Name of Board, Commission, Committee, or Task Force: TIDA Citizens Advisory Board

Seat # or Category (If applicable): 1, 2 and 8 District: 9

Name: Amalia Leamon

Zip: 94130

Occupation: Animal behaviorist

Work Phone: \_\_\_\_\_ Employer: Prime Paw LLC

Business Address: \_\_\_\_\_ Zip: \_\_\_\_\_

Business E-Mail: amalialeamon@gmail.co Home E-Mail: \_\_\_\_\_

**Pursuant to Charter Section 4.101 (a)2, Boards and Commissions established by the Charter must consist of electors (registered voters) of the City and County of San Francisco. For certain other bodies, the Board of Supervisors can waive the residency requirement.**

Check All That Apply:

Registered voter in San Francisco: Yes ☒ No ☐ If No, where registered: \_\_\_\_\_

Resident of San Francisco ☒ Yes ☐ No If No, place of residence: \_\_\_\_\_

**Pursuant to Charter section 4.101 (a)1, please state how your qualifications represent the communities of interest, neighborhoods, and the diversity in ethnicity, race, age, sex, sexual orientation, gender identity, types of disabilities, and any other relevant demographic qualities of the City and County of San Francisco:**

My background is in psychology research particularly on reducing implicit biases, or the bias against one demographic group, mindfulness practice and dialogue among other empirically proven interventions. I also spent a year researching how stereo to sex in educational environments and race affects students sense of self, confidence, and motivation to learn. My goal is to transform empercal research into effective change that always centers around the people I am designing for, in this case the residents on Treasure Island.

Though I have worked to understand and advocate for the perspective of school aged students I also empathize with the chal teachers and caregivers need to face with creating welcoming and safe enviornments for a wide diversity of learners.

In 2015 I facilitated a workshop on social justice for teachers in Portland, ME which addressed the need for representation ar historical reflections in any changemaking and activism. In a time where one's identity and self image seems to be challenge it's important that the residents here feel as though their voices will be heard and reflected into changes for the better by the g bodies.

**Business and/or professional experience:**

I have had a variety of professional experiences such as researcher and workshop facilitator that have attention to detail, excellent written and verbal communication, skills, self-motivation, teamwork, problem-solving, and resiliency.

I am also well versed in social media and outreach through my experience organizing a TEDx talk in April 2015 and my position organizing and promoting events through the Design Thinking Initiative in Springfield College. I would like to use these skills to best disseminate relevant and useful information pertaining to the quality of life such as notifying of changes in traffic patterns, island events and opportunities, and ways involved in the redevelopment process.

**Civic Activities:**

In 2018 I worked on a successful public display project to recognize affordable housing construction workers for their valuable contributions to bringing in safer housing and new businesses to a small town in Western Massachusetts. I have been part of animal advocacy groups since 2014 focusing on creating better sanctuary environments for domesticated animals as well as rescuing wildlife such as pigeons from city hazards like infections and deformities resulting from trash.

I vote every year and am waiting to hear back about joining the League of Women Voters which problem solves bipartisan voters struggles in the city. I have joined countless marches like the Women's March and other protests demanding equality and justice.

Have you attended any meetings of the Board/Commission to which you wish appointment?

Yes ☐ No ☐

For appointments by the Board of Supervisors, appearance before the RULES COMMITTEE is a requirement before any appointment can be made. (*Applications must be received 10 days before the scheduled hearing.*)

Date: 4/16/20

Applicant's Signature: (required)

Amalia Rose Leamon

(Manually sign or type your complete name.)

From a young age, I have found myself wanting to help those within my community. In high school, I was given the opportunity to step in and teach and mentor students in a few of my technical classes. I had taken the initiative to step up and assist my teacher with the course material. I had applied my self taught experience in web design, computer repair, graphic design, sales, and customer service. This provided my classmate to learn a more relevant viewpoint of the material that was provided to us. I continued to assist those in my community until I left to be a Signal Support Systems Specialist in the Army National Guard. I Supervised, planned and executed the installation, operation, and maintenance of all signal support systems to include local area and wide area networks and routers. I was responsible for network integration using radio, wire, satellite, and battlefield automated systems. I directed unit signal training and provided technical advice and assistance. I executed communications security management (COMSEC) policies and guidelines within the Battalion. I managed automation setup, accountability, distribution, and troubleshooting of information systems and devices valued at \$653,727 assigned to the battalion; I was responsible for the training health and welfare of five Soldiers. I have just finished my active part of my contract in April of 2019. My military experience immersed me into a large diverse background of sexual orientation, gender identity, many types of disabilities that veterans experience. The military broadens my experience of navigating the bureaucracy of the government and the veterans affairs system. I am looking to continue my civic duty and give back and continue to improve the treasure island community. In the short time here I have helped fix google maps errors that included google maps not showing an Oakland entrance to the island. I have helped with the enforcement of parking on the island. I am also working on a project for tesla to provide battery back up for house here while we wait for development to improve the grid.

## Business and/or professional experience:

Facebook, Enterprise Support Tech (October 2018 to Present)

Responsibilities: - Troubleshoot or escalate issues as appropriate in a timely manner ensuring clear and effective communication throughout the cycle of support, providing end-user assistance where required until the issue has been resolved; - Ensuring the highest levels of customer focus and collaborative working for incidents and problems that are presented and escalated, as well as when necessary, being the first point of contact for end users to receive support and maintenance within the organizations desktop computing mobile devices and application system environment (whether locally and the Helpdesk or remotely); - Utilize excellent customer service skills and ensure proper recording, documentation and closure of trouble tickets as you grow your knowledge of IT procedures, products, and services; - Using performance reporting and user analysis to identify appropriate user training initiatives to ensure the highest levels of knowledge and adoption of technology in relation to the software and systems that Facebook utilize; Act as a stakeholder for driving enhancements and improving support for all EE; - Drive Internal communication and priority within the the business and Facebook headquarters to ensure consistency across the EE organization; - Project manage specific IT components related to operational goals (new offices, office relocations, mergers & acquisitions); - Ability to provide engaging, innovative, well-organized, well-organized evidential feedback where required; - Observe and comply with Facebook's policies and procedures for Health and Safety at Work and Equality and Diversity. Continually promote equal opportunities, health and safety and customer care; - Develop and nurture strong customer relationships with key business stakeholders to identify strengths, weaknesses, opportunities and threats for Facebook.

Space VR San Francisco, CA Information Technology Specialist and Clerical Administration (December 2016 to April 2017)

## Civic Activities:

I served in the military from March 2014 to April 2019. My military individual Ready Reserve status expires in April 2020. In the military supervised, planned and executed the installation, operation, and maintenance of all signal support systems to include local area and wide area networks and routers. I was responsible for network integration using radio, wire, satellite, and battlefield automated systems. I directed unit signal training and provided technical advice and assistance. I executed communications security management (COMSEC) policies and guidelines within the Battalion. I managed automation setup, accountability, distribution, and troubleshooting of information systems and devices valued at \$653,727 assigned to the battalion; I was responsible for the training health and welfare of five Soldiers.

I have attended and provided comment at multiple TIDA meetings and worked closely with Supervisor Haney's Office, TIDA, and the PUC to advance long-term power solutions for Treasure Island.

Have you attended any meetings of the Board/Commission to which you wish appointment? Yes ☒ No ☐

Appointments confirmed by the Board of Supervisors require an appearance before the Rules Committee. Once your application is received, the Rules Committee Clerk will contact you when a hearing is scheduled. *(Please submit your application 10 days before the scheduled hearing.)*

Date: 09-14-2020 Applicant's Signature: (required)

I work with the Treasure Island Sailing Center, am a Board Nominee for the Treasure Island Yacht Club and am the President and Founder of the San Francisco Sailing Science Center, a nonprofit, public benefit corporation with the goal to create an interactive science museum on Treasure Island. In all the above activities we seek to provide equal access across the spectrum of ethnicity, race, age, gender, economic status and sexual orientation. We believe the activities we promote create unsurpassed pathways to developing life and leadership skills.

With respect to the residency requirement, it should be noted that the San Francisco Sailing Science Center, of which I am the president, is headquartered on Treasure Island and rents office space from TIDA in the Administration Building.

