Date _____

1 [Permit To Enter City Property - San Mateo Resource Conservation District - 500 Log Cabin
2 Ranch Road - Mindego Creek Fish Passage Project - 25-Year Term]

3 **Resolution authorizing and approving a no fee permit to enter and use a portion of Log**
4 **Cabin Ranch by the San Mateo Resource Conservation District for the Mindego Creek**
5 **Fish Passage Project in order to help protect federally threatened steelhead trout and**
6 **federally endangered coho salmon for a term of 25 years, to commence upon approval**
7 **by the Board of Supervisors and Mayor; finding of public purpose and determining that**
8 **competitive bidding procedures are not required; and adopting findings under the**
9 **California Environmental Quality Act.**

10
11 WHEREAS, The City and County of San Francisco own approximately 614 acres of
12 land in San Mateo County near La Honda, California (the "Property") also known as the "Log
13 Cabin Ranch" and "Hidden Valley Ranch" under the jurisdiction of the Juvenile Probation
14 Department ("JUV"); and

15 WHEREAS, In 1942, a portion of Log Cabin Ranch was developed as a residential
16 facility and working ranch to house boys in the juvenile justice system; and

17 WHEREAS, The Juvenile Probation Department temporarily closed its facilities at Log
18 Cabin Ranch in June 2018; and

19 WHEREAS, The San Mateo Resource Conservation District ("RCD" and "Permittee") is
20 currently working on the Mindego Creek Fish Passage Project ("Project"), a restoration project
21 in La Honda, San Mateo County, which will improve habitat and restore access to five miles of
22 range for federally threatened steelhead trout and federally endangered coho salmon in the
23 San Gregorio Watershed; and

24 WHEREAS, The Project proposes to remove the existing Denil fish ladder and other
25 water diversion infrastructure (prone to clogging thus rendering the creek unpassable to fish)

1 currently in place in Mindego Creek situated on the Property, restoring fish passage,
2 improving the stream habitat, and creating and maintaining a functional water diversion that
3 will not entrap fish (the “Restoration Work”); and

4 WHEREAS, The Project Area consists of approximately 17,375 square feet of Mindego
5 creek (310 linear feet of channel) and use of approximately 3,060 linear feet of the dirt access
6 road (off of Alpine Creek Road) on the Property; and

7 WHEREAS, Permittee will perform the Restoration Work at no cost to the City; and

8 WHEREAS, The Restoration Work will be completed in four phases: Phase I - Access
9 as necessary, lasting approximately one year - for pre-project and permit approval, site visits,
10 surveys, photography, measurements, and restoration and repair of a fish passage barrier,
11 removal of a Denil fish ladder, removal of water diversion infrastructure, relocating the water
12 diversion intake, and reconstruction of approximately 310 linear feet of channel; Phase II –
13 Commencing at completion of Phase I, lasting one year, access as necessary for monitoring
14 and maintenance, as necessary, of the Project Area; Phase III – Commencing at completion
15 of Phase II, lasting four years, four visits per year for monitoring and maintenance, as
16 necessary, of the Project Area; and Phase IV - Commencing at completion of Phase III,
17 lasting approximately 20 years, one visit per year for monitoring and maintenance, as
18 necessary of the Project Area; and

19 WHEREAS, The Real Estate Division on behalf of the Juvenile Probation Department,
20 in consultation with the Office of the City Attorney, has negotiated a permit to enter and use
21 (“Permit”) agreement substantially the form on file with the Clerk of the Board of Supervisors
22 in File No. 210910, which is hereby declared to be a part of this Resolution as if set forth fully
23 herein the Permit to allow access to the Property and use of the Project Area, to complete
24 the Project; and

25

1 WHEREAS, The term of the Permit shall be for 25 years commencing upon approval
2 by the Board of Supervisors and Mayor; and

3 WHEREAS, The Director of Property has determined that the Restoration Work will
4 provide a public benefit by helping to protect federally threatened steelhead trout and federally
5 endangered coho salmon, and these public benefits and the cost of the Restoration Work
6 exceed the fair market rental value of the Project Area under the Permit; and

7 WHEREAS, The Permittee shall pay for any and all costs, insurance, and staff
8 associated with and arising from the Project, including any incurred by City, if any; and

9 WHEREAS, On July 27, 2021, the Environmental Planning Division of the San
10 Francisco Planning Department determined that the Project and use of the Project Area for
11 the Project is exempt under the California Environmental Quality Act, Public Resources Code,
12 Section 21000 et seq. ("CEQA"), Class 1 exemption, said determination is on file with the
13 Clerk of the Board of Supervisors in File No. 210910 and is incorporated herein by reference;
14 and

15 WHEREAS, The Permit allows limited access and use of the Project Area for the public
16 purposes set forth in the Permit and does not convey a possessory interest; now, therefore,
17 be it

18 RESOLVED, That in accordance with the recommendation of the Chief Juvenile
19 Probation Officer and the Director of Property, after consultation with the City Attorney, the
20 Director of Property on behalf of the City, as Permittee, is authorized to execute the Permit in
21 substantially the form in the Board file; and, be it

22 FURTHER RESOLVED, The Board of Supervisors accepts the Director of Property's
23 recommendation and finds that the Project serves a public purpose to the City and that there
24 will be no permit fee in consideration of the value to the City of the Restoration Work; and, be
25 it

1 FURTHER RESOLVED, The Board of Supervisors approves the Permit in substantially
2 the form in the Board's File and authorizes the Director of Property to take all actions, on
3 behalf of City, to enter into any amendments or modifications (including without limitation, the
4 exhibits) to the Permit that the Director of Property determines, in consultation with the City
5 Attorney, are in the best interests of the City, do not materially increase the obligations or
6 liabilities of the City, and are necessary or advisable to complete the transaction and
7 effectuate the purposes and intent of this Resolution and are in compliance with all applicable
8 laws, including City's Charter; and, be it

9 FURTHER RESOLVED, That the Permit contains language indemnifying and holding
10 harmless the City from, and agreeing to defend the City against, any and all claims, costs and
11 expenses, including, without limitation, reasonable attorney's fees, incurred as a result of the
12 Permittee's access and use of the Permit area, any default by the Permittee in the
13 performance of any of its obligations under the Permit or any acts or omissions of Permittee or
14 its agents, in, on, or about the Property; and, be it

15 FURTHER RESOLVED, That any action heretofore taken by any City employee or
16 official with respect to the exercise of the Permit as set forth herein is hereby approved,
17 confirmed and ratified; and, be it

18 FURTHER RESOLVED, That the Board of Supervisors adopts the Planning
19 Department's determination under CEQA; and, be it

20 FURTHER RESOLVED, That the Competitive Bidding Procedures would be impractical
21 in light of the studies, planning, and work the RCD has already completed for the Restoration
22 Work, including obtaining grants to fund the work on the City's Property, and if the Permit was
23 not approved, the Restoration Work would not be completed; and, be it

24
25

1 FURTHER RESOLVED, That within thirty (30) days of the Permit agreement being fully
2 executed by all parties, the Director of Property shall provide a copy of the Permit to the Clerk
3 of the Board to include into the official file.

EXHIBIT A - Permit Area
EXHIBIT B – Scope of Work

**CITY AND COUNTY OF SAN FRANCISCO
PERMIT
TO ENTER AND USE PROPERTY
(500 Log Cabin Ranch Road, La Honda)**

THIS PERMIT TO ENTER AND USE PROPERTY (this “**Permit**”), dated for reference purposes only as of May 17, 2021, is made by and between the CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation (“**City**”) and SAN MATEO RESOURCE CONSERVATION DISTRICT, a California special district (“**Permittee**” or “**RCD**”).

City and Permittee agree as follows:

1. LICENSE

City grants to Permittee a personal, unassignable, non-exclusive, and non-possessory privilege to enter on and use a portion of that certain real property owned by City located at Log Cabin Ranch, La Honda, California, (Assessor’s Parcel Numbers 083290030 and 083300010) in the County of San Mateo, more particularly shown in Exhibit A attached to this Permit (the “**Permit Area**”), for the limited purpose and subject to the terms, conditions and restrictions set forth below. This Permit gives Permittee a license only, and nothing in this Permit constitutes a grant by City of any ownership, leasehold, easement, or other property interest or estate whatsoever in the Permit Area, or any portion of it. The privilege given to Permittee under this Permit is effective only to the extent of City’s rights in the Permit Area, and Permittee will obtain any further permission necessary because of any other existing rights affecting the Permit Area.

2. USE OF PERMIT AREA

2.1 Scope of Permitted Use

Permittee may enter and use the Permit Area for the sole purpose of the following activities in furtherance of the “Mindego Creek Fish Passage Improvement Project” located at and adjacent to Mindego Creek, and necessary activities directly related thereto: (a) pre-project and permit approval preparation, including site visits, surveys, photography, measurements, etc. during Phase I (as defined below); (b) restoration and repair of a fish passage barrier, removal of a Denil fish ladder, removal of water diversion infrastructure, reconstruction of approximately 310 linear feet of channel, and shoring/maintenance of a bridge on an access road leading from Alpine Road sufficient for RCD and its Agents to access the Permit Area, all as more particularly set forth in the “**Scope of Work**” in Exhibit B (collectively, (a) and (b) are the “**Project**”); and (c) monitoring and maintenance of the Project during Phases II, III, and IV (as defined below); and for no other purpose unless consented to by City in its sole discretion. The Project is comprised of four phases: (a) from the date of full execution of this Permit until completion of the Project’s construction (“**Phase I**”); (b) one year starting from the end of Phase I (“**Phase II**”); (c) four years starting from the end of Phase II (“**Phase III**”); and (d) approximately 20 years after the end of Phase III (“**Phase IV**”). Permittee may access the Permit Area for monitoring and maintenance of the Project as follows: (a) as necessary during Phase I and Phase II; (b) no more than 4 visits each year during Phase III; and (c) no more often than 2 visits each year during Phase IV.

