Of the Board of Supervisors,

Hello,

I'm writing in strong support for both the Public Advocate and the Department of Sanitation and Streets measures sponsored by Supervisors Gordan Mar and Matt Haney.

The status quo is broken. While corrupt officials continue to line their pockets, our streets keep getting dirtier. San Francisco needs structural reform to address the corruption that's run rampant for years. We need oversight and accountability to ensure our government is effective, transparent, and serving the public good. We need to clean up corruption, and clean up our streets, and we can do that with a Public Advocate and a Department of Sanitation and Streets.

The Public Advocate and Department of Sanitation and Streets (DSS) are both common sense measures that are thoughtful, comprehensive, and will work hand in hand to make our City more effective and accountable. DSS will ensure we have a department dedicated to keeping our city clean and green and will provide the public oversight we so desperately need. The Public Advocate will ensure we have an office dedicated to rooting out corruption, fraud, and abuse of the public trust.

In light of the public health crisis, the economic downturn, an ongoing FBI scandal, and additional revenue measures heading to the November ballot, it's more important than ever that we rebuild trust in our government. We need to clean up our City and City Hall, and we need the structural reforms proposed by Supervisors Haney and Mar to do it. To deny voters the chance to decide on these measures in November would be a further betrayal of the public trust.

Please vote YES to fix the broken status quo -- vote YES for the Public Advocate, vote YES for the Department of Sanitation and Streets, and keep our City clean, safe, and accountable.

We need to clean up our City and City Hall, and we need the structural reforms proposed by Supervisors Haney and Mar to do it. To deny voters the chance to decide on these measures in November would be a further betrayal of the public trust.

Please vote YES to fix the broken status quo -- vote YES for the Public Advocate, vote YES for the Department of Sanitation and Streets, and keep our City clean, safe, and accountable.

Sincerely,  
J. Sheldon

Member Of the Board of Supervisors,

Hello,

I'm writing in strong support for both the Public Advocate and the Department of Sanitation and Streets measures sponsored by Supervisors Gordan Mar and Matt Haney.

The status quo is broken. While corrupt officials continue to line their pockets, our streets keep getting dirtier. San Francisco needs structural reform to address the corruption that's run rampant for years. We need oversight and accountability to ensure our government is effective, transparent, and serving the public good. We need to clean up corruption, and clean up our streets, and we can do that with a Public Advocate and a Department of Sanitation and Streets.

The Public Advocate and Department of Sanitation and Streets (DSS) are both common sense measures that are thoughtful, comprehensive, and will work hand in hand to make our City more effective and accountable. DSS will ensure we have a department dedicated to keeping our city clean and green and will provide the public oversight we so desperately need. The Public Advocate will ensure we have an office dedicated to rooting out corruption, fraud, and abuse of the public trust.

In light of the public health crisis, the economic downturn, an ongoing FBI scandal, and additional revenue measures heading to the November ballot, it's more important than ever that we rebuild trust in our government. We need to clean up our City and City Hall, and we need the structural reforms proposed by Supervisors Haney and Mar to do it. To deny voters the chance to decide on these measures in November would be a further betrayal of the public trust.

Please vote YES to fix the broken status quo -- vote YES for the Public Advocate, vote YES for the Department of Sanitation and Streets, and keep our City clean, safe, and accountable.

The Public Advocate will ensure we have an office dedicated to rooting out corruption, fraud, and abuse of the public trust.

In light of the public health crisis, the economic downturn, an ongoing FBI scandal, and additional revenue measures heading to the November ballot, it's more important than ever that we rebuild trust in our government. We need to clean up our City and City Hall, and we need the structural reforms proposed by Supervisors Haney and Mar to do it. To deny voters the chance to decide on these measures in November would be a further betrayal of the public trust. Your public support of these measures will demonstrate to citizens your desire to be a public servant above being a self serving politician.

Please vote YES to fix the broken status quo -- vote YES for the Public Advocate, vote YES for the Department of Sanitation and Streets, and keep our City clean, safe, and accountable.

Thank you!

Of the Board of Supervisors,

Hello,

I'm writing in strong support for both the Public Advocate and the Department of Sanitation and Streets measures sponsored by Supervisors Gordan Mar and Matt Haney.