As a parent and long-time resident of Treasure Island. I have been organizing to bring attention to problems and need for situation-based action on the island for years.

**Business and/or professional experience:**

I have worked as a community liaison for 25+ years in San Francisco. I have spent the last 6 years working with SFUSD, UESF, DPH, Homeless Prenatal and ZSFGH, to bring attention and resources to disadvantaged and underserved communities in San Francisco.

**Civic Activities:**

During COVID alone, I have spearheaded the effort to expand food access for families on the Island and worked with SFUSD, TIDA, residents and Supervisor Haney's Office to bring an SFUSD meal distribution site despite there being no public school on the Island; I have led the effort to bring a testing site to the Island with DPH; I am leading the Community Hub process; have distributed PPE, technical support, and information to families who have been left behind. I have testified and participated in TIDA and local government meetings and hearings.

## VACANCY NOTICE

### TREASURE ISLAND DEVELOPMENT AUTHORITY (TIDA) CITIZENS ADVISORY BOARD

#### Replaces All Previous Notices

NOTICE IS HEREBY GIVEN of the following seat information and term expirations (**in bold**), for seats appointed by the Board of Supervisors.

**Vacant Seat 1**, succeeding Eugene Brodsky, resigned, shall represent one or more of the categories specified in additional requirements below, for an indefinite term.

**Vacant Seat 2**, succeeding James Heid, resigned, shall represent one or more of the categories specified in additional requirements below, for an indefinite term.

Seat 3, Tim Molinare, shall represent one or more of the categories specified in additional requirements below, for an indefinite term.

Seat 4, Jorge Garcia, shall represent one or more of the categories specified in additional requirements below, for an indefinite term.

Seat 5, Nathan Bernnan, shall represent one or more of the categories specified in additional requirements below, for an indefinite term.

Seat 6, Atta Pilram, shall represent one or more of the categories specified in additional requirements below, for an indefinite term.

Seat 7, Rebecca Hogue, shall represent one or more of the categories specified in additional requirements below, for an indefinite term.

**Vacant Seat 8**, succeeding Kathrin Moore, resigned, shall represent one or more of the categories specified in additional requirements below, for an indefinite term.

Seat 9, Jesse Tepper, shall represent one or more of the categories specified in additional requirements below, for an indefinite term.

Seat 10, Natalie Bonnewit, shall represent one or more of the categories specified in additional requirements below, for an indefinite term.

Seat 11, Scott Vedro, shall represent one or more of the categories specified in additional requirements below, for an indefinite term.

**Additional Requirements:** The TIDA Citizens Advisory Board is comprised of 25 members, 11 of whom shall be appointed by the Board of Supervisors and must have interest and expertise in one of the following categories: land use, urban planning, and architecture; transportation planning and alternative and mass transit; historic conservation and preservation, including cultural resources; engineering and construction, including geotechnical and structural engineering, public infrastructure and large-scale project management; real estate development and financing; economic development, job generation, and organized labor; first-source hiring, welfare-to-work, and other job broker programs directed at economically disadvantaged San Franciscans; affordable- and low-income housing; marine related activities, including boating, board sailing, and fishing; natural resource preservation and conservation, including wetlands, open space, green building, and sustainable development; environmental and toxic remediation and control; tideland trust and public access; open-meeting laws; recreational and athletic opportunities and programs; representative of public safety officers on Treasure Island; representative of Treasure Island Homeless Development Initiative; representative of Job Corps; representative of Treasure Island Elementary School; representative of film production industry; or representative of residential tenants on Treasure Island

**Reports:** The Chairperson of the Citizens Advisory Board shall provide a report at each regularly scheduled meeting of the Treasure Island Development Authority (TIDA). The Citizens Advisory Board shall also provide regular recommendations to TIDA concerning the review and implementation of the Treasure Island Redevelopment Plan.

**Sunset Date:** None.

Additional information relating to the TIDA Citizens Advisory Board, or other seats on this body that are appointed by another authority, may be obtained by reviewing Board of Supervisors Resolution Nos. 89-99, and 145-05 at <http://www.sfbos.org/resolutions> or by visiting their website at <http://sftreasureisland.org/citizen-advisory-board-cab>.

Interested persons may obtain an application from the Board of Supervisors website at [http://www.sfbos.org/vacancy\\_application](http://www.sfbos.org/vacancy_application) or from the Rules Committee Clerk, 1 Dr. Carlton B. Goodlett Place, Room 244, San Francisco, CA 94102-4689. Completed applications should be submitted to the Clerk of the Board. All applicants must be residents of San Francisco, unless otherwise stated.

**Next Steps:** Applicants who meet minimum qualifications will be contacted by the Rules Committee Clerk once the Rules Committee Chair determines the date of the hearing. Members of the Rules Committee will consider the appointment at the meeting and applicants may be asked to state their qualifications. The appointment of the individual who is recommended by the Rules Committee will be forwarded to the Board of Supervisors for final approval.

*Please Note: Depending upon the posting date, a vacancy may have already been filled. To determine if a vacancy for this Committee is still available, or if you require additional information, please call the Rules Committee Clerk at (415) 554-5184.*

*Further Note: Additional seats on this body may be available through other appointing authorities, including the Mayor's Office.*

**Authority:**

---

Resolution Nos. 89-99; and 145-05. California State Assembly Bill (AB) 1496 (Leno).

---

**Board Qualifications:**

---

On February 1, 1999, by Resolution No. 89-99, the Board of Supervisors directed the Treasure Island Development Authority (TIDA) to adopt a resolution providing for the formation of the Treasure Island Development Authority Citizens Advisory Board (TIDA CAB).

TIDA CAB is purposed to gather public input and opinions from the diverse communities in San Francisco and provide expertise to TIDA. Specifically, TIDA CAB provides recommendations to TIDA concerning the implementation of the Redevelopment Plan for the Treasure Island Naval Station, including policies and objectives for interim reuses, and other matters of importance to the future of Treasure Island and all citizens of San Francisco. When providing advice and recommendations, the TIDA CAB shall strive to reflect the values and interests of the various communities throughout the City and County.

TIDA CAB is comprised of 25 members, 11 of whom shall be appointed by the Board of Supervisors and 14 of whom shall be appointed by the Mayor.

TIDA CAB is comprised of members with the following areas of interest and expertise:

- \* land use and urban planning and architecture;
- \* transportation planning and alternative and mass transit;
- \* historic conservation and preservation, including expertise and/or interest in cultural resources;
- \* engineering and construction, including expertise and/or interest in geotechnical and structural

San Francisco  
BOARD OF SUPERVISORS

---

engineering, public infrastructure and large-scale project management;  
\* real estate development and financing;  
\* economic development and job generation and organized labor; first-source hiring, welfare to work and other "job-broker" programs directed at economically disadvantaged San Franciscans;  
\* affordable and low-income housing;  
\* marine related activities including expertise and/or interest in boating, board sailing and fishing;  
\* natural resource preservation and conservation, including expertise and/or interest in wetlands, open space, and greenbuilding and sustainable development; \* environmental and toxic remediation and control, including representation of the Treasure Island RAB;  
\* tideland trust and public access;  
\* open-meeting laws;  
\* recreational and athletic opportunities and programs;  
\* representative of public safety officers on Treasure Island;  
\* representative of TIHDI;  
\* representative of Job Corps;  
\* representative of Treasure Island Elementary School;  
\* representative of film production industry; and  
\* representative of residential tenants on Treasure Island.

In addition, AB 1496 designated two (2) seats be filled by residents of Treasure Island or Yerba Buena Island, and two (2) seats by residents of Treasure Island or Yerba Buena Island with low-or-moderate income. The Board of Supervisors appoints one of each from these categories, and the Mayor appoints the others.

Term of Members: The term of the initial members was four years, but the Treasure Island Development Authority, by Resolution No. 08-12-03/12, amended its by-laws on March 12, 2008, to remove the expiration/termination dates for all members.

Reports: The Chairperson shall provide a report at each regularly scheduled meeting of the Treasure Island Development Authority. TIDA CAB shall provide regular recommendations to TIDA concerning the review and implementation of the Treasure Island Redevelopment Plan.

