10 administered by the California Department of Food & Agriculture that incentivizes CalFresh

12 spend their benefits with farmers at farm-direct fresh fruits and vegetables by providing a
13 dollar-for-dollar match on CalFresh purchases, up to a daily maximum, at hundreds of
14 locations across 38 California counties; and

15 WHEREAS, Market Match increases access to fresh, healthy produce and food for
16 people with low incomes, while reinvesting state and federal dollars into California’s small and
17 mid-sized farms and rural communities; and

18 WHEREAS, Market Match is California’s largest nutrition incentive program, matching
19 federal nutrition assistance benefits, like CalFresh and WIC, at farmers markets and other

22 significant increase in participation, growing 77 percent statewide in the period of 2018 to
23 2020; and

24 WHEREAS, The Alemany Farmers Market in San Francisco’s District 9, widely known
25 as “the People’s Farmer’s Market” and the first farmers market established in California,

5 Francisco's Tenderloin and other central city neighborhoods, now has one of the highest

7 6,600 unduplicated program participants over the past twelve months; and

8 WHEREAS, The federal Gus Schumacher Nutrition Incentive Program (GusNIP),
9 brings grant dollars into the state, and the CNIP/Market Match program leverages federal
10 funds by matching nutrition assistance benefits with funds that can be spent by low-income
11 Californians to buy healthy, fresh food grown by California farmers; and

12 WHEREAS, Without additional state appropriations in the next fiscal year, the Market
13 Match program will be unable to continue beyond 2022; and

14 WHEREAS, The GusNIP competitive grant program application period opens in FY21,
15 and it requires a 100% match of state, local or private funding, and an investment now of \$20
16 million of state funds into CNIP, and an extension to encumber the funds, would allow the
17 program to meet the non-federal match and bring significant federal funds into the state; and

18 WHEREAS, A coalition led by the nonprofit Ecology Center, the California Market
19 Match Consortium, and the more than 80 hunger, sustainable agriculture, school district, food
20 policy councils, and local food systems organizations - including San Francisco-based
