

Re: Item(4)

4/25/19

Dear Supervisor Haney & Supervisors of the  
Public Safety & Neighborhood Services Committee,  
I am sorry that I will need to leave before  
Public Comment on the Hearing on Open Use of  
Drugs in the Tenderloin & SoMa.

My organization Senior & Disability Action  
represents all seniors & the disabled including those  
who may be drug addicted, homeless, & housed in  
the neighborhoods of the TL & SoMa. The latter  
group ~~are~~ <sup>is</sup> often frightened by the drug dealing outside  
their homes. We believe a community response  
to drug dealing is the right path -- a Working  
Group / Task Force that can thoughtfully sit down  
together & come up with innovative solutions and  
ways to provide more services to the drug  
addicted & mentally ill on our streets.

We recommend that at least one senior  
and person with disabilities be on any Task Force  
that may be established. There need to be representatives  
from the affected neighborhoods of the TL & SoMa.

Thank you very much.

Betty Traynor  
Board President
