PUBLIC IMPROVEMENT AGREEMENT
(YERBA BUENA ISLAND)

This PUBLIC IMPROVEMENT AGREEMENT (YERBA BUENA ISLAND) (this “**Agreement**”) dated for reference purposes only as of March 29, 2018, is entered into as of _____, 2018 (the “**Effective Date**”), by and between the CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation of the State of California (“**City**”), the TREASURE ISLAND DEVELOPMENT AUTHORITY, a California non-profit public benefit corporation, (“**TIDA**” or the “**Authority**”), and TREASURE ISLAND COMMUNITY DEVELOPMENT, LLC, a California limited liability company, its successors and assigns (“**Subdivider**”).

RECITALS

A. TIDA and Subdivider are parties to that certain Disposition and Development Agreement (Treasure Island and Yerba Buena Island), dated as of June 28, 2011, and recorded in the Official Records of the City and County of San Francisco (the “**Official Records**”) on August 10, 2011 as Document No. 2011-J235239-00 (the “**Original DDA**”), as amended by that certain First Amendment to Disposition and Development Agreement (Treasure Island and Yerba Buena Island), dated as of October 23, 2015, and recorded in the Official Records on November 5, 2015 as Document No. 2015-K153304 (the “**First Amendment**”) collectively, and as the same may be further amended from time to time, the “**DDA**”.

B. Pursuant to that certain Development Agreement dated as of June 28, 2011, by and between Subdivider and the City (“**DA**”), Subdivider and TIDA are engaged in subdividing the property that is subject to proposed “Final Map No. 9228” (“**Final Map**”) consisting of approximately 303 acres, as shown therein (“**Property**”). A tentative subdivision map, entitled “Tentative Subdivision Map 9228 for condominium and other purposes, Yerba Buena Island” (“**Tentative Map**”), for the proposed subdivision of the Property was approved by the Director of the Department of Public Works (“**Director**” with references to Director also including the Director’s designee where authorized by law), acting as the advisory agency for purposes of the Subdivision Map Act and the Treasure Island and Yerba Buena Island Subdivision Code

(“**Advisory Agency**”), subject to certain requirements and conditions contained in the Director’s Conditions of Approval dated November 8, 2017 (“**Conditions of Approval**”).

C. Pursuant to the Treasure Island and Yerba Buena Island Subdivision Code (the “**Code**”) and the Treasure Island and Yerba Buena Island Subdivision Regulations (“**Subdivision Regulations**”), the Tentative Map, and the Conditions of Approval, the Final Map irrevocably offers for dedication Lots A, B and C for public street and utilities use, and Lot G for public utilities use (“**Street and Utilities Lots**”).

D. Public Works Order No. 185562 granted certain exceptions to the Code and Subdivision Regulations pertaining to design and construction of the YBI Required Infrastructure as defined below.

E. Pursuant to the DDA, Subdivider is obligated to construct horizontal infrastructure and public improvements on the Street and Utilities Lots as well as public park and open space improvements on Lots D, E, F, and I – M, inclusive, (“**Open Space Lots**”) that are, and will continue to be, owned in fee by TIDA. The infrastructure and public improvements contemplated for the Property are described in the Treasure Island Infrastructure Plan (the “**Infrastructure Plan**”) attached to the DDA and as may be amended from time to time, and the Treasure Island and Yerba Buena Island Streetscape Master Plan approved by TIDA on February 10, 2015, as may be amended from time to time (the “**Streetscape Master Plan**”), and the Tentative and Final Maps. Such public improvements are more particularly described in those certain improvement plans identified in Exhibit A (as such plans are revised from time to time, the “**Plans and Specifications**”). The Plans and Specifications provide for the construction, installation and completion of the public improvements identified therein (the “**YBI Required Infrastructure**”). Specific portions of the YBI Related Infrastructure will upon completion be owned by TIDA (the “**TIDA Infrastructure**”) and others by the City (the “**City Infrastructure**”). The Plans and Specifications additionally provide for City Infrastructure and TIDA Infrastructure, including infrastructure located in the public right-of-way, that shall be owned by the City or TIDA and operated and maintained in perpetuity by the Subdivider, fronting property owner, or other private entity approved by the City (the “**Privately Maintained Public Infrastructure**”). The Plans and Specifications also provide for private

improvements in the public right-of-way to be owned, operated, and maintained by the Subdivider, fronting property owner, or other private entity approved by the City (“**Private Infrastructure**”). There also are public improvements that are temporary, shall be owned by the Subdivider, and shall be Subdivider’s responsibility for purposes of maintenance and operation (“**Temporary Facilities**”). These Temporary Facilities include a temporary force main (“**Temporary Force Main**”) and a temporary overhead electrical line (“**Temporary Overhead Line**”) on Treasure Island. The forms of infrastructure mentioned above collectively comprise the YBI Required Infrastructure and the estimated costs of completing the YBI Required Infrastructure are described in Exhibit B hereto (the “**Estimated Costs**”). Copies of the Plans and Specifications are on file with the San Francisco Department of Public Works (“**Public Works**”).

F. Construction of a part of the YBI Required Infrastructure was authorized in advance of this Agreement under Street Improvement Excavation Permit No. 17E-0662 (the “**Excavation Permit**”), which authorizes Subdivider to construct the separated Sanitary Sewer and Storm Drain Improvements, and the Grading and Geotechnical Improvements for realignment of Macalla Road, all as defined in the Excavation Permit. All work under the Excavation Permit is being done at risk by the Subdivider. While the Excavation Permit authorizes the work described therein, that permit does not provide for acceptance of the subject improvements; instead, work performed under the Excavation Permit is subject to acceptance pursuant to Section 6 of this Agreement and the Code. Upon execution of this Agreement, this Agreement shall supersede the Excavation Permit to the extent it incorporates the security for the work thereunder. This Agreement shall govern security for, and acceptance of, any portion of the YBI Required Infrastructure constructed pursuant to the Excavation Permit. Security provided by Subdivider under this Agreement shall supplement the Excavation Permit Bonds (defined below), and all such security shall be maintained and, if applicable, released, pursuant to the terms of this Agreement.

G. The Code provides that before a final subdivision map or parcel map is approved by the City, the Subdivider shall have either (i) installed and completed all of the public improvements required by the City and detailed in the plans and specifications approved by the Director, or (ii) entered into an agreement with the City to install and complete, free of liens, all

of such public improvements within a definite period of time and provided appropriate security to ensure improvement securities to secure satisfactory completion of the work.

H. The DDA requires Subdivider to provide “**Adequate Security**” (as defined in the DDA) to TIDA, which can be replaced or reduced when Subdivider subsequently provides security to the City as required under the Code in order to secure the obligations covered by the Adequate Security to construct “Infrastructure and Stormwater Management Controls” (as defined in the DDA).

I. The City, the Subdivider, and TIDA desire to enter into this Agreement in order to permit the approval and recordation of the Final Map by the City (including the dedications contained therein), to implement the Conditions of Approval, and to simultaneously satisfy the security provisions of the Subdivision Map Act, the Code, and the DDA.

