ARTICLE 1. GENERAL

Section 300. Purpose and scope

The purpose of these Infill Infrastructure Grant program Guidelines (Guidelines) is to implement and interpret Chapter 2 of Part 12 of Division 31 commencing with Health and Safety Code section 53545.13, which establishes the Infill Incentive Grant Program of 2007, hereinafter referred to as the Infill Infrastructure Grant Program (IIG or Program).

Section 301. Program overview

The Program's primary objective is to promote infill housing development by providing financial assistance for Capital Improvement Projects that are an integral part of or necessary to facilitate the development of a Qualifying Infill Project or a Qualifying Infill Area.

Under the Program, grants are available as gap funding for infrastructure improvements necessary for specific residential or mixed-use infill development Projects or Areas. Both Infill Projects and Areas must have either been previously developed or be largely surrounded by development. Eligible improvements include development or rehabilitation of Parks or Open Space, water, sewer or other utility service improvements, streets, roads, parking structures, transit linkages, transit shelters, traffic mitigation features, sidewalks, and streetscape improvements.

Funds will be allocated through a competitive process, based on the merits of the individual Infill Projects and Areas. The application selection criteria includes project readiness, affordability, housing density, access to transit, proximity to amenities, and consistency with regional plans.

The Uniform Multifamily Regulations (UMRs) in Title 25, Division 1, Chapter 7, Subchapter 19 (commencing with section 8300) of the California Code of Regulations are hereby incorporated into these Guidelines. In the event of a conflict between the UMRs and these Guidelines, the provisions of these Guidelines shall prevail.

Section 302. Definitions

The following definitions apply to the capitalized terms used in these Guidelines:

- (a) "Affirmatively Furthering Fair Housing" means taking meaningful actions, in addition to combating discrimination, that overcome patterns of segregation and foster inclusive communities free from barriers that restrict access to opportunity based on protected characteristics. Specifically, Affirmatively Furthering Fair Housing means taking meaningful actions that, taken together, address significant disparities in housing needs and in access to opportunity, replacing segregated living patterns with truly integrated and balanced living patterns, transforming racially and ethnically concentrated areas of poverty into areas of opportunity, and fostering and maintaining compliance with civil rights and fair housing laws. The duty to affirmatively further fair housing extends to all of a

public agency's activities and programs relating to housing and community development.

- (b) "Affordable Unit" means a unit that is made available at an affordable rent, as defined in Health and Safety Code section 50053, to a household earning no more than 60 percent of the Area Median Income (AMI) or, for ownership projects, at an affordable housing cost, as defined in Health and Safety Code section 50052.5, to a household earning no more than 120 percent of the AMI. Rental units shall be subject to a recorded covenant ensuring affordability for a duration of at least 55 years. Ownership units shall initially be sold to and occupied by a qualified household and shall be subject to a recorded covenant that includes either a resale restriction for at least 30 years or equity sharing upon resale.

Peak hours are limited to the time between 7 a.m. to 10 a.m., inclusive, and 3 p.m. to 7 p.m., inclusive, Monday through Friday, or the alternative peak hours designated for the transportation corridor by the transit agency. This level of service must have been publicly posted by the provider at some point between January 2020 and the time of application.

"Capital Asset" also means a tangible physical property with an expected useful life of 10 to 15 years for costs not to exceed 10 percent of the Program grant. "Capital Asset" includes major maintenance, reconstruction, demolition for purposes of reconstruction of facilities, and retrofitting work that is ordinarily done no more often than once every 5 to 15 years or expenditures that continue or enhance the useful life of the Capital Asset. "Capital Asset" also includes equipment with an expected useful life of two years or more. The plan shall be consistent with Government Code section

65915(c)(3). Residential units to be replaced shall not be counted toward meeting the affordability threshold required for eligibility for funding under this Section.

- (D) A Qualifying Infill Project or Qualifying Infill Area for which a disposition and development agreement or other project or area-specific agreement between the Developer and the local agency having jurisdiction over the project has been executed on or before August 24, 2007, shall be deemed to meet the affordability requirement of this paragraph if the agreement includes affordability covenants that subject the Qualifying Infill Project or Qualifying Infill Area to the production of Affordable Units for Very Low-, Lower- or Moderate-Income households.

