MEMORANDUM

BUDGET AND APPROPRIATIONS COMMITTEE

SAN FRANCISCO BOARD OF SUPERVISORS

- TO: Supervisor Matt Haney, Chair Budget and Appropriations Committee
- FROM: Linda Wong, Assistant Clerk
- DATE: March 23, 2021
- SUBJECT: **COMMITTEE REPORT, BOARD MEETING** Tuesday, March 23, 2021

The following file should be presented as a **COMMITTEE REPORT** at today's Board Meeting on Tuesday, March 23, 2021, at 2:00 p.m. This item was acted upon at the special Budget and Appropriations Committee Meeting today at 9:00 a.m., by the votes indicated.

Item No. 24 File No. 210177

[Appropriation - Property Tax Revenue \$104,900,000 - Various Departments - Small Businesses, Arts and Cultural Organizations, and Families Relief for COVID-19 and Overdose Prevention - De-appropriation - Business Fee Revenue - \$28,200,000 - FY2020-21]

Ordinance appropriating \$104,900,000 of property tax revenue to the Office of Economic and Workforce Development, General Services Agency-City Administrator, Arts Commission, Children Youth and Their Families, Public Health, and General City Responsibility to provide relief to small businesses, including for small businesses impacted by property crime, Grants for the Arts, Arts Impact Endowment, Cultural Centers, Cultural Equity Endowment, Cultural Districts, Youth Learning Initiatives, San Francisco Unified School District and City College Dual Enrollment Programs, overdose prevention, and support for family relief struggling as a result of COVID-19; and de-appropriating \$28,200,000 of business fee revenue, and placing \$6,520,705 on reserve in Fiscal Year (FY) 2020-2021.

AMENDED, AN AMENDMENT OF THE WHOLE BEARING SAME TITLE

Vote: Supervisor Matt Haney - Aye Supervisor Ahsha Safai - Aye Supervisor Gordon Mar - Aye Supervisor Hillary Ronen - Absent Supervisor Shamann Walton - Aye

RECOMMENDED AS AMENDED AS A COMMITTEE REPORT

Item 3	Department:
File 21-0177	Office of Economic and Workforce Development
	(OEWD)

EXECUTIVE SUMMARY

Legislative Objectives

• The proposed ordinance would appropriate \$20 million from property tax revenue so that OEWD could administer financial relief to small businesses harmed by Covid-19 in the form of grants and loans. The \$20 million would be allocated to two grant programs administered by OEWD: \$12.4 million to Small Business COVID Relief grants, and \$7.6 million to Small Business COVID Relief loans.

Key Points

- The proposed grant program of \$12.4 million is intended for more than 1,000 low-income small businesses across the City that were "most impacted by Shelter in Place orders" and that have not accessed state or federal financial programs. According to OEWD, the eligibility criteria for the proposed new grant program are still under development and will seek to prioritize businesses owned and operated by low-income households, minorities, and women and those serving communities of color and opportunity neighborhoods. Grant amounts will vary from \$5,000 to \$25,000 based on the business's number of full-time equivalent employees.
- The proposed loan program of \$7.6 million is intended to "complement and expand" existing local, state, and federal initiatives to provide financial relief to small businesses. According to OEWD, the City will partner with the existing state loan program, California Rebuilding Fund, to invest an initial \$3.4 million to support minority- and women-owned businesses and businesses serving historically under-invested neighborhoods. An initial \$2 million of lending capital will be used to leverage state funding and private capital in order to yield up to \$10 million of total lending capital for San Francisco-based small businesses. An initial \$1.4 million will be used to lower the interest rate otherwise available through the California Rebuilding Fund program from 4.25 percent to 0 to 1.0 percent.

