Supervisor John Avalos
Chair, Budget Committee
Board of Supervisors
City and County of San Francisco
1 Dr. Carlton B. Goodlett Place
San Francisco, CA 94102

Supervisor Avalos:

Per Charter Section 9.101, I am submitting the attached technical adjustments to the Mayor's Proposed 2010-11 Budget. These adjustments reflect three types of changes and are detailed on three attachments:

- Attachment #1: technical corrections to enterprise department budgets which occurred between May 1 and June 1, 2010;
- Attachment #2: certain restorations to funding in health, human services, children and family programs and workforce services; and
- Attachment #3: additional technical corrections to submitted entries to the Mayor's June 1 budget.

The attached tables detail these changes. This adjustment is funded using the technical adjustment reserve. As noted on the attachments, the figures may change slightly once they are entered into the budget system.

Please contact me at 554-6486 with any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read "GWagner".

Supervisor Avalos:

Per Charter Section 9.101, I am submitting the attached technical adjustments to the Mayor's Proposed Budget for FY 2010-11. These adjustments are detailed on the following two attachments:

- Attachment #1: Departmental detail of technical changes, including:
 - Correcting parking garage revenue in the Recreation & Park Department using Fund Balance from increased Property Transfer Tax Revenue
 - Correcting position changes in the Recreation and Park Department
 - Adjusting Food Stamp revenue and expenditures in the Human Services Agency to reflect updated allocation information
 - Adjusting Farmer's Market revenue in GSA - Office of the City Administrator
 - Various changes in the Public Utilities Commission
- Attachment #2: Technical changes to the SFMTA budget to reflect gross parking garage revenue and expenditures.

Please note that these figures may change slightly once they are entered into the budget system.

Please contact me at 554-6486 with any questions or concerns.

Sincerely,

Greg Wagner
Mayor's Budget Director

23	60199	Other General Govt Charges (Revenues)				\$230,250	\$290,250	\$60,000

The subject Assessment Appeals Board administrative filing fee (File 10-0557) was originally proposed by the Department to increase from \$30 to \$45, with an estimated additional \$60,000 included in the proposed FY 2009-2010 budget. On June 2, 2010, the Budget and Finance Committee heard the proposed ordinance, increased the administrative filing fee to \$90 and continued the proposed ordinance, to increase the Department's cost recovery from these fees. The proposed ordinance (File 10-0557) is calendared as Item 2 on the June 23, 2010 Budget and Finance Subcommittee calendar.

On June 23, 2010, the Budget and Finance Committee amended the ordinance to increase the Assessment Appeals Board's administrative processing fee from \$30 to \$60, effective in July 2010. At \$60, revenues are estimated to increase by an additional \$60,000 for a 95% cost recovery.

24	086	Expend Recovery for SVCS to AAO Funds				0	85,000	85,000
----	-----	--	--	--	--	---	--------	--------

The proposed recommendation reflects discussions between the Clerk of the Board and the Controller's Office to share the \$170,000 FY 2010-2011 costs of memberships under the Board of Supervisors budget that are currently fully funded with General Fund revenues. Under the proposed recommendation, 50 percent or \$85,000 of the total \$170,000 membership cost in FY 2010-2011 would be workordered to Enterprise departments with the remaining \$85,000 funded with General Fund revenues in the Board's budget. This recommendation would result in an offsetting \$85,000 savings to the City's General Fund.

081		Kids2College Savings Plan Program				2,053,099	1,795,659	257,440

The Kids2College Program would provide savings accounts to San Francisco Public School kindergarten students in academic year 2010-11. The program will provide \$50 for 1,400 students and an additional \$50 for approximately 980 students that receive Free and Reduced Lunch. Staffing would consist of a 1.0 FTE 1844 Senior Management Assistant that is vacant and has been reassigned, and 0.15 FTE 0931 Manager III, both in the Office of the Treasurer/Tax Collector.

This proposed program would be paid for through a DCYF workorder to the Treasurer/Tax Collector. The Mayor's proposed FY 2010-11 budget for the Treasurer/Tax Collector includes expenditure recoveries totaling \$257,440 for the Kids 2 College Program. On June 16, 2010 a technical adjustment was submitted by the Mayor's Office that included a work order in the amount of \$257,440 for this program. Disapproval of the Kids2 College Program represents a savings for DCYF in the amount of \$257,440.

<u>AAD - Administration & Support Services (1G-AGF-AAA)</u>								
97	022	Training				46,750	18,700	28,050
		As of May 31, 2010, the Department has expended and encumbered only 26% of its \$46,750 allocated to training funding for FY 2009-10. The recommended amount of \$18,700 will allow for sufficient training funding for FY 2010-11.						
97	027	Professional & Specialized Services				412,217	406,017	6,200
		The Department has requested \$412,217 for Professional & Specialized Services in FY 2010-11. The Budget and Legislative Analyst recommends a reduction of \$6,200 because the Department has \$6,200 in outstanding encumbrances that were appropriated in FY 2008-09 for Professional & Specialized Services, which the Department has not yet spent. The revised budget amount still allows an increase of \$202,152 in the Department's FY 2010-2011 budget.						
97	028	Maintenance Svcs - Buildings and Structures				486,969	396,874	90,095
		The Department has requested \$486,969 for maintenance services in FY 2010-11. The Budget and Legislative Analyst recommends a reduction of \$20,095 because the Department has \$20,095 in outstanding encumbrances that were appropriated in FY 2008-09 for maintenance services, which the Department has not yet spent. In addition, the Controller projects that the Department will underexpend at this character, and that it did so in FY 2008-2009. Therefore, the Budget and Legislative Analyst recommends an additional reduction of \$70,000, for a total reduction of \$90,095.