J. Except as specifically defined herein, capitalized terms shall have the meaning given in (i) the Code, (ii) the DDA, (iii) the Subdivision Regulations, (iv) the Plans and Specifications and (vi) the Acquisition and Reimbursement Agreement between the City, Subdivider and TIDA, dated for reference purposes as of March 8, 2016, (as amended from time to time, the “**Acquisition Agreement**”). NOW, THEREFORE, in order to ensure satisfactory performance of the Subdivider under the Code, Subdivider, TIDA, and the City agree as follows:

1. Recitals. The above recitals are true and correct, and are incorporated into this Agreement.

2. Subdivider’s Obligations.

(a) YBI Required Infrastructure. Subdivider shall, in good and workmanlike manner, furnish all necessary materials and complete the YBI Required Infrastructure in conformity with the Plans and Specifications as described in Exhibit A and to the satisfaction and approval of the Director and/or TIDA’s Treasure Island Director (the “**Treasure Island Director**”), as appropriate.

(b) Completion. Subdivider shall complete the YBI Required Infrastructure on or within two (2) years following the recordation of the Final Map. The period of time

provided in this condition may be extended upon application by Subdivider and approval by the Director pursuant to Section 4(b) below, or may be extended by operation of Sections 10(c) through (f) below. In reviewing such application for an extension of time, the Director shall consider reasonable construction, access and storage requirements for each adjacent project and subsequent projects.

(c) Other Required Documentation.

(i) Prior to the Director's submittal of this Agreement to the City's Board of Supervisors ("**Board of Supervisors**"), Subdivider has provided executed and recorded copies of all the documents, agreements and notices required pursuant to Exhibit C, unless deferred by the Director, in writing, until the time of a request for a Notice of Completion, pursuant to Section 6(a). Further, certain tentative map conditions have not been satisfied at the time of Final Map approval. The Director has determined that it is acceptable to defer compliance for the satisfaction of these conditions for purposes of the Subdivision Map Act, and the subject tentative map conditions and deferred compliance event for each condition is shown in Exhibit D. In addition, Subdivider has supplemented the Excavation Permit Bonds with Security in an amount that collectively satisfy Section 3(a) of this Agreement.

(ii) At the time of request for a Notice of Completion, pursuant to Section 6(a), for the YBI Required Infrastructure, or any portion thereof, Subdivider shall provide all documents required pursuant to Exhibit E, plus any other material previously deferred by the Director in item (i) above, unless deferred by the Director in writing until the time of a request for Acceptance pursuant to Section 6(b) below. In addition, the Subdivider shall furnish to Public Works and, if requested, the City Department of Building Inspection, as-built plans of the completed YBI Required Infrastructure or portion thereof, in both electronic (in a reasonably current version of AutoCAD and/or another digital format acceptable to Public Works) and Mylar formats and any reports required by any related Plans and Specifications.

(iii) At the time of a request for Acceptance pursuant to Section 6, of the YBI Required Infrastructure, or any portion thereof, Subdivider shall provide all the documents required pursuant to Exhibit F, plus any other materials previously deferred by the Director pursuant to subsections (i) and (ii) above. In addition, as part of compliance with this

Section 2, Subdivider shall coordinate with the City and TIDA and assist in the City and TIDA's process for the subsequent dedication and Acceptance of the YBI Required Infrastructure by (i) providing necessary maps, legal descriptions and plats for street openings, proposed easements and/or dedications for right of way or utility purposes and for relinquishment of existing rights of access and utilities associated with on-site and off-site development, and (ii) executing easement agreements or grant deeds or modifying existing easements or grant deeds consistent with the Conditions of Approval.

3. Improvement Security.

(a) Security. Prior to the Director executing this Agreement on behalf of the City and the City releasing the Final Map for recordation, Subdivider shall furnish and deliver to the Director bonds, in favor of the City, substantially in the form attached as Exhibit F and approved by the City Attorney, from an issuer approved by the Director, securing the installation and completion of the YBI Required Infrastructure as follows:

(i) Performance bonds in the amount of fifty million forty-four thousand seventy-five Dollars (\$50,044,075.00) (100% of estimated "hard" cost of completion of the construction and installation of YBI Required Infrastructure as determined by the DPW Director) to secure the satisfactory performance of Subdivider's obligations (Exhibit G-1); and

(ii) A payment bond or other acceptable security in the amount of twenty-five million twenty-two thousand thirty-seven Dollars and fifty cents (\$25,022,037.50) (50% of the estimated cost of completion of the YBI Required Infrastructure as determined by the DPW Director) as guarantee of payment for the labor, materials, equipment, and services required for the YBI Required Infrastructure (Exhibit G-2).

(b) Acknowledgement of Security Posted as of Effective Date. The City acknowledges that pursuant to the Excavation Permit, Subdivider has already furnished one Performance Bond (relating to separated Sanitary Sewer and Storm Drain Improvements, and the Grading and Geotechnical Improvements for realignment of Macalla Road Performance Bond) and one Labor and Materials Bond (relating to separated Sanitary Sewer and Storm Drain Improvements, and the Grading and Geotechnical Improvements for realignment of Macalla

Road Labor and Materials Bond) (collectively, the “**Excavation Permit Bonds**”). The Excavation Permit Bonds secure the satisfactory performance of Subdivider’s obligations to complete the construction and installation of a portion of the YBI Required Infrastructure.

(c) Other Acceptable Security. In lieu of providing any of the security described in Section 3(a), Subdivider may, subject to the approval of the Director, provide a deposit or other security as described in Section 66499 of the Government Code. Any security provided under Section 3(a) or this Section 3(b) shall be referred to collectively as the “**Security**”.

(d) Use of Security. If the YBI Required Infrastructure is not completed within the time periods specified in Section 2(b) and such period is not extended by the City or as otherwise provided under this Agreement, or Subdivider has not satisfactorily corrected all deficiencies during the Warranty Period, the Security may, by resolution of the Board of Supervisors, be used by the City for completion of the YBI Required Infrastructure in accordance with the Plans and Specifications and for the correction of any such deficiencies.

(e) DDA Security. The security requirements of this Agreement shall be read and constructed in accordance with the requirements of the Code and the DDA. Nothing in this Agreement shall alter the City, TIDA, or Subdivider’s rights and remedies under the DDA or the security to be provided by Subdivider under the DDA, except as provided in the DDA.

4. Construction of YBI Required Infrastructure.

(a) Permits and Fees. Subdivider shall not perform any YBI Required Infrastructure work until all required permits have been obtained for the component or portion of work involved, and all applicable fees, including inspection and testing fees, have been paid. In addition, no work shall commence until the Subdivider has submitted to the City and City has approved all required items described in Section 2(c) and any additional requirements of and authorizations specified in the Code, Subdivision Regulations, Conditions of Approval, and this Agreement, unless the Director, in his or her discretion, has granted a written deferral for one or more of these materials.