Fiscal Impact

• The proposed ordinance would appropriate \$20 million of general property tax revenue to OEWD in the current fiscal year, FY 2020-21, to fund Covid-19 financial relief for small businesses

Policy Consideration

 According to the Controller's Six-Month Budget Status Report, the Controller is projecting a \$125.2 million General Fund Surplus in FY 2020-21. The Board of Supervisors has approved legislation that would reduce the projected \$125.1 FY 2020-21 General Fund surplus by \$15.2 million, leaving a projected FY 2020-21 General Fund surplus \$110 million. The March 17, 2021 Budget & Appropriations Committee is considering FY 2020-21 General Fund supplemental appropriations totaling \$104.1 million and legislation introduced but not yet calendared would reduce the FY 2020-21 General Fund surplus by \$6.7 million.

Recommendation

• Approval of the proposed ordinance is a policy matter for the Board of Supervisors.

MANDATE STATEMENT

City Charter Section 9.105 states that amendments to the Annual Appropriations Ordinance, after the Controller certifies the availability of funds, are subject to Board of Supervisors approval by ordinance.

BACKGROUND

Since the Covid-19 pandemic began, the Board of Supervisors has approved a number of measures to support small businesses, including:

- Waiver of business registration and license fees and payroll expense taxes for restaurants and food service businesses with annual San Francisco gross receipts up to \$750,000 and for entertainment venues with annual San Francisco gross receipts up to \$20 million (File 20-1260).
- Waiver of business registration and license fees in FY 2020-21 for certain businesses impacted by the Shelter-in-Place orders earning up to \$25 million in San Francisco gross receipts (File 20-1415).

The Office of Economic and Workforce Development (OEWD) has \$19.6 million in available funds, funded by private contributions and reallocation of existing General Fund monies, to administer financial relief programs for small businesses, including the following:

Loan Programs (\$14.6 million)

- SF Hardship Emergency Loan Program (SF HELP) has distributed \$8,463,927 out of a total available of \$9,450,000 in zero-interest loans to 302 small businesses, with businesses receiving an average of \$28,026. Launched April 2020.
- African American Small Business Revolving Loan Fund has distributed \$1,598,000 out of a total available of \$2,700,000¹ in zero-interest loans to 36 small businesses, with an average loan amount of \$44,389 (with up to 20 percent of the loan amount forgivable). Launched July 2020.
- Latino Small Business Fund (SF HELP extension) has distributed \$516,000 out of a total available of \$2,475,000 in zero-interest loans to 15 small businesses, with an average loan amount of \$34,400. Launched December 2020.

Grant Programs (\$5.0 million)

Resiliency Grant Fund has distributed a total of \$2.5 million in available funds, including \$1 million to 128 small businesses in Phase 1, with an average grant amount of \$7,850.
 Phase 2 awarded \$1.5 million to 230 small businesses using a lottery system to distribute grants across the City, with an average grant amount of \$6,522. Launched March 2020.

¹ New funds have been announced, but are not yet active.

- SF Shines for Reopening has committed \$1,118,250 to 295 businesses (\$433,732 of which has been distributed) out of a total available of \$1,414,465. Storefront businesses or non-profits that are open to the public can receive \$2,000 to \$5,000 grants to reimburse for expenses, such as fixtures, furniture, equipment, minor storefront improvements, or design services. Launched October 2020.
- Neighborhood Mini-Grants provided a total of \$942,500 to 322 small businesses in historically underserved communities, with businesses receiving an average grant of \$2,927. Launched May 2020.
- Women's Entrepreneurship Mini-Grants provided a total of \$160,000 in \$2,000 minigrants to 77 women-owned small businesses. Launched June 2020.

The federal government has established the following financial relief programs for small businesses administered by the U.S. Small Business Administration (SBA):

- The Paycheck Protection Program provides loans that help businesses retain their workforce during the Covid-19 pandemic. According to OEWD, a total of \$3.2 billion was provided from March through December 2020 to 22,215 San Francisco businesses, with an average loan amount of \$145,009. The data show that 17,541 businesses reported a total of 216,325 jobs retained, or, an average of 12 jobs retained per business reporting these data.
- Covid-19 Economic Injury Disaster Loans provide economic relief to small businesses and non-profit organizations that are currently experiencing a temporary loss of revenue. According to OEWD, a total of \$936.8 million was provided from March through December 2020 to 15,012 San Francisco-based small businesses, self-employed individuals or sole proprietorships, or non-profits, with an average loan amount of \$62,400.
- The federal SBA also provides Express Bridge Loans to small businesses that currently have a business relationship with an SBA Express Lender to access up to \$25,000 quickly; debt relief to existing SBA loan borrowers during the Covid-19 pandemic; and Shuttered Venue Operators Grants for emergency assistance for eligible venues affected by the Covid-19 pandemic.

