and
- Combine with past, present, and reasonably foreseeable future development in the project area to contribute to cumulative regional air quality impacts.

The Planning Commission Secretary is the custodian of records for the Planning Department materials, located in the File for Case No. 2014-001272ENV, at 1650 Mission Street, Fourth Floor, San Francisco, California.

On August 24, 2017, the Commission conducted a duly noticed public hearing at a regularly scheduled meeting on Case No. 2014-001272ENV to consider the approval of the Project. The Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of the Project, the Planning Department staff, expert consultants and other interested parties.

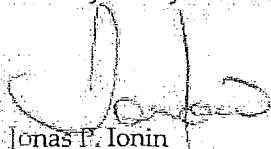

This Commission has reviewed the entire record of this proceeding, the Environmental Findings, attached to this Motion as Attachment A and incorporated fully by this reference, regarding the alternatives, mitigation measures, environmental impacts analyzed in the FEIR and overriding considerations for approving the Project, and the proposed MMRP attached as Attachment B and incorporated fully by this reference, which material was made available to the public.

MOVED, that the Planning Commission hereby adopts these findings under the California Environmental Quality Act, including rejecting alternatives as infeasible and adopting a Statement of Overriding Considerations, as further set forth in Attachment A hereto, and adopts the MMRP attached as Attachment B, based on substantial evidence in the entire record of this proceeding.

Motion No. 19977
August 24, 2017

CASE NO 2014-001272ENV
Pier 70 Mixed-Use Project

I hereby certify that the Planning Commission ADOPTED the foregoing Motion on August 24, 2017.

Jonas P. Ionin
Commission Secretary

AYES: Hillis, Johnson, Koppel, Melgar, Moore and Richards

NAYES: None

ABSENT: Fong

ADOPTED: August 24, 2017

Attachment A

Pier 70 Mixed-Use Project

California Environmental Quality Act Findings:

FINDINGS OF FACT, EVALUATION OF MITIGATION MEASURES AND ALTERNATIVES, AND STATEMENT OF OVERRIDING CONSIDERATIONS

SAN FRANCISCO PLANNING COMMISSION

August 24, 2017

In determining to approve the Pier 70 Mixed-Use Project ("Project"), as described in Section I.A, Project Description, below, the following findings of fact and decisions regarding mitigation measures and alternatives are made and adopted, and the statement of overriding considerations is made and adopted, based on substantial evidence in the whole record of this proceeding and under the California Environmental Quality Act, California Public Resources Code Sections 21000-21189.3 ("CEQA"), particularly Sections 21081 and 21081.5, the Guidelines for implementation of CEQA, California Code of Regulations, Title 14, Sections 15000-15387 ("CEQA Guidelines"), particularly Sections 15091 through 15093, and Chapter 31 of the San Francisco Administrative Code.

This document is organized as follows:

Section I provides a description of the project proposed for adoption, project objectives, the environmental review process for the project, the approval actions to be taken, and the location of records;

Section II identifies the impacts that were not studied in the EIR;

Section III identifies the impacts found not to be significant that do not require mitigation;

Section IV identifies potentially significant impacts that can be avoided or reduced to less-than-significant levels through mitigation and describes the disposition of the mitigation measures;

Section V identifies significant impacts that cannot be avoided or reduced to less-than-significant levels and describes any applicable mitigation measures as well as the disposition of the mitigation measures;

Section VI evaluates the different project alternatives and the economic, legal, social, technological, and other considerations that support approval of the project and the rejection as infeasible of alternatives, or elements thereof, analyzed; and

Section VII presents a statement of overriding considerations setting forth specific reasons in support of the actions for the project and the rejection as infeasible of the alternatives not incorporated into the project.

The Mitigation Monitoring and Reporting Program ("MMRP") for the mitigation measures that have been proposed for adoption is attached with these findings as Attachment B to Motion No. 19977. The MMRP is required by CEQA Section 21081.6 and CEQA Guidelines Section 15091. The MMRP provides a table setting forth each mitigation measure listed in the Final Environmental Impact Report for the Project ("Final EIR") that is required to reduce or avoid a significant adverse impact. The MMRP also specifies the agency responsible for implementation of each measure and establishes monitoring actions and a monitoring schedule. The full text of the mitigation measures is set forth in the MMRP.

These findings are based upon substantial evidence in the entire record before the San Francisco Planning Commission. The references set forth in these findings to certain pages or sections of the Draft Environmental Impact Report ("Draft EIR" or "DEIR") or the Responses to Comments document ("RTC") in the Final EIR are for ease of reference and are not intended to provide an exhaustive list of the evidence relied upon for these findings.

I. PROJECT DESCRIPTION, OBJECTIVES, ENVIRONMENTAL REVIEW PROCESS, APPROVAL ACTIONS, AND RECORDS

The Project is a mixed-use development project, located on an approximately 35-acre portion of Pier 70 bounded by Illinois Street to the west, 20th Street to the north, San Francisco Bay to the east, and 22nd Street to the south. Together, the Port of San Francisco ("Port") and FC Pier 70, LLC ("Forest City") are project sponsors for the Project. The Project contains two development areas: the "28-Acre Site" and the "Illinois Parcels." The "28-Acre Site" is an approximately 28-acre area located between 20th, Michigan, and 22nd streets, and San Francisco Bay. This site includes Assessor's Block 4052/Lot 001 and Lot 002 and Block 4111/Lot 003 and Lot 004. The "Illinois Parcels" form an approximately 7-acre site that consists of an approximately 3.4-acre Port-owned parcel, called the "20th/Illinois Parcel," along Illinois Street at 20th Street (Assessor's Block 4110/Lot 001) and the approximately 3.6-acre "Hoedown Yard," at Illinois and 22nd streets (Assessor's Block 4120/Lot 002 and Block 4110/Lot 008A), which is owned by PG&E. The Hoedown Yard includes a City-owned 0.2-acre portion of street right-of-way that bisects the site.

The Project would provide a phased mixed-use land use program in which certain parcels could be developed with either primarily commercial uses or residential uses, with much of the ground floor dedicated to retail/arts/light-industrial ("RALI") uses. In addition, two parcels on the project site (Parcels C1 and C2) could be developed for structured parking, residential/commercial use, or solely residential use, depending on future market demand for parking and future travel demand patterns. Development of the 28-Acre Site would include up to a maximum of approximately 3,422,265 gross square feet (gsf) of construction in new buildings and improvements to existing structures (excluding square footage allocated to accessory parking). New buildings would have maximum heights of 50 to 90 feet. Development of the Illinois Parcels would include up to a maximum of approximately 801,400 gsf in new buildings; these new buildings would not exceed a height of 65 feet, which is the existing height limit along Illinois Street on both the Port-owned and the western portion of the Hoedown Yard.

A. Project Description.

1. Project Location and Site Characteristics.

a. Project Site and Vicinity.

The 35-acre project site is located within the 69-acre Pier 70 area on San Francisco Bay along San Francisco's Central Waterfront. It is just south of Mission Bay South and east of the Potrero Hill and Dogpatch neighborhoods. The American Industrial Center, a large multi-tenant light-industrial building, is located across Illinois Street, west of the Illinois Parcels. To the north of the project site are the BAE Systems Ship Repair facility, the 20th Street Historic Core (Historic Core) of the Union Iron Works Historic District, future Crane Cove Park (construction of which is scheduled to begin in 2016), and the Mission Bay South redevelopment area. To the south of the project site are PG&E's Potrero Substation (a functioning high-voltage transmission substation serving San Francisco), the decommissioned Potrero Power Plant, and the TransBay Cable converter station, which connects the Pittsburg-San Francisco 400-megawatt direct-current, underwater electric transmission cable to PG&E's electricity transmission grid by way of the Potrero Substation. There is a dilapidated pier extending from the project site into San Francisco Bay immediately northeast of the slipways, but is not part of the Project analyzed in this EIR.

The project site currently contains approximately 351,800 gsf of buildings and facilities, most of which are deteriorating. Current uses on the site, all of which are temporary, include special event venues, artists' studios, self-storage facilities, warehouses, automobile storage lots, a parking lot, a soil recycling yard, and office spaces. The project site has varying topography, sloping up from San Francisco Bay, with an approximately 30-foot increase in elevation at the western extent of the 28-Acre Site. The 35-foot-tall remnant of Irish Hill is located in the southwestern portion of the project site and straddles both the 28-Acre Site and Illinois Parcels. Impervious surface covers approximately 98 percent of the 28-Acre Site and approximately 43 percent of the Illinois Parcels.

b. Union Iron Works Historic District.

Most of Pier 70 (66 of the total 69 acres) is listed in the Union Iron Works Historic District. The Historic District's National Register nomination report documents the significance of Union Iron Works (UIW) and Bethlehem Steel at Pier 70 and their role in the nation's maritime history, supporting multiple war efforts, as well as in the evolution of industrial architecture in San Francisco. The Historic District's 44 contributing features and 10 non-contributing features include "buildings, piers, slips, cranes, segments of a railroad network, and landscape elements." Most of the buildings are of an industrial architectural style and historic use, and made of "unreinforced brick masonry, concrete, and steel framing, with corrugated iron or steel cladding." UIW built or repaired ships at Pier 70 from the time of the Spanish American War in 1898, and ship repair operations continue today.

The project site contains 12 of the 44 contributing features in the Historic District and one of the ten non-contributing features in the Historic District. The Hoedown Yard is not within the Historic District, but it has also been used for industrial purposes since the 1880s. Identifiable historical uses at the Hoedown Yard appear to have been limited to the storage of fuel oil in above-ground storage tanks.

(30,000- to 40,000-barrel capacity) for adjacent industrial activities. PG&E acquired the Hoedown Yard over time from various companies, including UIW and Bethlehem Steel.

c. Historic Uplands and Tidelands.

The largest portion of the Pier 70 site comprises lands mapped and sold by the Board of Tide Land Commissioners (BTLC). The sales were authorized by Chapter 543 of the Statutes of 1868. Most of the BTLC lots were owned by Bethlehem Steel or Risdon Iron & Locomotive Works by the turn of the nineteenth century into the twentieth century. All of the filled lands north of the Bethlehem Steel property appear to have been reserved from sale by the State, including Illinois Street, portions of 20th and Michigan streets, and the Central Basin. The State conveyed these lands to the City as part of the Burton Act grant.

d. Proposition F.

On November 4, 2014, the San Francisco electorate approved Proposition F, a ballot measure that authorized a height increase at the 28-Acre Site from the existing 40 to 90 feet, directed that the project proposed on the 28-Acre Site undergo environmental review, and established policies regarding the provision of certain significant public benefits as part of the proposed project at the 28-Acre Site. Proposition F complied with the requirement established by Proposition B (June 2014) for San Francisco voter approval for any proposed height limit increase along the San Francisco waterfront on Port-owned property that would exceed existing height limits in effect on January 1, 2014. Proposition B does not apply to the Hoedown Yard, because the property is not owned by the Port. Proposition F conditioned the effective date of the proposed height increase on completion of an EIR and approval of a development plan for the 28-Acre Site by the Port Commission and Board of Supervisors. Proposition F did not address heights on the Illinois Parcels.

The height increase approved in Proposition F was contingent on the City's later approval of a project at the 28-Acre Site that would include the following:

- Provision of 9 acres of waterfront parks, playgrounds, and recreation opportunities on and adjacent to the 28-Acre Site;
- Construction of between approximately 1,000 and 2,000 new housing units;
- Provision of 30 percent of all new housing units at below-market rates;
- Stipulation that the majority of new housing units be offered for rent;
- Restoration of those historic structures on the site that are essential to the integrity of the Union Iron Works Historic District;
- Creation of substantial new and renovated space for arts, cultural, small-scale manufacturing, local retail, and neighborhood-serving uses;
- Preservation of the artist community currently located in Building 11 (the Noonan Building) by providing new state-of-the-art, on-site space that is affordable, functional and aesthetic, and by continuing to accommodate the Noonan Building community within the Union Iron Works Historic District during any transition period associated with the construction of new space;

- Creation of between approximately 1,000,000 and 2,000,000 square feet of new commercial and office space; and
- Provision of accessory parking facilities and other transportation infrastructure as part of a transportation demand management program that enhances mobility in the district and neighborhood.

2. Project Characteristics.

a. Demolition and Rehabilitation.

The project site has 12 contributors to the Union Iron Works Historic District and one non-contributor, totaling 351,800 gsf. The Project includes rehabilitation, in compliance with the Secretary of the Interior's Standards for the Treatment of Historic Properties, of approximately 227,800 gsf in Buildings 2, 12, and 21 for reuse. Buildings 2 and 12 would remain in their current location. Building 21 would be relocated about 75 feet to the southeast, to create public frontage along the waterfront park and maintain a visual connection to Buildings 2 and 12. Seven of the remaining contributing buildings and structures on the site (Buildings 11, 15, 16, 19, 25, 32, and 66), containing 92,945 gsf, would be demolished. A small portion of the contributing feature, the remnant of Irish Hill, would also be removed. The Port has proposed to demolish the 30,940-gsf Building 117, located on the Project site, as part of the 20th Street Historic Core project to allow the adjacent building (Building 116) to be rehabilitated to meet fire code. This demolition is proposed separately from and prior to approval of the Project. The non-contributing feature on the project site (subterranean portions of Slipways 5 through 8) would be partially removed as part of the Project.

b. Special Use District and Land Use Program

The Project amends the Planning Code to create the Pier 70 Special Use District (SUD), and amends the Zoning Maps to make conforming changes related to Pier 70 SUD. The Pier 70 SUD requires compliance with the proposed Pier 70 SUD Design for Development, which is discussed on p. 2.35 of the DEIR. Under the SUD, the Project provides a mixed-use land use program in which certain parcels (Parcels F, G, H1, H2, HDY1, and HDY2) and Building 2 could be developed for either primarily commercial uses or residential uses. Parcels C1 and C2 would be designated for structured parking, but could be developed with either residential or commercial (Parcel C1) or residential uses (Parcel C2), depending on future methods of travel for residents and visitors.

The Zoning Maps are amended to show changes from the current zoning (M-2 [Heavy Industrial] and P [Public]) to the Pier 70 SUD. Height limits on the 28-Acre Site would be increased from 40 to 90 feet, except for a 100-foot-wide portion adjacent to the shoreline that would remain at 40 feet, as authorized by Proposition F in November 2014. The Zoning Map amendments also modify the existing height limits on an eastern portion of the Hoedown Yard from 40 to 65 feet. The height limits for the Illinois Street parcels would remain the same at 65 feet. Height limits are further restricted through the design standards established in the Pier 70 SUD Design for Development (Design for Development). The Project also amends the Port's Waterfront Land Use Plan (WLUP).

Proposed new zoning in the SUD would permit the following uses, listed below by parcel and shown in DEIR Table 2.2: Proposed Pier 70 Special Use District – Primary Uses by Parcel and Rehabilitated Building.

On the 28-Acre Site:

- Parcels A and B: Restricted to primarily commercial use, with RALI uses allowed on the ground floor.
- Parcel C1: Permitted for commercial, residential, or structured parking uses with RALI uses allowed on the ground floor.
- Parcel C2: Permitted for either residential or structured parking uses, with RALI uses allowed on the ground floor.
- Parcels D, E1, E2, and E3: Restricted to primarily residential use, with RALI uses allowed on the ground floor.
- Parcels F, G, H1, and H2, and Building 2: Permitted for either commercial or residential uses, with RALI uses allowed on the ground floor.
- Parcel E4 and Buildings 12 and 21: Permitted for RALI uses with commercial allowed on the upper floor of Parcel E4 and Building 12.
- All 28-Acre Site parcels except existing Buildings 2, 12, and 21 and Parcel E4: Permitted to include accessory parking.

On the Illinois Parcels:

- 20th/Illinois Parcel (Subdivided into Parcel K North [PKN] and Parcel K South [PKS]): Restricted to primarily residential use, with RALI uses on the ground floor.
- Hoedown Yard (Subdivided into Parcel Hoedown Yard 1 [HDY1] and Parcel Hoedown Yard 2 [HDY2]): Permitted for either commercial or residential uses, with RALI uses allowed on the ground floor.
- All Illinois Parcels: Permitted to include accessory parking.

To cover a full range of potential land uses that could be developed under the proposed SUD, the EIR analyzed a maximum residential-use scenario and a maximum commercial-use scenario for the project site. The Maximum Residential Scenario and the Maximum Commercial Scenario for both the 28-Acre Site and the Illinois Parcels are mutually exclusive: the maximum commercial and maximum residential programs could not both be built. Depending on the uses developed over time, the Project's total gross square feet (gsf) would range between a maximum of 4,212,230 gsf, under the Maximum Residential Scenario, to 4,179,300 gsf, under the Maximum Commercial Scenario, excluding square footage associated with accessory and structured parking. Total construction would not exceed a maximum of 3,422,265 gsf on the 28-Acre Site and 801,400 gsf on the Illinois Parcels.

Maximum Residential Scenario

Development under the Maximum Residential Scenario on the 28-Acre Site would include a maximum of up to 3,410,830 gsf in new and renovated buildings (excluding square footage allocated to parking). Under this scenario, there would be up to 2,150 residential units (up to approximately 710 studio/one-bedroom units and 1,440 two- or more bedroom units), totaling about 1,870,000 gsf, as well as approximately 1,095,650 gsf of commercial space and 445,180 gsf of RALI space (241,655 gsf of retail space, 60,415 gsf of restaurant space, and 143,110 gsf of arts/light-industrial space). Under a scenario where the Project provides up to 10 percent three-bedroom units, there would be up to 2,150 residential units (up to approximately 925 studio/one-bedroom units and 1,225 two- or more bedroom units), totaling about 1,870,000 gsf. The overall development envelope includes rehabilitation of 237,800 gsf in Buildings 2, 12, and 21 in compliance with the Secretary of the Interior's Standards for the Treatment of Historic Properties.

Development under the Maximum Residential Scenario on the Illinois Parcels would include a maximum of up to 801,400 gsf in newly constructed buildings. Under this scenario, there would be up to 875 residential units (up to approximately 290 studio/one-bedroom units and 585 two- or more bedroom units), totaling about 760,000 gsf, as well as approximately 6,600 gsf of commercial area and approximately 34,800 gsf of RALI space (27,840 gsf of retail space and 6,960 gsf of restaurant space) in new buildings. Under a scenario where the Project provides up to 10 percent three-bedroom units, there would be up to 875 residential units (up to approximately 377 studio/one-bedroom units and 498 two- or more bedroom units) totaling about 760,000 gsf. Under the Maximum Residential Scenario a maximum of 3,370 off-street parking spaces would be allowed.

Maximum Commercial Scenario

Development on the 28-Acre Site under the Maximum Commercial Scenario would include a maximum of up to about 3,422,265 gsf in new and renovated buildings. Under this scenario, there would be up to 1,100 residential units (up to approximately 365 studio/one-bedroom units and 735 two- or more bedroom units), totaling about 957,000 gsf, as well as approximately 2,024,050 gsf of commercial area, and 441,215 gsf of RALI space (238,485 gsf of retail space, 59,620 gsf of restaurant space, and 143,110 gsf of arts/light-industrial space). Under a scenario where the Project provides up to 10 percent three-bedroom units, there would be up to 1,100 residential units (up to approximately 473 studio/one-bedroom units and 627 two- or more bedroom units) totaling about 957,000 gsf. The overall development envelope includes the rehabilitation of 227,800 gsf in Buildings 2, 12, and 21 in compliance with the Secretary of the Interior's Standards for Treatment of Historic Properties.

Illinois Parcels

Development on the Illinois Parcels under the Maximum Commercial Scenario would include a maximum of about 757,035 gsf in new buildings. Under this scenario, there would be up to 545 residential units (up to approximately 180 studio/one-bedroom units and 365 two-or-more bedroom units), totaling about 473,000 gsf, as well as approximately 238,300 gsf of commercial area and approximately 45,735 gsf of RALI (36,590 gsf of retail space and 9,145 gsf of restaurant space) in new buildings. Under a scenario where the Project provides up to 10 percent three-bedroom units, 545 residential units (up to approximately 235 studio/one-bedroom units and 310 two-or-more bedroom units) totaling about 473,000 gsf. Under the Maximum Commercial Scenario a maximum of 3,496 off-street parking spaces would be allowed.

c. Public Trust Exchange.

Portions of the 28-Acre Site and Illinois Parcels are subject to the common law public trust for commerce, navigation, and fisheries and the statutory trust under the Burton Act, as amended (the Public Trust). In order to clarify the Public Trust status of portions of Pier 70, the Port has obtained State legislation (AB 418) that authorizes the State Lands Commission to approve a Public Trust exchange that would free some portions of the project site from the Public Trust while committing others to the Public Trust. To implement the Project in accordance with the proposed SUD, the Port and State Lands Commission would have to implement a public trust exchange that would lift the Public Trust from designated portions of Pier 70 in accordance with the terms of a negotiated trust exchange agreement meeting the requirements of AB 418. The Hoedown Yard is not subject to the Public Trust and will not be affected by the trust exchange.

d. Affordable Housing Program.

Under the Project, 30 percent of all completed residential units on the 28-Acre Site would be required to be offered at below market rate prices, and a majority of residential units constructed would be rentals, in compliance with Proposition F. Residential units on the Illinois Parcels would be subject to the affordable housing requirements in Section 415 of the Planning Code. Under Board of Supervisors Resolution No. 54-14, if the City exercises its option to purchase the Hoedown Yard from PG&E, proceeds from the sale of the Hoedown Yard would be directed to the City's HOPE SF housing program, which includes the Potrero Terrace and Annex HOPE SF project.

e. Pier 70 SUD Design for Development.

The Pier 70 SUD Design for Development sets forth the underlying vision and principles for development of the project site, and establishes implementing standards and design guidelines. The Design for Development includes building design standards and guidelines (Building Design Standards) that are intended to address compatibility of new development within the project site with the Historic District, guide rehabilitation of existing historic buildings as critical anchors, and encourage architecture of its own time in new construction.

Future vertical development at the project site, whether constructed by Forest City, Forest City affiliates, or third-party developers selected by the Port through broker-managed offerings, would be bound by the Design for Development, including the Building Design Standards.

The Design for Development provides standards and guidelines for Zoning and Land Use; Open Space & Streetscape Improvements; Streets and Streetscapes; Parking and Loading; Building Form, Massing, and Architecture; and Lighting, Signage, and Art.

f. Project Open Space Plan.

The Project includes 9 acres of publicly owned open space, in addition to private open space areas such as balconies, rooftops with active recreational spaces, and courtyards that would be accessible only to building occupants. The open spaces are anticipated to accommodate everyday passive uses as well as public outdoor events, including art exhibitions, theater performances, cultural events, outdoor fairs,

festivals and markets, outdoor film screenings, evening/night markets, food events, street fairs, and lecture services. Fewer than 100 events per year are anticipated and would likely include approximately 25 mid-size events attracting between 500 to 750 people, and four larger-size events attracting up to 5,000 people. The proposed open space would supplement recreational amenities in the vicinity of the project site, such as the future Crane Cove Park in the northwestern part of Pier 70, and would include extension of the Blue Greenway and Bay Trail through the southern half of the Pier 70 area. Publicly owned open space on the site is allocated as follows: Waterfront Promenade; Waterfront Terrace; Slipway Commons; Building 12 Plaza and Market Square; Irish Hill Playground; 20th Street Plaza; and Rooftop Open Space Areas.

g. Traffic and Circulation Plan.

i. Street Improvements, Circulation and Parking.

The primary streets on the project site would be 20th and 22nd streets, built out from west to east. Maryland Street would be a secondary north-south-running street designed as a shared street. New minor streets include a new 21st Street, running west to east from Illinois Street to the waterfront, and Louisiana Street, running north from 22nd Street. New traffic signals would be installed at the intersection of Illinois and 21st streets. Louisiana Street from 21st Street to 20th Street would include a jog to accommodate existing historic structures within the Historic Core. Except for the western side of Louisiana Street adjacent to the Historic Core, all new streets would include sidewalks, and street furniture where appropriate. Maryland, 20th, and 22nd streets would include bicycle infrastructure or signage. With the exception of Louisiana Street between 20th and 21st streets, all streets would be two-way, with a single lane of travel in each direction. Louisiana Street would be one-way in the southbound direction, with a single lane of travel.

As part of the Project, Michigan Street from the southern side of 20th Street towards 21st Street shall be narrowed from 80 to 68 feet with 12 feet of the right-of-way converted from a public street to private use, i.e., "vacated," and developed as part of the Illinois Parcels. Vehicle travel would not be connected through to 21st Street due to a grade change, but pedestrian pathways would connect.

The Project provides parking spaces within a site-wide maximum and a maximum ratio per use. Under the Maximum Residential Scenario a maximum of 3,370 off-street parking spaces would be allowed, and under the Maximum Commercial Scenario a maximum of 3,496 off-street parking spaces would be allowed. The Project provides about 285 on street parking spaces along most the streets internal to the project site under either scenario. One parking space per 1,000 square feet of gross floor area would be provided for office/commercial and RALI uses, and 0.75 parking spaces per residential unit would be allowed. If not developed as residential or commercial uses, planned structured parking on Parcels C1 and C2 would provide shared parking for multiple uses. The Illinois Parcels and most parcels on the 28-Acre Site, excluding Buildings 2, 12, and 21, would also have accessory parking. All residential parking would be unbundled, which means parking would be an optional, additional cost to the price of renting or purchasing a dwelling unit.

ii. Transportation Plan.

The Project includes a Pier 70 SUD Transportation Plan intended to manage transportation demands and to encourage sustainable transportation choices, consistent with the City of San Francisco's Transit First, Better Streets, Climate Action, and Transportation Sustainability Plans and Policies. The Pier 70 SUD Transportation Plan includes a transportation demand management ("TDM") plan, which is described in an exhibit to the Development Agreement for the Project. The TDM Plan provides a comprehensive strategy to manage the transportation demands that the Project would create, and is also required as a mitigation measure under the Final EIR [See Mitigation Measure M-AQ-1f]. The street improvements and TDM Plan would be the same for both the Maximum Residential Scenario and the Maximum Commercial Scenario.

The Project's TDM Plan would be administered and maintained by a Transportation Management Association (TMA). The TMA would be responsible for provision of shuttle service between the project site and local and regional transit hubs.

The TMA would work collaboratively with SFMTA and Bay Area Bike Share (BABS) representatives to finalize the design, location, installation timeline, and funding arrangements for both initial installation and ongoing operation and maintenance of any proposed bikesharing station. Supplementary components such as provision of passenger amenities, real-time occupancy data for shared parking facilities, on-street carshare spaces, unbundled parking for residents, and preferential treatment for high-occupancy vehicles would be coordinated and provided through the TMA, as required by the TDM Plan and mitigation measure.

iii. Bicycle and Pedestrian Improvements.

The Project includes bike lanes, bike-safety-oriented street design, and bike-parking facilities to promote bicycling in and around the project site. Under the provisions of the SUD, bike amenities would be constructed on the project site that would meet or exceed the existing Planning Code requirements at the time of permit submittal. Under the Maximum Residential Scenario, 1,142 Class 1 and 514 Class 2 bicycle parking spaces would be required. Sufficient Class 2 bicycle parking should also be provided at key entrance areas of the major open spaces. Under the Maximum Commercial Scenario, 995 Class 1 and 475 Class 2 bicycle parking spaces would be required. Improvements proposed for the Project include construction of Class II facilities (bicycle lanes) and Class III facilities (shared-lane markings and signage) on 20th, 22nd, and Maryland streets. A Class I separated bicycle and pedestrian facility would be provided along the Bay Trail and Blue Greenway the length of the project site along the shoreline, connecting at Georgia Street to the northbound path to Crane Cove Park and the southern waterfront park boundary to the future southern connection through the former Potrero Power Plant site.

Pedestrian travel would be encouraged throughout the project site by establishing a network of connected pedestrian pathways running both west-to-east and north-to-south to connect open spaces. Street and open space design would also incorporate pedestrian-safe sidewalk and street design and signage. All streets on the project site would include 9- to 18-foot-wide sidewalks. The project site is designed to make the area east of Maryland Street a predominantly pedestrian zone, and there would be no vehicular streets along the length of waterfront parks, with the exception of the north-south running portion of 20th Street. Maryland Street and 20th Street could potentially have a shared street condition, to reinforce the pedestrian connection from the western portion of the site, across the street, and to San Francisco Bay.

Both 20th and 22nd streets would feature pedestrian amenities to encourage walking from the Dogpatch neighborhood, as well as transit use along the Third and 22nd streets corridors.

iv. Loading.

The proposed new streets would provide access for emergency vehicles and off-street freight loading. Michigan, Louisiana, and 21st streets would be designed as primary on-street loading corridors.

h. Infrastructure and Utilities.

i. Potable Water.

Potable water distribution piping would be constructed in trenches under the planned streets to provide water for site uses and firefighting needs. To reduce potable water demand, high-efficiency fixtures and appliances would be installed in new buildings, and fixtures in existing buildings would be retrofitted, as required by City regulations.

ii. Recycled (Reclaimed) Water.

The project site is located within the City's designated recycled water use area and is subject to Article 22 of the San Francisco Public Works Code, the Recycled Water Use Ordinance, whose goal is to maximize the use of recycled water. Therefore, buildings and facilities that are subject to this ordinance must use recycled water for all uses authorized by the State once a source of recycled water is available and projects must include recycled water distribution systems within buildings as well as throughout the project sites. Although a source of recycled water is not yet available from the City, the project sponsors would install distribution pipelines to ultimately connect with the City's recycled water distribution system once it is constructed. Accordingly, the Project includes the installation of distribution pipelines beneath existing and proposed streets within the project area. Once the City's recycled water system is constructed, the Project's recycled water pipelines would connect to the City's recycled water system.

iii. On-Site Non-Potable Water.

San Francisco's Non-potable Water Ordinance requires new buildings larger than 250,000 square feet to use on-site "alternate water sources" of graywater, rainwater, and foundation drainage water to meet that building's toilet and urinal flushing and irrigation demands. The Project would include the diversion and reuse of graywater and rainwater for toilet and urinal flushing and irrigation.

iv. Auxiliary Water Supply System.

To meet supplemental firefighting water requirements for the Auxiliary Water Supply System (AWSS), the Project would be required to include on-site AWSS high-pressure distribution piping. The pipelines would be installed beneath existing and proposed streets and would supply fire hydrants within the project site for the purposes of firefighting. The AWSS may also include a permanent manifold installed upland of the shoreline that can be connected to a temporary, portable submersible pump for redundancy.

v. Wastewater (Sanitary Sewer) and Stormwater Facilities.

Wastewater and stormwater flows from the project site are currently conveyed to the Southeast Water Pollution Control Plant ("SEWPCP") for treatment via the City's combined sewer system. The Port also owns and maintains many gravity sewer lines that connect the existing buildings on the site to the SFPUC sewer lines. The project sponsors are considering three options for managing wastewater and stormwater flows from the project site: Option 1, Combined Sewer System; Option 2, Separate Wastewater and Stormwater Systems; and Option 3, Hybrid System.

vi. Electricity and Natural Gas.

The Project would replace overhead electrical distribution with a joint trench utilities distribution system which would follow the proposed realigned roadways. The Project would also extend the existing natural gas distribution system from 20th Street to connect to the 28-Acre Site. A new natural gas distribution system would be constructed to extend to the Illinois Parcels. New gas lines would be placed in the joint utilities trench distribution system following the realigned roadways.

The Project would comply with San Francisco Green Building Requirements for energy efficiency in new buildings. Energy-efficient appliances and energy-efficient lighting would be installed in the three rehabilitated historic buildings.

Back-up emergency diesel generators are required by the San Francisco Building Code for new buildings with occupied floor levels greater than 75 feet in height. There are 10 parcels (all in the 28-Acre Site) that would allow building heights of up to 90 feet: Parcels A, B, C1, C2, D, E1, F, G, H1, and H2. Each of the buildings on Parcels A, C1, C2, D, E1, F, G, H1, and H2 would have a back-up diesel generator, if built with occupied floor levels greater than 75 feet; such generators would operate in emergency situations, each having an average size of 400 horsepower. Due to the larger size of Parcel B, the building proposed for that parcel would have two 400-horsepower, back-up diesel generators to operate in emergency situations. In total, 11 generators are anticipated on the project site.

vii. Renewable Energy.

The Project is required to meet the State's Title 24 and the San Francisco Green Building Requirements for renewable energy and the Better Roof Requirements for Renewable Energy Standards. The Project would allow for roof-mounted or building-integrated solar photovoltaic (PV) systems and/or roof-mounted solar thermal hot water systems for all proposed buildings, excluding existing Buildings 2, 12, and 21. At least 15 percent of the roof area would include roof-mounted or building-integrated PV systems and/or roof-mounted solar thermal hot water systems that would be installed in residential and commercial buildings. These systems would partially offset the energy demands of the associated buildings. No ground-mounted facilities are proposed under the Project. The solar PV arrays located on various rooftops could be interconnected via a community microgrid that serves as a site-wide distribution network capable of balancing captive supply and demand resources to maintain stable service within the Project.

i. Grading and Stabilization Plan.

i. Site Grading.

The Project would involve excavation of soils for grading and construction of the 15- to 27-foot-deep basements planned on Parcels A, B, C1, C2, D, E1, E2, E3, E4, F, G, H1, H2, PKN, PKS, HDY1 and HDY2. No basement levels are planned for existing Buildings 2, 12, or 21. The Project will likely require bedrock removal by controlled rock fragmentation techniques. Controlled rock fragmentation technologies may include pulse plasma rock fragmentation, controlled foam or hydraulic injection, and controlled blasting. In some scenarios it may be necessary to utilize a combination of these techniques.

The Project would raise the grade of the 28-Acre Site and the southern, low-lying portions of the Illinois Parcels by adding up to 5 feet of fill in order to help protect against flooding and projected future sea level rise and as required for environmental remediation.

A portion of the northern spur of the remnant of Irish Hill would be removed for construction of the new 21st Street. Retaining walls would be necessary along the sides of the new 21st Street to protect the adjacent Building 116 in the Historic Core as well as the remnant of Irish Hill and along the reconfigured 22nd Street, to account for the proposed elevation difference between the streets and adjacent ground surfaces.

ii. Geotechnical Stabilization.

To address the potential hazard of liquefaction and lateral spreading that may occur during a major earthquake, the Project would include construction of improvements to control the amount of lateral displacement that could occur. These improvements could include either reinforcing the existing slope with structural walls or implementing ground improvements.

iii. Shoreline Protection Improvements and Sea Level Rise Adaptation.

The objectives of the proposed shoreline protection improvements include maintaining a stable shoreline in the project area by preventing shoreline erosion and protecting the proposed development from coastal flooding. The proposed shoreline protection system is designed to minimize the need for placing fill in San Francisco Bay; maximize open space and public access to the shoreline edge; improve existing slope protection, where feasible; develop aesthetically pleasing and cost-efficient shoreline protection; and provide for future sea level rise adaptation. For design purposes, the existing shoreline is divided into four separate "reaches." Options for shoreline protection improvements were developed for each reach.

The improvements constitute minor repairs to the existing shoreline protection system along the bayfront of the 28-Acre site that is currently in disrepair. These improvements are restricted to repair or replacement of the existing bulkhead in Reach II, and repair or replacement of the existing rip rap slopes in Reaches I, III, and IV. As proposed, the improvements would provide shoreline protection from erosion based on current flooding conditions, and the worst case flooding projected for the year 2100. The entire 100-foot shoreline band, including the shoreline protection features, would be reserved for public access that is safe and feasible. The project sponsors would also implement a long-term inspection and maintenance program to observe for deterioration of the shoreline protection system, and would repair any deficiencies noted to ensure adequate erosion and flood protection for the life of the project.

3. Project Variants.

The Draft EIR studied five variants to the Project. Each variant would modify a limited feature or aspect of the Project. During the period between publication of the Draft EIR and the RTC document, the Project Sponsor requested adoption of three variants into the Project, including the Reduced Off-Haul Variant, the Wastewater Treatment and Reuse System Variant, and the Irish Hill Passageway Variant. Thus, these three variants are added to the Project.

The Reduced Off-Haul Variant would minimize the overall volume of excavated soils and the number of off-haul truck trips required for the transport and disposal of excavated soils. Under the Wastewater Treatment and Reuse System Variant, blackwater, graywater, and rainwater would be collected from all newly constructed buildings, treated, and reused for toilet and urinal flushing, irrigation, and cooling tower makeup. This variant differs from the project without the variant, because it assumes blackwater is treated and recycled and that all newly constructed buildings would form a district system. Finally, the Irish Hill Passageway Variant would realign the proposed pedestrian passageway between Illinois Street and the proposed Irish Hill Playground in order to create a view corridor through the proposed infill construction, from Illinois Street to the Irish Hill landscape feature. Under this Variant, the 40-foot-wide pedestrian passageway connecting Illinois Street and the proposed Irish Hill Playground would separate construction within Parcel PKS and Parcel HDY2 at the southwest corner of the project site. The pedestrian passageway would be shifted northward by approximately 165 feet, to bisect Parcel PKS (which would become PKS1 and HDY3 with this variant), to allow views of the western face of the Irish Hill remnant from Illinois Street.

Additionally, the FEIR analyzed two additional project variants that are not proposed for approval at this time: the District Energy System Variant and the Automated Waste Collection System Variant. The Project assumes all heating and cooling would be done at the individual building level and independent from adjacent buildings, and PG&E would provide natural gas, and electricity would be provided by the SFPUC and renewable power generated on the project site. Under the District Energy System Variant, a single central energy plant would be located in one of the basement levels of a newly constructed building on Parcel C1. The proposed central energy plant would provide heating and cooling for a linked group of residential and commercial buildings.

Under the Project, typical collection trucks would drive around the project site to pick up solid waste (separated by residents and businesses into recyclables, compostables, and trash/waste) from each individual building for transport to Pier 96 (recyclables) in San Francisco, the Jepson-Prairie facility (compostables) in Solano County, and the Hay Road Landfill (trash/waste) in Solano County. Under the

Automated Waste Collection System (AWCS) Variant, an automated waste collection system would be installed to transport solid waste from individual new buildings and in public areas, replacing interior and outdoor trash receptacles. The central waste collection facility would be located in a stand-alone building near the proposed 20th Street Pump Station on the BAE Systems Ship Repair site directly north of Parcels A and B on the project site. This variant has the potential to operate more efficiently and would reduce the number of trash collection truck trips and the associated noise and air pollutant emissions.

1. Project Construction Phasing and Duration.

For both development scenarios, the Maximum Residential Scenario and the Maximum Commercial Scenario, Project construction is conceptual; however it is expected to begin in 2018 and would be phased over an approximately 11-year period, concluding in 2029. Proposed development is expected to involve up to five phases, designated as Phases 1, 2, 3, 4, and 5. The Project's construction and rehabilitation phasing for the Maximum Residential and Maximum Commercial Scenarios are outlined in Tables 2.5 and 2.6 in the DEIR on pp. 2.80 to 2.84.

Infrastructure improvements (utilities, streets, and open space) and grading and excavation activities would be constructed by Forest City, as master developer, and would occur in tandem, as respective and adjacent parcels are developed. Vertical development on the various parcels could be constructed by Forest City and its affiliates, or by third party developers.

B. Project Objectives.

The Port and Forest City seek to achieve the following objectives by undertaking the Project:

- Create a unique San Francisco neighborhood within an industrial historic district that includes new, activated waterfront open spaces with the amenities and services necessary to support a diverse, thriving community of residents and workers, while addressing potential land use conflicts with ongoing ship repair at Pier 70.
- Implement the open space, housing, affordability, historic rehabilitation, artist community preservation, commercial, waterfront height limit and urban design policies endorsed by the voters in Proposition F for the 28-Acre Site (November 2014).
- Provide dense, mixed-income housing that includes both ownership and rental opportunities, to attract a diversity of household types in order to help San Francisco meet its fair share of regional housing needs.
- Provide a model of 21st century sustainable urban development by implementing the Pier 70 Risk Management Plan approved by the San Francisco Bay Regional Water Quality Control Board; encouraging energy and water conservation systems; and reducing vehicle usage, emissions, and vehicle miles traveled to reduce the carbon footprint impacts of new development, consistent with the Port's Climate Action Plan.
- Provide access to San Francisco Bay where it has been historically precluded, by opening the eastern shore of the site to the public with a major new waterfront park, extending the Bay Trail, and establishing the Blue Greenway, and create a pedestrian- and bicycle-friendly environment.

- Rehabilitate three contributors to the Union Iron Works Historic District to accommodate new uses consistent with the Secretary of the Interior's Standards for the Treatment of Historic Properties, and design and build new infrastructure, public realm areas, parks and buildings consistent with the Infill Development Design Criteria within the Port's *Pier 70 Preferred Master Plan* and support the continued integrity of the Union Iron Works Historic District.
- Create business and employment opportunities for local workers and businesses during the design, construction, and operation phases of the Project.
- Elevate and reinforce site infrastructure and building parcels to allow the new Pier 70 neighborhood to be resilient to projected levels of sea level rise and any major seismic event, as well as incorporate financing strategies that enable the project and the Port's Bay shoreline to adapt to future, increased levels of sea level rise.
- Along with the Historic Core and Crane Cove Park, serve as a catalyst project for Pier 70 to support the Port's site-wide goals established in the Pier 70 Preferred Master Plan, including new infrastructure, streets and utilities, and new revenue to fund other Pier 70 improvements.
- Construct a high-quality, public-private development project that can attract sources of public investment, equity, and debt financing sufficient to fund the Project's site and infrastructure costs, fund ongoing maintenance and operation costs, and produce a market rate return investment that meets the requirement of Assembly Bill (AB) 418 (2011) and allows the Port to further its Public Trust mandate and mission.
- Through exercise of the City's option with PG&E to purchase the Hoedown Yard, provide funds for the City's HOPE VI rebuild projects in accordance with Board Resolution No. 54-14, such as the Potrero Terrace and Annex project.

C. Approval Actions.

The Project is subject to review and approvals by local, regional, State, and Federal agencies, with jurisdiction after completion of environmental review, including the following:

San Francisco Board of Supervisors

- Approval of *General Plan* amendments.
- Approval of Planning Code Text Amendments and associated Zoning Map Amendments.
- Approval of a Development Agreement.
- Approval of the Interagency Cooperation Agreement.
- Approval of a Public Trust Exchange Agreement.
- Approval of a Disposition and Development Agreement, including forms of ground leases and purchase and sale agreements.
- Approval of Final Subdivision Maps.
- Approval of street vacations, approval of dedications and easements for public improvements, and acceptance (or delegation to Public Works Director to accept) of public improvements, as necessary.

- Approval of the formation of one or more community facilities districts and adoption of a Rate and Method of Apportionment for the districts and authorizing other implementing actions and documents.
- Approval of one or more appendices to the Infrastructure Financing Plan for City and County of San Francisco Infrastructure Financing District No. 2 (Port of San Francisco) and formation of one or more sub-project areas for the 28-Acre Site and some or all of the Illinois Parcels and authorizing other implementing actions and documents.

San Francisco Planning Commission

- Certification of the Final EIR.
- Adoption of findings that the Public Trust Exchange is consistent with the *General Plan*.
- Approval of *Pier 70 SUD Design for Development*.
- Initiation and recommendation to Board of Supervisors to approve amendments to the *General Plan*.
- Initiation and recommendation to the Board of Supervisors to approve Planning Code amendments adopting a Special Use District and associated Zoning Map amendments.
- Recommendation to Board of Supervisors to approve a Development Agreement.
- Approval of the Interagency Cooperation Agreement.

San Francisco Port Commission

- Adoption of findings regarding Public Trust consistency.
- Approval of Disposition and Development Agreement, including forms of Ground Leases and Purchase and Sale Agreements, authorizing other actions and documents necessary to implement the project, and recommending that the Port Commission and the Board of Supervisors take other actions and documents necessary to implement the project.
- Consent to a Development Agreement and recommendation to the Board of Supervisors to approve.
- Approval of the Interagency Cooperation Agreement.
- Approval of a Development Plan for the 28-Acre Site in accordance with Section 11 of Proposition F.
- Approval of *Pier 70 SUD Design for Development*.
- Approval of amendments to *Waterfront Land Use Plan*.
- Public Trust consistency findings and approval of Public Trust Exchange Agreement with the State Lands Commission.
- Approval of project construction-related permits for property within Port jurisdiction.
- Approval of Construction Site Stormwater Runoff Control Permit.

San Francisco Public Utilities Commission

- Consent to Development Agreement.
- Consent to Interagency Cooperation Agreement.

San Francisco Public Works

- Review of subdivision maps and presentation to the Board for approval.
- Approval of Interagency Cooperation Agreement.
- Issuance of Public Works street vacation order.

San Francisco Municipal Transportation Agency

- Approval of transit improvements, public improvements and infrastructure, including certain roadway improvements, bicycle infrastructure and loading zones, to the extent included in the project, if any.
- Consent to Development Agreement.
- Consent to Interagency Cooperation Agreement.

San Francisco Fire Department

- Consent to Interagency Cooperation Agreement.

San Francisco Art Commission

- Approval of design of public structures and private structures located within public property, to the extent any such structures are located outside of Port jurisdiction.

San Francisco Department of Public Health

- Oversee compliance with San Francisco Health Code Article 22A (Maher Ordinance).

Bay Conservation and Development Commission

- Approval of permits for improvements and activities within the San Francisco Bay Conservation and Development Commission's jurisdictions.

State Lands Commission

- Approval of Public Trust Exchange Agreement.

Regional Water Quality Control Board – San Francisco Bay Region

- Approval of Section 401 water quality certification.
- Site-Specific Remediation Completion Approval(s) under Risk Management Plan.

Bay Area Air Quality Management District

- Approval of any necessary air quality permits (e.g., Authority to Construct and Permit to Operate) for individual air pollution sources, such as boilers and emergency diesel generators.

California Public Utilities Commission

- Approval of PG&E's sale of Hoedown Yard parcel, if PG&E's operations on the site have not already been relocated.

California Department of Fish and Wildlife

- Possible Section 404/Section 10 Permit.

U.S. Army Corps of Engineers

- Possible Section 404/Section 10 Permit.

U.S. Fish and Wildlife

- Possible Section 404/Section 10 Permit.

National Marine Fisheries Service

- Possible Essential Fish Habitat Consultation.
- Possible Endangered Species Act Consultation.

D. Findings About Significant Environmental Impacts and Mitigation Measures.

The following Sections II, III, IV, and V set forth the findings about the determinations of the Final EIR regarding significant environmental impacts and the mitigation measures proposed to address them. These findings provide written analysis and conclusions regarding the environmental impacts of the Project and the mitigation measures included as part of the Final EIR and adopted as part of the Project.

In making these findings, the opinions of the Planning Department and other City staff and experts, other agencies and members of the public have been considered. These findings recognize that the determination of significance thresholds is a judgment within the discretion of the City and County of San Francisco; the significance thresholds used in the Final EIR are supported by substantial evidence in the record, including the expert opinion of the Final EIR preparers and City staff; and the significance thresholds used in the Final EIR provide reasonable and appropriate means of assessing the significance of the adverse environmental effects of the Project.

These findings do not attempt to describe the full analysis of each environmental impact contained in the Final EIR. Instead, a full explanation of these environmental findings and conclusions can be found in the Final EIR and these findings hereby incorporate by reference the discussion and analysis in the Final EIR supporting the determination regarding the Project impacts and mitigation measures designed to address those impacts. In making these findings, the determinations and conclusions of the Final EIR relating to environmental impacts and mitigation measures, are hereby ratified, adopted and incorporated in these

findings, except to the extent any such determinations and conclusions are specifically and expressly modified by these findings.

As set forth below, the mitigation measures set forth in the Final EIR and the attached MMRP are hereby adopted and incorporated to substantially lessen or avoid the potentially significant impacts of the Project. Accordingly, in the event a mitigation measure recommended in the Final EIR has inadvertently been omitted in these findings or the MMRP, such mitigation measure is nevertheless hereby adopted and incorporated in the findings below by reference. In addition, in the event the language describing a mitigation measure set forth in these findings or the MMRP fails to accurately reflect the mitigation measure in the Final EIR due to a clerical error, the language of the mitigation measure as set forth in the Final EIR shall control. The impact numbers and mitigation measure numbers used in these findings reflect the numbers contained in the Final EIR.

In Sections II, III, IV, and V below, the same findings are made for a category of environmental impacts and mitigation measures. Rather than repeat the identical finding dozens of times to address each and every significant effect and mitigation measure, the initial finding obviates the need for such repetition because in no instance are the conclusions of the Final EIR, or the mitigation measures recommended in the Final EIR for the Project, being rejected.

E. Location and Custodian of Records.

The public hearing transcripts and audio files, a copy of all letters regarding the Final EIR received during the public review period, the administrative record, and background documentation for the Final EIR are located at the Planning Department, 1650 Mission Street, San Francisco. The Planning Commission Secretary, Jonas P. Ionin, is the custodian of records for the Planning Department and the Planning Commission.

II. IMPACTS NOT CONSIDERED

CEQA Section 21099(d), provides that "aesthetics and parking impacts of a residential, mixed-use residential, or employment center project on an infill site located within a transit priority area shall not be considered significant impacts on the environment." Accordingly, aesthetics and parking are not considered in determining whether the Project has the potential to result in significant environmental effects since the Project meets all of the following three criteria:

1. The Project is in a transit priority area;
2. The Project is on an infill site; and
3. The Project is residential, mixed-use residential, or an employment center.

A "transit priority area" is defined as an area within one-half mile of an existing or planned major transit stop. A "major transit stop" is defined in California Public Resources Code Section 21064.3 as a rail transit station, a ferry terminal served by either a bus or rail transit service, or the intersection of two or more major bus routes with a frequency of service interval of 15 minutes or less during the morning and afternoon peak commute periods.

III. IMPACTS FOUND NOT TO BE SIGNIFICANT AND THUS DO NOT REQUIRE MITIGATION

Under CEQA, no mitigation measures are required for impacts that are less than significant (Pub. Res. Code § 21002; CEQA Guidelines §§ 15126.4, subd. (a)(3), 15091). As more fully described in the Final EIR and based on the evidence in the whole record of this proceeding, it is hereby found that implementation of the Project would not result in any significant impacts in the following areas and that these impact areas therefore do not require mitigation.

A. Land Use.

Impacts LU-1: The Project would not physically divide an existing community.

Impacts LU-2: The Project would not conflict with applicable land use plans, policies or regulations adopted for the purpose of avoiding or mitigating an environmental effect. Such that a substantial adverse physical change in the environment related to Land Use would result.

Impact C-LU-1: The Project, in combination with past, present and reasonably foreseeable future projects, would not contribute considerably to significant cumulative land use impacts related to (a) physical division of an established community, or (b) conflicts with applicable land use plans and policies adopted for the purpose of avoiding or mitigating an environmental effect.

B. Population, Employment and Housing.

Impacts PH-1: The Project would not substantially induce population growth, either directly or indirectly.

Impacts PH-2: The Project would not displace substantial numbers of existing housing units or create demand for additional housing, necessitating the construction of replacement housing elsewhere.

Impact C-PH-1: The Project under the Maximum Residential and Maximum Commercial scenarios, in combination with past, present, and reasonably foreseeable future projects, would not result in a cumulatively considerable contribution to significant cumulative population and housing impacts.

C. Cultural Resources.

Impact CR-3: Construction activities for the Project would not cause a substantial adverse change in the significance of a tribal cultural resource, as defined in Public Resources Code Section 21074, if such resources are present within the project site.

Impact CR-4: The Project would result in the demolition of seven buildings that contribute to the significance of the UIW Historic District. These are Buildings 11, 15, 16, 19, 25, 32, and 66.

The demolition of these buildings would not result in a substantial adverse change in the historic significance of the UIW Historic District, nor would the demolition result in a deleterious effect on most of the District's character-defining features. The UIW Historic District would retain sufficient contributing features, character-defining features, and overall integrity to continue its listing in the NRHP.

and the CRHR. As such, the demolition of contributing Buildings 11, 15, 16, 19, 25, 32, and 66 would not materially impair the physical characteristics that justify the UIW Historic District's inclusion in the NRHP or the CRHR. Although demolition of contributing Buildings 11, 15, 16, 19, 25, 32, and 66 would have a less-than-significant impact on individual historical resources identified in this EIR and the UIW Historic District as a whole, implementation of **Improvement Measure I-CR-4a: Documentation** and **I-CR-4b: Public Interpretation**, which call for the documentation and interpretation of the UIW Historic District for the general public, would further reduce the less-than-significant impact resulting from the proposed demolition of contributing features.

Impact CR-6: The relocation of contributing Building 21 would not materially alter, in an adverse manner, the physical characteristics of the UIW National Register Historic District that justify its inclusion in the California Register of Historical Resources, nor the physical characteristics of Building 21 that justify its eligibility for individual inclusion in the California Register of Historical Resources.

Impact CR-7: The demolition of non-contributing slipways would not materially alter, in an adverse manner, the physical characteristics of the UIW National Register Historic District that justify its inclusion in the California Register of Historical Resources.

Impact CR-8: The site grading work associated with contributing Buildings 2 and 12 would not materially alter, in an adverse manner, the physical characteristics of the UIW National Register Historic District that justify its inclusion in the California Register of Historical Resources.

Impact CR-9: The alteration of Irish Hill, a contributing landscape feature, and the proposed infill construction surrounding Irish Hill, would not materially alter, in an adverse manner, the physical characteristics of the UIW National Register Historic District that justify its inclusion in the California Register of Historical Resources.

Impact CR-10: The changes and additions to the network of streets and open space would not materially alter, in an adverse manner, the physical characteristics of the UIW National Register Historic District that justify its inclusion in the California Register of Historical Resources.

Impact CR-12: The Project would not materially alter, in an adverse manner, the physical characteristics of other historical resources (outside of the UIW National Register Historic District) that justify inclusion of such resources in a Federal, State or local register of historical resources.

Impact C-CR-3: The impacts of the Project, in combination with other past, present, and future projects, would not materially alter, in an adverse manner, the physical characteristics of historical resources (outside of the UIW National Register Historic District) that justify its inclusion in the California Register of Historical Resources, resulting in a cumulative impact.

D. Transportation and Circulation.

Impact TR-1: Construction of the Project would not result in significant impacts on the transportation and circulation network because they would be of limited duration and temporary.

Although no mitigation measures would be required, **Improvement Measure I-TR-A: Construction Management Plan** is identified to further reduce less-than-significant potential conflicts between

construction activities and pedestrians, bicyclists, transit, and autos, and between construction activities and nearby businesses and residents.

Impact TR-2: The Project would not cause substantial additional VMT nor substantially induce automobile travel.

Impact TR-3: The Project would not create major traffic hazards.

Impact TR-4: The Project would not result in any Muni screenlines or sub-corridors exceeding 85 percent capacity utilization nor would it increase ridership by more than five percent on any Muni screenline or subcorridor forecast to exceed 85 percent capacity utilization under Baseline conditions without the Project.

Impact TR-6: Two individual Muni routes would continue to operate within the 85 percent capacity utilization standard in the a.m. and p.m. peak hours in both the inbound and outbound directions with addition of the Project.

Impact TR-7: The Project would not cause significant impacts on regional transit routes.

Impact TR-8: Pedestrian travel generated by the Project could be accommodated on the new roadway and sidewalk network proposed for the project site.

Although the Project's parking facility access points would comply with appropriate design standards, the less-than-significant effect of vehicle queuing across sidewalks would be minimized with implementation of **Improvement Measure I-TR-B: Queue Abatement**, to ensure that pedestrian travel is unimpeded.

Impact TR-9: Existing pedestrian facilities in the vicinity of the project site, while incomplete, would not pose substantial hazards to pedestrian traffic generated by the Project.

Impact TR-11: The Project would not create potentially hazardous conditions for bicyclists and would not interfere with bicycle accessibility to the project site or adjoining areas.

Impact TR-13: The Project would not result in significant impacts on emergency access to the project site or adjacent locations.

Although not required to address significant impacts, implementation of **Improvement Measure I-TR-C: Strategies to Enhance Transportation Conditions During Events** would ensure that events at Pier 70 are coordinated with events at AT&T Park to further reduce the less-than-significant effects of congestion on emergency vehicle circulation.

Impact C-TR-1: Construction of the Project would occur over an approximately 11-year time frame and may overlap with construction of other projects in the vicinity. Due to the detailed planning and coordination requirements, the Project would not contribute considerably to a significant cumulative impact in the area.

Although no mitigation measures would be required, **Improvement Measure I-TR-A: Construction Management Plan** is identified to further reduce impacts associated with construction of the Project.

Impact C-TR-2: The Project's incremental effects on regional VMT would not be significant, when viewed in combination with past, present, and reasonably foreseeable future projects.

Impact C-TR-3: The Project would not contribute to a major traffic hazard.

Impact C-TR-5: The Project would not contribute considerably to a significant cumulative impact on the KT Third Ingleside Muni line.

Impact C-TR-6: The Project would not contribute considerably to significant cumulative impacts at Muni Downtown screenlines or subcorridors.

Impact C-TR-7: The Project would not contribute considerably to significant cumulative impacts on regional transit routes.

Impact C-TR-8: The Project would not contribute considerably to significant cumulative pedestrian impacts.

Impact C-TR-9: The Project would not contribute considerably to a significant cumulative bicycle impact.

Impact C-TR-10: The Project would not contribute to a significant cumulative loading impact.

Impact C-TR-11: The Project would not contribute considerably to a significant cumulative impact on emergency vehicle access.

E. Noise.

Impact NO-8: Operation of the Project would not expose people and structures to or generate excessive groundborne vibration or noise levels.

Impact C-NO-1: Construction of the Project combined with cumulative construction noise in the project area would not cause a substantial temporary or periodic increase in ambient noise levels in the project vicinity during construction.

F. Air Quality.

Impact AQ-5: The Maximum Residential or Maximum Commercial Scenarios would not create objectionable odors that would affect a substantial number of people.

G. Greenhouse Gas Emissions.

Impact C-GG-1: The Project would generate GHG emissions, but not at levels that would result in a significant impact on the environment or conflict with any policy, plan, or regulation adopted for the purpose of reducing GHG emissions.

H. Wind and Shadow.

Impact WS-3: At full build-out, the Project would not alter wind in a manner that substantially affects ground-level public areas. The pedestrian comfort criterion is not considered within the CEQA significance threshold; however, Improvement Measures I-WS-3a: Wind Reduction for Public Open Spaces and Pedestrian and Bicycle Areas, I-WS-3b: Wind Reduction for Waterfront Promenade and Waterfront Terrace, I-WS-3c: Wind Reduction for Slipways Commons, I-WS-3d: Wind Reduction for Building 12 Market Plaza and Market Square, I-WS-3e: Wind Reduction for Irish Hill Playground, and I-WS-3f: Wind Reduction for 20th Street Plaza would improve the comfort, suitability, and usability of public open spaces and further reduce this less-than-significant impact. City decision makers may choose to impose these improvement measures on the Project as conditions of approval.

Impact WS-4: The Project would not create new shadow in a manner that substantially affects outdoor recreation facilities or other public areas.

Impact C-WS-1: The Project at full build-out, when combined with other cumulative projects, would not alter wind in a manner that substantially affects public areas within the vicinity of the project site.

Impact C-WS-2: The Project, in combination with past, present, and reasonably foreseeable future projects in the project vicinity, would not create new shadow in a manner that substantially affects outdoor recreation facilities or other public areas. The Project would not make a cumulatively considerable contribution to a significant cumulative shadow impact.

I. Recreation.

Impact RE-1: The Project would increase the use of existing neighborhood and regional parks or other recreational facilities, but not to such an extent that substantial physical deterioration of existing facilities would occur or be accelerated, or such that the construction of new facilities would be required.

Impact RE-2: Construction of the parks and recreational facilities proposed as part of the Project would not result in substantial adverse physical environmental impacts beyond those analyzed and disclosed in the Final EIR.

Impact C-RE-1: The Project, in combination with past, present, and reasonably foreseeable future development, would not result in a cumulatively considerable contribution to significant cumulative impacts on recreation.

J. Utilities and Service Systems.

Impact UT-1: The City's water service provider would have sufficient water supply available to serve the Project from existing entitlements and resources, and would not require new or expanded water supply resources or entitlements.

Impact UT-2: The Project would not require or result in the construction of new water treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects.

Impact UT-3: The Project would not exceed wastewater treatment requirements of the Southeast Water Pollution Control Plant.

Impact UT-4: The Project would not require or result in the construction of new wastewater treatment facilities or expansion of existing facilities, the construction of which could cause significant environmental effects. Nor would the project result in a determination by the SFPUC that it has inadequate capacity to serve the project's projected demand in addition to its existing commitments.

Impact UT-5: The Project would not require or result in the construction of new storm water drainage facilities or expansion of existing facilities, the construction of which could cause significant environmental effects.

Impact UT-6: The Project would be served by a landfill with sufficient capacity to accommodate the Project's solid waste disposal needs.

Impact UT-7: The Project would not fail to comply with Federal, State, and local statutes and regulations related to solid waste.

Impact C-UT-1: The Project, in combination with other past, present, and reasonably foreseeable future projects, would not result in significant adverse cumulative utilities and service systems impacts.

K. Public Services.

Impact PS-1: The Project would not result in the need for new or physically altered facilities in order to maintain acceptable service ratios, response times, or other performance objectives for police protection.

Impact PS-2: The Project would not result in the need for new or physically altered facilities in order to maintain acceptable response times for fire protection and emergency medical services.

Impact PS-3: The increase in students associated with implementation of the Project would not require new or expanded school facilities, the construction of which could result in substantial adverse impacts.

Impact PS-4: The Project would not result in an increase in demand for library services that could not be met by existing library facilities.

Impact C-PS-1: The Project, in combination with other past, present, and reasonably foreseeable future projects, would not result in a cumulatively considerable contribution to significant adverse cumulative impacts that would result in a need for construction of new or physically altered facilities in order to maintain acceptable service ratios, response times, or other performance objectives for any public services, including police protection, fire protection and emergency services, schools, and libraries.

L. Biological Resource.

Impact BI-6: The Project would not conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance, and would not have a substantial conflict with the provisions of an adopted Habitat Conservation Plan, Natural Community Conservation Plan, or other approved local, regional, or State habitat conservation plan.

M. Geology and Soils.

Impact GE-1: The Project would not expose people or structures to potential substantial adverse effects, including the risk of loss, injury, or death involving fault rupture, seismic ground shaking, seismically induced ground failure, or seismically induced landslides.

Impact GE-2: The Project would not result in substantial erosion or loss of topsoil.

Impact GE-4: The Project would not create substantial risks to life or property as a result of locating buildings or other features on expansive or corrosive soils.

Impact GE-5: The Project would not substantially change the topography or any unique geologic or physical features of the site.

Impact C-GE-1: The Project, in combination with past, present, and reasonably foreseeable future projects, would not substantially contribute to cumulative impacts on geology and soils.

N. Hydrology and Water Quality.

Impact HY-1: Construction of the Project would not violate a water quality standard or a waste discharge requirement, or otherwise substantially degrade water quality.

Impact HY-3: The Project would not substantially deplete groundwater supplies or interfere with groundwater recharge such that there would be a net deficit in aquifer volume or a lowering of the local groundwater table.

Impact HY-4: The Project would not substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner that would result in substantial erosion, siltation, or flooding on- or off site.

Impact HY-5: Operation of the Project would not place housing within a 100-year flood zone or place structures within an existing 100-year flood zone that would impede or redirect flood flows.

Impact HY-6: Operation of the Project would not place structures within a future 100-year flood zone that would impede or redirect flood flows.

Impact HY-7: The Project would not expose people or structures to substantial risk of loss, injury, or death due to inundation by seiche, tsunami, or mudflow.

Impact C-HY-1: The Project, in combination with past, present, and reasonably foreseeable future projects in the site vicinity, would not result in a considerable contribution to cumulative impacts on hydrology and water quality.

O. Hazards and Hazardous Materials.

Impact HZ-1: Construction and operation of the Project would not create a significant hazard through routine transport, use, or disposal of hazardous materials.

Impact HZ-9: The Project would not handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school. Although construction activities would emit diesel particulate matter and naturally occurring asbestos, these emissions would not result in adverse effects on nearby schools.

Impact HZ-10: The Project would not expose people or structures to a significant risk of loss, injury, or death involving fires, nor would it impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan.

Impact C-HZ-1: The Project, in combination with other past, present or reasonably foreseeable future projects in the project vicinity, would not result in a considerable contribution to significant cumulative impacts related to hazards and hazardous materials.

P. Mineral and Energy Resources.

Impact ME-1: The Project would not have a significant adverse impact on the availability of a known mineral resource and/or a locally important mineral resource recovery site.

Impact ME-2: The Project would not have a substantial adverse effect on the use of fuel, water, or energy consumption, and would not encourage activities that could result in the use of large amounts of fuel, water, or energy, or use these in a wasteful manner.

Impact ME-3: The Project would not result in new or expansion of existing electric or natural gas transmission and/or distribution facilities that would cause significant physical environmental effects.

Impact C-ME-1: The Project, in combination with other past, present and reasonably foreseeable future projects in the vicinity, would not result in a cumulatively considerable contribution to a significant adverse cumulative impact on mineral and energy resources.

Q. Agriculture and Forest Resources.

Impact AG-1: The Project would not convert designated farmland under the Farmland Mapping and Monitoring Program, nor would it conflict with any existing agricultural zoning or a Williamson Act contract, nor would it involve any changes to the environment that would result in the conversion of designated farmland. The Project would have no impact on farmland and land zoned or contracted for agricultural uses. Therefore no mitigation measures are necessary.

Impact AG-2: The Project would not conflict with existing zoning for, or cause rezoning of, forest land or timberland, nor would it result in the loss of or conversion of forest land to non-forest uses. There would be no impact with respect to forest land or timberland, and no mitigation measures are necessary.

Impact C-AG-1: The Project, in combination with other past, present and reasonably foreseeable future projects in the vicinity, would not result in a cumulatively considerable contribution to a significant adverse cumulative impact on agricultural resources or forest land or timberland, and no mitigation measures are necessary.

R. Growth Inducement.

While the Project in itself represents growth, the provision of new housing and employment opportunities would not encourage substantial new growth in the City that has not been previously projected or in an area of the City that has not been identified through local and regional planning processes as an area that could accommodate future population, housing, and employment growth. Thus, the Project would not have a substantial growth-inducing impact.

IV. FINDINGS OF POTENTIALLY SIGNIFICANT IMPACTS THAT CAN BE AVOIDED OR REDUCED TO A LESS-THAN-SIGNIFICANT LEVEL THROUGH MITIGATION AND THE DISPOSITION OF THE MITIGATION MEASURES

CEQA requires agencies to adopt mitigation measures that would avoid or substantially lessen a project's identified significant impacts or potential significant impacts if such measures are feasible (unless mitigation to such levels is achieved through adoption of a project alternative). The findings in this Section IV and in Section V concern mitigation measures set forth in the Final EIR. These findings discuss mitigation measures as identified in the Final EIR for the Project. The full text of the mitigation measures is contained in the Final EIR and in Attachment B, the Mitigation Monitoring and Reporting Program. The impacts identified in this Section IV would be reduced to a less-than-significant level through implementation of the mitigation measures contained in the Final EIR, included in the Project, or imposed as conditions of approval and set forth in Attachment B. The impacts identified in Section V, below, for which feasible mitigation has been identified in the Final EIR also would be reduced, although not to a less-than-significant level.

This Commission recognizes that some of the mitigation measures are partially within the jurisdiction of other agencies. The Commission urges these agencies to assist in implementing these mitigation measures, and finds that these agencies can and should participate in implementing these mitigation measures.

A. Cultural Resources.

Impact CR-1: Construction activities for the Project would cause a substantial adverse change in the significance of archeological resources, if such resources are present within the project site.

Construction activities, in particular grading and excavation, could disturb archeological resources potentially located at the project site. Unless mitigated, ground-disturbing construction activity within the project site, particularly within previously undisturbed soils, could adversely affect the significance of archeological resources under CRHR Criterion 4 (Information Potential) by impairing the ability of such resources to convey important scientific and historical information. This effect would be considered a substantial adverse change in the significance of an historical resource and would therefore be a potentially significant impact under CEQA.

Mitigation Measures M-CR-1a: Archeological Testing, Monitoring, Data Recovery and Reporting and Mitigation Measure M-CR-1b: Interpretation, as more fully described in the Final EIR, are hereby adopted in the form set forth in the Final EIR and the attached MMRP and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measures M-CR-1a and M-CR-1b would reduce Impact CR-1 to a less-than-significant level.

Impact CR-2: Construction activities for the Project would cause a substantial adverse change in the significance of human remains, if such resources are present within the project site.

Because the project site has been substantially disturbed over the last two centuries, the possibility of discovering human remains is considered low. Although unlikely, it is possible human remains may be encountered during project implementation. If human remains are present within the project site, construction activities for the Project would cause a substantial adverse change in the significance of human remains.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that with implementing Mitigation Measures M-CR-1a, referenced above, would reduce Impact CR-2 to a less-than-significant level.

Impact C-CR-1: Disturbance of archeological resources, if encountered during construction of the Project, in combination with other past, present, and future reasonably foreseeable projects, would make a cumulatively considerable contribution to a significant cumulative impact on archeological resources.

Ground-disturbing activities of foreseeable projects, in particular (but not limited to) those along San Francisco's Central Waterfront, have the potential to disturb previously unidentified archeological resources that could yield information pertaining to common research themes identified for the Project in the ARDTP (consumer behavior, social status and identity, wharf and pier construction, land reclamation, and industrialization and technology). As such, the potential disturbance of archeological resources within the project site could make a cumulatively considerable contribution to a loss of significant historic and scientific information about California, Bay Area, and San Francisco history.

There is no evidence that the Project would cause a substantial adverse change in the significance of a tribal cultural resource. For this reason, the Project in combination with past, present, and future reasonably foreseeable projects would not make a cumulatively considerable contribution to a significant cumulative impact on tribal cultural resources.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that with implementation of Mitigation Measures M-CR-1a and M-CR-1b, referenced above, the Project's contribution to cumulative impacts on archeological resources would not be cumulatively considerable.

Impact CR-5: The rehabilitation of Buildings 2, 12, and 21 would materially alter, in an adverse manner, the physical characteristics of the UIW National Register Historic District that justify its inclusion in the California Register of Historical Resources and would materially alter the physical characteristics of Building 21 that justify its individual eligibility for inclusion in the California Register of Historical Resources.

Buildings 2, 12, and 21 would be rehabilitated under the Project for a range of possible reuse purposes. Prior to Port issuance of building permits, the City and the Port of San Francisco would require the project sponsors to rehabilitate Buildings 2, 12, and 21 in accordance with the Secretary of the Interior's Standards for Rehabilitation (Secretary's Standards). As noted in CEQA Section 15064.5(a)(3), "a project that follows the Secretary of the Interior's Standards for the Rehabilitation and Guidelines for Rehabilitating Historic Buildings ... shall be considered as mitigated to a level of less-than-significant impact on the historical resource."

As the rehabilitation efforts for these buildings are still in the design phase, the Planning Department conservatively finds that the impact of the proposed rehabilitation to Buildings 2, 12, and 21 to be significant.

Mitigation Measure M-CR-5: Preparation of Historic Resource Evaluation Reports, Review, and Performance Criteria, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementation of Mitigation Measure M-CR-5 would reduce Impact CR-5 to a less-than-significant level.

Impact CR-11: The proposed infill construction would materially alter, in an adverse manner, the physical characteristics of the UIW National Register Historic District that justify its inclusion in the California Register of Historical Resources.

As new construction is expected to begin in 2018, would be phased over an approximately 11-year period, and could be designed and constructed by different development teams responding to varying real estate market conditions, it is possible that new infill development could change the historic significance of the UIW Historic District by introducing a wide variety of new building designs and types that may not be compatible with the historic character of adjacent historical resources. This could incrementally reduce the integrity of the UIW Historic District to the extent it may no longer qualify for the National Register, which would be considered a significant impact on historical resources.

However, the Project site was more densely developed at the end of the UIW Historic District's period of significance (1945) than it is today. As such, the proposed infill construction would return the site to a building density that is more in keeping with its historic density.

The application of the Pier 70 Design for Development standards and guidelines, including the application of maximum heights, building articulation, material grain and palette, and building-specific responsiveness, would help maintain the integrity of the UIW Historic District by emphasizing the industrial character of the District. The Project would also establish buffer zones surrounding the core of historic buildings and landscapes that specify the minimum distances of separation between historic buildings and landscapes and new construction. These measures would reduce the impacts of new construction on the integrity of adjacent contributing buildings and the UIW Historic District.

The proposed new construction would not result in the need to adjust the boundary of the UIW Historic District, because the boundary is based on the boundary of the shipyard at the end of WWII, according to

the Bethlehem Shipbuilding Division's 1944 Master Plan. The district boundary, therefore, captures the entire shipyard's development from 1884 through 1945.

Mitigation Measure M-CR-11: Performance Criteria and Review Process for New Construction, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein. Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementation of Mitigation Measure M-CR-11 would reduce Impact CR-11 to a less-than-significant level.

Impact C-CR-2: The impacts of the Project, in combination with other past, present, and future projects, would materially alter, in an adverse manner, the physical characteristics of the UIW National Register Historic District that justify its inclusion in the California Register of Historical Resources, and could materially alter the physical characteristics of Building 21 that justify its individual eligibility for inclusion in the California Register of Historical Resources.

In addition to the Project, there are three anticipated projects within the UIW Historic District that have the potential to have a significant cumulative impact on the significance of the UIW Historic District: (1) Crane Cove Park project, (2) BAE Systems Lease Renewal project, and (3) revisions to the on-going 20th Street Historic Core project, which would demolish historic Buildings 40 and 117.

The Planning Department completed the environmental review for the Crane Cove Park project in October 2015. As part of the Crane Cove Park environmental review, Planning Department Preservation staff completed a HRER that evaluated the impacts of the project on historical resources. Department staff found that the demolition of two contributing buildings (Buildings 30 and 50) within the UIW Historic District would not cause a significant adverse impact upon any qualified historical resource.

The Planning Department completed the environmental review for the BAE Systems Lease Renewal Project in March 2015. As part of the BAE Systems Lease Renewal Project environmental review, Planning Department Preservation staff completed a HRER that evaluated the impacts of project on historical resources. Department staff found that the demolition of Buildings 38, 119, and 121 would not impact the integrity of the UIW Historic District.

In 2014, the Planning Department issued a CPE for the 20th Street Historic Core Project (Case No. 2013.1168E) to the Port of San Francisco for the rehabilitation of 10 historic buildings at Pier 70. The rehabilitation project is currently underway. In 2015, the Port added demolition of contributing Buildings 40 and 117, located within the Pier 70 project site. Although Building 40 is a contributor to the District, it was not found to possess individual significance because it is one of many architecturally undistinguished support buildings from World War II and it has lost integrity due to advanced deterioration. Therefore, it would not qualify for listing under the National or California Registers as an individual historical resource. The Planning Department and Port of San Francisco found that the proposed demolition of Building 40 would have a less-than-significant impact on the integrity of the UIW Historic District.

Although Building 117 is a contributor to the District, it was not found to possess individual significance because its simple, undistinguished, and utilitarian design lacks architectural distinction, and it had a minor support function as a parts storage warehouse in the shipbuilding and repair process. Therefore, it

would not qualify for listing under the National or California Registers as an individual historical resource. The Planning Department and Port of San Francisco found that the proposed demolition of Building 117 would have a less-than-significant impact on the integrity of the UIW Historic District.

All projects described above cumulatively would result in the collective loss of 14 historic buildings that contribute to the significance of the UIW Historic District, as well as the retention and rehabilitation, or no change, to the other 30 contributing features. The collective demolition of these buildings and its cumulative impact on the integrity of the UIW Historic District were analyzed in a report prepared by Carey & Co., Inc. for the Port of San Francisco in August 2015. The Planning Department concurs that despite the new construction under the Crane Cove Park project and the loss of two contributing buildings (Buildings 30 and 50), the loss of three contributing buildings (Buildings 38, 119, and 121) from the BAE Systems Lease Renewal project, and the loss of two contributing buildings (Buildings 40 and 117) from the revised 20th Street Historic Core project, these three projects would have a less-than-significant impact on the integrity of the UIW Historic District.

The Project would also result in a less-than-significant impact to historical resources (demolition of seven contributing resources), and would result in significant but mitigable impacts to historical resources resulting from rehabilitation of three contributing features and new infill construction.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that with implementation of Mitigation Measures M-CR-5 and M-CR-11, referenced above, the Project and other projects described above would collectively result in a less-than-significant cumulative impact upon historical resources.

B. Transportation and Circulation.

Impact TR-10: Existing pedestrian facilities at the Project's access points would present barriers to accessible pedestrian travel.

The Project's access points would use existing stop-controlled intersections on Illinois Street at 20th Street and 22nd Street and a new intersection at the new 21st Street to be added west of Illinois Street. Several barriers to accessible pedestrian travel currently exist between these intersections, including missing ADA curb ramps at the intersection of 22nd Street and Illinois Street and a narrow stretch of sidewalk with obstructions mid-block on Illinois Street between 22nd and 20th streets. This lack of an accessible path of travel to and from the project site would be a significant impact.

Additionally, the Project's transit riders would cross Illinois Street at the intersections with 20th, 21st, and 22nd streets. Although the Project is proposing to construct a new signal at the new intersection at Illinois Street and 21st Street, pedestrian crossings at the all-way stop controlled intersections along Illinois Street at 20th and 22nd streets would be particularly challenging, given forecasted increases in traffic along Illinois Street. This would also be a significant impact.

Mitigation Measure M-TR-10: Improve pedestrian facilities on Illinois Street adjacent to and leading to the project site, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measure M-TR-10 would reduce Impact CR-5 to a less-than-significant level.

C. Noise.

Impact NO-1: Construction of the Project would expose people to or generate noise levels in excess of standards in the Noise Ordinance (Article 29 of the San Francisco Police Code) or applicable standards of other agencies.

Operation of jackhammers, concrete saws, controlled rock fragmentation (CRF) equipment, rock drills, and a rock/concrete crusher would have the potential to exceed the noise limit for construction equipment (as specified by the Police Code) by 2 to 4 dBA. While jackhammers with approved acoustic shields as well as rock drills and pile drivers with approved intake and exhaust mufflers are exempt from this ordinance limit, concrete saws and rock/concrete crushers would not be exempt. Therefore, operation of concrete saws, a rock/concrete crusher, or any other equipment not exempt from the Police Code that exceeds the noise limit would be a significant noise impact.

Mitigation Measure M-NO-1: Construction Noise Control Plan, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR and the MMRP and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined implementing Mitigation Measure M-NO-1: Construction Noise Control Plan would reduce Impact NO-1 to a less-than-significant level.

Impact NO-3: Construction of the Project would expose people and structures to or generate excessive groundborne vibration levels.

The Project would include the types of construction activities that could produce excessive groundborne vibration (i.e., CRF during excavation and pile driving for foundations or secant walls). In addition, construction equipment used for demolition, site preparation, and shoring activities, such as jackhammers, pavement breakers, and drills, could generate varying degrees of temporary groundborne vibration, with the highest levels expected during demolition, excavation, and below-grade construction stages of each construction phase. If groundborne vibration generated by project-related demolition and construction activities were to exceed 0.5 in/sec PPV, it could cause cosmetic damage to a nearby structure. Pile driving, CRF, and building locations on project parcels have not been specified for the entire site, but pile driving is proposed adjacent to and east of the 20th Street Historic Core, which adjoins the northwestern boundary of the 28-Acre Site and eastern boundary of the 20th/Illinois Parcels. CRF may need to be employed along the western portion of the site (Parcels PKN, PKS, and HDY), as well as Parcels C1, D, E2, F and G on the 28-Acre Site. While it may be possible to maintain a setback of 70 feet or more between pile drivers and adjacent structures at many locations to avoid cosmetic damage to adjacent structures, the minimum separation between some parcels such as between Parcel E1, Parcel E4, and Building 21 or between Parcels E2 and E3 would be less than 70 feet. At distances of less than 70 feet, vibration from impact or vibratory pile-driving activities could result in cosmetic damage to Project structures and historic Buildings 113 and 114, a significant vibration impact.

Depending on the timing of development at Parcels E2, E3, and E4, as well as the timing of the proposed relocation of Historic Building 21 to within 25 feet of new development, construction-related vibration impacts on this building from adjacent pile driving activities could be avoided entirely if development precedes relocation. If, however, relocation of Building 21 precedes development at adjacent Parcels E2, E3, and E4, significant vibration impacts could occur. When the more stringent threshold of 0.2 in/sec PPV is applied to historic buildings, cosmetic damage could occur at distances of up to 160 feet from historic buildings.

While vibratory pile driving (or similar continuous vibration sources) can reduce the potential impacts to fragile structures that can occur with impact pile driving (where higher intermittent vibration levels can occur when the hammer strikes the pile), continuous vibration can also cause liquefaction (or differential settlement in sandy soils), due to the continuous nature of the vibration. The potential for structural damage from vibration-induced liquefaction would be a significant vibration impact.

Mitigation Measure M-NO-3: Vibration Control Measures During Construction, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR and the MMRP and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, implementing Mitigation Measure M-NO-3 would reduce Impact NO-3 to a less-than-significant level.

Impact NO-4: Operation of the Project would result in a substantial permanent increase in ambient noise levels in the immediate project vicinity, or permanently expose persons to noise levels in excess of standards in the San Francisco General Plan and San Francisco Noise Ordinance.

Stationary Equipment

Assuming HVAC equipment operates 24 hours per day (worst-case), such noise levels would exceed ordinance noise limits if this equipment is placed near parcel boundaries, resulting in a significant impact.

Emergency generators would be required on at least 11 of the proposed parcels where building heights would exceed 70 feet under both the Maximum Residential and Maximum Commercial scenarios, as well as at the proposed pump station. The only exception would be Parcel E1, which would not require an emergency generator under the Maximum Commercial Scenario, because the building on this parcel would be 65 feet high under this scenario. The Project's residential receptors could be located as close as 50 feet from these buildings/parcels. At this distance, noise levels generated by operation of emergency generators would exceed noise limits specified in the City's Noise Ordinance and result in a significant impact.

A wastewater pump station (the 20th Street Pump Station) and electrical transformers are proposed to be located to the north of the 28-Acre Site between Building 108 and Building 6. Combined noise generated by these facilities would have a slight potential to increase ambient noise levels in this vicinity. Given the range of existing ambient noise levels in the pump station vicinity, addition of the proposed pump station is conservatively considered to have the potential to slightly exceed ordinance noise limits, and result in a significant impact.

Other Noise-Generating Uses

Development of commercial-office uses in proximity to existing residential uses would increase the potential for noise disturbance or conflicts. Sources of noise typically associated with such non-residential uses that can cause sleep disturbance include mechanical equipment, delivery trucks and associated loading areas, parking cars, and use of refuse bins. There would be a potential for sleep disturbance from these types of noise under both scenarios, because all future commercial-office or RALI buildings would be located adjacent to one or more residential buildings (as close as 23 to 38 feet in some instances), a potentially significant noise impact.

If deliveries and associated unloading/loading activities occur in proximity to future residential buildings and during the nighttime hours, future residents could be subject to sleep disturbance by noise from these activities.

Noise associated with parking cars includes engines starting and car doors slamming. Such noise can cause annoyance at adjacent residential uses if it is concentrated in one area (i.e., a surface parking lot is located adjacent to residences), and if it occurs during the evening or nighttime hours, it could cause sleep disturbance, a potentially significant impact.

Noise associated with trash or refuse facilities for both future residential and commercial-office uses could disturb or annoy any future nearby residents, a significant impact.

Mitigation Measures M-NO-4a: Stationary Equipment Noise Controls, M-NO-4b: Design of Future Noise-Generating Uses near Residential Uses and M-NO-6: Design of Future Noise-Sensitive Uses, as more fully described in the Final EIR, are hereby adopted in the form set forth in the Final EIR and the MMRP and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measures M-NO-4a, M-NO-4b and M-NO-6 would reduce Impact NO-4 to a less-than-significant level.

Impact NO-6: The Project's occupants would be substantially affected by existing and future noise levels on the site.

The primary sources of future noise on the project site and its vicinity are from BAE Systems Ship Repair facility activities, earthmoving activities in the southwestern corner of the Illinois Parcel (PG&E Hoedown Yard), Existing Plus Project traffic noise on Illinois Street and other local streets, tonal noise from transformers at PG&E Potrero Substation, and loading dock activities along Illinois Street at the AIC Building. In addition to shipyard-related noise, there is continuous, distant background traffic noise from the I-280 freeway and other roadways. Passing Muni light rail and Caltrain rail operations also contribute to background noise.

Future noise levels at all Project parcels designated for residential use have existing noise levels that are considered Conditionally Acceptable according the City's Land Use Compatibility Chart for Community Noise ranging between 60 dBA and 70 dBA (Ldn), except residential units facing the future 21st Street on

Parcels PKN and PKS would be subject to noise levels of up to 72 dBA (Ldn), resulting in a significant impact.

The applicant would be required to demonstrate that the 45-dBA (Ldn or CNEL) interior noise standard specified by Title 24 would be met at all project residences, and additional noise attenuation measures are required to be incorporated into the project design as necessary to meet this interior standard, but also address potential sleep disturbance effects on affected parcels from adjacent or nearby industrial activities. It is noted that on-site noise levels could increase with proposed building demolition, but also decrease in the future with project implementation if existing heavy equipment operations at the Hoedown Yard cease and Project buildings are up to 90 feet tall in the northern portion of the 28-Acre Site. Such building heights could help partially shield the rest of the site from noise generated by the BAE Systems Ship Repair facility (i.e., BAE boilers and generators). Such future noise reductions, however, would ultimately depend on the final locations and heights of proposed buildings but could reduce the extent of noise attenuation required at some residential units. Compliance with Title 24's interior standard would reduce noise compatibility impacts to less-than-significant levels at all residential units except those subject to noise levels above 70 dBA (Ldn). Mitigation Measure M-NO-6 would require design elements for those units subject to noise levels of up to 72 dBA (Ldn) to meet Title 24's interior standard.

Future noise levels at all but three Project parcels designated for open space/park/playground uses are considered acceptable. However, park users could access quieter areas within these parks (away from adjacent streets), and noise levels would be considered generally acceptable at all proposed open space/park/playground areas.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measure M-NO-6: Design of Future Noise-Sensitive Uses, referenced above, would reduce Impact NO-6 to a less-than-significant level.

Impact NO-7: The Project's special events would result in substantial periodic, temporary noise increases.

The proximity of future residential uses to open space uses would pose the potential for Project residents to be disturbed or annoyed by noise from outdoor active recreation/open space activities. Noise levels associated with the proposed café terrace, social lawn, beer garden, food/beverage operations, picnic areas and the playground would be typical of an urban, mixed-use residential area and would be less than significant in regards to compatibility with nearby sensitive receptors. The potential noise conflicts would be greatest where amplified sound systems would be used and/or events occur during the more noise-sensitive late evening/nighttime hours when sleep disturbance could occur.

Promoters of any proposed outdoor events on the site's outdoor plaza that would use amplified sound or music would be required to obtain a permit from the City prior to the event. This permit process requires a public hearing and includes a requirement for neighborhood outreach. Article 1, Section 47.2 of the Police Code, while generally focused on truck-mounted amplification equipment, regulates the use of any sound amplifying equipment, whether truck-mounted or otherwise. Hours of operation are restricted to between 9:00 a.m. and 10:00 p.m., unless permitted by the San Francisco Entertainment Commission.

Due to uncertainties as to the nature and extent of future outdoor events at the project site, the use of amplified sound equipment could still have the potential for significant noise impacts to nearby sensitive receptors in excess of standards established in the San Francisco General Plan or San Francisco Noise Ordinance.

Mitigation Measure M-NO-7: Noise Control Plan for Special Outdoor Amplified Sound, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR and the MMRP and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measure M-NO-7, and compliance with Sections 47.2, 1060.1 and 2909 of the Police Code, would reduce Impact NO-7 to less than significant.

D. Air Quality.

Impact AQ-3: Construction and operation of the Project would generate toxic air contaminants, including DPM, which would expose sensitive receptors to substantial pollutant concentrations.

Site preparation activities, such as demolition, excavation, grading, foundation construction, and other ground-disturbing construction activity, in addition to the long-term emissions from the Project's mobile and stationary sources would affect localized air quality during the construction phases of the Project. Neither the proposed receptors nor the nearest off-site receptors are located within an area that currently meets the APEZ criteria. Therefore, a Health Risk Assessment (HRA) was conducted for the Project to determine whether the Project would, in combination with other existing sources in the area, result in a given off-site or on-site receptor meeting the APEZ criteria.

Excess Cancer Risk from Construction and Operation Emissions at Off-Site Receptors

The HRA showed that unmitigated emissions plus existing background emissions would not result in a total excess cancer risk of 100 in one million at the most impacted off-site receptor. This would be below the level for causing a new location to meet the APEZ excess cancer risk criteria, and thus would be a less-than-significant impact.

Excess Cancer Risk from Construction and Operation Emissions at On-Site Receptors

Both the Maximum Residential Scenario and the Maximum Commercial Scenario would include development of residential units, which is considered a sensitive land use for purposes of air quality evaluation.

The HRA showed that the project's emissions would combine with existing background concentrations and would exceed the APEZ excess cancer risk criteria of an excess cancer risk of 100 per one million persons exposed. Therefore, the impact with regard to increased cancer risk would be significant for on-site receptors for the Maximum Residential and Maximum Commercial Scenarios. The mitigated condition assumed in the HRA included emission reductions quantified for **Mitigation Measures M-AQ-1a: Construction Emissions Minimization, M-AQ-1b: Diesel Backup Generator Specifications, M-AQ-1c: Use Low- and Super-Compliant VOC Architectural Coatings in Maintaining Buildings through**

CC&Rs, and M-AQ-1f: Transportation Demand Management. Implementation of Mitigation Measure M-AQ-1a alone would be sufficient to reduce this impact to a less-than-significant level.

PM2.5 Concentrations from Construction and Operation Emissions at Off-Site Receptors

The HRA showed that unmitigated emissions in combination with background concentrations would result in PM2.5 concentrations of 8.5 $\mu\text{g}/\text{m}^3$ for both scenarios, which would be below the levels for causing a new location to meet the APEZ criteria of 10 $\mu\text{g}/\text{m}^3$. Therefore, this would be a less than significant impact.

PM2.5 Concentrations from Construction and Operation Emissions at On-Site Receptors

The HRA showed that unmitigated emissions in combination with background concentrations would result in PM2.5 concentrations of 8.6 $\mu\text{g}/\text{m}^3$ for both scenarios, which would be below the levels for causing a new location to meet the APEZ criteria of 10 $\mu\text{g}/\text{m}^3$. Therefore, this would be a less than significant impact.

Mitigation Measure M-AQ-1a: Construction Emissions Minimization, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR and the MMRP and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measure M-AQ-1a would reduce Impact AQ-3 to less than significant.

Impact AQ-4: The Maximum Residential or Maximum Commercial Scenarios would conflict with implementation of the Bay Area 2010 Clean Air Plan.

The most recently adopted air quality plan for the SFBAAB is the 2010 Clean Air Plan. The Clean Air Plan includes 55 control measures aimed at reducing air pollutants in the SFBAAB. Twenty-five of these measures are suited to implementation through local planning efforts or project approval actions. Without certain mitigation measures incorporated into the Project, the Project would not include applicable control measures from the 2010 Clean Air Plan and this impact would be significant. As such, mitigation described below requires incorporation of applicable measures, the Project would include the applicable control measures. Transportation control measures that are identified in the Clean Air Plan are implemented by the San Francisco General Plan and the Planning Code, for example, through the City's Transit First Policy, the bicycle parking requirements, and transit impact development fees. The Project will comply with these policies and regulations.

Mitigation Measures M-AQ-1f: Transportation Demand Management, M-AQ-1g: Additional Mobile Source Control Measures, and M-AQ-1h: Offset of Operational Emissions, as more fully described in the Final EIR, are hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that with implementing Mitigation Measures M-AQ-1a (referenced above), M-AQ-1f, AQ-1g, and M-AQ-1h, Impact AQ-4 would be less than significant.

Impact C-AQ-2: The Maximum Residential or Maximum Commercial Scenarios, in combination with past, present, and reasonably foreseeable future development in the project area, would contribute to cumulative health risk impacts on sensitive receptors.

The HRA takes into account the cumulative contribution of existing localized health risks to sensitive receptors from sources included in the Citywide modeling plus the Project's sources. There are, however, other future projects, whose emissions have not been incorporated into the existing citywide health risk modeling because analysis with respect to CEQA for these future project either has not yet been prepared or is pending.

There are 16 cumulative projects within the 1,000 foot zone of influence, two of which are already completed and/or occupied. Another one of these cumulative projects is for the renewal of the lease for BAE Systems whose operations were already considered in the HRA analysis. The remaining projects are either residential, most of which have a ground floor retail or commercial component, or the proposed development of Crane Cove Park.

Cumulative year 2040 conditions without the project show lower background risks than the existing baseline cancer risks and consequently, addition of the project's risks cancer risk to 2040 conditions would similarly not result in new locations meeting the APEZ criteria that otherwise would not without the project with mitigation. Therefore, the project plus cumulative development projects and background risks in 2040 would not result in significant health risk impacts and the analysis in Impact AQ-3 presents a worst-case cumulative health risk analysis.

The Project would be required to implement **Mitigation Measure M-AQ-1a: Construction Emission Minimization**, referenced above. Additionally, **Mitigation Measure M-AQ-1b: Diesel Backup Generator Specifications**, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measures M-AQ-1a and M-AQ-1b would reduce the Project's contribution to cumulative air quality impacts to a less-than-significant level.

E. Wind and Shadow

Impact WS-1: The phased development of the Project would temporarily alter wind in a manner that substantially affects public areas.

Although the Project at full build-out would generally slightly improve wind conditions on the project site, potentially significant interim wind impacts may occur prior to the completion of construction. Due to phased build-out, a particular building configuration resulting from partial completion of the Project could last for one or more years, creating the potential for interim wind impacts.

The potential for exceedances of the wind hazard criterion during the phased construction period would occur under the Maximum Residential Scenario and the Maximum Commercial Scenario. Additionally, the ultimate build-out of the Project might not maximize the development potential under either of these two scenarios. Such wind hazards would likely exist until buildings on adjacent parcels are completed and provide shelter from the unabated force of the wind. These hazards would be a significant impact.

Mitigation Measure M-WS-1: Identification and Mitigation of Interim Hazardous Wind Impacts, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measure M-WS-1 would reduce Impact WS-1 to a less-than-significant level.

Impact WS-2: For public open space built on rooftops, the Project would alter wind in a manner that affects those public open spaces.

If Parcels C1 and C2 are developed with structured parking, public open space would be provided on the rooftops. Under the Maximum Residential Scenario and Maximum Commercial Scenario, the wind hazard criterion of Planning Code Section 148 would be exceeded on the rooftop of Building C1 at test point 143 for 1 hour per year. Under the Maximum Commercial Scenario - Pedestrian Passageway Option, test point 143 would have 2 hours of exceedance of the hazard criterion. In all three modeled instances, Building C1 was modeled at a maximum height of 90 feet. These exceedances represent a potentially significant impact.

Mitigation Measure M-WS-2: Wind Reduction for Rooftop Winds, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measure M-WS-2 would reduce Impact WS-2 to a less-than-significant level.

F. Biological Resources

Impact BI-1: Construction and operation of the Project would have a substantial adverse effect either directly or through habitat modifications on migratory birds and/or on bird species identified as special status in local or regional plans, policies, or regulations, or by the California Department of Fish and Wildlife or U.S. Fish and Wildlife Service.

Construction Impacts

Construction activities within both the 20th/Illinois Parcel and the 28-Acre Site, especially those that involve heavy machinery, may adversely affect nesting bird species within 0.25 mile of the project site during the nesting season (January 15–August 15).

Birds currently residing in both the terrestrial and marine study areas are accustomed to varying levels of ambient noise emanating from existing human activities in the area. Typical noise levels for some construction activities anticipated during project implementation would exceed ambient levels in the project vicinity. Construction activities that would substantially alter the noise environment could disrupt birds attempting to nest, disrupt parental foraging activity, or displace mated pairs with territories in the project vicinity. Given the long build-out period for the Project, the potential impacts of noise and visual disturbance to breeding birds are likely to occur over several nesting seasons, with the highest potential impacts associated with initial disturbance to idle parcels of the site.

As the project progresses and the level of disturbance to the site increases with parcel development, nesting birds are less likely to be attracted to the site and the potential for construction-related impacts to birds and their nests will decrease over time. The loss of an active nest attributable to project activities would be considered a significant impact under CEQA.

Disruption of nesting migratory or native birds is not permitted under the MBTA or California Fish and Game Code. Thus, the loss of any active nest by, for example, removing a tree, or shrub, or demolishing a building containing an active nest or causing visual or noise disturbance which leads to nest abandonment must be avoided under Federal and California law.