Sunset Date: None referenced.

## Executive Summary

In 2008, San Francisco voters overwhelmingly approved a City Charter Amendment (section 4.101) establishing as City policy for the membership of Commissions and Boards to reflect the diversity of San Francisco's population, and that appointing officials be urged to support the nomination, appointment, and confirmation of these candidates. Additionally, it requires the San Francisco Department on the Status of Women to conduct and publish a gender analysis of Commissions and Boards every two years.

The *2019 Gender Analysis of Commissions and Boards* includes more policy bodies such as task forces, committees, and advisory bodies, than previous analyses, which were limited to Commissions and Boards. Data was collected from 84 policy bodies and from a total of 741 members mostly appointed by the Mayor and Board of Supervisors. These policy bodies fall under two categories designated by the San Francisco Office of the City Attorney.<sup>1</sup> The first category, referred to as "Commissions and Boards," are policy bodies with decision-making authority and whose members are required to submit financial disclosures to the Ethics Commission. The second category, referred to as "Advisory Bodies," are policy bodies with advisory function whose members do *not* submit financial disclosures to the Ethics Commission. This report examines policy bodies and appointees both comprehensively as a whole and separately by the two categories.

The *2019 Gender Analysis* evaluates the representation of women; people of color; lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ) individuals; people with disabilities; and veterans on San Francisco policy bodies.

### Key Findings

#### Gender

- Women's representation on policy bodies is 51%, slightly above parity with the San Francisco female population of 49%.
- Since 2009, there has been a small but steady increase in the representation of women on San Francisco policy bodies.

**10-Year Comparison of Representation of Women on Policy Bodies**

Source: SF DOSW Data Collection & Analysis.

<sup>1</sup> "List of City Boards, Commissions, and Advisory Bodies Created by Charter, Ordinance, or Statute," Office of the City Attorney, <https://www.sfcityattorney.org/wp-content/uploads/2016/01/Commission-List-08252017.pdf>, (August 25, 2017).

## Race and Ethnicity

- People of color are underrepresented on policy bodies compared to the population. Although people of color comprise 62% of San Francisco's population, just 50% of appointees identify as a race other than white.
- While the overall representation of people of color has increased between 2009 and 2019, as the Department collected data on more appointees, the representation of people of color has decreased over the last few years. The percentage of appointees of color decreased from 53% in 2017 to 49% in 2019.
- As found in previous reports, Latinx and Asian groups are underrepresented on San Francisco policy bodies compared to the population. Latinx individuals are 14% of the population but make up only 8% of appointees. Asian individuals are 31% of the population but make up only 18% of appointees.

**10-Year Comparison of Representation of People of Color on Policy Bodies**

Source: SF DOSW Data Collection & Analysis.

## Race and Ethnicity by Gender

- On the whole, women of color are 32% of the San Francisco population, and 28% of appointees. Although still below parity, 28% is a slight increase compared to 2017, which showed 27% women of color appointees.
- Meanwhile, men of color are underrepresented at 21% of appointees compared to 31% of the San Francisco population.
- Both White women and men are overrepresented on San Francisco policy bodies. White women are 23% of appointees compared to 17% of the San Francisco population. White men are 26% of appointees compared to 20% of the population.
- Black and African American women and men are well-represented on San Francisco policy bodies. Black women are 9% of appointees compared to 2.4% of the population, and Black men are 5% of appointees compared to 2.5% of the population.
- Latinx women are 7% of the San Francisco population but 3% of appointees, and Latinx men are 7% of the population but 5% of appointees.
- Asian women are 17% of the San Francisco population but 11% of appointees, and Asian men are 15% of the population but just 7% of appointees.

**10-Year Comparison of Representation of Women of Color on Policy Bodies**

Source: SF DOSW Data Collection & Analysis.

### **Additional Demographics**

- Out of the 74% of appointees who responded to the survey question on LGBTQ identity, 19% identify as lesbian, gay, bisexual, transgender, nonbinary, queer, or questioning, and 81% of appointees identify as straight/heterosexual.
- Out of the 70% of appointees who responded to the question on disability, 11% identify as having one or more disabilities, which is just below the 12% of the adult population with a disability in San Francisco.
- Out of the 67% of appointees who responded to the question on veteran status, 7% have served in the military compared to 3% of the San Francisco population.

### **Proxies for Influence: Budget & Authority**

- Although women are half of all appointees, those Commissions and Boards with the largest budgets have fewer women and especially fewer women of color. Meanwhile, women exceed representation on Boards and Commissions with the smallest budgets and women of color reach parity with the population on the smallest budgeted Commissions and Boards.
- Although still underrepresented relative to the San Francisco population, there is a larger percentage of people of color on Commissions and Boards with both the largest and smallest budgets compared to overall appointees.
- The percentage of total women is greater on Advisory Bodies than Commissions and Boards. Women are 54% of appointees on Advisory Bodies and 48% of appointees on Commissions and Boards. However, the percentages of people of color and women of color on Commissions and Boards exceed the percentages of people of color and women of color on Advisory Bodies.

### **Appointing Authorities**

- Mayoral appointments include 55% women, 52% people of color, and 30% women of color, which is more diverse by gender and race compared to both Supervisorial appointments and total appointments.

### **Demographics of Appointees Compared to the San Francisco Population**

	Women	People of Color	Women of Color	LGBTQ	Disability Status	Veteran Status
<b>San Francisco Population</b>	49%	62%	32%	6%-15%*	12%	3%
<b>Total Appointees</b>	51%	50%	28%	19%	11%	7%

## I. Introduction

---

Inspired by the 4th UN World Conference on Women in Beijing, San Francisco became the first city in the world to adopt a local ordinance reflecting the principles of the U.N. Convention on the Elimination of All Forms of Discrimination (CEDAW), an international bill of rights for women. The CEDAW Ordinance was passed unanimously by the San Francisco Board of Supervisors and signed into law by Mayor Willie L. Brown, Jr. on April 13, 1998.<sup>2</sup> In 2002, the CEDAW Ordinance was revised to address the intersection of race and gender and incorporate reference to the UN Convention on the Elimination of all Forms of Race Discrimination. The Ordinance requires City Government to take proactive steps to ensure gender equity and specifies “gender analysis” as a preventive tool to identify and address discrimination. Since 1998, the Department on the Status of Women has employed this tool to analyze the operations of 10 City Departments using a gender lens.

In 2007, the Department on the Status of Women conducted the first gender analysis to evaluate the number of women appointed to City Commissions and Boards. The findings of this analysis informed a City Charter Amendment developed by the Board of Supervisors for the June 2008 Election. This City Charter Amendment (Section 4.101) was overwhelmingly approved by voters and made it city policy that:

- The membership of Commissions and Boards are to reflect the diversity of San Francisco’s population,
- Appointing officials are to be urged to support the nomination, appointment, and confirmation of these candidates, and
- The Department on the Status of Women is required to conduct and publish a gender analysis of Commissions and Boards every 2 years.

The *2019 Gender Analysis* examines the representation of women; people of color; lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ) individuals; people with disabilities; and veterans on San Francisco policy bodies primarily appointed by the Mayor and the Board of Supervisors. This year’s analysis included more outreach to policy bodies as compared to previous analyses that were limited to Commissions and Boards. As a result, more appointees were included in the data collection and analysis than even before. These policy bodies fall under two categories designated by the San Francisco Office of the City Attorney. The first category, referred to as “Commissions and Boards,” are policy bodies with decision-making authority and whose members are required to submit financial disclosures to the Ethics Commission, and the second category, referred to as “Advisory Bodies,” are policy bodies with advisory function whose members do not submit financial disclosures to the Ethics Commission. A detailed description of methodology and limitations can be found at the end of this report on page 23.

## II. Gender Analysis Findings

Many aspects of San Francisco's diversity are reflected in the overall population of appointees on San Francisco policy bodies. The analysis includes 84 policy bodies, of which 823 of the 887 seats are filled leaving 7% vacant. As outlined below in the summary chart, slightly more than half of appointees are women, half of appointees are people of color, 28% are women of color, 19% are LGBTQ, 11% have a disability, and 7% are veterans.