The state provides a California Small Business Covid-19 Relief Grant Program available to small businesses or non-profits operating in California, with a total of \$2 billion available statewide and grant awards ranging from \$5,000 to \$25,000.

DETAILS OF PROPOSED LEGISLATION

The proposed ordinance would appropriate \$20 million from property tax revenue so that OEWD could administer financial relief to small businesses harmed by Covid-19 in the form of grants and loans. The \$20 million would be allocated to two grant programs administered by OEWD: \$12.4 million to Small Business COVID Relief grants, and \$7.6 million to Small Business COVID Relief loans.

The proposed grant program of \$12.4 million is intended for low-income small businesses across the City that were "most impacted by Shelter in Place orders" and those that have not accessed state or federal financial programs. While the ordinance notes that more than 2,000 small businesses would receive assistance, OEWD expects that more than 1,000 small businesses would actually be served due to the expected grant amounts ranging from \$5,000 to \$25,000. According to OEWD, the eligibility criteria for the proposed new grant program are still under development, using input from community stakeholders and incorporating lessons learned from previous small business financial relief efforts.

The OEWD plans to target the new grant program to the following types of small businesses:

- Businesses owned and operated by low-income households, minorities, and women;
- Long-standing and community anchor businesses;
- Businesses serving communities of color and within commercial corridors serving opportunity neighborhoods (Bayview, Chinatown, Excelsior, Fillmore, Mission, and Tenderloin);
- Businesses most impacted by Shelter in Place closure orders, such as hair salons and barbershops, gyms and fitness centers, entertainment venues, and bars; and
- Businesses that were unable to access grant support from local, state, or federal sources.

Grant amounts are expected to vary up to \$25,000 based on the size of the business, as measured by the number of full-time equivalent employees. Recipients will be required to have a San Francisco location and/or a license to operate.

The proposed loan program of \$7.6 million is intended to "complement and expand" existing local, state, and federal initiatives to provide financial relief to small businesses. According to OEWD, the City will partner with the existing state loan program, California Rebuilding Fund, to invest an initial \$3.4 million to support minority- and women-owned businesses and businesses serving historically under-invested neighborhoods:

- The OEWD is planning to allocate \$2 million for lending capital, which will be used to leverage state funding and private capital in order to yield up to \$10 million of total lending capital for San Francisco-based small businesses.
- The OEWD is planning to allocate \$1.4 million to lower the 4.25 percent interest rate otherwise available through the California Rebuilding Fund loan program to zero to one percent.

The OEWD says it plans to assess the results of the initial \$3.4 million allocation to inform how the remaining \$4.2 million—of the total \$7.6 million—should be allocated between lowering the interest rate and/or providing additional lending capital through the California Rebuilding Fund, or to potentially invest in other loan products.

FISCAL IMPACT

The proposed ordinance would appropriate \$20 million of general property tax revenue to OEWD in the current fiscal year, FY 2020-21, to fund Covid-19 financial relief for small businesses, as displayed in Exhibit 1 below.

SOURCES	Amount
Unallocated General Property Taxes	\$20,000,000
USES	Amount
Covid-19 Small Business Relief Grants	\$12,400,000
Covid-19 Small Business Relief Loans	7,600,000
Total	\$20,000,000
Source: File 21-0177	

ource: File 21-0177

POLICY CONSIDERATION

According to the Controller's Six-Month Budget Status Report, the Controller is projecting a \$125.2 million General Fund Surplus in FY 2020-21. Although certain General Fund revenues, such as business taxes, sales tax, hotel room tax, are projected to be lower than originally budgeted, these are more than offset by higher than budgeted property taxes, excess Education Revenue Augmentation Fund receipts, and transfer taxes.

