Dear Supervisors,

I am writing on behalf of the SEIU Local 1021 San Francisco Committee on Political Education (COPE). SF COPE has carefully heard and considered the Domestic Workers' Access to Paid Sick Leave Through a Portable System (also known as SF Paid Sick Leave) ordinance that is on today's Budget & Finance Committee agenda and has decided to fully support this legislation. We believe that this is an important way of addressing the systemic inequality that plagues nearly all domestic workers, most of them immigrant women.

We thank you for sponsoring this innovative mechanism and hope it is quickly implemented.

Sincerely,

Chema Hernández Gil  
Political Organizer  
SEIU Local 1021

Honorable Members of the SF Board of Supervisors,  
I am writing in support of the proposed PTO legislation.  
My name is Pamela Tau Lee, I live at 781 16th Ave., D1.

In 2011, both my parents became ill. My dad, John from a fall and my mother was beginning to show signs of severe dementia that eventually turned into full blown Alzheimers.

Over the course of 10 years, (my mother recently passed away 1/25/2021 from COVID), eight wonderful individuals: Felt, Rex, San, Joy, Ed, Rowena, Connie, Le, Doria and Marissa provided professional and loving care to my parents. Initially my parents received care at home but around 2016 I needed to move them to a small assisted living facility in Millbrae.

As a former employer, I support both the initial 2016 and current proposed legislation. I support the original because I knew that most of my parent's caregivers worked more than one job. I could see they were exhausted, but the quality of their care never waived.

At age 73, in the event we need care, my husband and I have made plans to be able to stay at home as long as possible; I am in support of the current proposed legislation. It offers an affordable, reasonable and clear process to provide an environment that respect the hard work of care givers and domestic workers. It is my hope that If San Francisco passes this initiative, it can spread to other countries like Millbrae and across the country.

Thank you  
Pamela Tau Lee
