I am writing to express my support for the designation of the San Francisco Eagle as a historic landmark. The Eagle is an iconic location for the gay community and has served as the template for Eagle bars around the world. Within the San Francisco community it has served as a gathering place during the AIDS epidemic and has served as a community meeting and fundraising space ever since. Many of those lost to AIDS during the height of the pandemic had their ashes scattered there. It would be a blow to our community if this site was lost to developers and I encourage you to help preserve it.

Thank you for your time.

Hello!

I would like to express my support for designating the SF Eagle Bar as a historic landmark in San Francisco.

Little has shown us the importance of public meeting places like the Covid-19 Pandemic and sheltering in place. In the best of times, communities need safe and sacred places to meet, gather, celebrate, and remember. In harder times, the most vulnerable among us need these spaces even more.

The SF Eagle is unique among the city and indeed the world, and it has been a center of queer and leather life for San Franciscans and people from all over. San Francisco is what it is because of the leather and queer community, and indeed the spaces like the SF Eagle that nourished and sheltered creativity, sexual revolution, and queer rights.

I would like to show my support for the SF Eagle Bar to become a Historic Landmark!

For over 40 years that I am personally aware of the SF Eagle Bar has been a core supporter of the LGBTQ community. They have raised millions of dollars for different charities. They have been a refuge for so many. They have been a place where clubs and organizations from every walk of the LGBTQ community could go and have a place to express their individual freedoms.

After we have lost so much, now is the time to rescue and recognize what we have.

The SF Eagle is an institution of the LGBTQ community. Please Grant them Historic Landmark Status.

I support The SF Eagle Bar be given Historic Status because it was been an long time supporter of the gay community. Many gay men and women have found this bar as their home during sunday beer busts and the holidays when their own blood family has turned their back on them. It is an important part of the city's history in the SOMA district has evolved.

I support the historic designation of the San Francisco Eagle and the simple truth is during this pandemic the LGBTQ+ community especially the leather community of SF seems to be losing our safe spaces. My personal history started back in the 1990s, the San Francisco Eagle was the 1st bar that I went to when I first came here to live. I'm originally from Detroit and we had our own Eagle which sadly closed many years ago. Not only is the SF Eagle a local Bar it stands as a landmark to the international LGBTQ+ community. Please Grant the SF Eagle Historic Designation.

To whom it may concern. We are German immigrants my husband and I and coming to San Francisco was always a symbol for being free of any judgement for being gay.
And just a few places like the Harvey milk bar or the sf eagle stand out as a beacon for that that is why we both are in favor and support the historic designation.

To whom it may Concern,

I have had the pleasure of working with the SF Eagle Bar and neighboring LGBTQ community organizations for the past three years in an effort to bring the world's first leather plaza to SoMa; Eagle Plaza.

As a project manager for the San Francisco Parks Alliance, working around the city with a diverse population of citizens and sites, I have found no other group of citizens more supportive and eager to improve their community than the LGBTQ SoMa population, including the Friends of Eagle Plaza, the Leather Cultural District and SF Bay Area Leather Alliance.

I have seen first-hand the impact the SF Eagle bar has on not only San Francisco's population, but for cities around the country that support LGTBQ businesses that have been historically depleted of the necessary funds and rights given to similar businesses.

Every Sunday (outside of COVID), the bar provides an event to supporting a local non-profit, where proceeds from liquor and food sales go; an invaluable resource to this community.

In addition, the outreach that the bar gets nationwide from spectators looking to visit the city for annual celebrations, such as Folsom Street Fair or Dorey Alley, provide a huge economic boost to the area. Within just one afternoon in April of 2019, the Friends of Eagle Plaza organized a street festival outside the bar to raise funds for the proposed Eagle Plaza. The group was able to raise over \$10,000.00 in just a few hours, a small snapshot of this communities' efforts to support not only each other, but the businesses and landmarks that make up our great city.

Myself and the San Francisco Parks Alliance completely support the San Francisco Eagle Bar's application for landmark status.

Best,

Dear Supervisors and Committee Members,

We are writing in support of the SF Eagle's landmark designation. The Eagle has been a linchpin in the SOMA culture for many years and is an important partner for the LEATHER & LGBTQ Cultural District. Its famed Sunday Beer Bust is a stand-by for hundreds, if not thousands, of patrons every week. It is a priority destination for out-of-town visitors, as well as providing a fundraiser for dozens of local nonprofits every year.

It has been the home of countless live music shows, contests, and social events. It is more than a bar, more than a series of events, it is an institution of the gay community's culture. For many, the SF Eagle IS SOMA. Being granted historical landmark status would help ensure that this cornerstone of the community remains the resource it has been for so many years.

We strongly urge the passage of SF Eagle's landmark designation on behalf of the residents of SOMA, visitors to the District, and the neighboring businesses which benefit from the consistent influx of patrons. It is an extremely significant piece of our cultural heritage and an important factor in the vitality of the LEATHER & LGBTQ Cultural District.

Sincerely,

To the member of the San Francisco Historic Preservation Committee-

When I first moved to San Francisco, I hardly knew anyone. During the years I lived in the Bay Area, my relationships with many of the people I now consider family started when I met them at Sunday beer bust, karaoke with the inimitable Beth Bicoastal, the make out parties, or any of the other nights of fantastic queer entertainment. The SF Eagle is not only woven into my personal history as a queer man, but into the stories of all of the queer people who have ever found a home and a family at The Eagle and thus in the San Francisco queer community. Designating The SF Eagle as a historic landmark would be a testament to everything The Eagle has given to the city and its residents.

Respectfully,

Boomer Ullrich

Coming to San Francisco five short years ago. I was a mostly closeted, mostly conservative, 1st year law student at UC Hastings.

I still remember day 2 of orientation, being grabbed by Zac, an incredibly flamboyant SF local, as he yelled, 'YOU'VE NEVER BEEN TO A GAY BAR!!!!' He was in my section, but a few years older than I was, not surprising though as I was only 22.

He dragged me to The Eagle that night. And I have dragged him back many subsequent nights.

The Eagle is where I became the person I am today. The Eagle is home. Whether it be Frolic, Woof, or just games night, it has such a welcoming, open atmosphere that I was able to come out of my shell for the first time in my life. The Eagle is where I met my boyfriend of two years and many of my friends.

To me. The Eagle is the most important building in San Francisco. The Eagle changed my life in so many ways I can never fully describe. And I hope it is protected for the future, so that it may have that same impact on others.

Thank you for taking the time to read this,

Hello Historic Preservation Commission team,

My name is Sal Mattos and I am an actor, writer, drag queen, and lifelong resident of San Francisco.

It goes without saying that this past year has been particularly devastating to local businesses, particularly queer organizations. We've already seen one historic spot, The Stud, have to move away from its longtime venue, in addition to other venues closing up for good.

We cannot have this happen to The Eagle, an institution with years of history tied directly to SF's own queer history. It is of particular importance to the leather community, and is even literally physically at the center of the leather cultural district. To put it simply: San Francisco is not San Francisco without the Eagle.

Please consider granting the SF Eagle historic preservation status to help ensure that this institution can survive not only the pandemic but also the wave of changes to the city that are sure to follow it.

Thank you!
