RE: Support for Housing Acquisition
VIA EMAIL
cc: Board of Supervisors

Dear Mayor Breed and Members of the Board of Supervisors:

I am writing to urge your support for Supervisor Preston's ordinance to fund the Emergency Housing Acquisition Program (File No. 210538). These funds will save hundreds of San Franciscans from pandemic-related displacement, and on behalf of the thousands of members of Local 2 who make their homes in this city, we are strongly urging you to move this effort forward without delay.

The pandemic crisis has put extreme financial hardship on tens of thousands of working families, seniors, and other vulnerable households. While COVID initially depressed rents and rental property sales, now rents and market trends are on the rebound with increasing numbers of rental properties being put on the private market at rising prices.

Unless the City significantly increases its capacity to acquire and preserve rental properties now, thousands of existing tenants will be put at greater risk of displacement and the City will lose a time-limited opportunity to remove housing from the speculative market and permanently preserve units at affordable rents.

That's why I am urging you to support Supervisor Preston's proposal to allocate \$64 million to housing acquisition. This ordinance would deliver on the promise of Prop I, and the unanimous resolution passed last year by the Board of Supervisors, to use the transfer tax revenue for social housing.

UNITE HERE!

Our members were hit very hard by the financial devastation brought by Covid-19, and in many cases are still reeling from this devastation; in this, they are joined by the thousands of working people still struggling to hold onto their housing in this city.

We can prevent the evictions of many hundreds of long-term San Franciscans and guarantee long-term stability if we act now. I ask for your support to fund the Emergency Housing Acquisition Program, as one path to save our residents from pandemic-fueled displacement.

Sincerely,

Cynthia Gómez

Supervisors Members of the San Francisco Board of Supervisors,

San Francisco's housing shortage and affordability crisis is more acute than ever, which is why I'm urging you to support bringing 100% affordable homes to 2550 Irving Street in SF's Sunset District.

Our city urgently needs more affordable housing on the Westside generally and in District 4 specifically. District 4, as you know, falls behind every other district when it comes to building affordable housing and has added only 17 new affordable homes over the last decade!

With hundreds of rent-controlled apartments losing protected status, rising housing prices, and the continued displacement of longstanding families, it is long past time for the Board of Supervisors to take bold action to protect our community. Each year, thousands of Sunset residents submit applications for affordable housing but there are virtually no affordable housing opportunities in the Sunset to meet the needs of working families and renters. That's why it is imperative that we build more safe, stable, and affordable homes right now.

The 100% affordable homes at 2550 Irving Street will expand access and opportunities for working families and renters by creating safe and stable homes in a community with good access to schools, parks, and the Irving Street commercial district. They will also help address SF's staggering housing inequality, allow diverse families to remain in our Westside community, and support the urgent needs of our most vulnerable neighbors.

Again, I'm urging you to support bringing 100% affordable homes to 2550 Irving Street without delay so that more residents can call San Francisco home. Thank you.

Supervisors Members of the San Francisco Board of Supervisors,

San Francisco's housing shortage and affordability crisis is more acute than ever, which is why I'm urging you to support bringing 100% affordable homes to 2550 Irving Street in SF's Sunset District.

Our city urgently needs more affordable housing on the Westside generally and in District 4 specifically. District 4, as you know, falls behind every other district when it comes to building affordable housing and has added only 17 new affordable homes over the last decade!

With hundreds of rent-controlled apartments losing protected status, rising housing prices, and the continued displacement of longstanding families, it is long past time for the Board of Supervisors to take bold action to protect our community. Each year, thousands of Sunset residents submit applications for affordable housing but there are virtually no affordable housing opportunities in the Sunset to meet the needs of working families and renters. That's why it is imperative that we build more safe, stable, and affordable homes right now.

