1 [Vertical Disposition and Development Agreement - TMG Partners and Presidio Bay Ventures
2 - Parcel K North/Pier 70]

3 **Resolution approving a Vertical Disposition and Development Agreement between the**
4 **Port and a joint venture between TMG Partners and Presidio Bay Ventures for the sale**
5 **of Parcel K North, located at 20th Street and Illinois Street, by the Port Commission;**
6 **and adopting findings under the California Environmental Quality Act, and findings of**
7 **consistency with the General Plan, and the eight priority policies of Planning Code,**
8 **Section 101(b).**

9
10 WHEREAS, The City and County of San Francisco, acting through the San Francisco
11 Port Commission ("Port"), owns approximately 72 acres along San Francisco's Central
12 Waterfront known as Pier 70; and

13 WHEREAS, Beginning in 2006, the Port initiated an intensive planning process that
14 culminated in a project to restore and redevelop an approximately 35-acre site located at Pier
15 70 bounded generally by Illinois Street on the west, 20th Street to the north, San Francisco
16 Bay on the east and 22nd Street on the south in San Francisco's Central Waterfront Plan
17 Area ("Project Site"); and

18 WHEREAS, The Project Site includes (1) an approximately 28-acre Port-owned site
19 bounded generally by Michigan Street on the west, 22nd Street on the south, San Francisco
20 Bay on the east, and 20th street on the north ("28-Acre Site"); (2) portions of Michigan Street
21 vacated by Board of Supervisors' Ordinance No. 265-18; (3) an adjacent 3-acre site owned by
22 the Port at 20th and Illinois Streets known as "Parcel K"; and (4) approximately 3 acres of land
23 immediately south of Parcel K owned by Pacific Gas and Electric Company known as the
24 "Hoedown Yard"; and
25

1 WHEREAS, On October 31, 2017, the Board of Supervisors approved legislation
2 authorizing the "Pier 70 Mixed-Use District Project" on the Project Site, including: (1)
3 Resolution 402-17, a trust exchange agreement between the City, acting through the Port
4 Commission, and the California State Lands Commission, effective on September 14, 2018,
5 under Chapter 477 of the Statutes of 2011 (AB418) ("Trust Exchange"), a copy of which is on
6 file in Board File No. 170987, to impress or confirm the common law public trust and the
7 statutory trust under the Burton Act (Stats. 1968, ch. 1333) (collectively, the "Public Trust") on
8 portions of Pier 70 area most useful for Public Trust purposes and remove the Public Trust
9 from areas more suitable for development for nontrust uses; (2) Ordinance 225-17,
10 amendments to the Planning Code to create the Pier 70 Special Use District ("Pier 70 SUD")
11 over the Project Site and related amendments to the zoning maps; (3) Resolution 401-17, a
12 Disposition and Development Agreement ("DDA") between the Port and FC Pier 70, LLC
13 ("Forest City") for development of the 28-Acre Site, a copy of which is on file in Board File
14 No. 170986; and (4) Ordinance 224-17, a Development Agreement between the City and
15 Forest City for the 28-Acre Site, a copy of which is on file in Board File No. 170863; copies of
16 said motions, resolution, and ordinance are incorporated herein by reference; and

17 WHEREAS, At full build-out, the Pier 70 Mixed-Use District Project will include:
18 (1) 1,100 to 2,150 new residential units, at least 30% of which will be on-site housing
19 affordable to a range of low- to moderate-income households; (2) between 1 million and
20 2 million gross square feet of new commercial and office space, including space for small-
21 scale manufacturing, retail, and neighborhood services; (3) rehabilitation of three historic
22 buildings categorized as significant contributing resources to the historic district;
23 (4) transportation demand management on-site, a shuttle service, and payment of impact fees
24 to the Municipal Transportation Agency that it will use to improve transportation connections
25 through the neighborhood; (5) 9 acres of new open space, potentially including active

1 recreation on rooftops, a playground, a market square, a central commons, and waterfront
2 parks along the shoreline; (6) on-site strategies to protect against sea level rise; and
3 (7) replacement studio space for artists leasing space in Building 11 in Pier 70 and a new arts
4 space; and

5 WHEREAS, The approvals for the Pier 70 Mixed-Use District Project contemplate that
6 Parcel K will be merged with an adjacent 12-foot strip of Michigan Street and then subdivided
7 to create four new parcels: a plaza at the corner of 20th and Illinois Streets ("20th Street
8 Plaza"), "Parcel K North", "Parcel K South", and a new segment of the future 21st Street; and

9 WHEREAS, On October 31, 2018, by Ordinance No. 265-18, the Board of Supervisors
10 authorized, among other things, vacation of the 12-foot strip of Michigan Street adjacent to
11 Parcel K and jurisdictional transfers between the Port, Department of Real Estate and
12 Department of Public Works under an interdepartmental Memorandum of Understanding to
13 effectuate the sale of Parcel K North; and

14 WHEREAS, Transfer Map No. 9597 will subdivide Parcel K and the 28-Acre Site into
15 new parcels upon approval by the Board of Supervisors; and

16 WHEREAS, Parcel K is a trust termination parcel under the Trust Exchange, is free
17 from Public Trust use restrictions, and can be sold and developed for housing; and

18 WHEREAS, Under the Affordable Housing Plan attached to the DDA, Parcel K South
19 and two other development parcels in the 28-Acre Site will be developed as 100% affordable
20 housing by the Mayor's Office of Housing and Community Development ("MOHCD"); and

21 WHEREAS, Developers of market-rate residential condominiums in the Pier 70 SUD,
22 including Parcel K North, are not permitted to build on-site inclusionary units, but are required
23 to pay an affordable housing fee based on 28% of the units in the housing project; and

24 WHEREAS, Development of Parcel K North is subject to the Pier 70 SUD; under the
25 Pier 70 SUD, Parcel K North is programmed for a development of up to 261,700 gross square

1 feet of residential use, 13,200 square feet of ground floor commercial uses, and on-site
2 parking at the maximum rate of 0.6 spaces/residential unit and 1 space/1,500 square feet of
3 office space; and

4 WHEREAS, Pursuant to the DDA, the Port is required to offer Parcel K North for sale at
5 or above its fair market value established by a proprietary appraisal and specify that the
6 successful bidder must close escrow on the sale by February 15, 2019, with resulting net
7 sales proceeds used to pay for entitlement costs associated with development of the 28-Acre
8 Site; and

9 WHEREAS, On September 26, 2017, by Resolution No. 17-52, the Port Commission
10 approved the terms of a broker-managed competitive solicitation and sale of Parcel K North
11 for no less than its appraised fair market value, for development as residential condominiums;
12 and

13 WHEREAS, The Port, in consultation with City's Real Estate Division, selected Collier's
14 International through a competitive process to competitively bid the sale of Parcel K North as
15 the listing broker for the Port;

16 WHEREAS, The Port selected a joint venture between TMG Partners, a California
17 corporation, and Presidio Bay Ventures, a California limited liability company (together,
18 "Buyer") as the highest qualified bidder for Parcel K North and has negotiated a Vertical
19 Disposition and Development Agreement with the Buyer (including all attachments, exhibits
20 and schedules, the "VDDA") substantially in the form on file in Board File No. 190055 and
21 incorporated herein by reference, which requires the Buyer to, among other things:

- 22 (i) pay a total consideration to the Port of \$24,350,000;
- 23 (ii) construct the 20th Street Plaza, as a public benefit of the Pier 70 Mixed-
24 Use District Project, subject to reimbursement from public financing
25 sources;

- (iii) construct public improvements to the adjacent Michigan Street segment, subject to reimbursement from public financing sources;
- (iv) comply with all applicable provisions of the Mitigation Monitoring and Reporting Program for the Pier 70 Mixed-Use District Project, including the Transportation Demand Management Plan;
- (v) comply with the Illinois Street Parcel Additional Measures attached to the DDA, in order to minimize potential conflicts between American Industrial Center activities and future residential uses at the site;
- (vi) enter into a deed restriction requiring the second and each subsequent condominium purchaser to pay the Port a transfer fee equal to 1.5% of the purchase price to be deposited in the Harbor Fund for Public Trust purposes;
- (vii) delegate its vote to form a community facilities district to the Port and covenant to pay special taxes commencing three years after execution of the VDDA;
- (viii) comply with applicable land use restrictions, impact fees, and exactions imposed by the Pier 70 SUD, including a requirement to pay in-lieu affordable housing fees equal to 28% of the costs of on-site market-rate condominium units;
- (ix) pay all other applicable impact fees, including school facilities, utilities, and transportation fees ;
- (x) comply with the all applicable provisions of the City's First Source Hiring Program under Chapter 83 of the City's Administrative Code, Local Hiring Requirements as set forth in Chapter 82 of the City's Administrative Code, Prevailing Wage Requirements as set forth in Article II Chapter 6

1 and Section 23.61 of the City's Administrative Code, and other City
2 requirements as set forth in the VDDA; and

3 WHEREAS, The proposed market rate condominium development on Parcel K North is
4 projected to generate at least \$14.6 million in in-lieu affordable housing fees; and

5 WHEREAS, On August 24, 2017, the Planning Commission by Motion No. 19976,
6 certified the Final Environmental Impact Report ("Final EIR") for Pier 70 Mixed-Use District
7 Project as being accurate, complete, and in compliance with the California Environmental
8 Quality Act (California Public Resources Code Sections 21000 et seq.), the CEQA Guidelines
9 and Chapter 31 of the Administrative Code; and

10 WHEREAS, At the same hearing, the Planning Commission, by Motion No. 19977,
11 adopted findings with respect to the approval of the Pier 70 Mixed-Use District Project ("CEQA
12 Findings") and a Mitigation Monitoring and Reporting Program ("MMRP"); and

13 WHEREAS, At the same hearing, the Planning Commission, by Resolution No. 19978,
14 found that the Pier 70 Mixed-Use District Project, including the actions contemplated by this
15 Resolution, are consistent, on balance, with the City's General Plan and eight priority policies
16 of Planning Code, Section 101.1 ("Pier 70 General Plan Consistency Findings"); and

17 WHEREAS, On October 31, 2017, the Board of Supervisors, by Ordinance No. 227-17,
18 adopted these General Plan Consistency Findings and CEQA Findings as its own; copies of
19 said motions, resolution, and ordinance are incorporated herein by reference; and

20 WHEREAS, The Board of Supervisors has reviewed the FEIR, the MMRP and the
21 CEQA Findings, and finds that the approvals before the Board of Supervisors are within the
22 scope of the FEIR and that no substantial changes in the Pier 70 Mixed-Use District Project or
23 the circumstances surrounding the Pier 70 Mixed-Use District Project have occurred and no
24 new information that could not have been known previously showing new significant impacts
25

1 or an increase in severity in impacts has been discovered since the FEIR was certified; now,
2 therefore be it

3 RESOLVED, That the Board of Supervisors adopts the Pier 70 General Plan
4 Consistency Findings as its own; and, be it

5 FURTHER RESOLVED, That the Board of Supervisors adopts the Pier 70 CEQA
6 Findings as its own and adopts the MMRP and imposes its requirements as a condition to this
7 approval action; and, be it

8 FURTHER RESOLVED, That the Board of Supervisors approves the sale of Parcel K
9 North to the Buyer substantially on the terms and conditions of the VDDA on file in Board File
10 No. 190055; and be it

11 FURTHER RESOLVED, That the Board of Supervisors authorizes the Port's Executive
12 Director, or her designee, to execute the VDDA in substantially the form on file in Board File
13 No. 190055; and, be it

14 FURTHER RESOLVED, That to the extent that implementation of the VDDA involves
15 the execution and delivery of additional agreements, notices, consents and other instruments
16 or documents by the Port or City subject to Board of Supervisors' approval under Charter,
17 Section 9.118 (collectively, "Subsidiary Agreements"), the Port and the City, as they may
18 deem necessary or appropriate, in consultation with the City Attorney, are hereby authorized
19 to enter into all such Subsidiary Agreements so long as the transactions governed by such
20 Subsidiary Agreements are contemplated in, and comply with the terms of, the VDDA; and, be it
21 it

22 FURTHER RESOLVED, That the Board of Supervisors authorizes all officers,
23 employees, and agents of the Port and the City to take all steps that they deem necessary or
24 appropriate, to the extent permitted by applicable law, in order to implement the VDDA in
25 accordance with this resolution, including preparation and attachment of exhibits, execution of

1 subsequent documents, or to otherwise effectuate the purpose and intent of this resolution
2 and the VDDA; and, be it

3 FURTHER RESOLVED, That the Board of Supervisors authorizes the Executive
4 Director of the Port, or her designee, to enter into any amendments or modifications to the
5 VDDA that the Executive Director determines, in consultation with the City Attorney, are in the
6 best interest of the Port, do not materially decrease the benefits to or materially increase the
7 obligations or liabilities of the Port, and are in compliance with all applicable laws, such
8 determination to be conclusively evidenced by the execution and delivery by such person or
9 persons of any such documents; and be it

10 FURTHER RESOLVED, That the Board of Supervisors urges the Executive Director of
11 the Mayor's Office of Housing and Community Development to return to the Budget and
12 Finance Committee with her proposed plan to expend affordable housing fees generated by
13 the development of Parcel K North.

Item 12

File 19-0055

Department:

Port Commission (Port)

EXECUTIVE SUMMARY**Legislative Objectives**

- The proposed resolution approves the Vertical Disposition and Development Agreement (VDDA) between the Port and TMG Partners/Presidio Bay Ventures, a joint venture, setting the terms for the purchase of the Port-owned Parcel K North.

Key Points

- Parcel K North is adjacent to Pier 70 and slated for development of market rate residential condominiums. The Development and Disposition Agreement (DDA) for the Pier 70 development, previously approved by the Board of Supervisors, required the Port to offer Parcel K North for sale at or above its fair market value. Under the proposed VDDA, TMG Partners/Presidio Bay Ventures will pay the Port \$24,350,000 for Parcel K North, which is consistent with the appraised value.
- TMG Partners/Presidio Bay Ventures will construct an estimated 240 to 270 market rate residential condominiums in up to two phases; at least 40 percent of the condominiums must be constructed in the first phase. In addition, TMG Partners/Presidio Bay Ventures must construct public infrastructure improvements, including Michigan Street right-of-way and a public plaza, and a 20th Street public plaza. TMG Partners/Presidio Bay Ventures will be reimbursed for the costs of public infrastructure improvements with tax increment revenues generated by the Infrastructure Financing District (IFD) previously approved by the Board of Supervisors, and special taxes levied by the Community Facilities District (CFD) subject to future Board of Supervisors approval.

Fiscal Impact

- The Port will receive one-time revenues of \$24.3 million in sales proceeds and estimated annual revenues of \$474,000 from a transfer fee of 1.5 percent for resale of condominiums. The City will receive one-time transfer tax revenues of \$720,000 and one-time estimated development impact fees of \$19.9 million.
- Parcel K North is expected to generate (i) tax increment from the IFD, estimated at \$2.8 million per year, and (ii) special tax revenues from the CFD, estimated at \$1.4 million per year. Construction of public infrastructure improvements is estimated to cost \$7.7 million.

Policy Consideration

- Although the proposed VDDA does not require that TMG Partners/Presidio Bay Ventures construct the residential condominiums within a timeframe, according to Port staff, TMG Partners/Presidio Bay Ventures has an incentive to construct the project by the third year after execution of the VDDA, at which time they will be liable to pay facilities special taxes levied by the CFD of \$1.1 million regardless of whether the project is constructed.

Recommendation

- Because the VDDA, in which TMG Partners/Presidio Bay Ventures would purchase Parcel K North from the Port at the appraised value of \$24,350,000, is consistent with the Board of Supervisors prior approval of the Pier 70 DDA, the Budget and Legislative Analyst recommends approval of the proposed resolution.

MANDATE STATEMENT

City Charter Section 9.118(c) states that any sale of real property owned by the City and County of San Francisco is subject to Board of Supervisors approval.

BACKGROUND

Pier 70 is a mixed-use development on the Port's Central and Southern Waterfront, bounded by Mariposa, Illinois, and 22nd Streets. In 2014 Pier 70 was listed as the Union Iron Works Historic District on the National Register of Historic Places. Pier 70 includes the Ship Repair Facility¹, the Historic Core², Crane Cover Park³, and the Waterfront Site for mixed use development.

The Board of Supervisors approved the Development and Disposition Agreement (DDA) between Forest City Development California, Inc. (Forest City) and the Port in November 2017 to develop the Waterfront Site, and authorized the Port Executive Director to execute the master lease with Forest City and ground leases and vertical DDAs with vertical developers without further Board of Supervisors approval (File 17-0986).

Adjacent to the Waterfront Site are two parcels – Parcel K and the Hoedown Yard – which are part of the overall development plan for the site. The Hoedown Yard is owned by PG&E, and the City has the option to purchase the property or sell the option to purchase to a third party but as of January 2019 has not exercised the option. In November 2018 the Board of Supervisors approved establishing an Infrastructure and Revitalization Financing District (IRFD) on the Hoedown Yard (Files 18-0782 and 18-0784). Property tax increment generated by the IRFD is to be used to fund affordable housing development on the Waterfront Site and Parcel K South.

Parcel K

Parcel K is owned by the Port but not part of the public trust⁴. Parcel K South, as noted above, is slated for affordable housing development. Parcel K North is an undeveloped parcel (shown in Exhibit 1 below) located at 20th and Illinois Streets, and is slated for development of market rate condominiums.

¹ The Port is actively looking for a new operator for the Ship Repair Facility.

² The Board of Supervisors approved a 66-year lease with Orton Development in 2014 to rehabilitate six primary buildings and two outbuildings in the Historic Core. The rehabilitation of six of the buildings was completed in 2017 and 2018. Rehabilitation of the Bethlehem Steel Office (Building 101) and Compressor Office (Building 102) is anticipated in 2020 and 2019, respectively.

³ Crane Cove Park is a 7-acre waterfront park, which is partially funded by 2008 and 2012 Clean and Safe Neighborhood Park bonds, anticipated to be complete in 2020.

⁴ The 1968 Burton Act transferred Port lands from the State to the City to be held in public trust. California public trust law generally restricts uses of tidelands and submerged land to water-dependent or water-related uses, and prohibits transfer of tidelands and submerged land to private entities. When the Board of Supervisors approved the DDA between the Port and Forest City, the Board also approved the "Compromise Title Settlement and Land Exchange Agreement for Pier 70" between the Port and the State Lands Commission, which allowed the termination of the trust on Parcel K North in exchange for other parcels to be part of the trust. Parcel K North was removed from the trust in September 2018.

Exhibit 1: Parcel K North, 20th and Illinois Streets

The financing plan for the DDA between Forest City and the Port provided for the Port to sell Parcel K North at market value and use the proceeds to advance funds to the Pier 70 Community Facility District to pay for Pier 70 entitlement costs.⁵ The financing plan estimated Parcel K North sale proceeds to be \$25 million.

DETAILS OF PROPOSED LEGISLATION

The proposed resolution approves the Vertical Disposition and Development Agreement (VDDA) between the Port and TMG Partners and Presidio Bay Ventures (TMG Partners/Presidio Bay Ventures), a joint venture, setting the terms for TMG Partners/Presidio Bay Ventures to purchase Parcel K North and develop market rate residential condominium units. The proposed resolution also (a) approves that Pier 70 General Plan is consistent with the City's General Plan, (b) adopts the Pier 70 CEQA Findings and the associated the Mitigation Monitoring and Reporting Program for the Pier 70 Mixed-Use District Project, including the Transportation Demand Management Plan, (c) allows City officials to take the steps necessary to implement the VDDA, and (e) allows the Port to make modifications to the VDDA that do not materially decrease the benefits or increase the obligations to the Port without further Board of Supervisors' approval.

⁵ Under the DDA financing plan, community facility districts would be formed for Pier 70, levying a special tax on Pier 70 parcels to finance infrastructure construction and maintenance in accordance with California Mello Roos law.

Purchase of Parcel K North

Under the proposed VDDA, TMG Partners/Presidio Bay Ventures would purchase Parcel K North for \$24,000,000. According to the September 2018 appraisal by Cushman & Wakefield, an independent appraiser, the fair market value as-is of Parcel K North is \$24,300,000, or \$300,000 less than the proposed purchase price (see below). The December 2018 appraisal review by R. Blum + Associates, an independent appraiser, confirmed the appraisal amount of \$24,300,000.

Prospective buyers for Parcel K North were solicited through a real estate broker, Collier's International, in a competitive solicitation. Five prospective buyers responded to the solicitation. The Port deemed TMG Partners/Presidio Bay Ventures as the highest qualified bidder in consultation with the City's Real Estate Division and Colliers International. According to Mr. Brad Benson, Director of Special Projects, TMG Partners/Presidio Bay Ventures was selected based on the team's strong development credentials, history of building similar residential projects, and ability to meet the tight timeframe for completing due diligence, negotiating the sales agreement, and closing escrow by February 15, 2019, as evidenced by the amount of diligence and underwriting done to support the purchase offer and demonstrated source of financing to buy the property and build the project.

According to the proposed VDDA, TMG Partners/Presidio Bay Ventures will pay (a) the purchase price of \$24,000,000; and (b) the Port's costs to negotiate and implement the agreement up to \$350,000. Based on these amounts, the total purchase price to be paid by TMG Partners/Presidio Bay Ventures is \$24,350,000 or \$50,000 more than the appraised value of \$24,300,000.

TMG Partners/Presidio Bay Ventures Development Responsibilities

Parcel K North is currently leased by the Port to a parking lot operator. Parcel K North will be a development of up to 261,700 gross square feet of residential use and 13,200 square feet of ground floor commercial uses. The VDDA requires TMG Partners/Presidio Bay Ventures to construct:

- 240 to 270 residential condominium units, consisting of a mix of studios, 1-bedroom, 2-bedroom, and 3-bedroom units;
- Up to 13,200 square feet of retail/arts/light industrial, and office space;
- 0.6 parking spaces per residential unit and 1 parking space per 1,500 square feet of office space.

Construction of the project may occur in two phases, although at least 40 percent of the residential units must be constructed in the first phase.

In addition, the VDDA requires TMG Partners/Presidio Bay Ventures to construct the following infrastructure:

- Michigan Street right-of-way. The VDDA requires TMG Partners/Presidio Bay Ventures to construct public improvements to Michigan Street between 20th and 21st Streets. These improvements will restore a portion of this segment of Michigan Street, which

was vacated to assemble Parcel K North (File 18-0854), to a public right of way. Construction of these improvements is expected to be completed in April 2020.

- Michigan Street and 20th Street plazas. The VDDA requires TMG Partners/Presidio Bay Ventures to construct a (1) raised plaza as part of the Michigan Street right-of-way, and (2) plaza at 20th Street and Illinois Street. Construction of the plazas is expected to be complete in August 2022
- Electricity switchgear facilities, distributing electricity to the Waterfront Site, Historic Core, Shipyard Repair Facility, and Crane Cover Park. The VDDA provides two options for switchgear facilities. The first option is for the San Francisco Public Utilities Commission (SFPUC) to install two pad-mounted switchgear facilities in the Michigan Street plazas and for TMG Partners/Presidio Bay Ventures to construct a decorative enclosure at its sole cost up to \$250,000. Costs exceeding \$250,000 will be reimbursed by Pier 70 project revenues generated by the Infrastructure Financing District (IFD) and/or Community Facilities Districts as previously approved in the IFD financing plan (see Fiscal Impact below). The second option is for pole-mounted switchgear facilities on another parcel within Pier 70, in which TMG Partners/Presidio Bay Ventures would reimburse SFPUC and PG&E up to \$250,000.

The Port's timeline for the sale of Parcel K North to TMG Partners/Presidio Bay Ventures and development of the property is approximately 2 ½ years, as shown below:

Close escrow	Feb 2019
Conceptual Design Application	Spring 2019
Subdivision Map Application	Nov 2019
Start of construction	Fall 2020
Certificate of Occupancy	Fall 2022

Community Facilities District

The Pier 70 Special Use District provides for the formation of a Community Facilities District (CFD) on Parcel K North. The VDDA (a) provides for the levy of a special tax on the condominiums to be constructed on Parcel K North and sold to private property owners to be used for development of infrastructure and for services, and (b) requires TMG Partners/Presidio Bay Ventures to comply with all CFD covenants. The Community Facilities District is subject to future Board of Supervisors approval.

Transfer Fee

In accordance with the VDDA, the purchaser of each condominium unit pays a transfer fee to the Port equal to 1.5 percent of the purchase price. This transfer fee does not apply to the first purchase of the condominium unit but does apply to future purchases when the condominium unit is resold.⁶

⁶ If TMG Partners/Presidio Bay Ventures is unable to sell the condominium units due to a downturn in the real estate market, TMG Partners/Presidio Bay Ventures may operate the property as a rental property. The transfer fee is waived for 10 years, and after 10 years, an in-lieu transfer fee is charged to TMG Partners/Presidio Bay Ventures (or other project owner if the project has been transferred to a new owner). When the condominium

FISCAL IMPACT**Revenues to the Port**Sales Proceeds

One time revenues to the Port from the sale of Parcel K North are \$24,350,000. As noted above, according to the financing plan in the DDA between the Port and Forest City, the proceeds from the sale of Parcel K North will be used to pay down entitlement costs associated with the Pier 70 Special Use District project. Exhibit 2 below shows the total Pier 70 project sources and uses, including \$24,350,000 in proceeds from the sale of Parcel K North.

Exhibit 2: Pier 70 Project Sources and Uses of Funds

<u>Project Sources</u>	
CFD/IFD Bond Proceeds ^a	\$169,592,682
IFD Tax Increment	186,861,336

Source: Financing Plan in the DDA between the Port and Forest City

^a The Pier 70 Project financing plan provides for the formation of an Infrastructure Financing District (IFD) and of Community Facility Districts (CFD), including the issuance of bonds secured by the IFD tax increment revenue and CFD special tax levies.

^b The CFD formed in Parcel K North, and the special tax levy on the private condominium development, are estimated to generate \$35.4 million in revenue.

^c Proceeds from Land Sales include \$24.35 million from the sale of Parcel K North.

^d Profits are divided between Forest City as the master developer (\$226.8 million) and the Port (\$346.1 million).

Estimated Transfer Fees to the Port

Under the VDDA, the Port will receive a transfer fee equal to 1.5 percent of the sales price for the sale of the residential condominium units. This transfer fee does not apply to the initial sale but applies to the resale of the residential condominium units. The Port estimates receiving annual transfer fee revenues of \$474,000.

Estimated Revenues to the CityTransfer Taxes

The City will receive one-time real estate transfer tax revenues from the sale of Parcel K North of \$720,000. The City will receive additional transfer tax revenues in the future from the sale of the residential condominium units.

units are sold, after having been a rental unit for a period of time, the transfer fee is applied to the first sale of the unit.

Development Impact Fees

The cost to TMG Partners/Presidio Bay Ventures to develop Partial K North is estimated at \$287,375,000. The development impact fees to the City are estimated at nearly \$20 million, consisting of the affordable housing in-lieu fee, childcare fee, San Francisco Unified School District (SFUSD) fee, and transportation sustainability fee, as shown in Exhibit 3.

Exhibit 3: Development Impact Fees

Affordable Housing In-Lieu Fee	\$14,618,562
Childcare Fee	562,655
San Francisco USD Fee	999,710
Transportation Sustainability Fee	<u>3,794,940</u>
Total	<u>\$19,975,867</u>

Source: Port

Affordable Housing

The Parcel K North development is required to pay an affordable housing in-lieu fee based on 38 percent of the housing units developed on Parcel K North; the affordable housing in-lieu fee revenues are estimated to be \$14,618,563 (based upon 2019 fee schedule). The Board of Supervisors approved a Memorandum of Understanding in July 2018 between the Port and the Mayor's Office of Housing and Community Development (MOHCD) describing the terms by which the selected nonprofit housing developer, 88 Broadway Family LP, will construct affordable housing on Port-owned land at 88 Broadway (File 18-0683). California Assembly Bill (AB) 2649 requires the City to pay fair market value for the use of Port property for affordable housing. The fair market value for the 75-year ground lease was appraised at \$14,900,000 by Clifford Advisory LLC, an independent appraiser. Estimated affordable housing in-lieu fees of \$14,618,563, generated by the Parcel K North are a source of revenue to pay for the 75-year ground lease, which is anticipated to close in mid-2019. At that time, the appraised value (\$14,900,000) would become due to the Port from MOHCD. The MOU allows MOHCD to pay this amount to the Port as funds are available. The amount due to the Port, but not yet paid, will increase by 1.5 percent per year during the first two years the amount is outstanding and then increasing by 3 percent each year until the full amount is paid.

Estimated Project Revenues and ExpendituresProperty Tax Increment

Parcel K North is part of the Port's Infrastructure Financing District (IFD) Subproject Area G-2, approved by the Board of Supervisors in September 2018 (File 18-0773). Under the IFD, all of the property tax increment generated by development on Parcel K North is allocated to the project area. Estimated annual property tax increment generated by development on Parcel K North is \$2,865,000, of which \$2,586,000 will be allocated first to development of the 20th Street plaza and then other infrastructure in the Pier 70 Special Use District (92 percent) and \$279,000 will be allocated to other Pier 70 infrastructure projects (8 percent).

Community Facility District Special Tax

The proposed CFD to be formed on Parcel K North, subject to future Board of Supervisors approval, will generate an estimated \$1,377,310 each year from special taxes levied on the residential condominium units. Of this amount, an estimated \$1,049,180 will come from a special tax for facilities to be allocated to Pier 70 improvements, including the Michigan Street right of way and plaza, and an estimated \$328,130 will come from a special tax for services to be allocated to maintenance of Michigan Street, 20th Street and Michigan Street plazas, and Crane Cove Park.

Project Expenditures

Under the proposed VDDA, TMG Partners/Presidio Bay Ventures will construct Michigan Street right of way improvements and the Michigan Street plaza, and the 20th Street plaza. The VDDA budget for construction of Michigan Street right of way improvements and the Michigan Street plaza is \$4.3 million; TMG Partners/Presidio Bay Ventures will be repaid for construction and related costs from CFD special tax monies. The VDDA budget for the construction of the 20th Street plaza is \$3.4 million; TMG Partners/Presidio Bay Ventures will be repaid for construction and related costs from IFD tax increment. Interest on construction costs paid by TMG Partners/Presidio Bay Ventures will accrue at 4.38 percent per year, as shown in Exhibit 4.

Exhibit 4: Michigan Street Right-of-Way/Plaza and 20th Street Plaza Budgets⁷

		Michigan Street Right-of-Way and Plaza	20 th Street Plaza
Expected Completion Date		April 2020	August 2022
	Rate

Combined Total			\$7,712,196

Source: Port

^a Annual percent increase^b Percent of construction costs^c Percent of total project costs and development fee

⁷ According to the Port, the 4.38 percent interest paid to TMG Partners/Presidio Bay Ventures prior to reimbursement of their costs to construct the projects is based on the bond buyer index rate (average yield of 225 revenue bonds with terms of 30 years). The 6 percent development fee was negotiated between the Port and TMG Partners/Presidio Bay Ventures.

POLICY CONSIDERATION**Potential Project Risks**TMG Partners/Presidio Bay Ventures Development of the Project

As noted above, the Port selected TMG Partners/Presidio Bay Ventures to develop Parcel K North based on their history of building similar residential projects and demonstrated source of financing to buy the property and build the project. Under the proposed VDDA, TMG Partners/Presidio Bay Ventures is responsible for financing and constructing the condominium project. Completion of the first phase of residential condominium construction, including the certificate of occupancy, is scheduled for Fall 2022.

According to Port staff, the public offering documents did not specify a schedule of performance to construct the project, and a performance schedule was not included in the VDDA. However, according to Port staff, TMG Partners/Presidio Bay Ventures has an incentive to construct the project by the third year after execution of the VDDA, at which time they will be liable to pay facilities special taxes levied by the Community Facilities District (CFD).⁸ Exhibit G to the VDDA specifies that the facilities special tax is levied on 209,000 square feet even if the property is undeveloped. Therefore, TMG Partners/Presidio Bay Ventures would owe an estimated \$1,113,398 in facilities special tax (\$5.02 per residential square foot x 209,000 square feet) regardless of whether the condominium project is developed.

Public Facilities Financing

Construction of the Michigan Street right-of-way and plaza, and the 20th Street plaza are the responsibility of TMG Partners/Presidio Bay Ventures, to be reimbursed with special taxes levied as part of the CFD and tax increment generated by the IFD. Because TMG Partners/Presidio Bay Ventures earn 4.68 percent per year on their unreimbursed costs, delays in generating CFD special taxes and IFD tax increment to reimburse TMG Partners/Presidio Bay Ventures will increase the City's overall costs for the construction of the Michigan Street right-of-way and plaza, and the 20th Street plaza.

Conformance to Prior Reports

The Board of Supervisors previously approved the DDA between the Port and Forest City (File 17-0986), which required the Port to offer Parcel K North for sale at or above its fair market value. The proposed VDDA, in which TMG Partners/Presidio Bay Ventures would purchase Parcel K North from the Port at the appraised fair market value of \$24,350,000 is consistent with the Board of Supervisors prior approval of the DDA between the Port and Forest City. Therefore, the Budget and Legislative Analyst recommends approval of the resolution.

RECOMMENDATION

Approve the proposed resolution.

⁸ Although the CFD has not yet been formed and approved by the Board of Supervisors, according to Port staff, the CFD special tax rates were negotiated and agreed to by the Port and TMG Partners/Presidio Bay Ventures. These rates are included in Exhibit G to the VDDA. The legislation to approve the CFD for Parcel K North will be submitted to the Board of Supervisors after the Board's adoption of the Final Transfer Map for Pier 70, which is currently scheduled to occur on February 5, 2019.

VERTICAL DISPOSITION AND DEVELOPMENT AGREEMENT

(Pier 70 – Parcel K North)

THIS VERTICAL DISPOSITION AND DEVELOPMENT AGREEMENT (this “Agreement”) dated for reference purposes only as of _____, 20____, is by and between the CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation (“City”), operating by and through the San Francisco Port Commission (“Port”), and 64 PKN Owner, LLC, a Delaware limited liability company (“Vertical Developer”). All Exhibits and Schedules attached hereto are hereby incorporated by reference into this Agreement and will be construed as a single instrument and referred to herein as this “Agreement.” Initially capitalized terms in this Agreement are defined in *Article 26*.

THIS AGREEMENT IS MADE WITH REFERENCE TO THE FOLLOWING FACTS AND CIRCUMSTANCES:

A. Port owns certain real property located in the City and County of San Francisco consisting of approximately 67,988 square feet of unimproved land, as more particularly described on *Exhibit A-1* attached hereto and depicted on *Exhibit A-2* attached hereto (as each may be refined and adjusted in accordance with the terms of this Agreement, the “Property” or “Parcel K North”). The Property is located adjacent to (i) the “Historic Core Project” as more particularly described in that certain Lease Disposition and Development Agreement dated September 16, 2014, by and between Historic Pier 70, LLC and Port, and Lease No. L-15814 dated as of July 29, 2015, by and between Historic Pier 70, LLC and Port, and (ii) the “28-Acre Site Project” located on approximately 28-acres of land in the southeast corner of Pier 70 (the “28-Acre Site”) as more particularly described in that certain Disposition and Development Agreement dated May 2, 2018, by and between FC Pier 70, LLC (“Horizontal Developer”) and Port (as the same may be amended, supplemented, modified and/or assigned from time to time, the “Horizontal DDA”), and that certain Master Lease dated May 2, 2018, by and between Horizontal Developer and Port affecting a portion of the 28 - Acre Site (as the same may be amended, supplemented, modified and/or assigned from time to time, the “Master Lease”).

B. Planning Code Section 249.79 (the Pier 70 Special Use District) (as amended from time to time, the “SUD”) establishes the basic land use standards for vertical development of the Property, the 28-Acre Site and other property within the SUD and sets forth the process and requirements for design review and approval related to vertical development. As authorized under the SUD, Port and the Planning Commission approved the Design for Development that sets forth design standards and design guidelines that will apply to all Vertical Development within the SUD.

C. On September 26, 2017, by Resolution No. 17-52, the Port Commission approved (i) the terms of a competitive solicitation and sale of the Property for no less than its appraised fair market value, and (ii) the form of a Vertical Disposition and Development Agreement to be entered into between Port and the successful bidder. The Board of Supervisors approved this Agreement by Resolution ____-__ on [insert date].

D. Vertical Developer was selected to purchase and develop the Property in a broker-managed, competitive solicitation process undertaken by Port and the City’s Real Estate Division.

E. Subject to the terms and conditions of this Agreement, Vertical Developer desires to purchase the Property and Port is willing to sell the Property on the terms and conditions set forth herein.

F. Vertical Developer proposes to construct the project generally described in *Exhibit B* (as the same may be modified from time to time in accordance with the terms hereof, the “Vertical Project”) under the terms of this Agreement. The term “Vertical Project” includes a for-sale residential project of approximately 261,700 square feet of residential Gross Floor Area

and appurtenant commercial uses and infrastructure, which the Parties expect will be constructed in two phases under a final subdivision map issued by the City. In connection with the Vertical Project, except as set forth in **Section 12.2**, Vertical Developer is obligated to construct (i) an approximately 0.3-acre plaza at the southwest corner of Illinois and 20th Streets (the “**20th Street Plaza**”) (as further described in the Design for Development) and (ii) a new, one block segment of Michigan Street between 20th Street and the future 21st Street, including the Michigan Street ROW and the Michigan Street Plaza (collectively, “**Michigan Street**”) (as further described in the Streetscape Master Plan), each as more particularly set forth in **Exhibit B** (collectively, the “**PKN Horizontal Improvements**”) The Vertical Project and the PKN Horizontal Improvements are collectively referred to herein as the “**PKN Project**”.

G. The parties now desire to enter into this Agreement to set forth the terms and conditions upon which Port will deliver a fee interest in the Property to Vertical Developer and Vertical Developer will develop the PKN Project.

ACCORDINGLY, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Port and Vertical Developer hereby agree as follows:

AGREEMENT

1. CONVEYANCE OF PROPERTY.

Subject to the terms, covenants and conditions set forth herein, Port agrees to sell to Vertical Developer, and Vertical Developer agrees to purchase from Port, Port’s interest in the Property.

2. PURCHASE PRICE.

2.1. Purchase Price. The purchase price for the Property is Twenty-Four Million and 00/100 Dollars (\$24,000,000) (the “**Purchase Price**”).

2.2. Payment of Purchase Price; Deposit. Vertical Developer will pay Port the Purchase Price as follows:

(a) **Deposit.** Vertical Developer shall deliver within two (2) business days after Vertical Developer’s execution of this Agreement an earnest money deposit of One Million and 00/100 Dollars (\$1,000,000.00) (the “**Deposit**”) into escrow with Chicago Title Company (the “**Title Company**” or “**Escrow Agent**”).

(b) The Deposit is non-refundable to Vertical Developer except (i) as set forth in **Sections 6.3(b), 6.5(b), 7.2, 8.1, 8.3, 10.2 and 10.4** and (ii) in the event the Port VDDA Execution does not occur within 65 days after Vertical Developer’s execution of this Agreement. The Deposit will be credited against the Purchase Price at Closing. The Deposit will be held in an interest-bearing account, and all interest thereon will be deemed a part of the Deposit. Vertical Developer will pay the Purchase Price less the Deposit (including interest thereon) to Port at the consummation of the purchase and sale contemplated hereunder (the “**Closing**” or the “**Close of Escrow**”).

(c) **Independent Consideration.** Notwithstanding any provision of this Agreement to the contrary, upon any early termination of this Agreement where Vertical Developer is entitled to a refund of the Deposit, the Escrow Agent will deduct from the Deposit the sum of One Thousand and 00/100 Dollars (\$1,000.00) (the “**Independent Contract Consideration**”) and deliver such Independent Contract Consideration to Port, which amount the parties bargained for and agree to as consideration for Vertical Developer’s right to inspect and purchase the Property pursuant to this Agreement and for Port’s execution, delivery and performance of this Agreement. The Independent Contract Consideration is in addition to and independent of any other consideration or payment provided in this Agreement, is nonrefundable, and is fully earned and will be retained by Port notwithstanding any other provision of this Agreement.

3. CONDITIONS OF TITLE.

3.1. *Permitted Encumbrances.*

(a) **Permitted Exceptions.** At the Close of Escrow Port, through the City, will convey City's interest in and to the Property to Vertical Developer by quitclaim deed in the form of *Exhibit C* attached hereto (the "**Deed**"), subject only to the following: (i) Permitted Port Title Exceptions (as defined below); (ii) all items of which Vertical Developer had actual notice or knowledge of as of the Effective Date (subject to the provisions of **Section 6.3** with respect to a Port Title Defect); (iii) this Agreement and the Memorandum of this Agreement; (iv) CFD Matters attached hereto as Schedule 3.1 and the Agreement to Comply with CFD Matters; (v) Development Easements complying with the provisions of **Section 3.4(a)**, (vi) Vertical Developer Restrictive Covenants, (vii) Residential Condominium Unit Owners Restrictive Covenants, (viii) Notice of Transfer Fee Covenant, and (ix) the Transfer Fee Covenant ((i-ix) collectively, "**Permitted Encumbrances**"), and otherwise free and clear of (1) rights of possession by others and rights of possession of Port, (2) liens, encumbrances, covenants, assessments, easements, leases, licenses or other use agreements, and taxes, and (3) title policy exceptions as to any purchase option rights of any third party.

(b) **Permitted Port Title Exceptions.** For purposes of this Agreement, the following will constitute "**Permitted Port Title Exceptions**":

(i) Each matter affecting title to the Property disclosed by the Pro Forma Title Policy dated as of January 10, 2019 and attached hereto as *Exhibit S*, and not otherwise objected to by Vertical Developer prior to the Effective Date pursuant to Vertical Developer's title objection notice dated January 9, 2019, as amended by that certain letter dated January 15, 2019;

(ii) The lien of ad valorem real estate taxes, special taxes and assessments not yet delinquent as of the date of Closing, subject to proration as herein provided;

(iii) Laws, including but not limited to building and zoning laws, ordinances and regulations, now or hereafter in effect relating to the Property;

(iv) The customary printed exceptions and exclusions contained in title insurance policies;

(v) Matters caused by or on behalf of Vertical Developer or its Agents; and

(vi) Matters not identified in the Preliminary Title Report but disclosed by the Title Company and approved by Vertical Developer after the Effective Date but prior to Close of Escrow.

(c) **Horizontal Documents.** Vertical Developer acknowledges and agrees that Horizontal Developer has the right and obligation under the Horizontal DDA, the Master Lease, and other documents contemplated in such agreements (collectively, the "**Horizontal Documents**") to construct and complete Horizontal Improvements including new 20th and 21st Streets east of Illinois Street and connections in Michigan Street to the Switchgear Facilities. Vertical Developer acknowledges and agrees that (i) Port and Horizontal Developer may amend or modify the Horizontal Documents without Vertical Developer's prior consent, provided that Port shall provide Vertical Developer with notice and an opportunity to comment on any changes to the Horizontal Documents affecting that portion of 20th and 21st streets east of Illinois Street and west of Michigan Street, (ii) subject to **Section 3.4**, prior to Closing, Port may record or cause to be recorded Development Easements on the Property (which are reasonably acceptable to Vertical Developer as further provided in **Section 3.4**) to advance the development of the PKN Horizontal Improvements and the Horizontal Improvements, and (iii) subject to **Section 3.1(d)**, prior to Closing, Port may make adjustments to the legal description of the Property to exclude any portion thereof that is or is intended to become a right-of-way as the development of the

Property and the 28-Acre Site advances. Vertical Developer further agrees and acknowledges that because Port is not performing any of the Horizontal Improvements including any that may affect Vertical Developer's ability to commence and complete construction of the PKN Project, Vertical Developer will reasonably work and cooperate with the Horizontal Developer to agree on any schedule of performance for the completion of any portion of the Horizontal Improvements and other improvements that may impact Vertical Developer's ability to commence and complete construction of the PKN Project.

(d) **Modifications to Legal Description of Property.** Vertical Developer acknowledges and agrees that minor modifications to the boundaries of the Property may be required to accommodate existing and proposed rights-of-way as development of the Property and the 28-Acre Site, including construction of 20th Street and 21st Street. Accordingly, prior to the Close of Escrow, Port may request that Vertical Developer consent to any such minor modification, such consent not to be unreasonably withheld, conditioned or delayed so long as the modification (i) will not materially and adversely affect Vertical Developer's intended development (including, without limitation, costs, expenses and schedule), use or operation of the Property and the Vertical Project as reasonably determined by Vertical Developer; and (ii) is consistent with the SUD or Design for Development in all material respects. **Section 13.13** (Post Closing Boundary Adjustments) addresses boundary adjustments after Close of Escrow.

(e) **McEnerney Action.** Port shall pursue with reasonable diligence, at Port's cost and expense (without limiting any Port right to reimbursement under the Horizontal DDA), the completion of the quiet title action commenced by the Port as of September 13, 2018 pursuant to the so-called McEnerney Act (the "**McEnerney Action**") and to record the final judgement in the McEnerney Action so as to permit removal of all title exceptions relating to the subject matter thereto on or before August 31, 2019, which date is the anticipated date for completion of the McEnerney Action provided that no claim has been raised during the publication period ending January 31, 2019.

3.2. Vertical Developer's Compliance Requirements . Vertical Developer acknowledges and agrees that Port would not Deliver the Property unless Vertical Developer agreed, among other things, to comply (a) in all material respects with the obligation to construct the PKN Project in accordance with the terms of this Agreement, (b) with the CFD Matters further described in **Section 3.3**, (c) with the "**Vertical Developer Restrictive Covenants**", attached hereto as **Exhibit C-1A** pertaining to Vertical Developer's use and operation of the Property, (d) the restrictions further described in **Section 3.3(a) and (b)** below, (e) with the "**Transfer Fee Covenant**" attached hereto as **Exhibit C-2B**, and (f) with the obligation to develop the PKN Project that complies in all material respects with the Scope of Development attached hereto as **Exhibit B** (the "Scope of Development").

3.3. CFD Matters and Shortfall Provisions.

(a) **CFD Matters.** Vertical Developer will comply with all of the covenants and acknowledgements set forth in **Schedule 3.1** attached hereto (CFD Matters), which covenants and acknowledgements will be recorded against title to the Property and survive Close of Escrow in the form attached as **Attachment 1** to **Schedule 3.1** ("**Agreement to Comply with CFD Matters**").

(b) Shortfall Provisions.

(i) ***Vertical Developer Waiver and Covenant.*** Vertical Developer agrees to refrain from initiating a Reassessment to reduce the Baseline Assessed Value or later Current Assessed Value of the Property until the IFD Termination Date. In addition, Vertical Developer covenants that should Vertical Developer initiate a Reassessment in violation of the waiver in this Section, and subject to **Section 3.3(b)(ii)** (Circumstances Causing Shortfall), Vertical Developer and Port will take the following measures to avoid shortfalls:

(1) Vertical Developer will pay Port the Assessment Shortfall within 20 days after Port delivers its payment demand. Amounts not paid when due will bear interest at the rate of 10%, compounded annually, until paid.

(2) The obligation to pay the Assessment Shortfall will begin in the City Fiscal Year following the Reassessment and continue until the earlier to occur of the following dates:

- (1) the applicable IFD Termination Date; and
- (2) when the Assessment Shortfall is reduced to zero.

(ii) *Circumstances Causing Shortfall.* This Section will apply if Vertical Developer initiates a Reassessment on the Property in violation of **Section 3.3(b)(i)** (Vertical Developer Waiver and Covenant).

(iii) *Tax Exemption.* Vertical Developer and Port do not intend for this **Section 3.3(b)** to affect the tax-exempt status of any bonds. Should the Tax Code change, or the Internal Revenue Service or a court of competent jurisdiction issue a ruling that might cause any tax-exempt bonds to be deemed taxable due to the requirements under this Section, Port will release the obligations under this Section and it will be deemed severed from this Agreement.

(iv) *Mutual Expectations as to Shortfall Measures.* Neither Vertical Developer nor Port expects Port to make demand for payment under this **Section 3.3(b)**. In light of the Parties' mutual expectations, Vertical Developer has agreed to the waiver in **Section 3.3(b)(i)** (Vertical Developer Waiver and Covenant).

(v) *Not Applicable to Condominium Unit Owners.* The provisions of this **Section 3.3** shall not be applicable to any purchaser or owner of a Condominium Unit.

(c) **No Negotiation.** Vertical Developer understands that Port would not be willing to enter into this Agreement without this **Section 3.3**.

3.4. Reservation of Easements; Grant of Easements at Closing.

(a) **Development Easements, Generally.** Before the Close of Escrow, in order to facilitate the development of the Horizontal Improvements and the PKN Horizontal Improvements, Port has the right, subject to the limitations set forth below, to grant, convey or dedicate easements, and similar rights on and over the Property to utility companies, local water and sewer districts, the City, and other entities that provide utility or similar service to the Property or properties located adjacent thereto (the types of easements and similar rights described in the foregoing are, collectively, referred to herein as "**Development Easements**"); provided, however, before Port records, grants, conveys or dedicates any Development Easements hereunder, Port will furnish Vertical Developer with a copy of the proposed Development Easements for Vertical Developer's review and approval which approval will not be unreasonably withheld, conditioned or delayed so long as the proposed Development Easements (A) will not adversely affect Vertical Developer's intended development, use or operation of the Property or the Vertical Project as reasonably determined by Vertical Developer, (B) are consistent with the SUD or Design for Development in all material respects, and (C) are in form and substance reasonably acceptable to Vertical Developer. Vertical Developer will approve or disapprove any proposed Development Easement that requires Vertical Developer's prior approval within twenty (20) days following its receipt thereof; if Vertical Developer fails to approve or disapprove the applicable Development Easement within such twenty (20) day period, Port may submit to Vertical Developer a second written request for approval. If Vertical Developer fails to approve or disapprove the applicable proposed Development Easement within ten (10) days after Port's second written request for approval, Vertical Developer will be deemed to have approved the proposed applicable Development Easement.

(b) **Vault Infrastructure Easement.** In coordination with Port, Vertical Developer will use commercially reasonable efforts to negotiate and enter into before Close of

Escrow a temporary easement (the “Vault Infrastructure Easement”) with and in favor of the SFPUC for the operation and maintenance of infrastructure connecting vaults (the “Vault Infrastructure”) between Michigan Street and the PKN Improvement Area in a form and substance reasonably acceptable to Vertical Developer and SFPUC. The Vault Infrastructure Easement shall expire upon the earlier of (i) determination by the Parties that the Vault Infrastructure is not located on the Property or (ii) removal of the Vault Infrastructure from the Property by Vertical Developer in accordance with the Scope of Development.

3.5. Transportation Management Association. In order to comply with the Mitigation Monitoring and Reporting Program, Vertical Developer acknowledges that Vertical Developer is obligated to participate in a Transportation Management Association (the “TMA”) to implement and administer the Transportation Demand Management Program (as referenced in the Mitigation Monitoring and Reporting Program) for the SUD Project. Vertical Developer will be responsible for all TMA assessments that may be owing with respect to the Property following the Close of Escrow. Vertical Developer will reasonably cooperate with Horizontal Developer as necessary to create, maintain and fund the TMA.

3.6. Vertical Developer’s Responsibility for Title Insurance. Vertical Developer understands and agrees that the right, title and interest in the Property will not exceed that vested in Port or the City, and Port is under no obligation to furnish any policy of title insurance in connection with this transaction, provided, however, that Port shall be obligated to provide those documents reasonably requested by the Title Company that are in accordance with Port’s past practices, including the “Owner’s Affidavit” substantially in the form attached hereto as *Exhibit T*. Vertical Developer recognizes that any fences or other physical monument of the Property’s boundary lines may not correspond to the legal description of the Property. Port will not be responsible for any discrepancies in the parcel area or location of the property lines or any other matters which an accurate Survey or inspection might reveal. It is Vertical Developer’s sole responsibility to obtain a Survey from an independent surveyor and a policy of title insurance from the Title Company.

4. INDEPENDENT INVESTIGATION; “AS IS” CONDITION; RELEASE OF PORT; PORT COVENANTS.

4.1. Vertical Developer’s Independent Investigation. Vertical Developer represents and warrants to Port that Vertical Developer has performed an inspection and investigation of each and every aspect of the Property, either independently or through agents of Vertical Developer’s choosing, including, without limitation, the following matters (collectively, the “Property Conditions”):

(a) All matters relating to title including, without limitation, the existence, quality, nature and adequacy of Port’s interest in the Property and the existence of physically open and legally sufficient access to the Property.

(b) The zoning and other legal status of the Property, including, without limitation, the Property’s compliance with or applicability of all Laws and private or public covenants, conditions and restrictions, and all governmental and other legal requirements such as taxes, assessments, use permit requirements, environmental permits and building and fire codes.

(c) The quality, nature, adequacy and physical condition in, on, around, under, and pertaining to the Property, including all other physical and functional aspects in, on, around, under, and pertaining to the Property.

(d) The quality, nature, adequacy, and physical, geological and environmental condition in, on, around, under, and pertaining to the Property (including soils and any groundwater), and the presence or absence of any Hazardous Materials in, on, under or about the Property or any other real property in the vicinity of the Property.

(e) The suitability in, on, around, under, and pertaining to the Property for Vertical Developer's intended uses or the development of the Vertical Project. Vertical Developer represents and warrants that its intended use of the Property is a for-sale residential condominium project, provided, however, that Vertical Developer may operate the Vertical Project as a residential rental project subject to the limitations set forth in **Section 14.3**.

(f) The economics and development potential, if any, of the Property.

(g) All other matters of material significance affecting, in, on, around, under, and pertaining to the Property, including its development and use contemplated under this Agreement.

4.2. Property Disclosures. California law requires owners to disclose to buyers or lessees the presence or potential presence of certain Hazardous Materials. Accordingly, Vertical Developer is hereby advised that occupation of the Property may lead to exposure to Hazardous Materials such as, but not limited to, any chemical identified as a "constituent of concern" in the Pier 70 Risk Management Plan, gasoline, diesel and other vehicle fluids, vehicle exhaust, office maintenance fluids, tobacco smoke, methane and building materials containing chemicals, such as formaldehyde. Further, there are Hazardous Materials located on the Property, which are described in the Pier 70 Risk Management Plan, copies of which have been delivered to or made available to Vertical Developer. By execution of this Agreement, Vertical Developer acknowledges that the notices and warnings set forth above satisfy the requirements of California Health and Safety Code Section 25359.7 and related statutes.

Vertical Developer acknowledges that Port has disclosed the matters relating to the Property referred to in **Schedule 4.2** attached hereto. Nothing contained in such schedule will limit any of the provisions of this Article or relieve Vertical Developer of its obligations to conduct a diligent inquiry hereunder, nor will any such matters limit any of the provisions of **Section 4.3** or **Section 4.4**.

4.3. "As Is With All Faults"; Disclaimer of Representations and Warranties. VERTICAL DEVELOPER SPECIFICALLY ACKNOWLEDGES AND AGREES THAT PORT IS SELLING AND VERTICAL DEVELOPER IS PURCHASING PORT'S INTEREST IN THE PROPERTY ON AN "AS IS WITH ALL FAULTS" BASIS. VERTICAL DEVELOPER IS RELYING SOLELY ON ITS INDEPENDENT INVESTIGATION OF THE PROPERTY AND THE PKN IMPROVEMENT AREA. VERTICAL DEVELOPER SPECIFICALLY ACKNOWLEDGES AND AGREES THAT NEITHER THE CITY, INCLUDING ITS PORT, NOR ANY OF THE OTHER CITY PARTIES, HAS MADE, AND THERE IS HEREBY DISCLAIMED, ANY REPRESENTATIONS OR WARRANTIES OF ANY KIND WHATSOEVER, EXPRESS OR IMPLIED, AS TO ANY MATTERS CONCERNING THE PROPERTY, THE SUITABILITY OR FITNESS OF THE PROPERTY OR THE APPURTENANCES TO THE PROPERTY FOR THE VERTICAL PROJECT OR THE VERTICAL DEVELOPER'S INTENDED USES OR OPERATION OF THE PROPERTY, TITLE MATTERS, OR ANY OF THE PROPERTY CONDITIONS, THE LEGAL, PHYSICAL, GEOLOGICAL, ENVIRONMENTAL OR OTHER CONDITIONS OF THE PROPERTY, THE PROPERTY'S COMPLIANCE WITH LAWS, INCLUDING ALL BUILDING, PLANNING, ZONING AND OTHER REGULATIONS RELATING TO THE PROPERTY, THE VERTICAL PROJECT, OR ANY MATTER AFFECTING THE USE, VALUE, OR OCCUPANCY IN THE VERTICAL PROJECT, OR ANY OTHER MATTER WHATSOEVER PERTAINING TO THE PROPERTY OR THE PROPOSED VERTICAL PROJECT.

4.4. Release of City and Port. As part of its agreement to purchase the Property in its "As Is With All Faults" condition, Vertical Developer, on behalf of itself and its successors and assigns, waives or will be deemed to waive, any right to recover from, and forever releases, acquits, and discharges, the California State Lands Commission, City, including, but not limited to, all of its boards, commissions, departments, agencies and other subdivisions, including,

without limitation, Port, and all of their respective officers, employees, agents, contractors and representatives, and their respective heirs, successors, legal representatives and assigns (collectively, the “City Parties” and individually, “City Party”), from any and all demands, claims, legal or administrative proceedings, losses, liabilities, damages, penalties, fines, liens, judgments, costs or expenses whatsoever (including, without limitation, Attorneys’ Fees and Costs), whether direct or indirect, known or unknown, foreseen or unforeseen (collectively, “Claims”), that Vertical Developer may now have or that may arise on account of or in any way be connected with (i) the suitability of the Property for the development of the Vertical Project or Vertical Developer’s and its Agents and customer’s past, present and future use of the Property, (ii) title matters, or any of the property conditions, the legal, physical, geological or environmental condition of the Property (including soil and groundwater conditions), including, without limitation, any Hazardous Material in, on, under, above or about the Property, (iii) any Laws applicable thereto, including, without limitation, Environmental Laws, (iv) damages by death of or injury to any Person, or to property of any kind whatsoever and to whomever belonging, (v) construction impacts from the Horizontal Improvements, delay in completion of or failure to complete the Horizontal Improvements, defects in the Horizontal Improvements, and any other matter related to Horizontal Improvements, (vi) construction impacts from the Historic Core Project or the 28-Acre Site Project, delay in completion of or failure to complete the Historic Core Project or the 28-Acre Site Project, and any other matter related to the Historic Core Project or the 28-Acre Site Project, and (vii) goodwill, or business opportunities arising at any time and from any cause in, on, around, under, and pertaining to the Property or the Vertical Project, including all Claims arising from the joint, concurrent, active or passive negligence of any of City Parties, but excluding any intentionally harmful acts committed solely by Port or City. Vertical Developer, its successors and assigns, assume the risk that the Horizontal Improvements, the Historic Core Project, and/or the 28-Acre Site Project will not be completed. The Vertical Developer’s release and waiver under this **Section 4.4** shall not apply to (a) any Claims resulting from the gross negligence or willful misconduct of any of City Party or (b) any third-party tort Claims arising prior to the Close of Escrow.

In addition, Port shall not be released from Claims resulting from (a) Port’s breach of **Section 8.3** arising prior to the Close of Escrow of which Vertical Developer did not have actual notice or knowledge prior to the Close of Escrow, for which Vertical Developer’s sole and exclusive remedy shall be as set forth in **Section 8.3**, and (b) any Claims resulting from Port’s breach of (x) Port’s obligations under (A) **Section 3.1(e)** (for which Vertical Developer’s sole and exclusive remedy shall be specific performance), and (B) **Sections 9.2 and 25.9** (for which Vertical Developer’s sole and exclusive remedy shall be as set forth in **Sections 9.2 and 25.9**, respectively) and (y) of any reimbursement or payment obligations under the Financing Plan, for which the source of funds for any breach of a reimbursement or payment obligation under the Financing Plan by Port to Vertical Developer will be limited solely to the sources of funds available under the Financing Plan for reimbursement to Vertical Developer and such liability, if any, will be capped by the actual amount owed to Vertical Developer under the Financing Plan, plus the Interest Cost permitted in the Financing Plan for such amount owed

Vertical Developer expressly acknowledges and agrees that the amount payable or expended by Vertical Developer hereunder does not take into account any potential liability of the City Parties for any consequential, incidental or punitive damages. Port would not be willing to enter into this Agreement in the absence of a complete waiver of liability for consequential, incidental or punitive damages due to the acts or omissions of the City Parties, and Vertical Developer expressly assumes the risk with respect thereto. Accordingly, without limiting any Indemnification obligations of Vertical Developer or other waivers contained in this Agreement and as a material part of the consideration of this Agreement, Vertical Developer fully RELEASES, WAIVES AND DISCHARGES forever any and all claims, demands, rights, and causes of action against the City Parties for consequential, incidental and punitive damages (including, without limitation, lost profits) and covenants not to sue for such damages, the City Parties arising out of this Agreement or the uses authorized hereunder, including, any

interference with uses conducted by Vertical Developer pursuant to this Agreement regardless of the cause, and whether or not due to the negligence of the City Parties.

Vertical Developer understands and expressly accepts and assumes the risk that any facts concerning the Claims released, waived, and discharged in this Agreement includes known and unknown claims, disclosed and undisclosed, and anticipated and unanticipated claims pertaining to the subject matter of the releases, waivers, and discharges, and might be found later to be other than or different from the facts now believed to be true, and agrees that the releases, waivers, and discharges in this Agreement will remain effective. Accordingly, with respect to the Claims released, waived, and discharged in this Agreement, Vertical Developer expressly waives the benefits of Section 1542 of the California Civil Code, which provides as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

BY PLACING ITS INITIALS BELOW, VERTICAL DEVELOPER SPECIFICALLY ACKNOWLEDGES AND CONFIRMS THE VALIDITY OF THE RELEASES, WAIVERS, AND DISCHARGES MADE ABOVE AND THE FACT THAT VERTICAL DEVELOPER WAS REPRESENTED BY COUNSEL WHO EXPLAINED, AT THE TIME THIS AGREEMENT WAS MADE, THE CONSEQUENCES OF THE ABOVE RELEASES, WAIVERS AND DISCHARGES.

INITIALS: VERTICAL DEVELOPER: _____

4.5.Survival. The provisions of this *Article 4* will survive the expiration or earlier termination of this Agreement.

5. PRE-CLOSING COVENANTS.

5.1.Intentionally Omitted.

5.2.Transfer and Subdivision Maps.

(a) Horizontal Developer has filed an application entitled Tentative Transfer Map No. 9597, to create Map Act compliant parcels on Parcel K North as approved on November 21, 2018. The Final Transfer Map will be submitted by Horizontal Developer, in consultation with Port, to conclude the task, and will be subject to approval by the Board of Supervisors. Port will provide Vertical Developer a copy of the Final Transfer Map. Vertical Developer's approval shall be required if any changes to the draft Final Transfer Map dated as of January, 2019 and attached hereto as *Exhibit U* would, in Vertical Developer's reasonable discretion, materially and adversely affect the development of the Property.

(b) From and after the Effective Date and prior to the Close of Escrow, Vertical Developer, at its sole cost and expense, will become Port's co-applicant to Tentative Subdivision Map No. 9596 for the Property (the "PKN Tentative Map"); provided, however, Vertical Developer will not cause or permit the recordation of a PKN Final Map prior to the Close of Escrow. Port, at no cost to Port, will cooperate reasonably with Vertical Developer in its efforts to process the PKN Tentative Map and the PKN Final Map in accordance with the terms of *Section 13.10(b)*. Vertical Developer agrees not to submit any Subdivision Map for review and approval under the Subdivision Code without Port's prior consent, which consent shall not be unreasonably withheld, conditioned, or delayed. Recognizing that Horizontal Developer may construct underground electrical utility infrastructure for the 28-Acre-Site Project under Michigan Street, Vertical Developer must submit a substantially complete application for the PKN Tentative Map by November 1, 2019 to facilitate any such improvements on Michigan Street.

5.3.Regulatory Approvals for PKN Project. From and after the Effective Date and prior to the Close of Escrow, Vertical Developer will have the right, but not the obligation, at its sole cost and expense, to pursue Regulatory Approvals for the PKN Project including, without limitation, conceptual design approval under the SUD; provided, however, Vertical Developer will not cause or permit the issuance of any such Regulatory Approval prior to the Close of Escrow without the approval of Port, in its sole discretion, if the same would be binding upon Port. Port, at no cost to Port, will cooperate reasonably with Vertical Developer in its efforts to process such Regulatory Approvals in accordance with the terms of *Section 13.10(b)*.

6. CONDITIONS PRECEDENT TO CLOSING OF ACQUISITION.

6.1.Intentionally Omitted

6.2.Vertical Developer's Right to Terminate; Return of Deposit. If Vertical Developer elects to terminate this Agreement in accordance with *Section 6.3(b)*, *Section 6.5(b)*, *Section 7.2*, *Section 8.1*, *Section 8.3*, *Section 10.2*, or *Section 10.4(a)* then the Deposit, less the Independent Contract Consideration, will be returned promptly to Vertical Developer upon notice thereof to Escrow Agent, Vertical Developer will have no further remedies against Port and, except for any provisions of this Agreement which expressly state that they will survive the termination of this Agreement, this Agreement will be terminated and canceled in all respects and neither Vertical Developer nor Port will have any further rights or obligations hereunder. If Vertical Developer does not terminate this Agreement in accordance with this *Section 6.2*, or if Vertical Developer waives its right to terminate this Agreement, (i) this Agreement will remain in full force and effect and Vertical Developer will have no further right to terminate this Agreement, and (ii) Vertical Developer will be deemed to have waived any liability of Port and any right to refuse to consummate the Close of Escrow by reason of any condition known to Vertical Developer as of the Effective Date.

6.3.Title Review.

(a) If at the time scheduled for Close of Escrow any (i) possession by others, (ii) rights of possession other than those of Vertical Developer, or (iii) lien, encumbrance, covenant, assessment, easement, lease, tax or other matter which is not disclosed on the Preliminary Title Report or not previously approved by Vertical Developer, encumbers the Property and would, in Vertical Developer's reasonable discretion, materially and adversely affect the development of the Property ("Port Title Defect"), Port will have up to thirty (30) days from the date scheduled for Close of Escrow to remove the Port Title Defect. The Close of Escrow will be extended to the earlier of seven (7) business days after the date on which the Port Title Defect is removed or the expiration of such thirty (30) day period. If the Port Title Defect can be removed by bonding, and such bonding is reasonably acceptable to Vertical Developer, and Port has not so bonded within the thirty (30) day period, Vertical Developer may, but will not be obligated to, cause a bond to be issued at Port's sole cost and expense. If Vertical Developer causes a bond to be issued in accordance with this *Section 6.3(a)*, Port will reimburse Vertical Developer for the cost of such bond within thirty (30) days of demand or, at Port's option, credit such amount against the Purchase Price payable to Port under this Agreement.

(b) If at the expiration of the thirty-day extension to the scheduled Close of Escrow, a Port Title Defect still exists, Vertical Developer may by written notice to Port either (i) terminate this Agreement and receive a return of the Deposit or (ii) accept Delivery of the Property. If Vertical Developer accepts Delivery of the Property subject to a Port Title Defect, the Port Title Defect will be deemed waived. If Vertical Developer does not accept Delivery of the Property and fails to terminate this Agreement within seven (7) days after the extended date for the Close of Escrow, Port may terminate this Agreement upon three (3) days written notice to Vertical Developer, and Vertical Developer shall receive a return of the Deposit. If the Agreement is terminated under this Section the terms of *Section 6.2* shall apply.

6.4.Port's Conditions Precedent.

(a) **Port's Conditions Precedent.** The following are conditions precedent to Port's obligation to consummate the Close of Escrow and thereby Deliver the Property to Vertical Developer:

(i) The Board of Supervisors' authorization and approval, by resolution, of the Transaction Documents, has been completed and has become and remains effective, and such approval shall be Finally Granted.

(ii) Either (A) a Transfer Map creating the Property as a separate legal parcel under the California Subdivision Map Act and the City's Subdivision Code has been recorded in the Official Records, or (B) the County Surveyor has issued a certificate of compliance or conditional certificate of compliance identifying the Property as a separate parcel that may be sold, leased or financed without further compliance with the California Subdivision Map Act and the City's Subdivision Code.

(iii) Vertical Developer will have performed in all material respects (as reasonably determined by Port) all obligations under this Agreement required to be performed on its part before the Close of Escrow, no uncured Acquisition Event of Default will exist on Vertical Developer's part under this Agreement and all of Vertical Developer's representations and warranties made in **Section 25.4** will have been true and correct in all material respects when made and will be true and correct in all material respects as of the Close of Escrow. At the Close of Escrow, Vertical Developer will deliver to Port a certificate to confirm the accuracy of such representations and warranties, substantially in the form attached hereto as **Exhibit D**.

(iv) Vertical Developer will have deposited into Escrow, the balance of the Purchase Price, and all other sums necessary to consummate the Close of Escrow pursuant to the terms of this Agreement.

(v) Vertical Developer will have deposited into Escrow each of the documents described in **Section 7.3(b)**, each duly executed and acknowledged by Vertical Developer.

(vi) Vertical Developer will have deposited into Escrow the Port/City Costs Payment payable by Vertical Developer.

(vii) Vertical Developer and Port will have executed mutual irrevocable instructions to the Escrow Agent, all in accordance with **Article 7**.

(viii) Vertical Developer will have executed and delivered to Port a certification of compliance with San Francisco Administrative Code Chapters 12B and 12C on the "Chapter 12B Declaration: Nondiscrimination in Contracts and Benefits" form (Form HRC-12B-101), together with supporting documentation, and will have secured approval of the form by the City's Human Rights Commission.

(ix) Vertical Developer will have deposited into Escrow such evidence of authority to enter into this Agreement and any other Transaction Documents, as Port and the Title Company may reasonably require (including certificates of good standing, board resolutions and certificates of incumbency).

(x) Vertical Developer has not been suspended, disciplined or disbarred by, or prohibited from contracting with, any federal, state or local governmental agency pursuant to applicable Law pertaining to qualifications for government contracting qualifications.

(b) **Satisfaction of Port's Conditions.** The conditions precedent set forth in **Section 6.4(a)** are intended solely for the benefit of Port. If any such condition precedent is not satisfied on or before the Closing Date, Port's Executive Director, or, if the Executive Director determines that waiver of the condition precedent materially affects the rights, obligations, or

expectations of Port, the Port Commission, by resolution, will have the right in its sole discretion either to waive in writing the condition precedent in question and proceed with the Close of Escrow, or, in the alternative, to terminate this Agreement.

6.5. Vertical Developer's Conditions to Closing.

(a) **Vertical Developer Conditions Precedent.** The following are conditions precedent to Vertical Developer's obligation to consummate the Close of Escrow and accept the Property from Port under this Agreement:

(i) Port will have performed in all material respects (as reasonably determined by Vertical Developer) all obligations under this Agreement which Port is required to perform before the Close of Escrow and there is no Acquisition Event of Default by Port.

(ii) The Title Company is irrevocably committed to issue to Vertical Developer, upon payment by Vertical Developer, a title insurance policy satisfactory to Vertical Developer, insuring Vertical Developer's interest in the Property subject only to Permitted Encumbrances.

(iii) Port will have deposited into escrow (or caused City to deposit) each of the documents described in *Section 7.3(a)*, each duly executed and acknowledged by Port and/or City, as applicable.

(iv) The Board of Supervisors' authorization and approval, by resolution, of the Transaction Documents, has been completed and has become and remains effective, and such approval shall be Finally Granted.

(v) A Transfer Map creating the Property as a separate legal parcel under the California Subdivision Map Act and the City's Subdivision Code has been recorded in the Official Records.

(vi) Intentionally Omitted.

(vii) Vertical Developer and Port will have executed mutual irrevocable instructions to the Escrow Agent, all in accordance with *Article 7*.

(viii) Vertical Developer shall have received a determination reasonably satisfactory to Vertical Developer from the Planning Department that SUD Planning Code Section 249.79(l) "Review Approval of Development Phase and Horizontal Development" shall not apply to the PKN Project, and the PKN Project shall not require any Phase Approval or related hearings or presentations under that section prior to consideration or approval by the Planning Director or the Port of the PKN Project pursuant to SUD Planning Code Section 249.79(l).

(ix) Any operation, maintenance or service agreement for the Property will have been terminated by the Port as of the Close of Escrow at the sole cost and expense of the Port.

(x) No party shall have joined the McEnerney Action nor raised any claims to title prior to the end of the publication period.

(b) **Satisfaction of Vertical Developer's Conditions Precedent.** The conditions precedent set forth in *Section 6.5(a)* are intended solely for the benefit of Vertical Developer. If any such condition precedent is not satisfied on or before the Close of Escrow, Vertical Developer will have the right in its sole discretion to waive in writing the condition precedent in question and proceed with the Close of Escrow and acceptance of the Property under this Agreement, or, in the alternative, to terminate this Agreement. Notwithstanding the foregoing, Vertical Developer will not be entitled to a return of the Deposit from a failure of the condition set forth in *Section 6.5(a)(ii)* if such failure is a result of Vertical Developer's failure to (i) pay the premium for such title policy or (ii) provide the title company with Vertical

Developer's organizational and authority documents customarily required by title companies to issue an owner's title policy.

6.6. Taxes and Assessments.

(a) **Ad Valorem Taxes and Assessments Before and After Close of**

Escrow. For any period from the Effective Date to the Close of Escrow, Vertical Developer is responsible for the payment of any ad valorem taxes (including possessory interest and special taxes) assessed by reason of this Agreement. Ad valorem taxes and assessments levied, assessed, or imposed for any period from and after the Close of Escrow, including possessory interest and special taxes, are the sole responsibility of Vertical Developer.

(b) **Possessory Interest Taxes.** Vertical Developer recognizes and

understands that this Agreement may create a possessory interest subject to property taxation and that Vertical Developer may be subject to the payment of property taxes levied on such interest. San Francisco Administrative Code Sections 23.38 and 23.39 (or any successor statute) require that the City report certain information relating to this Agreement, and any renewals of this Agreement, to the County Assessor within sixty (60) days after any such transaction, and that Vertical Developer report certain information relating to any assignment under this Agreement to the County Assessor within sixty (60) days after such assignment transaction. Vertical Developer agrees to provide such information as may be requested by Port to enable Port to comply with this requirement.

(c) **Right to Contest.** Subject to *Section 3.3*, *Section 12.1*, *Section 12.2*, and

Section 12.4, and the matters described therein, Vertical Developer has the right to contest the amount, validity or applicability, in whole or in part, of any ad valorem, possessory interest or other taxes and assessments levied on Vertical Developer or the Property by reason of this Agreement (collectively, "**Taxes and Assessments**") by appropriate proceedings conducted in good faith and with due diligence, at no cost to Port, provided that, prior to commencement of such contest, Vertical Developer notifies Port of such contest. Vertical Developer must notify Port of the final determination of such contest within fifteen (15) days after such determination. Subject to *Section 3.3*, nothing in this Agreement requires Vertical Developer to pay any Taxes and Assessments so long as Vertical Developer contests the validity, applicability or amount of such Taxes and Assessments in good faith, and so long as it does not allow the portion of the Property affected by such Taxes and Assessments to be forfeited to the entity levying such Taxes and Assessments as a result of its nonpayment. If any Law requires, as a condition to such contest, that the disputed amount be paid under protest, or that a bond or similar security be provided, Vertical Developer must comply with such requirement as a condition to its right to contest. Vertical Developer is responsible for the payment of any interest, penalties or other charges that may accrue as a result of any contest, and Vertical Developer must provide a statutory lien release bond or other security reasonably satisfactory to Port in any instance where Port's interest in the Property may be subjected to such lien or claim. Vertical Developer is not required to pay any Taxes and Assessments being so contested during the pendency of any such proceedings unless payment is required by the court or agency conducting such proceedings. Port, at its own expense and at its sole option, may elect to join in any such proceeding whether or not any Law requires that such proceedings be brought by or in the name of Port or any owner of the Property. Port will not be subjected to any liability for the payment of any fines or penalties, and except as provided in the preceding sentence, costs, expenses or fees, including Attorneys' Fees and Costs, in connection with any such proceeding. Notwithstanding the foregoing, from and after the Close of Escrow, subject to *Section 3.3* and the matters described therein, Vertical Developer's right to contest Taxes and Assessments will be absolute and, without limiting the generality of the foregoing, in no event will Vertical Developer be obligated to notify or provide security to Port nor will Port have a right to participate.

(d) **Survival.** This *Section 6.6* will survive the expiration or earlier

termination of this Agreement.

7. ESCROW AND CLOSING.

7.1.Escrow. Vertical Developer and Port will deposit an executed counterpart of this Agreement with the Title Company. Port and Vertical Developer will deposit escrow instructions as appropriate to enable the Escrow Agent to comply with the terms of this Agreement. In addition, Port will deposit supplementary escrow instructions instructing Escrow Agent to apply all funds received by it in accordance with the requirements of the Horizontal Documents. In the event of any conflict between the provisions of this Agreement and any escrow instructions or supplementary escrow instructions, the terms of this Agreement will control.

7.2.Closing. The Closing (or Close of Escrow) hereunder will be held, and delivery of all items to be made at the Closing under the terms of this Agreement will be made, at the offices of the Title Company three (3) business days following the recordation of the Transfer Map, and satisfaction or waiver of the closing conditions set forth in *Sections 6.4 and 6.5*, but no later than March 15, 2019 (“**Outside Closing Date**”), or such earlier date and time as Vertical Developer and Port may mutually agree upon in writing (the “**Closing Date**”). Such date and time may not be extended without the prior written approval of both Port and Vertical Developer, which may be withheld in each of their sole discretion. If the Closing does not occur on or before the Outside Closing Date, then either Port or Vertical Developer may terminate this Agreement and, provided that the failure of Closing to occur on or before the Outside Closing Date is not due to an act or omission of Vertical Developer, the Deposit (less the Independent Contract Consideration) shall be returned to Vertical Developer.

7.3.Deposit of Documents.

- (a) **By Port.** At or before the Closing, Port will deposit into escrow the following items:
- (i) the duly executed and acknowledged original of the Quitclaim Deed signed by Port and City conveying the Property to Vertical Developer subject to the Permitted Encumbrances;
 - (ii) two (2) duly executed and acknowledged originals signed by Port of a memorandum of this Agreement in the form of *Exhibit E* attached hereto (the “**Memorandum of VDDA**”);
 - (iii) a duly executed owner’s title affidavit signed by Port and City substantially in the form attached hereto as *Exhibit T*;
 - (iv) two (2) duly executed and acknowledged originals signed by Port of the Notice of Transfer Fee Covenant and the Transfer Fee Covenant;
 - (v) two (2) duly executed and acknowledged originals signed by Port of the Agreement to Comply with CFD Matters;
 - (vi) two (2) duly executed originals signed by Port of the Delegation of Authority to Vote;
 - (vii) two (2) duly executed originals signed by Port of the Financing Plan;
 - (viii) a letter from an authorized City Attorney stating that Port is not aware of any breach by Port of the covenants set forth in *Section 8.3*;
 - (ix) such documents reasonably requested by the Title Company that are in accordance with Port’s past practices; and
 - (x) Board of Supervisors’ resolution(s) evidencing Port and City’s authority to consummate the transactions contemplated by this Agreement.

(b) **By Vertical Developer.** At or before the Closing, Vertical Developer will deposit into escrow the following items:

- (i) two (2) duly executed and acknowledged originals signed by Vertical Developer of the Memorandum of VDDA;
- (ii) the funds necessary to consummate the Close of Escrow;
- (iii) two (2) duly executed and acknowledged originals signed by Vertical Developer of the Vertical Developer Restrictive Covenants;
- (iv) two (2) duly executed and acknowledged originals signed by Vertical Developer of the Residential Condominium Unit Owners Restrictive Covenants;
- (v) two (2) duly executed and acknowledged originals signed by Vertical Developer of the Notice of Transfer Fee Covenant and the Transfer Fee Covenant;
- (vi) two (2) duly executed and acknowledged originals signed by Vertical Developer of the Agreement to Comply with CFD Matters;
- (vii) Intentionally Omitted
- (viii) Intentionally Omitted;
- (ix) two (2) duly executed originals signed by Vertical Developer of the Delegation of Authority to Vote;
- (x) two (2) duly executed originals signed by Vertical Developer of the Financing Plan;
- (xi) two (2) duly executed and acknowledged originals signed by Vertical Developer of the Vault Infrastructure Easement, if applicable; and
- (xii) evidence of authority to consummate the transactions contemplated by this Agreement, as the Title Company may reasonably require (including certificates of good standing, board resolutions and certificates of incumbency).

(c) **Further Assurances.** Port and Vertical Developer will each deposit such other instruments as are reasonably required by the Escrow Agent or otherwise required to close the escrow and consummate the purchase of the Property in accordance with the terms hereof.

7.4.Steps to Close Escrow. Port and Vertical Developer will instruct the Escrow Agent to consummate the escrow as provided herein and in the escrow instructions executed by Vertical Developer and Port. Upon the Close of Escrow, the Escrow Agent will record in the Official Records, in the following and no other order, the Deed, the Notice of Transfer Fee Covenant, the Transfer Fee Covenant, the Restrictive Covenants, the Memorandum of VDDA, the Agreement to Comply with CFD Matters, and any other documents reasonably required to be recorded under the terms of Regulatory Approvals. On or before (2) days prior to the Close of Escrow, Escrow Agent shall deliver to each of Port and Vertical Developer a draft buyer's and seller's settlement statement for review and approval by Vertical Developer and Port, as applicable. Upon Close of Escrow, Escrow Agent will deliver the settlement statement approved by Vertical Developer and Port to Port and Vertical Developer and deliver to Port all funds received by Escrow Agent on account of the Purchase Price. Port will instruct the Escrow Agent to disburse the net proceeds of the Purchase Price in accordance with Port's escrow instructions. In addition, the Title Company will issue an owner's title policy in the form approved by Vertical Developer to Vertical Developer as required under **Section 3.6.**

7.5.Waiver of Pre-Delivery Conditions. Unless the Parties otherwise expressly agree at the time of Close of Escrow, all pre-Delivery conditions of the Parties will, upon Close of Escrow, be deemed waived by the Party benefited by such condition.

7.6.Merger. Upon the Close of Escrow, the terms set forth in *Section 1* through *Section 10*, inclusive, of this Agreement will be deemed to have merged with the Deed and will be of no further force or effect, except (i) to the extent such term expressly survives the Close of Escrow pursuant to the terms thereof and (ii) the Claims that have not been waived or released by Vertical Developer as set forth in the second paragraph of *Section 4.4*. For the avoidance of doubt, the terms of *Section 11* through *Section 26*, inclusive, of this Agreement will survive the Close of Escrow.

8. RISK OF LOSS PRIOR TO CLOSING; OPERATION OF PROPERTY.

8.1.Loss. Prior to the Closing Date, Port will give Vertical Developer notice of the occurrence of damage or destruction of, or the commencement of condemnation proceedings affecting, any portion of the Property. In the event that all or any portion of the Property is condemned, or destroyed or damaged by fire or other casualty prior to the Closing, then Vertical Developer may, at its option to be exercised within ten (10) business days of Port's notice of the occurrence of the damage or destruction or the commencement of condemnation proceedings, either terminate this Agreement and receive its Deposit, or consummate the Delivery of the Property for the full Purchase Price, less any condemnation proceeds (or, if so elected by Vertical Developer, for the full Purchase Price; provided that Port pays to Vertical Developer or transfers its rights to any condemnation award proceeds attributable to the value of the Property to Vertical Developer at the Close of Escrow) as required by the terms hereof. If Vertical Developer elects to terminate this Agreement or fails to give Port notice within such ten (10) business day period that Vertical Developer will proceed with the purchase, then this Agreement will terminate at the end of such ten (10) business day period and the terms of *Section 6.2* will apply, including, without limitation a return of the Deposit to Vertical Developer.

8.2. Insurance Proceeds and Awards.

(a) **Insurance Proceeds.** Port will not be obligated to purchase any third party commercial liability insurance or property insurance with regard to the Property, and in no event will Port be obligated to transfer to Vertical Developer any insurance proceeds Port may receive or credit against or reduce the Purchase Price as a result of damage or destruction of the Property.

(b) **Condemnation Awards.** If Vertical Developer elects to consummate the Delivery of the Property for the full Purchase Price after condemnation of all or any a portion of the Property, Port will, at the election of Vertical Developer, transfer to Vertical Developer the condemnation award proceeds attributable to the value of the Property (but excluding all other amounts, including, but not limited to, attorneys' fees and costs) or credit such amounts against the Purchase Price.

8.3. Operation of Property Pending Close of Escrow Port agrees that prior to the earlier of the termination of this Agreement or the Close of Escrow:

(a) **Conveyance, etc.** Port shall not enter into new agreements to sell, convey, grant, assign, encumber or otherwise transfer (on or off record) the Property or any interest therein which would survive the Close of Escrow, without the prior written consent of Vertical Developer;

(b) **Physical Condition.** Port shall not alter the physical condition of the Property in a manner which would materially and adversely affect Vertical Developer's intended development of the Property (including, without limitation, costs, expenses and schedule), without the prior written consent of Vertical Developer;

(c) **Notices.** Port shall deliver to Vertical Developer all material notices or communications Port receives in writing from any governmental body or from Horizontal Developer pertaining to the Property (i) of violation or a pending or threatened (in writing)

litigation, or (ii) that would materially and adversely affect Vertical Developer's intended development (including, without limitation, costs, expenses and schedule), as determined by Port in its reasonable discretion.

If, prior to the Close of Escrow, Vertical Developer becomes aware, from Port or otherwise, of a breach of any of the covenants set forth in this **Section 8.3**, Vertical Developer and Port shall attempt to resolve any issues arising from such breach. If Vertical Developer and Port are unable to resolve such issues, then Vertical Developer may either (i) terminate this Agreement and receive a return of the Deposit or (ii) proceed with the Close of Escrow and waive any claims against Port for any breach under this **Section 8.3**. If the Close of Escrow occurs and subsequently Vertical Developer becomes aware, from Port or otherwise, of a breach of any of the covenants set forth in this **Section 8.3**, the maximum monetary liability of Port for any damages incurred by Vertical Developer for such breach shall not exceed Three Hundred Fifty Thousand and 00/100 Dollars (\$350,000.00) and the maximum total liability of the City for any damages incurred by Vertical Developer for such breach shall not exceed Six Hundred Thousand and 00/100 Dollars (\$600,000.00) (through a combination of payment and offset) subject to the further limitations set forth in this paragraph. Vertical Developer shall only be entitled to seek actual monetary damages against Port for any claim of a breach of a covenant in this **Section 8.3** if the remedy of specific performance is not available or would not provide a reasonably adequate remedy to redress any injury suffered by Vertical Developer for such breach. Payment of any monetary damages under this **Section 8.3** will be (a) in the form of a payment by Port to Vertical Developer in an amount of up to Three Hundred Fifty Thousand and 00/100 Dollars (\$350,000.00) (the source of which will be the Port/City Costs Payment paid to Port at the Close of Escrow and held in a holdback escrow until Port shall have no further liability under this **Section 8.3**) and (b) for any damages in excess thereof, payment will be in the form of an offset against Vertical Developer's obligation to pay to the SFPUC and PG&E, or Port, as applicable, the costs due under **Section 12.7**). The payment of monetary damages, including the offset right for the payment obligations under **Section 12.7**, is payable or subject to offset only following a final, unappealable judgment in a court of competent jurisdiction for such breach (or in the alternative, a proposed settlement) and following approval of the Port Commission; in its sole discretion, provided, however, that Port's Executive Director shall recommend that Port Commission approve Port's obligations to pay such damages and to offset Vertical Developer's payment obligations under **Section 12.7**, as applicable. The right to bring any claim against the Port under this paragraph shall terminate six (6) months after the Close of Escrow; Port shall have no liability to Vertical Developer under this **Section 8.3** after such date. If specifically asserted in writing prior to the expiration of such six (6) month period, a claim for damages shall thereafter survive until resolved by mutual agreement between Port and Vertical Developer or as determined by a court of competent jurisdiction. Any claim for damages not so asserted in writing prior to the expiration of such six (6) month period shall not thereafter be asserted and shall forever be waived.

9. CLOSING EXPENSES.

9.1.Expenses. Vertical Developer will pay all fees, charges, costs and other amounts necessary for the opening and Close of Escrow (collectively, the "**Closing Costs**"), including (i) real property transfer taxes applicable to the Delivery of the Property, (ii) personal property transfer taxes, (iii) the cost of any title reports, surveys, inspections and premiums for all title insurance policies obtained by Vertical Developer, and if applicable, any lender, (iv) escrow fees and recording charges, and (v) any other costs and charges of the escrow for the transaction contemplated hereby. Vertical Developer will pay the Closing Costs upon the Close of Escrow. If the Title Company requires, Vertical Developer shall pay into Escrow any such fees, costs, charges or other amounts required for the Close of Escrow under this Agreement.

9.2.Brokers. The parties represent and warrant to each other that no broker or finder was instrumental in arranging or bringing about this transaction other than Collier's International ("**Broker**") and that there are no other claims or rights for brokerage commissions

or finder's fees in connection with the transactions contemplated by this Agreement. Port will pay any brokerage commission or finder's fee due to Broker in connection with the transactions contemplated by this Agreement. If any person other than Broker brings a claim for a commission or finder's fee based on any contact, dealings, or communication with either Party, then such Party will defend the other Party from such claim, and will Indemnify the City Parties or Vertical Developer and its officers, employees, directors, owners, heirs, successors, legal representatives and assigns ("Vertical Developer Parties"), as applicable, from, and hold the City Parties or Vertical Developer Parties, as applicable, against, any and all costs, damages, claims, liabilities, or expenses (including, without limitation, reasonable Attorneys' Fees and Costs) that the City Parties or Vertical Developer Parties, as applicable, incur in defending against the claim. The provisions of this Section will survive the Closing, or, if the Delivery of the Property is not consummated for any reason, any termination of this Agreement.

10. ACQUISITION DEFAULTS, REMEDIES AND LIQUIDATED DAMAGES.

10.1. Acquisition Event of Default. For purposes hereof, an "Acquisition Event of Default" means any of the following occurring prior to the Close of Escrow:

(a) Vertical Developer fails to pay when due, any amount required to be paid under this Agreement with respect to the acquisition of the Property, and such failure continues for a period of five (5) business days following Vertical Developer's receipt of written notice thereof from Port;

(b) Vertical Developer causes or permits the occurrence of a Transfer not permitted under this Agreement;

(c) All conditions to the Close of Escrow in the applicable Party's favor have been satisfied or waived, and such Party fails to consummate the Closing by the Closing Date in violation of this Agreement;

(d) On or before the Closing Date, Vertical Developer files a petition for relief, or an order for relief is entered against Vertical Developer, in any case under applicable bankruptcy or insolvency law, or any comparable law that is now or hereafter may be in effect, whether for liquidation or reorganization, which proceedings if filed against Vertical Developer are not dismissed or stayed within one hundred eighty (180) days;

(e) On or before the Closing Date, a writ of execution is levied on this Agreement which is not released, bonded over or dismissed within one hundred twenty (120) days, or a receiver, trustee or custodian is appointed to take custody of all or any material part of the property of Vertical Developer, which appointment is not dismissed within one hundred twenty (120) days;

(f) On or before the Closing Date, Vertical Developer makes a general assignment for the benefit of its creditors; or

(g) The applicable Party violates any covenant set forth in *Sections 1* through and including *Section 9* of this Agreement, or fails to perform any other obligation to be performed by the party under *Sections 1* through and including *Section 9* of this Agreement at the time such performance is due, and such violation or failure continues without cure for more than fifteen (15) days after written notice from the other party specifying the nature of such violation or failure, or, if such cure cannot reasonably be completed within such fifteen (15) day period, if such party does not within such fifteen (15) day period commence such cure, or having so commenced, does not prosecute such cure with diligence and dispatch to completion within a reasonable time thereafter.

10.2. Failure to Close Escrow. Subject to *Section 10.3*, if due to an Acquisition Event of Default, Escrow cannot close on the date agreed to by the Parties, the non-defaulting Party may terminate this Agreement by written notice and demand the return of its money, papers or documents deposited in Escrow (including, in the case of Vertical Developer, the return of the

Deposit); provided, however, the defaulting Party will have ten (10) days after delivery of such termination notice to perform any acts required of it to permit Close of Escrow. If neither Party has performed fully to enable Close of Escrow by the time established therefor, then either Party may instruct the Title Company to return all documents and funds deposited with it to the applicable Parties in ten (10) days, unless within such ten (10) day period, both Parties perform fully all their obligations to enable Close of Escrow, in which case, the Title Company will proceed to the Close of Escrow without regard to such delay.

10.3. Default by Vertical Developer; Liquidated Damages. IF THE DELIVERY OF THE PROPERTY IS NOT CONSUMMATED DUE TO AN ACQUISITION EVENT OF DEFAULT BY THE VERTICAL DEVELOPER HEREUNDER, PORT WILL BE ENTITLED, AS ITS SOLE AND EXCLUSIVE REMEDY, TO TERMINATE THIS AGREEMENT AND RETAIN THE DEPOSIT AS LIQUIDATED DAMAGES.

THE PARTIES HAVE AGREED THAT PORT'S ACTUAL DAMAGES, IN THE EVENT OF A FAILURE TO CONSUMMATE THE DELIVERY OF THE PROPERTY AS SPECIFIED IN THE PRECEDING SENTENCE, WOULD BE EXTREMELY DIFFICULT OR IMPRACTICABLE TO DETERMINE. AFTER NEGOTIATION, THE PARTIES HAVE AGREED THAT, CONSIDERING ALL THE CIRCUMSTANCES EXISTING ON THE DATE OF THIS AGREEMENT, THE AMOUNT OF THE DEPOSIT IS A REASONABLE ESTIMATE OF THE DAMAGES THAT PORT WOULD INCUR IN SUCH AN EVENT. BY PLACING THEIR RESPECTIVE INITIALS BELOW, EACH PARTY SPECIFICALLY CONFIRMS THE ACCURACY OF THE STATEMENTS MADE ABOVE AND THE FACT THAT EACH PARTY WAS REPRESENTED BY COUNSEL WHO EXPLAINED, AT THE TIME THIS AGREEMENT WAS MADE, THE CONSEQUENCES OF THIS LIQUIDATED DAMAGES PROVISION.

INITIALS: PORT: _____ VERTICAL DEVELOPER: _____

10.4. Port Default; Vertical Developer's Remedies. Upon the occurrence of an Acquisition Event of Default by Port and provided there is no Acquisition Event of Default by Vertical Developer, Vertical Developer has the exclusive remedies set forth below following the expiration of applicable cure periods:

(a) **Termination.** Vertical Developer may terminate this Agreement upon ten (10) days' written notice to Port, in which event the provisions of *Section 6.2* shall apply; or

(b) **Specific Performance.** Vertical Developer may institute an action for specific performance. Port acknowledges that an Acquisition Event of Default by Port under *Section 10.1(c)* will be conclusively deemed to be a breach of an agreement to transfer real property that cannot be adequately relieved by pecuniary compensation as set forth in California Civil Code § 3387.

(c) **Damages.** Except as specifically set forth in this *Section 10.4(c)*, prior to the Close of Escrow, Port will not be liable to Vertical Developer for any monetary damages in connection with by any Acquisition Event of Default by Port and in no event will Port be liable for any actual, consequential, incidental or punitive damages; provided, however, if (i) Port is required under the terms of this Agreement to return the Deposit and Port fails to do so as required under this Agreement, then Vertical Developer may institute a cause of action for monetary damages equal to that portion of the Deposit that Port was required to return, that was not returned by Port, or (ii) transfers the Property (whether by fee or leasehold) to another party in violation of its obligations under this Agreement, then Vertical Developer may institute a cause of action for monetary damages, provided, however, Port's liability, if any, for such violation will not exceed an amount equal to the net sales proceeds received by Port from such fee sale or the net present value of the rent to be received by Port from such lease. The foregoing limitation on damages for any liability arising prior to the Close of Escrow shall not limit Vertical Developer's rights after the Close of Escrow under the last paragraph of *Section 8.3*.

(d) **No Other Remedies.** Other than the remedies set forth in the second paragraph of *Section 4.4*, the last paragraph of *Section 8.3* and under *Sections 10.4(a)*, *10.4(b)*, *10.4(c)*, and *25.9*, Vertical Developer is not entitled to any other remedies permitted by law or at equity for an Acquisition Event of Default.

11. COMPLIANCE WITH LAWS.

During the Term of this Agreement, Vertical Developer will comply with, at no cost to Port (except as may be otherwise provided for in the Financing Plan), all applicable Laws (taking into account any variances or other deviations properly approved and applicable to the PKN Project). The foregoing sentence will not be deemed to limit Port's ability to act in its legislative or regulatory capacity, including the exercise of its police powers. Vertical Developer acknowledges that the description of the PKN Project attached hereto does not limit Vertical Developer's responsibility to obtain Regulatory Approvals for the PKN Project, nor does it limit Port's responsibility in the issuance of any such Regulatory Approvals to comply with applicable Laws. It is understood and agreed that Vertical Developer's obligation to comply with Laws after the Close of Escrow includes the obligation to make, at no cost to Port, all additions to, modifications of, and installations on the Property that may be required by any Laws relating to or affecting the Property.

12. VERTICAL DEVELOPER POST-CLOSING OBLIGATIONS.

12.1. Payment of Services Special Taxes. Vertical Developer acknowledges that the Services Special Tax (as defined in Schedule 3.1) shall be payable as to a phase of the Vertical Project commencing on July 1 in the year following the issuance of the first temporary certificate of occupancy applicable to such phase. Such Services Special Tax shall be calculated based upon the net saleable square feet of Vertical Project as described in Attachment 3 to the Pier 70 Condo CFD RMA, as it may be revised under the terms of the Pier 70 Condo CFD RMA (as defined in the Financing Plan, a draft of which Pier 70 Condo CFD RMA is attached as Exhibit C to the Financing Plan).

12.2. Payment of Facilities Special Taxes. Vertical Developer acknowledges that the Facilities Special Tax (as defined in Schedule 3.1) shall be payable commencing on July 1 in the year following the third (3rd) anniversary of the Effective Date, irrespective of whether Vertical Developer has Commenced Construction of the PKN Project. Such Facilities Special Tax shall be calculated based upon the net saleable square feet of Vertical Project as described in Attachment 3 to the Pier 70 Condo CFD RMA, as it may be revised under the terms of the Pier 70 Condo CFD RMA.

12.3. Intentionally Omitted.

12.4. Delegation of Authority to Vote. If the City has not formed the Pier 70 Condo CFD (as defined in the Financing Plan) by the Closing Date, Vertical Developer hereby delegates to Port its authority to vote in any CFD Formation Proceedings (as defined in the Financing Plan) at an election scheduled by the Board of Supervisors to form the CFD consistent with the Financing Plan pursuant to the "Delegation of Authority to Vote" attached as *Exhibit B to Schedule 3.1* ("Delegation of Authority to Vote").

12.5. Notice of Special Tax. After the CFD Formation Proceedings are final, Vertical Developer will deliver to Port an acknowledgment (the "Notice of Special Tax") in a form reasonably approved by Port confirming that Vertical Developer has been advised of the terms and conditions of the CFD, including that the Property is subject to the applicable special taxes.

12.6. Temporary Construction Easements. After the Close of Escrow, Vertical Developer, in its reasonable discretion, will grant temporary construction easements in favor of Port, Horizontal Developer, any successor in interest of Horizontal Developer, and/or any developer of parcels adjacent to the Property, to facilitate the development of such adjacent parcels, which easements will authorize ingress, egress, repair, and other rights necessary for

construction. Any such easements would be subject to Vertical Developer's review and approval which approval will not be unreasonably withheld, conditioned or delayed so long as the proposed temporary construction easements (A) will not materially and adversely affect Vertical Developer's intended development, use or operation of the Property or the Vertical Project as reasonably determined by Vertical Developer, (B) are consistent with the SUD or Design for Development in all material respects, and (C) are in form and substance reasonably acceptable to Vertical Developer. This **Section 12.6** expressly survives termination of this Agreement.

12.7. Switchgear. Vertical Developer will facilitate the installation by the San Francisco Public Utilities Commission (the "SFPUC") of two intervening switchgear facilities ("Switchgear Facilities"), either pad-mounted in Michigan Street Plaza ("Switchgear Option 1") or pole-mounted on Port property immediately south of that portion of the to-be-built 21st Street adjacent to PKN ("Switchgear Option 2", and, collectively with Switchgear Option 1, each a "Switchgear Option"), which location shall be determined by Port and SFPUC in their sole discretion. No later than sixty (60) days after the Close of Escrow, Port will notify Vertical Developer of Port and SFPUC's determination as to the location of the Switchgear Facilities. In the event Port and SFPUC elect Switchgear Option 1, Vertical Developer will construct a decorative screen/enclosure around the Switchgear Facilities, subject to Port's design approval as part of design of Michigan Street Plaza. Vertical Developer shall pay at its sole cost and expense up to Two Hundred Fifty Thousand and 00/100 Dollars (\$250,000.00) in Hard Costs and Soft Costs (as defined in the Financing Plan) for Switchgear Option 1, with all additional costs reimbursed as PKN Capital Costs under the Financing Plan. In the event Port and SFPUC elect Switchgear Option 2, Vertical Developer will pay SFPUC and PG&E (without reimbursement) the lesser of (a) costs of relocating the existing temporary poles and pole-mounted Switchgear Facilities, or (b) \$250,000. If additional sub-surface improvements, such as an extended dry utility trench, are required under the future 21st Street and along Michigan Street south of 21st Street in connection with Switchgear Option 2, these costs will be eligible PKN Capital Costs, subject to reimbursement as provided for in the Financing Plan. The design and location of underground electrical utility vaults and dry utility trenches in Michigan Street and, if required, under 21st Street, are subject to Port approval in its sole discretion, in consultation with the developer of the Historic Core Project and Horizontal Developer, in connection with the approval of the PKN Tentative Map. Notwithstanding the above, on or after October 1, 2019, if Vertical Developer has not been able to secure from Port, SFPUC, and PG&E approval of preliminary plans and written commitment to an approval and construction schedule in form and substance acceptable to Vertical Developer for the selected Switchgear Option 1 or Switchgear Option 2, then Vertical Developer may cease pursuing development of the selected Switchgear Option and instead apply to PG&E, at its own cost and expense (without any reimbursement) for approvals to underground the overhead electrical lines on Michigan Street adjacent to PKN, so long as such undergrounding will not adversely affect the future development of Switchgear Option 1 or Switchgear Option 2. Vertical Developer's determination to underground the overhead utilities will not release Vertical Developer of its obligation to pay the lesser of (a) \$250,000 or (b) the actual cost for Switchgear Option 1 or Switchgear Option 2. Vertical Developer shall utilize the dry utility trench approved in connection with the PKN Tentative Map to underground the PG&E overhead wires; payments to PG&E to reimburse PG&E's cost of undergrounding wires shall be at Vertical Developer's sole cost and expense, and shall not be reimbursable as PKN Capital Costs under the Financing Plan. In the event work on a Switchgear Option has not commenced by the Port or SFPUC prior to receipt of the Substantial Completion Determination for the Michigan Street Plaza, subject to the provisions of the last paragraph of **Section 8.3**, Vertical Developer shall pay Port a fee of \$250,000 for the Switchgear Options (the "Switchgear Fee"), within thirty days of receipt of the Substantial Completion Determination for the Michigan Street Plaza. The Switchgear Fee shall be refunded to Vertical Developer within five years of Vertical Developer's payment of the Switchgear Fee if (a) neither Switchgear Option has been

constructed and (b) property within the SUD is served by a distribution line constructed by the SFPUC, referred to as the SFPUC Bay Corridor Transmission and Distribution Line.

12.8. Vertical Cooperation Agreement. Prior to the Commencement of Construction, Vertical Developer will use commercially reasonable efforts to enter into a Vertical Cooperation Agreement (the "VCA") with Horizontal Developer reasonably acceptable to Vertical Developer, to:

- (a) Provide Horizontal Developer or its agents any required access to Michigan Street during Vertical Developer's implementation of the Michigan Street Improvement Plans to construct electrical improvements servicing the 28-Acre Site Project, the Historic Core Project, and the Pier 70 Shipyard, including undergrounding of feeder lines and connections to the Switchgear Facilities;
- (b) Provide for coordination between Vertical Developer and Horizontal Developer during the construction of 20th Street east of Illinois Street and 21st Street between Illinois Street and the 28-Acre Site;
- (c) Establish each party's obligations related to liability for damage to and restoration of the Horizontal Improvements and/or the PKN Horizontal Improvements;
- (d) Provide Horizontal Developer with advance notice of the availability of non-impacted surplus soil from the Property and the first right to receive the surplus soil at a location for delivery in the 28-Acre Site identified by Horizontal Developer;
- (e) Establish any required schedule of performance for the completion of any portion of the Horizontal Improvements and other improvements that may impact Vertical Developer's ability to commence and complete construction of the PKN Project; and
- (f) Coordinate formation, administration, maintenance and funding of the TMA.

13. DEVELOPMENT OF PKN PROJECT .

13.1. Project Requirements. Vertical Developer must construct the Vertical Project, and, except as set forth in *Sections 12.2 and 13.5(b)*, the PKN Horizontal Improvements. The PKN Project will be designed, reviewed, constructed and completed in accordance with (i) in all material respects, the Scope of Development attached hereto as *Exhibit B*, (ii) the Vertical Development Requirements, (iii) in all material respects, the PKN Horizontal Improvements Requirements, (iv) *Articles 11* (Compliance with Laws and Regulatory Approvals) through and including *Article 26* (Definitions) of this Agreement, (v) the FOG Ordinance and the inclusion of automatic grease removal devices on all kitchen sinks in any café, restaurant or other food establishment on the Property, (vi) the Mitigation Monitoring and Reporting Program, (vii) the Final EIR for the SUD, and (viii) the Pier 70 Risk Management Plan (sometimes collectively referred to as the "Project Requirements"). Vertical Developer hereby consents to, and waives any rights it may have now or in the future to challenge the legal validity of, the conditions, requirements, policies, or programs required by this Agreement and the Project Requirements, including, without limitation, any Claim that they constitute an abuse of police power, violate substantive due process, deny equal protection of the laws, effect a taking of property without payment of just compensation, or impose an unlawful tax.

13.2. Mitigation Monitoring and Reporting Program. In order to mitigate the significant environmental impacts of the development contemplated hereby, the construction and subsequent operation of all or any part of the PKN Project will be in accordance with all applicable Environmental Laws and the Mitigation Monitoring and Reporting Program attached hereto as *Exhibit F*. Vertical Developer will incorporate the Mitigation Monitoring and Reporting Program applicable to the PKN Project into any contract or subcontract.

13.3. Amendment of Development Requirements. Vertical Developer will not seek any amendment to the Design for Development under Section 249.79(c) of the SUD or to the SUD under Section 302 of the Planning Code without obtaining the prior written consent of Port, which consent may be given or withheld in its sole discretion. In its application to Port or the City for a Regulatory Approval under the SUD or applicable building codes, Vertical Developer will expressly identify in writing any elements of its proposed construction that requires an amendment to the Vertical Development Requirements or the PKN Horizontal Improvements Requirements, and state the reason for the proposed amendment. No amendment to the Vertical Development Requirements or the PKN Horizontal Improvements Requirements will be effective with respect to such items if an amendment was not clearly sought by Vertical Developer in writing and such amendment was not approved by Port in its proprietary capacity.

13.4. Street and Utility Vacations. The Parties acknowledge that the recordation of the PKN Final Map and construction of PKN Horizontal Improvements will require the vacation of certain streets and utilities located within or adjacent to the Property, and the failure to do so in a timely manner could adversely affect or delay the Commencement or the completion of the applicable PKN Horizontal Improvements. Therefore, in connection with each Subdivision Map application, the Parties will work cooperatively to identify those Street and Utility Easements that should be abandoned, removed, relocated, amended, or otherwise modified to permit the recordation of a Final Map and/or to allow the construction of the PKN Horizontal Improvements (each, an "Easement Action"). To the extent that the Easement Actions will require action by the City, such as a quiet title action or Board of Supervisors action to abandon, vacate, or relocate (temporarily or permanently) the applicable Street and Utility Easement, Port will urge the City to take all such reasonable measures to implement the required Easement Actions.

13.5. Construction of Infrastructure.

(a) Vertical Developer will be solely responsible for developing all improvements within the Property, including, without limitation, private right of ways, pedestrian walkways, infrastructure, and landscaping and hardscaping in any open space and common areas located within the Property. Pedestrian facilities on Illinois Street, adjacent to the Property, will be constructed in compliance with San Francisco Planning Code Section 138.1, and Mitigation Measure M-TR-10 in the Mitigation Monitoring and Reporting Program.

(b) Except as set forth in *Section 15.11*, Vertical Developer will be required to construct the PKN Horizontal Improvements identified in *Exhibit B* for acceptance by Port, in accordance with the schedule of performance set forth in *Section 15.10*, and subject to reimbursement by Port under specified conditions as set forth in the financing plan and acquisition agreement attached hereto as *Exhibit G* (the "Financing Plan").

(c) Prior to the Commencement of Construction, Port and Vertical Developer shall enter into the License substantially in the form attached hereto as *Exhibit H* with such commercially reasonable changes mutually agreed to by Vertical Developer and Port (the "License").

(d) If Vertical Developer requires access to any real property outside of the Property in connection with the construction of the PKN Project that is under the control of:

(i) Port, Port will enter into a license with Vertical Developer, substantially in the form of the License; or

(ii) Horizontal Developer pursuant to the Master Lease, Vertical Developer will enter into a license with Horizontal Developer.

The License will remain in effect until the Port Commission accepts, in its sole discretion, all Port Acceptance Items, and all Sub-Surface Improvements have been accepted by the appropriate Acquiring Agency, except that the applicable portions of the License premises

may be terminated after acceptance of 1) the 20th Street Plaza, or 2) Michigan Street. Vertical Developer acknowledges and agrees that Port plans to issue another license to Horizontal Developer to permit installation of electrical facilities in Michigan Street to serve the 28-Acre Site Project, under procedures to be mutually agreed by Vertical Developer and Horizontal Developer in the VCA.

13.6. *Intentionally Omitted.*

13.7. *Intentionally Omitted.*

13.8. *Costs of Vertical Project Sole Responsibility of Vertical Developer.* Port has no responsibility for any costs of the Vertical Project and Vertical Developer will pay (or cause to be paid) all such costs.

13.9. *Intentionally Omitted.*

13.10. *Regulatory Approvals.*

(a) **Port Acting as Owner of Property.** Vertical Developer understands and agrees that Port is entering into this Agreement in its proprietary capacity as the holder of fee title to the Property and not as a Regulatory Agency with certain police powers. Vertical Developer agrees and acknowledges that Port has made no representation or warranty that the necessary Regulatory Approvals to allow for the development of the PKN Project can be obtained. Vertical Developer agrees and acknowledges that although Port is an agency of the City, Port staff and executives have no authority or influence over officials or Regulatory Agencies responsible for the issuance of any Regulatory Approvals, including Port and/or City officials acting in a regulatory capacity. Accordingly, there is no guarantee, nor a presumption, that any of the Regulatory Approvals required for the approval or development of the PKN Project will be issued by the appropriate Regulatory Agency, and Vertical Developer understands and agrees that neither entry by Port into this Agreement nor any approvals given by Port under this Agreement will be deemed to imply that Vertical Developer will obtain any required approvals from Regulatory Agencies which have jurisdiction over the PKN Project and/or the Property, including Port itself in its regulatory capacity. Port's status as an agency of the City in no way limits the obligation of Vertical Developer, at Vertical Developer's own cost and initiative, to obtain Regulatory Approvals from Regulatory Agencies that have jurisdiction over the PKN Project. By entering into this Agreement, Port is in no way modifying or limiting Vertical Developer's obligations to cause the Property to be developed, restored, used and occupied in accordance with all Laws. Vertical Developer further agrees and acknowledges that any time limitations on Port review or approval within this Agreement applies only to Port in its proprietary capacity, not in its regulatory capacity. Without limiting the foregoing, Vertical Developer understands and agrees that Port staff have no obligation to advocate, promote or lobby any Regulatory Agency and/or any local, regional, state or federal official for any Regulatory Approval, for approval of the PKN Project or other matters related to this Agreement, and any such advocacy, promotion or lobbying will be done by Vertical Developer at Vertical Developer's sole cost and expense. Vertical Developer hereby waives any Claims against the City Parties, and fully releases and discharges the City Parties to the fullest extent permitted by Law, from any liability relating to the failure of Port, the City or any Regulatory Agency from issuing any required Regulatory Approval or from issuing any approval of the PKN Project.

(b) Regulatory Approval; Conditions.

(i) Vertical Developer understands that construction of the PKN Project, and Vertical Developer's contemplated uses and activities on the Property, may require Regulatory Approvals from Regulatory Agencies, which may include the City, Port, the RWQCB, SFPUC, SFPW, SFDPH, BAAQMD, Cal OSHA and other Regulatory Agencies. Vertical Developer is solely responsible for obtaining any such Regulatory Approvals, as further provided in this Section.

(ii) Port, at no cost to Port, will cooperate reasonably with Vertical Developer in its efforts to obtain such Regulatory Approvals, including submitting letters of authorization for submittal of applications consistent with all applicable Laws and the further terms and conditions of this Agreement, including, without limitation, being a co-permittee with respect to any such Regulatory Approvals. However, if (1) Port is required to be a co-permittee under any such permit, then Port will not be subject to any conditions and/or restrictions under such permit that could encumber, restrict or adversely change the use of any Port property other than the Property, unless in each instance Port has previously approved, in Port's sole and absolute discretion, such conditions or restrictions and Vertical Developer has assumed all obligations and liabilities related to such conditions and/or restrictions; or (2) Port is required to be a co-permittee under any such permit, then Port will not be subject to any conditions or restrictions under such permit that could restrict or change the use of the Property in a manner not otherwise permitted under this Agreement or subject Port to unreimbursed costs or fees, unless in each instance Port has previously approved, in Port's reasonable discretion, such conditions and/or restrictions and Vertical Developer has assumed all obligations and liabilities related to such conditions and/or restrictions (including the assumption of any unreimbursed costs or fees Port may be subject to as a result of such Regulatory Approval).

(iii) Port will provide Vertical Developer with its approval or disapproval thereof in writing to Vertical Developer within ten (10) business days after receipt of Vertical Developer's written request, or if Port's Executive Director reasonably determines that Port Commission or Board of Supervisors action is required under applicable Laws, at the first Port and subsequent Board hearings after receipt of Vertical Developer's written request subject to notice requirements and reasonable staff preparation time, not to exceed forty-five (45) days for Port Commission action alone and seventy-five (75) days if both Port Commission and Board action is required, provided such period may be extended to account for any recess or cancellation of Board or Port Commission meetings. Port will join in any application by Vertical Developer for any required Regulatory Approval and execute such permit where required, provided that Port has no obligation to join in any such application or sign the permit if Port does not approve the conditions or restrictions imposed by the Regulatory Agency under such permit as set forth above.

(iv) Vertical Developer will bear all costs associated with (1) applying for and obtaining any necessary Regulatory Approval for the PKN Project, and (2) complying with any and all conditions or restrictions imposed by Regulatory Agencies as part of any Regulatory Approval relating to the PKN Project, including the economic costs of any development concessions, waivers, or other impositions relating to the PKN Project, and whether such conditions or restrictions are on-site or require off-site improvements, removal, or other measures. Vertical Developer in its sole discretion has the right to appeal or contest any condition in any manner permitted by Law imposed by any such Regulatory Approval. Vertical Developer will provide Port with prior notice of any such appeal or contest and keep Port informed of such proceedings. Vertical Developer will pay or discharge any fines, penalties or corrective actions imposed as a result of the failure of Vertical Developer to comply with the terms and conditions of any Regulatory Approval. No Port approval will limit Vertical Developer's obligation to pay all the costs of complying with any conditions or restrictions. Vertical Developer will take reasonable steps to cooperate with Port in connection with Port's efforts to obtain approvals from Regulatory Agencies related to development of Pier 70 that are not necessary for or related to development of the Property.

(v) Without limiting any other Indemnification provisions of this Agreement, Vertical Developer will Indemnify the City Parties from and against any and all Losses which may arise in connection with Vertical Developer's failure to obtain or seek to obtain in good faith, or to comply with the terms and conditions of any Regulatory Approval relating to the PKN Project which will be necessary to develop and construct the PKN Project in

accordance with the Scope of Development, except to the extent that such Losses arise from the gross negligence or willful misconduct of any City Party.

(c) **Compliance**. Vertical Developer is solely responsible for ensuring that the design and construction of the PKN Project complies with all PKN Development Requirements and applicable Laws at no cost to Port, except as may be provided for in the Financing Plan.

(d) **Noncompliance**. Vertical Developer must pay any fines and penalties and perform any corrective actions imposed for noncompliance with any applicable Laws and Indemnify Port against any Losses arising from such noncompliance, even if Port is a co-permittee, except to the extent such Losses were caused by Port's gross negligence or willful misconduct. Vertical Developer will not be entitled to reimbursement from public financing sources for any such fines and penalties, and, except as may be provided for in the Financing Plan, such costs of corrective actions related to its construction of the PKN Horizontal Improvements.

13.11. Conditions to Commencement of Construction of the PKN Project.

(a) **Conditions Precedent**. Unless expressly waived by Port, Vertical Developer must satisfy all of the following conditions before Commencement of Construction of the PKN Project:

(i) ***Certification***. Vertical Developer will have delivered to Port a statement certified by its officer as true, correct and complete that (1) to its knowledge, it has obtained all Regulatory Approvals required to commence construction of the PKN Project, (2) it has obtained sufficient financing or equity to commence and complete the PKN Project, and (3) it has paid the City all Impact Fees and Exactions that are required to be paid prior to Commencement of Construction of the PKN Project, including, but not limited to, the affordable housing in-lieu payments required pursuant the SUD.

(ii) ***Good Standing***. There will be no uncured Vertical Developer Default by Vertical Developer under this Agreement.

(iii) ***Intentionally Omitted***.

(iv) ***Construction Documents***. The Construction Documents for the PKN Project must conform in all material respects to the Scope of Development. By way of example, the Vertical Project must contain the number of floors and residential units described in the Scope of Development.

(v) ***Tentative Subdivision Map***. Vertical Developer has obtained Port's conditional approval of the PKN Tentative Map for the PKN Project, entered into one or more Public Improvement Agreements with the City, and provided all bonds required under the Subdivision Code.

(b) **Conditions for Benefit of Port**. The conditions in ***Section 13.11(a)*** (Conditions Precedent) are solely for the benefit of Port. Only Port may waive any of those conditions, and only to the extent waivable under Law.

(c) **Effect of Failure of Condition**. Vertical Developer's failure to satisfy any condition described in ***Section 13.11(a)*** (Conditions Precedent) will not alone relieve either Party of any obligations that previously arose under this Agreement.

(d) **Commencement Estoppel**. Vertical Developer has the right, but not the obligation, to request an estoppel certificate from Port, at no cost to Port, for the benefit of Vertical Developer and any Mortgagee or other lender, stating that Vertical Developer has satisfied the conditions set forth in ***Section 13.11***, and that, to Port's actual knowledge Vertical Developer is not in default under this Agreement (provided that Vertical Developer is not). Any such request will include a certification by Vertical Developer that (i) satisfies the requirements

of *Section 13.11(a)(i)* and (ii) that to Vertical Developer's actual knowledge, Port is not in default under this Agreement (provided that Port is not). Port will provide such estoppel within thirty (30) days after receipt of Vertical Developer's written request.

13.12. *Safety Matters.* Vertical Developer will undertake commercially reasonable measures in accordance with good construction practices to minimize the risk of injury or disruption or damage to adjoining or nearby property, or the risk of injury to members of the public, caused by or resulting from the performance of its development of the PKN Project. Vertical Developer will erect appropriate construction barricades to enclose the areas of such construction and maintain them until construction has been substantially completed, to the extent reasonably necessary to minimize the risk of hazardous construction conditions.

13.13. *Post-Closing Boundary Adjustments.* The Parties acknowledge that, as development of the Property and the 28-Acre Site advances, the description of each parcel of real property may require further refinements, which may require minor boundary adjustments. The Parties agree to cooperate in effecting any required boundary adjustments consistent with *Section 25.3* (Technical Changes). Vertical Developer agrees that all conveyance agreements from Vertical Developers to any Transferees of the Property will include the obligation to cooperate with Port in boundary adjustments.

13.14. *Vertical Developer Outreach Requirement.* The PKN Project is subject to the administrative design review process set forth in the SUD, which provides an opportunity for third parties to review and comment on an application for design review of the PKN Project prior to approval by the City's Planning Director. Additionally, as a requirement of this Agreement, Vertical Developer will make an informational presentation regarding the consistency of its application with the SUD and Design for Development to Port's Central Waterfront Advisory Group ("CWAG") within 30 days of its submittal to the Port Director. Port will reasonably cooperate with Vertical Developer to schedule and notice this presentation to CWAG by publication, posting, mailing or other means reasonably aimed at providing stakeholders with an opportunity to attend the presentation. If a CWAG meeting cannot be scheduled within 30 days of the submittal, the Vertical Developer will have the option to present at the next scheduled CWAG meeting or to host a public presentation of its design and will provide a minimum of 2 weeks' notice by publication, posting, mailing or other means reasonably aimed at providing stakeholders with an opportunity to attend the presentation. The presentation is for informational purposes only; any third party wishing to submit a formal public comment on the design of the Vertical Project will be required to do so pursuant to the process set forth in the SUD. Except as set forth in the following sentence, nothing in this Section shall in any manner alter, modify or impact the time periods set forth in Section 249.79(1) of the SUD. However, should the Vertical Developer desire to change its design review application to incorporate any feedback received from the presentation, any such changes submitted more than 30 days after the initial submission will reset the 60-day design review period established by the SUD.

13.15. *Information Required by the County Assessor.* The County Assessor has notified Port that it requires certain information in order to facilitate completion of Assessor Block Maps, updates to ownership records, and assessment of in-progress construction, completed new construction, sales and other assessable transfers of property. *Exhibit I* lists the information that the County Assessor expects to need in order to perform the foregoing tasks (the "Assessor Information"). Each Party will provide to the County Assessor any Assessor Information requested in writing by the County Assessor in the format required by the County Assessor (the "Requested Information") within 90 days of the applicable Party's receipt of a written request for such Requested Information. Port's and Vertical Developer's sole remedy with regard to a breach of this *Section 13.15* is specific performance. Vertical Developer waives any right to confidentiality under applicable Law to the extent necessary for the County Assessor to notify Port of Vertical Developer's failure to provide the Requested Information on a timely basis and Port to exercise its right to specific performance of Vertical Developer's

obligation. Promptly following the County Assessor's request, Port may, from time to time update the information requirements set forth in *Exhibit I* by providing Vertical Developer no less than twenty (20) business days' prior notice and a replacement copy of *Exhibit I*.

13.16. Other Construction Matters

(a) **Construction Signs.** Vertical Developer must provide appropriate construction signs and a project sign or banner describing the project and must post the signs at the Property and PKN Improvement Area during construction. Unless and until the Port Commission adopts a Signage Plan that addresses construction signage, Port's Guidelines for Review and Approval of Signs and Murals on Port Property, adopted by Resolution No. 97-12, will apply. Vertical Developer must submit the proposed size, design, text, and location of any construction signs and the composition and appearance of any construction barriers to Port for approval before installation.

(b) **Coordination.** The Parties acknowledge that a number of construction projects on public land near Parcel K North are being or are expected to be constructed at the same time as the construction of the PKN Project. Expected projects include the Historic Core Project, the 28-Acre Site Project including reconstruction of 20th Street and construction of 21st Street, construction of Crane Cove Park, construction of SFMTA line extensions, development of the Hoedown Yard (as defined in the Horizontal DDA), and SFPUC utility infrastructure work. Vertical Developer will use reasonable efforts to coordinate construction efforts with those at other project sites in a manner intended to reduce construction conflicts without material delays to the critical path to completion of the PKN Construction Obligations under this Agreement.

(c) **Construction Staging.** During the Term, Vertical Developer may use portions of the PKN Improvement Area as staging areas for construction lay down and parking, construction equipment, and related materials under this Agreement pursuant to the License granted pursuant to *Section 13.5(d)(i)*. Vertical Developer will maintain continuous public access to the Historic Core Project. Vertical Developer may request additional areas under Port's jurisdiction that are outside of PKN Improvement Area for construction staging, which Port may grant or deny in its sole discretion. If Port agrees to license additional land to Vertical Developer for this purpose, Port may charge license fees at market rates. If Vertical Developer requests use of the 20th Street Plaza for a sales office, Port will charge license fees in accordance with Port parameter rent schedule for paved land.

(d) **Fire Access.** Prior to Port's issuance of a temporary certificate of occupancy for any portion of the Vertical Project abutting the to-be-created 21st Street, Port shall provide space for a fire access lane and turnaround on the proposed 21st Street, which location shall be approved by Port Fire Marshal in his or her sole discretion.

14. CONSTRUCTION AND OPERATION OF VERTICAL PROJECT.

14.1. Creation of Condominium Regime and Sales of Condominium.

(a) In addition to its obligations to construct the PKN Project, Vertical Developer is responsible for creating a residential condominium regime for the Vertical Project, including preparation and filing of a Condominium Map for the Vertical Project; preparing and recording a Declaration of Conditions, Covenants and Restrictions (or equivalent instrument as determined by Vertical Developer) for the Vertical Project ("CC&Rs"); and preparing all materials necessary to obtain approvals from the California Department of Real Estate for sales of the Condominiums and marketing and selling the Condominiums and obtaining all necessary regulatory approvals for such matters, including without limitation approvals from the City and the California Department of Real Estate. The CC&Rs shall include (i) the general obligation of purchasers of Condominium Units to comply with the MMRP, (ii) the specific MMRP obligations which are applicable to purchasers of Condominium Units, (iii) disclosures, covenants and restrictions arising from the Pier 70 Shipyard as set forth in Section 14.1(b)

below, (iv) AIC acknowledgements and disclosures as set forth in Sections 14.1(c) and (e) below, (v) restrictions regarding the eligibility of purchasers of Condominium Units to obtain residential parking permits under Transportation Code section 905, and (vi) the obligation of the purchasers of Condominium Units to pay an amount equivalent to Services Special Taxes that would have been levied if the CFDs applicable to the Property or their taxing powers are ever eliminated or reduced for any reason, including any vote of the qualified electors in the CFD applicable to the Property ((i)-(vi) collectively referred to as the “**Required CC&R Provisions**”). Prior to the adoption of the CC&Rs, Vertical Developer shall provide Port the Required CC&R Provisions for Port’s review and approval for the sole purpose of confirming compliance with this Section **14.1(a)**. The CC&Rs shall further provide that the Required CC&R Provisions may not be amended without the prior written consent of Port. The City shall be a third party beneficiary to Required CC&R Provision (iv), and Required CC&R Provision (vi) may not be amended without the prior written consent of City.

(b) The Parties acknowledge that the Vertical Project is located in proximity to the Pier 70 shipyard (the “**Pier 70 Shipyard**”), an industrial facility that contains approximately 14.7 acres of improved land and 17.4 acres of submerged lands, including floating Dry Dock#2, floating Dry Dock Eureka, and an 8k ampere Shoreside Power System. Existing and future operations at the Pier 70 Shipyard may generate certain impacts such as noise, parking congestion, truck traffic, auto traffic, odors, dust, dirt, view and visual obstructions. In order to avoid interference with the Pier 70 Shipyard without being subject to suits by adjacent property owners or tenants against Port for nuisance, inverse condemnation or similar causes of action, Vertical Developer will acknowledge the foregoing facts and understandings in the Restrictive Covenants to be recorded against the Property at Close of Escrow. In addition, Vertical Developer will include (i) as a deed restriction in each deed delivered to a purchaser of a Condominium Unit and/or (ii) in any lease for a residential unit, an acknowledgment of the foregoing impacts, and a waiver of rights relating to commencing or maintaining a lawsuit for common law or statutory nuisance, inverse condemnation, or other legal action based upon the interference with the comfortable enjoyment of life or property arising out of the existence of the Pier 70 Shipyard.

(c) The Parties acknowledge that the Vertical Project is also located in proximity to the American Industrial Center (“**AIC**”), which houses approximately 900,000 square feet of commercial, industrial, and related supporting uses. Approximately 300 tenants, including breweries, commercial kitchens and bakeries, garment manufacturing businesses, warehouses, and distribution centers, lease space in the AIC and approximately 2,500 to 3,000 people are on the site at a given time. AIC loading docks are located on Illinois Street, and noise from loading activities could cause noise disturbance along the western boundary of the Property. In order to minimize interference with the AIC without being subject to suits by adjacent property owners or tenants against AIC for nuisance, inverse condemnation or similar causes of action, Vertical Developer will acknowledge the foregoing facts and understandings in the Restrictive Covenants to be recorded against the Property at Close of Escrow. In addition, the Restrictive Covenants will require the Vertical Developer to provide the following disclosure to lessees prior to signing a lease or purchasers of Condominium Units at the time required by California Civil Code Section 1102.3:

“**DISCLOSURE OF NEIGHBORING LIGHT INDUSTRIAL USE(S)**: You are purchasing or leasing property that is adjacent to or nearby to the existing American Industrial Center (AIC). As of [DATE], the AIC is located in a PDR-1-G (Production, Distribution and Repair – General) zoning district and contains light industrial, as well as office, retail, and other uses. Consistent with such zoning, the AIC operations generate noise associated with truck traffic and loading activities at the AIC and other impacts at all hours of the day, seven days per week, even if operating in conformance with existing laws and regulations and locally accepted customs and standards for operations of

such uses. California law provides: "Nothing which is done or maintained under the express authority of a statute can be deemed a nuisance." (Cal. Civil Code Section 3482). You should be prepared to accept such inconveniences or discomforts as a normal and necessary aspect of living near the AIC, and understand that the AIC is not required to alter its current or future activities undertaken in compliance with applicable laws and zoning regulations after construction of your building."

(d) Vertical Developer shall disclose to purchasers of Condominium Units that they are prohibited from prepaying Services Special Taxes and Facilities Special Taxes (each as defined in the Financing Plan).

(e) Vertical Developer will also include the following provisions in a Declaration of Conditions, Covenants and Restrictions (or equivalent instrument as determined by Vertical Developer) or property management agreement if the Vertical Project is operated as a residential rental project:

(i) Establishment of a point of contact within the homeowners association and/or property manager to receive any resident complaints regarding noise or other issues related to AIC operations prior to any such complaints being submitted to the AIC. Such point of contact shall be responsible for providing to complainant a copy of the DISCLOSURE OF NEIGHBORING LIGHT INDUSTRIAL USE(S);

(ii) Establishment of a "meet and confer" process to (a) receive any resident complaints regarding noise or other issues related to AIC operations, and (b) consistent with the DISCLOSURE OF NEIGHBORING LIGHT INDUSTRIAL USE(S), resolve directly with AIC such complaints, with the goal of resolving informally between the Vertical Project and AIC any resident complaints prior to the complainant's filing of a formal complaint with the City or other regulatory agency;

(iii) Designation of a representative of the condominium association and/or property owner/management company to act as a liaison with the AIC. The liaison shall promote open and regular communication between the residential project and AIC. The liaison shall work with appropriate AIC representatives to ensure that both the occupants of the Vertical Project and AIC (and their respective residents/tenants) receive advance notice of events that may affect residents or AIC tenants, and to minimize the disruption associated with such events.

(f) The Memorandum of VDDA shall provide that except as set forth in the Residential Condominium Unit Owners Restrictive Covenants recorded against the Property which by their terms obligate owners of Condominium Units in the Vertical Project, no bona fide purchaser of an individual Condominium Unit shall be bound by or subject to the VDDA.

14.2. Project Phasing. Vertical Developer may construct the Vertical Project in two phases, provided that the first phase of the Vertical Project shall consist of at least 104,680 square feet of residential Gross Floor Area.

14.3. Operation as a Residential Rental Project; Payment of Transfer Fees. In the event of Adverse Market Conditions, Vertical Developer has the right, but not the obligation, to operate the Vertical Project as a residential rental project and without any obligation to pay the Transfer Fees (defined below) for a period not to exceed 10 years from issuance of the first certificate of occupancy for the Vertical Project (the "**Unencumbered 10 Year Period**"). If Vertical Developer operates the Vertical Project as a residential rental project after the expiration of the Unencumbered 10 Year Period, then (a) upon the initial Transfer of each Condominium Unit following the Unencumbered 10 Year Period, Vertical Developer shall pay to Port a fee equal to one and one half percent (1.5%) of the Unit Purchase Price (as defined in the Transfer Fee Covenant attached hereto as Exhibit **C-2B**) upon closing of such sale (the "**Transfer Payment**") and (b) commencing on the anniversary of the expiration date of the Unencumbered 10 Year Period and on each such anniversary thereafter for so long as any

individual Condominium Unit remains unsold, Vertical Developer shall pay to Port a fee relating to the unsold Condominium Units calculated in accordance with Schedule 14.3 for the applicable year preceding such anniversary (the “*In-Lieu Transfer Payment*” and together with the Transfer Payment, the “*Transfer Fees*”).

14.4. *District-Scale Wastewater Treatment and Recycling System Notification.* Port will notify Vertical Developer of the City’s intent to construct a district-scale Wastewater Treatment and Recycling System (the “*Pier 70 WTRS*”) at Pier 70 prior to June 1, 2019. Under the plan for the Pier 70 WTRS (the “*Pier 70 WTRS Plan*”) currently being considered by the SFPUC and Port, Vertical Developer would pay an opt-in charge and connect to recycled water distribution lines as a means of complying with Article 12C of the San Francisco Health Code. In the event Port does not provide notice under this Section, Vertical Developer will be obligated to comply with Article 12C of the San Francisco Health Code. Vertical Developer will be obligated to comply with the Pier 70 WTRS Plan if (a) Port delivers a timely notice under this Section, (b) development, construction and operational costs for the Vertical Project to participate in the Pier 70 WTRS is less than or equal to the development, construction and operational costs for the Vertical Project to not participate in the Pier 70 WTRS, as reasonably determined by Vertical Developer, and (c) the City determines that Vertical Developer’s participation in the Pier 70 WTRS will satisfy, or be deemed to satisfy, its obligations under Article 12C of the San Francisco Health Code, as amended or superseded.

14.5. *Electricity.* Vertical Developer shall procure all electricity for the PKN Project from the San Francisco Public Utilities Commission at rates to be determined by the SF Public Utilities Commission. If the SF Public Utilities Commission determines that it cannot feasibly provide service to the PKN Project, Vertical Developer may seek another provider.

14.6. *Noise Level Measurements; Noise Level Design Protections.*

(a) Vertical Developer will conduct long-term noise measurements prior to designing the Vertical Project. These measurements will be conducted for at least 48 hours (as compared to the typical 24 hour period) and should include normal operation of the AIC loading docks. Vertical Developer will consult with AIC to determine appropriate monitoring locations and the most representative 48-hour window within a two week period, during a time of year of typical, representative operations. Provided, however, that if it is not feasible to conduct the long-term noise measurements during a time of year of typical, representative operation at AIC, the consultant conducting noise measurements on behalf of Vertical Developer may provide adjusted noise levels that have been modified as appropriate in the consultant’s professional opinion to reflect typical, representative operation at AIC. In addition to measuring the site day-night average sound level (“*LDN*”), the measurements will also capture the maximum noise levels (“*LMAX*”) associated with AIC operations during nighttime hours (10 p.m. to 7 a.m.). Vertical Developer may capture *LMAX* noise levels by performing the noise measurements using sound level meters with the ability to record audio when a certain trigger level is exceeded. Therefore, loud events could be recorded and determined if they are AIC loading dock activity or not.

(b) Based on the long-term measurement data collected in *Section 14.6(a)* and the predicted Project + Future site noise levels (as addressed in the Horizontal DDA), Vertical Developer will design the Vertical Project’s exterior facades (including windows) to reduce exterior noise levels to a maximum of 45 dBA *LDN* at the interiors of dwelling units, and to 50 dBA *Leq* at the interiors of any other space where the principal use is non-residential to satisfy the State of California Title 24 requirement. In addition, Vertical Developer will design the exterior façade to reduce maximum interior noise levels from AIC activities during nighttime hours (10 p.m. to 7 a.m.) to the maximum extent feasible with the goal of ensuring maximum interior noise levels of 50 dBA *LMAX*, where feasible, as determined by the noise consultant conducting noise measurements in accordance with *Section 14.6(a)*. As addressed in the

Horizontal DDA, Mitigation of LMAX levels is not required by Title 24 and is therefore an additive measure.

(c) Based on the findings in the Final EIR for the SUD that future traffic noise levels along Illinois Street would exceed 65 dBA LDN, as well as the potential for impact from AIC operations such as hoods, unprotected outdoor use areas associated with residential development along Illinois Street (including playgrounds and patio areas but excluding balconies and any pedestrian and/or service passageways) shall be avoided where feasible. Whenever feasible, Vertical Developer will locate outdoor use areas associated with the Vertical Project at the east side or interior of any residential buildings, which will shield the spaces from noise along and across Illinois Street. In addition, where outdoor use areas associated with the Vertical Project are built, Vertical Developer must incorporate mitigation measures to reduce noise levels to up to 70 dBA LDN.

14.7. Survival. The provisions of this *Article 14* shall survive the expiration or earlier termination of this Agreement.

15. CONSTRUCTION OF PKN HORIZONTAL IMPROVEMENTS.

15.1. Preparation of PKN Improvement Plans . Vertical Developer agrees to comply with the Improvement Plan Submittal requirements set forth in *ICA Sections 4.3 (Improvement Plans for Horizontal Improvements-Generally)* and *4.4 (Processing of Improvement Plans and Issuance of Construction Permits)*. The ICA is attached hereto as *Exhibit J*. The ICA sets forth procedures and standards for review and approval of Improvement Plans and Master Utilities Plans (as defined in the Horizontal DDA) and issuance of construction permits for Horizontal Improvements serving the 28-Acre Site. Vertical Developer and Port acknowledge and agree that the ICA does not govern the PKN Project, but Port agrees to utilize commercially reasonable efforts to encourage Regulatory Agencies to comply with the procedures and standards set forth in the ICA for these reviews.

15.2. Review of PKN Improvement Plans .

(a) **Review by City Agencies.** Vertical Developer and Port acknowledge and agree that the ICA does not govern Regulatory Agency review of the PKN Tentative Map or the PKN Improvement Plans, but Port agrees to utilize commercially reasonable efforts to encourage Regulatory Agencies to comply with the procedures and standards set forth in the ICA for these reviews.

(b) **Port Review Procedures.** Port staff will review and approve PKN Improvement Plans for consistency with the Project Requirements in accordance with the procedures for review and approval set forth in the ICA.

(c) **Standard of Review.** Except as otherwise provided in this Agreement and the Financing Plan, Port's review and approval or disapproval of PKN Improvement Plans subject to its review will be final and conclusive and will comply with *Section 4.4* of the ICA (Processing of Improvement Plans and Issuance of Construction Permits).

15.3. Conflicts with Other Governmental Requirements.

(a) **Other Regulatory Approvals.** Port will not unreasonably withhold its approval, where otherwise required under this Agreement, of elements of the PKN Improvement Plans or changes in PKN Improvement Plans required by any other Regulatory Agency if all of the following have occurred:

(i) Port receives notice of the required change.

(ii) Port has at least 10 business days to discuss the element or change with the other Regulatory Agency requiring the element or change and with Vertical Developer's registered design professional in charge.

(iii) Vertical Developer will cooperate fully with Port and with the other Regulatory Agency within the 10 business day discussion period in seeking reasonable modifications of the requirement, or reasonable design modifications of the PKN Horizontal Improvements, or some combination of modifications, to reach a design solution satisfactory to Port.

(iv) As modified, the PKN Horizontal Improvements will comply with all Laws, including the Project Requirements.

(b) **Disputes.** Vertical Developer and Port recognize that regulatory conflicts may arise at any stage in the preparation of the PKN Improvement Plans, but that it is more likely to arise at or after the Permit Set has been prepared and may arise in connection with permit applications. Accordingly, time is of the essence when a conflict arises. Both Parties agree to use their commercially reasonable efforts to reach a solution expeditiously that satisfies both Vertical Developer and Port.

15.4. Schematic Design Review of 20th Street Plaza. Port will not issue a construction permit for the 20th Street Plaza until the Port Commission has approved the schematic design of the 20th Street Plaza.

(a) **Applications.** Vertical Developer will submit to Port an application for the schematic design of the 20th Street Plaza (a "Schematic Design Application") within one hundred twenty (120) days after approval by the Planning Director of the Vertical Project. Port has agreed that the Schematic Design Application for the 20th Street Plaza may be submitted separately from the application for design review of the Vertical Project so long as the application for Vertical Project includes renderings or descriptions of the relationship of the Vertical Project and the 20th Street Plaza as to parking, circulation, grading and physical connection. The Schematic Design Application will include the following information:

(i) A written narrative describing the overall conceptual design, including the park program, design elements, and facilities provided for the 20th Street Plaza;

(ii) An illustrative site plan to scale showing;

(1) Conceptual circulation systems (vehicular, bicycle and pedestrian) including parking;

(2) Conceptual grading and drainage;

(3) Generalized locations of active and passive recreational areas, park elements and facilities;

(4) Generalized locations and conceptual layout for landscaping and hardscape areas, including tree planting and any stormwater treatment areas; and

(5) Generalized locations for furnishings, lighting, public art, signage, comfort facilities, stairs, ramps, and railing;

(iii) Illustrative sections and perspectives representative of the overall conceptual design, including key relationships between programmatic areas, design elements, and defining park features and facilities;

(iv) Image "boards" showing proposed concepts, detailed studies and/or precedents for site furnishings, paving materials, site architectural elements, lighting, public art, signage, comfort facilities, stairs, ramps and railings, tree species (and alternate species), and species palette concepts for major landscaping areas; and

(v) A description of any proposed signs consistent with the approved Pier 70 Public ROWs Signage Plan (as defined in the Horizontal DDA).

(b) **Pre-Submittal Meetings.** Not less than 30 days before submitting a Schematic Design Application for the 20th Street Plaza, Vertical Developer will submit to Port Director a draft of the concept plans and documents of the type listed in ***Section 15.4(a)***. Not less than 20 days before submitting a Schematic Design Application, Vertical Developer and Port staff will hold at least one pre-submittal meeting at an agreeable time. Vertical Developer may submit information and materials iteratively, and Vertical Developer and Port may agree to hold such additional meetings as they may deem useful or appropriate. If Vertical Developer fails to submit such preliminary documents or to schedule such pre-submittal meeting before submitting a Schematic Design Application as specified above, then such failure will not, by itself, be a default under this Agreement, but Port's time for review of the Schematic Design Application will be extended by 30 days.

(c) **Port Review - Initial.** Port staff will review each Schematic Design Application for completeness, which means the Schematic Design Application includes all documents and materials in such detail as is required hereunder. Port will make its determination of completeness within 15 days after submittal and will advise Vertical Developer in writing of any deficiencies.

(d) **Review of Complete Applications.** When the Schematic Design Application is complete, Port staff will transmit the Schematic Design Application to Port's design advisory committee (the "Design Advisory Committee") for consideration at a noticed public hearing at its next meeting.

(e) **Developer Outreach.** Prior to a public hearing of the Design Advisory Committee for the Schematic Design Application, Vertical Developer will host a public presentation of its Schematic Design Application in accordance with ***Section 13.14***.

(f) **Recommendation of Design Advisory Committee.** The Design Advisory Committee will hold a public hearing on the Schematic Design Application and make design recommendations to ensure that the design of the 20th Street Plaza is consistent with applicable provisions of the Design for Development and other applicable Project Requirements.

(g) **Port Commission Approval.** Port Director will submit the applicable complete Schematic Design Application to the Port Commission for review and consideration, with the Design Advisory Committee recommendation for Port Commission consideration. The Port Commission will calendar the Schematic Design Application for review and consideration at the next available regular Port Commission meeting after the public hearing held by the Design Advisory Committee, but in no case more than 45 days after the Design Advisory Committee public hearing at which the Design Advisory Committee makes its recommendation on the Schematic Design Application. In the event of a disapproval, the Port Commission will issue findings to support its decision. Thereafter, Vertical Developer may re-submit a revised Schematic Design Application to the Port Commission that will address the Port Commission's reasons for disapproval. Port Director will resubmit the applicable revised Schematic Design Application to the Port Commission for review and consideration at the next available regular Port Commission meeting, but in no case more than 45 days after the submittal of the revised Schematic Design Application.

(h) **Approval of 20th Street Plaza Improvement Plans; Amendments to Approved Schematic Design.** After the Port Commission's approval of the Schematic Design Application, the 20th Street Plaza Improvement Plans will be processed in accordance with ***Section 15.2*** above. Port Director may approve 20th Street Plaza Improvement Plans that amend or modify the approved Schematic Design Application, provided she finds that the amendment or modification would not be a material change, would not be detrimental to the public welfare or injurious to the property or improvements in the vicinity of Parcel K North, and would be consistent with the Project Requirements. If Port Director determines that the Schematic Design Application amendments would not meet the foregoing criteria, the amended Schematic Design Application will be subject to the same procedures as a new Schematic Design Application.

(i) **Park Rules and Regulations.** Port staff is developing reasonable rules and regulations for the conduct of activities and operations in the Public Spaces, including limits on restricted access events. Port shall provide Vertical Developer with an opportunity to review and comment on the rules and regulations prior to final approval by the Port Commission. Rules and regulations approved by Port Commission will apply to the 20th Street Plaza when finally accepted by Port under this Agreement.

15.5. *Commercially Reasonable Costs.* Financing Plan *Section 2* governs Vertical Developer's obligations related to contracting for PKN Horizontal Improvements and for the parties' agreement regarding commercially reasonable costs.

15.6. *Warranties.* Vertical Developer covenants that each PKN Horizontal Improvement constructed or installed by Vertical Developer shall be free from defects in material or workmanship and shall perform satisfactorily for a period (a "**Warranty Period**") of one (1) year from issuance of the Compliance Determination for the applicable PKN Horizontal Improvement. Vertical Developer shall assign the warranties to the Port upon acceptance of such PKN Horizontal Improvement in the manner provided for in *Section 16.5*. Such Warranty Period shall begin upon issuance of a Compliance Determination for the applicable PKN Horizontal Improvement (or portion thereof). Until the assignment of the warranties upon acceptance, Vertical Developer shall, as necessary, and upon receipt of a request in writing from the Acquiring Agency that the work be done, inspect, correct, repair or replace any defects in the PKN Horizontal Improvements at its own expense. Should Vertical Developer fail to act with reasonable promptness to make such inspection, correction, repair or replacement, or should an emergency require that inspection, correction, repair or replacement be made before Vertical Developer can be notified (or prior to Vertical Developer's ability to respond after notice), the Acquiring Agency may, at its option, upon notice to Vertical Developer, make the necessary inspection, correction, repair or replacement or otherwise perform the necessary work and Vertical Developer shall reimburse the Acquiring Agency for the actual cost thereof. Vertical Developer's responsibility until acceptance of a PKN Horizontal Improvement pursuant to *Section 16.6* shall include repairing defects and defective material or workmanship, but not ordinary wear and tear or harm or damage from improper maintenance or operation of such PKN Horizontal Improvement by Port, the City, or any agent or agency of either.

15.7. *Construction Standards.* All construction of the PKN Horizontal Improvements must be performed by duly licensed and bonded contractors or mechanics and will be accomplished expeditiously, diligently and in accordance with good construction and engineering practices and applicable Laws.

15.8. *Security.*

(a) **Delivery of 20th Street Plaza Security.** On or before the earlier of (i) the issuance of the first temporary certificate of occupancy for first phase of the Vertical Project and (ii) issuance of the permit for the construction of the 20th Street Plaza, Vertical Developer must provide to Port a payment and performance bond (the "**20th Street Plaza Security**") conforming to the requirements of the Subdivision Code, *Section 13.11(a)(iii)*, and this *Section 15.8(a)*, in a secured amount equal to 100% of the then-current cost estimate for the 20th Street Plaza provided by Vertical Developer under *Schedule 1* of the Financing and Acquisition Plan (the "**Secured Amount**"). The issuer of the 20th Street Plaza Security shall be legally authorized to engage in the business of furnishing surety bonds in the State of California. All sureties shall have either a current A.M. Best Rating not less than "A-, VIII" or shall be listed in the current version of the United States Department of the Treasury's Listing of Approved Sureties (Department Circular 570), and shall be satisfactory to Port. Vertical Developer's security obligations for Michigan Street shall be provided for in the Public Improvement Agreement(s). In the event such security obligations are not provided for in the Public Improvement Agreements, Vertical Developer shall provide security for Michigan Street substantially similar to the 20th Street Plaza Security.

(b) **Reduction, Return, and Release.**

(i) Ninety percent (90%) of the 20th Street Plaza Security will be released upon Port's issuance of a Compliance Determination under ***Section 16.4(b)*** (Compliance Determination) for the 20th Street Plaza. Ten percent (10%) of the 20th Street Plaza Security will be released upon the expiration of the Warranty Period.

(ii) After final release, upon request of Vertical Developer, Port will promptly (and in any event within 30 days following such request) return to Vertical Developer the original 20th Street Plaza Security documents and, if requested by Vertical Developer, provide a written confirmation of such release and return.

15.9. Progress Meetings.

(a) **Purpose.** Vertical Developer must schedule and notify Port of the place and time for meetings between Port and Vertical Developer's construction management team to discuss construction progress in which Port and the other Regulatory Agencies will be entitled to participate. Such notice and meetings must occur at least once per month upon Commencement of Construction of the PKN Project, and may occur more or less frequently upon mutual agreement by the Parties. The purpose of the Regulatory Agencies' participation in these meetings will be to:

(i) coordinate Vertical Developer's preparation and submittal of PKN Improvement Plans to Port for Regulatory Agency review;

(ii) review progress in constructing the PKN Horizontal Improvements;

(iii) coordinate the Acquiring Agency's inspections;

(iv) review Vertical Developer's expected change orders for the PKN Horizontal Improvements; and

(v) review any expected changes in the scope of work for the PKN Horizontal Improvements.

(b) **Minutes.** Vertical Developer agrees to prepare and distribute meeting minutes promptly after each progress meeting. Port staff and Vertical Developer (and their respective consultants subject to Port and Vertical Developer presence or consent) agree to communicate and consult informally as frequently as reasonably necessary to assure that the formal submittal of any PKN Improvement Plans to Port can receive prompt and speedy consideration.

(c) **Representatives.** For the purposes of this ***Section 15.9*** until otherwise directed, Port's representative is the Chief Harbor Engineer. Vertical Developer will provide Port with notice of the identity of its representative promptly after the Effective Date. Vertical Developer will notify Port promptly after any change in its representative.

(d) **Reports.** During periods of construction, Port will have the right to require Vertical Developer to submit monthly progress reports on construction to Port, in form and detail as reasonably required by Port.

15.10. Vertical Developer Schedule of Performance. The Parties agree that delivery of the PKN Horizontal Improvements are a primary public benefit of Port's offering of the Property for development and that delivery of these benefits are conditions to occupancy of the Vertical Project. Accordingly, Vertical Developer must (i) complete the Michigan Street ROW (excluding items within the furnishing zone, street trees, irrigation facilities, and systems not necessary for the safe passage of the public) to the standard necessary for the Chief Harbor Engineer to issue a temporary certificate of occupancy for the Vertical Project, (ii) Substantially Complete and submit a Compliance Request for the Michigan Street ROW within seven (7)

months of Vertical Developer's receipt of the first temporary certificate of occupancy for the Vertical Project, (iii) Substantially Complete the 20th Street Plaza within six (6) months of Vertical Developer's receipt of the first temporary certificate of occupancy for the Vertical Project, (iv) submit a Compliance Request for the 20th Street Plaza within ten (10) months of Vertical Developer's receipt of the first temporary certificate of occupancy for the Vertical Project, (v) Substantially Complete the 20th Street Plaza within six (6) months of Vertical Developer's receipt of the final temporary certificate of occupancy for the Vertical Project, if developed in phases, and (vi) submit a Compliance Request for the Michigan Street Plaza within ten (10) months of Vertical Developer's receipt of the final temporary certificate of occupancy for the Vertical Project, if developed in phases.

15.11. Port Construction of PKN Horizontal Improvements. In the event Vertical Developer has not Commenced Construction of the Michigan Street ROW and Michigan Street Plaza prior to the fifth (5th) anniversary of the Closing Date, or the 20th Street Plaza prior to the tenth (10th) anniversary of the Closing Date, Port shall have the right, in its sole discretion, to construct all or a portion of such PKN Horizontal Improvements, as applicable, at Port's sole cost and expense; provided that Port may elect to construct such PKN Horizontal Improvement using PKN Payment Sources (as defined in the Financing Plan) or other sources.

15.12. Mechanics' Liens. Vertical Developer must keep the PKN Improvement Area and PKN Horizontal Improvements free from any liens arising out of any work performed, materials furnished, or obligations incurred by Vertical Developer or its Agents. Vertical Developer's failure to cause any construction-related lien to be released of record or bonded or take other action acceptable to Port within ninety (90) days after Vertical Developer's receipt of final notice of the imposition of the lien will be a default under this Agreement, and Port will have the right at its option to effect a release of the lien by any commercially reasonable means. Vertical Developer at its sole cost must reimburse Port for all actual costs Port incurs to do so within thirty (30) days after Port's demand. Vertical Developer will be permitted to contest the validity or amount of any tax, assessment, encumbrance, or other lien and to pursue any remedies associated with the contest, but the contest will be subject to all conditions in this Agreement.

16. SUBSTANTIAL COMPLETION AND ACCEPTANCE OF PKN HORIZONTAL IMPROVEMENTS.

16.1. Substantial Completion Determination Request to Port. When Vertical Developer believes that it has constructed and substantially completed a Port Acceptance Item in accordance with all applicable Project Requirements, it may submit to the Chief Harbor Engineer a request for a determination of Substantial Completion. Vertical Developer's request must include all of the documents listed in *Exhibit K-1* (the request, with all submitted materials, the "Substantial Completion Determination Request").

16.2. Chief Harbor Engineer Substantial Completion Determination.

(a) **Initial Review.** The Chief Harbor Engineer will review the Substantial Completion Determination Request and will consult with other Regulatory Agencies as provided under the ICA to determine whether Vertical Developer has substantially completed the Port Acceptance Item in accordance with applicable Project Requirements. After the Chief Harbor Engineer determines that the Substantial Completion Determination Request is complete, he will arrange for a Port inspection of the Port Acceptance Item. The Chief Harbor Engineer will approve or disapprove each Substantial Completion Determination Request within 45 days after receiving Vertical Developer's complete Substantial Completion Determination Request. Port will use commercially reasonable efforts to elicit responses from other Regulatory Agencies within 30 days after receiving Vertical Developer's complete Substantial Completion Determination Request.

(b) **Substantial Completion Determination.** The Chief Harbor Engineer will grant a Substantial Completion Determination Request by issuing a signed document identifying the Port Acceptance Item that Vertical Developer has constructed and substantially completed in accordance with all applicable Project Requirements (“**Substantial Completion Determination**”). The form of the Substantial Completion Determination is attached hereto as *Exhibit K-2*.

(c) **Disapproval.** If the Chief Harbor Engineer disapproves the Substantial Completion Determination Request, he will respond in writing with a reasonably detailed description of the reasons for disapproval and measures necessary to address the deficiencies. Vertical Developer's resubmittal of a Substantial Completion Determination Request will be subject to the same review and response periods.

(d) **Effect of Substantial Completion Determination.** A Substantial Completion Determination will conclusively establish Vertical Developer's compliance with its Substantial Completion obligations in *Section 15.10*.

16.3. Compliance Request to Port. When Vertical Developer believes that it has constructed and completed a Port Acceptance Item in accordance with all applicable Project Requirements, it may submit to the Chief Harbor Engineer a request for a Compliance Determination. Vertical Developer's request must include all of the documents listed in *Exhibit L-1* (the request, with all submitted materials, the “**Compliance Request**”).

16.4. Chief Harbor Engineer Compliance Determination.

(a) **Initial Review.** The Chief Harbor Engineer will review the Compliance Request and will consult with other Regulatory Agencies as provided under the ICA to determine whether Vertical Developer has completed the Port Acceptance Item in accordance with applicable Project Requirements. After the Chief Harbor Engineer determines that the Compliance Request is complete, he will arrange for a Port inspection of the Port Acceptance Item. The Chief Harbor Engineer will approve or disapprove each Compliance Request within 45 days after receiving Vertical Developer's complete Compliance Request. Port will use commercially reasonable efforts to elicit responses from other Regulatory Agencies within 30 days after receiving Vertical Developer's complete Compliance Request.

(b) **Compliance Determination.** The Chief Harbor Engineer will grant a Compliance Request by issuing a signed, acknowledged document in recordable form identifying the Port Acceptance Item that Vertical Developer has constructed and completed in accordance with all applicable Project Requirements (“**Compliance Determination**”). The form of the Compliance Determination is attached hereto as *Exhibit L-2*.

(c) **Disapproval.** If the Chief Harbor Engineer disapproves the Compliance Request, he will respond in writing with a reasonably detailed description of the reasons for disapproval and measures necessary to address the deficiencies. Vertical Developer's resubmittal of a Compliance Request will be subject to the same review and response periods.

(d) **Effect of Compliance Determination.** A Compliance Determination will, subject to Port acceptance as provided for in *Section 16.5*, conclusively establish Vertical Developer's compliance with its obligations to construct 1) the 20th Street Plaza, 2) Michigan Street ROW, except as to Sub-Surface Improvements, and 3) Michigan Street Plaza, under this Agreement and the Financing Plan, and the License premises related to the subject Compliance Request will terminate, unless a Port Acceptance Item includes Sub-Surface Improvements for which the Acquiring Agency has not yet accepted ownership, which is addressed under *Section 16.7* (Acceptance of Sub-Surface Improvements Before Acceptance by Port). A Compliance Determination will not have any precedential effect for the purpose of the any other Acquiring Agency's acceptance of PKN Horizontal Improvements.

(e) **Recordation.** Vertical Developer may record in the Official Records each Compliance Determination.

16.5. Port as Accepting Agency. Port will be the Regulatory Agency that will accept for liability and maintenance purposes the PKN Horizontal Improvements, except for the Sub-Surface Improvements. Port shall approve or disapprove the PKN Horizontal Improvements in accordance with *Section 4.6* of the ICA (Standards and Procedures for Acceptance) as addressed in *Section 15.2(b)*.

16.6. Port Commission Acceptance Action. All Port Acceptance Items are subject to Port Commission acceptance as described in this *Section 16.5*. Within 30 days after the Chief Harbor Engineer's issuance of a Compliance Determination for any Port Acceptance Item, Port staff will place an item on the Port Commission's calendar at the next regularly-scheduled meeting of the Port Commission for which an agenda has not been finalized and for which Port staff can prepare and submit a staff report in keeping with the Port Commission's customary meeting practices and obligations under public meeting laws. The Port Commission will approve or disapprove discretionary matters in accordance with its powers and duties under the Burton Act and the Charter. Port staff will prepare a staff memorandum to the Port Commission that will include the following: (i) a description of the Port Acceptance Item to be accepted; (ii) a finding that the applicable Port Acceptance Item is functional and is constructed in conformity with the Project Requirements; (iii) a list of any permitted encroachments, easements or title exceptions that Port is willing to accept on terms agreed upon by the Parties prior to the Chief Harbor Engineer's issuance of an Compliance Determination; (v) any conditions of acceptance, including conditions related to Sub-Surface Improvements as described in *Section 16.6(b)* (Sub-Surface Improvements Not Yet Accepted); and (vi) the Chief Harbor Engineer's recommendation that the Port Commission accept the applicable Port Acceptance Item on the following terms.

(a) **Conformity Findings.** The Port Commission must find that the applicable Port Acceptance Item described in the staff memorandum is functional and is constructed in conformity with the Project Requirements.

(b) **Sub-Surface Improvements Not Yet Accepted.** If a Port Acceptance Item includes Sub-Surface Improvements for which the Acquiring Agency has not yet accepted ownership, a condition to Port's acceptance of the Port Acceptance Item will be the Vertical Developer entering into an amendment to the License reasonably satisfactory to the Parties and the Acquiring Agency, prior to Port acceptance, under which Port grants to Vertical Developer a right-of-entry for maintenance, repair and inspection purposes and Vertical Developer retains ownership and liability for the Sub-Surface Improvements until such time as the Sub-Surface Improvements are formally accepted by the Acquiring Agency. The terms of the License will require Vertical Developer, among other things, to extend applicable insurance coverages, indemnity and release provisions to the subject property.

(c) **Effect of Acceptance.** Acceptance of a Port Acceptance Item by the Port Commission shall:

(i) transfer ownership of the accepted Port Acceptance Item to Port;
and

(ii) release Vertical Developer from future obligations for liability or repair of the accepted Port Acceptance Item, except as to surviving provisions of the License, and applicable warranties. There shall be no release as to Sub-Surface Improvements which are required to be, but have not been, accepted by an Acquiring Agency other than the Port; but

(iii) not constitute a waiver of any defects in the PKN Horizontal Improvements.

(d) **Transfer to Port.** Immediately upon acceptance of a Port Acceptance Item by the Port Commission, Vertical Developer shall provide Port:

- (i) Vertical Developer's signed assignment of warranties and guaranties for the Port Acceptance Item, in a form acceptable to Port, and
- (ii) an executed assignment of the Construction Documents for the applicable Port Acceptance Item.

16.7. *Acceptance of Sub-Surface Improvements . .*

(a) **Acceptance Generally.** Compliance determination and acceptance of Sub-Surface Improvements shall be governed by the Public Improvement Agreement between the Vertical Developer and the Acquiring Agency.

(b) **Acceptance of Sub-Surface Improvements Before Acceptance by Port.** As a condition to acceptance of Sub-Surface Improvements which will be accepted by the Acquiring Agency prior to acceptance by Port of the Port Acceptance Item above the Sub-surface Improvements, Vertical Developer will be required to provide the Acquiring Agency with access rights to the Sub-Surface Improvements in accordance with the License

16.8. *As-Built Drawings.*

(a) **Delivery.** Vertical Developer shall deliver to Port As-Built Drawings for the applicable PKN Horizontal Improvement that meet the requirements of ***Sections 16.8(b)*** (Technical Requirements) and ***16.8(c)*** (Format) for review and/or acceptance of Michigan Street ROW, Michigan Street Plaza and the 20th Street Plaza pursuant to the provisions of this ***Section 16.***

(b) **Technical Requirements.** As-Built Drawings must reflect all requests for information responses, field orders, change orders, and other corrections to the documents made during the course of construction. As-Built Drawings must be both in the form of full-size (24" x 36"), hard paper copies and converted into electronic format as full-size scanned tagged image files (TIFF) and AutoCAD files. As-Built Drawings must be full-sized documents, with "mark-ups" neatly drafted to indicate modifications from the original design documents, scanned at 400 dots per inch (dpi). Each drawing must have a unique number stamped onto the title block. An index of drawings must be prepared correlating drawing titles to the numbers. A minimum of 10 drawings must be scanned as a test before execution of this requirement in full.

(c) **Format.** The AutoCAD files must be contained in Release 14 or a later version, and drawings must be transcribed onto electronic storage media. All "X-REF," "block" and other referenced files must be coherently addressed within the environment of the compact disc. Media containing files that do not open automatically without searching or reassigning "X-REF" addresses will be returned for reformatting. A minimum of 10 complete drawing files, including all referenced files, must be transmitted to Port as a test before execution of this requirement in full.

(d) **Production Costs.** Vertical Developer's costs to produce required files will be reimbursable Soft Costs pursuant to the Financing Plan unless Vertical Developer fails to comply timely with this ***Section 16.8.*** If Vertical Developer does not comply, Port, after giving notice to Vertical Developer, will have the right, but not the obligation, to cause an engineer of Port's choice to prepare final surveys and As-Built Drawings, plans and specifications, at Vertical Developer's sole, unreimbursable cost.

16.9. *Intentionally Omitted*

16.10. *Maintenance of PKN Horizontal Improvements*

(a) **Port Facilities.** Vertical Developer will be required to maintain Port Acceptance Items that will be under Port jurisdiction until Port accepts the applicable Port Acceptance Item.

(b) **Non-Port Facilities.** Vertical Developer will be required to maintain all Sub-Surface Improvements at its sole cost and expense until the effective date of the Board of Supervisors acceptance action.

(c) **Ongoing Maintenance Costs.** Ongoing Maintenance Costs (as defined in the Financing Plan) of accepted PKN Horizontal Improvements will be paid by Services Special Taxes (as defined in the Financing Plan) from Zone 1 of the Pier 70 Condo Property CFD in accordance with *Section 7.5* (Services Special Taxes) of the Financing Plan.

17. COMPLETION OF PKN PROJECT.

17.1. Completion of Vertical Project; Certificates of Completion. The obligations of Vertical Developer set forth in this Agreement, if any, will be deemed satisfied upon the completion of the PKN Project (as described in *Section 17.2*), including Port's issuance of a Certificate of Completion for the Vertical Project in accordance with the following terms:

(a) **Acceptance of Port Acceptance Items.** Vertical Developer may not request a Certificate of Completion until the Port Commission has accepted all Port Acceptance Items.

(b) **Submittals.** When Vertical Developer reasonably believes that it has Completed the Vertical Project, it may submit to Port an Architect's Certificate in the form attached as *Exhibit M* (or such other form as approved by the Chief Harbor Engineer), and request that Port issue a Certificate of Completion. Vertical Developer may not submit a request for a Certificate of Completion until it has received a temporary certificate of occupancy for the Vertical Project, or the second phase of the Vertical Project, as applicable.

(c) **Deferred Items.** With respect to the Vertical Project, if there remain uncompleted (i) customary punch list items, (ii) landscaping, or (iii) exterior finishes (to the extent Vertical Developer can demonstrate to Port's reasonable satisfaction that such finishes would be damaged during the course of later construction of interior improvements) (collectively "**Deferred Items**"), Port may reasonably condition approval of the Certificate of Completion upon provision of security or other assurances in form, substance and amount satisfactory to Port that all the Deferred Items will be diligently pursued to completion.

(d) **Port Response.** With respect to the Vertical Project, Port will respond within thirty (30) days after its receipt of the Architect's Certificate. If Port does not issue a Certificate of Completion for the Vertical Project substantially in the form of *Exhibit N* as requested under *Section 17.1(a)* (Submittals), then, within 15 business days after the expiration of Port's thirty (30) day review period, Port will deliver to Vertical Developer a notice specifying the reasons it did not issue the requested Certificate of Completion and the reasonable acts or measures that Vertical Developer must take to obtain a Certificate of Completion. Vertical Developer may submit revised Architect's Certificates and a new request for a Certificate of Completion under *Section 17.1(a)* (Submittals) at any time after completing the specified acts or measures.

17.2. Completion of PKN Project. For purposes of this Agreement only, acceptance of all Port Acceptance Items, in accordance with *Section 16*, acceptance of all Sub-Surface Improvements by the Acquiring Agency in accordance with the Public Improvement Agreement, and the issuance of the Certificate of Completion will be Port's conclusive determination that Vertical Developer has Completed the PKN Project and, effective upon the issuance of the Certificate of Completion, other than the terms and conditions of this Agreement that expressly survive termination, this Agreement will terminate. Port's determination will not impair Vertical Developer's release as provided in *Article 4* (Release), Port's right to Indemnity under Vertical Developer's obligation to Indemnify the City Parties in *Section 13.10(b)(v)* and *Article 22* (Indemnification), or Port's rights to require Vertical Developer to correct any defects, all of which expressly survive termination of this Agreement. Port's issuance of a Certificate of Completion will not relieve Vertical Developer or any other person from the PKN

Development Requirements or compliance with applicable Laws, including applicable building, fire, or other code requirements, conditions to occupancy of any improvement, or other applicable Laws. This *Section 17.2* will survive the expiration or earlier termination of this Agreement.

18. PORT/CITY COSTS.

18.1. Port/City Costs. In addition to any Attorney's Costs due pursuant to *Section 25.9*, Vertical Developer will pay an amount to the Port toward the costs incurred or to be incurred by Port and the City related to the negotiation and implementation of this Agreement and the PKN Project in the amount of Three Hundred Fifty Thousand and 00/100 Dollars (\$350,000) (the "**Port/City Costs Payment**"). The Port/City Costs Payment shall be paid at the Close of Escrow. Upon payment to Port of the Port/City Costs Payment, Vertical Developer's obligation to reimburse Port for Port Costs and City Costs incurred in connection with the negotiation and implementation of the Agreement and the PKN Project will be satisfied, and Vertical Developer will have no further obligation to reimburse the Port, as to such Port Costs or the Port or the City as to such City Costs. The Port/City Costs Payment shall not satisfy any Impact Fees or Exactions, Administrative Fees or any costs incurred by Vertical Developer from costs imposed by the Port or the City in its regulatory capacity, as a Regulatory Agency.

19. DEFAULTS; REMEDIES.

19.1. Default by Vertical Developer. The occurrence after the Closing Date of any one of the following events or circumstances will constitute a "**Vertical Developer Default**:"

(a) **Unauthorized Transfer.** Vertical Developer causes or permits the occurrence of a Transfer not permitted under this Agreement and such failure continues for a period of five (5) business days following Vertical Developer's receipt of notice thereof from Port;

(b) **Failure to Pay.** Vertical Developer fails to pay when due any amount required to be paid hereunder, or fails to pay any taxes or assessments on the Property when due (including CFD assessments), and such failure continues for a period of five (5) business days following Vertical Developer's receipt of notice thereof from Port;

(c) **Intentionally Omitted**

(d) **Failure to Complete PKN Horizontal Improvements in Accordance with Schedule of Performance.** Vertical Developer fails to Substantially Complete a PKN Horizontal Improvement or submit Compliance Requests for a Horizontal Improvement consistent with the requirements of *Section 16.1* (Compliance Requests) in accordance with the schedule of performance provided in *Section 15.10*, as may be extended by events of Force Majeure; provided, however, it shall not be a Vertical Developer Default if Port exercises its right to construct the applicable PKN Horizontal Improvement in accordance with *Section 15.11*;

(e) **Phased Construction of Condominium Units.** If the Vertical Project is constructed in phases, Vertical Developer fails to design the project so as to construct at least 104,680 square feet of residential Gross Floor Area in the first phase of the Vertical Project in accordance with *Section 14.3*;

(f) **Failure to Pay Transfer Fee.** Vertical Developer fails to pay when due the Transfer Fee to be paid hereunder, and such failure continues for a period of five (5) business days following Vertical Developer's receipt of notice thereof from Port;

(g) **Failure to Comply with Vertical Developer Restrictive Covenants, Generally.** Vertical Developer is in default after the expiration of all notice and cure periods under the Vertical Developer Restrictive Covenants and fails to cure the same in accordance with the terms thereof;

(h) **Intentionally Omitted;**

(i) **20th Street Plaza Security.** Vertical Developer

(i) fails to provide 20th Street Plaza Security as required pursuant to *Section 15.8* and such failure continues for thirty (30) days following receipt of notice from Port to Vertical Developer; provided that if such default is not reasonably capable of being cured within such 30-day period, such failure shall not constitute an Vertical Developer Default so long as Vertical Developer commences the cure of such default within such 30- day period, diligently prosecutes such cure and completes such cure within ninety (90) days after delivery of notice from Port, or

(ii) once it has provided 20th Street Plaza Security, fails to maintain the same as required herein, and such failure continues for 45 days following receipt of notice from Port to Vertical Developer;

(j) **Abandonment.** Vertical Developer Commences Construction of a PKN Horizontal Improvement, but ceases all work relating to such PKN Horizontal Improvement or abandons the related portion of the PKN Improvement Area (within the meaning of Cal. Civ. Code § 1951.2 or a successor statute) for more than 120 consecutive days (except in instances caused by a Force Majeure event) or a total of 180 days (which need not be consecutive and except in instances caused by a Force Majeure event), unless approved by Port Director, and does not cure the default within 45 days after Port delivers notice to Vertical Developer; provided that if such default is not reasonably capable of being cured within such 45- day period, such failure shall not constitute an Vertical Developer Default so long as Vertical Developer commences the cure of such default within such 45- day period, diligently prosecutes such cure to completion and completes such cure within 90-days after delivery of notice from Port;

(k) **Defective or Nonconforming Work.** Prior to the acceptance of a PKN Horizontal Improvement pursuant to *Section 16.6*, Port finds any of the work done or materials furnished for such PKN Horizontal Improvement to be defective or nonconforming to the approved PKN Improvement Plans, Project Requirements, and applicable Laws during the Warranty Period, and Vertical Developer fails to correct such defective or nonconforming within 45 days after Port delivers notice to Vertical Developer; provided that if such default is not reasonably capable of being cured within such 45- day period, such failure shall not constitute an Vertical Developer Default so long as Vertical Developer commences the cure of such default within such 45- day period, diligently prosecutes such cure to completion and completes such cure within 90-days after delivery of notice from Port;

(l) **Insolvency.** Vertical Developer initiates or is the subject of an Insolvency proceeding, if not released, dismissed, or stayed within 120 days;

(m) **Final Judgment.** Prior to Port's acceptance of the PKN Horizontal Improvements and payment by Vertical Developer of all Transfer Fees owed to Port pursuant to *Section 14.3*, Vertical Developer fails to satisfy a final judgment in Port's favor in an action for payment or performance within 60 days after the judgment becomes final or any longer period specified in the judgment;

(n) **Generally.** Vertical Developer fails to perform any other obligation required to be performed under this Agreement by Vertical Developer, and such failure continues beyond the period of time for cure thereof or the expiration of any grace period specified in this Agreement therefor, or if no such cure or grace period is specified, within thirty (30) days after Vertical Developer's receipt of notice thereof from Port as appropriate, or in the case of a default that is curable but is not susceptible of cure within thirty (30) days, Vertical Developer fails promptly to commence to cure such default and thereafter diligently to prosecute such cure to completion within a reasonable time, but in no event to exceed one hundred twenty (120) days (subject to events of Force Majeure).