3. INSTALLATION OF FACILITIES

Permittee may install the improvements described in Exhibit B which include the following: (a) sufficient shoring/maintenance to an existing bridge located on an access road on the Property leading from Alpine Road to allow for access to the Project and Permit Area; (b) demolition and removal of existing dam and fish ladder and reconstruction of 310 feet of channel at Mindego Creek (including pools and large wood structures); (c) relocation of the diversion intake, and installation of a fish screen at the intake pipe as set forth in Exhibit B; and (d) all other alterations and improvements described in the Scope of Work or approved by the City under this Permit in the City's sole discretion (the "**Improvements**") on the Permit Area only on satisfaction of the following conditions, which are for the sole benefit of City:

3.1 Approval of Plans and Specifications

Permittee will install the Improvements in accordance with plans and specifications approved in advance and in writing by City.

3.2 Permits and Approvals

Before beginning any work to install the Improvements ("**Improvement Work**"), Permittee must obtain all permits, licenses, and approvals of any regulatory agencies required to commence and complete the Improvements (collectively, "**Approvals**"). Promptly after receipt of the Approvals, Permittee will deliver copies of them to City. Permittee acknowledges that no approval by City under this Permit for purposes of the Improvements will be deemed to constitute the approval of any federal, state, or local regulatory authority with jurisdiction required for the Improvements, and nothing in this Permit will limit Permittee's obligation to obtain all Approvals, at Permittee's sole cost.

3.3 Installation of Above-Ground Markers

Permittee will install above-ground markers identifying the location of any underground Improvements installed at the Permit Area. City must approve in writing before installation the location, type, and installation of markers and identifying information.

3.4 As-Built Drawings

Promptly after completion of the installation of the Improvements, Permittee will furnish City with a complete copy of final as-built drawings for the Improvements.

3.5 Baseline

Permittee must document the condition of the Permit Area before the commencement of any work through the use of photographs, maps, and any other appropriate documentation to provide a pre-work baseline to monitor impacts. Permittee will consult with City to determine the appropriate documentation. Permittee will provide City with a copy of that documentation before any work begins.

3.6 Exercise of Due Care

Permittee will use, and will cause its Agents (as defined in Section 19 below) to use, due care at all times to avoid any damage or harm to City's property, and, except as specifically contemplated by the Scope of Work set forth in Exhibit B, to native vegetation and natural attributes of the Permit Area and to minimize slope erosion. Permittee will take such soil and resource conservation and protection measures with the Permit Area as City may request. City has the right to approve and supervise any excavation work. Under no circumstances will Permittee damage, harm, or take any rare, threatened, or endangered species on or about the Permit Area. Permittee will do everything reasonably within its power, both independently and on request by City, to prevent and suppress fires on and adjacent to the Permit Area attributable to Permittee's actions or inactions.

3.7 Cooperation with City Personnel

Permittee and its Agents will work closely with City personnel to minimize any potential disturbance (even if temporary) of the natural features of the Permit Area and to avoid disruption (even if temporary) of City property in, under, on, or about the Permit Area and City uses of the Permit Area. Construction sites must be screened with temporary fencing where possible to reduce visual impact.

3.8 Work Schedule

At least five business days (5) days before entry and before commencing any work on the Permit Area, Permittee will notify the Director of Property or their designee (telephone number: 415.554.9850) of the date such entry will occur and/or such work will commence and the intended schedule. Permittee will complete all work within the time period set forth in the permits necessary for implementation of the Project.

3.9 Restoration of Permit Area

Immediately following completion of any work on the Permit Area, Permittee will remove all debris and any excess dirt and restore the Permit Area to its condition as required in the permits necessary for Project implementation, including if required by such regulatory permits, restoring excavated areas with new vegetation and erosion control netting as approved by City.

3.10 Responsibility for Maintenance of Facilities

Permittee will be responsible for correcting any defects or deficiencies related to the installation of the intake pipe installed by Permittee as a component of the Project's Scope of Work. In addition, the Permittee will be responsible for maintaining in good working condition and repair, the fish passage and other facilities and improvements that are installed or constructed in connection with the Project during Phase I through Phase III, provided, however, that the Parties acknowledge and agree that Permittee will shore/maintain the bridge on the access road leading from Alpine Road only to the extent deemed sufficient for Permittee and its Agents to access the Permit Area. City will have no duty whatsoever for any maintenance of the Permit Area, the bridge on the access road leading from Alpine Road to the Permit Area, any improvements made by Permittee, or any facilities in the Permit Area, but in its sole discretion

may maintain and repair the intake pipe, fish passage and other facilities and improvements that are installed or constructed in connection with the Project, as needed or required by regulatory agencies.

3.11 Revocability

Permittee acknowledges that the installation of any facilities in the Permit Area will not in any way limit City's right to revoke this Permit or limit any of City's other rights under this Permit or at law or in equity.

4. RESTRICTIONS ON USE

Permittee acknowledges that the following uses of the Permit Area by Permittee or any other person claiming by or through Permittee are inconsistent with the limited purpose of this Permit and are strictly prohibited. The uses listed below are not exclusive and this Section does not limit the City's authority to specify additional restrictions on the use of the Permit Area, in City's sole discretion.

4.1 Improvements

Except as otherwise expressly provided in this Permit, Permittee may not construct or place any temporary or permanent structures or improvements on the Permit Area, and Permittee will not alter any existing structures or improvements on the Permit Area.

4.2 Dumping

Permittee may not dump or dispose of refuse or other unsightly materials on, in, under, or about the Permit Area.

4.3 Hazardous Material

Permittee will not cause, and will Permittee not allow any of its Agents or Invitees (as defined in Section 19 below) to cause, any Hazardous Material (as defined below) to be brought on, kept, used, stored, generated, or disposed of in, on, or about the Permit Area, or transported to or from the Permit Area. Permittee will immediately notify City when Permittee learns of or has reason to believe that a release of Hazardous Material has occurred in, on, or about the Permit Area. Permittee will comply with all laws requiring notice of releases or threatened releases to governmental agencies, and will take all action necessary to mitigate the release or minimize the spread of contamination. If Permittee or its Agents or Invitees cause a release of Hazardous Material, Permittee will, without cost to City and in accordance with all laws and regulations, restore the Permit Area to the condition immediately before the release. In connection with the release and restoration of the Permit Area, Permittee will give City a full opportunity to participate in any discussion with governmental agencies regarding any settlement agreement, cleanup or abatement agreement, consent decree, or other compromise proceeding involving Hazardous Material. “**Hazardous Material**” means material that, because of its quantity, concentration, or physical or chemical characteristics, is at any time deemed by any federal, state, or local governmental authority to pose a present or potential hazard to public health, welfare, or the environment. Hazardous Material includes, without limitation, any material or substance defined as a “hazardous substance, pollutant or contaminant” under the

Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. Section 9601 et seq., or under California Health & Safety Code Section 25316; a "hazardous waste" listed under California Health & Safety Code Section 25140; any asbestos and asbestos containing materials whether or not those materials are part of the Permit Area or are naturally occurring substances in the Permit Area, and any petroleum, including, without limitation, crude oil or any fraction thereof, natural gas or natural gas liquids. The term "release" or "threatened release" when used with respect to Hazardous Material includes any actual or imminent spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing in, on, under, or about the Permit Area.

4.4 Nuisances

Permittee will not conduct any activities on or about the Permit Area that constitute waste, nuisance, or unreasonable annoyance (including, without limitation, emission of objectionable odors, noises, or lights) to City, to the owners or occupants of neighboring property or to the public.

4.5 Damage

Permittee will not do anything about the Permit Area that will cause damage to any of City's property.

5. PERMIT FEES

In consideration of the value to City of the shoring/maintenance Permittee will perform to the bridge and improvements to the Permit Area, and in light of the Project's benefit to the environment and the public, Permittee is not required to pay to City a monthly permit fee or a fee to cover City's processing, inspection, and other administrative costs.

Without limiting any of its other rights hereunder, City may at any time, on not less than thirty (30) days' written notice to Permittee, charge a reasonable fee for use of the Permit Area in response to any use by the Permittee of the Permit Area beyond the scope of the use contemplated by this Permit or contrary to the terms of this Permit, and City may increase the fee from time to time.

Permittee acknowledges that its late payment to City of any monthly fee or other sums due from Permittee under this Permit under will cause City to incur costs not contemplated by this Permit, the exact amount of which will be extremely difficult to ascertain. Those costs include, but are not limited to, processing and accounting charges. Accordingly, if any permit fee or any other sum due from Permittee, is not received by City within fifteen (15) days after it is due, then Permittee must pay to City a late charge of One Hundred Fifty Dollars (\$150). The parties agree that the late charge represents a fair and reasonable estimate of the costs City will incur because of Permittee's late payment. City's acceptance of a late charge by City neither constitutes a waiver of Permittee's default regarding the overdue amount, nor prevents City from exercising any of the other rights and remedies.

6. TERM OF PERMIT; REVOCABILITY

The privilege given to Permittee under this Permit is temporary only and will commence on execution of this Permit by the City and will expire no later than 5:00 p.m. on December 31,

2047. But, if Permittee fails to comply with any of the terms or conditions of this Permit and does not cure the non-compliance within ten (10) business days after notice by City (or if Permittee fails to comply with a non-monetary obligation that cannot be cured within ten (10) business days, and Permittee does not commence the cure within ten (10) business days and diligently pursue the cure until it is timely completed), then City may, without limiting any of its other rights and remedies, revoke this Permit. If City revokes this Permit, then Permittee will no longer have access onto the Permit Area or the Log Cabin Ranch parcel, including Alpine Road, and any rights Permittee may have under this Permit are terminated. Further, City may revoke this Permit with at least six (6) months written notice should the Board of Supervisors decide to sell all or a portion of the Permit Area. Further, City may temporarily revoke this Permit if City determines that there is an emergency requiring revocation of the Permit, provided that the City shall provide Permittee with as much prior notice of such termination as is reasonably possible in light of the emergency giving rise to the need to terminate the Permit.