The 100% affordable homes at 2550 Irving Street will expand access and opportunities for working families and renters by creating safe and stable homes in a community with good access to schools, parks, and the Irving Street commercial district. They will also help address SF's staggering housing inequality, allow diverse families to remain in our Westside community, and support the urgent needs of our most vulnerable neighbors.

Again, I'm urging you to support bringing 100% affordable homes to 2550 Irving Street without delay so that more residents can call San Francisco home. Thank you.

Dear Mayor Breed, Supervisor Mandelman, and the Board of Supervisors,

I'm a resident of District 8, and I am writing to urge your support for Supervisor Preston's ordinance to allocate \$64 million to social housing (File No 210538), and to move it forward without delay.

Last year I voted for Prop I to get more money for social housing. The Board of Supervisors supported this plan in a resolution passed unanimously. Supervisor Preston's ordinance would make good on that promise by putting Prop I funds to its intended purpose, to get more social housing by taking at-risk properties off the private market through an Emergency Housing Acquisition Program.

It's imperative that we use the Prop I money for the purpose it was intended: housing. We could save the homes of 300 families RIGHT NOW by using this money for the emergency acquisition of hundreds of units that would be removed from the speculative market. This will be our only opportunity to do this, because just like the Great Recession of 2008, thousands of people will lose their homes as speculators and investors take advantage of a down market to buy buildings and kick out long term tenants.

This money is an appropriate use of pandemic emergency funds to make sure that people in need still have housing. There is no greater imperative in San Francisco right now than to stabilize families and make sure they stay in their homes.

Vote YES, and SUPPORT the Emergency Housing Acquisition Program.

Thank you,

Simone Manganelli

Dear Mayor Breed and Board of Supervisors,

I am writing to urge your support for Supervisor Preston's ordinance to fund the Emergency Housing Acquisition Program (File No. 210538). These funds will save hundreds of San Franciscans from pandemic-related displacement. On behalf of AFT 2121, I urge you to move this effort forward without delay.

The pandemic crisis has created extreme financial hardship for tens of thousands of working families, seniors, and other vulnerable households. While COVID initially depressed rents and rental property sales, now rents and market trends are on the rebound. Increasing numbers of rental properties are being put on the private market at rising prices.

Unless the City significantly increases its capacity to acquire and preserve rental properties now, thousands of existing tenants will be put at greater risk of displacement. The City will lose a time-limited opportunity to remove housing from the speculative market and permanently preserve units at affordable rents.

That's why I am urging you to support Supervisor Preston's proposal to allocate \$64 million to housing acquisition. This ordinance would deliver on the promise of Prop I, and the unanimous resolution passed last year by the Board of Supervisors, to use the transfer tax revenue for social housing.

AFT 2121 represents teachers, counselors, and librarians at CCSF. Our membership is more than half adjunct faculty, many in precarious housing. Their ability to continue to serve the students of San Francisco depends on your action. The students our college serves are at even greater risk. We work everyday with students who are homeless and those living in precarious situations. We see first-hand the struggles they experience, and how hardship impacts their education.

We can prevent displacement of many hundreds of long-term San Franciscans and guarantee long term stability if we act now. I ask for your support to fund the Emergency Housing Acquisition Program, and save our residents from pandemic-fueled displacement.

Supervisors,

I am writing to urge you to approve funding the Emergency Housing Acquisition Program (File No. 210538), which is Item 2 on this Wednesday's, November 17th, Budget and Finance Committee agenda.

Doing so will be consistent with the commitment we made to the voters regarding the use of the funds generated by Proposition I, the commitment memorialized in ballot arguments as well as by unanimously adopted Board of Supervisors resolution.

It would take the currently available opportunity to take housing off the speculative market and create permanently affordable housing.

