EXECUTIVE SUMMARY	
Legislative Objectives	
<p>File 19-0166 is a resolution authorizing the Director of the City's Real Estate Division to execute a commercial lease between City and La Cocina, Inc., for City-owned property located at 101 Hyde Street.</p>	
<p>File 19-0167 is a resolution authorizing the Mayor's Office of Housing and Community Development to accept and expend a gift of \$1,000,000 from the San Francisco Foundation to the Neighborhood Development Special Revenue fund, and approves the City's use of the funds for the interim activation of 101 Hyde Street.</p>	
Key Points	
<ul style="list-style-type: none"> • 101 Hyde Street is a City-owned parcel, conveyed to the City by the developer of market rate housing at 1066 Market Street in lieu of meeting the City's Inclusionary Affordable Housing requirements (approved by the Board of Supervisor through Ordinance 126-16). The property is slated for affordable housing development, but until sufficient funding is identified to develop the property, the Board of Supervisors approved the property for interim use for community serving purposes. In addition to the property conveyance, the developer donated \$6 million, of which \$1 million was for interim community use and \$5 million was for affordable housing development. These funds are held in trust by the San Francisco Foundation. • The City selected the nonprofit organization, La Cocina, through a competitive solicitation to use the property for food oriented businesses. Under the proposed lease, La Cocina would make tenant improvements and operate a food hall, assisting low-income clients in launching self-sustaining businesses. • The tenant improvements are scheduled for completion in November 2019. Upon issuance of the temporary certificate of occupancy, La Cocina will pay annual rent of \$12,000 and percentage rent equal to 5 percent of net revenues. The lease will extend through December 2025. 	
Fiscal Impact	
<ul style="list-style-type: none"> • Tenant improvement costs are estimated to be \$4.6 million. Funding sources include \$1.4 million of City funds, including the \$1 million grant from the San Francisco Foundation and \$465,000 in previously appropriated funds; \$2.4 million secured by La Cocina through fundraising; and approximately \$780,000 to be obtained through additional fundraising or a bridge loan. 	
Recommendation	
<ul style="list-style-type: none"> • Approve the proposed resolution. 	

MANDATE STATEMENT

City Administrative Code Section 10.170-1 states that accepting Federal, State, or third-party grant funds in the amount of \$100,000 or more, including any City matching funds required by the grant, is subject to Board of Supervisors approval.

City Administrative Code Section 23.30 requires Board of Supervisors approval for lease of City-owned property that is not required for City purposes. An appraisal of the fair market rent for the lease is not required if the Director of the City's Real Estate Division determines that the fair market rent is less than \$45 per square foot..

BACKGROUND

101 Hyde Street is a one story building at the corner of Golden Gate Avenue and Hyde Street consisting of approximately 7,500 square feet of space formerly used as a U.S. Postal Service Office. In August 2016, the owner of the land dedicated the site to the City through the Mayor's Office of Housing and Community Development (MOHCD) for the purpose of developing affordable housing. The dedication was a result of Ordinance 126-16 which waived the Inclusionary Affordable Housing requirements set forth in Planning Code Section 415, exempting the market rate residential development at 1066 Market Street (affiliated with the Shorenstein Properties LLC) from such requirements in exchange for the dedication of real property.

DETAILS OF PROPOSED LEGISLATION

File 19-0166: The proposed resolution authorizes the Director of Real Estate to execute a commercial lease between City and La Cocina, Inc., for City-owned property located at 101 Hyde Street.

File 19-0167: The proposed resolution authorizes the Mayor's Office of Housing and Community Development to accept and expend a gift of \$1,000,000 from the San Francisco Foundation to the Neighborhood Development Special Revenue fund, and approves the City's use of the funds for the interim activation of 101 Hyde Street.

\$1,000,000 Gift (File 19-0167)

As noted above, the developer of the market rate housing at 1066 Market Street donated 101 Hyde Street to the City for affordable housing development in lieu of meeting the City's Inclusionary Affordable Housing requirements. In addition to the property donation, the developer donated \$6 million for the development of 101 Hyde Street; \$1 million was donated for temporary development of the site while the City raised additional funds for developing the site as permanent affordable housing, and \$5 million was donated for converting the space to affordable housing. The San Francisco Foundation agreed to be the temporary trustee of the funds until the site is ready for development.

