Dear Board of Supervisors,

I pray this message finds you well.

It is with the highest degree of urgency we kindly request your support in ending the humanitarian crisis in Tigray region, Ethiopia. Since the large-scale war on the people of Tigray started on November 4<sup>th</sup>, 2020, the humanitarian crisis has increased exponentially with no end to this crisis. Many members of humanitarian aid organizations including the United Nations have called for an immediate ceasefire to allow humanitarian aid to reach areas in danger of massive hunger and death. However, the large-scale war continues and the lives of millions of people in the Tigray region remain at increased risk for an unimaginable crisis and death.

On November 4<sup>th</sup>, 2020, the Federal Government of Ethiopia led by Prime Minister Abiy Ahmed declared a large-scale war on the people of Tigray. At the same time, Prime Minister Abiy Ahmed declared a six-month state of emergency in the region of Tigray and ordered a complete shutdown of travel to and from Tigray, electricity, banking, internet, telephone service, waterline, food supply, and no journalist or independent external organization has been allowed to enter and report from the entire Tigray region. To date, many of us have not heard from our families and we are deeply concerned for their safety and well-being.

After nearly 4 months, reports of fighting, mass murder, sexual violence against girls and women, destruction of public and private property continues. Many international aid organizations, leaders including Chancellor Angela Merkel from Germany, President Emmanuel Macron from France, President Paul Kagame from Rwanda, and the Office of the President of the United States of America have condemned the violence in Tigray, Ethiopia. However, the fighting still continues, and all efforts have not been enough.

This past Tuesday, February 23, 2021, Board of Supervisor Dean Preston, presented a resolution we, the Bay Area Tigray Community, have been working on with his office. The resolution will be up for approval this upcoming Tuesday, March 2, 2021. We humbly and respectfully request you and your colleagues to take an actionable stance and approve the resolution and help end the war on the people of Tigray and the greatest humanitarian crisis since the famine of the 1980s.

Sincerely,

\*\*\*YOUR NAME\*\*\*

Member, Bay Area Tigray Community

Since the large-scale war on the people of Tigray started on November 4<sup>th</sup>, 2020, the humanitarian crisis has increased exponentially with no end to this crisis. Many members of humanitarian aid organizations including the United Nations have called for an immediate ceasefire to allow humanitarian aid to reach areas in danger of massive hunger and death. However, the large-scale war continues and the lives of millions of people in the Tigray region remain at increased risk for an unimaginable crisis and death.

On November 4<sup>th</sup>, 2020, the Federal Government of Ethiopia led by Prime Minister Abiy Ahmed declared a large-scale war on the people of Tigray. At the same time, Prime Minister Abiy Ahmed declared a six-month state of emergency in the region of Tigray and ordered a complete shutdown of travel to and from Tigray, electricity, banking, internet, telephone service, waterline, food supply, and no journalist or independent external organization has been allowed to enter and report from the entire Tigray region. To date, many of us have not heard from our families and we are deeply concerned for their safety and well-being.

After nearly 4 months, reports of fighting, mass murder, sexual violence against girls and women, destruction of public and private property continues. Many international aid organizations, leaders including Chancellor Angela Merkel from Germany, President Emmanuel Macron from France, President Paul Kagame from Rwanda, and the Office of the President of the United States of America have condemned the violence in Tigray, Ethiopia. However, the fighting still continues, and all efforts have not been enough.

This past Tuesday, February 23, 2021, Board of Supervisor Dean Preston, presented a resolution we, the Bay Area Tigray Community, have been working on with his office. The resolution will be up for approval this upcoming Tuesday, March 2, 2021. We humbly and respectfully request you and your colleagues to take an actionable stance and approve the resolution and help end the war on the people of Tigray and the greatest humanitarian crisis since the famine of the 1980s.

Sincerely,

Henock Woldu, PharmD, BCPS  
Member, Bay Area Tigray Community

At the same time, Prime Minister Abiy Ahmed declared a six-month state of emergency in the region of Tigray and ordered a complete shutdown of travel to and from Tigray, electricity, banking, internet, telephone service, waterline, food supply, and no journalist or independent external organization has been allowed to enter and report from the entire Tigray region. To date, many of us have not heard from our families and we are deeply concerned for their safety and well-being.