(b) Extensions. The Subdivider may request an extension of the time period specified in Section 2(b) for completion of the YBI Required Infrastructure by written request to the Director. A request shall state adequate evidence to justify the extension, and shall be made upon Subdivider's determination that it cannot reasonably meet the deadline in the time remaining for completion. The Director may request additional information, and shall in good faith attempt to determine within thirty (30) days of the request whether to grant an extension of time. The Director's failure to respond within the time specified shall, however, not constitute either a grant or denial of the requested extension. The time for completion additionally shall be automatically extended for the number of days past thirty (30) during which a request for an extension is pending a determination by the Director, as well as during any Excusable Delay, Developer Extension, or Park Extension as provided in Section 10(c) – (e). The Director shall not unreasonably withhold a request for an extension. The Director may reasonably condition an extension subject to the terms of this Agreement and the conditions provided in the Code, including execution of an extension agreement and the extension of any security. No extension approved hereunder shall limit or relieve a surety's liability, or provide an extension on any future obligation under this Agreement or the DDA (except as expressly stated in the approved extension).

(c) Revisions to Plans and Specifications. Requests by the Subdivider for revisions, modifications, or amendments to the approved Plans and Specifications (each a "**Plan Revision**") shall be submitted in writing to the Director (with a copy to the Director's designee). Subdivider shall not commence construction of any proposed Plan Revision without approval by Public Works and until revised plans have been received and approved by the Director (or the Director's designee). If the Director or his or her designee approves an instructional bulletin, such approval shall be considered the Director's approval for purposes of this Subsection.

(i) Any Infrastructure Plan amendments or other related documentation required for a Plan Revision shall be processed with reasonable promptness, and approval of the Plan Revision shall not be deemed final until the amendment or other documentation has been completed.

(ii) Any Plan Revision request shall be accompanied by (A) a statement explaining the need for or purpose of the proposed revision, and (B) drawings and specifications and other related documents showing the proposed Plan Revision in reasonable detail, consistent with the original Plans and Specifications.

5. Release of Security. The Security, or any portions thereof, not required to secure completion of Subdivider's obligation for construction or installation of the YBI Required Infrastructure, to satisfy claims by contractors, subcontractors, and/or persons furnishing materials or equipment, or for setting monuments set forth on the Final Map (a form of bond for such monuments is appended hereto as Exhibit G-3), shall be released to the Subdivider, or its successors in interest, or reduced, pursuant to the procedures below as appropriate:

(a) One Year Warranty Bond. Upon the Director's issuance of a Notice of Completion for a portion of the YBI Required Infrastructure in accordance with Section 6(a), the Security shall be reduced as to that portion in accordance with Section 1770 of the Code. As to that portion, the Security remaining following such reduction is referred to herein as the "**Remaining Security**," which term shall also refer to all Security remaining after any release under this Subsection following the Director's issuance of a Notice of Completion for the final portion of YBI Required Infrastructure.

(b) Partial Release of Security. Notwithstanding the release provisions in Section 5(a) and except as provided in Sections 5(d) and 5(e), the Security may be reduced in conjunction with completion of any portion or component of the YBI Required Infrastructure to the satisfaction of the Director in compliance with Section 6(a) hereof to an amount determined by the Director that equals the actual cost of the completed portion or component of the YBI Required Infrastructure. Prior to the date that the conditions set forth in Section 5(c) are satisfied, in no event, however, shall the amount of the Security be reduced below the greater of (i) the amount required to guarantee the completion of the remaining portion of the YBI Required Infrastructure and any other obligation imposed by the Subdivision Map Act, the Code or this Agreement; or (ii) ten percent (10%) of the original amount.

(c) Release of Remaining Security. Remaining Security shall be released when all of the following have occurred:

(i) One (1) year following the date of Acceptance (as defined below) of (or, as appropriate, a Certificate of Conformity regarding) the relevant portion the YBI Required Infrastructure, or, with respect to any specific claim of defects or deficiency in YBI Required Infrastructure after such has been Accepted, one (1) year following the date that any such defect or deficiency which the Director identified in the YBI Required Infrastructure in accordance with Section 8(a) has been corrected or waived in writing by the Director; and

(ii) The Clerk of the Board of Supervisors (or the Clerk's designee) certifies that no claims by any contractor, subcontractor or person furnishing labor, materials or equipment for the YBI Required Infrastructure have been filed against the City, all such claims have been satisfied, withdrawn, or otherwise secured by bond or other security approved by the Director (or the Director's designee).

(d) Release of Security for Temporary Force Main. The Parties acknowledge that the City's policy is generally to require security for temporary improvements and for permanent improvements where temporary improvements are authorized to serve a given subdivision. However, with respect to the Temporary Force Main, and in recognition of the fact that Subdivider has filed an application for a tentative map for the first development phase of Treasure Island and related improvement plans that provide for partial construction of the permanent force main, this Subsection 5(d) shall apply. The Parties further acknowledge that the City reserves the right to require security for the permanent force main in conjunction with one or more public improvement agreements for Treasure Island.

(i) Subdivider may request release of Security relating to the Temporary Force Main pursuant to Section 5(b) from time to time as the Temporary Force Main is completed. However, the City shall not, at any point, reduce the Security below an amount that is necessary to complete the remainder of the Temporary Force Main or the amount to remove the Temporary Force Main, whichever is greater.

(ii) Upon completion of the Temporary Force Main, the City shall reduce the Security relative to the Temporary Force Main to an amount equal to the greater of thirty percent (30%) of the original amount of the Security pertaining to the Temporary Force Main or the amount necessary to pay for removal of the Temporary Force Main ("Remaining

Temporary Force Main Security”). The Remaining Temporary Force Main Security will be retained until all segments of the Temporary Force Main have been removed and Subdivider has completed any related surface restoration, subject to the Director’s confirmation of said removal and restoration.

(e) Release of Security for Temporary Overhead Line. City shall retain security that, in the Director’s discretion and subject to SFPUC’s concurrence, is adequate to pay for all costs associated with installing new underground facilities to replace the Temporary Overhead Line until such time as Subdivider completes the underground facilities and the security is released pursuant to the Subdivision Code and this Agreement.

6. Completion and Acceptance.

(a) Director’s Inspection. Upon written request from the Subdivider for a “**Notice of Completion**” as defined in Code Section 1751.2 accompanied with any and all materials that are required under Section 2(c)(iii), the Director shall promptly determine whether the YBI Required Infrastructure, or portion thereof, is ready for its intended use and completed substantially in conformity with the Plans and Specifications and applicable City Regulations and shall notify Subdivider as soon as reasonably practicable in writing of the determination. If the Director determines that the YBI Required Infrastructure has not been completed or does not satisfy the above requirements, Director shall notify Subdivider of such determination together with a statement setting forth with particularity the basis for that determination. If the Director determines that the YBI Required Infrastructure has been completed and meets the above requirements, the Director shall issue the Notice of Completion.