Since the issuance of the Controller's FY 2020-21 Six-Month Budget Status Report, the Board of Supervisors has approved or is considering legislation that would impact the FY 2020-21 General Fund budget, summarized in Exhibit 2 below.

Exhibit 2: Legislation Altering the FY 2020-21	General Fund Budget
--	---------------------

File	Description	Estimated Cost FY 2020-21 (\$ million)			
Approved by Board, Pending Mayor signature					
	Waiver of Business Registration Fees and Certain				
20-1415	License Fees	(15.0)			
21-0031	Accessory Dwelling Unit permit services	(0.2)			
Subtotal,	Approved by Board, Pending Mayor Signature	(15.2)			
March 17,	, 2021 Budget & Appropriations				
20-1364	Rent Relief & Social Housing	(20.1)			
21-0138	Business Registration Fees Deferral	(32.0)			
21-0177	Small Business Grants & Loans	(20.0)			
21-0178	Arts Appropriation	(17.0)			
21-0215	Summer Youth Programming	(15.0)			
Subtotal,	March 17, 2021 Budget & Appropriations	(104.1)			

File	Description	Estimated Cost FY 2020-21 (\$ million)
Not Yet Ca	alendared	
21-0214	Fentanyl Task Force & Overdose Prevention	(6.7)
Subtotal,	Not Yet Calendared	(6.7)
Total		(126.0)

Source: Budget & Legislative Analyst

Notes: File 21-0138 would defer revenues until FY 2021-22. Files 21-0031 & 21-1364 draw from the General Reserve, which, per Administrative Code Section 10.60, must be restored in the subsequent fiscal year.

As shown above, the Board of Supervisors has approved legislation that would reduce the projected \$125.1 FY 2020-21 General Fund surplus by \$15.2 million, leaving a projected FY 2020-21 General Fund surplus \$110 million. The March 17, 2021 Budget & Appropriations Committee is considering FY 2020-21 General Fund supplemental appropriations totaling \$104.1 million and legislation introduced but not yet calendared would reduce the FY 2020-21 General Fund surplus by \$6.7 million. If all the legislation in Exhibit 1 above is approved, the entire projected FY 2020-21 General Fund surplus would be appropriated, used to backfill decreased revenues, or committed to restoring the General Reserve.

RECOMMENDATION

Approval of the proposed ordinance is a policy matter for the Board of Supervisors.

MATT HANEY DISTRICT 6

DATE:March 18, 2021TO:Angela Calvillo
Clerk of the Board of SupervisorsFROM:Supervisor Haney
ChairpersonRE:Budget and Appropriations
COMMITTEE REPORT

Pursuant to Board Rule 4.20, as Chair of the Budget and Appropriations Committee, I have deemed the following matters are of an urgent nature and request they be considered by the full Board on Tuesday, March 23, 2021, as Committee Reports:

File No. 201364

Ordinance appropriating \$10,050,000 from Property Tax Revenue to the Mayor's Office of Housing and Community Development for rent relief under the Rent Resolution and Relief Fund and \$10,050,000 for the acquisition, creation and operation of affordable, social housing under the Housing Stability Fund in Fiscal Year (FY) 2020-2021.

File No. 210177

Ordinance appropriating \$104,900,000 of property tax revenue to the Office of Economic and Workforce Development, General Services Agency-City Administrator, Arts Commission, Children Youth and Their Families, Public Health, and General City Responsibility to provide relief to small businesses, including for small businesses impacted by property crime, Grants for the Arts, Arts Impact Endowment, Cultural Centers, Cultural Equity Endowment, Cultural Districts, Youth Learning Initiatives, SFUSD and City College Dual Enrollment programs, overdose prevention, and support for family relief struggling as a result of COVID-19, de-appropriating \$28,200,000 of business fee revenue, and placing \$6,520,705 on reserve in FY 2020-21.

These matters will be heard in the Budget and Appropriations Committee on March 23, 2021, at 9:00 AM.