19.2. Default by Port. It will constitute a "Port Default" under this Agreement, if after the Closing Date, Port fails to perform any of its covenants, agreements or obligations under

this Agreement, and such failure continues beyond the period of time for cure thereof or the expiration of any grace period specified in this Agreement therefor, or if no such cure or grace period is specified, within thirty (30) days after Port's receipt of notice thereof from Vertical Developer, or, in the case of a default that is curable but is not susceptible of cure within thirty (30) days, if Port fails promptly to commence to cure such default and thereafter diligently to prosecute such cure to completion, but in no event to exceed one hundred twenty (120) days (subject to events of Force Majeure).

19.3. Port Remedies for Vertical Developer Default.

(a) **General.** During the continuance of a Vertical Developer Default, Port will have all rights and remedies available at law or in equity, including the right to institute such proceedings as may be necessary, including action to cure the default or to seek specific performance or other injunctive relief, and the remedies set forth in the Special Provisions, unless a remedy for a particular Vertical Developer Default is otherwise specified herein as an exclusive remedy.

(b) **Nonpayment.** During the continuance of a Vertical Developer Default under *Section 19.1(b)*, in addition to all other available remedies, Port will not be obligated to reimburse Vertical Developer for its outstanding PKN Capital Costs as provided for in the Financing Plan until Vertical Developer has paid all taxes and assessments (including CFD and IFD assessments), including associated fines and penalties. Any Claim by Port for consequential, incidental or punitive damages arising from Vertical Developer's failure to pay Facilities Special Taxes or other property taxes shall be limited to damages actually incurred by Port arising from (i) a delay or decrease in the payment of Facilities Special Taxes or property taxes, or (ii) a delay or the inability to issue debt supported by Facilities Special Tax from the Property or property taxes, as applicable, or (iii) a decrease in the net proceeds of such debt, based solely on Vertical Developer's failure to timely pay such Facilities Special Taxes or property taxes, as applicable, and only on the portion of such debt supported directly by the Facilities Special Tax or property taxes, as applicable, payable by Vertical Developer. Except as set forth in the immediately foregoing sentence, Vertical Developer shall not be liable to Port under this Agreement for consequential, incidental or punitive damages (including, but not limited to, lost opportunities and lost profits) arising solely from any other Vertical Developer's failure to pay taxes and assessments.

(c) **Intentionally Omitted**

(d) **Failure to Complete PKN Horizontal Improvements in Accordance with Schedule of Performance.** During the continuance of a Vertical Developer Default pursuant to *Section 19.1(d)*, as Port's exclusive remedies, (i) Port will not reimburse Vertical Developer for its Interest Costs (as defined in the Financing Plan) for the applicable PKN Horizontal Improvement accrued during the Delay Period, (ii) Port may construct the PKN Horizontal Improvements pursuant to *Section 15.11*, and (iii) Port may call on the 20th Street Plaza Security.

(e) **Phased Construction of Condominium Units.** During the continuance of a Vertical Developer Default pursuant to *Section 19.1(e)*, as Port's exclusive remedies, Port has the right, in its sole discretion to (i) withhold issuance of a building permit and/or (ii) reject a request by Vertical Developer for schematic design review of the Vertical Project.

(f) **Intentionally Omitted.**

(g) **Intentionally Omitted.**

(h) **20th Street Plaza Security.**

(i) During the continuance of a Vertical Developer Default pursuant to *Section 19.1(i)(i)*, Port shall not be obligated to issue a building permit for the PKN Project.

(ii) During the continuance of a Vertical Developer Default pursuant to *Section 19.1(i)(ii)*, Vertical Developer will immediately suspend all activities other than those needed to preserve the condition of the PKN Horizontal Improvements or as necessary for health or safety reasons on affected portions of the PKN Improvement Area during any period during which the 20th Street Plaza Security is not maintained as required by this Agreement and, in addition to all other available remedies, Vertical Developer shall pay Port a fine of One Thousand and 00/100 Dollars (\$1,000.00) per day commencing on the 46th day following receipt of notice from Port to Vertical Developer for each day the default continues without cure.

(i) **Abandonment.** During the continuance of a Vertical Developer Default under *Section 19.1(j)*, in addition to all other available remedies, Port may call on performance and payment bonds for PKN Horizontal Improvements. In addition, Port shall have no obligation to pay the PKN Capital Costs incurred by Vertical Developer.

(j) **Defective or Nonconforming Work.** During the continuance of a Vertical Developer Default under *Section 19.1(k)*, in addition to all other available remedies, Port will not be obligated to reimburse Vertical Developer for its outstanding PKN Capital Costs as provided for in the Financing Plan until the defect or nonconformity is corrected to the Acquiring Agency's satisfaction.

19.4. Vertical Developer's Remedies for Port Default. Except as specifically provided below in this *Section 19.4*, during the continuance of a Port Default after the Closing Date, Vertical Developer's remedy is limited to an action for specific performance and injunctive relief. Port will not be liable to Vertical Developer for any actual monetary damages except as set forth in the last paragraph of *Section 8.3*, and *Sections 9.2* and *25.9*. Other than as set forth in the preceding sentence, Port will not be liable to Vertical Developer for any damages whether caused by a Port Default and in no event will Port be liable for any actual, consequential, incidental or punitive damages. The source of funds for any breach of a reimbursement or payment obligation under the Financing Plan by Port to Vertical Developer will be limited solely to the sources of funds available under the Financing Plan for reimbursement to Vertical Developer and such liability, if any, will be capped by the actual amount owed to Vertical Developer under the Financing Plan, plus the Interest Cost permitted in the Financing Plan for such amount owed.

19.5. Limitation on Port Liability. Except as expressly set forth in *Sections 10.4(c)* and *19.4*, Port will not have any liability whatsoever for monetary damages, and in no event, will Port be liable for any actual, consequential, incidental or punitive damages, including, but not limited to, lost opportunities, lost profits or other damages of a consequential nature under this Agreement.

19.6. No Implied Waivers. No waiver made by a waiving Party with respect to the performance or manner or time thereof (including an extension of time for performance) of any obligations of another Party, or of any condition to the waiving Party's own obligations, will be considered a waiver of the waiving Party's rights with respect to any obligation of another Party or any condition to the waiving Party's own obligations beyond those expressly waived in writing.

19.7. Limitation on Personal Liability. No natural person, including any commissioner, member, supervisor, officer, director, employee, representative, attorney, shareholder, limited partner, heir, legal representative, or member of a Party, will be personally liable to another Party in the event of any default or for any amount that may become due to a Party under this Agreement, provided the foregoing will not (i) limit any liabilities that exist under a security instrument in favor of the Port or that exist under applicable law, or (ii) release obligations of a Person that otherwise has liability for such obligations, such as the general partner of a partnership that, itself, has liability for the obligation.

19.8. *Rights and Remedies Cumulative* Except as expressly limited by this Agreement, the Parties' respective rights and remedies with respect to a default are cumulative. An Aggrieved Party's exercise of any one or more of its remedies for a default by the Breaching Party will not preclude its exercise, at the same or different times, of any of its other remedies. Each Party acknowledges its intent to limit its remedies for a default by the other Party to those specified in this Agreement.

20. FINANCING; RIGHTS OF MORTGAGEES.

The rights and obligations of each Party related to any deed of trust, mortgage, or other security instrument against the Property is set forth in *Schedule 20*.

21. ECONOMIC OPPORTUNITY MATTERS.

21.1. *Local and First Source Hiring.* Any undefined, initially-capitalized term used in this Section shall have the meaning given to such term in San Francisco Administrative Code Section 23.62, as amended from time to time (the "**Local Hiring Requirements**"). In connection with the construction of the PKN Project, Vertical Developer agrees to comply with all applicable provisions of the Local Hiring Requirements, as set forth in San Francisco Administrative Code Chapter 82, and the City's First Source Hiring Program as set forth in Chapter 83 of the of the San Francisco Administrative Code, each as may be amended from time to time. Before starting the PKN Project, Vertical Developer shall contact City's Office of Economic Workforce and Development to determine whether the work is a Covered Project subject to the Local Hiring Requirements.

Vertical Developer shall include, and shall require its contractors to include, a requirement to comply with the Local Hiring Requirements in any contract for a Covered Project with specific reference to San Francisco Administrative Code Section 23.62. Each such contract shall name the City and County of San Francisco as a third party beneficiary for the limited purpose of enforcing the Local Hiring Requirements, including the right to file charges and seek penalties. Vertical Developer shall cooperate, and require its contractors to cooperate, with the City in any action or proceeding against a contractor or subcontractor that fails to comply with the Local Hiring Requirements when required. Vertical Developer's failure to comply with its obligations under this Section shall constitute a material breach of this Agreement. A contractor's or subcontractor's failure to comply with this Section will enable the City to seek the remedies specified in San Francisco Administrative Code Section 23.62 against the breaching party.

21.2. *Prevailing Wages and Working Conditions.* Vertical Developer agrees to comply with all applicable prevailing wage requirements, including, but not limited to any applicable requirements in the California Labor Code, the City and County of San Francisco Charter, or the City and County of San Francisco's Administrative Code.

Any undefined, initially-capitalized term used in this Section shall have the meaning given to such term in San Francisco Administrative Code Section 23.61. Any construction, alteration, demolition, installation, maintenance, repair, or laying of carpet at, or hauling of refuse from the Property or the PKN Improvement Area comprises a public work if a) paid for in whole or part out of public funds or b) performed on property sold by the Port or the City within the meaning of Chapter 23, Article VII of the San Francisco Administrative Code. As such, in connection with the construction of the PKN Project, Vertical Developer shall comply with the provisions of Article II of Chapter 6 of the San Francisco Administrative Code. Further, Vertical Developer shall require its contractors and subcontractors performing (i) labor in connection with a "public work" as defined under California Labor Code Section 1720 et seq. (which includes certain construction, alteration, maintenance, demolition, installation, repair, carpet laying, or refuse hauling work if paid for in whole or part out of public funds) or (ii) Covered Construction to: (A) pay workers performing such work not less than the highest prevailing rate of wages consistent with the requirements of Section 6.22(E) of the San Francisco Administrative Code,

(B) provide the same hours, working conditions and benefits as in each case are provided for similar work performed in San Francisco County, and (C) pay prevailing wages and employ apprentices in accordance with San Francisco Administrative Code Section 23.61 (collectively, "Prevailing Wage Requirements"). Vertical Developer agrees to cooperate with the City in any action or proceeding against a contractor or subcontractor that fails to comply with the Prevailing Wage Requirements.

Vertical Developer shall include and shall require its contractors and subcontractors (regardless of tier), to include the Prevailing Wage Requirements and the agreement to cooperate in City enforcement actions in any Construction Contract with specific reference to San Francisco Administrative Code Section 23.61. Each such Construction Contract shall name the City and County of San Francisco, affected workers, and employee organizations formally representing affected workers as third party beneficiaries for the limited purpose of enforcing the Prevailing Wage Requirements, including the right to file charges and seek penalties against any contractor or subcontractor in accordance with San Francisco Administrative Code Section 23.61. Vertical Developer's failure to comply with its obligations under this Section shall constitute a material breach of this Agreement. A contractor's or subcontractor's failure to comply with this Section will enable the City to seek any remedy provided by law, including those specified in San Francisco Administrative Code Section 23.61 against the breaching party.

Vertical Developer shall also pay, and shall require its subtenants, and contractors and subcontractors (regardless of tier) to pay, the Prevailing Rate of Wage for the following activities on the Property as set forth in and to the extent required by San Francisco Administrative Code Chapter 21C: a Public Off-Street Parking Lot, Garage or Automobile Storage Facility (as defined in Section 21C.3), a Show (as defined in Section 21C.4), a Special Event (as defined in Section 21C.8), Broadcast Services (as defined in Section 21C.9), Commercial Vehicles, Loading and Unloading for Shows and Special Events (as defined in Section 21C.10), and Security Guard Services for Events (as defined in Section 21C.11).

21.3. Local Business Enterprises. The Port Commission encourages the participation of local business enterprises ("LBEs") in Vertical Developer's operations. Vertical Developer agrees to consult with CMD to determine appropriate methods for promoting participation by LBEs. Architecture, Engineering, Laboratory Services (Materials Testing), Trucking and Hauling, and Security Guard Services are categories of services that may provide opportunities for certified LBE participation. City maintains a list of certified LBEs at: <http://sfgov.org/cmd/lbe-certification-0>.

22. INDEMNIFICATION.

22.1. Indemnification by Vertical Developer.

(a) General Indemnity.

(i) *Intentionally Omitted.*

(ii) *Following Close of Escrow.* Except to the extent caused by the gross negligence or willful misconduct of a City Party, Vertical Developer must Indemnify the City Parties against any and all Losses incurred by a City Party first arising from and after the Close of Escrow directly or indirectly from:

(1) Vertical Developer's failure to obtain any Regulatory Approval necessary to develop and construct the PKN Project in accordance with the Scope of Development or to comply with any Project Requirement for the PKN Project, as more particularly set forth in **Section 13.10(b)(v)**;

(2) any personal injury or property damage occurring on any portion of the Property while under Vertical Developer's ownership or control;

(3) any Vertical Developer Party's acts or omissions in relation to construction, management, or operations at the Property including patent and latent defects and mechanic's or other liens to secure payment for labor, service, equipment, or material;

(4) In addition, to the foregoing, Vertical Developer will Indemnify the City Parties from and against all Losses (if a City Party has been named in any action or other legal proceeding) incurred by a City Party arising directly or indirectly out of or connected with contracts or agreements (i) to which no City Party is a party, (ii) entered into by Vertical Developer in connection with its performance under this Agreement, except to the extent such Losses were caused by the gross negligence or willful misconduct of a City Party. For purposes of the foregoing sentence, no City Party will be deemed to be a "party" to a contract solely by virtue of having approved the contract under this Agreement (e.g., an Assignment and Assumption Agreement).

(b) **Hazardous Materials Indemnity.** In addition to the Indemnity under *Section 22.1(a)* (General Indemnity), the terms and provisions *Schedule 22.1* will apply.

22.2. Indemnification for Breach of Representations. Vertical Developer agrees to Indemnify the City Parties from and against any and all Losses arising from any breach of express representation, warranty or covenant by made by Vertical Developer in *Section 25.4* (Representations).

22.3. Defense of Claims. Subject to the express terms of any Indemnity obligation hereunder, Vertical Developer's Indemnification obligations under this Agreement are enforceable regardless of the active or passive negligence of the City Parties, and regardless of whether liability without fault is imposed or sought to be imposed on the City Parties. Vertical Developer specifically acknowledges that it has an immediate and independent obligation to defend the City Parties from any Loss that actually or potentially falls within the Indemnification obligations of Vertical Developer, even if such allegations are or may be groundless, false, or fraudulent, which arises at the time such claim is tendered to Vertical Developer and continues at all times thereafter until finally resolved. Vertical Developer's Indemnification obligations under this Agreement are in addition to, and in no way, will be construed to limit or replace, any other obligations or liabilities which Vertical Developer may have to Port in this Agreement, at common law or otherwise.

22.4. Survival of Indemnification Obligations. The terms and provisions of this *Article 22* will survive the expiration or termination of this Agreement, provided, however, that Vertical Developer (a) shall not have any liability or indemnification obligations hereunder with respect to the PKN Horizontal Improvements or the Port Acceptance Items to the extent that such liability arises out of or in connection with any acts, events, circumstances or matters first occurring after the date of Port's acceptance of the PKN Horizontal Improvements and all Port Acceptance Items, and (b) shall not have any liability or indemnification obligations hereunder to the extent that such liability arises out of or in connection with any acts, events, circumstances or matters first occurring or first arising after the date any third party actually acquires ownership of the Property pursuant to an Assignment and Assumption Agreement.

23. TRANSFER AND ASSIGNMENTS.

23.1. Before Close of Escrow. Vertical Developer's right to purchase the Property pursuant to this Agreement is personal to Vertical Developer. Accordingly, Vertical Developer may not Transfer this Agreement before Close of Escrow without the prior written consent of Port, which may be granted, withheld, or conditioned in its sole discretion (except for a Transfer to an Affiliate of Vertical Developer for which no consent shall be required). Port shall approve or disapprove any requested transfer or assignment within thirty (30) days after receipt of a written request for approval from Vertical Developer. The Parties agree that if Port consents to a Transfer, all Net Transfer Proceeds will be paid to Port. The Vertical Developer may assign this Agreement to an Affiliate of Vertical Developer upon fifteen (15) business days' prior

written notice to Port. Any such assignment shall provide for the assumption of all of the Vertical Developer's rights and obligations under this Agreement by written agreement in form and substance reasonably satisfactory to Port.

23.2. Additional Definitions.

"Affiliate" means any Person directly or indirectly Controlling, Controlled by or under Common Control with the other Person in question.

"Assignment" means an assignment, conveyance, hypothecation, pledge (other than from and after Close of Escrow, a pledge in connection with any mezzanine financing which will not require prior Port approval), or otherwise transfer of all or any of Vertical Developer's interest in this Agreement.

"Cash Consideration" means (a) cash or (b) cash equivalents.

"Control" means with respect to any Person (a) the possession, directly or indirectly, of the power to direct or cause the direction of the day to day management, policies or activities of such Person whether through ownership of voting securities, by contract or otherwise (excluding customary limited partner or non-managing member approval rights) (it being agreed and understood that the right to approve certain major decisions shall not, in and of itself, be deemed to be Control of a Person and a Person shall not be deemed to lack Control of another Person even though certain decisions may be subject to customary "major decision" consent or approval rights of limited partners, shareholders or members, as applicable), or (b) the ownership (direct or indirect) of more than fifty percent (50%) of the ownership interest of such Person (whether shares, partnership interests, membership interest or other equity, and whether one or more classes thereof).

"Controlled" and **"Controlling"** have correlative meanings.

"Excluded Transfer" means any of the following: (a) Vertical Developer's grant of a Mortgage and the exercise of customary remedies under any financing of Vertical Developer or any constituent owner thereof; (b) the exercise of customary limited partner or non-managing member remedies under a partnership or limited liability company operating agreement, as applicable; (c) a change resulting from death or legal incapacity of a natural person; (d) the sale, transfer or issuance of less than the Controlling interest of stock of Vertical Developer that is listed on a nationally or internationally recognized stock exchange in a single transaction or a related series of transactions; (e) the assignment, transfer, or addition of any limited partner interests, non-managing member interests or preferred equity interests in the Vertical Developer or in any direct or indirect member of the Vertical Developer; or (f) the granting of temporary or permanent easements or permits to facilitate development of the Project.

"Net Transfer Proceeds" means before Close of Escrow, Transfer Proceeds less the transferor Vertical Developer's reasonable Attorneys' Fees and Costs incurred by Vertical Developer in connection with a Transfer.

"Non-Cash Consideration" means consideration received by Vertical Developer in connection with a Sale that is not Cash Consideration.

"Significant Change" means any change in the direct or indirect ownership of Vertical Developer that results in a change in Control of Vertical Developer; provided, however, in no event will any Excluded Transfer be deemed a Significant Change.

"Transfer" means an Assignment or a Significant Change.

"Transfer Proceeds" means all consideration received by or for the account of Vertical Developer in connection with a Transfer, including Cash Consideration, the principal amount of any loan made by Vertical Developer to a purchaser as part of the purchase price, or any other Non-Cash Consideration representing a portion of the purchase price. A commitment by an owner (whether direct or indirect) of Vertical Developer to fund its share of future capital calls to

construct the Vertical Project, in and of itself, will not be considered or deemed to be "Transfer Proceeds."

23.3. After Close of Escrow.

(a) Vertical Developer's Right to Transfer Before Certificate of Completion.

(i) Conditions to Transfer After Commencement of Construction but Before Certificate of Completion. Subject to **Sections 23.3(a)(iii)** and **23.3(a)(vi)**, after Commencement of Construction, but before Port's issuance of a Certificate of Completion, Vertical Developer will not suffer or permit any Transfer to occur, without the prior written consent of Port, which consent may not be unreasonably withheld by Port if each of the following conditions is satisfied:

(1) In the case of an Assignment only, the proposed transferee executes and delivers an Assignment and Assumption Agreement, which Assignment and Assumption Agreement must contain:

(A) An express assumption by the proposed transferee, for itself and its successors and assigns, and expressly for the benefit of Port, of all of the obligations of Vertical Developer arising from or after the effective date of the Transfer under this Agreement and any other agreements or documents entered into by and between Port and Vertical Developer pursuant to this Agreement directly relating to the PKN Project, and an express agreement by the proposed transferee to be subject to all of the conditions and restrictions to which Vertical Developer is subject;

(B) A representation by the proposed transferee that it has conducted a thorough investigation and due diligence of the Property; and

(C) A release by the proposed transferee of the City Parties and the State Lands Indemnified Parties and waiver of any and all Losses against the City Parties and the State Lands Indemnified Parties for the condition of the Improvements or the real property or any claims assignor may have against the City Parties arising prior to the effective date of the Transfer.

(2) The any deed conveying the Property, if applicable, has been submitted to Port for its review, or at the request of Vertical Developer, such document is made available for Port's review at Vertical Developer's office in San Francisco;

(3) There is no Vertical Developer Default or unmatured Vertical Developer Default under this Agreement or any of the other documents or obligations to be assigned to the proposed transferee where Vertical Developer or proposed transferee have not made provisions to cure the applicable default, which provisions are satisfactory to Port in its sole discretion;

(4) (1) in the case of a Significant Change, Vertical Developer must be a Qualified Transferee immediately following the consummation of such Significant Change; and (2) in the case of an Assignment, the proposed transferee is a Qualified Transferee;

(5) Vertical Developer provides to Port an estoppel certificate substantially in the form attached hereto as **Exhibit P**, which estoppel certificate will be effective as of the effective date of Transfer;

(6) Port agrees to execute and deliver to the Vertical Developer and, if requested, any Qualified Transferee, any lender (or prospective lender) and any assignee or transferee of Vertical Developer's obligations hereunder, within 30 days after a request is made, an estoppel certificate with regard to the following matters: (A) this Agreement is unmodified and in full force and effect (or, if there have been modifications, that this Agreement

is in full force and effect as modified, and stating the modifications or if this Agreement is not in full force and effect, so stating), (B) to Port's actual knowledge, whether there is default under this Agreement by either Party, or whether Port is aware of any act or omission which, with the passage of time or notice or both, would result in a default or breach of this Agreement; and (C) any other matter actually known to Port, directly related to this Agreement and reasonably requested by the requesting Party.

(7) Port receives on or prior to the effective date of Transfer sufficient funds to reimburse Port for its Attorneys' Fees and Costs to review the proposed Transfer provided, however, if Port has not delivered to Vertical Developer an invoice for Attorneys' Fees and Costs prior to the effective date of Transfer, Vertical Developer will reimburse Port for same within ten (10) business days of receipt of such invoice.

(ii) *No Limitation.* It is the intent of this Agreement, to the fullest extent permitted by Law and equity, that no Transfer of this Agreement, or any interest therein, however consummated or occurring, and whether voluntary or involuntary, may operate, legally or practically, to deprive or limit Port of the benefits under this Agreement or any rights or remedies or controls provided in or resulting from this Agreement with respect to the Property that Port would have had, had there been no such Transfer.

(iii) *Mortgaging of Interest.* Notwithstanding anything herein to the contrary, at any time during the Term of this Agreement, Vertical Developer has the right, without Port's consent, to sell, assign, encumber or transfer its interest in this Agreement to a lender or other purchaser in connection with the exercise of remedies under the provisions of a Mortgage, subject to the limitations, rights and conditions set forth in *Schedule 20*.

(iv) *Limitation on Liability.* From and after an Assignment of all of the transferor's (including Transferor's) interest in this Agreement, the transferor (including Transferor) will be released from all obligations and liability under this Agreement to the extent first arising after the date of such Assignment. In no event will the transferor (including Transferor) be liable for a new default first arising after the date of such Assignment. The effectiveness of any Assignment hereunder is not in any way to be construed to relieve the transferor tenant of any liability arising out of or with regard to the performance of any covenants or obligations to be performed by the transferor tenant hereunder before the date of such Assignment. In connection with any such Assignment, upon request from Transferor, Port will promptly execute documentation evidencing the foregoing release of obligations and liabilities; provided, failure to do so will not invalidate or limit the effect of the release set forth in this *Section 23.3(a)(iv)*.

(v) *Notice of Significant Changes; Reports to Port.* Vertical Developer will promptly notify Port of any and all Significant Changes.

(vi) *Transfers Not Requiring Port Consent Before Certificate of Completion.* Notwithstanding anything to the contrary set forth herein, Port's consent will not be required in the event of an Excluded Transfer or a Transfer to a Vertical Developer Affiliate.

(b) **Vertical Developer's Right to Transfer After Certificate of Completion.** Notwithstanding any other provision of this Agreement after the issuance of a Certificate of Completion, Vertical Developer may Transfer all or any portion of the Vertical Project and the Property without prior notice to or consent from the Port.

(c) **No Restriction on Certain Matters.** The provisions of this *Article 23* will not be deemed to prohibit or otherwise restrict (1) the granting of authorizations to facilitate the development, operation and use of the Property, in whole or in part, (2) the grant or creation of a Mortgage or mezzanine financing, (3) the sale or transfer of the Property or a portion thereof or any interest therein pursuant to foreclosure or the exercise of a power of sale contained in a Mortgage or any other remedial action in connection therewith, or a conveyance or transfer

thereof in lieu of foreclosure or exercise of such power of sale, or (4) any Transfer to Port, the City, City Agencies or any other Governmental Entity.

(d) **Conditions Precedent.** The Transferee, upon taking title of the Transferred Property will succeed to all of Vertical Developer's rights (including without limitation the right to Transfer) and obligations under this Agreement.

23.4. *Limitation on Liability.* From and after a Transfer, the transferor (including Transferor) will be released from all obligations, duties and liability under this Agreement to the extent first arising after the date of such Transfer. In no event will transferor (including Transferor) be liable for a new default first arising after the date of such Transfer. The foregoing release will not in any way to be construed to relieve the transferor (including Transferor) of any liability arising out of or with regard to the performance of any covenants or obligations to be performed by the transferor (including Transferor) hereunder before the date of such Transfer. In connection with any such Transfer, upon request from transferor, Port will promptly execute documentation evidencing the foregoing release of obligations and liabilities; provided, failure to do so will not invalidate or limit the effect of the release set forth in this **Section 23.4.**

23.5. *Restrictions on Port Transfer.* Unless otherwise prohibited by Law, Port agrees not to transfer any portion of the Property or any interest therein acquired by it to any Person where such transfer would preclude Port's or Vertical Developer's performance under this Agreement or the uses, densities, rights or intensity of development contemplated under this Agreement or the Vertical Development Requirements. Port shall be permitted to Transfer the Property to the City to facilitate the sale of the Property.

23.6. *Sale of Individual Condominium Units.*

(a) **Non-Applicability of Transfer Restrictions.**

(i) Notwithstanding any other provision of this Agreement, the provisions relating to Transfers will not apply to buyers of individual Condominium Units and parking spaces for which, on or before the date of sale, a certificate of occupancy has been issued.

(ii) Port will not: (A) require notice or assumption of obligations for sales or subsequent re-sales of any such Condominium Units; (B) require notice or assumption of obligations, if any, for the transfer of Condominium Unit project condominium common areas; nor (C) impose any obligations with respect to completion of the improvements on individual Condominium Units for which a Final Certificate of Occupancy has been issued.

(iii) Vertical Developer will include in each purchase and sale agreement for a Condominium Unit a full waiver and release of any and all Claims against the City Parties resulting from (A) Vertical Developer's completion of, or failure to complete, all or any part of the PKN Project, (B) Horizontal Developer's completion of, or failure to complete, all or any part of the Horizontal Improvements, (C) Port or the City's failure to complete any part of the Pier 70 Project, and (D) the payment by the buyer or seller of any Condominium Unit of any fees set forth in the Transfer Fee Covenant.

(iv) This **Section 23.6** is for the express benefit of Vertical Developer, and nothing herein will be construed to: (A) confer on an individual Condominium Unit purchaser the status of transferee or Vertical Developer or (B) provide such purchaser, as opposed to Vertical Developer, with the right to request a Certificate of Completion for an individual Condominium Unit.

(v) No buyer of any individual Condominium Unit will be subject to the obligations or have the rights of Vertical Developer under this Agreement, the Vertical Developer Restrictive Covenants, or the right to request a Certificate of Completion. The Parties hereto acknowledge that any of the Vertical Development Requirements that are binding on

Condominium Units will be included in recorded documents that run with the applicable Condominium Units.

24. PORT AND CITY SPECIAL PROVISIONS.

Vertical Developer will comply with Port and City Special Provisions attached hereto as *Exhibit Q*.

25. GENERAL PROVISIONS.

25.1. General Applicability. The provisions of this Section 25 shall apply to all Transaction Documents.

25.2. Notices.

(a) **Manner of Delivery.** Any notices (including notice of approval or disapproval, demands, waivers, and responses to any of them) required or permitted under any Transaction Document must be delivered by: (a) hand delivery; (b) first class United States mail, postage prepaid, return receipt requested; or (c) overnight delivery by a nationally recognized delivery service or the United States Postal Service, delivery charges prepaid.

(b) **Required Information.** To be effective, a notice must be in writing or be accompanied by a cover letter that, to the extent applicable:

(i) cites the section of the Transaction Document under which the notice is given;

(ii) indicates whether a response or other action is required and, if so, the period of time within which the recipient must respond or otherwise act;

(iii) for a potential breach, is prominently marked "Notice of Default"; and

(iv) is clearly marked "Request for Approval" if approval is being requested.

(c) **Effective Date.** A notice will be deemed to be delivered and effective:

(i) on the date personal delivery actually occurs;

(ii) on the business day after the business day it is deposited for overnight delivery; or

(iii) on the date of actual delivery or on which delivery is refused as shown on the return receipt if mailed.

(d) **Address; Change of Address.** Notices must be delivered to the addresses below, unless superseded by a notice of a change in address for notices that is delivered in accordance with *Section 25.2(a)*.

(e) **Convenience Copies.** Except as explicitly permitted under specific circumstances, a Party must not give notice by facsimile or electronic mail, but any Party may deliver a copy of a notice by facsimile or electronic mail as a courtesy or for convenience. The effective date of a notice will not be affected by delivery of a convenience copy by facsimile or electronic mail.

25.3. Amendments/Technical Changes. The Transaction Documents may be amended or modified only by a written instrument signed by the Vertical Developer and Port. Without limiting the foregoing, Vertical Developer and Port may correct any inadvertent error to the Transaction Documents or any of their exhibits or implementing documents that is contrary to the Parties' intention in the identification or characterization of or any reference to any title exception, legal description, boundaries of any parcel, map or drawing, or the text, or otherwise agree to minor changes that do not materially and adversely affect the PKN Project (as reasonably determined by Vertical Developer). Any agreed change will be effected by a signed

memorandum or replacement pages. A memorandum or replacement sheet will not be deemed an amendment of the Transaction Document as long as any adjustments are relatively minor and do not result in a material change as determined by the Parties in consultation with counsel. Any memorandum will become a part of this Agreement or the affected document when fully executed. Material modifications to the Transaction Documents may require the approval of either or both the Port Commission and the Board of Supervisors, each of which may give or withhold approval in its sole discretion unless explicitly stated otherwise.

25.4. Representations and Warranties of Vertical Developer. Vertical Developer represents and warrants to Port as of the Effective Date and as of the Close of Escrow as follows:

(a) That Vertical Developer is a limited liability company, duly organized, validly existing, and in good standing under the laws of the State of Delaware. Vertical Developer is duly qualified, in good standing, and authorized to do business under the laws of the State of California. Vertical Developer has all requisite power and authority to conduct its business as presently conducted.

(b) That Vertical Developer has not been suspended, disciplined or disbarred by, or prohibited from contracting with, any federal, state or local governmental agency. In the event Vertical Developer has been so suspended, disbarred, disciplined or prohibited from contracting with any governmental agency, it will immediately notify Port of same and the reasons therefore together with any relevant facts or information requested by Port.

(c) That the Transaction Documents, and all documents executed by Vertical Developer: (i) are and at the time of Closing will be duly authorized, executed and delivered by Vertical Developer; (ii) are and at the time of Closing will be legal, valid and binding obligations of Vertical Developer; and (iii) do not and at the time of Closing will not violate any provision of any agreement or judicial order to which Vertical Developer is a party or to which Vertical Developer is subject. The Transaction Documents will be legal, valid and binding obligations of Vertical Developer, enforceable against Vertical Developer in accordance with their terms.

(d) That Vertical Developer has all requisite power and authority to execute and deliver the Transaction Documents and to carry out and perform all of the terms and covenants of the Transaction Documents.

(e) None of Vertical Developer's formation documents, nor any other agreement or Law in any way prohibits, limits or otherwise affects the right or power of Vertical Developer to enter into and perform all of the terms and covenants of the Transaction Documents. Vertical Developer is not party to or bound by any contract, agreement, indenture, trust agreement, note, obligation or other instrument that could prohibit, limit or otherwise affect the same. Except as set forth herein, no consent, authorization or approval of, or other action by, and no notice to or filing with, any governmental authority, regulatory body or any other Person is required for the due execution, delivery and performance by Vertical Developer of the Transaction Documents or any of the terms and covenants contained therein. There are no pending or threatened in writing lawsuits or proceedings or undischarged judgments affecting Vertical Developer before any court, governmental agency, or arbitrator that is reasonably expected to materially and adversely affect the enforceability of the Transaction Documents or the business, operations, assets or condition of Vertical Developer.

(f) The execution, delivery and performance of the Transaction Documents (i) do not and will not violate or result in a violation of, contravene or conflict with, or constitute a default under (A) any agreement, document or instrument to which Vertical Developer or by which Vertical Developer's assets may be bound or affected, (B) to Vertical Developer's knowledge, any Law, or (C) the certificate of formation or the operating agreement of Vertical Developer, and (ii) do not and will not result in the creation or imposition of any lien or other

encumbrance upon the assets of Vertical Developer (other than the lien of a Mortgage in accordance with this Agreement).

(g) There is no material adverse change in Vertical Developer's financial condition and Vertical Developer is meeting its current liabilities prior to any delinquency; no federal or state tax liens have been filed against it; and Vertical Developer is not in default or claimed default beyond all applicable notice and cure periods under any agreement for borrowed money.

(h) Notwithstanding anything to the contrary in this Agreement, the foregoing representations and warranties will survive the Closing Date.

25.5. Governing Law. The Transaction Documents will be governed by, subject to, and construed in accordance with the laws of the State of California and City's Charter and Administrative Code. All legal actions related to the Transaction Documents will be instituted in the Superior Court of the City and County of San Francisco, State of California, in any other appropriate court in the City or, if appropriate, in the Federal District Court in San Francisco, California.

25.6. Merger of Prior Agreements. The Transaction Documents collectively, together with all preamble paragraphs, recitals, exhibits, schedules, and other attachments, contain any and all representations, warranties and covenants made by Vertical Developer and Port and constitutes the entire understanding between the parties hereto with respect to the subject matter hereof. No prior drafts of any Transaction Document or changes from those drafts to the executed versions may be introduced as evidence in any litigation or other dispute resolution proceeding by any person, and no court or other body may consider those drafts in interpreting any Transaction Document. Any prior correspondence, memoranda or agreements are replaced in total by the Transaction Documents together with the exhibits hereto.

25.7. Parties and Their Agents. The term "Vertical Developer" as used herein will include the plural as well as the singular. If Vertical Developer consists of more than one (1) individual or entity, then the obligations under this Agreement imposed on Vertical Developer will be joint and several. As used herein, the term "Agents" when used with respect to either party will include the agents, employees, officers, contractors and representatives of such party.

25.8. Interpretation of Agreement.

(a) **Exhibits, Schedules, and Attachments.** Each exhibit, schedule or attachment are a part of the Transaction Document to which they are attached or into which they are expressly incorporated by reference. Each schedule attached to a Transaction Document is provided for reference when implementing the PKN Project. The Parties agree that each Transaction Document and all attachments may be revised from time to time by agreement based on changed circumstances and experience in the course of the PKN Project. Each Party (including any applicable affected Transferee) will confirm its agreement by signing the revised document in counterparts, which will be deemed to be attached to each counterpart of the revised document and will supersede the document being revised.

(b) **Captions.** Whenever a section or paragraph is referenced, it refers to the specific Transaction Document unless otherwise specifically identified. The captions preceding the sections of the Transaction Documents and in the table of contents have been inserted for convenience of reference only. Such captions will not define or limit the scope or intent of any provision of the Transaction Documents.

(c) **Words of Inclusion.** The use of the term "including", "include", "such as" or words of similar import when following any general term, statement or matter will not be construed to limit such term, statement or matter to the specific items or matters, whether or not language of non-limitation is used with reference thereto. Rather, such terms will be deemed to

refer to all other items or matters that could reasonably fall within the broadest possible scope of such statement, term or matter.

(d) **No Presumption Against Drafter.** The Transaction Documents have been negotiated at arm's length and between Persons sophisticated and knowledgeable in the matters dealt with herein. In addition, experienced and knowledgeable legal counsel has represented each Party. Accordingly, the Transaction Documents will be interpreted to achieve the intents and purposes of the Parties, without any presumption against the Party responsible for drafting any part of any Transaction Document (including California Civil Code Section 1654).

(e) **Costs and Expenses.** The Party on which any obligation is imposed in a Transaction Document will be solely responsible for paying all costs and expenses incurred in the performance of such obligation, unless the provision imposing such obligation specifically provides to the contrary.

(f) **Agreement References.** Wherever reference is made to any provision, term or matter "in the [Transaction Document]," "herein," "hereof," or similar terms will be deemed to refer to any reasonably related provisions of the Transaction Document in which the reference appears in the context of the reference, unless the reference refers solely to a specific provision of the Transaction Document.

25.9. Attorneys' Fees. If either Party hereto fails to perform any of its respective obligations under the Transaction Documents or if any dispute arises between the Parties hereto concerning the meaning or interpretation of any provision of the Transaction Documents, then the defaulting Party or the Party not prevailing in such dispute, as the case may be, will, after a final, non-appealable judgment, pay any and all reasonable costs and expenses incurred by the prevailing party on account of such default or in enforcing or establishing its rights hereunder, including, without limitation, court costs and Attorneys' Fees and Costs. For purposes of the Transaction Documents, the reasonable fees of attorneys of the Office of the City Attorney of the City and County of San Francisco will be based on the fees regularly charged by private attorneys with the equivalent number of years of experience in the subject matter area of the law for which the City Attorney's services were rendered who practice in the City of San Francisco in law firms with approximately the same number of attorneys as employed by the City Attorney's Office.

25.10. Time of Essence. Time is of the essence with respect to the performance of the parties' respective obligations contained herein.

25.11. No Merger. The obligations contained herein that expressly survive the Closing will not merge with the transfer of title to the Property but will remain in effect until fulfilled.

25.12. Non-Liability of City Officials, Employees and Agents. Notwithstanding anything to the contrary in the Transaction Documents no elective or appointive board, commission, member, officer, employee or agent of City will be personally liable to Vertical Developer, its successors and assigns, in the event of any default or breach by City or for any amount which may become due to Vertical Developer, its successors and assigns, or for any obligation of City under the Transaction Documents.

25.13. Joint and Several Liability. If Vertical Developer consists of more than one person, then the obligations of each under any Transaction Document will be joint and several. City and Port shall be jointly and severally liable for the obligation to deliver the Deed.

25.14. Performance Generally.

(a) **Time.**

(i) Time is of the essence in the performance of all of the terms and conditions of each Transaction Document.

(ii) Subject to this Section, all required performance dates including cure deadlines, expire at 5:00 p.m. Pacific Standard or Daylight Savings Time, as applicable, on the stated date, unless extended under the Transaction Document under which performance is due. Any reference to a week, quarter, or month without reference to a specific day will mean the last day in the period.

(iii) If a Party must give notice or take any other action within a specified minimum number of days that would not fall on a business day, then the Party must take the action on the preceding business day. For example, if a Party is required to give at least five days' prior notice of an action and the fifth day before the desired action falls on a Sunday, the Party must give notice by the next business day.

(iv) In all other cases, if the last day of any period to take an action occurs on a day that is not a business day, then the last day for undertaking the action is extended to the next business day. For example, if a Party has 30 days to cure a default, and the 30th day is a Saturday, the Party would have until the next business day to effect the cure.

(b) Extensions of Time.

(i) Each Party, acting in its sole discretion, may agree to extend the date for the other Party's performance of any term, covenant, or condition, or the other Party's exercise of any rights under the Transaction Document, without executing an amendment. A Party may impose reasonable conditions on an extension of the other Party's time to cure a default. No extension of time will release any of the obligations subject to the extension or waive the granting Party's rights in relation to any other term, covenant, or condition of or any other default in the performance or breach of the Transaction Document under which the extension is granted.

(ii) Any extension of time requiring Port Commission approval must be made by a resolution adopted at a public meeting. All other extensions will be made by a countersigned writing.

(c) Waivers. None of the following circumstances will waive an Aggrieved Party's rights or remedies with respect to a default, including its right to prosecute any actions it deems necessary to enforce its rights or remedies.

(i) Party's failure to give notice or delay in giving notice or asserting any of its rights or remedies as to a default will not waive or delay the date on which the default occurs.

(ii) A Party's waiver as to a specific default right, or remedy will not be a waiver of any other default, right, or remedy.

(d) Responsibility for Costs. The Party on which any obligation is imposed will be solely responsible for paying all costs incurred in performing the obligation, unless specifically provided otherwise.

25.15. No Limitation on Unrelated Rights. The rights and remedies under the Transaction Documents do not supersede or preclude any Party's exercise of its rights and remedies under other agreements and documents, or of the City, the Port, or any other Regulatory Agency to require compliance with any Regulatory Approval or other entitlement granted for the Project.

25.16. No Joint Venture or Partnership. Nothing in any Transaction Document to which Vertical Developer is a Party, or in any document Vertical Developer executes in connection with the Transaction Documents, will create a joint venture or partnership between the City and Vertical Developer or between the Port and Vertical Developer. Vertical Developer is not acting as the agent of the City or the Port, nor is the City or the Port acting as the agent of Vertical Developer in any respect under any Transaction Document. Vertical

Developer is not a state or governmental actor with respect to any of its activities under the Transaction Documents.

25.17. *Inconsistent Provisions.* Vertical Developer and the City Parties intend for any Transaction Document addressing specific rights and obligations to prevail over any inconsistent provisions in any other any Transaction Document. This general rule will apply to the primary Transaction Document as amended from time to time.

25.18. *Severability.* Unless specifically provided otherwise, a final judgment invalidating any provision of any Transaction Document, or its application to any person, will not affect any other provision of the Transaction Document or its application to any other person or circumstance. All other provisions of the Transaction Document will continue in full force and effect, except to the extent that enforcement of the Transaction Document as affected by the final judgment would be unreasonable or grossly inequitable under all the circumstances or would frustrate a fundamental purpose of the Transaction Documents.

25.19. *Counterparts.* The Transaction Documents may be executed in multiple counterparts, each of which will be deemed to be an original and that together will be one instrument. Parties may deliver their counterparts by electronic mail or other electronic means of transmission.

25.20. *Further Assurances.* The parties agree to execute such instruments or to do such further acts as may be reasonably necessary to carry out the provisions of each Transaction Document; provided, however, that no party will be obligated to provide such instruments and to do such further acts that would materially increase such party's liabilities hereunder or materially decrease such party's rights hereunder. The provisions of this **Section 25.20** will survive the Closing.

25.21. *Advance Writings Required.*

(a) **Amendments and Waivers.** Any amendment or waiver of any provision of any Transaction Document must be in writing and signed on behalf of each Party by a person authorized to do so. Material modifications to Transaction Documents may require the approval of either or both the Port Commission and the Board of Supervisors, each of which may give or withhold approval in its sole discretion unless explicitly stated otherwise.

(b) **Approvals and Waivers.** Whenever a Party's approval or waiver is required: (i) the approval or waiver must be obtained in advance and in writing; and (ii) except as specified otherwise, the Party whose approval or waiver is sought must not unreasonably withhold, condition, or delay its approval or waiver, as applicable.

(c) **Specific Application.** A Party's waiver or consent in reference to another Party's performance of or any condition to its obligations under a Transaction Document will not be a waiver of or consent to any other performance or condition.

25.22. *Plans on Record with Port.* The most recent versions of the Exhibits, as such Exhibits may be amended or supplemented from time to time in accordance with this Agreement or the terms of such Exhibits, will not be required to be recorded but will be kept on file with Port. Full color copies of all recorded documents are also on file with Port. All documents on file with Port will be made available to members of the public at reasonable times in keeping with Port's standard practices.

25.23. *Survival; Effect of Termination.* Any release, partial release, expiration or termination of this Agreement will not affect any provision of this Agreement that, by its express term, is intended to survive the expiration or termination of this Agreement. Upon any termination of this Agreement before issuance of the final Certificate of Completion by reason of a Vertical Developer Default, Vertical Developer will not have the right to proceed with the Vertical Project improvements or PKN Horizontal Improvements and any additional construction must proceed, if at all, under the terms of a new vertical disposition and

development agreement with Port or, with the written agreement of Port, a reinstatement of this Agreement with appropriate agreed upon revisions.

25.24. Words of Inclusion . The words "including," "such as," or similar terms when following any general term must not be construed to limit the term to the specific terms that follow, whether or not followed by language of non-limitation, such as "without limitation," "including, but not limited to," or similar words, but will be deemed to refer to all other items or matters that could reasonably fall within the broadest possible scope of the term and to be followed by the phrase "without limitation" or "but not limited to."

25.25. Gender and Number . Wherever the context requires, gender-specific and gender-neutral references are deemed to include the masculine, feminine, and gender-neutral, and references to the singular are deemed to include the plural and vice versa.

25.26. Numerals . For purposes of calculations under any Transaction Document, fractions will not be rounded up or down. A numeral will prevail over any conflicting spelled out number.

25.27. Statutory References. References to specific code sections mean San Francisco Municipal Ordinances unless otherwise specified or required by context. References to any law mean the law as in effect on the Effective Date and as amended at the time in question, unless specifically stated otherwise.

25.28. Enforced Delay; Extension of Times of Performance. Notwithstanding anything to the contrary contained in the Transaction Documents, failure by either Party to perform shall not be deemed a default hereunder and times for performance shall be extended as provided herein where delays are due to events of Force Majeure; provided, however, that the Party claiming the existence of a Force Majeure delay and an extension of its obligation to perform shall notify the other Party in writing of the nature of the matter causing the delay and such notice shall be provided to the other Party within sixty (60) Days from the date of knowledge of the commencement of the cause of the Force Majeure delay. The extension of time to perform shall commence to run from the time of the commencement of the cause and shall continue only for the period of the Force Majeure delay.

26. DEFINITIONS.

Each defined term must be interpreted to encompass all correlating plural and singular nouns, verb tenses and forms, adjectives, adverbs, and other forms of the term. The following examples of the application of definitions to correlating terms are illustrative only and are not intended to limit the application of the examples used or the meaning of this Paragraph.

- “Assign” applies to “Assignment,” “Assignee,” “Assignor,” and “Assigned.”
- “Begin construction” applies to “began to construct,” “beginning construction,” and “has begun to construct.”
- “Indemnify” applies to “indemnity,” “indemnification,” and “indemnitor.”
- “Substantial Completion” applies to “substantially complete.”
- “Third party” applies to “third-party” and “third parties.”
- “Waive” applies to “waiver,” “waivers,” “waived,” and “waiving.”

For purposes of this Agreement, initially capitalized terms will have the meanings ascribed to them in this Article:

“20th Street Plaza” is defined in *Recital F*

“20th Street Plaza Improvement Plans” mean Improvement Plans for the 20th Street Plaza.

“20th Street Plaza Security” is defined in *Section 15.8(a)*.

"28-Acre Site" is defined in *Recital A*.

"28-Acre Site Project" is defined in *Recital A*.

"Acquiring Agency" means the Regulatory Agency (Port, SFPUC, or SFPW) that will acquire PKN Horizontal Improvements in accordance with this Agreement, the Financing and Acquisition Agreement, and all applicable Laws.

"Acquisition Event of Default" is defined in *Section 10.1*.

"Administrative Fees" means a fee imposed by Port or the City in their respective regulatory capacities, that is in effect at the time and payable upon the submission of an application for any permit or approval, which is intended to cover only the estimated actual costs to City or Port of processing that application and inspecting work undertaken pursuant to that application and to reimburse the City or Port for its administrative costs in processing applications for any permits or approvals required under the Vertical Development Requirements.

"Adverse Market Conditions" mean Vertical Developer's determination in its reasonable judgement based on economic and market conditions that it is infeasible to Transfer Condominium Units upon or after Completion of the Vertical Project

"Affiliate" is defined in *Section 23.1*.

"Agents" is defined in *Section 25.7*.

"Agreement" means this Vertical Disposition and Development Agreement.

"Agreement to Comply with CFD Matters" is defined in *Section 3.3(a)*.

"Aggrieved Party" means the Party alleging that a Breaching Party has committed a default under the terms of this Agreement.

"AIC" is defined in *Section 14.1(c)*.

"Architect" means a design professional duly licensed by the State of California designated by Vertical Developer from time to time to issue the Architect's Certificate.

"Architect's Certificate" means a certificate from the Architect in the form attached hereto as *Exhibit M*, verifying Completion of the Vertical Project for purposes of the issuance of a Certificate of Completion.

"As-Built Drawings" means Permit Set drawings and specifications of Improvements in their final form and as-built field documents prepared during the course of construction.

"Assessment Shortfall" means the positive difference between: (i) the amount of property taxes that would have been levied on the Property by application of the ad valorem tax on its Baseline Assessed Value, as escalated to the date of determination by annual increases and reassessment following a transfer; and (ii) the amount of property taxes actually levied on the Property after Reassessment.

"Assessor Information" is defined in *Section 13.15*.

"Assignment" is defined in *Section 23.1*.

"Assignment and Assumption Agreement" means an assignment of this Agreement in substantially the form of *Exhibit R* attached hereto.

"Attorneys' Fees and Costs" means reasonable attorneys' fees and related costs incurred in an action or as otherwise indicated in this Agreement, including all costs of litigation, administrative or other judicial or quasi-judicial proceeding, such as fees and related costs of attorneys, consultants, testing, and experts, and costs for document copying, exhibit preparation, carriers, postage, and communications.

“**BAAQMD**” means the Bay Area Air Quality Management District.

“**Baseline Assessed Value**” means the assessed value of the Property in the City Fiscal Year in which the Chief Harbor Engineer issues the related Final Certificate of Occupancy.

“**Board of Supervisors**” and “**Board**” means the San Francisco Board of Supervisors.

“**Bonds**” means any bonds or other forms of indebtedness secured and payable by one or more of Housing Tax Increment, Mello-Roos Taxes, or Tax Increment issued on behalf of any financing district, to implement the Financing Documents.

“**Breaching Party**” means a Party alleged to have committed a default under this Agreement.

“**Broker**” is defined in *Section 9.2*.

“**Cal OSHA**” means the California Occupational Safety and Health Administration.

“**CC&Rs**” is defined in *Section 14.1(a)*.

“**Certificate of Completion**” means a certificate executed by Port that Vertical Developer has Completed the construction of the Vertical Project in accordance with all the provisions of this Agreement.

“**CFD**” is defined in *Schedule 3.1*.

“**CFD Matters**” is defined in *Schedule 3.1*.

“**Chief Harbor Engineer**” means Port’s Deputy Director, Engineering, or his designee.

“**City**” means the City and County of San Francisco, a municipal corporation.

“**City Costs**” means the actual and reasonable costs incurred by City (other than Port) in performing its obligations under this Agreement (including any costs or fees charged by the Planning Department for design review of conceptual designs for consistency with the SUD and Design for Development), except for (i) any defense costs as set forth in *Section 22.3 and 25.9*, and (ii) work and fees covered by Administrative Fees.

“**City Fiscal Year**” means the period beginning on July 1 of any year and ending on the following June 30.

“**City Parties**” and “**City Party**” are defined in *Section 4.4*.

“**Claims**” means a written demand made in an action or in anticipation of an action for money, mandamus, or any other relief available at law or in equity for a Loss arising directly or indirectly from acts or omissions occurring in relation to the Vertical Project or at the Property during the Term of this Agreement.

“**Close of Escrow**” and “**Closing**” are defined in *Section 2.2(b)*.

“**Closing Costs**” are defined in *Section 9.1*.

“**Closing Date**” means the date when Closing occurs.

“**CMD**” means the Contract Monitoring Division of the City’s General Services Agency.

“**Commence Construction**”, “**Commencement of Construction**” and any variation thereof means the commencement of substantial physical construction as part of a sustained and continuous construction plan. Vertical Developer’s physical work on “site improvements”, as that term is defined in California Civil Code Section 3102, without its commencement of the permanent foundation, does not constitute Commencement of Construction.

“**Complete**”, “**Completed**” or “**Completion**” means completion by Vertical Developer of all aspects of the Vertical Project in accordance with the approved Construction Documents, or provision of security satisfactory to Port for any Deferred Items, and issuance of applicable

temporary certificates of occupancy (or their functional equivalent) for the Vertical Project, together with completion of all improvements which are specifically required as a matter of law for occupancy of the entire Vertical Project under the conditions of any Regulatory Approvals.

“**Compliance Determination**” is defined in *Section 16.4(b)*.

“**Compliance Request**” is defined in *Section 16.1*.

“**Condominium**” means an estate in real property (i) consisting of an undivided interest in common in a portion of a parcel of real property together with a separate interest in space in a residential, industrial, and/or commercial building on such real property, such as an apartment, office, store, or residential building with ground floor retail, or (ii) as defined in California Civil Code Sections 783, California Civil Code Division 4, Part 5, Chapter 1 or any successor statute or code, intended for residential or commercial/retail use, as shown on a duly filed final subdivision map, parcel map, or condominium plan of the Property or any portion thereof, and any fractional interest thereof, including, without limitation, timeshare interests as defined in California Business and Professional Code Section 11212(x) derived therefrom, lying within the Property.

“**Condominium Unit**” means each individual unit within a Condominium.

“**Construction Documents**” means (i) schematic design documents approved by Planning Director or Port under the SUD, (ii) site permits and/or building permits issued by Port for the PKN Project, and (iii) the PKN Improvement Plans.

“**Control**” is defined in *Section 23.1*.

“**County Assessor**” means the Assessor-Recorder of the City and County of San Francisco.

“**Current Assessed Value**” means the Property’s Baseline Assessed Value as escalated or reassessed on the date of determination.

“**Deed**” is defined in *Section 3.1(a)*.

“**Deferred Items**” is defined in *Section 17.1(c)*.

“**Delay Period**” means that period commencing after the deadline for performance under *Section 15.10* until Substantial Completion of or submission of a Compliance Request (as applicable) for the applicable PKN Horizontal Improvement.

“**Delegation of Authority to Vote**” is defined in *Section 12.3*.

“**Deliver**” or “**Delivery**” means conveyance of the Property by City to Vertical Developer by quitclaim deed.

“**Deposit**” is defined in *Section 2.2(a)*.

“**Design Advisory Committee**” is defined in *Section 15.4(d)*.

“**Design for Development**” means the Pier 70 Design for Development approved by the Port Commission by Resolution No. 17-45 and the Planning Commission by Motion No. 19980, as amended from time to time.

“**Development Documents**” means (i) the SUD and the PKN Tentative Map; (ii) the Design for Development; and (iii) approved Construction Documents; and (iv) the Streetscape Master Plan.

“**Development Easements**” is defined in *Section 3.4(a)*.

“**Easement Action**” is defined in *Section 13.4*.

“**Effective Date**” means the date on which both parties have executed this Agreement.

“Environmental Laws” mean all present and future federal, State and local Laws, statutes, rules, regulations, ordinances, standards, directives, and conditions of approval, all administrative or judicial orders or decrees and all permits, licenses, approvals or other entitlements, or rules of common law pertaining to Hazardous Materials (including the Handling, Release, or Remediation thereof as those terms are defined in *Schedule 22.1*), industrial hygiene or environmental conditions in the environment, including structures, soil, air, air quality, water, water quality and groundwater conditions, any environmental mitigation measure adopted under Environmental Laws affecting any portion of the Property, the protection of the environment, natural resources, wildlife, human health or safety, or employee safety or community right-to-know requirements related to the work being performed under this Lease. “Environmental Laws” include the City’s Pesticide Ordinance (Chapter 39 of the San Francisco Administrative Code), Section 20 of the San Francisco Public Works Code (Analyzing Soils for Hazardous Waste), the FOG Ordinance, the Pier 70 Risk Management Plan and that certain Covenant and Environmental Restrictions on Property made as of August 11, 2016, by the City, acting by and through Port, for the benefit of the California Regional Water Quality Control Board for the San Francisco Bay Region and recorded in the Official Records as document number 2016-K308328-00.

“Escrow Agent” means the Title Company acting in its capacity as the escrow agent for the transaction.

“Exaction” means any requirement to construct improvements for a public purpose, dedicate a real property interest, or other burden that the City imposes as a condition of approval to mitigate the impacts of increased demand for public services, facilities, or housing caused by a development project, which may or may not be an impact fee governed by the Mitigation Fee Act, including a fee paid in lieu of complying with a City requirement. **“Exaction”** excludes Mitigation Measures and any federal, state, or regional impositions.

“Final Certificate of Occupancy” means a certificate of occupancy that the Chief Harbor Engineer issues under Port Building Code allowing all portions of a building to be occupied.

“Final EIR” means the environmental impact report for the SUD Project that the Planning Commission certified on August 24, 2017.

“Final Map” means a final subdivision map meeting the requirements of the Subdivision Map Act of California (Calif. Gov’t Code §§ 66410-66499.37) and the Subdivision Code.

“Finally Granted” means that the action is final, binding and non-appealable and all applicable statutes of limitation relating to such action, including with respect to CEQA, shall have expired without the filing or commencement of any judicial or administrative action or proceeding in a court of competent jurisdiction with regard to such action.

“Financing Plan” is defined in *Section 13.5(b)*.

“FOG Ordinance” means Sections 140-140.7 of Article 4.1 of the San Francisco Public Works Code, or any subsequent amendment or replacement of the same that sets forth prohibitions, limitations and requirements for the discharge of fats, oils and grease into the City’s sewer system by food service establishments.

“Force Majeure” means events which result in delays in a Party’s performance of its obligations hereunder due to causes beyond such Party’s control and not caused by the acts or omissions of such Party, including, but not restricted to, acts of nature or of the public enemy, fires, floods, earthquakes, tidal waves, strikes, freight embargoes, and unusually severe weather, inability to obtain materials or reasonably acceptable substitute materials (provided that Vertical Developer has ordered such materials on a timely basis and Vertical Developer is not otherwise at fault for such inability to obtain materials), and delays of contractors or subcontractors due to any of the foregoing causes. Force Majeure does not include (i) failure to obtain financing or failure to have adequate funds, (ii) sea level rise, or (iii) any event that does not cause an actual

delay. The delay caused by Force Majeure includes not only the period of time during which performance of an act is hindered, but also such additional time thereafter as may reasonably be required to make additional repairs or obtain additional Regulatory Approvals that would not have otherwise been required but for the Force Majeure event. If Vertical Developer is diligently proceeding to obtain necessary building permits or Regulatory Approvals for the PKN Horizontal Improvements as required hereunder, Force Majeure includes Developer's inability to obtain in a timely manner building permits or other Regulatory Approvals ("Permit Force Majeure"); provided, however, in no event will Force Majeure exceed twelve (12) months

"Gross Floor Area" is defined in the Design for Development.

"Hard Costs" are defined in the Financing Plan.

"Hazardous Material" means any material, waste, chemical, compound, substance, mixture, or byproduct that is identified, defined, designated, listed, restricted or otherwise regulated under Environmental Laws as a "hazardous constituent", "hazardous substance", "hazardous waste constituent", "infectious waste", "medical waste", "biohazardous waste", "extremely hazardous waste", "pollutant", "toxic pollutant", or "contaminant", or any other designation intended to classify substances by reason of properties that are deleterious to the environment, natural resources, wildlife, or human health or safety, including, without limitation, ignitability, infectiousness, corrosiveness, radioactivity, carcinogenicity, toxicity, and reproductive toxicity. Hazardous Material includes, without limitation, any form of natural gas, petroleum products or any fraction thereof, asbestos, asbestos-containing materials, polychlorinated biphenyls ("PCBs"), PCB-containing materials, and any substance that, due to its characteristics or interaction with one or more other materials, wastes, chemicals, compounds, substances, mixtures or byproducts, damages or threatens to damage the environment, natural resources, wildlife or human health or safety. "Hazardous Materials" also includes any chemical identified as a "constituent of concern" in the Pier 70 Environmental Site Investigation Report, Pier 70 Remedial Action Plan, or Pier 70 Risk Management Plan.

"Historic Core Project" is defined in *Recital A*.

"Horizontal DDA" means that certain Disposition and Development Agreement between the City and County of San Francisco, a municipal corporation and charter city, acting by and through the San Francisco Port Commission, and FC Pier 70, LLC, a Delaware limited liability company, dated for reference purposes only as of May 2, 2018.

"Horizontal Developer" is defined in *Recital A*.

"Horizontal Documents" is defined in *Section 3.1(c)*.

"Horizontal Improvements" means those capital facilities and infrastructure built or installed in or to serve the 28-Acre Site and adjacent areas or other public purposes that are the obligation of Horizontal Developer under the Horizontal DDA, including, Site Preparation, Shoreline Improvements, Public Spaces, Public ROWs, Utility Infrastructure and Deferred Infrastructure (as those terms are defined in the Horizontal DDA).

"ICA" means the Interagency Cooperation Agreement between various City agencies and departments and Port, dated as of May 2, 2018, establishing procedures for City review of the 28-Acre Site Project.

"IFD" is an acronym for Infrastructure Financing District No. 2 (Port of San Francisco), formed by Ordinance No. 27-16.

"IFD Termination Date" means the respective dates on which all allocations to the IFD of Tax Increment from each Sub-Project Area and the IFD's authority to repay indebtedness with Tax Increment from each Sub-Project Area end under Appendix G-2.

"Impact Fee" means any fee that the City imposes as a condition of approval to mitigate the impacts of increased demand for public services, facilities, or housing caused by the

development project that may or may not be an impact fee governed by the Mitigation Fee Act, including in-lieu fees. “**Impact Fee**” excludes any Administrative Fee, school district fee, or federal, state, or regional fee, tax, special tax, or assessment.

“**Improvement Plans**” means drawings and other documents for the PKN Horizontal Improvements that Vertical Developer submit for approval in accordance with this Agreement.

“**Improvement Plan Submittal**” means a set of Improvement Plans for PKN Horizontal Improvements for review by Regulatory Agencies and Port under ICA § 4.4(d) (Plan Submittals).

“**In-Lieu Transfer Payment**” is defined in *Section 14.3*.

“**Indemnify**” means indemnify, protect, defend and hold harmless. “**Indemnification**” and “**Indemnity**” have correlative meanings.

“**Independent Contract Consideration**” is defined in *Section 2.2(c)*.

“**Insolvency**” means a person’s financial condition that results in any of the following:

- (i) a receiver is appointed for some or all of the person’s assets;
- (ii) the person files a petition for bankruptcy or makes a general assignment for the benefit of its creditors;
- (iii) a court issues a writ of execution or attachment or any similar process is issued or levied against any of the person’s property or assets; or
- (iv) any other action is taken by or against the person under any bankruptcy, reorganization, moratorium or other debtor relief law.

“**Laws**” means the Constitution and laws of the United States, the Constitution and laws of the State of California, the laws of the City and County of San Francisco, and any codes, statutes, rules, regulations, ordinances, or executive mandates thereunder, and any State or Federal court decision (including any order, injunction or writ) thereunder. The term “**Laws**” will refer to any or all Laws as the context may require and includes Environmental Laws.

“**LBEs**” is defined in *Section 21.3*.

“**LDN**” is defined in *Section 14.6(a)*.

“**License**” is defined in *Section 13.5(d)(i)*.

“**LMAX**” is defined in *Section 14.6(a)*.

“**Local Hiring Requirements**” is defined in *Section 21.1*.

“**Losses**” means, when used in reference to a Claim, any actual loss, liability, damages, compensation, contribution, cost recovery, lien, obligation, interest, injury, penalty, fine, action, judgment, award, or costs (including reasonable Attorneys’ Fees and Costs), or reasonable costs to satisfy a final judgment of any kind, known or unknown, contingent or otherwise, except to the extent specified in this Agreement.

“**Master Lease**” is defined in *Recital A*.

“**Map Act**” means the Subdivision Map Act of California (Calif. Gov’t Code §§ 66410-66499.37).

“**McEnerney Action**” is defined in *Section 3.1(e)*.

“**Memorandum of VDDA**” is defined in *Section 7.3(a)(ii)*.

“**Michigan Street**” is defined in *Recital F*.

“**Michigan Street Plaza**” means that portion of Michigan Street commencing from the end of the Michigan Street Row and proceeding south to the to-be-created 21st Street.

“**Michigan Street ROW**” means that portion of Michigan Street commencing from 20th Street and proceeding 150 feet south toward the to-be-created 21st Street.

“**Michigan Street Improvement Plan**” means the Improvement Plans for Michigan Street ROW and Michigan Street Plaza.

“**Minimum Net Worth Amount**” means Twenty-Seven Million Five Hundred Thousand and 00/100 Dollars (\$27,500,000.00), which amount will increase by ten percent (10%) on the tenth (10th) anniversary of the Effective Date and every ten (10) years thereafter.

“**Mitigation Fee Act**” means chapter 5, division 1, title 7 of California Government Code, beginning with section 66000.

“**Mitigation Measure**” means any measure identified in the Mitigation Monitoring and Reporting Program required to minimize or eliminate material adverse environmental impacts of the PKN Project and any additional measures necessary to mitigate adverse environmental impacts that are identified through the CEQA process for any future Regulatory Approval.

“**Mitigation Monitoring and Reporting Program**” means the Mitigation Monitoring and Reporting Program adopted by the Planning Commission for the Pier 70 Project on August 24, 2017, by Motion 19977, and attached hereto as *Exhibit F*.

“**Mortgagee**” is defined in *Schedule 20*.

“**Net Worth Requirement**” means, with respect to a proposed transferee, the proposed transferee has a net worth (inclusive of its equity in the Property) equal to at least the Minimum Net Worth Amount, less any debt to be secured by the proposed transferee’s interest in the Property.

“**Notice of Transfer Fee Covenant**” is that certain notice of the Transfer Fee Covenant in the form attached hereto as *Exhibit C-2A* and to be recorded in the Official Records.

“**Notice of Special Tax**” is defined in *Section 12.5*.

“**Official Records**” means the official records of the City and County of San Francisco.

“**Outside Closing Date**” is defined in *Section 7.2*.

“**Owner’s Affidavit**” is defined in *Section 3.6*.

“**Parcel K North**” is defined in *Recital A*.

“**Party**” means Port or Vertical Developer, as a party to this Agreement. “**Parties**” means both Port and Vertical Developer, as parties to this Agreement.

“**Permit Set**” means a subset of Improvement Plans as described in clause (ii) and clause (iii) of *ICA Section 4.4(d)* (Plan Submittals).

“**Permitted Encumbrances**” is defined in *Section 3.1(a)*.

“**Permitted Port Title Exceptions**” is defined in *Section 3.1(b)*.

“**Person**” means any individual, partnership, corporation (including, but not limited to, any business trust), limited liability company, joint stock company, trust, unincorporated association, joint venture or any other entity or association, the United States, or a federal, state or political subdivision thereof.

“**Pier 70 Project**” means the development of Horizontal Improvements and Vertical Improvements within the 28-Acre Site in accordance with the Horizontal DDA and Horizontal Documents.

“**Pier 70 Projects**” means the Pier 70 Shipyard, the Historic Core Project, and the 28-Acre Site Project.

“**Pier 70 Risk Management Plan**” means the Pier 70 Risk Management Plan, Pier 70 Master Plan Area, prepared for Port of San Francisco by Treadwell & Rolo and dated July 25, 2013, and approved by the RWQCB on January 24, 2014, including any amendments and revisions thereto that are approved by the RWQCB, and as interpreted by Regulatory Agencies with jurisdiction.

“**Pier 70 Shipyard**” is defined in *Section 14.1(b)*.

“**Pier 70 WTRS**” is defined in *Section 14.4*.

“**Pier 70 WTRS Plan**” is defined in *Section 14.4*.

“**PKN Capital Costs**” is defined in the Financing Plan.

“**PKN Construction Obligations**” means Vertical Developer’s obligation to construct the PKN Project consistent with Project Requirements.

“**PKN Development Requirements**” means PKN Horizontal Improvements Requirements and the Vertical Development Requirements.

“**PKN Final Map**” means the Final Map for the PKN Project.

“**PKN Horizontal Improvements**” is defined in *Recital F* hereof.

“**PKN Horizontal Improvements Requirements**” means those certain requirements for construction of the PKN Horizontal Improvements that are contained in: (i) the Development Documents; (ii) approved Construction Documents; and (iii) this Agreement.

“**PKN Improvement Area**” means that certain property owned by Port adjacent to the Property as further described in the License, encompassing the 20th Street Plaza and Michigan Street.

“**PKN Improvement Plans**” means the Michigan Street Improvement Plans and the 20th Street Plaza Improvement Plans.

“**PKN Project**” is defined in *Recital F*.

“**PKN Tentative Map**” means the Tentative Map for the PKN Project, as defined in *Section 5.2(b)*, as it may be amended.

“**Port**” or “**Port Commission**” means the San Francisco Port Commission.

“**Port Acceptance Items**” means the completed PKN Horizontal Improvements identified on *Exhibit B* that the Port Commission may accept.

“**Port Costs**” means the actual and reasonable costs incurred by Port in connection with the negotiation and implementation of this Agreement and the PKN Project, except for (i) any defense costs as set forth in *Section 22.3*, and (ii) work and fees covered by Administrative Fees. Port Costs shall include costs of Port Development Project Management, Port Engineering Project Management, Port Planning, Port Finance, and City Attorney, and any third party costs incurred by the Port in connection with negotiation and implementation of this Agreement and the PKN Project, except for involvement of any of these Port or City staff in permit review.

“**Port/City Costs Payment**” is defined in *Section 18.1*.

“**Port Default**” is defined in *Section 19.2*.

“**Port Director**” means the Executive Director of the Port.

“**Port Title Defect**” is defined in *Section 6.3(a)*.

“**Port VDDA Execution**” means full execution of this Agreement following approval by the Board of Supervisors, in its sole and absolute discretion, not later than 135 days after Vertical Developer’s execution of this Agreement.

“**Prevailing Wage Requirements**” is defined in *Section 21.2*.

“**Project Requirements**” is defined in *Section 13.1*.

“**Property**” is defined in *Recital A*.

“**Property Conditions**” is defined in *Section 4.1*.

“**Public Improvement Agreement**” means an agreement between the City and Vertical Developer under the Subdivision Code for the completion of required PKN Horizontal Improvements that are not complete when the PKN Final Map is approved.

“**Public ROWs**” means PKN Horizontal Improvements consisting of public streets, sidewalks, shared public ways, bicycle lanes, and other paths of travel, associated landscaping and furnishings, and related amenities.

“**Public Space**” means PKN Horizontal Improvements for public enjoyment, such as public parks, public recreational facilities, public access, open space, and other public amenities, some of which may be rooftop facilities.

“**Purchase Price**” is defined in *Section 2*.

“**Qualified Transferee**” means any transferee that satisfies each of the following criterion: (1) has, or has engaged a property manager with at least ten (10) years’ experience developing or operating residential projects; (2) satisfies the Net Worth Requirement; and (3) is subject to jurisdiction of the courts of the State.

“**Reassessment**” means a reduction in ad valorem taxes assessed against a Taxable Parcel through a proceeding under the California Revenue & Taxation Code.

“**Regulatory Agency**” means a City Agency or federal, state, or regional body, administrative agency, commission, court, or other governmental or quasi-governmental organization with jurisdiction over any aspect of the Vertical Project or the 28-Acre Site Project.

“**Regulatory Approval**” means any motion, resolution, ordinance, permit, approval, license, registration, permit, utility services agreement, Final Map, or other action, agreement, or entitlement required or issued by any Regulatory Agency with jurisdiction over any portion of the PKN Project or the 28-Acre Site Project, as finally approved.

“**Requested Information**” is defined in *Section 13.15*.

“**Required CC&R Provisions**” is defined in *Section 14.1(a)*.

“**Residential Condominium Unit Owners Restrictive Covenants**” are those restrictive covenants attached hereto as *Exhibit C-1B* pertaining to use and operation of the Property by individual owners of Condominium Units.

“**Restrictive Covenants**” means the Vertical Developer Restrictive Covenants and the Residential Condominium Unit Owners Restrictive Covenants.

“**RWQCB**” means the California Regional Water Quality Control Board for the San Francisco Bay Region.

“**Schematic Design Application**” is defined in *Section 15.4(a)*.

“**Scope of Development**” is defined in *Section 3.2*.

“**Secured Amount**” is defined in *Section 15.8(a)*.

“**SFDPH**” means the San Francisco Department of Public Health.

“SFPUC” is defined in *Section 12.7*.

“SFPW” means San Francisco Public Works.

“Signage Plan” means one of the comprehensive signage plans that will cover the PKN Improvement Area, and buildings and provide for an interpretive signage program that Developer will submit to Port for approval.

“Soft Costs” are defined in the Financing Plan.

“Special Provisions” means the City requirements set forth in *Article 24* hereof.

“State Lands Indemnified Parties” is defined in *Schedule 20.1*.

“Street and Utility Easement” means an easement or similar agreement relating to Public ROWs and various public utilities, including gas, sewer, water, and electrical service.

“Streetscape Master Plan” means the master plan for Public ROW Improvements (as defined in the Horizontal DDA) within the 28-Acre Site, to be submitted by Horizontal Developer and approved by the Port under Horizontal DDA *Section 3.5(b)* (Submittal for Review).

“Subdivision Code” means the San Francisco Subdivision Code and Subdivision Regulations.

“Subdivision Map” means any map that Developer submits for the Property under the Map Act and the Subdivision Code.

“Subdivision Regulations” means subdivision regulations adopted by San Francisco Department of Public Works from time to time and any exceptions and design modifications from the standards set forth therein to the extent necessary to achieve consistency with the requirements of the SUD.

“Sub-Project Area” means, individually or collectively, Sub-Project Area G 2, Sub-Project Area G 3, and Sub-Project Area G 4.

“Sub-Project Area G 1” means the sub-project area of IFD Project Area G consisting of the 20th Street Historic Core.

“Sub-Project Area G 2” means the sub-project area of IFD Project Area G described in Appendix G-2.

“Sub-Project Area G 3” means the sub-project area of IFD Project Area G described in Appendix G-3.

“Sub-Project Area G 4” means the sub-project area of IFD Project Area G described in Appendix G-4.

“Sub-Surface Improvement” means sub-surface improvements on Michigan Street to be accepted by an Acquiring Agency other than Port, including, in the event Port elects Switchgear Option 2, sub-surface improvements in 21st Street and Michigan Street south of 21st Street.

“Substantial Completion” means the completion of a PKN Horizontal Improvement to the point that it is available for use by the public, as determined by the Chief Harbor Engineer in his sole discretion, which may be prior to completion of all final punch list items or acceptance by the Port Commission.

“Substantial Completion Determination Request” is defined in *Section 16.1*.

“Substantial Completion Determination” is defined in *Section 16.2(b)*.

“SUD” means Planning Code Section 249.79 (the Pier 70 Special Use District), as amended from time to time.

“SUD Project” means the project, including the PKN Project as defined in the Final EIR.

“Survey” means a survey required by the Title Company to issue the title insurance policy described in the Title Commitment.

“Switchgear Facilities” is defined in *Section 12.7*.

“Switchgear Fee” is defined in *Section 12.7*.

“Switchgear Option” is defined in *Section 12.7*.

“Switchgear Option 1” is defined in *Section 12.7*.

“Switchgear Option 2” is defined in *Section 12.7*.

“Tax Increment” refers to one or more of Allocated Tax Increment, Housing Tax Increment, the City Share of Tax Increment, ERAF Tax Increment, Gross Tax Increment, Port Tax Increment, and Project Tax Increment, as appropriate in the context (as such terms are defined in the Appendix to the Horizontal DDA).

“Taxable Parcel” means an assessor’s parcel of real property or other real estate interest that is not exempt from taxation and assessments, including Taxable Commercial Parcels, Taxable Residential Units, and leased space occupied for private use in an Exempt Parcel (each as defined in the Horizontal DDA).

“Taxes and Assessments” is defined in *Section 6.6(c)*.

“Tentative Map” means a tentative subdivision map or tentative parcel map submitted by an applicant and approved by the City in accordance with procedures under the Subdivision Code and Development Documents.

“Term” means the period commencing upon the Effective Date and ending upon Vertical Developer’s receipt of the Certificate of Completion, unless otherwise terminated as provided for in this Agreement.

“Title Commitment” means a commitment by the Title Company that it will issue to Vertical Developer, an A.L.T.A. extended coverage title insurance policy, with such coinsurance or reinsurance and direct access agreements as Vertical Developer may request reasonably, in an amount designated by Vertical Developer which is satisfactory to the Title Company, insuring that the fee simple estate in the Property is vested in Vertical Developer subject only to the Permitted Title Exceptions, and with such A.L.T.A. form endorsements as may be requested reasonably by Vertical Developer.

“Title Company” is defined in *Section 2.2(a)*.

“TMA” is defined in *Section 3.5*.

“Transaction Documents” means this Agreement and the documents executed and delivered by Vertical Developer pursuant to *Section 7.3(b)*.

“Transfer” is defined in *Section 23.1*.

“Transfer Fee Covenant” is defined in *Section 3.2*.

“Transfer Fees” is defined in *Section 14.3*.

“Transfer Payment” is defined in *Section 14.3*.

“Transferee” means any Person to which Vertical Developer assigns its rights and obligations under this Agreement in accordance with *Article 23*.

“Transferor” means Vertical Developer, in its capacity as a transferor of its rights and obligations under this Agreement in accordance with *Article 23*.

“Unencumbered 10 Year Period” is defined in *Section 14.3*.

“**Unmatured Vertical Developer Event of Default**” means any default that, with the giving of notice or the passage of time, or both would constitute a Vertical Developer Acquisition Event of Default or Vertical Developer Default under this Agreement.

“**Vault Infrastructure**” is defined in *Section 3.4(b)*.

“**Vault Infrastructure Easement**” is defined in *Section 3.4(b)*.

“**VCA**” means the Vertical Cooperation Agreement to be executed between Vertical Developer and Horizontal Developer, as the same may be amended, supplemented, modified and/or assigned from time to time. The VCA may include provisions related to (i) sequencing and coordination of infrastructure work as between Horizontal Developer and Vertical Developer, (ii) each party’s obligations related to liability for damage and restoration thereof, (iii) repaving obligations to the extent of any underground work performed after Horizontal Developer’s paving, (iv) each party’s obligations related to the formation, administration, maintenance and funding of the TMA, and (v) soil disposal arrangement.

“**Vertical Developer**” is defined in the preamble to this Agreement.

“**Vertical Developer Default**” is defined in *Section 19.1*.

“**Vertical Developer Parties**” is defined in *Section 9.2*.

“**Vertical Development Requirements**” means those certain requirements for development of the Property that are contained in: (i) the Development Documents; (ii) the Restrictive Covenants; (iii) approved Construction Documents; and (iv) this Agreement.

“**Vertical Developer Restrictive Covenants**” is defined in *Section 3.2*

“**Vertical Project**” is defined in *Recital F*.

“**Warranty Period**” is defined in *Section 15.6*.

LICENSE TO USE PROPERTY

1. BASIC LICENSE INFORMATION.

This License to Use Property, dated for reference purposes only as of the License Date set forth in the Basic License Information, is by and between the **CITY AND COUNTY OF SAN FRANCISCO**, a municipal corporation ("City"), operating by and through the **SAN FRANCISCO PORT COMMISSION** ("Port"), as licensor, and the party identified in the Basic License Information as licensee ("Licensee"). The Basic License Information that appears on the preceding pages and all Exhibits and Schedules attached hereto are hereby incorporated by reference into this License and shall be construed as a single instrument and referred to herein as this "License." In the event of any conflict or inconsistency between the Basic License Information and the License provisions, the Basic License Information will control.

2. GRANT OF LICENSE.

2.1. License. In consideration of the stated conditions and agreements, Port hereby grants permission to Licensee to carry on the Permitted Activity within the License Area described in the Basic License Information and *Exhibit A* attached hereto.

2.2. Encroachment.

(a) If Licensee or its Agents or Invitees uses or occupies space outside the License Area that is owned by Port without the prior written consent of Port (the "**Encroachment Area**"), then upon written notice from Port ("**Notice to Vacate**"), Licensee shall promptly vacate such Encroachment Area and pay as an additional charge for each day Licensee used, occupied, uses or occupies such Encroachment Area, an amount equal to the square footage of the Encroachment Area, multiplied by the higher of the (a) highest rental rate then approved by the San Francisco Port Commission for the Encroachment Area, or (b) then current fair market rent for such Encroachment Area, as reasonably determined by Port (the "**Encroachment Area Charge**"). If Licensee uses or occupies such Encroachment Area for a fractional month, then the Encroachment Area Charge for such period shall be prorated based on a thirty (30) day month. In no event shall acceptance by Port of the Encroachment Area Charge be deemed a consent by Port to the use or occupancy of the Encroachment Area by Licensee or its Agents or Invitees, or a waiver (or be deemed as a waiver) by Port of any and all other rights and remedies of Port under this License (including Licensee's obligation to Indemnify Port as set forth in this Section), at law or in equity.

(b) In addition, Licensee shall pay to Port an additional charge in the amount of Three Hundred Dollars (\$300) upon delivery of the initial Notice to Vacate plus the actual cost associated with a survey of the Encroachment Area. In the event Port determines during subsequent inspection(s) following delivery of the notice to vacate, that Licensee has failed to vacate the Encroachment Area, then Licensee shall pay to Port an additional charge in the amount of Four Hundred Dollars (\$400) for each additional Notice to Vacate, if applicable, delivered by Port to Licensee following each inspection. The parties agree that the charges associated with each inspection of the Encroachment Area, delivery of each Notice to Vacate and survey of the Encroachment Area represent a fair and reasonable estimate of the administrative cost and expense which Port will incur by reason of Port's inspection of the License Area, issuance of each Notice to Vacate and survey of the Encroachment Area. Licensee's failure to comply with the applicable Notice to Vacate and Port's right to impose the foregoing charges shall be in addition to and not in lieu of any and all other rights and remedies of Port under this License, at law or in equity.

(c) In addition to Port's rights and remedies under this Section, the terms and conditions of Section 14 below (Indemnity and Exculpation) shall also apply to Licensee's and its Agents' and Invitees' use and occupancy of the Encroachment Area as if the License Area originally included the Encroachment Area, and Licensee shall additionally Indemnify Port from

and against any and all loss or liability resulting from delay by Licensee in surrendering the Encroachment Area including, without limitation, any loss or liability resulting from any Claims against Port made by any tenant or prospective tenant founded on or resulting from such delay and losses to Port due to lost opportunities to lease any portion of the Encroachment Area to any such tenant or prospective tenant, together with, in each case, actual attorneys' fees and costs.

(d) All amounts set forth in this Section shall be due within five (5) business days following the applicable Notice to Vacate and/or separate invoice relating to the actual cost associated with a survey of the Encroachment Area. By signing this License, each party specifically confirms the accuracy of the statements made in this Section 2.2 and the reasonableness of the amount of the charges described in this Section 2.2.

3. TERM; REVOCABILITY.

This License is a revocable, personal, non-assignable, [non-exclusive], and non-possessory privilege to enter and use the License Area for the Permitted Activity only on a temporary basis that commences on the Commencement Date and expires on the Expiration Date specified in the Basic License Information ("Term") unless sooner terminated pursuant to the terms of this License; provided, however, Licensee may assign its interest in this License to an assignee of Licensee's interest in the VDDA so long as such assignee assumes all of Licensee's obligations under this License. [Note: the 20th Street Plaza License Area will be licensed on an exclusive basis.]

The Parties acknowledge that Licensee is undertaking the Permitted Activities hereunder to fulfill its obligations under the VDDA. Therefore, Port will not revoke or terminate this License prior to the Expiration Date unless Licensee causes an uncured event of default hereunder or under the VDDA that would otherwise permit a termination thereof.

Initials:

Licensee

4. FEES.

4.1. *License Fee.* [As described in the Basic License Information, no License Fee is due hereunder so long as Licensee uses the License Area for Permitted Activities only.] Any other sums payable by Licensee to Port hereunder shall be paid in cash or by good check to the Port and delivered to Port's address specified in the Basic License Information, or such other place as Port may designate in writing. All other sums payable by Licensee, including without limitation, any additional charges and late charges, are referred to collectively as "Fees." [Note: Revise if License Area used for uses other than construction of the PKN Project or construction of the PKN Horizontal Improvements.]

4.2. *Additional Charges.* Without limiting Port's other rights and remedies set forth in this License, at Law or in equity, in the event Licensee fails to submit to the appropriate party, on a timely basis, the items identified in Sections: 21.3 (Licensee's Environmental Condition Notice Requirements) of *Schedule 1* attached hereto (Provisions for Indemnity, Insurance and Hazardous Materials), or Sections 15.1 (SWPPP) or 21.1(d) (CMD Form) of this License, or to provide evidence of the required insurance coverage described in Section 11 below (Insurance), then upon written notice from Port of such failure, Licensee shall pay an additional charge in the amount of Three Hundred Dollars (\$300). In the event Licensee fails to provide the necessary document within the time period set forth in the initial notice and Port delivers to Licensee additional written notice requesting such document, then Licensee shall pay to Port an additional charge in the amount of Three Hundred Fifty Dollars (\$350) for each additional written notice Port delivers to Licensee requesting such document. The parties agree that the charges set forth in this Section represent a fair and reasonable estimate of the administrative cost and expense which Port will incur by reason of Licensee's failure to provide the documents identified in this Section and that Port's right to impose the foregoing charges shall be in addition to and not in

lieu of any and all other rights under this License, at law or in equity. By signing this License, each party specifically confirms the accuracy of the statements made in this Section and the reasonableness of the amount of the charges described in this Section.

4.3. Late Charges/Habitual Late Payer. Licensee acknowledges that late payment by Licensee to Port of Fees or other sums due under this License will cause Port increased costs not contemplated by this License, the exact amount of which will be extremely difficult to ascertain. Accordingly, if Licensee fails to pay Fees on the date due, such failure shall be subject to a Late Charge at Port's discretion. Licensee shall also pay any costs including attorneys' fees incurred by Port by reason of Licensee's failure to timely pay Fees. Additionally, in the event Licensee is notified by Port that Licensee is considered to be a Habitual Late Payer, Licensee shall pay, as an additional charge, an amount equal to Fifty Dollars (\$50.00) (as such amount may be adjusted from time to time by the Port Commission) upon written notification from Port of Licensee's Habitual Late Payer status. The parties agree that the charges set forth in this Section represent a fair and reasonable estimate of the cost that Port will incur by reason of any late payment. Such charges may be assessed without notice and cure periods and regardless of whether such late payment results in an Event of Default. Payment of the amounts under this Section shall not excuse or cure any default by Licensee.

4.4. Default Interest. Any Fees, if not paid within five (5) business days following the due date and any other payment due under this License not paid by the applicable due date, shall bear interest from the due date until paid at the Interest Rate. However, interest shall not be payable on Late Charges incurred by Licensee nor on other amounts to the extent this interest would cause the total interest to be in excess of that which an individual is lawfully permitted to charge. Payment of interest shall not excuse or cure any default by Licensee. Licensee shall also pay any costs, including attorneys' fees incurred by Port by reason of Licensee's failure to pay Fees or other amounts when due under this License.

4.5. Returned Checks. If any check for a payment for any License obligation is returned without payment for any reason, Licensee shall pay, as an additional charge, an amount equal to Fifty Dollars (\$50.00) (as such amount may be adjusted from time to time by the Port Commission) and the outstanding payment shall be subject to a Late Charge as well as interest at the Interest Rate.

5. ENVIRONMENTAL OVERSIGHT DEPOSIT.

(a) Before the Commencement Date, Licensee must deliver to Port the Environmental Oversight Deposit in cash, in the sum specified in the Summary of Basic Information, as security for Port's recovery of costs of inspection, monitoring, enforcement, and administration during Licensee's operations under this License; provided, however, that the Environmental Oversight Deposit will not be deemed an advance of any payment due to Port under this License, a security deposit subject to the California Civil Code, or a measure of Port's damages upon an Event of Default.

(b) Port may use, apply, or retain the Environmental Oversight Deposit in whole or in part to reimburse Port for costs incurred if an Environmental Regulatory Agency delivers a notice of violation or order regarding a Hazardous Material Condition ("Environmental Notice") to Licensee and either: (i) the actions required to cure or comply with the Environmental Notice cannot be completed within fourteen (14) days after its delivery; or (ii) Licensee has not begun to cure or comply with the Environmental Notice or is not working actively to cure the Environmental Notice within fourteen (14) days after its delivery. Under these circumstances, Port's costs may include staff time corresponding with and responding to Regulatory Agencies, attorneys' fees, and collection and laboratory analysis of environmental samples.

(c) If an Environmental Notice is delivered to Licensee, and Licensee has cured or complied with the Environmental Notice within fourteen (14) days after its delivery,

Port may apply a maximum of \$500 from the Environmental Oversight Deposit for each Environmental Notice delivered to Licensee to reimburse Port for its administrative costs.

(d) Licensee must pay to Port immediately upon demand a sum equal to any portion of the Environmental Oversight Deposit Port expends or applies.

(e) Provided that no Environmental Notices are then outstanding, Port will return the balance of the Environmental Oversight Deposit, if any, to Licensee within a reasonable time after the expiration or earlier termination of this License. Port's obligations with respect to the Environmental Oversight Deposit are those of a debtor and not a trustee, and Port may commingle the Environmental Oversight Deposit or use it in connection with its business.

6. PERMITTED ACTIVITY; SUITABILITY OF LICENSE AREA.

The License Area shall be used and occupied only for the Permitted Activity specified in the Basic License Information and for no other purpose without the express prior written permission from Port. If the Basic License Information limits the times and location of the activities permitted hereunder, then Licensee shall not conduct the activity at times and locations other than at the times and locations hereinabove specified unless express prior written permission is granted by Port. Persons subject to this License must comply with the directions of the San Francisco Police Department and Fire Department in connection therewith.

Licensee acknowledges that Port has made no representations or warranties concerning the License Area, including without limitation, the seismological condition thereof. By entering onto the License Area under this License, Licensee acknowledges it shall be deemed to have inspected the License Area and accepted the License Area in its "As Is" condition and as being suitable for the conduct of Licensee's activity thereon.

7. PROHIBITED USES.

Licensee shall use the License Area solely for Permitted Activities and for no other purpose. Any other use in or on or around the License Area shall be strictly prohibited, including, but not limited to, waste, nuisance or unreasonable annoyance to Port, its other licensees, tenants, or the owners or occupants of adjacent properties, interference with Port's use of its property, or obstruction of traffic (including, but not limited to, vehicular and pedestrian traffic) (each, a "Prohibited Use").

In the event Port determines after inspection of the License Area that a Prohibited Use or Prohibited Uses are occurring in, on or around the License Area, then Licensee shall immediately cease the Prohibited Use(s) and shall pay to Port an additional charge in the amount of Three Hundred Dollars (\$300) upon delivery of written notice to Licensee to cease the Prohibited Use ("Notice to Cease Prohibited Use"). In the event Port determines in subsequent inspection(s) of the License Area that Licensee has not ceased the Prohibited Use, then Licensee shall pay to Port an additional charge in the amount of Four Hundred Dollars (\$400) for each additional Notice to Cease Prohibited Use delivered to Licensee. The parties agree that the charges associated with each inspection of the License Area and delivery of the Notice to Cease Prohibited Use, if applicable, represent a fair and reasonable estimate of the administrative cost and expense which Port will incur by reason of Port's inspection of the License Area and Licensee's failure to comply with the applicable Notice to Cease Prohibited Use and that Port's right to impose the foregoing charges shall be in addition to and not in lieu of any and all other rights under this License, at law or in equity. By signing this License, each party specifically confirms the accuracy of the statements made in this Section 7 and the reasonableness of the amount of the charges described in this Section 7.

8. COMPLIANCE WITH LAWS; REGULATORY APPROVAL; PORT ACTING AS OWNER OF PROPERTY.

8.1. Compliance with Laws. Licensee, at Licensee's sole cost and expense, shall comply with all Laws relating to or affecting Licensee's use or occupancy of the License Area.

8.2. *Regulatory Approval.* Licensee understands that Licensee's activity on the License Area may require Regulatory Approvals from Regulatory Agencies. Licensee shall be solely responsible for obtaining any such Regulatory Approvals, and Licensee shall not seek any Regulatory Approval without first obtaining the prior written approval of Port, not to be unreasonably withheld, subject to this Section 8.2. Port will cooperate reasonably with Licensee in Licensee's efforts to obtain required Regulatory Approvals, including submitting letters of authorization for submittal of applications consistent with applicable Laws and to further terms and conditions of this License, including without limitation, being a co-permittee with respect to any such Regulatory Approvals. However, if Port is required to be a co-permittee under any such permit, then Port will not be subject to any conditions and/or restrictions under such permit that could (i) encumber, restrict or adversely change the use of any Port property, unless in each instance Port has previously approved, in Port's sole and absolute discretion, such conditions or restrictions and Licensee has assumed all obligations and liabilities related to such conditions and/or restrictions; or (ii) subject Port to unreimbursed costs or fees, unless in each instance Port has previously approved, in Port's reasonable discretion, such conditions and/or restrictions and Licensee has assumed all obligations and liabilities related to such conditions and/or restrictions (including the assumption of any unreimbursed costs or fees to which Port may be subject). All costs associated with applying for and obtaining any necessary Regulatory Approval shall be borne solely and exclusively by Licensee. Licensee shall be solely responsible for complying with any and all conditions imposed by Regulatory Agencies as part of a Regulatory Approval; provided, however, Licensee shall not agree to the imposition of conditions or restrictions in connection with its efforts to obtain a permit or other entitlement from any Regulatory Agency (other than Port), if the Port is required to be a co-permittee under such permit, or if the conditions or restrictions it would impose on the project could affect use or occupancy of other areas controlled or owned by the Port or would create obligations on the part of the Port (whether on or off of the License Area) to perform or observe, unless in each instance the Port has previously approved such conditions in writing, in Port's sole and absolute discretion.

Any fines or penalties imposed as a result of the failure of Licensee to comply with the terms and conditions of any Regulatory Approval shall be promptly paid and discharged by Licensee, and Port shall have no liability, monetary or otherwise, for the fines and penalties. To the fullest extent permitted by Law, Licensee agrees to Indemnify City, Port and their Agents from and against any loss, expense, cost, damage, attorneys' fees, penalties, claims or liabilities which City or Port may incur as a result of Licensee's failure to obtain or comply with the terms and conditions of any Regulatory Approval.

8.3. *Port Acting As Owner of Property.* By signing this License, Licensee agrees and acknowledges that (i) Port has made no representation or warranty that any required Regulatory Approval can be obtained, (ii) although Port is an agency of City, Port has no authority or influence over any other Regulatory Agency responsible for the issuance of such required Regulatory Approvals, (iii) Port is entering into this License in its capacity as a landowner with a proprietary interest in the License Area and not as a Regulatory Agency of City with certain police powers], and (iv) Licensee is solely responsible for obtaining any and all required Regulatory Approvals in connection with the Permitted Activity on, in or around the License Area. Accordingly, Licensee understands that there is no guarantee, nor a presumption, that any required Regulatory Approval(s) will be issued by the appropriate Regulatory Agency and Port's status as an agency of City shall in no way limit the obligation of Licensee to obtain approvals from any Regulatory Agencies (including Port) which have jurisdiction over the License Area. Licensee hereby releases and discharges Port from any liability relating to the failure of any Regulatory Agency (including Port) from issuing any required Regulatory Approval.

8.4. *Accessibility.* California law requires commercial landlords to disclose to tenants whether the property being leased has undergone inspection by a Certified Access Specialist ("CASp") to determine whether the property meets all applicable construction-related accessibility requirements. The law does not require landlords to have the inspections

performed. Licensee is hereby advised that the License Area has not been inspected by a CASp and, except to the extent expressly set forth in this License, Port shall have no liability or responsibility to make any repairs or modifications to the License Area in order to comply with accessibility standards. The following disclosure is required by law:

“A Certified Access Specialist (CASp) can inspect the subject premises and determine whether the subject premises comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the subject premises, the commercial property owner or lessor may not prohibit the lessee or tenant from obtaining a CASp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The parties shall mutually agree on the arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the premises.”

Further, Licensee is hereby advised that the License Area may not currently meet all applicable construction-related accessibility standards, including standards for public restrooms and ground floor entrances and exits. Licensee understands and agrees that Licensee may be subject to legal and financial liabilities if the License Area does not comply with applicable federal and state disability access Laws. As further set forth in this Section, Licensee further understands and agrees that it is Licensee’s obligation, at no cost to Port, to cause Licensee’s use of the License Area to be conducted in compliance with the all federal or state disability access Laws.

9. UTILITIES, SERVICES, MAINTENANCE AND REPAIR.

9.1. Utilities. Port has no responsibility or liability of any kind with respect to any utilities that may be on, in or under the License Area except that the foregoing will not diminish any Port obligation under the VDDA, if any, to work cooperatively with Licensee with respect to any Licensee right to access utilities. Except as may be otherwise provided in the Basic License Information, Licensee shall make arrangements and shall pay all charges for all Utilities (without limiting any right to reimbursement of Vertical Developer under specified conditions as set forth in the Financing Plan (as defined in the VDDA)) to be furnished on, in or to the License Area or to be used by Licensee. Licensee will procure all electricity for the License Area from the San Francisco Public Utilities Commission at rates to be determined by the SF Public Utilities Commission. If the SF Public Utilities Commission determines that it cannot feasibly provide service to Licensee, Licensee may seek another provider.

9.2. Services. Port has no responsibility or liability of any kind with respect to the provision of any services to Licensee or on, in, or to the License Area. Licensee shall make arrangements and shall pay all charges for all services (without limiting any right to reimbursement of Vertical Developer under specified conditions as set forth in the Financing Plan) to be furnished on, in or to the License Area or to be used by Licensee, including, without limitation, security service, garbage and trash collection, janitorial service and extermination service.

9.3. Maintenance and Repairs. Licensee shall not be obligated to make any repairs, replacement or renewals of any kind, nature of description whatsoever to the License Area or to any improvements or alterations now or hereafter located thereon (collectively, “Repairs”), except to the extent that Licensee, or its Agents or Invitees cause any damage (excepting ordinary wear and tear) to the License Area or any other Port property. Port shall not be obligated to make any repairs, replacement or renewals of any kind, nature or description whatsoever to the License Area or to any improvements or alterations now or hereafter located thereon. In the event that Licensee or its Agents or Invitees cause any damage (excepting ordinary wear and tear) to the License Area or any other Port property that is not otherwise consistent with the PKN Project, Licensee shall be responsible and Port may, at its sole and absolute discretion, elect to repair the same itself (after notice to Licensee and Licensee fails to

promptly and diligently pursue completion of the repair) or require Licensee to repair the same, all at Licensee's sole cost and expense. Upon receipt of any invoice from Port for costs incurred by Port related to any repair performed by Port in accordance with this Section, Licensee shall immediately reimburse Port therefor. This provision shall survive the expiration or earlier termination of this License.

10. TAXES AND ASSESSMENTS.

Without limiting any right to reimbursement of Vertical Developer under the Financing Plan, Licensee agrees to pay to the proper authority any and all taxes, assessments and similar charges on the License Area in effect at the time this License is entered into, or which become effective thereafter, including all taxes levied or assessed upon the Licensee's possession, use, or occupancy, as distinguished from the ownership, of the License Area. Licensee, on behalf of itself and any permitted successors and assigns, recognizes and understands that this License may create a possessory interest subject to property taxation and that Licensee, and any permitted successor or assign may be subject to the payment of such taxes. Licensee, on behalf of itself and any permitted successors and assigns, further recognizes and understands that any assignment permitted hereunder and any exercise of any option to renew or extend this License may constitute a change in ownership for purposes of property taxation and therefore may result in a revaluation of any possessory interest created hereunder. Licensee shall report any assignment or other transfer of any interest in this License or any renewal or extension hereof to the County Assessor within 60 days after such assignment transaction or renewal or extension. Licensee further agrees to provide such other information as may be requested by City or Port to enable City or Port to comply with any reporting requirements under applicable law with respect to possessory interest. Licensee shall Indemnify Port, City and their Agents from and against any Claims resulting from any taxes and assessments related to this License. [

11. INSURANCE.

Licensee shall maintain or cause to be maintained throughout the Term, at Licensee's expense (or its Agents' or Invitees' expense), insurance in accordance with the insurance provisions set forth in Article 20 (Insurance) as shown on *Schedule 1* (Provisions for Indemnity, Insurance and Hazardous Materials).

12. NOTICES.

Except as otherwise expressly provided in this License or by Law, all notices (including notice of consent or non-consent) required or permitted by this License or by Law must be in writing and be delivered by: (a) hand delivery; (b) first class United States mail, postage prepaid; or (c) overnight delivery by a nationally recognized courier or the United States Postal Service, delivery charges prepaid. Notices to a party must be delivered to that party's mailing address in the Basic License Information, unless superseded by a notice of a change in that party's mailing address for notices, given to the other party in the manner provided above, or by Licensee in Licensee's written response to Port's written request for such information.

All notices under this License shall be deemed to be duly delivered: (a) on the date personal delivery actually occurs; (b) if mailed, on the business day following the business day deposited in the United States mail or, if mailed return receipt requested, on the date of delivery or on which delivery is refused as shown on the return receipt; or (c) the business day after the business day deposited for overnight delivery.

Notices may not be given by facsimile or electronic mail, but either party may deliver a courtesy copy of a notice by facsimile or electronic mail.

13. DEFAULT BY LICENSEE; REMEDIES.

13.1. Event of Default. The occurrence of any one or more of the following events shall constitute a default by Licensee:

(a) Failure by Licensee to pay when due any Fees and/or all other charges due hereunder within the Cure Period set forth in the Basic License Information after Port has given notice to Licensee; or

(b) Failure to perform any other provisions of this License, if the failure to perform is not cured within the Cure Period set forth in the Basic License Information after Port has given notice to Licensee.

(c) An assignment, or attempted assignment, of this License by Licensee, except in connection with an assignment or other Transfer of Licensee's rights permitted or approved by Port under the VDDA;

(d) Either (i) the failure of Licensee to pay its debts as they become due, the written admission of Licensee of its inability to pay its debts, or a general assignment by Licensee for the benefit of creditors; or (ii) the filing by or against if not resolved within ninety (90) days thereafter, Licensee of any action seeking reorganization, arrangement, liquidation, or other relief under any Law relating to bankruptcy, insolvency, or reorganization or seeking the appointment of a trustee, receiver or liquidator of Licensee's or any substantial part of Licensee's assets; or (iii) the attachment, execution or other judicial seizure of substantially all of Licensee's interest in this License which is not resolved within ninety (90) days thereafter.

13.2. Port's Remedies. Upon default by Licensee, Port shall, without further notice or demand of any kind to Licensee or to any other person, and in addition to any other remedy Port may have under this License and at law or in equity, have the ability to immediately terminate this License and Licensee's right to use the License Area. Upon notice of any such termination, Licensee shall immediately vacate and discontinue its use of the License Area and Port may take any and all action to enforce Licensee's obligations.

14. INDEMNITY AND EXCULPATION.

The provisions of Article 19 (Indemnification of Port) in *Schedule 1* (Provisions for Indemnity, Insurance and Hazardous Materials) will govern Licensee's Indemnification obligations and Licensee's waiver of various claims against the Indemnified Parties.

15. HAZARDOUS MATERIALS.

The provisions of Article 21 (Hazardous Materials) set forth in *Schedule 1* (Provisions for Indemnity, Insurance and Hazardous Materials) will govern.

15.1. Storm Water Pollution Prevention.

(a) Licensee must comply with the applicable provisions of the Statewide General Permit for Discharge of Industrial Storm Water issued by the State Water Resources Control Board, including filing a Notice of Intent to be covered, developing and implementing a site-specific Storm Water Pollution Prevention Plan ("SWPPP"), and conducting storm water monitoring and reporting. If applicable to the Permitted Activities hereunder, Licensee's SWPPP and a copy of a Notice of Intent for Licensee's License Area must be submitted to Port's Real Estate Division before beginning operations in the License Area.

(b) In addition to requiring compliance with the permit requirements under Subsection (a), Licensee shall comply with the post-construction stormwater control provisions of the Statewide General Permit for Discharge of Stormwater from Small Municipalities and the San Francisco Stormwater Design Guidelines, subject to review and permitting by the Port's Engineering Division.

15.2. Presence of Hazardous Materials. California Law requires landlords to disclose to Licensees the presence or potential presence of certain Hazardous Materials. Accordingly, Licensee is hereby advised that Hazardous Materials (as herein defined) may be present on or near the License Area, including, but not limited to vehicle fluids, janitorial products, tobacco smoke, and building materials containing chemicals, such as asbestos, naturally occurring

radionuclides, lead and formaldehyde. Further, the following known Hazardous Materials are present on the property: Hazardous Materials described in the reports listed in ***Schedule 2*** attached hereto, copies of which have been delivered to or made available to Licensee. By execution of this License, Licensee acknowledges that the notice set forth in this Section satisfies the requirements of California Health and Safety Code Section 25359.7 and related Laws. Licensee must disclose the information contained in this Section to any sublicensee, licensee, transferee, or assignee of Licensee's interest in this License. Licensee also acknowledges its own obligations pursuant to California Health and Safety Code Section 25359.7 as well as the penalties that apply for failure to meet such obligations. **[Note: Schedule 2 is the same as the Port Disclosure Matters exhibit to the VDDA]**

16. PORT'S ENTRY ON LICENSE AREA.

16.1. *Entry for Inspection.* Port and its authorized Agents shall have the right to enter the License Area upon reasonable prior notice and during normal business hours for the purpose of inspecting the License Area to determine whether the License Area is in good condition and whether Licensee is complying with its obligations under this License; to perform any necessary maintenance, repairs or restoration to the License Area; and to show the License Area to prospective licensees, tenants or other interested parties; provided, however, Port shall be required to adhere to Licensee's reasonable construction guidelines, as applicable, when entering the License Area.

16.2. *Emergency Entry.* Port may enter the License Area at any time, without notice, in the event of an emergency. Port shall have the right to use any and all means that Port may deem proper in such an emergency in order to obtain entry to the License Area. Entry to the License Area by any of these means, or otherwise, shall not under any circumstances be construed or deemed to be a breach of Licensee's rights under this License.

16.3. *No Liability.* Port shall not be liable in any manner, and Licensee hereby waives any Claims for damages, for any inconvenience, disturbance, loss of business, nuisance, or other damage, including without limitation any abatement or reduction in Fees due hereunder, arising out of Port's entry onto the License Area, or entry by the public (as Licensee has a non-exclusive right to use the License Area) onto the License Area.

17. IMPROVEMENTS AND ALTERATIONS.

Except as specified in the Basic License Information to the extent required to implement Licensee's obligations to construct the PKN Horizontal Improvements, Licensee shall not make, nor suffer to be made, alterations or improvements to the License Area (including the installation of any trade fixtures affixed to the License Area or whose removal will cause injury to the License Area).

18. SURRENDER.

Upon the expiration or earlier termination of this License, Licensee shall surrender to Port the License Area and any pre-existing alterations and improvements in the same or better condition as it was in at the Commencement Date, subject to ordinary wear and tear. Ordinary wear and tear shall not include any damage or deterioration that would have been prevented by Licensee properly performing all of its obligations under this License. The License Area shall be surrendered clean, free of debris, waste, and Hazardous Materials, and free and clear of all liens and encumbrances other than liens and encumbrances existing as of the date of this License and any other encumbrances created or approved by Port. On or before the expiration or earlier termination hereof, Licensee shall remove all of its personal property and perform all restoration made necessary by the removal of Licensee's personal property.

With prior notice to Licensee, Port may elect to retain or dispose of Licensee's personal property and any alterations and improvements that Licensee has installed with or without Port's consent that Licensee does not remove from the License Area prior to the expiration or earlier

termination of this License. These items shall be deemed abandoned. Port may retain, store, remove, and sell or otherwise dispose of abandoned property, and Licensee waives all Claims against Port for any damages resulting from Port's retention, removal and disposition of such property; provided, however, that Licensee shall be liable to Port for all costs incurred in storing, removing and disposing of abandoned property and repairing any damage to the License Area resulting from such removal. Licensee agrees that Port may elect to sell abandoned property and offset against the sales proceeds Port's storage, removal, and disposition costs without notice to Licensee. Licensee hereby waives the benefits of California Civil Code Section 1993 et seq., to the extent applicable.

If Licensee fails to surrender the License Area as required by this Section, Licensee shall Indemnify Port from all damages resulting from Licensee's failure to surrender the License Area, including, but not limited to, any costs of Port to enforce this Section and Claims made by a succeeding licensee or tenant resulting from Licensee's failure to surrender the License Area as required together with, in each instance, reasonable attorneys' fees and costs.

Licensee's obligation under this Section shall survive the expiration or earlier termination of this License.

19. ATTORNEYS' FEES; LIMITATIONS ON DAMAGES.

19.1. *Litigation Expenses.* The prevailing party in any action or proceeding (including any cross complaint, counterclaim or bankruptcy proceeding) against the other party by reason of a claimed default, or otherwise arising out of a party's performance or alleged non-performance under this License, shall be entitled to recover from the other party its costs and expenses of suit, including but not limited to, reasonable attorneys' fees, which fees shall be payable whether or not such action is prosecuted to judgment. "**Prevailing party**" within the meaning of this Section shall include, without limitation, a party who substantially obtains or defeats, as the case may be, the relief sought in the action, whether by compromise, settlement, judgment or the abandonment by the other party of its claim or defense. Attorneys' fees under this Section shall include attorneys' fees and all other reasonable costs and expenses incurred in connection with any appeal.

19.2. *City Attorney.* For purposes of this License, reasonable fees of attorneys of the City's Office of the City Attorney shall be based on the fees regularly charged by private attorneys with an equivalent number of years of professional experience (calculated by reference to earliest year of admission to the bar of any state) who practice in San Francisco in law firms with approximately the same number of attorneys as employed by the Office of the City Attorney.

19.3. *Limitation on Damages.* Port will not have any liability whatsoever for monetary damages, and in no event, will Port be liable for any actual, consequential, incidental or punitive damages, including, but not limited to, lost opportunities, lost profits or other damages of a consequential nature under this License. Licensee's execution and delivery hereof and as part of the consideration for Port's obligations hereunder Licensee expressly waives all such liability.

19.4. *Non-Liability of City Officials, Employees and Agents.* No elective or appointive board, commission, member, officer, employee or other Agent of City and/or Port shall be personally liable to Licensee, its successors and assigns, in the event of any default or breach by City and/or Port or for any amount which may become due to Licensee, its successors and assigns, or for any obligation of City and/or Port under this License. Under no circumstances shall Port, City, or their respective Agents be liable under any circumstances for any consequential, incidental or punitive damages.

19.5. *Limitation on Port's Liability Upon Transfer.* In the event of any transfer of Port's interest in and to the License Area, Port (and in case of any subsequent transfers, the then transferor), subject to the provisions hereof, will be automatically relieved from and after the date of such transfer of all liability with regard to the performance of any covenants or

obligations contained in this License thereafter to be performed on the part of Port, but not from liability incurred by Port (or such transferor, as the case may be) on account of covenants or obligations to be performed by Port (or such transferor, as the case may be) hereunder before the date of such transfer.

20. MINERAL RESERVATION.

The State of California ("State"), pursuant to Section 2 of Chapter 1333 of the Statutes of 1968, as amended, has reserved all subsurface mineral deposits, including oil and gas deposits, on or underlying the License Area and Licensee acknowledges such reserved rights including necessary ingress and egress rights. In no event shall Port be liable to Licensee for any Claims arising from the State's exercise of its rights nor shall such action entitle Licensee to any abatement or diminution of Fees or otherwise relieve Licensee from any of its obligations under this License.

21. CITY AND PORT REQUIREMENTS. [NOTE: PROVISIONS OF THIS SECTION 21 WILL BE UPDATED TO INCLUDE CITY PROVISIONS REQUIRED AS OF LICENSE EXECUTION]

The San Francisco Municipal Codes (available at www.sfgov.org) and City and Port policies described or referenced in this License are incorporated by reference as though fully set forth in this License. The descriptions below are not comprehensive but are provided for notice purposes only; Licensee is charged with full knowledge of each such ordinance and policy and any related implementing regulations as they may be amended from time to time. Licensee understands and agrees that its failure to comply with any provision of this License relating to any such code provision shall be deemed a material breach of this License and may give rise to penalties under the applicable ordinance. Capitalized or highlighted terms used in this Section and not defined in this License shall have the meanings ascribed to them in the cited ordinance.

21.1. Nondiscrimination.

(a) **Covenant Not to Discriminate.** In the performance of this License, Licensee covenants and agrees not to discriminate on the basis of the fact or perception of a person's race, color, creed, religion, national origin, ancestry, age, sex, sexual orientation, gender identity, domestic partner status, marital status, disability or Acquired Immune Deficiency Syndrome or HIV status (AIDS/HIV status), weight, height, association with members of classes protected under Chapters 12B or 12C of the Administrative Code or in retaliation for opposition to any practices forbidden under Chapters 12B or 12C of the Administrative Code against any employee of Licensee, any City and County employee working with Licensee, any applicant for employment with Licensee, or any person seeking accommodations, advantages, facilities, privileges, services, or membership in all business, social, or other establishments or organizations operated by Licensee in the City and County of San Francisco.

(b) **Sublicenses and Other Contracts.** Licensee shall include in all Sublicenses and other contracts relating to the License Area a nondiscrimination clause applicable to such Sublicensee or other contractor in substantially the form of Subsection (a) above. In addition, Licensee shall incorporate by reference in all Sublicenses and other contracts the provisions of Sections 12B.2 (a), 12B.2 (c)-(k) and 12C.3 of the Administrative Code and shall require all Sublicensees and other contractors to comply with such provisions.

(c) **Nondiscrimination in Benefits.** Licensee does not as of the date of this License and will not during its Term, in any of its operations in San Francisco or where the work is being performed for the City, discriminate in the provision of bereavement leave, family medical leave, health benefits, membership or membership discounts, moving expenses, pension and retirement benefits or travel benefits (collectively "**Core Benefits**") as well as any benefits other than the Core Benefits between employees with domestic partners and employees with spouses, and/or between the domestic partners and spouses of such employees, where the domestic partnership has been registered with a governmental entity pursuant to state or local

Law authorizing such registration, subject to the conditions set forth in Section 12B.2 of the Administrative Code.

(d) **CMD Form.** On or prior to the License Commencement Date, Licensee shall execute and deliver to Port the "Nondiscrimination in Contracts and Benefits" form approved by the CMD.

(e) **Penalties.** Licensee understands that pursuant to Section 12B.2(h) of the Administrative Code, a penalty of \$50.00 for each person for each calendar day during which such person was discriminated against in violation of the provisions of this License may be assessed against Licensee and/or deducted from any payments due Licensee.

21.2. Resource-Efficient Facilities and Green Building Requirements. Licensee agrees to comply with all applicable provisions of Environment Code Chapter 7 relating to resource-efficiency and green building design requirements.

21.3. Prohibition of Tobacco Sales and Advertising. Licensee acknowledges and agrees that no sales or advertising of cigarettes or tobacco products is allowed on the License Area. This advertising prohibition includes the placement of the name of a company producing, selling or distributing cigarettes or tobacco products or the name of any cigarette or tobacco product in any promotion of any event or product. This advertising prohibition does not apply to any advertisement sponsored by a state, local, nonprofit or other entity designed to (i) communicate the health hazards of cigarettes and tobacco products, or (ii) encourage people not to smoke or to stop smoking.

21.4. Prohibition of Alcoholic Beverages Advertising. Licensee acknowledges and agrees that no advertising of alcoholic beverages is allowed on the License Area. For purposes of this section, "alcoholic beverage" shall be defined as set forth in California Business and Professions Code Section 23004, and shall not include cleaning solutions, medical supplies and other products and substances not intended for drinking. This advertising prohibition includes the placement of the name of a company producing, selling or distributing alcoholic beverages or the name of any alcoholic beverage in any promotion of any event or product. This advertising prohibition does not apply to any advertisement sponsored by a state, local, nonprofit or other entity designed to (i) communicate the health hazards of alcoholic beverages, (ii) encourage people not to drink alcohol or to stop drinking alcohol, or (iii) provide or publicize drug or alcohol treatment or rehabilitation services.

21.5. Graffiti Removal. Licensee agrees to remove all graffiti from the License Area, within forty-eight (48) hours of the earlier of Licensee's: (a) discovery or notification of the graffiti or (b) receipt of notification of the graffiti from the Department of Public Works. This section is not intended to require a tenant to breach any lease or other agreement that it may have concerning its use of the real property. "Graffiti" means any inscription, word, figure, marking or design that is affixed, marked, etched, scratched, drawn or painted on any building, structure, fixture or other improvement, whether permanent or temporary, including signs, banners, billboards and fencing surrounding construction sites, whether public or private, without the consent of the owner of the property or the owner's authorized agent, and that is visible from the public right-of-way, but does not include: (1) any sign or banner that is authorized by, and in compliance with, the applicable requirements of this License or the Port Building Code; or (2) any mural or other painting or marking on the property that is protected as a work of fine art under the California Art Preservation Act (Calif. Civil Code §§ 987 et seq.) or as a work of visual art under the Federal Visual Artists Rights Act of 1990 (17 U.S.C. §§ 101 et seq.).

21.6. Restrictions on the Use of Pesticides. Chapter 3 of the San Francisco Environment Code (the Integrated Pest Management Program Ordinance or "IPM Ordinance") describes an integrated pest management ("IPM") policy to be implemented by all City departments. Licensee shall not use or apply or allow the use or application of any pesticides on the License Area, and shall not contract with any party to provide pest abatement or control

services to the License Area, without first receiving City's written approval of an integrated pest management plan that (i) lists, to the extent reasonably possible, the types and estimated quantities of pesticides that Licensee may need to apply to the License Area during the term of this License, (ii) describes the steps Licensee will take to meet the City's IPM Policy described in Section 300 of the IPM Ordinance and (iii) identifies, by name, title, address and telephone number, an individual to act as the Licensee's primary IPM contact person with the City. Licensee shall comply, and shall require all of Licensee's contractors to comply, with the IPM plan approved by the City and shall comply with the requirements of Sections 300(d), 302, 304, 305(f), 305(g), and 306 of the IPM Ordinance, as if Licensee were a City department. Among other matters, such provisions of the IPM Ordinance: (a) provide for the use of pesticides only as a last resort, (b) prohibit the use or application of pesticides on property owned by the City, except for pesticides granted an exemption under Section 303 of the IPM Ordinance (including pesticides included on the most current Reduced Risk Pesticide List compiled by City's Department of the Environment), (c) impose certain notice requirements, and (d) require Licensee to keep certain records and to report to City all pesticide use by Licensee's staff or contractors. If Licensee or Licensee's contractor will apply pesticides to outdoor areas, Licensee must first obtain a written recommendation from a person holding a valid Agricultural Pest Control Advisor license issued by the California Department of Pesticide Regulation and any such pesticide application shall be made only by or under the supervision of a person holding a valid Qualified Applicator certificate or Qualified Applicator license under state law. City's current Reduced Risk Pesticide List and additional details about pest management on City property can be found at the San Francisco Department of the Environment website, <http://sfenvironment.org/ipm>.

21.7. *MacBride Principles Northern Ireland.* Port and the City urge companies doing business in Northern Ireland to move towards resolving employment inequities, and encourages such companies to abide by the MacBride Principles. Port and the City urge San Francisco companies to do business with corporations that abide by the MacBride Principles.

21.8. *Tropical Hardwood and Virgin Redwood Ban.* Port and the City urge Licensee not to import, purchase, obtain or use for any purpose, any tropical hardwood, tropical hardwood wood product, virgin redwood or virgin redwood product. Except as expressly permitted by the application of Sections 802(b) and 803(b) of the Environment Code, Licensee shall not provide any items to the construction of Alterations, or otherwise in the performance of this License which are tropical hardwoods, tropical hardwood wood products, virgin redwood, or virgin redwood wood products. In the event Licensee fails to comply in good faith with any of the provisions of Chapter 8 of the Environment Code, Licensee shall be liable for liquidated damages for each violation in any amount equal to the contractor's net profit on the contract, or five percent (5%) of the total amount of the contract dollars, whichever is greater.

21.9. *Preservative-Treated Wood Containing Arsenic.* Licensee may not purchase preservative-treated wood products containing arsenic in the performance of this License unless an exemption from the requirements of Environment Code Chapter 13 is obtained from the Department of Environment under Section 1304 of the Environment Code. The term "preservative-treated wood containing arsenic" shall mean wood treated with a preservative that contains arsenic, elemental arsenic, or an arsenic copper combination, including, but not limited to, chromated copper arsenate preservative, ammoniac copper zinc arsenate preservative, or ammoniacal copper arsenate preservative. Licensee may purchase preservative-treated wood products on the list of environmentally preferable alternatives prepared and adopted by the Department of Environment. This provision does not preclude Licensee from purchasing preservative-treated wood containing arsenic for saltwater immersion. The term "saltwater immersion" shall mean a pressure-treated wood that is used for construction purposes or facilities that are partially or totally immersed in saltwater.

21.10. *Notification of Limitations on Contributions.* If this License is subject to the approval by City's Board of Supervisors, Mayor, or other elected official, the provisions of this

Section 21.10 shall apply. Through its execution of this License, Licensee acknowledges that it is familiar with Section 1.126 of the San Francisco Campaign and Governmental Conduct Code, which prohibits any person who contracts with the City for the selling or leasing of any land or building to or from the City whenever such transaction would require approval by a City elective officer or the board on which that City elective officer serves, from making any campaign contribution to (a) the City elective officer, (b) a candidate for the office held by such individual, or (c) a committee controlled by such individual or candidate, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for such contract or six months after the date the contract is approved. Licensee acknowledges that the foregoing restriction applies only if the contract or a combination or series of contracts approved by the same individual or board in a fiscal year have a total anticipated or actual value of \$50,000 or more. Licensee further acknowledges that, if applicable, the prohibition on contributions applies to each Licensee; each member of Licensee's board of directors, and Licensee's chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 20 percent in Licensee; any subcontractor listed in the contract; and any committee that is sponsored or controlled by Licensee. Additionally, Licensee acknowledges that if this Section 21.10 applies, Licensee must inform each of the persons described in the preceding sentence of the prohibitions contained in Section 1.126 and must provide to City the name of each person, entity or committee described above.

21.11. *Sunshine Ordinance.* In accordance with Section 67.24(e) of the Administrative Code, contracts, contractors' bids, leases, agreements, responses to Requests for Proposals, and all other records of communications between Port and persons or firms seeking contracts will be open to inspection immediately after a contract has been awarded. Nothing in this provision requires the disclosure of a private person's or organization's net worth or other proprietary financial data submitted for qualification for a contract, lease, agreement or other benefit until and unless that person or organization is awarded the contract, lease, agreement or benefit. Information provided which is covered by this Section will be made available to the public upon request.

21.12. *Conflicts of Interest.* Through its execution of this License, Licensee acknowledges that it is familiar with the provisions of Article III, Chapter 2 of Campaign and Governmental Conduct Code, and Sections 87100 et seq. and Sections 1090 et seq. of the California Government Code, and certifies that it does not know of any facts which would constitute a violation of these provisions, and agrees that if Licensee becomes aware of any such fact during the Term, Licensee shall immediately notify the Port.

21.13. *Drug-Free Workplace.* Licensee acknowledges that pursuant to the Federal Drug-Free Workplace Act of 1988 (41 U.S.C. §§ 8101 et seq.), the unlawful manufacture, distribution, possession or use of a controlled substance is prohibited on City or Port premises.

21.14. *Public Transit Information.* Licensee shall establish and carry on during the Term a program to encourage maximum use of public transportation by personnel of Licensee employed on the License Area, including, without limitation, the distribution to such employees of written materials explaining the convenience and availability of public transportation facilities adjacent or proximate to the License Area and encouraging use of such facilities, all at Licensee's sole expense.

21.15. *Food Service and Packaging Waste Reduction Ordinance.* Licensee agrees to comply fully with and be bound by all of the provisions of the Food Service and Packaging Waste Reduction Ordinance, as set forth in Environment Code Chapter 16, including the remedies provided, and implementing guidelines and rules. By entering into this License, Licensee agrees that if it breaches this provision, City will suffer actual damages that will be impractical or extremely difficult to determine; further, Licensee agrees that the sum of one hundred dollars (\$100.00) liquidated damages for the first breach, two hundred dollars (\$200.00)

liquidated damages for the second breach in the same year, and five hundred dollars (\$500.00) liquidated damages for subsequent breaches in the same year is a reasonable estimate of the damage that City will incur based on the violation, established in light of the circumstances existing at the time this License was made. Such amounts shall not be considered a penalty, but rather agreed monetary damages sustained by City because of Licensee's failure to comply with this provision.

21.16. *San Francisco Bottled Water Ordinance.* Licensee is subject to all applicable provisions of Environment Code Chapter 24 (which are hereby incorporated) prohibiting the sale or distribution of drinking water in plastic bottles with a capacity of twenty-one (21) fluid ounces or less at City-permitted events held on the License Area with attendance of more than 100 people.

22. WAIVER OF RELOCATION.

Licensee hereby waives any and all rights, benefits or privileges of the California Relocation Assistance Law, California Government Code §§ 7260 et seq., or under any similar law, statute or ordinance now or hereafter in effect, to the extent allowed under applicable Law.

23. SIGNS.

Licensee shall not have the right to place, construct or maintain any business signage, awning or other exterior decoration or notices on the License Area without Port's prior written consent. Any sign that Licensee is permitted to place, construct or maintain on the License Area shall comply with all Laws relating thereto, including but not limited to Port's Sign Guidelines, as revised by Port from time to time, and building permit requirements, and Licensee shall obtain all Regulatory Approvals required by such Laws. Licensee, at its sole cost and expense, shall remove all signs placed by it on the License Area at the expiration or earlier termination of this License.

24. MISCELLANEOUS PROVISIONS.

24.1. *California Law.* This License is governed by, and shall be construed and interpreted in accordance with, the Laws of the State of California and City's Charter. Port and Licensee hereby irrevocably consent to the jurisdiction of and proper venue in the Superior Court for the City and County of San Francisco.

24.2. *Entire Agreement.* This License contains all of the representations and the entire agreement between the parties with respect to the subject matter of this License. Any prior correspondence, memoranda, agreements, warranties, or representations, whether written or oral, relating to such subject matter are superseded in total by this License. No prior drafts of this License or changes from those drafts to the executed version of this License shall be introduced as evidence in any litigation or other dispute resolution proceeding by any party or other person, and no court or other body should consider those drafts in interpreting this License.

24.3. *Amendments.* No amendment of this License or any part thereof shall be valid unless it is in writing and signed by all of the parties hereto.

24.4. *Severability.* If any provision of this License or the application thereof to any person, entity or circumstance shall, to any extent, be invalid or unenforceable, the remainder of this License, or the application of such provision to persons, entities or circumstances other than those as to which is invalid or unenforceable, shall not be affected thereby, and each other provision of this License shall be valid and be enforceable to the fullest extent permitted by law.

24.5. *Interpretation of License.*

(a) References in this License to Licensee's acts or omissions will mean acts or omissions by Licensee and its Agents and Invitees unless the context requires or specifically stated otherwise.

(b) Whenever an exhibit or schedule is referenced, it means an attachment to this License unless otherwise specifically identified. All exhibits and schedules are incorporated in this License by reference.

(c) Whenever a section, article or paragraph is referenced, it refers to this License unless otherwise specifically provided. The captions preceding the articles and sections of this License and in the table of contents have been inserted for convenience of reference only and must be disregarded in the construction and interpretation of this License. Wherever reference is made to any provision, term, or matter "in this License," "herein" or "hereof" or words of similar import, the reference will be deemed to refer to any reasonably related provisions of this License in the context of the reference, unless the reference refers solely to a specific numbered or lettered article, section, subdivision, or paragraph of this License.

(d) References to all Laws, including specific statutes, relating to the rights and obligations of either party mean the Laws in effect on the effective date of this License and as they are amended, replaced, supplemented, clarified, corrected, or superseded at any time during the Term or while any obligations under this License are outstanding, whether or not foreseen or contemplated by the parties. References to specific code sections mean San Francisco ordinances unless otherwise specified.

(e) The terms "include," "included," "including" and "such as" or words of similar import when following any general term, statement, or matter may not be construed to limit the term, statement, or matter to the specific items or matters, whether or not language of non-limitation is used, but will be deemed to refer to all other items or matters that could reasonably fall within the broadest possible scope of the term, statement, or matter, and will be deemed to be followed by the phrase "without limitation" or "but not limited to."

(f) This License has been negotiated at arm's length between persons sophisticated and knowledgeable in the matters addressed. In addition, each party has been represented by experienced and knowledgeable legal counsel, or has had the opportunity to consult with counsel. Accordingly, the provisions of this License must be construed as a whole according to their common meaning in order to achieve the intents and purposes of the parties, without any presumption (including a presumption under California Civil Code § 1654) against the party responsible for drafting any part of this License.

(g) The party on which any obligation is imposed in this License will be solely responsible for paying all costs and expenses incurred in performing the obligation, unless the provision imposing the obligation specifically provides otherwise.

(h) Whenever required by the context, the singular includes the plural and vice versa, the masculine gender includes the feminine or neuter genders and vice versa, and defined terms encompass all correlating forms of the terms (e.g., the definition of "waive" applies to "waiver," "waivers," "waived," "waiving," etc.).

(i) References to days mean calendar days unless otherwise specified, provided that if the last day on which a party must give notice, respond to a notice, or take any other action under this License occurs on a day that is not a business day, the date by which the act must be performed will be extended to the next business day.

24.6. Successors. The terms, covenants, agreements and conditions set forth in this License shall bind and inure to the benefit of Port and Licensee and, except as otherwise provided herein, their personal representatives and successors and assigns.

24.7. Real Estate Broker's Fees. Port will not pay, nor will Port be liable or responsible for, any finder's or broker's fee in connection with this License. Licensee agrees to Indemnify Port from any Claims, including attorneys' fees, incurred by Port in connection with any such Claim or Claims of any person(s), finder(s), or broker(s) to a commission in connection with this License.

24.8. Counterparts. For convenience, the signatures of the parties to this License may be executed and acknowledged on separate pages which, when attached to this License, shall constitute as one complete License. This License may be executed in any number of counterparts each of which shall be deemed to be an original and all of which shall constitute one and the same License.

24.9. Authority. Licensee does hereby covenant and warrant that Licensee is a duly authorized and existing entity, that Licensee has and is qualified to do business in California, that Licensee has full right and authority to enter into this License, and that each and all of the persons signing on behalf of Licensee are authorized to do so. Upon Port's request, Licensee shall provide Port with evidence reasonably satisfactory to Port confirming the foregoing representations and warranties.

24.10. No Implied Waiver. No failure by Port to insist upon the strict performance of any obligation of Licensee under this License or to exercise any right, power or remedy arising out of a breach thereof, irrespective of the length of time for which such failure continues, and no acceptance of full or partial Fees during the continuance of any such breach shall constitute a waiver of such breach or of Port's rights to demand strict compliance with such term, covenant or condition. Port's consent to or approval of any act by Licensee requiring Port's consent or approval shall not be deemed to waive or render unnecessary Port's consent to or approval of any subsequent act by Licensee. Any waiver by Port of any default must be in writing and shall not be a waiver of any other default (including any future default) concerning the same or any other provision of this License.

24.11. Time is of Essence. Time is of the essence with respect to all provisions of this License in which a definite time for performance is specified.

24.12. Cumulative Remedies. All rights and remedies of either party hereto set forth in this License shall be cumulative, except as may otherwise be provided herein.

24.13. Survival of Indemnities. Termination or expiration of this License shall not affect the right of either party to enforce any and all indemnities and representations and warranties given or made to the other party under this License, the ability to collect any sums due, nor shall it affect any provision of this License that expressly states it shall survive termination or expiration hereof.

24.14. Relationship of the Parties. Port is not, and none of the provisions in this License shall be deemed to render Port, a partner in Licensee's business, or joint venturer or member in any joint enterprise with Licensee. Neither party shall act as the agent of the other party in any respect hereunder. This License is not intended nor shall it be construed to create any third party beneficiary rights in any third party, unless otherwise expressly provided.

24.15. No Recording. Licensee shall not record this License or any memorandum hereof in the Official Records of the City and County of San Francisco.

24.16. Additional Written Agreement Required. Licensee expressly agrees and acknowledges that no officer, director, or employee of Port or City is authorized to offer or promise, nor is Port or the City required to honor, any offered or promised rent credit, concession, abatement, or any other form of monetary consideration (individually and collectively, "Concession") without a written agreement executed by the Executive Director of Port or his or her designee authorizing such Concession and, if applicable, certification of the Concession from the City's Controller.

25. DEFINITIONS.

For purposes of this License, the following terms have the meanings ascribed to them in this Section or elsewhere in this License as indicated:

"**28-Acre Site**" means the approximately 28-acres of land in the southeast corner of Pier 70 that is subject to that certain Disposition and Development Agreement and that certain Master Lease, all between Port and FC Pier 70, LLC.

"**Agents**" when used with reference to either party to this License or any other person, means the officers, directors, employees, agents, and contractors of the party or other person, and their respective successors, and assigns.

"**Basic License Information**" refers to the summary of basic license information attached to this License.

"**CMD**" means the Contract Monitoring Division of the City's General Services Agency.

"**Cal-OSHA**" means the Division of Occupational Safety and Health of the California Department of Industrial Relations.

"**City**" is defined in Section 1.

"**Claim**" means all liabilities, injuries, losses, costs, claims, demands, rights, causes of action, judgments, settlements, damages, liens, fines, penalties and expenses, including without limitation, direct and vicarious liability of any kind for money damages, compensation, penalties, liens, fines, interest, attorneys' fees, costs, equitable relief, mandamus relief, specific performance, or any other relief.

"**Commencement Date**" means the date specified in the Basic License Information.

"**Cure Period**" means the period of time described in the Basic License Information.

"**Encroachment Area**" is defined in Section 2.2.

"**Encroachment Area Charge**" is defined in Section 2.2.

"**Environmental Laws**" is defined in Section 21.6 of *Schedule 1* attached hereto.

"**Environmental Regulatory Action**" is defined in Section 21.6 of *Schedule 1* attached hereto.

"**Environmental Regulatory Agency**" is defined in Section 21.6 of *Schedule 1* attached hereto.

"**Environmental Regulatory Approval**" is defined in Section 21.6 of *Schedule 1* attached hereto.

"**Exacerbate**" or "**Exacerbating**" is defined in Section 21.6 of *Schedule 1* attached hereto.

"**Expiration Date**" means the date specified in the Basic License Information.

"**Fees**" means all sums payable by Licensee under this License, including without limitation, any Late Charge and any interest assessed pursuant to Section 4.

"**Handle**" or "**Handling**" is defined in Section 21.6 of *Schedule 1* attached hereto.

"**Hazardous Material**" is defined in Section 21.6 of *Schedule 1* attached hereto.

"**Hazardous Material Claim**" is defined in Section 21.6 of *Schedule 1* attached hereto.

"**Hazardous Material Condition**" is defined in Section 21.6 of *Schedule 1* attached hereto.

"**Indemnified Parties**" the City, including, but not limited to, all of its boards, commissions, departments, agencies and other subdivisions, including, without limitation, Port, the City, including its Port, and all of their respective successors and assigns, all other Person acting on their behalf, and each of them.

"**Indemnify**" means to indemnify, protect, defend, and hold harmless. "**Indemnification**" and "**Indemnity**" have correlating meanings.

"**Interest Rate**" means ten percent (10%) per year or, if a higher rate is legally permissible, the highest rate an individual is permitted to charge under Law.

"**Investigate**" or "**Investigation**" is defined in Section 21.6 of *Schedule 1* attached hereto.

"**Invitees**" means Licensee's clients, customers, invitees, patrons, guests, members, licensees, permittees, concessionaires, assignees, Sublicensees, and any other person whose rights arise through them.

"**Late Charge**" means a fee equivalent to fifty dollars (\$50.00).

"**Law**" means any present or future law, statute, ordinance, code, resolution, rule, regulation, judicial decision, requirement, proclamation, order, decree, policy (including the Waterfront Land Use Plan), and Regulatory Approval of any Regulatory Agency with jurisdiction over any portion of the License Area, including Regulatory Approvals issued to Port which require Licensee's compliance, and any and all recorded and legally valid covenants, conditions, and restrictions affecting any portion of the License Area, whether in effect when this License is executed or at any later time and whether or not within the present contemplation of the parties.

"**License**" is defined in Section 1.

"**License Area**" means the area described in the Basic License Information.

"**License Fee**" means the monthly usage charge for the License Area described in the Basic License Information.

"**Losses**" means, when used in reference to a Claim, any actual loss, liability, damages, compensation, contribution, cost recovery, lien, obligation, interest, injury, penalty, fine, action, judgment, award, or costs (including reasonable Attorneys' Fees and Costs), or reasonable costs to satisfy a final judgment of any kind, known or unknown, contingent or otherwise, except to the extent specified in this License.

"**Notice to Cease Prohibited Use**" is defined in Section 7.

"**Notice to Vacate**" is defined in Section 2.2.

"**OSHA**" means the United States Occupational Safety and Health Administration.

"**Permitted Activity**" is means the activity described in the Basic License Information.

"**Pier 70 Risk Management Plan**" is defined in Section 21.6 of *Schedule 1* attached hereto.

"**PKN Horizontal Improvements**" is defined in the VDDA.

"**PKN Project**" means the Vertical Project and the PKN Horizontal Improvements.

"**Pre-Existing Hazardous Material**" is defined in Section 21.6 of *Schedule 1* attached hereto.

"**Port**" is defined in Section 1.

"**prevailing party**" is defined in Section 19.1.

"**Prohibited Use**" is defined in Section 7.

"**Regulatory Agency**" means the municipal, county, regional, state, or federal government and their bureaus, agencies, departments, divisions, courts, commissions, boards, officers, or other officials, including the Bay Conservation and Development Commission, any Environmental Regulatory Agency, the City and County of San Francisco (in its regulatory capacity), Port (in its regulatory capacity), Port's Chief Harbor Engineer, the Dredged Material Management Office, the State Lands Commission, the Army Corps of Engineers, the United States Department of Labor, the United States Department of Transportation, or any other governmental agency now or later having jurisdiction over Port property.

"Regulatory Approval" means any authorization, approval, license, registration, or permit required or issued by any Regulatory Agency.

"Release" is defined in Section 21.6 of *Schedule 1* attached hereto. .

"Remediate" or "Remediation" is defined in Section 21.6 of *Schedule 1* attached hereto.

"State Lands Indemnified Parties" is defined in Section 21.6 of *Schedule 1* attached hereto.

"SWPPP" is defined in Section 15.1.

"Term" is defined in Section 3.

"VDDA" means the Vertical Disposition and Development Agreement dated as of _____, 20[xx] between the City and County of San Francisco operating by and through the San Francisco Port Commission and [Vertical Developer].

"Vertical Project" means that certain development project undertaken by Licensee as more particularly described in the VDDA.

SCHEDULE 1

PROVISIONS FOR INDEMNITY, INSURANCE AND HAZARDOUS MATERIALS

19. INDEMNIFICATION OF PORT.

19.1. General Indemnification of the Indemnified Parties. Subject to Section 19.4, (Exclusions from Indemnifications, Waivers and Releases), Licensee must Indemnify the Indemnified Parties against any and all Losses incurred by an Indemnified Party first arising from and after the License Date directly or indirectly from:

- (1) Licensee's failure to obtain any Regulatory Approval related to the Permitted Activity;
- (2) any personal injury or property damage occurring on any portion of the License Area during the term of this License or while under Licensee's control;
- (3) any Licensee's acts or omissions in relation to construction, management, or operations at the License Area including patent and latent defects and mechanic's or other liens to secure payment for labor, service, equipment, or material;
- (4) In addition, to the foregoing, Licensee will Indemnify the Indemnified Parties from and against all Losses (if an Indemnified Party has been named in any action or other legal proceeding) incurred by an Indemnified Party arising directly or indirectly out of or connected with contracts or agreements (i) to which no Indemnified Party is a party, (ii) entered into by Licensee in connection with its performance under this License, except to the extent such Losses were caused by the gross negligence or willful misconduct of an Indemnified Party. For purposes of the foregoing sentence, no Indemnified Party will be deemed to be a "party" to a contract solely by virtue of having approved the contract under this License (e.g., an Assignment and Assumption Agreement).

19.2. Hazardous Materials Indemnification.

(a) In addition to its obligations under Section 19.1 (General Indemnification of the Indemnified Parties) and subject to Section 19.4 (Exclusions from Indemnifications, Waivers and Releases), Licensee, for itself and on behalf of its sub-licensees, Agents, or Invitees, renters or condo owners of the Vertical Project or any of their respective Invitees (individually "Related Third Party" and collectively "Related Third Parties") or their respective Invitees agrees to Indemnify the Indemnified Parties and the State Lands Indemnified Parties from any and all Losses and Hazardous Materials Claims that arise as a result of any of the following:

- (i) any Hazardous Material Condition existing or occurring during the Term;
- (ii) any Handling or Release of Hazardous Materials in, on, under, or around the License Area during the Term;
- (iii) without limiting Licensee's Indemnification obligations in this Section 19.2(a), any Handling or Release of Hazardous Materials by Licensee or its Agents in, on, under, or around the License Area to perform the PKN Horizontal Improvements at any time prior to acceptance of such PKN Horizontal Improvements; or
- (iv) without limiting Licensee's Indemnification obligations in Section 19.2(a)(ii) or 19.2(a)(iii), any Handling or Release of Hazardous Materials by Licensee or its Agents outside of the License Area, but in, on, under, or around other Port property, or City property that is adjacent to the License Area but only if such Losses or Hazardous Material Claims arise directly or indirectly out of Licensee's or its Agents' acts, omissions or negligence; or
- (v) any Exacerbation of any Hazardous Material Condition; or

(vi) failure by Licensee or any Related Third Party to comply with the Pier 70 Risk Management Plan, or failure by their respective Invitees to comply with the Pier 70 Risk Management Plan within the License Area during the Term; or

(vii) claims by Licensee or any Related Third Party for exposure during the Term from and after the Commencement Date to Hazardous Materials in, on, under, or around the License Area.

Without limiting Licensee's Indemnity obligations with respect to the License Area, Port agrees that Licensee's Indemnity for Claims relating to "other Port property" or "other City property" as set forth above in Subsection 19.1(a)(iv) applies only if such Claims arise directly or indirectly out of Licensee's, Related Third Party's, or Invitee's acts, omissions or negligence.

(b) "Losses" under Section 19.2(a) includes: (i) actual costs incurred in connection with any Investigation or Remediation requested by Port or required by any Environmental Regulatory Agency and to restore the affected area to its condition before the Release; (ii) actual damages for the loss or restriction on use of rentable or usable space; (iii) sums actually paid in settlement of Claims, Hazardous Materials Claims, Environmental Regulatory Actions, including fines and penalties; (iv) actual natural resource damages; and (v) Attorneys' Fees and Costs. If Port actually incurs any Losses, Licensee must reimburse Port for Port's Losses, plus interest at the Interest Rate from the date Port delivers a payment demand and reasonable supporting evidence of such Loss to Licensee until paid; such reimbursement will be made within fifteen (15) business days after receipt of Port's payment demand and reasonable supporting evidence.

(c) Licensee understands and agrees that its liability to the Indemnified Parties and the State Lands Indemnified Parties under this Section 19.2, subject to Section 19.4 (Exclusions from Indemnifications, Waivers and Releases), arises upon the earlier to occur of:

(i) discovery of any such Hazardous Materials (other than Pre-Existing Hazardous Materials) in, on, under, or around the License Area;

(ii) the Handling or Release of Hazardous Materials in, on, under, or around the License Area;

(iii) the Exacerbation of any Hazardous Material Condition in, on, under, or around the License Area during the Term; or

(iv) the institution of any Hazardous Materials Claim with respect to such Hazardous Materials, and not upon the realization of Losses.

19.3. Scope of Indemnities; Obligation to Defend. Except as otherwise provided in Section 19.4 (Exclusions from Indemnifications; Waivers and Releases), Licensee's Indemnification obligations under this License are enforceable regardless of the active or passive negligence of the Indemnified Parties, and regardless of whether liability without fault is imposed or sought to be imposed on the Indemnified Parties. Licensee specifically acknowledges that it has an immediate and independent obligation to defend the Indemnified Parties from any Loss that actually or potentially falls within the Indemnification obligations of Licensee, even if such allegations are or may be groundless, false, or fraudulent, which arises at the time such claim is tendered to Licensee and continues at all times thereafter until finally resolved. Licensee's Indemnification obligations under this License are in addition to, and in no way will be construed to limit or replace, any other obligations or liabilities which Licensee may have to Port in this License, at common law or otherwise. All Losses incurred by the Indemnified Parties subject to Indemnification by Licensee constitute Additional Rent owing from Licensee to Port hereunder and are due and payable from time to time immediately upon Port's request, as incurred.

19.4. Exclusions from Indemnifications; Waivers and Releases.

(a) Nothing in this Article 19 (Indemnification of Port) relieves the Indemnified Parties or the State Lands Indemnified Parties from liability, nor will the Indemnities set forth in Sections 19.1 (General Indemnification of Indemnified Parties), 19.2 (Hazardous Materials Indemnification), or the defense obligations set forth in Sections 19.3 (Scope of Indemnities) and 19.6 (Defense) extend to Losses:

(i) to the extent caused by the gross negligence or willful misconduct of the Indemnified Parties, or

(ii) from third parties' claims for exposure to Hazardous Materials from the License Area prior to the Commencement Date; or

(iii) without limiting Licensee's Indemnification obligations under Sections 19.2(a)(iii), 19.2(a)(iv), 19.2(a)(vi), or 19.2(a)(vii), and to the extent the applicable Loss was not caused by the failure of Licensee or a Related Third Party to comply with the Pier 70 Risk Management Plan, or the failure of their respective Invitees to comply with the Pier 70 Risk Management Plan while on the License Area, claims from third parties (who are not Related Third Parties) arising from exposure to Pre-Existing Hazardous Materials on, about or under the License Area after the PKN Horizontal Improvements have been accepted by Port or if applicable, the City; provided, however, the foregoing limitation on Licensee's Indemnification obligations does not extend to claims arising from the Handling, Release or Exacerbation of Pre-Existing Hazardous Materials by the acts or omissions of Licensee or any of its Related Third Parties.

(b) If it is reasonable for an Indemnified Party or a State Lands Indemnified Party to assert that a claim for Indemnification under Section 19.2 (Hazardous Materials Indemnification) is covered by a pollution liability insurance policy, pursuant to which such Indemnified Party or State Lands Indemnified Party is an insured party or a potential claimant, then Port will reasonably cooperate with Licensee in asserting a claim or claims under such insurance policy but without waiving any of its rights under Section 19.2 (Hazardous Materials Indemnification).

19.5. Survival. Licensee's Indemnification obligations under this License and the provisions of this Article 19 (Indemnification of Port) will survive the expiration or earlier termination of this License, provided, however, that License (a) shall not have any liability or indemnification obligations hereunder with respect to the PKN Horizontal Improvements or the Port Acceptance Items to the extent that such liability arises out of or in connection with any acts, events, circumstances or matters first occurring after the date of Port's acceptance of the PKN Horizontal Improvements and all Port Acceptance Items, and (b) shall not have any liability or indemnification obligations hereunder to the extent that such liability arises out of or in connection with any acts, events, circumstances or matters first occurring or first arising after the date any third party actually acquires ownership of the Property pursuant to an Assignment and Assumption Agreement..

19.6. Defense. Licensee will, at its option but subject to reasonable approval by Port, be entitled to control the defense, compromise or settlement of any such matter through counsel of Licensee's choice; provided, that in all cases Port will be entitled to participate in such defense, compromise or settlement at its own expense. If Licensee fails, however, in Port's reasonable judgment, within a reasonable time following notice from Port alleging such failure, to take reasonable and appropriate action to defend, compromise or settle such suit or claim, Port will have the right promptly to use the City Attorney or hire outside counsel, at Licensee's sole cost, to carry out such defense, compromise or settlement which expense is due and payable to the Port within fifteen (15) days after receipt by Licensee of a detailed invoice for such expense.

19.7. Waiver. As a material part of the consideration of this License, Licensee hereby assumes the risk of, and waives, discharges, and releases any and all claims against the Indemnified Parties from any Losses, including (i) damages by death of or injury to any Person, or to property of any kind whatsoever and to whomever belonging, (ii) goodwill, (iii) business opportunities, (iv) any act or omission of persons occupying adjoining premises, (v) theft, (vi) explosion, fire, steam, oil, electricity, water, gas, rain, pollution, or contamination, (vii) Building defects, (viii) inability to use all or any portion of the License Area due to sea level rise or flooding or seismic events, (ix) arising from the interference with the comfortable enjoyment of life or property arising out of the existence of the Pier 70 Shipyard, and (x) any other acts, omissions or causes arising at any time and from any cause, in, on, under, or about the License Area, the Property (as defined in the VDDA), or the 28-Acre Site, including all claims arising from the joint, concurrent, active or passive negligence of any of Indemnified Parties. The foregoing waiver, discharge and release does not include Losses arising from the Indemnified Parties' willful misconduct or gross negligence.

Licensee expressly acknowledges and agrees that the amount payable by Licensee hereunder does not take into account any potential liability of the Indemnified Parties or State Lands Indemnified Parties for any consequential, incidental or punitive damages. Port would not be willing to enter into this License in the absence of a complete waiver of liability for consequential, incidental or punitive damages due to the acts or omissions of the Indemnified Parties or State Lands Indemnified Parties, and Licensee expressly assumes the risk with respect thereto. Accordingly, without limiting any Indemnification obligations of Licensee or other waivers or releases contained in this License and as a material part of the consideration of this License, Licensee fully RELEASES, WAIVES AND DISCHARGES forever any and all claims, demands, rights, and causes of action against the Indemnified Parties or State Lands Indemnified Parties for consequential, incidental and punitive damages (including, without limitation, lost profits) and covenants not to sue, or to pay the Attorneys' Fees and Costs of any party to sue for such damages, the Indemnified Parties or State Lands Indemnified Parties arising out of this License or the uses authorized hereunder, including, any interference with uses conducted by Licensee pursuant to this License regardless of the cause, and whether or not due to the negligence of the Indemnified Parties.

Licensee understands and expressly accepts and assumes the risk that any facts concerning the claims released in this License might be found later to be other than or different from the facts now believed to be true, and agrees that the waivers and releases in this License will remain effective. Therefore, with respect to the claims released in this License, Licensee waives any rights or benefits provided by California Civil Code Section 1542, which reads as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR. BY PLACING ITS INITIALS BELOW, LICENSEE SPECIFICALLY ACKNOWLEDGES AND CONFIRMS THE VALIDITY OF THE WAIVERS AND RELEASES MADE ABOVE AND THE FACT THAT LICENSEE WAS REPRESENTED BY COUNSEL WHO EXPLAINED THE CONSEQUENCES OF THE WAIVERS AND RELEASES AT THE TIME THIS LICENSE WAS MADE, OR THAT LICENSEE HAD THE OPPORTUNITY TO CONSULT WITH COUNSEL, BUT DECLINED TO DO SO.

Licensee's Initials: _____

Licensee acknowledges that the waivers and releases contained herein include all known and unknown, disclosed and undisclosed, and anticipated and unanticipated claims for consequential, incidental or punitive damages. Licensee realizes and acknowledges that it has agreed upon this License in light of this realization and, being fully aware of this situation, it

nevertheless intends to waive the benefit of Civil Code Section 1542, or any statute or other similar law now or later in effect.

20. INSURANCE.

20.1. Required Insurance Coverage. Licensee, at its sole cost and expense, shall maintain, or cause its Invitees or Agents to maintain at their sole cost and expense, throughout the Term, the following insurance:

(a) General Liability Insurance. Comprehensive or commercial general liability insurance, with limits not less than Ten Million Dollars (\$10,000,000.00) each occurrence combined single limit for bodily injury and property damage, including coverages for contractual liability, independent contractors, broad form property damage, personal injury, products and completed operations, and explosion, collapse and underground (XCU) coverage during any period in which Licensee is constructing any improvements to the License Area with risk of explosion, collapse, or underground hazards. This policy must also cover non-owned and for-hire vehicles and all mobile equipment or unlicensed vehicles, such as forklifts.

(b) Automobile Liability Insurance. Comprehensive or business automobile liability insurance with limits not less than Two Million Dollars (\$2,000,000.00) each occurrence combined single limit for bodily injury and property damage, including coverages for owned and hired vehicles and for employer's non-ownership liability, which insurance shall be required if any automobiles or any other motor vehicles are operated in connection with Licensee's activity on the License Area. If parking is permitted under this License, Licensee must obtain, maintain, and provide to Port upon request evidence of personal automobile liability insurance for persons parking vehicles at the License Area on a regular basis, including without limitation Licensee's Agents and Invitees.

(c) Worker's Compensation; Employer's Liability; Jones Act; U.S. Longshore and Harborworker's Act Insurance. If applicable, Worker's Compensation in statutory amounts, with Employer's Liability limit not less than One Million Dollars (\$1,000,000.00) for each accident, injury, or illness. In the event Licensee is self-insured for the insurance required pursuant to this Section 20.1(c), it shall furnish to Port a current Certificate of Permission to Self-Insure signed by the Department of Industrial Relations, Administration of Self-Insurance, Sacramento, California. In addition, if applicable, Licensee will be required to maintain insurance for claims under the Jones Act or U.S. Longshore and Harborworker's Act in statutory amounts, respectively as applicable with Employer's Liability limit not less than One Million Dollars (\$1,000,000.00) for each accident, injury or illness, on employees eligible for each.

(d) Personal Property Insurance. Licensee, at its sole cost and expense, shall procure and maintain on all of its personal property and improvements, in, on, or about the License Area, property insurance on an all risk form, excluding earthquake and flood, to the extent of full replacement value. The proceeds from any such policy shall be used by Licensee for the replacement of Licensee's personal property or contractors' equipment as applicable.

(e) Flood Insurance.

(i) During construction of the improvements, for any parcel located within a flood zone on the City's flood maps, flood insurance will be obtained with a deductible not to exceed ten percent (10%) of the total insurable value of the improvements except that a greater deductible will be permitted to the extent that flood coverage is not available from recognized carriers or through the NFIP at commercially reasonable rates.

(ii) During construction of the improvements, for any parcel not located within a flood zone on the City's flood maps, flood insurance will be in an amount to the extent available at commercially reasonable rates from recognized insurance carriers or through the NFIP equal to the maximum amount of full replacement cost of the improvements with a deductible not to exceed ten percent (10%) except that a greater deductible will be permitted to the extent that

flood coverage is not available from recognized carriers or through the NFIP at commercially reasonable rates

(f) Pollution Legal Liability. Licensee, at its sole cost and expense, will procure Pollution Legal Liability insurance with limits of not less than Three Million Dollars (\$3,000,000.00) per claim, for a period of not less than five (5) years, and a subsequent policy for an additional five (5) years, for a total term of ten (10) years. Port and the City will be listed as named insureds under the terms of any such policy. If Licensee procures any such policy for a period that is longer than five (5) years, Licensee will ensure that each of THE CITY AND COUNTY OF SAN FRANCISCO, THE PORT OF SAN FRANCISCO AND THEIR OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS AND THE STATE LANDS INDEMNIFIED PARTIES are listed as named insureds for such longer period of time.

(g) Construction Activities. Insurance required in connection with construction of PKN Project is as set forth below:

(i) Contractor Requirements. Licensee must require its General Contractor to maintain contractor's pollution liability insurance with limits of not less than Three Million Dollars (\$3,000,000.00) per claim, provided that such requirements may also be satisfied by a wrap policy insuring both Licensee and General Contractor.

(ii) Builder's Risk Requirements. In addition, Licensee or General Contractor must carry "Builder's All Risk" insurance meeting the following requirements.

(1) The amount of coverage must be equal to the full replacement cost of any new improvements. The policy must provide coverage for recurring "soft costs," such as design and engineering fees. The Builder's Risk insurance may have a deductible clause not to exceed \$100,000.

(2) The Builder's Risk policy must identify the City and County of San Francisco and the San Francisco Port Commission as loss payees as their interests may appear, subordinate to any lender requirements.

(3) The Builder's Risk policy must include the following coverages: (A) all damages of loss to the work and to appurtenances, to materials and equipment to be incorporated into the project while the same are in transit, stored on or off the site, to construction plant and temporary structures; and (B) the costs of debris removal, including demolition as may be made reasonably necessary by covered perils, resulting damage, and any applicable law.

(iii) Professional Services Requirements. Licensee must require all providers of engineering and geotechnical professional services under contract with Licensee to provide professional liability coverage with limits not less than Two Million Dollars (\$2,000,000.00) each claim. Such insurance will provide coverage during the period when such professional services are performed and for a period of 3 years after issuance of a Certificate of Occupancy for the (second phase of the) Vertical Project. This requirement may be met by the use of an extended reporting period. Notwithstanding anything to the contrary, the coverage required in this clause (iii) may be provided with a lower limit for subcontractors that are local business enterprises (LBEs) or are performing work under subcontracts of \$100,000 or less only. Licensee shall have the right to request a waiver of the requirements of this clause (iii) by delivering written request to Port, and Port shall respond within a reasonable period of time to any such request; provided, with respect to waiver requests for LBEs and subcontracts only, so long as the waiver request was sent by electronic mail, addressed to one or more line staff responsible for administration of this License stating in the subject line "Immediate Action Required to Avoid Deemed Consent" or words to the same effect, Port will be deemed to have approved such waiver if Port does not respond to the waiver request within five (5) business days.

(h) Other Coverage. Such other insurance or different coverage amounts may change from time to time as required by the City's Risk Manager, if in the reasonable judgement of the City's Risk Manager it is the general commercial practice in San Francisco to carry such insurance and/or in the requested insurance limits for the subject activities taking into consideration the risks associated with such uses of the License Area, so long as any insurance required is available from recognized carriers at commercially reasonable rates. If Licensee determines that such other insurance or coverage amount should not be required because it is not available from recognized carries at commercially reasonable rates, then Licensee will provide to Port evidence supporting Licensee's determination of commercial unreasonableness as to the applicable coverage. Such evidence may include quotes, declinations, and notices of cancellation or non-renewal from leading insurance companies for the required coverage, percentage of overall operating expenses attributable thereto, and then current industry practice for comparable mixed-use/retail/office projects in San Francisco.

(i) Substitution. Notwithstanding the foregoing, Licensee shall have the right, upon the prior approval of Port, not to be unreasonably withheld, to substitute any of the insurance coverage required in this Article 20 (Insurance) with insurance coverage maintained by one or more of Licensee's Agents, Invitees or transferees as long as the insurance policies, certificates and endorsements for such insurance coverage comply in all respects with the requirements of this Article 20 as determined by Port.

20.2. General Requirements.

(a) Insurance provided for pursuant to this Section:

(i) Shall be carried under a valid and enforceable policy or policies issued by insurers of recognized responsibility that are rated Best A—:VIII or better by the latest edition of Best's Key Rating Guide (or a comparable successor rating) and legally authorized to sell such insurance within the State of California;

(ii) As to property insurance required hereunder, such insurance shall name the Licensee as the first named insured. As to liability insurance Licensee shall ensure that Port and the City of San Francisco are named as additional insureds under all general liability and automobile liability coverages. Any umbrella and/or excess liability insurance will also include the City and Port as additional insureds, which may be satisfied by including an endorsement through a blanket additional endorsement or equivalent naming as additional insureds the following: "THE CITY AND COUNTY OF SAN FRANCISCO, THE PORT OF SAN FRANCISCO AND THEIR OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS."

(iii) As to Commercial General Liability and automobile liability insurance, shall provide that it constitutes primary insurance with respect to claims insured by such policy, and, except with respect to limits, that insurance applies separately to each insured against whom claim is made or suit is brought;

(iv) Will provide for waivers of any right of subrogation that the insurer of such party may acquire against the City or Port each party hereto with respect to any losses and damages that are of the type covered under the policies required by Sections 20.1(a) (General Liability Insurance), and 20.1(b) (Automobile Liability Insurance);

(v) Will be subject to the reasonable approval of Port, which approval shall not be unreasonably withheld.

(b) Certificates of Insurance; Right of Port to Maintain Insurance. Licensee shall furnish Port certificates with respect to the policies required under this Section within thirty (30) days after the Commencement Date and, with respect to renewal policies, within thirty (30) days after the policy renewal date of each such policy, and, within sixty (60) days after Port's request, shall also provide Port with copies of each such policy, or shall otherwise make such policy available to Port for its review. If at any time Licensee fails to maintain the

insurance required pursuant to Section 20.1, (Required Insurance Coverage), or fails to deliver certificates as required pursuant to this Section, then, upon thirty (30) business days' written notice to Licensee, Port may obtain and cause to be maintained in effect such insurance by taking out policies with companies satisfactory to Port. Within thirty (30) business days following demand, Licensee shall reimburse Port for all amounts so paid by Port, together with all costs and expenses in connection therewith and interest thereon at the Default Rate.

(c) **Insurance of Others.** Unless otherwise specified in this agreement, Licensee will ensure that all contractors and sub-contractors performing work on the License Area and all operators and subtenants of any portion of the License Area carry adequate insurance coverages. Licensee shall require that such policies be endorsed to include the "CITY AND COUNTY OF SAN FRANCISCO AND THE PORT OF SAN FRANCISCO AND THEIR OFFICERS, AGENTS, EMPLOYEES AND REPRESENTATIVES" as additional insureds under the terms of any such policy.

(d) **Excess Coverage.** All requirements may be satisfied by any combination of umbrella and excess liability policies (as well as including blanket policies).

20.3. Release and Waiver. Each Party hereby waives all rights of recovery and causes of action, and releases each other Party from any liability, losses and damages occasioned to the property of each such Party, which losses and damages are of the type covered under the property policies required by Sections 20.1(d) (Personal Property Insurance) to the extent that such loss is reimbursed by an insurer.

21. HAZARDOUS MATERIALS.

21.1. Compliance with Environmental Laws. Licensee will comply and cause its Agents, Invitees, and all Persons under any Sublease, to comply with all Environmental Laws, operations plans (if any), the Pier 70 Risk Management Plan, and prudent business practices, including, without limitation, any deed restrictions, regulatory agreements, deed notices, soils management plans or certification reports required in connection with the approvals of any regulatory agencies in connection with the PKN Project. Without limiting the generality of the foregoing, Licensee covenants and agrees that it will not, without the prior written consent of Port, which consent will not be unreasonably delayed or withheld, Handle, nor permit the Handling of Hazardous Materials on, under or about the License Area, except for (a) standard building materials and equipment that do not contain asbestos or asbestos-containing materials, lead or polychlorinated biphenyl (PCBs), (b) any Hazardous Materials which do not require a permit or license from, or that need not be reported to, a governmental agency and are used in compliance with all applicable Laws and any reasonable conditions or limitations required by Port, (c) janitorial or office supplies or materials in such amounts as are customarily used for general office, residential or commercial purposes so long as such Handling is at all times in compliance with all Environmental Laws, and (d) Pre-Existing Hazardous Materials that are Handled for Remediation purposes under the jurisdiction of an Environmental Regulatory Agency.

21.2. Licensee Responsibility. Licensee agrees to protect its Agents and Invitees in its operations on the License Area from hazards associated with Hazardous Materials by complying with all Environmental Laws and occupational health and safety Laws and also agrees, for itself and on behalf of its Agents and Invitees, that during its use and occupancy of the License Area:

(a) Other than the Pre-Existing Hazardous Materials, will not permit any Hazardous Materials to be present in, on, under or about the License Area except as permitted under Section 21.1 (Compliance with Environmental Laws);

(b) Will not cause or permit any Hazardous Material Condition; and

(c) Will comply with all Environmental Laws relating to the License Area and any Hazardous Material Condition and any investigation, construction, operations, use or any other activities conducted in, on, or under the License Area, and will not engage in or permit any

activity at the License Area, or in the operation of any vehicles used in connection with the License Area in violation of any Environmental Laws;

(d) Licensee will be the "Generator" of any waste, including hazardous waste, resulting from investigation, construction, operations, use or any other activities conducted in, on, or under the License Area;

(e) Will comply with all provisions of the Pier 70 Risk Management Plan with respect to the License Area, at its sole cost and expense, including requirements to notify site users, comply with risk management measures during construction, and inspect, document and report site conditions to Port annually and

(f) Will comply, and will cause all of its sub-licensees that are subject to an operations plan, to comply with the operations plan applicable to Licensee or such sub-licensee, if any.

21.3. Licensee's Environmental Condition Notification Requirements. The following requirements are in addition to the notification requirements specified in the (i) operations plan(s), if any, (ii) the Pier 70 Risk Management Plan, and (iii) Environmental Laws:

(a) Licensee must notify Port as soon as practicable, orally or by other means that will transmit the earliest possible notice to Port staff, of and when Licensee learns or has reason to believe Hazardous Materials were Released or, except as allowed under Section 21.1 (Compliance with Environmental Laws), Handled, in, on, under, or about the License Area or the environment, or from any vehicles Licensee, or its Agents and Invitees use during the Term or Licensee's occupancy of the License Area, whether or not the Release or Handling is in quantities that would be required under Environmental Laws to be reported to an Environmental Regulatory Agency. In addition to Licensee's notice to Port by oral or other means, Licensee must provide Port written notice of any such Release or Handling within twenty-four (24) hours following such Release or Handling.

(b) Licensee must notify Port as soon as practicable, orally or by other means that will transmit the earliest possible notice to Port staff of Licensee's receipt or knowledge of any of the following, and contemporaneously provide Port with an electronic copy within twenty-four (24) hours following Licensee's receipt of any of the following, of:

(i) Any notice of the Release or Handling of Hazardous Materials, in, on, under, or about the License Area or the environment, or from any vehicles Licensee, or its Agents and Invitees use during Licensee's occupancy of the License Area that Licensee or its Agents or Invitees provide to an Environmental Regulatory Agency;

(ii) Any notice of a violation, or a potential or alleged violation, of any Environmental Law that Licensee or its Agents or Invitees receive from any Environmental Regulatory Agency;

(iii) Any other Environmental Regulatory Action that is instituted or threatened by any Environmental Regulatory Agency against Licensee or its Agents or Invitees and that relates to the Release or Handling of Hazardous Materials, in, on, under, or about the License Area or the environment, or from any vehicles Licensee, or its Agents and Invitees use during the Term or Licensee's occupancy of the License Area;

(iv) Any Hazardous Materials Claim that is instituted or threatened by any third party against Licensee or its Agents or Invitees and that relates to the Release or Handling of Hazardous Materials, in, on, under, or about the License Area or the environment, or from any vehicles Licensee, or its Agents and Invitees use in, on, under or about the License Area during the Term or Licensee's occupancy of the License Area; and

(v) Other than any Environmental Regulatory Approvals issued by the Department of Public Health and the Hazardous Materials Unified Program Agency, any notice of the

termination, expiration, or substantial amendment of any Environmental Regulatory Approval needed by Licensee or its Agents or Invitees for their operations at the License Area.

(c) Licensee must notify Port of any meeting, whether conducted face-to-face or telephonically, between Licensee and any Environmental Regulatory Agency regarding an Environmental Regulatory Action concerning the License Area or Licensee's or its Agents' or Invitees' operations at the License Area. Port will be entitled to participate in any such meetings at its sole election.

(d) Licensee must notify Port of any Environmental Regulatory Agency's issuance of an Environmental Regulatory Approval concerning the License Area or Licensee's or its Agents' or Invitees' operations at the License Area. Licensee's notice to Port must state the name of the issuing entity, the Environmental Regulatory Approval identification number, and the dates of issuance and expiration of the Environmental Regulatory Approval. In addition, Licensee must provide Port with a list of any plan or procedure required to be prepared and/or filed with any Environmental Regulatory Agency for operations on the License Area. Licensee must provide Port with copies of any of the documents within the scope of this Section 21.3(d) upon Port's request.

(e) Licensee must provide Port with copies of all non-privileged communications with Environmental Regulatory Agencies, copies of investigation reports conducted by Environmental Regulatory Agencies, and all non-privileged communications with other persons regarding actual Hazardous Materials Claims arising from Licensee's or its Agents' or Invitees' operations at the License Area. At Licensee's request, in lieu of providing Port with copies of non-privileged communications with other persons that are not Environmental Regulatory Agencies, Licensee will (1) make available for Port's review, such non-privileged communications at Licensee's San Francisco office or at Port's office, and (2) reimburse Port for additional costs related to Port's review of such non-privileged communications at Licensee's San Francisco office (including but not limited to additional time related to travel to and from Licensee's office).

(f) Port may from time to time request, and Licensee will be obligated to provide, available information reasonably adequate for Port to determine whether any and all Hazardous Materials are being Handled in a manner that complies with all Environmental Laws.

21.4. Remediation Requirement.

(a) After notifying Port in accordance with Section 21.3 (Licensee's Environmental Condition Notification Requirements) and subject to Section 21.4(d), Licensee must Remediate, at its sole cost and in compliance with all Environmental Laws and this License, any Hazardous Material Condition occurring during the Term or while Licensee or its Agents or Invitees otherwise occupy any part of the License Area; provided Licensee must take all necessary immediate actions to the extent practicable to address an emergent Release of Hazardous Materials to confine or limit the extent or impact of such Release, and will then provide such notice to Port in accordance with Section 21.3. Except as provided in the previous sentence, Licensee must obtain Port's approval, which approval will not be unreasonably withheld, conditioned or delayed, of a Remediation work plan whether or not such plan is required under Environmental Laws, then begin Remediation actions immediately following Port's approval of the work plan and continue diligently until Remediation is complete.

(b) In addition to its obligations under Section 21.4(a), before this License terminates for any reason, Licensee must Remediate, at its sole cost and in compliance with all Environmental Laws and this License: (i) any Hazardous Material Condition caused by Licensee's or its Agents' or Invitees' Handling of Hazardous Materials during the Term; and (ii) any Hazardous Material Condition discovered during Licensee's occupancy that is required to be Remediated by any Regulatory Agency if Remediation would not have been required but for

Licensee's use of the License Area, or due to Subsequent Construction or construction of the PKN Project.

(c) In all situations relating to Handling or Remediating Hazardous Materials, Licensee must take actions that are reasonably necessary in Port's reasonable judgment to protect the value of the License Area, such as obtaining Environmental Regulatory Approvals related to Hazardous Materials and taking measures to remedy any deterioration in the condition or diminution of the value of any portion of the License Area.

(d) Unless Licensee or its Agents or Invitees Exacerbate the Hazardous Material Condition or Handle or Release Pre-Existing Hazardous Materials in, on, under, around or about the License Area, Licensee will not be obligated to Remediate any Hazardous Material Condition existing before the Commencement Date or the date of Licensee's first use of the License Area, whichever is earlier.

21.5. Pesticide Prohibition. Licensee will comply with the provisions of Chapter 3 of the San Francisco Environment Code (the "Pesticide Ordinance") which (i) prohibit the use of certain pesticides on City property, and (ii) require the posting of certain notices and the maintenance of certain records regarding pesticide usage as further described in Section 21.6 of the License (Restrictions on the Use of Pesticides).

21.6. Additional Definitions.

"Environmental Laws" means all present and future federal, State and local Laws, statutes, rules, regulations, ordinances, standards, directives, and conditions of approval, all administrative or judicial orders or decrees, and all permits, licenses, approvals, or other entitlements, or rules of common law pertaining to Hazardous Materials (including the Handling, Release, or Remediation thereof), industrial hygiene or environmental conditions in the environment, including structures, soil, air, air quality, water, water quality and groundwater conditions, any environmental mitigation measure adopted under Environmental Laws affecting any portion of the License Area, the protection of the environment, natural resources, wildlife, human health or safety, or employee safety, or community right-to-know requirements related to the work being performed under this License. "Environmental Laws" include the IPM Ordinance, Section 20 of the San Francisco Public Works Code (Analyzing Soils for Hazardous Waste), the Pier 70 Risk Management Plan and that certain Covenant and Environmental Restrictions on Property made as of August 11, 2016, by the City, acting by and through the Port, for the benefit of the California Regional Water Quality Control Board for the San Francisco Bay Region and recorded in the Official Records as document number 2016-K308328-00.

"Environmental Regulatory Action" when used with respect to Hazardous Materials means any inquiry, investigation, enforcement, Remediation, agreement, order, consent decree, compromise, or other action that is threatened, instituted, filed, or completed by an Environmental Regulatory Agency in relation to a Release of Hazardous Materials, including both administrative and judicial proceedings.

"Environmental Regulatory Agency" means the United States Environmental Protection Agency, OSHA, any California Environmental Protection Agency board, department, or office, including the Department of Toxic Substances Control and the RWQCB, Cal-OSHA, the Bay Area Air Quality Management District, the San Francisco Department of Public Health, the San Francisco Fire Department, the SFPUC, Port, or any other Regulatory Agency now or later authorized to regulate Hazardous Materials.