(b) Acceptance. “**Acceptance**” by the City of the YBI Required Infrastructure and by TIDA of the TIDA Infrastructure, or portion thereof, for public use and maintenance shall be deemed to have occurred when:

(i) The Director has issued a Notice of Completion for the YBI Required Infrastructure, or portion or component thereof in accordance with Section 6(a);

(ii) The Subdivider submits a written request to the Director or, for the TIDA Infrastructure, to the Treasure Island Director, to initiate acceptance legislation or other

appropriate action, before the Board of Supervisors or the TIDA Board of Directors (“**TIDA Board**”), as appropriate. Such submission shall include any and all materials for which the Director authorized deferral under Section 2(c), and any other materials that the Director deems necessary to provide the required authorizations and certifications to the Board of Supervisors as part of the acceptance legislation; and

(iii) The Board of Supervisors or the TIDA Board, by ordinance or other appropriate action, accepts the YBI Required Infrastructure, or portion thereof, for public use and maintenance in accordance with the provisions of San Francisco Administrative Code Section 1.52 and Subdivider’s maintenance and warranty obligations under and Section 9(a) of this Agreement.

(c) Offers of Dedication. The owners’ statements of the Final Map include or shall include certain irrevocable offers of dedication of improvements, easements shown only on the map, easements by agreement, and real property in fee simple. In addition, the offers of dedication of improvements shall be made by separate instrument(s); the offers of dedication of real property in fee simple shall be made by separate instrument(s) and separate grant deed(s); and the offers of dedication of easements shall be made by separate instrument(s). The Board of Supervisors, or the TIDA Board for TIDA Infrastructure, shall accept, conditionally accept, or reject such offers. The City, at its discretion, may accept these easements at its convenience through formal action of the Board of Supervisors or as otherwise provided in local law or as part of the Board of Supervisors’ initial approval of this Treasure Island/Yerba Buena Island project. The Board of Supervisors, or the TIDA Board for TIDA Infrastructure, shall also by ordinance accept, conditionally accept, or reject for public right-of-way and utility purposes the YBI Required Infrastructure (or a portion or component of the YBI Required Infrastructure) in accordance with Subsection 6(b). The Final Map includes certain offers of dedication as more particularly set forth therein. Upon the Director’s issuance of a Notice of Completion for the YBI Required Infrastructure, or portion thereof, in accordance with Section 6(a) of this Agreement, the Board of Supervisors, or the TIDA Board for TIDA Infrastructure, shall by ordinance or other appropriate action accept, conditionally accept, or reject such offers. Each shall also accept, conditionally accept, or reject offers of any portions of the YBI Required Infrastructure that were not included in such previous offers of dedication.

(d) Dedication. In addition to accepting improvements, the City and TIDA shall dedicate the YBI Required Infrastructure to public use and shall designate them for their appropriate public uses, pursuant to the Memorandum of Agreement Regarding Ownership and Maintenance of Public Improvements on Treasure Island and Yerba Buena Island, between the City and TIDA, dated April 26, 2017 and as may be amended from time to time (“**Infrastructure MOA**”).

(e) Temporary Facilities and Private Infrastructure Shall Not Be Publicly Dedicated. Subdivider shall not offer for dedication the Temporary Facilities and Private Infrastructure. This infrastructure shall be owned, operated, and maintained by Subdivider, unless the City, at its sole discretion, decides to accept Temporary Facilities at a future date. The Temporary Force Main shall be subject to an operating agreement between TIDA and the City acting by and through its Public Utilities Commission (the “**Utility Operating Agreement**”). TIDA and the City intend to execute Utility Operating Agreement within 120 days of the effective date of this Agreement. When the Utility Operating Agreement is complete it shall be deemed incorporated into and made a part of this Agreement. The Private Infrastructure and Temporary Facilities are integral components of the YBI Required Infrastructure and are necessary components of a fully functional utility system on YBI. Promptly upon Subdivider’s request, the City shall inspect the Private Infrastructure and Temporary Facilities and the City shall issue a Certificate of Conformity for Private Infrastructure and Temporary Facilities that meet the standard for such set forth in Section 5 above. The Subdivider shall obtain a Certificate of Conformity for the Temporary Facilities and Private Infrastructure prior to City and/or TIDA Acceptance of the YBI Required Infrastructure (or portions or components thereof); provided, however, that the Director, in consultation with TIDA and any affected City department, may grant an exception to this requirement on a case by case basis.

(f) Acceptance of Sanitary Sewer Improvements Relying on the Temporary Force Main. Prior to requesting a Notice of Completion on any sanitary sewer improvements serving the Property, Subdivider shall enter into an agreement with TIDA to obtain sanitary sewage treatment services for the Property. Until SFPUC’s completion of a new wastewater treatment plant and acceptance of related infrastructure as may be required by the City, TIDA shall be the sanitary sewer treatment service provider to the Property and SFPUC, Subdivider

and TIDA shall convey flows from the Property to the existing plant. Prior to City issuing a Notice of Completion on any sanitary sewer improvements serving the Property, TIDA and SFPUC shall reach an accommodation for the division of costs and invoicing of customers. The accommodation will include a wastewater “wheeling fee” and will allow for the acceptance of permanent sanitary sewer infrastructure on the Property prior to completion of the new Wastewater Treatment Plant on Treasure Island.

7. Subdivider’s Maintenance Responsibility.

(a) General Maintenance and Liability Prior to Acceptance. Prior to Acceptance, Subdivider shall be responsible for the maintenance and repair of the YBI Required Infrastructure and shall bear the liability regarding the same, consistent with Code Section 1751.

(b) Maintenance and Liability Following Acceptance. Following Acceptance, and subject to Sections 7(c) and 9(a), the City (or TIDA for the TIDA Infrastructure) shall assume the responsibility of operating and maintaining and shall be liable for such Accepted YBI Required Infrastructure, subject to any exceptions identified in the Board of Supervisors ordinance (or TIDA Board resolution) accepting the YBI Required Infrastructure. Without limiting the generality of the foregoing, nothing in this Agreement shall be construed to mean that Subdivider is responsible (or that City shall have right to call upon the Security) for the repair, replacement, restoration, or maintenance of the YBI Required Infrastructure damaged by the actions of third parties following Acceptance by the City or TIDA.

(c) Privately Maintained Public Infrastructure and Private Infrastructure. The YBI Required Infrastructure includes the Privately Maintained Public Infrastructure, facilities for which the City or TIDA may accept ownership but place responsibility for maintenance and liability on Subdivider, and Private Infrastructure, facilities for which the Subdivider shall bear the liability and responsibility for maintenance. For both Privately Maintained Public Infrastructure and Private Infrastructure such responsibility will be set out in a “**Master Encroachment Permit.**” Notwithstanding any Acceptance by the City, the Parties understand and agree that Subdivider, its successor in interest as to one or more of the development parcels depicted on the Tentative Map (i.e., Lots 1 – 6 inclusive), fronting property owner, or other private entity approved by the City, shall be responsible for the ongoing maintenance and

liability of the Privately Maintained Public Infrastructure and Private Infrastructure. The maintenance and liability obligations for the Privately Maintained Public Infrastructure and Private Infrastructure shall be defined in a Master Encroachment Permit approved by the Board of Supervisors and/or, as to TIDA Infrastructure that is Privately Maintained Public Infrastructure, a similar agreement between Subdivider and TIDA (a “**TIDA Maintenance Agreement**”). The Master Encroachment Permit and TIDA Maintenance Agreement shall respectively provide for the designation of any successor to Subdivider’s responsibilities thereunder. The Subdivider shall obtain the Board of Supervisors’ approval of the Master Encroachment Permit prior to or concurrent with Board of Supervisors’ approval of the first Final Map for development parcels; provided, however, that the Director may in his or her discretion defer such agreement and satisfaction of this requirement to a time no later than issuance of the first Notice of Completion for any or all YBI Required Infrastructure. Subdivider agrees that no portion of the Privately Maintained Public Infrastructure may be offered to the City or TIDA for Acceptance until that infrastructure is included in an approved and executed Master Encroachment Permit and/or TIDA Maintenance Agreement.