**Figure 1: Summary Data of Policy Body Demographics, 2019**

Appointee Demographics	Percentage of Appointees
Women (n=741)	51%
People of Color (n=706)	50%
Women of Color (n=706)	28%
LGBTQ Identified (n=548)	19%
People with Disabilities (n=516)	11%
Veteran Status (n=494)	7%

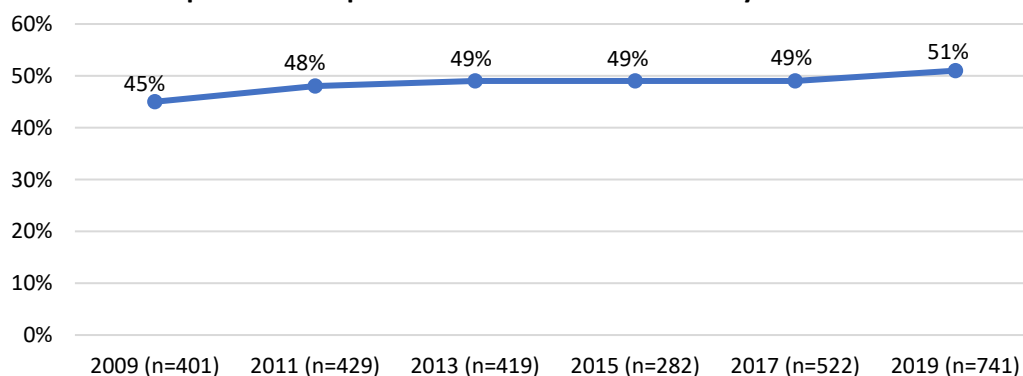

*Source: SF DOSW Data Collection & Analysis.*

However, further analysis reveals underrepresentation of particular groups. Subsequent sections present comprehensive data analysis providing comparison to previous years, detailing the variables of gender, race/ethnicity, LGBTQ identity, disability, veteran status, and policy body characteristics of budget size, decision-making authority, and appointment authority.

### A. Gender

On San Francisco policy bodies, 51% of appointees identify as women, which is slightly above parity compared to the San Francisco female population of 49%. The representation of women remained stable at 49% from 2013 until 2017. This year, the representation of women increased by 2 percentage points, which could be partly due to the larger sample size used in this year's analysis compared to previous years. A 10-year comparison shows that the representation of women appointees has gradually increased since 2009 by a total of six percentage points.

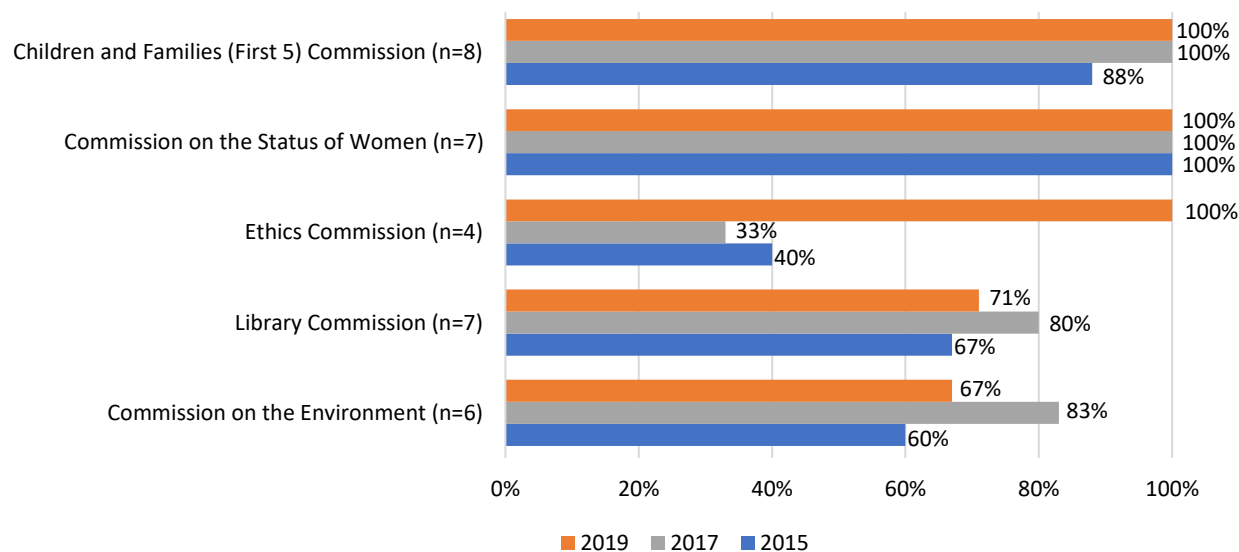

**Figure 2: 10-Year Comparison of Representation of Women on Policy Bodies**

*Source: SF DOSW Data Collection & Analysis.*

Figures 3 and 4 analyze Commissions and Boards. Figure 3 showcases the five Commissions and Boards with the highest representation of women appointees as compared to 2015 and 2013. The Children and Families (First Five) Commission and the Commission on the Status of Women are currently comprised of all women appointees. This finding has been consistent for the Commission on the Status of Women in 2015 and 2017. While the Ethics Commission has 100% women appointees, much more than 2015 and 2017, its small size of five appointees means that minimal changes in its demographic composition greatly impacts percentages. This is also the case for other policy bodies with a small number of members. The Library Commission and the Commission on the Environment are fourth and fifth on the list at 71% and 67% women, respectively, with long standing female majorities on each.

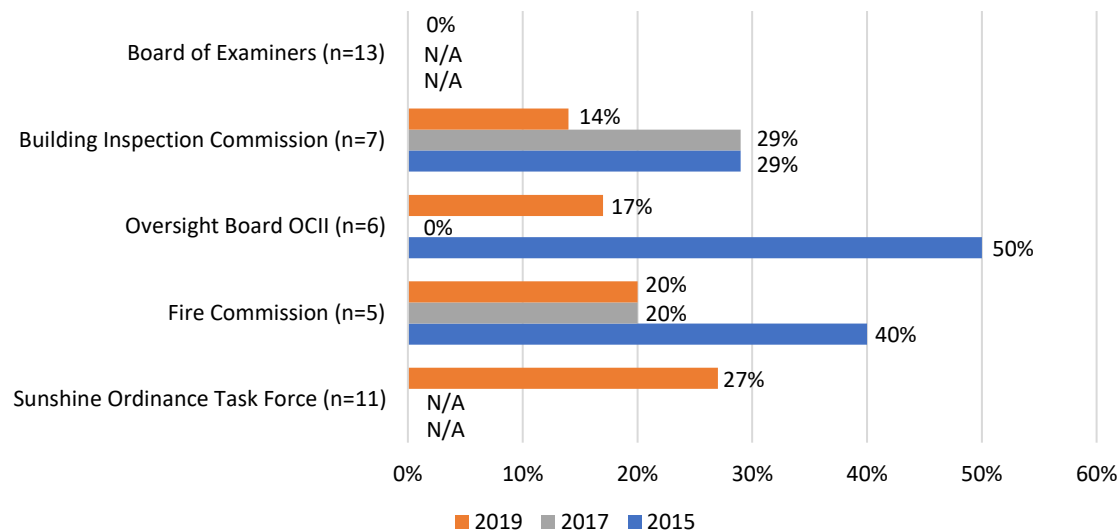

**Figure 3: Commissions and Boards with Highest Percentages of Women, 2019 Compared to 2017, 2015**

Source: SF DOSW Data Collection & Analysis.

Out of the Commissions and Boards in this section, 23 have 40% or less women. The five Commissions and Boards with the lowest representation of women are displayed in Figure 4. The lowest percentage is found on the Board of Examiners where currently *none* of the 13 appointees are women. Unfortunately, demographic data is unavailable for the Board of Examiners for 2017 and 2015. Next is the Building Inspection Commission at 14%, which is a decrease of female representation compared to 2017 and 2015. The Oversight Board of Community Investment and Infrastructure, Fire Commission, and Sunshine Ordinance Task Force also have some of the lowest percentages of women at 17%, 20%, and 27%, respectively. Unfortunately, the Sunshine Ordinance Task Force did not participate in previous analyses and therefore demographics data is unavailable for 2017 and 2015.