7. INSURANCE

(a) Permittee will procure and keep in effect at all times during the term of this Permit, at Permittee's expense, and cause its contractors and subcontractors to maintain at all times during any work or construction activities on the Permit Area insurance as follows:

(i) General Liability Insurance with limits not less than Two Million Dollars (\$2,000,000) each occurrence Combined Single Limit for Bodily Injury and Property Damage, including coverages for Contractual Liability, Personal Injury, Independent Permittees, Explosion, Collapse and Underground (XCU), Broad Form Property Damage, Sudden and Accidental Pollution, Products Liability and Completed Operations;

(ii) Automobile Liability Insurance with limits not less than One Million Dollars (\$1,000,000) each occurrence Combined Single Limit for Bodily Injury and Property Damage, including coverages for owned, non-owned and hired automobiles, as applicable, and Sudden and Accidental Pollution; and

(iii) Workers' Compensation Insurance with Employer's Liability Coverage with limits of not less than One Million Dollars (\$1,000,000) each accident.

(b) All liability policies must provide for the following: (i) name as additional insureds the City and County of San Francisco, its officers, agents, and employees; and (ii) specify that the policies are primary insurance to any other insurance available to the additional insureds, with respect to any claims arising out of this Permit and that insurance applies separately to each insured against whom claim is made or suit is brought. The policies must also provide for severability of interests and that an act or omission of one of the named insureds that would void or otherwise reduce coverage will not reduce or void the coverage as to any insured, and will afford coverage for all claims based on acts, omissions, injury, or damage that occurred or arose (or the onset of which occurred or arose) in whole or in part during the policy period. Sudden and accidental pollution coverage in the liability policies required by this Permit will be limited to losses resulting from Permittee's activities (and Permittee's Agents and Invitees) under this Permit (excluding non-negligent aggravation of existing conditions with respect to Hazardous Materials).

(c) All insurance policies Permittee is required to maintain must be endorsed to provide for thirty (30) days' prior written notice of cancellation for any reason, non-renewal,

or reduction in coverage to both Permittee and City. Notice to City will be mailed to the address(es) for City set forth in Section 36 below.

(d) Before the commencement date of this Permit, Permittee will deliver to City certificates of insurance and additional insured policy endorsements from insurers in a form satisfactory to City, evidencing the coverages required, together with complete copies of the policies at City's request. If Permittee fails to procure the required insurance, or to deliver the policies or certificates, then City may procure the required insurance for the account of Permittee, and Permittee will pay the cost of those policies will to City within five (5) days after delivery an invoice.

(e) If any of the required insurance is provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in the general annual aggregate limit, then the general aggregate limit must be double the occurrence or claims limits specified above.

(f) If any of the required insurance is provided under a claims made form, then Permittee will maintain that coverage continuously throughout the term of this Permit and, without lapse, for a period of three (3) years beyond the Permit expiration, to the effect that, if any occurrences during the Permit term give rise to claims made after expiration of the Permit, then those claims will be covered by the claims-made policies.

(g) On City's request, Permittee and City will periodically review the limits and types of insurance carried under this Section. If the general commercial practice in the City and County of San Francisco is to carry liability insurance in an amount or coverage materially greater than the amount or coverage then being carried by Permittee for risks comparable to those associated with the Permit Area, then City in its sole discretion may require Permittee to increase the amounts or coverage carried by Permittee to conform to the general commercial practice.

(h) Permittee's compliance with the provisions of this Section will in no way relieve or decrease Permittee's indemnification obligations under this Permit or any of Permittee's other obligations under this Permit. Notwithstanding anything to the contrary in this Permit, this Permit will terminate immediately, without notice to Permittee, on the lapse of any required insurance coverage. Permittee will be responsible, at its expense, for separately insuring Permittee's personal property.

8. SECURITY FOR PERFORMANCE – Not Applicable

9. COMPLIANCE WITH LAWS

Permittee will, at its expense, conduct and cause to be conducted all activities on the Permit Area in a safe and prudent manner and in compliance with all laws, regulations, codes, ordinances, and orders of any governmental or other regulatory entity (including, without limitation, the Americans with Disabilities Act and any other disability access laws), whether presently in effect or subsequently adopted and whether or not in the contemplation of the parties. Permittee will, at its sole expense, procure and maintain in force at all times during its use of the Permit Area any and all business and other licenses or approvals necessary to conduct the activities allowed under this Permit. Permittee understands and agrees that City is entering

into this Permit in its capacity as a property owner with a proprietary interest in the Permit Area and not as a regulatory agency with police powers. Nothing in this Permit will limit in any way Permittee's obligation to obtain any required regulatory approvals from City departments, boards, or commissions or other governmental regulatory authorities or limit in any way City's exercise of its police powers.

10. COVENANT TO MAINTAIN PERMIT AREA

During Phase I, in connection with its use of the Permit Area, Permittee will at all times, at its sole cost, maintain the Permit Area in a good, clean, safe, secure, sanitary, and sightly condition. After Phase I, during the times Permittee accesses or uses the Permit Area, and to the extent impacted by Permittee's access to or use of the Permit Area, Permittee will maintain the Permit Area in a good, clean, safe, secure, sanitary, and sightly condition.

11. REMOVAL OF IMPROVEMENTS

In the event of an emergency City may, at its sole option and without notice, alter, remove, or protect, any and all facilities, improvements, plantings, or other property installed or placed in, on, under, or about the Permit Area by Permittee.

12. SURRENDER

On the expiration of this Permit or within ten (10) days after any other termination of this Permit, Permittee will surrender the Permit Area, and, free from hazards, and clear of all debris, and Permittee will remove all of its property from the Permit Area and any signs or any other personal property permitted under this Permit, and will repair, at no cost to City, any damage to the Permit Area caused by that removal. Permittee's obligations under this Section will survive any termination of this Permit.

13. WAIVER OF CLAIMS; WAIVER OF CONSEQUENTIAL AND INCIDENTAL DAMAGES

(a) Neither City nor any of its Agents, or their employees, will be liable for any damage to the property of Permittee, its Agents or Invitees, or their employees, or for any bodily injury or death to any persons, resulting or arising from the condition of the Permit Area, the roadways and/or bridge(s) leading from Alpine Road to the Permit Area, or their use by Permittee.

(b) Permittee acknowledges that this Permit is revocable by City as set forth herein and in view of that fact, Permittee expressly assumes the risk of making any expenditures in connection with this Permit, even if the expenditures are substantial. Without limiting any indemnification obligations of Permittee or other waivers contained in this Permit and as a material part of the consideration for this Permit, Permittee fully RELEASES, WAIVES, AND DISCHARGES forever any and all claims, demands, rights, and causes of action against, and covenants not to sue, City, its Agents, and all persons acting by, through or under each of them, under any present or future laws, statutes, or regulations, including, but not limited to, any claim for inverse condemnation or the payment of just compensation under the law of eminent domain, or otherwise at equity, if City exercises its right to revoke or terminate this Permit.

(c) Permittee acknowledges that it will not be a displaced person at the time this Permit is terminated or revoked or expires by its own terms, and Permittee fully RELEASES AND DISCHARGES forever any and all claims, demands, rights, and causes of action against, and covenants not to sue, City, its Agents, and all persons acting by, through or under each of them, under any present or future laws, statutes, or regulations, including, without limitation, any and all claims for relocation benefits or assistance from City under federal and state relocation assistance laws.

(d) In connection with the foregoing releases, Permittee acknowledges that it is familiar with Section 1542 of the California Civil Code, which reads:

A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release and that, if known by him or her, would have materially affected his or her settlement with the debtor or released party.

Permittee acknowledges that the releases contained in this Permit include all known and unknown, disclosed and undisclosed, and anticipated and unanticipated claims related to the subject matter of such releases. Permittee acknowledges that it has agreed to this Permit with full knowledge of this waiver and the effect of this waiver, and, being fully aware of the consequences, Permittee intends to waive the benefit of Civil Code Section 1542, or any statute or other similar law now or later in effect. The releases contained in this Permit will survive any termination of this Permit.

14. REPAIR OF DAMAGE

If any portion of the Permit Area or any property of City located on or about the Permit Area is damaged by Permittee, its Agents or Invitees or as a result of any activities conducted by Permittee, its Agents or Invitees, Permittee will immediately, at no cost to City repair any and all the damage and restore the Permit Area or property, including, but not limited to, Alpine Road, Mindego Creek, any bridges, or other improvements at, adjacent to or affected by the Project, to a reasonably acceptable pre-project condition, as approved by City.

15. SIGNS

Permittee will not place, erect, or maintain any sign, advertisement, banner, or similar object on or about the Permit Area, except for any temporary sign that is necessary for Permittee's use so long as Permittee first obtains City's written consent, which City may give or withhold in its sole discretion.

16. UTILITIES

City has no responsibility or liability of any kind for any utilities that may be on, in, or under the Permit Area. Permittee has the sole responsibility to locate all utilities and protect them from damage. Permittee will arrange and pay for any necessary temporary relocation of City and public utility company facilities, subject to the prior written approval by City and any utility companies for any relocation. Permittee will be solely responsible for arranging and paying directly for any utilities or services necessary for its activities; provided, however, that under San Francisco Administrative Code Section 99.3, Permittee will only receive electricity at

the Permit Area from the San Francisco Public Utilities Commission (“SFPUC”) unless SFPUC determines that the service is not feasible.

17. CITY'S RIGHT TO CURE PERMITTEE DEFAULTS

If Permittee fails to perform any of its obligations under this Permit, to restore the Permit Area or repair damage, or if Permittee defaults in the performance of any of its other obligations under this Permit, then City may, at its sole option, remedy the failure for Permittee's account and at Permittee's expense by providing Permittee with three (3) days' prior written or oral notice of City's intention to cure the default (except that no prior notice will be required in an emergency as determined by City). No actions taken by City will be construed as a waiver of any rights or remedies of City under this Permit or otherwise, and nothing in this Permit will imply any duty of City to do any act that Permittee is obligated to perform. Permittee will pay to City on demand, all costs, damages, expenses, or liabilities incurred by City, including, without limitation, reasonable attorneys' fees, in remediating or attempting to remedy the default. Permittee's obligations under this Section will survive the termination of this Permit.

18. NO COSTS TO CITY

Permittee will bear all costs or expenses of any kind or nature in connection with its use of the Permit Area, and will keep the Permit Area free and clear of any liens or claims of lien arising out of or in any way connected with its use of the Permit Area.

