Hearing of persons interested in or objecting to the decision of the Planning Department, certified on May 19, 2005, approving a Final Mitigated Negative Declaration (Case No. 2003.0536E), for the proposed construction of up to 182 dwelling units on an approximately 7.7 acre undeveloped site located on the north side of Brotherhood Way, west of Chumasero Drive, east of Lake Merced Boulevard. The project would involve subdividing the site into about 121 lots and constructing 60 single-family homes and 61 2-unit dwellings. The 121 buildings would be between 3 and 4 stories tall, with heights up to 40 feet, and would total about 444,273 gross square feet. A mix of independently accessible and tandem parking spaces would be provided, for a total of 364 off-street parking spaces. Twenty-one on-street parking spaces would also be created along a new two-way internal private loop road. Access to the site would be via a new driveway on the unimproved portion of the north side of Brotherhood Way abutting the site. There would be a traffic signal at the new access driveway and Brotherhood Way intersection that would be interconnected with the existing signals at Brotherhood Way/School (Church) Access Road, located about 330 feet to the west, and the Chumasero Drive/Brotherhood Way intersection, about 560 feet to the east. The project site is located in an RM-1 (Mixed Residential, Low Density) District and a 40-X Height and Bulk District. The proposed project would require approval of a Conditional Use Authorization for a Planned Unit Development and exceptions for minimum lot sizes, minimum rear yards depths, and bay window dimension.