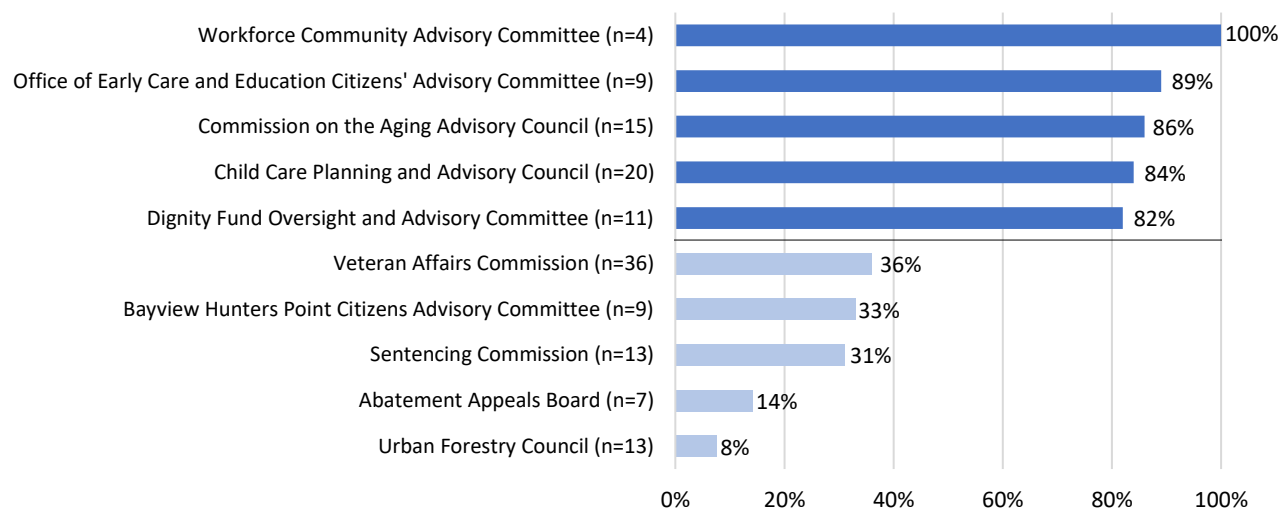

**Figure 4: Commissions and Boards with Lowest Percentage of Women, 2019 Compared to 2017, 2015**

Source: SF DOSW Data Collection & Analysis.

In addition to Commissions and Boards, Advisory Bodies were examined for the highest and lowest percentages of women. This is the first year such bodies have been included, thus comparison to previous years is unavailable. Figure 9 below displays the five Advisory Bodies with the highest and the five with the lowest representations of women. The Workforce Community Advisory Committees has the greatest representation of women at 100%, followed by the Office of Early Care and Education Citizen's Advisory Committee at 89%. The Advisory Bodies with the lowest percentage of women are the Urban Forestry Council at 8% of the 13-member body and the Abatement Appeals Board at 14% of the 7-member body.

**Figure 5: Advisory Bodies with the Highest and Lowest Percentage of Women, 2019**

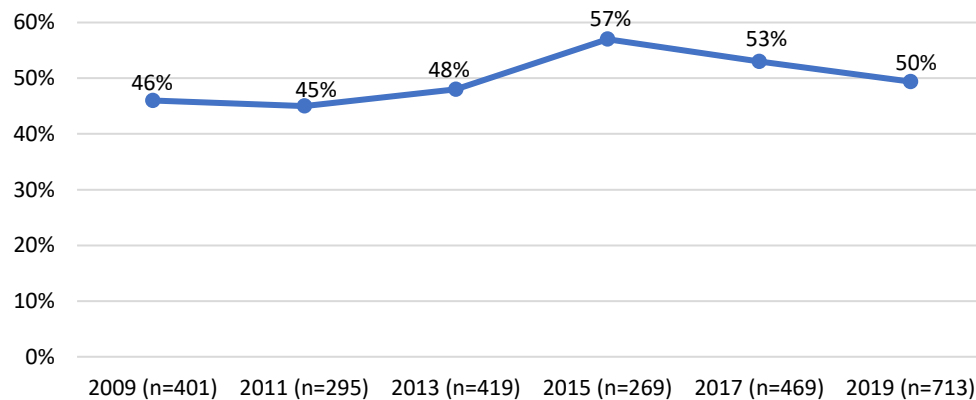

Source: SF DOSW Data Collection & Analysis.

## B. Race and Ethnicity

Data on racial and ethnic identity was collected for 706, or 95%, of the 741 surveyed appointees. Although half of appointees identify as a race or ethnicity other than white or Caucasian, people of color are still underrepresented compared to the San Francisco population of 62%. The representation of people of color has increased since 2009 but has decreased following 2015. The number of appointees analyzed increased substantially in 2017 and 2019 compared to 2015, and these larger data samples have coincided with smaller percentages of people of color. The percentage decrease following 2017 could be partially due to the inclusion of more policy and advisory bodies, as the representation of people of color on Commissions and Boards dropped only slightly from 53% in 2017 to 52% in 2019.

**Figure 6: 10-Year Comparison of Representation of People of Color on Policy Bodies**

Source: SF DOSW Data Collection & Analysis.

The racial and ethnic breakdown of policy body members compared to the San Francisco population is shown in Figure 7. This analysis reveals underrepresentation and overrepresentation in San Francisco policy bodies for certain racial and ethnic groups. Half of all appointees are white, an overrepresentation by more than 10 percentage points. The Black and African American community is well represented on appointed policy bodies at 14% compared to 5% of the population of San Francisco. Characterizing this as an overrepresentation is inaccurate given the representation of Black or African American people on policy bodies has been consistent over the years while the San Francisco population has declined over the same period.<sup>3</sup> Furthermore, the most recent nationwide estimate for the Black or African American population is 13%, which is nearly equal to the 14% of Black or African American appointees present on San Francisco policy bodies.<sup>4</sup>

Considerably underrepresented racial and ethnic groups on San Francisco policy bodies compared to the San Francisco population are individuals who identify as Asian or Latinx. While Asians are 31% of the San Francisco population, they only make up 18% of appointees. While the Latinx population of San Francisco is 14%, only 8% of appointees are Latinx. Although there is a small population of Native

<sup>3</sup> Samir Gambhir and Stephen Menendian, "Racial Segregation in the Bay Area, Part 2," *Haas Institute for a Fair and Inclusive Society* (2018).

<sup>4</sup> US Census Bureau, 2018, Retrieved from <https://www.census.gov/quickfacts/fact/table/US/PST045218>.

Americans and Alaska Natives in San Francisco of 0.4%, none of the surveyed appointees identified themselves as such.

**Figure 7: Race and Ethnicity of Appointees Compared to San Francisco Population, 2019**

Sources: 2017 American Community Survey 5-Year Estimates, SF DOSW Data Collection & Analysis.

The next two graphs illustrate Commissions and Boards, and Advisory Bodies with the highest and lowest percentages of people of color. As shown in Figure 8, the Commission on Community Investment and Infrastructure remained at 100% from 2017, while the Juvenile Probation Commission has returned to 100% this year after a dip in 2017. Next is the Health Commission, Immigrant Rights Commission, and Housing Authority Commission at 86%, 85%, and 83%, respectively. Percentages of people of color on both the Health Commission and the Housing Authority Commission increased following 2015, and have remained consistent since 2017.

**Figure 8: Commissions and Boards with Highest Percentage of People of Color, 2019 Compared to 2017, 2015**

Source: SF DOSW Data Collection & Analysis.

There are 23 policy bodies that have 40% or less appointees who identified a racial and ethnic category other than white. Although the Public Utilities Commission has two vacancies, *none* of the current appointees identify as people of color. The Historic Preservation Commission and Building Inspection Commission are both at 14% representation for people of color. The Building Inspection Commission had a large drop from 43% in 2015, with the percentage of people of color decreasing to 14% in 2017 and remaining at this percent for 2019. Lastly, the War Memorial Board of Trustees and City Hall Preservation Advisory Commission have 18% and 20%, respectively.

