PROVISIONS

A. BROAD FORM NAMED INSURED

The following is added to Paragraph A.1., **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

Any organization you newly acquire or form during the policy period over which you maintain 50% or more ownership interest and that is not separately insured for Business Auto Coverage. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier.

B. BLANKET ADDITIONAL INSURED

The following is added to Paragraph c. in A.1., **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

Any person or organization who is required under a written contract or agreement between you and that person or organization, that is signed and executed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, to be named as an additional insured is an "insured" for Covered Autos Liability Coverage, but only for damages to which

this insurance applies and only to the extent that person or organization qualifies as an "insured" under the Who Is An Insured provision contained in Section II.

C. EMPLOYEE HIRED AUTO

1. The following is added to Paragraph A.1., **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

An "employee" of yours is an "insured" while operating an "auto" hired or rented under a contract or agreement in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

2. The following replaces Paragraph b. in B.5., **Other Insurance**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

b. For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

- (1) Any covered "auto" you lease, hire, rent or borrow; and
- (2) Any covered "auto" hired or rented by your "employee" under a contract in an "employee's" name, with your

COMMERCIAL AUTO

permission, while performing duties related to the conduct of your business.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

D. EMPLOYEES AS INSURED

The following is added to Paragraph A.1., **Who Is An Insured**, of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

E. SUPPLEMENTARY PAYMENTS – INCREASED LIMITS

1. The following replaces Paragraph A.2.a.(2), of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

(2) Up to \$3,000 for cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.

2. The following replaces Paragraph A.2.a.(4), of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

(4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to \$500 a day because of time off from work.

F. HIRED AUTO – LIMITED WORLDWIDE COVERAGE – INDEMNITY BASIS

The following replaces Subparagraph (5) in Paragraph B.7., **Policy Period, Coverage Territory**, of SECTION IV – BUSINESS AUTO CONDITIONS:

(5) Anywhere in the world, except any country or jurisdiction while any trade sanction, embargo, or similar regulation imposed by the United States of America applies to and prohibits the transaction of business with or within such country or jurisdiction, for Covered Autos Liability Coverage for any covered "auto" that you lease, hire, rent or borrow without a driver for a period of 30 days or less and that is not an "auto" you lease, hire, rent or borrow from any of your "employees", partners (if you are a partnership), members (if you are a limited liability company) or members of their households.

(a) With respect to any claim made or "suit" brought outside the United States of America, the territories and possessions of the United States of America, Puerto Rico and Canada:

(i) You must arrange to defend the "insured" against, and investigate or settle any such claim or "suit" and keep us advised of all proceedings and actions.

(ii) Neither you nor any other involved "insured" will make any settlement without our consent.

(iii) We may, at our discretion, participate in defending the "insured" against, or in the settlement of, any claim or "suit".

(iv) We will reimburse the "insured" for sums that the "insured" legally must pay as damages because of "bodily injury" or "property damage" to which this insurance applies, that the "insured" pays with our consent, but only up to the limit described in Paragraph C., Limits Of Insurance, of SECTION II – COVERED AUTOS LIABILITY COVERAGE.

(v) We will reimburse the "insured" for the reasonable expenses incurred with our consent for your investigation of such claims and your defense of the "insured" against any such "suit", but only up to and included within the limit described in Paragraph C., Limits Of Insurance, of SECTION II – COVERED AUTOS LIABILITY COVERAGE, and not in addition to such limit. Our duty to make such payments ends when we have used up the applicable limit of insurance in payments for damages, settlements or defense expenses.

(b) This insurance is excess over any valid and collectible other insurance available to the "insured" whether primary, excess, contingent or on any other basis.

(c) This insurance is not a substitute for required or compulsory insurance in any country outside the United States, its territories and possessions, Puerto Rico and Canada.

You agree to maintain all required or compulsory insurance in any such country up to the minimum limits required by local law. Your failure to comply with compulsory insurance requirements will not invalidate the coverage afforded by this policy, but we will only be liable to the same extent we would have been liable had you complied with the compulsory insurance requirements.

- (d) It is understood that we are not an admitted or authorized insurer outside the United States of America, its territories and possessions, Puerto Rico and Canada. We assume no responsibility for the furnishing of certificates of insurance, or for compliance in any way with the laws of other countries relating to insurance.

G. WAIVER OF DEDUCTIBLE – GLASS

The following is added to Paragraph D., **Deductible**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

No deductible for a covered "auto" will apply to glass damage if the glass is repaired rather than replaced.

H. HIRED AUTO PHYSICAL DAMAGE – LOSS OF USE – INCREASED LIMIT

The following replaces the last sentence of Paragraph A.4.b., **Loss Of Use Expenses**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

However, the most we will pay for any expenses for loss of use is \$65 per day, to a maximum of \$750 for any one "accident".

I. PHYSICAL DAMAGE – TRANSPORTATION EXPENSES – INCREASED LIMIT

The following replaces the first sentence in Paragraph A.4.a., **Transportation Expenses**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

We will pay up to \$50 per day to a maximum of \$1,500 for temporary transportation expense incurred by you because of the total theft of a covered "auto" of the private passenger type.

The following is added to Paragraph A.4., **Coverage Extensions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Personal Property

We will pay up to \$400 for "loss" to wearing apparel and other personal property which is:

- (1) Owned by an "insured"; and

- (2) In or on your covered "auto".

This coverage applies only in the event of a total theft of your covered "auto".

No deductibles apply to this Personal Property coverage.

K. AIRBAGS

The following is added to Paragraph B.3., **Exclusions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Exclusion 3.a. does not apply to "loss" to one or more airbags in a covered "auto" you own that inflate due to a cause other than a cause of "loss" set forth in Paragraphs A.1.b. and A.1.c., but only:

- a. If that "auto" is a covered "auto" for Comprehensive Coverage under this policy;
- b. The airbags are not covered under any warranty; and
- c. The airbags were not intentionally inflated.

We will pay up to a maximum of \$1,000 for any one "loss".

L. NOTICE AND KNOWLEDGE OF ACCIDENT OR LOSS

The following is added to Paragraph A.2.a., of **SECTION IV – BUSINESS AUTO CONDITIONS**:

Your duty to give us or our authorized representative prompt notice of the "accident" or "loss" applies only when the "accident" or "loss" is known to:

- (a) You (if you are an individual);
- (b) A partner (if you are a partnership);
- (c) A member (if you are a limited liability company);
- (d) An executive officer, director or insurance manager (if you are a corporation or other organization); or
- (e) Any "employee" authorized by you to give notice of the "accident" or "loss".