Mitigation Measures M-BI-1a: Worker Environmental Awareness Program Training and M-BI-1b: Nesting Bird Protection Measures, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measures M-BI-1a and M-BI-1b, in combination with compliance with the MBTA and California Fish and Game Code, would avoid or reduce Impact BI-1 to a less-than-significant level.

Operational Impacts

Direct effects on migratory as well as resident birds moving through the project site could include bird death or injury from collisions with lighted structures, and bird exhaustion and death due to light attraction, as well as bird collisions with glass during the daytime. Indirect effects to migratory birds could include delayed arrival at breeding or wintering grounds, and reduced energy stores necessary for migration, winter survival, or subsequent reproduction.

Due to the surrounding urban setting, the Project is not expected to appreciably increase the overall amount of lighting along the San Francisco waterfront as a whole, considering existing nighttime lighting conditions within the project site and adjacent development along the eastern shoreline from San Francisco Bay to AT&T Park; however, avian collisions with glass or reflective surfaces used in the proposed buildings could result in mortality, which would be a significant impact under CEQA.

The Project would comply with San Francisco's adopted Standards for Bird-Safe Buildings (Planning Code Section 139) and would incorporate specific design elements into the development to avoid or minimize avian collisions with buildings or other project features.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that Project compliance with the *Standards for Bird-Safe Buildings*, as administered by the San Francisco Planning Department, would avoid or minimize the adverse effects of avian collisions; therefore, no additional mitigation is necessary.

Impact BI-2: Construction of the Project would have a substantial adverse effect either directly or through habitat modifications on bats identified as special-status in local or regional plans, policies, or regulations, or by the California Department of Fish and Wildlife or the United States Fish and Wildlife Service.

Common bats (Mexican free-tailed bat) and special-status bats (Pallid bat and Yuma myotis) have the potential to roost in existing vacant or underutilized buildings, other human-made structures, and trees within or near the 20th/Illinois Parcel and 28-Acre Site of the Project. Destruction of an occupied, non-breeding bat roost, resulting in the death of bats; disturbance that causes the loss of a maternity colony of bats (resulting in the death of young); or destruction of hibernacula are prohibited under the California Fish and Game Code and would be considered a significant impact. This may occur due to direct or indirect disturbances.

Demolition of Buildings 11, 15, 16, 19, 25, 32, and 66, and rehabilitation of Buildings 2, 12, and 21 could result in direct mortality of or indirect disturbance to roosting special-status bats, if present. Additionally, any bats roosting in eucalyptus trees in the project site could be disturbed by periphery construction activity. Direct mortality of special-status bats would be a significant impact.

Mitigation Measure M-BI-2: Avoidance and Minimization Measures for Bats, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measure M-BI-2 would reduce Impact BI-2 to a less-than-significant level.

Impact BI-3: Construction of the Project would have a substantial adverse effect, either directly or through habitat modifications, on aquatic species identified as candidate, sensitive, or special-status species in local, regional, or Federal plans, policies, or regulations, or by California Department of Fish and Wildlife, United States Fish and Wildlife Service, or National Oceanic and Atmospheric Administration.

San Francisco Bay waters adjacent to the Project site are used by multiple special-status marine species known to be present in the project site, including longfin smelt, green sturgeon, Pacific herring, harbor seals, California sea lions, and native Olympia oysters. In addition to FESA-, CESA-, and MMPA-listed species, as well as species of special concern, San Francisco Bay waters adjacent to the project site are used by 16 fish species managed by one of three Fisheries Management Plans under the Magnuson-Stevens Act.

Accidental Discharge and Stormwater Run-Off Impacts

The potential accidental discharge of hydrocarbon-containing materials (fuel, lubricating oils, construction materials), construction debris, and packing materials from staged equipment, building materials, and demolition debris that might be located or staged close to or adjacent to San Francisco Bay waters could pose a short-term and temporary risk of exposing these taxa to toxic contaminants and non-edible forage. Normal BMPs implemented as part of City of San Francisco, BCDC, and State Water Quality Control Board permits are expected to make the impact of these potential sources of contamination and their impact on special-status marine species less than significant.

Demolition activities at the project site could also result in extensive ground disturbance and increased surface run-off through existing and future stormwater drains to San Francisco Bay, resulting in increased sedimentation and organic and inorganic contaminant loading to San Francisco Bay waters with low-level

exposure to protected species. Potential impacts on special-status fish and marine mammal species due to increased contaminant loading to San Francisco Bay waters from low-level contaminated sediments could be significant if uncontrolled. Implementation of normal construction and demolition BMPs required as part of City of San Francisco, regional (BCDC), and State (State Water Quality Control Board) permits would be expected to reduce these impacts to a less-than-significant level. In addition, specific requirements issued by the RWQCB for stormwater discharges within the City and County of San Francisco in accordance with the Statewide stormwater permit contain additional actions to prevent and/or reduce project site sediment from reaching Bay waters and causing any significant effect on resident offshore biological resources.

Sewer/Stormwater Options

The Project proposes to upgrade the sewer and stormwater collection and transport system according to one of three options: a combined sewer and stormwater system, a separated sewer and stormwater system, and a hybrid option where a combined sewer and stormwater system would be located only in the eastern portion of the project site, with the rest of the site having a separated sewer and stormwater system. All three options would include repaired or improved outfalls at 20th and 22nd streets; however, in a separated and hybrid system option, a potential new outfall at 21st Street would be constructed in San Francisco Bay. The repair and potential construction of these outfalls would be expected to result in short-term disturbance to existing subtidal soft and hard substrate habitat and associated biological communities. Although the potential disturbance and/or loss of these habitats and associated marine communities could have an effect on special-status fish and marine mammal foraging, the overall effect would be minor and less than significant because of the very small area being disturbed and the temporary nature of the disturbance. Once installed and repaired, these stormwater outfalls and any temporarily disturbed subtidal habitat associated with them would be expected to recover naturally and quickly to pre-disturbance conditions.

Additionally, planned upgrades to the project site stormwater and sanitary waste collection, transport, and treatment system would ultimately reduce the contaminant loading of organic, inorganic, and fecal bacteria into San Francisco Bay waters. Therefore, potential impacts to special-status species from the improved stormwater and sanitary wastewater system and discharges to San Francisco Bay would be less than significant.

Sheet Pile and Soldier Pile Impacts

The repair of the bulkhead would entail the installation of either a new sheet pile bulkhead or a soldier pile wall seaward of the existing bulkhead. The construction activities associated with either option would be expected to result in the temporary loss of the sessile marine invertebrate community currently present, loss of a small area of soft substrate intertidal habitat in Reach I and associated marine communities, and potential temporary disturbance to soft and hard substrate habitat and associated marine communities where personnel and equipment transit to work on the reconstructed bulkhead. Recovery of disturbed intertidal habitat to pre-disturbance conditions is expected to occur naturally within 6 to 18 months with no remediate actions required. Consequently, these disturbances are expected to be less than significant, and no mitigation is required.

The installation of either the sheet pile or soldier wall bulkhead (using precast H-piles) for improving Reach II, could result in the generation of potential underwater noise from either vibratory or impact pile-driving hammers used to install the pilings. This underwater noise could have a damaging effect on special-status fish species and marine mammals. Further, although the potential for acute barotrauma to occur is limited, behavioral changes in fish movement or activity can be expected.

The use of vibratory pile drivers rather than impact pile drivers, or the application of established industry BMPs to reduce underwater noise generation from either equipment type, would be expected to substantially reduce underwater pile-driving noise, so that the potential impact would be less than significant.

However, if the sheet piling or H-piling installation occurs when the tide is in, the potential exists to generate underwater noise levels that could result in significant impacts to special-status fish species, and multiple marine mammal species.

Mitigation Measure M-BI-3: Pile Driving Noise Reduction for Protection of Fish and Marine Mammals, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measure M-BI-3 would reduce Impact BI-3 to a less-than-significant level.

Impact BI-4: The Project would have a substantial adverse effect on Federally-protected waters as defined by Section 404 of the Clean Water Act through direct removal, filling, hydrological interruption, or other means.

San Francisco Bay is considered a navigable water of the United States and is therefore considered jurisdictional waters of the U.S. regulated by the Corps under Section 404 of the CWA up to the high tide line, and under Section 10 of the Rivers and Harbors Act up to the mean high water mark. These waters also are regulated by the RWQCB as Waters of the State and by BCDC, which has jurisdiction over all areas of San Francisco Bay that are subject to tidal action, as well as a 100-foot shoreline band.

Project activities such as demolition, extensive ground disturbance, grading, and shoreline improvements could result in increased surface run-off through stormwater drains to San Francisco Bay, or erosion or siltation into San Francisco Bay. In the case of soil erosion or an accidental release of damaging materials during construction, the Project could indirectly impact water quality, a significant impact. However, because the project site exceeds 1 acre in size, the project sponsors or future developers would be required to apply for coverage under the Construction General Stormwater Permit to comply with Federal National Pollutant Discharge Elimination System (NPDES) regulations (NPDES permit), and would be required to develop and implement a Stormwater Pollution Prevention Plan (SWPPP) that identifies appropriate construction BMPs designed to prevent pollutants from coming into contact with stormwater and to keep all products of erosion and stormwater pollutants from moving offsite into receiving waters. Implementation of the SWPPP would maintain the potential for degradation of water quality in wetlands and other jurisdictional waters at a less-than-significant level.

The Project includes shoreline improvements to the 28-Acre Site that would repair or replace existing shoreline protection and the existing bulkhead along Reach II with a new sheet piling or soldier wall adjacent to the east (seaward) of the existing concrete bulkhead. Additionally, planned upgrades to the project site's stormwater and sanitary waste collection, transport, and treatment system could include rebuilding the outfalls at 20th and 22nd streets or the installation of a new outfall at 21st Street under the separated system approach or the hybrid system approach and possible cleanup and rehabilitation of the intertidal areas in Reaches I and IV. Should this option be selected, these activities would result in both temporary impacts to jurisdictional waters during repair of the existing shoreline protection, bulkhead, or 20th and 22nd streets outfalls, or installation of the new 21st Street outfall, as well as potential permanent impacts through placement of fill material associated with a new bulkhead and/or a new 21st Street stormwater outfall, which would be considered a significant impact.

Project activities resulting in the discharge of Bay fill or other disturbance to jurisdictional waters (i.e., below the high tide line) require permit approval from the Corps, and a water quality certification and/or waste discharge requirements from the RWQCB. Those projects within San Francisco Bay or within the shoreline band require a permit from BCDC. Collectively, these regulatory agencies and the permits and authorizations they issue for the Project would require that placement of new fill in jurisdictional waters be avoided or minimized to the maximum extent practicable while still accomplishing the Project's purpose, and would specify an array of measures and performance standards as conditions of Project approval. In addition, permanent placement of new fill resulting in the loss of jurisdictional waters in excess of that necessary for normal maintenance may trigger a requirement for compensatory mitigation that will be aimed at restoring or enhancing similar ecological functions and services as those displaced. The types, amounts, and methods of compensatory measures required will differ between the permitting agencies depending on the specific resources they regulate and the policies and guidelines they implement.

Mitigation Measure M-BI-4: Compensation for Fill of Jurisdictional Waters, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measure M-BI-4 would reduce Impact BI-4 to a less-than-significant level.

Impact BI-5: The Project would interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites.

Terrestrial

Construction of the Project could affect birds attempting to nest within the project site directly through nest destruction or avian mortality, and indirectly through an increase in the ambient noise environment that might disrupt breeding behavior, discourage nesting, or cause nest abandonment. Compliance with the MBTA and California Fish and Game Code, and compliance with the San Francisco *Standards for Bird-Safe Buildings* are expected to reduce potential construction-related effects on birds nesting within the project site and surrounding vicinity and potential collision hazards for migrating birds to less-than-significant levels.

Marine

If impact hammers are used for pile driving, harbor seals and California sea lions could be subjected to underwater noise levels high enough to cause avoidance behavior while they migrate to or from haul-out or pupping locations or during normal foraging. Therefore, the potential impact from impact-hammer-generated noise on special-status marine mammal species, including harbor seals and California sea lions, migrating to or from haul-out and pupping sites or foraging could be significant.

There is a very low probability of any salmonids being present in the shallow waters adjacent to the project site where potential underwater noise levels would be high enough to result in any behavioral disturbance. As a consequence, any potential disturbance to migrating salmonids (steelhead and salmon) would be very minimal in the waters adjacent to the project site.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementation of Mitigation Measure M-BI-3: Pile Driving Noise Reduction for Protection of Fish and Marine Mammals, referenced above, would reduce Impact BI-5 to a less-than-significant level.

Impact C-BI-1: The Project, in combination with past, present, and reasonably foreseeable future projects in the site vicinity, would result in a cumulatively considerable contribution to significant biological resources impacts.

Terrestrial

The Project would have a limited effect on terrestrial biological resources that inhabit the Project site and surrounding vicinity primarily because the existing built-out environment of the study area offers marginal habitat value to resident species. Short-term construction impacts and long-term operational impacts to nesting birds and roosting bats, and the mitigation of the Project's impacts are discussed in this Section above under Impact BI-1 and BI-2, including Mitigation Measures M-BI-1a: Worker Environmental Awareness Program Training and M-BI-1b: Nesting Bird Protection Measures, and M-BI-2: Avoidance and Minimization Measures for Bats. These impacts would not be cumulatively considerable.

Development of the projects on San Francisco's eastern waterfront is likely to have limited effects on nesting birds and roosting bats, similar to those with the Project; however, given the limited extent of existing habitat and poor habitat quality in these planned development areas, project implementation would not result in a cumulatively considerable impact on terrestrial resources. Mitigation measures similar to those for the Project would reduce the incremental effect of the individual projects on such resources.

Landside redevelopment projects in the vicinity of the Project may result in similar temporary impacts to biological resources considered under the project analysis; however, given their existing conditions and location away from the eastern waterfront, these project sites likely offer even less habitat for terrestrial resources than the Project site.

None of the potential adverse effects identified for the Project would result in a cumulative effect with other approved or anticipated projects considered in this analysis.

Marine

The Project would have limited activities and potential effects on marine habitats and associated biological communities within the Central Bay basin waters and marine habitats adjacent to the Project site, primarily because limited project components would occur below the high tide mark. Potential effects on marine habitat and biological taxa, and the mitigation of the Project's impacts are discussed in this Section above under Impact BI-3, BI-4, and BI-5, including Mitigation Measure M-BI-3: Pile Driving Noise Reduction for Protection of Fish and Marine Mammals and M-BI-4: Compensation for Fill of Jurisdictional Waters.

All of these potential impacts are common to any project sited on the San Francisco Bay shoreline. Despite this commonality with other similar projects, none of these Project impacts are anticipated to result in a cumulatively considerable contribution to a significant cumulative impact with other approved or reasonably foreseeable projects.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementation of Mitigation Measures M-BI-1: Worker Environmental Awareness Program Training, M-BI-2: Avoidance and Minimization Measures for Bats, M-BI-3: Pile Driving Noise Reduction for Protection of Fish and Marine Mammals and M-BI-4: Compensation for Fill of Jurisdictional Waters, all referenced above, the Project, in combination with past, present, and reasonably foreseeable future projects in the site vicinity, would not result in a cumulatively considerable contribution to significant biological resources impacts.

G. Geology and Soils

Impact GE-3: The Project site would not be located on a geologic unit or soil that is unstable, or that could become unstable as a result of the Project.

Settlement During Construction

The Project could induce ground settlement during construction as a result of excavation for construction of utilities as well as for the building foundations and basement levels, construction dewatering, and heave during pile installation.

Pile driving may cause the ground to heave up to several inches, and the heave could adversely affect structures adjacent to the pile driving work, such as existing utilities and streets as well as the 20th Street Historic Core, the existing historic buildings that would be retained on the project site (Buildings 2, 12, and 21), and buildings constructed as part of the Project during earlier development phases.

DBI or the Port would require a site-specific geotechnical report for the specific developments to be constructed under the Project in accordance with Section 1803 of the San Francisco and Port of San Francisco Building Codes. DBI or the Port would review the report to ensure that the potential settlement effects of excavation, construction-related dewatering, and pile driving are adequately addressed. With implementation of the recommendations provided in the site-specific geotechnical report, subject to review and approval by DBI or the Port as part of the building permit approval process, as well as monitoring by the project sponsor (if required), impacts related to the settlement and subsidence due to

construction on soil that is unstable, or that could become unstable as a result of excavation, dewatering, and pile driving, would be less than significant. No mitigation is necessary.

Settlement and Unstable Conditions During Operation

Once constructed, differential settlement within the Young Bay Mud could occur as a result of placement of up to 5 feet of soil to raise the site grade. In addition, cuts made into the bedrock of the remnant of Irish Hill for the construction of the new 21st Street could become unstable if not supported. Rock fall hazards also would be present near the remnant of Irish Hill and exposed bedrock cuts. The dilapidated pier extending from the project site into the Bay could also fail if it is used by site occupants and visitors.

Long-term dewatering would not be required because the below-grade walls and basement slabs would be waterproofed and designed to withstand the anticipated hydrostatic pressure in accordance with the recommendations of the preliminary geotechnical evaluations that have been completed for the Project. The design of these features would be further evaluated in the site-specific geotechnical report required under Section 1803 of the San Francisco and Port of San Francisco Building Codes.

The preliminary geotechnical evaluations for the Project estimate that the placement of fill throughout the site to raise site grades by up to 5 feet would generate large amounts of total and differential settlement in areas underlain by Young Bay Mud. These settlement effects would be restricted to those areas north and east of the historic 1869 shoreline that are underlain by artificial fill, marsh deposits, and Young Bay Mud. The proposed streets and non-building improvements also could experience settlement in areas underlain by Young Bay Mud where fill is placed. The magnitude of settlement would depend on several factors, including the thickness of fill, the thickness of Young Bay Mud, and the state of consolidation of the Young Bay Mud.

Specific intervention would be further refined in the site-specific geotechnical report and would be subject to review and approval by DBI or the Port as part of the building permit approval process. Therefore, impacts related to settlement following construction of the proposed buildings would be less than significant. No mitigation is necessary.

The existing near-vertical cuts in the serpentinite bedrock of the project site, including the remnant of Irish Hill, could be subject to rock fall hazards, as noted in the preliminary geotechnical evaluation for the Illinois Parcels. Any rock fall could potentially damage nearby structures, including buildings on Parcels PKS, C-1, and C-2, or injure site occupants, particularly visitors to the Irish Hill playground and pedestrians on 21st Street. Therefore, rock fall hazards would be significant.

A dilapidated pier extends from the project site into the Bay immediately northeast of the slipways. Although the pier is not a geologic unit, its use by future site occupants and visitors could cause it to fail due to the increased loads, which would be a significant impact.

Mitigation Measure M-GE-3a: Reduction of Rock Fall Hazards and M-GE-3b: Signage and Restricted Access to Pier 70, as more fully described in the Final EIR, are hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measure M-GE-3a and M-GE-3b would reduce Impact GE-3 to a less-than-significant level.

Impact GE-6: The Project would directly or indirectly destroy a unique paleontological resource or site.

Given that sedimentary rocks of the Franciscan Complex have produced significant fossils important for understanding the age, depositional environments, and tectonic history the San Francisco area, paleontological resources could exist in the sedimentary rocks of the Franciscan Complex that underlie the project site. Project construction activities, including excavation for the planned basement levels and anticipated pile-driving activities, could disturb significant paleontological resources if such resources are present within the project site. Unless mitigated, implementation of the Project could impair the significance of unknown paleontological resources on the project site; this would be considered a significant impact.

In addition to Mitigation Measures M-CR-1a: Archaeological Testing, Monitoring, Data Recovery and Reporting, and M-CR-1b: Interpretation, referenced above, Mitigation Measure M-GE-6: Paleontological Resources Monitoring and Mitigation Program, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measures M-CR-1a, M-CR-1b and M-GE-6 would reduce Impact GE-6 to a less-than-significant level.

H. Hydrology and Water Quality.

Impact HY-2: The Project could violate a water quality standard or waste discharge requirement or otherwise substantially degrade water quality, but runoff from the Project could exceed the capacity of a storm drain system or provide a substantial source of stormwater pollutants.

The Project includes three options for stormwater and wastewater management: Option 1, Combined Sewer System; Option 2, Separate Wastewater and Stormwater Systems; and Option 3, Hybrid System.

Water Quality Effects Related to Exceedance of Water Quality Criteria and Waste Discharge Requirements

Discharges to the Combined Sewer System

Option 1, Combined Sewer System, and Option 3, Hybrid System, would both involve discharges of wastewater and stormwater to the City's combined sewer system, and Option 2, Separate Wastewater and Stormwater Systems, would involve discharges of wastewater to the combined sewer system. However, these discharges would not violate water quality standards or otherwise degrade water quality because

all discharges would be in accordance with City regulatory requirements that have been developed to ensure compliance with the Bayside NPDES permit.

Wastewater discharges from future development projects would be subject to the permit requirements of Article 4.1 of the San Francisco Public Works Code and supplemented by SFPW Order No. 158170. Accordingly, future commercial users of the site would be required to develop and implement a pollution prevention program and comply with the pretreatment standards and discharge limitations specified in Article 4.1. These dischargers would also be required to monitor the discharge quality for compliance with permit limitations.

Additionally, Stormwater discharges to the combined sewer system under Options 1 and 3 would be subject to Article 4.2 of the San Francisco Public Works Code, Section 147 and the San Francisco Stormwater Management Requirements and Design Guidelines that apply to future development projects that create and/or replace 5,000 square feet or more of impervious surfaces.

All wastewater and stormwater discharges to the combined sewer system would be treated at the SEWPCP and Bayside wet-weather facilities in compliance with the Bayside NPDES permit for discharges from the SEWPCP, North Point Wet Weather Facility, and all of the Bayside wet-weather facilities. Therefore, project-related discharges to the combined sewer system during operation under all three options would not cause a violation of water quality standards or WDRs and would not otherwise substantially degrade water quality. This impact would be less than significant for discharges to the combined sewer system, and no mitigation is necessary.

Discharges to a Separate Stormwater System

Under Option 2, Separate Wastewater and Stormwater Systems, and Option 3, Hybrid System, future development projects would discharge stormwater to new separate stormwater systems constructed under the Project. These discharges would not violate water quality standards or otherwise degrade water quality because all discharges would be in accordance with City regulatory requirements that have been developed to ensure compliance with the Small MS4 General Stormwater Permit.

Stormwater runoff from the project site to the separate stormwater system would be managed in accordance with Article 4.2 of the San Francisco Public Works Code, Section 147, and the Stormwater Management Requirements and Design Guidelines.

Article 4.2 of the San Francisco Public Works Code, Section 147, and the Stormwater Management Requirements and Design Guidelines implement the stormwater treatment requirements of the Small MS4 General Stormwater Permit. Therefore, project-related stormwater discharges to the separate stormwater system that would be constructed under Options 2 and 3 would not cause a violation of water quality standards or WDRs and would not otherwise substantially degrade water quality. This impact would be less than significant for discharges to the separate stormwater system, and no mitigation is necessary.

Water Quality Effects Related to Exceeding the Capacity of the Stormwater System

None of the three stormwater management options would result in stormwater runoff that would exceed the capacity of the stormwater conveyance system because the new stormwater systems would be

constructed in accordance with the City Subdivision Regulations. Accordingly, the new separate stormwater system and components of the combined sewer system would be sized to accommodate the 5-year storm, and flows for the 100-year storm would be directed to San Francisco Bay via streets and other approved corridors that would be designed to accommodate 100-year flood flows in excess of the 5-year storm in accordance with the subdivision regulations. Therefore, water quality effects related to exceeding the capacity of the stormwater system would be less than significant, and no mitigation is necessary.

Water Quality Effects Related to Additional Sources of Polluted Runoff

Option 1, Combined Sewer System, and Option 3, Hybrid System, would both involve discharges of stormwater to the City's combined sewer system. Option 2, Separate Wastewater and Stormwater Systems, and Option 3 would both involve discharges of stormwater to the separate stormwater system that would be built for the Project. However, these discharges would not provide an additional source of stormwater pollutants, because all discharges would be in accordance with Article 4.2, Section 147 of the San Francisco Public Works Code and Stormwater Management Requirements and Design Guidelines that have been developed to ensure compliance with the Bayside NPDES permit and the Small MS4 General Stormwater Permit. With implementation of the source control and treatment BMPs in accordance with Article 4.2 of the San Francisco Public Works Code, Part 147, the Project would not provide an additional source of stormwater pollutants, and this impact would be less than significant. No mitigation is necessary.

Water Quality Effects Related to Changes in Combined Sewer Discharges

The project site is located within the 20th Street sub-basin of the City's combined sewer system. The Bayside NPDES permit requires that the wet-weather facilities within this sub-basin be designed for a long-term average of no more than 10 CSD events per year. The permit allows for this annual average to be exceeded in any particular year as long as the long-term average is maintained at the appropriate level. However, a permanent increase in wastewater flows could affect the ability to maintain the long-term average of no more than 10 CSD events, potentially resulting in a violation of the NPDES permit, a significant water quality impact.

Option 1: Combined Sewer System

Under Option 1, Combined Sewer System, both wastewater and stormwater from the project site would be conveyed to the new 20th Street Pump Station for ultimate conveyance to the SEWPCP via the City's combined sewer system. Without sufficient pumping capacity, the new pump station could cause the frequency of CSDs from the 20th Street sub-basin and/or downstream basins to increase beyond the long-term average of 10 CSD events per year, in violation of the Bayside NPDES permit. This would constitute a significant impact.

Option 2: Separate Wastewater and Stormwater Systems

Under Option 2, Separate Wastewater and Stormwater Systems, wastewater from the project site would continue to be conveyed to the City's combined sewer system for treatment at the SEWPCP. A new separate stormwater system would also be constructed to convey stormwater flows to a new outfall located near the foot of the realigned 21st Street. This option would eliminate all stormwater flows from

the project site to the combined sewer system, although stormwater flows from the 20th Street Historic Core site and BAE Systems Ship Repair facility to the north of 20th Street would continue to discharge to the combined sewer system.

Under this option, wet-weather discharges to the new pump station would consist of wastewater from the entire sub-basin, and stormwater from the 20th Street Historic Core and BAE Systems site. Because of the elimination of stormwater discharges from the project site and the addition of wastewater discharges from the project site to the new 20th Street Pump Station, future combined sewer discharges would consist of a much larger portion of sanitary sewage and industrial wastewater relative to existing conditions. The Bayside NPDES permit includes collection system management requirements that require the combined sewer system to be operated in a manner that does not result in a release of untreated or partially treated wastewater. Therefore, this option could result in a violation of the Bayside NPDES permit without appropriate design of the proposed pump station. This would constitute a significant impact.

Option 3: Hybrid System

Under Option 3, Hybrid System, wastewater from the entire project site and stormwater from the areas of the project site to the west of the proposed Maryland Street would be conveyed to the new pump station for ultimate conveyance to the SEWPCP via the City's combined sewer system. Only the small area to the east of the proposed Maryland Street would be served by a new separate stormwater system that would discharge stormwater to the Central Basin of Lower San Francisco Bay. The required capacity of the new pump station would be less than required under Option 1, because the total flows to the new pump station would be less under this option. However, without sufficient pumping capacity, the new pump station could cause the frequency of CSDs to increase beyond the long-term average of 10 CSD events per year specified in the Bayside NPDES Permit, a significant impact.

Mitigation Measure M-HY-2a: Design and Construction of Proposed Pump Station for Options 1 and 3 and Mitigation Measure M-HY-2b: Design and Construction of Proposed Pump Station for Option 2, as more fully described in the Final EIR, are hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that compliance with applicable regulations and implementing Mitigation Measures M-HY-2a and M-HY-2b Impact HY-2 would be less than significant.

Water Quality Effects Related to Use of Alternate Water Supply

In accordance with San Francisco's Non-potable Water Ordinance, the Project would use alternate water sources for non-potable applications such as toilet and urinal flushing as well as irrigation. Compliance with water quality criteria would be ensured through the permitting process. This process requires the project sponsors submit a water budget application to the SFPUC and an engineering report to the DPH. With compliance with these requirements, the quality of the alternate water supply would not exceed water quality criteria, and water quality effects related to use of an alternate water supply would be less than significant. No mitigation is necessary.

Water Quality Effects Related to Littering

The proposed use of the project site for commercial, residential, RAIL, and public open space uses could increase the potential for litter, and the adjacent Lower San Francisco Bay is listed as impaired for trash. In accordance with Article 6 of the San Francisco Health Code, Garbage and Refuse, the project sponsors would be required to place containers in appropriate locations for the collection of refuse and ensure refuse containers must be constructed with tight fitting lids or sealed enclosures. The Project would also be required to comply with several City ordinances, which would decrease the amount of non-degradable trash generated under the Project.

Further, under Option 2, Separate Wastewater and Stormwater Systems, and Option 3, Hybrid System, the Project would be required to comply with the Trash Amendment of the Water Quality Control Plan for Inland Surface Waters, Enclosed Bays, and Estuaries of California. This amendment would require the Project to implement specific measures to prevent the transport of trash to San Francisco Bay.

Compliance with Article 6 of the San Francisco Health Code, the City ordinances, and the Trash Amendment for wastewater and stormwater, Options 2 and 3 would reduce the amount of non-recyclable and non-compostable wastes produced at the project site, would ensure that adequate containers and refuse service are provided, and would ensure that offshore San Francisco Bay water is kept free of trash as a result of littering at the Project site. This would reduce the potential for transport of litter to the combined or separate stormwater systems and directly to San Francisco Bay via wind or stormwater runoff. Therefore, water quality impacts related to littering would be less than significant, and no mitigation is necessary.

I. Hazards and Hazardous Materials.

Impact HZ-2: Demolition and renovation of buildings under the Project would not expose workers and the public to hazardous building materials including asbestos-containing materials, lead-based paint, bis (2-ethylhexyl) phthalate (DEHP), and mercury, or result in a release of these materials into the environment during construction. However, workers and the public would be exposed to PCBs as a result of the removal of electrical transformers.

Construction

Building 21 was constructed in approximately 1900. All of the other existing buildings at the project site were constructed between 1937 and 1945. Previous surveys for hazardous building materials have identified asbestos-containing materials and lead-based paint in Building 11 which would be demolished under the Project. Based on their age, these hazardous building materials are likely present in Buildings 15, 16, 19, 25, 32, and 66 which also would be demolished under the Project. Similarly, previous surveys for hazardous building materials have identified asbestos-containing materials and lead-based paint in Buildings 2, 12, and 21, all of which would be renovated under the Project. The Phase I ESA for the Project also noted PCB-containing light ballasts and mercury switches and thermostats in most buildings in 2011 as well as PCB-containing transformers in several locations. In addition, the Phase I ESA noted that pipes associated with the historic distribution of steam are likely to include transite materials. Other existing utility systems could include asbestos in their coatings, gaskets, or other features.

Workers and the public could be exposed to hazardous building materials if they were not removed or abated prior to demolition or renovation of the existing buildings and utility systems. There is a well-

established regulatory process that must be followed for ensuring adequate abatement of these materials prior to building demolition or renovation.

Asbestos-Containing Materials

In accordance with BAAQMD Rule 11, Regulation 2, the project sponsors would be required to retain a qualified contractor to conduct a survey to identify asbestos-containing materials in any building planned for demolition or renovation and in any utility systems that would be demolished. During removal activities, the contractor would implement controls to ensure that there are no visible asbestos emissions to the outside air. The removal activities would be conducted in accordance with the State regulations contained in Title 8 of the California Code of Regulations, Section 1529, and Title 8 of the California Code of Regulations, Sections 341.6 through 341.17. Pursuant to California law, the Port would not issue the building demolition or renovation permit until the project sponsors have complied with the notice and abatement requirements.

Section 3425 of the Port of San Francisco Building Code also addresses work practices for asbestos-containing materials. In accordance with this section, the project sponsors would be required to include an asbestos survey report with the building permit application for any subsequent development.

Compliance with the regulatory requirements and implementation of the required procedures prior to building demolition or renovation would ensure that potential impacts due to demolition or renovation of structures with asbestos-containing materials would be less than significant. No mitigation measures are necessary.

Lead-Based Paint

Because all of the buildings that would be demolished or renovated were constructed prior to 1979, and could contain lead-based paint, the project sponsors would be required to implement the requirements of Section 3426 of the Port of San Francisco Building Code, Work Practices for Lead-Based Paint on Pre-1979 Buildings and Steel Structures. Accordingly, the project sponsors would retain a qualified contractor to abate the lead-based paint prior to demolition or renovation of any buildings. At the completion of abatement activities, the contract would demonstrate compliance with the clean-up standards of Section 3426 that require removal of visible work debris, including the use of a HEPA vacuum following interior work. Pursuant to Section 3426, the Port would not issue the building demolition or renovation permit until the project sponsors have complied with the requirements.

Demolition of other structures that include lead-containing materials and renovation of the interiors of Buildings 2, 12, and 21 could also result in exposure of workers and the public to lead. However, these activities would be subject to the CalOSHA Lead in Construction Standard (Title 8 of the California Code of Regulations, Section 1532.1).

Any lead-based paint during abatement activities would be consolidated, and disposed of at a permitted facility in accordance with applicable law. Implementation of procedures required by Section 3426 of the Port of San Francisco Building Code and the Lead in Construction Standard, along with legal disposal of the lead-based paint by the project sponsors would ensure that potential impacts of demolition or renovation of structures with lead-based paint would be less than significant. No mitigation measures are necessary.

Electrical Transformers

Electrical transformers are present in at least two locations of the 28-Acre Site, including Building 21 which houses an operating electrical substation and Building 12 where a PCB-containing transformer was observed in a utility room during the 2011 Phase I ESA conducted for the 28-Acre Site in support of the Project. However, a complete survey of electrical transformers present at the site, and their PCB content, has not been conducted. If a PCB transformer is present in a building that would be demolished, a release of PCBs could occur, potentially exposing workers and the public to PCBs, or resulting in a release of PCBs to the environment. If a release of PCB-containing dielectric fluid has occurred, future occupants of the building could be exposed to residual PCBs in the building or in the soil if a release has affected soil. Therefore, impacts related to the potential release of PCBs from existing transformers at the site would be significant, if not mitigated.

Mitigation Measure M-HZ-2a: Conduct Transformer Survey and Remove PCB Transformers, Mitigation Measure M-HZ-2b: Conduct Sampling and Cleanup if Stained Building Materials Are Observed and Mitigation Measure M-HZ-2c: Conduct Soil Sampling if Stained Soil is Observed, as more fully described in the Final EIR, are hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measures M-HZ-2a, M-HZ-2b and M-HZ-2c would reduce Impact HZ-2 to less than significant.

Other Hazardous Building Materials

Other hazardous building materials that are likely present within the buildings to be demolished or renovated include fluorescent light ballasts that could contain PCBs or DEHP, fluorescent lamps that contain mercury vapors, and electrical switches and thermostats that also contain mercury. Disruption or disturbance of these materials could pose health threats for construction workers if not properly disposed of. However, prior to demolition or renovation, the project sponsors, through their contractor, would remove these items and dispose of them in accordance with the established State Regulatory Framework. Therefore, through compliance with regulatory requirements, impacts related to exposure to PCBs, DEHP, and mercury in these materials would be less than significant. No mitigation measures are necessary.

Operation

Buildings 2, 12, and 21 would be renovated and reused under the Project. These buildings are known to include asbestos-containing materials and lead-based paint as well as other hazardous building materials such as fluorescent lamps, PCB-containing light ballasts, and mercury switches and thermostats. However, these materials would be abated and/or removed during the construction phase of the Project, prior to reuse of the buildings, as discussed above. Although electrical transformers are also present in Buildings 12 and 21, and release of PCB-containing oil from these transformers could have potentially contaminated building surfaces, the transformers would be removed and the surfaces would be cleaned during the construction phase of the Project in accordance with Mitigation Measures M-HZ-2a and M-HZ-2b. Soil containing PCBs would be managed in accordance with the Pier 70 RMP as specified in

Mitigation Measure M-HZ-2c. Therefore, site occupants and the public would not be exposed to hazardous building materials during operation of the Project, and this impact would be less than significant.

Impact HZ-3: Project development within the 28-Acre Site and 20th/Illinois Parcel would be conducted on a site included on a government list of hazardous materials sites and could encounter hazardous materials in the soil and groundwater, creating a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment.

The Pier 70 Preferred Master Plan area (including the 20th/Illinois Parcel, the 28-Acre Site, and Sims Metals and Auto Return which are two businesses formerly operated within the 28-Acre Site) is identified on several lists of hazardous materials sites compiled pursuant to Government Code Section 65962.5. Numerous site investigations have been completed for both the 28-Acre Site and the 20th/Illinois Parcel, located within the Pier 70 Preferred Master Plan area, and these investigations have identified chemicals in the soil and groundwater. Groundwater monitoring wells also could be located within the Pier 70 Preferred Master Plan area, or new wells could be constructed in the future as part of remedial activities at the project site or other project activities. These wells could be damaged during construction.

Exposure to Chemicals in Soil and Groundwater during Construction

During development, including excavation for new structures, utilities, and shoreline improvements, construction workers could be exposed to chemicals in the soil, including naturally occurring asbestos, and groundwater through skin contact with the soil or groundwater, ingestion of the soil, or inhalation of airborne dust or vapors. The public, including students and staff at nearby schools as well as occupants of off-site residences and developments on adjacent parcels that have previously been developed, could be exposed to these chemicals through inhalation of airborne dust, contact with accumulated dust, and contaminated runoff. Therefore, impacts related to exposure to chemicals in the soil and groundwater during construction would be significant if not mitigated.

Mitigation Measure M-HZ-3a: Implement Construction and Maintenance-Related Measures of the Pier 70 Risk Management Plan, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Pier 70 RMP risk management procedures in accordance with Mitigation Measure M-HZ-3a would reduce this impact to a less-than-significant level. The deed restriction prepared and enforced by the RWQCB for the Pier 70 Preferred Master Plan area also incorporates these requirements of the Pier 70 RMP.

Damage of Groundwater Monitoring Wells

If groundwater monitoring wells are damaged during construction, they could potentially create a conduit for downward migration of chemicals in the overlying soil, potentially degrading groundwater quality. This would be a significant impact.

Mitigation Measure M-HZ-3b: Implement Well Protection Requirements of the Pier 70 Risk Management Plan, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measure M-HZ-3b would reduce this impact to a less-than-significant level. The deed restriction prepared and enforced by the RWQCB for Pier 70 also incorporates these requirements of the Pier 70 RMP.

Impact HZ-4: Project development within the Hoedown Yard would be conducted on a site included on a government list of hazardous materials sites and could encounter hazardous materials in the soil and groundwater, creating a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment.

The Hoedown Yard is included in the Voluntary Cleanup Program database as part of the Potrero Power Plant. Several environmental investigations have identified chemicals in the soil and groundwater at the Hoedown Yard which is within the Illinois Parcels. During project construction, including excavation for new structures and utilities, construction workers could be exposed to chemicals in the soil and groundwater through skin contact with the soil or groundwater, ingestion of the soil, or inhalation of airborne dust. The public, including students and staff at nearby schools and occupants of adjacent parcels that have been previously developed, could be exposed to these chemicals through inhalation of airborne dust, contact with accumulated dust, and contaminated runoff. Therefore, impacts related to exposure to chemicals in the soil and groundwater during construction at the Hoedown Yard would be significant, if not mitigated.

This property is owned by PG&E, and a separate SMP has been prepared and approved by the RWQCB for development of this site. The Hoedown Yard SMP specifies measures that must be implemented during development activities to ensure the protection of construction workers and the public, and to ensure that contaminated materials are appropriately disposed of.

Mitigation Measure M-HZ-4: Implement Construction-Related Measures of the Hoedown Yard Site Management Plan, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Hoedown Yard SMP measures in accordance with Mitigation Measure M-HZ-4 would reduce this impact to a less-than-significant level. Implementation of the Hoedown Yard SMP requirements is enforced by the RWQCB through the deed restriction recorded on the property in 2012.

Impact HZ-5: Operation of the Project within the "PG&E Responsibility Area" would expose residents, site workers, and site visitors to hazardous materials in the soil, creating a significant hazard to the public or the environment.

Site investigations conducted by the Port and PG&E identified two localized areas in the southeast portion of the 28-Acre Site where the accumulated DNAPL ranges in thickness from 1 to 4 feet in areas

where discontinuous DNAPL have accumulated. As the responsible party for the contamination, PG&E will be conducting site remediation with regulatory oversight by the RWQCB that involves excavating the continuous DNAPL areas at the southernmost slipway to a depth of about 25 feet and backfilling the excavations with clean fill. PG&E anticipates completing these remediation activities by 2018, well before construction would commence in Parcels H1, H2, and H3. However, implementation of the remediation activities in the PG&E Responsibility Area is outside of the project sponsors' control. In the unlikely event that PG&E's remediation activities are delayed, construction of the proposed development on Parcels H1, H2, and E3 could preclude implementation of the planned remediation and future construction workers and site occupants could be exposed to health risks if the existing pavement were removed from this area and development commenced prior to implementation of PG&E's remediation, a significant impact.

Mitigation Measure M-HZ-5: Delay Development on Proposed Parcels H1, H2, and E3 Until Remediation of the "PG&E Responsibility Area" is Complete, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measure M-HZ-5 would reduce this impact to less than significant.

Impact HZ-6: Operation of the Project within the 28-Acre Site and the 20th/Illinois Parcel would expose residents, site workers, and site visitors to hazardous materials in the soil or soil vapors, creating a significant hazard to the public or the environment.

Exposure to Hazardous Materials in Soil

Previous sampling within the 28-Acre Site and 20th/Illinois Parcel which are part of the Pier 70 Preferred Master Plan area has found that chemical concentrations throughout the sites contain PAHs, metals, and/or TPH at concentrations exceeding residential, commercial, and/or recreational cleanup levels. To avoid unacceptable health risks associated with exposure to the soil by residents, site workers, and visitors, the Pier 70 RMP requires placement of a durable cover over the any soil with chemical concentrations greater than the cleanup level for the planned land use. However, maintenance workers would occasionally need to breach the durable cover to conduct repairs of utilities and other systems. This could result in exposure to chemicals in the soil beneath the durable cover, a significant impact.

Residential Exposure to Soil Vapors

In areas where groundwater and soil vapor concentrations exceed residential Environmental Screening Levels, building occupants in residential developments could be exposed to chemicals present in the soil vapors and groundwater as a result of vapor intrusion into the subsurface features of the building. However, the concentrations of chemicals detected in the soil vapor or groundwater exceeded residential cleanup levels in the groundwater or soil vapor at several locations. If residential development is constructed at or near any of these locations, residents could be subjected to health risks, a significant impact unless mitigated.

Mitigation Measure M-HZ-6: Additional Risk Evaluations and Vapor Control Measures for Residential Land Uses, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined implementing Mitigation Measure M-HZ-3a: Implement Construction and Maintenance-Related Measures of the Pier 70 Risk Management Plan and M-HZ-6 this impact would be reduced to less than significant.

Impact HZ-7: Operation of the Project within the Hoedown Yard would expose residents, site workers, and site visitors to hazardous materials in the soil, creating a significant hazard to the public or the environment.

Previous sampling within the Hoedown Yard has found that, based on future use of the Hoedown Yard for commercial or industrial purposes, arsenic is the primary chemical of concern identified in the soil. Naturally occurring asbestos was also identified in the fill materials. Although the Hoedown Yard SMP addresses risk management measures necessary to manage site risks based on industrial use of the site by PG&E, the plan does not provide measures for redevelopment of the site, and does not address risks related to potential residential uses. Without additional evaluation and implementation of additional risk management measures, future site occupants and visitors of the residential and commercial land uses under the Project could be subjected to potential health risks as a result of contact with the site soil, a significant impact unless mitigated.

Mitigation Measure M-HZ-7: Modify Hoedown Yard Site Mitigation Plan, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein.

Based on the Final EIR and the entire administrative record, it is hereby found and determined that implementing Mitigation Measure M-HZ-7 would reduce this impact to less than significant.

Impact HZ-8: Operation of the Irish Hill Playground would expose site visitors to naturally occurring asbestos and naturally occurring metals, creating a significant hazard to the public or the environment.

The Irish Hill remnant is composed of serpentinite bedrock of the Franciscan Complex. Serpentinite commonly contains naturally occurring chrysotile and amphibole asbestos, fibrous minerals that can be hazardous to human health if they become airborne, as well as naturally occurring metals (i.e., arsenic, cadmium, copper, chromium, nickel, vanadium, and zinc).

If visitors to the playground play on exposed bedrock or fill materials derived from the bedrock, they could cause naturally occurring asbestos and naturally occurring metals to become airborne. As a result, playground users, including young children, could be exposed to airborne asbestos fibers and/or potentially hazardous concentrations of naturally occurring metals, a significant impact unless mitigated.

Similarly, visitors to the Irish Hill Playground could be exposed to airborne naturally occurring asbestos and naturally occurring metals if they use the playground during ground-disturbing activities for construction on adjacent parcels or during the construction of the new 21st Street which would remove a

portion of the northern spur of the Irish Hill remnant. This would also be a significant impact unless mitigated.

Mitigation Measures M-HZ-8a: Prevent Contact with Serpentine Bedrock and Fill Materials in Irish Hill Playground and M-HZ-8b: Restrictions on the Use of Irish Hill Playground, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR, and the attached MMRP, and will be implemented as provided therein. Based on the Final EIR and the entire administrative record, it is hereby found and determined implementing Mitigation Measures M-HZ-8a and M-HZ-8b would reduce these impacts to less than significant.

V. SIGNIFICANT IMPACTS THAT CANNOT BE AVOIDED OR MITIGATED TO A LESS-THAN-SIGNIFICANT LEVEL

Based on substantial evidence in the whole record of these proceedings, the Planning Commission finds that, where feasible, changes or alterations have been required, or incorporated into, the Project to reduce the significant environmental impacts as identified in the Final EIR. The Commission finds that certain mitigation measures in the Final EIR, as described in this Section V, or changes, have been required in, or incorporated into, the Project, pursuant to Public Resources Code Section 21002 and CEQA Guidelines Section 15091, that may lessen, but do not avoid (i.e., reduce to less-than-significant levels), the potentially significant environmental effects associated with implementation of the Project that are described below. Although all of the mitigation measures set forth in the Final EIR and the Mitigation Monitoring and Reporting Plan (MMRP), attached as Attachment B, are hereby adopted, for some of the impacts listed below, despite the implementation of feasible mitigation measures, the effects remain significant and unavoidable.

The Commission further finds, as described in this Section V below, based on the analysis contained within the Final EIR, other considerations in the record, and the significance criteria identified in the Final EIR, that because some aspects of the Project could cause potentially significant impacts for which feasible mitigation measures are not available to reduce the impact to a less-than-significant level, those impacts remain significant and unavoidable. The Commission also finds that although mitigation measures are identified in the Final EIR that would reduce some significant impacts, certain measures, as described in this Section V below, are uncertain or infeasible for reasons set forth below, and therefore those impacts remain significant and unavoidable or potentially significant and unavoidable.

Thus, the following significant impacts on the environment, as reflected in the Final EIR, are unavoidable. As more fully explained in Section VII, below, under Public Resources Code Section 21081(a)(3) and (b), and CEQA Guidelines 15091(a)(3), 15092(b)(2)(B), and 15093, it is found and determined that legal, environmental, economic, social, technological and other benefits of the Project override any remaining significant adverse impacts of the Project for each of the significant and unavoidable impacts described below. This finding is supported by substantial evidence in the record of this proceeding.

A. Transportation and Circulation.

Impact TR-5: The Project would cause one individual Muni route to exceed 85 percent capacity utilization in the a.m. and p.m. peak hours in both the inbound and outbound directions.

The T Third light rail line (renamed from the KT Third/Ingleside route following completion of the Central Subway) as well as the 22 Fillmore and the 48 Quintara/24th Street bus routes under Baseline Conditions operate within the capacity utilization standard of 85 percent in the a.m. and p.m. peak period. With ridership generated by the Maximum Residential Scenario and Maximum Commercial Scenario, the T Third light rail line and 22 Fillmore bus route would continue to operate below 85 percent capacity utilization. However, the 48 Quintara/24th Street routes would exceed 85 percent capacity utilization inbound and outbound with project implementation. This would occur in the a.m. and p.m. peak hours. The increase in capacity utilization of the 48 Quintara/24th Street routes would be a significant impact on this Muni route under either scenario of the Project.

Mitigation Measure M-TR-5: Monitor and increase capacity on the 48 Quintara/24th Street bus routes as needed, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR and the MMRP and will be implemented as provided therein.

Implementing any of the components of Mitigation Measure M-TR-5 would allow Muni to maintain transit headways, and would reduce the Project's impact to less-than-significant levels. However, implementation of features of the mitigation measure above that would require discretionary approval actions by the SFMTA or other public agencies (including allocation of funds to operate increased frequencies) is considered uncertain because public agencies subject to CEQA cannot commit to implementing any part of a proposed project, including proposed mitigation measures, until environmental review is complete. Thus, while the SFMTA has reviewed the feasibility of the options listed above, implementation of these measures cannot be assured until after certification of this EIR. Because it is unknown whether M-TR-5 would be implemented, project-related impacts on the 48 Quintara/24th Street would be significant and unavoidable if M-TR-5 is not implemented.

Impact TR-12: The Project's loading demand during the peak loading hour would not be adequately accommodated by proposed on-site/off-street loading supply or in proposed on-street loading zones, which may create hazardous conditions or significant delays for transit, bicycles or pedestrians.

To minimize conflicts with pedestrians and bicyclists, a maximum of one loading access point would be permitted for each building. This requirement would minimize curb cuts and prioritize pedestrian movement where a sidewalk is present. Exterior loading docks, where loading and unloading occurs outside of a building, would not be permitted fronting major public open spaces and the project's central waterfront area, and commercial loading entries would be required to be at least 60 feet from the corner of an intersection. Waste collection facilities would be provided separately for each building and would be visually screened from the public right-of-way, minimizing conflicts with travelways.

The Project includes a shared street treatment on Maryland Street and 20th Street that would allow limited or no vehicular access at some times, either for special events or at designated times of day. However, for all buildings fronting Maryland Street service entrances would be provided on 21st, Louisiana, and 22nd streets (although on-street loading could still occur from Maryland Street and 20th

Street during periods when the shared street was open to vehicular access). Thus, limiting or prohibiting delivery vehicles from accessing Maryland Street from time to time would not result in a significant impact because building service access would be retained.

Despite the fact that the Project would minimize loading conflicts with bicycles and pedestrians and would not result in significant loading impacts on the shared street, there would be a loading supply shortfall that would result in significant impacts.

Mitigation Measures M-TR-12A: Coordinate Deliveries and M-TR-12B: Monitor loading activity and convert general purpose on-street parking spaces to commercial loading spaces as needed, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR and the MMRP and will be implemented as provided therein.

While the project sponsor may reduce the severity of the impact with implementation of Mitigation Measures M-TR-12A and M-TR-12B, these measures may not fully resolve the loading shortfall, as the project's Transportation Coordinator may not be able to shift on-site delivery times. Additionally, there may not be an adequate supply of on-street general purpose parking spaces to convert to commercial loading spaces such that the loading shortfall can be accommodated on-street. Thus, even with implementation of Mitigation Measures M-TR-12A and M-TR-12B, the Project's loading impacts would remain significant and unavoidable.

Impact C-TR-4: The Project would contribute considerably to significant cumulative transit impacts on the 48 Quintara/24th Street and 22 Fillmore bus routes.

In combination with reasonably foreseeable development expected to occur under Cumulative Conditions, the Project would cause the 48 Quintara/24th Street bus route to exceed 85 percent utilization in both the Maximum Residential Scenario and the Maximum Commercial Scenario during the a.m. and p.m. peak hours. This would be a considerable contribution to a significant cumulative impact on individual transit routes.

Mitigation Measure M-TR-5: Monitor and increase capacity on the 48 Quintara/24th Street bus routes as needed, to increase capacity on the 48 Quintara/24th Street bus route, as referenced above under Impact TR-5, could reduce the Project's contribution to this significant cumulative impact. Under the Maximum Commercial Scenario, Mitigation Measure M-TR-5 would be adequate to reduce the Project's contribution to the significant cumulative impact to not considerable. Under the Maximum Residential Scenario, the Project's contribution would remain considerable even with the implementation of Mitigation Measure M-TR-5. Therefore, additional mitigation would be necessary for the Maximum Residential Scenario to reduce the considerable contribution to the significant cumulative impact on Muni service on this route.

Mitigation Measure M-C-TR-4A: Increase capacity on the 48 Quintara/24th bus route under the Maximum Residential Scenario, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR and the MMRP and will be implemented as provided therein.

The Project would also cause the 22 Fillmore bus route to exceed 85 percent utilization in the Maximum Commercial Scenario during the a.m. and p.m. peak hours. This would be a considerable contribution to a significant cumulative impact on individual transit routes. Therefore, additional mitigation would be

necessary for the Maximum Commercial Scenario to reduce the considerable contribution to the significant cumulative impact on Muni service on this route.

Mitigation Measure M-C-TR-4B: Increase capacity on the 22 Fillmore bus route under the Maximum Commercial Scenario, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR and the MMRP and will be implemented as provided therein.

Because SFMTA cannot commit funding to operate additional buses on these routes, to expand bus zones, or to increase transit vehicle travel speeds until environmental review of the selected elements is complete, the implementation of Mitigation Measures M-C-TR-4A and M-C-TR-4B is uncertain, and the Project's contribution to the significant cumulative impact would remain significant and unavoidable under both project scenarios if Mitigation Measures M-C-TR-4A and M-C-TR-4B are not implemented.

B. Noise.

Impact NO-2: Construction of the Project would cause a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.

On-Site Construction Activities

Demolition and construction activities would require the use of heavy trucks, material loaders, cranes, concrete saws, and other mobile and stationary construction equipment. Piles would be driven with the use of impact or vibratory pile drivers. Controlled rock fragmentation (CRF) would occur for a cumulative total of approximately 30 days per phase. During controlled rock fragmentation activities, up to five CRF events would occur daily with one drilling event lasting up to one hour before each CRF event. General building construction would be less noise intrusive, involving cranes, forklifts, saws, and nail guns. Project construction would also result in temporary increases in truck traffic noise along haul routes for off-hauling excavated materials and materials deliveries.

Because the project would be constructed in phases over an 11-year period, multiple construction activities could be occurring on different parcels within the project site at any given time (i.e., demolition could occur on one parcel while pile driving occurs on another) so that some of the noisier construction activities, such as pile driving, on one project parcel could overlap with other noisier construction phases, such as demolition or CRF and rock crushing, on other parcels. This could expose nearby sensitive receptors to temporary increases in noise levels substantially in excess of ambient levels.

If pile drivers operated on one parcel while a mounted impact hammer or concrete saw (for demolition) occurred on another parcel at the same time (worst-case condition), the combined noise level from these two noisiest pieces of equipment would not exceed these thresholds because it is expected that both types of equipment would not operate simultaneously closer than 50 feet to any existing residential or commercial uses.

Noise Impacts on Off-Site Receptors

The closest existing off-site sensitive receptors are located 140 to 200 feet from the closest site boundary (northwest corner of Parcel PKN). The maximum combined noise levels at the three closest off-site receptors would exceed these thresholds, a significant noise impact.

For all but these three receptor locations (residences at 820 Illinois Street and 628 20th Street (second floor), and Dogpatch Alt School at 616 20th Street), there are intervening buildings that would block and reduce Project-related construction noise at nearby existing receptors. If phasing occurs as proposed, it would result in the construction of residential buildings on the western portion of the Project site (Illinois Parcels) first. These buildings would also help block and reduce project-related construction noise (including noise from pile-driving activities to the east on the 28-Acre Site) at all existing off-site receptors (including the closest existing receptors).

Mitigation Measure M-NO-2: Noise Control Measures During Pile Driving, as more fully described in the Final EIR, is hereby adopted in the form set forth in the Final EIR and the MMRP and will be implemented as provided therein.

With implementation of noise controls during all construction phases (specified in Mitigation Measure M-NO-1: Construction Noise Control Plan, referenced above) as well as implementation of noise controls during pile driving (specified in Mitigation Measure M-NO-2), the potential for noise disturbance of existing off-site receptors (assumed to be present during the 11-year construction period) located approximately 140 to 200 feet to the northwest would be reduced. However, even with implementation of these noise controls, the feasibility of quieter, alternative pile driving methods in all areas cannot be determined at this time and also the potential would still exist that combined noise levels from simultaneous operation of the noisiest types of construction equipment could still exceed the threshold. Given this uncertainty and the potential 11-year duration of this activity, this impact is conservatively considered to remain significant and unavoidable with mitigation, even with implementation of Mitigation Measures M-NO-1 and M-NO-2.

Noise Impacts on On-Site Receptors

While early construction of Project residential uses on the Illinois Parcels would help reduce construction-related noise levels at existing receptors, it would also expose future residents living in these new residential buildings to construction noise generated during subsequent phases of project construction. Construction activities in this area would occur in phases over an 11-year period.

As a result of this possible phasing under either scenario, future residents in the project site area that face an adjacent or nearby construction project could be subject to demolition and construction noise for as long as 6 to 9 years. Depending on the order of construction within each phase and overall phasing, some Project buildings that have already been constructed could interrupt the direct line-of-sight between construction sources and noise-sensitive receptors, and reduce the number of receptors directly exposed to construction noise with no intervening buffering structure.

The average thresholds at on-site receptors, and the maximum combined noise level would, at times, exceed thresholds at the closest future on-site residential receptors (those occupying residential units built in earlier phases). The degree of disturbance would vary with proximity of the demolition and construction activities to sensitive receptors, but is considered significant and unavoidable because the "Ambient +10 dBA" threshold could be exceeded.

Construction noise impacts associated with the street network, new infrastructure, and open space would be similar to, but somewhat less substantial than, those for development projects in the project site area.

except that pile driving would not be necessary for the street network changes, utility lines (including those associated with all three sewer options), or open space improvements. Building demolition, road construction, and building construction would all occur concurrently within each phase. Simultaneous operation of the noisiest pieces of equipment associated with demolition (mounted impact hammer or concrete saw) and other construction activities (excavator) would result in combined noise levels that exceed the average thresholds at on-site receptors located at this proximity. Therefore, construction-related noise increases during other phases of construction, such as construction for road and infrastructure improvements, could adversely affect future on-site residents, a significant noise impact.

With implementation of noise controls during all construction phases (specified in **Mitigation Measure M-NO-1: Construction Noise Control Plan**, referenced above) as well as implementation of noise controls during pile driving (specified in **Mitigation Measure M-NO-2: Noise Control Measures During Pile Driving**, referenced above), the potential for noise disturbance of future on-site residents would be reduced. However, even with implementation of these noise controls, the potential would still exist that combined noise levels from simultaneous operation of the noisiest types of construction equipment could still exceed the Ambient+10 dBA threshold, and therefore, construction-related noise impacts on future on-site residential receptors is conservatively considered to be significant and unavoidable with mitigation.

Off-Site Haul Truck Traffic

The net export total of about 340,000 cubic yards of soil and an import of about 20,000 cubic yards of clean fill would generate a total of about 45,000 truck trips, which would be phased over the duration of the planned construction activities (averaging 17 truck trips per day). Given the minimal increase in traffic on local roadways that would be attributable to project-related haul trucks, temporary increases in traffic noise resulting from haul trucks would be less than significant. Use of truck routes that avoid residential uses as required by the Construction Traffic Control Plan (Improvement Measure I-TR-A: Construction Management Plan) would further reduce less-than-significant construction-related truck noise impacts.

Impact NO-5: Operation of the Project would cause substantial permanent increases in ambient noise levels along some roadway segments in the project site vicinity.

Operational Traffic Noise

Project implementation (under both the Maximum Residential and Maximum Commercial scenarios) would result in traffic noise increases ranging from 0 to 14.3 dBA on local roadways providing access to the site.

The Project would include a shuttle service, operated and maintained by the Pier 70 TMA, to connect the Pier 70 Mixed-Use District to regional transit hubs. The two preliminary routes assumed for the DEIR analysis are:

- 22nd Street, Mississippi Street, and 16th Street to access the 22nd Street Caltrain Station and the 16th Street / Mission BART station; and

- Third Street, 16th Street, and King Street to access the Fourth and King Caltrain Station (with some trips extending to the Transbay Transit Center)).

An increase in shuttle bus volumes along these routes would incrementally increase traffic noise levels along these streets. However, the degree of impact would depend on bus sizes, frequency of buses on an hourly basis, and hours of operation. The future shuttle bus schedule is not known at this time, but it is anticipated that any shuttle trips would be relatively minor and adequately accounted for in the modeled traffic noise analysis above.

Operation of the Project would result in permanent increases in ambient noise levels, primarily through project-related increases in traffic. Noise modeling was completed to estimate existing (baseline) and future traffic noise levels along 79 road segments in the Pier 70 Mixed-Use District project area based on traffic volumes presented in the project's Traffic Impact Study. Of the 79 road segments examined, traffic noise increases on all analyzed street segments would not exceed the applicable thresholds except for the following, which would exceed traffic noise thresholds, resulting in significant impacts:

- 20th Street (east of Third Street to east of Illinois Street)
- 22nd Street (east of Tennessee Street to east of Illinois Street)
- Illinois Street (20th Street to south of 22nd Street)

There is one street segment, 22nd Street between Tennessee Street and Third Street where there are residential uses and the resulting noise level is estimated to slightly exceed 60 dBA (Ldn or CNEL) and the incremental increase attributable to the project would be 3.2 dB, 0.2 dB above the threshold.

Reduction of project-related one-way traffic by 20 percent through transportation demand management measures required in Air Quality Mitigation Measure M-AQ-1f: Transportation Demand Management (referenced above), could reduce noise levels by up to 1.0 dB and would reduce the above significant impacts related to noise increases to less than significant with mitigation at all of the above street segments except for three road segments:

- 22nd Street from Third Street to Illinois Street;
- 22nd Street east of Illinois Street (on the project site); and
- Illinois Street from the future 21st Street and 22nd Street (adjacent to the project site).

Project residences located adjacent to the section of 22nd Street east of Illinois Street and the section of Illinois Street between the proposed 21st and 22nd streets would not be adversely affected by future noise levels because noise attenuation measures would be incorporated into these units as necessary to ensure that interior noise levels are maintained at acceptable levels even with future traffic noise level increases, as required by Mitigation Measure M-NO-6: Design of Future Noise-Sensitive Uses (referenced above). While this mitigation measure would reduce the effects of project-related traffic noise increases on the interior environment of future uses, the Project's traffic would still result in noise levels that would cause a substantial permanent increase in ambient noise levels. Therefore, this impact would remain significant and unavoidable with mitigation.

Impact C-NO-2: Operation of the Project, in combination with other cumulative development would cause a substantial permanent increase in ambient noise levels in the project vicinity.

When traffic noise increases related to the Project (under both the Maximum Residential and Maximum Commercial scenarios) are added to future traffic noise increases resulting from cumulative development, the Project would add 0 to 8.0 dBA (Ldn) to estimated cumulative noise increases under both scenarios. Of the 79 road segments examined, the Project would contribute considerably to cumulative traffic noise increases along the following street segments because cumulative noise increases would exceed significance thresholds for traffic noise increases:

- 22nd Street (east of Third Street to east of Illinois Street)
- Illinois Street (Mariposa Street to 22nd Street)

These street segments either directly adjoin the project site or are within two blocks of the project site and provide direct access to the site. Residential development is located adjacent to the segment of Illinois Street between Mariposa Street and 20th Street. Based on the significance thresholds for traffic noise increases, these cumulative traffic noise increases would be a cumulatively significant impact because traffic noise would result in a substantial permanent increase in ambient noise levels, and the project's contribution to these cumulative increases would be cumulatively considerable.

Additionally, when 2040 cumulative (with Project) noise levels are compared to 2020 baseline noise levels, 2020 noise levels would increase by 0 to 15 dBA under both scenarios with increases exceeding the significance thresholds for traffic noise increases on the following roadway segments:

- Third Street (Channel to south of Mission Rock and 20th to 23rd Streets)
- 20th Street (east of Third Street to east of Illinois Street)
- 22nd Street (west of Third Street to east of Illinois Street)
- 23rd Street (Third Street to Illinois Street)
- 25th Street (west of Third Street to Illinois Street)
- Cesar Chavez (East of Third Street)
- Illinois Street (Mariposa Street to south of 22nd Street)
- Indiana Street (north of 25th Street)

These street segments either directly adjoin the project site or are within approximately eight blocks of the project site and several provide direct access to the site. There is a school and residential development located adjacent to 20th Street between Third Street and Illinois Street. Residential development is also located adjacent to Third Street (Channel to 25th), Illinois Street (Mariposa Street to 20th Street), and on 22nd Street (west of Third Street). Based on the significance thresholds for traffic noise increases, these cumulative traffic noise increases would also be a cumulatively significant impact because traffic noise

would result in a substantial permanent increase in baseline noise levels. The Project's contribution to these increases would range from 22 to 95 percent of these increases and therefore, the Project contribution to these cumulative traffic noise increases would be cumulatively considerable.

Implementation of Transportation Demand Management measures required in Mitigation Measure M-AQ-1f: **Transportation Demand Management**, referenced above, could result in reductions of one-way traffic by up to 20 percent, and such reductions could provide noise level reductions. Such reductions would reduce the above significant noise increases to less than significant along Illinois Street (between Mariposa Street and the proposed 23rd Street) and 22nd Street (west of Third Street) but would not be sufficient to reduce cumulative noise increases on any of the other above-listed street segments to less-than-significant levels (i.e., below threshold levels). Cumulative traffic noise increases would still exceed the significance thresholds for traffic noise increases on some of the above-listed street segments when compared to future baseline noise levels (2040) and existing baseline noise levels (2020). Therefore, the Project would result in a considerable contribution to this cumulative impact, which is significant and unavoidable with mitigation.

C. Air Quality

Impact AQ-1: During construction, the Project would generate fugitive dust and criteria air pollutants, which would violate an air quality standard, contribute substantially to an existing or projected air quality violation, and result in a cumulatively considerable net increase in criteria air pollutants.

Construction activities would result in emissions of ozone precursors and PM in the form of dust (fugitive dust) and exhaust (e.g., vehicle tailpipe emissions). Emissions of ozone precursors and PM are primarily a result of the combustion of fuel from on-road and off-road vehicles. However, ROG's are also emitted from activities that involve painting, other types of architectural coatings, or asphalt paving.

Fugitive Dust

Project-related demolition, excavation, grading, drilling, rock crushing and potentially blasting, and other construction activities may cause wind-blown dust that could contribute PM into the local atmosphere. The City's Dust Control Ordinance would be applicable for the portion of the project site that is outside Port jurisdiction (Hoe Down Yard). For portions of the project site under the jurisdiction of the Port (20th/Illinois Parcel and 28-Acre Site), Section 1247 of Article 22B of the Public Health Code requires that all city agencies that authorize construction or other improvements on City property adopt rules and regulations to ensure that the dust control requirements of Article 22B are followed. DBI will not issue a building permit without written notification from the Director of Public Health that the applicant has a site-specific dust control plan, unless the Director waives the requirement.

Implementation of dust control measures in compliance with the regulations and procedures set forth by the San Francisco Dust Control Ordinance would ensure that potential dust-related construction air quality impacts of the Project would be less than significant.

Criteria Air Pollutants

Maximum Residential Scenario

Construction of the Maximum Residential Scenario would result in emissions of ROG, NO_x, PM₁₀, and PM_{2.5} that would be below the thresholds of significance when considered alone. However, future

construction phases (Phases 3, 4, and 5) would occur when operational emissions would also be generated by the earlier phases. Construction-related emissions during concurrent construction of Phases 1 and 2 which includes development of the entirety of the Illinois Parcels would be less than significant. Additionally, after completion and occupancy of Phase 1 and the continuation of Phase 2 construction, the combined construction-related and operational emissions would be less than significant. However, construction of Phase 3, when considered with occupancy and operation of Phases 1 and 2, would result in emissions of ROG and NO_x that would exceed significance thresholds, while emissions of PM₁₀ and PM_{2.5} would be below their respective thresholds. Construction of Phase 4 and Phase 5 when considered with occupancy and operation of earlier phases would also result in emissions of ROG and NO_x that would exceed significance thresholds, while emissions of PM₁₀ would be meet the threshold with Phase 5 construction and PM_{2.5} emissions would be below thresholds. Therefore, unmitigated criteria pollutant emissions from the Maximum Residential Scenario during simultaneous construction and operation would be a significant air quality impact.

Maximum Commercial Scenario

The Maximum Commercial Scenario's construction-related emissions during concurrent construction of Phases 1 and 2 which include development of the entirety of the Illinois Parcels would be less than significant, as would the continued construction of Phase 2 with completion and occupancy of Phase 1. However, construction of Phase 3 when considered with occupancy and operation of Phases 1 and 2 would result in emissions of ROG and NO_x that would exceed significance thresholds, while emissions of PM₁₀ and PM_{2.5} would be below their respective thresholds. Construction of Phase 4 when considered with occupancy and operation of earlier phases would result in emissions of ROG and NO_x that would exceed significance thresholds, while emissions of PM₁₀ and PM_{2.5} would be below the applicable thresholds. Construction of Phase 5 when considered with occupancy and operation of earlier phases would result in emissions of ROG, NO_x, and PM₁₀ that would exceed significance thresholds, while emissions of PM_{2.5} would be below the applicable threshold. Therefore, criteria pollutant emissions during simultaneous construction and operation of the Maximum Commercial Scenario would be significant.

Generally the Maximum Commercial Scenario results in a marginal 1 to 6 percent greater emissions than the Maximum Residential Scenario, depending on the year analyzed and whether average pounds per day or maximum tons per year are considered. Regardless, under the Maximum Commercial Scenario emissions of ROG, NO_x, and PM₁₀ would exceed significance thresholds, while emissions of PM_{2.5} would be below the applicable threshold.

Health Implications of Significant Impacts Related to Emissions of Ozone Precursors and PM₁₀

It is difficult to predict the magnitude of health effects from the project's exceedance of significance criteria for regional ROG, NO_x, and PM₁₀ emissions. The increase in emissions associated with the Project represents a fraction of total SFBAAB regional ROG emissions. However, the Project's ROG, NO_x, and PM₁₀ increases could contribute to new or exacerbated air quality violations in the SFBAAB region by contributing to more days of ozone or PM₁₀ exceedance or result in AQI values that are unhealthy for sensitive groups and other populations. Therefore, criteria pollutant emissions during simultaneous construction and operation of the Maximum Commercial Scenario would be significant.

To address ROG, NO_x, and PM₁₀ emissions that would occur during construction of the Project under both the Maximum Residential and Maximum Commercial Scenarios, **Mitigation Measure M-AQ-1a: Construction Emissions Minimization**, referenced above, has been identified and would apply during

construction of Phases 3, 4, and 5, or after build-out of 1.3 million gross square feet of development, whichever comes first.

Residual Impacts with Implementation of Mitigation Measure M-AQ-1a

Mitigation Measure M-AQ-1a would result in a reduction of construction-related ROG emissions ranging from 8 to 10 percent, depending on the construction phase. Emissions of construction-related NOx would be reduced by 54 to 64 percent and emissions of construction-related PM10 would be reduced between 72 and 83 percent. While construction emissions alone would be less than significance thresholds, emissions of simultaneous operational and construction emissions would still exceed thresholds but would be substantially reduced by this measure. Additionally, particulate emission reductions from this measure are necessary to reduce potential health risk impacts to on-site receptors to less than significant levels. Implementation of this mitigation measure would not result in any adverse environmental effects.

To address emissions that would occur during operation of the Project, M-AQ-1f: Transportation Demand Management, referenced above; M-AQ-1g: Additional Mobile Source Control Measures, referenced above; and M-AQ-1h: Offset Operational Emissions, referenced above would be applied to the Project.

Additionally, Mitigation Measures M-AQ-1b: Diesel Backup Generator Specifications, M-AQ-1c: Use Low and Super-compliant VOC Architectural Coatings in Maintaining Buildings through Covenants Conditions and Restrictions (CC&Rs) and Ground Lease, M-AQ-1d: Promote use of Green Consumer Products, and M-AQ-1e: Electrification of Loading Docks, as more fully described in the Final EIR, are hereby adopted in the form set forth in the Final EIR and the MMRP and will be implemented as provided therein.

Residual Impact with Implementation of Mitigation Measure M-AQ-1b

Mitigation Measure M-AQ-1b would result in an 86 percent reduction of ROG emissions from generators. Emissions of NOx emissions from generators would be reduced by 89 percent and emissions of PM10 would be reduced by 98 percent. Operational emissions would still exceed thresholds as the overall contribution of generator emissions to total project emissions is very small. However, as discussed later in Impact AQ-3, particulate emission reductions from this measure are necessary to reduce potential health risk impacts to on-site receptors to less than significant levels. Implementation of this mitigation measure would not result in any adverse environmental effects.

Residual Impact with Implementation of Mitigation Measure M-AQ-1c

Mitigation Measure M-AQ-1c would reduce ROG emissions associated with maintenance application of paint and other architectural coatings by 31 percent. Operational emissions would still exceed thresholds as the overall contribution of architectural coating emissions to total project emissions is comparatively small. Should the applicant commit to requiring use of no-VOC interior paints, ROG emissions from maintenance application of paint and other architectural coatings could be further reduced by up to 90 percent. Implementation of this mitigation measure would not result in any adverse environmental effects.

Residual Impact with Implementation of Mitigation Measure M-AQ-1d

Mitigation Measure M-AQ-1d would reduce ROG emissions associated with use of consumer products. Given that the project applicant does not have authority to require use of certain products, no reduction in ROG emissions can be estimated from this measure. Implementation of this mitigation measure would not result in any adverse environmental effects.

Residual Impact with Implementation of Mitigation Measure M-AQ-1e

Mitigation Measure M-AQ-1e would reduce emissions of ROG, NO_x, and PM₁₀. Given that the specific land uses are not determined, no reduction in emissions can be reliably estimated from this measure at this time. Implementation of this mitigation measure would not result in any adverse environmental effects.

Residual Impact with Implementation of Mitigation Measure M-AQ-1f

Mitigation Measure M-AQ-1f would reduce mobile source emissions of ROG, NO_x, and PM₁₀. Quantification of emission reduction from this measure is based on a 20 percent reduction target for vehicle trips. Although emission reductions would be substantial, operational emissions would still exceed thresholds. Implementation of this mitigation measure would not cause any significant effects in addition to those that would result from implementation of the Project.

Residual Impact with Implementation of Mitigation Measure M-AQ-1g

Mitigation Measure M-AQ-1g would marginally reduce mobile source emissions of ROG, NO_x, and PM₁₀. No additional emissions reductions were quantified from implementation of this mitigation measure. Implementation of this mitigation measure would not result in any adverse environmental effects.

Residual Impact with Implementation of Mitigation Measure M-AQ-1h

Mitigation Measure M-AQ-1h would offset emissions of ROG, NO_x, and PM₁₀ that would exceed the respective thresholds of significance for these pollutants. Implementation of the emissions reduction project could be conducted by the BAAQMD and is outside the jurisdiction and control of the City and not fully within the control of the project sponsor. M-AQ-1h also allows the project sponsor to directly fund or implement an offset project; however, no such project has yet been identified. Therefore, the residual impact of project emissions during construction is conservatively considered significant and unavoidable with mitigation, acknowledging the assumption that the project sponsor would implement Mitigation Measures M-AQ-a through M-AQ-1h (Emission Offsets). Although the specific offset projects are not known, it is anticipated that implementation of this mitigation measure would not result in any adverse environmental effects.

Residual Impact with Implementation of All Identified Mitigation Measures

Implementation of Mitigation Measure M-AQ-1a would substantially reduce construction-related emissions of ROG, NO_x, and PM₁₀. The measure would require use of off-road equipment to meet the most stringent emission standards available and would reduce construction-related emissions of ROG,

NO_x and PM₁₀. However, criteria air pollutant emissions would remain significant during construction of Phases 3, 4, and 5 when operational emissions are also considered.

Mitigation Measures M-AQ-1b through M-AQ-1g would reduce operational emissions associated with both the Maximum Residential Scenario and the Maximum Commercial Scenario. However, emissions of ROG and NO_x during construction of Phases 3, 4, and 5 with consideration of concurrent operational emissions would remain significant even with implementation of Mitigation Measures M-AQ-1a through M-AQ-1g. Consequently, Mitigation Measure M-AQ-1h (Emissions Offsets) is identified to further reduce the residual pollutant emissions. Mitigation Measure M-AQ-1h would require the project sponsor to offset remaining emissions to below significance thresholds by funding the implementation of an offsite emissions reduction project in an amount sufficient to mitigate residual criteria pollutant emissions.

As specified in Mitigation Measure M-AQ-1h, offsetting of the project's emissions would follow completion of construction activities for Phases 1 and 2. If construction emissions were considered alone, without operational emissions, construction emissions would be less than significant. Consequently, emissions offsets would represent the necessary amount of offset required to also address operational emissions. Therefore, emissions reduction projects funded through Mitigation Measure M-AQ-1h would offset the regional criteria pollutant emissions generated by operation of the Project that would remain in excess of the applicable thresholds after implementation of the project-specific emission reductions required under Mitigation Measures M-AQ-1a through M-AQ-1g. If Mitigation Measure M-AQ-1h is implemented via a directly funded or implemented offset project, it could have the potential to reduce the impact to a less than significant level but only if the timing of the offsets could be documented prior to the occupancy of Phase 3 and ensured for the life of the project. Therefore, the residual impact of project emissions during construction is conservatively considered significant and unavoidable with mitigation, acknowledging the assumption that the project sponsor would implement Mitigation Measures M-AQ-1a through M-AQ-1h.

Impact AQ-2: At project build-out, the Project would result in emissions of criteria air pollutants at levels that would violate an air quality standard, contribute to an existing or projected air quality violation, and result in a cumulatively considerable net increase in criteria air pollutants.

Maximum Residential Scenario

Project-related emissions under the Maximum Residential Scenario would exceed BAAQMD thresholds of significance for ROG, NO_x, and PM₁₀. Therefore, the Project would have a significant impact on regional emissions related to operational emissions of ozone precursors and PM₁₀. Significant emissions of ozone precursors (ROG and NO_x) and PM₁₀ from operation would have the same potential health effects as discussed in Impact AQ-1 above.

Maximum Commercial Scenario

Project-related emissions under the Maximum Commercial Scenario would exceed BAAQMD thresholds of significance for ROG, NO_x, and PM₁₀. Therefore, the Project would also have a significant impact on regional emissions related to ozone precursors and PM₁₀ under this scenario. Significant emissions of ozone precursors (ROG and NO_x) and PM₁₀ from operation would have the same potential health effects as discussed in Impact AQ-1 above.

Mitigation Measures M-AQ-1b: Diesel Backup Generator Specifications, M-AQ-1c: Use Low and Super-compliant VOC Architectural Coatings in Maintaining Buildings through Covenants Conditions and Restrictions (CC&Rs) and Ground Lease, M-AQ-1d: Promote use of Green Consumer Products, M-AQ-1e: Electrification of Loading Docks, M-AQ-1f: Transportation Demand Management, and M-AQ-1g: Additional Mobile Source Control Measures would reduce operational emissions associated with both the Maximum Residential and Maximum Commercial Scenarios. However, even with implementation of Mitigation Measures M-AQ-1b through M-AQ-1g, criteria pollutant emissions from operation of the Maximum Residential Scenario or the Maximum Commercial Scenario would remain significant. Consequently, implementation of Mitigation Measure M-AQ-1h: Offsets of Operational Emissions would be required to reduce emission to the extent feasible. As discussed in Impact AQ-1 (above), if Mitigation Measure M-AQ-1h is implemented via a directly funded or implemented offset project, it could have the potential to reduce the impact to a less than significant level but only if the timing of the offsets could be documented prior to the occupancy of Phase 3 and ensured for the life of the project. Therefore, the residual impact of project emissions during operation at build out is conservatively considered significant and unavoidable with mitigation, acknowledging the assumption that the project sponsor would implement Mitigation Measures M-AQ-1a through M-AQ-1h.

Impact C-AQ-1: The Maximum Residential or Maximum Commercial Scenarios, in combination with past, present, and reasonably foreseeable future development in the project area, would contribute to cumulative regional air quality impacts.

The contribution of a project's individual air emissions to regional air quality impacts is, by its nature, a cumulative effect. Emissions from past, present, and future projects in the region also have or will contribute to adverse regional air quality impacts on a cumulative basis. No single project by itself would be sufficient in size to result in non-attainment of ambient air quality standards. Instead, a project's individual emissions contribute to existing cumulative air quality conditions. The project-level thresholds for criteria air pollutants are based on levels by which new sources are not anticipated to contribute to an air quality violation or result in a considerable net increase in criteria air pollutants. Therefore, because the Project's emissions exceed the project-level thresholds, the project would result in a considerable contribution to cumulative regional air quality impacts. As discussed above, implementation of Mitigation Measures M-AQ-1a through M-AQ-1h would reduce this impact, however, not to a less-than-significant level. Therefore, this impact would be significant and unavoidable with mitigation.

VI. EVALUATION OF PROJECT ALTERNATIVES

This Section describes the reasons for approving the Project and the reasons for rejecting the alternatives as infeasible. CEQA requires that an EIR evaluate a reasonable range of alternatives to the proposed project or the project location that substantially reduce or avoid significant impacts of the proposed project. CEQA requires that every EIR also evaluate a "No Project" alternative. Alternatives provide the decision maker with a basis of comparison to the proposed Project in terms of their significant impacts and their ability to meet project objectives. This comparative analysis is used to consider reasonable, potentially feasible options for minimizing environmental consequences of the Project.

A. Alternatives Selected for Detailed Analysis

The Alternatives set forth in the Final EIR and listed below are hereby rejected as infeasible based upon substantial evidence in the record, including evidence of economic, legal, social, technological, and other

considerations described in this Section, in addition to those described in Section VII below, which are hereby incorporated by reference, that make these alternatives infeasible. These determinations are made with the awareness that CEQA defines "feasibility" to mean "capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, legal, social, and technological factors." (CEQA Guidelines § 15364.) Under CEQA case law, the concept of "feasibility" encompasses (i) the question of whether a particular alternative promotes the underlying goals and objectives of a project; and (ii) the question of whether an alternative is "desirable" from a policy standpoint to the extent that desirability is based on a reasonable balancing of the relevant economic, environmental, social, legal, and technological factors.

1. No Project Alternative.

Under the No Project Alternative, existing conditions at the Pier 70 project site would not change. Under this alternative, there would be no exchange of land under the Public Trust Exchange Agreement. The 35-acre project site that contains approximately 351,800 gsf of mostly vacant buildings and facilities, most of which are unoccupied, would be retained in its current condition with the current level of maintenance. Current uses on the site, all of which are on short-term leases or temporary, would continue. The Port would continue to renew the existing short-term leases on the project site; no tenant relocation plan would be proposed. While it is likely that the Port and/or developers could develop portions or all the 28 Acre Site and Illinois Parcels over a period of time, such development is speculative and therefore not analyzed under the No Project Alternative.

Under the No Project Alternative, there would be no amendment to the Planning Code, no rezoning of the entire 35-acre project site, and no adoption of a SUD enabling development controls. None of the approximately 3,422,265 gsf or 801,400 gsf of new buildings and improvements to existing structures on the 28-Acre Site and the Illinois Parcels, respectively, proposed as part of the Project would be constructed or improved. No new proposed residential, commercial, RALI, or open space uses would be constructed on the project site under this alternative. No affordable residential units complying with the City's Affordable Inclusionary Housing Ordinance would be built. There would be no demolition or rehabilitation of contributing historic architectural resources in the Union Iron Works (UIW) Historic District on the project site under the No Project Alternative; no traffic or street and circulation improvements; no infrastructure or utilities improvements; no new 20th Street pump station; no grading or stabilization improvements; and no shoreline protection or sea level rise adaptation strategies on the project site.

If the No Project Alternative were implemented, none of the impacts associated with the Project would occur. The No Project Alternative would not preclude future development of the project site with a range of land uses that are principally permitted at the project site. Development and growth would continue within the vicinity of the project site as nearby projects are approved, constructed, and occupied. These projects would contribute to significant cumulative impacts in the vicinity, but under the No Project Alternative, the existing land use activity on the project site would continue and would therefore not contribute to these cumulative impacts beyond existing levels.

The No Project Alternative is hereby rejected as infeasible because, although it would eliminate the Project's significant and unavoidable impacts, it would fail to meet any of the basic objectives of the project and, therefore, is not a feasible alternative.

2. Code Compliant Alternative.

Under the Code Compliant Alternative, there would be no establishment of an SUD; the project site would remain in M-2 and P Zoning Districts. The Code Compliant Alternative would include approximately 1,881,360 gsf of development, about 45 percent less than under the Project overall. This alternative would include 590 residential units totaling 519,950 gsf, 1,162,260 gsf of commercial (office) use, 156,780 gsf of retail use, and 42,370 gsf of arts/light-industrial uses. The Code Compliant Alternative would provide 150 on-street vehicle parking spaces and 985 off-street spaces located on several surface parking lots on the site. Under this alternative, 5.76 acres of public open space would be constructed, including promenade and terrace areas along the waterfront, an Irish Hill playground area, and a plaza and market square around Building 12. Unlike the Project, this alternative does not include the Maximum Residential Scenario and the Maximum Commercial Scenario as optional development scenarios.

Under this alternative, the project site would remain within the existing Height and Bulk Districts of 65-X and 40-X. No voter approval would have been required pursuant to Proposition B under the Code Compliant Alternative because no changes to the height districts would be proposed.

Under the Code Compliant Alternative, 227,866 gsf located in Buildings 2, 12, and 21 on the project site would be retained and rehabilitated in accordance with Secretary of the Interior's Standards. As with the Project, the northern spur of the Irish Hill remnant would be removed to allow for the construction of 21st Street. Also, as under the Project, Building 21 would be relocated about 75 feet to the southeast. The remaining seven structures on the project site (Buildings 11, 15, 16, 19, 25, 32, and 66), containing 92,945 gsf, would be demolished.

Similar to the Project, the Code Compliant Alternative includes construction of transportation and circulation improvements. Under this alternative, the following transportation and circulation improvements would be implemented: construction of new 21st Street, reconstruction of 20th and 22nd streets, and construction of new Louisiana and Maryland streets. All new and reconstructed streets would be built with sidewalks. As under the Project, the Code Compliant Alternative would include the same bicycle circulation improvements (Bay Trail extension, Class II and Class III facilities on internal streets, and a bikeshare location). The Code Compliant Alternative would include same Transportation Demand Management (TDM) program as the Project, with exception of those items that pertain only to residential tenants. A TDM program would include the following: establishment of a Transportation Management Agency (TMA) that employs an on-site transit coordinator, operation of a shuttle system, maintenance of a TMA website with real-time transit information, distribution of educational documents, coordination of ride-matching services, enrollment in Emergency Ride Home program, employment of a structured parking strategy, unbundled residential and commercial parking, provision of car-share parking spaces, metering of on-street parking, and parking wayfinding signage across the site.

Under this alternative, new and upgraded utilities and infrastructure would be constructed, including a new 20th Street pump station. A combined sewer and stormwater system would be built, similar to Option 1 under the Project, but it would have slightly different alignments due to different building and roadway siting and locations. Unlike the Project, this alternative does not include variants. The Code Compliant Alternative would further some of the project sponsors' objectives.

The Code Compliant Alternative includes about 47,962 cubic yards of off-haul of excavated materials and about 8,900 cubic yards of clean fill import. This alternative includes construction of an engineered berm along the eastern property boundary with an approximately 3:1 slope and a maximum height of approximately 4 feet to address projected sea level rise flooding risks. Shoreline protection improvements, including placing rip-rap along the water's edge, under this alternative would be similar to those under the Project. Like the Project, implementation of this alternative would take place over a period of 11 years, similar to the Project, and in several phases (up to five for the Project, up to four for this alternative).

Under this alternative, an exchange of land under the Public Trust Exchange Agreement would occur under in order to clarify the Public Trust status of portions of Pier 70 that would free some portions of the project site from the Public Trust while committing others to the Public Trust.

The Draft EIR identified the Code Compliant as the environmentally superior alternative. Due to the substantially lower number of residential units and the decrease in the amount of commercial and RALI space to be constructed and occupied under the Code Compliant Alternative, that Alternative would lessen (but not avoid) the significant adverse impacts identified for the Project related to the topics of transportation, noise, and air quality. The Code Compliant Alternative would also lessen impacts of the Project that were found to be less than significant, or less than significant with mitigation, related to the topics of Land Use, Population and Housing, Cultural Resources (Archeological and Historic Architectural), Greenhouse Gas Emissions, Wind, Shadow, Recreation, Utilities and Service Systems, Public Services, Geology and Soils, Hazards and Hazardous Materials, and Mineral and Energy Resources.

The Code Compliant Alternative would partially meet the objectives of the Project. Like the Project, it would retain, rehabilitate, and reuse a former industrial complex that would continue to be a part of an historic district. It would provide public open spaces and waterfront access, commercial and retail space, and would contribute market-rate and affordable units toward meeting San Francisco's regional housing needs. However, it would provide substantially less public open space, market-rate and affordable residential units, and commercial and retail space than the Project. This alternative would not elevate building parcels, nor would it include a financing strategy to enable the project to adapt to future, increased levels of sea level rise. This alternative would not construct a high-quality, public-private development project that could attract sources of public investment, equity, and debt financing to fund site and infrastructure costs, and ongoing maintenance, and produce a market rate return investment that allows the Port to further its Public Trust mandate and mission.

The Project's transit impacts would be reduced but would still be significant and unavoidable with mitigation under the Code Compliant Alternative. As with the Project, loading impacts would remain significant and unavoidable even with implementation of identified mitigation. Similarly, the Code Compliant Alternative would reduce significant and unavoidable noise impacts related to increases in ambient noise (both temporary/periodic and permanent) associated with the Project, but these impacts would still be significant and unavoidable with mitigation. Compared to the Project, the Code Compliant Alternative would, however, reduce cumulative impacts related to increase in permanent ambient noise levels. Like the Project, the Code Compliant Alternative would result in air quality impacts that are significant and unavoidable with mitigation, although these impacts would be reduced compared to the Project.

The Code Compliant Alternative is rejected as infeasible because, although it would eliminate impacts associated with increase in ambient noise levels identified as significant and unavoidable with mitigation for the Project, it would not reduce to a less-than-significant level any of the other impacts identified as significant and unavoidable with mitigation for the Project. Additionally, the Code Compliant Alternative would not meet many of the project objectives. The Code Compliant Alternative would retain and reuse a former industrial complex that would continue to be a part of an historic district. However, the alternative would have significantly fewer waterfront open spaces, amenities, and services. Overall density of residential and commercial office uses would also be substantially reduced, as well as reduced housing affordability levels. As such, the Code Compliant Alternative would contribute fewer market-rate and affordable units toward meeting San Francisco's fair share of the regional housing needs. The catalytic effect of the Code Compliant Alternative on the larger Pier 70 area would be significantly diminished, as would revenue generation to fund other Pier 70 improvements, due to greatly reduced density. At the given density, taking into account the level of infrastructure necessary to facilitate development, development under the alternative would not be able to attract sources of equity and debt financing sufficient to fund the project's site and infrastructure costs, would not be able to fund ongoing maintenance and operation costs, and would not produce a market rate return on investment that meets the requirements of AB 418. While the alternative would comply with the *Pier 70 Risk Management Plan*, it would not include sustainability features over and above those currently required by the Planning and Building codes. The alternative would include construction of an engineered berm to protect the shoreline against projected levels of sea level rise. However, the alternative would not elevate building parcels, nor would it include a financing strategy to enable the project to adapt to future, increased levels of sea level rise.

3. 2010 Pier 70 Master Plan Alternative.

The 2010 Pier 70 Master Plan Alternative would conform to the Port of San Francisco's 2010 Pier 70 Preferred Master Plan. The 2010 Pier 70 Master Plan Alternative includes approximately 31.4 acres, and would not include development on the 3.6-acre Hoedown Yard (which would continue to be owned and operated by PG&E as a storage and maintenance yard). Under the 2010 Pier 70 Master Plan Alternative, the General Plan and Planning Code would be amended, adding a new Pier 70 SUD, which would establish land use and zoning controls for the 31.4-acre site. The existing Zoning Map would be amended to show changes from the current Zoning District (M-2 and P) to the proposed SUD zoning. Under this alternative, as under the Project, the existing Height and Bulk Districts of 65-X and 40-X would be increased to 90-X, except for a 100-foot-wide portion adjacent to the shoreline that would remain at 40 feet, but would become public open space under this alternative.

The 2010 Pier 70 Master Plan Alternative would include approximately 2,153,330 gsf of development, about 50 percent less square footage than under the Project. This alternative would include 195 residential units totaling 160,440 gsf, 1,698,780 gsf of commercial (office) use, 188,610 gsf of retail use, and 105,500 gsf of arts/light-industrial uses. The 2010 Pier 70 Master Plan Alternative would provide 405 on-street vehicle parking spaces and 2,120 off-street spaces located on several surface parking lots on the site. Under this alternative, 8.07 acres of open space would be constructed, including promenade and terrace areas along the waterfront, a plaza and market square around Buildings 2 and 12, an open space block along the northern portion of the 28-Acre Site, and a plaza on 20th Street around Building 3A. Unlike the Project, this alternative does not include the Maximum Residential Scenario and the Maximum Commercial Scenario as optional development scenarios.

Like the Project, this alternative would include a Design for Development document comparable to that of the Project, but would apply specifically to the height districts, use program, and site plan for streets, configuration of parcels, and open spaces under this alternative. As with the Project, the Design for Development under this alternative would establish standards and guidelines for the rehabilitation of historic buildings, buildable zones for infill construction, and would contain project-wide as well as location-specific massing and architecture requirements that would govern the design of infill construction within the project site to ensure architectural compatibility with historic buildings within the UIW Historic District.

Under the 2010 Pier 70 Master Plan Alternative, a total of 293,228 gsf of existing buildings would be retained and rehabilitated in accordance with the Secretary of the Interior's Standards. Buildings 2, 12, and 19 on the project site would be retained and rehabilitated in their current location, and Building 21 would be relocated just to the south of the Historic Core boundary, at the intersection of Louisiana and 21st streets within the project site. The remaining six structures on the project site (Buildings 11, 15, 16, 25, 32, and 66), containing about 86,793 gsf, would be demolished. As with the Project, the northern spur of the Irish Hill remnant would be removed to allow for the construction of 21st Street. The less-than-significant impacts associated with the demolition of contributing Building 19, specifically, under the Project, would be reduced to a level of no impact under this alternative, because this building would be retained.

Similar to the Project, the 2010 Pier 70 Master Plan Alternative includes construction of transportation and circulation improvements. Under this alternative, the following transportation and circulation improvements would be implemented: construction of new 21st Street, reconstruction of 20th and 22nd streets, and construction of new Louisiana and Maryland streets. All new and reconstructed streets would be built with sidewalks. The 2010 Pier 70 Master Plan Alternative would include the same bicycle circulation improvements (Bay Trail extension, Class II and Class III facilities on internal streets, and a bikeshare location) as the Project. The 2010 Pier 70 Master Plan Alternative would include the same TDM program as the Project, with exception of those items that pertain only to residential tenants. The TDM program would include establishment of a TMA that employs an on-site transit coordinator, operation of a shuttle system, maintenance of a TMA website with real-time transit information, distribution of educational documents, coordination of ride-matching services, enrollment in Emergency Ride Home program, employment of a district parking strategy, unbundled residential and commercial parking, provision of car-share parking spaces, metering of on-street parking, and parking wayfinding signage across the site.

Under this alternative, new and upgraded utilities and infrastructure, and a new 20th Street pump station, would be constructed. A combined sewer and stormwater system would be built, similar to Option 1 under the Project, but with slightly different alignments due to different building and roadway siting and locations. Unlike the Project, this alternative does not include variants. The 2010 Pier 70 Master Plan Alternative would further some of the project sponsors' objectives.

The 2010 Pier 70 Master Plan Alternative includes about 47,962 cubic yards of off-haul of excavated materials and about 8,900 cubic yards of clean fill import. It also includes construction of an engineered berm along the eastern property boundary with an approximately 3:1 slope and a maximum height of approximately 4 feet to address projected sea level rise flooding risks. Shoreline protection improvements under this alternative, including placement of new rip-rap along the water's edge, would be similar to

those under the Project. Like the Project, implementation of this alternative would take place over a period of 11 years and in several phases (up to five for the Project, up to four for this alternative). Similar to the Project, an exchange of land under the Public Trust Exchange Agreement would occur under the 2010 Pier 70 Master Plan Alternative in order to clarify the Public Trust status portions of Pier 70, which would free some portions of the project site from the Public Trust while committing others to the Public Trust.

