19 Section 1. Findings.

20 (a) California Government Code Sections 8698 through 8698.2 authorize the  
21 governing body of a political subdivision, including the Board of Supervisors, to declare the  
22 existence of a shelter crisis upon a finding by the governing body that a significant number of  
23 persons within the jurisdiction are without the ability to obtain shelter, and that the situation  
24 has resulted in a threat to the health and safety of those persons. In 2016, through the  
25

1 enactment of Ordinance No. 57-16, the Board of Supervisors declared the existence of a  
2 shelter crisis in San Francisco, based on findings that in January 2015, there were 6,686  
3 individuals in San Francisco who were homeless. Since that time, the shelter crisis has  
4 grown. According to the January 2017 Point in Time Homeless Count administered by the  
5 Department of Homelessness and Supportive Housing (HSH), there were approximately  
6 7,499 people experiencing homelessness in San Francisco on a single night. Of those  
7 persons, 58% were unsheltered, 21% were under the age of 25 years, and 32% were over the  
8 age of 51 years with attendant deteriorating physical and mental health.

9 (b) On October 2, 2018, Mayor London Breed declared her intent that the City add  
10 1,000 new shelter beds for people experiencing homelessness, with half of the new beds  
11 becoming available by the summer of 2019, and the remainder becoming available by 2020.  
12 The beds will become available as a result of establishing new Navigation Centers, expanding  
13 existing Navigation Centers, and opening a new type of shelter called a SAFE Center, a name  
14 that stands for Shelter Access for Everyone.

15 (c) In early 2018, the Board of Supervisors enacted Ordinance No. 29-18, which  
16 waived competitive bidding requirements for contracts and leases relating to a number of  
17 identified Shelter Crisis Sites, as well as the City's existing Navigation Centers and homeless  
18 shelters. That ordinance allowed HSH to expedite the award of contracts and grants for  
19 construction and services relating to homeless individuals, and to open three Navigation  
20 Centers with 340 beds and a permanent supportive housing site with 51 units. However, the  
21 expedited contracting and leasing authority that was granted by Ordinance No. 29-18 will  
22 expire on March 1, 2019. It is in the public interest to extend this authority so long as the City  
23 is experiencing a shelter crisis.

24 (d) In 2016, the Board of Supervisors enacted Ordinance No. 117-16, requiring the  
25 City to open and operate six Navigation Centers to address street homelessness and connect

1 homeless people to health and mental health services, housing, and other benefits. The City  
2 has complied with that mandate, and plans to expand upon this successful model of shelter  
3 and service delivery. Ordinance No. 117-16 provided that once a Navigation Center opened,  
4 it could operate for no more than two years without approval of extension of the time limit by  
5 resolution of the Board of Supervisors. In light of the success of Navigation Centers, the  
6 capital investments that are required to open a center, and the fact that Navigation Centers  
7 have not been found to have had adverse impacts on the neighborhoods in which they have  
8 been located, the Board of Supervisors has, in Resolution No. 180522, approved the  
9 extension of two Navigation Centers beyond the two-year limit. For the same reasons, it is in  
10 the public interest to permit Navigation Centers generally to operate longer than two years  
11 without re-authorization.

12 (e) For all HSH-funded projects that involve new construction, a change in use, or an  
13 expansion of an existing use at a specific location, HSH complies with the requirements of  
14 Administrative Code Chapter 79 (Citizens' Right-to-Know Act of 1998) and Chapter 79A by  
15 providing community notice that it is considering approval of such a project, and by  
16 establishing a process by which members of the public may obtain additional information  
17 about the project, and submit comments. Before opening a new facility, HSH staff collaborate  
18 with the member of the Board of Supervisors who represents the district in which the facility  
19 will be located, to conduct a thorough community outreach process that includes, at a  
20 minimum, written notice to neighbors located within 300 feet of the facility, information about  
21 how neighbors may provide input into the proposed programming at the facility, and the  
22 hosting of a community meeting. After opening a facility, HSH takes steps to ensure that its  
23 immediate surroundings are kept clean and secure.

24 (f) The Planning Department has determined that the actions contemplated in this  
25 ordinance comply with the California Environmental Quality Act (California Public Resources

1 Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of  
2 Supervisors in File No. \_\_\_\_\_ and is incorporated herein by reference. The Board  
3 affirms this determination.