"Environmental Regulatory Approval" means any approval, license, registration, permit, or other authorization required or issued by any Environmental Regulatory Agency, including any hazardous waste generator identification numbers relating to operations on the License Area and any closure permit.

"Exacerbate" or "Exacerbating" when used with respect to Hazardous Materials means any act or omission that increases the quantity or concentration or potential for human exposure of Hazardous Materials in the affected area, causes the increased migration of a plume of Hazardous Materials in soil, groundwater, or bay water, causes a Release of Hazardous Materials that had been contained until the act or omission, or otherwise requires Investigation or Remediation that would not have been required but for the act or omission, it being understood that the mere discovery of Hazardous Materials does not cause "Exacerbation". Exacerbate also includes the disturbance, removal or generation of Hazardous Materials in the course of Licensee's operations, Investigations, maintenance, repair, construction of PKN Project under this License. "Exacerbate" also means failure to comply with the Pier 70 Risk Management Plan. "Exacerbation" has a correlative meaning.

"Handle" when used with reference to Hazardous Materials means to use, generate, move, handle, manufacture, process, produce, package, treat, transport, store, emit, discharge or dispose of any Hazardous Material. "Handling" and "Handled" have correlative meanings.

"Hazardous Material" means any material, waste, chemical, compound, substance, mixture, or byproduct that is identified, defined, designated, listed, restricted, or otherwise regulated under Environmental Laws as a "hazardous constituent", "hazardous substance", "hazardous waste constituent", "infectious waste", "medical waste", "biohazardous waste", "extremely hazardous waste", "pollutant", "toxic pollutant", or "contaminant", or any other designation intended to classify substances by reason of properties that are deleterious to the environment, natural resources, wildlife, or human health or safety, including, without limitation, ignitability, infectiousness, corrosiveness, radioactivity, carcinogenicity, toxicity, and reproductive toxicity. Hazardous Material includes, without limitation, any form of natural gas, petroleum products or any fraction thereof, asbestos, asbestos-containing materials, polychlorinated biphenyls (PCBs), PCB-containing materials, and any substance that, due to its characteristics or interaction with one or more other materials, wastes, chemicals, compounds, substances, mixtures or byproducts, damages or threatens to damage the environment, natural resources, wildlife or human health or safety. "Hazardous Materials" also includes any chemical identified in the Pier 70 Environmental Site Investigation Report, Pier 70 Remedial Action Plan, or Pier 70 Risk Management Plan.

"Hazardous Material Claim" means any Environmental Regulatory Action or any claim made or threatened by any third party against the Indemnified Parties, the State Lands Indemnified Parties, or the License Area relating to damage, contribution, cost recovery compensation, loss or injury resulting from the Release or Exacerbation of any Hazardous Materials, including Losses based in common law. Hazardous Materials Claims include Investigation and Remediation costs, fines, natural resource damages, damages for decrease in value of the License Area or other Port property, the loss or restriction of the use or any amenity of the License Area or other Port property, Attorneys' Fees and Costs and fees and costs of consultants and experts.

"Hazardous Material Condition" means the Release or Exacerbation, or threatened Release or Exacerbation, of Hazardous Materials in, on, under, or about the License Area or the environment, or from any vehicles Licensee, or its Agents and Invitees use in, on, under, or about the License Area during the Term or Licensee's occupancy of the License Area.

"Investigate" or "Investigation" when used with reference to Hazardous Material means any activity undertaken to determine the nature and extent of Hazardous Material that may be located in, on, under or about the License Area, any Vertical Project or any portion of the site or the Vertical Project or which have been, are being, or threaten to be Released into the environment. Investigation will include preparation of site history reports and sampling and analysis of environmental conditions in, on, under or about the License Area or any Vertical Project.

"Pier 70 Risk Management Plan" means the Pier 70 Risk Management Plan, Pier 70 Master Plan Area, prepared for the Port of San Francisco by Treadwell & Rolo and dated July 25, 2013, and approved by the RWQCB on January 24, 2014, including any amendments and revisions thereto that are approved by the RWQCB, and as interpreted by Regulatory Agencies with jurisdiction.

"Pre-Existing Hazardous Materials" means any Hazardous Material existing on, in, about or around the License Area as of the Effective Date and identified in the Pier 70 Environmental Site Investigation Report, Pier 70 Remedial Action Plan, or Pier 70 Risk Management Plan.

"Release" means when used with respect to Hazardous Materials any accidental, actual, imminent or intentional spilling, introduction, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the air, soil gas, land, surface water, groundwater, or environment (including the abandonment or discarding of barrels, containers, and other closed receptacles containing any Hazardous Material).

"Remediate" or "Remediation" when used with reference to Hazardous Materials means any activities undertaken to clean up, abate, remove, transport, dispose, contain, treat, stabilize, monitor, remediate, or otherwise control Hazardous Materials located in, on, under or about the License Area or which have been, are being, or threaten to be Released into the environment or to restore the affected area to the standard required by the applicable Environmental Regulatory Agency in accordance with applicable Environmental Laws and any additional Port requirements. Remediation includes, without limitation, those actions included within the definition of "remedy" or "remedial action" in California Health and Safety Code Section 25322 and "remove" or "removal" in California Health and Safety Code Section 25323.

"State Lands Indemnified Parties" means the State of California, the California State Lands Commission, and all of their respective heirs, legal representatives, successors and assigns, and all other Persons acting on their behalf.

FIRST ADDENDUM TO FINANCING PLAN

This **FIRST ADDENDUM TO FINANCING PLAN** ("**First Addendum**") revises certain terms of the Financing Plan that is DDA Exhibit C1 to and incorporated into the Disposition and Development Agreement (the "**DDA**") between the City and County of San Francisco (including its agencies and departments, the "**City**"), acting by and through the San Francisco Port Commission (the "**Port**" or the "**Port Commission**"), and FC Pier 70, LLC ("**Developer**") (each, a "**Party**"), that was executed on May 2, 2018 (the "**Reference Date**").

1. **Definitions.**

- a. The following terms have the following meanings in this First Addendum and are incorporated by reference in the Appendix to the Transaction Documents for the 28-Acre Site Project:
 1. "**20th/Illinois Plaza Reserve**" means a reserve account for the deposit of Residential Condo Project Tax Increment collected from Parcel K North to pay the PKN Capital Costs of the 20th/Illinois Plaza. Amounts in the 20th/Illinois Plaza Reserve do not constitute Project Payment Sources until the PKN Developer has been reimbursed for its PKN Capital Costs of the 20th/Illinois Plaza.
 2. "**Michigan Street Plaza**" means that portion of Michigan Street segment commencing from the end of the Michigan Street ROW and proceeding south to the to-be-created 21st Street.
 3. "**Michigan Street Reserve**" means a reserve account for the deposit of Facilities Special Taxes levied upon and collected from Parcel K North to pay the PKN Capital Costs of the Michigan Street ROW and the Michigan Street Plaza. Amounts in the Michigan Street Reserve do not constitute Project Payment Sources until the PKN Developer has been reimbursed for its PKN Capital Costs of the Michigan Street ROW and the Michigan Street Plaza.
 4. "**Michigan Street ROW**" means that portion of Michigan Street segment commencing from 20th Street and proceeding 150 feet south toward the to-be-created 21st Street. The Michigan Street ROW shall consist of two discrete categories of improvements referred to, and as further described in the PKN Financing Plan as the "Michigan Street Surface Improvements" and the "Michigan Street Subsurface Improvements". The Michigan Street Subsurface Improvements shall actually be constructed under the Michigan Street ROW and the Michigan Street Plaza and may include costs associated with installing or relocating Wholesale Distribution Tariff power facilities owned by the San Francisco Public Utilities Commission and serving the 20th Street Historic Core and the 28-Acre Site.
 5. "**PKN Developer**" means the vertical developer of Parcel K North.

6. **"PKN Capital Costs"** means PKN Hard and Soft Costs, PKN Development Fees and PKN Interest Costs.
7. **"PKN Development Fees"** means the development fees payable to the PKN Developer as part of each Approved Payment Request (as defined in the PKN Financing Plan) for a PKN Horizontal Improvement equal to six percent (6%) of the PKN Hard and Soft Costs in such Approved Payment Request.
8. **"PKN Financing Plan"** means the Financing Plan and Acquisition Agreement between the Port and PKN Developer.
9. **"PKN Hard and Soft Costs"** means the reasonable and customary out-of-pocket costs actually incurred and paid by PKN Developer after the effective date of the Vertical DDA between the Port and PKN Developer in connection with 20th/Illinois Plaza or the Michigan Street ROW and the Michigan Street Plaza, including labor and materials and:
 - (i) architectural, engineering, consultant, attorney, and other professional fees;
 - (ii) construction insurance (including general liability, automobile liability, worker's compensation, personal property, flood, pollution legal liability, comprehensive personal liability, builder's risk, and professional services insurance);
 - (iii) commercially reasonable construction management fees paid by PKN Developer, a Transferee of PKN Developer, or their respective Affiliates;
 - (iv) inspection, regulatory, building, encroachment, site permit and other fees directly relating to the PKN Horizontal Improvements and payable to the City, Port or any other public agency;
 - (v) implementation of Mitigation Measures for 20th/Illinois Plaza or the Michigan Street ROW and the Michigan Street Plaza;
 - (vi) Port costs directly related to the PKN Horizontal Improvements;
 - (vii) security required in connection with the 20th/Illinois Plaza or the Michigan Street ROW and the Michigan Street Plaza;
 - (viii) safety and security measures; and
 - (ix) third-party costs to participate in audits, including Port Audits, and to prepare and store PKN Developer's Books and Records related to PKN Horizontal Improvements.

"PKN Hard and Soft Costs" excludes:

- (1) costs incurred before the effective date of Vertical DDA between the Port and PKN Developer;

- (2) work that must be repaired or replaced at no additional cost due to failure to satisfy quality, quantity, types of materials, and workmanship in accordance with approved improvement plans;
 - (3) the PKN Developer's (or any Affiliate's) corporate office, personnel, and overhead costs;
 - (4) construction financing costs (loan fees and interest) for the PKN Horizontal Improvements; and
 - (5) costs associated with designing or constructing the vertical project on Parcel K North.
 - 10. **"PKN Horizontal Improvements"** means the 20th/Illinois Plaza, the Michigan Street Plaza and the Michigan Street ROW.
 - 11. **"PKN Interest Costs"** means interest at the rate of 4.38% per annum on PKN Hard and Soft Costs, as calculated and paid pursuant to the PKN Financing Plan.
 - 12. **"Reserve Limitation"** means, so long as it is applicable to Project Area G, a five year limit imposed by IFD Law on accumulating Tax Increment before expending Tax Increment on eligible costs.
 - 13. **"Substitute FP Exhibit E"** means the substitute FP Exhibit E attached to this First Addendum.
 - 14. **"Substitute FP Schedule 4"** means the substitute FP Schedule 4 attached to this First Addendum.
 - b. Capitalized terms not defined in this Subsection are defined in the Appendix to the DDA or in the Pier 70 Condo CFD RMA.
2. **Substitute FP Exhibit E (RMA Term Sheet).**
- a. When this First Addendum is fully executed, Substitute FP Exhibit E will:
 - (i) supersede FP Exhibit E attached to the executed Financing Plan; and
 - (ii) be deemed to be attached to and for all purposes be a part of the Financing Plan.
3. **Substitute FP Schedule 4 (Overview of Project Payment Sources (Other than Port Capital)).**
- a. Substitute FP Schedule 4 is attached to this First Addendum to reflect the Parties' agreement that, on a first priority basis after paying any annual debt service on Tax Increment Bonds for Sub-Project Area G-2 that are secured, in whole or in part, by Residential Condo Project Tax Increment collected from Parcel K North, the Port will deposit all Residential Condo Project Tax Increment collected from Parcel K North in the 20th/Illinois Plaza Reserve until such time as it has deposited a total of \$3.5 million. In addition, the first priority use of a portion of the proceeds of Tax Increment Bonds issued for Sub-Project Area G-2 that are secured, in whole or in part, by the Residential Condo Project Tax Increment from Parcel K North shall be to reimburse the PKN Capital Costs of the 20th/Illinois Plaza; the amount of such proceeds prioritized to reimburse such PKN Capital Costs shall be equal to \$3.5 million less the amount actually on deposit in the 20th/Illinois Plaza Reserve or previously paid to PKN Developer to

reimburse such PKN Capital Costs. If such Tax Increment Bonds are issued as tax-exempt bonds, the proceeds prioritized to reimburse the PKN Capital Costs shall become Project Payment Sources and applied in the same priority as set forth in Subsection 2.4(f) (Priorities for Payment) 30 months after the issuance date of such Tax Increment Bonds (subject to the earlier release as set forth in the last sentence of this subsection). The Port will use the proceeds in the 20th/Illinois Plaza Reserve and such Tax Increment Bond Proceeds to reimburse the PKN Developer for its PKN Capital Costs of the 20th/Illinois Plaza. After the 20th/Illinois Plaza is constructed, all of the moneys in the 20th/Illinois Plaza Reserve have been expended, and all the proceeds of Tax Increment Bonds issued for Sub-Project Area G-2 that are secured, in whole or in part, by the Residential Condo Project Tax Increment from Parcel K North have been expended, the Port will continue to use Bond Proceeds of Tax Increment Bonds secured by Residential Condo Project Tax Increment that are subsequently issued and Residential Condo Project Tax Increment collected from Parcel K North, to reimburse the PKN Developer for any unreimbursed PKN Capital Costs of the 20th/Illinois Plaza as a first priority use of such proceeds. When the PKN Developer has been reimbursed for all of its PKN Capital Costs of the 20th/Illinois Plaza, any Residential Condo Project Tax Increment in the 20th/Illinois Plaza Reserve and any Tax Increment Bond Proceeds prioritized to reimburse the PKN Developer for such PKN Capital Costs shall become Project Payment Sources and applied in the same priority as set forth in Subsection 2.4(f) (Priorities for Payment).

- b. **Substitute FP Schedule 4** reflects the Parties' agreement that that on a first priority basis after paying any annual debt service on Mello-Roos Bonds, the Port will deposit Facilities Special Taxes levied on and collected from Parcel K North after Parcel K North becomes Developed Property in the Michigan Street Reserve until it has deposited a total of \$4.3 million. The Port will use the proceeds in the Michigan Street Reserve to reimburse the PKN Developer for its PKN Capital Costs of the Michigan Street ROW and Michigan Street Plaza. In addition, the first priority use of a portion of the proceeds of Mello-Roos Bonds secured by Facilities Special Taxes from Zone 1 of the Pier 70 Condo CFD shall be to reimburse the PKN Capital Costs of the Michigan Street ROW and Michigan Street Plaza; the amount of such Bond Proceeds prioritized to reimburse such PKN Capital Costs shall be equal to \$4.3 million less the amount actually on deposit in the Michigan Street Reserve or previously paid to PKN Developer to reimburse such PKN Capital Costs. If such Mello-Roos Bonds are issued as tax-exempt bonds, the Bond Proceeds prioritized to reimburse such PKN Capital Costs shall become Project Payment Sources and applied in the same priority as set forth in Subsection 2.4(f) (Priorities for Payment) 30 months after the issuance date of such Mello-Roos Bonds (subject to the earlier release as set forth in the last sentence of this subsection). After the Michigan Street ROW and Michigan Street Plaza are constructed, all of the moneys in the Michigan Street Reserve have been expended, and all of the proceeds of Mello-Roos Bonds secured by Facilities Special Taxes from Zone 1 of the Pier 70 Condo CFD have been expended, the Port will continue to use

proceeds of Mello-Roos Bonds secured by Facilities Special Taxes from the Pier 70 Condo CFD and Facilities Special Taxes levied on Parcel K North in excess of the amount required to pay debt service on such Mello-Roos Bonds, to reimburse the PKN Developer for any unreimbursed PKN Capital Costs of the Michigan Street ROW and Michigan Street Plaza as a first priority use of such proceeds. When the PKN Developer has been reimbursed for all of its PKN Capital Costs of the Michigan Street ROW and Michigan Street Plaza, any Facilities Special Taxes in the Michigan Street Reserve and any Mello-Roos Bond Proceeds prioritized to reimburse the PKN Developer for such PKN Capital Costs shall become Project Payment Sources and applied in the same priority as set forth in Subsection 2.4(f) (Priorities for Payment).

- c. When this First Addendum is fully executed, **Substitute FP Schedule 4** will: (i) supersede FP Schedule 4 attached to the executed Financing Plan; and (ii) be deemed to be attached to and for all purposes be a part of the Financing Plan.

4. **Interest Cost Limitation.** FP § 2.3(b)(i) is superseded in its entirety and replaced by the following:

1. IFD Law imposes the Interest Cost Limitation on the use of Tax Increment and it also applies to the use of the Bond Proceeds of any Bonds secured and payable by Tax Increment. As of the Reference Date, the Interest Cost Limitation was 4.38%.

5. **Conforming Amendments to Financing Plan.** The Parties agree to the following amendments to the Financing Plan.

- a. **FP § 1.5(g)** (Project Tax Increment) is amended to add the 20th/Illinois Plaza as an eligible use.
- b. **FP § 1.6(b)** is superseded in its entirety and replaced by the following:
 - (b) 20th/Illinois Plaza. The 20th/Illinois Plaza will be an obligation of the PKN Developer. The PKN Capital Costs of the 20th/Illinois Plaza will be reimbursed as set forth in **Subsection 2(f)(ii)(8)** and the PKN Financing Plan.
- c. **FP § 2.4(f)(i)** is superseded in its entirety and replaced by the following:
 1. Except as provided in **Subsection 2.4(f)(ii)(8-9)** and **2.4(f)(iii)**, the Entitlement Cost Statement, as updated under **Subsection 2.3(a)** (Entitlement Cost Statement), and accrued Developer Return on the Entitlement Sum will have the highest priority for payment.
- d. **FP § 2.4(f)(ii)(8-11)** are added to read as follows:
 - (8) Notwithstanding anything in this Agreement to the contrary, after paying any annual debt service on Tax Increment Bonds for Sub-Project Area G-2 that are secured, in whole or in part, by Residential Condo Project Tax Increment from Parcel K North, Residential Condo Project Tax Increment collected from Parcel K North will be used to deposit \$3.5 million in the 20th/Illinois Plaza Reserve as a first priority use of these proceeds. In addition, the

first priority use of a portion of the proceeds of Tax Increment Bonds issued for Sub-Project Area G-2 that are secured, in whole or in part, by the Residential Condo Project Tax Increment from Parcel K North shall be to reimburse the PKN Capital Costs of the 20th/Illinois Plaza; the amount of such Bond Proceeds prioritized to reimburse such PKN Capital Costs shall be equal to \$3.5 million less the amount actually on deposit in the 20th/Illinois Plaza Reserve or previously paid to PKN Developer to reimburse such PKN Capital Costs. If such Tax Increment Bonds are issued as tax-exempt bonds, the Bond Proceeds prioritized to reimburse the PKN Capital Costs shall become Project Payment Sources and applied in the same priority as set forth in Subsection 2.4(f) (Priorities for Payment) 30 months after the issuance date of such Tax Increment Bonds (subject to an earlier release set forth in subsection (10) below). If the 20th/Illinois Plaza PKN Capital Costs exceed \$3.5 million, the Port will use the next available Residential Condo Project Tax Increment collected from Parcel K North that is not required to pay debt service on such Tax Increment Bonds and the Bond Proceeds of any subsequently-issued Tax Increment Bonds that are secured, in whole or in part, by the Residential Condo Project Tax Increment from Parcel K North to fund the remaining PKN Capital Costs of the 20th/Illinois Plaza. While funds are on deposit in the 20th/Illinois Plaza Reserve and while such Tax Increment Bond Proceeds are prioritized to reimburse PKN Capital Costs, they shall not be considered Project Payment Sources. Funds deposited in the 20th/Illinois Plaza Reserve will be traced by date of deposit, and it will be assumed that funds are spent on a First In, First Out (FIFO) basis. On the date that is 54 months after a fund deposit is made to the 20th/Illinois Plaza Reserve, and to the extent not deemed expended under the FIFO rule, any such amounts deposited 54 months prior shall be released from the 20th/Illinois Plaza Reserve, shall become a Project Payment Source, and shall be applied in the same priority as set forth in **Subsection 2.4(f)** (Priorities for Payment). Funds disbursed from the 20th/Illinois Plaza Reserve as a result of the Reserve Limitation will be replaced with Residential Condo Project Tax Increment collected from Parcel K North until such time as PKN Developer has been fully reimbursed for PKN Capital Costs of the 20th/Illinois Plaza. The foregoing process will be implemented on an ongoing basis so as to comply with the Reserve Limitation.

- (9) Notwithstanding anything in this Agreement to the contrary, after paying any annual debt service on Mello-Roos Bonds that are secured by Facilities Special Taxes levied on and collected from Parcel K North, Facilities Special Taxes levied on and collected from Parcel K North will be used to deposit \$4.3 million in the Michigan Street Reserve as a first priority use of these proceeds. In addition, the first priority use of a portion of the proceeds of Mello-Roos Bonds secured by Facilities Taxes levied on and collected from Tax Zone 1 of the Pier 70 Condo CFD shall be to

reimburse the PKN Capital Costs of the Michigan Street ROW and Michigan Street Plaza; the amount of such Bond Proceeds prioritized to reimburse such PKN Capital Costs shall be equal to \$4.3 million less the amount actually on deposit in the Michigan Street Reserve or previously paid to PKN Developer to reimburse such PKN Capital Costs. While funds are on deposit in the Michigan Street Reserve and while such Mello-Roos Bond Proceeds are prioritized to reimburse PKN Capital Costs, they shall not be considered Project Payment Sources. If such Mello-Roos Bonds are issued as tax-exempt bonds, the Bond Proceeds prioritized to reimburse such PKN Capital Costs shall become Project Payment Sources and applied in the same priority as set forth in Subsection 2.4(f) (Priorities for Payment) 30 months after the issuance date of such Mello-Roos Bonds (subject to an earlier release set forth in subsection (11) below). If the PKN Capital Costs for the Michigan Street ROW and the Michigan Street Plaza exceed \$4.3 million, the Port will use the next available Facilities Special Taxes levied on and collected from Parcel K North that are not required to pay debt service on such Mello-Roos Bonds and the proceeds of any additional Mello-Roos Bonds that are secured by Facilities Special Taxes levied on and collected from Tax Zone 1 of the Pier 70 Condo CFD to fund the remaining PKN Capital Costs of the Michigan Street ROW and the Michigan Street Plaza.

- (10) When all of the PKN Capital Costs of the 20th/Illinois Plaza have been reimbursed to the PKN Developer, any funds remaining in the 20th/Illinois Plaza Reserve and any Tax Increment Bond Proceeds prioritized to reimburse the PKN Developer for such PKN Capital Costs will become Project Payment Sources, and will be applied in the same priority as set forth in **Subsection 2.4(f)** (Priorities for Payment).
 - (11) When all of the PKN Capital Costs of the Michigan Street ROW and the Michigan Street Plaza have been reimbursed to the PKN Developer, any funds remaining in the Michigan Street Reserve and any Mello-Roos Bond Proceeds prioritized to reimburse the PKN Developer for such PKN Capital Costs will become Project Payment Sources, and will be applied in the same priority as set forth in **Subsection 2.4(f)** (Priorities for Payment).
- e. **FP § 2.4(f)(iii)** is superseded in its entirety and replaced by the following:
 - (iii) Except as provided in **FP § 2.4(f)(ii)(8-9)**, the Historic Building Feasibility Gap for Historic Building 12 and for Historic Building 21 will be paid following the determination of the final Historic Building Feasibility Gap for the respective Historical Building in accordance with **FP § 11** (Historic Buildings) from the next available Public Financing Sources.
 - f. **FP § 3.1(c)** is intentionally deleted.
 - g. **FP § 4.12** (Early Facilities Special Taxes) is superseded in its entirety and replaced by the following:

4.12 Early Facilities Special Taxes. This Section will apply if Early Mello-Roos Bonds secured by Facilities Special Taxes from either the Pier 70 Leased Property CFD or the Pier 70 Condo CFD are issued.

a. Pier 70 Leased Property CFD.

- (i) Before the Port Closes Escrow on any Parcel Lease for a Development Parcel in the Pier 70 Leased Property CFD, Developer will enter into an agreement with the Vertical Developer to reimburse the Vertical Developer for, or to pay directly for, the first two years' Facilities Special Tax levy, if any, on the Development Parcel. Each payment that Developer makes under its agreement with the Vertical Developer (excluding penalties and interest) will be a Soft Cost reported on the Developer Capital Schedule. The agreement between Developer and the Vertical Developer will require the Vertical Developer to pay any Facilities Special Taxes levied on the Development Parcel if Developer fails to pay or reimburse the Facilities Special Taxes under the agreement.
- (ii) Under its agreement with the Vertical Developer, Developer will only be required to pay or reimburse the Vertical Developer for the amount of the Facilities Special Tax levy that appears on the tax bill for the Development Parcel plus penalties and interest on the payment if delinquent. For example, if Bond Proceeds include capitalized interest sufficient to pay the levy during the two-year period, the CFD will not levy the tax, and no payment obligation will arise.
- (iii) The Parties expect the agreement with the Vertical Developer to provide that Developer will have no obligation to pay or reimburse the Vertical Developer for any of the following with respect to a Development Parcel in the Pier 70 Leased Property CFD after the Port has conveyed the Development Parcel to a Vertical Developer:
 - (1) Facilities Special Taxes levied on the Development Parcel after the parcel becomes Developed Property as defined in the RMA;
 - (2) any other taxes levied on the Development Parcel;
 - (3) any more than the amount of an installment of Facilities Special Taxes when due under the tax bill, plus penalties and interest on the payment if delinquent; or
 - (4) more than the first two years of Facilities Special Taxes levied on the Development Parcel.

b. Pier 70 Condo CFD.

- (i) The terms Undeveloped Property, Developed Property, and Exempt Property as used in the First Addendum will be defined in the RMA for the Pier 70 Condo CFD as indicated in **FP Exhibit E**. Absent the Developer Public Agreement (as defined below), property owned by the Port shall not be taxed under the the RMA

for the Pier 70 Condo CFD while such property is owned by the Port.

- (ii) Prior to the issuance of each series of Mello-Roos Bonds secured by Special Taxes from the Pier 70 Condo CFD, Developer may (A) elect to pay the Facilities Special Tax levy on Undeveloped Property in the Pier 70 Condo CFD by providing written notice to the Port that it has entered into a written agreement with each Vertical Developer owner of Undeveloped Property in the Pier 70 Condo CFD to pay all such Facilities Special Taxes levied on such property (each, a "Developer Private Agreement") and/or (B) enter into an agreement with the Port to pay the Facilities Special Tax levy on property owned by the Port (the "Developer Public Agreement").
- (iii) If Developer enters into such Developer Private Agreement(s), Developer will pay the Facilities Special Tax levy, if any, on Undeveloped Property in the Pier 70 Condo CFD until such Undeveloped Property becomes Developed Property. Prior to the date the Port Closes Escrow on any property in the Pier 70 Condo CFD to a Vertical Developer, Developer will enter into a Developer Private Agreement with the Vertical Developer(s) that own Undeveloped Property at that time in the Pier 70 Condo CFD to reimburse the Vertical Developer(s) for, or to pay directly for, any Facilities Special Tax levy on such Vertical Developer's property before it becomes Developed Property under the Pier 70 Condo CFD RMA.
- (iv) If Developer enters into a Developer Public Agreement, Developer will pay the Facilities Special Tax levy, if any, on the property in the Pier 70 Condo CFD owned by the Port until such property is conveyed to a Vertical Developer. If the Port, in its sole discretion, agrees to allow the levy of a Facilities Special Tax on property owned by the Port in the Pier 70 Condo CFD, then the property owned by the Port in the Pier 70 Condo CFD shall no longer be deemed Exempt Property.
- (v) Each Facilities Special Tax payment that Developer makes (excluding penalties and interest on delinquent amounts) under this Subsection will be a Soft Cost reported on the Developer Capital Schedule.
- (vi) If Developer enters the Developer Public Agreement with the Port and fails to pay the Facilities Special Tax levied on property owned by the Port, the Port may elect to pay any Facilities Special Taxes (whether or not delinquent) in its sole discretion. If the Port elects to pay, all such Port payments, including penalties and interest, will be Port Capital reported on the Port Capital Schedule.

h. **FP § 5.2(c)** is amended to include the following:

- (vi) the Port or the City, each in its sole judgment, determines that: 1) Facilities Special Taxes levied on Developed Property in the Pier 70 Condo CFD

will be insufficient to meet the Facilities Special Tax Requirement under the Pier 70 Condo CFD RMA, and (ii) Developer has not provided written notice under Section 4.12(b)(ii)(A) of its agreement to pay the Facilities Special Tax levy, if any, on Undeveloped Property in the Pier 70 Condo CFD or has provided such notice but failed to enter into the required Developer Private Agreement with the Vertical Developer(s) of Undeveloped Property in the Pier 70 Condo CFD.

FP § 5.3(h) is added to read as follows:

(h) The Port and the City will size any Early Mello Roos Bond for the Pier 70 Condo CFD issued before Parcel K North becomes Developed Property based on Improvement Special Taxes from the Pier 70 Condo CFD, excluding Facilities Special Taxes to be levied on and collected from Parcel K North unless a Developer Private Agreement is entered into between the Developer and the PKN Developer.

i. **FP § 5.5(b)(i)** is superseded in its entirety and replaced by the following:

1. The Port will use (a) Pier 70 Condo CFD Proceeds available after depositing \$4.3 million in the Michigan Street Reserve and funding any PKN Capital Costs of the Michigan Street Plaza and Michigan Street ROW in excess of the amounts in the Michigan Street Reserve pursuant to **FP § 2.4(f)(ii)(9)** and (b) an Advance of Parcel K North Proceeds, to pay the Entitlement Sum determined under **Subsection 2.3(a)** (Entitlement Cost Statement) and accrued Developer Return.

j. **FP § 6.3(e)** (Priority of Residential Condo Project Tax Increment) is amended to add a new Subsection (ii) as follows:

(ii) to deposit the 20th/Illinois Plaza Reserve up to \$3.5 million in Residential Condo Project Tax Increment collected from Parcel K North in the manner described in **Subsection 2.4(f)(ii)(8)** herein;

k. **FP § 6.3(e)(ii-ix)** are renumbered as **FP § 6.3(e)(iii-x)**.

l. **FP § 6.6(c)** is added to read as follows:

(c) The Port and the City will size any Tax Increment Bond based on Residential Condo Project Tax Increment to exclude Residential Condo Project Tax Increment to be collected from Parcel K North if such Tax Increment Bond is issued before Parcel K North is assessed.

m. **FP § 7.4(a)(ii)(2-3)** are superseded in their entirety and replaced by the following:

(2) The Port will require the purchasers to build the 20th/Illinois Plaza and the resulting vertical development and disposition agreement will provide that the Port will reimburse the PKN Developer with Residential Condo Project Tax Increment collected from Parcel K North and Tax Increment Bonds secured by Residential Condo Project Tax Increment in the manner set forth in this Financing Plan.

(3) The Port will require the purchasers to build the Michigan Street ROW and Michigan Street Plaza and the resulting vertical development and disposition agreement will provide that the Port will reimburse PKN Developer from the Facilities Special Taxes collected from Parcel K North

and with the Mello-Roos Bond Proceeds secured and payable by Facilities Special Taxes levied on and collected from Parcel K North in the manner set forth in this Financing Plan.

6. **Counterparts.** This First Addendum may be executed in multiple counterparts, each of which will be deemed to be an original and that together will be one instrument. Parties may deliver their counterparts by electronic mail or other electronic means of transmission.

Developer and the Port have executed this First Addendum as of the last date written below.

EXHIBIT B

**CITY AND COUNTY OF SAN FRANCISCO
SPECIAL TAX DISTRICT NO. 2019-1
(PIER 70 CONDOMINIUMS)**

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAXES

Special Taxes applicable to each Taxable Parcel in the City and County of San Francisco Special Tax District No. 2019-1 (Pier 70 Condominiums) shall be levied and collected according to the tax liability determined by the Administrator through the application of the appropriate amount or rate for Taxable Parcels, as described below. All Taxable Parcels in the STD shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to the STD.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

“28-Acre Site” is defined in the Appendix.

“**Administrative Expenses**” means any or all of the following: the fees and expenses of any fiscal agent or trustee (including any fees or expenses of its counsel) employed in connection with any Bonds, and the expenses of the City carrying out duties with respect to the STD and the Bonds, including, but not limited to, levying and collecting the Special Taxes, the fees and expenses of legal counsel, charges levied by the City, including the Controller’s Office, the Treasurer and Tax Collector’s Office, the City Attorney, and the Port, costs related to property owner inquiries regarding the Special Taxes, costs associated with appeals or requests for interpretation associated with the Special Taxes and this RMA, costs associated with annexation of property into the STD, amounts needed to pay rebate to the federal government with respect to the Bonds, costs associated with complying with any continuing disclosure requirements for the City and any other major property owner (whether or not deemed to be an obligated person), costs associated with foreclosure and collection of delinquent Special Taxes, and all other costs and expenses of the City in any way related to the establishment or administration of the STD.

“**Administrator**” means the Director of the Office of Public Finance or his/her designee who shall be responsible for administering the Special Taxes according to this RMA.

“**Affordable Housing Project**” means a residential or primarily residential project, as determined by the Review Authority, within which 100% of the residential units have a deed restriction recorded on title of the property that (i) limits the rental rates on the units or (ii) in any other way is intended to restrict the current or future value of the unit, as determined by the Review Authority.

“**Airspace Parcel**” means a Taxable Parcel with an assigned Assessor’s Parcel number that constitutes vertical space of an underlying land parcel.

“Apartment Building” means a residential or mixed-use building within which all of the residential units are offered for rent to the general public and are not available for sale to or ownership by individual homebuyers.

“Appendix” means the Appendix to Transaction Documents for the Pier 70 28-Acre Site Project.

“Arts Building Special Tax Bonds” means any Bonds secured by the Arts Building Special Taxes that are issued to pay Arts Building Costs.

“Arts Building Costs” are \$20 million in costs associated with the Arts Building, the Noonan Replacement Space and community facilities allocated under the Financing Plan, and authorized to be financed by the Arts Building Special Tax and Arts Building Special Tax Bonds by the Financing Plan and by the formation proceedings for the STD and the Leased Properties STD No. 2019-2.

“Arts Building Special Tax” means a special tax levied in Tax Zone 2 in any Fiscal Year to pay the Arts Building Special Tax Requirement.

“Arts Building Special Tax Requirement” means the amount necessary in any Fiscal Year to pay: (i) pay principal and interest on Arts Building Special Tax Bonds that are due in the calendar year that begins in such Fiscal Year; (ii) pay periodic costs on Arts Building Special Tax Bonds, including but not limited to, credit enhancement, liquidity support and rebate payments; (iii) replenish reserve funds created for Arts Building Special Tax Bonds under the applicable Indenture to the extent such replenishment has not been included in the computation of the Arts Building Special Tax Requirement in a previous Fiscal Year; (iv) cure any delinquencies in the payment of principal or interest on Arts Building Special Tax Bonds which have occurred in the prior Fiscal Year; (v) pay Administrative Expenses; (vi) pay other obligations described in the Financing Plan; and (vii) pay directly for Arts Building Costs. The amounts referred to in clauses (i) and (vi) may be reduced in any Fiscal Year by: (a) interest earnings on or surplus balances in funds and accounts for the Arts Building Special Tax Bonds to the extent that such earnings or balances are available to apply against such costs pursuant to the applicable Indenture; (b) in the sole and absolute discretion of the Port, proceeds received by the STD from the collection of penalties associated with delinquent Arts Building Special Taxes; and (c) any other revenues available to pay such costs, as determined by the Administrator, the City, and the Port.

“Assessor’s Parcel” or “Parcel” means a lot or parcel, including an Airspace Parcel, shown on an Assessor’s Parcel Map with an assigned Assessor’s Parcel number.

“Assessor’s Parcel Map” means an official map of the County Assessor designating Parcels by Assessor’s Parcel number.

“Authorized Expenditures” means, separately with respect to the Facilities Special Tax, Arts Building Special Tax, and Services Special Tax, those costs, facilities or public services authorized to be funded by the applicable Special Taxes as set forth in the Financing Plan and the documents adopted by the Board at STD Formation, as may be amended from time to time.

“Base Arts Building Special Tax” means, for any Square Footage Category in Tax Zone 2, the per-square foot Arts Building Special Tax identified in Table 2 in Section C below.

“Base Facilities Special Tax” means, for any Square Footage Category, the per-square foot Facilities Special Tax for Square Footage within such Square Footage Category, as identified in Table 1 in Section C below.

“Base Services Special Tax” means, for any Square Footage Category, the per-square foot Services Special Tax for Square Footage within such Square Footage Category, as identified in Table 3 in Section C below.

“Base Special Tax” means:

For Tax Zone 1: collectively, the Base Facilities Special Tax and the Base Services Special Tax, and

For Tax Zone 2: collectively, the Base Facilities Special Tax, the Base Arts Building Special Tax, and the Base Services Special Tax.

“Board” means the Board of Supervisors of the City, acting as the legislative body of STD No. 2019-1.

“Bond Sale” means, for the Facilities Special Tax, issuance of any Facilities Special Tax Bonds and, for the Arts Building Special Tax, issuance of any Arts Building Special Tax Bonds.

“Bonds” means bonds or other debt (as defined in the CFD Law), whether in one or more series, that are issued or assumed by or for the STD to finance Authorized Expenditures including any Arts Building Special Tax Bonds and Facilities Special Tax Bonds.

“Building Permit” means a permit that is issued by the Port or the City that allows for vertical construction of a building or buildings, including any addendum to a site permit, but excluding a separate permit issued for construction of building foundations.

“Capitalized Interest” means funds in any capitalized interest account available to pay debt service on Bonds.

“Certificate of Occupancy” means the first certificate, including any temporary certificate of occupancy, issued by the Port or the City to confirm that a building or a portion of a building has met all of the building codes and can be occupied for residential or non-residential use. For purposes of this RMA, “Certificate of Occupancy” shall not include any certificate of occupancy that was issued prior to January 1, 2018 for a building within the STD; however, any subsequent certificates of occupancy that are issued for new construction or expansion of a building shall be deemed a Certificate of Occupancy and the Special Taxes shall apply to the associated Square Footage.

“CFD Law” means the San Francisco Special Tax Financing Law (Admin. Code ch. 43, art. X), which incorporates the Mello-Roos Community Facilities Act of 1982 (Cal. Gov’t Code §§ 53311-53368).

“City” means the City and County of San Francisco, California.

“County” means the City and County of San Francisco, California.

“DDA” means the Disposition and Development Agreement between the Port and the Developer, including all exhibits and attachments, as may be amended from time to time.

“Deputy Director” means the Deputy Director of Finance and Administration for the Port or other such official that acts as the chief financial officer for the Port.

“Developed Property” means, in any Fiscal Year, the following:

For Tax Zone 1:

For levy of the Facilities Special Tax: all Taxable Parcels for which the 36-month anniversary of the VDDA Execution Date has occurred in a preceding Fiscal Year, regardless of whether a Building Permit has been issued.

For levy of the Services Special Tax: all Taxable Parcels for which a Certificate of Occupancy was issued on or prior to June 30 of the preceding Fiscal Year, but not prior to January 1, 2018.

For Tax Zone 2:

For levy of the Facilities Special Tax and Arts Building Special Tax: all Taxable Parcels for which the 36-month anniversary of the VDDA Execution Date has occurred in a preceding Fiscal Year, regardless of whether a Building Permit has been issued.

For levy of the Services Special Tax: all Taxable Parcels for which a Certificate of Occupancy was issued on or prior to June 30 of the preceding Fiscal Year, but not prior to January 1, 2018.

“Developer” means FC Pier 70, LLC, or any successor or assign, as tenant under the Master Lease.

“Developer Private Agreement” means all of the following: (i) the Developer has agreed pursuant to Section 4.12(b)(2)(A) of the Financing Plan to pay the Facilities Special Tax on Undeveloped Property of Vertical Developers; (ii) the Developer has entered into such a written agreement with each Vertical Developer; and (iii) the San Francisco Port Commission has agreed to the levy of a Facilities Special Tax on Undeveloped Property based on such agreements.

“Developer Public Agreement” means all of the following: (i) the Developer has entered into an agreement with the Port pursuant to Section 4.12(b)(2)(B) of the Financing Plan to pay the Facilities Special Tax on Port-Owned Development Parcels; and (ii) the San Francisco Port Commission has agreed to the levy of Facilities Special Taxes on the Port-Owned Development Parcels.

“Development Approval Documents” means, collectively, the DDA, any Vertical DDAs, any Final Maps, Review Authority approvals, condominium plans, or other such approved or recorded document or plan that identifies the type of structure(s), acreage, or Square Footage approved for development on Taxable Parcels.

“Escalator” means the lesser of the following: (i) the annual percentage increase, if any, in the Consumer Price Index (CPI) for All Urban Consumers in the San Francisco-Oakland-Hayward region (base years 1982-1984=100) published by the Bureau of Labor Statistics of the United States Department of Labor, or, if such index is no longer published, a similar escalator that is determined by the Port and City to be appropriate, and (ii) five percent (5%).

“Estimated Base Arts Building Special Tax Revenues” means, at any point in time, the amount calculated by the Administrator by multiplying the Base Arts Building Special Tax by Square Footage within each Square Footage Category proposed for development in Tax Zone 2 and, if applicable, in completed buildings on a Taxable Parcel in Tax Zone 2.

“Estimated Base Facilities Special Tax Revenues” means, at any point in time, the amount calculated by the Administrator by multiplying the Base Facilities Special Tax by Square Footage within each Square Footage Category proposed for development and, if applicable, in completed buildings on a Taxable Parcel.

“Exempt Non-Residential Square Footage” means any ground level retail uses within a building that is otherwise comprised of Residential Square Footage, as reflected on the Building Permit or Vertical DDA and as determined in the sole discretion of the Administrator and the Port. If, in any Fiscal Year, the Administrator identifies Non-Residential Square Footage on a ground level Parcel that had been taxed in the prior Fiscal Year based on Residential Square Footage that had been constructed, or expected to be constructed, on the Parcel, the Administrator will apply Section D.3 to determine if the Non-Residential Square Footage will be Exempt Non-Residential Square Footage or Taxable Non-Residential Square Footage.

“Expected Land Uses” means the total Square Footage in each Square Footage Category expected on each Planning Parcel in the STD. The Expected Land Uses at STD Formation are identified in Attachment 3 and may be revised pursuant to Sections B, C, D, and E below.

“Expected Maximum Arts Building Special Tax Revenues” means the aggregate Arts Building Special Tax that can be levied based on application of the Base Arts Building Special Tax to the Expected Land Uses in Tax Zone 2. The Expected Maximum Arts Building Special Tax Revenues for each Planning Parcel in Tax Zone 2 at the time of STD Formation are shown in Attachment 3 and may be revised pursuant to Sections B, C, D, and E below.

“Expected Maximum Facilities Special Tax Revenues” means the aggregate Facilities Special Tax that can be levied based on application of the Base Facilities Special Tax to the Expected Land Uses. The Expected Maximum Facilities Special Tax Revenues for each Planning Parcel at STD Formation are shown in Attachment 3 and may be revised pursuant to Sections B, C, D, and E below.

“Expected Taxable Property” means, in any Fiscal Year, any Parcel within the STD that: (i) pursuant to the Development Approval Documents, was expected to be a Taxable Parcel; (ii) is

not a Port-Owned Development Parcel; (iii) based on the Expected Land Uses, was assigned Expected Maximum Facilities Special Tax Revenues or Expected Maximum Arts Building Special Tax Revenues; and (iv) subsequently falls within one or more of the categories that would otherwise be exempt from Special Taxes pursuant to Section H below.

“Facilities Special Tax” means a special tax levied in any Fiscal Year to pay the Facilities Special Tax Requirement.

“Facilities Special Tax Bonds” means any Bonds secured by Facilities Special Taxes.

“Facilities Special Tax Requirement” means the amount necessary in any Fiscal Year to pay: (i) pay principal and interest on Facilities Special Tax Bonds that are due in the calendar year that begins in such Fiscal Year; (ii) pay periodic costs on Facilities Special Tax Bonds, including but not limited to, credit enhancement, liquidity support and rebate payments; (iii) replenish reserve funds created for Facilities Special Tax Bonds under the applicable Indenture to the extent such replenishment has not been included in the computation of the Facilities Special Tax Requirement in a previous Fiscal Year; (iv) cure any delinquencies in the payment of principal or interest on Facilities Special Tax Bonds which have occurred in the prior Fiscal Year; (v) pay Administrative Expenses; (vi) pay other obligations described in the Financing Plan; and (vii) pay directly for Authorized Expenditures, so long as such levy under this clause (vii) does not increase the Facilities Special Tax levied on Undeveloped Property. The amounts referred to in clauses (i) and (vi) may be reduced in any Fiscal Year by: (a) interest earnings on or surplus balances in funds and accounts for the Facilities Special Tax Bonds to the extent that such earnings or balances are available to apply against such costs pursuant to the applicable Indenture; (b) in the sole and absolute discretion of the Port, proceeds received by the STD from the collection of penalties associated with delinquent Facilities Special Taxes; and (c) any other revenues available to pay such costs, as determined by the Administrator, the City, and the Port.

“Final Map” means a final map, or portion thereof, recorded by the County pursuant to the Subdivision Map Act (California Government Code Section 66410 *et seq.*) that creates individual lots on which Building Permits for new construction may be issued without further subdivision.

“Financing Plan” means the Financing Plan attached as Exhibit C1 to, and incorporated into, the DDA, as such plan may be amended or supplemented from time to time in accordance with the terms of the DDA.

“First Bond Sale” means, for the Facilities Special Tax, a Bond Sale of the first series of Facilities Special Tax Bonds, and, for the Arts Building Special Tax, a Bond Sale of the first series of Arts Building Special Tax Bonds.

“Fiscal Year” means the period starting July 1 and ending on the following June 30.

“For-Sale Residential Square Footage” means the Square Footage within one or more For-Sale Residential Units.

“For-Sale Residential Unit” means an individual Residential Unit that is not a Rental Unit.

“Future Annexation Area” means that geographic area that, at STD Formation, was considered potential annexation area for the STD and which was, therefore, identified as “future annexation area” on the recorded STD boundary map. Such designation does not mean that any or all of the Future Annexation Area will annex into the STD, but should owners of property designated as Future Annexation Area choose to annex, the annexation may be processed pursuant to the annexation procedures in the CFD Law for territory included in a future annexation area, as well as the procedures established by the Board.

“Indenture” means any indenture, fiscal agent agreement, resolution, or other instrument pursuant to which Bonds are issued, as modified, amended, or supplemented from time to time, and any instrument replacing or supplementing the same.

“Land Use Change” means a change to the Expected Land Uses after STD Formation.

“Leased Properties STD No. 2019-2” means the City and County of San Francisco Special Tax District No. 2019-2 (Pier 70 Leased Properties).

“Master Lease” means a lease for all or part of the 28-Acre Site that, with licenses for other portions of Pier 70, allows the Developer to take possession of the FC Project Area (as defined in the Appendix) and construct horizontal improvements approved under the DDA.

“Maximum Arts Building Special Tax” means the greatest amount of Arts Building Special Tax that can be levied on a Taxable Parcel in Tax Zone 2 in any Fiscal Year determined in accordance with Sections C, D, and E below.

“Maximum Arts Building Special Tax Revenues” means, at any point in time, the aggregate Maximum Arts Building Special Tax that can be levied on all Taxable Parcels in Tax Zone 2.

“Maximum Facilities Special Tax” means the greatest amount of Facilities Special Tax that can be levied on a Taxable Parcel in any Fiscal Year determined in accordance with Sections C, D, and E below.

“Maximum Facilities Special Tax Revenues” means, at any point in time, the aggregate Maximum Facilities Special Tax that can be levied on all Taxable Parcels.

“Maximum Services Special Tax” means the greatest amount of Services Special Tax that can be levied on a Taxable Parcel in any Fiscal Year determined in accordance with Sections C, D, and E below.

“Maximum Services Special Tax Revenues” means, at any point in time, the aggregate Maximum Services Special Tax that can be levied on all Taxable Parcels.

“Maximum Special Tax” means, for any Taxable Parcel in Tax Zone 1 in any Fiscal Year, the sum of the Maximum Facilities Special Tax and Maximum Services Special Tax. For any Taxable Parcel in Tax Zone 2, “Maximum Special Tax” means in any Fiscal Year, the sum of the Maximum Facilities Special Tax, Maximum Arts Building Special Tax, and Maximum Services Special Tax.

“Maximum Special Tax Revenues” means, collectively, the Maximum Facilities Special Tax Revenues, the Maximum Arts Building Special Tax Revenues, and the Maximum Services Special Tax Revenues.

“Non-Residential Square Footage” means Square Footage that is or is expected to be space within any structure or portion thereof intended or primarily suitable for, or accessory to, occupancy by retail, office, commercial, or any other Square Footage in a building that does not meet the definition of Residential Square Footage. The Administrator, in conjunction with the Review Authority, shall make the final determination as to the amount of Non-Residential Square Footage on any Taxable Parcel within the STD, and such determination shall be conclusive and binding. Incidental retail or commercial uses in an Affordable Housing Project shall be Exempt Non-Residential Square Footage. Non-Residential Square Foot means a single square-foot unit of Non-Residential Square Footage.

“Planning Code” means the Planning Code of the City and County of San Francisco, as it may be amended from time to time.

“Planning Parcel” means a geographic area within the STD that, for planning and entitlement purposes, has been designated as a separate Parcel with an alpha, numeric, or alpha-numeric identifier to be used for reference until an Assessor’s Parcel is created and an Assessor’s Parcel number is assigned. The Planning Parcels at STD Formation are identified in Attachment 1 hereto.

“Port” means the Port of San Francisco.

“Port-Owned Development Parcel” means any Parcel of Undeveloped Property in the STD that is anticipated to be developed by a Vertical Developer but which is, at the time of calculation of a Special Tax levy, owned by the Port.

“Proportionately” means, for Developed Property, that the ratio of the actual Services Special Tax levied in any Fiscal Year to the Maximum Services Special Tax authorized to be levied in that Fiscal Year is equal for all Parcels of Developed Property in the same zone. For Undeveloped Property, “Proportionately” means that the ratio of the actual Facilities Special Tax levied to the Maximum Facilities Special Tax is equal for all Parcels of Undeveloped Property in the same zone. For Expected Taxable Property, “Proportionately” means that the ratio of the actual Facilities Special Tax and Arts Building Special Tax levied to the Maximum Facilities Special Tax and Maximum Arts Building Special Tax is equal for all Parcels of Expected Taxable Property in the same zone.

“Public Property” means any property within the boundaries of the STD that is owned by or leased to the federal government, State of California, City, or public agency other than the Port. Notwithstanding the foregoing, any property subject to a Vertical DDA shall not, during the lease term, be considered Public Property and shall be taxed and classified according to the use on the Parcel(s).

“Remainder Special Taxes” means, as calculated between September 1st and December 31st of any Fiscal Year, any Facilities Special Tax and Arts Building Special Tax revenues that were collected in the prior Fiscal Year and were not needed to: (i) pay debt service on the applicable

Facilities Special Tax Bonds or Arts Building Special Tax Bonds that was due in the calendar year that begins in the Fiscal Year in which the Remainder Special Taxes were levied; (ii) pay periodic costs on the applicable Facilities Special Tax Bonds or Arts Building Special Tax Bonds, including but not limited to, credit enhancement, liquidity support and rebate payments on such Facilities Special Tax Bonds or Arts Building Special Tax Bonds; (iii) replenish reserve funds created for the applicable Facilities Special Tax Bonds or Arts Building Special Tax Bonds under the Indenture; (iv) cure any delinquencies in the payment of principal or interest on the applicable Facilities Special Tax Bonds or Arts Building Special Tax Bonds which have occurred in the prior Fiscal Year; (v) pay other obligations described in the Financing Plan; or (vi) pay Administrative Expenses that have been incurred, or are expected to be incurred, by the City and Port prior to the receipt of additional Facilities Special Tax and Arts Building Special Tax proceeds.

“Rental Residential Square Footage” means Square Footage that is or is expected to be used for one or more of the following uses: (i) Rental Units; (ii) any type of group or student housing that provides lodging for a week or more and may or may not have individual cooking facilities, including but not limited to boarding houses, dormitories, housing operated by medical institutions, and single room occupancy units; or (iii) a residential care facility that is not staffed by licensed medical professionals. The Review Authority shall make the determination as to the amount of Rental Residential Square Footage on a Taxable Parcel in the STD.

“Rental Unit” means a Residential Unit within an Apartment Building.

“Required Coverage” means (i) for Arts Building Special Tax Bonds, the amount by which the Maximum Arts Building Special Tax Revenues must exceed the Arts Building Special Tax Bond debt service and priority Administrative Expenses (if any), as set forth in the applicable Indenture, Certificate of Special Tax Consultant, or other STD Formation Proceedings or Bond document that identifies the minimum required debt service coverage; and (ii) for Facilities Special Tax Bonds, the amount by which the Maximum Facilities Special Tax Revenues must exceed the Facilities Special Tax Bond debt service and priority Administrative Expenses (if any), as set forth in the applicable Indenture, Certificate of Special Tax Consultant, or other STD Formation Proceedings or Bond document that identifies the minimum required debt service coverage.

“Residential Square Footage” means, collectively, For-Sale Residential Square Footage and Rental Residential Square Footage. Residential Square Foot means a single square-foot unit of Residential Square Footage.

“Residential Unit” means a room or suite of two or more rooms that is designed for residential occupancy for 32 consecutive days or more, including provisions for sleeping, eating and sanitation. “Residential Unit” includes, but is not limited to, an individual townhome, condominium, flat, apartment, or loft unit, and individual units within a senior or assisted living facility.

“Review Authority” means the Deputy Director of Real Estate & Development for the Port or an alternate designee from the Port or the City who is responsible for approvals and entitlements of a development project.

“RMA” means this Rate and Method of Apportionment of Special Taxes.

“Services Special Tax” means a special tax levied in any Fiscal Year to pay the Services Special Tax Requirement.

“Services Special Tax Requirement” means the amount necessary in any Fiscal Year to: (i) pay the costs of operations and maintenance or other public services that are included as Authorized Expenditures; (ii) cure delinquencies in the payment of Services Special Taxes in the prior Fiscal Year; and (iii) pay Administrative Expenses.

“Special Taxes” means:

For Tax Zone 1: the Facilities Special Tax and Services Special Tax.

For Tax Zone 2: the Facilities Special Tax, Arts Building Special Tax, and Services Special Tax.

“Square Footage” means: (i) for Rental Residential Square Footage and Non-Residential Square Footage, the net saleable square footage on a Taxable Parcel, as determined by the Review Authority in conjunction with the Vertical Developer; and (ii) for For-Sale Residential Square Footage, the square footage of each individual Residential Unit, as reflected on a condominium plan, site plan, or Building Permit, provided by the Vertical Developer or the Port, or expected pursuant to Development Approval Documents. If a Building Permit is issued that will increase the Square Footage on any Parcel, the Administrator shall, in the first Fiscal Year after the final Building Permit inspection has been conducted in association with such expansion, work with the Review Authority to recalculate (i) the Square Footage on the Taxable Parcel, and (ii) the Maximum Special Taxes for the Parcel based on the increased Square Footage. The final determination of Square Footage for each Square Footage Category on each Taxable Parcel shall be made by the Review Authority.

“Square Footage Category” means, individually, Non-Residential Square Footage or Residential Square Footage.

“STD” or “STD No. 2019-1” means the City and County of San Francisco Special Tax District No. 2019-1 (Pier 70 Condominiums).

“STD Formation” means the date on which the Board approved documents to form the STD.

“STD Formation Proceedings” means the proceedings to form the STD, including all resolutions, reports, and notices.

“Tax-Exempt Port Parcels” means Port-owned parcels that are or are intended to be used as streets, walkways, alleys, rights of way, parks, or open space.

“Tax Zone” means a separate and distinct geographic area in the STD within which one or more Special Taxes are applied at a rate or in a manner that is different than in other areas within the STD. The two Tax Zones at STD Formation are identified in Attachment 2 hereto.

“Taxable Non-Residential Square Footage” means any Non-Residential Square Footage in a building that does not meet the definition of Exempt Non-Residential Square Footage.

“Taxable Parcel” means any Parcel within the STD that is not exempt from Special Taxes pursuant to law or Section H below.

“Transition Event” shall be deemed to have occurred when the Administrator determines that: (i) all Arts Building Special Tax Bonds secured by the levy and collection of Arts Building Special Taxes in Tax Zone 2 have been fully repaid or there are sufficient revenues available to fully repay the Arts Building Special Tax Bonds in funds and accounts that, pursuant to the applicable Indenture, will require such revenues to be applied to repay the Arts Building Special Tax Bonds; (ii) all Administrative Expenses from prior Fiscal Years have been paid or reimbursed to the City; and (iii) the proportional share of Arts Building Costs allocated to Tax Zone 2 have been paid, as determined by the Port.

“Transition Year” means the first Fiscal Year in which the Administrator determines that the Transition Event occurred in the prior Fiscal Year.

“Undeveloped Property” means, in any Fiscal Year, all Taxable Parcels that are not Developed Property, or Expected Taxable Property.

“VDDA Execution Date” means the date on which a Vertical DDA was executed between the Port and a Vertical Developer.

“Vertical DDA” means, for a Taxable Parcel, an executed Vertical Disposition and Development Agreement between the Port and a Vertical Developer.

“Vertical Developer” means a developer that has entered into a Vertical DDA for construction of vertical improvements on a Taxable Parcel.

B. DATA FOR STD ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Taxable Parcels. The Administrator shall also determine: (i) whether each Taxable Parcel is Developed Property, Undeveloped Property (including Port-Owned Development Parcels), or Expected Taxable Property; (ii) the Planning Parcel and Tax Zone within which each Assessor’s Parcel is located; (iii) for Developed Property, the For-Sale Residential Square Footage, Rental Residential Square Footage, Exempt Non-Residential Square Footage, and Taxable Non-Residential Square Footage on each Parcel; and (iv) the Facilities Special Tax Requirement, Arts Building Special Tax Requirement, and Services Special Tax Requirement for the Fiscal Year.

The Administrator shall also: (i) coordinate with the Deputy Director to determine whether the Transition Event occurred in the prior Fiscal Year; (ii) coordinate with the Treasurer-Tax Collector’s Office to determine if there have been any Special Tax delinquencies or repayment of Special Tax delinquencies in prior Fiscal Years; (iii) in consultation with the Review Authority, review the Development Approval Documents and communicate with the Developer and

Vertical Developers regarding proposed Land Use Changes; and (iv) upon each annexation, Land Use Change, and notification of executed Vertical DDAs, update Attachment 3 to reflect the then-current Expected Land Uses, Expected Maximum Facilities Special Tax Revenues and Expected Maximum Arts Building Special Tax Revenues. The Developer, Port, and Vertical Developer shall notify the Administrator each time a Vertical DDA is executed in order for the Administrator to keep track of VDDA Execution Dates for each Vertical DDA.

In any Fiscal Year, if it is determined that (i) a parcel map or condominium plan was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created Parcels into the then current tax roll), (ii) because of the date the map or plan was recorded, the Assessor does not yet recognize the newly-created Parcels, and (iii) one or more of the newly-created Parcels meets the definition of Developed Property, the Administrator shall calculate the Special Taxes for the property affected by recordation of the map or plan by determining the Special Taxes that applies separately to each newly-created Parcel, then applying the sum of the individual Special Taxes to the Parcel that was subdivided by recordation of the parcel map or condominium plan.

C. MAXIMUM SPECIAL TAXES

In calculating Maximum Special Taxes pursuant to this Section C, in any Fiscal Year in which the boundaries of the Planning Parcels are not identical to the boundaries of the then-current Assessor's Parcels, the Administrator shall review the Expected Land Uses for each Planning Parcel and assign the Maximum Special Taxes to the then-current Assessor's Parcels. The Maximum Special Tax Revenues after such allocation shall not be less than the Maximum Special Tax Revenues prior to the allocation.

1. Undeveloped Property

1a. Facilities Special Tax

The Maximum Facilities Special Tax for Undeveloped Property in all Tax Zones shall be the Expected Maximum Facilities Special Tax Revenues shown in Attachment 3 of this RMA, as it may be amended as set forth herein.

1b. Arts Building Special Tax and Services Special Tax

No Arts Building Special Tax or Services Special Tax shall be levied on Parcels of Undeveloped Property in any Tax Zone within the STD.

2. Developed Property

2a. Facilities Special Tax

When a Taxable Parcel (or multiple Taxable Parcels within a building) becomes Developed Property, the Administrator shall use the Base Facilities Special Taxes shown in Table 1 below and apply the steps set forth in this Section 2a to determine the Maximum Facilities Special Tax for the Parcel(s):

Step 1. The Administrator shall review the Building Permit, Certificate of Occupancy, Vertical DDA, condominium plan, architectural drawings, Development Approval Documents, information provided by the Developer, or Vertical Developer, and any other documents or data that estimate or identify the Residential Square Footage or Non-Residential Square Footage anticipated on the Taxable Parcel(s).

Step 2. Using the information from Step 1:

- Based on the Tax Zone in which the Taxable Parcel(s) is located, multiply the applicable Base Facilities Special Tax from Table 1 for Residential Square Footage by the total Residential Square Footage expected within each building on the Taxable Parcel(s).
- Based on the Tax Zone in which the Taxable Parcel(s) is located, multiply the applicable Base Facilities Special Tax from Table 1 for Taxable Non-Residential Square Footage by the total Taxable Non-Residential Square Footage expected within each building on the Taxable Parcel(s).
- If, based on the Expected Land Uses, the Administrator determines that there is Expected Taxable Property within any building, multiply the applicable Base Facilities Special Tax from Table 1 based on what had been anticipated on the Expected Taxable Property by the Square Footage of the Expected Land Uses for that Expected Taxable Property.

Prior to the First Bond Sale, the Maximum Facilities Special Tax for the Taxable Parcel(s) shall be the sum of the amounts calculated above, and Steps 3 and 4 below shall not apply.

After the First Bond Sale, the Administrator shall apply Steps 3 and 4 to determine the Maximum Facilities Special Tax for the Taxable Parcel(s).

Step 3. Sum the amounts calculated in Step 2 to determine the Estimated Base Facilities Special Tax Revenues for the Taxable Parcel(s).

Step 4. Compare the Estimated Base Facilities Special Tax Revenues from Step 3 to the Expected Maximum Facilities Special Tax Revenues, and apply one of the following, as applicable:

- *If the Estimated Base Facilities Special Tax Revenues are: (i) greater than or equal to the Expected Maximum Facilities Special Tax Revenues or (ii) less than the Expected Maximum Facilities Special Tax Revenues, but the Maximum Facilities Special Tax Revenues, assuming the same land uses that went into the calculation of the Estimated Base Facilities Special Tax Revenues, are still sufficient to provide Required Coverage, then the Maximum Facilities Special Tax for the Taxable Parcel(s) shall*

be determined by multiplying the applicable Base Facilities Special Taxes by the Square Footage of each Square Footage Category expected within the building(s) on the Taxable Parcel(s). The Administrator shall update Attachment 3 to reflect the adjusted Expected Maximum Facilities Special Tax Revenues and the new Maximum Facilities Special Tax Revenues.

- *If the Estimated Base Facilities Special Tax Revenues are less than the Expected Maximum Facilities Special Tax Revenues, and the Maximum Facilities Special Tax Revenues, assuming the same land uses that went into the calculation of the Estimated Base Facilities Special Tax Revenues, are insufficient to provide Required Coverage, then the Base Facilities Special Taxes that were applied in Step 4 shall be increased proportionately until the amount that can be levied on the Taxable Parcel(s), combined with the Expected Maximum Facilities Special Tax Revenues from other Planning Parcels in the STD, is sufficient to maintain Required Coverage; provided, however, such increase cannot exceed, in the aggregate, the amount by which Expected Maximum Facilities Special Tax Revenues from the Taxable Parcel exceeds the Estimated Base Facilities Special Tax Revenues from the Taxable Parcel(s).*

After proportionately increasing the Base Facilities Special Taxes to an amount that will maintain Required Coverage, the Administrator shall use the adjusted per-square foot rates to calculate the Maximum Facilities Special Tax for each Taxable Parcel for which the increased Base Facilities Special Tax was determined to be necessary pursuant to this Step 4. The Administrator shall also revise Attachment 3 to reflect the new Expected Maximum Facilities Special Tax Revenues.

Table 1 Base Facilities Special Tax		
Square Footage Category	Base Facilities Special Tax in Tax Zone 1 (FY 2017-18) *	Base Facilities Special Tax in Tax Zone 2 (FY 2017-18) *
Residential Square Footage	\$5.02 per Residential Square Foot	\$4.70 per Residential Square Foot
Taxable Non-Residential Square Footage	\$5.02 per Non-Residential Square Foot	\$4.70 per Non-Residential Square Foot

* The Base Facilities Special Taxes shown above shall be escalated as set forth in Section D.1.

Unless and until individual Assessor's Parcels are created for Non-Residential Square Footage and Residential Square Footage within a building, the Administrator shall sum the Facilities Special Tax that, pursuant to Section F below, would be levied on all land

uses on a Taxable Parcel and levy this aggregate Facilities Special Tax amount on the Taxable Parcel.

If, in any Fiscal Year, the Maximum Facilities Special Tax is determined for any Parcels of Developed Property for which a Building Permit had not yet been issued and, if, when a Building Permit is issued on the Parcel, the Residential Square Footage or Non-Residential Square Footage is different than the Residential Square Footage or Non-Residential Square Footage that was used to determine the Maximum Facilities Special Tax, then the Administrator shall once again apply Steps 1 through 4 in this Section C.2a to recalculate the Maximum Facilities Special Tax for the Parcel based on the Residential Square Footage or Non-Residential Square Footage that was determined when the Building Permit was issued. The Administrator shall do a final check of the Residential Square Footage and Non-Residential Square Footage for the Parcel when a Certificate of Occupancy is issued. Once again, if the Residential Square Footage or Non-Residential Square Footage is different than the Residential Square Footage or Non-Residential Square Footage that was used to determine the Maximum Facilities Special Tax after the Building Permit was issued, then the Administrator shall apply Steps 1 through 4 in this Section C.2a to recalculate the Maximum Facilities Special Tax for the Parcel.

2b. Arts Building Special Tax

Prior to the Transition Year, when a Taxable Parcel (or multiple Taxable Parcels within a building) in Tax Zone 2 becomes Developed Property, the Administrator shall use the Base Arts Building Special Taxes shown in Table 2 below and apply the steps set forth in this Section 2b to determine the Maximum Arts Building Special Tax for the Taxable Parcel(s). No Arts Building Special Tax shall be levied on Parcels in Tax Zone 1.

Table 2 Base Arts Building Special Tax in Tax Zone 2		
Square Footage Category	Base Arts Building Special Tax in Tax Zone 2 Before the Transition Year (FY 2017-18) *	Base Arts Building Special Tax in Tax Zone 2 in and After the Transition Year (FY 2017-18) *
Residential Square Footage	\$0.64 per Residential Square Foot	\$0.00 per Residential Square Foot
Taxable Non-Residential Square Footage	\$0.64 per Non-Residential Square Foot	\$0.00 per Non-Residential Square Foot

* The Base Arts Building Special Taxes shown above shall be escalated as set forth in Section D.1.

Step 1. The Administrator shall review the Building Permit, Certificate of Occupancy, Vertical DDA, condominium plan, architectural drawings, Development Approval Documents, information provided by the Port, Developer or Vertical Developer, and any other documents or data that estimate or identify the Square Footage within each Square Footage Category to determine Residential Square Footage or Non-Residential Square Footage anticipated within each building on the Taxable Parcel(s).

Step 2. Using the information from Step 1:

- For Tax Zone 2 only, multiply the applicable Base Arts Building Special Tax from Table 2 for Residential Square Footage by the total Residential Square Footage expected within each building on the Taxable Parcel(s).
- For Tax Zone 2 only, multiply the applicable Base Arts Building Special Tax from Table 2 for Taxable Non-Residential Square Footage by the total Taxable Non-Residential Square Footage expected on the Taxable Parcel(s).
- If, based on the Expected Land Uses, the Administrator determines that there is Expected Taxable Property within the building(s) in Tax Zone 2, multiply the applicable Base Arts Building Special Tax from Table 2 based on what had been anticipated on the Expected Taxable Property by the Square Footage of the Expected Land Uses within each building.

Prior to the First Bond Sale, the Maximum Arts Building Special Tax for the Taxable Parcel(s) shall be the sum of the amounts calculated above, and Steps 3 and 4 below shall not apply.

After the First Bond Sale, the Administrator shall apply Steps 3 and 4 to determine the Maximum Arts Building Special Tax for the Taxable Parcel(s).

Step 3. Sum the amounts calculated in Step 2 to determine the Estimated Base Arts Building Special Tax Revenues for the Taxable Parcel(s).

Step 4. Compare the Estimated Base Arts Building Special Tax Revenues from Step 3 to the Expected Maximum Arts Building Special Tax Revenues, and apply one of the following, as applicable:

- *If the Estimated Base Arts Building Special Tax Revenues are: (i) greater than or equal to the Expected Maximum Arts Building Special Tax Revenues or (ii) less than the Expected Maximum Arts Building Special Tax Revenues, but the Maximum Arts Building Special Tax Revenues, assuming the same land uses that went into the calculation of the Estimated Base Arts Building Special Tax Revenues, are still sufficient to provide Required Coverage, then the Maximum Arts Building Special Tax for each Taxable Parcel shall be determined by multiplying the applicable Base Arts Building Special Taxes by the Square Footage of each Square Footage Category expected within the building(s) on the Taxable Parcel(s). The Administrator shall update Attachment 3 to reflect the adjusted Expected Maximum Arts Building Special Tax Revenues and the new Maximum Arts Building Special Tax Revenues.*
- *If the Estimated Base Arts Building Special Tax Revenues are less than the Expected Maximum Arts Building Special Tax Revenues, and the*

Maximum Arts Building Special Tax Revenues, assuming the same land uses that went into the calculation of the Estimated Base Arts Building Special Tax Revenues, are insufficient to provide Required Coverage, then the Base Arts Building Special Taxes that were applied in Step 4 shall be increased proportionately until the amount that can be levied on the Taxable Parcel(s), combined with the Expected Maximum Arts Building Special Tax Revenues from other Planning Parcels in the STD, is sufficient to maintain Required Coverage; provided, however, such increase cannot exceed, in the aggregate, the amount by which Expected Maximum Arts Building Special Tax Revenues from the Taxable Parcel exceeds the Estimated Base Arts Building Special Tax Revenues from the Taxable Parcel(s).

After proportionately increasing the Base Arts Building Special Taxes to an amount that will maintain Required Coverage, the Administrator shall use the adjusted per-square foot rates to calculate the Maximum Arts Building Special Tax for each Taxable Parcel for which the increased Base Arts Building Special Tax was determined to be necessary pursuant to this Step 4. The Administrator shall also revise Attachment 3 to reflect the new Expected Maximum Arts Building Special Tax Revenues.

Unless and until individual Assessor's Parcels are created for Non-Residential Square Footage and Residential Square Footage within a building, the Administrator shall sum the Arts Building Special Tax that, pursuant to Section F below, would be levied on all land uses on a Parcel and levy this aggregate Arts Building Special Tax amount on the Parcel.

If, in any Fiscal Year, the Maximum Arts Building Special Tax is determined for any Parcels of Developed Property for which a Building Permit had not yet been issued and, if, when a Building Permit is issued on the Parcel, the Residential Square Footage or Non-Residential Square Footage is different than the Residential Square Footage or Non-Residential Square Footage that was used to determine the Maximum Arts Building Special Tax, then the Administrator shall once again apply Steps 1 through 4 in this Section C.2b to recalculate the Maximum Arts Building Special Tax for the Parcel(s) based on the Residential Square Footage or Non-Residential Square Footage that was determined when the Building Permit was issued. The Administrator shall do a final check of the Residential Square Footage and Non-Residential Square Footage within the building when a Certificate of Occupancy is issued. Once again, if the Residential Square Footage or Non-Residential Square Footage is different than the Residential Square Footage or Non-Residential Square Footage that was used to determine the Maximum Arts Building Special Tax after the Building Permit was issued, then the Administrator shall apply Steps 1 through 4 in this Section C.2b to recalculate the Maximum Arts Building Special Tax for the Parcel.

If one or more Building Permits have been issued for development of structures on a Taxable Parcel, and additional structures are anticipated to be built on the Taxable Parcel as shown in the Development Approval Documents, the Administrator shall, regardless of the definitions set forth herein, categorize the buildings for which Building Permits

have been issued as Developed Property and, if the 36-month anniversary of the VDDA Execution Date has not occurred in a previous Fiscal Year, any remaining buildings for which Building Permits have not yet been issued shall not be subject to a Arts Building Special Tax until either: (i) a Building Permit is issued for such remaining buildings, or (ii) the Fiscal Year in which the 36-month anniversary of the VDDA Execution Date. To determine the Arts Building Special Tax for any such Parcel, the Administrator shall take the sum of the Arts Building Special Taxes determined for each building.

2c. Services Special Tax

Upon issuance of the first Certificate of Occupancy for a building on a Taxable Parcel, the Administrator shall reference Table 3 and apply the steps below to determine the Maximum Services Special Tax for the Parcel:

Table 3 Base Services Special Tax			
Square Footage Category	Base Services Special Tax in Tax Zone 1 (FY 2017-18)*	Base Services Special Tax in Tax Zone 2 Before the Transition Year (FY 2017-18) *	Base Services Special Tax in Tax Zone 2 In and After the Transition Year (FY 2017-18) *
Residential Square Footage	\$1.57 per Residential Square Foot	\$1.25 per Residential Square Foot	\$1.89 per Residential Square Foot
Taxable Non-Residential Square Footage	\$1.57 per Non-Residential Square Foot	\$1.25 per Non-Residential Square Foot	\$1.89 per Non-Residential Square Foot

* The Base Services Special Tax for each Tax Zone shown above shall be escalated as set forth in Section D.2.

Step 1. Review the Certificate of Occupancy, Building Permit, Vertical DDA, condominium plan, Development Approval Documents, architectural drawings, information provided by the Port, Developer or Vertical Developer, and coordinate with the Review Authority to determine the Residential Square Footage and Non-Residential Square Footage anticipated within each building.

Step 2. Using the information from Step 1:

- After consideration of the Tax Zone for the building and the Transition Year, multiply the applicable Base Services Special Tax from Table 3 for Residential Square Footage by the total Residential Square Footage within each building.
- Based on the Tax Zone in which the building is located and the Transition Year, multiply the applicable Base Services Special Tax from Table 3 for Taxable Non-Residential Square Footage by the total Taxable Non-Residential Square Footage expected in the building.

The Maximum Services Special Tax for the Parcel shall be the sum of the amounts calculated pursuant to this Step 2.

If additional structures are anticipated to be built on the Parcel as shown in the Development Approval Documents, the Administrator shall, regardless of the definitions set forth herein, categorize each building for which a Certificate of Occupancy has been issued as Developed Property, and any remaining buildings for which Certificates of Occupancy have not yet been issued shall not be subject to a Services Special Tax until a Certificate of Occupancy is issued for such remaining buildings. To determine the Services Special Tax for any such Parcel, the Administrator shall take the sum of the Services Special Taxes determined for each building.

3. *Expected Taxable Property*

Depending on the Tax Zone in which a Parcel of Expected Taxable Property is located, the Maximum Facilities Special Tax and, if applicable, Maximum Arts Building Special Tax assigned to the Parcel shall be the Expected Maximum Facilities Special Tax Revenues and, if applicable, Expected Maximum Arts Building Special Tax Revenues that were assigned to the Parcel (as determined by the Administrator) based on the Expected Land Uses prior to the Administrator determining that such Parcel had become Expected Taxable Property. In the Transition Year and each Fiscal Year thereafter, no Arts Building Special Tax shall be levied on Expected Taxable Property.

D. CHANGES TO THE MAXIMUM SPECIAL TAXES

1. *Annual Escalation of Facilities Special Tax and Arts Building Special Tax*

Beginning July 1, 2018 and each July 1 thereafter, each of the following amounts shall be increased by 2% of the amount in effect in the prior Fiscal Year: the Base Facilities Special Tax for each Tax Zone in Table 1; the Base Arts Building Special Tax for Tax Zone 2 in Table 2; the Expected Maximum Facilities Special Tax Revenues in Attachment 3, the Expected Maximum Arts Building Special Tax Revenues in Attachment 3, and the Maximum Facilities Special Tax and Maximum Arts Building Special Tax assigned to each Taxable Parcel.

2. *Annual Escalation of Services Special Tax*

Beginning July 1, 2018 and each July 1 thereafter, the Base Services Special Tax for each Tax Zone in Table 3 and the Maximum Services Special Tax assigned to each Taxable Parcel shall be adjusted by the Escalator.

3. *Changes in Square Footage Category on a Parcel of Developed Property*

If any Parcel that had been taxed as Developed Property in a prior Fiscal Year is rezoned or otherwise has a Land Use Change, the Administrator shall, separately for each of the Special Taxes, multiply the applicable Base Special Tax by the total Residential Square Footage and Taxable Non-Residential Square Footage on the Parcel after the Land Use Change; if the First Bond Sale has not yet occurred, the combined amount of the applicable Special Taxes shall be the Maximum Special Tax for the Parcel. If the First Bond Sale has taken place, the Administrator shall apply the remainder of this Section D.3.

If the Maximum Special Tax that would apply to the Parcel after the Land Use Change is greater than the Maximum Special Tax that applied to the Parcel prior to the Land Use Change, the Administrator shall increase the Maximum Special Tax for the Parcel to the amount calculated based on the Land Use Change. If the Maximum Special Tax after the Land Use Change is less than the Maximum Special Tax that applied prior to the Land Use Change, there shall be no change to the Maximum Special Tax for the Parcel. Under no circumstances shall the Maximum Special Tax on any Parcel of Developed Property be reduced, regardless of changes in Square Footage Category or Square Footage on the Parcel, including reductions in Square Footage that may occur due to demolition, fire, water damage, or acts of God.

4. *Changes to Planning Parcels and Expected Land Uses*

If, at any time prior to the First Bond Sale, the Developer or a Vertical Developer makes changes to the boundaries of the Planning Parcels or the Expected Land Uses within one or more Planning Parcels, the Administrator shall update the Expected Land Uses and Expected Maximum Facilities Special Tax Revenues and Expected Maximum Arts Building Special Tax Revenues, which will be reflected on an updated Attachment 3. In addition, the Administrator will request updated Attachments 1 and 2 from the Developer.

If, after the First Bond Sale, the Developer or a Vertical Developer proposes to make changes to the boundaries of the Planning Parcels or the Expected Land Uses within one or more Planning Parcels, the Administrator shall meet with the Port, Developer, and any affected Vertical Developers to review the proposed changes and evaluate the impact on the Expected Maximum Facilities Special Tax Revenues and Expected Maximum Arts Building Special Tax Revenues. If the Administrator determines that such changes will not reduce Required Coverage on Bonds that have been issued, the Port will decide whether to allow the proposed changes and corresponding redistribution of the Maximum Facilities Special Tax Revenues and Maximum Arts Building Special Tax Revenues. If such changes are permitted, the Administrator will update Attachment 3 and request updated Attachments 1 and 2 from the Developer. If the Administrator determines that the proposed changes will reduce Required Coverage on Bonds that have been issued, the Port will not permit the changes.

5. *Reduction in Maximum Facilities Special Taxes Prior to First Bond Sale*

Prior to the First Bond Sale, as set forth in the Financing Plan, the Port, Developer, and any affected Vertical Developer in Tax Zone 1 may agree to a proportional or disproportional reduction in the Base Facilities Special Tax. If the parties agree to such a reduction, the Port will direct the Administrator to use the reduced Base Facilities Special Tax for purposes of levying the taxes pursuant to this RMA, and such reduction shall be codified by recordation of an amended Notice of Special Tax Lien against all Taxable Parcels within the STD. The reduction shall be made without a vote of the qualified STD electors.

E. ANNEXATIONS

If, in any Fiscal Year, a property owner within the Future Annexation Area wants to annex property into the STD, the Administrator shall apply the following steps as part of the annexation proceedings:

- Step 1.* Working with Port staff, the Administrator shall determine the Expected Land Uses for the area to be annexed and the Tax Zone into which the property will be placed.
- Step 2.* The Administrator shall prepare or have prepared updated Attachments 1, 2, and 3 to reflect the annexed property and identify the revised Expected Land Uses, Expected Maximum Facilities Special Tax Revenues and Expected Maximum Arts Building Special Tax Revenues. After the annexation is complete, the application of this RMA shall be based on the adjusted Expected Land Uses and Maximum Facilities Special Tax Revenues and Maximum Arts Building Special Tax Revenues, as applicable, including the newly annexed property.
- Step 3.* The Administrator shall ensure that a Notice of Special Tax Lien is recorded against all Parcels that are annexed to the STD.

F. METHOD OF LEVY OF THE SPECIAL TAXES

1. *Facilities Special Tax*

Each Fiscal Year, the Administrator shall determine the Facilities Special Tax Requirement for the Fiscal Year, and the Facilities Special Tax shall be levied according to the steps outlined below:

a. In Any Fiscal Year in Which There is No Developer Private Agreement or Developer Public Agreement in Place

Step 1. In all Fiscal Years, the Maximum Facilities Special Tax shall be levied on all Parcels of Developed Property regardless of debt service on Bonds (if any), and any Remainder Special Taxes collected shall be applied as set forth in the Indenture and the Financing Plan.

Step 2. After the First Bond Sale, if additional revenue is needed after Step 1 in order to meet the Facilities Special Tax Requirement after Capitalized Interest has been applied to reduce the Facilities Special Tax Requirement, the Facilities Special Tax shall be levied Proportionately on each Parcel of Expected Taxable Property, up to 100% of the Maximum Facilities Special Tax for each Parcel of Expected Taxable Property.

b. In Any Fiscal Year in Which There is Either or Both a Developer Private Agreement and/or a Developer Public Agreement in Place

Step 1. In all Fiscal Years, the Maximum Facilities Special Tax shall be levied on all Parcels of Developed Property regardless of debt service on Bonds (if any), and any Remainder Special Taxes collected shall be applied as set forth in the Indenture and the Financing Plan.

Step 2. After the First Bond Sale, but only if a Developer Private Agreement is in place, if additional revenue is needed after Step 1 in order to meet the Facilities Special Tax Requirement after Capitalized Interest has been applied to reduce the Facilities Special Tax Requirement, the Facilities Special Tax shall be levied Proportionately on each Parcel of Undeveloped Property that is not a Port-Owned Development Parcel, up to 100% of the Maximum Facilities Special Tax for each Parcel of Undeveloped Property that is not a Port-Owned Development Parcel for such Fiscal Year.

Step 3. After the First Bond Sale, but only if a Developer Public Agreement is in place, if additional revenue is needed after Step 2 in order to meet the Facilities Special Tax Requirement after Capitalized Interest has been applied to reduce the Facilities Special Tax Requirement, the Facilities Special Tax shall be levied Proportionately on each Port-Owned Development Parcel, up to 100% of the Maximum Facilities Special Tax for each Port-Owned Development Parcel for such Fiscal Year.

Step 4: After the First Bond Sale, if additional revenue is needed after Step 3 in order to meet the Facilities Special Tax Requirement, the Facilities Special Tax shall be levied Proportionately on each Parcel of Expected Taxable Property, up to 100% of the Maximum Facilities Special Tax for each Parcel of Expected Taxable Property.

2. *Arts Building Special Tax*

Step 1. Each Fiscal Year the Maximum Arts Building Special Tax shall be levied on each Taxable Parcel of Developed Property. Any Remainder Special Taxes collected shall be applied as set forth in the Financing Plan. The Arts Building Special Tax may not be levied on Undeveloped Property.

Step 2. After the First Bond Sale, if additional revenue is needed after Step 1 in order to meet the Arts Building Special Tax Requirement, the Arts Building Special Tax shall be levied Proportionately on each Parcel of Expected Taxable Property, up to 100% of the Maximum Arts Building Special Tax for each Parcel of Expected Taxable Property.

3. *Services Special Tax*

Each Fiscal Year, the Administrator shall coordinate with the City and the Port to determine the Services Special Tax Requirement for the Fiscal Year. The Services Special Tax shall then be levied Proportionately on each Parcel of Developed Property, up to 100% of the Maximum Services Special Tax for each Parcel of Developed Property for such Fiscal Year until the amount levied is equal to the Services Special Tax Requirement. The Services Special Tax may not be levied on Undeveloped Property or Expected Taxable Property.

G. COLLECTION OF SPECIAL TAXES

Special Taxes shall be collected in the same manner and at the same time as ordinary ad valorem property taxes on the regular tax roll, provided, however, that the City may directly bill Special Taxes, may collect Special Taxes at a different time or in a different manner, and may collect delinquent Special Taxes through foreclosure or other available methods as authorized by the CFD Law. The Board of Supervisors has ordered any Special Taxes to be levied on leasehold interests to be levied on the secured roll. The Special Tax bill for any Parcel subject to a leasehold interest will be sent to the same party that receives the possessory interest tax bill associated with the leasehold.

The Facilities Special Tax shall be levied and collected on a Taxable Parcel until the Fiscal Year that is the 120th Fiscal Year in which the Facilities Special Tax has been levied on the Taxable Parcel.

The Arts Building Special Tax shall be levied and collected until the earlier of: (i) the Transition Year, and (ii) the 120th Fiscal Year in which the Arts Building Special Tax has been levied on the Taxable Parcel.

The Services Special Tax shall be levied and collected in perpetuity.

H. EXEMPTIONS

Notwithstanding any other provision of this RMA, no Special Taxes shall be levied on Affordable Housing Projects or Tax-Exempt Port Parcels unless such parcels are Expected Taxable Property.

Notwithstanding any other provision of this RMA, no Facilities Special Taxes or Arts Building Special Taxes shall be levied on Public Property unless all of the following conditions apply: (i) the First Bond Sale has occurred; (ii) based on reference to Attachment 3 (as may be updated as set forth herein), a Parcel was assigned Expected Land Uses; and (iii) if the Parcel were to be exempt from the Facilities Special Tax or Arts Building Special Tax, the Expected Maximum Facilities Special Tax Revenues or Expected Maximum Arts Building Special Tax Revenues would be reduced to a point at which the applicable Required Coverage on Bonds (if any) could not be maintained. If all of the above conditions apply, the Administrator can levy the Facilities Special Tax or Arts Building Special Tax on Public Property as needed to maintain Required Coverage.

Parcels of Public Property shall only be exempt from Facilities Special Taxes or Arts Building Special Taxes if: (a) the First Bond Sale has not occurred and the Port determines that it is in the best interest of the parties to exempt the Parcel(s); or (b) the First Bond Sale has occurred, the Port determines that it is in the best interest of the parties to exempt the Parcel(s), and such exemption will not reduce the Expected Maximum Facilities Special Tax Revenues or Expected Maximum Arts Building Special Tax Revenues to the point at which the applicable Required Coverage cannot be maintained. Unless an exemption is provided pursuant to (a) or (b) above, Parcels of Public Property shall be taxed as Developed Property, Undeveloped Property, or

Expected Taxable Property, as determined by the Port. Services Special Taxes will not be levied on Public Property.

I. INTERPRETATION OF SPECIAL TAX FORMULA

The City may interpret, clarify, and revise this RMA to correct any inconsistency, vagueness, or ambiguity, by resolution or ordinance, as long as such interpretation, clarification, or revision does not materially affect the levy and collection of the Special Taxes and any security for any Bonds.

J. SPECIAL TAX APPEALS

Any taxpayer who wishes to challenge the accuracy of computation of the Special Taxes in any Fiscal Year may file an application with the Administrator. The Administrator, in consultation with the City Attorney, shall promptly review the taxpayer's application. If the Administrator concludes that the computation of the Special Taxes was not correct, the Administrator shall correct the Special Tax levy and, if applicable in any case, a refund shall be granted. If the Administrator concludes that the computation of the Special Taxes was correct, then such determination shall be final and conclusive, and the taxpayer shall have no appeal to the Board from the decision of the Administrator.

The filing of an application or an appeal shall not relieve the taxpayer of the obligation to pay the Special Taxes when due.

Nothing in this Section J shall be interpreted to allow a taxpayer to bring a claim that would otherwise be barred by applicable statutes of limitation set forth in the CFD Law or elsewhere in applicable law.

FINANCING PLAN AND ACQUISITION AGREEMENT

This **FINANCING PLAN AND ACQUISITION AGREEMENT** (this “**Financing Plan**”) implements, is a part of, and is attached as VDDA Exhibit I to and incorporated into the Vertical Disposition and Development Agreement (the “**VDDA**”) between the City and County of San Francisco (including its agencies and departments, the “**City**”), acting by and through the San Francisco Port Commission (the “**Port**” or the “**Port Commission**”), and 64 PKN Owner, LLC, a Delaware limited liability company (“**Vertical Developer**”) (each, a “**Party**”).

Initially capitalized and other terms are defined in **Section 8** (Definitions) in this Financing Plan or in the VDDA. The VDDA contains definitions, rules of interpretation, and standard provisions applicable to all Transaction Documents.

1. PROJECT OVERVIEW.

1.1. Purpose and Term.

(a) Purpose. This Financing Plan governs the Parties’ respective rights and obligations with respect to the financing of PKN Horizontal Improvements to support development of Parcel K North and incorporates all requirements and limitations under the Project Requirements and attached implementing documents.

(b) Effective Date. This Financing Plan, as part of the VDDA, becomes effective on the Closing Date of the VDDA. Because certain financial obligations and rights will continue after Port has transferred its fee interest in Parcel K North under the VDDA, and potentially after the VDDA terminates, the Parties have agreed that, provided that Vertical Developer has satisfied all conditions for reimbursement of the PKN Horizontal Improvements, this Financing Plan will have an independent termination date and continue in effect until Vertical Developer has been reimbursed for all PKN Capital Costs of the PKN Horizontal Improvements, subject to **Section 2.1** (Commercially Reasonable Costs).

(c) Termination. This Financing Plan will terminate upon the earlier of:

(i) Port’s payment to Vertical Developer for the PKN Capital Costs of the PKN Horizontal Improvements and delivery of the Financing Plan Termination Notice under **Section 3.4(f)**; or

(ii) Termination of the VDDA under **VDDA Section 10** (Acquisition Defaults, Remedies, and Liquidated Damages).

1.2. Project Description.

(a) PKN Horizontal Improvements. The VDDA and this Financing Plan establishes the Parties’ respective rights and obligations, including Project Requirements, that will apply to Vertical Developer’s construction of the PKN Horizontal Improvements, which include construction of Michigan Street and the 20th Street Plaza.

(i) Vertical Developer has the obligation to complete construction of the PKN Horizontal Improvements in accordance with **VDDA Section 16.7**.

(ii) Vertical Developer will have the obligation to prepare PKN Improvement Plans under **VDDA Section 15.1** (Preparation of PKN Improvement Plans), which will be reviewed and approved by applicable City Agencies and the Port through submittal of Subdivision Maps, a Public Improvement Agreement and improvement plans in accordance with the Project Requirements.

(iii) Upon satisfaction or waiver of conditions precedent set forth in **VDDA Section 13.11** (Conditions to Commencement of Construction of the PKN Project), the

EXHIBIT G

Port and Vertical Developer will enter into the License attached as **VDDA Exhibit C** for the PKN Improvement Area.

(iv) Vertical Developer will construct PKN Horizontal Improvements under **VDDA Section 15** (Construction of PKN Horizontal Improvements) and **Section 2** (Commercially Reasonable Costs and Contracting) below.

(v) Upon Acceptance by the City or the Port, as applicable, of PKN Horizontal Improvements under **VDDA Section 16.9** (Acceptance of PKN Horizontal Improvements), the License will terminate as to the premises underlying the PKN Horizontal Improvement, as provided for in the License and VDDA.

(b) Controlling Laws. Nothing in this Financing Plan affects the Parties' respective obligations to comply with the Project Requirements, as applicable to PKN Horizontal Improvements.

2. **COMMERCIALLY REASONABLE COSTS AND CONTRACTING.**

2.1. *Commercially Reasonable Costs.*

(a) Deemed Reasonableness. For work described in Vertical Developer's construction contracts and subcontracts with respect to any PKN Horizontal Improvements, not including change orders, any PKN Capital Cost that Vertical Developer incurs will be deemed commercially reasonable and to represent the fair market value price of a PKN Horizontal Improvement if: (i) the contract is secured through a competitive bid process with three or more qualified firms and awarded to the lowest responsible bidder; or (ii) the contract meets the requirements in **Section 2.1(c)** (Sole Source Contracts) with a value of \$250,000 or less.

(b) Lowest Responsible Bidder. Vertical Developer or its General Contractor will award the construction contracts and subcontracts for the PKN Horizontal Improvements to the lowest responsible bidder after considering price and proposed schedule, with other factors such as the contractor's ability to contribute to Vertical Developer's obligations under the Project Requirements, financial strength, proposed project team, and any unique benefits offered to the project.

(c) Sole Source Contracts. If Vertical Developer or its General Contractor selects a contractor or subcontractor to perform a particular scope with a value of \$250,000 or less as a sole source, Vertical Developer must validate the price by:

(i) providing the Port with an analysis of Soft Costs relative to the expected project budget;

(ii) providing the Port with an engineer's cost estimate for Hard Costs;
or

(iii) demonstrating that the product or service is available from only one supplier in the Bay Area region.

(d) Port Validation. The Port may hire a third-party consultant to validate Vertical Developer's PKN Capital Costs for compliance with this Financing Plan. If the Parties disagree as to commercial reasonableness, they may agree to submit any disputes as to commercial reasonableness of PKN Capital Costs for resolution under **Section 7.5** (Nonbinding Arbitration).

(e) Satisfaction of CFD Law. The Parties have determined that the provisions of **Section 2.1** (Commercially Reasonable Costs) satisfy Government Code Section 53314.9.

2.2. *Guaranteed Maximum Price Contract.*

(a) Selection Process. Vertical Developer agrees to use a Guaranteed Maximum Price form of construction contract for PKN Horizontal Improvements and all

EXHIBIT G

subcontractors will be selected in accordance with **Section 2.1(a)** (Deemed Reasonableness) and **Section 2.1(b)** (Lowest Responsible Bidder).

(b) Bid Requirements. In its bid, each subcontractor must identify the following, if applicable:

- (i) preconstruction costs;
- (ii) General Conditions as a fixed monthly cost for the staff and support necessary to complete the PKN Horizontal Improvements;
- (iii) a construction management fee as a fixed percentage to be applied to the cost of PKN Horizontal Improvements;
- (iv) a preliminary estimate for the cost of the PKN Horizontal Improvements; and
- (v) any work on the PKN Horizontal Improvements the General Contractor intends to self-perform.

(c) Contract Negotiations.

(i) At the end of the preconstruction period, Vertical Developer will negotiate a GMP contract based on budgeting and estimating performed by the General Contractor in collaboration with various sub-trades at various design milestones during preconstruction.

(ii) Vertical Developer will have the option to proceed under the negotiated GMP contract terms or terminate the General Contractor's subcontractors and issue a new bid solicitation in accordance with **Section 2.1(a)** (Deemed Reasonableness) and **Section 2.1(b)** (Lowest Responsible Bidder). The selected General Contractor will be required to solicit competitive bids in accordance with **Section 2.1** (Commercially Reasonable Costs) for each sub-trade package including work it wishes to self-perform.

(iii) GMP contract terms will limit contingency to less than 15%.

(iv) Customary incentives to ensure performance actually paid to the General Contractor or subcontractors under the GMP contract will be considered a commercially reasonable cost of the contract up to a maximum of \$100,000.

(d) General Contractor for Parcel K North Phase 1 as General Contractor. If Vertical Developer elects to use the same General Contractor for the first phase of the Vertical Project as its contractor to deliver the PKN Horizontal Improvements, the terms of its contract with the General Contractor for portions of work related to PKN Horizontal Improvements will be consistent with the requirements of this Section.

(e) Change Orders. From time to time, Vertical Developer and its General Contractor may agree on change orders to the underlying GMP contract or other construction contract or subcontract, which will occur during the course of construction of the applicable PKN Horizontal Improvements. At the earliest feasible opportunity, but in any event no later than the next regular meeting described in **VDDA Section 15.7** (Progress Meetings), Vertical Developer must share with the Port any agreed-upon change order or change orders that would cumulatively exceed a \$250,000 threshold (a "**Material Change Order**"). With each reimbursement request under this Financing Plan, Vertical Developer will also submit documentation supporting the Material Change Order request and associated amendment or change order to the applicable GMP contract or other construction contract or subcontract, as well as documentation supporting change orders that do not rise to the level of a Material Change Order.

(f) Disputes. The Port will notify Vertical Developer within 14 days after Vertical Developer's submittal of documents described in **Section 2.1** (Commercially

EXHIBIT G

Reasonable Costs) or **Section 2.2(e)** (Change Orders) if the Port considers any of the estimated or actual PKN Capital Costs to be commercially unreasonable based on the documentation provided and would not qualify as a PKN Capital Cost under this Financing Plan. If not resolved by consultation at a progress meeting under **VDDA Section 15.7** (Progress Meetings), the Parties may agree to submit the following disputes for resolution under **Section 7.5** (Nonbinding Arbitration):

- (i) whether the challenged costs are commercially unreasonable; or
- (ii) whether the challenged costs are outside the scope of approved

Permit Sets.

2.3. Contracting Procedures. Vertical Developer agrees to follow the contracting procedures described in this Section to negotiate one or more contracts for PKN Horizontal Improvements.

(a) Qualified Contractors. Vertical Developer will provide the Port with a list of the general contractors and subcontractors from which Vertical Developer intends to solicit bids for construction of PKN Horizontal Improvements prior to issuing bid packages. Port shall have the right, but not the obligation, to object to any general contractor or subcontractor in its sole discretion, provided, however, the Port preapproves Plant Construction, A&B Construction and Build Group as potential general contractors or subcontractors. If the Port objects to a general contractor or subcontractor, then Vertical Developer may provide Port with notice of a replacement general contractor or subcontractor subject to the same objection rights by Port, or submit the matter to the dispute resolution procedures of **Section 7.5** (Nonbinding Arbitration).

(b) Bid Package Requirements and Security. The bid package must include relevant Improvement Plans clearly defining the scope of work. The bid package will require the general contractor to guarantee performance and payment of the work, which may be provided through a subcontractor default insurance policy provided by the general contractor covering all enrolled subcontractors, or by requiring each subcontractor under subcontracts having a value of more than \$100,000 to provide payment and performance bonds guaranteeing their work. Payment and performance bonds must be issued by a surety meeting the required standards under the Subdivision Code or **VDDA Section 15.6** (Security).

(c) Port Review of Competitive Offering. With at least 5 days' notice, before issuing its competitive solicitation for construction of the PKN Horizontal Improvements, Vertical Developer will provide the Chief Harbor Engineer the opportunity, but not the obligation, to review such competitive solicitation. If the Chief Harbor Engineer elects to provide comments, the Chief Harbor Engineer will provide comments on the competitive offering within 5 days of receipt of the competitive solicitation, which comments the Vertical Developer will incorporate in its offering in its reasonable discretion.

(d) Copy of Lowest Responsible Bid. For each PKN Horizontal Improvement, Vertical Developer will provide the Chief Harbor Engineer with a copy of its lowest responsible, line item bid, including the name of the contractor and each subcontractor no later than 5 days after executing the contract.

3. PAYMENT REQUESTS, PRIORITIES AND PAYMENTS.

3.1. Purchase and Sale. Vertical Developer agrees to sell PKN Horizontal Improvements at their Acquisition Prices to the Acquiring Agencies, and the Port agrees to use PKN Payment Sources to pay Vertical Developer the Acquisition Prices of PKN Horizontal Improvements, as PKN Payment Sources become available as described in this Section.

3.2. Payment Requests. The Port will reimburse Vertical Developer for its PKN Capital Costs in accordance with Approved Payment Requests that Vertical Developer will obtain in accordance with this Section. Vertical Developer may submit Payment Requests for its PKN Capital Costs for each PKN Horizontal Improvement in two phases: first, upon the

EXHIBIT G

Substantial Completion of the PKN Horizontal Improvement and second, after Acceptance of the PKN Horizontal Improvement under **VDDA Section 16.5** (Port Commission Acceptance Action).

(a) Expected Payment Requests. The Parties anticipate that Vertical Developer will submit eight Payment Requests: (i) one Payment Request after Substantial Completion and another after Acceptance by Port of 20th Street Plaza; (ii) one Payment Request after Substantial Completion and another after Acceptance of Michigan Street ROW Surface Improvements; (iii) one Payment Request after Substantial Completion and another after Acceptance of the Michigan Street Sub-Surface Improvements; and (iv) one Payment Request after Substantial Completion and another after Acceptance of Michigan Street Plaza.

(b) Delivery to Chief Harbor Engineer. To initiate the process for authorizing payment, Vertical Developer must deliver to the Chief Harbor Engineer a Payment Request in the form of Exhibit A (Form of Payment Request) that contains all relevant information in an organized manner.

(c) Completeness Determination. The Chief Harbor Engineer will have 30 days after Vertical Developer delivers a Payment Request to review it for completeness. During the 30-day period, the Chief Harbor Engineer will have the right to request additional information and documentation reasonably necessary to complete the review, and to consult with the Acquiring Agency as to the Michigan Street Sub-Surface Improvements, and will have an additional 10 days after Vertical Developer delivers the requested information or documentation to make a completeness determination.

(d) Required Attachments. Required attachments to each Payment Request include:

(i) an inspection report signed by the authorized representative of each applicable Acquiring Agency validating that the PKN Horizontal Improvement for which payment is requested complies with Project Requirements;

(ii) acceptable forms of proof of payment for the PKN Capital Costs to be reimbursed by the payment;

(iii) other documents specified in Exhibit A (Form of Payment Request) to the extent applicable;

(iv) a completed copy of Exhibit A-1 (Work Covered by Payment Request) specifying each contractor, subcontractor, materialman, and other person with whom Vertical Developer or its contractor has entered into contracts with respect to any work included in the Payment Request;

(v) the contract amount for each contract; and

(vi) signed and acknowledged unconditional lien releases and waivers (in the required statutory form) from all contractors, subcontractors, materialmen, consultants, and other persons that Vertical Developer retained in connection with the work, in each instance unconditionally waiving all lien and stop notice rights with respect to the pending payment.

(e) Cost Allocation. Vertical Developer will clearly separate in its Payment Request costs that are eligible for reimbursement (e.g., trunk utility infrastructure in Michigan Street up to the lateral demarcation of Parcel K North and the 20th Street Plaza up to the building(s) on Parcel K North) and costs that are not eligible for reimbursement (e.g., connections from the building to the trunk infrastructure, which is a vertical cost). The Chief Harbor Engineer may notify the Vertical Developer of the Port's good faith reasonable objection to its proposal to allocate these costs within fifteen (15) days after the Vertical Developer delivers the Payment Request to the Port.

(f) Payment. The Chief Harbor Engineer will forward each Approved Payment Request promptly to the Port Finance Director. Each Approved Payment Request will authorize the use of PKN Payment Sources to pay the Acquisition Price of PKN Horizontal Improvements listed in the Approved Payment Request in accordance with this Financing Plan; provided, however, only 90% of the Acquisition Price of an Approved Payment Request for Substantial Completion of a PKN Horizontal Improvement shall be paid initially from the PKN Payment Sources. The remaining 10% and any additional PKN Capital Costs shall be paid from the PKN Payment Sources pursuant to the Approved Payment Request submitted following Acceptance of the PKN Horizontal Improvement. Except for Interest Costs accrued during any Delay Period, the Acquisition Price payable pursuant to each Approved Payment Request shall include the Interest Costs through the date of actual payment in full to the Developer.

3.3. Priorities. Vertical Developer acknowledges and agrees that the Port will reimburse its PKN Capital Costs in the following order of priority, relative to all other costs associated with the SUD Project, as follows:

(a) After paying any annual debt service on Mello-Roos Bonds that are secured by Facilities Special Taxes levied on and collected from the Property, Facilities Special Taxes levied on and collected from the Property, will be used to deposit \$4.3 million in the Michigan Street Reserve as a first priority use of these proceeds. In addition, the first priority use of a portion of the proceeds of Mello-Roos Bonds secured by Facilities Special Taxes levied on and collected from Zone 1 of the Pier 70 Condo CFD shall be to reimburse the PKN Capital Costs of the Michigan Street ROW and Michigan Street Plaza; the amount of such Mello-Roos Bond proceeds prioritized to reimburse such PKN Capital Costs shall be equal to \$4.3 million less the amount actually on deposit in the Michigan Street Reserve or previously paid to the Vertical Developer to reimburse such PKN Capital Costs. While funds are on deposit in the Michigan Street Reserve and while such Mello-Roos Bond proceeds are prioritized to reimburse PKN Capital Costs, they shall not be considered Project Payment Sources pursuant to the First Addendum to FC Financing Plan. If such Mello-Roos Bonds are issued as tax-exempt bonds, the proceeds prioritized to reimburse such PKN Capital Costs shall become Project Payment Sources and applied in the same priority as set forth in Subsection 2.4(f) (Priorities for Payment) of the First Addendum to FC Financing Plan 30 months after the issuance date of such Mello-Roos Bonds (subject to an earlier release in the circumstances set forth below). If the PKN Capital Costs for the Michigan Street ROW and the Michigan Street Plaza exceed \$4.3 million, the Port will use the next available Facilities Special Taxes levied on and collected from the Property that are not required to pay debt service on such Mello-Roos Bonds and the proceeds of any additional Mello-Roos Bonds that are secured by Facilities Special Taxes levied on and collected from Zone 1 of the Pier 70 Condo CFD to fund the remaining PKN Capital Costs of the Michigan Street ROW and the Michigan Street Plaza. The Port will pay Approved Payment Requests for Michigan Street from the Michigan Street Reserve and/or any applicable account established pursuant to an Indenture. The parties' best estimate of the timing of initial payments under this Section will be the fiscal year in which Parcel K North becomes Developed Property (as defined in the RMA) in Zone 1 of the Pier 70 Condo CFD or the City's issuance of Bonds secured by Facilities Special Taxes from the Pier 70 Condo CFD after the Property becomes Developed Property in Zone 1. When all of the PKN Capital Costs of the Michigan Street ROW and the Michigan Street Plaza have been reimbursed to the Vertical Developer, any funds remaining in the Michigan Street Reserve and any Mello-Roos Bond proceeds prioritized to reimburse the Vertical Developer for such PKN Capital Costs will become Project Payment Sources, and will be applied in the same priority as set forth in **Subsection 2.4(f)** (Priorities for Payment) of the First Addendum to FC Financing Plan.

(b) After paying any annual debt service on Tax Increment Bonds for Sub-Project Area G-2 that are secured, in whole or in part, by Residential Condo Project Tax Increment from the Property, Residential Condo Project Tax Increment collected from the Property will be used to deposit \$3.5 million in the 20th Street Plaza Reserve as a first priority

use of these proceeds. In addition, the first priority use of a portion of the proceeds of Tax Increment Bonds issued for Sub-Project Area G-2 that are secured, in whole or in part, by the Residential Condo Project Tax Increment from the Property shall be to reimburse the PKN Capital Costs of the 20th Street Plaza; the amount of such Bond Proceeds prioritized to reimburse such PKN Capital Costs shall be equal to \$3.5 million less the amount actually on deposit in the 20th Street Plaza Reserve or previously paid to the Vertical Developer to reimburse such PKN Capital Costs. If such Tax Increment Bonds are issued as tax-exempt bonds, the Bond proceeds prioritized to reimburse the PKN Capital Costs shall become Project Payment Sources and applied in the same priority as set forth in Subsection 2.4(f) (Priorities for Payment) of the First Addendum to FC Financing Plan 30 months after the issuance date of such Tax Increment Bonds (subject to an earlier release set forth below). If the 20th Street Plaza PKN Capital Costs exceed \$3.4 million, the Port will use the next available Residential Condo Project Tax Increment collected from the Property that is not required to pay debt service on such Tax Increment Bonds and the proceeds of subsequently-issued Tax Increment Bonds that are secured, in whole or in part, by the Residential Condo Project Tax Increment from the Property to fund the remaining PKN Capital Costs of the 20th Street Plaza. While funds are on deposit in the 20th Street Plaza Reserve and while such Tax Increment Bond proceeds are prioritized to reimburse PKN Capital Costs, they shall not be considered Project Payment Sources pursuant to the First Addendum to FC Financing Plan. Funds deposited in the 20th Street Plaza Reserve will be traced by date of deposit, and it will be assumed that funds are spent on a First In, First Out (FIFO) basis. On the date that is 54 months after a fund deposit is made to the 20th Street Plaza Reserve, and to the extent not deemed expended under the FIFO rule, any such amounts deposited 54 months prior shall be released from the 20th Street Plaza Reserve, shall become a Project Payment Source, and shall be applied in the same priority as set forth in **Subsection 2.4(f)** (Priorities for Payment) of the First Addendum to FC Financing Plan. Funds disbursed from the 20th Street Plaza Reserve as a result of the Reserve Limitation will be replaced with Residential Condo Project Tax Increment collected from the Property until such time as the Vertical Developer has been fully reimbursed for PKN Capital Costs of the 20th Street Plaza. The foregoing process will be implemented on an ongoing basis so as to comply with the Reserve Limitation. The Port will pay Approved Payment Requests for the 20th Street Plaza from the 20th Street Plaza Reserve and/or any applicable account established pursuant to an Indenture. When all of the PKN Capital Costs of the 20th Street Plaza have been reimbursed to the PKN Developer, any funds remaining in the 20th Street Plaza Reserve and any Tax Increment Bond proceeds prioritized to reimburse the Vertical Developer for such PKN Capital Costs will become Project Payment Sources, and will be applied in the same priority as set forth in **Subsection 2.4(f)** (Priorities for Payment) of the First Addendum to FC Financing Plan.

3.4. *Payments.*

(a) Availability of PKN Payment Sources. The Parties agree that PKN Payment Sources are expected to become available as follows:

(i) Facilities Special Taxes from Zone 1 of the Pier 70 Condo CFD is expected to be available in the City Fiscal Year after the 3rd anniversary of the Effective Date of the VDDA; and

(ii) Residential Condo Project Tax Increment is expected to be available in City Fiscal Year 2019-20.

(b) Initiation of Payment. As PKN Payment Sources become available, the Port Finance Director will provide written directions to each applicable Payment Agent for disbursement of funds to pay Approved Payment Requests. The Port Finance Director will review and annotate each Approved Payment Request, if not already specified, for:

(i) costs that are subject to restrictions or limitations under this Financing Plan or Governing Law and Policy; and

EXHIBIT G

(ii) applicable priorities.

(c) Timing of Payment. As any PKN Payment Source becomes available, the Port Finance Director will identify the unpaid Approved Payment Requests for eligible uses of the available funds under Governing Law and Policy in the priority specified in **Section 3.3** (Priorities), then annotate those to be paid and direct payment under this Section within 90 days;

(d) Disbursement Directions. The Port Finance Director will direct disbursements by signing, dating, and delivering copies of the signed Approved Payment Requests as appropriate to the applicable Payment Agents, with copies to Vertical Developer, the CFD Agent, and the IFD Agent as applicable.

(e) Payment Authorization. Approved Payment Requests that the Port Finance Director delivers to any Payment Agent will authorize the Payment Agent to make monthly progress payments when additional PKN Payment Sources that it holds for disbursement in accordance with this Financing Plan become available. Each Payment Agent will document progress payments in accordance with the record-keeping requirements of its applicable Escrow Instructions, Special Fund Administration Agreement, or Indenture.

(f) Final Payment. After the Port Finance Director authorizes the Payment Agent to pay the final Approved Payment Request for all PKN Horizontal Improvements, she will deliver a Financing Plan Termination Notice to Vertical Developer which will become effective upon Vertical Developer's receipt of final payment in full for all PKN Horizontal Improvements.

3.5. Legal Limitations. The following limitations will apply to the use of PKN Payment Sources.

(a) Fair Market Price. To comply with CFD Law Section 53313.51 and IFD Law Section 53395.8, this Financing Plan specifies Acquisition Prices for PKN Horizontal Improvements that the Parties agree represent a fair market price or method to determine a fair market price for PKN Horizontal Improvements to be acquired as set forth in this Financing Plan.

(b) Financing Temporarily Excused. The City will not be obligated to make payments under this Financing Plan:

(i) at any time during which there has been a Vertical Developer Default beyond all applicable notice and cure periods under the VDDA; or

(ii) until such time as PKN Payment Sources are available.

3.6. Payment Conditions. Vertical Developer acknowledges that it must satisfy all conditions to payment in this Financing Plan before the Port will be obligated to approve a Payment Request for a PKN Horizontal Improvement.

3.7. Audit Rights.

(a) Port Audit. The Port will have the right to conduct a Port Audit of Books and Records pertaining to PKN Capital Costs. Such audit will be conducted during normal business hours upon no less than 10 business days' notice at the principal place of business of Vertical Developer in San Francisco or other places where Books and Records are kept in San Francisco. Port will provide Vertical Developer with copies of any audit performed. The Port must notify Vertical Developer of the Port's intent to conduct a Port Audit no more than one year after the Port or other Acquiring Agency has finally accepted Michigan Street, the Sub-Surface Improvements, and the 20th Street Plaza.

(b) Port Audit Costs. The Port will bear its own audit costs unless a Port Audit reveals that Vertical Developer's PKN Capital Costs for any category claimed by

EXHIBIT G

Developer for reimbursement under **Section 3** (Payment Requests) are overstated by 5% or more. In that case, Developer will be obligated to pay the costs of the Port Audit within 60 days.

(c) Overpayment. If the Port Audit reveals that Developer's PKN Capital Costs for any category claimed by Developer for reimbursement under **Section 3** (Payment Requests) are overstated by 5% or more, Developer will return 100% of the amount that the Port overpaid for PKN Capital Costs or dispute the Port's Audit within 60 days.

3.8. *Books and Records*.

(a) Books and Records. Vertical Developer must make available in its San Francisco office Books and Records of all: (i) Vertical Developer funds spent on PKN Capital Costs, (ii) application of PKN Payment Sources to reimburse Vertical Developer's PKN Capital Costs, all under generally accepted accounting principles consistently applied, or in another format approved by the Port. Vertical Developer must maintain Books and Records for the longer of two years after the applicable date that the Port accepts a PKN Horizontal Improvement and the date on which any Port Audit is final or any litigation or dispute resolution proceeding relating to Vertical Developer's Books and Records or any Port Audit is finally concluded. After ten days' prior notice, Vertical Developer will make its Books and Records available to the Port during regular business hours.

(b) Until the PKN Capital Costs have been reimbursed in full to Vertical Developer, on or about August 1 each year after the Effective Date of the VDDA, the Port shall provide Vertical Developer with a statement of the amount of each PKN Payment Source received during the prior City Fiscal Year and the current balance of each PKN Payment Source.

4. **FINANCING OVERVIEW.**

4.1. *Overview of Financing Districts*. As part of the SUD Project approvals, the Board of Supervisors indicated its intent to form the financing districts outlined in Schedule 2 with anticipated boundaries as shown in the Public Financing Maps attached as Schedule 3.

(a) Pier 70 Condo CFD. The Pier 70 Condo CFD at formation will include Parcel K North and Parcels C1C, C2B, and D in the SUD Project, which the Port will sell for development as Residential Condo Projects, and include a Facilities Special Tax and a Services Special Tax, each as defined in the Pier 70 Condo CFD RMA. The Pier 70 Condo CFD will consist of two zones and a Future Annexation Area. Zone 1 will consist of Parcel K North. Zone 2 will include all Residential Condo Projects in the 28 Acre Site. The Future Annexation Area will consist of Parcel E1, Parcel F, Parcel G, Parcel H1, Parcel H2, Parcel C1A, and could include Parcel E4 or Parcel K South, or both, if the parcels cease to be used for the purposes specified in the financing plan for the 28-Acre Site Project.

(i) Facilities Special Taxes from both Zones in the Pier 70 Condo CFD (except as indicated below) will be applied to the following:

(1) Michigan Street, including Surface and Sub-Surface Improvements; and

(2) Other costs associated with the SUD Project, as more fully described in the financing plan for the 28-Acre Site Project.

(ii) Services Special Taxes from Zone 1 of the Pier 70 Condo CFD will pay the Ongoing Maintenance Costs of:

(1) The 20th Street Plaza;
(2) Michigan Street, except for Sub-Surface Improvements;
(3) (3) other Public Spaces outside of the FC Project Area and the 20th Street CFD;

EXHIBIT G

(4) other Public ROWs in Pier 70 north of 20th Street and outside of the 20th Street CFD; and

(5) Shoreline Protection Facilities.

(b) Infrastructure Financing District Sub-Project Area G-2. Sub-Project Area G-2 will correspond to Phase 1 of the SUD Project and development of Parcel K North. Under Appendix G-2, the IFD will be authorized to pledge and use Project Tax Increment to pay eligible capital costs of the SUD Project, including the costs of the 20th Street Plaza.

4.2. Cost Estimates. The estimated PKN Capital Costs of the Michigan Street PKN Horizontal Improvements and the 20th Street Plaza PKN Horizontal Improvements are \$4,300,000 and \$3,500,000, respectively.

4.3. PKN Payment Sources. This section provides an overview of the PKN Payment Sources to reimburse Vertical Developer its PKN Capital Costs and the treatment of those sources, subject to more detailed conditions in this Financing Plan.

(a) General Principle. Governing Law and Policy will prevail over any conflict with this Financing Plan relating to PKN Payment Sources.

(b) PKN Payment Sources. PKN Payment Sources will be limited to:

(i) For Michigan Street, Facilities Special Taxes from Zone 1 of the Pier 70 Condo CFD and the proceeds from Mello-Roos Bonds secured by Facilities Special Taxes from Zone 1 of the Pier 70 Condo CFD; and

(ii) For the 20th Street Plaza, Residential Condo Project Tax Increment and the proceeds of Tax Increment Bonds that are secured by Residential Condo Project Tax Increment collected from the Property.

4.4. Limitation on Sources.

(a) Vertical Developer acknowledges that none of the following is a source to pay PKN Capital Costs under any circumstances:

- (i) City General Fund;
- (ii) Port Harbor Fund;
- (iii) Facilities Special Taxes collected from outside of the Pier 70 Condo CFD;
- (iv) Port Tax Increment in the Special Fund Trust Account holding Port Tax Increment;
- (v) Project Tax Increment other than Residential Condo Project Tax Increment.
- (vi) Funding from Historic Pier 70, LLC or FC Pier 70 LLC or any of their affiliates.

(b) No Payment Guarantee. The Port makes no warranty, express or implied, that PKN Payment Sources will be sufficient to pay the Acquisition Prices of the PKN Horizontal Improvements.

(c) Deposits of PKN Payment Sources.

(i) Bond Proceeds. The proceeds of any Bonds will be deposited, held, invested, reinvested, and disbursed as provided in the respective Indenture. The portion of Bond proceeds that is used to fund reserves for debt service, to capitalize interest on the Bonds, and to pay costs of issuance and administration will not be available to make payments to Vertical Developer.

EXHIBIT G

(ii) **Tax Revenues.** Facilities Special Taxes and Residential Condo Project Tax Increment will be deposited in the Special Fund Trust Account subject to a Special Fund Administration Agreement and held and disbursed as specified therein and in accordance with this Financing Plan.

(iii) **Investment Policy.** Vertical Developer acknowledges that Port, in its proprietary capacity and as CFD Agent and IFD Agent, will direct the investment of PKN Payment Sources in accordance with the Port's and the City's investment policies, all Applicable Laws, and any applicable Indentures. The Port will have no responsibility to Vertical Developer with respect to any investment of PKN Payment Sources before their use under this Financing Plan, including any loss of all or a portion of the principal invested or any penalty for liquidation of an investment so long as the investments were made in accordance with all Applicable Laws and any applicable Indenture, even if a loss diminishes the amount of available PKN Payment Sources.

4.5. Due Diligence Related to Public Financing. The Parties agree as follows.

(a) **Compliance with Law.** Before spending any Public Financing Sources, the Port and the City will consult with the City's Bond Counsel to confirm that the expenditure is authorized under Governing Law and Policy.

(b) **Record-Keeping.** Consistent with **Section 3.8** (Books and Records), Vertical Developer will keep appropriate records of expenditures related to the PKN Horizontal Improvements that it expects to be reimbursed from PKN Payment Sources to assist with Bond Counsel's review.

5. MELLO-ROOS TAXES.

5.1. City Policy. Vertical Developer acknowledges that the CFD Goals will prevail in the event of any inconsistency with this Financing Plan, except to the extent that the Board of Supervisors waives any provision of the CFD Goals or Governing Law and Policy in the CFD Formation Proceedings or otherwise.

5.2. Delegation of Authority to Vote in CFD Formation Proceedings. If the City has not formed the Pier 70 Condo CFD by the Close of Escrow, Vertical Developer will delegate its authority to vote in CFD Formation Proceedings to Port as provided for in the VDDA.

5.3. Notice of Contract to Maintain Levy of CFD Financing. Under **Section 3** of article XIII C of the California Constitution, under certain circumstances, voters may vote to reduce or repeal the levy of special taxes in a community facilities district. **Section 9** of article I of the California Constitution, however, prohibits the passage of a law resulting in an impairment of contract.

(a) **Notice.** This Section provides notice of the following:

(i) The VDDA and this Financing Plan are contracts between the Port and Vertical Developer.

(ii) This Financing Plan:

(1) describes an integrated program to finance the Acquisition Price of PKN Horizontal Improvements; and

(2) is an essential part of the consideration for the VDDA.

(iii) Any reduction in the City's ability to levy and collect Mello-Roos Taxes on behalf of the Pier 70 Condo CFD for purposes specified in this Financing Plan would materially impair Vertical Developer's and the Port's contractual rights and obligations under the VDDA and this Financing Plan.

(b) Intent to Maintain Contract. To further preserve the contractual rights and obligations under this Financing Plan, the Port agrees that, until the Port fully reimburses Vertical Developer for its PKN Capital Costs, neither the Port nor the City will initiate or conduct proceedings under CFD Law to reduce the rates of Mello-Roos Taxes except by agreement with Vertical Developer or if legally compelled to do so (e.g., by a final judgment).

5.4. RMA Generally.

(a) Cooperation. The Port and Horizontal Developer are working cooperatively to develop an RMA for the Pier 70 Condo CFD that is consistent with this Financing Plan. A draft of the Pier 70 Condo CFD RMA is shown in Exhibit B. Vertical Developer acknowledges and agrees that it may not contest the formation of the Pier 70 Condo CFD as long as Pier 70 Condo CFD, including the Pier 70 Condo CFD RMA, are not modified in any manner that would increase the amount of the Facilities Special Taxes or Services Special Taxes that may be levied on the Property, or any portion thereof, or accelerate the timing of the levy of the Facilities Special Taxes or Services Special Taxes on the Property or the apportionment of the Facilities Special Taxes or Services Special Taxes to the Property. The Port acknowledges and agrees that the Michigan Street ROW Surface Improvements, the Michigan Street Sub-Surface Improvements, and the Michigan Street Plaza shall be eligible facilities of the Pier 70 Condo CFD. The Port also acknowledges and agrees that Vertical Developer shall be provided reasonably adequate prior written notice and an opportunity to comment on all subsequent changes to the Pier 70 Condo CFD RMA. Vertical Developer acknowledges that RMA term sheet provides that Tax Zone 1 only includes Developed Property and Undeveloped Property. The Port agrees that Facilities Special Taxes shall not be levied on the Property while it is classified as "Undeveloped Property" pursuant to the Pier 70 Condo CFD RMA attached hereto as Exhibit B unless the Vertical Developer and Horizontal Developer have entered into a written agreement pursuant to which the Horizontal Developer has agreed to reimburse the Vertical Developer for, or to pay directly, any Facilities Special Tax levy on the Property before it is classified as "Developed Property" pursuant to such Pier 70 Condo CFD RMA.

(b) Delinquencies. The Pier 70 Condo CFD RMA will include a provision that limits the CFD's authority to increase the levy of Mello-Roos Taxes on any Taxable Parcel to make up for the delinquencies of other taxpayers in the CFD. The CFD will not be permitted to increase the levy of Mello-Roos Taxes on the Property in any fiscal year as the result of the delinquencies or defaults of any other property owners in the CFD by more than 10% above the amount that would have been levied in that fiscal year in the absence of such delinquencies or defaults, which levy shall not in any event exceed the maximum Mello-Roos Taxes applicable to the Property.

(c) Annual Levy. After formation of the Pier 70 Condo CFD, Vertical Developer will consult with the CFD Administrator as needed to determine in each City Fiscal Year what development has occurred in the prior City Fiscal Year.

(d) Material Changes to CFD Law. If CFD Law changes to make Mello-Roos Taxes unavailable or severely impair the uses authorized by this Financing Plan, the Port and Vertical Developer in consultation with the City will negotiate in good faith to establish a substitute financing program equivalent in nature and function as allowed under then-current Governing Law and Policy.

(e) No Prepayment. The Pier 70 Condo CFD RMA does not include provisions for the prepayment of Facilities Special Taxes. Vertical Developer will disclose this limitation to buyers of Condominium Units on Parcel K North in compliance with Governing Law and Policy.

5.5. *Services Special Taxes.*

(a) Authorized Costs. The Pier 70 Condo CFD RMA will authorize the City to levy Services Special Taxes annually in the amounts needed to provide a perpetual pay-as-you-go source to fund Ongoing Maintenance Costs of the 20th Street Plaza, Michigan Street and 20th Street Maintained Facilities. Vertical Developer acknowledges that Ongoing Maintenance Costs do not include the costs of maintaining private open space.

(b) No Prepayment. The Pier 70 Condo CFD RMA will provide that taxpayers will not be allowed to prepay Services Special Taxes. Vertical Developer will disclose this limitation to buyers of Condominium Units on Parcel K North in compliance with Governing Law and Policy.

(c) Covenants.

(i) The Port has informed Vertical Developer that, because of limited Port revenue sources, the Port would not enter into this Financing Plan without ensuring an ongoing funding source for Ongoing Maintenance Costs.

(ii) Vertical Developer agrees to obtain Port or City, if applicable, approval of and establish maintenance covenants to be recorded in the Official Records before the Port or the City conveys any Taxable Parcel in any CFD formed in the SUD to Vertical Developer. Maintenance covenants will run with the land and be binding on successors in perpetuity.

(iii) The maintenance covenants will specify that the City, including the Port, is an intended beneficiary and obligate every owner of a Taxable Parcel to pay an amount equivalent to Services Special Taxes that would have been levied if the CFDs or their taxing powers are ever eliminated or reduced for any reason, including any vote of the qualified electors in the CFD.

5.6. *Validation.* Vertical Developer agrees to cooperate with any City or Port judicial validation actions relating to the formation of the Pier 70 Condo CFD and matters authorized under the Pier 70 Condo CFD RMA or any City or Port judicial validation actions relating to the formation of the Sub-Project Areas and matters authorized under Appendix G-2.

6. **DEFAULTS AND REMEDIES.**

6.1. *Default by Vertical Developer.* A Vertical Developer Default beyond all applicable notice and cure periods under the VDDA will be a default under this Financing Plan, entitling Port to certain remedies related to this Financing Agreement, as further specified in the VDDA. In addition, it shall be a default under this Financing Plan if Vertical Developer fails to perform any other obligation required to be performed by Vertical Developer under this Financing Plan, and such failure continues beyond the period of time for cure thereof or the expiration of any grace period specified in this Financing Plan therefor, or if no such cure or grace period is specified, within thirty (30) days after Vertical Developer's receipt of notice of such failure to perform from Port, or in the case of a default that is curable but is not susceptible of cure within thirty (30) days, Vertical Developer fails promptly to commence to cure such default and thereafter diligently to prosecute such cure to completion within a reasonable time, but in no event to exceed one hundred and twenty (120) days.

6.2. *Default by Port.* Provided that PKN Payment Sources are available to the Port, it will constitute a "Port Default" under this Financing Plan, if after the Closing Date, the Port Commission or other Acquiring Agency has accepted one or more PKN Horizontal Improvements and Port fails to make payments for Approved Payment Requests under **Section 3.4 (Payments)** within sixty (60) days after Port's receipt of notice of such a default from Vertical Developer.

EXHIBIT G

6.3. *Port Remedies for Vertical Developer Default.*

(a) General. During the continuance of a default by the Vertical Developer beyond all applicable notice and cure periods under this Financing Plan or the VDDA, Port will have all rights and remedies available at law or in equity, including the right to institute such proceedings as may be necessary, including action to cure the default or to seek specific performance or other injunctive relief, and the remedies set forth in the Special Provisions.

(b) Failure to Pay. In the event of Vertical Developer Default under **VDDA Section 19.1(h)** (Failure to Pay), in addition to all other available remedies, Port will not be obligated to reimburse Vertical Developer for its outstanding PKN Capital Costs as provided for in this Financing Plan until Vertical Developer has paid all taxes and assessments (including CFD and IFD assessments), including associated fines and penalties.

(c) Failure to Complete PKN Horizontal Improvements in Accordance with Schedule of Performance. In the event of a Vertical Developer Default pursuant to **VDDA Section 19.1(d)** (Failure to Complete PKN Horizontal Improvements in Accordance with Schedule of Performance), in addition to all other available remedies, Port will not reimburse Vertical Developer under this Financing Plan for its Interest Costs accrued during the Delay Period.

(d) Abandonment. In the event of a Vertical Developer Default under **VDDA Section 19.1(j)** (Abandonment), in addition to all other available remedies, Port shall have no obligation to pay the PKN Capital Costs incurred by Vertical Developer.

(e) Defective or Nonconforming Work. In the event of a Vertical Developer Default under **VDDA Section 19.1(k)** (Defective or Nonconforming Work), in addition to all other available remedies, Port will not be obligated to reimburse Vertical Developer for its outstanding PKN Capital Costs as provided for in this Financing Plan until the defect or nonconformity is corrected to the Acquiring Agency's satisfaction..

6.4. *Vertical Developer's Remedies for Port Default.* In the event of a Port Default after the Closing Date, Vertical Developer's remedy is limited to an action for specific performance. Port will not be liable to Vertical Developer for any monetary damages whether caused by a Port Default and in no event will Port be liable for any actual, consequential, incidental or punitive damages.

6.5. *Limitation on Port Liability.* The provisions of **Section 9.7** shall apply as to Port liability.

6.6. *No Implied Waivers.* No waiver made by a waiving Party with respect to the performance or manner or time thereof (including an extension of time for performance) of any obligations of another Party, or of any condition to the waiving Party's own obligations, will be considered a waiver of the waiving Party's rights with respect to any obligation of another Party or any condition to the waiving Party's own obligations beyond those expressly waived in writing.

6.7. *Limitation on Personal Liability.* No natural person, including any commissioner, member, supervisor, officer, director, employee, representative, attorney, shareholder, limited partner, heir, legal representative, or member of a Party, will be personally liable to another Party in the event of any default or for any amount that may become due to a Party under this Agreement, provided the foregoing will not (i) limit any liabilities that exist under a security instrument in favor of the Port or that exist under applicable law, or (ii) release obligations of a Person that otherwise has liability for such obligations, such as the general partner of a partnership that, itself, has liability for the obligation.

6.8. *Rights and Remedies Cumulative.* Except as expressly limited by this Financing Plan, the Parties' respective rights and remedies with respect to a default are cumulative. An Aggrieved Party's exercise of any one or more of its remedies for a default by the Breaching

EXHIBIT G

Party will not preclude its exercise, at the same or different times, of any of its other remedies. Each Party acknowledges its intent to limit its remedies for a default by the other Party to those specified in this Financing Plan.

7. RESOLUTION OF CERTAIN DISPUTES.

7.1. *Nonbinding Arbitration Scope.* The Parties may agree to submit disputes specifically enumerated under this Financing Plan as being subject to nonbinding arbitration. The Parties agree that nonbinding arbitration is limited to this Financing Plan and does not apply to disputes under the VDDA. No Party can compel another Party to arbitrate a decision that a Party is entitled to make in its sole discretion.

7.2. *Arbitrators.*

(a) Arbitrators Pool. The Parties may agree to submit certain disputes to Arbitrators on the approved Arbitrators Pool attached as Schedule 4 and have agreed that Arbitrators on the list meet the qualifications under this Subsection. To be qualified, an Arbitrator must have at least 10 years' experience in the San Francisco Bay Area in a professional capacity handling issues arising from engineering, cost-estimating, and complex financial accounting.

(b) Changes.

(i) The Parties will review the approved Arbitrators Pool periodically to determine each Arbitrator's continued availability and willingness to serve. Either Party may propose to change the approved Arbitrators Pool by notice to the other Party, together with documentation supporting the proposed change, such as a proposed new Arbitrator's qualifications or reasons to remove an Arbitrator from the approved Arbitrators Pool.

(ii) The other Party will have 15 business days to respond. Failure to respond will be deemed consent if the notice prominently stated that the other Party's failure to respond within 15 business days will be deemed consent.

(iii) If the other Party objects, the Parties will meet and confer under **Subsection 7.3(a)** (Good Faith Efforts) and, if necessary, discuss whether to resolve the dispute by nonbinding arbitration under **Subsection 7.5** (Nonbinding Arbitration Process).

7.3. *Meet and Confer Requirement.*

(a) **Good Faith Efforts.** Before resorting to any dispute resolution procedure under **Subsection 7.5** (Nonbinding Arbitration Process), or initiating a judicial action, each Party agrees to make good faith efforts to resolve the dispute as follows.

(i) Any Party may initiate a meet-and-confer effort by giving notice under procedures for progress meetings under **VDDA Section 15.9** (Progress Meetings). Within five business days after the initiating Disputing Party's request to confer regarding an identified matter, decision-making representatives of each Disputing Party will meet in a good faith effort to resolve the dispute.

(ii) If the Disputing Parties are unable to resolve the dispute at the meeting (or any longer time to which each Disputing Party agrees in its sole discretion), the following options will apply.

(1) The Parties may agree to nonbinding arbitration under **Subsection 7.5** (Nonbinding Arbitration Process) as to matters specifically enumerated in this Financing Plan as being subject to nonbinding arbitration.

(2) The Parties, each in its sole discretion, may mutually agree to submit any other matters to arbitration under this Section.

EXHIBIT G

(iii) If the Disputing Parties do not agree to arbitration, or the dispute is not resolved by nonbinding arbitration, any Disputing Party may seek to enforce its rights and remedies at law or in equity.

(b) No Prejudice. The dispute resolution procedures in this Section will not delay or otherwise prejudice a Party's right to give notice of an alleged default under **VDDA Section 19** (Defaults; Remedies) or under this Financing Plan.

7.4. *General Nonbinding Arbitration Procedures.*

(a) Notice. A Disputing Party may initiate nonbinding arbitration by providing a notice to the other Disputing Party, specifying with particularity both the nature of the dispute between the Disputing Parties and the initiating Disputing Party's demand to resolve the dispute. Once all Disputing Parties have agreed to nonbinding arbitration, neither Disputing Party may initiate or continue to prosecute a judicial action, except to comply with court rules, during the pendency of an arbitration proceeding.

(b) Selection of Arbitrator. The Disputing Parties will meet to designate the Arbitrator from the approved Arbitrators Pool within 10 business days after the effective date of the arbitration notice. If the designated Arbitrator is not available to meet the time requirements for the proceeding, the Disputing Parties will designate another Arbitrator on the approved Arbitrators Pool. If the Disputing Parties are unable to reach a mutual agreement regarding which Arbitrator to designate, the first Arbitrator's name on the list with availability will be the designated Arbitrator. If none of the Arbitrators listed in the Arbitrator's Pool is able or willing to hear a dispute, the Disputing Parties will agree on the selection of another Arbitrator meeting the qualifications in **Subsection 7.2(a)** (Arbitrators Pool) to serve for the purposes of that dispute. If the Disputing Parties are unable to agree upon an Arbitrator not in the Arbitrator's Pool, the Disputing Parties shall request that the Arbitrator first designated by the Disputing Parties select an Arbitrator. If the first designated Arbitrator is not able or willing to select an Arbitrator, the Disputing Parties shall ask the next name on the Arbitrator's Pool list to select the Arbitrator (and so on until an Arbitrator is selected). If none of the Arbitrators listed in the Arbitrator's Pool are able or willing to select an Arbitrator, then either Disputing Party may initiate an action in the Superior Court of the State of California for the County of San Francisco for the limited purpose of seeking the appointment of an Arbitrator. Each Disputing Party initially will advance 50% of the required arbitration fee and all Disputing Parties shall split equally all Arbitrator fees.

(c) Arbitrator's Authority. The Arbitrator will be authorized to:

- (i) render an advisory decision for the matter on the written submittals; and
- (ii) hold an evidentiary hearing on reasonable prior notice to the Disputing Parties;
- (iii) make a recommendation against a Disputing Party that does not deliver a brief or appear at the hearing.

(d) Limits on Arbitrator's Authority. The Arbitrator will have no authority to:

- (i) make a recommendation or decision on any matter that is not specifically identified in this Financing Plan as being subject to nonbinding arbitration unless the Disputing Parties have agreed to submit the matter to the Arbitrator;
- (ii) make a recommendation or decision on any matter that was not specified in the initiating Disputing Party's notice;
- (iii) make a recommendation or decision to add to, remove from, disregard, modify, or otherwise alter this Financing Plan or any other agreement between the

EXHIBIT G

Disputing Parties regarding PKN Construction Obligations or the VDDA related to Parcel K North;

- (iv) negotiate new agreements or provisions between the Disputing Parties; or
- (v) award damages of any kind or award Attorneys' Fees and Costs or arbitration fees; or
- (vi) recommend or decide any form of equitable relief.

(e) Service of Documents. In all dispute resolution proceedings under this Section, all agreements, submittals, and decisions must be in writing, and each Disputing Party must serve copies of any documents submitted to any Arbitrator simultaneously to all other Disputing Parties.

(f) Ex Parte Communications. No Disputing Party or any of its Agents may engage in ex parte communications with the Arbitrator with regard to any pending arbitration proceeding. A Disputing Party may write to the Arbitrator concerning procedural matters such as scheduling if it delivers a copy simultaneously to the other Disputing Parties.

7.5. *Nonbinding Arbitration Process.*

(a) The Disputing Parties may agree to submit disputes to nonbinding arbitration within 10 business days after the meet-and-confer period under **Section 7.3** (Meet and Confer Requirement) expires. The Disputing Parties may submit a joint statement of the dispute and a proposed discovery, briefing, and hearing schedule to the Arbitrator. Otherwise, each Disputing Party may submit to the Arbitrator a short statement of the dispute and a proposed discovery, briefing, and hearing schedule, and the Arbitrator will specify the schedule for the proceeding. The Disputing Parties may agree to supplement, but not override, the nonbinding arbitration process under this Subsection by procedures applicable to commercial nonbinding arbitration or alternative dispute resolution providers in the Bay Area.

(b) The Arbitrator will render an advisory decision on any dispute subject to nonbinding arbitration under this Section. The Disputing Parties must provide the Arbitrator with briefs, not to exceed 10 double-spaced pages, on their respective positions. The Arbitrator must issue an advisory decision within five days after the last submittal.

(c) Within 20 business days after the start of nonbinding arbitration pursuant to this Section, the Arbitrator will conduct a preliminary hearing, either by telephone or personal appearance at the Arbitrator's option. At the preliminary hearing, the Arbitrator will establish discovery and briefing schedules and relevant dates, including a hearing date. In resolving discovery issues, the Arbitrator must consider expediency, cost effectiveness, fairness, and the needs of the Disputing Parties for adequate information in reference to the dispute. The Disputing Parties will make good faith efforts to prepare a joint record of evidentiary documents for the proceeding.

(d) The Disputing Parties may agree to retain one or more consultants to assist the Arbitrator at the Arbitrator's request. In the request, the Arbitrator must provide to all Disputing Parties an explanation of the need for each proposed consultant, the consultant's identity and relevant qualifications, hourly rate, the estimated costs of the service, and a proposed cap on the consultant's cost. All Disputing Parties must approve each consultant's retention, the cost cap, and each Parties' allocated share of the consultant's cost.

(e) The evidentiary hearing must be scheduled to begin within 60 days and be completed within 80 days after the preliminary hearing, unless the Arbitrator extends the date with the Disputing Parties' consent. The Arbitrator must issue an advisory decision, specifying the reasons for the decision, within 20 days after the hearing. Each Disputing Party will give due consideration to the Arbitrator's decision before deciding to pursue further legal action.

EXHIBIT G

(f) No advisory decision will have any res judicata or collateral estoppel effect in any other arbitration conducted under this Section or in any other action.

8. DEFINITIONS.

For the purposes of this Financing Plan, initially capitalized terms will have the meanings ascribed to them in this Section:

“20th Street CFD” means a CFD that the City has agreed to establish to finance Ongoing Maintenance Costs of 20th Street Maintained Facilities.

“20th Street Maintained Facilities” means the following improvements, for which Ongoing Maintenance Costs will be paid by Services Special Taxes levied on Taxable Parcels in the 20th Street CFD:

- (i) Public Spaces in the 20th Street CFD;
- (ii) Public ROWs in the 20th Street CFD;
- (iii) other Public Spaces outside of the FC Project Area and the Illinois Street Parcels;
- (iv) other Public ROWs in Pier 70 north of 20th Street and outside of the Illinois Street Parcels; and
- (v) costs for Shoreline Protection Facilities north of 20th Street.

“20th Street Plaza” is defined in VDDA Recital F.

“20th Street Plaza Reserve” means a reserve account for the deposit of Residential Condo Project Tax Increment collected from Parcel K North to pay the PKN Capital Costs of the 20th Street Plaza. Amounts in the 20th Street Plaza Reserve do not constitute Project Payment Sources until the PKN Developer has been reimbursed for its PKN Capital Costs of the 20th Street Plaza.

“28-Acre Site” is defined in VDDA Recital A.

“28-Acre Site Project” is defined in VDDA Recital A.

“Acceptance” means with respect to each PKN Horizontal Improvement, acceptance in accordance with VDDA Section 16.

“Acquiring Agency” means the City Agency (the Port, San Francisco Public Utilities Commission, or Public Works) that will acquire PKN Horizontal Improvements in accordance with the Transaction Documents and the Subdivision Code.

“Acquisition Price” means the amount that the Port will pay Vertical Developer on behalf of Acquiring Agencies to purchase PKN Horizontal Improvements under this Financing Plan, which will equal the PKN Capital Costs.

“Allocated Tax Increment” means the portion of the tax increment that the City collects from the IFD that the City has agreed to allocate to the financing district for uses approved in the related formation proceedings or financing plans.

“Appendix G-2” means the Project-specific infrastructure financing plan for Sub-Project Area G-2, Sub-Project Area G-3, and Sub-Project Area G-4 approved by the Board of Supervisors by Ordinance No. 220-18, passed on September 18, 2018.

“Approved Payment Request” means a Payment Request in the form of Exhibit A for PKN Capital Costs of PKN Horizontal Improvements that the Chief Harbor Engineer has approved under Section 3.2 (Payment Requests).

“Attorneys’ Fees and Costs” is defined in VDDA Section 26.

EXHIBIT G

“Bonds” means bonds or other forms of indebtedness secured and payable by one or more of Facilities Special Taxes or Project Tax Increment issued on behalf of any financing district.

“Bond Counsel” means an attorney or firm of attorneys with experience in public finance matters that has been engaged by the City.

“Books and Records” means books and records that Vertical Developer will prepare and maintain under **Section 3.8** (Books and Records).

“CFD” is an acronym for Community Facilities District and for purposes of this Financing Plan shall also mean a special tax district established pursuant to the CFD law. References to a CFD also mean the district itself and any area within it designated as a Zone, if required by the context.

“CFD Administrative Costs” means the proportionate share of reasonable costs that the Port, as CFD Agent for the Pier 70 Condo CFD, actually incurs and pays for:

- (i) services of any Indenture Trustee (including its counsel) for any Bonds that the City issues for any CFD described in this Financing Plan;
- (ii) marketing or remarketing Bonds; and
- (iii) all other reasonable administrative services provided by the Port, any CFD Administrator, the City, the Special Fund Trustee, and any other third-party professionals necessary for the Port to perform its duties under the Special Fund Administration Agreement and the Pier 70 Condo RMA.

“CFD Administrator” means a special tax consultant or any other person that the Director of Public Finance or the Port Director, as applicable, designates to administer Mello-Roos Taxes from the Pier 70 Condo CFD according to the Pier 70 Condo RMA.

“CFD Agent” means the Port, acting on behalf of the Pier 70 Condo CFD.

“CFD Formation Proceedings” means the proceedings taken by the Board of Supervisors to form the Pier 70 Condo CFD.

“CFD Goals” means the Local Goals and Policies for Community Facilities Districts, approved by Board of Supervisors Resolution No. 387-09 on October 6, 2009, as amended from time to time solely to the extent required under CFD Law or other controlling state or federal law.

“CFD Law” means the San Francisco Special Tax Financing Law (Admin. Code ch. 43, art. X), which incorporates the Mello-Roos Community Facilities Act of 1982 (Cal. Gov’t Code Sections 53311-53368).

“Chief Harbor Engineer” is defined in **VDDA Section 26**.

“City” is defined in **VDDA Section 26**.

“City Fiscal Year” is defined in **VDDA Section 26**.

“Closing Date” is defined in **VDDA Section 26**.

“Community Facilities District” means a special tax district formed under CFD Law.

“Condominium Unit” is defined in **VDDA Section 26**.

“County Assessor” is defined in **VDDA Section 26**.

“Effective Date” means the Effective Date of the VDDA.

“Delay Period” is defined in **VDDA Section 26**.

EXHIBIT G

“Development Fee” means the development fees payable to the Vertical Developer as part of each Approved Payment Request for a PKN Horizontal Improvement equal to six percent (6%) of the Hard Costs and Soft Costs in such Approved Payment Request.

“Disputing Party” means a person affected by a dispute that is subject to **Section 7** of this Financing Plan (Resolution of Certain Disputes).

“Facilities CFD” means a CFD or part of a CFD that authorizes the levy of Improvement Special Taxes to finance eligible Improvements

“Facilities Special Taxes” means Mello-Roos Taxes that are levied to finance eligible improvements in accordance with City approval of the Pier 70 Condo CFD.

“FC Project Area” means the 28-Acre Site and 20th Street, 21st Street, and 22nd Street east of Illinois Street, and areas outside of the 28-Acre Site where the Developer will construct improvements serving the 28-Acre Site.

“Final Assessed Value” means the final assessed value of a Taxable Parcel in the SUD after the Chief Harbor Engineer issues the related temporary certificate of occupancy or Final Certificate of Occupancy.

“Final Certificate of Occupancy” is defined in **VDDA Section 26**.

“Financing Plan” means this Financing Plan and Acquisition Agreement, which is VDDA Exhibit I.

“Financing Plan Termination Notice” means the notice delivered by the Port to Vertical Developer under **Section 3.4** (Payments) of this Financing Plan after the final payment for PKN Horizontal Improvements to Vertical Developer.

“First Addendum to FC Financing Plan” means the First Addendum to Financing Plan between the City, acting by and through the Port, and FC Pier 70, LLC, a copy of which is attached hereto as Exhibit C.

“General Conditions” means the overhead of a construction contract, including construction management, field office costs and general requirements associated with Division 1 work rules.

“General Contractor” means one or more of Vertical Developer’s contractor(s) with the primary responsibility for the construction of all or a portion of the PKN Horizontal Improvements.

“Governing Law and Policy” when referring to Public Financing Sources collectively or individually as applicable, means the CFD Law, the IFD Law, the Tax Code, the CFD Goals, and the Port IFD Guidelines.

“Guaranteed Maximum Price or GMP contract” means a guaranteed maximum price contract or negotiated contract with cost-efficiency measures.

“Hard Cost” means the reasonable and customary out-of-pocket costs actually incurred and paid after the Effective Date by Vertical Developer in connection with PKN Horizontal Improvements, including labor and materials. “Hard Cost” excludes:

- (1) Soft Costs;
- (2) costs incurred before the Effective Date; and
- (3) work that must be repaired or replaced at no additional cost due to failure to satisfy quality, quantity, types of materials, and workmanship in accordance with PKN Improvement Plans approved under the VDDA.

“Hoedown Yard” is the designation for two parcels owned by PG&E along Illinois Street roughly between 21st Street and 22nd Street, bisected by a public right-of-way, which is subject

EXHIBIT G

to an Option Agreement for the Purchase and Sale of Real Property between the City and PG&E under which the City has a transferable option to purchase the Hoedown Yard, which the Board of Supervisors approved by Resolution No. 275-14.

“Horizontal DDA” is defined in **VDDA Section 26**.

“ICA” is defined in **VDDA Section 26**.

“IFD” is an acronym for Infrastructure Financing District No. 2 (Port of San Francisco), formed by Ordinance No. 27-16.

“IFD Agent” means the Port, acting on behalf of the IFD.

“IFD Law” means California law governing infrastructure financing districts, beginning at Government Code section 53395, as amended from time to time.

“IFD Project Area G-2” means any designated project area within the IFD, including all Sub-Project Areas and Taxable Parcels in the 28 Acre Site and Parcel K North.

“Illinois Street Parcels” means the 20th/Illinois Parcel and the Hoedown Yard in their current ownership and configuration and as they may later be conveyed and reconfigured substantially as shown in the Land Use Plan (designated as Parcel K North, Parcel K South, HDY1, HDY2, and HDY3 on the Reference Date).

“Improvement” means any physical change required or permitted to be made to property, including PKN Horizontal Improvements and the Vertical Project.

“Improvement Special Taxes” means all categories of Mello-Roos Taxes that the City levies in a City Fiscal Year on Taxable Parcels and residential units in a CFD to finance eligible Improvements authorized through CFD Formation Proceedings, which include Facilities Special Taxes for Zone 1 of the Pier 70 Condo CFD.

“Indenture” means one or more indentures, trust agreements, fiscal agent agreements, financing agreements, or other documents containing the terms of any Bonds secured and payable by a pledge of and to be paid by any combination of Mello-Roos Taxes and Project Tax Increment.

“Indenture Trustee” means the fiscal agent or trustee under an Indenture.

“Interest Costs” means interest and carrying costs of Vertical Developer equal to four and thirty-eight one hundredths percent (4.38%) per annum on all Vertical Developer payments of Soft Costs and Hard Costs for PKN Horizontal Improvements accruing monthly from the date of each payment until the date of reimbursement of Vertical Developer, but not including Delay Periods.

“Material Change Order” is defined in **Section 2.2(e)** (Change Orders).

“Mello-Roos Bonds” means one or more series of taxable or tax-exempt bonds, including refunding bonds, or any other debt (as defined in CFD Law) that the City issues for a Facilities CFD, secured and payable by a pledge of Improvement Special Taxes, Allocated Tax Increment, or both, for any purpose authorized under Governing Law and Policy.

“Michigan Street” is defined in **VDDA Recital F**.

“Michigan Street Plaza” is defined in **VDDA Section 26**.

“Michigan Street Reserve” means a reserve account for the deposit of Facilities Special Taxes levied upon and collected from Parcel K North to pay the PKN Capital Costs of the Michigan Street ROW and the Michigan Street Plaza. Amounts in the Michigan Street Reserve do not constitute Project Payment Sources until the PKN Developer has been reimbursed for its PKN Capital Costs of the Michigan Street ROW and the Michigan Street Plaza.

“Michigan Street ROW” is defined in **VDDA Section 26**.

EXHIBIT G

“Michigan Street ROW Surface Improvements” means the surface improvements to the Michigan Street ROW as further described in the VDDA.

“Michigan Street Sub-Surface Improvements” means the sub-surface improvements within the Michigan Street ROW and Michigan Street Plaza as further described in the VDDA.

“Mello-Roos Taxes” means special taxes that the City levies in a City Fiscal Year on Taxable Parcels in any CFD in accordance with the applicable RMA, including delinquent special taxes collected at any time by payment or through foreclosure.

“Official Records” means official real estate records that the County Assessor records and maintains.

“Ongoing Maintenance Costs” means maintenance and capital repair and replacement costs of maintained facilities, including Michigan Street and the 20th Street Plaza and parks and streets in the Pier 70 Project that will be paid by Services Special Taxes, including:

- (i) landscaping and irrigation systems and other equipment, material, and supplies directly related to maintaining and replacing landscaped areas and water features;
- (ii) maintenance and replacement as needed of Public Spaces and Public ROWs, including street cleaning and paving (but not street reconstruction);
- (iii) lighting, rest rooms, trash receptacles, park benches, planting containers, picnic tables, and other furniture and fixtures and signage;
- (iv) utilities;
- (v) general liability insurance for any Public ROWs or structures in Public ROWs that Public Works does not submit to the Board of Supervisors for City acceptance for City General Fund liability purposes and other commercially reasonable insurance coverages;
- (vi) security;
- (vii) replacement reserves; and
- (viii) Port, City, or third party personnel, administrative, and overhead costs related to maintenance or to contracting for and managing third-party maintenance.

“Party” is defined in **VDDA Section 26**.

“Parcel” means a specific development parcel within the SUD, which has letter or number modifiers, or both (e.g., Parcel E1, Parcel G, etc.).

“Parcel K North” is defined in **VDDA Recital A**.

“Payment Agent” means an Indenture Trustee or the Special Fund Trustee that will disburse funds to pay an Approved Payment Request as directed by the Port Finance Director.

“Payment Request” means Vertical Developer’s request to the Port in the form of Exhibit A for payment of PKN Capital Costs of PKN Horizontal Improvements.

“Pier 70 Condo CFD” means the CFD that will include Parcel K North and all Option Parcels in the 28 Acre Site that the Port sells for development as Residential Condo Projects, to be named *“City and County of San Francisco Special Tax District No. [TBD] (Pier 70 Condominiums)”*

“Pier 70 Condo CFD Proceeds” means Facilities Special Taxes and proceeds of Bonds secured by Facilities Special Taxes from Taxable Parcels in the Pier 70 Condo CFD.

“Pier 70 Condo CFD RMA” means the Rate and Method of Apportionment for the Pier 70 Condo CFD which includes proposed Mello-Roos Tax rates for Parcel K North in Zone 1.

“Pier 70 Project” is defined in **VDDA Section 26**.

EXHIBIT G

“PKN Capital Costs” means the Hard Costs, Soft Costs, Interest Costs and Development Fees of PKN Horizontal Improvements.

“PKN Horizontal Improvements” is defined in **VDDA Recital F** and shall consist of the 20th Street Plaza, the Michigan Street ROW Surface Improvements, the Michigan Street Sub-Surface Improvements, and the Michigan Street Plaza, each of which shall be referred to herein as a “PKN Horizontal Improvement.”

“PKN Improvement Area” is defined in **VDDA Section 26**.

“PKN Improvement Plans” is defined in **VDDA Section 26**.

“PKN Payment Sources” means: 1) for Michigan Street ROW (including Michigan Street Sub-Surface Improvements and Michigan Street Surface Improvements) and Michigan Street Plaza, Facilities Special Taxes from Zone 1 of the Pier 70 Condo CFD and the proceeds from Mello-Roos Bonds secured by Facilities Special Taxes from Zone 1 of the Pier 70 Condo CFD, and 2) for the 20th Street Plaza, Residential Condo Project Tax Increment and the proceeds of Tax Increment Bonds that are secured by Residential Condo Project Tax Increment collected from the Property.

“Port” is defined in **VDDA Section 26**.

“Port Audit” means a financial review performed by a CPA on behalf of the Port under **Section 3.7(a)** (Port Audit).

“Port Default” is defined in **Section 6.2**.

“Port Finance Director” means the Port’s Deputy Director, Finance and Administration.

“Port IFD Guidelines” means the Guidelines for the Establishment and Use of an Infrastructure Financing District with Project Areas on Land under the Jurisdiction of the San Francisco Port Commission, adopted April 23, 2013, by Board of Supervisors Resolution No. 123 13, as amended from time to time solely to the extent required under IFD Law or other controlling state or federal law.

“Project Requirements” is defined in **VDDA Section 13.1**.

“Project Area G” means the IFD project area formed by Ordinance No. 27-16.

“Project Tax Increment” means 91.11% of Allocated Tax Increment.

“Public Financing Sources” means, separately or collectively, any source of financing available under CFD Law and IFD Law, including Facilities Special Taxes, Allocated Tax Increment, and Bonds issued to finance PKN Horizontal Improvements.

“Public ROWs” means public streets, sidewalks, shared public ways, bicycle lanes, and other paths of travel, associated landscaping and furnishings, and related amenities.

“Public Space” means public parks, public recreational facilities, public access, open space, and other public amenities, some of which may be rooftop facilities.

“Rate and Method of Apportionment” means a financing document that the Board of Supervisors will adopt by a CFD resolution of formation that will prescribe how and at what rates the City will levy and collect Mello-Roos Taxes from taxpayers in the Pier 70 Condo CFD.

“Reserve Limitation” means, so long as it is applicable to Project Area G, a five year limit imposed by IFD Law on accumulating Tax Increment before expending Tax Increment on eligible costs.

“Residential Condo Project” means a residential parcel that is developed with for-sale condominium units within Sub-Project Area G-2, including Parcel K North.

EXHIBIT G

“Residential Condo Project Tax Increment” means the Project Tax Increment derived from a Residential Condo Project.

“RMA” is an acronym for the Rate and Method of Apportionment for the Pier 70 Condo CFD.

“Services Special Taxes” means Mello-Roos Taxes that the City levies in a City Fiscal Year on Taxable Parcels in the Pier 70 Condo CFD to fund Ongoing Maintenance Costs.

“Shoreline Protection Facilities” means future waterfront improvements at the San Francisco shoreline to protect the area from perils associated with seismic events and climate change, including sea level rise and floods, and other public improvements approved by the Port Commission and the Board of Supervisors.

“Soft Costs” means the reasonable and customary out-of-pocket costs actually paid by Vertical Developer in connection with the PKN Horizontal Improvements, including:

- (i) architectural, engineering, consultant, attorney, and other professional fees;
- (ii) construction insurance (including general liability, automobile liability, worker’s compensation, personal property, flood, pollution legal liability, comprehensive personal liability, builder’s risk, and professional services insurance);
- (iii) commercially reasonable construction management fees paid by Vertical Developer, a Transferee of Vertical Developer, or their respective Affiliates;
- (iv) regulatory, building (including plan review and inspection and site permit), encroachment, and other fees directly related to the PKN Horizontal Improvements and payable to the City, Port or other public agency;
- (v) Implementation of Mitigation Measures for PKN Horizontal Improvements;
- (vi) Port Costs directly related to the PKN Horizontal Improvements;
- (vii) security required under the VDDA or otherwise in connection with the PKN Horizontal Improvements, including any 20th Street Security;
- (viii) safety and security measures; and
- (ix) third-party costs to participate in audits, including Port Audits, and to prepare and store Vertical Developer’s Books and Records related to PKN Horizontal Improvements.

“Soft Costs” excludes:

- (1) Hard Costs;
- (2) Vertical Developer’s (or any Affiliate’s) corporate office, personnel, and overhead costs;
- (3) construction financing costs (loan fees and interest) for PKN Horizontal Improvements;
- (4) Interest Costs
- (5) Development Fees; and
- (6) costs associated with designing or constructing the Vertical Project.

“Special Fund Administration Agreement” means an agreement between the Port in its proprietary capacity, as CFD Agent, and as IFD Agent, and the Special Fund Trustee authorizing

EXHIBIT G

the trustee to receive, administer, and disburse funds in the Special Fund Trust Account to implement this Financing Plan.

“Special Fund Trust Account” means an account for the deposit and distribution of Facilities Special Taxes and Project Tax Increment for eligible uses.

“Special Fund Trustee” means a bank, national banking association, or a trust company having a combined capital (exclusive of borrowed capital) and surplus of at least \$50 million, selected by the City for the purposes of managing the Special Fund Trust Account, and that is subject to supervision or examination by federal or state authority.

“Special Provisions” is defined in **VDDA Section 26**.

“State” means the State of California.

“Subdivision Code” is defined in **VDDA Section 26**.

“Subdivision Maps” is defined in **VDDA Section 26**.

“Sub-Project Area G 2” means the sub-project area of IFD Project Area G described in Appendix G-2.

“Substantial Completion” is defined in **VDDA Section 26**.

“SUD” is defined in **VDDA Section 26**.

“SUD Project” is defined in **VDDA Section 26**.

“Tax Code” means the Internal Revenue Code of 1986, as amended, together with applicable temporary and final regulations promulgated, and applicable official public guidance published, under the United States Internal Revenue Code.

“Tax Increment” is defined in **VDDA Section 26**.

“Tax Increment Bonds” means any Bonds of the IFD with respect to Sub-Project Area G-2, Sub-Project Area G-3, and Sub-Project Area G-4, including obligations incurred under a Pledge Agreement, secured and payable by a pledge of or otherwise payable from Allocated Tax Increment.

“Tax Increment Bonds” excludes Mello-Roos Bonds.

“Taxable Parcel” means an assessor’s parcel of real property or other real estate interest that is not exempt from Mello-Roos Taxes.

“Transaction Documents” is defined in **VDDA Section 26**.

“Transferee” is defined in **VDDA Section 26**.

“VDDA” is an acronym for Vertical Disposition and Development Agreement.

“VDDA Exhibit I” means this Financing Plan.

“Vertical Developer” is defined in the preamble to the VDDA.

“Vertical Developer Default” is defined in **VDDA Section 19.1**.

“Vertical Disposition and Development Agreement” means that Vertical Disposition and Development Agreement by and between Port and Vertical Developer, effective as of the Effective Date.

“Vertical Project” is defined in **VDDA Recital F**.

“Zone 1” is the zone in the Pier 70 Condo CFD that contains, and is limited to, Parcel K North, which will be specified in the CFD Formation Proceedings.

EXHIBIT G

“Zone 2” is the zone in the Pier 70 Condo CFD that contains all Residential Condo Projects in the 28 Acre Site.

9. MISCELLANEOUS.

9.1. *Party Relationship.* The Port is not, and none of the provisions in this Financing Plan will be deemed to make the Port, a partner in Vertical Developer’s business, or a joint venturer or member in any joint enterprise with Vertical Developer. No Party has the right to act as the agent of any other Party in reference to this Financing Plan.

9.2. *Relationship to Public Works Contracting.* The VDDA and this Financing Plan provide for the Port’s acquisition of PKN Horizontal Improvements from time to time from PKN Payment Sources and is not intended to be a public works contract. In that regard, the Port and Vertical Developer agree to all of the following statements.

(a) Local Concern. Vertical Developer’s construction of PKN Horizontal Improvements is of local, not statewide, concern.

(b) Public Contract Code Inapplicable. Neither the California Public Contract Code nor the City’s public works requirements, except as set forth in the VDDA, apply to Vertical Developer’s construction of the PKN Horizontal Improvements.

(c) Private Contracts. Except as set forth in **VDDA Section 12.3**, Vertical Developer will award all contracts for the construction of the PKN Horizontal Improvements.

(d) No Advantage. Requiring Vertical Developer to comply with the Public Contract Code and the City’s public works requirements would be incongruous and would not produce an advantage to the City, the Port, or the project.

(e) Third-Party Work. Construction of the PKN Horizontal Improvements may be performed by Vertical Developer, or by contractors employed by Vertical Developer.

9.3. *Independent Contractor.*

(a) No Obligation to Contractors. In performing under this Financing Plan, Vertical Developer is an independent contractor and not the agent or employee of the Port, the City, the CFD, or the IFD. None of the Port, the City, the CFD, or the IFD has any obligation to make payments to any contractor, subcontractor, agent, consultant, employee, or supplier of Vertical Developer.

(b) Port Determination. The Port has determined that it would obtain no advantage by directly undertaking the construction of the PKN Horizontal Improvements, and that the VDDA requires that the PKN Horizontal Improvements be constructed by Vertical Developer as if they had been constructed under the direction and supervision, or under the authority, of the applicable Acquiring Agency.

9.4. *Approvals Standards.* The Parties agree that the approval standards and procedures below will apply to implementation of this Financing Plan except as otherwise specified.

(a) No Limitation on Regulatory Capacity. This Financing Plan does not constrain the Port’s exercise of regulatory authority.

(b) Proprietary Capacity. The Port, when acting in its proprietary capacity as landowner and landlord under this Financing Plan, will make determinations in its reasonable judgment except as otherwise specified in this Financing Plan.

(c) Vertical Developer. Vertical Developer when acting under this Financing Plan, will make determinations in its reasonable judgment except as otherwise specified in this Financing Plan.

EXHIBIT G

(d) Authorized Vertical Developer Representative. Vertical Developer must designate from time to time by notice to Port under **VDDA Section 25.2** (Notices) a representative who is authorized to act on Vertical Developer's behalf in reference to requests for approvals or other actions. Port will rely on any notice delivered under this Section until superseded by a later notice.

9.5. Vertical Developer Representations and Warranties. Vertical Developer's representations and warranties to Port in **VDDA Section 25.4** are incorporated herein.

9.6. Standards Otherwise Applicable. Except as expressly provided otherwise in this Financing Plan, whenever a Party is permitted to make a judgment, form an opinion, judge the sufficiency of the other Party's performance, or exercise discretion in taking (or refraining from taking) any action or making any determination, that Party must proceed with due diligence and employ commercially reasonable standards in doing so. In general, the Parties' ministerial acts in implementing this Financing Plan, including construction of PKN Horizontal Improvements, approvals, disapprovals, demands for performance, requests for additional information, and any exercise of an election or option, must be commercially reasonable. The requirements for approvals under this Financing Plan extend to and bind any Agents of Vertical Developer or of the Port that act on behalf of their principals.

9.7. Limitations on Liability of the Parties.

(a) No Consequential, Punitive, or Special Damages.

(i) Neither Vertical Developer nor the Port would have entered into or become a Party to this Financing Plan if it could be liable for actual, indirect, consequential, incidental, punitive, or special damages, including, but not limited to, lost opportunities, lost profits or other damages of a consequential nature under this Financing Plan. Accordingly, Vertical Developer and the Port each waives any Claims against the other Party, and covenants not to sue the other, for indirect or consequential, punitive, or special damages under this Financing Plan, including loss of profit, loss of business opportunity, or damage to goodwill.

(ii) The waivers in this Financing Plan will not affect each Party's right to recover actual damages that arise from a Breaching Party's failure to: (1) pay any sum when due under Financing Plan; (2) satisfy any indemnity under this Financing Plan; or (3) pay Attorneys' Fees and Costs when due under an Arbitrator's decision or a court's final judgment.

9.8. Notice. Notices under this Financing Plan shall be provided in accordance with **VDDA Section 25.2** (Notices).

Form of Payment Request

PAYMENT REQUEST NO. _____

PRINCIPAL AMOUNT REQUESTED: \$_____ for PKN Capital Costs of PKN Horizontal Improvements.

To the Chief Harbor Engineer and the Port:

1. I am authorized to execute this Payment Request on behalf of Vertical Developer.
2. The costs for which payment is requested:
 - (a) have not been inflated in any respect;
 - (b) have not been previously paid;
 - (c) are not the subject of any previously submitted Payment Requests; and
 - (d) have been calculated in conformance with the Financing Plan.

3.

☐ The Acquiring Party has inspected the PKN Horizontal Improvement for which payment is requested (described in **Exhibit A-1** (Form: Components or Costs Covered by Payment Request)) and determined that they have been constructed in accordance with the Financing Plan. The PKN Capital Costs for which payment is requested are not the subject of dispute with any contractor, subcontractor, materialman, or other person who supplied goods or labor, as evidenced by the attached lien releases.

☐ The Chief Harbor Engineer has inspected the PKN Horizontal Improvement for which payment is requested and determined that they have been constructed in accordance with the Financing Plan. The costs for which payment is requested are not the subject of dispute with any contractor, subcontractor, materialman, or other person who supplied goods or labor, as evidenced by the attached lien releases.

☐ The PKN Horizontal Improvement is at the stage of [Substantial Completion]/[Acceptance].

4. Vertical Developer is in compliance with the VDDA and the Financing Plan.
5. Vertical Developer is not:
 - (a) delinquent in the payment of ad valorem real property taxes, possessory interest taxes, Mello-Roos Special Taxes, or special assessments levied on Parcel K North; or
 - (b) in default under the Financing Plan or the VDDA.

EXHIBIT G

6. When this Payment Request is approved, payments are to be made as follows:

☐ To Vertical Developer, the amount of \$ _____ to its deposit account at the following financial institution by wire, according to the following instructions:

[Insert wiring instructions.]

By signing below, I certify that the above representations and warranties and all information provided in this Payment Request, including attachments and exhibits, are true and correct to the best of my knowledge based on reasonable investigation and inquiry.

By: _____
Authorized Representative of
64 PKN Owner, LLC

Date: _____

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
MITIGATION MEASURES FOR THE PIER 70 MIXED-USE DISTRICT PROJECT					
<i>Cultural Resources (Archaeological Resources) Mitigation Measures</i>					
M-CR-1a: Archeological Testing, Monitoring, Data Recovery and Reporting Based on a reasonable presumption that archeological resources may be present within the project site, the following measures shall be undertaken to avoid any potentially significant adverse effect from the Proposed Project on buried or submerged historical resources. The project sponsors shall retain the services of an archeological consultant from rotational Department Qualified Archeological Consultants List (QACL) maintained by the Planning Department archeologist. The project sponsors shall contact the Department archeologist to obtain the names and contact information for the next three archeological consultants on the QACL. The archeological consultant shall undertake an archeological testing program as specified herein. In addition, the consultant shall be available to conduct an archeological monitoring and/or data recovery program if required pursuant to this measure. The archeological consultant's work shall be conducted in accordance with this measure at the direction of the Environmental Review Officer (ERO). All plans and reports prepared by the consultant as specified herein shall be submitted first and directly to the ERO for review and comment, and shall be considered draft reports subject to revision until final approval by the ERO. Archeological monitoring and/or data recovery programs required by this measure could suspend construction of the project for up to a maximum of four weeks. At the direction of the ERO, the	Project sponsors ² to retain qualified professional archaeologist from the pool of archaeological consultants maintained by the Planning Department. The archaeological consultant shall undertake an archaeological testing program as specified herein. Project sponsors,	Prior to the issuance of site permits, submittal of all plans and reports for approval by the ERO.	Archaeological consultant's work shall be conducted in accordance with this measure at the direction of the ERO.	Considered complete when project sponsor retains a qualified professional archaeological consultant and archeological consultant has approved scope by the ERO for the archeological testing program	Planning Department

¹ Both the City and the Port have jurisdiction over portions of the Project Site. This column identifies the agency or agencies with monitoring responsibility for each mitigation and improvement measure. The 28-Acre Site and 20th/Illinois Parcels are located within the Port's building permit jurisdiction. The Hoedown Yard parcel is located within the San Francisco Department of Building Inspection (DBI).

² Note: For purposes of this MMRP, unless otherwise indicated, the term "project sponsor" shall mean the party (*i.e.*, the Developer under the DDA, a Vertical Developer (as defined in the DDA) or Port, as applicable, and their respective contractors and agents) that is responsible under the Project documents for construction of the improvements to which the Mitigation Measure applies, or otherwise assuming responsibility for implementation of the mitigation measure.