(d) Protection of YBI Required Infrastructure. In order to protect the YBI Required Infrastructure from damage until such time as the applicable YBI Required Infrastructure, or portion thereof, is Accepted, Subdivider may erect a construction fence around areas under construction, to be constructed in the future, or constructed but not Accepted, provided that Subdivider has procured all necessary permits and complied with all applicable laws. However, no construction fence may be built or maintained if the Director determines that a construction fence adversely affects public health or safety by restricting the ingress and egress of the public to and from a public right of way.

8. Temporary Force Main. In accordance with the SFPUC’s letter supporting exceptions to the Conditions of Approval, Subdivision Regulations, and Subdivision Code for the Temporary Force Main dated March 26, 2018, Subdivider agrees as follows:

(a) The Temporary Force Main shall be replaced by the permanent force main by Subdivider at no cost to City.

(b) Subdivider shall provide adequate bonding to cover SFPUC costs for the replacement of the Temporary Force Main with a permanent force main, including adequate geotechnical improvements, should the development project fail to construct future phases. Subdivider shall provide such bonding at the time of approval of the next public improvement agreement and final map.

(c) The SFPUC shall operate and maintain the Temporary Force Main at no cost to SFPUC, under the terms of a future agreement.

(d) The future agreement will ensure:

- i. SFPUC has full access to the Temporary Force Main.
- ii. SFPUC will maintain gravity (feeder) sewers at TIDA's expense.
- iii. SFPUC shall perform routine maintenance on the Temporary Force Main.
- iv. All operations and maintenance work on the Temporary Force Main will be done at no cost to SFPUC.
- v. In accordance with the Subdivision Regulations, Subdivider shall indemnify TIDA and the City against all claims, losses and damages directly or indirectly caused by or resulting from the use, operation, or failure of the Temporary Force Main.

9. Warranty and Indemnity.

(a) Warranty. Acceptance of YBI Required Infrastructure by the City or TIDA shall not constitute a waiver of any defects. Subdivider covenants that all YBI Required Infrastructure constructed or installed by Subdivider shall be free from defects in material or workmanship and shall perform satisfactorily for a period (a "**Warranty Period**") of three (3) years for pump stations and (2) years for all other portions of the YBI Required Infrastructure. Such Warranty Period shall begin upon the issuance of a Notice of Completion for the YBI Required Infrastructure (or portion thereof) as specified in Section 1751.2 of the Code, except that the Warranty Period for plant materials and trees planted as part of the YBI Required

Infrastructure shall not commence until the Director receives a certification from the City's Construction Manager that a plant establishment period set in accordance with the Plans and Specifications has passed. During the Warranty Period, Subdivider shall, as necessary, and upon receipt of a request in writing from the Director or from TIDA that the work be done, inspect, correct, repair or replace any defects in the YBI Required Infrastructure at its own expense. Should Subdivider fail to act with reasonable promptness to make such inspection, correction, repair or replacement, or should an emergency require that inspection, correction, repair or replacement be made before Subdivider can be notified (or prior to Subdivider's ability to respond after notice), the City or TIDA may, at its option, upon notice to Subdivider, make the necessary inspection, correction, repair or replacement or otherwise perform the necessary work and Subdivider shall reimburse the City or TIDA for the actual cost thereof. During the Warranty Period, the City shall hold the Subdivider's Security, reduced as described in Section 5, to secure performance of Subdivider's foregoing warranty obligations. Subdivider's responsibility during the Warranty Period shall include repairing defects and defective material or workmanship, but not ordinary wear and tear or harm or damage from improper maintenance or operation of the YBI Required Infrastructure by the City, TIDA, or any agent or agency of either.

(b) Indemnity. For purposes of this Subsection, any capitalized term shall be defined consistent with the DDA. Consistent with the DDA, the indemnity provided in Section 22.1 of the DDA shall apply to all work performed under this Agreement. DDA Section 22.1 is reproduced here and made a part of this Agreement; such incorporation shall not limit, replace or alter the effect of DDA Section 22.1. In the event of any difference between the text of DDA Section 22.1 and the reproduction herein, the DDA as executed shall govern.

22.1 General Developer Indemnification. Developer shall Indemnify the Authority and the City and their respective commissioners, supervisors, officers, employees, attorneys, contractors and agents (each, a "**City Party**") from and against all claims, demands, losses, liabilities, damage, liens, obligations, interest, injuries, penalties, fines, lawsuits or other proceedings, judgments and awards and costs and expenses (including reasonable attorneys' fees and costs, consultant fees and costs and court

costs) of whatever kind or nature, known or unknown, contingent or otherwise, including the reasonable costs to the Authority of carrying out the terms of any judgment, settlement, consent, decree, stipulated judgment or other partial or complete termination of an action or procedure that requires the Authority to take any action (collectively “**Losses**”) arising from or as a result of, except to the extent such Losses are directly or indirectly caused by the act or omission of a City Party, (a) the non-compliance of the Infrastructure and Stormwater Management Controls constructed by or on behalf of Developer with any federal, State or local laws or regulations, including those relating to access, or any patent or latent defects therein, (b) during the period of time that Developer holds title to any portion of the Project Site, the death of any person or any accident, injury, loss or damage whatsoever caused to any person or to the property of any person that shall occur in such portion of the Project Site and (c) the death of any person or any accident, injury, loss or damage whatsoever caused to any person or to the property of any person that shall occur in or around the Project Site to the extent caused by the act or omission of Developer or its agents, servants, employees or contractors.

In addition to the foregoing, Developer shall Indemnify the City Parties from and against all Losses (if a City Party has been named in any action or other legal proceeding) and all Authority Costs incurred by a City Party (if the City Party has not been named in the action or legal proceeding) arising directly or indirectly out of or connected with contracts or agreements (i) to which no City Party is a party and (ii) entered into by Developer in connection with its performance under this DDA, any Assignment and Assumption Agreement and any dispute between parties relating to who is responsible for performing certain obligations under this DDA (including any record keeping or allocation under the Financing Plan), except to the extent such Losses were caused by the act or omission of a City Party. For purposes of the foregoing sentence, no City Party shall be deemed to be

a “party” to a contract solely by virtue of having Approved the contract under this DDA (e.g., an Assignment and Assumption Agreement).

