16 For all purposes of this Charter, the following terms shall have the meanings specified
17 below:

18 * * * *

19 "Elector" shall mean a person registered to vote in the City and County.

20 * * * *

21 "General municipal election" shall ~~mean the election for local officials or measures to be~~
22 ~~held in the City and County on the Tuesday immediately following the first Monday in November~~
23 ~~in every year until and including 2015. Thereafter, "general municipal election" shall~~ mean the
24 election for local officials or measures to be held in the City and County on the Tuesday
25 immediately following the first Monday in November in all even-numbered years and in every

1 fourth year following 2015. For the purpose of this definition, "local officials" shall mean the
2 elected officials identified in Section 13.101.

3 * * * *

4 "Special municipal election" shall mean, in addition to special elections otherwise
5 required by law, the election called by (1) the Director of Elections under Section 14.101 or
6 14.103~~with respect to an initiative, referendum or recall~~, and (2) the Board of Supervisors under
7 Section 13.103 or 14.102~~with respect to bond issues, election of an official not required to be~~

LEGISLATIVE DIGEST

[Charter Amendment - 16- and 17-Year-Olds Voting in Municipal Elections]

Describing and setting forth a proposal to the voters at an election to be held on November 3, 2020, to amend the Charter of the City and County of San Francisco to authorize youths aged 16 and 17 to vote in municipal elections.

Existing Law

Article XVII of the Charter defines “voter” as “an elector who is registered in accordance with the provisions of state law.” State law provides that voters must be at least 18 years old to vote. See Cal. Const., art. II, § 2 (“A United States citizen 18 years of age and resident in this State may vote.”); Cal. Elec. Code § 2000(b) (“Any person who will be at least 18 years of age at the time of the next election is eligible to register and vote at that election.”).

Amendments to Current Law

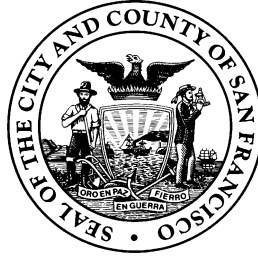

The proposal would amend the Charter’s definition of “voter,” for the purpose of municipal elections, to be “any person who is at least 16 years old, meets all the qualifications for voter registration in accordance with state law other than those provisions that address age, and is registered to vote with the Department of Elections.”

Background Information

In 2016, the Board of Supervisors submitted a Charter amendment to the voters that would have authorized 16 and 17 year olds to vote in municipal elections. See File No. 150267. The measure appeared as Proposition F on the November 8, 2016 ballot, but failed to obtain the voters’ approval.

RE: File 200477 – Charter Amendment authorizing 16 and 17 year olds to vote in municipal elections

Dear Ms. Calvillo,

Should the proposed charter amendment be approved by the voters, in my opinion, it would have a minimal impact on the cost of government.

The amendment could be expected to increase the number of registered voters for municipal elections by up to approximately 1.5 percent if 16 and 17 year olds register to vote at the same rate as the general population. The Department of Elections would have some additional costs to produce voter materials. In addition it would have some costs to conduct voter education and outreach efforts for this group of voters. Spread over the four-year election cycle the added expense would represent only a marginal increase in Department of Elections' costs an annual basis.

Sincerely,

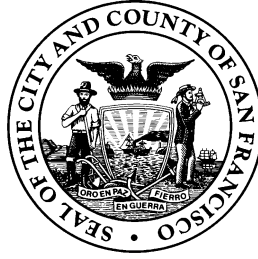

Natasha Mihal

History of Vote16 Movement in San Francisco

- **2016 Vote16SF campaign**
 - Ballot measure only lost by 2.8%
- **2020 Vote16 campaign**
 - 30 community organizations, 14 elected officials (10 Supervisors), 2 political clubs, 1 neighborhood association
 - Media: Examiner, Chronicle, SF Public Press, Teen Vogue
 - More emphasis on community outreach this time around

Why This Matters Now?

- Young people mobilizing right now for Black Lives Matter (ex. Mission High youth led protest, Golden Gate Bridge youth led march)
- Young people creating a movement, not a moment
- Young people are actively calling for defunding of police and accountable policy action. 16 & 17 year olds need a democratic way to participate - voting is one solution
- Young people will be most impacted by the current COVID-19 global pandemic: impacts on school, employment, finances, housing, health, etc.

Why expand the voting age?

16 and 17 year olds deserve to vote locally

- Many civic responsibilities accrue at age 16. Work without limitations on hours, pay taxes, drive cars, and play key roles in their communities.
- As people who use public services and are affected by policy decisions, 16-17 year olds are ready to have a say in government decisions.
- Young people are uniquely impacted by the fallout of COVID-19. Setbacks in education will widen the achievement gap, and they have the longest to live with the impacts of a recession. 16- and 17-year-olds deserve a voice on the decisions that will shape the recovery.
- Nationally, 13% of grocery workers (essential during COVID-19) are 16-19.

