AGENDA CHANGES

There were no agenda changes.

SPECIAL ORDER 2:00 P.M. - Mayor's Appearance Before The Board

220963 [Formal Policy Discussions - September 13, 2022]

Pursuant to Charter, Sections 2.103 and 3.100(7), and Administrative Code, Section 2.11, the Mayor shall discuss the following eligible topics submitted from the Supervisors representing Districts 5 and 8. The Mayor may address the Board initially for up to five minutes. Discussion shall not exceed two minutes per question or answer.

1. Public Transit (District 5)
2. Homelessness and Street Conditions (District 8)

Mayor London N. Breed addressed the Board of Supervisors regarding the City's economic recovery, including the increase of tourism for certain events and the need to continue efforts to draw in tourists and improve the conditions of the City. The Mayor then asked the Board to remain open to ideas and creative solutions that may be proposed to support the City's economic recovery. Mayor Breed then discussed the above referenced topics submitted by the District 5 and 8 Supervisors.

Supervisor Preston (District 5) began the discussion by asking the following question: What is your plan for restoring evening and nighttime Muni service? Mayor Breed responded that efforts need to be made to improve our economic recovery, but they need to be realistic about resources since there are staffing issues and additional operators need to be hired. The Municipal Transportation Agency is working to hire additional staff as soon as possible. Supervisor Preston then followed up with the following question: What is your message to the restaurant or theater worker who gets off at 11:00 p.m., to the janitor who finishes their shift in the early morning hours, and to the bartender leaving work at 2:00 a.m. who cannot use public transit to get home after a long night at work? Mayor Breed responded that the focus must be on whether Muni is reliable and reiterated that additional operators and mechanics are needed to run service on the additional lines. She further indicated that the portrayal of the problem wasn't entirely accurate when assessing the data and realizing many of the busses during these hours are empty. Mayor Breed did not ask any follow-up questions related to this topic.

Supervisor Mandelman (District 8) began the discussion by asking the following question: What can I tell my constituents in the Castro regarding homelessness and street conditions? Do we have a path forward? Can we make this better on a reasonable timeline? If so, how? If not, why not? Mayor Breed responded that she is also frustrated by the situation on the streets and listed the various new housing units, homeless resources and treatment beds that have recently been implemented or are in progress. The collaboration between City departments must be improved so that individuals who refuse services can be identified and referred appropriately. State laws also need to be changed, including those regarding conservatorships. The Mayor indicated she will continue to work with merchants and the Board, but acknowledges more must be done. Supervisor Mandelman then followed up with the following question: Increased coordination between departments is essential, what do you need from this Board of Supervisors to accelerate the stoppage of drug sales and homelessness? Mayor Breed responded the Board must support the Police Department, address criminal behavior, connect them to services, and work with her on the proposed changes to conservatorship programs that are moving through the state. She asked the Board to rally their constituents when solutions are brought before them for consideration. Mayor Breed did not ask any follow-up questions related to this topic.

Following public comment this matter was filed. No further action was taken.