M. BLANKET WAIVER OF SUBROGATION

The following replaces Paragraph A.5., **Transfer Of Rights Of Recovery Against Others To Us**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

5. Transfer Of Rights Of Recovery Against Others To Us

We waive any right of recovery we may have against any person or organization to the extent required of you by a written contract signed and executed prior to any "accident" or "loss", provided that the "accident" or "loss" arises out of operations contemplated by

COMMERCIAL AUTO

such contract. The waiver applies only to the person or organization designated in such contract.

N. UNINTENTIONAL ERRORS OR OMISSIONS

The following is added to Paragraph B.2., **Concealment, Misrepresentation, Or Fraud, of SECTION IV – BUSINESS AUTO CONDITIONS:**

The unintentional omission of, or unintentional error in, any information given by you shall not prejudice your rights under this insurance. However this provision does not affect our right to collect additional premium or exercise our right of cancellation or non-renewal.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

2.1 The term of this Agreement shall commence on the later of: (i) August 1, 2019; or (ii) the Effective Date and expire on July 31, 2022, unless earlier terminated as otherwise provided herein.

2.2 The City has two (2) options to renew the Agreement for a period of one year each. The City may extend this Agreement beyond the expiration date by exercising an option at the City's sole and absolute discretion and by modifying this Agreement as provided in Section 11.5, "Modification of this Agreement."

Article 3 Financial Matters

3.1 **Certification of Funds; Budget and Fiscal Provisions; Termination in the Event of Non-Appropriation.** This Agreement is subject to the budget and fiscal provisions of the City's Charter. Charges will accrue only after prior written authorization certified by the Controller, and the amount of City's obligation hereunder shall not at any time exceed the amount certified for the purpose and period stated in such advance authorization. This

Agreement will terminate without penalty, liability or expense of any kind to City at the end of any fiscal year if funds are not appropriated for the next succeeding fiscal year. If funds are appropriated for a portion of the fiscal year, this Agreement will terminate, without penalty, liability or expense of any kind at the end of the term for which funds are appropriated. City has no obligation to make appropriations for this Agreement in lieu of appropriations for new or other agreements. City budget decisions are subject to the discretion of the Mayor and the Board of Supervisors. Contractor's assumption of risk of possible non-appropriation is part of the consideration for this Agreement.

THIS SECTION CONTROLS AGAINST ANY AND ALL OTHER PROVISIONS OF THIS AGREEMENT.

3.2 Guaranteed Maximum Costs. The City's payment obligation to Contractor cannot at any time exceed the amount certified by City's Controller for the purpose and period stated in such certification. Absent an authorized Emergency per the City Charter or applicable Code, no City representative is authorized to offer or promise, nor is the City required to honor, any offered or promised payments to Contractor under this Agreement in excess of the certified maximum amount without the Controller having first certified the additional promised amount and the Parties having modified this Agreement as provided in Section 11.5, "Modification of this Agreement."

3.3 Compensation.

3.3.1 Payment. Contractor shall provide an invoice to the City on a monthly basis for Services completed in the immediate preceding month, unless a different schedule is set out in Appendix B, "Calculation of Charges (City-Paid Service Fees)." The Parties acknowledge that SFSD and Contractor may also initiate collection of participant fees as identified in **Appendix A Scope of Services, D. Initial Assessment and Case File, item 10. Financial Assessment.** Compensation shall be made for Services identified in the invoice that the Sheriff, in his or her sole discretion, concludes has been satisfactorily performed. Payment shall be made within 30 calendar days of receipt of the invoice, unless the City notifies the Contractor that a dispute as to the invoice exists. In no event shall the amount of this Agreement exceed Three Million Four Hundred Thousand Dollars (\$3,400,000). The breakdown of charges associated with this Agreement appears in Appendix B, "Calculation of Charges," attached hereto and incorporated by reference as though fully set forth herein. A portion of payment may be withheld until conclusion of the Agreement if agreed to both parties as retainage, described in Appendix B. In no event shall City be liable for interest or late charges for any late payments.

3.3.2 Payment Limited to Satisfactory Services. Contractor is not entitled to any payments from City until the SFSD approves Services, including any furnished Deliverables, as satisfying all of the requirements of this Agreement. Payments to Contractor by City shall not excuse Contractor from its obligation to replace unsatisfactory Deliverables, including equipment, components, materials, or Services even if the unsatisfactory character of such Deliverables, equipment, components, materials, or Services may not have been apparent or detected at the time such payment was made. Deliverables, equipment, components, materials and Services that do not conform to the requirements of this Agreement may be rejected by City and in such case must be replaced by Contractor without delay at no cost to the City.

3.3.3 Withhold Payments. If Contractor fails to provide Services in accordance with Contractor's obligations under this Agreement, the City may withhold any and all payments due Contractor until such failure to perform is cured, and Contractor shall not stop work as a result of City's withholding of payments as provided herein.

3.3.4 Invoice Format. Invoices furnished by Contractor under this Agreement must be in a form acceptable to the Controller and City and must include a unique invoice number. Payment shall be made by City as specified in 3.3.6, or in such alternate manner as the Parties have mutually agreed upon in writing.

3.3.5 Reserved. (LBE Payment and Utilization Tracking System.)

3.3.6 Getting paid by the City for goods and/or services.

(a) All City vendors receiving new contracts, contract renewals, or contract extensions must sign up to receive electronic payments through the City's Automated Clearing House (ACH) payments service/provider. Electronic payments are processed every business day and are safe and secure. To sign up for electronic payments, visit www.sfgov.org/ach.

(b) The following information is required to sign up: (i) The enroller must be their company's authorized financial representative, (ii) the company's legal name, main telephone number and all physical and remittance addresses used by the company, (iii) the company's U.S. federal employer identification number (EIN) or Social Security number (if they are a sole proprietor), and (iv) the company's bank account information, including routing and account numbers.

3.4 Audit and Inspection of Records. Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its Services. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Contractor shall maintain such data and records in an accessible location and condition for a period of not fewer than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any Federal agency having an interest in the subject matter of this Agreement shall have the same rights as conferred upon City by this Section. Contractor shall include the same audit and inspection rights and record retention requirements in all subcontracts.

3.5 Submitting False Claims. The full text of San Francisco Administrative Code Chapter 21, Section 21.35, including the enforcement and penalty provisions, is incorporated into this Agreement. Pursuant to San Francisco Administrative Code §21.35, any contractor or subcontractor who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. A contractor or subcontractor will be deemed to have submitted a false claim to the City if the contractor or subcontractor: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a

false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

3.6 **Reserved. (Payment of Prevailing Wages.)**

Article 4 Services and Resources

4.1 **Services Contractor Agrees to Perform.** Contractor agrees to perform the Services provided for in Appendix A, "Scope of Services." Officers and employees of the City are not authorized to request, and the City is not required to reimburse the Contractor for, Services beyond the Scope of Services listed in Appendix A, unless Appendix A is modified as provided in Section 11.5, "Modification of this Agreement."