(c) Limitation on City and TIDA Liability. Neither the City nor TIDA shall be an insurer or surety for the design or construction of the YBI Required Infrastructure pursuant to the approved Plans and Specifications, nor shall any officer or employee thereof be liable or responsible for any accident, loss, or damage happening or occurring during the construction of the YBI Required Infrastructure as specified in this Agreement, except as may arise due to the negligence or willful acts or omissions of the City or TIDA.

10. Miscellaneous.

(a) Final Map Recordation. The City, in accordance with the Code, shall record the Final Map with the County Clerk in the Official Records of the City and County of San Francisco promptly upon Board of Supervisors’ approval. The City shall notify Subdivider and TIDA of the time of recordation. In the event the Final Map is not recorded within fifteen (15) days of approval, this Agreement shall be null and void.

(b) Independent Contractor. In performing its obligations under this Agreement, the Subdivider is an independent contractor and not an agent or employee of the City or TIDA.

(c) Excusable Delay. All time periods in this Agreement shall be extended for Excusable Delay as defined in Section 24.1 of the DDA, which is reproduced below. In the event of any difference between the text of DDA Section 24.1 and the reproduction herein, the DDA as executed shall govern.

24.1 Excusable Delay. In addition to the specific provisions of this DDA, a Party shall not be deemed to be in default under this DDA, including all Exhibits, on account in any delay in such Party’s performance to the extent the delay results from any of the following (each, “**Excusable Delay**”):

24.1.1 **“Force Majeure”**, which means: war; acts of terrorism; insurrection; strikes or lock-outs not caused by, or outside the reasonable control of, the Party claiming an extension; riots; floods; earthquakes; fires; casualties; acts of nature; acts of the public enemy; epidemics; quarantine restrictions; freight embargoes; lack of transportation not caused by, or outside the reasonable control of, the Party claiming an extension; failure or delay in delivery of utilities serving the Project Site not caused by, or outside the reasonable control of, the Party claiming an extension, existing environmental conditions affecting the Project Site that are not the responsibility of Developer under a Remediation Agreement, and previously unknown environmental conditions discovered on or affecting the Project Site or any portion thereof, in each case including any delay caused or resulting from the investigation or remediation of such conditions; existing unknown or newly discovered geotechnical conditions affecting the Project Site, including any delay caused or resulting from the investigation or remediation of such conditions, or litigation that enjoins construction or other work on the Project Site or any portion thereof, causes a lender to refuse to fund, disburse or accelerate payment on a loan, or prevents or suspends construction work on the Project Site except to the extent caused by the Party claiming an extension; unusually severe weather; inability to secure necessary labor, materials or tools (provided that the Party claiming Force Majeure has taken reasonable action to obtain such materials or substitute materials on a timely basis); a development moratorium, as defined in Section 66452.6(f) of the California Government Code, extending the expiration date of a tentative subdivision map; the occurrence of a Conflicting Law; a breach of Authority’s Title Covenant, including any delay caused or resulting from the ensuing time necessary for Authority or Developer to remove such title exception, including litigation arising therefrom; and any other causes beyond the reasonable control and without the fault of the Party claiming an extension of time to perform.

24.1.2 “**Economic Delay**”, means either (1) any period of time in which Developable Lots that are Market Rate Lots (“**Developable Market Rate Lots**”) containing thirty percent (30%) or more of the number of Market Rate Units as set forth in the Housing Data Table approved for any given Sub-Phase remain unsold at or above the Minimum Bid Price(s) set forth in the Proforma submitted by Developer at the commencement of the applicable Major Phase (as such Proforma may be updated at a subsequent Sub-Phase in accordance with this DDA), for a period of no less than four (4) months after the last Market Rate Developable Lot in the Sub-Phase has been completed, notwithstanding commercially reasonable and diligent efforts by Developer to market and sell such Developable Market Rate Lots (a “**Sub-Phase Event**”); or (2) any period of time in which Developable Market Rate Lots containing thirty percent (30%) or more of the number of Market Rate Units as set forth in the Housing Data Tables for all Sub-Phases approved to date remain unsold at or above the Minimum Bid Price(s) set forth in the Proforma submitted by Developer at the commencement of the most recent Major Phase (as such Proforma may be updated at a subsequent Sub-Phase in accordance with this DDA), for a period of no less than four (4) months after the last Developable Market Rate Lot in the applicable Sub-Phase has been completed, notwithstanding commercially reasonable and diligent efforts by Developer to market and sell such Developable Market Rate Lots (a “**Cumulative Sub-Phase Event**”). The foregoing notwithstanding, Developable Market Rate Lots designated in the Housing Data Table approved at the commencement of any given Sub-Phase to accommodate buildings over 240 feet in height (each, a “**High Rise Lot**”) and realized land sales attributable to those Developable Market Rate Lots shall be excluded from calculations of both a Sub-Phase Event and a Cumulative Sub-Phase Event for a period of time equal to the first six (6) years after the date of approval of the first Sub-Phase Application in the Initial Major Phase. From and after the sixth anniversary of the date of approval of the

first Sub-Phase Application in the Initial Major Phase, all Developable Market Rate Lots in any given Sub-Phase, including High Rise Lots, shall be included in any calculations determining a Cumulative Sub-Phase Event, but shall not be included in any calculations for determining a Sub-Phase Event. Notwithstanding the foregoing, if the sole reason for Economic Delay is due to the inclusion of unsold High Rise Lots in a Cumulative Sub-Phase Event and such condition remains for more than four (4) years, the Developer, at its option, shall either waive the Economic Delay or, if it elects not to waive the Economic Delay, Developer may deliver a Requested Change Notice regarding a redesign of the High Rise Lots as necessary to reposition the Project for market acceptance.

24.1.3 “**Administrative Delay**”, which means: (i) any Governmental Entity’s failure to act within a reasonable time, in keeping with standard practices for such Governmental Entity, or within the time contemplated in the Interagency Cooperation Agreement, the Development Agreement, any of the Land Acquisition Agreements, any Acquisition and Reimbursement Agreement or this DDA (after a timely request to act or when a duty to act arises); (ii) the taking of any action, or the failure to act, by any Governmental Entity where such action or failure to act is challenged by Developer or a Vertical Developer and the Governmental Entity’s act or failure to act is determined to be wrong or improper; provided, that delays caused by an applicant’s failure to submit Complete Applications or provide required information shall not, by itself, be an Administrative Delay; and (iii) any delay that by the express terms of this DDA is an Administrative Delay. Without limiting the foregoing, Administrative Delay shall include the period of delay, if any, between the anticipated date for Initial Closing as set forth in the Conveyance Agreement approved by the Authority and the City as of the Reference Date and the actual date for the Initial Closing as set forth in the fully executed final Conveyance Agreement.