<p>The archeological consultant shall prepare and submit to the ERO for review and approval an archeological testing plan (ATP). The archeological testing program shall be conducted in accordance with the approved ATP. The ATP shall identify the property types of the expected archeological resource(s) that potentially could be adversely affected by the Proposed Project, the testing method to be used, and the locations recommended for testing. The purpose of the archeological testing program will be to determine to the extent possible the presence or absence of archeological resources and to identify and to evaluate whether any archeological resource encountered on the site constitutes an historical resource under CEQA.</p> <p>At the completion of the archeological testing program, the archeological consultant shall submit a written report of the findings to the ERO. If based on the archeological testing program the archeological consultant finds that significant archeological resources may be present, the ERO in consultation with the archeological consultant shall determine if additional measures are warranted. Additional measures that may be undertaken include additional archeological testing, archeological monitoring, and/or an archeological data recovery program. If the ERO determines that a significant archeological resource is present and that the resource could be adversely affected by the Proposed Project, at the discretion of the project sponsors either:</p> <p>A) The Proposed Project shall be redesigned so as to avoid any adverse effect on the significant archeological resource; or</p> <p>B) A data recovery program shall be implemented, unless the ERO determines that the archeological resource is of greater interpretive than research significance and that interpretive use of the resource is feasible.</p>	<p>ATP: Project sponsors and archaeological consultant in consultation with the ERO.</p> <p><u>Archeological Testing Report:</u> Project sponsors and archaeological consultant in consultation with the ERO.</p>	<p>excavation, site preparation or construction, and prior to testing, an ATP for a defined geographic area and/or specified construction activities is to be submitted to and approved by the ERO. A single ATP or multiple ATPs may be produced to address project phasing.</p> <p>At the completion of each archaeological testing program.</p>	<p>consultant to undertake ATP in consultation with ERO.</p> <p>Archaeological consultant to submit results of testing, and in consultation with ERO, determine whether additional measures are warranted. If significant archaeological</p>	<p>complete with approval of the ATP by the ERO and on finding by the ERO that the ATP is implemented.</p> <p>Considered complete on submittal to ERO of report(s) on ATP findings.</p>	Department

			resources are present and may be adversely affected, project sponsors, at its discretion, may elect to redesign a project, or implement data recovery program, unless ERO determines the archaeological resource is of greater interpretive than research significance and that interpretive use is feasible.		
<u>Archeological Monitoring Program</u> <p>If the ERO in consultation with the archeological consultant determines that an archeological monitoring program (AMP) shall be implemented, the AMP would minimally include the following provisions:</p> <ul style="list-style-type: none"> The archeological consultant, project sponsors, and ERO shall meet and consult on the scope of the AMP prior to any project-related soils disturbing activities commencing. The ERO in consultation with the archeological consultant shall determine what project activities shall be archeologically monitored. A single AMP or multiple AMPs may be produced to address project phasing. In most cases, any soils-disturbing activities, such as demolition, foundation removal, excavation, grading, utilities installation, foundation work, driving of piles (foundation, shoring, etc.), site remediation, etc., shall require archeological monitoring 	Project sponsors and archaeological consultant at the direction of the ERO.	The archaeological consultant, project sponsors, and ERO shall meet prior to the commencement of soil-disturbing activities for a defined geographic area and/or specified construction	If required, archaeological consultant to prepare the AMP in consultation with the ERO.	Considered complete on approval of AMP(s) by ERO; submittal of report regarding findings of AMP(s); and finding by ERO that AMP(s) is implemented.	Planning Department

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
<p>because of the risk these activities pose to potential archeological resources and to their depositional context. The archeological consultant shall advise all project contractors to be on the alert for evidence of the presence of the expected resource(s), of how to identify the evidence of the expected resource(s), and of the appropriate protocol in the event of apparent discovery of an archeological resource;</p> <ul style="list-style-type: none"> The archeological monitor(s) shall be present on the project site according to a schedule agreed upon by the archeological consultant and the ERO until the ERO has, in consultation with project archeological consultant, determined that project construction activities could have no effects on significant archeological deposits; The archeological monitor shall record and be authorized to collect soil samples and artifactual/ecofactual material as warranted for analysis; <p>If an intact archeological deposit is encountered, all soils-disturbing activities in the vicinity of the deposit shall cease. The archeological monitor shall be empowered to temporarily redirect demolition/excavation/pile driving/construction activities and equipment until the deposit is evaluated. If in the case of pile driving activity (foundation, shoring, etc.), the archeological monitor has cause to believe that the pile driving activity may affect an archeological resource, pile driving activity that may affect the archeological resource shall be suspended until an appropriate evaluation of the resource has been made in consultation with the ERO. The archeological consultant shall immediately notify the ERO of the encountered archeological deposit. The archeological consultant shall make a reasonable effort to assess the identity, integrity, and significance of the encountered archeological deposit, and present the findings of this assessment to the ERO. If the ERO determines that a significant archeological resource is present and that the resource could be adversely affected by the Proposed Project, at the</p>		<p>activities. The ERO in consultation with the archaeological consultant shall determine what archaeological monitoring is necessary. A single AMP or multiple AMPs may be produced to address project phasing.</p>			

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
<p>discretion of the project sponsors either:</p> <p>A) The Proposed Project shall be redesigned so as to avoid any adverse effect on the significant archeological resource; or</p> <p>B) A data recovery program shall be implemented, unless the ERO determines that the archeological resource is of greater interpretive than research significance and that interpretive use of the resource is feasible.</p> <p>Whether or not significant archeological resources are encountered, the archeological consultant shall submit a written report of the findings of the monitoring program to the ERO.</p>					
<p><u>Archeological Data Recovery Program</u></p> <p>If the ERO, in consultation with the archeological consultant, determines that an archeological data recovery programs shall be implemented based on the presence of a significant resource, the archeological data recovery program shall be conducted in accord with an archeological data recovery plan (ADRP). No archeological data recovery shall be undertaken without the prior approval of the ERO or the Planning Department archeologist. The archeological consultant, project sponsors, and ERO shall meet and consult on the scope of the ADRP prior to preparation of a draft ADRP. The archeological consultant shall submit a draft ADRP to the ERO. The ADRP shall identify how the proposed data recovery program will preserve the significant information the archeological resource is expected to contain. That is, the ADRP will identify what scientific/historical research questions are applicable to the expected resource, what data classes the resource is expected to possess, and how the expected data classes would address the applicable research questions. Data recovery, in general, shall be limited to the portions of the historical property that could be adversely affected by the Proposed Project. Destructive data recovery methods shall not be applied to portions of the archeological resources if nondestructive methods are practical.</p>	Project sponsors and archaeological consultant at the direction of the ERO.	Upon determination by the ERO that an ADRP is required. A single ADRP or multiple ADRPs may be produced to address project phasing.	If required, archaeological consultant to prepare an ADRP(s) in consultation with the ERO.	Considered complete on submittal of ADRP(s) to ERO.	

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
<p>The scope of the ADRP shall include the following elements:</p> <ul style="list-style-type: none"> • <i>Field Methods and Procedures.</i> Descriptions of proposed field strategies, procedures, and operations. • <i>Cataloguing and Laboratory Analysis.</i> Description of selected cataloguing system and artifact analysis procedures. • <i>Discard and Deaccession Policy.</i> Description of and rationale for field and post-field discard and deaccession policies. • <i>Interpretive Program.</i> Consideration of an on-site/off-site public interpretive program during the course of the archeological data recovery program. • <i>Security Measures.</i> Recommended security measures to protect the archeological resource from vandalism, looting, and non-intentionally damaging activities. • <i>Final Report.</i> Description of proposed report format and distribution of results. • <i>Curation.</i> Description of the procedures and recommendations for the curation of any recovered data having potential research value, identification of appropriate curation facilities, and a summary of the accession policies of the curation facilities. 					
<p><u>Human Remains and Associated or Unassociated Funerary Objects</u></p> <p>The treatment of human remains and of associated or unassociated funerary objects discovered during any soils disturbing activity shall comply with applicable State and Federal laws. This shall include immediate notification of the coroner of the City and County of San Francisco and in the event of the coroner's determination that the human remains are Native American remains, notification of the California State Native American Heritage Commission (NAHC) who shall appoint a Most Likely Descendant (MLD) (Pub. Res. Code Sec. 5097.98). The archeological consultant, project</p>	Project sponsors and archaeological consultant, in consultation with the San Francisco Coroner, NAHC, ERO, and MLD. MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
sponsors, ERO, and MLD shall make all reasonable efforts to develop an agreement for the treatment of, with appropriate dignity, human remains and associated or unassociated funerary objects (State CEQA Guidelines Section 15064.5(d)). The agreement shall take into consideration the appropriate excavation, removal, recordation, analysis, custodianship, curation, and final disposition of the human remains and associated or unassociated funerary objects. The archeological consultant shall retain possession of any Native American human remains and associated or unassociated burial objects until completion of any scientific analyses of the human remains or objects as specified in the treatment agreement if such an agreement has been made or, otherwise, as determined by the archeological consultant and the ERO.			Implement regulatory requirements, if applicable, regarding discovery of Native American human remains and associated/unassociated funerary objects. Contact archaeological consultant and ERO.	and NAHC, if necessary.	
<p><u>Final Archeological Resources Report</u></p> <p>The archeological consultant shall submit a Final Archeological Resources Report (FARR) to the ERO that evaluates the historical significance of any discovered archeological resource and describes the archeological and historical research methods employed in the archeological testing/monitoring/data recovery program(s) undertaken. Information that may put at risk any archeological resource shall be provided in a separate removable insert within the final report. The FARR may be submitted at the conclusion of all construction activities associated with the Proposed Project or on a parcel-by-parcel basis.</p> <p>Once approved by the ERO, copies of the FARR shall be distributed as follows: California Archaeological Site Survey Northwest Information Center (NWIC) shall receive one (1) copy and the ERO shall receive a copy of the transmittal of the FARR to the NWIC. The Environmental Planning division of the Planning Department shall receive one bound, one unbound and one unlocked, searchable PDF copy on CD of the FARR along with copies of any formal site recordation forms (CA DPR 523 series) and/or documentation for nomination to the National Register of Historic Places/California Register of Historical Resources. In instances of high</p>	<p>Project sponsors and archaeological consultant at the direction of the ERO.</p> <p>The ERO shall provide to the archaeological consultant(s) preparing the FARR reports and relevant data obtained through implementation of this Mitigation Measure M-CR-1a.</p>	<p>For Horizontal Developer-prior to determination of substantial completion of infrastructure at each sub-phase</p> <p>For Vertical Developer-prior to issuance of Certificate of Temporary or Final Occupancy, whichever occurs first</p>	<p>If applicable, archaeological consultant to submit a Draft and final FARR to ERO based on reports and relevant data provided by the ERO</p> <p>Archaeological consultant to distribute FARR.</p>	<p>Considered complete on submittal of FARR and approval by ERO.</p> <p>Considered complete when archaeological consultant provides written certification to the ERO that the required FARR</p>	<p>Planning Department</p>

public interest in or the high interpretive value of the resource, the ERO may require a different final report content, format, and distribution than that presented above.		If applicable, upon approval of the FARR by the ERO.		distribution has been completed.	
<p>M-CR-1b: Interpretation</p> <p>Based on a reasonable presumption that archeological resources may be present within the project site, and to the extent that the potential significance of some such resources is premised on CRHR Criteria 1 (Events), 2 (Persons), and/or 3 (Design/Construction), the following measure shall be undertaken to avoid any potentially significant adverse effect from the Proposed Project on buried or submerged historical resources if significant archeological resources are discovered.</p> <p>The project sponsors shall implement an approved program for interpretation of significant archeological resources. The interpretive program may be combined with the program required under Mitigation Measure M-CR-4b: Public Interpretation. The project sponsors shall retain the services of a qualified archeological consultant from the rotational Department Qualified Archeological Consultants List (QACL) maintained by the Planning Department archeologist having expertise in California urban historical and marine archeology. The archeological consultant shall develop a feasible, resource-specific program for post-recovery interpretation of resources. The particular program for interpretation of artifacts that are encountered within the project site will depend upon the results of the data recovery program and will be the subject of continued discussion between the ERO, consulting archeologist, and the project sponsors. Such a program may include, but is not limited to, any of the following (as outlined in the ARDTP): surface commemoration of the original location of resources; display of resources and associated artifacts (which may offer an underground view to the public); display of interpretive materials such as graphics, photographs, video, models, and public art; and academic and popular publication of the results of the data recovery. The interpretive program shall include an on-site</p>	Project sponsors and archaeological consultant at the direction of the ERO.	Prior to issuance of final certificate of occupancy	Archaeological consultant shall develop a feasible, resource-specific program for post-recovery interpretation of resources. <p>Mitigation Measure M-CR-5: Preparation of Historic Resource Evaluation Reports, Review, and Performance Criteria.</p> <p>Prior to Port issuance of building permits associated with Buildings 2, 12 and 21, Port of San Francisco Preservation staff shall review and approve future rehabilitation design proposals for Buildings 2, 12, and 21. Submitted rehabilitation design proposals for Buildings 2 and 12 shall include, in addition to proposed building design, detail on the proposed landscaping treatment within a 20-foot-wide perimeter of each building. The Port's review and analysis would be informed by Historic Resource Evaluation(s) provided by the project sponsors. The Historic Resource Evaluation(s) shall be prepared by a qualified consultant who meets or exceeds the Secretary of the Interior's Professional Qualification Standards in historic architecture or architectural history. The scope of the Historic Resource Evaluation(s) shall be reviewed and approved by Port Preservation staff prior to the start of work. Following review of the completed Historic Resource Evaluation(s), Port preservation staff would prepare one or more Historic Resource Evaluation Response(s) that would contain a determination as to the effects, if any, on historical resources of the proposed renovation. The Port shall not issue buildings permits associated with Buildings 2, 12, and 21 until Port preservation staff conclude that the design (1) conforms with the Secretary of the Interior's Standards for Rehabilitation; (2) is compatible with the UIW Historic District; and (3) preserves the building's historic materials and character-defining features, and repairs instead of replaces deteriorated features, where feasible. Should alternative materials be proposed for replacement of historic materials, they shall be in keeping with the size, scale, color, texture, and general appearance. The performance criteria shall ensure</p>	Project sponsors and qualified preservation architect, historic preservation expert, or other qualified individual.	Prior to the issuance of building permits associated with Buildings 2, 12 and 21.	Qualified historian to prepare historic resource evaluation documentation and present to Port staff to determine conformance to the Secretary's Standards.	Considered complete upon approval by the Port staff.	Port

<p>the route to exceed its utilization. Forecasts of travel behavior of future phases could be based on trip generation rates forecast in the EIR or based on subsequent surveys of occupants of the project, possibly including surveys conducted as part of ongoing TDM monitoring efforts required as part of Air Quality Mitigation Measure M-AQ-1f: Transportation Demand Management.</p> <p>If trip generation calculations or monitoring surveys demonstrate that a specific phase of the Proposed Project will cause capacity on the 48 Quintara/24th Street route to exceed 85 percent, the project sponsors shall provide capital costs for increased capacity on the route in a manner deemed acceptable by SFMTA through the following means:</p> <ul style="list-style-type: none"> At SFMTA's request, the project sponsors shall pay the capital costs for additional buses (up to a maximum of four in the Maximum Residential Scenario and six in the Maximum Commercial Scenario). If the SFMTA requests the project sponsor to pay the capital costs of the buses, the SFMTA would need to find funding to pay for the added operating cost associated with operating increased service made possible by the increased vehicle fleet. The source of that funding has not been established. <p>Alternatively, if SFMTA determines that other measures to increase capacity along the route would be more desirable than adding buses, the project sponsors shall pay an amount equivalent to the cost of the required number of buses toward completion of one or more of the following, as determined by SFMTA:</p> <ul style="list-style-type: none"> Convert to using higher-capacity vehicles on the 48 Quintara/24th Street route. In this case, the project sponsors shall pay a portion of the capital costs to convert the route to articulated buses. Some bus stops along the route may not currently be configured to accommodate the longer articulated buses. Some bus zones could likely be extended by removing one or more parking spaces; in some locations, appropriate space may not be available. The 	<p>bus route shall be prepared by a consultant from the Planning Department's Transportation Consultant Pool, using a methodology approved by SFMTA and Planning. If documentation of capacity is based on monitoring surveys, the transportation consultant shall submit raw data from such surveys concurrently to SFMTA, the Planning Department, and project sponsors.</p>	<p>If project sponsors demonstrate to the SFMTA that the phase would not generate a number of transit trips on the 48 Quintara/24th Street bus route that would exceed the significance thresholds outlined in the EIR, further monitoring is not required during that phase.</p> <p><u>Capital Costs:</u> Payment required after SFMTA affirms via letter to the project sponsors that mitigation funds will be</p>	<p>requested would not generate a number of transit trips on the 48 Quintara/24th Street bus route that would exceed the significance thresholds outlined in the EIR.</p> <p>If the project demonstrates (using trip generation rates forecasted in the EIR or through surveys of existing travel behavior at the site) that a specific building would cause capacity to exceed 85 percent based on the Baseline scenario in the EIR or would contribute more than 5 percent of capacity on the line if it was already projected to exceed 85 percent capacity utilization in the Baseline</p>		

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
<p>project sponsors' contribution may not be adequate to facilitate the full conversion of the route to articulated buses; therefore, a source of funding would need to be established to complete the remainder, including improvements to bus stop capacity at all of the bus stops along the route that do not currently accommodate articulated buses.</p> <ul style="list-style-type: none"> SFMTA may determine that instead of adding more buses to a congested route, it would be more desirable to increase travel speeds along the route. In this case, the project sponsors' contribution would be used to fund a study to identify appropriate and feasible improvements and/or implement a portion of the improvements that would increase travel speeds sufficiently to increase capacity along the bus route such that the project's impacts along the route would be determined to be less than significant. Increased speeds could be accomplished by funding a portion of the planned bus rapid transit system along 16th Street for the 22 Fillmore between Church and Third streets. Adding signals on Pennsylvania Street and 22nd Street may serve to provide increased travel speeds on this relatively short segment of the bus routes. The project sponsors' contribution may not be adequate to fully achieve the capacity increases needed to reduce the project's impacts and SFMTA may need to secure additional sources of funding. <p>Another option to increase capacity along the corridor is to add new a Muni service route in this area. If this option is selected, project sponsors shall fund purchase of the same number of new vehicles outlined in the first option (four for the Maximum Residential Alternative and six for the Maximum Commercial Alternative) to be operated along the new route. By providing an additional service route, a percentage of the current transit riders on the 48 Quintara/24th Street would likely shift to the new route, lowering the capacity utilization below the 85 percent utilization threshold. As for the first option, funding would need to be secured to pay for operating the new route.</p>		<p>spent on implementation of M-TR-5 through purchase of additional buses or alternative measure in accordance with M-TR-5. Capital costs for more than four buses, up to a maximum of six buses, shall only be required if the total gsf of commercial use exceeds the Maximum Residential Scenario total gsf of commercial use, identified in Table 2.3 of the EIR, and if project sponsors demonstrate that the</p>	<p>scenario without the Proposed Project, and the SFMTA has committed to implement M-TR-5, the project sponsors shall provide capital costs for increased capacity on the route in a manner deemed acceptable by SFMTA.</p>

<p><i>Source: SWCA.</i></p> <p><u>Requirements</u></p> <p>A wind impact analysis shall be required prior to building permit issuance for any proposed new building that is located within the project site and meets the conditions described above. All feasible means (e.g., changes in design, relocating or reorienting certain building(s), sculpting to include podiums and roof terraces, adding architectural canopies or screens, or street furniture) to eliminate hazardous winds, if predicted, shall be implemented. After such design changes and features have been considered, the additional effectiveness of landscaping may also be considered.</p> <p>1. <u>Screening-level analysis.</u> A qualified wind consultant approved by Port Staff shall review the proposed building design and conduct a “desktop review” in order to provide a qualitative result determining whether there could be a wind hazard. The screening-level analysis shall have the following steps: For each new building proposed that meets the criteria above, a qualified wind consultant shall review and compare the exposure, massing, and orientation of the proposed building(s) on the subject parcel to the building(s) on the same parcel in the representative massing models of the Proposed Project tested in the wind tunnel as part of this EIR and in any subsequent wind analysis testing required by this mitigation measure. The wind consultant shall identify and compare the potential impacts of the proposed building(s) to those identified in this EIR, subsequent wind testing that may have occurred under this mitigation measure, and to the City’s wind hazard criterion. The wind consultant’s analysis and evaluation shall consider the proposed building(s) in the context of the “Current Project Baseline,” which, at any given time during construction of the Proposed Project, shall be defined as any existing buildings at the site, the as-built designs of all previously-completed structures and the then-current designs of</p>					

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
<p>approved but yet unbuilt structures that would be completed by the time of occupancy of the subject building.</p> <p>(a) If the qualified wind consultant concludes that the building design(s) could not create a new wind hazard and could not contribute to a wind hazard identified by prior wind tunnel testing for the EIR and in subsequent wind analysis required by this mitigation measure, no further review would be required. If there could be a new wind hazard, then a quantitative assessment shall be conducted using wind tunnel testing or an equivalent quantitative analysis that produces comparable results to the analysis methodology used in this EIR.</p> <p>(b) If the qualified wind consultant concludes that the building design(s) could create a new wind hazard or could contribute to a wind hazard identified by prior wind tunnel testing conducted for this EIR and in subsequent wind analysis required by this mitigation measure, but in the consultant's professional judgment the building(s) can be modified to reduce such impact to a less-than-significant level, the consultant shall notify Port Staff and the building applicant. The consultant's professional judgment may be informed by the use of "desktop" analytical tools, such as computer tools relying on results of prior wind tunnel testing for the Proposed Project and other projects (i.e., "desktop" analysis does not include new wind tunnel testing). The analysis shall include consideration of wind location, duration, and speed of wind. The building applicant may then propose changes or supplements to the design of the proposed building(s) to achieve this result. These changes or supplements may include, but are not limited to, changes in design, building orientation, sculpting to include podiums and roof terraces, and/or the addition of architectural canopies or screens, or</p>					

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
<p>street furniture. The effectiveness of landscaping may also be considered. The wind consultant shall then reevaluate the building design(s) with specified changes or supplements. If the wind consultant demonstrates to the satisfaction of Port Staff that the modified design and landscaping for the building(s) could not create a new wind hazard or contribute to a wind hazard identified in prior wind tunnel testing conducted for this EIR and in subsequent wind analysis required by this mitigation measure, no further review would be required.</p> <p>(c) If the consultant is unable to demonstrate to the satisfaction of Port Staff that no increase in wind hazards would occur, wind tunnel testing or an equivalent method of quantitative evaluation producing results that can be compared to those used in the EIR and in any subsequent wind analysis testing required by this mitigation measure is required. The building(s) shall be wind tunnel tested in the context of a model that represents the Current Project Baseline, as described in Item 1, above. The testing shall include all the test points in the vicinity of a proposed building or group of buildings that were tested in this EIR, as well as all additional points deemed appropriate by the consultant to determine the wind performance for the building(s). Testing shall occur in places identified as important, e.g., building entrances, sidewalks, etc., and there may need to be additional test point locations considered. At the direction and approval of the Port, the "vicinity" shall be determined by the wind consultant, as appropriate for the circumstances, e.g., a starting concept for "vicinity" could be approximately 350 feet around the perimeter of the subject parcel(s), subject to the wind consultant's reducing or increasing this radial distance. The wind tunnel testing shall test the proposed building design(s), as well as the Current Project Baseline, in</p>					

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
<p>order to clearly identify those differences that would be due to the proposed new building(s). In the event the wind tunnel testing determines that design of the building(s) would increase the hours of wind hazard or extent of area subject to hazardous winds beyond those identified in prior wind tunnel testing conducted for this EIR and in subsequent wind tunnel analysis required by this mitigation measure, the wind consultant shall notify Port Staff and the building applicant. The building applicant may then propose changes or supplements to the design of the proposed building(s) to eliminate wind hazards. These changes or supplements may include, but are not limited to, changes in design, building orientation, sculpting building(s) to include podiums and roof terraces, adding architectural canopies or screens, or street furniture. All feasible means (changes in design, relocating or reorienting certain building(s), sculpting to include podiums and roof terraces, the addition of architectural canopies or screens, or street furniture) to eliminate wind hazards, if predicted, shall be implemented to the extent necessary to mitigate the impact. After such design changes and features have been considered, the additional effectiveness of landscaping at the size it is proposed to be installed may also be considered. The wind consultant shall then reevaluate the building design(s) with specified changes or supplements. If the wind consultant demonstrates to the satisfaction of Port Staff that the modified design would not create a new wind hazard or contribute to a wind hazard identified in prior wind tunnel testing conducted for this EIR and in subsequent wind analysis required by this mitigation measure, no further review would be required.</p> <p>If the proposed building(s) would result in a wind hazard exceedance, and the only way to eliminate the hazard is to redesign a proposed building, then the building shall be redesigned.</p>					

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
Mitigation Measure M-WS-2: Wind Reduction for Rooftop Winds If the rooftop of building(s) is proposed as public open space and/or a passive or active public recreational area prior to issuance of a building permit for the subject building(s), a qualified wind consultant shall prepare a wind impact and mitigation analysis in the context of the Current Project Baseline regarding the proposed architectural design. All feasible means (such as changing the proposed building mass or design; raising the height of the parapets to at least 8 feet, using a porous material where such material would be effective in reducing wind speeds; using localized wind screens, canopies, trellises, and/or landscaping around seating areas) to eliminate wind hazards shall be implemented as necessary. A significant wind impact would be an increase in the number of hours that the wind hazard criterion is exceeded or an increase in the area subjected to winds exceeding the hazard criterion as compared to existing conditions at the height of the proposed rooftop. The wind consultant shall demonstrate to the satisfaction of Port Staff that the building design would not create a new wind hazard or contribute to a wind hazard identified in prior wind testing conducted for this EIR.	Project Sponsors and qualified wind consultant.	Prior to issuance of a building permit for a building with a rooftop proposed as public open space and/or passive/active recreational area, the qualified wind consultant shall demonstrate that no new wind hazards or a contribution to a wind hazard identified in the EIR would occur in a wind hazard and mitigation analysis.	Port Staff to review wind hazard and mitigation analysis.	Considered complete upon approval or issuance of building permit	Port
<i>Biological Resources Mitigation Measures</i>

<p>would be determined on a nest-by-nest basis considering the particular construction activity, duration, proximity to the nest, and physical barriers which may screen activity from the nest. The qualified biologist may revise his/her determination at any time during the nesting season in coordination with the Port of San Francisco or Planning Department.</p> <p>ii. If it is determined that construction may affect the active nest, the qualified biologist shall establish a no-disturbance buffer around the nest(s) and all project work shall halt within the buffer until a qualified biologist determines the nest is no longer in use. Typically, these buffer distances are 250 feet for passerines and 500 feet for raptors; however, the buffers may be adjusted if an obstruction, such as a building, is within line-of-sight between the nest and construction.</p> <p>iii. Modifying nest buffer distances, allowing certain construction activities within the buffer, and/or modifying construction methods in proximity to active nests shall be done at the discretion of the qualified biologist and in coordination with the Port of San Francisco or Planning Department, who would notify CDFW. Necessary actions to remove or relocate an active nest(s) shall be coordinated with the Port of San Francisco or Planning Department and approved by CDFW.</p> <p>iv. Any work that must occur within established no-disturbance buffers around active nests shall be monitored by a qualified biologist. If adverse effects in response to project work within the buffer are</p>					

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
<p>observed and could compromise the nest, work within the no-disturbance buffer(s) shall halt until the nest occupants have fledged.</p> <p>v. Any birds that begin nesting within the project area and survey buffers amid construction activities are assumed to be habituated to construction-related or similar noise and disturbance levels, so exclusion zones around nests may be reduced or eliminated in these cases as determined by the qualified biologist in coordination with the Port of San Francisco or Planning Department, who would notify CDFW. Work may proceed around these active nests as long as the nests and their occupants are not directly impacted.</p> <p>* Typical experience requirements for a “qualified biologist” include a minimum of four years of academic training and professional experience in biological sciences and related resource management activities, and a minimum of two years of experience conducting surveys for each species that may be present within the project area.</p>					
<p>Mitigation Measure M-BI-2: Avoidance and Minimization Measures for Bats</p> <p>A qualified biologist (as defined by CDFW*) who is experienced with bat surveying techniques (including auditory sampling methods), behavior, roosting habitat, and identification of local bat species shall be consulted prior to demolition or building relocation activities to conduct a pre-construction habitat assessment of the project site (focusing on buildings to be demolished or relocated) to characterize potential bat habitat and identify potentially active roost sites. No further action is required should the pre-construction habitat assessment not identify bat habitat or signs of potentially active bat roosts within the project site (e.g., guano, urine staining, dead bats, etc.).</p>	Project sponsors, qualified biological consultant, and CDFW.	Prior to issuance of demolition or building permits when trees or shrubs would be removed or buildings demolished as part of an individual project.	Qualified biological consultant to conduct bat surveys and present results to Port Staff.	Considered complete upon issuance of demolition or building permits.	Port or Planning Department

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
<p>The following measures shall be implemented should potential roosting habitat or potentially active bat roosts be identified during the habitat assessment in buildings to be demolished or relocated under the Proposed Project or in trees adjacent to construction activities that could be trimmed or removed under the Proposed Project:</p> <ul style="list-style-type: none"> a) In areas identified as potential roosting habitat during the habitat assessment, initial building demolition, relocation, and any tree work (trimming or removal) shall occur when bats are active, approximately between the periods of March 1 to April 15 and August 15 to October 15, to the extent feasible. These dates avoid the bat maternity roosting season and period of winter torpor. [Torpor refers to a state of decreased physiological activity with reduced body temperature and metabolic rate.] b) Depending on temporal guidance as defined below, the qualified biologist shall conduct pre-construction surveys of potential bat roost sites identified during the initial habitat assessment no more than 14 days prior to building demolition or relocation, or any tree trimming or removal. c) If active bat roosts or evidence of roosting is identified during pre-construction surveys, the qualified biologist shall determine, if possible, the type of roost and species. A no-disturbance buffer shall be established around roost sites until the qualified biologist determines they are no longer active. The size of the no-disturbance buffer would be determined by the qualified biologist and would depend on the species present, roost type, existing screening around the roost site (such as dense vegetation or a building), as well as the type of construction activity that would occur around the roost site. d) If special-status bat species or maternity or hibernation roosts are detected during these surveys, appropriate species- and roost-specific avoidance and protection measures shall be 					

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
<p>developed by the qualified biologist in coordination with CDFW. Such measures may include postponing the removal of buildings or structures, establishing exclusionary work buffers while the roost is active (e.g., 100-foot no-disturbance buffer), or other compensatory mitigation.</p> <p>e) The qualified biologist shall be present during building demolition, relocation, or tree work if potential bat roosting habitat or active bat roosts are present. Buildings and trees with active roosts shall be disturbed only under clear weather conditions when precipitation is not forecast for three days and when daytime temperatures are at least 50 degrees Fahrenheit.</p> <p>f) The demolition or relocation of buildings containing or suspected to contain bat roosting habitat or active bat roosts shall be done under the supervision of the qualified biologist. When appropriate, buildings shall be partially dismantled to significantly change the roost conditions, causing bats to abandon and not return to the roost, likely in the evening and after bats have emerged from the roost to forage. Under no circumstances shall active maternity roosts be disturbed until the roost disbands at the completion of the maternity roosting season or otherwise becomes inactive, as determined by the qualified biologist.</p> <p>g) Trimming or removal of existing trees with potential bat roosting habitat or active (non-maternity or hibernation) bat roost sites shall follow a two-step removal process (which shall occur during the time of year when bats are active, according to a) above, and depending on the type of roost and species present, according to c) above).</p> <p>i. On the first day and under supervision of the qualified biologist, tree branches and limbs not containing cavities or fissures in which bats could roost shall be cut using chainsaws.</p>					

MITIGATION MONITORING AND REPORTING PROGRAM FOR PIER 70 MIXED-USE DISTRICT PROJECT					
MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
<p>ii. On the following day and under the supervision of the qualified biologist, the remainder of the tree may be trimmed or removed, either using chainsaws or other equipment (e.g., excavator or backhoe).</p> <p>All felled trees shall remain on the ground for at least 24 hours prior to chipping, off-site removal, or other processing to allow any bats to escape, or be inspected once felled by the qualified biologist to ensure no bats remain within the tree and/or branches.</p> <p>iv. * CDFW defines credentials of a "qualified biologist" within permits or authorizations issued for a project. Typical qualifications include a minimum of five years of academic training and professional experience in biological sciences and related resource management activities, and a minimum of two years of experience conducting surveys for each species that may be present within the project area.</p>					
<p>Mitigation Measure M-BI-3: Pile Driving Noise Reduction for Protection of Fish and Marine Mammals</p> <p>Prior to the start of reconstruction of the bulkhead in Reach II, the project sponsors shall prepare a detailed Construction Plan that outlines the details of the piling installation approach. This Plan shall be reviewed and approved by Port Staff. The information provided in this plan shall include, but not be limited to, the following:</p> <ul style="list-style-type: none"> • The type of piling to be used (whether sheet pile or H-pile); • The piling size to be used; • The method of pile installation to be used; • Noise levels for the type of piling to be used and the method of pile driving; • Recalculation of potential underwater noise levels that could be generated during pile driving using methodologies outlined in 	Project sponsors.	Prior to construction of the bulkhead in Reach II, project sponsors to prepare a Construction Plan.	Project sponsors to prepare a Construction Plan and submit it to the Port for review and approval. If determined necessary, sound attenuation and monitoring plan would then be developed. Results of the vibration monitoring would be provided to NOAA if required. An alternative to the sound	Considered complete upon review and approval of the Construction Plan. If determined necessary, approval of the sound attenuation and monitoring plan would be required by Port Staff, and monitoring results would be provided to	Port

replacement of the Reach II bulkhead. Implementation of restoration/enhancement activities by the permittee shall occur prior to project impacts, whenever possible.					
<i>Geology and Soils Mitigation Measures</i>					
Mitigation Measure M-GE-3a: Reduction of Rock Fall Hazards The project sponsors shall prepare a site-specific geotechnical report(s), subject to review and approval by the Port, that evaluates the design and construction methods proposed for Parcels PKS, C-1, and C-2, the Irish Hill playground, and 21 st Street. The investigations shall determine the potential for rock fall hazards. If the potential for rock fall hazards is identified, the site-specific geotechnical investigations shall identify measures to minimize such hazards to be implemented by the project sponsors. Possible measures to reduce the impacts of potential rock fall hazards include, but are not limited to, the following: <ul style="list-style-type: none"> Limited regrading to adjust slopes to stable gradient; Rock fall containment measures such as installation of drape nets, rock fall catchment fences, or diversion dams; and Site design measures such as implementing setbacks to ensure that buildings and public uses are outside areas that could be subject to damage as a result of rock fall. 	Project sponsors.	Prior to the start of construction activities at Parcels PKS, C-1, C-2, the Irish Hill playground, and 21 st Street.	Project sponsors to submit geotechnical report(s) to the Port for review and approval.	Considered complete upon approval of geotechnical report(s) and any associated measures to minimize rock fall hazards.	Port
Mitigation Measure M-GE-3b: Signage and Restricted Access to Pier 70 Prior to issuance of the first certificate of occupancy under the Proposed Project, the project sponsors shall install a gate or an equivalent measure to prevent access to the existing dilapidated pier at the project site. A sign shall be posted at the potential access point informing the public of potential risks associated with use of the structure and prohibiting public access.	Project sponsors to install signage and gate or equivalent measure to prevent access to the existing dilapidated pier.	Prior to issuance of the first Certificate of Occupancy.	Project sponsors to document installation of signage and gate or equivalent measure	Considered complete upon installation of the signage and gate or equivalent measure. IMPROVEMENT MEASURES FOR THE PIER 70 MIXED-USED DISTRICT PROJECT					
<p>Improvement Measure I-CR-4a: Documentation</p> <p>Before any demolition, rehabilitation, or relocation activities within the UIW Historic District, the project sponsors should retain a professional who meets the Secretary of the Interior's Professional Qualifications Standards for Architectural History to prepare written and photographic documentation of all contributing buildings proposed for demolition within the UIW Historic District. The documentation for the property should be prepared based on the National Park Service's Historic American Building Survey (HABS)/Historic American Engineering Record (HAER) Historical Report Guidelines. This type of documentation is based on a combination of both HABS/HAER standards and National Park Service's policy for photographic documentation, as outlined in the NRHP and National Historic Landmarks Survey Photo Policy Expansion.</p> <p>The written historical data for this documentation should follow HABS/HAER standards. The written data should be accompanied by a sketch plan of the property. Efforts should also be made to locate original construction drawings or plans of the property during the period of significance. If located, these drawings should be photographed, reproduced, and included in the dataset. If construction drawings or plans cannot be located, as-built drawings should be produced.</p> <p>Either HABS/HAER-standard large format or digital photography should be used. If digital photography is used, the ink and paper combinations for printing photographs must be in compliance with NR-NHL Photo Policy Expansion and have a permanency rating of approximately 115 years. Digital photographs should be taken as uncompressed, TIFF file format. The size of each image should be 1,600 by 1,200 pixels at 330 pixels per inch or larger, color format, and printed in black and white. The file name for each electronic image should correspond with the index of photographs and photograph label. Photograph views for the dataset should include (a)</p>	Project sponsors and qualified preservation architect, historic preservation expert, or other qualified individual.	<u>Project Sponsor Documentation</u> : Before any demolition, rehabilitation, or relocation activities within the UIW Historic District.	Project sponsors and qualified preservation architect, historic preservation expert, or other qualified individual to complete historic resources documentation, and transmit such documentation to the History Room of the San Francisco Public Library, and to the Northwest Information Center of the California Historical Information Resource System.	Considered complete when documentation is reviewed and approved by Port Preservation Staff, and the documentation is provided to the San Francisco Public Library, and to the Northwest Information Center of the California Historical Information Resource System.	Port

MEASURES ADOPTED AS CONDITIONS OF APPROVAL	Implementation Responsibility	Mitigation Schedule	Monitoring/ Reporting Responsibility	Monitoring Schedule	Monitoring Agency ¹
contextual views; (b) views of each side of each building and interior views, where possible; (c) oblique views of buildings; and (d) detail views of character-defining features, including features on the interiors of some buildings. All views should be referenced on a photographic key. This photographic key should be on a map of the property and should show the photograph number with an arrow to indicate the direction of the view. Historic photographs should also be collected, reproduced, and included in the dataset. The project sponsors should transmit such documentation to the History Room of the San Francisco Public Library, and to the Northwest Information Center of the California Historical Information Resource System. The project sponsors should scope the documentation measures with Port Preservation staff.					
Improvement Measure I-CR-4b: Public Interpretation Following any demolition, rehabilitation, or relocation activities within the project site, the project sponsors should provide within publicly accessible areas of the project site a permanent display(s) of interpretive materials concerning the history and architectural features of the District's three historical eras (Nineteenth Century, Early Twentieth Century, and World War II), including World War II-era Slipways 5 through 8 and associated craneways. The display(s) should also document the history of the Irish Hill Remnant, including, for example, the original 70- to 100-foot tall Irish Hill landform and neighborhood of lodging, houses, restaurants, and saloons that occupied the once much larger hill until the earlier twentieth century. The content of the interpretive display(s) should be coordinated and consistent with the sitewide interpretive plan prepared for the 28-Acre Site in coordination with the Port. The specific location, media, and other characteristics of such interpretive display(s) should be presented to Port preservation staff for approval prior to any demolition or removal activities.	Project sponsors should provide a permanent display(s) of interpretive materials concerning the history and architectural features of the District within publicly accessible areas of the project site.	<u>Project sponsors provide permanent display:</u> Following any demolition, rehabilitation, or relocation activities within the project site.	Project sponsors submit documentation of permanent display(s) of interpretive materials	Considered complete when interpretive materials are presented to Port preservation staff for approval. The materials would then be presented in the publically accessible area of the project site.	Port
Improvement Measure I-TR-A: Construction Management Plan <u>Traffic Control Plan for Construction</u> – To reduce potential conflicts between	Project sponsors, TMA, and	Prior to issuance of a	Construction contractor(s) to	Considered complete upon	Port, Planning Department,

<p>construction activities and pedestrians, bicyclists, transit, and autos during construction activities, the project sponsors should require construction contractor(s) to prepare a traffic control plan for major phases of construction (e.g., demolition and grading, construction, or renovation of individual buildings). The project sponsors and their construction contractor(s) will meet with relevant City agencies to coordinate feasible measures to reduce traffic congestion, including temporary transit stop relocations and other measures to reduce potential traffic and transit disruption and pedestrian circulation effects during major phases of construction. For any work within the public right-of-way, the contractor would be required to comply with San Francisco's Regulations for Working in San Francisco Streets (i.e., the "Blue Book"), which establish rules and permit requirements so that construction activities can be done safely and with the least possible interference with pedestrians, bicyclists, transit, and vehicular traffic. Additionally, non-construction-related truck movements and deliveries should be restricted as feasible during peak hours (generally 7:00 a.m. to 9:00 a.m. and 4:00 p.m. to 6:00 p.m., or other times, as determined by SFMTA and the Transportation Advisory Staff Committee [TASC]).</p> <p>In the event that the construction timeframes of the major phases and other development projects adjacent to the project site overlap, the project sponsors should coordinate with City Agencies through the TASC and the adjacent developers to minimize the severity of any disruption to adjacent land uses and transportation facilities from overlapping construction transportation impacts. The project sponsors, in conjunction with the adjacent developer(s), should propose a construction traffic control plan that includes measures to reduce potential construction traffic conflicts, such as coordinated material drop offs, collective worker parking, and transit to job site and other measures.</p> <p><u>Reduce Single Occupant Vehicle Mode Share for Construction Workers</u> – To minimize parking demand and vehicle trips associated with construction workers, the project sponsors should require the construction contractor to include in the Traffic Control Plan for Construction methods to encourage</p>	construction contractor(s).	building permit. Project construction updates for adjacent residents and businesses within 150 feet would occur throughout the construction phase.	<p>prepare a Traffic Control Plan and meet with relevant City agencies (i.e., SFMTA, Port Staff, and Planning Department) to coordinate feasible measures to reduce traffic congestion.</p> <p>A single traffic control plan or multiple traffic control plans may be produced to address project phasing.</p>	submittal of the Traffic Control Plan to the SFMTA and the Port. Project construction update materials would be provided in the annual mitigation and monitoring plan.	SFMTA as appropriate

walking, bicycling, carpooling, and transit access to the project construction sites and to minimize parking in public rights-of-way by construction workers in the coordinated plan. <u>Project Construction Updates for Adjacent Residents and Businesses</u> – To minimize construction impacts on access for nearby residences, institutions, and businesses, the project sponsors should provide nearby residences and adjacent businesses with regularly-updated information regarding construction, including construction activities, peak construction vehicle activities (e.g., concrete pours), travel lane closures, and lane closures via a newsletter and/or website.					
<p>Improvement Measure I-TR-B: Queue Abatement</p> <p>It should be the responsibility of the owner/operator of any off-street parking facility with more than 20 parking spaces (excluding loading and car-share spaces) to ensure that vehicle queues do not occur regularly on the public right-of-way. A vehicle queue is defined as one or more vehicles (destined to the parking facility) blocking any portion of any public street, alley, or sidewalk for a consecutive period of 3 minutes or longer on a daily or weekly basis.</p> <p>If a recurring queue occurs, the owner/operator of the parking facility should employ abatement methods as needed to abate the queue. Appropriate abatement methods will vary depending on the characteristics and causes of the recurring queue, as well as the characteristics of the parking facility, the street(s) to which the facility connects, and the associated land uses (if applicable).</p> <p>Suggested abatement methods include but are not limited to the following: redesign of facility to improve vehicle circulation and/or on-site queue capacity; employment of parking attendants; installation of LOT FULL signs with active management by parking attendants; use of valet parking or other space-efficient parking techniques; use of off-site parking facilities or shared parking with nearby uses; use of parking occupancy sensors and signage</p>	Project sponsors, owner/operator of any off-street parking facility, and transportation consultant.	On-going during operations of any off-street parking facilities.	<p>The owner/operator of the parking facility should monitor vehicle queues in the public right-of-way, and would employ abatement measures as needed.</p> <p>If the Port Director, or his or her designee, suspects that a recurring queue is present, the Port should notify the property owner in writing. **MEMORANDUM OF VERTICAL DISPOSITION
AND DEVELOPMENT AGREEMENT**

THIS MEMORANDUM OF VERTICAL DISPOSITION AND DEVELOPMENT AGREEMENT (this "Memorandum") dated for reference purposes as of [____], 201[] is by and between the **CITY AND COUNTY OF SAN FRANCISCO**, a municipal corporation (the "City"), operating by and through the **SAN FRANCISCO PORT COMMISSION** (the "Port"), and [____], a [____] (the "Vertical Developer").

1. Agreement. Port and Vertical Developer have entered into a Vertical Disposition and Development Agreement dated as of [____], 201[] (the "Agreement"), under which (a) upon satisfaction or waiver of the conditions described in the Agreement, Port agrees to sell the Property in accordance with the terms of the Agreement (the "Property"); (b) upon satisfaction or waiver of the conditions described in the Agreement, Vertical Developer agrees to purchase the Property from Port; and (c) governs the development of the PKN Project. Except as otherwise defined in this Memorandum, capitalized terms shall have the meanings given them in the Agreement.

2. Term: The term of the Agreement shall be from the Effective Date until recording of the Certificate of Completion, unless the Agreement is earlier terminated in accordance with its provisions. If Close of Escrow does not occur by February 12, 2019, as such date and time may be extended with the prior written approval of both Port and Vertical Developer, the Agreement shall automatically terminate. Recording of the Certificate of Completion by the Port will automatically terminate the Agreement, and after such recording, other than the terms and provisions that expressly survive the expiration or earlier termination of the Agreement, the Agreement will have no further force or effect.

3. Notice. The parties have executed and recorded this Memorandum to give notice of the Agreement and their respective rights and obligations under the Agreement to all third parties. The Agreement is incorporated by reference in its entirety in this Memorandum. In the event of any conflict or inconsistency between this Memorandum and the Agreement, the Agreement shall control.

4. Counterparts. This Memorandum may be executed in two or more counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument.

5. Purchasers of Condominium Units. The Parties acknowledge and agree that, except as set forth in the Restrictive Covenants recorded against the Property which by their terms obligate owners of Condominium Units in the Vertical Project, the VDDA shall not be binding upon or obligate third party purchasers of individual Condominium Units in the Vertical Project.

[Remainder of this page left intentionally blank]

IN WITNESS WHEREOF the parties hereto have caused this Memorandum of Vertical Disposition and Development Agreement to be executed by their duly appointed representatives as of the date first above written.

EXHIBIT D

REAFFIRMATION OF REPRESENTATIONS AND WARRANTIES

Pursuant to [Section 6.4(a)(iii)] of the Vertical Disposition and Development Agreement between the CITY AND COUNTY OF SAN FRANCISCO, operating by and through the SAN FRANCISCO PORT COMMISSION ("Port") and [____], a [____], ("Vertical Developer"), dated [____] ("Vertical DDA"), Vertical Developer reaffirms to Port that the representations and warranties made by Vertical Developer and set forth in [Section 25.4] of the Vertical DDA are true and accurate in all material respects as of the date below:

(a) That Vertical Developer is a duly organized limited liability company, validly existing and in good standing under the laws of the State of Delaware. Vertical Developer is duly qualified and in good standing under the laws of the State of California. Vertical Developer has all requisite power and authority to conduct its business as presently conducted.

(b) Vertical Developer has not been suspended, disciplined or disbarred by, or prohibited from contracting with, any federal, state or local governmental agency. In the event Vertical Developer has been so suspended, disbarred, disciplined or prohibited from contracting with any governmental agency, it will immediately notify the Port of same and the reasons therefore together with any relevant facts or information requested by Port.

(c) That the Transaction Documents and all documents executed by Vertical Developer: (i) are duly authorized, executed and delivered by Vertical Developer; (ii) are legal, valid and binding obligations of Vertical Developer; and (iii) do not violate any provision of any agreement or judicial order to which Vertical Developer is a party or to which Vertical Developer is subject. The Transaction Documents will be a legal, valid and binding obligation of Vertical Developer, enforceable against Vertical Developer in accordance with their terms.

(d) That Vertical Developer has all requisite power and authority to execute and deliver the Transaction Documents and to carry out and perform all of the terms and covenants of the Transaction Documents.

(e) None of Vertical Developer's formation documents, nor any other agreement or Law in any way prohibits, limits or otherwise affects the right or power of Vertical Developer to enter into and perform all of the terms and covenants of the Transaction Documents. Vertical Developer is not party to or bound by any contract, agreement, indenture, trust agreement, note, obligation or other instrument that could prohibit, limit or otherwise affect the same. Except as set forth in the Vertical DDA, no consent, authorization or approval of, or other action by, and no notice to or filing with, any governmental authority, regulatory body or any other Person is required for the due execution, delivery and performance by Vertical Developer of the Transaction Documents or any of the terms and covenants contained therein. There are no pending or threatened lawsuits or proceedings or undischarged judgments affecting Vertical Developer before any court, governmental agency, or arbitrator that is reasonably expected to

materially and adversely affect the enforceability of the Transaction Documents or the business, operations, assets or condition of Vertical Developer.

(f) The execution, delivery and performance of the Transaction Documents (i) do not and will not violate or result in a violation of, contravene or conflict with, or constitute a default under (A) any agreement, document or instrument to which Vertical Developer or by which Vertical Developer's assets may be bound or affected, (B) to Vertical Developer's knowledge, any Law, or (C) the certificate of formation or the operating agreement of Vertical Developer, and (ii) do not and will not result in the creation or imposition of any lien or other encumbrance upon the assets of Vertical Developer (other than the lien of a Mortgage in accordance with the Vertical DDA).

(g) There is no material adverse change in Vertical Developer's financial condition and Vertical Developer is meeting its current liabilities prior to any delinquency; no federal or state tax liens have been filed against it; and Vertical Developer is not in default or claimed default beyond all applicable notice and cure periods under any agreement for borrowed money.

(h) Notwithstanding anything to the contrary in the Vertical DDA, the foregoing representations and warranties will survive the Closing Date.

All capitalized items not defined herein have the meanings give to them in the Vertical DDA.

IN WITNESS WHEREOF, the undersigned has executed this Reaffirmation of Representations and Warranties as of the [insert closing date: _____], 20__.

FORM OF TRANSFER FEE COVENANT

RECORDING REQUESTED BY AND
WHEN RECORDED MAIL TO:

(SPACE ABOVE LINE FOR RECORDER'S USE)

APN:

[NOTE: Civ. Code 1098.5(b) requires legal description and assessor's parcel number for the affected real property]

PAYMENT OF TRANSFER FEE REQUIRED

DECLARATION IMPOSING TRANSFER FEE COVENANT AND LIEN

THIS DECLARATION IMPOSING TRANSFER FEE COVENANT AND LIEN (this "Covenant") is made as of this ____ day of ____, 20XXX (the "Effective Date"), by and between **CITY AND COUNTY OF SAN FRANCISCO**, a municipal corporation, operating by and through the **SAN FRANCISCO PORT COMMISSION** ("Port"), and **[BUYER'S ENTITY NAME AND INFORMATION]** ("Declarant"). Port and Declarant are collectively referred to as the "Parties", or each individually, a "Party".

RECITALS

A. Port and Declarant have entered into that certain Vertical Disposition and Development Agreement, dated [_____, 20XXX], ("VDDA") for the property located in the City and County of San Francisco more particularly described in Exhibit A attached hereto and incorporated herein by this reference (the "Property"). The Property is a portion of the area generally known as Pier 70 (the "Project Site"). It is anticipated that the Property will be developed with residential and commercial condominium units. Declarant will be the initial owner of all the residential and commercial condominium units.

B. Port is a department of the City and County of San Francisco and manages in trust for the people of the State of California, 7½ miles of San Francisco Bay shoreline stretching from Hyde Street Pier in the north to India Basin in the south. Port's responsibilities include promoting maritime commerce, navigation, and fisheries; restoring the environment; and providing public recreation and promoting the statutory trust imposed by the provisions of Chapter 1333 of the Statutes of 1968 of the California Legislature, as amended, and commonly referred to as the "**Burton Act**" (collectively, the "**Public Trust**"). The Burton Act provided for the transfer from the State of California, subject to specified terms, conditions and reservations, to the City, of the control and management of the certain tide and submerged lands comprising the Harbor of San Francisco.

C. The Property is located in the Southern Waterfront area of the Port of San Francisco's Waterfront Land Use Plan, which area stretches from Pier 70 in the north to India Basin in the south.

D. Pursuant to the VDDA, Declarant has acknowledged and agreed that as material consideration for Port's conveyance of the Property to Declarant, Port would, among other things, receive Transfer Fees in perpetuity from the sale of the Condominiums on the Property after (but not including) the first sale, as further described in this Covenant, to be evidenced by this Covenant recorded on the Property.

E. The Transfer Fees will be used by Port to promote Public Trust purposes and uses on property within Port's jurisdiction.

NOW THEREFORE, Declarant hereby declares the existence of a perpetual covenant to pay Transfer Fees, and imposes upon each Condominium developed on the Property a lien to secure payment of Transfer Fees in accordance with the following terms and conditions:

1. DEFINITIONS. As used herein, the following terms have the following meanings:

1.1 **"Condominium"** means an estate in real property (i) consisting of an undivided interest in common in a portion of a parcel of real property together with a separate interest in space in a residential, industrial, or commercial, and/or retail building on such real property, such as an apartment, office, or store, or (ii) as defined in California Civil Code Sections 783, California Civil Code Division 4, Part 5, Chapter 1 or any successor statute or code, intended for residential or commercial/retail use, as shown on a duly filed final subdivision map, parcel map, or condominium plan of the Property or any portion thereof, and any fractional interest thereof, including, without limitation, timeshare interests as defined in California Business and Professional Code Section 11212(x) derived therefrom, lying within the Property.

1.2 **"Dispute"** means any disagreement between the Parties, or any Owner and Port, concerning the amount, obligation to pay or other issue concerning the Transfer Fees under this Agreement or concerning any other dispute arising under this Covenant.

1.3 **"Escrow Holder"** means any title company, trust company, or other Person serving as an escrow holder or agent for the Transfer of a Unit.

1.4 **"Foreclosure Trustee"** has the meaning given in Section 7.3 below.

1.5 **"First Mortgage"** means any Mortgage with lien priority over any other Mortgage.

1.6 **"Mortgage"** has the meaning given in Section 5.1 below.

1.7 **"Notice of Lien"** has the meaning given in Section 7.3 below.

1.8 **"Official Records"** means the official records of the City and County of San Francisco, State of California.

1.9 **"Owner"** means the Person or Persons holding record title to the Unit.

1.10 **"Person"** means a natural individual or any entity with the legal right to hold title in real property.

1.11 **"Property"** means the property described in Exhibit A.

1.12 **"Recorded"** means the recordation, filing or entry of a document in the Official Records.

1.13 **"Transfer"** means the sale or exchange of a Condominium (including, without limitation, the sale or exchange of a fractional interest therein or timeshare thereof) or a lease with a term of thirty five (35) years or longer. "Transfer" shall not include:

(a) Any sale, transfer, assignment, or conveyance that is exempt from payment of the real property transfer tax under the San Francisco Business and Tax Regulations Code, Article

12-C, Sections 1105 (but only with respect to the exemption set forth in the first sentence thereof), 1106, 1108, 1108.1, 1108.2, 1108.3, 1108.4, or 1108.5.

(b) The reservation by Declarant of easements, access rights or licenses, water rights or other similar rights benefitting or encumbering any of the Units, or any subsequent transfer of any such easements or rights;

(c) Any transfer of real property to any public agency, entity or district, or any utility service provider; or

(d) Any transfer to an association (defined in Section 4080 of the California Civil Code) of common area (defined in Section 4095 of the California Civil Code);

1.14 "Transfer Fee" has the meaning given in *Section 2.1 below*.

1.15 "Unit" has the meaning given in *Section 2.1 below*.

1.16 "Unit Purchase Price" means the gross consideration given by the transferee to the transferor in connection with a Transfer, including, but not limited to, the sum of actual cash paid, the fair market value of services performed or real and personal property delivered or conveyed in exchange for the Transfer, and the amount of any lien, mortgage, contract indebtedness, or other encumbrance or debt, either given to secure the purchase price, or remaining unpaid on the property at the time of the Transfer, excluding any third-party cost or charge incurred by the transferor or the transferee in connection with the Transfer that is not paid in consideration for the Transfer but is a pass-through to such third-party (e.g. title insurance cost), further excluding any Transfer Fee payable hereunder, and without any other deduction or offset of any kind.

2. TRANSFER FEES.

2.1 Transfer Fee Imposed and Amount. Upon each Transfer of a Condominium unit (each, a "Unit") there shall be due and payable to Port a fee equal to one and one half percent (1½%) of the Unit Purchase Price (the "Transfer Fee") in perpetuity; provided, however, that no Transfer Fee shall be due and payable with respect to the initial Transfer of any Unit. Notwithstanding the foregoing, if the Property has been operated as a rental project for more than ten (10) years after the issuance of the first temporary certificate of occupancy for the Property, a Transfer Fee equal to one and one half percent (1½%) of the Unit Purchase Price shall be due and payable by Declarant, or its successors or assigns, with respect to the initial Transfer of any Unit sold after the tenth anniversary of the receipt of the first temporary certificate of occupancy. Examples of the amount of the Transfer Fee that would be payable, as specifically required by Section 1098.5(b)(2)(C) of the California Civil Code, are as follows:

Unit Purchase Price	Transfer Fee	Transfer Fee Due Port
\$250,000	X 0.015	\$3,750
\$500,000	X 0.015	\$7,500
\$750,000	X 0.015	\$11,250

2.2 When Due and Paid. Subject to *Section 2.9 below*, with respect to any voluntary conveyance of a Unit, a Transfer Fee shall be due and payable upon recordation (or other delivery) of the instrument of conveyance that constitutes a Transfer. With respect to any

involuntary conveyance that constitutes a Transfer or conveyance by operation of law that constitutes a Transfer, a Transfer Fee shall be due and payable upon demand by Port, or upon recordation of any instrument vesting title in the transferee(s), whichever occurs first, and the transferee(s) shall notify Port of the occurrence of such transfer within a reasonable time after such Transfer occurs, or after obtaining actual knowledge thereof. If a Transfer Fee is not paid when due hereunder, and such failure continues for ten (10) days after notice from Port to the Owner of record, Port may pursue any remedies for failure to pay as set forth in **Sections 7.1, 7.3, 7.4, and 7.5.**

2.3 Port Release. Upon receipt of a timely notice of Transfer in accordance with **Section 2.8 below**, Port shall execute and deliver into each escrow established for delivery of the instrument of conveyance that triggers the Transfer Fee obligation, an instrument duly acknowledged and in recordable form (the “**Port Release**”), acknowledging the full payment and satisfaction of the Transfer Fee obligation for the applicable Unit Transfer and releasing any claims arising out of the applicable Transfer for failure to pay the Transfer Fee subject to the following conditions:

- (a) Port shall have received the timely notice of Transfer in accordance with **Section 2.8 below**;
- (b) The Transfer Fee amount is verified by Port pursuant to the escrow demand procedures of **Section 2.10 below**; and
- (c) Escrow Holder has agreed that Port Release will not be released from escrow and recorded until the Escrow Holder has received confirmation from Port that Port has received the applicable Transfer Fee.

2.4 Payment by Escrow Holder/Delivery of Port Release. The Transfer Fee shall be paid to Port directly out of escrow established for delivery of the instrument of conveyance that triggers the Transfer Fee obligation. The transferor and transferee shall, and hereby do, irrevocably instruct any Escrow Holder holding funds for a Transfer to pay the Transfer Fee to Port at the address set forth in Section 10 below, or at Port’s election upon prior notice to the Escrow Holder, by wire transfer, from the proceeds of the Transfer at the close of escrow; provided, however, the failure of the Escrow Holder to do so shall not relieve the transferor or transferee of the obligation to pay the Transfer Fee. The transferor and transferee shall execute all documents reasonably requested by the Escrow Holder to confirm this instruction and effectuate such payment on or before the close of escrow. In addition, Declarant and any subsequent Owner shall place in escrow, with any agreement by which it Transfers a Unit, escrow instructions which specifically state, among other things, that the Escrow Holder shall pay the Transfer Fee to Port out of the proceeds of the sale at the closing. Escrow Holder is hereby instructed by Port to record and deliver to Owner the Port Release upon the sale of the applicable Unit and payment of the applicable Transfer Fee to Port. Port shall execute all documents reasonably requested by the Escrow Holder before close of escrow to confirm this instruction and effectuate such recordation and delivery of the Port Release.

2.5 Transferor and Transferee Jointly and Severally Liable. The obligation to pay the Transfer Fee for each Transfer is a joint and several obligation of the transferor and the transferee in each transaction. The transferor and transferee in each transaction may, as a matter between themselves, allocate the obligation to pay in any manner they so choose.

2.6 Late Charges and Interest. The Transfer Fee due Port in connection with an applicable Transfer shall be considered late if not paid within ten (10) business days after recordation of the instrument of conveyance for such applicable Transfer. A late fee of one-half of one percent (0.50%) of the Transfer Fee shall apply thereafter for each day such payment is late, up to a maximum of ten percent (10%) of the Transfer Fee. In addition, any Transfer Fee not paid within twenty-five (25) business days following recordation of the instrument of conveyance shall thereafter bear interest at the rate of ten percent (10%) per annum until paid.

However, interest shall not be payable on late fees imposed or to the extent such payment would violate any applicable usury or similar law.

2.7 Covenant to Pay and Creation of Lien. Each Owner of an interest in a Unit, by acceptance of a deed or other instrument of conveyance creating in such Owner the interest required to be deemed an Owner, whether or not it is so expressed in any such deed or other instrument of conveyance, hereby covenants and agrees to pay the Transfer Fee to Port in connection with each Transfer by which an Owner acquires or conveys such Unit. The Transfer Fee, together with interest thereon, late charges, attorneys' fees, court costs, and other costs of collection thereof, as hereinafter provided, shall be a lien and charge upon the Unit the transfer of which gives rise to the Transfer Fee.

2.8 Mandatory Notice. Every Owner must notify Port within the earlier of: (i) twenty (20) days after execution of a contract to Transfer a Unit, or (ii) five (5) days prior to the effective date of the Transfer. Such notice shall be provided to Port's address for notice set forth in Article 9 below, and shall be enclosed in an envelope marked prominently: "NOTICE OF UNIT TRANSFER-PIER 70." Such notice shall be substantially in the form attached hereto as Exhibit B and will include: (i) the name and address of the transferor (ii) the name and address of the transferee; (iii) an identification of the Unit being Transferred; (iv) the Unit Purchase Price; (v) the amount of the Transfer Fee that is due and the formula for calculating the same; (vi) the proposed closing or effective date; (vii) the name, address and phone number of the Escrow Holder for the Transfer; (viii) and the name of the escrow officer. If any of the information set forth above is not available when the notice is originally sent to Port, the Owner shall notify Port as soon as such information becomes available. In addition, each Owner shall accurately update Port if any of such information provided shall change on or prior to the closing of effective date of the Transfer:

2.9 Exchange Transfer. If a particular transaction involves more than one Transfer solely because the Unit is held for an interim period by an accommodation party as part of a tax-deferred exchange under the Internal Revenue Code, and provided there is no increase in consideration given, then for the purposes of this Agreement, only one Transfer shall be deemed to have occurred and only one Transfer Fee must be paid in connection therewith, and the accommodation party shall not have any liability for payment of such Transfer Fee.

2.10 Escrow Demand. Port is hereby authorized as a third party beneficiary of any such escrow to submit a demand into escrow for payment of the Transfer Fee and for any information about the Transfer (such as the date of closing and purchase price) that has not previously been provided to Port; provided that Port's failure to place such demand shall not affect the obligation of the parties to cause the Transfer Fee to be paid to Port or operate as a waiver of the right of Port to receive the Transfer Fees. The demand shall state (a) either the amount of the Transfer Fee that is due or the formula for calculating the amount of the Transfer Fee that is due, and (b) that the Transfer Fee is due and payable upon recordation (or other delivery) of the instrument of conveyance. The transferor and transferee shall execute any and all escrow documents reasonably requested by Port or Escrow Agent to effectuate the release and payment of Transfer Fee to Port.

**BY ACQUIRING TITLE TO A UNIT, EACH OWNER OF A UNIT
HEREBY IRREVOCABLY INSTRUCTS ANY ESCROW HOLDER
HOLDING FUNDS FOR THE TRANSFER OF THE UNIT TO PAY
THE TRANSFER FEE TO PORT FROM THE PROCEEDS OF SALE
OF THE UNIT, AS SET FORTH HEREIN.**

3. BINDING EFFECT. Declarant hereby declares that the Property will be held, leased, transferred, encumbered, used, occupied and improved subject to the rights, reservations, restrictions, covenants, conditions and equitable servitudes contained in this Covenant. The rights, reservations, restrictions, covenants, conditions and equitable servitudes set forth in this Covenant will (1) run with and burden each Unit within the Property in perpetuity and will be

binding upon all persons having or acquiring any interest in any Unit or any part thereof, their heirs, successors and assigns; (2) inure to the benefit of every portion of the Property and any interest therein; (3) inure to the benefit of and be binding upon Declarant, Port, each Owner, and their respective successors-in-interest; and (4) may be enforced by Declarant, Port, each Owner, and their respective successors-in-interest. The Parties hereby acknowledge and agree that the obligation to pay a Transfer Fee upon the Transfer of any Unit is not a personal covenant or obligation of Declarant, and that where Declarant is not a transferor, Declarant shall not be obligated to pay any Transfer Fee regarding any Unit.

4. USES OF THE TRANSFER FEES. Port shall deposit the Transfer Fees into Port's Harbor Fund, to be used solely for Public Trust purposes benefitting lands under Port jurisdiction. Declarant believes that the services, activities, and improvements to be provided by Port under this Section will enhance the value of and will benefit all the land in the specified area, including all Units existing or to be created on the Property. Each Owner who acquires a Unit by such acquisition agrees to and acknowledges the statements made in this Section.

5. MORTGAGES.

5.1 Rights of Mortgagees. Nothing in this Covenant, and no default by an Owner in payment of Transfer Fees, shall defeat or render invalid the rights of the holder of any mortgage or the beneficiary of any deed of trust appearing of record as an encumbrance on any Unit (such holder or beneficiary, collectively "**Mortgagee**," and such recorded mortgage or deed of trust, collectively "**Mortgage**") made in good faith and for value, provided that after the foreclosure or transfer in-lieu of foreclosure of any such Mortgage, such Unit shall remain subject to this Covenant.

5.2 Subordination to First Mortgages. Subject to *Section 5.1*, the rights and obligations of the Parties hereunder concerning any Unit shall be subject and subordinate to the lien of any Recorded First Mortgage encumbering that Unit; provided, however, that the foregoing subordination shall not apply to Transfer Fees that are not paid when due (i) arising from the Transfer that gave rise to the Recorded First Mortgage, or (ii) described in a Notice of Lien filed at least 21 days prior to the date of recordation of the Recorded First Mortgage.

5.3 Effect of Foreclosure. No foreclosure of a Mortgage on a Unit or a transfer in lieu of foreclosure shall impair or otherwise affect Port's right to pursue payment of any Transfer Fee due in connection with the Transfer of that Unit from the transferor or a transferee obligated to pay it. No foreclosure or transfer in lieu thereof shall relieve such Unit or the purchaser thereof from liability for any Transfer Fees thereafter becoming due or from the lien therefor.

6. ESTOPPEL CERTIFICATE. Within ten (10) days of the receipt of a written request of any Owner of a Unit for which no Transfer Fee is due and owing and as to which Unit Port holds no lien, Port shall deliver to such Owner an executed estoppel certificate certifying that no Transfer Fee is due and owing for such Unit and that Port holds no lien against such Unit.

7. ENFORCEMENT.

7.1 Remedies. Port shall be entitled to any and all rights and remedies available at law or equity in order to collect the Transfer Fees owed it, including but not limited to, specific performance.

7.2 Small Claims Court. Any Dispute which is within the jurisdiction of a small claims court shall be resolved by a small claims court proceeding. Any party may submit the Dispute to such court.

7.3 Enforcement by Lien. Without limiting any other right or remedy, there is hereby created a claim of lien, with power of sale, on each and every Unit, or any fractional interest therein that is the subject of a Transfer, to secure prompt and faithful performance of each Owner's obligations under this Covenant for the payment to Port of the Transfer Fees, together with interest thereon, and all late charges, interest, and costs of collection which may be

paid or incurred by Port in connection therewith, including reasonable attorneys' fees. If payment of the Transfer Fee is not made to Port within ten (10) days after notice from Port to the Owner of record, then at any time after the delinquency unless cured, Port may elect to file and record in the Official Records a notice of default and claim of lien against the Unit of the defaulting Owner ("**Notice of Lien**"). Such Notice of Lien shall be executed and acknowledged by Port's Executive Director or his or her designee, and shall contain substantially the following information:

- (a) The name of the defaulting Owner,
- (b) A legal description of the Unit;
- (c) The total amount of the delinquency, interest thereon, late charges, collection costs and reasonable attorneys' fees;
- (d) A statement that the Notice of Lien is made pursuant to this Covenant; and
- (e) A statement that a lien is claimed against the Unit in the amount stated, and that Port has elected to foreclose the lien against the Unit.

Upon such recordation of a duly executed original or copy of such Notice of Lien and mailing a copy thereof to said Owner, the lien claimed therein shall immediately attach and become effective.

7.4 Foreclosure of Lien. Any such lien may be foreclosed by appropriate action in court or in the manner provided by law for the foreclosure of a deed of trust by exercise of a power of sale contained therein or in the manner provided by law for the enforcement of a judgment as the laws of the State of California may from time to time be changed or amended. The trustee for all purposes related thereto (including, but not limited to, the taking of all actions which would ordinarily be required of a trustee under a foreclosure of a deed of trust) (the "**Foreclosure Trustee**") shall be a title company or other neutral third party with prior trustee experience appointed by Port. Port shall have the power to bid at any foreclosure sale, trustee's sale or judgment sale, and to purchase, acquire, lease, hold, mortgage and convey any Unit acquired at such sale subject to the provisions of this Covenant. Reasonable attorneys' fees, court costs, title search fees, interest and all other costs and expenses shall be allowed to the extent permitted by law.

7.5 Proceeds of Sale. The proceeds of any foreclosure, trustee's or judgment sale provided for in this Covenant shall first be paid to discharge court costs, court reporter charges, reasonable attorneys' fees, title costs and costs of the sale, and all other expenses of the proceedings and sale, and the balance of the proceeds, after satisfaction of all charges, monetary penalties and unpaid Transfer Fees hereunder or any liens, shall be paid to each Mortgagee in their respective order of priority to satisfy any outstanding lien, with any remaining balance to be paid to the defaulting Owner. The purchaser at any such sale shall obtain title to the Unit free from the sums or performance claimed (except as stated in this section) but otherwise subject to the provisions of this Agreement; and no such sale or transfer shall relieve such Unit or the purchaser thereof from liability for any Transfer Fees, other payments or performance thereafter becoming due or from the lien therefore as provided for in this section. All sums due and owing hereunder but still unpaid shall remain the obligation of and shall be payable by the defaulting Owner.

7.6 Cure of Default. Upon the timely curing of any default for which a Notice of Lien was filed by Port, Port is hereby authorized to record an appropriate release of such lien in the Official Records.

8. AMENDMENT.

8.1 Port may record against the Property an assignment and notice in order to assign its rights hereunder to, and to specifically identify, its successor in interest in the event that the

lands of Port are transferred to the State of California or any other agency, in which event this Covenant will be deemed to be so modified.

8.2 This Covenant may be amended by Declarant and Port to impose an equivalent system of fees in the form of a special tax, assessment or other levy pursuant to an agreement with the City and County of San Francisco; provided, however, that in no event shall any such superseding structure, covenant, lien or other arrangement (a) impose upon Declarant, the Property, or the Units any greater liability or obligation than the liabilities and obligations provided for herein, or (b) impose an obligation for payment of any amounts to an "association," as defined in California Civil Code Section 4080, or a "community service organization or similar entity" within the meaning of California Civil Code Section 4110, unless the collection of such amounts by such entity would not constitute a violation of Civil Code Sections 4575 and 4580 or other applicable law.

9. SERIAL IMPOSITION AND RECORDATION. No Transfer Fees shall be payable with respect to any transfer of a portion of the Property that has not yet been subdivided to enable the development of the Condominiums on the Property or with respect to the recordation of the subdivision map creating the Condominiums.

10. NOTICES. All notices required or allowed hereunder shall be in writing. Notices to Declarant or notices or payment of the Transfer Fees to Port may be given at the following addresses:

Port:	San Francisco Port Commission Pier 1 San Francisco, California 94111 Attention: Director of Real Estate & Development (Reference: Pier 70) Telephone: (415) 274-0400
With a copy to:	San Francisco Port Commission Pier 1 San Francisco, California 94111 Attention: General Counsel (Reference: Pier 70) Telephone: (415) 274-0400
Declarant:	[Insert contact info]
With a copy to:	

All notices required or allowed to an Owner shall be in writing and shall be sent to the address of the Unit owned by the Owner.

Notices may be given by personal delivery, or sent by reputable overnight delivery service with charges prepaid for next-business-day delivery, or by first class certified U.S. Mail with postage prepaid and return receipt requested. Notices are effective on the earlier of the date received, one business day after transmittal by overnight delivery service, or the third day after the postmark date, as applicable. Each Owner who transfers a Unit shall give notice to Port of the name and mailing address of the transferee.

11. MISCELLANEOUS.

11.1 Governing Law. The provisions hereof shall be construed and enforced in accordance with the laws of the State of California.

11.2 Attorneys' Fees. In any action or proceeding to seek a declaration of rights hereunder, to enforce the terms hereof or to recover damages or other relief for alleged breach, then the prevailing party in any such action shall be entitled to recover its reasonable attorneys' fees and costs, including experts' fees, costs incurred in connection with (a) post judgment motions, (b) appeals, (c) contempt proceedings, (d) garnishments and levies, (e) debtor and third-party examinations, (f) discovery, and (g) bankruptcy litigation. Any judgment or order entered in such action or proceeding shall contain a specific provision providing for the recovery of attorneys' fees and costs incurred in enforcing, perfecting and executing such judgment. A party shall be deemed to have prevailed in any such action or proceeding (without limiting the generality of the foregoing) if such action is dismissed upon the payment by the other party of the sums allegedly due or the performance of obligations allegedly not complied with, or if such party obtains substantially the relief sought by it in the action, irrespective of whether such action is prosecuted to judgment.

11.3 Time. Time is of the essence of each and every provision hereof.

11.4 Disclaimers. Nothing herein (a) creates any right or remedy for the benefit of any Person not a party hereto, or (b) creates a fiduciary relationship, an agency, or partnership.

11.5 Construction. Whenever the context of this Covenant requires, the singular shall include the plural and the masculine shall include the feminine and/or the neuter. Descriptive section headings are for convenience only and shall not be considered or referred to in resolving questions of interpretation or construction.

11.6 Waiver. Any waiver with respect to any provision of this Covenant shall not be effective unless in writing and signed by the party against whom it is asserted. The waiver of any provision of this Covenant by a party shall not be construed as a waiver of a subsequent breach or failure of the same term or condition or as a waiver of any other provision of this Covenant. No waiver will be interpreted as a continuing waiver.

11.7 Incorporation of Recitals. The recitals set forth above are incorporated herein by this reference.

11.8 Severability. Invalidation of any portion or provision of this Covenant by judgment or court order shall in no way affect any other portions or provisions, which shall remain in full force and effect to the maximum extent permitted by law.

11.9 No Dedication. The provisions of this Covenant are for the exclusive benefit of Declarant, Port and their respective successors and assigns, and, except for rights expressly conferred on Port hereunder, shall not be deemed to confer any rights upon any other person. Without limiting the generality of the foregoing, this Covenant is not intended to create any rights in the public.

FORM OF NOTICE OF TRANSFER FEE COVENANT

RECORDING REQUESTED BY AND
WHEN RECORDED MAIL TO:

(SPACE ABOVE THIS LINE FOR RECORDER'S USE)

APN: [NOTE: Civ. Code 1098.5(b) requires legal description and assessor's parcel number for the affected real property]

PAYMENT OF TRANSFER FEE REQUIRED

This Notice of Payment of Transfer Fee Required (this "Notice") is made as of this ____ day of ____, 20__, and is being recorded concurrently with that certain Declaration Imposing Transfer Fee Covenant and Lien (the "Transfer Fee Covenant") by and between CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation, operating by and through the SAN FRANCISCO PORT COMMISSION ("Port"), and [BUYER'S ENTITY NAME AND INFORMATION] ("Declarant"). This Notice and the Transfer Fee Covenant relate to the development located within the City and County of San Francisco, State of California, as is more particularly described on Exhibit "A" attached hereto and incorporated herein by this reference (the "Property").

This Notice is being recorded pursuant to and in compliance with California Civil Code §1098.5(b). Notice is hereby given that the Transfer Fee Covenant imposes an obligation to pay Transfer Fees on certain qualifying Transfers of Units. All capitalized terms shall have the meaning set forth in Transfer Fee Covenant unless otherwise defined herein.

Name of Current Owner of the Property and APN's

(A) As of the date of recordation of this Notice, the current owner of the Property is Declarant. The assessor's parcel numbers within the Property are [_____].

The Percentage of the Sales Price Constituting the Cost of the Transfer Fee

(B) The Transfer Fee obligation is calculated as a percentage of the sales price given in exchange for a Unit. The Transfer Fee is equal to one and one half percent (1½%) of the Unit Purchase Price (the "Transfer Fee") in perpetuity; provided, however, that no Transfer Fee shall be due and payable with respect to the initial Transfer of any Unit unless the Property is operated as a rental project for a period exceeding ten (10) years after the issuance of the first temporary certificate of occupancy for the Property, in which case a Transfer Fee equal to one and one half

percent (1½%) of the Unit Purchase Price shall be due and payable by Declarant, or its successors or assigns, with respect to the initial Transfer of any Unit.

Actual Dollar-Cost Examples of the Transfer Fee Calculations

(C) As an actual dollar cost example of the Transfer Fee percentages shown in (B) above, the following calculations show what the Transfer Fee would be for different Unit Purchase Prices within the Property:

Unit Purchase Price	Transfer Fee	Transfer Fee Due Port
\$250,000	X 0.015	\$3,750
\$500,000	X 0.015	\$7,500
\$750,000	X 0.015	\$11,250

Expiration of Transfer Fee

(D) The Transfer Fee described in this Notice will not expire and lasts in perpetuity, unless amended or terminated in accordance with the Transfer Fee Covenant.

Purpose of Transfer Fee: Use of Funds

(E) The Transfer Fees shall be deposited into Port's Harbor Fund and will be used solely for public trust purposes benefitting lands under Port jurisdiction.

Entity Receiving Transfer Fees and Contact Information

(F) The Transfer Fees shall be paid to Port with the following contact information:

Port of San Francisco
Pier 1
San Francisco, CA 94111
Reference: Pier 70 28-Acre Site Transfer Fee
Attn: Deputy Director, Real Estate and Development

Certain Prohibition on the Federal Housing Finance Agency and the Federal Housing Administration Financing Properties Encumbered by Private Transfer Fee

The Federal Housing Finance Agency and the Federal Housing Administration are prohibited from dealing in mortgages on properties encumbered by private transfer fee covenants that do not provide a "direct benefit" to the real property encumbered by the covenant. As a result, if you purchase such a property, you or individuals you want to sell the property to may have difficulty obtaining financing.

This Notice is intended as a summary of the provisions of the Transfer Fee Covenant in compliance with California Civil Code §1098.5 and does not modify or amend the Transfer Fee Covenant or any of its provisions. In the case of any inconsistency or inaccuracy between the Transfer Fee Covenant and this Notice, the Transfer Fee Covenant controls. Please review the Transfer Fee Covenant for more details about the Transfer Fee.

The undersigned have made this Notice on the date set forth above and has caused this Notice to be recorded in the Official Records of the City and County of San Francisco, State of California.

RESIDENTIAL CONDOMINIUM UNIT OWNERS RESTRICTIVE COVENANTS
(Condominium Parcels)

THIS NOTICE OF SPECIAL RESTRICTIONS AND RELEASE(this "Declaration") is made as of
this ____ day of _____, 201XXX (the "Effective Date"), by and between **CITY AND COUNTY OF
SAN FRANCISCO**, a municipal corporation (the "City"), operating by and through the **SAN
FRANCISCO PORT COMMISSION** ("Port"), and **64 PKN OWNER, LLC**, a Delaware limited liability
company ("Declarant"). Port and Declarant are collectively referred to herein as the "Parties", or
each individually, a "Party".

RECITALS

A. Port and Declarant entered into a Vertical Disposition and Development
Agreement dated as of [_____] ("VDDA"), which granted the Declarant the
right to purchase, upon satisfaction of certain conditions, that certain real property located in
the City and County of San Francisco generally bound by Illinois, Michigan, 20th and 21st
Streets, as further described in **Exhibit A** (the "Property"). The Property is located within the
area commonly known as Pier 70 in the City and County of San Francisco. The Parties
acknowledge that certain Declaration of Restrictions, Covenants, Maritime and Industrial Uses
and Release dated and recorded on or about the same date herewith, addresses additional
restrictions applicable to the Property, but not any Condominiums thereon.

B. It is anticipated that the Property will be developed with residential and
commercial Condominium units and Declarant will construct a public plaza and other
infrastructure improvements adjacent or near the Property, as further described in the VDDA
(collectively, the "PKN Project"). Declarant will be the initial owner of all the residential and
commercial Condominium units. "Condominium" means an estate in real property
(i) consisting of an undivided interest in common in a portion of a parcel of real property
together with a separate interest in space in a residential, industrial, or commercial, and/or

retail building on such real property, such as an apartment, office, or store, or (ii) as defined in California Civil Code Sections 783, California Civil Code Division 4, Part 5, Chapter 1 or any successor statute or code, intended for residential or commercial/retail use, as shown on a duly filed final subdivision map, parcel map, or condominium plan of the Property or any portion thereof, and any fractional interest thereof, including, without limitation, timeshare interests as defined in California Business and Professional Code Section 11212(x) derived therefrom, lying within the Property.

C. As a material part of Declarant's consideration to Port ~~[and the City]~~ for the sale of the Property, and as a condition precedent to such sale, Declarant agrees that each Condominium will be bound by the terms and conditions of this Declaration in perpetuity. Developer acknowledges that Port would not have sold (or caused the City to sell) the Property to Declarant pursuant to the VDDA without Declarant's agreement that each Condominium will be bound by the terms and conditions of this Declaration in perpetuity.

NOW THEREFORE, Declarant hereby imposes on each Condominium certain rights, reservations, restrictions, covenants, conditions, and equitable servitudes on the following terms and conditions:

1. **Binding Effect.** Each and every Condominium will be held, leased, transferred, encumbered, used, occupied and improved subject to the rights, reservations, restrictions, covenants, conditions, and equitable servitudes contained in this Declaration. The rights, reservations, restrictions, covenants, conditions and equitable servitudes set forth in this Declaration will (1) run with and burden each Condominium in perpetuity and will be binding upon all persons having or acquiring any interest in each Condominium or any part thereof, their heirs, successors and assigns; (2) inure to the benefit of every portion of each Condominium and any interest therein; (3) inure to the benefit of and be binding upon Declarant, Port, each owner of a Condominium, and their respective successors-in-interest; and (4) may be enforced by Declarant, Port, the City, and their respective successors-in-interest.
2. **Pier 70 Shipyard.** Declarant, on behalf of itself and its successors and assigns (including each and every owner of a Condominium) acknowledges that each Condominium is located in proximity to the Pier 70 Shipyard (the "Pier 70 Shipyard"), an industrial facility that contains approximately 14.7 acres of improved land and 17.4 acres of submerged lands, including floating Dry Dock#2, floating Dry Dock Eureka, and an 8k ampere Shoreside Power System. Existing and future operations at the Pier 70 Shipyard may generate certain impacts such as noise, parking congestion, truck traffic, auto traffic, odors, dust, dirt, view and visual obstructions. In order to avoid interference with the Pier 70 Shipyard without being subject to suits by adjacent property owners or tenants against Port and the Pier 70 Shipyard operator for nuisance, inverse condemnation or similar causes of action, Declarant acknowledges the foregoing facts and understandings and agrees to the release and waiver set forth in ***Section 12 below***. In addition, Declarant will include as a deed restriction in the deed delivered to a subsequent purchaser of a condominium unit or in any lease for the Condominium, an acknowledgment of the foregoing impacts, and a waiver of rights relating to commencing or maintaining a lawsuit for common law or statutory nuisance, inverse condemnation, or other legal action based upon the interference with the comfortable enjoyment of life or property arising out of the existence of the Pier 70 Shipyard.
3. **American Industrial Center.** Declarant, on behalf of itself and its successors and assigns (including each and every owner of a Condominium) acknowledges that each Condominium is located in proximity to the American Industrial Center ("AIC"), which houses approximately 900,000 square feet of commercial, industrial, and related supporting uses. Approximately 300 tenants, including breweries, commercial kitchens and bakeries, garment manufacturing businesses, warehouses, and distribution centers, lease space in the AIC and approximately 2,500 to 3,000 people are on the site at a given time. AIC loading docks are located on Illinois Street, and noise from loading activities could cause noise disturbance along the western

boundary of the Property. In order to minimize interference with the AIC without being subject to suits by adjacent property owners or tenants against AIC for nuisance, inverse condemnation or similar causes of action, Declarant acknowledges the foregoing facts and understandings in this Declaration and agrees to the release and waiver set forth in **Section 12 below**. In addition, Declarant will provide the following disclosure to lessees prior to signing a lease or purchasers of condominium units at the time required by California Civil Code Section 1102.3:

“DISCLOSURE OF NEIGHBORING LIGHT INDUSTRIAL USE(S): You are purchasing or leasing property that is adjacent to or nearby to the existing American Industrial Center (AIC). As of [DATE], the AIC is located in a PDR-1-G (Production, Distribution and Repair – General) zoning district and contains light industrial, as well as office, retail, and other uses. Consistent with such zoning, the AIC operations generate noise associated with truck traffic and loading activities at the AIC and other impacts at all hours of the day, seven days per week, even if operating in conformance with existing laws and regulations and locally accepted customs and standards for operations of such uses. California law provides: “Nothing which is done or maintained under the express authority of a statute can be deemed a nuisance.” (Cal. Civil Code Section 3482). You should be prepared to accept such inconveniences or discomforts as a normal and necessary aspect of living near the AIC, and understand that the AIC is not required to alter its current or future activities undertaken in compliance with applicable laws and zoning regulations after construction of your building.”

4. **No Prepayment of Services Special Taxes or Facilities Special Taxes.** Each and every owner of a Condominium is prohibited from prepaying Services Special Taxes and Facilities Special Taxes, as each is described in the Rate and Method of Apportionment of Special Taxes for the Pier 70 Condo CFD.
5. **Continuance of Services Special Taxes.** Each and every owner of a Condominium must pay an amount equivalent to Services Special Taxes that would have been levied if the community facility districts (“CFDs”) applicable to the applicable Condominium or their taxing powers are ever eliminated or reduced for any reason, including any vote of the qualified electors in the CFD applicable to the Condominium.
6. **Mitigation Monitoring and Reporting Program.** Each and every owner of a Condominium must comply with the applicable mitigation measures set forth in the Mitigation Monitoring and Reporting Program that the San Francisco Planning Commission adopted by Motion No. 19977 and the Port Commission adopted by Resolution No. 17-43. **[Note: Port, in consultation with Declarant, will identify the mit measures applicable to condominium owners prior to Close of Escrow]**
7. **Residential Parking Permits.** No resident of the PKN Project will be eligible for Residential Parking Permits under Transportation Code Section 905.
8. **Enforcement.** Port will be entitled to any and all rights and remedies available at law or equity in order to enforce its rights under this Declaration, including but not limited to, specific performance.
9. **Notices.** All notices required or allowed hereunder shall be in writing. Notices to Declarant or notices to Port may be given at the following addresses:

To Port:

San Francisco Port Commission
Pier 1
San Francisco, California 94111
Attention: Director of Planning & Development
Telephone: (415) 274-0400

Attention: General Counsel
Telephone: (415) 274-0400

To Declarant:

64 PKN OWNER, LLC

[_____]
[_____]

The notice address for the owner of a Condominium from and after the first sale of such Condominium will be the Property address and the applicable unit number. Notices may be given by personal delivery, or sent by reputable overnight delivery service with charges prepaid for next-business-day delivery, or by first class certified U.S. Mail with postage prepaid and return receipt requested. Notices are effective on the earlier of the date received, one business day after transmittal by overnight delivery service, or the third day after the postmark date, as applicable.

10. **Third Party Beneficiary.** The Parties agree that the City and Port are intended named third party beneficiaries of the covenants, acknowledgments, agreements, waivers and releases contained in this Declaration.

11. **Covenants Run With the Land.** The Parties intend and agree that the covenants, acknowledgments, agreements, waivers and releases contained in this Declaration are covenants, not conditions, running with the land and they will, in any event, and without regard to technical classification or designation, legal or otherwise, to the fullest extent permitted by law and equity, be binding for the benefit of the City and Port and will be enforceable by either the City, Port, or both, against Declarant and its successors and assigns and subsequent owners, lessees, and other users of each Condominium. Notwithstanding anything to the contrary in the foregoing, Port shall have the right to terminate or waive the requirements set forth in this Declaration in writing if such termination or waiver is approved by the Port's Commission in its sole discretion.

12. **Release of the City Parties.** Declarant, on behalf of itself and its successors and assigns (including each and every owner of a Condominium), waives or will be deemed to waive, any right to recover from, and forever releases, acquits, and discharges, the City, including, but not limited to, all of its boards, commissions, departments, agencies and other subdivisions, including, without limitation, Port, and all of their respective officers, employees, agents, contractors and representatives, and their respective heirs, successors, legal representatives

and assigns (collectively, the "City Parties" and individually, "City Party"), from any and all demands, claims, legal or administrative proceedings, losses, liabilities, damages, penalties, fines, liens, judgments, costs or expenses whatsoever (including, without limitation, Attorneys' Fees and Costs), whether direct or indirect, known or unknown, foreseen or unforeseen (collectively, "Claims"), that Declarant, its successors and assigns (including each and every owner of a Condominium) may now have or that may arise on account of or in any way be connected with (A) Declarant's completion of, or failure to complete, all or any part of the PKN Project, (B) the master developer of the Waterfront Project at Pier 70's completion of, or failure to complete, all or any part of the horizontal improvements or any part of the Pier 70 Project, (C) the payment by the buyer or seller of any Condominium of any fees set forth in the Transfer Fee Covenant to be recorded against the Property and each Condominium, (D) the Pier 70 Shipyard, (E) the AIC, (F) hazardous materials, and (G) from any cause in, on, around, under, and pertaining to the Property, the PKN Project or any of the Condominiums, including all Claims arising from the joint, concurrent, active or passive negligence of any of City Parties, but excluding any intentionally harmful acts committed solely by Port or City. Declarant's release and waiver under this Declaration shall not apply to (a) any Claims resulting from the gross negligence or willful misconduct of any of City Party or (b) any third-party tort Claims arising prior to recordation of this Declaration.

The City Parties would not have been willing to sell the Property to Declarant in the absence of a complete waiver of liability for consequential, incidental or punitive damages due to the acts or omissions of the City Parties, and Declarant expressly assumes the risk with respect thereto. Accordingly, as a material part of the consideration for the sale of the Property to Declarant, Declarant fully RELEASES, WAIVES AND DISCHARGES forever any and all claims, demands, rights, and causes of action against the City Parties for consequential, incidental and punitive damages (including, without limitation, lost profits) and covenants not to sue for such damages, the City Parties arising out of this Declaration or the uses authorized hereunder, including, any interference with uses conducted by Declarant pursuant to this Declaration regardless of the cause, and whether or not due to the negligence of the City Parties.

Declarant understands and expressly accepts and assumes the risk that any facts concerning the Claims released, waived, and discharged in this Declaration includes known and unknown claims, disclosed and undisclosed, and anticipated and unanticipated Claims pertaining to the subject matter of the releases, waivers, and discharges, and might be found later to be other than or different from the facts now believed to be true, and agrees that the releases, waivers, and discharges in this Declaration will remain effective. Accordingly, with respect to the Claims released, waived, and discharged in this Declaration, Declarant expressly waives the benefits of Section 1542 of the California Civil Code, which provides as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR
RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER
FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY
HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT
WITH THE DEBTOR OR RELEASED PARTY.

BY PLACING ITS INITIALS BELOW, DECLARANT SPECIFICALLY ACKNOWLEDGES
AND CONFIRMS THE VALIDITY OF THE RELEASES, WAIVERS, AND DISCHARGES
MADE ABOVE AND THE FACT THAT DECLARANT WAS REPRESENTED BY
COUNSEL WHO EXPLAINED, AT THE TIME THIS DECLARATION WAS MADE,
THE CONSEQUENCES OF THE ABOVE RELEASES, WAIVERS AND DISCHARGES.

INITIALS: DECLARANT: _____

13. Miscellaneous.

13.1. Governing Law. The provisions hereof shall be construed and enforced in accordance with the laws of the State of California.

13.2. Attorneys' Fees. In any action or proceeding to seek a declaration of rights hereunder, to enforce the terms hereof or to recover damages or other relief for alleged breach, then the prevailing party in any such action shall be entitled to recover its reasonable attorneys' fees and costs, including experts' fees, costs incurred in connection with (a) post judgment motions, (b) appeals, (c) contempt proceedings, (d) garnishments and levies, (e) debtor and third-party examinations, (f) discovery, and (g) bankruptcy litigation. Any judgment or order entered in such action or proceeding shall contain a specific provision providing for the recovery of attorneys' fees and costs incurred in enforcing, perfecting and executing such judgment. A party shall be deemed to have prevailed in any such action or proceeding (without limiting the generality of the foregoing) if such action is dismissed upon the payment by the other party of the sums allegedly due or the performance of obligations allegedly not complied with, or if such party obtains substantially the relief sought by it in the action, irrespective of whether such action is prosecuted to judgment. For purposes of this Declaration, reasonable attorneys' fees of the City's Office of the City Attorney shall be based on the fees regularly charged by private attorneys with the equivalent number of years of experience in the subject matter area of the law for which the City Attorney's services were rendered who practice in the City of San Francisco in law firms with approximately the same number of attorneys as employed by the Office of the City Attorney.

13.3. Time. Time is of the essence of each and every provision hereof.

13.4. Disclaimers. Nothing herein (a) creates any right or remedy for the benefit of any Person not a party hereto, or (b) creates a fiduciary relationship, an agency, or partnership.

13.5. Construction. Whenever the context of this Declaration requires, the singular shall include the plural and the masculine shall include the feminine and/or the neuter. Descriptive section headings are for convenience only and shall not be considered or referred to in resolving questions of interpretation or construction.

13.6. Waiver. Any waiver with respect to any provision of this Declaration shall not be effective unless in writing and signed by the party against whom it is asserted. The waiver of any provision of this Declaration by a party shall not be construed as a waiver of a subsequent breach or failure of the same term or condition or as a waiver of any other provision of this Declaration. No waiver will be interpreted as a continuing waiver.

13.7. Incorporation of Recitals. The recitals set forth above are incorporated herein by this reference.

13.8. Severability. Invalidation of any portion or provision of this Declaration by judgment or court order shall in no way affect any other portions or provisions, which shall remain in full force and effect to the maximum extent permitted by law.

13.9. No Dedication. This Declaration is not intended to create any rights in the public.

DECLARATION OF RESTRICTIONS, COVENANTS, MARITIME AND INDUSTRIAL USES AND RELEASE

(Real Property)

THIS DECLARATION OF RESTRICTIONS, COVENANTS, MARITIME AND INDUSTRIAL USES AND RELEASE (this "Declaration") is made as of this ____ day of _____, 201XXX (the "Effective Date"), by and between **CITY AND COUNTY OF SAN FRANCISCO**, a municipal corporation (the "City"), operating by and through the **SAN FRANCISCO PORT COMMISSION** ("Port"), and _____ ("Declarant"). Port and Declarant are collectively referred to herein as the "Parties", or each individually, a "Party".

RECITALS

A. Port and Declarant entered into a Vertical Disposition and Development Agreement dated as of [_____] ("VDDA"), which granted the Declarant the right to purchase, upon satisfaction of certain conditions, that certain real property located in the City and County of San Francisco generally bound by Illinois, Michigan, 20th and 21st Streets, as further described in **Exhibit A** (the "Property"). Declarant will develop a mixed-use residential condominium project on the Property ("**Residential Project**"). The Property is located within the area commonly known as Pier 70 in the City and County of San Francisco. The term "Property" includes any partial interest in the Property, but explicitly excludes any condominium interest in the Property. The Parties acknowledge that certain Notice of Special Restrictions dated and recorded on or about the same date herewith, addresses special restrictions applicable to the condominium interests in the Property.

B. As a material part of Declarant's consideration to Port [and the City] for the sale of the Property, and as a condition precedent to such sale, Declarant agrees that the Property will be bound by the terms and conditions of this Declaration in perpetuity. Developer acknowledges that Port would not have sold (or caused the City to sell) the Property to Declarant pursuant to the VDDA without Declarant's agreement that the Property will be bound by the terms and conditions of this Declaration in perpetuity.

NOW THEREFORE, Declarant hereby imposes on the Property certain rights, reservations, restrictions, covenants, conditions, and equitable servitudes on the following terms and conditions:

1. **Binding Effect.** Declarant hereby declares that the Property will be held, leased, transferred, encumbered, used, occupied and improved subject to the rights, reservations, restrictions, covenants, conditions, and equitable servitudes contained in this Declaration. The rights, reservations, restrictions, covenants, conditions and equitable servitudes set forth in this Declaration will (1) run with and burden the Property in perpetuity and will be binding upon all persons having or acquiring any interest in the Property or any part thereof, their heirs, successors and assigns; (2) inure to the benefit of every portion of the Property and any interest therein; (3) inure to the benefit of and be binding upon Declarant, Port, and their respective successors-in-interest; and (4) may be enforced by Declarant, Port, the City, and their respective successors-in-interest.

2. **Pier 70 Shipyard.** Declarant acknowledges that the Property is located in proximity to the Pier 70 Shipyard (the “Pier 70 Shipyard”), an industrial facility that contains approximately 14.7 acres of improved land and 17.4 acres of submerged lands, including floating Dry Dock#2, floating Dry Dock Eureka, and an 8k ampere Shoreside Power System. Existing and future operations at the Pier 70 Shipyard may generate certain impacts such as noise, parking congestion, truck traffic, auto traffic, odors, dust, dirt, view and visual obstructions. In order to avoid interference with the Pier 70 Shipyard without being subject to suits by adjacent property owners or tenants against Port and the Pier 70 Shipyard operator for nuisance, inverse condemnation or similar causes of action, Declarant acknowledges the foregoing facts and understandings and agrees to the release and waiver set forth in **Section 14 below**. In addition, Declarant will include as a deed restriction in each deed delivered to a purchaser of a condominium unit or in any lease for a residential unit, an acknowledgment of the foregoing impacts, and a waiver of rights relating to commencing or maintaining a lawsuit for common law or statutory nuisance, inverse condemnation, or other legal action based upon the interference with the comfortable enjoyment of life or property arising out of the existence of the Pier 70 Shipyard.

3. **American Industrial Center.** Declarant acknowledges that the Property is located in proximity to the American Industrial Center (“AIC”), which houses approximately 900,000 square feet of commercial, industrial, and related supporting uses. Approximately 300 tenants, including breweries, commercial kitchens and bakeries, garment manufacturing businesses, warehouses, and distribution centers, lease space in the AIC and approximately 2,500 to 3,000 people are on the site at a given time. AIC loading docks are located on Illinois Street, and noise from loading activities could cause noise disturbance along the western boundary of the Property. In order to minimize interference with the AIC without being subject to suits by adjacent property owners or tenants against AIC for nuisance, inverse condemnation or similar causes of action, Declarant acknowledges the foregoing facts and understandings in this Declaration and agrees to the release and waiver set forth in **Section 14 below**. In addition, Declarant will provide the following disclosure to lessees prior to signing a lease or purchasers of condominium units at the time required by California Civil Code Section 1102.3:

“DISCLOSURE OF NEIGHBORING LIGHT INDUSTRIAL USE(S): You are purchasing or leasing property that is adjacent to or nearby to the existing American Industrial Center (AIC). As of [DATE], the AIC is located in a PDR-1-G (Production, Distribution and Repair – General) zoning district and contains light industrial, as well as office, retail, and other uses. Consistent with such zoning, the AIC operations generate noise associated with truck traffic and loading activities at the AIC and other impacts at all hours of the day, seven days per week, even if operating in conformance with existing laws and regulations and locally accepted customs and standards for operations of such uses. California law provides: “Nothing which is done or maintained under the express authority of a statute can be deemed a nuisance.” (Cal. Civil Code Section 3482). You should be prepared to accept such inconveniences or discomforts as a normal and necessary aspect of living

near the AIC, and understand that the AIC is not required to alter its current or future activities undertaken in compliance with applicable laws and zoning regulations after construction of your building.”

4. **No Prepayment of Services Special Taxes or Facilities Special Taxes.** Declarant must disclose to purchasers of condominium units that they are prohibited from prepaying Services Special Taxes and Facilities Special Taxes (as each such term is defined in the Financing Plan and Acquisition Agreement between [Declarant] and Port, dated as of [REDACTED], 2019) (the “Financing Plan”). Upon sale of each condominium unit, Declarant will deliver a copy of the Financing Plan to each new buyer of a condominium unit.

5. Declarant agrees and acknowledges that it will pay an amount equivalent to Services Special Taxes that would have been levied if the community facility districts (“CFDs”) applicable to the Property or their taxing powers are ever eliminated or reduced for any reason, including any vote of the qualified electors in the CFD applicable to the Property.

6. **Mitigation Monitoring and Reporting Program.** Declarant will comply with the mitigation measures set forth in the Mitigation Monitoring and Reporting Program (“MMRP”) that the San Francisco Planning Commission adopted by Motion No. 19977 and the Port Commission adopted by Resolution No. 17 43.

7. **Limitation on Off-Street Parking.** Declarant will comply with a permanent limit on the number of off-street parking spaces allocated to the Property, to the lesser of:

(a) six-tenths (6/10) off-street parking spaces per one (1) residential unit and one (1) off-street parking space per 1,500 sq. ft. of gross floor area for office (the “Maximum Off-Street Parking Spaces”);

(b) if the Residential Project is built in one phase, the number of parking spaces actually constructed on the Property at the time of the issuance of a certificate of occupancy for the Residential Project; or

(c) if the Residential Project is built in two different phases and
(i) only the 1st phase of the Residential Project (“1st Phase”) is built, the lesser of the Maximum Off-Street Parking Spaces for the 1st Phase or the total number of parking spaces actually constructed at the time of issuance of a certificate of occupancy for the 1st Phase; or

(ii) both phases of the Residential Project is built, the lesser of the Maximum Off-Street Parking Spaces for the Residential Project or the total number of parking spaces actually constructed at the time of issuance of a certificate of occupancy for the Residential Project.

8. **Residential Parking Permits.** Declarant acknowledges that residents of the Residential Project will not be eligible for Residential Parking Permits under Transportation Code Section 905.

9. **Required Provisions in Declaration of Conditions, Covenants, and Restrictions or Property Management Agreement.** Declarant will include in a Declaration of Conditions, Covenants and Restrictions (or equivalent instrument as determined by Declarant) (the “CC&Rs”) that is recorded against the Property and runs with the land, or property management agreement if the Property is operated as a residential rental project, provisions for each of the following items set forth in this **Section 9** (collectively referred to as “Required Provisions”). Prior to the adoption of the CC&Rs or entering into the property management agreement, as applicable, Declarant will provide Port the Required Provisions for Port’s review and approval, in its sole discretion. The Required Provisions may not be amended without the prior written consent of Port, in its sole discretion.

(a) ***American Industrial Center.***

(i) Establishment of a point of contact within the homeowners association and/or property manager to receive any resident complaints regarding noise or other issues related to AIC operations prior to any such complaints being submitted to the AIC. Such point of contact shall be responsible for providing to complainant a copy of the DISCLOSURE OF NEIGHBORING LIGHT INDUSTRIAL USE(S);

(ii) Establishment of a "meet and confer" process to (a) receive any resident complaints regarding noise or other issues related to AIC operations, and (b) consistent with the DISCLOSURE OF NEIGHBORING LIGHT INDUSTRIAL USE(S), resolve directly with AIC such complaints, with the goal of resolving informally between the Property and AIC any resident complaints prior to the complainant's filing of a formal complaint with the City or other regulatory agency;

(iii) Designation of a representative of the condominium association and/or property owner/management company to act as a liaison with the AIC. The liaison shall promote open and regular communication between the residential project and AIC. The liaison shall work with appropriate AIC representatives to ensure that both the occupants of the Property and AIC (and their respective residents/tenants) receive advance notice of events that may affect residents or AIC tenants, and to minimize the disruption associated with such events.

(b) ***No Prepayment of Services Special Taxes or Facilities Special Taxes.*** A prohibition on prepayment of Services Special Taxes and Facilities Special Taxes by owners of condominium units.

(c) ***Mitigation Monitoring and Reporting Program.*** A general obligation to comply with the MMRP and specifically identifying particular mitigation measures in the MMRP that owners of condominium units and renters must comply with.

(d) ***Residential Parking Permits.*** The residents of the Residential Project will not be eligible for Residential Parking Permits under Transportation Code section 905 and may not apply for such permits.

(e) ***Services Special Taxes.*** With respect to owners of condominium units only, the obligation to pay an amount equivalent to Services Special Taxes that would have been levied if the CFDs applicable to the Property or their taxing powers are ever eliminated or the amount of Services Special Taxes is reduced for any reason, including any vote of the qualified electors in the CFD applicable to the Property.

10. **Enforcement.** Port will be entitled to any and all rights and remedies available at law or equity in order to enforce its rights under this Declaration, including but not limited to, specific performance.

11. **Notices.** All notices required or allowed hereunder shall be in writing. Notices to Declarant or notices or payment of the Transfer Fees to Port may be given at the following addresses:

To Port:

San Francisco Port Commission

Pier 1

San Francisco, California 94111

Attention: Director of Planning & Development

Telephone: (415) 274-0400

With a Copy To:

San Francisco City Attorney's Office
San Francisco Port Commission
Pier 1
San Francisco, California 94111
Attention: General Counsel
Telephone: (415) 274-0400

To Declarant:

Notices may be given by personal delivery, or sent by reputable overnight delivery service with charges prepaid for next-business-day delivery, or by first class certified U.S. Mail with postage prepaid and return receipt requested. Notices are effective on the earlier of the date received, one business day after transmittal by overnight delivery service, or the third day after the postmark date, as applicable.

12. Third Party Beneficiary. The Parties agree that the City and Port are intended named third party beneficiaries of Declarant's covenants, acknowledgments, agreements, waivers and releases contained in this Declaration.

13. Covenants Run With the Land. The Parties intend and agree that the covenants, acknowledgments, agreements, waivers and releases contained in this Declaration are covenants, not conditions, running with the land and they will, in any event, and without regard to technical classification or designation, legal or otherwise, to the fullest extent permitted by law and equity, be binding for the benefit of the City and Port and will be enforceable by either the City, Port, or both, against Declarant and its successors and assigns and subsequent owners, lessees, and other users of the Property. Notwithstanding anything to the contrary in the foregoing, Port shall have the right to terminate or waive the requirements set forth in this Declaration in writing if such termination or waiver is approved by the Port's Commission in its sole discretion.

14. Release of the City Parties. Declarant, on behalf of itself and its successors and assigns, waives or will be deemed to waive, any right to recover from, and forever releases, acquits, and discharges, the City, including, but not limited to, all of its boards, commissions, departments, agencies and other subdivisions, including, without limitation, Port, and all of their respective officers, employees, agents, contractors and representatives, and their respective heirs, successors, legal representatives and assigns (collectively, the "City Parties" and individually, "City Party"), from any and all demands, claims, legal or administrative proceedings, losses, liabilities, damages, penalties, fines, liens, judgments, costs or expenses whatsoever (including, without limitation, Attorneys' Fees and Costs), whether direct or indirect, known or unknown, foreseen or unforeseen (collectively, "Claims"), that Declarant may now have or that may arise on account of or in any way be connected with (A) Declarant's completion of, or failure to complete, all or any part of the PKN Project, (B) Horizontal Developer's completion of, or failure to complete, all or any part of the Horizontal Improvements, (C) Port or the City's failure to complete any part of the Pier 70 Project, (D) the payment by the buyer or seller of any condominium unit of any fees set forth in the Transfer Fee Covenant to be recorded against the Property, (E) the Pier 70 Shipyard, (F) the AIC, (G) hazardous materials, and (H) from any cause in, on, around, under, and pertaining to the Property or the Vertical Project, including all Claims arising from the joint, concurrent, active or passive negligence of any of City Parties, but excluding any intentionally harmful acts committed solely by Port or City. Declarant's release and waiver under this Declaration shall not apply to (a) any Claims resulting from the gross negligence or willful misconduct of any of City Party or (b) any third-party tort Claims arising prior to recordation of this Declaration.

The City Parties would not have been willing to sell the Property to Declarant in the absence of a complete waiver of liability for consequential, incidental or punitive damages due to the acts or omissions of the City Parties, and Declarant expressly assumes the risk with respect thereto. Accordingly, as a material part of the consideration for the sale of the Property to Declarant, Declarant fully RELEASES, WAIVES AND DISCHARGES forever any and all claims, demands, rights, and causes of action against the City Parties for consequential, incidental and punitive damages (including, without limitation, lost profits) and covenants not to sue for such damages, the City Parties arising out of this Declaration or the uses authorized hereunder, including, any interference with uses conducted by Declarant pursuant to this Declaration regardless of the cause, and whether or not due to the negligence of the City Parties.

Declarant understands and expressly accepts and assumes the risk that any facts concerning the Claims released, waived, and discharged in this Declaration includes known and unknown claims, disclosed and undisclosed, and anticipated and unanticipated Claims pertaining to the subject matter of the releases, waivers, and discharges, and might be found later to be other than or different from the facts now believed to be true, and agrees that the releases, waivers, and discharges in this Declaration will remain effective. Accordingly, with respect to the Claims released, waived, and discharged in this Declaration, Declarant expressly waives the benefits of Section 1542 of the California Civil Code, which provides as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

BY PLACING ITS INITIALS BELOW, DECLARANT SPECIFICALLY ACKNOWLEDGES AND CONFIRMS THE VALIDITY OF THE RELEASES, WAIVERS, AND DISCHARGES MADE ABOVE AND THE FACT THAT DECLARANT WAS REPRESENTED BY COUNSEL WHO EXPLAINED, AT THE TIME THIS DECLARATION WAS MADE, THE CONSEQUENCES OF THE ABOVE RELEASES, WAIVERS AND DISCHARGES.

INITIALS: DECLARANT: _____

15. Liquidated Damages. [Note: include provisions of Section 19.3(f) of the VDDA once finalized.]

16. Miscellaneous.

16.1. Governing Law. The provisions hereof shall be construed and enforced in accordance with the laws of the State of California.

16.2. Attorneys' Fees. In any action or proceeding to seek a declaration of rights hereunder, to enforce the terms hereof or to recover damages or other relief for alleged breach, then the prevailing party in any such action shall be entitled to recover its reasonable attorneys' fees and costs, including experts' fees, costs incurred in connection with (a) post judgment motions, (b) appeals, (c) contempt proceedings, (d) garnishments and levies, (e) debtor and third-party examinations, (f) discovery, and (g) bankruptcy litigation. Any judgment or order entered in such action or proceeding shall contain a specific provision providing for the recovery of attorneys' fees and costs incurred in enforcing, perfecting and executing such judgment. A party shall be deemed to have prevailed in any such action or proceeding (without limiting the generality of the foregoing) if such action is dismissed upon the payment by the other party of the sums allegedly due or the performance of obligations allegedly not complied with, or if such party obtains substantially the relief sought by it in the action, irrespective of whether such action is prosecuted to judgment. For purposes of this Declaration, reasonable attorneys' fees of the City's Office of the City Attorney shall be based on the fees regularly

charged by private attorneys with the equivalent number of years of experience in the subject matter area of the law for which the City Attorney's services were rendered who practice in the City of San Francisco in law firms with approximately the same number of attorneys as employed by the Office of the City Attorney.

16.3. Time. Time is of the essence of each and every provision hereof.

16.4. Disclaimers. Nothing herein (a) creates any right or remedy for the benefit of any Person not a party hereto, or (b) creates a fiduciary relationship, an agency, or partnership.

16.5. Construction. Whenever the context of this Declaration requires, the singular shall include the plural and the masculine shall include the feminine and/or the neuter. Descriptive section headings are for convenience only and shall not be considered or referred to in resolving questions of interpretation or construction.

16.6. Waiver. Any waiver with respect to any provision of this Declaration shall not be effective unless in writing and signed by the party against whom it is asserted. The waiver of any provision of this Declaration by a party shall not be construed as a waiver of a subsequent breach or failure of the same term or condition or as a waiver of any other provision of this Declaration. No waiver will be interpreted as a continuing waiver.

16.7. Incorporation of Recitals. The recitals set forth above are incorporated herein by this reference.

16.8. Severability. Invalidation of any portion or provision of this Declaration by judgment or court order shall in no way affect any other portions or provisions, which shall remain in full force and effect to the maximum extent permitted by law.

16.9. No Dedication. This Declaration is not intended to create any rights in the public.

[Remainder of this Page Intentionally Blank; Signatures Follow]

IN WITNESS WHEREOF, the parties have executed this Declaration as of the day and year first above written.

APPROVED AS TO LEGAL DESCRIPTION:

[NAME]
City and County Surveyor]

EXHIBIT B

SCOPE OF DEVELOPMENT

A. VERTICAL PROJECT

1. The Vertical Project will include the design, development, permitting and construction of a residential condominium project in accordance with the Project Requirements.
2. The Vertical Project will include the following uses:
 - Up to 261,700 gross square feet of residential uses, consistent with the Pier 70 EIR, with net saleable square footage divided into approximately 240 to 270 residential units in a range of sizes, which may include studios, 1 bedroom, 2 bedroom and 3 bedroom layouts, along with service and amenity areas for residents.
 - Up to 13,200 gross square feet of non-residential uses, consistent with the Pier 70 EIR, consisting of:
 - Up to 6,600 gross square feet of Retail/Arts/Light Industrial space; and
 - Up to 6,600 gross square feet of commercial space, which may include office as well as Retail/Arts/Light Industrial uses.
 - Accessory parking of up to .6 spaces/residential unit and up to 1 space/1,500 square feet of office Gross Floor Area.
3. The Vertical Project will be designed to provide attractive, high quality residential condominium units in a variety of unit configurations, with common and private open spaces in accordance with the requirements of the Design for Development, and resident amenities and services appropriate to the scale of the Vertical Project.
4. The Vertical Project may be constructed in two development phases, provided that the first phase of the Vertical Project shall consist of at least 104,680 square feet of residential Gross Floor Area. Each phase may involve one or more site permits and addenda as permitted under the San Francisco Building Code.

B. PKN HORIZONTAL IMPROVEMENTS

The PKN Horizontal Improvement consists of four major elements of horizontal improvements. This Scope of Development for the PKN Horizontal Improvements is a written narrative, broadly described since the basis of these requirements are conceptual only at this time. The Developer must undertake all the planning, design, project management, permitting, contracting, construction management, and administrative tasks needed for a fully completed street, plazas, and electrical work, consistent with the Development Documents, Project Requirements, City standards, policies, and regulations, and this Agreement.

Mapping conditions from the Tentative Transfer Map have been approved with one condition affecting the PKN Project occurring along Michigan Street. The PKN Tentative Map and PKN

Final Map may trigger new construction related requirements that affect the Scope of Development for the PKN Horizontal Improvements.

1. **Michigan Street ROW:** a new segment of Michigan Street from 20th Street southerly to 150' southerly, as further shown in the shown in the Streetscape Master Plan. The Michigan Street ROW is contemplated to be under the Port's jurisdiction for permitting, operations, and maintenance. Preliminary engineering shows a connection to 21st Street to be infeasible, therefore requiring this street to be a dead-end. This section of Michigan Street must comply with California Fire Code, Appendix D, limiting the length and width of the roadway for fire access purposes in the event a turn-around is not available.

Vehicle turning movements were analyzed for the projected cross sections including loading for WB-50 type of trucks needed for the Historic Core Project's uses (PDR) and operational needs. Designs must be consistent with the approved turning movements (WB-50 trucks and Fire Department equipment) as demonstrated in the SSMP.

The Scope of Work for the Michigan Street Segment will include:

- Site preparation work, including demolition, rough grading, and contaminated materials disposal;
- Trunk Utility tie-in to main line systems (excluding service laterals); Catch basins and drainage piping; Electrical substructures for roadway lighting;
- Utilities needed to serve the building(s) including sewer, telecommunications, electricity, and gas tie-ins are non-reimbursable costs.
- Curb and gutter; Roadway concrete base and asphalt concrete; Sidewalk including curb ramps.
- Undergrounding of existing overhead utilities in Michigan Street adjacent to PKN (i.e., for both Michigan Street ROW and Michigan Street Plaza).
- Realignment of existing underground utilities and surface vaults on Michigan Street adjacent to PKN, if determined to be necessary by the Port, and relocation of any existing utilities under the PKN development parcel related to the surface vaults on Michigan Street.
- Related to the Switchgear Facilities described in B4 below, Vertical Developer will cooperate with SFPUC and PG&E in the development of electrical substructures for SFPUC and PG&E feeder electrical systems; Provide conduits and pullboxes to intercept existing overhead PGF&E feeders to route service to new Switchgear Facilities; Provide conduits and pullboxes to reconnect Historic Core Project, Pier 70 Shipyard and Crane Cove Park load;
- Roadway lighting; and
- Planting strip, soils, trees and plantings; irrigation systems

Planning Budget: \$4.284M, subject to actual costs

2. **Michigan Street Plaza:** a new segment of Michigan Street from the future 21st Street northerly to the Michigan Street ROW. The Scope of Work for the Michigan Street Plaza will include:

- Site preparation work including demolition, rough grading, and contaminated materials disposal;
- Raised plaza relative to the Michigan Street ROW, with bollard or removeable bollards; optional driveway and truck access to this area;
- Sidewalk, curb and gutter; plaza paving;
- Retaining wall adjacent to future 21st Street with pedestrian through access to future 21st Street;
- Pedestrian and accent lighting; and
- Furnishing elements.

Budget: Included in budget for Michigan Street ROW.

3. **20th Street Plaza:** an approximately 0.3-acre plaza at the southwest corner of Illinois and 20th Streets as further described in the Design for Development. The Scope of Work for the 20th Street Plaza will include:
 - Site preparation work including demolition, rough grading, and contaminated materials disposal;
 - Relocation of existing utilities located within the site, if needed to serve uses outside of the 20th Street Plaza
 - Pedestrian and accent lighting;
 - Plaza paving, with highlight paving;
 - Permeable paving;
 - Planter walls, decks and terraces;
 - Standard and featured furnishing elements
 - Planting areas, soils, and vegetation;
 - Decks and terraces;
 - Storm drain systems;
 - Installation/repair/replacement of curbs and sidewalks; and
 - Related to the Switchgear Facilities described in B4 below, Vertical Developer will cooperate with SFPUC and PG&E in the development of electrical substructures for SFPUC and PG&E feeder electrical systems; Provide conduits and pullboxes to intercept existing overhead PGF&E feeders to route service to new Switchgear Facilities.

Planning Budget: \$3.428M, subject to actual costs

4. **Switchgear Facilities** – As provided in Section 12.7, there are two options for the installation of electrical switchgear facilities needed to distribute electricity to the 28-Acre Site Project and to existing Port tenants at the Historic Core Project, Pier 70 Shipyard, and Crane Cove Park. Switchgear Option 1 includes installation of up to two pad-mounted switchgear facilities in the Michigan Street Plaza by SFPUC. Switchgear Option 2 includes pole-mounted switchgear facilities in the vicinity of Parcel J on the Final Transfer Map.

In the event Port and SFPUC select Switchgear Option 1 pursuant to Section 12.7, Vertical Developer will construct a decorative screen/enclosure around the Switchgear Facilities, subject to Port's design review approval as part of design of the Michigan Street Plaza.

Vertical Developer shall pay at its sole cost and expense up to Two Hundred Fifty Thousand and 00/100 Dollars (\$250,000) in Hard Costs and Soft Costs (as defined in the Financing Plan) for Switchgear Option 1, with all additional costs reimbursed as PKN Capital Costs under the Financing Plan.

In the event Port and SFPUC elect Switchgear Option 2 pursuant to Section 12.7, Vertical Developer will pay SFPUC and PG&E (without reimbursement) the lesser of (a) costs of relocating the existing temporary poles and pole-mounted Switchgear Facilities, or (b) \$250,000. Vertical Developer's Scope of Work may include additional subsurface improvements, such as extended dry utility trench, under the future 21st Street and along Michigan Street south of 21st Street in connection with Switchgear Option 2; any such costs will be eligible PKN Capital Costs, subject to reimbursement as provided for in the Financing Plan. The design and location of underground electrical utility vaults and dry utility trenches in Michigan Street and, if required, under 21st Street, are subject to Port approval in its sole discretion, in consultation with the Historic Core Project and the Horizontal Developer, in connection with the approval of the PKN Tentative Map.

Notwithstanding the above, on or after October 1, 2019, if Vertical Developer has not been able to secure from Port, SFPUC, and PG&E approval of preliminary plans and written commitment to an approval and construction schedule in form and substance acceptable to Vertical Developer for the selected Switchgear Option 1 or Switchgear Option 2, then Vertical Developer may cease pursuing development of the selected Switchgear Option and instead apply to PG&E, at its own cost and expense (without any reimbursement) for approvals to underground the overhead electrical lines on Michigan Street adjacent to PKN, so long as such undergrounding will not adversely affect the future development of Switchgear Option 1 or Switchgear Option 2. Vertical Developer's determination to underground the overhead utilities will not release Vertical Developer of its obligation to pay the lesser of \$250,000 or the actual cost for Switchgear Option 1 or Switchgear Option 2. Vertical Developer shall utilize the dry utility trench approved in connection with the PKN Tentative Map to underground the PG&E overhead wires; payments to PG&E to reimburse PG&E's costs of undergrounding wires shall be at Vertical Developer's sole cost and expense and shall not be reimbursable as a PKN Capital Cost under the Financing Plan.

In the event work on a Switchgear Option has not commenced by the Port or SFPUC prior to receipt of the Substantial Completion Determination for the Michigan Street Plaza, subject to the provisions of the last paragraph of Section 8.3, Vertical Developer shall pay Port a Switchgear fee of \$250,000 within thirty days of receipt of the Substantial Completion Determination for the Michigan Street Plaza. The Switchgear Fee shall be refunded to Vertical Developer within five years of Vertical Developer's payment of the Switchgear Fee if (a) neither Switchgear Option has been constructed and (b) property within the SUD is served by a distribution line constructed by the SFPUC, referred to as the SFPUC Bay Corridor Transmission and Distribution Line.

EXHIBIT T
FORM OF OWNER'S AFFIDAVIT

ALTA EXTENDED COVERAGE OWNER'S AFFIDAVIT

Master Escrow No. _____
Title No. _____

ON THE _____ DAY OF _____, 2019, before me personally appeared the undersigned, who being duly sworn according to law and intending to be legally bound, deposes and says:

1. The undersigned has reviewed Report/Commitment No. _____ dated _____ at _____.

2. That there are no leases or agreements (recorded or unrecorded) affecting the Property, or other parties in possession, except as shown on the attached Exhibit A. As to those items set forth on Exhibit A, there are no options to purchase or rights of first refusal contained in the respective leases and/or agreements other than specifically indicated on Exhibit A.

(Exhibit A attached _____ Yes _____ No)

3. That the affiant knows of no unrecorded claims against the property, nor any set of facts by reason of which title to the property might be disputed or questioned, and has been in peaceable and undisputed possession of the premises since title was acquired.

4. That there has not been any construction, repairs, alterations or improvements made, ordered or contracted to be made on or to the premises, nor materials ordered therefor within the last six months; nor are there any fixtures attached to the premises which have not been paid for in full; except as shown on attached Exhibit B.

(Exhibit B attached _____ Yes _____ No)

5. That to my actual knowledge there has been no violation of any covenants, conditions or restrictions of record affecting the premises and that there are no disputes with any adjoining property owners as to the location of property lines, or the encroachment of any improvements.

This affidavit is made for the purpose of aiding _____ in determining the insurability of title to the property, and to induce said Company to issue its policies of title insurance and the affiant avers the foregoing statements are true and correct to the best of her knowledge and belief.

® Chicago Title Insurance Company

POLICY NO.: Pro Forma-CA-FWPN-IMP-72306-1-19-15605806

PRO FORMA OWNER'S POLICY OF TITLE INSURANCE

Issued by

Chicago Title Insurance Company

Any notice of claim and any other notice or statement in writing required to be given the Company under this Policy must be given to the Company at the address shown in Section 18 of the Conditions.

COVERED RISKS

SUBJECT TO THE EXCLUSIONS FROM COVERAGE, THE EXCEPTIONS FROM COVERAGE CONTAINED IN SCHEDULE B, AND THE CONDITIONS, CHICAGO TITLE INSURANCE COMPANY, a Florida corporation (the "Company") insures, as of Date of Policy and, to the extent stated in Covered Risks 9 and 10, after Date of Policy, against loss or damage, not exceeding the Amount of Insurance, sustained or incurred by the Insured by reason of:

1. Title being vested other than as stated in Schedule A.
2. Any defect in or lien or encumbrance on the Title. This Covered Risk includes but is not limited to insurance against loss from
 - (a) A defect in the Title caused by
 - (i) forgery, fraud, undue influence, duress, incompetency, incapacity, or impersonation;
 - (ii) failure of any person or Entity to have authorized a transfer or conveyance;
 - (iii) a document affecting Title not properly created, executed, witnessed, sealed, acknowledged, notarized, or delivered;
 - (iv) failure to perform those acts necessary to create a document by electronic means authorized by law;
 - (v) a document executed under a falsified, expired, or otherwise invalid power of attorney;
 - (vi) a document not properly filed, recorded, or indexed in the Public Records including failure to perform those acts by electronic means authorized by law; or
 - (vii) a defective judicial or administrative proceeding.
 - (b) The lien of real estate taxes or assessments imposed on the Title by a governmental authority due or payable, but unpaid.
 - (c) Any encroachment, encumbrance, violation, variation, or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land. The term "encroachment" includes encroachments of existing improvements located on the Land onto adjoining land, and encroachments onto the Land of existing improvements located on adjoining land.

Unmarketable Title.

4. No right of access to and from the Land.
5. The violation or enforcement of any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
 - (a) the occupancy, use, or enjoyment of the Land;
 - (b) the character, dimensions, or location of any improvement erected on the Land;
 - (c) the subdivision of land; or
 - (d) environmental protection
 if a notice, describing any part of the Land, is recorded in the Public Records setting forth the violation or intention to enforce, but only to the extent of the violation or enforcement referred to in that notice.
6. An enforcement action based on the exercise of a governmental police power not covered by Covered Risk 5 if a notice of the enforcement action, describing any part of the Land, is recorded in the Public Records, but only to the extent of the enforcement referred to in that notice.
7. The exercise of the rights of eminent domain if a notice of the exercise, describing any part of the Land, is recorded in the Public Records.
8. Any taking by a governmental body that has occurred and is binding on the rights of a purchaser for value without Knowledge.
9. Title being vested other than as stated Schedule A or being defective
 - (a) as a result of the avoidance in whole or in part, or from a court order providing an alternative remedy, of a transfer of all or any part of the title to or any interest in the Land occurring prior to the transaction vesting Title as shown in Schedule A because that prior transfer constituted a fraudulent or preferential transfer under federal bankruptcy, state insolvency, or similar creditors' rights laws; or
 - (b) because the instrument of transfer vesting Title as shown in Schedule A constitutes a preferential transfer under federal bankruptcy, state insolvency, or similar creditors' rights laws by reason of the failure of its recording in the Public Records
 - (i) to be timely, or
 - (ii) to impart notice of its existence to a purchaser for value or to a judgment or lien creditor.
10. Any defect in or lien or encumbrance on the Title or other matter included in Covered Risks 1 through 9 that has been created or attached or has been filed or recorded in the Public Records subsequent to Date of Policy and prior to the recording of the deed or other instrument of transfer in the Public Records that vests Title as shown in Schedule A.

The Company will also pay the costs, attorneys' fees, and expenses incurred in defense of any matter insured against by this Policy, but only to the extent provided in the Conditions.

IN WITNESS WHEREOF, CHICAGO TITLE INSURANCE COMPANY has caused this policy to be signed and sealed by its duly authorized officers.

Chicago Title Insurance Company
Countersigned by:

Pro Forma Specimen

Authorized Signature

This is a Pro Forma Policy. It does not reflect the present state of the Title and is not a commitment to (i) insure the Title or (ii) issue any of the attached endorsements. Any such commitment must be an express written undertaking on appropriate forms of the Company.

Order No.: 15605806-156-TM1-JM

Policy No.: Pro Forma-CA-FWPN-IMP-72306-1-19-15605806

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
 - (i) the occupancy, use, or enjoyment of the Land;
 - (ii) the character, dimensions or location of any improvement erected on the Land;
 - (iii) the subdivision of land; or
 - (iv) environmental protection;
 or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5.
- (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 6.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters:
 - (a) created, suffered, assumed, or agreed to by the Insured Claimant;
 - (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
 - (c) resulting in no loss or damage to the Insured Claimant;
 - (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under Covered Risk 9 and 10); or
 - (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Title.
4. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction vesting the Title as shown in Schedule A, is
 - (a) a fraudulent conveyance or fraudulent transfer; or
 - (b) a preferential transfer for any reason not stated in Covered Risk 9 of this policy.
5. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching between Date of Policy and the date of recording of the deed or other instrument of transfer in the Public Records that vests Title as shown in Schedule A.

CONDITIONS**1. DEFINITION OF TERMS**

The following terms when used in this policy mean:

(a) "Amount of Insurance": The amount stated in Schedule A, as may be increased or decreased by endorsement to this policy, increased by Section 8(b), or decreased by Sections 10 and 11 of these Conditions.

(b) "Date of Policy": The date designated as "Date of Policy" in Schedule A.

(c) "Entity": A corporation, partnership, trust, limited liability company, or other similar legal entity.

(d) "Insured": The Insured named in Schedule A.

(i) The term "Insured" also includes

(A) successors to the Title of the Insured by operation of law as distinguished from purchase, including heirs, devisees, survivors, personal representatives, or next of kin;

(B) successors to an Insured by dissolution, merger, consolidation, distribution, or reorganization;

(C) successors to an Insured by its conversion to another kind of Entity;

(D) a grantee of an Insured under a deed delivered without payment of actual valuable consideration conveying the Title

(1) if the stock, shares, memberships, or other equity interests of the grantee are wholly-owned by the named Insured,

(2) if the grantee wholly owns the named Insured,

(3) if the grantee is wholly-owned by an affiliated Entity of the named Insured, provided the affiliated Entity and the named Insured are both wholly-owned by the same person or Entity, or

(4) if the grantee is a trustee or beneficiary of a trust created by a written

instrument established by the Insured named in Schedule A for estate planning purposes.

(ii) With regard to (A), (B), (C), and (D) reserving, however, all rights and defenses as to any successor that the Company would have had against any predecessor Insured.

(e) "Insured Claimant": An Insured claiming loss or damage.

(f) "Knowledge" or "Known": Actual knowledge, not constructive knowledge or notice that may be imputed to an Insured by reason of the Public Records or any other records that impart constructive notice of matters affecting the Title.

(g) "Land": The land described in Schedule A, and affixed improvements that by law constitute real property. The term "Land" does not include any property beyond the lines of the area described in Schedule A, nor any right, title, interest, estate, or easement in abutting streets, roads, avenues, alleys, lanes, ways, or waterways, but this does not modify or limit the extent that a right of access to and from the Land is insured by this policy.

(h) "Mortgage": Mortgage, deed of trust, trust deed, or other security instrument, including one evidenced by electronic means authorized by law.

(i) "Public Records": Records established under state statutes at Date of Policy for the purpose of imparting constructive notice of matters relating to real property to purchasers for value and without Knowledge. With respect to Covered Risk 5(d), "Public Records" shall also include environmental protection liens filed in the records of the clerk of the United States District Court for the district where the Land is located.

(j) "Title": The estate or interest described in Schedule A.

(k) "Unmarketable Title": Title affected by an alleged or apparent matter that would permit a prospective purchaser or lessee of the Title or lender on the Title to be released from the obligation to

purchase, lease, or lend if there is a contractual condition requiring the delivery of marketable title.

2. CONTINUATION OF INSURANCE

The coverage of this policy shall continue in force as of Date of Policy in favor of an Insured, but only so long as the Insured retains an estate or interest in the Land, or holds an obligation secured by a purchase money Mortgage given by a purchaser from the Insured, or only so long as the Insured shall have liability by reason of warranties in any transfer or conveyance of the Title. This policy shall not continue in force in favor of any purchaser from the Insured of either (i) an estate or interest in the Land, or (ii) an obligation secured by a purchase money Mortgage given to the Insured.

3. NOTICE OF CLAIM TO BE GIVEN BY INSURED CLAIMANT

The Insured shall notify the Company promptly in writing (i) in case of any litigation as set forth in Section 5(a) of these Conditions, (ii) in case Knowledge shall come to an Insured hereunder of any claim of title or interest that is adverse to the Title, as insured, and that might cause loss or damage for which the Company may be liable by virtue of this policy, or (iii) if the Title, as insured, is rejected as Unmarketable Title. If the Company is prejudiced by the failure of the Insured Claimant to provide prompt notice, the Company's liability to the Insured Claimant under the policy shall be reduced to the extent of the prejudice.

4. PROOF OF LOSS

In the event the Company is unable to determine the amount of loss or damage, the Company may, at its option, require as a condition of payment that the Insured Claimant furnish a signed proof of loss. The proof of loss must describe the defect, lien, encumbrance, or other matter insured against by this policy that constitutes the basis of loss or damage and shall state, to the extent possible, the basis of calculating the amount of the loss or damage.

5. DEFENSE AND PROSECUTION OF ACTIONS

(a) Upon written request by the Insured, and subject to the options contained in Section 7 of these Conditions, the Company, at its own cost and without unreasonable delay, shall provide for the defense of an Insured in litigation in which any third party asserts a claim covered by this policy adverse to the Insured. This obligation is limited to only those stated causes of action alleging matters insured against by this policy. The Company shall have the right to select counsel of its choice (subject to the right of the Insured to object for reasonable cause) to represent the Insured as to those stated causes of action. It shall not be liable for and will not pay the fees of any other counsel. The Company will not pay any fees, costs, or expenses incurred by the Insured in the defense of those causes of action that allege matters not insured against by this policy.

(b) The Company shall have the right, in addition to the options contained in Section 7 of these Conditions, at its own cost, to institute and prosecute any action or proceeding or to do any other act that in its opinion may be necessary or desirable to establish the Title, as insured, or to prevent or reduce loss or damage to the Insured. The Company may take any appropriate action under the terms of this policy, whether or not it shall be liable to the Insured. The exercise of these rights shall not be an admission of liability or waiver of any provision of this policy. If the Company exercises its rights under this subsection, it must do so diligently.

(c) Whenever the Company brings an action or asserts a defense as required or permitted by this policy, the Company may pursue the litigation to a final determination by a court of competent jurisdiction, and it expressly reserves the right, in its sole discretion, to appeal from any adverse judgment or order.

6. DUTY OF INSURED CLAIMANT TO COOPERATE

(a) In all cases where this policy permits or requires the Company to prosecute or provide for the defense of any action or proceeding and any appeals, the Insured shall secure to the Company the right to so prosecute or provide defense in the action or proceeding, including the right to use, at its option, the name of the Insured for this purpose. Whenever requested by the Company, the Insured, at the Company's expense, shall give the Company all reasonable aid (i) in securing evidence, obtaining witnesses, prosecuting or defending the action or proceeding, or effecting settlement, and (ii) in any other lawful act that in the opinion of the Company may be necessary or desirable to establish the Title or any other matter as insured. If the Company is prejudiced by the failure of the Insured to furnish the required cooperation, the Company's obligations to the Insured under the policy shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation, with regard to the matter or matters requiring such cooperation.

(b) The Company may reasonably require the Insured Claimant to submit to examination under oath by any authorized representative of the Company and to produce for examination, inspection, and copying, at such reasonable times and places as may be designated by the authorized representative of the Company, all records, in whatever medium

maintained, including books, ledgers, checks, memoranda, correspondence, reports, e-mails, disks, tapes, and videos whether bearing a date before or after Date of Policy, that reasonably pertain to the loss or damage. Further, if requested by any authorized representative of the Company, the Insured Claimant shall grant its permission, in writing, for any authorized representative of the Company to examine, inspect, and copy all of these records in the custody or control of a third party that reasonably pertain to the loss or damage. All information designated as confidential by the Insured Claimant provided to the Company pursuant to this Section shall not be disclosed to others unless, in the reasonable judgment of the Company, it is necessary in the administration of the claim. Failure of the Insured Claimant to submit for examination under oath, produce any reasonably requested information, or grant permission to secure reasonably necessary information from third parties as required in this subsection, unless prohibited by law or governmental regulation, shall terminate any liability of the Company under this policy as to that claim.

7. OPTIONS TO PAY OR OTHERWISE SETTLE CLAIMS; TERMINATION OF LIABILITY

In case of a claim under this policy, the Company shall have the following additional options:

(a) **To Pay or Tender Payment of the Amount of Insurance.**

To pay or tender payment of the Amount of Insurance under this policy together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment or tender of payment and that the Company is obligated to pay.

Upon the exercise by the Company of this option, all liability and obligations of the Company to the Insured under this policy, other than to make the payment required in this subsection, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

(b) **To Pay or Otherwise Settle With Parties Other Than the Insured or With the Insured Claimant.**

(i) To pay or otherwise settle with other parties for or in the name of an Insured Claimant any claim insured against under this policy. In addition, the Company will pay any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay; or

(ii) To pay or otherwise settle with the Insured Claimant the loss or damage provided for under this policy, together with any costs, attorneys' fees, and expenses incurred by the Insured Claimant that were authorized by the Company up to the time of payment and that the Company is obligated to pay.

Upon the exercise by the Company of either of the options provided for in subsections (b)(i) or (ii), the Company's obligations to the Insured under this policy for the claimed loss or damage, other than the payments required to be made, shall terminate, including any liability or obligation to defend, prosecute, or continue any litigation.

8. DETERMINATION AND EXTENT OF LIABILITY

This policy is a contract of indemnity against actual monetary loss or damage sustained or incurred

by the Insured Claimant who has suffered loss or damage by reason of matters insured against by this policy.

(a) The extent of liability of the Company for loss or damage under this policy shall not exceed the lesser of

(i) the Amount of Insurance; or

(ii) the difference between the value of the Title as insured and the value of the Title subject to the risk insured against by this policy.

(b) If the Company pursues its rights under Section 5 of these Conditions and is unsuccessful in establishing the Title, as insured,

(i) the Amount of Insurance shall be increased by 10%, and

(ii) the Insured Claimant shall have the right to have the loss or damage determined either as of the date the claim was made by the Insured Claimant or as of the date it is settled and paid.

(c) In addition to the extent of liability under (a) and (b), the Company will also pay those costs, attorneys' fees, and expenses incurred in accordance with Sections 5 and 7 of these Conditions.

9. LIMITATION OF LIABILITY

(a) If the Company establishes the Title, or removes the alleged defect, lien or encumbrance, or cures the lack of a right of access to or from the Land, or cures the claim of Unmarketable Title, all as insured, in a reasonably diligent manner by any method, including litigation and the completion of any appeals, it shall have fully performed its obligations with respect to that matter and shall not be liable for any loss or damage caused to the Insured.

(b) In the event of any litigation, including litigation by the Company or with the Company's consent, the Company shall have no liability for loss or damage until there has been a final determination by a court of competent jurisdiction, and disposition of all appeals, adverse to the Title, as insured.

(c) The Company shall not be liable for loss or damage to the Insured for liability voluntarily assumed by the Insured in settling any claim or suit without the prior written consent of the Company.

10. REDUCTION OF INSURANCE; REDUCTION OR TERMINATION OF LIABILITY

All payments under this policy, except payments made for costs, attorneys' fees, and expenses, shall reduce the Amount of Insurance by the amount of the payment.

11. LIABILITY NONCUMULATIVE

The Amount of Insurance shall be reduced by any amount the Company pays under any policy insuring a Mortgage to which exception is taken in Schedule B or to which the Insured has agreed, assumed, or taken subject, or which is executed by an Insured after Date of Policy and which is a charge or lien on the Title, and the amount so paid shall be deemed a payment to the Insured under this policy.

12. PAYMENT OF LOSS

When liability and the extent of loss or damage have been definitely fixed in accordance with these Conditions, the payment shall be made within 30 days.

13. RIGHTS OF RECOVERY UPON PAYMENT OR SETTLEMENT

(a) Whenever the Company shall have settled and paid a claim under this policy, it shall be

brogated and entitled to the rights of the Insured claimant in the Title and all other rights and remedies in respect to the claim that the Insured Claimant has against any person or property, to the extent of the amount of any loss, costs, attorneys' fees, and expenses paid by the Company. If requested by the Company, the Insured Claimant shall execute documents to evidence the transfer to the Company of these rights and remedies. The Insured Claimant shall permit the Company to sue, compromise, or settle in the name of the Insured Claimant and to use the name of the Insured Claimant in any transaction or litigation involving these rights and remedies.

If a payment on account of a claim does not fully cover the loss of the Insured Claimant, the Company shall defer the exercise of its right to recover until after the Insured Claimant shall have recovered its loss.

(b) The Company's right of subrogation includes the rights of the Insured to indemnities, guaranties, other policies of insurance, or bonds, notwithstanding any terms or conditions contained in those instruments that address subrogation rights.

14. ARBITRATION

Either the Company or the Insured may demand that the claim or controversy shall be submitted to arbitration pursuant to the Title Insurance Arbitration Rules of the American Land Title Association ("Rules"). Except as provided in the Rules, there shall be no joinder or consolidation with claims or controversies of other persons. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, any service in connection with its issuance or the breach of a policy

provision, or to any other controversy or claim arising out of the transaction giving rise to this policy. All arbitrable matters when the Amount of Insurance is \$2,000,000 or less shall be arbitrated at the option of either the Company or the Insured. All arbitrable matters when the Amount of Insurance is in excess of \$2,000,000 shall be arbitrated only when agreed to by both the Company and the Insured. Arbitration pursuant to this policy and under the Rules shall be binding upon the parties. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court of competent jurisdiction.

15. LIABILITY LIMITED TO THIS POLICY; POLICY ENTIRE CONTRACT

(a) This policy together with all endorsements, if any, attached to it by the Company is the entire policy and contract between the Insured and the Company. In interpreting any provision of this policy, this policy shall be construed as a whole.

(b) Any claim of loss or damage that arises out of the status of the Title or by any action asserting such claim shall be restricted to this policy.

(c) Any amendment of or endorsement to this policy must be in writing and authenticated by an authorized person, or expressly incorporated by Schedule A of this policy.

(d) Each endorsement to this policy issued at any time is made a part of this policy and is subject to all of its terms and provisions. Except as the endorsement expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsement, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance.

16. SEVERABILITY

In the event any provision of this policy, in whole or in part, is held invalid or unenforceable under applicable law, the policy shall be deemed not to include that provision or such part held to be invalid, but all other provisions shall remain in full force and effect.

17. CHOICE OF LAW; FORUM

(a) Choice of Law: The Insured acknowledges the Company has underwritten the risks covered by this policy and determined the premium charged therefor in reliance upon the law affecting interests in real property and applicable to the interpretation, rights, remedies, or enforcement of policies of title insurance of the jurisdiction where the Land is located.

Therefore, the court or an arbitrator shall apply the law of the jurisdiction where the Land is located to determine the validity of claims against the Title that are adverse to the Insured and to interpret and enforce the terms of this policy. In neither case shall the court or arbitrator apply its conflicts of law principles to determine the applicable law.

(b) Choice of Forum: Any litigation or other proceeding brought by the Insured against the Company must be filed only in a state or federal court within the United States of America or its territories having appropriate jurisdiction.

18. NOTICES, WHERE SENT

Any notice of claim and any other notice or statement in writing required to be given to the Company under this policy must be given to the Company at Chicago Title Insurance Company, Attn: Claims Department, Post Office Box 45023, Jacksonville, Florida 32232-5023.

Executed by: TBD
Recorded: , 2019, as Instrument No. 2019- , Official Records

Reference is hereby made to said document for full particulars.

END OF SCHEDULE B

This is a pro forma policy furnished to or on behalf of the party to be insured. It neither reflects the present status of title, nor is it intended to be a commitment to insured. The inclusion of endorsements as a part of the pro forma policy in no way evidences the willingness of the company to provide any affirmative coverage shown therein. There are requirements which must be met before a final policy can be issued in the same form as the pro forma policy. A commitment to insure setting forth these requirements should be obtained from the Company.

Additional Matters may be added or other amendments may be made to this pro forma policy by reason of any defects, liens or encumbrances that appear for the first time in the Public Records or come to the attention of the Company and are created or attached between the issuance of this pro forma policy and the issuance of a policy of title insurance. The Company shall have no liability because of such addition or amendment.

PRO FORMA ENDORSEMENT
Attached to Policy No. Pro Forma-CA-FWPN-IMP-72306-1-19-15605806
Issued By
Chicago Title Insurance Company

1. The insurance provided by this endorsement is subject to the exclusions in Section 4 of this endorsement; and the Exclusions from Coverage, the Exceptions from Coverage contained in Schedule B, and the Conditions in the policy.
2. For purposes of this endorsement only:
 - a. "Covenant" means a covenant, condition, limitation or restriction in a document or instrument in effect at Date of Policy.
 - b. "Future Improvement" means a building, structure, road, walkway, driveway, curb to be constructed on or affixed to the Land in the locations according to the Plans and that by law will constitute real property, but excluding any crops, landscaping, lawn, shrubbery, or trees.
 - c. "Improvement" means a building, structure located on the surface of the Land, road, walkway, driveway, or curb, affixed to the Land at Date of Policy and that by law constitutes real property, but excluding any crops, landscaping, lawn, shrubbery, or trees.
 - d. "Plans" means the survey, site and elevation plans or other depictions or drawings prepared by TBD dated TBD, last revised TBD, designated as TBD consisting of TBD sheets.
3. The Company insures against loss or damage sustained by the Insured by reason of:
 - a. A violation of an enforceable Covenant by an Improvement on the Land at Date of Policy or by a Future Improvement, unless an exception in Schedule B of the policy identifies the violation;
 - b. Enforced removal of an Improvement located on the Land or of a Future Improvement as a result of a violation of a building setback line shown on a plat of subdivision recorded or filed in the Public Records at Date of Policy, unless an exception in Schedule B of the policy identifies the violation; or
 - c. A notice of a violation, recorded in the Public Records at Date of Policy, of an enforceable Covenant relating to environmental protection describing any part of the Land and referring to that Covenant, but only to the extent of the violation of the Covenant referred to in that notice, unless an exception in Schedule B of the policy identifies the notice of the violation.
4. This endorsement does not insure against loss or damage (and the Company will not pay costs, attorneys' fees, or expenses) resulting from:
 - a. any Covenant contained in an instrument creating a lease;
 - b. any Covenant relating to obligations of any type to perform maintenance, repair, or remediation on the Land; or
 - c. except as provided in Section 3.c, any Covenant relating to environmental protection of any kind or nature, including hazardous or toxic matters, conditions, or substances.

This endorsement is issued as part of the policy. Except as it expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsements, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance. To the extent a provision of the policy or a previous endorsement is inconsistent with an express provision of this endorsement, this endorsement controls. Otherwise, this endorsement is subject to all of the terms and provisions of the policy and of any prior endorsements.

1. The insurance provided by this endorsement is subject to the exceptions in Section 4 of this endorsement; and the Exclusions from Coverage, the Exceptions from Coverage contained in Schedule B, and the Conditions in the policy.
2. For purposes of this endorsement only:
 - (a) "Improvement" means a building, structure, or paved area, including any road, walkway, parking area, driveway, or curb located on the surface of the Land or the surface of adjoining land at Date of Policy that by law constitutes real property.
 - (b) "Future Improvement" means any of the following to be constructed on the Land after Date of Policy in the locations according to the Plans and that by law constitutes real property:
 - (i) a building;
 - (ii) a structure; or
 - (iii) a paved area, including any road, walkway, parking area, driveway, or curb.
 - (c) "Plans" mean the survey, site and elevation plans, or other depictions or drawings prepared by TBD dated TBD, last revised TBD, designated as TBD consisting of TBD sheets.
3. The Company insures against loss or damage sustained by the Insured by reason of:
 - (a) An encroachment of any Improvement or Future Improvement located on the Land onto adjoining land or onto that portion of the Land subject to an easement, unless an Exception in Schedule B of the policy identifies the encroachment;
 - (b) An encroachment of any Improvement located on adjoining land onto the Land at Date of Policy, unless an Exception in Schedule B of the policy identifies the encroachment;
 - (c) Enforced removal of any Improvement or Future Improvement located on the Land as a result of an encroachment by the Improvement or Future Improvement onto any portion of the Land subject to any easement, in the event that the owners of the easement shall, for the purpose of exercising the right of use or maintenance of the easement, compel removal or relocation of the encroaching Improvement or Future Improvement; or
 - (d) Enforced removal of any Improvement or Future Improvement located on the Land that encroaches onto adjoining land.
4. Sections 3(c) and 3(d) of this endorsement do not insure against loss or damage (and the Company will not pay costs, attorneys' fees, or expenses) resulting from the following Exceptions, if any, listed in Schedule B:

"None"

This endorsement is issued as part of the policy. Except as it expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsements, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance. To the extent a provision of the policy or a previous endorsement is inconsistent with an express provision of this endorsement, this endorsement controls. Otherwise, this endorsement is subject to all of the terms and provisions of the policy and of any prior endorsements.

1. For purposes of this endorsement:
 - a. "Improvement" means a building, structure, road, walkway, driveway, curb, subsurface utility or water well existing at Date of Policy or to be built or constructed according to the Plans that is or will be located on the Land, but excluding crops, landscaping, lawns, shrubbery, or trees.
 - b. "Plans" means those site and elevation plans made by TBD dated TBD, last revised TBD, designated as TBD consisting of TBD sheets.
2. The Company insures against loss or damage sustained by the Insured in the event that, at Date of Policy
 - a. According to applicable zoning ordinances and amendments, the Land is not classified Zone TBD;
 - b. The following use or uses are not allowed under that classification:

TBD
 - c. There shall be no liability under paragraph 2.b. if the use or uses are not allowed as the result of any lack of compliance with any condition, restriction, or requirement contained in the zoning ordinances and amendments, including but not limited to the failure to secure necessary consents or authorizations as a prerequisite to the use or uses. This paragraph 2.c. does not modify or limit the coverage provided in Covered Risk 5.
3. The Company further insures against loss or damage sustained by the Insured by reason of a final decree of a court of competent jurisdiction either prohibiting the use of the Land, with any Improvement, as specified in paragraph 2.b. or requiring the removal or alteration of the Improvement, because of a violation of the zoning ordinances and amendments in effect at Date of Policy with respect to any of the following matters:
 - a. Area, width, or depth of the Land as a building site for the Improvement
 - b. Floor space area of the Improvement
 - c. Setback of the Improvement from the property lines of the Land
 - d. Height of the Improvement, or
 - e. Number of parking spaces.
4. There shall be no liability under this endorsement based on:
 - a. the invalidity of the zoning ordinances and amendments until after a final decree of a court of competent jurisdiction adjudicating the invalidity, the effect of which is to prohibit the use or uses;
 - b. the refusal of any person to purchase, lease or lend money on the Title covered by this policy.

This endorsement is issued as part of the policy. Except as it expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsements, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance. To the extent a provision of the policy or a previous endorsement is inconsistent with an express provision of this endorsement, this endorsement controls. The Policy will be amended by deleting Exception 13, of Schedule B, upon:

- a. Recordation of a non appealable final court order or judgment in an action, in form and content approved by Company, under the Destroyed Land Records Relief Law (Code Civ. Proc., 751.01 et seq.) commonly known as the "McEnerney Act", with respect to the parcels of land described in Schedule A sufficient to establish, quiet and confirm the record title and ownership thereof (McEnerney Action) ;
- b. The rights and interests, upon the terms, covenants and conditions thereof, for the purposes stated therein and incidental purposes as created and confirmed in said McEnerney Action, if any, will be added as Exceptions to the Policy by endorsement.

This endorsement is issued as part of the policy. Except as it expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsements, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance. To the extent a provision of the policy or a previous endorsement is inconsistent with an express provision of this endorsement, this endorsement controls. 1. The insurance provided by this endorsement is subject to the exclusions in Section 4 of this endorsement; and the Exclusions from Coverage, the Exceptions from Coverage contained in Schedule B, and the Conditions in the policy.
2. For the purposes of this endorsement only:
 - a. "Covenant" means a covenant, condition, limitation or restriction in a document or instrument recorded in the Public Records at Date of Policy.
 - b. "Private Right" means (i) an option to purchase; (ii) a right of first refusal; or (iii) a right of prior approval of a future purchaser or occupant.
3. The Company insures against loss or damage sustained by the Insured under this Owner's Policy if enforcement of a Private Right in a Covenant affecting the Title at Date of Policy based on a transfer of Title on or before Date of Policy causes a loss of the Insured's Title.
4. This endorsement does not insure against loss or damage (and the Company will not pay costs, attorneys' fees, or expenses) resulting from:
 - a. any Covenant contained in an instrument creating a lease;
 - b. any Covenant relating to obligations of any type to perform maintenance, repair, or remediation on the Land;
 - c. any Covenant relating to environmental protection of any kind or nature, including hazardous or toxic matters, conditions, or substances; or
 - d. any Private Right in an instrument identified in Exception(s) "None" in Schedule B.

This endorsement is issued as part of the policy. Except as it expressly states, it does not (i) modify any of the terms and provisions of the policy, (ii) modify any prior endorsements, (iii) extend the Date of Policy, or (iv) increase the Amount of Insurance. To the extent a provision of the policy or a previous endorsement is inconsistent with an express provision of this endorsement, this endorsement controls. Otherwise, this endorsement is subject to all of the terms and provisions of the policy and of any prior endorsements.

ASSIGNMENT AND ASSUMPTION AGREEMENT (Vertical Disposition and Development Agreement)

This ASSIGNMENT AND ASSUMPTION AGREEMENT (this "Agreement"), effective as of [_____] (the "Effective Date"), is entered into by and between [_____] a [_____] ("Vertical Developer" or "Transferor"), and [_____] a [_____] ("Transferee").

RECITALS:

A. The City and County of San Francisco, a municipal corporation (the "City"), operating by and through the San Francisco Port Commission ("Port") and Vertical Developer are parties to that certain Vertical Disposition and Development Agreement dated as of [_____] 20[___], for certain property located in the City and County of San Francisco, California, as more particularly described in Exhibit A attached hereto and made a part hereof (the "Property"). [Note: add if applicable any intervening amendment and/or assignments] (as [amended] [and] [assigned], the "Vertical DDA"). Terms used herein but not defined herein shall have the meanings ascribed to such terms in the Vertical DDA.

B. Vertical Developer and Transferee have entered into an agreement (the "Purchase Agreement") pursuant to which Vertical Developer has agreed to assign all of its right, title and interest in and to the Vertical DDA Financing Plan and such other related transaction documents listed in *Exhibit A* (collectively, "Transaction Documents") to Transferee, and Transferee has agreed to assume all of Vertical Developer's right title and interest in and to the Transaction Documents from Vertical Developer.

C. In order to consummate the transactions contemplated by the Purchase Agreement, Vertical Developer desires to assign and Transferee desires to assume the Transaction Documents on the terms and conditions set forth in this Agreement.

AGREEMENT

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Vertical Developer and Transferee agree as follows:

1. Assignment By Vertical Developer. Vertical Developer hereby assigns to Transferee as of the Effective Date each and all of the right, title, interest and obligations of Vertical Developer under the Transaction Documents and any other agreements or documents entered into by and between Port and Vertical Developer pursuant to the Transaction Documents.

2. Assumption By Transferee. Transferee hereby assumes from Vertical Developer as of the Effective Date each and all of the right, title, interest and obligations of Vertical Developer under the Transaction Documents and any other agreements or documents entered into by and between Port and Vertical Developer pursuant to the Transaction Documents. Transferee hereby acknowledges that Transferee has reviewed the Transaction Documents and agrees to be bound by the Transaction Documents and all conditions and restrictions to which Vertical Developer is subject under the Transaction Documents.

3. Representations and Warranties of Vertical Developer. Vertical Developer hereby makes the following representations and warranties to Transferee and Port as of the Effective Date:

3.1 Status. Vertical Developer is a duly organized limited liability company, validly existing and in good standing under the laws of the State of [] and is duly qualified and in good standing under the laws of authorized to do business in the State of California.

3.2 Authority; No Conflicts. This Agreement is duly authorized, executed and delivered and shall be the legal, valid and binding obligation of Vertical Developer. The person signing this Agreement on behalf of Vertical Developer has full power and authority to sign this Agreement on Vertical Developer's behalf. This Agreement will not violate any provision of any agreement or judicial order to which Vertical Developer is a party or to which Vertical Developer is subject.

4. Representations and Warranties of Transferee. Transferee hereby makes the following representations and warranties to Vertical Developer and Port:

4.1 Status. Transferee is a duly organized [corporation/limited liability company/limited partnership], validly existing and in good standing under the laws of the State of [] and is duly qualified and in good standing under the laws of authorized to do business in the State of California.

4.2 Authority. This Agreement is duly authorized, executed and delivered and shall be the legal, valid and binding obligation of Transferee. The person signing this Agreement on behalf of Transferee has full power and authority to sign this Agreement on Transferee's behalf. This Agreement will not violate any provision of any agreement or judicial order to which Transferee is a party or to which Transferee is subject

4.3 Investigation of Property; No Port or City Representations. Transferee has conducted a thorough investigation and due diligence of the Property. Port has not made any representations or warranties with respect to the condition of the Property.

5. Release of City Parties and the State Lands Indemnified Parties. Transferee, on behalf of itself and its successors and assigns, waives or will be deemed to waive, any right to recover from, and forever releases, acquits, and discharges City Parties and the State Lands Indemnified Parties under the Vertical DDA of all Losses against the City Parties and the State Lands Indemnified Parties for the condition of the Improvements or the real property or any claims assignor may have against the City Parties arising prior to the Effective Date.

Transferee understands and expressly accepts and assumes the risk that any facts concerning the Losses released, waived, and discharged in this Agreement includes known and unknown claims, disclosed and undisclosed, and anticipated and unanticipated claims pertaining to the subject matter of the releases, waivers, and discharges, and might be found later to be other than or different from the facts now believed to be true, and agrees that the releases, waivers, and discharges in this Agreement will remain effective. Accordingly, with respect to the claims released, waived, and discharged in this Agreement, Transferee expressly waives the benefits of Section 1542 of the California Civil Code, which provides as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

BY PLACING ITS INITIALS BELOW, TRANSFEREE SPECIFICALLY ACKNOWLEDGES AND CONFIRMS THE VALIDITY OF THE RELEASES, WAIVERS, AND DISCHARGES MADE ABOVE AND THE FACT THAT VERTICAL DEVELOPER WAS REPRESENTED BY COUNSEL WHO EXPLAINED, AT THE TIME THIS AGREEMENT WAS MADE, THE CONSEQUENCES OF THE ABOVE RELEASES, WAIVERS AND DISCHARGES.

TRANSFEREE INITIALS: _____

6. General Provisions.

6.1 Attorneys' Fees. If either Party hereto fails to perform any of its respective obligations under this Agreement or if any dispute arises between the Parties hereto concerning the meaning or interpretation of any provision of this Agreement, then the defaulting Party or the Party not prevailing in such dispute, as the case may be, will pay any and all costs and expenses incurred by the other party on account of such default or in enforcing or establishing its rights hereunder, including, without limitation, court costs and reasonable attorneys' fees and disbursements.

6.2 Notices. The provisions of Section 25.1 of the Vertical DDA are incorporated by reference with the same effect as if set forth herein; provided, however, the address for Transferee is as follows:

[_____]
[_____]
[_____]
Attn: [_____]

With a copy to:

[
[
[
Attn: [

6.3 Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of each of the parties hereto and their respective successors, and assigns.

6.4 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall constitute an original and all of which shall constitute one instrument.

6.5 Captions. Any captions to, or headings of, the Articles, Paragraphs, or subparagraphs of this Agreement are solely for the convenience of the parties hereto, are not a part of this Agreement, and shall not be used for the interpretation or determination of the validity of this Agreement or any provision hereof.

6.6 Amendment to Agreement. The terms of this Agreement may not be modified or amended except by an instrument in writing executed by each of the parties hereto.

6.7 Exhibits. The Exhibits attached hereto are hereby incorporated herein by this reference for all purposes.

6.8 Waiver. The waiver or failure to enforce any provision of this Agreement shall not operate as a waiver of any future breach of any such provision or any other provision hereof.

6.9 Applicable Law. This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of California.

6.10 Fees and Other Expenses. Except as otherwise provided herein, each of the parties shall pay its own fees and expenses in connection with this Agreement.

6.11 Partial Invalidity. If any portion of this Agreement as applied to any party or to any circumstances shall be adjudged by a court to be void or unenforceable, such portion shall be deemed severed from this Agreement and shall in no way affect the validity or enforceability of the remaining portions of this Agreement.

6.12 Independent Counsel. Each party hereto acknowledges that: (a) it has been represented by independent counsel in connection with this Agreement; (b) it has executed this Agreement with the advice of such counsel; and (c) this Agreement is the result of negotiations between the parties hereto and the advice and assistance of their respective counsel.

6.13 Defined Terms. All capitalized terms not defined herein are set forth in the Vertical DDA.

[the remainder of this page has been intentionally left blank]

IN WITNESS WHEREOF, the Parties have caused this Agreement to be duly executed
as of the Effective Date.

EXHIBIT A

LEGAL DESCRIPTION OF PROPERTY

[INSERT LEGAL DESCRIPTION FROM VERTICAL DDA]

EXHIBIT Q
CITY AND PORT SPECIAL PROVISIONS

The Municipal Code (available at www.sfgov.org) and City and Port policies described in this Exhibit are incorporated by reference as though fully set forth in the VDDA (collectively, the "City and Port Special Provisions"). The descriptions below are not comprehensive but are provided for notice purposes only; Vertical Developer is charged with full knowledge of and compliance with each applicable requirement, whether or not summarized below. Vertical Developer understands and agrees that its failure to comply with any provision of this Agreement relating to any such code provision shall be deemed a material breach of this Agreement and may give rise to penalties under the applicable ordinance. Capitalized or highlighted terms used in this Exhibit and not defined in this Agreement shall have the meanings ascribed to them in the cited ordinance.

1. Nondiscrimination.

(a) **Covenant Not to Discriminate.** In the performance of this Agreement, Vertical Developer covenants and agrees not to discriminate on the basis of the fact or perception of a person's race, color, creed, religion, national origin, ancestry, age, sex, sexual orientation, gender identity, domestic partner status, marital status, disability or Acquired Immune Deficiency Syndrome or HIV status (AIDS/HIV status), weight, height, association with members of classes protected under Chapter 12B or 12C of the San Francisco Administrative Code or in retaliation for opposition to any practices forbidden under Chapter 12B or 12C of the Administrative Code against any employee of Vertical Developer, any City and County employee working with Vertical Developer, any applicant for employment with Vertical Developer, or any person seeking accommodations, advantages, facilities, privileges, services, or membership in all business, social, or other establishments or organizations operated by Vertical Developer in the City and County of San Francisco.

(b) **Subleases and Other Contracts.** Vertical Developer shall include in all subleases and other contracts relating to the Property a non-discrimination clause applicable to such subtenant or other contractor in substantially the form of Section 28.1(a) above. In addition, Vertical Developer shall incorporate by reference in all subleases and other contracts the provisions of Sections 12B.2 (a), 12B.2 (c)-(k) and 12C.3 of the Administrative Code and shall require all subtenants and other contractors to comply with such provisions.

(c) **Nondiscrimination in Benefits.** Vertical Developer does not as of the date of this Agreement and will not during the Term, in any of its operations in San Francisco or where the work is being performed for the City, discriminate in the provision of bereavement leave, family medical leave, health benefits, membership or membership discounts, moving expenses, pension and retirement benefits or travel benefits (collectively "Core Benefits") as well as any benefits other than the Core Benefits between employees with domestic partners and employees with spouses, and/or between the domestic partners and spouses of such employees, where the domestic partnership has been registered with a governmental entity pursuant to state or local Law authorizing such registration, subject to the conditions set forth in Section 12B.2 of the Administrative Code.

(d) **CMD Form.** On or prior to the Lease Commencement Date, Vertical Developer shall execute and deliver to Port the "Nondiscrimination in Contracts and Benefits" form approved by the CMD.

(e) **Penalties.** Vertical Developer understands that pursuant to Section 12B.2(h) of the Administrative Code, a penalty of \$50.00 for each person for each calendar day during

which such person was discriminated against in violation of the provisions of this Agreement may be assessed against Vertical Developer and/or deducted from any payments due Vertical Developer.

2. Requiring Health Benefits for Covered Employees.

Unless exempt, Vertical Developer agrees to comply fully with and be bound by all of the provisions of the Health Care Accountability Ordinance (HCAO), as set forth in Administrative Code Chapter 12Q (Chapter 12Q).

(a) For each Covered Employee Vertical Developer shall provide the appropriate health benefit set forth in Section 12Q.3 of the HCAO.

(b) Notwithstanding the above, if Vertical Developer meets the requirements of a "small business" by the City pursuant to Section 12Q.3(e) of the HCAO, it shall have no obligation to comply with Section 28.2(a) above.

(c) If, within 30 days after receiving written notice of a breach of this Agreement for violating the HCAO, Vertical Developer fails to cure such breach or, if such breach cannot reasonably be cured within such 30-day period, Vertical Developer fails to commence efforts to cure within such period, or thereafter fails to diligently pursue such cure to completion, the City shall have the remedies set forth in Section 12Q.5(f). Each of these remedies shall be exercisable individually or in combination with any other rights or remedies available to the City.

(d) Any Sublease or Contract regarding services to be performed on the Property entered into by Vertical Developer shall require the Subtenant or Contractor and Subcontractors, as applicable, to comply with the requirements of the HCAO and shall contain contractual obligations substantially the same as those set forth in Chapter 12Q of the Administrative Code. Vertical Developer shall notify the Office of Labor Standards Enforcement ("OLSE") when it enters into such a Sublease or Contract and shall certify to OLSE that it has notified the Subtenant or Contractor of the obligations under the HCAO and has imposed the requirements of the HCAO on the Subtenant or Contractor through written agreement with such Subtenant or Contractor. Vertical Developer shall be responsible for ensuring compliance with the HCAO for each Subtenant, Contractor and Subcontractor performing services on the Property. If any Subtenant, Contractor or Subcontractor fails to comply, the City may pursue the remedies set forth in Section 12Q.5 of the Administrative Code against Vertical Developer based on the Subtenant's, Contractor's, or Subcontractor's failure to comply, provided that OLSE has first provided Vertical Developer with notice and an opportunity to cure the violation.

(e) Vertical Developer shall not discharge, reprimand, penalize, reduce the compensation of, or otherwise discriminate against, any employee for notifying the City of any issue relating to the HCAO, for opposing any practice proscribed by the HCAO, for participating in any proceedings related to the HCAO, or for seeking to assert or enforce any rights under the HCAO by any lawful means.

(f) Vertical Developer represents and warrants that it is not an entity that was set up, or is being used, for the purpose of evading the requirements of the HCAO.

(g) Vertical Developer shall keep itself informed of the requirements of the HCAO, as they may change from time to time.

(h) Upon request, Vertical Developer shall provide reports to the City in accordance with any reporting standards promulgated by the City under the HCAO, including reports on Subtenants, Contractors, and Subcontractors.

(i) Within ten (10) business days of any request, Vertical Developer shall provide the City with access to pertinent records relating to any Vertical Developer's compliance with the HCAO. In addition, the City and its agents may conduct random audits of Vertical Developer at any time during the Term. Vertical Developer agrees to cooperate with City in connection with any such audit.

(j) If a Contractor or Subcontractor is exempt from the HCAO because the amount payable to such Contractor or Subcontractor under all of its contracts with the City or relating to City-owned property is less than \$25,000.00 (or \$50,000.00 for nonprofits) in that fiscal year, but such Contractor or Subcontractor later enters into one or more agreements with the City or relating to City-owned property that cause the payments to such Contractor or Subcontractor to equal or exceed \$75,000.00 in that fiscal year, then all of the Contractor's or Subcontractor's contracts with the City and relating to City-owned property shall be thereafter subject to the HCAO. This obligation arises on the effective date of the agreement that causes the cumulative amount of agreements to equal or exceed \$75,000.00 in the fiscal year.

3. First Source Hiring.

The City has adopted a First Source Hiring Program (San Francisco Administrative Code Sections 83.1 et seq.) which establishes specific requirements, procedures and monitoring for first source hiring of qualified economically disadvantaged individuals for entry-level positions as those terms are defined by the ordinance. Vertical Developer acknowledges receiving and reviewing the First Source Hiring Program materials and requirements and agrees to comply with all requirements of the ordinance as implemented by Port and/or City, including without limitation, notification of vacancies throughout the Term and entering into a First Source Hiring Agreement, if applicable. Vertical Developer acknowledges and agrees that it may be subject to monetary penalties for failure to comply with the ordinance or a First Source Hiring Agreement and that such non-compliance shall be a default of this Agreement.

4. Local Business Enterprises.

Port Commission encourages the participation of local business enterprises ("LBEs") in Vertical Developer's operations. Vertical Developer agrees to consult with CMD to determine appropriate methods for promoting participation by LBEs. Architecture, Engineering, Laboratory Services (Materials Testing), Trucking and Hauling, and Security Guard Services are categories of services that may provide opportunities for certified LBE participation. City maintains a list of certified LBEs at: <http://sfgov.org/cmd/lbe-certification-0>.

5. Indoor Air Quality.

Developer agrees to comply with Section 711(g) of the Environment Code and any additional regulations adopted by the Director of the Department of the Environment pursuant to Environment Code Section 703(b) relating to construction and maintenance protocols to address indoor air quality.

6. Prohibition of Tobacco Sales and Advertising.

Vertical Developer acknowledges and agrees that no sales or advertising of cigarettes or tobacco products is allowed on the Property. This advertising prohibition includes the placement of the name of a company producing, selling or distributing cigarettes or tobacco products or the name of any cigarette or tobacco product in any promotion of any event or product. This advertising prohibition does not apply to any advertisement sponsored by a state, local, nonprofit or other entity designed to (i) communicate the health hazards of cigarettes and tobacco products, or (ii) encourage people not to smoke or to stop smoking.

7. Prohibition of Alcoholic Beverages Advertising.

Vertical Developer acknowledges and agrees that no advertising of alcoholic beverages is allowed on the Property. For purposes of this section, "alcoholic beverage" shall be defined as set forth in California Business and Professions Code Section 23004, and shall not include cleaning solutions, medical supplies and other products and substances not intended for drinking. This advertising prohibition includes the placement of the name of a company producing, selling or distributing alcoholic beverages or the name of any alcoholic beverage in any promotion of any event or product. This advertising prohibition does not apply to any advertisement sponsored by a state, local, nonprofit or other entity designed to (i) communicate the health hazards of alcoholic beverages, (ii) encourage people not to drink alcohol or to stop drinking alcohol, or (iii) provide or publicize drug or alcohol treatment or rehabilitation services.

8. Graffiti Removal.

Vertical Developer agrees to remove all graffiti from the Property, including from the exterior of the Facility if included within the Property, within forty-eight (48) hours of the earlier of Vertical Developer's: (a) discovery or notification of the graffiti or (b) receipt of notification of the graffiti from the Department of Public Works. This section is not intended to require a tenant to breach any lease or other agreement that it may have concerning its use of the real property. "Graffiti" means any inscription, word, figure, marking or design that is affixed, marked, etched, scratched, drawn or painted on any building, structure, fixture or other improvement, whether permanent or temporary, including signs, banners, billboards and fencing surrounding construction sites, whether public or private, without the consent of the owner of the property or the owner's authorized agent, and that is visible from the public right-of-way, but does not include: (1) any sign or banner that is authorized by, and in compliance with, the applicable requirements of this Agreement or the Port Building Code; or (2) any mural or other painting or marking on the property that is protected as a work of fine art under the California Art Preservation Act (Calif. Civil Code §§ 987 et seq.) or as a work of visual art under the Federal Visual Artists Rights Act of 1990 (17 U.S.C. §§ 101 et seq.).

9. Restrictions on the Use of Pesticides.

Chapter 3 of the San Francisco Environment Code (the Integrated Pest Management Program Ordinance or "IPM Ordinance") describes an integrated pest management ("IPM") policy to be implemented by all City departments. Vertical Developer shall not use or apply or allow the use or application of any pesticides on the Property, and shall not contract with any party to provide pest abatement or control services to the Property, without first receiving City's written approval of an integrated pest management plan that (i) lists, to the extent reasonably possible, the types and estimated quantities of pesticides that Vertical Developer may need to apply to the Property during the term of this Agreement, (ii) describes the steps Vertical Developer will take to meet the City's IPM Policy described in Section 300 of the IPM Ordinance and (iii) identifies, by name, title, address and telephone number, an individual to act as the Vertical Developer's primary IPM contact person with the City. Vertical Developer shall comply, and shall require all of Vertical Developer's contractors to comply, with the IPM plan approved by the City and shall comply with the requirements of Sections 300(d), 302, 304, 305(f), 305(g), and 306 of the IPM Ordinance, as if Vertical Developer were a City department. Among other matters, such provisions of the IPM Ordinance: (a) provide for the use of pesticides only as a last resort, (b) prohibit the use or application of pesticides on property owned by the City, except for pesticides granted an exemption under Section 303 of the IPM Ordinance (including pesticides included on the most current Reduced Risk Pesticide List compiled by City's Department of the Environment), (c) impose certain notice requirements, and (d) require Vertical Developer to keep certain records and to report to City all pesticide use by Vertical Developer's staff or contractors. If Vertical Developer or Vertical Developer's contractor will apply pesticides to outdoor areas, Vertical Developer must first obtain a written

recommendation from a person holding a valid Agricultural Pest Control Advisor license issued by the California Department of Pesticide Regulation and any such pesticide application shall be made only by or under the supervision of a person holding a valid Qualified Applicator certificate or Qualified Applicator license under state law. City's current Reduced Risk Pesticide List and additional details about pest management on City property can be found at the San Francisco Department of the Environment website, <http://sfenvironment.org/ipm>.

10. MacBride Principles Northern Ireland.

Port and the City urge companies doing business in Northern Ireland to move towards resolving employment inequities, and encourages such companies to abide by the MacBride Principles. Port and the City urge San Francisco companies to do business with corporations that abide by the MacBride Principles.

11. Tropical Hardwood and Virgin Redwood Ban.

Port and the City urge Vertical Developer not to import, purchase, obtain or use for any purpose, any tropical hardwood, tropical hardwood wood product, virgin redwood or virgin redwood product. Except as expressly permitted by the application of Sections 802(b) and 803(b) of the Environment Code, Vertical Developer shall not provide any items to the construction of Alterations, or otherwise in the performance of this Agreement which are tropical hardwoods, tropical hardwood wood products, virgin redwood, or virgin redwood wood products. In the event Vertical Developer fails to comply in good faith with any of the provisions of Chapter 8 of the Environment Code, Vertical Developer shall be liable for liquidated damages for each violation in any amount equal to the contractor's net profit on the contract, or five percent (5%) of the total amount of the contract dollars, whichever is greater.