4.2 **Qualified Personnel.** Contractor shall utilize only competent personnel under the supervision of, and in the employment of, Contractor (or Contractor's authorized subcontractors) to perform the Services. Contractor will comply with City's reasonable requests regarding assignment and/or removal of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. Contractor shall commit adequate resources to allow timely completion within the project schedule specified in this Agreement.

4.3 **Subcontracting.**

4.3.1 Contractor may subcontract portions of the Services only upon prior written approval of City. Contractor is responsible for its subcontractors throughout the course of the work required to perform the Services. All Subcontracts must incorporate the terms of Article 10 "Additional Requirements Incorporated by Reference" of this Agreement, unless inapplicable. Neither Party shall, on the basis of this Agreement, contract on behalf of, or in the name of, the other Party. Any agreement made in violation of this provision shall be null and void.

4.3.2 City's execution of this Agreement constitutes its approval of the subcontractors listed below.

Contractor will not employ subcontractors.

4.4 **Independent Contractor; Payment of Employment Taxes and Other Expenses.**

4.4.1 **Independent Contractor.** For the purposes of this Section 4.4, "Contractor" shall be deemed to include not only Contractor, but also any agent or employee of Contractor. Contractor acknowledges and agrees that at all times, Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health

or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this section. Should City determine that Contractor, or any agent or employee of Contractor, is not performing in accordance with the requirements of this Agreement, City shall provide Contractor with written notice of such failure. Within five (5) business days of Contractor's receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

4.4.2 Payment of Employment Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this section.

4.5 Assignment. The Services to be performed by Contractor are personal in character. Neither this Agreement, nor any duties or obligations hereunder, may be directly or indirectly assigned, novated, hypothecated, transferred, or delegated by Contractor, or, where the Contractor is a joint venture, a joint venture partner, (collectively referred to as an "Assignment") unless first approved by City by written instrument executed and approved in the same manner as this Agreement in accordance with the Administrative Code. The City's approval of any such Assignment is subject to the Contractor demonstrating to City's reasonable satisfaction that the proposed transferee is: (i) reputable and capable, financially and

otherwise, of performing each of Contractor's obligations under this Agreement and any other documents to be assigned, (ii) not forbidden by applicable law from transacting business or entering into contracts with City; and (iii) subject to the jurisdiction of the courts of the State of California. A change of ownership or control of Contractor or a sale or transfer of substantially all of the assets of Contractor shall be deemed an Assignment for purposes of this Agreement. Contractor shall immediately notify City about any Assignment. Any purported assignment made in violation of this provision shall be null and void.

4.6 **Warranty.** Contractor warrants to City that the Services will be performed with the degree of skill and care that is required by current, good and sound professional procedures and practices, and in conformance with generally accepted professional standards prevailing at the time the Services are performed so as to ensure that all Services performed are correct and appropriate for the purposes contemplated in this Agreement.

4.7 **Liquidated Damages.** By entering into this Agreement, Contractor agrees that in the event Sentinel fails to deliver the Services, as provided under Article 4 herein, City will suffer actual damages that will be impractical or extremely difficult to determine. Contractor agrees that the greater of the sum of:

(a) \$1,000.00 per day;

OR

(b) All actual costs associated with the SFSD's assumption of Sentinel's obligations under this Agreement in the event that Sentinel cannot timely fulfill those obligations, for a total amount not to exceed \$1,000 per day, including, but not limited to:

1. Vehicle use and gas as associated with Field Check
2. Overtime pay costs for Deputy Sheriff

Sentinel's aggregate liability to City relating to or arising out of this Agreement, whether in contract, tort, or otherwise, shall not exceed the total amounts paid by City to Sentinel during the twelve (12) month period immediately preceding the event which gave rise to City's claims.

City may deduct a sum representing the liquidated damages from any money due to Contractor after the Contractor is notified in writing, subject to the opportunity to cure set forth below. Such deductions shall not be considered a penalty, but rather agreed monetary damages sustained by City because of Contractor's failure to deliver to City within the time fixed or such extensions of time permitted in writing by the City.

Liquidated damages will be suspended due to any force majeure event. A force majeure event is defined as Acts of God (including fire, flood, earthquake, storm, hurricane or other natural disaster), war, invasion, act of foreign enemies, hostilities (regardless of whether war is declared), civil war, rebellion, revolution, insurrection, military or usurped power or confiscation, terrorist activities, nationalization, government sanction, blockage, embargo, labor dispute, strike, lockout or interruption or failure of electricity or telephone service.

Contractor is responsible to use reasonable commercial effort to collect client fees. In the event Contractor does not collect the required participant's program fees, the City, upon advance notice to Contractor, may deduct a sum representing the liquidated damages from

any money due to Contractor from the monthly billing, and such deductions shall not be considered a penalty, but rather agreed liquidated damages sustained by City because of Contractor's failure to collect the fees, as required by the contract. If Contractor is unable to collect fees due to a change in circumstances of a participant, Contractor shall refer the case to the SFSD for a determination of a full or partial waiver within 24 hours of client's refusal to pay. As long as Contractor submits a timely incident report detailing clients' change in circumstances or willfully refusing to pay within 24 hours, there will be no deduction of those uncollected fees from Contractor's monthly billing.

Opportunity to Cure. If Contractor breaches any provision of this Agreement, City will give written notice; with confirm receipt, to Contractor per Section 11.1, entitled "Notices to the Parties" detailing Contractor violations. If such violation is not corrected to the reasonable satisfaction of City within twenty-four (24) hours after the notice of violation, or within such a reasonable time as may be required to cure the violation (provided the acts to cure the violation are commenced within twenty-four (24) hours and thereafter diligently pursued to completion), the City may, without further notice, declare Contractor to be in breach of this Agreement. Upon City's declaration of Contractor's breach, City may collect liquidated damages and may pursue any remedy available under local, state, or federal law, including those specifically provided for in this section.

Article 5 Insurance and Indemnity

5.1 Insurance.

5.1.1 Required Coverages. Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

(a) Workers' Compensation, in statutory amounts, with Employers' Liability Limits not less than \$1,000,000 each accident, injury, or illness; and

(b) Commercial General Liability Insurance with limits not less than \$1,000,000 each occurrence for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations; and

(c) Commercial Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence, "Combined Single Limit" for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.

(d) Professional liability insurance, applicable to Contractor's profession, with limits not less than \$1,000,000 each claim with respect to negligent acts, errors or omissions in connection with the Services.