19. INDEMNITY

Permittee will indemnify, defend, and hold harmless City, its commissions, departments, boards, officers, agents, employees, contractors or subcontractors (collectively, “**Agents**”), and each of them, from and against all demands, claims, legal or administrative proceedings, losses, costs, penalties, fines, liens, judgments, damages, and liabilities of any kind (collectively, “**Losses**”), arising in any manner out of **(a)** any injury to or death of any person or damage to or destruction of any property occurring in, on, or about the Permit Area, or any part of it, whether the person or property of Permittee, its Agents, its invitees, guests, or business visitors (collectively, “**Invitees**”), or third persons, relating in any manner to any use or activity by Permittee; **(b)** any failure by Permittee to faithfully observe or perform any of the terms, covenants, or conditions of this Permit; **(c)** the use of the Permit Area or any activities conducted by Permittee, its Agents, or Invitees; or **(d)** any release or discharge, or threatened release or discharge, of any Hazardous Material caused or allowed by Permittee, its Agents, or Invitees, on, in, under, or about the Permit Area, any improvements on the Permit Area, or into the environment; except solely to the extent of Losses resulting directly and solely from the willful misconduct of City or City's authorized representatives. The foregoing indemnity includes, without limitation, reasonable attorneys' and consultants' fees, investigation and remediation costs, and all other reasonable costs and expenses incurred by the indemnified parties, including, without limitation, damages for decrease in the value of the Permit Area and claims for damages or decreases in the value of adjoining property. Permittee specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim that actually or potentially falls within this indemnity provision even if the allegation is or may be groundless, fraudulent, or false, which obligation arises at the time the claim is tendered to Permittee by City and continues at all times thereafter. Permittee's obligations under this Section will survive the expiration or other termination of this Permit.

20. "AS IS" CONDITION OF PERMIT AREA; DISABILITY ACCESS; DISCLAIMER OF REPRESENTATIONS

Permittee accepts the Permit Area in its "AS IS" condition, without representation or warranty of any kind by City, its officers, agents, or employees, including, without limitation, the suitability, safety, or duration of availability of the Permit Area or any facilities on the Permit Area for Permittee's use. Without limiting the foregoing, this Permit is made subject to all applicable laws, rules, and ordinances governing the use of the Permit Area, and to any and all covenants, conditions, restrictions, easements, encumbrances, claims of title, and other title matters affecting the Permit Area, whether foreseen or unforeseen, and whether those matters are of record or would be disclosed by an accurate inspection or survey. It is Permittee's sole obligation to conduct an independent investigation of the Permit Area and all matters relating to its use of the Permit Area, including, without limitation, the suitability of the Permit Area for its uses. Permittee, at its own expense, will obtain all permissions or other approvals from any third parties with existing rights as may be necessary for Permittee to make use of the Permit Area in the manner contemplated under this Permit.

Under California Civil Code Section 1938, to the extent applicable to this Permit, Permittee is advised that the Permit Area has not undergone inspection by a Certified Access Specialist ("CASp") to determine whether it meets all applicable construction-related accessibility requirements. A CASp can inspect the Permit Area and determine if it complies with all the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the Permit Area, City may not prohibit Permittee from obtaining a CASp inspection of the Permit Area for the occupancy or potential occupancy of Permittee if requested by Permittee. City and Permittee will mutually agree on the arrangements for the time and manner of the CASp inspection, the payment of the CASp inspection fee, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the Permit Area.

21. NO ASSIGNMENT

This Permit is personal to Permittee and may not be assigned, conveyed, or otherwise transferred by Permittee under any circumstances. Any attempt to assign, convey, or otherwise transfer this Permit will be null and void and cause the immediate termination of this Permit.

22. CESSATION OF USE

Permittee will not terminate its activities on the Permit Area without prior written notice to City.

23. NO JOINT VENTURES OR PARTNERSHIP; NO AUTHORIZATION

This Permit does not create a partnership or joint venture between City and Permittee as to any activity conducted by Permittee on, in or relating to the Permit Area. Permittee is not a State actor with respect to any activity conducted by Permittee on, in, or under the Permit Area. The giving of this Permit by City does not constitute authorization or approval by City of any activity conducted by Permittee on, in, or relating to the Permit Area.

24. MACBRIDE PRINCIPLES - NORTHERN IRELAND

The provisions of San Francisco Administrative Code Section 12F are incorporated into this Permit by this reference and made part of this Permit. By signing this Permit, Permittee confirms that Permittee has read and understood that the City urges companies doing business in Northern Ireland to resolve employment inequities and to abide by the MacBride Principles, and urges San Francisco companies to do business with corporations that abide by the MacBride Principles.

25. NON-DISCRIMINATION

25.1 Covenant Not to Discriminate

In the performance of this Permit, Permittee will not to discriminate against any employee of, any City employee working with Permittee, or applicant for employment with Permittee, or against any person seeking accommodations, advantages, facilities, privileges, services, or membership in all business, social, or other establishments or organizations, on the basis of the fact or perception of a person's race, color, creed, religion, national origin, ancestry, age, height, weight, sex, sexual orientation, gender identity, domestic partner status, marital status, disability or Acquired Immune Deficiency Syndrome or HIV status (AIDS/HIV status), or association with members of those protected classes, or in retaliation for opposition to discrimination against those classes.

25.2 Subcontracts

Permittee will include in all subcontracts relating to the Permit Area a non-discrimination clause applicable to the subcontractor in substantially the form of Subsection 25.1 above.

25.3 Non-Discrimination in Benefits

Permittee does not as of the date of this Permit and will not during the term of this Permit, in any of its operations in San Francisco, on real property owned by City, or where the work is being performed for the City or elsewhere within the United States, discriminate in the provision of bereavement leave, family medical leave, health benefits, membership or membership discounts, moving expenses, pension and retirement benefits, or travel benefits, as well as any benefits other than the benefits specified above, between employees with domestic partners and employees with spouses, and/or between the domestic partners and spouses of the employees, where the domestic partnership has been registered with a governmental entity under state or local law authorizing the registration.

26. TROPICAL HARDWOODS AND VIRGIN REDWOOD BAN

The City and County of San Francisco urges companies not to import, purchase, obtain, or use for any purpose, any tropical hardwood, tropical hardwood wood product, virgin redwood, or virgin redwood wood product, except as expressly permitted by the application of San Francisco Environment Code sections 802(b) and 803(b). Permittee will not, except as permitted by the application of sections 802(b) and 803(b), use or incorporate any tropical hardwood, tropical hardwood wood product, virgin redwood, or virgin redwood wood product in the performance of this Permit.

27. NOTIFICATION OF LIMITATIONS ON CONTRIBUTIONS

For the purposes of this Section, a “**City Contractor**” is a party that contracts with, or seeks to contract with, the City for the sale or leasing of any land or building to or from the City whenever such transaction would require the approval by a City elective officer, the board on which that City elective officer serves, or a board on which an appointee of that individual serves. Through its execution of this Permit, Permittee acknowledges that it is familiar with Section 1.126 of the San Francisco Campaign and Governmental Conduct Code, which prohibits a City Contractor from making any campaign contribution to (1) the City elective officer, (2) a candidate for the office held by such individual, or (3) a committee controlled by such individual or candidate, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for that contract or twelve (12) months after the date that contract is approved. Permittee acknowledges that the foregoing restriction applies only if the contract or a combination or series of contracts approved by the same individual or board in a fiscal year have a total anticipated or actual value of \$100,000 or more. Permittee further acknowledges that (i) the prohibition on contributions applies to Permittee, each member of Permittee’s board of directors, Permittee’s chief executive officer, chief financial officer and chief operating officer, any person with an ownership interest of more than ten percent (10%) in Permittee, any subcontractor listed in the contract, and any committee that is sponsored or controlled by Permittee, and (ii) within thirty (30) days of the submission of a proposal for the contract, the City department seeking to enter into the contract must notify the Ethics Commission of the parties and any subcontractor to the contract. Additionally, Permittee certifies it has informed each of the persons described in the preceding sentence of the prohibitions contained in Section 1.126 by the time it submitted a proposal for the contract to the City, and has provided the names of the persons required to be informed to the City department seeking to enter into that contract within thirty (30) days of submitting its contract proposal to the City department receiving that submittal, and acknowledges the City department receiving that submittal was required to notify the Ethics Commission of those persons.

28. POSSESSORY INTEREST TAXES

Permittee recognizes and understands that this Permit may create a possessory interest subject to property taxation and that Permittee may be subject to the payment of property taxes levied on that interest under applicable law. Permittee agrees to pay taxes of any kind, including possessory interest taxes, if any, that may be lawfully assessed on Permittee’s interest under this Permit or use of the Permit Area and to pay any other taxes, excises, licenses, permit charges, or assessments based on Permittee’s usage of the Permit Area that may be imposed on Permittee by applicable law. Permittee will pay all of charges when they become due and payable and before delinquency.

San Francisco Administrative Code Sections 23.38 and 23.39 require that certain information relating to the creation, renewal, extension, assignment, sublicense, or other transfer of this Permit be provided to the County Assessor within sixty (60) days after the transaction. Accordingly, Permittee must provide a copy of this Permit to the County Assessor not later than sixty (60) days after the commencement date of this Permit, and any failure of Permittee to timely provide a copy of this Permit to the County Assessor will be a default under this Permit. Permittee will also timely provide any information that City may request to ensure compliance with this or any other reporting requirement.

29. RESTRICTION ON THE USE OF PESTICIDES

Chapter 3 of the San Francisco Environment Code (the Integrated Pest Management Program Ordinance or “**IPM Ordinance**”) describes an integrated pest management (“**IPM**”) policy to be implemented by all City departments. Permittee will not use or apply or allow the use or application of any pesticides on the Permit Area or contract with any party to provide pest abatement or control services to the Permit Area without first receiving City’s written approval of an IPM plan that (i) lists, to the extent reasonably possible, the types and estimated quantities of pesticides that Permittee may need to apply to the Permit Area during the term of this Permit, (ii) describes the steps Permittee will take to meet the City’s IPM Policy described in Section 300 of the IPM Ordinance and (iii) identifies, by name, title, address, and telephone number, an individual to act as the Permittee’s primary IPM contact person with the City. Permittee will comply, and will require all of Permittee’s contractors to comply, with the IPM plan approved by the City and will comply with the requirements of sections 300(d), 302, 304, 305(f), 305(g), and 306 of the IPM Ordinance, as if Permittee were a City department. Among other matters, those provisions of the IPM Ordinance: (a) provide for the use of pesticides only as a last resort, (b) prohibit the use or application of pesticides on property owned by the City, except for pesticides granted an exemption under Section 303 of the IPM Ordinance (including pesticides included on the most current Reduced Risk Pesticide List compiled by City’s Department of the Environment), (c) impose certain notice requirements, and (d) require Permittee to keep certain records and to report to City all pesticide use at the Permit Area by Permittee’s staff or contractors.