The release of the \$1,000,000 gift would be used for temporary development of the site. According to the proposed resolution, the \$1,000,000 was given to the San Francisco Foundation for the purpose of (i) offsetting interim ownership costs incurred by the City for temporary use of the property; (ii) funding improvements to the property to support interim use; and (iii) funding miscellaneous expenses associated with interim use of the property until the property is developed as permanent affordable housing.

Commercial Lease (File 19-0166)

Original Lease

In 2016, the City's Real Estate Division in collaboration with the Office of Economic and Workforce Development (OEWD) and MOHCD solicited proposals for temporarily converting 101 Hyde Street to a community serving interim use through a competitive Request for Proposals (RFP) process. They received two proposals and selected La Cocina, Inc., a non-profit organization, as the proposer with the higher application and interview score. La Cocina specializes in assisting low-income clients in launching self-sustaining food oriented businesses. La Cocina proposed building a food hall with a commercial kitchen in the space which will include seven kiosks for full time vendors, and one kiosk for rotating pop-ups.

Between December 2016 and June 2018, a period of 18 months, the Real Estate Division and La Cocina worked to establish the terms of the commercial lease. The Real Estate Division entered into a lease with La Cocina in June 2018. The lease term was year-to-year for up to seven years. According to Mr. Josh Keene, Special Projects and Transactions Manager, the Real Estate Division consulted with the City Attorney's Office and did not consider the lease to be subject to Board of Supervisors approval for the initial one-year term under Administrative Code Section 23.31, which grants the Director of Real Estate the authority to enter into leases of one year or less for which the rent is less than \$15,000. Under the lease, upon issuance of a temporary certificate of occupancy, La Cocina will pay annual rent of \$12,000 and percentage rent of 5 percent of net income.

Proposed Lease

The proposed lease replaces the prior year-to-year lease and provides a mechanism for the City to release portions of the \$1 million gift, as well as additional City funds, to La Cocina. The lease term is for approximately six years and nine months from approximately March 1, 2019 through December 31, 2025. Upon issuance of a temporary certificate of occupancy, La Cocina would pay annual rent of \$12,000 and percentage rent equal to 5 percent of net income.

Tenant Improvements

The original lease and proposed lease are for the operation of a restaurant, bar, and/or food market hall. La Cocina is responsible to make tenant improvements at its sole cost, based on detailed architectural drawings included in the original lease. The City will reimburse La Cocina for tenant improvements up to \$1,465,000. Design development documents are completed and construction documents are 90 percent complete. Construction of tenant improvements is scheduled to begin in May 2019 and completion of tenant improvements is expected in November 2019.

FISCAL IMPACT

The project budget for tenant improvements to 101 Hyde Street is \$4,600,000 as shown below in Table 1.

Table 1: Preliminary project budget for development at 101 Hyde Street

RE: 101 Hyde Street Interim Commercial Use – Request for Release of Funds for the
Municipal Marketplace Project.

A handwritten signature in black ink, appearing to be "KH", located to the right of the "FROM:" line.

Executive Summary

The San Francisco Foundation (SFF) is holding a \$1,000,000 Grant (the "Grant") from 1066 Market Street, LLC (affiliated with the Shorenstein Company) that the City and County of San Francisco ("City") requests to use to partially finance the improvements necessary to convert the former Post Office at 101 Hyde Street ("Site") into a small business incubator and food hall to serve the low-income residents and workers of the Tenderloin district. The Grant will provide critical money for the design and planning of the Tenant Improvements for the project and will jump-start the capital fund-raising effort needed to complete the conversion. Release of Grant funds to the City is the necessary first step in the process of making them available for disbursement by the City to La Cocina, the entity chosen through a competitive process to make use of them. La Cocina is a competent, experienced sponsor with an excellent team that has made significant progress to date. Successful implementation of their plan relies on fundraising, for which the sponsor demonstrates a strong track record.

This memo provides background information about the plans for, and status of, the proposed Municipal Marketplace project for purposes of seeking release of the Grant funds by SFF to the City. Grant proceeds will not be released to the sponsor by the City until they have demonstrated significant completion of additional fundraising.