The Project's transit impacts would be reduced but would still be significant and unavoidable with mitigation under the 2010 Pier 70 Master Plan Alternative. As with the Project, loading impacts would remain significant and unavoidable even with implementation of identified mitigation. The 2010 Pier 70 Master Plan Alternative would avoid the significant cumulative noise increases that would occur under either scenario of the Project. This alternative would substantially reduce the number of roadway segments subject to significant noise increases. With implementation of Mitigation Measure M-AQ-1f, Transportation Demand Management, these increases could be reduced by up to 1.0 dB, and all but two of these significant cumulative noise increases would be reduced to less than significant. Although there would still be a significant and unavoidable cumulative impact under this alternative for two roadway segments (20th Street east of Illinois Street and 25th Street east of Third Street), the degree of impact on both of these segments would be less than the Project. The 2010 Pier 70 Master Plan Alternative's contribution to this cumulative impact would still be cumulatively considerable, but substantially less than the Project. Like the Project, the 2010 Pier 70 Master Plan Alternative would result in air quality impacts that remain significant and unavoidable with mitigation, although these impacts would be reduced compared to the Project.

The 2010 Pier 70 Master Plan Alternative is rejected as infeasible because, although it would reduce to less-than-significant impacts associated with increase in ambient noise levels identified as significant and unavoidable with mitigation for the Project, it would not reduce to a less-than-significant level any of the other impacts identified as significant and unavoidable with mitigation for the Project. Additionally, the 2010 Pier 70 Master Plan Alternative would not meet many of the project objectives. The alternative would retain and reuse a former industrial complex that would continue to be a part of an historic district. However, the alternative would have fewer amenities and services and overall density of residential uses would be substantially reduced, eliminating the mixed-use nature of the project. The alternative would provide only one parcel for housing, with the standard level of affordable housing units. The alternative would have a reduced amount of open space. While the alternative would likely include development able to fund ongoing maintenance and operation costs, it may not be able to produce a market rate return on investment that meets the requirements of AB 418 and therefore would not attract cost-efficient sources of equity and debt financing sufficient to fund the project's site and infrastructure construction costs. Finally, the 2010 Pier 70 Master Plan Alternative does not include future development at the Hoedown Yard.

B. Alternatives Considered and Rejected

1. Maritime Use Alternative

The Maritime Use Alternative would contain only maritime; industrial; production, distribution and repair (PDR); and parking uses throughout the entirety of the project site, consistent with existing zoning and height limits. This alternative would be more consistent with the current and past uses at the site. The

resulting project would have a significantly lower intensity, which would reduce project trips and associated noise and air quality impacts. It would also eliminate residential uses at both the 28-Acre Site and Illinois Parcels, which would address potential transportation, noise and vibration, and air quality impacts. However, the maritime or industrial uses could themselves produce greater noise and/or air quality impacts as compared to the Project.

This alternative was ultimately not selected as it does not achieve a variety of the project sponsors' basic objectives. The Maritime Use Alternative would significantly modify the Project to allow only maritime, industrial, PDR, and parking uses. The overall intensity would be significantly less than the Project. The Maritime Use Alternative would not fully meet the project objectives of providing a new, activated waterfront open space and providing access to San Francisco Bay where it has historically been precluded by opening the eastern shore of the site to the public with a significant new waterfront park, and creating a pedestrian- and bicycle-friendly environment. This alternative would result in no new affordable housing. Additionally, the alternative would not attract sources of equity and debt financing sufficient to fund the alternative's site and infrastructure construction costs or fund ongoing maintenance and operation costs, and would not achieve a market-rate return on investment that meets the requirements of Assembly Bill No. 418 (2011).

2. No Hoedown Yard Alternative.

The No Hoedown Yard Alternative would modify the Project to eliminate all future development at or improvement of the approximately 3.6-acre Hoedown Yard parcel. This condition would occur if PG&E were unable to find a suitable area to relocate the utilities operations that currently occur at the Hoedown Yard. This alternative would result in a total open space area of 6.7 acres at the project site, a 2.3 acre reduction from the Project. The No Hoedown Yard Alternative would also result in a reduced intensity of development. The No Hoedown Yard Alternative would result in reduced excavation at the Hoedown Yard parcel. Except for these modifications, the No Hoedown Yard Alternative would include components similar to the Project.

The No Hoedown Yard Alternative would not require the approval of the California Public Utilities Commission of PG&E's sale of Hoedown Yard parcel. Otherwise, all of the same approval actions as those listed for the Project in Section 2.G of this EIR.

This alternative would meet most, but not all, of the Project Sponsors' objectives. However, this EIR analyzes as an alternative the 2010 Pier 70 Master Plan Alternative, which includes approximately 32 acres, and excludes all land associated with the Hoedown Yard. Accordingly, the No Hoedown Yard Alternative was ultimately not selected for further consideration because the 2010 Pier 70 Master Plan Alternative similarly excluded the Hoedown Yard, and therefore analysis of this alternative would be redundant. Additionally, this alternative would not substantially reduce environmental impacts as compared to the Project.

3. Noise Compatibility Alternative.

The Noise Compatibility Alternative would be similar to the Project but would allow only commercial-office and RALI uses on the Illinois Parcels, in order to prevent exposure of future sensitive receptors (that would locate on Illinois Street within the project site) to significant noise impacts. This alternative

was also intended to address comments submitted on behalf of the American Industrial Center during the Notice of Preparation public comment period. Except for the modification in allowable uses, the Noise Compatibility Alternative would include components similar to the Project and would meet most of the project sponsor's objectives. Mitigation Measure M-NO-6: Design of Future Noise-Sensitive Uses would require that a noise study be conducted by a qualified acoustician who shall determine the need to incorporate noise attenuation measures into the building design. Under the Project, Mitigation Measure M-NO-6 would reduce the potentially significant noise impact on proposed residential sensitive receptors in the Illinois Parcels to a less-than-significant level. Because no significant and unavoidable impact on proposed residential sensitive receptors would result under the Project, the identification and evaluation of a Noise Compatibility Alternative is not required under CEQA.

VII. STATEMENT OF OVERRIDING CONSIDERATIONS

Pursuant to Public Resources Section 21081 and CEQA Guidelines Section 15093, it is hereby found, after consideration of the Final EIR and the evidence in the record, that each of the specific overriding economic, legal, social, technological and other benefits of the Project as set forth below independently and collectively outweighs the significant and unavoidable impacts and is an overriding consideration warranting approval of the Project. Any one of the reasons for approval cited below is sufficient to justify approval of the Project. Thus, even if a court were to conclude that not every reason is supported by substantial evidence, this determination is that each individual reason is sufficient. The substantial evidence supporting the various benefits can be found in the Final EIR and the preceding findings, which are incorporated by reference into this Section, and in the documents found in the administrative record, as described in Section I.

On the basis of the above findings and the substantial evidence in the whole record of this proceeding, it is specifically found that there are significant benefits of the Project in spite of the unavoidable significant impacts. It is further found that, as part of the process of obtaining Project approval, all significant effects on the environment from implementation of the Project have been eliminated or substantially lessened where feasible. Any remaining significant effects on the environment found to be unavoidable are found to be acceptable due to the following specific overriding economic, technical, legal, social and other considerations:

- The Project would implement the open space, housing, affordability, historic rehabilitation, artist community preservation, commercial, waterfront height limit and urban design policies endorsed by the voters in Proposition F for the 28-Acre Site (November 2014).
- The Project would serve, along with the Historic Core Project (also referred to as the Orton Project) and Crane Cove Park, as a catalyst project for Pier 70 to support the Port's site-wide goals established in the *Pier 70 Preferred Master Plan*, including new infrastructure, streets and utilities, and new revenue to fund other Pier 70 improvements.

- The Project would invest over \$390 million in improvements in transportation and other infrastructure critical to serving the Project Site, the Union Iron Works Historic District, the historic ship repair operations and the surrounding neighborhood.
- The Project would create a unique San Francisco neighborhood within an industrial historic district that includes new, activated waterfront open spaces with the amenities and services necessary to support a diverse, thriving community of residents and workers, while addressing potential land use conflicts with ongoing ship repair at Pier 70.
- The Project would provide a model of 21st century sustainable urban development by implementing the *Pier 70 Risk Management Plan* approved by the San Francisco Bay Regional Water Quality Control Board; encouraging energy and water conservation systems; and reducing vehicle usage, emissions, and vehicle miles traveled to reduce the carbon footprint impacts of new development, consistent with the Port's *Climate Action Plan*.
- Development of the 28-Acre Site will include sustainability measures required under the Design for Development, Infrastructure Plan, TDM Plan, and MMRP, seeking to enhance livability, health and wellness, mobility and connectivity, ecosystem stewardship, climate protection, and resource efficiency of the 28-Acre Site.
- The Project's Transportation Plan, which includes a TDM plan, would provide a full suite of measures to reduce vehicles on the road and would result in a minimum of a 20% vehicle trip reduction.
- The Project would provide dense, mixed-income housing that includes both ownership and rental opportunities, to attract a diversity of household types in order to help San Francisco meet its fair share of regional housing needs.
- The Project would create between approximately 300 and 600 new affordable homes, comprising 30% of all new homes at the 28-Acre Site. The Project would also include a priority housing program for residents of District 10, to the extent allowable under applicable law.
- The Project would generate approximately \$15-20 million in revenue to support the rebuild of public housing facilities, such as the nearby Potrero Annex and Potrero Terrace public housing communities, in accordance with Board Resolution No. 54-14.
- The Project would provide long overdue improvements and revitalize the former industrial site that is currently asphalt lots and deteriorating buildings behind chain link fences, which prohibit public access to the waterfront.
- The Project would provide access to San Francisco Bay where it has been historically precluded, by opening the eastern shore of the site to the public with a major new waterfront park, extending the Bay Trail, and establishing the Blue Greenway, all of which will create a pedestrian- and bicycle-friendly environment.

- The Project would incorporate cutting edge streetscape design that prioritizes pedestrian access, such as providing a raised street design at Maryland and 20th Street at the waterfront and over 50% of the Project site as open space or pedestrian only paths.
- The Project's design would provide an innovative approach to complement the Union Iron Works Historic District, with the Pier 70 SUD Design for Development document establishing standards and guidelines for rehabilitation of historic buildings, as well as maximum building heights and buildable zones for infill construction and project-side and location-specific massing and architecture requirements. Key design features of the Design for Development intended to enhance compatibility of new infill construction with adjacent historical resources in the UIW Historic District include: (1) buffer zones; (2) facades and materiality; (3) adjacency to historical resources.
- The Project would establish nine acres of parks, playgrounds and recreational facilities on and adjacent to the Project Site, more than tripling the amount of parks in the Dogpatch neighborhood. Potential rooftop areas adjacent to Irish Hill would provide active recreation opportunities, such as playing fields and courts.
- Private development will bear the cost for long-term maintenance and management of parks and open spaces within the Project, as well as future sea level rise improvements.
- The Project would include dedicated on-site childcare for at least 100 children to serve area residents and workers, to be operated by a qualified non-profit operator.
- The Project would rehabilitate three contributors to the Union Iron Works Historic District to accommodate new uses consistent with the Secretary of the Interior's Standards for the Treatment of Historic Properties, and design and build new infrastructure, public realm areas, parks and buildings consistent with the Infill Development Design Criteria within the Port's *Pier 70 Preferred Master Plan* and support the continued integrity of the Union Iron Works Historic District.
- The Project would create business and employment opportunities, including an estimated 10,000 permanent jobs and 11,000 temporary construction jobs, for local workers and businesses during the design, construction, and operation phases of the Project. The Project sponsors have committed to hiring local employees for 30% of the infrastructure and building construction jobs, and implementing a small diversity business program and a workforce training program that partners with local organizations.
- The Project would provide substantial new and renovated space for arts, cultural, non-profits, small-scale manufacturing, local retail and neighborhood services, including a new arts facility up to 90,000 square feet and 50,000 square feet of production, distribution and repair (PDR) uses.
- The Project would preserve the artist community currently located in the Noonan Building in new state-of-the-art, on-site space that is affordable, functional and aesthetic.

- The Project would elevate and reinforce site infrastructure and building parcels to allow the new Pier 70 neighborhood to be resilient to projected levels of sea level rise and any major seismic event, as well as incorporate financing strategies and generate funding streams that enable the project and the Port's Bay shoreline to adapt to future, increased levels of sea level rise.
- The Project would construct a high-quality, public-private development project that can attract sources of public investment, equity, and debt financing sufficient to fund the Project's site and infrastructure costs, fund ongoing maintenance and operation costs, and produce a market rate return investment that meets the requirement of Assembly Bill (AB) 418 (2011) and allows the Port to further its Public Trust mandate and mission.
- The project will provide training and hiring opportunities for hiring San Francisco residents and formerly homeless and economically disadvantaged individuals for temporary construction and permanent jobs, including local hire mandatory participation at 30% per trade, opportunities for local business enterprise participation and first source hiring.

Having considered the above, the Planning Commission finds that the benefits of the Project outweigh the unavoidable adverse environmental effects identified in the Final EIR, and that those adverse environmental effects are therefore acceptable.

Motion No. 19977
August 24, 2017

CASE NO 2014-001272ENV
Pier 70 Mixed-Use Project

Attachment B

Mitigation Monitoring and Reporting Program for Pier 70 Mixed-Use Project

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
MITIGATION MEASURES FOR THE PIER 70 MIXED-USE DISTRICT PROJECT					
<i>Cultural Resources (Archaeological Resources) Mitigation Measures</i>					
M-CR-1a: Archeological Testing, Monitoring, Data Recovery and Reporting Based on a reasonable presumption that archeological resources may be present within the project site, the following measures shall be undertaken to avoid any potentially significant adverse effect from the Proposed Project on buried or submerged historical resources. The project sponsors shall retain the services of an archeological consultant from rotational Department Qualified Archeological Consultants List (QACL) maintained by the Planning Department archeologist. The project sponsors shall contact the Department archeologist to obtain the names and contact information for the next three archeological consultants on the QACL. The archeological consultant shall undertake an archeological testing program as specified herein. In addition, the consultant shall be available to conduct an archeological monitoring and/or data recovery program if required pursuant to this measure. The archeological consultant's work shall be conducted in accordance with this measure at the direction of the Environmental Review Officer (ERO). All plans and reports prepared by the consultant as specified herein shall be submitted first and directly to the ERO for review and comment, and shall be considered draft reports subject to revision until final approval by the ERO. Archeological monitoring and/or data recovery programs required by this measure could suspend construction of the project for up to a maximum of four weeks. At the direction of the ERO, the	Project sponsors ² to retain qualified professional archaeologist from the pool of archaeological consultants maintained by the Planning Department. The archaeological consultant shall undertake an archaeological testing program as specified herein. Project sponsors,	Prior to the issuance of site permits, submittal of all plans and reports for approval by the ERO.	Archaeological consultant's work shall be conducted in accordance with this measure at the direction of the ERO.	Considered complete when project sponsor retains a qualified professional archaeological consultant and archeological consultant has approved scope by the ERO for the archeological testing program	Planning Department

¹ Both the City and the Port have jurisdiction over portions of the Project Site. This column identifies the agency or agencies with monitoring responsibility for each mitigation and improvement measure. The 28-Acre Site and 20th/Illinois Parcels are located within the Port's building permit jurisdiction. The Hoedown Yard parcel is located within the San Francisco Department of Building Inspection (DBI).

² Note: For purposes of this MMRP, unless otherwise indicated, the term "project sponsor" shall mean the party (i.e., the Developer under the DDA, a Vertical Developer (as defined in the DDA) or Port, as applicable, and their respective contractors and agents) that is responsible under the Project documents for construction of the improvements to which the Mitigation Measure applies, or otherwise assuming responsibility for implementation of the mitigation measure.

<p>The archeological consultant shall prepare and submit to the ERO for review and approval an archeological testing plan (ATP). The archeological testing program shall be conducted in accordance with the approved ATP. The ATP shall identify the property types of the expected archeological resource(s) that potentially could be adversely affected by the Proposed Project, the testing method to be used, and the locations recommended for testing. The purpose of the archeological testing program will be to determine to the extent possible the presence or absence of archeological resources and to identify and to evaluate whether any archeological resource encountered on the site constitutes an historical resource under CEQA.</p> <p>At the completion of the archeological testing program, the archeological consultant shall submit a written report of the findings to the ERO. If based on the archeological testing program the archeological consultant finds that significant archeological resources may be present, the ERO in consultation with the archeological consultant shall determine if additional measures are warranted. Additional measures that may be undertaken include additional archeological testing, archeological monitoring, and/or an archeological data recovery program. If the ERO determines that a significant archeological resource is present and that the resource could be adversely affected by the Proposed Project, at the discretion of the project sponsors either:</p> <p>A) The Proposed Project shall be redesigned so as to avoid any adverse effect on the significant archeological resource; or</p> <p>B) A data recovery program shall be implemented, unless the ERO determines that the archeological resource is of greater interpretive than research significance and that interpretive use of the resource is feasible.</p>	<p><u>ATP</u>: Project sponsors and archaeological consultant in consultation with the ERO.</p> <p><u>Archeological Testing Report</u>: Project sponsors and archaeological consultant in consultation with the ERO.</p>	<p>excavation, site preparation or construction, and prior to testing, an ATP for a defined geographic area and/or specified construction activities is to be submitted to and approved by the ERO. <p>the route to exceed its utilization. Forecasts of travel behavior of future phases could be based on trip generation rates forecast in the EIR or based on subsequent surveys of occupants of the project, possibly including surveys conducted as part of ongoing TDM monitoring efforts required as part of Air Quality Mitigation Measure M-AQ-1f: Transportation Demand Management.</p> <p>If trip generation calculations or monitoring surveys demonstrate that a specific phase of the Proposed Project will cause capacity on the 48 Quintara/24th Street route to exceed 85 percent, the project sponsors shall provide capital costs for increased capacity on the route in a manner deemed acceptable by SFMTA through the following means:</p> <ul style="list-style-type: none"> At SFMTA's request, the project sponsors shall pay the capital costs for additional buses (up to a maximum of four in the Maximum Residential Scenario and six in the Maximum Commercial Scenario). If the SFMTA requests the project sponsor to pay the capital costs of the buses, the SFMTA would need to find funding to pay for the added operating cost associated with operating increased service made possible by the increased vehicle fleet. The source of that funding has not been established. <p>Alternatively, if SFMTA determines that other measures to increase capacity along the route would be more desirable than adding buses, the project sponsors shall pay an amount equivalent to the cost of the required number of buses toward completion of one or more of the following, as determined by SFMTA:</p> <ul style="list-style-type: none"> Convert to using higher-capacity vehicles on the 48 Quintara/24th Street route. In this case, the project sponsors shall pay a portion of the capital costs to convert the route to articulated buses. Some bus stops along the route may not currently be configured to accommodate the longer articulated buses. Some bus zones could likely be extended by removing one or more parking spaces; in some locations, appropriate space may not be available. The 	<p>bus route shall be prepared by a consultant from the Planning Department's Transportation Consultant Pool, using a methodology approved by SFMTA and Planning. If documentation of capacity is based on monitoring surveys, the transportation consultant shall submit raw data from such surveys concurrently to SFMTA, the Planning Department, and project sponsors.</p>	<p>If project sponsors demonstrate to the SFMTA that the phase would not generate a number of transit trips on the 48 Quintara/24th Street bus route that would exceed the significance thresholds outlined in the EIR, further monitoring is not required during that phase.</p> <p><u>Capital Costs:</u> Payment required after SFMTA affirms via letter to the project sponsors that mitigation funds will be</p>	<p>requested would not generate a number of transit trips on the 48 Quintara/24th Street bus route that would exceed the significance thresholds outlined in the EIR. If the project demonstrates (using trip generation rates forecasted in the EIR or through surveys of existing travel behavior at the site) that a specific building would cause capacity to exceed 85 percent based on the Baseline scenario in the EIR or would contribute more than 5 percent of capacity on the line if it was already projected to exceed 85 percent capacity utilization in the Baseline</p>

MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
<p>project sponsors' contribution may not be adequate to facilitate the full conversion of the route to articulated buses; therefore, a source of funding would need to be established to complete the remainder, including improvements to bus stop capacity at all of the bus stops along the route that do not currently accommodate articulated buses.</p> <ul style="list-style-type: none"> SFMTA may determine that instead of adding more buses to a congested route, it would be more desirable to increase travel speeds along the route. In this case, the project sponsors' contribution would be used to fund a study to identify appropriate and feasible improvements and/or implement a portion of the improvements that would increase travel speeds sufficiently to increase capacity along the bus route such that the project's impacts along the route would be determined to be less than significant. Increased speeds could be accomplished by funding a portion of the planned bus rapid transit system along 16th Street for the 22 Fillmore between Church and Third streets. Adding signals on Pennsylvania Street and 22nd Street may serve to provide increased travel speeds on this relatively short segment of the bus routes. The project sponsors' contribution may not be adequate to fully achieve the capacity increases needed to reduce the project's impacts and SFMTA may need to secure additional sources of funding. <p>Another option to increase capacity along the corridor is to add new a Muni service route in this area. If this option is selected, project sponsors shall fund purchase of the same number of new vehicles outlined in the first option (four for the Maximum Residential Alternative and six for the Maximum Commercial Alternative) to be operated along the new route. By providing an additional service route, a percentage of the current transit riders on the 48 Quintara/24th Street would likely shift to the new route, lowering the capacity utilization below the 85 percent utilization threshold. As for the first option, funding would need to be secured to pay for operating the new route.</p>		<p>spent on implementation of M-TR-5 through purchase of additional buses or alternative measure in accordance with M-TR-5. Capital costs for more than four buses, up to a maximum of six buses, shall only be required if the total gsf of commercial use exceeds the Maximum Residential Scenario total gsf of commercial use, identified in Table 2.3 of the EIR, and if project sponsors demonstrate that the</p>	<p>scenario without the Proposed Project, and the SFMTA has committed to implement M-TR-5, the project sponsors shall provide capital costs for increased capacity on the route in a manner deemed acceptable by SFMTA.</p>

<p>approved but yet unbuilt structures that would be completed by the time of occupancy of the subject building.</p> <p>(a) If the qualified wind consultant concludes that the building design(s) could not create a new wind hazard and could not contribute to a wind hazard identified by prior wind tunnel testing for the EIR and in subsequent wind analysis required by this mitigation measure, no further review would be required. If there could be a new wind hazard, then a quantitative assessment shall be conducted using wind tunnel testing or an equivalent quantitative analysis that produces comparable results to the analysis methodology used in this EIR.</p> <p>(b) If the qualified wind consultant concludes that the building design(s) could create a new wind hazard or could contribute to a wind hazard identified by prior wind tunnel testing conducted for this EIR and in subsequent wind analysis required by this mitigation measure, but in the consultant's professional judgment the building(s) can be modified to reduce such impact to a less-than-significant level, the consultant shall notify Port Staff and the building applicant. The consultant's professional judgment may be informed by the use of "desktop" analytical tools, such as computer tools relying on results of prior wind tunnel testing for the Proposed Project and other projects (i.e., "desktop" analysis does not include new wind tunnel testing). The analysis shall include consideration of wind location, duration, and speed of wind. The building applicant may then propose changes or supplements to the design of the proposed building(s) to achieve this result. These changes or supplements may include, but are not limited to, changes in design, building orientation, sculpting to include podiums and roof terraces, and/or the addition of architectural canopies or screens, or</p>

<p>order to clearly identify those differences that would be due to the proposed new building(s). In the event the wind tunnel testing determines that design of the building(s) would increase the hours of wind hazard or extent of area subject to hazardous winds beyond those identified in prior wind testing conducted for this EIR and in subsequent wind tunnel analysis required by this mitigation measure, the wind consultant shall notify Port Staff and the building applicant. The building applicant may then propose changes or supplements to the design of the proposed building(s) to eliminate wind hazards. These changes or supplements may include, but are not limited to, changes in design, building orientation, sculpting building(s) to include podiums and roof terraces, adding architectural canopies or screens, or street furniture. All feasible means (changes in design, relocating or reorienting certain building(s), sculpting to include podiums and roof terraces, the addition of architectural canopies or screens, or street furniture) to eliminate wind hazards, if predicted, shall be implemented to the extent necessary to mitigate the impact. After such design changes and features have been considered, the additional effectiveness of landscaping at the size it is proposed to be installed may also be considered. The wind consultant shall then reevaluate the building design(s) with specified changes or supplements. If the wind consultant demonstrates to the satisfaction of Port Staff that the modified design would not create a new wind hazard or contribute to a wind hazard identified in prior wind tunnel testing conducted for this EIR and in subsequent wind analysis required by this mitigation measure, no further review would be required.</p> <p>If the proposed building(s) would result in a wind hazard exceedance, and the only way to eliminate the hazard is to redesign a proposed building, then the building shall be redesigned.</p>

MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
IMPROVEMENT MEASURES FOR THE PIER 70 MIXED-USED DISTRICT PROJECT					
<p>Improvement Measure I-CR-4a: Documentation</p> <p>Before any demolition, rehabilitation, or relocation activities within the UIW Historic District, the project sponsors should retain a professional who meets the Secretary of the Interior's Professional Qualifications Standards for Architectural History to prepare written and photographic documentation of all contributing buildings proposed for demolition within the UIW Historic District. The documentation for the property should be prepared based on the National Park Service's Historic American Building Survey (HABS)/Historic American Engineering Record (HAER) Historical Report Guidelines. This type of documentation is based on a combination of both HABS/HAER standards and National Park Service's policy for photographic documentation, as outlined in the NRHP and National Historic Landmarks Survey Photo Policy Expansion.</p> <p>The written historical data for this documentation should follow HABS/HAER standards. The written data should be accompanied by a sketch plan of the property. Efforts should also be made to locate original construction drawings or plans of the property during the period of significance. If located, these drawings should be photographed, reproduced, and included in the dataset. If construction drawings or plans cannot be located, as-built drawings should be produced.</p> <p>Either HABS/HAER-standard large format or digital photography should be used. If digital photography is used, the ink and paper combinations for printing photographs must be in compliance with NR-NHL Photo Policy Expansion and have a permanency rating of approximately 115 years. Digital photographs should be taken as uncompressed, TIFF file format. The size of each image should be 1,600 by 1,200 pixels at 330 pixels per inch or larger, color format, and printed in black and white. The file name for each electronic image should correspond with the index of photographs and photograph label. Photograph views for the dataset should include (a)</p>	Project sponsors and qualified preservation architect, historic preservation expert, or other qualified individual.	<u>Project Sponsor Documentation</u> Before any demolition, rehabilitation, or relocation activities within the UIW Historic District.	Project sponsors and qualified preservation architect, historic preservation expert, or other qualified individual to complete historic resources documentation, and transmit such documentation to the History Room of the San Francisco Public Library, and to the Northwest Information Center of the California Historical Information Resource System.	Considered complete when documentation is reviewed and approved by Port Preservation Staff, and the documentation is provided to the San Francisco Public Library, and to the Northwest Information Center of the California Historical Information Resource System.	Port

contextual views; (b) views of each side of each building and interior views, where possible; (c) oblique views of buildings; and (d) detail views of character-defining features, including features on the interiors of some buildings. All views should be referenced on a photographic key. This photographic key should be on a map of the property and should show the photograph number with an arrow to indicate the direction of the view. Historic photographs should also be collected, reproduced, and included in the dataset. The project sponsors should transmit such documentation to the History Room of the San Francisco Public Library, and to the Northwest Information Center of the California Historical Information Resource System. The project sponsors should scope the documentation measures with Port Preservation staff..					
Improvement Measure I-CR-4b: Public Interpretation Following any demolition, rehabilitation, or relocation activities within the project site, the project sponsors should provide within publicly accessible areas of the project site a permanent display(s) of interpretive materials concerning the history and architectural features of the District's three historical eras (Nineteenth Century, Early Twentieth Century, and World War II), including World War II-era Slipways 5 through 8 and associated craneways. The display(s) should also document the history of the Irish Hill Remnant, including, for example, the original 70- to 100-foot tall Irish Hill landform and neighborhood of lodging, houses, restaurants, and saloons that occupied the once much larger hill until the earlier twentieth century. The content of the interpretive display(s) should be coordinated and consistent with the sitewide interpretive plan prepared for the 28-Acre Site in coordination with the Port. The specific location, media, and other characteristics of such interpretive display(s) should be presented to Port preservation staff for approval prior to any demolition or removal activities.	Project sponsors should provide a permanent display(s) of interpretive materials concerning the history and architectural features of the District within publicly accessible areas of the project site.	<u>Project sponsors provide permanent display:</u> Following any demolition, rehabilitation, or relocation activities within the project site.	Project sponsors submit documentation of permanent display(s) of interpretive materials	Considered complete when interpretive materials are presented to Port preservation staff for approval. The materials would then be presented in the publically accessible area of the project site.	Port
Improvement Measure I-TR-A: Construction Management Plan <u>Traffic Control Plan for Construction</u> – To reduce potential conflicts between	Project sponsors, TMA, and	Prior to issuance of a	Construction contractor(s) to	Considered complete upon	Port, Planning Department,

walking, bicycling, carpooling, and transit access to the project construction sites and to minimize parking in public rights-of-way by construction workers in the coordinated plan. <u>Project Construction Updates for Adjacent Residents and Businesses</u> – To minimize construction impacts on access for nearby residences, institutions, and businesses, the project sponsors should provide nearby residences and adjacent businesses with regularly-updated information regarding construction, including construction activities, peak construction vehicle activities (e.g., concrete pours), travel lane closures, and lane closures via a newsletter and/or website.					
Improvement Measure I-TR-B: Queue Abatement It should be the responsibility of the owner/operator of any off-street parking facility with more than 20 parking spaces (excluding loading and car-share spaces) to ensure that vehicle queues do not occur regularly on the public right-of-way. A vehicle queue is defined as one or more vehicles (destined to the parking facility) blocking any portion of any public street, alley, or sidewalk for a consecutive period of 3 minutes or longer on a daily or weekly basis. If a recurring queue occurs, the owner/operator of the parking facility should employ abatement methods as needed to abate the queue. Appropriate abatement methods will vary depending on the characteristics and causes of the recurring queue, as well as the characteristics of the parking facility, the street(s) to which the facility connects, and the associated land uses (if applicable). Suggested abatement methods include but are not limited to the following: redesign of facility to improve vehicle circulation and/or on-site queue capacity; employment of parking attendants; installation of LOT FULL signs with active management by parking attendants; use of valet parking or other space-efficient parking techniques; use of off-site parking facilities or shared parking with nearby uses; use of parking occupancy sensors and signage	Project sponsors, owner/operator of any off-street parking facility, and transportation consultant.	On-going during operations of any off-street parking facilities.	The owner/operator of the parking facility should monitor vehicle queues in the public right-of-way, and would employ abatement measures as needed. If the Port Director, or his or her designee, suspects that a recurring queue is present, the Port should notify the property owner in writing. The owner/operator should hire a transportation consultant to	Monitoring of the public right-of-way would be on-going by the owner/operator of off-street parking operations.	Port, Planning Department

<p>directing drivers to available spaces; TDM strategies such as additional bicycle parking, customer shuttles, delivery services; and/or parking demand management strategies such as parking time limits, paid parking, time-of-day parking surcharge, or validated parking.</p> <p>If the Port Director, or his or her designee, suspects that a recurring queue is present, Port Staff should notify the property owner in writing. Upon request, the owner/operator should hire a qualified transportation consultant to evaluate the conditions at the site for no less than 7 days. The consultant should prepare a monitoring report to be submitted to the Port for review. If the Port determines that a recurring queue does exist, the facility owner/operator should have 90 days from the date of the written determination to abate the queue.</p>			prepare a monitoring report and if a recurring queue does exist, the owner/operator would abate the queue.		
<p>Improvement Measure I-TR-C: Strategies to Enhance Transportation Conditions During Events.</p> <p>The project's Transportation Coordinator should participate as a member of the Mission Bay Ballpark Transportation Coordination Committee (MBBTCC) and provide at least 1-month notification to the MBBTCC where feasible prior to the start of any then known event that would overlap with an event at AT&T Park. The City and the project sponsors should meet to discuss transportation and scheduling logistics for occasions with multiple events in the area.</p>	Project sponsors, TMA, parks maintenance entity, parks programming entity, and/or Transportation Coordinator.	Prior to the start of any known event that would overlap with an event at AT&T Park.	Project sponsors and Transportation Coordinator to meet with MBBTCC and City to discuss transportation and scheduling logistics for occasions with multiple events in the area.	Include in MMRP Annual Report; On-going during project lifespan.	Port, Planning Department, SFMTA
<p>Improvement Measure I-WS-3a: Wind Reduction for Public Open Spaces and Pedestrian and Bicycle Areas</p> <p>For each development phase, a qualified wind consultant should prepare a wind impact and mitigation analysis regarding the proposed design of public open spaces and the surrounding proposed buildings. Feasible means should be considered to improve wind comfort conditions for each public open space, particularly for any public seating areas. These feasible means include horizontal and vertical, partially-porous wind screens (including canopies,</p>	Project sponsors and qualified wind consultant.	During the design of public open spaces and pedestrian and bicycle areas for each development phase. trellises, umbrellas, and walls), street furniture, landscaping, and trees. Specifics for particular public open spaces are set forth in Improvement Measures I-WS-3b to I-WS-3f. Any proposed wind-related improvement measure should be consistent with the design standards and guidelines outlined in the <i>Pier 70 SUD Design for Development</i> .				bicycle areas by the Port Staff.	
Improvement Measure I-WS-3b: Wind Reduction for Waterfront Promenade and Waterfront Terrace The Waterfront Promenade and Waterfront Terrace would be subject to winds exceeding the pedestrian wind comfort criteria. A qualified wind consultant should prepare written recommendations of feasible means to improve wind comfort conditions in this open space, emphasizing vertical elements, such as wind screens and landscaping. Where necessary and appropriate, wind screens should be strategically placed directly around seating areas. For maximum benefit, wind screens should be at least 6 feet high and made of approximately 20 to 30 percent porous material. Design of any wind screen or landscaping shall be compatible with the Historic District.	Project sponsors and qualified wind consultant. any wind screen or landscaping shall be compatible with the Historic District.					
Improvement Measure I-WS-3d: Wind Reduction for Building 12 Market Plaza and Market Square Building 12 Market Plaza and Market Square would be subject to winds exceeding the pedestrian wind comfort criteria. For reducing wind speeds in the public courtyard between Buildings 2 and 12, the inner south and west façades of Building D-1 could be stepped by at least 12 feet to direct downwashing winds above pedestrian level. Alternatively, overhead protection should be used, such as a 12-foot-deep canopy along the inside south and west façades of Building D-1, or localized trellises or umbrellas over seating areas. For reducing wind speeds on the eastern and southern sides of Building 12, street trees should be considered, along Maryland and 22 nd streets. Smaller underplantings should be combined with street trees to reduce winds at pedestrian level. Design of any wind screen or landscaping shall be compatible with the Historic District.	Project sponsors and qualified wind consultant.	During the design of the Building 12 Market Plaza and Market Square.	Qualified wind consultant would prepare a wind impact and mitigation analysis to be reviewed by Port Staff. **PORT COMMISSION
CITY AND COUNTY OF SAN FRANCISCO**

RESOLUTION NO. 17-52

- WHEREAS, The Port owns approximately 72 acres along San Francisco's Central Waterfront, roughly bounded by Mariposa Street, Illinois Street, 22nd Street, and the San Francisco Bay known as Pier 70; and
- WHEREAS, Beginning in 2006, the Port initiated an intensive planning process that has culminated in a project that would restore and redevelop an approximately 35-acre site located at Pier 70 bounded generally by Illinois Street on the west, 20th Street to the north, San Francisco Bay on the east and 22nd Street on the south in San Francisco's Central Waterfront Plan Area (the "Project Site"); and
- WHEREAS, The Project Site includes a 28-acre portion (the "28-Acre Site") for which, in April 2011, by Resolution No. 11-21, the Port Commission awarded to Forest City Development California, Inc. ("Forest City"), through a competitive process, the opportunity to negotiate the development thereon of a mixed-use development and historic preservation project (the "28-Acre Project") as further described in the staff report (the "Staff Report") accompanying this Resolution; and
- WHEREAS, The Project Site also includes the following two adjacent parcels along Illinois Street: (1) the "Illinois & 20th Street Parcel" owned by the Port, also known as "Parcel K", bounded by Illinois Street on the west, 20th Street to the north, Michigan Street to the east, and (2) private property to the south owned by PG&E known as the "Hoedown Yard"; and
- WHEREAS, In May 2013, by Resolution No. 13-20, the Port Commission endorsed the Term Sheet for the 28-Acre Project. Subsequently, in June 2013, by Resolution No. 201-13, the Board of Supervisors found the 28-Acre Project fiscally feasible under Administrative Code, Chapter 29 and endorsed the Term Sheet; and
- WHEREAS, Over the past 6 years, Port staff, FC Pier 70, LLC ("Developer"), an affiliate of Forest City, the Planning Department and the Mayor's Office of Economic and Workforce Development, have conducted numerous community outreach meetings and negotiated the terms of the Disposition and Development Agreement ("DDA") and associated transaction documents (collectively, the "Transaction Documents") that provide the overall road map for development of the 28-Acre Site; and
- WHEREAS, The Transaction Documents also contemplate development by the Port and/or City of the Illinois & 20th Street Parcel; and

WHEREAS, Concurrently with this resolution, the Port Commission has taken or intends to take a number of other actions in furtherance of the proposed mixed-use development on the Project Site (the "Pier 70 Mixed-Use Project"), which includes the 28-Acre Project, including: (1) approving a trust exchange agreement ("Exchange Agreement") between the Port and the California State Lands Commission; (2) approving the DDA; (3) consenting to amendments to the Planning Code that create the Pier 70 Special Use District ("Pier 70 SUD") over the Project Site; (4) approving the Design for Development ("D4D"), which provides more detailed land use controls for the Pier 70 SUD; and (5) conforming amendments to the Waterfront Land Use Plan, all as more particularly described in the Staff Report; and

WHEREAS, If approved by the Board of Supervisors and the California State Lands Commission under Chapter 477 of the Statutes of 2011 ("AB 418"), the Exchange Agreement will implement the exchange authorized under AB 418 to resolve Public Trust title uncertainties and reconfigure the Public Trust at the 28-Acre Site and the Illinois & 20th Street Parcel in a manner that furthers the purposes of the Public Trust and provides a more useful configuration of Public Trust lands; and

WHEREAS, In cooperation with San Francisco Public Works and the County Surveyor, and as further described in the Staff Report, the Port intends to vacate an approximately 12' portion of Michigan Street adjacent to the Illinois & 20th Street Parcel, merge this land with the Illinois & 20th Street Parcel and then subdivide the resulting merged parcel into four new parcels: the Plaza Parcel, Parcel K North, the 21st Street right-of-way extension parcel, and Parcel K South. Parcel K South will be developed as an affordable housing site; and

WHEREAS, Under the DDA, the Port is required to offer Parcel K North (as shown on Exhibit A) for sale at or above its fair market value established by a proprietary appraisal and specify that the successful bidder must close escrow on the sale within 12 months after the date of the Board of Supervisors' approval of the sale, with resulting proceeds used to pay for entitlement costs associated with the 28-Acre Project; and

WHEREAS, Development of Parcel K North will be subject to the Pier 70 SUD and the D4D. Under the Pier 70 SUD, Parcel K North is programmed for a development that would include approximately 239 to 300 market rate residential units, approximately 6,600 square feet of ground floor retail/art/light industrial space, and on-site parking for approximately 186 vehicles; and

WHEREAS, On August 24, 2017, the Planning Commission (1) reviewed and considered the Final Environmental Impact Report for the Pier 70

Mixed Use Project ("FEIR") (Case No. 2014-001272ENV); (2) found the FEIR to be adequate, accurate and objective, thus reflecting the independent analysis and judgment of the Planning Department and the Planning Commission; and (3) by Motion No. 19976, certified the FEIR as accurate, complete and in compliance with the California Environmental Quality Act ("CEQA"), the CEQA Guidelines, and Chapter 31 of the San Francisco Administrative Code; and

WHEREAS, At the same hearing, the Planning Commission approved the Pier 70 Mixed-Use Project and in so doing, adopted approval findings under CEQA by Motion No. 19977, including a Statement of Overriding Considerations (the "Pier 70 CEQA Findings"), and adopted a Mitigation Monitoring and Reporting Program ("MMRP"). A copy of the Planning Commission Motions, the Pier 70 CEQA Findings, and the MMRP are on file with the Port Commission Secretary and may be found in the records of the Planning Department at 1650 Mission Street, San Francisco, CA, and are incorporated in this resolution by reference as if fully set forth herein; and

WHEREAS, The Port Commission has reviewed the FEIR, the MMRP and the CEQA Findings, and finds that the approvals before the Port Commission are within the scope of the FEIR and that no substantial changes in the Pier 70 Mixed-Use Project or the circumstances surrounding the Pier 70 Mixed-Use Project have occurred and no new information that could not have been known previously showing new significant impacts or an increase in severity in impacts has been discovered since the FEIR was certified; and

WHEREAS, The Port's offering documents for Parcel K North will require the buyer or vertical developer to enter a Vertical Disposition and Development Agreement ("Parcel K North VDDA") governing future development of the site, in substantially the form on file with the Port Commission Secretary; and

WHEREAS, Consistent with the requirements of the DDA and the Pier 70 SUD, and as further described in the Staff Report, the Parcel K North VDDA will require the vertical developer of the site to, among other things:

1. Close escrow no more than 3 months after being selected as the highest qualified bidder, but in no event later than 12 months after the Board of Supervisors approves the sale;
2. Commence construction within 24 months after close of escrow;
3. Construct the project consistent with the requirements of the MMRP;

4. Construct the 20th/Illinois St. Plaza, as defined in the D4D, as a public benefit of the Pier 70 Mixed-Use Project, subject to reimbursement from public financing sources;
5. Construct improvements to the adjacent Michigan Street segment according to public works contracting requirements, subject to reimbursement from public financing sources;
6. Provide a limited amount of space in the ground floor parking area at no charge to the San Francisco Public Utilities Commission to install and maintain electrical equipment;
7. Provide Developer with the first right to receive surplus soil from the site as more particularly described in the DDA;
8. Enter into a deed restriction that incorporates the Illinois Street Parcel Additional Measures attached to the DDA, in order to minimize potential conflicts between American Industrial Center activities and future residential uses at the site;
9. Enter into a deed restriction requiring the second and each subsequent condominium purchaser to pay the Port a transfer fee equal to 1.5% of the purchase price to be deposited in the Harbor Fund for Public Trust purposes;
10. If not previously formed, vote in favor of a community facilities agreement and covenant to pay special taxes commencing at the earlier of (1) issuance of a building permit, or (2) two years after close of escrow;
11. Comply with applicable land use restrictions, impact fees, and exactions imposed by the Zoning Amendments, including a requirement to pay in-lieu affordable housing fees equal to 28% of the costs of on-site market-rate condominium units;
12. Pay all other applicable impact fees, including school facilities, utilities, and transportation fees;
13. Implement the Transportation Demand Management Program, in compliance with FEIR Mitigation Measure M-AQ; and
14. Comply with the City's First Source Hiring Program under Chapter 83 of the City's Administrative Code.

- WHEREAS, Port staff proposes to sell Parcel K North to the highest qualified bidder through a broker-assisted competitive solicitation; and
- WHEREAS, In anticipation of the proposed sale, Port staff is working with the Department of Real Estate ("DRE") to determine Parcel K North's fair market value through an appraisal of the site, which will set the minimum sale price ("Minimum Bid Price"), and DRE has selected an experienced and qualified brokerage firm with experience in selling comparable land parcels in San Francisco; and
- WHEREAS, Based on the foregoing, Port staff is requesting that the Port Commission authorize Port staff to sell Parcel K North on the terms described in the Staff Report and this Resolution, subject to approval by the Board of Supervisors; now, therefore be it
- RESOLVED, That the Port Commission adopts the Pier 70 CEQA Findings as its own and adopts the MMRP and imposes its requirements as a condition to this approval action; and be it further
- RESOLVED, That the Port Commission approves the sale of Parcel K North to the highest qualified bidder in a competitive solicitation for a sales price equal to or greater than the Minimum Bid Price as more particularly described in the Staff Report and this Resolution, subject to (1) Board of Supervisors' approval of the sale and (2) closing of the trust exchange contemplated under the Exchange Agreement; and be it further
- RESOLVED That the Port Commission approves the form of the Parcel K VDDA, substantially in the form on file with the Port Commission Secretary and incorporating the conditions to sale set forth in this Resolution; and be it further
- RESOLVED, That the Port Commission authorizes the Executive Director of the Port, or her designee, to enter into any amendments or modifications to the Form of Parcel K North VDDA that the Executive Director determines, in consultation with the City Attorney, are in the best interests of the Port, do not materially decrease the benefits to or materially increase the obligations or liabilities of the Port, and are in compliance with all applicable laws; and, be it further
- RESOLVED, That the Port Commission authorizes the Executive Director or her designee to execute the Parcel K North VDDA with the highest qualified bidder for a sales price equal to or greater than the Minimum Bid Price; and be it further

RESOLVED, That the Port Commission authorizes and urges all officers, employees, and agents of the Port and the City, including the Director of Property and the County Surveyor, to take all steps that they deem necessary or appropriate, to the extent permitted by applicable law, in order to sell and develop Parcel K North subject to Parcel K North VDDA in accordance with this Resolution, including execution of subsequent documents, or to otherwise effectuate the purpose and intent of this resolution and the Port's performance under the Parcel K North VDDA.

I hereby certify that the foregoing resolution was adopted by the San Francisco Port Commission at its meeting of September 26, 2017.

[Remainder of page intentionally left blank.]

**DEVELOPMENT AGREEMENT
(Pier 70 28-Acre Site)**

This **DEVELOPMENT AGREEMENT** ("**Development Agreement**") is between the **CITY AND COUNTY OF SAN FRANCISCO**, a political subdivision and municipal corporation of the State of California (including its agencies and departments, the "**City**"), and **FC Pier 70, LLC**, a Delaware limited liability company ("**Developer**") (each, a "**Party**"), is dated as of the Reference Date that appears on the title sheet hereof, and is made in conjunction with that certain Disposition and Development Agreement (the "**DDA**") between the City, acting by and through the San Francisco Port Commission (the "**Port Commission**" or "**Port**"), and Developer dated concurrently herewith. The DDA establishes the relative rights and obligations of the Port and Developer for the 28-Acre Site development project, some of which will be implemented as described in other Transaction Documents.

RECITALS

A. The City owns about 7 miles of tidelands and submerged lands along San Francisco Bay, including approximately 72 acres known as Pier 70 or Seawall Lot 349 under Port jurisdiction in the central waterfront area of San Francisco. Pier 70 is generally bounded by Illinois Street on the west, 22nd Street on the south, and San Francisco Bay on the north and east. The National Park Service listed approximately 66 acres of Pier 70 as the *Union Iron Works Historic District* in the National Register of Historic Places in 2014.

B. The City and Developer have negotiated this Development Agreement to vest in Developer and its successors certain entitlement rights with respect to the 28-Acre Site, the legal description of which is attached as **DA Exhibit A**.

C. The City has established a 35-acre Pier 70 Special Use District that includes the 28-Acre Site and adjacent parcels called the Illinois Street Parcels. Developer is the master developer for the 28-Acre Site and is responsible for subdividing and improving the 28-Acre Site and a portion of the Illinois Street Parcel known as Parcel K with Horizontal Improvements needed or desired to serve vertical development. Under the DDA, Developer has an Option to develop Vertical Improvements on designated Development Parcels known as Option Parcels. Horizontal and vertical development of the 28-Acre Site Project will be subject to the Project Requirements in the DDA, which include Regulatory Requirements.

D. The Development Agreement Statute authorizes local governments to enter into development agreements with persons having a legal or equitable interest in real property to strengthen the public planning process, encourage private participation in comprehensive planning, and reduce the economic risk of development. In accordance with the Development Agreement Statute, the City adopted Chapter 56 to establish local procedures and requirements for development agreements. The Parties are entering into this Development Agreement in accordance with the Development Agreement Statute and Chapter 56. This Development Agreement is consistent with the requirements of section 65865.2 of the Development Agreement Statute, which requires a development agreement to state its duration, permitted uses of the property, the density or intensity of use, the maximum height and size of proposed buildings, and provisions for reservation or dedication of land for public purposes.

E. The City and the Port have determined that the development of the 28-Acre Site Project in accordance with the DA Requirements will provide public benefits greater than the City and the Port could have obtained through application of pre-existing City ordinances, regulations, and policies. Public benefits include:

1. revitalizing a portion of the former industrial site that currently consists of asphalt lots and deteriorating buildings behind chain link fences that prevent open public access to the waterfront;

2. building a network of waterfront parks, playgrounds, and recreational facilities on the 28-Acre Site that, with development of the Illinois Street Parcels, will more than triple the amount of parks in the neighborhood;
3. creating significant amounts of on-site affordable housing units on the 28-Acre Site and Parcel K South;
4. restoring three deteriorating historic structures that are significant contributors to the historic district for reuse;
5. providing substantial new and renovated space for arts/cultural nonprofits, small-scale manufacturing, local retail, and neighborhood services;
6. preserving the artist community currently located in the Noonan Building in new state-of-the-art, on-site space that is affordable, functional, and aesthetically pleasing;
7. creating an estimated 10,000 permanent jobs and 11,000 temporary construction jobs and implementing a robust workforce development plan to encourage local business participation;
8. investing over \$200 million to build transportation and other infrastructure critical to serving the 28-Acre Site, the historic district, the historic ship repair operations, and the surrounding neighborhood; and
9. implementing sustainability measures to enhance livability, health and wellness, mobility and connectivity, climate protection, resource efficiency, and ecosystem stewardship and provide funding sources needed to protect the Pier 70 shoreline from sea level rise.

F. The Project Approvals listed on **DA Exhibit B** entitle Developer's proposed 28-Acre Site Project, and authorize Developer to proceed with development in accordance with the Project Requirements under the DDA, which include this Development Agreement. The Parties intend for all acts referred to in this Development Agreement to comply with CEQA, the CEQA Guidelines, and the CEQA Procedures (collectively, "**CEQA Laws**"), the Development Agreement Statute, Chapter 56, and the DA Ordinance (together, "**DA Laws**"), the Planning Code, and all other Applicable Laws in effect on the DA Ordinance Effective Date. This Development Agreement does not limit either the City's obligation to comply with CEQA Laws before taking any further discretionary action regarding the 28-Acre Site or Developer's obligation to comply with all Applicable Laws in the development of the 28-Acre Site Project.

AGREEMENT

1. DEFINITIONS

1.1. Role of Appendix. The attached Appendix, which includes Part A (Standard Provisions and Rules of Interpretation) and Part B that includes pertinent definitions used in this Development Agreement, is an integral part of this Development Agreement.

2. CERTAIN TERMS

2.1. Effective Date. Pursuant to Administrative Code section 56.14(f), this Development Agreement will be effective on the date that the Parties fully execute and deliver their respective counterparts to each other, as specified on the title page hereof, the DA Ordinance having become effective and operative on December 15, 2017 (the "**DA Ordinance Effective Date**").

2.2. DA Term. The term of this Development Agreement will begin on the Reference Date and continue separately for horizontal development and vertical development as described in this Section (the "DA Term").

(a) Horizontal Development.

(i) If the DDA Term is extended, expires, or is terminated as to a portion of a Phase, the 28-Acre Site Project, or the 28-Acre Site, the DA Term will be extended, expire, or terminate as to the same portion of the Phase, the 28-Acre Site Project, or the 28-Acre Site automatically, without any action of the Parties.

(ii) When the DDA Term expires or is terminated as to the entire 28-Acre Site Project and 28-Acre Site, the DA Term will expire or terminate automatically, without any action of the Parties.

(b) Vertical Development. When a Vertical DDA is extended, expires, or is terminated as to a Development Parcel, the DA Term will be extended, expire, or terminate as to the Development Parcel automatically, without any action of the Parties.

2.3. Relationship to DDA.

(a) DDA Parameters. The Board of Supervisors has approved this Development Agreement in conjunction with its approval of the DDA, other Transaction Documents, and Project Approvals to entitle the 28-Acre Site Project and granted other Project Approvals as described in **DA Exhibit B**. The DDA is the overarching Transaction Document for the development of the 28-Acre Site Project, which cannot proceed independently of the DDA. This Development Agreement is a Transaction Document under the DDA, and is intended to be included in all references to the Transaction Documents.

(b) DDA Requirements. This Development Agreement incorporates by reference certain public benefits that Developer is required to provide and obligations that Developer is required to perform, as more fully described in the DDA and outlined in **Section 4.1 (Public Benefits)**.

2.4. Roles of City and Port. Developer acknowledges the following.

(a) City Obligations. The City will undertake its obligations under this Development Agreement through the Planning Director or, as necessary under Chapter 56, the Planning Commission or the Board of Supervisors.

(b) Port Obligations. References in this Development Agreement to obligations of the "City" include the Port and Other City Agencies unless explicitly and unambiguously stated otherwise. References to both the City and the Port are intended to emphasize the Port's jurisdiction under Applicable Port Laws.

2.5. Recordation and Effect.

(a) Recordation. The Clerk of the Board of Supervisors will have this Development Agreement and any amendment to this Development Agreement recorded in the Official Records within 10 days after receiving fully executed and acknowledged original documents in compliance with section 65868.5 of the Development Agreement Statute and Administrative Code section 56.16.

(b) Binding Covenants. Pursuant to section 65868.5 of the Development Agreement Statute, from and after recordation of this Development Agreement, this Development Agreement will be binding on the Parties and, subject to **Section 10.2 (Effect of Assignment)**, their respective successors. Subject to the limitations on Transfers in **Section 10.2 (Effect of Assignment)**, all provisions of this Development

Agreement will be enforceable during the DA Term as equitable servitudes and will be covenants and benefits running with the land pursuant to Applicable Law, including California Civil Code section 1468.

(c) Constructive Notice. This Development Agreement, when recorded, gives constructive notice to every person. Recordation will cause it to be binding in its entirety on, and burden and benefit, any Interested Person to the extent of its interest in the FC Project Area.

(d) Nondischargeable Obligations. Obligations under this Development Agreement are not dischargeable in Insolvency.

2.6. Relationship to Project.

(a) Planning as Regulator. This Development Agreement relates to Planning's regulatory role with respect to development of the 28-Acre Site and implementation of the 28-Acre Site Project under the DDA in accordance with the SUD.

(b) Other City Agencies. Transaction Documents for the 28-Acre Site Project that describe the roles of the Port and Other City Agencies with respect to the 28-Acre Site Project include the following:

(i) The ICA between the Port and the City, which describes the process for City Agency review and approval of Improvement Plans, Subdivision Maps, and other documents, primarily in relation to horizontal development.

(ii) The Tax Allocation MOU, in which the City, through the Treasurer-Tax Collector and the Controller, will agree to assist the Port in implementing the public financing for the FC Project Area.

(c) Port as Regulator. The Port in its regulatory capacity will:

(i) issue all Construction Permits, certificates of occupancy, and certificates of completion;

(ii) coordinate Other City Agency review of Improvement Plans and Subdivision Maps for the FC Project Area in accordance with the Infrastructure Plan and the ICA; and

(iii) monitor Developer's compliance with Applicable Laws in coordination with Other City Agencies.

(d) Port as Fiduciary. The City has appointed the Port to act in a fiduciary capacity as the IFD Agent and the IRFD Agent responsible for implementing Appendix G-2, the RMAs, and the IRFD Financing Plan, respectively, and has agreed to appoint the Port to act in a fiduciary capacity as the CFD Agent responsible for implementing the RMAs in the formation proceedings for the CFDs. In doing so, the City agreed to take actions at the Port's request to comply with the Financing Plan attached to the DDA as *DDA Exh C1*.

3. GENERAL RIGHTS AND OBLIGATIONS

3.1. Project.

(a) Vested Right to Develop. Developer will have the vested right to develop the 28-Acre Site Project in accordance with and subject to this Development Agreement and the DDA.

(b) Future Approvals. The City, excluding the Port, will consider and process all Future Approvals for the development of the 28-Acre Site Project in accordance with

and subject to this Development Agreement and the ICA. The Port's Future Approvals will be governed by this Development Agreement, the ICA, and the DDA.

(c) Project Approvals. The Parties acknowledge that Developer:

(i) has obtained all Project Approvals from the City required to begin construction of the 28-Acre Site Project, other than any required Future Approvals; and

(ii) may proceed in accordance with this Development Agreement and the DDA with the construction and, upon completion, use and occupancy of the 28-Acre Site Project as a matter of right, subject to obtaining any required Future Approvals.

3.2. Timing of Development. The DDA permits the development of the FC Project Area in Phases. The Phasing Plan and Schedule of Performance, respectively, each as modified from time to time in accordance with the DDA, will govern the construction phasing and timing of the 28-Acre Site Project. The time for performance of obligations under this Development Agreement will be coordinated with the DDA and the Vertical DDAs, each as extended to the extent permitted under their respective performance schedules.

3.3. Horizontal Improvements Dedicated for Public Use. Development of the FC Project Area requires Horizontal Improvements to support the development and operation of all Development Parcels, including any Affordable Housing Parcel designated in accordance with the AHP, whether located in or outside of the 28-Acre Site. Under the DDA, Developer will take all steps necessary to construct and dedicate Horizontal Improvements to public use in accordance with the Subdivision Code.

3.4. Private Undertaking. Developer's proposed development of the FC Project Area is a private undertaking. Under the DDA and the Master Lease, Developer will have possession and control of the Master Lease Premises, subject only to any obligations and limitations imposed by the Master Lease, the DDA, and the DA Requirements. Except to the extent specified in the Transaction Documents, the City will have no interest in, responsibility for, or duty to third persons concerning the Horizontal Improvements until they are accepted.

4. DEVELOPER OBLIGATIONS

4.1. Public Benefits.

(a) Benefits Exceed Legal Requirements. The Parties acknowledge that development of the 28-Acre Site Project in accordance with the DDA and this Development Agreement will provide public benefits to the City beyond those achievable through existing laws.

(b) Consideration for Benefits.

(i) The City acknowledges that a number of the public benefits would not be achievable without Developer's express agreements under the DDA and this Development Agreement.

(ii) Developer acknowledges that: (1) the benefits it will receive under the DDA and this Development Agreement provide adequate consideration for its obligation to deliver the public benefits under the DDA and this Development Agreement; and (2) the Port would not be willing to enter into the DDA, and the City would not be willing to enter into this Development Agreement, without Developer's agreement to provide the public benefits.

(c) Specific Benefits. The public benefits that Developer must deliver in connection with the DDA include those described in the 28-Acre Site Project implementation listed below.

(i) The FC Project Area will be improved with new Shoreline Improvements, Public Spaces, Public ROWs, and Utility Infrastructure as shown in *DDA Exh B8 (Infrastructure Plan)*, the Design for Development, the Streetscape Master Plan, and any Master Utilities Plans approved by the responsible Acquiring Agencies.

(ii) Developer is responsible for the historic rehabilitation of Historic Building 12 and Historic Building 21 under *DDA § 7.14 (Historic Buildings 12 and 21)* and Historic Building 2 if Developer elects to exercise its Option under *DDA § 7.1 (Developer Option)*.

(iii) Developer has agreed that at least 30% of the residential units developed in the AHP Housing Area, currently consisting of the 28-Acre Site and Parcel K South (or other parcels designated in accordance with the AHP), will be affordable to low- and moderate-income households in compliance with the AHP (*DDA Exh B3*) by implementing the following measures.

(1) Developer will deliver two construction-ready Affordable Housing Parcels on-site and one on Parcel K South to the Port, which will lease them rent-free to MOHCD or its selected Affordable Housing Developers for development of Affordable Housing Projects.

(2) In lieu of including on-site Inclusionary Units under Planning Code sections 415-415.6, each Vertical Developer of a Market-Rate Condo Project on the 28-Acre Site will pay the 28-Acre Site Affordable Housing Fee described in the AHP.

(3) Each Vertical Developer of a Market-Rate Rental Project will provide Inclusionary Units.

(4) Each Vertical Developer of office and other nonresidential uses otherwise subject to the City's Jobs/Housing Linkage Program under Planning Code sections 413.1-413.11 will pay the 28-Acre Site Jobs/Housing Equivalency Fee, which MOHCD will use for development of Affordable Housing Projects in accordance with the AHP.

(iv) Under *DDA Exh B5 (Transportation Program)*, Developer will pay a fee specific to the 28-Acre Site (the "Transportation Fee") in lieu of the City's Transportation Sustainability Fee, which SFMTA will apply towards transit, bicycle, and pedestrian improvements that will improve transportation access and mobility in the surrounding neighborhoods. Developer will also implement the Pier 70 SUD TDM Program (the "Pier 70 TDM Program") attached as Schedule 1 to the Transportation Program to reduce estimated daily one-way vehicle trips by at least 20% from the number of trips identified in the 28-Acre Site Project's Transportation Impact Study at the 28-Acre Site Project build-out.

(v) Developer will: (1) develop the FC Project Area with sustainable measures required under the Design for Development, Infrastructure Plan, Pier 70 TDM Program, and MMRP and endeavor to meet sustainability targets in the Sustainability Plan seeking to enhance livability, health and wellness, mobility and connectivity, ecosystem stewardship, climate protection, and resource efficiency of the FC Project Area; and (2) submit a report with each Phase Submittal after Phase 1 that will describe the 28-Acre Site Project's performance towards the sustainable construction measures and sustainability targets.

(vi) Developer will comply with training and hiring goals for hiring San Francisco residents and formerly homeless and economically disadvantaged individuals for temporary construction and permanent jobs under *DDA Exh B4*.

(*Workforce Development Plan*), including a Local Hiring mandatory participation level of 30% per trade consistent with the policy set forth in Administrative Code section 6.22(g)(3)(B).

(vii) Under Vertical DDAs with the Port, Vertical Developers will be required to provide opportunities for local business enterprises to participate in the economic opportunities created by the vertical development of the FC Project Area in compliance with the LBE requirements under *DDA Exh B4 (Workforce Development Plan)*.

(viii) Developer will promote equality by complying with **Section 13.1** (Nondiscrimination in Contracts and Property Contracts).

(ix) Developer will provide the replacement space for the artists leasing space at the Noonan Building at Pier 70 in a newly constructed arts building or elsewhere at the 28-Acre Site and provide other space for arts and light-industrial uses, all as described in *DDA Exh B6 (Arts Program)*.

(x) Vertical Developers will provide a minimum of 50,000 gsf of PDR-restricted space within the 28-Acre Site Project under *DDA § 7.17 (PDR)*.

(xi) Vertical Developers will provide at least two on-site child care facilities for a minimum of 50 children per site to serve area residents and workers under *DDA § 7.18 (Child Care)*.

(xii) If requested by Port, Developer or a Vertical Developer will make available to the City at least 15,000 gsf of community space in one or more commercial buildings under *DDA § 7.19 (Community Facilities)*.

(xiii) Owners and tenants in the 28-Acre Site Project will bear the cost of long-term maintenance and management of Public Spaces developed at the 28-Acre Site through Services Special Taxes that the Services CFDs will levy. Each Services CFD will require its respective Public Spaces operator/manager to adhere to standards ensuring public access to and quality maintenance, as described in *DDA § 15.10 (Maintenance of Horizontal Improvements)*.

4.2. Delivery; Failure to Deliver.

(a) **Obligation to Provide.** Developer's obligation to deliver certain public benefits is tied to a specific Phase or Development Parcel as described in *DDA Exh B2 (Schedule of Performance)*, subject to Excusable Delay.

(i) After Developer obtains its First Construction Permit for Horizontal Improvements within a Phase, Developer's obligation to deliver public benefits tied to that Phase will survive until the pertinent public benefits are completed in accordance with the requirements of the DDA.

(ii) After a Vertical Developer obtains its First Construction Document for a Development Parcel that is tied to a specific public benefit, the Vertical Developer's obligation to deliver the pertinent public benefit will survive until it is completed in accordance with the requirements of the applicable Vertical DDA.

(b) **Conditions to Delivery.** Developer's obligation to deliver public benefits required in a Phase or in association with development of a Development Parcel is expressly conditioned as specified below, unless Developer's actions or inaction, including failure to meet the Schedule of Performance, causes the failure of condition.

(i) Developer's obligation to deliver public benefits to be provided in a Phase is conditioned on obtaining all Future Approvals required to begin construction of Phase Improvements.

(ii) Developer's obligation to deliver a public benefit specific to or dependent on vertical development will be coordinated with the applicable Vertical Developer's construction of Vertical Improvements and may be an obligation of the Vertical Developer under the related Vertical DDA.

4.3. Developer Mitigation Measures. Under the DDA, Developer is obligated to implement Developer Mitigation Measures identified in the MMRP. At the Port's request, Planning may agree to undertake monitoring Developer's compliance with specified Developer Mitigation Measures on behalf of the Port.

4.4. Payment of Planning Costs. Under the DDA, Developer must reimburse the City for all Other City Costs, including those incurred by Planning in its implementation of this Development Agreement, exclusive of Administrative Fees. Planning agrees to comply with the procedures and limitations described in *FP § 9.2 (Port Accounting and Budget)* and *ICA § 3.6 (Cost Recovery)* as a condition to obtaining reimbursement of Planning's costs. More specifically, Planning will provide quarterly statements for payment to Developer through the Port, which will be responsible for disbursing reimbursement payments from Developer.

4.5. Indemnification of City. In addition to the indemnities provided under the DDA, Developer agrees to indemnify the City Parties from Losses caused directly or indirectly by an act or omission of Developer or any of its Agents in relation to this Development Agreement, except to the extent caused by gross negligence or willful misconduct of a City Party. Developer's indemnification obligation under this Section includes an indemnified City Party's reasonable attorneys' fees and related costs, including the cost of investigating any Claims against the City, and will survive the expiration or earlier termination of this Development Agreement.

4.6. Costa-Hawkins Waiver.

(a) **State Policies.** California directs local agencies regulating land use to grant density bonuses and incentives to private developers for the production of affordable and senior housing in the Costa-Hawkins Act (Cal. Gov't Code §§ 65915-65918). The Costa-Hawkins Act prohibits limitations on rental rates for dwelling units certified for occupancy after February 1, 1995, with certain exceptions. Section 1954.52(b) of the Costa-Hawkins Act creates an exception for dwelling units built under an agreement between the owner of the rental units and a public entity in consideration for a direct financial contribution and other incentives specified in section 65915 of the California Government Code.

(b) **Waiver.** Developer, on behalf of itself and its successors and assigns, agrees not to challenge and expressly waives any right to challenge Developer's obligations under the AHP as unenforceable under the Costa-Hawkins Act. Developer acknowledges that the City would not be willing to enter into this Development Agreement without Developer's agreement and waiver under this Section. Developer agrees to include language in substantially the following form in all Assignment and Assumption Agreements and consents to its inclusion in all Vertical DDAs and in recorded restrictions for any Development Parcel on which residential use is permitted.

The Development Agreement and the DDA, which includes the AHP, provide regulatory concessions and significant public investment to the 28-Acre Site and Parcel K South that directly reduce development costs at the 28-Acre Site. The regulatory concessions and public investment include a direct financial contribution of net tax increment and other forms of public assistance specified in California Government Code section 65915. These public contributions result in identifiable, financially sufficient, and actual cost reductions for the

benefit of Developer and Vertical Developers under California Government Code section 65915. In consideration of the City's direct financial contribution and other forms of public assistance, the parties understand and agree that the Costa-Hawkins Act does not apply to any BMR Units and Inclusionary Units developed under the AHP for the 28-Acre Site.

5. VESTING AND CITY OBLIGATIONS

5.1. Vested Rights.

(a) Policy Decisions. By the Project Approvals, the Board of Supervisors and the Port Commission each made an independent policy decision that development of the 28-Acre Site Project is in the City's best interests and promotes public health, safety, general welfare, and Applicable Port Laws.

(b) Vested Elements. Developer will have the vested right to develop the 28-Acre Site Project, including the following elements (collectively, the "Vested Elements"):

- (i) proposed land use plan and parcelization;
- (ii) locations and numbers of Vertical Improvements proposed;
- (iii) proposed height and bulk limits, including maximum density, intensity, and gross square footages;
- (iv) permitted uses; and
- (v) provisions for open space, vehicular access, and parking.

(c) Applicable Laws. The Vested Elements are subject to and will be governed as set specified in Subsection 5.2(a) (Agreement to Follow). The expiration of any Construction Permit or other Project Approval will not limit the Vested Elements. Developer will have the right to seek and obtain Future Approvals at any time during the DA Term, any of which will be governed by the DA Requirements.

(d) Future Approvals.

(i) Each Future Approval, when final, will be a Project Approval that is automatically incorporated into and vested under this Development Agreement.

(ii) The terms of this Development Agreement on the Reference Date will prevail over any conflict with any Future Approval or amendment to a Project Approval unless the Parties concurrently take action to harmonize the conflicting provisions.

5.2. Existing City Laws and Standards.

(a) Agreement to Follow.

(i) The City will process, consider, and review all Future Approvals in accordance with the following (collectively, the "DA Requirements"): (i) the Project Approvals; (ii) the Transaction Documents; and (iii) all other applicable City Laws in effect on the DA Ordinance Effective Date (collectively, the "Existing City Laws and Standards"), subject to Section 5.3 (Changes to Existing City Laws and Standards).

(ii) The City agrees not to exercise its discretionary authority in considering any application for a Future Approval in a manner that would change the policy decisions reflected in the DA Requirements or otherwise prevent or

delay development of the 28-Acre Site Project as approved, subject to **Subsection 5.8(d)** (Effect of Final EIR).

(b) Pier 70 TDM Program.

(i) Section 169 is excluded from the Existing City Laws and Standards in accordance with "the Board of Supervisors' strong preference that Development Agreements should include similar provisions that meet the goals of the TDM Program." (Planning Code § 169.1(h)).

(ii) Mitigation Measure M-AQ-1f requires "a Transportation Demand Management (TDM) Plan with a goal of reducing estimated daily one-way vehicle trips by 20% compared to the total number of one-way vehicle trips identified in the project's Transportation Impact Study at project build-out."

(iii) The MMRP identifies Mitigation Measure M-AQ-1f as a Developer Mitigation Measure which is binding on Developer under the DDA. Developer has prepared the Pier 70 TDM Program that meets the requirements of Mitigation Measure M-AQ-1f and incorporates many of the TDM strategies described in Section 169.

(iv) The City has determined that the Pier 70 TDM Program will exceed the goals under Section 169 if implemented for the required compliance period. In the DA Ordinance, the Board of Supervisors stated that the FC Project Area will be exempt from Section 169 as long as Developer implements and complies with the Pier 70 TDM Program for the required compliance period. The Transportation Program requires Developer to comply with the procedures of Planning Code section 169.4(e), which requires the Zoning Administrator to approve and cause the recordation of the Pier 70 TDM Program against the FC Project Area.

(c) Construction Codes. Nothing in this Development Agreement will preclude the City or the Port from applying then-current Construction Codes applicable to all Horizontal Improvements and all Vertical Improvements in the FC Project Area and the AHP Housing Area.

(d) Applicability of Uniform Codes. Nothing in this Development Agreement will preclude the Port from applying to the FC Project Area and the AHP Housing Area then-current provisions of the California Building Code, as amended and adopted in the Port Building Code.

(e) Applicability of Utility Infrastructure Standards.

(i) Nothing in this Development Agreement will preclude the City from applying to the FC Project Area and the AHP Housing Area then-current standards and City Laws for Utility Infrastructure for each Phase so long as:

(1) the standards for Utility Infrastructure are in place, applicable citywide, and imposed on the 28-Acre Site Project concurrently with the applicable Phase Approval;

(2) the standards for Utility Infrastructure as applied to the applicable Phase are compatible with, and would not require the retrofit, removal, supplementation, or reconstruction of Utility Infrastructure approved in Prior Phases; and

(3) if the standards for Utility Infrastructure deviate from those applied in Prior Phases, the deviations would not cause a Material Cost Increase in the Hard Costs and Soft Costs of Utility Infrastructure in the Phase.

(ii) If Developer claims a Material Cost Increase has occurred, it will submit to the City reasonable documentation of its claim through bids, cost estimates, or other supporting documentation reasonably acceptable to the City, comparing costs (or cost estimates, if not yet constructed) for any applicable Components of Utility Infrastructure in the immediately Prior Phase, Indexed to the date of submittal, to cost estimates to construct the applicable Components in the current Phase if then-current standards for Utility Infrastructure were to be applied.

(iii) If the Parties are unable to agree on whether the application of then-current standards for Utility Infrastructure cause Developer to incur a Material Cost Increase, the Parties will submit the matter to dispute resolution procedures described in *DDA art. 10 (Resolution of Certain Disputes)*.

(f) Subdivision Code and Map Act.

(i) The DDA authorizes Developer, from time to time and at any time, to file Subdivision Map applications with respect to some or all of the FC Project Area and to subdivide, reconfigure, or merge the parcels in the FC Project Area as necessary or desirable to develop a particular part of the 28-Acre Site Project. The specific boundaries of parcels will be set by Developer, subject to Port consent, and approved by the City during the subdivision process.

(ii) Nothing in this Development Agreement: (1) authorizes Developer to subdivide or use any part of the FC Project Area for purposes of sale, lease, or financing in any manner that conflicts with the Subdivision Map Act, the Subdivision Code, or the DDA; or (2) prevents the City from enacting or adopting changes in the methods and procedures for processing Subdivision Maps so long as the changes do not conflict with the DA Requirements.

(iii) The Parties acknowledge that so long as the Port is the landowner, it must both: (1) approve the specific boundaries that Developer proposes for Development Parcels; and (2) sign all Final Maps for the FC Project Area.

(g) Chapter 56 as Existing City Laws and Standards. The text of Chapter 56 on the DA Ordinance Effective Date is attached as **DA Exhibit C**. The DA Ordinance contains express waivers and amendments to Chapter 56 consistent with this Development Agreement. Chapter 56, as amended by the DA Ordinance for the 28-Acre Site Project, is Existing City Laws and Standards under this Development Agreement that will prevail over any conflicting amendments to Chapter 56 unless Developer elects otherwise under **Subsection 5.3(c) (Developer Election)**.

5.3. Changes to Existing City Laws and Standards.

(a) Applicability. Existing City Laws and Standards and any Change to Existing City Laws and Standards will apply to the 28-Acre Site Project except to the extent that they would conflict with the Project Approvals, the Transaction Documents, or Applicable Port Laws. In the event of a conflict, the terms of the Project Approvals, Transaction Documents, and Applicable Port Laws will prevail, subject to **Section 5.6 (Public Health and Safety and Federal or State Law Exceptions)**.

(b) Circumstances Causing Conflict. Any Change to Existing City Laws and Standards will be deemed to conflict with the Project Approvals and the Transaction Documents (including this Development Agreement) and be a Material Change if the change would:

(i) impede the timely implementation of the 28-Acre Site Project in accordance with the DA Requirements, including: (1) Developer's rights and obligations under the Financing Plan and the Acquisition Agreement; and (2) the

rate, timing, phasing, or sequencing of site preparation, development, or construction in any manner, including the demolition of existing buildings at the 28-Acre Site;

(ii) limit or reduce the density or intensity of uses permitted under the DA Requirements on any part of the AHP Housing Area, otherwise require any reduction in the square footage or number or change the location of proposed Vertical Improvements, or change or reduce other Horizontal or Vertical Improvements from that permitted under the DA Requirements;

(iii) limit or reduce the height or bulk of any part of the 28-Acre Site Project, or otherwise require any reduction in the height or bulk of individual proposed Vertical Improvements that are part of the 28-Acre Site Project from that permitted under the DA Requirements;

(iv) limit, reduce, or change the location of vehicular access or parking or the number and location of parking or loading spaces from that permitted under the DA Requirements;

(v) limit any land uses for the 28-Acre Site Project from that permitted under the DA Requirements;

(vi) change or limit the Project Approvals or Transaction Documents;

(vii) limit or control the availability of public utilities, services, or facilities or any privileges or rights to public utilities, services, or facilities for the 28-Acre Site Project as contemplated by the Project Approvals and Transaction Documents;

(viii) materially and adversely limit the processing or procurement of Future Approvals that are consistent with the DA Requirements;

(ix) increase or impose any new Impact Fees or Exactions as they apply to the 28-Acre Site Project, except as permitted under Section 5.4 (Fees and Exactions);

(x) preclude Developer's or any Vertical Developer's performance of or compliance with the DA Requirements, or result in a Material Cost Increase for Developer or any Vertical Developer, as applicable;

(xi) increase the obligations of Developer, any Vertical Developer, or their contractors under any provisions of the DDA or any Vertical DDA addressing contracting and employment above those in the Workforce Development Plan;

(xii) require amendments or revisions to the forms of Vertical DDA or Parcel Lease, or the Other City Requirements applicable to either, whenever they are later executed, except as set forth in Section 5.3(d);

(xiii) require the City or the Port to issue permits or approvals other than those required under the DA Requirements; or

(xiv) extend the DA Term, decrease the public benefits required to be provided, reduce the Impact Fees or Exactions, increase the maximum height, density, bulk, or size of the 28-Acre Site Project, or otherwise materially alter the City's rights, benefits, or obligations under this Development Agreement.

(c) Developer Election.

(i) Developer may elect to have a Change to Existing City Laws and Standards that conflicts with the DA Requirements (except those described in

clause (xiii) and clause (xiv) of Subsection 5.3(b) (Circumstances Causing Conflict)) applied to the 28-Acre Site Project by giving the City notice of Developer's election. Developer's election notice will cause the Change to Existing City Laws and Standards to be deemed to be Existing City Laws and Standards. But if the application of the Change to Existing City Laws and Standards would be a Material Change to the City's obligations under this Development Agreement, the application of the Change to Existing City Laws and Standards will require the concurrence of any affected City Agencies.

(ii) Nothing in this Development Agreement will preclude: (1) the City from applying any Change to Existing City Laws and Standards to any development that is not a part of the 28-Acre Site Project under this Development Agreement; or (2) Developer from pursuing any challenge to the application of any Changes to Existing City Laws and Standards to any part of the 28-Acre Site Project.

(d) **Circumstances Not Causing Conflict.** The Parties expressly agree that the Port will only be entitled to amend the forms approved by the Project Approvals and update the Other City Requirements to incorporate a Change to Existing City Laws and Standards if either of the following apply: (1) the Change to Existing City Laws and Standards is related to building or reconstructing the seawall, protection from or adaptation to sea level rise, or environmental protection measures directly related to the waterfront location of the 28-Acre Site Project where such Changes to Existing City Laws and Standards would not result in a Material Cost Increase; or (2) the Change to Existing City Laws and Standards would not impose City remedies and penalties that could result in termination, loss, or impairment of a Vertical Developer's rights under any Vertical DDA or Parcel Lease, or debarment from future contract opportunities with the City due to a Vertical Developer's or its subtenant's noncompliance with the Change to Existing City Laws and Standards.

(e) **Port Role.** The Port does not have the authority to approve a Change to Existing City Laws and Standards that is solely an exercise of the City's police powers, with or without Developer's consent under this Section. The City agrees to obtain the Port's concurrence before applying any Change to Existing City Laws and Standards that does not have citywide application to the FC Project Area or other land under Port jurisdiction.

5.4. Fees and Exactions.

(a) **Generally.** This Section will apply to the 28-Acre Site Project for as long as this Development Agreement remains in effect.

(i) The 28-Acre Site Project will be subject only to the Impact Fees and Exactions listed in this Section. The City will not impose any new Impact Fees or Exactions on development of the 28-Acre Site Project or impose new conditions or requirements for the right to develop the FC Project Area (including required contributions of land, public amenities, or services) except as set forth in the Transaction Documents.

(ii) The Parties acknowledge that this Section is intended to implement the Parties' intent that: (1) Developer has the right to develop the 28-Acre Site Project pursuant to specified and known criteria and rules; and (2) the City receive benefits that will be conferred as a result of the FC Project Area's development without abridging the City's right to act in accordance with its powers, duties, and obligations, except as specifically provided in this Development Agreement.

(iii) Developer acknowledges that: (1) this Section does not limit the City's discretion if Developer requests changes under *DDA § 3.4 (Changes to Project after Phase 1)*; (2) the Chief Harbor Engineer will require proof of payment of applicable Impact Fees to the extent then due and payable as a condition to issuing certain Construction Permits; and (3) Impact Fees will be subject to increases permitted by Section 409 and will be payable at the fee schedule in effect when payment is due.

(b) Impact Fees and Exactions. Developer or Vertical Developers as applicable must satisfy the following Exactions and pay the following Impact Fees for the 28-Acre Site Project as and when due or payable by their terms.

(i) Transportation Fees. Each Vertical DDA for an Option Parcel will require the Vertical Developer to pay to SFMTA the Transportation Fee, and the Transportation Sustainability Fee under Planning Code sections 411A.1-411A.8 will not apply to the 28-Acre Site Project. The Transportation Program attached to the DDA as *DDA Exh B5* and to the SFMTA Consent describes: (1) the manner in which each Vertical Developer will pay the Transportation Fee; (2) transportation projects in the vicinity of the FC Project Area that are eligible uses for Transportation Fees; and (3) procedures that SFMTA will use to allocate an amount equal to or greater than the Total Fee Amount (as defined in the Transportation Program) for eligible transportation projects.

(ii) 28-Acre Site Jobs/Housing Equivalency Fee. Each Vertical DDA for an Option Parcel to be developed for office and other nonresidential uses will require the Vertical Developer to pay to MOHCD the fee described in this clause (the "28-Acre Site Jobs/Housing Equivalency Fee"), and the Jobs/Housing Linkage Program fee under Planning Code sections 413.1-413.11 will not apply to the 28-Acre Site Project. MOHCD will administer and use the 28-Acre Site Jobs/Housing Equivalency Fees for development of Affordable Housing Parcels in the SUD in accordance with the AHP.

(1) The 28-Acre Site Jobs/Housing Equivalency Fees for net additional gsf of office use is \$28/gsf in 2017, subject to annual calendar year escalation by the same percentage increase applied to the Jobs/Housing Linkage Program fee for office use under Section 409.

(2) The 28-Acre Site Jobs/Housing Equivalency Fees will be the same as the Jobs/Housing Linkage Program fees for other uses listed on the San Francisco Citywide Development Impact Fee Register published annually with annual escalation in accordance with Section 409.

(3) Because Parcel E4, Historic Building 12, and Historic Building 21 are not Option Parcels under the DDA, Vertical Developers will not be required to pay the 28-Acre Site Jobs/Housing Equivalency Fees for space on Parcel E4 that is developed and dedicated to arts and nonprofit uses and space available for reuse in Historic Building 12 and Historic Building 21 after rehabilitation.

(iii) Affordable Housing. Under the AHP, each Vertical Developer of a Market-Rate Rental Project on the 28-Acre Site must provide Inclusionary Units and each Vertical Developer of a Market-Rate Condo Project must pay the 28-Acre Site Affordable Housing Fee, all in accordance with the terms and conditions of the AHP. In consideration of these requirements, Planning Code sections 415.1-415.11 will not apply to the 28-Acre Site Project.

(iv) Child Care.

(1) Under *DDA § 7.18 (Child Care)*, one Vertical Developer in Phase 1 and one Vertical Developer in Phase 2 or Phase 3 must provide on-site child care facilities within the potential child care locations identified on the map attached to the DDA as *DDA Exh B7 (Potential Child Care Locations)*. Developer will designate the two selected Development Parcels in the pertinent Phase Submittal. Each facility must have a capacity of a minimum of 50 children and be available for lease to a qualified nonprofit operator at a cost not to exceed actual operating and tenant improvement costs reasonably allocated to similar facilities in similar buildings, amortized over the term of the lease. In consideration of these requirements, subject to **Paragraph 2**, Planning Code sections 414.1-414.15 and sections 414A.1-414A.8 will not apply to the 28-Acre Site Project.

(2) If Developer proposes to eliminate one or both of the childcare facilities from the 28-Acre Site Project, Developer will be required to pay an amount equal to the Impact Fees that would have been collected from Vertical Developers of the designated sites under Planning Code sections 414.1-414.15 and sections 414A.1-414A.8 as a condition to the City's approval. Any Developer payments under this Paragraph will be at its sole, unreimbursable expense.

(v) Community Facilities. At the City's request, which must be made during the Phase Submittal process under the DDA, Developer must designate up to 15,000 gsf of ground floor space for community facilities consistent with the requirements and limitations of *DDA § 7.19 (Community Facilities)*. If requested, Developer must make contiguous space in any one building available for up to the full 15,000 gsf if that amount of nonresidential space (excluding the specific frontages that are designated in the Design for Development/SUD as "priority retail") is proposed in that Phase. But community facility space may be distributed among two or more buildings by the Parties' agreement. Developer, in its sole discretion, may designate the location of each of the community facilities.

(vi) School Facilities Fees. Each Vertical Developer must pay the school facilities impact fees imposed under state law (Educ. Code §§ 17620-17626, Gov't Code §§ 65970-65981, & Gov't Code §§ 65995-65998) at the rates in effect at the time of assessment.

(c) Utility Fees.

(i) SFPUC Wastewater Capacity Charge. Each Vertical Developer must pay the SFPUC Wastewater Capacity Charge in effect on the connection or other applicable date specified by SFPUC.

(ii) SFPUC Water Capacity Charge. Each Vertical Developer must pay the SFPUC Water Capacity Charge in effect on the connection or other applicable date specified by SFPUC.

(iii) AWSS. Developer will make a fair share contribution to the City's system-wide improvements for auxiliary water supply system (AWSS) proposed in the vicinity of the 28-Acre Site as set forth in Section 13.4 of the Infrastructure Plan. The City will determine the amount, timing, and procedures for payment consistent with the AWSS requirements of the Infrastructure Plan as a condition of approval to the Master Tentative Map for the 28-Acre Site Project.

(iv) Office Allocation.

(1) An Office Development Authorization from the Planning Commission under Planning Code sections 321 and 322 and approval from the Planning Department are not required for new office development on land under the jurisdiction of the Port Commission. However, new office development on land under the jurisdiction of the Port Commission will count against the annual maximum limit under Planning Code section 321.

(2) For the purposes of the 28-Acre Site Project, the amount of office development located on the 28-Acre Site to be applied against the annual maximum set in Planning Code subsection 321(a)(1) will be based on the approved building drawings for each office development. But to provide for the orderly development of new office space citywide, office development for the 28-Acre Site Project will be subject to the schedule and criteria described in *DDA Exh A5 (Provisions for Office Development)*.

(d) Administrative Fees. Developer will pay timely to the City all Administrative Fees as and when due. If further environmental review is required for a Future Approval, Developer must reimburse the City or pay directly all reasonable and actual costs to hire consultants and perform studies necessary for the review. Before engaging any consultant or authorizing related expenditures under this provision, the City will consult with Developer in an effort to reach agreement on: (i) the scope of work to be performed; (ii) the projected costs associated with the work; and (iii) the consultant to be engaged to perform the work.

5.5. Limitations on City's Future Discretion.

(a) Extent of Limitation. In accordance with Section 5.3 (Changes to Existing City Laws and Standards), the City in granting the Project Approvals and, as applicable, vesting the 28-Acre Site Project through this Development Agreement is limiting its future discretion with respect to the 28-Acre Site Project and Future Approvals to the extent that they are consistent with the DA Requirements. For elements included in a request for a Future Approval that have not been reviewed or considered by the applicable City Agency previously (including additional details or plans for Horizontal Improvements or Vertical Improvements), the reviewing City Agency will exercise its discretion consistent with Planning Code section 249.79, the other DA Requirements and otherwise in accordance with customary practice.

(b) Consistency with Prior Approvals. In no event may a City Agency deny issuance of a Future Approval based on items that are consistent with the DA Requirements and matters previously approved. Consequently, the City will not use its discretionary authority to: (i) change the policy decisions reflected by the DA Requirements; or (ii) otherwise prevent or delay development of the 28-Acre Site Project as contemplated in the DA Requirements.

(c) ICA. Although Planning is not a signatory or consenting party to the ICA, the Planning Commission is familiar with its contents and agrees that Planning will comply with the ICA's procedural requirements to the extent applicable to Planning.

(d) When Future Discretion Is Unaffected. Nothing in this Section affects or limits the City's discretion with respect to proposed Future Approvals that seek a Material Modification not contemplated by the DA Requirements.

5.6. Public Health and Safety and Federal or State Law Exceptions.

(a) City's Exceptions.

(i) Each City Agency having jurisdiction over the 28-Acre Site Project has police power authority to exercise its discretion under the Project Approvals and Transaction Documents in a manner that is consistent with the public health, safety, and welfare and at all times will retain its authority to take any action that is necessary to protect the physical health and safety of the public (the "**Public Health and Safety Exception**") or reasonably calculated and narrowly drawn to comply with applicable changes in federal or state law affecting the physical environment (the "**Federal or State Law Exception**").

(ii) Accordingly, a City Agency will have the authority to condition or deny a Future Approval or to adopt a Change to Existing City Laws and Standards applicable to the 28-Acre Site Project so long as the condition, denial, or Change to Existing City Laws and Standards is: (1) limited solely to addressing a specific and identifiable issue in each case required to protect the physical health and safety of the public; (2) required to comply with a federal or state law and in each case not for independent discretionary policy reasons that are inconsistent with the DA Requirements; or (3) applicable citywide or portwide, as applicable, to the same or similarly situated uses and applied in an equitable and nondiscriminatory manner.

(b) Meet and Confer: Right to Dispute.

(i) Except for emergency measures, upon request by Developer, the City will meet and confer with Developer in advance of the adoption of a measure under **Subsection 5.6(a)** (City's Exceptions) to the extent feasible. But the City will retain sole discretion with regard to the adoption of any Changes to Existing City Laws and Standards that fall within the Public Health and Safety Exception or the Federal or State Law Exception.

(ii) Developer retains the right to dispute any City reliance on the Public Health and Safety Exception or the Federal or State Law Exception. If the Parties are not able to reach agreement on the dispute following a reasonable meet and confer period, then Developer or the City can seek a judicial relief with respect to the matter.

(c) Amendments to Comply with Federal or State Law Changes. If a change in federal or state law that becomes effective after the DA Ordinance Effective Date materially and adversely affects either Party's rights, benefits, or obligations under this Development Agreement, or would preclude or prevent either Party's compliance with any provision of the DA Requirements to which it is a Party, the Parties may agree to amend this Development Agreement. Any amendment under this Subsection will be limited to the extent necessary to comply with the law, subject to **Subsection 5.6(a)** (City's Exceptions), **Subsection 5.6(e)** (Effect on Project Performance), and **Section 11.1** (Amendment).

(d) Changes to Development Agreement Statute. The Parties have entered into this Development Agreement in reliance on the Development Agreement Statute in effect on the DA Ordinance Effective Date. Any amendment to the Development Agreement Statute that would affect the interpretation or enforceability of this Development Agreement or increase either Party's obligations, diminish Developer's development rights, or diminish the City's benefits will not apply to this Development Agreement unless the changed law or a final judgment mandates retroactive application of the amended statute.

(e) Effect on Project Performance.

(i) If Developer determines that adoption of any Change to Existing City Laws and Standards that fall within the Public Health and Safety Exception or the Federal or State Law Exception would make the 28-Acre Site Project infeasible due to material and adverse effects on construction, development, use, operation, or occupancy, then Developer may deliver a Requested Change Notice to the Port (with a copy to the City) in accordance with *DDA § 3.4 (Changes to Project after Phase I)* and *App ¶ 4.5 (Notices)*.

(ii) If the City determines that adoption of any Change to Existing City Laws and Standards that fall within the Public Health and Safety Exception or the Federal or State Law Exception would have a material and adverse effect on the delivery of Horizontal Improvements or Associated Public Benefits required under the DDA or the Port's ability to meet future Project Payment Obligations under the Financing Plan, then the Port may deliver a Requested Change Notice to Developer (with a copy to the City) in accordance with *DDA § 3.4 (Changes to Project after Phase I)* and *App ¶ 4.5 (Notices)*.

(iii) The Requested Change Notice will initiate the negotiation period under *DDA § 3.4(b) (Effect of Requested Change Notice)*, subject to extension by agreement, during which obligations under this Development Agreement will be tolled except to the extent the Parties expressly agree otherwise.

(iv) If the Port and Developer agree on changes to Transaction Documents during the negotiation period under *DDA § 3.4(b) (Effect of Requested Change Notice)*, the City will reasonably consider conforming changes to this Development Agreement and Project Approvals to the extent required.

(v) If at the end of the negotiation period under *DDA § 3.4(b) (Effect of Requested Change Notice)*, the Parties have failed to agree and obtain amendments to the Transaction Documents, and the Port is entitled to exercise its termination right under *DDA § 12.4(b) (Port Election to Terminate)* as to any portion of the FC Project Area, then this Development Agreement will terminate to the same extent as specified in **Section 2.2 (DA Term)**.

5.7. Future Approvals.

(a) **No Actions to Impede.** Except and only as required under **Section 5.6** (Public Health and Safety and Federal or State Law Exceptions), the City will take no action under this Development Agreement or impose any condition on the 28-Acre Site Project that would conflict with the DA Requirements. An action taken or condition imposed will be deemed to be in conflict with the DA Requirements if the actions or conditions result in the occurrence of one or more of the circumstances identified in **Subsection 5.3(b) (Circumstances Causing Conflict)**.

(b) **Expeditious Processing.** City Agencies must process: (i) with due diligence all submissions and applications by Developer on all permits, approvals, and construction or occupancy permits for the 28-Acre Site Project; and (ii) any Future Approval requiring City action in accordance with **Section 5.8 (Criteria for Future Approvals)** and in accordance with the ICA with respect to Horizontal Improvements and the SUD and Design for Development for Vertical Improvements.

5.8. Criteria for Future Approvals.

(a) **Standard of Review Generally.** The City:

(i) must not disapprove any application for a Future Approval based on any item or element that is consistent with the DA Requirements;

(ii) must consider each application for a Future Approval in accordance with its customary practices, subject to the DA Requirements;

(iii) may subject a Future Approval to any condition that is necessary to bring the Future Approval into compliance with the DA Requirements; and

(iv) will in no event be obligated to approve an application for a Future Approval that would effect a Material Change.

(b) Denial. If the City denies any application for a Future Approval that implements a portion of the 28-Acre Site Project as contemplated by the Project Approvals and the Transaction Documents, the City must specify in writing the reasons for denial and suggest modifications required for approval of the application. Any specified modifications must be consistent with the DA Requirements. The City must approve the re-submitted application if it: (i) corrects or mitigates, to the City's reasonable satisfaction, the stated reasons for the earlier denial in a manner that is consistent and compliant with the DA Requirements; and (ii) does not include new or additional information or materials that give the City a reason to object to the application under the standards in this Development Agreement.

(c) Public ROWs. The Parties agree that the Project Approvals include the City's and the Port's approvals of Public ROW widths which will be consistent with the City's policy objective to ensure street safety for all users while maintaining adequate clearances for utilities and vehicles, including fire apparatus vehicles.

(d) Effect of Final EIR.

(i) The Parties acknowledge that: (1) the Final EIR prepared for development of the FC Project Area and the Illinois Street Parcels complies with CEQA; (2) the Final EIR contains a thorough analysis of the 28-Acre Site Project and possible alternatives; (3) the City adopted the Mitigation Measures in the MMRP to eliminate or reduce to an acceptable level certain adverse environmental impacts of the 28-Acre Site Project; and (4) the Board of Supervisors adopted CEQA Findings, including a statement of overriding considerations in connection with the Project Approvals, pursuant to CEQA Guidelines section 15093, for those significant impacts that could not be mitigated to a less than significant level.

(ii) For the reasons listed above, the City: (1) does not intend to conduct any further environmental review or require additional mitigation under CEQA for any aspect of the 28-Acre Site Project vested under this Development Agreement, and (ii) will rely on the Final EIR to the greatest extent possible in accordance with Applicable Laws in all future discretionary actions related to the 28-Acre Site Project.

(iii) Developer acknowledges that: (1) nothing in this Agreement prevents or limits the City's discretion to conduct additional environmental review in connection with any Future Approvals for construction, including some of the Associated Public Benefits, to the extent required by Applicable Laws, including CEQA; and (2) Changes to Existing City Laws and Standards or changes to the 28-Acre Site Project may require additional environmental review and additional Mitigation Measures.

(e) Effect of General Plan Consistency Findings.

(i) In Resolution No. 19978 adopting General Plan Consistency Findings for the 28-Acre Site Project, the Planning Commission specified that the findings also would support all Future Approvals that are consistent with the Project Approvals. To the maximum extent practicable, Planning will rely

exclusively on these General Plan Consistency Findings when processing and reviewing all Future Approvals, including schematic review under the SUD, proposed Subdivision Maps, and any other actions related to the 28-Acre Site Project requiring General Plan determinations.