An issue of equity

- 16- and 17-year-olds in SF are predominantly people of color, and are less likely to establish voting habits.
- 1 out of 3 SFUSD students has an immigrant parent.

16- and 17-year-olds vs overall population in SF, by race		
	16 and 17	Overall
Asian American	39%	34%
Black or African American	9%	5%
Hispanic or Latinx	23%	15%
White (European descent)	23%	40%
Two or more races	5%	5%

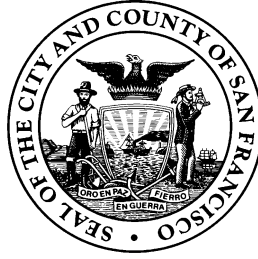

16 is a better age to begin voting than 18

- Voting is a **habit**. 16 is a better time than 18 to establish that habit.
- Age 18 is a year of big transitions for most young people, making it a challenging time to establish new voting habits.
- Those who vote in one election are 25% more likely to vote in the next one. Voting at 16 would make lifelong voters.
- At age 16, young people are embedded in their communities where they know and care about local issues.
- 16 and 17 year olds have the opportunity to have classroom, peer, and family conversations that support informed voting choices.

As Co-President of the [San Francisco Women's Political Committee](#) (SFWPC) I am writing to urge you to support BOS File No: 200477 [Charter Amendment - 16- and 17-Year-Olds Voting in Municipal Elections].

Since 2002, SFWPC has worked to endorse, elect and empower women and young people in SF by engaging them in all aspects of the political process.

We are deeply concerned about our city. Rampant inequality continues to disproportionately impact poor people and BIPOC, displacing lifelong residents and exacerbating homelessness. In recent weeks, [we've seen thousands of young people exert their leadership, demanding justice for state-sponsored violence](#). These youth are powerful, courageous and talented, and are clearly demonstrating how they are willing and capable of taking a leadership role in this historic moment.

It is time we acknowledged these young leaders by allowing them the chance to vote in municipal elections, to further engage them in the political process. This is a goal of SFWPC, and why we are proud to support Vote 16.

SFWPC fully endorses Vote 16 and encourages the SFBOS to support their effort and stand up for the next generation of leaders. Thank you for your consideration.

Dear Victor,

Hi, my name is Lauren and I am on the Board of Directors for the San Francisco Women's Political Committee. As a San Francisco native, I'm concerned about the lack of representation for 16 and 17-year olds in this city, even though they want to be politically active. Local political decisions have great influence on the lives of 16- and 17-year-olds: public transportation, school funding, jobs, police policies, parks and recreation, and more.

I am supporting the charter amendment to expand voting rights to 16 & 17 year olds in municipal elections because research shows that 16-year-olds have requisite civic knowledge and skills, and have the mental reasoning ability necessary to make informed choices.

Vote16 will allow 16 and 17 year olds to exercise their voice on issues that impact their future. Voting is habitual, and 16 is a much better time than 18 to establish the habit of voting. At 18, people are in a state of transition that makes it less likely they will vote. At 16, young people can establish the habit of voting in a more stable environment, supported by family, peers, and teachers.

I urge you to support BOS File No: 200477 [Charter Amendment - 16- and 17-Year-Olds Voting in Municipal Elections]. Thank you for your time.

Best,
Lauren Roger

Hello,

My name is Linda and I am on the board of the San Francisco Women's Political Committee. I am supporting the charter amendment to expand voting rights to 16 & 17 years old in municipal elections because in places that have lowered the voting age to 16 and tracked the data, 16- and 17-year-olds have consistently turned out at higher rates than 18-20 years old. Hi my name is Dakshina Thanky. I am a law student at the University of San Francisco and live in District 11.

As a San Francisco resident involved in local politics , I am concerned about the youth in my community who are very active and involves in their communities but have no voice or representation through our City's voting system.

I am supporting the charter amendment to expand voting rights to 16 & 17 year old's in municipal elections because voting should be encouraged at the age of 16 because it fosters belief in our democratic process and gets the youth in the habit of voting early on.

Vote16 will allow 16 and 17 year old's to exercise their voice on issues that impact their future and there are numerous issues such as education, nutrition, and transportation, etc. that the youth encounters in this City in their daily lives. To exclude this class of people would be leaving out valuable viewpoints and perspectives that will help make our City better for all of our residents.

I urge you to support BOS File No: 200477 [Charter Amendment - 16- and 17-Year-Olds Voting in Municipal Elections].