The loan may be secured by a deed of trust, which may be recorded with the local county recorder's office, provided the beneficiary of the loan shall not under any circumstances exercise any remedy, including, without limitation, foreclosure, under the deed of trust without the prior written consent of the Department, in its sole and absolute discretion. The loan may not be sold, assigned, assumed, conveyed, or transferred to any third party without prior written Department approval in its sole and absolute discretion. For Projects assisted by other Department funding programs, repayment of the loan between the Recipient and the Developer shall be limited to (1) no repayments to the Recipient until the maturity date or (2) repayment only from distributions from the Project within the meaning of 25 CCR section 8301(i). The Recipient shall be responsible for all aspects of establishing and servicing the loan. The provisions governing the loan shall be entirely consistent with these Guidelines and all documents required by the Department with respect to the use and disbursement

of Program funds. All documents governing the loan between the Recipient and the Developer borrower shall contain all the terms and conditions set forth in this subdivision and shall be subject to the review and approval of the Department prior to making the loan. This subdivision shall apply to any Qualifying Infill Project receiving low-income housing tax credits regardless of the date of the Program award.

The proportion of the amount to be repaid (A) to the total grant amount (B) shall be the same as the number of residential units where construction has not timely commenced (C) to the total number of designated residential units (D) (Formula: $A=C/D * B$).
- (b) Recipients shall, within the time set forth in the NOFA and Standard Agreement, begin construction of the housing units in the Qualifying Infill Project(s) identified in the application.

 - (3) In the event of two or more applications having the same rating and ranking scores, the Department will apply the tie-breaking criteria set forth in the NOFA.
 - (4) The Department shall evaluate applications for compliance with the threshold requirements listed in Section 308 and score them based on the application selection criteria listed in Sections 309 or 310. The Department may make adjustments to this procedure to meet geographic targets identified in the NOFA.

(c) Density – 40 points maximum

Applications will be scored based on the extent to which the Net Density of the Qualifying Infill Area exceeds the required density specified in Section 303(c)(4). Density calculations shall be evidenced by a date stamped map certified by a licensed State of California professional such as an architect, engineer, or surveyor.

- (1) Net Density of the units utilized in the calculation of the grant amount adjusted for unit size by multiplying the factors shown below by the total number of units in each unit size category, then summing the resulting products, then dividing by the net area of all projects. For a suburban three-site Qualifying Infill Area:

Project # 1	Seven 2-Bedroom Units	Five 3-Bedroom Units	0.75 Acre
Project # 2	Six 2-Bedroom Units	Eight 3-Bedroom Units	0.65 Acre
Project # 3	Nine 2-Bedroom Units	Seven 3-Bedroom Units	0.50 Acre

The adjusted Net Density would be 22 two-bedroom units times 1.2 plus 20 three-bedroom units times 1.6 or 58.4. Dividing this by 20 (suburban minimum density) and 1.9 acres (net area of the three sites) and multiplied by 100 results in an adjusted Net Density as a percentage of required density of 153.7 percent which yields 15 points for Density.

Unit Size (Bedrooms)	Factor
0-Bedroom	0.7
1-Bedroom	0.9
2-Bedroom	1.2
3-Bedroom	1.6
4-Bedroom	1.8

- (2) Points will be awarded in accordance with the following schedule:

Adjusted Net Density as a Percentage of Required Density	Points
150 percent or more	40
140 percent to 149.9 percent	30
130 percent to 139.9 percent	20
120 percent to 129.9 percent	15
110 percent to 119.9 percent	10
Less than 110 percent	0

- (2) Fifteen points will be awarded for a Qualifying Infill Project within one-half mile of a Transit Station or a Major Transit Stop, measured by a Walkable Route from the nearest boundary of the Qualifying Infill Area to the outer boundary of the site of the Transit Station or Major Transit Stop and located in an area of high segregation and poverty or low resource opportunity area (see

TCAC/HCD Opportunity Area Maps) or disadvantaged community pursuant to Senate Bill 535 and Assembly Bill 1550.

- (3) Ten points will be awarded to a Qualifying Infill Project within one-half mile of a Transit Station or a Major Transit Stop, measured by a Walkable Route from the nearest boundary of the Qualifying Infill Project to the outer boundary of the site of the Transit Station or Major Transit Stop.

Section 314. Prevailing Wages

For the purposes of California's prevailing wage law (Lab. Code, 1720 et seq.), an IIG Capital Improvement Project (i.e., the construction, rehabilitation, demolition, relocation, preservation, acquisition, or other physical improvement of a Capital Asset) shall be considered a public work that is paid for in whole or in part out of public funds. As such, it is subject to California's prevailing wage law. Program funding of a Capital Improvement Project shall not necessarily, in and of itself, be considered public funding of a Qualifying Infill Project or the Qualifying Infill Area unless such funding is considered public funding under California's prevailing wage law.

Although the use of Program funds does not require compliance with the federal Davis-Bacon Act, other funding sources may require compliance with the federal Davis-Bacon Act 44.
