Project description for Planning Department approval. BOS File No. 210182: Ordinance amending the Planning Code to create the new 2500-2530 18th Street Affordable Housing Special Use District (Assessor's Parcel Block No. 4014, Lot Nos. 002 and 002A), to facilitate the development of affordable housing at the site; amending the Zoning Map to rezone the lots from PDR-1-G (Production, Distribution, and Repair, General) to UMU (Urban Mixed Use) and to map the new special use district.						
STEP 1: EXEMPTION TYPE The project has been determined to be exempt under the California Environmental Quality Act (CEQA).						
	Class 1 - Existing Facili	ties. Interior and exterior alterations; addit	ions under 10,000 sq. ft.			
	Class 3 - New Construction. Up to three new single-family residences or six dwelling units in one building; commercial/office structures; utility extensions; change of use under 10,000 sq. ft. if principally permitted or with a CU.					
	Class 32 - In-Fill Development. New Construction of seven or more units or additions greater than 10,000 sq. ft. and meets the conditions described below: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations. (b) The proposed development occurs within city limits on a project site of no more than 5 acres substantially surrounded by urban uses. (c) The project site has no value as habitat for endangered rare or threatened species. (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality. (e) The site can be adequately served by all required utilities and public services. FOR ENVIRONMENTAL PLANNING USE ONLY					
	Other					
	Common Sense Exemption (CEQA Guidelines section 15061(b)(3)). It can be seen with certainty that there is no possibility of a significant effect on the environment. FOR ENVIRONMENTAL PLANNING USE ONLY					

STEP 2: ENVIRONMENTAL SCREENING ASSESSMENT TO BE COMPLETED BY PROJECT PLANNER

	Air Quality: Would the project add new sensitive receptors (specifically, schools, day care facilities, hospitals, residential dwellings, and senior-care facilities within an Air Pollution Exposure Zone? Does the project have the potential to emit substantial pollutant concentrations (e.g. use of diesel construction equipment, backup diesel generators, heavy industry, diesel trucks, etc.)? (refer to The Environmental Information tab on the San Francisco Property Information Map)
	Hazardous Materials: Maher or Cortese If the project site is located on the Maher map or is suspected of containing hazardous materials (based
	on a previous use such as gas station, auto repair, dry cleaners, or heavy manufacturing, or a site with
	underground storage tanks): Would the project involve 50 cubic yards or more of soil disturbance - or a change of use from industrial to residential?
	Note that a categorical exemption shall not be issued for a project located on the Cortese List if box is checked, note below whether the applicant has enrolled in or received a waiver from the San
	Francisco Department of Public Health (DPH) Maher program, or if Environmental Planning staff has
	determined that hazardous material effects would be less than significant. (refer to The Environmental Information tab on the San Francisco Property Information Map)
	Transportation: Does the project involve a child care facility or school with 30 or more students, or a
$ \; \sqcup \; $	location 1,500 sq. ft. or greater? Does the project have the potential to adversely affect transit, pedestrian and/or bicycle safety (hazards) or the adequacy of nearby transit, pedestrian and/or bicycle facilities?
	Would the project involve the intensification of or a substantial increase in vehicle trips at the site due to autonomous vehicle or for-hire vehicle fleet maintenance, operations or charging?
	Archeological Resources: Would the project result in soil disturbance/modification greater than two
	(2) feet below grade in an archeological sensitive area or eight (8) feet in a non-archeological sensitive area? If yes, archeology review is required.
l .

	Once signed or stamped and dated, this document constitutes an exemption pursuant to CEQA Guidelines and Chapter 31of the Administrative Code. In accordance with Chapter 31 of the San Francisco Administrative Code, an appeal of an exemption determination to the Board of Supervisors can only be filed within 30 days of the project receiving the approval action. Please note that other approval actions may be required for the project. Please contact the assigned planner for these approvals.			

STEP 7: MODIFICATION OF A CEQA EXEMPT PROJECT

TO BE COMPLETED BY PROJECT PLANNER

In accordance with Chapter 31 of the San Francisco Administrative Code, when a California Environmental Quality Act (CEQA) exempt project changes after the Approval Action and requires a subsequent approval, the Environmental Review Officer (or his or her designee) must determine whether the proposed change constitutes a substantial modification of that project. This checklist shall be used to determine whether the proposed changes to the approved project would constitute a "substantial modification" and, therefore, be subject to additional environmental review pursuant to CEQA.

approval and no additional environmental review is required. This determination shall be posted on the Planning Department website and office and mailed to the applicant, City approving entities, and anyone requesting written notice. In accordance						
with Chapter 31, Sec 31.08j of the San Francisco Administrative Code, an appeal of this determination can be filed to the Environmental Review Officer within 10 days of posting of this determination.