President, District 10 BOARD of SUPERVISORS

Attached for introduction to the Board of Supervisors is an **ordinance appropriating \$20,000,000** of property tax revenue to the Office of Economic and Workforce Development in FY2020-2021 for a grant program to provide relief to over 2,000 low-income small businesses across the city, in particular those most impacted by Shelter in Place orders, and those that have not accessed state or federal financial programs; and for a loan program which will complement and expand existing Local, State, and Federal initiatives aimed at providing relief for small businesses struggling as a result of COVID-19

Please note that Supervisors Stefani, Walton, Ronen, Haney, Safai, and Mandelman are co-sponsors of this legislation.

Please let me know if you have any questions.

Past Prioritization Factors

Geography

- Opportunity Neighborhoods (TL/Mid Market, Mission, Chinatown, Lower Fillmore, Bayview, Excelsior)
- Citywide access/Supervisorial District

Income/Revenue

- Low Income Business Owner/Households
- Less than \$2.5M GR in 2019
- Access to other government funding (ie. PPP, Resiliency Fund, etc.)

Industry/Business Type

- Businesses who have not been able to open or opened later SIP timeline (i.e. nail salons, barber shops, etc)
- Business open to the public/storefront

Application Review Process

- First-come, first-serve
- Lottery
- Priority factors, point system
- Dedicated funding

\$20M Appropriation

\$12.4M Small Business Grants

\$7.3 Small Business Loan Pilot

\$300K Business Application Technical Assistance

Stakeholder Feedback Summary

Process

- Application Fatigue
- Selection Criteria Transparency
- Chance of Receiving Funds
- Small Award Amounts

Barriers

- Newer Businesses
- Language
- Digital Divide

Prioritization

- Financial Need
- Ongoing Operation
- Long Standing Businesses
- Jobs Generated
- Entertainment Venues

COVID Relief Grant Proposal

\$12.4 Million estimated 1,580 businesses

- Immediate Relief for small businesses to stabilize their operations
- Citywide but with a focus on:
 - BIPOC-owned
 - Most impacted by SIP Orders
 - Have not accessed other government funds
 - Existing Grants \$4.9 M
 - Amount Awarded: \$4.7 M
 - Awards: 1,017

Proposed Grant Program Framework

The Small Business Storefront Equity Grant

• **Goal:** To assist businesses part of low-income households that have been unable to access State or Federal programs, those that have been particularly hard-hit by shelter in place mandated closures, and businesses serving low-income, historically disinvested neighborhoods.

Community Storefront Anchors

• **Goal:** To provide relief to businesses that uniquely contribute to the culture and vibrancy of San Francisco and its commercial corridors.

New considerations:

- Two distinct pathways to target different business profiles
- Storefront-based businesses only

Grant Awards: 1,580			
Grant Program	Small Business Storefront Equity	Community Storefront Anchors	
Total Allocation	\$4 M	\$7.4 M	\$1 M
Full Time Employees (pre- pandemic)		5-9	10+
Grant Amount Per Business	\$5,000	\$10,000	\$25,000
Total Awards	800	740	40

The Small Business Storefront Equity Grant

Must be in at least one of the following categories:

- Business types that were mandated to close for at least 6 months due to City Health Orders including salons, gyms, bars, and indoor entertainment
- Located in an Opportunity Neighborhood commercial corridors (Bayview, Central Market/Tenderloin, Chinatown, Excelsior, Lower Fillmore, Mission)
- Not received any financial assistance from Federal, State, or City programs including PPP, EIDL, CA Relief Grant, SF HELP, Resiliency Fund, or other City COVID financial resource

New considerations:

• Minimum requirements that limit the application pool to better match available funding

The Small Business Storefront Equity Grant

Additional Minimum Requirements

- Storefront Businesses
- Less than \$2.5M Gross Revenue in 2020
- Not received any loans of more than \$20,000 or grants of more than \$5,000
- Low/Extremely Low Household Incomes
- Business start date on or before 12/31/2020
- No required paperwork

New considerations:

 Gross Revenue requirement based on 2020 numbers

Community Storefront Anchors

Must be in at least one of the following categories:

- Start date before 3/1/2006 (15+ years old)
- Entertainment venues
- Start date before 3/1/2016 (5+ years old) AND located in a Cultural District (Japantown, Calle 24, SoMa Pilipinas, Transgender, Leather/LGBTQ, Castro LGBTQ, American Indian and African American Arts and Cultural District) OR Opportunity Neighborhood/Commercial Corridor (Bayview, Central Market/Tenderloin, Chinatown, Excelsior, Lower Fillmore, Mission)

New considerations:

- Minimum requirements that limit the application pool to better match available funding
- Live Entertainment Venues (\$1.5M set aside)

Community Storefront Anchors

Additional Minimum Requirements

- Storefront Businesses
- Less than \$2.5M Gross Revenue in 2020
- Prove at least 25% loss of revenue
- Business had at least 5 employees in February 2020
- Nonprofits ok
- Need to provide proof of eligibility (documents like tax returns, EDD forms, and P&L statements)

New considerations:

 Gross Revenue requirement based on 2020 numbers

Application Process

- Application hosted on sf.gov
- Pre-application form with fewer than 10 questions to determine eligibility
- Applications open/close format (not rolling)

Review Process

- Set minimum and maximum number of awards for each Supervisorial District to reach businesses across the city
- Applicants notified of decision as soon as review is complete

The Honorable London Breed, Mayor The Honorable Shamann Walton, President, Board of Supervisors San Francisco City Hall 1 Dr. Carlton B. Goodlett Place San Francisco, CA 94012

RE: Support: File #210177, City Grant and Loan Programs to Provide Relief to Small Businesses Affected by COVID-19 - \$20,000,000 – FY20-21

Dear Mayor Breed and Supervisor Walton,

The San Francisco Council of District Merchants Associations (SFCDMA) has served to protect, preserve and promote small business merchant corridors in San Francisco for 70 years. We represent 34 local merchant associations and advocate for all small business merchants in every one of our neighborhood commercial districts. We support File #210177 that will appropriate twenty million dollars of property tax revenue to OEWD for a grant and loan program to provide relief to over 2,000 low-income small businesses across the city impacted by the COVID shelter-in-place orders.

As you well know COVID-19 has had a devastating impact on small businesses in San Francisco. Hundreds of neighborhood businesses have closed their doors, storefronts in all of our commercial corridors are vacant and jobs for local residents have been lost due to the pandemic and subsequent shelter-in-place orders.

As we move through and beyond this public health crisis it is imperative that neighborhood merchants who have not been able to access state or federal relief programs can receive financial support from the city to help them survive the economic fall-out from the pandemic.

The SFCDMA supports this appropriation measure because it provides millions of dollars in grant and loan funding for local small businesses that desperately need it. This will help revitalize our commercial corridors and repair the damage done by this pandemic in our neighborhoods across the city.

Sincerely,

Maryo Mogannam, President San Francisco Council of District Merchants Associations

cc: Clerk of the Board of Supervisors, to be distributed to all Supervisors

Good afternoon Linda,

Can you please confirm receipt of our Public Comment?

I want to confirm this is Public Comment on Item 2: Appropriation - Property Tax - Hotel Tax for Arts General Fund Backfill - Various Departments - ADM - \$11,228,000 Grants for the Arts; ART - \$787,867 Arts Impact Endowment; \$604,428 Cultural Centers; \$4,409,000 Cultural Equity Endowment - FY2020-2021

Supervisor Ronen and Budget Committee,

Thank you for your ongoing support of the American Indian community and of course your partnerships to help support and create the American Indian Cultural District.

We want to write to you today to let you know we support the supplemental to backfill hotel tax shortfall so that we can continue to operate as a Cultural District. **But we urge that it be expanded for the full prop E baseline and to include cultural districts for 2.4 million for this fiscal year and 2.7million for next fiscal year.** With the City's 125 million surplus this year, it is important to invest in Cultural Districts and communities that were already at risk prior to the pandemic. In order to be part of the recovery and to ensure equity, we not only need minimum but maximum investments.