12. Preservative-Treated Wood Containing Arsenic.

Vertical Developer may not purchase preservative-treated wood products containing arsenic in the performance of this Agreement unless an exemption from the requirements of Environment Code Chapter 13 is obtained from the Department of Environment under Section 1304 of the Environment Code. The term "preservative-treated wood containing arsenic" shall mean wood treated with a preservative that contains arsenic, elemental arsenic, or an arsenic copper combination, including, but not limited to, chromated copper arsenate preservative, ammoniac copper zinc arsenate preservative, or ammoniacal copper arsenate preservative. Vertical Developer may purchase preservative-treated wood products on the list of environmentally preferable alternatives prepared and adopted by the Department of Environment. This provision does not preclude Vertical Developer from purchasing preservative-treated wood containing arsenic for saltwater immersion. The term "saltwater immersion" shall mean a pressure-treated wood that is used for construction purposes or facilities that are partially or totally immersed in saltwater.

13. Notification of Limitations on Contributions.

If this Agreement is subject to the approval by City's Board of Supervisors, Mayor, or other elected official, the provisions of this Section 13 shall apply. Through its execution of this Agreement, Vertical Developer acknowledges that it is familiar with Section 1.126 of the San Francisco Campaign and Governmental Conduct Code, which prohibits any person who contracts with the City for the selling or leasing of any land or building to or from the City whenever such transaction would require approval by a City elective officer or the board on which that City elective officer serves, from making any campaign contribution to (a) the City elective officer, (b) a candidate for the office held by such individual, or (c) a committee controlled by such individual or candidate, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for such contract or six months after the date the contract is approved. Vertical Developer

acknowledges that the foregoing restriction applies only if the contract or a combination or series of contracts approved by the same individual or board in a fiscal year have a total anticipated or actual value of \$50,000 or more. Vertical Developer further acknowledges that, if applicable, the prohibition on contributions applies to each Vertical Developer; each member of Vertical Developer's board of directors, and Vertical Developer's chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 20 percent in Vertical Developer; any subcontractor listed in the contract; and any committee that is sponsored or controlled by Vertical Developer. Additionally, Vertical Developer acknowledges that if this Section 28.13 applies, Vertical Developer must inform each of the persons described in the preceding sentence of the prohibitions contained in Section 1.126 and must provide to City the name of each person, entity or committee described above.

14. Sunshine Ordinance.

In accordance with Section 67.24(e) of the Administrative Code, contracts, contractors' bids, leases, agreements, responses to Requests for Proposals, and all other records of communications between Port and persons or firms seeking contracts will be open to inspection immediately after a contract has been awarded. Nothing in this provision requires the disclosure of a private person's or organization's net worth or other proprietary financial data submitted for qualification for a contract, lease, agreement or other benefit until and unless that person or organization is awarded the contract, lease, agreement or benefit. Information provided which is covered by this Section will be made available to the public upon request.

15. Conflicts of Interest.

Through its execution of this Agreement, Vertical Developer acknowledges that it is familiar with the provisions of Article III, Chapter 2 of Campaign and Governmental Conduct Code, and Sections 87100 et seq. and Sections 1090 et seq. of the California Government Code, and certifies that it does not know of any facts which would constitute a violation of these provisions, and agrees that if Vertical Developer becomes aware of any such fact during the Term, Vertical Developer shall immediately notify the Port.

16. Drug-Free Workplace.

Vertical Developer acknowledges that pursuant to the Federal Drug-Free Workplace Act of 1988 (41 U.S.C. §§ 8101 et seq.), the unlawful manufacture, distribution, possession or use of a controlled substance is prohibited on City or Port premises.

17. Public Transit Information.

Vertical Developer shall establish and carry on during the Term a program to encourage maximum use of public transportation by personnel of Vertical Developer employed on the Property, including, without limitation, the distribution to such employees of written materials explaining the convenience and availability of public transportation facilities adjacent or proximate to the Facility and encouraging use of such facilities, all at Vertical Developer's sole expense.

18. Food Service and Packaging Waste Reduction Ordinance.

Vertical Developer agrees to comply fully with and be bound by all of the provisions of the Food Service and Packaging Waste Reduction Ordinance, as set forth in Environment Code Chapter 16, including the remedies provided, and implementing guidelines and rules. By entering into this Agreement, Vertical Developer agrees that if it breaches this provision, City will suffer actual damages that will be impractical or extremely difficult to determine; further, Vertical Developer agrees that the sum of one hundred dollars (\$100.00) liquidated damages for the first breach, two hundred dollars (\$200.00) liquidated damages for the second breach in

the same year, and five hundred dollars (\$500.00) liquidated damages for subsequent breaches in the same year is a reasonable estimate of the damage that City will incur based on the violation, established in light of the circumstances existing at the time this Agreement was made. Such amounts shall not be considered a penalty, but rather agreed monetary damages sustained by City because of Vertical Developer's failure to comply with this provision.

19. San Francisco Bottled Water Ordinance. Vertical Developer is subject to all applicable provisions of Environment Code Chapter 24 (which are hereby incorporated) prohibiting the sale or distribution of drinking water in plastic bottles with a capacity of twenty-one (21) fluid ounces or less at City-permitted events held on the Property with attendance of more than 100 people.

20. Consideration Of Criminal History In Hiring And Employment Decisions.

(a) Vertical Developer agrees to comply with and be bound by all of the provisions of San Francisco Administrative Code Chapter 12T (Criminal History in Hiring and Employment Decisions; "Chapter 12T"), which are hereby incorporated, including the remedies and implementing regulations as may be amended from time to time, with respect to applicants and employees of Vertical Developer who would be or are performing work at the Property.

(b) Vertical Developer shall incorporate by reference the provisions of Chapter 12T in all subleases of some or all of the Property, and shall require all subtenants to comply with such provisions. Vertical Developer's failure to comply with the obligations in this subsection shall constitute a material breach of this Agreement.

(c) Vertical Developer and subtenants shall not inquire about, require disclosure of, or if such information is received base an Adverse Action on an applicant's or potential applicant for employment, or employee's: (1) Arrest not leading to a Conviction, unless the Arrest is undergoing an active pending criminal investigation or trial that has not yet been resolved; (2) participation in or completion of a diversion or a deferral of judgment program; (3) a Conviction that has been judicially dismissed, expunged, voided, invalidated, or otherwise rendered inoperative; (4) a Conviction or any other adjudication in the juvenile justice system; (5) a Conviction that is more than seven years old, from the date of sentencing; or (6) information pertaining to an offense other than a felony or misdemeanor, such as an infraction.

(d) Vertical Developer and subtenants shall not inquire about or require applicants, potential applicants for employment, or employees to disclose on any employment application the facts or details of any conviction history, unresolved arrest, or any matter identified in subsection (c) above. Vertical Developer and subtenants shall not require such disclosure or make such inquiry until either after the first live interview with the person, or after a conditional offer of employment.

(e) Vertical Developer and subtenants shall state in all solicitations or advertisements for employees that are reasonably likely to reach persons who are reasonably likely to seek employment with Vertical Developer or subtenant at the Property, that the Vertical Developer or subtenant will consider for employment qualified applicants with criminal histories in a manner consistent with the requirements of Chapter 12T.

(f) Vertical Developer and subtenants shall post the notice prepared by OLSE, available on OLSE's website, in a conspicuous place at the Property and at other workplaces within San Francisco where interviews for job opportunities at the Property occur. The notice shall be posted in English, Spanish, Chinese, and any language spoken by at least 5% of the employees at the Property or other workplace at which it is posted.

(g) Vertical Developer and subtenants understand and agree that upon any failure to comply with the requirements of Chapter 12T, the City shall have the right to pursue any

rights or remedies available under Chapter 12T or this Agreement, including but not limited to a penalty of \$50 for a second violation and \$100 for a subsequent violation for each employee, applicant or other person as to whom a violation occurred or continued, termination or suspension in whole or in part of this Agreement.

(h) If Vertical Developer has any questions about the applicability of Chapter 12T, it may contact Port for additional information. Port may consult with the Director of the City's Office of Contract Administration who may also grant a waiver, as set forth in Section 12T.8.

21. Southern Waterfront Community Benefits and Beautification Policy.

The Port's "Policy for Southern Waterfront Community Benefits and Beautification" identifies beautification and related projects in the Southern Waterfront (from Mariposa Street in the north to India Basin) that require funding. Under this policy, Vertical Developer shall provide community benefits and beautification measures in consideration for the use of the Property. Examples of desired benefits include: (i) beautification, greening and maintenance of any outer edges of and entrances to the Property; (ii) creation and implementation of a Community Outreach and Good Neighbor Policy to guide Vertical Developer's interaction with Port, neighbors, visitors and users; (iii) use or support of job training and placement organizations serving southeast San Francisco; (iv) commitment to engage in operational practices that are sensitive to the environment and the neighboring community by reducing engine emissions consistent with the City's Clean Air Program, and use of machines at the Property that are low-emission diesel equipment and utilize biodiesel or other reduced particulate emission fuels; (v) commitment to use low impact design and other "green" strategies when installing or replacing stormwater infrastructure; (vi) employment at the Property of a large percentage of managers and other staff who live in the local neighborhood or community; (vii) use of truckers that are certified by the CMD as "Local Business Enterprises" under the City's Local Business Enterprise and Non-Discrimination Ordinance (SF Administrative Code Chapter 14B, as amended); and (viii) use of businesses that are located within the Potrero Hill and Bayview Hunters Point neighborhoods. Vertical Developer agrees to provide Port with documents and records regarding these activities upon Port's request.

22. Local Truckers.

As material consideration for Port's agreement to enter into this Agreement, Vertical Developer agrees that, for all directly contracted or service agreement trucking opportunities associated with Vertical Developer's operations at the Property, including, without limitation, hauling of materials on and off the Property, Vertical Developer shall make good faith efforts to first use Local Truckers.

For purposes of this Section, "truckers" means a business that provides trucking services for a profit. "Local truckers" means those truckers that are certified by the Contract Monitoring Division of the City's General Services Agency as "Local Business Enterprises" pursuant to the City's Local Business Enterprise and Non-Discrimination in Contracting Ordinance as amended from time to time (Administrative Code Chapter 14B.)

To the extent that Vertical Developer in its sole discretion directly contracts or enters into a service agreement with truckers for trucking opportunities as described in this Section, Vertical Developer shall use Local Truckers for a minimum of sixty percent (60%) of all contracted or service agreement trucking. Only the actual dollar amount paid to truckers will be counted towards meeting the sixty percent (60%) requirement; equipment rental and disposal fees will not be counted. Notwithstanding the foregoing, if Vertical Developer fails to meet the sixty percent (60%) minimum, Vertical Developer shall not be in default of this provision so long as Vertical Developer first offered trucking opportunities to Local Truckers, and such Local Truckers were unavailable or unwilling to perform the work.

Vertical Developer shall submit a monthly report to the Port and CMD stating the total cost to Vertical Developer of trucking through a contract or service agreement during the preceding month and identifying the total amount paid to Local Truckers by the Vertical Developer. The monthly report shall document all truckers who conducted contract or service agreement work for Vertical Developer, and identify those truckers which are Local Truckers. If Vertical Developer fails to meet the 60% minimum in any month, the report shall document Vertical Developer's good faith outreach efforts to contact Local Truckers and the reasons that such work could not be conducted by Local Truckers. At Port or CMD's request, Vertical Developer shall provide additional documentation required to ensure Vertical Developer's compliance with this provision. Vertical Developer's failure to comply with this Section shall be deemed a material breach under the Lease subject to the default provisions of Section 21 of this Agreement.

23. Vending Machines; Nutritional Standards and Calorie Labeling Requirements; Offerings.

Vertical Developer shall not install or permit any vending machine on the Property without the prior written consent of Port. Any permitted vending machine must comply with the food and beverage nutritional standards and calorie labeling requirements set forth in San Francisco Administrative Code section 4.9- 1(c), as may be amended from time to time (the "Nutritional Standards Requirements"). Vertical Developer agrees to incorporate the Nutritional Standards Requirements into any contract for the installation of a vending machine on the Property or for the supply of food and beverages to that vending machine. Failure to comply with the Nutritional Standards Requirements or to otherwise comply with this Section shall be deemed a material breach of this Agreement. Without limiting Port's other rights and remedies under this Agreement, Port shall have the right to require the immediate removal of any vending machine on the Property that is not permitted or that violates the Nutritional Standards Requirements. In addition, any Restaurant including any employee eating establishment located on the Property is encouraged to ensure that at least twenty-five percent (25%) of Meals (as capitalized terms are defined in San Francisco Administrative Code section 4.9-1) offered on the menu meet the nutritional standards set forth in San Francisco Administrative Code section 4.9-1(e), as may be amended.

24. Employee Signature Authorization Ordinance. (S.F. Admin Code §§ 23.50-23.56)

The City has adopted an Employee Signature Authorization Ordinance, which requires employers of employees in hotel or restaurant projects on public property with 50 or more full-time or part-time employees to enter into a "card check" agreement with a labor union regarding the preference of employees to be represented by a labor union to act as their exclusive bargaining representative. Developer agrees to comply with the requirements of the ordinance, if applicable, including any requirements applicable to its successors, as specified in Administrative Code section 23.54.

25. Resource-Efficient Facilities and Green Building Requirements. (Env. Code ch. 7)

Vertical Developer agrees to comply with all applicable provisions of the Environment Code relating to resource-efficiency and green building design requirements.

26. Diesel Fuel Measures. (Env. Code ch. 9)

Consistent with the City's Greenhouse Gas Emissions Reduction Plan (Env. Code § 903) to reduce greenhouse gas emissions in the City, Vertical Developer must minimize exhaust emissions from operating equipment and trucks during construction. Vertical Developer's compliance with MMRP Mitigation Measure M-AQ-1a will satisfy this requirement.

27. All-Gender Toilet Facilities. If applicable, Vertical Developer shall comply with San Francisco Administrative Code Section 4.1-3 requiring at least one all-gender toilet facility on each floor of any new building on City-owned land and within existing buildings leased by the City, including the Property, where extensive renovations are made. An “all-gender toilet facility” means a toilet that is not restricted to use by persons of a specific sex or gender identity by means of signage, design, or the installation of fixtures, and “extensive renovations” means any renovation where the construction cost exceeds 50% of the cost of providing the toilet facilities required by this section.

27. Local and First Source Hiring. Vertical Developer shall comply with the provisions of Section 21.1 of the VDDA.

28. Prevailing Wage and Working Conditions. Vertical Developer shall comply with the provisions of Section 21.2 of the VDDA.

EXHIBIT P FORM OF VERTICAL DEVELOPER ESTOPPEL CERTIFICATE

The undersigned, [REDACTED], a [REDACTED] (“**Vertical Developer**”), is the Vertical Developer under that certain Vertical Disposition and Development Agreement dated as of _____, 20XX (the “**Vertical DDA**”), by and between the City and County of San Francisco, a municipal corporation, operating by and through the San Francisco Port Commission (“**Port**”) and Vertical Developer, in connection with the development of the real property commonly known as _____, as more particularly described in the Vertical DDA (the “**Property**”). This Estoppel Certificate is provided to Port in connection with a proposed Transfer of the Vertical DDA as contemplated under Section 23.3 thereof.

Vertical Developer hereby certifies to Port the following as of the date set forth below:

1. The Effective Date of the Vertical DDA is _____, 20XX.
2. The Vertical DDA is presently in full force and effect (as may be modified, assigned, supplemented and/or amended as set forth in *paragraph 3* below.
3. The Vertical DDA has not been modified, assigned, supplemented or amended except as follows:

4. The Vertical DDA, the Financing Plan, the License (each as defined in the Vertical DDA), and [insert other agreements between Vertical Developer and Port, if any: (collectively, the “Property Agreements”)] represent the entire agreement between Port and Vertical Developer with respect to the Property and the PKN Project (as defined in the Vertical DDA).

5. To Vertical Developer’s actual knowledge, Port is not in default or breach of the Vertical DDA/Property Agreements beyond any applicable notice and cure periods, nor has Port committed an act or failed to act in such a manner, which, with the passage of time or notice or both, would result in a default or breach of the Vertical DDA/Property Agreements by Port.

6. To the best of Vertical Developer’s knowledge, Vertical Developer is not in default or in breach of the Vertical DDA/Property Agreements beyond any applicable notice and cure periods, nor has Vertical Developer committed an act or failed to act in such a manner which, with the passage of time or notice or both, would result in a default or breach of the Vertical DDA/Property Agreements by Vertical Developer.

7. Vertical Developer is not the subject of any pending bankruptcy, insolvency, debtor's relief, reorganization, receivership, or similar proceedings, nor the subject of a ruling with respect to any of the foregoing.

8. All of Vertical Developer's representations and warranties made in Section 25.3 of the Vertical DDA were true and correct when made, and are true and correct as of the date set forth below.

This Certificate shall be binding upon Vertical Developer and inure to the benefit of Port, [] and their respective successors and assigns.

CERTIFICATE OF COMPLETION OF VERTICAL PROJECT

WHEREAS, the CITY AND COUNTY OF SAN FRANCISCO, operating by and through the SAN FRANCISCO PORT COMMISSION ("Port") and _____, a _____ (the "Vertical Developer") entered into a Vertical Disposition and Development Agreement dated as of _____, 20XX (the "Vertical DDA"), a memorandum of which was recorded on _____, 20XX, in the Office of the Recorder of the City and County of San Francisco, in Reel _____, of the Official Records, at Image _____, setting forth the rights and obligations of the Vertical Developer with respect to the construction of the PKN Project on that certain real property situated in the City and County of San Francisco, State of California, which property is particularly described in *Exhibit A* attached hereto and made a part hereof (the "Property"). Except as otherwise defined herein, capitalized terms shall have the meanings given them in the Vertical DDA;

WHEREAS, pursuant to the Vertical DDA, Port conveyed fee title to the Property to Vertical Developer on _____, 20__;

WHEREAS, Port has conclusively determined that Vertical Developer has Completed the Vertical Project and fully performed all obligations under the Vertical DDA in accordance with its terms; and

WHEREAS, as stated in the Vertical DDA, Port's determination regarding the Completion of the Vertical Project is not directed to, and thus Port assumes no responsibility by virtue of this Certificate of Completion for, any of the Project Requirements or compliance with applicable Laws, including applicable building, fire, or other code requirements, conditions to occupancy of any improvement, or other applicable Laws.

NOW THEREFORE, as provided in the Vertical DDA, and subject to the foregoing provisions hereof, Port does hereby certify that the Vertical Project has been fully performed and

completed as aforesaid as of _____, 20__ (the "Effective Date") and that the Vertical DDA is terminated (other than the provisions that expressly survive the expiration or termination of the Vertical DDA) as of the Effective Date.

IN WITNESS WHEREOF, Port has duly executed this instrument this ____ day of _____, 20__.

FORM OF ARCHITECT'S CERTIFICATE

TO: Port of San Francisco
Pier 1
San Francisco, California 94111

Completion of Vertical Project at Pier 70: _____ [insert
address/Project name]

DATE: _____

FROM: Architect of Record, _____

The statements herein refer only to the Construction Documents prepared by the Architect. Any and all construction documents prepared by others, such as engineers, consultants or contractors, are not included in these representations. This Architect's Certificate is being provided pursuant to Section 17.1(b) of that certain Vertical Disposition and Development Agreement dated _____, 20__ (the "**Vertical DDA**") between the City and County of San Francisco, a municipal corporation, operating by and through the San Francisco Port Commission and _____, a _____. Capitalized terms used herein have the meanings given them in the Vertical DDA.

We hereby declare that we are architects licensed in the State of California and that we prepared the final Construction Documents for the Vertical Project. As Architect of Record for the construction of the Vertical Project, to the best of our knowledge, we hereby declare as follows:

1. The Vertical Project has been completed in accordance with the final Construction Documents except as noted on **Schedule A** attached hereto (collectively, the "**Plans**"). The Plans describe the Vertical Project, completely and accurately, depict all material parts of the Vertical Project and have been completed with the standard of care exercised in this profession.
2. Based on our observations, the construction of the Vertical Project has been performed in a good and worker-like manner, except as may be noted on Schedule A attached hereto.
3. In our professional opinion, the completed Vertical Project complies with all applicable local, state, federal laws, regulations and ordinances in all material respects.

4. We have been notified by our client, the Vertical Developer, that the required Regulatory Approvals, including necessary building permits, from all Regulatory Agencies related to the Vertical Project have been issued and are in force, and there is not an undischarged violation of applicable Laws of which we have notice as of the date hereof, except as may be noted on **Schedule A** attached hereto.

SCHEDULE A

EXCEPTIONS TO ARCHITECT'S CERTIFICATE

DATED _____

The statements made on the Architect's Certificate to which this Schedule A is attached are subject to the following exceptions:

EXHIBIT L-2

FORM OF COMPLIANCE DETERMINATION

COMPLIANCE DETERMINATION
(Parcel K North Compliance)

This Compliance Determination (this “**Determination**”) relates to the Vertical Disposition and Development Agreement (Parcel K North) (the “**VDDA**”) between the City and County of San Francisco, acting by and through the San Francisco Port Commission (the “**Port**”) and PKN, LLC (including its successors, “**Vertical Developer**”), which was recorded in the Official Records of the City and County of San Francisco as Document No. _____. All capitalized terms used in this Memorandum are defined in the DDA or its Appendix.

Developer submitted an SOP Compliance Request for the following PKN Horizontal Improvements in accordance with *VDDA § 16.4(b) (Compliance Determination)*:

This Determination establishes that the Port has determined that Developer has completed the PKN Horizontal Improvements in compliance with the VDDA. This Determination has no precedential effect for the purpose of public ownership of PKN Horizontal Improvements.

PORT:

City and County of San Francisco, acting by
and through the San Francisco Port Commission

By: _____
Name: _____
Title: Chief Harbor Engineer

EXHIBIT L-1

REQUIRED SUBMITTALS FOR COMPLIANCE DETERMINATION

The following items must be submitted to the Port as part of the Compliance Request in accordance with VDDA § 16.5.

- ☐ Complete all work described in the permit including instructional bulletins (IBs) and notice of correction report (NCRs).
- ☐ Complete corrective work described in field observation reports produced by Vertical Developer's consultants.
- ☐ Complete as-built record drawings in the required format under Section 16.1 of the VDDA.
- ☐ Confirm PKN Horizontal Improvements built within the limits of easements and no additional rights are needed.
- ☐ Obtain sign-off from the Engineer of Record
- ☐ Obtain sign-off from the Landscape Architect of Record.
- ☐ Obtain sign-off from third party utility companies, as requested.
- ☐ Provide evidence of SFDBI or Port permit completion, including punch list.
- ☐ Prepare a binder with the following:
 - Evidence of SFPW Americans with Disabilities Act sign-off
 - Signed and acknowledged conditional and unconditional lien releases and waivers (in the required statutory form) from all contractors, subcontractors, materialmen, consultants, and other persons that Vertical Developer retained in connection with the work, in each instance unconditionally waiving all lien and stop notice rights with respect to the pending payment
 - Bonds for (or reduced bonds to) 10%
 - Conditional assignment of warranties to Port pursuant to Section 15.6 of the VDDA.
 - Evidence of a recorded Notice of Completion by the Vertical Developer per California Civil Code section 8102
 - Evidence that the Notice of Completion has been given to all direct contractors and claimants per California Civil Code section 8190.
 - Preliminary Title Report
 - Offer of Dedication for PKN Horizontal Improvements
 - Provision of appropriate rights granted to Port for safe access for pedestrians and vehicles to Port facilities via Vertical Developer's improvements in unaccepted streets.

EXHIBIT K-2

FORM OF SUBSTANTIAL COMPLETION DETERMINATION

SUBSTANTIAL COMPLETION DETERMINATION
(Parcel K North Substantial Completion)

This Substantial Completion Determination (this “**Determination**”) relates to the Vertical Disposition and Development Agreement (Parcel K North) (the “**VDDA**”) between the City and County of San Francisco, acting by and through the San Francisco Port Commission (the “**Port**”) and [Vertical Developer], LLC (including its successors, “**Vertical Developer**”), which was recorded in the Official Records of the City and County of San Francisco as Document No. _____. All capitalized terms used herein are defined in the VDDA.

Developer submitted a Substantial Completion Determination Request for the following PKN Horizontal Improvements in accordance with *VDDA § 16.1 (Substantial Completion Determination Request)*:

This Determination establishes that the Port has determined that Vertical Developer has substantially completed the above-referenced PKN Horizontal Improvements in compliance with the VDDA. This Determination has no precedential effect for the purpose of public ownership of PKN Horizontal Improvements.

PORT:

City and County of San Francisco, acting by
and through the San Francisco Port Commission

By: _____
Name: _____
Title: Chief Harbor Engineer

EXHIBIT K-1

REQUIRED SUBMITTALS FOR SUBSTANTIAL COMPLETION DETERMINATION

The following items must be submitted to the Port as part of a Substantial Completion Determination Request in accordance with VDDA § 16.3.

- ☐ Substantially Complete all work described in the permit including instructional bulletins (IBs) and notice of correction report (NCRs) pertaining to the applicable Port Acceptance Item that is the subject of this Substantial Completion Request.
- ☐ Confirm applicable Port Acceptance Item built within the limits of easements and no additional rights are needed.
- ☐ Obtain sign-off from third party utility companies, as requested.
- ☐ Prepare a binder with the following:
 - o Evidence of SFPW Americans with Disabilities Act sign-off.
 - o Provision of appropriate rights granted to Port for safe access for pedestrians and vehicles to Port facilities via Vertical Developer's improvements in unaccepted streets.

**MEMORANDUM OF UNDERSTANDING
REGARDING INTERAGENCY COOPERATION**

(Pier 70 28-Acre Site)

This **MEMORANDUM OF UNDERSTANDING REGARDING INTERAGENCY COOPERATION** (Pier 70 Waterfront Site), referred to in the Transaction Documents as the Interagency Cooperation Agreement (this “ICA”) and dated for reference purposes as of _____, 2018 (the “Reference Date”) is between the **CITY AND COUNTY OF SAN FRANCISCO**, a municipal corporation (the “City”), acting by and through the Mayor, the Board of Supervisors, the City Administrator, the Director of Public Works, the San Francisco Municipal Transportation Agency and the San Francisco Public Utilities Commission (the “Other City Parties”), and the City, acting by and through the **PORT COMMISSION OF THE CITY AND COUNTY OF SAN FRANCISCO** (the “Port” or the “Port Commission”) (the Other City Parties and the Port, each a “Party”). This ICA is one of the Transaction Documents relating to the Project described in the Disposition and Development Agreement between the Port and FC Pier 70, LLC (“Developer”).

Initially capitalized and other terms not defined herein are defined in the Appendix or other Transaction Documents as specified in the ICA Definitions Appendix attached hereto, which contains definitions; rules of interpretation, and standard provisions applicable to all Transaction Documents.

RECITALS

A. This ICA specifies the roles and procedures that will apply to Other City Parties and consenting City Agencies assisting the Port in implementing the development of the 28-Acre Site in accordance with the Governing Rules, including, without limitation, with respect to:

1. Subdivision of the 28-Acre Site;
2. Construction of Horizontal Improvements for the Project, as described in the Infrastructure Plan (ICA Attachment A); and
3. Implementation of Project mitigation measures.

B. Developer, and its Transferees or Vertical Developers under the DDA, will develop the Horizontal Improvements and Vertical Improvements in Phases, as more particularly described in the DDA.

C. The SUD, together with the Design for Development, specifies the permitted land uses and development standards and guidelines for the 28-Acre Site. The procedures for design review and approval for new buildings and rehabilitation of historic buildings within the 28-Acre Site are specified in the SUD.

D. This ICA memorializes a process for the Port, Other City Parties, and consenting Other City Agencies to cooperate in undertaking, administering, performing and expediting review of all applications pertaining to Horizontal Development of the Project Site, including its subdivision, review and approval of Phase Applications, Master Utility Plans, design review of Park Parcels and Public ROW streetscape improvements, the review of Improvement Plans and the review, acceptance and approval of Horizontal Improvements for the Project that will be

acquired by the Port or Other City Agencies as Acquiring Agencies under the Acquisition Agreement.

AGREEMENT

1. PURPOSE AND INTENT

1.1. Priority Project. In adopting this ICA by Board Resolution No. 403-17, based on Project benefits to the City as set forth in the DDA and the DA, the City has determined in accordance with Campaign and Governmental Conduct Code section 3.400 that a public policy basis exists for this Project to receive priority processing. The City and the Port both found a compelling public policy in expedited review and permitting processes, which will minimize the negative financial impacts on the Port's rent revenues and Public Financing Sources that will be used to pay for the Horizontal Improvements.

1.2. Findings. Development of the Project in accordance with the Governing Rules, including the DDA, Development Agreement, and Project Approvals:

(a) is in the best interests of the City and County and the health, safety, and welfare of its residents;

(b) furthers the public purposes of applicable Governing Rules; and

(c) is a priority for which the City, Port and Other City Agencies will act as expeditiously as is feasible to review and facilitate the processing of applications and implementation of Project development reviews and as described in this ICA.

1.3. Benefit. This ICA is:

(a) for the Parties' mutual benefit;

(b) an agreement for ongoing interdepartmental transfers of funds under Charter section B7.320, terminable only by the expiration of this ICA or by the Parties' agreement with Board of Supervisors approval by resolution and the Mayor's concurrence; and

(c) for the benefit of and enforceable by Developer and Developer Parties, Transferees and Vertical Developers as third-party beneficiaries to the extent of their rights and obligations under the Development Agreement and the DDA, subject to the limitations in Developer's Consent and further provided that neither the Port nor any Other City Agencies will be liable to Developer for damages.

1.4. Intent. The Parties intend for this ICA to provide the framework for cooperation between and among the Port and Other City Agencies with respect to review and approval of applications to the Port and Other City Agencies related to the Horizontal Improvements, including Subdivision Maps, Improvement Plans and Construction Permits for Horizontal Improvements. Accordingly, the Port and Other City Agencies have agreed to proceed expeditiously and use commercially reasonable efforts to comply with this ICA.

2. EFFECTIVE DATE; TERM

2.1. **Effective Date.** This ICA will become effective as of the Reference Date.

2.2. **Term.**

(a) Effect of DDA Termination. The term of this ICA will end on the date that the DDA Term expires including any extension of the DDA Term and any periods of Excusable Delay under the DDA or Development Agreement. Partial termination of the DDA as to any Phase or other portion of the 28-Acre Site will terminate this ICA and City Agencies' obligations under this ICA for the terminated portion of the 28-Acre Site. Notwithstanding the foregoing, if the DDA is terminated as to a Vertical Development Parcel and a Vertical DDA is executed for said Vertical Development Parcel, the ICA term will expire, extend or terminate as to all Other City Agencies' obligations associated with the development of said Vertical Development Parcel and its associated obligations, with the Vertical DDA.

(b) Ongoing Port Authority under ICA. In accordance with Charter section B7.320, the Port's authority to disburse funds under Section 3.6(e) (Distribution of Reimbursements) herein will continue until the Board passes and the Mayor approves a resolution terminating the Port's authority to make disbursements.

3. COOPERATION

3.1. **Agreement to Cooperate.** The Other City Parties and the Port will aid each other, and the Other City Parties and the Port will cooperate with and amongst all City Agencies, to expeditiously and with due diligence implement the Project in accordance with the Governing Rules to undertake and complete all actions or proceedings reasonably necessary or appropriate to implement the Project. Except as otherwise provided in the Transaction Documents or Project Approvals, nothing in this ICA with regard to such cooperation obligates the City or the Port to spend any money or incur any costs except Other City Costs or Port Costs that Developer will, to the extent provided herein, reimburse under the DDA or administrative costs that Developer or Vertical Developers are obligated to reimburse through Administrative Fees.

3.2. **City Approval.** The City's approval and adoption of this ICA will be evidenced by the signatures of the Mayor, the Clerk of the Board of Supervisors, the Controller, the City Administrator, the Port and the Director of Public Works.

3.3. **Consenting City Agencies.**

(a) Written Consents. Based upon the City's approval and adoption of this ICA, as described in Section 3.2 herein, each City Agency that has consented will comply with this ICA.

(b) Specific Agencies. The following City Agencies have, as of the date of this ICA signed this Agreement, a Consent or separate Transaction Document to implement the relevant portions of this ICA: (i) the Mayor's Office, including OEWD, MOHCD, and MOD; (ii) the General Services Agency, including San Francisco Public Works; (iii) the Port Commission; (iv) the San Francisco Municipal Transportation Agency; and (v) the San Francisco Public Utilities Commission.

(c) Additional Agencies. During the course of the Project, the City and the Port, in consultation with Developer, may obtain the Consents of additional City Agencies not listed above. Each additional Consent will be substantially similar in form to the currently attached Other City Agency Consents and will be deemed to be attached to this ICA and effective when the additional Other City Agency delivers its executed Consent to the Port with copies to Public Works and Developer. Thereafter, Developer will be obligated to pay the Other City Costs of any additional consenting Other City Agencies.

3.4. Cooperation to Obtain Permits for Regulatory Agencies Other than City Agencies. Subject to this ICA and the MMRP, the City will cooperate with the Port and with reasonable requests by Developer to obtain Regulatory Approvals from any Regulatory Agency other than a City Agency that is necessary or desirable to effectuate and implement development of the Project in accordance with the Governing Rules. The City's commitment under this ICA is subject to the conditions listed below.

(a) Coordination. Developer consults and coordinates with applicable City Agencies with jurisdiction in Developer's efforts to obtain the Regulatory Approval.

(b) Continuing City or Port Obligations. If Regulatory Approvals include conditions that entail maintenance by or other obligations of the permittee or co-permittees that continue after the City (including the Port) accepts the completed Horizontal Improvements, then when the City (including the Port) accepts any Horizontal Improvements constructed by Developer that have continuing obligations under a Regulatory Approval, the City (including the Port) will take reasonably necessary steps at Developer's request to remove Developer as the named permittee or co-permittee from the Regulatory Approval if either: (i) the continuing obligations are designated solely as the City's or Port's responsibility under this ICA, the Transaction Documents, or related Project Approvals; or (ii) the City or Port in its sole discretion has agreed to accept sole responsibility for the obligations.

3.5. Other City Actions. The Mayor, Port and the Other City Agencies will take actions and engage in proceedings subject to this ICA on behalf of the City following reasonable requests by Developer, including those listed below.

(a) Trust Exchange. Assisting the Port in closing the Public Trust Exchange authorized by AB 418.

(b) Subdivision. Coordinating review and approval of proposed subdivision Tentative Maps, Final Maps, Improvement Plans and Public Improvement Agreements, and permits for Horizontal Improvements.

(c) Street-Related Actions. Coordinating expeditious review of Developer's Streetscape Master Plan submittal, and instituting and completing proceedings for opening, closing, vacating, widening, or changing the grades of Public ROWs and for other necessary modifications of the streets, the street layout, and other public rights-of-way in the 28-Acre Site, including any requirement to issue permits to abandon, remove, and relocate public utilities as allowed under a City franchise and city utilities (if applicable) within the Public ROW as necessary to carry out the Project in accordance

with the Governing Rules, except where the City lacks such authority or required property rights.

(d) Construction Documents Review. Coordinating expeditious review of Construction Documents and issuance of construction and access permits for all stages of Horizontal Improvements within the time frames of this ICA and consistent with the standards set forth in the Governing Rules.

(e) Acceptance. Coordinating reviews and expeditiously taking timely actions to make construction completeness determinations or to notify Developer of deficiencies, to release security and, where applicable, to accept Horizontal Improvements from Developer in accordance with the San Francisco Subdivision Code and San Francisco Subdivision Regulations, subject to any exceptions that may be authorized by the Director of Public Works under the San Francisco Subdivision Code. Each applicable Acquiring Agency shall accept full, complete, and functional streets and infrastructure as designed in conformance with the Subdivision Regulations and utility standards, and constructed in accordance with the project plans and specifications, subject to any exceptions that may be authorized by the Director of Public Works under the San Francisco Subdivision Code. Without limiting the foregoing, the Port and Other City Parties acknowledge that the Infrastructure Plan sets forth standards for certain street segments that will require Developer to request exceptions to the Subdivision Code and the Subdivision Regulations. As of the DDA Reference Date, the Director of Public Works has not authorized such exceptions.

(f) State and Federal Assistance. Assisting the Port in pursuing, and reasonably considering requests from Developer to pursue, state and federal grants on behalf of the Project, below-market-rate loans, and other financial assistance or funding to assist in paying for Horizontal Improvements, Site Preparation, Associated Public Benefits (as defined in the Appendix) and other community benefits. The City will allocate any state and federal assistance that the City receives, subject to a Board of Supervisors' resolution to accept and expend, for the Project to the Port for use in accordance with the DDA.

(g) Environmental Review. Complying with and implementing Mitigation Measures for which the City is responsible and assisting with evaluating and performing any subsequent environmental review to the extent required under CEQA Guidelines section 15162.

(h) Affordable Housing. Using its good faith efforts to: (i) select a qualified developer and operator for any Affordable Housing Parcel; (ii) assist the selected affordable housing developers with any application for affordable housing sources, including 9% Low Income Housing Tax Credits under the City's geographic apportionment to the extent the applicants fail to secure an allocation of 9% Low Income Housing Tax Credits from a statewide set-aside; and (iii) assist Vertical Developers of mixed-income residential development with funding applications.

(i) Historic Tax Credits. Using its good faith efforts to assist Developer in pursuing Historic Tax Credits and other incentives available to encourage the

rehabilitation of Building 2, Building 12, and Building 21 in accordance with the Secretary's Standards.

3.6. Cost Recovery.

(a) Other City Agency Costs. In consideration of the benefits Developer will receive under this ICA, Developer will reimburse the Other City Agencies for costs incurred to comply with this ICA as and to the extent provided in the *DDA Article 19 (Port and City Costs)*, *Development Agreement § 4.4 (Payment of Planning Costs)*, and this Section. The DDA will control over any conflict with the DA and this ICA, and this ICA will control over any conflict with the DA regarding reimbursement of Other City Costs.

(b) Port and Other City Costs under ICA. The Parties agree that the City will incur all of the following to implement this ICA after the DDA Reference Date: (i) costs of the Project Coordinator if contracted by an Other City Agency; (ii) costs of Other City Agencies that sign this ICA or an attached Consent; and (iii) costs of additional Other City Agencies that later submit Consents that Developer countersigns. Developer will have no other obligation to reimburse costs incurred by any Other City Agency unless specified in another Transaction Document or required as part of an Administrative Fee.

(c) Compiled Other City Costs Statement. The Port will collect quarterly statements from Other City Agencies for costs incurred under this ICA, including work by Port staff and consultants. The Port will prepare and deliver a single combined quarterly statement of Other City Costs to the Port. The Port will prepare one Port Quarterly Report each quarter that shows the amount of Other City Costs and Port Costs billed by each City Agency.

(d) Port Quarterly Reports.

(i) Under *FP § 9.2 (Port Accounting and Budget)*, the Port must make reasonable efforts to provide a Port Quarterly Report of Other City Costs and Port Costs to Developer within six months after the date the costs are incurred. Other City Agencies agree to make reasonably diligent efforts to include all of their Project-related costs incurred in each quarterly statement.

(ii) If an Other City Agency fails to submit or to include any of its Project-related costs incurred in a quarterly statement provided to the Port, the Other City Agency will have a grace period, which it may exercise once within any 12-month period, to add the omitted Other City Cost to a Port Quarterly Report. No City Agency will have the right to recover any Other City Cost or Port Cost that is not included in a Port Quarterly Report within 12 months after the cost was incurred if the grace period is exercised, or within 6 months otherwise.

(e) Distribution of Reimbursements.

(i) Developer will reimburse Other City Costs and Port Costs by payments to the Port in accordance with *DDA § 19.1(a) (Reimbursement)*. Under this ICA, the Port will be responsible for disbursing payments to the Other City Agencies.

(ii) The DDA requires Developer and the Port to meet and confer in good faith to attempt to resolve any payment dispute. The Port will invite the affected Other City Agency to any meeting involving a dispute over its Other City Costs.

(iii) The Port will have no obligation to pay any Other City Agency for Other City Costs that Developer withholds from payment or that the Other City Agency did not timely submit for payment under Section 3.6(d) (Port Quarterly Reports) herein.

3.7. No Harbor Fund or General Fund Commitment. This ICA is not intended to, and does not, create any commitment of the Port's Harbor Fund or the City's General Fund in any manner that would violate the debt limitations under article XVI, section 18 of the California Constitution or of the City Charter, including section 3.105 (Controller responsibility for General Fund), section 8A.105 (Municipal Transportation Fund); section 8B.121 (SFPUC financial assets), and section B6.406 (Port Harbor Fund).

3.8. Procedures Required Under Applicable Laws. All City actions under this ICA will be taken subject to the limitations in the DA.

4. REVIEW PROCEDURES FOR STREETSCAPE MASTER PLAN; IMPROVEMENT PLANS; INSPECTIONS; AND ACCEPTANCE.

4.1. Expeditious Processing. City Agencies will process expeditiously and with due diligence all submissions, applications and requests by Developer for Future Approvals, including all permits, approvals, agreements, plans, and other actions that are necessary to implement the Project, including without limitation, phased Final Maps, subsequent Tentative Maps, subsequent Final Maps, Improvement Plan Submittals, Construction Documents, Construction Permits, construction inspections, determinations of completeness, releases of security, acceptances and acquisition of Horizontal Improvements.

4.2. Intentionally Omitted.

4.3. Improvement Plans for Horizontal Improvements-Generally.

(a) Coordination of Plan Reviews. Acknowledging that the Port Commission retains approval of Schematic Drawings for Park Parcels and the Port Executive Director retains approval of the Streetscape Master Plan for Public ROWs (as described in the DDA), the Port and the City will share responsibility for subsequent review of final Construction Documents for Horizontal Improvements for consistency with the Governing Rules, provided that: (i) for Park Parcels, Port will coordinate reviews by each Other City Agency, as applicable, and approve Improvement Plans for Horizontal Improvements in Park Parcels; and (ii) for Public ROWs, Public Works will coordinate reviews by City Agencies and for all other Horizontal Improvements (including review and approval of Master Utility Plans). Improvement Plans for Horizontal Improvements will generally be reviewed as part of the subdivision process.

(b) Port Review. Except to the extent incorporated into the Port Building Code, the Port will not review any Improvement Plans for compliance with any state or federal laws.

4.4. Processing of Improvement Plans and Issuance of Construction Permits.

(a) Consistency with Project Approvals. The Project Approvals include an Infrastructure Plan attached hereto as **Attachment A** that has been reviewed and approved by Public Works, SFPUC, SFPD, Port and SFMTA. The SFPUC will review and approve the final Master Utilities Plans in accordance with Section 4.12 hereof prior to approval of Improvement Plans. Accordingly, the applicable Permitting Agency will issue Construction Permits for the applicable Horizontal Improvements if the Permitting Agency and other reviewing Other City Agencies find that the Improvement Plans are consistent with the Governing Rules, including the Infrastructure Plan, Master Utilities Plans, Tentative Map Conditions of Approval and the City's technical specifications related to engineering documents under the Subdivision Regulations, subject to any exceptions that may be authorized by the Director of Public Works under the San Francisco Subdivision Code.

(b) Exceptions and Design Modifications. Without limiting the foregoing, in connection with its review of Improvement Plans to be attached to Public Improvement Agreements, Public Works (and the Port, if required); in consultation with applicable Other City Agencies, will consider requests for exceptions and design modifications from the standards set forth under the Subdivision Regulations and will work together with Developer in good faith. In furtherance thereof, Developer shall identify in its Basis of Design Report the type of, geographic location of, and rationale for all exceptions that it intends to request. Developer shall provide Public Works and the Port the names of persons in all affected City Agencies Developer has asked to consider any such requests for exceptions. Within 90 days from the submittal of the Basis of Design Report, the Director will provide Developer with a written response on the proposed exceptions, identifying (i) exceptions that Developer may submit for approval as identified in the Basis of Design Report; (ii) modifications to proposed exceptions that Developer should make before a formal submittal of the exception request; (iii) preliminary conditions or criteria that proposed exceptions would be subject to; (iv) additional items that may require an exception not listed in the Basis of Design Report; and (v) exceptions that the Director is unlikely to recommend for approval. The City may request additional information as it reasonably determines necessary to make these determinations. The additional information may extend the time required to provide the written responses on the exceptions.

(c) Deferred Infrastructure. Developer has proposed to submit applications for Horizontal Improvements that will include requests for Deferred Infrastructure. Developer's current concept for Deferred Infrastructure is described in Attachment C attached hereto for discussion purposes only. Certain aspects of the proposed Deferred Infrastructure concept in Attachment C would require an amendment to the current Subdivision Code and Subdivision Regulations or an exception granted by the Director of Public Works under Subdivision Code section 1312. It is also contemplated that the Board of Supervisors and the Director of Public Works may consider amending the Subdivision Code and the Subdivision Regulations in a manner that would address requests for Deferred Infrastructure described in Attachment C. The Port and Other City Parties will work in good faith to explore the proposed approach to Deferred Infrastructure subject to the following understanding:

(i) Nothing in this ICA obligates an Acquiring Agency to accept Deferred Infrastructure.

(ii) Developer and Port may apply for exceptions to the Subdivision Code and Subdivision Regulations, as may be amended.

(d) Plan Submittals. The DDA contemplates that the Project will be implemented in Phases. The Developer under each Phase (which may include Vertical Developers with respect to Deferred Infrastructure) will submit a set of Improvement Plans for Horizontal Improvements for review by Other City Agencies and Port (each, an **"Improvement Plan Submittal"**), as more particularly described in this Section 4.4. Each Improvement Plan Submittal shall be reviewed and approved by all applicable City Agencies and the Permitting Agency. Issuance of a Construction Permit shall be in accordance with this Article 4. The Improvement Plan Submittals shall be submitted for each Phase as one or more of the following:

(i) Demolition and Utility Relocation Plans, Mass Grading Plans, Ground Improvement Plans, and Shoreline Repair Plans (collectively, **"Site Preparation Plans"**) will be submitted to the Port as separate permit applications or in a combined permit application, as deemed appropriate by Developer.

(ii) Improvement Plans, consisting of improvement and engineering plans (but not Master Utilities Plans) meeting applicable City and Port specifications for the applicable Horizontal Improvements (collectively, the **"Improvement Plans"**), will be submitted to Public Works as follows:

- (1) Basis of Design Report, as generally described in ICA Attachment B;
- (2) First Submittal;
- (3) Second Submittal; and
- (4) a Permit Set that will comprise the final Improvement Plans that will be attached to the Public Improvement Agreement (the **"Permit Set"**).

Each submittal after the Basis of Design Report will incorporate comments and revisions required by the reviewing City Agencies. Each Improvement Plan submittal may incorporate one or more of the Demolition, Utility Relocation and Mass Grading Plans that make up the Site Preparation Plan, as appropriate.

(iii) Park Parcel Improvement Plans will be submitted to the Port as a single permit application for each Park Parcel or may be combined with other Park Parcels, as appropriate (the **"Park Parcel Improvement Plans"**). Procedures for Port Commission review and approval of schematic design for Park Parcels is governed by Section 13.6 of the DDA.

(e) Pre-submittal Conference for Improvement Plans.

(i) Developer will request and participate in a pre-submittal conference with the Port (and the Permitting Agency, if not the Port) for the Basis of Design Report submittal at least 15 days prior to submittal. The Permitting

Agency and Developer may hold a pre-submittal conference for each subsequent Improvement Plan submittal as mutually agreed. The Permitting Agency will advise any affected Other City Agencies of, and invite them to participate in, any such pre-submittal conference.

(ii) The Permitting Agency will require Developer to provide any Other City Agencies choosing to participate with copies of materials to be discussed at any pre-submittal conference.

(f) Submittal of Improvement Plans for City Review. Prior to submittal of each Improvement Plan Submittal, Developer will provide 14 days' notice to the Permitting Agency. Within 3 business days after receipt, the Permitting Agency (or Developer, upon Permitting Agency authorization) will deliver such notice, and, upon submittal of the applicable Improvement Plan Submittal, will deliver the Improvement Plan Submittal to all other applicable City Agencies. If Developer has concurrently submitted to the Port preliminary Acquisition Prices for Phase Improvements or Deferred Infrastructure in the form of AA Exh B (Preliminary Acquisition Prices) or Acquisition Price Updates under AA § 1.3 (Acquisition Price Estimates of Components by Phase,) (as those terms are defined in the Appendix), the Port will deliver copies of any price information affecting an Other Acquiring Agency's Horizontal Improvements along with the applicable Improvement Plan Submittal.

(g) Review of Improvement Plans. The Port and each City Agency as applicable will review each Improvement Plan Submittal for consistency with the Governing Rules and Improvement Plans previously approved. Each Other City Agency will provide comments to the Port within 30 days of the Other City Agency's receipt of the Improvement Plan Submittal. Any Other City Agency that will be an Acquiring Agency for the applicable Phase Improvements or Deferred Infrastructure will also have the opportunity to state its concerns regarding the costs to operate and maintain Phase Improvements that it will acquire. Notwithstanding the foregoing, if Port and an Other City Agency disagree on their comments, then they shall work to resolve any differences in accordance with Section 4.4(i) below (Proposed Revisions). Notwithstanding the foregoing, if Developer submits the Site Preparation Plans as a combined set of two or more plan sets, the time for review will be extended by an additional 30 days.

(h) Delivery of Compiled Comments. Within 3 business days after receipt of review comments from all Other City Agencies commenting on the applicable Improvement Plan Submittal (the "**Consolidated Response Date**"), the Port will deliver all comments in a compiled format to Developer for response and revision as appropriate. Notwithstanding the foregoing, if the consultation process under Section 4.4(i) (Proposed Revisions) herein delays the Port's delivery of comments beyond the 30-day period, then Developer may invoke Administrative Delay under the DDA as described in Section 4.4(q) below.

(i) Proposed Revisions. City Agencies may propose changes to the applicable Improvement Plan Submittal that do not conflict with Governing Rules or previously approved Improvement Plans. If the City Agencies propose changes to the applicable Improvement Plan Submittal, then upon request by Developer, the applicable City Agencies and Developer will promptly meet and confer in good faith to attempt to

reach agreement on any such changes proposed for a period of not more than 30 days for the Basis of Design Report and First Submittal, and not more than 21 days for the Second Submittal and Permit Set, as any of the foregoing times may be extended by mutual agreement. Coming out of this meet and confer process, Developer will: incorporate revisions to the Site Preparation Plans and resubmit; incorporate revisions to Basis of Design Report into the First Submittal; incorporate revisions to the First Submittal into the Second Submittal; and incorporate revisions to the Second Submittal into the Permit Set.

Prior to each other resubmittal, Developer will provide at least 14 days advance notice of the resubmittal date, and the Port and all applicable Other City Agencies will have an additional 30 days for review after Developer resubmits the Improvement Plan Submittal with revisions. For each resubmitted Improvement Plan Submittal and for each subsequent Improvement Plan Submittal that incorporates revisions based on City Agency comments from the prior Improvement Plan Submittal, the Improvement Plan Submittal or the resubmittal will include: a "redline" comparison identifying all changes to the applicable Improvement Plan Submittal and a table of all comments and all responses to comments addressed in the applicable Improvement Plans Submittal or resubmittal (unless not required to be addressed, in which case the response will address the reasons for such conclusion). If the Improvement Plan Submittal or resubmittal is incomplete, inconsistent or fails to include such redlines and table, then the reviewing City Agencies will have 45 days to review the applicable Improvement Plan Submittal or resubmittal.

(j) Consultation. The Port and Other City Agencies agree to meet and attempt to resolve any differences over their respective comments within the following timeframes after delivery of comments to the Port: (i) within 30 days for a Basis of Design Report and the First Submittal of Improvement Plans of a given Phase, and (ii) within 21 days for any other Improvement Plan Submittal.

(k) Review of Improvement Plans. Subject to the foregoing process and notwithstanding Government Code section 66456.2(a), the Permitting Agency will approve, conditionally approve or disapprove the Permit Set for Improvement Plans within 30 days after the later of the Consolidated Response Date for the Second Submittal or submittal of revisions thereto in accordance with Section 4.4(i) (Proposed Revisions) above. All time periods for review and approval shall be subject to the Permit Streamlining Act (Cal. Gov't Code §§ 65920 et seq.), to the extent not inconsistent with the approval procedures set forth in this ICA, recognizing that times for approval hereunder may be shorter than those provided under the Permit Streamlining Act.

(l) SFPUC Approval of Master Utility Plans. Developer will submit Master Utility Plans to SFPUC for approval in accordance with Section 4.12 hereof.

(m) Resubmittal Upon Disapproval. If the Permitting Agency disapproves a Permit Set and Developer subsequently resubmits, the Permitting Agency, will have an additional 30 days for review from receipt of the resubmittal (which period will include consultation with other City Agencies to the extent requested by the Permitting Agency). This procedure will continue until the Permitting Agency approves the amended Permit Set.

(n) Review Standards. Unless otherwise approved by Developer in its sole discretion, neither the Permitting Agency nor any other City Agency will disapprove any Permit Set or require revisions to any other Improvement Plan Submittal on the basis of any element that conforms to and is consistent and in compliance with the Governing Rules, the Regulatory Requirements, and the Permitting Agency's or City Agency's prior approvals; or (ii) impose new conditions that conflict with the Governing Rules, the Regulatory Requirements, or its prior approvals (provided, however, that the Parties acknowledge the City has discretion to impose conditions consistent with Regulatory Requirements). Any Permitting Agency denial, or the recommendation of denial of an approval by any other City Agency to the Permitting Agency approval shall include a statement of the reasons for such denial or recommendation of denial to the Permitting Agency. Permitting Agency will immediately notify Developer of any disapproval.

(o) Extension of Review Periods. All Improvement Plan Submittals will include detailed information, and the turnaround time for the Permitting Agency and other City Agencies', and City staff for review will depend in part on the amount of new information in and the quality of a submittal, including Developer compliance with the resubmittal requirements in Section 4.4(m) above. The Permitting Agency will, and after consultation with Developer, have the right to grant reasonable extensions of time for City Agencies to review submittals and provide comments.

(p) Failure to Provide Timely Responses. Any City Agency that fails to deliver its comments on an Improvement Plan Submittal within the comment periods under this ICA, unless extended under Subsection 4.4(o) (Extension of Review Periods) above, will at Developer's request take all reasonable measures necessary to ensure that the applicable Improvement Plan Submittal will be reviewed within a period of 30 days from Developer's request.

(q) Excusable Delay. The Permitting Agency or any other City Agency's failure to act upon an Improvement Plan Submittal within the timeframes specified in in this Section 4.4, subject to extension under Section 4.4(o) (Extension of Review Periods) above shall be a basis for Administrative Delay under *DDA Article 4 (Performance Dates)*. In such case, Developer may claim Administrative Delay on a day-for-day basis from the required time for approval until the date of actual approval. For example, if the Outside Date in the Schedule of Performance for Commencement of Construction for Phase 1 is January 1, 2021 but the Port takes 60 days to provide comments on the applicable Improvement Plan Submittal or approve the Permit Set instead of the required 30 days, then the Outside Date for Commencement of Construction will be extended by an additional 30 days to January 31, 2021. In addition, delay in the time that the Permitting Agency actually delivers its comments to the Developer (whether caused by City Agency consultation or otherwise) will also be a basis for Administrative Delay under *DDA Article 4 (Performance Dates)* on a day-for-day basis until delivery of comments.

4.5. Inspections.

(a) Inspection Procedures. Before construction begins at the 28-Acre Site, each Acquiring Agency will be responsible for providing Developer with written procedures for inspection of Horizontal Improvements or Components that the Acquiring

Agency will acquire. Inspection procedures must be consistent with the Governing Rules.

(b) Inspection Request. Developer may initiate an inspection to determine whether Horizontal Improvements or Components are ready for their intended use and have been completed substantially in conformity with the applicable Improvement Plans and applicable Regulatory Requirements by delivering to the respective Permitting Agency, an Inspection Request. The Chief Harbor Engineer or City Engineer, as applicable, for the applicable Permitting Agency will forward copies of the Inspection Request to any applicable Acquiring Agency within 3 business days after receiving the Inspection Request and promptly coordinate inspections.

(c) Inspection. Each Acquiring Agency will be responsible for conducting a requested inspection with due diligence and in a reasonable time given the scope of the inspection but not to exceed 21 days after the City Engineer or Chief Harbor Engineer, as applicable, has transmitted Developer's Inspection Request. Within 5 business days after conducting an inspection, each Acquiring Agency must provide notice to the Permitting Agency that the Horizontal Improvement or Component has been approved as inspected or deliver the Other Acquiring Agency's punch list of items to be corrected. The City Engineer (or Port Harbor Engineer, as applicable) will compile punch lists and deliver them to the Developer within 30 days after the City Engineer (or Chief Harbor Engineer) delivered the Inspection Request.

(d) Notice to Developer. The Permitting Agency will compile any approvals and punch lists for the Horizontal Improvements and Components inspected and provide them to Developer within 3 business days after the Permitting Agencies receives inspection results from the Other Acquiring Agencies.

(e) SOP Compliance of Phase Improvements under the DDA. The DDA sets forth a process for the Chief Harbor Engineer to issue a SOP Compliance Determination when he finds that Developer has satisfied its construction obligations under the DDA, including the Schedule of Performance, for the construction of Phase Improvements. The Chief Harbor Engineer shall consult with Other City Agencies prior to issuing a SOP Compliance Determination, and each Other City Agency will respond within 30 days after request with any comments. After a 14-day cure period, if an Other City Agency fails to respond, the Chief Harbor Engineer, in his or her reasonable discretion, may issue the SOP Compliance Determination under the DDA.

4.6. Standards and Procedures for Acceptance.

(a) Any acceptance of streets and other Horizontal Improvements will occur according to the San Francisco Subdivision Code and San Francisco Subdivision Regulations, subject to any exceptions that may be authorized by the Director of Public Works under the San Francisco Subdivision Code. The Acquiring Agency shall accept full, complete, and functional streets and infrastructure as designed in conformance with the Subdivision Regulations and utility standards, and constructed in accordance with the Permit Set, subject to any exceptions that may be authorized by the Director of Public Works under the San Francisco Subdivision Code.

(b) From and after the Reference Date, the City Agencies will meet and confer to consider other standards and procedures for acceptance of Horizontal Improvements, including individual utility systems that are subject to the Developer's potential post-acceptance maintenance, repair, and liability until the completion of all surface and subsurface improvements in the Public ROWs in which the individual utility system is installed, and the City's acceptance of such improvements and Public ROWs.

(c) The City Agencies agree to work in good faith to enter into a memorandum of agreement, within 120 days of the submission of a complete First Submittal referenced in Section 4.4(d)(ii) herein, that will establish a framework for acceptance, ownership, maintenance and regulation of Horizontal Improvements to land owned or to be owned by the Other City Agencies or the Port ("**Acceptance and Maintenance Memorandum of Agreement**"). The following principles will guide the development of the Acceptance and Maintenance Memorandum of Agreement.

(i) The acceptance procedures will provide for diligent and expeditious processing of acceptance requests.

(ii) Permitting Agencies will introduce complete acceptance packages to the Board of Supervisors with a goal of final passage within 6 months after the date of Developer's submission of a complete request.

(iii) City or Port acceptance of Horizontal Improvements, as applicable, will include obligation of the Developer to maintain the accepted Horizontal Improvements and all facilities and components therein, excepting only portions of the full Public ROW that are ready for their intended use and purpose and are accepted by the City or of improvements that are to be maintained in accordance with the terms of an encroachment permit, as provided in the Governing Rules.

(iv) The City Agencies are entitled to seek additional information from the Developer. The additional information may extend the time frame required to finally execute the Acceptance and Maintenance Memorandum of Agreement.

(v) The Parties agree the Acceptance and Maintenance Memorandum of Agreement may be finally executed by the directors of the applicable City Agencies, unless otherwise required by the City Charter or other City law.

4.7. **Streetscape Master Plan.** The DDA requires the Developer to submit its final Streetscape Master Plan application to the Port within 90 days after the DDA Reference Date. Port staff will submit the Streetscape Master Plan application to applicable City Agencies, including Public Works and SFMTA. Port, and each Other City Agency, will review the Streetscape Master Plan for consistency with the DA Requirements. Each Other City Agency will provide any comments on the submittal to the Port within 30 days from the Other City Agency's receipt of the submittal. The Port must approve the Streetscape Master Plan in accordance with DDA Section 3.5 before the Chief Harbor Engineer or Director of Public Works may approve any Improvement Plans that include street improvements.

4.8. **Vertical Development- Consistency Review.** City Agencies will, as necessary and appropriate, coordinate reviews of Improvement Plans for Horizontal Improvements with Construction Documents for Vertical Improvements (to the extent not already addressed in Improvement Plans for Deferred Infrastructure), including Deferred Infrastructure, utility laterals

and associated facilities serving the Vertical Improvements and connection to Horizontal Improvements, to ensure consistency, to avoid development delays, to safeguard public safety, and to protect existing infrastructure.

4.9. Other Assistance. Public Works will provide additional engineering and construction management services for the Project if requested by the Port. Public Works agrees that the Port may establish work orders to obtain Public Works staff review of Improvement Plans on behalf of the Port under the Port Director's direction. If it does so, Public Works staff will be obligated to provide comments to the Port in time to permit timely transmittal to Developer.

4.10. Moratorium Streets. Section 2.4.21 of the Public Works Code provides that Public Works "shall not issue any permit to excavate in any moratorium street; provided, however, that the Director of Public Works, in his or her discretion, may grant a waiver for good cause." A moratorium street is defined as any block that has been reconstructed, repaved, or resurfaced in the preceding 5-year period. Public Works acknowledges that the Project will involve the construction of Public ROWs before adjacent Vertical Improvements are built, and that those Vertical Improvements may require street excavation for Deferred Infrastructure and to connect Deferred Infrastructure to previously-built Horizontal Improvements in the Public ROW. Public Works agrees that, to the extent that Public Works Code section 2.4.21 is applicable and construction of Vertical Improvements will require excavation within adjoining City-accepted public streets within the 5-year moratorium period, the Director of Public Works will consider granting a requested waiver, subject to reasonable conditions to protect public health, safety, and welfare, appropriate restoration requirements (which may be required under future amendments to the San Francisco Municipal Code or applicable regulations), and recovery of its actual costs incurred, on a time and materials basis.

4.11. SFMTA Matters.

(a) **Prior SFMTA Review.** The Permitting Agency will not issue any Construction Permit for Horizontal Improvements that include or should include Transportation Infrastructure or Transportation-Related Mitigation Measures unless SFMTA has previously reviewed and approved applicable Improvement Plans for compliance with SFMTA requirements, consistent with the Governing Rules and in accordance with the procedures governing Improvement Plans in this Article 4, and has determined compliance with all applicable Transportation-Related Mitigation Measures consistent with the MMRP.

(b) **Cooperation.** The Permitting Agency and Developer, and Vertical Developers, as applicable, will work collaboratively with SFMTA to ensure that Transportation Infrastructure and Transportation-Related Mitigation Measures are discussed as early in the review process as possible and that the Port, Public Works, and SFMTA act in concert with respect to these matters.

4.12. SFPUC Matters. The following will apply to SFPUC Utility Infrastructure and Utility-Related Mitigation Measures.

(a) AWSS. Developer will submit with each Basis of Design Report its AWSS Plan for the associated Horizontal Improvements. SFPUC will diligently and timely perform modeling required to support the proposed AWSS design.

(b) Stormwater Master Plan. Developer will submit a Stormwater Master Plan ("**Stormwater Master Plan**") with each Basis of Design Report. Before Port or any City Agency is required to review any Improvement Plan Submittal following the first Basis of Design Report, SFPUC (through its General Manager) must review and approve the final Stormwater Master Plan submitted by Developer. SFPUC shall diligently and expeditiously review and approve the Stormwater Master Plan (or any subsequent revisions thereto).

(c) SFPUC Approval of Master Utilities Plans. Developer must submit final Master Utility Plans prior to submitting a Basis of Design Report. Before Port or any City Agency is required to review any Improvement Plan Submittal following the first Basis of Design Report, SFPUC (through its General Manager) must review and approve the final Master Utilities Plans submitted by Developer. SFPUC shall diligently and expeditiously review and approve the Master Utilities Plans (or any subsequent revisions thereto).

(d) SFPUC Review of Improvement Plans. The Permitting Agency will not issue any Construction Permit for Horizontal Improvements that include SFPUC Utility Infrastructure or SFPUC Utility-Related Mitigation Measures unless SFPUC has reviewed and commented on applicable Improvement Plans for compliance with SFPUC requirements consistent with the Governing Rules, including the Infrastructure Plan and Master Utility Plans, in accordance with procedures governing Improvement Plans in Article 4 hereof.

(e) Public Power. In accordance with Chapter 99 of the San Francisco Administrative Code, the SFPUC has performed a feasibility study and has determined that it will provide electric power to the 28-Acre Site. SFPUC will work with the Developer to provide temporary construction and permanent electric services pursuant to its Rules and Regulations for Electric Service.

(f) Cooperation. The Permitting Agency, Developer, and Vertical Developers, as applicable, will work collaboratively with each Other City Agency to ensure that SFPUC Utility Infrastructure and SFPUC Utility-Related Mitigation Measures are discussed as early in the review process as possible and that the Port, Public Works, and the SFPUC act in concert with respect to these matters.

4.13. Role of SFFD. The following shall apply to Fire Safety Infrastructure.

(a) Prior SFFD Review. The Permitting Agency will not issue any Construction Permit for Horizontal Improvements that include or should include future Fire Safety Infrastructure unless the SFFD has previously reviewed and approved applicable Improvement Plans for compliance with SFFD requirements in accordance with procedures governing Improvement Plans in Article 4 hereof. Neither Public Works nor the Port shall approve any Construction Documents that include plans and specifications for Fire Safety Infrastructure without the SFFD Fire Chief's, or Chief's designee's, prior approval.

(b) Cooperation. The Permitting Agency, Developer, and Vertical Developers, as applicable, will work collaboratively with SFFD to ensure that Fire Safety Infrastructure is discussed as early in the review process as possible and that Public Works, the Port, and SFFD act in concert with respect to these matters.

5. PROCESS FOR REVIEW AND APPROVAL OF SUBDIVISION MAPS

5.1. Subdivision Process. The Subdivision Map Act, the Subdivision Code, and the Subdivision Regulations shall govern the Subdivision Map process. Attachment D attached hereto describes Developer's proposed mapping process for the Project. Attachment D is a draft for discussion purposes only.

6. OTHER COORDINATION

6.1. Intentionally Omitted.

6.2. Role of Horizontal Improvements Project Coordinator. Developer and the Port may agree to utilize a third-party professional (the "Project Coordinator") to coordinate with Developer and the Port to fulfill efficiently, expeditiously and with due diligence their respective obligations under this ICA. The Project Coordinator's scope of work includes but is not limited to facilitation of permit applications including plan review and revisions, providing recommendations for acceptance of parks and open space, providing recommendations on the issuance of the Port's Determination of Completion in accordance with the DDA and pursuant to the Schedule of Performance, and facilitation of acquisition and reimbursement under the Acquisition Agreement. The Port shall contract with the Project Coordinator, and may include associated actual costs incurred as part of Port Costs, on the conditions listed below.

6.3. Annual Review. At least 60 days before retaining or renewing the contract of any Project Coordinator, the Port, and Developer will meet and confer about the identity, cost, duration, and scope of work of the third-party professional to ensure that contracted services are used in an efficient manner and avoid redundancies.

6.4. Contract Terms. Contracts with the Project Coordinator: (i) will, unless agreed otherwise by the Port with Developer Consent, specify a maximum annual fee for the scope of work, subject to modification if work on Developer submittals exceeds the anticipated scope of work; (ii) may be for any term to which the Port and the Project Coordinator agree; (iii) must provide for an annual review of contracted services; and (iv) must be terminable upon notice.

6.5. Termination. Developer or the Port may request the termination of the Project Coordinator's contract by delivering a written statement of the basis for its request to the other Party. Before the Port will be obligated to terminate the Project Coordinator's contract, Developer and the Port must meet and confer on whether a revised scope of work would address the issues adequately and, if not, whether implementing procedures for securing a contract with a satisfactory replacement Project Coordinator is appropriate. If the contract is terminated, Developer and the Port will meet and confer to revise the timelines for Port and Other City Agencies' review and processing of Developer submittals under this ICA in light of available staffing.

6.6. Access to Other City Property. If necessary for the Project, each Other City Agency agrees to license temporarily any property under its jurisdiction to Developer on City standard and commercially reasonable terms. Developer access will be deemed necessary if it

authorizes Developer to investigate adjacent environmental conditions, undertake environmental response programs, undertake Mitigation Measures, construct Horizontal Improvements upon, or otherwise use the property to implement the Governing Rules. Licenses will include indemnification and security provisions in keeping with the City's standard.

7. DEFAULTS AND REMEDIES.

7.1. Meet and Confer. Before a City Agency delivers a notice under Section 7.2 (Notice of Default) below, the concerned City Agencies (including the Port) will provide notice of the alleged default and the steps needed to resolve it. The concerned City Agencies must attempt to resolve the dispute within 10 days of the date of such initial notice.

7.2. Notice of Default. Any concerned City Agency may deliver a notice to any Other City Agency alleging a default under this ICA if not resolved within the 10-day period under Section 7.1 (Meet and Confer) above. The notice of default must state with reasonable specificity the nature of the alleged default, the provision(s) under which the default is claimed to arise, and the manner in which the default may be cured.

7.3. Cure. The defaulting City Agency must cure the default within 30 days after the notice is delivered.

7.4. Consequences of Default.

(a) No Cost Recovery. A defaulting City Party will not be entitled to recover any of its costs from the date the notice under Section 7.2 (Notice of Default) above is delivered until the default is cured.

(b) Developer Action. The affected Developer Party may file an action to obtain a remedy for the default, including specific performance by the City Agency. Nothing in this Section requires an affected Developer Party to postpone instituting an injunctive proceeding if it believes in good faith that postponement will cause it irreparable harm.

(c) ICA Remains in Effect. The Parties acknowledge that termination is not a remedy under this ICA.

7.5. No Monetary Damages.

(a) No Interagency Damages. Except with respect to Section 3.6 (Cost Recovery) above, the Parties have determined that monetary damages are inappropriate and that it would be extremely difficult and impractical to fix or determine the actual damages to a Party as a result of any default and that equitable remedies, including specific performance, but not damages are the appropriate remedies for enforcement of all other provisions of this ICA. The Parties would not have entered into this ICA if it created liability to any other Party for damages under or with respect to implementing this ICA.

(b) Covenant and Waiver. The Parties have agreed that no City Agency will be liable in damages to any other City Agency, and each City Agency covenants not to sue for or claim any damages against any other City Agency and expressly waives its right to do so: (a) for any default; or (b) arising from or connected with any dispute,

controversy, or issue regarding the application, interpretation, or effect of this ICA. Developer's corresponding covenant and waiver are in Developer's Consent to this ICA.

(c) Developer's Statutory Rights. Nothing in this ICA limits a Developer Party's rights or remedies under any applicable Regulatory Requirement governing the application, review, processing, or permitting of Improvements, including the Permit Streamlining Act (Cal. Gov't Code §§ 65920 et seq.).

7.6. **Attorneys' Fees.** In event of any dispute or any legal action or other dispute resolution mechanism to enforce or interpret any provision of this ICA, each Party will bear its own attorneys' fees and costs, whether or not one Party prevails.

7.7. **Developer Breach.** If a Developer Party commits an Event of Default or is in Material Breach of its obligations under the DDA or other Transaction Document, including failure to pay Other City Costs or Port Costs (following expiration of any notice and cure periods), any City and Port obligations under this ICA with respect to the defaulting Developer Party will be suspended and will not be reinstated until the Developer Party cures the applicable Event of Default or Material Breach. But an Event of Default or a Material Breach by a Developer Party under the DDA will not relieve the City or the Port of any obligation under this ICA that arose before the Event of Default or Material Breach (except with respect to terminated portions of the DDA), or that relates to the Developer Party's obligations under the DDA or to any other Developer Party. This Section does not limit any other Port rights or remedies under the DDA, or any other City rights or remedies under the DA or applicable Regulatory Requirements.

8. GENERAL PROVISIONS.

The following apply to this ICA in addition to the provisions in the DDA Appendix Part A.

8.1. **Notices.** Notices given under this ICA are governed by *DDA App ¶ 4.5 (Notices)*.

(a) Addresses for Notice. Addresses for notices given under this ICA are listed below and in the Consents. Developer and any City Agency may change its notice address by giving notice of the change in the manner provided above at least 10 days before the effective date of the change.

Address for City: Office of Economic and Workforce Development
City and County of San Francisco
City Hall, Room 448
1 Dr. Carlton B. Goodlett Place

Los Angeles, California 90015

Attention: Mr. Kevin Ratner

Facsimile: (213) 488-0039

Email: kevinratner@forestcity.net

(b) Courtesy Copies. Until the Port has issued a Certificate of Completion for all Horizontal Improvements for the Project, the Parties agree to provide courtesy copies to Developer on behalf of all Developer Parties of any notices that either the any City Agency gives to any other City Agency under Section 7.2 or 8.2(c) of this ICA at the same time and in the same manner as provided above, at the addresses listed below. Failure to give Developer a copy of any notice given under this Section will not affect the validity or effective date of the notice.

8.2. Amendments to ICA, Infrastructure Plan and Transportation Program.

(a) Writing Required. This ICA may be amended only by a written instrument executed by the Other City Parties and the Port, with the consent of an authorized representative of Developer, which may not be unreasonably withheld, conditioned, or delayed.

(b) City Authority. The Mayor and the Port Director are authorized consistent with a Developer request, or if not a Developer requested amendment subject to obtaining the Developer's prior written consent, to consent to any amendment to this ICA after consultation with the directors or general managers of any affected City Agencies, subject to the following:

(c) Required Consents for ICA Changes. The Mayor and the Port Director must obtain the written consent of any City Agency that is a signatory or consenting party to this ICA to the extent that such change materially affects the applicable City Agency's obligations or property. Subject to the required consents listed below in this Subsection, the determination as to whether any proposed amendment is material will be made in accordance with Section 8.2(d) below. More specifically:

(i) Public Works must give its prior written approval to any substantive ICA amendment affecting Public ROWs or the processing of Subdivision Maps.

(ii) SFMTA must give its prior written approval to any substantive ICA amendment affecting Transportation Infrastructure or Transportation-Related Mitigation Measures. For the avoidance of doubt, SFMTA must give its prior approval to any material amendments to the Infrastructure Plan that affect Transportation Infrastructure and any material amendments to the Transportation Program.

(iii) SFPUC must give its prior written approval to any ICA amendment affecting SFPUC Utility Infrastructure or Utility-Related Mitigation Measures.

(iv) SFED must give its prior written approval to any substantive ICA amendment affecting Fire Safety Infrastructure.

(d) Material Amendments. Any ICA change that would materially: (A) increase the risk of a negative impact on the City's General Fund, as determined on behalf of the Mayor by the Controller; (B) materially increase a City Agency's obligations, or materially lessen the primary benefits to the City, as determined by the Mayor; or (C) have a negative impact on City property, as determined by the City Engineer, will be deemed a material amendment and will require approval by the Port Commission, the Mayor and the affected Other City Agencies consenting to this ICA as to matters within their respective exclusive jurisdiction.

(e) Infrastructure Plan and Transportation Program Amendments. Amendments to the Infrastructure Plan and Transportation Program will be processed and approved in accordance with Sections 8.2(a), (b) and (c) above.

(f) Minor Deviations.

(i) Improvements Plans. Minor deviations in a set of Improvement Plans from the Governing Rules, including the Infrastructure Plan and Master Utility Plans may be approved by the Permitting Agency with exclusive jurisdiction over the affected plan, with the consent of any Other affected City Agency, provided the deviation will not affect the overall system, its

configuration and performance, is otherwise compatible with the intent of the Infrastructure Plan and does not otherwise qualify for treatment as a material plan amendment under Section 8.2(d) above.

(ii) Review Schedule. Requests for approval of minor deviations will be reviewed as part of and within the same review time frames as the applicable set of improvement plans.

8.3. Invalidity.

(a) Invalid Provision. If a final court order finds any provision of this ICA invalid or inapplicable to any Person or circumstance, then the invalid or inapplicable provision will not affect any other provision of this ICA or its application to any other Person or circumstance, and the remaining portions of this ICA will continue in full force and effect.

(b) Countervailing Law. If any applicable State or federal law prevents or precludes compliance with any material provision of this ICA, the Parties agree to modify, amend, or suspend this ICA to the extent necessary to comply with law in a manner that preserves to the greatest extent possible the intended benefits of this ICA to each of the Parties and to Developer.

(c) Right to Terminate. A Party may terminate this ICA on notice to the other Parties if this ICA as amended or suspended under Section 8.3(a) (Invalid Provision) or (b) (Countervailing Law) above would: (i) be unreasonable or grossly inequitable under all of the circumstances or would frustrate this ICA's fundamental purposes; or (ii) deprive the City or the Port of the substantial benefits derived from this ICA or make performance unreasonably difficult or expensive. Following termination, the Parties, Developer, and Developer Parties will have no further rights or obligations under this ICA.

8.4. Successors and Assigns; Third-Party Beneficiary. This ICA is for the benefit of and binds the City's and the Port's respective successors and assigns. Developer and Developer Parties are intended third-party beneficiaries of this ICA. Except for Developer and Developer Parties, this ICA is for the exclusive benefit of the Parties and not for the benefit of any other person and may not be deemed to have conferred any rights, express or implied, upon any other person.

8.5. Further Assurances. The Port and the City each agree to take all actions and do all things, and execute, with acknowledgment or affidavit if required, any and all documents necessary or appropriate to achieve the purposes of this ICA.

8.6. Attachments. The attachments listed below are incorporated into and are a part of this ICA.

ICA DEFINITIONS APPENDIX

"28-Acre Site" is an approximately 28-acre area located in the southeast corner of Pier 70 with the legal description and site plan shown in **DDA Exh A1** (Legal Description), **DDA Exh A2** (Site Plan), **DA Exh A** (Legal Description and Site Plan).

"Acceptance and Maintenance Memorandum of Agreement" is defined in Section 4.6(c) herein.

"Acquiring Agency" means the City Agency (the Port, SFPUC, or Public Works) that will acquire Horizontal Improvements in accordance with the Transaction Documents and Existing City Laws and Standards.

"Acquisition Agreement" means the Acquisition and Reimbursement Agreement between Developer and the Port in the form of **FP Exh A** that lists Horizontal Improvements that Acquiring Agencies will purchase from Developer, establishes the Acquisition Prices of Horizontal Improvements, and provides forms and procedures for Developer to request inspection of and payment for Horizontal Improvements.

"Administrative Delay" means an Excusable Delay caused when:

- (i) a Regulatory Agency fails to act on a Developer request or application within a reasonable time under its standard practices or as otherwise specified in this ICA, the Development Agreement, or the DDA; or
- (ii) an appeal body or court determines that a Regulatory Agency's act or failure to act on an application was improper following a challenge by Developer or a Vertical Developer Affiliate; or
- (iii) for any matter that requires the execution and delivery of a Vertical DDA or Parcel Lease (*i.e.*, for the Arts Building and Historic Buildings 2 and 12 under **DDA § 7.11** (Historic Building 2) and **§7.14** (Historic Buildings 12 and 21), Developer has shown a good faith willingness to enter into the applicable agreement substantially in the forms attached to the DDA and in accordance with all other terms and conditions, but Port has delayed or failed to proceed with the execution and delivery of the applicable Vertical DDA or Parcel Lease.

"Administrative Delay" excludes any delay caused by Developer's failure to meet any Outside Date due to its failure to submit timely all required and requested information supporting a request or application.

"Administrative Fee" means:

- (i) a City fee imposed citywide or portwide in effect and payable when a developer submits an application for any Regulatory Approval, intended to cover only the estimated actual costs to the City or the Port of processing the application, addressing any related hearings or other actions, and inspecting work under the Regulatory Approval; and
- (ii) the amount that Developer or a Vertical Developer must pay to the City or the Port under any Transaction Document to reimburse the City or the Port for its administrative costs in processing applications for any Regulatory Approvals required under the Governing Rules.

"Administrative Fee" excludes (1) any Impact Fee or Exaction; (2) Port Costs; and (3) Other City Costs.

"Affiliate" when used in reference to a specified person, means any other person that directly or through intermediaries Controls, is Controlled by, or is under Common Control with the specified person.

"Affordable Housing Parcel" means a Development Parcel on which 100% affordable housing might be constructed under the Affordable Housing Plan, anticipated to be Parcel C1B, Parcel C2A and Parcel K South.

"Appendix" means the Appendix attached to the DDA, consisting of Appendix Part A: Standard Provisions and Rules of Interpretation; and Part B: Glossary of Defined Terms.

"Applicable Law" means, individually or collectively, any law that applies to development, use, or occupancy of or conditions at the FC Project Area.

"Basis of Design Report" is a type of Improvement Plan referenced in Section 4.4(d)(ii) that will be generally in the form attached as ICA Attachment B.

"CEQA" is an acronym for the California Environmental Quality Act (Cal. Pub. Res. Code §§ 21000-21189.3).

"CEQA Findings" means findings adopted under CEQA Laws in connection with the Project Approvals.

"CEQA Guidelines" means the California Guidelines for Implementation of CEQA (Cal. Admin. Code §§ 15000-15387).

"CEQA Laws" means CEQA, the CEQA Guidelines and the CEQA Procedures.

"Chief Harbor Engineer" means the Port's Deputy Director, Engineering, or his designee.

"City" means the City and County of San Francisco, California, a municipal corporation organized as a charter city under the California Constitution.

"City Agency" means any public body or an individual authorized to act on behalf of the City in its municipal capacity, including the Board of Supervisors or any City commission, department, bureau, division, office, or other subdivision, and officials and staff to whom authority is delegated, on matters within the City Agency's jurisdiction.

"City Engineer" means the person designated by the Director of Public Works pursuant to the Administrative Code.

"City Party" means the City, including the Port and Other City Agencies, and their respective Agents, including commissioners, supervisors, and other elected and appointed officials.

"citywide" means all real property within the territorial limits of San Francisco, not including any property owned or controlled by the United States or the State that is exempt from City Law.

"Commence Construction" or "Commencement of Construction" means the start of substantial physical construction as part of a sustained and continuous construction plan.

“Component” as defined in the CFD Law means:

- (i) for a Horizontal Improvement with an estimated cost of over \$1 million, a discrete portion or phase that may be financed whether or not the Component is capable of serviceable use; or
- (ii) for a Horizontal Improvement with an estimated cost of \$1 million or less, a discrete portion or phase that may be financed when the Component is capable of serviceable use.

“Consolidated Response Date” is defined in Section 4.4(h) herein.

“Construction Permits” means:

- (iii) for Horizontal Improvements, any permit that Developer must obtain from the Port or Other City Agencies before Commencement of Construction at the 28-Acre Site; and
- (iv) for Vertical Improvements, building permits or site permits and addenda.

“Controller” means the Controller of the City and County of San Francisco.

“Conveyance Agreement” or **“Conveyance Agreements”** as the case may be, means a Vertical DDA, Parcel Lease, grant deed, quitclaim deed or any implementing documents (such as recorded covenants) used to convey Development Parcels to Vertical Developers under the DDA.

“DA Ordinance” means Ordinance No. 224-17 adopting the Development Agreement, incorporating by reference the CEQA Findings, public trust findings, and General Plan Consistency Findings for the 28-Acre Site Project, waiving specified provisions of the Municipal Code, and authorizing the Planning Director to execute the Development Agreement on behalf of the City.

“DDA” is an acronym for the Disposition and Development Agreement between the Port and Developer specifying the terms and conditions for Developer’s master development of the 28-Acre Site.

“DDA Reference Date” means the date on which the DDA is fully executed.

“DDA Term” means the period beginning on the DDA Reference Date and ending when the DDA expires by its own terms or by early termination.

“Deferred Infrastructure” means the Horizontal Improvements included with the Permit Set approved in compliance with all Applicable Laws that may be constructed, completed, and accepted in connection with the associated Vertical Improvements but separate from the rest of the other Horizontal Improvements approved in the Permit Set, but only upon agreement and approval by the Permitting Agency and an Acquiring Agency and in compliance with all Applicable Laws. Any approved Deferred Infrastructure other than Public Spaces in Park Parcels must be constructed and completed no later than the associated Vertical Improvements. Any approved Deferred Infrastructure for Public Spaces in Park Parcels will be completed no later than the applicable Outside Date for Completion in the Schedule of Performance.

“Deferred Infrastructure” excludes utility improvements and fixtures customarily installed as part of a Vertical Improvement.

“Developer” means FC Pier 70, LLC, a Delaware limited liability, and its successors.

“Developer Mitigation Measure” means any Mitigation Measure in the MMRP (DDA Exh A6) that is identified as the responsibility of the “project sponsors” that arises in connection with Developer’s obligations under DDA 14.8(a), or otherwise undertaken by Developer at its expense.

“Developer Party” means Developer and its direct and indirect partners, members, shareholders, officers, and Affiliates, individually or collectively.

“Development Agreement” means the agreement that the City entered into with Developer under Chapter 56 and the Development Agreement Statute between specifying the entitlement rights that the City agreed to vest in Developer for development of the 28-Acre Site by adoption of the DA Ordinance.

“Development Parcel” means a buildable parcel in the SUD, including each Option Parcel.

“Director of Public Works” means the Director of San Francisco Public Works.

“Environmental Regulatory Agency” means the United States Environmental Protection Agency, the United States Occupational Safety and Health Administration, the United States Department of Labor, any California Environmental Protection Agency board, department, or office, including the Department of Toxic Substances Control and the Water Board, the California Division of Occupational Safety & Health, Department of Industrial Relations, the Bay Area Air Quality Management District, the San Francisco Department of Public Health, SFPD, SFPUC, the Port, and any Other Regulator now or later authorized to regulate Hazardous Materials.

“Event of Default” for purposes of the DDA means a Breaching Party’s failure to cure a noticed breach within the cure period specified in DDA § 11.2 (Events of Default by Developer), DDA § 11.3 (Events of Default by the Port), DA § 9.2 (Events of Default), or any other Transaction Document, as applicable in the context. **“Event of Default”** for purposes of the DA is defined in § 9.2.

“Exaction” means any requirement to construct improvements for a public purpose, dedicate a real property interest, or other burden that the City imposes as a condition of approval to mitigate the impacts of increased demand for public services, facilities, or housing caused by a development project, which may or may not be an impact fee governed by the Mitigation Fee Act, including a fee paid in lieu of complying with a City requirement.

“Exaction” excludes Mitigation Measures and any federal, state, or regional impositions.

“Existing City Laws and Standards” as defined in DA § 5.2(a) (Agreement to Follow) means:

- (i) the Project Approvals;
- (ii) the Transaction Documents; and
- (iii) all other applicable City Laws in effect on the DA Ordinance Effective, subject to DA § 5.3 (Changes to Existing City Laws and Standards).

"FC Project Area" means the 28-Acre Site and 20th Street, 21st Street, and 22nd Street east of Illinois Street, and areas outside of the 28-Acre Site where the Developer will construct Improvements serving the 28-Acre Site.

"Final Map" means a final Subdivision Map meeting the requirements of the Subdivision Code, Subdivision Regulations (subject to such exceptions or revisions as may be approved by the Director of Public Works under the San Francisco Subdivision Code) and the Map Act.

"First Submittal" means the set of Improvement Plans submitted after the Basis of Design Report and before the Second Submittal under ICA § 4.4(d(ii)).

"Future Approval" means any Regulatory Approval adopted or issued after the DA Ordinance Effective Date that is required to implement the 28-Acre Site Project, including Regulatory Approvals required to begin Site Preparation or construction of Improvements in the FC Project Area.

"General Plan" means goals, policies, and programs for the future physical development of the City, as adopted by the Planning Commission and approved by the Board of Supervisors, taking into consideration social, economic, and environmental factors.

"General Plan Consistency Findings" means findings made by the Planning Commission by Resolution No. 19978 that the 28-Acre Site Project as a whole and in its entirety is consistent with the objectives, policies, general land uses, and programs specified in the General Plan and the planning principles in Planning Code section 101.1.

"Governing Rules" means all of the following:

- (i) the Project Approvals,
- (ii) the Transaction Documents,
- (iii) all applicable Existing City Laws, and
- (iv) Changes to Existing City Laws and Standards, to the extent permitted under the Development Agreement.

"Historic Building" means any one of the historic structures in the 28-Acre Site known as Building 2, Building 12, and Building 21, each of which is classified as a significant contributing historic resource to the Union Iron Works Historic District.

"Historic Tax Credits" means tax credits that may be obtained under the Historic Preservation Tax Incentives Program jointly administered by the National Park Service and the State Historic Preservation Office, codified at Tax Code section 47.

"Horizontal Improvements" means:

- (i) capital facilities and infrastructure and their constituent Components that Developer or a Transferee builds or installs in or to serve the FC Project Area or for other public purposes, including Site Preparation, Shoreline Improvements, Public Spaces, Public ROWs, and Utility Infrastructure; and
- (ii) Deferred Infrastructure.

"Horizontal Improvements" excludes Vertical Improvements.

"ICA" means this Memorandum of Understanding Regarding Interagency Cooperation.

"Impact Fee" means any fee that the City imposes as a condition of approval to mitigate the impacts of increased demand for public services, facilities, or housing caused by the development project that may or may not be an impact fee governed by the Mitigation Fee Act, including in-lieu fees.

"Impact Fee" excludes any Administrative Fee, school district fee, or federal, state, or regional fee, tax, special tax, or assessment, as defined in the Development Agreement.

"Improvement" means any physical change required or permitted to be made to property, including Horizontal Improvements and Vertical Improvements.

"Improvement Plans" as defined in Section 4.4(d)(ii) of this ICA.

"Improvement Plan Submittal" is defined in Section 4.4(d) herein.

"Infrastructure Plan" means the Infrastructure Plan attached as **DDA Exh B8**, including the Streetscape Master Plan and each Master Utility Plan when later approved by the applicable City Agency.

"Inspection Request" means Developer's written request that the Chief Harbor Engineer or City Engineer, as applicable, arrange for the applicable Acquiring Agency to inspect Horizontal Improvements or Components for compliance with Governing Rules and City Laws.

"Land Use Plan" means the Land Use Concept Plan shown in *D4D Fig 2.1.1* and attached to the DDA as **DDA Exh A4-1**.

"Map Act" means the Subdivision Map Act of California (Calif. Gov't Code §§ 66410-66499.37).

"Master Lease" means a lease for the Master Lease Premises in the form of **DDA Exh B10** that allows Developer to take possession of the described premises and construct Horizontal Improvements on portions of the 28-Acre Site under the DDA.

"Master Utilities Plan(s)" means any of the following plans for Utility Infrastructure, which will be deemed incorporated into the Infrastructure Plan when approved by the SFPUC:

- (i) Low Pressure Water Master Plan;
- (ii) Non-Potable Water System Master Plan;
- (iii) Grading and Combined Sewer System Master Plan;
- (iv) Dry Utilities Joint Trench Master Plan; and
- (v) Master Electrical Infrastructure Plan.

"Mitigation Measure" means any measure identified in the MMRP required to minimize or eliminate material adverse environmental impacts of the 28-Acre Site Project and any additional measures necessary to mitigate adverse environmental impacts that are identified through the CEQA process for any Future Approval.

"MMRP" is an acronym for the Mitigation Monitoring and Reporting Program that the Planning Commission adopted by Motion No. 19977, the Port Commission adopted by Resolution

No. 17-43, SFMTA adopted by Resolution No. 170905-112 and SFPUC adopted by Resolution 17-0209.

"Option" means development rights granted to Developer for Option Parcels under the DDA.

"Option Parcel" means a Development Parcel for which Developer has an Option under DDA art. 7 (Parcel Conveyances), which Developer will exercise through a Vertical Developer Affiliate.

"Other Acquiring Agency" means an Acquiring Agency other than the Port.

"Other City Agency" means a City Agency other than the Port.

"Other City Costs" means costs that Other City Agencies incur to perform their obligations under this ICA, the Development Agreement, and the Tax Allocation MOU to implement or defend actions arising from the 28-Acre Site Project, including staff costs determined on a time and materials basis, third-party consultant fees, attorneys' fees, and costs to administer the financing districts to the extent not paid by Public Financing Sources, and including any defense costs as set forth in Section 4 of the Developer's Consent attached to this ICA.

"Other City Costs" excludes Port Costs, Administrative Fees, Impact Fees, and Exactions.

"Other City Requirements" means ordinances and policies described in DDA Exh A7 and approved plans to implement City and Port ordinances and policies, including those attached to the DDA at DDA Exh Tab B.

"Other Regulator" means a federal, state, or regional body, administrative agency, commission, court, or other governmental or quasi-governmental organization with regulatory authority over Port land, including any Environmental Regulatory Agency.

"Parcel Lease" means a contract in the form of DDA Exh D3 by which the Port will convey a leasehold interest in an Option Parcel to a Vertical Developer.

"Park Parcel Improvement Plans" means a Permit Set for Park Parcels approved by the Port in accordance with Section 4.4(d)(iii) hereof.

"Park Parcel" means any of the Park Parcels identified in the Land Use Plan as Parcel OS1, Parcel SC1, Parcel SC2, Parcel WP1, Parcel WTP, or Parcel WP2.

"Parties" or "Party" means Developer and City, and their respective successors under this ICA.

"Permit Set" is defined in Section 4.4(d)(ii) herein.

"Permitting Agency" means the City Agency, typically the Port for all Public Spaces and the Department of Public Works with respect to the work in the Public ROW and for other facilities, responsible for issuing permits for construction and installation of Horizontal Improvements, and for all actions to be taken thereunder, including coordination of plan reviews, approvals, construction inspections, and for determining whether improvements are complete all in accordance with this ICA.

"person" means any individual, corporation (including any business trust), limited liability entity, partnership, trust, joint venture, or any other entity or association, or governmental or other political subdivision or agency.

"Phase" means one of the integrated stages of horizontal and vertical development of the 28-Acre Site as shown in the Phasing Plan, subject to revision under DDA art 3 (Phase Approval).

"Phase Area" means the Development Parcels and other land at the 28-Acre Site that are to be developed in a Phase.

"Phase Improvements" means Horizontal Improvements that are to be constructed in a Phase, including Deferred Infrastructure.

"Phasing Plan" means DDA Exh B1, which shows the order of development of the Phases and the Development Parcels in each Phase Area, subject to revision under DDA art. 3 (Phase Approval).

"Planning" means the San Francisco Planning Commission, acting by motion or resolution or by delegation of its authority to the Planning Department and the Planning Director.

"Planning Commission" means the San Francisco Planning Commission.

"Planning Department" means staff of the City's Planning Department.

"Planning Director" means the City's Director of Planning.

"Planning Code" means the Planning Code of the City and County of San Francisco, California.

"Port Commission" or "Port" means the San Francisco Port Commission, acting by resolution or by delegation of its authority to the Port Director and other Port staff.

"Port Costs" means costs that the Port incurs to perform its obligations to Developer and otherwise implement the DDA and Master Lease, including staff costs on a time and materials basis, third-party costs, and costs to administer the Pier 70 CFDs, the Pier 70 IFDs and the IRFD to the extent not paid by Public Financing Sources.

"Port Costs" excludes Other City Costs, Advances of Land Proceeds, and Port Capital Advances.

"Port Director" means the Executive Director of the Port.

"portwide" means any matter applicable to all real property under the jurisdiction of the Port Commission.

"Project" means the development of the FC Project Area in accordance with the DDA, subject to the Governing Rules.

"Project Approval" means: [

- (i) a Regulatory Approval by a City Agency that is necessary to entitle the 28-Acre Site Project and permit Developer to begin Site Preparation and construction of Horizontal Improvements, including those shown on DDA Exh A3 and DA Exh B; and
- (ii) as specified in DA § 5.1(d) (Future Approvals), includes all Future Approvals for the Project.

"Project Coordinator" is defined in Section 6.2 herein.

"Public Improvement Agreement" means:

- (i) an agreement between the City and Developer under the Map Act and Subdivision Code for the completion of required Horizontal Improvements that are not complete when the Final Map is approved; or
- (ii) a similar agreement between the City and Developer for the completion of the Developer Construction Obligations (such as a Street Excavation Improvement Agreement or other Port-issued construction agreement for Park Parcels).

"Public ROWs" means Horizontal Improvements consisting of public streets, sidewalks, shared public ways, bicycle lanes, and other paths of travel, associated landscaping and furnishings, and related amenities.

"Public Space" means Horizontal Improvements for public enjoyment, such as public parks, public recreational facilities, public access, open space, and other public amenities, some of which may be rooftop facilities.

"Public Works" means the San Francisco Public Works Department.

"Reference Date" is defined in the Preamble to this ICA.

"Regulatory Agency" means a City Agency or any Other Regulator.

"Regulatory Approval" means any motion, resolution, ordinance, permit, approval, license, registration, permit, utility services agreement, Final Map, or other action, agreement, or entitlement required or issued by any Regulatory Agency with jurisdiction over any portion of the 28-Acre Site, as finally approved.

"Regulatory Requirement" means laws or policies applicable to the development, occupancy, and use of the 28-Acre Site Project, subject to the Port's authority as trustee under the Burton Act as amended by AB 418, including:

- (i) Existing City Laws and Standards and other Regulatory Approvals;
- (ii) Changes to Existing City Laws and Standards to the extent permitted under the DA;
- (iii) Impact Fees and Exactions applicable to the 28-Acre Site Project under the DA; and
- (iv) Environmental Laws, and
- (v) the Other City Requirements.

"Second Submittal" means the packet of Improvement Plans submitted for review and approval after the First Submittal and before the Permit Set.

"Secretary's Standards" means the *Standards for Rehabilitation of Historic Properties* (for historic tax credit projects) and related Guidelines published in the Secretary of the Interior's Standards for the Treatment of Historic Properties.

"SFFD" is an acronym for the San Francisco Fire Department.

"SFMTA" is an acronym for the San Francisco Municipal Transportation Agency.

"SFPUC" is an acronym for the San Francisco Public Utilities Commission.

"SFPUC Utility-Related Infrastructure" means Utility Infrastructure that will be under SFPUC jurisdiction when accepted.

"Site Preparation" means physical work to prepare and secure the 28-Acre Site for installation and construction of Horizontal Improvements, such as demolition or relocation of existing structures, excavation and removal of contaminated soils, fill, grading, soil compaction and stabilization, and construction fencing and other security measures and delivery of the Affordable Housing Parcels as required under the AHP.

"Site Preparation Plans" is defined in Section 4.4(d)(i) herein.

"SOP Compliance Determination" means the Chief Harbor Engineer's approval of an SOP Compliance Request in accordance with DDA § 15.7 (SOP Compliance), which will be confirmed in a recordable document in the form of DDA Exh B9-1.

"State Lands Commission" means the California State Lands Commission.

"Stormwater Master Plan" is defined in Section 4.12(b) herein.

"Street Excavation Improvement Agreement" means an agreement between Developer and the City, executed before a Final Map is recorded, that allows construction of Horizontal Improvements to begin.

"Subdivision Code" means the San Francisco Subdivision Code and Subdivision Regulations, subject to applicable amendments or procedures in the DA Ordinance and Development Agreement.

"Subdivision Map" means any map that Developer submits for the FC Project Area under the Map Act and the Subdivision Code.

"Subdivision Regulations" means subdivision regulations adopted by Public Works from time to time.

"SUD" is an acronym for the Pier 70 Special Use District established by Planning Code section 249.79, which incorporates the Design for Development, and related amendments to the City's Zoning Map with zoning and other land use controls applicable to the 28-Acre Site and adjoining parcels, approved by Ordinance No. 225-17.

"Transaction Document" means any of the following, individually or collectively:

- (i) the DDA, including the Financing Plan, the Appendix, and all attached exhibits, schedules, and implementing agreements and plans;
- (ii) each Vertical DDA and associated documents by which the Port conveys a Development Parcel;
- (iii) each Assignment and Assumption Agreement governing a Transferee's rights and obligations for the Project;
- (iv) this ICA;
- (v) the Development Agreement;
- (vi) the Master Lease;
- (vii) any Guaranty given to the Port as Adequate Security; and

- (viii) any other agreement governing the Parties' respective rights and obligations with respect to the development or operation of any portion of the 28-Acre Site.

"Transferee" means any person to which Developer Transfers its rights and corresponding obligations relating to a Phase, Horizontal Improvements, or horizontal development as permitted under DDA art. 6 (Transfers).

"Transferee" excludes any Vertical Developer, Lender, or successor to either except to the extent of assumed horizontal development rights or obligations (not including Deferred Infrastructure) as permitted under the DDA.

"Transportation Infrastructure" means Improvements and technology necessary for transportation and public transit services on or serving the SUD, including vehicular traffic and transit signaling and signs; parking meters and other parking control devices; bicycle parking facilities; bicycle rental/sharing facilities; protected bikeways; bus boarding islands or bulb-outs and shelters; pedestrian traffic controls; overhead traction power cabling and supports, street lighting supports; wayside control and communication systems and devices; electrical substations, junction boxes, underground conduit and duct banks; transit stops; and street and curb striping.

"Transportation Program" means DDA Exh B5, which contains strategies that Developer is required to implement to address movement in and around the 28-Acre Site.

"Transportation-Related Mitigation Measure" means any Mitigation Measure, including the TDM Plan, that SFMTA is responsible for monitoring or implementing.

"Utility Infrastructure" means Horizontal Improvements for systems that provide services to the FC Project Area, including subsurface systems for power, stormwater, sewer, domestic water, recycled water, AWSS, and above-ground facilities, such as streetlights, stormwater controls, and switchgear.

"Utility Infrastructure" excludes telecommunications infrastructure and any privately owned utility improvements.

"VDDA" or "Vertical DDA" means agreement between the Port and a Vertical Developer governing vertical development of a Development Parcel in the form of DDA Exh D2.

"Vertical Developer" means a person that acquires Parcel K North or a Development Parcel from the Port under a Vertical DDA for the development of Vertical Improvements.

[Page intentionally left blank.]

DEVELOPER'S CONSENT

1. Consent and Agreement. By signing below, Developer's representative, on behalf of Developer and Developer Parties: (a) consents to the ICA, understanding that the City and the Port have entered into it for the express collective benefit of the City, the Port, Developer and Developer Parties; (b) agrees that the ICA and this Developer Consent will be binding on the Developer Parties and each Transferee and Vertical Developer and further agrees to cause each Transferee and Vertical Developer to accept the ICA and this Developer's Consent as provided in the DDA; and (c) represents that execution of this Consent is authorized and that the person signing this Consent is authorized to sign this consent on behalf of Developer,

2. Acknowledgements. Developer acknowledges the following:

(a) Developer is an intended third-party beneficiary of the ICA.

(b) On recordation, the ICA and this Developer's Consent will apply to, and burden and benefit, the City, the Port, Developer, and each Transferee and Vertical Developer whether or not the ICA or Developer's Consent is specifically referenced in any Assignment Agreement or Conveyance Agreement.

(c) City and Port will conduct their review in accordance with the ICA and City and Port review will be limited to compliance with the Governing Rules and be in accordance with the Development Agreement.

(d) Developer will be solely responsible for compliance with applicable state and federal laws.

(e) The ICA does not eliminate or alter the process or approval requirements under applicable provisions of state or federal law or the regulations of other Regulatory Agencies with respect to any development at the 28-Acre Site.

(f) Developer will bear all costs associated with applying for and obtaining any Regulatory Approval. Developer, at no cost to the City that is not a City Cost or a Port Cost, will be solely responsible for complying with any conditions or restrictions imposed on the construction of Improvements under a Regulatory Approval, except those imposed on construction of Vertical Improvements on the Affordable Housing Parcels. Developer will have the right to appeal or contest any condition imposed under a Regulatory Approval in any manner permitted by law, but only with the prior consent of the affected City Agency if the City is a co-applicant or co-permittee. If Developer can demonstrate to the City's reasonable satisfaction that an appeal would not affect the City's responsibility or liability for any conditions that are or could be the responsibility of any City Agency, the City will not unreasonably withhold or delay its consent. In all other cases, an affected City Agency will have the right to give or withhold its consent in its sole discretion. Developer must pay or otherwise discharge any fines, penalties, or corrective actions imposed as a result of Developer's failure to comply with any Regulatory Approval.

(g) The Port Director may require Developer to provide the Port Commission, the Planning Commission, the Board of Supervisors, and any other Regulatory Agency with periodic updates on the Project.

Developer Consent-1

(h) Developer acknowledges that for City Agencies to meet the time periods under the ICA, for review of Construction Documents, inspections, for making completion determinations, for acceptance of Horizontal Improvements (and portions or components thereof), for release of security, in accordance with the ICA, Developer will, as described in the ICA, (i) provide advance notices of Improvement Plan submittals (including advance notice of any requests for exceptions or deviations from Subdivision Regulations, Infrastructure Plans or any other Governing Rules) and advance notice of requests for inspections; (ii) provide with each Improvement Plan resubmittal a redline showing portions of the Improvement Plans that have been revised, and a chart identifying each comment, the response to that comment, and where it is shown on the Improvement Plans; (iii) ensure that each Improvement Plan Submittal is complete and internally consistent; (iv) provide a complete package of project completion and/or acceptance requirements; and (v) participate in regularly (at least quarterly) status and coordination meetings with the Permitting Agency (and other affected City Agencies, as applicable).

3. No Authority to Bind City. Developer understands that it must not agree to conditions or restrictions to any Regulatory Approval from a Regulatory Agency that could create: (a) any obligations on the part of any City Agency that is required to be a co-applicant or co-permittee, unless the obligation is specifically the City's responsibility under the ICA, the Transaction Documents, or the Regulatory Requirements; or (b) any restrictions on City property, unless in each instance the affected City Agency in its reasonable discretion has previously approved the conditions or restrictions in accordance with this Section.

4. Reimbursement of Other City Costs. In consideration of Developer's benefits under the ICA, Developer agrees to reimburse Other City Costs incurred for each consenting City Agency's performance under the ICA under and subject to *DDA art. 19 (Port and City Costs)*, *Development Agreement § 4.4 (Payment of Planning Costs)*, and ICA Section 3.6 (Cost Recovery).

5. Indemnity. Developer acknowledges that Developer has an obligation to indemnify the City, the Port, and Other City Agencies as Indemnified Parties under *DDA art. 9 (Site Condition and Indemnities)* and the City under *DA § 4.5 (Indemnification of City)*.

6. Limitations on Liability.

(a) Generally. Developer, on behalf of itself and the other Developer Parties, understands and agrees that no commissioners, members, officers, agents, or employees of the City, the Port, or any Other City Agency (or any of their successors or assigns) will be personally liable to the other or to any other person, nor will any officers, directors, shareholders, agents, partners, members, or employees of any Developer Party (or of its successors or assigns) be personally liable to the City, the Port, or any Other City Agency, or any other person in the event of any default or breach of the ICA by the City, the Port, or any Other City Agency or of this Developer's Consent or for any amount that may become due or any obligations under the ICA or this Developer's Consent.

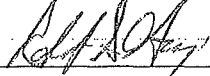

(b) No Release of Existing Liability. This provision will not release obligations of a person that is otherwise liable, such as the general partner of a partnership that is liable for the obligation or the guarantor of an obligation.

(c) No Municipal Liability for Damages. Neither the Port nor any Other City Agency will be liable to any Developer Party for damages under the ICA for any reason. Developer covenants not to sue for or claim any damages against any City Agency and expressly waives its right to do so.

Developer Consent-5

**CONSENT OF
SAN FRANCISCO MUNICIPAL TRANSPORTATION AGENCY**

1. Execution. By executing this Consent, the persons named below confirm the following.

(a) The SFMTA Board of Directors consented to the matters listed below after considering at a duly noticed public hearing the Infrastructure Plan and the CEQA Findings, including the Statement of Overriding Considerations and the Mitigation Monitoring and Reporting Program, for the Project.

(b) SFMTA does not intend to limit, waive, or delegate in any way its exclusive authority under Article VIIIA of the Charter.

2. Matters Covered. SFMTA agrees to the following.

(a) The Project Approvals, including the Infrastructure Plan, the Design for Development, the Transportation Program and the MMRP will govern matters under SFMTA jurisdiction, including Transportation Infrastructure and Transportation-Related Mitigation Measures. SFMTA staff will:

(i) participate in pre-submittal conferences and meet-and-confer meetings to facilitate the Project;

(ii) review and comment on Improvement Plans relating to matters under its exclusive authority under the Charter and provide comments in accordance with the ICA;

(iii) inspect Transportation Infrastructure within 21 days after receiving a copy of an Inspection Notice from the Director of Public Works and to provide its approval and acceptance or a punch list of items to be corrected within 5 days after performing its inspection in accordance with the ICA.

(b) SFMTA will review and approve the Transportation Infrastructure described in the Infrastructure Plan (*e.g.*, traffic control devices (primarily signs, traffic signals, striping in the Public ROW), bike racks, transit bulbs and shelters, and meters in City-accepted Public ROWs), subject to Developer satisfying SFMTA requirements and the Transportation-Related Mitigation Measures for safety, design, construction, testing, performance, training, documentation, warranties, and guarantees that are consistent with the applicable Regulatory Requirements.

(c) SFMTA's approvals will be consistent with the DDA, the Infrastructure Plan, the Design for Development, the Master Utilities Plan for streets, the Transportation Program, Regulatory Requirements, and its prior approvals. SFMTA will not withhold its consent unreasonably to proposed changes for Transportation Infrastructure, including the Infrastructure Plan, the Design for Development, the Master Utilities Plan for streets, or the Transportation Program if the changes meet the requirements of this Consent.

(d) SFMTA will procure, accept, operate, and maintain transit systems described in the Infrastructure Plan and the Transportation-Related Mitigation Measures subject to identification of resources, appropriation of funds, and other fiscal and

operational considerations, including the level of municipal railway service provided citywide.

(e) SFMTA will satisfy the construction requirements that are assigned to SFMTA in the Infrastructure Plan and Transportation-Related Mitigation Measures, as applicable, subject to identification of resources, appropriation of funds, and other fiscal and operational considerations, including the level of MUNI service provided citywide.

(f) SFMTA will cooperate with Developer in phasing any required SFMTA construction to the extent practicable given fiscal and operational considerations.

(g) SFMTA will license temporarily any property under its jurisdiction to Developer on commercially reasonable terms, including indemnification and security provisions in keeping with the City's standards. Developer access will be deemed necessary if it authorizes Developer to investigate adjacent environmental conditions, undertake environmental response programs, undertake Mitigation Measures, construct Horizontal Improvements upon, or otherwise use the property to implement Regulatory Requirements.

(h) In order to provide Developer with sufficient advance notice to install any required bus bulbs, SFMTA will provide Developer with at least 12-months' notice prior to commencing any bus service route that enters the 28-Acre Site.

3. Cost Recovery. SFMTA acknowledges that Developer has agreed to reimburse Other City Costs, including SFMTA's costs, to implement the matters described above, including reimbursement for review of Improvement Plans, on the following conditions.

(a) SFMTA must deliver to the Port a quarterly statement of SFMTA costs in time to allow the Port to prepare a combined quarterly statement of Other City Costs within six months after the date the costs are incurred.

(b) SFMTA will have no right to recover any SFMTA cost that is not included in a quarterly statement within 12 months after it was incurred.

(c) Developer will make aggregate reimbursement payments directly to the Port, which will be responsible for disbursing the funds to SFMTA without incurring liability for paying SFMTA amounts owing that Developer withholds.

4. Notice Address. SFMTA's address for notices given under the ICA is:

SFMTA Consent-3

[Page intentionally left blank.]

SFMTA Consent-4

**CONSENT OF
SAN FRANCISCO PUBLIC UTILITIES COMMISSION**

1. Execution. By executing this Consent, the person named below confirms that SFPUC has reviewed the ICA, and after considering the Infrastructure Plan, Development Agreement and Utility-Related Mitigation Measures at a duly noticed public hearing, took the following actions.

(a) SFPUC authorized its General Manager to enter into the ICA and consent to the ICA and Infrastructure Plan as they relate to matters under SFPUC jurisdiction, for SFPUC Utility Infrastructure and Utility-Related Mitigation Measures.

(b) In accordance with Chapter 99 of the San Francisco Administrative Code, the SFPUC has performed a feasibility study and has determined that it will provide electric power to the project. The SFPUC agrees that electrical service will be reasonably available for the Project's needs and that the projected price for electrical service is comparable to rates in San Francisco for comparable service. The SFPUC agrees to work with the Developer to provide temporary construction and permanent electric services pursuant to its Rules and Regulations Governing Electric Service.

(c) SFPUC agreed to accept, operate, and maintain SFPUC Utility Infrastructure, subject to appropriation and to Developer satisfying SFPUC requirements for construction, warranties and guarantees, operations and maintenance manuals, testing, and training, consistent with approved improvement plans. The SFPUC's responsibilities for the permitting, acceptance, operations and maintenance of utility related components constructed pursuant to this agreement are contingent on execution of a memorandum of understanding between the Port, SFPUC and other relevant City agencies regarding the implementation of such responsibilities.

(d) SFPUC delegated to the SFPUC General Manager or his designee any future SFPUC approvals under the ICA, subject to applicable Regulatory Requirements including the Charter.

2. No Waiver. By authorizing this SFPUC Consent, the SFPUC does not intend to in any way limit SFPUC's exclusive authority under Article VIIIB of the Charter.

3. Cost Recovery. The SFPUC acknowledges that Developer has agreed to reimburse Other City Costs, including the SFPUC's costs, to implement the matters described above, on the following conditions.

(a) The SFPUC shall provide the Director of Public Works with a quarterly statement of the SFPUC's costs in time to allow Public Works to provide Developer with a combined quarterly statement of Other City Costs within 6 months after the date the costs are incurred.

(b) The SFPUC will have no right to recover any SFPUC cost that is not included in a quarterly statement within 12 months after it was incurred.

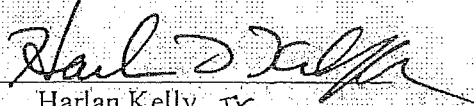

SFPUC Consent-1

(c) Developer will make aggregate reimbursement payments directly to the Port, which will be responsible for disbursing the funds to the SFPUC without incurring liability for paying SFPUC amounts owing that Developer withholds.

4. Notice Address. SFPUC's address for notices given under the ICA is: 525 Golden Gate Avenue, San Francisco, California 94102.

EXHIBIT I
ASSESSOR REQUESTED INFORMATION

Document Outline

Assessable/actionable events for Assessor ("ASR")

1. Initial land sale/ transfer of title
2. Mapping
3. Tax certificates
4. Lien date new construction
5. Completed new construction
6. Final ownership changes/sales to users

Assessable/Actionable Event information

1. **Initial land sale / transfer of title**
 - a. Assessable: any recorded change in ownership or ground lease/changes to existing ground lease
 - b. Information needed:
 - i. Deeds (transfer maps do not convey title for ASR purposes) or any other type of document transferring title (e.g. Patents, Assignments, Quitclaim Deeds, etc.
 - ii. Subdivision maps and how they correspond to recorded deeds
 - iii. Appraisal for transfers from government entities or non-arm's length transactions
 - c. Timing: at the time of recording for a basis of calculating transfer tax **[or include applicable timeline from Assessor]**
2. **Mapping [Include if event is applicable.]**
 - a. Justification/Purpose: ASR needs this information to reserve new block and lot numbers for the project.

- b. Information needed:
 - i. Tentative maps that overlay future parcel changes and project phases (with current APNs and future reserved APNs)
 - ii. Federal/state maps if applicable
 - iii. Timeline of subdivision activity and how the current parcels will be divided/combined/adjusted in each phase of the subdivision
 - iv. Initial subdivision maps and what deeds they correspond to

c. Timing:

- i. Upon request to reserve APNs for new project [or include applicable timeline from Assessor]

3. Tax certificates (Treasurer & Tax Collector's Office provides to ASR) [Include if event is applicable.]

- a. Justification: ASR needs this information to (1) ensure that any outstanding changes in ownership have been recorded and any completed or anticipated new construction has been valued and (2) to generate a new assessed value for TTX to use for tax pre-payment purposes.

b. Information needed:

- i. Pre-final map
- ii. TTX Form A and B (depending on how complicated the development is)

- c. Timing: whenever requested by the taxpayer, ASR has four weeks to review and determine new value [or include applicable timeline from Assessor]

4. Lien date new construction

- a. Justification/Purpose: ASR needs this information to accurately assess the value of new construction in progress as of January 1st as required by the Revenue & Taxation Code.

b. Information needed:

- i. The date construction started and the estimated completion date. If construction was in progress on January 1st, the percentage of construction completed.

- ii. A complete list of all the construction and/or demolition costs incurred as of this date, including direct and indirect costs and entrepreneurial profit. (sample provided for reference See Attachment 1)
- iii. Copies of any leases signed.
- iv. A detailed description of all work to be completed or any changes to the work description.
- v. A copy of the pro forma, feasibility study or appraisal used to support the building of this project.
- vi. Copies of all application for building permits.
- vii. Certified copy of the lender's disbursement of funds.
- viii. Cost not funded by construction loan.
- ix. Details on any current or anticipated efforts to sell the property, if applicable.
- x. Any additional information, if not referenced above, that would influence the market value of the property.
- xi. Name, mailing address, phone number and e-mail of person(s) to contact regarding additional questions and inspection of property.

c. Timing:

- i. By January 31st of each year the construction is in progress [or include applicable timeline from Assessor.]

5. Completed new construction

- a. Justification: ASR needs this information to accurately assess the value of completed new construction as of the date of completion as required by the Revenue & Taxation Code.
- b. Information needed:
 - i. All property types
 - A. The date construction started and completion date.

- B. A detailed description of all work completed (attach referenced floor plans, etc.)
- C. Copies of all applications for building permits.
- D. A complete list of all construction costs (see Attachment 1) including direct, indirect costs and anticipated or actual entrepreneurial profit.
- E. Detailed information on costs not funded by construction loans.
- F. A copy of the pro forma, feasibility study or appraisal used to support the building of this project.
- G. Details on any current or anticipated efforts to sell the property, if applicable
- H. Copies of any leases signed or currently in negotiation.
- I. A copy of the land lease or other document that indicates the value of the land, if applicable.
- J. Projected or actual income and expense statement and a schedule of asking rent, if applicable. For actual statements, please provide the source document.
- K. Certified copy of the lender's disbursement of funds.
- L. Details on parking stall rents and any miscellaneous income.
- M. Any appraisal completed.
- N. Any additional information, if not referenced above, that would influence the market value of the property.
- O. Name, address, phone number and email of person to contact for questions/arrange for a site inspection.

ii. Office

- A. Rent roll showing net rentable areas by floor and area leased by

each tenant; the type of lease (FSG, NNN or IG); the date and terms of each lease; the move in date; options to renew; escalation clauses; tax clauses; free rent or any lease concessions, landlord tenant improvement allowances.

- B. The gross and net rentable areas of the building.
 - C. Projected or actual sales volume of the property.
 - D. A copy of any existing operating agreements, if applicable.
 - E. A copy of the feasibility study.
 - F. A copy of the stacking plan, if applicable.
 - G. XFactor or BOMA recalculation of square footage, if applicable.
 - H. If the construction project includes a parking garage:
 - a. How will it be operated (i.e. leased to a second party for contract rent or net income to the owner)?
 - b. What is the anticipated number of spaces and vehicle capacity (with valet services if applicable)?
 - c. What will be the monthly fee for parking?
- iii. Retail
- A. Rent roll showing net rentable areas by floor and area leased by each tenant; the type of lease (FSG, NNN or IG); the date and terms of each lease; the move in date; options to renew; escalation clauses; tax clauses; free rent or any lease concessions, landlord tenant improvement allowances.
 - B. The gross and net rentable areas of the building.
 - C. Details on parking stall rents and any miscellaneous income.
 - D. Projected or actual sales volume of the property.
 - E. A copy of the operating agreement signed with the mall owner, if applicable.

iv. Apartments

- A. Tenant Rent Roll (which may redact names of residential tenants) for residential and commercial units that includes the unit number, unit type (number of beds/baths), number of rooms, market rate or BMR unit, occupancy, square footage, contract rental rate, date lease signed, market rental rate, other fees collected – parking, storage, pet. Overall parking spaces, any upgrades, floor and view premiums (if applicable). Please provide a rent roll as of the certificate of occupancy and/or when stabilized occupancy is achieved.
- B. A finish schedule.
- C. Total square footage of improvements allocated by use (residential, retail, common area, parking, etc.). Area (sq. ft.) of each floor including basement, mezzanine, penthouse, etc.

v. Condos

- A. The Parcel Split/Condo Conversion Questionnaire (See Attachment 2, Excel is strongly preferred.)
- B. For any units retained by the developer (i.e. parking, storage, retail, etc.), please provide copies of any signed leases, details on any leases in negotiation or proposed, or a summary of asking rents. Include a tenant rent roll (which may redact any personal information of residential tenants), projected or actual income and expense statements, and net rentable area of each retained unit.
- C. Condo map/plan (if applicable) – required for us to split a new condo project or condo conversion

- c. Timing: within 60 days upon completion of construction for each project phase ~~[or include applicable timeline from Assessor.]~~

6. Final ownership changes/sales to users

- a. Event: any recorded change in ownership or new lease/changes to existing lease
- b. Information needed:
 - i. All property types
 - A. Information about the sale:

- a. The purchase agreement and closing statement
 - b. Identify the broker or agent on the sale
 - c. Original list price
 - d. Days on market
- B. Details and terms of financing the property.
- C. Details on any anticipated deferred maintenance costs or capital expenditures anticipated by buyer at the time of the sale (i.e. renovations, major repairs, seismic retrofitting, and asbestos abatement) and a detailed schedule of when the work is to be completed, if known by seller.
- D. If the purchase price was not considered market value for the property, an explanation of why.
- E. Detailed anticipated income and expense operating statements of the new owner at time of purchase and/or acquisition and the prior two (2) years.
- F. Copies of any leases or lease abstracts, amendments or renewals, including free rent and tenant improvement allowances agreed to.
- G. Marketing materials and/or asking rents to lease vacant space as of the transfer date
- H. Any anticipated changes in use.
- ii. Office
 - A. A copy of the Offering Memorandum distributed by selling agent.
 - B. Copies of any appraisal prepared for purchase financing.
 - C. The investor's pro-forma and market rent assumptions generated by Argus investment analysis or other format (Excel preferred).
 - D. A rent roll (excluding any personal information of residential tenants) as of the change in ownership date showing; all tenants with corresponding suite numbers, suite sizes (sf), monthly or annual rent, date and terms of leases, scheduled rent escalations and any vacant rentable space (Excel format preferred).

- E. Indicate if any lease expense agreements are other than full-service gross with a base year (FSG).
- F. If vacancy is above 10%, provide historical vacancy or occupancy ratios (on an annual or bi-annual basis) over the previous three (3) years.
- G. A detailed annual income and expense summary for the year of sale and the prior two (2) years. If historical income and operating statements were not provided by the seller, please substitute your operating budget as of the purchase date (Excel format preferred).

iii. Retail

- A. Any cash flow analysis, pro forma worksheets or investment analysis in the acquisition of the property.
- B. Any appraisal prepared for the acquisition or financing of the subject property.
- C. Details on the financing involved for the purchase and/or acquisition of the subject property.
- D. Current rent roll showing net rentable areas by floor and area leased by each tenant; the type of lease (FSG, NNN or IG); the date and terms of each lease; the move in date; options to renew; escalation clauses; tax clauses; free rent or any lease concessions, landlord tenant improvement allowances.
- E. The gross and net rentable areas of the building.
- F. At the time of transfer, indicate the amount of net rentable vacant space, identify its location within the building and indicate the asking rental rates.
- G. The anticipated sales volume of the property.

iv. Apartments

- A. Rent roll as of the change in ownership date, showing the list of all tenants (excluding any personal information of

residential tenants) with monthly rent and move-in date. For retail tenants, please provide copies of the lease(s), including any amendments or renewals (Excel format preferred).

- B. The anticipated rental rates for any vacant units.
- C. The anticipated operating income and expenses at the time of purchase/change in ownership. If available, provide the operating income and expenses statements for the two (2) years preceding change in ownership (Excel format preferred).
- D. Details on any miscellaneous income (parking, laundry, storage, etc.)
- E. A copy of any appraisal prepared for any purpose (financing, insurance, investment) within two (2) years of the event date.
- F. A description of each unit; number of rooms, bedrooms, bathrooms, furnished or unfurnished.
- G. The current rent roll showing net rentable areas by floor and area leased by each retail tenant (if any); the type of lease (FSG, NNN or IG); the date and terms of each lease; the move in date; options to renew; escalation clauses; tax clauses; free rent or any lease concessions, landlord tenant improvement allowances. If there are no leasable areas of the property, so state.
- H. Copy of the sale agreement with detailed itemizations of all real property and business personal property components included in the sale.

v. Single Family Homes/Condos

- A. No additional information needed, recorded deed is sufficient

c. Timing: within 60 days of a change to the fee owner of the property **[or include applicable timeline from Assessor.]**

SCHEDULE 22.1 HAZARDOUS MATERIALS INDEMNIFICATION

22.1(b) Hazardous Materials Indemnification.

(i) In addition to its obligations under Section 22.1(a) and subject to Section 22.1(c), Vertical Developer, for itself and on behalf of its Agents, agrees to Indemnify the City Parties and the State Lands Indemnified Parties from any and all Losses and Hazardous Materials Claims that arise as a result of any of the following:

- (1) any Hazardous Material Condition existing or occurring during the Term;
- (2) any Handling or Release of Hazardous Materials in, on, under, or around the Property during the Term;
- (3) without limiting Vertical Developer's Indemnification obligations in this Section 22.1(b), any Handling or Release of Hazardous Materials by Vertical Developer or its Agents in, on, under, or around the Property to perform the PKN Horizontal Improvements ("PKN Improvement Area") at any time prior to acceptance of such PKN Horizontal Improvements; or
- (4) without limiting Vertical Developer's Indemnification obligations in Section 22.1(b)(i) (2) or 22.1(b)(i) (3), any Handling or Release of Hazardous Materials by Vertical Developer or its Agents outside of the Property, but in, on, under, or around other Port property, or City property that is adjacent to the Property but only if such Losses or Hazardous Material Claims arise directly or indirectly out of Vertical Developer's or its Agents' acts, omissions or negligence ; or
- (5) any Exacerbation of any Hazardous Material Condition; or
- (6) failure by Vertical Developer or any of its Agents or Invitees, or tenants, renters or condo owners or their respective Invitees (collectively, "Related Third Parties") to comply with the Pier 70 Risk Management Plan; or
- (7) claims by Vertical Developer or any Related Third Party for exposure from and after the Closing Date to Hazardous Materials in, on, under, or around the Property.

Without limiting Vertical Developer's Indemnity obligations with respect to the Property or the PKN Improvement Area, Port agrees that Vertical Developer's Indemnity for Claims relating to "other Port property" or "other City property" as set forth above in Subsection 22.1(b)(4) applies only if such Claims arise directly or indirectly out of Vertical Developer's, Related Third Party's, or Invitee's acts, omissions or negligence.

(ii) "Losses" under Section 22.1(b) includes: (i) actual costs incurred in connection with any Investigation or Remediation required by any Environmental Regulatory Agency and to restore the affected area to its condition before the Release; (ii) sums actually paid in settlement of Claims, Hazardous Materials Claims, Environmental Regulatory Actions, including fines and penalties; (iii) actual natural resource damages; and (iv) Attorneys' Fees and Costs. If Port actually incurs any Losses, Vertical Developer must reimburse Port for Port's Losses, plus interest at the Interest Rate from the date Port delivers a payment demand and reasonable supporting evidence of such Loss to Vertical Developer until paid; such reimbursement will be made within fifteen (15) business days after receipt of Port's payment demand and reasonable supporting evidence.

(iii) Vertical Developer understands and agrees that its Indemnification obligations to the City Parties and the State Lands Indemnified Parties under this Section 22.1(b), subject to Section 22.1(c), arises upon the earlier to occur of:

- (1) discovery by Vertical Developer or its Agents of any such Hazardous Materials in, on, under, or around the Property and the PKN Improvement Area;

- (2) the Handling or Release of Hazardous Materials in, on, under, or around the Property and the PKN Improvement Area;
- (3) the Exacerbation of any Hazardous Material Condition, or
- (4) the institution of any Hazardous Materials Claim with respect to such Hazardous Materials, and not upon the realization of Losses.

22.1(c) Exclusions from Indemnifications, Waivers and Releases.

(i) Nothing in this Schedule 22.1(b) relieves the City Parties or the State Lands Indemnified Parties from liability, nor will the Indemnification obligations of Vertical Developer set forth in Sections 17.2 and 22 of the VDDA extend to Losses:

- (1) to the extent caused by the gross negligence or willful misconduct of the City Parties; or
- (2) for third parties' claims for exposure to Hazardous Materials from the Property prior to the Closing Date; or
- (3) without limiting Vertical Developer's Indemnification obligations under Sections 22.1(b)(i)(3), 22.1(b)(i)(4), 22.1(b)(i)(6), or 22.1(b)(i)(7) of this Schedule 22.1, and to the extent the applicable Loss was not caused by the failure of Vertical Developer or any of its Agents or Invitees, or Related Third Parties to comply with the Pier 70 Risk Management Plan, claims from third parties (who are not Related Third Parties) arising from exposure to Pre-Existing Hazardous Materials on, about or under the PKN Improvement Area after the Acceptance Date for the PKN Improvement Area; provided, however, the foregoing limitation on Vertical Developer's Indemnification obligations does not extend to claims arising from the Handling, Release or Exacerbation of Pre-Existing Hazardous Materials by the acts or omissions of Vertical Developer, its Agents;
- (4) for the Release of Hazardous Materials in, on, under, or around the Property by third-parties who are not related in any manner to Vertical Developer (i.e. not Related Third Parties), unless such Release is directly or indirectly due to Vertical Developer's acts, omission, or negligence,.

(ii) If it is reasonable for a City Party or a State Lands Indemnified Party to assert that a claim for Indemnification under this Section 22.1(c) is subject to coverage by a pollution liability insurance policy, pursuant to which such City Party or State Lands Indemnified Party is an insured party or a potential claimant, then Port will reasonably cooperate with Vertical Developer in asserting a claim or claims under such insurance policy but without waiving any of its rights under this Section 22.1(c). Notwithstanding the foregoing, if an Indemnified Party or State Lands Indemnified Party is a named insured on a pollution liability insurance policy obtained by Vertical Developer, the Indemnification obligations of Vertical Developer hereunder will not be effective unless such Indemnified Party or State Lands Indemnified Party has asserted and diligently pursued a claim for insurance under such policy and until any limits from the policy are exhausted, on condition that (i) Vertical Developer pays any self-insured retention amount required under the policy, and (ii) nothing in this sentence requires any Indemnified Party or State Lands Indemnified Party to pursue a claim for insurance through litigation prior to seeking indemnification from Vertical Developer.

22.1(d) Additional Definitions.

"Environmental Laws" means all present and future federal, State and local Laws, statutes, rules, regulations, ordinances, standards, directives, and conditions of approval, all administrative or judicial orders or decrees and all permits, licenses, approvals or other entitlements, or rules of common law pertaining to Hazardous Materials (including the Handling, Release, or Remediation thereof), industrial hygiene or environmental conditions in the environment, including structures, soil, air, air quality, water, water quality and

groundwater conditions, any environmental mitigation measure adopted under Environmental Laws affecting any portion of the Property, the protection of the environment, natural resources, wildlife, human health or safety, or employee safety or community right-to-know requirements related to the work being performed under this Agreement. **"Environmental Laws"** include the City's Pesticide Ordinance (Chapter 39 of the San Francisco Administrative Code), Section 20 of the San Francisco Public Works Code (Analyzing Soils for Hazardous Waste), the FOG Ordinance, the Pier 70 Risk Management Plan and that certain Covenant and Environmental Restrictions on Property made as of August 11, 2016, by the City, acting by and through Port, for the benefit of the California Regional Water Quality Control Board for the San Francisco Bay Region and recorded in the Official Records as document number 2016-K308328-00.

"Environmental Regulatory Action" when used with respect to Hazardous Materials means any inquiry, investigation, enforcement, Remediation, agreement, order, consent decree, compromise, or other action that is threatened in writing, instituted, filed, or completed by an Environmental Regulatory Agency in relation to a Release of Hazardous Materials, including both administrative and judicial proceedings.

"Environmental Regulatory Agency" means the United States Environmental Protection Agency, OSHA, any California Environmental Protection Agency board, department, or office, including the Department of Toxic Substances Control and the RWQCB, Cal-OSHA, the BAAQMD, the SFDPH, the San Francisco Fire Department, the SFPUC, Port, or any other Regulatory Agency now or later authorized to regulate Hazardous Materials.

"Exacerbate" or "Exacerbating" when used with respect to Hazardous Materials means any act or omission that increases the quantity or concentration or potential for human exposure of Hazardous Materials in the affected area, causes the increased migration of a plume of Hazardous Materials in soil, groundwater, or bay water, causes a Release of Hazardous Materials that had been contained until the act or omission, or otherwise requires Investigation or Remediation that would not have been required but for the act or omission, it being understood that the mere discovery of Hazardous Materials does not cause "Exacerbation". "Exacerbate" also includes the disturbance, removal or generation of Hazardous Materials in the course of Vertical Developer's operations, Investigations, maintenance, repair, construction of PKN Project under this Agreement. "Exacerbate" also means failure to comply with the Pier 70 Risk Management Plan. "Exacerbation" has a correlative meaning.

"Handle" when used with reference to Hazardous Materials means to use, generate, move, handle, manufacture, process, produce, package, treat, transport, store, emit, discharge or dispose of any Hazardous Material. "Handling" has a correlative meaning.

"Hazardous Material Claim" means any Environmental Regulatory Action or any claim made or threatened in writing by any third party against the City Parties or the Property relating to damage, contribution, cost recovery compensation, loss or injury resulting from the Release or Exacerbation of any Hazardous Materials, including Losses based in common law. Hazardous Materials Claims include Investigation and Remediation costs, fines, natural resource damages, damages for decrease in value of the Property or other Port property, the loss or restriction of the use or any amenity of the Property or other Port property, Attorneys' Fees and Costs and fees and costs of consultants and experts.

"Hazardous Material Condition" means the Release or Exacerbation, or threatened Release or Exacerbation of Hazardous Materials in, on, under, or around the Property or the environment, or from any vehicles Vertical Developer, its tenants, subtenants, or its Agents and Invitees use in, on, under, or about the Property.

"Investigate" or "Investigation" when used with reference to Hazardous Material means any activity undertaken to determine the nature and extent of Hazardous Material that

may be located in, on, under, or around all or any portion of the Property, any PKN Project or any portion of the site or the PKN Project or which have been, are being, or threaten to be Released into the environment. Investigation will include preparation of site history reports and sampling and analysis of environmental conditions in, on, under, or around the Property or the PKN Project.

"Invitee" means a person's clients, customers, invitees, patrons, guests, members, licensees, permittees, concessionaires, vendors, suppliers, assignees, tenants and subtenants, any other person whose rights arise through them, and members of the general public present on any property under the person's possession and control.

"Pier 70 Risk Management Plan" means the Pier 70 Risk Management Plan, Pier 70 Master Plan Area, prepared for the Port of San Francisco by Treadwell & Rolo and dated July 25, 2013, and approved by the RWQCB on January 24, 2014, including any amendments and revisions thereto that have been or will be approved by the RWQCB, and as interpreted by Regulatory Agencies with jurisdiction.

"Pre-Existing Hazardous Material" means a Hazardous Material in, on, under or around any portion of the Property that existed before Vertical Developer took possession of the Property.

"Release" means when used with respect to Hazardous Materials, any accidental, actual, imminent, or intentional spilling, introduction, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the air, soil, gas, land, surface water, groundwater or environment (including the abandonment or discarding of barrels, containers, and other closed receptacles containing any Hazardous Material).

"Remediate" or "Remediation" when used with reference to Hazardous Materials means any activities undertaken to clean up, abate, remove, transport, dispose, contain, treat, stabilize, monitor, remediate, or otherwise control Hazardous Materials located in, on, under or around the Property or which have been, are being, or threaten to be Released into the environment or to restore the affected area to the standard required by the applicable Environmental Regulatory Agency in accordance with applicable Environmental Laws and any additional Port requirements. Remediation includes, without limitation, those actions included within the definition of "remedy" or "remedial action" in California Health and Safety Code Section 25322 and "remove" or "removal" in California Health and Safety Code Section 25323.

"State Lands Indemnified Parties" means the State of California, the California State Lands Commission, all of its heirs, legal representatives, successors and assigns, and all other Persons acting on its behalf.

SCHEDULE 20
FINANCING PROVISIONS

1.1. Mortgages.

(1) **Right to Grant Mortgages.** Port acknowledges that Vertical Developer may from time to time grant a mortgage, deed of trust, pledge or other security instrument encumbering Vertical Developer's direct or indirect interest in the Property or any direct or indirect membership interest in Vertical Developer (each a "Mortgage"). The beneficiary of any such Mortgage, including, without limitation, any mezzanine lender, is referred to herein as a "Lender". Any Lender having a security interest in the Property or any direct or indirect interest in Vertical Developer shall have the rights set forth in this *Schedule 20*.

(b) **Mortgages Subject to this Agreement.** With the exception of the rights expressly granted to Lenders in this *Schedule 20*, the execution and delivery of a Mortgage will not give or be deemed to give a Lender any greater rights than those granted to Vertical Developer hereunder.

(c) **Transfer by Lenders.** A Lender may transfer or assign all or any part of or interest in any Mortgage without the consent of or notice to any Party; provided, however, that Port will have no obligations under this Agreement to a Lender unless Port is notified of such transfer or assignment. Furthermore, Port's receipt of notice of a Lender following Port's delivery of a notice or demand to Vertical Developer or to one or more Lenders under *Section 1.4 of this Schedule 20* (Lender's Obligations with Respect to the Property) will not result in an extension of any of the time periods in this *Schedule 20* including the cure periods specified in *Section 1.5 of this Schedule 20* (Provisions of Any Mortgage).

1.2. Copy of Notice of Default to Lender.

(a) **Copy to Lender.** Whenever Port delivers any notice or demand to Vertical Developer for any breach or default by Vertical Developer in its obligations or covenants under this Agreement, Port will at the same time forward a copy of such notice or demand to each Lender that has previously made a written request to Port for a copy of any such notices in accordance with *Section 1.2(b) of this Schedule 20* (Notice from Lender to Port). A delay or failure by Port to provide such notice or demand to any Lender that has previously made a written request therefor will extend, by the number of days until notice is given, the time allowed to such Lender to cure.

(b) **Notice From Lender to Port.** Each Lender is entitled to receive notices in accordance with *Section 1.2(a) of this Schedule 20* (Copy to Lender) provided such Lender has delivered a notice to Port in substantially the following form:

"The undersigned does hereby certify that it is a Lender, as such term is defined in that certain Vertical Disposition and Development Agreement entered into by and between the City and County of San Francisco, operating by and through the San Francisco Port Commission ("Port") and [insert name of Vertical Developer], as Vertical Developer (the "VDDA"), of Vertical Developer's interest in the property subject to the VDDA, a legal description of which is attached hereto as Exhibit A and made a

part hereof by this reference. The undersigned hereby requests that copies of any and all notices from time to time given under the VDDA to Vertical Developer by Port be sent to the undersigned at the following address: _____.”

If Lender desires to have Port acknowledge receipt of Lender’s name and address delivered to Port pursuant to this **Section 1.2(b)**, then such request must be made in bold, underlined and in capitalized letters.

1.3. Lender’s Option to Cure Defaults.

(1) Before or after receiving any notice of failure to cure referred to in **Section 1.2 of this Schedule 20** (Copy of Notice of Default to Lender), each Lender will have the right (but not the obligation), at its option, to commence to cure or cause to be cured any Vertical Developer Default, within the same period afforded to Vertical Developer hereunder plus an additional period of (i) thirty (30) days with respect to a monetary Vertical Developer Default and (ii) sixty(60) days with respect to a non-monetary Vertical Developer Default that is susceptible of cure by such Lender without obtaining title to the applicable property subject to the applicable Mortgage or acquiring the ownership interests in Vertical Developer, as applicable; provided that if a non-monetary Vertical Developer Default is of such nature that it cannot reasonably be remedied within the time period provided and requires more than 60-days to cure, then so long as Lender has commenced a cure within such 60-day period the time period for cure will be extended during such time as Lender diligently and continuously pursues such cure, provided such period shall not, except in the case of Force Majeure, exceed 120 consecutive calendar days.

(2) If a non-monetary Vertical Developer Default cannot be cured by Lender without obtaining title to the Property, or applicable portion thereof, Port will refrain from exercising its right to terminate this Agreement and will permit the cure by a Lender of such Vertical Developer Default if, within the cure period set forth in **Section 1.3(a) of this Schedule 20**: (i) such Lender notifies Port in writing that such Lender intends to proceed with due diligence to foreclose the Mortgage or otherwise obtain title to the subject property or ownership interests, as applicable; (ii) such Lender commences foreclosure proceedings whether by non-judicial foreclosure, judicial foreclosure, by appointment of a receiver, or deed (or assignment) in lieu of foreclosure, within sixty (60) days after giving such notice, and diligently pursues such proceedings to completion; and (iii) after obtaining title, such Lender, subject to **Section 1.4 of this Schedule 20** (Lender’s Obligations with Respect to the Property), diligently proceeds to cure those Vertical Developer Defaults that are susceptible of cure by such Lender. The period from the date Lender so notifies Port until a Lender acquires title to applicable property subject to the applicable Mortgage or some other party acquires such interest through foreclosure is herein called the “**Foreclosure Period**.” During the Foreclosure Period, the Schedule of Performance set forth in Section 15.10 of the Agreement will be suspended.

(b) Nothing in this **Schedule 20** will preclude Port from exercising any rights or remedies under this Agreement against Vertical Developer (other than a termination of this Agreement) with respect to any other Vertical Developer Defaults during the Foreclosure Period.

(c) Notwithstanding the foregoing, no Lender will be required to cure any non-monetary Vertical Developer Default that is specific or personal to Vertical Developer which cannot be cured by Lender (by way of example and not limitation, Vertical Developer bankruptcy, or the failure to submit required information in the possession of Vertical Developer). Lender’s acquisition of title to applicable property subject to the applicable Mortgage, or the completion of a foreclosure (or assignment in lieu thereof), as applicable, will be deemed to be a cure of such Vertical Developer Defaults specific or personal to Vertical

Developer. The foregoing will not excuse a Lender's failure to cure any continuing default that is curable by Lender.

(d) If a Lender is prohibited by any law, injunction, or any bankruptcy, insolvency or other judicial proceeding from commencing or prosecuting a foreclosure action, then the times specified for commencing or prosecuting such foreclosure action, as applicable, will be extended by each day of such prohibition.

1.4. Lender's Obligations with Respect to the Property.

(a) **Rights and Obligations upon Lender Acquisition.** Except as set forth in this *Schedule 20*, no Lender will have any obligations or other liabilities under this Agreement unless and until it acquires title by any method to applicable property subject to the applicable Mortgage (referred to as "Foreclosed Property"). Except as otherwise provided herein (including, without limitation, *Sections 1.4(b)–(d) of this Schedule 20*, a Lender (or its designee, successor or assign) or other winning bidder at a foreclosure sale (collectively, a "Successor Owner") that acquires title to any Foreclosed Property (a "Lender Acquisition") will take title subject to all of the terms and conditions of this Agreement to the extent applicable to the Foreclosed Property. Upon completion of a Lender Acquisition, Port will recognize the Successor Owner as Vertical Developer under this Agreement. Such recognition will be effective and self-operative without the execution of any further instruments; provided, upon request, at no cost to Port, Port will execute a written agreement recognizing Successor Owner. A Successor Owner, upon a Lender Acquisition, will be required promptly to cure all monetary defaults and all other ongoing defaults then reasonably susceptible of being cured by such Successor Owner to the extent not cured prior to completion of the Lender Acquisition.

(b) **Obligations of Lender Prior to Lender Acquisition.** Prior to a Lender Acquisition, Port will have no right to enforce any obligation under this Agreement against any Lender unless such Lender expressly assumes and agrees to be bound by this Agreement in a form reasonably approved in writing by Lender and Port, which form will be consistent with the terms of this Agreement (for the avoidance of doubt, the foregoing will not limit Port's rights and remedies against Vertical Developer notwithstanding any interest Lender may have in Vertical Developer or any right against any successor owner of the Property for a continuing default, as set forth in and subject to the limitations of this *Schedule 20*). However, Lender agrees to comply during a Foreclosure Period with the payment of any Transfer Fees due Port pursuant to Section 14.3 of the VDDA or any Taxes due and payable by Vertical Developer or assessed against the Property.

(c) **Obligation to Construct PKN Horizontal Improvements.** Subject to *Sections 1.4(d)* (Obligation to Sell If Not Construct PKN Horizontal Improvements) and *1.4(e)* (Lender Agreement to Construct PKN Horizontal Improvements) *of this Schedule 20*, any Lender who obtains title to Foreclosed Property through a Lender Acquisition or any other Successor Owner (other than such Lender) will be obligated to Construct the PKN Horizontal Improvements in accordance with this Agreement.

(d) **Obligation to Sell If Not Construct PKN Horizontal Improvements.** In the event that Lender acquires the Foreclosed Property through a Lender Acquisition and Lender chooses not to cause the Construction of PKN Horizontal Improvements, it will notify Port in writing of its election within one hundred twenty (120) days following the Lender Acquisition or promptly after Lender makes such election, and will thereafter use good faith

efforts to sell its interest with reasonable diligence to a purchaser that will be obligated to cause the Construction of PKN Horizontal Improvements to occur in accordance with this Agreement, but in any event Lender will use good faith efforts to cause such sale to occur within nine (9) months following Lender's written notice to Port of its election (the "Sale Period").

(e) **Lender Agreement to Construct PKN Horizontal Improvements.** If Lender fails to sell its interest in the Property within the Sale Period, such failure will not constitute a default hereunder but Lender will be obligated to cause the Construction of PKN Horizontal Improvements to the extent this Agreement obligates Vertical Developer to do so. In the event Lender agrees, or is deemed to have agreed, to cause the Construction of PKN Horizontal Improvements, (i) all such work will be performed in accordance with all the requirements set forth in this Agreement, (ii) Lender shall engage a qualified construction manager with at least ten (10) years' experience managing construction projects of a similar nature, and (iii) Lender shall confirm to Port in writing that its construction manager satisfies the foregoing requirement.

1.5. Provisions of Any Mortgage. Each Mortgage must provide that Lender will during the term of this Agreement, (i) promptly provide Port by registered or certified mail a copy of any notice delivered by Lender to Vertical Developer of a borrower event of default (*i.e.*, following the expiration of all notice and cure periods) under the Mortgage, and (ii) give Port prior notice before Lender initiates any Mortgage foreclosure action with respect to the Property or the Project.

1.6. No Impairment of Mortgage. No default by Vertical Developer under this Agreement will invalidate or defeat the lien of any Lender. Neither a breach of any obligation in a Mortgage, nor a foreclosure under any Mortgage will defeat, diminish, render invalid or unenforceable or otherwise impair Vertical Developer's rights or obligations under this Agreement or constitute, by itself, a default under this Agreement.

1.7. Multiple Mortgages.

(a) If at any time there is more than one Mortgage constituting a lien on a single portion of the Property or any interest therein, the lien of Lender prior in time to all others (the "Senior Lender") will be vested with the rights under **Sections 1.3** (Lender's Option to Cure Defaults), **1.13** (Consent of Lender), and **1.4** (Cooperation) **of this Schedule 20** to the exclusion of the holder of any other Mortgage except if the Senior Lender fails to exercise the rights set forth in **Section 1.3** (Lender's Option to Cure Defaults), then the holder of a junior Mortgage that has provided notice to Port in accordance with **Section 1.2** (Copy of Notice of Default to Lender) will succeed to the rights set forth in **Section 1.3** (Lender's Option to Cure Defaults), only if the holders of all Mortgages senior to it have failed to exercise the rights set forth in **Section 1.3** (Lender's Option to Cure Defaults).

(b) A Senior Lender's failure to exercise its rights under **Section 1.3** (Lender's Option to Cure Defaults), **Section 1.13** (Consent of Lender) or **Section 1.14** (Cooperation) **of this Schedule 20** as applicable, or any delay in the response of any Lender to any notice by Port will not extend (i) any cure period or (ii) Vertical Developer's or any Lender's rights under this **Schedule 20**. For purposes of this **Section 1.7**, in the absence of an order of a court of competent jurisdiction that is served on Port, a title report prepared by a reputable title company licensed to do business in the State of California and having an office in the City, setting forth the order of

priorities of the liens of Mortgages on real property, may be relied upon by Port as conclusive evidence of priority.

1.8. Cured Defaults. Port will accept performance by a Lender with the same force and effect as it performed by Vertical Developer. No such performance on behalf of Vertical Developer in and of itself will cause Lender to become a "mortgagee in possession" or otherwise cause it to be bound by or liable under this Agreement.

1.9. Limitation on Liability of Lender. Notwithstanding anything herein to the contrary, no Lender will become liable under the provisions of this Agreement unless and until such time as it becomes the owner of some or any portion of the Property and then only for so long as it remains the owner of such fee interest and only with respect to the obligations arising during such period of ownership.

If a Lender becomes the owner of the Property, (i) except as set forth in *Sections 1.4(c)* (Obligation to Construct PKN Horizontal Improvements) and *1.4(d)* (Obligation to Sell if Not Construct PKN Horizontal Improvements) *of this Schedule 20*, such Lender will be liable to Port for the obligations of Vertical Developer hereunder only to the extent such obligations arise during the period that such Lender remains the owner of the Property, and (ii) in no event will Lender have personal liability under this Agreement, as applicable, greater than Lender's interest in the Property, and Port will have no recourse against Lender's assets other than its interest herein or therein.

1.10. Intentionally Omitted.

1.11. Nominee. Any rights of a Lender under this *Schedule 20* (Financing Provisions), may be exercised by or through its nominee or designee (other than Vertical Developer) which is an Affiliate of Lender; provided, however, no Lender will acquire title to the Property through a nominee or designee which is not a Person otherwise permitted to become Vertical Developer hereunder; provided, further that a Lender may acquire title to the Property through a wholly owned (directly or indirectly) subsidiary of Lender.

1.12. Intentionally Omitted.

1.13. Consent of Lender. Port will not (i) modify this Agreement in a manner that amends any provision of this *Schedule 20* or otherwise amends the terms of this Agreement in a manner that creates a material adverse effect upon Senior Lender, or (ii) terminate or cancel this Agreement without Senior Lender's prior written consent, which consent will not be unreasonably withheld, conditioned or delayed. Any such modification, termination or cancellation of this Agreement without Senior Lender's consent will be effective against Senior Lender.

1.14. Cooperation. Port, through its Executive Director, and Vertical Developer will cooperate in including in this Agreement by suitable written amendment or agreement from time to time any provision which may be reasonably requested by the Senior Lender and customarily included in such amendment or agreement to implement the provisions and intent of this *Schedule 20* provided, however, that any such amendment or agreement will not adversely affect in any material respect any of Port's rights and remedies under this Agreement.

1.15. *Reliance.*

The provisions of this *Schedule 20* are for the benefit of the Lender and may be relied upon and shall be enforceable by the Lender.

1.16. *Priority of Lender Protections.*

In the event of a conflict between a provision in this *Schedule 20*, on the one hand, and any other provision of this Agreement, on the other hand, the provision set forth in this *Schedule 20* will control.

1.17. ***Insurance.*** A standard mortgagee clause naming Lender as an insured may be added to any and all insurance policies required to be carried by Vertical Developer under the Agreement on condition that the insurance proceeds are to be applied in the manner specified in the Agreement and the Lender shall so provide; except that the Lender may provide a manner for the disposition of such proceeds, if any, otherwise payable directly to Vertical Developer pursuant to the provisions of the Agreement.

1.18. ***Estoppel Certificates.*** At reasonable intervals, (a) Lender shall have the right to obtain estoppel certificates from Port stating whether the Agreement is in full force and effect, whether Vertical Developer is in default under any of the terms, covenants or conditions contained in the Agreement, and such other statements reasonably acceptable to Port and Lender, and (b) Port shall have the right to request estoppel certificates from Lender stating whether the Mortgage and related loan documents (collectively, the “**Loan Documents**”), if any, is in full force and effect, whether Vertical Developer is in default under any of the terms, covenants or conditions contained in the Loan Documents, and such other statements reasonably acceptable to Port and Lender.

SCHEDULE 14.3
In-Lieu Transfer Payment

Per Section 14.3, if the Vertical Developer has elected to operate the Vertical Project as a residential rental project, Vertical Developer shall make an In-Lieu Transfer Payment each year in which any residential Condominium Unit remains unsold following the expiration of the Unencumbered 10 Year Period, with is a period of 10 years from issuance of the first certificate of occupancy for the Vertical Project, as follows:

Beginning on the anniversary of the expiration date of the Unencumbered 10 Year Period, , Vertical Developer shall pay an In-Lieu Transfer Payment equal to the ratio of unsold residential Condominium Units to the total number of residential Condominium Units per the Final Subdivision Map, times the In-Lieu Transfer Payment for the applicable Year in the table below, with amounts for cross-over calendar years prorated based on the date of issuance of the first certificate of occupancy. Vertical Developer shall continue to pay an In-Lieu Transfer Payment on each anniversary date thereafter until the year in which all units have been sold. Each In-Lieu Transfer Payment shall be paid no later than 30 days after each TCO anniversary at which a payment is due.

EXAMPLE #1: Assume first certificate of occupancy is January 1, 2024, and the Final Subdivision Map provided that the Vertical Project has 250 residential Condominium Units. The 10th anniversary will be January 1, 2034. Assume at the end of the 10th year, January 1, 2035, there are 100 unsold units, equal to 40% of total units ($100/250 = .4$). The In-Lieu Transfer Payment will be 40% of $\$722,472 = \$288,989$.

EXAMPLE #2: Assume first certificate of occupancy is September 1, 2025, and the Final Subdivision Map provided that the Vertical Project has 260 residential Condominium Units. The 10th anniversary will be September 1, 2035. Assume at of the end of the 10th year, September 1, 2036, there are 156 unsold units, equal to 60% ($156/260 = .6$). The 60% will be applied to 4 months of 2035 (September through December) and 8 months of 2036 (January through August). The In-Lieu Transfer Payment will be 60% of $(\$744,146 \times 4/12) + (\$766,471 \times 8/12) = \$455,418$.

Treadwell & Rollo, 2012. Feasibility Study and Remedial Action Plan, Pier 70 Master Plan Area, San Francisco, California. May.

Treadwell & Rollo, 2013. Pier 70 Risk Management Plan, Pier 70 Master Plan Area, San Francisco, California. July.

SCHEDULE 3.1:
CFD AND ASSESSMENT MATTERS

All matters addressed in this Schedule relate to the following actions (the “**CFD Actions**”), all of which the City has undertaken or will undertake in accordance with the San Francisco Special Tax Financing Law (San Francisco Administration Code ch. 43, art. X), which incorporates the Mello-Roos Community Facilities Act of 1982 (Cal. Gov’t Code §§ 53311-53368) (collectively, the “**CFD Law**”), to be approved by the Board of Supervisors pursuant to a resolution (the “**Formation Resolution**”) to implement the Financing Plan¹ in the VDDA between the Vertical Developer and the Port. Vertical Developer’s obligations as to the Special Tax District (defined below) as set forth in this Schedule, the VDDA and the Financing Plan shall be referred to herein as the “**CFD Provisions**”. Capitalized terms not otherwise defined herein shall have the meaning set forth in the VDDA. Unless specified otherwise, all statutory references in this Schedule are to the California Government Code.

1. Formation of a Special Tax District. The CFD Actions include the following:

- (a) formation of a special tax district designated as “*City and County of San Francisco Special Tax District No. 2018-2 (Pier 70 28-Acre Site/Condominiums)*” (the “**Special Tax District**”) that includes the Property within its boundaries, as “Tax Zone 1 of the Special Tax District”;
- (b) designation of property for potential future annexation to the Special Tax District (the “**Future Annexation Area**”);
- (c) approval of a rate and method of apportionment (the “**Rate and Method**”), a copy of which is attached to the Delegation of Authority to Vote, for the calculation and levy of the Facilities Special Tax and the Services Special Tax (as each term is defined in the Rate and Method) against the Property (collectively, the “**Special Taxes**”);
- (d) recordation of the “**Notice of Special Tax Lien**” against the real property in the Special Tax District in the Official Records of the City and County of San Francisco, pursuant to California Government Code Section 53328.3;
- (e) authorization to issue bonds secured by the Facilities Special Taxes (“**Bonds**”);
- (f) authorization to use Bond proceeds and Facilities Special Taxes to finance the construction, completion, and acquisition of improvements described in the Formation Resolution, including the PKN Horizontal Improvements (the “**CFD Improvements**”); and
- (g) authorization to levy and use Services Special Taxes in perpetuity to finance services described in the Formation Resolution such as capital maintenance and repair of the CFD Improvements (the “**Services**”).

2. Fee Interest Subject to CFD Provisions. The Vertical Developer acknowledges and agrees as follows.

- (a) Its fee interest in the Property will be subject to the levy of Special Taxes and the Vertical Developer will not have any right to amend the CFD Provisions without the consent of Port, in its sole discretion.
- (b) It is critical to each of the City, the Port, and Vertical Developer that the construction and completion of the CFD Improvements required to develop the Property be coordinated in all respects (including cost, timing, capacity, function, and type) with the

¹ Financing Plan is defined in the VDDA, no need to define it again here.

construction and completion of the CFD Improvements for other property in the Special Tax District.

(c) If the Property were excluded from the Special Tax District, or the Special Taxes to be levied on the Property were reduced or eliminated, coordination of CFD Improvements required to develop the Property with CFD Improvements for other property in the Special Tax District would be materially adversely affected.

3. Cooperation with CFD Matters. The Vertical Developer agrees to the following with respect to the Special Tax District, the levy of the Special Taxes, and the issuance of any Bonds, at the Vertical Developer's sole expense.

(a) The Vertical Developer will:

(i) enter into that certain "Agreement to Comply with CFD Matters" in the form attached hereto as *Attachment 1* which agreement shall be recorded against title to the Property;

(ii) if determined necessary by the City, and at the request of the City, cooperate with the City if the City decides to enter into a joint community facilities agreement or any other agreement necessary to finance CFD Improvements and Services (collectively, the "JCFA") that will be owned or operated by government agencies other than the City or its agencies; and

(iii) delegate its authority to vote in any election or action to form the Special Tax District, which delegation shall be in the form attached hereto as *Attachment 2* ("Delegation of Authority to Vote").

(b) The Vertical Developer will not, at any time or in any manner, contest, protest, or otherwise challenge any of the following:

(i) the formation of the Special Tax District, provided it conforms with the Delegation of Authority to Vote;

(ii) the designation of the Future Annexation Area;

(iii) the authorization, levy, or amount of the Special Taxes on the Property, provided the Special Taxes are levied in compliance with the Rate and Method in the form attached to the Formation Resolution, and further provided that the Rate and Method in the form attached to the Formation Resolution is not modified from the form attached to the Delegation of Authority to Vote in any manner that would (x) increase the amount of the special taxes that may be levied on the Property, or any portion thereof, or (y) accelerate the timing of the levy of the special taxes on the Property, or (z) materially increase the apportionment of the special taxes to the Property relative to the other properties in the Special Tax District;

(iv) the authorization to issue the Bonds;

(v) the CFD Improvements and Services to be financed by the Special Tax District; and

(vi) the establishment of an appropriations limit for the Special Tax District.

(c) If required for the Special Tax District to levy Special Taxes or issue Bonds, the Vertical Developer will acknowledge that the Property is subject to the lien of the Special Tax District and the levy of Special Taxes and that the Special Tax District is authorized to issue Bonds.

(d) The Vertical Developer will not bring any action, suit, or proceeding against the Special Tax District or the City; provided, however, that after exhausting its appeal rights under the Rate and Method, the Vertical Developer may bring an action, suit, or

proceeding against the Special Tax District or the City if it relates solely to an allegation that the Special Taxes have not been levied in accordance with the Rate and Method.

(e) The Vertical Developer will not take any action that would in any way interfere with the operation of the Special Tax District or decisions made or actions taken with respect to the Special Tax District's formation or the issuance of Bonds, including when Special Taxes are first levied, the amount of Special Taxes, the apportionment of Special Taxes, and the use of the Special Taxes collected by the Special Tax District provided such actions taken with respect to the Special Tax District's formation and the Rate and Method conforms with the Delegation of Authority to Vote.

4. The following definitions apply to this Schedule.

(a) "**Actual Knowledge**" means the knowledge that the person signing this VDDA has on the date of execution of this VDDA or has obtained from:

(i) interviews with current officers and responsible employees of the Vertical Developer and its Affiliates that the person has determined are likely, in the ordinary course of their respective duties, to have knowledge of the matters set forth in this VDDA;

(ii) a review of documents that the person determined were reasonably necessary to obtain knowledge of the matters set forth in this VDDA; or

(iii) both, in any case without conducting any extraordinary inspection or inquiry except as prudent and customary in connection with the ordinary course of the Vertical Developer's current business and operations or contacting individuals who are no longer employees of the Vertical Developer or its Affiliates.

(b) "**Affiliate**" has the meaning set forth in the VDDA and for purposes of this Schedule 3.1, shall only include an Affiliate about whom information could be material to potential investors deciding whether to invest in future Bonds.

(c) "**Related Property**" means any real property interest owned or held by the Vertical Developer or any of its Affiliates within California.

5. Compliance. The Vertical Developer represents and warrants as of the Effective Date as follows:

(a) With respect to Related Property located within the boundaries of a development project in California, except as set forth in Attachment 3, to Vertical Developer's Actual Knowledge, neither Vertical Developer nor Vertical Developer's Affiliates within the last five years have:

(i) intentionally failed to pay when due any property taxes, special taxes, or assessments levied or assessed against the Related Property; or

(ii) owned any interest in Related Property in California that became either tax deeded to a governmental agency or the subject of foreclosure proceedings for failure to pay property taxes, special taxes, or assessments levied or assessed against the Related Property.

(b) Except as set forth in *Attachment 3*, neither the Vertical Developer nor its Affiliates have failed to comply in the last five years with its obligations under any continuing disclosure agreement entered into in connection with the issuance of bonds of a community facilities or assessment district relating to Related Property in California.

The Vertical Developer hereby agrees that if its representations and warranties as to the Vertical Developer in this Section 5 are discovered to be untrue after the Effective Date of this Financing Plan, the Port may, in its discretion, elect to terminate this VDDA. The Vertical Developer further hereby agrees that if its representations as to Vertical Developer's Affiliates are discovered to be untrue after the Effective Date of this VDDA, the Port may elect to

terminate this VDDA if it concludes, in its sole discretion, that the actual facts could adversely affect the willingness of potential investors to invest in future Bonds.

6. Acknowledgment of the Rate and Method. A draft of the Rate and Method has been provided to the Vertical Developer prior to the Effective Date of this VDDA and is attached to the Delegation of Authority to Vote. The Vertical Developer has read and, if deemed necessary, consulted with counsel, regarding the provisions of the Rate and Method. The provisions of the Rate and Method with respect to the timing, amount and apportionment of the Special Taxes applicable to Tax Zone 1 shall not be changed without the written consent of the Vertical Developer. The Vertical Developer shall be provided fifteen (15) days to review and comment on all subsequent revisions to the Rate and Method.

7. Issuance of Bonds. This Section will apply to the Special Tax District's issuance of Bonds at any time during which the Vertical Developer owns real property within Tax Zone 1 of the Special Tax District.

(a) The Vertical Developer will (A) disclose to each secured lender that provides funds for the Vertical Developer's development of the Property, and (B) exercise its commercially reasonable efforts to provide, at the request of the City or any Financing Participant (as defined in subsection (c) below), certificates or other documents executed by each such lender signifying the lender's acknowledgment of:

- (i) the imposition of the Special Taxes on the Property;
- (ii) the issuance of Bonds; and
- (iii) the Special Tax District's foreclosure rights if the Vertical

Developer is delinquent in the payment of Special Taxes.

(b) The Vertical Developer acknowledges that Bonds may be issued in one or more series over time, that the issuance of each series of Bonds may require information and documents to be provided by the Vertical Developer, and that the timely provision of that information and documents for each series of Bonds is critical for the Horizontal Developer and the Port to achieve their respective financial goals. The Vertical Developer's obligations will arise with the issuance of each series of Bonds and continue as provided in any related continuing disclosure agreement executed by the Vertical Developer.

(c) The Vertical Developer will not interfere with or impede the issuance of any series of Bonds issued by or in connection with the Special Tax District and will, at the Vertical Developer's expense, provide information in connection with each series of Bonds as requested by any of the following (collectively, the "**Financing Participants**"):

- (i) the City, the Port, and any other JCFA Party, or any of their agents, including bond counsel and disclosure counsel;
- (ii) appraisers engaged to appraise the Property;
- (iii) market absorption consultants;
- (iv) underwriters and underwriters' counsel;
- (v) financial advisors associated with the Bonds or the Special Tax District; and
- (vi) persons providing credit enhancement for the Bonds or the Special Tax District.

(d) The Vertical Developer will provide, at Vertical Developer's expense, required information, which may include:

- (i) a description of the Vertical Developer's financing sources to develop the Property;

(ii) a description of the proposed development project on the Property and the general ownership structure of the Vertical Developer;

(iii) the status of development of the Property, including, if applicable, the rent roll (excluding any personal information related to residential tenants) and vacancy history;

(iv) any history of material special tax, assessment or real property tax delinquencies and defaults by the Vertical Developer and its Affiliates with respect to Related Property, including the information disclosed on *Attachment 3*, within the prior five (5) years;

(v) prior to the receipt of the final temporary certificate of occupancy for the Vertical Project, financial and operating information, including a development pro forma, with respect to the Vertical Developer and the Property;

(vi) certificates requested by the Financing Participants, which may include representations on:

(1) the due formation of the Vertical Developer;

(2) the due execution of documents executed by the Vertical Developer in connection with the Special Tax District or any Bonds;

(3) no material litigation or investigation by or against the Vertical Developer or its Affiliates that seeks to prohibit, restrain, or enjoin the development of the Property, or in which the Vertical Developer or its Affiliates may be adjudicated as bankrupt or discharged from any or all debts or obligations or granted an extension of time to pay or a reorganization or readjustment of its debts, or which, if determined adversely to the Vertical Developer or its Affiliates, could materially adversely affect the development of the Property and the payment of the Special Taxes; and

(4) the accuracy of the information provided by Vertical Developer or its Affiliates in connection with the issuance of any series of Bonds, including the information in all disclosure documents; and

(vii) opinions of counsel to the Vertical Developer reasonably requested by any of the Financing Participants, which may include any matter listed in clause (vi) of this Subsection and a 10b-5 negative assurance regarding any disclosure about the Vertical Developer and its Affiliates in the offering statement used to market the Bonds, which opinions may be limited to specific counsel's actual knowledge and qualified as is customary for such opinions.

(e) The City will decide on the amount and application of any capitalized interest in consultation with the Horizontal Developer, and the Vertical Developer will not contest the amount and application of capitalized interest.

(f) Vertical Developer shall not be required to provide any renewable letter of credit, cash, or other form of credit enhancement in connection with the issuance of the Bonds.

(g) The Vertical Developer will execute and perform under any commercially reasonable and customary continuing disclosure agreement that may be required by the underwriter of the Bonds.

(h) The Vertical Developer acknowledges that due to changes in customary practices or applicable law, the underwriter for any series of Bonds to which this Section 7 is applicable may require information from the Vertical Developer that is different from or in addition to that listed above, in which case the Vertical Developer, at its own cost and expense, will provide such information.

8. Cooperation to Amend the Special Tax District.

(a) The Vertical Developer acknowledges that the Port, the Horizontal Developer, or the City may request proceedings to amend the Special Tax District (“**Change Proceedings**”). **Subsection 8(b)** will apply so long as the changes contemplated by the Change Proceedings:

(i) do not increase the Special Tax rates to be levied on the Property above Special Tax rates for the Property, escalated to the date of calculation, under the Rate and Method;

(ii) do not change the Rate and Method so that the Vertical Developer is taxed sooner than under the current version of the Rate and Method; and

(iii) do not result in more favorable treatment of one or more other tenants or property owners in the Special Tax District compared to the treatment of the Vertical Developer and the Property.

(b) Subject to **Subsection 8(a)**, the Vertical Developer shall not contest, protest, or otherwise challenge Change Proceedings to the Special Tax District.

9. Annexation of Property to the Special Tax District.

(a) The Vertical Developer acknowledges that in accordance with the CFD Law:

(i) the City has designated certain property as a Future Annexation Area to the Special Tax District;

(ii) from time to time, parcels of the Future Annexation Area may be annexed to the Special Tax District by execution of a unanimous written consent of the owners of the parcels of Future Annexation Area to be annexed without a public hearing or election; and

(iii) the Horizontal Developer, City, and Port may also request annexation of additional property to the Special Tax District.

(b) The Vertical Developer will not:

(i) contest, protest, or otherwise challenge the annexation of any additional property to the Special Tax District as described in **Section 9(a)** above, or the imposition of the levy of Special Taxes on the annexed property; or

(ii) take any action that would in any way interfere with the operation of the Special Tax District or decisions made or actions taken by the Horizontal Developer or the owners of property (including the owners of the Future Annexation Area) with respect to the annexation of additional property to the Special Tax District.

10. Activity in Other Special Tax Districts. The Vertical Developer acknowledges that other parcels in the SUD are included in a separate special tax district formed by the City (the “**Other STD**”) and agrees not to:

(a) contest, protest, or otherwise challenge the formation, implementation, levy of special taxes in, or issuance of bonds by the Other STD, or the annexation of additional property to, or any Change Proceedings conducted with respect to, the Other STD; or

(b) take any other action that would in any way interfere with the operation of the Other STD or decisions made or actions taken by the City, the Port, and the Horizontal Developer with respect to the Other STD.

11. Shortfall Provisions.

(a) All capitalized terms used in this **Section 11** that are not otherwise defined herein shall have the meaning given such terms in the VDDA.

(b) The Vertical Developer agrees to refrain from initiating a Reassessment to reduce the Baseline Assessed Value or later Current Assessed Value of the Premises until the IFD Termination Date.

(c) If the Vertical Developer initiates a Reassessment on the Premises in violation of **Section 11(b)** above, then the following shall occur:

(i) Vertical Developer will pay the Port the Assessment Shortfall within 20 days after the Port delivers its payment demand. Amounts not paid when due will bear interest at the rate of 10%, compounded annually, until paid.

(ii) The obligation to pay the Assessment Shortfall will begin in the City Fiscal Year following the Reassessment and continue until the earlier to occur of the following dates: (A) the applicable IFD Termination Date; and (B) when the Assessment Shortfall is reduced to zero.

12. FC Acquisition Agreement.

The Vertical Developer acknowledges that the Vertical Developer is not and will not become either a party, a third-party beneficiary, or an assignee to the Financing Plan between the Horizontal Developer and the Port, as amended by that First Addendum to Financing Plan (as amended, the "**FC Financing Plan**"). The Vertical Developer further agrees not to contest, protest or otherwise challenge the rights or obligations of the Horizontal Developer or the Port under the FC Financing Plan unless such rights or obligations materially conflict with or impair the Vertical Developer's rights pursuant to the Financing Plan, as reasonably determined by Vertical Developer.

13. General Provisions.

(a) The Vertical Developer will pay prior to delinquency all Special Taxes levied on the Property while the Vertical Developer owns in the Property.

(b) The Vertical Developer will not petition, support, encourage, consent to, or implement any action seeking to reduce or repeal the levying of all or any part of the Special Taxes in the Special Tax District, except at the written request of the Port and the City.

(c) The Vertical Developer will disclose the requirements of this Schedule to any tenant of the entirety of the Property for a term of thirty five (35) or more years and require such tenant to enter into an agreement with the Vertical Developer and Port assuming the Vertical Developer's obligations under this Schedule. This paragraph will not apply to any rentals to apartment dwellers or tenants of less than all of the Property. If required, the Vertical Developer will comply with disclosures required by Section 53341.5.

(d) The Port is required to provide to the Vertical Developer a notice of special tax pursuant to Section 53341.5 regarding the Special Taxes in the Rate and Method (the "**Notice of Special Tax**"). The Notice of Special Tax is attached as **Attachment 4** and the Vertical Developer shall execute and return to the Port a copy of the Notice of Special Tax within three business days after executing this VDDA.

(e) The covenants and provisions contained in this Schedule remain in effect for the term of this VDDA.

DESIGNATION OF AUTHORIZED REPRESENTATIVE PURSUANT TO CALIFORNIA GOVERNMENT CODE SECTION 53326(b)

_____, 2018

Board of Supervisors
City and County of San Francisco
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102

RE: Formation of Special Tax District for Parcel K North

To Whom It May Concern:

The undersigned (the "Owner") is the owner of property identified as City and County of San Francisco Assessor's Parcel Number _____ (the "Property"). The Property is located within a proposed special tax district to be formed by the City and County of San Francisco (the "Proposed Pier 70 Condo CFD") and is subject to a Vertical Disposition and Development Agreement between the City and County of San Francisco, acting by and through the San Francisco Port Commission and the Owner (the "VDDA"). The Proposed Pier 70 Condo CFD will include properties within a 28-acre portion of Pier 70 that will be developed with residential condominiums. The Proposed Pier 70 Condo CFD does not yet have an official name, but for purposes of this designation, the Proposed Pier 70 Condo CFD shall be that special tax district which is sponsored by the City and County of San Francisco that includes the Property and is authorized to finance the [Michigan Street Improvements] as defined in the VDDA. The most recent draft of the rate and method of apportionment of special taxes of the Proposed Pier 70 Condo CFD (the "Rate and Method") is attached hereto as Attachment No. 1.

