# NEW COVID CASES OVER TIME - SAN FRANCISCO vs UNITED STATES

- San Francisco has been successful in responding to the COVID-19 pandemic
  - one of the lowest death rates in the United States
  - o highest testing rate in the Bay Area and compared to major cities
- Early on DPH focused on congregate living settings with the highest risk of transmission
- With increased availability of testing and greater reopening, we have learned that COVID-19 has disproportionally impacted the Latinx community in San Francisco and across the United States
  - 49.6% of COVID-19 cases in San Francisco are among Latinx
  - 25% of deaths in San Francisco are Latinx
- DPH is partnering with the Latinx community to develop a community-led COVID19
   Response and Recovery Latinx Strategy (to be completed Dec. 2020)

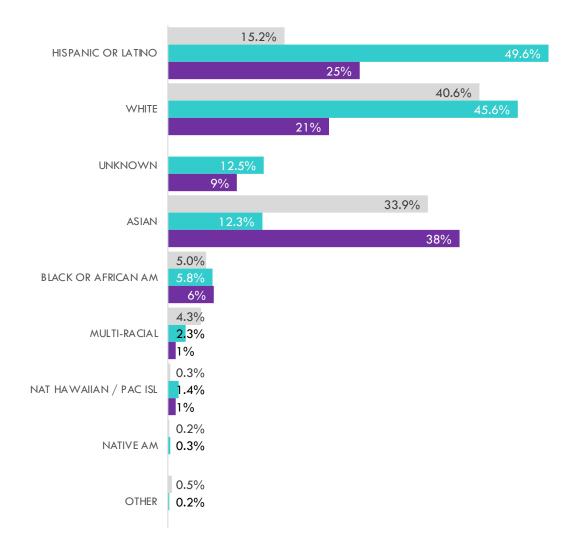

# COVID-19 BY THE NUMBERS – AS OF 10/21/20

POPULATION

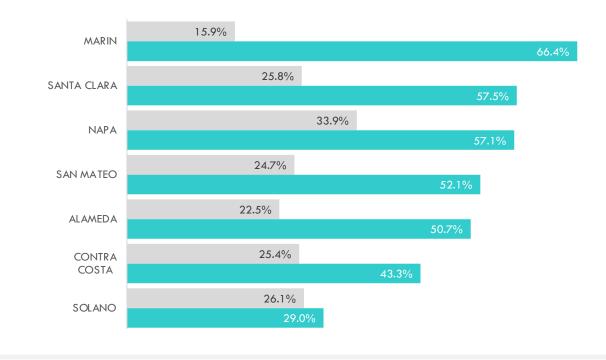

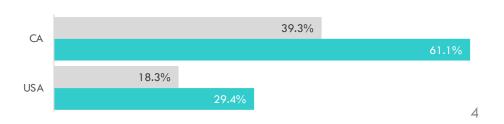

#### SAN FRANCISCO

#### BAY AREA - LATINX

Living and working conditions are associated with risk and transmission in the community

- 36% of COVID-19 spending directed to serve Latinx individuals
- Ensuring COVID-19 response addresses linguistic and cultural needs of Latinx
- Low barrier community testing for essential workers and families, in partnership with community
- Partnerships with the Latino Task Force and SF Latino Parity & Equity Coalition
- Provided staffing and testing during both days of Carnaval
- Prioritized goal for Spanish-speaking CI/CT workforce

## COVID-19 INVESTMENTS & STRATEGY - LATINX COMMUNITY

Mayor Breed invested \$28.5 million in expanded COVID-19 support for the city's Latinx Community.

DPH is investing \$7.3 million to support COVID-19 response efforts in the Latinx community.

ESSENTIAL SERVICES HUBS (\$3 million)