(e) Technology Errors and Omissions Liability coverage, with limits of \$1,000,000 each occurrence and each loss. The policy shall at a minimum cover professional misconduct or lack of the requisite skill required for the performance of services defined in the contract and shall also provide coverage for the following risks:

(i) Network security liability arising from the unauthorized access to, use of, or tampering with computers or computer systems, including hacker attacks; and

(ii) Liability arising from the introduction of any form of malicious software including computer viruses into, or otherwise causing damage to the City's or third person's computer, computer system, network, or similar computer related property and the data, software, and programs thereon.

(f) Contractor shall maintain in force during the full life of the agreement Cyber and Privacy Insurance with limits of not less than \$1,000,000 per occurrence. Such insurance shall include coverage for liability arising from theft, dissemination, and/or use of confidential information, including but not limited to, bank and credit card account information or personal information, such as name, address, social security numbers, protected health information or other personally identifying information, stored or transmitted in electronic form.

5.1.2 Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

5.1.3 Contractor's Commercial General Liability and Commercial Automobile Liability Insurance policies shall provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that the insurance applies separately to each insured against whom claim is made or suit is brought.

5.1.4 All policies shall be endorsed to provide thirty (30) days' advance written notice to the City of cancellation for any reason, intended non-renewal, or reduction in coverages. Notices shall be sent to the City address set forth in Section 11.1, entitled "Notices to the Parties."

5.1.5 Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

5.1.6 Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

5.1.7 Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

5.1.8 Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California,

and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Contractor's liability hereunder.

5.1.9 The Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

5.1.10 If Contractor will use any subcontractor(s) to provide Services, Contractor shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and the Contractor as additional insureds.

5.2 Indemnification. Contractor shall indemnify and hold harmless City and its officers, agents and employees from, and, if requested, shall defend them from and against any and all claims, demands, losses, damages, costs, expenses, and liability (legal, contractual, or otherwise) arising from or in any way connected with any: (i) injury to or death of a person, including employees of City or Contractor; (ii) loss of or damage to property; (iii) violation of local, state, or federal common law, statute or regulation, including but not limited to privacy or personally identifiable information, health information, disability and labor laws or regulations; (iv) strict liability imposed by any law or regulation; or (v) losses arising from Contractor's execution of subcontracts not in accordance with the requirements of this Agreement applicable to subcontractors; so long as such injury, violation, loss, or strict liability (as set forth in subsections (i) – (v) above) arises directly or indirectly from Contractor's performance of this Agreement, including, but not limited to, Contractor's use of facilities or equipment provided by City or others, regardless of the negligence of, and regardless of whether liability without fault is imposed or sought to be imposed on City, except to the extent that such indemnity is void or otherwise unenforceable under applicable law, and except where such loss, damage, injury, liability or claim is the result of the active negligence or willful misconduct of City and is not contributed to by any act of, or by any omission to perform some duty imposed by law or agreement on Contractor, its subcontractors, or either's agent or employee. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City.

In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter.

Contractor shall indemnify and hold City harmless from all loss and liability, including attorneys' fees, court costs and all other litigation expenses for any infringement of the patent rights, copyright, trade secret or any other proprietary right or trademark, and all other intellectual property claims of any person or persons arising directly or indirectly from the receipt by City, or any of its officers or agents, of Contractor's Services.

Article 6 Liability of the Parties

6.1 Liability of City. CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION

PROVIDED FOR IN SECTION 3.3.1, "PAYMENT," OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT.

6.2 **Liability for Use of Equipment.** City shall not be liable for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or any of its subcontractors, or by any of their employees, even though such equipment is furnished, rented or loaned by City.

6.3 **Liability for Incidental and Consequential Damages.** Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor's acts or omissions.

Article 7 Payment of Taxes

7.1 **Contractor to Pay All Taxes.** Except for any applicable California sales and use taxes charged by Contractor to City, Contractor shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered pursuant hereto. Contractor shall remit to the State of California any sales or use taxes paid by City to Contractor under this Agreement. Contractor agrees to promptly provide information requested by the City to verify Contractor's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

7.2 **Possessory Interest Taxes.** Contractor acknowledges that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

7.2.1 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

7.2.2 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.

7.2.3 Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of

itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

7.2.4 Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law.

7.3 **Withholding.** Contractor agrees that it is obligated to pay all amounts due to the City under the San Francisco Business and Tax Regulations Code during the term of this Agreement. Pursuant to Section 6.10-2 of the San Francisco Business and Tax Regulations Code, Contractor further acknowledges and agrees that City may withhold any payments due to Contractor under this Agreement if Contractor is delinquent in the payment of any amount required to be paid to the City under the San Francisco Business and Tax Regulations Code. Any payments withheld under this paragraph shall be made to Contractor, without interest, upon Contractor coming back into compliance with its obligations.

Article 8 Termination and Default

8.1 Termination for Convenience

8.1.1 City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term hereof, for convenience and without cause. City shall exercise this option by giving Contractor written notice of termination. The notice shall specify the date on which termination shall become effective.

8.1.2 Upon receipt of the notice of termination, Contractor shall commence and perform, with diligence, all actions necessary on the part of Contractor to effect the termination of this Agreement on the date specified by City and to minimize the liability of Contractor and City to third parties as a result of termination. All such actions shall be subject to the prior approval of City. Such actions shall include, without limitation:

(a) Halting the performance of all Services under this Agreement on the date(s) and in the manner specified by City.

(b) Terminating all existing orders and subcontracts, and not placing any further orders or subcontracts for materials, Services, equipment or other items.

(d) Subject to City's approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.

(e) Completing performance of any Services that City designates to be completed prior to the date of termination specified by City.

(f) Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Agreement which is in the possession of Contractor and in which City has or may acquire an interest.

8.1.3 Within 30 days after the specified termination date, Contractor shall submit to City an invoice, which shall set forth each of the following as a separate line item:

(a) The reasonable cost to Contractor, without profit, for all Services prior to the specified termination date, for which Services City has not already tendered payment. Reasonable costs may include a reasonable allowance for actual overhead, not to exceed a total of 10% of Contractor's direct costs for Services. Any overhead allowance shall be separately itemized. Contractor may also recover the reasonable cost of preparing the invoice.

(b) A reasonable allowance for profit on the cost of the Services described in the immediately preceding subsection (a), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all Services under this Agreement been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.

(c) The reasonable cost to Contractor of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.

(d) A deduction for the cost of materials to be retained by Contractor, amounts realized from the sale of materials and not otherwise recovered by or credited to City, and any other appropriate credits to City against the cost of the Services or other work.

8.1.4 In no event shall City be liable for costs incurred by Contractor or any of its subcontractors after the termination date specified by City, except for those costs specifically listed in Section 8.1.3. Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Agreement, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Contractor under this Section, City may deduct: (i) all payments previously made by City for Services covered by Contractor's final invoice; (ii) any claim which City may have against Contractor in connection with this Agreement; (iii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection 8.1.4; and (iv) in instances in which, in the opinion of the City, the cost of any Service performed under this Agreement is excessively high due to costs incurred to remedy or replace defective or rejected Services, the difference between the invoiced amount and City's estimate of the reasonable cost of performing the invoiced Services in compliance with the requirements of this Agreement.

