Thanks for prompt reply! I tuned in, just in time for the roll call. Please thank Supervisor Preston for listening to all parties and gently applying the brakes to this project. Fingers are crossed that the Regents, in turn will agree to postpone their approval. Personally, I don't see how they can accept the EIR without having a clear description of the new hospital, including its size and design. So far, UCSF has managed to avoid that review. Please let me know what happened to Supervisor Preston's Resolution to delay the UCSF MOU. It was discussed yesterday at the Land Use and Transportation Committee meeting yesterday. Thank you, Cynthia Travis

To the Land Use and Transportation Committee:
Please encourage UCSF to consider alternative sites for its proposed new hospital. UCSF has claimed, for instance, that its Mission Bay campus is already overcrowded, but a quick look at that campus' map suggests otherwise. For instance, in the area along Nelson Rising Way on the campus' north side, UCSF has a series of contiguous surface parking lots. That would be a lovely spot for a new hospital, complete with stunning views of the SF Bay.

To the Land Use and Transportation Committee:

Please ask UCSF to scale back its plan for a monstrous new hospital on the Parnassus site. It is cruel and insensitive to propose adding almost 3 million square feet of new building space, and many thousands of people and cars, to the already-overcrowded campus and residential neighborhood. The plan violates UCSF's pledge in the CPHP to "Create building massing to have respectful relationships with neighboring structures and natural features...(and) maintain a similar scale to surrounding structures...(and) create neighborly relations with existing structures at the campus boundaries." It also fails to mitigate what will become a dramatic exacerbation of the current parking and public transportation problems all around the Parnassus campus. Finally, it ignores and disrespects neighbors' concerns by deciding **without consultation** to blow through the limit of 3.55 million square feet for the Parnassus campus. UCSF agreed to that limit in response to the Parnassus neighbors' objections to UCSF's aggressive expansion, at the expense of the neighborhood, in the 1970's. That agreement does not anticipate an ending date, and the neighbors' concerns have not changed. Cynthia Travis, 58 Woodland Ave., SF 94117