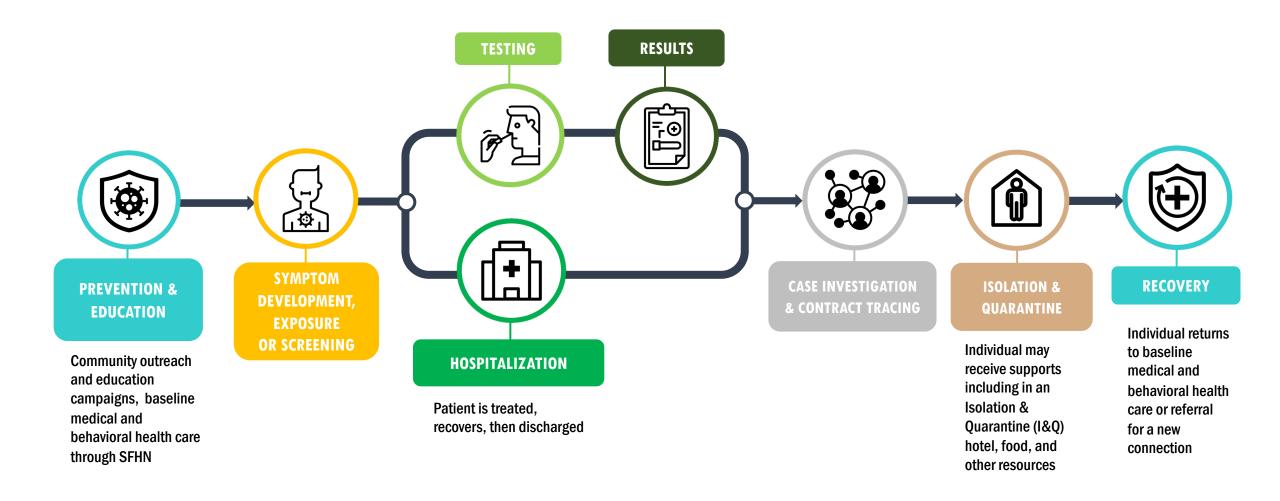

TEST-TO-COMMUNITY CARE SERVICES (\$1.5 million)

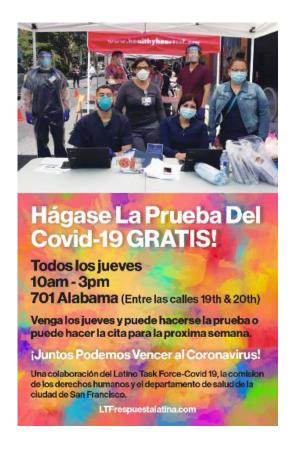

COMMUNITY CONTRACT TRACING (\$1.25 million)

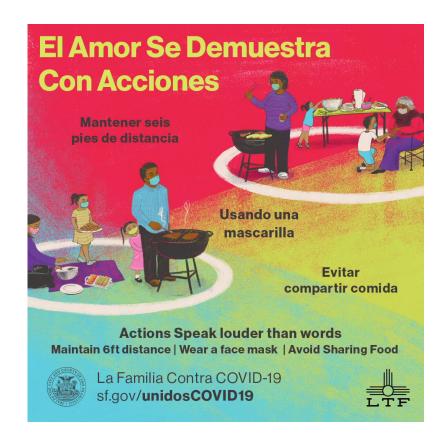

PRIMARY CARE & BEHAVIORAL HEALTH (\$1.5 million)

# TESTING: MAR 1 - SEP 30, 2020

- DPH moved testing resources to the communities with the highest rates of COVID-19 infection.
- The proportion of Latinx residents tested differ by testing site.

		TOTAL	LATINX	
TYPE	SITE	TESTED	TESTED	%
POP-UPS	MISSION HUB	1,468	1,143	78%
	EXCELSIOR	500	317	63%
	POTRERO	99	33	33%
	BAYVIEW	734	186	25%
	GLIDE-TENDERLOIN	640	150	23%
	SUNNYDALE	196	41	21%
	OCEANVIEW/ MERCED/INGLESIDE HEIGHTS	609	126	21%
FIXED	EMBARCADERO	136,169	23,618	17%
	SOUTH OF MARKET	39,862	6,894	17%

# TESTING HIGHLIGHTS

- JUL 2020 In partnership with the Latino Task Force, launched a COVID-19 testing site at the Latino Task Force (LTF) Resource Hub in the Mission (701 Alabama)
- AUG 2020- Launched community pop up testing sites through mobile testing assets
- NOV 2020 DPH is moving CityTest SF SOMA into a new site in the Southeast in the parking lot of the Alemany Farmers Market (capacity of 500 tests/day)

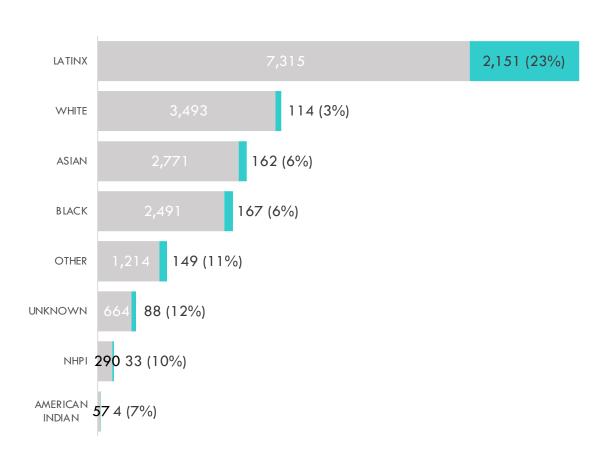

# TESTING AT DPH HEALTH CENTERS (3/6/20 - 9/30/2020)

#### AGE RANGE OF UNIQUE CLIENTS AT ATS LOCATIONS

### 381 (24%) 0-10 432 (25%) 11-20 509 (14%) 21-30 31-40 628 (16%) 430 (13%) 41-50 289 (9) 51-60 142 (6%) 61-70 46 (5%) 71-80 10 (4%) 81+