If Permittee or Permittee’s contractor will apply pesticides to outdoor areas at the Permit Area, Permittee must first obtain a written recommendation from a person holding a valid Agricultural Pest Control Advisor license issued by the California Department of Pesticide Regulation (“**CDPR**”) and any pesticide application must be made only by or under the supervision of a person holding a valid, CDPR-issued Qualified Applicator certificate or Qualified Applicator license. City’s current Reduced Risk Pesticide List and additional details about pest management on City property can be found at the San Francisco Department of the Environment website, <http://sfenvironment.org/ipm>.

30. PROHIBITION OF TOBACCO SALES AND ADVERTISING

Permittee acknowledges and agrees that no sale or advertising of cigarettes or tobacco products is allowed on the Permit Area. This advertising prohibition includes the placement of the name of a company producing cigarettes or tobacco products or the name of any cigarette or tobacco product in any promotion of any event or product.

31. PROHIBITION OF ALCOHOLIC BEVERAGE ADVERTISING

Permittee acknowledges and agrees that no advertising of alcoholic beverages is allowed on the Permit Area. This advertising prohibition includes the placement of the name of a company producing alcoholic beverages or the name of any alcoholic beverage in any promotion of any event or product.

32. DRUG-FREE WORKPLACE

Permittee acknowledges that under the Federal Drug-Free Workplace Act of 1989, the unlawful manufacture, distribution, possession, or use of a controlled substance under federal law is prohibited on City premises. Permittee agrees that any violation of this prohibition by Permittee, its Agents, or Invitees will be a material breach of this Permit.

33. CONFLICTS OF INTEREST

Through its execution of this Permit, Permittee acknowledges that it is familiar with the provisions of Article III, Chapter 2 of City's Campaign and Governmental Conduct Code, and sections 87100 et seq. and sections 1090, et seq., of the Government Code of the State of California, and certifies that it does not know of any facts which would constitute a violation of those provisions, and agrees that if Permittee becomes aware of any such fact during the term of this Permit, Permittee will immediately notify the City.

34. PERMITTEE'S COMPLIANCE WITH CITY BUSINESS AND TAX AND REGULATIONS CODE

Permittee acknowledges that under Section 6.10-2 of the San Francisco Business and Tax Regulations Code, the City Treasurer and Tax Collector may require the withholding of payments to any vendor that is delinquent in the payment of any amounts that the vendor is required to pay the City under the San Francisco Business and Tax Regulations Code. If, under that authority, any payment City is required to make to Permittee under this Permit is withheld, then City will not be in breach or default under this Permit, and the Treasurer and Tax Collector will authorize release of any payments withheld under this paragraph to Permittee, without interest, late fees, penalties, or other charges, upon Permittee coming back into compliance with its San Francisco Business and Tax Regulations Code obligations.

35. NOTICES

Except as otherwise expressly provided in this Permit, any notices given under this Permit will be effective only if in writing and given by delivering the notice in person, by sending it first class mail or certified mail, with a return receipt requested, or overnight courier, return receipt requested, with postage prepaid, addressed as follows:

City: Real Estate Division
 City and County of San Francisco
 25 Van Ness Avenue, Suite 400
 San Francisco, California 94102
Attn: Director of Property
 Re: Log Cabin Ranch Permit

Copy to: Claudia J. Gorham

 415.713.6020 (mobile)

Permittee: San Mateo Resource Conservation District
80 Stone Pine Rd, Suite 100
Half Moon Bay, CA 94019
650-712-7765

Copy to: John D. Nibbelin, Chief Deputy County Counsel
jnibbelin@smcgov.org
650.363.4757 (office)

Notices under this Permit will be deemed given two (2) days after the date when it has been mailed if sent by first class, certified or overnight courier, or on the date personal delivery is made. For convenience of the parties, copies of notices may be sent by email, but no notice sent only by email will be deemed given and will not be binding on the parties.

36. SEVERABILITY

If any provision of this Permit or the application of a provision of this Permit to any person, entity, or circumstance is invalid or unenforceable, the remainder of this Permit, or the application of the provision to persons, entities, or circumstances other than those as to which it is invalid or unenforceable, will not be affected, and each other provision of this Permit will be valid and be enforceable to the fullest extent permitted by law, except to the extent that enforcement of this Permit without the invalidated provision would be unreasonable or inequitable under all the circumstances or would frustrate a fundamental purpose of this Permit.

37. COUNTERPARTS

This Permit may be executed in two or more counterparts, each of which will be deemed an original, but all of which taken together will constitute one and the same instrument. A signature delivered on any counterpart by facsimile or other electronic means shall for all purposes be deemed to be an original signature to this Permit.

38. COOPERATIVE DRAFTING

This Permit has been drafted through a cooperative effort of both parties, and both parties have had an opportunity to have the Permit reviewed and revised by legal counsel. No party will be considered the drafter of this Permit, and no presumption or rule that an ambiguity will be construed against the party drafting the clause will apply to the interpretation or enforcement of this Permit.

39. GENERALLY APPLICABLE PROVISIONS

(a) This Permit may be amended or modified only by a writing signed by City and Permittee. (b) No waiver by any party of any of the provisions of this Permit will be effective unless in writing and signed by an officer or other authorized representative, and only to the extent expressly provided in the written waiver. (c) All approvals and determinations of City requested, required, or permitted under this Permit may be made in the sole and absolute discretion of the Director of Property or other authorized City official. (d) This instrument (including the exhibit(s) attached to this Permit) contains the entire agreement between the parties and all prior written or oral negotiations, discussions, understandings and agreements are

merged into this Permit. (e) The section and other headings of this Permit are for convenience of reference only and will be disregarded in the interpretation of this Permit. (f) Time is of the essence. (g) This Permit will be governed by California law and the City's Charter. (h) If either party commences an action against the other or a dispute arises under this Permit, the prevailing party will be entitled to recover from the other reasonable attorneys' fees and costs. For purposes hereof, reasonable attorneys' fees of each party will be based on the fees regularly charged by private attorneys in San Francisco with comparable experience. (i) If Permittee consists of more than one person then the obligations of each person will be joint and several. (j) Permittee may not record this Permit or any memorandum hereof. (k) Subject to the prohibition against assignments or other transfers by Permittee under this Permit, this Permit will be binding on and inure to the benefit of the parties and their respective heirs, representatives, successors, and assigns. (l) Intentionally omitted. (m) All exhibits attached to this Permit are incorporated by reference.

[SIGNATURES ON FOLLOWING PAGE]

Permittee represents and warrants to City that it has read and understands the contents of this Permit and will comply with and be bound by all of its provisions.

PERMITTEE:

SAN MATEO RESOURCE CONSERVATION
DISTRICT
a California special district

By: Kellyx Nelson
Name: Kellyx Nelson
Its: Executive Director

CITY:

CITY AND COUNTY OF SAN FRANCISCO,
a municipal corporation

By: _____
ANDRICO Q. PENICK
Director of Property
(Approved by Board of Supervisors
Resolution No. _____)

APPROVED AS TO FORM:

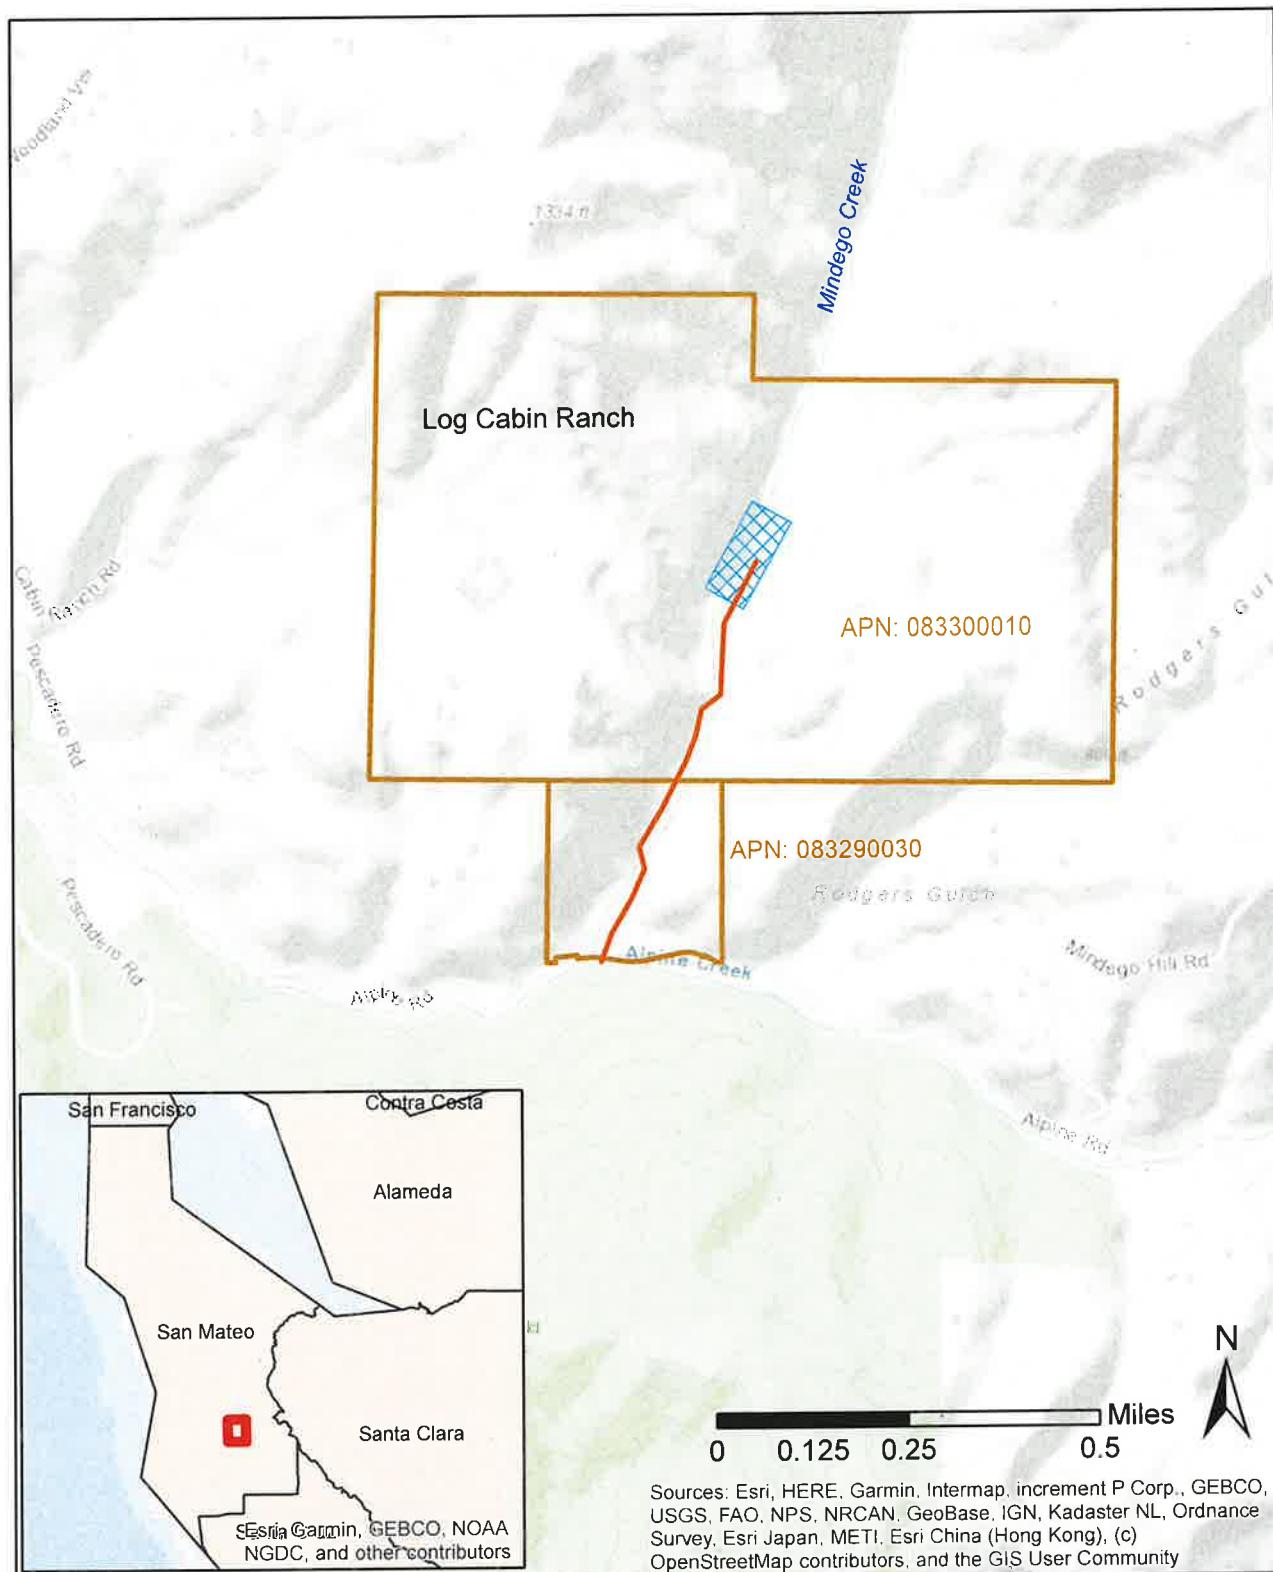

DENNIS J. HERRERA, City Attorney

DocuSigned by:
By: 
Elizabeth A. Dietrich
Deputy City Attorney

EXHIBIT A

Permit Area

Mindego Creek Fish Passage Site Access

- Approximate Alignment of Access Road
- Approximate Project Area
- Access Parcels

EXHIBIT B

SCOPE OF WORK

Mindego Creek Fish Passage **Scope of Work**

The Mindego Creek Fish Passage Project (project) will restore fish passage for federally threatened steelhead trout and federally endangered coho salmon in Mindego Creek. The barrier consists of a 6-foot-high concrete dam, Denil-style fish ladder, and water diversion. The existing fish ladder is prone to clogging, which frequently renders it unpassable to fish.

The objectives of the project are to:

- Restore fish passage by removing instream barriers,
- Improve instream habitat complexity to benefit salmonids and other aquatic and riparian species, and
- Maintain a functional water diversion for the landowner that will not entrap fish.

The project will meet these objectives by removing the dam and fish ladder barriers, reconstructing 310 feet of channel, incorporating elements like large woody debris to enhance creek complexity and create fish refugia, relocating the diversion intake, and installing a fish screen on the intake pipe.

All start and completion dates are estimates and subject to change.

TASK 1: PROJECT MANAGEMENT

The San Mateo Resource Conservation District (RCD) will lead overall project management and administration and develop and manage all contracts and subcontracts, including the bid process. RCD will also lead interagency communications and coordination; convening project team meetings among consultants, partners, and stakeholders; and reporting to funders and regulatory agencies.

TASK 2: PERMITTING

RCD will develop and finalize permits (LSAA, 401/404, Coastal Development), and prepare any other necessary environmental compliance documents. RCD will work with the selected contractor, engineer, landowner, CDFW, NOAA Fisheries, and IWRP to develop the final construction schedule, construction best management practices and other environmental measures, review access needs, and review permit conditions.

TASK 3: MONITORING AND SURVEYS

This task includes monitoring for listed species, supporting the construction team on dewatering activities, performing fish relocation (per CDFW and NOAA standard protocols), conducting contractor training related to species and environmental protection, and general project oversight. Prior to the start of construction, the area will be monitored for presence of listed species and appropriate agencies will be contacted

as necessary if they are discovered. During construction, biological monitoring will take place per permit requirements.

This task also includes all post-project monitoring including physical surveys, photo monitoring, vegetation monitoring, and habitat monitoring. An as-built survey will be conducted by the engineer along with a technical memo. Within the first two years following implementation, a topographic survey of the project reach will be conducted. A habitat survey will be conducted once post-implementation as part of the topographic survey to survey stream characteristics. Vegetation monitoring will be conducted for the first two years after implementation. Photo monitoring will be conducted from for 25 years following construction (yearly via time lapse cameras for the first five years following implementation, then in the spring following occurrence of a 5+ year storm).

TASK 4: CONSTRUCTION

This project will address the creek's fish passage barrier by removing the channel-spanning dam, ladder, and submersible pump and by relocating the diversion intake to an instream pool. The new gravity-fed diversion will have a regulated weir plate and fish screen designed to meet CDFW and NMFS criteria to protect against fish entrapment. Approximately 310 linear feet of channel will be reconstructed, and two rock weir pools will be integrated to provide resting habitat along with two large woody debris installations to enhance habitat complexity and capture sediment.

The design approach includes the demolition of the existing concrete dam and fish ladder. The concrete building and other elements of the water diversion will remain intact to provide the necessary infrastructure to support continued pumping to Log Cabin Ranch. Approximately 310 linear feet of channel will be reconstructed, and the diversion intake moved approximately 95 feet upstream to a constructed pool to allow for the installation of a fish screen and gravity flow diversion pipe to the pump vault. The channel design is intended to mimic the natural stream characteristics for fish passage, sediment transport, and flood and debris conveyance present immediately upstream and downstream of the current passage barrier. Material will be salvaged from the channel where feasible to limit the need for imported material.

