1	[Administrative Code - Health Care Requirements for Certain Employers at San Francisco International Airport]
2	
3	Ordinance amending the Administrative Code to allow contracting parties that offer
4	multiple health benefit plans at the San Francisco International Airport to charge
5	covered employees a limited share of premium costs on more expensive plans, to
6	clarify who must be covered by health benefit plans that are offered, and to adjust the
7	date by which such health benefit plans must be in effect.

10	Board amendment additions are in <u>double-underlined Arial font</u> . Board amendment deletions are in strikethrough Arial font.
11	Asterisks (* * * *) indicate the omission of unchanged Code subsections or parts of tables.
12	
13	Be it ordained by the People of the City and County of San Francisco:
14	
15	Section 1. Findings and Purpose.
16	(a) The Healthy Airport Ordinance, Ordinance No. 235-20, operative March 21, 2021,
17	requires certain employers at San Francisco International Airport to offer Covered Employees
18	who are San Francisco Airport Service Employees a family health benefit plan at no cost to
19	the employee, or to make contributions for the Covered Employee into an account established
20	under Section 14.2 of the Administrative Code. At least one such health benefit plan must be
21	a "platinum-level" plan, which means that it provides benefits that are actuarially equivalent to
22	at least 90% of the full actuarial value of the benefits provided under the plan. An employer
23	that complies with the Healthy Airport Ordinance by providing a platinum-level family health
24	benefit plan may also offer Covered Employees alternative "gold-level" family health benefit
25	plans, which are actuarially equivalent to at least 80% of the full actuarial value of the benefits

provided under the plan. The Healthy Airport Ordinance likewise requires these additional
 plans to be offered at no cost to the Covered Employee.

3 As of March 2021, some employers covered by this requirement offered gold-level health benefit plans, in particular Preferred Provider Organization (PPO) plans, that despite 4 their lower actuarial value are more expensive than the platinum-level health benefits they will 5 6 offer under Ordinance No. 235-20. Without an amendment to the Healthy Airport Ordinance, 7 there is a risk that some employers will discontinue offering these additional gold-level plans 8 due to their cost, and instead offer Covered Employees only one compliant health benefit 9 plan, the platinum-level plan. To encourage employers to maintain employee choice of health benefits, this ordinance amends the Healthy Airport Ordinance to allow Covered Employees 10 who elect such additional plans to be charged premium contributions, which are limited to the 11 12 difference in premium costs between the plans.

(b) This ordinance clarifies who must be covered by the family health benefits offeredunder the Healthy Airport Ordinance.

(c) Although the Healthy Airport Ordinance will be operative March 21, 2021, health
benefits in the market are sold on a month-to-month basis. To conform to this aspect of
market conditions, this ordinance clarifies that health benefit plans provided to comply with the
Healthy Airport Ordinance need not be in effect until April 1, 2021.

6 (A) The health benefits shall *include at least one plan that is be*-offered at no 7 cost to the Covered Employee, (B) The health benefits offered shall include at least one plan that 8 provides a level of coverage that is designed to provide benefits that are actuarially equivalent 9 to at least 90% of the full actuarial value of the benefits provided under the plan, and ω provides coverage for all services described in the California Essential Health Benefit 10 Benchmark Plan. 11

12 (B) A Contracting Party may offer additional health benefit plans, provided 13 that each such *additional* health benefit plan offered shall provide a level of coverage that is designed to provide benefits that are actuarially equivalent to at least 80% of the full actuarial 14 15 value of the benefits provided under the plan and to provide coverage for all services as 16 described in the California Essential Health Benefit Benchmark Plan. If the premium costs of 17 such additional health benefit plan are greater than the premium costs of a plan offered under 18 subsection (d)(1)(A), a Covered Employee electing such a health benefit plan may be required to pay a 19 portion of the premium costs. The Covered Employee's premium cost share shall be limited to not 20 more than the difference between the premium costs of the most expensive plan offered under 21 subsection (d)(1)(A) and the premium costs of the health benefit plan that the Covered Employee elects 22 under this subsection (d)(1)(B). 23 (C) The maximum period for each Covered Employee's health benefits to 24 become effective shall be no later than the first day of the first month after 30 days from the

LEGISLATIVE DIGEST

[Administrative Code – Amendments to the Health Care Requirements for Certain Employers at San Francisco International Airport]

Ordinance amending the Administrative Code to allow Contracting Parties that offer multiple health benefit plans at the San Francisco International Airport to charge Covered Employees a limited share of premium costs on more expensive plans, to clarify who must be covered by health benefit plans that are offered, and to adjust the date by which such health benefit plans must be in effect.

Existing Law

The City's Healthy Airport Ordinance, Ordinance No. 235-20, operative March 21, 2021, requires certain employers at San Francisco International Airport to either (1) offer Covered Employees who are San Francisco Airport Service Employees a platinum-level family health benefit plan at no cost to the employee, or (2) to make contributions, currently set at \$9.50 per hour, for the Covered Employee into an account established under Section 14.2 of the Administrative Code. Admin. Code § 12Q.3(d). An employer that complies with Ordinance No. 235-20 by providing platinum-level family health benefits may offer additional gold-level health benefit plans, also at no cost to the Covered Employee.

Amendments to Current Law

This proposed ordinance makes three changes to Section 12Q.3(d) of the Administrative Code, added by Ordinance No. 235-20, as follows:

- 1. The proposed ordinance allows employers that offer Covered Employees a compliant, no cost platinum-level health benefit plan and an alternative gold-level health benefit plan that is more expensive to require Covered Employees who elect that plan to pay a portion of the premium costs of the more expensive plan, limited to the difference between the premium costs of that plan and the compliant, no cost plan.
- 2. The proposed ordinance specifies who must be covered by the family health benefit plan, specifically, the Covered Employee, the Covered Employee's spouse or registered domestic partner, and the Covered Employee's child, which shall include any legally adopted child, recognized natural child, stepchild, foster child, and minor legal ward. In accordance with federal law, coverage for children must be made available until a child reaches the age of 26, even if the young adult no longer lives with the Covered Employee, is not a dependent on the Covered Employee's tax return, or is no longer a student.
- 3. The proposed ordinance delays the health benefit plan requirements from Ordinance No. 235-20's Operative Date of March 21, 2021, to April 1, 2021.

Background Information

The purpose of the premium cost sharing amendment is to address an unintended consequence of Ordinance No. 235-20, specifically that some employers may eliminate additional health benefit plan options that exceed the cost of one compliant plan.

The purpose of the amendment specifying who must be covered is to address an ambiguity in Ordinance No. 235-20 and provide needed clarity to employers and covered employees.

The Operative Date of Ordinance No. 235-20 is March 21, 2021, but health insurance is purchased on a month-to-month basis. The purpose of the amendment delaying implementation of the health benefit plan provisions to April 1, 2021, is to align these provisions with health insurance market conditions.