		<p>The Department has budgeted for an increase in the Fire Suppression overtime budget totaling \$62,320 in FY 2010-11. According to the Department, the actual Fire Supression expenditure for FY 2009-10 will be \$19,170,145. Efficiency efforts are anticipated to save \$1,035,000 in FY 2010-11. Increases in Fire Department Uniform salaries and the expense of adding service to the Presidio will result in Fire Suppression Overtime expenditures totaling \$18,909,949. Therefore, reduce Overtime expenditures by \$550,687.</p>

105	027	Professional & Specialized Services				21,000	16,849	4,151
<p>The Department has requested \$21,000 for Professional and Specialized Services in FY 2010-11. The Budget and Legislative Analyst recommends a reduction of \$4,151 because the Department has \$4,151 in outstanding encumbrances that were appropriated in FY 2008-09 for Professional and Specialized Services, which the Department has not yet spent. The revised budget amount still allows an increase of \$16,849 in the Department's FY 2010-2011 budget.</p>

The Budget and Legislative Analyst recommends a reduction of \$135,000 because the Department has not expended or encumbered the \$135,000 budgeted in FY 2009-2010 for this same purpose. The Department will be able to make vehicle purchase with carried-over continuing project funds.</p>

SFFD has two H-33 EMS Captains assigned to Administration and Support Services performing administrative rather than emergency medical service functions. Currently, SFFD has 4.2 vacant H-33 EMS Captain positions in Suppression, and backfills these vacant positions with overtime. The Budget and Legislative Analyst recommends deleting 1.0 FTE H-33 EMS Captain in Administration and Support Services and transferring the incumbent into a vacant H-33 EMS Captain position in Suppression. This recommendation includes reducing Attrition Savings in Suppression to allow for the filling of a vacant H-33 EMS Captain position and reducing Overtime by \$206,214 plus \$6,908 in Mandatory Fringe Benefits for a total savings of \$213,122. The Budget and Legislative Analyst considers such a reallocation a policy matter for the Board of Supervisors, because it would result in the reassignment of a filled position.

184	1070	IS Project Director	1070 AN	1.0	0.0	127,861	0	127,861

The Department has proposed 27.77 FTE s for information technology positions in FY 2010 11, which is an increase of 11.23 FTEs compared to the 16.54 FTEs in FY 2009-10. This 11.23 FTE increase includes (a) 0.23 FTE to annualize three new positions in FY 2009-10; (b) 2.0 new FTEs for the Forensics Management System, which is a Crime Lab project that links forensics services; (c) 7.00 FTE reassigned from the Department of Technology; and (d) 2.00 FTEs substituted from Police Officer III positions for general information technology support.

The Budget and Legislative Analyst recommends disapproval of the 1063 IS Programmer Senior and the 1070 IS Project Director positions for the Forensics Management System. These two new positions are in addition to the three new positions in FY 2009-10, of which one position is filled and two positions are vacant.

The Budget and Legislative Analyst recommends approval of the two information technology positions substituted from Police Officer III positions, including one 1070 IS Project Director for the Forensics Management System and one 1023 IS Administrator III positions for general information technology support.

-----	--	-------------------	-------	--	--	-------------	-------------	---------

Because the Department has four existing vacant information technology positions (including the two vacant Forensics Management System positions noted above), the Budget and Legislative Analyst recommends increasing Attrition Savings to provide for a hire date of March 1, 2011 for the substituted 1023 IS Administrator III and 1070 IS Project Director positions. This would allow the Department to recruit, hire, and train the four existing vacancies prior to hiring these two new positions.

The requested \$500,000 would provide "as-needed" architectural and engineering consulting services to the Port for various capital projects, repair needs, emergency projects and other special needs. Although specific projects or services are not identified, these consulting services could include architectural plans, construction drawings, engineering support, specifications and cost estimates or project schedules. These services provide ongoing support for Port staff. Given that the Port budgeted no funds for these services in FY 2008-2009, and budgeted \$350,000 in FY 2009-2010, the recommended reduction would still provide an increase of \$125,000 in FY 2010-2011.

<p>Increase expenditure recoveries from non-City departments to reimburse the Department of Elections for the cost to provide election services. The FY 2010-2011 budgeted \$443,000 is for repayment of (a) \$240,000 from the Community College District and (b) \$203,000 from the Bay Area Rapid Transit District (BART) for projected costs for the November 2010 election. The proposed additional reimbursement of \$554,000 includes an estimated (a) \$277,000 for the San Francisco Unified School District (SFUSD) projected costs for the November 2010 election, which was previously included as an in-kind contribution under Proposition H, and (b) \$277,000 for the Transportation Authority to place a measure on the November 2010 ballot for an additional Vehicle Registration Fee in San Francisco pursuant to Senate Bill 83. The cost of the Department of Elections to provide elections services to both the SFUSD and the Transportation Authority are the same because they are based on conservative estimates of the length of their measures to be placed on the ballot; the actual costs of the election to each agency will be determined by the Department of Elections after the November, 2010 election and charged back to each agency.</p>