8.1.6 City's payment obligation under this Section shall survive termination of this Agreement.

8.2 Termination for Default; Remedies.

8.2.2 On and after any Event of Default, City shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate this Agreement or to seek specific performance of all or any part of this Agreement. In addition, where applicable, City shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any Event of Default; Contractor shall pay to City on demand all costs and expenses incurred by City in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. 8.2.3 All remedies provided for in this Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be

deemed to waive any other remedy. Nothing in this Agreement shall constitute a waiver or limitation of any rights that City may have under applicable law.

8.3 **Non-Waiver of Rights.** The omission by either party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other party at the time designated, shall not be a waiver of any such default or right to which the party is entitled, nor shall it in any way affect the right of the party to enforce such provisions thereafter.

- 7) Communicate with participants through the bracelet. All programming and monitoring performed by case manager and SFSD is accomplished through a web-based program.
- 8) Enable Contractor and SFSD through a web-based program to remotely and discretely perform the following:
 - a. Range testing
 - b. Variable tracking/reporting intervals
 - c. Pairing with 1-piece body attached GPS device
 - d. Diagnostic Testing
- 9) **Optional Victim Dual GPS Application** – Contractor offers an option in which the OM400 GPS devices worn by both the offender/perpetrator plus a second victim-carried GPS device creating a unique “Mobile Exclusion Zone” around the victim. This monitoring service will notify the victim as well as law enforcement if the offender gets too close to the victim.

2. Mobile Breath Alcohol Testing, capable of:

***RE: Legal & Policy Problems with Electronic Monitoring in San Francisco, California
Agenda Item 200876 & 201198, Budget and Finance Committee, Nov. 18, 2020***

Dear Supervisor Fewer:

This letter addresses the San Francisco Sheriff's office use of electronic monitoring for people on pretrial release and probation. The COVID-19 pandemic brought into sharp focus the dangers of incarceration and the critical need to release as many incarcerated people as possible. But the continued and increased use of electronic monitors (including GPS-equipped ankle monitors) is not the answer.¹ Instead, significantly fewer people should be on monitors and the rules of monitoring should be modified to be much less restrictive and oppressive.

By way of introduction, I am a law professor and my area of expertise is the use of surveillance technology for people involved in the criminal legal system. Prior to joining academia, I was an attorney at the East Bay Community Law Center in Berkeley, California, where I represented young people charged with crimes, many of whom were ordered to wear ankle monitors. I know the problems with electronic monitoring very well.

The Board of Supervisors is uniquely positioned to address the problems with electronic monitoring. Pursuant to California Penal Code § 1203.16, the Board may "prescribe reasonable rules and regulations" regarding electronic monitoring. Some of the relevant rules are set forth in the contract with Sentinel Offender Services and other rules are set by the Sheriff's Office.² Both sets of rules should be reviewed and modified by the Board of Supervisors. Thanks to the efforts of community organizers, the harmful and racialized impact of electronic monitoring has been exposed. This letter adds to those efforts by explaining some of the specific legal problems with electronic monitoring for people on pretrial release and court supervision.

Electronic Monitoring Improperly Infringes on Fourth Amendment Rights & Privacy.

Electronic monitoring, as well as police use of the data generated by ankle monitors, is governed by the Fourth Amendment.³ Accordingly, there must be a legal basis for these searches and yet there is often no such basis when it comes to electronic monitoring. Although there is not uniformity among courts on this issue, at least two state supreme courts struck down electronic monitoring as unreasonable searches under

the Fourth Amendment.⁴ In those cases, the courts found that the significant privacy intrusions of electronic monitors outweighed the government interest in tracking people.⁵

Electronic Monitoring is Often an Unreasonable Condition of Court Supervision and Pretrial Release.

To be lawful, conditions of release, such as electronic monitoring, must reasonably relate to the purposes of supervised release, such as rehabilitation, public safety, or, in the case of pretrial release, ensuring attendance at future court dates.⁶ There must be a “degree of proportionality between the burden imposed by [the] condition and the legitimate interests served by the condition.”⁷ Although there is not uniformity among courts on this issue, there are three general reasons why electronic monitoring is neither reasonable nor proportional.

First, monitoring burdens the significant privacy interests in our personal digital data, including our location data.⁸ As Justice Sonia Sotomayor explained, extensive use of GPS surveillance of location data “generates a precise, comprehensive record of a person’s public movements that reflects a wealth of detail about her familial, political, professional, religious, and sexual associations.”⁹ This surveillance, in turn, disrupts “the relationship between citizen and government in a way that is inimical to democratic society.”¹⁰

Second, there is no convincing evidence that electronic monitoring furthers any of the purposes of supervised or pretrial release. In fact, the opposite is true: less supervision and fewer restrictions lead to better outcomes.¹¹ The stigmatizing effect of wearing a monitor, as well as the myriad of technical requirements (including being on 24/7 house arrest), makes it hard to obtain and keep a job,¹² as well as maintain social and familial relationships.¹³ As the Massachusetts Supreme Court recently observed: “When a judge orders GPS tracking, a ‘modern-day ‘scarlet letter’ is physically tethered to the individual, reminding the public that the person has been charged with or convicted of a crime.”¹⁴ In the context of pre-trial release in particular, there is no evidence that people on monitors have lower rates of missed court dates as compared to people not on monitors.¹⁵

Third, and finally, electronic monitoring is often used disproportionately. Although it did not address GPS monitoring specifically, the California Supreme Court recently struck down electronic surveillance of cellphone data as a condition of juvenile probation because the “burden it imposes on [the accused person’s] privacy is substantially disproportionate to the countervailing interests of furthering his rehabilitation and protecting society.”¹⁶

Electronic Monitoring Reflects the “New Jim Code.”¹⁷

Electronic monitoring builds on decades of surveillance as a mode of racial control and subordination.¹⁸ As Professor Michelle Alexander, author of *The New Jim Crow*, observed: “digital prisons are to mass incarceration what Jim Crow was to slavery.”¹⁹ Race directly corresponds with “who is watched in society.”²⁰ In San Francisco, Black people make up around 3 % percent of the general population but almost 50 % of the people on electronic monitors. National data also shows that Black and Latinx people are also reincarcerated for technical violations at a much higher rate than white people.²¹

Being watched 24/7 undermines personal autonomy and dignity, resulting in racialized disenfranchisement and social marginalization.²² Rejecting the idea that GPS monitoring furthers rehabilitation, one federal judge remarked in a dissent: “a public sighting of the modern day ‘scarlet letter’—the relatively large GPS device—will undoubtedly cause panic, assaults, harassment, and humiliation.”²³

Electronic Monitoring Is Not Always Used as An Alternative to Incarceration and Pretrial Detention.