Pursuant to Section 53326(b) of the California Government Code, the Owner does hereby designate the Executive Director of the San Francisco Port Commission as its "authorized representative" in connection with the landowner election on the propositions to (i) form the Proposed Pier 70 Condo CFD, (ii) authorize the levy of special taxes in the Proposed Pier 70 Condo CFD, (iii) authorize the issuance of bonded indebtedness by the City and County of San Francisco for the Proposed Pier 70 Condo CFD, and (iv) establish an appropriations limit for the Proposed Pier 70 Condo CFD. The San Francisco Port Commission is the immediate past owner of the Property.

The true and exact signature of the authorized representative of the Owner is set forth below.

The foregoing authorization shall be effective at any time after the date hereof and shall be revocable by Owner prior to the landowner election only if the Rate and Method is modified in any manner that would increase the amount of the special taxes that may be

levied on the Property, or any portion thereof, or accelerate the timing of the levy of the special taxes on the Property or materially increase the apportionment of the special taxes to the Property relative to the other properties in the Proposed Pier 70 Condo CFD. **The Notice of Special Tax attached hereto as Attachment No. 2 is in the form required by Section 53341.5 of the California Government Code and has been executed by the Owner. The Notice of Special Tax provides information about the rate, method of apportionment, and manner of collection of the special tax in sufficient detail to allow the Owner to estimate the maximum amount that the Owner will have to pay**

This authorization is revocable by Owner prior to the landowner election only under the conditions described above by written notice to the Board of Supervisors. Unless the authorization herein has been revoked by Owner prior to the landowner election in accordance with the terms of this delegation, the Owner waives its right to make any protest or complaint or undertake any legal action challenging the validity of the election or the validity of the Proposed Pier 70 Condo CFD.

Pursuant to Section 53326(b), set forth below are the authorized signatories for all parties making up the Owner (if more than one person or entity constitutes the Owner, or if ownership is held in the name of more than one person or entity).

AGREEMENT TO COMPLY WITH CFD MATTERS

(Pier 70 - Parcel K North)

THIS AGREEMENT TO COMPLY WITH CFD MATTERS (this "Agreement") dated for reference purposes only as of _____, 20____, is by and between the CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation ("City"), operating by and through the San Francisco Port Commission ("Port"), and _____, a _____ ("Vertical Developer").

THIS AGREEMENT IS MADE WITH REFERENCE TO THE FOLLOWING FACTS AND CIRCUMSTANCES:

A. Port owns certain real property located in the City and County of San Francisco consisting of approximately [68,800] square feet of unimproved land, as more particularly described on *Exhibit A* attached hereto (the "Property" or "Parcel K North").

B. The Property is located adjacent to the "28-Acre Site Project" located on approximately 28-acres of land in the southeast corner of Pier 70 (the "28-Acre Site").

C. On September 26, 2017, by Resolution No. 17-52, the Port Commission approved (i) the terms of a competitive solicitation and sale of the Property for no less than its appraised fair market value, and (ii) the form of a Vertical Disposition and Development Agreement to be entered into between Port and the successful bidder.

D. Vertical Developer was selected to purchase and develop the Property in a broker-managed, competitive solicitation process undertaken by Port and the City's Real Estate Division.

E. Port and Vertical Developer have entered into that certain Vertical Disposition and Development Agreement (Pier 70 - Parcel K North) dated as of _____, 20__ (the "VDDA"), a memorandum of which is being recorded concurrently herewith.

F. Section 3.3 of the VDDA (CFD Matters and Shortfall Provisions) provides that Vertical Developer will comply with all of the covenants and acknowledgements set forth in Schedule 3.1 attached to the VDDA (CFD Matters), which covenants and acknowledgements will be recorded against title to the Property in the form attached as Attachment 1 to Schedule 3.1 and entitled Agreement to Comply with CFD Matters. The covenants and acknowledgements set forth in Section 3.1 attached to the VDDA are referred to herein as the "CFD Matters".

G. The parties now desire to enter into this Agreement to set forth Vertical Developer's agreement to comply with all of the covenants and acknowledgements set forth in Schedule 3.1 attached to the VDDA.

H. Initially capitalized and other terms are defined herein or in the VDDA. This Agreement is a Transaction Document as defined in the VDDA, and the VDDA contains definitions, rules of interpretation, and standard provisions applicable to Transaction Documents.

ACCORDINGLY, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Port and Vertical Developer hereby agree as follows:

AGREEMENT

1. EFFECTIVE DATE AND TERMINATION.

1.1. Effective Date. This Agreement will be effective on the Closing Date of the VDDA.

1.2. Independent Termination Date. This Agreement will remain in effect until the IFD Termination Date.

2. AGREEMENT TO COMPLY WITH CFD MATTERS.

Vertical Developer agrees to comply with all of the covenants and acknowledgements attached hereto as *Exhibit B*. This Agreement does not amend, change or modify the CFD Matters.

3. ENFORCEMENT.

3.1. *Events of Default*. Vertical Developer shall be in default under this Agreement if it fails to comply with the provisions of this Agreement and such failure continues for thirty (30) days after Vertical Developer's receipt of notice of such non-compliance from Port, or in the case of a default that is curable but is not susceptible of cure within thirty (30) days, Vertical Developer fails promptly to commence to cure such default and thereafter diligently to prosecute such cure to completion within a reasonable time, but in no event to exceed one hundred and twenty (120) days.

3.2. *Remedies*. During the continuance of a default under this Agreement, Port will have all rights and remedies available at law or in equity, including the right to institute such

proceedings as may be necessary, including action to cure the default or to seek specific performance or other injunctive relief.

4. GENERAL PROVISIONS.

4.1. *Governing Law.* The Transaction Documents will be governed by, subject to, and construed in accordance with the laws of the State of California and City's Charter and Administrative Code. All legal actions related to the Transaction Documents will be instituted in the Superior Court of the City and County of San Francisco, State of California, in any other appropriate court in the City or, if appropriate, in the Federal District Court in San Francisco, California.

4.2. *Counterparts.* The Transaction Documents may be executed in multiple counterparts, each of which will be deemed to be an original and that together will be one instrument. Parties may deliver their counterparts by electronic mail or other electronic means of transmission.

4.3. *Further Assurances.* The parties agree to execute such instruments or to do such further acts as may be reasonably necessary to carry out the provisions of each Transaction Document; provided, however, that no party will be obligated to provide such instruments and to do such further acts that would materially increase such party's liabilities hereunder or materially decrease such party's rights hereunder. The provisions of this section will survive the Closing.

4.4. *Third-Party Beneficiary.* The Horizontal Developer is an express third-party beneficiary of this Agreement and may enforce each provision against the Vertical Developer as if the Horizontal Developer were a party to this Agreement.

The parties have duly executed this Agreement as of the respective dates written below.

ATTACHMENT 4

NOTICE OF SPECIAL TAX

CITY AND COUNTY OF SAN FRANCISCO
SPECIAL TAX DISTRICT NO. 2019-__
(PIER 70 CONDOMINIUMS)

TO: THE PROSPECTIVE PURCHASER OF THE REAL PROPERTY IDENTIFIED AS FOLLOWS (THE “PROPERTY”):

[insert APN and legal description]

THIS IS A NOTIFICATION TO YOU PRIOR TO YOUR ENTERING INTO A CONTRACT TO PURCHASE THIS PROPERTY. THE SELLER IS REQUIRED TO GIVE YOU THIS NOTICE AND TO OBTAIN A COPY SIGNED BY YOU TO INDICATE THAT YOU HAVE RECEIVED AND READ A COPY OF THIS NOTICE.

Each Assessor’s Parcel (also, a “Parcel”) of this Property (in existence now or as further subdivided in the future) is subject to a facilities special tax (the “Facilities Special Tax”) and services special tax (the “Services Special Tax” and, with the Facilities Special Tax, the “Special Taxes”) that are in addition to the regular property taxes and any other charges, fees, special taxes, and benefit assessments on the Property. The Special Taxes are imposed on each Parcel of the Property because it is a new development, and is not necessarily imposed generally upon property outside of this new development. If you fail to pay the Special Taxes levied on a Parcel of the Property when due each year, the delinquent Parcel may be foreclosed upon and sold. The Special Taxes are used to provide facilities and public services that are likely to particularly benefit the Property. YOU SHOULD TAKE THE SPECIAL TAXES AND THE BENEFITS FROM THE FACILITIES AND PUBLIC SERVICES FOR WHICH THEY PAY INTO ACCOUNT IN DECIDING WHETHER TO BUY THIS PROPERTY.

The Property you are purchasing is located within the boundaries of City and County of San Francisco Special Tax District No. 2019-__ (Pier 70 Condominiums) (“**Pier 70 Condo CFD**”); within the boundaries of the Pier 70 Condo CFD, the Property is located in Zone 1. The Special Taxes are levied pursuant to a Rate and Method of Apportionment of Special Taxes (the “**Rate and Method**”) for the Pier 70 Condo CFD. A copy of the Rate and Method applicable to this Property is attached as Exhibit “C” to the Notice of Special Tax Lien attached hereto as Exhibit 1 (the “**Notice of Special Tax Lien**”). Capitalized terms used herein and not otherwise defined shall have the meanings ascribed to such terms in the Rate and Method.

Classification of Property

At the time of formation of the Pier 70 Condo CFD, the Property will constitute Undeveloped Property. The Property will become Developed Property for purposes of the levy

of the Facilities Special Tax and the Services Special Tax as set forth in the definition of Developed Property in the Rate and Method:

(1) For levy of the Facilities Special Tax: all Taxable Parcels for which the 36-month anniversary of the VDDA Execution Date has occurred in a preceding Fiscal Year, regardless of whether a Building Permit has been issued.

(2) For levy of the Services Special Tax: all Taxable Parcels for which a Certificate of

Occupancy was issued on or prior to June 30 of the preceding Fiscal Year, but not prior to January 1, 2018.

Maximum Special Taxes

The Maximum Facilities Special Tax and the Maximum Services Special Tax are defined in the Rate and Method as follows:

“Maximum Facilities Special Tax” means the greatest amount of Facilities Special Tax that can be levied on a Taxable Parcel in any Fiscal Year determined in accordance with Sections C, D, and E of the Rate and Method. Table 1 in the Rate and Method identifies the Base Facilities Special Tax, which will be used to determine the Maximum Facilities Special Tax when a Taxable Parcel becomes Developed Property.

“Maximum Services Special Tax” means the greatest amount of Services Special Tax that can be levied on a Taxable Parcel in any Fiscal Year determined in accordance with Sections C, D, and E of the Rate and Method. Table 3 in the Rate and Method identifies the Base Services Special Tax, which will be used to determine the Maximum Services Special Tax upon issuance of the first Certificate of Occupancy on a Taxable Parcel. **Adjustments to the Maximum Special Taxes**

Section D of the Rate and Method describes the circumstances in which the Maximum Facilities Special Tax and the Maximum Services Special Taxes may be adjusted, including annual escalation, rezoning or other Land Use Changes, changes in Expected Land Uses and changes in the boundaries of the Planning Parcels. In addition, the Maximum Facilities Special Taxes may be reduced prior to the First Bond Sale as described in Section D.

Term of the Special Taxes

The Facilities Special Tax shall be levied and collected on a Taxable Parcel until the Fiscal Year that is the 120th Fiscal Year in which the Facilities Special Tax has been levied on the Taxable Parcel.

The Services Special Tax shall be levied and collected in perpetuity.

Prepayment

The Special Taxes may not be prepaid.

Authorized Facilities and Services

The authorized facilities that are being paid for by the Facilities Special Taxes, and by the money received from the sale of bonds that are being repaid by the Facilities Special Taxes, are described in Exhibit B to the Notice of Special Tax Lien attached hereto as Exhibit 1.

These facilities may not yet have all been constructed or acquired and it is possible that some may never be constructed or acquired.

The authorized public services that are being paid for by the Special Tax are described in Exhibit B to the Notice of Special Tax Lien attached hereto as Exhibit 1.

Further Information

YOU MAY OBTAIN A COPY OF THE RESOLUTION OF FORMATION THAT AUTHORIZED CREATION OF PIER 70 CONDO CFD, AND THAT SPECIFIES MORE PRECISELY HOW THE SPECIAL TAXES ARE APPORTIONED TO EACH PARCEL OF THE PROPERTY AND HOW THE PROCEEDS OF THE SPECIAL TAXES WILL BE USED, FROM THE SPECIAL TAX CONSULTANT, GOODWIN CONSULTING GROUP, INC., 333 UNIVERSITY AVE # 160, SACRAMENTO, CA 95825, TELEPHONE: (916) 561-0890. THERE MAY BE A CHARGE FOR THESE DOCUMENTS NOT TO EXCEED THE REASONABLE COST OF PROVIDING THE DOCUMENTS.

Acknowledgment

I (WE) ACKNOWLEDGE THAT I (WE) HAVE READ THIS NOTICE AND RECEIVED A COPY OF THIS NOTICE PRIOR TO ENTERING INTO A CONTRACT TO PURCHASE OR DEPOSIT RECEIPT WITH RESPECT TO THE ABOVE-REFERENCED PROPERTY. I (WE) UNDERSTAND THAT I (WE) MAY TERMINATE THE CONTRACT TO PURCHASE OR DEPOSIT RECEIPT WITHIN THREE DAYS AFTER RECEIVING THIS NOTICE IN PERSON OR WITHIN FIVE DAYS AFTER IT WAS DEPOSITED IN THE MAIL BY GIVING WRITTEN NOTICE OF THAT TERMINATION TO THE OWNER, SUBDIVIDER, OR AGENT SELLING THE PROPERTY.

**COMPROMISE TITLE SETTLEMENT AND
LAND EXCHANGE AGREEMENT FOR
PIER 70**

This COMPROMISE TITLE SETTLEMENT AND LAND EXCHANGE AGREEMENT FOR PIER 70 (**Agreement**) is dated for reference as of _____, 2018. The parties to the Agreement are the STATE OF CALIFORNIA, acting by and through the STATE LANDS COMMISSION (**Commission**), and the CITY AND COUNTY OF SAN FRANCISCO, acting by and through the SAN FRANCISCO PORT COMMISSION (**Port**). The Commission and the Port are each a "**Party**" and are referred to together as the "**Parties**." This Agreement is entered into pursuant to Chapter 477 of the Statutes of 2011 (**AB 418**).

RECITALS

A. This Agreement concerns real property situated in the City and County of San Francisco (**City or San Francisco**) within the area commonly known as Pier 70, which is more particularly described and depicted in Exhibit A (**Pier 70 Area**), together with certain submerged lands adjacent to the Pier 70 Area (**Adjacent Submerged Lands**). The Pier 70 Area includes lands that were historically tide or submerged lands (collectively **tidelands**) subject to the common law public trust for commerce, navigation, and fisheries (**Public Trust**), as well as historic uplands that were not subject to the Public Trust and historic tidelands in which the Public Trust status is uncertain. The existence of the Public Trust on the Adjacent Submerged Lands is also in dispute. The purpose of this Agreement is to settle certain boundary and title disputes related to the Public Trust within the Pier 70 Area and the Adjacent Submerged Lands, and to establish and reconfigure the location of lands subject to the Public Trust and lands free of the Public Trust within the Pier 70 Area, through the conveyances provided for in this Agreement, subject to the terms and conditions of this Agreement.

B. The Pier 70 Area consists of the "Public Trust Lands," more particularly described in Exhibit B, and the "Trust Termination Lands," more particularly described in Exhibit C. The Adjacent Submerged Lands are more particularly described in Exhibit D. The Parties desire through this Agreement to establish or confirm the Public Trust on the Public Trust Lands and the Adjacent Submerged Lands, and to terminate the Public Trust in the Trust Termination Lands, through a land exchange to be accomplished through certain conveyances as provided in this Agreement (**Exchange**).

C. The extent to which the Pier 70 Area and the Adjacent Submerged Lands may be subject to the Public Trust is uncertain and subject to dispute, the resolution of which would require extensive land title and boundary litigation at great public expense. The circumstances giving rise to the Public Trust title uncertainties include the following:

1. Upon its admission to the Union on September 9, 1850, the State of California (State), by virtue of its sovereignty, received all right, title, and interest in tidelands within its boundaries, subject to the Public Trust. The Pier 70 Area includes lands that were tidelands at statehood, subject to the Public Trust. The Pier 70 Area also includes uplands that were above the ordinary high-water line at statehood, and were therefore not subject to the Public Trust. The last natural location of the ordinary high-water line cannot be determined with certainty.

2. Beginning in 1868, the State conveyed certain Pier 70 Area tidelands into private ownership pursuant to various state statutes, including Chapter 616 of the Statutes of 1866 (**Alvord Grant**), Chapter 362 of the Statutes of 1868 (**Pacific Rolling Mill Grant**), and Chapter 543 of the Statutes of 1868 (**BTLC Act**). Portions of those tidelands were subsequently filled and reclaimed. The Public Trust was terminated in the lands conveyed and filled pursuant to the BTLC Act in the manner recognized in *City of Berkeley v. Superior Court* (1980) 26 Cal.3d 516. The continued existence of the Public Trust on the lands conveyed pursuant to the Alvord Grant and Pacific Rolling Mill Grant is uncertain.

3. Certain areas within the Pier 70 Area were originally set aside by the State for street purposes (**paper streets**). The State withheld some of these paper streets from sale, which remain subject to the Public Trust. Other paper streets may have been conveyed into private ownership free of the Public Trust. Title to certain paper streets was quieted in a private owner in *People v. Bethlehem Pac. Coast Steel Corp.* (San Francisco Superior Court, Case No. 401394), without any express Public Trust reservation or termination. The State takes the position that the effect of this holding on the Public Trust is uncertain. In *California v. United States* (Ct. Cl. 1955) 132 F.Supp. 208, the State's interest in certain other paper streets was found to have been taken by the United States during its occupation of the lands during World War II, but the effect of that decision on the Public Trust is uncertain.

4. The effect of the Alvord and Pacific Rolling Mill Grants, the BTLC Act, and the rulings in *People v. Bethlehem Pac. Coast Steel Corp.* and *California v. United States* on the continued existence of the Public Trust in the Adjacent Submerged Lands is also uncertain.

5. In 1969, the State granted its sovereign and other property interests within San Francisco to the Port in trust, pursuant to Chapter 1333 of the Statutes of 1968, as amended (**Burton Act**) and the Agreement Relating to Transfer of the Port of San Francisco from the State

of California to the City and County of San Francisco (**Burton Act Transfer Agreement**). Within and adjacent to the Pier 70 Area, the granted lands included certain lands that the State had previously purchased in its proprietary capacity from the United States, including certain historic uplands not subject to the Public Trust and certain former tidelands that had been or may have been freed of the Public Trust. All of the lands the State granted to the Port are presently subject to the statutory trust imposed by the Burton Act and any additional restrictions on use and alienability created by the Burton Act Transfer Agreement (**Burton Act Trust**).

6. In 1982, the Port acquired the remainder of the Pier 70 Area and the Adjacent Submerged Lands from Bethlehem Steel Corporation for \$1. These after-acquired lands are not subject to the alienation restrictions of the Burton Act Trust and are not or may not be subject to the Public Trust, but are held by the Port as assets of the Public Trust.

D. As a result of the foregoing boundary and title uncertainties and historical circumstances, most of the Pier 70 Area, including almost the entire Pier 70 waterfront, either is free of the Public Trust or its Public Trust status is uncertain. The Public Trust status of the Adjacent Submerged Lands is also in dispute.

E. The Pier 70 Area is vastly underutilized. With the exception of the portion of the Pier 70 Area that has been leased for drydock operations (which the Port intends to re-lease to a new operator for ship repair and related uses), the Pier 70 Area has been mostly vacant or used for interim nontrust uses since the Port acquired the lands. Most of the site is listed in the National Register of Historic Places as the Union Iron Works Historic District, which contains 44 contributing resources to one of the most important intact maritime industrial complexes west of the Mississippi River. A Port tenant is rehabilitating eight contributing historic buildings for future reuse (**Historic Pier 70 project**), but the remaining contributing historic resources on the site are vacant and in disrepair. Most of the land outside the drydock area is occupied by asphalt parking lots. None of the Pier 70 Area waterfront is publicly accessible today.

F. The Port is in the early stages of developing a public park along the northwestern portion of the Pier 70 waterfront (**Crane Cove Park**). The Port is also negotiating with a potential tenant for the master planned development of approximately 28 acres of the Pier 70 Area that, if approved, would provide a vibrant new mixed-use community, including new parks and public access along the eastern portion of the Pier 70 Area waterfront (**Pier 70 Waterfront project**). The waterfront park includes an inland portion called Slipways Commons, which will be bounded by lands required to be occupied by at least 50% ground floor retail, as described in the Pier 70 Special Use District Design for Development, ensuring that the Commons will attract and be activated by visitors as well as local residents. The Pier 70 Area also includes a vacant parcel abutting Illinois Avenue that is cut off from the water (**Parcel K**), which the Port believes is no longer useful for Public Trust purposes.

G. The Trust Termination Lands within the Pier 70 Area consist of historic uplands and filled tidelands that have been cut off from access to the San Francisco Bay and are no longer useful for purposes of the Public Trust or the Burton Act Trust (collectively, **Trusts**). The lands outside of the drydock area and the Historic Pier 70 project are blighted. The Historic Pier 70 project is restoring certain historic buildings with a use program that includes some nontrust uses in accordance with AB 418. However, the Pier 70 Area, including the Historic

Pier 70 Project, is not capable of generating sufficient revenues from Trust uses or interim nontrust uses to provide the remaining infrastructure improvements, public facilities, and remediation that would be needed to eliminate the blighted condition of the site or advance the purposes of the Trusts.

H. Removal of the use and alienability restrictions of the Trusts from the Trust Termination Lands and resolution of the title uncertainties related to the Public Trust would enable the beneficial development of the Pier 70 Area and generation of substantial revenue for the Port through the proposed Pier 70 Waterfront project.

I. To facilitate the productive reuse of lands within the Pier 70 Area, AB 418 authorizes the Commission to carry out an exchange of lands that will place or confirm the Trusts on lands within the Pier 70 Area with substantial value for the Trusts, and will terminate any Public Trust interest and terminate use and alienation restrictions of the Burton Act Trust in Pier 70 Area lands that no longer are useful for Trusts purposes.

J. In AB 418, the Legislature found that absent a trust exchange, substantial portions of the lands within the Pier 70 Area that are located along the waterfront or are otherwise of high value to the Trusts could be sold into private ownership, cut off from public access, and used for purposes inconsistent with the Trusts, and that certain interior lands not useful for trust purposes would be restricted by the Public Trust and could not be used for nontrust uses essential to the revitalization of the Pier 70 Area.

K. The Exchange will result in the configuration of Trust lands that maximizes the overall benefits to the Trusts, without interfering with Trust uses or purposes. The Exchange will place in the Trusts the entire waterfront of the Pier 70 Area, as well as certain interior lands that have high Trust values as a visitor-serving park and open space, or for ship repair activities. The Public Trust Lands reflect a configuration of lands that is advantageous to the Trusts in light of all relevant considerations, including but not limited to the considerations set forth in Recitals A-J above. The Exchange also calls for the Trusts to be confirmed on the Adjacent Submerged Lands.

L. The Trust Termination Lands are either historic uplands or filled tidelands, have been cut off from navigable waters, and are no longer needed or required for the promotion of the Public Trust. The present Pier 70 area waterfront resulted from a highly beneficial program of harbor development. The Trust Termination Lands total approximately 31 acres, of which most already are or may be free of the Public Trust. This area constitutes a relatively small portion of the tidelands within the City that the State has granted to the City or other trustees within the City and County boundaries, which include over 1,000 acres of filled lands.

M. In interest of settlement, the Parties have conducted independent studies and evaluations of the title evidence, the principles of law, and the merits of their legal positions. The Commission has reviewed an appraisal and other information prepared to analyze monetary values of the Trust Termination Lands and the Public Trust Lands and has reached an independent conclusion regarding the economic values of these properties. Both Parties have concluded that the monetary value of land or interests in land to be received as Public Trust Lands is equal to or greater than the monetary value of the Trust interests to be terminated in the Trust Termination Lands.

N. The proposed street layout for the Pier 70 Area will provide pedestrian and vehicular access to the Public Trust Lands within the Pier 70 Area primarily by the existing Trust segment of Illinois Street adjacent to Crane Cove Park, 20th Street (access to the Historic Pier 70 project, access to the Pier 70 Waterfront project leasehold, including the Waterfront Terrace park, and the drydock area), 22nd Street (access to the Pier 70 Waterfront project leasehold, including Slipways Commons and Waterfront Promenade parks), and an eastward extension of 19th Street and Georgia Street to provide access to Crane Cove Park and the drydock operations. Maryland Street will connect the drydock area and Historic Pier 70 project site with the Pier 70 Waterfront Site project. Maryland Street will also provide access to the ground level visitor-serving retail located along Slipways Commons. The portions of these streets within the Pier 70 Area are or will be impressed with the Trust as part of the Exchange and will primarily serve the Trust purposes of access to shoreline improvements and shoreline circulation.

O. The Port prepared an Environmental Site Investigation to assess the environmental condition of the Pier 70 Area and a Feasibility Study/Remedial Action Plan (RAP) to identify an appropriate remedial alternative, which the San Francisco Regional Water Quality Control Board (**Regional Board**) approved in 2012. In accordance with the RAP, the Port prepared a Risk Management Plan (RMP), which the Regional Board approved, and recorded a Covenant and Environmental Restriction on Property, requiring compliance with the RMP, as Document No. 2016-K308328-00 (**CERP**). The RMP requires capping existing native soil with durable covers, long-term maintenance of those covers, and institutional controls to minimize potential health and environmental impacts. The RMP will be implemented through maintenance of existing building foundations and paved surfaces or, where new development is planned, the construction of new foundations, paved surfaces, and landscaping meeting the requirements for durable covers as set forth in the RMP. The Port, through binding agreements, has required or will require its lessees and successors to construct and maintain the required improvements as part of the Pier 70 Waterfront project, the Historic Pier 70 Project, any future drydock lease, and any other development projects within the Pier 70 Area, and the Port will implement the requirements in the development and operations of Crane Cove Park.

P. AB 418 provides that the Commission may require, as a condition of the Exchange, that the Port agree to impress with the Trusts the Adjacent Submerged Lands following completion of remediation of those lands or at a time the Commission determines is in the best interest of the State. This Agreement provides that all or part of the Adjacent Submerged Lands shall be added to the Trusts as part of the Exchange, or in one or more subsequent closings, upon request of the Executive Officer of the Commission (**Executive Officer**) following a finding by the Commission that any portion of the Adjacent Submerged Lands is in a condition suitable to be impressed with the Trusts.

Q. The Exchange is needed to confirm the State's sovereign interest in certain lands within the Pier 70 Area; to resolve the trust status of certain disputed lands within the Pier 70 Area; to confirm or impress the Trusts on the lands of greatest value to the Trusts in the Pier 70 Area; to render development of the Pier 70 Area economically feasible by removing the Trust Termination Lands from the Public Trust and amending the Burton Act Transfer Agreement, permitting the Port to realize the economic benefit therefrom; and to allow the Public Trust Lands to be used to the greatest benefit of the people of this State.

R. As set forth in Sections 1 and 2, the Exchange will be accomplished through the following recorded conveyances, subject to the conditions of closing and other terms and conditions of this Agreement:

(i) The Port will convey by quitclaim deed its interests in the Public Trust Lands and Trust Termination Lands to the Commission;

(ii) After accepting the Public Trust Lands from the Port, the Commission will convey by patent the Public Trust Lands to the Port as sovereign lands subject to the Trusts; and

(iii) After accepting the Trust Termination Lands from the Port, the Commission will convey by patent the Trust Termination Lands to the Port free of the Public Trust.

S. Under Public Resources Code section 6102, the Commission is the successor to, and is vested with all the powers, duties, purposes, responsibilities and jurisdiction formerly vested in, the Department of Finance as successor to the Surveyor General, Register of the State Land Office, and the State Land Office.

T. The Port approved this Agreement through Port Resolution 17-44, adopted by the Port Commission on September 26, 2017. The City's Board of Supervisors approved this Agreement through Resolution No. 402-17, adopted by the Board of Supervisors on October 31, 2017. The Commission approved this Agreement through Staff Report No. 77 at its meeting of November 29, 2017.

AGREEMENT

In consideration of the foregoing recitals and the following conveyances and terms, the Parties hereby agree as follows:

1. The Establishment of the Trusts in the Public Trust Lands. The Trusts shall be established in the Public Trust Lands through the following conveyances and acceptances in accordance with and subject to the conditions of closing described in Section 12 and Section 14 and the other terms and conditions of this Agreement:

a. The Port shall convey, remise, release, and forever quitclaim to the Commission all of the Port's right, title, and interest in the Public Trust Lands by Quitclaim Deed in the form of Exhibit E.

b. Upon accepting the Public Trust Lands, the Commission shall convey, remise, release, and forever quitclaim, in trust, to the Port all of the State's right, title, and interest (including all right, title, and interest conveyed to the Commission by the Port) in the Public Trust Lands by Patent in the form of Exhibit F. The Port shall hold the Public Trust Lands as sovereign lands subject to the Trusts.

2. The Termination of the Public Trust in the Trust Termination Lands. The Public Trust shall be terminated in the Trust Termination Lands through the following conveyances and

acceptances, in accordance with and subject to the conditions of closing described in Section 12 and Section 14 and the other terms and conditions of this Agreement:

a. The Port shall convey, remise, release, and forever quitclaim to the Commission all of the Port's right, title, and interest in the Trust Termination Lands by Quitclaim Deed in the form of Exhibit E.

b. Upon accepting the Trust Termination Lands, the Commission shall convey, remise, release, and forever quitclaim to the Port all of the State's right, title, and interest (including all right, title, and interest conveyed to the Commission from Port) in the Trust Termination Lands by Patent in the form of Exhibit G. The Patent shall specifically release and terminate any Public Trust interest in the Trust Termination Lands.

3. Amendment to the Burton Act Transfer Agreement. At the Close of escrow, in accordance with Article XII of the Burton Act Transfer Agreement and AB 418, the Burton Act Transfer Agreement is hereby amended to add the following sentence to the first paragraph of Article VI:

Notwithstanding the foregoing, any property transferred to the City under the Act or acquired with funds derived from the transferred property, upon conveyance of the property to the City free of the public trust as part of a public trust exchange pursuant to Chapter 477 of the Statutes of 2011, as amended from time to time (AB 418), shall be held by the City as an asset of the public trust, free of any use or alienation restrictions of the public trust or the Act, but subject to the requirements of AB 418, for so long as the City holds title to the property by and through its Harbor Commission.

The City and County of San Francisco, acting by and through its Board of Supervisors, and the Executive Officer of the Commission, acting for and on behalf of the Commission, have executed this Agreement for the purpose of effectuating this amendment to the Burton Act Transfer Agreement.

4. Procedures for Adjusting Exchange Boundaries. The Port and the Commission anticipate that a number of development approvals within the Pier 70 Area, including the approval of final construction plans and specifications for infrastructure and final subdivision maps, will be obtained after the effective date of this Agreement, and potentially after the exchange conveyances have closed. The engineering and design information developed in connection with those approvals will assist in determining the precise locations of land parcel boundaries and of project infrastructure, including streets to be held subject to the Trusts. Accordingly, minor adjustments to the boundaries between the Public Trust Lands and the Trust Termination Lands, as those boundaries are described in the exhibits to this Agreement, or as they may be described in deeds implementing this Agreement, may become necessary or desirable as more detailed site information is developed. Such a change (a **Parcel Boundary Adjustment**) shall proceed in accordance with the following procedures:

a. The Port may request from the Executive Officer approval of a Parcel Boundary Adjustment. The Port shall provide the Executive Officer with any maps, legal descriptions, surveys, or other information necessary to review the proposed Parcel Boundary Adjustment. The Executive Officer shall approve the Parcel Boundary Adjustment if he or she

finds in his or her sole discretion that the Parcel Boundary Adjustment would not constitute a material change in parcel boundaries. A material change shall include a significant change in the overall configuration of the Public Trust and Trust Termination Lands depicted on Exhibit H (Trust Configuration). If the Executive Officer determines that the proposed Parcel Boundary Adjustment would constitute a material change in parcel boundaries, he or she shall refer the Parcel Boundary Adjustment to the Commission, whose consideration of the referral shall proceed pursuant to Section 4(b).

b. The Commission may approve a Parcel Boundary Adjustment if it determines that the Parcel Boundary Adjustment, based on final legal descriptions, (1) would not constitute a significant change in the Trust Configuration, or (2) would constitute a significant change, but the Commission makes the findings set out in Section 8 below as to the revised Trust Configuration. The Commission shall not unreasonably delay or withhold its approval, subject to the required findings.

c. Following Executive Officer or Commission approval, Port and Commission staff shall cooperate in the actions necessary to effectuate the Parcel Boundary Adjustment, including, as necessary, the preparation of legal descriptions, deeds, and revised exhibits to this Agreement, at the Port's sole cost and expense. The Parties shall prepare, execute, and record a Memorandum of Parcel Boundary Adjustment including all revised exhibits, which shall upon recordation be deemed to replace the corresponding exhibits to this Agreement. If an approved Parcel Boundary Adjustment affects lands previously conveyed pursuant to this Agreement, the Port and the Commission shall cooperate in undertaking any conveyances, lot line adjustments or other actions necessary to effectuate the Parcel Boundary Adjustment as to such lands.

5. State Minerals Reservation. The Commission excepts from the conveyance made pursuant to Section 1(b) of this Agreement and reserves unto the State, its successors and assigns, forever, any and all minerals and any and all mineral rights in the lands of every kind and character now known to exist or hereafter discovered in the Public Trust Lands and Adjacent Submerged Lands hereafter conveyed to the Port pursuant to this Agreement. Such mineral rights shall include, but are not limited to, oil and gas rights, together with the sole, exclusive, and perpetual right to explore for, remove, and dispose of those minerals by any means or methods suitable to the State or to its successors and assigns, except that, this reservation shall not include the right of the State or its successors or assigns in connection with any mineral reservation, removal, or disposal activity, to do either of the following: (1) enter upon, use or damage the surface of the lands or interfere with the use of the surface by the grantee or by the grantee's successors, assigns or lessees; or (2) conduct any mining activities of any nature whatsoever above a plane located five hundred (500) feet below the surface of the lands without written permission of the Port or its successors or assigns.

6. Street Layout. The Port shall not approve a plan or permit for the construction of public streets within the Public Trust Lands (Trust Streets) unless the Trust Streets materially conform to the configuration depicted in Exhibit I, or the Commission has approved a modification of the layout of Trust Streets and made the findings required by Section 3(b)(7) and Section 3(b)(8) of AB 418. In the event that the Commission approves such a modification, the Parties shall prepare, execute, and record a Memorandum of Modification, including a revised

Exhibit I, which shall upon recordation be deemed to replace the corresponding exhibit to this Agreement.

7. Adjacent Submerged Lands. The Port shall reasonably cooperate with the Commission to take all necessary actions to impress or confirm the Trusts on any portion of the Adjacent Submerged Lands upon receipt of the Executive Officer's written request following a finding by the Commission that the applicable portion of the Adjacent Submerged Lands is suitable to be impressed with the Trusts. The Trusts shall be impressed or confirmed on the applicable portion of the Adjacent Submerged Lands in one or more closings in which the Port shall quitclaim the lands to the Commission, subject to the Executive Officer's acceptance of the physical condition and condition of title of the lands to be conveyed, and the Commission shall convey the lands back to the Port by patent, subject to the Trusts, in generally the same manner prescribed by this Agreement for the conveyance of the Public Trust Lands.

8. Commission Findings. The Commission, effective upon recordation of this Agreement, makes the following findings as required by AB 418 and to comply with Article X, section 3 of the California Constitution:

- a. The Trust Termination Lands have been filled and reclaimed, are cut off from access to the waters of the San Francisco Bay, and are no longer in fact tidelands or navigable waterways, were part of a highly beneficial program of harbor development, are relatively useless for public trust purposes, and constitute a relatively small portion of the granted lands within the City.
- b. The lands or interests in lands to be impressed with the Trusts have a monetary value equal to or greater than the monetary value of the lands or interests in lands to be exchanged out of the Trusts.
- c. No substantial interference with Trusts uses and purposes, including public rights of navigation and fishing, will ensue by virtue of the Exchange.
- d. The Public Trust Lands to be impressed with the Trusts will provide a significant benefit to the Trusts and are useful for the particular Trusts purposes authorized by AB 418.
- e. The configuration of Public Trust Lands within the Pier 70 Area, upon completion of the Exchange, will consist solely of lands suitable to be impressed with the Trusts.
- f. The appropriate state agencies have approved an environmental site investigation and risk assessment of the Pier 70 Area and agree on subsequent actions and development standards needed to ensure appropriate management of potential risks as established by the RAP, the RMP, and the CERP; the Port has provided adequate financial assurances to ensure performance of any affirmative remedial actions required by the RAP, the RMP, and the CERP; and sufficient liability measures that protect the State will be in place upon completion of the Exchange.
- g. The final layout of streets in the Pier 70 Area shall provide access to the Public Trust Lands and be consistent with the beneficial use of those lands.

h. Streets and other transportation facilities located on the Public Trust Lands will be designed to be compatible with the Trusts and to serve primarily Trusts purposes of access to shoreline improvements and shoreline circulation rather than serving nontrust purposes.

i. The Port and the City's Board of Supervisors have approved this Agreement after at least one public hearing and have found, based on supporting documentation, that the lands or interests in lands impressed with the Trusts will provide a significant benefit to the Trusts and are useful for the Trusts purposes authorized by AB 418.

j. The surveys and legal descriptions required for the lands to be conveyed in the Exchange will be approved by the Commission or by the Executive Officer prior to the closing.

k. The Exchange complies with all of the requirements of AB 418.

l. The Exchange is consistent with and furthers the purposes of the Public Trust, the Burton Act Trust, and AB 418.

m. The Exchange is in the best interest of the statewide public.

9. Additional Findings. The Commission, effective upon execution and recordation of this Agreement, makes the following additional findings:

a. There is a good faith and bona fide dispute as to the State's interests within the Pier 70 Area. This Agreement is a compromise of the contested issues of law and evidence upon which the dispute is based, and is in lieu of the significant costs, delay, and uncertainties of title and boundary litigation, and is consistent with and authorized by the requirements of law.

b. There are title and boundary disputes over the Pier 70 Area. This Agreement is in settlement of a title and boundary problem and is therefore exempt from the California Environmental Quality Act ("CEQA") pursuant to Public Resources Code section 21080.11, the California Coastal Act pursuant to Public Resources Code section 30416(c), and the Subdivision Map Act pursuant to Government Code section 66412(e). The City and County of San Francisco has also completed a Final Environmental Impact Report for the Pier 70 Mixed-Use District Project, which was certified by the San Francisco Planning Commission by Motion No. 19976 on August 24, 2017.

10. Indemnification and Defense of Claims.

a. The Port shall indemnify, defend and hold harmless the State, its officers, agencies, commissions, and employees from and against any and all claims, liability, losses, attorneys' fees, costs and expenses (collectively **Claims**), including third party Claims and Claims by any governmental agency, relating to any hazardous materials that, as of the date of close of escrow pursuant to this Agreement, are located at, on, over, under, or flowing through any portion of the Public Trust Lands, Trust Termination Lands, or the Adjacent Submerged Lands that are conveyed at the closing (collectively **Covered Trust Lands**), provided, however, the obligation to indemnify under this Section shall not apply to the extent that (a) the hazardous

materials were present on the Covered Trust Lands during any period (prior to the closing) in which the State owned the fee in the Covered Trust Lands, or (b) the State or its agents released, generated, treated, stored, used, disposed of, deposited, abandoned or exacerbated the hazardous materials affecting the Covered Trust Lands. The Port and the Commission agree that if the State is a named insured in a pollution liability insurance policy obtained by the Port, the obligation to indemnify the State under this Section shall not become effective unless and until any proceeds from the policy are exhausted.

b. The Parties agree to use reasonable efforts to defend this Agreement, any deed, patent, agreement, or other instrument executed pursuant thereto, and any decision made by a Party to approve the foregoing, including the approval of any required findings related thereto, in any legal action challenging the validity or legality thereof. In any such action, the Port shall reimburse the Commission for all reasonable costs incurred in connection with such action, including but not limited to reasonable staff time and attorney's fees incurred by the Commission, and including but not limited to any award of attorney fees made by a court of competent jurisdiction against the Commission, on such reasonable terms and conditions as the Parties may establish by separate agreement; provided, however, that the Port's obligation to reimburse the Commission shall apply only to the extent that the Commission agrees to allow the Port to lead the defense (including a defense to an action in which the Port is not a party), reasonably cooperates therein, and does not take a position materially adverse to the Port; and provided further that the fee or expense (including any liability for an attorney's fees award) was incurred in connection with a claim that is part of the defense of the Commission and the Port. Nothing in this section limits the discretion of the Commission, at its sole cost and expense, to conduct its own defense, take the lead in its own defense, or take a position materially adverse to the Port.

11. Initiation of Closing. The Port shall initiate the closing for the Exchange by establishing an escrow in San Francisco with a title company (escrow agent or title company, as appropriate) agreed upon by the Parties and providing written notice to the Executive Officer. The notice shall include legal descriptions for the lands to be conveyed in the closing, a list of all documents required to close escrow with required signatories indicated, and drafts of all deeds, instruments, certificates of acceptance, title commitments, and other documents that are required for the closing and are within the Port's responsibility and control. The Parties shall use commercially reasonable efforts to close within 60 days after the Executive Officer's receipt of the notice, unless the closing requires Commission approval, in which case the Parties shall use commercially reasonable efforts to close within 120 days after the Executive Officer's receipt of the notice.

12. Legal Descriptions. It is a condition precedent to a Party's obligation to close escrow for the conveyance or acceptance of real property that the Party has approved the legal description for the real property, which approval shall not be unreasonably withheld. For the Commission, the Executive Officer may grant such approval; for the Port, the Executive Director may grant such approval.

13. Deposits into Escrow.

a. At or prior to closing, the Commission shall deposit the following documents into escrow:

i. A certified copy of the Minute Item for Staff Report No. 77 for the Commission public hearing on November 29, 2017, showing the Commission's approval of this Agreement;

ii. The Executive Officer's written approval of (A) the condition of title to the Public Trust Lands as shown in pro forma title commitments in coverage amounts acceptable to the Executive Officer, (B) the form of title insurance to be issued, and (C) the physical condition of the Public Trust Lands;

iii. A signed and attested patent in the form of Exhibit G, transferring to the Port the Trust Termination Lands free of the Public Trust; and

iv. A signed and attested patent in the form of Exhibit F, transferring to the Port the Public Trust Lands.

b. At or prior to closing, the Port shall deposit the following documents into escrow:

i. A certified copy of Port Commission Resolution 17-44 adopted on September 26, 2017, and the Board of Supervisors Resolution 402-17 adopted on October 31, 2017, approving this Agreement and authorizing the Port Director to execute it on behalf of the Port;

ii. A signed and acknowledged quitclaim deed from the Port in the form of Exhibit E, transferring to the Commission all of the Port's right, title and interest in the Trust Termination Lands and the Public Trust Lands;

c. All patents and quitclaim deeds deposited into escrow shall include a certificate of approval duly executed by the grantee (which certificate may be deposited into escrow separately by the grantee), the appropriate attestations or acknowledgments, and any ancillary documents required by state law or the City's Assessor-Recorder, such as an executed Transfer Tax Affidavit and an executed Preliminary Change of Ownership Record.

d. The Parties shall submit to the escrow agent joint escrow instructions substantially conforming to the foregoing, together with any supplemental instructions necessary to effectuate the intent of this Agreement to which the Parties agree in writing.

14. Commission's Conditions Precedent.

a. Adjacent Submerged Lands. As a condition precedent to the Commission's obligation to close escrow on any portion of the Adjacent Submerged Lands, the Commission shall have made a finding that the Adjacent Submerged Lands to be conveyed in the closing are suitable to be impressed with the Trust.

b. Title Condition; Physical Condition. As a condition precedent to the Commission's obligation to close escrow, the Executive Officer shall have approved the condition of title and the form of a CLTA title insurance policy to be issued by the title company, in the amount of coverage reasonably requested, for any Public Trust Parcel or Adjacent

Submerged Lands to be conveyed in the closing (**Trust Property**), and shall have approved the physical condition of the Trust Property, which approvals shall not be unreasonably withheld. Notwithstanding the foregoing, existing public rights-of-way, easements for the construction, operation, maintenance, and repair of underground utilities, and the CERP shall be deemed acceptable conditions of title.

15. Close of Escrow and Recordation. The joint escrow instructions for each closing shall direct the escrow agent to notify the Parties, upon the agent's receipt of all documents listed and described in the escrow instructions, of its intention to close escrow and to record this Agreement, if not already recorded, and all deeds and patents pertaining to that closing, in the manner specified in, and subject to the requirements of, the escrow instructions.

16. Records of Survey. Immediately following the recordation of the patents and quitclaim deeds described in Section 13 above, the Port shall cause to be recorded in the Office of the City's Assessor-Recorder a record of survey, reviewed and approved by the Executive Officer and the City and County Surveyor, and based on field surveys, showing the boundaries of the Public Trust Lands, the Trust Termination Lands, and any Adjacent Submerged Lands conveyed in the closing. Such record of survey shall establish the physical boundaries and shall define same with sufficient controlling monuments appropriately placed.

17. Judicial Confirmation of Validity of Settlement. The Port may choose to submit the settlement embodied in this Agreement to a court of competent jurisdiction to confirm the validity of the settlement or to quiet the Port's title by court judgment, as authorized by Section 12 of AB 418. The Commission shall cooperate with the Port in obtaining such a confirmatory judgment. Upon entry of a judgment confirming the validity of the settlement embodied in this Agreement, or quieting the Port's title in accordance with this Agreement, each Party shall be deemed to have waived any right to appeal from such judgment.

18. Effect of a Judicial Finding of Invalidity. A judicial determination that any portion of this Agreement is invalid shall not invalidate the remainder. If a court finally holds any term, provision, covenant, or condition of this Agreement to be invalid, void or unenforceable, the Parties shall amend this Agreement or take other action necessary to achieve the intent of this Agreement in a manner consistent with the ruling of the court.

19. Impacts of Sea Level Rise.

a. The Exchange is intended to establish with certainty the boundary between lands free of the Public Trust and lands subject to the Trusts within the Pier 70 Area, which boundary is intended to be fixed and not subject to change by erosion, accretion, reliction, or submergence, whether due to natural or artificial causes. However, if lands established as free of the Public Trust by the Exchange should later become submerged or subject to the ebb and flow of the tide below the elevation of mean high water from waters of the San Francisco Bay, whether due to either erosion or sea level rise (**Inundation**), those lands, for so long as the condition of Inundation exists, shall be subject to an easement in favor of the Public Trust (**Public Trust Easement**) provided, however, that the Public Trust Easement shall not attach until Inundation has existed continuously for five years. Prior to the attachment of the Public Trust Easement, neither the Public Trust Easement nor the Commission shall prevent the right of any owner of the inundated lands to reclaim or otherwise restore the lands to their pre-Inundation

condition so long as the owner has begun activities to exercise this right within one year after Inundation. An owner's submittal of an application for any permit required for reclamation or restoration and reasonable efforts to complete the permitting process are sufficient, but not necessary, evidence that the owner has begun to exercise the right to reclamation or restoration provided herein. The Commission may delay the attachment of the Public Trust Easement for a specified period by resolution based upon its finding that reclamation or restoration could not be completed with the five-year period of Inundation specified herein.

b. Nothing in this Agreement obligates the Commission to protect or cause to be protected any privately held uplands, including, but not limited to, constructing or causing to be constructed any protective structures that benefit any privately held uplands. Further, nothing in this Agreement shall be construed as creating any duty on the part of the Port or the Commission to the owners or lessees of any properties within the Pier 70 Area to provide protection against sea level rise, Inundation from any cause, avulsions, or tsunamis.

c. Nothing in this Section is intended to limit (a) rights a Party may have under applicable law to take actions to preserve the boundaries established by this Agreement, including without limitation the rights of a Party to undertake measures to protect its property, including lands freed from the Public Trust at the locations established pursuant to this Agreement, or to file an action within the applicable limitations period to preserve the title interests of such lands established by this Agreement, or (b) rights the public has under applicable law to navigate, fish, or otherwise use navigable waters on Inundated lands, including but not limited to any rights arising under *Bohn v. Albertson* (1951) 107 Cal.App.2d 738 and *People ex rel. Baker v. Mack* (1971) 19 Cal.App.3d 1040.

20. Agreement Not To Encumber. Except to the extent consistent with the purposes of this Agreement, or as otherwise provided herein, the Port shall not sell, transfer, assign, mortgage, pledge, or hypothecate, whether by operation of law or otherwise, any of its right, title, or interest in or to any portion of the Public Trust Lands between the effective date of this Agreement and the closing on the Exchange without the Commission's prior written consent. For purposes of this section, a lease or other grant of rights in the Public Trust Lands that is authorized by the Burton Act or AB 418 shall be deemed consistent with the purposes of this Agreement.

21. Allocation of Costs and Expenses. The Port shall pay the expenses and fees of the escrow agent, including those costs associated with document preparation and recordation of this Agreement, its deeds and patents, and any associated documents. The Port shall also pay expenses and fees associated with any title insurance policy for the Trust Termination Lands. Each Party will bear all other fees, costs, and expenses of any attorney, engineer, or other person that the Party employs or retains in connection with the transactions underlying this Agreement.

22. Acceptance of Conveyances and Consent to Recording. By their execution of this Agreement, the Parties each agree to accept the conveyance of rights, titles, and interests in land referred to in this Agreement and consent to the recording of this Agreement and related documents.

23. Further Assurances. Unless prohibited by law, each Party will perform such other acts, and execute, acknowledge, and deliver all further conveyances and other instruments that

may be necessary to fully assure to the other Party all of the respective properties, rights, titles, interests, remedies, powers, and privileges to be conveyed or provided for by this Agreement.

24. Agreement for Compromise and Settlement. It is expressly understood by the Parties that the provisions set forth in this Agreement have been agreed upon for purposes of compromising and settling disputed interests in the Public Trust Lands, Trust Termination Lands, and Adjacent Submerged Lands.

25. No Admission or Effect if Agreement Not Made Effective. If this Agreement does not become effective, or becomes effective but is declared by a final court judgment to be invalid, nothing in this Agreement shall constitute, or be construed as, an admission by any Party or evidence concerning the boundaries, physical character, or character of title or interest in the Pier 70 Area or in the Adjacent Submerged Lands.

26. No Effect on Other Lands. The provisions of this Agreement do not constitute, nor are they to be construed as, an admission by any Party or evidence concerning the boundaries, physical character, or character of title to or interest in any lands outside the Pier 70 Area and the Adjacent Submerged Lands.

27. No Determination of Trust Consistency. Nothing in this Agreement shall be construed as a determination by the Commission regarding the Public Trust consistency of any proposed or existing use of the Public Trust Lands or Adjacent Submerged Lands.

28. Agreement Binding on Successors. All the terms, provisions, and condition of this Agreement shall be binding upon and inure to the benefit of the respective heirs, administrators, executors, successors, and assigns of the Parties.

29. Modification. No modification, amendment, or alteration of this Agreement shall be valid unless in writing and signed by the Parties to this Agreement.

30. No Effect on Other Government Jurisdiction. This Agreement has no effect on the regulatory, environmental or other jurisdiction of any federal, state, local, or other government entity not a party to this Agreement.

31. Headings. The title headings of the sections of this Agreement are inserted for convenience only and shall not be considered in construing this Agreement.

32. Notice. Any notice required pursuant to this Agreement shall be in writing and given by delivering the notice in person, by commercial courier, or by sending it by registered or certified mail, or overnight mail, return receipt requested, with postage to the addresses shown below or to such other address as the applicable Party may provide. For the convenience of the Parties, notice also may be given by electronic mail in addition to one of the above methods, at the addresses listed below:

33. Approvals and Consents. Unless otherwise provided in this Agreement, whenever an approval, consent or satisfaction is required of a Party, the approval, consent, or satisfaction shall be given on behalf of the Party by the representative listed below:

- a. If the Party is the Commission: the Executive Officer of the Commission.
- b. If the Party is the Port: the Executive Director of the Port.

34. Correction of Technical Errors. If by inadvertence, and contrary to the Parties' intention, errors exist in any legal description, parcel boundaries, map, drawing, or other part of this Agreement or any exhibit hereto, the Parties affected by the error by mutual agreement may correct such error by memorandum reflecting their intent when approving and executing this Agreement. The Executive Officer and the Executive Director of the Port may approve and execute a "Memorandum of Correction" without amending this Agreement.

35. Effective Date. This Agreement shall become effective when fully executed. For purposes of bringing a validation action under Section 17, this Agreement shall be deemed

entered on the date signed by the Executive Officer, who shall be the last to sign before the Governor.

36. Exhibits. Exhibit A through Exhibit I, inclusive, are attached to and are incorporated by reference as parts of this Agreement.

Executed by a duly authorized officer of each Party on the date opposite each signature.

PARCEL TT-1

BEGINNING AT THE POINT OF INTERSECTION OF THE SOUTHERLY LINE OF 22ND STREET (66 FEET WIDE) AND THE WESTERLY LINE OF FORMER GEORGIA STREET (80 FEET WIDE), AS SAID STREET EXISTED PRIOR TO THE CLOSURE THEREOF, PER RESOLUTIONS No. 1759, DATED FEBRUARY 27, 1884, No. 10787, DATED MARCH 30, 1914 AND No. 1376, DATED OCTOBER 15, 1940 AND THE MOST WESTERLY LINE OF PARCEL 1 OF THE LANDS DESCRIBED IN GRANT DEED TO THE STATE OF CALIFORNIA, RECORDED NOVEMBER 13, 1967 IN BOOK B192, PAGE 384, OFFICIAL RECORDS (B192 O.R. 384), CITY AND COUNTY OF SAN FRANCISCO; THENCE ALONG THE LINES OF SAID PARCEL 1, THE FOLLOWING THREE COURSES: 1) SOUTH 42°41'35" EAST 129.00 FEET, 2) SOUTH 25°06'47" EAST 56.46 FEET AND 3) NORTH 85°38'01" EAST 966.97 FEET; THENCE NORTH 18°03'22" EAST 147.34 FEET; THENCE NORTH 04°21'59" WEST 28.00 FEET; THENCE SOUTH 85°38'01" WEST 82.00 FEET; THENCE NORTH 04°21'59" WEST 10.00 FEET TO A POINT ON A LINE PERPENDICULARLY DISTANT 174.20 NORTHERLY FROM SAID PREVIOUS COURSE "NORTH 85°38'01" EAST 966.97 FEET", HERETO ABOVE; THENCE ALONG SAID LINE, SOUTH 85°38'01" WEST 878.34 FEET; THENCE WESTERLY ALONG A TANGENT CURVE TO THE LEFT, WITH A RADIUS OF 270.00 FEET, THROUGH A CENTRAL ANGLE OF 11°06'07", AN ARC LENGTH OF 52.32 FEET; THENCE WESTERLY ALONG A REVERSE CURVE, CONCAVE TO THE NORTH WITH A RADIUS OF 328.50 FEET, THROUGH A CENTRAL ANGLE OF 11°06'07", AN ARC LENGTH OF 63.65 FEET; THENCE SOUTH 85°38'01" WEST 26.17 FEET; THENCE SOUTH 55°28'14" WEST 17.91 FEET; THENCE SOUTH 85°38'01" WEST 5.94 FEET TO SAID POINT OF BEGINNING, CONTAINING 4.15 ACRES, MORE OR LESS.

PARCEL TT-2

COMMENCING AT THE INTERSECTION OF THE EASTERLY LINE OF ILLINOIS STREET (80.00 FEET WIDE) AND THE SOUTHERLY LINE OF 20TH STREET (66.00 FEET WIDE); THENCE ALONG SAID LINE OF 20TH STREET, SOUTH 85°38'01" WEST 1072.57 FEET; THENCE SOUTH 04°21'59" EAST 648.30 FEET TO THE **TRUE POINT OF BEGINNING**; THENCE SOUTH 04°21'59" EAST 203.50 FEET; THENCE NORTH 85°38'01" EAST 535.10 FEET; THENCE NORTH 04°21'59" WEST 228.50 FEET; THENCE SOUTH 85°38'01" WEST 243.10 FEET; THENCE SOUTH 04°21'59" EAST 25.00 FEET; THENCE SOUTH 85°38'01" WEST 292.00 FEET TO SAID TRUE POINT OF BEGINNING, CONTAINING 2.64 ACRES, MORE OR LESS.

PARCEL TT-3

COMMENCING AT THE INTERSECTION OF THE EASTERLY LINE OF ILLINOIS STREET (80.00 FEET WIDE) AND THE SOUTHERLY LINE OF 20TH STREET (66.00 FEET WIDE); THENCE ALONG SAID LINE OF 20TH STREET, SOUTH 85°38'01" WEST 1072.57 FEET; THENCE SOUTH 04°21'59" EAST 24.00 FEET TO THE **TRUE POINT OF BEGINNING**; THENCE SOUTH 04°21'59" EAST 493.09 FEET; THENCE NORTH 85°38'01" EAST 89.90 FEET; THENCE SOUTH 04°21'59" EAST 3.00 FEET; THENCE NORTH 85°38'01" EAST 108.35 FEET; THENCE NORTH 04°21'59" WEST 3.00 FEET; THENCE NORTH 85°38'01" EAST 102.50 FEET; THENCE NORTH 72°01'08" EAST 110.45 FEET; THENCE NORTH 04°21'59" WEST 159.00 FEET; THENCE SOUTH 85°38'01" WEST 17.60 FEET; THENCE NORTH 04°21'59" WEST 198.00 FEET; THENCE NORTH 46°07'41" WEST 147.59 FEET TO A POINT ON A LINE BEARING NORTH 85°38'01" EAST FROM SAID TRUE POINT OF BEGINNING; THENCE ALONG SAID LINE, SOUTH 85°38'01" WEST 292.20 FEET TO SAID TRUE POINT OF BEGINNING, CONTAINING 4.35 ACRES, MORE OR LESS.

PARCEL TT-4

COMMENCING AT THE POINT OF INTERSECTION OF THE NORTHERLY LINE OF 22ND STREET (66 FEET WIDE) AND THE WESTERLY LINE OF FORMER GEORGIA STREET (80 FEET WIDE), AS SAID STREET EXISTED PRIOR TO THE CLOSURE THEREOF, PER RESOLUTIONS No. 1759, DATED FEBRUARY 27, 1884, No. 10787, DATED MARCH 30, 1914 AND No. 1376, DATED OCTOBER 15, 1940 AND THE MOST WESTERLY LINE OF PARCEL 1 OF THE LANDS DESCRIBED IN GRANT DEED TO THE STATE OF CALIFORNIA, RECORDED NOVEMBER 13, 1967 IN BOOK B192, PAGE 384, OFFICIAL RECORDS (B192 O.R. 384), CITY AND COUNTY OF SAN FRANCISCO; THENCE ALONG THE NORTHERLY LINE OF FORMER 22ND STREET, AS SAID STREET EXISTED PRIOR TO THE CLOSURE THEREOF, PER RESOLUTION No. 1376, DATED OCTOBER 15, 1940 AND ALONG THE LINE OF SAID PARCEL 1, NORTH 85°38'01" EAST 40.00 FEET TO THE CENTERLINE OF SAID FORMER GEORGIA STREET AND THE **TRUE POINT OF BEGINNING**; THENCE ALONG SAID CENTERLINE AND PARCEL 1, NORTH 04°21'59" WEST 270.00 FEET TO THE MOST SOUTHEASTERLY CORNER OF PARCEL 2 OF THE LANDS DESCRIBED IN GRANT DEED TO THE CITY AND COUNTY OF SAN FRANCISCO, RECORDED DECEMBER 16, 1982, AS DOCUMENT NO. D275576, IN BOOK D464, PAGE 628, OFFICIAL RECORDS (D464 O.R. 628), CITY AND COUNTY OF SAN FRANCISCO; THENCE ALONG THE SOUTHERLY AND WESTERLY LINES OF SAID PARCEL 2, THE FOLLOWING TWO COURSES: 1) SOUTH 85°38'01" WEST 240.00 FEET TO THE EASTERLY LINE OF MICHIGAN STREET (80 FEET WIDE), AND 2) ALONG SAID LINE OF MICHIGAN STREET NORTH 04°21'59" WEST 346.83 FEET TO A POINT ON THE PUEBLO LINE OF 1883, AS SAID LINE BEING DESCRIBED IN "FIELD NOTES OF PUEBLO LANDS, SAN FRANCISCO, CALIFORNIA", SURVEY BY F. VON LEICHT, DEPUTY SURVEYOR, DATED DECEMBER 1883, ON FILE IN THE SACRAMENTO OFFICE OF THE CALIFORNIA STATE LANDS COMMISSION; THENCE ALONG SAID PUEBLO LINE OF 1883, NORTH 69°36'58" WEST 14.87 FEET; THENCE NORTH 04°21'59" WEST 242.94 FEET TO THE SOUTHERLY LINE OF 20TH STREET (66 FEET WIDE); THENCE ALONG SAID LINE OF 20TH STREET, NORTH 85°38'01" EAST 495.57 FEET; THENCE SOUTH 64°37'17" EAST 48.37 FEET; THENCE NORTH 85°38'01" EAST 208.50 FEET; THENCE SOUTH 04°21'59" EAST 825.80 FEET; THENCE SOUTH 85°38'01" WEST 281.07 FEET; THENCE SOUTH 83°44'37" WEST 60.63 FEET; THENCE SOUTH 85°38'01" WEST 21.08 FEET; THENCE WESTERLY ALONG A TANGENT CURVE TO THE LEFT WITH A RADIUS OF 330.00 FEET, THROUGH A CENTRAL ANGLE OF 12°29'06", AN ARC LENGTH OF 71.91 FEET; THENCE WESTERLY ALONG A REVERSE CURVE, CONCAVE TO THE NORTH WITH A RADIUS OF 270.50 FEET, THROUGH A CENTRAL ANGLE OF 12°29'06", AN ARC LENGTH OF 58.94 FEET TO SAID POINT OF BEGINNING, CONTAINING 12.87 ACRES, MORE OR LESS.

PARCEL TT-5

BEGINNING AT THE INTERSECTION OF THE EASTERLY LINE OF ILLINOIS STREET (80.00 FEET WIDE) AND THE SOUTHERLY LINE OF 20TH STREET (66.00 FEET WIDE); THENCE ALONG SAID LINE OF 20TH STREET, NORTH 85°38'01" EAST 212.00 FEET; THENCE SOUTH 04°21'59" EAST 203.50 FEET TO A POINT ON THE PUEBLO LINE OF 1883, AS SAID LINE BEING DESCRIBED IN "FIELD NOTES OF PUEBLO LANDS, SAN FRANCISCO, CALIFORNIA", SURVEY BY F. VON LEICHT, DEPUTY SURVEYOR, DATED DECEMBER 1883, ON FILE IN THE SACRAMENTO OFFICE OF THE CALIFORNIA STATE LANDS COMMISSION; THENCE ALONG SAID PUEBLO LINE OF 1883, NORTH 44°48'51" WEST 18.50 FEET TO THE WESTERLY LINE OF MICHIGAN STREET (80 FEET WIDE); THENCE ALONG SAID LINE OF MICHIGAN STREET, SOUTH 04°21'59" EAST 347.58 FEET TO THE SOUTHERLY LINE OF PARCEL 3 OF THE LANDS DESCRIBED IN GRANT DEED TO THE CITY AND COUNTY OF SAN FRANCISCO, RECORDED DECEMBER 16, 1982, AS DOCUMENT NO. D275576, IN BOOK D464, PAGE 628, OFFICIAL RECORDS (D464 O.R. 628), CITY AND COUNTY OF SAN FRANCISCO; THENCE ALONG SAID LINE OF PARCEL 3, SOUTH 85°38'01" WEST 200.00 FEET TO SAID EASTERLY LINE OF ILLINOIS STREET; THENCE ALONG SAID LINE OF ILLINOIS STREET NORTH 04°21'59" WEST 537.00 FEET TO SAID POINT OF BEGINNING, CONTAINING 2.52 ACRES, MORE OR LESS.

PARCEL TT-6

BEGINNING AT THE INTERSECTION OF THE EASTERLY LINE OF ILLINOIS STREET (80.00 FEET WIDE) AND THE NORTHERLY LINE OF 20TH STREET (66.00 FEET WIDE); THENCE ALONG SAID LINE OF 20TH STREET, NORTH 85°38'01" EAST 508.15 FEET; THENCE NORTH 04°21'59" WEST 119.58 FEET; THENCE SOUTH 85°38'01" WEST 3.83 FEET; THENCE NORTH 04°32'51" WEST 97.44 FEET; THENCE SOUTH 85°27'09" WEST 15.50 FEET; THENCE NORTH 49°32'51" WEST 15.56 FEET; THENCE SOUTH 85°27'09" WEST 46.84 FEET; THENCE WESTERLY ALONG A NON-TANGENT CURVE, CONCAVE TO THE NORTHWEST, THE CENTER WHICH BEARS NORTH 44°36'20" WEST WITH A RADIUS OF 32.00 FEET, THROUGH A CENTRAL ANGLE OF 45°07'29", AN ARC LENGTH OF 25.20 FEET; THENCE WESTERLY ALONG A COMPOUND CURVE WITH A RADIUS OF 414.00 FEET THROUGH A CENTRAL ANGLE OF 18°37'56", AN ARC LENGTH OF 134.63 FEET; THENCE NORTHWESTERLY ALONG A COMPOUND CURVE WITH A RADIUS OF 32.00, THROUGH A CENTRAL ANGLE OF 45°41' 35", AN ARC LENGTH OF 25.52 FEET; THENCE NORTHWESTERLY ALONG A NON-TANGENT CURVE, CONCAVE TO THE NORTHEAST, THE CENTER OF WHICH BEARS NORTH 22°23'33" EAST WITH A RADIUS OF 405.00 FEET, THROUGH A CENTRAL ANGLE OF 12°29'45", AN ARC LENGTH OF 88.33 FEET; THENCE NORTH 55°06'41" WEST 49.09 FEET; THENCE WESTERLY ALONG A TANGENT CURVE TO THE LEFT WITH A RADIUS OF 275.00 FEET, THROUGH A CENTRAL ANGLE OF 31°17' 50", AN ARC LENGTH OF 150.22 FEET; THENCE WESTERLY ALONG A COMPOUND CURVE WITH A RADIUS OF 21.00 FEET, THROUGH A CENTRAL ANGLE OF 34°28'15", AN ARC LENGTH OF 12.63 FEET TO SAID EASTERLY LINE OF ILLINOIS STREET; THENCE ALONG SAID LINE OF ILLINOIS STREET, SOUTH 04°21'59" EAST 407.68 FEET TO SAID POINT OF BEGINNING, CONTAINING 3.42 ACRES, MORE OR LESS.

PARCEL TT-7

COMMENCING AT THE INTERSECTION OF THE EASTERLY LINE OF ILLINOIS STREET (80.00 FEET WIDE) AND THE SOUTHERLY LINE OF 20TH STREET (66.00 FEET WIDE); THENCE ALONG SAID LINE OF 20TH STREET, SOUTH 85°38'01" WEST 1080.55 FEET; THENCE NORTH 04°21'59" WEST 33.00 FEET TO THE **TRUE POINT OF BEGINNING**; THENCE NORTH 85°38'01" EAST 258.78 FEET; THENCE NORTH 36°29'34" WEST 355.42 FEET; THENCE SOUTH 85°38'01" WEST 68.93 FEET TO A POINT ON A LINE WHICH BEARS NORTH 04°12'26" WEST FROM SAID POINT OF BEGINNING; THENCE ALONG SAID LINE, SOUTH 04°12'26" EAST 301.00 FEET TO SAID POINT OF BEGINNING, CONTAINING 1.13 ACRES, MORE OR LESS.

PARCEL TT-8

BEGINNING ON THE EASTERLY LINE OF ILLINOIS STREET (80.00 FEET WIDE), DISTANT THEREON NORTH 04°21'59" WEST 1103.48 FEET FROM THE NORTHERLY LINE OF 20TH STREET (66.00 FEET WIDE); THENCE ALONG SAID LINE OF ILLINOIS STREET, NORTH 04°21'59" WEST 80.71 FEET; THENCE NORTH 85°38'01" EAST 107.88 FEET; THENCE SOUTH 04°21'59" EAST 52.60 FEET; THENCE SOUTH 85°38'01" WEST 48.09 FEET; THENCE SOUTH 04°21'59" EAST 28.11 FEET; THENCE SOUTH 85°38'01" WEST 59.79 FEET TO SAID EASTERLY LINE OF ILLINOIS STREET AND SAID POINT OF BEGINNING, CONTAINING 0.17 ACRES (7,355 SQUARE FEET), MORE OR LESS.

THE TOTAL AREA OF THE PUBLIC TRUST LANDS IS 29.58 ACRES, MORE OR LESS.

THE BASIS OF BEARING FOR THE ABOVE DESCRIPTIONS IS BASED UPON THE BEARING OF N03°41'33"W BETWEEN SURVEY CONTROL POINTS NUMBERED 375 AND 376, OF THE HIGH PRECISION NETWORK DENSIFICATION (HPND), CITY & COUNTY OF SAN FRANCISCO 2013 COORDINATE SYSTEM (SFCS13).

PIER 70 – TRUST TERMINATION LANDS

ALL THAT REAL PROPERTY SITUATED IN THE CITY AND COUNTY OF SAN FRANCISCO, STATE OF CALIFORNIA, DESCRIBED AS FOLLOWS:

PARCEL TT-1

BEGINNING AT THE POINT OF INTERSECTION OF THE SOUTHERLY LINE OF 22ND STREET (66 FEET WIDE) AND THE WESTERLY LINE OF FORMER GEORGIA STREET (80 FEET WIDE), AS SAID STREET EXISTED PRIOR TO THE CLOSURE THEREOF, PER RESOLUTIONS No. 1759, DATED FEBRUARY 27, 1884, No. 10787, DATED MARCH 30, 1914 AND No. 1376, DATED OCTOBER 15, 1940 AND THE MOST WESTERLY LINE OF PARCEL 1 OF THE LANDS DESCRIBED IN GRANT DEED TO THE STATE OF CALIFORNIA, RECORDED NOVEMBER 13, 1967 IN BOOK B192, PAGE 384, OFFICIAL RECORDS (8192 O.R. 384), CITY AND COUNTY OF SAN FRANCISCO; THENCE ALONG THE LINES OF SAID PARCEL 1, THE FOLLOWING THREE COURSES: 1) SOUTH 42°41'35" EAST 129.00 FEET, 2) SOUTH 25°06'47" EAST 56.46 FEET AND 3) NORTH 85°38'01" EAST 966.97 FEET; THENCE NORTH 18°03'22" EAST 147.34 FEET; THENCE NORTH 04°21'59" WEST 28.00 FEET; THENCE SOUTH 85°38'01" WEST 82.00 FEET; THENCE NORTH 04°21'59" WEST 10.00 FEET TO A POINT ON A LINE PERPENDICULARLY DISTANT 174.20 NORTHERLY FROM SAID PREVIOUS COURSE "NORTH 85°38'01" EAST 966.97 FEET", HERETO ABOVE; THENCE ALONG SAID LINE, SOUTH 85°38'01" WEST 878.34 FEET; THENCE WESTERLY ALONG A TANGENT CURVE TO THE LEFT, WITH A RADIUS OF 270.00 FEET, THROUGH A CENTRAL ANGLE OF 11°06'07", AN ARC LENGTH OF 52.32 FEET; THENCE WESTERLY ALONG A REVERSE CURVE, CONCAVE TO THE NORTH WITH A RADIUS OF 328.50 FEET, THROUGH A CENTRAL ANGLE OF 11°06'07", AN ARC LENGTH OF 63.65 FEET; THENCE SOUTH 85°38'01" WEST 26.17 FEET; THENCE SOUTH 55°28'14" WEST 17.91 FEET; THENCE SOUTH 85°38'01" WEST 5.94 FEET TO SAID POINT OF BEGINNING, CONTAINING 4.15 ACRES, MORE OR LESS.

PARCEL TT-2

COMMENCING AT THE INTERSECTION OF THE EASTERLY LINE OF ILLINOIS STREET (80.00 FEET WIDE) AND THE SOUTHERLY LINE OF 20TH STREET (66.00 FEET WIDE); THENCE ALONG SAID LINE OF 20TH STREET, SOUTH 85°38'01" WEST 1072.57 FEET; THENCE SOUTH 04°21'59" EAST 648.30 FEET TO THE **TRUE POINT OF BEGINNING**; THENCE SOUTH 04°21'59" EAST 203.50 FEET; THENCE NORTH 85°38'01" EAST 535.10 FEET; THENCE NORTH 04°21'59" WEST 228.50 FEET; THENCE SOUTH 85°38'01" WEST 243.10 FEET; THENCE SOUTH 04°21'59" EAST 25.00 FEET; THENCE SOUTH 85°38'01" WEST 292.00 FEET TO SAID TRUE POINT OF BEGINNING, CONTAINING 2.64 ACRES, MORE OR LESS.

PARCEL TT-3

COMMENCING AT THE INTERSECTION OF THE EASTERLY LINE OF ILLINOIS STREET (80.00 FEET WIDE) AND THE SOUTHERLY LINE OF 20TH STREET (66.00 FEET WIDE); THENCE ALONG SAID LINE OF 20TH STREET, SOUTH 85°38'01" WEST 1072.57 FEET; THENCE SOUTH 04°21'59" EAST 24.00 FEET TO THE **TRUE POINT OF BEGINNING**; THENCE SOUTH 04°21'59" EAST 493.09 FEET; THENCE NORTH 85°38'01" EAST 89.90 FEET; THENCE SOUTH 04°21'59" EAST 3.00 FEET; THENCE NORTH 85°38'01" EAST 108.35 FEET; THENCE NORTH 04°21'59" WEST 3.00 FEET; THENCE NORTH 85°38'01" EAST 102.50 FEET; THENCE NORTH 72°01'08" EAST 110.45 FEET; THENCE NORTH 04°21'59" WEST 159.00 FEET; THENCE SOUTH 85°38'01" WEST 17.60 FEET; THENCE NORTH 04°21'59" WEST 198.00 FEET; THENCE NORTH 46°07'41" WEST 147.59 FEET TO A POINT ON A LINE BEARING NORTH 85°38'01" EAST FROM SAID TRUE POINT OF BEGINNING; THENCE ALONG SAID LINE, SOUTH 85°38'01" WEST 292.20 FEET TO SAID TRUE POINT OF BEGINNING, CONTAINING 4.35 ACRES, MORE OR LESS.

PARCEL TT-4

COMMENCING AT THE POINT OF INTERSECTION OF THE NORTHERLY LINE OF 22ND STREET (66 FEET WIDE) AND THE WESTERLY LINE OF FORMER GEORGIA STREET (80 FEET WIDE), AS SAID STREET EXISTED PRIOR TO THE CLOSURE THEREOF, PER RESOLUTIONS No. 1759, DATED FEBRUARY 27, 1884, No. 10787, DATED MARCH 30, 1914 AND No. 1376, DATED OCTOBER 15, 1940 AND THE MOST WESTERLY LINE OF PARCEL 1 OF THE LANDS DESCRIBED IN GRANT DEED TO THE STATE OF CALIFORNIA, RECORDED NOVEMBER 13, 1967 IN BOOK B192, PAGE 384, OFFICIAL RECORDS (B192 O.R. 384), CITY AND COUNTY OF SAN FRANCISCO; THENCE ALONG THE NORTHERLY LINE OF FORMER 22ND STREET, AS SAID STREET EXISTED PRIOR TO THE CLOSURE THEREOF, PER RESOLUTION No. 1376, DATED OCTOBER 15, 1940 AND ALONG THE LINE OF SAID PARCEL 1, NORTH 85°38'01" EAST 40.00 FEET TO THE CENTERLINE OF SAID FORMER GEORGIA STREET AND THE **TRUE POINT OF BEGINNING**; THENCE ALONG SAID CENTERLINE AND PARCEL 1, NORTH 04°21'59" WEST 270.00 FEET TO THE MOST SOUTHEASTERLY CORNER OF PARCEL 2 OF THE LANDS DESCRIBED IN GRANT DEED TO THE CITY AND COUNTY OF SAN FRANCISCO, RECORDED DECEMBER 16, 1982, AS DOCUMENT NO. D275576, IN BOOK D464, PAGE 628, OFFICIAL RECORDS (D464 O.R. 628), CITY AND COUNTY OF SAN FRANCISCO; THENCE ALONG THE SOUTHERLY AND WESTERLY LINES OF SAID PARCEL 2, THE FOLLOWING TWO COURSES: 1) SOUTH 85°38'01" WEST 240.00 FEET TO THE EASTERLY LINE OF MICHIGAN STREET (80 FEET WIDE), AND 2) ALONG SAID LINE OF MICHIGAN STREET NORTH 04°21'59" WEST 346.83 FEET TO A POINT ON THE PUEBLO LINE OF 1883, AS SAID LINE BEING DESCRIBED IN "FIELD NOTES OF PUEBLO LANDS, SAN FRANCISCO, CALIFORNIA", SURVEY BY F. VON LEICHT, DEPUTY SURVEYOR, DATED DECEMBER 1883, ON FILE IN THE SACRAMENTO OFFICE OF THE CALIFORNIA STATE LANDS COMMISSION; THENCE ALONG SAID PUEBLO LINE OF 1883, NORTH 69°36'58" WEST 14.87 FEET; THENCE NORTH 04°21'59" WEST 242.94 FEET TO THE SOUTHERLY LINE OF 20TH STREET (66 FEET WIDE); THENCE ALONG SAID LINE OF 20TH STREET, NORTH 85°38'01" EAST 495.57 FEET; THENCE SOUTH 64°37'17" EAST 48.37 FEET; THENCE NORTH 85°38'01" EAST 208.50 FEET; THENCE SOUTH 04°21'59" EAST 825.80 FEET; THENCE SOUTH 85°38'01" WEST 281.07 FEET; THENCE SOUTH 83°44'37" WEST 60.63 FEET; THENCE SOUTH 85°38'01" WEST 21.08 FEET; THENCE WESTERLY ALONG A TANGENT CURVE TO THE LEFT WITH A RADIUS OF 330.00 FEET, THROUGH A CENTRAL ANGLE OF 12°29'06", AN ARC LENGTH OF 71.91 FEET; THENCE WESTERLY ALONG A REVERSE CURVE, CONCAVE TO THE NORTH WITH A RADIUS OF 270.50 FEET, THROUGH A CENTRAL ANGLE OF 12°29'06", AN ARC LENGTH OF 58.94 FEET TO SAID POINT OF BEGINNING, CONTAINING 12.87 ACRES, MORE OR LESS.

PARCEL TT-5

BEGINNING AT THE INTERSECTION OF THE EASTERLY LINE OF ILLINOIS STREET (80.00 FEET WIDE) AND THE SOUTHERLY LINE OF 20TH STREET (66.00 FEET WIDE); THENCE ALONG SAID LINE OF 20TH STREET, NORTH 85°38'01" EAST 212.00 FEET; THENCE SOUTH 04°21'59" EAST 203.50 FEET TO A POINT ON THE PUEBLO LINE OF 1883, AS SAID LINE BEING DESCRIBED IN "FIELD NOTES OF PUEBLO LANDS, SAN FRANCISCO, CALIFORNIA", SURVEY BY F. VON LEICHT, DEPUTY SURVEYOR, DATED DECEMBER 1883, ON FILE IN THE SACRAMENTO OFFICE OF THE CALIFORNIA STATE LANDS COMMISSION; THENCE ALONG SAID PUEBLO LINE OF 1883, NORTH 44°48'51" WEST 18.50 FEET TO THE WESTERLY LINE OF MICHIGAN STREET (80 FEET WIDE); THENCE ALONG SAID LINE OF MICHIGAN STREET, SOUTH 04°21'59" EAST 347.58 FEET TO THE SOUTHERLY LINE OF PARCEL 3 OF THE LANDS DESCRIBED IN GRANT DEED TO THE CITY AND COUNTY OF SAN FRANCISCO, RECORDED DECEMBER 16, 1982, AS DOCUMENT NO. D275576, IN BOOK D464, PAGE 628, OFFICIAL RECORDS (D464 O.R. 628), CITY AND COUNTY OF SAN FRANCISCO; THENCE ALONG SAID LINE OF PARCEL 3, SOUTH 85°38'01" WEST 200.00 FEET TO SAID EASTERLY LINE OF ILLINOIS STREET; THENCE ALONG SAID LINE OF ILLINOIS STREET NORTH 04°21'59" WEST 537.00 FEET TO SAID POINT OF BEGINNING, CONTAINING 2.52 ACRES, MORE OR LESS.

PARCEL TT-6

BEGINNING AT THE INTERSECTION OF THE EASTERLY LINE OF ILLINOIS STREET (80.00 FEET WIDE) AND THE NORTHERLY LINE OF 20TH STREET (66.00 FEET WIDE); THENCE ALONG SAID LINE OF 20TH STREET, NORTH 85°38'01" EAST 508.15 FEET; THENCE NORTH 04°21'59" WEST 119.58 FEET; THENCE SOUTH 85°38'01" WEST 3.83 FEET; THENCE NORTH 04°32'51" WEST 97.44 FEET; THENCE SOUTH 85°27'09" WEST 15.50 FEET; THENCE NORTH 49°32'51" WEST 15.56 FEET; THENCE SOUTH 85°27'09" WEST 46.84 FEET; THENCE WESTERLY ALONG A NON-TANGENT CURVE, CONCAVE TO THE NORTHWEST, THE CENTER WHICH BEARS NORTH 44°36'20" WEST WITH A RADIUS OF 32.00 FEET, THROUGH A CENTRAL ANGLE OF 45°07'29", AN ARC LENGTH OF 25.20 FEET; THENCE WESTERLY ALONG A COMPOUND CURVE WITH A RADIUS OF 414.00 FEET THROUGH A CENTRAL ANGLE OF 18°37'56", AN ARC LENGTH OF 134.63 FEET; THENCE NORTHWESTERLY ALONG A COMPOUND CURVE WITH A RADIUS OF 32.00, THROUGH A CENTRAL ANGLE OF 45°41' 35", AN ARC LENGTH OF 25.52 FEET; THENCE NORTHWESTERLY ALONG A NON-TANGENT CURVE, CONCAVE TO THE NORTHEAST, THE CENTER OF WHICH BEARS NORTH 22°23'33" EAST WITH A RADIUS OF 405.00 FEET, THROUGH A CENTRAL ANGLE OF 12°29'45", AN ARC LENGTH OF 88.33 FEET; THENCE NORTH 55°06'41" WEST 49.09 FEET; THENCE WESTERLY ALONG A TANGENT CURVE TO THE LEFT WITH A RADIUS OF 275.00 FEET, THROUGH A CENTRAL ANGLE OF 31°17' 50", AN ARC LENGTH OF 150.22 FEET; THENCE WESTERLY ALONG A COMPOUND CURVE WITH A RADIUS OF 21.00 FEET, THROUGH A CENTRAL ANGLE OF 34°28'15", AN ARC LENGTH OF 12.63 FEET TO SAID EASTERLY LINE OF ILLINOIS STREET; THENCE ALONG SAID LINE OF ILLINOIS STREET, SOUTH 04°21'59" EAST 407.68 FEET TO SAID POINT OF BEGINNING, CONTAINING 3.42 ACRES, MORE OR LESS.

PARCEL TT-7

COMMENCING AT THE INTERSECTION OF THE EASTERLY LINE OF ILLINOIS STREET (80.00 FEET WIDE) AND THE SOUTHERLY LINE OF 20TH STREET (66.00 FEET WIDE); THENCE ALONG SAID LINE OF 20TH STREET, SOUTH 85°38'01" WEST 1080.55 FEET; THENCE NORTH 04°21'59" WEST 33.00 FEET TO THE **TRUE POINT OF BEGINNING**; THENCE NORTH 85°38'01" EAST 258.78 FEET; THENCE NORTH 36°29'34" WEST 355.42 FEET; THENCE SOUTH 85°38'01" WEST 68.93 FEET TO A POINT ON A LINE WHICH BEARS NORTH 04°12'26" WEST FROM SAID POINT OF BEGINNING; THENCE ALONG SAID LINE, SOUTH 04°12'26" EAST 301.00 FEET TO SAID POINT OF BEGINNING, CONTAINING 1.13 ACRES, MORE OR LESS.

PARCEL TT-8

BEGINNING ON THE EASTERLY LINE OF ILLINOIS STREET (80.00 FEET WIDE), DISTANT THEREON NORTH 04°21'59" WEST 1103.48 FEET FROM THE NORTHERLY LINE OF 20TH STREET (66.00 FEET WIDE); THENCE ALONG SAID LINE OF ILLINOIS STREET, NORTH 04°21'59" WEST 80.71 FEET; THENCE NORTH 85°38'01" EAST 107.88 FEET; THENCE SOUTH 04°21'59" EAST 52.60 FEET; THENCE SOUTH 85°38'01" WEST 48.09 FEET; THENCE SOUTH 04°21'59" EAST 28.11 FEET; THENCE SOUTH 85°38'01" WEST 59.79 FEET TO SAID EASTERLY LINE OF ILLINOIS STREET AND SAID POINT OF BEGINNING, CONTAINING 0.17 ACRES (7,355 SQUARE FEET), MORE OR LESS.

THE BASIS OF BEARING FOR THE ABOVE DESCRIPTIONS IS BASED UPON THE BEARING OF N03°41'33"W BETWEEN SURVEY CONTROL POINTS NUMBERED 375 AND 376, OF THE HIGH PRECISION NETWORK DENSIFICATION (HPND), CITY & COUNTY OF SAN FRANCISCO 2013 COORDINATE SYSTEM (SFCS13).

QUITCLAIM DEED

WHEREAS, the City and County of San Francisco, a charter city (City), owns the lands described in Exhibit 1 (Property), a portion of which was acquired pursuant to Chapter 1333, Statutes of 1968, as amended (Burton Act), and a portion of which was later acquired; and

WHEREAS, in accordance with the Burton Act, the Property is within the management and control of the City, acting by and through the San Francisco Port Commission (Port); and

WHEREAS, the State Lands Commission (Commission), at its public meeting in Fresno California on November 29, 2017, approved Staff Report No. 77, which authorized a title settlement and land exchange agreement for Pier 70 (Agreement) between the State of California (State), acting by and through the Commission, and the Port, pursuant to Chapter 477, Statutes of 2011 (AB 418); and

WHEREAS, the City, acting by and through its Board of Supervisors, by Resolution No. 402-17 adopted on October 31, 2017, approved the Agreement, and authorized the Port to implement the Agreement, including the conveyance of real property to State as provided thereunder; and

WHEREAS, the Port, by Port Resolution 17-44 adopted on September 26, 2017, approved the Agreement and authorized the Port Executive Director to implement the agreement; and

WHEREAS, it is the intent of the Port, pursuant to the Agreement, to convey to the State all of the right, title, and interest of the City in and to the lands described in Exhibit 1 (Property), for the purpose of effectuating the exchange contemplated in the Agreement;

PUBLIC TRUST PATENT

WHEREAS, the City and County of San Francisco, a charter city (City), owned the lands described in Exhibit 1 (Public Trust Property), a portion of which was acquired pursuant to Chapter 1333, Statutes of 1968, as amended (Burton Act), and a portion of which was later acquired; and

WHEREAS, in accordance with the Burton Act, the Public Trust Property was within the management and control of the City, acting by and through the San Francisco Port Commission (Port); and

WHEREAS, the State Lands Commission (Commission), at its public meeting in Fresno California on November 29, 2017, approved Staff Report No. 77, which authorized a title settlement and land exchange agreement for Pier 70 (Agreement) between the State of California (State), acting by and through the Commission, and the Port, pursuant to Chapter 477, Statutes of 2011 (AB 418); and

WHEREAS, the City, acting by and through its Board of Supervisors, by Resolution No. 402-17 adopted on October 31, 2017, approved the Agreement, and authorized the Port to implement the Agreement, including the conveyance of real property to the State, and acceptance of real property from the State, as provided thereunder; and

WHEREAS, the Port, by Port Resolution 17-44 adopted on September 26, 2017, approved the Agreement and authorized the Port Executive Director to implement the agreement;

Pier 70 Trust Exchange, Public Trust Patent
Assessor's Block ("A.B.") ____, Lot ____

WHEREAS, pursuant to the Agreement, the Port has remised, released, and forever quitclaimed to the State, acting by and through the Commission, all of the City's right, title, and interest in the Public Trust Property; and

WHEREAS, the State, acting by and through the Executive Officer of the Commission pursuant to Staff Report No. 77, has accepted the quitclaim from the Port of the Public Trust Property; and

WHEREAS, the Commission has found and declared, inter alia, that the Public Trust Property is useful for the particular purposes of the public trust for commerce, navigation, and fisheries (public trust) authorized by the statutory trust imposed by the Burton Act (Burton Act trust); and

WHEREAS, pursuant to the Agreement, it is the intent of the State to convey to the City all of its right, title and interest in and to the Public Trust Property, to be accepted and held by the Port subject to the public trust and the Burton Act trust, for the purpose of effectuating the exchange contemplated in the Agreement; and

NOW, THEREFORE,

The STATE OF CALIFORNIA, acting by and through the STATE LANDS COMMISSION, does hereby REMISE, RELEASE AND FOREVER QUITCLAIM to the CITY AND COUNTY OF SAN FRANCISCO, all of its right, title, and interest in the Public Trust Property, to be accepted and held by the CITY AND COUNTY OF SAN FRANCISCO acting by and through the SAN FRANCISCO PORT COMMISSION as trustee pursuant to the Burton Act and AB 418 (as each may be amended from time to time), subject to the public trust and Burton Act trust;

RESERVING THEREFROM any and all minerals and any and all mineral rights of every kind and character now known to exist or hereafter discovered in the Public Trust Property, including but not limited to, oil and gas rights, together with the sole, exclusive, and perpetual right to explore for, remove, and dispose of those minerals by any means or methods suitable to the State or to its successors and assigns, except that, this reservation shall not include the right of the State or its successors or assigns in connection with any mineral reservation, removal, or disposal activity, to do either of the following: (1) enter upon, use or damage the surface of the lands or interfere with the use of the surface by the grantee or by the grantee's successor, assigns or lessees; or (2) conduct any mining activities of any nature whatsoever above a plane located five hundred (500) feet below the surface of the lands without written permission of the Port or its successors or assigns.

IN APPROVAL WHEREOF, I, Edmund G. Brown, Jr, Governor of the State of California, have set my hand and caused the seal of the State of California to be hereunto affixed pursuant to Section 6107 of the Public Resources Code of the State of California. TRUST TERMINATION PATENT

WHEREAS, the City and County of San Francisco, a charter city (City), owned the lands described in Exhibit 1 (Trust Termination Property), a portion of which was acquired pursuant to Chapter 1333, Statutes of 1968, as amended (Burton Act), and a portion of which was later acquired; and

WHEREAS, in accordance with the Burton Act, the Trust Termination Property was within the management and control of the City, acting by and through the San Francisco Port Commission (Port); and

WHEREAS, the State Lands Commission (Commission), at its public meeting in Fresno California on November 29, 2017, approved Staff Report No. 77, which authorized a title settlement and land exchange agreement for Pier 70 (Agreement) between the State of California (State), acting by and through the State Lands Commission, and the Port, pursuant to Chapter 477, Statutes of 2011 (AB 418); and

WHEREAS, the City, acting by and through its Board of Supervisors, by Resolution No. 402-17 adopted on October 31, 2017, approved the Agreement, and authorized the Port to implement the Agreement, including the conveyance of real property to the State, and acceptance of real property from the State, as provided thereunder; and

WHEREAS, the Port, by Port Resolution 17-44 adopted on September 26, 2017, approved the Agreement and authorized the Port Executive Director to implement the agreement;

Pier 70 Trust Exchange, Trust Termination Patent
Assessor's Block ("A.B.") ____, Lot ____

WHEREAS, pursuant to the Agreement, the Port has remised, released, and forever quitclaimed to the State, acting by and through the Commission, all of the City's right, title, and interest in the Trust Termination Property; and

WHEREAS, the State, acting by and through the Executive Officer of the Commission pursuant to Staff Report No.77, has accepted the quitclaim from the Port of the Trust Termination Property; and

WHEREAS, the Commission has found and declared, inter alia, that the Trust Termination Property has been filled and reclaimed and cut off from access to the waters of the San Francisco Bay, is no longer in fact tide or submerged lands, and is relatively useless for purposes of the public trust for commerce, navigation, and fisheries (public trust); and

WHEREAS, pursuant to the Agreement, it is the intent of the State to convey to the City all of its right, title and interest in and to the Trust Termination Property, to be accepted and held by the Port free of the public trust, and free of the use and alienability restrictions of the Burton Act, for the purpose of effectuating the exchange contemplated in the Agreement; and

NOW, THEREFORE,

The STATE OF CALIFORNIA, acting by and through the STATE LANDS COMMISSION, does hereby REMISE, RELEASE AND FOREVER QUITCLAIM to the CITY AND COUNTY OF SAN FRANCISCO, all of its right, title, and interest in the Trust Termination Property, to be accepted and held by the CITY AND COUNTY OF SAN FRANCISCO, acting by and through the SAN FRANCISCO PORT COMMISSION.

This Patent is intended to and does terminate the public trust in the Trust Termination Property, and the Trust Termination Property is hereby forever freed from the public trust. Furthermore, this Patent is part of a public trust exchange pursuant to AB 418, and therefore the Trust Termination Property shall be held by the Port as an asset of the public trust, free of any use or alienation restrictions of the public trust or the Burton Act; provided that the Trust Termination Property, or any portion thereof, shall be subject to the requirements of AB 418 (as may be hereafter amended) for so long as the property, or portion thereof, is held by the Port.

IN APPROVAL WHEREOF, I, Edmund G. Brown, Jr, Governor of the State of California, have set my hand and caused the seal of the State of California to be hereunto affixed pursuant to Section 6107 of the Public Resources Code of the State of California. Given under my hand at the City of Sacramento this ____ day of _____, two thousand ____.

DISPOSITION AND DEVELOPMENT AGREEMENT (28-ACRE SITE PROJECT)

This **DISPOSITION AND DEVELOPMENT AGREEMENT** (including the Appendix and all Exhibits and Schedules attached hereto, as amended from time to time, this “**DDA**”) between the City and County of San Francisco, a municipal corporation and charter city (the “**City**”), acting by and through the San Francisco Port Commission (the “**Port**” or the “**Port Commission**”), and FC Pier 70, LLC, a Delaware limited liability company (together with its permitted successors and assigns, “**Developer**”), is dated for reference purposes only as of the Reference Date specified on the title page to this DDA. Developer and the Port are each a “**Party**” to this DDA.

Initially capitalized and other terms used in this DDA are defined in the *App Part B (Glossary of Defined Terms)* attached hereto or in other Transaction Documents as specified in the Appendix. All definitions and all Transaction Documents are subject to the standard provisions and rules of interpretation in the *App Part A (Standard Provisions and Rules of Interpretation)*.

RECITALS

A. The Port owns about 7 miles of tidelands and submerged lands along San Francisco Bay, including Pier 70, which is generally bounded by Illinois Street on the west, 22nd Street on the south, and the San Francisco Bay on the north and east. The National Park Service approved the Port’s application to list approximately 66 acres of Pier 70, representing the historic shipyard at its maximum buildout in 1945, as a historic district named the Union Iron Works Historic District in the National Register of Historic Places as of April 17, 2014. The Port acquired portions of Pier 70 from the State and other portions from private parties. Most of the lands that the Port acquired from the State are subject to the public trust.

B. Portions of Pier 70 are historic uplands and other portions have been in and out of private and federal ownership, creating uncertainty over the extent to which Pier 70 is subject to the public trust and trust use restrictions. The Legislature authorized State Lands to approve a trust exchange that reorients Pier 70 parcels to benefit the public trust by rationalizing public trust land use restrictions and resolving public trust title uncertainties through the enactment of AB 418. Reorienting the public trust on Pier 70 allows the development of cultural, institutional, office, biotech, other commercial, and residential uses in areas that are least suitable for public trust uses and preserves larger areas along the waterfront or providing access to the Bay for public trust uses. The Port’s revenues from development of the 28-Acre Site will provide the Port with nontrust revenues to help revitalize Pier 70 as a whole for public trust purposes and meet the State’s, the City’s, and the Port’s overarching goals.

C. A portion of Pier 70, referred to herein as the “**28-Acre Site**” currently contains a mix of heavy commercial and light industrial buildings and uses, including warehousing and contractor and construction storage. The 28-Acre Site is described in the legal description attached as **DDA Exhibit A1** and depicted in the site plan attached as **DDA Exhibit A2**. Given its size, historic uses, and adjacent uses, the 28-Acre Site is one of the Port’s most challenging development sites. From 2007 to 2010, the Port staff held community meetings seeking public input to help guide potential development partners at Pier 70 in the context of existing policies for the Eastern Neighborhoods Central Waterfront Plan. Public guidance was incorporated into the vision, goals, objectives, and design criteria of the Pier 70 Master Plan, which the Port Commission endorsed in 2010. The Pier 70 Master Plan creates a strong policy framework and flexible strategies for Port development offerings and implementation initiatives at Pier 70.

D. Using the Pier 70 Master Plan, the Port initiated a public solicitation process by a request for developer qualifications to select a private developer partner for the development of the 28-Acre Site in August 2010. The Port Commission selected Forest City Development

DDA-1

California, Inc., an Affiliate of Developer, for exclusive negotiations for development of the 28-Acre Site by Resolution No. 11-21. The Port entered into negotiations with Developer, resulting in a Term Sheet for redevelopment of the 28-Acre Site as described in more detail below, which was endorsed by the Port Commission by Resolution No. 13-20.

E. The Board of Supervisors found that the Term Sheet presented a plan for development that is fiscally responsible as required by Administrative Code Chapter 29 and endorsed the Term Sheet by Resolution No. 201-13. In its resolution, the Board of Supervisors urged the Port to include the following conditions in the Transaction Documents.

1. Other than the 28-Acre Site, only the Port-owned 20th/Illinois Parcel and the Hoedown Yard will be eligible for inclusion in an expanded 28-Acre Site.
2. Transfer fees will be payable to the Port from the proceeds of the second and each subsequent transfer of condominium parcels in the amount of 1½% of the gross sales price, net of costs of sale only.
3. Developer Return will be calculated only on outstanding Developer Capital.
4. Project-generated Public Financing Sources will be the sole source of public funds to reimburse Developer's historic rehabilitation costs of Building 12 and Building 21, and only to extent necessary for Developer to achieve a 10% profit.
5. Project-generated Public Financing Sources will be the sole source of public funds to reimburse the costs to construct a new building on Parcel E4, contingent on the building containing retail, restaurant, and arts/light-industrial or public uses that are eligible for reimbursement under Governing Law and Policy.
6. If the Board of Supervisors approves a Pier 70 financing plan to provide General Fund financing based on projected revenues from payroll and hotel tax increment to the Port under Charter section B7.310, authorized uses of the General Fund financing will be limited to improvements to Pier 70 areas outside of the 28-Acre Site except to the extent authorized by the approved plan.

The Board of Supervisors also directed the Port to report back on: (a) proposed financing plans for the building on Parcel E4, Building 12, and Building 21 as soon as the Port and Developer have agreed on the approach; and (b) how its recommendations have been included in the Transaction Documents at the Board of Supervisors hearing on Project Approval.

F. The SUD contemplates a variety of building types and uses, which are intended to work interdependently and support each other, including: (1) commercial office; (2) retail, restaurant, and arts/light-industrial; and (3) residential. Residential mixed-use development will create more housing to meet the demand driven by job growth in San Francisco's eastern neighborhoods, reduce commuting times and traffic, support the retail and community spaces at Pier 70, and increase the density of people on the 28-Acre Site, making it an active, vibrant, and safer place. The housing will be located primarily in the mixed-use core of the 28-Acre Site that includes retail, restaurant, and arts/light-industrial uses. Depending on the uses proposed, development within boundaries of the SUD would include between 1,645 to 3,025 residential units, a maximum of 1,102,250 to 1,750,000 gsf of commercial-office use, and a maximum of 494,100 to 518,700 gsf of retail-light industrial-arts use.

G. Among the public benefits within the area covered by the SUD are approximately 9 acres of the following new and expanded parks and shoreline access as identified in the Design for Development that Developer and the Port will provide:

1. Market Square will be a courtyard and plaza at the heart of the area's historic core, bounded by Building 2 and Building 12.

2. The Waterfront Terrace along the northernmost section of the water's edge at the site will connect 20th Street with dramatic views of the Bay and ongoing ship repair activities to the north and include a flexible lawn space for public use and an extension of the Bay Trail and the Blue Greenway.

3. Slipways Commons will be linear open space at the center of the 28-Acre Site that connects the historic buildings and will be flanked on both sides by active uses. Its terminus at the water will support an event plaza and a viewing pavilion adjacent to the existing piers.

4. Waterfront Promenade along the southernmost portion of the waterfront will create a shoreline promenade with outdoor dining, seating terraces, and a pedestrian and bicycle pathway. The Bay Trail and the Blue Greenway will be aligned through this open space.

5. Useable and publicly-accessible open space for active recreation uses will be located on the rooftop of a building in the 28-Acre Site Project, subject to availability of public financing sources.

6. The 20th Street Plaza, which will function as a place of entry to the 28-Acre Site Project, and Irish Hill Playground with a picnic area, a seating terrace, and connections to all surrounding streets, will be developed in coordination with development of the 20th/Illinois Parcel and the adjacent Hoedown Yard (assuming the City exercises its purchase option).

H. On November 4, 2014, San Francisco voters approved the *Union Iron Works Historic District Housing, Waterfront Parks, Jobs and Preservation Initiative* (Proposition F), which authorized increased height limits on the 28-Acre Site and established a City policy to encourage development of the 28-Acre Site with the major features listed below:

1. approximately 1,000 to 2,000 new residential units; most of these units would be rental units, and 30% would be below market rate and affordable to middle- and low-income households;

2. restoration and reuse of historic structures;

3. space for arts and cultural activities, nonprofits, small-scale manufacturing, retail, and neighborhood services;

4. preservation of the artist community presently located in Building 11;

5. between 1 million and 2 million gsf of new commercial and office space;

6. parking and transportation improvements; and

7. a significant number of permanent jobs.

I. The City has analyzed potential environmental impacts of the 28-Acre Site Project and identified mitigation measures in the Final EIR and MMRP in accordance with the requirements of CEQA.

J. As of the Reference Date, the Port, Board of Supervisors and various City Agencies have adopted all Project Approvals shown on **DDA Exhibit A3**, including approval of this DDA by the Port and Board of Supervisors.

K. The Parties have negotiated and enter into this DDA with reference to the facts and circumstances above.

[Remainder of page intentionally left blank.]

AGREEMENT

1. PROJECT OVERVIEW

1.1. Purpose and Term.

(a) Purpose. This DDA governs the Parties' respective rights and obligations with respect to the 28-Acre Site Project and incorporates all requirements and limitations under the Project Approvals and implementing documents attached as DDA Exhibits.

(b) Term.

(i) The DDA Term will begin on the Reference Date.

(ii) Unless terminated under **Article 12** (Material Breaches and Termination), the DDA Term will end on the earlier of: (a) the date that is 25 years after the Reference Date, as that date may be extended by Excusable Delay for any reason other than Down Market Delay; and (b) the date that the Port issues the final SOP Compliance Determination for Horizontal Improvements in the FC Project Area.

(iii) Termination of this DDA will not affect any provisions of this DDA, the Acquisition Agreement, the Financing Plan, or other Transaction Documents that expressly survive termination.

1.2. **Public Trust Exchange.** The 28-Acre Site Project is predicated on effecting the Public Trust Exchange between the Port and State Lands. Development of the 28-Acre Site Project cannot proceed until the Public Trust Exchange has closed and the public trust is permanently lifted from all Development Parcels and the 20th/Illinois Parcel by agreement between State Lands and the Port under AB 418. The Port will diligently take all actions to implement the Public Trust Exchange in a timely manner as soon as practicable after the Reference Date.

1.3. **Project Description.** The 28-Acre Site Project consists of the horizontal and vertical development of the 28-Acre Site consistent with the Waterfront Plan and the SUD. Key elements of the 28-Acre Site Project are summarized in this Section.

(a) Development. This DDA establishes the Parties' respective rights and obligations, including Project Requirements and Regulatory Requirements, that will apply to horizontal development of the FC Project Area and vertical development of the 28-Acre Site.

(i) Developer has the nontransferable right and obligation to complete construction of Horizontal Improvements for Phase 1 and the right to horizontal development of and the obligation to complete construction of Horizontal Improvements for the remaining Phases, subject to **Article 6** (Transfers). As master developer for the 28-Acre Site Project, Developer is responsible for orchestrating horizontal development efficiently in coordination with vertical development.

(ii) Upon satisfaction or waiver of conditions precedent set forth in **Article 8** (Delivery of Master Lease), the Port and Developer will enter into the Master Lease for all of the 28-Acre Site except for the Building 11 Site, the PG&E Remediation Site, the Pump Station Site, the Affordable Self-Storage Site and the Building 21 Site (as those terms are defined in the Master Lease), all in accordance with the procedures of **Article 8** (Delivery of Master Lease). Through Escrow, each Development Parcel that the Port conveys to a Vertical Developer will be released from the Master Lease and this DDA. Vertical Developers will assume obligations relating to the applicable Development Parcel under a Vertical DDA, which will set forth the allowable scope of development and may include requirements for Deferred Infrastructure. Upon acceptance by the City

or the Port, as applicable, of Phase Improvements, the applicable Phase Area underlying the Phase Improvement will be released from the Master Lease.

(b) 28-Acre Site. The 28-Acre Site on the Reference Date is described in the legal description attached as **DDA Exhibit A1**. Any of the Illinois Street Parcels for which Developer is the successful bidder will become part of an expanded 28-Acre Site. The 28-Acre Site and the Illinois Street Parcels are shown on the site plan attached as **DDA Exhibit A2**.

(c) Louisiana Street Parcel. Port will diligently and in good faith pursue a minor boundary adjustment to the Historic Pier 70 Premises that will remove the Orton Louisiana Parcel referenced in **Subsection 15.1(d)** (Louisiana Parcel Improvements) from the Historic Pier 70 Premises. The minor boundary adjustment will be documented through the recordation of a Memorandum of Technical Corrections (or comparable legal instrument) that will remove the Orton Louisiana Parcel from the Historic Pier 70 Premises. Concurrently with the recordation thereof, the Parties will promptly enter into and record a Memorandum of Technical Corrections that will revise **DDA Exhibit A1** and **DDA Exhibit A2** to include the Orton Louisiana Parcel, as generally shown on **DDA Exhibit A8**, as part of the 28-Acre Site.

(d) Phasing and Land Use Generally. The 28-Acre Site Project has been divided into three Phases, as shown in the Phasing Plan attached as **DDA Exhibit B1**, which illustrates the expected size, order, and duration of the 28-Acre Site Project's Phases and the Parties' best estimates of the conditions forecast for the expected development period. Each Phase Area includes Development Parcels and areas that will be developed as public rights-of-way, parks, and public access areas. Features of Phases are discussed in **Article 2** (Project Phasing), and Phase Approval procedures are addressed in **Article 3** (Phase Approval). The SUD, including the Design for Development, establishes the permitted land uses for the 28-Acre Site Project. The Land Use Plan shown in *D4D Fig 2.1.1* is attached for reference as **DDA Exhibit A4-1**. The Land Use Plan includes a number of Flex Parcels that may be developed for either residential or commercial use. A potential development program that achieves a midpoint between residential and commercial uses is shown for illustrative purposes only in the 28-Acre Site Midpoint Program attached hereto as **DDA Exhibit A4-2**.

(e) Parcels under City and Port Control of Land Uses. In all cases subject to the SUD and the Design for Development, the Port and City will determine the land uses and development programs for the following Development Parcels, none of which are Option Parcels, as follows:

(i) The Port, in its sole discretion and in consultation with MOHCD, will determine the development programs for the Affordable Housing Parcels, which are currently identified as Parcel K South, and Parcels C1B and C2A.

(ii) The Port, in its sole discretion and in consultation with the City, will determine the land uses and development program for the Hoedown Yard.

(iii) The Port, in its sole discretion, will determine the land uses and development program for Parcel C1A, provided the Port may only permit residential uses if MOHCD allows such uses in accordance with the Affordable Housing Plan.

(f) Horizontal Improvements.

(i) The Design for Development provides the vision, intent, and requirements for the future design of public realm improvements within the 28-Acre Site, including street and sidewalk landscaping and furnishings, public parks, and other public access areas in conformity with the SUD. This DDA sets forth the Parties' respective roles regarding Developer's horizontal development activities and applicable construction procedures and standards described in **Article 14** (Construction Generally), and **Article 15** (Horizontal Development).

(ii) The Schedule of Performance establishes deadlines by which Developer must achieve key benchmarks within each Phase of the 28-Acre Site Project, subject to Excusable Delay under **Article 4** (Performance Dates). Developer's failure to meet certain key benchmarks in the Schedule of Performance would result in a Material Breach for which the Port could exercise remedies up to termination of this DDA under **Article 12** (Material Breaches and Termination).

(iii) Developer is obligated to construct all of the Horizontal Improvements for the FC Project Area that are described in the Infrastructure Plan attached as **DDA Exhibit B8**, as amended by the Streetscape Master Plan when approved. The Port, SFMTA, Planning Department, San Francisco Fire Department and Public Works will approve the Streetscape Master Plan under this DDA and the ICA, and SFPUC will approve the Master Utilities Plans under the ICA. The City's Subdivision Code regulates the Subdivision Map process.

(iv) Developer may request that the Port require Vertical Developers of specified Development Parcels to build certain elements of Deferred Infrastructure identified in the Improvement Plans, which request may occur at the Phase Submittal, Basis of Design Report and/or Appraisal Notice submittal. To the extent approved, the Port will include the Vertical Developer's obligation to construct the applicable Deferred Infrastructure in the applicable Vertical DDA. The proposed treatment of Deferred Infrastructure is described briefly in this clause and in more detail in **Subsection 15.6** (Deferred Infrastructure) and is subject to **Section 6.5** (Releases).

(1) Developer will retain the obligation to build and complete Deferred Infrastructure in each Phase unless the Director of Public Works and/or Acquiring Agency, as applicable, has agreed to permit some or all of these obligations to be imposed on an applicable Vertical Developer as Deferred Infrastructure pursuant to procedures developed under the ICA.

(2) To avoid damage to Public Spaces during vertical construction of adjacent Development Parcels, the Port will include a requirement in Vertical DDAs for applicable Development Parcels that the applicable Vertical Developer complete Deferred Infrastructure within a zone of up to 40 feet within the Public Spaces and mid-block passages adjacent to the applicable Development Parcel (including Market Square (OS-2) that will be built in the air parcel above Parcel D);

(3) The Other Acquiring Agencies have no obligation to agree to Deferred Infrastructure under this DDA or the ICA. A Phase Approval by the Port based on a Phase Submittal that includes Developer's proposal for Deferred Infrastructure will have no effect on any Other Acquiring Agency. Developer will be responsible for obtaining each affected Other Acquiring Party's consent to releasing Developer from obligations regarding some or all Deferred Infrastructure and will retain all responsibility for Horizontal Improvements to the extent that any Other Acquiring Party does not provide its express consent.

(v) The Port has agreed to undertake and fund the construction of the Michigan Street segment and, under certain conditions, Irish Hill Playground.

(vi) Phase Improvements will be reviewed and approved by applicable City Agencies and the Port through submittal of Subdivision Maps and improvement plans in accordance with the Project Requirements and Regulatory Requirements, including the ICA. Before the City (including the Port) may file a

DDA-6

Phase Final Map for recordation or issue any Construction Permit allowing construction of Phase Improvements, Developer must first obtain Port approval of a Phase Submittal for such Phase, in accordance with the Phase Approval procedures set forth in **Article 3** (Phase Approval).

(g) Vertical Development.

(i) Vertical development will include a mix of office, retail, restaurant, arts/light-industrial, and market rate and affordable residential uses conforming to the Waterfront Plan, and the SUD, which includes the Design for Development. The SUD and the Waterfront Plan regulate vertical development, and the Design for Development provides the vision, intent, and requirements for the design of Vertical Improvements.

(ii) In accordance with the procedures set forth in **Article 7** (Parcel Conveyances and Delivery of Associated Public Benefits), the Port will ground lease or sell Development Parcels to Vertical Developers in accordance with the terms and conditions of a Vertical DDA and implementing documents that will set forth applicable development obligations, including the Port's and Vertical Developers' respective roles regarding vertical development activities and applicable procedures and standards.

(h) Certain Other Obligations.

(i) Developer must comply with the Affordable Housing Plan attached as **DDA Exhibit B3** that governs the obligations of the Developer and Affordable Housing Developers for the delivery and development of the Affordable Housing Parcels. The Affordable Housing Plan also governs the obligations that will be binding on Vertical Developers for the delivery of affordable housing, including on-site Inclusionary Units and BMR Units, the payment and use of the 28-Acre Site Affordable Housing Fee and the 28-Acre Site Jobs/Housing Equivalency Fee for production of affordable housing within the AHP Housing Area.

(ii) Developer must comply with the obligations that are identified as Developer obligations in the Transportation Program, which includes the Pier 70 TDM Program, attached as **DDA Exhibit B5**.

(iii) The MMRP attached as **DDA Exhibit A6** describes all of the measures required to mitigate environmental impacts of the 28-Acre Site Project and identifies a responsible person for each measure. Developer is required to undertake all Developer Mitigation Measures.

(iv) Developer will rehabilitate or cause to be rehabilitated Historic Building 12 and Historic Building 21, and if it exercises its Option, Historic Building 2, all in accordance with the Secretary's Standards. Financial terms for the Port's subsidy of Developer's rehabilitation, operation, and leasing costs for Historic Building 12 and Historic Building 21 are described in *FP Art 11 (Historic Buildings)*.

(v) Developer must cause to be developed a new Arts Building on Parcel E4 for arts uses as more particularly described in **Section 7.12** (Arts Building).

(vi) Within the Arts Building, or elsewhere as may be determined by Developer for a Phase (subject to the timing set forth in the Schedule of Performance), Developer must cause to be provided as part of the 28-Acre Site Project replacement space for the Noonan Tenants as more particularly described in **Section 7.13** (Noonan Replacement Space).

(vii) Developer will cause to be provided a minimum of 50,000 gross floor feet of PDR-restricted space within the 28-Acre Site Project.

(viii) Developer will comply with the requirements of the Workforce Development Plan attached as **DDA Exhibit B4** that are applicable by their terms to Developer, which includes goals and targets for local hiring and local business enterprise utilization, compliance with the City's First Source Hiring program and providing funding for CityBuild and TechSF job readiness and training programs, all as more particularly set forth therein.

(i) Financing Plan. The Financing Plan for the 28-Acre Site Project, attached as **DDA Exhibit C1**; establishes the Parties' agreement on eligible Horizontal Development Costs, the flow of Project Payment Sources for eligible costs, and revenue-sharing.

(j) Conveyances.

(i) Through the exercise of its Option under **Article 7** (Parcel Conveyances and Delivery of Associated Public Benefits), Developer will have vertical development rights to each Option Parcel. Developer must exercise its Option rights on behalf of itself or a Vertical Developer Affiliate in accordance with the Phase Schedule of Performance for Option Parcels, including Early Lease Parcels, as described in **Subsection 2.2(f)** (Early Lease Parcels) and **Subsection 2.2(g)** (Option Parcels). If Developer fails to exercise its Option on behalf of itself or a Vertical Developer Affiliate by the applicable Outside Date or if Developer elects not to exercise the Option after an appraisal, the Port will offer the Option Parcel to third parties through a Public Offering. Conveyance of each Option Parcel to any Vertical Developer will be governed by a Vertical DDA entered into between Port and the applicable Vertical Developer, substantially in the form attached as **DDA Exhibit D2**, that sets forth procedures and conditions precedent to Close of Escrow for the applicable Option Parcel and certain terms and conditions governing construction of improvements thereon. At Close of Escrow under a Vertical DDA, the Port will convey Option Parcels that are offered for lease by Parcel Leases substantially in the form attached as **DDA Exhibit D3** and will convey parcels that are to be sold in fee by Quitclaim Deed substantially in the form attached to the form of Vertical DDA.

(ii) Procedures in **Article 7** (Parcel Conveyances and Delivery of Associated Public Benefits) will govern Port conveyances of Option Parcels, including procedures for establishing Fair Market Value, Developer's exercise of its Option, and Public Offerings if Developer elects not to exercise its Option.

(iii) The treatment of the Affordable Housing Parcels is addressed in **Section 7.16** (Affordable Housing Parcels) and the Affordable Housing Plan attached as **DDA Exhibit B3**. Procedures for conveyance of specific other parcels are addressed in **Section 7.9** (20th/Illinois Parcel), **Section 7.10** (Hoedown Yard), and **Section 7.12** (Arts Building).

(k) Controlling Laws. Nothing in this DDA affects the Parties' respective obligations under this DDA to comply with the Regulatory Requirements and the Development Agreement, as applicable to Improvements required or permitted to be made to the FC Project Area.

1.4. Special Use District. The SUD prescribes allowed uses and certain development standards at the 28-Acre Site and the Illinois Street Parcels. Planning Code provisions covering matters that are not addressed in the SUD will apply to the 28-Acre Site, subject to the Development Agreement.

2. PROJECT PHASING

2.1. Schedule of Performance. The Outside Dates for major benchmarks related to the 28-Acre Site Project are specified in the Schedule of Performance attached as **DDA Exhibit B2**, subject to **Article 4** (Performance Dates). The Schedule of Performance includes Outside Dates by Phase for the conveyance of all of the Option Parcels by Parcel Lease or in fee, as applicable, and the timing for delivery of Horizontal Improvements, including Public Spaces and Public ROWs, and Associated Public Benefits. Developer may request changes to Outside Dates or other revisions to the Schedule of Performance, subject to the Port's approval under **Section 3.3** (Changes to Phase) and **Section 3.4** (Changes to Project after Phase 1). Following a Transfer, the Port, Developer, and the Transferee may discuss whether to maintain one or more separate schedules of performance related to the Transferee's obligations under this DDA for the remainder of the 28-Acre Site Project or for any relevant Phase, but the Port will make the final decision in its reasonable judgment.

2.2. Development Process for Each Phase. This Section sets forth the process for Port approval of horizontal development for each Phase.

(a) **Phase Submittal.** Developer must submit a Phase Submittal to the Port for each Phase before the Outside Date in the Schedule of Performance.

(b) **Subdivision Maps.** The Map Act authorizes local jurisdictions to adopt local procedures to implement Map Act requirements for subdivisions and prohibits local agencies from filing Final Maps unless the consent of all persons holding title to the subdivided land is on file in the local recorder's office. Developer agrees not to submit any Subdivision Map to Public Works for review and approval under the Subdivision Code without the Port's prior consent. Port approval of a Phase Submittal in accordance with the Phase Approval procedures is a prerequisite to the recordation of a Phase Final Map (but not a Final Transfer Map) or issuance of any Construction Permit allowing construction of Phase Improvements.

(c) **Phase Improvements and Associated Public Benefits.** Developer must obtain required Regulatory Approvals for Phase Improvements, and Commence Construction and construct Phase Improvements (including Public Spaces and Associated Public Benefits) in accordance with applicable Project Requirements and Regulatory Requirements and with the Schedule of Performance.

(d) **Fair Market Value Determinations.**

(i) Developer may initiate the Fair Market Value determination process for each Option Parcel in the Phase under **Article 7** (Parcel Conveyances and Delivery of Associated Public Benefits) at any time after submitting its Phase Submittal, but must execute a Vertical DDA for the Option Parcel no later than the Outside Date therefor specified in the Schedule of Performance.

(ii) The Port will use a proprietary appraisal to determine the Fair Market Value for Parcel K North.

(iii) The Financing Plan describes procedures for determining the Historic Building Feasibility Gaps for Historic Building 12 and Historic Building 21.

(iv) **Section 7.11** (Historic Building 2) describes procedures for determining the Fair Market Value of Historic Building 2.

(e) **Parcel Conveyances.** The Port will enter into a Vertical DDA with a Vertical Developer Affiliate if Developer exercises its Option, or with a third-party Vertical Developer if selected through a Public Offering, and Close of Escrow on the DDA-9

applicable Development Parcel will occur in accordance with the terms and conditions of the Vertical DDA. Each Vertical DDA will include procedures for the Vertical Developer to obtain required Regulatory Approvals for its Vertical Improvements and, subject to **Section 15.6** (Deferred Infrastructure) and **Section 6.5** (Releases), any Deferred Infrastructure.

(f) **Early Lease Parcels.** This Subsection applies to the first Option Parcel to be conveyed to a Vertical Developer Affiliate by Parcel Lease in each of Phase 1 and Phase 2 (each, an “**Early Lease Parcel**”). Developer must timely exercise its Option and Close Escrow for each Early Lease Parcel no later than two years after Commencement of Construction for the Phase. If Close of Escrow does not occur for an Early Lease Parcel within the time required, then Port may place the Early Lease Parcel for Public Offering in accordance with **Section 7.5** (Public Offering Procedures).

(g) **Option Parcels.** The Developer or a Vertical Developer Affiliate must Close Escrow on all of the Option Parcels no later than three years after issuance of an SOP Compliance Determination for all Phase Improvements within the applicable Phase other than Public Spaces. Failure to Close Escrow as to any Option Parcel in the Phase by the Outside Date will not be an Event of Default, but will terminate the Option as to the applicable Option Parcels in the applicable Phase that have not Closed Escrow as of the Outside Date.

2.3. Phase Areas.

(a) **Boundaries.** The preliminary boundaries of the Phase Areas are shown in the Phasing Plan. Developer may request changes to the boundaries of any Phase Area other than Phase 1 through a Phase Submittal in accordance with the Phase Approval procedures, or through an amendment to the applicable Phase Submittal. Final boundaries of parcels within each Phase Area will be established through the recordation of Phase Final Maps.

(b) **Phase Improvements and Associated Public Benefits.** Because the 28-Acre Site Project will be built out over a number of years, the amount and timing of the Phase Improvements and Associated Public Benefits are allocated by Phase in accordance with the Schedule of Performance. Developer may request changes to the timing of the Phase Improvements and Associated Public Benefits in accordance with **Section 3.3** (Changes to Phase) and subject to Excusable Delay.

(c) **Phasing Order.** Developer must submit Phase Submittals in the order that the Port has approved under the Phasing Plan. Developer may request changes to the approved order, subject to the Port’s approval under **Article 3** (Phase Approval).

2.4. Phasing Goals. The Phasing Plan reflects the following Phasing Goals.

(a) **Proportionality.** Phase Improvements, including Public Spaces, and Associated Public Benefits should be provided proportionately with the development of market-rate housing and commercial-office uses taking into account the 28-Acre Site Project as a whole. The Parties acknowledge that Phase 1 includes more Horizontal Improvements and Associated Public Benefits for the 28-Acre Site Project as a whole than Later Phases will provide.

(b) **Rational Development.** Horizontal Improvements should be developed in an orderly manner and consistent with the Infrastructure Plan, Streetscape Master Plan, Affordable Housing Plan, and Transportation Program. Finished portions of the 28-Acre Site Project should be generally contiguous.

(c) **Appropriate Development.** The scope of Horizontal Improvements should be appropriate for the Vertical Improvements to be built in each Phase Area. Horizontal

development should be timed to coordinate with the needs of vertical development. Completed infrastructure must provide continuous reliable access and utilities to then-existing visitors, residents, and businesses.

(d) Market Timing. The boundaries and mix of uses within the Phase should be designed to minimize unsold inventory of Development Parcels.

(e) Maximize Value and Benefits. Associated Public Benefits and the nontrust revenues that the 28-Acre Site Project can deliver to the Port for trust uses should be maximized. In doing so, Project Payment Sources and their uses should be allocated to maximize revenues to the Port and Developer.

(f) Flexibility. Flexibility to respond to market conditions, cost and availability of financing, and economic feasibility should be provided.

3. PHASE APPROVAL

3.1. Phase Submittal. Developer must submit a Phase Submittal on or before the Outside Dates in the order set forth in the Schedule of Performance (as the same may be updated from time to time in accordance with the Phase Approval procedures in this Article 3 (Phase Approvals)). Phase Submittals consistent with the Phasing Plan will be submitted for the Port Director's approval. Developer will submit Phase Submittals that include a request for revisions to the Phasing Plan or Schedule of Performance to the Port Director or Port Commission for approval, as required under Section 3.3 (Changes to Phase) or Section 3.4 (Changes to Project after Phase 1).

3.2. Phase Approval Procedures.

(a) Generally.

(i) Phase Improvements will be reviewed and approved by the Port and applicable Other City Agencies through submittal of Subdivision Maps and Improvement Plans in accordance with the Project Requirements and Regulatory Requirements, including the ICA and Article 13 (Improvement Plans). Developer intends to obtain City approval of a Tentative Map for the 28-Acre Site Project, including conditions of approval. The Developer intends for the Tentative Map to provide for Developer's submittal of a series of Phase Final Maps, which must meet the conditions of approval of the Tentative Map in accordance with the Subdivision Code and applicable Project Approvals.

(ii) Before the City (including the Port) may file a Phase Final Map for recordation, Developer must obtain a Phase Approval to verify that the Phase will be developed consistently and in conformity with the DDA and other applicable Project Requirements and Regulatory Requirements. Approval of a Phase Submittal will not be required for the issuance of Construction Permits for Site Preparation in any Phase.

(iii) Developer may submit Phase Final Maps and Improvement Plans for review by City Agencies in advance of the Phase Submittal application. Each City Agency will review and provide comments on these submittals in a timely manner in accordance with the ICA. Developer may submit completed drawings for a Phase Final Map approval or other Construction Permit allowing construction of Phase Improvements within a particular Phase at the same time it submits the Phase Submittal and before the Phase Approval, and the City Agencies will provide review and comment in accordance with the ICA. No City Agency may issue any Construction Permit for the applicable Phase other than Construction Permits for Site Preparation until Developer has obtained a Phase Approval for the property that is the subject of the Phase Submittal application. If

DDA-11

Developer requests changes to the Phasing Plan or Schedule of Performance as part of the Phase Submittal that require Port approval under **Section 3.3** (Changes to Phase) or **Section 3.4** (Changes to Project after Phase 1), City Agencies may defer their review of the Phase Final Maps and Improvement Plans until the Port has approved the Phase Submittal application.

(b) Phase Submittal. No-later than the applicable Outside Date in the Schedule of Performance, Developer will submit a Phase Submittal to the Port Director for the Port's approval. Each Phase Submittal will include the information and documents listed below.

(i) Narrative Statement. Developer must provide an overview of the Phase that addresses the matters described below. The narrative statement must include:

- (1) a description of the Phase Area and explanations for any proposed changes to the Phase Area from the boundaries of the Phasing Plan;
- (2) the Phase Improvements and explanations for any proposed changes to the scope of Phase Improvements;
- (3) the proposed land use program for each building, if known, including Product Type and housing tenure of residential uses, office development that would be subject to the provisions for office development attached as **DDA Exhibit A5** (Provisions for Office Development), and off-site parking to be provided, if any;
- (4) conformity with and any proposed variances to the streetscape, open space and parking standards (to the extent applicable to the Phase Improvements) from the Design for Development and Streetscape Master Plan;
- (5) application of and conformity with the Affordable Housing Plan, Transportation Program and Developer Mitigation Measures;
- (6) amount and location of childcare facilities and PDR space in the Phase, if applicable;
- (7) a description of the manner in which the Workforce Development Plan will apply to construction and operations within the Phase, including identifying the designated Development Parcels that will be subject to the small retail business marketing requirements described in *Workforce Plan § III.D.3* (Local Diverse Small Business Retail Marketing Program);
- (8) the Associated Public Benefits within the Phase and explanations for any proposed changes to Associated Public Benefits;
- (9) explanations for proposed changes to the boundaries of any Development Parcels in the Phase from those shown on the Tentative Map;
- (10) explanations for any proposed changes to the Phasing Plan, which the Port will consider as described in **Section 3.3** (Changes to Phase) and **Subsection 3.2(e)** (Phase Submittal Approval);
- (11) a Phase schedule that shows in reasonable detail Developer's anticipated schedule for Site Preparation, initial street construction, and phasing of Development Parcels and Public Spaces

DDA-12

based on its commercially reasonable assumptions for unknown conditions;

(12) for Phase Submittals other than Phase 1, a report that shows the 28-Acre Site Project's performance with the goals set forth in the Sustainability Plan that was presented to the Port Commission in advance of the Project Approvals;

(13) subject to the procedures in **DDA Exhibit A5** (Provisions for Office Development), a notice of intent to construct commercial office space that would be counted against the maximum annual limit under Planning Code section 321, including anticipated total gsf of office development anticipated for each Option Parcel; and

(14) for the Phase 3 Submittal, potential locations for a minimum of 20,000 gsf of contiguous rooftop open space that could be used for active recreation accessible to the public, subject to availability of sources of public funding, as described in **Section 7.15** (Rooftop Open Space).

(ii) **Phase Budget.** Developer must submit an updated Summary Proforma based on the proposed land use program for the Phase and the results of the meeting under **Subsection 3.2(c)** (Pre-Submittal Conference and Presentation), which must be consistent with the DDA, the Infrastructure Plan, the Streetscape Master Plan, the Financing Plan, and the other contents of the Phase Submittal and reflect, to the extent applicable:

(1) changes to assumptions underlying the previously-submitted Summary Proforma;

(2) changes, if any, to the land uses designated for Development Parcels in the Phase;

(3) for Phase 1, the projected Historic Building Feasibility Gap for Historic Building 12 using the formula in *FP § 11.2 (Determining Whether Feasibility Gap Exists)*;

(4) for Phase 2, the projected Historic Building Feasibility Gap for Historic Building 21 using the formula in *FP § 11.2 (Determining Whether Feasibility Gap Exists)*;

(5) updates to preliminary estimates of Horizontal Development Costs for each Later Phase of the 28-Acre Site Project to the extent reasonably available or applicable;

(6) for each Prior Phase, a reconciliation of the approved Phase Budget against its actual Horizontal Development Costs, accrued Developer Return, and accrued Interest on Port Capital until its Phase Audit Date;

(7) updates to projections of Project Payment Sources that would be available to fund Horizontal Development Costs, including Developer's reasonable estimate in its professional judgment of the aggregate Fair Market Value of all Development Parcels in the Phase Area; and

(8) Developer's proposal for allocating Developer Capital and Project Payment Sources to pay projected Horizontal Development Costs for the Phase.

(iii) Cost Estimates. Developer will provide the Current Phase cost estimates for informational purposes based on the design information available at the time of the Phase Submittal. Cost estimates will not be used to determine the final project cost, which will be the actual cost of the Phase Improvement or Component determined in accordance with the Financing Plan and Acquisition Agreement.

(iv) Data Charts. Developer must provide detail for:

(1) the land use mix, Product Type and housing tenure for residential uses, and building height proposed for each Development Parcel, to the extent known;

(2) the maximum and minimum range of residential density or commercial square footage that can be allocated to each Development Parcel in the Phase, which will be established finally in the Appraisal Instructions for the Development Parcel and enforced through the Vertical DDA;

(3) the housing data table described in *AHP § 2.3(b) (Housing Data Table)*, including a description of how the 28-Acre Site Project will maintain an average affordability level to the extent required if 4% LIHTCs are no longer available, and the Product Type and housing tenure of all residential projects under approved Vertical DDAs then in effect;

(4) compliance of the Phase with the parking standards and aggregate parking ratios permitted under the SUD and Design for Development, which will be in the form of a parking data chart specifying how many spaces Developer proposes for the Phase and, when applicable, spaces previously built or under construction;

(5) compliance of the Phase with the office development limitation of 1.75 million square feet as prescribed in Planning Code section 249.79(g)(17), which will set forth the maximum amount of office space that Developer anticipates for the Phase and, when applicable, the amount of office space previously approved in any Phase;

(6) percentage of the total allowable building program that would be completed at Phase build-out; and

(7) status of build-out in any Prior Phases, including Associated Public Benefits.

(v) Schedules of Performance. Developer must provide evidence of compliance with the Schedule of Performance, subject to Excusable Delay under Article 4 (Performance Dates), or request that the Port Director (or Port Commission, if applicable) extend Outside Dates in its Phase Approval.

(vi) Financial Capacity. Developer must show evidence reasonably acceptable to the Port of Developer's financial capacity to pay Horizontal Development Costs of Phase Improvements to be funded by Developer Capital. For the purpose of the Phase Submittal, that amount will be assumed to be the cost of Phase Improvements shown in the Summary Proforma, less the amount of any projected Early Mello-Roos Bond Proceeds. Evidence of financial capacity may include a sworn affidavit by an authorized officer of Developer as to sources of equity with copies of certified resolutions demonstrating each equity source's

commitment to fund the 28-Acre Site Project and financing letters of intent or commitments from proposed lenders.

(vii) Option Parcels. Developer must make a nonbinding statement as to each Option Parcel in the Phase Area regarding whether it intends to: (1) exercise its Option; and (2) request that the Vertical Developer be obligated to construct Deferred Infrastructure in its Vertical DDA, subject to **Subsection 15:6** (Deferred Infrastructure) and **Section 6.5** (Releases).

(viii) Insurance. The form, amount, type, terms, and conditions of insurance coverages required of Developer in connection with the applicable Phase to the extent different from the insurance requirements provided under the Master Lease or License.

(ix) Adequate Security. The estimated Secured Amount and type and form of Adequate Security, including, with respect to a Guaranty, evidence that Obligor is prepared to issue a Guaranty satisfying the requirements of **Article 17** (Security for Project Activities).

(x) Impact Fees and Exactions. A summary table that shows impact fees and exactions paid by Developer or Vertical Developers in accordance with the Development Agreement in all Prior Phases to date on a per-building basis.

(xi) Associated Public Benefits Report. The Phase Submittal for Phase 3 will include the Associated Public Benefits Report described in **Section 7.21** (Report on Associated Public Benefits) that will track 28-Acre Site Project compliance to-date with the Associated Public Benefits provided under **Section 7.11** (Historic Building 2) through **Section 7.20** (Priority Retail along Slipways Commons).

(c) Pre-Submittal Conference and Presentation.

(i) Pre-Submittal Conference. Not less than 30 days before submitting a Phase Submittal, Developer will submit to the Port Director drafts of the primary documents listed in **Subsection 3.2(b)** (Phase Submittal) and any other information as Developer will so desire concerning the applicable Phase. Developer will meet with the Port at least 20 days before the date on which Developer intends to submit a Phase Submittal, at a mutually acceptable date and time and with appropriate Port staff that elect to attend. Developer may submit information and materials iteratively, and Developer and the Port may agree to hold additional pre-Submittal meetings as they deem useful or appropriate. If Developer fails to schedule a pre-Submittal meeting before submitting a Phase Submittal, such failure will not, by itself, be an Event of Default, and instead the Port's time for review of the Phase Submittal will be extended by 30 days. At the pre-Submittal meeting, the Parties will cover Developer's draft submittals, the following topics, and any other topics that the Parties may deem useful or appropriate.

(1) Market Conditions. The Parties will discuss whether they have observed or anticipate any significant changes in market conditions during the expected term of the Phase, including potential impacts on the costs of labor and materials.

(2) Fair Market Value Estimate. The Parties will review any recent information on updated estimates of the aggregate Fair Market Value of Development Parcels at the 28-Acre Site that the Port has not yet conveyed.

(3) Proforma. Developer will indicate updates to the Proforma and whether it intends to assign responsibility for Deferred Infrastructure to Vertical Developers, to the extent known. The Parties will discuss the expected impact of the changes on the Phase Budget.

(4) Estimate of Public Financing Sources. Based on the estimated Fair Market Value of Development Parcels in the Phase, the Parties will develop estimates of Mello-Roos Taxes, Tax Increment, and bonding capacity for the Phase.

(5) Insurance. Developer must initiate discussion of any proposed changes to the insurance requirements under the Master Lease or License.

(6) Changes to Phasing Plan or Schedule of Performance. Developer will indicate whether it intends to request any changes to the Phasing Plan or Schedule of Performance in connection with the applicable Phase Submittal, for purposes of determining the Port's approval process.

(ii) Public Presentations.

(1) Developer will make an informational presentation of each Phase Submittal to CWAG at least 30 days before the Port Director (or Port Commission, if applicable) may issue a Phase Approval. The Port will cooperate with Developer to schedule and notice this presentation by publication, posting, mailing, or other means reasonably aimed at providing stakeholders with an opportunity to attend the presentation. If a CWAG presentation cannot be scheduled 30 days or more before the date the Port Director (or Port Commission, if applicable) is scheduled to act on the Phase Submittal under **Subsection 3.2(d)** (Port Review), Developer will have the option to present at the next scheduled CWAG meeting or to host an informational presentation, providing a minimum of two weeks' notice by publication, posting, mailing or other means reasonably aimed at providing stakeholders with an opportunity to attend the presentation, so long as the CWAG or informational presentation occurs at least 30 days prior to the date the Port is scheduled to act on approval of the Phase Submittal in accordance with **Subsection 3.2(e)** (Phase Submittal Approval).

(2) For Phase Submittals that are subject to Port Director approval under **Subsection 3.2(e)(i)**, Developer will make an informational presentation to the Port Commission at least 14 days before the Port Director may issue a Phase Approval.

(3) As provided in Planning Code section 249.79(j) (Review and Approval of Development Phases and Horizontal Development), Developer must make an informational presentation of each Phase Submittal to the Planning Commission and the Historic Preservation Commission, and seek comment from these commissions at least 14 days before the Port may grant a Phase Approval. The Port will reasonably cooperate with Developer, including coordinating calendar and noticing requirements, making Port staff available to attend the hearings and preparing or reviewing applicable staff reports with the goal of scheduling the Planning Commission and Historic Preservation Commission hearings in sufficient time so as not to cause a delay in the Port's processing time set forth in **Subsection 3.2(d)** (Port Review).

DDA-16

(d) Port Review.

(i) Initial Port Review. Port staff will review the components of each Phase Submittal for completeness as expeditiously as reasonably possible. Within 30 days following receipt of a Phase Submittal, the Port staff will notify Developer of any deficiencies and make any requests for additional information or materials that are reasonably necessary in order to process the Phase Submittal and are consistent with the type of documents listed in **Subsection 3.2(b)** (Phase Submittal). The Port will notify Developer within 30 days after Developer's delivery of the Phase Submittal whether the Phase Submittal is complete, as such time may be extended in accordance with **Subsection 3.2(c)** (Pre-Submittal Conference and Presentation), or, if applicable, no later than 15 days following receipt of any additional information and materials requested under this clause, and notify Developer of the same. If the Port Director does not so advise Developer within such 30- or 15-day period, as applicable, Developer must deliver electronic notice in accordance with *App ¶ A.2.2(c) (No Deemed Consent Without Notice)* before the Phase Submittal will be deemed complete.

(ii) Port Review – Complete Phase Submittal. Port staff will review each complete (or deemed complete) Phase Submittal for conformity with the DDA and applicable Project Approvals as expeditiously as reasonably possible. Port staff will provide final comments on each Phase Submittal no later than 30 days after the Phase Submittal is found or deemed complete. Port staff may propose changes to the Phase Submittal that do not conflict with the DDA or other applicable Project Approvals. If the Port staff proposes any such changes, then the Port will notify Developer, and the Port and Developer will promptly meet and confer in good faith to reach agreement on any such changes proposed by the Port during the 30-day review period. Any meet-and-confer period under this clause will run concurrently with, and will not extend, the 30-day review period unless extended by the Parties' agreement. Changes proposed by Port staff will be reasonably considered by Developer; but will not be binding on Developer without Developer's consent in its sole discretion. The Parties anticipate that the hearings at the Planning Commission and Historic Preservation Commission will occur during this 30-day review period, so as to provide Developer and the Port with the benefit of comment from these commissions; provided, however, that if such hearings do not occur during the 30-day review period, the Port staff comments will remain subject to further input from the Planning Commission and Historic Preservation Commission.

(e) Phase Submittal Approval.

(i) Port Director Review. On the earlier of Port staff's submittal of final comments to the Phase Submittal or the expiration of the 30-day review period, as extended by agreement, and further subject to the requirements of **Subsection 3.2(c)(ii)** (Public Presentations) and Planning Code section 249.79(j) (Review and Approval of Development Phases and Horizontal Development), the Port Director will approve, conditionally approve, or disapprove the Phase Submittal in accordance with the standards set forth in **Subsection 3.2(e)(iii)** (Standard of Approval). If a Phase Submittal includes a request for changes to the Phasing Plan or Schedule of Performance, the Port Director will: (1) approve such changes if she reasonably finds that the modified Phase meets the criteria set forth in **clause (i) of Subsection 3.3(b)** (Developer Request); or (2) submit such changes to the Port Commission for approval under **clause (ii) of Subsection 3.3(b)** (Developer Request).

(ii) Port Commission Review. For matters referred to the Port Commission pursuant to clause (i) of this Subsection, the Port Commission will consider whether to approve a Phase Submittal, with or without Port staff recommendation as applicable, at a public Port Commission hearing only after the Port Director has notified Developer that the Phase Submittal is complete and submitted the Phase Submittal to the Port Commission in accordance with this Subsection 3.2(e) (Phase Submittal Approval).

(iii) Standard of Approval. Each Phase Submittal will be approved if and to the extent that, in the reasonable judgment of the Port Director or Port Commission, as applicable, the Phase Submittal conforms to and is consistent with the applicable Project Requirements and Regulatory Requirements. The Port Director or the Port Commission, as applicable, will not (i) disapprove any Phase Submittal on the basis of any element that conforms to and is consistent with the DDA and the other applicable Project Requirements and Regulatory Requirements; which include the Development Agreement; or (ii) impose conditions that conflict with the DDA and other applicable Project Requirements or Regulatory Requirements.

(iv) Port Capital/Public Financing Matters. The Parties acknowledge that the Port retains the right to invest Port Capital and to select the timing of the issuance of Tax Increment Bonds and Mello-Roos Bonds (including Early Mello-Roos Bonds). From time to time during the DDA Term, the Port may notify Developer of its anticipated timing for contribution of Port Capital and issuance of Tax Increment Bonds and Mello-Roos Bonds (including Early Mello-Roos Bonds). Upon such notice, Developer will reflect such updated information in all Later Phase Submittals and Developer Quarterly Reports as required under the Financing Plan.

(f) Disapproval of Phase Submittal. If the Port Director disapproves a Phase Submittal, the Port Director will immediately notify the Developer of her decision in accordance with this Subsection 3.2(f) (Disapproval of Phase Submittal). If the Port Commission disapproves a Phase Submittal, then the Port Commission will, at the public hearing during which the Phase Submittal is being considered, state the basis for the disapproval, which basis will be summarized in writing by the Port Director or her designee after the hearing and delivered to Developer within 10 days of the hearing date. Following any disapproval of a Phase Submittal, Developer will have 90 days following receipt by Developer of such summary (subject to such extensions as may be approved by the Port Director) to make changes to and resubmit the Phase Submittal. Promptly following the Port Director's receipt of a revised complete Phase Submittal, the Port Director will review and consider, or submit to the Port Commission for its review and consideration, such revised complete Phase Submittal in accordance with the procedures set forth in Subsection 3.2(e) (Phase Submittal Approval), except that in the case of a resubmittal, the time for the Port's response with final comments will be 15 days instead of 30 days. The Schedule of Performance will be automatically extended, if necessary, to allow for the foregoing procedure so long as Developer is making diligent good faith efforts to make changes to the Phase Submittal that are responsive to the matters that the Port Director cited as the basis for disapproval of the Phase Submittal.

(g) Phase Application Approval. The Port's approval of the Phase Submittal will be its final discretionary approval action in relation to Developer's proposed construction of Phase Improvements, except as otherwise provided in the DDA and without prejudice to its rights following a request for changes to the 28-Acre Site Project under Section 3.4 (Changes to Project after Phase 1), a request for approval of a Transfer under Article 6 (Transfers), an Event of Default by Developer under Article 11

(Defaults), or a Material Breach by Developer under **Article 12** (Material Breaches and Termination).

(h) Periodic Updates of Phase Budget. From time to time during a Phase, Developer may submit updates to the Phase Budget to reflect its most current cost estimates for Horizontal Improvements, based on approved Schematic Design for Public Spaces in accordance with **Section 13.6** (Schematic Design Review of Park Parcels) and approved Improvement Plans of Phase Improvements in accordance with **Article 13** (Improvement Plans).

(i) Amendments to Phase Approvals. Developer may apply to the Port for an amendment to a Phase Approval in accordance with the standards and procedures for a Phase Submittal. All proposed amendments will be subject to review, consideration, and approval by the Port Director or the Port Commission in the manner and under the approval standards established for Phase Submittals, as set forth in **Section 3.2(e)** (Phase Submittal Approval), provided that the following proposed amendments will, without limitation, require the approval of the Port Commission in its sole discretion: (i) material amendments to the Infrastructure Plan and Streetscape Master Plan; (ii) material extensions of the Schedule of Performance for the issuance of an SOP Compliance Determination for the applicable Phase Improvements; (iii) amendments to the Design for Development; (iv) material amendments to the timing or substance of the Associated Public Benefits within the Phase; or (v) material amendments to the Phasing Plan. For purposes hereof, a reduction in the number of Development Parcels in a Phase will be deemed a material amendment to the Phasing Plan; provided, however, that if a Phase Approval includes a subdivision of the Development Parcels shown on the Land Use Plan (e.g., Parcels B, F/G, and H in Phase 2 and Phase 3) into one or more sub-parcels, a subsequent change to the Phase Approval that merges the sub-parcels into the larger Development Parcel will not be considered a reduction in the number of Development Parcels or a material amendment to the Phasing Plan. Extensions of time to which Developer is entitled under the DDA will not be considered an amendment subject to the provisions of this Subsection.

(j) Phase Construction. Within 30 days after satisfaction of all conditions to construction set forth in **Section 15.4** (Conditions to Construction) other than issuance of Construction Permits, the Chief Harbor Engineer will issue Construction Permits necessary for Developer to begin to construct approved Phase Improvements and Associated Public Benefits. Developer is required to begin and complete the Phase Improvements and Associated Public Benefits in accordance with the Schedule of Performance (as may be revised in accordance with **Section 3.3** (Changes to Phase) from time to time), subject to events of Force Majeure under **Article 4** (Performance Dates).

(k) Phase Completion. Developer must provide notice to the Port when it has obtained the final SOP Compliance Determination for all Phase Improvements within a given Phase, other than Deferred Infrastructure within that Phase, followed by the Phase Audit as required under *FP § 9.3(a) (Phase Audit)*.

3.3. Changes to Phase.

(a) Changed Conditions. The Parties agree that many factors, including general economic conditions, the local housing, office, and retail markets, capital markets, general market acceptability, and local tax burdens will determine the rate at which various residential and commercial uses within the 28-Acre Site Project can be developed and absorbed. In connection with a Phase Submittal, Developer may request changes to the Phasing Plan and related changes to the Schedule of Performance and may request changes to a Phase Approval, all in accordance with the Phase Approval procedures of **Section 3.2** (Phase Approval Procedures).

(b) Developer Request.

(i) In considering whether to approve Developer's requested changes, the Port may consider in its reasonable judgment whether the revised Phasing Plan would be consistent with the Phasing Goals, including the principle of proportionality if the change would delay the production of Phase Improvements and Associated Public Benefits or impair the Parties' ability to meet the Funding Goals. The Port Director will approve such change if she reasonably finds that the modified Phase would:

- (1) support a minimum of 400,000 gsf of Vertical Improvements;
- (2) deliver Phase Improvements and Associated Public Benefits proportionately with private development within the modified Phase;
- (3) allow Phase Improvements to be developed in an orderly manner so that finished portions of the 28-Acre Site Project are generally contiguous and provide consistent access and services to residents and businesses;
- (4) remain consistent with the requirements under the Affordable Housing Plan and not reduce the ratio of Inclusionary Units and other BMR Units (which ratio may take into account payment of a fee in-lieu to the extent permitted under the Affordable Housing Plan) to Market-Rate Units or otherwise secures future delivery of Inclusionary Units and other BMR Units in a manner consistent therewith, as reasonably determined by the Port Director; and
- (5) make Project Payment Sources available to maximize revenues to the Port and Developer.

(ii) If Developer proposes changes that do not meet the criteria under clause (i) of this Subsection, the Port Director will present Developer's request to the Port Commission for consideration.

(c) Port Request. Port staff may request that Developer change the order and composition of any Phase Submittal before it is presented to the Port Director or Port Commission, as applicable, for Phase Approval. In considering whether to approve the Port's requested changes to the Phasing Plan, Developer may consider, among other matters, whether the revised Phasing Plan would be consistent with the Phasing Goals, including the principle of proportionality if the change would delay the production of Associated Public Benefits or impair the Parties' ability to meet the Funding Goals and consider how such changes would affect Horizontal Development Costs and ability to achieve the Developer Return. Any such requested changes will be subject to the approval of Developer in its sole discretion.

3.4. Changes to Project after Phase 1. The Parties acknowledge that 28-Acre Site Project build-out will take place over a number of years and that unforeseen circumstances may affect market conditions. This Section will apply to any request by Developer to change its Developer Construction Obligations under this DDA. Phase 1 is excluded from consideration under this Section except under circumstances described in Section 9.2 (Damage and Destruction).

(a) Timing and Contents of Notice. If Developer reasonably determines after Phase 1 that further development of the 28-Acre Site Project under this DDA has become

commercially infeasible for reasons other than Developer's financial condition, the following will apply.

(i) Developer may deliver a Requested Change Notice to the Port stating Developer's unwillingness to proceed with any Later Phase unless the Port agrees to specified changes to this DDA to make the 28-Acre Site Project commercially feasible.

(ii) Developer must deliver the Requested Change Notice to the Port before the applicable Outside Date for Developer's Submittal of the Phase Submittal for any Later Phase that would be affected if Developer's request is approved.

(iii) Developer must include in the Requested Change Notice a detailed description of all provisions of this DDA that Developer proposes to change and provide evidence to support Developer's belief that further development is infeasible without the proposed changes.

(iv) The Port will not be required to respond to a Requested Change Notice if: (1) Developer does not deliver it at least 30 days prior to the applicable Outside Date; or (2) when it is delivered, a Material Breach by Developer exists (other than the failure to submit a complete Phase Submittal with reference to the Phase as to which a Requested Change Notice is timely given).

(b) Effect of Requested Change Notice. If Developer delivers a Requested Change Notice complying with **Subsection 3.4(a)** (Timing and Contents of Notice), the performance dates in the Schedule of Performance for all Phases specified in the Requested Change Notice will be tolled for a negotiation period of nine months, subject to any extensions to which Developer and the Port agree, each in its sole discretion.

(c) Amendment of the DDA.

(i) If Port staff and Developer agree within the nine-month negotiation period to changes to the DDA, including the Schedule of Performance and the Financing Plan, the Port will prepare an amendment for Port Commission consideration, following, if required, additional environmental analysis and review.

(ii) The City, through Board Resolution No. 401-17 approving this DDA, has delegated to the Port the authority to make certain modifications to this DDA. If the change would be a Material Modification in the Port Director's reasonable judgment, the Port will also present the amendment to the Board of Supervisors for consideration in accordance with its Charter authority if the Port Commission approves the amendment. Any decision by the Port Commission or the Board of Supervisors to approve or disapprove a proposed amendment will be made in its respective sole discretion.

(iii) The Port Director and the Director of Public Works are authorized to approve amendments to the Infrastructure Plan and Streetscape Master Plan (which may also require approval by the SFMTA Director), unless either, as applicable, reasonably determines that a proposed amendment is a Material Modification that would significantly increase an Acquiring Agency's costs of ownership or impair the operation of the affected Horizontal Improvements.

(d) Changes to Implementation Documents. If Port staff and Developer agree within the nine-month negotiation period to changes to implementing documents, the changes will be presented to the City Agencies that approved them prior to the Reference Date. City Agencies will have the right to reject any requested change that would not

comply with Regulatory Requirements, but will make other determinations in their reasonable discretion in light of the circumstances, including the impact on Project Requirements. Examples of implementing documents are the Infrastructure Plan and the Workforce Development Plan.

(e) Failure to Agree or Approve. If after the expiration of the nine-month tolling period in **Subsection 3.4(d)** (Changes to Implementation Documents) (subject to extension by agreement) and subject to **Article 4** (Performance Dates) any of the following conditions exist, then the Port retains all available remedies hereunder, including, without limitation, remedies under **Section 11.4** (Remedies for Events of Default) and **Section 12.4** (Termination as Port Remedy) for a Material Breach.

(i) Developer's proposed amendments to the Infrastructure Plan are rejected by the applicable Acquiring Agency.

(ii) Port staff and Developer are unable to agree on the changes to be submitted to the Port Commission and, if applicable, Board of Supervisors, for approval within the negotiation period under **Subsection 3.4(b)** (Effect of Requested Change Notice).

(iii) The Port Commission or the Board of Supervisors disapproves a proposed amendment to the DDA.

3.5. Streetscape Master Plan. Developer will submit and the Port will approve the Streetscape Master Plan in accordance with this Section. The Port must approve the Streetscape Master Plan in accordance with this Section before the Chief Harbor Engineer or Director of Public Works may approve any Improvement Plans that include street improvements.

(a) Streetscape Master Plan Application. The Streetscape Master Plan is applicable to the property that is within the boundaries of the SUD and will address street trees, landscaping, lighting, street furnishings, sidewalk treatment, stormwater treatment, and utilities. Prior to the Reference Date, Developer submitted drafts of its proposed Streetscape Master Plan and has revised it based upon comments received from applicable City Agencies. The Port acknowledges that the Streetscape Master Plan application submitted by Developer under this Section will be deemed a complete application to the extent that it is consistent with the previously submitted drafts reviewed and approved by applicable City Agencies.

(b) Submittal for Review. Developer will submit its final Streetscape Master Plan application to the Port within 90 days after the Reference Date (the "**Streetscape Submittal Date**"). Port staff will submit the Streetscape Master Plan application to applicable Other City Agencies. Each City Agency will review the Streetscape Master Plan for consistency with the Project Approvals, including the SUD, Design for Development and Infrastructure Plan. Consistent with the Port's responsibilities under the ICA, the Port will use commercially reasonable efforts to cause each applicable Other City Agency to complete its review of the Streetscape Master Plan application within 30 days.

(c) Port Review. Port staff will complete its review and consideration of the Streetscape Master Plan within 60 days after the Streetscape Submittal Date. Port staff may propose changes to the Streetscape Master Plan that do not conflict with the Project Approvals, including the SUD, Design for Development and Infrastructure Plan. If the Port staff proposes any such changes, then the Port and Developer will promptly meet and confer in good faith for a period of not more than 10 days, as such period may be extended by agreement of Port staff and Developer, to reach an agreement on any such changes proposed by the Port, provided such meet and confer period shall run

concurrently with, and shall not extend, the 60-day period specified above unless agreed to by Developer and Port staff.

(d) Port Approval. No later than the expiration of the 60-day period specified above (as such 60-day period may be extended by agreement of Port staff and Developer), the Port Director will act on the approval of the Streetscape Master Plan. If the Port Director disapproves the Streetscape Master Plan application, she will provide a reasonably detailed explanation of the reasons for disapproval. Thereafter, Developer will resubmit its Streetscape Master Plan application and the procedures of **Subsection 3.5(b)** (Submittal for Review) and **Subsection 3.5(c)** (Port Review) will apply until approved.

(e) Changes to the Streetscape Master Plan. After it has been approved, changes to the Streetscape Master Plan will be subject to the review and approval processes in this Section.

4. PERFORMANCE DATES

4.1. Performance Generally. All time periods under this DDA are subject to *App ¶ A.2.2 (Performance Generally)* unless unequivocally stated otherwise. In addition to any other specific provisions of this DDA excusing or delaying the date by which an obligation must be performed, a Party will not be in default of any specific DDA provision, and performance dates may be extended under procedures in this Article, for the duration of each event of Excusable Delay that applies to the specific DDA provision. If a Party's performance is excused or the time for its performance is extended under this Article, any performance of the other Party that is conditioned on the excused or extended performance will be excused or extended to the same extent.

4.2. Excusable Delay Generally.

(a) Notice. Except for Environmental Delay and Down Market Delay, the Party claiming Excusable Delay must provide notice to the other Party promptly, and in no case more than 30 days after learning of the event causing delay. The notice must specify: (i) the date on which the event causing the claimed Excusable Delay occurred or the date on which the Party claiming Excusable Delay discovered the event; (ii) the expected period of delay; and (iii) whether the Party claims Excusable Delay for a specific event or Phase or the 28-Acre Site Project as a whole. The Party receiving the notice may challenge the existence or length of Excusable Delay claimed in the notice, and if the Parties are unable to agree on the length of Excusable Delay, the issue will be resolved by procedures in **Article 10** (Resolution of Certain Disputes).

(b) Limits on Excusable Delay. Each extension for Excusable Delay will cause future performance dates for Time-Sensitive Matters specified in the notice to be extended, subject to the following limitations:

(i) If the delay interrupts Developer's ability to start or finish any Developer Construction Obligations, Developer must take appropriate measures to secure and leave the affected property in good and safe condition until construction can start again.

(ii) Once Developer has Commenced Construction of Developer Construction Obligations, Excusable Delay will extend the Outside Dates for obtaining the SOP Compliance Determination for Developer Construction Obligations only if the delay affects related horizontal development, for example, a strike that interrupts work, inability to obtain materials that have been ordered timely, or an injunction is issued to stop work.

(iii) Excusable Delay will not affect Developer's obligations to: (1) pay taxes or assessments, if applicable; (2) maintain in effect Adequate Security; or (3) pay the Developer Reimbursement Obligations except to the extent payment due dates are tied to completion of Developer Construction Obligations delayed by Excusable Delay.

4.3. Excusable Delay Time Periods Generally. All of the following are subject to **Section 4.4 (Limits on Excusable Delay Period).**

(a) Environmental Delay for Certain Matters. Environmental Delay will begin on the date when the Party seeking delay receives notice of the event causing the delay and end in accordance with the following.

(i) When the Port or the City is required to conduct additional environmental review or prepare additional environmental documents after the Planning Commission has certified the Final EIR and City staff has filed a notice of determination, the Environmental Delay will end on the date that the City files a subsequent Notice of Exemption or Notice of Determination, or if none is filed, the effective date of the underlying approval by the Port or City that relies on the additional environmental review.

(ii) When a third party files an action challenging the certification or sufficiency of the Final EIR or any other additional environmental review, even if development activities are not stayed, enjoined, or otherwise prohibited, the Environmental Delay will end on the date that is 90 days after the final judgment or other resolution of the action or issue.

(b) Down Market Delay. Down Market Delay will begin on the date of the Down Market Notice resulting in a Down Market Test establishing that a Down Market exists and end when a later Down Market Test indicates that a Down Market has ended.

(c) Other Excusable Delays. Other Excusable Delays will begin on the first day of the event causing delay or the date on which the Party claiming delay reasonably discovered the event and, subject to **Section 4.4 (Limits on Excusable Delay Period)**, end on the date that the event causing Excusable Delay has ended. Developer will provide the Port with written notice of the end date for an event causing Excusable Delay; provided, however, that if the Port reasonably determines that an event of Excusable Delay has ended before Developer submits its notice, the Port will provide written notice to Developer with an explanation supporting the Port's determination. If Developer disputes the Port's determination as to the start or end of the event of Excusable Delay, the matter will be submitted to binding arbitration in accordance with **Section 10.4 (Binding Arbitration)**.

4.4. Limits on Excusable Delay Period.

(a) Meet and Confer.

(i) The Parties agree to meet and confer in a good faith attempt to reach mutually acceptable measures that will allow the 28-Acre Site Project to proceed if an event of Force Majeure causes an Excusable Delay longer than one year. The obligation to meet and confer will arise when the Parties reasonably foresee or know that the delay will exceed one year.

(ii) Measures agreed to at the staff level during the meet and confer process may be subject to Port Commission and Board of Supervisors approval if the Port Director in her reasonable judgment determines that the changes would require a Material Modification to any of the Transaction Documents. But the

Parties' failure to reach agreement under this Subsection will not result in adverse consequences to either Party, except for those caused by Force Majeure.

(b) Maximum Delay. For each occurrence of Excusable Delay, if: (i) Force Majeure other than Administrative Delay, Environmental Delay or Force Majeure triggered by litigation, earthquake or flood causes an Excusable Delay longer than 48 months; or (ii) a Down Market Delay causes an Excusable Delay longer than 60 months, then no later than 30 days after the expiration of the 48- or 60-month period, as applicable, Developer must provide the Port with a notice in writing of its election to (i) waive the Excusable Delay, (ii) deliver a Requested Change Notice with measures intended to allow the 28-Acre Site Project to proceed despite Force Majeure, or (iii) submit a revised Phase Submittal changing the proposed land use mix; reclassifying Development Parcels within the Phase, or adjusting delivery of Phase Improvements or Associated Public Benefits, subject to limitations imposed by the Project Approvals. Limitations include consistency with the project description for environmental review and consistency with the SUD. If the revised land uses or delivery of Phase Improvements and Associated Public Benefits are consistent with the Project Approvals, the period of Excusable Delay will be extended to include the time for Port approval of the revised Phase Application under Section 3.3 (Changes to Phase).

4.5. Down Market Delay Procedures.

(a) Timing. Developer may request a Down Market Test in writing to the Port (each, a "**Down Market Notice**") at any time to determine whether a Down Market exists as to the applicable Phase. A Down Market Test will be used to determine whether Developer's Time-Sensitive Matters for the Phase will be tolled or otherwise adjusted under this Section. A Down Market may also be established if the appraisal process conducted in accordance with Article 7 (Parcel Conveyances and Delivery of Associated Public Benefits) shows that a Down Market condition exists for the applicable parcel. Developer may elect to perform the Down Market Test for any Residential Parcel (each, a "**Residential Test Parcel**"), any Commercial Parcel that is not also a Flex Parcel (each, a "**Commercial Test Parcel**"), or both. If Developer elects to perform the Down Market Test on a Residential Test Parcel, it may designate the proposed use as residential rental product, residential condominium product, or both.

(b) Land Value Indicators.

(i) Base land values that will serve as Land Value Indicators for Option Parcels in each Phase will be derived from the residual land values shown in the Proforma in the Port files on the Reference Date. The Parties will diligently meet and confer to reasonably agree upon the Land Value Indicators based on the Proforma within 90 days after the Reference Date. Upon mutual agreement thereof, as evidenced by a writing signed by both Parties, the Land Value Indicators set forth by Option Parcel number will be appended to this DDA as **DDA Exhibit D6**. Flex Parcels will include Land Value Indicators for both commercial-office and residential use. Final agreement on the Land Value Indicators exhibit will be a pre-requisite to the effectiveness of the first Appraisal Notice.

(ii) Land Value Indicators will be adjusted annually, subject to a floor of no change and a maximum annual increase of 4.5%. Subject to the 4.5% maximum annual increase, the annual adjustment will be the percentage of change between the CPI for commercial Option Parcels and the CPI (Residential) for residential parcels, as the applicable index is first published in any full month after the Reference Date and the CPI published on each subsequent anniversary of the first date.

(iii) *Example:* Assume the Reference Date was December 8, 2014. The first full month after the Reference Date in which CPI is published would be February 2015. The CPI in February 2015 was 254.910, and the CPI in February 2016 was 262.600. The annual adjustment would be 1.030%.

(c) **Down Market Test.** The Down Market Test will consist of appraisals of the Residential Test Parcels or Commercial Test Parcels, as applicable, conducted by procedures described in **Section 7.3** (Option Parcel Appraisals). The Parties agree that a Down Market Test will establish whether a Down Market exists for one or both of the land uses tested as follows:

(i) A Down Market for residential use will be established if the Fair Market Value of any Residential Test Parcel (whether determined by a Down Market Test under this Section or through the appraisal procedures of **Section 7.3** (Option Parcel Appraisals)) is less than 85% of the Land Value Indicator, as escalated to the Down Market Test Date (the “**Down Market Threshold**”). If the Fair Market Value established through this appraisal process is less than the Down Market Threshold for either rental or condominium use, the Down Market for residential use will be established.

(ii) A Down Market for commercial-office use will be established if both: (i) the Fair Market Value of any Commercial Test Parcel (whether determined by a Down Market Test under this Section or through the appraisal procedures of **Section 7.3** (Option Parcel Appraisals)) is less than the Down Market Threshold; and (ii) commercial-office uses will occupy 30% or more of the total gsf of market-rate residential and commercial use approved under the applicable Phase Approval (excluding commercial-office use on Flex Parcels, and affordable housing, retail, restaurant, and arts/light-industrial uses) (the “**30% Commercial Trigger**”).

(iii) If a Down Market Test (or the appraisal procedures of **Section 7.3** (Option Parcel Appraisals)) establishes a Down Market for one or both of the land uses tested, a Down Market will exist as to the entire Phase and the provisions of **Subsection 4.5(e)** (Effect of Down Market Delay) and **Subsection 4.5(f)** (End of Down Market) will take effect.

(iv) If the Down Market Test (or an appraisal conducted in accordance with **Section 7.3** (Option Parcel Appraisals)) meets or exceeds the Down Market Threshold, no Down Market Delay will apply and the applicable Schedule of Performance and any other Time-Sensitive Matters will not be extended to account for the delays caused by the Down Market Test.

(d) **Cost of Down Market Test.** If the Down Market Test fails to establish a Down Market for any of the land uses tested, then the appraisal costs of the Down Market Test will be at Developer’s sole cost and will be excluded from Soft Costs. If the Down Market Test establishes a Down Market for any of the land uses tested, then the appraisal costs will be included in Soft Costs.

(e) **Effect of Down Market Delay.**

(i) During any period of Down Market Delay:

(1) the times for Developer’s performance of Time-Sensitive Matters will be extended for the period beginning on the date of the Down Market Notice until such time as a new Down Market Test indicates that the Down Market no longer exists;

(2) the Port may, in its sole discretion, elect to halt processing any pending Phase Submittal applications from Developer for the applicable Phase; and

(3) upon Port request, the Parties will meet and confer to decide whether any of the Port's Time-Sensitive Matters will be tolled, other than the processing of any pending Phase Submittal which may be tolled as provided in Subsection 4.5(e)(i)(2) or the matters which will not be tolled as provided in Subsection 4.5(e)(ii);

(ii) During any period of Down Market Delay, the following matters will not be subject to the meet and confer procedures of Subsection 4.5(e)(i)(3) above:

(1) **Financing Plan:** All Port obligations under the Financing Plan.

(2) **Previously Approved Phases:** Any Port Time-Sensitive Matters for any approved Phase where a Down Market Delay has not occurred.

(3) **Option Parcels under an Executed Vertical DDA:** Any Port Time-Sensitive Matters under the DDA or any Vertical DDA applicable to an Option Parcel that is the subject of an executed Vertical DDA or has been conveyed by Parcel Lease or Quitclaim Deed.

(4) **Public Trust Exchange:** Port's obligation to implement the Public Trust Exchange under Section 1.2 (Public Trust Exchange).

(5) **Streetscape Master Plan:** Port's obligation to review and approve the Streetscape Master Plan under Section 3.5 (Streetscape Master Plan).

(6) **Parcel K North:** Port's obligations to offer and sell Parcel K North under Section 7.9 (20th/Illinois Parcel).

(7) **Allocation of Port Community Facilities Funds:** Subject to Developer timely meeting its obligations, the Port's obligations for allocation of Port community facilities funds under Section 7.12(c) (Allocation of Port Community Facilities Funds).

(8) **Noonan Replacement Space:** Port's obligations with respect to the Noonan Replacement Space (including approval of the Artist Transition Plan and providing the required transition notices) under Section 7.13 (Noonan Replacement Space).

(9) **Master Lease:** Port's obligations under Article 8 (Delivery of Master Lease) with respect to the title and delivery of the Master Lease, conveyance of the Premises thereunder and execution of any Partial Release of Master Lease.

(10) **Resolution of Certain Disputes:** Any of Port's Time-Sensitive Matters related to the resolution of disputes set forth in Article 10 (Resolution of Certain Disputes).

(11) **Port Events of Default:** The time for the Port to cure any potential breach after notice under Section 11.3 (Events of Default by the Port) or Section 12.3 (Material Breaches by the Port).

(12) **Schematic Design Review of Public Spaces:** The time for Port to review and approve a Schematic Design Application for any Park Parcel submitted by Developer under **Section 13.6** (Schematic Design Review of Park Parcels).

(13) **Signage:** The time for Port to review and approve any request for approval of a Signage Plan application submitted by Developer under **Section 13.7** (Signage).

(14) **Mitigation Measures:** Port's obligation to comply with the MMRP, as applicable, under **Section 14.8** (Mitigation Measures).

(15) **Review of Improvement Plans under the ICA:** Port's obligations under the ICA to review and process Improvement Plans submitted in accordance with the ICA, under **Section 13.3(b)** (Port Review Procedures).

(16) **SOP Compliance:** Port's obligations with respect to any SOP Compliance Request and SOP Compliance Determination under **Section 15.7** (SOP Compliance).

(17) **Acceptance of Park Parcels and Phase Improvements:** Port obligations with respect to acceptance of any Park Parcel or other Phase Improvement that the Port will accept under **Section 15.8** (Acceptance of Park Parcels and Phase Improvements).

(18) **Adequate Security:** Port's obligations with respect to the approval or release of any Adequate Security under **Article 17** (Security for Project Activities).

(19) **Lenders' Rights:** Any Port obligation with respect to Lenders' Rights or the delivery of Estoppel Certificates, set forth in **Article 18** (Lenders' Rights).

(20) **Time for Payment:** Port's satisfaction of a payment demand under **Section 19.2(b)** (Time for Payment):

(iii) With respect to an Option that Developer has exercised but where Escrow has not Closed by the start of the Down Market Delay, Developer may rescind its exercise of the Option. Rescission under this Subsection will not prejudice Developer's right to exercise the Option after the Down Market Delay ends.

(f) End of Down Market.

(i) Either Party may request another Down Market Test to determine whether the Down Market has ended at any time after the first anniversary of the Down Market Test Date. Each new Down Market Test will result in a new Down Market Test Date.

(ii) If neither Party has requested a new Down Market Test by the end of the 18th month after the Down Market Test Date, the Port will initiate a new Down Market Test to determine whether the Down Market has ended.

(g) Down Market Delay in Certain Circumstances.

(i) Down Market Without 30% Commercial Trigger. This Subsection applies if all of the following circumstances are present: (i) no Down Market for any Residential Parcel within the Phase exists; (ii) a Down Market Test establishes a value for a Commercial Test Parcel at or below the Down Market

Threshold; (iii) commercial-office uses within the applicable Phase do not meet the 30% Commercial Trigger; and (iv) in Phase 2, Developer has designated both Parcel F and Parcel G for commercial-office use in its Phase Approval, or in Phase 3, Developer has designated one or more of the Flex Parcels for commercial-office use in its Phase Approval. Under those circumstances, Developer will provide Port with written notice, to be provided within 15 days after the applicable Down Market Test for the Commercial Test Parcel, of its election to either proceed with the 28-Acre Site Project in accordance with the Schedule of Performance or to undertake a redesign effort for the Flex Parcels to increase residential use. If Developer elects to redesign the Flex Parcels for residential use in accordance with clause (ii) of this Subsection, then Down Market Delay will apply during the six-month period described therein for completion of the joint feasibility and proforma analysis. If Developer fails to provide its notice within such 15-day period, it will be deemed to have elected to proceed with the 28-Acre Site Project without delay.

(ii) Residential Redesign Procedures. If Developer elects to proceed with the residential redesign analysis, Developer and the Port will conduct a six-month joint feasibility and proforma analysis of the potential effects of increasing the residential uses in the Phase using agreed-upon assumptions, formulas, and variables. The factors that the Parties must examine in the analysis are additional Horizontal Development Costs of Phase Improvements that Developer would need to incur, the amount of Public Financing Sources that would be available for the Phase, the estimated Fair Market Values of the Option Parcels in the Phase, the effect on Phase Improvements and Associated Public Benefits (and in particular, the ability to fund delivery of the targeted amounts of affordable housing in Later Phases), possible changes to the Phasing Plan, and the amount by which the Developer Balance would increase if the Down Market Delay continued for the maximum period of Excusable Delay under this Article. The costs of this analysis will be Soft Costs. The Parties will meet and confer in an attempt to reach a joint decision on the feasibility and desirability of increasing residential use within the Phase, provided, however, that Developer may decide to change commercial-office use to residential use on any Flex Parcel in its sole discretion after completing joint feasibility and proforma analysis.

(iii) Change to Residential.

(1) If within the six-month evaluation period, Developer provides the Port with written notice of Developer's election not to change the land use on any Flex Parcel from commercial to residential or fails to make an election, then at the end of such six-month period (or the date of Developer's decision, whichever is earlier), Down Market Delay will cease as to that Phase.

(2) Alternatively, within the six-month evaluation period, if Developer provides the Port with written notice of Developer's election to change the applicable Flex Parcel from commercial-office to residential, then Down Market Delay will cease as applied to the Phase as of the date of such election, except as provided in paragraph (3) of this clause.

(3) In Phase 2, if Developer elects to change the land use of either Parcel F or Parcel G (but not both) to residential use and a Down Market Test performed on the remaining Commercial Parcel results in a Fair Market Value that is less than the Down Market Threshold, then Developer may invoke a Down Market Delay for the Phase.

5. PARTY RELATIONSHIPS

5.1. No Agency. The Port is not, and none of the provisions in this DDA will be deemed to make the Port, a partner in Developer's or any Vertical Developer's business, or a joint venturer or member in any joint enterprise with Developer or any Vertical Developer. No Party has the right to act as the agent of any other Party in reference to this DDA.