(ii) Developer acknowledges that these General Plan Consistency Findings do not limit the City's discretion in connection with any Future Approval that requires new or revised General Plan consistency findings because of amendments to any Project Approval or Material Changes.

(f) **Subdivision Maps.** The Director of Public Works' approval of a Tentative Map for a Phase will extend the term of the map to the end of the DDA Term. But the term of a Tentative Map that is approved less than five years before the DDA Term ends will be extended for the maximum period permitted under Subdivision Code section 1333.3(b).

5.9. Public Financing.

(a) **Financing Districts.** The Project Approvals include formation of Sub-Project Area G-2, Sub-Project Area G-3, Sub-Project Area G-4, and the IRFD and Future Approval of the formation of the CFDs as described in the Financing Plan. The City agrees not to: (i) initiate proceedings for any new or increased special tax or special assessment that is targeted or directed at the 28-Acre Site except as provided in the Financing Plan; or (ii) take any other action that is inconsistent with the Financing Plan or the Tax Allocation MOU without Developer's consent.

(b) **Limitation on New Districts.** The City will not form any new financing or assessment district over any portion of the 28-Acre Site unless the new district applies to similarly-situated property citywide or Developer gives its prior written consent to or requests the proceedings.

(c) **Permitted Assessments.** Nothing in this Development Agreement limits the City's ability to impose new or increased taxes or special assessments, any equivalent or substitute tax or assessment, or assessments for the benefit of business improvement districts or community benefit districts formed by a vote of the affected property owners.

6. NO DEVELOPMENT OBLIGATION

This Development Agreement does not obligate Developer to begin or complete development of any portion of the 28-Acre Site Project or impose a schedule or a phasing plan for Developer to start or complete development. But the Parties have entered into this Development Agreement as one of the Transaction Documents that implements the DDA, which includes a Phasing Plan and a Schedule of Performance for horizontal development. The Parties have entered into this Development Agreement, and the Port and Developer have agreed to the Schedule of Performance and Phasing Plan in the DDA, with the express intent of avoiding a result similar to that in *Pardee Construction Co. v. City of Camarillo* (1984) 37 Cal.3d 465.

7. MUTUAL OBLIGATIONS

7.1. Cooperation by Parties.

(a) **Generally.** The Parties agree to cooperate with one another to expeditiously implement the 28-Acre Site Project in accordance with the Project Approvals and Transaction Documents and to undertake and complete all actions or proceedings reasonably necessary or appropriate to ensure that the objectives of the Project Approvals and Transaction Documents are implemented. Nothing in this Development Agreement obligates the City to incur any costs except Other City Costs or

costs that Developer must reimburse through the payment of Administrative Fees or otherwise.

(b) City.

(i) Through the procedures in the DDA and the ICA, the Port and the City have agreed to process Developer's submittals and applications for horizontal development diligently and to facilitate an orderly, efficient approval process that avoids delay and redundancies. The SUD specifies procedures for design review of vertical development.

(ii) The City, acting through the Treasurer-Tax Collector and the Controller, intends to enter into the Tax Allocation MOU with the Port, which establishes procedures to implement provisions of the Financing Documents that apply to future levy, collection, and allocation of Mello-Roos Taxes, Tax Increment, and Housing Tax Increment and to the issuance of Bonds for use at the 28-Acre Site and any Affordable Housing Parcel in the AHP Housing Area.

(c) Developer. Developer agrees to provide all documents, applications, plans, and other information necessary for the City to comply with its obligations under the Transaction Documents as reasonably requested with respect to any Developer submittal or application.

7.2. Other Regulators. The Port's obligations with respect to Regulatory Approvals that Developer and Vertical Developers must obtain from Other Regulators for Horizontal Improvements and Vertical Improvements are addressed in *DDA § 15.5 (Regulatory Approvals)* and *VDDA § 12.9 (Regulatory Approvals)*, respectively.

7.3. Third-Party Challenge.

(a) Effect. The filing of any Third-Party Challenge will not delay or stop the development of the 28-Acre Site Project or the City's issuance of Future Approvals unless the third party obtains a court order preventing the activity.

(b) Cooperation in Defense. The Parties agree to cooperate in defending any Third-Party Challenge to any City discretionary action on the 28-Acre Site Project. The City will notify Developer promptly after being served with any Third-Party Challenge filed against the City.

(c) Developer Cooperation. Developer at its own expense will assist and cooperate with the City in connection with any Third-Party Challenge. The City Attorney in his sole discretion may use legal staff of the Office of the City Attorney with or without the assistance of outside counsel in connection with defense of the Third-Party Challenge.

(d) Cost Recovery. Developer must reimburse the City for its actual defense costs, including the fees and costs of legal staff and any consultants. Subject to further agreement, the City will provide Developer with monthly invoices for all of the City's defense costs.

(e) Developer's Termination Option. Instead of bearing the defense costs of any Third-Party Challenge, Developer may terminate this Development Agreement (and the DDA under *DDA § 12.6(a) (Mutual Termination Right)*) by delivering a notice to the City, with a copy to the Port, specifying a termination date at least 10 days after the notice is delivered. If Developer elects this option, the Parties will promptly cooperate to file a request for dismissal. Developer's and the City's obligations to cooperate in defending the Third-Party Challenge, and Developer's responsibility to reimburse the City's defense costs, will end on the Termination Date, but Developer must indemnify

the City from any other liability caused by the Third-Party Challenge, including any award of attorneys' fees or costs.

(f) Survival. The indemnification, reimbursement, and cooperation obligations under this Section will survive termination under **Subsection 7.3(e)** (Developer's Termination Option) or any judgment invalidating any part of this Development Agreement.

7.4. Estoppel Certificates.

(a) Contents. Either Party may ask the other Party to sign an estoppel certificate as to the following matters to the best of its knowledge:

(i) This Development Agreement is in full force and effect as a binding obligation of the Parties;

(ii) This Development Agreement has not been amended, or if amended, identifying the amendments or modifications and stating their date and nature;

(iii) The requesting Party is not in default in the performance of its obligations under this Development Agreement, or is in default in the manner specified;

(iv) The City's findings in the most recent Annual Review under **Article 8** (Periodic Compliance Review).

(b) Response Period. A Party receiving a request under this Section must execute and return the completed estoppel certificate within 30 days after receiving the request. A Party's failure to either execute and return the completed estoppel certificate or provide a detailed written explanation for its failure to do so will be an Event of Default following notice and opportunity to cure as set forth in **Section 9.1** (Meet and Confer).

(c) Reliance. Each Party acknowledges that Interested Persons may rely on an estoppel certificate provided under this Section. At an Interested Person's request, the City will provide an estoppel certificate in recordable form, which the Interested Person may record in the Official Records at its own expense.

8. PERIODIC COMPLIANCE REVIEW

8.1. Initiation or Waiver of Review.

(a) Statutory Provision. Under section 65865.1 of the Development Agreement Statute, the Planning Director must conduct annually a review of developers' good faith compliance with approved development agreements (each, an "**Annual Review**"). The Planning Director will follow the process set forth in this Article and in Chapter 56 for each Annual Review.

(b) No Waiver. The City's failure to timely complete an Annual Review of Developer's good faith compliance with this Development Agreement in any year during the DDA Term will not waive the City's right to do so at a later date.

(c) Planning Director's Discretion. The DA Ordinance waives certain provisions of compliance review procedures specified in Chapter 56 and grants discretion to the Planning Director with respect to Annual Reviews as follows.

(i) For administrative convenience, the Planning Director will designate the annual date when each Annual Review of Developer's compliance will begin, which may be the same or different from the date specified in

Chapter 56 (the date, as specified by the Planning Director, the "Annual Review Date").

(ii) The Planning Director may elect to forego an Annual Review for any of the following reasons: (1) before the designated Annual Review Date, Developer reports that no significant construction work occurred on the FC Project Area during that year; (2) either Developer or the Port has initiated procedures to terminate the DDA; or (3) the Planning Director otherwise decides an Annual Review is unnecessary.

8.2. Required Information from Developer.

(a) **Contents of Report.** No later than the Annual Review Date each year (unless otherwise waived by the Planning Director under **Subsection 8.1(c)(ii)**), Developer will submit a letter to the Planning Director setting forth in reasonable detail the status of Developer's compliance with its obligations under this Development Agreement and the other Transaction Documents with respect to delivery of the public benefits described in **Section 4.1** (Public Benefits). Developer must provide the requested letter within 60 days after each Annual Review Date during the DA Term, unless the Planning Director specifies otherwise. The letter to the Planning Director must include appropriate supporting documentation, which may include an estoppel certificate from the Port in a form acceptable to the Port, the Planning Director, and Developer.

(b) **Standard of Proof.** An estoppel certificate from the Port, if submitted with Developer's letter, will be conclusive proof of Developer's compliance with specified obligations under the DDA and be binding on the City. Each Other City Agency responsible for monitoring and enforcing any part of Developer's compliance with the Vested Elements and its obligations under **Article 4** (Developer Obligations) and **Article 7** (Mutual Obligations) must confirm Developer's compliance or provide the Planning Director with a statement specifying the details of noncompliance. Developer has the burden of proof to demonstrate compliance by substantial evidence of matters not covered in the Port's estoppel certificate or any Other City Agency's letter.

8.3. City Review. The Annual Review will include determining Developer's compliance with **Article 4** (Developer Obligations) and **Article 7** (Mutual Obligations) and whether an Event of Default or a Material Breach has occurred and is continuing under the DDA.

8.4. Certificate of Compliance. Within 60 days after Developer submits its letter, the Planning Director will review the information submitted by Developer and all other available evidence on Developer's compliance with **Article 4** (Developer Obligations) and **Article 7** (Mutual Obligations). The Planning Director must provide copies to Developer of any evidence provided by sources other than Developer promptly after receipt. The Planning Director will summarize his determination as to each item in a letter to Developer. If the Planning Director finds Developer in compliance, then the Planning Director will follow the procedures in Administrative Code section 56.17(b).

8.5. Public Hearings. If the Planning Director finds Developer is not in compliance or that a public hearing is in the public interest, or a member of the Planning Commission or the Board of Supervisors requests a public hearing on Developer's compliance, the Planning Director will follow the procedures in Administrative Code section 56.17(c), and the City may enforce its rights and remedies under this Development Agreement and Chapter 56.

8.6. Effect on Transferees. If Developer has Transferred its rights and obligations for any Phase in compliance with the DDA, then each Transferee must provide a separate letter reporting compliance for itself and for each Vertical Developer in the Phase. The procedures, rights, and remedies under this Article and Chapter 56 will apply separately to Developer and any Transferee, each with respect only to obligations attaching to each Phase for which it is obligated. This requirement does not apply to Vertical Developers.

8.7. Notice and Cure Rights.

(a) **Amended Rights.** This Section reflects an amendment to Chapter 56 in the DA Ordinance that is binding on the Parties and all other persons affected by this Development Agreement.

(b) **Required Findings.** If the Planning Commission makes a finding of noncompliance, or if the Board of Supervisors overrules a Planning Commission finding of compliance, in a public hearing under Administrative Code section 56.17(c), then the Planning Commission or the Board of Supervisors, as applicable, must specify to the Breaching Party in reasonable detail how it failed to comply and specify a reasonable time for the Breaching Party to cure its noncompliance.

(c) **Cure Period.** The Breaching Party must have a reasonable opportunity to cure its noncompliance before the City begins proceedings to modify or terminate this Development Agreement under Administrative Code section 56.17(f) or section 56.18. The cure period under this Section must not be less than 30 days and must in any case provide a reasonable amount of time for the Breaching Party to effect a cure. City proceedings to modify or terminate this Development Agreement under Administrative Code section 56.17(f) or section 56.18 must not begin until the specified cure period has expired.

8.8. No Limitation on City's Rights After Event of Default. The City's rights and powers under this Article are in addition to, and do not limit, the City's rights to terminate or take other action under this Development Agreement after an event of Event of Default by Developer.

9. DEFAULTS AND REMEDIES

9.1. Meet and Confer. Before sending a notice of default under Section 9.2 (Events of Default), the Aggrieved Party must follow the process in this Section.

(a) **Good Faith Effort.** The Aggrieved Party must make a written request that the Breaching Party meet and confer to discuss the alleged breach within three business days after the request is delivered. If, despite the Aggrieved Party's good faith efforts, the Parties have not met to confer within seven business days after the Aggrieved Party's request, the Aggrieved Party will be deemed to have satisfied the meet and confer requirement.

(b) **Opportunity to Cure.** If the Parties meet in response to the Aggrieved Party's request, the Aggrieved Party must allow a reasonable period of not less than 10 days for the Breaching Party to respond to or cure the alleged breach.

(c) **Exclusions.** The meet and confer requirement does not apply to a Breaching Party's failure to pay amounts when due under this Development Agreement or in circumstances where delaying the Aggrieved Party's right to send a notice of default under Section 9.2 (Event of Default) would impair the Aggrieved Party's rights under this Development Agreement.

9.2. Events of Default.

(a) **Specific Events.** The occurrence of any of the following will be an Event of Default under this Development Agreement (each, an "Event of Default").

(i) A Breaching Party fails to make any payment when due if not cured within 30 days after the Aggrieved Party delivers notice of nonpayment.

(ii) A Breaching Party fails to satisfy any other material obligation under this Development Agreement when required if not cured within 60 days after the Aggrieved Party delivers notice of noncompliance or if the breach cannot

be cured within 60 days, the Breaching Party fails to take steps to cure the breach within the 60-day period and diligently complete the cure within a reasonable time.

(b) Cross-Defaults. *DDA § 5.7 (Defaults and Breaches)* will apply to Events of Default by Developer and any finding of Developer's noncompliance under this Development Agreement.

(c) Certain Payment Defaults. Developer or the applicable Transferee will have a complete defense if the City alleges an Event of Default in Developer's obligation to pay Other City Costs in the following circumstances.

(i) If Developer or the applicable Transferee made a payment to the Port that included the allegedly unpaid Other City Costs, but the Port failed to disburse the portion of the amount payable to the aggrieved City Agency.

(ii) If a City Agency claiming nonpayment did not submit a timely statement for reimbursement of the claimed Other City Costs under *ICA § 3.6 (Cost Recovery)*.

9.3. Remedies for Events of Default.

(a) Specific Performance. After an Event of Default under this Development Agreement, the Aggrieved Party may file an action and seek injunctive relief against or specific performance by the Breaching Party. Nothing in this Section requires an Aggrieved Party to delay seeking injunctive relief if it believes in good faith that postponement would cause it to suffer irreparable harm.

(b) Limited Damages. The Parties agree as follows.

(i) Monetary damages are an inappropriate remedy for any Event of Default other than a payment Event of Default under this Development Agreement.

(ii) The actual damages suffered by an Aggrieved Party under this Development Agreement for any Event of Default other than a payment Event of Default would be extremely difficult and impractical to fix or determine.

(iii) Remedies at law other than monetary damages and equitable remedies are particularly appropriate for any Event of Default other than a payment Event of Default under this Development Agreement. Except to the extent of actual damages, neither Party would have entered into this Development Agreement if it were to be liable for consequential, punitive, or special damages under this Development Agreement.

(c) Exclusive Remedy for Material Breach under DDA. For any Material Breach that results in the termination of the DDA in whole or in part, this Development Agreement will automatically and concurrently terminate on the Termination Date as to the affected portion of the 28-Acre Site Project.

(d) City Processing. The City may suspend action on any Developer requests for approval or take other actions under this Development Agreement during any period in which payments from Developer are past due.

(e) Port's Rights if Not Delivered. The Port has rights and remedies under the DDA and Vertical DDAs to secure the delivery of public benefits under *DDA § 12.2 (Material Breaches by Developer)*, *DDA § 15.7 (SOP Compliance)*, and *VDDA § 15.1 (Default by Vertical Developer)*, which variously entitle the Port to withhold an SOP Compliance Determination, declare Developer to be in Material Breach of the DDA, and

declare a Vertical Developer Default under the applicable Vertical DDA on specified conditions.

9.4. Changes to Existing City Laws and Standards. Under section 65865.4 of the Development Agreement Statute, either Party may enforce this Development Agreement regardless of any Changes to Existing City Laws and Standards unless this Development Agreement has been terminated by agreement under Article 11 (Amendment or Termination), as a remedy for an Event of Default under Subsection 9.3(c) (Exclusive Remedy for Material Breach under DDA), by termination proceedings under Chapter 56, or by termination of the DDA.

10. ASSIGNMENTS; LENDER RIGHTS

10.1. Successors' Rights. Applicable provisions of this Development Agreement will apply to Vertical Developers, and Developer's and Vertical Developers' successors (any of the foregoing, a "DA Successor") in accordance with procedures under *DDA art. 6 (Transfers)* and *VDDA art. § 19 (Transfer and Assignment)*. Each Vertical Developer and each DA Successor will be assigned specified rights and obligations under the Development Agreement by an Assignment and Assumption Agreement in the form of *DDA Exh D8* (for each Developer DA Successor), in the form of *VDDA Exh R* (for each Vertical Developer DA Successor subsequent to the initial Vertical Developer) and *VDDA Exh S* (for the initial Vertical Developer of each Development Parcel) (each, a "DA Assignment"). Each DA Assignment will be recorded in accordance with the DDA, Vertical DDA or Parcel Lease, as applicable. Each DA Assignment will provide for Developer or the pertinent Vertical Developer to be released from obligations under this Development Agreement to the extent assumed by the DA Successor, and will be effective as to the City when evidenced by the signature of the City's Planning Director or his or her designee, and approved as to form by the City Attorney.

10.2. Effect of Assignment. On the effective date of a DA Assignment, the following will apply.

(a) **DA Successor as Party.** The DA Successor will have all rights assigned and obligations assumed under the DA Assignment and will be deemed a Party to this Development Agreement to the extent of its rights and obligations.

(b) **Direct Enforcement Against Successors.** The City will have the right to enforce directly against any DA Successor every obligation that it assumed under its DA Assignment. A DA Successor's claim that its default is caused by Developer's or a Vertical Developer's, as applicable, breach of any duty or obligation to the DA Successor arising out of the DA Assignment or other related transaction will not be a valid defense to enforcement by the City.

(c) **Partial Developer Release.** Developer will remain liable for obligations under this Development Agreement only to the extent that Developer retains liability under the applicable DA Assignment. Developer will be released from any prospective liability or obligation, and its DA Successor will be deemed to be subject to all future rights and obligations of Developer under this Development Agreement to the extent specified in the DA Assignment.

(d) **Partial Vertical Developer Release.** A Vertical Developer will remain liable for obligations under this Development Agreement only to the extent that it retains liability under the applicable DA Assignment. A Vertical Developer will be released from any prospective liability or obligation, and its DA Successor will be deemed to be subject to all future rights and obligations of the Vertical Developer, under this Development Agreement to the extent specified in the DA Assignment.

(e) **No Cross-Default.** An Event of Default under this Development Agreement, any Vertical DDA, or any Parcel Lease, as applicable, by a DA Successor (in

each case, a "Successor Default") with respect to any part of the 28-Acre Site Project will not be an Event of Default by Developer with respect to any other part of the 28-Acre Site Project. The occurrence of a Successor Default will not entitle the City to terminate or modify this Development Agreement with respect to any part of the 28-Acre Site Project that is not the subject of the Successor Default.

10.3. Applicable Lender Protections Control Lender Rights.

(a) Rights to Encumber Horizontal Interests. Developer, Vertical Developers, and DA Successors have or will have the right to encumber their real property interests in and development rights at the FC Project Area in accordance with the Applicable Lender Protections, which are incorporated by this reference.

(b) Lender's Rights and Obligations. The rights and obligations of a Lender under this Development Agreement will be identical to its rights and obligations under the Applicable Lender Protections.

(c) City's Rights and Obligations.

(i) The City's obligations with respect to a Lender, including any Successor by Foreclosure, will be identical to those of the Port under the Applicable Lender Protections.

(ii) The City will reasonably cooperate with the request of a Lender or Successor by Foreclosure to provide further assurances to assure the Lender or Successor by Foreclosure of its rights under this Development Agreement, which may include execution, acknowledgement, and delivery of additional documents reasonably requested by a Lender confirming the applicable rights and obligations of the City and Lender with respect to a Mortgage.

(iii) No breach by Developer, a Vertical Developer, or a DA Successor of any obligation secured by a Mortgage will defeat or otherwise impair the Parties' rights or obligations under this Development Agreement.

(d) Successor by Foreclosure. A Successor by Foreclosure will succeed to all of the rights and obligations under and will be deemed a Party to this Development Agreement to the extent of the defaulting Borrower's rights and obligations.

10.4. Requests for Notice.

(a) Lender Request. If the City receives a written request from a Lender, or from Developer or a DA Successor requesting on a Lender's behalf, a copy of any notice of default that the City delivers under this Development Agreement that provides the Lender's address for notice, then the City will deliver a copy to the Lender concurrently with delivery to the Breaching Party. The City will have the right to recover its costs to provide notice from the Breaching Party or the applicable Lender.

(b) City Request. This provision is the City's request under California Civil Code section 2924 that a copy of any notice of default or notice of sale under any Mortgage be delivered to City at the address shown on the cover page of this Development Agreement.

10.5. No Third-Party Beneficiaries. Except for DA Successors with vested rights at the FC Project Area and to the extent of any Interested Person's rights, the City and Developer do not intend for this Development Agreement to benefit or be enforceable by any other persons. More specifically, this Development Agreement has no unspecified third-party beneficiaries.

11. AMENDMENT OR TERMINATION

11.1. Amendment. This Development Agreement may be amended only by the Parties' agreement or as specifically provided otherwise in this Development Agreement, the Development Agreement Statute, or Chapter 56. The Port Commission, the Planning Commission, and the Board of Supervisors must all approve any amendment that would be a Material Change. Following an assignment, the City and Developer or any DA Successor may amend this Development Agreement as it affects Developer, the DA Successor, or the portion of the FC Project Area to which the rights and obligations were assigned without affecting other portions of the FC Project Area or other Vertical Developers and DA Successors. The Planning Director may agree to any amendment to this Development Agreement that is not a Material Change, subject to the approval of any City Agency that would be affected by the amendment.

11.2. Termination. This Development Agreement may be terminated in whole or in part by: (a) the Parties' agreement or as specifically provided otherwise in this Development Agreement, the Development Agreement Statute, or Chapter 56; or (b) by termination of the DDA as provided by Section 2.2 (DA Term).

12. DEVELOPER REPRESENTATIONS AND WARRANTIES

12.1. Due Organization and Standing. Developer represents that it has the authority to enter into this Development Agreement. Developer is a Delaware limited liability company duly organized and validly existing and in good standing under the laws of Delaware. Developer has all requisite power to own its property and authority to conduct its business in California as presently conducted.

12.2. Valid Execution. Developer represents and warrants that it is not a party to any other agreement that would conflict with Developer's obligations under this Development Agreement and it has no knowledge of any inability to perform its obligations under this Development Agreement. Developer's execution and delivery of this Development Agreement have been duly and validly authorized by all necessary action. This Development Agreement will be a legal, valid, and binding obligation of Developer, enforceable against Developer on its terms.

12.3. Other Documents. To the current, actual knowledge of Jack Sylvan, after reasonable inquiry, no document that Developer furnished to the City in relation to this Development Agreement, nor this Development Agreement, contains any untrue statement of material fact or omits any material fact that makes the statement misleading under the circumstances under which the statement was made.

12.4. No Bankruptcy. Developer represents and warrants to the City that Developer has neither filed nor is the subject of any petition under federal bankruptcy law or any federal or state insolvency laws or laws for composition of indebtedness or for the reorganization of debtors, and, to the best of Developer's knowledge, no action is threatened.

13. CITY REQUIREMENTS

13.1. Nondiscrimination in Contracts and Property Contracts (Admin. Code ch. 12B, ch. 12C).

In the performance of the Development Agreement, Developer covenants and agrees not to discriminate against or segregate any person or group of persons on any basis listed in section 12955 of the California Fair Employment and Housing Act (Calif. Gov't Code §§ 12900-12996), or on the basis of the fact or perception of a person's race, color, creed, religion, national origin, ancestry, age, sex, sexual orientation, gender identity, domestic partner status, marital status, disability, AIDS/HIV status, weight, height, association with members of protected classes, or in retaliation for opposition to any forbidden practices against any employee of, any City employee working with, or applicant for employment with Developer, or against any

person seeking accommodations, advantages, facilities, privileges, services, or membership in the business, social, or other establishment or organization operated by Developer.

13.2. Prevailing Wages and Working Conditions in Construction Contracts (Calif. Labor Code §§ 1720 et seq.; Admin. Code § 6.22(e)).

(a) Labor Code Provisions. Certain contracts for work at the 28-Acre Site may be public works contracts if paid for in whole or part out of public funds, as the terms "public work" and "paid for in whole or part out of public funds" are defined in and subject to exclusions and further conditions under California Labor Code sections 1720-1720.6.

(b) Requirement. Developer agrees that all workers performing labor in the construction of public works or Improvements for the City under the DDA will be: (i) paid the Prevailing Rate of Wages as defined in Administrative Code section 6.22 and established under Administrative Code section 6.22(e); and (ii) subject to the hours and days of labor provisions in Administrative Code section 6.22(f). All contracts or subcontracts for public works or Improvements for the City must require that all persons performing labor under the contract be paid the Prevailing Rate of Wages for the labor so performed, as provided by Administrative Code section 6.22(e). Any contractor or subcontractor performing a public work or constructing Improvements must make certified payroll records and other records required under Administrative Code section 6.22(e)(6) available for inspection and examination by the City with respect to all workers performing covered labor. For current Prevailing Wage Rates, see the OLSE website or call the OLSE at 415-554-6235.

13.3. Tropical Hardwood and Virgin Redwood Ban (Env. Code ch. 8).

The City urges companies not to import, purchase, obtain or use for any purpose, any tropical hardwood, tropical hardwood wood product, virgin redwood, or virgin redwood wood product, except as expressly permitted by the application of Environment Code sections 802(b) and 803(b). Developer agrees that, except as permitted by the application of Environment Code sections 802(b) and 803(b), Developer will not use or incorporate any tropical hardwood or virgin redwood in the construction of the Improvements or provide any items to the construction of the 28-Acre Site Project, or otherwise in the performance of the DDA that are tropical hardwoods, tropical hardwood wood products, virgin redwood, or virgin redwood wood products. If Developer fails to comply in good faith with any of Environment Code chapter 8, Developer will be liable for liquidated damages for each violation in any amount equal to the contractor's net profit on the contract, or 5% of the total amount of the contract dollars, whichever is greater.

13.4. Conflicts of Interest (Calif. Gov't Code §§ 87100 et seq. & §§ 1090 et seq.; Charter § 15.103; Campaign and Gov't Conduct Code art. III, ch. 2).

Through its execution of this DA, Developer acknowledges that it is familiar with Charter section 15.103, Campaign and Governmental Conduct Code article III, chapter 2, and California Government Code sections 87100 et seq. and sections 1090 et seq., certifies that it does not know of any facts that would violate these provisions and agrees to notify the City if Developer becomes aware of any such fact during the DA Term.

13.5. Sunshine (Calif. Gov't Code §§ 6250 et seq.; Admin. Code ch. 67).

Developer understands and agrees that under the California Public Records Act (Calif. Gov't Code §§ 6250 et seq.) and the City's Sunshine Ordinance (Admin. Code ch. 67), the Transaction Documents and all records, information, and materials that Developer submits to the City may be public records subject to public disclosure upon request. Developer may mark materials it submits to the City that Developer in good faith believes are or contain trade secrets or confidential proprietary information protected from disclosure under public disclosure laws,

and the City will attempt to maintain the confidentiality of these materials to the extent provided by law. Developer acknowledges that this provision does not require the City to incur legal costs in any action by a person seeking disclosure of materials that the City received from Developer.

13.6. Contribution Limits-Contractors Doing Business with the City (Campaign and Gov't Conduct Code § 1.126).

(a) Application. Campaign and Governmental Conduct Code section 1.126 ("Section 1.126") applies only to agreements subject to approval by the Board of Supervisors, the Mayor, any other elected officer, or any board on which an elected officer serves. Section 1.126 prohibits a person who contracts with the City for the sale or lease of any land or building to or from the City from making any campaign contribution to: (i) any City elective officer if the officer or the board on which that individual serves or a state agency on whose board an appointee of that individual serves must approve the contract; (ii) a candidate for the office held by the individual; or (iii) a committee controlled by the individual or candidate, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for the contract or six months after the date the contract is approved.

(b) Acknowledgment. Through its execution of this DA, Developer acknowledges the following.

(i) Developer is familiar with Section 1.126.

(ii) Section 1.126 applies only if the contract or a combination or series of contracts approved by the same individual or board in a fiscal year have a total anticipated or actual value of \$50,000 or more.

(iii) If applicable, the prohibition on contributions applies to: (1) Developer; (2) each member of Developer's governing body; (3) Developer's chairperson, chief executive officer, chief financial officer, and chief operating officer; (4) any person with an ownership interest of more than 20% in Developer; (5) any subcontractor listed in the contract; and (6) any committee, as defined in Campaign and Governmental Conduct Code section 1.104, that is sponsored or controlled by Developer.

13.7. Implementing the MacBride Principles - Northern Ireland (Admin. Code ch. 12F).

The City urges companies doing business in Northern Ireland to move towards resolving employment inequities and encourage them to abide by the MacBride Principles. The City urges San Francisco companies to do business with corporations that abide by the MacBride Principles.

14. MISCELLANEOUS

The following provisions apply to this Development Agreement in addition to those in Appendix Part A (Standard Provisions and Rules of Interpretation).

14.1. Addresses for Notice. Notices given under this Development Agreement are governed by App A.5 (Notices). Notice addresses are listed below.

To the City:

John Rahaim
Director of Planning
San Francisco Planning Department
1650 Mission Street, Suite 400
San Francisco, CA 94102

With a copy to:

Dennis J. Herrera, Esq.
City Attorney
City Hall, Room 234
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102
Attn: Land Use Team Leader

And:

City Attorney's Office
Port of San Francisco
Pier 1, The Embarcadero
San Francisco, CA 94111
Attn: Port General Counsel

To Developer:

FC Pier 70, LLC
949 Hope Street, Suite 200
Los Angeles, CA 90015
Attention: Mr. Kevin Ratner

With a copy to:

Forest City Enterprises, Inc.
50 Public Square
1360 Terminal Tower
Cleveland, OH 44113
Attention: Amanda Seewald, Esq.

14.2. Limitations on Actions. Administrative Code section 56.19 establishes certain limitations on actions to challenge final decisions made under Chapter 56, as follows:

(a) **Board of Supervisors.** Any action challenging a Board of Supervisors decision under Chapter 56 must be filed within 90 days after the decision is finally approved.

(b) **Planning.** Any action challenging any of the following Planning decisions under Chapter 56 must be filed within 90 days after any of the following becomes final: (i) a Planning Director decision under Administrative Code section 56.15(d)(3); or (ii) a Planning Commission resolution under section 56.17(e).

14.3. Attachments. The attached Appendix, Port Consent, SFMTA Consent, SFPUC Consent, and exhibits listed below are incorporated in and are a part of this Development Agreement.

PART A: STANDARD PROVISIONS AND RULES OF INTERPRETATION

This Appendix is an integral part of all Transaction Documents for the 28-Acre Site Project and consists of:

- Part A: standard provisions and rules of interpretation.
- Part B: glossary of defined terms.

1. TRANSACTION DOCUMENTS.

1.1. Entire Agreement. The Transaction Documents collectively (including this Appendix and all preamble paragraphs, recitals, exhibits, schedules, other attachments, and Consents) contain all of the representations and warranties and the entire agreement, and supersede all prior correspondence, memoranda, agreements, warranties, and representations, between the Parties with respect to the matters they address. No prior drafts of any Transaction Document or changes from those drafts to the executed versions may be introduced as evidence in any litigation or other dispute resolution proceeding by any person, and no court or other body may consider those drafts in interpreting any Transaction Document.

1.2. Counterparts. The Transaction Documents may be executed in multiple counterparts, each of which will be deemed to be an original and that together will be one instrument. Parties may deliver their counterparts by electronic mail or other electronic means of transmission.

1.3. Exhibits and Schedules. This Appendix and each exhibit are a part of the Transaction Document to which they are attached or into which they are expressly incorporated by reference. Each schedule attached to a Transaction Document is provided for reference when implementing the Project. The Parties agree that this Appendix and all attachments may be revised from time to time by agreement based on changed circumstances and experience in the course of the Project. Each Party (including any applicable affected Transferee) will confirm its agreement by signing the revised document in counterparts, which will be deemed to be attached to each counterpart of the revised document and will supersede the document being revised.

1.4. Advance Writings Required.

(a) **Amendments and Waivers.** Any amendment or waiver of any provision of any Transaction Document must be in writing and signed on behalf of each Party by a person authorized to do so. Material modifications to Transaction Documents may require the approval of either or both the Port Commission and the Board of Supervisors, each of which may give or withhold approval in its sole discretion unless explicitly stated otherwise.

(b) **Approvals and Waivers.** Whenever a Party's approval or waiver is required: (i) the approval or waiver must be obtained in advance and in writing; and (ii) except as specified otherwise, the Party whose approval or waiver is sought must not unreasonably withhold, condition, or delay its approval or waiver, as applicable.

(c) **Specific Application.** A Party's waiver or consent in reference to another Party's performance of or any condition to its obligations under a Transaction Document will not be a waiver of or consent to any other performance or condition.

1.5. Technical Changes. The applicable Parties may correct any inadvertent error in any Transaction Document that is contrary to their mutual intention in the identification or characterization of or any reference to any title exception, legal description, boundaries of any parcel, map or drawing, or the text, or otherwise agree to minor changes that do not affect the delivery of Associated Public Benefits. Any agreed change will be effected by a signed memorandum or initialed replacement pages, neither of which will be deemed an amendment of a Transaction Document as long as any adjustments are relatively minor and do not result in a material change as determined by the Port in consultation with counsel. A change memorandum or replacement pages will become a part of the affected Transaction Document when fully executed or initialed.

1.6. Other Necessary Acts. Each Party will execute, acknowledge, and deliver to the other all other documents and take other actions that are reasonably necessary to implement, and provide each Party with all of its rights under any Transaction Document.

1.7. Enforceability. Developer and the Port each represents and warrants to the other that its execution and delivery of, and the performance of its obligations under, the Transaction Documents have been duly authorized by all necessary action, and will not conflict with, result in any violation of, or be a default under, any provision of any agreement or other instrument binding on or applicable to it, or any present law or court decree. If Developer signs as a corporation, limited liability company, or a partnership, each of the persons executing the Transaction Documents on behalf of Developer represents and warrants that Developer is a duly authorized and existing entity, that Developer has and is qualified to do business in California, that Developer has full right and authority to enter into the Transaction Documents, and that each of the persons signing on Developer's behalf is authorized to do so. At the Port's request, Developer must provide the Port with evidence satisfactory to the Port confirming these representations and warranties.

1.8. No Gift or Dedication. Unless explicitly stated otherwise, no Transaction Document will be deemed to be a gift or dedication of any portion of the 28-Acre Site to the general public, for the general public, or for any public use or purpose. Developer has the right to prevent or prohibit the use of any portion of the Project Site it owns or controls, including common areas and buildings and improvements, by any persons for any purpose inimical to the operation of a private, integrated mixed-use project as contemplated by the Transaction Documents.

2. PARTIES AND PERFORMANCE.

2.1. Joint and Several Liability. If Developer consists of more than one person, then the obligations of each under any Transaction Document to which it is a Party will be joint and several, but in no event will any Developer be jointly and severally liable with any other Developer under any Transaction Document.

2.2. Performance Generally.

(a) Time.

(i) Time is of the essence in the performance of all of the terms and conditions of each Transaction Document.

(ii) Subject to this Paragraph, all required performance dates including cure deadlines, expire at 5:00 p.m. Pacific Standard or Daylight Savings Time, as applicable, on the stated date, unless extended under the Transaction Document under which performance is due. Any reference to a week, quarter, or month without reference to a specific day will mean the last day in the period.

(iii) If a Party must give notice or take any other action within a specified minimum number of days that would not fall on a business day, then the Party must take the action on the preceding business day. For example, if a Party is required to give at least five days' prior notice of an action and the fifth day before the desired action falls on a Sunday, the Party must give notice by the preceding business day.

(iv) In all other cases, if the last day of any period to take an action occurs on a day that is not a business day, then the last day for undertaking the action is extended to the next business day. For example, if a Party has 30 days to cure an Event of Default, and the 30th day is a Saturday, the Party would have until the next business day to effect the cure.

(b) Extensions of Time.

(i) Each Party to a Transaction Document, acting in its sole discretion, may agree to extend the date for the other Party's performance of any term, covenant, or condition, or the other Party's exercise of any rights under the Transaction Document,

without executing an amendment. A Party may impose reasonable conditions on an extension of the other Party's time to cure a default. No extension of time will release any of the obligations subject to the extension or waive the granting Party's rights in relation to any other term, covenant, or condition of or any other default in the performance or breach of the Transaction Document under which the extension is granted.

(ii) The Port Director may, in her sole discretion, authorize a proposed extension if the additional time requested is 10% or less of the specified period. For example, if the Schedule of Performance allowed Developer two years for the submittal of a Phase Application, then the Port Director could authorize an extension of up to 73 days (i.e., 730 days x 10%).

(iii) Any extension of time requiring Port Commission approval must be made by a resolution adopted at a public meeting. All other extensions will be made by a countersigned writing.

(c) No Deemed Approval or Consent Without Notice. Unless expressly and unequivocally stated in any Transaction Document or other agreement between the Parties, deemed approval or consent will only occur on the following conditions.

(i) The Party seeking consent must send notice by electronic mail, addressed to one or more line staff responsible for the specific matter for which consent is sought at least five, but no more than seven, business days before the response period has ended, stating in the subject line, "*Immediate Action Required To Avoid Deemed Consent*" or words to the same effect.

(ii) If the electronic mail notice under clause (i) is not delivered timely, the responding Party will not be deemed to have consented until the sixth business day after the notice is delivered. The response may be delivered by the addressee or other person authorized to act on the responding Party's behalf.

(d) Waivers. Unless otherwise specified in a Transaction Document, none of the following circumstances will waive an Aggrieved Party's rights or remedies with respect to an Event of Default or Material Breach, including its right to prosecute any actions it deems necessary to enforce its rights or remedies.

(i) Party's failure to give notice or delay in giving notice or asserting any of its rights or remedies as to an Event of Default or Material Breach will not waive or delay the date on which the Event of Default or Material Breach occurs.

(ii) A Party's waiver as to a specific Event of Default, Material Breach, right, or remedy will not be a waiver of any other Event of Default, Material Breach, right, or remedy.

(e) Responsibility for Costs. The Party on which any obligation is imposed in any Transaction Document will be solely responsible for paying all costs incurred in performing the obligation, unless specifically provided otherwise.

2.3. Successors. The Parties are entering into the Transaction Documents only for the protection and benefit of the Parties and their successors, subject to DDA Art 6 (Transfers), DDA Art 18 (Lenders' Rights), DA Art 11 (Assignments; Lender Rights), and correlating provisions in any other Transaction Documents.

2.4. Third Party Beneficiaries. Developer is an explicitly recognized third-party beneficiary under the ICA and the Tax Allocation MOU. Transferees and Vertical Developers are third-party beneficiaries to the extent that they acquire development rights under the DDA. Interested Parties have rights as specified in the Applicable Lender Protections. No other persons have third-party rights under any Transaction Document.

2.5. No Limitation on Unrelated Rights. The rights and remedies under the Transaction Documents do not supersede or preclude any Party's exercise of its rights and remedies under other agreements and documents, or of the City, the Port, or any other Regulatory Agency to require compliance with any Regulatory Approval or other entitlement granted for the Project.

2.6. No Joint Venture or Partnership. Nothing in any Transaction Document to which Developer is a Party, or in any document Developer executes in connection with the Transaction Documents, will create a joint venture or partnership between the City and Developer or between the Port and Developer. Developer is not acting as the agent of the City or the Port, nor is the City or the Port acting as the agent of Developer or any Vertical Developer in any respect under any Transaction Document. Developer is not a state or governmental actor with respect to any of its activities under the Transaction Documents.

2.7. Survival. Except as provided otherwise, termination or expiration of the DDA or any other Transaction Document will not affect: (a) any obligation to indemnify under any Transaction Document; (b) any provision of any Transaction Document that expressly survives expiration or termination; (c) rights and obligations as to Adequate Security for an obligation arising before termination or expiration; or (d) rights and obligations under the Financing Plan or the Acquisition Agreement to the extent related to an obligation arising before termination or expiration of the DDA.

3. GOVERNING LAW.

3.1. Construction of Transaction Documents. The Transaction Documents are governed by and must be construed under the laws of the State of California and the Charter. All references in the Transaction Documents to local, regional, state, or federal laws means those laws as amended from time to time, except as limited by the Development Agreement or to the extent explicitly stated otherwise.

3.2. Countervailing Law. If any applicable state or federal law prevents or precludes compliance with any material provision of a Transaction Document, App ¶ A.4.3 (Severability) will apply. Alternatively, the Parties may agree to modify, amend, or suspend the affected Transaction Document to the extent necessary to comply with law in a manner that preserves to the greatest extent possible the intended benefits to the City, the Port, and Developer.

3.3. Good Faith and Fair Dealing. In all situations arising under the Transaction Documents, each Party must attempt to avoid and minimize the damages resulting from the other's conduct and take all reasonably necessary measures to implement the Transaction Documents. The Transaction Documents are subject to the covenant of good faith and fair dealing applicable to contracts under California law. Accordingly, Developer and the Port each covenants, on behalf of itself and its successors, to take all actions and to execute, with acknowledgment or affidavit if required, all documents necessary to achieve the objectives of the Transaction Documents to the extent consistent with applicable law.

4. ACTIONS.

4.1. Attorneys' Fees.

(a) Prevailing Party.

(i) Should any Party file an action permitted or required under any Transaction Document, the prevailing Party will be entitled to recover its reasonable costs, including attorneys' fees, plus interest at the maximum amount allowed under law, from the losing Party.

(ii) The ICA and the Tax Allocation MOU are specifically excepted from this prevailing party provision.

(b) Fee Schedules. For attorneys in the Office of the City Attorney, attorney fee rates will be based on the fees regularly charged by private attorneys with an equivalent number of years of professional experience (calculated by reference to earliest year of admission to the bar of any state) who practice in San Francisco in law firms with approximately the same number

of attorneys as employed by the Office of the City Attorney. For in-house counsel, attorney fee rates will be based on the same criteria, with amounts based on law firm rates where the office of in-house counsel is located.

4.2. Jurisdiction and Venue. All obligations under each Transaction Agreement are to be performed in the City and County of San Francisco. Each Party, by executing a Transaction Document, agrees that venue is proper in and consents to the jurisdiction of the Superior Court for the City and County of San Francisco.

4.3. Severability. Unless specifically provided otherwise, a final judgment invalidating any provision of any Transaction Document, or its application to any person, will not affect any other provision of the Transaction Document or its application to any other person or circumstance. All other provisions of the Transaction Document will continue in full force and effect, except to the extent that enforcement of the Transaction Document as affected by the final judgment would be unreasonable or grossly inequitable under all the circumstances or would frustrate a fundamental purpose of the Transaction Documents.

4.4. Limitations on Liability of the Parties.

(a) **No Personal Liability of City Parties.** Under no circumstances will any individual board member, director, commissioner, officer, employee, official, or agent of the City or the Port be personally liable to Developer for any Event of Default by a City Party or for any amount payable to a Developer Party under any Transaction Document.

(b) **No Personal Liability of Developer Parties.** Under no circumstances will any individual board member, director, officer, employee, official, partner, employee, or agent of Developer or any Affiliate of Developer be personally liable to any City Party for any Event of Default by a Developer Party or for any amount payable to a City Party under any Transaction Document. DA Successors are specifically recognized as Developer Parties for the purpose of this provision.

(c) **No Consequential, Punitive, or Special Damages.** Developer, the Port, and the City would not have entered into the Transaction Documents to which they are Parties if they could be liable for indirect or consequential, punitive, or special damages. Accordingly, Developer, the Port, and the City each waives any Claims against, and covenants not to sue, the other Party to any Transaction Document for indirect, consequential, punitive, or special damages, including loss of profit, loss of business opportunity, or damage to goodwill.

(d) **No Effect on Other Rights.** This Paragraph will not affect any Party's right to recover actual damages and attorneys' fees awarded by an Arbitrator's decision or a court's final judgment for a Claim arising from a Breaching Party's failure to: (i) pay any sum when due under any Transaction Document; or (ii) satisfy an indemnity under any Transaction Document. The right to enforce a final decision or judgment will not be limited by subparagraph (e) of this Paragraph.

(e) **Project Payment Sources.** Except as otherwise provided in any Transaction Document, Developer agrees that its rights to payment in the implementation of the Project are limited as follows:

(i) All obligations of the Port or the City arising out of or related to each Transaction Document are special and limited obligations of the Port and the City, as applicable. The Port's and the City's respective obligations to make payments to implement any Transaction Document are restricted strictly to Project Payment Sources described in the Financing Plan, and only to the extent those sources are available.

(ii) More specifically, in no event may Developer compel: (1) the City to use funds in or obligate the City's General Fund; or (2) the Port to use funds in or obligate the Port Harbor Fund except as described in the Financing Plan, in either case to reimburse Developer's Horizontal Development Costs, pay any other costs associated with the Project, or satisfy any Developer Claim under any Transaction Document.

(f) **Liability of Others.** Unless specifically provided otherwise, the Parties agree that no Agents of the Port or of the City or of their successors or assigns will be personally liable to Developer or any Vertical Developer, and no Agents of Developer or any Vertical Developer or of their successors or assigns will be personally liable to the Port or the City, for any default or breach or for any payment or performance that becomes due under any Transaction Document. This Subsection does not release or waive the obligations of any person with a direct legal obligation under applicable law, such as the general partner of a limited partnership or any Obligor providing Adequate Security for a specified obligation.

5. NOTICES.

5.1. Manner of Delivery. Unless otherwise specified in a Transaction Document, any notices (including notice of approval or disapproval, demands, waivers, and responses to any of them) required or permitted under any Transaction Document must be delivered by: (a) hand delivery; (b) first class United States mail, postage prepaid, return receipt requested; or (c) overnight delivery by a nationally recognized delivery service or the United States Postal Service, delivery charges prepaid.

5.2. Required Information. To be effective, a notice must be in writing or be accompanied by a cover letter that, to the extent applicable:

- (a) cites the section of the Transaction Document under which the notice is given;
- (b) indicates whether a response or other action is required and, if so, the period of time within which the recipient must respond or otherwise act;
- (c) for a potential breach, is prominently marked "*Notice of Default*" or "*Notice of Material Breach*" and specifies the cure period;
- (d) is clearly marked "*Request for Approval*" if approval is being requested;
- (e) if denying or objecting to a request for approval, states with particularity the reasons for the disapproval or objection; and
- (f) if explicitly permitted under the Transaction Document, states that failure to respond to the notice within the stated time period will be deemed to be the recipient's approval of the subject matter of the notice.

5.3. Effective Date. A notice will be deemed to be delivered and effective:

- (a) on the date personal delivery actually occurs;
 - (b) on the business day after the business day it is deposited for overnight delivery;
- or
- (c) on the date of actual delivery or on which delivery is refused as shown on the return receipt if mailed.

5.4. Interested Persons. Interested Persons may request copies of notices that the Port or the City delivers to Developer by providing notice to the Port or the City. Developer will have the sole responsibility for providing information to any Interested Person desiring notice. Neither the Port nor the City will incur liability for failure to provide notice to any Interested Person.

5.5. Change of Address. Notices must be delivered to the addresses for notice as specified in the Transaction Documents, unless superseded by a notice of a change in address for notices that is delivered in accordance with App. I A.5.1 (Manner of Delivery).

5.6. Convenience Copies. Except as explicitly permitted under specific circumstances, a Party must not give notice by facsimile or electronic mail, but any Party may deliver a copy of a notice by facsimile or electronic mail as a courtesy or for convenience. The effective date of a notice will not be affected by delivery of a convenience copy by facsimile or electronic mail.

6. PAYMENT DEMANDS.

6.1. Application. The following procedures will apply to any demand from one Party to the other Party for payment whenever payment procedures are not specified in the Transaction Document under which demand is made. Examples where this Section will not apply are Payment Requests submitted under the Acquisition and Requisitions submitted under the Financing Plan.

6.2. Demand. The Party seeking payment must deliver its demand for payment to the other Party together with proof of payment. The Party obligated to pay will have the right to engage a CPA to review the other Party's claimed costs, and the Party seeking payment must cooperate in providing information necessary for the review. The Party conducting the review will bear its own costs unless the review reveals that the other Party's costs are overstated by 5% or more, in which case, the amount of the reimbursement will be reduced by the amount of the review costs.

6.3. Time for Payment. Except when other procedures are specified in a Transaction Document, or during any period of review or dispute resolution, the Party obligated to make payment must satisfy the payment demand within 30 days after receipt of the demand for payment.

7. USAGE GUIDELINES FOR DEFINED TERMS.

7.1. Definitions in Glossary.

(a) The glossary in **Appendix Part B** contains the definitions for terms used in the primary Transaction Documents, or specifies where terms are defined.

(b) When the glossary identifies a Transaction Document that defines a term and includes a definition, the definition in the Transaction Document will govern over any inconsistency with the definition in the glossary.

7.2. Capitalization. Defined terms that are not capitalized in this Appendix are not capitalized when used in the Transaction Documents.

7.3. Correlating Terms Included. Each defined term must be interpreted to encompass all correlating plural and singular nouns, verb tenses and forms, adjectives, adverbs, and other forms of the term. The following examples of the application of definitions to correlating terms are illustrative only and are not intended to limit the application of the examples used or the meaning of this Paragraph.

- "Assign" applies to "Assignment," "Assignee," "Assignor," and "Assigned."
- "Begin construction" applies to "began to construct," "beginning construction," and "has begun to construct."
- "Indemnify" applies to "indemnity," "indemnification," and "indemnitor."
- "substantial completion" applies to "Substantially Complete."
- "Third party" applies to "third-party" and "third parties."
- "Waive" applies to "waiver," "waivers," "waived," and "waiving."

7.4. Definitional Context. In some instances, defined terms apply only to certain circumstances or may have different meanings in different contexts. In those instances, the definition will be identified as specific to a situation. The following examples are illustrative only and are not intended to limit the application of the examples used or the meaning of this Paragraph.

- "final completion" and "substantial completion" as used in reference to Horizontal Improvements and Vertical Improvements incorporate conditions specific to each type of Improvement.
- The "Parties" to one Transaction Document may be different from the "Parties" to another Transaction Document.

8. INCONSISTENT PROVISIONS.

8.1. General Rule. Developer and the City Parties intend for any Transaction Document addressing specific rights and obligations to prevail over any inconsistent provisions in any other any Transaction Document for the Project. This general rule will apply to the primary Transaction Document as amended from time to time, whether or not the amendment is reflected in the Appendix.

8.2. Examples. The following examples are illustrative only and are not intended to limit the application of the examples used or the meaning of this Paragraph.

- Financing provisions in the Financing Plan will prevail over conflicting provisions regarding Project Payment Sources in any other Transaction Document that is not specific to a Project Payment Source.
- The RMA will prevail over conflicting provisions in any other Transaction Document, including the Financing Plan, with respect to rates and methods of assessing Mello-Roos Taxes.
- An RMA amendment revising the definition of "Tax-Exempt Parcel" will prevail over an inconsistent definition in this Appendix as applied to the levy of Mello-Roos Taxes.
- Review periods for Improvement Plans in the ICA will prevail over conflicting review periods in any other Transaction Document.

9. HEADINGS AND REFERENCES.

9.1. Headings. The headings preceding the articles, sections, and other parts of each Transaction Document and in the applicable table of contents have been inserted for convenience of reference only and must be disregarded in the construction and interpretation of the Transaction Documents.

9.2. References Generally. Any reference to a provision "in the [Transaction Document]," "herein," "hereof," or similar terms will be deemed to refer to any reasonably related provisions of the Transaction Document in which the reference appears in the context of the reference, unless the reference refers solely to a specific provision of the Transaction Document.

9.3. Within Transaction Documents.

(a) Unless otherwise specified, whenever a Transaction Document, including all exhibits, schedules, and attachments, refers to the table of contents or any article, section, exhibit, attachment, or defined term, the reference is deemed to refer to the article, section, exhibit, attachment, or defined term of the Transaction Document or the referenced exhibit or attachment and all of the subsections, subparagraphs, clauses, exhibits, and attachments.

(b) The word "this" when used to refer to any document, article, section, paragraph, clause, or other distinct provision in a document means the referenced document or provision. For example, "this Paragraph" means App. ¶ 9.3, and "this subparagraph" means App. ¶ 9.3(b).

9.4. To Other Documents. Unless otherwise specified, all references to a Transaction Document or a specific exhibit, attachment, schedule, supplement, Consent, addendum, or other document attached or deemed attached to a Transaction Document means the entire document as amended, replaced, supplemented, clarified, corrected, or superseded at any time while any obligations under the Transaction Document are outstanding.

10. ATTRIBUTED AND DELEGATED ACTS AND OBLIGATIONS.

10.1. Delegated Actions. References in any Transaction Document to a Party's acts or omissions mean acts or omissions by the Party and its Agents unless the context requires or specifically stated otherwise.

10.2. Transferred Obligations. References in any Transaction Document to a Party's obligations also mean the Party's obligation to ensure that its successors, Agents, and Transferees comply with all applicable obligations.

10.3. Successor Public Bodies. References to any public body acting in its regulatory or proprietary capacity also mean the named body or any successor public body designated by or under law to act in the same capacity.

10.4. Successor Public Officials. References to elected and appointed officials of public bodies also mean their duly appointed or elected, as applicable, successors to the extent authorized to

act in the same capacity, and designees to the extent authorized to take specific actions on behalf of the named officials.

11. TRANSFERRED RIGHTS.

All references to Developer in a Transaction Document pertaining to any right under that Transaction Document also mean a Transferee to the extent set forth in an Assignment and Assumption Agreement in form and content consistent with DDA Art 6 (Transfers).

12. RECITALS.

Recitals are included to provide context for the Parties' agreement as set forth in the Transaction Document in which they appear and are not binding with respect to the Parties' rights and obligations. If the recitals conflict with other provisions of the Transaction Document, the other provisions will prevail.

13. WORDS OF INCLUSION.

The words "including," "such as," or similar terms when following any general term must not be construed to limit the term to the specific terms that follow, whether or not followed by language of non-limitation, such as "without limitation," "including, but not limited to," or similar words, but will be deemed to refer to all other items or matters that could reasonably fall within the broadest possible scope of the term and to be followed by the phrase "without limitation" or "but not limited to."

14. GENDER AND NUMBER.

Wherever the context requires, gender-specific and gender-neutral references are deemed to include the masculine, feminine, and gender-neutral, and references to the singular are deemed to include the plural and vice versa.

15. NUMERALS.

For purposes of calculations under any Transaction Document, fractions will not be rounded up or down. A numeral will prevail over any conflicting spelled out number.

16. TIME PERIODS.

16.1. Calendar Periods. References to days, months, quarters, and years mean calendar days, months, quarters, and years unless otherwise specified.

16.2. Business Days. References to a business day means a day other than a Saturday, Sunday, or a holiday recognized by the City. A business day begins at 8 a.m. and ends at 5 p.m., Pacific Standard Time or Pacific Daylight Savings Time, whichever is in effect on the date in question.

17. STATUTORY REFERENCES.

References to specific code sections mean San Francisco Municipal Ordinances unless otherwise specified or required by context. References to any law mean the law as in effect on the Reference Date and as amended at the time in question, unless specifically stated otherwise.

18. NO PARTY DRAFTER.

The Transaction Documents have been negotiated at arm's length between persons sophisticated and knowledgeable in the matters addressed. In addition, each Party has been represented by experienced and knowledgeable legal counsel, or has had the opportunity to consult with counsel. Accordingly, the provisions of the Transaction Documents must be construed as a whole according to their common meaning to achieve the Parties' intent and purpose, without any presumption (under Cal. Civ. Code §§ 1649, 1654, or otherwise) against the Party responsible for drafting any part of any Transaction Document.

PART B: GLOSSARY OF DEFINED TERMS

This glossary is provided to assist in understanding and interpreting the Transaction Documents and will never override the provisions in any Transaction Document. Defined terms that are not capitalized in this glossary are not capitalized when used in the Transaction Documents.

"4% LIHTC" means tax credits available for affordable housing development under the Tax Code.

"20th/Illinois Parcel" means a parcel within Pier 70 bounded by 20th Street on the north, the Hoedown Yard on the south, Illinois Street on the west, and the 28-Acre Site on the east, which the Port will merge with a portion of Michigan Street then subdivide to create Parcel K North and Parcel K South, separated by 21st Street.

"20th/Illinois Plaza" means a Public Space adjacent to Parcel K North that the Vertical Developer of Parcel K North will be obligated to build.

"20th/Illinois Plaza offset" means the estimated cost to construct that is deemed to have been deducted from Parcel K North Proceeds, subject to true-up under FP § 3.1(c) (20th/Illinois Plaza).

"20th Street" means the area within Pier 70 that the Port has parcel leased to Historic Pier 70, LLC, with the same boundaries as Sub-Project Area G-1 and the 20th Street CFD.

"20th Street CFD" means a CFD that the City has agreed to establish to finance Ongoing Maintenance Costs of 20th Street Maintained Facilities.

"20th Street Maintained Facilities" means the following improvements, for which Ongoing Maintenance Costs will be paid by Services Special Taxes levied on Taxable Parcels in the 20th Street CFD:

- (i) Public Spaces in the 20th Street CFD;
- (ii) Public ROWs in the 20th Street CFD;
- (iii) other Public Spaces outside of the FC Project Area and the Illinois Street Parcels;
- (iv) other Public ROWs in Pier 70 north of 20th Street and outside of the Illinois Street Parcels; and
- (v) costs for Shoreline Protection Facilities north of 20th Street.

"28-Acre Site" is an approximately 28-acre area located in the southeast corner of Pier 70 with the legal description and site plan shown in DDA Exh A1 (Legal Description), DDA Exh A2 (Site Plan), and DA Exh A (Legal Description and Site Plan).

"28-Acre Site Affordable Housing Fee" means the Project-specific Impact Fee imposed on Market-Rate Condo Projects under AHP § 6.2 (Market-Rate Condo Projects).

"28-Acre Site Louisiana Parcel" is defined in DDA § 15.1(d) (Louisiana Parcel Improvements).

"28-Acre Site Jobs/Housing Equivalency Fee" means the Impact Fee defined in DA § 5.4(b) (Impact Fees and Exactions) that Vertical Developers of non-residential property will pay in lieu of the Jobs/Housing Linkage Fee payable under Planning Code sections 413.1-413.11.

"28-Acre Site Project" means the development of the 28-Acre Site in accordance with the DDA, subject to the DA Requirements.

"30% Commercial Trigger" means, for purposes of DDA § 4.5 (Down Market Delay Procedures), that commercial-office use occupies 30% or more of the total gsf of market-rate residential and commercial use approved in a Phase Approval (excluding commercial-office use on Flex Parcels, and affordable housing, parking, retail, restaurant, and arts/light-industrial uses).

"100-year flood" means a flood having a 1% chance of occurrence in a given year.

"AA" is an acronym for the Acquisition Agreement.

"AA Allocation" means the allocation of Horizontal Development Costs for Horizontal Improvements requested by a Payment Request to specific Horizontal Improvements or Components.

"AB 418" means Assembly Bill 418 (stats. 2011, ch. 477).

"accept" means an Acquiring Agency's or the Board of Supervisors' final actions to accept any Horizontal Improvement for public ownership.

"Acceptance MOA" means the Acceptance and Maintenance Memorandum of Agreement that the Port will enter into with Other City Agencies regarding completed Horizontal Improvements.

"Acquiring Agency" means the City Agency (the Port, SFPUC, or Public Works) that will acquire Horizontal Improvements in accordance with the Transaction Documents and Existing City Laws and Standards.

"Acquisition Agreement" means the Acquisition and Reimbursement Agreement between Developer and the Port in the form of **FP Exh A** that lists Horizontal Improvements that Acquiring Agencies will purchase from Developer, establishes the Acquisition Prices of Horizontal Improvements, and provides forms and procedures for Developer to request inspection of and payment for Horizontal Improvements.

"Acquisition Price" means the amount that the Port will pay Developer on behalf of Acquiring Agencies to purchase Horizontal Improvements under the Acquisition Agreement, which will be the sum of the Horizontal Development Costs incurred for Horizontal Improvements and accrued Developer Return on the date of payment.

"Acquisition Cost Update" means one or more updates to the Phase Improvements, Components, and the preliminary Horizontal Development Cost estimates for Horizontal Improvements listed in **AA Exh B** that Developer submits to the Port for Phase Improvements.

"action" when used in reference to any Claim or Loss means any administrative, judicial, quasi-judicial, or nonjudicial proceeding, including any alternative dispute resolution proceeding, and includes any complaint, cross-complaint, counterclaim, bankruptcy case, adversary proceeding, and appeal.

"actual damages" means the exact amount of any sum due and owing, together with interest until paid and all costs of collection.

"Adequate Security" means all Phase Security and Loss Security that Developer provides to the Port under the DDA:

- (i) to secure the faithful performance or payment, or both, of the obligations secured thereby under **DDA Art 17 (Security for Project Activities)**;
- (ii) issued by a person that meets the Obligor Net Worth Requirement and is approved by the Port Director;
- (iii) limiting the Obligor's liability to the Secured Amount plus the Port's costs of enforcement; and
- (iv) that is in form and substance proposed by Developer and approved by the Port Director, including but not limited to a Guaranty, bonds, letters of credit, certificates of deposit or any other form that provides reasonable assurances regarding the obligations secured thereby. Any Adequate Security required by the Subdivision Code in connection with a final subdivision map shall conform to the requirements of the Subdivision Code.

"Adequate Security Requirements" means Developer's obligations under **DDA Art 17 (Security for Project Activities)**.

"Administrative Delay" means an Excusable Delay caused when:

- (i) a Regulatory Agency fails to act on a Developer request or application within a reasonable time under its standard practices or as otherwise specified in the ICA, the Development Agreement, or the DDA;
- (ii) an appeal body or court determines that a Regulatory Agency's act or failure to act on an application was improper following a challenge by Developer or a Vertical Developer Affiliate; or
- (iii) the Port delays or fails to execute and deliver a Vertical DDA or Parcel Lease to the applicable Vertical Developer after it has proffered the partially executed agreement substantially in the form attached to the DDA.

"Administrative Delay" excludes any delay caused by Developer's failure to meet any Outside Date due to its failure to submit timely all required and requested information supporting a request or application.

"Administrative Fee" means:

- (i) a City fee imposed citywide or portwide in effect and payable when a developer submits an application for any Regulatory Approval, intended to cover only the estimated actual costs to the City or the Port of processing the application, addressing any related hearings or other actions, and inspecting work under the Regulatory Approval; and
- (ii) the amount that Developer or a Vertical Developer must pay to the City or the Port under any Transaction Document to reimburse the City or the Port for its administrative costs in processing applications for any Regulatory Approvals required under the Project Requirements.

"Administrative Fee" excludes:

- (1) any Impact Fee or Exaction;
- (2) Port Costs; and
- (3) Other City Costs.

"ad valorem tax" means a tax levied on a real property interest based on its assessed value, subject to the limitations of section 1 of article XIII A of the California Constitution.

"Advance" means a loan that the Port makes to the Pier 70 CFDs under FP Art 7 (Port Advances).

"Advance of Land Proceeds" means a loan of Land Proceeds that the Port makes to the Pier 70 CFDs under FP Art 7 (Port Advances).

"Advance of Land Proceeds Account" means the segregated account in the Mello-Roos Improvement Fund or the Tax Increment Fund that the Port establishes with the Special Fund Trustee to receive, hold, and disburse Allocated Tax Increment or Facilities Special Taxes, as applicable, to pay the Pier 70 CFDs' obligations under Promissory Note-LP.

"Affiliate" when used in reference to a specified person, means any other person that directly or through intermediaries Controls, is Controlled by, or is under Common Control with the specified person.

"affordable housing" means rental or ownership housing affordable to persons of low and moderate income, as described in the Affordable Housing Plan.

"Affordable Housing Cost" when used in reference to a BMR Unit or an Inclusionary Unit means a monthly rental charge (including the applicable Utility Allowance but excluding Parking Charges) that does not exceed 30% of the maximum Area Median Income permitted for the applicable type of Residential Unit, based on Household Size.

- "Affordable Housing Developer"** means a qualified developer selected by MOHCD to develop an Affordable Housing Parcel.
- "Affordable Housing Fees"** means Impact Fees paid in lieu of providing onsite Inclusionary Units under Planning Code sections 415.1-415.11.
- "Affordable Housing Fund"** means the segregated account that the Port establishes with the Special Fund Trustee to receive, administer, and disburse Housing Tax Increment.
- "Affordable Housing Parcel"** means a Development Parcel on which 100% affordable housing might be constructed under the Affordable Housing Plan, anticipated to be Parcel C1B, Parcel C2A, and Parcel K South.
- "Affordable Housing Parcel Completion Date"** means the date on which Developer has satisfied the requirements of AHP § 3.3(a) (Required Improvements), subject to AHP § 3.4 (Developer's Reimbursement Option).
- "Affordable Housing Plan"** means DDA Exh B3, which sets forth certain requirements for BMR Units, Inclusionary Units, and Condo Units in the AHP Housing Area.
- "Affordable Housing Project"** means the building that an Affordable Housing Developer builds on an Affordable Housing Parcel in which 100% of the Residential Units are BMR Units, with the exception of the manager's unit.
- "Affordable Self Storage Site"** means the premises under the lease between the Port and Affordable Self Storage, Inc., depicted in ML Exh A-2.
- "Agent"** means any officer, director, employee, legal or other authorized representative, attorney, or contractor of any person and any of their respective Agents.
- "Aggrieved Party"** means the Party alleging that a Breaching Party has committed an Event of Default or is in Material Breach under the terms of a Transaction Document.
- "agree"** means an accord, mutual consent, or binding decision reached by two or more persons.
- "agree"** *excludes any unilateral decision.*
- "AHP"** is an acronym for the Affordable Housing Plan (DDA Exh B3).
- "AHP Deferred Infrastructure"** means Horizontal Improvements, primarily consisting of Utility Infrastructure, Public ROWs, and other Improvements installed between the edge of a Public ROW and the boundary of an Affordable Housing Parcel, such as sidewalks and curb cuts, street lights, furnishings and landscaping, and utility boxes and laterals serving the parcel, that Affordable Housing Developers may be required to construct under an agreement with MOHCD.
- "AHP Housing Area"** means the area subject to the Affordable Housing Plan, consisting of the 28-Acre Site and Parcel K South.
- "Allocated"** when modifying any reference to Housing Tax Increment, Mello-Roos Taxes, or Tax Increment means the portion of the applicable taxes that the City collects from the financing district that the City has agreed to allocate to the financing district for uses approved in the related formation proceedings or financing plans.
- "Allocation Period"** for purposes of DDA Exh A5 means the period ending on October 17 each year.
- "allonge"** means a document that is affixed to and is a part of a negotiable instrument.
- "Allowed Developer Return"** means Developer Return on Developer Capital up to the Interest Cost Limitation.
- "Allowed Return"** means Allowed Developer Return or Allowed Return on Port Capital, or both, as appropriate in the context.
- "Allowed Return on Port Capital"** means Return on Port Capital up to the Interest Cost Limitation.

"ALTA" is an acronym for the American Land Title Association.

"Amendment Action" means a discretionary action to approve a termination by agreement or amendment, supplement, or addition to any of the Transaction Documents or Project Requirements.

"AMI" means Area Median Income.

"Annual" when modifying any reference to Housing Tax Increment, Mello-Roos Taxes, or Tax Increment means the amount that the Port receives, as the agent of a financing district, in a City Fiscal Year.

"Annual Ground Rent" means ground rent for an Option Parcel that is payable to the Port in annual installments over the Parcel Lease term as provided in FP § 3.7(b) (Hybrid Lease).

"Annual Port Budget" means the amount of Port Costs and Other City Costs that the Parties agree will be charged against the 28-Acre Site Project in any City Fiscal Year covering any part of the DDA Term.

"Annual Review" means the periodic review under DA Art 8 (Periodic Compliance Review) of Developer's compliance with the Development Agreement, as required under section 65865.1 of the Development Agreement Statute and Administrative Code section 56.17.

"Annual Review Date" means the date established by Administrative Code section 56.17 by which the Annual Review must begin, subject to DA § 8.1(c) (Planning Director's Discretion).

"App" and "Appendix" mean this Appendix.

"Appendix G-1" means the infrastructure financing plan for Sub-Project Area G-1 that the Board of Supervisors approved by Ordinance No. 27-16, which is attached as Appendix G-1 to the IFD Financing Plan.

"Appendix G-2" means the Project-specific infrastructure financing plan for Sub-Project Area G-2, Sub-Project Area G-3, and Sub-Project Area G-4 that the Port has submitted to the Board of Supervisors for approval, which will be attached as Appendix G-2 to the IFD Financing Plan when approved.

"Applicable Law" means, individually or collectively, any law that applies to development, use, or occupancy of or conditions at the FC Project Area.

"Applicable Lender Protections" means provisions of DDA Art 18 (Lenders' Rights), VDDA Art 16 (Financing; Rights of Lenders), and PL Art 40 (Mortgages) that protect the rights of Permitted Lenders making loans to Borrowers to finance Improvements at the FC Project Area.

"Applicable Port Laws" means the Burton Act as amended by AB 418, the statutory trust imposed by the Burton Act, Charter Appendix B, and the common law public trust for navigation, commerce, and fisheries.

"Appraisal Instructions" means directions to Qualified Appraisers substantially in the form of DDA Exh D4.

"Appraisal Notice" means a notice from Developer to the Port initiating the appraisal process for an Option Parcel under DDA § 7.3 (Option Parcel Appraisals).

"Approved Arbitrators Pool" means DDA Sch 1, as revised under DDA § 10.1 (Arbitrators).

"Approved Payment" means any or all of the final Entitlement Cost Statement, Approved Payment Request, or Approved Requisition, as appropriate in the context.

"Approved Payment Request" means a Payment Request in the form of AA Exh C for Horizontal Development Costs of Horizontal Improvements that the Chief Harbor Engineer has approved or is deemed to have approved under AA § 4.2(c) (Deemed Approval).

"Approved Requisition" means a Requisition in the form of **FP Exh B** for Horizontal Development Costs (other than for Horizontal Improvements) that the Port Director has approved under **FP § 2.2(b)** (Requisitions).

"Arbitration Start Date" means the date on which a selected Arbitrator confirms in writing to the Parties that the Arbitrator is available and willing to serve.

"Arbitrator" means the neutral party who will preside over any arbitration proceeding regarding a Transaction Document.

"Architect" means the licensed architect of record for any Improvements.

"Architect's Certificate" means a certificate signed by the Architect verifying that a Vertical Developer has completed the specified Vertical Improvement under the Construction Documents.

"Area Median Income" when used in reference to Inclusionary Units and BMR Units means the current unadjusted median income for the San Francisco area as published by HUD, adjusted solely for Household Size. If HUD ceases to publish the AMI data for San Francisco for 18 months or more, MOHCD and Developer will make good faith efforts to agree on other publicly available and credible substitute data for AMI.

"Army Corps" means the Army Corps of Engineers.

"Artist Transition Plan" means a transition plan for the Noonan Tenants prepared in accordance with **DDA § 7.13(c)** (Artist Transition Plan).

"Arts Building" means a new building on Parcel E4 with space dedicated and restricted to arts/light industrial uses in accordance with **DDA § 7.12** (Arts Building) and the Arts Program, which may include the Noonan Replacement Space.

"Arts Building Account" means the segregated account in the Facilities Special Tax Fund that the Port will establish with the Special Fund Trustee to receive, administer, and disburse Arts Building Special Taxes as specified in the Financing Plan.

"Arts Building Costs" means all reasonable and customary hard and soft costs to build the Arts Building.

"Arts Building Funding" means Arts Building Proceeds that the Port will provide to fund the Arts Building if conditions in **DDA § 7.12** (Arts Building) are met.

"Arts Building Proceeds" means the Arts Building Special Taxes and any Mello-Roos Bond Proceeds secured by the Arts Building Special Taxes, which may be used in accordance with **DDA § 7.12** (Arts Building) to finance:

- (i) the Noonan Replacement Space;
- (ii) the Arts Building provided certain conditions are met as set forth in the Financing Plan; and
- (iii) community facilities provided the CF Conditions are met; or
- (iv) a public building on Parcel E4.

"Arts Building Schedule" means a schedule that Developer maintains to account for the application of funds to the Arts Building Funding.

"Arts Building Special Taxes" means Improvement Special Taxes that are levied to finance the Noonan Replacement Space and, under certain conditions, the Arts Building Funding and the community facilities in accordance with the RMA for:

- (i) the Pier 70 Leased Property CFD; or
- (ii) the Pier 70 Condo CFD.

"Arts Master Tenant" means a master tenant of the Arts Building that meets the qualifications set forth in DDA § 7.12(h) (Arts Master Tenant Qualifications).

"Arts Program" means the eligible uses and arts tenant qualifications for the Arts Building, which are described in DDA Exh B6.

"As-Built Drawings" means Permit Set drawings and specifications of Improvements in their final form and as-built field documents prepared during the course of construction.

"Assessed Parcel" means a Taxable Parcel that meets all four of the following conditions:

- (i) one or more buildings have been constructed or rehabilitated on the Taxable Parcel for which the Port has issued a TCO;
- (ii) the buildings have been finally assessed;
- (iii) the Assessor has levied ad valorem taxes on the Taxable Parcel; and
- (iv) at least one year of ad valorem taxes levied under clause (iii) have been paid.

"Assessed Parcel Credit Report" means a report that the CFD Administrator will prepare for the Treasurer-Tax Collector that specifies the amount of the Facilities Special Tax Credit to be applied to Assessed Parcels.

"Assessment Shortfall" means the positive difference between:

- (i) the amount of property taxes that would have been levied on a Taxable Parcel by application of the ad valorem tax on its Baseline Assessed Value, as escalated to the date of determination by annual increases and reassessment following a transfer; and
- (ii) the amount of property taxes actually levied on the Taxable Parcel after Reassessment.

"Assessor" means the Assessor-Recorder of the City and County of San Francisco.

"Assignment" means to assign, convey, or otherwise transfer any part of the assigning party's interest in the DDA as permitted under an Assignment and Assumption Agreement.

"Assignment and Assumption Agreement" means an agreement in the form of DDA Exh D8 or in a form otherwise mutually acceptable to the Parties.

"Associated Public Benefits" means the Developer Construction Obligations identified as Associated Public Benefits in the Schedule of Performance and Public Benefit Costs.

"attorneys' fees" means reasonable attorneys' fees and related costs incurred in an action or as otherwise indicated in the DDA, including all costs of litigation, such as fees and related costs of attorneys, consultants, testing, and experts, litigation costs of the action, and costs for document copying, exhibit preparation, carriers, postage, and communications.

"Available Credit Tax Increment" means:

- (i) Project Tax Increment on deposit with the Special Fund Trustee that is available to pay Special Debt Service on Mello-Roos Bonds, as determined under FP § 6.5(h) (Application of Tax Increment to Special Debt Service); or
- (ii) the sum of Project Tax Increment and Port Tax Increment from Historic Building 12 or Historic Building 21 on deposit with the Special Fund Trustee that is available to pay Special Debt Service on Mello-Roos Bonds issued to finance the applicable Historic Building Feasibility Gap, as determined under FP § 6.5(h) (Application of Tax Increment to Special Debt Service) and FP § 11.1(b) (Application of HB Tax Increment to Special Debt Service).

"AWSS" means the City's auxiliary water supply system.

"base flood" means a 100-year flood.

"Baseline Assessed Value" means the final assessed value of a Taxable Parcel in the SUD after the Chief Harbor Engineer issues the related Temporary Certificate of Occupancy or Final Certificate of Occupancy.

"Basis of Design Report" means a type of Improvement Plan for Horizontal Improvements that will be generally in the form of ICA Att B.

"BCDC" is an acronym for the San Francisco Bay Conservation and Development Commission.

"BMR Credit" means a credit equal to the number of BMR Units anticipated to be developed on each Affordable Housing Parcel in a Phase for purposes of calculating the Interim Affordable Percentage. BMR Credit will be given for an Affordable Housing Parcel only on the applicable Affordable Housing Parcel Completion Date. Unless the Parties agree otherwise, Parcel C1B will have 142 BMR Credits, Parcel C2A will have 105 BMR Credits, and Parcel K South will have 80 BMR Credits.

"BMR Unit" as defined in the Affordable Housing Plan means a below-market-rate Residential Unit constructed in an Affordable Housing Project.

"BMR Unit" excludes Inclusionary Units.

"Board of Supervisors" means the legislative branch of the City and County of San Francisco with all powers and authority granted under the Charter and state law.

"Bona Fide Institutional Lender" means any one or more of the following, whether acting in its own interest and capacity or in an agency or a fiduciary capacity for one or more persons, none of which need be Bona Fide Institutional Lenders:

- (i) a savings bank, a savings and loan association, a commercial bank or trust company or branch thereof, an insurance company, a licensed California finance lender, any agency or instrumentality of the United States government or any state or city governmental authority, a real estate investment trust, a religious, educational or charitable institution, an employees' welfare, benefit, pension or retirement fund or system, an investment banking, merchant banking or brokerage firm, or any entity directly or indirectly sponsored or managed by any of the foregoing, or other lender, all of which, at the time a Permitted Lien is recorded in favor of such entity, owns or manages assets of at least \$500 million in the aggregate or the equivalent in foreign currency; or
- (ii) an Affiliate of an entity described in clause (i).

"Bond Counsel" means an attorney or firm of attorneys with experience in public finance matters that has been engaged by the City or the Port.

"Bond Proceeds" means proceeds of any Bonds that are available for disbursement after funding the costs of issuance, capitalized interest, reserves, and any other amounts specified in the applicable Indenture.

"Bonds" means any bonds or other forms of indebtedness secured and payable by one or more of Housing Tax Increment, Mello-Roos Taxes, or Tax Increment issued on behalf of any financing district, to implement the Financing Documents.

"Books and Records" means books and records that Developer and the Port will prepare and maintain under FP § 9.5 (Books and Records).

"Borrower" when used in reference to a Permitted Lien means:

- (i) Developer;
- (ii) a Vertical Developer;

(iii) a permitted Transferee with rights and obligations under the DDA directly or through a Vertical DDA or an Assignment or Assumption Agreement or both; or

(iv) a person that holds a direct or indirect Controlling Interest in any of the above.

"Breaching Party" means a Party alleged to have committed an Event of Default or to be in Material Breach under the DDA.

"Building 11" means the structure in Pier 70 that currently houses the Noonan Tenants.

"Building 11 Relocation Plan" is defined in DDA § Section 7.23(a) (Potential Relocation of Building 11).

"Building 11 Site" means the site of Building 11 and certain adjacent areas as depicted in ML Exh A-2.

"Building 21 Site" means the site of Historic Building 21 and certain adjacent common areas depicted in ML Exh A-2.

"Burton Act" means Assembly Bill 190 (stats. 1968, ch. 1333), authorizing the State to grant tidelands and submerged lands comprising San Francisco Harbor to San Francisco under the management and control of the Port Commission.

"Capital Costs" means the sum of Horizontal Development Costs funded by Developer Capital (as reflected in the Developer Capital Schedule), Port Capital (as reflected in the Port Capital Schedule), plus accrued Developer Return or Return on Port Capital, as applicable, on the date of determination.

"Capital Improvements Account" means a subaccount of the Facilities Special Tax Fund of the Special Fund Trust Account that the Pier 70 CFDs will establish, as described in the Financing Plan.

"cash" means United States currency delivered in legal tender or other forms of immediately available funds.

"CEQA" is an acronym for the California Environmental Quality Act (Cal. Pub. Res. Code §§ 21000-21189.3).

"CEQA Findings" means findings adopted under CEQA Laws in connection with the Project Approvals.

"CEQA Guidelines" means the California Guidelines for Implementation of CEQA (Cal. Admin. Code §§ 15000-15387).

"CEQA Laws" means CEQA, the CEQA Guidelines, and the CEQA Procedures.

"CEQA Procedures" means Administrative Code chapter 31.

"CF Conditions" means all of the following:

- (i) no Third-Party Challenge is pending;
- (ii) the City has approved the location and conditions of the community facilities;
- (iii) the funding for the community facility will be administered by the City or a City Agency; and
- (iv) the community facility receives a building permit.

"CF Election" means the Port's notice that the City will accept Developer's proffer of Community Facility Space under clause (i) of DDA § 7.19(c) (Exercise of Right).

"CFD" is an acronym for a community facilities district or a special tax district formed under CFD Law and, when preceded by a name, means the real property in any CFD in the SUD. References to a CFD also mean the district itself and any area within it designated as a Zone, if required by the context.

"CFD Administrative Costs" means the proportionate share of reasonable costs that the Port, as CFD Agent for each CFD in the SUD, actually incurs and pays for:

- (i) services of any Indenture Trustee (including its counsel) for any Bonds that the City issues for any CFD described in the Financing Plan;
- (ii) marketing or remarketing Bonds; and
- (iii) all other reasonable administrative services provided by the Port, any CFD Administrator, the City, the Special Fund Trustee, and any other third-party professionals necessary for the Port to perform its duties under the DDA, the Tax Allocation MOU, the Special Fund Administration Agreement, and each RMA.

"CFD Administrator" means a special tax consultant or any other person that the Director of Public Finance or the Port Director, as applicable, designates to administer Mello-Roos Taxes from any CFD according to the applicable RMAs.

"CFD Agent" means the Port, acting on behalf of each CFD.

"CFD Formation Proceedings" means, with respect to each CFD, the proceedings taken by the Board of Supervisors to form the CFD.

"CFD Goals" means the *Local Goals and Policies for Community Facilities Districts*, approved by Board of Supervisors Resolution No. 387-09 on October 6, 2009, as amended from time to time solely to the extent required under CFD Law or other controlling state or federal law.

"CFD Improvements" means Horizontal Improvements financed by Mello-Roos Bond Proceeds and Improvement Special Taxes.

"CFD Law" means the San Francisco Special Tax Financing Law (Admin. Code ch. 43, art. X), which incorporates the Mello-Roos Community Facilities Act of 1982 (Cal. Gov't Code §§ 53311-53368).

"CFD Report" means the annual report that a CFD must file with the Treasurer-Tax Collector under CFD Law.

"Change to Existing City Laws and Standards" means any change to Existing City Laws and Standards or other laws, plans, or policies adopted by the City or the Port or by voter initiative after the DA Ordinance Effective Date that would conflict with the Project Approvals, the Transaction Documents, or Applicable Port Laws as specified in DA § 5.3 (Changes to Existing City Laws and Standards).

"Change to Existing City Laws and Standards" excludes regulations, plans, and policies that change only procedural requirements of Existing City Laws and Standards.

"Chapter 56" means Administrative Code chapter 56, which the Board of Supervisors adopted under the Development Agreement Statute.

"Charter" means the Charter of the City and County of San Francisco adopted on November 7, 1995, as amended and in effect on the Reference Date.

"Chief Harbor Engineer" means the Port's Deputy Director, Engineering, or his designee.

"City" means the City and County of San Francisco, California, a municipal corporation organized as a charter city under the California Constitution.

"City Agency" means any public body or an individual authorized to act on behalf of the City in its municipal capacity, including the Board of Supervisors or any City commission, department, bureau, division, office, or other subdivision, and officials and staff to whom authority is delegated, on matters within the City Agency's jurisdiction.

"City Delay Notice" means a notice from Planning to the Port that the City has reasonably determined that delaying office development at the 28-Acre Site is necessary to allow the City to balance its

planning objectives for Pending Projects elsewhere in the City under procedures described in DDA Exh A5.

"City Engineer" means the person designated by the Director of Public Works under the Administrative Code.

"City Fiscal Year" means the period beginning on July 1 of any year and ending on the following June 30.

"City General Fund" means San Francisco's general operating fund, into which taxes are deposited, excluding dedicated revenue sources for certain municipal services, capital projects, and debt service.

"City Law" means any City ordinance or Port code provision and implementing regulations and policies governing zoning, subdivisions and subdivision design, land use, rate of development, density, building size, public improvements and dedications, construction standards, new construction and use, design standards, permit restrictions, development impacts, terms and conditions of occupancy, and environmental guidelines or review at the FC Project Area, including, as applicable:

- (i) the Waterfront Plan and the Design for Development;
- (ii) the Construction Codes, applicable provisions of the Planning Code, including Planning Code section 249.79 and Zoning Maps, the Subdivision Code, and the General Plan;
- (iii) local Environmental Laws and the City's Health Code; and
- (iv) the Other City Requirements (DDA Exh A7).

"City Party" means the City, including the Port and Other City Agencies, and their respective Agents, including commissioners, supervisors, and other elected and appointed officials.

"City Share of Tax Increment" means 64.59% of Gross Tax Increment on the Reference Date.

"citywide" means all real property within the territorial limits of San Francisco, not including any property owned or controlled by the United States or the State that is exempt from City Law.

"Claim" means a demand made in an action or in anticipation of an action for money, mandamus, or any other relief available at law or in equity for a Loss arising directly or indirectly from acts or omissions occurring in relation to the 28-Acre Site Project or at the 28-Acre Site during the DDA Term.

"Claim" excludes any demand made to an insurer under an insurance policy or to an Obligor of Adequate Security.

"Close of Escrow," "Close Escrow," "Close," and "Closing" mean that all conditions to a Port conveyance of a Development Parcel have been satisfied or waived and actions required to effect the conveyance are complete.

"Closing Date" means Developer's projected date to Close Escrow on the Master Lease under DDA § 8.5(b) (Closing Deliveries).

"Closing Deadline" means the date that is 90 days before the Outside Date for Commencement of Construction of the Phase 1 Improvements, as set forth in the Schedule of Performance.

"CLTA" is an acronym for the California Land Title Association.

"Commence Construction" means the start of substantial physical construction as part of a sustained and continuous construction plan.

"Commercial Parcel" means a Development Parcel on which office and other nonresidential uses are permitted in the SUD, excluding the Public Use Parcels.

"Commercial Test Parcel" means an Option Parcel that is selected under DDA § 4.5(a) (Timing) to determine whether a Down Market Delay has occurred with respect to commercial-office use.

"Common Control" means that two persons are both Controlled by the same other Person.

"Community Benefits Costs" means Arts Building Funding and costs of Community Facilities Space and Noonan Replacement Space funded by Developer Capital, plus accrued Developer Return.

"Community Facility Space" means space that the City may sublease for community facilities under DDA § 7.19(a) (Right to Sublease).

"Completed Affordable Housing Parcel" means an Affordable Housing Parcel for which Developer has satisfied the requirements of AHP § 3.3(a) (Required Improvements).

"Completed Residential Unit" means a Residential Unit in the AHP Housing Area for which the Port has issued a TCO.

"Component" as defined in the CFD Law means:

- (i) for a Horizontal Improvement with an estimated cost of over \$1 million, a discrete portion or phase that may be financed whether or not the Component is capable of serviceable use; or
- (ii) for a Horizontal Improvement with an estimated cost of \$1 million or less, a discrete portion or phase that may be financed when the Component is capable of serviceable use.

"Condo Transfer Fee" means a fee payable to the Port at the Close of Escrow for any Condo Unit owner's sale of 50% or more of the ownership interests in the Condo Unit.

"Condo Unit" means a Residential Unit that is intended to be offered for sale in fee for individual ownership, which will be treated as a Taxable Parcel in the Financing Documents.

"Consent" means Developer's or a City Agency's consent to the Transaction Document to which the Consent is attached.

"Consolidated Response Date" means three days after the date on which the Port receives comments from all Other City Agencies under ICA § 4.4(h) (Delivery of Compiled Comments).

"Construction Codes" means the Port Building Code and all Municipal Codes regulating construction of new Improvements and alteration or rehabilitation of existing Improvements, including the International Building Code and the California Building Code to the extent incorporated and as modified by the Port Commission or the Board of Supervisors.

"Construction Document" means any Improvement Plan or Master Utilities Plan submitted to the Port or the City in accordance with the ICA or the DDA.

"Construction Permit" means:

- (i) for Horizontal Improvements, any permit that Developer must obtain from the Port or Other City Agencies before Commencement of Construction at the 28-Acre Site; and
- (ii) for Vertical Improvements, building permits or site permits and addenda.

"Control" of an entity means that a person holds any of the following:

- (i) ownership of more than 50% of the entity's equity interests;
- (ii) the right to dictate its major decisions, subject to customary rights of non-controlling partners or members; or
- (iii) the right to appoint 50% or more of its managers or directors.

"Controller" means the Controller of the City and County of San Francisco.

- "Controlling Interest"** means the interest held by a person with the power to Control an entity.
- "convey"** means to transfer an interest in real property by Parcel Lease, deed, or other instrument.
- "conveyance agreement"** means a Vertical DDA, Parcel Lease, grant deed, quitclaim deed, or any implementing documents (such as recorded covenants) used to convey Development Parcels to Vertical Developers under the DDA.
- "Costa-Hawkins Act"** means the Costa-Hawkins Rental Housing Act (Cal. Civ. Code §§ 1954.50-1954.535).
- "costs"** means actual and reasonable expenses, fees, and other charges directly arising from or relating to the matter giving rise to a right to payment.
- "CPA"** is an acronym for an independent certified public accounting firm approved by the Port and Developer or Obligor, if applicable.
- "CPI"** is an acronym for the Consumer Price Index for All Urban Consumers in the San Francisco-Oakland-San Jose region (base period 1982-1984=100) that the United States Department of Labor, Bureau of Labor Statistics, publishes in February, April, June, August, October, and December of each year. If the index is changed after the Reference Date to use a different base year, CPI will be calculated using the published conversion factor. If publication is discontinued and not replaced, the Parties will confer to reach agreement on a substitute measure.
- "CPI (Residential)"** means the portion of the CPI for the "Housing" expenditure category only.
- "Credit Bid"** means a Vertical Developer Affiliate's deemed payment of Land Proceeds to the Port, subject to the limitations and conditions of FP § 3.3 (Right to Credit Bid) and FP § 3.4 (Amount of Credit Bid) or the act of paying by the deemed payment when used as a verb.
- "Credit Bid Determination Date"** means 15 days before Developer exercises an Option on an Option Parcel.
- "Cumulative IRR"** means Developer's cumulative internal rate of return calculated through the date of determination.
- "Current Assessed Value"** means a Taxable Parcel's Baseline Assessed Value as escalated or reassessed on the date of determination.
- "Current Parcel"** means an Assessed Parcel for which no delinquencies exist under the most recent ad valorem tax bill.
- "Current Phase"** means the Phase of the 28-Acre Site Project during which an event or determination occurs.
- "CWAG"** means the Port of San Francisco's Central Waterfront Advisory Group.
- "DA"** is an acronym for the Development Agreement.
- "DA Laws"** as defined in DA Recital F means the Development Agreement Statute, Chapter 56, and the DA Ordinance.
- "DA Ordinance"** means Ordinance No. 224-17 adopting the Development Agreement, incorporating by reference the CEQA Findings, public trust findings, and General Plan Consistency Findings for the 28-Acre Site Project, waiving specified provisions of the Municipal Code, and authorizing the Planning Director to execute the Development Agreement on behalf of the City.
- "DA Ordinance Effective Date"** as defined in DA § 2.1 (Effective Date) means December 15, 2017.
- "DA Requirements"** as defined in DA § 5.2(a) (Agreement to Follow) means:
- (i) Project Approvals;
 - (ii) the Transaction Documents; and

- (iii) all Existing City Laws and Standards, subject to DA § 5.3 (Changes to Existing City Laws and Standards).

"DA Successor" as defined in DA § 10.1 (Successors' Rights) means Vertical Developers and Developer's and Vertical Developers' successors.

"DA Term" means the term of the Development Agreement, which applies separately to horizontal development and vertical development, as described in DA § 2.2 (DA Term).

"DBI" is an acronym for the City's Department of Building Inspection.

"DDA" is an acronym for the Disposition and Development Agreement between the Port and Developer specifying the terms and conditions for Developer's master development of the 28-Acre Site.

"DDA Term" means the period beginning on the Reference Date and ending when the DDA expires by its own terms or by early termination.

"debt" means, when required by the context, financial obligations as defined in section 53395.1 and section 53395.8(c)(4) of the IFD Law.

"debt service" means the principal and interest payable on Bonds under an Indenture.

"debt service" excludes capitalized interest and any other amounts that are funded from gross bond proceeds for the payment of debt service before net bond proceeds are available for disbursement under an Indenture when used in reference to payments to be funded with Mello-Roos Taxes or Tax Increment in any year, or other capital requirements of the debt such as funding and replenishment of reserves, administrative costs, and coverage ratios.

"defend" when used in reference to a Claim means the defense, compromise, or other resolution of the Claim in or outside of an action.

"Deferred Infrastructure" means the Horizontal Improvements included with the Permit Set approved in compliance with all Applicable Laws that may be constructed, completed, and accepted in connection with the associated Vertical Improvements but separate from the rest of the other Horizontal Improvements approved in the Permit Set, but only upon agreement and approval by the Permitting Agency and an Acquiring Agency and in compliance with all Applicable Laws. Any approved Deferred Infrastructure other than Public Spaces in Park Parcels must be constructed and completed no later than the associated Vertical Improvements. Any approved Deferred Infrastructure for Public Spaces in Park Parcels will be completed no later than the applicable Outside Date for Completion in the Schedule of Performance.

"Deferred Infrastructure" excludes utility improvements and fixtures customarily installed as part of a Vertical Improvement.

"Deferred Infrastructure Zone" as defined and further described in DDA § 15.6(b) (Deferred Infrastructure Zones) means areas in which Deferred Infrastructure will be constructed, as identified by Developer in each Phase Submittal and Basis of Design Report.

"Design Advisory Committee" means a Port Director-appointed committee composed of qualified design professional to make design recommendations to the Port Commission on Schematic Design Applications under DDA § 13.6(d) (Review of Complete Applications).

"Design for Development" means the Pier 70 Design for Development that the Port Commission and the Planning Commission approved by Resolution No. 17-45 and Motion No. 19980, respectively.

"Developed Property" means, in any City Fiscal Year, Taxable Parcels that are categorized as such in the RMA for the Pier 70 CFD in which the parcels are located.

"Developer" means FC Pier 70, LLC, a Delaware limited liability company, together with its permitted successors and assigns.

"Developer Audit" means a financial review performed by a CPA on behalf of Developer under FP § 9.4(b) (Developer Audit).

"Developer Balance" means the sum of Developer's unreimbursed Horizontal Development Costs up to the date of determination as shown on the Developer Capital Schedule, plus accrued and unpaid Developer Return.

"Developer Balance" excludes vertical development costs, the Arts Building Funding, and the Historic Building Feasibility Gap.

"Developer Capital" means funds expended by Developer under the Financing Plan on Horizontal Development Costs.

"Developer Capital Schedule" means an accounting schedule that Developer maintains that shows:

- (i) the expenditures and reimbursements of Developer Capital; and
- (ii) accrued and unpaid Developer Return, for all Phases of the 28-Acre Site Project individually and in the aggregate, which will be used to determine the Developer Balance at any given time.

"Developer Closing Costs" means the Escrow costs customarily assigned to a real estate buyer or ground lessee, such as escrow and all associated fees, title insurance premiums and endorsement charges, transfer taxes, ad valorem taxes and assessments, if any, prorated as of the applicable Closing Date.

"Developer Construction Obligations" means Developer's duty under the DDA to perform or provide, in accordance with applicable Project Requirements and Regulatory Requirements, for:

- (i) construction of the Horizontal Improvements for Phase 1, which is a nontransferable obligation under DDA § 6.1 (Transfer Limitations in Phase 1);
- (ii) construction of the Horizontal Improvements for all other Phases;
- (iii) rehabilitation of the Historic Buildings for reuse in accordance with the Secretary's Standards;
- (iv) Developer Mitigation Measures; and
- (v) Associated Public Benefits.

"Developer Construction Obligations" excludes Port Improvements and any Deferred Infrastructure, Developer Mitigation Measures, and Associated Public Benefits that any Vertical Developer will construct or provide in accordance with its Vertical DDA.

"Developer Marketing Costs" means costs associated with marketing the 28-Acre Site Project, including interim activation, events associated with openings of public improvements and other activities that benefit Project land and user absorption, overall Pier 70 site branding and recognition, subject to a maximum of \$920,000 (NPV 2018\$) in reimbursable costs unless otherwise approved by the Port in its sole discretion.

"Developer Marketing Costs" exclude expenditure of funds received from the Master Marketing Fee.