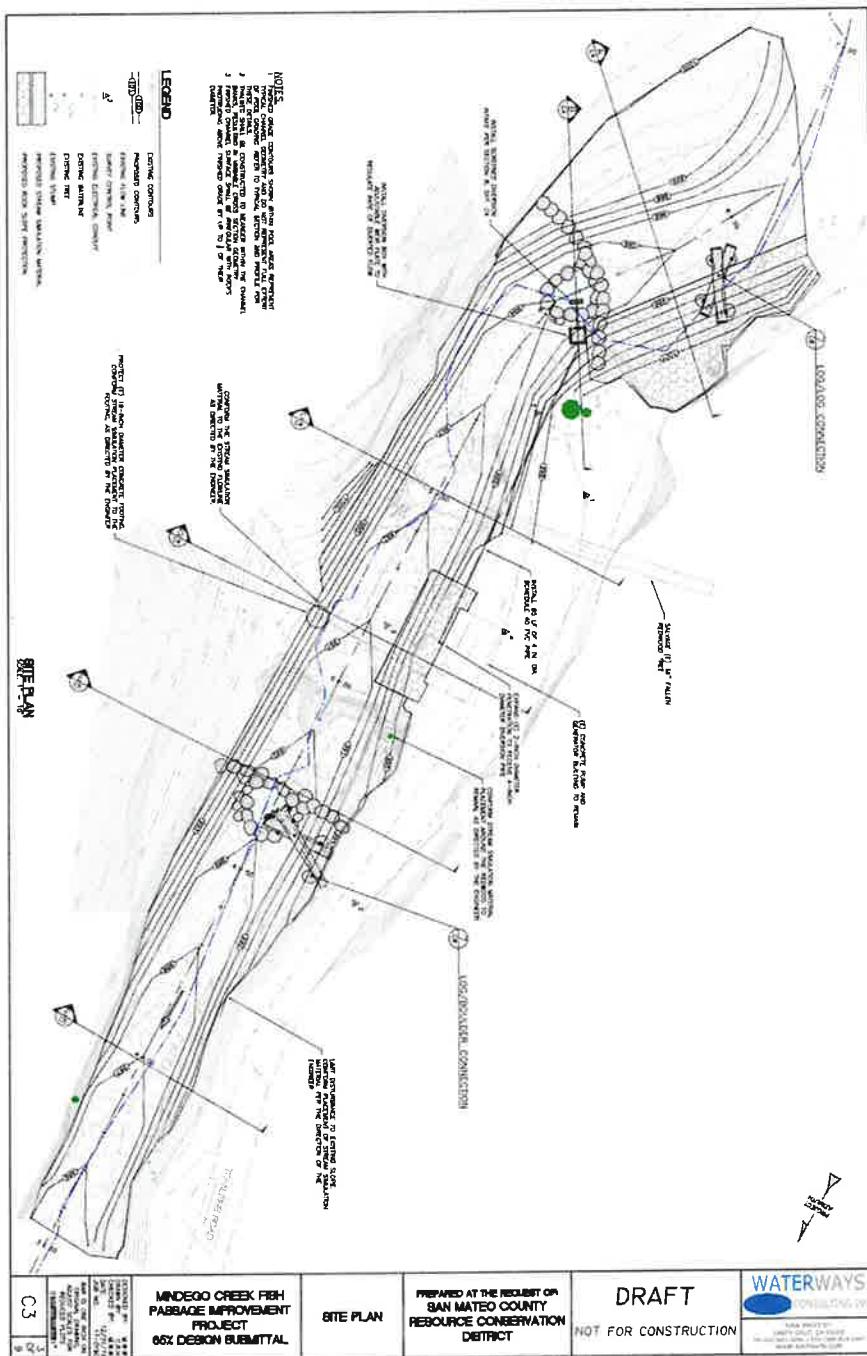

This task will be largely conducted by a TBD construction contractor to be selected through a competitive bid process, with oversight by the RCD. This task includes site preparation and access, staging, dewatering, barrier removal, diversion intake relocation, channel reconstruction, site restoration, and all creek restoration elements, equipment, and materials required to implement the project.

The selected contractor will be required to comply with all environmental protection measures included in final permit conditions during project implementation. Construction will take place during summer and fall when stream flows are at a minimum. A water diversion structure will be required to dewater the project site and facilitate instream construction and to reduce potential impacts to downstream water quality. Prior to placement of the diversion, block nets will be installed, and fish and other aquatic

species will be relocated by a qualified biologist (see Task 3). Water discharge from the construction site, either by gravity or pumping, will be performed in a manner to prevent excessive turbidity into the creek.

Construction (implementation) is estimated to take place summer to fall 2022.

Project description for Planning Department approval.		
SF REAL ESTATE: Log Cabin Ranch-Permit to Enter for San Mateo Resource Conservation District - This application is for the City and County of San Francisco (City) to issue a permit for use of a portion of real property owned by the City outside of the City Boundaries at Log Cabin Ranch, under Juvenile Probation jurisdiction located within San Mateo County. The San Mateo Resource Conservation District (SMRCD) is requesting a Permit to Enter from the San Francisco Real Estate Division (RED) in order to use a portion of the Log Cabin Ranch land in San Mateo County (see attached map), via a dirt access driveway off of Alpine Road for a period of 25 years to implement the Mindego Creek Fish Passage Improvement Project in four Phases as follows: Phase I – As necessary for the Mindego Creek Fish Passage Improvement Project located at and adjacent to the Mindego Creek consisting of: (a) pre-project and permit approval preparation, including site visits, surveys, photography, measurements, etc.; and (b) Restoration and repair of a fish passage barrier, removal of a Denil fish ladder, removal of water diversion infrastructure, and reconstruction of approximately 310 linear feet of channel; Phase II – Commencing at completion of Phase I work, lasting one year, as necessary for monitoring and maintenance, if necessary, of the Project at FULL PROJECT DESCRIPTION ATTACHED		

STEP 1: EXEMPTION TYPE

The project has been determined to be exempt under the California Environmental Quality Act (CEQA).	
<input checked="" type="checkbox"/>	Class 1 - Existing Facilities. Interior and exterior alterations; additions under 10,000 sq. ft.
<input type="checkbox"/>	Class 3 - New Construction. Up to three new single-family residences or six dwelling units in one building; commercial/office structures; utility extensions; change of use under 10,000 sq. ft. if principally permitted or with a CU.
<input type="checkbox"/>	Class 32 - In-Fill Development. New Construction of seven or more units or additions greater than 10,000 sq. ft. and meets the conditions described below: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations. (b) The proposed development occurs within city limits on a project site of no more than 5 acres substantially surrounded by urban uses. (c) The project site has no value as habitat for endangered rare or threatened species. (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality. (e) The site can be adequately served by all required utilities and public services.
<input type="checkbox"/>	Other _____
<input type="checkbox"/>	Common Sense Exemption (CEQA Guidelines section 15061(b)(3)). It can be seen with certainty that there is no possibility of a significant effect on the environment.

STEP 2: ENVIRONMENTAL SCREENING ASSESSMENT

TO BE COMPLETED BY PROJECT PLANNER

<input type="checkbox"/>	<p>Air Quality: Would the project add new sensitive receptors (specifically, schools, day care facilities, hospitals, residential dwellings, and senior-care facilities) within an Air Pollution Exposure Zone? Does the project have the potential to emit substantial pollutant concentrations (e.g. use of diesel construction equipment, backup diesel generators, heavy industry, diesel trucks, etc.)? (refer to the Environmental Information tab on https://sfplanninggis.org/PIM)</p>
<input type="checkbox"/>	<p>Hazardous Materials: <input type="checkbox"/> Maher or <input type="checkbox"/> Cortese</p> <p>Is the project site located within the Maher area or on a site containing potential subsurface soil or groundwater contamination and would it involve ground disturbance of at least 50 cubic yards or a change of use from an industrial use to a residential or institutional use? Is the project site located on a Cortese site or would the project involve work on a site with an existing or former gas station, parking lot, auto repair, dry cleaners, or heavy manufacturing use, or a site with current or former underground storage tanks?</p> <p><i>If Maher box is checked, note below whether the applicant has enrolled in or received a waiver from the San Francisco Department of Public Health (DPH) Maher program, or if Environmental Planning staff has determined that hazardous material effects would be less than significant.</i></p> <p>Note that a categorical exemption shall not be issued for a project located on the Cortese List</p>
<input type="checkbox"/>	<p>Transportation: Does the project involve a child care facility or school with 30 or more students, or a location 1,500 sq. ft. or greater? Does the project have the potential to adversely affect transit, pedestrian and/or bicycle safety (hazards) or the adequacy of nearby transit, pedestrian and/or bicycle facilities? Would the project involve the intensification of or a substantial increase in vehicle trips at the project site or elsewhere in the region due to autonomous vehicle or for-hire vehicle fleet maintenance, operations or</p>
<input type="checkbox"/>	<p>Archeological Resources: Would the project result in soil disturbance/modification greater than two (2) feet below grade in an archeological sensitive area or eight (8) feet in a non-archeological sensitive area? If yes, archeology review is required.</p>
<input type="checkbox"/>	<p>Subdivision/Lot Line Adjustment: Does the project site involve a subdivision or lot line adjustment on a lot with a slope average of 20% or more? (refer to the Environmental Information tab on https://sfplanninggis.org/PIM) If box is checked, Environmental Planning must issue the exemption.</p>
<input type="checkbox"/>	<p>Average Slope of Parcel = or > 25%, or site is in Edgehill Slope Protection Area or Northwest Mt. Sutro Slope Protection Area: Does the project involve any of the following: (1) New building construction, except one-story storage or utility occupancy, (2) horizontal additions, if the footprint area increases more than 50%, or (3) horizontal and vertical additions increase more than 500 square feet of new projected roof area? (refer to the Environmental Information tab on https://sfplanninggis.org/PIM) If box is checked, a geotechnical report is likely required and Environmental Planning must issue the exemption.</p>
<input type="checkbox"/>	<p>Seismic Hazard: <input type="checkbox"/> Landslide or <input type="checkbox"/> Liquefaction Hazard Zone:</p> <p>Does the project involve any of the following: (1) New building construction, except one-story storage or utility occupancy, (2) horizontal additions, if the footprint area increases more than 50%, (3) horizontal and vertical additions increase more than 500 square feet of new projected roof area, or (4) grading performed at a site in the landslide hazard zone? (refer to the Environmental Information tab on https://sfplanninggis.org/PIM) If box is checked, a geotechnical report is required and Environmental Planning must issue the exemption.</p>
<p>Comments and Planner Signature (optional): Joy Navarrete</p>	

STEP 3: PROPERTY STATUS - HISTORIC RESOURCE

TO BE COMPLETED BY PROJECT PLANNER

PROPERTY IS ONE OF THE FOLLOWING: (refer to Property Information Map)	
<input type="checkbox"/>	Category A: Known Historical Resource. GO TO STEP 5.
<input type="checkbox"/>	Category B: Potential Historical Resource (over 45 years of age). GO TO STEP 4.
<input checked="" type="checkbox"/>	Category C: Not a Historical Resource or Not Age Eligible (under 45 years of age). GO TO STEP 6.

STEP 4: PROPOSED WORK CHECKLIST

TO BE COMPLETED BY PROJECT PLANNER

Check all that apply to the project.	
<input type="checkbox"/>	1. Change of use and new construction. Tenant improvements not included.
<input type="checkbox"/>	2. Regular maintenance or repair to correct or repair deterioration, decay, or damage to building.
<input type="checkbox"/>	3. Window replacement that meets the Department's <i>Window Replacement Standards</i> . Does not include storefront window alterations.
<input type="checkbox"/>	4. Garage work. A new opening that meets the <i>Guidelines for Adding Garages and Curb Cuts</i> , and/or replacement of a garage door in an existing opening that meets the Residential Design Guidelines.
<input type="checkbox"/>	5. Deck, terrace construction, or fences not visible from any immediately adjacent public right-of-way.
<input type="checkbox"/>	6. Mechanical equipment installation that is not visible from any immediately adjacent public right-of-way.
<input type="checkbox"/>	7. Dormer installation that meets the requirements for exemption from public notification under <i>Zoning Administrator Bulletin No. 3: Dormer Windows</i> .
<input type="checkbox"/>	8. Addition(s) that are not visible from any immediately adjacent public right-of-way for 150 feet in each direction; does not extend vertically beyond the floor level of the top story of the structure or is only a single story in height; does not have a footprint that is more than 50% larger than that of the original building; and does not cause the removal of architectural significant roofing features.

