MANDATE STATEMENT

City Charter Section 9.105 states that amendments to the Annual Appropriations Ordinance, after the Controller certifies the availability of funds, are subject to Board of Supervisors approval by ordinance.

BACKGROUND

San Francisco voters approved Proposition I in November 2020, increasing the real estate transfer tax to 5.5 percent on transactions of \$10 million to \$25 million and to 6 percent on transactions of \$25 million or more, which according to the November 2020 Voter Guide, was estimated to increase real estate transfer tax revenues by \$196 million. The tax is a General Fund revenue.

In August 2020, the Board of Supervisors approved a resolution stating the Board's intention to appropriate revenue generated by Proposition I to the COVID-19 Rent Resolution and Relief Fund and a Social Housing Program Fund (File 20-0708).¹ In October 2020, the Board of Supervisors approved two ordinances, amending the Administrative Code to establish two funds, the COVID-19 Rent Resolution and Relief Fund (File 20-0611) and the Housing Stability Fund (File 20-1183), with the intent to deposit a portion of the revenues generated by the increase in the real estate transfer tax to each fund. According to File 20-0611, 50 percent of the increased real property transfer tax revenues in calendar year (CY) 2021 and CY 2022 would be appropriated to the COVID-19 Rent Resolution and Relief Fund for the Mayor's Office of Housing and Community Development (MOHCD) to award grants until March 2023, and according to File 20-1183, increased real property transfer tax revenues would be appropriated to the Housing Stability Fund. Neither ordinance required the appropriation of increased real estate transfer tax revenues to the COVID-19 Rent Resolution and Relief Fund or the Housing Stability Fund.

According to the Controller's Nine-Month Budget Status Report, the Controller is projecting a \$157.3 million General Fund surplus in FY 2020-21. Although certain General Fund Revenues, such as business tax, sales tax, and hotel tax are projected to be lower than originally budgeted, these are more than offset by higher than budgeted property tax, excess Education Revenue Augmentation Fund (ERAF) receipts, and transfer taxes. According to that report, Proposition I is projected to generate \$46.8 million of General Fund revenues net of baseline transfers in FY 2020-21.

In April 2021, the Board of Supervisors approved an ordinance appropriating \$20,100,000 from property tax revenues to MOHCD, of which \$10,050,000 was appropriated for rent relief under the Rent Resolution and Relief Fund, and \$10,050,000 was appropriated for the acquisition, creation, and operation of affordable, social housing under the Housing Stability Fund (File 20-1364). According to Mr. Benjamin McCloskey, MOHCD Deputy Director of Finance and Administration, none of this appropriation has been spent to date. Net of the supplemental

¹ In File 20-1183, the Housing Stability Fund was originally titled the Social Housing Program Fund.

appropriation already approved by the Board of Supervisors, \$26.7 million of unbudgeted General Fund revenues are attributable to Proposition I in FY 2020-21.

DETAILS OF PROPOSED LEGISLATION

The proposed ordinance would appropriate \$26,700,000 from FY 2020-21 property tax revenues to MOHCD, of which (a) \$13,350,000 would be appropriated for rent relief under the Rent Resolution and Relief Fund; and (b) \$13,350,000 would be appropriated for the acquisition, creation, and operation of affordable, social housing under the Housing Stability Fund in FY 2020-21.

Funds in the Rent Resolution and Relief Fund may be used to provide grants to landlords who agree to waive unpaid rent related to COVID-19. Such grants may cover up to 50 percent of unpaid rent (and up to 65 percent for landlords with 10 or fewer units) up to \$3,000 per unit per month. Landlords must waive all unpaid rent for the period covered by the grant. As stated above, the previous \$10,500,000 appropriation to the Rent Resolution and Relief Fund has not been expended yet. Additionally, the City has received \$91,637,829 in federal funding for rent relief and will likely receive other funding from the March 2021 American Rescue Plan Act that was provided to the State of California but has not yet been allocated to county governments. According to Mr. McCloskey, MOHCD will not expend any local funds towards rent relief until all federal funding is exhausted, which he estimates will be in Summer 2022.

Funds in the Housing Stability Fund would be used for the acquisition, preservation, and development of affordable social housing. Administrative Code Section 10.100-78 defines social housing developments as restricted for households up to 80 percent of the median income in a zip code where the project is located, with the restriction lasting for the useful life of the property or at least 99 years. According to Mr. McCloskey, MOHCD has not determined which projects would be funded by the Housing Stability Fund.

FISCAL IMPACT

The proposed ordinance would appropriate \$26,700,000 from property tax revenues to MOHCD, of which (a) \$13,350,000 would be appropriated for rent relief under the Rent Resolution and Relief Fund; and (b) \$13,350,000 would be appropriated for the acquisition, creation and operation of affordable, social housing under the Housing Stability Fund in FY 2020-21. The specific uses of funds have not been determined.

POLICY CONSIDERATION

San Francisco voters approved Proposition I in November 2020, increasing the real estate transfer tax to 5.5 percent on transactions of \$10 million to \$25 million and to 6 percent on transactions of \$25 million or more. The Controller's FY 2020-21 Nine Month Budget Status Report estimates total real estate transfer tax revenues of \$326.3 million, an increase of \$188.3 million over the FY 2020-21 budget of \$138.0 million. According to the Nine Month Budget Status Report, these

increases are offset by reductions in other revenues, for projected General Fund revenues in FY 2020-21 of \$3.871 billion, which is approximately \$14.6 million less than the FY 2020-21 revised budget of \$3.885 billion.

As noted above, MOHCD has not expended any of the federal or local funds for rent relief. The total funds accumulated to date for rent relief are approximately \$101,687,829, as shown in Table 1 below.

Table 1: MOHCD Rent Relief Funding Available

| Funding Source | Amount |
|---|----------------------|
| December 2020 Federal COVID Relief – Direct to City | \$26,209,983 |
| December 2020 Federal COVID Relief – via State | 28,216,657 |
| March 2021 Federal COVID Relief – Direct to City | 37,211,189 |
| Supplemental Appropriation (File 20-1364) | 10,050,000 |
| Total Funding Available | \$101,687,289 |

Approval of the proposed ordinance would increase the available funding for rent relief to approximately \$115,037,829. MOHCD will likely also receive additional funding from the March 2021 American Rescue Plan Act that has not yet been administered by the State of California. As stated above, MOHCD will not expend any local funds towards rent relief until all federal funding is exhausted, which Mr. McCloskey estimates will be in Summer 2022.

Grants from the COVID-19 Rent Resolution and Relief Fund would cover 50 to 65 percent of unpaid rent but landlords receiving grants must waive all unpaid rent. However, grants funded by federal funding, through the State Program, would cover up to 80 percent of unpaid rent incurred between April 2020 and March 2021. Furthermore, grants funded by the City Program, using direct federal funding, would cover up to 100 percent of rent for six months starting in April 2021.

The existence of the State and City rental assistance programs, which cover up to 80 percent and 100 percent, respectively, of unpaid rent for households making up to 80 percent of Area Median Income (AMI), may disincentivize landlords to accept grants funded by the COVID-19 Rent Resolution and Relief Fund.

RECOMMENDATION

Approval of the proposed ordinance is a policy matter for the Board of Supervisors.
