SUMMARY OF 5-YEAR HISTORICAL & PROPOSED BUDGET YEAR EXPENDITURES AND FTE AUTHORITY:

	FY 2016-17 Budget	FY 2017-18 Budget	FY 2018-19 Budget	FY 2019-20 Budget	FY 2020-21 Proposed
Department of Emergency Management	\$93,693,797	\$87,850,081	\$95,248,365	\$96,330,705	\$118,465,090
FTE Count	251.43	257.22	267.93	279.47	296.79

The Department's budget increased by \$24,771,293 or 26.4% from the adopted budget in FY 2016-17 to the proposed budget in FY 2020-21. The Department's FTE count increased by 45.36 or 18.0% from the adopted budget in FY 2016-17 to the proposed budget in FY 2020-21.

FY 2020-21

The Department's proposed FY 2020-21 budget has increased by \$22,134,385 largely due to increases in grants to the Department and the Department's role in managing the Emergency Operations Center (EOC) that is coordinating the City's response to the COVID-19 emergency. The proposed budget includes \$15.5 million in new funding for the COVID-19 Command Center to continue emergency operations, communications, and planning for FY 2020-21. As part of the FEMA Federal Share recovery, 50 percent of the \$15.5 million, or \$7.7 million, is budgeted as one-time revenue for FY 2020-21 to account for the FEMA reimbursement of these expenses. The Department's primary non-General Fund sources, Federal Homeland Security Grant programs, are budgeted at an increase of nearly \$8 million due to expanded program priorities.

The Department has also been allocated funding for ongoing technology infrastructure projects, including the purchase of portable radios for the new public safety radio system and the replacement of the City's Computer-Aided Dispatch system.

FY 2021-22

The Department's proposed FY 2021-22 budget has decreased by \$14,855,588 largely due to the anticipated cessation of operations under the COVID-19 Command Center.

The Budget and Legislative Analyst's recommended reductions to the proposed budget total \$135,189 in FY 2020-21. All of the \$135,189 in recommended reductions are one-time savings. These reductions would still allow an increase of \$21,999,196 or 22.8% in the Department's FY 2020-21 budget.

Our reserve recommendations total \$7,762,051 in FY 2020-21, all of which are one-time recommendations.

YEAR TWO: FY 2021-22

The Budget and Legislative Analyst does not have recommendations for FY 2020-21 for the Department of Emergency Management.

		Reduce proposed budget for furniture, fixtures, and equipment for the DEM Operations Floor Expansion project. According to the Department, while there is no official timeline for the Operations Floor Expansion project yet, the construction window is anticipated to be between 15-18 months. The costs for materials, including replacement consoles, are currently estimates and are unlikely to be fully spent in FY 2020-21, given the construction timeframe and the fact that DEM will undertake a full RFP process before the consoles can be purchased. This proposed reduction will still allow for a budget of \$1,800,000 for furniture, fixtures, and equipment for the Operations Floor Expansion project.												One-time savings.

DEM-2		Reduce the proposed budget for COVID-related overtime operations based on reduced overtime expenditures for public safety dispatchers staffing Channel A16, which is a staffed channel that supports the expanded duties of the Sheriff's Department related to COVID-19. The total Emergency Communications overtime budget includes 8,000 overtime hours for Channel A16. This proposed reduction reduces the budgeted overtime hours to 7,300 hours for a full year of operations, based on the Department's projections of needed staffing hours.												One-time savings.											
		Due to the assumption of a 50 percent reimbursement rate from FEMA for COVID-19 related expenditures, the proposed reduction would result in a total net General Fund savings of \$35,189.												One-time savings.