History and Background

101 Hyde Street is a one-story building located at the corner of Golden Gate Avenue and Hyde Street consisting of approximately 7,500 gross square feet, formerly used as a U.S. Postal Service office.

In August 2016, the owner of the land and the improvements at 101 Hyde Street (“Site”) dedicated the Site to the City, through the Mayor’s Office of Housing and Community Development (“MOHCD”) for the purpose of developing 85-100 units of affordable housing. At that time an interim use of the Site was deemed appropriate to activate it in the interest of public health and safety while necessary additional funds are raised to proceed with its full development as affordable housing.

In addition to the property transfer, the Site’s owner provided certain funds for the express purpose of creating housing and interim amenities at the Site. The City is grateful to the San Francisco Foundation for acting as temporary trustee of these funds.

In the Fall of 2016, the Real Estate Department (“RED”) in collaboration with the Office of Economic and Workforce Development (“OEWD”) and MOHCD solicited proposals for converting the Site to a community-serving, interim use. La Cocina, a non-profit 501(c)3 public benefit corporation specializing in assisting low-income entrepreneurs to launch self-sustaining food oriented micro-businesses, was selected, in association with the Tenderloin Housing Clinic (“THC”), to lease, build, manage and operate a community serving facility at the site. As La Cocina’s community partner in the project, THC will lead all neighborhood outreach efforts, provide overall liaison with the Tenderloin neighborhood, and help to ensure that the project executes on its goals of community service. In addition, drawing from its own extensive experience with both rehabilitation construction projects and with City contracts and agencies THC will provide advice and technical assistance La Cocina to ensure that the construction phase of the project is completed in a timely and efficient manner and that La Cocina meets its contracting compliance requirements.

Proposed Interim Use of 101 Hyde Street: La Cocina’s Municipal Marketplace

La Cocina proposes to build, manage, and operate a 7,500 square foot food hall and business incubator space low-income, local food-service entrepreneurs from the La Cocina programs and any additional capacity will be available to the community. The Municipal Marketplace will include a shared, up-to-date commercial kitchen and indoor community space with a focus on providing economic opportunity for entrepreneurs who are otherwise unable to find appropriate and affordable space to start-up a business. Food halls managed by for-profit developers charge rents that are unsustainable for small business owners, making them especially inaccessible to small start-up enterprises. Businesses at La Cocina's food hall will pay a rent based on a much smaller base fee and a much smaller percentage of sales than is typically charged at food halls managed by for-profit developers. La Cocina will also provide the facilities and common area management services. In addition, the Municipal Marketplace will include a commercial kitchen on site whereas many food halls require vendors to prepare their food off-site at an additional cost to the vendor.

The space will include kiosks for seven (7) full-time vendors and one (1) for rotating pop-ups, a full service bar which will be separate from the main space, and a large central area for seating and for community gatherings.

The Marketplace will also provide affordable and healthful eating options for Tenderloin residents and workers and a vibrant and welcoming community gathering space.

The goals of the proposed Municipal Marketplace are:

- To address the lack of equitable access to brick and mortar business ownership for low-income entrepreneurs in the Bay Area;
- To increase the number of safe, healthy and accessible community-centered spaces for Tenderloin residents; and
- To create and refine a successful economic model for business incubator space that can be replicated in ground floor retail space in future affordable housing developments.

The City will continue to own the site and lease it to La Cocina. La Cocina will sub-lease portions of the premises to vendors that are low-income, local businesses for approximately 7 years. Since their selection in December 2016, RED has worked with La Cocina to establish the terms of the lease agreement (see below).

La Cocina's Experience

From its base in San Francisco, over the last 13 years La Cocina has proven to be very successful at launching revenue-generating micro-food businesses (over 60) that have little to no start-up capital, including 26 restaurants in one of the most difficult restaurant economies in the US. La Cocina staff and clients have successfully launched businesses at Farmers' Markets, hosted street food festivals, sold food informally on the streets and innovated in the food industry. La Cocina staff has, cumulatively, over 25 years of food-industry experience and a well-connected resource base.