24.1.4 “**CEQA Delay**”, which means: (i) such period as may be required to complete any additional environmental review required under CEQA after the certification of the Project EIR by the Planning Commission and the Authority Board and the filing of a notice of determination following approval of the Project by the Board of Supervisors; (ii) any time during which there are litigation or other legal proceedings pending involving the certification or sufficiency of the Project EIR or any other additional environmental review, regardless of whether development activities are subject to a stay, injunction or other prohibition on development action; (iii) any time required to comply with any Mitigation Measures imposed on the Project relating to previously unknown conditions or conditions that could not have been reasonably anticipated and that, by their nature require a delay or stoppage in work, including investigation and remediation activities required thereby, provided that the Party claiming delay is taking such required actions and resolving the issues causing delay in a timely and diligent manner; and (iv) any time required by the Authority or City to prepare additional environmental documents in response to a pending Application or other request for an Approval by the City or the Authority that requires additional environmental review; provided that the Party claiming delay has timely taken reasonable actions to obtain any such Approval or action.

Notwithstanding anything to the contrary in this Section 24.1, the following shall not be Excusable Delay: (1) the lack of credit or financing, unless such lack is the result of Economic Delay; or (2) the appointment of a receiver to take possession of the assets of Developer, an assignment by Developer for the benefit of creditors, or any other action taken or suffered by Developer, under any insolvency, bankruptcy, reorganization, moratorium or other debtor relief act or statute.

A party who is subject to Excusable Delay in the performance of an obligation hereunder, or in the satisfaction of a condition to the other

party's performance hereunder, shall be entitled to a postponement of the time for performance of such obligation or satisfaction of such condition during the period of enforced delay attributable to an event of an Excusable Delay. If repair, replacement, or reconstruction of YBI Required Infrastructure (or any portion thereof) or any other public improvements is necessitated by Excusable Delay, then the time period for completion of the applicable work as provided in this Agreement shall be extended as provided in this Section 8(c), including any periods required for redesign, mobilization and other construction related requirements and such repair, replacement or reconstruction shall, as necessary, be reflected in a Plan Revision or change order in accordance with this Agreement. The period of Excusable Delay shall commence to run from the time of the commencement of the cause. The party claiming Excusable Delay shall provide notice to the other parties of such Excusable Delay within a reasonable time following the commencement of the cause. If, however, notice by the party claiming such extension is sent to other parties more than sixty (60) days after the commencement of the cause, the period shall commence to run only sixty (60) days before the giving of such notice, provided that the party claiming the extension gives notice within a reasonable time following the commencement of the cause.

(d) Developer Extension. All time periods in this Agreement shall be extended for the period of any “**Developer Extension**” as defined in Section 24.3 of the DDA and subject to compliance with the Mitigation Measures (as defined in the DDA), which is reproduced below. In the event of any difference between the text of DDA Section 24.3 and the reproduction herein, the DDA as executed shall govern.

24.3 Developer Extension.

24.3.1 Upon receipt of each of the first three Major Phase Approvals, Developer shall obtain a “**Developer Extension**” equal to two (2) years. Upon receipt of the fourth Major Phase Approval, Developer shall obtain a

Developer Extension equal to three (3) years. On any occasion in its sole discretion, Developer shall have the right to apply the Developer Extension subject to the following limitations and procedures:

(i) Developer may apply the Developer Extension only by notifying the Authority to such effect, specifying the duration of such extension; (ii) by notice to the Authority Developer may extend the duration of the extension, so long as it remains within the then unused Developer Extension, and may reduce the duration of the extension upon notification that there is an applicable Excusable Delay and Developer intends to rely on the Excusable Delay instead of the Developer Extension; (iii) subject to the limitations in Section 24.3.2 below, each extension notice shall have the effect of extending (or reducing, as the case may be) all of the Outside Dates in the Schedule of Performance or other date for performance occurring after the date of the notice (in each case as they may otherwise be extended) by the duration of such extension (or reduction); (iv) no such extension may be for a period longer than the unused portion of the then current Developer Extension; and (v) any unused portion of a Developer Extension obtained upon a Major Phase Approval shall expire upon Completion of the Infrastructure and Stormwater Management Controls for that Major Phase. Extensions pursuant to this Section 24.3 are independent of Excusable Delay and any other ground for extension permitted in this DDA.

24.3.2 A Developer Extension shall cause all future dates in the Schedule of Performance, or other date for performance occurring after the date of the notice, to be extended (in each case as they may otherwise be extended), although Developer shall not be entitled (A) to abandon any portion of the Project Site that it owns or where it has Commenced Infrastructure and Stormwater Management Controls without first taking appropriate measures to leave the property in good and safe condition, (B) to cease paying taxes or assessments on any real property it owns within the Project Site, (C) to avoid the obligation to maintain in effect Adequate

Security or other financial assurances, (D) to extend the dates for performance for the Required Improvements, (E) to extend the date for Completion of the Infrastructure and Stormwater Management Controls for the Authority Housing Lot designated for satisfaction of the Replacement Housing Obligation related to demolition of the existing YBI units, or (F) to avoid or delay its Financial Obligations (except to the extent such payments are tied to the dates for the Completion of Improvements).

(e) Park Extension. All time periods in this Agreement shall be extended consistent with any Park Extension as defined in Section 24.4 of the DDA, which is reproduced below (all of the following capitalized terms in this Subsection shall be defined consistent with the DDA). In the event of any difference between the text of DDA Section 24.4 and the reproduction herein, the DDA as executed shall govern.

24.4 Park Extension.

Developer and the Authority wish to avoid damaging the Improvements to the parks and open space during construction of adjacent Improvements, and to avoid the Completion of such parks and open space Improvements before the Completion of the Infrastructure and Stormwater Management Controls serving the parks and open space. Accordingly, subject to compliance with the Mitigation Measures, Developer shall have the right to apply for an extension of the applicable Outside Date for a specified parks and open space by one (1) year (the “**Park Extension**”) by submitting request for such extension to the Authority on or before the applicable Outside Date. Approval for such extension shall not be unreasonably withheld if Developer satisfactorily demonstrates that such extension is necessary to avoid damaging the Improvements to the parks and open space during construction of adjacent Improvements, and to avoid the Completion of such parks and open space Improvements before

the Completion of the Infrastructure and Stormwater Management Controls serving the parks and open space.

(f) Notification for Invocation of Developer Extension or Park Extension. In the event that Subdivider invokes the Developer Extension or the Park Extension, Subdivider shall promptly provide written notice to the Director. The notice required under this Subsection shall identify the nature of the extension and the length of the extension with respect to Subsection 2(b) of this Agreement.

(g) Attorneys' Fees. Should any party hereto institute any action or proceeding in court or other dispute resolution mechanism ("DRM") to enforce any provision hereof or for damages by reason of an alleged breach of any provision of this Agreement, the prevailing party shall be entitled to receive from the losing party, court or DRM costs or expenses incurred by the prevailing party including, without limitation, expert witness fees, document copying expenses, exhibit preparation costs, carrier expenses and postage and communication expenses, and such amount as the court or DRM may adjudge to be reasonable attorneys' fees for the services rendered the prevailing party in such action or proceeding. Attorneys' fees under this Section 10(g) include attorneys' fees on any appeal, and, in addition, a party entitled to attorneys' fees shall be entitled to all other reasonable costs and expenses incurred in connection with such action.