As you may or may not know the American Indian community in San Francisco faces some of the highest disproportionate impacts of any community of color in the city. The American Indian Cultural District has been a vital part of bringing light to these issues and pulling together our American Indian organizations, elders, and community members to bring light to systemic racial equity injustices and work together to fight further displacement and create meaningful change.

In the last eight months (on a staff of two) are some examples of the work we have done:

We created a COVID-19 Task Force and partnered with sister orgs to bring food,

masks, and information on resources to the community in areas like testing sites and housing rights

We partnered with city and private organizations to create programming and awareness of issues impacting the urban Native community.

We partnered with BOS/HRC, Climate Commission, Health Commission, and Library Commission on Ramaytush Land Acknowledgement Resolutions

We partnered with City orgs in climate, housing, health, and planning to combat eracism through erasure and work to repair decades of poor and missing data.

•

We partnered with Planning and Cultural Heritage to document our cultural sites, initiate the process for the first Historic Context Statement, and build ground up relationships with American Indians and Ramaytush that have not existed for over 50 years

•

We started the <u>Indigenize Project</u> to bring visibility to American Indian cultural heritage and cultural sites in the City through and American Indian lens

ſ

We started our own Visibility Project and hired a known researcher to gather raw data on our behalf so we can show the systemic impacts racial inequity and data genocide

So that you fully understand the needs of the American Indian Community and what the Cultural District is working to address below are some data points from our Native Visibility Initiative.

Native Visibility Data Takeaways:

•

We receive a little over 2 million dollars in total Native organization funding despite being the most impacted community in several areas. Compare this to 28 and 160 million dollar allocations to our Latinx and Black relatives

There are 9,887 AIAN (all AIAN) in San Francisco %1.1, the Mayor's Budget has us listed at .03%

•

AIAN are more than twice as likely to be unemployed as the general population, and the we face the highest rate of unemployment in the City (OEWD)

Housing insecurity is considerably worse for AIAN than San Franciscans with 25% of AIAN being rent-burdened, we also have the lowest homeownership rates in the City (MOHCD/Planning)

AIAN are four times more likely (28% of our population) then the general population to receive food stamps

•

According to the city's 2019 Point-in-Time (PIT) survey AIAN are 17 times more likely to be found among the homeless population as they are among the general population

American Indians are 4 times more likely to be found among San Francisco's institutional inmates – jail inmates and psychiatric inpatient, we make up 1.1% of the population but 4.4% of institutional inmate population in San Francisco

American Indian's are most likely to face severe impacts of COVID-19 as we have the highest health disparity rates in areas like diabetes and heart disease, 20% of our population has a health or mental health iss

Stabilization of our Cultural District is critical to partnership with the City. Losing funding for our staff and our District would lead to further erasure of the most vulnerable community in San Francisco and magnify the already disproportionate impacts to our communities only centralized COVID-19 efforts.

We hope you will do all you can to secure our funding and make sure this work is not lost.

Regards,

Supervisor Ronen and BOS Budget Committee,

Thank you for your ongoing support of the American Indian community and of course your partnerships to help support and create the American Indian Cultural District.

We want to write to you today to let you know we support the supplemental to backfill hotel tax shortfall so that we can continue to operate as a Cultural District. **But we urge that it be expanded for the full prop E baseline and to include cultural districts for 2.4 million for this fiscal year and 2.7million for next fiscal year.** With the City's 125 million surplus this year, it is important to invest in Cultural Districts and communities that were already at risk prior to the pandemic. In order to be part of the recovery and to ensure equity, we not only need minimum but maximum investments.

As you may or may not know the American Indian community in San Francisco faces some of the highest disproportionate impacts of any community of color in the city. The American Indian Cultural District has been a vital part of bringing light to these issues and pulling together our American Indian organizations, elders, and community members to bring light to systemic racial equity injustices and work together to fight further displacement and create meaningful change.