The status quo is broken. While corrupt officials continue to line their pockets, our streets keep getting dirtier. San Francisco needs structural reform to address the corruption that's run rampant for years. We need oversight and accountability to ensure our government is effective, transparent, and serving the public good. We need to clean up corruption, and clean up our streets, and we can do that with a Public Advocate and a Department of Sanitation and Streets.

The Public Advocate and Department of Sanitation and Streets (DSS) are both common sense measures that are thoughtful, comprehensive, and will work hand in hand to make our City more effective and accountable. DSS will ensure we have a department dedicated to keeping our city clean and green and will provide the public oversight we so desperately need. The Public Advocate will ensure we have an office dedicated to rooting out corruption, fraud, and abuse of the public trust.

In light of the public health crisis, the economic downturn, an ongoing FBI scandal, and additional revenue measures heading to the November ballot, it's more important than ever that we rebuild trust in our government. We need to clean up our City and City Hall, and we need the structural reforms proposed by Supervisors Haney and Mar to do it. To deny voters the chance to decide on these measures in November would be a further betrayal of the public trust.

Please vote YES to fix the broken status quo -- vote YES for the Public Advocate, vote YES for the Department of Sanitation and Streets, and keep our City clean, safe, and accountable.

**Date:** Sunday, July 12, 2020 4:49:08 PM

---

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Good morning,

I am writing in support of Supervisors Haney, Ronen, Walton, Preston, and Mar's Charter Amendment that would finally address the state of our streets and to create oversight commissions for the Department of Public Works and the new Department of Sanitation and Streets.

Cleaner streets and public spaces that are taken care of sends a strong message to the people of San Francisco that their city cares for them. I work at an after school program at Bessie Carmichael Schools, and it concerns me that my students walk through streets and alleyways that aren't properly sanitized. Especially with the current situation of SFUSD heavily considering a hybrid model for schools (i.e. students having to go to school physically in the Fall), there will be an urgent need for this especially in the midst of this pandemic. Please show us you care for our wellbeing.

San Francisco is one of the only major cities in America without a Department of Sanitation. Especially during the time of COVID-19 and heightened fears about the spread of infectious disease, creating a new Department of Sanitation and Streets is common sense: it is a solution to keep our city clean with data-driven decision making and real accountability and oversight. The new department will be dedicated to making sure our streets and sidewalks are cleaned, that we have trash cans for litter, and that we have public bathrooms available for people to use.

The Department of Sanitation and Streets will make a huge impact on our streets and the quality of life for all San Franciscans. While our streets continue to get more dirty, the current department tasked with street cleaning has been full of fraud and corruption. We need oversight and we need it now.

Please support Supervisor Haney's charter amendment. Our city needs this change now!

Thank you,

**Carla Mae Naz**

We need to clean up corruption, and clean up our streets, and we can do that with a Public Advocate and a Department of Sanitation and Streets.

The Public Advocate and Department of Sanitation and Streets (DSS) are both common sense measures that are thoughtful, comprehensive, and will work hand in hand to make our City more effective and accountable. DSS will ensure we have a department dedicated to keeping our city clean and green and will provide the public oversight we so desperately need. The Public Advocate will ensure we have an office dedicated to rooting out corruption, fraud, and abuse of the public trust.

In light of the public health crisis, the economic downturn, an ongoing FBI scandal, and additional revenue measures heading to the November ballot, it's more important than ever that we rebuild trust in our government. We need to clean up our City and City Hall, and we need the structural reforms proposed by Supervisors Haney and Mar to do it. To deny voters the chance to decide on these measures in November would be a further betrayal of the public trust.

Please vote YES to fix the broken status quo -- vote YES for the Public Advocate, vote YES for the Department of Sanitation and Streets, and keep our City clean, safe, and accountable.

Of the Board of Supervisors,

Hello,

I'm writing in strong support for both the Public Advocate and the Department of Sanitation and Streets measures sponsored by Supervisors Gordan Mar and Matt Haney.

The status quo is broken. While corrupt officials continue to line their pockets, our streets keep getting dirtier. San Francisco needs structural reform to address the corruption that's run rampant for years. We need oversight and accountability to ensure our government is effective, transparent, and serving the public good. We need to clean up corruption, and clean up our streets, and we can do that with a Public Advocate and a Department of Sanitation and Streets.