The common narrative is that but for electronic monitoring, people would otherwise remain in custody. This “favorable alternative” narrative is a myth for two reasons. First, there is no empirical evidence that monitoring is, in fact, used as an alternative - that in a world without monitors the same people would be in custody. Perhaps some people would otherwise be incarcerated, but many people would not (or should not) be incarcerated. In practice, monitoring is often added on as an additional condition of probation or pretrial release, used as a sanction for technical violations that often had nothing to do with public safety, or used on people who should just be straight released (or released on their own recognizance).

Second, even in cases where monitoring is, in fact, being used as an alternative – in other words, the person would otherwise remain in custody – there is limited evidence that monitoring is an effective alternative. In fact, GPS monitoring, with its near perfect capacity to detect invariable imperfections, increases the risk of technical violations,²⁴ which in turn drives reincarceration.²⁵ People on monitors often spend months cycling in and out of jail for technical violations. For example, failing to charge the monitor at a predetermined time or going to the doctor’s office without authorization, are violations and often result in reincarceration.²⁶ It is rarely a question of one day of electronic monitoring versus one day in custody – it is most often both.²⁷

Electronic Monitoring Improperly Infringes on Liberty Interests.

As one federal judge observed of GPS monitoring in the context of pretrial release: “Required wearing of an electronic bracelet, every minute of every day, with the government capable of tracking a person not yet convicted as if he were a feral animal would be considered a serious limitation on freedom by most liberty-loving Americans.”²⁸ Although there is not uniformity within the law on this issue, a small but growing number of courts have found that GPS monitoring improperly infringes on liberty interests.²⁹

Electronic Monitoring Is Uniquely Harmful to Certain Groups.

The requirements of electronic monitoring are especially challenging for people with disabilities, mental illness, young people,³⁰ and those with housing insecurity.³¹ Life on a monitor means remaining inside at all times, complying with sometimes upwards of 50 different rules, having regular access to electricity for a set amount of time (sometimes two or more hours at a time), and the ability to plan daily schedules at least 48 hours in advance. Compliance with these requirements would be challenging for anyone, but compliance is particularly hard for more vulnerable groups of people.

Data Should Show Progress, Not Simply Swapping One Form of Incarceration for Another.

According to the San Francisco Sheriff’s Office, the use of monitoring increased three-fold while the jail population decreased. This data suggests that monitoring is overused. Ideally, there should be a decrease in the jail population and a decrease (or at least not an uptick) in the use of monitoring. As a point of

comparison, in neighboring Alameda County, the use of electronic monitoring in juvenile court has gone down over the past two years, as has the overall juvenile hall population. Similar trends should be seen in San Francisco's use of monitoring.

San Francisco Should be a Leader in Limiting & Reforming the Use of Electronic Monitoring.

It is incumbent on the Board to consider these legal and policy concerns, and address the demands identified by those directly impacted.³² The rules and regulations governing the use of monitoring must be changed to counter the negative implications of monitoring. A range of advocacy groups, many of which include directly impacted people, have argued against the expanded use of electronic monitoring and proposed alternatives.³³ I fully support those efforts.

Please let me know if you have questions about this letter or would like to discuss any of these points. I would be honored to be of assistance as you continue to address these important issues. Please feel free to contact me by phone (510-326-8678) or email (kweisburd@law.gwu.edu).

Thank you for your time.

Dear Board of Supervisors,

I am Kenneth Vineburg, a resident of San Francisco. I strongly oppose the ban on ankle bracelets without a like substitute. Criminals should not be roaming our streets... convictions and sentences should be served as carried out as directed!

Crime in our great city is getting worse, and we need a bigger deterrent.

My name is Sarah Rosedale and I live, in San Francisco District 9.

I am writing to voice my opposition to electronic monitoring. Our city's reliance on electronic monitoring is harmful, and we should instead invest in services that support more opportunities for release, building up our communities in ways that keep us all safe instead of more forms of incarceration.

I have been volunteering with No New Jails SF and as I help monitor meetings and research the criminal justice system in our city, it is shocking the ways in which new forms of incarceration, and the profiting that comes with it, are silently working their way back into the system. Electronic Monitoring is just a high tech, money making endeavor that once again is sending certain people in our communities into virtual prison and real debt, over and over again. We need to find actual solutions to these cycles of poverty and crime, not new gadgetry that supports private enterprise profit over the needs of our community. As a long term San Franciscan who wants to see everyone in this city thrive, this is just another horribly backwards moment, watching private enterprise thrive over the needs of people who need it most. I am disappointed again and again by the community we have become.

Electronic monitoring (EM) is NOT an alternative to incarceration, it is another form of incarceration. It is a punitive sanction that fails to provide the services, support, and opportunities that people need. Electronic monitoring expands jails and policing into the homes and communities of Black, Indigenous, Brown, Trans, and poor people and increases surveillance.

Electronic monitoring is growing along with the jail population instead of reducing it. Between 2018 and early 2020, the number of people with ankle monitors in San Francisco tripled with bail reform, but the jail population increased. Monitors are being used as an expansion of surveillance rather than as a "replacement for imprisonment."

Instead of electronic monitoring, we need to do the following:

- **Decriminalize quality of life crimes.** EM being used for houseless folks quality-of-life violations for example. Decriminalizing reduces arrests and therefore enrollment in EM.
- **Explore all possibilities for release,** including expanding criteria for own-recognition release and other pretrial diversion and programming. Electronic

monitoring and pre-trial detention should be the last option.

- **Invest in services** and programs that bolster pretrial support including creative solutions that eliminate barriers and assist folks to attend their pretrial court hearings.
- **Focus on community support** rather than pre-conviction shackling, surveillance, and punishment. Let's take seriously the presumption of innocence until proven guilty.

Furthermore, Sentinel Offender Services, the private company that the Sheriff is seeking a contract with, has been mired in controversy over its predatory practices. It has faced dozens of lawsuits in Richmond and Columbia Counties in Georgia, and has been sued another 15 times in federal courts in Georgia, Florida, and California. The Southern Center for Human Rights has stated that "Sentinel's predatory practices have nothing to do with public safety and everything to do with turning a profit." So in addition to electronic monitoring being a fundamentally harmful technology, it would be further shameful for San Francisco to continue doing business with a company that is notorious for its human rights abuses.

Good morning, Budget & Finance Committee:

My name is Melissa Hernandez. I live and work in San Francisco in D7 and D6, respectively.

