

Joint Select Committee: Reopening Dashboard Update October 22, 2020

Planning and Decisions for Re-opening

Equity Frame

COVID-19 school closures have negatively impacted all K-12 students across the United States, but not all students have been affected equally.

Students from institutionally marginalized communities (ex. low-income families, students of color, immigrant, English learners, etc) have and continue to face compounded threats to their physical, emotional, and educational wellbeing due to structural injustices.

How K-12 Schools Should Prepare for Reopening During the 2020-21 Academic Year: An Equity Checklist
(Johns Hopkins, University, June 2020)

Turning to Phase 2

Phase 1: Distance Learning initially (phased return)

Phase 2: Hybrid / Gradual Return

Phase : Full Return

- All students began in distance learning on August 17
- Plan for Distance Learning to start and then phase into a hybrid model once science and data suggest it is safe to do so
- Consider limited in-person school for small groups of priority students at a limited number of physical school locations as we move into Phase 2

How to Read the Dashboard

Throughout the dashboard you'll see the following progress levels used - below is what each color and status means:

Status	Progress %
To Do (Pink)	Work has not started (0%)
Started (Orange)	Work has started (>0% - 25%)
In Progress (Yellow)	Work is in progress (>25% - 75%)
Almost Done (Blue)	Work is almost done (>75% - 99%)
Completed (Green)	Work is completed (100%)

The public dashboard has three major sections

One section gives a summary of progress

Update Frequency: Bi-weekly

The next section links to an interactive dashboard

Update Frequency: Bi-weekly

The third section links to additional information

The screenshot shows the 'School Reopening Readiness Dashboard' with a navigation menu on the left containing 'COVID-19 SCHOOL CLOSURES HOME PAGE', 'Educators', 'Family & Student Supports', and 'Technology Resources for Families'. The main content area is divided into three sections:

- School Reopening Readiness Overview:** Contains a question 'Have small cohorts / groups of students been identified for reopening?' with a 'Work is in progress' status and a progress indicator.
- Reopening Readiness Dashboard:** Features a call-to-action button: 'CLICK HERE FOR THE INTERACTIVE REOPENING READINESS DASHBOARD' and a preview of the interactive dashboard interface.
- Additional Information:** Includes the heading 'Additional Information' and the text 'Below are links to additional information regarding COVID-19 and reopening.'

The dashboard shows progress for Tier 1, Phase 2a (Small Groups)