For purposes of this Agreement, reasonable fees of attorneys and any in-house counsel for the City, TIDA or the Subdivider shall be based on the fees regularly charged by private attorneys with an equivalent number of years of professional experience in the subject matter area of the law for which the City's, TIDA's, or the Subdivider's in-house counsel's services were rendered who practice in the City in law firms with approximately the same number of attorneys as employed by the City, or, in the case of the Subdivider's in-house counsel, as employed by the outside counsel for the Subdivider.

(h) Notices.

(i) A notice or communication under this Agreement by either party to the other (or by or to the Director) shall be sufficiently given or delivered if dispatched by hand or by registered or certified mail, postage prepaid, addressed as follows:

Every notice given to a party hereto, pursuant to the terms of this Agreement, must state (or must be accompanied by a cover letter that states) substantially the following:

(A) the Section of this Agreement pursuant to which the notice is given and the action or response required, if any;

(B) if applicable, the period of time within which the recipient of the notice must respond thereto;

(C) if approval is being requested, shall be clearly marked “Request for Approval under the Yerba Buena Island Public Improvement Agreement”; and

(D) if a notice of disapproval or an objection which requires reasonableness, shall specify with particularity the reasons therefor.

(ii) Any mailing address may be changed at any time by giving written notice of such change in the manner provided above at least ten (10) days prior to the effective date of the change. All notices under this Agreement shall be deemed given, received, made or communicated on the date personal receipt actually occurs or, if mailed, on the delivery date or attempted delivery date shown on the return receipt.

(iii) Any notice or request for review, consent, or other determination or action by the Director shall display prominently on the envelope enclosing such request (if any) and the first page of such request, substantially the following words: “YERBA BUENA ISLAND INFRASTRUCTURE: IMMEDIATE ATTENTION REQUIRED.”

(i) Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the permitted successors and assigns of the parties hereto (as set forth in the DDA), and upon such transfer, the Subdivider shall be released from its obligations hereunder. Any assignment of Subdivider’s rights and obligations under this Agreement shall be in writing, shall clearly identify the scope of the rights and/or obligations assigned and shall be subject to the reasonable approval of the Director; provided, however, that if Subdivider assigns its rights under the DDA as “Developer” (as defined therein as it relates to the affected real property), an assignment of this Agreement to the same assignee shall not require the Director’s approval so long as: (1) Subdivider provides notice of the intended transfer to the Director within five days of providing any required notice to TIDA under the DDA; (2) Subdivider provides to the Director a copy of the executed DDA assignment and assumption (which includes the transfer of rights and obligations under this Agreement); (3) the assignee provides replacement bonds that are consistent with Exhibits G-1 and G-2 in the amount required to secure any remaining obligations; and (4) the assignee provides proof of adequate insurance in the amount previously provided by Subdivider and by an insurer with an equal or better credit rating; and (5) the assignee has obtained all real estate rights and can satisfy all other conditions required to complete the work contemplated by this Agreement.

(j) Development Agreement. The City shall cooperate with the Subdivider consistent with the terms of the Development Agreement, including, without limitation, in obtaining applicable approvals required for the construction of the YBI Required Infrastructure.

(k) Waiver. Failure by a party to insist upon the strict performance of any of the provisions of this Agreement by another party, or the failure by a party to exercise its rights upon the default of another party, shall not constitute a waiver of such party's right to insist upon and demand strict compliance by the other party with the terms of this Agreement thereafter.

(l) Parties in Interest. Nothing in this Agreement, expressed or implied, is intended to or shall be construed to confer upon or to give to any person or entity other than TIDA, the City, and the Subdivider, any rights, remedies or claims under or by reason of this Agreement or any covenants, conditions or stipulations hereof; and all covenants, conditions, promises, and agreements in this Agreement contained by or on behalf of TIDA, the City, or the Subdivider shall be for the sole and exclusive benefit of the named parties.

(m) Amendment. This Agreement may be amended, from time to time, by written supplement or amendment hereto and executed by TIDA, the City and the Subdivider. The Director of Public Works is authorized to execute on behalf of the City any amendment that the Director determines is in the City's best interests and does not materially increase the City's obligations or materially diminish the City's rights under this Agreement. The Treasure Island Director is authorized to approve and execute on behalf of TIDA any amendment that the Treasure Island Director determines is in TIDA's best interests and is consistent with the terms of the DDA and the implementation thereof.

(n) Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original.

(o) Interpretation of Agreement. Unless otherwise provided in this Agreement or by applicable law, whenever approval, consent or satisfaction is required of TIDA, the Subdivider or the City under to this Agreement, it shall not be unreasonably withheld or delayed. Nothing in this Agreement limits the scope of review and certification of completed improvements required under Section 1751.2(b) of the Code. Captions used in this Agreement are for convenience or reference only and shall not affect the interpretation or meaning of this Agreement.

This Agreement shall in no way be construed to limit or replace any other obligations or liabilities which the parties may have in the DA or the DDA.

11. Insurance. Subdivider shall, at all times prior to Acceptance of the YBI Required Infrastructure, comply with the insurance requirements set forth in the DDA and/or any applicable Permit to Enter. Subdivider shall furnish to the City or TIDA, from time to time upon request by the City's Risk Manager or the Treasure Island Director, a certificate of insurance (and/or, upon request by the City's Risk Manager or the Treasure Island Director, a complete copy of any policy) regarding each insurance policy required to be maintained by Subdivider.

12. Recording.

(a) Recording Agreement. The Parties to this Agreement acknowledge that this Agreement shall be recorded against the title of the Property.

(b) Purpose and Effect of Recording. This Agreement shall be recorded for the purpose of providing constructive notice to any future owner of the Property of Subdivider's obligations and responsibilities under Sections 2 and 7, respectively. This Agreement shall not be interpreted as creating a lien or security interest against any parcel against which it is recorded, or to effect any secured interest now or in the future, as the obligations hereunder are personal to Subdivider and its successors and assigns as may be authorized pursuant to Section 10(i).

(c) Notice of Termination. At the time all the obligations and requirements specified in this Agreement are fully satisfied as determined by the Director of Public Works in consultation with the Executive Director of TIDA's Treasure Island Director and affected City departments, the Parties shall record a Notice of Termination, a draft of which is contained in Exhibit H. Alternatively, Subdivider may request the Director's authorization to record a Notice of Termination with respect to an individual parcel. In evaluating such a request, approval of which shall be in the Director's reasonable discretion, the Director shall consider with respect to YBI Required Infrastructure necessary to serve the parcel, whether: (i) all YBI Required Infrastructure has been completed and accepted by the City or TIDA, as applicable; (ii) all

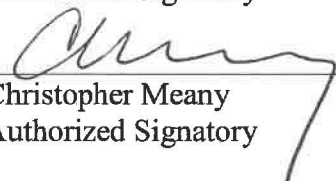

corresponding bond amounts have been released; (iii) all defects and punch list items have been addressed; and (iv) all warranty and guarantee periods have terminated.

IN WITNESS WHEREOF, TIDA, the City, and Subdivider have executed this Agreement in one or more copies as of the day and year first above written.