Note: Project Planner must check box below before proceeding.

- Project is not listed. **GO TO STEP 5.**
- Project **does not conform** to the scopes of work. **GO TO STEP 5.**
- Project involves **four or more** work descriptions. **GO TO STEP 5.**
- Project involves **less than four** work descriptions. **GO TO STEP 6.**

STEP 5: ADVANCED HISTORICAL REVIEW

TO BE COMPLETED BY PRESERVATION PLANNER

Check all that apply to the project.	
<input type="checkbox"/>	<p>1. Reclassification of property status. (Attach HRER Part I)</p> <p><input type="checkbox"/> Reclassify to Category A</p> <p>a. Per HRER</p> <p>b. Other (specify):</p>
<input type="checkbox"/>	<p><input type="checkbox"/> Reclassify to Category C</p> <p>(No further historic review)</p>
<input type="checkbox"/>	<p>2. Project involves a known historical resource (CEQA Category A) as determined by Step 3 and conforms entirely to proposed work checklist in Step 4.</p>
<input type="checkbox"/>	<p>3. Interior alterations to publicly accessible spaces that do not remove, alter, or obscure character defining features.</p>
<input type="checkbox"/>	<p>4. Window replacement of original/historic windows that are not "in-kind" but are consistent with existing historic character.</p>
<input type="checkbox"/>	<p>5. Façade/storefront alterations that do not remove, alter, or obscure character-defining features.</p>

<input type="checkbox"/>	6. Raising the building in a manner that does not remove, alter, or obscure character-defining features.
<input type="checkbox"/>	7. Restoration based upon documented evidence of a building's historic condition, such as historic photographs, plans, physical evidence, or similar buildings.
<input type="checkbox"/>	8. Work consistent with the <i>Secretary of the Interior Standards for the Treatment of Historic Properties</i> (Analysis required):
<input type="checkbox"/>	9. Work compatible with a historic district (Analysis required):
<input type="checkbox"/>	10. Work that would not materially impair a historic resource (Attach HRER Part II).
Note: If ANY box in STEP 5 above is checked, a Preservation Planner MUST sign below.	
<input type="checkbox"/>	Project can proceed with exemption review. The project has been reviewed by the Preservation Planner and can proceed with exemption review. GO TO STEP 6.
Comments (optional): 	
Preservation Planner Signature:	

STEP 6: EXEMPTION DETERMINATION

TO BE COMPLETED BY PROJECT PLANNER

<input checked="" type="checkbox"/>	No further environmental review is required. The project is exempt under CEQA. There are no unusual circumstances that would result in a reasonable possibility of a significant effect.	
	Project Approval Action: Board of Supervisors Resolution	Signature: Joy Navarrete 07/27/2021
	Supporting documents are available for review on the San Francisco Property Information Map, which can be accessed at https://sfplanninggis.org/PIM/ . Individual files can be viewed by clicking on the Planning Applications link, clicking the "More Details" link under the project's environmental record number (ENV) and then clicking on the "Related Documents" link. Once signed or stamped and dated, this document constitutes an exemption pursuant to CEQA Guidelines and Chapter 31 of the Administrative Code. In accordance with Chapter 31 of the San Francisco Administrative Code, an appeal of an exemption determination to the Board of Supervisors can only be filed within 30 days of the project receiving the approval action.	

Full Project Description

SF REAL ESTATE: Log Cabin Ranch-Permit to Enter for San Mateo Resource Conservation District - This application is for the City and County of San Francisco (City) to issue a permit for use of a portion of real property owned by the City outside of the City Boundaries at Log Cabin Ranch, under Juvenile Probation jurisdiction located within San Mateo County.

The San Mateo Resource Conservation District (SMRCD) is requesting a Permit to Enter from the San Francisco Real Estate Division (RED) in order to use a portion of the Log Cabin Ranch land in San Mateo County (see attached map), via a dirt access driveway off of Alpine Road for a period of 25 years to implement the Mindego Creek Fish Passage Improvement Project in four Phases as follows:

Phase I – As necessary for the Mindego Creek Fish Passage Improvement Project located at and adjacent to the Mindego Creek consisting of: (a) pre-project and permit approval preparation, including site visits, surveys, photography, measurements, etc.; and (b) Restoration and repair of a fish passage barrier, removal of a Denil fish ladder, removal of water diversion infrastructure, and reconstruction of approximately 310 linear feet of channel;

Phase II – Commencing at completion of Phase I work, lasting one year, as necessary for monitoring and maintenance, if necessary, of the Project at the Creek;

Phase III – Commencing at completion of Phase II, lasting four years, four visits per year for monitoring and maintenance, if necessary, of the Project at the Creek; and

Phase IV – Commencing at completion of Phase III, lasting 20 years, one visit a year for monitoring and maintenance, if necessary, of the Project at the Creek.

On or about August 2020, the underlying Mindego Creek Fish Passage Improvement Project (Phase I-IV, above) was determined to be categorically exempt from CEQA review as a Small Habitat Restoration and a Notice of Exemption filed with the State.

On behalf of the Juvenile Probation Department, RED proposes to submit a resolution to the Board of Supervisors for approval of the Permit to Enter and the terms and conditions set forth therein. Due to the length of the permit (25 years), RED must obtain Board approval via a resolution.

STEP 7: MODIFICATION OF A CEQA EXEMPT PROJECT

TO BE COMPLETED BY PROJECT PLANNER

In accordance with Chapter 31 of the San Francisco Administrative Code, when a California Environmental Quality Act (CEQA) exempt project changes after the Approval Action and requires a subsequent approval, the Environmental Review Officer (or his or her designee) must determine whether the proposed change constitutes a substantial modification of that project. This checklist shall be used to determine whether the proposed changes to the approved project would constitute a "substantial modification" and, therefore, be subject to additional

MODIFIED PROJECT DESCRIPTION

Modified Project Description:

DETERMINATION IF PROJECT CONSTITUTES SUBSTANTIAL MODIFICATION

Compared to the approved project, would the modified project:

- | | |
|--------------------------|--|
| <input type="checkbox"/> | Result in expansion of the building envelope, as defined in the Planning Code; |
| <input type="checkbox"/> | Result in the change of use that would require public notice under Planning Code Sections 311 or 312; |
| <input type="checkbox"/> | Result in demolition as defined under Planning Code Section 317 or 19005(f)? |
| <input type="checkbox"/> | Is any information being presented that was not known and could not have been known at the time of the original determination, that shows the originally approved project may no longer qualify for the exemption? |

If at least one of the above boxes is checked, further environmental review is required

DETERMINATION OF NO SUBSTANTIAL MODIFICATION

- | | |
|--------------------------|---|
| <input type="checkbox"/> | The proposed modification would not result in any of the above changes. |
|--------------------------|---|

If this box is checked, the proposed modifications are exempt under CEQA, in accordance with prior project approval and no additional environmental review is required. This determination shall be posted on the Planning Department website and office and mailed to the applicant, City approving entities, and anyone requesting written notice. In accordance with Chapter 31, Sec 31.08j of the San Francisco Administrative Code, an appeal of this determination can

Subject: Permit to Enter and Use Property – Log Cabin Ranch –
San Mateo Resource Conservation District

Dear Board Members:

Attached for your consideration is a Resolution approving and authorizing a permit to enter and use a portion of the Log Cabin Ranch in La Honda, San Mateo County, California, for the Mindego Creek Fish Passage Project by the San Mateo Resource Conservation District.

Background

The Mindego Creek Fish Passage Project, located on Mindego Creek south of La Honda, is a restoration project which will improve habitat and restore access to 5 miles of range for federally threatened steelhead trout and federally endangered coho salmon in the San Gregorio Watershed in San Mateo County.

The San Mateo Resource Conservation District (RCD) has already removed the downstream barrier on Alpine Creek at Pescadero Road. Now RCD would like to remove the existing Denil fish ladder and other water diversion infrastructure (prone to clogging and thus rending the creek unpassable to fish) currently in place on the City and County of San Francisco's Log Cabin Ranch property and relocate a diversion intake to an instream pool to protect against fish entrapment and provide resting habitat. The objectives of the underlying project include: restoring fish passage; improve stream habitat and maintain a functional water diversion that will not entrap fish.

The San Mateo Resource Conservation District is requesting, and the Real Estate Division (RED) is recommending and proposing, a Permit to Enter and Use a portion of the Log Cabin Ranch via a dirt access driveway off of Alpine Road for a period of 25 years in four Phases as follows:

Phase I – As necessary for the Mindego Creek Fish Passage Improvement Project located at and adjacent to the Mindego Creek consisting of: (a) pre-project and permit approval preparation, including site visits, surveys, photography, measurements, etc.; and (b) Restoration and repair of a fish passage barrier, removal of a Denil fish ladder, removal of water diversion infrastructure, and reconstruction of approximately 310 linear feet of channel;

Phase II – Commencing at completion of Phase I work, lasting one year, as necessary for monitoring and maintenance, if necessary, of the Project at the Creek;

Phase III – Commencing at completion of Phase II, lasting four years, four visits per year for monitoring and maintenance, if necessary, of the Project at the Creek; and

Phase IV – Commencing at completion of Phase III, lasting 20 years, one visit a year for monitoring and maintenance, if necessary, of the Project at the Creek.

Terms

The proposed Permit is for a 25-year term as set forth above.

The permit area at issue is approximately 14,375 square feet, including 3,060 linear feet, and use of the dirt access road.

The Director of Property has determined that the Restoration Work will provide a public benefit by helping to protect federally threatened steelhead trout and federally endangered coho salmon, and these public benefits and the cost of the Restoration Work exceed the fair market rental value of the Project Area under the Permit (the fair market rental value would be lower than the Administrative Code threshold amount in Chapter 23 requiring an appraisal). Accordingly, RED proposes to not charge a permit fee. RCD will be paying any and all costs, insurance, staffing and supplies necessary for the Project to completion (via grants).

The Real Estate Division recommends approval of the proposed Resolution. If you have any questions regarding the Permit, please contact Claudia J. Gorham of Real Estate at 415.554.9871 or Claudia.gorham@sfgov.org.

Respectfully,

Andrico Q. Penick
Director of Property