We urge the allocation of \$64 million of Proposition I funds to housing acquisition. Lets do what we told the voters we were going to do.

to the high cost of housing, live far from their place of work and often endure commute times of stretching over an hour and half. TO: Mayor London Breed, Board of Supervisors

RE: Letter of Support from San Francisco Berniecrats for the Emergency Housing Acquisition Program

Dear Mayor Breed and Board of Supervisors:

I am writing to urge your support for Supervisor Preston's ordinance to fund the Emergency Housing Acquisition Program (File No. 210538). These funds will save hundreds of San Franciscans from pandemic-related displacement and are crucial for

beginning to build an infrastructure for **Public Housing for All**. On behalf of the San Francisco Berniecrats, I strongly urge you to move this effort forward without delay.

The SF Berniecrats wrote and supported November 2020's Proposition K to authorize 10,000 units of municipal social housing. We also campaigned for Proposition I to tax large real-estate transactions and fund rent relief and social housing. We were disappointed to see that **not a single dollar** of Proposition I's revenue was dedicated to social housing this fiscal year.

The pandemic has put extreme financial hardship on tens of thousands of working families, seniors, and other vulnerable households. While COVID initially depressed rents and rental property sales, rents and property prices are once again trending upwards.

Unless the City significantly increases its capacity to acquire and preserve rental properties NOW, thousands of existing tenants will be put at greater risk of displacement. The City will lose a time-limited opportunity to remove housing from the speculative market and permanently preserve units at affordable rents.

That's why I am urging you to support Supervisor Preston's proposal to allocate \$64 million to social housing acquisition. This ordinance would deliver on the promise of Proposition I, and the unanimous resolution passed last year by the Board of Supervisors to use Proposition I's revenue for social housing.

We can protect hundreds of San Francisco residents and guarantee long-term stability if we act now. Please fund the Emergency Housing Acquisition Program and save our residents from pandemic-fueled displacement.

Sincerely,
Laksh Bhasin
Coordinator, SF Berniecrats Housing Committee

Board of Supervisors Clerk,

Re File #210538 - Budget and Appropriations Committee 06/16/21

Dear Supervisors,

I was disappointed to read that the Mayor's 2021-22 budget does not spend Prop I revenue on its voter-intended purposes of rent relief and social housing, and instead slightly increases funding to SFPD from the General Fund.

Over 1000 residents signed a petition asking Mayor Breed to appropriate Prop I revenue to the Housing Stability Fund and Rent Resolution and Relief Fund, and the Board of Supervisors has unanimously approved resolutions and supplemental appropriations on using Prop I funds in this manner. Prop I passed with 58% of the vote last year, and voters expected its revenue to go towards these two funds.

I would like to ask you to prioritize funding the Housing Stability Fund and Rent Resolution and Relief Fund in the add-back process, to ensure Prop I's intent is respected in the final budget. In addition to department add-backs, please also support the supplemental appropriation in File #210538 to utilize COVID Reserve funds for this purpose.

Prop I funds shouldn't be misused for other purposes, and certainly shouldn't fund the police department instead. We need a deeply affordable housing infrastructure in the long term, and – in the short term – need to keep tenants housed by paying back all rent debt accumulated during COVID. Both of these are worthy uses of COVID Reserve funds, and will ensure that Prop I's voter-approved intent remains intact.

Supervisors Board of Supervisors,

Dear Supervisors,

I am a resident of San Francisco District Alma Jackson\_\_\_\_\_ and I am writing to urge you to fund rental subsidies for seniors and people with disabilities in the city budget for the upcoming fiscal year.

I am part of the senior and disability communities and I see the great need for housing that we can afford. What is called “affordable” housing in the city is not affordable for those of us living on Social Security, SSI, or other extremely low incomes.

Portable rental subsidies and Senior Operating Subsidies have made it possible for hundreds of seniors and people with disabilities to stay in their homes, but thousands more see our rents rising but our incomes staying the same.

You have the chance to expand subsidies and keep us in our homes and off the streets! Please include in the upcoming budget an additional \$3 million for portable rental subsidies for seniors and people with disabilities and an additional \$3 million for Senior Operating Subsidies.

Our communities are counting on you.