"Developer Mitigation Measure" means any Mitigation Measure in the MMRP (DDA Exh A6) that is identified as the responsibility of the "project sponsors" that arises in connection with Developer's obligations under DDA § 14.8(a) (Horizontal Improvements), or otherwise undertaken by Developer at its expense, excluding Mitigation Measures that are specific to the construction or operation of particular Vertical Improvements that are otherwise the responsibility of the Vertical Developer.

"Developer Party" means Developer and its direct and indirect partners, members, shareholders, officers, and Affiliates, individually or collectively.

"Developer pass-through" means a Horizontal Development Cost that is paid directly to one or more of Developer's contractors, consultants, or suppliers, or to a Vertical Developer obligated to construct Deferred Infrastructure, at Developer's direction in a Payment Request.

"Developer Quarterly Report" means a quarterly financial report on the 28-Acre Site Project by Phase as described in FP § 9.1(b) (Developer Quarterly Reports).

"Developer Reimbursement Obligations" means Developer's duty under the DDA to indemnify the City Parties and pay Port Costs and Other City Costs.

"Developer Reimbursement Obligations" excludes Developer's use of Developer Capital to finance Horizontal Improvements.

"Developer Return" means a return that results in an 18% Cumulative IRR, calculated quarterly on unreimbursed Developer Capital as shown in the sample calculation in FP Sch 2. Under the Financing Plan, Developer Return accrues on:

- (i) Entitlement Costs incurred up to the Reference Date, added together in the Entitlement Sum;
- (ii) Entitlement Sum from the Reference Date to the date paid in full; and
- (iii) unreimbursed Horizontal Development Costs from the date that Developer incurs the costs until repaid in full.

"Developer ROFR" means a right of first refusal in favor of Developer under clause (ii) of DDA § 7.5(b) (Offering Document), which it may exercise in any Public Offering of an Option Parcel if the highest third-party offer exceeds the Down Market Threshold for the parcel but is less than its Fair Market Value.

"Developer Share" means 45% of the Interim Satisfaction Balance or Project Surplus, as applicable.

"Development Agreement" means the agreement that the City entered into with Developer under Chapter 56 and the Development Agreement Statute between specifying the entitlement rights that the City agreed to vest in Developer for development of the 28-Acre Site by adoption of the DA Ordinance.

"Development Agreement Statute" means California Government Code sections 65864-65869.5.

"Development Opportunity" means Developer's development rights under the DDA that the Port terminates under DDA § 12.8 (Effects of Termination on Development Rights).

"Development Parcel" means a buildable parcel in the SUD, including each Option Parcel.

"Director of Public Finance" means the director of the Public Finance Division of the Controller's Office.

"Director of Public Works" means the Director of San Francisco Public Works.

"Director of Transportation" means the Director of the San Francisco Municipal Transportation Agency.

"Disputing Party" means a person affected by a dispute that is subject to DDA Art 10 (Resolution of Certain Disputes).

"district" means any of the public financing districts described in the Financing Plan.

"Down Market" means a period of economic and other conditions causing a significant decline in the real estate market, as determined under DDA § 4.5 (Down Market Delay Procedures).

"Down Market Delay" means an Excusable Delay meeting the criteria in DDA § 4.5 (Down Market Delay Procedures).

"Down Market Notice" means a Party's notice delivered under DDA § 4.5(a) (Timing).

"Down Market Test" means the procedures in DDA § 4.5 (Down Market Delay Procedures) by which the Parties have agreed to determine whether a Down Market exists.

"Down Market Test Date" means the date a Down Market Test is final.

"Down Market Threshold" means 85% of the Land Value Indicator in the Initial Summary Proforma, as escalated to the Down Market Test Date under clause (i) of DDA § 4.5(c) (Down Market Test).

"Early Lease Parcel" means the first Option Parcel to be conveyed to a Vertical Developer Affiliate by Parcel Lease in each of Phase 1 and Phase 2 under DDA § 2.2(f) (Early Lease Parcels).

"Early Mello-Roos Bonds" means Mello-Roos Bonds that the City issues on behalf of the Pier 70 CFDs to finance Phase Improvements at the Port's request early in a Phase.

"Easement Action" means any proceeding to abandon, remove, relocate, or otherwise modify a Street and Utility Easement to permit construction of Phase Improvements in accordance with DDA § 8.1(e) (Street and Utility Easements).

"eligible" means Entitlement Costs, Capital Costs, and Interest on Land Proceeds that may be paid from Public Financing Sources under Governing Law and Policy.

"ENA" is an acronym for the Exclusive Negotiation Agreement dated as of July 12, 2011, between the Parties, as amended by the First Amendment to Exclusive Negotiation Agreement dated as of January 14, 2014, and the Second Amendment to Exclusive Negotiation Agreement dated as of April 28, 2015.

"Encumbered Property" means the specific real property interest in the 28-Acre Site that is the collateral under a Permitted Lien.

"Engineer" means the licensed engineer of record for Horizontal Improvements.

"Entitlement Cost Statement" means Developer's report on Entitlement Costs, prepared by a third party or subject to third-party review, as updated under FP § 2.3(a) (Entitlement Cost Statement).

"Entitlement Costs" means Soft Costs actually incurred and paid by the Developer between July 12, 2011, and the Reference Date to entitle the 28-Acre Site Project, including:

- (i) preliminary planning, design work, and due diligence;
- (ii) environmental review under CEQA;
- (iii) negotiating the financial and other terms of the Transaction Documents; and
- (iv) obtaining Project Approvals, including community outreach.

"Entitlement Costs" excludes any costs Developer incurred to lobby or campaign for any ballot measure affecting the 28-Acre Site Project.

"Entitlement Sum" means the sum of the Entitlement Costs and accrued Developer Return up to the Reference Date as shown in the final Entitlement Cost Statement.

"Environmental Covenants" means certain deed restrictions that the Water Board approved in the Port's Feasibility Study and Remedial Action Plan and a Risk Management Plan for Pier 70, which impose conditions under which the Water Board will allow certain land uses to occur at designated portions of the 28-Acre Site.

"Environmental Delay" means an Excusable Delay caused when:

- (i) the Port or the City is required to conduct additional environmental review or prepare additional environmental documents after the Planning Commission and Port Commission have certified the Final EIR and City staff has filed a notice of determination;
- (ii) a third party files an action challenging the certification or sufficiency of the Final EIR or any other additional environmental review, even if development activities are not stayed, enjoined, or otherwise prohibited;
- (iii) the unanticipated need to investigate, remediate, or otherwise correct previously unknown environmental or geotechnical conditions on or affecting any portion of the FC Project Area, but only if the conditions were not reasonably discoverable in the course of Developer's due diligence before the Reference Date; or
- (iv) the unanticipated need to comply with any Mitigation Measures adopted for the 28-Acre Site Project for conditions on or affecting any portion of the FC Project Area, but only if the conditions were not reasonably discoverable before the Reference Date and by their nature require a delay or work stoppage for investigation, remediation, or related activities, as long as the Party claiming delay is proceeding in a diligent manner to resolve the unforeseen issues.

"Environmental Law" means any law pertaining to handling, release, or remediation of Hazardous Materials, conditions in the environment, including structures, soil, air, bay water, and groundwater, the protection of the environment, natural resources, wildlife, and human health and safety, industrial hygiene and employee safety, and community right-to-know requirements, including CEQA, the Mitigation Measures, and the Environmental Covenants, applicable to the 28-Acre Site or related to the work being performed under the DDA or any conveyance agreement.

"Environmental Regulatory Action" means any inquiry, investigation, enforcement, remediation, agreement, order, consent decree, compromise, or other action that is threatened, instituted, filed, or completed by an Environmental Regulatory Agency in relation to a release of Hazardous Materials.

"Environmental Regulatory Agency" means the United States Environmental Protection Agency, the United States Occupational Safety and Health Administration, the United States Department of Labor, any California Environmental Protection Agency board, department, or office, including the Department of Toxic Substances Control and the Water Board, the California Division of Occupational Safety & Health, Department of Industrial Relations, the Bay Area Air Quality Management District, the San Francisco Department of Public Health, SFFD, SFPUC, the Port, and any Other Regulator now or later authorized to regulate Hazardous Materials.

"Environmental Regulatory Approval" means any approval, license, registration, permit, or other Regulatory Approval required or issued by any Environmental Regulatory Agency, including any closure permit and any hazardous waste generator identification numbers relating to operations at any portion of the 28-Acre Site and any closure permit.

"ERAF" is an acronym for the State Educational Revenue Augmentation Fund.

"ERAF Debt Period" means the period ending 20 City Fiscal Years after the City Fiscal Year in which any IFD subject to a Pier 70 enhanced financing plan first issues Bonds, during which the IFD may issue Bonds secured and payable by ERAF Tax Increment under and subject to any exceptions in the IFD Law.

"ERAF Tax Increment" means the county ERAF portion of Gross Tax Increment, which is 25.33% on the Reference Date, but subject to change through the State's budget process.

"ERH" is an acronym referring to the City's emergency ride home program.

"Escrow" and "Escrow Account" mean an account established with an Escrow Agent for the delivery, recordation, and distribution as applicable of title documents, funds, and any other items necessary to close a conveyance of a real property interest.

"Escrow Agent" means a local branch of a title company on the approved list maintained by the Real Estate Division of the San Francisco General Services Agency selected to handle a conveyance under the DDA.

"Event of Default" means a Breaching Party's failure to cure a noticed breach within the cure period specified in a Transaction Document.

"exacerbate" when used in reference to Hazardous Materials means any act or omission that increases the quantity or concentration of Hazardous Materials in the affected area, causes the increased migration of a plume of Hazardous Materials in soil, groundwater, or bay water, causes a release of Hazardous Materials that had been contained until the act or omission, or otherwise requires investigation or remediation that would not have been required but for the act or omission.

"Exaction" means any requirement to construct improvements for a public purpose, dedicate a real property interest, or other burden that the City imposes as a condition of approval to mitigate the impacts of increased demand for public services, facilities, or housing caused by a development project, which may or may not be an impact fee governed by the Mitigation Fee Act, including a fee paid in lieu of complying with a City requirement.

"Exaction" excludes Mitigation Measures and any federal, state, or regional impositions.

"Excess Return" means the amount by which Developer Return or Return on Port Capital exceeds the Interest Cost Limitation.

"Excluded Transfer" means:

- (i) a Borrower's grant of a Permitted Lien to a Permitted Lender;
- (ii) a Permitted Lender's exercise of remedies under a Permitted Lien;
- (iii) the sale, transfer, or issuance of stock that is listed on a national or internationally recognized stock exchange; or
- (iv) a change resulting from death or legal incapacity of an individual.

"Excusable Delay" means an allowed delay in performance caused by an event of Force Majeure.

"Excusable Delay" excludes:

- (1) *Developer's lack of Developer Capital needed for a Phase except when caused by an event of Force Majeure;*
- (2) *Developer's Insolvency; and*
- (3) *an Administrative Delay or Environmental Delay if the Party claiming delay fails to take required actions or attempt to resolve the issues causing delay in a timely and diligent manner.*

"Exempt Parcel" means any assessor's parcel that is exempt from taxation, including any levy of Mello-Roos Taxes under an RMA, or under any state or federal tax exempt determination.

"Existing City Laws and Standards" as defined in DA § 5.2(a) (Agreement to Follow) means:

- (i) the Project Approvals;
- (ii) the Transaction Documents; and
- (iii) all other applicable City Laws in effect on the DA Ordinance Effective, subject to DA § 5.3 (Changes to Existing City Laws and Standards).

"Existing Geotechnical Condition" means the physical, geotechnical condition of the 28-Acre Site, including soils and groundwater conditions, before Developer took possession of the 28-Acre Site.

"Existing Geotechnical Condition" excludes the Existing Hazardous Material Condition of the 28-Acre Site.

"Existing Hazardous Material Condition" means the presence or release of Hazardous Materials in, on, or about any portion of the 28-Acre Site that occurred before Developer took possession of the 28-Acre Site.

"Experience Requirement" means the Port's requirement that a proposed Transferee, including its consultant and management team, have direct and substantial experience (in the Port's reasonable judgment) as a master developer of projects similar in size and complexity to the development opportunity being Transferred.

"Facilities CFD" means a CFD or part of a CFD that authorizes the levy of Improvement Special Taxes to finance eligible Improvements.

"Facilities CFD Administrative Costs" means CFD Administrative Costs payable from Improvement Special Taxes in accordance with the applicable RMA.

"Facilities Special Tax Credit" means the amount by which the Potential Facilities Special Tax levy for a Current Parcel in the Pier 70 Leased Property CFD will be reduced by the application of Allocated Tax Increment under:

- (i) FP § 6.5(h) (Application of Tax Increment to Special Debt Service) for NOI Property in Zone 1 and Zone 2 of the Pier 70 Leased Property CFD; or
- (ii) FP § 11.1(b) (Application of HB Tax Increment to Special Debt Service) for Historic Building 12 or Historic Building 21.

"Facilities Special Tax Fund" means the segregated accounts in the Special Fund Trust Account that the Port, as CFD Agent, will establish with the Special Fund Trustee to receive, administer, and disburse Mello-Roos Taxes on behalf of the CFDs through the Special Fund Administration Agreement, which are expected to consist of:

- (i) the Pier 70 CFD Facilities Account;
- (ii) the Project Reserve Account;
- (iii) the Shoreline Account;
- (iv) the Arts Building Account; and
- (v) the Hoedown Yard Facilities Account.

"Facilities Special Taxes" means Improvement Special Taxes that are levied to finance eligible Improvements in accordance with the RMA for:

- (i) the Pier 70 Leased Property CFD;
- (ii) the Pier 70 Condo CFD; and
- (iii) the Hoedown Yard CFD.

"Fair Market Value" means the value conclusion for real property reached according to procedures described in the DDA for Development Parcels in the 28-Acre Site, by a proprietary appraisal for Parcel K North, or by an appraisal submitted by Developer to determine the Historic Building Value for purposes of DDA § 9.2(c) (Effect on Historic Buildings), in each case expressed as the price that a prospective buyer with reasonable knowledge of the relevant facts would be willing to pay on the open market for fee title or the leasehold interest that the Port will convey.

"FC Project Area" means the 28-Acre Site and 20th Street, 21st Street, and 22nd Street east of Illinois Street, and areas outside of the 28-Acre Site where the Developer will construct Improvements serving the 28-Acre Site.

"FC Project Area Maintained Facilities" means the following Improvements, for which Ongoing Maintenance Costs will be paid by Services Special Taxes levied on Taxable Parcels in the Pier 70 Leased Property CFD and Taxable Parcels in Zone 2 of the Pier 70 Condo CFD:

- (i) Public Spaces in the FC Project Area;
- (ii) Public ROWs in the FC Project Area, including any portion of the Building 15 structure over 22nd Street; and
- (iii) Shoreline Improvements in and adjacent to the FC Project Area.

"FC Project Area Maintained Facilities" *excludes any private open space or other private facilities.*

"Federal or State Law Exception" as defined in DA § 5.6(a) (City's Exceptions) means a City Agency's retained police power authority to exercise its discretion under the Project Approvals and Transaction Documents over matters under its jurisdiction in a manner that is reasonably calculated and narrowly drawn to comply with applicable changes in federal or state law affecting the physical environment.

"Fee Value" means the Fair Market Value as defined by California Code of Civil Procedure section 1263.320 of the fee interest in an Option Parcel used to establish its purchase price.

"FEHA" is an acronym for the Fair Employment and Housing Act (Cal. Gov't Code §§ 12900-12996).

"FEIR" is an acronym for the final EIR for the SUD Project.

"FEMA" is an acronym for the Federal Emergency Management Agency.

"final" when used to refer to any Project Approval or Future Approval means that:

- (i) no administrative or judicial appeal has been filed by the applicable deadline;
- (ii) if an administrative or judicial appeal has been timely filed, the Project Approval or Future Approval has been upheld by a final decision; or
- (iii) the Board of Supervisors has certified the results of an election under the Elections Code at which a referendum petition regarding a Project Approval is rejected.

"Final Affordable Percentage" as defined in AHP § 2.1(a) (Final Affordable Percentage) means 30% or more of the total number of Residential Units constructed in the AHP Housing Area, at Final Completion of all Residential Projects, will be Inclusionary Units and BMR Units, taking BMR Credits into account.

"Final Appraisal" means the appraisal report that will be used for the conveyance of any Option Parcel, which can be either the Joint Appraisal as provided in DDA § 7.3(e) (Joint Appraisal) or the result of a dispute resolution process under DDA § 7.3(f) (Appraisal Disputes).

"Final Audit" means Developer's final financial report for the 28-Acre Site Project as described in FP § 9.3(b) (Final Audit).

"Final Audit Date" means the due date for the Final Audit under FP § 9.3(b) (Final Audit).

"Final Certificate of Occupancy" means a certificate of occupancy that the Chief Harbor Engineer issues under the Port Building Code allowing all portions of a building to be occupied.

"Final Completion of all Residential Projects" means the date that the Chief Harbor Engineer has issued a Temporary Certificate of Occupancy for all Residential Units to be developed in the AHP Housing Area.

"Final EIR" means the environmental impact report for the Project that the Planning Commission certified on August 24, 2017.

"final judgment" means an order, judgment, award, settlement, consent decree, stipulated judgment, or other partial or complete termination of an action with respect to a Claim or a Loss issued by an administrative, judicial, quasi-judicial, or nonjudicial body that is effective and binding after any appeal is finally adjudicated and all rights to appeal have been exhausted, or the time to appeal has expired.

"Final Map" means a final Subdivision Map meeting the requirements of the Subdivision Code and the Map Act.

"Final Option Parcel" means the last Option Parcel to be developed in the 28-Acre Site.

"Final Phase" means the last Phase of development under the Phasing Plan.

"Final Port Report" means the Port's final financial report for the 28-Acre Site Project as described in FP Art 9 (Reporting).

"Final Transfer Map" means a Transfer Map meeting the requirements for recordation under the Subdivision Code and the Map Act.

"Financing Document" means any one or more of the Financing Plan, Appendix G-2, the IRFD Financing Plan, the RMA for any CFD, the Tax Allocation MOU, the CFD Formation Proceedings for any CFD, the IFD Formation Proceedings, the IRFD Formation Proceedings, and all related ordinances and resolutions that the Board of Supervisors adopted in connection with the formation of the Sub-Project Areas, the IRFD, and the CFDs.

"Financing Document" includes Appendix G-1 solely in relation to the Waterfront Set-Aside requirement under IFD Law.

"Financing Plan" means DDA Exh C1, the part of the DDA that will govern the application of Project Payment Sources to meet the Project Payment Obligation and other matters relating to financing the 28-Acre Site Project and revenue-sharing.

"Fire Safety Infrastructure" means Horizontal Improvements for utilities serving the 28-Acre Site that will be under SFFD jurisdiction when accepted.

"First Construction Document" means the first Construction Permit issued for a Vertical Improvement that authorizes its construction to begin.

"First Construction Document" excludes any Construction Permit for Site Preparation.

"Flex Parcel" means a Development Parcel that may be developed for residential or commercial use under the SUD.

"Floodplain Management Plan" means the document described in Port Building Code §§ 104A.2.1.1-104A.2.1.2.

"Floodplain Ordinance" means the law (Admin. Code art. XX) managing construction in flood-prone areas of San Francisco and authorizing the City's participation in the National Flood Insurance Program.

"Force Majeure" means an event that is not caused by and is outside the reasonable control of the Party claiming an Excusable Delay, but only to the extent that the event delays or prevents a Party's performance, and includes:

- (i) domestic or international events disrupting civil activities, such as war, acts of terrorism, insurrection, acts of the public enemy, and riots;
- (ii) acts of nature, including floods, earthquakes, unusually severe weather, and resulting fires and casualties;

- (iii) epidemics and other public health crises affecting the workforce by actions such as quarantine restrictions;
- (iv) inability to secure necessary labor, materials, or tools (but only if the Party claiming delay has taken reasonable action to obtain them on a timely basis) due to any of the above events, freight embargoes, lack of transportation, or failure or delay in delivery of utilities serving the 28-Acre Site;
- (v) government action or inaction after the Reference Date that precludes or substantially increases Developer's cost to perform or comply with any provision of the DDA;
- (vi) litigation that enjoins construction or other work on any portion of the 28-Acre Site, causes a lender to refuse to fund a draw request or to accelerate payment on a loan, or prevents or suspends construction work on the 28-Acre Site except to the extent caused by the Party claiming an extension;
- (vii) Administrative Delay;
- (viii) Environmental Delay; and
- (ix) Down Market Delay.

"Foreclosed Property" means a real property interest that has transferred through a Lender Acquisition.

"FP" is an acronym for DDA Exh C1, the Financing Plan.

"Funding Goals" means the Parties' financial objectives under FP § 1.2 (Funding Goals).

"Future Annexation Area" means Development Parcels that are designated for possible annexation into the Pier 70 Leased Property CFD and the Pier 70 Condo CFD, identified as Parcels E1, F, G, H1, H2, C1A, E4, and Parcel K South of the SUD as of the Reference Date.

"Future Approval" means any Regulatory Approval adopted or issued after the DA Ordinance Effective Date that is required to begin Site Preparation, construct Improvements in the FC Project Area, or otherwise implement the 28-Acre Site Project.

"FY" is an acronym for "fiscal year" in reference to a City Fiscal Year.

"FYE" is an acronym for "fiscal year end," which occurs on June 30 of each City Fiscal Year.

"GAAP" means generally accepted accounting principles consistently applied.

"General Plan" means goals, policies, and programs for the future physical development of the City, as adopted by the Planning Commission and approved by the Board of Supervisors, taking into consideration social, economic, and environmental factors.

"General Plan Consistency Findings" means findings made by the Planning Commission by Resolution No. 19978 that the 28-Acre Site Project as a whole and in its entirety is consistent with the objectives, policies, general land uses, and programs specified in the General Plan and the planning principles in Planning Code section 101.1.

"GMP contract" means a guaranteed maximum price contract or negotiated contract with cost-efficiency measures.

"Governing Law and Policy" when referring to Public Financing Sources collectively or individually as applicable, means the CFD Law, the IFD Law, the IRFD Law, the Tax Code, the CFD Goals, and the Port IFD Guidelines.

"Gross Tax Increment" means, in any portion of any financing district authorized to use Tax Increment or Housing Tax Increment, 100% of the revenue produced by application of the 1% ad valorem tax against the increase in aggregate assessed values of Taxable Parcels over the base year set

forth in the IFD Financing Plan or IRFD Financing Plan, as applicable, including all real property and possessory interest taxes, whether collected on the regular or supplemental tax roll.

"gsf" is an acronym for gross square feet in any structure, as measured under applicable provisions of the Design for Development.

"Guaranty" means a guaranty substantially in the form of DDA Exh B12, or as revised by agreement of Developer and the Port Director in their respective sole discretion.

"handle" when used in reference to Hazardous Materials means to use, generate, process, manufacture, produce, package, treat, transport, store, emit, discharge, or dispose of a Hazardous Material.

"Hard Cost" means the reasonable and customary out-of-pocket costs actually incurred and paid after the Reference Date by Developer or the Port in connection with Horizontal Improvements, including:

- (i) labor and materials;
- (ii) building and site permit fees;
- (iii) Port permit fees; and
- (iv) any other amount specifically identified in the Financing Plan or the DDA as a Hard Cost (such as Deferred Infrastructure).

"Hard Cost" excludes:

- (1) Soft Costs;
- (2) costs incurred before the Reference Date; and
- (3) work that must be repaired or replaced at no additional cost due to failure to satisfy quality, quantity, types of materials, and workmanship in accordance with Improvement Plans approved under the DDA and ICA.

"Hazardous Material" means any material, waste, chemical, compound, substance, mixture, or byproduct that is identified, defined, designated, listed, restricted, or otherwise regulated under Environmental Laws as a "hazardous constituent," "hazardous material," "hazardous waste constituent," "infectious waste," "medical waste," "biohazardous waste," "extremely hazardous waste," "pollutant," "toxic pollutant," or "contaminant," or any other designation intended to classify substances by properties deleterious to the environment, natural resources, wildlife, or human health or safety, including:

- (i) ignitability, infectiousness, corrosiveness, radioactivity, carcinogenicity, toxicity, and reproductive toxicity;
- (ii) any form of natural gas, petroleum products, or any fraction;
- (iii) asbestos, asbestos-containing materials, and presumed asbestos-containing materials;
- (iv) PCBs, PCB-containing materials; and
- (v) any other substance that, due to its characteristics or interaction with one or more other materials, wastes, chemicals, compounds, substances, mixtures, or byproducts, damages or threatens to damage the environment, natural resources, wildlife, or human health or safety.

"Hazardous Material Claim" means a Claim arising from the presence, alleged presence, release, or threatened release of any Hazardous Materials in, on, under, or about any portion of the 28-Acre Site.

"Hazardous Materials Indemnification" means the indemnification against Hazardous Materials Claims and Losses that the Tenant and Related Third Parties must provide under ML Art 19 (Indemnification of Port).

"HB Bonds" means, as applicable, (i) Mello-Roos Bonds issued by the Pier 70 Leased Property CFD that are secured by Facilities Special Taxes levied on Taxable Parcels of Historic Building 12 in Zone 3 of the Pier 70 Leased Property CFD, and (ii) Mello-Roos Bonds issued by the Pier 70 Leased Property CFD that are secured by Facilities Special Taxes levied on Taxable Parcels of Historic Building 21 in Zone 3 of the Pier 70 Leased Property CFD.

"HB Tax Increment" means, as applicable, (i) the Project Tax Increment and the Port Tax Increment generated from Taxable Parcels of Historic Building 12, and (ii) the Project Tax Increment and the Port Tax Increment generated from Taxable Parcels of Historic Building 21.

"HB2 Project Materials" as defined in clause (vii) of DDA § 7.11(a) (Option Exercise Procedures) means studies, applications, reports, permits, plans, drawings, and similar work product prepared for the rehabilitation of Historic Building 2.

"HDY1," "HDY2," and "HDY3" are the designations for three developable parcels that may be created by the land area created by merging the Hoedown Yard with the bisecting public right-of-way, as shown in the Land Use Plan attached to the DDA.

"Historic Building" means any one of the historic structures in the 28-Acre Site known as Building 2, Building 12, and Building 21, each of which is classified as a significant contributing historic resource to the Union Iron Works Historic District.

"Historic Building Account" means the segregated account in the Facilities Special Tax Fund that the Port establishes with the Special Fund Trustee to receive, hold, and disburse Historic Building Special Taxes as specified in the Financing Plan.

"Historic Building Cost" means the sum of the following amounts, calculated separately for Historic Building 12 and Historic Building 21:

(i) all reasonable and customary hard and soft costs of rehabilitation determined in accordance with the Appendix of 28-Acre Site Parcel Lease Provisions for Historic Buildings 2, 12 and 21 attached to the form of Parcel Lease, plus

(ii) 10% developer profit on actual rehabilitation costs, unescalated; and

(iii) subtracting from both (i) and (ii) the following: (i) Gross Income from the applicable Historic Building (determined in accordance with the applicable Parcel Lease); less (ii) operating expenses for the applicable Historic Building to the extent not otherwise included in hard costs or soft costs (as those terms are defined in the Appendix of 28-Acre Site Parcel Lease Provisions for Historic Buildings 2, 12 and 21 attached to the form of Parcel Lease).

"Historic Building Feasibility Gap" means, calculated separately for Historic Building 12 and Historic Building 21, the amount calculated under FP § 11.1 (Subsidy for Historic Buildings 12 and 21).

"Historic Building Schedule" means a schedule that the Vertical Developer Affiliate that rehabilitates Historic Building 12 or Historic Building 21 maintains to account for funds applied to the applicable Historic Building Feasibility Gap.

"Historic Building Proceeds" means the Historic Building Special Taxes and Mello-Roos Bond Proceeds secured by the Historic Building Special Taxes, which will be the primary source to fund the Historic Building Feasibility Gap.

"Historic Building Special Taxes" means the Improvement Special Taxes that are levied to finance the Historic Building Feasibility Gap.

"Historic Building Value" means the fair market value of the applicable Historic Building immediately prior to the date of casualty, as determined by an appraisal prepared by a Qualified Appraiser submitted by Developer to the Port.

"Historic District" is a short-hand designation sometimes used to refer to the *Union Iron Works Historic District*.

"Historic Pier 70 Premises" means the property that the Port has leased to Historic Pier 70, LLC.

"Historic Tax Credits" means tax credits that may be obtained under the Historic Preservation Tax Incentives Program jointly administered by the National Park Service and the State Historic Preservation Office, codified at Tax Code section 47.

"Hoedown Yard" is the designation for two parcels owned by PG&E along Illinois Street roughly between 21st Street and 22nd Street, bisected by a public right-of-way, which is subject to an Option Agreement for the Purchase and Sale of Real Property between the City and PG&E under which the City has a transferable option to purchase the Hoedown Yard, which the Board of Supervisors approved by Resolution No. 275-14 and, when required by the context, means the Hoedown Yard merged with the public right-of-way, then subdivided into HDY1, HDY2, and HDY3.

"Hoedown Yard CFD" means the CFD that the City has agreed to establish over the Hoedown Yard. Although the CFD number designation may change depending on the timing of the formation, the name of the Hoedown Yard CFD is expected to be *"City and County of San Francisco Special Tax District No. [TBD] (Illinois Street)."*

"Hoedown Yard CFD Proceeds" means Facilities Special Taxes and proceeds of Bonds secured by Facilities Special Taxes from Taxable Parcels in the Hoedown Yard CFD.

"Hoedown Yard Facilities Account" means the segregated account in the Facilities Special Tax Fund that the Port will establish with the Special Fund Trustee to receive, administer, and disburse Hoedown Yard Facilities Special Taxes from the Hoedown Yard CFD.

"Hoedown Yard Facilities Special Taxes" means Facilities Special Taxes from the Hoedown Yard that are levied in the Hoedown Yard Facilities CFD.

"Hoedown Yard Maintained Facilities" means the improvements for which Ongoing Maintenance Costs will be paid by Services Special Taxes levied on Taxable Parcels in the Hoedown Yard CFD, as specified in the Financing Plan.

"Hoedown Yard Services Account" means the segregated account in the Services Special Tax Fund that the Port will establish with the Special Fund Trustee to receive, administer, and disburse Services Special Taxes from the Hoedown Yard CFD.

"Hoedown Yard Services Special Taxes" means Services Special Taxes from the Hoedown Yard that are allocated to the Hoedown Yard Services CFD.

"horizontal development" means the preparation of unimproved or predominantly unimproved land for vertical development.

"Horizontal Development Costs" means costs incurred by Developer or the Port that are reimbursable under the DDA or the Financing Plan, for the following:

- (i) Entitlement Costs;
- (ii) Hard Costs and Soft Costs;
- (iii) Developer Mitigation Measures;
- (iv) Deferred Infrastructure if funded by Developer;

- (v) Associated Public Benefits; and
- (vi) costs associated with implementing the DDA, including any additional costs that the Parties have agreed shall be incurred by the Developer for the Project.

"Horizontal Development Costs" excludes:

- (1) any claimed costs that are not verified by proof of payment;
- (2) the portion of any cost that is commercially unreasonable as of the date incurred;
- (3) costs to rehabilitate Historic Building 2, Historic Building 12, and Historic Building 21, including the Historic Building Feasibility Gap;
- (4) Arts Building Costs, construction costs associated the Noonan Replacement Space, and costs to build the Community Facility Space;
- (5) costs that any Vertical Developer incurs to implement Mitigation Measures and provide any other Associated Public Benefits; and
- (6) other costs of Vertical Improvements.

"Horizontal Improvements" means:

- (i) capital facilities and infrastructure and their constituent Components that Developer builds or installs in or to serve the FC Project Area or for other public purposes, including Site Preparation, Shoreline Improvements, Public Spaces, Public ROWs, and Utility Infrastructure; and
- (ii) Deferred Infrastructure.

"Horizontal Improvements" excludes Vertical Improvements.

"Horizontal Phase Costs" means, on the date of determination, the amount of Developer Capital spent on Phase Improvements that is allocated to horizontal development under FP § 2.4 (Horizontal Development Costs).

"household" means one or more related or unrelated individuals who live together in a Residential Unit as their primary dwelling.

"Household Size" means the number of persons in a household occupying a Residential Unit.

"Housing Impact Fees" means the 28-Acre Site Affordable Housing Fees and the 28-Acre Site Jobs/Housing Equivalency Fees collected from development on the 28-Acre Site.

"Housing Map" means AHP Att A.

"Housing Tax Increment" means Tax Increment from the IRFD.

"Housing Tax Increment Bonds" means any Bonds of the IRFD, including obligations incurred under a Pledge Agreement, secured and payable by a pledge of or otherwise payable from Housing Tax Increment.

"Housing Tax Increment Bonds" excludes Mello-Roos Bonds and Tax Increment Bonds.

"HUD" means the United States Department of Housing and Urban Development.

"Hybrid Lease" means a Parcel Lease of an Option Parcel under which the Developer Share of the Interim Satisfaction Balance is paid as Prepaid Rent and the Port Share is paid as Annual Ground Rent under FP § 3.7(b) (Hybrid Lease).

"ICA" is an acronym for "interagency cooperation agreement" that refers to the Memorandum of Understanding (Interagency Cooperation).

"IFD" is an acronym for Infrastructure Financing District No. 2 (Port of San Francisco), formed by Ordinance No. 27-16.

"IFD Administrative Costs" means the reasonable costs that the Port, as IFD Agent, actually incurs and pays for:

- (i) services of any Indenture Trustee (including its counsel) for any Bonds that the IFD issues or the City issues on behalf of the IFD;
- (ii) marketing or remarketing Bonds; and
- (iii) all other administrative services provided by the Port, the IFD Administrator, the City, the Special Fund Trustee, and third-party professionals necessary for the Port to perform its duties under the DDA, Tax Allocation MOU, Special Fund Administration Agreement, and Appendix G-2, including the City's costs under section 53369.5 of the IFD Law.

"IFD Administrator" means the tax increment consultant or any other person that the Port Director designates to administer Tax Increment from Sub-Project Area G-2, Sub-Project Area G-3, and Sub-Project Area G-4 of Project Area G in accordance with Appendix G-2.

"IFD Agent" means the Port, acting on behalf of the IFD with respect to the Sub-Project Areas.

"IFD Cap" means the maximum dollar amount of Tax Increment from each Sub-Project Area that the City agrees to allocate to the IFD.

"IFD Financing Plan" means the infrastructure financing plan for the IFD Project Area, including all appendices implementing project-specific infrastructure financing plans for sub-project areas.

"IFD Formation Proceedings" means legislation that the Board of Supervisors will adopt to form Sub-Project Area G-2, Sub-Project Area G-3, and Sub-Project Area G-4, approve Appendix G-2, and related authorizations.

"IFD Law" means California law governing infrastructure financing districts, beginning at Government Code section 53395, as amended from time to time.

"IFD Project Area" means any designated project area within the IFD, including all Sub-Project Areas and Taxable Parcels in the 28-Acre Site.

"IFD Termination Date" means the respective dates on which all allocations to the IFD of Tax Increment from each Sub-Project Area and the IFD's authority to repay indebtedness with Tax Increment from each Sub-Project Area end under Appendix G-2.

"Illinois Street Parcels" means the 20th Illinois Parcel and the Hoedown Yard in their current ownership and configuration and as they may later be conveyed and reconfigured substantially as shown in the Land Use Plan (designated as Parcel K North, Parcel K South, HDY1, HDY2, and HDY3 on the Reference Date).

"Impact Fee" means any fee that the City imposes as a condition of approval to mitigate the impacts of increased demand for public services, facilities, or housing caused by the development project that may or may not be an impact fee governed by the Mitigation Fee Act, including in-lieu fees.

"Impact Fee" excludes any Administrative Fee, school district fee, or federal, state, or regional fee, tax, special tax, or assessment.

"Improvement" means any physical change required or permitted to be made to property, including Horizontal Improvements and Vertical Improvements.

"Improvement Bonds" means adequate security that Developer will be required to provide Public Works in connection with the subdivision of the 28-Acre Site.

"Improvement Plan Submittal" means a set of Improvement Plans for Horizontal Improvements associated with a Public Improvement Agreement for review by Other City Agencies and the Port under ICA § 4.4(d) (Plan Submittals).

"Improvement Plans" means drawings and other documents for Horizontal Improvements that Developer (or Vertical Developers, if applicable) submit for approval in accordance with the ICA.

"Improvement Special Taxes" means all categories of Mello-Roos Taxes that the City levies in a City Fiscal Year on Taxable Parcels and residential units in a CFD to finance eligible Improvements authorized through CFD Formation Proceedings, which include:

- (i) for the Pier 70 Leased Property CFD, Facilities Special Taxes, Shoreline Special Taxes, and Arts Building Special Taxes;
- (ii) for the Pier 70 Condo CFD, Facilities Special Taxes and Arts Building Special Taxes; and
- (iii) for the Hoedown Yard CFD, Facilities Special Taxes.

"Improvements" means all physical changes required or permitted to be made to or in the vicinity of the FC Project Area and the Illinois Street Parcels under the DDA, including Horizontal Improvements and Vertical Improvements.

"Inclusionary Obligation" means the requirement under AHP § 6.1(a) (Development) that 20% of all Residential Units in each Market-Rate Rental Project be Inclusionary Units rented at a level affordable to households with incomes between 55% and 110% of AMI, not to exceed a maximum average of 80% of AMI in each building.

"Inclusionary Unit" means a Rental Unit that is:

- (i) available to and occupied by a household with an income not exceeding the Maximum Inclusionary AMI; and
- (ii) rented at an Affordable Housing Cost for households with incomes at or below the Maximum Inclusionary AMI, subject to adjustment as provided in AHP § 9.2 (Potrero Terrace and Annex) and AHP § 9.3 (Housing for Special Populations) if applicable.

"Inclusionary Unit" excludes BMR Units.

"Indemnified Party" means, as applicable, a City Party or Developer Party with the right to indemnification by an Indemnitor under the DDA.

"Indemnify" means reimburse, indemnify, defend, and hold harmless.

"Indemnitor" means, as applicable, a City Party or a Developer Party with an indemnification obligation under the DDA.

"Indenture" means one or more indentures, trust agreements, fiscal agent agreements, financing agreements, or other documents containing the terms of any Bonds secured and payable by a pledge of and to be paid by any combination of Mello-Roos Taxes and Project Tax Increment.

"Indenture Trustee" means the fiscal agent or trustee under an Indenture.

"Index" means the Construction Cost Index, San Francisco, published monthly by *Engineering News-Record* or a replacement index as agreed by the Parties.

"Indexed" means the product of a cost estimate or actual cost that Developer established for Vertical Improvements or any Component of Horizontal Improvements in a Prior Phase, multiplied by the percentage of any increase between the Index published in the month in which the earlier actual cost or cost estimate was established and the Index published in the month in which Developer claims a Material Cost Increase.

"individual" when referring to a person means a human.

"Infrastructure Plan" means the Infrastructure Plan attached as DDA Exh B8, including the Streetscape Master Plan and each Master Utility Plan when later approved by the applicable City Agency.

"Initial Summary Proforma" means the Summary Proforma attached as FP Sch 1 to the Financing Plan.

"Initial Transition Notice" means the notice prepared and delivered to the Noonan Tenants under clause (i) of DDA § 7.13(c) (Artist Transition Plan).

"in-lieu fee" means a fee a developer may pay instead of complying with an Exaction.

"Insolvency" means a person's financial condition that results in any of the following:

- (i) a receiver is appointed for some or all of the person's assets;
- (ii) the person files a petition for bankruptcy or makes a general assignment for the benefit of its creditors;
- (iii) a court issues a writ of execution or attachment or any similar process is issued or levied against any of the person's property or assets; or
- (iv) any other action is taken by or against the person under any bankruptcy, reorganization, moratorium or other debtor relief law.

"Inspection Request" means Developer's written request that the Chief Harbor Engineer arrange for the applicable Acquiring Agency to inspect Horizontal Improvements or Components for compliance with Project Requirements and City Law.

"Interest Cost Limitation" means the statutory limit on the amount of interest that an infrastructure financing district is authorized to pay to acquire infrastructure under IFD Law section 53395.2, specifically, "a rate of interest not to exceed the bond buyer index rate on the day that the agreement to repay is entered into."

"Interest on Land Proceeds" means annual rate of 3.890% compounded quarterly until paid, the rate at which interest accrues on the principal amount of Promissory Note-LP and Promissory Note-X.

"Interested Person" means a person that acquires a property interest or security interest in any portion of the 28-Acre Site by a conveyance or Lender Acquisition.

"Interim Affordable Percentage" is defined in AHP § 2.2(b) (Required Interim Threshold) means the requirement that, when the Port has issued TCOs for all Residential Projects within any Phase other than the Final Phase, the sum of Inclusionary Units plus any earned BMR Credits must be 20% or more of the number of all Completed Residential Units plus earned BMR Credits.

"Interim Lease Revenues" means Percentage Rent generated from the Master Lease (determined under ML Exh D), which will be treated as Land Proceeds under the Financing Plan.

"Interim Satisfaction" means that all of the conditions specified FP § 3.6(b) (Interim Satisfaction Event at Closing) have been satisfied.

"Interim Satisfaction Balance" means any Land Proceeds available for interim revenue-sharing under FP § 3.6 (Interim Satisfaction), subject to the Port's rights under FP § 3.7 (Parcel Lease Options).

"Interim Satisfaction Event" means the occurrence of Interim Satisfaction in a Phase.

"investigate" when used with reference to Hazardous Materials means any activity undertaken to determine and characterize the nature and extent of Hazardous Materials that have been, are being, or are threatened to be released in, on, under, or about any portion of the 28-Acre Site, other Port property, or the environment, including:

- (i) preparation and publication of site history;
- (ii) sampling, and monitoring reports;

- (iii) performing equipment and facility testing such as testing the integrity of secondary containment and above and underground tanks; and
- (iv) sampling and analysis of environmental conditions before, during, and after remediation begins and continuing until the appropriate Environmental Regulatory Agency has issued a no further action letter, lifted a clean-up order, or taken similar action.

"Invitee" means a person's clients, customers, invitees, patrons, guests, members, licensees, permittees, concessionaires, vendors, suppliers, assignees, tenants and subtenants, any other person whose rights arise through them, and members of the general public present on any property under the person's possession and control.

"IRFD" means City and County of San Francisco Infrastructure and Revitalization Financing District No. 2, which the Board of Supervisors will establish over the Hoedown Yard.

"IRFD Administrative Costs" means the reasonable costs that the Port, as IRFD Agent, actually incurs and pays for:

- (i) services of any Indenture Trustee (including its counsel) for any Bonds that the IRFD issues or the City issues on behalf of the IRFD;
- (ii) marketing or remarketing Bonds issued by or for the IRFD; and
- (iii) all other administrative services provided by the Port, the IRFD Administrator, the City, the Special Fund Trustee, and third-party professionals necessary for the Port to perform its duties under the DDA, Tax Allocation MOU, Special Fund Administration Agreement, and IRFD Financing Plan.

"IRFD Administrator" means the tax increment consultant or any other person that the Port Director designates to administer Housing Tax Increment from the IRFD in accordance with the IRFD Financing Plan.

"IRFD Agent" means the Port, acting on behalf of the IRFD.

"IRFD Cap" means the maximum dollar amount of Housing Tax Increment from the IRFD that the City agreed to allocate to the IRFD.

"IRFD Financing Plan" means the infrastructure financing plan for the IRFD.

"IRFD Formation Proceedings" means the legislation that the Board of Supervisors adopts to establish and authorize implementation of the IRFD.

"IRFD Law" means the law governing infrastructure and revitalization financing districts (Calif. Gov't Code §§ 53369-53369.49).

"IRFD Termination Date" means the date on which all allocations to the IRFD of Housing Tax Increment and the IRFD's authority to repay indebtedness with Housing Tax Increment will end under the IRFD Financing Plan.

"Irish Hill Playground" means the public playground shown in the Design for Development.

"ISCOTT" is an acronym for the Interdepartmental Staff Committee on Traffic and Transportation.

"issue" when used in reference to any form of indebtedness in the Financing Plan means to complete all actions required to obtain the proceeds for authorized uses under the Financing Plan.

"Joint Appraisal" means the appraisal report that a Qualified Appraiser delivers to both Parties under DDA § 7.3(e) (Joint Appraisal).

"Joint Escrow Instructions" means the Parties' joint instructions to the Escrow Agent for the Escrow concerning the Port's conveyance of an Option Parcel.

"Land Proceeds" means any of the following revenues paid in cash or by Credit Bid or both to the Port:

- (i) Interim Lease Revenues;
- (ii) Parcel K North Proceeds;
- (iii) proceeds of the sale of any Option Parcel, net of Port costs of conveyance and any offset for Deferred Infrastructure that a Vertical Developer will build;
- (iv) Prepaid Rent paid to the Port under a Prepaid Lease;
- (v) PNL Payments to the Port under Promissory Note-LP; and
- (vi) net proceeds from the Port's conveyance of Historic Building 12 or Historic Building 21, if positive.

"Land Proceeds" excludes:

- (1) *Prepaid Rent paid to Developer under a Hybrid Lease;*
- (2) *Annual Ground Rent paid to the Port under a Hybrid Lease;*
- (3) *net proceeds of the Port's conveyances of Public Use Parcels; and*
- (4) *net proceeds from the Port's conveyance of Historic Building 12 or Historic Building 21, if negative.*

"Land Proceeds Fund" means the segregated account in the Special Fund Trust Account, which will hold certain Land Proceeds as described in FP § 2.5 (Trust Account for Special Funds).

"Land Use Plan" means the Land Use Concept Plan shown in *D4D Fig 2.1.1* and attached to the DDA as DDA Exh A4.

"Land Value Indicator" means dollar value per usable square foot within the building envelope assumed in the Final EIR for each Option Parcel for its proposed use, initially based on the Land Use Plan attached to the DDA and the residual land values in the Summary Proforma attached to the Financing Plan on the Reference Date, which will be used solely for a Down Market Test under DDA Art 4 (Performance Dates), which will be determined in accordance with DDA § 4.5(b) (Land Value Indicators).

"Later Phase" means any Phase for which Developer obtains Phase Approval after a Current Phase.

"law" means any of the following validly in effect as of the Reference Date and as later amended, supplemented, clarified, corrected, or replaced during the DDA Term, whether or not within the present contemplation of the Parties:

- (i) federal, state, regional, or local constitution, charter, law, statute, ordinance, code, rule of common law, resolution, rule, regulation, standard, directive, requirement, proclamation, order, decree, policy (including the Waterfront Plan and Port and City construction requirements);
- (ii) judicial order, injunction, writ, or other decision interpreting any law;
- (iii) requirement or condition of any Regulatory Approval of a Regulatory Agency affecting any portion of the 28-Acre Site; and
- (iv) recorded covenants, conditions, or restrictions affecting any portion of the 28-Acre Site.

"LBE" is an acronym for a local business enterprise as defined in Administrative Code chapter 14B.

"Leased Property Backup Fund" means the fund or account held by the Special Fund Trustee to be used exclusively as a backup source to pay Special Debt Service on Mello-Roos Bonds secured by Facilities Special Taxes levied in Zone 1 and Zone 2 of the Pier 70 Leased Property CFD as described in clause (v) of FP § 6.5(h) (Application of Tax Increment to Special Debt Service).

"Leased Property Backup Fund Requirement" means, at any date of calculation, the maximum annual debt service due in any year on all outstanding Mello-Roos Bonds secured by Facilities Special Taxes in the Pier 70 Leased Property CFD.

"Leasing Costs" means customary and usual costs incurred by a landlord with respect to leased property, such as costs associated with tenant defaults, costs of collection, vacancies, assignments and subleases, estoppel certificates, nondisturbance agreements, and Insolvency.

"Legislature" means the legislative branch of the State.

"Lender Acquisition" means a Permitted Lender or its nominee taking title to Encumbered Property under its Permitted Lien through a foreclosure proceeding, a conveyance or other action in lieu of foreclosure, or its exercise of any other power of sale or other remedy.

"License" means the contract by which the Port will grant Developer the right of entry to portions of the FC Project Area that are outside of the Master Lease Premises for construction of Horizontal Improvements, substantially in the form of DDA Exh B11.

"Loss" when used in reference to a Claim means any personal injury, property damage, or other loss, liability, actual damages, compensation, contribution, cost recovery, lien, obligation, interest, injury, penalty, fine, action, judgment, award, or costs (including reasonable attorneys' fees), or reasonable costs to satisfy a final judgment of any kind, known or unknown, contingent or otherwise, except to the extent specified in the DDA or other Transaction Document.

"Loss Security" means Adequate Security that Developer is required to provide to secure the Developer Reimbursement Obligations for each Phase.

"Loss Security End Date" means the date that is the earliest to occur of the following events:

- (i) issuance of an SOP Compliance Determination for all Phase Improvements within the Phase;
- (ii) the expiration or termination of the DDA with respect to Developer; or
- (iii) the expiration or termination of all of Developer's rights to develop or submit Phase Submittal applications to develop any portion of the Project Site.

"LRV" is an acronym for light rail vehicle.

"Maintained Facilities" means, as the context requires, the FC Project Area Maintained Facilities, the Hoedown Yard Maintained Facilities, or both.

"Map Act" means the Subdivision Map Act of California (Calif. Gov't Code §§ 66410-66499.37).

"Marketing and Operations Guidelines" as defined in AHP § 6.1(d) (Marketing) means, for a Market-Rate Residential Project, the Vertical Developer's MOHCD-approved:

- (i) Marketing and Operations Guidelines, which must include any preferences required by the MOHCD Manual or the Affordable Housing Plan;
- (ii) conformity of the proposed Affordable Housing Cost for Inclusionary Units with the Affordable Housing Plan; and
- (iii) project-specific eligibility and income qualifications for tenant households.

"Market-Rate Condo Project" means a Market-Rate Project containing Condo Units.

"Market-Rate Parcel" means a Development Parcel other than an Affordable Housing Parcel on which development of residential use is permitted.

"Market-Rate Project" means a Residential Parcel constructed by a Vertical Developer that contains Market-Rate Units and Inclusionary Units if required and may include other uses permitted under the SUD.

"Market-Rate Rental Project" means a Market-Rate Project containing Rental Units.

"Market-Rate Units" means any Residential Unit constructed on a Market-Rate Parcel that is not subject to affordability restrictions under the Affordable Housing Plan.

"Master CC&Rs" means Master Conditions, Covenants, and Restrictions that the Parties will approve under DDA § 8.6 (Master CC&Rs), which will be recorded against all Taxable Parcels in the 28-Acre Site.

"Master Lease" means a lease for the Master Lease Premises in the form of DDA Exh B10 that allows Developer to take possession of the described premises and construct Horizontal Improvements on portions of the 28-Acre Site under the DDA.

"Master Lease Permitted Exceptions" means exceptions to title that Developer has marked as "approved" on the Preliminary Title Report for the Master Lease Premises under DDA § 8.1(c) (Permitted Exceptions), as set forth in DDA Exh D1, and new title exceptions approved by Developer under DDA § 8.3 (New Title Matters).

"Master Lease Premises" means the areas of the 28-Acre Site that are subject to the Master Lease, as adjusted from time to time under its terms.

"Master Marketing Fee" means a private fee collected from each Vertical Developer in the amount and in accordance with the terms set forth in VDDA § 12.16 (Master Marketing Fee).

"Master Tentative Map" means the Tentative Map approved for the entire 28-Acre Site.

"Master Utilities Plan" means any of the following plans for Utility Infrastructure, which will be deemed incorporated into the Infrastructure Plan when approved by the SFPUC:

- (i) Low Pressure Water Master Plan;
- (ii) Non-Potable Water System Master Plan;
- (iii) Grading and Combined Sewer System Master Plan;
- (iv) Dry Utilities Joint Trench Master Plan; and
- (v) Master Electrical Infrastructure Plan.

"Material Breach" means the occurrence of any of the events described in DDA Art 12 (Material Breaches and Termination).

"Material Change" means any circumstance that would create a conflict between a Change to Existing City Laws and Standards and the Project Approvals that is described in DA § 5.3(b) (Circumstances Causing Conflict).

"Material Change Order" means any agreed-upon change order for construction of Phase Improvements that would exceed a \$250,000 threshold per occurrence.

"Material Cost Increase" means a material cost increase in the costs of Vertical Improvements or any Component of Horizontal Improvements, as applicable.

"Material Modification" means an amendment to the DDA that would materially increase an Acquiring Agency's costs of ownership or impair the operations of Horizontal Improvements, or that would materially decrease the benefits to the Port or the City, as determined by the Port Director under DDA § 3.4(c) (Amendment of the DDA).

"Maximum Inclusionary AMI" means household income levels meeting the requirements of AHP § 6.1(a) (Development).

"Maximum Special Tax Rate" means the highest rate at which any category of Mello-Roos Taxes is authorized to be levied on a Taxable Parcel under an RMA.

"McEnerney Act" means the Destroyed Land Records Relief Law (Calif. Code of Civ. Proc. §§ 751.01-751.28).

"McEnerney action" means a lawsuit under the McEnerney Act.

"Mello-Roos Bond Proceeds" means the proceeds of Mello-Roos Bonds that are available for use in accordance with the applicable Indenture.

"Mello-Roos Bonds" means one or more series of taxable or tax-exempt bonds, including refunding bonds, or any other debt (as defined in CFD Law) that the City issues for a Facilities CFD, secured and payable by a pledge of Improvement Special Taxes, Allocated Tax Increment, or both, for any purpose authorized under Governing Law and Policy.

"Mello-Roos Improvement Fund" means the funds or accounts, however denominated, that an Indenture Trustee establishes to hold, administer, and disburse Mello-Roos Bond Proceeds to be used to finance eligible Horizontal Development Costs, Shoreline Protection Facilities, or for any other purpose authorized under the Financing Plan and the applicable Indenture.

"Mello-Roos-only Bonds" means Mello-Roos Bonds that are secured only by Improvement Special Taxes.

"Mello-Roos-only Bonds" excludes Bonds with debt service paid by Tax Increment.

"Mello-Roos Taxes" means special taxes that the City levies in a City Fiscal Year on Taxable Parcels in any CFD in accordance with the applicable RMA, including delinquent special taxes collected at any time by payment or through foreclosure.

"Memorandum of Deemed Approval" means the document in the form of DDA Exh B9-2 that Developer will be entitled to record if deemed to be in compliance with Schedule of Performance Obligations under DDA § 15.7 (SOP Compliance).

"Memorandum of Understanding (Interagency Cooperation)" means an interagency agreement between the Port and the City, through the Mayor, the Controller, the City Administrator, and the Director of Public Works, with the Consents of SFMTA, SEPUC and Developer, establishing procedures for interagency cooperation in City Agency review and approval of Construction Documents, inspection of Horizontal Improvements, and related matters, as authorized under Charter section B7.340 by Port Resolution No. 17-48 and Board of Supervisors Resolution No. 403-17.

"Memorandum of Understanding (Levy and Allocation of Taxes)" means an interagency agreement between the City, through the Controller and the Treasurer-Tax Collector, and the Port, establishing procedures for levying Mello-Roos Taxes, allocating Mello-Roos Taxes to each CFD, allocating Tax Increment to the IFD, allocating Housing Tax Increment to the IRFD, and related matters, as authorized under Charter section B7.340 by Port Resolution No. 17-50 and to be presented to the Board of Supervisors for approval.

"Mezzanine Loan" means a loan secured by a pledge of equity interests in Developer, subject to DDA § Art 18 (Lenders' Rights).

"Mezzanine Lender" is an entity that makes a Mezzanine Loan to a direct or indirect owner of Borrower, subject to DDA § 18.2(c) (Mezzanine Loans).

"Michigan Street segment" means the portion of Michigan Street located in the SUD.

"Minimum Bid Price" means the minimum price that the Port will accept in a Public Offering for an Option Parcel under DDA § 7.5 (Public Offering Procedures).

"Mitigation Fee Act" means chapter 5, division 1, title 7 of California Government Code, beginning with section 66000.

"Mitigation Measure" means any measure identified in the MMRP required to minimize or eliminate material adverse environmental impacts of the 28-Acre Site Project and any additional measures.

necessary to mitigate adverse environmental impacts that are identified through the CEQA process for any Future Approval.

"ML" is an acronym for the Master Lease.

"MMRP" is an acronym for the Mitigation Monitoring and Reporting Program that the Planning Commission adopted by Motion No. 19977 and the Port Commission adopted by Resolution No. 17-43.

"MOD" is an acronym for the Mayor's Office of Disabilities.

"MOHCD" is an acronym for the Mayor's Office of Housing and Community Development.

"MOHCD Manuals" as defined in AHP § 6.1(c) (Procedures for Monitoring and Enforcement) means the *City and County of San Francisco Inclusionary Affordable Housing Program Monitoring and Procedures Manual*, subject to any update in effect when Inclusionary Units in a Market-Rate Rental Project are available for rent to the extent the update does not result in a Material Change.

"MOU Resolution" means the proposed Board of Supervisors resolution approving under Charter section B7.340 the Tax Allocation MOU and the Port's designation as the agent for:

- (i) the Facilities CFD and the Services CFD for the Pier 70 CFDs;
- (ii) the Services CFD for the 20th Street CFD;
- (iii) the Facilities CFD and the Services CFD for the Hoedown Yard CFD;
- (iv) Sub-Project Areas G-2, G-3, and G-4;
- (v) the IRFD;
- (vi) the administration of Mello-Roos Taxes and any proceeds of Bonds secured and payable by Mello-Roos Taxes;
- (vii) the administration of Allocated Housing Tax Increment and any proceeds of Bonds secured and payable by Housing Tax Increment; and
- (viii) the administration of Allocated Tax Increment and any proceeds of Bonds secured and payable by Tax Increment.

"Muni" means the municipal public transit systems operated by SFMTA.

"Municipal Code" means, collectively, the Charter and ordinances adopted by the Board of Supervisors and by San Francisco voters through initiatives.

"MUP" is an acronym for Master Utilities Plan.

"net present value" means the difference between the present value of the future cash flows from an investment, calculated by discounting the future cash flows at the required rate of return, and the amount of investment.

"Net Worth" when used in reference to a Transferee or Obligor means the equity of an entity's owners (e.g., equity interest of shareholders of a corporation or members of a limited liability company) calculated in accordance with GAAP or the income tax basis of accounting consistently applied.

"Net Worth Requirement" when used in reference to a Transfer means, for each Transferred Phase in which Phase Improvements are not complete, a Net Worth of at least \$27.5 million, increased automatically by 10% on each fifth anniversary of the Reference Date for the remainder of the DDA Term, unless otherwise approved by the Port Director.

"Next Phase" means a Phase that immediately follows a Current Phase.

"NOI Property" means any Commercial Parcel or Market-Rate Rental Project in the 28-Acre Site.

"NOI Property Project Tax Increment" means the Project Tax Increment derived from any NOI Property.

"nontrust revenues" means the Port's revenues from leases or other agreements for Development Parcels from which the public trust use restrictions have been lifted by the Public Trust Exchange authorized under AB 418 and other 28-Acre Site Project-based revenues that are available for the 28-Acre Site Project, such as Mello-Roos Taxes, Tax Increment, and proceeds of Bonds secured and payable by either or both, credits that may be applied to offset any portion of Impact Fees or Exactions that would otherwise be due, and proceeds of general obligation bonds.

"Noonan Phase Security" is defined in DDA § 17.3(d) (Noonan Replacement Space).

"Noonan Replacement Space" means space to accommodate the Noonan Space Parcel Lease in a new or rehabilitated building that meets the requirements of DDA § 7.13 (Noonan Replacement Space) for which the Port has issued a Temporary Certificate of Occupancy.

"Noonan Replacement Space Election" is defined in DDA § 7.13(b) (Noonan Replacement Space Election).

"Noonan Space Lease" means the applicable Parcel Lease for the building or in an amendment to the Master Lease reasonably approved by the Parties as a condition to the issuance of the Initial Transition Notice for any Master Lease Premises in which any Temporary or Permanent Noonan Replacement Space will be located, as described in DDA § 7.13(c) (Artist Transition Plan).

"Noonan Tenant" means a named tenant or Port-approved subtenant under a lease with the Port for space in Building 11 (or the applicable Noonan Replacement Space) that is in effect and in good standing as of the date of the Initial Transition Notice or Second Transition Notice, as applicable.

"Noonan Tenant Rent" means the base rent for the Noonan Replacement Space determined in accordance with DDA § 7.13(c)(iv) (Rent).

"notice" means a written notification, demand, request for information or consent, or response to a request delivered in accordance with App ¶ A.5 (Notices) and any pertinent provisions of the Transaction Document under which the notice is given.

"Notice of Special Tax" is defined in VDDA § Exh D.

"Notice of Termination" means a notice given under DDA § 12.7 (Termination Procedures).

"NPS" is an acronym for the National Park Service of the United States Department of the Interior.

"Obligor" means the person contractually obligated to perform under any form of Adequate Security provided under DDA Art 17 (Security for Project Activities).

"Obligor Net Worth" when used in reference to an issuer of Adequate Security means a person's net worth calculated in accordance with GAAP or the income tax basis of accounting consistently applied.

"Obligor Net Worth Requirement" when used in reference to Adequate Security means a person with an Obligor Net Worth that is (i) greater than the Secured Amount, and in no event less than \$27.5 million, subject to an automatic increase of 10% on the fifth anniversary of the Reference Date and every succeeding fifth year during the DDA Term; or (ii) as otherwise approved by the Port Director.

"OEWD" is an acronym for the Office of Economic and Workforce Development.

"Office Development Authorization" means a Planning Commission approval of an application for a large office application under the Planning Code.

"Official Records" means official real estate records that the Assessor records and maintains.

"OLSE" is an acronym for the Office of Labor Standards Enforcement of the San Francisco Department of Administrative Services.

"Ongoing Maintenance Costs" means maintenance and capital repair and replacement costs of Maintained Facilities that will be paid by Services Special Taxes, including:

- (i) landscaping and irrigation systems and other equipment, material, and supplies directly related to maintaining and replacing landscaped areas and water features;
- (ii) maintenance and replacement as needed of Public Spaces and Public ROWs, including street cleaning and paving (but not street reconstruction);
- (iii) lighting, rest rooms, trash receptacles, park benches, planting containers, picnic tables, and other furniture and fixtures and signage;
- (iv) utilities;
- (v) general liability insurance for any Public ROWs or structures in Public ROWs that Public Works does not submit to the Board of Supervisors for City acceptance for City General Fund liability purposes and other commercially reasonable insurance coverages;
- (vi) security;
- (vii) replacement reserves; and
- (viii) Port, City, or third party personnel, administrative, and overhead costs related to maintenance or to contracting for and managing third-party maintenance.

"Option" means development rights granted to Developer for Option Parcels under the DDA.

"Option Exercise Deadline" means the 30th day after delivery of any Final Appraisal, which is the last day Developer may deliver notice of its exercise of the Option on an Option Parcel to the Port under DDA § 7.4(a) (Option Exercise Deadline).

"Option Parcel" means a Development Parcel for which Developer has an Option under DDA Art 7 (Parcel Conveyances and Delivery of Associated Public Benefits), which Developer will exercise through a Vertical Developer Affiliate.

"Orton Louisiana Parcel" is defined in DDA § 15.1(d) (Louisiana Parcel Improvements).

"Other Acquiring Agency" means an Acquiring Agency other than the Port.

"Other City Agency" means a City Agency other than the Port.

"Other City Costs" means costs that Other City Agencies incur to perform their obligations under the ICA, the Development Agreement, and the Tax Allocation MOU to implement or defend actions arising from the 28-Acre Site Project, including staff costs determined on a time and materials basis, third-party consultant fees, attorneys' fees, and costs to administer the financing districts to the extent not paid by Public Financing Sources.

"Other City Costs" excludes Port Costs, Administrative Fees, Impact Fees, and Exactions.

"Other City Parties" means the Mayor, the Board of Supervisors, the City Administrator, the Director of Public Works, the San Francisco Municipal Transportation Agency, and the San Francisco Public Utilities Commission.

"Other City Requirements" means ordinances and policies described in DDA Exh A7 and approved plans to implement City and Port ordinances and policies, including those attached to the DDA at DDA Exh Tab B.

"Other Regulator" means a federal, state, or regional body, administrative agency, commission, court, or other governmental or quasi-governmental organization with regulatory authority over Port land, including any Environmental Regulatory Agency.

"Outside Date" means the last date by which Developer must perform identified obligations for the 28-Acre Site Project, as specified in the Schedule of Performance.

"Parcel" means a specific Development Parcel within the SUD when used with a modifier corresponding to the Land Use Plan.

"Parcel E4 Option 1" as defined in clause (i) of DDA § 7.12(b) (Development Options) means Developer's election to build a single-phase Arts Building on the entirety of Parcel E4 that will include the Noonan Replacement Space and will provide other arts uses that are consistent with Section 249.79 and the Arts Program.

"Parcel E4 Option 2" as defined in clause (ii) of DDA § 7.12(b) (Development Options) means Developer's election to build a single-phase project that will include a stand-alone building to accommodate the Noonan Replacement Space on approximately 1/3 of Parcel E4.

"Parcel E4 Option 3" as defined in clause (iii) of DDA § 7.12(b) (Development Options) means Developer's election to build a phased project that will include the Stand-Alone Noonan Building on approximately 1/3 of Parcel E4 and a separate Arts Building on the remainder of Parcel E4.

"Parcel E4 Outside Date" as defined in paragraph (1) of clause (i) of DDA § 7.12(d) (Development Options and Schedule of Performance) means, for Parcel E4 Option 1, the date on which the Port issues a TCO for Office Building B-2.

"Parcel Increment Amount" means, as applicable, (i) for Taxable Parcels in Zone 1 and Zone 2 of the Pier 70 Leased Property CFD, the amount of Project Tax Increment collected in the current City Fiscal Year from an Assessed Parcel in Zone 1 and Zone 2 of the Pier 70 Leased Property CFD, as reported in the Payment Report, and (ii) for Taxable Parcels in Zone 3 of the Pier 70 Leased Property CFD, the amount of HB Tax Increment collected in the current City Fiscal Year from an Assessed Parcel in Zone 3 of the Pier 70 Leased Property CFD.

"Parcel K North" means the northerly parcel that the Port intends to create by subdividing the 20th/Illinois Parcel as shown in DDA Sch 4.

"Parcel K North Maintained Facilities" means the Horizontal Improvements that will be operated and maintained using Services Special Taxes from Zone 1 of the Pier 70 Condo CFD, consisting of:

- (i) Public Spaces and Public ROWs in the FC Project Area;
- (ii) Public Spaces outside of both the FC Project Area and the 20th Street CFD;
- (iii) Public ROWs in Pier 70 north of 20th Street and outside of the 20th Street CFD; and
- (iv) Shoreline Protection Facilities.

"Parcel K North Proceeds" means the funds available for disbursement according to the Port's escrow instructions at the Close of Escrow for its sale of Parcel K North.

"Parcel K South" mean the southerly parcel that the Port intends to create by subdividing the 20th/Illinois Parcel as shown in DDA Sch 4.

"Parcel Lease" means a contract in the form of DDA Exh D3 by which the Port will convey a leasehold interest in an Option Parcel to a Vertical Developer.

"Parcel Lease Election" means the Port's right to elect to convey an Option Parcel in a Current Phase by a Hybrid Lease under FP § 3.7 (Parcel Lease Options).

"Parcel Lease Permitted Exceptions" is defined in DDA § 8.1(c) (Permitted Exceptions).

"Park Parcel" means any of the Park Parcels identified in the Land Use Plan as Parcel OS1, Parcel SC1, Parcel SC2, Parcel WP1, Parcel WTP, or Parcel WP2.

"Park Parcel Improvement Plans" means a Permit Set of Improvement Plans for Park Parcels that the Port has approved under clause (iii) of ICA § 4.4(d) (Plan Submittals).

"Parking Charge" means the market-rate charge for a Parking Space that is accessory to one or more Market-Rate Projects on the 28-Acre Site.

"Parking Space" means a parking space constructed by or on behalf of any Vertical Developer, including an Affordable Housing Developer.

"Party" means, individually or collectively as the context requires, Developer, Port, City, and any Transferee that is made a Party to the DDA under the terms of an Assignment and Assumption Agreement.

"Party Appraisal" means the appraisal report that a Party obtains under DDA § 7.3(f) (Appraisal Disputes).

"Payment Agent" means an Escrow Agent, an Indenture Trustee, or the Special Fund Trustee that will disburse funds to pay an Approved Payment or make PNLP Payments as directed by the Port Finance Director.

"Payment Report" means a report prepared by the Treasurer-Tax Collector by May 30 of each City Fiscal Year that:

- (i) specifies the NOI Property Project Tax Increment and the Residential Condo Project Tax Increment collected from each Taxable Parcel in the IFD;
- (ii) specifies the Port Tax Increment collected from Historic Building 12 and Historic Building 21; and
- (iii) identifies each Current Parcel in the Pier 70 Leased Property CFD.

"Payment Request" means Developer's request to the Port in the form of AA Exh C for payment of Horizontal Development Costs of Horizontal Improvements under the Acquisition Agreement.

"PBC" is an acronym for the Port Building Code.

"PCBs" is an acronym for polychlorinated biphenyls.

"PDR" means Industrial/Production, Distribution, Repair.

"PDR Requirement" means Developer's obligation to provide at least 50,000 gsf of space in the 28-Acre Site that is restricted for PDR use in accordance with DDA § 7.17 (PDR).

"Pending Projects" for purposes of DDA Exh A5 means:

- (i) office development projects for which large office allocation applications (50,000 gsf or more) have been submitted to the Planning Department that have not received Planning Commission approval by the end of the Allocation Period; plus
- (ii) additional office space that is located in structures owned or otherwise under the jurisdiction of the State, the federal government, or any state, federal, or regional government agency that is exempt from Prop M and has been fully approved and for which occupancy is reasonably anticipated to occur during the Allocation Period; plus
- (iii) new office development projects on Port land outside of the 28-Acre Site for 50,000 gsf or more for which the Port and the applicable project sponsors have entered into conveyance agreements that would allow construction, but that have not received Port Construction Permits by the end of the Allocation Period.

"Percentage Rent" means 100% of Net Income generated at or from the Premises as further defined in ML Exh D.

"**Permanent Noonan Replacement Space**" means the permanent transition space provided for the Noonan Tenants under DDA § 7.13 (Noonan Replacement Space).

"**Permit Set**" means a subset of Improvement Plans as described in clause (ii) and clause (iii) of ICA § 4.4(d) (Plan Submittals).

"**Permitted Lender**" means a Bona Fide Institutional Lender or a Mezzanine Lender that makes a Permitted Loan.

"**Permitted Lien**" means a deed of trust or other security instrument given to secure a Borrower's repayment obligation to a Permitted Lender that encumbers:

- (i) a real property interest in the FC Project Area (including Borrower's Option rights under this Agreement); or
- (ii) Borrower's ownership interests in Developer or the right to receive Project Payment Sources and the Developer Share of the Interim Satisfaction Balance and Project Surplus during the course of horizontal development or as later payable on Promissory Note-LP; or
- (iii) both.

"**Permitted Loan**" means a loan or Mezzanine Loan that a Permitted Lender makes to fund or refinance the cost of Developer Construction Obligations for the 28-Acre Site Project, secured by a Permitted Lien.

"**Permitting Agency**" means the City Agency responsible for issuing permits for construction and installation of Horizontal Improvements and related work, including coordination of plan reviews, approvals, construction inspections, and determining whether Improvements are complete all in accordance with the ICA.

"**person**" means any individual, corporation (including any business trust), limited liability entity, partnership, trust, joint venture, or any other entity or association, or governmental or other political subdivision or agency.

"**personal injury**" means any physical or emotional trauma or injury to or death of any individual.

"**PG&E**" means Pacific Gas & Electric Company.

"**PG&E Remediation Site**" is described in *ML (Basic Lease Information)*.

"**Phase**" means one of the integrated stages of horizontal and vertical development for the 28-Acre Site as shown in the Phasing Plan, subject to revision under DDA art 3 (Phase Approval).

"**Phase 1**" means the first Phase of development under the Phasing Plan.

"**Phase Account**" means a bookkeeping account for any Phase.

"**Phase Approval**" means the Port's approval of a Phase Submittal in accordance with the procedures of DDA § 3.2 (Phase Approval Procedures).

"**Phase Area**" means the Development Parcels and other land at the 28-Acre Site that are to be developed in a Phase.

"**Phase Audit**" means Developer's final financial report for a Phase as described in FP § 9.3(a) (Phase Audit).

"**Phase Audit Date**" means the due date for each Phase Audit under FP § 9.3(a) (Phase Audit).

"**Phase Budget**" means the Summary Proforma for a Phase that is submitted and updated under DDA art 3 (Phase Approval).

"**Phase Closing Date**" means the date on which the Port accepts a Phase Audit under FP § 9.3(a) (Phase Audit).

"Phase Developer Balance" means, separately for each Phase, the sum of Developer's unpaid Capital Costs from the Current Phase (including the Entitlement Sum if not paid in Phase 1), as shown on the Phase Developer Capital Schedule.

"Phase Developer Balance" excludes vertical development costs, the Arts Building Funding, and the Historic Building Feasibility Gap.

"Phase Developer Capital Schedule" means an accounting schedule that Developer maintains that shows:

- (i) the expenditures and reimbursements of Developer Capital for each Phase of the 28-Acre Site Project; and
- (ii) accrued and unpaid Developer Return, for each Phase of the 28-Acre Site Project, which will be used to determine the Phase Developer Balance at any given time.

"Phase Final Map" means a Final Map for a Phase Area.

"Phase Improvement Costs" means Horizontal Development Costs of Phase Improvements.

"Phase Improvements" means Horizontal Improvements that are to be constructed in a Phase, including Deferred Infrastructure.

"Phase Port Balance" means, separately for each Phase, the sum of any unreimbursed Port Capital Costs in a Current Phase, as shown on the Phase Port Capital Schedule.

"Phase Port Capital Schedule" means a Port accounting schedule that will be used to determine the Phase Port Balance at any given time, that shows:

- (i) the expenditures and reimbursements of Port Capital for each Phase of the 28-Acre Site Project; and
- (ii) accrued and unpaid Return on Port Capital for each Phase of the 28-Acre Site Project.

"Phase Satisfaction" means that both the Phase Developer Balance on the Phase Developer Capital Schedule and the Phase Port Balance on the Phase Port Capital Schedule for the Current Phase have been satisfied in full.

"Phase Security" means Adequate Security for the obligations to be secured under DDA § 17.3 (Phase Security).

"Phase Submittal" means Developer's application for Port Commission approval of a proposed Phase under DDA Art 3 (Phase Approval).

"Phasing Goals" means measures and objectives described in DDA § 2.4 (Phasing Goals) to which the Parties have agreed to achieve their mutual goal of an economically feasible project that balances competing policy interests.

"Phasing Plan" means DDA Exh B1, which shows the order of development of the Phases and the Development Parcels in each Phase Area, subject to revision under DDA Art 3 (Phase Approval).

"Pier 70" is a designation for approximately 72 acres of Port-owned land in the central waterfront area of San Francisco.

"Pier 70 CFD Facilities Account" means the segregated account or accounts in the Facilities Special Tax Fund that the Port establishes with the Special Fund Trustee to receive, administer, and disburse Improvement Special Taxes from Taxable Parcels in either or both of the Pier 70 CFDs.

"Pier 70 CFD Proceeds" means Improvement Special Taxes and proceeds of Bonds secured by Improvement Special Taxes from Taxable Parcels in either or both of the Pier 70 CFDs.

"Pier 70 CFDs" refers collectively to the Pier 70 Leased Property CFD and the Pier 70 Condo CFD.

"Pier 70 Condo CFD" means the CFD that will include Parcel K North and all Option Parcels in the 28-Acre Site that the Port sells for development as Residential Condo Projects, to be named *"City and County of San Francisco Special Tax District No. [TBD] (Pier 70 Condominiums)"*.

"Pier 70 Condo CFD Proceeds" means Improvement Special Taxes and proceeds of Bonds secured by Improvement Special Taxes from Taxable Parcels in the Pier 70 Condo CFD.

"Pier 70 Condo CFD Services Account" means the segregated account in the Services Special Tax Fund that the Port establishes with the Special Fund Trustee to receive, administer, and disburse Services Special Taxes from Taxable Parcels in the Pier 70 Condo CFD.

"Pier 70 Facilities Special Taxes" means the Facilities Special Taxes that are levied in the Pier 70 CFDs.

"Pier 70 IFDs" refers collectively to Sub-Project Area G-2, Sub-Project Area G-3, and Sub-Project Area G-4.

"Pier 70 Leased Property" means all Option Parcels in the 28-Acre Site that the Port will convey by Parcel Leases for development as Market-Rate Rental Projects and Taxable Commercial Parcels.

"Pier 70 Leased Property CFD" means the CFD that will include all Pier 70 Leased Property, to be named *"City and County of San Francisco Special Tax District No. [TBD] (Pier 70 Leased Property)"*.

"Pier 70 Leased Property CFD Proceeds" means Improvement Special Taxes and proceeds of Bonds secured by Improvement Special Taxes from Taxable Parcels in the Pier 70 Leased Property CFD.

"Pier 70 Leased Property Services Account" means the segregated account in the Services Special Tax Fund that the Port establishes with the Special Fund Trustee to receive, administer, and disburse Services Special Taxes from Taxable Parcels in the Pier 70 Leased Property CFD.

"Pier 70 Master Plan" means the *Pier 70 Preferred Master Plan*, which the Port Commission endorsed by Resolution No. 10-27.

"Pier 70 Shoreline Protection Facilities" means future waterfront Improvements to protect the shoreline east of Pier 70 from perils associated with seismic events and climate change, including sea level rise and floods, and other public improvements approved by the Port Commission and the Board of Supervisors.

"Pier 70 TDM Program" as defined in DA § 4.1(c) (Specific Benefits) means the Pier 70 Special Use District TDM Program attached as TP Schedule 1 to the Transportation Program.

"PL" is an acronym for the form of Parcel Lease.

"Planning" means the San Francisco Planning Commission, acting by motion or resolution or by delegation of its authority to the Planning Department and the Planning Director.

"Planning Commission" means the San Francisco Planning Commission.

"Planning Department" means staff of the City's Planning Department.

"Planning Director" means the City's Director of Planning.

"Pledge Agreement" means:

- (i) a pledge of Project Tax Increment, Port Tax Increment, or both, to Mello-Roos Bonds under a pledge agreement between the Port, as IFD Agent, CFD Agent, or both, and the Indenture Trustee for the Mello-Roos Bonds; or

- (ii) a pledge of Housing Tax Increment, Port Tax Increment, or both, to Bonds under a pledge agreement between the Port, as IRFD Agent and the Indenture Trustee for the Bonds.

"PNLP Payments" means Public Financing Sources that are disbursed to the Special Fund Trustee to apply to the unpaid balance of Promissory Note-LP for use and distribution in accordance with the Financing Plan.

"Port" means the San Francisco Port Commission.

"Port Acceptance Items" means the completed Horizontal Improvements listed in DDA § 15.7(b) (Acceptance of Park Parcels and Components of Phase Infrastructure) that the Port will accept.

"Port Account" means the segregated account in the Tax Increment Fund that the Port establishes with the Special Fund Trustee to receive, hold, and disburse Port Tax Increment.

"Port Advance" means a Port Capital Advance or an Advance of Port Capital.

"Port Audit" means a financial review performed by a CPA on behalf of the Port under FP § 9.4(a) (Port Audit).

"Port Balance" means, on the date of determination, the sum of any unreimbursed Port Capital Advances for Horizontal Development Costs in a Current Phase and related accrued and unpaid Return on Port Capital, including any carryover of Port Capital Advances for Horizontal Development Costs from a Prior Phase.

"Port Capital" means Port Harbor Revenues that the Port in its sole discretion elects to use to fund Horizontal Development Costs.

"Port Capital" excludes Land Proceeds and Project Payment Sources.

"Port Capital Advance" means a Port loan of Port Capital to the Pier 70 CFDs to pay for Horizontal Development Costs.

"Port Capital Advance Fund" means the segregated account that the Port establishes with the Special Fund Trustee to receive, administer, and disburse Port Capital Advances.

"Port Capital Plan" means the Port's most recent 10-year capital plan as adopted or amended by the Board of Supervisors under Administrative Code sections 3.20-3.21.

"Port Capital Schedule" means an accounting schedule that the Port maintains that shows:

- (i) expenditures and reimbursements of Port Capital; and
- (ii) accrued and unpaid Return on Port Capital, for all Phases of the 28-Acre Site Project individually and in the aggregate for the Port Balance.

"Port Consent" means the Consent to Development Agreement signed by the Port Director as authorized by the Port Commission Resolution No. 17-47.

"Port Costs" means costs that the Port incurs to perform its obligations to Developer and otherwise implement the DDA and the Master Lease, including staff costs on a time and materials basis, third-party costs, and costs to administer the Pier 70 CFDs, the Pier 70 IFDs, and the IRFD to the extent not paid by Public Financing Sources.

"Port Costs" excludes Other City Costs, Advances of Land Proceeds, and Port Capital Advances.

"Port Director" means the Executive Director of the Port.

"Port Finance Director" means the Port's Deputy Director, Finance and Administration.

"Port FY Budget" means the budget for each City Fiscal Year that the Port submits to the Board of Supervisors for approval until all Project Payment Obligations to Developer under the Financing Plan have been satisfied as described in FP § 9.2 (Port Accounting and Budget).

"Port Harbor Fund" means the harbor trust fund that the Port must maintain in compliance with section 4 of the Burton Act, AB 418, the Agreement Regarding the Transfer of the Port of San Francisco from the State of California to the City and County of San Francisco, and Charter section B6.406.

"Port Harbor Revenues" means funds that the Port is entitled to deposit into the Port Harbor Fund without any restrictions under the Financing Plan.

"Port IFD Guidelines" means the *Guidelines for the Establishment and Use of an Infrastructure Financing District with Project Areas on Land under the Jurisdiction of the San Francisco Port Commission*, adopted April 23, 2013, by Board of Supervisors Resolution No. 123-13, as amended from time to time solely to the extent required under IFD Law or other controlling state or federal law.

"Port Improvements" means Horizontal Improvements in the SUD that the Port funds, such as the Michigan Street segment.

"Port Master Indenture" means the Indenture of Trust dated as of February 1, 2010, as supplemented by a First Supplement to Indenture of Trust, dated as of February 1, 2010, a Second Supplement to Indenture of Trust, dated as of May 1, 2014, and as further supplemented from time to time.

"Port Quarterly Report" means any of the Port's periodic reports to Developer on Port Costs, Other City Costs, and Project Payment Sources under FP § 9.2(e) (Reporting).

"Port Revenue Bonds" means Port Commission of the City and County of San Francisco Revenue Bonds Series 2010A (Non-AMT Tax-Exempt), Series 2010B (Taxable), Series 2014A (Non-AMT Tax-Exempt), and Series 2014B (Taxable).

"Port Share" means 55% of the Interim Satisfaction Balance or Project Surplus, as applicable.

"Port Tax Increment" means 8.89% of Allocated Tax Increment.

"Port Title Covenant" means the Port's agreement not to voluntarily permit or cause to be created any new exceptions to title other than the Permitted Exceptions under DDA § 8.3 (New Title Matters).

"portwide" means any matter applicable to all real property under the jurisdiction of the Port Commission.

"potential breach" means the existence of an event properly noticed in compliance with the applicable Transaction Document that would be an Event of Default or Material Breach by the Breaching Party under the applicable Transaction Document. A potential breach will not exist if the potential breach is cured or the notice of such breach is withdrawn.

"Potential Facilities Special Tax Levy" means, as applicable, (i) for Zone 1 and Zone 2 of the Pier 70 Leased Property CFD, the amount of Facilities Special Taxes that the Pier 70 Leased Property CFD would levy on each Taxable Parcel in Zone 1 and Zone 2, after applying capitalized interest, delinquency collections, and other sources in the RMA but before applying any Facilities Special Tax Credit, and (ii) for Zone 3 of the Pier 70 Leased Property CFD, the amount of Facilities Special Taxes that the Pier 70 Leased Property CFD would levy on each Taxable Parcel of Historic Building 12 or Historic Building 21, after applying capitalized interest, delinquency collections, and other sources in the RMA but before applying any Facilities Special Tax Credit.

"pre-filing conference" means one or more optional meetings under Subdivision Code section 1320 between the County Surveyor and a person proposing to subdivide land in San Francisco to discuss preliminary Subdivision Maps and other subdivision matters before the person submits a Subdivision Map application for approval under the Subdivision Code.

"Prepaid Lease" means a Parcel Lease under which a Vertical Developer prepays ground rent in the amount of an Option Parcel's Fair Market Value, which a Vertical Developer Affiliate may pay in

cash or by Credit Bid or both subject to the limitations and conditions of FP § 3.3 (Right to Credit Bid) and FP § 3.4 (Amount of Credit Bid).

"Prepaid Lease Value" means the Fair Market Value of the Leasehold Interest, as a 99-year lease, prepaid.

"Prepaid Rent" means rent that is payable to the Port at the Closing of a Prepaid Lease.

"Preliminary Title Report" means the preliminary title report that the Title Company delivered to the Port and Developer as described in DDA § 8.1(b) (Title Report).

"Principal Payment Date" means:

- (i) before Bonds are issued, September 1 of each year; and
- (ii) after Bonds are issued, the date on which principal or sinking fund payments are due in each year until the Bonds are defeased.

"Prior Phase" means any Phase for which Developer obtained Phase Approval before a Current Phase.

"Product Type" when used in reference to a Development Parcel to be developed for residential use means a building with a typical unit count and building typology that allows for general assumptions regarding construction costs, which may differ between residential units for rent and for sale. Examples of Product Types are townhomes, low-rise (heights to 70 feet), and mid-rise (71- to 90-foot heights).

"Proforma" means, for illustrative purposes only, the financial model of the Parties' projections for the Horizontal Improvements, the rehabilitation of Historic Building 2, Historic Building 12, and Historic Building 21, the construction of Arts Building, including the anticipated timing of spending requirements, the aggregate sum of Horizontal Development Costs of Horizontal Improvements, and the timing and amounts of Developer Capital, Port Capital Advances, Advances of Land Proceeds, Public Financing Sources, and other sources expected to be used to finance Horizontal Development Costs, the Historic Building Feasibility Gap, and the Arts Building Funding.

"Project" means the entitlement of the SUD and, on the Reference Date, the development of the FC Project Area, consisting of the horizontal and vertical development of the 28-Acre Site, the rehabilitation of the Historic Buildings for reuse in accordance with the Secretary's Standards, and the construction of 20th Street, 21st Street, and 22nd Street east of Illinois Street in accordance with the Regulatory Requirements and the Project Requirements.

"Project Account" means the segregated account in the Tax Increment Fund that the Port establishes with the Special Fund Trustee to receive, administer, and disburse Project Tax Increment.

"Project Approval" means:

- (i) a Regulatory Approval by a City Agency that is necessary to entitle the 28-Acre Site Project and permit Developer to begin Site Preparation and construction of Horizontal Improvements, including those shown on DDA Exh A3 and DA Exh B; and
- (ii) as specified in DA § 5.1(d) (Future Approvals), includes all Future Approvals for the Project.

"Project Area G" means the IFD project area formed by Ordinance No. 27-16.

"Project Assignment" means a contractual assignment of all of Developer's rights under a consulting contract with a Project Consultant, including any rights to use the Project Consultant's work product.

"Project Consultant" means any architect, engineer, or other consultant that provided Project Materials for the 28-Acre Site Project.

"Project Materials" means all public, final, and material studies, applications, reports, permits, plans, drawings, and similar work product, including Structural Materials, prepared by Developer's Project Consultants.

"Project Payment Obligation" means the Port's contractual obligation to use Project Payment Sources on terms described in the Financing Plan to pay:

- (i) the Developer Balance to Developer;
- (ii) the Port Balance to the Port;
- (iii) Horizontal Development Costs directly; and
- (iv) the Historic Building Feasibility Gap.

"Project Payment Obligation" *excludes* payment obligations under the Financing Plan for Project Surplus, any PNLN Payments after the Developer Balance is satisfied, the Interim Satisfaction Balance, the Arts Building Funding, and Promissory Note-X.

"Project Payment Sources" means, separately or collectively, Port Capital Advances, Advances of Land Proceeds, and Public Financing Sources, each applied as specified in the Financing Plan.

"Project Requirements" means:

- (i) Developer's obligations for the 28-Acre Site Project under the Project Approvals and Transaction Documents, including the Developer Construction Obligations and Developer Reimbursement Obligations; and
- (ii) Vertical Developers' obligations for the 28-Acre Site Project under the Project Approvals and applicable conveyance agreements.

"Project Reserve Account" means the segregated account in the Facilities Special Tax Fund that the Port establishes with the Special Fund Trustee to receive, administer, and disburse funds for the purposes and on the conditions of FP § 4.7(c) (Project Reserve).

"Project Surplus" means Land Proceeds, including payments on Promissory Note-LP, available for revenue-sharing under the Financing Plan after the Project Payment Obligation has been satisfied.

"Project Tax Increment" means 91.11% of Allocated Tax Increment.

"Project Tax Increment Account" means the segregated account in the Tax Increment Fund that the Port establishes with the Special Fund Trustee to receive, administer, and disburse Project Tax Increment.

"Promissory Note-LP" means a promissory note in the form of FP Exh C that is payable as described in FP § 7.3(b) (Promissory Note-LP and Promissory Note-X).

"Promissory Note-X" means a promissory note in the form of FP Exh D that is payable as described in FP § 7.3(b) (Promissory Note-LP and Promissory Note-X).

"proof of payment" means a cancelled check, a wire confirmation demonstrating delivery of a direct transfer of funds, an executed and acknowledged unconditional lien release, statements or invoices marked "paid" by the billing person, or other reasonably satisfactory evidence verifying that the person seeking payment actually incurred the claimed costs and the date on which each cost was incurred.

"Prop F" and "Proposition F" mean the *Union Iron Works Historic District Housing, Waterfront Parks, Jobs and Preservation Initiative* that San Francisco voters approved on November 4, 2014.

"Prop M" and "Proposition M" mean, for purposes of the DDA, Planning Code sections 320-325, approved by the *Planning Initiative* that San Francisco voters approved on November 4, 1986.

"Prop M Constraint" means, for the purpose of DDA Exh A5, that the total square footage available for Pending Projects exceeds the then-current total square footage available for large allocation projects at the end of an Allocation Period.

"Prop M Draw Down" means the amount of office space to be applied against the City's annual maximum limit under Planning Code section 321(a)(1), based on the approved building drawings, which the Port will report to Planning when the Port issues a site or the building permit for an office project in the 28-Acre Site under DDA Exh A5.

"Prop M Schedule" means the schedule in DDA Exh A5 that provides the dates when Planning will determine whether a Prop M Constraint exists.

"property damage" means any injury to or impairment or destruction of any property or other pecuniary interest of any person, including goodwill, intellectual property, and business and leasing opportunities.

"proprietary appraisal" means an appraisal report on the fair market value of a real property interest that is not subject to appraisal procedures in DDA § 7.3 (Option Parcel Appraisals).

"proprietary offering" means a public solicitation for offers to purchase or Parcel Lease any real property interest owned by the Port or the City that is not subject to the procedures in DDA § 7.5 (Public Offering Procedures).

"pro rata" means the proportion that each part of a sum bears to the sum.

"Public Benefit Cost" means any of the following:

- (i) Noonan Tenant moving expenses under DDA § 7.13 (Noonan Replacement Space);
- (ii) \$1 million in Job Readiness and Training Funds under WDP § B.1 (Application);
- (iii) \$250,000 for CityBuild programs under WDP § B.2 (CityBuild Program);
- (iv) \$100,000 to Young Community Developers under WDP § B.3 (CityBuild Services);
- (v) funds paid to SFMTA for specified capital costs in compliance with Mitigation Measure M-TR-5; and
- (vi) Developer's contribution to the City's system-wide improvements for auxiliary water supply system (AWSS) proposed in the vicinity of the 28-Acre Site, as set forth in clause (iii) of DA § 5.4(c) (AWSS)

"Public Benefit Cost" excludes any such cost incurred by a Vertical Developer.

"Public Facilities" means Horizontal Improvements that are or will be publicly owned or serve a public purpose.

"Public Financing Sources" means, separately or collectively, any source of financing available under CFD Law, IFD Law, and IRFD Law, including Mello-Roos Taxes, Allocated Tax Increment, Allocated Housing Tax Increment, and Bonds issued to finance Improvements in the FC Project Area and the AHP Housing Area.

"Public Health and Safety Exception" as defined in DA § 5.6(a) (City's Exceptions) means a City Agency's retained police power authority to exercise its discretion under the Project Approvals and Transaction Documents over matters under its jurisdiction in a manner that is consistent with the public health, safety, and welfare and as necessary to protect the physical health and safety of the public.

"Public Improvement Agreement" means:

- (i) an agreement between the City and Developer under the Subdivision Code for the completion of required Horizontal Improvements that are not complete when the Final Map is approved; or
- (ii) a similar agreement between the City and Developer for the completion of the Developer Construction Obligations, such as a Street Excavation Improvement Agreement or other Port-issued construction agreement for Park Parcels.

"Public Offering" means a public solicitation by the Port for bids for the purchase or Parcel Lease of an Option Parcel following the termination of Developer's Option for that Option Parcel, using procedures described in DDA § 7.5 (Public Offering Procedures).

"Public ROWs" means Horizontal Improvements consisting of public streets, sidewalks, shared public ways, bicycle lanes, and other paths of travel, associated landscaping and furnishings, and related amenities.

"Public ROWs Signage Plan" means a concept level Signage Plan for Public ROWs.

"Public Space" means Horizontal Improvements for public enjoyment, such as public parks, public recreational facilities, public access, open space, and other public amenities, some of which may be rooftop facilities.

"Park Parcel Improvement Plans" means Improvement Plans for Park Parcels, which Developer will submit under DDA § 13.6 (Schematic Design Review of Park Parcels).

"public trust" means, collectively, the common law public trust for commerce, navigation, and fisheries and the statutory trust created by the Burton Act.

"Public Trust Exchange" means a transaction between State Lands and the Port under which the public trust is terminated from certain portions of Pier 70, including all Development Parcels in the 28-Acre Site and the 20th/Illinois Parcel, and the public trust is confirmed on the remainder of Pier 70, as approved by State Lands under AB 418.

"Public Use Parcel" means any of Historic Building 12, Historic Building 21, the Arts Building, and the Affordable Housing Parcels.

"Public Works" means the San Francisco Public Works Department.

"Qualified Appraiser" means an appraiser who meets the qualifications of DDA § 7.3(b) (Appraiser Qualifications).

"Qualified Appraiser Pool" means the list of Qualified Appraisers attached as DDA Sch 2 and as revised from time to time under DDA § 7.3(c) (Qualified Appraiser Pool).

"Qualified Bidder" means a bidder at a Public Offering that meets the qualifications of DDA § 7.5(c) (Bidder Prequalification).

"Qualified Broker" means a licensed real estate broker with at least five years' experience in the Bay Area market for commercial or multifamily residential sales and leasing, or both.

"Qualified Broker Pool" means the list of Qualified Brokers attached as DDA Sch 3 and as revised from time to time under DDA § 7.5(a) (Broker-Managed Offerings).

"Rate and Method of Apportionment" means a Financing Document that the Board of Supervisors will adopt by each CFD resolution of formation that will prescribe how and at what rates the City will levy and collect Mello-Roos Taxes from taxpayers in the designated CFD.

"Ready for Close" means, when referring to the Pier 70 CFD Facilities Accounts, the Hoedown Yard Facilities Account, or the Project Reserve Account, that all of the following have occurred:

- (i) the Port has accepted the Final Audit for the 28-Acre Site Project;

- (ii) the Project Payment Obligation is satisfied in full;
- (iii) all Land Proceeds have been distributed under the Financing Plan; and
- (iv) Promissory Note-LP has been paid in full.

"Reassessed Parcel" means a Taxable Parcel that Developer or a Vertical Developer Affiliate holds in fee or by Parcel Lease on which the assessed value is lowered through a Reassessment.

"Reassessment" means a reduction in ad valorem taxes assessed against a Taxable Parcel through a proceeding under the California Revenue & Taxation Code.

"Reassessment Date" means the date on which a Reassessment is final.

"Receipt Date" means each date that the Port, as agent of the IFD, the IRFD, or any CFD, receives Allocated Tax Increment, Allocated Housing Tax Increment, or Mello-Roos Taxes from the City by the deposit of funds into the Special Fund Trust Account.

"Reduction Target" means the target objective for the Pier 70 TDM Program.

"Reference Date" means, for the DDA, the date on which the DDA is fully executed, and for the Development Agreement, the date on which the Development Agreement is fully executed.

"Regulatory Action" means any inquiry, investigation, enforcement, agreement, order, consent decree, compromise, or other administrative or judicial action that is threatened, instituted, filed, or completed by a Regulatory Agency in relation to any alleged failure to comply with or direct violation of any Regulatory Approval or any laws, including those relating to access.