After nearly 4 months, reports of fighting, mass murder, sexual violence against girls and women, destruction of public and private property continues. Many international aid organizations, leaders including Chancellor Angela Merkel from Germany, President Emmanuel Macron from France, President Paul Kagame from Rwanda, and the Office of the President of the United States of America have condemned the violence in Tigray, Ethiopia. However, the fighting still continues, and all efforts have not been enough.

This past Tuesday, February 23, 2021, Board of Supervisors Dean Preston presented a resolution we, the Bay Area Tigray Community, have been working on with his office. The resolution will be up for approval this upcoming Tuesday, March 2, 2021. We humbly and respectfully request you and your colleagues to take an actionable stance and approve the resolution and help end the war on the people of Tigray and the greatest humanitarian crisis since the famine of 1980s.

Sincerely,

Bay Area Tigray Community

Dear Board of Supervisors,

It is with the highest degree of urgency we kindly request your support in ending the humanitarian crisis in Tigray region, Ethiopia. Since the large-scale war on the people of Tigray started on November 4th, 2020, the humanitarian crisis has increased exponentially with no end to this crisis. Many members of humanitarian aid organizations including the United Nations have called for an immediate ceasefire to allow humanitarian aid to reach areas in danger of massive hunger and death. However, the large-scale war continues and the lives of millions of people in the Tigray region remain at increased risk for an unimaginable crisis and death.

On November 4th, 2020, the Federal Government of Ethiopia led by Prime Minister Abiy Ahmed declared a large-scale war on the people of Tigray. At the same time, Prime Minister Abiy Ahmed declared a six-month state of emergency in the region of Tigray and ordered a complete shutdown of travel to and from Tigray, electricity, banking, internet, telephone service, waterline, food supply, and no journalist or independent external organization has been allowed to enter and report from the entire Tigray region. Many international aid organizations, leaders including Chancellor Angela Merkel from Germany, President Emmanuel Macron from France, President Paul Kagame from Rwanda, and the Office of the President of the United States of America have condemned the violence in Tigray, Ethiopia. However, the fighting still continues, and all efforts have not been enough.

This past Tuesday, February 23, 2021, Board of Supervisor Dean Preston, presented a resolution we, the Bay Area Tigray Community,

have been working on with his office. The resolution will be up for approval this upcoming Tuesday, March 2, 2021. We humbly and respectfully request you and your colleagues to take an actionable stance and approve the resolution and help end the war on the people of Tigray and the greatest humanitarian crisis since the famine of the 1980s.

Sincerely,

Melos Woldai

Member, Bay Area Tigray Community

Please read. It's too important.

Best,  
Mizan Gebregziabher

Dear Board of Supervisors,

It is with the highest degree of urgency we kindly request your support in ending the humanitarian crisis in Tigray region, Ethiopia. Since the large-scale war on the people of Tigray started on November 4<sup>th</sup>, 2020, the humanitarian crisis has increased exponentially with no end to this crisis. Many members of humanitarian aid organizations including the United Nations have called for an immediate ceasefire to allow humanitarian aid to reach areas in danger of massive hunger and death. However, the large-scale war continues and the lives of millions of people in the Tigray region remain at increased risk for an unimaginable crisis and death.

On November 4<sup>th</sup>, 2020, the Federal Government of Ethiopia led by Prime Minister Abiy Ahmed declared a large-scale war on the people of Tigray. At the same time, Prime Minister Abiy Ahmed declared a six-month state of emergency in the region of Tigray and ordered a complete shutdown of travel to and from Tigray, electricity, banking, internet, telephone service, waterline, food supply, and no journalist or independent external organization has been allowed to enter and report from the entire Tigray region. To date, many of us have not heard from our families and we are deeply concerned for their safety and well-being.