Board of Supervisors Clerk,

Re File #210538 - Budget and Appropriations Committee 06/16/21

Dear Supervisors,

My name is Shaelyn Watson and I live and work in District 1. I voted yes on Prop I to fund rent relief and social housing in San Francisco. Outside my window I can see several empty apartments and some people sleeping in their cars. These unhoused neighbors need support and housing - definitely not more policing.

Over 1000 residents signed a petition asking Mayor Breed to appropriate Prop I revenue to the Housing Stability Fund and Rent Resolution and Relief Fund, and the Board of Supervisors has unanimously approved resolutions and supplemental appropriations on using Prop I funds in this manner. Prop I passed with 58% of the vote last year, and voters expected its revenue to go towards these two funds.

I would like to ask you to prioritize funding the Housing Stability Fund and Rent Resolution and Relief Fund in the add-back process, to ensure Prop I's intent is respected in the final budget. In addition to department add-backs, please also support the supplemental appropriation in File #210538 to utilize COVID Reserve funds for this purpose.

Prop I passed with 58% of the vote last year, and voters expected its revenue to go towards these two funds.

I would like to ask you to prioritize funding the Housing Stability Fund and Rent Resolution and Relief Fund in the add-back process, to ensure Prop I's intent is respected in the final budget. In addition to department add-backs, please also support the supplemental appropriation in File #210538 to utilize COVID Reserve funds for this purpose.

Prop I funds shouldn't be misused for other purposes, and certainly shouldn't fund the police department instead. We need a deeply affordable housing infrastructure in the long term, and – in the short term – need to keep tenants housed by paying back all rent debt accumulated during COVID. Both of these are worthy uses of COVID Reserve funds, and will ensure that Prop I's voter-approved intent remains intact.

Re File #210538 - Budget and Appropriations Committee 06/16/21

Dear Supervisors,

I was disappointed to read that the Mayor's 2021-22 budget does not spend Prop I revenue on its voter-intended purposes of rent relief and social housing, and instead slightly increases funding to SFPD from the General Fund.

Over 1000 residents signed a petition asking Mayor Breed to appropriate Prop I revenue to the Housing Stability Fund and Rent Resolution and Relief Fund, and the Board of Supervisors has unanimously approved resolutions and supplemental appropriations on using Prop I funds in this manner. Prop I passed with 58% of the vote last year, and voters expected its revenue to go towards these two funds.

Ms Linda Wong,

Re File #210538 - Budget and Appropriations Committee 06/16/21

Dear Supervisors,

I was disappointed to read that the Mayor's 2021-22 budget does not spend Prop I revenue on its voter-intended purposes of rent relief and social housing, and instead slightly increases funding to SFPD from the General Fund.

Over 1000 residents signed a petition asking Mayor Breed to appropriate Prop I revenue to the Housing Stability Fund and Rent Resolution and Relief Fund, and the Board of Supervisors has unanimously approved resolutions and supplemental appropriations on using Prop I funds in this manner. Prop I passed with 58% of the vote last year, and voters expected its revenue to go towards these two funds.

I would like to ask you to prioritize funding the Housing Stability Fund and Rent Resolution and Relief Fund in the add-back process, to ensure Prop I's intent is respected in the final budget. In addition to department add-backs, please also support the supplemental appropriation in File #210538 to utilize COVID Reserve funds for this purpose.

Prop I funds shouldn't be misused for other purposes, and certainly shouldn't fund the police department instead. We need a deeply affordable housing infrastructure in the long term, and – in the short term – need to keep tenants housed by paying back all rent debt accumulated during COVID. Both of these are worthy uses of COVID Reserve funds, and will ensure that Prop I's voter-approved intent remains intact.

Thank you,

Dear Supervisors,

I voted for Prop I because I thought it was going to be used for rent relief and social housing! Was I duped? I live in District 7 and support any way the money comes into the budget for these purposes.