"Regulatory Agency" means a City Agency or any Other Regulator.

"Regulatory Approval" means any motion, resolution, ordinance, permit, approval, license, registration, permit, utility services agreement, Final Map, or other action, agreement, or entitlement required or issued by any Regulatory Agency with jurisdiction over any portion of the 28-Acre Site, as finally approved.

"Regulatory Requirement" means laws or policies applicable to the development, occupancy, and use of the 28-Acre Site Project, subject to the Port's authority as trustee under the Burton Act as amended by AB 418, including:

- (i) Existing City Laws and Standards and other Regulatory Approvals;
- (ii) Changes to Existing City Laws and Standards to the extent permitted under the DA;
- (iii) Impact Fees and Exactions applicable to the 28-Acre Site Project under the DA; and
- (iv) Environmental Laws, and
- (v) the Other City Requirements.

"release" when used in reference to Hazardous Materials means any actual or threatened, accidental or intentional spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the air, soil gas, land, surface water, groundwater, or environment, including abandoning or discarding barrels, containers, and other closed receptacles containing any Hazardous Material.

"release" excludes any passive migration of a Hazardous Material through the air, soil gas, land, surface water, or groundwater after a third party has previously spilled, leaked, pumped, poured, emitted, discharged, injected, escaped, leached, dumped, or disposed of the Hazardous Material into the air, soil, gas, land, surface water, or groundwater.

"remediate" when used in reference to Hazardous Materials means to clean up, abate, contain, treat, stabilize, monitor, remediate, remedy, remove, or otherwise control Hazardous Materials, or to restore the affected area to the standard required by the applicable Environmental Regulatory Agency under applicable Environmental Laws and any additional Port requirements.

"Rent Conversion Factor" means the formula specified in a Final Appraisal that is used to convert the Port Share of the Fair Market Value of an Option Parcel from Prepaid Rent to Annual Ground Rent.

"Rental Unit" means a room or suite of two or more rooms with provisions for sleeping, eating, and sanitation that is designed for residential occupancy for 32 consecutive days or more by one household and may include senior and assisted living facilities.

"Requested Change Notice" means Developer's notice to the Port requesting changes to the Phasing Plan under DDA § 3.4 (Changes to Project after Phase 1).

"Requisition" means a payment request for Horizontal Development Costs (other than for Horizontal Improvements) and Developer Return in the form of FP Exh B that Developer submits to the Port for payment under FP § 2.2(b) (Requisitions).

"Required Element" means a substantial and material element of any Construction Document requiring Port approval under DDA Art 13 (Improvement Plans).

"Residential Condo Project" means a Residential Parcel that is developed with Condo Units.

"Residential Condo Project Tax Increment" means the Project Tax Increment derived from all Residential Condo Units in a Residential Condo Project.

"Residential Parcel" means a Development Parcel that may be developed for residential use under the SUD.

"Residential Project" means a Development Parcel that is developed for residential use.

"Residential Test Parcel" means a Residential Parcel that is selected for a Down Market Test under DDA § 4.5(a) (Timing).

"residential unit" means a separate unit in a developed Residential Parcel and includes any apartment unit, condominium or cooperative unit, hotel or motel room, or other structure containing toilet facilities that is designed and available under Applicable Law for use and occupancy as a residence by one or more individuals.

"Restrictive Covenant" means a recorded document encumbering:

- (i) a Development Parcel conveyed in fee to a Vertical Developer under a Vertical DDA that imposes obligations and covenants that run with the land; and
- (ii) for purposes of the Affordable Housing Plan only, a Market-Rate Project that specifies the required number of Inclusionary Units at specified affordability levels in accordance with the Affordable Housing Plan.

"Return on Port Capital" means the annual rate of 10%, compounded quarterly, the rate at which interest will accrue on Port Capital Advances.

"Revenue Account" means a segregated account in the Land Proceeds Fund to hold and disburse Land Proceeds for revenue-sharing.

"revenue-sharing" means the Parties' agreement to split the Interim Satisfaction Balance and the Project Surplus (including PNLP Payments) by the Port Share and the Developer Share. Any funds that are disbursed for revenue-sharing are not an Advance of Land Proceeds or a Port Capital Advance.

"RMA" is an acronym for the Rate and Method of Apportionment for each CFD to be established under the Financing Plan in conformity with the outline in FP Exh E.

"**Rooftop Open Space**" as defined in DDA § 7.15 (Rooftop Open Space) means 20,000 gsf of contiguous rooftop open space that could be used for active recreation that may be built in the 28-Acre Site.

"**RPP**" is an acronym for a residential parking permit that the City may issue in designated areas of San Francisco.

"**Schedule of Performance**" means DDA Exh B2, as revised under the DDA.

"**Schedule of Performance Obligation**" means each of the categories referenced DDA § 15.7(a) (Schedule of Performance Obligations).

"**Schematic Design Application**" means each schematic design application for Park Parcels that Developer submits to the Port under DDA § 13.6(a) (Applications).

"**Second Transition Notice**" means a notice prepared and delivered to the Noonan Tenants under clause (ii) of DDA § 7.13(c) (Artist Transition Plan).

"**Secretary's Standards**" means the *Standards for Rehabilitation of Historic Properties* (for historic tax credit projects) and related Guidelines published in the Secretary of the Interior's Standards for the Treatment of Historic Properties.

"**Section 1.126**" as defined in DA § 13.6(a) (Application) and DDA Exh A7 means Campaign and Governmental Conduct Code section 1.126.

"**Section 169**" means Planning Code sections 169-169.6, which set forth the San Francisco policy requiring development projects to incorporate TDM measures in their proposed projects.

"**Section 249.79**" means the SUD text provisions at Planning Code section 249.79.

"**Section 409**" means Planning Code section 409, which establishes citywide reporting requirements for Impact Fees and timing and mechanisms for annual adjustments to Impact Fees.

"**Section 411A**" means Planning Code sections 411A.1-411A.8, under which the City imposes the TSF.

"**Section 415**" means the City's Inclusionary Affordable Housing Program (Planning Code §§ 415 and 415.1 through 415.11).

"**Secured Amount**" means the amount of Phase Security required under clause (iii) of DDA § 17.3(e) (Form and Secured Amount).

"**Services Account**" means a segregated account that the Port will establish with the Special Fund Trustee to receive, administer, and disburse Services Special Taxes from a Services CFD.

"**Services CFD**" means a CFD or part of a CFD that authorizes the levy of Services Special Taxes to finance Ongoing Maintenance Costs.

"**Services CFD Administrative Costs**" means CFD Administrative Costs payable from Services Special Taxes.

"**Services Special Tax Fund**" means the segregated accounts in the Special Fund Trust Account consisting of the Pier 70 Leased Property Services Account, the Pier 70 Condo CFD Services Account (for Zone 1 and Zone 2), and the Hoedown Yard Services Account that the Port, as CFD Agent, establishes with the Special Fund Trustee to receive, administer, and disburse Services Special Taxes on behalf of the CFDs through the Special Fund Administration Agreement.

"**Services Special Taxes**" means Mello-Roos Taxes that the City levies in a City Fiscal Year on Taxable Parcels in a CFD to fund Ongoing Maintenance Costs as specified in the applicable RMA.

"**SFAC**" is an acronym for the San Francisco Arts Commission.

"**SFFD**" is an acronym for the San Francisco Fire Department.

"**SFMTA**" is an acronym for the San Francisco Municipal Transportation Agency.

"SFMTA Consent" means the Consent of the Municipal Transportation Agency of the City and County of San Francisco that is attached to and incorporated in the DA or the ICA, as applicable.

"SFPUC" is an acronym for the San Francisco Public Utilities Commission.

"SFPUC Consent" means the Consent of the Public Utilities Commission of the City and County of San Francisco that is attached to and incorporated in the DA or the ICA, as applicable.

"SFPUC General Manager" means the General Manager of the SFPUC.

"SFPUC Wastewater Capacity Charge" means the wastewater capacity charge and connection charge imposed by the SFPUC.

"SFPUC Water Capacity Charge" means the water capacity charge and connection charge imposed by the SFPUC.

"Shoreline Account" means the segregated account in the Facilities Special Tax Fund that the Port establishes with the Special Fund Trustee to receive, administer, and disburse Shoreline Special Taxes, including transfers from the Project Reserve Account, in accordance with FP § 4.7(d) (Shoreline Account).

"Shoreline Adaptation Studies" means analysis and planning to characterize the preferred and Shoreline Protection Project and alternatives, including pre-entitlement planning and design work, environmental review, negotiation, and Regulatory Approvals related to the Shoreline Protection Facilities, conducted in accordance with FP § 4.7(f) (Determining Pier 70 Shoreline Protection Facilities).

"Shoreline Improvements" means Horizontal Improvements such as shoreline restoration, including installation of stone columns, pilings, secant walls, and other structures to stabilize the seawall or shoreline, removal of bay fill, creation of waterfront public access to or environmental remediation of the San Francisco waterfront, all of which are permitted uses of the Waterfront Set-Aside.

"Shoreline Protection Facilities" means future waterfront Improvements at the San Francisco shoreline to protect the area from perils associated with seismic events and climate change, including sea level rise and floods, and other public improvements approved by the Port Commission and the Board of Supervisors.

"Shoreline Protection Project" means the construction of Shoreline Protection Facilities.

"Shoreline Special Taxes" means Improvement Special Taxes that are identified as Shoreline Special Taxes and levied in accordance with the RMA for the Pier 70 Leased Property CFD on conditions described in FP § 4.7 (Project Reserve and Shoreline Accounts).

"SHPO" means the California State Historic Preservation Office.

"Signage Plan" means one of the comprehensive signage plans that will cover the Park Parcels, Public ROWs, and buildings and provide for an interpretive signage program that Developer will submit to the Port under DDA § 13.7 (Signage).

"Significant Adverse Change" means a final judgment is entered against Developer in an amount greater than \$100 million that it does not satisfy or bond.

"Significant Change" means:

- (i) any change in the direct or indirect ownership of Developer that results in a change in Control of Developer; or
- (ii) a change in the person with the power to direct or cause the direction of the day-to-day management of Developer (exclusive of a so-called "major decision" and similar rights).

"Significant Change to Obligor" means the occurrence of any of the following:

- (i) the Obligor's Insolvency;
- (ii) a final judgment is entered against the Obligor in an amount greater than 20% of the Obligor Net Worth, which the Obligor does not satisfy or bond; or
- (iii) an Obligor no longer meets the Obligor Net Worth Requirement.

"Site Preparation" means physical work to prepare and secure the 28-Acre Site for installation and construction of Horizontal Improvements, such as demolition or relocation of existing structures, excavation and removal of contaminated soils, fill, grading, soil compaction and stabilization, and construction fencing and other security measures and delivery of the Affordable Housing Parcels as required under the AHP.

"Site Preparation Plans" mean Improvement Plans for demolition, utility relocation, mass grading, ground improvement, and shoreline repair.

"Soft Costs" means the reasonable and customary out-of-pocket costs actually paid by Developer or the Port in connection with both construction of Horizontal Improvements and implementation of Developer's obligations under the DDA, including:

- (i) architectural, engineering, consultant, attorney, and other professional fees, including the cost of any Qualified Appraiser and the costs of consultants related to public financing to the extent not reimbursed by Public Financing Sources;
- (ii) property insurance (including general liability, automobile liability, worker's compensation, personal property, flood, pollution legal liability, comprehensive personal liability, watercraft liability, marine general liability, vessel pollution liability, builder's risk, and professional services insurance);
- (iii) construction management fees paid to or by Developer, a Transferee of Developer, or their respective Affiliates; project management costs incurred by the Developer; and asset management costs incurred by Developer, limited in the aggregate to 15% of Hard Costs, subject to Developer's right to request reimbursement of actual costs in excess of this threshold, which the Port will reimburse if it reasonably finds that the charges are commercially reasonable;
- (iv) regulatory fees other than building and site permit fees;
- (v) Developer Mitigation Measures and any additional environmental review required for horizontal development;
- (vi) Impact Fees associated with Horizontal Improvements;
- (vii) Port Costs and Other City Costs;
- (viii) costs to use sources other than the Project Payment Sources to the extent not otherwise reimbursed;
- (ix) Improvement Special Taxes and any other taxes, assessments, or fees levied by the City and paid by Developer as Tenant under the Master Lease, excluding any penalties or interest assessed due to Developer's failure to make payment before delinquency;
- (x) security required under the DDA or otherwise in connection with the Horizontal Improvements, including any Adequate Security;
- (xi) safety and security measures;
- (xii) community outreach associated with the 28-Acre Site Project;

- (xiii) in carrying out Developer's obligations under DDA § 7.13 (Noonan Replacement Space), including all eligible costs under the Artist Transition Plan;
- (xiv) maintenance of parks, streets, and public areas to the extent not paid by Services Special Taxes;
- (xv) third-party costs to prepare and store Developer Quarterly Reports, Phase Audits, Final Audits, and Developer's Books and Records;
- (xvi) Developer Closing Costs;
- (xvii) Developer Marketing Costs;
- (xviii) the Entitlement Sum;
- (xix) any other amount specifically identified in a Transaction Document as a Soft Cost or a category of Soft Costs.

"Soft Costs" excludes:

- (1) *Hard Costs;*
- (2) *Developer's (or any Affiliate's) corporate office, personnel, and overhead costs;*
- (3) *staff, consultant, advertising, and any other costs incurred to lobby or campaign for any ballot measure affecting the 28-Acre Site Project or for other political purposes;*
- (4) *construction financing costs (loan fees and interest) for Horizontal Improvements; and*
- (5) *vertical development costs, and other costs paid by Vertical Developers or allocated to vertical development.*

"SOP" is an acronym for the Schedule of Performance (DDA Exh B2).

"SOP Compliance Determination" means the Chief Harbor Engineer's approval of an SOP Compliance Request in accordance with DDA § 15.7 (SOP Compliance), which will be confirmed in a recordable document in the form of DDA Exh B9-1.

"SOP Compliance Request" means a packet that Developer submits the Port containing the materials listed in DDA Exh B9 in accordance with DDA § 15.7(c) (Request to Port).

"Special Debt Service" means, as applicable, (i) that portion of the debt service on, or replenishment of reserve funds for, CFD Bonds secured by Facilities Special Taxes in Zone 1 and Zone 2 of the Pier 70 Leased Property CFD in an amount equal to the Facilities Special Taxes levied on NOI Property in Zone 1 and Zone 2 of the Pier 70 Leased Property CFD, (ii) that portion of the debt service on, or replenishment of reserve funds for, CFD Bonds issued based on Facilities Special Taxes levied on Taxable Parcels of Historic Building 12 in Zone 3 of the Pier 70 Leased Property CFD in an amount equal to the Facilities Special Taxes levied on Taxable Parcels of Historic Building 12 in Zone 3 in the Pier 70 Leased Property CFD, or (iii) that portion of the debt service on, or replenishment of reserve funds for, CFD Bonds issued based on Facilities Special Taxes levied on Taxable Parcels of Historic Building 21 in Zone 3 of the Pier 70 Leased Property CFD in an amount equal to the Facilities Special Taxes levied on Taxable Parcels of Historic Building 21 in Zone 3 in the Pier 70 Leased Property CFD.

"Special Facility" means the SUD and any other Port facility designated as such under the Port Master Indenture.

"Special Facility Revenue" means revenue that the Port earns from or with respect to any Special Facility designated in the Port Master Indenture.

- "Special Facility Revenue Bonds"** means Bonds issued by or on behalf of the CFD or the IFD that is secured and payable by a pledge of Special Facility Revenue.
- "Special Fund Administration Agreement"** means an agreement conforming to the outline in FP Exhibit F between the Port in its proprietary capacity, as CFD Agent, and as IFD Agent, and the Special Fund Trustee authorizing the trustee to receive, administer, and disburse funds in the Special Fund Trust Account to implement the Financing Plan.
- "Special Fund Trust Account"** means, collectively, the Land Proceeds Fund, the Facilities Special Tax Fund, and the Tax Increment Fund, including segregated accounts in each fund.
- "Special Fund Trustee"** means a bank, national banking association, or a trust company having a combined capital (exclusive of borrowed capital) and surplus of at least \$50 million, and that is subject to supervision or examination by federal or state authority.
- "Special Taxes"** when used with a modifier means Mello-Roos Taxes levied in the designated CFD.
- "Stand-Alone Noonan Building"** as defined in clause (ii) of DDA § 7.12(b) (Development Options) means a stand-alone building to accommodate the Noonan Replacement Space on 1/3 of Parcel E4.
- "State"** means the State of California.
- "State Lands"** means the California State Lands Commission.
- "Statement of Indebtedness"** means the annual report that the IFD must file with the Treasurer-Tax Collector under IFD Law and the Port IFD Guidelines.
- "Stormwater Master Plan"** means a submittal required with each Basis of Design Report under ICA § 4.12(b) (Stormwater Master Plan).
- "Street and Utility Easement"** means an easement or similar agreement relating to Public ROWs and various public utilities, including gas, sewer, water, and electrical service.
- "Street Excavation Improvement Agreement"** means an agreement between Developer and the City, executed before a Final Map is recorded, that allows construction of Horizontal Improvements to begin.
- "Streetscape Master Plan"** means the master plan for Public ROW Improvements within the 28-Acre Site, to be submitted by Developer and approved by the Port under DDA § 3.5(b) (Submittal for Review).
- "Streetscape Submittal Date"** means the date by which Developer will submit its final Streetscape Master Plan application to the Port under DDA § 3.5(b) (Submittal for Review).
- "Structural Consultant"** means any Project Consultant who prepared Structural Materials.
- "Structural Materials"** means Project Materials relating to structural strengthening, maintenance, and repair of the substructure and superstructure of piers and wharves, Horizontal Improvements for, and subsurface stabilization of, any part of the 28-Acre Site.
- "Subdivision Code"** means the San Francisco Subdivision Code and Subdivision Regulations, subject to applicable amendments or procedures in the DA Ordinance and Development Agreement.
- "Subdivision Map"** means any map that Developer submits for the FC Project Area under the Map Act and the Subdivision Code.
- "Subdivision Regulations"** means subdivision regulations adopted by Public Works from time to time.
- "Subordination Event"** means the termination of any part of the DDA with respect to Developer's rights following a Material Breach under the DDA.
- "Sub-Project Area"** means, individually or collectively, Sub-Project Area G-2, Sub-Project Area G-3, and Sub-Project Area G-4.

"**Sub-Project Area G-1**" means the sub-project area of IFD Project Area G consisting of the 20th Street Historic Core.

"**Sub-Project Area G-2**" means the sub-project area of IFD Project Area G described in Appendix G-2.

"**Sub-Project Area G-3**" means the sub-project area of IFD Project Area G described in Appendix G-2.

"**Sub-Project Area G-4**" means the sub-project area of IFD Project Area G described in Appendix G-2.

"**Substantially Complete**" means that Developer has obtained an SOP Compliance Determination as to the applicable Phase Improvement.

"**successor**" means heirs, successors (by merger, consolidation, or otherwise) and assigns, and all persons or entities acquiring any portion of or any interest in the FC Project Area, Developer, or a Vertical Developer, whether by sale, operation of law, or in any other manner.

"**Successor Default**" as defined in DA § 10.2(e) (No Cross-Default) means an Event of Default under the Development Agreement, a Vertical DDA, or a Parcel Lease, as applicable, by a DA Successor with respect to any part of the 28-Acre Site Project.

"**Successor by Foreclosure**" means any person who obtains title to all or any portion of or any interest in the FC Project Area as a result of foreclosure proceedings, conveyance or other action in lieu of foreclosure on a Permitted Lien, or other remedial action, including:

- (i) any other person who obtains title to all or any portion of or any interest in the FC Project Area or a Borrower from or through a Permitted Lender, including a Permitted Lender's nominee;
- (ii) any other purchaser at a foreclosure sale; and
- (iii) any successor to either of the above.

"**SUD**" is an acronym for the Pier 70 Special Use District established by Planning Code section 249.79, which incorporates the Design for Development, and related amendments to the City's Zoning Map with zoning and other land use controls applicable to the 28-Acre Site and adjoining parcels, approved by Ordinance No. 225-17.

"**SUD Project**" means the project as defined in the FEIR.

"**Summary Proforma**" means, for illustrative purposes only, the detailed document that Developer prepared to provide an accurate summary of the Proforma, a copy of which is attached to the Financing Plan as FP Sch 1, and any superseding or revised summaries prepared from time to time in accordance with the DDA.

"**Sustainability Plan**" means the Sustainability Plan presented to the Port Commission on September 12, 2017, a copy of which is on file with the Secretary of the Port Commission.

"**Tax Allocation MOU**" means the Memorandum of Understanding (Levy and Allocation of Taxes).

"**Tax Code**" means the Internal Revenue Code of 1986, as amended, together with applicable temporary and final regulations promulgated, and applicable official public guidance published, under the United States Internal Revenue Code.

"**Tax Increment**" refers to one or more of Allocated Tax Increment, Housing Tax Increment, the City Share of Tax Increment, ERAF Tax Increment, Gross Tax Increment, Port Tax Increment, and Project Tax Increment, as appropriate in the context.

"**Tax Increment Bonds**" means any Bonds of the IFD with respect to Sub-Project Area G-2, Sub-Project Area G-3, and Sub-Project Area G-4, including obligations incurred under a Pledge Agreement, secured and payable by a pledge of or otherwise payable from Allocated Tax Increment.

"**Tax Increment Bonds**" excludes Mello-Roos Bonds and Housing Tax Increment Bonds.

"Tax Increment Debt Service Requirement" means the debt service payable on Tax Increment Bonds in a City Fiscal Year before the next expected Receipt Date of Allocated Tax Increment.

"Tax Increment Fund" means the segregated accounts that will be outlined in FP Exh F that the Port, as IFD Agent, establishes with fund consisting of the Special Fund Trustee to receive, administer, and disburse Annual Allocated Tax Increment on behalf of the IFD through the Special Fund Administration Agreement.

"Tax Revenues" means any Improvement Special Taxes or Tax Increment deposited in a Special Fund for use in accordance with the Financing Plan.

"Taxable Commercial Parcels" means a Taxable Parcel that is a Commercial Parcel.

"Taxable Parcel" means an assessor's parcel of real property or other real estate interest that is not exempt from taxation and assessments, including Taxable Commercial Parcels, Taxable Residential Units, and leased space occupied for private use in an Exempt Parcel.

"Taxable Residential Unit" means a Taxable Parcel that is a residential unit.

"TCO" is an acronym for a Temporary Certificate of Occupancy.

"TDM" is an acronym for transportation demand management.

"TDM Coordinator" and **"TC"** mean the lead staff person of the TMA.

"TDM Measures" means measures outlined in the Pier 70 TDM Program or in consultation with the relevant City Agencies, to achieve the Reduction Target.

"Temporary Certificate of Occupancy" means a certificate of occupancy that the Chief Harbor Engineer issues under the Port Building Code allowing a discrete portion of a building to be occupied or conditional occupancy of a building.

"Temporary Noonan Replacement Space" means a temporary replacement space to house the Noonan Tenants within the 28-Acre Site that will allow for the demolition of Building 11 in accordance with DDA § 7.13 (Noonan Replacement Space).

"Tenant" means the tenant under the Master Lease.

"Tentative Map" means a Tentative Transfer Map, Vesting Tentative Transfer Map, Tentative Map, or Vesting Tentative Map as defined in the Subdivision Code.

"Terminated Phase" means a Phase that is terminated under DDA Art 12 (Material Breaches and Termination).

"Term Sheet" is defined in the Recitals to the DDA.

"Termination Date" means the date on which a termination under DDA Art 12 (Material Breaches and Termination) becomes effective.

"third party" means a person that is not Developer, the Port, the City, or any of their Agents or Affiliates.

"Third-Party Challenge" means an action challenging the validity of any provision of the DDA or the Development Agreement, the 28-Acre Site Project, any Project Approval or Future Approval, the adoption or certification of the Final EIR, other actions taken under CEQA, or any other Project Approval.

"Time-Sensitive Matter" means a Party's obligations that are due at a specific time under the DDA, including under the Schedule of Performance and the Financing Plan.

"TMA" is an acronym for the transportation management association that will be formed to administer, monitor, and adjust the Pier 70 TDM Program.

"Total Fee Amount" is defined Transportation Plan ¶ 1.B (Accounting and Use of Transportation Fee by SFMTA).

"Transaction Document" means any of the following, individually or collectively:

- (i) the DDA, including the Financing Plan, this Appendix, and all attached exhibits, schedules, and implementing agreements and plans;
- (ii) each Vertical DDA and associated documents by which the Port conveys a Development Parcel;
- (iii) each Assignment and Assumption Agreement governing a Transferee's rights and obligations for the 28-Acre Site Project;
- (iv) the ICA;
- (v) the Development Agreement;
- (vi) the Master Lease;
- (vii) any Guaranty given to the Port as Adequate Security; and
- (viii) any other agreement governing the Parties' respective rights and obligations with respect to the development or operation of any portion of the 28-Acre Site.

"Transfer" means Assignment or Significant Change.

"Transfer" excludes:

- (1) any agreement under which a Vertical Developer is required to build Deferred Infrastructure; or
- (2) an Excluded Transfer.

"Transfer Map" means a map for the 28-Acre Site under the Subdivision Map Act filed by the Developer that creates a separate legal parcel for each Development Parcel, which may include Condo Units.

"Transferee" means any person to which Developer Transfers its rights and corresponding obligations relating to a Phase, Horizontal Improvements, or horizontal development as permitted under DDA Art 6 (Transfers).

"Transferee" excludes any Vertical Developer, Lender, or successor to either except to the extent of assumed horizontal development rights or obligations (not including Deferred Infrastructure) as permitted under the DDA.

"Transferee Affiliate" means a Transferee that is an Affiliate of Developer.

"Transferred Phase" means a Phase that Developer proposes to Transfer or that has been Transferred in accordance with DDA Art 6 (Transfers).

"Transition Notice" means notice delivered to the Noonan Tenants at least 24 months before Developer will provide them with the opportunity to relocate to the Noonan Replacement Space under DDA § 7.13 (Noonan Replacement Space).

"Transportation Fee" means the Impact Fee imposed on vertical development at the 28-Acre Site under DA § 4.1(c) (Specific Benefits) and payable as specified in Transportation Plan ¶ 1.A (Payment by Vertical Developers).

"Transportation Impact Study" means the Project's Transportation Impact Study attached to the Final EIR and referenced in the Pier 70 TDM Program.

"Transportation Infrastructure" means Improvements and technology necessary for transportation and public transit services on or serving the SUD, including vehicular traffic and transit signaling and signs; parking meters and other parking control devices; bicycle parking facilities; bicycle rental/sharing facilities; protected bikeways; bus boarding islands or bulb-outs and shelters; pedestrian traffic controls; overhead traction power cabling and supports; street lighting supports;

wayside control and communication systems and devices; electrical substations, junction boxes, underground conduit and duct banks; transit stops; and street and curb striping.

"Transportation Program" means DDA Exh B5, which contains strategies that Developer is required to implement to address movement in and around the 28-Acre Site.

"Transportation-Related Mitigation Measures" means any Mitigation Measure, including aspects of the Transportation Program that SFMTA is responsible for monitoring or implementing.

"Treasurer-Tax Collector" means the Treasurer and Tax Collector of the City and County of San Francisco.

"TSF" is an acronym for the Transportation Sustainability Fee imposed under Section 411A.

"TSF Fund" means the account holding funds collected under Section 411A.

"UIWH District" means the Union Iron Works Historic District.

"Unanimous Approval" means a written certificate executed by 100% of the owners of a Development Parcel requesting annexation of the Development Parcel to a CFD, under the CFD Law.

"Union Iron Works Historic District" means the approximately 66 acre-area of Pier 70 that was listed in the National Register of Historic Places in 2014.

"Unpermitted Exception" means a title exception marked as such in DDA Exh D1.

"Unrelated Transferee" means a Transferee that is not an Affiliate of Developer.

"Unrelated Vertical Developer" means a Vertical Developer that is not Developer or an Affiliate of Developer.

"USPAP" means the Uniform Standards of Professional Appraisal Practice originally adopted by Congress in 1989 and updated biannually by The Appraisal Foundation.

"Utility Allowance" means a dollar amount determined in a manner acceptable to the California Tax Credit Allocation Committee, which may include an amount published periodically by the San Francisco Housing Authority based on standards established by HUD, for the cost of basic utilities for households, adjusted for Household Size. If both the San Francisco Housing Authority and HUD cease publishing a Utility Allowance, then Vertical Developers may use another publicly available and credible dollar amount approved by MOHCD.

"Utility Infrastructure" means Horizontal Improvements for utility systems that serve the FC Project Area, including subsurface systems for power, stormwater, sewer, domestic water, recycled water, AWSS, and above-ground facilities, such as streetlights, stormwater controls, and switchgears.

"Utility Infrastructure" *excludes telecommunications infrastructure and any privately owned utility improvements (other than any part of WTRS that is privately-owned).*

"Utility-Related Mitigation Measure" means any Mitigation Measure that SFPUC is responsible for monitoring or implementing.

"VDDA" is an acronym for Vertical DDA.

"VDDA Notice" for purposes of DDA Exh A5 means the Port's notice to Planning that the Port is prepared to enter into a Vertical DDA with a Vertical Developer that will have the right to develop an office project on its Option Parcel.

"Vertical Coordination Agreement" means an agreement between a Vertical Developer and Developer in coordination with the Vertical DDA.

"Vertical DDA" means the agreement between the Port and a Vertical Developer governing vertical development of a Development Parcel in the form of DDA Exh D2.

"Vertical Developer" means a person that acquires Parcel K North or a Development Parcel from the Port under a Vertical DDA for the development of Vertical Improvements.

"Vertical Developer Affiliate" means a Vertical Developer that is an Affiliate of Developer.

"Vertical Developer Default" is defined in VDDA § 15.1 (Default by Vertical Developer).

"Vertical Developer Party" means any Vertical Developer, its Affiliates, their Agents, and Invitees to the 28-Acre Site, individually or collectively.

"vertical development" means planning, design, and construction or rehabilitation of buildings and other structures on the 28-Acre Site.

"Vertical Improvement" means a new building that is built or a Historic Building that is rehabilitated at the 28-Acre Site.

"Vested Element" means a specific component of the land use entitlements granted to Developer by the Project Approvals, as described in DA § 5.1(b) (Vested Elements).

"Water Board" means the San Francisco Bay Regional Water Quality Control Board of the California Water Resources Control Board.

"Waterfront Plan" means the Port's Waterfront Land Use Plan, including the Waterfront Design and Access Element, which is the basis for the Port's regulation of land uses on Port property.

"Waterfront Set-Aside" means a minimum of 20% of Annual Allocated Tax Increment and 20% of ERAF Tax Increment from Project Area G, which under IFD Law must be spent for shoreline restoration, removal of bay fill, and creation of waterfront public access to or environmental remediation of the San Francisco waterfront.

"WDP" is an acronym for the Workforce Development Plan.

"Workforce Development Plan" means DDA Exh B4.

"WTRS" is an acronym for wastewater treatment and recycling system.

"WTRS Election" is defined in DDA § 7.22 (Wastewater Treatment and Recycling System).

"WTRS MOU" means a memorandum of understanding that the Port will enter into with SFPUC should Developer exercise the WTRS Election under DDA § 7.21 (Wastewater Treatment and Recycling System).

"Zone" means a numerically designated group of Taxable Parcels in a CFD (e.g., Zone 1 and Zone 2), which will be specified in the CFD Formation Proceedings.

"Zoning Administrator" means the Planning Department staff person who is authorized to grant variances through administrative review under the Planning Code.

CONSENT TO DEVELOPMENT AGREEMENT Port Commission

The Port Commission of the City and County of San Francisco has reviewed the Development Agreement between the City and Developer relating to the proposed 28-Acre Site Project to which this Consent to Development Agreement is attached and incorporated. Capitalized terms used in this Port Consent have the meanings given to them in the Development Agreement or the Appendix.

By executing this Port Consent, the undersigned confirms the following:

1. The Port Commission, at a duly noticed public hearing, adopted the CEQA Findings, including the Statement of Overriding Considerations, and the MMRP, including Mitigation Measures for which the Port is the responsible agency.
2. At that meeting, the Port Commission considered and consented to the Development Agreement as it relates to matters under Port jurisdiction and delegated to the Port Director or her designee any future Port approvals under the Development Agreement, subject to Applicable Laws, including the City Charter.
3. The Port Commission directed the Chief Harbor Engineer to: (a) require evidence that Developer has paid any Impact Fees that are required as a condition to issuing any Construction Permit for horizontal development; (b) require evidence that Vertical Developers have paid all Impact Fees that are required as a condition to issuing any Construction Permit for vertical development; and (c) report promptly to the Planning Director the location, date, and amount of office space approved for construction in any Construction Permit as provided in *DDA Exh A5 (Provisions for Office Development)*.
4. The Port Commission also authorized Port staff to take any measures reasonably necessary to assist the City in implementing the Development Agreement in accordance with Port Resolution No. 17-47.

[Remainder of page intentionally left blank.]

By authorizing the Port Director to execute this Port Consent, the Port Commission affirms that it does not intend to limit, waive, or delegate in any way its exclusive authority or rights under Applicable Port Law.

PORT:

CITY AND COUNTY OF SAN FRANCISCO,
a municipal corporation, operating by and through the
San Francisco Port Commission

CONSENT TO DEVELOPMENT AGREEMENT

San Francisco Municipal Transportation Agency

The Municipal Transportation Agency of the City and County of San Francisco has reviewed the Development Agreement between the City and Developer relating to the proposed 28-Acre Site Project to which this Consent to Development Agreement is attached and incorporated. Capitalized terms used in this SFMTA Consent have the meanings given to them in the Development Agreement or the Appendix.

By executing this SFMTA Consent, the undersigned confirms the following:

1. The SFMTA Board of Directors, after considering at a duly noticed public hearing the CEQA Findings for the 28-Acre Site Project, including the Statement of Overriding Considerations and the Mitigation Monitoring and Reporting Program, consented to and agreed to be bound by the Development Agreement as it relates to matters under SFMTA jurisdiction and delegated to the Director of Transportation or his designee any future SFMTA approvals under the Development Agreement, subject to Applicable Laws, including the City Charter.
2. The SFMTA Board of Directors also:
 - a. approved Mitigation Measure M-AQ-1f, which requires "a Transportation Demand Management (TDM) Plan with a goal of reducing estimated daily one-way vehicle trips by 20% compared to the total number of one-way vehicle trips identified in the project's Transportation Impact Study at project build-out," which is a Developer Mitigation Measure under the MMRP;
 - b. approved Developer's Pier 70 TDM Program for the Transportation Program (attached to this SFMTA Consent) and found that the Pier 70 TDM Program meets the requirements of Mitigation Measure M-AQ-1f and incorporates many of the Pier 70 TDM Program strategies described in Section 169;
 - c. directed the Director of Transportation to administer and direct the allocation and use of Transportation Fees in an amount no less than the Total Fee Amount as provided in the Transportation Program; and
 - d. delegated to the Director of Transportation the authority to approve the Streetscape Master Plan for the FC Project Area.
3. The SFMTA Board of Directors also authorized SFMTA staff to take any measures reasonably necessary to assist the City in implementing the Development Agreement in accordance with SFMTA Resolution No. 170905-112, including the Transportation Program and the transportation-related Mitigation Measures.

[Remainder of page intentionally left blank.]

By authorizing the Director of Transportation to execute this SFMTA Consent, the SFMTA does not intend to in any way limit, waive or delegate the exclusive authority of the SFMTA as set forth in Article VIIIA of the City Charter.

TRANSPORTATION PROGRAM

I. Transportation Fee.

A. **Payment by Vertical Developers.** Each Vertical Developer shall pay to SFMTA a "Transportation Fee" that SFMTA will use and allocate in accordance with Section I.B below. The Transportation Fee must meet all requirements of and will be payable on all vertical development in the 28-Acre Site in accordance with Planning Code sections 411A.1-411A.8. Under the Development Agreement and this Transportation Program:

- The Transportation Fee will be payable on any development project on the 28-Acre Site, except Affordable Housing Projects pursuant to Planning Code section 406(b), and Historic Building 21, Historic Building 12, and Parcel E4.
- The Transportation Fee will be calculated at 100% of the applicable TSF rate without a discount under Section 411A.3(d). The 28-Acre Site Project shall be subject to 100% of the applicable TSF rate as if it were a project submitted under 411A.3(d)(3). The amount of the Transportation Fee for each applicable land use category will be identical to the amount for the same land use category in the Fee Schedule in Planning Code section 411A.5 as in effect when the Port issues the first Construction Permit for each building.

B. **Accounting and Use of Transportation Fee by SFMTA.** Section 411A.7 will apply except as follows. The Treasurer will account for all Transportation Fees paid for each development project on the 28-Acre Site (the "Total Fee Amount"). SFMTA will use an amount equal to or greater than the Total Fee Amount to pay for uses permitted by the TSF Fund under Planning Code section 411A.7, including SFMTA and other agencies' costs to design, permit, construct, and install a series of transportation improvements in the area surrounding the SUD. SFMTA and other implementing agencies will be responsible for all costs associated with the design, permitting, construction, installation, maintenance, and operation of these improvements above the Total Fee Amount. SFMTA will report to the Planning Director on any use of the Total Fee Amount in any reporting period for the Annual Review under the Development Agreement. Examples of projects that SFMTA may fund with the Total Fee Amount include:

- 16th Street Ferry Landing. Construction of a new ferry terminal at Mission Bay and support of other water transit, including a network of water taxi/small water ferry docks along the waterfront.
- T-Third Enhancements. Reliability and capacity enhancements, including flashing "Train Coming" signs, in-ground detectors at to-be-identified intersections, and additional light rail vehicles (LRV) as needed to serve the growing population along the line.
- 10, 11, 12, and other MUNI lines that are planned to serve 28-Acre Site Project neighborhood.¹ Capital improvements, including buses, associated with newly proposed MUNI routes, and re-routing of existing MUNI lines to better serve transit riders in the Dogpatch, Mission Bay, and Potrero Hill neighborhoods. Operation plans for all Muni service is contingent on the SFMTA Board of Directors adoption of an operating budget.
 - Consulting in good faith with the neighborhood stakeholders, SFMTA will design and implement, in a timely manner, new MUNI routes, alignments, and/or other service enhancements in the Pier 70 area to improve service for residents, visitors, and workers to the extent technically feasible. Emphasis will be placed on connecting existing and developing population and job centers, neighborhood destinations and regional transit, including, but not limited to, connections to 16th Street BART and the 22nd Street Caltrain Station.

¹ Project payment for Mitigation Measure M-TR-5 will not be requested by the SFMTA until after Project's contribution to the 10, 11, 12, and other Muni lines planned to serve the 28-Acre Site Project neighborhood are expended, provided relevant impacts still exist.

- Muni Metro East. Capital costs associated with an expanded facility for on-site rebuilds, capacity for expanded bus and LRV fleet, and tracks for storage.
- Mission Bay E-W Bike Connector. Implementation of a connection across tracks, likely between 17th Street and Owens Street, to connect the 4th Street bikeway on east side and the 17th Street bikeway on west side.
- Terry A. Francois Boulevard Cycletrack. Implementation of bicycle access on Terry A. Francois Boulevard, including multi-use (peds/bikes) access on the 3rd Street Bridge and associated signal modifications.
- North-south bike connection on Indiana Street. Implementation of bicycle connection along Indiana Street from Cesar Chavez Boulevard to Mariposa Street.
- Upgraded bicycle access on Cesar Chavez Boulevard. Implementation of a lane along Cesar Chavez Boulevard from US 1-280/Pennsylvania to Illinois Street, including elements such as bulbs, islands, and restriping.
- Pedestrian improvements. Implement improved sidewalks and crosswalks as needed at various gap locations throughout the adjacent Dogpatch neighborhood, as identified in partnership with community and City partners.

Nothing in this Transportation Program will prevent or limit the City's absolute discretion to: (i) conduct environmental review in connection with any future proposal for improvements; (ii) make any modifications or select feasible alternatives to future proposals that the City deems necessary to conform to any applicable laws, including CEQA; (iii) balance benefits against unavoidable significant impacts before taking final action; (iv) determine not to proceed with such future proposals; or (v) obtain any required approvals for the improvements.

II. TDM Plan.

Developer shall implement the Transportation Demand Management ("TDM") Plan attached as **TP Schedule 1** and otherwise comply with EIR Mitigation Measure M-AQ-1f, attached as **TP Schedule 2**. Under Planning Code section 169.4(e), the Zoning Administrator shall approve and order the recordation of the TDM Plan against the 28-Acre Site, and it shall be enforceable through the Notice of Violation procedures in the Planning Code, or any other applicable provision of law. The Zoning Administrator shall retain the discretion to determine what constitutes a separate violation in this context. The Planning Code procedures shall apply, except that the Zoning Administrator shall have discretion to impose a penalty of up to \$250 per violation. Developer agrees to a TDM Plan that vehicle trips associated with the 28-Acre Site will not exceed 80% of the vehicle trips calculated for 28-Acre Site Project in the Transportation Impact Study. The TDM measures (the "TDM Measures") outlined in the TDM Plan, or made in consultation with the relevant agencies, must achieve the TDM Plan.

In accordance with the Pier 70 TDM Plan, Pier 70 shall operate a free public shuttle to riders, funded by the Pier 70 TMA, providing direct connections between Pier 70 and regional transit. The Pier 70 shuttle routes will be designed to provide an attractive alternative to using private vehicles to access Pier 70, and shall take into account area congestion and neighborhood input. In compliance with mitigation measure M-AQ-1f, Pier 70 will provide the SFMTA with shuttle ridership data. The SFMTA will use the resulting data to monitor on-going demand for new or modified MUNI service and to inform further MUNI service planning in the Pier 70 area.

Developer's TDM Plan and related obligations under this Transportation Program will begin when the Port or DBI issues a Temporary Certificate of Occupancy for the first building at the 28-Acre Site and remain in effect for the life of the 28-Acre Site Project.

III. SFMTA Contact

Exhibit to SFMTA Consent

Page 2

SFMTA commits to designating a staff person to follow up on the transportation related components of the 28-Acre Site Project, including DDA Exhibit B5, the DA, and the FEIR. This staff person will be a point person for the Developer and the community.

IV. RPP Permits

The 28-Acre Site Project will not be eligible for Residential Parking Permits under Transportation Code section 405. Developer has agreed that such restriction will be included in the Conditions, Covenants and Restrictions (CC&Rs) of the Project.

TP SCHEDULE 1

TDM Plan

(see attached)

Pier 70 Special Use District TDM Program

July 24, 2017

TRANSPORTATION DEMAND MANAGEMENT

The Project (defined as the area within the Pier 70 Special Use District) will implement TDM measures designed to produce 20% fewer driving trips than identified by the project's Transportation Impact Study ("Reduction Target") for project build out, as identified in Table 1, below.

Table 1: Trip Reduction Target from EIR Trip Estimates

Period	EIR Auto Trip Estimate at Project Build-Out	Auto Trips Reflecting 20% Reduction ("Reduction Target")
Daily	34,790	27,832

To do this, the TDM Plan creates a TDM Program that will support and promote sustainable modes and disincentivize the use of private automobiles, particularly single-occupancy vehicles, among residents, employees, and visitors. This chapter outlines the different strategies that Project, initially, will employ to meet those goals, including the formation of a Transportation Management Association (TMA). The TMA will be responsible for the administration, monitoring, and adjustment of the TDM Plan and program over time. In addition to meeting the Reduction Target, the following overall TDM goals are proposed to ensure that the Project creates an enjoyable, safe, and inviting place for residents, workers, and visitors.

1.1 TDM Goals

In addition to meeting the Reduction Target described above, the TDM program will include measures that contribute to the following goals:

- Encourage residents, workers, and visitors to the Project site to use sustainable transportation modes and provide resources and incentives to do so.
- Make the Project site an appealing place to live, work and recreate by reducing the number of cars on the roadways and creating an active public realm.
- Integrate the Project into the existing community by maintaining the surrounding neighborhood character and seamlessly integrating the Project into the established street and transportation network.
- Provide high quality and convenient access to open space and the waterfront.
- Promote pedestrian and bike safety by integrating bicycle and pedestrian-friendly streetscaping throughout the Project site.
- Improve access to high quality transit, including Caltrain, BART, and Muni light rail.
- Reduce the impact of the Project on neighboring communities, including reducing traffic congestion and parking impacts.

1.2 TDM Approach

The fundamental principle behind the TDM program is that travel habits can be influenced through incentives and disincentives, investment in sustainable transportation options, and educational and marketing efforts. Recognizing this principle, the following section describes the TDM program, including its basic structure, as well as logistical issues, such as administration and maintenance of the program.

The Project's land use and site design principles, including creating a dense, mixed-use area that provides neighborhood and office services within walking distance from residential and commercial buildings and the creation of walkable and bicycle-friendly streets, will work synergistically with the TDM program to achieve the Project's transportation goals.

Planning Code Section 169 (TDM) requires that master planned projects such as Pier 70 meet the spirit of the TDM Ordinance, and acknowledges that there may be unique opportunities and strategies presented by master planned projects to do so. If, in the future, the Port establishes its own TDM program across its various properties, the Project will have the right, but not the obligation, to consolidate TDM efforts with this larger plan. In all cases, the Project will coordinate with a Port-wide TDM program, should it exist. In the absence of such a Port-wide program now, the Project is proposing the site-specific TDM program structure outlined below.

As previously mentioned, in order to meet the Project goals to reduce Project-related one-way vehicular traffic by 20%¹ and to create a sustainable development, the Project's TDM program will be administered and maintained by a TMA. Existing examples of TMAs include the Mission Bay TMA and TMA SF Connects.

The TMA will provide services available to all residents and workers at the Project site. The TMA will be funded by an annual assessment of all buildings in the Pier 70 Special Use District area (excluding Buildings 12, 21 and E4). The TMA will be responsible for working with future subtenants of the site (e.g., employers, HOAs, property managers, residents) to ensure that they are actively engaging with the TDM program and that the Program meets their needs as it achieves or exceeds the driving trip reduction targets. Upon agreeing to lease property at the Project, these subtenants will become "members" of the TMA and able to take advantage of the TDM program services provided through the TMA. The TMA will be led by a board of directors which will be composed of representatives from diverse stakeholders that will include the Port (as the current property owner), the SFMTA (as the public agency responsible for oversight of transportation in the City), and representatives of various buildings that have been constructed at the site. The board of directors may also include representatives from commercial office tenants or homeowners' associations.

Day-to-day operations of the TMA will be handled by a staff that would work under the high-level direction provided by the board of directors. The lead staff position will serve as the onsite Transportation Coordinator (TC) (also referred to as the "TDM Coordinator"), functioning as the TMA's liaison with subtenants in the implementation of the TDM program and as the TMA's representative in discussions with the City.

The TC will perform a variety of duties to support the implementation of the TDM program, including educating residents, employers, employees, and visitors of the Project site about the range of

¹ Reduction in trips is in comparison to trip generation expectations from the EIR.

transportation options available to them. The TC would also assist with event-specific TDM planning and monitoring, and reporting on the success and effectiveness of the TDM program overall. The TC may be implemented as a full-time position, or as a part-time position shared with other development projects. The TMA will have the ability to adjust TDM program to respond to success or failure of certain components.

1.2.1 The TMA Website

The TMA, through the onsite TC, would be responsible for the creation, operation, and maintenance of a frequently updated website that provides information related to the Project's TDM program. The TMA's website would include information on the following (and other relevant transportation information):

- Connecting shuttle service (e.g., routes and timetables);
- General information on transit access (e.g., route maps and real-time arrival data for Muni, Caltrain, and BART);
- Bikesharing stations on site and in the vicinity;
- On- and off-street parking facilities pricing (e.g., pricing, location/maps and real-time occupancy);
- Carsharing pods on site and in the vicinity,
- Ridematching services; and
- Emergency Ride Home (ERH) program.

1.3 Summary of TDM Measures

Table 2 provides a summary of the TDM measures to be implemented at the Project by the TMA. The following sections provide more detail on the measures as organized by measures that are applicable site-wide, those that target residents only, and those that target non-residents (workers and visitors) only. The applicable measures will be ready to be implemented upon issuance of each certificate of occupancy.

Table 2: Summary of Pier 70 TDM Measures

Measure ²	Description	Applicability		
		Site-wide	Residential	Non-Residential
Improve Walking Conditions	Provide streetscape improvements to encourage walking	✓		
Bicycle Parking	Provide secure bicycle parking	✓		
Showers and Lockers	Provide on-site showers and lockers so commuters can travel by active modes			✓
Bike Share Membership	Property Manager/HOA to offer contribution of 100% toward first year membership; one per dwelling unit		✓	

² Where applicable, measure names attempt to be consistent with names of measures in San Francisco's TDM Program

Measure	Description	Applicability		
		Site-wide	Residential	Non-Residential
Bicycle Repair Station	Each market-rate buildings shall provide one bicycle repair station		✓	
Fleet of Bicycles	Sponsor at least one bikeshare station at Pier 70 for residents, employees, and/or guests to use	✓		
Bicycle Valet Parking	For large events (over 2,000), provide monitored bicycle parking for 20% of guests	✓		
Car Share Parking & Membership	Provide car share parking per code. Property Manager/HOA to offer contribution of 100% toward first year membership; one per dwelling unit		✓	
Delivery Supportive Amenities	Facilitate deliveries with a staffed reception desk, lockers, or other accommodations, where appropriate.	✓		
Family TDM Amenities	Encourage storage for car seats near car share parking, cargo bikes and shopping carts	✓		
On-site Childcare	Provide on-site childcare services	✓		
Family TDM Package	Require minimum number of cargo or trailer bike parking spaces		✓	
Contributions or Incentives for Sustainable Transportation	Property Manager/HOA to offer one subsidy (40% cost of MUNI "M" pass) per month for each dwelling unit		✓	
Shuttle Bus Service	Provide shuttle bus services	✓		
Multimodal Wayfinding Signage	Provide directional signage for locating transportation services (shuttle stop) and amenities (bicycle parking)	✓		
Real Time Transportation Information Displays	Provide large screen or monitor that displays transit arrival and departure information	✓		
Tailored Transportation Marketing Services	Provide residents and employees with information about travel options	✓		
On-site Affordable Housing	Provide on-site affordable housing as part of a residential project		✓	
Unbundle Parking	Separate the cost of parking from the cost of rent, lease or ownership	✓		
Prohibition of Residential Parking Permits (RPP)	No RPP area may be established at or expanded into the Project site		✓	
Parking Supply	Provide less accessory parking than the neighborhood parking rate	✓		
Emergency Ride Home Program	Ensure that every employer is registered for the program and that employees are aware of the program			✓

1.4 Site-wide Transportation Demand Management Strategies

The following are site-wide TDM strategies that will be provided to support driving trip reductions by all users of the Project.

1.4.1 Improve Walking Conditions

The Project will significantly improve walking conditions at the site by providing logical, accessible, lighted, and attractive sidewalks and pathways. Sidewalks will be provided along most new streets and existing streets will be improved with curbs and sidewalks as necessary. The street design includes improvements to streets and sidewalks to enhance the pedestrian experience and promote the safety of pedestrians as a top priority. In addition, ground floor retail will create an active ground plan that promotes comfortable and interesting streetscapes for pedestrians.

1.4.2 Encourage Bicycling

Bicycling will be encouraged for all users of the site by providing well-designed and well-lit bike parking in residential and commercial buildings, in district parking, and also in key open space and activity nodes. Bicycle parking will be provided in at least the amounts required by the Planning Code at the time a building secures building permits. Furthermore, valet bicycle parking will be provided for large events (over 2,000) to accommodate 20% of guests. In addition to bicycle parking, the Project will fund at least one bikeshare station on site, including the cost of installation and operation for three years, for residents, employees, and or guests to use. This will help reduce the cost-burden of purchasing a bike and increase convenience. Bicycle facilities provided at the Project site will help improve connectivity to existing bike facilities on Illinois Street and the Bay Trail.

1.4.3 Tailored Transportation Marketing Services and Commuter Benefits

Tailored marketing services will provide information to the different users of the site about travel options and aid in modal decision making. For example, the TMA will be responsible for notifying employers about the San Francisco Commuter Benefits Ordinance, the Bay Area Commuter Benefits Program, and California's Parking Cash-Out law when they sign property leases at the site and disseminating general information about the ordinances on the TMA's website. The TMA will provide information and resources to support on-site employers in enrolling in pre-tax commuter benefits, and in establishing flex time policies.

Employers will be encouraged to consider enrolling in programs or enlisting services to assist in tracking employee commutes, such as Luum and Rideamigos. The services offered by these platforms include the development of incentive programs to encourage employees to use transit, customized commute assistance resources, tracking the environmental impact of employee commutes, and assessing program effectiveness. As the TMA works with on-site employers, other useful resources that support sustainable commute modes may be identified and provided by the TMA.

1.4.4 Car Share Parking

The Project will provide car share parking in the amounts specified by Planning Code Section 166 for applicable new construction buildings.

1.4.5 Shuttle Service

A shuttle will be operated at Pier 70 serving to connect site users (residents, employees, and visitors) with local and regional transit hubs. The shuttle service will aim to augment any existing transit services and it is not intended to compete with or replicate Muni service. Shuttle routes, frequencies, and service standards will be planned in cooperation with SFMTA staff. In addition, coordination and integration of the shuttle program with other developments in the area will be considered, including with Mission Bay and future development at the former Potrero Power Plant. The necessity of the shuttle service will continue to be assessed as transit service improves in the Pier 70 area over time.

Any shuttles operated by the Project will secure safe and legal loading zones for passenger boarding and alighting, both in the site and off-site. Shuttles will be free and open to the public and be accessible per ADA standards. Shuttles will comply with any applicable laws and regulations.

1.4.6 Parking

The Project is subject to an aggregate, site-wide parking maximum based on the following ratios:

- Residential parking maximums are set to 0.60 spaces per residential unit; and
- Commercial Office parking maximums are set to 1 space per 1,500 gross square feet; and
- Retail shall have 0 parking spaces.

The cost of parking will be unbundled, or separate from the cost of rent, lease, or ownership at the Project. Complying with San Francisco Planning Code, residential parking will not be sold or rented with residential units in either for-sale or rental buildings. Residents or workers who wish to have a car onsite will have to pay separately for use of a parking space. Residential and non-residential parking spaces will be leased at market rate.

Non-residential parking rates shall maintain a rate or fee structure such that:

- Base hourly and daily parking rates are established and offered;
- Base daily rates shall not reflect a discount compared to base hourly parking rates; calculation of base daily rates shall assume a ten-hour day;
- Weekly, monthly, or similar time specific periods shall not reflect a discount compared to base daily parking rates, and rate shall assume a five-day week;
- Daily or hourly rates may be raised above base rate level to address increased demand, for instance during special events.

1.4.7 Displays and Wayfinding Signage

Real time transportation information displays (e.g., large television screens or computer monitors) will be provided in prominent locations (e.g., entry/exit areas, lobbies, elevator bays) on the project site highlighting sustainable transportation options. The displays shall be provided at each office building larger than 200,000 SF and each residential building of more than 150 units, and include arrival and departure information, such as NextBus information, as well as the availability of car share vehicles and shared bicycles as such information is available. In addition, multimodal wayfinding signage will be provided to help site users locate transportation services (such as shuttle stops) and amenities (such as bicycle parking). Highly visible information and signage will encourage and facilitate the use of these resources.

1.4.8 Family Amenities

Five percent of residential Class 1 bicycle parking will be designated for cargo and trailer bicycles. In addition, services and amenities will be encouraged to support the transportation needs of families, including storage for strollers and car seats near car share parking. On-site child care services will also be provided to further support families with children and reduce commuting distances between households, places of employment, and childcare.

1.5 Residential Transportation Demand Management Strategies

Strategies for reducing automobile use for residents of Pier 70 are discussed in the following sections.

1.5.1 Encourage Transit

All homeowners' associations and property managers will offer one subsidy (equivalent to 40% cost of Muni M pass or future equivalent Muni monthly pass) per month for each dwelling unit. These would likely consist of Clipper Cards that work for Muni, BART, and Caltrain and are auto-loaded with a certain cash value each month. In addition, tailored marketing services will provide information to residents about travel options and aid in modal decision making.

1.5.2 Bicycles

Indoor secure bicycle parking will be provided for residents in at least the amounts required by the Planning Code at the time the building secures building permits. Property Managers and HOA's will offer a contribution of 100% towards the first year's membership cost in a bikeshare program at a rate of one membership per dwelling unit. In addition, each market-rate residential building shall provide a bicycle repair station in a secure area of the building.

1.5.3 Car Share Membership

Property managers and HOA's will offer a contribution of 100% towards the first year's membership cost in a car share program at a rate of one membership per dwelling unit. Any user fees will be the responsibility of the resident member.

1.5.4 Family TDM Package

Amenities for families residing at the Project will be encouraged, such as car share memberships and other family amenities, including stroller and car seat storage and cargo bicycle parking.

1.5.5 Prohibition of Residential Parking Permits

Residential permit parking (RPP) will be prohibited at the Project site, and residents of Pier 70 will not be eligible for the neighboring Dogpatch RPP. This restriction is recorded within the Project's Master Covenants, Codes and Restrictions (CC&R) documents. This approach to RPP is intended to complement the Project's unbundled parking policy by ensuring that residents pay market rate for parking and that residential parking does not spill over onto neighborhood RPP streets.

1.6 Non-residential Transportation Management Strategies

As with residents, there are several ways to encourage public transit and other sustainable modes of travel for employees and visitors to the Project site.

1.6.1 Emergency Ride Home Program

San Francisco provides an emergency ride home (ERH) program that reimburses the cost of a taxi ride home for an employee who commutes to work by a sustainable mode (transit, bicycling, walking, or carpool/vanpool) and has an unexpected emergency such as personal or family related illness or unscheduled overtime. Any employee in San Francisco is eligible as long as the employer has registered. Registration is free for employers. The ERH program is a safety net that may remove a barrier to sustainable commute choices. The TMA will ensure that every employer tenant on-site is registered for the Emergency Ride Home program and that employees are aware of the program.

1.6.2 Bicycles

Indoor secure bicycle parking will be provided for employees at least in the amount required by the Planning Code at the time the building secures building permits. Showers and lockers for employee use will also be provided at least in the amount required by the Planning Code in order to support active travel modes for commuting. Employees will be encouraged to participate in Bike to Work Day events by the TMA. As previously mentioned, the Project will provide at least one bikeshare station that would be available to residents, employees, and visitors.

1.7 Special Event Transportation Management Strategies

The Project's open spaces will host a variety of public events, including evening happy hours, outdoor film screenings, music concerts, fairs and markets, food events, street festivals art exhibitions and theatre performances. Typical events may occur several times a month, with an attendance from 500 to 750 people. Larger-scale events would occur approximately four times a year, with an attendance up to 5,000 people. All events in parks or open spaces require permitting approval by the Port.

The TMA will work with the open space management team and any building managers or retailers to establish and implement transportation management plans for specific events. Transportation management plans will consider best practices and lessons learned from other San Francisco events and event venues. Event scheduling will attempt to minimize overlapping of events with AT&T Park and the Chase Event Center as required by the Environmental Impact Report. Event transportation management plans can include the following mechanisms:

- Directional signage for vehicles accessing the site
- Charging event pricing for parking associated with special events;
- Dedicated passenger loading zones in the site;
- Staffed and secure bicycle valet parking;
- Identifying and rewarding guests who ride their bicycles, walk, or transit to events (i.e., free giveaways);
- Encouraging customers at the time of ticket sales to take public transportation, walk, or bicycle to the events, and providing reminders and trip planning tools to support them in doing so;
- Disseminating the recommended transportation options on different marketing outlets (with ticket receipt, online channels, Pier 70 website, TMA website, etc.);

- Identifying offsite parking and using shuttles to transport visitors between the event venues, offsite parking, and transit hubs, as needed; and,
- Encouraging guests to arrive early and stay onsite longer by promoting local vendors, restaurants, etc., to spread and reduce pre- and post-event peaking effects.

Successful special event transportation management plans will minimize driving trips and promote sustainable modes of access to events. The TMA will monitor the effectiveness of these event management strategies, and at SFMTA's request, meet with SFMTA to consider revised approaches to event management.

1.7.1 Street Closures

During larger events and temporary programming, Maryland Street between 21st and 22nd Streets is expected to seek permits to be closed to motor vehicle traffic through the City's Interdepartmental Staff Committee of Traffic and Transportation (ISCOTT) process. Street closures would be in effect anywhere from a few hours to an entire day. In advance and during any street closure, event organizers must provide sufficient street signage to discourage driving to the site during the event and to route motor vehicles through the site and minimize queuing and impacts to circulation in and around the Project site. The recommended vehicular loop will be through 22nd Street (west of Louisiana Street), Louisiana Street (south of 21st Street), and 21st Street (west of Louisiana Street), with drop-off zones located on Louisiana Street. 21st Street (east of Louisiana Street) would serve as a loading/service alley for events.

1.8 Monitoring, Evaluation, and Refinement

The Pier 70 TMA, through an on-site Transportation Coordinator, shall collect data and make monitoring reports available for review and approval by the Planning Department staff. Monitoring data shall be collected and reports shall be submitted to Planning Department staff every year (referred to as "reporting periods"), until five consecutive reporting periods display the project has met the reduction goal, at which point monitoring data shall be submitted to Planning Department staff once every three years. The first monitoring report is required 18 months after issuance of the First Certificate of Occupancy for buildings that include off-street parking or the establishment of surface parking lots or garages that bring the project's total number of off-street parking spaces to greater than or equal to 500. Each trip count and survey (see below for description) shall be completed within 30 days following the end of the applicable reporting period. Each monitoring report shall be completed within 90 days following the applicable reporting period. The timing shall be modified such that a new monitoring report shall be required 12 months after adjustments are made to the TDM Plan in order to meet the reduction goal, as may be required in the "TDM Plan Adjustments" heading below. In addition, the timing may be modified by the Planning Department as needed to consolidate this requirement with other monitoring and/or reporting requirements for the project.

Table 3 below provides the EIR trip estimates for each phase identified in the EIR, as well as the number of trips for each phase reflecting a 20 percent reduction. Annual monitoring reports will compare progress against the trip estimates in Table 3 to assess progress, however the Project will not be considered out of compliance with either this Plan or Project mitigation measure M-AQ-1f unless the Reduction Target calculated for the fully built out project (see Table 1) has been exceeded.

The findings will be reported out to the Planning Department, as described in the Mitigation Monitoring and Reporting Program (MMRP). The monitoring reports are intended to satisfy the requirements of Project mitigation measure M-AQ-1f, M-TR-5, M-C-TR-4A, and M-C-TR-4B. If, however, separate reporting is preferred by the TMA, separate reports are acceptable.

Based on findings from the evaluation and with input from SFMTA and the Planning Department, the Project will refine the TDM Plan by improving existing measures (e.g., additional incentives, changes to shuttle schedule), including new measures (e.g., a new technology), or removing existing measures, in order to achieve the Project's Reduction Target, as well as monitor progress against the trip estimates for each phase outlined below. It will be especially important to refine strategies as new transportation options are put into place in the area and as the TMA learns which strategies are most effective in shaping the transportation behaviors of the site users.

Table 3: Auto Trip Estimates by Phase

Phase	Residential			Commercial			Phase Trip Estimates	
	Units	Cum. Units	%	GSF	Cum. GSF	%	EIR Auto Trip Estimates (by phase)	Auto Trip Target ¹
Phase 1	300	300	18%	6,600	6,600	0%	1,072	858
Phase 2	690	990	60%	348,200	354,800	16%	9,970	8,834
Phase 3	375	1,365	83%	673,900	1,028,700	45%	7,662	14,963
Phase 4	280	1,645	100%	747,450	1,776,150	79%	12,241	24,756
Phase 5	0	1,645	100%	486,200	2,262,350	100%	3,845	27,832

Notes:

1. Represents 20 percent reduction target.

1.8.1 Purpose

The Plan has a commitment to reduce daily one-way vehicle trips by 20 percent compared to the total number of one-way vehicle trips identified in the project's Transportation Impact Study at project build-out ("Reduction Target"). To ensure that this reduction goal could be reasonably achieved, the TDM Plan will have a monitoring goal of reducing by 20 percent the one-way vehicle trips calculated for each building that has received a Certificate of Occupancy and is at least 75% occupied compared to the one-way vehicle trips anticipated for that building based on anticipated development on that parcel, using the trip generation rates contained within the project's Transportation Impact Study. The Plan must be adjusted if three consecutive monitoring results demonstrate that the TDM program is not achieving the TDM objectives. TDM adjustments will be made in consultation with the SFMTA and the Planning Department until three consecutive reporting periods' monitoring results demonstrate that the reduction goal is achieved.

If the TDM Plan does not achieve the Reduction Target for three consecutive monitoring results, the Plan must also be adjusted as described above. If, following the three consecutive monitoring periods, the TDM Plan still does not achieve the Reduction Target, the Planning Department may impose additional measures on the Project including capital or operational improvements intended to reduce

VMT, or other measures that support sustainable trip making, until the Plan achieves the Reduction Target.

1.8.2 Monitoring Methods

The Transportation Coordinator shall collect data (or work with a third party consultant to collect this data) and prepare annual monitoring reports for review and approval by the Planning Department and the SFMTA. The monitoring report, including trip counts and surveys, shall include the following components or comparable alternative methodology and components as approved or provided by Planning Department staff:

- **Trip Count and Intercept Survey:** Trip count and intercept survey of persons and vehicles arriving and leaving the project site for no less than two days of the reporting period between 6:00 a.m. and 8:00 p.m. One day shall be a Tuesday, Wednesday, or Thursday during one week without federally recognized holidays, and another day shall be a Tuesday, Wednesday, or Thursday during another week without federally recognized holidays. The trip count and intercept survey shall be prepared by a qualified transportation or qualified survey consultant and the methodology shall be approved by the Planning Department prior to conducting the components of the trip count and intercept survey. It is anticipated that the Planning Department will have a standard trip count and intercept survey methodology developed and available to project sponsors at the time of data collection.
- **Travel Demand Information:** The above trip count and survey information shall be able to provide travel demand analysis characteristics (work and non-work trip counts, origins and destinations of trips to/from the project site, and modal split information) as outlined in the Planning Department's Transportation Impact Analysis Guidelines for Environmental Review, October 2002, or subsequent updates in effect at the time of the survey.
- **Documentation of Plan Implementation:** The TDM Coordinator shall work in conjunction with the Planning Department to develop a survey (online or paper) that can be reasonably completed by the TDM Coordinator and/or TMA staff to document the implementation of TDM program elements and other basic information during the reporting period. This survey shall be included in the monitoring report submitted to Planning Department staff.
- **Degree of Implementation:** The monitoring report shall include descriptions of the degree of implementation (e.g., how many tenants or visitors the TDM Plan will benefit, and on which locations within the site measures will be/have been placed, etc.)
- **Assistance and Confidentiality:** Planning Department staff will assist the TDM Coordinator on questions regarding the components of the monitoring report and shall ensure that the identity of individual survey responders is protected.

Additional methods (described below) may be used to identify opportunities to make the TDM program more effective and to identify challenges that the program is facing.

1.8.3 Monitoring Documentation

Monitoring data and efforts will be documented in an Annual TMA Report. Monitoring data shall be collected and reports shall be submitted to Planning Department staff every year (referred to as "reporting periods"), until five consecutive reporting periods display the project has met the reduction goal, at which point monitoring data shall be submitted to Planning Department staff once every three years. The first monitoring report is required 18 months after issuance of the First Certificate of Occupancy for buildings that include off-street parking or the establishment of surface parking lots or

garages that bring the project's total number of off-street parking spaces to greater than or equal to 500. Each trip count and survey (see section 1.8.2 for description) shall be completed within 30 days following the end of the applicable reporting period. Each monitoring report shall be completed within 90 days following the applicable reporting period. The timing shall be modified such that a new monitoring report shall be required 12 months after adjustments are made to the TDM Plan in order to meet the reduction goal, as may be required in the "Compliance and TDM Plan Adjustments" heading below. In addition, the timing may be modified by the Planning Department as needed to consolidate this requirement with other monitoring and/or reporting requirements for the project.

1.8.4 Compliance and TDM Plan Adjustments

The Project has a compliance commitment of achieving a 20 percent daily one-way vehicle trip reduction from the EIR's analysis of full build out, as described in Table 1. To ensure that this reduction could be reasonably achieved, the project will employ TDM measures to ensure that each phase's auto trips generated are no more than 80% of the trips estimated for the development within that phase, as shown in Table 3.

Monitoring data will be submitted to Planning Department staff every year, starting 18 months after the certificate of occupancy of the first building, until five consecutive reporting periods indicate that the fully-built Project has met the Reduction Target. Following the initial compliance period, monitoring data will be submitted to the Planning Department staff once every three years.

If three consecutive reporting periods demonstrate that the TDM Plan is not achieving the Reduction Target, or the interim target estimates identified in Table 3 above, TDM adjustments will be made in consultation with the SFMTA and the Planning Department and may require refinements to existing measures (e.g., change to subsidies, increased bicycle parking), inclusion of new measures (e.g., a new technology), or removal of existing measures (e.g., measures shown to be ineffective or induce vehicle trips).

If three consecutive reporting periods' monitoring results demonstrate that measures within the TDM Plan are not achieving the Reduction Target, or the interim target estimates identified in Table 3 above, the TDM Plan adjustments shall occur within 270 days following the last consecutive reporting period. The TDM Plan adjustments shall occur until three consecutive reporting periods' monitoring results demonstrate that the reduction goal is achieved. If the TDM Plan does not achieve the Reduction Target then the Planning Department shall impose additional measures to reduce vehicle trips as prescribed under the development agreement, which may include restriction of additional off-street parking spaces beyond those previously established on the site, capital or operational improvements intended to reduce vehicle trips from the project, or other measures that support sustainable trip making, until three consecutive reporting periods' monitoring results demonstrate that the reduction goal is achieved.

TP SCHEDULE 2

EIR Mitigation Measure M-AQ-1f

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency
<i>Air Quality Mitigation Measures</i>					
<p>Mitigation Measure M-AQ-1f: Transportation Demand Management.</p> <p>The project sponsors shall prepare and implement a Transportation Demand Management (TDM) Plan with a goal of reducing estimated daily one-way vehicle trips by 20 percent compared to the total number of daily one-way vehicle trips identified in the project's Transportation Impact Study at project build-out. To ensure that this reduction goal could be reasonably achieved, the TDM Plan will have a monitoring goal of reducing by 20 percent the daily one-way vehicle trips calculated for each building that has received a Certificate of Occupancy and is at least 75% occupied compared to the daily one-way vehicle trips anticipated for that building based on anticipated development on that parcel, using the trip generation rates contained within the project's Transportation Impact Study. There shall be a Transportation Management Association that would be responsible for the administration, monitoring, and adjustment of the TDM Plan. The project sponsor is responsible for identifying the components of the TDM Plan that could reasonably be expected to achieve the reduction goal for each new building associated with the project, and for making good faith efforts to implement them. The TDM Plan may include, but is not limited to, the types of measures summarized below for explanatory example purposes. Actual TDM measures selected should include those from the TDM Program Standards, which describe the scope and applicability of candidate measures in detail and include:</p> <ul style="list-style-type: none"> • Active Transportation: Provision of streetscape improvements to encourage walking, secure bicycle parking, shower and locker facilities for cyclists, subsidized bike share memberships for project occupants, bicycle repair and maintenance services, and other bicycle-related services; • Car-Share: Provision of car-share parking spaces and subsidized 	Developer to prepare and implement the TDM Plan, which will be implemented by the Transportation Management Association and will be binding on all development parcels.	Developer to prepare TDM Plan and submit to <u>Planning Staff</u> prior to approval of the project	<p>Project sponsors to submit the TDM Plan to <u>Planning Staff</u> for review.</p> <p>Transportation Demand Management Association to submit monitoring report annually to <u>Planning Staff</u> and implement TDM Plan Adjustments (if required).</p>	<p>The TDM Plan is considered complete upon approval by the <u>Planning Staff</u>.</p> <p>Annual monitoring reports would be on-going during project buildout, or until five consecutive reporting periods show that the project has met its reduction goals, at which point reports would be submitted every three years.</p>	Planning Department

The TDM Plan adjustments shall occur until three consecutive reporting periods' monitoring results demonstrate that the reduction goal is achieved. If the TDM Plan does not achieve the reduction goal then the City shall impose additional measures to reduce vehicle trips as prescribed under the development agreement, which may include restriction of additional off-street parking spaces beyond those previously established on the site, capital or operational improvements intended to reduce vehicle trips from the project, or other measures that support sustainable trip making, until three consecutive reporting periods' monitoring results demonstrate that the reduction goal is achieved.</p>					

CONSENT TO DEVELOPMENT AGREEMENT

San Francisco Public Utilities Commission

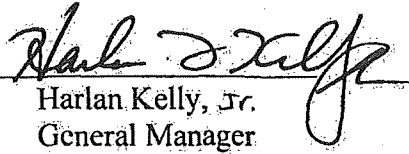

The San Francisco Public Utilities Commission of the City and County of San Francisco has reviewed the Development Agreement between the City and Developer relating to a proposed 28-Acre Site Project to which this Consent to Development Agreement is attached and incorporated. Capitalized terms used in this SFPUC Consent have the meanings given to them in the Development Agreement or the Appendix.

By executing this SFPUC Consent, the undersigned confirms the following.

1. The SFPUC, after considering at a duly noticed public hearing the CEQA Findings for the 28-Acre Site Project, including the Statement of Overriding Considerations and the Mitigation Monitoring and Reporting Program (MMRP), approved the Utility-Related Mitigation Measures and consented to and agreed to be bound by the Development Agreement as it relates to matters under SFPUC jurisdiction.
2. Vertical Developers will be required to pay the SFPUC Wastewater Capacity Charge and the SFPUC Water Capacity Charge, each at rates in effect on the applicable connection dates.
3. Developer will be required to pay a fair share contribution to the City's AWSS consistent with the Infrastructure Plan, the terms and timing of payment to be established as a condition of approval to the master tentative subdivision map for the FC Project Area.
4. The SFPUC will coordinate and cooperate with the Port and the Public Works Department regarding public infrastructure inspection and acceptance. The SFPUC's responsibilities for the permitting, acceptance, operations and maintenance of utility related components constructed pursuant to this agreement are contingent on execution of a memorandum of understanding between the Port, SFPUC and other relevant City agencies regarding the implementation of such responsibilities.
5. In accordance with Chapter 99 of the San Francisco Administrative Code, the SFPUC has performed a feasibility study and has determined that it will provide electric power to the 28-Acre Site Project. SFPUC agrees that electrical service will be reasonably available for the 28-Acre Site Project's needs and that the projected price for electrical service is comparable to rates in San Francisco for comparable service. The SFPUC agrees to work with the Developer to provide temporary construction and permanent electric services pursuant to its Rules and Regulations for Electric Service. The SFPUC has provided their space requirements for related infrastructure to the Port, and WDT facilities will be provided in accordance with Infrastructure Plan Section 16.2.1.

By authorizing the General Manager to execute this SFPUC Consent, the SFPUC does not intend to in any way limit, waive or delegate the exclusive authority of the SFPUC as set forth in Article XIIIB of the City Charter.

List of Project Approvals

Final approval actions by the City and County of San Francisco Board of Supervisors for the Pier 70 Mixed-Use District Project:

1. **Ordinance 224-17 (File No. 170863):** (1) Approving a Development Agreement between the City and County of San Francisco and FC Pier 70, LLC; (2) waiving certain provisions of the Administrative Code, Planning Code, and Subdivision Code; and (3) adopting findings under the California Environmental Quality Act, public trust findings, and findings of consistency with the General Plan and Planning Code priority policies.
2. **Ordinance 225-17 (File No. 170864):** Amending the Planning Code and the Zoning Map to add the Pier 70 Special Use District.
3. **Ordinance 227-17 (File No. 170930):** Amending the General Plan to refer to the Pier 70 Mixed Use Project Special Use District.
4. **Resolution 401-17 (File No. 170986):** Approving a Disposition and Development Agreement between the Port and FC Pier 70, LLC.
5. **Resolution 402-17 (File No. 170987):** Approving the Compromise Title Settlement and Land Exchange Agreement for Pier 70 between the City and the California State Lands Commission in furtherance of the Pier 70 Mixed Use Project.
6. **Resolution 403-17 (File No. 170988):** Approving the Memorandum of Understanding regarding Interagency Cooperation between the Port and other City Agencies.

Final and Related Approval Actions of City and County of San Francisco Port Commission (referenced by Resolution number "R No.")

1. **R No. 17-43:** (1) Adopting Findings, Statement of Overriding Considerations, and Mitigation Monitoring and Reporting Program under the California Environmental Quality Act; and (2) approving a Disposition and Development Agreement with FC Pier 70, LLC, and the attached forms of Master Lease, Vertical Disposition and Development Agreement, and Parcel Lease.
2. **R No. 17-44:** Approving a Compromise Title Settlement and Land Exchange Agreement for Pier 70 with the State Lands Commission.
3. **R No. 17-45:** (1) Consenting to zoning amendments to establish the Pier 70 Special Use District and related amendments to the City's General Plan; and (2) approving the Pier 70 Design for Development.
4. **R No. 17-46:** Approving amendments to the Waterfront Land Use Plan and its Design and Access Element.
5. **R No. 17-47:** Consenting to a Development Agreement between the City and FC Pier 70, LLC.
6. **R No. 17-48:** Approving a Memorandum of Understanding regarding Interagency Cooperation between the City and the Port.

7. **R No. 17-49:** Recommending that the Board of Supervisors establish proposed Sub-Project Areas within Project Area G (Pier 70) of Infrastructure Financing District No. 2 and an Infrastructure and Revitalization Financing District.
8. **R No. 17-50:** (1) Approving a Memorandum of Understanding between the Port and City's Controller, Treasurer and Tax Collector, and Assessor-Recorder to implement the DDA Financing Plan; (2) recommending that the Board of Supervisors appoint the Port Commission as the agent of the Infrastructure Financing District and one or more Special Tax Districts; and (3) approving and recommending to the Board of Supervisors a Form of Special Fund Administration Agreement between the Port, Infrastructure Financing District, Infrastructure and Revitalization Financing District, Special Tax Districts, and a corporate trustee.
9. **R No. 17-51:** Recommending to the Board of Supervisors proposed amendments to the Special Tax Financing Law, Article X of Chapter 43 of the San Francisco Administrative Code.
10. **R No. 17-52:** Approving the terms of the Port's sale of Parcel K North and a form of Vertical Disposition and Development Agreement.

Final and Related Approval Actions of City and County of San Francisco Planning Commission (referenced by Motion Number "M No." or Resolution Number "R No.")

1. **M No. 19976:** Certifying the Final Environmental Impact Report for the Pier 70 Mixed-Use District Project.
2. **M No. 19977:** Adopting Findings and Statement of Overriding Considerations under the California Environmental Quality Act.
3. **R No. 19978:** Recommending to the Board of Supervisors approval of the General Plan Amendments.
4. **R No. 19979:** Recommending to the Board of Supervisors approval of amendments to the Planning Code and a Zoning Map amendment to establish the Pier 70 Special Use District.
5. **M No. 19980:** Approving the Pier 70 Special Use District Design for Development.
6. **R No. 19981:** Recommending to the Board of Supervisors approval of a Development Agreement between the City and FC Pier 70, LLC.

Final and Related Approval Actions of Other City and County of San Francisco Boards, Commissions, and Departments:

1. San Francisco Municipal Transportation Agency Resolution Number 170905-112 consenting to the Pier 70 Development Agreement, including the Transportation Plan, and consenting to the Interagency Cooperation Agreement.
2. San Francisco Public Utilities Commission Resolution Number 17-0209 consenting to the Development Agreement; consenting to the Pier 70 Interagency Cooperation Agreement; and authorizing the General Manager to negotiate and execute a Memorandum of Understanding with the Port regarding the relocation of the SFPUC's 20th Street Pump Station.

- Sec. 56.16. Recordation of Development Agreements Amendment or Termination.
- Sec. 56.17. Periodic Review.
- Sec. 56.18. Modification or Termination.
- Sec. 56.19. Limitation on Actions.
- Sec. 56.20. Fee.

SEC. 56.1. FINDINGS.

The Board of Supervisors ("Board") concurs with the State Legislature in finding that:

(a) The lack of certainty in the approval of development projects can result in a waste of resources, escalate the cost of housing and other development to the consumer, and discourage investment in and commitment to comprehensive planning and development of infrastructure and public facilities which would make maximum efficient utilization of resources at the least economic cost to the public.

(b) Assurance to the applicant/developer for a development project that upon approval of the project, the applicant/developer may proceed with the project in accordance with specified policies, rules and regulations, and subject to conditions of approval, will strengthen the public planning process.

encourage private participation in comprehensive planning, and reduce the economic costs of development.

(Added by Ord. 372-88, App. 8/10/88)

SEC. 56.2. PURPOSE AND APPLICABILITY.

(a) The purpose of this Chapter is to strengthen the public planning process by encouraging private participation in the achievement of comprehensive planning goals and reducing the economic costs of development. A development agreement reduces the risks associated with development, thereby enhancing the City's ability to obtain public benefits beyond those achievable through existing ordinances and regulations. To accomplish this purpose the procedures, requirements and other provisions of this Chapter are necessary to promote orderly growth and development (such as, where applicable and appropriate, provision of housing, employment and small business opportunities to all segments of the community including low income persons, minorities and women), to ensure provision for adequate public services and facilities at the least economic cost to the public, and to ensure community participation in determining an equitable distribution of the benefits and costs associated with development.

(b) Such agreements shall only be used for (1) affordable housing developments or (2) large multi-phase and/or mixed-use developments involving public improvements, services, or facilities installations, requiring several years to complete, as defined below in Section 56.3, or a housing development with a minimum of 1,000 units, as defined below in Section 56.3; or (3) rental housing developments with on-site affordable units, as defined below in Section 56.3.

(Added by Ord. 372-88, App. 8/10/88; amended by Ord. 67-05, File No. 041748, App. 4/15/2005; Ord. 312, File No. 100046, App. 12/23/2010)

SEC. 56.3. DEFINITIONS.

The following definitions shall apply for purposes of this Chapter:

(a) "Affordable housing development" shall mean for purposes of Section 56.2(b)(1), any housing development which has a minimum of 30 percent of its units affordable to low income households, and a total of 60 percent of its units affordable to households, as defined by the U.S. Census, whose immediate household income does not exceed 120 percent of the median household income for the San Francisco Primary Metropolitan Statistical Area, with the remaining 40 percent of its units unrestricted as to affordability. For purposes of this definition of "affordable housing development," "low income" shall mean the income of households, as defined by the U.S. Census, whose immediate household income does not exceed 80 percent of the median household income for the San Francisco Primary Metropolitan Statistical Area. "Median household income" for the San Francisco Primary Metropolitan Statistical Area shall be as determined by the U.S. Department of Housing and Urban Development and adjusted according to the determination of that Department and published from time to time. In the event that such income determinations are no longer published by the Department of Housing and Urban Development, median household income shall mean the median gross yearly income of a household in the City and County of San Francisco, adjusted for household size, as published periodically by the California Department of Housing and Community Development. Such affordable housing development may include neighborhood commercial facilities which are physically and financially an integral part of the affordable housing project and which will provide services to local residents.

(b) "Applicant/Developer" shall mean a person or entity who has legal or equitable interest in the real property which is the subject of the proposed or executed development agreement for an "affordable housing development" or a "large multi-phase and/or mixed-use development," as those terms are defined herein, or such person's or entity's authorized agent or successor in interest; provided, however, that an entity which is subject to the requirements of City Planning Code Section 304.5 relating to institutional master plans does not qualify as an applicant for a development agreement.

(c) "Collateral agreement" shall mean a written contract entered into by the applicant/developer and/or governmental agencies with other entities (including, but not limited to, community coalitions) for the purpose of having said entities provide for and implement social, economic, or environmental benefits or programs; provided, however, that such term does not include agreements between the applicant/developer or governmental agencies and (1) construction contractors and subcontractors, (2) construction managers, (3) material suppliers, and (4) architects, engineers, and lawyers for customary architectural, engineering or legal services.

(d) "Commission" shall mean the Planning Commission.

(e) "Director" shall mean the Director of the Planning Department.

(f) "Housing development with a minimum of 1,000 units" shall mean a proposed residential development project which: (1) is on a site which exceeds two and one-half acres in area, (2) includes two or more buildings to be constructed on the site, and (3) includes a proposal for constructing or participating in providing, either off-site or on-site, public improvements, facilities, or services beyond those achievable through existing ordinances and regulations.

(g) "Large multi-phase and/or mixed-use development" shall mean a proposed development project which: (1) is on a site which exceeds five acres in area, (2) includes two or more buildings to be constructed sequentially on the site, and (3) includes a proposal for constructing or participating in providing, either off-site or on-site, public improvements, facilities, or services beyond those achievable through existing ordinances and regulations.

(h) "Material modification" shall mean any proposed amendment or modification to either a proposed development agreement approved by the Commission, or a previously executed development agreement, which amendment or modification is otherwise required by the terms of the development agreement, which changes any provision thereof regarding the following: (1) duration of the agreement; (2) permitted uses of the subject property; (3) density or intensity of the permitted uses; (4) location, height, or size of any structures, buildings, or major features; (5) reservation or dedication of land; (6) any conditions, terms, restrictions and requirements relating to subsequent discretionary actions as to design, improvements, construction standards and specifications; (7) any other condition or covenant relating to the financing or phasing of the development which substantially modifies the use of the property, the phasing of the development, or the consideration exchanged between the parties as recited in the proposed development agreement; (8) the type, number, affordability level, and/or tenure of any proposed affordable housing as well as any change as to performance of such public benefits, including but not limited to timing, phasing, method of performance or parties involved; or (9) any other terms or conditions of the development agreement if the development agreement provides that amendment of said specified term or condition would be a material modification.

(i) "Minor modification" shall mean any amendment or modification to the development agreement which relates to any provision not deemed to be a "material modification."

(j) "Rental housing developments with on-site affordable units" shall mean a proposed residential

development project the project sponsor of which covenants to provide on-site units to satisfy the Inclusionary Affordable Housing Program, as set forth in Planning Code Sections 415—417, as an alternative to payment of the Affordable Housing Fee.

(Added by Ord. 372-88, App. 8/10/88; amended by Ord. 67-05, File No. 041748, App. 4/15/2005; Ord. 312, File No. 100046, App. 12/23/2010)

SEC. 56.4. FILING OF APPLICATION; FORMS; INITIAL NOTICE AND HEARING.

(a) The Director may prescribe the form of the application for the preparation and implementation of development agreements.

(b) The applicant must list on the application the anticipated public benefits which would exceed those required by existing ordinances and regulations. The public benefits ultimately provided by an approved development agreement may differ from those initially identified by the applicant/developer. The Director may require an applicant/developer to submit such additional information and supporting data as the Director considers necessary to process the application; provided, however, that the Director shall not require the applicant/developer to submit, as part of the application, special studies or analyses which the Director would customarily obtain through the environmental review process.

(c) The Director shall endorse the application the date it is received. If the Director finds that the application is complete, the Director shall (1) accept the application for filing, (2) publish notice in the official newspaper of acceptance of said application, (3) make the application publicly available, and (4) schedule a public hearing before the Commission within 30 days following receipt of a completed application. At said public hearing, the Director shall make a recommendation with respect to the fee to be paid by the applicant/developer as set forth in Section 56.20(b).

(Added by Ord. 372-88, App. 8/10/88)

SEC. 56.5. FORM OF AGREEMENT.

A proposed development agreement, and any modifications or amendments thereto, must be approved as to form by the City Attorney prior to any action by the Director, Commission or Board of Supervisors.

(Added by Ord. 372-88, App. 8/10/88)

SEC. 56.6. SIGNATORIES TO THE DEVELOPMENT AGREEMENT.

(a) **Applicant.** Only an applicant/developer, as that term is defined in Section 56.3, may file an application to enter into a development agreement.

(b) **Governmental Agencies.** In addition to the City and County of San Francisco and the applicant/developer, any federal, State or local governmental agency or body may be included as a party or signatory to any development agreement.

(Added by Ord. 372-88, App. 8/10/88)

SEC. 56.7. CONTENTS OF DEVELOPMENT AGREEMENT.

(a) **Mandatory Contents.** A development agreement, by its express terms or by reference to other documents, shall specify (1) the duration of the agreement, (2) the permitted uses of the property, (3) the density or intensity of use, (4) the maximum height and size of proposed buildings, (5) the provisions for reservation or dedication of land for public purposes, (6) for any project proposing housing, the number, type, affordability and tenure of such housing, (7) the public benefits which would exceed those required by existing ordinances and regulations, and (8) nondiscrimination and affirmative action provisions as provided in subsection (c) below.

(b) **Permitted Contents.** The development agreement may (1) include conditions, terms, restrictions, and requirements for subsequent discretionary actions, (2) provide that construction shall be commenced within a specified time and that the project or any phase thereof be completed within a specified time, (3) include terms and conditions relating to applicant/developer and/or City financing or necessary public facilities and subsequent reimbursement by other private party beneficiaries, (4) require compliance with specified terms or conditions of any collateral agreements pursuant to Section 56.11, and (5) include any other terms or conditions deemed appropriate in light of the facts and circumstances.

(c) **Nondiscrimination/Affirmative Action Requirements.**

(1) **Nondiscrimination Provisions of the Development Agreement.** The development agreement shall include provisions obligating the applicant/developer not to discriminate on the grounds, or because of, race, color, creed, national origin, ancestry, age, sex, sexual orientation, disability or Acquired Immune Deficiency Syndrome or AIDS Related Condition (AIDS/ARC), against any employee of, or applicant for employment with the applicant/developer or against any bidder or contractor for public works or improvements, or for a franchise, concession or lease of property, or for goods or services or supplies to be purchased by applicant/developer. The development agreement shall require that a similar provision be included in all subordinate agreements let, awarded, negotiated or entered into by the applicant/developer for the purpose of implementing the development agreement.

(2) **Affirmative Action Program.** The development agreement shall include a detailed affirmative action and employment and training program (including without limitation, programs relating to women, minority and locally-owned business enterprises), containing goals and timetables and a program for implementation of the affirmative action program. For example, programs such as the following may be included:

(i) Apprenticeship where approved programs are functioning, and other on-the-job training for a nonapprenticeable occupation;

(ii) Classroom preparation for the job when not apprenticeable;

(iii) Preapprenticeship education and preparation;

(iv) Upgrading training and opportunities;

(v) The entry of qualified women and minority journeymen into the industry; and

(vi) Encouraging the use of contractors, subcontractors and suppliers of all ethnic groups, and encouraging the full and equitable participation of minority and women business enterprises and local businesses (as defined in Section 12D of this Code and implementing regulations) in the provision of goods and services on a contractual basis.

(3) **Reporting and Monitoring.** The development agreement shall specify a reporting and monitoring process to ensure compliance with the non-discrimination and affirmative action

requirements. The reporting and monitoring process shall include, but not be limited to, requirements that:

(i) A compliance monitor who is not an agent or employee of the applicant/developer be designated to report to the Director regarding the applicant/developer's compliance with the nondiscrimination and affirmative action requirements;

(ii) The applicant/developer permit the compliance monitor or the Director or his designee reasonable access to pertinent employment and contracting records, and other pertinent data and records, as specified in the Development Agreement for the purpose of ascertaining compliance with the nondiscrimination and affirmative action provisions of the development agreement;

(iii) The applicant/developer annually file a compliance report with the compliance monitor and the Director detailing performance pursuant to its affirmative action program, and the compliance monitor annually reports its findings to the Director; such reports shall be included in and subject to the periodic review procedure set forth in Sec. 56.17.

(Added by Ord. 372-88, App. 8/10/88)

SEC. 56.8. NOTICE.

The Director shall give notice of intention to consider adoption, amendment, modification, or termination of a development agreement for each public hearing required to be held by the Commission under this Chapter. The Clerk of the Board of Supervisors shall give such notice for each public hearing required to be held by the Board of Supervisors. Such notices shall be in addition to any other notice as may be required by law for other actions to be considered concurrently with the development agreement.

(a) Form of Notice.

(1) The time and place of the hearing;

(2) A general summary of the terms of the proposed development agreement or amendment to be considered, including a general description of the area affected, and the public benefits to be provided; and

(3) Other information which the Director, or Clerk of the Board of Supervisors, considers necessary or desirable.

(b) Time and Manner of Notice.

(1) **Publication and Mailing.** Notice of hearing shall be provided in the same manner as that required in City Planning Code Section 306.3 for amendments to that Code which would reclassify land; where mailed notice is otherwise required by law for other actions to be considered concurrently with the development agreement, notice of a public hearing before the Commission on the development agreement shall be included on the next Commission calendar to be mailed following the date of publication of notice in the official newspaper.

(2) **Notice to Local Agencies.** Notice of the hearing shall also be mailed at least 10 days prior to the hearing to any local public agency expected to provide water, transit, sewage, streets, schools, or other essential facilities or services to the project, whose ability to provide those facilities and services may be significantly affected by the development agreement.

(c) **Failure to Receive Notice.** The failure of any person to receive notice required by law does not

affect the authority of the City and County of San Francisco to enter into a development agreement.

(Added by Ord. 372-88, App. 8/10/88; amended by Ord. 59-91, App. 2/27/91)

SEC. 56.9. RULES GOVERNING CONDUCT OF HEARING.

The Commission's public hearing on the proposed development agreement shall be conducted in accordance with the procedure for the conduct of reclassification hearings as provided in Subsections (b) and (c) of Section 306.4 of the City Planning Code. Such public hearing on the proposed development agreement shall be held prior to or concurrently with the public hearing for consideration of any other Commission action deemed necessary to the approval or implementation of the proposed development agreement, unless the Commission determines, after a duly noticed public hearing pursuant to Section 56.8, that proceeding in a different manner would further the public interest; provided, however, that any required action under the California Environmental Quality Act shall not be affected by this Section.

(Added by Ord. 372-88, App. 8/10/88)

SEC. 56.10. DEVELOPMENT AGREEMENT NEGOTIATION REPORT AND DOCUMENTS.

(a) **Report.** The Director shall prepare a report on development agreement negotiations between the applicant and the City and County of San Francisco (City), which report shall be distributed to the Commission and Board of Supervisors, and shall be available for public review 20 days prior to the first public hearing on the proposed development agreement. Said report shall include, for each negotiation session between the applicant and the City: (1) an attendance list; (2) a summary of the topics discussed; and (3) a notation as to any terms and conditions of the development agreement agreed upon between the applicant and the City.

(b) **Documents.** The Director shall (1) maintain a file containing documents exchanged between the applicant/developer and the City's executive offices and departments; and (2) endeavor to obtain copies and maintain a list of all correspondence which executive offices and departments received from and sent to the public relating to the development agreement. The Director shall make said documents and the correspondence list available for public review 20 days prior to the first public hearing on the proposed development agreement.

(c) **Update of Report, Documents, and Correspondence List.** The Director shall update the negotiation session report and the correspondence list, and continue to maintain a file of documents exchanged between the applicant/developer and the City until a development agreement is finally approved. The Director shall make the updated report, correspondence list, and documents available to the public at least five working days before each public hearing on the proposed development agreement.

(d) **Remedies.** No action, inaction or recommendation regarding the proposed development agreement shall be held void or invalid or be set aside by a court by reason of any error, irregularity, informality, neglect or omission ("error") which may occur with respect to City compliance with this Section 56.10. This section is not intended to affect rights and remedies with respect to public records otherwise provided by law.

(Added by Ord. 372-88, App. 8/10/88)

SEC. 56.11. COLLATERAL AGREEMENTS.

(a) **Filing.** In order to qualify for consideration under the provisions of this section, the party to the collateral agreement seeking such consideration must: (1) submit a copy of the executed collateral agreement to the Director, (2) identify the specific terms and conditions of said collateral agreement which said party believes are necessary to achieve the public purposes sought to be achieved by the City and County through the development agreement process, and (3) provide contemporaneous notice to any other party or parties to the collateral agreement or the development agreement that a request for consideration pursuant to this section was filed. The Director shall forward copies of all collateral agreements received to the City Attorney's Office for review.

(b) **Recommendation of the Director Prior to the First Public Hearing on the Proposed Development Agreement.**

(1) The Director is obligated to consider and make a recommendation only as to those collateral agreements which satisfy the provisions of Section 56.11(a) above, and which are received by the Director within seven days after the date of publication of notice of the first hearing on the proposed development agreement. The Director shall consider those collateral agreements which are on the list provided pursuant to Section 56.11(d) below.