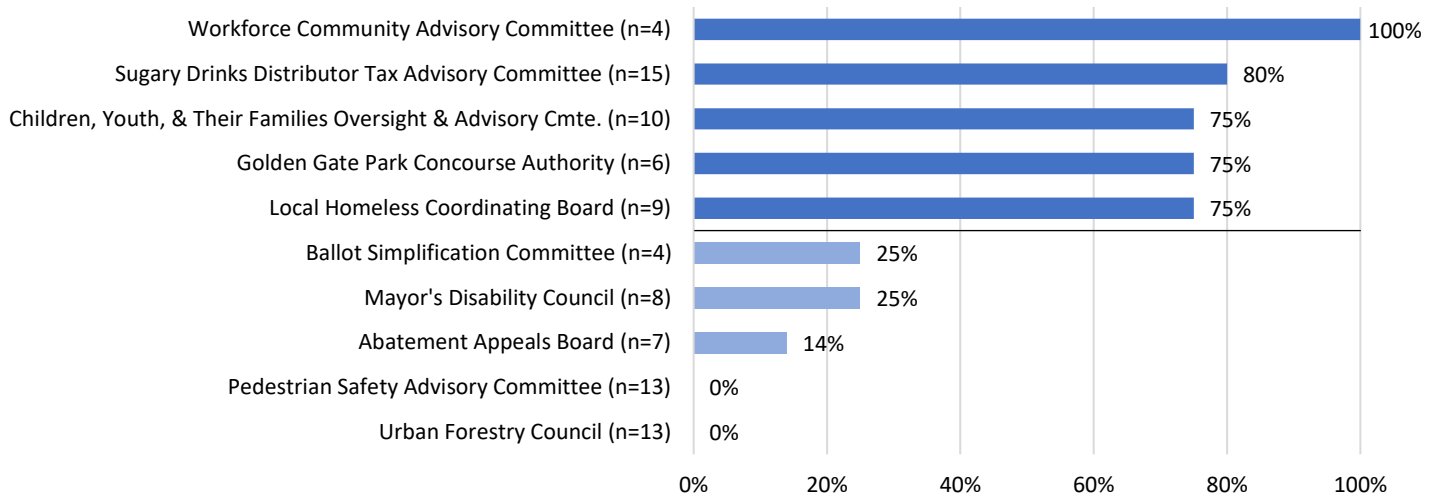

**Figure 9: Commissions and Boards with Lowest Percentage of People of Color, 2019 Compared to 2017, 2015**

Source: SF DOSW Data Collection & Analysis.

In addition to Commissions and Boards, Advisory Bodies were examined for the highest and lowest percentages of people of color. This is the first year such bodies have been included, thus comparison to previous years is unavailable. All members of the Workforce Community Advisory Committee are people of color. People of color comprise 80% of the Sugary Drinks Distributor Tax Advisory Committee, and 75% of appointees on the Children, Youth and Their Families Oversight and Advisory Committee, the Golden Gate Park Concourse Authority, and the Local Homeless Coordinating Board. Out of the five Advisory Bodies with the lowest representation of people of color, the Ballot Simplification Committee and the Mayor's Disability Council have 25% appointees of color, and the Abatement Appeals Board has 14% appointees of color. The Urban Forestry and the Pedestrian Safety Advisory Committee have no people of color currently serving.

**Figure 10: Advisory Bodies with the Highest and Lowest Percentage of People of Color, 2019**

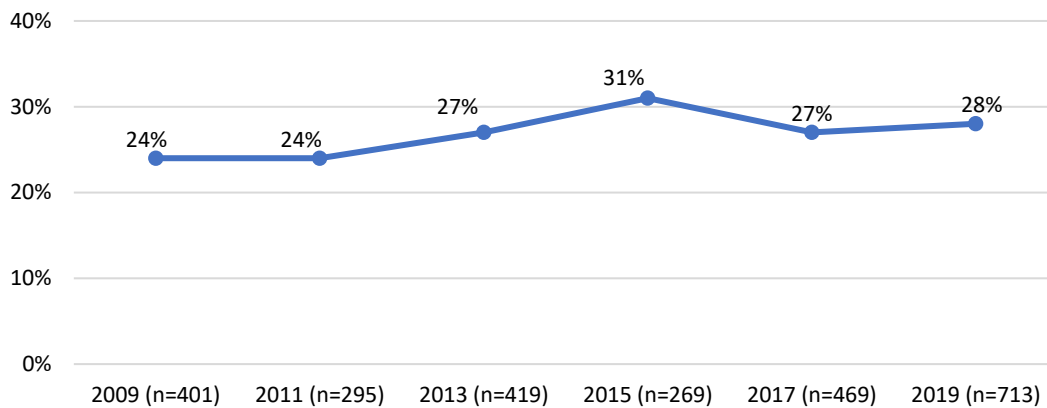

Source: SF DOSW Data Collection & Analysis.

### C. Race and Ethnicity by Gender

White men and women are overrepresented on San Francisco policy bodies, while Asian and Latinx men and women are underrepresented. While women of color continue to be underrepresented at 28% compared to the San Francisco population of 32%, this is a slight increase from 2017 which showed 27% women of color. Meanwhile, men of color are 21% of appointees compared to 31% of the San Francisco population.

**Figure 11: 10-Year Comparison of Representation of Women of Color on Policy Bodies**

Source: SF DOSW Data Collection & Analysis.

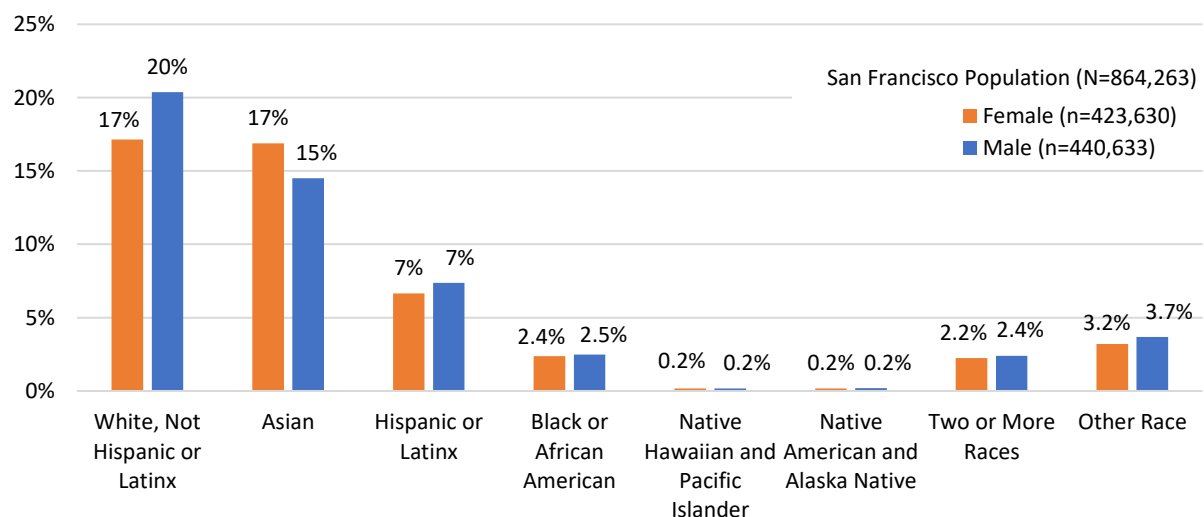

The following figures present the breakdown for appointees and the San Francisco population by race and ethnicity and gender. White men and women are overrepresented, holding 27% and 23% of appointments, respectively, compared to 20% and 17% of the population, respectively. Asian men and women are both greatly underrepresented with Asian women making up 11% of appointees compared to 17% of the population while Asian men comprise 7% of appointees and 15% of the population. Latinx men and women are also underrepresented, particularly Latinx women, who are 3% of appointees and 7% of the population, while Latinx men are 5% of appointees and 7% of the population. Black or African American men and women are well-represented with Black women comprising 9% of appointees and Black men comprising 5% of appointees. Pacific Islander men and women, and multiethnic women also exceed parity with the population. Although Native American men and women make up only 0.4% of San Francisco's population, none of the surveyed appointees identified themselves as such.