La Cocina has worked with participant businesses to open their businesses within far-ranging contexts. They have worked with Cushman-Wakefield to fill spaces at Crocker Galleria, with the Westfield to activate their Westfield coffee space over the holidays and with the Market on Market to launch Azalina's. La Cocina was a founding advisor for the Mission Community Market, the inspiration and the organization behind the 100,000 person San Francisco Street Food Festival, and has managed mobile vending relationships at Dolores Park and Justin Herman Plaza. Additionally, La Cocina has consulted with food truck market halls in New Orleans and Portland, supporting both through successful openings. Lastly, in preparation for the Municipal Market venture, La Cocina talked extensively with the initial management team of the Hall, a for-profit owned food hall on Market Street in the City about the plans for that shared market. El Pipila, a La Cocina graduate, is one of only two businesses that has had no turn-over in the space it occupies, a testament to the strength of support provided by La Cocina.

Lease Terms and Restrictions on Use of Grant Funds

The proposed Lease with the City includes certain provisions that control the use of Grant funds, referred to in the Lease as the "Tenant Improvement Allowance." These include the following:

- The Tenant Improvement Allowance ("Allowance") may only be used for "Reimbursable Costs", including hard costs and architecture and engineering fees associated with work that has been authorized by City-approved design or construction documents or change orders.

- The Allowance may only be used to reimburse La Cocina for work that has been completed and paid for, not for deposits or for pre-payment of work yet to be performed.
- Requests for such reimbursement must be made by way of monthly Draw Requests which must include certain documentation such as invoices, Contractor's percentage of completion estimates, proofs of payment, lien releases, etc.
- The Allowance may be used to reimburse La Cocina for up to the first \$250,000 of Reimbursable Costs after which the Allowance may pay only 50% of each Draw Request until it is exhausted.
- The City may withhold a disbursement of the Allowance until La Cocina provides evidence that it holds or has the right to receive all funds necessary to meet its obligation to match the City's disbursement.

Uses and Sources of Financing for Tenant Improvements

CAPITAL USES: \$4,700,000

As of 11/30/2018 the total cost of the conversion of 101 Hyde to a food hall was estimated to be approximately \$4,600,000. That estimate was based on 90% Construction Design, bids from Mechanical, Electrical subcontractors and consultations with Plumbing, Drywall and Painting. The figure above includes escalation to start of construction expected to occur approximately March 2019. This budget figure also includes a 9.6% construction contingency.

A detailed project Construction Budget is attached as Exhibit B

CAPITAL SOURCES: \$4,700,000

Project costs are to be paid for by a combination of public funding from the City and fund-raising by La Cocina from other private foundations, corporations and individuals.

- **City Funds: \$1,465,000**

This includes \$940,000 of the \$1M Grant that is the subject of this memo. A portion of the \$1,000,000 Grant (approximately \$60,000) is expected to be used to repay RED for costs related to the transfer of the Site, holding costs and the administration of the RFP. Additional City funds were approved in the FY17-18 and FY18-19 City budgets, to bring the total City funds to the project to \$1,465,000.

- **Other Fund-raising: : \$2,412,478 raised to date, target raise is \$3,235,000**

La Cocina has considerable experience fund-raising both for capital projects and for its on-going operations, having fund-raised at least \$1M annually for the past 13 years. Their FY18 budget is \$2.8M, of which half will be generated by events, retail and catering services and the remainder by fund-raising.

To assist with the Municipal Marketplace project, Brenda Laribee, a fund-raising consultant with nearly 30 years of experience in helping to raise money for local non-profit organizations such as Continuum HIV Day Services, SFJAZZ and Rafael House, has been engaged to work with La

Cocina's Board members, who count among their members individuals associated with the Levi Strauss Foundation and the Women's Foundation of California. La Cocina has existing relationships with several financial institutions that have provided capital and operating assistance over the past 11 years, including for example, Citibank (start-up grants in 2002, 2004, and 2006), Well Fargo (grant funding annually since 2002), JP Morgan Chase (grant funding since 2014),

La Cocina proposes to raise the remaining capital financing from a variety of foundations, corporations and individual donors. As of 1/31/2019, approximately \$2,412,478 of the projected **\$3,235,000** that must be raised has already been received, approved, or pledged. The remaining \$822,522 is expected to be raised over the next 4-6 months.

