NOTE:

[Police Code - Private Protection and Security Services]

Ordinance amending the Police Code to require the Police Department to perform an analysis for the implementation of Article 25, which, among other things, provides for registration of private protection and security services with the Police Department, to ensure that private security firms abide by all legal requirements and that they not engage in racial profiling or other discriminatory practices.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Background and Findings.

(a) In November 1972, the Board of Supervisors added Article 25 of the Police Code to require all fixed patrols, street patrols, and private watchmen (sic) (collectively, "security services"), as defined in Article 25, operating within San Francisco to register with the Police Department ("SFPD") and pay an annual registration fee to the Tax Collector. Under Article 25, SFPD is to set forth certain rules governing the operation of a security service that has registered, and is to receive information from the security service regarding its employees. Security services are required to carry certain types and amounts of insurance, and are prohibited from employing titles, clothing, insignia, or vehicles that could be mistaken for those of SFPD or the Sheriff's Department. In 1981, Article 25 was amended to restrict the drawing of handguns by employees of security services.

(b) The Police Department is not currently implementing Article 25. In a letter dated
May 21, 2021 to Supervisor Stefani regarding the failure to implement Article 25, the Chief of
Police indicated a need for a comprehensive assessment that would identify the number of
security services that are operating in San Francisco, both corporate and small/local
businesses, and the corresponding need to develop:

- (1) an SFPD registration process that meets the requirements of Article 25;
- (2) SFPD internal procedures to manage and sustain the other mandates of Article 25;
 - (3) guidelines for denial or revocation of registrations by the Chief of Police;
 - (4) an appeal process for denied or revoked registrations; and
 - (5) a plan to include logistical, procedural, and staffing components, along with timelines for bringing the SFPD into compliance with its obligations under Article 25, so that it may fully implement its provisions.
 - (c) This ordinance is intended to mandate a comprehensive analysis of what will be necessary and feasible to implement Article 25, as an important first step in reviving its provisions. It is also important to update Article 25 to address concerns about racial profiling by security services companies that have been reported by members of our Black, Indigenous, People of Color ("BIPOC") community when walking in certain neighborhoods or shopping in certain stores. In the last couple of years, there have been reports of a security services company, without any justification, stopping youth from our BIPOC community for walking in one of our neighborhoods. Similarly, there have been recent reports of members of our BIPOC community being confronted in stores by security services companies, without any justification, and accused of stealing food or shoplifting. Incidents such as these are deeply humiliating to the individuals involved, may well be unlawful depending on the circumstances, and are just plain wrong. The public streets and walkways in San Francisco are for the use of

1	all, as are stores that are open to the public. Every person who is accessing these public
2	spaces should feel free to do so without risking being victimized and humiliated by security
3	services engaging in discriminatory practices.

5	Section 2. Article 25 of the Police Code is hereby amended by adding Section
6	1750.21, to read as follows:
7	SEC. 1750.21. ANALYSIS FOR IMPLEMENTATION OF ARTICLE 25.
8	(a) The Police Department ("SFPD") shall, in consultation with the Controller's Office,
9	perform an analysis of this Article 25 that identifies: 1) the current state of implementation; 2) the
10	desired state of implementation; and 3) the gaps in its implementation. This implementation analysis
11	shall include, at a minimum, assessment of the need for, and recommendations for: development of an
12	SFPD registration process; development of SFPD internal procedures to manage and sustain other
13	mandates of Article 25; guidelines for denial or revocation of registrations for failing to comply with
14	Article 25; an appellate process for denied or revoked registrations; non-discrimination and
15	elimination of bias requirements for businesses and individuals subject to registration under Article 25;
16	penalties for engaging in discriminatory practices, and for the drawing of firearms in violation of
17	Article 25; and a complaint process for any alleged violations of Article 25, including but not limited to
18	violations of non-discrimination provisions. The analysis shall also include a comprehensive plan, with
19	strategic and operational components, an assessment of staffing needs, and a cost analysis, that focuses
20	on feasible implementation of this Article.
21	(b) The analysis required under subsection (a) shall be completed and submitted to the Board
22	of Supervisors no later than six months from the effective date of the ordinance in Board File
23	No. 210869 enacting this Section 1750.21.
24	

25

1	Section 3. Effective Date. This ordinance shall become effective 30 days after
2	enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the
3	ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board
4	of Supervisors overrides the Mayor's veto of the ordinance.