I am writing to voice my opposition to electronic monitoring, and especially voice my opposition given our city's inability to provide basic data, policies, or any coherent explanation of why so many people are being placed on EM. Our city's reliance on electronic monitoring is harmful, and we should instead invest our time and resources to find services and programs that support more opportunities for actual release, building up our communities in ways that keep us all safe instead of more forms of incarceration.

EM is NOT an alternative to incarceration, it is another form of incarceration. It is a punitive sanction that fails to provide the services, support, and opportunities that people need. EM expands jails and policing into the homes and communities of Black, Indigenous, Brown, Trans, and poor people and increases surveillance.

If this committee does not plan to reopen this contract or vote to send it with a negative recommendation, I would ask that you at least consider doing the following:

- Demand regular data from the sheriff and Sentinel about who is on EM, how long, and for what reason and share that information to the public through one of the many committees at your disposal.
- Have the sheriff and other justice partners come up with a plan about how they will limit the amount of people who are placed on EM.
- Have the sheriff report publicly how his office will limit or zero out the number of people who are re-booked over minor technical violations.
- Ask the sheriff to implement a policy that will notify the public defender's office whenever someone is found to have accidentally turned off their EM device.
- Shed light and demand more data on the way these contracts are carried out and negotiated.
- Put an end to rubber stamping these contracts by having the sheriff and/or other justice partners explain how EM is chosen over OR release for pretrial folks, or over other non-carceral options for folks who are sentenced, as there seems to be mass confusion about EM even among the departments and organizations that are closest to this process.

Good morning supervisors. My name is Christine and I live in San Francisco. I'm a member of the No New SF Jail Coalition, which believes that harm comes from the results of social, economic, and political problems -- so harm needs to be dealt with solutions that address the root causes of the issues, and focus on meeting people's basic needs, rather than extending surveillance into already marginalized communities.

I had to leave the meeting so am sending in this comment. I want to first thank the supervisors for raising such critical questions today around the lack of evidence around whether electronic monitoring works, while it continues to disproportionately affect Black people and people of color, and also for digging into what we have the opportunity to change right now.

Given how EM hampers people's abilities to go about their lives, and even has serious impacts on people's health, it's critical that we continue to push for more data and transparency in this manner. Please continue pursuing data about who is on EM and for what, how many are placed on it before they are even convicted, types of violations, what happens after these violations — and of course what disparities in all this when it comes to factors like race, gender, age, and housing stability.

It's especially critical that we make this type of data publicly available, knowing that Sentinel Offender Services, the private vendor in question, has actually been mired in controversy over its predatory practices. Sentinel has faced dozens of lawsuits in Georgia, and has been sued another 15 times in federal courts in Georgia, Florida, and California. The Southern Center for Human Rights has stated that "Sentinel's predatory practices have nothing to do with public safety and everything to do with turning a profit."

Please continue to pursue more information around how electronic monitoring is a fundamentally harmful technology, and to examine doing business with a company that is notorious for its human rights abuses.^[L]_[SEP]

My name is Michael Lyon, a member of the No New Jails Coalition. No New Jails vehemently opposes ankle monitors and electronic monitoring.

Recently, the Board finally agreed to close the dangerous and decrepit City Jail 4 at 850 Bryant. Passed amid the uproar over racist police violence and over-incarceration, the ordinance to close 850 Bryant also pledged to make a new jail unnecessary by reducing incarceration, using social services, bail reform, and decriminalization of minor offenses.

Use of electronic monitoring might seem as though it reduces incarceration, but in fact, it doesn't. Between 2018 and early 2020, use of ankle monitors tripled, yet the jail population increased. Electronic monitoring does not decrease incarceration.

Well, you might argue, isn't the surveillance of electronic monitoring an improvement over locking people up? No New Jails says surveillance is NOT an improvement over incarceration if they're both being applied in the same racist and sexist manner, as is inevitable under today's existing racist and sexist policing and court procedures.

But, we do need data on who's been put on Electronic Monitoring, and for what offenses? How many who have been convicted of no crime? When will this be available?

But isn't it better to surveil people than punish them, particularly for

those awaiting trial? Wrong. Being monitored IS punishment. The monitors must be recharged every few hours, which may be OK for people working from home on-line, but it's next to impossible to work for lower-paid and largely so-called minority essential workers. And childcare is next to impossible for everyone.

Especially for arrestees who haven't even been convicted of a crime, there needs to be beefed-up Own Recognizance programs and pre-trial diversion.

Sentinel Offender Services, the Sheriff's proposed contractor, has been sued 15 times in federal courts in Georgia, Florida, and California.

The large amounts of money in the Sheriff's budget for administering the Electronic Monitoring program should be used for voluntary housing, community services, and the health and mental health care that would really promote public safety.

My name is Hien Nguyen with Asian Prisoner Support Committee(APSC). An organization that provides direct services to incarcerated and formerly incarcerated communities. Many of our formerly incarcerated members transition into San Francisco and are current residents.

I am writing to voice my opposition to electronic monitoring. Our city's reliance on electronic monitoring is harmful, and we should instead invest in services that support more opportunities for release, building up our communities in ways that keep us all safe instead of more forms of incarceration.

Almost half of our members are monitored electronically because of their immigration status. Just a couple of weeks ago, my organizations along with partner org published a research on the health consequences of incarceration and detention - we found the EM leads to job loss, carries the psychological toll of being criminalized and is associated with foot swelling, cramps, and burning of the skin as the ankle monitor charges. Our research guided by the stories of impacted people.

I can't count the countless times when a person calls me in a panic because their monitor had technological issues, the battery is dead, the monitor isn't working, this panic often retraumatized our members into thinking they did something wrong, when in fact they are trying to rebuild their lives. Often, when EM goes out, they stop everything - they stop what they are doing whether it be working, going to school, or caring for a family member, to go to their reporting officer and fix it. Everyone at this meeting can certainly see why EM is harmful to our communities.

This board has supported the work of the No New Jails Coalition and we thank you for the support and look forward to working towards building a safer and whole city together.

Hello,

I am writing to voice my opposition to electronic monitoring. Our city's reliance on electronic monitoring is harmful, and we should instead invest in services that support more opportunities for release, building up our communities in ways that keep us all safe instead of more forms of incarceration.

My incarcerated friends, once released, deserve a life free of constant surveillance. Things like electronic monitors continue the cycle of funneling people back into The System for petty missteps. It creates a second class of citizenship that's mostly Black and Brown people. This does not help keep SF safe. The city has passed a ban on facial recognition, and it should do the same here for Electronic monitoring. These corporations are trying to make a killing off it and have made a huge industry out of redirecting the people's mandate to sherrifs to be more humane to selling expensive, so called "humane" technology.

Electronic monitoring (EM) is NOT an alternative to incarceration, it is another form of incarceration. Our city's reliance on electronic monitoring is harmful, and we should instead invest in services that support more opportunities for release, building up our communities in ways that keep us all safe instead of more forms of incarceration.