**Figure 12: Appointees by Race/Ethnicity and Gender, 2019**

Source: SF DOSW Data Collection & Analysis.

**Figure 13: San Francisco Population by Race/Ethnicity, 2019**

Source: 2017 American Community Survey 5-Year Estimates.

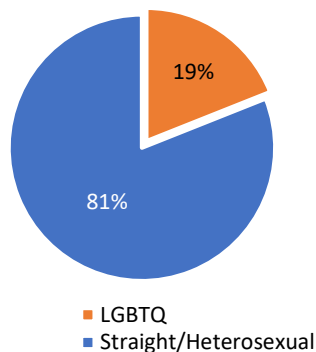

## D. LGBTQ Identity

Lesbian, gay, bisexual, transgender, queer, and questioning (LGBTQ) identity data was collected from 548, or 75%, of the 741 surveyed appointees, which is much more data on LGBTQ identity compared to previous reports. Due to limited and outdated information on the population of the LGBTQ community in San Francisco, it is difficult to adequately assess the representation of the LGBTQ community. However, compared to available San Francisco, larger Bay Area, and national data, the LGBTQ community is well represented on San Francisco policy bodies. Recent research estimates the national LGBT population is 4.5%.<sup>5</sup> The LGBT population of the San Francisco and greater Bay Area is estimated to rank the highest of U.S. cities at 6.2%,<sup>6</sup> while a 2006 survey found that 15.4% of adults in San Francisco identify as LGBT<sup>7</sup>.

Of the appointees who responded to this question, 19% identify as LGBTQ and 81% identify as straight or heterosexual. Of the LGBTQ appointees, 48% identify as gay, 23% as lesbian, 17% as bisexual, 7% as queer, 5% as transgender, and 1% as questioning. Data on LGBTQ identity by race was not captured. Efforts to capture data on LGBTQ identity by race for future reports would enable more intersectional analysis.

**Figure 14: LGBTQ Identity of Appointees, 2019**

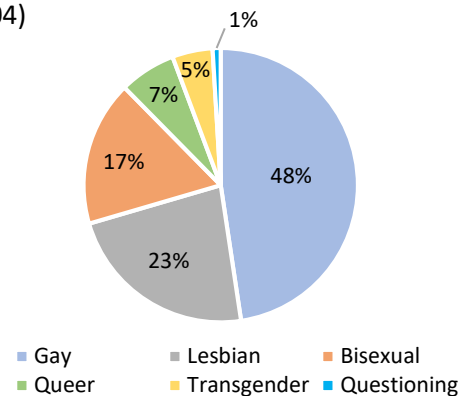

(N=548)

Source: SF DOSW Data Collection & Analysis.

**Figure 15: LGBTQ Population of Appointees, 2019**

(N=104)

Source: SF DOSW Data Collection & Analysis.

## E. Disability Status

Overall, 12% of adults in San Francisco have one or more disabilities, and when broken down by gender, 6.2% are women and 5.7% are men. Disability data for transgender and gender non-conforming individuals in San Francisco is currently unavailable. Data on disability was obtained from 516, or 70%, of the 714 appointees who participated in the survey. Of the 516 appointees, 11.2% reported to have one

<sup>5</sup> Frank Newport, "In U.S., Estimate of LGBT Population Rises to 4.5%," *GALLUP* (May 22, 2018) <https://news.gallup.com/poll/234863/estimate-lgbt-population-rises.aspx>.

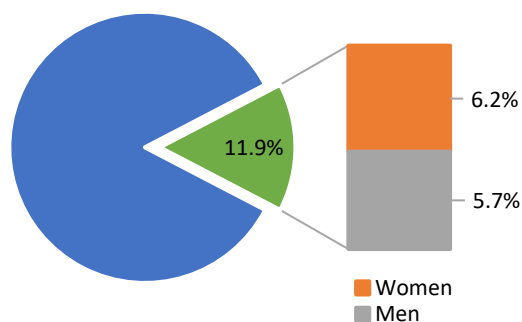

<sup>6</sup> Gary J. Gates and Frank Newport, "San Francisco Metro Area Ranks Highest in LBGT Percentage," *GALLUP* (March 20, 2015) [https://news.gallup.com/poll/182051/san-francisco-metro-area-ranks-highest-lgbt-percentage.aspx?utm\\_source=Social%20Issues&utm\\_medium=newsfeed&utm\\_campaign=tiles](https://news.gallup.com/poll/182051/san-francisco-metro-area-ranks-highest-lgbt-percentage.aspx?utm_source=Social%20Issues&utm_medium=newsfeed&utm_campaign=tiles).

or more disabilities, which is near parity with the San Francisco population. Of the 11.2% appointees with one or more disabilities, 6.8% are women, 3.9% are men, 0.4% are trans women, and 0.2% are trans men.

**Figure 16: San Francisco Adult Population with a Disability by Gender, 2017**

Source: 2017 American Community Survey 5-Year Estimates.

**Figure 17: Appointees with One or More Disabilities by Gender, 2019**

(N=516)

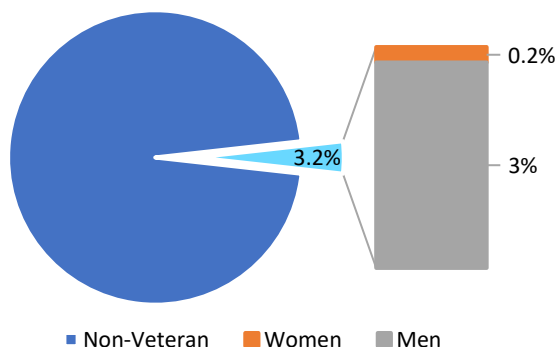

Source: SF DOSW Data Collection & Analysis.

## F. Veteran Status

Overall, 3.2% of the adult population in San Francisco has served in the military. There is a considerable difference by gender, as male veterans are 3% and female veterans are 0.2% of the population. Data on veteran status was obtained from 494, or 67%, of appointees who participated in the survey. Of the 494 appointees who responded to this question, 7.1% have served in the military. Like the San Francisco population, there is a large difference by gender, as men comprise 5.7% and women make up only 1.2% of the total number of veteran appointees. Of participating appointees, 0.2% of veterans are trans women. Veteran status data on transgender and gender non-conforming individuals in San Francisco is currently unavailable.

## G. Policy Bodies by Budget

This report also examines whether policy bodies with the largest and smallest budget sizes and other characteristics are demographically representative of the San Francisco population. In this section, budget size is used as a proxy for influence. Although this report has expanded the scope of analysis to include more policy bodies compared to previous reports, this section of analysis was limited to Commissions and Boards with decision-making authority and whose members file financial disclosures with the Ethics Commission. The purpose of this analysis is to evaluate the demographics for the spectrum of budgetary influence of policy bodies with decision-making authority in San Francisco.

Overall, appointees from the 10 largest budgeted Commissions and Boards are 55% people of color, 41% women, and 23% women of color. Appointees from the 10 smallest budgeted Commissions and Boards are 54% people of color, 52% women, and 32% women of color. Although still below parity with the San Francisco population, the representation of people of color on both the largest and smallest budgeted policy bodies is greater than the percentage of people of color for all appointees combined (50%). For women and women of color, their representation meets or exceeds parity with the population on the 10 smallest budgeted bodies. However, it falls far below parity for the 10 largest budgeted bodies. The representation of total women and women of color is greater on smaller budgeted policy bodies by 27%, and 39%, respectively.

**Figure 20: Percent of Women, Women of Color, and People of Color on Commissions and Boards with Largest and Smallest Budgets in Fiscal Year 2018-2019**

## H. Comparison of Advisory Body and Commission and Board Demographics

The comparison of the two policy body categories in this section provides another proxy for influence, as Commissions and Boards whose members file disclosures of economic interest have greater decision-making authority in San Francisco than Advisory Bodies whose members do not file economic interest disclosures. The percentages of total women, LGBTQ people, people with disabilities, and veterans are larger for total appointees on Advisory Bodies. However, the percentages of women of color and people of color on Commissions and Boards slightly exceeds the percentages of women of color and people of color on Advisory Bodies.