4 (g) The Planning Department has determined that the actions contemplated in this  
5 ordinance are consistent, on balance, with the City’s General Plan and eight priority policies of  
6 Planning Code Section 101.1. The Board adopts these findings as its own. A copy of this  
7 determination is on file with the Clerk of the Board of Supervisors in File No. \_\_\_\_\_, and  
8 is incorporated herein by reference.

9  
10 Section 2. The Administrative Code is hereby amended by adding Chapter 21B,  
11 consisting of Sections 21B.1, 21B.2, 21B.3, and 21B.4, to read as follows:

12  
13 **CHAPTER 21B: COMMODITIES AND SERVICES RELATING TO PROJECTS**  
14 **ADDRESSING HOMELESSNESS.**

15  
16 **SECTION 21B.1. PURPOSE AND GOALS.**

17 *In recognition of the fact that a significant number of persons within San Francisco lack the*  
18 *ability to obtain shelter, resulting in a threat to the health and safety of those persons, and that such*  
19 *threat constitutes a shelter crisis, the intent of this Chapter 21B is to expedite the procurement of*  
20 *professional and other services relating to Projects Addressing Homelessness. For purposes of this*  
21 *Chapter 21B, “Projects Addressing Homelessness” means projects designed to prevent homelessness*  
22 *through the provision of housing subsidies or other services, and projects designed to provide shelter,*  
23 *housing, food, and/or social services to people experiencing homelessness.*

24  
25 **SECTION 21B.2. WAIVER OF COMPETITIVE BIDDING REQUIREMENTS.**

1 Notwithstanding Section 21.1 of the Administrative Code or any other provision of the  
2 Municipal Code, the Department of Public Works and the Department of Homelessness and Supportive  
3 Housing may enter into and/or amend contracts, including grants, for professional and other services  
4 or commodities relating to Projects Addressing Homelessness without adhering to the requirements of  
5 Section 21.1 or any other competitive procurement requirements. The power to amend such contracts  
6 and grants extends to contracts and grants entered into prior to the effective date of the ordinance in  
7 Board File No. \_\_\_\_\_ enacting this Chapter 21B.

8  
9 **SECTION 21B.3. REPORTING.**

10 Within one year of the effective date of this Chapter 21B, and every year thereafter, the  
11 Department of Homelessness and Supportive Housing and the Department of Public Works shall  
12 submit to the Board of Supervisors a report that includes the following information for each contract or  
13 grant that the department executed during the prior year without adhering to the requirements of  
14 Section 21.1, pursuant to the authority in this Section 21B.3: the name of the contractor or grantee; the  
15 services to be provided under the contract or grant; the amount of funds conveyed; the duration of the  
16 contract or grant; and any measurable outcomes of the contract or grant.

17  
18 **SECTION 21B.4. SUNSET PROVISION.**

19 This Chapter 21B shall expire by operation of law five years from its effective date, or on the  
20 effective date of an ordinance making the finding that according to the most recent Point in Time  
21 Homeless Count, there are fewer than 5,250 homeless persons in San Francisco, whichever date is  
22 earlier. Upon expiration of this Chapter 21B, the City Attorney shall cause this Chapter to be removed  
23 from the Administrative Code.

1 Section 3. Article IV of Chapter 6 of the Administrative Code is hereby amended by  
2 adding Section 6.76, to read as follows.

3  
4 **SECTION 6.76. PUBLIC WORKS ADDRESSING HOMELESSNESS.**

5 (a) The Department of Public Works is authorized to enter into and/or amend any contract for  
6 any Public Work or Improvement, as defined in Administrative Code Section 6.1, including any  
7 professional services for a Public Work or Improvement, without the competitive bid, quote, or  
8 proposal requirements in Sections 6.20, 6.21, 6.40, and Article IV of Chapter 6 of the Administrative  
9 Code; provided, however, that the Public Work or Improvement is for the construction, repair, or  
10 improvement of one or more sites that will be used for the primary purpose of providing housing,  
11 shelter, or services to people experiencing homelessness. The power to amend such contracts extends  
12 to contracts entered into prior to the effective date of the ordinance in Board File No. \_\_\_\_\_ enacting  
13 this Chapter 21B.

14 (b) This Section 6.76 shall expire by operation of law five years from its effective date, or on  
15 the effective date of an ordinance making the finding that according to the most recent Point in Time  
16 Homeless Count, there are fewer than 5,250 homeless persons in San Francisco, whichever date is  
17 earlier. Upon expiration of this Section 6.76, the City Attorney shall cause this Section to be removed  
18 from the Administrative Code.

19  
20 Section 4. Chapter 106 of the Administrative Code is hereby amended by revising
