Angela Calvillo, Clerk of the Board  
Board of Supervisors  
1 Dr. Carlton B. Goodlett Place, Room 244  
San Francisco, CA 94102

Dear Ms. Calvillo:

Attached please find a copy of the proposed Resolution for the Board of Supervisors approval, which retroactively authorizes the Office of the District Attorney to accept and expend a grant in the amount of \$2,530,990.23 from the California Victim Compensation Board for compensation to crime victims for the grant period July 1, 2021 through June 30, 2024.

The “retroactive” request is administrative in nature. The Department has met the City’s requirement to appropriate grant funding prior to beginning any grant activities. The California Victim Compensation Board Program is a recurring grant with a start date of July 1<sup>st</sup>. This recurring grant was included in the annual department budget submission and approved as part of the Annual Appropriation Ordinance. As such we have met the City’s requirements for appropriating grant funds. Although we are not required to obtain a separate Board of Supervisors Resolution under Admin Code 10.170, the funding agency, the California Victim Compensation Board requires a separate copy of a Board of Supervisors Resolution.

The purpose of the grant is to provide the following services for victims of crime: verification and review of applications for victim compensation; overpayment processing to correct any error made and to collect monies owed; administer emergency expenses under Government Code (GC) section 13952.5, subdivision (c); and outreach and training to stakeholders and members of the public within the designated service area.

The following is a list of accompanying documents:

- Grant Information Form
- Grant Budget
- Grant Application
- Grant Award Letter

District Attorney

We respectfully request an expedited resolution. The City and County of San Francisco's FY 2021-22 and FY 2022-2023 Budget and Appropriation Ordinance includes this recurring grant; however, it does not meet the California Victim Compensation Board resolution requirements, thus, a separate resolution is necessary.