In the last eight months (on a staff of two) below are only a few examples of the work we have done:

We have created a COVID-19 Task Force which has partnered with sister orgs to bring food, masks, and information on resources to the community in areas like testing sites and food.

We have partnered with city and private organizations to create programming and awareness of issues impacting the urban Native community.

We partnered with BOS/HRC, Climate Commission, Health Commission, and Library Commission on Ramaytush Land Acknowledgement Resolutions

We have partnered with City orgs in climate, housing, health, and planning to combat eracism through erasure and work to repair decades of poor and missing data.

We have partnered with Planning and Cultural Heritage to document our cultural sites, initiate the process for the first Historic Context Statement, and build ground up

relationships with American Indians and Ramaytush that have not existed for over 50 years We have started an Indigenize Project to bring visibility to Native

We started our own Visibility Project to hire a known researcher to gather raw data on our behalf so we can

So that you fully understand the needs of the American Indian Community and what the Cultural District is working to address below are some data points from our Native Visibility Initiative. We also want to flag that we will be addressing the Mayor and the Board of Supervisors on April 8th regarding a series of policy, land, and budget asks for our American Indian sister organizations and community.

Native Visibility Data Takeaways:

We receive a little over 2 million dollars in total Native organization funding despite being the most impacted community in several areas. Compare this to 28 and 160 million dollar allocations to our Latinx and Black relatives

There are 9,887 AIAN (all AIAN) in San Francisco %1.1, the Mayor's Budget has us listed at .03%

•

AIAN are more than twice as likely to be unemployed as the general population, and the we face the highest rate of unemployment in the City (OEWD)

•

Housing insecurity is considerably worse for AIAN than San Franciscans with 25% of AIAN being rent-burdened, we also have the lowest homeownership rates in the City (MOHCD/Planning)

•

AIAN are four times more likely (28% of our population) then the general population to receive food stamps

•

According to the city's 2019 Point-in-Time (PIT) survey AIAN are 17 times more likely to be found among the homeless population as they are among the general population

•

American Indians are 4 times more likely to be found among San Francisco's institutional inmates – jail inmates and psychiatric inpatient, we make up 1.1% of the population but 4.4% of institutional inmate population in San Francisco

•

American Indian's are most likely to face severe impacts of COVID-19 as we have the highest health disparity rates in areas like diabetes and heart disease, 20% of our population has a health or mental health issue

Vital Programing Examples:

Galería de la Raza – Podcast Episode 3: Conversation w/ American Indian Cultural Center & American Indian Cultural District

<u>SF Film Fest Panel - Exploring the Urban Native Experience in Yelamu</u> <u>AICD Podcast Stolen Land & Stolen Bodies - Native & Black Struggles in SF</u> <u>HRC Panel A Pandemic within Pandemics: The Racist History of Disease</u>

Stabilization of our Cultural District is critical to a meaningful partnership with the City. Losing funding for our staff and funding for our District would further erasure of the most vulnerable community in San Francisco and magnify the already disproportionate impacts to the American Indian communities only centralized COVID-19 efforts.

We hope you will do all you can to secure our funding and make sure this work is not lost.

Regards,

Supervisor Haney

My name is Steve Nakajo, I am the executive director of the Japan Town Task Force & the Japantown Cultural District. I am here to speak to request that this Budget & Finance committee fund the full baseline of \$2.4m to all 8 Cultural District of SF. Due to the funding crisis for the short fall of revenue from Prop E this fiscal year & projected for acouple more years until Prop E revenue returns.

We need your support!

A life line of \$2.4m to keep all 8 Cultural District solvent & to plan ahead to next fiscal year funding requirement of \$2.7m from the General Funds.

Without this lifeline for example in Japan Town which is suffering from the effects of the pandemic..

All the positive work that our Cultural District is doing to keep hope & Spirit alive thru our all of our Festival, Events, assistance to our small business, providing economic relief will all stop with the lay off of all of our Cultural District staff

Help us, help you, for we are the boots on the ground to help all of our communities to survive COVID 19 & work for a better future in San Francisco.

Regards, Steve Nakajo ED Japan Town Task Force Japan Town Cultural District