[Share a personal or organizational experience here related to electronic monitoring. Speak from the heart. Let the committee know that being on electronic monitoring is impactful, more than an inconvenience; it's prohibitive and harmful.]

Electronic monitoring (EM) is NOT an alternative to incarceration, it is another form of incarceration. It is a punitive sanction that fails to provide the services, support, and opportunities that people need. Electronic monitoring expands jails and policing into the homes and communities of Black, Indigenous, Brown, Trans, and poor people and increases surveillance.

Electronic monitoring is growing along with the jail population instead of reducing it. Between 2018 and early 2020, the number of people with ankle monitors in San Francisco tripled with bail reform, but the jail population increased. Monitors are being used as an expansion of surveillance rather than as a "replacement for imprisonment."

Instead of electronic monitoring, we need to do the following:

- **Decriminalize quality of life crimes.** EM being used for houseless folks quality-of-life violations for example. Decriminalizing reduces arrests and therefore enrollment in EM.
- **Explore all possibilities for release,** including expanding criteria for own-recognizance release and other pretrial diversion and programming. Electronic monitoring and pre-trial detention should be the last option.
- **Invest in services** and programs that bolster pretrial support including creative solutions that eliminate barriers and assist folks to attend their pretrial court hearings.
- **Focus on community support** rather than pre-conviction shackling, surveillance,

and punishment. Let's take seriously the presumption of innocence until proven guilty.

Furthermore, Sentinel Offender Services, the private company that the Sheriff is seeking a contract with, has been mired in controversy over its predatory practices. It has faced dozens of lawsuits in Richmond and Columbia Counties in Georgia, and has been sued another 15 times in federal courts in Georgia, Florida, and California. The Southern Center for Human Rights has stated that "Sentinel's predatory practices have nothing to do with public safety and everything to do with turning a profit." So in addition to electronic monitoring being a fundamentally harmful technology, it would be further shameful for San Francisco to continue doing business with a company that is notorious for its human rights abuses.

I am writing to voice my opposition to electronic monitoring. Our city's reliance on electronic monitoring is harmful, and we should instead invest in services that support more opportunities for release, building up our communities in ways that keep us all safe instead of more forms of incarceration. Several years ago, I was a student teacher in San Francisco, and I had a student with an ankle monitor. I saw firsthand the emotional effect it had on her, making her less able to focus on schoolwork and damaging her relationships with teachers and other students.

Dear Supervisors Wong, Fewer, Walton and Madelman,

I am a San Francisco native residing in district 8. I am writing to express my concern for the contract that will potentially be signed with Sentinel Services. In this time, when the leaders of the city have conceded to the demands of the popular uprising demanding justice and safety in their communities, I fear that this contract signed with Sentinel Services will expand the grasp of the Prison Industrial Complex. Electronic monitoring is not the same as decarceration. Although people might not be housed in jail, they are still within the grasp of the criminal justice system. Furthermore, these systems penalize the poor. Often these companies that contract with justice system require people to rent the electronic monitors, locking people in vicious cycle where poverty is criminalized. Surveillance can destroy someone's confidence and hamper attempts to make positive connections within their community.

These issues are concerning in the shadow of the DA's bail reform. In the past three years, levels of electronic monitoring have tripled. Ankle monitors are not a replacement for imprisonment, but instead expand the reaches of the the jail system. Rather than use electronic monitoring as band-aid on our overworked and unjust justice system, we need to focus our funds on decriminalizing quality of life crimes so that the number of arrests goes down, we need to focus on own-recognition releases and other options for pre-trial diversion, and most of all we need to focus on funding our communities so that the issues of poverty and alienation don't bring people to desperation. I hope that during this meeting today, you will take into consideration these issues with Electronic Monitoring and reduce our justice system's reliance tools of surveillance such as ankle monitors.

All the best,
-egon conway

Hello,

My name is Joy Kuzma, and I live and work in San Francisco.

I am writing to voice my strong opposition to electronic monitoring. Simply figuring out different ways to expand surveillance and criminalize people, instead of actually building networks of care and safety, expands incarceration only through different forms. It's a cruel and counterproductive bandaid for a deeper need to re-do systems that harm people in our community.

Electronic Monitoring (EM) makes lawmakers and privileged citizens not directly impacted by our incarceration system feel better, like they're doing some type of productive reform...but all it does is bring jail into the homes of the most vulnerable, making especially marginalized communities (Black, Brown, Trans, Poor, Undocumented) who are *already* overpoliced constantly under surveillance and constantly criminalized, with no safe space to retreat to.

Electronic Monitoring expands the jail population, expands surveillance, and expands criminalization. It's not a "replacement for imprisonment," it's a more insidious expansion of it. Also, Sentinal Offender Services is a deeply controversial, predatory company already embroiled in lawsuits for its unethical practices--I'm sure we don't want to align ourselves (and our liability) with this type of company.

Instead of EM, we need to:

- RELEASE PEOPLE (especially in times of covid!!)
- Decriminalize houslessness and quality of life crimes
- Actually fund services and support systems

Thank you for helping to make a better city, a better Bay Area, and a better world,

Joy Kuzma
San Francisco, California

My name is Dorsey Bass and I'm a member of Flying Over Walls, an LGBT prisoner support organization, and I also work as a counselor in residential mental health programs in San Francisco and Oakland. In both of those contexts we see people who have been placed under electronic monitoring and I really want to emphasize that this practice causes the same kinds of harm and trauma as physically jailing people—the restriction of movement, stigma, often separation from loved ones or community support, physical pain & discomfort, and just the constant reminder that one is under surveillance and is not free—these things all have negative impacts on people, they delay the process of healing and reintegrating into community, and we really should be moving away from these kinds of punitive approaches and focus on providing more resources that actually lead to healing and stronger communities.

Recently a client told me he would prefer to go back to jail rather than keep his ankle monitor because wearing it was so distressing to him—that may be an extreme example, but I can't overemphasize the negative impact of these devices on people's well-being and mental health.

Since 2018 the number of people on electronic monitoring in San Francisco has **tripled**, and up until COVID the jail population was actually increasing at the same time. So this is being used as an expansion rather than an alternative to imprisonment, and these are funds and resources we could be using to expand services that people actually need and that actually help reduce harm & violence in our communities—mental health services, family counseling, intensive case management, low-to-no income housing, supportive housing, conflict mediation, etc, instead of more forms of incarceration.

I want to thank all of you on the committee for considering this issue and urge you, on behalf of Flying Over Walls and as a local resident and mental health worker, to move to reduce & eliminate electronic monitoring in San Francisco, and to recommend against renewing the contract with Sentinel.

Thank you,
Dorsey Bass