(2) With respect to collateral agreements received pursuant to the provisions set forth above, the Director shall prepare a report to the Commission on said collateral agreements. If the Director finds that applicant compliance with certain specified terms or conditions of said collateral agreements is necessary to achieve the public purposes sought by the City through the development agreement process, then the Director shall recommend that such terms or conditions be incorporated into the proposed development agreement. If the Director recommends incorporation into the development agreement of any terms or conditions of any collateral agreements, then the Director's report shall also note whether the other party or parties to the collateral agreement or proposed development agreement objects, and the basis for that objection.

(3) The provisions of this section are not intended to limit the power of the Commission or the Board to amend the proposed development agreement to incorporate terms or conditions of collateral agreements.

(c) **Annual Recommendation of the Director.** After execution of a development agreement,

(1) The Director shall consider and make a recommendation as to those collateral agreements which satisfy the provisions of Section 56.11(a) above, and which are received 30 days prior to the date scheduled for periodic review, as determined pursuant to Section 56.17(a). The Director shall consider those collateral agreements which are on the list provided pursuant to Section 56.11 (d) below.

(2) With respect to collateral agreements received pursuant to the provisions set forth above, the Director shall prepare a report to the Commission on said collateral agreements. The Director shall also consult with the applicant/developer concerning said collateral agreements. If the Director finds that applicant/developer compliance with certain specified terms or conditions of said collateral agreements would substantially further attainment of the public purposes which were recited as inducement for entering into the development agreement, then the Director shall recommend that the Commission propose an amendment to the development agreement to incorporate said terms and conditions. If the Director recommends proposal of an amendment to incorporate into the development agreement specified terms or conditions of any collateral agreements, then the Director's report shall also note

whether the other party or parties to the collateral agreement or development agreement objects, and the basis for that objection.

(d) Applicant/Developer Disclosure of Collateral Agreements.

(1) At least 21 days prior to the first hearing on the proposed development agreement, the applicant/developer shall provide the Director, for the Director's consideration, a list of all collateral agreements as defined in Section 56.3(c) that have been entered into by the applicant/developer.

(2) At least 30 days prior to the date scheduled for periodic review pursuant to Section 56.17(a), the applicant/developer shall provide the Director, for the Director's consideration, an update to the list prepared pursuant to Subsection (d)(1) above, or any previous list prepared pursuant to this Subsection (d)(2), as applicable, identifying all such collateral agreements entered into subsequent to the date of the first list, or subsequent updates, as appropriate.

(Added by Ord. 372-88, App. 8/10/88)

SEC. 56.12. IRREGULARITY IN PROCEEDINGS.

No action, inaction or recommendation regarding the proposed development agreement or any proposed amendment shall be held void or invalid or be set aside by a court by reason of any error, irregularity, informality, neglect or omission ("error") as to any matter pertaining to the application, notice, finding, record, hearing, report, summary, recommendation, or any matters of procedure whatever unless after an examination of the entire record, the court is of the opinion that the error complained of was prejudicial and that by reason of the error the complaining party sustained and suffered substantial injury, and that a different result would have been probable if the error had not occurred or existed. There is no presumption that error is prejudicial or that injury resulted if error is shown.

(Added by Ord. 372-88, App. 8/10/88)

SEC. 56.13. DETERMINATION BY COMMISSION.

(a) **Public Hearing.** The Commission shall hold a public hearing to consider and act on a proposed development agreement after providing notice as required under Section 56.8.

(b) **Recommendations to Board of Supervisors.** Following the public hearing, the Commission may approve or disapprove the proposed development agreement, or may modify the proposed development agreement as it determines appropriate. The Commission shall make its final recommendation to the Board of Supervisors which shall include the Commission's determination of whether the development agreement proposed is consistent with the objectives, policies, general land uses and programs specified in the general plan and any applicable area or specific plan, and the priority policies enumerated in City Planning Code Section 101.1. The decision of the Commission shall be rendered within 90 days from the date of conclusion of the hearing; failure of the Commission to act within the prescribed time shall be deemed to constitute disapproval.

(Added by Ord. 372-88, App. 8/10/88)

SEC. 56.14. DECISION BY BOARD OF SUPERVISORS.

(a) **Action by Board of Supervisors.** The Board of Supervisors shall hold a public hearing on the

proposed development agreement approved by the Commission. After the Board of Supervisors completes its public hearing, it may approve or disapprove the proposed development agreement recommended by the Commission. If the Commission disapproves the proposed development agreement, that decision shall be final unless the applicant/developer appeals the Commission's determination to the Board of Supervisors. The applicant/developer may appeal by filing a letter with the Clerk of the Board of Supervisors within 10 days following the Commission's disapproval of the proposed development agreement. The procedures for the Board's hearing and decision shall be the same as those set forth in City Planning Code Sections 308.1(c) and 308.1(d) with respect to an appeal of a Commission disapproval of a City Planning Code amendment initiated by application of one or more interested property owners.

(b) Material Modification of the Commission's Recommended Development Agreement. The Board of Supervisors may adopt a motion proposing a material modification to a development agreement recommended by the Commission, as defined in Section 56.3 herein. In such event, the material modification must be referred back to the Commission for report and recommendation pursuant to the provisions of Subdivision (c) below. However, if the Commission previously considered and specifically rejected the proposed material modification, then such modification need not be referred back to the Commission. The Board of Supervisors may adopt any minor modification to the proposed development agreement recommended by the Commission which it determines appropriate without referring the proposal back to the Commission.

(c) Consideration of Material Modification By the Commission. The Commission shall hold a public hearing and render a decision on any proposed material modification forwarded to the Commission by motion of the Board within 90 days from the date of referral of the proposed modification by the Board to the Commission; provided, however, if the Commission has not acted upon and returned the proposed material modification within such 90 day period, the proposal shall be deemed disapproved by the Commission unless the Board, by resolution, extends the prescribed time within which the Commission is to render its decision.

(d) Effect of Commission Action on Proposed Material Modification. The Board of Supervisors shall hold public hearing to consider the Commission's action on the proposed material modification. If the Commission approves the Board's proposed material modification, the Board may adopt the modification to the agreement by majority vote. If the Commission disapproves the Board's proposed material modification, or has previously specifically rejected the proposed material modification, then the Board may adopt the material modification to the development agreement by a majority vote, unless said modification would reclassify property or would establish, abolish, or modify a setback line, in which case the modification may be adopted by the Board only by a vote of not less than of all of the members of said Board.

(e) Consistency With General and Specific Plans. The Board of Supervisors may not approve the development agreement unless it receives the Commission's determination that the agreement is consistent with the Master Plan, any applicable area or specific plan and the Priority Policies enumerated in City Planning Section 101.1.

(f) Approval of Development Agreement. If the Board of Supervisors approves the development agreement, it shall do so by the adoption of an ordinance. The Board of Supervisors may not vote on the development agreement ordinance on second reading unless the final version of the development agreement ordinance is available for public review at least two working days prior to the second reading. The development agreement shall take effect upon its execution by all parties following the effective date of the ordinance.

(Added by Ord. 372-88, App. 8/10/88; amended by Ord. 59-91, App. 2/27/91)

SEC. 56.15. AMENDMENT AND TERMINATION OF AN EXECUTED DEVELOPMENT AGREEMENT BY MUTUAL CONSENT.

(a) The development agreement may further define the extent to which changes in the project will require an amendment to the development agreement.

(b) Either the applicant/developer or the City and County may propose an amendment to, or cancellation in whole or in part of, any development agreement. Any amendment or cancellation shall be by mutual consent of the parties, except as otherwise provided in the development agreement or in Section 56.16.

(c) The procedure for proposing and adopting an amendment which constitutes (1) a material modification, (2) the termination in whole or in part of the development agreement, or (3) a minor modification which the Commission or Board has requested to review pursuant to subsection (d) below, shall be the same as the procedure for entering into an agreement in the first instance, including, but not limited to, the procedures described in Section 56.4, above.

(d) Any proposed amendment or modification to the development agreement which would constitute a minor modification shall not require a noticed public hearing before the parties may execute an amendment to the agreement. The Director may commit to a minor modification on behalf of the City if the following conditions are satisfied:

(1) The Director has reached agreement with the other party or parties to the development agreement regarding the modification;

(2) The Director has: (i) notified the Commission and the Board; (ii) caused notice of the amendment to be published in the official newspaper and included on the Commission calendar; (iii) caused notice to be mailed to the parties to a collateral agreement if specific terms or conditions of said collateral agreement were incorporated into the development agreement and said terms or conditions would be modified by said minor modification; and (iv) caused notice to be mailed to persons who request to be so notified; and

(3) No member of either the Board or Commission has requested an opportunity to review and consider the minor modification within 14 days following receipt of the Director's notice. Upon expiration of the 14-day period, in the event that neither entity requests a hearing, the decision of the Director shall be final.

(Added by Ord. 372-88, App. 8/10/88; amended by Ord. 59-91, App. 2/27/91)

SEC. 56.16. RECORDATION OF DEVELOPMENT AGREEMENTS AMENDMENT OR TERMINATION.

(a) Within 10 days after the execution of the development agreement, or any amendments thereto, the Clerk of the Board of Supervisors shall have the agreement recorded with the County Recorder.

(b) If the parties to the agreement or their successors in interest amend or terminate the agreement as provided herein, or if the Board of Supervisors terminates or modifies the agreement as provided herein

for failure of the applicant/developer to comply in good faith with the terms or conditions of the agreement, the Clerk of the Board of Supervisors shall have notice of such action recorded with the County Recorder.

(Added by Ord. 372-88, App. 8/10/88; amended by Ord. 59-91, App. 2/27/91)

SEC. 56.17. PERIODIC REVIEW.

(a) **Time for and Initiation of Review.** The Director shall conduct a review in order to ascertain whether the applicant/developer has in good faith complied with the development agreement. The review process shall commence at the beginning of the second week of January following final adoption of a development agreement, and at the same time each year thereafter for as long as the agreement is in effect. The applicant/developer shall provide the Director with such information as is necessary for purposes of the compliance review.

Prior to commencing review, the Director shall provide written notification to any party to a collateral agreement which the Director is aware of pursuant to Sections 56.11(a) and (d), above. Said notice shall summarize the periodic review process, advising recipients of the opportunity to provide information regarding compliance with the development agreement. Upon request, the Director shall make reasonable attempts to consult with any party to a collateral agreement if specified terms and conditions of said agreement have been incorporated into the development agreement. Any report submitted to the Director by any party to a collateral agreement, if the terms or conditions of said collateral agreement have been incorporated into the development agreement, shall be transmitted to the Commission and/or Board of Supervisors.

(b) **Finding of Compliance by Director.** If the Director finds on the basis of substantial evidence, that the applicant/developer has complied in good faith with the terms and conditions of the agreement, the Director shall notify the Commission and the Board of Supervisors of such determination, and shall at the same time cause notice of the determination to be published in the official newspaper and included on the Commission calendar. If no member of the Commission or the Board of Supervisors requests a public hearing to review the Director's determination within 14 days of receipt of the Director's notice, the Director's determination shall be final. In such event, the Director shall issue a certificate of compliance, which shall be in recordable form and may be recorded by the developer in the official records. The issuance of a certificate of compliance by the Director shall conclude the review for the applicable period.

(c) **Public Hearing Required.** If the Director determines on the basis of substantial evidence that the applicant/developer has not complied in good faith with the terms and conditions of the development agreement, or otherwise determines that the public interest would be served by further review, or if a member of the Commission or Board of Supervisors requests further review pursuant to Subsection (b) above, the Director shall make a report to the Commission which shall conduct a public hearing on the matter. Any such public hearing must be held no sooner than 30 days, and no later than 60 days, after the Commission has received the Director's report. The Director shall provide to the applicant/developer (1) written notice of the public hearing scheduled before the Commission at least 30 days prior to the date of the hearing, and (2) a copy of the Director's report to the Commission on the date the report is issued.

(d) **Findings Upon Public Hearing.** At the public hearing, the applicant/developer must demonstrate good faith compliance with the terms of the development agreement. The Commission shall determine upon the basis of substantial evidence whether the applicant/developer has complied in good faith with the terms of the development agreement.

(e) **Finding of Compliance by Commission.** If the Commission, after a hearing, determines on the basis of substantial evidence that the applicant/developer has complied in good faith with the terms and conditions of the agreement during the period under review, the Commission shall instruct the Director to issue a certificate of compliance, which shall be in recordable form, may be recorded by the applicant/developer in the official records, and which shall conclude the review for that period; provided that the certificate shall not be issued until after the time has run for the Board to review the determination. Such determination shall be reported to the Board of Supervisors. Notice of such determination shall be transmitted to the Clerk of the Board of Supervisors within three days following the determination. The Board may adopt a motion by majority vote to review the decision of the Planning Commission within 10 days of the date after the transmittal. A public hearing shall be held within 30 days after the date that the motion was adopted by the Board. The Board shall review all evidence and testimony presented to the Planning Commission, as well as any new evidence and testimony presented at or before the public hearing. If the Board votes to overrule the determination of the Planning Commission, and refuses to approve issuance of a certificate of compliance, the Board shall adopt written findings in support of its determination within 10 days following the date of such determination. If the Board agrees with the determination of the Planning Commission, the Board shall notify the Planning Director to issue the certificate of compliance.

(f) **Finding of Failure of Compliance.** If the Commission after a public hearing determines on the basis of substantial evidence that the applicant/developer has not complied in good faith with the terms and conditions of the agreement during the period under review, the Commission shall either (1) extend the time for compliance upon a showing of good cause; or (2) shall initiate proceedings to modify or terminate the agreement pursuant to Section 56.18.

(Added by Ord. 372-88, App. 8/10/88; amended by Ord. 59-91, App. 2/27/91; Ord. 287-96, App. 7/12/96)

SEC. 56.18. MODIFICATION OR TERMINATION.

(a) If the Commission, upon a finding pursuant to Subdivision (f) of Section 56.17, determines that modification of the agreement is appropriate or that the agreement should be terminated, the Commission shall notify the applicant/developer in writing 30 days prior to any public hearing by the Board of Supervisors on the Commission's recommendations.

(b) **Modification or Termination.** If the Commission, upon a finding pursuant to Subdivision (f) of Section 56.17, approves and recommends a modification or termination of the agreement, the Board of Supervisors shall hold a public hearing to consider and determine whether to adopt the Commission recommendation. The procedures governing Board action shall be the same as those applicable to the initial adoption of a development agreement; provided, however, that consent of the applicant/developer is not required for termination under this section.

(Added by Ord. 372-88, App. 8/10/88)

SEC. 56.19. LIMITATION ON ACTIONS.

(a) Any decision of the Board pursuant to this Chapter shall be final. Any court action or proceeding to attack, review, set aside, void or annul any final decision or determination by the Board shall be commenced within 90 days after (1) the date such decision or determination is final, or (2) when acting by ordinance, after the ordinance is signed by the Mayor, or is otherwise finally approved.

(b) Any court action or proceeding to attack, review, set aside, void or annul any final decision or

determination by (1) the Director pursuant to Section 56.15(d)(iii), or (2) the Commission pursuant to Section 56.17(e) shall be commenced within 90 days after said decision is final.

(Added by Ord. 372-88, App. 8/10/88)

SEC. 56.20. FEE.

In order to defray the cost to the City and County of San Francisco of preparing, adopting, and amending a development agreement, a fee shall be charged and collected in accord with the procedures described below:

(a) **Cost Estimate and Application Report.** The reasonable costs to the various departments of the City and County of San Francisco including, but not limited to, the Planning Department, the Department of Public Works, the Mayor's Office of Housing, the Real Estate Department and the City Attorney's Office for staff time, necessary consultant services and associated costs of materials and administration will vary according to the size and complexity of the project. Accordingly, upon receipt of an application for a development agreement, the Planning Department, after consultation with the applicant/developer, any other parties identified in the application as parties to the proposed development agreement, and the affected City and County departments, shall prepare an estimated budget of the reasonable costs to be incurred by the City and County (1) in the preparation and adoption of the proposed development agreement, and (2) in the preparation of related documents where the costs incurred are not fully funded through other City fees or funds; provided, however, that if the projected time schedule exceeds one year, then the estimated budget shall be prepared for the initial 12-month period only, and the estimated budgets for any subsequent 12-month time periods shall be prepared prior to the end of the prior 12-month period.

The Director shall also prepare a report for the Commission and Board describing the application, the anticipated public benefits listed in the application pursuant to Section 56.4(b), and the projected time schedule for development agreement negotiations.

(b) **Commission and Board of Supervisors Consideration.** The Commission shall recommend to the Board of Supervisors that a fee be imposed of a specified amount after reviewing the cost estimate prepared by the Director and conducting a public hearing pursuant to Section 56.4(c). If the Board of Supervisors approves the fee amount by resolution, the fee shall be paid within 30 days after the effective date of the resolution. The fee shall be paid in a single installment or, at the discretion of the Director, in four equal installments, payable periodically over the estimated time frame for which the estimated budget has been prepared, with the first installment due within 30 days after the effective date of the fee resolution.

(c) **Deposit.** The applicant/developer may prepay up to 50 percent of the amount of the fee (as calculated in the Director's estimated budget) into a Development Agreement Fund established for that purpose to enable the affected City Departments and agencies to begin work on the application. Such funds shall be deemed appropriated for the purposes identified in the cost estimate, and shall be credited against the final fee amount specified in the fee resolution if such resolution is ultimately adopted by the Board of Supervisors. If the Board fails to adopt such fee resolution, then the Controller shall return any prepaid funds remaining unexpended or unobligated to the applicant/developer. If the Board approves a fee amount which is less than the amount which the applicant/developer prepaid, then the Controller shall return that portion of the difference between the fee amount and the prepaid funds which remains unexpended or unobligated to the applicant/developer.

(d) **Development Agreement Fund.** There is hereby created a Development Agreement Fund wherein all funds received under the provisions of this section shall be deposited. All expenditures from the Fund shall be for purposes of reviewing the application for, or proposed material modification to, a development agreement and preparing the documents necessary to the approval of the development agreement, or a material modification thereto. Up to 50 percent of the annual cost estimate is hereby deemed appropriated for such purposes if the applicant/developer chooses to prepay such amount pursuant to Subsection (c) above. All other funds are subject to the budget and fiscal powers of the Board of Supervisors. Interest earned on such amounts deposited in said Fund shall accrue to the Fund for the purposes set forth herein. Upon the execution of a development agreement, or withdrawal by an applicant/developer of its application, any unexpended or unobligated portion of the fee paid by the applicant/developer shall be returned to the applicant/developer.

(e) **Waiver for Affordable Housing.** The Board of Supervisors may, by resolution, waive all or a portion of the fee required pursuant to this section for affordable housing developments, as that term is defined in Section 56.3, only if it finds that such waiver is necessary to achieve such affordable housing development.

(f) **Other Fees.** Payment of fees charged under this section does not waive the fee requirements of other ordinances. The fee provisions set forth herein are not intended to address fees or funding for parties to collateral agreements.

(g) **Not Applicable to Rental Housing With On-Site Affordable Housing Units.** The hearings and fee required pursuant to this section shall not apply to development agreements entered into with project sponsors of rental housing developments with on-site affordable housing units as that term is defined in Section 56.3(j) if the provision of on-site affordable housing units is the primary purpose of the Development Agreement.

RESOLUTION RECOMMENDING THAT THE BOARD OF SUPERVISORS APPROVE AMENDMENTS TO MAP NO. 04 AND MAP NO. 05 OF THE URBAN DESIGN ELEMENT OF GENERAL PLAN AND THE LAND USE INDEX OF THE GENERAL PLAN TO PROVIDE REFERENCE TO THE PIER 70 MIXED-USE PROJECT SPECIAL USE DISTRICT, AND MAKING FINDINGS OF CONSISTENCY WITH THE GENERAL PLAN AND PLANNING CODE SECTION 101.1, AND FINDINGS UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT.

WHEREAS, Section 4.105 of the Charter of the City and County of San Francisco provides to the Planning Commission the opportunity to periodically recommend General Plan Amendments to the Board of Supervisors; and

WHEREAS, pursuant to Planning Code Section 340(C), the Planning Commission ("Commission") initiated a General Plan Amendment for the Pier 70 Mixed-Use Project ("Project"), per Planning Commission Resolution No. 19949 on June 22, 2017.

WHEREAS, these General Plan Amendments would enable the Project. The Project includes new market-rate and affordable residential uses, commercial use, retail-arts-light industrial uses, parking, shoreline improvements, infrastructure development and street improvements, and public open space. Depending on the uses proposed, the Project would include between 1,645 to 3,025 residential units, a maximum of 1,102,250 to 2,262,350 gross square feet (gsf) of commercial-office use, and a maximum of 494,100 to 518,700 gsf of retail-light industrial-arts use. The Project also includes construction of transportation and circulation improvements, new and upgraded utilities and infrastructure, geotechnical and shoreline improvements, between 3,215 to 3,345 off-street parking spaces in proposed buildings and district parking structures, and nine acres of publicly-owned open space.

WHEREAS, the Project would construct new buildings that would range in height from 50 to 90 feet, as is consistent with Proposition F which was passed by the voters of San Francisco in November 2014.

WHEREAS, these General Plan Amendments would amend Map No. 04 "Urban Design Guidelines for Heights of Buildings" and Map No. 5 "Urban Design Guidelines for Bulk of Buildings" in the Urban Design Element to reference the Pier 70 Mixed-Use Project Special Use District, as well as update and amend the Land Use Index of the General Plan accordingly.

WHEREAS, this Resolution approving these General Plan Amendments is a companion to other legislative approvals relating to the Pier 70 Mixed-Use Project, including recommendation of approval of Planning Code Text Amendments and Zoning Map Amendments, approval of the Pier 70 SUD Design for Development and recommendation for approval of the Development Agreement.

WHEREAS, on August 24, 2017, the Planning Commission reviewed and considered the Final EIR for the Pier 70 Mixed Project (FEIR) and found the FEIR to be adequate, accurate and objective, thus reflecting the independent analysis and judgment of the Department and the Commission, and that the summary of comments and responses contained no significant revisions to the Draft EIR, and approved the FEIR for the Project in compliance with CEQA, the CEQA Guidelines and Chapter 31.

WHEREAS, on August 24, 2017, by Motion No. 19976, the Commission certified the Final Environmental Impact Report for the Pier 70 Mixed-Use Project as accurate, complete and in compliance with the California Environmental Quality Act ("CEQA").

WHEREAS, on August 24, 2017, the Commission by Motion No. 19977 approved California Environmental Quality Act (CEQA) Findings, including adoption of a Mitigation Monitoring and Reporting Program (MMRP), under Case No. 2014-001272ENV, for approval of the Project, which findings are incorporated by reference as though fully set forth herein.

WHEREAS, the CEQA Findings included adoption of a Mitigation Monitoring and Reporting Program (MMRP) as Attachment B, which MMRP is hereby incorporated by reference as though fully set forth herein and which requirements are made conditions of this approval.

WHEREAS, on July 20, 2017, the Commission conducted a duly noticed public hearing at a regularly scheduled meeting on General Plan Amendment Application Case No. 2014-001272GPA. At the public hearing on July 20, 2017, the Commission continued the adoption of the General Plan Amendment Application to the public hearing on August 24, 2017.

WHEREAS, a draft ordinance, substantially in the form attached hereto as Exhibit A, approved as to form, would amend Map No. 04 "Urban Design Guidelines for Heights of Buildings" and Map No. 05 "Urban Design Guidelines for Bulk of Buildings" in the Urban Design Element, and the Land Use Index of the General Plan.

NOW THEREFORE BE IT RESOLVED, that the Planning Commission hereby finds that the General Plan Amendments promote the public welfare, convenience and necessity for the following reasons:

1. The General Plan Amendments would help implement the Pier 70 Mixed-Use Project development, thereby evolving currently under-utilized industrial land for needed housing, commercial space, and parks and open space.
2. The General Plan Amendments would help implement the Pier 70 Mixed-Use Project, which in turn will provide employment opportunities for local residents during construction and post-occupancy, as well as community facilities and parks for new and existing residents.

3. The General Plan Amendments would help implement the Pier 70 Mixed-Use Project by enabling the creation of a mixed-use and sustainable neighborhood, with fully rebuilt infrastructure. The new neighborhood would improve the site's multi-modal connectivity to and integration with the surrounding City fabric, and connect existing neighborhoods to the City's central waterfront.
4. The General Plan Amendments would enable the construction of a new vibrant, safe, and connected neighborhood, including new parks and open spaces. The General Plan Amendments would help ensure a vibrant neighborhood with active streets and open spaces, high quality and well-designed buildings, and thoughtful relationships between buildings and the public realm, including the waterfront.
5. The General Plan Amendments would enable construction of new housing, including new on-site affordable housing, and new arts, retail and manufacturing uses. These new uses would create a new mixed-use neighborhood that would strengthen and complement nearby neighborhoods.
6. The General Plan Amendments would facilitate the preservation and rehabilitation of portions of the Union Iron Works Historic District—an important historic resource listed in the National Register of Historic Places.

AND BE IT FURTHER RESOLVED, that the Planning Commission finds these General Plan Amendments are in general conformity with the General Plan, and the Project and its approvals associated therein, all as more particularly described in Exhibit A to the Development Agreement on file with the Planning Department in Case No. 2014-001272DVA, are each on balance consistent with the following Objectives and Policies of the General Plan, as it is proposed to be amended as described herein, and as follows:

HOUSING ELEMENT

OBJECTIVE 1

IDENTIFY AND MAKE AVAILABLE FOR DEVELOPMENT ADEQUATE SITES TO MEET THE CITY'S HOUSING NEEDS, ESPECIALLY PERMANENTLY AFFORDABLE HOUSING.

POLICY 1.1

Plan for the full range of housing needs in the City and County of San Francisco, especially affordable housing.

POLICY 1.8

Promote mixed use development, and include housing, particularly permanently affordable housing, in new commercial, institutional or other single use development projects.

POLICY 1.10

Support new housing projects, especially affordable housing, where households can easily rely on public transportation, walking and bicycling for the majority of daily trips.

The Project is a mixed-use development with between 1,645 and 3,025 dwelling units at full project build-out, which provides a wide range of housing options. As detailed in the Development Agreement, the Project exceeds the inclusionary affordable housing requirements

of the Planning Code, through a partnership between the developer and the City to reach a 30% affordable level.

OBJECTIVE 11

SUPPORT AND RESPECT THE DIVERSE AND DISTINCT CHARACTER OF SAN FRANCISCO'S NEIGHBORHOODS.

POLICY 11.1

Promote the construction and rehabilitation of well-designed housing that emphasizes beauty, flexibility, and innovative design, and respects existing neighborhood character.

POLICY 11.2

Ensure implementation of accepted design standards in project approvals.

POLICY 11.7

Respect San Francisco's historic fabric, by preserving landmark buildings and ensuring consistency with historic districts.

The Project, as described in the Development Agreement and controlled in the Design for Development (D4D), includes a program of substantial community benefits designed to revitalize a former industrial shipyard and complement the surrounding neighborhood. Through the standards and guidelines in the D4D, the Project would respect the character of existing historic resources, while providing for a distinctly new and unique design. The Project retains three historic resources (Buildings 2, 12 and 21) and preserves the character of the Union Iron Works Historic District by providing for compatible new construction.

OBJECTIVE 12

BALANCE HOUSING GROWTH WITH ADEQUATE INFRASTRUCTURE THAT SERVES THE CITY'S GROWING POPULATION.

POLICY 12.1

Encourage new housing that relies on transit use and environmentally sustainable patterns of movement.

POLICY 12.2

Consider the proximity of quality of life elements, such as open space, child care, and neighborhood services, when developing new housing units.

The Project appropriately balances housing with new and improved infrastructure and related public benefits.

The project site is located adjacent to a transit corridor, and is within proximity to major regional and local public transit. The Project includes incentives for the use of transit, walking and bicycling through its TDM program. In addition, the Project's streetscape design would enhance vehicular, bicycle and pedestrian access and connectivity through the site. The Project will establish a new bus line through the project site, and will provide an open-to-the-public shuttle.

Therefore, new residential and commercial buildings constructed as part of the Project would rely on transit use and environmentally sustainable patterns of movement.

The Project will provide over nine acres of new open space for a variety of activities, including an Irish Hill playground, a market square, a central commons, a minimum ½ acre active recreation on the rooftop of buildings, and waterfront parks along 1,380 feet of shoreline.

The Project includes substantial contributions related to quality of life elements such as open space, affordable housing, transportation improvements, childcare, schools, arts and cultural facilities and activities, workforce development, youth development, and historic preservation.

COMMERCE AND INDUSTRY ELEMENT

OBJECTIVE 1

MANAGE ECONOMIC GROWTH AND CHANGE TO ENSURE ENHANCEMENT OF THE TOTAL CITY LIVING AND WORKING ENVIRONMENT.

POLICY 1.1

Encourage development which provides substantial net benefits and minimizes undesirable consequences. Discourage development which has substantial undesirable consequences that cannot be mitigated.

The Project is intended to provide a distinct mixed-use development with residential, office, retail, cultural, and open space uses. The Project would leverage the Project site's location on the Central Waterfront and close proximity to major regional and local public transit by building a dense mixed-use development that allows people to work and live close to transit. The Project's buildings would be developed in a manner that reflects the Project's unique location in a former industrial shipyard. The Project would incorporate varying heights, massing and scale, maintaining a strong streetwall along streets, and focused attention around public open spaces. The Project would create a balanced commercial center with a continuum of floorplate sizes for a range of users, substantial new on-site open space, and sufficient density to support and activate the new active ground floor uses and open space in the Project.

The Project would help meet the job creation goals established in the City's Economic Development Strategy by generating new employment opportunities and stimulating job creation across all sectors. The Project would also construct high-quality housing with sufficient density to contribute to 24-hour activity on the Project site, while offering a mix of unit types, sizes, and levels of affordability to accommodate a range of potential residents. The Project would facilitate a vibrant, interactive ground plane for Project and neighborhood residents, commercial users, and the public, with public spaces that could accommodate a variety of events and programs, and adjacent ground floor building spaces that include elements such as transparent building frontages and large, direct access points to maximize circulation between, and cross-activation of, interior and exterior spaces.

OBJECTIVE 2

MAINTAIN AND ENHANCE A SOUND AND DIVERSE ECONOMIC BASE AND FISCAL STRUCTURE FOR THE CITY.

POLICY 2.1

Seek to retain existing commercial and industrial activity and to attract new such activity to the city.

See above (Commerce and Industry Element Objective 1 and Policy 1.1) which explain the Project's contribution to the City's overall economic vitality.

OBJECTIVE 3

PROVIDE EXPANDED EMPLOYMENT OPPORTUNITIES FOR CITY RESIDENTS, PARTICULARLY THE UNEMPLOYED AND ECONOMICALLY DISADVANTAGED.

POLICY 3.2

Promote measures designed to increase the number of San Francisco jobs held by San Francisco residents.

The Project would help meet the job creation goals established in the City's Economic Development Strategy by generating new employment opportunities and stimulating job creation across all sectors. The Project will provide expanded employment opportunities for City residents at all employment levels, both during and after construction. The Development Agreement, as part of the extensive community benefit programs, includes focused workforce first source hiring – both construction and end-user – as well as a local business enterprise component.

TRANSPORTATION ELEMENT

OBJECTIVE 2

USE THE TRANSPORTATION SYSTEM AS A MEANS FOR GUIDING DEVELOPMENT AND IMPROVING THE ENVIRONMENT.

POLICY 2.1

Use rapid transit and other transportation improvements in the city and region as the catalyst for desirable development, and coordinate new facilities with public and private development.

POLICY 2.5

Provide incentives for the use of transit, carpools, vanpools, walking and bicycling and reduce the need for new or expanded automobile and automobile parking facilities.

The Project is located within a former industrial shipyard, and will provide new local, regional, and statewide transportation services. The Project is located in close proximity to the Caltrain Station on 22nd Street, and the Muni T-Line along 3rd Street. The Project includes a detailed TDM program, including various performance measures, physical improvements and monitoring and enforcement measures designed to create incentives for transit and other alternative to the single occupancy vehicle for both residential and commercial buildings. In addition, the Project's design, including its streetscape elements, is intended to promote and enhance walking and bicycling.

OBJECTIVE 23

IMPROVE THE CITY'S PEDESTRIAN CIRCULATION SYSTEM TO PROVIDE FOR EFFICIENT, PLEASANT, AND SAFE MOVEMENT

POLICY 23.1

Provide sufficient pedestrian movement space with a minimum of pedestrian congestion in accordance with a pedestrian street classification system.

POLICY 23.2

Widen sidewalks where intensive commercial, recreational, or institutional activity is present, sidewalks are congested, where sidewalks are less than adequately wide to provide appropriate pedestrian amenities, or where residential densities are high.

POLICY 23.6

Ensure convenient and safe pedestrian crossings by minimizing the distance pedestrians must walk to cross a street.

The Project will re-establish a street network on the project site, and will provide pedestrian improvements and streetscape enhancement measures as described in the D4D and reflected in the mitigation measures and Transportation Plan in the Development Agreement. The Project would establish 21st Street (between the existing 20th and 22nd Streets) and Maryland Street, which would function as a main north-south thoroughfare through the project site. Each of the new streets would have sidewalks and streetscape improvements as is consistent with the Better Streets Plan.

URBAN DESIGN ELEMENT

OBJECTIVE 1

EMPHASIS OF THE CHARACTERISTIC PATTERN WHICH GIVES TO THE CITY AND ITS NEIGHBORHOODS AN IMAGE, A SENSE OF PURPOSE, AND A MEANS OF ORIENTATION.

POLICY 1.1

Recognize and protect major views in the city, with particular attention to those of open space and water.

As explained in the D4D, the Project uses a mix of scales and interior and exterior spaces, with this basic massing further articulated through carving and shaping the buildings to create views and variety on the project site, as well as pedestrian-friendly, engaging spaces on the ground. The Project maintains and opens view corridors to the waterfront.

POLICY 1.2

Recognize, protect and reinforce the existing street pattern, especially as it is related to topography.

POLICY 1.3

Recognize that buildings, when seen together, produce a total effect that characterizes the city and its districts.

The Project would re-establish the City's street pattern on the project site, and would construct new buildings, which would range in height from 50 and 90 feet. These new buildings would be viewed in conjunction with the three existing historic resources (Buildings 2, 12 and 21) on the project site, and the larger Union Iron Works Historic District. The Project would include new construction, which is sensitive to the existing historic context, and would be compatible, yet differentiated, from the historic district's character-defining features. The Project is envisioned as an extension of the Central Waterfront and Dogpatch neighborhoods.

OBJECTIVE 2

CONSERVATION OF RESOURCES WHICH PROVIDE A SENSE OF NATURE, CONTINUITY WITH THE PAST, AND FREEDOM FROM OVERCROWDING.

POLICY 2.4

Preserve notable landmarks and areas of historic, architectural or aesthetic value, and promote the preservation of other buildings and features that provide continuity with past development.

POLICY 2.5

Use care in remodeling of older buildings, in order to enhance rather than weaken the original character of such buildings.

The Project would revitalize a portion of a former industrial shipyard, and would preserve and rehabilitate important historic resources, including Buildings 2, 12 and 21, which contribute to the Union Iron Works Historic District, which is listed in the National Register of Historic Places. New construction would be designed to be compatible, yet differentiated, with the existing historic context.

RECREATION AND OPEN SPACE ELEMENT

OBJECTIVE 1

ENSURE A WELL-MAINTAINED, HIGHLY UTILIZED, AND INTEGRATED OPEN SPACE SYSTEM.

POLICY 1.1

Encourage the dynamic and flexible use of existing open spaces and promote a variety of recreation and open space uses, where appropriate.

POLICY 1.7

Support public art as an essential component of open space design.

The Project would build a network of waterfront parks, playgrounds and recreational facilities on the 28-Acre Site that, with development of the Illinois Street Parcels, will more than triple the amount of parks in the neighborhood. The Project will provide over nine acres of new open space for a variety of activities, including an Irish Hill playground, a market square, a central commons, a minimum ½ acre active recreation on the rooftop of buildings, and waterfront parks along 1,380 feet of shoreline. In addition, the Project would provide new private open space for each of the new dwelling units.

POLICY 1.1.2

Preserve historic and culturally significant landscapes, sites, structures, buildings and objects.

See Discussion in Urban Element Objective 2, Policy 2.4 and 2.5.

OBJECTIVE 3

IMPROVE ACCESS AND CONNECTIVITY TO OPEN SPACE

POLICY 3.1

Creatively develop existing publicly-owned right-of-ways and streets into open space.

The Project provides nine acres of new public open space and opens up new connections to the shoreline in the Central Waterfront neighborhood. The Project would encourage non-automobile transportation to and from open spaces, and would ensure physical accessibility these open spaces to the extent feasible.

CENTRAL WATERFRONT AREA PLAN

Objectives and Policies

Land Use

OBJECTIVE 1.1

ENCOURAGE THE TRANSITION OF PORTIONS OF THE CENTRAL WATERFRONT TO A MORE MIXED-USE CHARACTER, WHILE PROTECTING THE NEIGHBORHOOD'S CORE OF PDR USES AS WELL AS THE HISTORIC DOGPATCH NEIGHBORHOOD.

POLICY 1.1.2

Revise land use controls in formerly industrial areas outside the core Central Waterfront industrial area, to create new mixed use areas, allowing mixed-income housing as a principal use, as well as limited amounts of retail, office, and research and development, while protecting against the wholesale displacement of PDR uses.

POLICY 1.1.7

Ensure that future development of the Port's Pier 70 Mixed Use Opportunity Site supports the Port's revenue-raising goals while remaining complementary to the maritime and industrial nature of the area.

POLICY 1.1.10

While continuing to protect traditional PDR functions that need large, inexpensive spaces to operate, also recognize that the nature of PDR businesses is evolving gradually so that their production and distribution activities are becoming more integrated physically with their research, design and administrative functions.

OBJECTIVE 1.2

IN AREAS OF THE CENTRAL WATERFRONT WHERE HOUSING AND MIXED-USE IS ENCOURAGED, MAXIMIZE DEVELOPMENT POTENTIAL IN KEEPING WITH NEIGHBORHOOD CHARACTER.

POLICY 1.2.1

Ensure that infill housing development is compatible with its surroundings.

POLICY 1.2.2

For new construction, and as part of major expansion of existing buildings in neighborhood commercial districts, require housing development over commercial. In other mixed-use districts encourage housing over commercial or PDR where appropriate.

POLICY 1.2.3

In general, where residential development is permitted, control residential density through building height and bulk guidelines and bedroom mix requirements.

POLICY 1.2.4

Identify portions of Central Waterfront where it would be appropriate to increase maximum heights for residential development.

OBJECTIVE 1.4

SUPPORT A ROLE FOR "KNOWLEDGE SECTOR" BUSINESSES IN APPROPRIATE PORTIONS OF THE CENTRAL WATERFRONT.

POLICY 1.4.1

Continue to permit manufacturing uses that support the Knowledge Sector in the Mixed Use and PDR districts of the Central Waterfront.

POLICY 1.4.3

Allow other Knowledge Sector office uses in portions of the Central Waterfront where it is appropriate.

OBJECTIVE 1.7

RETAIN THE CENTRAL WATERFRONT'S ROLE AS AN IMPORTANT LOCATION FOR PRODUCTION, DISTRIBUTION, AND REPAIR (PDR) ACTIVITIES

POLICY 1.7.3

Require development of flexible buildings with generous floor-to-ceiling heights, large floor plates, and other features that will allow the structure to support various businesses.

Housing

OBJECTIVE 2.1

ENSURE THAT A SIGNIFICANT PERCENTAGE OF NEW HOUSING CREATED IN THE CENTRAL WATERFRONT IS AFFORDABLE TO PEOPLE WITH A WIDE RANGE OF INCOMES.

POLICY 2.1.1

Require developers in some formally industrial areas to contribute towards the City's very low, low, moderate and middle income needs as identified in the Housing Element of the General Plan.

OBJECTIVE 2.3

REQUIRE THAT A SIGNIFICANT NUMBER OF UNITS IN NEW DEVELOPMENTS HAVE TWO OR MORE BEDROOMS EXCEPT SENIOR HOUSING AND SRO DEVELOPMENTS UNLESS ALL BELOW MARKET RATE UNITS ARE TWO OR MORE BEDROOM UNITS.

POLICY 2.3.1

Target the provision of affordable units for families.

POLICY 2.3.2

Prioritize the development of affordable family housing, both rental and ownership, particularly along transit corridors and adjacent to community amenities.

POLICY 2.3.3

Require that a significant number of units in new developments have two or more bedrooms, except Senior Housing and SRO developments.

POLICY 2.3.4

Encourage the creation of family supportive services, such as child care facilities, parks and recreation, or other facilities, in affordable housing or mixed-use developments.

Built Form

OBJECTIVE 3.1

PROMOTE AN URBAN FORM THAT REINFORCES THE CENTRAL WATERFRONT'S DISTINCTIVE PLACE IN THE CITY'S LARGER FORM AND STRENGTHENS ITS PHYSICAL FABRIC AND CHARACTER.

POLICY 3.1.1

Adopt heights that are appropriate for the Central Waterfront's location in the city, the prevailing street and block pattern, and the anticipated land uses, while producing buildings compatible with the neighborhood's character.

POLICY 3.1.2

Development should step down in height as it approaches the Bay to reinforce the city's natural topography and to encourage and active and public waterfront.

POLICY 3.1.6

New buildings should epitomize the best in contemporary architecture, but should do so with full awareness of, and respect for, the height, mass, articulation and materials of the best of the older buildings that surrounds them.

POLICY 3.1.9

Preserve notable landmarks and areas of historic, architectural or aesthetic value, and promote the preservation of other buildings and features that provide continuity with past development.

OBJECTIVE 3.2

PROMOTE AN URBAN FORM AND ARCHITECTURAL CHARACTER THAT SUPPORTS WALKING AND SUSTAINS A DIVERSE, ACTIVE AND SAFE PUBLIC REALM.

POLICY 3.2.1

Require high quality design of street-facing building exteriors.

POLICY 3.2.2

Make ground floor retail and PDR uses as tall, roomy and permeable as possible.

POLICY 3.2.5

Building form should celebrate corner locations.

OBJECTIVE 3.3

PROMOTE THE ENVIRONMENTAL SUSTAINABILITY, ECOLOGICAL FUNCTIONING AND THE OVERALL QUALITY OF THE NATURAL ENVIRONMENT IN THE PLAN AREA

POLICY 3.3.1

Require new development to adhere to a new performance-based ecological evaluation tool to improve the amount and quality of green landscaping.

POLICY 3.3.3

Enhance the connection between building form and ecological sustainability by promoting use of renewable energy, energy-efficient building envelopes, passive heating and cooling, and sustainable materials.

Transportation

OBJECTIVE 4.1

IMPROVE PUBLIC TRANSIT TO BETTER SERVE EXISTING AND NEW DEVELOPMENT IN CENTRAL WATERFRONT

POLICY 4.1.4

Reduce existing curb cuts where possible and restrict new curb cuts to prevent vehicular conflicts with transit on important transit and neighborhood commercial streets.

POLICY 4.1.6

Improve public transit in the Central Waterfront including cross-town routes and connections the 22nd Street Caltrain Station and Third Street Light Rail.

OBJECTIVE 4.3

ESTABLISH PARKING POLICIES THAT IMPROVE THE QUALITY OF NEIGHBORHOODS AND REDUCE CONGESTION AND PRIVATE VEHICLE TRIPS BY ENCOURAGING TRAVEL BY NON-AUTO MODES

POLICY 4.3.1

For new residential development, provide flexibility by eliminating minimum off-street parking requirements and establishing reasonable parking caps.

POLICY 4.3.2

For new non-residential development, provide flexibility by eliminating minimum off-street parking requirements and establishing caps generally equal to the previous minimum requirements. For office uses limit parking relative to transit accessibility.

OBJECTIVE 4.4

SUPPORT THE CIRCULATION NEEDS OF EXISTING AND NEW PDR AND MARITIME USES IN THE CENTRAL WATERFRONT

POLICY 4.4.3

In areas with a significant number of PDR establishments and particularly along Illinois Street, design streets to serve the needs and access requirements of trucks while maintaining a safe pedestrian and bicycle environment.

OBJECTIVE 4.5

CONSIDER THE STREET NETWORK IN CENTRAL WATERFRONT AS A CITY RESOURCE ESSENTIAL TO MULTI-MODAL MOVEMENT AND PUBLIC OPEN SPACE

POLICY 4.5.2

As part of a development project's open space requirement, require publicly-accessible alleys that break up the scale of large developments and allow additional access to buildings in the project.

POLICY 4.5.4

Extend and rebuild the street grid, especially in the direction of the Bay.

OBJECTIVE 4.7

IMPROVE AND EXPAND INFRASTRUCTURE FOR BICYCLING AS AN IMPORTANT MODE OF TRANSPORTATION

POLICY 4.7.1

Provide a continuous network of safe, convenient and attractive bicycle facilities connecting Central Waterfront to the citywide bicycle network and conforming to the San Francisco Bicycle Plan.

POLICY 4.7.2

Provide secure, accessible and abundant bicycle parking, particularly at transit stations, within shopping areas and at concentrations of employment.

POLICY 4.7.3

Support the establishment of the Blue-Greenway by including safe, quality pedestrian and bicycle connections from Central Waterfront.

Streets & Open Space

OBJECTIVE 5.1

PROVIDE PUBLIC PARKS AND OPEN SPACES THAT MEET THE NEEDS OF RESIDENTS, WORKERS AND VISITORS

POLICY 5.1.1

Identify opportunities to create new public open spaces and provide at least one new public open space serving the Central Waterfront.

POLICY 5.1.2

Require new residential and commercial development to provide, or contribute to the creation of public open space.

OBJECTIVE 5.4

THE OPEN SPACE SYSTEM SHOULD BOTH BEAUTIFY THE NEIGHBORHOOD AND STRENGTHEN THE ENVIRONMENT

POLICY 5.4.1

Increase the environmental sustainability of Central Waterfront's system of public and private open spaces by improving the ecological functioning of all open space.

POLICY 5.4.3

Encourage public art in existing and proposed open spaces.

Historic Preservation

OBJECTIVE 8.2

PROTECT, PRESERVE, AND REUSE HISTORIC RESOURCES WITHIN THE CENTRAL WATERFRONT AREA PLAN

POLICY 8.2.2

Apply the Secretary of the Interior's Standards for the Treatment of Historic Properties in conjunction with the Central Waterfront area plan and objectives for all projects involving historic or cultural resources.

OBJECTIVE 8.3

ENSURE THAT HISTORIC PRESERVATION CONCERNS CONTINUE TO BE AN INTEGRAL PART OF THE ONGOING PLANNING PROCESSES FOR THE CENTRAL WATERFRONT AREA PLAN

POLICY 8.3.1

Pursue and encourage opportunities, consistent with the objectives of historic preservation, to increase the supply of affordable housing within the Central Waterfront plan area.

The Central Waterfront Area Plan anticipated a new mixed-use development at Pier 70. The Project is consistent with the objectives and policies of the Central Waterfront Plan, since the Project adaptively reuses a portion of a former industrial shipyard and provides a new mixed-use development with substantial community benefits, including nine-acres of public open space, new streets and streetscape improvements, on-site affordable housing, rehabilitation of three historic buildings, and new arts, retail and light manufacturing uses. New construction will be appropriately designed to fit within the context of the Union Iron Works Historic District. In addition, the Project includes substantial transit and infrastructure improvements, including new on-site TDM program, facilities for a new public line through the project site, and a new open-to-the public shuttle service.

AND BE IT FURTHER RESOLVED, that the Planning Commission finds these General Plan Amendments are in general conformity with the Planning Code Section 101.1, and the Project and its approvals associated therein, all as more particularly described in Exhibit B to the Development Agreement on file with the Planning Department in Case No. 2014-001272DVA, are each on balance, consistent with the following Objectives and Policies of the General Plan, as it is proposed to be amended as described herein, and as follows:

- 1) *That existing neighbor-serving retail uses will be preserved and enhanced, and future opportunities for resident employment in and ownership of such businesses enhanced;*

No neighborhood-serving retail uses are present on the Project site. Once constructed, the Project will contain major new retail, arts and light industrial uses that will provide opportunities for employment and ownership of retail businesses in the community. These new uses will serve nearby residents and the surrounding community. In addition, building tenants will patronize existing retail uses in the community (along 3rd Street and in nearby Dogpatch), thus enhancing the local retail economy. The Development Agreement includes commitments related to local hiring.

- 2) *That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods;*

No existing housing will be removed for the construction of the Project, which will provide at full build-out between 1,645 and 3,025 new residential units. The Project is designed to revitalize a former industrial site and provide a varied land use program that is consistent with the surrounding Central Waterfront and Dogpatch neighborhoods, and the historic context of the Union Iron Works Historic District, which is listed in the National Register of Historic Places. The Project provides a new neighborhood complete with residential, office, retail, arts, and light manufacturing uses, along with new transit and street infrastructure, and public open space. The Project design is consistent with the historic context, and provides a desirable, pedestrian-friendly experience with interactive and engaged ground floors. Thus, the Project would preserve and contribute to housing within the surrounding neighborhood and the larger City, and would otherwise preserve and be consistent with the neighborhood's industrial context.

3) That the City's supply of affordable housing be preserved and enhanced;

The construction of the Project will not remove any residential uses, since none exist on the project site. The Project will enhance the City's supply of affordable housing through its affordable housing commitments in the Development Agreement, which will result in total of 30% on-site affordable housing units.

4) That commuter traffic not impede Muni transit service or overburden our streets or neighborhood parking;

The Project would not impede transit service or overburden streets and neighborhood parking. The Project includes a robust transportation program with an on-site Transportation Demand Management (TDM) program, facilities to support a new bus line through the project site, an open-to-the-public shuttle service, and funding for new neighborhood-supporting transportation infrastructure.

The Project is also well served by public transit. The Project is located within close proximity to the MUNI T-Line Station along 3rd Street and the bus routes, which pick-up/drop-off at 20th and 3rd, and 23rd and 3rd Streets. In addition, the Project is located within walking distance to the 22nd Street Caltrain Station. Future residents would be afforded close proximity to bus or rail transit.

Lastly, the Project contains new space for vehicle parking to serve new parking demand. This will ensure that sufficient parking capacity is available so that the Project would not overburden neighborhood parking, while still implementing a rigorous TDM Plan to be consistent with the City's "transit first" policy for promoting transit over personal vehicle trips.

5) That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

Although the Project would displace portions of an industrial use historically associated with the Bethlehem Steel and/or Union Iron Works, the Project provides a strong and diverse economic base by the varied land use program, which includes new commercial office, retail, arts, and light industrial uses. The Project balances between residential, non-residential and PDR (Production, Distribution and Repair) uses. Across the larger site at Pier 70 (outside of the project site), the Port of San Francisco has maintained the industrial shipyard operations (currently under lease by BAE). On the 28-Acre site, the Project includes light manufacturing and arts uses, in order to diversify the mix of goods and services within the

project site. The Project also includes a large workforce development program and protections for existing tenants/artists within the Noonan Building. All of these new uses will provide future opportunities for service-sector employment.

- 6) *That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;*

The Project will comply with all current structural and seismic requirements under the San Francisco Building Code and the Port of San Francisco.

- 7) *That landmarks and historic buildings be preserved;*

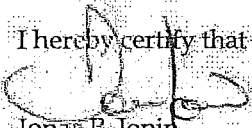

The Project would preserve and rehabilitate a portion of the Union Iron Works Historic District and three of its contributing resources: Buildings 2, 12 and 21. In addition, the Project includes standards and guidelines for new construction adjacent to and within the Union Iron Works Historic District, which is listed in the National Register of Historic Places. These standards and guidelines ensure compatibility of new construction with the character-defining features of the Union Iron Works Historic District, as guided by the Secretary of the Interior's Standards for the Treatment of Historic Properties. In addition, the Project preserves and provides access to an important cultural relic, Irish Hill, which has been identified as an important resource to the surrounding community.

- 8) *That our parks and open space and their access to sunlight and vistas be protected from development.*

The Project will improve access to the shoreline within the Central Waterfront neighborhood, and will provide 9-acres of new public open space. The Project will not affect any of the City's existing parks or open space or their access to sunlight and vistas. A shadow study was completed and concluded that the Project will not cast shadows on any property under the jurisdiction of, or designated for acquisition by, the Recreation and Park Commission.

AND BE IT FURTHER RESOLVED, that pursuant to Planning Code Section 340, the Commission recommends to the Board of Supervisors **APPROVAL** of the aforementioned General Plan Amendments. This approval is contingent on, and will be of no further force and effect until the date that the San Francisco Board of Supervisor has approved by resolution approving the Zoning Map Amendment, Planning Code Text Amendment, and Development Agreement.

I hereby certify that the Planning Commission **ADOPTED** the foregoing Resolution on August 24, 2017.

ADOPTING FINDINGS RELATED TO THE CERTIFICATION OF A FINAL ENVIRONMENTAL IMPACT REPORT FOR THE PROPOSED PIER 70 MIXED-USE DISTRICT PROJECT.

MOVED, that the San Francisco Planning Commission (hereinafter "Commission") hereby CERTIFIES the final Environmental Impact Report identified as Case No. 2014-001272ENV, the "Pier 70 Mixed-Use District Project" (hereinafter "Project"), based upon the following findings:

1. The City and County of San Francisco, acting through the Planning Department (hereinafter "Department") fulfilled all procedural requirements of the California Environmental Quality Act (Cal. Pub. Res. Code Section 21000 *et seq.*, hereinafter "CEQA"), the State CEQA Guidelines (Cal. Admin. Code Title 14, Section 15000 *et seq.*, hereinafter "CEQA Guidelines") and Chapter 31 of the San Francisco Administrative Code (hereinafter "Chapter 31").
 - A. The Department determined that an Environmental Impact Report (hereinafter "EIR") was required and provided public notice of that determination by publication in a newspaper of general circulation on May 6, 2015.
 - B. The Department held a public scoping meeting on May 28, 2015 in order to solicit public comment on the scope of the Project's environmental review.
 - C. On December 21, 2016, the Department published the Draft Environmental Impact Report (hereinafter "DEIR") and provided public notice in a newspaper of general circulation of the availability of the DEIR for public review and comment and of the date and time of the Planning

Commission public hearing on the DEIR; this notice was mailed to the Department's list of persons requesting such notice.

- D. Notices of availability of the DEIR and of the date and time of the public hearing were posted near the project site on December 21, 2016.
 - E. On December 21, 2016, copies of the DEIR were mailed or otherwise delivered to a list of persons requesting it, to those noted on the distribution list in the DEIR, and to government agencies, the latter both directly and through the State Clearinghouse.
 - F. A Notice of Completion was filed with the State Secretary of Resources via the State Clearinghouse on December 21, 2016.
2. The Commission held a duly advertised public hearing on said DEIR on February 9, 2017 at which opportunity for public comment was given, and public comment was received on the DEIR. The period for acceptance of written comments ended on February 21, 2017.
 3. The Department prepared responses to comments on environmental issues received at the public hearing and in writing during the 60-day public review period for the DEIR, prepared revisions to the text of the DEIR in response to comments received or based on additional information that became available during the public review period, and corrected errors in the DEIR. This material was presented in a Comments and Responses document, published on August 9, 2017, distributed to the Commission and all parties who commented on the DEIR, and made available to others upon request at the Department.
 4. A Final Environmental Impact Report (hereinafter "FEIR") has been prepared by the Department, consisting of the DEIR, any consultations and comments received during the review process, any additional information that became available, and the Comments and Responses document all as required by law.
 5. Project EIR files have been made available for review by the Commission and the public. These files are available for public review at the Department at 1650 Mission Street, Suite 400, and are part of the record before the Commission.
 6. On August 24, 2017, the Commission reviewed and considered the information contained in the FEIR and hereby does find that the contents of said report and the procedures through which the FEIR was prepared, publicized, and reviewed comply with the provisions of CEQA, the CEQA Guidelines, and Chapter 31 of the San Francisco Administrative Code.
 7. The Planning Commission hereby does find that the FEIR concerning File No. 2014-001272ENV reflects the independent judgement and analysis of the City and County of San Francisco, is adequate, accurate and objective, and that the Comments and Responses document contains no significant revisions to the DEIR that would require recirculation of the document pursuant to CEQA Guideline Section 15088.5, and hereby does CERTIFY THE COMPLETION of said FEIR in compliance with CEQA, the CEQA Guidelines and Chapter 31 of the San Francisco Administrative Code.

8. The Commission, in certifying the completion of said FEIR, hereby does find that the project described in the EIR would have the following significant unavoidable environmental impacts, which cannot be mitigated to a level of insignificance:
- A. **TR-5:** The Proposed Project would cause the 48 Quintara/24th Street bus route to exceed 85 percent capacity utilization in the a.m. and p.m. peak hours in both the inbound and outbound directions.
 - B. **TR-12:** The Proposed Project's loading demand during the peak loading hour would not be adequately accommodated by proposed on-site or off-street loading supply or in proposed on-street loading zones, which may create hazardous conditions or significant delays for transit, bicycles or pedestrians.
 - C. **C-TR-4:** The Proposed Project would contribute considerably to significant cumulative transit impacts on the 48 Quintara/24th Street and 22 Fillmore bus routes.
 - D. **NO-2:** Construction of the Proposed Project would cause a substantial temporary or periodic increase in ambient noise levels in the project vicinity above levels existing without the project.
 - E. **NO-5:** Operation of the Proposed Project would cause substantial permanent increases in ambient noise levels along some roadway segments in the project site vicinity.
 - F. **C-NO-2:** Operation of the Proposed Project, in combination with other cumulative development, would cause a substantial permanent increase in ambient noise levels in the project vicinity.
 - G. **AQ-1:** Construction of the Proposed Project would generate fugitive dust and criteria air pollutants, which would violate an air quality standard, contribute substantially to an existing or projected air quality violation, and result in a cumulatively considerable net increase in criteria air pollutants.
 - H. **AQ-2:** At project build-out, the Proposed Project would result in emissions of criteria air pollutants at levels that would violate an air quality standard, contribute to an existing or projected air quality violation, and result in a cumulatively considerable net increase in criteria air pollutants.
 - I. **C-AQ-1:** The Proposed Project, in combination with past, present, and reasonably foreseeable future development in the project area, would contribute to cumulative regional air quality impacts.
9. The Commission reviewed and considered the information contained in the FEIR prior to approving the Project.

I hereby certify that the foregoing Motion was ADOPTED by the Planning Commission at its regular meeting of August 24, 2017.

Jonas P. Ionin
Commission Secretary

AYES: Hillis, Richards, Johnson, Koppel, Melgar, Moore

NOES: None

ABSENT: Fong

ADOPTED: August 24, 2017

Subject: Approval of Vertical Disposition and Development Agreement for the sale of Parcel K North / Pier 70

Date: January 14, 2019

Executive Summary

The Port is requesting co-sponsorship and introduction of legislation on January 15, 2019 to (1) approve a Vertical Disposition and Development Agreement between the Port and a joint venture of TMG Partners and Presidio Bay Ventures for the sale of Parcel K North at Pier 70 for residential condominium development for a total consideration of \$24,350,000; (2) adopt findings under the California Environmental Quality Act; (3) and adopt findings of consistency with the General Plan and the eight priority polices of Planning Code Section 101.1(b). Pursuant to the Disposition and Development Agreement between the Port and FC Pier 70, LLC for the development of the 28-Acre Site at Pier 70 approved by the Board of Supervisors in 2017, the Port is required to offer Parcel K North for sale at or above its fair market value established by a proprietary appraisal and specify that the successful bidder must close escrow on the sale by February 15, 2019, with resulting net sales proceeds used to pay for entitlement costs associated with development of the 28-Acre Site.

Background – Pier 70 Mixed-Use District Project

Property

The Port owns an approximately 72 acres along San Francisco's Central Waterfront known as Pier 70. Beginning in 2006, the Port initiated an intensive planning process that culminated in a project to restore and redevelop an approximately 35-acre site located at Pier 70 bounded generally by Illinois Street on the west, 20th Street to the north, San Francisco Bay on the east and 22nd Street on the south ("Project Site"). The Project Site includes (1) an approximately 28-acre Port-owned site bounded generally by Michigan Street on the west, 22nd Street on the south, San Francisco Bay on the east, and 20th street on the north ("28-Acre Site"); (2) an adjacent 3-acre site owned by the Port at 20th and Illinois Streets known as "Parcel K"; and (3) approximately 3 acres of land immediately south of Parcel K owned by Pacific Gas and Electric known as the "Hoedown Yard".

Project Approvals

On October 31, 2017, the Board of Supervisors approved several pieces of legislation to establish the Pier 70 Mixed-Use District Project on the Project Site, including: 1) a trust exchange agreement between the Port and the California State Lands Commission, effective on September 14, 2018, to impress or confirm the public trust on portions of Pier 70 area most useful for public trust purposes and remove the public trust from areas more suitable for development for nontrust uses ("Trust Exchange"); (2) amendments to the Planning Code to create the Pier 70 Special Use District ("Pier 70 SUD") over the Project Site and related amendments to the zoning maps; (3) a Disposition and Development Agreement ("DDA") between the Port and FC Pier 70, LLC ("Forest City") for development of the 28-Acre Site; (4) a Development Agreement between the City and Forest City for the 28-Acre Site; and (5) General Plan consistency findings and findings under the California Environmental Quality Act. In 2018, the Board of Supervisors also approved legislation establishing public financing districts – an Infrastructure Financing District over the 28-Acre Site and Parcel K to finance public infrastructure within the Pier 70 SUD and an Infrastructure and Revitalization Financing District over the Hoedown Yard to fund affordable housing within the Pier 70 SUD.

Project Summary

At full build-out, the Pier 70 Mixed-Use District Project will include: (1) 1,100 to 2,150 new residential units, at least 30% of which will be on-site housing affordable to a range of low- to moderate-income households; (2) between 1 million and 2 million gross square feet of new commercial and office space, including space for small-scale manufacturing, retail, and neighborhood services; (3) rehabilitation of three historic buildings categorized as significant contributing resources to the historic district; (4) transportation demand management on-site, a shuttle service, and payment of impact fees to the Municipal Transportation Agency that it will use to improve transportation connections through the neighborhood; (5) 9 acres of new open space, potentially including active recreation on rooftops, a playground, a market square, a central commons, and waterfront parks along the shoreline; (6) on-site strategies to protect against sea level rise; and (7) replacement studio space for artists leasing space in Building 11 in Pier 70 and a new arts space.

Affordable Housing Requirements

The Affordable Housing Plan attached to the DDA includes measures to ensure that at least 30% of all residential units produced at the 28-Acre Site and the adjacent Parcel K South are affordable to low- and moderate-income households, with the following components: (1) 150 or more inclusionary rental units, representing 20% of all on-site rental units; and (2) 320 or more permanently affordable units in three buildings to be developed by the Mayor's Office of

Housing and Community Development ("MOHCD") in the 28-Acre Site and Parcel K South. Developers of market-rate residential condominiums in the Pier 70 SUD, including Parcel K North, are not permitted to build on-site inclusionary units, but are required to pay an affordable housing fee based on 28% of the units in the housing project.

Project Phasing

Development of the 28-Acre Site will occur in three phases over 10+ years. The first phase will include up to 720 residential units, 356,000 square feet of office, 115,000 gsf of retail, arts, and light industrial space, the rehabilitation of historic buildings 2 and 12, 3.4 acres of parks, and the extension of the street grid including Maryland Street, Louisiana Street, 20th Street between Louisiana and Maryland, and 21st Street between Louisiana and Maryland Streets. Forest City started initial site work in May 2018.

Parcel K North

Parcel Assembly

The approvals for the Pier 70 Mixed-Use District Project contemplate that Parcel K will be merged with an adjacent 12-foot strip of Michigan Street and then subdivided to create four new parcels: a plaza at the corner of 20th and Illinois Streets ("20th Street Plaza"), "Parcel K North", "Parcel K South", and a new segment of the future 21st Street. To effectuate this parcel configuration, the Board of Supervisors authorized, among other things, vacation of a 12-foot strip of Michigan Street adjacent to Parcel K and jurisdictional transfers between the Port, Department of Real Estate and Department of Public Works to effectuate the sale of Parcel K North on October 31, 2018. Simultaneously, the Port and Forest City have been working with the City's Department of Public Works to finalize a transfer map that will subdivide Parcel K and the 28-Acre Site into new parcels upon approval by the Board of Supervisors.

Development Requirements

Parcel K North is a trust termination parcel under the Trust Exchange, which became effective on September 14, 2018, and is therefore free from public trust use restrictions and can be sold and developed for housing. Development of Parcel K North is subject to the Pier 70 SUD. Under the Pier 70 SUD, Parcel K North is programmed for a development of up to 261,700 gross square feet of residential use, 13,200 square feet of ground floor commercial uses, and on-site parking at the maximum rate of .6 spaces/residential unit and 1 space/1,500 square feet of office space. Pursuant to the DDA, the Port is required to publically offer Parcel K North for sale for residential condominium uses at or above its fair market value established by a proprietary appraisal and specify that the successful bidder must close escrow on the sale by February 15, 2019, with resulting proceeds used to pay for entitlement costs associated with development of the 28-Acre Site.

Public Offering

On September 26, 2017, the Port Commission approved the terms of a broker-managed competitive solicitation and sale of Parcel K North for no less than its appraised fair market value, for development as residential condominiums. Subsequently, the Port, in consultation with City's Real Estate Division, selected Collier's International through a competitive process to competitively bid the sale of Parcel K North as the listing broker for the Port. The Port selected a joint venture between TMG Partners, a California corporation, and Presidio Bay Ventures, a California limited liability company ("Buyer"), as the highest qualified bidder for Parcel K North and negotiated a Vertical Disposition and Development Agreement with the Buyer (the "VDDA"), which requires the Buyer to, among other things:

- (i) pay a total consideration to the Port of \$24,350,000;
- (ii) construct 20th/Illinois Plaza, as a public benefit of the Pier 70 Mixed-Use District Project, subject to reimbursement from public financing sources;
- (iii) construct public improvements to the adjacent Michigan Street segment, subject to reimbursement from public financing sources;
- (iv) comply with all applicable provisions of the Mitigation Monitoring and Reporting Program for the Pier 70 Mixed-Use District Project, including the Transportation Demand Management Plan;
- (v) comply with the Illinois Street Parcel Additional Measures attached to the DDA, in order to minimize potential conflicts between American Industrial Center activities and future residential uses at the site;
- (vi) enter into a deed restriction requiring the second and each subsequent condominium purchaser to pay the Port a transfer fee equal to 1.5% of the purchase price to be deposited in the Harbor Fund for public trust purposes;
- (vii) delegate its vote to form a community facilities district to the Port and covenant to pay special taxes commencing three years after execution of the VDDA;
- (viii) comply with applicable land use restrictions, impact fees, and exactions imposed by the Pier 70 SUD, including a requirement to pay in-lieu affordable housing fees equal to 28% of the costs of on-site market-rate condominium units;
- (ix) pay all other applicable impact fees, including school facilities, utilities, and transportation fees; and
- (x) comply with the all applicable provisions of the City's First Source Hiring Program under Chapter 83 of the City's Administrative Code, Local Hiring Requirements as set forth in Chapter 82 of the City's Administrative Code, Prevailing Wage Requirements as set forth in Article II Chapter 6 and Section 23.61 of the City's Administrative Code, and other City requirements as set forth in the VDDA.

Value of Sale

The Buyer has agreed to pay the Port \$24,000,000 to purchase Parcel K North. The Buyer will also make a non-refundable payment of \$350,000 for Port transaction costs. Therefore, the Port will receive total consideration of \$24,350,000. Buyer will also pay the City's one time transfer tax estimated to be \$720,000. Net proceeds from the sale and tax increment resulting from the sale and subsequent construction will be used to pay down entitlement costs associated with development of the 28-Acre Site Project, as required by the DDA.

The Real Estate Division obtained an appraisal report, prepared by Cushman & Wakefield and an appraisal review conducted by R. Blum + Associates, in compliance with Administrative Code Section 23.3. The September 2018 appraisal by Cushman & Wakefield concluded that Parcel K North has an as-is fair market value of \$24,300,000. The December 2018 review

appraisal by R. Blum + Associates recommended approval of the Cushman & Wakefield appraisal.

Property Tax Increment and Mello-Roos Special Taxes

The VDDA includes a Financing Plan and Acquisition Agreement as an exhibit that provides for Buyer to construct the following improvements, consistent with the requirements of the offering:

- 20th/Illinois Plaza, at an estimated cost of \$3.4 million; and
- Michigan Street and the Michigan Street Plaza, at an estimated cost of \$4.3 million.

Buyer will pay annual property taxes estimated at \$279,000 in the first year, 90% of these property taxes and property taxes paid by subsequent condominium owners will be captured to pay for Pier 70 improvements through Port Infrastructure Financing District G-2 ("Port IFD"). The Port will utilize property tax increment generated by Parcel K North to acquire the 20th/Illinois Plaza under terms set forth in the Parcel K North Financing Plan and Acquisition Agreement and consistent with Appendix G-2 to Infrastructure Financing Plan previously adopted by the Board of Supervisors.

The Buyer and/or subsequent condominium owners will also pay Facilities Special Taxes of \$5.02 per residential square foot, which the Port will use to pay for Pier 70 improvements, including Michigan Street and the Michigan Street Plaza. The Buyer and subsequent condominium owners will also pay Services Special Taxes of \$1.57 per residential square foot to maintain Pier 70 parks and streets, including the 20th/Illinois Plaza, Michigan Street and the Michigan Street Plaza.

The Board of Supervisors has not yet approved the two Mello Roos Community Facilities Districts ("CFD") that will be required for Pier 70 (the "Pier 70 Condominiums CFD" and the "Pier 70 Leased Properties CFD"), because this action requires the creation of separate, legal taxable parcels at Pier 70. Creation of these parcels will occur with a Board of Supervisors action to approve a Final Transfer Map for Pier 70 that is expected to occur concurrently with the Board's consideration of the Parcel K North transaction.

Projected Development Impact Fees

Port staff anticipates that the development of Parcel K North will generate the following development impact fees:

**Table 1: Projected Development
Impact Housing Fees**

Fee	Amount (1)
Affordable Housing In-Lieu Fee	\$14,618,562
Childcare Fee	\$562,655
San Francisco USD Fee	\$999,710
Transportation Sustainability Fee	\$3,794,940
TOTAL	\$19,975,867

(1) Fees per 2019 schedule, not including escalation 3% annual escalation.

Use of Anticipated Affordable Housing Fees

On July 24, 2018, the Board of Supervisors approved the form and substance of a 75 year lease between the Port and 88 Broadway Family, LP. to construct and operate 125 units of affordable housing on Seawall Lot 322-1 affordable to individuals and families earning from 30-120% of Area Median Income, under a Memorandum of Understanding between the Port and MOHCD. Port and MOHCD staff have since decided that the preferred payment strategy for MOHCD to pay the \$14.9 million cost for Seawall 322-1 is to utilize the anticipated affordable in lieu fees paid to MOHCD from a future developer of Parcel K North, with the condition that if the sale of Parcel K North or the construction of the Parcel K North project is delayed or never materializes, MOHCD will need to pay the Port fair market value for Seawall Lot 322-1 from another source. Based on the 2019 fee schedule, Parcel K North is projected to generate at least \$14,600,000 in affordable housing fees.

[Public Trust Exchange Agreement - California State Lands Commission - Pier 70 Project]

Resolution approving the Compromise Title Settlement and Land Exchange Agreement for Pier 70 between the City and the California State Lands Commission in furtherance of the Pier 70 Mixed Use Project located at Pier 70; and adopting findings under the California Environmental Quality Act.

WHEREAS, California Statutes of 1968, Chapter 1333 ("Burton Act") and Charter, Sections 4.114 and B3.581, empower the City and County of San Francisco, acting through the San Francisco Port Commission ("Port"), with the power and duty to use, conduct, operate, maintain, manage, regulate and control the lands within Port Commission jurisdiction; and

WHEREAS, The Port owns approximately 72 acres along San Francisco's Central Waterfront, roughly bounded by Mariposa Street, Illinois Street, and 22nd Streets and the San Francisco Bay, known as Pier 70; and

WHEREAS, Pier 70 includes approximately 61.29 acres of land and approximately 10.42 acres of submerged lands; and

WHEREAS, Under the Burton Act and the City Charter, certain State lands granted to the City subject to the public trust for commerce, navigation and fisheries ("Public Trust") were placed within the administration and control of the City acting by and through the Port Commission; and

1 WHEREAS, Pier 70 consists of lands granted under the Burton Act and adjacent lands
2 later acquired by the Port; and

3 WHEREAS, Under the agreement between the City and the State of California
4 transferring the granted lands to the City ("Transfer Agreement"), the City agreed that lands
5 later acquired by the Port would be held as assets of the Public Trust subject to the Burton
6 Act; and

7 WHEREAS, The Port along with its development partners and interested stakeholders
8 have been working for more than two decades to develop a land use plan to facilitate the
9 beneficial development of Pier 70 and generate substantial revenue for the Port as part of a
10 proposed mixed-use project ("Pier 70 Mixed Use Project"); and

11 WHEREAS, The Pier 70 area consists of five sub-areas including: 1) the ship repair
12 yard, 2) the 20th Street Historic Core, 3) Crane Cove Park, 4) the 28-acre Waterfront Mixed
13 Use Special Use District area, and 5) other development opportunities; and

14 WHEREAS, The extent to which the Public Trust covers lands at Pier 70 is subject to
15 dispute, and the State and the Port disagree as to the existence of the Public Trust on certain
16 of those lands; and

17 WHEREAS, The existing configuration of trust and non-trust lands at Pier 70 is such
18 that the purposes of the Public Trust cannot be fully realized, and the Pier 70 Mixed Use
19 Project cannot be developed due to the current trust configuration; and

20 WHEREAS, The California legislature, through Chapter 477 of the Statutes of 2011
21 (Assembly Bill 418) ("AB 418") authorized the Port, subject to applicable laws, to enter into an
22 exchange agreement with the California State Lands Commission ("State Lands") to
23 effectuate a Public Trust exchange in accordance with the terms of the statute, and to
24 transfer, convey or otherwise grant interests in or rights to use or occupy all or any portion of
25 the Pier 70 areas removed from the Public Trust pursuant to the exchange; and

1 WHEREAS, The exchange authorized under AB 418 would resolve the Public Trust
2 title uncertainties and reconfigure the Public Trust at Pier 70 in a manner that furthers the
3 purposes of the Public Trust and provides a more useful configuration of Public Trust lands by
4 placing the Public Trust along the entire shoreline of Pier 70 and on other lands of high value
5 to the Public Trust, while removing the Public Trust from lands in the interior of Pier 70 that
6 are cut off from the water, thereby removing impediments to their productive reuse and
7 development; and

8 WHEREAS, To implement development of Pier 70, the Port and its development
9 partners have negotiated, among other agreements, a Compromise Title Settlement and Land
10 Exchange Agreement for Pier 70 (the "Exchange Agreement") between the Port and State
11 Lands, a copy of which is in Board File No. 170987 and incorporated in this resolution by
12 reference; and

13 WHEREAS, The Exchange Agreement implements the exchange through
14 conveyances by which State Lands will take title to the lands from the Port and convey them
15 back to the Port either subject to or free of the Public Trust; and

16 WHEREAS, Following these conveyances, the Port would hold the Public Trust lands
17 as trustee, subject to the terms and conditions of the Burton Act and AB 418, and would hold
18 the Trust termination lands as assets of the Public Trust, but free of the use and alienability
19 restrictions of the Public Trust, the Burton Act and the Transfer Agreement; and,

20 WHEREAS, The Exchange Agreement makes conforming amendments to the Transfer
21 Agreement to effectuate the exchange authorized by AB 418; and

22 WHEREAS, The Exchange Agreement contains provisions to ensure that public
23 access is provided to Public Trust lands; and

24 WHEREAS, On August 24, 2017, the Planning Commission (1) reviewed and
25 considered the Final Environmental Impact Report for the Pier 70 Mixed Use Project ("FEIR")

1 (Case No. 2014-001272ENV); (2) found the FEIR to be adequate, accurate and objective,
2 thus reflecting the independent analysis and judgment of the Planning Department and the
3 Planning Commission; and (3) by Motion No. 19976, certified the FEIR as accurate, complete
4 and in compliance with the California Environmental Quality Act ("CEQA"), the CEQA
5 Guidelines, and Chapter 31 of the San Francisco Administrative Code; and

6 WHEREAS, At the same hearing, the Planning Commission approved the Pier 70
7 Mixed Use Project and in so doing, adopted approval findings under CEQA by Motion No.
8 19977, including a Statement of Overriding Considerations (the "Pier 70 CEQA Findings"),
9 and adopted a Mitigation Monitoring and Reporting Program ("MMRP"); and

10 WHEREAS, A copy of the Planning Commission Motions, the Pier 70 CEQA Findings,
11 and the MMRP are in Board File No. 170930 and may be found in the records of the Planning
12 Department at 1650 Mission Street, San Francisco, CA, and are incorporated in this resolution
13 by reference as if fully set forth herein; and

14 WHEREAS, On September 26, 2017, by Resolution 17-44, the Port Commission
15 approved the Exchange Agreement and authorized the Executive Director of the Port or her
16 designee to execute, deliver and perform the Exchange Agreement, subject to obtaining
17 Board of Supervisors approval of the Exchange Agreement; and

18 WHEREAS, The Board of Supervisors has reviewed the FEIR, the MMRP and the
19 CEQA Findings, and finds that the approvals before the Board of Supervisors are within the
20 scope of the FEIR and that no substantial changes in the Pier 70 Mixed Use Project or the
21 circumstances surrounding the Pier 70 Mixed Use Project have occurred and no new
22 information that could not have been known previously showing new significant impacts or an
23 increase in severity in impacts has been discovered since the FEIR was certified; now,
24 therefore be it
25

1 RESOLVED, That the Board of Supervisors adopts the Pier 70 CEQA Findings as its
2 own and adopts the MMRP and imposes its requirements as a condition to this approval
3 action; and be it

4 FURTHER RESOLVED, That in order to effectuate the beneficial development of Pier
5 70, the Board of Supervisors approves the Exchange Agreement and authorizes the
6 Executive Director of the Port or her designee to execute, deliver and perform the Exchange
7 Agreement in substantially the form in Board File No. 170987; and, be it

8 FURTHER RESOLVED, That the Board of Supervisors finds that the lands or interests
9 in lands that will be impressed with the Public Trust will provide a significant benefit to the
10 Public Trust and are useful for the Public Trust purposes authorized by AB 418; and, be it

11 FURTHER RESOLVED, That the Board of Supervisors authorizes and urges the
12 Executive Director of the Port, prior to execution of the Exchange Agreement, to make
13 changes and take any and all steps, including but not limited to, the attachment of exhibits
14 and the making of corrections, as the Executive Director of the Port determines in consultation
15 with the City Attorney, are necessary or appropriate to consummate the Exchange Agreement
16 in accordance with this resolution; provided, however, that such changes and steps do not
17 materially decrease the benefits to or materially increase the obligations or liabilities of the
18 Port, and are in compliance with all applicable laws; and, be it

19 FURTHER RESOLVED, That the Board of Supervisors authorizes and urges all
20 officers, employees, and agents of the Port and the City to take any and all steps as they
21 deem necessary or appropriate, to the extent permitted by applicable law, in order to
22 consummate the Exchange Agreement in accordance with this resolution and to implement
23 the Exchange Agreement, including execution of subsequent documents and conveyance of
24 real property to, and the acceptance of real property from, State Lands, or to otherwise
25

1 effectuate the purpose and intent of this resolution and the Port's performance under the
2 Exchange Agreement; and, be it

3 FURTHER RESOLVED, That the Board of Supervisors authorizes the Executive
4 Director of the Port or her designee to enter into any amendments or modifications to the
5 Exchange Agreement that the Executive Director of the Port or her designee determines, in
6 consultation with the City Attorney, are in the best interest of the Port, do not materially
7 decrease the benefits to or materially increase the obligations or liabilities of the Port, and are
8 in compliance with all applicable laws.

FILE NO. 170863

ORDINANCE NO. 224-17

[Development Agreement - FC Pier 70, LLC - Pier 70 Development Project]

Ordinance approving a Development Agreement between the City and County of San Francisco and FC Pier 70, LLC, for 28 acres of real property located in the southeast portion of the larger area known as Seawall Lot 349 or Pier 70; and bounded generally by Illinois Street on the west, 22nd Street on the south, and San Francisco Bay on the north and east; waiving certain provisions of the Administrative Code, Planning Code, and Subdivision Code; and adopting findings under the California Environmental Quality Act, public trust findings, and findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1(b).

NOTE: Unchanged Code text and uncodified text are in plain Arial font.
Additions to Codes are in *single-underline italics Times New Roman font*.
Deletions to Codes are in *strikethrough italics Times New Roman font*.

Asterisks (* * * *) indicate the omission of unchanged Code subsections or parts of tables.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Background and Findings.

(a) California Government Code Sections 65864 et seq. ("Development Agreement Law") authorize any city, county, or city and county to enter into an agreement for the development of real property within its jurisdiction.

(b) Chapter 56 of the Administrative Code sets forth certain procedures for processing and approving development agreements in the City and County of San Francisco (the "City").

(c) In April 2011, the Port Commission (the "Port") selected Forest City Development California, Inc., a California corporation, through a competitive process to

1 negotiate exclusively for the mixed-use development (the "Project") of approximately 28 acres
2 (the "28-Acre Site") of Seawall Lot 349, a land parcel under Port jurisdiction that is bounded
3 generally by Illinois Street on the west, 22nd Street on the south, and San Francisco Bay on
4 the north and east commonly known as Pier 70. Forest City Development California, Inc. is
5 now wholly owned by Forest City Realty Trust, Inc., a New York Stock Exchange-listed real
6 estate company. FC Pier 70, LLC ("Developer"), a wholly-owned an affiliate of Forest City
7 Realty Trust, Inc., Development California, Inc., will act as the master developer for the
8 Project. ("Developer").

9 (d) In conjunction with this ordinance, the Board of Supervisors has taken or intends
10 to take a number of other actions in furtherance of the Project, including approval of: (1) a
11 trust exchange agreement between the Port and the California State Lands Commission; (2) a
12 disposition and development agreement ("DDA") between Developer and the Port;
13 (3) amendments to the General Plan; (4) amendments to the Planning Code that create the
14 Pier 70 Special Use District (the "SUD amendments") over the 28-Acre Site and two adjacent
15 parcels known as the "Illinois Street Parcels" and incorporate more detailed land use controls
16 of the Pier 70 SUD Design for Development; (5) amendments to the Zoning Maps;
17 (6) approval of a development plan for the 28-Acre Site in accordance with Charter
18 Section B7.310 (adopted as part of Proposition D, November 2008) and Section 4 of the
19 Union Iron Works Historic District Housing, Waterfront Parks, Jobs and Preservation Initiative
20 (Proposition F, November 2014); (7) a memorandum of understanding for interagency
21 cooperation among the Port, the City, and other City agencies (the "ICA") with respect to the
22 subdivision of the 28-Acre Site and construction of infrastructure and other public facilities;
23 (8) formation proceedings for financing districts and a memorandum of understanding
24 between the Port and the Assessor, the Treasurer-Tax Collector, and the Controller regarding
25 the assessment, collection, and allocation of ad valorem and special taxes to the financing

1 districts; and (9) a number of related transaction documents and entitlements to govern the
2 Project.

3 (e) At full build-out, the Project will include: (1) 1,100 to 2,150 new residential units,
4 at least 30% of which, in the Affordable Housing Area that includes the 28-Acre Site and a
5 portion of the 20th/Illinois Parcel, will be on-site housing affordable to a range of low- to
6 moderate-income households as described in the Affordable Housing Plan in the DDA;
7 (2) between 1 million and 2 million gross square feet of new commercial and office space;
8 (3) rehabilitation of three significant contributing resources to the historic district; (4) space for
9 small-scale manufacturing, retail, and neighborhood services; (5) transportation demand
10 management on-site, a shuttle service, and payment of impact fees to the Municipal
11 Transportation Agency that it will use to improve transportation connections through the
12 neighborhood; (6) 9 acres of new open space, potentially including active recreation on
13 rooftops, a playground, a market square, a central commons, and waterfront parks along the
14 shoreline; (7) on-site strategies to protect against sea level rise; and (8) replacement studio
15 space for artists leasing space in Building 11 in Pier 70 and a new arts space.

16 (f) While the DDA binds the Port and Developer, other City agencies retain a role in
17 reviewing and issuing certain later approvals for the Project. Later approvals include approval
18 of subdivision maps and plans for horizontal improvements and public facilities, design review
19 and approval of new buildings under the SUD amendments, and acceptance of Developer's
20 dedications of horizontal improvements and public facilities for maintenance and liability under
21 the Subdivision Code. Accordingly, the City and Developer negotiated a development
22 agreement for the Project (the "Development Agreement"), a copy of which is in Board File
23 No. 170863 and incorporated in this ordinance by reference. The DDA, the Development
24 Agreement, the ICA, the Tax MOU, and all leases and vertical disposition development
25

1 agreements that the Port enters into in accordance with the DDA are referred to collectively as
2 the "Transaction Documents."

3 (g) Development of the 28-Acre Site in accordance with the DDA and the
4 Development Agreement will help realize and further the City's goals to restore and revitalize
5 the Union Iron Works Historic District, increase public access to the waterfront, increase
6 public open space and community facilities within the neighborhood, increase affordable and
7 market-rate housing, and create a significant number of construction and permanent jobs
8 along the southeastern waterfront. In addition, the Project will provide additional benefits to
9 the public that could not be obtained through application of existing City ordinances,
10 regulations, and policies.

11 Section 2. Environmental Findings.

12 (a) The Planning Department has determined that the actions contemplated in this
13 ordinance comply with the California Environmental Quality Act (Cal. Public Resources Code
14 §§ 21000 et seq.) ("CEQA"). A copy of this determination is in Board File No. 170863 and
15 incorporated in this ordinance by reference.

16 (b) The Board of Supervisors previously adopted Resolution No. 402-17, a
17 copy of which is in Board File No. 170987, making CEQA findings for the Project. The Board
18 of Supervisors adopts and incorporates in this ordinance by reference the Planning
19 Commission's findings under CEQA.

20 Section 3. Consistency Findings.

21 The Planning Commission recommended that the Board of Supervisors approve the
22 Development Agreement and amendments to the General Plan, the Planning Code, and the
23 Zoning Maps at a public hearing on August 24, 2017, by Resolution Nos. 19978 and 19979, a
24 copy/copies of which is/are in Board File No. 170863. The Board of Supervisors adopts and
25 incorporates by reference in this ordinance the Planning Commission's findings of consistency

1 with the General Plan, as amended, and the eight priority policies of Planning Code
2 Section 101.1.

3 Section 4. Public Trust Findings.

4 At a public hearing on September 4~~22~~26, 2017, the Port Commission consented to the
5 Development Agreement and approved the trust exchange agreement and the DDA, subject
6 to Board of Supervisors' approval, finding that the Project would be consistent with and further
7 the purposes of the common law public trust and statutory trust under the Burton Act (Stats.
8 1968, ch. 1333) by Resolution Nos. 17-44 and 17-47, ~~a copy~~ copies of which ~~is~~are in Board
9 File No. 170863. The Board of Supervisors adopts and incorporates in this ordinance by
10 reference the Port Commission's public trust findings.

11 Section 5. Approval of Development Agreement.

12 The Board of Supervisors:

13 (a) approves all of the terms and conditions of the Development Agreement in
14 substantially the form in Board File No. 170863;

15 (b) finds that the Development Agreement substantially complies with the
16 requirements of Administrative Code Chapter 56;

17 (c) finds that the Project is a large multi-phase and mixed-use development that
18 satisfies Administrative Code Section 56.3(g); and

19 (d) approves the Workforce Development Plan attached to the DDA in lieu of
20 requirements under Administrative Code Chapter 14B, Article VII of Chapter 23,
21 and Section 56.7(c), and Chapter 83 to the extent that Chapter 83 applies to construction work
22 that is subject to the Local Hiring Requirements of the Workforce Development Plan.
23
24
25

1 Section 6. Administrative Code Chapter 56 Waivers.

2 The Board of Supervisors waives the application to the Project of the following
3 provisions of Administrative Code Chapter 56 to the extent inconsistent with the Development
4 Agreement, the DDA, or the ICA, specifically:

5 (a) Section 56.4 (Application, Forms, Initial Notice, Hearing); Section 56.7(c)
6 (Nondiscrimination/Affirmative Action Requirements); Section 56.8 (Notice); Section 56.10
7 (Negotiation Report and Documents); Section 56.15 (Amendment and Termination);
8 Section 56.17(a) (Annual Review); Section 56.18 (Modification or Termination); and
9 Section 56.20 (Fee); and

10 (b) any other procedural or other requirements if and to the extent that they are not
11 strictly followed.

12 Section 7. Other Administrative Code Waivers.

13 The Board of Supervisors waives the application to the Project of these provisions of
14 the Administrative Code: (a) Chapter 6 (Public Works Contracting Policies and Procedures)
15 other than the payment of prevailing wages as required in Chapter 6; (b) Chapter 14B (Local
16 Business Enterprise Utilization and Non-Discrimination in Contracting); (c) Competitive
17 Bidding Procedures appraisal effective date, and Additional Appraisal Review as defined in
18 Section 23.3 (Chapter Definitions) and required by Section 23.3 (Conveyance and Acquisition
19 of Real Property); (d) Section 23.2623.31 (Year-to-Year and Shorter
20 Leases); (e) Section 23.30-23.42 (Lease of Real Property When City is Landlord);
21 (f) Sections 23.33 (Competitive Bidding Procedures); (fg) Section 23A.7 (Transfer of
22 Jurisdiction Over Surplus Properties to the Mayor's Office of Housing and Community
23 Development); and (gh) Subsection (c)(2) of Section 61.5(e)(2) (Listing of Unacceptable Non-
24 Maritime Land Uses); and (i) remedies and penalties for noncompliance with Section 4.9-1(c)
25 (Nutritional Standards and Guidelines), Section 12Q.5(f) (Health Care Accountability), or

1 Section 12T (Criminal History in Hiring and Employment) that would result in termination of
2 any Transaction Document, impairment of Developer's or any vertical developer's
3 development rights at the 28-Acre Site, or debarment of Developer or any vertical developer
4 from future contract opportunities with the City.

5 Section 8. Planning Code Waivers.

6 The Board of Supervisors:

7 (a) finds that the impact fees and exactions payable under the Development
8 Agreement will provide greater benefits to the City than the impact fees and exactions under
9 Planning Code Article 4 and waives the application of, and to the extent applicable exempts
10 the Project from, impact fees and exactions under Planning Code Article 4 on the condition
11 that Developer and all building developers comply with impact fees and exactions established
12 in the Development Agreement; and

13 (b) finds that the Transportation Plan attached to the Development
14 Agreement includes a Transportation Demand Management Plan ("TDM Plan") and other
15 provisions that meet the goals of the City's Transportation Demand Management Program in
16 Planning Code Section 169 and waives the application of Section 169 to the Project on the
17 condition that Developer implements and complies with the TDM Plan for the required
18 compliance period.

19 Section 9. Subdivision Code Waivers.

20 (a) The Board of Supervisors waives the application to the Project of time
21 limits under Subdivision Code Section 1333.3(b) (Rights Conveyed), Section 1346(e)
22 (Improvement Plans) and Section 1355 (Time Limit for Submittal) to the extent that they
23 conflict with the ICA or the Development Agreement.

24 (b) The Board of Supervisors also waives the application to the Project of
25 Subdivision Code Section 1348 (Failure To Complete Improvements Within Agreed Time).

1 and the following terms shall apply in lieu thereof: The Public Improvement Agreement, as
2 defined in the ICA, shall include provisions consistent with the Transaction Documents and
3 the applicable requirements of the Municipal Code and the Subdivision Regulations regarding
4 extensions of time and remedies that apply when improvements are not completed within the
5 agreed time.

6 Section 10. Authorization.

7 (a) The Board of Supervisors affirms that the waivers in this ordinance do not waive
8 requirements under the Development Agreement Law and authorizes the City to execute,
9 deliver, and perform the Development Agreement as follows:

10 (1) the Director of Planning, the City Administrator, and the Director of Public
11 Works are authorized to execute and deliver the Development Agreement with signed
12 consents of the Port Commission, the Municipal Transportation Agency, and the San
13 Francisco Public Utilities Commission; and

14 (2) the Director of Planning and other appropriate City officials are authorized
15 to take all actions reasonably necessary or prudent to perform the City's obligations under the
16 Development Agreement in accordance with its terms.

17 (b) The Director of Planning is authorized to exercise discretion, in consultation with
18 the City Attorney, to enter into any additions, amendments, or other modifications to the
19 Development Agreement that the Director of Planning determines are in the best interests of
20 the City and that do not materially increase the obligations or liabilities of the City or materially
21 decrease the benefits to the City as provided in the Development Agreement. Final versions
22 of any additions, amendments, or other modifications to the Development Agreement shall be
23 provided to the Clerk of the Board of Supervisors for inclusion in Board File No. 170863 within
24 30 days after execution by all parties.

1 Section 11. Ratification of Past Actions; Authorization of Future Actions.

2 All actions taken by City officials in preparing and submitting the Development
3 Agreement to the Board of Supervisors for review and consideration are hereby ratified and
4 confirmed, and the Board of Supervisors hereby authorizes all subsequent action to be taken
5 by City officials consistent with this ordinance.

6 Section 12. Effective and Operative Dates.

7 (a) This ordinance shall become effective 30 days after enactment. Enactment
8 occurs when the Mayor signs the ordinance, the Mayor returns the ordinance unsigned, or the
9 Mayor does not sign the ordinance within ten days after receiving it, or the Board of
10 Supervisors overrides the Mayor's veto of the ordinance.

11 (b) This ordinance shall become operative only on the effective date of the DDA. No
12 rights or duties are created under the Development Agreement until the operative date of this
13 ordinance.

City and County of San Francisco

Tails

Ordinance

City Hall
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102-4689

File Number: 170863

Date Passed: November 14, 2017

Ordinance approving a Development Agreement between the City and County of San Francisco and FC Pier 70, LLC, for 28 acres of real property located in the southeast portion of the larger area known as Seawall Lot 349 or Pier 70; and bounded generally by Illinois Street on the west, 22nd Street on the south, and San Francisco Bay on the north and east; waiving certain provisions of the Administrative Code, Planning Code, and Subdivision Code; and adopting findings under the California Environmental Quality Act, public trust findings, and findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1(b).

October 19, 2017 Budget and Finance Committee - CONTINUED

October 26, 2017 Budget and Finance Committee - AMENDED, AN AMENDMENT OF THE WHOLE BEARING SAME TITLE

October 26, 2017 Budget and Finance Committee - RECOMMENDED AS AMENDED AS A COMMITTEE REPORT

October 31, 2017 Board of Supervisors - PASSED ON FIRST READING

Ayes: 11 - Breed, Cohen, Farrell, Fewer, Kim, Peskin, Ronen, Safai, Sheehy, Tang and Yee

Ayes: 9 - Breed, Cohen, Farrell, Fewer, Peskin, Ronen, Safai, Sheehy and Yee

Absent: 2 - Kim and Tang

File No. 170863

I hereby certify that the foregoing
Ordinance was FINALLY PASSED on
11/14/2017 by the Board of Supervisors of
the City and County of San Francisco.

Angela Calvillo
Clerk of the Board

Mayor

Date Approved

[Planning Code, Zoning Map - Pier 70 Special Use District]

Ordinance amending the Planning Code and the Zoning Map to add the Pier 70 Special Use District; making findings under the California Environmental Quality Act; and making findings of consistency with the General Plan, the eight priority policies of Planning Code, Section 101.1, and Planning Code, Section 302.

NOTE: Unchanged Code text and uncodified text are in plain Arial font. Additions to Codes are in single-underline italics Times New Roman font. Deletions to Codes are in ~~strikethrough italics Times New Roman font~~. Board amendment additions are in double-underlined Arial font. Board amendment deletions are in ~~strikethrough Arial font~~. Asterisks (* * * *) indicate the omission of unchanged Code subsections or parts of tables.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Planning and Environmental Findings.

(a) California Environmental Quality Act.

(1) At its hearing on August 24, 2017, and prior to recommending the proposed Planning Code amendments for approval, by Motion No. 19976, the Planning Commission certified a Final Environmental Impact Report (FEIR) for the Pier 70 Mixed-Use District Project (Project) pursuant to the California Environmental Quality Act (CEQA) (California Public Resources Code Section 21000 et seq.), the CEQA Guidelines (14 Cal. Code Reg. Section 15000 et seq.), and Chapter 31 of the Administrative Code. A copy of said Motion is in Board of Supervisors File No. 170930, and is incorporated herein by reference. In accordance with the actions contemplated herein, this Board has reviewed the FEIR, concurs with its conclusions, affirms the Planning Commission's certification of the FEIR, and finds that the

1 actions contemplated herein are within the scope of the Project described and analyzed in the
2 FEIR.

