Ray Hartz submitted the following additional information during General Public Comment, as follows: So, we are talking about the ongoing fraud being perpetrated on the citizens of San Francisco by the Office of the Mayor! From the findings of the FPPC: "Respondent, Luis Herrera, while serving as City Librarian for the San Francisco Public Library, failed to report gifts received from The Friends of the San Francisco Public Library on annual Statements of Economic Interests for calendar years 2009, 2010, and 2011 in violation of government code section 87300." He signed those statements with the following declaration: "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct." So, a City Department head, appointed by the Mayor, perjured himself by lying year, after year, after year! Almost \$15,000 over those three years! And, at that point, it had become a custom for more than a decade! Did he do this knowingly and willfully?