#### CLIENT RESULTS BY ATS LOCATIONS BY RACE

Notes: Data from Slicer Dicer in Epic on 10/2/2020 had 98.9% tests resulted; unduplicated records shown. Native Hawaiian or Other Pacific Islander is abbreviated as NHPI, Native American includes Alaskan Natives

# CASE INVESTIGATION/CONTACT TRACING

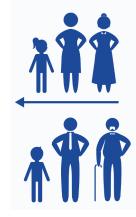

Successfully interviewed 90% of all Latinx cases.

Majority who tested positive also:

- preferred to speak Spanish
- more likely to be younger
- more likely to live in a household greater than 5 persons

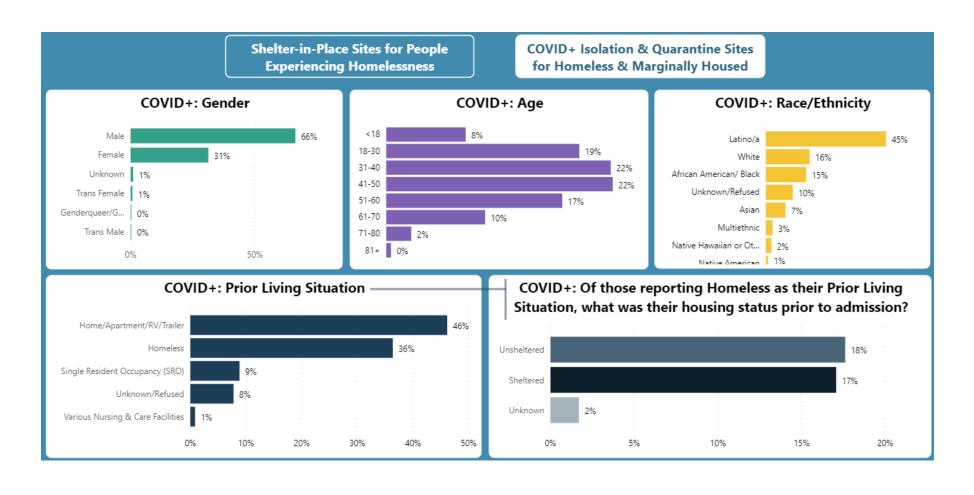

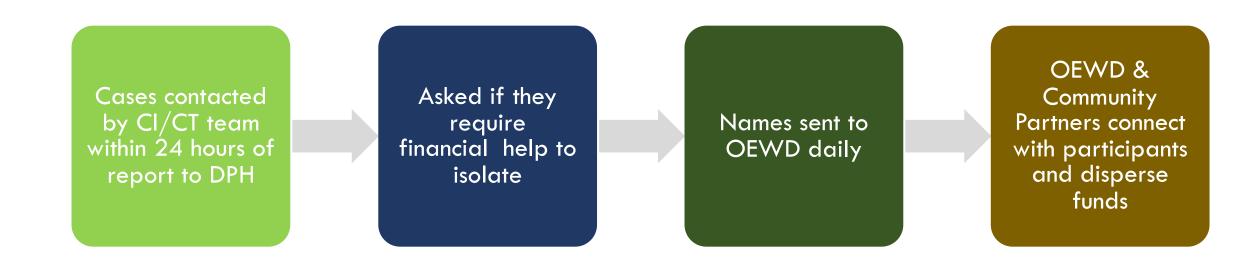

## ISOLATION & QUARANTINE SITES: RESIDENTS BY RACE/ETHNICITY - AS OF 10/21/20

Residents who identify as Latinx are nearly half of all individuals staying at I&Q sites.

Right to Recover Program provides financial support to allow workers who test positive to stay in isolation

# NEXT STEPS

- City investments are a critical resource for community efforts that started early on during the pandemic
- Co-create with community a COVID-19 strategy in the Latinx community that focuses on the response and recovery
- Creating performance metrics to focus on aspects of the continuum
- Maintaining Right to Recover to enable safe self-isolation in the community