3 (2) In recommending the proposed Planning Code Amendments for approval by
4 this Board at its hearing on August 24~~3~~, 2017, by Motion No. 19977, the Planning
5 Commission also adopted findings under CEQA, including a statement of overriding
6 consideration, and a Mitigation Monitoring and Reporting Program (MMRP). A copy of said
7 Motion and MMRP are in Board of Supervisors File No. 170930, and is incorporated herein by
8 reference. The Board hereby adopts and incorporates by reference as though fully set forth
9 herein the Planning Commission's CEQA approval findings, including the statement of
10 overriding considerations. The Board also adopts and incorporates by reference as though
11 fully set forth herein the Project's MMRP.

12 (b) At the same hearing on August 24, 2017, the Planning Commission, in Resolution
13 No. 19978, adopted findings that the actions contemplated in this ordinance are consistent, on
14 balance, with the City's General Plan and eight priority policies of Planning Code Section
15 101.1. The Board adopts these findings as its own. A copy of said Resolution is in Board of
16 Supervisors File No. 170930, and is incorporated herein by reference.

17 (c) Pursuant to Planning Code Section 302, this Board finds that this Planning Code
18 Amendment will serve the public necessity, convenience, and welfare for the reasons set forth
19 in Planning Commission Resolution No. 19978 and the Board incorporates such reasons
20 herein by reference.

21
22 Section 2. The Planning Code is hereby amended by adding Section 249.79, to read
23 as follows:

24 **SEC. 249.79. PIER 70 SPECIAL USE DISTRICT.**
25

1 (a) Purpose and Boundaries. To facilitate the City's long-term goal of redevelopment and
2 revitalization of a portion of Pier 70, a Special Use District entitled the "Pier 70 Special Use District"
3 (SUD) is hereby established. The boundaries of the SUD are shown on Sectional Map SU08 of the
4 Zoning Map. The purpose of this SUD is to give effect to the Development Agreement (DA) and
5 Disposition and Development Agreement (DDA) for the Pier 70 Mixed-Use Project (Project), as
6 approved by the Board of Supervisors by in the Ordinance contained in Board File No. 170863.
7 The Project will provide several benefits to the City, such as a significant amount of affordable housing
8 (through the inclusionary housing requirements of this SUD, and through additional
9 inclusionary requirements, provision of land, and funding for affordable housing as provided
10 for in the Affordable Housing Exhibit of the DDA), increased public access and open space,
11 facilities for small-scale manufacturing, extensive infrastructure improvements, and replacement space
12 for Noonan Building tenants, while creating jobs, housing, and a vibrant community as contemplated
13 under California Assembly Bill 418 (AB 418) (Stats. 2011, ch. 477), which made Pier 70-specific
14 amendments to the Burton Act (Stats. 1969, ch. 1333).

15 (b) Role of Port Commission. The majority of the property within the SUD is under the
16 jurisdiction of the Port Commission, and Port lands are subject to land use controls additional to this
17 Municipal Code. As authorized under AB 418, the Port may hold, use, conduct, operate, maintain,
18 manage, administer, regulate, improve, sell, lease, encumber, and control nontrust lands and
19 improvements within the SUD for any purpose on conditions specified in AB 418. In the event of a
20 conflict between this Code and the Burton Act, AB 418, or the McAteer-Petris Act (Cal. Gov't Code §§
21 66600 et seq.), state law shall prevail.

22 (c) Relationship to Design for Development. The Pier 70 Design for Development (Design for
23 Development), adopted by the Planning Commission and Port Commission and as may be periodically
24 amended, sets forth Standards and Guidelines applicable within the SUD and is incorporated here by
25 reference. Any term used in this Section 249.79 and not otherwise defined in this Code shall have the

1 meaning ascribed to it in the Design for Development. The Port shall have exclusive jurisdiction and
2 approval rights over amendments to the Design for Development that affect only open space and right-
3 of-way development within the SUD, which include Design for Development, Chapter 3 (Open Space
4 Network); Chapter 4 (Streets and Streetscapes); Section 7.2 (Street Lighting); Section 7.3 (Open Space
5 Lighting); Section 7.6 (Wayfinding Signage); and Section 7.8 (Public Art). Other than as specified
6 above, the Port Commission and the Planning Commission may amend the Design for Development
7 upon initiation by either body or upon application by an owner or ground lessee of property within the
8 SUD, to the extent that such amendment is consistent with this Section, the General Plan, and the DA.
9 Both the Port Commission and Planning Commission shall approve any such amendment to the Design
10 for Development that does not exclusively affect the open space and right-of-way Chapters and
11 Sections of the Design for Development identified in this subsection (c) as being within the exclusive
12 jurisdiction of the Port Commission.

13 (d) Relationship to Other Planning Code Provisions. Applicable provisions of the Planning
14 Code shall control except as otherwise provided in this Section 249.79, the Design for Development,
15 and the DA (so long as the DA is in effect). In the event of a conflict between other provisions of the
16 Planning Code and the Design for Development or this Section 249.79 (and further subject to
17 subsection (e) below), this Section 249.79 and the Design for Development shall control.

18 (e) Development Controls. Development and uses of property within the SUD shall be
19 regulated by the controls contained in this Section 249.79 and in the Design for Development,
20 provided, however, that if there is any inconsistency between this Section and the Design for
21 Development, this Section shall control.

22 (f) Definitions. If not explicitly superseded by definitions established in this Section 249.79 or
23 the Design for Development, the definitions in this Code shall apply. Later amendments to the
24 definitions in this Code shall apply where not in conflict with this Section 249.79, the Design for
25

1 Development, or the DA. In addition to the specific definitions set forth elsewhere in this Section
2 249.79, the following definitions shall govern interpretation of this Section:

3 "Applicant" means the ground lessee, owner, or authorized agent of the owner or ground lessee
4 of a development parcel.

5 "Building Standards" means the standards applicable to Buildings and any associated
6 privately-owned open spaces within the SUD, consisting of the standards specified in subsection (h)
7 and the standards identified as such in the Design for Development.

8 "Executive Director" means the Executive Director of the Port of San Francisco.

9 "Historic Building" means one of the existing structures commonly known as Historic Building
10 2, Historic Building 12, or Historic Building 21, which are part of the Union Iron Works Historic
11 District (listed on the National Register of Historic Places).

12 "Horizontal Development" means construction of Public Facilities.

13 "Major Modification" means a deviation of 10% ~~percent~~ or more from any dimensional or
14 numerical standard in this SUD or in the Design for Development, except as explicitly prohibited per
15 subsection (i).

16 "Minor Modification" means a deviation of less than 10% ~~percent~~ from any dimensional or
17 numerical standard in this SUD or in the Design for Development, except as explicitly prohibited per
18 subsection (i), or from any non-numerical standard in the Design for Development.

19 "Proposition F" means the Union Iron Works Historic District Housing, Waterfront Parks,
20 Jobs and Preservation Initiative adopted by the voters on November 4, 2014~~5~~.

21 "Public Facilities" include completed utility infrastructure; recreational, open space, and
22 public access areas; public rights-of-way; and other improvements in the public realm that will be
23 under City and Port jurisdiction when accepted.

"Vertical DDA" means a Vertical Disposition and Development Agreement between the Port and an Applicant that sets forth contractual terms and conditions governing the Applicant's development of Vertical Improvements.

"Vertical Improvements" means new construction of a Building and any later expansion or major alteration of or addition to a previously approved Building within the SUD.

(g) Uses.

(1) Permitted Uses. The following uses set forth in Table 249.79(g)(1) below shall be permitted as indicated within the SUD, where P means Permitted Use and NP means Non-permitted Use.

<u>Table 249.79(g)(1)</u>

Notes:

(1) Ground Floor Residential on Illinois Street is NP.

- 1 (2) Tourist Hotel is NP.
- 2 (3) Service, Medical Health is NP.
- 3 (4) Office Use is NP on Ground Floor.
- 4 (5) Office Use is P on Ground Floor only.
- 5 (6) Movie Theater is P if no more than three screens.
- 6 (7) Movie Theater is NP.
- 7 (8) Livery Stables are NP.
- 8 (9) Automobile Assembly, Food Fiber and Beverage Processing I, Light Manufacturing, Metal
9 Working are P. Other Industrial Uses are NP.
- 10 (10) Food Fiber and Beverage Processing I, Light Manufacturing are P on Ground Floor only
11 if Building contains Residential.
- 12 (11) PDR Automotive Services Station, Storage, Stable, and Utility Yard are NP. PDR
13 Automotive Service Station are P if Predominant Use is District Garage.
- 14 (12) PDR Uses not already restricted as NP herein are P on the Ground Floor only if Building
15 contains Residential.
- 16 (13) Parking Lots are NP (except as provided for in Section 249.79(g)(3) as an interim use).
- 17 (14) Accessory Parking is P.
- 18 (15) Hospital is NP.
- 19 (16) Automotive Retail is NP.
- 20 (17) The gross floor area of Office uses within the SUD shall not exceed 1.75 million
21 square feet. No amount of Office use may be approved that would cause the total gross floor
22 area of Office use within the SUD to exceed 1.75 million square feet, taking into account the
23 total amount of gross floor area of Office use within Vertical Improvements and Historic
24 Buildings that have received design approval under subsections (l)(6) or (l)(4), as applicable,
25 whether completed or not.

1 (2) Temporary Uses. The Executive Director may approve without a public hearing
2 any of the following uses ("Temporary Uses") for a period not to exceed 90 days, or for such longer
3 period of time as may be approved by the Executive Director under any Port lease or license: booths
4 for charitable, patriotic, or welfare purposes; markets; exhibitions, festivals, circuses, musical and
5 theatrical performances and other forms of live entertainment including setup/load-in and
6 demobilization/load-out; athletic events; open-air sales of agriculturally-produced seasonal
7 decorations such as Christmas trees and Halloween pumpkins; meeting rooms and event staging;
8 mobile food and temporary retail establishments; and automobile and truck parking and loading
9 associated with any authorized temporary use. The Executive Director may authorize recurring
10 Temporary Uses (such as a weekly farmers market) under a single authorization.

11 (3) Interim Uses. The Executive Director may approve any use listed in this subsection
12 ("Interim Use") without a public hearing for a period not to exceed five years if the Executive Director
13 finds that such Interim Use will not impede orderly development consistent with this Section 249.79, the
14 Design for Development, and the DA. Interim Uses are limited to uses in the existing Historic
15 Buildings, unimproved areas, and open spaces. Any Interim Use listed in this subsection that is
16 integral to development under the DA, DDA, or Vertical DDA, and is permitted by the Port under any
17 Port lease or license shall not require separate authorization as an Interim or Temporary use (for
18 example, uses incidental to environmental clean-up, demolition and construction, storage, and
19 automobile and truck parking and loading related to construction activities). Any authorization granted
20 pursuant to this Ssubsection 249.79(g)(3) shall not exempt the applicant from obtaining any other
21 permit required by law. Additional time for such uses may be authorized upon a new application.
22 Interim Uses the Executive Director may authorize include, but are not limited to:

23 (A) Retail activities, which may include the on-site assembly, production or sale
24 of food, beverages, and goods, the operation of restaurants or other retail food service in temporary
25 structures, outdoor seating, food trucks, and food carts;

1 (B) Temporary art installations, exhibits, and sales;

2 (C) Recreational facilities and uses (such as play and climbing structures and
3 outdoor fitness classes);

4 (D) Motor vehicle and bicycle parking;

5 (E) On-site assembly and production of goods in enclosed or unenclosed
6 temporary structures;

7 (F) Educational activities, including but not limited to after-school day camp and
8 activities;

9 (G) Site management service, administrative functions and customer amenities
10 and associated loading;

11 (H) Rental or sales offices incidental to new development; and

12 (I) Entertainment uses, both unenclosed and enclosed, which may include
13 temporary structures to accommodate stages, seating and support facilities for patrons and operations.

14 (4) Nonconforming Uses. The Executive Director may allow the reasonable
15 continuance, modification, or expansion of existing uses and structures that do not comply with this
16 Section 249.79 or the Design for Development upon a determination that the use would not impede the
17 orderly development of the SUD consistent with this Section, the DA, the DDA, and any Vertical DDA.

18 (5) Ground Floor Frontages.

19 (A) Priority Retail Frontages. As listed below, a minimum of 50% percent of
20 the shaded Priority Retail Frontage zone shown in Figure 1 shall be occupied by the following uses
21 (each, a "Priority Retail" use) as defined in Section 2.2 of the Design for Development (Ground Floor
22 Uses):

23 (i) Retail Sales and Service Use (including pPersonal sServices and
24 excluding medicalHealth sServices, fFinancial sServices, banks, real estate services, or Retail
25 Professional Services, and fRetail aAutomotive uUses);

1 (ii) Bar and restaurant;

2 (iii) Arts activities;

3 (iv) PDR Use (including Industrial Use); and

4 (viii) Entertainment, Arts, and Recreation Use.

5 (B) As an exception to the above, Parcel E4, due to its waterfront location, shall
6 require a minimum of 33% percent Priority Retail of the extent of the east and south frontages. The
7 Priority Retail uses on Parcel E4 may consolidate required linear feet on a single designated frontage.

8 (C) The minimum depth of regulated uses for all Priority Retail frontages is 25
9 feet from the subject façade. A maximum of 40 feet of lobby frontage per building may count towards
10 linear Priority Retail frontage requirement.

11 (D) Retail and Service Frontages. To embed a broader set of active uses
12 elsewhere on the site, including community facilities and personal services, Retail and Service
13 Frontages shall occur along the northern and southern waterfront edge, as well as along the 200-foot
14 portion of Parcel C1 facing Orton Plaza and on key gateways into the site from Illinois Street and
15 corners adjacent to the Maryland Street corridor between 21st and 22nd Streets, as shown in Figure 1.
16 Specified frontage zones shall be limited to the Priority Retail uses listed in subsection
17 249.79(g)(5)(A) plus the following additional uses (each, a "Priority Service Use") for a minimum of
18 50% percent of the shaded Retail and Services frontage zone identified in Figure 1:

19 (i) MedicalHealth sServices;

20 (ii) Financial sServices and banks;

21 (iii) Fitness centers and gymsRetail Professional Services;

22 (iv) Institutionsal Use;

23 (v) Community facilities; and

24 (vi) Events and activity spaceNon-Retail Sales and Service Use;-

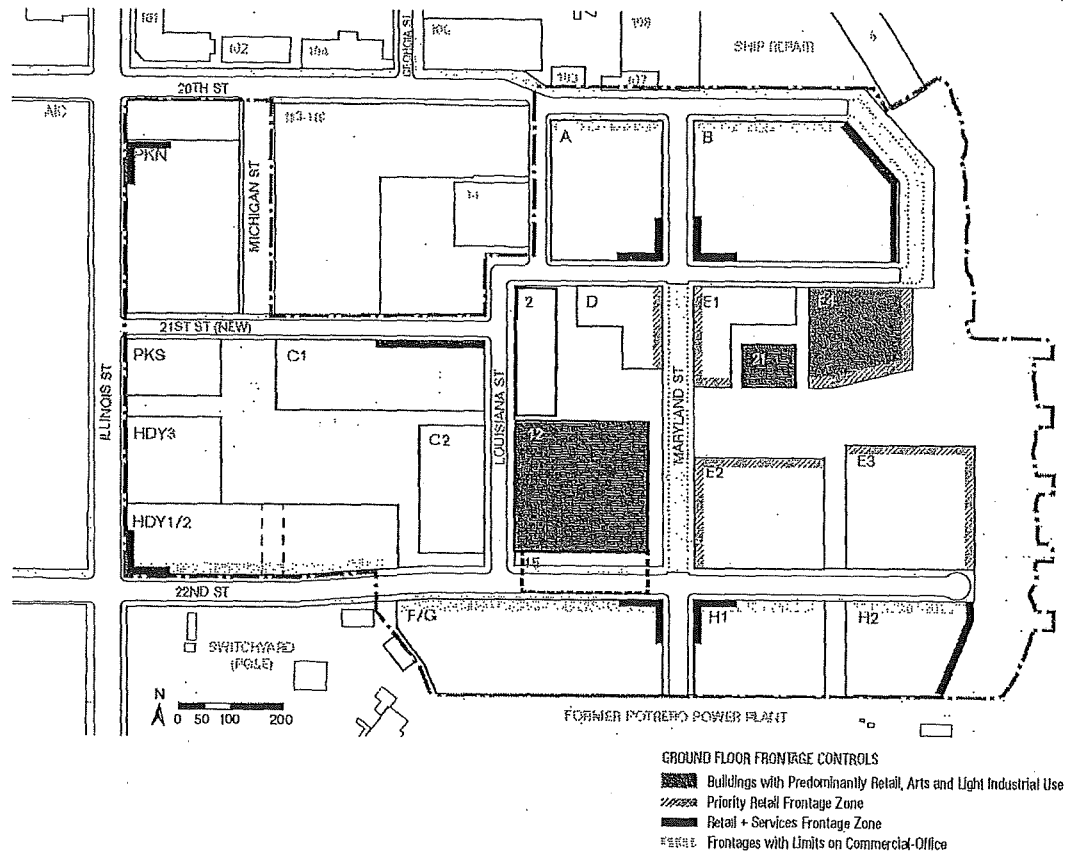

25 (vii) For Parcel C1 only, small eOffices up to 5,000 square feet;-

1 (viii) For Parcel C1 only, ground floor residential may qualify as a
2 permitted active use to meet this requirement if the building is 100 percent affordable housing.

3 (E) The minimum Retail and Service depth shall be 25 feet. If Parcel C1 is built
4 as a garage, the minimum depth shall be 20 feet to preserve parking layout feasibility.

5 (F) Office Frontages. Ground floor office uses on 20th and 22nd Streets, as
6 shown on Figure 1, shall not exceed 75% percent of the frontage for Parcels A, B, F, G, HDY, H1, and
7 H2. Remaining portions of those frontages shall provide usable spaces for a viable non-office use,
8 including all Priority Retail uses listed in 249.79(g)(5)(A) and Priority Service Uses listed in
9 249.79(g)(5)(D).

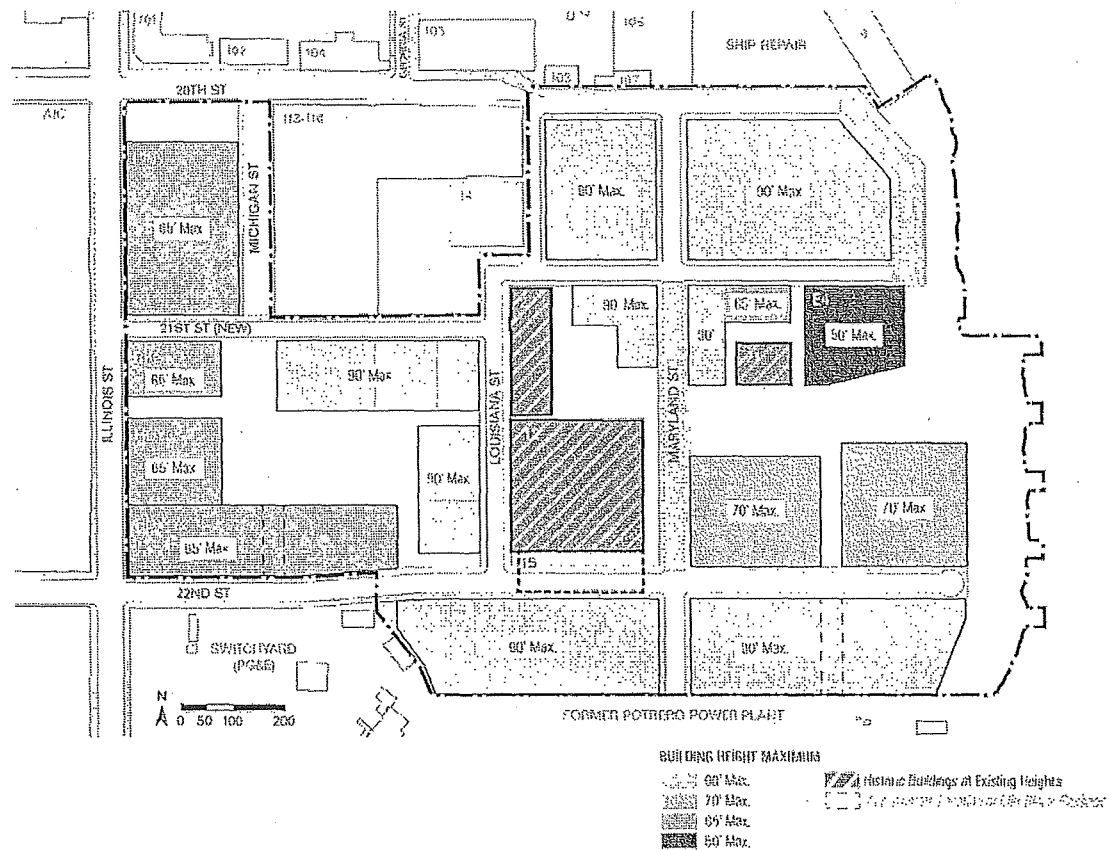

Figure 1: Ground Floor Frontage Controls.

(h) Building Standards.

(1) Building Height and Bulk. *The height and bulk limits shall be as set forth on Sectional Map HT08 of the Zoning Map and as further limited and detailed in Figure 2 of this Section 249.79 (Building Height Maximum) and the Design for Development.*

Figure 2: Building Heights Maximum.

(2) Measurement of Height. Measurement of Height shall be governed by the controls set forth in Section 6.4 of the Design for Development (Maximum Building Height) and not as provided in Section 260.

(3) Lot Coverage and Rear Yards. Lots shall not be required to comply with any rear yard and lot coverage requirements set by this Code.

(4) Off-Street Parking. Off-street automobile parking shall not be required for any use. Total parking spaces for the SUD shall not exceed the maximum number of spaces listed in the Table

249.79(h)(4) below. Planning will determine compliance with the off-street parking standards in accordance with Subsection 249.79(l)(5) below. These requirements may be modified pursuant to implementation of the Project's Transportation Demand Management (TDM) requirement, as set forth in the DDA.

<u>Table 249.79(h)(4)</u>	
<u>Maximum Permitted Off-Street Parking</u>	
<u>Residential Use</u>	<u>0.6 spaces per residential unit</u>
<u>Office Use</u>	<u>1 space per 1500 square feet of Gross Floor Area</u>
<u>All Other Uses</u>	<u>None permitted</u>

(5) Bicycle Parking. The amount and design of bicycle parking required shall be governed by the controls set forth in the Planning Code, whereas but the location and design of required bicycle parking shall be governed by the controls set forth in the Design for Development.

(6) Dwelling Unit Density. There shall be no density limit for any residential use.

(7) Dwelling Unit Exposure. The provisions of Section 140 shall not apply. Dwelling units in new construction shall face onto one of the following open areas that is open to the sky:

(A) A public street, public alley, or mid-block passage (public or private) at least 20 feet in width;

(B) An exterior courtyard or terrace at least 25 feet in width that is open to a public street, public alley, mid-block passage (public or private);

(C) A public open space that is at least 25 feet in width, including Irish Hill, a landscape feature;

(D) An interior courtyard at least 25 feet in width and a maximum height of 55 feet;

1 (E) An interior courtyard at least 40 feet in width without regard to height; or
2 (F) Undeveloped airspace over rooftops of either adjacent buildings within the
3 SUD or a building on the same parcel where such building has been built to the maximum height limit
4 allowed pursuant to this Section 249.79.

5 (8) Open Space for Dwelling Units. In addition to any publicly-accessible open spaces
6 described in the Design for Development, a minimum of 40 square feet of open space per dwelling unit
7 shall be provided on each residential building parcel. Such open space may be either private or
8 common space, and may be provided in the form of courtyards, terraces, rooftops, balconies, or other
9 facilities. The standards for open spaces shall be governed by the controls set forth in the Design for
10 Development and not as provided in Section 135.

11 (9) Permitted Obstructions. Permitted obstructions over the street, alley, yard, setback,
12 or open space (also referred to as Projections) shall be governed by the controls set forth in the Design
13 for Development and not as provided in Section 136.

14 (10) Streetscape Improvements. The streetscape and street tree planting requirements
15 shall be governed by the controls set forth in the Design for Development and not as provided in
16 Section 138.1(c).

17 (11) Off-Street Loading. The loading requirements of Article 1.5 of the Code shall not
18 apply. Off-Street loading shall be governed by the controls set forth in Section 5.5 and 5.6 of the Design
19 for Development, describing number of loading spaces, loading space locations and dimensions,
20 loading spaces for historic buildings, location of refuse and recycling, and loading access locations.

21 (12) Signage. The requirements of Article 6 of this Code, as well as the signage
22 guidelines of the Port, shall not apply. Building signage within the Special Use District shall be
23 regulated by Sections 7.5 (General Signage), 7.6 (Wayfinding Signage) and 7.7 (Building Signage) of
24 the Design for Development, regulating signage design and location for buildings and the public realm.
25 Signage regulations in the Design for Development supplement the following signage plans to be

1 approved by the Executive Director and the Planning Department pursuant to the DDA as follows: the
2 Pier 70 Public ROWs Signage Plan, the Pier 70 Park Parcels Signage Plan(s) and the Pier 70
3 Interpretive Signage Plan(s) to be approved by the Executive Director, and the Pier 70 Building
4 Signage Plan approved by both the Executive Director and Planning Director.

5 (13) Inclusionary Housing Requirements. The requirements of Section 415 shall apply
6 subject to the following provisions:

7 (A) For any Rental Housing Project, each housing development project shall
8 pay a fee based on the number of units equivalent to the 23% of the number of units in the principal
9 rental housing project. If the project sponsor is eligible and elects to provide on-site affordable rental
10 units, the number of affordable units constructed on-site shall be 20% of all units constructed on the
11 project site. The Rental Units shall have an affordable rent set at an average of 80% of Area Median
12 Income or less.

13 (B) For any housing development project consisting of Owned Units, each
14 project shall pay a fee based on the number of units equivalent to the 28% of the number of units in the
15 principal housing project.

16 (14) Impact Fees. Vertical Improvements within the SUD that are subject to the DA
17 shall be required to pay impact fees in accordance with the DA. In recognition of the high level of in-
18 kind improvements provided under the Design for Development and related project documents, all
19 other Vertical Improvements within the SUD, whether subject to the DA or not, shall not be required to
20 pay the Eastern Neighborhoods Impact Fees and Public Benefits Fund requirements set forth in Section
21 423.

22 (15) Transportation Fee. Vertical Improvements that are subject to the DA shall be
23 required to pay transportation fees in accordance with the DA, which fees shall be used by SFMTA in
24 accordance with the Transportation Plan attached to the DA. All other Vertical Improvements within
25 the SUD shall pay to SFMTA a "Transportation Fee" that SFMTA shall use to pay for uses permitted

1 by the TSF Fund under Section 411A.7, including SFMTA and other agencies' costs to design, permit,
2 construct, and install a series of transportation improvements in the area surrounding the Pier 70 SUD.
3 The Transportation Fee will be calculated for each Vertical Improvement at 100% of the applicable
4 TSF rate without a discount under Section 411A.3(d) as if it were a Project submitted under Section
5 411A.3(d)(3).

6 (i) **Modifications to Building Standards.** Modification of the Building Standards may be
7 approved on a project-by-project basis according to the procedures of set forth below.

8 (1) **No Modifications or Variances Permitted.** No modifications or variances are
9 permitted for (A) Maximum Height established under Section (h)(1); (B) maximum building stories
10 established in Standard 6.4.2 of the Design for Development (Maximum Stories); (C) maximum off-
11 street parking ratios (except as provided in subsection (l)(5) below); (D) minimum required bicycle
12 parking quantities established in Article 1.5 of Standard 5.1.1 of the Design for Development
13 (Bicycle Parking Capacity)the Planning Code; or (E) Standard 6.18.1 (Key Facades 200-350 Feet in
14 Length) and Standard 6.18.2 (Key Facades 350 Feet or More in Length) of the Design for Development
15 regulating architectural treatment of primary and secondary facades. Except as explicitly provided in
16 subsections (i)(2) and (3) below, no other standard set forth in this Section 249.79 or in the Design for
17 Development shall be modified or varied.

18 (2) **Minor Modifications.** The Planning Director may approve a Minor Modification
19 administratively by the procedures described in Ssubsection 249.79(l)(6)(A).

20 (3) **Major Modifications.** The Planning Commission shall hear any application for a
21 Major Modification according to the procedures described in subsection 249.79(l)(6)(B).

22 (j) **Review and Approval of Development Phases and Horizontal Development.** The Port
23 Commission shall grant a Phase Approval in accordance with the DDA for the Phase that includes the
24 applicable Vertical Improvements before Planning may approve an application for design review under
25 this Section 249.79. In addition to any hearings required under the DDA, prior to Port

1 Commission approval the Developer shall make an informational presentation of each Phase
2 Submittal to the Planning Commission and the Historic Preservation Commission, and seek
3 comment from these commissions. Pursuant to subsection (l)(5) below and as further
4 established in the DDA, the Planning Director shall review the off-street parking program
5 proposed in the subject phase for consistency with the off-street parking requirements set
6 forth in this Section 249.79 prior to Port Commission approval of the Phase Application.

7 (k) **Review and Approval of Open Space.** The Port Commission shall have exclusive
8 jurisdiction over the review of proposed publicly-owned open space within the SUD for consistency
9 with the Design for Development, including program, design, and the inclusion of any ancillary
10 structures. Any privately-owned publicly-accessible open space on any of the development parcels shall
11 be reviewed and approved by Planning as part of the associated Vertical Improvement.

12 (l) **Design Review and Approval of Vertical Improvements.**

13 (1) **Applications.** Applications for design review are required for all Vertical
14 Improvements prior to issuance of building permits. An application for design review shall be filed at
15 the Port by the owner or authorized agent of the owner of the property for which the design review is
16 sought. Each application shall include the documents and materials necessary to determine consistency
17 with this Section and the Design for Development, including site plans, sections, elevations, renderings,
18 landscape plans, and exterior material samples to illustrate the overall concept design of the proposed
19 buildings. If an Applicant requests a Major or Minor Modification, the application shall contain
20 descriptive material such as narrative and supporting imagery, if appropriate, that describes how the
21 proposed Vertical Improvement meets the intent of the SUD and Design for Development and provides
22 architectural treatment and public benefit that are equivalent or superior to strict compliance with the
23 standards.

24 (2) **Completeness.** Port and Planning staff shall review the application for
25 completeness and advise the Applicant in writing of any deficiencies within 30 days after receipt of the

1 application or, if applicable, within 15 days after receipt of any supplemental information requested
2 pursuant to this Section. Review by Port staff shall also include a review for compliance with the
3 requirements of the applicable Vertical DDA (or, if the Vertical DDA has not been executed at the
4 time of application submittal, for compliance with the requirements of the form of Vertical DDA
5 approved by the Board of Supervisors and the information provided in Developer's applicable
6 Appraisal Notice submitted under the DDA). If staff does not so advise the applicant, the
7 application shall be deemed complete.

8 (3) Staff Design Review of Buildings. Each application for Vertical Improvements
9 shall be subject to the administrative design review process set forth in this subsection (l). Upon a
10 determination of completeness (or deemed completeness), staff shall conduct design review and
11 prepare a staff report determining compliance of the Vertical Improvement with this Section 249.79
12 and the Design for Development, including a recommendation regarding any modifications sought.
13 Such staff report shall be delivered to the Applicant and any third parties requesting notice in writing,
14 shall be kept on file, and posted on the Department's website for public review, within 60 days of the
15 determination of completeness (or deemed completeness).

16 If staff determines that the Vertical Improvement is not compliant with the Design for
17 Development and this Section 249.79, it will notify the Applicant within the applicable 60-day period,
18 in which case, the Applicant may resubmit the Application and the requirements under
19 §subsection(l)(1) through §subsection (l)(3) apply anew, except the time for staff review shall be 30
20 days.

21 (4) Port Review of Historic Buildings. Following the informational presentation by
22 the Developer and receipt of comments, if any, from the Planning Commission and Historic
23 Preservation Commission pursuant to subsection (j) above, Port staff shall review schematic
24 designs for each Historic Building in accordance with the procedures set forth in the ground lease
25 between Port and the Applicant for the applicable Historic Building. Port staff review shall include a

1 determination of consistency with the Design for Development and applicable mitigation measures,
2 including compliance with Secretary of the Interior's Standards for the Treatment of Historic
3 Properties.

4 (5) Off-Street Parking. It is the intent of this SUD that at full build-out of all parcels in
5 the SUD, the total number of off-street parking spaces within the SUD shall not exceed the applicable
6 maximum parking ratios specified in Table 249.79(h)(4) above. The maximum parking ratios shall not
7 apply to individual Vertical Improvements or parcels, but shall be considered cumulatively for the SUD
8 as a whole. ~~To ensure compliance with the maximum parking ratios on a periodic basis during~~
9 ~~the phased build-out of the SUD, the Planning Department shall not approve new off-street~~
10 ~~parking proposed within a Vertical Improvement if it determines that the amount of off-street~~
11 ~~parking proposed would cause the aggregate parking ratio in the SUD to be exceeded when~~
12 ~~taking into account the amount of parking in the proposed Vertical Improvement plus the~~
13 ~~amount of parking for all Buildings approved under this Section 249.79 as of the date of~~
14 ~~determination (without regard to whether or not the Building has been constructed) at the~~
15 ~~following Development Increments: every 750 net new housing units and every 400,000 gross~~
16 ~~square feet of non-residential uses in new or rehabilitated buildings (each residential and non-~~
17 ~~residential threshold, a "Development Increment"). Notwithstanding the foregoing, a deviation~~
18 ~~of up to 10% above the maximum ratios shall be permitted for all increments prior to final build~~
19 ~~out and not be considered a Major Modification, Minor Modification, or otherwise inconsistent~~
20 ~~with this Section 249.79 or the Design for Development. For any increment beyond the first,~~
21 ~~the Planning Director may disallow part or all of the 10% deviation from the maximum ratios in~~
22 ~~consideration of expected build-out of the SUD. As part of the Phase Submittal process~~
23 required under the DDA and discussed in subsection (i) above, the Port shall refer to the
24 Planning Director for approval the parking data information submitted by the developer setting
25 forth the total number of residential units and total gross floor area of office space for the

1 proposed phase and for all prior approved phases (without regard to whether or not the
2 Buildings have been constructed) along with an updated estimate of maximum future buildout
3 of residential units and office spaces within the SUD. For Phases 1 and 2, the Phase
4 Submittal may exceed the maximum parking ratios for proposed and previously approved
5 parking spaces by up to 10%, provided the cumulative buildout for that phase does not
6 exceed 90% of the expected full buildout within the SUD for either residential units or office
7 space. For Phases thereafter, the Planning Director may determine whether to allow a 10%
8 deviation above the maximum parking ratios allowed for the SUD, taking into account the
9 expected Project program at full build-out. To ensure compliance with the maximum parking
10 ratios on a periodic basis during the phased build-out of the SUD, Planning shall not otherwise
11 approve new off-street parking proposed within a Vertical Improvement if it determines that
12 the amount of off-street parking proposed for the Vertical Improvement would cause the SUD
13 to exceed the total number of parking spaces approved under the current Phase Submittal
14 plus all prior approved Phase Submittals.

15 *(6) Approvals and Public Hearings for New Development.*

16 *(A) New Construction. Within 40-20 days after the delivery and posting of the*
17 *staff report in accordance with subsection (l)(3), the Planning Director shall approve or disapprove the*
18 *Vertical Improvement design and any Minor Modifications based on its compliance with this Section*
19 *249.79 and the Design for Development and the findings and recommendations of the staff report. If the*
20 *Vertical Improvement is consistent with the numeric standards set forth in this Section 249.79 and the*
21 *Design for Development, the Planning Director's discretion to approve or disapprove the Vertical*
22 *Improvement shall be limited to the Vertical Improvement's consistency with the non-numeric elements*
23 *of the Design for Development and the General Plan. Notwithstanding any other provisions of this*
24 *Section 249.79, the Planning Director may refer an Application that proposes modification to the non-*
25 *numeric elements of the Design for Development, even if not otherwise classified as a Major*

1 Modification, to the Planning Commission as a Major Modification if the Planning Director determines
2 that the proposed modification does not meet the intent of the Standards set forth in the Design for
3 Development.

4 (B) Vertical Improvements Seeking Major Modifications. Upon delivery and
5 posting of the staff report under subsection (l)(3), the Planning Commission shall calendar the item for
6 a public hearing within 20 days or at the next regular meeting thereafter of the Planning Commission
7 (or special meeting, at the Planning Commission's discretion), subject to any required noticing, for any
8 application for Vertical Improvements seeking one or more Major Modifications and for any Vertical
9 Improvement seeking Minor Modifications that the Planning Director, in his or her sole discretion,
10 refers as a Major Modification. The Planning Commission shall consider all comments from the public
11 and the recommendations of the staff report and the Planning Director in making a decision to approve
12 or disapprove the Vertical Improvement design, including the granting of any Major or Minor
13 Modifications.

14 (C) Notice of Hearings. Notice of hearings required by subsection (B) above
15 shall be provided as follows:

16 (i) by mail not less than 40 20 days prior to the date of the hearing to
17 the Vertical Improvement applicant, to property owners within 300 feet of the exterior boundaries of
18 the property that is the subject of the application, using for this purpose the names and addresses as
19 shown on the citywide assessment roll in the Office of the Tax Collector, and to any person who has
20 requested such notice; and

21 (ii) by posting on the subject property at least 10 days prior to the date
22 of the hearing.

23 (m) Building Permit Approval. For projects subject to the jurisdiction of the Port, the Chief
24 Harbor Engineer shall review each building permit application for consistency with the authorizations
25 granted pursuant to this Section 249.79. For projects outside the jurisdiction of the Port, DBI shall

1 review each permit application for consistency with the authorizations granted pursuant to this Section
2 249.79. The Chief Harbor Engineer and DBI shall not issue any building permit for work within the
3 SUD that has not obtained design review approval in accordance with subsections (l)(6)(A) and (B)
4 above to the extent applicable, or is inconsistent with standards in this Section 249.79 or the Design for
5 Development.

6 (n) Change of Use. Before issuing any building permit or other permit or license, or for a
7 permit of Occupancy that would authorize a new use, a change of use or maintenance of an existing use
8 of any land or structure contrary to the provisions of this Section 249.79 or the Design for
9 Development, the Chief Harbor Engineer or DBI, as applicable, shall refer the matter to the Planning
10 Department for a consistency determination to be provided to the Chief Harbor Engineer or DBI, as
11 applicable, within 15 days of referral.

12 (o) Discretionary Review. No requests for discretionary review shall be accepted by the
13 Planning Department or heard by the Planning Commission for any Building in the SUD.

14
15 Section 3. The Planning Code is hereby amended by revising Zoning Map ZN08,
16 Height Map HT08, and Sectional Map SU08, as follows:

17 (a) To change the Zoning Map (ZN08) from M-2 to Pier 70 Mixed-Use District:

Assessor's Block	Lot	Current Zoning to be Superseded	Proposed Zoning to be Approved
4052	001 (partial)	M-2	Pier 70 Mixed Use District
4111	004 (partial)		
4110	001		
4110	008A		
4120	002	P	

24
25 (b) To change the Zoning Map (HT08) from 40-X to 90-X:

Assessor's Block	Lot	Current Height/Bulk to be Superseded	Proposed Height/Bulk to be Approved
4052	001 (partial)	40-X	90-X
4111	004 (partial)		
4120	002		

(c) Sectional Map SU08 is hereby amended to create the new Pier 70 Special Use District, bounded by the following streets:

(1) To the north, all lots fronting the southern side of and abutting the terminus of 20th Street from Illinois Street to the shoreline, including lot 4110001, a portion of lot 4111004 - the southernmost portion south of a line roughly 95 feet from the southern parcel border, and a portion of lot 4052001 – the southernmost portion south of a line roughly 1,100 feet from the southern parcel border, and excluding the northwestern corner roughly bounded by a line running parallel to and roughly 265 feet south of 20th Street, and a line parallel to and roughly 800 feet east of Illinois Street;

(2) To the east, all lots fronting the shoreline between 20th and 22nd Streets;

(3) To the south, all lots fronting the northern side of 22nd Street, and abutting the terminus of 22nd Street from Illinois St to the shoreline;

(4) To the west, all lots fronting the eastern side of Illinois St, from 20th Street to 22nd Street.

FILE NO. 180683

RESOLUTION NO. 264-18

1 [Port Ground Lease and Port/Mayor's Office of Housing and Community Development
2 Memorandum of Understanding - 88 Broadway Family, L.P. - 735 Davis Street - Seawall Lot
3 322-1 - \$20,000 Annual Base Rent]

4 Resolution adopting the Mitigation Monitoring and Reporting Program under the
5 California Environmental Quality Act for an affordable housing project at Seawall Lot
6 322-1 (the "Port Property" or the "Development") along with an affordable housing
7 project on city-owned property at 735 Davis Street (collectively, the "Project");
8 affirming the Port Commission's Public Trust findings; adopting findings that the
9 Project is consistent with the General Plan, and the eight priority policies of Planning
10 Code, Section 101.1; and approving and authorizing the execution of a Ground Lease
11 for the Property with 88 Broadway Family, L.P. ("Lease") with an annual base rent of
12 \$20,000 for a term of 57 years with a 18-year extension option for the development and
13 operation of 124 affordable rental housing units, one manager housing unit, and
14 ancillary ground level uses, and a Memorandum of Understanding between the Port
15 and the Mayor's Office of Housing and Community Development for payment of fair
16 market value for the Port Property and other interdepartmental coordination; and
17 authorizing and directing the Executive Director of the Port of San Francisco and the
18 Director of the Mayor's Office of Housing and Community Development to execute
19 documents and take necessary actions to implement this Resolution, as defined
20 herein.

21
22 WHEREAS, California Statutes of 1968, Chapter 1333 ("Burton Act") and Charter,
23 Sections 4.114 and B3.581, empower the City and County of San Francisco, acting through
24 the San Francisco Port Commission ("Port"), with the power and duty to use, conduct,
25 operate, maintain, manage, regulate and control the lands within Port Commission jurisdiction

1 consistent with the public trust for commerce, navigation and fisheries and the Burton Act
2 (collectively, the "Public Trust"); and

3 WHEREAS, The Port owns Seawall Lot 322-1, also known by its street address as "88
4 Broadway" (the "Port Property"), a land parcel with approximately 37,810 square feet area
5 bounded by Broadway, Front, and Vallejo Streets and on its eastern boundary buildings and
6 an adjacent City-own parcel at 735 Davis Street, (the "City Property"); and

7 WHEREAS, The California Legislature has previously found that rectifying the
8 deteriorating conditions along the San Francisco waterfront, the preservation of the numerous
9 historic piers and other historic structures on Port land, and the construction of waterfront
10 plazas and open space, are matters of statewide importance that will further the purposes of
11 the Public Trust; and

12 WHEREAS, To provide funding for these improvements to Port property and to
13 address affordable housing needs, the California Legislature adopted SB 815 (Chapter 660 of
14 the Statutes of 2007) as amended by AB 2649 (Chapter 757 of the Statutes of 2012) and AB
15 2797 (Chapter 529 of the Statutes of 2016) (collectively, the "State Legislation") to allow
16 temporary termination of the Public Trust use restrictions and authorize nontrust leases of
17 designated seawall lots, including Seawall Lot 322-1, on specific conditions, and subject to
18 certain findings by the Port Commission and the California State Lands Commission; and

19 WHEREAS, In November 2012, the Board of Supervisors adopted Ordinance No. 232-
20 12 which allows the Port and the Mayor's Office of Housing and Community Development
21 ("MOHCD") to enter into a Memorandum of Understanding (the "Pre-Development MOU") for
22 development of the Property for affordable housing and providing for Port to receive Jobs
23 Housing Linkage Program ("JHLP") credits equal to the difference in the value of a Port
24 below-market lease and the fair market value of the Property; and
25

1 WHEREAS, Port and MOHCD staff have since decided that the preferred payment
2 strategy for the Development is to utilize the anticipated affordable in lieu fees paid to
3 MOHCD from a future developer of Pier 70 Parcel K North ("PKN"), a site to be sold by the
4 Port in connection with funding the Pier 70 project, with the condition that if the sale of PKN
5 or the construction of the PKN project is delayed or never materializes, MOHCD will need to
6 pay the Port the Property's fair market value from another source; and

7 WHEREAS, Between April 2014 and May 2018, the Port and MOHCD entered into the
8 Pre-Development MOU and completed most of the tasks enumerated, including (i) MOHCD's
9 competitive solicitation and selection of the Developer led by BRIDGE Housing Corporation
10 ("BRIDGE") and the John Stewart Company ("JSCo") which formed 88 Broadway Family LP
11 (the "Developer") to undertake the proposed development; (ii) the Port's consent to MOHCD's
12 selection; (iii) the Developer's submission of its initial development proposal; (iv) the Port's
13 determination to exclude a public parking garage from the development due to financial
14 infeasibility; (v) MOHCD provision of predevelopment funding for the Development; (vi) Port,
15 MOHCD, and the Developer negotiation and drafting required transaction documents ; and
16 (vii) the Developer's completion of a number of entitlement tasks, including completion of
17 CEQA and receipt of other land use authorizations required for the Development; and

18 WHEREAS, Staff of the Port, MOHCD, and the Developer have collectively conducted
19 extensive community outreach and solicited comments and feedback from stakeholders to
20 form a general consensus on the goals/objectives of the Development, including its
21 architectural design, compatibility with the Historic District and its targeting of a wide spectrum
22 of households with limited incomes and MOHCD hired a joint venture team of Mark
23 Cavagnero Architects and Cary Bernstein Architects which conducted site design analysis
24 and held a community design workshop, where design criteria were discussed with the public
25 for the Property, and an adjacent City Parcel was added to provide housing for seniors, and

1 these outreach efforts took over 36 months and resulted in the overall Project consisting of
2 both buildings being supported by almost all stakeholders including members of the
3 Northeastern Waterfront Advisory Group; and

4 WHEREAS, The Developer's initial proposed development had included up to 130
5 affordable, rental family housing units with ground level spaces for retail, commercial, other
6 ancillary uses, and open spaces on the Property (the "Family Project") and, as mentioned
7 above, in response to the community's desire for seniors to benefit from the development as
8 well, MOHCD sought and received City's consent to add the adjacent City property located at
9 735 Davis Street ("City Parcel") to the overall proposal to provide up to 50 to 55 senior
10 housing units (the "Senior Project"); and

11 WHEREAS, The Property and the City Parcel currently operated as surface parking
12 lots will be demolished and then improved with two, new six-story, mixed-use residential
13 buildings for family and senior housing, respectively, and the Family and Senior projects will
14 be connected by open mid-block passageways as shown on the Development Schematic
15 Design, a copy of which is in Board File No. 180683; and

16 WHEREAS, The Family Project will include approximately 18 studio units, 37 one-
17 bedroom units, 45 two-bedroom units, 24 three-bedroom units, and a manager unit for a total
18 of 125 affordable units with approximately 137,100 gross square feet (gsf) of residential
19 dwelling space and approximately 8,700 gsf of nonresidential space with residents having
20 access to a common, community room on the ground floor, an open podium courtyard on the
21 second floor, two open decks on the fifth and sixth floors, a rooftop terrace and garden, and
22 ancillary ground-level uses which could include retail/commercial, a childcare center with an
23 outdoor play area, and a childcare arcade, subject to the passage of AB 1423
24 (Assemblymember Chiu; 2018) which includes technical amendments to the State Legislation;
25 and

1 WHEREAS, The Senior Project will include approximately 23 studio units, 29 one-
2 bedroom units and a manager unit for approximately 53 affordable units with approximately
3 44,136 gsf of residential dwelling space and approximately 1,260 gsf of non-residential space
4 and seniors in this project will have access to a community room, an open courtyard on the
5 first floor, a roof deck on the fifth floor, and ground-level uses which could include
6 retail/commercial and a community room; and

7 WHEREAS, The Department of City Planning ("Planning Department") prepared a
8 Draft Initial Study/Preliminary Mitigated Negative Declaration ("PMND") and Mitigation
9 Monitoring and Reporting Program ("MMRP") for the Project and published the Draft PMND
10 and MMRP for public review on October 25, 2017, which were available for public comment
11 until November 27, 2017; and

12 WHEREAS, The Planning Commission held a public hearing on the PMND and found
13 that the contents of the PMND and the procedures through which the PMND was prepared,
14 publicized, and reviewed complied with the California Environmental Quality Act (California
15 Public Resources Code, Sections 21000 et seq.) (CEQA), 14 California Code of Regulations
16 Sections 15000 et seq. (the "CEQA Guidelines") and Chapter 31 of the San Francisco
17 Administrative Code ("Chapter 31") and finalized the PMND (the Final MND); and

18 WHEREAS, On March 9, 2018, the Environmental Review Officer signed the FMND for
19 the Project and the Final MND was issued in compliance with CEQA, the CEQA Guidelines
20 and Chapter 31; and

21 WHEREAS, On May 3, 2018, the Planning Director found the FMND was adequate,
22 accurate and objective, reflected the independent analysis and judgment of the Planning
23 Director, and adopted the FMND and the MMRP, and authorized the Project in the Affordable
24 Housing Project Authorization; and
25

1 WHEREAS, The Historic Preservation Commission approved with conditions the
2 Certificate of Appropriateness Motion No. 0335) for the Project on April 4, 2018, on file with
3 the Clerk of the Board of Supervisors in File No. 180683, and incorporated herein by this
4 reference; and

5 WHEREAS, The Planning Department Commission Secretary is the custodian of
6 record for the file for Case No. 2016-007850PRJ at 1650 Mission Street, Suite 400, San
7 Francisco, California; and

8 WHEREAS, The FMND and the MMRP has been made available to the public, the Port
9 Commission and the Board of Supervisors for their review and action and which is on file with
10 the Clerk of the Board of Supervisors in File No. 180683, and incorporated herein by this
11 reference; and

12 WHEREAS, The Port Commission, by Resolution 18-42 found that the FMND is
13 adequate for its use as the decision-making body for the Development, that there is no
14 substantial evidence that the Development will have a significant effect on the environment
15 with the adoption of the measures contained in the MMRP to avoid potentially significant
16 environmental effects associated with the Development, and adopted the MMRP and found
17 that all required mitigation measures identified in the FMND and contained in the MMRP will
18 be included in the Port's Lease; and

19 WHEREAS, Port and Developer have negotiated and the Port Commission has
20 approved by Resolution 18-42 an Option to Lease Agreement which includes the form of
21 ground lease (the "Option Agreement") a copy of which is included in Board File No. 180683)
22 to provide the Developer with evidence of site control to support its application for an
23 allocation of low-income housing tax credits from the California Tax Credit Allocation
24 Committee, and Developer must exercise its option by June 30, 2020 subject to extension;
25 and

1 WHEREAS, The Port and MOHCD have negotiated a new Memorandum of
2 Understanding for interdepartmental coordination to be effective during the Lease term (the
3 "Port-MOHCD MOU") including, among other things, the amount and manner in which
4 MOHCD will pay the Port the Property's fair market value, MOHCD's consent to the Lease,
5 and coordination between the departments in administering and enforcing the Lease; and

6 WHEREAS, Under Charter, Section B7.320, the Board of Supervisors may approve a
7 memorandum of understanding between the Port Commission and another department of the
8 City, approved by the Port Commission by resolution; and

9 WHEREAS, A copy of the form of Lease and the Port MOHCD MOU as approved by
10 the Port Commission in Port Commission Resolution 18-42 are in Board File No. 180683 and
11 are incorporated in this resolution by reference; and

12 WHEREAS, The Developer has been formed by BRIDGE and JSCo to lease the Port
13 Property and develop the Family Project and the Senior Project and BRIDGE and JSCo each
14 has the requisite qualifications and the wherewithal to perform as co-developers and project
15 managers and have developed several projects in San Francisco with similar complexity
16 profiles; and

17 WHEREAS, MOHCD is providing the Developer with financial assistance for the
18 development of Family and Senior Projects and to leverage equity from an allocation of low-
19 income housing tax credits and other funding sources to construct and operate the
20 Development; and

21 WHEREAS, The Developer is required to execute the Lease substantially in the form of
22 the Lease attached to the Option Agreement and included in Board File No. 180683; and

23 WHEREAS, The material terms of the Lease include: (i) a term of 57 years with an
24 extension option for 18 additional years; (ii) tenant responsibility for all property taxes and
25 assessments levied against the Property; (iii) use only for affordable housing with residential

1 tenant rent and income levels set at between 30% to 120% of the area median income ("AMI")
2 and other ancillary purposes permitted by the State Legislation and AB 1423 if enacted into
3 law; (iv) annual base rent for the residential portion of \$20,000 with escalation every five years
4 in line with changes to the AMI; (v) except as provided in (vii) residual rent to the Port under
5 certain circumstances in the event of sale or refinancing of the residual portion; (vi) at Lease
6 termination, the Port Property with or without the building, at Port's sole discretion, shall revert
7 to the Port; (vii) 15% of net proceeds from any refinancing or sales of the retail/restaurant
8 space paid to Port as additional rent; (viii) 30% of the net revenues from retail subleases or
9 15% of the gross revenue from all other nonresidential subleases are paid to Port as
10 additional rent; (ix) tenant responsibility for construction, operation and maintenance of the
11 Property; (x) Port ownership fee title to the land and tenant ownership of fee title to all
12 improvements; (xi) Port notice of defaults to the tenant and MOHCD, and the tenant's limited
13 partners and lenders and allow any such parties the right to cure such default; and (xii)
14 encumbrance of the leasehold interest to secure loans, subject to approval by the Port and
15 MOHCD; and

16 WHEREAS, The Director of Property, in consultation with the Port (and the
17 California State Lands Commission through the Port), conducted an appraisal of the
18 Property dated June 29, 2018 with an indicated value of \$14,900,000; and

19 WHEREAS, On July 10, 2018, by Resolution 18-42, the Port Commission found,
20 among other things that: 1) Seawall Lot 322-1 is no longer needed for Public Trust
21 purposes, 2) the combined consideration under the Port MOHCD MOU and Lease is
22 equal to fair market value, and 3) the Lease includes terms that are consistent with
23 prudent land management practices as defined in the State Legislation (collectively, the
24 "Public Trust Findings"); and
25

1 WHEREAS, By letter dated June 15, 2018, the Department of City Planning adopted
2 and issued a General Plan Consistency Finding, a copy of which is on file with the Clerk of the
3 Board in Board File No. 180683 and incorporated in this resolution by reference, wherein the
4 Department of City Planning found that the Project is consistent with the General Plan, and
5 with the eight priority policies under Planning Code, Section 101.1; and

6 WHEREAS, Port Commission Resolution 18-42 also approved the Option
7 Agreement, the form of the Lease and the Port-MOHCD MOU; recommended Board of
8 Supervisors' approval of the Lease and the Port-MOHCD MOU and, subject to
9 approval by the Board of Supervisors and the California State Lands Commission,
10 approved the Lease (collectively, the "Transaction Documents") and authorizes the
11 Port's Executive Director to enter into other additions, amendments, ancillary
12 agreements, consents covenants and property documents necessary to implement the
13 transactions contemplated by the Transaction Documents, and to enter into any
14 additions, amendments or other modifications to the Transaction Documents including
15 preparation and attachment of, or changes to, any or all of the attachments and
16 exhibits that the Executive Director, in consultation with the City Attorney, determines
17 are consistent with approvals made by the California State Lands Commission and,
18 when taken as a whole, are in the best interests of the Port, do not materially decrease
19 the benefits or materially increase the obligations or liabilities of the Port, and are
20 necessary or advisable to complete the transaction; now, therefore, be it

21 RESOLVED, That the Board of Supervisors has reviewed and considered the FMND
22 and the record as a whole, finds that the FMND is adequate for its use as the decision-making
23 body for the Project, that there is no substantial evidence that the Project will have a
24 significant effect on the environment with the adoption of the measures contained in the
25

1 MMRP to avoid potentially significant environmental effects associated with the Project; and,
2 be it

3 FURTHER RESOLVED, That the Board of Supervisors hereby adopts the MMRP
4 incorporated herein as part of this Resolution by this reference thereto and finds that all
5 required mitigation measures identified in the FMND and contained in the MMRP will be
6 included in the Port Lease; and, be it

7 FURTHER RESOLVED, That the Board of Supervisors hereby finds that the Project is
8 consistent with the General Plan, and with the eight priority policies of Planning Code, Section
9 101.1 for the same reasons as set forth in the letter of the Department of City Planning, dated
10 June 15, 2018, and hereby incorporates such findings by reference as though fully set forth in
11 this Resolution; and, be it

12 FURTHER RESOLVED, That the Board of Supervisors hereby adopts the Port
13 Commission's Public Trust Findings as its own and finds that this resolution is consistent with
14 the common law public trust doctrine and the Burton Act, as modified by the State Legislation;
15 and, be it

16 FURTHER RESOLVED, That the Board of Supervisors approves the form and
17 substance of the Lease, and, if the Developer properly exercises the Option, authorizes the
18 Executive Director of the Port (or her designee) to execute the Lease and the Director of
19 MOHCD (or her designee) to consent to the Lease and any such other documents that are
20 necessary or advisable to complete the lease transaction contemplated by this Resolution;
21 and, be it

22 FURTHER RESOLVED, That the Board of Supervisors authorizes the Executive
23 Director of the Port (or her designee) to enter into any additions, amendments or other
24 modifications to the form of lease or Lease (including, without limitation, preparation and
25 attachment or, or changes to, any of all of the exhibits and ancillary agreements), and any

1 other documents or instruments necessary in connection therewith, that the Executive
2 Director of the Port in consultation with the City Attorney, determines 1) are consistent with
3 the approval of the form of lease or Lease as approved by the California State Lands
4 Commission, and 2) when taken as whole, are in the best interests of the Port, do not
5 materially decrease the benefits to the Port or the City with respect to the Port Property, do
6 not materially increase the obligations or liabilities of the Port and the City, or materially
7 decrease the public benefits accruing to the Port or City, and are necessary or advisable to
8 complete the transaction contemplated and effectuate the purpose and intent of this
9 Resolution, such determination to be conclusively evidenced by the execution and delivery by
10 the Executive Director of the Port (or her designee) of any such additions, amendments, or
11 other modifications and authorizes the Director of MOHCD (or her designee) to consent to
12 such changes; and, be it

13 FURTHER RESOLVED, That the Board of Supervisors approves the Port MOHCD
14 MOU under Charter, Section B7.320 and authorizes the Executive Director of the Port (or her
15 designee) and the Director of MOHCD (or her designee) to execute and implement the Port
16 MOHCD MOU; and, be it

17 FURTHER RESOLVED, The Board of Supervisors authorizes and delegates to the
18 Executive Director of the Port and the Director of MOHCD, or their designees, the authority to
19 make changes to the Port MOHCD MOU and take any and all steps, including but not limited
20 to, the attachment of exhibits and the making of corrections, which they, in consultation with
21 the City Attorney, 1) are consistent with the approval of the form of MOU as approved by the
22 California State Lands Commission, and 2) determine when taken as whole, are necessary or
23 appropriate to consummate the Port MOHCD MOU in accordance with this Resolution,
24 including entering into subsequent interagency memoranda of understanding regarding the
25 Project; provided, however, that such changes and steps do not materially decrease the

1 benefits to or materially increase the obligations or liabilities of the City or the Port, and are in
2 compliance with all applicable laws; and, be it

3 FURTHER RESOLVED, That all actions authorized and directed by this Resolution
4 and heretofore taken are hereby ratified, approved and confirmed by this Board of
5 Supervisors; and, be it

6 FURTHER RESOLVED, That within thirty (30) days of the execution of the Port
7 MOHCD MOU and Option Agreement and Lease being fully executed by all parties, the Port
8 shall provide copies of the agreements to the Clerk of the Board for inclusion into the official
9 file.

4 **FC Pier 70, LLC, for 28 acres of real property located in the southeast portion of the**
5 **larger area known as Seawall Lot 349 or Pier 70; adopting findings under the California**
6 **Environmental Quality Act; adopting findings of consistency with the General Plan, and**
7 **the eight priority policies of Planning Code, Section 101.1(b); and adopting public trust**
8 **consistency findings.**

9
10 WHEREAS, California Statutes of 1968, Chapter 1333 ("Burton Act") and Charter,
11 Sections 4.114 and B3.581, empower the City and County of San Francisco, acting through
12 the San Francisco Port Commission ("Port"), with the power and duty to use, conduct,
13 operate, maintain, manage, regulate and control the lands within Port Commission jurisdiction;
14 and

15 WHEREAS, The Port owns approximately 72 acres along San Francisco's Central
16 Waterfront, roughly bounded by Mariposa Street, Illinois Street, 22nd Street, and the San
17 Francisco Bay known as Pier 70; and

18 WHEREAS, Pier 70 includes an approximately 28-acre area known as the "28-Acre
19 Site," bounded generally by Illinois Street on the west, 22nd Street on the south, 20th Street
20 on the north and San Francisco Bay on the east; and

21 WHEREAS, From 2007 to 2010, the Port conducted a community process that
22 evaluated the unique site conditions and opportunities at Pier 70 and built a public consensus
23 for Pier 70's future that nested within the policies established for the Eastern Neighborhoods-
24 Central Waterfront; and

1 WHEREAS, This process culminated in the Pier 70 Preferred Master Plan, which was
2 endorsed by the Port Commission in May 2010, and the proposed mixed-use development of
3 Pier 70 (the "Pier 70 Mixed Use Development Project"); and

4 WHEREAS, In April 2011, by Resolution No. 11-21, the Port Commission awarded to
5 Forest City Development California, Inc., ("Forest City"), through a competitive process, the
6 opportunity to negotiate for the development of the 28-Acre Site as a mixed-use development
7 and historic preservation project (the "28-Acre Site Project"); and

8 WHEREAS, Forest City Development California, Inc. is now wholly owned by Forest
9 City Realty Trust, Inc., a New York Stock Exchange-listed real estate company; and

10 WHEREAS, In May 2013, by Resolution No. 13-20, the Port Commission endorsed the
11 Term Sheet for the 28-Acre Site Project; and

12 WHEREAS, Subsequently, in June 2013, by Resolution No. 201-13, the Board of
13 Supervisors found the 28-Acre Site Project fiscally feasible under Administrative Code,
14 Chapter 29 and endorsed the Term Sheet for the 28-Acre Site Project; and

15 WHEREAS, Port staff and FC Pier 70, LLC, ("Developer"), a wholly-owned affiliate of
16 Forest City Realty Trust, Inc., have negotiated the terms of the Disposition and Development
17 Agreement ("DDA"), a copy of which is in Board File No. 170986 and incorporated in this
18 resolution by reference, and related transaction documents that are incorporated into the DDA
19 and provide the overall road map for development of the 28-Acre Site Project, including a
20 Financing Plan, an Infrastructure Plan, an Affordable Housing Plan, a Transportation Plan that
21 includes a Transportation Demand Management Program, a Workforce Development Plan, an
22 arts program for the use of the arts building on Parcel E4 (including replacement studio space
23 for the artist community in the Noonan building), and forms of an interim Master Lease,
24 Vertical Disposition and Development Agreement and Parcel Lease (including applicable
25 lease terms for Historic Buildings 2, 12 and 21); and

1 WHEREAS, Developer has engaged in an extensive community outreach process that
2 has included more than 120 community meetings since 2011, including workshops, focus
3 groups, art events, formal and informal presentations, open houses and site tours; and

4 WHEREAS, Additionally, in 2014, 73% of voters supported Proposition F, the ballot
5 measure supporting reuse of the area and increasing the height limits for the 28-Acre Site
6 Project, conditional upon Port Commission approval of a development plan for the 28-Acre
7 Site Project; and

8 WHEREAS, Developer's parent company, Forest City Realty Trust, Inc., is a publicly-
9 traded company with exceptional access to capital, and Port financial staff have reviewed and
10 confirmed the financial capacity of Developer's parent in amounts sufficient to satisfy its
11 obligation to fund its obligations under the DDA; and

12 WHEREAS, The parties wish to enter into the DDA substantially in the form in Board
13 File No. 170986; and

14 WHEREAS, Concurrently with this resolution, the Board of Supervisors has taken or
15 intends to take a number of other actions in furtherance of the 28-Acre Site Project, including:
16 (1) approving a trust exchange agreement between the City, acting through the Port
17 Commission, and the California State Lands Commission ("Exchange Agreement"); (2)
18 approving amendments to the Planning Code that create the Pier 70 Special Use District
19 ("Pier 70 SUD") over the 28-Acre Site and the adjacent Illinois Street Parcels and related
20 amendments to the zoning maps; (3) approving the Development Agreement between the
21 City and Developer; (4) approving the Design for Development, which provides more detailed
22 land use controls of the Pier 70 SUD; (5) approving a memorandum of understanding for
23 interagency cooperation among the Port and other City agencies with respect to approvals
24 related to the subdivision of the 28-Acre Site and construction of infrastructure and other
25 public facilities; (6) approving formation proceedings for sub-project areas to Project Area G of

1 City and County of San Francisco Infrastructure Financing District No. 2 and a memorandum
2 of understanding between the Port and the Assessor, the Treasurer-Tax Collector, and the
3 Controller regarding the assessment, collection, and allocation of ad valorem and special
4 taxes to the financing districts; and (7) approving the public offering and disposition of Parcel
5 K North that is adjacent to the 28-Acre Site; and

6 WHEREAS, Under the DDA and other transaction documents, at full build-out, the 28-
7 Acre Site Project will include: (1) 1,100 to 2,150 new residential units, including on-site
8 housing affordable to a range of low- to moderate-income households as described in the
9 Affordable Housing Plan; (2) between 1 million and 2 million gross square feet of new
10 commercial and office space; (3) rehabilitation of three significant contributing resources to
11 the Union Iron Works Historic District; (4) space for small-scale manufacturing, retail, and
12 neighborhood services; (5) transportation demand management on-site, a shuttle service, and
13 payment of impact fees to the Municipal Transportation Agency for improved transportation
14 connections through the neighborhood; (6) 9 acres of new open space, potentially including
15 active recreation on rooftops, a playground, a market square, a central commons, and
16 waterfront parks along the shoreline; (7) on-site strategies to protect against sea level rise;
17 and (8) replacement studio space for artists currently leasing space in the Noonan Building
18 and a new arts space; and

19 WHEREAS, The DDA governs: (1) Developer's obligations to complete horizontal
20 development of the 28-Acre Site Project, including entitlements, site preparation, subdivision
21 and construction work related to streets and sidewalks, public realm amenities (e.g., parks
22 and open space), public utilities and shoreline improvements (together, "Horizontal
23 Development"), all to create development parcels and support and protect buildings; and (2)
24 Developer's option to purchase or ground lease at fair market value the majority of
25 developable lots in the 28-Acre Site for vertical development, all in accordance with all of the

1 governing land use and entitlement documents, including the Development Agreement, Pier
2 70 SUD, and Design for Development; and

3 WHEREAS, The DDA also governs Developer's obligations to deliver various public
4 benefits, including: (1) the rehabilitation of Historic Buildings 2, 12, and 21 in accordance with
5 the Secretary of the Interior's Standards for the Rehabilitation of Historic Properties; (2) a new
6 up to approximately 90,000-square-foot arts facility; (3) replacement space for current tenants
7 of the Noonan Arts Building, which may be incorporated in the arts facility; (4) at least 50,000
8 square feet of Production, Distribution and Repair space; (5) two on-site child care facilities or
9 in-lieu child-care fees; (6) 9 acres of new parks and open space; (7) on-site sea level rise
10 protections and funding for sea level rise improvements along the Port's Bay waterfront; and
11 (8) affordable housing as described below; and

12 WHEREAS, The DDA includes a Schedule of Performance that includes outside dates
13 for the completion of public infrastructure, including streets, utilities and parks, preparation of
14 affordable housing pads, and the development of Historic Buildings 12 and 21 and the Arts
15 Building; and

16 WHEREAS, The DDA provides the Port with remedies in the event that Developer
17 does not meet its obligations under the Schedule of Performance or other provisions of the
18 DDA, including specific performance and termination for material breach; and

19 WHEREAS, The DDA, which is premised on approval of the Pier 70 trust exchange
20 under the Exchange Agreement, (1) establishes processes to ensure that the Port receives
21 fair market value for the sale or lease of all option parcels as established by appraisal or
22 public offerings on the open market; (2) provides for three development parcels to be used for
23 100% affordable housing development through an agreement with the City that the Port will
24 lease the parcels at below-market rents and the City will apply impact fees payable by
25 developers of commercial parcels and market-rate housing to development of the affordable

1 housing sites; (3) provides for the use of nontrust revenue sources in the form of tax
2 increment and special tax revenues to the extent necessary to make the rehabilitation of three
3 historic buildings financially feasible; and (4) provides for the Port to be repaid, with interest,
4 from nontrust revenues for costs of constructing infrastructure and public facilities needed and
5 desired to support development at the 28-Acre Site; and

6 WHEREAS, The Financing Plan provides that (1) Developer is responsible for funding
7 all entitlement costs and the costs of constructing Horizontal Development to the extent other
8 28-Acre Site Project sources are not available, subject to reimbursement; (2) Developer's
9 costs will be repaid with an 18% market rate of return from a number of potential sources,
10 including the sale or lease of parcels at fair market value, community facilities district and
11 infrastructure financing district proceeds, and, at the Port's discretion, Port capital; and (3)
12 after Developer's costs are repaid, land revenues will be split 55% to the Port and 45% to
13 Developer; and

14 WHEREAS, The Affordable Housing Plan includes measures to ensure that at least
15 30% of all residential units produced at the 28-Acre Site and the adjacent Parcel K South are
16 affordable to low- and moderate-income households, with the following components: (1) 150
17 or more inclusionary rental units, representing 20% of all on-site rental units; and (2) 320 or
18 more permanently affordable units in three buildings to be developed by local nonprofits in the
19 28-Acre Site and Parcel K South; and

20 WHEREAS, The Port will enter into a memorandum of understanding with the Mayor's
21 Office of Housing and Community Development for developer selection, rent-free leases, and
22 development of the permanently affordable housing projects on the three sites; and

23 WHEREAS, The Infrastructure Plan includes the conceptual level planning elements of
24 all the infrastructure systems necessary to serve the Pier 70 SUD and describes Developer's
25

1 obligation to complete streets and infrastructure to support development of the 28-Acre Site;
2 and

3 WHEREAS, The Port's and City's third-party developers will retain certain infrastructure
4 obligations related to the adjacent Illinois Street Parcels, including the 20th Street Plaza,
5 Michigan Street, and Irish Hill Park; and

6 WHEREAS, The Transportation Plan requires, among other things, that (1) vertical
7 developers pay a transportation fee that the Municipal Transportation Agency will use and
8 allocate for transportation improvements in the area; and (2) Developer, building owners, and
9 tenants implement a Transportation Demand Management Program designed to reduce 28-
10 Acre Site Project-related daily one-way vehicular auto trips by 20%; and

11 WHEREAS, The Workforce Development Plan requires Developer and its contractors
12 and subcontractors, vertical developers, and tenants to comply with applicable workforce
13 provisions, including a 30% local hiring commitment, local business enterprise utilization,
14 participation in the City's "First Source" hiring programs, and up to \$1,000,000 in funding to
15 support expansion of CityBuild and TechSF training for District 10 residents; and

16 WHEREAS, The Master Lease is a form that sets forth the terms and conditions under
17 which the Port will lease most of the 28-Acre Site to Developer when it is ready to begin
18 constructing horizontal improvements, including parks, streets and utilities in accordance with
19 the DDA; and

20 WHEREAS, Individual development parcels will be removed from the Master Lease
21 upon completion of the horizontal improvements serving each parcel as they are leased or
22 sold to vertical developers, and streets and parks will be removed from the Master Lease
23 upon acceptance by acquiring City agencies; and

24 WHEREAS, The Vertical Disposition and Development Agreement is a form that sets
25 forth (1) the conditions to a vertical developer's acquisition of the lease or fee interest in each

1 development parcel within the 28-Acre Site; and (2) applicable Port and City requirements for
2 constructing the applicable development project; and

3 WHEREAS, The Parcel Lease is a form that sets forth the terms and conditions under
4 which vertical developers will acquire rights to development parcels that are conveyed by
5 ground lease rather than deed, and will be modified, as described in the DDA, to address
6 circumstances unique to (1) the Arts Building expected to be built on Parcel E4 (including
7 restrictions to allow arts uses and on rent) and (2) Historic Buildings 2, 12, and 21 (including
8 Port review of construction plans and consistency with Secretary's Standards); and

9 WHEREAS, On August 24, 2017, the Planning Commission (1) reviewed and
10 considered the Final Environmental Impact Report for the Pier 70 Mixed Use Project ("FEIR")
11 (Case No. 2014-001272ENV); (2) found the FEIR to be adequate, accurate and objective,
12 thus reflecting the independent analysis and judgment of the Planning Department and the
13 Planning Commission; and (3) by Motion No. 19976, certified the FEIR as accurate, complete
14 and in compliance with the California Environmental Quality Act ("CEQA"), the CEQA
15 Guidelines, and Chapter 31 of the San Francisco Administrative Code; and

16 WHEREAS, At the same hearing, the Planning Commission approved the Pier 70
17 Mixed Use Project and in so doing, adopted approval findings under CEQA by Motion No.
18 19977, including a Statement of Overriding Considerations (the "Pier 70 CEQA Findings"),
19 and adopted a Mitigation Monitoring and Reporting Program ("MMRP"), and

20 WHEREAS, A copy of the Planning Commission Motions, the Pier 70 CEQA Findings,
21 and the MMRP are in Board File No. 170864 and may be found in the records of the Planning
22 Department at 1650 Mission Street, San Francisco, CA, and are incorporated in this resolution
23 by reference as if fully set forth herein; and

24 WHEREAS, At the same hearing, the Planning Commission, by Resolution No. 19978,
25 adopted findings that the actions contemplated in this resolution are consistent, on balance,

1 with the City's General Plan and the eight priority policies of Planning Code, Section 101.1(b)
2 ("Pier 70 General Plan Consistency Findings"); and

3 WHEREAS, A copy of the Pier 70 General Plan Consistency Findings are in Board File
4 No. 170864 and incorporated in this resolution by reference; and

5 WHEREAS, On September 26, 2017, by Resolution 17-43, the Port Commission
6 approved the DDA, finding that the 28-Acre Site Project would be consistent with and further
7 the purposes of the common law public trust and the statutory trust under the Burton Act
8 ("Public Trust Findings"); recommended to the Board of Supervisors approval of the DDA;
9 approved the DDA as the Development Plan under Section 4 of the Union Iron Works Historic
10 District Housing, Waterfront Parks, Jobs and Preservation Initiative (Proposition F, November
11 2014); and authorized the Executive Director of the Port, or her designee, to execute the
12 DDA, subject to Board of Supervisors' approval of the DDA; and

13 WHEREAS, A copy of Port Commission Resolution 17-73 is in Board File No. 170986
14 and incorporated in this resolution by reference; and

15 WHEREAS, The Board of Supervisors has reviewed the FEIR, the MMRP and the
16 CEQA Findings, and finds that the approvals before the Board of Supervisors are within the
17 scope of the FEIR and that no substantial changes in the Pier 70 Mixed Use Project or the
18 circumstances surrounding the Pier 70 Mixed Use Project have occurred and no new
19 information that could not have been known previously showing new significant impacts or an
20 increase in severity in impacts has been discovered since the FEIR was certified; now,
21 therefore, be it

22 RESOLVED, That the Board of Supervisors adopts the Pier 70 General Plan
23 Consistency Findings as its own; and, be it
24
25

1 FURTHER RESOLVED, That the Board of Supervisors adopts the Pier 70 CEQA
2 Findings as its own and adopts the MMRP and imposes its requirements as a condition to this
3 approval action; and, be it

4 FURTHER RESOLVED, That the Board of Supervisors hereby approves the DDA,
5 adopts the Port Commission's Public Trust Findings as its own, and approves the
6 development plan described in the DDA as a Development Plan under Section 4 of the Union
7 Iron Works District Housing, Waterfront Parks, Jobs and Preservation Initiative (Proposition F,
8 November 2014); and, be it

9 FURTHER RESOLVED, That the Board of Supervisors authorizes the Port's Executive
10 Director, or her designee, to execute the DDA in substantially the form in Board File No.
11 170986; and, be it

12 FURTHER RESOLVED, That to the extent that implementation of the DDA involves the
13 execution and delivery of additional agreements, notices, consents and other instruments or
14 documents by the Port subject to Board of Supervisors' approval under Charter, Section
15 9.118, including, without limitation, instruments conveying or leasing development parcels to
16 vertical developers (such as the Master Lease, Parcel Leases and Vertical Disposition and
17 Development Agreements) (collectively, "Subsidiary Agreements"), the Port and the Executive
18 Director, as they may deem necessary or appropriate, in consultation with the City Attorney,
19 are hereby authorized to enter into all such Subsidiary Agreements so long as the
20 transactions governed by such Subsidiary Agreements are contemplated in, and comply with
21 the terms of, the DDA, and with respect to the Master Lease, Parcel Leases and Vertical
22 Disposition and Development Agreements, are substantially in the form of the Master Lease,
23 Parcel Lease and Vertical Disposition Agreement attached as Exhibits to the DDA in Board
24 File No. 170986; and, be it
25

1 FURTHER RESOLVED, That the Board of Supervisors authorizes all officers,
2 employees, and agents of the Port and the City to take all steps that they deem necessary or
3 appropriate, to the extent permitted by applicable law, in order to implement the DDA in
4 accordance with this resolution, including preparation and attachment of exhibits, execution of
5 subsequent documents, or to otherwise effectuate the purpose and intent of this resolution
6 and the DDA; and, be it

7 FURTHER RESOLVED, That the Board of Supervisors authorizes the Executive
8 Director of the Port, or her designee, to enter into any amendments or modifications to the
9 DDA or any of the Subsidiary Agreements that the Executive Director determines, in
10 consultation with the City Attorney, are in the best interest of the Port, do not materially
11 decrease the benefits to or materially increase the obligations or liabilities of the Port, and are
12 in compliance with all applicable laws, such determination to be conclusively evidenced by the
13 execution and delivery by such person or persons of any such documents; and, be it

14 FURTHER RESOLVED, That the Board of Supervisors requests the Executive Director
15 of the Port to provide an annual written report to the Board of Supervisors on the status of the
16 28-Acre Site Project.

City and County of San Francisco

Tails Resolution

City Hall
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102-4689

File Number: 170986

Date Passed: October 31, 2017

Resolution approving a Disposition and Development Agreement between the Port and FC Pier 70, LLC, for 28 acres of real property located in the southeast portion of the larger area known as Seawall Lot 349 or Pier 70; adopting findings under the California Environmental Quality Act; adopting findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1(b); and adopting public trust consistency findings.

October 19, 2017 Budget and Finance Committee - CONTINUED

October 26, 2017 Budget and Finance Committee - AMENDED, AN AMENDMENT OF THE WHOLE BEARING SAME TITLE

October 26, 2017 Budget and Finance Committee - RECOMMENDED AS AMENDED AS A COMMITTEE REPORT

October 31, 2017 Board of Supervisors - ADOPTED

Ayes: 11 - Breed, Cohen, Farrell, Fewer, Kim, Peskin, Ronen, Safai, Sheehy, Tang and Yee

File No. 170986

I hereby certify that the foregoing
Resolution was ADOPTED on 10/31/2017
by the Board of Supervisors of the City and
County of San Francisco.

Angela Calvillo
Clerk of the Board

Mayor

11/9/2017

Date Approved

[Summary Street Vacation, New Sidewalks, and Property Transfer - Michigan Street]

Ordinance ordering the summary street vacation of portions of Michigan Street generally along Assessor's Parcel Block No. 4110, Lot No. 001, and Block No. 4111, Lot No. 004; establishing new official sidewalks on Michigan Street by amending Ordinance No. 1061, entitled "Regulating the Width of Sidewalks;" accepting a Public Works Order concerning the street vacation and establishment of new sidewalks; authorizing real property transfers and waiving the provisions of Administrative Code, Chapter 23; authorizing official acts in connection with this Ordinance, as defined herein; affirming the Planning Department's determination under the California Environmental Quality Act; adopting findings that the actions contemplated in this Ordinance are consistent with the General Plan, and the eight priority policies of Planning Code, Section 101.1.

NOTE: Unchanged Code text and uncodified text are in plain Arial font.
Additions to Codes are in single-underline italics Times New Roman font.
Deletions to Codes are in ~~strikethrough italics Times New Roman font~~.
Board amendment additions are in double-underlined Arial font.
Board amendment deletions are in ~~strikethrough Arial font~~.
Asterisks (* * * *) indicate the omission of unchanged Code subsections or parts of tables.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Environmental and Land Use Findings.

(a) On August 24, 2017, the Planning Commission, by Motion No. 19976, certified the Final Environmental Impact Report (Final EIR) for the 28-Acre Pier 70 Mixed-Use project (Project) as being accurate, complete, and in compliance with the California Environmental Quality Act (California Public Resources Code Sections 21000 et seq.), the CEQA Guidelines, and Chapter 31 of the Administrative Code. At the same hearing, the Planning Commission,

1 by Resolution No. 19977, adopted findings with respect to the approval of the Project (CEQA
2 Findings). These CEQA Findings include the rejection of alternatives, a statement of
3 overriding considerations, and a mitigation monitoring and reporting program among other
4 administrative record documents. At the same hearing, the Planning Commission, by
5 Resolution No. 19978, found that the Project, including the actions contemplated in this
6 ordinance, are consistent, on balance, with the City's General Plan and eight priority policies
7 of Planning Code Section 101.1. The Board of Supervisors in Ordinance No. 227-17 adopted
8 these environmental findings as its own. Copies of said motion, resolutions, and ordinance
9 are on file with the Clerk of the Board of Supervisors in File No. 170930, and are incorporated
10 herein by reference.

11 (b) The Board of Supervisors finds:

12 (1) The actions proposed for approval under this ordinance present no
13 substantial changes to the Project that will require major revisions in the Final EIR due to the
14 involvement of new significant environmental effects or a substantial increase in the severity
15 of previously identified significant effects.

16 (2) The actions proposed for approval under this ordinance present no
17 substantial changes with respect to the circumstances under which the Project was approved
18 that will require major revisions to the Final EIR due to the involvement of new significant
19 environmental effects or a substantial increase in the severity of previously identified
20 significant effects.

21 (3) No new information of substantial importance, which was not known and
22 could not have been known in the exercise of reasonable diligence at the time the Final EIR
23 was certified, has become available which indicates that: (A) the Project will have significant
24 effects not discussed in the Final EIR, (B) significant environmental effects will be
25 substantially more severe than shown in the Final EIR, (C) mitigation measures or alternatives

1 found not to be feasible would in fact be feasible, and would substantially reduce one or more
2 significant effects of the Project, or (D) mitigation measures or alternatives which are
3 considerably different from those in the Final EIR would substantially reduce one or more
4 significant effects on the environment.

5 As a consequence of the above findings, the Board of Supervisors relies on the CEQA
6 findings adopted in Ordinance No. 227-17 for purposes of the actions in this ordinance. The
7 Board of Supervisors further finds that the actions in this ordinance are consistent, on
8 balance, with the City's General Plan and eight priority policies of Planning Code Section
9 101.1.

10
11 Section 2. General Findings.

12 (a) The Project would include between 1,100 and 2,150 residential units, a
13 maximum of between 1 million and 2 million gross square feet of commercial-office use, and
14 up to 500,000 gross square feet of retail-light industrial-arts use. The Project would also
15 include construction of transportation and circulation improvements, new and upgraded
16 utilities and infrastructure, geotechnical and shoreline improvements, between 3,215 to 3,345
17 off-street parking spaces in proposed buildings and district parking structures, and nine acres
18 of publicly-owned open space.

19 (b) On October 20, 2017, the Port Commission, by Resolution No. 17-52, approved
20 the vacation of portions of Michigan Street under Port jurisdiction and the potential sale of
21 Parcel K North, and urged the County Surveyor and Director of Property to take all steps
22 necessary to effectuate the purpose and intent of the resolution. A copy of said Resolution is
23 on file with the Clerk of the Board of Supervisors in File No. 180854, and is incorporated
24 herein by reference.
25

1 (c) On November 9, 2017, the Board of Supervisors, in Resolution No. 401-17,
2 approved a Disposition and Development Agreement (DDA) between the Port and FC Pier 70,
3 LLC for the development of a portion of the Project. Under the DDA, the Port is required to
4 offer Parcel K North for sale at or above its fair market value established by a proprietary
5 appraisal and specify that the successful bidder must close escrow on the sale by February
6 15, 2019, with resulting proceeds used to pay for entitlement costs associated with the
7 Project. A copy of said resolution is on file with the Clerk of the Board of Supervisors in File
8 No. 170986.

9 (d) Vacating portions of Michigan Street is necessary to effectuate the Project
10 approvals.

11 (e) The areas to be vacated by this ordinance are portions of Michigan Street
12 currently under the jurisdiction of the City, acting by and through the Department of Public
13 Works (Public Works) and by and through the Port Commission, and are as depicted in SUR
14 Map No. 2018-003 (collectively, Vacation Areas). SUR Map No. 2018-003 reflects the
15 conditions of Michigan Street and the adjacent Assessor's Parcel Numbers as of August 24,
16 2018. A copy of SUR Map No. 2018-003 is on file with the Clerk of the Board of Supervisors
17 in File No. 180854 and is incorporated herein by reference.

18 (f) On September 17, 2018, a Record of Survey was recorded that reflects the
19 Trust Exchange necessary for the Project. The Record of Survey reflects both the Assessor's
20 Parcel Numbers as of August 24, 2018, and the new Assessor's Parcel Numbers assigned to
21 the Trust Termination Lands. The Record of Survey is on file with the Clerk of the Board of
22 Supervisors in File No. 180854 and is incorporated herein by reference.

23 (g) Following the vacation of the approximately 12-foot-wide portion of Michigan
24 Street adjacent to Assessor's Parcel No. 4110-001, the Port, Public Works, and the County
25 Surveyor intend to merge and create new parcels, including Parcel K North.

1 (h) Following the vacation of the approximately 20.6-foot-wide strip portion of
2 Michigan Street adjacent to Assessor's Parcel 4111-004, south of the Pueblo line, Public
3 Works intends to transfer this portion of the vacated area to the Port. The Port currently holds
4 a minor sidewalk encroachment permit from Public Works (conditional use permit 14MSE-
5 0343) for this space.

6 (i) California Streets and Highways Code Sections 8300 et seq. and Public Works
7 Code Section 787(a) set forth the procedures that the City follows to vacate public streets and
8 public service easements. California Streets and Highways Code Sections 8314, 8334, and
9 8334.5, respectively, allow a summary vacation if the subject area is not needed for purposes
10 of a non-motorized transit facility, constitutes excess right-of-way, and when there are no in-
11 place functioning utilities.

12 (j) On November 28, 2017, Public Works sent notice of the proposed street
13 vacation to the Department of Technology, Municipal Transportation Agency, Fire
14 Department, and Public Utilities Commission, as well as AT&T, Sprint, and Pacific Gas and
15 Electric.

16 (k) In connection with the summary vacation provided in this ordinance, Public
17 Works prepared drawing Q-20-1030 concerning sidewalk widths and Public Works Order No.
18 188335 dated August 24, 2018. In Public Works Order No. 188335, the Director of Public
19 Works and City Engineer determined: (1) the Vacation Area as shown on SUR Map No. 2018-
20 003 is excess right-of-way and unnecessary for the City's present or prospective street or
21 highway purposes; (2) there are no physical public or private functioning utilities in the
22 Vacation Area; (3) the Vacation Area is not needed for purposes of a non-motorized transit
23 facility; (4) no City agency or utility opposed vacating the Vacation Area; (5) the width of the
24 Michigan Street right-of-way shall be adjusted in the official public right-of-way width maps in
25 accordance with SUR Map No. 2018-003; and (6) the proposed sidewalks would be

1 constructed in accordance with all City codes, regulations, and standards. A copy of Public
2 Works Order No. 188335 and Public Works drawing Q-20-1030 are on file with the Clerk of
3 the Board of Supervisors in File No. 180854 and are incorporated herein by reference

4 (l) The public interest, convenience, and necessity does not require that the City
5 reserve from the vacation of the Vacation Area any easements.

6 (m) The Board adopts as its own, the findings and recommendations of the Public
7 Works Director as set forth in Public Works Order No. 188335 concerning the summary
8 vacation of the Vacation Area and other actions in furtherance thereof, and the Board hereby
9 incorporates herein such recommendations and findings by reference.

10 (n) The street vacation actions are conducted under the general vacation
11 procedures of the California Streets and Highways Code Sections 8300 et seq. and Public
12 Works Code Section 787(a).

13 (o) Vacating the Vacation Areas will require the establishment of new sidewalk
14 areas along Michigan Street. These sidewalks are shown in Public Works drawing Q-20-
15 1030.

16 (p) The Department of Real Estate has consented to the real property transactions
17 described in this ordinance.

18
19 Section 3. Street Vacation.

20 (a) For the reasons stated in Section 2, vacating the Vacation Areas as depicted in
21 SUR Map No. 2018-003 will serve the public interest, convenience, and necessity.

22 (b) Pursuant to California Streets and Highways Code, Sections 8300 et seq. and
23 Public Works Code Section 787(a), the Board hereby summarily vacates the Vacation Area as
24 described in this ordinance, as shown on SUR Map No. 2018-003, and authorizes and directs
25 the Clerk of the Board of Supervisors and the Director of Real Estate to record or cause to be

1 recorded a certified copy of this ordinance as provided in California Streets and Highways
2 Code Section 8325(a). On recordation of this ordinance, the vacation shall be effective
3 without any further action by the Board. From and after the date this ordinance is recorded,
4 the Vacation Area no longer constitutes a public right-of-way.

5
6 Section 4. Sidewalk Establishment.

7 In accordance with Public Works Order 188335, Board of Supervisors Ordinance No.
8 1061, entitled "Regulating the Width of Sidewalks," a copy of which is in the Clerk of the Board
9 of Supervisors' Book of General Ordinances, in effect May 11, 1910, is hereby amended by
10 adding thereto a new section to read as follows:

11 Section 1620. The official sidewalk width on the westerly portion of Michigan Street from 20th
12 Street extending southward to the 21st Street right-of-way shall be as shown on Public Works drawing
13 Q-20-1030, a copy of which is on file with the Clerk of the Board of Supervisors in File No. 180854.

14
15 Section 5. Real Property Transfers.

16 (a) The Board of Supervisors authorizes the Director of Public Works and the
17 Director of Real Estate, each on behalf of the City, and the Port to transfer between them any
18 parcels necessary to create Parcel K North. In addition, the Director of Public Works and the
19 Director of Real Estate, each on behalf of the City, are authorized to transfer to the Port the
20 City's interest in the approximately 20.6-foot-wide strip portion of Michigan Street adjacent to
21 Assessor's Parcel 4111-004, south of the Pueblo line vacated as part of this ordinance, and
22 the portion of Michigan Street south of the Pueblo line that remains a right-of-way.

23 (b) Any such transfers of property shall not be subject to Chapter 23 of the
24 Administrative Code.

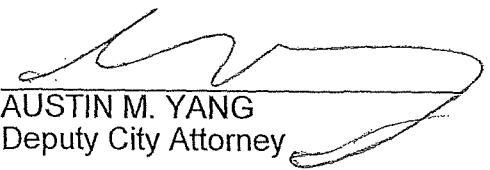

1
2 Section 6. Official Acts in Connection with the Legislation.

3 The Mayor, Clerk of the Board, Director of Real Estate, County Surveyor, and Director
4 of Public Works are hereby authorized and directed to take any and all actions which they or
5 the City Attorney may deem necessary or advisable in order to effectuate the purpose and
6 intent of this ordinance (including, without limitation, revising official public right-of-way and
7 sidewalk maps; the filing of this ordinance in the Official Records of the City and County of
8 San Francisco; and execution and delivery of any evidence of the same).
9

10 Section 7. Effective Date. This ordinance shall become effective 30 days after
11 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the
12 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board
13 of Supervisors overrides the Mayor's veto of the ordinance.

City and County of San Francisco
Tails
Ordinance

City Hall
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102-4689

File Number: 180854

Date Passed: October 30, 2018

Ordinance ordering the summary street vacation of portions of Michigan Street generally along Assessor's Parcel Block No. 4110, Lot No. 001, and Block No. 4111, Lot No. 004; establishing new official sidewalks on Michigan Street by amending Ordinance No. 1061, entitled "Regulating the Width of Sidewalks;" accepting a Public Works Order concerning the street vacation and establishment of new sidewalks; authorizing real property transfers and waiving the provisions of Administrative Code, Chapter 23; authorizing official acts in connection with this Ordinance, as defined herein; affirming the Planning Department's determination under the California Environmental Quality Act; adopting findings that the actions contemplated in this Ordinance are consistent with the General Plan, and the eight priority policies of Planning Code, Section 101.1.

Board amendment additions are in double-underlined Arial font.
Board amendment deletions are in ~~strikethrough Arial font~~.
Asterisks (* * * *) indicate the omission of unchanged Code subsections or parts of tables.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Environmental and Planning Code Findings.

(a) California Environmental Quality Act.

(1) At its hearing on August 24, 2017, and prior to recommending the proposed General Plan Amendments for approval, by Motion No. 19976, the Planning Commission certified a Final Environmental Impact Report (FEIR) for the Pier 70 Mixed-Use District Project (Project) pursuant to the California Environmental Quality Act (CEQA) (California Public Resources Code Section 21000 *et seq.*), the CEQA Guidelines (14 Cal. Code Reg. Section 15000 *et seq.*), and Chapter 31 of the Administrative Code. A copy of said Motion is on file with the Clerk of the Board of Supervisors in File No. 170930, and is incorporated herein by reference. In accordance with the actions contemplated herein, this Board has reviewed the FEIR, concurs with its conclusions, affirms the Planning Commission's certification of the

1 FEIR, and finds that the actions contemplated herein are within the scope of the Project
2 described and analyzed in the FEIR.

3 (2) In approving the Project at its hearing on August 24, 2017, by Resolution
4 No. 19978, the Planning Commission also adopted findings under CEQA, including a
5 statement of overriding consideration, and a Mitigation Monitoring and Reporting Program
6 (MMRP). A copy of said Motion and MMRP are on file with the Clerk of the Board of
7 Supervisors in File No. 170930, and is incorporated herein by reference. The Board hereby
8 adopts and incorporates by reference as though fully set forth herein the Planning
9 Commission's CEQA approval findings, including the statement of overriding considerations.
10 The Board also adopts and incorporates by reference as though fully set forth herein the
11 Project's MMRP.

12 (b) Planning Code Findings.

13 (1) Under San Francisco Charter Section 4.105 and Planning Code Section
14 340, any amendments to the General Plan shall first be considered by the Planning
15 Commission and thereafter recommended for approval or rejection by the Board of
16 Supervisors. On August 24, 2017, by Resolution No. 19978, the Commission conducted a
17 duly noticed public hearing on the General Plan Amendments pursuant to Planning Code
18 Section 340, and found that the public necessity, convenience and general welfare required
19 the proposed General Plan Amendments, adopted General Plan Amendments, and
20 recommended them for approval to the Board of Supervisors. A copy of the Planning
21 Commission Resolution No. 19978, is on file with the Clerk of the Board of Supervisors in File.
22 No. 170930, and incorporated by reference herein.

23 (2) On August 24, 2017, the Planning Commission, in Resolution No. 19978,
24 adopted findings that the actions contemplated in this ordinance are consistent, on balance,
25 with the City's General Plan and eight priority policies of Planning Code Section 101.1. The

1 Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of
2 the Board of Supervisors in File No. 170930, and is incorporated herein by reference.

3 Section 2. The General Plan is hereby amended by revising Map 4 of the Urban
4 Design Element ("Urban Design Guidelines for Height of Buildings") as follows:

5 Add a reference that states, "See Pier 70 Mixed-Use Project Special Use District,
6 Section 249.79 of the Planning Code, for buildings therein."

7 Section 3. The General Plan is hereby amended by revising Map 5 of the Urban
8 Design Element ("Urban Design Guidelines for Bulk of Buildings") as follows:

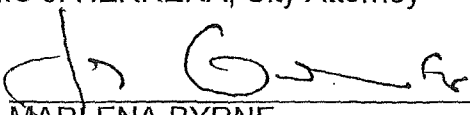

9 Add a reference that states, "See Pier 70 Mixed-Use Project Special Use District,
10 Section 249.79 of the Planning Code, for buildings therein."

11 Section 4. The General Plan is hereby amended by revising the Land Use Index as
12 follows:

13 The Land Use Index shall be updated as necessary to reflect the amendments set forth
14 in Section 2, above.

15 Section 5. Effective Date. This ordinance shall become effective 30 days after
16 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the
17 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board
18 of Supervisors overrides the Mayor's veto of the ordinance.