5.2. ICA. The Port agrees to perform its obligations under the ICA, and to use commercially reasonable efforts to cause Other City Agencies to perform their respective obligations under the ICA.

5.3. Port Approvals. The Parties agree that the approval standards and procedures below will apply to implementation of this DDA except as otherwise specified.

(a) Regulatory Capacity. This DDA does not constrain the Port's exercise of regulatory authority.

(b) Proprietary Capacity. The Port, when acting in its proprietary capacity as landowner and landlord, will make determinations in its reasonable judgment except as otherwise specified, including its review and approval of Schematic Design Applications under Section 13.6 (Schematic Design Review of Park Parcels). All Improvements will be subject to the Port's review in accordance with applicable procedures and standards in this DDA, the SUD, and the ICA.

(c) Port Commission Meetings. Except as otherwise provided in this DDA, whenever the Port Commission must approve or otherwise consider any matter in reference to the 28-Acre Site Project, the Port Director will submit the matter to the Port Commission at the next regularly-scheduled meeting of the Port Commission for which an agenda has not been finalized and for which Port staff can prepare and submit a staff report in keeping with the Port Commission's customary meeting practices and obligations under public meeting laws. The Port Commission will approve or disapprove discretionary matters in accordance with its powers and duties under the Burton Act and the Charter and as otherwise specified in this DDA.

(d) Authority for Port Approvals.

(i) The Port Director, or her designee, is authorized to sign on behalf of the Port any documents, including any contracts, agreements, memoranda, or similar documents with state, regional, or local authorities or other persons, or enter into any tolling agreement with any person, to the extent of the authority granted under the Port Commission and Board of Supervisors resolutions approving this DDA. The Port Director's authority is limited to matters that are in the best interests of the Port and the City, and otherwise do not materially increase the obligations or liabilities of the Port or the City or materially decrease the public benefits to the Port or the City, and are necessary or advisable to complete the transactions described in this DDA and to effectuate the purpose and intent of the authorizing resolutions if the Port Director determines, after consultation with the City Attorney, that the document is necessary or proper and in the Port's and the City's best interests. The Port Director's signature on any document will be conclusive evidence of her determination.

(ii) The Port Commission, through the Chief Harbor Engineer, administers and enforces the Port Building Code, the Port Harbor Code, and other Port regulations to protect the public health, safety, and general welfare. The Chief Harbor Engineer, or his designee, and in conjunction with Other City Agencies, will oversee project and construction management, engineering design, facility inspection, contracting, code compliance review and permitting services for all of the Port's facilities and for plan review, permitting and inspection

DDA-30

services to ensure safe and compatible construction on Port property. The Chief Harbor Engineer will issue all Construction Permits for construction on Port land and sign certificates regarding their completion except as provided in the ICA, and will issue "red tags" and other regulatory notices that would prohibit or condition use of Port property to protect public safety.

5.4. Developer Approvals.

(a) Regulatory Approval. Each of the persons executing this DDA on behalf of Developer represents to the Port, and the Port is entitled to rely on those representations, that: (i) Developer is a duly authorized and existing entity under Delaware law; (ii) Developer is qualified to do business in California; (iii) Developer has full right and authority to enter into this DDA and other Transaction Documents; and (iv) each of the persons executing the Transaction Documents on its behalf is authorized to do so. Developer agrees to provide the Port with satisfactory evidence confirming these representations promptly after a Port request.

(b) Authorized Developer Representative. Developer must designate from time to time by notice to the Port under *App Art 5 (Notices)* and **Section 20.1** (Notice Addresses) a representative who is authorized to act on Developer's behalf in reference to requests for approvals or other actions. The Port will rely on any notice delivered under this Subsection until superseded by a later notice.

5.5. Standards Otherwise Applicable. Except as expressly provided otherwise, the following standards will apply to the Parties' conduct under this DDA.

(a) Covenant of Good Faith and Fair Dealing. In all situations arising from this DDA, subject to **Article 11** (Defaults), Developer and the Port each must attempt to avoid and minimize the damages resulting from the other's conduct and take all reasonably necessary measures to implement this DDA. This DDA is subject to the covenant of good faith and fair dealing applicable to contracts under California law. Accordingly, Developer and the Port each covenants, on behalf of itself and its successors and assigns, to take all actions and to execute, with acknowledgment or affidavit if required, all documents necessary to achieve the objectives of this DDA to the extent consistent with Applicable Law.

(b) Cooperation and Non-Interference. Developer and the Port acknowledge that the implementation of this DDA and the remedies provided to a Party for the other Party's default or failure to perform an obligation under this DDA are predicated on their cooperation throughout the DDA Term, and agree, subject to **Article 11** (Defaults): (i) to implement this DDA in a manner intended to accomplish its objectives; (ii) to refrain from doing anything that would render performance under this DDA impossible; and (iii) that a Party will be excused from performing under this DDA to the extent prevented by the other Party's actions.

(c) Commercial Reasonableness. Unless specifically provided otherwise in this DDA, whenever a Party is permitted to make a judgment, form an opinion, judge the sufficiency of the other Party's performance, or exercise discretion in taking (or refraining from taking) any action or making any determination, that Party must proceed with due diligence and employ commercially reasonable standards in doing so. In general, the Parties' ministerial acts in implementing this DDA, including construction of Improvements, approvals, disapprovals, demands for performance, requests for additional information, and any exercise of an election or option, must be commercially reasonable. The requirements for approvals under this DDA extend to and bind any Agents of Developer or of the Port that act on behalf of their principals.

(d) Disapproval. A Party that declines to grant approval or grants conditional approval must state its reasons in reasonable detail in writing. This requirement does not apply to the Port Commission, which as a public body will grant or deny approval in open session at a noticed public meeting held under applicable public meeting laws.

(e) Specificity of Approval. A Party's approval to or of any act or request by the other Party will not be deemed to waive or render unnecessary approval to or of any similar or subsequent acts or requests. In determining whether to give an approval, no Party is allowed to require changes from or impose conditions inconsistent with applicable Project Requirements and Regulatory Requirements or its prior approvals for the specific matter.

5.6. Limitations on Liability of the Parties.

(a) No Consequential, Punitive, or Special Damages.

(i) Neither Developer nor the Port would have entered into or become a Party to this DDA if it could be liable for indirect or consequential, punitive, or special damages under this DDA. Accordingly, Developer and the Port each waives any Claims against the other Party, and covenants not to sue the other, for indirect or consequential, punitive, or special damages under this DDA, including loss of profit, loss of business opportunity, or damage to goodwill.

(ii) The waivers in this DDA will not affect each Party's right to recover actual damages that arise from a Breaching Party's failure to: (1) pay any sum when due under any Transaction Document between the Parties relating to the 28-Acre Site Project; (2) satisfy any indemnity under this DDA; or (3) pay attorneys' fees when due under an Arbitrator's decision or a court's final judgment.

(b) Project Payment Sources. Except as otherwise provided in this DDA, Developer agrees as follows.

(i) All obligations of the Port or the City arising out of or related to this DDA are special and limited obligations of the Port and the City, as applicable, and the Port's and City's obligations to make any payments to implement this DDA are restricted strictly to Project Payment Sources described in the Financing Plan to this DDA, and only to the extent those sources are available to the Port and the City.

(ii) More specifically, in no event may Developer compel: (1) the City to use funds in or obligate the City's General Fund; or (2) the Port to use funds in or obligate the Port Harbor Fund except as described in the Financing Plan to this DDA, in either case to reimburse Developer's Horizontal Development Costs or any other costs associated with the 28-Acre Site Project or to satisfy any Developer Claim of damages for a breach by the Port or the City under any of the Transaction Documents.

(c) No Personal Liability. Unless specifically provided otherwise, the Parties agree that no Agents of the Port or of its successors or assigns will be personally liable to Developer or any Vertical Developer, and no Agents of Developer or any Vertical Developer or of their successors or assigns will be personally liable to the Port, for any default or breach of this DDA or for any payment or performance that becomes due under this DDA. This Subsection does not release or waive the obligations of any person with a direct legal obligation under Applicable Law, such as the general partner of a limited partnership or any Obligor providing Adequate Security for a specified obligation.

5.7. Defaults and Breaches.

(a) Phase-Specificity. An Event of Default by Developer or any Transferee hereunder in one Phase will not be an Event of Default by Developer or any Transferee in any other Phase. In certain instances as specified in Article 12 (Material Breaches and Termination), a Material Breach may affect more than one Phase.

(b) Limitations on Cross-Defaults.

(i) Cross-Defaults Between Developer and Vertical Developers. No Event of Default by Developer or a Transferee with respect to the Horizontal Improvements hereunder will be deemed to be an Event of Default by any Vertical Developer (including, without limitation, Vertical Developer Affiliates) under any Vertical DDA, Parcel Lease, or Restrictive Covenant.

(ii) Cross-Defaults Between Vertical Developer Affiliates and Developer. An Event of Default by a Vertical Developer Affiliate with respect to any Development Parcel pursuant to any Vertical DDA, Parcel Lease or Restrictive Covenant will be deemed to be an Event of Default by Developer hereunder but only as to an Event of Default related to the Vertical Developer Affiliate's: (1) failure to pay taxes; (2) failure to complete its Deferred Infrastructure obligations under the Vertical DDA; or (3) any other Transferred obligations that Developer explicitly retains in the pertinent Assignment and Assumption Agreement. Any of the foregoing events of default under a Vertical DDA will only be an Event of Default by Developer if the Port is entitled to terminate the Vertical DDA for such event of default after expiration of relevant notice and cure periods (including cure rights afforded to Permitted Lenders and Developer thereunder) and, in the case of Material Breach under Subsection 12.2(d) (Deferred Infrastructure), the Port's exclusive remedies will be governed by clause (iii) of Subsection 12.4(c) (Termination re: Outside Dates).

(iii) No Cross-Defaults in Other Cases. Except as provided in clause (ii) of Subsection 5.7(b) (Limitations on Cross-Defaults), no Event of Default by a Vertical Developer (including without limitation, a Vertical Developer Affiliate) with respect to Development Parcels under any Vertical DDA, Parcel Lease, or Restrictive Covenant will be deemed to be an Event of Default by Developer or any Transferee hereunder with respect to its Developer Construction Obligations under this DDA, or by any other Vertical Developer with respect to its obligations under any other Vertical DDA, Parcel Lease, or Restrictive Covenant.

6. TRANSFERS

6.1. Transfer Limitations in Phase 1. Except as to Deferred Infrastructure, subject to Subsection 15.6 (Deferred Infrastructure) and Section 6.5 (Releases), Developer is expressly prohibited from Transferring its development rights and obligations for Phase 1 to an Unrelated Transferee under any circumstance without the approval of the Port Commission, in its sole discretion.

6.2. Third-Party Transfers in Other Phases. This Section governs Developer's Transfer of any development rights and obligations for Phase 2 through the Final Phase of the 28-Acre Site Project to Unrelated Transferees. These limitations do not apply to Deferred Infrastructure obligations that the Port has agreed, through a Phase Approval or Vertical DDA, to assign to Vertical Developers.

(a) Before Phase Approval. Before the applicable Phase Approval, Developer may Transfer: (i) all of its rights and obligations as a Party for any Phase other than Phase 1; and (ii) all of its rights and obligations for all Later Phases as master developer under this DDA, to an Unrelated Transferee subject to the Port Commission's approval in either case under **Subsection 6.2(e)** (Port Commission Consideration).

(b) After Phase Approval. After a Phase Approval for any Phase other than Phase 1, Developer may only Transfer the applicable rights and obligations to an Unrelated Transferee as described below if approved by the Port Commission under **Subsection 6.2(e)** (Port Commission Consideration).

(i) If Developer has not begun to build Phase Improvements for the Phase that received the Phase Approval, Developer may Transfer all of its future rights and obligations with respect to the Current Phase. Developer's right of Transfer with a release for the applicable Phase will end when its starts construction.

(ii) If Developer has begun to build Phase Improvements for the Phase that received the Phase Approval, the Assignment and Assumption Agreement required under **Section 6.4** (Assignment and Assumption Agreement) will not release Developer of its obligations hereunder as to the applicable Phase, unless approved by the Port Commission in its sole discretion.

(c) Transferee Qualifications. The Port Commission is not obligated to approve a Transfer if an Unrelated Transferee (by itself or through the person controlling the Unrelated Transferee):

(i) does not satisfy the Experience Requirement;

(ii) does not satisfy the Net Worth Requirement;

(iii) does not commit in the applicable Assignment and Assumption Agreement to submitting any applicable Phase Submittals for the development opportunity being Transferred by the Outside Date specified in the Schedule of Performance or, if the Port Commission will consider the proposed Transfer less than 90 days before the Outside Date for Submittal of the Phase Submittal, within 90 days after the Port Commission's approval of the proposed Transfer; and

(iv) has been suspended, disciplined, debarred, or is otherwise prohibited from contracting with the City or the Port.

(d) Port Conditions. The Port Commission will not unreasonably withhold, delay, or condition its approval to a proposed Transfer to an Unrelated Transferee qualified under **Subsection 6.2(c)** (Transferee Qualifications) if all of the following conditions are satisfied.

(i) Developer is not in Material Breach of this DDA and the Port has not given notice of any potential breach by Developer before the Port Commission considers the requested Transfer.

(ii) Developer is in Material Breach or the Port has given notice of a potential breach, but in either case, the Transferee's cure of the Material Breach or potential breach is a condition of the Transfer in accordance with the timing and conditions reasonably satisfactory to the Port Commission.

(iii) Developer agrees that any consideration of monetary value that it actually receives from the Transferee in connection with the proposed Transfer will be treated as Land Proceeds under the Financing Plan.

(iv) Developer reimburses the Port for its reasonable costs of reviewing the Transferee's qualifications.

(v) The Transferee does not condition the Transfer on changes to the Transaction Documents that would materially increase the costs or other burdens to the Port or the City.

(vi) The proposed Transfer would not result in Developer Construction Obligations for the Phase to be split between more than one person.

(vii) The Transferee provides commitments that satisfy the Adequate Security and Loss Security requirements under **Article 17** (Security for Project Activities) for all obligations that the Transferee assumes, subject to the Port Director's approval, unless Developer confirms, with each applicable Obligor's consent, that the Adequate Security and Loss Security previously provided to the Port for any Transferred Phases will secure the Transferee's assumed obligations.

(viii) The Transferee must agree to satisfy and maintain the Net Worth Requirement at all times until the Transferee has satisfied all of its assumed obligations. Promptly after the Port's request, a person required to maintain a minimum Net Worth under this DDA must provide to the Port reasonable evidence that the person satisfies the Net Worth Requirement, including a copy of the person's most recent audited financial statements, which must not be dated more than 180 days before the date of the Port's request. Audited financial statements must be prepared by an independent CPA and must include the CPA's opinion that the financial statements are fairly stated in all material respects.

(ix) Developer (or any Transferee of all of Developer's obligations as master developer) will be responsible for all Developer Quarterly Reports, Phase Audits, and the Final Audit, including information from the Transferee's horizontal development activities, except to the extent that **clause (ii) of Subsection 12.8(b)** (Development Opportunities) applies.

(x) Developer (or any Transferee of all of Developer's obligations as master developer) agrees to be solely responsible for any distribution of Project Payment Sources and the Developer Share of Project Surplus for revenue sharing to its Transferees and to indemnify the Port against any Claims from Transferees regarding reimbursements and revenue-sharing; provided, however, that if Developer Transfers all of its obligations as master developer hereunder, then the applicable Transferee will be responsible for these distributions.

(e) Port Commission Consideration.

(i) Developer and any proposed Unrelated Transferee must provide to the Port reasonably detailed information to demonstrate compliance with **Subsection 6.2(c)** (Transferee Qualifications) and **Subsection 6.2(d)** (Port Conditions), a proposed Assignment and Assumption Agreement in the form attached hereto as **Exhibit D8** (and with such other changes as may be reasonably agreed by Port and Developer), and any additional documents and information that the Port Director reasonably requests. When the Port Director has sufficient information in her reasonable judgment to permit the Port Commission to make its determination, the Port Director will submit the proposed Transfer for Port Commission consideration.

(ii) Developer may request that the Port Commission consider a Transfer to an Unrelated Transferee that does not meet all of the requirements of **Subsection 6.2(c)** (Transferee Qualifications) and conditions of

Subsection 6.2(d) (Port Conditions). The Port Commission may give or withhold its approval to a noncompliant request in its sole discretion.

6.3. Affiliate Transfers. This Section governs Developer's Transfer of horizontal development rights and obligations under this DDA to an Affiliate. This Section does not apply to a Vertical Developer's transfer rights, which will be governed by the applicable Vertical DDA.

(a) Conditions to Transfer. Developer has the right at any time to Transfer any portion of its rights and corresponding obligations under this DDA to an Affiliate of Developer without the Port's approval if all of the following conditions are met.

(i) Developer is not then in Material Breach or, if an event has occurred that with notice and the passage of time would be a Material Breach, Developer has cured the event before the effective date of the Transfer.

(ii) The Transferee or the persons with Control of the Transferee satisfies the Experience Requirement and the Net Worth Requirement.

(b) Reorganization. A Transfer effected by Developer's consolidation or merger into or with any other business organization that meets the requirements of **Subsection 6.3(a) (Conditions to Transfer)** will be considered a permitted Transfer under this Section, even if Developer is not the surviving entity under Applicable Law.

(c) Application. Any Affiliate Transferee under this Section will be a Developer Party under this DDA to which Developer's Loss Security and any Phase Security will apply to the obligations assumed by the Transferee unless it provides replacement Adequate Security approved by the Port Director.

6.4. Assignment and Assumption Agreement.

(a) Form. Each Transfer permitted under this Article that results in a change in the legal entity contracting with the Port in this DDA must be subject to an Assignment and Assumption Agreement in the form attached hereto as **Exhibit D8** (and with such other changes as may be reasonably agreed by Port and Developer). The Port will not approve any Assignment and Assumption Agreement if the Transferee does not satisfy the Adequate Security Requirements under **Article 17 (Security for Project Activities)** for all obligations that the Transferee assumes or if Developer is in Material Breach or has not cured a potential breach after notice from the Port.

6.5. Releases.

(a) Unrelated Transferee. Upon the consummation of any Transfer, including receipt of the Assignment and Assumption Agreement executed by the Unrelated Transferee and Developer, the Port will provide to Developer a written release from any obligations arising under this DDA from and after the date of Transfer to the extent that such obligations are permitted to be released under this DDA and are expressly Transferred to and assumed by the Transferee under the approved Assignment and Assumption Agreement (subject to the terms of approval by the Port). The form of release may be in the approved Assignment and Assumption Agreement, or prepared as a separate document. Developer will not be released as to any obligations of Developer that arose before the date of the Transfer except to the extent that the same are expressly assumed by the Transferee in the Assignment and Assumption Agreement (subject to the terms of approval by the Port). The release will be provided within 30 days after the Port receives confirmation of the effective date of the Transfer, in a form prepared by the Port, consistent with this Section.

(b) Unrelated Vertical Developers. The Port will release Developer from any Deferred Infrastructure that is an obligation of an Unrelated Vertical Developer under its

DDA-36

Vertical DDA only after the Unrelated Vertical Developer has provided Adequate Security meeting the requirements of **Section 17.3** (Phase Security) to secure the completion in accordance with all applicable Project Requirements and Regulatory Requirements of the applicable Deferred Infrastructure under the Vertical DDA; or at such earlier time as is requested by Developer so long as the Port determines, in its sole discretion, that the Unrelated Vertical Developer's obligation to construct the Deferred Infrastructure in accordance with the Schedule of Performance is adequately assured.

6.6. Notice of Transfer. Developer must provide notice to the Port when any Transfer is complete, in addition to providing a copy of the fully executed Assignment and Assumption Agreement and any additional information and materials that the Port Director reasonably requests.

(a) With the Port Approval. For any Transfer described in **Section 6.1** (Transfer Limitations) or **Section 6.2** (Third-Party Transfers in Other Phases), Developer must provide notice to the Port within 10 business days after the effective date of an approved Transfer.

(b) Without Port Approval. For any Transfer described in **Section 6.3** (Affiliate Transfers), Developer must provide notice to the Port at least 30 days before the effective date of the Transfer or any shorter period the Port Director approves in her sole discretion. Developer's notice must include the identity, business and notice addresses, contact person, and contact information for the proposed Transferee and include evidence of the type described in **clause (vi)** (Financial Capacity) of **Subsection 3.2(b)** (Phase Submittal). Developer must also provide notice to the Port within 10 business days after the Transfer confirming its effective date. This provision will not create any obligation on or duty of a Permitted Lender other than as set forth in **Article 18** (Lenders' Rights).

(c) Effect of Transfers.

(i) Any attempted Transfer that does not meet all applicable requirements of this Article will be void as to the Port, and the Port will continue to have all rights against Developer under this DDA and at law as if the prohibited Transfer had not occurred.

(ii) As of the effective dates of Transfers conforming to applicable requirements of this Article, all references to Developer in provisions of this DDA relating to the assigned and assumed obligations will include each permitted Transferee.

(iii) After the effective date of a Transfer of which the Port has notice, the Port will deliver to Developer copies of any notice delivered to an Unrelated Transferee of the Port's intent to terminate the Transferee's rights under this DDA due to a Material Breach by the Transferee.

(d) Post-Transfer Defaults. The effects of a Transferee's defaults are described in **Section 5.7** (Defaults and Breaches).

6.7. Related Matters.

(a) Certain Recordkeeping. Developer and its Transferees will be treated as one person for purposes of Developer Quarterly Reports, Phase Audits and the Final Audit required under *FP Art 9 (Reporting)*. Developer agrees to require each Transferee to create and maintain reports, records, and information in a fashion that will allow Developer to meet its reporting obligations under this DDA. Developer will be responsible for gathering and compiling all Transferee information for inclusion in integrated Developer Quarterly Reports, Phase Audits, and the Final Audit in compliance

with this DDA. The Port's audit and inspection rights as to Developer will apply to all Transferees that assume horizontal development obligations.

(b) Exclusions. Nothing in this Article prohibits or otherwise restricts Developer from any of the following:

(i) granting easements, leases, subleases, licenses, or permits to facilitate the development, operation, and use of any part of the 28-Acre Site that Developer holds in fee or by leasehold;

(ii) granting or creating a Permitted Lien permitted under Article 18 (Lenders' Rights);

(iii) conveying its interest in any portion of the 28-Acre Site in connection with a Lender Acquisition; or

(iv) making a Transfer to the Port, the City, or any other Regulatory Agency as authorized by this DDA or other Transaction Document.

7. PARCEL CONVEYANCES AND DELIVERY OF ASSOCIATED PUBLIC BENEFITS

This Article addresses the procedures for conveyances of Option Parcels to Vertical Developer Affiliates or third-party Vertical Developers, conveyances by the Port or the City of Parcel C1A, the 20th/Illinois Parcel, and the Hoedown Yard, and the Developer's obligations to ensure delivery of Associated Public Benefits.

7.1. Developer Option.

(a) Option Parcels. By procedures in this Article, the Port will ground lease or sell each Option Parcel to a Vertical Developer pursuant to a Vertical DDA. Developer, on behalf of itself or its Vertical Developer Affiliates, will have the right to exercise the Option for Option Parcels by delivering notice to the Port in the manner set forth in Section 7.4(a) (Option Exercise Deadline).

(b) Exclusions. Developer's Option applies to all Development Parcels except the following parcels:

(i) the Affordable Housing Parcels (anticipated to be Parcel C1B, Parcel C2A, and Parcel K South);

(ii) the parcel previously designated for potential parking facilities (Parcel C1A);

(iii) Parcel E4, on which the Arts Building will be developed;

(iv) Historic Building 12 and Historic Building 21; and

(v) the Illinois Street Parcels (except Parcel K South) except under conditions described in Section 7.9 (20th/Illinois Parcel) and Section 7.10 (Hoedown Yard).

(c) Early Lease Parcels.

(i) Developer must Close Escrow for each Early Lease Parcel no later than two years after Commencement of Construction for the applicable Phase, as provided in the Schedule of Performance.

(ii) If Developer fails to meet the Outside Date for Close of Escrow for an Early Lease Parcel, the Port will provide written notice to Developer terminating Developer's right to exercise its Option as to a single Option Parcel within the applicable Phase. Within 30 days of the Port's notice, Developer will

DDA-38

respond in writing to the Port, identifying the Option Parcel within the Phase for which the Option will terminate. If Developer fails to respond within such 30-day period, then Port will select the applicable Option Parcel, in its sole discretion. After the expiration of the Developer's 30-day response period, the Port will have the right to offer the selected Early Lease Parcel through a Public Offering under Section 7.5 (Public Offering Procedures).

(iii) All Land Proceeds from the Port's conveyance of the Early Lease Parcels will be subject to *FP Art 3 (Land Proceeds)*.

(d) Option Termination. Developer must Close Escrow for all Option Parcels within an applicable Phase for which it has exercised its Option no later than three years after the Port has issued an SOP Compliance Determination for all Phase Improvements other than the Public Spaces within the applicable Phase, as provided in the Schedule of Performance. Developer's failure to meet the Outside Date for an Option Parcel within a Phase will terminate its Option as to that specific Option Parcel without any further action by the Port, and the Port will have the right to offer the Option Parcel through a Public Offering under Section 7.5 (Public Offering Procedures). Any Port conveyance of an Option Parcel by a Public Offering to a third-party Vertical Developer will be through a Vertical DDA substantially in the form attached as **Exhibit D2**.

7.2. Fair Market Value.

(a) Established by Appraisal. The Port will determine the Fair Market Value for each Option Parcel by the appraisal process described in Section 7.3 (Option Parcel Appraisals).

(b) Public Offering Prices as Comparables. The Parties agree that a selected Qualified Appraiser may appropriately consider the price at which the Port conveys any Option Parcel through a Public Offering under Section 7.5 (Public Offering Procedures) as an appropriate comparable in the appraisal process triggered by a later Appraisal Notice for a different Option Parcel that is designated for the same land use, and for Residential Parcels, Product Type and housing tenure.

7.3. Option Parcel Appraisals.

(a) Appraisal Notice.

(i) Developer may trigger the appraisal process for an Option Parcel in a Phase at any time after it submits the applicable Phase Submittal by delivering an Appraisal Notice to the Port. In the Appraisal Notice, Developer must identify the Option Parcel, provide a detailed program of uses planned for the parcel, including the area programmed for each type of use, the location and amount of office development on the Option Parcel that would be subject to the provisions for office development attached as **DDA Exhibit A5 (Provisions for Office Development)**, the scope of Deferred Infrastructure that will be attached to the parcel (subject to City consent under the ICA), and any Affordable Housing Fees or Inclusionary Units required under the Affordable Housing Plan if residential use is proposed.

(ii) With respect to any Flex Parcel, Developer may identify alternative use programs that are primarily residential or primarily commercial and consistent with the Project Approvals, and the appraisal will provide a value for both use programs.

(iii) The Parties will initiate an appraisal process to determine the Fair Market Value of the applicable Option Parcel based on the program of uses and scope of development described in the Appraisal Notice. Within 30 days after

Developer delivers an Appraisal Notice to the Port, the Parties will jointly select a Qualified Appraiser from the Qualified Appraiser Pool listed on **DDA Schedule 2** and issue joint Appraisal Instructions in accordance with **Subsection 7.3(d)** (Appraisal Instructions) to the selected Qualified Appraiser. The Port, or Developer with Port's consent in its sole discretion, will enter into the contract with the selected Qualified Appraiser; provided, however, that the Appraisal will be addressed jointly to Developer and Port. If the Parties are unable to agree on the selection of a Qualified Appraiser within such 30-day period, the first Qualified Appraiser on the Qualified Appraiser Pool list with availability will be the designated Qualified Appraiser. If the Port fails to enter into the contract with the selected Qualified Appraiser within 30-days of the selection, then Developer, with Port's reasonable consent, may enter into the contract. Neither Party may object to the designated Qualified Appraiser so long as the Qualified Appraiser is the next available Qualified Appraiser listed on the Qualified Appraiser Pool and continues to meet the qualifications as a Qualified Appraiser (as specified in **Subsection 7.3(b)** (Appraiser Qualifications)) as of the date of designation. Upon the joint selection or designation of a Qualified Appraiser, such Qualified Appraiser will be moved to the bottom of the Qualified Appraiser Pool list.

(b) Appraiser Qualifications. Each Qualified Appraiser must meet the following qualifications:

- (i) be licensed in the State of California as a Certified General Appraiser;
- (ii) be a member of the Appraisal Institute;
- (iii) have at least 10 years' experience in the San Francisco Bay Area valuing commercial-office or multiple occupancy residential properties or both, depending on the allowed uses of the Option Parcel;
- (iv) be a principal in either a national or regional firm based in California that: (1) is not a Vertical Developer Affiliate; (2) does not have an equity investment in Developer, any Vertical Developer Affiliate, any Vertical Developer that has entered into a Vertical DDA with the Port, or any of their Affiliates; (3) does not have a conflict of interest by virtue of a contractual relationship with Developer either existing or in the 24 months immediately preceding the engagement, unless the Port in its sole discretion waives the conflict; and (4) must agree to avoid future conflicts of interest as a condition to being in the pool; and
- (v) otherwise be acceptable to both Parties.

(c) Qualified Appraiser Pool. The Qualified Appraiser Pool from which the Parties may select as of the Reference Date is attached as **DDA Schedule 2**. From time to time, either Party may propose in writing to amend the Schedule to add or remove appraisers to or from the Qualified Appraiser Pool. If the Parties disagree on a proposed addition or removal, then the Parties will engage in a dispute resolution procedure under **Section 10.4** (Binding Arbitration).

(d) Appraisal Instructions. The Parties will issue their joint Appraisal Instructions to Qualified Appraisers substantially in the form of **DDA Exhibit D4**, providing instructions for either residential or commercial-office use, as appropriate, and directing the Qualified Appraiser to prepare and deliver simultaneously to both Parties a Joint Appraisal. Either Party may propose to make nonmaterial changes to the form of Appraisal Instructions from time to time, and the other Party will not unreasonably withhold, condition, or delay its approval. If a Party proposes material changes to

Appraisal Instructions, such as assumptions, special assumptions, limiting conditions, hypothetical conditions, and special instructions, the Party proposing the changes must provide its proposal in writing together with evidence supporting its proposed changes, and the other Party may approve or disapprove the proposed change in its sole discretion.

(e) Joint Appraisal. If the Parties agree on the value conclusions in the Joint Appraisal for an Option Parcel, it will become the Final Appraisal. In either case, the costs of the Joint Appraisal will be Soft Costs. If the Parties do not agree on the value conclusions in a Joint Appraisal, the dispute will be resolved by procedures in **Subsection 7.3(f) (Appraisal Disputes)**. A Final Appraisal for any Option Parcel must be completed and delivered to the Parties within six months after the date that Developer delivered the related Appraisal Notice.

(f) Appraisal Disputes. If either Party objects to the Joint Appraisal within two weeks after its delivery, the objecting Party may submit the valuation to a binding arbitration process under **Subsection 7.3(g) (Appraisal Dispute Resolution Procedures)**. Under this expedited process, each Party will have the right to engage another Qualified Appraiser to prepare a Party Appraisal using the same instructions used for the disputed Joint Appraisal. Subject to reimbursement as provided in this Subsection, the Parties will share equally in the fees and costs of any additional Qualified Appraiser engaged under **Subsection 7.3(g) (Appraisal Dispute Resolution Procedures)**. Fees and costs incurred by Developer under this Subsection will be reimbursable as Soft Costs under the Financing Plan. Fees and costs incurred by the Port under this Subsection will be reimbursable as Port Capital under the Financing Plan.

(g) Appraisal Dispute Resolution Procedures. If both Parties engage another Qualified Appraiser to prepare Party Appraisals, the Joint Appraisal will be disregarded. If only one Party engages another Qualified Appraiser, the Joint Appraisal will be considered as if it were a Party Appraisal. In either case, the Fair Market Value will be determined by the following appraisal dispute resolution process.

(i) If the difference between the value conclusions in the Party Appraisals is 10% or less of the higher value, then the Fair Market Value will be the average of the values.

(ii) If the difference between the value conclusions in the Party Appraisals is more than 10% of the higher value, the Parties will jointly select another Qualified Appraiser to perform an appraisal using the same instructions, and the Fair Market Value will be established as follows.

(1) If the difference between the value conclusion in either Party Appraisal and the third value is 10% or less of the higher value, then the third value will be disregarded, and the Fair Market Value will be the average of the values in the Party Appraisals.

(2) If neither Party Appraisal's value conclusion is within 10% of the third value, or if both Party Appraisals' value conclusions are within 10% of the third value, then both Party Appraisals will be disregarded, and the third value will be the Fair Market Value for Option purposes.

7.4. Option Parcel Closings.

(a) Option Exercise Deadline. Developer will have 30 days after delivery of any Final Appraisal (the "Option Exercise Deadline") to exercise its Option on the Option Parcel by notice to the Port. The price of the Option Parcel (by deed or Parcel Lease) will be (i) the Fee Value (as defined in the Appraisal Instructions) for fee transfers, (ii) the Fee Value or Prepaid Lease Value (as those terms are defined in the Appraisal Instructions) for fully Prepaid Leases, or (iii) the annual ground rent

DDA-41

determined with regard to the Fee Value or Prepaid Lease Value, as any of those values are determined by the Final Appraisal in accordance with the Appraisal Instructions; however, if the Final Appraisal is equal to or less than the applicable Down Market Threshold, then the procedures of **Subsection 7.4(d)** (Effect of Down Market Delay) will apply. Developer or its Vertical Developer Affiliate will execute and deliver the final form of Vertical DDA within 45 days after Developer's delivery of the Option notice (subject to extension by mutual agreement of the Parties to the extent necessary to finalize the form of Vertical DDA). Upon execution of the Vertical DDA, the procedures for Close of Escrow under the Vertical DDA will apply.

(b) Right to Credit Bid. As described in more detail in the Financing Plan, a Vertical Developer Affiliate will have the right to submit a Credit Bid for an Option Parcel, subject to the conditions and limitations of *FP § 3.3 (Right to Credit Bid)* and *FP § 3.4 (Amount of Credit Bid)*.

(c) Disposition of Land Proceeds. Under the Vertical DDA, the Port will instruct the Escrow Agent to disburse Land Proceeds from Escrow at Closing in accordance with the requirements of the Financing Plan.

(d) Effect of Down Market Delay.

(i) Final Appraisal Less than Down Market Threshold. If the Final Appraisal is equal to or less than the applicable Down Market Threshold, then the Final Appraisal will trigger an event of Down Market Delay. However, if the Final Appraisal is equal to or less than the Down Market Threshold, then Developer or its designated Vertical Developer Affiliate may still elect to exercise the Option at a price equal to (but not less than) the Down Market Threshold amount; or at any amount that is less than the Down Market Threshold by agreement between the Port and Developer, each in their sole discretion.

(ii) Final Appraisal. If a Down Market occurs after the exercise of the Option, but before the Close of Escrow on an affected Option Parcel, the following will apply.

(1) Developer may elect in its sole discretion to rescind its exercise of the Developer Option and direct the Escrow Agent to close the Escrow Account.

(2) The Option Parcel will remain subject to Developer's Option for the period described in **Section 7.1** (Developer Option).

(3) By agreement of the Parties, some or all appraisals previously prepared for the Option Parcel will be disregarded for future conveyances under this DDA.

(e) Effect of Failure to Close Escrow. Developer's failure to exercise its Option, Vertical Developer Affiliate's failure to Close Escrow by the Outside Date therefor set forth in the Schedule of Performance, as it may be extended under **Article 4** (Performance Dates), or the termination of a Vertical DDA prior to Close of Escrow thereunder will not be an Event of Default hereunder, but will cause Developer's Option for that Option Parcel to terminate automatically. After termination, the Port will have the right to conduct a Public Offering for the Option Parcel using procedures in **Section 7.5** (Public Offering Procedures) so long as the Fair Market Value established by the Final Appraisal is more than the Down Market Threshold, and proceeds received by the Port for conveyance of the applicable Option Parcel will be treated as Land Proceeds in accordance with the Financing Plan.

7.5. Public Offering Procedures

(a) Broker-Managed Offerings. Each Public Offering will be managed by a Qualified Broker selected from a list that the Parties have approved. The Qualified Broker Pool as of the Reference Date is set forth in **DDA Schedule 3**. From time to time, either Party may propose in writing to add or remove Qualified Brokers to or from the list. If the Parties disagree on a proposed addition or removal, then the Parties will engage in the dispute resolution procedure under **Section 10.4** (Binding Arbitration). The Parties will jointly select a Qualified Broker from the Qualified Broker Pool and the Port, or Developer with Port's consent in its sole discretion, will enter into the contract with the selected Qualified Broker. If the Parties are unable to agree on the selection of the Qualified Broker within 30 days after the termination of Developer's Option for an Option Parcel, the first Qualified Broker on the Qualified Broker Pool list with availability will be the designated Qualified Broker. Neither Party may object to the designated Qualified Broker so long as the Qualified Broker is the next available Qualified Broker listed on the Qualified Broker Pool and continues to meet the qualifications as a Qualified Broker as of the date of designation. If the Port fails to enter into the contract with the selected Qualified Broker within 30-days of the selection, then Developer, with Port's reasonable consent, may enter into the contract. Upon the joint selection or designation of a Qualified Broker, such Qualified Broker will be moved to the bottom of the Qualified Broker Pool list.

(b) Offering Document. The Public Offering documents for any Option Parcel will:

(i) identify the parcel being offered, describe any Deferred Infrastructure obligations for the parcel, specify the allowed uses, and indicate whether it is being offered for ground lease or sale;

(ii) specify a minimum bid price equal to the applicable Down Market Threshold for the Option Parcel and disclose that any offer that is between the Down Market Threshold and the Fair Market Value established by Final Appraisal must be subject to a right of first refusal in favor of Developer (the "Developer ROFR") as described in in **Subsection 7.5(e)** (Developer Right of First Refusal);

(iii) for a parcel to be leased, indicate whether the Port will require Fair Market Value to be paid as Prepaid Rent, Annual Ground Rent that amortizes Fair Market Value over the Parcel Lease term, or a combination of Prepaid Rent and Annual Ground Rent to the extent permitted in accordance with the Financing Plan;

(iv) identify the Qualified Broker managing the Public Offering;

(v) state a date by which sealed bids must be submitted and specify the deadline by which the bidder must enter into the Vertical DDA;

(vi) attach the proposed form of Vertical DDA in substantially the form attached as **DDA Exhibit D2** and require each bidder in its bid to acknowledge its agreement with its terms or to expressly identify any terms it proposes to modify.

(c) Bidder Prequalification. Each Public Offering document will specify a prequalification period ending no less than 20 days before bids are due during which any person interested in bidding must submit evidence that it meets applicable bidder guidelines. Each Qualified Bidder must:

(i) be an Unrelated Vertical Developer that is reasonably creditworthy given the obligations it is assuming in the Port's reasonable judgment in light of the bidder's other qualifications;

(ii) have one or more principals with at least five years of experience in developing the type of land use to be developed on the Option Parcel; and

(iii) meet all other bidder criteria set forth in **DDA Exhibit D5**, as applicable for residential or commercial-office use.

(d) Offering Period/Bid Award.

(i) The Qualified Broker will determine the deadline by which the bidder must enter into a Vertical DDA in consultation with the Port and Developer. Until such deadline (and subject to the Developer ROFR), the Port will be obligated to enter into the applicable Vertical DDA for the Option Parcel with the Qualified Bidder submitting the highest bid that meets or exceeds the Fair Market Value as determined by Final Appraisal.

(ii) If none of the bids meets or exceeds Fair Market Value, then the Port in its sole discretion may enter into a Vertical DDA for the Option Parcel with the Qualified Bidder submitting the highest bid that meets or exceeds the Down Market Threshold, which may be a third party or Developer in its exercise of the Developer ROFR.

(iii) The Port will not accept any offers below the Down Market Threshold unless agreed between the Port and Developer, each in its sole discretion.

(iv) Close of Escrow on the applicable Option Parcel with the Qualified Bidder will occur in accordance with the procedures set forth in the applicable Vertical DDA. The Developer ROFR will not apply to any offer that is at or above the Fair Market Value established by Final Appraisal.

(e) Developer Right of First Refusal. Subject to the Port's and Developer's agreement to accept a bid price that is lower than the Fair Market Value, but that exceeds the Down Market Threshold, each in its sole discretion; any Public Offering will be expressly subject to the Developer ROFR in any situation where the high bid exceeds the Down Market Threshold but is less than the Fair Market Value. Within five business days after final bids are received, the Port will provide Developer with written notice of the highest qualifying bid, including all material terms and conditions thereof (including price and form of consideration) and the intended date of the proposed Closing. If the highest qualifying bid exceeds the Down Market Threshold but is less than the Fair Market Value, Developer may exercise the Developer ROFR within 15 days after delivery of the Port's notice in the same manner as set forth in **Subsection 7.4(a)** (Option Exercise Deadline), except that the price will be the same as the third-party bid received, and on substantially equivalent terms.

(f) Effect of Failed Offering. If no Qualified Bidder submits a timely bid in accordance with **Subsection 7.5(d)** (Offering Period/Bid Award), then the Port will remove the Option Parcel from the market temporarily. Unless precluded by the Schedule of Performance, Developer will have additional opportunities to exercise an Option for that Option Parcel until such time as it would be impossible for Developer to deliver a new Appraisal Notice and Close the conveyance by the applicable Outside Date.

7.6. Vertical Coordination Agreement. In connection with Close of Escrow for any Development Parcel under a Vertical DDA (and as an express condition to the termination of the Master Lease as to the applicable Development Parcel), Developer will submit into Escrow a

duly executed Vertical Coordination Agreement that will also be executed by the applicable Vertical Developer under the applicable Vertical DDA. The Vertical Coordination Agreement will be delivered to Developer with a copy to the Port at Close of Escrow. The purpose of the Vertical Coordination Agreement will be to ensure the orderly development of the 28-Acre Site Project. Developer will provide the Port with the right to review and comment on the Vertical Coordination Agreement prior to its submittal into Escrow; however, the Port will not be deemed to be a party to or be required to enforce it.

7.7. Post-Closing Boundary Adjustments. The Parties acknowledge that as development of the 28-Acre Site advances, the description of each parcel of real property may require further refinements, which may require minor boundary adjustments. The Parties agree to cooperate in effecting any required boundary adjustments consistent with *App* ¶ 4.1.5 (*Technical Changes*). The Port and Developer agree that each Vertical DDA with Vertical Developers will include the obligation to cooperate with Developer and the Port in boundary adjustments.

7.8. Parcel C1A. The Port will have the right to offer Parcel C1A by a proprietary offering, implemented and executed in the sole discretion of the Port, for office development or market-rate residential if deemed appropriate by the Port in consultation with MOHCD. The Port will not seek any amendments to the SUD or Design for Development with respect to Parcel C1A without Developer's consent in its sole discretion. Parcel C1A will be a Development Parcel subject to the Master CC&Rs described in Section 8.6 (Master CC&Rs). The Port's proceeds of its conveyance of Parcel C1A will be Port Capital free of any restrictions under this DDA.

7.9. 20th/Illinois Parcel.

(a) Relationship to Project. The 20th/Illinois Parcel is within the boundaries of the SUD, but is not in the 28-Acre Site and is not an Option Parcel or a Development Parcel; however, the Port has decided to merge a portion of Michigan Street into the 20th/Illinois Parcel, and subdivide the resulting parcel into Parcel K North and Parcel K South as shown generally in DDA Exhibit A4-1 and in more detail in DDA Schedule 4.

(b) Treatment of Parcel K North.

(i) The Port intends to conduct a proprietary public offering process to sell Parcel K North at Fair Market Value established by a proprietary appraisal for a Market-Rate Condo Project. The public offering will be on terms proposed by the Port and approved by the Board of Supervisors by resolution. Terms proposed by the Port will include the following:

(1) compliance with all applicable mitigation measures of the MMRP, including Mitigation Measure M-AQ-1f (the Transportation Demand Management Plan);

(2) compliance with applicable land use restrictions, impact fees, and exactions imposed by the SUD, including a requirement to pay in lieu affordable housing fees equal to 28% of the costs of on-site market-rate condominium units;

(3) a Restrictive Covenant requiring that each individual owner who sells a Condo Unit pay the Port a transfer fee of 1.5% of the net purchase price;

(4) compliance with the recorded "Restrictions on Illinois Parcels," a copy of which is attached as DDA Schedule 5, to avoid conflicts with activities in the American Industrial Center located directly west of the Illinois Street Parcels; and

(5) a requirement to enter into an agreement with Developer that will address coordination and liability matters between Developer and the applicable purchaser, and pursuant to which, the applicable purchaser will provide Developer with advance notice of the availability of non-impacted surplus soil and provide Developer with the first right to receive the surplus soil at a location for delivery in the 28-Acre Site identified by Developer.

(ii) If a third party bidder does not Close Escrow and Developer has not received funds from the sale by February 15, 2019, then subject to **Subsection 7.9(b)(iii)**, the Port must either: (1) pay Developer an amount equal to the Fair Market Value of Parcel K North, net of assumed costs of sale (*i.e.*, customary closing costs and transfer taxes), within the following 60 days; or (2) offer Developer the right to enter into a Vertical DDA to purchase Parcel K North at its appraised Fair Market Value.

(iii) In order to facilitate the timely conveyance of Parcel K North, Developer will submit to the Port a Tentative Transfer Map on behalf of the Port prepared in accordance with the City's Subdivision Code that will encompass the 28-Acre Site, the remainder of the FC Project Area and the Historic Pier 70 Premises. The parcels shown on the Tentative Transfer Map that are within the 28-Acre Site will be consistent with the configuration of Development Parcels, Public ROWs and Public Spaces shown in the Phasing Plan. Port will direct Developer as to the parcel configuration for the remainder of the FC Project Area and the Historic Pier 70 Premises. Developer will submit the Tentative Transfer Map draft to the City within 90 days after it has received written direction from the Port that includes the proposed parcel configuration for the remainder of the FC Project Area and Historic Pier 70 Premises. Port will work diligently and cooperatively with Developer to provide such other information reasonably requested by Developer as necessary to prepare the draft Tentative Transfer Map. Failure of Developer to prepare the Tentative Transfer Map within such 90 days will not be an Event of Default hereunder, but will serve to extend the 15-month period in **Subsection 7.9(b)(ii)** on a day-for-day basis from the expiration of the 90-day period until Developer submits the draft Tentative Transfer Map.

(iv) The Port will apply the net sales proceeds or an amount equal to Parcel K North's Fair Market Value to eligible costs of the 28-Acre Site Project in accordance with *FP § 7.4(a) (Parcel K North)*. If Developer is the successful bidder for Parcel K North, the parcel will be treated as an Option Parcel under this DDA, except for the appraisal procedures, and Developer will be entitled to submit a Credit Bid for its purchase, subject to the conditions and limitations of *FP § 3.3 (Right to Credit Bid)* and *FP § 3.4 (Amount of Credit Bid)*.

(v) If Developer does not bid or timely Close Escrow under the Vertical DDA, Developer's rights under this Subsection will terminate automatically without any further action by the Port.

(c) Treatment of Parcel K South. Parcel K South will be an Affordable Housing Parcel subject to the Affordable Housing Plan and the Illinois Street Additional Measures attached as **DDA Schedule 5**.

7.10. Hoedown Yard.

(a) Relationship to Project. The Hoedown Yard is within the boundaries of the SUD, but is not in the 28-Acre Site and is not an Option Parcel or a Development Parcel. The Port will urge the City to use commercially reasonable efforts to: (i) vacate the public right-of-way bisecting the Hoedown Yard; and (ii) obtain PG&E's consent to

subdivide the parcel that would result from merging the former public right-of-way with the Hoedown Yard to create parcels called HDY1, HDY2, and HDY3 as shown generally in **DDA Exhibit A4-1**.

(b) Public Offering.

(i) Assuming that the City exercises its purchase option, the Port will work with the City on a proprietary public offering document to sell the Hoedown Yard at or above its Fair Market Value established by a proprietary appraisal. If the parcel is offered for development as a Market-Rate Condo Project, the offering terms will be parallel to those listed in **clause (i) of Subsection 7.9(b)** (Treatment of Parcel K North), except that Condo Unit owners will pay transfer fees to MOHCD.

(ii) At the City's election, the offering document may require the Hoedown Yard developer to build Irish Hill Playground subject to reimbursement from Hoedown Yard CFD Proceeds and Port Tax Increment.

7.11. Historic Building 2.

(a) Option Exercise Procedures.

(i) Building 2 is an Option Parcel in Phase 1. At any time before the Option exercise Outside Date in the Schedule of Performance, Developer may initiate the Option process by notice to the Port. References to Developer in this Section also mean its selected Vertical Developer Affiliate, if required in the context.

(ii) If Developer initiates the Option process for Historic Building 2, Developer will prepare conceptual or schematic design plans for the historic rehabilitation of Historic Building 2 in compliance with the Secretary's Standards at a level of detail reasonably required to submit a Part 1 and Part 2 application for Historic Tax Credits. Within a reasonable time after preparing the plans, Developer will submit Part 1 and Part 2 of the application for Historic Tax Credits to NPS, with a copy to the Port; provided, however, that this requirement will not apply if a change in Law would eliminate the availability of Historic Tax Credits for the Historic Buildings, or if, upon request by Developer, the Port Director waives this requirement in writing if she determines in her sole discretion, based on discussions with the NPS, that Historic Building 2 would not qualify for Historic Tax Credits.

(iii) Within 90 days after receipt of NPS's decision whether or not to certify the Part 2 application (or, if applicable, within 90 days after the Port issues its written waiver of the requirement for submittal of the Part 2 application), Developer will submit to the Port a construction cost estimate based on the plans approved or disapproved under the Part 2 application, and the Parties may meet and confer to discuss adjustments to the application based on the NPS decision. All hard cost estimates must be prepared by a licensed contractor having experience with the rehabilitation of historic buildings, and all soft cost estimates must be prepared by an experienced development manager or consultant working for Developer.

(iv) The decision by NPS on the Part 2 application, if applicable, and delivery of the cost estimate under **clause (iii)** of this Subsection will trigger the appraisal process for Building 2 in accordance with **Section 7.3** (Option Parcel Appraisals) and will commence the conveyance procedures of **Article 7** (Parcel Conveyances and Delivery of Associated Public Benefits). The appraisal will value the Parcel Lease based on a 99-year lease term, with the Qualified

DDA-47

Appraiser taking into account the construction cost estimate provided by Developer and further subject to the Qualified Appraiser's consultation with a third-party cost estimator or experienced construction contractor, but otherwise subject to the same appraisal procedures applicable to other Option Parcels. The Parcel Lease will be valued as if Historic Tax Credits are obtained if the NPS certifies the Part 2 application, and as if Historic Tax Credits are not obtained if the NPS does not certify the Part 2 application, the Historic Tax Credit requirement is eliminated under **Subsection 7.11(a)(ii)** or if the Port waives the submittal requirement.

(v) If Developer elects to enter into a Vertical DDA after the Final Appraisal in accordance with **Article 7** (Parcel Conveyances and Delivery of Associated Public Benefits), then the appraised value will be paid by Credit Bid at Close of Escrow in accordance with the terms of the Vertical DDA.

(vi) If Developer elects not to exercise its Option for Historic Building 2, the Port will offer Historic Building 2 in accordance with the Public Offering procedures of **Section 7.5** (Public Offering Procedures), except that the minimum bid price will be 85% of the Historic Building 2 value as determined by the appraisal.

(vii) If Developer elects not to exercise its Option for Historic Building 2, its soft costs related to preparation of plans, the Historic Tax Credit application, and cost estimates will be included as Soft Costs under this DDA on which Developer will be entitled to a 12% return if Developer has obtained the agreement of its applicable architects, engineers, and other consultants engaged to produce the required studies, applications, reports, permits, plans, drawings, and similar work product for Historic Building 2 (collectively, the "HB2 Project Materials") to assign the HB2 Project Materials to the Port automatically if Developer elects not to exercise its Option for Historic Building 2 and, if requested by the Port, has entered into an assignment agreement of the HB2 Project Materials in such form as reasonably agreed upon by the Parties. As part of such assignment, Developer will be permitted to disclaim any representations or warranties with respect to the HB2 Project Materials (other than Developer's payment of fees), and, at Developer's request, the Port will provide Developer with a release from liability for future use of the applicable HB2 Project Materials, in a form acceptable to Developer and the Port. Developer's acceptance of the Port's release will be deemed to waive and release the Port from any claims of proprietary rights or interest in the HB2 Project Materials, and Developer agrees that, following an assignment of the HB2 Project Materials, the Port or its designee may use any of the HB2 Project Materials for any purpose, including pursuit of the historic rehabilitation of Historic Building 2 with a third party.

(viii) Notwithstanding **Subsection 7.11(a)(vii)**, if (i) NPS has denied certification of Developer's Part 2 application for Historic Building 2 based on a finding that the proposed plans for historic rehabilitation do not meet the Secretary's Standards (as opposed to a denial due to reasons associated with the merits of the overall 28-Acre Site Project or impacts of the 28-Acre Site Project on the Union Iron Works Historic District), and (ii) the Port, in consultation with the Port's or City's historic preservation staff or outside consultant independently determines that the historic rehabilitation project proposed in the HB2 Project Materials would not meet the Secretary Standards, then Developer's costs related to the preparation of the HB2 Project Materials, the Historic Tax Credit application and cost estimates will not be included as Soft Costs. However, if,

upon Port request, Developer provides Port with the HB2 Project Materials, then Developer's costs incurred to produce the HB2 Project Materials will be included as Soft Costs.

(b) Terms of Conveyance. Historic Building 2 is an Option Parcel and its conveyance by Vertical DDA and Parcel Lease will be in the same form of Vertical DDA and Parcel Lease attached as **DDA Exhibit D2** and **DDA Exhibit D3** respectively, but subject to the additional or alternative provisions described in the Appendix for Historic Buildings attached to each, addressing, among other matters, the following.

(i) All construction work will comply with the Secretary's Standards and, if certified by NPS, comply with the certified Part 2 application.

(ii) The term of the Parcel Lease will be 99 years.

(iii) Rent will be a Prepaid Lease or Hybrid Lease to the extent permitted under *FP § 3.7 (Parcel Lease Options)*.

(iv) Vertical Developer will bear the risk of loss for any event of damage or destruction to Historic Building 2 that occurs prior to Close of Escrow that is estimated to add less than \$500,000 (subject to an annual CPI escalation) to the estimated construction cost (except that Port will assign any insurance proceeds to the Vertical Developer to the extent received), and the Vertical Developer may terminate the Vertical DDA in the case of damage or destruction that exceeds \$500,000. Damage or destruction that occurs prior to the date of the Vertical DDA will be governed by **Section 9.2(c) (Effect on Historic Buildings)**.

7.12. Arts Building.

(a) Parcel E4. Developer has designated Parcel E4 for construction of the Arts Building, which will consist of one or more new buildings that are primarily dedicated to arts/light industrial uses consistent with the SUD and the Arts Program attached as **DDA Exhibit B6**. The Arts Building may also include replacement space for the Noonan Tenants in accordance with **Section 7.13 (Noonan Replacement Space)**.

(b) Development Options. Developer may develop or cause to be developed Parcel E4 in one or more phases as follows:

(i) as a single-phase Arts Building on the entirety of Parcel E4 that will include the Noonan Replacement Space and will provide other arts uses that are consistent with the SUD and the Arts Program discussed below ("**Parcel E4 Option 1**");

(ii) as a single-phase project that will include a stand-alone building to accommodate the Noonan Replacement Space on approximately 1/3 of Parcel E4 (the "**Stand-Alone Noonan Building**") ("**Parcel E4 Option 2**"); or

(iii) as a phased project that will include the Stand-Alone Noonan Building on approximately 1/3 of Parcel E4 and a separate Arts Building on the remainder of Parcel E4 ("**Parcel E4 Option 3**").

(c) Allocation of Port Community Facilities Funds. Under *FP § 10.2 (Arts Building Funding)*, the Port has agreed to subsidize the Arts Building by providing a no-cost lease and has committed up to \$20 million of Arts Building Proceeds, as more particularly described in the Financing Plan: (i) \$13.5 million toward the Permanent Noonan Replacement Space if constructed on Parcel E4 under Parcel E4 Option 1, Parcel E4 Option 2 or Parcel E4 Option 3, (ii) \$4 million for the hard and soft costs of the Arts Building if constructed by or on behalf of Developer on Parcel E4 under Parcel E4

Option 1 or Parcel E4 Option 3, and (iii) community facilities within the 28-Acre Site and surrounding neighborhood in the amount of \$2.5 million.

(d) Development Options and Schedule of Performance.

(i) Parcel E4 Option 1.

(1) Developer may exercise Parcel E4 Option 1 by providing the Port with written notice of its election and causing a Vertical Developer Affiliate or an Arts Master Tenant to enter into a Vertical DDA for Parcel E4 before the Port has issued a Temporary Certificate of Occupancy for (i) an office building on the eastern portion of Parcel B if Parcel B is developed as two separate parcels, or (ii) an office building on the entirety of Parcel B if Parcel B is developed as a single parcel (in either case, the "Parcel E4 Outside Date"). The Outside Date for Close of Escrow will be established in accordance with the terms of the Vertical DDA for the Arts Building. If the Vertical DDA for the Arts Building under Parcel E4 Option 1 is with a Vertical Developer Affiliate, the Vertical DDA will require the Vertical Developer Affiliate to diligently proceed to commence construction and diligently prosecute the construction to completion. If the Vertical DDA for the Arts Building under Parcel E4 Option 1 is with an Arts Master Tenant, it will include a schedule of performance that will establish dates for commencement and completion of construction reasonably established by Port, subject to Excusable Delay. The Port's obligation to close escrow under the Vertical DDA for the Arts Building will be subject to the following: (a) delivery to the Port of completion security and evidence of adequate financing, (b) closing of leasehold financing, if any, (c) Port's reasonable approval of evidence of a guaranteed maximum price construction contract, and (d) issuance of the First Construction Document for the Arts Building.

(2) As a condition to entering into the Vertical DDA and Parcel Lease for the Arts Building under Parcel E4 Option 1, Developer, Vertical Developer Affiliate or the Arts Master Tenant must have obtained a minimum of \$17.5 million in private or philanthropic capital to fund the Arts Building (sources of which may include cash and pledges for grants, charitable contributions, and other private source). Pledges will be verified by the Controller under procedures established to protect confidential information such as names of donors and amounts of individual donations.

(3) The Parcel Lease for the Arts Building will be consistent with the terms and conditions for the Parcel E4 Parcel Leases described in Subsection 7.12(f) (Terms of Parcel E4 Vertical DDA and Lease(s)).

(4) If Developer timely exercises Parcel E4 Option 1 in accordance with this Subsection, the Port will use the Arts Building Proceeds in accordance with *FP* § 10.2.(b)(ii)(2).

(ii) Parcel E4 Option 2.

(1) Developer may exercise Parcel E4 Option 2 by providing the Port with written notice of its election and causing a Vertical Developer Affiliate or an Arts Master Tenant to enter into a Vertical DDA for the Stand-Alone Noonan Building before the Parcel E4 Outside Date Vertical Developer Affiliate.

(2) Developer's notice will identify the approximate location and size of the portion of Parcel E4 to be developed for the Stand-Alone Noonan Building. The Outside Date for Close of Escrow will be established in accordance with the terms of the Vertical DDA for the Stand-Alone Noonan Building. If the Vertical DDA for the Stand-Alone Noonan Building is with a Vertical Developer Affiliate, the Vertical DDA will require the Vertical Developer Affiliate to diligently proceed to commence construction and diligently prosecute the construction to completion. If the Vertical DDA for the Stand-Alone Noonan Building is with an Arts Master Tenant, it will include a schedule of performance that will establish dates for commencement and completion of construction reasonably established by Port, subject to Excusable Delay. The Port's obligation to close escrow under the Vertical DDA for the Stand-Alone Noonan Building will be subject to the following: (a) delivery to the Port of completion security and evidence of adequate financing, (b) closing of leasehold financing, if any, (c) Port's reasonable approval of evidence of a guaranteed maximum price construction contract, and (d) issuance of the First Construction Document for the Stand-Alone Noonan Building.

(3) As a condition to Close of Escrow under the Vertical DDA for the Stand-Alone Noonan Building, the applicable portion of Parcel E4 must be a separate legal parcel on a recorded Final Map or be otherwise in compliance with the Map Act (which compliance may be based upon a governmental agency exemption).

(4) Upon Close of Escrow under the Vertical DDA for the Stand-Alone Noonan Building, Port will dedicate the first \$13.5 million of the Arts Building Proceeds to finance the hard and soft costs of the Noonan Replacement Space in the Stand-Alone Noonan Building, as required under *FP* § 10.2(b)(ii)(1)(A).

(iii) Parcel E4 Option 3. Developer may exercise Parcel E4 Option 3 by providing the Port with written notice of its election and causing a Vertical Developer Affiliate or an Arts Master Tenant to enter into a Vertical DDA for the development of the Stand-Alone Noonan Building on approximately 1/3 of Parcel E4 and the Arts Building on the remainder of Parcel E4 before the Parcel E4 Outside Date. Developer may exercise Parcel E4 Option 3 independently as to the Stand-Alone Noonan Building and the Arts Building so long as an executed Vertical DDA for each of the Stand-Alone Noonan Building and the Arts Building is delivered to the Port prior to the Parcel E4 Outside Date. Under Parcel E4 Option 3, the requirements of **Subsection 7.12(d)(ii)** will apply to the development of the Stand-Alone Noonan Building, and the requirements of **Subsection 7.12(d)(i)** will apply to the development of the Arts Building on the remainder of Parcel E4, except that Port will dedicate the first \$13.5 million of the Arts Building Proceeds to finance the hard and soft costs of the Noonan Replacement Space in the Stand-Alone Noonan Building, as required under *FP* § 10.2(b)(ii)(1)(A), and the Port will apply the remaining Arts Building Proceeds in accordance with *FP* § 10.2(b)(ii)(1)(B), (C) and (D).

(e) Failures and Remedies.

(i) Parcel E4 Option 1 VDDA Failures and Remedies. If the Vertical Developer Affiliate or the Arts Master Tenant has not entered into the Vertical DDA for the Arts Building by the Parcel E4 Outside Date, or if after entering into the Vertical DDA, the Vertical Developer Affiliate or the Arts Master Tenant fails to Close Escrow and enter into the Parcel Lease for the Arts Building as required

DDA-51

under the applicable Vertical DDA, then Developer must make the Noonan Replacement Space Election as provided under **Subsection 7.13(b)** (Noonan Replacement Space Election), and Port's exclusive remedies with respect to Parcel E4 will be as follows:

(1) Developer's rights to develop Parcel E4 will terminate effective immediately without delivery of notice and without any action by the Port Commission;

(2) Port may elect to use Parcel E4 for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination); and

(3) Port will be entitled to retain (i) \$4 million all of the Arts Building Proceeds for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination), (ii) if the CF Conditions are not satisfied, \$2.5 million of the Arts Building Proceeds to finance community facilities, and (iii) the remaining \$13.5 million of Arts Building Proceeds for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination).

(ii) Parcel E4 Option 1 Parcel Lease Failures and Remedies. If the Vertical Developer Affiliate or the Arts Master Tenant Closes Escrow under the Vertical DDA for the Arts Building and executes the Parcel Lease, Developer will have satisfied its obligation to provide the Permanent Noonan Replacement Space and the Phase Security provided under **Section 17.3(d)** (Noonan Replacement Space) will be released; however, if thereafter the Vertical Developer Affiliate or Arts Master Tenant defaults in its obligations under the Parcel Lease to commence or complete the Arts Building, then Port retains the following exclusive remedies with respect to Parcel E4:

(1) Port may terminate the Vertical DDA and the Parcel Lease and take back possession of Parcel E4;

(2) Port may elect to use Parcel E4 for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination);

(3) Port will be entitled to retain (i) \$4 million of the Arts Building Proceeds for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination), (ii) if the CF Conditions are not satisfied, \$2.5 million of the Arts Building Proceeds for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination), and (iii) the remaining \$13.5 million of Arts Building Proceeds for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination); and

(4) Port may elect to avail itself of the completion security provided by the Tenant under the Arts Building Vertical DDA; and

(5) Port may elect to complete the Arts Building, subject to availability of sufficient funding sources.

(iii) Parcel E4 Option 2 VDDA Failures and Remedies. If the Vertical Developer Affiliate or the Arts Master Tenant has not entered into the Vertical

DDA-52

DDA for the Stand-Alone Noonan Building by the Parcel E4 Outside Date, or if after entering into the Vertical DDA, the Vertical Developer Affiliate or the Arts Master Tenant fails to Close Escrow and enter into the Parcel Lease for the Stand-Alone Noonan Building as required under the applicable Vertical DDA, then Developer must make the Noonan Replacement Space Election as provided under **Subsection 7.13(b)** below, and Port's exclusive remedies with respect to Parcel E4 will be as follows:

(1) Developer's rights to develop the portion of Parcel E4 that is the subject of the Vertical DDA for the Stand-Alone Noonan Building will terminate effective immediately without delivery of notice and without any action by the Port Commission;

(2) Port may elect to use the portion of Parcel E4 that is the subject of the Vertical DDA for the Stand-Alone Noonan Building for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination);

(3) Port will be entitled to retain \$13.5 million of Arts Building Proceeds for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination); and

(4) If Developer has not exercised Parcel E4 Option 3 prior to the Parcel E4 Outside Date, Port will be entitled to retain (i) \$4 million of the Arts Building Proceeds for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination) and (ii) if the CF Conditions are not satisfied, \$2.5 million of the Arts Building Proceeds for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination).

(iv) **Parcel E4 Option 2 Parcel Lease Failures and Remedies.** If the Vertical Developer Affiliate or the Arts Master Tenant Closes Escrow under the Vertical DDA for the Stand-Alone Noonan Building and executes the Parcel Lease, Developer will have satisfied its obligation to provide the Permanent Noonan Replacement Space and the Port will release the Phase Security provided under **Section 17.3(d)** (Noonan Replacement Space); however, if thereafter the Vertical Developer Affiliate or Arts Master Tenant defaults in its obligations under the Parcel Lease to commence or complete the Stand-Alone Noonan Building, then Port retains the following exclusive remedies with respect to Parcel E4:

(1) Port may terminate the Vertical DDA and the Parcel Lease for the Stand-Alone Noonan Building and take back possession of the portion of Parcel E4 that is the subject of the Parcel Lease for the Stand-Alone Noonan Building;

(2) Port may elect to use the portion of Parcel E4 that is the subject of the Parcel Lease for the Stand-Alone Noonan Building for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination);

(3) Port will be entitled to retain \$13.5 million of Arts Building Proceeds for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination); and

(4) If Developer has not exercised Parcel E4 Option 3 prior to the Parcel E4 Outside Date, Port will be entitled to retain DDA-53.

(i) \$4 million of the Arts Building Proceeds for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination) and (ii) if the CF Conditions are not satisfied, \$2.5 million of the Arts Building Proceeds for any publicly-oriented building described in **Subsection 7.12(e)(vi)** (Use of Parcel E4 After Termination).

(5) Port may avail itself the completion security provided by the Tenant under the Vertical DDA for the Stand-Alone Noonan Building; and

(6) Port may elect to complete the Stand-Alone Noonan Building, subject to availability of sufficient funding sources.

(v) Parcel E4 Option 3 VDDA and Lease Failures and Remedies. For Parcel E4 Option 3, the provisions of **Subsection 7.12(e)(iii)** (Parcel E4 Option 2 VDDA Failures and Remedies) will govern failures and remedies applicable to development of the Stand-Alone Noonan Building, and the provisions of **Subsection 7.12(e)(i)** (Parcel E4 Option 1 VDDA Failures and Remedies) will govern failures and remedies applicable to development of the Arts Building on the remainder of Parcel E4.

(vi) Use of Parcel E4 After Termination. If Port terminates the rights of Developer, a Vertical Developer Affiliate or an Arts Master Tenant as to all or a portion of Parcel E4 as provided above in this **Subsection 7.12(e)** (Failures and Remedies), Port, in its sole discretion, may use the terminated portion of Parcel E4 for any publicly-oriented building consistent with the SUD and Design for Development and may sell or lease the terminated portion of Parcel E4 to a third party by Public Offering for development and operation of a publicly-oriented building. The Port will not process any amendment to the SUD or Design for Development to accommodate a proposed use on Parcel E4 without agreement between the Port and Developer, each in its sole discretion. Any proceeds received by the Port from a conveyance of Parcel E4 under a Public Offering will be Port Capital free of any restrictions under this DDA.

(f) Terms of Parcel E4 Vertical DDA and Lease(s). Under either Parcel E4 Option 1, Parcel E4 Option 2 or Parcel E4 Option 3, Developer, through a Vertical Developer Affiliate or an Arts Master Tenant as described below, will enter into a Vertical DDA and Parcel Lease with the Port substantially in the forms attached as **DDA Exhibit D2** and **DDA Exhibit D3**, each as modified by an Appendix with specific Vertical DDA and Parcel Lease terms respectively that are unique to Parcel E4. From and after the Reference Date, the Parties will diligently meet and confer to reasonably agree upon the form of the Parcel E4 Appendices, which will be consistent with the provisions of this Section. Upon agreement (as evidenced by an instrument signed by the Parties), the approved Parcel E4 Appendix for the Vertical DDA will be appended to **DDA Exhibit D2** and the Parcel E4 Appendix for the Parcel Lease will be appended to **DDA Exhibit D3** and made a part hereof. Finalization of the Parcel E4 Appendix will be a pre-requisite to Developer's exercise of any of the Parcel E4 Options.

(g) The Parcel E4 Appendix to the Vertical DDA and Parcel Lease will reflect the following terms:

(i) The Port's obligation to close escrow under the Vertical DDA for the Stand-Alone Noonan Building will be subject to the following: (a) delivery to the Port of completion security and evidence of adequate financing, (b) closing of leasehold financing, if any, (c) Port's reasonable approval of evidence of a

guaranteed maximum price construction contract, and (d) issuance of the First Construction Document for the Stand-Alone Noonan Building.

(ii) The matters set forth in **Sections 7.12(d)(i)** (Parcel E4 Option 1), **7.12(d)(ii)** (Parcel E4 Option 2) and **7.12(d)(iii)** (Parcel E4 Option 3), as applicable with respect to the schedule of performance for Close of Escrow and commencement and completion of construction.

(iii) The initial term of any such Parcel Lease will be 50 years with an option in favor of the tenant to extend by an additional 16 years.

(iv) The scope of development for the Arts Building under Parcel E4 Option 1 or Parcel E4 Option 3 will be subject to the requirements of the Arts Program attached as **DDA Exhibit B6**. The scope of development for the Permanent Noonan Replacement Space under Parcel E4 Option 1, Parcel E4 Option 2 or Parcel E4 Option 3 will be consistent with the requirements of the Artist Transition Plan under **Section 7.13(c)** (Artist Transition Plan).

(v) Base rent for the initial 50-year term under both the Stand-Alone Noonan Building and the Arts Building will be \$1 per year, prepaid in advance. Base rent for the 16-year extension term will be set at a commercially reasonable amount as agreed upon by the Port and the Vertical Developer Affiliate or Arts Master Tenant, taking into account the required uses of the Arts Building, including the requirements of the Noonan Space Lease as described in **Subsection 7.13(a)** (Developer's Obligation to Provide Space), if applicable.

(vi) Dispute resolution procedures for determination of base rent during the 16-year extension term.

(h) Arts Master Tenant Qualifications. Developer may assign its lease rights under this Section to an Arts Master Tenant that satisfies all of the following criteria, or is otherwise approved by the Port in its sole discretion.

(i) The proposed Arts Master Tenant must provide the Port with reasonably satisfactory evidence of its ability to fully fund the proposed project, including fundraising and grants, and its ability to service debt in light of the obligations it is assuming in the Port's reasonable judgment in light of the bidder's other qualifications.

(ii) The proposed Arts Master Tenant must have one or more principals with at least five years of experience in developing real estate projects of similar size and scope to the proposed building on Parcel E4 with nonprofit arts organizations in San Francisco and throughout the greater Bay Area.

(iii) The proposed Arts Master Tenant must identify a project team, including real estate development consultants, architects, construction management professionals, and a general contractor that each have at least 10 years' experience in developing real estate projects of similar size and scope to the proposed building on Parcel E4.

7.13. Noonan Replacement Space.

(a) Developer's Obligation to Provide Space. Developer will phase development of the 28-Acre Site Project so that the Noonan Tenants are provided with a notice to vacate that will offer them the right (but not the obligation) to move to a new or rehabilitated building within the 28-Acre Site Project that meets the requirements of this Section. The Parties acknowledge that space for the Noonan Tenants will likely be provided in two phases: one or more temporary spaces within the 28-Acre Site (the "Temporary Noonan Replacement Space") that will be provided prior to the

DDA-55

demolition of Building 11, and the development of a permanent artist space within the 28-Acre Site (the "Permanent Noonan Replacement Space").

(i) Location of Temporary Noonan Replacement Space. The Temporary Noonan Replacement Space may be located (a) within one or more buildings or temporary structures located on the Master Lease Premises (such as trailers or buildings that have not yet been rehabilitated), (b) within a new building or historic rehabilitation located on a Development Parcel that has been constructed by a Vertical Developer Affiliate under a Vertical DDA; or (c) within an off-site temporary space that has been approved by the Noonan Tenants and mutually agreed by the Parties, each in their sole discretion.

(ii) Location of Permanent Noonan Replacement Space. The Permanent Noonan Replacement Space will be located on Parcel E4 in the Arts Building under Parcel E4 Option 1, or in the Stand-Alone Noonan Building under Parcel E4 Option 2 or Parcel E4 Option 3. However, if Developer fails to timely exercise either Parcel E4 Option 1, Parcel E4 Option 2 or Parcel E4 Option 3 prior to the Parcel E4 Outside Date (or at such earlier time as requested by Developer, subject to the Port Director's approval in her sole discretion), then the Permanent Noonan Replacement Space will be located elsewhere within the 28-Acre Site.

(b) Noonan Replacement Space Election. If Port exercises its remedies to terminate the rights of Developer, a Vertical Developer Affiliate or an Arts Master Tenant to all or a portion of Parcel E4 under Parcel E4 Option 1, Parcel E4 Option 2 or Parcel E4 Option 3, then Developer may satisfy its obligation with respect to the Noonan Replacement Space by providing the Port with a written notice within 60 days after the Parcel E4 Outside Date, electing to proceed with one of the options described in **Subsections 7.13(b)(i)** (Temporary Replacement Space Designated as Permanent Replacement Space) and **7.13(b)(ii)** (Designation of New Permanent Space) (in either case, a "Noonan Replacement Space Election"). If Developer fails to make the Noonan Replacement Space Election within such 60-day period, Port may provide Developer with a written notice of such failure, clearly labelled, "*Action Required for Noonan Replacement Space Election.*" If Developer fails to make the Noonan Replacement Space Election within 10 days of Port's notice, then Port may select the location for the Permanent Noonan Replacement Space by written notice to Developer, which selection will be binding on Developer and become the Noonan Replacement Space Election for purposes of this Subsection. Notwithstanding the foregoing, if between the time that Developer makes the Noonan Replacement Space Election and the date that is twenty-four months thereafter, a TCO is issued for the Permanent Noonan Replacement Space within a building constructed on all or a portion of Parcel E4, then as of such date, all of Developer's obligations under **Subsection 7.13 (a)** (Developer's Obligation to Provide Space), **Subsection 7.13(b)** (Noonan Replacement Space Election) and **Subsection 7.13(c)** (Artist Transition Plan) will be relieved and the Port will release the Noonan Phase Security.

(i) Temporary Replacement Space Designated as Permanent Replacement Space. If at the time of the Noonan Replacement Space Election, the Noonan Tenants have been moved to a Temporary Noonan Replacement Space within a new building or historic rehabilitation located on a Development Parcel that has been constructed by a Vertical Developer Affiliate under a Vertical DDA, then Developer may elect in its Noonan Replacement Space Election to formally designate the Temporary Noonan Replacement Space as the Permanent Noonan Replacement Space. However, if the applicable Parcel Lease does not already permit the use of the leased premises for the Permanent Noonan Replacement Space in accordance with the applicable terms and conditions of the

Artist Transition Plan, then Developer's election under this subsection will be conditional upon the Port and the applicable tenant under the Parcel Lease agreeing to an amendment to the applicable Parcel Lease within 90 days after Developer's election that will permit the use of the leased premises for the Permanent Noonan Replacement Space in accordance with the applicable terms and conditions of the Artist Transition Plan. If the Parcel Lease amendment does not occur during such 90-day period (subject to extension by mutual agreement of the Parties in their sole discretion), then within 30 days after the expiration of such 90-day period, Developer must make the Noonan Replacement Space Election under **Subsection 7.13(b)(ii)** in accordance with the procedures of **Subsection 7.13(b)** (Noonan Replacement Space Election).

(ii) Designation of New Permanent Space.

(1) If at the time of the Noonan Replacement Space Election, the Noonan Tenants have been moved to a Temporary Noonan Replacement Space that is located (x) within one or more buildings or temporary structures located on the Master Lease Premises (such as trailers or buildings that have not yet been rehabilitated), or (y) within a new building or historic rehabilitation located on a Development Parcel that has been constructed by a Vertical Developer Affiliate under a Vertical DDA but Developer does not wish to make the election in **Subsection 7.13(b)(i)** (Temporary Replacement Space Designated as Permanent Replacement Space), then Developer, in its Noonan Replacement Space Election, will designate the location of the Permanent Noonan Replacement Space on the 28-Acre Site, consistent with all applicable Regulatory Requirements. Under this election, the location of the Permanent Noonan Replacement Space may be located on (x) the site of the then-existing Temporary Noonan Replacement Space if it is located within one or more buildings or temporary structures located on the Master Lease Premises (such as trailers or buildings that have not yet been rehabilitated), in which case Developer will provide notice and another Temporary Noonan Replacement Space within the 28-Acre Site during the Permanent Noonan Replacement Space construction period consistent within the Artist Transition Plan, or (y) on another future Development Parcel that can accommodate the Permanent Noonan Replacement Space.

(2) Notwithstanding **Subsection 7.13(b)(i)** (Temporary Replacement Space Designated as Permanent Replacement Space) or **Subsection 7.13(b)(ii)** (Designation of New Permanent Space), if the Temporary Noonan Replacement Space is located on the last Option Parcel to be developed in the 28-Acre Site (the "Final Option Parcel"), then the Appraisal Notice for the applicable Option Parcel will reflect the use and economic terms for the Permanent Noonan Replacement Space located on the applicable Option Parcel, consistent with the Artist Transition Plan, and the applicable Vertical DDA, Parcel Lease and/or Restrictive Covenants for the Option Parcel will require the Option Parcel to accommodate the Permanent Noonan Replacement Space consistent with the Artist Transition Plan. Developer, at its sole cost and expense, will be required to provide another Temporary Noonan Replacement Space for the applicable Noonan Tenants

during construction of the Permanent Noonan Replacement Space on the applicable Option Parcel.

(3) If Developer makes the Noonan Replacement Space Election under **Subsection 7.13(b)(ii)(1) or (2)**, Developer will cause a Vertical Developer Affiliate to enter into a Vertical DDA for the designated parcel no later than 24-months after the date of Developer's notice. The Appraisal Notice and the Parcel Lease for the designated parcel will reflect the use and economic terms for the Permanent Noonan Replacement Space consistent with the Artist Transition Plan. The Outside Date for Close of Escrow will be established in accordance with the terms of the applicable Vertical DDA. The Vertical DDA will require the Vertical Developer Affiliate to diligently proceed to commence and prosecute the construction diligently to completion.

(c) Artist Transition Plan. As a condition to the Port's obligation to issue the Initial Transition Notice (described below), Developer will have obtained Port approval of the "**Artist Transition Plan**" for the Noonan Tenants in accordance with this Subsection. Developer will consult and cooperate with the Port to prepare the Artist Transition Plan in consultation with the Noonan Tenants, which will be submitted for Port approval. The Port will approve or disapprove the Artist Transition Plan within 30 days of its submittal (or 15 days in the case of a resubmittal as provided below). If the Port disapproves the Artist Transition Plan, it will provide Developer with notice, with a reasonably detailed explanation of the reasons for disapproval. The Artist Transition Plan will be an agreement binding on the Port and Developer and will include the material terms described below. The Port will include relevant terms under the Artist Transition Plan in the applicable Parcel Lease for the building or in an amendment to the Master Lease reasonably approved by the Parties as a condition to the issuance of the Initial Transition Notice for any Master Lease Premises in which any Temporary or Permanent Noonan Replacement Space will be located (the "**Noonan Space Lease**") and will reasonably cooperate with Developer in the implementation of the Artist Transition Plan. The Artist Transition Plan will address the following matters, at a minimum.

(i) Notice and Terms for Temporary Noonan Replacement Space.
The provisions of this Subsection will govern the notice and terms for the initial termination and relocation of the Noonan Tenants from Building 11.

(1) The Artist Transition Plan will obligate the Port, at Developer's request and with Developer's cooperation and consultation, to provide the Noonan Tenants with a minimum of 6 and up to 24 months' prior written notice ("**Initial Transition Notice**") of the termination of their respective leases at Building 11 (or, if applicable, a Temporary Noonan Replacement Space), with an opportunity to relocate to the Temporary Noonan Replacement Space upon termination. The timing for issuance of the Initial Transition Notice will be set forth in the Artist Transition Plan, but will be initiated at such time as is elected by Developer in order to satisfy its obligations under **Subsection 7.13(a)** (Developer's Obligation to Provide Space).

(2) The Temporary Noonan Replacement Space will be subject to a license or sublease with each Noonan Tenant on the tenant's standard commercial sublease form, subject to the requirements of the Artist Transition Plan. Each license or sublease will include a termination clause with 24 months'

advance notice to allow the Noonan Tenant relocating to the Temporary Noonan Replacement Space to transition to the Permanent Noonan Replacement Space.

(3) The sublease of the Temporary Noonan Replacement Space may be with individual Noonan Tenants or with a single subtenant representing the Noonan Tenants (such as a duly formed nonprofit entity) that licenses or subleases artist space to individual artists; provided, however, that in either case, the applicable licenses or subleases to the single subtenant or the Noonan Tenants must include the termination clause and relocation opportunities described in **Subsection 7.13(c)(ii)** (Notice and Terms for Permanent Noonan Replacement Space).

(4) Each Noonan Tenant must respond to the Initial Transition Notice within 60 days of the Initial Transition Notice with its election to (a) vacate Building 11 (or, if applicable, a Temporary Noonan Replacement Space) and not accept relocation to the Temporary Noonan Replacement Space or (b) move to the Temporary Noonan Replacement Space designated in the notice upon the termination of their lease under the Initial Transition Notice. Any Noonan Tenant that elects not to relocate to the Temporary Noonan Replacement Space within the time required must vacate Building 11 (or, if applicable, the then-current Temporary Noonan Replacement Space) within the time required under the Initial Transition Notice, which obligation will be enforced by the Port with respect to the existing lease for Building 11, and will forego its rights to locate within the Temporary Noonan Replacement Space and will forego its rights to locate within the Permanent Noonan Replacement Space.

(ii) **Notice and Terms for Permanent Noonan Replacement Space.** The Vertical Developer Affiliate under the applicable Noonan Space Lease for the Temporary Noonan Replacement Space with the Port's cooperation and consultation (or Developer, if the Temporary Noonan Replacement Space is located on the Master Lease Premises as an interim use under the Master Lease) will provide the Noonan Tenants with a minimum of 24 months' prior written notice ("Second Transition Notice") of the termination of the applicable subleases at the Temporary Noonan Replacement Space (or to another Temporary Noonan Replacement Space, if needed by Developer to accommodate a phased move before the Permanent Noonan Replacement Space is ready for occupancy), and providing the applicable Noonan Tenant with the opportunity to relocate to the Permanent Noonan Replacement Space upon termination (or to another Temporary Noonan Replacement Space, if needed by Developer to accommodate a phased move before the Permanent Noonan Replacement Space is ready for occupancy). Developer will retain the ability to trigger the issuance of the Second Transition Notice at such time as is elected by Developer in order to satisfy its obligations under **Subsection 7.13(a)** (Developer's Obligation to Provide Space). If the Temporary Noonan Replacement Space is with a single subtenant representing the Noonan Tenants, then the Second Transition Notice will be provided to the single subtenant, and the single subtenant must provide a copy of the Second Transition Notice to each of the Noonan Tenants having a license or sublease. Each Noonan Tenant must respond to the Second Transition Notice within 60 days of the Second Transition Notice to vacate the Temporary Noonan Replacement Space or move to the Permanent Noonan Replacement Space upon

the termination of their lease as set forth in the Second Transition Notice. Any Noonan Tenant that elects not to relocate to the Permanent Noonan Replacement Space within the time required must vacate the Temporary Noonan Replacement Space within the time required under the Second Transition Notice and will forego its rights to locate within the Permanent Noonan Replacement Space.

(iii) Size. Any Noonan Replacement Space will be sized to accommodate those existing Noonan Tenants that elect to relocate to the Noonan Replacement Space, estimated to be between 20,000 and 25,000 gsf. Procedures for determining the size of individual subtenant spaces and priority for selection will be identified in the Artist Transition Plan, and, for the Noonan Replacement Space, will be managed by the Vertical Developer Affiliate or Arts Master Tenant, as applicable, under the Noonan Space Lease in consultation with the Port and the Noonan Tenants.

(iv) Rent. The base rent will be permanently restricted during the term of the sublease for the Temporary Noonan Replacement Space, and for the life of the building of the Permanent Noonan Replacement Space to reflect the following components (collectively, the "Noonan Tenant Rent").

(1) Base rent will be \$1.30 per square foot (*i.e.*, equal to the Port's parameter rent schedule for the tenant's existing space on the Reference Date), adjusted by the percentage of change between the CPI first published in any full month after the Reference Date and the CPI published for the month most immediately prior to the rent commencement date of the applicable Noonan Tenant sublease, with an annual CPI adjustment thereafter.

(2) To the extent the Noonan Tenant base rent would not be reasonably anticipated to cover customary common area charges for the Noonan Replacement Space (*e.g.*, taxes, insurance, utilities and building maintenance and repair), an additional amount per subtenant based on the size of their subleased premises to the extent required to operate the building in which the Noonan Replacement Space is located without an annual operating loss, as determined by the master tenant under the Parcel Lease for the Noonan Replacement Space in consultation with the Port. However, the amount of common area charges that may be passed on to subtenants under the Noonan Space Lease must not exceed: (A) 10% of the applicable Noonan Tenant Rent payable by the Noonan Tenant that first moves to the Noonan Replacement Space; and (B) 50% of the Noonan Tenant Rent charged to any subsequent subtenant occupying the Noonan Replacement Space.

(d) Costs and Moving Expenses. Developer will be responsible for (i) the costs associated with providing the Temporary Noonan Replacement Space (including unreimbursed out-of-pocket costs incurred by Developer for permitting, design, acquisition of temporary facilities, tenant improvements and ongoing rent subsidies and operational costs), and (ii) actual moving expenses of each eligible Noonan Tenant that moves to any Temporary Noonan Replacement Space, and for each Noonan Tenant that moves to the Permanent Noonan Replacement Space, including costs of transportation, packing, crating, unpacking and uncrating personal property, insurance covering personal property, and connection charges for starting utility service. Such costs will be included as Horizontal Development Costs subject to reimbursement from Project Payment Sources in accordance with the Financing Plan. Notwithstanding the foregoing, if the Temporary Noonan Replacement Space is located on the Final Option Parcel to be

DDA-60

developed within the Project, then any of the costs specified in clauses (i) and (ii) of this Subsection incurred in connection with the relocation of the Noonan Tenants from the applicable Option Parcel to another Temporary Noonan Replacement Space in order to allow for the designation and construction of the Permanent Noonan Replacement Space on that Option Parcel will not be included as Horizontal Development Cost eligible for reimbursement from Project Payment Source.

(e) Remedies for Failure. Developer's failure to comply with its obligations under **Subsection 7.13 (a)** (Developer's Obligation to Provide Space), **Subsection 7.13(b)** (Noonan Replacement Space Election) and **Subsection 7.13(c)** (Artist Transition Plan) will not be a Material Breach; however, the Port may avail itself of the following exclusive remedies:

(i) If Developer makes the Noonan Replacement Space Election under **Subsection 7.13(b)(ii)(1)** or **(2)** but fails to cause a Vertical Developer Affiliate to enter into a Vertical DDA for the designated parcel no later than 24-months after the date of Developer's notice, or if Close of Escrow fails to close under the applicable Vertical DDA due to a Vertical Developer Affiliate event of default or a failure to satisfy the conditions precedent to closing under the applicable Vertical DDA, then Port will have the following remedies:

(1) Developer will lose its Option as to the designated Option Parcel, and Port may convey the designated Option Parcel by Public Offering.

(2) Port may call on the Noonan Phase Security provided under **Subsection 17.3(d)** (Noonan Replacement Space). Upon satisfaction of the payment obligations under the Noonan Phase Security, Developer will be relieved of its performance and payment obligations under **Subsection 7.13 (a)** (Developer's Obligation to Provide Space), **Subsection 7.13(b)** (Noonan Replacement Space Election), **Subsection 7.13(c)** (Artist Transition Plan) and **Subsection 7.13(d)** (Costs and Moving Expenses).

(3) Port, in its discretion, may elect, to (i) locate the Permanent Noonan Replacement Space on the designated Option Parcel by including the requirement in the Appraisal Instructions and Vertical DDA for the designated Option Parcel consistent with the terms of the Artist Transition Plan, and by providing the Vertical Developer Affiliate with the funds obtained under the Noonan Phase Security to subsidize the Permanent Noonan Replacement Space on such Option Parcel, or (ii) use the Noonan Phase Security to subsidize the establishment of the Permanent Noonan Replacement Space at the site of the Temporary Noonan Replacement Space.

(ii) If a Vertical Developer Affiliate defaults in its obligations under the applicable Vertical DDA to commence construction of the Permanent Noonan Replacement Space designated under **Subsection 7.13(b)(ii)(1)** or **(2)** and diligently prosecute the construction to completion, then Port will have the following remedies:

(1) Port may terminate the Vertical DDA and Parcel Lease in accordance with their terms.

(2) Port may call on the Noonan Phase Security provided under **Subsection 17.3(d)** (Noonan Replacement Space). Upon satisfaction of the payment obligations under the Noonan Phase Security, Developer will be relieved of its performance and payment obligations under **Subsection 7.13 (a)** (Developer's Obligation to Provide Space), **Subsection 7.13(b)** (Noonan Replacement Space Election), **Subsection 7.13(c)** (Artist Transition Plan) and **Subsection 7.13(d)** (Costs and Moving Expenses).

(3) Port, in its discretion, may elect, to (i) locate the Permanent Noonan Replacement Space on the designated Option Parcel by including the requirement in the Appraisal Instructions and Vertical DDA for the designated Option Parcel consistent with the terms of the Artist Transition Plan, and by providing the Vertical Developer Affiliate with the funds obtained under the Noonan Phase Security to subsidize the Permanent Noonan Replacement Space on such Option Parcel, or (ii) use the Noonan Phase Security to subsidize the establishment of the Permanent Noonan Replacement Space at the site of the Temporary Noonan Replacement Space.

7.14. Historic Buildings 12 and 21. Except as otherwise provided in **Subsection 9.2(c)** (Effect on Historic Buildings), Developer must rehabilitate Historic Building 12 and Historic Building 21 in accordance with the Secretary's Standards and subject to the Schedule of Performance, all as more particularly described in this Section.

(a) Schedule. As shown on the Schedule of Performance, Developer must comply with the following schedule for Historic Buildings 12 and 21.

(i) The Vertical Developer Affiliate must enter into a Vertical DDA and Close Escrow on a Parcel Lease for Historic Building 12 consistent with **Subsection 7.14(b)** (Forms) within the times provided under the Schedule of Performance.

(ii) The Vertical Developer Affiliate must enter into a Vertical DDA and Close Escrow on a Parcel Lease for Historic Building 21 consistent with **Subsection 7.14(b)** (Forms) within the times provided under the Schedule of Performance.

(b) Forms. The Vertical DDA and Parcel Lease for Historic Building 12 and Historic Building 21 will be substantially in the forms attached as **DDA Exhibit D2** and **DDA Exhibit D3**; but subject to the additional and alternative provisions described in the Appendix for Historic Buildings attached to each, addressing, among other matters, the following terms.

(i) The Vertical Developer Affiliate will be required to rehabilitate or cause to be rehabilitated Historic Building 12 and Historic Building 21 consistent with the Design for Development and the Secretary's Standards and in accordance with the Schedule of Performance.

(ii) The Vertical Developer Affiliate will be required to submit Part 1 and Part 2 of the application for Historic Tax Credits; provided, however, that this requirement will not apply if a change in Law would eliminate the availability of Historic Tax Credits for the applicable Historic Building, or if, upon request by Developer, the Port Director, in her sole discretion, waives this requirement.

(iii) The term of each Parcel Lease will be 66 years.

DDA-62

(iv) Base rent will be \$1/year.

(v) Participation rent will equal 3.5% of Modified Gross Income (as defined in the Parcel Lease), which participation rent will be subordinate to the rights of any Permitted Lender thereunder, starting on the 31st anniversary of the issuance of a Temporary Certificate of Occupancy for the applicable Historic Building.

(vi) Completion Guaranty. As a condition to Close of Escrow on the Parcel Lease, the Vertical Developer Affiliate must provide a guaranty from an Obligor having a Net Worth of not less than \$10 million that unconditionally and irrevocably obligates the Obligor to cause the lien-free completion of the required improvements. The guaranty will be in a form reasonably satisfactory to the Port based upon then-prevailing terms in the market.

(vii) Damage and Destruction. The Vertical Developer Affiliates will bear the risk of loss for any event of damage or destruction to Historic Building 12 or 21; as applicable, that occurs prior to Close of Escrow on the Parcel Lease that is estimated to add less than \$500,000 (subject to an annual CPI escalation) to the estimated construction cost (except that the Port will assign any insurance proceeds to the Vertical Developer to the extent applied to reconstruction costs), and the Vertical Developer may terminate the Vertical DDA in the case of damage or destruction that exceeds \$500,000. Damage or destruction that occurs prior to the date of the Vertical DDA will be governed by **Subsection 9.2(c)** (Effect on Historic Buildings).

(viii) Participation in Proceeds from Sales and Refinancing. The provisions in the form of Parcel Lease governing participation in sales and refinancing proceeds will apply equally to the Parcel Leases for Historic Building 12 and 21.

(c) Failure to Proceed a Material Breach. If the Vertical Developer Affiliate fails to enter into a Vertical DDA for Historic Building 12 or 21, as applicable, by the Outside Date shown on the Schedule of Performance for any reason except the Port's failure to execute the Vertical DDA, it will be a Material Breach by Developer and the remedies of **Section 12.4** (Termination as Port Remedy) will apply.

(d) Vertical Developer Default. If Vertical Developer Affiliate fails to Commence Construction and thereafter diligently prosecute to completion the required Improvements under the Schedule of Performance, it will not be a default under this DDA, but Port may exercise all available remedies under the applicable Vertical DDA, including an action on the completion guaranty described in **Subsection 7.14(b)** (Forms), specific performance and termination of the Parcel Lease. After termination of the applicable Vertical DDA and/or Parcel Lease, the Port will have the right to offer Historic Building 12 and Historic Building 21 by Public Offerings for any use permitted under the SUD. The Port's proceeds from a conveyance under this clause will be Port Capital free of any restrictions under this DDA.

7.15. Rooftop Open Space. The 28-Acre Site Project may include 20,000 gs of contiguous rooftop open space that could be used for active recreation (the "Rooftop Open Space"), to be provided in accordance with this Section.

(a) Provided by the Port. If the Port develops Parcel C1A for commercial use, it will provide the Rooftop Open Space on the roof of Parcel C1A, subject to funding availability. The Port may use Public Financing Sources to pay for the Rooftop Open Space as a public benefit of the 28-Acre Site Project. If the Port, in consultation with

MOHCD, is able to develop residential use on Parcel C1A, then the procedures of Subsection 7.15(b) (Selected by Developer) will apply.

(b) Selected by Developer. If the Port, in consultation with MOHCD, notifies Developer prior to Developer's Phase Submittal for Phase 3 that the Port will not develop Parcel C1A for commercial use, then the Port may request Developer to include in its Phase Submittal for Phase 3 a location for the Rooftop Open Space on a commercial parcel in Phase 3, subject to the following conditions.

(i) The Vertical DDA for the Option Parcel subject to the Rooftop Open Space will include a condition precedent to the Vertical Developer's obligation to provide the Rooftop Open Space that the Port has demonstrated to the Vertical Developer's reasonable satisfaction at Close of Escrow that Public Financing Sources are available to pay for the construction costs, at time of construction, to be incurred by the Vertical Developer solely associated with the Rooftop Open Space, including items such as Construction Code requirements triggered by the Rooftop Open Space (e.g., structural framing or a change in building type construction), additional elevators, a dedicated entry, additional egress requirements, and noise mitigation measures to shield the commercial uses within the building.

(ii) The Vertical DDA will include a mechanism for timely payment of the Vertical Developer's construction costs as they are incurred, from available Public Financing Sources.

(iii) The Vertical Developer will have no obligation or liability for operation and maintenance of the Rooftop Open Space. Costs of operation and maintenance (including additional costs to building such as security, separate entrance lobby, etc.) will be paid through the Services Special Taxes and the costs of Maintained Facilities included in the budget and tax rates for the Pier 70 Leased Property CFD and Zone 2 of the Pier 70 Condo CFD.

(iv) As a condition to Vertical Developer's construction obligations, the Port and City will take actions necessary to allow development of the Rooftop Open Space.

7.16. Affordable Housing Parcels. Developer has preliminarily selected, and the Port and MOHCD have approved, Parcel C1B and Parcel C2A as the Affordable Housing Parcels in the 28-Acre Site, and Port has also agreed that Parcel K South will also be an Affordable Housing Parcel. Developer will comply with its obligations under the Affordable Housing Plan, including the preparation and timely delivery of the Affordable Housing Parcels and the requirement that no more than 50% of all Market-Rate Units at full build-out of the 28-Acre Site will be sold as Condo Units.

7.17. PDR. No less than 50,000 gsf of space within the 28-Acre Site Project will be restricted for PDR use (the "**PDR Requirement**") through compliance with this Section. Developer will identify in each Phase Submittal each Development Parcel within the Phase, if any, that will accommodate all or a portion of the PDR Requirement. Upon approval of each Phase Submittal that contains all or a portion of the PDR Requirement, the Port will incorporate the applicable PDR use and size restriction into the Parcel Lease for the applicable Development Parcel. If Developer has not identified sufficient space to fulfill the PDR Requirement with the Phase Submittal for Phase 2, the Port may condition its approval of the Phase Submittal for Phase 3 upon a requirement that Developer satisfy the remaining PDR Requirement in Phase 3. A default by a Vertical Developer under the applicable Parcel Lease of its obligation to comply with the PDR Requirement will be a default in accordance with the applicable terms of the Parcel Lease, but will not give rise to an Event of Default under this DDA. The Appraisal Instructions

for any Option Parcel that will be subject to the PDR Requirement will take into account the required gsf of the PDR Requirement.

7.18. Child Care.

(a) Locations. Developer will accommodate two on-site childcare facilities within the 28-Acre Site Project, as provided in this Section. In both its Phase Submittal for Phase 1 and its Phase Submittal for either Phase 2 or Phase 3, Developer will identify the potential location for an on-site childcare facility within the applicable Phase with a capacity of a minimum of 50 children each and meeting all applicable Regulatory Requirements. The locations for the childcare facilities will be limited to the potential childcare locations shown on the map attached as **DDA Exhibit B7**. The Port and Developer may agree to move the location of the childcare facility shown in a Phase Approval to another of the eligible childcare sites at any time prior to Developer's delivery of an Appraisal Notice for the applicable Option Parcel. The requirement for the on-site childcare facility will be included in the Appraisal Instructions for the applicable Option Parcel.

(b) Sublease. When the location of the childcare facility is finally determined within each applicable Phase, the Port will include a provision in the Vertical DDA for the applicable Option Parcels that requires the Vertical Developer to provide a childcare facility meeting the requirements of this Section. Each facility must have a minimum capacity of 50 children and be available for lease to a qualified nonprofit operator at a cost not to exceed actual operating and tenant improvement costs reasonably allocated to similar facilities in similar buildings, amortized over the term of the lease.

(c) Potential Reinstatement of Childcare Fees. Developer may request the elimination of one or both of the childcare facilities from the 28-Acre Site Project, subject to the Port's approval in its sole discretion. If the Port approves such request as to a particular Option Parcel, the Vertical Developer under the applicable Vertical DDA will be required to pay an amount equal to the Impact Fees under Planning Code sections 414.1-414.15 and sections 414A.1-414A.8 as a condition to the Port's approval.

7.19. Community Facilities.

(a) Right to Sublease. The City will have the right to sublease from Vertical Developers within the 28-Acre Site (excluding the frontages designated in the Design for Development and SUD as "priority retail") up to 15,000 gsf of community facilities (the "**Community Facility Space**") at fair market rents and on lease terms consistent with the then-current market. The Community Facility Space will be subject to all applicable requirements of the subject Parcel Lease, including those provisions governing prohibited uses.

(b) Prohibited Uses. The City must not use the Community Facility Space for any automobile-related uses, garages, hazardous waste facility, incinerators, junkyards, machine shops, public utilities yards, recycling centers, social services, or health services operated or directed by the City specifically or primarily for purposes of community behavioral health services, community substance abuse services, or similar services, service yards, storage yards, or wireless telecommunications services facilities.

(c) Exercise of Right.

(i) In each Phase Submittal that includes commercial-office uses, Developer will designate one or more eligible Option Parcels that could accommodate the Community Facility Space, or if 15,000 gsf of contiguous ground floor space is not available in the subject Phase, Developer may propose a distribution of the 15,000 gsf among more than one building in the Phase. In its Phase Approval, the Port, in consultation with the City, must notify Developer as

DDA-65

to whether or not the City intends to accept the right to the Community Facility Space within any designated location (each, a "CF Election").

(ii) If the Port makes the CF Election, then it will forfeit its right to Community Facility Space in any Later Phase, but the Parcel Lease for the designated Option Parcel will include a requirement for the Vertical Developer to provide the City with a right of first offer to sublease the Community Facility Space at fair market rent and on market terms. If the City fails to exercise its right of first offer within six months after the execution date of the applicable Vertical DDA or if it elects not to exercise a sublease renewal option, it will forfeit all further rights to the Community Facility Space.

(d) Failure to Exercise. If the Port fails to make the CF Election with the Phase Approval, it will forfeit the City's right to the Community Facility Space for that Phase, but Developer must offer an alternate Community Facility Space in each Later Phase. The Port will forfeit the City's right to any Community Facility Space if the Port has failed to make the CF Election by the date of the Phase 3 Phase Approval.

7.20. Priority Retail along Slipways Commons. The open space network within the 28-Acre Site Project includes an inland portion called Slipways Commons, as more particularly described in the Design for Development (Figure 3.6.1). Slipways Commons is bounded by Parcels E1, E2, E3 and E4. The Design for Development (Figure 2.2.2) designates the frontages of these Parcels as Priority Retail Frontage zones. To ensure that these Priority Retail Frontage zones will attract and be activated by visitors as well as local residents, each Parcel Lease or Restrictive Covenant for Parcel E1, E2 and E3 will include a requirement that the Tenant must use commercially reasonable efforts to sublease at least fifty percent (50%) of the rentable ground floor area within the Priority Retail Frontage zone on the Premises to "Priority Retail" uses (as defined in the Design for Development) that are also visitor-serving uses, which may include, without limitation, restaurants, cafes and specialty retail and food purveyors that will attract visitors and enhance their enjoyment of the adjoining open spaces, and that the Tenant may not enter into any sublease that would prevent or prohibit Tenant from achieving the foregoing without the prior written consent of the Port Director, in her sole discretion.

7.21. Report on Associated Public Benefits. With the Phase Submittal application for Phase 3, and within six months after the Port has issued the last Final Certificate of Occupancy for all Vertical Improvements in all Phases, Developer must submit to the Port a report that describes compliance with the Associated Public Benefits described in this DDA. The Associated Public Benefits Report will track compliance with all categories of Associated Public Benefits provided with applicable Development Parcels and Affordable Housing Parcels, and, at the beginning of Phase 3, will describe how all remaining Associated Public Benefits will be achieved and enforced within Phase 3.

7.22. Wastewater Treatment and Recycling System.

(a) WTRS Variant. *Infrastructure Plan § 12.2 (Proposed Non-Potable Water System)* contemplates two possible variants for the treatment of recycled water at the 28-Acre Site Project: a parcel-based graywater reuse system, or a district-wide Wastewater Treatment and Recycling System ("WTRS"). *Infrastructure Plan § 12.2 (Proposed Non-Potable Water System)* provides that the decision between parcel-based or district-wide WTRS will be made prior to construction of Phase 1 based on market viability and the SFPUC Non Potable Water application procedures. The decision to proceed with the WTRS variant will be made in accordance with this Subsection.

(b) WTRS Term Sheet and WTRS Agreement. As of the Reference Date, the Port, SFPUC and Developer are negotiating a term sheet (the "WTRS Term Sheet") that will be the basis upon which the parties thereto will negotiate a binding three-party agreement relating to the construction and acceptance of the WTRS (the "WTRS

DDA-66

Agreement"). The WTRS Agreement will set forth the agreements and understandings of the parties as to the schedule, design, construction, ownership and operation of the WTRS. The Parties anticipate that the Port, SFPUC and Developer, each in their sole discretion, will sign the WTRS Term Sheet by May 1, 2018, and enter into the WTRS Agreement based on the WTRS Term Sheet by July 1, 2018.

(c) Developer's Obligation for WTRS. If the parties enter into the WTRS Agreement by July 1, 2018 (as such date may be extended by mutual agreement of the parties thereto in their sole discretion), then the WTRS Agreement will be appended to this DDA, the WTRS will automatically and, without further action by the Parties, become a Phase Improvement for all purposes of this DDA, and Developer's obligations under the WTRS Agreement to design and construct the WTRS will automatically be deemed a Developer Construction Obligation hereunder. Within 30 days after the effective date of the WTRS Agreement, the Parties will revise the Schedule of Performance for Phase Improvements to include a separate line item that will set forth the Outside Dates applicable to the WTRS consistent with the schedule of performance set forth in the WTRS Agreement; provided, however, that the failure to do so will not void or invalidate Developer's schedule of performance obligations under the WTRS Agreement. If the Port, SFPUC and Developer fail to enter into the WTRS Agreement by July 1, 2018 (as such date may be extended by mutual agreement of the parties thereto in their sole discretion), then the recycled water system at the 28-Acre Project Site will be provided by a parcel-based graywater reuse system in accordance with the Infrastructure Plan.

(d) Treatment of WTRS for Purposes of the DDA. Without limiting Subsection 7.22(c) (Developer's Obligation for WTRS): (i) Developer's Horizontal Development Costs related to the design, approval and construction of the WTRS will be included as Horizontal Development Costs for which the Port must pay or reimburse Developer from Project Payment Sources under the Financing Plan, and (ii) Developer's obligations to comply with the Outside Dates in the Schedule of Performance for the WTRS will be subject to Excusable Delay. Except to the extent expressly addressed in the WTRS Agreement, Developer's failure to comply with its obligations for the WTRS in accordance with the WTRS Agreement will be treated in the same manner its failure to comply with the Schedule of Performance for any other Phase Improvement under Subsection 12.2(c) (Outside Dates for Phase Improvements and Public Spaces).

7.23. Potential Relocation of Building 11.

(a) Building 11 Relocation Plan and Potential Developer or Arts Master Tenant Relocation of Building 11. Subject to Subsection 7.23(b) (Potential Port Relocation of Building 11), if prior to the Port's approval of Developer's Phase Submittal for Phase 2, either the Port or Developer receives an approved Part 1 and Part 2 for any resource in the Union Iron Works Historic District ("UIWH District") from the National Park Service that conditions Part 2 historic tax credit eligibility upon the relocation and rehabilitation of Building 11, or the National Park Service issues a written communication confirming that the relocation and rehabilitation of Building 11 would support a Part 2 historic tax credit eligibility approval for other resources in the UIWH District (subject to compliance of the applicable contributing resource with Secretary Standards), Developer and Port will use commercially reasonable efforts to develop a plan ("**Building 11 Relocation Plan**") to relocate Building 11, which will include a schedule, detailed costs and funding sources, a relocation site for Building 11 within the UIWH District that is to the north of and outside the 28-Acre Site, and the relevant terms of the Artist Transition Plan described in Subsection 7.13(c) (Artist Transition Plan). The Building 11 Relocation Plan may also include the procedures described in clauses (i) through (vi) hereof to implement the Building 11 Relocation Plan, subject to each Party's

approval in its sole discretion. The Building 11 Relocation Plan and any material amendments to the Transaction Documents that are necessary to implement the Building 11 Relocation Plan are subject to Port Commission and Board of Supervisors' approval, in their sole and absolute discretion, after completion and consideration of environmental review under CEQA in accordance with applicable law.

(i) Relocation of Building 11 under the Building 11 Relocation Plan by Developer or an Arts Master Tenant will be financed by up to \$13.5 million in Arts Building Proceeds.

(ii) If the costs to implement the Building 11 Relocation Plan, including seismic upgrades, code compliance and building relocation, exceed the \$13.5 million in Arts Building Proceeds, the Port will have the option to utilize Port Tax Increment or other available sources (not including Project Payment Sources) to pay for remaining costs. If the costs to implement the Building 11 Relocation Plan are less than the \$13.5 million in Arts Building Proceeds, Port and Developer will utilize the remainder to subsidize the Arts Building, subject to the terms of **Section 7.12 (Arts Building)** and *FP § 10.2(b) (Arts Building Funding)*.

(iii) Subject to Port Commission and Board of Supervisors approval in their sole discretion after completion and consideration of environmental review under CEQA in accordance with applicable law, Port will enter a Vertical DDA with a Developer Affiliate, Arts Master Tenant or other third party that would require the contracting entity, through itself or other qualified parties, to lease, relocate, rehabilitate, maintain and operate Building 11.

(iv) Close of Escrow under the Vertical DDA for Building 11, implementation of the Building 11 Relocation Plan and compliance with the Artist Transition Plan will satisfy Developer's obligation to provide Permanent Noonan Replacement Space under **Section 7.13 (Noonan Replacement Space)** and the Schedule of Performance.

(v) Notwithstanding the foregoing, the Port Commission and Board of Supervisors retain the absolute discretion to (a) make modifications to the proposed Building 11 Relocation Plan, Vertical DDA and Parcel Lease as are deemed necessary to mitigate significant environmental impacts, (b) select other feasible alternatives to avoid such impacts, (c) balance benefits against unavoidable significant impacts before taking final action if such significant impacts cannot otherwise be avoided, or (d) determine not to proceed with the proposed Building 11 Relocation Plan, Building 11 Vertical DDA and Building 11 Parcel Lease based upon the information generated by the environmental review process.

(vi) After Building 11 is relocated and rehabilitated under the Building 11 Relocation Plan and in compliance with the Artist Transition Plan, the relocated Building 11 is intended to be the Permanent Noonan Replacement Space, unless otherwise agreed by the Parties.

(b) **Potential Port Relocation of Building 11.** Notwithstanding **Subsection 7.23(a)** (Building 11 Relocation Plan and Potential Developer or Arts Master Tenant Relocation of Building 11), Port will have the right in its sole discretion, and subject to approval by the Port Commission and Board of Supervisors in their sole and absolute discretion, after completion and consideration of environmental review under CEQA in accordance with applicable law, to relocate Building 11 to a relocation site within the UIWH District that is to the north of and outside the 28-Acre Site at its own cost. The Port will exercise such right by delivering notice to Developer prior to the addition of the

DDA-68

Building 11 Site to the Premises as an Annexation Site (as those terms are defined in the Master Lease) in accordance with *ML* § 1.1(b)(iii). In order to ensure consistency with 28-Acre Site Project phasing, if Port exercises its right under this Subsection to relocate Building 11, the Port and Developer will agree to the timing of such Port relocation of Building 11 prior to or in conjunction with the Port's approval of Developer's Phase Submittal for Phase 2. Relocation of Building 11 by the Port under this Subsection will not relieve Developer of its obligation under **Section 7.13** (Noonan Replacement Space) to provide Permanent Replacement Space for the Noonan Tenants (and the \$13.5 million in Arts Building Proceeds intended for the Noonan Replacement Space would continue to be available for such purpose to the extent provided in **Section 7.12** (Arts Building) and *FP* § 10.2 (*Arts Building Funding*)).

8. DELIVERY OF MASTER LEASE

8.1. Procedures for Delivery.

(a) Escrow. Within 30 days after the Reference Date, Developer will open an Escrow with an Escrow Agent and promptly notify the Port of the Escrow number and contact information for the title officer assigned to the Escrow.

(b) Title Report. Prior to the Reference Date, Developer caused the Escrow Agent to deliver to Port and Developer a preliminary title report (the "**Preliminary Title Report**") for the 28-Acre Site, together with copies of all documents relating to title exceptions shown in the title reports.

(c) Permitted Exceptions. Attached as **DDA Exhibit D1** is a copy of the Preliminary Title Report, marked to show those title exceptions that Developer has approved as "Permitted Exceptions" for delivery of the Master Lease, and those title exceptions that Developer would approve as "Permitted Exceptions" for delivery of each Parcel Lease. The "**Master Lease Permitted Exceptions**" for purposes of delivery of the Master Lease, collectively are: (i) the exceptions that are shown on **DDA Exhibit D1** as Permitted Exceptions for delivery of the Master Lease; (ii) exceptions created by this DDA or with the written consent of Developer; and (iii) exceptions for the Project Approvals. The "**Parcel Lease Permitted Exceptions**" for purposes of the Port Title Covenant (described in **Subsection 8.3** (New Title Matters)) and conveyance of Option Parcels under each Vertical DDA are: (i) the exceptions that are shown on **DDA Exhibit D1** as Permitted Exceptions for delivery of the Parcel Lease; (ii) exceptions created by this DDA, the Exchange Agreement, the applicable Vertical DDA or with the written consent of Developer or Vertical Developer; and (iii) exceptions for the Project Approvals.

(d) Quiet Title Action. The Parties acknowledge that the Preliminary Title Report contains exceptions that could adversely affect planned development of the 28-Acre Site and that may be removed by a McEnerney action. The Port will file the appropriate McEnerney action within 90 days after the Reference Date and diligently prosecute the same to judgment. If the Port obtains a favorable judgment in the action, it will obtain a certified copy of the judgment and instruct the Escrow Agent to record the judgment and issue an amendment or endorsement removing the exception. Developer must cooperate with the Port, and all fees and costs the Port incurs in the McEnerney action will be included as Port Capital under the Financing Plan.

(e) Street and Utility Vacations. The Parties acknowledge that the recordation of Subdivision Maps and construction of Phase Improvements may require the vacation of certain streets and utilities located within the FC Project Area, and the failure to do so in a timely manner could adversely affect or delay the Commencement or the completion of the applicable Phase Improvements. Therefore, in connection with each Phase

Submittal and Subdivision Map application, the Parties will work cooperatively to identify those Street and Utility Easements that should be abandoned, removed, relocated, amended, or otherwise modified to permit the recordation of a Phase Final Map and/or to allow the construction of the Phase Improvements (each, an "Easement Action"). To the extent that the Easement Actions will require action by the City, such as a quiet title action or Board of Supervisors action to abandon, vacate, or relocate (temporarily or permanently) the applicable Street and Utility Easement, the City will take all such reasonable measures to implement the required Easement Actions at Port's sole cost, and such costs will be included as Port Capital under the Financing Plan. Port's failure to implement the required Easement Actions will not be a breach of the Port Title Covenant; however, the Port's failure to timely implement the required Easement Action that causes a delay in Developer's performance under the Schedule of Performance will be considered an event of Excusable Delay.

8.2. Disapproved Exceptions.

(a) Removal of Title Exceptions. Except as set forth in this Section, the Port will convey the leasehold interest under the Master Lease subject only to the Master Lease Permitted Exceptions and free of all tenants, leases, and occupants. If any exceptions to title are not Master Lease Permitted Exceptions, the Port will cause the removal of such exceptions prior to execution and delivery of the Master Lease or otherwise cause the Escrow Agent not to show such exceptions in the Developer's Title Policy, and any such delay shall be an event of Excusable Delay applicable to all times for performance by Developer under this DDA. The Port's efforts with respect to the removal of exceptions pursuant to this Section will be included as Port Capital under the Financing Plan.

(b) Relocation. If the Port has tenants other than the Noonan Tenants on any portion of the 28-Acre Site who require relocation, the Port, at its sole cost, will comply to the extent applicable with requirements of the California Relocation Assistance Law (Cal. Gov't Code §§ 7260 *et seq.*) and any other Applicable Laws. Any Port costs incurred with the relocation of any tenants or occupants of the 28-Acre Site other than the Noonan Tenants will not be eligible for reimbursement as Port Capital under the Financing Plan or in any other manner. Subject to the requirements of Section 7.13 (Noonan Replacement Space), the Port will be obligated to terminate the Building 11 lease and the rights of all tenants or subtenants to the use and occupancy of the Building 21 Site (as described in the Master Lease) when needed by Developer for construction of the Horizontal Improvements upon prior notice by Developer given in accordance with the Master Lease. Notwithstanding the foregoing, (1) the Port will not be required to terminate PG&E's rights to the PG&E Remediation Site until PG&E has received one or more no further action determinations from the Water Board for the remediation work within the 28-Acre Site; and (2) the Port will not be required to terminate SFPUC's rights to the Building 21 Site until the existing facilities are no longer needed, as evidenced by the completion of functioning replacement facilities, or at such earlier time as approved in writing by the SFPUC.

(c) Election of Remedies. If the Port fails to remove any title exception that is not a Master Lease Permitted Exception prior to Close of Escrow for delivery of the Master Lease, then Developer may elect any of the following actions.

(i) Developer may terminate Escrow for delivery of the Master Lease and terminate this DDA by delivering notice to the Port.

(ii) Developer may elect to remove the exception after delivering notice to the Port. Developer may take any actions reasonably necessary to remove the exception, which may include obtaining an endorsement from the

DDA-70

Escrow Agent insuring over the exception. A delay in Closing caused by this election will be an Excusable Delay so long as long as Developer is diligently proceeding with its election.

(iii) Developer may waive its objection and execute and accept delivery of the Master Lease subject to the exception, which will then be deemed to be a Permitted Exception.

(d) Effect of Action or Inaction.

(i) Developer's timely election under **Subsection 8.2(c)** (Election of Remedies) will not affect Developer's remedies under **Section 11.4** (Remedies for Events of Default) if the title exception is caused by the Port's breach of the Port Title Covenant, subject to any notice and cure requirements under **Section 11.3** (Events of Default by the Port).

(ii) Developer's failure to make a timely election under this Subsection will be deemed to waive any objections to applicable title exceptions that are not Master Lease Permitted Exceptions, and each exception that Developer is deemed to have waived will also be deemed to be Master Lease Permitted Exceptions.

(e) Developer's Title Policy. Developer's obligation to Close Escrow on the Port's conveyance of the Master Lease is conditioned on the Escrow Agent's irrevocable commitment to issue to the Developer a CLTA title insurance policy (or at the Developer's option, an ALTA extended coverage title insurance policy) insuring Developer's leasehold interest under the Master Lease. Developer may designate desired endorsements, reinsurance, and direct access agreements for the policy and the amount insured, subject to the Escrow Agent's reasonable agreement. The title policy must insure Developer's interest in the Master Lease Premises under the Master Lease, subject only to the Master Lease Permitted Exceptions. If Developer elects to obtain an ALTA owner's policy, Developer will be responsible for securing at its sole cost, without reimbursement as a Soft Cost, any required surveys, engineering studies, and other documents in time to permit Close of Escrow by the Closing Deadline.

(f) Port's Title Policy. The Port's obligation to Close Escrow on the Master Lease is conditioned on the Escrow Agent's irrevocable commitment to issue to the Port a CLTA owner's title insurance policy in an amount specified by the Port and satisfactory to the Escrow Agent, insuring Port's fee interest in the Master Lease Premises subject to the Master Lease Permitted Exceptions that are applicable to the fee, and with such CLTA endorsements as Port may reasonably request, all at the sole cost of Developer, provided that Port pays any incremental cost for such policy (including endorsements) in excess of the cost of the title insurance policy and endorsements referred to in **Subsection 8.2(e)** (Developer's Title Policy) and further provided that this condition precedent will not apply if any existing Title Policy for the 28-Acre Site (including any endorsements that can be issued by Escrow Agent) does not adequately provide the coverage described in this Subsection, as reasonably determined by the Port. The Port's incremental costs to obtain title insurance will be included as Port Capital under the Financing Plan.

8.3. New Title Matters. The Port agrees that it will not voluntarily permit or cause to be created after the Reference Date any new exceptions to title other than the Master Lease Permitted Exceptions and the Parcel Lease Permitted Exceptions (the "**Port Title Covenant**"). If the Escrow Agent advises Developer of a new title exception that is not a Master Lease Permitted Exception or Parcel Lease Permitted Exception that arises after the Reference Date, this Section will apply. The Port Title Covenant will apply to the Master Lease Premises and each Option Parcel that the Port conveys to a Vertical Developer under each Vertical DDA.

(a) Time and Right to Object.

(i) If the new exception would materially and adversely affect the Developer's intended use of the Master Lease Premises or the delivery and development of any Option Parcel, then Developer must provide notice of its objection to the Port no later than five business days after the Escrow Agent provided the information to Developer.

(ii) Unless the Port created or consented to the new title exception, the Port may elect in its sole discretion to cause the Escrow Agent to remove the new exception from the title policy to be issued to Developer at Close of Escrow. The Port must notify Developer within 30 days after receipt of Developer's objection whether the Port elects to remove the exception. If Developer reasonably determines that the time for the Port to remove the exception would delay Developer's performance of its obligations under the Schedule of Performance, then such delay will be an event of Excusable Delay applicable to all times for performance by Developer under this DDA. The Port's efforts with respect to the removal of exceptions pursuant to this Subsection will be at the Port's sole cost and will not be subject to reimbursement as Port Capital.

(b) Port Failure to Remove or Respond. If the Port elects not to remove the exception or fails to respond within the 30-day period, then Developer may elect one of the following actions.

(i) Developer may terminate Escrow for delivery of the Master Lease and terminate this DDA by delivering notice to the Port of its election.

(ii) Developer may elect to remove the exception after delivering notice to the Port. Developer may take any actions reasonably necessary to remove the exception, which may include obtaining an endorsement from the Escrow Agent insuring over the exception. A delay in Closing caused by this election will be an Excusable Delay so long as Developer is diligently proceeding with its election.

(iii) Developer may waive its objection, execute and accept delivery of the Master Lease subject to the exception, which will then be deemed to be a Permitted Exception.

(iv) Developer's failure to make a timely objection to a new title matter under this Subsection will be deemed to waive its objection. New exceptions that the Developer is deemed to have accepted will also be deemed to be Master Lease Permitted Exceptions and Parcel Lease Permitted Exceptions.

(c) Remedies. Developer's timely election under **Subsection 8.3(a)** (Time and Right to Object) or under **Subsection 8.3(b)** (Port Failure to Remove or Respond) will not affect Developer's remedies under **Section 11.4** (Remedies for Events of Default) if the new exception is caused by the Port's breach of the Port Title Covenant, subject to any notice and cure requirements under **Section 11.3** (Events of Default by the Port).

8.4. Conditions to Closing.

(a) Developer Conditions. The following are conditions precedent to Developer's obligation to Close Escrow for the Port's conveyance of the Master Lease unless expressly waived by Developer's notice to the Port.

(i) The Port has performed all obligations under this DDA that the Port is required to perform by the Closing Deadline.

(ii) The Port is not in Material Breach under this DDA.

(iii) The Escrow Agent is irrevocably committed to issue title insurance to Developer at the Close of Escrow, subject only to Master Lease Permitted Exceptions and, if applicable, the McEnerney action, and otherwise on conditions specified in the Joint Escrow Instructions.

(iv) The Port has issued, or is prepared to issue upon Close of Escrow, all Regulatory Approvals necessary for Developer to Commence Site Preparation for any portion of the 28-Acre Site Project.

(b) Port Conditions. The following are conditions precedent to the Port's obligation to Close Escrow for the Master Lease with Developer unless expressly waived by the Port's notice to Developer.

(i) Developer has provided the Port with certificates of insurance or duplicate originals of insurance policies and binders that will provide the required coverage effective as of the Closing Deadline to the extent required under *Master Lease Art 20*.

(ii) Developer is not in Material Breach of this DDA and no event that, with notice and the opportunity to cure, would be a Material Breach if uncured has occurred and is continuing.

8.5. Close of Escrow.

(a) Closing Costs. Developer will be responsible for all Developer Closing Costs.

(b) Closing Deliveries.

(i) Developer will provide the Port with at least 30 days' prior written notice of its intent to Close Escrow (the "**Closing Date**"), which date will be no later than the date that is 30 days prior to the Outside Date for Commencement of Construction of the Phase 1 Improvements, as set forth in the Schedule of Performance. Within five days prior to the Closing Date, each Party must execute and deliver to the Escrow Agent, and deliver a copy contemporaneously to the other Party, a signed counterpart of the Joint Escrow Instructions as appropriate for the Port's conveyance.

(ii) At least two business days before Closing Date, each Party must deposit into Escrow all documents it is obligated to deposit under this DDA and the Joint Escrow Instructions, some of which are listed below. All documents to be recorded must be executed and acknowledged.

(1) Four originals of the Master Lease, substantially in conformity with the form attached as **DDA Exhibit B10**, duly executed by an authorized representative of the signing Party.

(2) A Memorandum of Master Lease, substantially in conformity with the form attached as *ML Exh O*, duly executed by an authorized representative of the signing Party.

(iii) Developer must deposit into Escrow all funds it is obligated to deposit at least two business days before the Closing Date.

(c) Conveyance and Delivery of Possession. If all conditions to the conveyance of the Master Lease have been satisfied or, to the extent waivable, expressly waived by the applicable Party, the Port will convey to Developer, and Developer will accept, the real property interest conveyed by the Master Lease at the Close of Escrow.

The Joint Escrow Instructions will instruct the Escrow Agent to deliver fully executed counterpart documents to the Parties and record documents to be recorded after the Close of Escrow as instructed.

(d) Obligation to Cooperate. Each Party agrees to use commercially reasonable efforts to satisfy the Closing conditions that are in its control and reasonably cooperate with the other Party's efforts to satisfy conditions that are in the other Party's control.

8.6. Master CC&Rs. Prior to delivery of the first Appraisal Notice for a Development Parcel (or at such later time as is agreed upon by the Parties), the Port and Developer will have agreed upon the form of Master Conditions, Covenants and Restrictions (the "Master CC&Rs"). The Master CC&Rs will be recorded against each Development Parcel prior to termination or release of the Master Lease and before conveyance of the applicable Development Parcel to a Vertical Developer. Upon recordation, the Master CC&Rs will constitute covenants running with the land and encumbrances and restrictions on Developer's leasehold interest under the Master Lease, but will not constitute an encumbrance on Port's fee interest in any property within the 28-Acre Site. Port will consent to the survival of the Master CC&Rs upon termination or release of the Master Lease as to each applicable Development Parcel. The Master CC&Rs will contain, at a minimum, the provisions set forth in DDA Exhibit D7.

9. SITE CONDITION AND INDEMNITIES

9.1. As-Is.

(a) Generally. Except as provided otherwise in this DDA (and subject to the rights, obligations and liabilities of the Parties under the Master Lease), the Port will convey all Development Parcels in the 28-Acre Site to Vertical Developers under this DDA strictly in their "as-is" condition with all faults and defects, and Developer agrees to accept and cause all Vertical Developer Affiliates to accept each Option Parcel or other Development Parcel for which Developer is the successful bidder in its "as-is" condition with all faults and defects. Developer's obligations for the condition of the 28-Acre Site prior to delivery to Vertical Developers will be governed by the Master Lease. The Port has no obligation to repair any improvements on the 28-Acre Site or any liability for their damage or destruction, however caused.

(b) Environmental Condition. The Port will not take any actions that materially exacerbate the environmental condition of the 28-Acre Site between the Reference Date and the date the Port conveys the Master Lease to Developer; and as to any parcels excluded from the Master Lease Premises (*i.e.*, the Building 11 Site, a portion of the Building 21 Site, the Affordable Self Storage Site and the PG&E Remediation Site), the Port will not take any actions that materially exacerbate the environmental condition of those parcels between the Reference Date and (i) the date the applicable excluded areas are added to the Master Lease Premises, (ii) the date that Port conveys the applicable Development Parcel to a Vertical Developer, or (iii) the date the Port grants a License to Developer for construction of Horizontal Improvement thereon.

(c) Developer Due Diligence. Developer acknowledges explicitly that it has had the opportunity to investigate the physical and title conditions affecting the 28-Acre Site fully, using experts of its own choosing. Through the term of the Master Lease with the Port, Developer will have a continuing opportunity to conduct due diligence, including physical testing, subject to reasonable conditions in the Master Lease and any License with respect to Port property outside of the Master Lease. The Port, at no cost to the Port, will cooperate reasonably with Developer in its investigations and provide Developer with access to public books and records in the Port's possession or control

relating to the prior use and ownership of the 28-Acre Site during the Port's regular business hours. Developer must provide a reasonably detailed description of the documents that it wishes to review at least five days before the requested review date.

(d) Hazardous Materials Conditions.

(i) Developer expressly acknowledges its knowledge of the industrial history of the 28-Acre Site and nearby property, the contents of a Feasibility Study and Remedial Action Plan and a Risk Management Plan for Pier 70 that the Water Board has approved, and Environmental Covenants attaching to the 28-Acre Site. The Master Lease, each License, and each Parcel Lease or set of Restrictive Covenants entered into by a Vertical Developer will require Developer or the Vertical Developer to comply with all Environmental Laws, including the Environmental Covenants, applicable to the portion of the 28-Acre Site to which it has access, possession, or ownership.

(ii) Developer has no obligation under this DDA for: (1) work within submerged lands or that would disturb any submerged lands or improvements outside of the 28-Acre Site, except for certain rip rap repair work as provided in the Infrastructure Plan, replacement of a bulkhead at one of the craneways as provided in the Infrastructure Plan, repair of the 20th Street and 22nd Street outfalls, and mitigation measures identified as Developer Mitigation Measures; or (2) remediation work in the southeast portion of the 28-Acre Site arising from activities or conditions related to the lands formerly owned by PG&E (now owned by Associated Capital).

(iii) Developer acknowledges that no City Party has made any representation or warranty, express or implied, in reference to the condition of the 28-Acre Site.

(e) FEMA Disclosure. FEMA is performing detailed coastal engineering analyses and mapping of the San Francisco Bay shoreline within the nine San Francisco Bay Area counties that will provide flood and wave data for the City's Flood Insurance Study report and Flood Insurance Rate Maps. This process may have significant impacts for developing new structures and reconstructing or repairing existing structures on San Francisco's waterfront. The City advises Developer as follows.

(i) FEMA prepares the Flood Insurance Rate Maps to support the National Flood Insurance Program, a federal program that enables property owners, businesses, and residents in participating communities to purchase flood insurance backed by the federal government. The Board of Supervisors adopted the Floodplain Ordinance, which governs new construction and substantial improvements in flood-prone areas of San Francisco and authorizes the City's participation in the National Flood Insurance Program. National Flood Insurance Program regulations allow a local jurisdiction to issue variances to its floodplain management ordinance under certain narrow circumstances without jeopardizing the local jurisdiction's eligibility in the National Flood Insurance Program. But, projects that obtain variances from the local jurisdiction may be deemed ineligible for federally-backed flood insurance by FEMA.

(ii) Flood Insurance Rate Maps identify areas that have a 1% chance of inundation in a given year, also known as a *base year* or a *100-year flood*. FEMA refers to an area that is at risk from a flood of this magnitude as a special flood hazard area. To prepare the Flood Insurance Rate Map for San Francisco, FEMA has performed detailed coastal engineering analyses and mapping of the San Francisco Bay shoreline. The San Francisco Bay Area Coastal Study includes both regional hydrodynamic and wave modeling of the San Francisco Bay, as

DDA-75

well as detailed onshore coastal analysis used to estimate wave runup and overtopping, as well as overland wave propagation. These onshore analyses form the basis for the Base Flood Elevations and special flood hazard areas shown on the Flood Insurance Rate Map.

(iii) In November 2015, FEMA issued a preliminary Flood Insurance Rate Map of San Francisco tentatively identifying special flood hazard areas along the City's shoreline in and along the San Francisco Bay consisting of "A zones" (areas subject to inundation by tidal surge) and "V zones" (areas subject to the additional hazards that accompany wave action). These zones generally affect City property under Port jurisdiction and other areas of the San Francisco waterfront, including parts of Mission Bay, Hunters Point Shipyard, Candlestick Point, Treasure and Yerba Buena Islands, and an area adjacent to Islais Creek. FEMA plans to finalize the Flood Insurance Rate Map in mid-2018. Six months after this date, the Flood Insurance Rate Map will become effective and will be used for flood insurance and floodplain management purposes. During this six-month period, the City plans to amend the Floodplain Ordinance to adopt the Flood Insurance Rate Map.

(iv) The Port Building Code provides for variances from these requirements under certain extraordinary circumstances that parallel those in the Floodplain Ordinance. The Port Building Code regulates construction activities on piers and wharves and incorporates, with certain amendments, California Building Code provisions that generally limit new construction in V zones to areas that are landward of the reach of mean high tide.

(v) The federal legislation and regulations implementing the NFIP are located at 42 U.S.C. §§ 4001 et seq.; 44 C.F.R. Parts 59-78, §§ 59.1-78.14. FEMA also publishes "Answers to Questions About the NFIP" and FEMA Publication 186 entitled "Mandatory Purchase of Flood Insurance Guidelines." Additional information on this matter can be found on the City's and FEMA's websites at the following links:

<http://sfgsa.org/san-francisco-floodplain-management-program>

<https://www.fema.gov/national-flood-insurance-program-flood-hazard-mapping>

[http://www.r9map.org/Docs/Oct13-SanFranCo-FEMA_Factsheet_rev%20\(2\).pdf](http://www.r9map.org/Docs/Oct13-SanFranCo-FEMA_Factsheet_rev%20(2).pdf)

9.2. Damage and Destruction. Beginning on the Reference Date, Developer will assume all risk of damage to or destruction of existing or future improvements at the FC Project Area, subject to the terms and conditions of this Section.

(a) Effect on Existing Improvements to be Demolished. A casualty causing damage to or destruction of any existing improvements in a Phase Area and other changes in site conditions will not affect the Parties' rights and obligations under this DDA except by application of this Section or Article 4 (Performance Dates). Developer will have the right to elect to obtain relief under either provision, but not both, following a casualty.

(b) Developer's Remedies. In the event of a casualty outside of Developer's reasonable control that occurs to any portion of the 28-Acre Site that remains subject to this DDA (i.e., prior to its release upon Close of Escrow for Option Parcels), Developer may deliver a Requested Change Notice to the Port under Section 3.4 (Changes to

DDA-76

Project after Phase 1) seeking to revise the Schedule of Performance to provide Developer a reasonable amount of additional time to make adjustments to the Phase Improvements, the Arts Building, or the Historic Buildings, as applicable, in light of the casualty, or otherwise amend this DDA, whether or not the casualty occurs in Phase 1 or Later Phases. The Parties' obligations under this DDA would not be affected except to the extent changes are approved under **Section 3.4** (Changes to Project after Phase 1).

(c) **Effect on Historic Buildings.** If the casualty occurs prior to the effective date of the Port entering into a Vertical DDA for the applicable building and would result in damage or destruction that would cause the cost to restore the building to exceed 50% of the value of the Historic Building (as determined by the appraisal process set forth in **Subsection 7.3** (Option Parcel Appraisals) as of the date of casualty, then at Developer's election, **Section 7.14** (Historic Buildings 12 and 21) and **Section 7.11** (Historic Building 2) will no longer apply to the affected Historic Building, Developer will demolish the affected Historic Building (the cost of which will be included as a Horizontal Development Cost under the Financing Plan), and the affected parcel will be deemed an Option Parcel within the applicable Phase, unless the Parties agree otherwise. If the casualty results in damage or destruction that would cause the cost to restore the building to be 50% or less of the value of the Historic Building (as determined per the process described in this Subsection) as of the date of casualty, then Developer may avail itself of relief available under **Article 4** (Performance Dates), and to the extent permitted by Applicable Law, the Port will retain any and all unexpended insurance proceeds and any uncollected claims and rights under insurance policies covering such damage or destruction, if any, and assign such proceeds, claims, and rights to the Vertical Developer under the applicable Vertical DDA. A casualty occurring after the Port has entered into a Vertical DDA will be governed by its terms. All costs incurred by Developer under this Subsection not otherwise reimbursed by insurance proceeds will be reimbursable under the Financing Plan.

(d) **No Action.** If Developer fails to seek a remedy under **Subsection 9.2(b)** (Developer's Remedies), the Parties' rights and obligations under this DDA will not be affected by the casualty except to the extent of relief available under **Article 4** (Performance Dates).

9.3. General Indemnity.

(a) **Scope of Indemnity.** The following apply to an Indemnitor's obligations under this Section.

(i) The Indemnitor must defend the Indemnified Parties against any Claims for Losses that reasonably fall or are otherwise determined to fall within this indemnity, even if the Claims may be groundless, fraudulent, or false. If a Claim is made against an Indemnified Party that may be within the scope of this indemnity, that Indemnified Party must provide notice to the Indemnitor of the Claim within a reasonable time after learning of the Claim and cooperate with the Indemnitor in the defense of the Claim. An Indemnified Party's failure to provide the notice, however, will not affect the Indemnitor's obligations except to the extent of prejudice caused by the lack of notice. The Indemnitor's defense obligation will arise when a City Party tenders the Claim to the Indemnitor and will continue until finally resolved.

(ii) After the Port has entered into a Vertical DDA with a Vertical Developer for a Development Parcel, the Vertical DDA will control and govern indemnification obligations of the Vertical Developer. The agreements to indemnify under this DDA are in addition to, and must not be construed to limit or replace any other obligations or liabilities that the Port may have to a Vertical

Developer or that a Vertical Developer may have to the Port under any Vertical DDA or implementing agreement or Applicable Law.

(b) Developer. Except to the extent directly or indirectly caused by the act or omission of a City Party, Developer must indemnify the City Parties against all Losses arising directly or indirectly from:

- (i) failure to obtain any Regulatory Approval or to comply with any Regulatory Requirement for the Horizontal Improvements;
- (ii) any personal injury or property damage occurring on any portion of the 28-Acre Site while under Developer's ownership or control; and
- (iii) any Developer Party's acts or omissions in relation to construction, management, or operations at the 28-Acre Site related to Horizontal Improvements, including patent and latent defects and mechanic's or other liens to secure payment for labor, service, equipment, or material.

In addition, Developer will indemnify the City Parties from and against all Losses (if a City Party has been named in any action or other legal proceeding) incurred by a City Party (if the City Party has not been named in the action or legal proceeding) arising directly or indirectly out of or connected with contracts or agreements (i) to which no City Party is a party and (ii) entered into by Developer in connection with its performance under this DDA, any Assignment and Assumption Agreement and any dispute between parties relating to who is responsible for performing certain obligations under this DDA (including any record keeping or allocation under the Financing Plan), except to the extent such Losses were caused by the act or omission of a City Party.

9.4. Environmental Indemnity. In addition to its obligations under Section 9.3 (General Indemnity), Developer on behalf of itself and the Developer Parties will indemnify the Indemnified Parties and the State Lands City Parties from any and all Losses and Hazardous Materials Claims to the same extent as the Hazardous Materials Indemnification to be provided by the Tenant and Tenant Parties under *ML Art 19*.

9.5. Defense of Claims.

(a) Notice.

(i) The Port, on behalf of itself and the City Parties, and Developer, on behalf of itself and the Developer Parties, agree to give notice to any Indemnitor by the earlier of:

- (1) 10 days after valid service of process of a summons or other notice that an action has been filed against the Indemnified Party; or
- (2) 15 business days after receiving notice that: (A) an action has been filed or a Claim has been made against an Indemnified Party; or (B) any other event that the Indemnified Party believes in good faith will be covered by this indemnity.

(ii) But the Indemnified Party's failure to give timely notice will not affect the Indemnified Party's rights or the Indemnitor's obligations under this DDA except to the extent that the delay prejudices the Indemnitor.

(iii) Control. Subject to the Indemnified Party's approval, the Indemnitor will be entitled to control the defense, compromise, or other resolution of any Claim through counsel of the Indemnitor's choice. But in all cases the Indemnified Party will be entitled to participate in the defense, compromise, or other resolution of the Claim at its own expense.

(b) Failure to Defend. If the Indemnitor fails to take reasonable and appropriate steps to defend the Claim within a reasonable time after notice from the Indemnified Party describing in reasonable detail the nature of the Indemnitor's alleged failure, the Indemnified Party will have the right to hire defense counsel to carry out the defense at the Indemnitor's cost, which may be any combination of the City Attorney's Office (for a City Party), in-house counsel (for a Developer Party), and outside counsel. The Indemnified Party's defense costs will be due and payable within 30 days after the Indemnified Party delivers to the Indemnitor an invoice meeting the requirements of App ¶ A.4.1 (*Attorneys' Fees*).

9.6. Mutual Release and Waiver.

(a) Scope. The releases under this Section do not affect either Party's rights to enforce the other Party's obligations, assert an Event of Default or Material Breach by the other Party, or seek its remedies under any Transaction Document at law or in equity.

(i) In consideration of the Port's covenants and obligations under this DDA, and as part of its agreement to accept the 28-Acre Site in its "as-is" condition, Developer, on behalf of itself and all other Developer Parties, agrees to waive any right to recover from, and forever releases the City Parties and their Agents of and from any Losses, whether direct or indirect, known or unknown, foreseen or unforeseen, that any Developer Party may now have or that may arise later on account of or in any way be connected with:

- (1) the negotiations for this DDA and other Transaction Documents;
- (2) the Existing Geotechnical Condition of the 28-Acre Site;
- (3) compliance of the 28-Acre Site with Applicable Laws; and
- (4) Developer's Losses with respect to third-party Claims arising from the Existing Geotechnical Condition of any portion of the 28-Acre Site or any Applicable Laws before the Reference Date.

(ii) In consideration of Developer's covenants and obligations under this DDA and as part of its agreement to master develop the 28-Acre Site, the Port releases Developer Parties from all Losses that may arise on account of or in any way be connected with the Existing Hazardous Material Condition of the 28-Acre Site, nuisance, or other physical condition that occurred or existed before Developer takes possession or ownership of the 28-Acre Site, except to the extent caused, contributed to, or exacerbated by a Developer Party or a Developer Party's breach of any agreement under which the Developer Party assumes responsibility for compliance with Environmental Laws.

(b) Waiver of Statute. In connection with this release, Developer and the Port each acknowledges familiarity with California Civil Code section 1542, which provides as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

Each Party agrees that the release given in this Subsection covers unknown Claims and that, by entering into this DDA, each Party waives the benefits of Civil Code section 1542, or under any other statute or common law principle of similar effect.

(c) Informed Consent. Each Party represents that it has been fully informed in reference to, and represented by counsel of its choice in connection with the rights, remedies, limitations on damages, and waivers contained in this DDA and after consultation with its attorneys, with full knowledge of its rights and remedies otherwise available at law or in equity, presently and actually intends to waive and relinquish those rights and remedies to the extent specified in this DDA, and to rely solely on the prescribed remedies for any breach of this DDA, or any other right that the Party seeks to exercise.

9.7. Parties to Contract. For purposes of this Article, no City Party will be deemed to be a party to a contract solely because the City Party approved or consented to the contract, and no Developer Party will be deemed to be a party to a contract solely because the Developer Party approved or consented to the contract.

9.8. Survival. The agreements to indemnify, releases, and waivers under this Article will survive termination of this DDA. The agreements to indemnify under **Section 9.3** (General Indemnity) and **Section 9.4** (Environmental Indemnity) are in addition to, and do not limit or replace, any other obligations or liabilities under this DDA or other Transaction Documents.

10. RESOLUTION OF CERTAIN DISPUTES.

10.1. Arbitrators.

(a) Arbitrators Pool. The Parties may agree to submit certain disputes to Arbitrators on the approved Arbitrators Pool attached as **DDA Schedule 1** and have agreed that Arbitrators on the list meet the qualifications under this Subsection. To be qualified, an Arbitrator must have at least 10 years' experience in the Bay Area in a professional capacity handling issues arising from complex real estate and master planned development transactions with expertise in areas such as property valuation, commercial and multifamily residential real estate sales and leasing, engineering and cost-estimating, real estate economics, and complex financial accounting.

(b) Changes.

(i) The Parties will review the approved Arbitrators Pool periodically to determine each Arbitrator's continued availability and willingness to serve. Either Party may propose to change the approved Arbitrators Pool by notice to the other Party, together with documentation supporting the proposed change, such as a proposed new Arbitrator's qualifications or reasons to remove an Arbitrator from the approved Arbitrators Pool.

(ii) The other Party will have 15 business days to respond. Failure to respond will be deemed consent if the notice prominently stated that the other Party's failure to respond within 15 business days will be deemed consent.

(iii) If the other Party objects, the Parties will meet and confer under **Subsection 10.2(a)** (Good Faith Efforts) and, if necessary, discuss whether to resolve the dispute by nonbinding arbitration under **Subsection 10.5(b)** (Nonbinding Arbitration Process).

10.2. Meet and Confer Requirement.

(a) Good Faith Efforts. Before resorting to any dispute resolution procedure under **Subsection 10.4(b)** (Binding Arbitration Procedures) or **Subsection 10.5(b)**

(Nonbinding Arbitration Process), or initiating a judicial action, each Party agrees to make good faith efforts to resolve the dispute as follows.

(i) Any Party may initiate a meet-and-confer effort by giving notice under procedures for progress meetings under **Section 14.6** (Progress Meetings). Within five business days after a Disputing Party's request to confer regarding an identified matter, decision-making representatives of each Disputing Party will meet in a good faith effort to resolve the dispute.

(ii) If the Disputing Parties are unable to resolve the dispute at the meeting (or any longer time to which each Disputing Party agrees in its sole discretion), the following options will apply.

(1) The Parties may agree to submit the matters listed in **Subsection 10.4(a)** (Scope) to binding arbitration under **Subsection 10.4(b)** (Binding Arbitration Procedures).

(2) The Parties may agree to submit the matters listed in **Subsection 10.5(a)** (Scope) to nonbinding arbitration under **Subsection 10.5(b)** (Nonbinding Arbitration Process).

(3) Disputes over matters listed in **Section 10.6** (Nonarbitrable Matters) will not be subject to arbitration under any circumstances.

(4) The Parties, each in its sole discretion, may agree to submit any other matters to arbitration under this Article.

(iii) If the Disputing Parties do not agree to arbitration, or the dispute is not resolved by nonbinding arbitration, any Disputing Party may seek to enforce its rights and remedies at law or in equity.

(b) No Prejudice. The dispute resolution procedures in this Article will not delay or otherwise prejudice a Party's right to give notice of an alleged default under **Article 11** (Defaults).

10.3. General Arbitration Procedures.

(a) Notice. A Party may initiate arbitration by providing a notice to the other Party, specifying with particularity both the nature of the dispute between the Parties and the initiating Party's demand to resolve the dispute. Neither Party may initiate or continue to prosecute a judicial action, except to comply with court rules, during the pending of an arbitration proceeding.

(b) Selection of Arbitrator. The Parties will meet to designate the Arbitrator from the approved Arbitrators Pool within 10 business days after the effective date of the arbitration notice. If the designated Arbitrator is not available to meet the time requirements for the proceeding, the Disputing Parties will designate another Arbitrator on the approved Arbitrators Pool. If the Parties are unable to reach a mutual agreement regarding which Arbitrator to designate, the first Arbitrator's name on the list with availability will be the designated Arbitrator. If none of the Arbitrators listed in the Arbitrator's Pool is able or willing to hear a dispute, the Disputing Parties will agree on the selection of another Arbitrator meeting the qualifications in **Subsection 10.1(a)** (Arbitrators Pool) to serve for the purposes of that dispute. If the Parties are unable to agree upon an Arbitrator not in the Arbitrator's Pool, the Parties shall request that the Arbitrator first designated by the Parties select an Arbitrator. If the first designated Arbitrator is not able or willing to select an Arbitrator, the Parties shall ask the next name on the Arbitrator's Pool list to select the Arbitrator (and so on until an Arbitrator is selected). If none of the Arbitrators listed in the Arbitrator's Pool are able or willing to select an Arbitrator, then either party may initiate an action in the Superior Court of the

State of California for the County of San Francisco for the limited purpose of seeking the appointment of an Arbitrator. Each Party initially will advance 50% of the required arbitration fee.

(c) Arbitrator's Authority. The Arbitrator will be authorized to:

- (i) decide the matter on the written submittals;
- (ii) hold an evidentiary hearing on reasonable prior notice to the Parties;
- (iii) enter a default decision against a Party that does not deliver a brief or appear at the hearing and require the non-participating Party to pay the other Party's attorneys' fees and arbitration fees; and
- (iv) award attorneys' fees and arbitration fees to the prevailing Party if the Arbitrator finds that the arbitration request was frivolous or was brought in bad faith.

(d) Limits on Arbitrator's Authority. The Arbitrator will have no authority to:

- (i) decide any matter that is listed in **Section 10.6** (Nonarbitrable Matters) unless the Parties have agreed to submit the matter to the Arbitrator;
- (ii) decide any matter that was not specified in the initiating Party's notice;
- (iii) add to, remove from, disregard, modify, or otherwise alter this DDA or any other agreement between the Parties regarding the 28-Acre Site Project;
- (iv) negotiate new agreements or provisions between the Parties;
- (v) award damages of any kind or award attorneys' fees or arbitration fees except as specified in **Subsection 10.3(c)** (Arbitrator's Authority); or
- (vi) order any form of equitable relief.

(e) Service of Documents. In all dispute resolution proceedings under this Article, all agreements, submittals, and decisions must be in writing, and each Disputing Party must serve copies of any documents submitted to any Arbitrator simultaneously to all other Disputing Parties.

(f) Ex Parte Communications. No Disputing Party or any of its Agents may engage in ex parte communications with the Arbitrator with regard to any pending arbitration proceeding. A Disputing Party may write to the Arbitrator concerning procedural matters such as scheduling if it delivers a copy simultaneously to the other Disputing Parties.

10.4. Binding Arbitration

(a) Scope. The Parties have agreed to submit disputes specified in this Subsection to binding arbitration. The Parties, each in its sole discretion, also may agree to submit any other dispute to binding arbitration under this Section.

(i) Interim Satisfaction. One Party disputes the other Party's Interim Satisfaction determination under *FP § 3.6(b) (Interim Satisfaction Event at Closing)*.

(ii) Qualified Appraiser Pool. The Parties disagree on proposed changes to the Qualified Appraiser Pool under **Subsection 7.3(c)** (Qualified Appraiser Pool).

(iii) Qualified Broker Pool. The Parties disagree on proposed changes to the Qualified Broker Pool under **Subsection 7.5(a)** (Broker-Managed Offerings).

(iv) Approved Arbitrators Pool. The Parties disagree on proposed changes to the approved Arbitrators Pool under **Subsection 10.1(b)** (Changes).

(v) Beginning and End of Excusable Delay. The Parties disagree on the beginning or end date for an event of Excusable Delay under **Subsection 4.3(c)** (Other Excusable Delays).

(vi) Qualified Contractor. The Port objects to the qualifications of Developer's general contractor under **Subsection 14.5(a)** (Qualified Contractors).

(b) Binding Arbitration Procedures. The following procedures will apply to binding arbitration of disputes under this Section.

(i) Each Disputing Party may submit an initial brief, not to exceed 10 double-spaced pages, and supporting documentary evidence to the Arbitrator within 15 business days after the Arbitration Start Date. Evidence may include expert or consultant opinions, any form of graphic evidence such as photos, maps, and charts, and other evidence that could assist the Arbitrator in resolving the dispute in the Disputing Party's discretion.

(ii) Each Disputing Party may submit a reply brief, not to exceed five double-spaced pages, within 20 business days after the Arbitration Start Date, even if it did not submit an initial brief. The Arbitrator may request further briefing on specified issues, with documents submitted within 10 business days after the Arbitrator's request.

(iii) Unless each Disputing Party agrees otherwise, the Arbitrator will hold a telephonic hearing. The Arbitrator must issue a decision within 25 business days after the Arbitration Start Date, unless the Arbitrator requested further briefing, in which case the Arbitrator must issue a decision within 45 business days after the Arbitration Start Date. The Arbitrator's decision will be final, binding on all Parties, and nonappealable. Each Party explicitly waives any right to de novo judicial review of an Arbitrator's decision under this Section.

10.5. Nonbinding Arbitration.

(a) Scope. The Parties have agreed to submit disputes specified in this Subsection to nonbinding arbitration. The Parties, each in its sole discretion, also may agree to submit any other dispute to nonbinding arbitration under this Section.

(i) Phase Submittal. Developer contends that Port wrongfully withheld its approval of a Phase Submittal.

(ii) Reasonableness of Decision. One Party contends that the other Party disapproved a request unreasonably in violation of the standards in **Article 6** (Transfers).

(iii) Transfers. The Parties are unable to resolve disputes under **Section 6.2** (Third-Party Transfers in Other Phases).

(iv) Proportionality. The Parties fail to reach agreement on the manner in which proportionality will be addressed after termination of a Phase under **Subsection 2.4(a)** (Proportionality).

(v) Historic Building 2 Costs. Disputes over the cost estimates for Historic Building 2.

(vi) Developer's Costs. Disputes over whether any of Developer's Horizontal Development Costs for any category are overstated by 5% or more under *FP § 9.4(a) (Port Audit)*.

(vii) Port Costs. Disputes over whether any of the Port's Horizontal Development Costs for any category are overstated by 5% or more under *FP § 9.4(b) (Developer Audit)*.

(viii) Improvement Plans. Disputes relating to the Port's review, approval or disapproval of Improvement Plans in accordance with **Article 13** (Improvement Plans).

(ix) Historic Building Value. The value of a Historic Building determined by an appraisal pursuant to **Subsection 9.2(c)** (Effect on Historic Buildings).

(x) Other Arbitrable Disputes. The Parties disagree on a matter under any Transaction Document that calls for or permits arbitration of disputes but does not specify an arbitration process.

(b) Nonbinding Arbitration Process.

(i) The Disputing Parties may agree to submit disputes to nonbinding arbitration within 10 business days after the meet-and-confer period under **Section 10.2** (Meet and Confer Requirement) expires. The Disputing Parties may submit a joint statement of the dispute and a proposed discovery, briefing, and hearing schedule to the Arbitrator. Otherwise, each Disputing Party may submit to the Arbitrator a short statement of the dispute and a proposed discovery, briefing, and hearing schedule, and the Arbitrator will specify the schedule for the proceeding. The Disputing Parties may agree to supplement, but not override, the nonbinding arbitration process under this Subsection by procedures applicable to commercial nonbinding arbitration or alternative dispute resolution providers in the Bay Area.

(ii) The Arbitrator will decide any dispute subject to nonbinding arbitration under this Section. The Disputing Parties must provide the Arbitrator with briefs, not to exceed 10 double-spaced pages, on their respective positions. The Arbitrator must issue a decision within five days after the last Submittal.

(iii) Within 20 business days after the Arbitration Start Date, the Arbitrator will conduct a preliminary hearing, either by telephone or personal appearance at the Arbitrator's option. At the preliminary hearing, the Arbitrator will establish discovery and briefing schedules and relevant dates, including a hearing date. In resolving discovery issues, the Arbitrator must consider expediency, cost effectiveness, fairness, and the needs of the Disputing Parties for adequate information in reference to the dispute. The Disputing Parties will make good faith efforts to prepare a joint record of evidentiary documents for the proceeding.

(iv) The Disputing Parties may agree to retain one or more consultants to assist the Arbitrator at the Arbitrator's request. In the request, the Arbitrator must provide to all Disputing Parties an explanation of the need for each proposed consultant, the consultant's identity and relevant qualifications, hourly rate, the estimated costs of the service, and a proposed cap on the consultant's cost. All Disputing Parties must approve each consultant's retention, the cost cap, and each Parties' allocated share of the consultant's cost.

(v) The evidentiary hearing must be scheduled to begin within 60 days and be completed within 80 days after the preliminary hearing, unless the Arbitrator extends the date with the Disputing Parties' consent. The Arbitrator must issue an advisory decision, specifying the reasons for the decision, within 20 days after the hearing. Each Disputing Party will give due consideration to the Arbitrator's decision before deciding to pursue further legal action.

(vi) No advisory decision will have any res judicata or collateral estoppel effect in any other arbitration conducted under this Article or in any other action.

10.6. Nonarbitrable Matters. The following are not subject to arbitration under this DDA unless both Parties agree, each in its sole discretion.

(a) Consent. Developer cannot compel any City Agency to arbitrate a decision not to grant a Regulatory Approval for the 28-Acre Site Project.

(b) Adequate Security. Developer cannot compel the Port to arbitrate a dispute about whether a Port draw on Adequate Security was wrongful or whether an Obligor failed to perform the Obligor's obligations under the Adequate Security.

(c) Sole Discretion. One Party cannot compel the other to arbitrate any decision that a Party is entitled to make in its sole discretion.

11. DEFAULTS

11.1. Generally.

(a) Notice. Except as otherwise specified, an Aggrieved Party must provide notice of an alleged potential breach to the Breaching Party as specified in *App ¶ 4.5 (Notices)* and **Section 20.1** (Notice Addresses). The notice must state with reasonable specificity the nature of the alleged default, the provisions under which the Aggrieved Party claims the default arose, and, if specified in this DDA, the cure period for the default.

(b) Cure Period.

(i) A default that is cured before the specified cure period ends will not become an Event of Default.

(ii) The Breaching Party will have 10 business days after the effective delivery date of the default notice to request a meeting with the Aggrieved Party to discuss measures to cure any performance (not payment) default and the Aggrieved Party will promptly meet with the Breaching Party within three business days of such request; provided, however, that the Aggrieved Party will not be required to meet if the Breaching Party delivers the request less than five business days before the cure period ends for the potential breach. The Aggrieved Party's agreement to meet will not cause the cure period to be extended.

(iii) If the Breaching Party cures the default to the Aggrieved Party's reasonable satisfaction within the cure period, the Aggrieved Party will issue a notice acknowledging the cure.

(iv) If the Breaching Party does not timely cure the default, the Aggrieved Party in its sole discretion may:

- (1) agree to extend the cure period;
- (2) waive the default; or

(3) take any other measure permitted under this DDA following an Event of Default, including an action at law or in equity.

11.2. Events of Default by Developer. The Parties agree that the occurrence of any of the following will be an Event of Default, but not a Material Breach, by Developer under this DDA and, as applicable, Events of Default by Vertical Developer Affiliates under Section 5.7 (Defaults and Breaches).

(a) Nonpayment to Port. Developer fails to pay any sum due under this DDA and does not cure the default within 30 days after the Port delivers notice to Developer. This default does not apply to the Developer Reimbursement Obligation or a final judgment requiring Developer to make any payments to the Port, which are addressed in Section 12.2 (Material Breaches by Developer).

(b) Taxes. Developer or any Vertical Developer Affiliate fails to pay any property taxes or Mello-Roos Taxes levied on any Taxable Parcel it then owns or leases by the delinquency date specified in its tax bill.

(c) Other Obligations. Developer fails to perform any other obligation to be performed by Developer under this DDA, excluding obligations described in Section 12.2 (Material Breaches by Developer), and does not cure the default within any cure period specified in this DDA (or within 60 days after the Port delivers notice to Developer if no cure period is specified), or if the default cannot be cured within 60 days, Developer fails to take steps to cure the default within the cure period and diligently complete the cure within a reasonable time.

(d) Financial Condition. A Significant Adverse Change to Developer occurs, and Developer fails within 45 days after the Port delivers notice to Developer to either (i) provide the Port with evidence acceptable to the Port Director in her reasonable discretion that Developer has the financial capacity sufficient to satisfy the judgment and complete the remaining Developer Construction Obligations for the applicable Phase in which the Significant Adverse Change occurs; or (ii) provide the Port with a Letter of Credit or other security instrument reasonably satisfactory to Port, securing the cost of the remaining Developer Construction Obligations for the applicable Phase in which the Significant Adverse Change occurs.

(e) Insolvency. Developer initiates or is the subject of an Insolvency proceeding, if not released, dismissed, or stayed within 120 days.

11.3. Events of Default by the Port. The Parties agree that the occurrence of any of the following will be an Event of Default, but not a Material Breach, by the Port under this DDA.

(a) Financing Plan. The Port fails to perform its obligations under the Financing Plan and does not cure the default within 30 days after Developer delivers notice to the Port or if the default cannot be cured within 30 days, the Port fails to take steps to cure the default within the cure period and diligently complete the cure within a reasonable time.

(b) Acquisition Agreement. The Port fails to perform its obligations under the Acquisition Agreement and does not cure the default within 30 days after Developer delivers notice to the Port or if the default cannot be cured within 30 days, the Port fails to take steps to cure the default within the cure period and diligently complete the cure within a reasonable time.

(c) Other Obligations. The Port fails to perform any other agreement or obligation under this DDA, excluding obligations described in Section 12.3 (Material Breaches by the Port), and does not cure the default within any cure period specified in this DDA (or within 60 days after Developer delivers notice to the Port if no cure period

is specified), or if the default cannot be cured within 60 days, the Port fails to take steps to cure the default within the cure period and diligently complete the cure within a reasonable time.

11.4. Remedies for Events of Default.

(a) Equitable Remedies.

(i) Following an Event of Default, the Aggrieved Party may file an action in equity to compel the Breaching Party to perform its obligations under this DDA or to prevent the Breaching Party from further violating this DDA. The Aggrieved Party is not required to postpone filing an equitable action if it believes in good faith that postponement would cause it to suffer irreparable harm.

(ii) The Parties agree that, except when a dispute involves a sum that is fixed or calculable or an indemnified Loss:

(1) monetary damages are generally inappropriate remedies for an Event of Default under this DDA;

(2) determining the actual damages suffered by any Party as a result of an Event of Default would be extremely difficult and impractical; and

(3) equitable remedies are particularly appropriate to enforce this DDA.

(b) Specific Remedies. This DDA prescribes the following specific remedies for certain Events of Default.

(i) Nonpayment of Taxes. If Developer or any Vertical Developer Affiliate fails to pay any property taxes or Mello-Roos Taxes levied on any Taxable Parcel it then owns or leases, which failure continues for 60 days after written notice from the Port with opportunity to cure:

(1) accrual of Developer Return will be suspended for the period during which the taxes are unpaid; and

(2) the City will not be obligated to issue any Debt for the 28-Acre Site Project, levy and allocate Mello-Roos Taxes to the CFD, or allocate Tax Increment to the IFD for Sub-Project Area G-2 except to service previously issued debt.

(ii) Violation of Covenants. If Developer defaults in its performance of the Other City Requirements described in **DDA Exhibit A7**, the Port and the City will have only the remedies prescribed in the applicable ordinance, policy, or implementation document, as amended by the DA Ordinance.

(iii) Other Payment Obligations. If either Party fails to make any payment when due (other than Developer Reimbursement Obligations for Developer or a final judgment in favor of either Party), the Aggrieved Party's exclusive remedy, at its sole election, is to initiate a request for nonbinding arbitration under **Article 10** (Resolution of Certain Disputes) or a judicial action for actual damages.

(iv) Arts Building. The Port's exclusive remedies for Developer's failure to comply with its obligations with respect to the Arts Building are specified in **Section 7.12** (Arts Building).

(c) Rights and Remedies Cumulative. Except as expressly limited by this DDA, the Parties' respective rights and remedies with respect to an Event of Default are

DDA-87

cumulative. An Aggrieved Party's exercise of any one or more of its remedies for an Event of Default by the Breaching Party will not preclude its exercise, at the same or different times, of any of its other remedies. Each Party acknowledges its intent to limit its remedies for an Event of Default by the other Party to those specified in this DDA.

12. MATERIAL BREACHES AND TERMINATION

12.1. Generally.

(a) Nature of Material Breaches. Because certain defaults could seriously impair the benefits that the Parties expect the 28-Acre Site Project to generate, they are categorized as Material Breaches and could result in more serious consequences affecting some or all of the 28-Acre Site Project, as described in this Article.

(b) Notice. An Aggrieved Party must provide notice to the Breaching Party as specified in *App ¶ 4.5 (Notices)* and **Section 20.1** (Notice Addresses) of any potential breach. The notice must state with specificity the nature of the alleged Material Breach, the provisions of this DDA under which the alleged Material Breach would arise, and the specified cure period.

(c) Cure Period.

(i) Except as otherwise specified, the Breaching Party will not be in Material Breach unless it fails to cure the event within the specified cure period.

(ii) The Breaching Party may request a meeting to discuss measures to cure a potential performance-based Material Breach, and the Aggrieved Party will promptly meet with the Breaching Party within three business days of such request. But the Aggrieved Party will not be required to meet if the Breaching Party delivers the request less than five business days before the cure period ends for the potential Material Breach.

(iii) If the Breaching Party cures the potential Material Breach to the Aggrieved Party's reasonable satisfaction within the cure period, the Aggrieved Party will issue a notice acknowledging the cure.

(iv) If the Breaching Party does not cure the potential Material Breach within the cure period, the Aggrieved Party in its sole discretion may:

- (1) agree to extend the cure period;
- (2) waive the potential Material Breach; or
- (3) take any other measure permitted under this DDA, including an action at law or in equity.

12.2. Material Breaches by Developer. The occurrence of any of the following will be a Material Breach by Developer under this DDA.

(a) Transfer in Phase 1. Developer causes or allows a Transfer in Phase 1 without Port Commission consent that is not reversed or voided within 30 days after the Port delivers notice to Developer.

(b) Other Prohibited Transfer. Developer causes or allows a Transfer that violates **Section 6.2** (Third-Party Transfers in Other Phases) or **Section 6.3** (Affiliate Transfers), or a prohibited Transfer imposed on Developer is not reversed or voided within 30 days after the Port delivers notice to Developer.

(c) Outside Dates for Phase Improvements and Public Spaces. Developer fails to meet any Outside Date under the Schedule of Performance with respect to the

Phase Improvements or Public Spaces other than permitted Deferred Infrastructure and does not cure its failure within 90 days after the Port delivers notice to Developer.

(d) Deferred Infrastructure. A Vertical Developer Affiliate commits a Vertical Developer Default with respect to its Deferred Infrastructure obligations under its Vertical DDA.

(e) Historic Buildings 12 and 21. Close of Escrow under the applicable Vertical DDA for Historic Building 12 or 21 has not occurred by the Outside Date shown on the Schedule of Performance due to an uncured default by a Vertical Developer Affiliate under its Vertical DDA that prevents Close of Escrow from occurring.

(f) Abandonment. Developer Commences Phase Improvements within a Phase, but ceases all work or abandons the premises under the Master Lease (within the meaning of Cal. Civ. Code § 1951.2 or a successor statute) for more than 120 consecutive days or a total of 180 days (which need not be consecutive), unless approved by the Port Director, and does not cure the default within 45 days after the Port delivers notice to Developer.

(g) Adequate Security. Developer fails to provide Adequate Security, including the Loss Security, as required under this DDA, or once it has provided Adequate Security fails to maintain the same as required under this DDA (including, but not limited to, the failure of a Obligor to meet the Obligor Net Worth Requirement or the occurrence of a Significant Change to Obligor under any Guaranty), and such failure continues for 45 days following receipt of notice from the Port to Developer (provided, that Developer will immediately, upon receiving notice from the Port Director to such effect, suspend all activities (other than those needed to preserve the condition of improvements or as necessary for health or safety reasons) on affected portions of the 28-Acre Site during any period during which Adequate Security is not maintained as required by this DDA).

(h) Obligor Default. The Obligor of any Adequate Security, including the Loss Security, commits a default under the applicable security instrument or revokes or refuses to perform as required under the Adequate Security, and Developer does not replace the Adequate Security within 45 days following Developer's receipt of notice from the Port; provided, that (i) Developer will immediately, upon receiving notice from the Port Director to such effect, suspend all activities other than those needed to preserve the condition of Improvements or as necessary for health or safety reasons on affected portions of the FC Project Area during any period during which the Adequate Security is not maintained as required by this DDA, (ii) any cure period for a default under the Adequate Security will run concurrently with the 45-day period under this Subsection, (iii) such default may be cured by the Obligor to the extent provided under the terms of the Adequate Security; and (iv) upon receipt by the Port of any replacement Adequate Security, the Port will return the original Adequate Security.

(i) Special Taxes. Developer fails to pay before its delinquency date any Mello-Roos Taxes that the CFD levies on any Development Parcel before the Port conveys the parcel to a Vertical Developer and does not cure the default within 15 days after the Port delivers notice to Developer.

(j) Developer Reimbursement Obligations. Developer fails to pay Developer Reimbursement Obligations when due, the Port is unable to recover all or any portion of the Reimbursement Obligations in accordance with Subsection 19.1(c) (Unreimbursed Costs) and Developer thereafter fails to cure the failure within 30 days after the Port delivers notice to Developer.

(k) Indemnities. Developer fails to meet its indemnification obligations under **Section 9.3** (General Indemnity) or **Section 9.4** (Environmental Indemnity) and does not cure the failure within 45 days after the Port delivers notice to Developer; provided, however, that to the extent that such failure results from Developer's failure to pay Developer Reimbursement Obligations, the requirements of **Subsection 12.2(j)** (Developer Reimbursement Obligations) will apply.

(l) Final Judgment. Developer fails to satisfy a final judgment in the Port's favor in an action for payment or performance within 60 days after the judgment becomes final or any longer period specified in the judgment.

(m) Release under Master Lease. Developer fails to release a Development Parcel from the Master Lease when required under the Vertical DDA, which failure is not cured within 15 days after notice from the Port.

12.3. Material Breaches by the Port. The occurrence of any of the following will be a Material Breach by the Port under this DDA.

(a) Project Finance. A noticed Event of Default by the Port occurs under **Section 11.3** (Events of Default by the Port) that also:

(i) materially and adversely affects Developer's ability to proceed timely with the 28-Acre Site Project or any significant portion thereof without substantially increased costs caused solely by the Event of Default, which Developer must demonstrate by new bids, estimates of an approved cost estimator, or other documentary evidence reasonably satisfactory to the Port, and evidence supported by relevant cost indices or by a third-party analysis prepared by a consultant reasonably acceptable to Port that the claimed cost increases result directly from the Port's Event of Default and not to general market-wide inflationary causes; or

(ii) prevents or substantially delays or impairs the availability of Project Payment Sources.

(b) Failure to Close. The Port fails to enter into a Vertical DDA with a Vertical Developer in accordance with **Article 7** (Parcel Conveyances and Delivery of Associated Public Benefits) or fails to Close Escrow on its conveyance of the applicable Option Parcel to a Vertical Developer after all of the Port's conditions and mutual conditions to Closing under the Vertical DDA have been satisfied or waived, and the Port does not Close Escrow within 30 days after Developer delivers notice to the Port.

(c) Port Title Defect. The Port defaults on the Port's Title Covenant by creating or allowing a title exception other than the Master Lease Permitted Exceptions or Parcel Lease Permitted Exceptions allowed hereunder, and the Port does not remove the exception within 60 days after Developer delivers notice to the Port.

(d) Final Judgment. The Port fails to satisfy a final judgment in Developer's favor in an action for payment or performance within 60 days after the judgment becomes final or any longer period specified in the judgment.

12.4. Termination as Port Remedy. The Port's termination rights are described in this Section.

(a) Automatic Termination of Development Rights to Certain Parcels. Developer's development rights and obligations for specified Development Parcels will terminate automatically under the circumstances described below. Termination under this Subsection will not affect Developer's rights and obligations for any Phase Approval obtained before termination or prevent Developer from submitting Later Phase

Submittals to the Port. Termination of Developer's development rights as to an Option Parcel will not affect its rights to Land Proceeds under the Financing Plan.

(i) Option Parcels. Developer fails to enter into a Vertical DDA for an Option Parcel by the date required in **Subsection 7.4(a)** (Option Exercise Deadline) or to Close Escrow on an Option Parcel by the Outside Date therefor in the Schedule of Performance, subject to Down Market Delay.

(ii) Closing on Parcel K North. If Developer is the successful bidder, it fails to Close Escrow on the Port's proprietary conveyance of Parcel K North by the Closing Date specified in the applicable Vertical DDA.

(b) Port Election to Terminate. The Port may elect to terminate Developer's future development rights and obligations under this DDA all or in part if Developer is in Material Breach of this DDA, subject to **Subsection 12.4(c)** (Termination re: Outside Dates). Such termination will not affect any Phase for which Developer has obtained SOP Compliance Determinations for all Phase Improvements or a Phase for which Developer has submitted a Phase Submittal application and that is not the subject of the Material Breach. By way of illustration of the foregoing sentence, if on the date of termination, Developer is constructing Phase Improvements in Phase 1 and the Material Breach is not related to Phase 1, then Developer will have the right to complete the Phase Improvements for Phase 1 and exercise its Option as to all Option Parcels within that Phase in accordance with the terms of this DDA.

(c) Termination re: Outside Dates.

(i) With respect to a Material Breach for failure to submit any Phase Submittal in accordance with the Schedule of Performance, the Port will have the right to terminate the DDA in accordance with the procedures set forth in **Section 12.7** (Termination Procedures).

