

1 [Five-Year Information and Communication Technology Plan - FYs 2020-2024]

2

3 **Resolution adopting the City’s five-year information and communication technology**
4 **plan for FYs 2020-2024 pursuant to Administrative Code, Section 22A.6.**

5

6 WHEREAS, Administrative Code, Section 22A.6 requires the Committee on
7 Information and Communication Technology (COIT) to submit and the Mayor and the Board of
8 Supervisors to review, amend and adopt in odd-numbered years a five-year Information and
9 Communication Technology (ICT) plan; and

10 WHEREAS, COIT reviewed and unanimously approved the City’s fifth five-year ICT
11 plan at its meeting held on February 21, 2019; and

12 WHEREAS, The COIT-approved ICT plan outlines guiding priorities the City will focus
13 on in the next five years, outlines a financial strategy to fund these technology needs, and lists
14 the currently planned technology projects for each department over the next five years; and

15 WHEREAS, The plan details four strategic IT goals in order to align available resources
16 and the identified department and citywide IT project requests over the next five years; now,
17 therefore, be it

18 RESOLVED, That the Board of Supervisors adopts COIT’s proposed ICT plan, with
19 such amendments and revisions as the Board deems appropriate, as the City’s five-year ICT
20 plan for FYS 2020-2024, as provided in Administrative Code, Section 22A.6.