After nearly 4 months, reports of fighting, mass murder, sexual violence against girls and women, destruction of public and private property continues. Many international aid organizations, leaders including Chancellor Angela Merkel from Germany, President Emmanuel Macron from France, President Paul Kagame from Rwanda, and the Office of the President of the United States of America have condemned the violence in Tigray, Ethiopia. However, the fighting still continues, and all efforts have not been enough.

This past Tuesday, February 23, 2021, Board of Supervisor, Dean Preston, presented a resolution we, the Bay Area Tigray Community, have been working on with his office. Dear Board of Supervisors,

It is with the highest degree of urgency we kindly request your support in ending the humanitarian crisis in Tigray region, Ethiopia. Since the large-scale war on the people of Tigray started on November 4<sup>th</sup>, 2020, the humanitarian crisis has increased exponentially with no end to this crisis. Many members of humanitarian aid organizations including the United Nations have called for an immediate ceasefire to allow humanitarian aid to reach areas in danger of massive hunger and death. However, the large-scale war continues and the lives of millions of people in the Tigray region remain at increased risk for an unimaginable crisis and death.

On November 4<sup>th</sup>, 2020, the Federal Government of Ethiopia led by Prime Minister Abiy Ahmed declared a large-scale war on the people of Tigray. At the same time, Prime Minister Abiy Ahmed declared a six-month state of emergency in the region of Tigray and ordered a complete shutdown of travel to and from Tigray, electricity, banking, internet, telephone service, waterline, food supply, and no journalist or independent external organization has been allowed to enter and report from the entire Tigray region. To date, many of us have not heard from our families and we are deeply concerned for their safety and well-being.

After nearly 4 months, reports of fighting, mass murder, sexual violence against girls and women, destruction of public and private property continues. Many international aid organizations, leaders including Chancellor Angela Merkel from Germany, President Emmanuel Macron from France, President Paul Kagame from Rwanda, and the Office of the President of the United States of America have condemned the violence in Tigray, Ethiopia. However, the fighting still continues, and all efforts have not been enough.

This past Tuesday, February 23, 2021, Board of Supervisor, Dean Preston, presented a resolution we, the Bay Area Tigray Community, have been working on with his office. The resolution will be up for approval this upcoming Tuesday, March 2, 2021. Dear Board of Supervisors,

I pray this message finds you well.

It is with the highest degree of urgency we kindly request your support in ending the humanitarian crisis in Tigray region, Ethiopia. Since the large-scale war on the people of Tigray started on November 4th, 2020, the humanitarian crisis has increased exponentially with no end to this crisis. Many members of humanitarian aid organizations including the United Nations have called for an immediate ceasefire to allow humanitarian aid to reach areas in danger of massive hunger and death. However, the large-scale war continues and the lives of millions of people in the Tigray region remain at increased risk for an unimaginable crisis and death.

On November 4th, 2020, the Federal Government of Ethiopia led by Prime Minister Abiy Ahmed declared a large-scale war on the people of Tigray. At the same time, Prime Minister Abiy Ahmed declared a six-month state of emergency in the region of Tigray and ordered a complete shutdown of travel to and from Tigray, electricity, banking, internet, telephone service, waterline, food supply, and no journalist or independent external organization has been allowed to enter and report from the entire Tigray region. To date, many of us have not heard from our families and we are deeply concerned for their safety and well-being.

After nearly 4 months, reports of fighting, mass murder, sexual violence against girls and women, destruction of public and private property continues. Many international aid organizations, leaders including Chancellor Angela Merkel from Germany, President Emmanuel Macron from France, President Paul Kagame from Rwanda, and the Office of the President of the United States of America have condemned the violence in Tigray, Ethiopia. However, the fighting still continues, and all efforts have not been enough.

This past Tuesday, February 23, 2021, Board of Supervisor Dean Preston, presented a resolution we, the Bay Area Tigray Community,

have been working on with his office. The resolution will be up for approval this upcoming Tuesday, March 2, 2021. We humbly and respectfully request you and your colleagues to take an actionable stance and approve the resolution and help end the war on the people of Tigray and the greatest humanitarian crisis since the famine of the 1980s.

Sincerely,

Yafet Bitwoded

Member, Bay Area Tigray Community"