(ii) With respect to a Material Breach that relates to Developer's failure to Commence Construction of Phase Improvements or a Vertical Developer Default due to a Vertical Developer Affiliate's failure to Commence Construction of Deferred Infrastructure under its Vertical DDA, each under the applicable Schedule of Performance, or to provide Adequate Security upon such Commencement of Construction, the Port will have the right to terminate this DDA in accordance with **Section 12.7** (Termination Procedures).

(iii) With respect to a Material Breach for failure to obtain an SOP Compliance Determination for Phase Improvements by the required Outside Date, including Phase Improvements on the Public Spaces, or a Vertical Developer Default due to a Vertical Developer Affiliate's failure to perform its obligations to complete Deferred Infrastructure under its Vertical DDA, each under the applicable Schedule of Performance, the Port's exclusive remedies will be:

(1) an action on the Adequate Security for the applicable Phase Improvements or Deferred Infrastructure to the extent still available;

(2) if the Port is unable to recover upon such Adequate Security within 18 months after the Port files its claim, termination of this DDA;

(3) the automatic suspension of Developer's right to exercise its Option or submit a bid in a Public Offering for any Option Parcels in the Current and Later Phases;

(4) during the suspension of Developer's Option rights, the Port, in its sole discretion, may initiate Public Offerings of any Option

DDA-91

Parcel that is not under contract in the Current and Later Phases in accordance with **Section 7.5** (Public Offering Procedures), with the right to Close Escrow with an Unrelated Vertical Developer even if the Material Breach is cured before the Closing Date; and

(5) the exercise of its rights under **Subsection 12.4(d)** (Special Rights).

(d) Special Rights. At any time after a Material Breach described in **Subsection 12.2(d)** (Deferred Infrastructure), either Party may give notice to the other that it intends to exercise its rights under this Subsection. After delivery of notice, the Parties will meet to discuss a schedule for the completion of the Deferred Infrastructure.

(i) As long as Developer is diligently proceeding with and cures the Material Breach within the agreed schedule, the Port will forbear from exercising its remedies under **Subsection 12.4(c)** (Termination re: Outside Dates). Developer's Horizontal Development Costs to effect the cure will be reimbursable Capital Costs under the Financing Plan.

(ii) The Port may undertake the construction of any Public Spaces in the Deferred Infrastructure Zone. The Port's Horizontal Development Costs to complete the Public Spaces will be reimbursable Capital Costs under the Financing Plan that, at the Port's option, will have priority for payment from any available Project Payment Sources. The Port's exercise of rights under this Subsection will not require the Port to forbear from exercising its remedies under **Subsection 12.4(c)** (Termination re: Outside Dates).

(e) Termination re: Historic Buildings 12 and 21. With respect to a Material Breach with respect to Historic Building 12 or Historic Building 21, the Port may terminate the DDA in accordance with **Section 12.7** (Termination Procedures).

12.5. Termination as Developer Remedy. Developer's termination rights are described in this Section.

(a) Material Breach. If the Port causes a Material Breach under **Section 12.3** (Material Breach by the Port) that would significantly and adversely affect Developer's ability to proceed with the 28-Acre Site Project in accordance with the Schedule of Performance, Developer may terminate all future development obligations and rights under this DDA upon submittal to the Port of a written notice of its election to terminate.

(b) Title Exception. Developer may terminate an Option on an Option Parcel by choosing not to Close Escrow if the Port does not remove or fails to respond timely to Developer's objection to a new title exception under *VDDA § 6.3 (Title Review Following Contingency Period Expiration)*.

12.6. Mutual Termination Right.

(a) Costs to Defend Third-Party Challenge. If a Third-Party Challenge to the 28-Acre Site Project is filed, Developer may elect not to reimburse all Port Costs and City Costs arising from the action by providing notice to the Port within 10 days after Developer receives notice of the action. If Developer makes this election, either Party may terminate this DDA on 10 days' notice to the other Party.

(b) Surviving Developer Obligations. Developer, if it chooses to terminate this DDA, may deliver its Notice of Termination with its notice of election on costs. Termination under this Section will not relieve Developer of its obligation to pay all Port Costs and City Costs incurred before the Termination Date or any award of attorneys' fees to the plaintiffs in the action.

12.7. Termination Procedures. The following procedures will apply to all terminations except those under **Subsection 12.4(a)** (Automatic Termination of Development Rights to Certain Parcels).

(a) Notice of Termination.

(i) The Party electing to terminate must provide a Notice of Termination to the other Party that prominently includes the phrase "*Notice of Termination.*" The notice must describe the alleged Material Breach or other circumstance giving rise to the right to terminate, list portions of the DDA or the 28-Acre Site Project to be terminated, and specify a Termination Date at least 15 days after the notice is delivered.

(ii) A Party may agree in its sole discretion to extend the Termination Date in a writing confirming the later Termination Date, but doing so will not require the Party to deliver a new Notice of Termination.

(iii) The Port may deliver a Notice of Termination before the date of the public meeting at which the Port Commission is expected to consider termination. None of the following will affect the validity of the Port's Notice of Termination, except as to the specified Termination Date: (1) the Port Director, in her sole discretion agrees to extend the anticipated Termination Date; (2) the matter is not placed on the Port Commission's agenda for the anticipated Termination Date; or (3) the Port Commission continues its action to a later date.

(b) Port Commission Action. Except for the situation described in **Section 12.6** (Mutual Termination Right), a Port Commission resolution is required for the Port to terminate any part of this DDA.

(c) Recorded Notice. After termination, the Party electing termination may record a Notice of Termination specifying the Termination Date in the Official Records. The Party must deliver, or cause delivery of, conformed copies of any recorded Notice of Termination to the other Party and any Interested Person.

(d) Preservation of Special Tax Lien. The Parties acknowledge that retaining the lien of the CFD on all Taxable Parcels benefits Developer, the Port, the City, and the public trust. Developer agrees not to object to any agreement between the Port on its own behalf, or as the CFD Agent, and the City, any Indenture Trustee, or other person that would preserve the lien even if any portion of Developer's rights under this DDA is terminated.

12.8. Effects of Termination on Development Rights. On the Termination Date, the following changes will take effect automatically.

(a) Mutual Obligations. On the Termination Date, each Party's obligations to the other Party for the terminated portions of this DDA will terminate, except for indemnities and any other obligations that expressly survive termination.

(b) Development Opportunities.

(i) Port. The Port will have the right to offer the Development Opportunities associated with the terminated portions of the DDA to third parties through proprietary public offerings and to specify any terms that it determines in its sole discretion are appropriate for the offered Development Opportunities. The Port may require that the Development Opportunity conform to the material requirements of this DDA with respect to the applicable real property or may make such changes to the Development Opportunity as the Port determines are appropriate under the circumstances; provided, that in formulating the Development Opportunity, the Port will not permit uses that are incompatible

DDA-93

with Developer's development rights under any portion of this DDA that has not been terminated. So long as the Port offers the Development Opportunity consistent with the foregoing sentence, Developer will have no right to challenge, limit or contest the Port's process or the offering of the Development Opportunity to others as set forth in this Section.

(ii) Developer. Developer will have no rights to the Development Opportunities associated with the terminated portions of the DDA or to reimbursement of Developer Capital it uses for the terminated Development Opportunities after the Termination Date, subject to **Section 12.9** (Effects of Termination on Project Payment Sources).

(iii) Waiver. Developer acknowledges the Port's rights under this Subsection and expressly waives any right that Developer might have to challenge or limit the Port's right to publicly offer any Development Opportunity under this Subsection; or to bid in a public offering.

12.9. Effects of Termination on Project Payment Sources.

(a) Before Phase 1 Completion. If the Port terminates the DDA as to Phase 1 following a Material Breach by Developer before the Port has issued an SOP Compliance Determination for all Phase 1 Improvements, Developer's rights will be as follows.

(i) Developer will be entitled to receive the entire Entitlement Sum, but only to the extent generated by Project Payment Sources from Parcel K North and Phase 1 Option Parcels on which Developer has Closed Escrow before the Termination Date.

(ii) Developer will be entitled to reimbursement of Horizontal Development Costs for Phase Improvements paid by Developer Capital before the Termination Date without any Developer Return, but only to the extent of Project Payment Sources generated by Phase 1 Option Parcels on which Developer has Closed Escrow before the Termination Date.

(iii) Developer will retain development rights only to Option Parcels in the Phase on which it has Closed Escrow before the Termination Date.

(b) Before Completion of Other Phases. The following will apply if the Port terminates the DDA as to any other Phase following a Material Breach by Developer whether or not the Port has issued an SOP Compliance Determination for the applicable Phase Improvements.

(i) Developer will be entitled to a Cumulative IRR of 12% on Developer Capital spent on the Entitlement Sum and all Phase Improvements before the Termination Date, calculated up to the Termination Date, but only to the extent of Project Payment Sources generated by the Option Parcels in the Phase on which Developer has Closed Escrow before the Termination Date.

(ii) Developer will retain development rights only to Option Parcels in the Phase on which it has Closed Escrow before the Termination Date.

(c) Developer's Cure Rights.

(i) This clause applies to any Transferee to the extent that Developer has not been explicitly released from the obligation in default when the Port approved the Transfer. If the Port gives notice of a default or of the Port's intent to terminate a Transferee's rights under this DDA due to a Material Breach by the Transferee, at least 60 days before the effective Termination Date, Developer will have the right to cure the default within the specified cure period.

(ii) This clause applies only to Transferees to the extent the Port explicitly released Developer from the obligation in default when it approved the Transfer. Developer may request that the Port meet and confer regarding the Transferee's default or Material Breach. Developer must specify in its request that it is willing to assume responsibility for all of the Transferee's unperformed obligations for each affected Phase and any conditions to Developer's assumption of these obligations. The Port may accept or reject Developer's conditions in its sole discretion. The Port will respond to Developer within 15 days after Developer's request is delivered. Even if the Port agrees to meet and confer with Developer, the Port will not be required to negotiate exclusively with Developer, agree to Developer's proposed terms for assumption, or approve another Transfer proposed by Developer.

(d) After Phase Completion. The following will apply if the Port terminates the DDA as to any Phase for any reason after the Port has issued an SOP Compliance Determination for all Phase Improvements.

(i) Developer will be entitled to receive the Developer Balance for the Phase, but only to the extent of Project Payment Sources generated by the Option Parcels in the Phase on which Developer has Closed Escrow before the Termination Date.

(ii) The Port's obligation for further revenue-sharing for the Phase will end on the Termination Date.

(e) Termination Due to Port Default. If the Port willfully causes a Material Breach that prevents Developer from proceeding with the 28-Acre Site Project in accordance with the Schedule of Performance, then Port will pay to Developer a priority payment from Project Payment Sources associated with the Phase in the amount of the Developer Balance plus Developer's costs of collection, plus interest at the annual rate of 10%, calculated from the date the payment from Developer was due until paid in full, compounded annually.

12.10. Assignment of Documents after Termination.

(a) Consulting Contracts. Developer agrees to use good faith efforts to obtain provisions in services contracts with its consultants that will permit Developer's assignment of Project Materials to the Port under this Section.

(b) Required Assignment. If this DDA is terminated in whole or in part, Developer must:

(i) provide to the Port at no cost within 60 days after the Port's notice a Project Assignment of all Project Materials, including all Structural Materials, to the associated portions of the 28-Acre Site Project, to the extent permitted under Developer's consulting contracts;

(ii) satisfy all outstanding fees relating to the 28-Acre Site Project Materials for services rendered by any of the 28-Acre Site Project Consultants up to the Termination Date and provide proof of payment to the Port; and

(iii) subject to limitations in this Section, deliver copies of all Project Materials in Developer's possession or confirm for materials not in its possession, on request from Project Consultants or the Port, that Project Consultants are authorized to deliver all Project Materials to the Port.

(c) Allowed Disclaimer. Developer will be permitted to disclaim any representations or warranties with respect to the 28-Acre Site Project Materials (other than Developer's payment of fees), and, at Developer's request, the Port will provide

DDA-95

Developer with a release from liability for future use of the applicable Project Materials, in a mutually acceptable form. Developer's acceptance of the Port's release will be deemed to waive and release the Port from any claims of proprietary rights or interest in the 28-Acre Site Project Materials, and Developer agrees that the Port or its designee may use any of the 28-Acre Site Project Materials for any purpose after a Project Assignment.

13. IMPROVEMENT PLANS

13.1. Improvement Plans for Phase Improvements. This Section applies to the submittal of Improvement Plans by Developer for Phase Improvements and any new or revised Improvement Plans for Deferred Infrastructure submitted by Vertical Developers. For purposes hereof, reference to "Developer" in this Article means both the Developer and any Vertical Developer submitting Improvement Plans for Deferred Infrastructure.

13.2. Preparation of Improvement Plans. In its Consent to ICA, Developer agreed to comply with the Improvement Plan Submittal requirements set forth in *ICA § 4.3 (Improvement Plans for Horizontal Improvements-Generally)* and *ICA § 4.4 (Processing of Improvement Plans and Issuance of Construction Permits)*.

13.3. Review of Improvement Plans.

(a) Review by City Agencies. The ICA sets forth procedures and standards for review and approval of Improvement Plans and Master Utilities Plans and issuance of Construction Permits for Horizontal Improvements.

(b) Port Review Procedures. The Port staff will review and approve Improvement Plans for consistency with the Project Requirements and Regulatory Requirements in accordance with the procedures for review and approval set forth in the ICA.

(c) Standard of Review. Except as otherwise provided in this DDA, the Port's review and approval or disapproval of Improvement Plans subject to its review will be final and conclusive and will comply with the ICA.

(d) Disputes. Either Party may initiate a proceeding under **Section 10.5 (Non-Binding Arbitration)** if the Port and Developer disagree as to whether:

- (i) a matter contained in a particular submittal has been approved previously or requires the Port's approval under this DDA;
- (ii) the Port is acting in a manner that is inconsistent with matters that it approved previously; or
- (iii) a Port disapproval is inconsistent with the applicable standards of approval.

13.4. Conflicts with Other Governmental Requirements.

(a) Other Regulatory Approvals. The Port will not unreasonably withhold its approval, where otherwise required under this DDA, of elements of the Improvement Plans or changes in Improvement Plans required by any other Regulatory Agency if all of the following have occurred.

- (i) The Port receives notice of the required change.
- (ii) The Port has at least 10 days to discuss the element or change with the other Regulatory Agency requiring the element or change and with Developer's registered design professional in responsible charge.
- (iii) Developer will cooperate fully with the Port and with the other Regulatory Agency within the 10-day discussion period in seeking reasonable

DDA-96

modifications of the requirement, or reasonable design modifications of the Improvements, or some combination of modifications, to reach a design solution satisfactory to the Port.

(iv) As modified, the Improvements will comply with all Applicable Laws, including the Regulatory Requirements.

(b) Disputes. Developer and the Port recognize that regulatory conflicts may arise at any stage in the preparation of the Improvement Plans, but that it is more likely to arise at or after the Permit Set has been prepared and may arise in connection with permit applications. Accordingly, time is of the essence when a conflict arises. Both Parties agree to use their good faith efforts to reach a solution expeditiously that satisfies both Developer and the Port. At any time, either Party may submit the conflict to the dispute resolution procedures of **Section 10.5 (Non-Binding Arbitration)**.

13.5. As-Built Drawings.

(a) Delivery. Within 120 days after the Port issues an SOP Compliance Determination for each Phase, Developer must deliver to the Port As-Built Drawings for the applicable Phase Improvement that meets the requirements of **Subsection 13.5(b) (Technical Requirements)** and **Subsection 13.5(c) (Format)**.

(b) Technical Requirements. As-Built Drawings must reflect all requests for information responses, field orders, change orders, and other corrections to the documents made during the course of construction. As-Built Drawings must be both in the form of full-size (24" x 36"), hard paper copies and converted into electronic format as full-size scanned tagged image files (TIFF) and AutoCAD files. As-Built Drawings must be full-sized documents, with "mark-ups" neatly drafted to indicate modifications from the original design documents, scanned at 400 dots per inch (dpi). Each drawing must have a unique number stamped onto the title block. An index of drawings must be prepared correlating drawing titles to the numbers. A minimum of 10 drawings must be scanned as a test before execution of this requirement in full.

(c) Format. The AutoCAD files must be contained in Release 14 or a later version, and drawings must be transcribed onto electronic storage media. All "X-REF," "block" and other referenced files must be coherently addressed within the environment of the compact disc. Media containing files that do not open automatically without searching or reassigning "X-REF" addresses will be returned for reformatting. A minimum of 10 complete drawing files, including all referenced files, must be transmitted to the Port as a test before execution of this requirement in full.

(d) Production Costs. Developer's costs to produce required files will be reimbursable Soft Costs unless Developer fails to comply timely with this Section. If Developer does not comply, the Port, after giving notice to Developer, will have the right, but not the obligation, to cause an engineer of the Port's choice to prepare final surveys and As-Built Drawings, plans and specifications, at Developer's sole, unreimbursable cost.

13.6. Schematic Design Review of Park Parcels. The Port will not issue a Construction Permit for any Park Parcel until the Port Commission has approved the schematic design of the applicable Park Parcel in accordance with this Section.

(a) Applications. Developer will submit to the Port an application for the schematic design of each Park Parcel (each, a "**Schematic Design Application**") at such time as Developer reasonably determines necessary to meet the Schedule of Performance for construction of the applicable Park Parcel. Each Schematic Design Application will include the following information:

(i) A written narrative describing the overall conceptual design, including the park program, design elements, and facilities provided for each Park Parcel;

(ii) An illustrative site plan to scale showing;

(1) Conceptual circulation systems (vehicular, bicycle and pedestrian) including parking;

(2) Conceptual grading and drainage;

(3) Generalized locations of active and passive recreational areas; park elements and facilities;

(4) Generalized locations and conceptual layout for landscaping and hardscape areas, including tree planting and any stormwater treatment areas; and

(5) Generalized locations for furnishings, lighting, public art, signage, comfort facilities, stairs, ramps, and railing;

(iii) Illustrative sections and perspectives representative of the overall conceptual design, including key relationships between programmatic areas, design elements, and defining park features and facilities;

(iv) Image "boards" showing proposed concepts, detailed studies and/or precedents for site furnishings, paving materials, site architectural elements, lighting, public art, signage, comfort facilities, stairs, ramps and railings, tree species (and alternate species), and species palette concepts for major landscaping areas; and

(v) A proposed signage program consistent with **Subsection 13.7(a)** (Public Spaces Signage Plan), if not previously approved.

(b) Pre-Submittal Meetings. Not less than 30 days before submitting a Schematic Design Application for a Park Parcel, Developer will submit to the Port Director a draft of the concept plans and documents of the type listed in **Subsection 13.6(a)** (Applications). Not less than 20 days before submitting a Schematic Design Application, Developer and Port staff will hold at least one pre-Submittal meeting at an agreeable time. Developer may submit information and materials iteratively, and Developer and the Port may agree to hold such additional meetings as they may deem useful or appropriate. If Developer fails to submit such preliminary documents or to schedule such pre-Submittal meeting before submitting a Schematic Design Application as specified above, then such failure will not, by itself, be an Event of Default but the Port's time for review of the Schematic Design Application will be extended by 30 days.

(c) Port Review – Initial. The Port staff will review each Schematic Design Application for completeness, which means the Schematic Design Application includes all documents and materials in such detail as is required hereunder. The Port will make its determination of completeness within 15 days after submittal and will advise Developer in writing of any deficiencies. Subject to *App ¶ A.2.2(c) (No Deemed Consent Without Notice)*, if the staff does not so advise Developer, the Schematic Design Application will be deemed complete and all time periods for Port review will run from the date of such deemed completeness. Notwithstanding the foregoing, a determination that a Schematic Design Application is deemed complete will not prevent the Port staff from requesting such additional materials as deemed reasonably necessary to complete its review.

(d) Review of Complete Applications. Prior to submittal of the first Schematic Design Application, the Port Director, in consultation with the Planning Director, will designate the Design Advisory Committee to make design recommendations to the Port Commission on Schematic Design Applications. When the Schematic Design Application is complete or deemed complete under *App ¶ A.2.2(c) (No Deemed Consent Without Notice)*, the Port staff will transmit the Schematic Design Application to the Design Advisory Committee for consideration at a noticed public hearing at its next meeting.

(e) Developer Outreach. Prior to Port Commission consideration of a Schematic Design Application for a Park Parcel in Phase I pursuant to **Subsection 13.6(g)** (Port Commission Approval) or prior to a public hearing of the Design Advisory Committee for a Schematic Design Application in later Phases pursuant to **Subsection 13.6(d)** (Review of Complete Applications), Developer will host a public presentation of its Schematic Design Application and will provide a minimum of two weeks' notice to members of CWAG and other stakeholders by publication, posting, mailing or other means reasonably aimed at providing stakeholders with an opportunity to attend the presentation.

(f) Recommendation of Design Advisory Committee. The Design Advisory Committee will hold a public hearing on the Schematic Design Application and make design recommendations to ensure that the design of the park is consistent with applicable provisions of the Design for Development and other applicable Development Requirements.

(g) Port Commission Approval. The Port Director will submit the applicable complete Schematic Design Application to the Port Commission for review and consideration, with the Design Advisory Committee recommendation for Port Commission consideration in accordance with **Subsection 5.3(c)** (Port Commission Meetings). The Port Commission will calendar the Schematic Design Application for review and consideration at the next available regular Port Commission meeting after the public hearing held by the Design Advisory Committee under **Subsection 13.6(f)** (Recommendation of Design Advisory Committee), but in no case more than 45 days after the Design Advisory Committee public hearing at which the Design Advisory Committee makes its recommendation on the Schematic Design Application. In the event of a disapproval, the Port Commission will issue findings to support its decision. Thereafter, Developer may re-submit a revised Schematic Design Applications to the Port Commission that will address the Port Commission's reasons for disapproval. The Port Director will resubmit the applicable revised Schematic Design Application to the Port Commission for review and consideration at the next available regular Port Commission meeting, but in no case more than 45 days after the submittal of the revised Schematic Design Application.

(h) Approval of Park Parcel Improvement Plans; Amendments to Approved Schematic Design. After the Port Commission's approval of the Schematic Design Application, Park Parcel Improvement Plans will be processed in accordance with the ICA. The Port Director may approve Park Parcel Improvement Plans that amend or modify the approved Schematic Design Application, provided she finds that the amendment or modification would not be a material change, would not be detrimental to the public welfare or injurious to the property or improvements in the vicinity of the 28-Acre Site Project, and would be consistent with the Project Requirements and Regulatory Requirements. If the Port Director determines that the Schematic Design Application amendments would not meet the foregoing criteria, the amended Schematic Design Application will be subject to the same procedures as a new Schematic Design Application.

(i) Approval of Park Rules and Regulations. Port staff will consult with Developer to develop reasonable rules and regulations for the conduct of activities and operations in the Public Spaces, including limits on restricted access events, in conjunction with its conditional acceptance of Public Spaces under **Section 15.7** (SOP Compliance). Rules and regulations approved by the Port Commission will apply to each Public Space when finally accepted by the Port under this DDA.

13.7. Signage. The Design for Development sets forth general standards and guidelines for signage within the boundaries of the SUD, including public realm signage, wayfinding elements, and building signage. Because the Design for Development standards and guidelines are general in nature, this Section sets forth a process for Port approval of four categories of comprehensive signage plans (each, a "**Signage Plan**") for (i) the Public Spaces, (ii) Public ROWs, (iii) buildings in the 28-Acre Site, and (iv) an interpretive signage program that will help educate visitors on the history and significance of particular features or points of interest. The four types of Signage Plans will be in addition to the requirements for Schematic Design Review of Park Parcels described in **Section 13.6** (Schematic Design Review of Park Parcels). The procedures for approval of each type of Signage Plan are as follows:

(a) Public Spaces Signage Plan. Developer will submit to Port staff a concept level Public Spaces Signage Plan that will address signage controls for all Public Spaces at the same time it submits its first Schematic Design Application in accordance with **Section 13.6** (Schematic Design Review of Park Parcels). The Public Spaces Signage Plan will be a master plan for all of the Public Spaces. The Public Spaces Signage Plan will be consistent with the Design for Development and will include concept level plans that include, at a minimum: signage controls governing program area; text size and design; volume dimensions or limitations; signage on kiosks or furnishings; and a description of any uniform signage features. The Port Director will review and take action to approve or disapprove the Public Space Signage Plan (including amendments to previously approved plans) no later than 45 days after Port Commission approval of the Schematic Design Application for Park Parcels under **Section 13.6** (Schematic Design Review of Park Parcels).

(b) Public ROWs. Developer will submit a concept level Public ROWs Signage Plan with or prior to its first submittal of Improvement Plans under the ICA. The Public ROWs Signage Plan will be a master plan for the Public ROWs within the 28-Acre Site. The Public ROWs Signage Plan will be consistent with the Design for Development and include concept level plans that include, at a minimum, signage controls governing non-City standard street signs; temporary signs; parking and other wayfinding signs; kiosks, streetscape commercial signage, and street furniture-related commercial signage. Port consideration and approval of the Public ROWs Signage Plan, will occur at the same time, and in accordance with, the same process for Port approval of Improvement Plans under the ICA. The Public ROWs Signage Plan may also address construction signage during construction of the Phase Improvements hereunder.

(c) Buildings. As provided under the Design for Development, Developer will submit a building Signage Plan to the Port and Planning Department that will serve as further guidance to Port and Planning Department staff in reviewing building signage for consistency with the Design for Development. Developer will submit the Building Signage Plan to the Port Director, with a copy to the Planning Director, on or before a Vertical Developer submits a design review application for the first building under the SUD. The building Signage Plan will include concept level plans that include, at a minimum: temporary signs; commercial signs; text size and design, or volume dimensions or limitations; permitted types of signage; and a description of any uniform signage features. The Port Director will review and approve the building Signage Plan within 30 days after submittal and use commercially reasonable efforts to coordinate a

review by the Planning Director within the same timeframe. Such approval must be consistent with the Design for Development and other Project Requirements and Regulatory Requirements, unless otherwise agreed by Developer.

(d) HABS Survey/Interpretive Signage.

(i) As a condition to the Port's issuance of the first demolition permit for the 28-Acre Site Project, Developer will have submitted Historic American Buildings Survey (HABS) documentation for all structures being demolished, as required by Improvement Measure I-CR-4a of the MMRP.

(ii) As a condition to the Port's approval of the first Schematic Design Application for the Park Parcels, the Port will have approved a sitewide interpretive plan for the 28-Acre Site, intended to educate visitors to the 28-Acre Site to key historic, cultural and natural features of significance. The sitewide interpretive plan will include, at a minimum, the proposed location and general content of the interpretive signs and features. The Port Director will approve the sitewide interpretive plan within 30 days after submittal. Such approval must be consistent with the Design for Development and other Project Requirements and Regulatory Requirements, unless otherwise agreed upon by Developer.

14. CONSTRUCTION GENERALLY

14.1. Substantial Compliance with Plans. The allowed scope of work for Horizontal Improvements will be determined by the Port's approval of Permit Sets in accordance with the ICA. Developer agrees to construct Horizontal Improvements in substantial compliance with approved Permit Sets and in strict compliance with applicable Project Requirements and Regulatory Requirements.

14.2. Standards of Construction.

(a) Generally. Developer must construct or cause all Horizontal Improvements to be completed using standards of quality and quantities in accordance with the approved Permit Sets and in compliance with Applicable Laws. Developer must undertake commercially reasonable measures using good construction practices to:

- (i) minimize damage, disruption, or inconvenience caused by the work;
- (ii) make adequate provision for the safety and convenience of all persons affected by the work;
- (iii) minimize the risk of injury or damage to adjoining portions of the 28-Acre Site, Horizontal Improvements and Vertical Improvements under way or completed, and the surrounding property; and
- (iv) minimize the risk of injury to members of the public.

(b) Historic Resources. The Developer Construction Obligations require Developer to rehabilitate the Historic Buildings for reuse in compliance with the Secretary's Standards. This requirement will be incorporated into the applicable Vertical DDA for each of the Historic Buildings. The Port will review all building permit applications for rehabilitation of Historic Buildings and inspect the completed rehabilitation work for compliance with all applicable Regulatory Requirements and Project Requirements. The Port's review will be consistent with SHPO and NPS requirements for Historic Tax Credit eligibility, if applicable, and Port will not disapprove of the building permit for a Historic Building or require changes to the proposed building permit plans for reasons that would conflict with plans approved by

SHPO and NPS for the applicable Vertical Developer to obtain Historic Tax Credits, if applicable.

14.3. Site Security. During all construction activities at the 28-Acre Site and other areas of the FC Project Area on which Developer is performing construction activities, Developer will be responsible for taking commercially reasonable measures to secure the physical site and protect the public, as well as the City, the Port, and their Agents, from reasonably foreseeable harm. Examples of security measures include fencing, security patrols, video surveillance, and general liability insurance.

14.4. Costs.

(a) Commercially Reasonable Costs. The Parties acknowledge that any Horizontal Development Cost that Developer incurs will be deemed commercially reasonable and represent the fair market value price of the Horizontal Improvements if it provides the Port with documentation showing satisfaction of the requirements of *FP § 8.1 (Commercially Reasonable Costs)* or *FP § 8.2 (Guaranteed Maximum Price Contract)*. To the extent that relevant documents are available, Developer will provide such documentation to Port in each Phase Budget and Developer Quarterly Report regarding costs already incurred in the Phase or Prior Phases, and costs anticipated to be incurred in the applicable Phase. If Developer anticipates that any of its Horizontal Development Costs will be incurred without satisfying the requirements of *FP § 8.1 (Commercially Reasonable Costs)* or *FP § 8.2 (Guaranteed Maximum Price Contract)*, it will include an estimate of such costs in each Developer Quarterly Report submitted under *FP § 9.1(b) (Developer Quarterly Reports)*, based on approved Improvement Plans, construction contracts (including contingencies) and any change orders.

(b) Change Orders. From time to time, Developer and its general contractor may agree on change orders to the underlying GMP contract or other construction contract, which will occur during the course of construction of the applicable Phase Improvements. At the earliest feasible opportunity, but in any event no later than the next regular meeting described in **Section 14.6 (Progress Meetings)**, Developer must share with the Port any agreed-upon change order that would exceed a \$250,000 threshold per occurrence (each, a "**Material Change Order**"). In the event that multiple occurrences are packaged in a single change order, this threshold applies only to individual occurrences. All change orders will also be reflected in Developer's reporting of estimated or actual Horizontal Development Costs required under *FP § 9.1(b) (Developer Quarterly Reports)*. With each reimbursement request under the Acquisition Agreement, Developer will also submit documentation supporting the Material Change Order request and associated amendment to the applicable GMP contract or other construction contract.

(c) Disputes. The Port will notify Developer within 14 days after Developer's submittal of documents described in **Subsection 14.4(a) (Commercially Reasonable Costs)** or **Subsection 14.4(b) (Change Orders)** if the Port considers any of the estimated or actual Horizontal Development Costs to be commercially unreasonable based on the documentation provided and would not qualify as a Project Cost under the Financing Plan. If not resolved by consultation at a progress meeting under **Subsection 14.6(a)(Purpose)**, the Parties may agree to submit the following disputes for resolution under **Section 10.5 (Nonbinding Arbitration)**:

- (i) whether the challenged costs are commercially unreasonable;
- (ii) whether the challenged costs are outside the scope of approved Permit Sets;

- (iii) proposed changes to address regulatory conflicts under **Section 13.4 (Conflicts with Other Governmental Requirements)**; and
- (iv) whether the review process meets the applicable standard of conduct.

14.5. Contracting Procedures. Developer agrees to follow the contracting procedures described in this Section to negotiate one or more contracts for Horizontal Improvements consistent with the terms of the applicable Phase Approval.

(a) **Qualified Contractors.** Developer will provide the Port with a list of the general contractors from which Developer intends to solicit bids for construction of Horizontal Improvements prior to issuing bid packages. If the Port reasonably objects to any of the proposed general contractors, the Port must respond in writing within five business days with a reasonably detailed explanation for its objection. Reasons for disapproval will be limited to the general contractor's relevant experience and financial capacity (including ability to meet bonding requirements); ability to comply with all applicable City contracting requirements; and legal grounds for disqualification, such as debarment or failure to be licensed by the State Contractors License Board. If the Port objects to a general contractor, then Developer may provide Port with notice of a replacement general contractor subject to the same five business day objection period, or submit the matter to the dispute resolution procedures of **Section 10.4 (Binding Arbitration)**.

(b) **Bid Package Requirements and Security.** The bid package must include relevant Improvement Plans clearly defining the scope of work. The bid package will require the general contractor to guarantee performance and payment of the work, which may be provided through a subcontractor default insurance policy provided by the general contractor covering all enrolled subcontractors, or by requiring each subcontractor under subcontracts having a value of more than \$100,000 to provide payment and performance bonds guaranteeing their work. Payment and performance bonds must be issued by a surety meeting the required standards under the Subdivision Code.

14.6. Progress Meetings.

(a) **Purpose.** Developer must schedule and notify the Port of the place and time for meetings between the Port and Developer's senior construction management team to discuss construction progress in which the Port and the other City Agencies will be entitled to participate. Such notice and meetings must occur at least once per month, and may occur more frequently upon mutual agreement by the Parties. The purpose of the City Agencies' participation in these meetings will be to:

- (i) coordinate Developer's preparation and submittal of Improvement Plans to the Port for City Agency review;
- (ii) review progress in constructing the Improvements;
- (iii) coordinate the Acquiring Agency's inspections;
- (iv) review Developer's expected change orders; and
- (v) review any expected changes in the scope of work.

(b) **Minutes.** Developer agrees to prepare and distribute meeting minutes promptly after each progress meeting. The Port staff and Developer (and their respective consultants subject to Port and Developer presence or consent) agree to communicate and consult informally as frequently as reasonably necessary to assure that the formal

submittal of any Improvement Plans to the Port can receive prompt and speedy consideration.

(c) Representatives. For the purposes of this Section, until otherwise directed, the Port's representative is the Chief Harbor Engineer. Developer will provide Port with notice of the identity of its representative promptly after the Reference Date. The Parties do not have to comply with *App ¶ 4.5 (Notices)* and **Section 20.1** (Notice Addresses) for notices and requests made to facilitate the Parties' progress meetings and consultations covered by this Article.

(d) Reports. During periods of construction, the Port will have the right to require Developer to submit monthly progress reports on construction to the Port, in form and detail as reasonably required by the Port.

14.7. Other Construction Matters.

(a) Port and Other Governmental Permits. Developer has the sole responsibility for obtaining all necessary permits for the Horizontal Improvements and must submit applications for the permits directly to the applicable Regulatory Agency, unless otherwise provided in **Article 13** (Improvement Plans). Developer will bear all risk of delay due to its submittal of an incomplete or insufficient permit application.

(b) Developer License. For all Horizontal Improvements to be constructed by Developer on land owned by the Port that has not been conveyed to Developer under the Master Lease, the Port will enter into a License with Developer, substantially in the form attached hereto as **DDA Exhibit B11**.

(c) Port Right of Entry. Developer acknowledges that under the Master Lease, the Port and its Agents have the right of entry onto the 28-Acre Site to the extent reasonably necessary to carry out the purposes of this DDA and as the landowner.

(i) The Port will have the access required to install, repair, replace, monitor, and service any security installations.

(ii) The Parties may agree to submit disputes over whether Port actions arising from entry under this Section or through the Port's exercise of its right of entry under the Master Lease unreasonably impeded Developer's construction activities for resolution under **Section 10.5** (Nonbinding Arbitration).

(d) Workforce Development Plan. Developer, its Agents and Vertical Developer must comply with all applicable provisions of the Workforce Development Plan attached as **DDA Exhibit B4**.

(e) Construction Signs and Barriers. Developer must provide appropriate construction barriers, construction signs, and a project sign or banner describing the 28-Acre Site Project and must post the signs at the 28-Acre Site during construction. Unless and until the Port Commission adopts a Signage Plan for the Public ROWs that addresses construction signage, the Port's Guidelines for Review and Approval of Signs and Murals on Port Property, adopted by Resolution No. 97-12, will apply. Developer must submit the proposed size, design, text, and location of any construction signs and the composition and appearance of any construction barriers to the Port for approval before installation.

(f) Coordination. The Parties acknowledge that a number of construction projects on public land near the 28-Acre Site are being or are expected to be constructed at the same time as the construction of early Project Phases. Expected projects include the rehabilitation of the 20th Street historic buildings, construction of Crane Cove Park, construction of SFMTA line extensions, development of the Illinois Street Parcels, and SFPUC utility infrastructure work. Developer and the Port each agree to use reasonable

efforts to coordinate construction efforts, to the extent within each Party's respective control, with those at other project sites in a manner intended to reduce construction conflicts without material delay to Developer Construction Obligations under this DDA.

(g) Construction Staging. During the DDA Term, Developer will use portions of the 28-Acre Site as staging areas for construction lay down and parking, construction equipment, and related materials under the Master Lease. Developer may request additional areas outside of the 28-Acre Site (including Parcel K South) for construction staging, which the Port may grant or deny in its sole discretion. If the Port agrees to license additional land to Developer for this purpose, the Port will charge license fees at market rates.

(h) Mechanics' Liens. Developer must keep the FC Project Area and Horizontal Improvements free from any liens arising out of any work performed, materials furnished, or obligations incurred by Developer or its Agents. Developer's failure to cause any construction-related lien to be released of record or bonded or take other action acceptable to the Port within 30 days after Developer's receipt of final notice of the imposition of the lien will be a default under this DDA and the Master Lease, and the Port will have the right at its option to effect a release of the lien by any commercially reasonable means. Developer at its sole cost must reimburse the Port for all costs the Port incurs to do so within 30 days after the Port's demand. Developer will be permitted to contest the validity or amount of any tax, assessment, encumbrance, or other lien and to pursue any remedies associated with the contest, but the contest will be subject to all conditions in the Master Lease.

14.8. Mitigation Measures. Developer and the Port agree that construction and operation of all Improvements within the boundaries of the SUD must comply with applicable Mitigation Measures in the MMRP.

(a) Horizontal Improvements. Developer agrees to implement the Developer Mitigation Measures related to the Horizontal Improvements within the FC Project Area and Parcel K South as required by the MMRP and other Project Requirements and Regulatory Requirements. Developer also agrees to cause its contractors, subcontractors, and Transferees to comply with this obligation through its contracts.

(b) Vertical Improvements. Developer and the Port agree to incorporate into the applicable Vertical DDA each Vertical Developer's responsibility to implement the Mitigation Measures related to construction and operation of Vertical Improvements and any Deferred Infrastructure obligations undertaken by the Vertical Developer in accordance with the MMRP.

(c) Other Horizontal Improvements. The Port agrees to implement the Mitigation Measures that are Port obligations as required by the MMRP and use good faith efforts consistent with the ICA to cause the necessary public agencies or applicable private parties to implement the Mitigation Measures assigned to them.

15. HORIZONTAL DEVELOPMENT

15.1. Horizontal Improvements.

(a) Developer Construction Obligation. Developer will proceed with the Developer Construction Obligations in accordance with the Schedule of Performance and this DDA after obtaining a Phase Approval for each Phase.

(b) Phase Transfers. Developer may Transfer Developer Construction Obligations for Phases other than Phase 1 to Transferees under Article 6 (Transfers).

(c) Deferred Infrastructure. Subject to clause (iv) of Section 1.3(f) (Horizontal Improvements), Developer may assign the obligations for Deferred Infrastructure in all Phases to Vertical Developers in accordance with the terms of the applicable Vertical DDA and Vertical Coordination Agreement, subject to Other City Agency review, inspection, and acceptance of the Deferred Infrastructure under the ICA and the Subdivision Code. Developer will continue to be responsible for seeking and obtaining: (i) reimbursement for Deferred Infrastructure costs under the Acquisition Agreement; and (ii) acceptance of Deferred Infrastructure by the Board of Supervisors or the Port, as applicable.

(d) Louisiana Parcel Improvements. The Infrastructure Plan includes certain Horizontal Improvements within a portion of Louisiana Street, generally located between 20th and 21st Streets, a portion of which is located within the 28-Acre Site (the "28-Acre Site Louisiana Parcel"), and a portion of which is located within property leased to Historic Pier 70, LLC and generally shown on DDA Exhibit A8 (the "Orton Louisiana Parcel"). Notwithstanding the Infrastructure Plan, or anything in the Project Approvals to the contrary, until the Orton Louisiana Parcel is added to the 28-Acre Site in accordance with Section 1.3(c) (Louisiana Street Parcel), Developer's Construction Obligations within the 28-Acre Site Louisiana Parcel will be limited to streetscape improvements identified in the Infrastructure Plan and Streetscape Master Plan that lie within the 28-Acre Site Louisiana Parcel that are required by the Port to issue a Temporary Certificate of Occupancy for a building on Parcel A. Upon the addition of the Orton Louisiana Parcel to the 28-Acre Site in accordance with Section 1.3(c) (Louisiana Street Parcel), then Developer's Construction Obligations will be expanded to include roadway and other Horizontal Improvements identified in the Infrastructure Plan and Streetscape Plan that lie within the Orton Louisiana Parcel; provided, however, that upon approval by the Port and the applicable City Agencies of Improvement Plans that allow the relocation of subsurface utilities shown on the Infrastructure Plan from the Orton Louisiana Parcel or the 28-Acre Site Louisiana Parcel to elsewhere within the FC Project Area, the approved Improvement Plans will describe Developer's responsibility for any subsurface improvements within the 28-Acre Site Louisiana Parcel and the Orton Louisiana Parcel.

15.2. Site Preparation Work. Before beginning any Site Preparation, Developer must: (a) submit an update to the prices in the Acquisition Agreement to reflect construction estimates and obtain a Construction Permit from the Port; and (b) obtain all other required Regulatory Approvals, including Construction Permits, necessary to perform the applicable Site Preparation. Phase Approval will not be required for the issuance of Construction Permits or other Regulatory Approvals for Site Preparation.

15.3. Preparation of Development Parcels. Developer must complete the following work necessary to prepare Development Parcels for the Port's conveyance to Vertical Developers.

(a) Final Map. A Final Map (which may be a Final Transfer Map) creating a separate legal parcel for each Development Parcel must be recorded in the Official Records.

(b) Site Conditions.

(i) Development Parcels may be left in an as-is condition until conveyed.

(ii) For Development Parcels assumed to include a basement level, Developer may elect at its sole option to excavate the basement to generate fill for use elsewhere on-site, subject to any required Water Board approval.

(iii) For other Development Parcels, Developer may elect at its sole option to grade the building pad to target subgrade elevation with soil compacted under the applicable grading permit and the geotechnical recommendations for the site as certified by Developer's geotechnical engineer.

(c) Phase Improvements. Developer will have performed all necessary Site Preparation and will be contractually obligated to construct all necessary Phase Improvements to serve the Development Parcel in accordance with the Schedule of Performance, except for any Deferred Infrastructure that a Vertical Developer is obligated to construct under a Vertical DDA.

15.4. Conditions to Construction. Developer must satisfy the following additional conditions before Commencing Construction of Phase Improvements other than Site Preparation.

(a) Approvals. Developer has obtained: (i) approval of the Streetscape Master Plan in accordance with Section 3.5 (Streetscape Master Plan); (ii) the applicable Phase Approval; (iii) for any Park Parcel, approval of its Schematic Design Application in accordance with Section 13.6 (Schematic Design Review of Park Parcels); and (iv) all other required Regulatory Approvals, including Construction Permits, necessary to Commence Construction.

(b) Tentative Map. Developer has obtained Public Works' conditional approval of the Tentative Map for the Phase Area, entered into a Public Improvement Agreement with the City, provided all bonds required under the Subdivision Code, and Public Works' authorization to begin construction.

(c) Good Standing. Developer must not be in Material Breach or have received notice of a potential breach of this DDA.

(d) Security. Developer has provided Phase Security to the Port under Section 17.3 (Phase Security).

(e) Conditions for Benefit of the Port. The conditions in this Section are solely for the benefit of the Port. Only the Chief Harbor Engineer, in his sole discretion, may waive any of those conditions, and only to the extent waivable under law.

(f) Effect of Failure of Condition. Developer's failure to satisfy any condition described in this Section for one Phase will not alone: (i) be a failure of conditions for any other Phase unless the failure directly impedes the other Phase; (ii) relieve either Party of any obligations that previously arose under this DDA; or (iii) be a Material Breach except in conjunction with Developer's failure to meet an Outside Date for the Phase or Developer's abandonment of construction after notice and the opportunity to cure.

15.5. Regulatory Approvals.

(a) Requirement to Obtain. Developer understands that: (i) Site Preparation and construction of Horizontal Improvements will require Regulatory Approvals from other Regulatory Agencies to Commence Construction under this DDA; and (ii) none of the Port's Phase Approval, Schematic Design Application approval, or approval of any other aspect of Developer Construction Obligations in the Port's regulatory capacity is a guarantee that other Regulatory Agencies will grant required Regulatory Approvals.

(b) Cooperation. The Port will cooperate reasonably with Developer to obtain required Regulatory Approvals and will sign any application that the Port is required to sign as a co-applicant or co-permittee. Developer is not authorized to agree to any conditions or restrictions to a Regulatory Approval that would create any Port obligation not expressly stated under this DDA without the Port's approval in its sole discretion. The Port will not unreasonably withhold its approval for any condition or restriction for

DDA-107

which Developer has assumed all liability in such form as is reasonably satisfactory to the Port. The Port's obligation under this Subsection does not apply to any application for a Regulatory Approval that would require the Port to incur costs unless Developer agrees to reimburse the Port.

(c) City Regulatory Approvals. Developer and the City have entered into the Development Agreement, which will govern certain land use matters under the Planning Code, including Impact Fees and Exactions. The Port and Other City Agencies, with Developer's consent, have entered into the ICA specifying certain procedures and standards that will apply when Developer seeks certain Regulatory Approvals from the Port and Other City Agencies.

(d) Compliance. Developer is solely responsible for ensuring that the design and construction of the Horizontal Improvements comply with all applicable Project Requirements and Regulatory Requirements.

(e) Noncompliance. Developer and its consultants and contractors must pay any fines and penalties at their sole cost and perform any corrective actions imposed for noncompliance with any applicable Regulatory Requirement and indemnify the Port against any liability arising from such noncompliance, even if the Port is a co-permittee. Fines, penalties, and costs of corrective actions will not be reimbursable to Developer under the Financing Plan.

15.6. Deferred Infrastructure.

(a) Identification of Deferred Infrastructure Zones. The timely and efficient construction of Phase Improvements may require the construction of certain Deferred Infrastructure to be delayed until the adjacent Vertical Improvements are built. When Developer submits its Basis of Design Report under the ICA, it will identify Deferred Infrastructure as "not-in-permit"; provided, however, that final approval of the scope of Deferred Infrastructure remains subject to the approval of the applicable Permitting Agency under the ICA.

(b) Deferred Infrastructure Zones. To the extent known, Developer will identify "Deferred Infrastructure Zones" associated with the applicable Phase Improvements in each Phase Submittal and with each Basis of Design Report. The Deferred Infrastructure Zones consist of the following:

- (i) the area between back-of-curb and the adjacent Development Parcel boundary or the adjacent Public Space, as applicable;
- (ii) bands up to 40 feet along the outer boundaries of Public Spaces and Mid-Block Passages adjacent to Development Parcels and the entire portion of Market Square (OS-2) that will be built in the air parcel above Parcel D; and
- (iii) the area adjacent to Development Parcels for the installation of service infrastructure, including laterals, traps, air vents, clean-outs, meter boxes, irrigation facilities and associated pedestals, pull boxes, and secondary conduits.

(c) Construction of Deferred Infrastructure. Developer (or the applicable Vertical Developer under a Vertical DDA) will be obligated to construct the Deferred Infrastructure in accordance with the Project Requirements and Regulatory Requirements and the Schedule of Performance as it applies to Deferred Infrastructure.

15.7. SOP Compliance.

(a) Schedule of Performance Obligations. The Schedule of Performance sets forth different Outside Dates for Completion of (i) all Phase Improvements within a Phase other than Deferred Infrastructure, Public Spaces within Park Parcels for that Phase

and 20th Street; (ii) 20th Street; (iii) each work of Deferred Infrastructure (including Public Spaces within Deferred Infrastructure Zones), which may include Deferred Infrastructure that has been assigned to a Vertical Developer under a Vertical DDA or retained by Developer under a Vertical Coordination Agreement; (iv) all Public Spaces within Park Parcels within a Phase (not including Deferred Infrastructure); and (v) Substantial Completion of all Phase Improvements serving an Affordable Housing Parcel, whether located within or outside of its boundaries (as provided in *AHP* § 3.3(a) (*Required Improvements*)). Each of the foregoing categories are referenced in this Section as a “**Schedule of Performance Obligation**”. This Section sets forth the procedures for determining when Developer has met its Schedule of Performance Obligations for a Phase.

(b) Acceptance of Park Parcels and Components of Phase Infrastructure. The Port will be the City agency that will accept for liability and maintenance purposes the following (collectively, the “**Port Acceptance Items**”): (i) each Park Parcel when completed in accordance with all applicable Project Requirements and Regulatory Requirements (including Deferred Infrastructure associated with the Park Parcel), and (ii) full, complete, and functional Components of streets or other Phase Improvements to the extent that the Port has agreed to accept the same pursuant to the Acceptance and Maintenance Memorandum of Agreement entered into between the Port and Other City Agencies under *ICA* § 4.6 (Standards and Procedures for Acceptance) (the “**Acceptance MOA**”) (including Deferred Infrastructure associated with the Phase Improvement). The ICA addresses procedures and standards that will apply when Developer seeks certain Regulatory Approvals from the Port and Other City Agencies, including future acceptance of Phase Improvements other than the Port Acceptance Items. This Section also sets forth the procedures for determining when Developer has completed a Port Acceptance Item in accordance with all applicable Project Requirements and Regulatory Requirements, which in turn will trigger the Port Commission acceptance procedures in **Section 15.8** (Acceptance of Park Parcels and Phase Improvements).

(c) Request to Port.

(i) When Developer believes that it has constructed and completed a Schedule of Performance Obligation or a Port Acceptance Item in accordance with all applicable Project Requirements and Regulatory Requirements, it may submit to the Chief Harbor Engineer a request for a Determination of SOP Compliance. Developer’s request must include all of the documents listed in **DDA Exhibit B9** (the request, with all submitted materials, the “**SOP Compliance Request**”).

(ii) Unless the SOP Compliance Request relates to Deferred Infrastructure, the Chief Harbor Engineer will make an SOP Compliance Determination for the applicable Schedule of Performance Obligation or Port Acceptance Item without regard to Deferred Infrastructure.

(d) SOP Compliance Determination.

(i) The Chief Harbor Engineer will review the SOP Compliance Request and will consult with Other City Agencies as provided under the ICA to determine whether Developer has completed the Schedule of Performance Obligation or Port Acceptance Item in accordance with applicable Project Requirements and Regulatory Requirements for purposes of establishing Developer’s compliance with the Schedule of Performance. Under the ICA, each Other City Agency must respond within 30 days to the Chief Harbor Engineer with any comments, subject to a 14-day cure period for failure to respond within the 30-day period. In any event, the Chief Harbor Engineer will approve or

disapprove each SOP Compliance Request within 45 days after receiving Developer's complete SOP Compliance Request.

(ii) The Chief Harbor Engineer will grant an SOP Compliance Request by issuing a signed, acknowledged document in recordable form identifying the applicable Schedule of Performance Obligation that Developer has constructed and completed in accordance with all applicable Project Requirements and Regulatory Requirements ("SOP Compliance Determination"). The form of the SOP Compliance Determination is attached hereto as **Exhibit B9-1**.

(iii) If the Chief Harbor Engineer disapproves the SOP Compliance Request, he will respond in writing with a reasonably detailed description of the reasons for disapproval and measures necessary to address the deficiencies. Developer's resubmittal of an SOP Compliance Request will be subject to the same review and response periods.

(iv) If the Chief Harbor Engineer fails to issue the SOP Compliance Determination within 45 days after receiving Developer's complete SOP Compliance Request, Developer may deliver a notice to the Chief Harbor Engineer, clearly labelled, "*Action Required for Determination of SOP Compliance or Deemed Approval*," in accordance with *App ¶ 4.5 (Notices)* and **Section 20.1** (Notice Addresses) requesting issuance of the SOP Compliance Determination, accompanied by a proposed Memorandum of Deemed Approval in the form attached hereto as **DDA Exhibit B9-2** that will specify the applicable Schedule of Performance Obligation and Developer's satisfaction of all conditions for deemed approval. If the Chief Harbor Engineer or his nominee fails to respond within 15 days after the date such notice was delivered, the applicable SOP Compliance Request will be deemed approved for purposes of establishing Developer's compliance with the Schedule of Performance, and Developer may thereafter record the Memorandum of Deemed Approval.

(e) Effect of SOP Compliance Determination. An SOP Compliance Determination or deemed approval under **clause (iv) of Subsection 15.7(d)** (SOP Compliance Determination):

(i) will conclusively establish Developer's compliance with the Outside Date under the Schedule of Performance for the completion of each Schedule of Performance Obligation listed in the SOP Compliance Request; but

(ii) will not have any precedential effect for the purpose of the City's acceptance of Horizontal Improvements.

(f) Effect of Recordation. Developer may record in the Official Records each SOP Compliance Determination or, if applicable, a Memorandum of Deemed Approval under **clause (iv) of Subsection 15.7(d)** (SOP Compliance Determination). After a recordation, any person then owning or later purchasing, leasing, or otherwise acquiring any interest in the applicable Phase Area will not, solely by virtue of its interest or actual or constructive knowledge of the contents of this DDA, incur any obligation or liability under this DDA for failure to comply with the Schedule of Performance Obligations to which the recorded document applies.

(g) Timing of SOP Compliance Requests and Schedule of Performance. The Schedule of Performance includes Outside Dates by which Developer must obtain an SOP Compliance Determination for each applicable Schedule of Performance Obligation. Developer will not be in Material Breach for failure to meet the Outside Date for an SOP Compliance Determination if it has submitted a complete SOP Compliance Request for the applicable Schedule of Performance Obligation at least 45 days prior to the applicable

Outside Date, and, if subsequently disapproved, Developer is diligently curing any deficiencies identified by the Chief Harbor Engineer.

15.8. Acceptance of Park Parcels and Phase Improvements. All Port Acceptance Items are subject to Port Commission acceptance as described in this Section. Within 30 days after the Chief Harbor Engineer's issuance of an SOP Compliance Determination for any Port Acceptance Item, Port staff will place an item on the Port Commission's calendar in accordance with **Subsection 5.3(c)** (Port Commission Meetings). Port staff will prepare a staff memorandum to the Port Commission that will include the following: (i) a description of the Port Acceptance Item to be accepted; (ii) a finding that the applicable Port Acceptance Item is functional and is constructed in conformity with the Project Requirements and Regulatory Requirements; (iii) a list of any permitted encroachments, easements or title exceptions that the Port is willing to accept on terms agreed upon by the Parties prior to the Chief Harbor Engineer's issuance of an SOP Compliance Determination; (iv) a description of any Deferred Infrastructure associated with the Port Acceptance Item that will be constructed and accepted at a later time to avoid damage to the Port Acceptance Item, as previously approved by Port in accordance with the ICA; (v) any conditions of acceptance, including conditions related to existing sub-surface improvements as described in **Subsection 15.8(d)** (Sub-Surface Improvements Below Port Acceptance Items); and (vi) the Chief Harbor Engineer's recommendation that the Port Commission accept the applicable Port Acceptance Item on the following terms.

(a) Conformity Findings. The Port Commission must find that the applicable Port Acceptance Item described in the staff memorandum is functional and is constructed in conformity with the Project Requirements and Regulatory Requirements.

(b) Delegation for Deferred Infrastructure. Completion of the approved Deferred Infrastructure identified in the staff memorandum will not be a pre-requisite to Port Commission acceptance of a Port Acceptance Item, but the Port Commission will delegate to the Port Director or her designee the authority to accept at a later date, the approved Deferred Infrastructure associated with the applicable Port Acceptance Item once it is complete. The Port Commission resolution will specify any conditions to the actions delegated to the Port Director.

(c) Release and Acceptance. The Port Commission will authorize and direct the Port Director, or her designee, to promptly, but in no event later than 10 business days after satisfaction of all conditions required by the Port Commission for acceptance, if any, record a signed, acknowledged Partial Release of Master Lease under *ML § 1.1(b) (Adjustment of Premises for Development)* release from the Master Lease, the real property occupied by the accepted Port Acceptance Item. With respect to the approved Deferred Infrastructure associated with the applicable Port Acceptance Item accepted by the Port Director under **Section 15.8(b)** (Delegation for Deferred Infrastructure), the Port Director will sign and record a Partial Release of Master Lease under *ML § 1.1(b) (Adjustment of Premises for Development)* promptly, but in no event later than 10 business days after the later of (1) the Chief Harbor Engineer's issuance of an SOP Compliance Determination for the applicable approved Deferred Infrastructure, or (2) satisfaction of all conditions required by the Port Commission for acceptance of the Approved Deferred Infrastructure, if any. The Port Director will deliver a conformed copy of the recorded document to Developer promptly after recordation.

(d) Sub-Surface Improvements Below Port Acceptance Items. If a Port Acceptance Item or associated approved Deferred Infrastructure includes sub-surface improvements for which the City has not yet accepted ownership (e.g., completed but unaccepted combined sewer storage facilities that lie beneath a completed Park Parcel), a condition to Port's acceptance of the Port Acceptance Item or the associated approved Deferred Infrastructure will be the Developer entering into an agreement reasonably satisfactory to the Parties and the City prior to Port acceptance under which the Port

DDA-111

grants to Developer a right-of-entry for maintenance, repair and inspection purposes and Developer retains ownership and liability for the sub-surface improvements until such time as the sub-surface improvements are formally accepted by the City. The terms of the agreement will require Developer, among other things, to extend the applicable insurance coverages, indemnity and release provisions under the Master Lease to the subject property.

(e) Effect of Recordation. Recordation of the Partial Release of Master Lease under *ML § 1.1(b) (Adjustment of Premises for Development)* will:

- (i) transfer ownership of the accepted Port Acceptance Item or Deferred Infrastructure, as applicable, to the Port; and
- (ii) release Developer from future obligations for liability or repair of the accepted Port Acceptance Item or Deferred Infrastructure, as applicable, except to the extent provided under **Subsection 15.8(d)** (Sub-Surface Improvements Below Port Acceptance Items), **Section 9.3** (General Indemnity), **Section 9.4** (Environmental Indemnity), and applicable warranties.

15.9. Acceptance of Other Horizontal Improvements. The ICA provides for the City Agencies to meet and confer to consider other standards and procedures for acceptance of Horizontal Improvements, including Utility Infrastructure and, if desired, adopt procedures for acceptance of Horizontal Improvements. For any Horizontal Improvement that any City Agency accepts in accordance with applicable Regulatory Requirements, upon a City Agency's acceptance of a Horizontal Improvement, the Parties will record a Partial Release of Master Lease under *ML § 1.1(b) (Adjustment of Premises for Development)* unless the acceptance relates only to sub-surface improvements where the surface improvements have not been accepted, or vice versa, in which case, as a condition to the acceptance, Developer will be required to provide the accepting agency with access rights in accordance with the Master Lease, and warranties covering the accepted improvements for a period of time as specified in the conditions to acceptance and thereafter, under the applicable Public Improvement Agreement.

15.10. Maintenance of Horizontal Improvements.

(a) Port Facilities. Developer will be required to maintain Phase Improvements that will be under Port jurisdiction until the Port accepts the applicable Phase Improvement.

(b) Non-Port Facilities. Developer will be required to maintain all other Phase Improvements until the effective date of the Board of Supervisors acceptance action.

(c) Ongoing Maintenance Costs. Ongoing Maintenance Costs of accepted Phase Improvements will be paid by Services Special Taxes from the Pier 70 Leased Property CFD and the Pier 70 Condo Property CFD in accordance with *FP § 4.6 (Services Special Taxes)*.

15.11. Waterfront Park. The Port will not use the waterfront park for staging or other activities related to the demolition of Pier 64 to the extent that it would interfere with Developer's construction obligations.

16. INSURANCE

Developer will be required to obtain insurance in accordance with the Master Lease and any applicable License. As a part of each Phase Submittal, Developer may propose the form, amount, type, terms, and conditions of insurance coverages required of Developer in connection with the applicable Phase to the extent different from the insurance requirements provided under the Master Lease or License; provided, however, that the binding insurance requirements for the

Phase will be approved by the Port in consultation with the City's Risk Manager, consistent with the Master Lease or License.

17. SECURITY FOR PROJECT ACTIVITIES

17.1. Adequate Security Generally. Developer will provide to the Port Adequate Security as provided in this Article. As further described below, Adequate Security consists of (i) Loss Security for Developer Reimbursement Obligations, in accordance with the Loss Security requirements of **Section 17.2** (Loss Security); and (ii) Phase Security to secure Developer's obligation to construct the Public Spaces within the Park Parcels when required under the Schedule of Performance, deliver the Noonan Replacement Space and deliver the Affordable Housing Parcels, all in accordance with the Phase Security requirements of **Section 17.3** (Phase Security). Except as otherwise provided below for the Affordable Housing Parcels, this Adequate Security is separate from bonds that Developer will provide to the City under the Subdivision Code, but must meet the same requirements.

(a) **Multiple Adequate Security Instruments.** If Developer provides more than one instrument of Adequate Security, the instruments will not be cross-defaulted, and liability under each will be several and not joint, unless Developer requests otherwise with each Obligor's consent. The Port will have the right to proceed against all forms of Adequate Security securing the same obligation simultaneously or in any order that the Port elects in its sole discretion.

(b) **Substitution of Adequate Security.** Developer has the right to substitute at any time any portion of the Adequate Security that it has provided to the Port with another form of Adequate Security that meets the requirements under this Article.

(c) **Material Breach.** Except as specified in **Subsection 17.3** (Phase Security), Developer's failure to provide timely, or to cure its failure to provide and maintain or replenish, Adequate Security as required under this Article will be a Material Breach of this DDA under **Section 12.2** (Material Breaches by Developer). Immediately after such a Material Breach, Developer must: (i) take steps to preserve the existing condition of Improvements and other actions necessary to protect public health and safety; and (ii) suspend all other activities that were, or were to be, secured by the Adequate Security.

(d) **Costs of Adequate Security.**

(i) Developer's actual cost to provide any Adequate Security that is in the form of bonds or a cash equivalent provided by a third party will be a Soft Cost for which Developer will be entitled to the Developer Return under the Financing Plan.

(ii) Developer may not recover any imputed or actual cost to provide Adequate Security in the form of a Guaranty under which the Obligor is an Affiliate of Developer.

17.2. Loss Security. As a condition to each Phase Approval, Developer must provide to the Port and maintain Loss Security in the aggregate amount of \$5.5 million to secure the Developer Reimbursement Obligations for the applicable Phase, subject to the following conditions.

(a) **Delivery.** Developer must provide the Loss Security within 30 days after receiving Phase Approval. The Parties have agreed that Developer may provide the Loss Security in the form of Guaranty attached as **DDA Exhibit B12**. Each Loss Security instrument, including a Guaranty, must be issued by an Obligor that meets the Obligor Net Worth Requirement and be in a form approved by the Port Director.

(b) Delivery by Transferees. Before the effective date of a Transfer by Developer under **Article 6 (Transfers)**, either: (i) Developer and all Obligor's for Developer's Loss Security must confirm in a manner acceptable to the Port Director that Developer's Loss Security will continue to secure the Developer Reimbursement Obligations, whether retained by Developer or assumed by the Transferee; or (ii) the Transferee must provide to the Port new Loss Security that secures the Developer Reimbursement Obligations that the Transferee assumed and obtain the Port Director's approval of the new Loss Security.

(c) Condition to Transfer. As specified in **Article 6 (Transfers)**, the Port Commission's approval of any Transfer to an Unrelated Transferee is conditioned on the continued availability of Loss Security meeting the requirements of this Section. Failure to satisfy this condition will be a Material Default by Developer under **Article 12 (Material Breaches and Termination)**.

(d) Replenishment. If provided in the form of a bond or a cash equivalent, Developer must maintain and replace or replenish the Loss Security until the applicable Loss Security End Date, and payment or performance by the Obligor under any Loss Security will not reduce or eliminate the requirement for Loss Security meeting the requirements of this Section until the applicable Loss Security End Date. Accordingly, within 30 days after any payment or performance by an Obligor under its Loss Security, Developer or its Transferee, as applicable, must replenish the Loss Security to its previous level. Developer or its Transferee may satisfy this requirement by replacing the Loss Security or providing an amendment to the Loss Security from the Obligor that honored the claim meeting all of the requirements for the Loss Security under this DDA.

(e) Release. The Port will release the unused portion of any Loss Security and, on request, destroy or return the original instrument to Developer or Transferee on the first anniversary of the Loss Security End Date.

(f) Relationship to Phase Security. Developer Reimbursement Obligations are secured by Loss Security and not any other Adequate Security. The Port may demand payment and performance of Developer Reimbursement Obligations only under Loss Security.

17.3. Phase Security.

(a) Delivery. As a condition to Phase Approval, Developer must provide to the Port with each Phase Application an Obligor's irrevocable commitment certified by the Obligor's Chief Financial Officer to issue Phase Security in the Secured Amount required under **Subsection 17.3(c) (Park Parcels)** and **Subsection 17.3(d) (Noonan Replacement Space)** within the time frames specified.

(b) Affordable Housing Parcels. The Affordable Housing Plan requires the Developer to deliver the Affordable Housing Parcels meeting the requirements of *AHP § 3.3 (Developer's Obligations to Complete Infrastructure)*, which includes the Substantial Completion of all Phase Improvements serving the applicable Affordable Housing Parcel. Developer will provide Phase Security to secure the cost of such Phase Improvements in an amount determined in connection with the applicable Public Improvement Agreement for the relevant Phase Improvements. Improvement Bonds covering the Phase Improvements necessary to meet Developer's Affordable Housing Parcel obligations will be deemed to satisfy Developer's obligation under this Subsection, so long as Port is afforded available remedies as a signatory or beneficiary under the applicable Public Improvement Agreement to ensure that the Affordable Housing Parcel obligations are satisfied.

(c) Park Parcels. In connection with any Phase Submittal that includes a Park Parcel, Developer will provide an estimate of the Secured Amount to meet its performance and payment obligations to complete the Developer's Construction Obligations for the applicable Park Parcels within the Phase, which will be subject to the approval of the Port Director as part of the Phase Approval. The Port's issuance of the Construction Permit for a Park Parcel within the applicable Phase will be conditioned upon Developer's delivery of the Phase Security for the applicable Park Parcel.

(d) Noonan Replacement Space. To secure Developer's obligations to provide the Permanent Noonan Replacement Space, the Port's issuance of the first Construction Permit for (i) an office building on the eastern portion of Parcel B if Parcel B is developed as two separate parcels, or (ii) an office building on the entirety of Parcel B if Parcel B is developed as a single parcel, will be conditioned upon the Port's receipt of Phase Security for the Permanent Noonan Replacement Space, in the amount of \$13.5 million (the "**Noonan Phase Security**"). Notwithstanding the foregoing, if Parcel B is the Final Option Parcel within the 28-Acre Project Site that can accommodate the Noonan Permanent Replacement Space, then the Port's obligation to enter into a Vertical DDA for the eastern portion of Parcel B if Parcel B is developed as two separate parcels, or the entirety of Parcel B if Parcel B is developed as a single parcel, will be conditional upon the Port's receipt of the Noonan Phase Security.

(e) Form and Secured Amount.

(i) The Port will approve any Phase Security for the Park Parcels that conforms to the requirements of the Subdivision Code. Developer may propose other forms of Phase Security for the Park Parcels, which will be subject to the Port's approval as follows.

(1) The Port will decide whether to accept Phase Security in the form of a guaranty substantially similar to that of **DDA Exhibit B12** in its sole discretion.

(2) The Port will not unreasonably withhold its approval of other forms of Phase Security if the Port determines, in consultation with the Risk Manager, that the proposed form meets the Obligor Net Worth Requirement and otherwise is adequate to secure the applicable Developer Construction Obligations.

(ii) The Port will approve any Noonan Phase Security that is in the form of a Guaranty substantially similar to that of **DDA Exhibit B12**, a letter of credit, payment bond, certificate of deposit, or other form of security for the payment of cash reasonably acceptable to the Port.

(iii) Subject to **clause (iv)** of this Subsection, the secured amount of any Phase Security provided to the Port (the "**Secured Amount**") must have an aggregate liability no less than 100% of the costs determined in accordance with **Subsection 17.3(b)** (Affordable Housing Parcels), **Subsection 17.3(c)** (Park Parcels), or **Subsection 17.3(d)** (Noonan Replacement Space) as applicable.

(1) The secured amount for the Noonan Replacement Space will be \$13.5 million.

(2) With respect to the Park Parcels, Developer must provide security sufficient to pay for 100% of the costs to complete the applicable Public Space Improvements within the applicable Park Parcel, plus 50% of the costs of labor, materials, and goods needed to complete the Public Space Improvements within the applicable Park Parcel. Developer may satisfy the security requirement for costs of labor, materials, and goods

DDA-115

through a payment bond or other security instrument provided by its general contractor.

(iv) To the extent that the Phase Security for the Park Parcels secures the same obligations for which Developer has provided Improvement Bonds in accordance with the Subdivision Code, the Port will approve an appropriate reduction in the Secured Amount of the Phase Security under this DDA. In all cases, the sum of the payment and performance obligations that Developer provides under the Subdivision Code and the Phase Security combined must be no less than 100% of the Secured Amount as determined in accordance with clause (i) of this Subsection.

(f) Reduction, Return and Release

(i) Phase Security for the Noonan Replacement Space will be released upon the earliest to occur of the following:

(1) Upon the effective date of a Parcel Lease between the Port and a Vertical Developer Affiliate or a Master Arts Tenant that requires and accommodates the Permanent Noonan Replacement Space under Parcel E4 Option 1, Parcel E4 Option 2 or Parcel E4 Option 3; or

(2) The date that a TCO is issued for the Permanent Noonan Replacement Space designated or constructed in accordance with the applicable Noonan Replacement Space Election under Subsection 7.13(b) (Noonan Replacement Space Election).

(ii) Phase Security for the Park Parcels will be proportionately reduced when Developer has satisfied portions of its obligations for the Park Parcels to the extent approved by the Port or by the express terms of the Phase Security.

(iii) Phase Security for each Park Parcel will be fully released upon the Port's issuance of an SOP Compliance Determination under Subsection 15.7(d) (SOP Compliance Determination) for the applicable Port Acceptance Item or Phase, or by the express terms of the Phase Security.

(iv) After a release, upon request of Developer, the Port will promptly (and in any event within 30 days following such request) return to Developer the original Phase Security documents and, if requested by Developer or the applicable Obligor, provide a written confirmation of such release and return.

(v) If the Port terminates this DDA as to a Phase before the applicable release date specified above, the Port will release the Phase Security when the applicable Developer Construction Obligations that relate to the period before such termination are complete or, if applicable, as ordered by a final judgment.

17.4. Verification of Obligor Net Worth.

(a) Port Request.

(i) Documentation for each form of Adequate Security must require the Obligor to provide reasonably satisfactory evidence to the Port on request that the Obligor satisfies the Obligor Net Worth Requirement. The Port may direct its request to the Obligor or Developer from time to time, but not more than once in any year unless the Port reasonably believes that a Significant Adverse Change to Obligor has occurred.

(ii) In response to the Port's request, Developer or the Obligor must provide to the Port within 20 days after the Port's request a copy of a financial statement on the Obligor's financial condition prepared by a CPA. The report

DDA-116

must not be dated more than six months before the date of the Port's request and must include the CPA's unqualified opinion that the data in the financial statement are fairly stated in all material respects. In the alternative, an Obligor may satisfy the Obligor Net Worth Requirement by providing a Guaranty guaranteeing the Secured Amount from a different person that meets the Obligor Net Worth Requirement.

(iii) If the Obligor or Developer does not or is unable to provide the financial statement, Developer must deliver to the Port a new form of Adequate Security that satisfies the requirements of Section 17.1 (Adequate Security Generally) within the following 20 days.

(b) Effect of Significant Adverse Change. If a Significant Adverse Change to any Obligor occurs, Developer will notify the Port as soon as reasonably practicable. Within 20 days after the occurrence of the Significant Change to Obligor, Developer must deliver to the Port either: (i) evidence acceptable to the Port Director in her reasonable discretion that the Obligor has the financial capacity sufficient to satisfy both the judgment and the obligations secured by its Adequate Security; or (ii) a new form of Adequate Security that satisfies the Adequate Security Requirements from a replacement Obligor that satisfies the Obligor Net Worth Requirement.

18. LENDERS' RIGHTS

The provisions of this Article, together with similar provisions in the forms of the Master Lease and Parcel Lease, make up the Applicable Lender Protections.

18.1. Right to Encumber.

(a) Permitted Loans. Developer is expressly permitted to obtain one or more Permitted Loans from Permitted Lenders. As security for any Permitted Loan, Developer will have the right, at any time during the DDA Term and without Port consent, to grant one or more Permitted Liens to secure the Permitted Loans.

(b) Prohibited Loans. Developer is expressly prohibited from: (i) granting any liens on any real or personal property interest in or related to the 28-Acre Site to secure obligations other than the Developer Construction Obligations for the 28-Acre Site Project; or (ii) providing compensation or rights to any lender as consideration for matters unrelated to the 28-Acre Site Project.

(c) Loan Transfers. A Permitted Lender may transfer any part of its interest in a Permitted Loan and Permitted Lien without the prior consent of or notice to either Party.

18.2. Certain Assurances.

(a) Port Cooperation.

(i) The Port agrees to cooperate reasonably to confirm rights and obligations under the Applicable Lender Protections.

(ii) If requested by a Permitted Lender, the Port will enter into a separate agreement to implement this Article. But the Port will have no obligation to agree to any additional provisions that could, in the Port's sole judgment, adversely affect any of the Port's rights and remedies under this DDA. The Port Director's execution and delivery of an agreement under this Subsection will be conditioned on its prior receipt of payment for all costs incurred to review and negotiate the agreement. If paid by Developer, these costs will not be Soft Costs.

(b) Construction Loans. Developer must provide the Port with a conformed copy of any Permitted Lien that is recorded in the Official Records or filed with the California Secretary of State.

(c) Mezzanine Loans. Developer must provide the Port with the name of each Mezzanine Lender and the priority of its Permitted Lien, together with a copy of the Permitted Lien and other agreements describing the security for the Permitted Loan or granting foreclosure rights to the Mezzanine Lender. To protect confidential proprietary information, Developer may comply with this requirement by making the relevant documentation available for review by a Port representative during regular business hours at Developer's offices in San Francisco.

(d) Requests for Notice. The Port will not be required to recognize any Permitted Lender's rights unless Developer or the Permitted Lender has provided notice under *App* ¶ 4.5 (*Notices*) and **Section 20.1** (*Notice Addresses*) of each Permitted Lender's addresses for notice. The Port will be entitled to rely on any notice delivered in this manner until superseded by a later notice given in the same manner.

18.3. Lenders' Notice Rights.

(a) Delivery of Notices. The Port will deliver a copy of any notice given to Developer under **Article 11** (*Defaults*) or **Article 12** (*Material Breaches and Termination*) to each Permitted Lender at the notice address in a previously delivered request made under **Subsection 18.2(d)** (*Requests for Notice*). The Port will also deliver a notice of Developer's failure to cure any default or breach under **Article 11** (*Defaults*) or **Article 12** (*Material Breaches and Termination*) to each Permitted Lender at its notice address.

(b) Effect of Delayed Delivery of Notice. The Port's delay or failure to provide notice to a Permitted Lender under this Section will extend the Permitted Lender's cure period by the number of days the Port delayed before delivering notice.

(c) No Extension for Unknown Lenders. If the Port receives a request for notice from a Permitted Lender under **Subsection 18.2(d)** (*Requests for Notice*) after the Port has already delivered a notice to Developer under **Article 11** (*Defaults*) or **Article 12** (*Material Breaches and Termination*) or to any other Permitted Lender under **Subsection 18.3(a)** (*Delivery of Notices*), the request will not extend any of the time periods in this Article.

18.4. Lender Not Obligated to Construct. No Permitted Lender or Successor by Foreclosure will be obligated to perform the Developer Construction Obligations or provide any form of Adequate Security under this DDA. Nothing in this DDA may be construed to permit or authorize any Permitted Lender or any other person to devote any portion of the FC Project Area to any uses or to construct any Improvements inconsistent with the Project Requirements or Regulatory Requirements.

18.5. Right to Cure.

(a) Lender Election. Each Permitted Lender will have the right at its sole election to cure any Event of Default or Material Breach. The cure period for the Permitted Lender will be the same period as Developer's cure period, plus an additional: (i) 30 days to cure a monetary Event of Default or Material Breach; or (ii) 60 days to cure any other Event of Default or Material Breach that the Permitted Lender could cure without foreclosing on its Permitted Lien.

(b) Port Forbearance for Foreclosure. If an Event of Default or Material Breach is not cured within the cure period under **Subsection 18.5(a)** (*Lender Election*) or cannot be cured by the Permitted Lender without foreclosing on its Permitted Lien, the

Port will forbear from exercising its remedies and provide the Permitted Lender an extended cure period if, within the cure period under **Subsection 18.5(a)** (Lender Election):

(i) the Permitted Lender has a recorded or filed its Permitted Lien and given notice to the Port under *App* ¶ 4.5 (*Notices*) and **Section 20.1** (Notice Addresses) that the Permitted Lender intends to proceed with due diligence to complete a Lender Acquisition;

(ii) the Permitted Lender begins foreclosure proceedings within 60 days after delivering notice under **clause (i)** and diligently completes the Lender Acquisition; and

(iii) after becoming the Successor by Foreclosure, the Permitted Lender or its nominee diligently proceeds to cure any Event of Default or Material Breach for which the Port delivered notice to the Permitted Lender under **Subsection 18.3(a)** (Delivery of Notices) and the Permitted Lender gave to the Port under **clause (i)** of this Subsection.

(c) **Deemed Cure by Foreclosure.** No Permitted Lender will be required to cure any Event of Default or Material Breach that is personal to the Borrower, such as Borrower's Insolvency or failure to submit required information in the Borrower's possession. The Permitted Lender's completion of a Lender Acquisition to become a Successor by Foreclosure will be deemed to be a cure of any Event of Default or Material Breach that resulted in the Lender Acquisition.

(d) **Horizontal Improvements.** Although not obligated to do so, any Permitted Lender that becomes a Successor by Foreclosure may elect to perform the Developer Construction Obligations that were its Borrower's. If a Successor by Foreclosure affirms its intent to perform the Developer Construction Obligations, the Schedule of Performance will be extended to the extent required, in the Port's reasonable judgment, for the Successor by Foreclosure to perform the Developer Construction Obligations. If the Developer Construction Obligations for the applicable Phase have been constructed and completed in accordance with all applicable Project Requirements and Regulatory Requirements, the Successor by Foreclosure will be entitled to request and receive from Port an SOP Compliance Determination.

18.6. Obligations with Respect to the Property.

(a) **Relationship to DDA.** Except as set forth in this Article, no Permitted Lender will have any obligations or other liabilities under this DDA until it becomes a Successor by Foreclosure to the Foreclosed Property and expressly assumes its Borrower's rights and obligations under this DDA in writing. A Permitted Lender (or its designee) that becomes a Successor by Foreclosure to any Foreclosed Property will take title subject to all of the terms and conditions of this DDA to the extent applicable to the Foreclosed Property, including any Claims for payment or performance of obligations that are due as a condition to enjoying the benefits under this DDA after the Lender Acquisition is complete.

(b) **Relationship with the Port.** As of the date of the Permitted Lender's completion of a Lender Acquisition and assumption of Developer's rights and obligations under this DDA, the Port will recognize the Permitted Lender as Developer under this DDA.

(c) **Limitations on Liability.** **Subsection 5.6(c)** (No Personal Liability) will apply to any Successor by Foreclosure.

(d) Port Right to Terminate. The Port will have the right to terminate this DDA with respect to the Foreclosed Property if the Successor by Foreclosure does not agree to assume Developer's obligations relating to the Foreclosed Property in writing within 90 days after the date of the Lender Acquisition.

18.7. No Impairment of Permitted Lien. No default under this DDA by a Borrower will invalidate or defeat the Permitted Lien of any Permitted Lender. A breach of any obligation secured by any Permitted Lien will not defeat, diminish, render invalid or unenforceable, or otherwise impair Developer's rights or obligations or be, by itself, a default under this DDA.

18.8. Multiple Permitted Liens.

(a) Lien Priority Generally. If at any time there is more than one Permitted Lien against any real property interest securing a Permitted Loan to Developer, the Permitted Lien of the Permitted Lender prior in time to all others on that portion of the encumbered real property interest will be vested with the rights under this Article to the exclusion of the holder of any other Permitted Lien except to the extent that the Permitted Lender holding the junior Permitted Lien has obtained the consent of the Permitted Lender holding the senior Permitted Lien.

(b) Succeeding Rights. If the Permitted Lender holding the senior Permitted Lien fails to exercise the rights set forth in this Article, a Permitted Lender holding the junior Permitted Lien will succeed to the rights set forth in this Article only if:

(i) all Permitted Lenders holding the senior Permitted Liens have failed to exercise the rights set forth in this Article; and

(ii) the Permitted Lender holding the junior Permitted Lien seeking to exercise its rights has provided prior written notice to the Port under **Subsection 18.5(b)** (Port Forbearance for Foreclosure).

(c) No Extension after Failure to Act. No failure by the Permitted Lender holding the senior Permitted Lien to exercise its rights under this Article or delay in the response of any Permitted Lender to any notice by the Port will extend any cure period or Developer's or any Permitted Lender's rights under this Article.

(d) Port's Reliance on Title Report. For purposes of this Section, in the absence of a final order to the contrary that is served on the Port, a title report prepared by a reputable title company licensed to do business in California and having an office in San Francisco setting forth the order of priorities of Permitted Liens on real property interests in the 28-Acre Site may be relied upon by the Port as conclusive evidence of priority.

18.9. Cured Defaults. Upon a Permitted Lender's timely cure of any Event of Default or Material Breach under **Subsection 18.5** (Right to Cure), the Port's right to pursue any remedies for the cured Event of Default or Material Breach will terminate.

18.10. Estoppel Certificates. Each Party agrees to execute and deliver to the requesting Party and, if requested, any Permitted Lender or prospective Permitted Lender, within 20 days after a request is made, an estoppel certificate with regard to the following matters.

(a) Modification. The responding Party will state that this DDA: (i) is unmodified and in full force and effect; (ii) is in full force and effect with modifications specified in the estoppel certificate; or (iii) is not in full force and effect for reasons specified in the estoppel certificate.

(b) Defaults. The responding Party will state whether it is aware of any Event of Default or Material Breach or the occurrence of a potential breach by the other Party under this DDA and, if so, describe the event, Event of Default, or Material Breach.

19. PORT AND CITY COSTS

19.1. Generally.

(a) Reimbursement. Developer must pay the Port the sum of unreimbursed Port Costs and Other City Costs within 60 days after receipt of each Port Quarterly Report delivered accordance with *FP § 9.2(e) (Reporting)*. The Parties will meet and confer in good faith to resolve any disputes regarding a Port Quarterly Report. In addition to the other remedies provided in this DDA, the Port has the right to terminate or suspend any work under this DDA if Developer fails to pay the amount due, until the Port is paid in full.

(b) Interim Lease Revenues. Interim Lease Revenues generated after the Reference Date will be applied as Land Proceeds in accordance with *FP § 1.6(d) (Interim Lease Revenues)*.

(c) Unreimbursed Costs. To the extent that Developer does not pay or reimburse the Port for any Port Costs and Other City Costs when due under **Subsection 19.1(a) (Reimbursement)**, the Port will first attempt to recover the unpaid amounts from any available Land Proceeds or Public Financing Sources (to the extent permitted), plus the Port's costs of collection, plus interest at the annual rate of 10%, calculated from the date the payment from Developer was due until paid in full; compounded annually. If Project Payment Sources are not available, the Port will next make a claim on the Loss Security provided under **Article 17 (Security for Project Activities)**. If there remains any unreimbursed Port Costs after the foregoing, the Port may issue a notice to Developer under **Subsection 12.1(b) (Notice)** that its failure to cure will be a Material Breach under **Subsection 12.2(j) (Developer Reimbursement Obligations)**.

19.2. Payment of Costs. The following procedures will apply to any demand from one Party to the other Party for payment required under this DDA, including the defense, compromise, and resolution of an action, except as otherwise provided under this DDA.

(a) Demand. The Party seeking payment must deliver its demand for payment to the other Party together with proof of payment. The Party obligated to pay will have the right to engage a CPA to review the other Party's claimed costs, and the Party seeking payment must cooperate in providing information necessary for the review. The Party conducting the review will bear its own costs unless the review reveals that the other Party's costs are overstated by 5% or more, in which case, the amount of the reimbursement will be reduced by the amount of the review costs.

(b) Time for Payment. Except when other procedures are specified in this DDA, or during any period of review, the Party obligated to make payment must satisfy the payment demand within 30 days after receipt of the demand for payment.

20. MISCELLANEOUS PROVISIONS

20.1. Notice Addresses. Addresses for notice are listed below.

Port: Port of San Francisco
Pier 1
San Francisco, CA 94111
Att'n: Michael Martin, Director, Real Estate and
Development

Telephone: (415) 274-0400

20.2. Transaction Documents.

(a) Relationship to ENA and Master Lease. The ENA will terminate on the Reference Date. This DDA will control over any inconsistent terms in the Master Lease.

(b) Documents on Record with the Port. All exhibits and attachments to this DDA need not be recorded, but will be kept on file with the Port as amended or supplemented from time to time. In addition, the Proforma as of the Reference Date is on DDA-122

file with the Port, and the Port will keep on file each updated Proforma as approved by Developer and the Port. The Port Director and Developer will update or supplement the Schedule of Performance from time to time to reflect changes to the same as permitted in this DDA. All public records on file with the Port will be made available to members of the public in keeping with the Port's standard practices and public records laws.

(c) Brokers. Developer and the Port each represents to the other that it has not employed a broker or a finder in connection with the execution and delivery of this DDA, and agrees to indemnify the other from the claims of any broker or finder in relation to the 28-Acre Site Project.

20.3. Lien of Agreement.

(a) Recordation. The Parties agree that this DDA and certain exhibits, when fully executed, will be recorded in the Official Records because the obligations under this DDA and other documents to be recorded are covenants that attach to and run with Developer's interest in the 28-Acre Site under the Master Lease and this DDA.

(b) Partial Releases. Through the Escrow for each conveyance of a Development Parcel, the Port will cause the lien of this DDA to be released as to the Development Parcel being conveyed concurrently with the Close of Escrow for the Vertical DDA between the Port and the applicable Vertical Developer. But no partial release of the lien of this DDA will release the Developer Construction Obligations as to any other portion of the 28-Acre Site or of the Developer Reimbursement Obligations.

(c) Termination of Agreement. If this DDA is terminated, Developer or the Port may record a Notice of Termination as provided in **Subsection 12.7(c)** (Recorded Notice). Recordation of a Notice of Termination will terminate the lien of this DDA as to all portions of the FC Project Area affected by the notice except for provisions that expressly survive the expiration or termination.

20.4. Survival.

(a) Generally. Except as provided otherwise, termination or expiration of this DDA will not affect:

(i) rights and obligations in reference to Adequate Security for an obligation arising before termination or expiration;

(ii) any provision of this DDA or any other Transaction Document that expressly survives the expiration or termination of this DDA; or

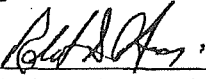

(iii) rights and obligations under the Financing Plan or the Acquisition Agreement to the extent related to an obligation arising before termination or expiration or that expressly survives the expiration or termination.

PART A: STANDARD PROVISIONS AND RULES OF INTERPRETATION

This Appendix is an integral part of all Transaction Documents for the 28-Acre Site Project and consists of:

- Part A: standard provisions and rules of interpretation.
- Part B: glossary of defined terms.

1. TRANSACTION DOCUMENTS.

1.1. Entire Agreement. The Transaction Documents collectively (including this Appendix and all preamble paragraphs, recitals, exhibits, schedules, other attachments, and Consents) contain all of the representations and warranties and the entire agreement, and supersede all prior correspondence, memoranda, agreements, warranties, and representations, between the Parties with respect to the matters they address. No prior drafts of any Transaction Document or changes from those drafts to the executed versions may be introduced as evidence in any litigation or other dispute resolution proceeding by any person, and no court or other body may consider those drafts in interpreting any Transaction Document.

1.2. Counterparts. The Transaction Documents may be executed in multiple counterparts, each of which will be deemed to be an original and that together will be one instrument. Parties may deliver their counterparts by electronic mail or other electronic means of transmission.

1.3. Exhibits and Schedules. This Appendix and each exhibit are a part of the Transaction Document to which they are attached or into which they are expressly incorporated by reference. Each schedule attached to a Transaction Document is provided for reference when implementing the Project. The Parties agree that this Appendix and all attachments may be revised from time to time by agreement based on changed circumstances and experience in the course of the Project. Each Party (including any applicable affected Transferee) will confirm its agreement by signing the revised document in counterparts, which will be deemed to be attached to each counterpart of the revised document and will supersede the document being revised.

1.4. Advance Writings Required.

(a) **Amendments and Waivers.** Any amendment or waiver of any provision of any Transaction Document must be in writing and signed on behalf of each Party by a person authorized to do so. Material modifications to Transaction Documents may require the approval of either or both the Port Commission and the Board of Supervisors, each of which may give or withhold approval in its sole discretion unless explicitly stated otherwise.

(b) **Approvals and Waivers.** Whenever a Party's approval or waiver is required: (i) the approval or waiver must be obtained in advance and in writing; and (ii) except as specified otherwise, the Party whose approval or waiver is sought must not unreasonably withhold, condition, or delay its approval or waiver, as applicable.

(c) **Specific Application.** A Party's waiver or consent in reference to another Party's performance of or any condition to its obligations under a Transaction Document will not be a waiver of or consent to any other performance or condition.

1.5. Technical Changes. The applicable Parties may correct any inadvertent error in any Transaction Document that is contrary to their mutual intention in the identification or characterization of or any reference to any title exception, legal description, boundaries of any parcel, map or drawing, or the text, or otherwise agree to minor changes that do not affect the delivery of Associated Public Benefits. Any agreed change will be effected by a signed memorandum or initialed replacement pages, neither of which will be deemed an amendment of a Transaction Document as long as any adjustments are relatively minor and do not result in a material change as determined by the Port in consultation with counsel. A change memorandum or replacement pages will become a part of the affected Transaction Document when fully executed or initialed.

1.6. Other Necessary Acts. Each Party will execute, acknowledge, and deliver to the other all other documents and take other actions that are reasonably necessary to implement, and provide each Party with all of its rights under any Transaction Document.

1.7. Enforceability. Developer and the Port each represents and warrants to the other that its execution and delivery of, and the performance of its obligations under, the Transaction Documents have been duly authorized by all necessary action, and will not conflict with, result in any violation of, or be a default under, any provision of any agreement or other instrument binding on or applicable to it, or any present law or court decree. If Developer signs as a corporation, limited liability company, or a partnership, each of the persons executing the Transaction Documents on behalf of Developer represents and warrants that Developer is a duly authorized and existing entity, that Developer has and is qualified to do business in California, that Developer has full right and authority to enter into the Transaction Documents, and that each of the persons signing on Developer's behalf is authorized to do so. At the Port's request, Developer must provide the Port with evidence satisfactory to the Port confirming these representations and warranties.

1.8. No Gift or Dedication. Unless explicitly stated otherwise, no Transaction Document will be deemed to be a gift or dedication of any portion of the 28-Acre Site to the general public, for the general public, or for any public use or purpose. Developer has the right to prevent or prohibit the use of any portion of the Project Site it owns or controls, including common areas and buildings and improvements, by any persons for any purpose inimical to the operation of a private, integrated mixed-use project as contemplated by the Transaction Documents.

2. PARTIES AND PERFORMANCE

2.1. Joint and Several Liability. If Developer consists of more than one person, then the obligations of each under any Transaction Document to which it is a Party will be joint and several, but in no event will any Developer be jointly and severally liable with any other Developer under any Transaction Document.

2.2. Performance Generally.

(a) Time.

(i) Time is of the essence in the performance of all of the terms and conditions of each Transaction Document.

(ii) Subject to this Paragraph, all required performance dates including cure deadlines, expire at 5:00 p.m. Pacific Standard or Daylight Savings Time, as applicable, on the stated date, unless extended under the Transaction Document under which performance is due. Any reference to a week, quarter, or month without reference to a specific day will mean the last day in the period.

(iii) If a Party must give notice or take any other action within a specified minimum number of days that would not fall on a business day, then the Party must take the action on the preceding business day. For example, if a Party is required to give at least five days' prior notice of an action and the fifth day before the desired action falls on a Sunday, the Party must give notice by the preceding business day.

(iv) In all other cases, if the last day of any period to take an action occurs on a day that is not a business day, then the last day for undertaking the action is extended to the next business day. For example, if a Party has 30 days to cure an Event of Default, and the 30th day is a Saturday, the Party would have until the next business day to effect the cure.

(b) Extensions of Time.

(i) Each Party to a Transaction Document, acting in its sole discretion, may agree to extend the date for the other Party's performance of any term, covenant, or condition, or the other Party's exercise of any rights under the Transaction Document,

without executing an amendment. A Party may impose reasonable conditions on an extension of the other Party's time to cure a default. No extension of time will release any of the obligations subject to the extension or waive the granting Party's rights in relation to any other term, covenant, or condition of or any other default in the performance or breach of the Transaction Document under which the extension is granted.

(ii) The Port Director may, in her sole discretion, authorize a proposed extension if the additional time requested is 10% or less of the specified period. For example, if the Schedule of Performance allowed Developer two years for the submittal of a Phase Application, then the Port Director could authorize an extension of up to 73 days (i.e., 730 days x 10%).

(iii) Any extension of time requiring Port Commission approval must be made by a resolution adopted at a public meeting. All other extensions will be made by a countersigned writing.

(c) No Deemed Approval or Consent Without Notice. Unless expressly and unequivocally stated in any Transaction Document or other agreement between the Parties, deemed approval or consent will only occur on the following conditions.

(i) The Party seeking consent must send notice by electronic mail, addressed to one or more line staff responsible for the specific matter for which consent is sought at least five, but no more than seven, business days before the response period has ended, stating in the subject line, "*Immediate Action Required To Avoid Deemed Consent*" or words to the same effect.

(ii) If the electronic mail notice under clause (i) is not delivered timely, the responding Party will not be deemed to have consented until the sixth business day after the notice is delivered. The response may be delivered by the addressee or other person authorized to act on the responding Party's behalf.

(d) Waivers. Unless otherwise specified in a Transaction Document, none of the following circumstances will waive an Aggrieved Party's rights or remedies with respect to an Event of Default or Material Breach, including its right to prosecute any actions it deems necessary to enforce its rights or remedies.

(i) Party's failure to give notice or delay in giving notice or asserting any of its rights or remedies as to an Event of Default or Material Breach will not waive or delay the date on which the Event of Default or Material Breach occurs.

(ii) A Party's waiver as to a specific Event of Default, Material Breach, right, or remedy will not be a waiver of any other Event of Default, Material Breach, right, or remedy.

(e) Responsibility for Costs. The Party on which any obligation is imposed in any Transaction Document will be solely responsible for paying all costs incurred in performing the obligation, unless specifically provided otherwise.

2.3. Successors. The Parties are entering into the Transaction Documents only for the protection and benefit of the Parties and their successors, subject to **DDA Art 6** (Transfers), **DDA Art 18** (Lenders' Rights), **DA Art 11** (Assignments; Lender Rights), and correlating provisions in any other Transaction Documents.

2.4. Third Party Beneficiaries. Developer is an explicitly recognized third-party beneficiary under the ICA and the Tax Allocation MOU. Transferees and Vertical Developers are third-party beneficiaries to the extent that they acquire development rights under the DDA. Interested Parties have rights as specified in the Applicable Lender Protections. No other persons have third-party rights under any Transaction Document.

2.5. No Limitation on Unrelated Rights. The rights and remedies under the Transaction Documents do not supersede or preclude any Party's exercise of its rights and remedies under other agreements and documents, or of the City, the Port, or any other Regulatory Agency to require compliance with any Regulatory Approval or other entitlement granted for the Project.

2.6. No Joint Venture or Partnership. Nothing in any Transaction Document to which Developer is a Party, or in any document Developer executes in connection with the Transaction Documents, will create a joint venture or partnership between the City and Developer or between the Port and Developer. Developer is not acting as the agent of the City or the Port, nor is the City or the Port acting as the agent of Developer or any Vertical Developer in any respect under any Transaction Document. Developer is not a state or governmental actor with respect to any of its activities under the Transaction Documents.

2.7. Survival. Except as provided otherwise, termination or expiration of the DDA or any other Transaction Document will not affect: (a) any obligation to indemnify under any Transaction Document; (b) any provision of any Transaction Document that expressly survives expiration or termination; (c) rights and obligations as to Adequate Security for an obligation arising before termination or expiration; or (d) rights and obligations under the Financing Plan or the Acquisition Agreement to the extent related to an obligation arising before termination or expiration of the DDA.

3. GOVERNING LAW.

3.1. Construction of Transaction Documents. The Transaction Documents are governed by and must be construed under the laws of the State of California and the Charter. All references in the Transaction Documents to local, regional, state, or federal laws means those laws as amended from time to time, except as limited by the Development Agreement or to the extent explicitly stated otherwise.

3.2. Countervailing Law. If any applicable state or federal law prevents or precludes compliance with any material provision of a Transaction Document, App ¶ A.4.3 (Severability) will apply. Alternatively, the Parties may agree to modify, amend, or suspend the affected Transaction Document to the extent necessary to comply with law in a manner that preserves to the greatest extent possible the intended benefits to the City, the Port, and Developer.

3.3. Good Faith and Fair Dealing. In all situations arising under the Transaction Documents, each Party must attempt to avoid and minimize the damages resulting from the other's conduct and take all reasonably necessary measures to implement the Transaction Documents. The Transaction Documents are subject to the covenant of good faith and fair dealing applicable to contracts under California law. Accordingly, Developer and the Port each covenants, on behalf of itself and its successors, to take all actions and to execute, with acknowledgment or affidavit if required, all documents necessary to achieve the objectives of the Transaction Documents to the extent consistent with applicable law.

4. ACTIONS.

4.1. Attorneys' Fees.

(a) Prevailing Party.

(i) Should any Party file an action permitted or required under any Transaction Document, the prevailing Party will be entitled to recover its reasonable costs, including attorneys' fees, plus interest at the maximum amount allowed under law, from the losing Party.

(ii) The ICA and the Tax Allocation MOU are specifically excepted from this prevailing party provision.

(b) Fee Schedules. For attorneys in the Office of the City Attorney, attorney fee rates will be based on the fees regularly charged by private attorneys with an equivalent number of years of professional experience (calculated by reference to earliest year of admission to the bar of any state) who practice in San Francisco in law firms with approximately the same number

of attorneys as employed by the Office of the City Attorney. For in-house counsel, attorney fee rates will be based on the same criteria, with amounts based on law firm rates where the office of in-house counsel is located.

4.2. Jurisdiction and Venue. All obligations under each Transaction Agreement are to be performed in the City and County of San Francisco. Each Party, by executing a Transaction Document, agrees that venue is proper in and consents to the jurisdiction of the Superior Court for the City and County of San Francisco.

4.3. Severability. Unless specifically provided otherwise, a final judgment invalidating any provision of any Transaction Document, or its application to any person, will not affect any other provision of the Transaction Document or its application to any other person or circumstance. All other provisions of the Transaction Document will continue in full force and effect, except to the extent that enforcement of the Transaction Document as affected by the final judgment would be unreasonable or grossly inequitable under all the circumstances or would frustrate a fundamental purpose of the Transaction Documents.

4.4. Limitations on Liability of the Parties.

(a) No Personal Liability of City Parties. Under no circumstances will any individual board member, director, commissioner, officer, employee, official, or agent of the City or the Port be personally liable to Developer for any Event of Default by a City Party or for any amount payable to a Developer Party under any Transaction Document.

(b) No Personal Liability of Developer Parties. Under no circumstances will any individual board member, director, officer, employee, official, partner, employee, or agent of Developer or any Affiliate of Developer be personally liable to any City Party for any Event of Default by a Developer Party or for any amount payable to a City Party under any Transaction Document. DA Successors are specifically recognized as Developer Parties for the purpose of this provision.

(c) No Consequential, Punitive, or Special Damages. Developer, the Port, and the City would not have entered into the Transaction Documents to which they are Parties if they could be liable for indirect or consequential, punitive, or special damages. Accordingly, Developer, the Port, and the City each waives any Claims against, and covenants not to sue, the other Party to any Transaction Document for indirect, consequential, punitive, or special damages, including loss of profit, loss of business opportunity, or damage to goodwill.

(d) No Effect on Other Rights. This Paragraph will not affect any Party's right to recover actual damages and attorneys' fees awarded by an Arbitrator's decision or a court's final judgment for a Claim arising from a Breaching Party's failure to: (i) pay any sum when due under any Transaction Document; or (ii) satisfy an indemnity under any Transaction Document. The right to enforce a final decision or judgment will not be limited by subparagraph (e) of this Paragraph.

(e) Project Payment Sources. Except as otherwise provided in any Transaction Document, Developer agrees that its rights to payment in the implementation of the Project are limited as follows.

(i) All obligations of the Port or the City arising out of or related to each Transaction Document are special and limited obligations of the Port and the City, as applicable. The Port's and the City's respective obligations to make payments to implement any Transaction Document are restricted strictly to Project Payment Sources described in the Financing Plan, and only to the extent those sources are available.

(ii) More specifically, in no event may Developer compel: (1) the City to use funds in or obligate the City's General Fund; or (2) the Port to use funds in or obligate the Port Harbor Fund except as described in the Financing Plan, in either case to reimburse Developer's Horizontal Development Costs, pay any other costs associated with the Project, or satisfy any Developer Claim under any Transaction Document.

(f) Liability of Others. Unless specifically provided otherwise, the Parties agree that no Agents of the Port or of the City or of their successors or assigns will be personally liable to Developer or any Vertical Developer, and no Agents of Developer or any Vertical Developer or of their successors or assigns will be personally liable to the Port or the City, for any default or breach or for any payment or performance that becomes due under any Transaction Document. This Subsection does not release or waive the obligations of any person with a direct legal obligation under applicable law, such as the general partner of a limited partnership or any Obligor providing Adequate Security for a specified obligation.

5. NOTICES.

5.1. **Manner of Delivery.** Unless otherwise specified in a Transaction Document, any notices (including notice of approval or disapproval, demands, waivers, and responses to any of them) required or permitted under any Transaction Document must be delivered by: (a) hand delivery; (b) first class United States mail, postage prepaid, return receipt requested; or (c) overnight delivery by a nationally recognized delivery service or the United States Postal Service, delivery charges prepaid.

5.2. **Required Information.** To be effective, a notice must be in writing or be accompanied by a cover letter that, to the extent applicable:

- (a) cites the section of the Transaction Document under which the notice is given;
- (b) indicates whether a response or other action is required and, if so, the period of time within which the recipient must respond or otherwise act;
- (c) for a potential breach, is prominently marked "*Notice of Default*" or "*Notice of Material Breach*," and specifies the cure period;
- (d) is clearly marked "*Request for Approval*" if approval is being requested;
- (e) if denying or objecting to a request for approval, states with particularity the reasons for the disapproval or objection; and
- (f) if explicitly permitted under the Transaction Document, states that failure to respond to the notice within the stated time period will be deemed to be the recipient's approval of the subject matter of the notice.

5.3. **Effective Date.** A notice will be deemed to be delivered and effective:

- (a) on the date personal delivery actually occurs;
 - (b) on the business day after the business day it is deposited for overnight delivery;
- or
- (c) on the date of actual delivery or on which delivery is refused as shown on the return receipt if mailed.

5.4. **Interested Persons.** Interested Persons may request copies of notices that the Port or the City delivers to Developer by providing notice to the Port or the City. Developer will have the sole responsibility for providing information to any Interested Person desiring notice. Neither the Port nor the City will incur liability for failure to provide notice to any Interested Person.

5.5. **Change of Address.** Notices must be delivered to the addresses for notice as specified in the Transaction Documents, unless superseded by a notice of a change in address for notices that is delivered in accordance with App ¶ A.5.1 (Manner of Delivery).

5.6. **Convenience Copies.** Except as explicitly permitted under specific circumstances, a Party must not give notice by facsimile or electronic mail, but any Party may deliver a copy of a notice by facsimile or electronic mail as a courtesy or for convenience. The effective date of a notice will not be affected by delivery of a convenience copy by facsimile or electronic mail.

6. PAYMENT DEMANDS.

6.1. Application. The following procedures will apply to any demand from one Party to the other Party for payment whenever payment procedures are not specified in the Transaction Document under which demand is made. Examples where this Section will not apply are Payment Requests submitted under the Acquisition and Requisitions submitted under the Financing Plan.

6.2. Demand. The Party seeking payment must deliver its demand for payment to the other Party together with proof of payment. The Party obligated to pay will have the right to engage a CPA to review the other Party's claimed costs, and the Party seeking payment must cooperate in providing information necessary for the review. The Party conducting the review will bear its own costs unless the review reveals that the other Party's costs are overstated by 5% or more, in which case, the amount of the reimbursement will be reduced by the amount of the review costs.

6.3. Time for Payment. Except when other procedures are specified in a Transaction Document, or during any period of review or dispute resolution, the Party obligated to make payment must satisfy the payment demand within 30 days after receipt of the demand for payment.

7. USAGE GUIDELINES FOR DEFINED TERMS.

7.1. Definitions in Glossary.

(a) The glossary in **Appendix Part B** contains the definitions for terms used in the primary Transaction Documents, or specifies where terms are defined.

(b) When the glossary identifies a Transaction Document that defines a term and includes a definition, the definition in the Transaction Document will govern over any inconsistency with the definition in the glossary.

7.2. Capitalization. Defined terms that are not capitalized in this Appendix are not capitalized when used in the Transaction Documents.

7.3. Correlating Terms Included. Each defined term must be interpreted to encompass all correlating plural and singular nouns, verb tenses and forms, adjectives, adverbs, and other forms of the term. The following examples of the application of definitions to correlating terms are illustrative only and are not intended to limit the application of the examples used or the meaning of this Paragraph.

- "Assign" applies to "Assignment," "Assignee," "Assignor," and "Assigned."
- "Begin construction" applies to "began to construct," "beginning construction," and "has begun to construct."
- "Indemnify" applies to "indemnity," "indemnification," and "indemnitor."
- "substantial completion" applies to "Substantially Complete."
- "Third party" applies to "third-party" and "third parties."
- "Waive" applies to "waiver," "waivers," "waived," and "waiving."

7.4. Definitional Context. In some instances, defined terms apply only to certain circumstances or may have different meanings in different contexts. In those instances, the definition will be identified as specific to a situation. The following examples are illustrative only and are not intended to limit the application of the examples used or the meaning of this Paragraph.

- "final completion" and "substantial completion" as used in reference to Horizontal Improvements and Vertical Improvements incorporate conditions specific to each type of Improvement.
- The "Parties" to one Transaction Document may be different from the "Parties" to another Transaction Document.

8. INCONSISTENT PROVISIONS.

8.1. General Rule. Developer and the City Parties intend for any Transaction Document addressing specific rights and obligations to prevail over any inconsistent provisions in any other any Transaction Document for the Project. This general rule will apply to the primary Transaction Document as amended from time to time, whether or not the amendment is reflected in the Appendix.

8.2. Examples. The following examples are illustrative only and are not intended to limit the application of the examples used or the meaning of this Paragraph.

- Financing provisions in the Financing Plan will prevail over conflicting provisions regarding Project Payment Sources in any other Transaction Document that is not specific to a Project Payment Source.
- The RMA will prevail over conflicting provisions in any other Transaction Document, including the Financing Plan, with respect to rates and methods of assessing Mello-Roos Taxes.
- An RMA amendment revising the definition of "Tax-Exempt Parcel" will prevail over an inconsistent definition in this Appendix as applied to the levy of Mello-Roos Taxes.
- Review periods for Improvement Plans in the ICA will prevail over conflicting review periods in any other Transaction Document.

9. HEADINGS AND REFERENCES.

9.1. Headings. The headings preceding the articles, sections, and other parts of each Transaction Document and in the applicable table of contents have been inserted for convenience of reference only and must be disregarded in the construction and interpretation of the Transaction Documents.

9.2. References Generally. Any reference to a provision "in the [Transaction Document]," "herein," "hereof," or similar terms will be deemed to refer to any reasonably related provisions of the Transaction Document in which the reference appears in the context of the reference, unless the reference refers solely to a specific provision of the Transaction Document.

9.3. Within Transaction Documents.

(a) Unless otherwise specified, whenever a Transaction Document, including all exhibits, schedules, and attachments, refers to the table of contents or any article, section, exhibit, attachment, or defined term, the reference is deemed to refer to the article, section, exhibit, attachment, or defined term of the Transaction Document or the referenced exhibit or attachment and all of the subsections, subparagraphs, clauses, exhibits, and attachments.

(b) The word "this" when used to refer to any document, article, section, paragraph, clause, or other distinct provision in a document means the referenced document or provision. For example, "this Paragraph" means App ¶ 9.3, and "this subparagraph" means App ¶ 9.3(b).

9.4. To Other Documents. Unless otherwise specified, all references to a Transaction Document or a specific exhibit, attachment, schedule, supplement, Consent, addendum, or other document attached or deemed attached to a Transaction Document means the entire document as amended, replaced, supplemented, clarified, corrected, or superseded at any time while any obligations under the Transaction Document are outstanding.

10. ATTRIBUTED AND DELEGATED ACTS AND OBLIGATIONS.

10.1. Delegated Actions. References in any Transaction Document to a Party's acts or omissions mean acts or omissions by the Party and its Agents unless the context requires or specifically stated otherwise.

10.2. Transferred Obligations. References in any Transaction Document to a Party's obligations also mean the Party's obligation to ensure that its successors, Agents, and Transferees comply with all applicable obligations.

10.3. Successor Public Bodies. References to any public body acting in its regulatory or proprietary capacity also mean the named body or any successor public body designated by or under law to act in the same capacity.

10.4. Successor Public Officials. References to elected and appointed officials of public bodies also mean their duly appointed or elected, as applicable, successors to the extent authorized to

act in the same capacity, and designees to the extent authorized to take specific actions on behalf of the named officials.

11. TRANSFERRED RIGHTS.

All references to Developer in a Transaction Document pertaining to any right under that Transaction Document also mean a Transferee to the extent set forth in an Assignment and Assumption Agreement in form and content consistent with **DDA Art 6 (Transfers)**.

12. RECITALS.

Recitals are included to provide context for the Parties' agreement as set forth in the Transaction Document in which they appear and are not binding with respect to the Parties' rights and obligations. If the recitals conflict with other provisions of the Transaction Document, the other provisions will prevail.

13. WORDS OF INCLUSION.

The words "including," "such as," or similar terms when following any general term must not be construed to limit the term to the specific terms that follow, whether or not followed by language of non-limitation, such as "without limitation," "including, but not limited to," or similar words, but will be deemed to refer to all other items or matters that could reasonably fall within the broadest possible scope of the term and to be followed by the phrase "without limitation" or "but not limited to."

14. GENDER AND NUMBER.

Wherever the context requires, gender-specific and gender-neutral references are deemed to include the masculine, feminine, and gender-neutral, and references to the singular are deemed to include the plural and vice versa.

15. NUMERALS.

For purposes of calculations under any Transaction Document, fractions will not be rounded up or down. A numeral will prevail over any conflicting spelled out number.

16. TIME PERIODS.

16.1. Calendar Periods. References to days, months, quarters, and years mean calendar days, months, quarters, and years unless otherwise specified.

16.2. Business Days. References to a business day means a day other than a Saturday, Sunday, or a holiday recognized by the City. A business day begins at 8 a.m. and ends at 5 p.m., Pacific Standard Time or Pacific Daylight Savings Time, whichever is in effect on the date in question.

17. STATUTORY REFERENCES.

References to specific code sections mean San Francisco Municipal Ordinances unless otherwise specified or required by context. References to any law mean the law as in effect on the Reference Date and as amended at the time in question, unless specifically stated otherwise.

18. NO PARTY DRAFTER.

The Transaction Documents have been negotiated at arm's length between persons sophisticated and knowledgeable in the matters addressed. In addition, each Party has been represented by experienced and knowledgeable legal counsel, or has had the opportunity to consult with counsel. Accordingly, the provisions of the Transaction Documents must be construed as a whole according to their common meaning to achieve the Parties' intent and purpose, without any presumption (under Cal. Civ. Code §§ 1649, 1654, or otherwise) against the Party responsible for drafting any part of any Transaction Document.

PART B: GLOSSARY OF DEFINED TERMS

This glossary is provided to assist in understanding and interpreting the Transaction Documents and will never override the provisions in any Transaction Document. Defined terms that are not capitalized in this glossary are not capitalized when used in the Transaction Documents.

"4% LIHTC" means tax credits available for affordable housing development under the Tax Code.

"20th/Illinois Parcel" means a parcel within Pier 70 bounded by 20th Street on the north, the Hoedown Yard on the south, Illinois Street on the west, and the 28-Acre Site on the east, which the Port will merge with a portion of Michigan Street then subdivide to create Parcel K North and Parcel K South, separated by 21st Street.

"20th/Illinois Plaza" means a Public Space adjacent to Parcel K North that the Vertical Developer of Parcel K North will be obligated to build.

"20th/Illinois Plaza offset" means the estimated cost to construct that is deemed to have been deducted from Parcel K North Proceeds, subject to true-up under **FP § 3.1(c)** (20th/Illinois Plaza).

"20th Street" means the area within Pier 70 that the Port has parcel leased to Historic Pier 70, LLC, with the same boundaries as Sub-Project Area G-1 and the 20th Street CFD.

"20th Street CFD" means a CFD that the City has agreed to establish to finance Ongoing Maintenance Costs of 20th Street Maintained Facilities.

"20th Street Maintained Facilities" means the following improvements, for which Ongoing Maintenance Costs will be paid by Services Special Taxes levied on Taxable Parcels in the 20th Street CFD:

- (i) Public Spaces in the 20th Street CFD;
- (ii) Public ROWs in the 20th Street CFD;
- (iii) other Public Spaces outside of the FC Project Area and the Illinois Street Parcels;
- (iv) other Public ROWs in Pier 70 north of 20th Street and outside of the Illinois Street Parcels; and
- (v) costs for Shoreline Protection Facilities north of 20th Street.

"28-Acre Site" is an approximately 28-acre area located in the southeast corner of Pier 70 with the legal description and site plan shown in **DDA Exh A1** (Legal Description), **DDA Exh A2** (Site Plan), and **DA Exh A** (Legal Description and Site Plan).

"28-Acre Site Affordable Housing Fee" means the Project-specific Impact Fee imposed on Market-Rate Condo Projects under **AHP § 6.2** (Market-Rate Condo Projects).

"28-Acre Site Louisiana Parcel" is defined in **DDA § 15.1(d)** (Louisiana Parcel Improvements).

"28-Acre Site Jobs/Housing Equivalency Fee" means the Impact Fee defined in **DA § 5.4(b)** (Impact Fees and Exactions) that Vertical Developers of non-residential property will pay in lieu of the Jobs/Housing Linkage Fee payable under Planning Code sections 413.1-413.11.

"28-Acre Site Project" means the development of the 28-Acre Site in accordance with the DDA, subject to the DA Requirements.

"30% Commercial Trigger" means, for purposes of **DDA § 4.5** (Down Market Delay Procedures), that commercial-office use occupies 30% or more of the total gsf of market-rate residential and commercial use approved in a Phase Approval (excluding commercial-office use on Flex Parcels, and affordable housing, parking, retail, restaurant, and arts/light-industrial uses).

"100-year flood" means a flood having a 1% chance of occurrence in a given year.

"AA" is an acronym for the Acquisition Agreement.

"AA Allocation" means the allocation of Horizontal Development Costs for Horizontal Improvements requested by a Payment Request to specific Horizontal Improvements or Components.

"AB 418" means Assembly Bill 418 (stats. 2011, ch. 477).

"accept" means an Acquiring Agency's or the Board of Supervisors' final actions to accept any Horizontal Improvement for public ownership.

"Acceptance MOA" means the Acceptance and Maintenance Memorandum of Agreement that the Port will enter into with Other City Agencies regarding completed Horizontal Improvements.

"Acquiring Agency" means the City Agency (the Port, SFPUC, or Public Works) that will acquire Horizontal Improvements in accordance with the Transaction Documents and Existing City Laws and Standards.

"Acquisition Agreement" means the Acquisition and Reimbursement Agreement between Developer and the Port in the form of **FP Exh A** that lists Horizontal Improvements that Acquiring Agencies will purchase from Developer, establishes the Acquisition Prices of Horizontal Improvements, and provides forms and procedures for Developer to request inspection of and payment for Horizontal Improvements.

"Acquisition Price" means the amount that the Port will pay Developer on behalf of Acquiring Agencies to purchase Horizontal Improvements under the Acquisition Agreement, which will be the sum of the Horizontal Development Costs incurred for Horizontal Improvements and accrued Developer Return on the date of payment.

"Acquisition Cost Update" means one or more updates to the Phase Improvements, Components, and the preliminary Horizontal Development Cost estimates for Horizontal Improvements listed in **AA Exh B** that Developer submits to the Port for Phase Improvements.

"action" when used in reference to any Claim or Loss means any administrative, judicial, quasi-judicial, or nonjudicial proceeding, including any alternative dispute resolution proceeding, and includes any complaint, cross-complaint, counterclaim, bankruptcy case, adversary proceeding, and appeal.

"actual damages" means the exact amount of any sum due and owing, together with interest until paid and all costs of collection.

"Adequate Security" means all Phase Security and Loss Security that Developer provides to the Port under the DDA:

- (i) to secure the faithful performance or payment, or both, of the obligations secured thereby under **DDA Art 17** (Security for Project Activities);
- (ii) issued by a person that meets the Obligor Net Worth Requirement and is approved by the Port Director;
- (iii) limiting the Obligor's liability to the Secured Amount plus the Port's costs of enforcement; and
- (iv) that is in form and substance proposed by Developer and approved by the Port Director, including but not limited to a Guaranty, bonds, letters of credit, certificates of deposit or any other form that provides reasonable assurances regarding the obligations secured thereby. Any Adequate Security required by the Subdivision Code in connection with a final subdivision map shall conform to the requirements of the Subdivision Code.

"Adequate Security Requirements" means Developer's obligations under **DDA Art 17** (Security for Project Activities).

"Administrative Delay" means an Excusable Delay caused when:

- (i) a Regulatory Agency fails to act on a Developer request or application within a reasonable time under its standard practices or as otherwise specified in the ICA, the Development Agreement, or the DDA;
- (ii) an appeal body or court determines that a Regulatory Agency's act or failure to act on an application was improper following a challenge by Developer or a Vertical Developer Affiliate; or
- (iii) the Port delays or fails to execute and deliver a Vertical DDA or Parcel Lease to the applicable Vertical Developer after it has proffered the partially executed agreement substantially in the form attached to the DDA.

"Administrative Delay" excludes any delay caused by Developer's failure to meet any Outside Date due to its failure to submit timely all required and requested information supporting a request or application.

"Administrative Fee" means:

- (i) a City fee imposed citywide or portwide in effect and payable when a developer submits an application for any Regulatory Approval, intended to cover only the estimated actual costs to the City or the Port of processing the application, addressing any related hearings or other actions, and inspecting work under the Regulatory Approval; and
- (ii) the amount that Developer or a Vertical Developer must pay to the City or the Port under any Transaction Document to reimburse the City or the Port for its administrative costs in processing applications for any Regulatory Approvals required under the Project Requirements.

"Administrative Fee" excludes:

- (1) any Impact Fee or Exaction;
- (2) Port Costs; and
- (3) Other City Costs.

"ad valorem tax" means a tax levied on a real property interest based on its assessed value, subject to the limitations of section 1 of article XIII A of the California Constitution.

"Advance" means a loan that the Port makes to the Pier 70 CFDs under FP Art 7 (Port Advances).

"Advance of Land Proceeds" means a loan of Land Proceeds that the Port makes to the Pier 70 CFDs under FP Art 7 (Port Advances).

"Advance of Land Proceeds Account" means the segregated account in the Mello-Roos Improvement Fund or the Tax Increment Fund that the Port establishes with the Special Fund Trustee to receive, hold, and disburse Allocated Tax Increment or Facilities Special Taxes, as applicable, to pay the Pier 70 CFDs' obligations under Promissory Note-LP.

"Affiliate" when used in reference to a specified person, means any other person that directly or through intermediaries Controls, is Controlled by, or is under Common Control with the specified person.

"affordable housing" means rental or ownership housing affordable to persons of low and moderate income, as described in the Affordable Housing Plan.

"Affordable Housing Cost" when used in reference to a BMR Unit or an Inclusionary Unit means a monthly rental charge (including the applicable Utility Allowance but excluding Parking Charges) that does not exceed 30% of the maximum Area Median Income permitted for the applicable type of Residential Unit, based on Household Size.

"Affordable Housing Developer" means a qualified developer selected by MOHCD to develop an Affordable Housing Parcel.

"Affordable Housing Fees" means Impact Fees paid in lieu of providing onsite Inclusionary Units under Planning Code sections 415.1-415.11.

"Affordable Housing Fund" means the segregated account that the Port establishes with the Special Fund Trustee to receive, administer, and disburse Housing Tax Increment.

"Affordable Housing Parcel" means a Development Parcel on which 100% affordable housing might be constructed under the Affordable Housing Plan, anticipated to be Parcel C1B, Parcel C2A, and Parcel K South.

"Affordable Housing Parcel Completion Date" means the date on which Developer has satisfied the requirements of AHP § 3.3(a) (Required Improvements); subject to AHP § 3.4 (Developer's Reimbursement Option).

"Affordable Housing Plan" means DDA Exh B3, which sets forth certain requirements for BMR Units, Inclusionary Units, and Condo Units in the AHP Housing Area.

"Affordable Housing Project" means the building that an Affordable Housing Developer builds on an Affordable Housing Parcel in which 100% of the Residential Units are BMR Units, with the exception of the manager's unit.

"Affordable Self Storage Site" means the premises under the lease between the Port and Affordable Self Storage, Inc., depicted in ML Exh A-2.

"Agent" means any officer, director, employee, legal or other authorized representative, attorney, or contractor of any person and any of their respective Agents.

"Aggrieved Party" means the Party alleging that a Breaching Party has committed an Event of Default or is in Material Breach under the terms of a Transaction Document.

"agree" means an accord, mutual consent, or binding decision reached by two or more persons.

"agree" excludes any unilateral decision.

"AHP" is an acronym for the Affordable Housing Plan (DDA Exh B3).

"AHP Deferred Infrastructure" means Horizontal Improvements, primarily consisting of Utility Infrastructure, Public ROWs, and other Improvements installed between the edge of a Public ROW and the boundary of an Affordable Housing Parcel, such as sidewalks and curb cuts, street lights, furnishings and landscaping, and utility boxes and laterals serving the parcel, that Affordable Housing Developers may be required to construct under an agreement with MOHCD.

"AHP Housing Area" means the area subject to the Affordable Housing Plan, consisting of the 28-Acre Site and Parcel K South.

"Allocated" when modifying any reference to Housing Tax Increment, Mello-Roos Taxes, or Tax Increment means the portion of the applicable taxes that the City collects from the financing district that the City has agreed to allocate to the financing district for uses approved in the related formation proceedings or financing plans.

"Allocation Period" for purposes of DDA Exh A5 means the period ending on October 17 each year.

"allonge" means a document that is affixed to and is a part of a negotiable instrument.

"Allowed Developer Return" means Developer Return on Developer Capital up to the Interest Cost Limitation.

"Allowed Return" means Allowed Developer Return or Allowed Return on Port Capital, or both, as appropriate in the context.

"Allowed Return on Port Capital" means Return on Port Capital up to the Interest Cost Limitation.

"ALTA" is an acronym for the American Land Title Association.

"**Amendment Action**" means a discretionary action to approve a termination by agreement or amendment, supplement, or addition to any of the Transaction Documents or Project Requirements.

"AMI" means Area Median Income.

"Annual" when modifying any reference to Housing Tax Increment, Mello-Roos Taxes, or Tax Increment means the amount that the Port receives, as the agent of a financing district, in a City Fiscal Year.

"**Annual Ground Rent**" means ground rent for an Option Parcel that is payable to the Port in annual installments over the Parcel Lease term as provided in **FP § 3.7(b)** (Hybrid Lease).

"**Annual Port Budget**" means the amount of Port Costs and Other City Costs that the Parties agree will be charged against the 28-Acre Site Project in any City Fiscal Year covering any part of the DDA Term.

"**Annual Review**" means the periodic review under **DA Art 8** (Periodic Compliance Review) of Developer's compliance with the Development Agreement, as required under section 65865.1 of the Development Agreement Statute and Administrative Code section 56.17.

"**Annual Review Date**" means the date established by Administrative Code section 56.17 by which the Annual Review must begin, subject to **DA § 8.1(c)** (Planning Director's Discretion).

"App" and "Appendix" mean this Appendix.

"**Appendix G-1**" means the infrastructure financing plan for Sub-Project Area G-1 that the Board of Supervisors approved by Ordinance No. 27-16, which is attached as Appendix G-1 to the IFD Financing Plan.

"**Appendix G-2**" means the Project-specific infrastructure financing plan for Sub-Project Area G-2, Sub-Project Area G-3, and Sub-Project Area G-4 that the Port has submitted to the Board of Supervisors for approval, which will be attached as Appendix G-2 to the IFD Financing Plan when approved.

"**Applicable Law**" means, individually or collectively, any law that applies to development, use, or occupancy of or conditions at the FC Project Area.

"**Applicable Lender Protections**" means provisions of **DDA Art 18** (Lenders' Rights), **VDDA Art 16** (Financing; Rights of Lenders), and **PL Art 40** (Mortgages) that protect the rights of Permitted Lenders making loans to Borrowers to finance Improvements at the FC Project Area.

"**Applicable Port Laws**" means the Burton Act as amended by AB 418, the statutory trust imposed by the Burton Act, Charter Appendix B, and the common law public trust for navigation, commerce, and fisheries.

"**Appraisal Instructions**" means directions to Qualified Appraisers substantially in the form of **DDA Exh D4**.

"**Appraisal Notice**" means a notice from Developer to the Port initiating the appraisal process for an Option Parcel under **DDA § 7.3** (Option Parcel Appraisals).

"**Approved Arbitrators Pool**" means **DDA Sch 1**, as revised under **DDA § 10.1** (Arbitrators).

"**Approved Payment**" means any or all of the final Entitlement Cost Statement, Approved Payment Request, or Approved Requisition, as appropriate in the context.

"**Approved Payment Request**" means a Payment Request in the form of **AA Exh C** for Horizontal Development Costs of Horizontal Improvements that the Chief Harbor Engineer has approved or is deemed to have approved under **AA § 4.2(c)** (Deemed Approval).

"Approved Requisition" means a Requisition in the form of **FP Exh B** for Horizontal Development Costs (other than for Horizontal Improvements) that the Port Director has approved under **FP § 2.2(b)** (Requisitions).

"Arbitration Start Date" means the date on which a selected Arbitrator confirms in writing to the Parties that the Arbitrator is available and willing to serve.

"Arbitrator" means the neutral party who will preside over any arbitration proceeding regarding a Transaction Document.

"Architect" means the licensed architect of record for any Improvements.

"Architect's Certificate" means a certificate signed by the Architect verifying that a Vertical Developer has completed the specified Vertical Improvement under the Construction Documents.

"Area Median Income" when used in reference to Inclusionary Units and BMR Units means the current unadjusted median income for the San Francisco area as published by HUD, adjusted solely for Household Size. If HUD ceases to publish the AMI data for San Francisco for 18 months or more, MOHCD and Developer will make good faith efforts to agree on other publicly available and credible substitute data for AMI.

"Army Corps" means the Army Corps of Engineers.

"Artist Transition Plan" means a transition plan for the Noonan Tenants prepared in accordance with **DDA § 7.13(c)** (Artist Transition Plan).

"Arts Building" means a new building on Parcel E4 with space dedicated and restricted to arts/light industrial uses in accordance with **DDA § 7.12** (Arts Building) and the Arts Program, which may include the Noonan Replacement Space.

"Arts Building Account" means the segregated account in the Facilities Special Tax Fund that the Port will establish with the Special Fund Trustee to receive, administer, and disburse Arts Building Special Taxes as specified in the Financing Plan.

"Arts Building Costs" means all reasonable and customary hard and soft costs to build the Arts Building.

"Arts Building Funding" means Arts Building Proceeds that the Port will provide to fund the Arts Building if conditions in **DDA § 7.12** (Arts Building) are met.

"Arts Building Proceeds" means the Arts Building Special Taxes and any Mello-Roos Bond Proceeds secured by the Arts Building Special Taxes, which may be used in accordance with **DDA § 7.12** (Arts Building) to finance:

- (i) the Noonan Replacement Space;
- (ii) the Arts Building provided certain conditions are met as set forth in the Financing Plan; and
- (iii) community facilities provided the CF Conditions are met; or
- (iv) a public building on Parcel E4.

"Arts Building Schedule" means a schedule that Developer maintains to account for the application of funds to the Arts Building Funding.

"Arts Building Special Taxes" means Improvement Special Taxes that are levied to finance the Noonan Replacement Space and, under certain conditions, the Arts Building Funding and the community facilities in accordance with the RMA for:

- (i) the Pier 70 Leased Property CFD; or
- (ii) the Pier 70 Condo CFD.

"Arts Master Tenant" means a master tenant of the Arts Building that meets the qualifications set forth in DDA § 7.12(h) (Arts Master Tenant Qualifications).

"Arts Program" means the eligible uses and arts tenant qualifications for the Arts Building, which are described in DDA Exh B6.

"As-Built Drawings" means Permit Set drawings and specifications of Improvements in their final form and as-built field documents prepared during the course of construction.

"Assessed Parcel" means a Taxable Parcel that meets all four of the following conditions:

- (i) one or more buildings have been constructed or rehabilitated on the Taxable Parcel for which the Port has issued a TCO;
- (ii) the buildings have been finally assessed;
- (iii) the Assessor has levied ad valorem taxes on the Taxable Parcel; and
- (iv) at least one year of ad valorem taxes levied under clause (iii) have been paid.

"Assessed Parcel Credit Report" means a report that the CFD Administrator will prepare for the Treasurer-Tax Collector that specifies the amount of the Facilities Special Tax Credit to be applied to Assessed Parcels.

"Assessment Shortfall" means the positive difference between:

- (i) the amount of property taxes that would have been levied on a Taxable Parcel by application of the ad valorem tax on its Baseline Assessed Value, as escalated to the date of determination by annual increases and reassessment following a transfer; and
- (ii) the amount of property taxes actually levied on the Taxable Parcel after Reassessment.

"Assessor" means the Assessor-Recorder of the City and County of San Francisco.

"Assignment" means to assign, convey, or otherwise transfer any part of the assigning party's interest in the DDA as permitted under an Assignment and Assumption Agreement.

"Assignment and Assumption Agreement" means an agreement in the form of DDA Exh D8 or in a form otherwise mutually acceptable to the Parties.

"Associated Public Benefits" means the Developer Construction Obligations identified as Associated Public Benefits in the Schedule of Performance and Public Benefit Costs.

"attorneys' fees" means reasonable attorneys' fees and related costs incurred in an action or as otherwise indicated in the DDA, including all costs of litigation, such as fees and related costs of attorneys, consultants, testing, and experts, litigation costs of the action, and costs for document copying, exhibit preparation, carriers, postage, and communications.

"Available Credit Tax Increment" means:

- (i) Project Tax Increment on deposit with the Special Fund Trustee that is available to pay Special Debt Service on Mello-Roos Bonds, as determined under FP § 6.5(h) (Application of Tax Increment to Special Debt Service); or
- (ii) the sum of Project Tax Increment and Port Tax Increment from Historic Building 12 or Historic Building 21 on deposit with the Special Fund Trustee that is available to pay Special Debt Service on Mello-Roos Bonds issued to finance the applicable Historic Building Feasibility Gap, as determined under FP § 6.5(h) (Application of Tax Increment to Special Debt Service) and FP § 11.1(b) (Application of HB Tax Increment to Special Debt Service).

"AWSS" means the City's auxiliary water supply system.

"base flood" means a 100-year flood.

"Baseline Assessed Value" means the final assessed value of a Taxable Parcel in the SUD after the Chief Harbor Engineer issues the related Temporary Certificate of Occupancy or Final Certificate of Occupancy.

"Basis of Design Report" means a type of Improvement Plan for Horizontal Improvements that will be generally in the form of ICA Att B.

"BCDC" is an acronym for the San Francisco Bay Conservation and Development Commission.

"BMR Credit" means a credit equal to the number of BMR Units anticipated to be developed on each Affordable Housing Parcel in a Phase for purposes of calculating the Interim Affordable Percentage. BMR Credit will be given for an Affordable Housing Parcel only on the applicable Affordable Housing Parcel Completion Date. Unless the Parties agree otherwise, Parcel C1B will have 142 BMR Credits, Parcel C2A will have 105 BMR Credits, and Parcel K South will have 80 BMR Credits.

"BMR Unit" as defined in the Affordable Housing Plan means a below-market-rate Residential Unit constructed in an Affordable Housing Project.

"BMR Unit" excludes Inclusionary Units.

"Board of Supervisors" means the legislative branch of the City and County of San Francisco with all powers and authority granted under the Charter and state law.

"Bona Fide Institutional Lender" means any one or more of the following, whether acting in its own interest and capacity or in an agency or a fiduciary capacity for one or more persons, none of which need be Bona Fide Institutional Lenders:

- (i) a savings bank, a savings and loan association, a commercial bank or trust company or branch thereof, an insurance company, a licensed California finance lender, any agency or instrumentality of the United States government or any state or city governmental authority, a real estate investment trust, a religious, educational or charitable institution, an employees' welfare, benefit, pension or retirement fund or system, an investment banking, merchant banking or brokerage firm, or any entity directly or indirectly sponsored or managed by any of the foregoing, or other lender, all of which, at the time a Permitted Lien is recorded in favor of such entity, owns or manages assets of at least \$500 million in the aggregate or the equivalent in foreign currency; or
- (ii) an Affiliate of an entity described in clause (i).

"Bond Counsel" means an attorney or firm of attorneys with experience in public finance matters that has been engaged by the City or the Port.

"Bond Proceeds" means proceeds of any Bonds that are available for disbursement after funding the costs of issuance, capitalized interest, reserves, and any other amounts specified in the applicable Indenture.

"Bonds" means any bonds or other forms of indebtedness secured and payable by one or more of Housing Tax Increment, Mello-Roos Taxes, or Tax Increment issued on behalf of any financing district, to implement the Financing Documents.

"Books and Records" means books and records that Developer and the Port will prepare and maintain under FP § 9.5 (Books and Records).

"Borrower" when used in reference to a Permitted Lien means:

- (i) Developer;
- (ii) a Vertical Developer;

- (iii) a permitted Transferee with rights and obligations under the DDA directly or through a Vertical DDA or an Assignment or Assumption Agreement or both; or
- (iv) a person that holds a direct or indirect Controlling Interest in any of the above.

"Breaching Party" means a Party alleged to have committed an Event of Default or to be in Material Breach under the DDA.

"Building 11" means the structure in Pier 70 that currently houses the Noonan Tenants.

"Building 11 Relocation Plan" is defined in DDA § Section 7.23(a) (Potential Relocation of Building 11).

"Building 11 Site" means the site of Building 11 and certain adjacent areas as depicted in ML Exh A-2.

"Building 21 Site" means the site of Historic Building 21 and certain adjacent common areas depicted in ML Exh A-2.

"Burton Act" means Assembly Bill 190 (stats. 1968, ch. 1333), authorizing the State to grant tidelands and submerged lands comprising San Francisco Harbor to San Francisco under the management and control of the Port Commission.

"Capital Costs" means the sum of Horizontal Development Costs funded by Developer Capital (as reflected in the Developer Capital Schedule), Port Capital (as reflected in the Port Capital Schedule), plus accrued Developer Return or Return on Port Capital, as applicable, on the date of determination.

"Capital Improvements Account" means a subaccount of the Facilities Special Tax Fund of the Special Fund Trust Account that the Pier 70 CFDs will establish, as described in the Financing Plan.

"cash" means United States currency delivered in legal tender or other forms of immediately available funds.

"CEQA" is an acronym for the California Environmental Quality Act (Cal. Pub. Res. Code §§ 21000-21189.3).

"CEQA Findings" means findings adopted under CEQA Laws in connection with the Project Approvals.

"CEQA Guidelines" means the California Guidelines for Implementation of CEQA (Cal. Admin. Code §§ 15000-15387).

"CEQA Laws" means CEQA, the CEQA Guidelines, and the CEQA Procedures.

"CEQA Procedures" means Administrative Code chapter 31.

"CF Conditions" means all of the following:

- (i) no Third-Party Challenge is pending;
- (ii) the City has approved the location and conditions of the community facilities;
- (iii) the funding for the community facility will be administered by the City or a City Agency; and
- (iv) the community facility receives a building permit.

"CF Election" means the Port's notice that the City will accept Developer's proffer of Community Facility Space under clause (i) of DDA § 7.19(c) (Exercise of Right).

"CFD" is an acronym for a community facilities district or a special tax district formed under CFD Law and, when preceded by a name, means the real property in any CFD in the SUD. References to a CFD also mean the district itself and any area within it designated as a Zone, if required by the context.

"CFD Administrative Costs" means the proportionate share of reasonable costs that the Port, as CFD Agent for each CFD in the SUD, actually incurs and pays for:

- (i) services of any Indenture Trustee (including its counsel) for any Bonds that the City issues for any CFD described in the Financing Plan;
- (ii) marketing or remarketing Bonds; and
- (iii) all other reasonable administrative services provided by the Port, any CFD Administrator, the City, the Special Fund Trustee, and any other third-party professionals necessary for the Port to perform its duties under the DDA, the Tax Allocation MOU, the Special Fund Administration Agreement, and each RMA.

"CFD Administrator" means a special tax consultant or any other person that the Director of Public Finance or the Port Director, as applicable, designates to administer Mello-Roos Taxes from any CFD according to the applicable RMAs.

"CFD Agent" means the Port, acting on behalf of each CFD.

"CFD Formation Proceedings" means, with respect to each CFD, the proceedings taken by the Board of Supervisors to form the CFD.

"CFD Goals" means the *Local Goals and Policies for Community Facilities Districts*, approved by Board of Supervisors Resolution No. 387-09 on October 6, 2009, as amended from time to time solely to the extent required under CFD Law or other controlling state or federal law.

"CFD Improvements" means Horizontal Improvements financed by Mello-Roos Bond Proceeds and Improvement Special Taxes.

"CFD Law" means the San Francisco Special Tax Financing Law (Admin. Code ch. 43, art. X), which incorporates the Mello-Roos Community Facilities Act of 1982 (Cal. Gov't Code §§ 53311-53368).

"CFD Report" means the annual report that a CFD must file with the Treasurer-Tax Collector under CFD Law.

"Change to Existing City Laws and Standards" means any change to Existing City Laws and Standards or other laws, plans, or policies adopted by the City or the Port or by voter initiative... after the DA Ordinance Effective Date that would conflict with the Project Approvals, the Transaction Documents, or Applicable Port Laws as specified in DA § 5.3 (Changes to Existing City Laws and Standards).

"Change to Existing City Laws and Standards" excludes regulations, plans, and policies that change only procedural requirements of Existing City Laws and Standards.

"Chapter 56" means Administrative Code chapter 56, which the Board of Supervisors adopted under the Development Agreement Statute.

"Charter" means the Charter of the City and County of San Francisco adopted on November 7, 1995, as amended and in effect on the Reference Date.

"Chief Harbor Engineer" means the Port's Deputy Director, Engineering, or his designee.

"City" means the City and County of San Francisco, California, a municipal corporation organized as a charter city under the California Constitution.

"City Agency" means any public body or an individual authorized to act on behalf of the City in its municipal capacity, including the Board of Supervisors or any City commission, department, bureau, division, office, or other subdivision, and officials and staff to whom authority is delegated, on matters within the City Agency's jurisdiction.

"City Delay Notice" means a notice from Planning to the Port that the City has reasonably determined that delaying office development at the 28-Acre Site is necessary to allow the City to balance its

planning objectives for Pending Projects elsewhere in the City under procedures described in DDA Exh A5.

"City Engineer" means the person designated by the Director of Public Works under the Administrative Code.

"City Fiscal Year" means the period beginning on July 1 of any year and ending on the following June 30.

"City General Fund" means San Francisco's general operating fund, into which taxes are deposited, excluding dedicated revenue sources for certain municipal services, capital projects, and debt service.

"City Law" means any City ordinance or Port code provision and implementing regulations and policies governing zoning, subdivisions and subdivision design, land use, rate of development, density, building size, public improvements and dedications, construction standards, new construction and use, design standards, permit restrictions, development impacts, terms and conditions of occupancy, and environmental guidelines or review at the FC Project Area, including, as applicable:

- (i) the Waterfront Plan and the Design for Development;
- (ii) the Construction Codes, applicable provisions of the Planning Code, including Planning Code section 249.79 and Zoning Maps, the Subdivision Code, and the General Plan,
- (iii) local Environmental Laws and the City's Health Code; and
- (iv) the Other City Requirements (DDA Exh A7).

"City Party" means the City, including the Port and Other City Agencies, and their respective Agents, including commissioners, supervisors, and other elected and appointed officials.

"City Share of Tax Increment" means 64.59% of Gross Tax Increment on the Reference Date.

"citywide" means all real property within the territorial limits of San Francisco, not including any property owned or controlled by the United States or the State that is exempt from City Law.

"Claim" means a demand made in an action or in anticipation of an action for money, mandamus, or any other relief available at law or in equity for a Loss arising directly or indirectly from acts or omissions occurring in relation to the 28-Acre Site Project or at the 28-Acre Site during the DDA Term.

"Claim" excludes any demand made to an insurer under an insurance policy or to an Obligor of Adequate Security.

"Close of Escrow," "Close Escrow," "Close," and "Closing" mean that all conditions to a Port conveyance of a Development Parcel have been satisfied or waived and actions required to effect the conveyance are complete.

"Closing Date" means Developer's projected date to Close Escrow on the Master Lease under DDA § 8.5(b) (Closing Deliveries).

"Closing Deadline," means the date that is 90 days before the Outside Date for Commencement of Construction of the Phase 1 Improvements, as set forth in the Schedule of Performance.

"CLTA" is an acronym for the California Land Title Association.

"Commence Construction" means the start of substantial physical construction as part of a sustained and continuous construction plan.

"Commercial Parcel" means a Development Parcel on which office and other nonresidential uses are permitted in the SUD, excluding the Public Use Parcels.

"Commercial Test Parcel" means an Option Parcel that is selected under **DDA § 4.5(a)** (Timing) to determine whether a Down Market Delay has occurred with respect to commercial-office use.

"Common Control" means that two persons are both Controlled by the same other Person.

"Community Benefits Costs" means Arts Building Funding and costs of Community Facilities Space and Noonan Replacement Space funded by Developer Capital, plus accrued Developer Return.

"Community Facility Space" means space that the City may sublease for community facilities under **DDA § 7.19(a)** (Right to Sublease).

"Completed Affordable Housing Parcel" means an Affordable Housing Parcel for which Developer has satisfied the requirements of **AHP § 3.3(a)** (Required Improvements).

"Completed Residential Unit" means a Residential Unit in the AHP Housing Area for which the Port has issued a TCO.

"Component" as defined in the CFD Law means:

- (i) for a Horizontal Improvement with an estimated cost of over \$1 million, a discrete portion or phase that may be financed whether or not the Component is capable of serviceable use; or
- (ii) for a Horizontal Improvement with an estimated cost of \$1 million or less, a discrete portion or phase that may be financed when the Component is capable of serviceable use.

"Condo Transfer Fee" means a fee payable to the Port at the Close of Escrow for any Condo Unit owner's sale of 50% or more of the ownership interests in the Condo Unit.

"Condo Unit" means a Residential Unit that is intended to be offered for sale in fee for individual ownership, which will be treated as a Taxable Parcel in the Financing Documents.

"Consent" means Developer's or a City Agency's consent to the Transaction Document to which the Consent is attached.

"Consolidated Response Date" means three days after the date on which the Port receives comments from all Other City Agencies under **ICA § 4.4(h)** (Delivery of Compiled Comments).

"Construction Codes" means the Port Building Code and all Municipal Codes regulating construction of new Improvements and alteration or rehabilitation of existing Improvements, including the International Building Code and the California Building Code to the extent incorporated and as modified by the Port Commission or the Board of Supervisors.

"Construction Document" means any Improvement Plan or Master Utilities Plan submitted to the Port or the City in accordance with the ICA or the DDA.

"Construction Permit" means:

- (i) for Horizontal Improvements, any permit that Developer must obtain from the Port or Other City Agencies before Commencement of Construction at the 28-Acre Site; and
- (ii) for Vertical Improvements, building permits or site permits and addenda.

"Control" of an entity means that a person holds any of the following:

- (i) ownership of more than 50% of the entity's equity interests;
- (ii) the right to dictate its major decisions, subject to customary rights of non-controlling partners or members; or
- (iii) the right to appoint 50% or more of its managers or directors.

"Controller" means the Controller of the City and County of San Francisco.

"Controlling Interest" means the interest held by a person with the power to Control an entity.

"convey" means to transfer an interest in real property by Parcel Lease, deed, or other instrument.

"conveyance agreement" means a Vertical DDA, Parcel Lease, grant deed, quitclaim deed, or any implementing documents (such as recorded covenants) used to convey Development Parcels to Vertical Developers under the DDA.

"Costa-Hawkins Act" means the Costa-Hawkins Rental Housing Act (Cal. Civ. Code §§ 1954.50-1954.535).

"costs" means actual and reasonable expenses, fees, and other charges directly arising from or relating to the matter giving rise to a right to payment.

"CPA" is an acronym for an independent certified public accounting firm approved by the Port and Developer or Obligor, if applicable.

"CPI" is an acronym for the Consumer Price Index for All Urban Consumers in the San Francisco-Oakland-San Jose region (base period 1982-1984=100) that the United States Department of Labor, Bureau of Labor Statistics, publishes in February, April, June, August, October, and December of each year. If the index is changed after the Reference Date to use a different base year, CPI will be calculated using the published conversion factor. If publication is discontinued and not replaced, the Parties will confer to reach agreement on a substitute measure.

"CPI (Residential)" means the portion of the CPI for the "Housing" expenditure category only.

"Credit Bid" means a Vertical Developer Affiliate's deemed payment of Land Proceeds to the Port, subject to the limitations and conditions of FP § 3.3 (Right to Credit Bid) and FP § 3.4 (Amount of Credit Bid) or the act of paying by the deemed payment when used as a verb.

"Credit Bid Determination Date" means 15 days before Developer exercises an Option on an Option Parcel.

"Cumulative IRR" means Developer's cumulative internal rate of return calculated through the date of determination.

"Current Assessed Value" means a Taxable Parcel's Baseline Assessed Value as escalated or reassessed on the date of determination.

"Current Parcel" means an Assessed Parcel for which no delinquencies exist under the most recent ad valorem tax bill.

"Current Phase" means the Phase of the 28-Acre Site Project during which an event or determination occurs.

"CWAG" means the Port of San Francisco's Central Waterfront Advisory Group.

"DA" is an acronym for the Development Agreement.

"DA Laws" as defined in DA Recital F means the Development Agreement Statute, Chapter 56, and the DA Ordinance.

"DA Ordinance" means Ordinance No. 224-17 adopting the Development Agreement, incorporating by reference the CEQA Findings, public trust findings, and General Plan Consistency Findings for the 28-Acre Site Project, waiving specified provisions of the Municipal Code, and authorizing the Planning Director to execute the Development Agreement on behalf of the City.

"DA Ordinance Effective Date" as defined in DA § 2.1 (Effective Date) means December 15, 2017.

"DA Requirements" as defined in DA § 5.2(a) (Agreement to Follow) means:

- (i) Project Approvals;
- (ii) the Transaction Documents; and

- (iii) all Existing City Laws and Standards, subject to DA § 5.3 (Changes to Existing City Laws and Standards).

"DA Successor" as defined in DA § 10.1 (Successors' Rights) means Vertical Developers and Developer's and Vertical Developers' successors.

"DA Term" means the term of the Development Agreement, which applies separately to horizontal development and vertical development, as described in DA § 2.2 (DA Term).

"DBI" is an acronym for the City's Department of Building Inspection.

"DDA" is an acronym for the Disposition and Development Agreement between the Port and Developer specifying the terms and conditions for Developer's master development of the 28-Acre Site.

"DDA Term" means the period beginning on the Reference Date and ending when the DDA expires by its own terms or by early termination.

"debt" means, when required by the context, financial obligations as defined in section 53395.1 and section 53395.8(c)(4) of the IFD Law.

"debt service" means the principal and interest payable on Bonds under an Indenture.

"debt service" excludes capitalized interest and any other amounts that are funded from gross bond proceeds for the payment of debt service before net bond proceeds are available for disbursement under an Indenture when used in reference to payments to be funded with Mello-Roos Taxes or Tax Increment in any year, or other capital requirements of the debt such as funding and replenishment of reserves, administrative costs, and coverage ratios.

"defend" when used in reference to a Claim means the defense, compromise, or other resolution of the Claim in or outside of an action.

"Deferred Infrastructure" means the Horizontal Improvements included with the Permit Set approved in compliance with all Applicable Laws that may be constructed, completed, and accepted in connection with the associated Vertical Improvements but separate from the rest of the other Horizontal Improvements approved in the Permit Set, but only upon agreement and approval by the Permitting Agency and an Acquiring Agency and in compliance with all Applicable Laws. Any approved Deferred Infrastructure other than Public Spaces in Park Parcels must be constructed and completed no later than the associated Vertical Improvements. Any approved Deferred Infrastructure for Public Spaces in Park Parcels will be completed no later than the applicable Outside Date for Completion in the Schedule of Performance.

"Deferred Infrastructure" excludes utility improvements and fixtures customarily installed as part of a Vertical Improvement.

"Deferred Infrastructure Zone" as defined and further described in DDA § 15.6(b) (Deferred Infrastructure Zones) means areas in which Deferred Infrastructure will be constructed, as identified by Developer in each Phase Submittal and Basis of Design Report.

"Design Advisory Committee" means a Port Director-appointed committee composed of qualified design professional to make design recommendations to the Port Commission on Schematic Design Applications under DDA § 13.6(d) (Review of Complete Applications).

"Design for Development" means the Pier 70 Design for Development that the Port Commission and the Planning Commission approved by Resolution No. 17-45 and Motion No. 19980, respectively.

"Developed Property" means, in any City Fiscal Year, Taxable Parcels that are categorized as such in the RMA for the Pier 70 CFD in which the parcels are located.

"Developer" means FC Pier 70, LLC, a Delaware limited liability company, together with its permitted successors and assigns.

"Developer Audit" means a financial review performed by a CPA on behalf of Developer under FP § 9.4(b) (Developer Audit).

"Developer Balance" means the sum of Developer's unreimbursed Horizontal Development Costs up to the date of determination as shown on the Developer Capital Schedule, plus accrued and unpaid Developer Return.

"Developer Balance" excludes vertical development costs, the Arts Building Funding, and the Historic Building Feasibility Gap.

"Developer Capital" means funds expended by Developer under the Financing Plan on Horizontal Development Costs.

"Developer Capital Schedule" means an accounting schedule that Developer maintains that shows:

- (i) the expenditures and reimbursements of Developer Capital; and
- (ii) accrued and unpaid Developer Return, for all Phases of the 28-Acre Site Project individually and in the aggregate, which will be used to determine the Developer Balance at any given time.

"Developer Closing Costs" means the Escrow costs customarily assigned to a real estate buyer or ground lessee, such as escrow and all associated fees, title insurance premiums and endorsement charges, transfer taxes, ad valorem taxes and assessments, if any, prorated as of the applicable Closing Date.

"Developer Construction Obligations" means Developer's duty under the DDA to perform or provide, in accordance with applicable Project Requirements and Regulatory Requirements, for:

- (i) construction of the Horizontal Improvements for Phase 1, which is a nontransferable obligation under DDA § 6.1 (Transfer Limitations in Phase 1);
- (ii) construction of the Horizontal Improvements for all other Phases;
- (iii) rehabilitation of the Historic Buildings for reuse in accordance with the Secretary's Standards;
- (iv) Developer Mitigation Measures; and
- (v) Associated Public Benefits.

"Developer Construction Obligations" excludes Port Improvements and any Deferred Infrastructure, Developer Mitigation Measures, and Associated Public Benefits that any Vertical Developer will construct or provide in accordance with its Vertical DDA.

"Developer Marketing Costs" means costs associated with marketing the 28-Acre Site Project, including interim activation, events associated with openings of public improvements and other activities that benefit Project land and user absorption, overall Pier 70 site branding and recognition, subject to a maximum of \$920,000 (NPV 2018\$) in reimbursable costs unless otherwise approved by the Port in its sole discretion.

"Developer Marketing Costs" exclude expenditure of funds received from the Master Marketing Fee.

"Developer Mitigation Measure" means any Mitigation Measure in the MMRP (DDA Exh A6) that is identified as the responsibility of the "project sponsors" that arises in connection with Developer's obligations under DDA § 14.8(a) (Horizontal Improvements), or otherwise undertaken by Developer at its expense, excluding Mitigation Measures that are specific to the construction or operation of particular Vertical Improvements that are otherwise the responsibility of the Vertical Developer.

"Developer Party" means Developer and its direct and indirect partners, members, shareholders, officers, and Affiliates, individually or collectively.

"Developer pass-through" means a Horizontal Development Cost that is paid directly to one or more of Developer's contractors, consultants, or suppliers, or to a Vertical Developer obligated to construct Deferred Infrastructure, at Developer's direction in a Payment Request.

"Developer Quarterly Report" means a quarterly financial report on the 28-Acre Site Project by Phase as described in FP § 9.1(b) (Developer Quarterly Reports).

"Developer Reimbursement Obligations" means Developer's duty under the DDA to indemnify the City Parties and pay Port Costs and Other City Costs.

"Developer Reimbursement Obligations" excludes Developer's use of Developer Capital to finance Horizontal Improvements.

"Developer Return" means a return that results in an 18% Cumulative IRR, calculated quarterly on unreimbursed Developer Capital as shown in the sample calculation in FP Sch 2. Under the Financing Plan, Developer Return accrues on:

- (i) Entitlement Costs incurred up to the Reference Date, added together in the Entitlement Sum;
- (ii) Entitlement Sum from the Reference Date to the date paid in full; and
- (iii) unreimbursed Horizontal Development Costs from the date that Developer incurs the costs until repaid in full.

"Developer ROFR" means a right of first refusal in favor of Developer under clause (ii) of DDA § 7.5(b) (Offering Document), which it may exercise in any Public Offering of an Option Parcel if the highest third-party offer exceeds the Down Market Threshold for the parcel but is less than its Fair Market Value.

"Developer Share" means 45% of the Interim Satisfaction Balance or Project Surplus, as applicable.

"Development Agreement" means the agreement that the City entered into with Developer under Chapter 56 and the Development Agreement Statute between specifying the entitlement rights that the City agreed to vest in Developer for development of the 28-Acre Site by adoption of the DA Ordinance.

"Development Agreement Statute" means California Government Code sections 65864-65869.5.

"Development Opportunity" means Developer's development rights under the DDA that the Port terminates under DDA § 12.8 (Effects of Termination on Development Rights).

"Development Parcel" means a buildable parcel in the SUD, including each Option Parcel.

"Director of Public Finance" means the director of the Public Finance Division of the Controller's Office.

"Director of Public Works" means the Director of San Francisco Public Works.

"Director of Transportation" means the Director of the San Francisco Municipal Transportation Agency.

"Disputing Party" means a person affected by a dispute that is subject to DDA Art 10 (Resolution of Certain Disputes).

"district" means any of the public financing districts described in the Financing Plan.

"Down Market" means a period of economic and other conditions causing a significant decline in the real estate market, as determined under **DDA § 4.5 (Down Market Delay Procedures)**.

"Down Market Delay" means an Excusable Delay meeting the criteria in **DDA § 4.5 (Down Market Delay Procedures)**.

"Down Market Notice" means a Party's notice delivered under **DDA § 4.5(a) (Timing)**.

"Down Market Test" means the procedures in **DDA § 4.5 (Down Market Delay Procedures)** by which the Parties have agreed to determine whether a Down Market exists.

"Down Market Test Date" means the date a Down Market Test is final.

"Down Market Threshold" means 85% of the Land Value Indicator in the Initial Summary Proforma, as escalated to the Down Market Test Date under **clause (i) of DDA § 4.5(c) (Down Market Test)**.

"Early Lease Parcel" means the first Option Parcel to be conveyed to a Vertical Developer Affiliate by Parcel Lease in each of Phase 1 and Phase 2 under **DDA § 2.2(f) (Early Lease Parcels)**.

"Early Mello-Roos Bonds" means Mello-Roos Bonds that the City issues on behalf of the Pier 70 CFDs to finance Phase Improvements at the Port's request early in a Phase.

"Easement Action" means any proceeding to abandon, remove, relocate, or otherwise modify a Street and Utility Easement to permit construction of Phase Improvements in accordance with **DDA § 8.1(e) (Street and Utility Easements)**.

"eligible" means Entitlement Costs, Capital Costs, and Interest on Land Proceeds that may be paid from Public Financing Sources under Governing Law and Policy.

"ENA" is an acronym for the Exclusive Negotiation Agreement dated as of July 12, 2011, between the Parties, as amended by the First Amendment to Exclusive Negotiation Agreement dated as of January 14, 2014, and the Second Amendment to Exclusive Negotiation Agreement dated as of April 28, 2015.

"Encumbered Property" means the specific real property interest in the 28-Acre Site that is the collateral under a Permitted Lien.

"Engineer" means the licensed engineer of record for Horizontal Improvements.

"Entitlement Cost Statement" means Developer's report on Entitlement Costs, prepared by a third party, or subject to third-party review, as updated under **FP § 2.3(a) (Entitlement Cost Statement)**.

"Entitlement Costs" means Soft Costs actually incurred and paid by the Developer between July 12, 2011, and the Reference Date to entitle the 28-Acre Site Project, including:

- (i) preliminary planning, design work, and due diligence;
- (ii) environmental review under CEQA;
- (iii) negotiating the financial and other terms of the Transaction Documents; and
- (iv) obtaining Project Approvals, including community outreach.

"Entitlement Costs" excludes any costs Developer incurred to lobby or campaign for any ballot measure affecting the 28-Acre Site Project.

"Entitlement Sum" means the sum of the Entitlement Costs and accrued Developer Return up to the Reference Date as shown in the final Entitlement Cost Statement.

"Environmental Covenants" means certain deed restrictions that the Water Board approved in the Port's Feasibility Study and Remedial Action Plan and a Risk Management Plan for Pier 70, which impose conditions under which the Water Board will allow certain land uses to occur at designated portions of the 28-Acre Site.

"Environmental Delay" means an Excusable Delay caused when:

- (i) the Port or the City is required to conduct additional environmental review or prepare additional environmental documents after the Planning Commission and Port Commission have certified the Final EIR and City staff has filed a notice of determination;
- (ii) a third party files an action challenging the certification or sufficiency of the Final EIR or any other additional environmental review, even if development activities are not stayed, enjoined, or otherwise prohibited;
- (iii) the unanticipated need to investigate, remediate, or otherwise correct previously unknown environmental or geotechnical conditions on or affecting any portion of the FC Project Area, but only if the conditions were not reasonably discoverable in the course of Developer's due diligence before the Reference Date; or
- (iv) the unanticipated need to comply with any Mitigation Measures adopted for the 28-Acre Site Project for conditions on or affecting any portion of the FC Project Area, but only if the conditions were not reasonably discoverable before the Reference Date and by their nature require a delay or work stoppage for investigation, remediation, or related activities, as long as the Party claiming delay is proceeding in a diligent manner to resolve the unforeseen issues.

"Environmental Law" means any law pertaining to handling, release, or remediation of Hazardous Materials, conditions in the environment, including structures, soil, air, bay water, and groundwater, the protection of the environment, natural resources, wildlife, and human health and safety; industrial hygiene and employee safety; and community right-to-know requirements, including CEQA, the Mitigation Measures, and the Environmental Covenants, applicable to the 28-Acre Site or related to the work being performed under the DDA or any conveyance agreement.

"Environmental Regulatory Action" means any inquiry, investigation, enforcement, remediation, agreement, order, consent decree, compromise, or other action that is threatened, instituted, filed, or completed by an Environmental Regulatory Agency in relation to a release of Hazardous Materials.

"Environmental Regulatory Agency" means the United States Environmental Protection Agency, the United States Occupational Safety and Health Administration, the United States Department of Labor, any California Environmental Protection Agency board, department, or office, including the Department of Toxic Substances Control and the Water Board, the California Division of Occupational Safety & Health, Department of Industrial Relations, the Bay Area Air Quality Management District, the San Francisco Department of Public Health, SFFD, SFPUC, the Port, and any Other Regulator now or later authorized to regulate Hazardous Materials.

"Environmental Regulatory Approval" means any approval, license, registration, permit, or other Regulatory Approval required or issued by any Environmental Regulatory Agency, including any closure permit and any hazardous waste generator identification numbers relating to operations at any portion of the 28-Acre Site and any closure permit.

"ERAF" is an acronym for the State Educational Revenue Augmentation Fund.

"ERAF Debt Period" means the period ending 20 City Fiscal Years after the City Fiscal Year in which any IFD subject to a Pier 70 enhanced financing plan first issues Bonds, during which the IFD may issue Bonds secured and payable by ERAF Tax Increment under and subject to any exceptions in the IFD Law.

"ERAF Tax Increment" means the county ERAF portion of Gross Tax Increment, which is 25.33% on the Reference Date, but subject to change through the State's budget process.

"ERH" is an acronym referring to the City's emergency ride home program.

"Escrow" and "Escrow Account" mean an account established with an Escrow Agent for the delivery, recordation, and distribution as applicable of title documents, funds, and any other items necessary to Close a conveyance of a real property interest.

"Escrow Agent" means a local branch of a title company on the approved list maintained by the Real Estate Division of the San Francisco General Services Agency selected to handle a conveyance under the DDA.

"Event of Default" means a Breaching Party's failure to cure a noticed breach within the cure period specified in a Transaction Document.

"exacerbate" when used in reference to Hazardous Materials means any act or omission that increases the quantity or concentration of Hazardous Materials in the affected area, causes the increased migration of a plume of Hazardous Materials in soil, groundwater, or bay water, causes a release of Hazardous Materials that had been contained until the act or omission, or otherwise requires investigation or remediation that would not have been required but for the act or omission.

"Exaction" means any requirement to construct improvements for a public purpose, dedicate a real property interest, or other burden that the City imposes as a condition of approval to mitigate the impacts of increased demand for public services, facilities, or housing caused by a development project, which may or may not be an impact fee governed by the Mitigation Fee Act, including a fee paid in lieu of complying with a City requirement.

"Exaction" excludes Mitigation Measures and any federal, state, or regional impositions.

"Excess Return" means the amount by which Developer, Return or Return on Port Capital exceeds the Interest Cost Limitation.

"Excluded Transfer" means :

- (i) a Borrower's grant of a Permitted Lien to a Permitted Lender;
- (ii) a Permitted Lender's exercise of remedies under a Permitted Lien;
- (iii) the sale, transfer, or issuance of stock that is listed on a national or internationally recognized stock exchange; or
- (iv) a change resulting from death or legal incapacity of an individual.

"Excusable Delay" means an allowed delay in performance caused by an event of Force Majeure.

"Excusable Delay" excludes:

- (1) *Developer's lack of Developer Capital needed for a Phase except when caused by an event of Force Majeure;*
- (2) *Developer's Insolvency; and*
- (3) *an Administrative Delay or Environmental Delay if the Party claiming delay fails to take required actions or attempt to resolve the issues causing delay in a timely and diligent manner.*

"Exempt Parcel" means any assessor's parcel that is exempt from taxation, including any levy of Mello-Roos Taxes under an RMA, or under any state or federal tax exempt determination.

"Existing City Laws and Standards" as defined in DA § 5.2(a) (Agreement to Follow) means:

- (i) the Project Approvals;
- (ii) the Transaction Documents; and
- (iii) all other applicable City Laws in effect on the DA Ordinance Effective, subject to DA § 5.3 (Changes to Existing City Laws and Standards).

"Existing Geotechnical Condition" means the physical, geotechnical condition of the 28-Acre Site, including soils and groundwater conditions, before Developer took possession of the 28-Acre Site.

"Existing Geotechnical Condition" *excludes the Existing Hazardous Material Condition of the 28-Acre Site.*

"Existing Hazardous Material Condition" means the presence or release of Hazardous Materials in, on, or about any portion of the 28-Acre Site that occurred before Developer took possession of the 28-Acre Site.

"Experience Requirement" means the Port's requirement that a proposed Transferee, including its consultant and management team, have direct and substantial experience (in the Port's reasonable judgment) as a master developer of projects similar in size and complexity to the development opportunity being Transferred.

"Facilities CFD" means a CFD or part of a CFD that authorizes the levy of Improvement Special Taxes to finance eligible Improvements.

"Facilities CFD Administrative Costs" means CFD Administrative Costs payable from Improvement Special Taxes in accordance with the applicable RMA.

"Facilities Special Tax Credit" means the amount by which the Potential Facilities Special Tax levy for a Current Parcel in the Pier 70 Leased Property CFD will be reduced by the application of Allocated Tax Increment under:

- (i) **FP § 6.5(h)** (Application of Tax Increment to Special Debt Service) for NOI Property in Zone 1 and Zone 2 of the Pier 70 Leased Property CFD; or
- (ii) **FP § 11.1(b)** (Application of HB Tax Increment to Special Debt Service) for Historic Building 12 or Historic Building 21.

"Facilities Special Tax Fund" means the segregated accounts in the Special Fund Trust Account that the Port, as CFD Agent, will establish with the Special Fund Trustee to receive, administer, and disburse Mello-Roos Taxes on behalf of the CFDs through the Special Fund Administration Agreement, which are expected to consist of:

- (i) the Pier 70 CFD Facilities Account;
- (ii) the Project Reserve Account;
- (iii) the Shoreline Account;
- (iv) the Arts Building Account; and
- (v) the Hoedown Yard Facilities Account.

"Facilities Special Taxes" means Improvement Special Taxes that are levied to finance eligible Improvements in accordance with the RMA for:

- (i) the Pier 70 Leased Property CFD;
- (ii) the Pier 70 Condo CFD; and
- (iii) the Hoedown Yard CFD.

"Fair Market Value" means the value conclusion for real property reached according to procedures described in the DDA for Development Parcels in the 28-Acre Site, by a proprietary appraisal for Parcel K North, or by an appraisal submitted by Developer to determine the Historic Building Value for purposes of **DDA § 9.2(c)** (Effect on Historic Buildings), in each case expressed as the price that a prospective buyer with reasonable knowledge of the relevant facts would be willing to pay on the open market for fee title or the leasehold interest that the Port will convey.

"FC Project Area" means the 28-Acre Site and 20th Street, 21st Street, and 22nd Street east of Illinois Street, and areas outside of the 28-Acre Site where the Developer will construct Improvements serving the 28-Acre Site.

"FC Project Area Maintained Facilities" means the following Improvements, for which Ongoing Maintenance Costs will be paid by Services Special Taxes levied on Taxable Parcels in the Pier 70 Leased Property CFD and Taxable Parcels in Zone 2 of the Pier 70 Condo CFD:

- (i) Public Spaces in the FC Project Area;
- (ii) Public ROWs in the FC Project Area, including any portion of the Building 15 structure over 22nd Street; and
- (iii) Shoreline Improvements in, and adjacent to the FC Project Area.

"FC Project Area Maintained Facilities" *excludes any private open space or other private facilities.*

"Federal or State Law Exception" as defined in DA § 5.6(a) (City's Exceptions) means a City Agency's retained police power authority to exercise its discretion under the Project Approvals and Transaction Documents over matters under its jurisdiction in a manner that is reasonably calculated and narrowly drawn to comply with applicable changes in federal or state law affecting the physical environment.

"Fee Value" means the Fair Market Value as defined by California Code of Civil Procedure section 1263.320 of the fee interest in an Option Parcel used to establish its purchase price.

"FEHA" is an acronym for the Fair Employment and Housing Act (Cal. Gov't Code §§ 12900-12996).

"FEIR" is an acronym for the final EIR for the SUD Project.

"FEMA" is an acronym for the Federal Emergency Management Agency.

"final" when used to refer to any Project Approval or Future Approval means that:

- (i) no administrative or judicial appeal has been filed by the applicable deadline;
- (ii) if an administrative or judicial appeal has been timely filed, the Project Approval or Future Approval has been upheld by a final decision; or
- (iii) the Board of Supervisors has certified the results of an election under the Elections Code at which a referendum petition regarding a Project Approval is rejected.

"Final Affordable Percentage" as defined in AHP § 2.1(a) (Final Affordable Percentage) means 30% or more of the total number of Residential Units constructed in the AHP Housing Area, at Final Completion of all Residential Projects, will be Inclusionary Units and BMR Units, taking BMR Credits into account.

"Final Appraisal" means the appraisal report that will be used for the conveyance of any Option Parcel, which can be either the Joint Appraisal as provided in DDA § 7.3(e) (Joint Appraisal) or the result of a dispute resolution process under DDA § 7.3(f) (Appraisal Disputes).

"Final Audit" means Developer's final financial report for the 28-Acre Site Project as described in FP § 9.3(b) (Final Audit).

"Final Audit Date" means the due date for the Final Audit under FP § 9.3(b) (Final Audit).

"Final Certificate of Occupancy" means a certificate of occupancy that the Chief Harbor Engineer issues under the Port Building Code allowing all portions of a building to be occupied.

"Final Completion of all Residential Projects" means the date that the Chief Harbor Engineer has issued a Temporary Certificate of Occupancy for all Residential Units to be developed in the AHP Housing Area.

"Final EIR" means the environmental impact report for the Project that the Planning Commission certified on August 24, 2017.

"final judgment" means an order, judgment, award, settlement, consent decree, stipulated judgment, or other partial or complete termination of an action with respect to a Claim or a Loss issued by an administrative, judicial, quasi-judicial, or nonjudicial body that is effective and binding after any appeal is finally adjudicated and all rights to appeal have been exhausted, or the time to appeal has expired.

"Final Map" means a final Subdivision Map meeting the requirements of the Subdivision Code and the Map Act.

"Final Option Parcel" means the last Option Parcel to be developed in the 28-Acre Site.

"Final Phase" means the last Phase of development under the Phasing Plan.

"Final Port Report" means the Port's final financial report for the 28-Acre Site Project as described in FP Art 9 (Reporting).

"Final Transfer Map" means a Transfer Map meeting the requirements for recordation under the Subdivision Code and the Map Act.

"Financing Document" means any one or more of the Financing Plan, Appendix G-2, the IRFD Financing Plan, the RMA for any CFD, the Tax Allocation MOU, the CFD Formation Proceedings for any CFD, the IFD Formation Proceedings, the IRFD Formation Proceedings, and all related ordinances and resolutions that the Board of Supervisors adopted in connection with the formation of the Sub-Project Areas, the IRFD, and the CFDs.

"Financing Document" includes Appendix G-1 solely in relation to the Waterfront Set-Aside requirement under IFD Law.

"Financing Plan" means DDA Exh C1, the part of the DDA that will govern the application of Project Payment Sources to meet the Project Payment Obligation and other matters relating to financing the 28-Acre Site Project and revenue-sharing.

"Fire Safety Infrastructure" means Horizontal Improvements for utilities serving the 28-Acre Site that will be under SFFD jurisdiction when accepted.

"First Construction Document" means the first Construction Permit issued for a Vertical Improvement that authorizes its construction to begin.

"First Construction Document" excludes any Construction Permit for Site Preparation.

"Flex Parcel" means a Development Parcel that may be developed for residential or commercial use under the SUD.

"Floodplain Management Plan" means the document described in Port Building Code §§ 104A.2.1.1-104A.2.1.2.

"Floodplain Ordinance" means the law (Admin. Code art. XX) managing construction in flood-prone areas of San Francisco and authorizing the City's participation in the National Flood Insurance Program.

"Force Majeure" means an event that is not caused by and is outside the reasonable control of the Party claiming an Excusable Delay, but only to the extent that the event delays or prevents a Party's performance, and includes:

- (i) domestic or international events disrupting civil activities, such as war, acts of terrorism, insurrection, acts of the public enemy, and riots;
- (ii) acts of nature, including floods, earthquakes, unusually severe weather, and resulting fires and casualties;

- (iii) epidemics and other public health crises affecting the workforce by actions such as quarantine restrictions;
- (iv) inability to secure necessary labor, materials, or tools (but only if the Party claiming delay has taken reasonable action to obtain them on a timely basis) due to any of the above events, freight embargoes, lack of transportation, or failure or delay in delivery of utilities serving the 28-Acre Site;
- (v) government action or inaction after the Reference Date that precludes or substantially increases Developer's cost to perform or comply with any provision of the DDA;
- (vi) litigation that enjoins construction or other work on any portion of the 28-Acre Site, causes a lender to refuse to fund a draw request or to accelerate payment on a loan, or prevents or suspends construction work on the 28-Acre Site except to the extent caused by the Party claiming an extension;
- (vii) Administrative Delay;
- (viii) Environmental Delay; and
- (ix) Down Market Delay.

"Foreclosed Property" means a real property interest that has transferred through a Lender Acquisition.

"FP" is an acronym for **DDA Exh C1**, the Financing Plan.