**Figure 23: Demographics of Appointees on Commission and Boards and Advisory Bodies, 2019**

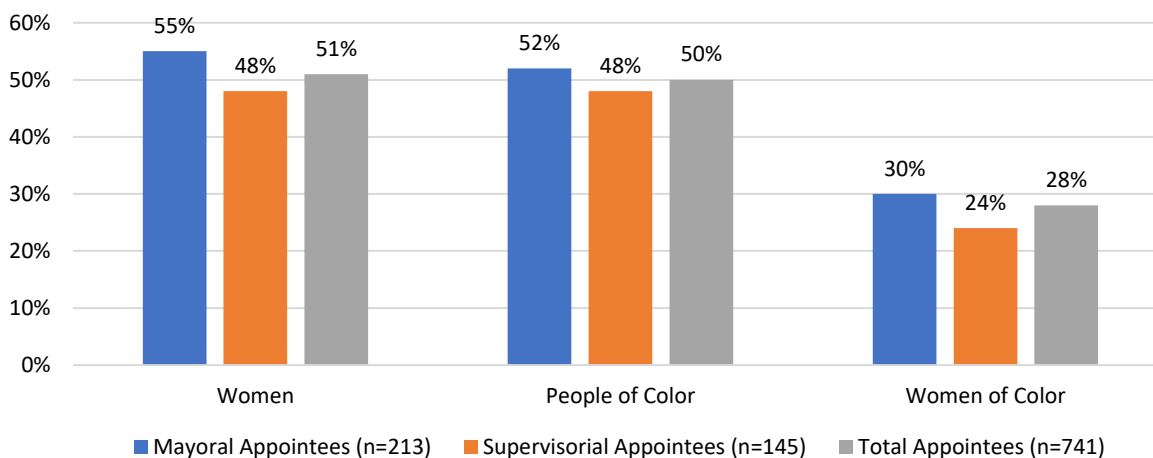

Source: SF DOSW Data Collection & Analysis.

## I. Demographics of Mayoral, Supervisorial, and Total Appointees

Figure 24 compares the representation of women, women of color, and people of color for appointments made by the Mayor, Board of Supervisors, and by the total of all approving authorities combined. Mayoral appointments are more diverse, and consist of more women, women of color, and people of color compared to Supervisorial appointments. Mayoral appointments include 55% women, 30% women of color, and 52% people of color, while Supervisorial appointments are 48% women, 24% women of color, and 48% people of color. The total of all approving authorities combined average out at 51% women, 28% women of color, and 50% people of color. This disparity in diversity between Mayoral and Supervisorial appointments may be due in part to the appointment section process for each authority. The 11-member Board of Supervisors only sees applicants for specific bodies through the 3-member Rules Committee or by designees, stipulated in legislation (e.g. “renter,” “landlord,” “consumer advocate”), whereas the Mayor typically has the ability to take total appointments into account during selections, and can therefore better address gaps in diversity.

### III. Conclusion

---

Since the first gender analysis of Commissions and Boards in 2007, the representation of women appointees on San Francisco policy bodies has gradually increased. The *2019 Gender Analysis* finds the percentage of women appointees is 51%, which slightly exceeds the population of women in San Francisco.

When appointee demographics are analyzed by gender and race, women of color continue to be underrepresented on San Francisco policy bodies compared to the San Francisco population. Most notably underrepresented are Asian women who make up 17% of the population but only 11% of appointees, and Latinx women who make up 7% of the population but only 3% of appointees. Additionally, men of color are underrepresented relative to their San Francisco population, primarily Asian and Latinx men.

Furthermore, when analyzing the demographic composition of larger and smaller budgeted Commissions and Boards, women are underrepresented on those with the largest budgets, and overrepresented or reach parity with the population on smaller budgeted Commissions and Boards. These two trends are amplified for women of color appointees. Women comprise 41% of total appointees on the largest budgeted policy bodies, which is 8 percentage points below the population, and women of color comprise 23% of total appointees on the largest budgeted policy bodies, 9 percentage points below their San Francisco population. Comparatively, women are 52% of total appointees on the smallest budgeted policy bodies, and women of color are 32% of appointees, which is equal to the San Francisco population. However, the issue of largest and smallest budgeted policy bodies does not seem to impact the representation of people of color. People of color make up 55% of appointees on the largest budgeted policy bodies and 54% of appointees on the smallest budgeted policy bodies compared to 50% of total appointees. Nonetheless, these percentages still fall below the San Francisco population of people of color at 62%.

In addition to using budget size as a proxy for influence, this report analyzed demographic characteristics of appointees on Commissions and Boards who file disclosures of economic interest and have decision-making authority, and appointees on Advisory Bodies who do not file economic interest disclosures. Over half (54%) of appointees on Advisory Bodies are women, while 48% of appointees on Commissions and Boards are women. Although 48% is only slightly below the San Francisco population of women, women comprise a decently higher percentage of appointees on Advisory Bodies compared to Commissions and Boards.

This year's report features more data on LGBTQ identity, veteran status, and disability than previous gender analyses. The *2019 Gender Analysis* found a relatively high representation of LGBTQ individuals on San Francisco policy bodies. For the appointees that provided LGBTQ identity information, 19% identify as LGBTQ with the largest subset being gay men at 48%. It is recommended for future gender analyses to collect LGBTQ data by race and gender to provide additional intersectional analysis. The representation of appointees with disabilities is 11%, just below the 12% population. Veterans are highly represented on San Francisco policy bodies at 7% compared to the veteran population of 3%.

Additionally, this report evaluates and compares the representation of women, women of color, and people of color appointees by the Mayor, Board of Supervisors, and by the total of all approving authorities combined. Mayoral appointees include 55% women, 30% women of color, and 52% people

of color, which overall is more diverse by gender and race compared to both Supervisorial appointees and total appointees.

This report is intended to advise the Mayor, Board of Supervisors, and other appointing authorities, as they select appointments for policy bodies of the City and County of San Francisco. In spirit of the 2008 City Charter Amendment that establishes this biennial Gender Analysis report requirement and the importance of diversity on San Francisco policy bodies, efforts to address gaps in diversity and inclusion should remain at the forefront when making appointments in order to accurately reflect the population of San Francisco.

## IV. Methodology and Limitations

---

This report focuses on City and County of San Francisco Commissions, Boards, Task Forces, Councils, and Committees that have the majority of members appointed by the Mayor and Board of Supervisors and that have jurisdiction limited to the City. The gender analysis reflects data from the policy bodies that provided information to the Department on the Status of Women through digital and paper survey.

Data was requested from 90 policy bodies and acquired from 84 different policy bodies and a total of 741 appointees. A Commissioner or Board member's gender identity, race/ethnicity, sexual orientation, disability status, and veteran status were among data elements collected on a voluntary basis. Data on lesbian, gay, bisexual, transgender, queer, or questioning (LGBTQ) identity, disability, and veteran status of appointees were incomplete or unavailable for some appointees but are included to the extent possible. As the fundamental objective of this report is to surface patterns of underrepresentation, every attempt has been made to reflect accurate and complete information in this report. Data for some policy bodies was incomplete, and all appointees who responded were included in the total demographic categories. Only policy bodies with full data on gender and race for all appointees were included in sections comparing demographics of individual bodies. It should be noted that for policy bodies with a small number of members, the change of a single individual greatly impacts the percentages of demographic categories. As such, these percentages should be interpreted with this in mind.

The surveyed policy bodies fall under two categories designated by the San Francisco Office of the City Attorney document entitled *List of City Boards, Commissions, and Advisory Bodies Created by Charter, Ordinance, or Statute*.<sup>8</sup> This document separates San Francisco policy bodies into two different categories. The first category includes Commissions and Boards with decision-making authority and whose members are required to submit financial disclosures with the Ethics Commission, and the second category encompasses Advisory Bodies whose members do not submit financial disclosures with the Ethics Commission. Depending on the analysis criteria in each section of this report, the surveyed policy bodies and appointees are either examined comprehensively as a whole or examined separately in the two categories designated by the Office of the City Attorney.

Data from the U.S. Census 2013-2017 American Community Survey 5-Year Estimates provides a comparison to the San Francisco population. Figures 26 and 27 in the Appendix display these population estimates by race/ethnicity and gender.