The Public Advocate and Department of Sanitation and Streets (DSS) are both common sense measures that are thoughtful, comprehensive, and will work hand in hand to make our City more effective and accountable. The status quo is broken. While corrupt officials continue to line their pockets, our streets keep getting dirtier. San Francisco needs structural reform to address the corruption that's run rampant for years. We need oversight and accountability to ensure our government is effective, transparent, and serving the public good. We need to clean up corruption, and clean up our streets, and we can do that with a Public Advocate and a Department of Sanitation and Streets.

The Public Advocate and Department of Sanitation and Streets (DSS) are both common sense measures that are thoughtful, comprehensive, and will work hand in hand to make our City more effective and accountable. DSS will ensure we have a department dedicated to keeping our city clean and green and will provide the public oversight we so desperately need. The Public Advocate will ensure we have an office dedicated to rooting out corruption, fraud, and abuse of the public trust.

In light of the public health crisis, the economic downturn, an ongoing FBI scandal, and additional revenue measures heading to the November ballot, it's more important than ever that we rebuild trust in our government. We need to clean up our City and City Hall, and we need the structural reforms proposed by Supervisors Haney and Mar to do it. To deny voters the chance to decide on these measures in November would be a further betrayal of the public trust.

Please vote YES to fix the broken status quo -- vote YES for the Public Advocate, vote YES for the Department of Sanitation and Streets, and keep our City clean, safe, and accountable.

Of the Board of Supervisors,

Hello,

As your constituent and a long-time voter, I am writing to urge you to support the Public Advocate and Department of Sanitation and Streets measures sponsored by Supervisors Gordon Mar and Matt Haney.

Our neighborhood, like most in San Francisco today, is in a serious mess. Streets keep getting dirtier, and corruption and greed are going unchecked. San Francisco needs oversight and accountability to ensure that our government serves the public good. We must clear out corruption and clean up our streets! The most effective way to do that is by creating a Public Advocate and a Department of Sanitation and Streets.

These services make sense. They can work together to make our City more accountable, clean and green.

In light of the health and fiscal crises facing San Francisco today, it is especially important to rebuild trust in our government by cleaning up our City and City Hall. The structural reforms proposed by Supervisors Haney and Mar will help accomplish these goals.

Please vote YES for the Public Advocate and YES for the Department of Sanitation and Streets, to keep our City clean, safe, and accountable.

Of the Board of Supervisors,

Hello,

My name is Matt Swagler. I've worked for SF rec and park for 3 years. I've been following the FBI investigations into corruption in city departments closely. My work (pest control) takes me all over the city and I see how dirty the streets are. I think splitting dpw into a streets division with oversight would result in some real changes. I think it could practically pay for itself if we eliminate some of the money laundering and diversion.

I'm writing in strong support for both the Public Advocate and the Department of Sanitation and Streets measures sponsored by Supervisors Gordan Mar and Matt Haney.

San Francisco needs structural reform to address the corruption that's run rampant for years. We need oversight and accountability to ensure our government is effective, transparent, and serving the public good. We need to clean up corruption, and clean up our streets, and we can do that with a Public Advocate and a Department of Sanitation and Streets.

The Public Advocate and Department of Sanitation and Streets (DSS) are both common sense measures that are thoughtful, comprehensive, and will work hand in hand to make our City more effective and accountable. DSS will ensure we have a department dedicated to keeping our city clean and green and will provide the public oversight we so desperately need. The Public Advocate will ensure we have an office dedicated to rooting out corruption, fraud, and abuse of the public trust.

In light of the public health crisis, the economic downturn, an ongoing FBI scandal, and additional revenue measures heading to the November ballot, it's more important than ever that we rebuild trust in our government. We need to clean up our City and City Hall, and we need the structural reforms proposed by Supervisors Haney and Mar to do it. To deny voters the chance to decide on these measures in November would be a further betrayal of the public trust.

Please vote YES to fix the broken status quo -- vote YES for the Public Advocate, vote YES for the Department of Sanitation and Streets, and keep our City clean, safe, and accountable.