While this > \$3m fund-raising goal for 101 Hyde would increase La Cocina's overall fund-raising goal for their efforts will be assisted by the fact that the Municipal Marketplace capital campaign will be associated with the one-time hard costs of an identifiable construction project which will provide a national model for similar efforts to reduce poverty and more equitable opportunities for economic growth.

La Cocina has an approved loan of \$1MM from Dignity Health to bridge the potential gap between obtaining fund-raising dollars and meeting the need for them during the construction phase of the project.

Any excess funds raised will be utilized by La Cocina to increase programming intensity, such as a soft opening that is exclusive to the community.

Marketing and Community Support

La Cocina's municipal marketplace will follow the same marketing model as other La Cocina-incubated programs. La Cocina's current customer mailing list has 10,000 people and its social media channels have over 30,000 followers. La Cocina's 2015 Street Food Festival attracted over 80,000 attendees who demonstrated an interest in both the goods that La Cocina produces and the stories and people behind those goods. Reaching out to this active and engaged audience will be the first step for marketing the food hall.

Marketing efforts will begin within the community that the Marketplace is intended to serve. La Cocina plans a soft opening with an exclusive focus on residents and neighborhood workers before extending the food hall's doors to the broader community. Working with Tenderloin community organizations with which it already has relationships, La Cocina will host events, offer discounted space and ensure that the Municipal Marketplace becomes a resource to the community.

As it has successfully done in other locations, La Cocina, along with its vendors will then continue to build sales by actively reaching out to local institutions such as Hastings, local non-profits, the San Francisco legal community and City Hall to increase lunch foot traffic and will engage the assistance of PR professionals and use social media to reach additional customers.

The Municipal Marketplace proposal has generated support from numerous non-profit, private and public sector organizations, including many that are active in the Tenderloin neighborhood such as the Tenderloin Housing Clinic (a co-sponsor and partner), St. Anthony's, Tenderloin Neighborhood Development Corporation, 826 Valencia, Mercy Housing, Tenderloin Healthy Corner Store Coalition, and Root Division. Other supporting community-based and public-sector supporters include Mission Economic Development Agency, Urban Solutions, Hastings College of Law, City College's School of Arts and Hospitality Studies, San Francisco's Office of Small Business, Restaurant and Hotel Workers' Union Local 2, and the Mayor's Offices of Economic and Workforce Development and of Housing and Community Development

Project Milestones and Status

The Development Team (Architect, Contractor, Owner's Construction Representative) for the Municipal Marketplace project has been selected. La Cocina hired an in-house Project Manager to take over day to day management of the overall project, beginning in summer 2018.

Architect:	Perkins and Will (primary architect) LMNOP Design (design-build)
Contractor:	BCCI Builders
Owner's Construction Representative:	Pound Management

Tenant-Improvements Design and Permitting: As of 11/30/2018

Conceptual Design - Complete
Schematic Design - Complete
Design Development - Complete
Construction Documents (“CDs”) - 90% Complete

La Cocina has held a Pre-Application meeting with DBI to insure that the project can get an Over-the-Counter (“OTC”) Permit. Additionally, the team received their MOD approval. Since the proposed use of 101 Hyde as a Retail Sales and Service (Restaurant) is a permitted use, approval by the planning department can be obtained over-the-counter.

Construction (demolition) is expected to commence in May 2019 to be completed approximately 21 weeks later.

A detailed project Construction Budget is attached as Exhibit B. (Updated version will be sent 2/1. It will be 2 months pushed out from the 11/18 version)

Next Steps

Upon receipt of approval to disburse funds from San Francisco Foundation, MOHCD/OEWD/RED will proceed with seeking approvals from the Board of Supervisors to continue moving the project forward. Two resolutions will be introduced to the Board, an approval of the Terms of Lease and an approval to Accept and Expend funds from the San Francisco Foundation. It is expected to take approximately 6 weeks for the City’s review and approval of these Resolutions, which will be introduced in January 2018. Following these approvals, the City intends to enter into the Lease with La Cocina, facilitating the start of site renovations once La Cocina has raised the funds necessary to do so.

Recommendation:

MOHCD recommends SSF approval of the release of Grant funds subject to the City’s approval of the acceptance of those funds to facilitate the signing of a Lease and initiation of the Municipal Marketplace project at 101 Hyde.
